ZEELAND MAN TO MAKE RACE FOR PROBATE JUDGE

C. Roosenraad, a life-long resident of Zeeland, has announced that he will be a candidate for the nomination on the Republican ticket for the office of probate judge at the primary election to be held September 9th. Mr. Roosenraad has had eighteen years' experience in probate work and has held many estates in his charge. He has also served for sixteen years as county agent which has also given him much experience in connection with probate court. Eight years ago Mr. Roosenraad also tried for the nomination and the great favor with which he met at that time, although he was not successful, has led him and his friends to believe he will be nominated this summer. They claim that the county has given the present judge two terms and that it would be proper to replace him by placing Mr. Roosenraad in the office.

In order to save his craft from being pounded into the bulwarks east of Twenty-second street at Chicago where the boat was tied up, Captain James Pett of Grand Haven ordered the Sand Craft of the Construction Materials Line to be partially sunk near the dock Thursday morning.

The brand new million dollar vessel was being pounded badly against the pier work by a driving north east gale that caught her full in the side just at dawn and the skipper, thinking discretion better than valor, did the prudent thing and saved his ship from injury by quick work. As a result the vessel was saved and will be back in commission again after having the water pumped out of her and the engines oiled.

All day Thursday, so the report states, the wind pounded the seas against the hull with great force, the spray breaking over the sand dredging machinery fore and aft. The wet clothes of the crew were hung up to dry just out of reach of the water while the men themselves took it easy on pling nearby. The vessel had listed considerably to seaward and windward. The Sand Craft was completed on June 27 at a cost of a million dollars and it now being used to haul sand for a boulevard project in Chicago. She had 2,400 cubic yards aboard her at the time she was partially sunk.

Captain Pett, a Grand Haven mariner, was in command of the Hennessey before the Sand Craft was completed but as the new addition to the Construction Materials fleet was built, he was given command of her. He is well known as an able mariner and reports credit him with quick action in saving the new boat from a possible worse fate at the hands of the waves.

GAS COMPANY TO OCCUPY THE KRAKER BLOCK

Henry Kraker of the Kraker Heating & Plumbing Co. is much pleased over the way his building is shooting skyward, the last story being nearly completed. When the building is ready for occupancy, the Holland Gas company will occupy part of the first floor together with the Kraker Plumbing Co. The gas company is compelled to move since the DeVries & Donborn Furniture Co. has purchased the Visccher building and intends to remodel this structure into an up-to-date furniture store.

The Kraker Plumbing company will also occupy the basement of the new building, while the second and third floors will be converted into commodious office rooms, 30 in number.

Mr. Kraker is very optimistic about the development of River avenue. He gives as his reasons that more people go down River avenue than anywhere else in the city, and with the gas company in his building he says 3,000 people will have to come up to pay their gas bills.

Thousands more go by to visit the postoffice, at least 4,000 pay electric light and water bills at the city hall and do other business there.

Public meetings are held there three or four times a week.

River avenue is in the heart of the garage district; beautiful Centennial park is visited by thousands as a place of recreation, and half the city comes out to listen to the band concerts. The large Masonic Temple is just around the corner and is being visited daily and nightly by large numbers. The Bell Telephone Co., practically next door, also does a tremendous public business. The Colonial Theater shows at least 3,000 a week and as Kraker has it figured out that since people bring business, customers will drop in as they walk by. Mr. Kraker also points out that within the last eight to ten years River avenue has built up tremendously. Although the city hall was built shortly before that time, the Colonial theater, the postoffice, the Masonic temple, the large Wolverine Garage, and now the Kraker building have all been erected. He also points out that the James A. Brouwer Co. is to enlarge this fall, launching a very pretentious building program which will be an added attraction.

Kraker has faith in his contention and for that reason has put up a large three story block costing nearly \$40,000.

JOHN STERLING TO RUN FOR CONGRESS

John J. Sterling, prominent Benton Harbor attorney, will oppose John C. Ketcham, of Hastings, in the September 9th primaries for the Republican nomination of representative in congress from the Fourth Michigan Congressional district, comprising the counties of Berrien, Cass, Van Buren, Barry, Allegan and St. Joseph. It was learned this week with the appearance of his petition in St. Joseph.

POULTRY EXPERT COMES TO HOLLAND

Prof. C. R. Sheldon, known as the "California Hen Wizard," has come to spend a week with Holland poultry men. Mr. Sheldon comes highly endorsed by the press and nationally known poultry men. He has spent 22 years constantly working with poultry men in all the western states, five years in Washington, Oregon and California. Anyone wishing to consult him, call or leave word at 75 E. 21st street and receive free advice.

Mr. C. St. Clair is visiting friends in Lansing.

OLD RELICS TO BE A FEATURE AT THE COMMUNITY FAIR

An educational exhibition that is going to take well at the community fair is the exhibit of old relics and heirlooms. Since it has been made public that an old relic exhibition is to be one of the features of the fair, scores of people having these things have been inquiring where they can leave them.

Spinning wheels, old teapots, old clocks, snuff boxes, tinder boxes and other things are being dug up from attics and basements and judging from the inquiries the space that is to be set aside in the art hall will be well filled with these antique keepsakes. Everybody is invited to bring relics, either to D. F. Boonstra of Zeeland or Jake Lokker of the Lokker-Rutgers company of Holland.

The first year that the fair was pulled off, 49 years ago, a log cabin was built on the grounds and this was filled with relics. No building was more generally patronized than was this old log cabin. The fair grounds at that time were located on the lake front covering what is now George Kollen Park, the Sugar Co. property, and the Shoe company property. When the grounds were moved the log cabin was torn down, and old relics became a forgotten feature.

A little publicity again brought the thing into being and it is hoped that the old relic exhibition will be made a permanent thing at the community fair.

AUTO LICENSE PLATE MUST BE KEPT CLEAN

Do not drive your automobile with the plates covered with mud and dust so that the numbers cannot be read. This is the word that comes from the city and county motorcycle officers. Complaints have recently come from the traffic men that many cars are operating with mud covered plates. The law, it is pointed out, provides that the plates must be clean, that is, they must not be covered even with mud.

ALLEGAN CO. PROSECUTOR BRINGS IN HIS REPORT

The semi annual report of the prosecuting attorney I. C. Montague of Allegan county, was completed this week and is now in the hands of the Attorney General. This report gives a list of the cases prosecuted by the officers and also a record of the results of the prosecution. The report shows 171 prosecuted and 169 convicted.

Report includes a record of 87 violations of the motor vehicle law. This is by far the greatest number prosecuted on any charge. Fish and game laws are next in productiveness with 33 convicted. Drunkenness seems to be continuing in a rather surprising proportion with 16 violators sentenced. Larceny and assault and battery each have seven prosecutions on the book. Three were convicted for the serious offense of driving a car while drunk and were given fine and jail sentences. The remainder of the prosecutions were for minor offenses including the use of profane language, cruelty to animals, indecent exposure, violation of the milk laws and disorderly conduct.

This report covers the period from January 15, 1924 to July 15, 1924. The number of prosecutions is about on a par with other years though there are fewer prosecutions for major crimes than have been recorded in similar reports.

GRAND HAVEN TRAP SHOOTERS MADE GOOD SCORES

With a high score of 24 out of 25, the trap shoot at Grand Haven was a real success on Tuesday night. The high count was rung up by Dr. Boesler, resorter from Highland Park who smashed 24 out of a possible 25 pigeons. Rice punctured 22 out of 25, Mastenbrook 20 out of 25, Crow 20, Lange 17, Beaukema 16, Spangler 13, Peterson 11 and Outman 10.

Another trap shoot will be held Thursday evening with every Grand Haven trapshooter and those enthusiasts for the sport who are resorting there, are invited to attend.

EXPECT TO VISIT CAMP AT BATTLE CREEK

When the Civilian Military Training camp opens at Battle Creek on August first it is expected that many from Holland will drive over from time to time to see the boys in action. Eight young men from Holland will be at the training camp this summer and there will also be members from other parts of Ottawa county. The dates of the camp are from August first to August 31st.

The regular army is in camp at Battle Creek from June 1 to September 1, the national guard of Illinois from July 12 to August 9, the national guard of Minnesota from July 7 to July 21, the Reserve Officers' Training corps from July 12 to July 28. Dates of special interest to visitors are:

July 18, (afternoon) All arms; July 24, (afternoon) Battalion in attack; Aug. 22, (afternoon) Chemical Warfare; Aug. 23, (forenoon) Review and demonstration of all arms; Aug. 28, (afternoon) Battalion in attack.

STEAL CAR, STRIP IT THEN ABANDON IT

Charles E. Bird of Saugatuck was the victim of a rather novel theft when his Star sedan was stolen this week at Saugatuck. The car was recovered Tuesday morning at the county park, but the machine had been stripped of all the accessories and all of the available parts of the automobile itself. The five tires and rims were gone, the spot light was taken and even some of the wiring had been removed from the engine. The work is apparently that of experts for there was nothing of value left untouched.

Wm. Arendshorst of the Holland Rusk Co. is on a week's trip to New York and other places of interest.

Miss Ella and Lorene Stewart of Pontiac are visiting at the home of Mrs. Mary Stokette on West 11th St.

34 SPEEDERS ARE ARRESTED AT GAAFSCHAP

The Allegan county officers through sheriff Hare are simply cleaning up on Allegan county speeders. From July 2 to July 9 forty-nine of them were nabbed, 28 were taken by the sheriff and 21 by Deputy Jackson. Nearly as many foreign cars were stopped as resident drivers.

