### A LETTER FROM THE WEERSINGS IN CHINA

TELLS OF CUSTOMS OF THE CHINESE AMONG WHICH THE HOLLAND FOLKS LIVE.

The Weersings Take a Trip Into The Interior of the Yellow Man's Country.

A very interesting letter is received by Mr. and Mrs. John Weersing written by their son who is a missionary in China.

It took three months for the letter to reach its destination here and this makes it all the more welcome to the home folks. The letter explains itself and follows:—

Amoy, China, June 10, 1916  
Dear Father and Mother:—

It is almost two months ago since father wrote and if the answer is to get back in three months, I'll have to write at once. I've been rather busy with a study of the educational situation under our mission, having inquired pretty thoroughly into the whole system, its organization and administration. They should have had a man out here years ago,—as it is we're rather in bad state and it will take us a long time to catch up. In school work we're not trying to do everything, but rather have fewer schools of the highest possible grade.

I had a very pleasant trip with Rev. Eckerson, three days' journey inland: First, I took a steam launch for three hours,—we then had a small flat-bottomed boat an hour, (the water got so shallow) for another hour, and then took a little pony (of which they have a few in that country) for another hour. This brought us well up the river to our Tong An station. Tong An is a good-sized town, walled in, and as dirty and packed together as Chinese cities usually are. The next morning we started out by chair over the mountains. We went twenty-five miles that day, mostly up hill—climbing to an elevation of over 2000 feet. The sun was burning hot. There was little shade, and not much opportunity to rest. We carried water and some provisions, getting our rice at the little, dirty, wayside inns. We had to walk a good part of the way, as our chair bearers were opium-eaters, had little strength, and stopped every little while to consume some more opium.

Finally we dismissed them, took our few belongings out of the chairs, (two burden-bearers had gone ahead with our bedding, etc.) and walked in, arriving at our chapel about 8:30 in the evening. I was tired and sore, and had a splitting headache from the heat. The road, usually about three feet wide was made of cobble stones and larger rocks, sunk in the earth,—very rough going indeed. My feet were blistered and I was pretty miserable. The night before I had had to sleep on a Chinese bed, the net was full of holes, so between the mosquitoes and boards I hadn't slept more than about three hours. All this made the first day out very hard. We cooked up a little meal, got rice from the native preacher living there, slept on a Chinese bed again, and started off the next morning at 5 o'clock. The second day we had only one chair and I used it most of the way. Mr. Eckerson fortunately is a good walker, inured to the hardships of itinerating and so didn't mind. The road that day was shorter, (18 miles) and more shady, there being more trees on these mountains than I had yet seen in China.

We arrived at our next chapel at about four o'clock, and were treated to a nice dish of boiled chicken and pea-flour spaghetti. After another meal at 7, and a prayer-meeting, we went to sleep,—I upstairs in the mud house, and Mr. Eckerson down-stairs. I had taken some flea-powder and used it so freely that my sheets and night-shirt became a golden yellow color—but I slept well. Mr. Eckerson forgot the flea-powder and hardly had a spot on his body the size of a quarter without a few red flea-bites. There was no floor down-stairs, and the black dirty mud was a fine breeding place for fleas. The kitchen was under my "bed-room" and there being wide cracks in the board floor, I got all the benefit of the breakfast cookery about six o'clock in the morning. Chinese fireplaces usually have no chimneys and the smoke finds the most convenient way out,—in this case thru the cracks of the floor into my room.

We had breakfast with the pastor, (Chinese women do not eat with the family) and after morning prayers and a little visit through the town,—always preaching the "Christ road," we walked on to the next station, seven miles farther and really the object of the trip. This was Saturday, and we took advantage of a market being held three miles away, to preach the gospel in a large hall, formerly a pawn shop.

The elders of this village had asked the pastor in the nearest chapel to come and open a Christian school, or any kind of a school,—religion was not their object, but education. Our policy is not to open a school unless at least a small Christian community has already been established. So we just went to preach and obtained a good hearing. One interesting incident of the meeting was a blind man, who had been in our hospital and learned to read Braille characters. He has been a questionable character, had his eyes gouged out by a personal enemy and a partner in crime, I believe, so he wouldn't "peech." He had a hymn-book and claimed he was a Christian (for the sake of the influence Christians

### BASE BALL HOPE OF FUTURE, FACTORY LEAGUE.

MAY MEAN REVIVAL OF HOLLAND'S OLD TIME FAME IF GIVEN SUPPORT

More Than Sixty Young Fellows Play In The League; Games For Saturday.

Holland at one time was one of the best baseball towns in the state. That was when Holland had its famous independent team and the famous games were played in the Sixteenth-street diamond, vividly remembered by the older residents.

Then Holland tried the state league. This was a fizzle and an independent team was thought to be enough to satisfy the fans. This team finally went out of commission when some of the best players Holland ever turned out went to other cities to play.

Now the fans have organized a factory league to promote the famous American sport and this will probably mean a complete revival of Holland's baseball fame.

There are seven teams in the league at present. This will mean that more than sixty young fellows will play baseball, during the season. Some stars will be developed out of these sixty men, surely.

Many of the factories now have some of Holland's old independent men and these players will be seen in action on Saturday when four fast games will be played. Where the games will be played has not been decided as yet by the executive committee, but this will be announced later. The following is the way the teams will line up Saturday: Shoes vs. Furnace; Chemicals vs. Holland; Limberts vs. West Michigan; Pianos vs. Walkovers. All these teams have been practicing daily since the first games of the season, last Saturday and some good close games of big league ball is expected.

If the factory league makes good it will mean a complete revival of Holland's baseball fame. But, it must be remembered that the factory league cannot make good without support and that the chances are ten to one it will make good, much better than it expected, if the fans get behind them and boost.

The second day of play in the Holland Factory league will take place Saturday on the College Campus and on the 19th St. diamond. The Limberts will play the West Michigans at 2 P. M. on the campus. The Furnaces will play the Shoes at the college at 3:30. Carl Shaw will be the umpire at these two games.

At the 19th street ball park the Pianos will meet the Holland Furnitures at 2 P. M. Jack Schouten will umpire. Another collection for the expenses of the day will be taken at each game.

## BICYCLE THIEF ADMITS GUILT TO POLICE

RALPH BODINE MAINTAINS INNOCENCE UNTIL CONFRONTED WITH ANOTHER CHARGE

Stole Wheel of John C. Bos and Dis-mantled It; Owner Recognizes Frame and Chain.

Ralph Bodine held out for several hours against the police when accused of stealing a bicycle owned by John C. Bos, Barber in the White Cross shop, but when Chief of Police Van Ry showed him a set of ivory harness rings he had stolen from a teamster in Douglas, he confessed. Justice Robinson gave him a chance to pay a fine and costs amounting to \$24.45 or go to jail for thirty days. Bodine decided to pay up after being held in the city jail Wednesday morning.

Bodine showed extraordinary cleverness in concealing his theft but he was not clever enough for Chief of Police Van Ry.

There has been an epidemic of bicycle stealing in the city lately and the police have been on the lookout for suspects. The bicycle shops have also co-operated with the police.

Tuesday night a member of the firm of Bishop & Raffenaud notified Chief of Police that the frame of a bicycle had been brought in for repairs, which looked very much like the frame of the wheel owned by Mr. Bos, which was stolen July 8. However, the rest of the wheel looked entirely different than the one Bos owned.

