HOLLAND STORES WILL ALL BE CLOSED THURSDAY NOON

MERCHANTS ARE TO HAVE A
"BANG-UP" PICNIC ON
AUGUST 12

No Business Done in Holland Next
Week Thursday After-
noon

"All work and no play makes Jack a dull boy" and there are many Jacks among the group of merchants and professional men in the city of Holland and as it takes a wideawake man to do business these days, the merchants are going to do some playing next week Thursday beginning at noon.

At 12 o'clock sharp the key will be turned in the door of every merchant's place of business in the city, and they and their employees will spend the afternoon in recreation at the Cardiau picnic grounds, which is an ideal location right on Lake Michigan, and is becoming a very popular resort. It is expected that the merchants will eat their lunch at home of course and will congregate at Centennial Park near the postoffice at 1 o'clock sharp. All those who have automobiles or trucks are requested to be there promptly at that time, in order to give those who do not have a conveyance a lift to the picnic grounds.

All the participants are requested to take cups with them, enough to go around for the reason that while the merchants will furnish the lemonade and coffee free, they do not feel called upon to make arrangements for the dishes.

The merchants' picnic will be an old fashioned basket affair, each one taking enough "grub" along for himself and family.

The blowout is not going to be a speaking affair. It is only going to be an afternoon of pure unadulterated fun.

Mayor Stephan will be the only man who is privileged to speak and he says his speech will only be about a minute long, in order to get the crowd concentrated and so that the picnic may start right.

The greater part of the afternoon will be devoted to water sports base ball games and similar contests. If Lake Michigan behaves itself long enough during the picnic hours, there will be swimming contests, row boat races, launch races, tub races, and various other kinds of water sports.

The usual list of picnic contests will not be omitted, but it is expected that the water carnival will be a new and unique feature.

Fred Beeuwkes has charge of the committee on arrangements; Herman Cook is the chairman on the refreshment committee; John G. Rutgers is the chairman of the committee that has transportation in charge, while Andrew Steketee will be head of the sports committee.

Mayor Stephan is supposed to be the father of the picnic, and as the chief executive of the city, will be chief of police, judge and jury of the big merchants' picnic of 1920.

ZWEMER GOING AFTER ANOTHER \$25,000.00

WILL MAKE \$50,000 FOR THE
WESTERN THEOLOGICAL
SEMINARY

Rev. James F. Zwemer leaves tomorrow for a trip through the Western States for the purpose of collecting funds.

Last year Mr. Zwemer secured \$25,000 to establish a fifth chair in theology in the Western Theological Seminary.

Friday it is his intention to go out and raise \$25,000 more to be used as a maintenance fund.

If Mr. Zwemer is successful, which no doubt he will be, he will have raised \$50,000 for that purpose within the last two years.

WHO ARE THE YOUNG LADIES?

WHICH CIGAR STORE DOES
THIS CLIPPING REFER TO?

City Attorney Charles Mc Bride found in his mail this morning a note from a fellow insurance agent by the name of Adam.

We can assure our readers it was not the gentleman who was responsible for all our troubles, and who paid a bigger price for an apple than was ever paid, even in these days of unheard of prices.

This Adam still has all his ribs but it is said that he is somewhat of a punster, and therefore he sends a clipping about Holland, taken from an Eastern paper.

The clipping arouses our curiosity in a way, as we would like to know who the young ladies are and where this cigar store is located.

This is what the clipping says: Two young ladies at Holland walked into a cigar store the other day, bought cigarettes, lit them at the counter lighter, and walked on down the street, puffing happily.

However, when one can no longer stand the pace in staid old Holland it is always possible to board a train for giddy New York, and have a rest.

LARGE BLAZE WAS STARTED IN OTTAWA BEACH HOTEL ANNEX

CALL FOR AID SENT TO HOL-
LAND FIRE DEPARTMENT;
MAKE RUN IN 30 MINUTES

Damage Is in Neighborhood of
\$500.00; Cigarette Stub Might
Be Cause of the Blaze

A large part of Holland motorists made flying trips to Macatawa and Ottawa Beach at 9:30 last evening when the news quickly spread that the big Ottawa Beach hotel filled with guests was all ablaze and Holland's aid was needed to help put out the fire.

Chief Blom received a phone message stating that the hotel was afire and to come as quickly as possible. He turned in an alarm from box 21, Hotel Holland corner, and the fire department was soon on hand to answer an alarm in this section of the city. The chief then instructed some of the firemen of Co. No. 1, to man the big pumper and go immediately to Ottawa Beach.

It took about five minutes to get up sufficiently should the pumper be needed for any length of time.

The chief before hopping off with the pumper delegated Patrolman Steketee to follow with 500 feet of extra hose which the patrolman quickly did with the Citizens Transfer Co's truck.

It took the Holland department just thirty minutes to get to Ottawa Beach and start fighting the fire after the phone call was received.

When Holland's fire force reached Ottawa Beach they found that the blaze was in the attic of the annex which is some 500 feet from the main hotel and connected with the hotel with sort of a bridge.

Bill Murphy and his crew of excellent fire fighters from Ottawa Beach were already busy on the job and had the fire pretty well under control.

The local firemen however, aided with the chemicals and between the two firefighting forces the blaze was soon extinguished.

Ottawa Beach hotel is filled with guests and these with the guests from other parts of the resorts and the hundreds of automobile loads from Holland made up a vast crowd.

City motorists too, impeded the speed of the big pumper as there was a regular parade of automobiles from Holland going to Ottawa Beach, many of them trying to get around the truck in order to beat it out.

At one time there was a jam lasting about five minutes and the fire fighters simply had to wait until the congestion was relieved.

The bad stretch of road just before coming to the turn to Ottawa Beach, dubbed the "cinder path" also gave the driver of the pumper some trouble and all these things certainly were not conducive to any speed making.

Notwithstanding all these handicaps, the management of the hotel and the guests were loud in their praises of Holland's fire department.

The cause of the fire in the annex is not positively known, but some of the firemen who were on the job stated that it appeared as if someone had been smoking cigarettes in a bed and had carelessly thrown away the cigarette stubs.

The fire altogether has damaged two of the rooms, part of the roof, and some bedding.

The total loss will not exceed \$500 and the damage will not in the least inconvenience the guests or management of the hotel.

The fire did not cause any undue excitement among the guests, as the blaze was far removed from the large and beautiful hotel on the Lake front.

YOUNG MAN ARREST- ED FOR FORGERY

John Boer of Zeeland township who is an employee of the Holland Furnace Co. was asked to take the check of John Bosman also an employee of the same plant to him.

Instead of doing so, he forges the name of Mr. Bosman and cashes it at a local bank.

The check was for \$29.90 and as soon as Bosman heard of it, he had Boer arrested who admitted to Chief Van Ry that he was guilty of the crime.

He was bound over to circuit court, gave bonds for his appearance and no doubt will be sentenced when he appears before Judge O. S. Cross.

ESTATE TO PAY HEAVY INHERITANCE TAX

ESTATE OF ALICE F. DE VRIES,
FORMERLY OF HOLLAND
PAYS MORE THAN
\$1,000

An inheritance tax of \$1,346.08 was determined in the estate of Alice F. De Vries of Chicago in Probate court before Judge James J. Danhof of Grand Haven.

The property on which the tax was determined is located in different parts of this county. The Continental Trust & Savings bank of Chicago is the executor of the estate.

Mrs. De Vries before her death was a resident of Holland.

COUNCIL RECOM- MENDS HIGHER SPRINKLING TAX

WILL AMOUNT TO ABOUT 25c
On a Fifty Foot
Lot

City Has Run Behind About \$627.00
Thus Far

It was decided by the Common Council last evening that the sprinkling tax be raised slightly and although there was considerable discussion on the matter, some aldermen opposing it the matter passed by a 7 to 4 vote, Aldermen Wiersma, Prins, Dykstra and Brinkman voting against it and the rest of the aldermen voting in favor of the resolution with Alderman Lawrence being absent. The resolution which is self-explanatory, follows:

Your committee on streets and crosswalks has had under consideration the advisability of increasing the rate for street sprinkling for the present year.

At the close of the sprinkling season last year there was a shortage of \$627 in the sprinkling fund. If we operate the sprinklers the same number of days this year as we did last year, we will be about \$1440 short since the wages of the teams and drivers were increased since the close of last season.