The records show that 23 of the arrests were tourists from other states and 26 were Michigan residents.

Since July 9th the wholesale gathering in of speeders is still going on. Deputies are stationed on the Holland bee-line road and also the "Graafschap" road connected up with the state trunk lines and it is stated that 34 speeders were nabbed within the last four days.

By the end of the week it is expected that from July 2 until July 19 not less than 100 Allegan county speeders will find their way into Justice court and if the Judge fines them at the rate of \$13.70, the amount set by the Holland justices the Allegan county library fund will be augmented with \$1,370.00 within 17 days. Some library can be established for this amount. From all indications the rate on law violators is bringing about the results anticipated by the Allegan county officers, and the roads in this section will be far safer than before.

Today is the big day for Grace Episcopal church in Holland because on this day the corner stone for the new church buildings will be laid with appropriate ceremonies. Grace church has taken on new life the past few months and early this spring the congregation decided to appropriate some \$7,000 for new building operations that will greatly increase the capacity of the church plant. While this sum is small in comparison with the amounts expended by some churches in Holland for church buildings, it is a very large sum for so small a congregation as Grace church and it means to them as much as a sum several times as large means to a large church.

The exercises in connection with the laying of the cornerstone will be held on Thursday evening at 6:45 o'clock. Not only are the members of the congregation invited to be present but anybody in Holland or the resorts will be cordially welcomed. All who wish to show by their presence that they are glad of the progress made by this church are given a cordial invitation to come.

The bishop of the diocese, the Right Rev. John McCormick, D. D., of Grand Rapids, assisted by Archdeacon Vercoe and other priests, will lay the corner stone.

Under the leadership of Rev. D. D. Douglas, the new rector, Grace church has been prospering the past few months and the laying of the corner stone will mark a definite point in the church's growth.

ALLEGAN JAIL BREAKERS ARE BROUGHT BACK

Claude Keith and Merton Halde- man, the two boys who walked away from the Allegan county courthouse lawn while mowing the grass, have both been retaken and are serving their sentences in the Allegan county jail.

Haldeman was taken at Alexandria Indiana, by Deputy Sheriff Earl Robin last Friday, while Keith was brot back Monday to Allegan by Deputy Sheriff Geo. Hare, from Kansas City, Mo., where he had driven in the car owned by F. C. Gallagher and in which he made his escape.

Keith drove from Allegan to his home in Ellettswood, Ind. He learned that the authorities had tracked him there and continued. He was on his way to California with three other boys whom he picked up in Terre Haute.

Kansas City police picked up the four boys in the Ford Coupe as they were going across the Missouri river bridge, the only means of crossing this river there. The boys looked suspicious. A telegram to Brown Brothers brought a reply the car was stolen and Hare went to Kansas City for the boy. Robin got track of the boys from an address he found in their belongings. He wired authorities at Alexandria to be on the lookout for Haldeman. He showed up and was taken. About this time Keith got wind they were after him and continued on his journey.

At the end of the 20-day sentences they are serving the boys will be arraigned on charges of stealing cars for it has been found that a car in which they were arrested in Wayland when they stole some oil from a garage, was a car stolen from Petoskey.

Haldeman who walked away the night before Keith left in the car made the trip to his home in 36 hours, catching auto rides along the way, and a freight from Benton Harbor. A couple of Allegan people aided him unknowingly in putting distance between him and jail.

Haldeman and Keith and two other boys left home about a month ago for Canadian wheat fields. They quarreled with two companions at Mackinaw, and started for home. They stole a car which they deserted at Petoskey, their story has it, then stole another in Petoskey. This was the car in which they were riding when arrested at Wayland.

BATH HOUSE NO EXPENSE TO THE CITY

At the last meeting of the common council a committee was appointed to erect a bath house for boys in Kollen park at a cost not to exceed \$200.00. Ald. Laepple, one of the members of the committee, reported Wednesday night that through the initiative of Ald. Oscar Peterson, chairman of the committee, and the generosity of Austin Harrington a bath house has been provided without a cent's expenditure to the city. Mr. Peterson succeeded in obtaining from Mr. Harrington a building that is suitable for the purpose.

Mr. and Mrs. H. G. Garvelink and son Gerald have returned from a two weeks' auto trip to Niagara Falls, New York and Canada.

Miss Alma Koertge and Miss Clara McClellan returned to Holland Friday night after spending a week in Lansing visiting friends.

pose, thus making it unnecessary to erect one. This building, it was reported, would be ready for business Thursday and from now on the boys of Holland can go to that beach for a swim and will not have to hide behind a half submerged wreck - of a boat to change from street clothes into their swimming suits.

The council accepted the bathhouse in a spirit of appreciation of Mr. Harrington's generosity.

ALLEGAN FAIR TO BE LIBERAL WITH PREMIUMS

Allegan, July 16.—Premium lists of the seventy-second annual Allegan County fair, Riverside Park, August 26, 27, 28 and 29, have been distributed. The premiums amount to \$3,400.

In the speed department, it is announced that the track will be faster than ever and a number of horses are training there now. The purses for the three days of racing total \$2,200.

Kryl's band will be the headline among the free attractions.

The free attractions also number Robinson's military elephants; Uncle Hiram and Aunt Lucindy, rube characters; the Seldens, acrobats and tumblers; and the Flying Wonders, aerial artists.

Fireworks will be a feature each night.

COMPANY MOVES TO NEW QUARTERS

The Bos Tobacco and Candy Co., a wholesale concern that has been operating in the basement of the H. Van Tongeren store for the past year or two, is being moved to the Blom building on North River avenue and will be located there from now on. The firm expects to be settled and ready for business in the new place by the beginning of next week.

The firm does a wholesale business exclusively and handles tobaccos, cigarettes, cigars and candy. The business has grown so rapidly that the quarters in the Van Tongeren store were outgrown and it was imperative to seek larger quarters. The concern has a large patronage in Grand Haven, Spring Lake, Ferrysburg, Zeeland, Saugatuck, Douglas, South Haven, Fennville, Holland and the resorts. William Bos is the proprietor.

LOCAL POLICE CHASE GYPSIES OUT OF TOWN

Chief Van Ry and force had considerable trouble in rounding up a gang of 40 gypsies who came to Holland in a caravan of ten cars. The machines were all gaily decorated and the younger and more handsome gypsy girls were clothed in clothes of many colors.

No doubt the gypsies knew that the order of chief of police is to allow no "gyp" to remain in the city and Mr. Van Ry has left strict orders with his men to conduct them through the city.

This lot however unloaded at the edge of the town, and the fortune tellers and barterers were sent broadcast through Holland to ply their trade. The chief was soon aware of their presence and the officers started a roundup before the nomads had gotten very far.

They were hustled into their automobiles ranging from Fords to the more pretentious variety and at a given signal, the gypsies were told to get. Trailing at the rear of the caravan were two large trucks and when last seen the travelers were going north towards Grand Haven.

According to a report from Grand Haven, Chief Peppel heard of their coming and had men stationed to meet the oncoming gypsy band. The officers told the leader to keep on moving through the city with all possible speed.

Even if allowed to stay in Holland it is doubtful whether the gypsies would have reaped a harvest. The Hollanders are not strong on fortune telling because "they just aren't built that way." If all cities follow the example of Holland and Grand Haven there surely is very little rest for the poor old romantic gypsy.

STATE FIREMEN'S BODY HONORS ZEELAND MAN

Officers of the Michigan State Firemen's association were elected at the association's closing business session at Saginaw Thursday as follows:

President, F. W. Kuhn, Pontiac; first vice president, F. B. Riddle, Caro; second vice president, W. G. Heasley, Zeeland; third vice president, John L. Kreuzberger, Saginaw; secretary treasurer, H. L. Williams, Ludington; statistician, Wm. Brockless, Saginaw.

The convention chose Grand Rapids as its 1925 meeting place.

HOLLAND MEN

INTERCEPT TWO G. R. RUNAWAYS

Shades of Davy Crockett! With hard boiled eggs and dry biscuit to live on until they might be able to kill their own meat "west of Omaha" two Grand Rapids boys started out Thursday afternoon to rediscover the west of Zane Grey and Al Sheller.

Michigan concrete isn't the easiest substance to walk on, however, and when the pair reached Byron Center on their western jaunt Thursday night, they were glad to accept a ride from Al Brinkman and Peter Van Houw, both of Holland, who passed them.

The Holland men decided, however, that the pair should start out earlier some other day and brought the boys to police headquarters here. Sgt. Mervin Gaskill examined a suitcase they were carrying, suppressed a chuckle and sent the lads home in a police car.

The suitcase contained, besides the eggs and biscuit, plenty of old clothes "because it gets cold in the mountains" and razors. The boys admitted they expected to raise whiskers out in the "wild and woolly." The two would-be westerners were: Harold Neely, 13, of 1254 Garfield ave., N. W., and Harry Clark, 14, of O'Brien road.—G. H. Herald.