A police officer took Mr. Bos to the Boone Livery, where Bodine was working, Tuesday evening. On seeing the wheel, Bos claimed it as his, saying that he recognized scratches on the chain and wheel. The handle bars, the seat, front wheel and several little parts were entirely different from his wheel.

Bodine said that he had bought the wheel four years ago and he called on a man from Douglas to prove that he moved a wheel when he came to this city July 3. This man said that Bodine had moved a wheel but he could not identify it.

The upshot of it was that Chief of Police Van Ry made out a complaint against Bodine charging him with stealing the wheel.

Bodine was arraigned before Justice Robinson. He pleaded not guilty.

In the meantime Chief Van Ry learned that Bodine was suspected of stealing a set of ivory rings from the harness of a team at the Weed Basket factory in Douglas, where he worked before coming to Holland.

The chief visited the Boone Livery again and found a set of these rings in the team Bodine was driving. Mr. Boone said the rings belonged to Bodine.

When Bodine returned to police headquarters the chief confronted him with the rings. Bodine was taken by surprise but he said he had bought the rings.

"If you keep up that talk it will cost you about two years at Ionia," said Chief Van Ry. "You stole these rings in Saugatuck, and we are going to take you to Allegan to answer to this charge when we are through with you for the bicycle deal."

Bodine then confessed to stealing both the wheel and the rings.

He had the parts of Mr. Bos' wheel which he had taken off and replaced by parts of his old wheel, hidden partly in the bushes in his yard and under the floor of his house, 355 West 15th St.

When arraigned before Justice Robinson a second time Bodine pleaded guilty.

Mr. Bodine has a wife and child, who are now visiting in Allegan.

## CHICAGO HIGH STUDENT PROVEN THIEF

ROBBED BATHERS AT MACATAWA BATH-HOUSE; ELUDES PUR-SUER IN FOOT RACE.

Caught by Officer After Race With Interurban; Is in Jail Waiting for Money.

Raymond Edquist, student in the mechanical class of Calumet High, Chicago, was arrested Friday evening after an exciting chase on foot and in auto and taken to the local jail on a charge of larceny. Saturday he was arraigned before Justice Sooy he was convicted on a petty larceny charge and given the alternative of a fine and costs amounting to \$38.75 or sixty days in the county jail.

Edquist, a tall and thin individual, must have made some reputation as a sprinter at Calumet high, for he ably demonstrated it when pursued by an angry, robbed bather at Macatawa Park. The Calumet young man has been in this vicinity for a week and was ready to return to his home in Chicago, but he was without the necessary wherewithall. Leaving his room at 92 West 10th street he went to Macatawa and invaded the bath house.

George E. Jones, one of the bathers and about the only bather at that time, had left his camera in his locker room. Wishing to take some snapshots he returned to his room for it. As he happened to feel in his pockets to see if everything was alright he miss a \$2 bill and a Travelers' cheque for \$10. As he had seen Edquist hanging around there, being the only person in sight, he knew at once where it had gone.

He started in pursuit of the tall, thin thief but that person saw his danger and did not linger. Jones was left in the dust. The chase lasted till a good deal of the Macatawa woods had been traversed. Jones then saw Officer Hub Harrington at the Interurban Pier and the two took up the scent. Jones saw Edquist board the interurban at the crossing preceding the junction on the Saugatuck line. An auto was pressed into service and with the street car already at Virginia Park, they began the race.

At the Holland city limits the auto was two minutes ahead of the interurban. The car was boarded and the surprised Edquist taken off. He had already congratulated himself on his getaway.

"I don't want those things on," he said to Harrington, pointing to the handcuffs.

"You'll wear these or go to the hospital. I don't want to have a foot race with you," was the reply.

In Justice Sooy's office he told his story. His father is a well known mechanic on the Northwestern Railroad and who had given him money for the vacation in this city. Because of inability to be here for a trial, Jones preferred a charge of petty larceny instead of a charge that might give him five or ten years in jail. The sentence of \$38.75 or sixty days was then imposed, as his guilt was certain after the finding of the missing money on his person.

Edquist at once sent a long distance call to his father and is awaiting the result of his plea. If it does not appear by Monday Edquist will be taken to Grand Haven.

# RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employees on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Eastern Railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest, and average of all) as shown by the payrolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers..	\$1641	\$1585	\$1585	\$1303	\$1303	\$1543
	3224	2992	2992	2178	2178	
Conductors..	1553	1831	1552	1145	1145	1315
	3004	2901	1642	1991	1991	
Firemen..	951	1128	933	752	752	935
	1704	1762	1109	1633	1633	
Brakemen..	957	1141	862	834	834	1085
	1707	1521	973	1635	1635	

The average yearly wage payments to all Eastern train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers..	\$1796	\$1546	\$1384
Conductors..	1724	1404	1238
Firemen..	1033	903	844
Brakemen..	1018	858	990

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

## DECK HAND FROM CHICAGO BOAT DROWNED

DAN MCINTYRE, 55, FELL FROM ROWBOAT NEAR GRAHAM & MORTON DOCK.

Small Boy Towed Him Nearly to Shore Before He Sank; Victim Worked On Steamer "Puritan."

Dan McIntyre, thought to be about 55 years of age, deckhand on the steamer "Puritan," was drowned Tuesday morning when he fell out of a rowboat at the Graham & Morton dock, foot of Eighth street. McIntyre offered the 12-year-old son of Mr. and Mrs. C. M. Hansen, North Side, fifty cents if he would row him across Black Lake. Young Hansen consented and McIntyre stepped into the boat, shoving off from the dock at the same time.

As the boat slid out into the middle of the slip between the Graham & Morton dock and the Harrington dock, McIntyre lost his balance and fell into the water.

When he came up he grabbed the boat and tried to climb into it. The boat rocked terribly which frightened him, who feared the boat would be upset. The boy commenced to call for help but he did not "lose his head." He rowed for shore as hard as he was able, drawing McIntyre behind.

When the boy had drawn McIntyre within a rod of shallow water, the man let go the stern of the row boat and after floundering around a few seconds he sank.

The shouts of the boy had attracted a few men, who were working around the dock. Alfred Anderson of Benton Harbor, a carpenter working at the boat dock, dove three times in search of the body but could not locate it.

Will Bender, from the George Bender Boat Livery arrived on the scene and with a pike pole he hauled the body to the surface about ten minutes after the man had sank.

The police department was notified and officer Peter Bontekoe with the lungmotor, was rushed to the scene of the accident by Martin Brown. They commenced attempt at resuscitation. Later Chief of Police Van Ry arrived to aid in the work. Dr. D. G. Cook was summoned but after close to an hour of work on the body, efforts to revive the drowned man were given up. No signs of returning life were shown.

The body was taken to the Dykstra Undertaking Parlor and an effort will be made to locate relatives. McIntyre has been working on the Graham & Morton boats coming to Holland, every summer for years. It is thought that his home is in Chicago but whether he has relatives there is not known.

## DIEKEMA CAMPAIGN MAN EXUDES CHEER

HUTTE OF GRAND HAVEN CIRCULATING PETITIONS IN MUSKOGON; IS CONFIDENT

Muskegon Chronicle—Fred Hutte, ex-postmaster at Grand Haven, who is now campaigning the state for Gerit J. Diekema of Holland, candidate for the republican gubernatorial nomination, was in Muskegon Saturday afternoon to look after the circulation of Diekema petitions and exuded some cheer while here.