Your committee feels that the income from taxes as collected from the sprinkling roll should be sufficient to pay for the cost of sprinkling.

Since the rate as now established is not sufficient to meet expenses we would recommend that the rate for this year be established at 3 1/2 c per running foot for each side of the street, or 7 cents per lineal foot of street sprinkled.

Respectfully submitted,
Committee on Streets and
Crosswalks.

SAW IN THOMPSON MFG. CO. TROUBLES NEIGHBORS

A complaint was brought in to the common council signed by the neighbors, stating that one of the saws of the Thompson Mfg. Co. factory on East 12th-st. was making considerable noise much to the annoyance of the neighborhood.

Alderman Blue especially wished to have this noise stopped stating that not alone did the machine bother, but young men were cursing and making more noise generally while operating the machine.

The city attorney stated that the city had no jurisdiction over the machinery in a factory and if there was swearing going on, as the alderman stated the police department should look after it.

No doubt all this is going on without the knowledge of the management and a word with him will set the matter right.

STORE PAINTED IN VARIEGATED COLORS

LIKE JOSEPH'S COAT WITH
MANY HUES

Henry Vander Warf who is supervisor of Holland and lives on the hill in the Fifth ward where he conducts a general store is an artist of no mean ability.

Although the price of paint was high and the price of painting was still higher, Henry looked over his own assortment and collected the odds and ends remaining. With ladders, paint and brush he sallies forth and does the job himself.

When the job is complete he holds a housewarming and asks the opinion of his many friends awaiting to hear their approval and kindly comments on the job that he had finished with so much diligence.

His friends gathered, circled around the building, some smiled, others looked grave, while again others threw their hands up in holy horror.

Taking John Homfield's word for it, there were eight different colors on the building, the patriotic ones not being omitted.

Joseph's coat wasn't ace high with the rainbow effect displayed on Henry's hardware store.

There was red, white and blue to represent the stars and stripes.

There was green depicting the Emerald Isle, the yellow was there, but it wasn't the proverbial streak so generally spoken of. It just seemed natural to Henry to add a beautiful brown, a conspicuous purple, and a delicate pink.

The visitors were divided as to the appropriateness of the color scheme, so it was decided to ask the opinion of the first two persons who might pass that way.

It so happened that two young ladies came meandering by, and their judgment was asked in the matter.

They seemed very reluctant about making a decision, but when urged, one blustered out and said, "It simply looks rotten," while the other chimed in "I think so too."

This got Henry's goat and lo and behold the neighborhood woke up one morning to find the general Henry's store all of one color.

He arose bright and early one morning and with the aid of helpful neighbors, painted over the color scheme.

GRAPE CROP OF TWO TOWNSHIPS ALREADY SOLD

MILWAUKEE FIRM BIDS HIGH
FOR PRODUCT IN GRAND HA-
VEN AND SPRING LAKE
TOWNSHIPS

Contract Price Up; Growers Will Re-
ceive \$90.50 Per Ton for Con-
cord Grapes Under Agreement

The Grape Growers Branch of the Grand River Valley Fruit and Truck Growers and Shippers association met at the Court House in Grand Haven with representatives of the wholesale fruit houses of Milwaukee and St. Joe, Mich.

Joseph Kastner, Milwaukee, representing T. E. Berk and F. P. Hauser of St. Joe, opposing bidders for the grape crop of this vicinity offered bids for the grape crop of that vicinity. The former as the successful bidder secured the grape crop of all members of the association living in Grand Haven and Spring Lake townships. The price to be paid for Concord grapes this year will be \$90.50. Champions have been contracted for at the price of \$75 per ton. These prices are well in advance of those obtained last year when \$72 per ton was the highest amount received for crop of the growers.

The crop contracted for includes practically all of the grapes grown in Grand Haven, Spring Lake and portions of the adjacent townships. The contract applies however only to members of the Fruit Growers association, those farmers who are not members not being allowed to ship their grapes under the contract. The terms of this agreement to be done by the buyer, a duty which has heretofore fallen on the farmers.

While there is no doubt that such a course of action as is now followed by the fruit growers of this vicinity greatly lessens the home supply of berries, grapes and other fruits, members of the association point out that it does not deprive home consumers of their fruit supply as members even under contract may sell a small amount of their output in the city and vicinity. Also farmers who are not members of the association and who are not included under the contract have their crop to dispose of on the home market.

More and more is it becoming the practice of farmers in this and other vicinities to sell their crop before they are harvested. This is made possible by the decrease in consumption, the ratio between which is now growing greater and greater each year.

C. M. McLEAN RESIGNS FOR HOS- PITAL BOARD

SAYS THAT CONDITIONS HAVE
ARISEN MAKING THIS
NECESSARY

One of the most efficient members of the Holland Hospital board has resigned but apparently the aldermen will not permit him to do so.

Mr. C. M. McLean sent in his resignation but the city fathers declined to accept it but instead a resolution was unanimously passed asking that a committee be appointed who will try to induce Mr. McLean to remain on the Board. Mr. Stephan appointed the following committee: Aldermen Leapple, Damstra, and Wiersma.

The resignation of Mr. McLean follows:

Sirs—
Kindly accept my resignation as a member of the Hospital Board, the position to which you had the courtesy to appoint me some time since.

I regret that conditions have arisen that seem to make my resignation necessary. The work has been an enjoyment and a pleasure and I am still and shall remain keenly interested in the Institution's success.

Respectfully yours,

C. M. McLean.

RE-ROUTING THE PIKE IS GOING TO BE SLOW

OFFICIAL NOTICE TO BE SENT
TO THE COUNTY ROAD
COMMISSIONERS

The members of the common council feel that work on changing the route of the West Michigan Pike through Holland was going too slow and that too much apathy existed among the Ottawa county Road Commissioners.

City Clerk Overweg was requested last evening to send a communication to the chairman of the commission and to have it stamped, mind you with the official seal of the city asking for a meeting in Holland as soon as possible.

The official pike is North River avenue to West Eighth street to 1st avenue, to Sixteenth-st., joining the pike at the limits. The council wants the route to be River avenue to 16th street west to Pike at limits of the city. By taking care of this matter soon the state will bear the greater part of the burden of paving the stretch that passes through the city thus saving Holland considerable money.

Whether the state is willing to re-route the pike to conform with the city's plans is a question. Anyway that is what the common council wishes a joint meeting with the Ottawa county road commission for.

MICHIGAN SUGAR DECLARES 3 PER CENT QUARTERLY DIVIDEND

Austin Harrington has just returned from Saginaw, where a director's meeting was held of the Michigan Sugar Company, in which a great many of Holland citizens are interested as stockholders.

This was the annual meeting at which the directors of the company are chosen, but as there was no quorum present, no election was held as the articles of agreement state that the old directors then will be retained for another year.

The company declared a quarterly dividend of three per cent on the stock on a 12 per cent dividend for the year.

The Michigan Sugar company is the largest beet sugar concern in the state, with factories located in several places mostly around Saginaw and Bay City.

It is said that Holland investors have upward of \$50,000 worth of stock in this concern, who consequently will be in on the 3 per cent dividend quarterly.

The Holland-St. Louis Sugar Company of this city has nothing in common with this concern.

HOLLAND FOLKS TO SPEAK AT MISSION FESTIVAL

Rev. A. J. Rus of Prosper, Rev. J. C. De Korne of Grand Rapids and Miss Tena Holkeboer of Holland, who has just completed a mission course at Hope College, will be the principal speakers at the annual festival of the Christian Reformed church to be held Aug. 5 at Fremont Lake, Fremont, Michigan.

GIVEN MEMBERSHIP IN CLUB FOR SELLING MOST INSURANCE

C. A. Bigge, local agent for the Northwestern Life Insurance Co. of Milwaukee, has returned from the company's convention held in Milwaukee.

Mr. Bigge has become quite a prominent factor in the insurance world from the fact that he pulls down a prize nearly every year for having sold the most insurance during that year.

The last prize mentioned was a large American flag which he floats on state occasions.

The company has in Milwaukee a very exclusive club called the Marathon Club. This club consists of members that merit admission, not for the reason that he has money, or because he is a good fellow, or any other number of reasons you might mention, but because he turns in the business to the company.

To show how exclusive this club is, the Northwestern Life Insurance company has more than 4,000 agents and of this number only 83 have merited entrance into the club, Mr. Bigge being the 84th.