NEW CASES TO

BEGIN AT ALLEGAN

New suits begun in circuit court at Allegan, are James vs. Rachel Thompson, divorce, Attorney Thew; Edward vs. Anna Bensley, divorce, Attorney Thew; Lena vs. Earl Wood, divorce, Attorney Hoffman; Grace vs. Clifford Howe, divorce, Att. Hoffman; Dorothy vs. Eben Fisk, divorce, Att. Clark; Richard vs. James Oetman, garnishment; petition of Frank and Margaret Ream for discharge of a mortgage. In the last case the law moved rapidly. It appeared that the mortgage in question was given in 1868 and has been due 50 years. The name and address of the holder was unknown. The same day the petition was filed Judge Cross gave Attorney Moore an order discharging the mortgage.

WILL MAKE EXTENDED

TRIP TO THE EAST

Miss Gertrude Stephan and Miss Myra Manting left Holland Thursday for a trip East. They will visit various places of interest. The first will be Niagara Falls, where they will make a stay of some days. From there the young ladies will travel east, stopping in different states for sometime, but will spend a great deal of their time in Passaic, N. J., and New York City. They will also spend some time in Washington, D. C., where they expect to visit the tomb of Ex-President Wilson.

ALLEGAN OUT TO

STOP LIQUOR SALES

John Bodkin and Arthur Erickson, arrested at Saugatuck last week on charges of possessing 93 pints of synthetic gin, pleaded guilty before Judge Oren S. Cross Wednesday afternoon. Bodkin was given a fine of \$500 and six months to one year in Ionia. Erickson was given \$100 and six months to one year in Ionia. Judge Cross stated he intended to put a stop to the liquor traffic in Allegan county and advised the prisoners to notify their Chicago friends that Allegan county is a poor place to sell liquor. The prisoners, Chicago resorters, brought the liquor with them.

If passengers on the Pere Marquette railway have chafed at the slow speed of trains of that company within the city limits of Muskegon they should not be too harsh on the company in view of a request made of the city today. According to an old ordinance all trains are required to operate at a speed not in excess of 4 miles per hour. The city commission is reminded that trains in Grand Rapids may legally speed up to 20 miles an hour and in Holland 15 miles. The old ordinance dates back to 1871.

NEW CHURCH TO BE FORMED IN HOLLAND

An eighth Reformed church is in process of formation in Holland close on the heels of the organization of the seventh Reformed church in this city. The seventh church was organized only a few weeks ago and now the eighth church is being organized in the same building, namely the Van Raalte avenue chapel. There has been a little confusion about the congregations because both use the same chapel. Some people have assumed that the two congregations are the same. The use of the same building is only temporary however and will cease when the newly organized seventh erects a building of its own. The seventh church uses the Dutch language exclusively; the proposed eighth church will use the English language exclusively. While using the same building, the two congregations hold services at different times of the day. The congregation of the seventh church meets at nine o'clock in the morning and at two o'clock in the afternoon. The eighth church meets at 10:30 in the morning and at 7:30 at night.

Those in charge of the proposed eighth church are now circulating a petition to secure prospective members for the new organization. Up to Friday morning thirteen families had signed up and it is likely that several more will do so before Sunday. By that time it is hoped to have the petition in shape to be presented to the classis of Holland. That body will have to act on it before the meeting of organization can be held. It is expected that all the formalities will have been complied with in a week or two.

The name of the proposed new church may be the "Van Raalte Memorial church," although this cannot be definitely decided until the congregation is organized. The mission center out of which the church is growing has been holding successful services for many months in the Van Raalte avenue chapel. This summer the meetings are being held under the direction of student Edward Tanis. Last Sunday there were 60 pupils in the Sunday school and the church services are also well attended.

MARY JANE INN

VERY MUCH ALIVE

A rumor has been erroneously circulated that the Mary Jane Inn is closed for the summer. Mrs. Leath wishes to correct this rumor as the Mary Jane Inn is very much alive this season, much more alive in fact than ever before.

During August Mrs. Leath has made arrangements for dancing twice a week. She has secured the Royal Syncopators from Grand Haven for these dances. Special attention is given to auto parties and there is free parking for all.

June, 129th, was the sixth consecutive month recorded at the Ottawa County Weather Bureau with a mean temperature below normal. While considerably warmer than the month of May which preceded it, the month of June just closed was little or the warmest of summer about it, except for a few days in the second decade the mean temperature, 61.4 degrees, was 2.3 degrees below the monthly normal, and there were only seven days in the month showing departures in excess of the daily normal. The highest temperature, 85 degrees, occurred on the 20th, and this record was equaled, to whole degrees, on the 19th. These were the only days in the month when the mercury reached 80 degrees. The lowest temperature 41 degrees was recorded on the morning of the 11th.

Precipitation was somewhat in excess of the normal, the total being 4.08 inches, as compared with a normal of 2.51. Rain was well distributed throughout the month, amounts of .01 inch or more falling on fourteen days. Much of the rain fell in connection with thunderstorms, and this was true of the greatest 24-hour fall of the month, 1.17 inch on the 24th. The greater part of this came in connection with a severe thunderstorm in the early morning of that date, 1.02 inch falling in a little more than an hour's time. Half fell with rain for about one minute on the morning of June 20, some of the stones being about as large peas, but the fall was scanty and too brief duration to do any damage.

Wind movement was somewhat below the normal for June, the total being 6,232 miles. The prevailing direction was west, and the highest velocity attained was 33 miles an hour from the west on June 20th.

Thunderstorms were numerous, occurring on the 9th, 20th, 22nd, 23rd, 24th and 28th. Most of these storms were of only moderate energy, but the one on the morning of the 24th was rather heavy. From 2:45 a. m. to 3:05 a. m., the lightning was almost incessant, many of the flashes being followed almost instantly by crashing peals of thunder. Lightning struck at several points, but did no damage of consequence. Telegraph and power lines were the chief sufferers from the storm, although some minor trouble from washouts on the highways was reported.

Solar halos were noted on the 1st, 7th, 11th and 22nd. All were of the usual 22-degree type, and presented no features of particular moment. A circumzenithal arc of about 80 degrees in length was noted for a few moments shortly before sunset on June 16th.

Sixty-five per cent of the possible amount of sunshine was recorded. This is slightly below the average percentage for June. The month was composed of eight clear, 13 partly cloudy and nine cloudy days.

Light haze was very prevalent during the early part of the month; but little fog was noted. Light fog prevailed for a short time on June 2nd and dense fog set in in the early morning of June 20, changing to light fog about 6 a. m.

The somewhat unusual phenomenon of rain falling from an almost cloudless sky was observed on the afternoon of June 20. A small area of stratocumulus cloud drifted in from the west, passing over the station. Rain began to fall while the clouds were overhead; but continued for some time after they had passed on to the eastward and had largely dissipated.

Miss Jennie Steketee is spending her vacation at her home.

A daughter was born to Mr. and Mrs. Albert Bielefeld in Holland hospital.

NO SMOKING IN THE COURT ROOM

WHEN a lawyer's mind is wandering towards the cigar case, it's hard to keep it on his client's.

The suave, easy, self-possessed cross-examiner usually holds himself and witness in hand with a helpful little chew of BEECH-NUT—the favorite tobacco of thinker and worker.

Supreme Court justices, outdoor workers, expert craftsmen, athletes and business executives are never without it.

The biggest package of the best tobacco that ever flattered 10c.—a clean, pure chew for keen, sure brains.

Not a stem or impurity in a million packages and over 250 million packages sold in a single year.

Increased overheads haven't raised the price or reduced the quality—Makes 10c. swell with pre-war pride.

Gerrit Ter Vree, another veteran fire fighter, has been in the harness 35 years. Under Chief Blom the department has been made one of efficiency and the greatest development such as changing from horse-drawn apparatus to motorized equipment was made while he was chief.

The Holland postoffice is showing a steady increase in receipts and if the present rate is maintained for the rest of the year the goal of \$100,000 may be reached in 1934. The receipts for the first six months of 1934 show an increase of more than \$5,000 over the corresponding period for 1933, or a gain of a little better than 11 per cent. Last year's total was \$85,200, the highest in the history of the Holland office and eight times the amount for 1897, when free delivery service was inaugurated.

The Holland Cubs Friday night defeated the strong Drenthe team at Drenthe by a score of two to one. A large number of Holland fans motored to Drenthe to see the game.

Politics are getting complicated. In Allegan they have 13 or more candidates for the republican nomination for sheriff and five seek the nomination on the G. O. P. ticket for probate judge.

The Grand Haven Tribune in its column of 20 years ago has the following: "D. B. K. Van Raalte of Holland is stopping at the Cutler House. —Sheriff and Mrs. Henry Dykhuys are visiting friends in Holland. —There has been an important meeting of the Grand Haven city council to consider the so called mailpoil bill."

John Arendshorst, district manager of the Travelers Insurance company of Hartford, Conn., entertained 65 guests representing the employees of the Travelers Insurance company of the Grand Rapids branch which covers the western half of Michigan. It was the annual field day so-called when a get-together meeting is held and this year Mr. Arendshorst took it upon himself to give the Grand Rapids and vicinity folks and their wives a splendid outing at his cottage at Tennessee Beach. Besides indulging in all the picnic sports, the entire party was taken over Lakewood farm where Charlie Jackson showed the picnickers all there was to see at that beautiful show place.

The infant child of Mr. and Mrs. Albert Van Heuvelen, seven months old, died Wednesday night. The child is survived by the parents and three brothers and sisters. The funeral was held on Saturday afternoon at 2 o'clock at the home, 251 First avenue, Rev. J. M. Martin officiating.