"Diekema has 'em all guessing," Mr. Hutte said. "He's going to be elected sure. He hasn't the wad that Leland and Sleeper have and can't put the money in circulation that those boys are spreading around, but he's making the Osborn type of campaign and going after the voters direct. He's with the Western Michigan editors on their trip north this week, and he's making friends wherever he goes. He'll carry the western part of the state and the northern peninsula big, and get enough votes in this section to offset any lead that Leland or Sleeper may get on the other side of the state."

Numerous Diekema petitions are being circulated here this week. The petitions must be on file with the secretary of state by 4 o'clock next Saturday afternoon to count.

## THREE ARE OVERCOME BY HEAT HERE AND PARK

CHARLES KOENIGSBERG FALLS IN PAINT LEAVING PICTURE SHOW.

Fred Bassler of Lansing, Victim of Hot Sun While Strolling At Park. Monday Afternoon

Charles Koenigsberg, aged about 50 years, was overcome by the heat while coming from the Royal Theater about 2 o'clock this afternoon. Mr. Koenigsberg had just emerged from the theater when he fell unconscious. People who noticed him, attempted to revive him without success. Dr. R. H. Nichols was summoned. He administered aid and then had Mr. Koenigsberg removed on a stretcher to Centennial Park, where he soon recovered. He was then taken to his home, 182 East 16th street.

Mr. Koenigsberg was nightman at the Nibbelink livery until last Friday night, when he resigned that position. His friends say that he has not been feeling well during the hot weather.

With the mercury hovering around the 100-mark Fred Bassler aged about 35 years, of Lansing, was overcome by the heat while strolling near Jenison Park. Dr. R. H. Nichols of Holland was called and later Mr. Bassler was removed to the Edgewater hospital, where he is still confined. Tuesday a. m. he was completely recovered from his attack and he will soon be able to leave the hospital.

Mr. Bassler came to Holland to work. Monday afternoon he went to the Park to look around. While strolling near Jenison Park he felt faint and entering the drug store there he said he felt as if the heat was unbearable.

He was taken out in the air and first aid attention was given him by Peter T. McCarthy.

A few minutes after he reached the drug store he fell over unconscious. He was taken in the garden or the Pines hotel, where a cot was secured.

John J. Rutgers, supervisor, of the Park township was notified. He immediately had a doctor summoned and when it was learned that Mr. Bassler was in a serious condition he made arrangements for having the heat victim taken to the hospital.

Henry Boven, the sign painter topped over of the heat Tuesday morning while at work on Eighth street. Henry Kraker took the man home with his auto.

## HOB0 CASHES \$3 CHECK; GETS THIRTY DOLLARS

DECIMAL IN FIGURES LOOKED LIKE CIPHER; MISTAKE SOON FOUND

Police Give Chase in Auto; Money Recovered; Man on Way to Hospital.

Louis Shaeffer, formerly of Chicago, but now of anywhere, certainly thought himself a lucky man Thursday afternoon when he unexpectedly had thirty dollars placed in his hands after having thought himself fortunate in securing three dollars. But his luck was short-lived; it was all a mistake.

Shaeffer is a "traveling man", one without a vocation other than traveling. He tells the story of having a well-to-do uncle in Chicago who sends him money on request. Shaeffer had become well known to the local police before today because of his habit of sleeping in alleys and because he is badly dressed. This afternoon the acquaintance was strengthened and then broken forever, it is hoped.

The "well-to-do" uncle in Chicago was notified by Shaeffer that he was in need of funds. A check was soon telegraphed for three dollars. In writing out the check the word "three" was written plainly, but the figures "3.00" were so inscribed that the decimal appeared to be another cipher, making it \$30. As the decimal was blurred, it is thought that Shaeffer attempted to make it a cipher. When presented at the Holland City State Bank to be cashed during a busy hour of the day, a hasty glance was given it, and the figures read "\$30.00". Shortly after the man had left, the mistake was noticed and pursuit was started. Officer Steketee, in company with one of the bank officials, gave chase in an auto to the depot and the jungles, finally finding the man at the small booth on the Michigan Railway near Waverly, waiting for the Grand Rapids car.

The \$27 were easily recovered, Shaeffer fluently explaining that he, too, had only looked at the figures and was ignorant of the mistake. Finally convinced that he had tried to make a get-away with the coin, the officer, however under orders from the chief, let him go because of his physical condition. He told the police that he was on his way to the hospital at Ann Arbor, and as that was the best thing that could happen to him, he was allowed to leave with a warning against his return riving in his ears.

Cornelius Vander Meulen of Chicago, is calling on friends in the city.

## FATHER OF MRS. D. BOTER DROPS DEAD AT OFFICE

JACOB BUTTERWORTH VICTIM OF HEART DISEASE MONDAY; FUNERAL THURSDAY

Jacob Butterworth, 65 years old, 614 Grandville avenue, S. W., Grand Rapids, father of Mrs. Dick Boter of this city, foreman for the Citizens Telephone Co. in that city, dropped dead at the company's plant, late Monday afternoon, while in conversation with Superintendent of Construction, Alfred Stacey. Coroner Le Roy decided that heart disease was the immediate cause of death, and no inquest will be held.

Mr. and Mrs. Dick Boter were summoned and they left immediately for Grand Rapids.

Mr. Butterworth had been working near Battle Creek, and was called to Grand Rapids as a witness in the police court's examination of Perry Scott, a former Citizens employee, charged with the theft of copper wire.

After leaving the police court Monday afternoon, Mr. Butterworth went to the offices of the Citizens Telephone Co. and was in conversation with Mr. Stacey. There was a slight pause and Mr. Stacey looked up just in time to see Mr. Butterworth pitch forward from his chair to the floor. Medical assistance was summoned, but the man was pronounced dead. The body was sent to the Joldersma undertaking parlors.

Mr. Butterworth had been employed by the Citizens company for 15 years and was held in high esteem by his employers and by the men in his charge. He is survived by a widow and ten children, seven of whom are living in Grand Rapids. A daughter resides in Detroit, another in Chicago, and a third in Holland.

Funeral services will be held at the residence this afternoon at two o'clock Tuesday afternoon.

## NOXIOUS WEEDS THRIVE ON MAIN STREETS

CONSULTATION COMMITTEE OF  
WOMAN'S CLUB CALLS AT-  
TENTION TO VACANT LOTS

State Law Against Allowing Growth of  
Noxious Weeds; City Council Should  
Take Action.

Although there is a state law which makes it a crime for owners of land or persons or corporations having charge of land to allow noxious weeds to thrive, thereon, the people of Holland do not seem to be paying much attention to the law.

The Conservation committee of the Woman's Literary club, always interested in the welfare of Holland and in beautifying the streets has called attention to the weed question.

There are many weeds growing unmolested in the highways and in vacant lots throughout the city. The state law makes it the duty of owners to have the weeds cut, twice a year, once before the first of July and again before the first of September. This is just before the weeds go to seed and if cut at the time it will prevent their spread and multiplication.

There are many vacant lots literally covered with noxious weeds right along Eighth street and River Avenue, giving the city an appearance of a deserted country road. If tall weeds grown along side of a building it reminds one of an old house, stripped of its usefulness, going to waste.