Any of these agents who have sold during any one year 100 policies receives a life membership to this club, and has the benefit of all the conveniences and innovation that this club affords.

Mr. Bigge says he's now going to try for the presidency of the club, which is some task, you may be assured.

ALL NOMINATION PETITIONS HAVE NOW BEEN FILED

Saturday at 4 o'clock was the last day and hour for the filing of petitions either for state or county officers.

The republicans have a half dozen candidates for governor, while the democrats have put up their strongest man, namely Woodbridge N. Ferris who has already occupied the gubernatorial chair before.

These petitions have all been filed with the secretary of state but the petitions in which Ottawa county is especially interested are those filed with county clerk Orrie Sluiter at Grand Haven.

It is evident from the petitions filed that there was no great scramble in the Democratic ranks for office on the county ticket.

The Democrats filed petitions for a lone candidate for each office, and Holland received six of the nominees.

Nick Hoffman, the list shows, wants to be drain commissioner.

Carl A. Bigge would like to go to the State Legislature.

Sam Meeuwse who is an ex-service man and now employed as clerk at Hotel Holland wishes to step into the shoes of C. Dornbos. Chester Van Tongeren has an eye on the township of Ottawa county, rather than make cigars for "dad."

Mr. Poppen is slated to look after the questionable dead, as a coroner, while Ed Scott of Holland township wants to be the county clerk.

That much for the Democrats. Each man gets a position on the ticket without opposition and peace reigns within the ranks.

With the republicans it is a different matter. The woods are full of candidates and you can bet your bottom dollars, they have all filed their petitions.

The reason for this is that with the Democrats the matter is more a lack of love from the fact that a "dummy" has not been elected for county office within "two score years and ten," and those whose

names appear are not very sanguine of taking a position at the county seat after January 1.

But with the Republicans it is a different matter. Ottawa county's republican majority is about 2500 to 2800 which is approximately two to one better than the democrats. For that reason the republicans with a winning chance have a host of candidates in the field.

For instance there are four candidates for drain commissioner; two candidates from Holland for representative of the first district; five candidates for sheriff, two from Holland; two candidates for the office of prosecuting attorney, and two candidates for office of Register of Deeds. In the latter office a surprise was sprung at the last minute, as it was considered that Peter J. Ryeenga would have no opposition. But just before 4 o'clock Henry Zonnebelt of Holland filed the necessary papers giving him a place on the republican ticket in opposition to Mr. Ryeenga.

Honorable James J. Danhof of Grand Haven is not opposed for Judge of Probate, he having made a very efficient officer and is running for his second term.

John H. Den Herder of Holland also is unopposed for county treasurer.

Henry J. Boer is the only coroner appearing on the republican ticket. He comes from Grand Haven.

Ottawa county is entitled to two coroners and Holland should have one. Dr. Daniel G. Cook has been the coroner from this end of the county but because of ill health he has not been serving and Justice J. DenHerder has been attending to these duties whenever the occasions presented themselves.

Orrie J. Sluiter also has no opposition as county clerk. Mr. Sluiter is an ex-service man and has also made an efficient officer, for that reason republicans have seen fit not to oppose him.

The office of county surveyor on both the democratic and republican tickets is left blank. Emmet H. Peck the man who for years has occupied that office and who was voted for by both republicans and Democrats refused to run again, and the office of county surveyor will be left blank on the primary ballot, and unless some concerted effort is made to secure some competent man, Ottawa county will be without a surveyor for the next two years. One can be secured however by slipping the primary ballot in the blank space left open where the name of a candidate should have appeared.

The names as they appear on the respective tickets are as follows:

DEMOCRATIC

County Drain Commissioner—Nicholas Hoffman, Twp. of Holland. Representative, 1st District—Carl A. Bigge, Holland city.

Sheriff—Simon P. Meeuwse, of Holland city.

Judge of Probate—Jacob Vander Veen, Grand Haven.

AN APPEAL FROM HOLLAND TO HOLLAND

The Board of Foreign Missions headquarters in Holland, has received very earnest appeals for financial assistance from the Missionary Societies in the Netherlands. As a result of the war, these societies have become very deeply in debt so that they have exhausted entirely their credit at the banks, and it will be impossible for them to carry on their missionary work unless they receive aid from other countries.

The alternative to this will be the closing up of some of their work and the selling of some of their property. However, in view of the serious financial crisis of our own Board, it was compelled to inform the friends in Holland that it was unable at this time to render any assistance.

ALLEGAN IS A FOR- TUNATE TOWN AS FAR AS GAS GOES

Allegan Gazette—What may happen some day when the state utilities commission gets through with its hearings about the proper price for gas in this city may be inferred from the fact that it has granted a rate of \$1.80 per thousand feet in Holland and in Marshall the price is \$2. At present under agreement between the city and the company, Allegan pays \$1.60 per thousand feet and \$1.10 for the subsequent thousands. All things considered Allegan does not seem to have much cause for complaint if any. It should be borne in mind too, that this is by no means the only city whose gas supply has been cut off by lack of coal. The same trouble has been quite generally experienced throughout the country and there is likely to be much more of it.

Eight of the San Tox girls enjoyed an auto trip to Grand Haven last Wednesday afternoon. An enjoyable time was reported by all. Those present were Ella Cook, Mrs. Rinjewold, Margaret Strong, May Van Slodten, Geneva Oosting, Amanda Pathuis, Gertrude Wood-

The Girl at Central

Not long ago, near Flint, Michigan, in a fire that threatened a huge loss of life and property, a brave telephone operator remained at her post sending out calls for help until her switchboard was put out of commission and her clothing enveloped in flames.

This is only one of hundreds of cases that are on record where operators, on their own initiative, saved entire communities from burning, floods or other danger by calling all available help from surrounding districts.

The Michigan State Telephone Company is naturally very proud of its operators—proud of their heroism and unflinching courage, but it is prouder still of this rare sense of duty that has always prompted the operators to stick to their posts in the face of danger, epidemics and storms.

It is this kind of devotion to service that has given telephone operators, not only a conspicuous place in the hall of fame, but a prominent place, too, in the hearts of the community they serve.

For your telephone operator, highly trained, as she must be, proficient to a wonderful degree in her work and unflinching in her traditional devotion to her service, is, after all, just an ordinary girl.

She is the kind of bright, active, intelligent girl that you, if you knew her, would go out of your way to show every courtesy.

In most cases she is a home girl and in every case, we know, she is the best protected girl in any kind of work in the city.

We want to tell you many things about your telephone operator—of the motherly care that is taken of her during working hours, of the care that is taken of her health in her work. We want everyone to know why a telephone girl finds her work so inspirational, personal and serviceful—of her opportunities and her happiness in her work that go so far to make your telephone service better.

Now, we are introducing your telephone girl to you, because we know that in this closer acquaintanceship you will find much that is helpful in your relations with the most personal service you command—your telephone.

PROMINENT DENTIST SELLS HIS BUSINESS IN HOLLAND

What no doubt will be a great surprise to the citizens of Holland is the announcement that Dr. J. O. Scott, local dentist with offices in the Peters block, has sold his office and all equipment connected therewith to Dr. R. M. Waltz also of this city.

The transfer is to take place on August 23 after which Mr. Scott and his family will move to Seattle, Washington, in order to go into some other business venture.

The doctor will sell out entirely which includes his beautiful home on West 12th street, his cottages at Virginia and Macatawa Parks, and such other property as he may possess.

Holland folks will be sorry to see Dr. J. O. Scott leave this city as he has been one of Holland's public spirited citizens, backing every project morally and financially whenever called upon to do so.

The Scott family have been diligent church workers and have an unusually large circle of friends, who will regret their decision to leave Holland, apparently, for good.

Mr. Scott came to this city twenty years ago and has built up a prosperous practice which he still retains.

When interviewed the doctor simply stated, "I have always felt that I wanted to go west, and get out of the dentist business. I have been at it now more than 20 years and intend to turn my attention to some other vocation not so confining. The opportunity presented itself and I quickly decided on the change. I like Holland, appreciate the cordial feeling always extended to me, and you may be assured that our stay in the city for twenty years will ever be a green spot in the memory of my family and myself. I believe Holland is due for a splendid growth and no one is looking forward towards its success more than we are."

Dr. R. M. Waltz who takes over the business of Mr. Scott has also, many friends in the city. He has been here now five years, is a U. of M. graduate, has taken an active interest in all civic problems, and has shown a special interest in outdoor sports especially baseball, being a member of the Holland Independent team.