The executive committee of the Soldiers and Sailors association of Allegan county met at the G. A. R. hall in Allegan to arrange for the coming annual meeting of the association. It was decided to hold the meeting at Saugatuck on Tuesday, September 16, 1934. It is hoped to make this one of the best meetings the association has had in several years. The program for the meeting will be arranged by the local committee.

While it is reported that virtually the entire peach crop of Berrien and Van Buren counties was winter-killed a survey of orchards in Allegan county especially in the vicinity of Fennville shows that there will be at least 65 per cent of an average crop of the fruit.

More than 6,000 copies of the premium list booklet of the West Michigan State fair, containing 144 pages with a three-colored cover, will be mailed from the offices of the association in the Ashton building within the week. Dates of the fair are Sept. 15-19 inclusive. Some of the copies have come to Holland.

Since the state convention last August the Fennville Auxiliary has sent the following to the Roosevelt Hospital: 67 qts. of fruit and relish and 5 glasses of jelly, 6 bu. apples, 2 sweaters, 4 trays clothes, 8 wash rags and 24 dozen eggs. Also sent 27 Valentine cards with the request that they be given to those who have no relatives or friends to cheer them. To the children's billet they sent 15 dollars in money, some clothing, a box of candy, a box of home made cookies and a large scrap book. They sent \$5 to the Service club at Washington and one Decoration day placed flags on all Civil War and World War veterans graves at Fennville and manlius cemeteries. They combined their last meeting of the season with a picnic at Hutchins Lake—Fennville Herald.

Joe Vanderwege, 14, who disappeared from the home of his parents more than a year ago, has not assumed the role of the prodigal son and his whereabouts still is a mystery. Joe whored out from sight while on an errand to order brick for his father. The brick was ordered, but Joe failed to return. Mrs. Vanderwege received a letter from her boy the day after he left and another letter several months later which contained the information that he was cruising on the Mississippi. Joe, however, failed to send his address and his mother has been unable to get trace of him or to get in touch with him by mail.

The Young Ladies Mission Circle of 9th street Christian Reformed church motored to Cutlerville Wednesday to take their annual contribution of fruit to a church institution there. On their return a picnic supper was spread under a tree in a pleasant and convenient place along the highway.

Rev. and Mrs. Henry Huememann and children of Lennox, S. D., are visiting relatives and friends in this city. Rev. Huememann is pastor of a German-speaking Reformed church and a graduate of Hope. Mrs. Huememann was formerly Miss Rena Docter of this city.

Three prizes were given away at Saturday's baseball game when 1200 fans waited with expectation to see which of their number would be the lucky person. "Klomp," with his fog horn voice, announced the numbers and it was found that John Koiker of the Scott-Lugers Lumber Co., received the Holland City News prize, a \$5 gold piece. Magnanimously John offered the \$5 gold piece in turn to the first Holland player making a home run.

The second prize, a two-pound box of candy, was won by Jack Blue, who received it from Bill Topp, while J. Zoerman will have a chance to go up in the air since he got the prize of a \$10 ticket entitling him to one ride in the airplane that is to do business at the Holland fair August 19, 20, 21.

That much for the prizes at Saturday's game with the Giants. At Wednesday's game there will be an unusual departure from the regular prizes when kisses are to be given away. Hold your horses, boys, don't get excited, it isn't the kind you're thinking of.

John De Koeyer, former supervisor better known as the "Candy Kid" will donate a \$3 pound box of freshly made kisses done up in tissue wrapper ready to sample.

Prize No. 2 comes from Bert Van der Poel, proprietor of the Superior Cigar Co. Bert is shelling out a large box of his best brand to someone who pays admission to the Kelley Ice Cream and Independent game to be pulled off Wednesday evening, game to be called at 5:45.

That all Holland High school students do not take up agriculture as a part of their high school course was evidenced when some of them exhibited their ignorance in the knowledge of plant life, even of the ordinary farm plant. All this cool, wet spring Roelof Bredeweg, formerly of Drenthe, had nourished a patch of "boerekoel" on the lot where his home is located near River and 4th streets, and had watched with longing eyes the maturing plants when he would be able to eat his fill of that delicious "green." But while he chanced to be off guard one day the city hired a half dozen high school boys to cut the weeds and tall grass on the sides along the streets.

When they came to the cabbage patch the scythe smoothly slid under a large fluffy head, just a touch of the blade on the tender stem and the large head rolled over revealing a nice clean space. The work of cleaning so much ground with so little effort was fascinating to the hard-worked youth after chopping the dry grass and the yells of delight brought the whole half dozen on the jump to participate in the fun. In the twinkling of an eye many cabbage heads fell, and in the general onslaught everything but the fun was forgotten, even street lines, and when the rush finally ran out there wasn't a single "boerekoel" left. Space does not permit us to tell even a part of what Mr. Bredeweg felt like saying we'll not begin, but it is said he expressed his opinion to the city officer in charge in very emphatic terms. It was also told us that he made more net profit from this patch of "boerekoel" in cold coin than he had ever made from any similar parcel of land—Zeeland Record.

Louis Francis Watermuller, a son of Rev. E. A. Watermuller, head of the Reformed Indian mission at Winnebago, Nebraska, was honored by Yale University when he graduated from that institution with highest honors, winning his degree magna cum laude. The young man is well known in Holland and for some years was a student in the preparatory department of Hope college.

Officers Bontekoe and Sweeringa detected Robert Sandbury going 30 miles on West 17th street Sunday and promptly arrested him. Shortly afterward they noticed Frank Carsticker going 32, also on West 17th street and they gathered him in. Justice Den Herder gave both the usual fine with an accompanying lecture.

As usual these speeders seem to think that beautiful 17th street is a speedway and the temptation to "step on it" cannot be overcome, it seems. More arrests are being made on West 17th street than on all the other streets taken together.

Rev. G. M. Van Pernis, formerly of Holland, pastor of the Reformed church at Fremont for the past three years, has accepted a call to Ninth Reformed church of Grand Rapids. He will occupy the pulpit at that church Sunday and plans are being made for his installation in the early fall.

Mr. Van Pernis formerly was affiliated with the Christian Reformed denomination, serving in its mission work in the western states and later was ordained a Presbyterian minister. He served Presbyterian churches in northern Michigan before going to Fremont. The parents of both Rev. and Mrs. Van Pernis live in Holland.

Whenever a Reformed church in the vicinity of Holland needs a pulpit supply it does not have far to go for a minister. It only requires a telephone call to what has been dubbed "Saints' Rest" at Central Park, on Black Lake where from 25 to 30 ministers spend their vacations during July and August. The best talent in the Reformed church can be secured any Sunday during those months.

Here is a chance for some young folks to make a little on the side. Secretary J. Arendshorst will put on a ticket-selling contest for Holland's community fair, scheduled for Aug. 19-22, with prizes totaling \$100. The person selling the largest number of tickets will receive the biggest cash prize. The contest will begin Aug. 1 and close on Aug. 15. Results will be announced Aug. 16. Every person is eligible.

Francis P. Ihrman, graduate of Hope and recent graduate of Western Theological seminary, has been ordained pastor of the Reformed church at Mohawk, N. Y., following his examination for ordination by the Montgomery classis. Ihrman presented his letter of dismissal from the Holland classis. A unique incident connected with Ihrman's installation was that all the five ministers who took part in the service are graduates of Hope college. Ihrman is a son of Mrs. Peter Ihrman of Holland.

Mrs. Lydia Martha DuShane, aged 20 years, daughter of Mr. and Mrs. Joseph Joema, of Grand Haven, and wife of Robert Du Shane, died at Ann Arbor Saturday. Deceased is survived by her parents, husband and one child. Funeral was held Tuesday at Grand Haven, Rev. Skinner officiating.

Henry Lund, 5-year-old, was instantly killed when he stepped from a "caterpillar" at Silver Beach pavilion, St. Joseph. His body was crushed under the wheels. He was with 60 other children on a picnic from the orphans home, Mishawaka, Indiana. The child became afraid and stepped off.

A number of girls from Chicago and Holland are enjoying a house party at the cottage of Dr. R. L. Van Dellen at Cardeau Beach this week. The party is composed of Marion and Henrietta Dykhuys, Geraldine Dekker, Lucine Meeter and Margaret Van Diele of Chicago, Anna Clark of Osego, and Jewel Huntley of Holland.

Peter Harig, Byron Center, waived examination in police court, Grand Rapids, Tuesday, where he was arraigned on a charge of embezzling \$443.42 from the American Phonograph Co., with which he had been employed as salesman. Complaint was made by Peter Meeuwse, manager. Harig was held to superior court under bond of \$500.

Flower beds in Centennial park are infested with grubs. In several instances the tender roots have been damaged and the growth on the plants retarded. Sum two to four grubs from each plant in a large bed of salvia. The pest will be carefully watched before much damage has been done.

Capt. Eli E. Pugh died suddenly at Pauline Stearns hospital at Ludington at six o'clock Saturday night. Born near Grand Rapids, April 27, 1864, he entered the gov't service at the age of 21, at Manistee. Later he was made captain of Coast Guards at South Manitou. He was honorably discharged March 31, 1919. The widow and two sons J. Wilbur, of Chicago and aWiter E. of Milwaukee, survive.

Deputy sheriff Charlie Jackson of Lakewood Farm picked up a man who was found acting queerly, and who, neighbors considered, was insane. When Mr. Jackson arrived he found the man sitting under a tree north of the farm. Jackson immediately took him to Holland where Chief Van Ry questioned him and he proved to be a tramp. Mr. Van Ry told the man to leave the city at once, which he did.