Some action should be taken by the city officials to see to it that the weeds are cut, very soon. To merely dump the matter onto the police department, telling them to enforce the law would not be enough. The council should take some definite stand on the question and then let the police carry out their instructions as has been done in many other cities.

In most cities the city has the weeds cut, when the owners of property fail to do so and the cost is then assessed on the tax roll. Some such plan should be followed here.

The law covering this matter, published in Public Acts, 1909, is as follows: "It shall be the duty of every owner, possessor or occupier of land or of every person or persons, firm or corporation having charge of any lands in this state to cut or cause to be cut down and destroyed all Canada thistles, milkweed (asclepias cornutus), wild carrots, oyeve daisies, or other noxious weeds growing thereon, or on any highway passing by or through such land, at least twice in each year, once before the first day of July and again before the first day of September, and as much oftener as may be necessary to prevent them from going to seed, and if any owner, possessor or occupier of land, or any person or persons, firm or corporation having charge of any lands in this state shall, knowingly, suffer and allow any Canadian thistles, milkweed, wild carrots, or other noxious weeds to grow thereon, or on any highway passing by or through such land, or shall suffer the seed to ripen, so as to cause or endanger the spread thereof, he or they, shall on conviction in any court of competent jurisdiction be liable to a fine of ten dollars, together with the cost of prosecution, for every such offense and he or they shall pay the cost of cutting and destroying such weeds and an additional ten per centum as hereinafter provided."

## KNOOIHUIZEN CASE IS BIGGEST IN COURT

WILL TAKE ALL OF TWO WEEKS  
AND POSSIBLY LONGER TO  
TRY IT.

Two Court Stenographers are Taking  
the Testimony By  
Turns.

Two days have already been consumed on the Knooihuizen-Holland Furniture Co. case and the outlook now is that the case will cover at least three weeks' time.

The Doctor was on the stand all day Monday and Tuesday and received a severe cross examination by Attorney Wilkes, legal advisor for the Furniture Company of Holland.

In the absence of G. J. Diekema, who is campaigning, Attorney Colon P. Campbell has been substituted to assist George E. Kollen, who is the attorney for the doctor.

The matters brought up thus far are practically a reiteration of what has appeared in the Sentinel and the State papers when the case was first filed and the bill of complaint was made a public document.

In the beginning of the case Monday afternoon, two court stenographers were kept busy taking testimony and copying alternately. There will be many witnesses called during the trial.

The complaint of the Holland Furniture Co. is a lengthy one and includes a detailed statement of the many charges made against Dr. Knooihuizen.

## HEAT RECORDS FOR YEARS SHATTERED

Heat records for the past three years were shattered yesterday. The official temperature at the Water Station was 99½ in the shade. Eighth street sweltered under a temperature of 101 in the shade.

It was the hottest day that has been experienced in Holland in three years. More than that the weather prediction gives no encouragement for relief. Each day since the warm spell struck this city three weeks ago, the mercury has mounted a little higher. Thunder showers were promised for yesterday afternoon, but that even rain will bring cooler weather is not believed.

In spite of the terrific heat no protestations were reported yesterday. Several concerns had to relieve workmen, working in the sun yesterday on account of the intense heat. It is almost impossible to paint.

The bricklayers engaged in erecting the new Aniline Dye Works building were relieved from work at 2 o'clock yesterday afternoon. The temperature in the sun where they were working, had mounted to 112. It was unbearable.

Carnival During Week.

The annual gala week at Jenison park and Macatawa bay under auspices of the Michigan Railway company will take place this year from July 29 to August 5 and will include the three-day beach party, yacht races, band concerts and the usual big feature, Venetian night. Yacht races will be run Saturday on the bay and the week of sports and feature events will open Monday.

The Berio diving girls now appearing at Ramona, Reed's Lake, Grand Rapids, will give free exhibitions every afternoon and evening and bands will give concerts all during the week. Venetian night at Jenison Park will be August 4 and the spectacles of previous years, it is expected, will be outdone in the elaborate preparations that are being made for this occasion. Band concerts and a display of fireworks on the water at 8:30 that evening will be only two of a number of interesting events. A regatta will conclude the week, Aug. 5 when many of the fastest craft from Lake Michigan points will enter a series of races planned for that day. Something out of the ordinary in decorations will be seen at the park during the week, it is said.

August 3, 4, and 5 have been set aside for the three-day beach party and water carnival at Jenison park when there will be Hawaiian surf riding, corn roasts, water sports and contests with prizes and a number of other features. J. J. Van Putten, Jr., of this city, is

chairman of the committee of the Macatawa Yacht club and he will have supervision over the water carnival. Others on the water carnival committee are Norman Buck, and Phil Crogan of Ottawa Beach, O. S. Fields of the Grand Rapids Y. M. C. A. and Harold Holt of Holland.

The water events will be along the same line as those held last year and they will be open to all. Entry for the events may be made by mail or in person to any of the committee before Thursday, August 3.

Some of the special features of the water carnival will be fancy diving exhibitions daily by professional vaudeville troops, Hawaiian surf riding races daily, canoe tilting daily and the water baseball game Saturday.

The events for each day will commence at 3 o'clock in the afternoon, promptly.

The first day of the carnival, Thursday, August 3, the water events will be open to resorters only and a lively contest for the resort championship in the various events is expected.

The events for Thursday will be as follows: fancy Diving for boys 16 and under, for ladies, free for all; Underwater swim, for boys 16 and under, for ladies, free for all; 110 yard swim, for boys, for ladies, free for all; Marathon, free for all, from the Chicago Boat dock to Ottawa Beach and return; Swimming instructor contest, including fancy diving, breast stroke, crawl stroke, back stroke, trudgeon and life saving.

The second day of the carnival, Friday, August 4th will be to decide the Ottawa county championships. Anyone living within the county can enter in these contests.

The events for this day will be as follows: Fancy diving, for boys 16 and under, for ladies, free for all; Underwater swim, same; 100 yard swim, same; 100 yard breast stroke, same; 50 yard back stroke, same.

Saturday, August 5, will be state

championship day and some of the best swimmers and divers in the state have assured the committee they will be here. The same kind of events as scheduled for Friday will be staged.

Besides the various events for Saturday will be three big features. There will be a life saving exhibition by the boy scouts, coast guard boat drill in the channel and a swimming instructors' exhibition.

Prizes will be given the winners in all events.

THIS WAS WHAT HAPPENED TO C.  
BOWLES IN STOCKHOLDERS'  
MEETING AT GANGES

The annual meeting of the stockholders of the Western Allegan Co. Telephone Co. was held at the office of the Secretary in Ganges on Monday night. All the old directors were re-elected with the exception of Charles Bowles, who refused the office the earnestly urged to remain a member of the Board and Secretary of the company. Fred Wade was finally chosen in his place. So much regret was expressed over Mr. Bowles' decision to retire from his office that he finally changed his mind and in order to make a place for him on the Board, at the first meeting of the directors Mr. Wade resigned and Mr. Bowles was elected to fill vacancy. Many plans for improving the service was considered but no definite steps were taken on account of the present high price of material.

DR. BRUSKE BID FARE-  
WELL TO LOCAL FLOCKVETERAN MINISTER, EDUCATOR  
AND SOLDIER, GIVES UP  
CHARGE HERE.