When the two dental offices are merged Dr. Waltz will have one of the most up to date dental establishments in Western Michigan.

After August 23, Dr. Waltz's offices will be in the Peter's block.

SURVIVOR OF THE TITANIC, DIES

Mrs. Catherine Crosby, 72, a survivor of the White Star liner, Titanic which was sunk off New Found land, April 11, 1912, died Thursday at Milwaukee. Her husband was among the 1,600 passengers who lost their lives. Capt. E. G. Crosby was formerly president of the Crosby Transportation company that runs into Grand Haven harbor.

GEN. LEONARD WOOD STOPS OFF AT HOLLAND

Gen. Leonard Wood, one of the leading military men of the nation, and who was defeated for the nomination for president at the Chicago convention, passed through Holland Thursday on his way to New York from Muskegon where he had made a review of Camp Roosevelt. Two of his Lieutenants were with him and as he took a few turns about the Holland depot inspecting it with critical eye he also shook hands with several Holland citizens and seemed to take special delight in having a chat with the newsboys at the station.

MILK TRUCK GOES OVER INTO THE RIVER

A large milk truck rolled over into the Grand Haven river on the River road between Grand Haven and Holland.

The driver narrowly escaped with his life. The truck which went through a fence turned turtle and now the residents on the River bank are milking the stream. The milk came from Crisp.

AUTO ACCIDENT AT MACATAWA PARK

Mrs. J. Jesiek and her son, were injured Friday noon when their automobile was struck by an interurban passenger car which was coming from Macatawa Park. The mother was severely bruised about the shoulders and arms and the boy's head was cut. Another son in the car escaped injury.

One of the sons was at the wheel of the car backing out of a parking place onto the track, when the passenger came by and the result was inevitable.

The car is badly wrecked and one of the sons was said to be still unconscious Saturday morning.

Mr. Jesiek is proprietor of the boat livery at Jenison.

Ray Drucker, on Wednesday afternoon, took out his Sunday school class for an outing to Ottawa Beach where they engaged in a ball game and "weenie roast."—Zeeland Record.

OTTAWA COUNTY LAD BORROWED HIS BROTHER'S NAME

Desire to see the battlefields of France and the use of his brother's name to fulfill that desire, cost the life of Vernon H. Kramer, alias Herbert H. Kramer, whose body is expected to arrive in the United States on August 2 according to a dispatch received by his father, Henry Kramer, a prominent farmer living near Wright.

The fact that Vernon used his brother's name to enter the service was not generally known until he died while serving in the army of occupation at Coblenz, Germany. He died in a hospital on January 7, 1920 after a short illness of pneumonia.

Vernon's two brothers returned from service in 1919 and after hearing them tell of the scenes they saw abroad, he said he wanted to enlist for overseas duty. As he was only 17 years old and under enlistment age he borrowed his brother's draft registration card, show it to the recruiting officers in Grand Rapids and enlisted under his brother's name. He enlisted April 19, 1919, and his wish for foreign service was granted.

Kramer's body is expected to arrive this week. A military funeral service will be held and burial will be in the Wright Catholic cemetery.

WHAT WILL OTTAWA COUNTY DO FOR A SURVEYOR

Voters in Holland who have voted the Republican ticket have never received a ballot that anyone knows of when the name of Emmet H. Peck, county surveyor did not appear on it.

Long before the Australian ballot system was in vogue in Michigan Emmet H. Peck was a candidate.

The writer when he cast his first ballot at 21 saw the name near the bottom of the ballot on the republican ticket, "Peck for County Surveyor," and at 49 he can say that he never failed to vote for Emmet H. Peck.

The old county surveyor is said to have become tired of the job, is far advanced in years, and having had the job for more than 15 terms he feels it his duty to step aside in order to let some younger blood take up these arduous duties.

There is not a man in Ottawa county, who has gone over it more thoroughly than has the old surveyor from Coopersville. He has surveyed most of Holland, in fact most of every locality in the county.

He has surveyed old corduroy roads, in pioneer days, and present day cement drives, drains, street lines, lots public and private, railroads, interurbans, telegraph and telephone lines, in fact there is scarcely a surveying job of any importance in which Emmet H. Peck was not the moving spirit.

He knows Ottawa county by heart and road commissioners drain commissioners, and private individuals will be at their wits ends to find a man who can step in the shoes of this veteran surveyor.

He has established more building lines in his day possibly than any other surveyor in Michigan. All the maps made of Ottawa county show the ear marks of Mr. Peck, whose valuable services never could be dispensed with.

The old surveyor of Coopersville has data of Ottawa county in his possession as these relate to surveying problems that are of incalculable value to the county if Mr. Peck cannot be persuaded to run again on the republican ticket, it will be the first time in over 30 years that his name will not appear on the ballot.

It also goes without saying that in all this time he never was defeated both democrats and republicans voting for him.

We can candidly say that with the retirement of Emmet H. Peck, Ottawa county loses a most efficient officer who it will be hard to replace.

At a mass meeting held at Hudsonville, it was decided to change the water system taking out the pressure tanks and erecting a stand pipe of sufficient capacity to accommodate the town for many years. An electric system will be installed and sufficient hydrants provided for purposes. William Boldt, F. P. McEachron and A. W. Sherwood were chosen to investigate costs and report at the next meeting August 18. Steps will be taken to operate the system in connection with the creamery.

HOLLAND FIRM BUYS STORE AT DOUGLAS

The Peoples Store at Douglas owned by W. L. McDonald, has been purchased by John J. Rutgers Co. of Holland. The store will be run in connection with their store at Holland. They expect to carry a full line of groceries, dry goods and clothing.

Mr. Ben Rutgers with the Holland firm will be manager and he expects to carry a line of merchandise so that the people of Douglas and vicinity will not have to go to the cities for their food and clothing.

The John Rutgers Co. extend an invitation to tourists and any who may come to Douglas to visit their new place of business.

MICHIGAN LEADS IN HONEY OUTPUT

A conservative estimate of the production of honey for 1920 in the state of Michigan was fixed at 400,000 pounds at the closing session of the State Bee Keepers' convention held at Bay City. Authorities say this state surpasses all other states in the union when it comes to the amount and quality of honey produced.

A co-operative plan of buying and selling was discussed but no action was taken at the meeting.

Charlevoix county is in the heart of the bee keeping industry and the number of producers of honey in the county is growing each year.

MRS. HENRY GEER-LINGS, SR., AGED 75, PASSES AWAY

Mrs. Henry Geerlings, sr., died Friday afternoon at the home of her son, Henry Geerlings, after an illness of about three months. She had reached the age of 75 years. The funeral was held on Monday afternoon at 2:30 o'clock at the home of her son, 90 West 14th-st. Rev. B. H. Einink officiated. Friends are requested to omit flowers.

Mrs. Geerlings had lived alone in her home at 37 East 12th street since the death of her husband, nearly ten years ago. They came here from the Netherlands in 1867, before that, however, and then incorporated as a city. During the fire of 1871 they lost all their belongings

and began life anew. One child died in infancy and two sons, Henry and Jacob survive.

She was the last of a family of nine children, nearly all of whom reached a good age. During his career of 81 years her husband had been connected with the milling business for 46 years, having been part owner in a mill on River-st., before the fire of '71.

Allegan county has an interesting elderly gentleman, Mr. Marcena Webster, a resident of Trowbridge. Mr. Webster is considerably past 90 years of age but still is pretty lively. He is one of a class of men who always excite much interest and reverence in Republican meetings, for he voted the first national ticket of that party when he cast a ballot for John C. Fremont as president in 1856. He was a voter four years before that, however, and then voted for Gen. Scott the Whig candidate for president.

LOCALS

Judge O. S. Cross has made an adverse decision in the Bear Swamp drain case of Frank Kitson et al vs. Dan J. Round, county drain commissioner of Allegan, for the reason that the notice of the township boards of the township through which the proposed drain is to be constructed is insufficient and was not given as required by law; also, that the special commissioners failed to have with them at the hearing the papers as required by law. An order setting aside the proceedings is to be entered. New proceedings must be had before the drain can be constructed.