Leonard Dekker and two other persons escaped serious injury when their automobile turned turtle on the Zeeland road. Dekker attempted to pass a car going in the same direction and crashed headlong into another machine parked on the opposite side of the road. The impact threw Dekker's car completely around before it turned turtle. Dekker managed to crawl from under the machine before assistance came. The three men sustained only minor bruises. The car is badly wrecked.

Holland, are holding its annual picnic Thursday at Jensen Park. The school Holland, will hold its annual picnic tomorrow at Jensen Park. The school is next to the largest in the Reformed denomination in the west and has an enrollment of 1,061. It is expected that more than 1,000 will attend. Table dinner will be served at noon. The program of sports is in charge of D. Boter and J. VanTatenhove. George Schelling, president of the Ottawa County Sunday school association, is superintendent.

Fifteen-year-old George Dunlop of the Spring Lake Country Club proved a sensation at the Muskegon resort-tournament held over the weekend and defeated Charles Livly of Chicago on up on the 38th hole for the title. Other men entered were F. C. McCrear, H. S. Robbins, G. Savage, N. Robbins, A. E. Gale, Herman Hillman, J. H. Johnston and Edward Seligman. The Spring Lake club's annual Golf meet is slated to be held in the near future and golfers hope to retrieve their honors.

Harold Deceire of Zeeland and Carl DeFree also of Zeeland were both arrested, the former for being intoxicated and the latter for driving recklessly.

The young Zeelanders were together when arrested and when arraigned pleaded guilty before Justice Van Schelven who fined them each \$20.00 and costs.

With the advance of summer the mashing craze is again taking hold in Holland after a lull of some months. Officers Cramer and O'Connor first arrested John Vance on 14th street for accosting young ladies going home from church. Vance pleaded guilty and was fined \$17.30 by Justice Van Schelven. The same officers arrested H. Vander Tate, charging him with the same offense. He is to appear on Tuesday when his case will be disposed of.

Chief Van Ry states that the mashing craze must stop and he and his men will see to it that the epidemic is put down. Others caught making advances to young ladies will be severely dealt with.

If you have any plumbing work to do that needs attention immediately have it done before Friday because on that day Holland will be without a single plumber and it will be impossible to have any work done no matter how urgent it may be. On Friday every plumber and plumber's assistant will be out of the city from early in the forenoon until late at night and householders who get into trouble with their plumbing system will have to get along as best they can or make repairs themselves.

The Holland plumbers and their families will enjoy their annual picnic on Friday at the Allegan county park. There will be approximately 60 men, women, and children in the party and they will go in about 15 automobiles. A truck loaded with eats will accompany the party so that when meal time comes there will be plenty for all. The sports committee has also been very busy and every conceivable picnic contest will be pulled off.

SPORT NOTES

A game with the famous Colored Giants is always looked forward to with great interest by the Holland people. First they come because they see a good brand of ball, for these colored boys begin playing early in the spring and continue to play every day until late in the fall. They bump up against every manner of team on all kinds of diamonds, good bad and indifferent, and the result is that these men play big league ball, and a team that wins from them can consider that they've won a victory indeed.

The result of the game was 6 to 1 in favor of the visitors. The Colored Giants played a wonderful steady game, excelling in both fielding and batting.

A total of 812 gathered at the Waterworks park at the twilight game Friday to see the second bout between the Holland Independents and the Illinois Colored Giants. While the Giants won the first game on Thursday, Friday night's game was won by the locals by a score of 8 to 4.

In the preliminary game at Waterworks Park Saturday afternoon the Cubs defeated the Grand Rapids Plymouths by a score of 10 to 3.

The last game played with the Colored Giants resulted in a score of 4 to 1. It was one of the most exciting games ever played on the local diamond and both teams fought hard for supremacy. There were nearly 1200 paid admissions and from all appearance there were as many more "kids" who were admitted free. Saturday's game was a great baseball treat and a circus as well, for those colored chaps can certainly make it interesting for the spectator.

In one of the most exciting games of the season about 300 fans saw the plucky Federal Mfg. Co. team turn in their second win over Limberts to the tune of 5 to 4.

The Federals are going strong, having won 7 out of 8 games played. One game was lost to the De Free team and one was a tie with the same team. De Free still hold first place with a percentage of .1000. The Federals will meet them again next week.

Following is the result of the base ball game Saturday afternoon between Heinz and Drenthe, at Drenthe. The final score was 8 to 2 in favor of Heinz. Batteries—Heinz, C. Sterenberg and J. Sterenberg; Drenthe—R. Nyenhuis, Veenbois, B. Mast and Dozeman. The Heinz team secured 14 hits, while Pitcher Sterenberg was able to hold the Drenthe team to only five hits.

JURY BLAMES DE WITT FOR GIRL'S DEATH

The coroner's jury in the case of the death of Betty Strunk, who was killed in an accident at the F. M. crossing on 8th street Tuesday night, brought in the following verdict:

"The jury finds that Betty Strunk came to her death in an automobile accident caused by the carelessness of the driver Herman De Witt while in an intoxicated condition."

The inquest lasted the greater part of the day. During the noon hour the jury went to the garage where the remains of the automobile are kept and they inspected the wreck. At one-thirty in the afternoon the inquest was resumed and the taking of testimony lasted until about 3:30 when the case was given to the jury.

The witnesses at the inquest were: Officer Dave O'Connor, Officer Peter Bontekoe, Dr. R. N. Nichols, Arthur Rankin of Chicago, a parlor car porter, Herman De Witt, and Edison K. Hamilton of Coloma, an employee of the G. & M. line who was present and saw the accident, Jacob E. Dornbos of Grand Haven, another eye witness, made a deposition before officers before the inquest because he could not be present at the inquest.

John De Witt, nephew of Herman De Witt, gave his testimony at Holland Hospital where he is still confined.

Herman De Witt denied consistently and positively that he had any liquor or that he was under the influence of liquor at any time while driving the car that was wrecked. Edison K. Hamilton, who assisted him immediately following the accident, was very positive that he smelled liquor on the man.

The jury was composed of William Visser, John Vandersluis, Bernard Keefe, B. Steketee, Arie Vander Hill and C. E. Drew.

Bert Slagh of Holland was honored with the vice-presidency of the Master Painters' association at its meeting in Flint Thursday. Mr. Slagh was one of the speakers at the convention and took a prominent part in the deliberations.

Other officers elected were: President, Gerrit Vonk, of Grand Rapids; secretary and treasurer, Fred Gunman, of Grand Rapids; member of the national executive board, Leo H. Rowley, of Detroit.

Holland will receive the tidy sum of \$53,410 in primary school money this year according to an announcement just released by the Michigan state department of education. The primary school money apportionment this year will amount to \$14 per capita. The school census recently taken shows that Holland has a school population of 3815, which makes the apportionment to Holland \$53,410.

This city will receive \$11,445 more this year than was received last year from the state primary fund. The per capita apportionment a year ago was \$11. The school population this year is only 15 more than last year so the increase is not on that account.

On the cover of last week's issue of "The Leader," Reformed church weekly, Dr. E. J. Biekink, of the Western Theological Seminary prints a creed for the political parties that are about to make a canvass of the country. The title is "A Campaign Creed" and it reads as follows:

1. We believe in government of the people for the people and by the people.
2. We believe in party rule for the administration of the government.
3. We believe that every four years the party in power must give an account of its stewardship to the people.
4. We believe that those who desire to remain in power and those who seek to secure it must have for their supreme motive not the greatest good for some of the people, nor the greatest good for the greatest number of people, but the greatest good for all the people.
5. We believe that it is as reprehensible for parties to seek or to secure or maintain the place of power by misrepresentation and falsehood as it is for the individual.
6. We believe that every citizen has a definite responsibility before and on election day and that he must honestly meet it.
7. We believe that when the campaign is over and representatives are chosen that then the will of the majority is the will of all.
8. We believe that, when parties seek the greatest good of all the people the Republic is safe, and that we may look for the continued favor and blessing of God.

The board of judges rendered its decision today in the National contest for the best definition to the age-long question: "What is success in life?"

With several hundred thousand from every state in the Union, the First Award of \$1000 is given to Edward W. Young, of Cleveland, Ohio.

It is announced that Mr. John Friessner, of Holland, Michigan, stood through the contest to the finals and was among the leading contestants in the decisive ballot.

This is the first public service contest ever conducted over the radio, simultaneously reaching every part of the nation and many foreign countries, with immediate replies from Norway and South Africa, flashed through the air waves.

The judges rendering the decision are: Hon. James J. Davis, of Washington, Secretary of Labor; Hon. Martin Vogel, of Washington and New York, former Assistant Treasurer of the United States; Hon. T. V. O'Connor of Washington, Chairman of Shipping Board; Mr. Samuel Hastings of Chicago, former President Illinois Manufacturers Association; Judge Ben B. Lindsay of Colorado; Judge of Juvenile Court of Denver; Mr. Franklin Simon, of New York, President of Franklin Simon & Co.; Dr. Frank M. Clendinning of New York, Rector and distinguished author.

The national contest was inaugurated as a memorial to Dr. Orison Sweet Marden, founder of Success Magazine. More than 50 per cent of the contestants give "service" as the chief factor in success. Money stands far down in twenty-fifth position while material prosperity is at the bottom of the list.