With Mrs. Bruske Will Spend Fall and Winter in California; No Successor Appointed.

The Hope Reformed church was crowded Sunday morning when the Rev. A. F. Bruske, pastor of that congregation for the past four years, preached his farewell sermon. In his sermon, Dr. Bruske modestly reviewed some of the incidents which happened during his time of service here and he thanked the congregation for their kindness and many favors to him.

Dr. Bruske is one of Holland's most prominent pastors. He has taken a strong interest in the welfare of the city and he has taken a prominent part in the social, civic and industrial welfare of the people. During their stay in Holland, Dr. and Mrs. Bruske have made a host of friends, who regret their departure from this city.

Dr. Bruske has made no definite plans for the future, except that he and Mrs. Bruske will spend the fall and winter months in California. They expect to leave for the west in about two weeks.

Dr. Bruske's ordination into the ministry occurred forty-six years ago and he has had an unusually busy life. He served the first Presbyterian church at Saginaw for thirteen years and was pastor of the Congregational church at Charlotte for twelve years.

Besides his service as minister, Dr. Bruske is well known as an educator. He served as President of Alma College for twenty-one years.

Dr. Bruske is also a member of the Grand Army of the Republic and a soldier of note. When the Civil War broke out he enlisted in the 24th Michigan Infantry and served through the hardest part of the struggle. It is a matter of history that this regiment of which Dr. Bruske was a member, saw some of the hardest fighting and campaigning of the war.

Despite his age of 69 years Dr. Bruske hopes to continue his work in the pulpit if his health permits. He is not considering taking another call as pastor but will continue active service as much as possible.

Dr. Bruske was born in Germany and came to America when a boy of nine years. He has been called upon many times for 4th of July and Memorial Day public addresses and his talks have always voiced true patriotism to the land of his adoption.

The Hope church congregation has as yet, made no move to secure a successor to Dr. Bruske.

POLICE BELIEVE REPORT-  
ED HOLDUP A FAKETWO MEN CLAIM TO HAVE BEEN  
ROBBED OF \$60; DO NOT SHOW  
UP AGAIN

Man With Knife Wound Claims to Have Been Held Up; Does Not Make Complaint to Police

Men giving their names as J. A. and George Betts of Harriet, Mich., reported to Officer Steketee at 3:30 o'clock Tuesday morning that they had been held up at the point of a gun and robbed of \$60 and a suit case containing some clothing, near the Pere Marquette depot about ten o'clock Monday night.

These men said they would come into police headquarters Tuesday a. m. and give more particulars of the hold-up but as they did not show up the police discredited their story.

They told the officer Monday night that they arrived in Holland on the 9:40 train. A short time later they were standing in the rear of the depot drinking when three men came up to them. Two of the men, they say, carried revolvers and both Betts boys were covered. After they had been relieved of their valuables the men left.

A man whose name was not learned entered the Hotel Cafe about 11:30 Monday evening and asked for a place to wash. He had a knife cut in his forearm about three inches long. He said that he had been held up in Centennial Park by four men and that when he broke away from them and ran, one of the men cut him with a knife.

This man did not notify the police of his encounter with highwaymen. He said that he wanted to go to Chicago Tuesday and he was afraid that if he told the police, they would hold him here as a witness.

Both these stories are accepted at half their value by the police as the men telling them did not seem very sincere in their statements. It is thought that the man with a cut may have been in a fight, receiving his wound in that way.

No other places being entered were reported to the police.

CHICAGO MAN REPORTED  
KILLED IN ACCIDENTJ. B. CORNISH, CHICAGO, RESI-  
DENT OF MACATAWA RECEIV-  
ES WORD TO THAT EFFECT

J. B. Cornish of Chicago, who is making his home at Macatawa Park during the summer, received a telegram dated St. Joseph, Monday a. m., telling him that Mr. Likenstein of Chicago, who had been his guest at Macatawa Park, was killed in an automobile accident.

Mr. Likenstein was a member of a party of four consisting of Mr. Newberger, Mr. Mayer and Mrs. Rosenberg, all of Chicago, who visited Mr. Cornish at Macatawa during the week-end. They were making the return trip when the accident occurred.

Details of the accident are not known. It is said that Mr. Likenstein was thrown from the car and killed and it is thought the other are uninjured. The body was taken on to his home in Chicago.

In an effort to get full particulars the Sentinel called St. Joseph and Benton Harbor news centers by phone but they had heard nothing of the accident.

FIREMEN RUSH TO SOUTH  
LIMITS; NO FIREFALSE ALARM GIVES LADDIES  
AND HORSES HARD RUN TO  
32ND STREET MONDAY  
MORNING.

Is this someone's sense of humor or is it the action of the meanest man. About 11:30 Monday morning a telephone call came to the fire department saying there was a fire on the corner of 32nd street and Michigan avenue. The alarm was turned in, fire ladders left their work in various parts of the city and bicycled through the hot sun, fire horses responded and ran at break-neck speed way up the hill in the extreme southern part of the city.

There was no fire there. The residents of that district who have telephones said that they had not telephoned an alarm, nor had any one else used their phone.

Such a thing is a great disappointment to a fireman. There has been so many of these false calls that now the firemen cannot be expected to spring so readily to a call as they have been noted for doing.

Fire Chief Blom in discussing the case said, "If the people who turn in these alarms, have no respect for the firemen they should at least have some feeling for the poor dumb brutes who must pull the heavy fire apparatus thru bad roads in the hot sun."

FACTORY LEAGUE GAM-  
ES DRAW CROWDSMUCH ENTHUSIASM IS SHOWN;  
MAYOR, LAGE AND VAN TON-  
GREEN OPEN GAME

Results Saturday Very Satisfactory; Shoes And Pianos Play Close Game; Furnace Team Shows Good Form.

That the factory league is here to stay was shown by the large turn-out of fans and the enthusiasm shown in the games played Saturday afternoon. The result of the games were Piano 6, Shoes 5; Furnace 7, West Mich. 3; Limbert's 17, Holland 9.

A very large crowd witnessed the games at 19th street and there was a fair sized crowd watching the games at the College campus.

The first game was called at the 19th Street ball grounds at 2 o'clock sharp, following the opening ceremonies.

Preceding the first game played at 19th Street grounds and the first game at the College campus a short talk was given by George Lage, president of the league and Mayor Vandersluijs, vice-president. Mayor Vandersluijs pleaded for the good honest sportsmanship and clean baseball. Mr. Lage also talked along these lines.

After the talk Mayor Vandersluijs walked into the box to pitch the first ball. George Lage stepped behind the plate to catch and H. Van Tongeren, secretary and treasurer of the league picked up a bat, swung it jauntily and stepped up to the plate. Mayor Vandersluijs, wound up and threw the ball like a veteran. Van Tongeren struck out like the best of batters do sometimes, and Mr. Lage caught it. Then the big game was on.

The game between the Holland Shoe Company and the Bush and Lane Piano company teams was probably the most hard fought and most interesting played Saturday. Both teams were in good form and they played good ball.

In the second inning the Shoe bunch went up in the air and let in five runs after that they held the Piano's to one run and they got in 5 themselves. The lineup for the Piano was Popp, ss.; Scheerhorn, 2b; Elton, c.; Wallender, 3b; Beekman, 1b; Overweg, p.