At least 50 merchants had their weekly outing at Cardiau Picnic grounds Tuesday evening. Will Westveer was chairman of the cats committee and this part was not a failure. Volley ball and base ball were the games played with a few contests of "One Old Cat" thrown in. As about five games of ball were going on at the same time, the score keeper was too bewildered to keep tally. The only thing he could remember was that Henry Brink was the best muffer on his team because he didn't hold his hands right. The outings are becoming more popular every week.

The C. E. Union of the city have decided to hold an important meeting on the evening of Sept. 8. The executive committee has been fortunate in securing E. O. Sellers as the speaker of the evening. He will need an introduction to the people of Holland as he has delivered several inspiring messages to local audiences. On this occasion he will have for his subject "Red Headed and Ready." This is one of his strong messages that he delivered through Europe.

Rev. and Mrs. J. F. Zwemer returned Tuesday evening from Annville, Ky., where they spent four weeks' vacation.

HOLLAND SHOE CO EMPLOYEES TO PICNIC FRIDAY

The Holland Shoe factory employees will have a real bang up picnic at Jenison Park Friday and a wonderful list of prizes are to be found in the program of sports.

One unique feature is going to be a bicycle race beginning on Central avenue to Sixteenth street and from Sixteenth street directly to Jenison Park where the racers will finish and the winner will receive a fine \$58 bicycle now on display in the show window of Bishop & Raffenaud.

So that no accident may occur employees will be stationed at every street intersection in order to keep pedestrians back for a short period while the race is in progress.

A beautiful ladies wrist watch is also to be given away. The watch is found on display in the show window of Stevenson's Jewelry Store.

Tickets for Cracker-Jack, peanuts and fish pond sports will be issued to the "kiddies," and the company will see that all the good things possible will be provided the employees and their families.

SEVERAL LIGHTNING STORMS AT THE COUNTY SEAT

During the severe electric storm last week the huge pine tree which stands on the river in front of the Larson Log Cabin on Pottawottomie Bayou on the river road toward Grand Haven, was struck by lightning and bark was torn from the mammoth trunk from the very top to almost the bottom of the forest monarch. A spade stood alongside the tree at its foot and lightning left the tree and entered the ground from this article. The tree is one of the handiest trees in this locality and was badly hurt by the lightning. During the storm lightning struck in several places in that locality and appeared to be centered there.

COURT OPENS WITH RUSH FOR AUGUST TERM

The August term of the Circuit Court opened with a rush at the Court house Monday afternoon at 2 o'clock. Reading of the calendar, several arraignments and a few decrees were taken care of before adjournment at 5 o'clock.

Among the arraignments was the case of the People vs. David Blom and Alma Johnson, held on the charge of illegal cohabitation. The defendants stood mute and a plea of not guilty was entered by order of the court. The case will be tried by jury trial later in the term. In the case of Tony Rodocowicz of Muskegon Heights, held on the charge of violating the liquor law the defendant stood mute and a plea of not guilty was entered by the order of the court.

Mike Fitzgerald of Conklin, arrested by Sheriff Dornbos for violation of the liquor laws some weeks ago following a sale to the sheriff of some cider which was a bit harder than the law allowed, entered a plea of guilty. John Velthouse of Robinson charged with felonious assault stood mute and a plea of not guilty was entered by order of the court. Earl Addison the negro employed until recently at the Hotel and charged with larceny plead guilty to taking \$95 from Ed Gant a fellow worker at the hotelery but not guilty to the charge of larceny of \$225 from George D. Turner, another negro employee of the hotel. John Wiggers of Park township held on charge of burning a building with intent to defraud the insurance company plead guilty. All the trials will undoubtedly be conducted later in the term.

In the divorce case of Wm. Robinson vs. Grace Robinson, Grand Haven a decree was entered by default. In the divorce case of Ida B. Leech vs. Wm. B. Leech of Grand Haven township a decree for a temporary alimony for \$5 a week and attorney fees was entered by Judge Cross.

In the case of Gerrit Barends et al. vs. Barend Kammeraad, county drain commissioner, in which the plaintiff sought to recover \$1700 for work done on a drain in Blendon and Olive townships Judge Cross ordered the payment of two-thirds of the sum demanded and the continuance of work on the drain. Decrees were also filed in the cases of Frank Vanek et al. vs. John CSouman et al. and in the case of Barend Kammeraad vs. Jesse and Frank Retzlaff. An order amending bill was filed in the case of Wm. T. Bowen et al. vs. E. Stockstin et al.

Today the court is occupied by the examination of applicants for citizenship papers.

Farmer from Allegan County Killed in a Field

John Odell, aged 60, one of the most prominent farmers in Allegan county was instantly killed when his horses ran away with the binder on which he was riding and he was hurled upon the knives and cut to pieces.

Mr. Odell had just purchased one of the best farms in Allegan county six miles southwest of Allegan. He is survived by a widow, two children father and one brother, former Representative Arthur Odell.

LOCAL QUARTET TO FURNISH MUSIC AT ZEELAND MISSION

There will be a fine program of music in connection with the Zeeland Mission Fest Thursday. Dr. A. C. V. R. Gilmore will conduct the community singing and also a male quartette consisting of the Ter Beek and Ter Vree Brothers will furnish some fine selections. Duets will also be rendered by the Ter Beek Bros.

It is also expected that Mr. Frank Wright of Oklahoma whose beautiful baritone voice many will recall with pleasure will also favor the audience with some of his popular selections.

Dr. J. B. Nykerk of Hope College is in charge of the musical arrangements.

Many Holland people no doubt will be in attendance at this gathering.

BOY SCOUTS WILL TENT ON THE OLD CAMP GROUNDS

A meeting of the Boy Scouts and business men of Holland was held at the high school auditorium Tuesday evening and was presided over by Dr. A. Leenhouts. It was decided that the boys would tent for their summer outing at Camp Dan Beard at Waukazoo, the place where the young chaps have spent so many pleasant hours before.

All the things relating to scout work including camp regulations will be in vogue there, and the very strictest discipline will naturally be maintained. More than 60 boys have signified their intentions of going on August 16.

The camp will be supervised by Scout Instructors David Boyd and Herbert Van Duren who will also look after the chow for the boys.

Scout Masters Carl Shaw and Dr. A. Leenhouts will supervise things and will go to the camp every day in order that they may keep a watchful eye on Holland's young Americans.

This does not preclude the visiting of other citizens. If you are interested in your boys, pay them a visit and show them that you have their welfare at heart. Shoot down in your car or take the ferry over and spend an hour with the boys profitably.

Although the Scouts are requested to bring \$2.50 dues, necessary for the two weeks' stay, Dr. Leenhouts and others state that the business men and manufacturers have signified their intention of financing the camp this summer.

The Boy Scouts of Holland will make a two weeks' stay beginning August 16.

Democratic leaders in Grand Haven and elsewhere have been notified by T. B. Preston chairman of the Democratic State Central Committee that the Democratic State convention will be held at Lansing on Wednesday September 29. Ottawa county will be permitted seventeen delegates at that convention.

The Democratic County convention will be held in Grand Haven September 14 at which time delegates will be named from Ottawa to the state convention. Sessions of the county convention will be held at the court house.

Charles E. Misner of Grand Haven is chairman of the Democratic County convention and will preside at the meeting of that group at the county seat in September. The appointment of delegates to the county convention has not yet been made but it is expected that it will be nearly the same as this year which gives Grand Haven 14 seats in the Ottawa meeting September 14, while Holland is entitled to a delegation of 27.

Louis Vanden Berg, John Damstra, Bert Slag and other prominent democrats in Holland are soon to call a city caucus for the purpose of nominating city delegates to the county convention.

THIEF STEALS CHICKENS POTATOES AND OTHER VEGETABLES AT GANGES

Sneak thieves seem to be working time, and many cases of their depredations have been reported lately. Early Monday morning they came to the brooder house on H. H. Hutchins' farm in Ganges, and as the house was locked they opened the little runway door and selected the choicest as they came out in the gray of early dawn, and made their getaway before the inhabitants were astir. When Mr. Hutchins came out at 5 o'clock he found but four chicks inside and the little door shut but not fastened. about 200 chicks were taken. They are all white leghorns and are too punched in the web of the right foot. Potatoes and other vegetables have also been taken and cows were milked on other farms.—Saugatuck Commercial Record.