The awards will be made Tuesday, July 15th, by Walter Hoff Seely, chairman of the committee and editor of Success, with appropriate ceremonies at Cleveland, Ohio.

LUIDENS LUCKY AT THE COLORED GIANTS GAME

He received the box of cigars at the baseball game Thursday donated by Jake Japings of the Union Bar, while his nephew Mike Luidens received the \$5 ukelele, from the Meyers Music House. Mike is great on canoe riding, and now with his new ukelele he can make it interesting for his best girl.

ALEX J. GROESBECK WILL RUN FOR GOVERNOR AGAIN

Gov. A. J. Groesbeck will be a candidate for the Republican nomination for governor in the September primary, he announced in his long awaited formal statement made public Friday. Mr. Groesbeck will be running for a third term.

Whether Holland is to have a metered taxicab system or not has been a bone of contention for several months, some taxi drivers favoring one system, some another. Wednesday evening the common council cut the Gordian knot by providing for both the meter system and the flat rate system in an ordinance that was passed by a unanimous vote. If the taxi operator wants to use meters the rates he may charge are provided for and other regulations are given in the ordinance. If he wants to operate under the flat rate system the rates and regulations will remain the same as in the taxi ordinance now in force.

A representative of the Yellowcab company who was present at the meeting praised the ordinance and said he believed it was a good way to settle the difference of opinion, declaring further that a similar difference of opinion existed among the taxi operators in many cities of Holland's size. He predicted that if one of the taxis should put in the meter system the public would soon demand it of all and so normal competition would settle the question for good.

Under the meter system patrons who make taxi men wait will have to pay for the privilege. The charge is ten cents for every six minutes of waiting or fraction thereof.

Most of the new ordinance is the same as the old. The section that is entirely new is the one governing the rates under the meter system. This section reads as follows:

(a) If the motor bus is equipped with an approved taximeter:—

For the first two-thirds mile or fraction thereof, for one person . . . 25c

For each succeeding one-third mile or fraction thereof . . . 10c

For each additional person for the whole journey . . . 20c

For each six minutes of waiting or fraction thereof . . . 10c

Waiting time shall include the time when the taxicab is not in motion, beginning with the arrival at the place to which it has been called, or the time consumed while standing at the direction of the passenger, but no charge shall be made for time lost for inefficiency of the taxicab or its operator or time consumed by premature response to a call. The above charges shall be for one person. For each additional passenger carried a charge not exceeding twenty (20) cents for the entire trip may be made. No returning charge whatever shall be made for distance traversed regardless of the point of commencement or finish of the trip made.

The American Legion held their annual picnic yesterday afternoon at Dr. Westrate's cottage at Tennessee Beach. Some two hundred of the ex-service men, the Woman's Auxiliary and their families came out for this re-union. Each year makes this occasion more of an event for the soldiers; 1924's picnic surpassed all others for sports, fun, eats, and a general good time.

The first part of the afternoon, as is customary, was taken up with games and races. The Has-Beens, captained by Gerrit Veurink, whaled the Never-Wases by an overwhelming score despite Captain Harm Van Ark's sturdy efforts. The winners shared their box of Warm Friend cigars, contributed by Andrew Klomparsen, with the losers. Other races and the names of winning contestants follow:

Men's Ball Throw, Ed. Oonk; Ladies' Ball Throw, Mrs. Chester Van Tongeren; Running Broad Jump, Clarence Lokker; Ladies' Balloon Blowing Contest, Miss Rena Bowman and Mrs. A. Leenhouts; Hop, Skip and Jump, Ben Rutgers; Aerial Crueller consuming contest, Bill Hoisinga and John Vander Werf; Men's Balloon Blowing Contest, Peter Lutgen; Needle Threading Contest, Mrs. Wm. Wagenaar; Fat Men's Race, Dr. A. Leenhouts; Ladies' Fifty yard dash, Mrs. Chester Van Tongeren and Mrs. Gerrit Veurink; Men's 100 yard dash, Don Zwemer; Stetoscope Contest, entered into by all members of the medical profession who are Legionnaires, won by Doctor Westrate, the prize being a step ladder contributed by the Holland Ladder Company.

The contests were very spirited and considerable rivalry developed to win the fine prizes donated by Deur & Zwemer Hardware Co., Lawrence's Drug Store, Van Ry's Confectionary; H. P. Prin's Shoe Store; Vande Linde & Vissers, Home of Holland Shoes; Du Mez Bros.; Van Tongeren's Store; De Fouw Electric Store; Rutgers' Clothing, Van Kolk-en's Waffle Shop, Becker's Chatter Box, Haan Bros. Drug Store; Jack Blue and A. Joldersma's Golden Rule Clothing Store at Grand Haven.

The crowning event of all picnics is the Baby Contest and this was no exception. Judged purely on his merits from the four points of physical standards essential to grand babyhood, namely, beauty, age, weight and physique, little Billy Faasen won the prize, with little Harold Van Tongeren a close second.

After the games some went in swimming; some pitched quilts and others amused their babies with pelt and shovels in the sand. But the vast majority filed in line waiting for chow call. When it came there were in no way disappointed as the Woman's Auxiliary, under the direction of Mrs. Wm. Wagenaar and Mrs. Vander Woudle, provided plentifully and well. Those who helped prepare and serve the food were Mrs. Robinson, Mrs. Ben Geerde, Mrs. Van Tongeren, Mrs. Hook, Mrs. Van West and Mrs. De Vries. To wind up the occasion the band played a beautifully and tunelessly and at dusk the parade started homeward.

SHERIFF NOT BLUFFED IN LEVY CASE

The farmer riot so called at Olive and later at Holland has been much exaggerated in the state and national press, one of the Chicago papers even stating that Governor Groesbeck was to interfere with any attempt of deputies to carry out a writ of attachment on the goods and chattels of the three farmers who had signed a bond for \$8,000.00 in behalf of a former local grain company. Some of the papers even have it that pitchforks, rifles, small arms and other weapons were brought into play.

Where they "get that stuff" is hard to conjecture, for while a few of the most excited ones may have mentioned firearms, there were no weapons in evidence as far as anyone knows. The farmers were no doubt much wrought up and excited in their talk but no harm was done to anyone.

Now the report is going the rounds that Sheriff Fortney was bluffed out while making the levy. This is far from the truth, for it is apparent that the sheriff and his force used fine diplomacy in getting the principals together which, it is stated, will result in an amicable settlement. Relative to this false report the Grand Haven Tribune gives the following:

The report in one of the outside papers stating that Sheriff Fortney was bluffed out of making the levy on the property of Simon Harkema, George Smeyers and William Kooyers last Tuesday, was an injustice to the Ottawa county sheriff that does not go well with him or with those who know him. It was merely the case of an officer trying to go easy with farmers who had undoubtedly been the victim of ill luck and having his enemies turn on him with the cry of "coward" because he did not brutally enforce the law at the point of a gun.

Considerable publicity was given the sheriff, publicity that hardly reflected credit on him and altho he has said but little in connection with it, expecting the knocks as part of the reward accorded a public servant, his friends have taken exception to the manner in which he has been treated. It is true that Sheriff Fortney and seven deputy sheriffs went to the Smeyers and Kooyers farms in Olive Center on Tuesday and they went prepared for resistance if forced to do their duty in connection with the affair. The little band of officers were armed to the limit, and prepared for any resistance to them in carrying out their duty.

Upon the arrival of Sheriff Fortney George Smeyers and William Kooyers approached the officers asking if something could not be done to stop the eight thousand dollars levy that would practically clean them out. Sheriff Fortney, uncertain as to how far he could go in the matter, replied that almost everything had been done that could be done but that he would go with the three men to G. J. Diekema of the First State bank of Holland, to see what could be done. The note given by the Grain Co. of Holland and endorsed by the three farmers is held by the First State bank.

The note held by the bank entitles them to the principal and interest amounting to eight thousand dollars, but it is stated that an agreement was come to whereby \$6,000 would have satisfied the claim—the bank making a very liberal settlement as far as the three farmers are concerned. This was awarded by court judgment, which the farmers and their neighbors at first were going to dispute, if necessary, by force. On last Tuesday, however, the sheriff's department arrived ready for action and more peaceful means were used to influence Sheriff Fortney to go the limit in leniency. The sheriff always has had a soft spot in his heart for the farmer, realizing how hard the tillers of the soil work for their meagre return day in and day out. This made it easy for the farmers to prevail upon the sheriff to be as lenient as he could. As it was he could enforce the law and called upon all the law enforcement bodies to back him up.

At this gathering the farmers were not armed for resistance as was said, most of them realizing that law is law and will be enforced at any cost. The sheriff could have enforced his levy without resistance but it was postponed for two days pending agreement. A peaceful conclusion is promised by the three farmers even though they have to surrender their goods.

Sheriff Fortney through the agency of false reports has only received other unmerited knocks in a case where he really deserved the greatest of praise that could be given for conduct becoming an officer who was honestly trying to do his best. When asked about the "bluffing" incident, the sheriff stated, "nobody has ever bluffed me out of doing my duty as I saw it yet and I don't think the record will be broken."