The Shoe lineup was as follows: Annis 2b; Schroeder, c.; Koning, 3b; Van Dyke, rf.; Van Huis, 1b; McCarthy, ss.; Bocks, lf.; Burch, cf.; Brightall, p.; Wilcoet, cf.

Summary:—Two base hit, Beekman; hits—Popp 2, Elton 2, Scheerhorn, Beekman, Hansen, Overweg, Annis, Burch, Brightall, Wilcoet; struck out—Brightall 5, Overweg 8; Umpire—J. F. Schouten; Scorer—Sprang; Bases on balls—Off Brightall 1, Overweg 4. Errors—Piano 7, Shoe 5.

The game between the Holland Furnace and the West Michigan Furniture followed the Shoe-Piano game. The Furnace bunch outclassed the furniture men principally because of better practice and organization.

The Furnace lineup was: Binns, c.; Jappenga, 3b; Timmer, lf.; Nykamp, cf.; Rank, p.; Zwerling, ss.; Lokker, 2b; Landwehr, 1b; Burdick, rf.; Meyer and Fik, Subs. The West Michigan lineup was: Scheerhorn, Barkema, VanderHill, Roelofs, G. Prins, A. Prins, I. Veldheer, H. Prins and Vees.

Summary: Hits—Furnace 7, West Mich. 7; Runs—Furnace 7, West Mich. 3; Struck out—Prins, 5, Rank 10; hit by pitched ball—G. Prins; Bases on balls—Off Prins 2, off Rank 1. Umpire—Schouten; Scorer, Sprang.

The principal game on the College Campus was between the Holland Furniture company and Chas. P. Limbert's company. The score was 17 to 9 in favor of the latter. The large score was due largely to the fact that at the game of Saturday it was the first time the Holland team had ever played ball together. They had never practiced and so lacked teamwork.

This is pretty generally true of all the teams. With some good stiff practice they will be showing big league ball here.

The Piano second team played the Walkovers' following this game.

## PLACES GASOLINE ON FIRE

Allegan County Lad Ruins Kitchen But  
Escapes Himself.

Allen Wilcox, a thirteen-year-old Allegan county boy narrowly escaped serious burns when he attempted to place a gasoline tank on the stove without extinguishing the flame on one of the jets. The lad filled the tank with gasoline and not being tall enough to place the tank in position, spilled some of the fluid. The gasoline caught fire, the tank exploded and the interior of the kitchen was ruined.

FORD MACHINE SMASHES  
TELEPHONE POLETWO YOUNG COUPLE THOT TO  
BE FROM GRAND RAPIDS,  
HAVE NARROW ESCAPE

Young Ladies Hurt Badly; Men Escaped Unscathed; Refuse to Give Their Names.

Two young couple, thought to be from Grand Rapids, had a narrow escape from serious injury when the Ford automobile they were riding in, went into the ditch near Vriesland, a few miles west of Zeeland Saturday evening. The machine jumped into a three foot ditch and then struck a telephone pole so hard that the pole was broken off about six feet from the ground.

The young ladies were quite badly injured. They were removed to a nearby farm house, where their wounds were dressed. They suffered severe body bruises and several small cuts from the windshield glass. The young men escaped the accident and almost unscathed.

Although the automobile struck the pole hard enough to break it the occupants were not thrown out of the car and by this they undoubtedly saved some broken bones.

The principal injuries were due to the jar. The automobile was completely wrecked.

The couple would not tell their names. One of the young men removed the number from the car soon after the accident so that they could not be traced.

It is thought the couple took the interurban to Grand Rapids after they had been doctored up. It is said that they did not even confide their names to the physician who looked after them.

The automobile has been removed, presumably by some Grand Rapids agency as none of the Zeeland garage men were given the job of caring for the wreck.

CRANK OF CAR KICKS  
BREAKING HIS WRISTDR. T. A. BOOT, CRANKING CAR,  
SUFFERS ACCIDENT; SETS  
BONE HIMSELF.

While trying to crank his auto Friday afternoon, Dr. T. A. Boost suffered a broken wrist when the thing "kicked". He at once set the bone himself before getting into the machine. Dr. Mersen was then called upon to place the splints on the injured member.

Trouble in getting the machine started Friday forced Dr. Boot to call a garage man. After the two had worked on the car for a while, Dr. Boot was told to crank it. Too much compression caused the accident.

Dr. Boot will be able to look after all his office practice and make some calls in spite of his injury.

The Rev. Henry Meeter, graduate of the Amsterdam University, Netherlands who was extended a call by the Maple Avenue Christian Reformed church in this city has also been extended a call by the congregation of the new Zeeland avenue Christian Reformed church of Grand Rapids. It is understood that he has also received a call from the church at Kelloggville.

SUPREME COURT  
UPHOLDS JUDGE  
CROSS' RULINGSCASE OF THE HOLLAND CITY  
STATE BANK VS. MEEUWSEN  
AND OTHERS, SETTLED

Word was received Saturday morning by Attorney A. Van Duren, representing the Holland City State Bank, that the Supreme Court has affirmed the case of the Holland City State Bank against John Meeuwsen and others.

This case, in regards to a note, was decided a year ago last March, the verdict being directed by Judge Cross in the Ottawa county circuit court.

The defendants then petitioned for a new trial, which was denied by Judge Cross in November.

The defendants then appealed to the Supreme court from the direct verdict and also from the denial of their motion for a new trial.

The Supreme court has affirmed both the holdings of Judge Cross.

The defendants in this case were represented by Att. Chas. E. Misner and the law firm of Soule and Soule of Grand Haven. Att. Van Duren was assisted by Att. G. E. Kollen.

ZEELAND INDEPENDENTS  
DEFEAT FENNVILLEWYNGARDEN PLAYS STELLAR  
GAME FOR ZEELAND; DALOF,  
CHICAGO THROWS FOR  
FENNVILLE.

The fast Fennville aggregation met defeat Saturday at the hands of the Zeeland Independents in the third game of a five game series for the Ottawa and Allegan county championship. The game, which resulted in a score of 6-3, was hard fought. Dalof, the spittball artists, one of Chicago's best semi-pro pitchers did the hurling for Fennville.

He was opposed by Wyngarden who was found for but four scattered hits. Wyngarden not only featured by his pitching but also featured at bat, making three hits out of as many trips to the plate. Batema, also had a good day at the bat, making two hits. Reynolds featured at bat for Fennville. Fennville scored three runs in the third inning.

By scoring one run in the third and two in the fourth inning the score was tied. The double play from Nedveld to Batema to Alderink was pulled off by the Zeeland team. The score remained even until the eighth inning when three runs were scored by Zeeland. The Fennville team could not make their desired rally in the first of the ninth and the game was lost.

The score:—  
Fennville.....0 0 3 0 0 0 0 0—3 4 4  
Zeeland.....0 0 1 2 0 0 3 x—6 9 5

PICKPOCKETS AT  
JENISON GET  
OFFICER'S ROLLHARRINGTON OF THIS CITY  
ROUNDS UP SUSPICIOUS CHAR-  
ACTERS WHO PAY LOSS

Deputy Wyman of Kent County, Loses \$30 and Recovers It; Warns Other "Dips."