MILK SUPPLY THAT WENT INTO RIVER CAME FROM CRISP

The Grand Haven Tribune has more on the accident which happened when a large milk truck rolled over into Grand river. It seems that the milk in question comes from the vicinity of Holland. This is what the Tribune has to say regarding it:

"Bowling along, loaded with 58 ten gallon cans of milk Friday the Big Marshall truck of the Muskegon Dairy company came to grief on the approach to the Pottawottomie bridge. In attempting to turn out for a big passenger car the driver of the big truck pulled over a bit to far, and the wheels slipped off into the soft earth of the high embankment. Almost instantly the huge machine turned over and rolled down the embankment fully 10 feet into the river. Fortunately the water was not deep at this point, and the truck halted its plunge before it became totally submerged.

The driver of the truck, whose name could not be learned went over with the truck and only thru a miracle did he escape death. He managed to crawl out of the wreck to the bank and later assisted in salvaging as much of the milk as possible. He escaped apparent injury although he was badly shaken up, and complained of pain in his back.

Many of the cans of milk were thrown from the truck into the river,

the lids coming off and streams of white liquid flowed into the river. For a time the water of the stream at that point is said to have run white with milk. Within a few moments there were a number of volunteers on the scene and quick action was taken in attempting to salvage the milk. It is estimated that about 150 gallons of the entire load were saved.

The big truck was resting on its side partially submerged in the water. No estimate could be made of the damage done to the machine, but it was believed that it could be recovered. Some difficulty may be experienced in getting the big truck up the ten foot embankment to the road.

The big truck was said to be coming toward Grand Haven from the creamery at Crisp near Holland, on its usual morning trip when the accident occurred. The upset came so quickly that few people witnessed it. At this point a fence has been erected to prevent machines from plunging down the bank, but the fence did not stop the truck. The heavy machine crashed thru it and rolled through a number of small trees clear to the river.

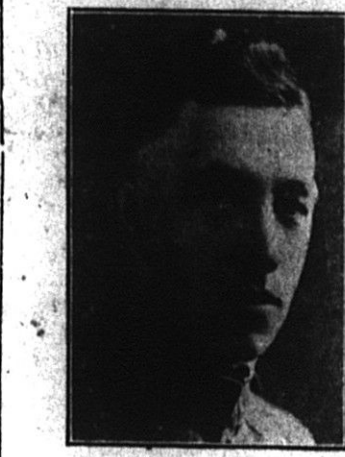

CANDIDATE FOR SHERIFF
OF Ottawa County

Mr. Fortney was a candidate four years ago and was defeated by only 89 votes. He is a self-made man raised in Olive township on a farm and worked at hard labor nearly all his life. Was Chief Deputy Sheriff of Ottawa county 4 years and after he had served as Deputy two years he was selected Director of the

Day, at the largest Fourth of July celebration ever held in Grand Haven.

Nearly four years ago he was chosen for chief of police of the city of Grand Haven in which capacity he served two years, and resigned to take a position as Employment manager and director of welfare with the Keller Pneumatic Tool company of Grand Haven who he served until recently.

During his time as Chief, he built up the Police Department establishing a Headquarters, installed a record system and made many new improvements. He is always courteous and obliging and his past record as an officer proves that he is always ready and willing to go when called. Service is his motto and he pledges a square deal to all.

LOUIS D. BOUWMAN

Louis D. Bouwman candidate for nomination for sheriff of Ottawa county on the Republican ticket at the Primaries on August 31 is 40 years old. He has been a resident of Holland for nearly nineteen years during all of which time he has been in business as a barber on North River avenue.

He is the father of five children and a respected citizen. His past four years experience as constable and deputy sheriff have shown that he possesses all of the qualifications for the office he now seeks. He is careful conscientious and cool-headed and absolutely fearless in the enforcement of the law.

A vote for him is a vote for efficiency. —Pol. Adv.

BODY OF YACHT.

MAN IS FOUND

The body of J. J. Coyne, member of the Columbia Yacht club of Chicago and owner of the yacht Adella was found late Friday afternoon floating 500 feet from shore directly in front of the coast guard lookout.

John De Free of Zeeland, who was fishing in the vicinity noticed the body floating in the water and immediately told the lookout man of his find.

The alarm was soon given and the coast guards together with Deputy Game Warden Dick Homkes and one of the Jesiek Bros., took the body from the water and placed it in a yacht of the Jesiek boat livery.

From there Undertaker Nibbelink took the body and it was shipped to Chicago late Friday night.

A week ago Friday night Coyne was bathing with a party of yachting friends in a heavy surf and the undertow took him out in Lake Michigan. A lady heard him call for help, but as it had already become dark no one could see the man and it was only until late Friday that body was discovered. The body was found about 500 feet from the place where Coyne entered the water. Lifesavers have been busy most of the week netting for the man with a large 300 foot net.

The supposition is that the body floated out into the big lake, and that the southwest wind of the last few days again took the body back to this vicinity.

CONFUSION OF BOOKS
MAKES ALLEGAN REREGISTER

Owing to the confused state of registration books of the city, due to many changes of residences with in the town, etc., it has been decided by the council to have a complete new enrollment of voters. This is obligatory within the state this year in cities of 10,000 or more. The details of the making of the new registration are stated in an advertisement now running in the Gazette. It will be necessary for every voter to enroll anew in order to vote in the primary election of Aug.

SIXTH REFORMED

CHURCH A STRUGGLING
CONGREGATION

The Leader—The church, the classis, has not had much publicity in recent months. However, this is no indication of stagnation. This organization despite all the obstacles confronting her, has made appreciable advancement. There have been no spasmodic booms or temporary spurts, but rather a steady upward climb. Since last November, when he first pastor, Rev. J. H. Bruggers, took charge six have been received on confession and fourteen by letter.

There has been a marked increase in attendance, a growth in spirituality and a deeper appreciation in the work of God's kingdom. The Sunday school now has an attendance averaging over 125. The Ladies Aid increased its membership by half. There is every indication of God's blessing resting upon the work.

The congregation has in many ways thus far manifested their appreciation of the work carried on by the Rev. and Mrs. Bruggers. Recently at the birth of a son, the Ladies Aid surprised the pastor and wife with a beautiful and costly baby cab. Mrs. Bruggers' S. S. class sent her a neat and serviceable robe to go with the cab. And many were the bouquets and other little gifts sent by individuals and organizations affiliated with the church. Many are the tokens of the splendid spirit of co-operation and fellowship in the work and life of the church.

MAN SEEN IN LOCAL
MOVIES IS KILLED IN
AIR FLIGHT

Lieut. Ormer Locklear, noted "stunt" aviator, and Lieut. Milton Elliott, his aide, were killed Monday night when their plane crashed from a distance of 1,000 feet at Los Angeles, Calif.

Locklear was pictured at the Strand last Friday in the film entitled "The Great Air Robbery."

This picture furnished more real thrills than any yet seen at the local theater, showing Locklear jumping from one plane into another, climbing down by means of a ladder, and in that way rescuing a friend and capturing a robber.

The taking of this film required three planes, two containing Locklear and his troop, and the third containing a picture man who was reeling off what was going on in the two planes alongside.

The picture shows the planes going over mountains, cities, rivers, and valleys, and it is possibly the most spectacular film ever seen here. Locklear also thrilled thousands of fair visitors at the West Michigan State Fair at Grand Rapids two years ago when he did some fool killing stunts at this exhibition, and while doing one of them nearly came to grief.

According to eye witnesses Locklear who was flying with fireworks blazing from his machine, either was blinded by them or by searchlights on the ground and misjudged his altitude when he went into a nose spin crashing to the earth before he realized he was close to the ground.

Locklear, a native of Fort Worth, Tex., was an aviation instructor during the war. He was generally credited with originating the feat of changing from one plane to another in midair. Elliott was born in Gadsden Ala.

Registration Notice

Holland Township, Mich., July 26.
For Primary Election August 31, 1920

To the Qualified Electors of the Township of Holland:—

I, the undersigned clerk will be at the Town hall, August 7th, 1920, from 8 a. m. until 8 p. m. and at the store of Bert Wiersma at the West Limits of Zeeland City on August 14th A. D. 1920 from 8 a. m. until 8 p. m. for the purpose of registering those who have not already registered and intending to vote at the Primary Election. The last day for registration will be August 21, A. D. 1920. Dated this 26th day of July A. D. 1920. Charles Ellander,

2w Clerk of Holland Township.