LARGEST ELM TREE IN STATE IS 500 YEARS OLD

The largest elm tree in Michigan, so-called by Prof. Filibert Roth of the University of Michigan forestry department is located on the Fred Taylor farm, six and one-half miles southeast of Kalamazoo. It is estimated the tree is over 500 years old. It measures 151 4-10 feet high, 27 feet in circumference and nine feet in diameter. The distance from the ground to the leaves is 81 feet. An effort is being made to induce Mr. Taylor to give his permission to allow the public access through his fields so the tree may be visited.

ROAD OPENED FROM JENISON TO HUDSONVILLE

M-51 leading through Grandville to Jenison, Hudsonville and through to Holland is completed and opened from the Kent county line to Hudsonville. Contractor Hoxie under whose supervision the work was carried on has moved his crew to this end of the line where a considerable amount of work is still to be done under his contract. The completion of this stretch to Hudsonville now gives that community a hard surface road to Grand Rapids, which no doubt the community highly appreciates.

A gang of men under the supervision of Engineer Sanderson, who will have charge of the paving improvement being made on State St. at Grandville by the Holland Interurban are engaged in unloading brick along the curb of this street. This is the first visible sign of actual work that has been done on the street.

THE O'KURAS.

In all the array of talent and entertainment features and sensational acts before the American public, none is more popular and productive of a full measure of amazement and admiration than the O'Kuraras, that trio of wonderfully clever Japanese equilibrists who are eagerly sought for return engagements wherever they have appeared. They have a beautiful act, gorgeously and richly costumed, elaborate and unique equipment, and they give a rapid succession of astounding and original tricks, several that are incredible until actually seen. For instance a

young and graceful girl executes dance steps and graceful maneuvers while atop a pyramid of boxes balanced on the feet of Mr. O'Kura, resting on his back on a pedestal. Suddenly the boxes fly from under with one flip, the girl drops to the upturned feet and is whirled rapidly about in a compact bundle of humanity. The young ladies take their position on his feet at another time and might be rubber balls as he juggles them about in mid-air. A large triangular frame, seen for the first time, is introduced in a series of most astonishing and original feats of equilibrium and Mr. O'Kura gives a sensational and wonderful performance on the silver wire. Each member of the little troupe is an artist and Mr. O'Kura is supreme in his style of entertainment.

\$3,000 FIRE IS CAUSED BY LIGHTNING

Holland had a \$3,000 fire early Tuesday morning as a result of a stroke of lightning. The warehouse of the Holland Rendering Works on East Eighth street was burned down to the last stick. Only the direction of the wind saved the other buildings of the plant from suffering a similar fate. If it had not been for this fortunate circumstance the whole plant would have gone up in flames and the loss would have been much greater than it is now.

The wind was due west. One of the other buildings is north of the warehouse and one south, each about sixty feet from the building that burned. The wind fanned the flames away from the other buildings and thus they were saved from the conflagration.

There is no evidence that lightning caused the fire except supposition. The building was already far gone when the fire was discovered. Aid, Kiehl, who is the owner of the plant, hurried to the scene of the fire accompanied by firemen with chemicals. But nothing was to be done to save the place because the fire had gained so much headway that it could not be put out and had to take its course. If the flames had once had a chance to get to the nearby buildings it is likely that not a stick would remain of the whole concern.

The warehouse was filled with poultry food and with raw materials from which the concern manufactures poultry food, and the loss is estimated at \$3,000, although no accurate figure could be given this morning by the owner. The fire was discovered about 1:30 Tuesday morning.

Miss Hannah G. Hoekje, member of the faculty of Holland high school, successfully underwent a serious operation Friday at Holland hospital.

Russell Vis, 25, formerly of Grand Haven, now of Los Angeles, son of Mr. and Mrs. John Vis, has received the highest honors in Olympic games at Paris in wrestling. The Los Angeles A. C. has granted him a life membership in appreciation. He is a nephew of Mrs. Henry Albers of Grand Haven.

Allegan News.—The first drunk to be held in the county jail in many months was brought in late last week when Denis Jewel of Wayland was sentenced to 15 days in the county lock-up. Jewel was taken at Wayland by deputy Stockdale and was sentenced by Justice Newman.

Although the taxes are coming in better than in any previous year, the tax money is far from collected. At noon Tuesday a trifle over \$40,000.00 had been received out of \$336,000.00 appearing on the tax roll. So it is evident that many a dollar must pass through the little window of Treasurer Bowmaster's office before the sum required by the city is fully paid in. Tax payers still have 3 weeks from next Friday in which to pay their tax debt to the city without having the 4 per cent extra collection fee tacked on.

A dispatch comes from Florida, from an Ottawa co. there, that tells of a reward to curb fish dynamiters. Such a reward would be in order in our own county. Says the dispatch: "Sportmen of Ottawa county in Florida will find it a profitable business scouting about for persons dynamiting lakes there. The Isaak Walton league has made an offer of \$100 for arrest and conviction of the first guilty person, while the state has a standing offer of \$100 and half of the fine assessed for anyone caught taking fish from the lakes in this manner. The maximum fine may be as high as \$500.00."

The home demonstration department of Ottawa co. are holding their annual picnic at Jensen Park at Holland on July 24. Access is by automobile or interurban and all men, women and children are urged to come and bring their basket lunches for a good time.

A sports program has been arranged including eleven events with prizes for each event. The events are bean bag contest, slipper mix up contest, two sole race, balloon bursting contest, clothes pin relay, suitcase relay, corn dropping, sewing contest for men, running race for women, men's jumping and peanut scramble for children. John Van Vyven will lead the community singing and Miss Louise Campbell of M. A. C. will be the speaker.

In the expectation that "the family" will come along with Dad for the annual Farmers' Day at M. A. C. East Lansing, August 1st, plans are being made to provide special headquarters and entertainment for women visitors. As a result, Farmers' Day will be Ladies' Day too at the college this year.

Making their headquarters in the new M. A. C. home economics building, the ladies will find much of interest in their own particular field, and in addition they will join the men in inspection trips over the college grounds in the morning. The big afternoon meeting under the campus trees is, of course, planned for all the Farm Day visitors.

The livestock parade, or "style review," the band concert, the talks by national agricultural authorities, and the specially prepared exhibits are expected to be of as much interest to the women as to the men.

During the afternoon, tea will be served in the parlors of the home economics building, the faculty of the college home economics department serving as hostesses for the social gathering.

A FLEET OF AIRPLANES TO BE AT FAIR

C. H. Parlette, of the co-called Burns flying circuit was in the city making arrangements with both the fair association and some of the merchants whereby a fleet of airplanes from Fenton, Michigan, will come to Holland during the Community Fair to be held August 19, 20, 21, and 22. The company has twelve planes and has headquarters at Fenton.

Sometime ago the government selected the Burns flying company as one of eight schools designated as schools in United States Aeronautics. The school at the present time has 32 pupils receiving instruction from the celebrated Jack Burns who during the World war constantly flew for King Albert of Belgium near the front. The Belgium King was often a passenger in the Burns plane.

The Burns company is coming here, is to fly for the fair association, and is also to put on some sort of an advertising scheme whereby the merchants can purchase a certain number of flying trips that go to cus-

tomers who purchase a certain amount of goods. Those merchants who are enlisted in this fair advertising method will explain to customers just what is required to secure such a ticket.

Mr. C. H. Parlette, general manager of the concern, stated that the school with its planes has one great object in view in making the fair. He says air travel has great possibilities. People are just beginning to realize what the airplane has in store when it comes to rapid transit for either passenger or express. This has just been demonstrated by the United States government with practically 24 hour mail service between New York and San Francisco.

Mr. Parlette says that it will not be long before Holland as well as any other city of its size will be connected with air service and it is to stimulate this coming method of travel that the Burns airplane company is going from place to place, and thus in part through exhibitions and other methods is paying expenses for pulling off the exhibition.

It is also for the purpose of getting a community interested and establishing landing places near or in a city large enough to take care of any air service that will be established within the near future.

Mr. Parlette states that the time

is not far distant when every city of considerable size will have established landing places if they want them. When Mr. Parlette was asked whether the fairgrounds would prove a suitable landing place he said it would not, as it was entirely too small for commercial airplane service. This matter of airplane service and landing place might be a good thing for our zoning and planning committee to look into. There is no doubt but that within a few years air service will play some part in our transportation methods.

"Politics & Fireworks"

THEARLE-DUFFIELD'S FIREWORKS

EVERYBODY KNOWS there is a lot of fireworks in politics, but how many know that a whole lot of politics can be put into fireworks too? The Thearle-Duffield Fireworks Company, a division of the World Amusement Service Association, of pyrotechnical experts has a side-splitting fireworks feature which it calls "Grooming the Political Animals" and it comes in part just now, when a National political campaign—the great quadrennial sweepstakes to the White House—is on.

And the beauty of this fireworks display is that, no matter what your party beliefs and affiliations may be it will bring you a laugh and cause no offense. Its the best kind of American humor in fireworks. In its production our old friend the G.O.P. elephant marches across the entire exhibition field in search of exercise, followed by the democratic donkey with tail up and ears wagging. You applaud according to the way you believe—and you will both laugh and applaud. The Thearle-Duffield Fireworks Division will present its massive and gorgeous exhibition at the

If You had a Son

As no doubt many of you have, wouldn't you like to see him succeed? The success of a young man inspires confidence in other young men and allays the fear that one must be old and gray before asking for public recognition. Large industries hire young men not because of sentiment, but because of efficiency. If you are willing to give a young man a show, one who is a graduate from one of your own high schools, remember

LOCAL

The Holland Independents left for Allegan this afternoon where they are scheduled to play.