Richard Wyman, a deputy Sheriff of Kent county was relieved of \$30 during the picnic at Jenison Park Thursday. The matter was reported to Special Officer H. E. Harrington, who soon rounded up a couple of suspicious characters. They gave their names as Harry Conley of Omaha, Neb., and John Wilson of Detroit. While there was no evidence of these men being the "dips" who got the money, it was evident that they belonged to the gang that was operating at the picnic.

Officer Harrington walked thru seven of the special cars before, with the meager description he had, he that he could spot the two pickpockets. They were in separate cars, as if strangers. As they could produce no ticket for Grand Rapids when questioned, Harrington with Wyman, indulged in a short conversation with them. A taxi was hired to take them to Holland. On the way they tried to beg off by paying the amount of the loss, altho they had nothing to do with it, and succeeded, the taxi bill being thrown in. They left the city on the next train.

Officer Harrington is determined to put a stop to pickpockets working the usual summer picnics if possible and he says the first time he can get positive proof of their being "dips," that their operations for the next year at least will be within the confines of Jackson prison.

Thieves entered the butcher shop of White Brothers on River Avenue and stole \$1.50 and also the market of H. Dornbos, 444 First Ave., where they took 30c. Screens were cut out of the open windows left so on account of the intense heat of the past few weeks. The police have a clew which they are following up and the thieves may be captured by night.

SAUGATUCK RICH IN OIL  
AS WELL AS PIKETHE OIL DRILLERS MUST NOW GO  
ABOUT TWO HUNDRED FEET  
DEEPER.

Mr. De Genthier, who has been drilling for oil near Saugatuck, expects to strike oil in about 200 feet more. His well is now some 1400 feet deep and the rock the company is drilling through shows signs of oil. Some difficulty has been experienced the last few days as the hole has become flat. This will cause some delay. Mr. De Genthier has just returned from a trip through the East and is very optimistic that the oil will be discovered in sufficient quantities to make it pay. Who knows, Saugatuck may become rich in oil as well as in pike.

Remember Frank L. Chamberlain is a candidate for the office of Register of Deeds, when you go to the polls August 29, and vote for him.

## OAK LAWN PARK TO BE SOLD AT AUCTION

### BEAUTIFUL NORTH SIDE PROPERTY TO GO UNDER THE HAMMER NEXT WEEK

Oak Lawn Park lots will be sold at auction Wednesday and Thursday of next week. F. B. Bannister, who will conduct the sale, has opened an office at 14 West 8th St., in the building recently vacated by J. Karreman, the jeweler.

Oak Lawn park is situated on the north shore of the bay a short distance down from Holland. It was at one time owned by Mr. Bignall and it has been known for years as the Bignall dock. This property was purchased by Isaac Kow & Co. about three years ago and it was planned to good sized lots. It has since been known as Oak Lawn Park.

This is one of the beauty spots on Black Lake and it is known to be one of the best fishing grounds.

## RECORD GOES TO PIECES WHEN MERCURY HITS 95

Record for Hottest Day Since July 30, 1913, Established Monday Afternoon When Government Register Reached 92 Degrees

Grand Haven Tribune—The old record for hot weather went to pieces at 2 o'clock Monday afternoon when the mercury in the government thermometer went climbing upward until it had landed at the 92 degree mark. The previous high mark was 90 degrees reached last week. Monday's reading not only established the high water mark for the present summer thus far, but it claims the record as the highest since July 30, 1913. On that date the highest temperature in the history of the Grand Haven office of the U. S. Weather bureau was reached, 94 1/2 degrees.

Monday's temperature cannot be regarded as the second highest as several times previous to the record date, the mercury had climbed to 93 degrees. Monday's record is clearly the second high since 1913, however.

The readings at 7 o'clock Monday morning indicated a temperature of 76 degrees. Immediately afterwards under the glare of the sun, and without the breeze of the lake to temper it, the air heated rapidly. The mercury climbed steadily until at shortly after two it had a reading of 92 degrees. The coming of a gentle breeze from old Lake Michigan cooled the temperature down a very little during the latter part of the afternoon.

The predictions are for a slightly cooler condition, but there is nothing in sight but heat and continued dry weather.

## WURZBURG EMPLOYEES PICNIC AT JENISON PARK

### FINE OUTING PROGRAM ENJOYED BY 275 GRAND RAPIDS PEOPLE MONDAY

Two hundred and seventy-five of the 400 employees of the Wurzburg company enjoyed the annual outing at Jenison Park Monday afternoon. Five of the big steel cars of the Michigan Railway company were necessary to transport the crowd to the park and back again. The cars left the station in Grand Rapids at 1:30 arriving at the park at 2 o'clock.

The program of athletic events, games and sports received the first attention. The program had been arranged by a special committee consisting of W. C. Bauer, G. B. Bluteau, J. E. Murphy and W. M. Graham. All the picnickers entered into the contests which provided much amusement and entertainment for the afternoon.

Immediately after the program the "Wurzburgers" were served a picnic supper at the grounds and later the dance hall, boating and swimming claimed the attention of the crowd. Some of the employees took their fishing tackle and spent part of the afternoon in Isak Walton fashion.

At 9:30 o'clock the cars were ready for the homeward trip and it was a tired but happy crowd of Wurzburg employees who arrived at the station at Grand Rapids at 10 o'clock. They were unanimous in their vote of thanks to their employers for the best outing they have ever enjoyed.

# AUTO TRUCK GIVES VERY PROMPT SERVICE TO PATRONS

# MAILS DELIVERED TO HOLLAND INSTITUTIONS BY AUTO

That the new parcel post auto delivery is one of the most popular machines in town has been recently learned. Especially do the factories on the outskirts of the city look with favor upon its shiny body and graceful, twin-wire cage. Also driver Gerrit Bax has made a fine name for himself.

It's this way. Before the advent of the Overland delivery, the factories on the northern, northeastern and southeastern parts of the city received their first morning mail at about 9 o'clock—time for the second one. That was inconvenient and it hurt. Now by 7:30 in the morning these offices have their first mail. Time is saved and the managers smile. The regular mail-carrier has a lighter load. Still others are too far out to be reached in a reasonable time by the delivery car and their mail is called for by their representative, as some of the now-favored ones were accustomed to doing.

This machine was purchased thru the local Westrate & Brower garage by Mailman Bax. He was allowed a sum by the government for this purpose and he was to furnish the vehicle. This schedule of delivery to the faraway factories will be followed by Bax thru the winter as well as the open season.

The summer residents of Waukazoo have taken advantage of the fact that several musical artists and one professional dancer of note are making their summer homes there, to assist the National Red Cross society in their patriotic and humane work. A splendid program has been arranged for Saturday afternoon, July 29 at 2:30 o'clock in the dance hall of Waukazoo Inn.

# DROWNED MAN LEAVES SOME MONEY AND BIBLE

Dan McIntyre, the steamer "Puritan" deckhand, who was drowned when he fell out of a rowboat at the Graham & Morton dock Tuesday noon, leaves behind him about enough money to bury him and a bible.

When McIntyre was seen around the streets Tuesday morning he flashed a roll of bill several times. When his body was pulled out of the water there was no money on his person and it was thought that he had spent it all.

A few hours after the accident occurred, four small boys brought \$17 in bills to Chief of Police Van Ry, which they had found floating on the water in the slip where McIntyre was drowned.

McIntyre also has \$7.00 or \$8.00 pay coming from his work on the "Puritan." This, it is thought, will be enough to pay for his burial.