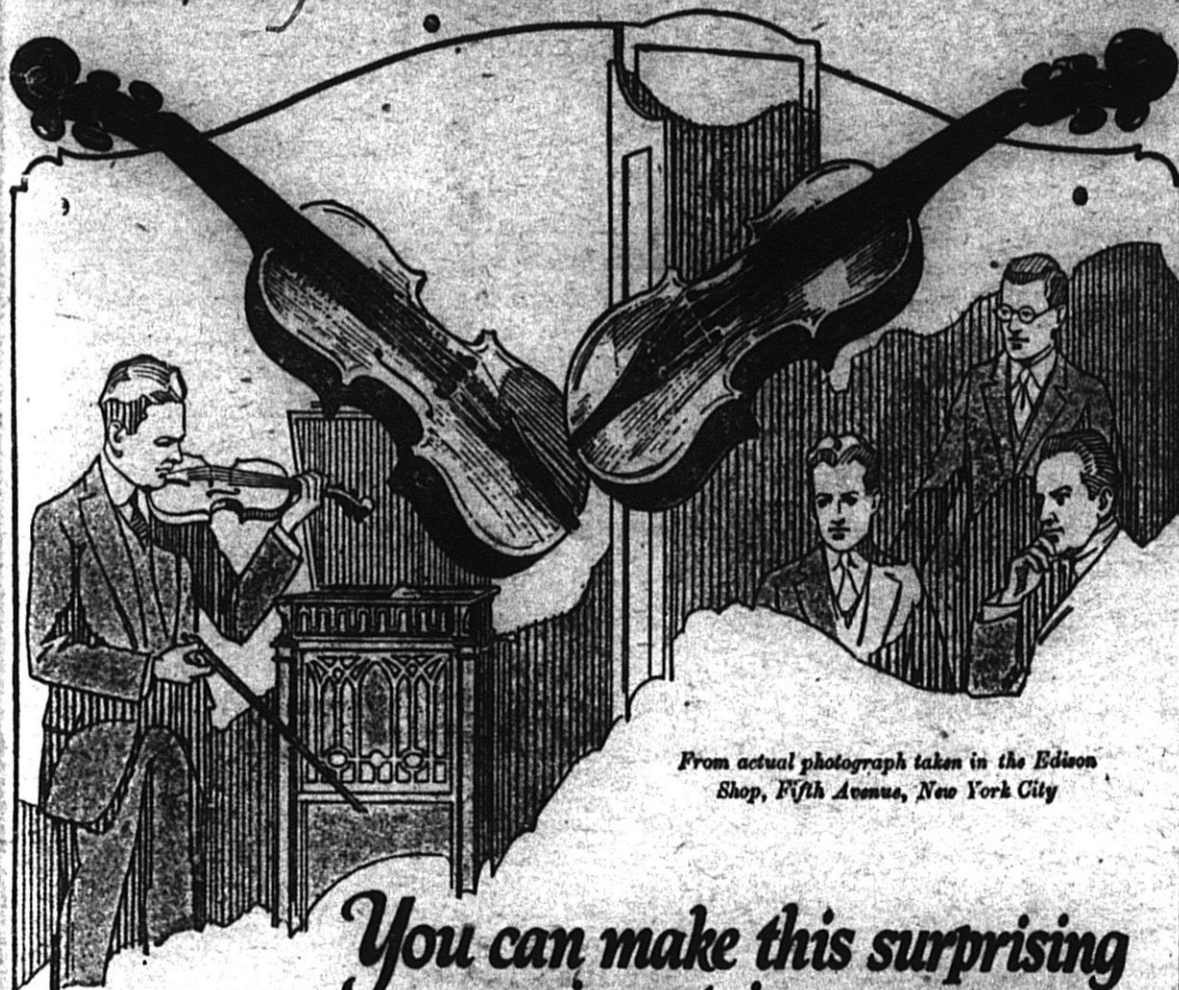

SENTINEL GOT THE
WRONG SAMUEL

In its writeup relating to the filing of petitions with the county clerk the Sentinel mentions the name of Samuel P. Meeuwsen as the Demo-

cratic candidate for sheriff. The fact is that this is not our Sam, the former patrolman on the Holland police force, but a nephew by the same name.

The Sam in question is an ex-service man who is now employed

as clerk at Hotel Holland and is the son of John Meeuwsen formerly of Crisp, now of Grand Haven. Uncle Sam will no doubt aid materially in helping to elect his relative, but he is not a candidate for sheriff.

From actual photograph taken in the Edison Shop, Fifth Avenue, New York City

You can make this surprising experiment in our store — The Test of the Two Violins

Violins differ subtly in tone! Test the New Edison Realism by that fact.

We have an "Ave Maria" RE-CREATION played by Albert Spalding with his Guarnerius. This famous violin has a brilliant, singing tone. We have a second "Ave Maria" RE-CREATION played by Carl Fleisch with his genuine

Stradivarius. This violin has a rich, mellow tone.

Come in and compare these two RE-CREATIONS—tone for tone. If the New Edison makes clear the distinction between the singing Guarnerius and the mellow Stradivarius, you know it has perfect realism for you.

The NEW EDISON "The Phonograph with a Soul"

Albert Spalding himself recently took part in a test of the New Edison's Realism, at New York City. He played in direct comparison with the RE-CREATION of his performance by the New Edison. Mr. Henry Hadley, one of the jury of the three distinguished musicians who listened from

behind a screen, said: "The RE-CREATION matched Mr. Spalding's performance tone for tone." The New Edison is the only phonograph which has given this conclusive proof of its perfect realism. It has triumphed in 4,000 such comparison-tests.

PRICES! HALT!

Since 1914, the total price increase in the New Edison has been less than 15%. Mr. Edison has, personally, absorbed more than one half of the increased costs of manufacture. He may not be able to do this much longer. Buy now—if you want today's prices. Our Budget Plan will help you. It distributes the payment over the months to come.

FORD

THE UNIVERSAL CAR

Immediate Delivery

Immediate delivery is something we have been unable to give on the popular Ford car, since the great world war. The demand has so far exceeded our contract that buyers have invariably had to wait from two to four months.

Effective August 1st, we expect a substantial increase in our contract. We feel confident that we are able to make deliveries within thirty days on orders placed immediately.

Many disappointed buyers have been forced to buy elsewhere by reason of our inability to meet the demand. We are making a special, strong effort to meet the demand for Ford Commercial or Pleasure cars through an increased contract. Place your order now—it will have our best attention.

From there Undertaker Nibbelink took the body and it was shipped to Chicago late Friday night.

A week ago Friday night Coyne was bathing with a party of yachting friends in a heavy surf and the undertow took him out in Lake Michigan. A lady heard him call for help, but as it had already become dark no one could see the man and it was only until late Friday that body was discovered. The body was found about 500 feet from the place where Coyne entered the water. Lifesavers have been busy most of the week netting for the man with a large 300 foot net.

The supposition is that the body floated out into the big lake, and that the southwest wind of the last few days again took the body back to this vicinity.

**CONFUSION OF BOOKS
MAKES ALLEGAN REREGISTER**

Owing to the confused state of registration books of the city, due to many changes of residences within the town, etc., it has been decided by the council to have a complete new enrollment of voters. This is obligatory within the state this year in cities of 10,000 or more. The details of the making of the new registration are stated in an advertisement now running in the Gazette. It will be necessary for every voter to enroll anew in order to vote in the primary election of Aug.

SIXTH REFORMED

**CHURCH A STRUGGLING
CONGREGATION**

The Leader—The church, the classis, has not had much publicity in recent months. However, this is no indication of stagnation. This organization despite all the obstacles confronting her, has made appreciable advancement. There have been no spasmodic booms or temporary spurts, but rather a steady upward climb. Since last November, when he first pastor, Rev. J. H. Bruggers, took charge six have been received on confession and fourteen by letter.

There has been a marked increase in attendance, a growth in spirituality and a deeper appreciation in the work of God's kingdom. The Sunday school now has an attendance averaging over 125. The Ladies Aid increased its membership by half. There is every indication of God's blessing resting upon the work.

The congregation has in many ways thus far manifested their appreciation of the work carried on by the Rev. and Mrs. Bruggers. Recently at the birth of a son, the Ladies Aid surprised the pastor and wife with a beautiful and costly baby cab. Mrs. Bruggers' S. S. class sent her a neat and serviceable robe to go with the cab. And many were the bouquets and other little gifts sent by individuals and organizations affiliated with the church. Many are the tokens of the splendid spirit of co-operation and fellowship in the work and life of the church.