County Clerk Orrie Sluiter handed the Holland City News \$5.00 to help the cause of the Holland Independents. Mr. Sluiter expressed the desire to aid the Holland team, deploring the fact that Grand Haven too didn't have a team like Holland. He stated that he hoped that by next year the county seat could dig up enough baseball timber to start a team. A game between Grand Haven and Holland he stated is always a drawing card.

Rev. John D. Muyskens, graduate of Hope college, has been selected as the missionary of First Reformed church at Mt. Vernon, N. Y., of which Rev. Albertus T. Broek, former Holland boy, is pastor. Muyskens graduated from Hope in 1916, served three years as principal of Hope high school at Madanapelle, India; studied three years at Princeton seminary; took a postgraduate course at Edinburgh university, Scotland, and now is stationed at Palmaner, India.

Carl Shaw, of Holland, spent today visiting old friends in this city. Carl played second base on Dad Hale's Grand Haven Athletic back when Grand Haven was the top ton in independent baseball in the state. Not only was he one of the cleverest players who ever wore a Grand Haven uniform, but Carl Shaw was one of the most personally popular boys ever associated with the game in this city. The fans were strong for him both on and off the diamond. He is still playing ball and is one of the mainstays on the Allegan team this season. His many friends here were glad to see him today and he had a hearty welcome awaiting whenever he went.—Grand Haven Tribune.

Word has been received from Chicago that James W. Adams, for years a resident of Laketown and Holland died in Chicago at the home of his daughter, Mrs. Elma Wilcox, 4011 Warwick ave. Death occurred Sunday and funeral services were held in Chicago Wednesday afternoon and the body was taken to Holland Thursday morning, where short services were held in the Dykstra chapel, and the body of Mr. Adams was placed beside that of Mrs. Adams in Pilgrim Home cemetery, she having passed away some ten years ago. Mr. Adams was 67 years old and was a veteran newspaper man. He is survived by two sons, Edson B. Adams of Albany, N. Y., and Dr. A. L. Adams of Jacksonville, Ill., and one daughter, Mrs. Elma Wilcox of Chicago. All were in Holland today attending the funeral of their parent.

FRIENDS OF THIRTY YEARS AGO HAVE REUNION

Grand Haven Tribune.—Mr. and Mrs. John Farnham of cottage L. M. at Highland Park were hosts at an all day pot luck party Tuesday to a number of old time friends. In fact it was "the Bosch girls and the Pellegrini girls" now changed into the following leading names in their communities: Mrs. Etta Hulsenga, Mrs. Minnie Veneklassen, Mrs. C. J. Den Herder of Zeeland, Mrs. Edward Vaupe of Holland, Dr. and Mrs. A. Ryndorp, Judge and Mrs. James Danhof and Miss Ella Pellegrini of Grand Haven. Thirty years ago, seems but as yesterday when looking back and such a good time was enjoyed by these friends of thirty years standing, who are keenly enjoying life but who know that the days of longskirts and long hair are not to be forgotten nor does time lessen the bonds of friendship formed when Grand Haven was but a village.

A UNIQUE SERVICE

Nothing Like it in the Building Industry

THE Bolhuis plan is absolutely unique in its field. It's something new—something original. We are the first to combine a complete home-building service into one organization, "from plans to finished building".

We are *Pioneers* in this plan. A few years ago it was an experiment. Today it has saved builders so much, and has satisfied them so well, that it is an established success.

BRIEFLY, HERE IT IS:—

We plan your home for you, if you want to take advantage of that service (no extra charge). We buy materials in carload lots direct from the manufacturers, (no middleman's profit). We cut the lumber in our own mills to fit your building (practically no sawing necessary on the job).

We construct the building with our own men.

The whole job is under the supervision of competent builders who know what they need to get satisfactory results; who have the facilities for getting what they need, and for getting it on time to avoid expensive and aggravating delays.

That's the Bolhuis way of building! It will save you money.

into this city taking census statistics and getting things ready for the publishing of their directory of Ottawa county. Two young ladies from Holland, Margaret Ten Brook and Hattie Sienk, are on the work here and are making good progress.

The work is slow and tedious and local people are asked to co-operate with the young ladies as much as possible so that information may be gathered with despatch.

Burglars broke into the Elferdink store at Central Park between Saturday and Sunday and stole \$100.00 in canned goods. Apparently the thieves backed an automobile back of the building and filled it with merchandise from the store. The rear door was broken open and deputy Vander West thought that he had a clue to the whereabouts of the burglars, but in following it up the clue petered out.

A more considerate burglar entered the store of Ted and Ed at Zeeland some time Monday night, shed his old and tattered clothes for one of the snappy brand taken from the hangers in the Ted and Ed place of business. The burglar apparently was on to the ropes, having a skeleton key that would unlock the front door. This is the third time that the Ted and Ed store has been robbed within the last three years.

The Home Shirt company of Ludington and Hart has just completed arrangements with the Grand Haven Chamber of Commerce for the location and construction of its third and largest factory in Grand Haven.

The new factory is to be a brick building 200 by 50 ft., two stories, and will have capacity to enable 200 women and girls in making a staple line of working men's shirts.

Over one thousand Ottawa county Odd Fellows gathered at Fruitport Saturday to hold their annual picnic which incidentally was one of the largest ever held. Both Odd Fellows and Rebekahs were present at the outing which lasted all day.

A large number of Holland members of the order were present having motored down early. They were accompanied by their ladies from the Rebekah lodge of this city. Many prizes were won in the picnic sports. President Kraker of the County association executed many fancy steps for

J. A. Brieve, son of Alderman Frank Brieve, has purchased the Holland Pastry Shop, conducted on River avenue the past few months by the Federal Bakery, and will conduct a retail bake shop there. The name of the new concern will be "The Banner Bakery," and Mr. Brieve will bake and sell at retail a complete line of bread, cakes, and pies. It will be a retail home bakery and Mr. Brieve will be ready to serve the public in every way in the baked goods line.

He will take possession of the store on Friday of this week and the opening day for the public under the new management will be Saturday.

Possibly Tuesday night the largest crowd that ever attended a band concert in Holland was present in Centennial Park to listen to the weekly program offered by the American Legion band. The number of course is only guesswork, but the north end of Centennial Park was simply jammed with people, and automobiles filled 10th street, encircled the entire park, extended down 12th street both ways beyond the park, and the same can be said of River avenue, 10th, 11th and Graves place. Band concerts in this city are becoming more popular each year.

Registrations are coming in slowly considering that nearly two months have passed since the call was first issued that voters, both men and women, could register at the city clerk's office and must register in order to vote at the primaries on September 9 and at the election in November for president of the United States.

Up to Tuesday evening 1550 voters had registered out of more than 5,000. Of this number 1,020 were men and 530 were women, the men registering 2 to 1 in proportion to the women.

Two months have passed of the registration period. There is one month left for the balance of the voters amounting to about 4,000.

If voters delay very much longer the city will be compelled to hire an extra clerical force for the rush that is bound to come on the last few days.

Of course, the rush will be alleviated somewhat on the last day, August 23, when a general registration is to be held in each of the polling places in the six wards between the hours of 8 A. M. and 8 P. M. Before that day however all registrations must be made at the city clerk's office in the city hall.

Seth Nibbelink, chairman of the speed department, John Arendshorst secretary of the Community fair, and Carter Brown, also of the speed department, are in Kalamazoo attending the big race meet that is to be staged this week. While seeing the races they will also look over the ponies endeavoring to get some entries for the Holland race card in August.

the edification of his followers during the dancing. Mrs. A. J. Drago of Holland took the nail driving contest for women; Holland defeated Grand Haven in the tug of war; C. C. White of Holland won the middle-aged men's race; Jack Lighthouse won the cracker eating contest and Elma Lighthouse won the ladies throwing contest. Steve Lomoeki of Nunica took the foot race for men over 45; Mrs. J. Dekker of Holland won the ladies race; Lillian Green of Grand Haven the girls' race. Frank Anderings won the fat men's race; Albert Bosma of Coopersville the pie eating contest for boys. White and Vanderhill won a three-legged race and Mrs. Ellis Peck of Coopersville the ladies' free for all.

Quite a large audience watched the trap shoot at the range on the fair grounds when members of the Holland Gun club were competing for high scores. The club has now added a junior membership and the young chaps with lighter guns are standing right up to the rack with the old veterans.

The juniors whose names have been added to the list are: Frank Whelan, Jr., John Telling, Jr., and Edgar Landwehr, Jr. Whelan, Jr., proved a better shot than his "dad", bringing down 13 out of 25 birds, while Frank, Sr., broke up only a pair of clay pigeons. The senior Mr. Whelan apparently is a better shot on the golf grounds than on the rifle range, but then, this is only his first time "up to bat."

The highest scores Tuesday were made by Vance Mape and Neal De Waard, each bringing down 23 out of 25 pigeons.

The shooters and their scores were: Dick De Waard, 21; Paul Landwehr, John Van Putten, 5; Neal De Waard, Al Risterink, 20; Vance Mape, 23; Dr. 19; Frank Whelan, Jr., 13; John Telling, 23; Frank Whelan, Sr., 2; John G. A. Stegeman, 9; Roy Wise, 16; Ing, Jr., 13; Edgar Landwehr, Jr., 7; Good, 7; Dick Van Tatenhove, 19.