Fellow workmen on the "Puritan" knew very little about the drowned man. They said he had a brother in Chicago but no one seemed to know where the brother could be located.

In an old coat pocket, in McIntyre's room on the boat, a small bible was found. This had the address, Daniel McIntyre, 1144 Elm Dale, London, Ontario, written in it.

Chief of Police Van Ry has written to London in an effort to locate relatives. The burial will be delayed until authorities of that city are heard from.

# BOY INJURED IN FALL DOWN ELEVATOR SHAFT

# FRANK BARKEMA, 17, WAS QUITE SERIOUSLY HURT; NOW AT HOSPITAL.

Frank Barkema, son of Mr. and Mrs. John Barkema, 331 Columbia avenue, was very seriously injured, when he fell two stories, a distance of 20 feet down the elevator shaft at the De Pree Chemical company plant shortly after four o'clock Thursday afternoon. A broken arm, bruised and lame legs, an injured spine was the result.

The accident happened very peculiarly. Barkema according to his own statement, took the elevator to the second floor to get a box of goods. He left the elevator standing and went for the goods he was to take down. With his back to the elevator he towed the heavy box to the elevator. He stepped where he had left the lift and went plunging downward. It appears that someone had taken the elevator up to the next floor while Barkema was away and he had stepped into the open shaft.

Barkema landed on his feet on the cement floor and then fell over onto his right side, breaking the right arm just above the wrist. His legs were not broken but they are very sore from the sudden shock.

As soon as the accident happened, several physicians were called for by the company officials. Doctors R. H. Nichols, T. A. Boot and A. Leenhouts arrived very quickly. Dr. Leenhouts set the broken arm. Dr. Nichols is caring for Barkema at the hospital. The chemical company is doing all in its power to make it easy for the lad and their physician is in constant attendance. The lad is now much improved.

The car driven by George Mooi of this city was Thursday evening dithed between Jenison Park and Macatawa. The glare of an approaching headlight—the old, old story—threw the machine too far over. After jacking the car up and having another pull, the outfit was set on the solid road again. No one was injured.

Mrs. George Lage and children left this morning for Big Rapids where they will visit friends and relatives for a few days.

Mrs. J. W. Bloemendal and son Willard of West 32nd street left on this morning's boat for Chicago to visit friends for a few weeks.

# A LETTER FROM THE WEERSINGS IN CHINA

(Continued from Page One)

have, altho at that time engaged in selling opium, as bad as a saloon keeper at home. We took measures that won't leave either him or his acquaintances in doubt as to what we think of him.

The market, tho small, was also very

interesting. This is a great tea country and we saw bags and bags of it. (By the way, it is claimed that the English word "tea" comes from the Dutch "thee" which is the exact sound of the Amoy word. The Dutch were about the first Europeans here.) There also was lots of gambling and when we came to sell tracts and speak to the crowds of gamblers and lookers-on, the proprietors would offer us a little money, fearing we might be from the magistrate's headquarters, at least being anxious to have our favor.

That evening we returned to the outstation and stayed there over Sunday. Mr. Eckerson had some important business. For one thing he had to prevent a ("Christian" family, already members of the church, from selling or trading off their little baby girl for another infant, (who would later become the wife of one of their little boys, live in the family, act as the "man of all work," be the "goat" in general, and in heathen families be the concubine of all the male members of the family). He had communion and baptism, consistory meeting and "school board" meeting, and at least three services to attend as well as one or two to preach at. In between times people came in with their troubles and fights and complaints and presents, which they persisted in forcing upon us. A little encouragement and a little association with a man of so much greater spirituality than even a Chinese pastor has, means so much to them, and not to have these is such danger, that it seems almost criminal to leave them sometimes for months without such association as cannot be avoided on account of small staff of foreigners.

The next morning we returned on foot to the next station seven miles in, with the idea we would hire chairs there. But an opium raid by the local officials in progress, no chairman remained to see what would happen. For most chair bearers are opium fiends, and the lowest trash, the scum of society. We walked on, hoping to get a chair along the way. We walked from village to village, but not a chair could be found, so we walked in to the first station, 25 miles in a roasting sun. The soles and heels of my shoes were gone before we got in, and it took me two weeks to get over the blisters, but we made it. Mr. Eckerson is in the habit of making trips like that and is hard-end to it, but to start in a strenuously as this almost did me up. The next day I had a chair all the way, altho there was a liberal sprinkling of up-grades along most of the way.

The next day we spent in Tong An, visiting the schools, addressing two chapel meetings, and attending a Chinese feast, with a teachers' conference afterwards, lasting till after twelve o'clock. The feast was a wonderful affair. On the trip I had gradually become a little used to Chinese fare, and to the idea of eating the meat and sauce, etc., or the rice out of a center dish out of which the whole crowd ate, but the feast was an eye-opener! The sounds of eating, the slippery "gooey" things we ate! The wielding of the slippery round chop sticks. Imagine

the flavor of a dish, after 15 pairs of chopsticks, first carefully licked clean, have fished around in it awhile. The bird's nests soup, the fishes, crabs, lobsters, and slugs! I can't describe a tenth of the stuff we ate and didn't eat of the eighteen courses. Some was really good, and some "rotten." The Chinese do seem to have the most curious tastes. If it hadn't been for the week's initiation up-country, I am afraid I shouldn't have gotten thru it.

The next day I returned to Amoy, glad to see Bata and Jessie after a little, ten days itimerating trip but with a much clearer idea of Chinese life. Chinese hospitality, and friendship, and kindness, and above all their welcome to their messengers of the Gospel. Again and again, I've listened to the telling of the, to us, perfectly familiar and old stories of Christ's work, of Bible characters and incidents, to people who never heard them before, and simply stand in open-mouthed amazement. "What is that you say? He could see? The blind man could see? He spit on his eyes and then he could see? Well, well! How long is this ago? Where was it? What is his name? And you have come to tell us? You want money then? No! Peace! No, we have no peace. We always have trouble and work and sadness. Saved from sin? I don't know what you say. Wait till my man comes home. We women can't understand." And so on and so on. Altho through the conversation they put in "Sit down, come in and sit down. Now won't you sit down? Come in and have some tea. But do sit down now. Yes, I hear what you say but won't you sit down,"—and so till you leave.

In one place a heaten teacher, old style, of course, who knows no learning but the reading of the old classics, has a school. He has become an inquirer and actually has morning prayer service with his boys,—about twenty odd. The rest of the day they sit and memorize characters. Our mission used to have a school there but had to give it up for lack of the \$ or \$10 a month it would cost to hire a teacher. As soon as we begin a school there will be seventy or eighty boys ready to come, but so far we haven't been able to properly take care of the schools already opened. This gives just a little picture of how things are. It does seem after one gets out here that the church at home could help a little more in situations such as this, doesn't it?

It's time to go to bed now. Tomorrow is Sunday and I've agreed to go with some of our school boys who have started a Sunday school a few miles away on a neighboring island. We are to leave at 7 in the morning and won't get back till about 4, traveling most of the way by boat. The boys want me to go along because our school is under suspicion of encouraging the revolution. As if any group of live fellows in China wouldn't. To have a foreigner along makes the soldiers keep hands off a little better. Arrests are usually following by shootings here,—no trials, hence the precautions.

We are all well, happy and busy. Love to all,  
Fred, Bata and Jessie