**MAN SEEN IN LOCAL
MOVIES IS KILLED IN
AIR FLIGHT**

Lieut. Ormer Locklear, noted "stunt" aviator, and Lieut. Milton Elliott, his aide, were killed Monday night when their plane crashed from a distance of 1,000 feet at Los Angeles, Calif.

Locklear was pictured at the Strand last Friday in the film entitled "The Great Air Robbery."

This picture furnished more real thrills than any yet seen at the local theater, showing Locklear jumping from one plane into another, climbing down by means of a ladder, and in that way rescuing a friend and capturing a robber.

The taking of this film required three planes, two containing Locklear and his troop, and the third containing a picture man who was reeling off what was going on in the two planes alongside.

The picture shows the planes going over mountains, cities, rivers, and valleys, and it is possibly the most spectacular film ever seen here. Locklear also thrilled thousands of fair visitors at the West Michigan State Fair at Grand Rapids two years ago when he did some fool killing stunts at this exhibition, and while doing one of them nearly came to grief.

According to eye witnesses Locklear who was flying with fireworks blazing from his machine, either was blinded by them or by searchlights on the ground and misjudged his altitude when he went into a nose spin crashing to the earth before he realized he was close to the ground.

Locklear, a native of Fort Worth, Tex., was an aviation instructor during the war. He was generally credited with originating the feat of changing from one plane to another in midair. Elliott was born in Gadsden Ala.

Registration Notice

Holland Township, Mich., July 26.
For Primary Election August 31, 1920

To the Qualified Electors of the Township of Holland:—

I, the undersigned clerk will be at the Town hall, August 7th, 1920, from 8 a. m. until 8 p. m. and at the store of Bert Wiersma at the West Limits of Zeeland, City on August 14th A. D. 1920 from 8 a. m. until 8 p. m. for the purpose of registering those who have not already registered and intending to vote at the Primary Election. The last day for registration will be August 21, A. D. 1920. Dated this 26th day of July A. D. 1920. Charles Eilander, 2w Clerk of Holland Township.

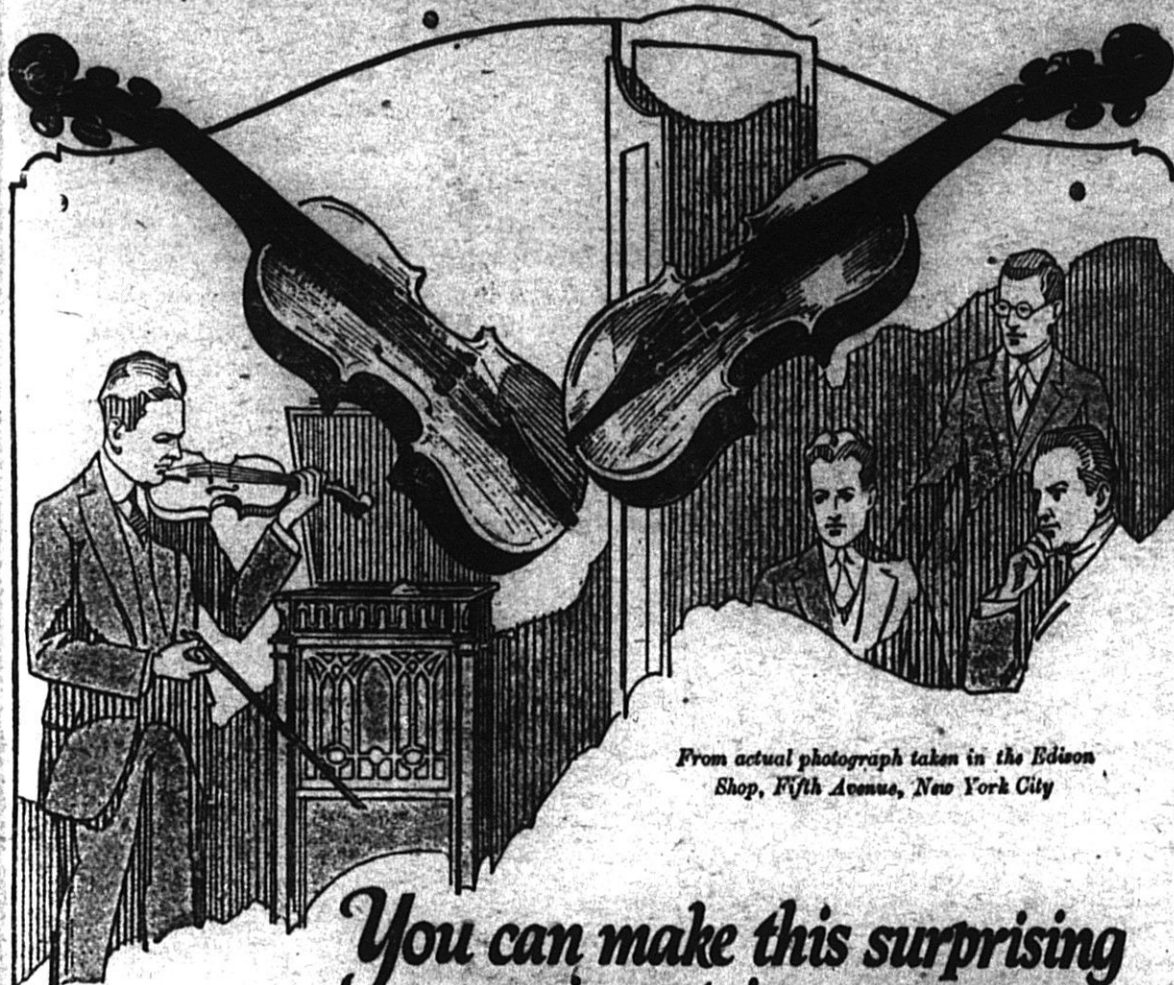

**SENTINEL GOT THE
WRONG SAMUEL**

In its writeup relating to the filing of petitions with the county clerk the Sentinel mentions the name of Samuel P. Meeuwse as the Demo-

cratic candidate for sheriff. The fact is that this is not our Sam, the former patrolman on the Holland police force, but a nephew by the same name.

The Sam in question is an ex-service man who is now employed

as clerk at Hotel Holland and is the son of John Meeuwse formerly of Crisp, now of Grand Haven. Uncle Sam will no doubt aid materially in helping to elect his relative, but he is not a candidate for sheriff.

The Test of the Two Violins**

Violins differ subtly in tone! Test the New Edison Realism by that fact.

Stradivarius. This violin has a rich, mellow tone.

We have an "Ave Maria" RE-CREATION played by Albert Spalding with his Guarnerius. This famous violin has a brilliant, singing tone. We have a second "Ave Maria" RE-CREATION played by Carl Flesch with his genuine

Come in and compare these two RE-CREATIONS—tone for tone. If the New Edison makes clear the distinction between the singing Guarnerius and the mellow Stradivarius, you know it has perfect realism for you.

The NEW EDISON
"The Phonograph with a Soul"

Albert Spalding himself recently took part in a test of the New Edison's Realism, at New York City. He played in direct comparison with the RE-CREATION of his performance by the New Edison. Mr. Henry Hadley, one of the jury of the three distinguished musicians who listened from

behind a screen, said: "The RE-CREATION matched Mr. Spalding's performance tone for tone." The New Edison is the only phonograph which has given this conclusive proof of its perfect realism. It has triumphed in 4,000 such comparison-tests.

PRICES! HALT!
Since 1914, the total price increase in the New Edison has been less than 15%. Mr. Edison has, personally, absorbed more than one half of the increased cost of manufacture. He may not be able to do this much longer. Buy now—if you want today's prices. Our Budget Plan will help you. It distributes the payment over the months to come.

FORD

THE UNIVERSAL CAR

Immediate Delivery

Immediate delivery is something we have been unable to give on the popular Ford car, since the great world war. The demand has so far exceeded our contract that buyers have invariably had to wait from two to four months.

Effective August 1st, we expect a substantial increase in our contract. We feel confident that we are able to make deliveries within thirty days on orders placed immediately.

Many disappointed buyers have been forced to buy elsewhere by reason of our inability to meet the demand. We are making a special, strong effort to meet the demand for Ford Commercial or Pleasure cars through an increased contract. Place your order now—it will have our best attention.
