## HIGH SCHOOL PUPIL WRITES OF ROUND THE LAKE TRIP

RAYMOND STEKETEE IS YOUNG JOURNALIST STUDENT AT HOLLAND HIGH

The following interesting account of an automobile trip around Lake Michigan was written by Raymond Steketee, a young student of Journalism at Holland High school. Raymond, who is but 16 years old, is the son of Mr. and Mrs. Andrew Steketee, 84 West 14th street.

He inquired from the editor of this paper asking whether his offering was worth while and was told that it surely was an for that reason this paper prints below a resume of the trip from the pen of young Raymond: From Holland to Holland, Around the Lake

Our party made up of eleven people, started Saturday noon, July 19, on a trip around the lake. Two cars, a Hudson and a Buick were used. It took us a week to complete the circuit of the lake.

After traveling all afternoon the first day, we finally arrived at Bear Lake, a small resort about ten miles north of Manistee. Learning that all the hotels were filled, we decided to return to Manistee. That night was spent in the New Northern hotel. The following morning we attended the services of the First Methodist church. Having resumed travel that noon, Traverse City was reached at about 6 o'clock. Between Manistee and Traverse, the road is very beautiful. The road winds over great hills and down into deep valleys. On both sides of the road, there are beautiful forests. Every few miles, the traveler passes one of the small inland lakes. On some of the hills in this region, the cars coasted for two miles.

The journey was continued late Monday morning, and Charlevoix was reached by noon. After spending an hour in this city, we continued our journey and arrived at the Mackinaw Straits at 4 o'clock. About a hundred cars were lined up on a long pier which extended out into the water. At the end of the pier a large boat was loading the cars. These huge boats carry from forty to fifty cars across at every trip. After awaiting our turn, we enjoyed a twelve mile boat trip and landed on the other shore at St. Ignace was reached.

Early the next morning, we went to see the canal with its huge locks. The canal connects Lake Superior and Lake Huron. There is a difference of twenty feet between the lakes. The boats enter from one of the lakes and the locks are shut behind them. Then the water is either raised or lowered, depending upon which lake the ship came from. In the bottom of the canal, there are large openings through which the water goes in and is taken out. It takes only ten minutes to raise a boat twenty feet. After leaving Sault Ste. Marie, we came to a small village by the name of Brimley. One of the villagers told us of a wonderful place a few miles off the main road. The place was Spectacle lake. From the top of a 500-foot hill, one can see for miles. In the foreground is Spectacle lake. A large peninsula extends out into the lake, making the shape of a pair of spectacles. In the background, Lake Superior lies with the lofty Superior lighthouse on the nearest shore. On the right, in the distance are the locks and Lake Huron. The landscape stretches out for miles before the eye making the most beautiful scene that we had ever had the pleasure of viewing.

About half way up between Sault Ste. Marie and St. Ignace there is an Indian village where tourists can buy souvenirs and other small articles. After roaming about the village for several hours, we set out for St. Ignace. In the northern part of the state there were forests everywhere, but they were very different from the forests of the southern region. The southern trees are all tall and beautiful while the northern trees are small and scrubby. Nevertheless there are a large number of beautiful pines and spruce.

The next morning travel was resumed toward Escanaba. After passing through Manistique, we took a side road which led to Big Spring. This spring has an area of fifty-two thousand square feet and a depth of forty-five feet. The water is so clear that you can see a penny on the bottom. There is a barge there upon which people can pull themselves across. On the bottom are signs of many cities in Michigan and the many formations and various colors left there by nature. On the shore of the spring, some one had been careless and a small forest fire had been started. After reporting this fire to the fire warden, we continued our journey to Escanaba.

Early the next morning we crossed the line into Wisconsin. Here the roads are very different than those of northern Michigan. The northern Michigan roads are made of smooth gravel, while the Wisconsin roads are made of concrete. After remaining in Fon Du Lac that night, the journey toward Chicago was continued. Milwaukee was reached by noon. After going through the business section of the city we went to see Washington park. There are a great number of drives which lead to all parts of the park. There are many animals in this park. Winding about in the center of the park, there is a large lagoon in which children wade and sail boats. Small boats and canoes also are used here. The road between Chicago and Milwaukee is lined with beautiful mansions. After traveling for miles through this region, the tenement district begins. Having driven for hours in the outskirts of Chicago, we finally reached Michigan Boulevard. Riding on this street is very different from riding the quiet streets of Holland. Here ten cars go abreast, five

## HOLLAND'S NEW BAND TO APPEAR SOON

SALVATION ARMY HAS ORGANIZED ONE OF TWENTY-FIVE PIECES

Miss Nellie Churchford has been doing other things besides preaching and teaching at the City Mission.

This noble woman who has been identified with religious work in Holland, for upward of twenty years, believes that here are other things necessary besides preaching and praying all the time. She believes in feeding, clothing and making happy those in want. She believes in giving them wholesome pleasures, recreation, and believes in creating interest in educational things, music being one of these.

For that reason more than six months ago, she was instrumental in organizing a regular band, composed of 25 pieces, and asked John Van Vyven the director of the American Legion band, to teach these raw recruits, the art of band music.

For six months the genial John has been taking the Salvationists into the country on pleasant evenings, and there among the cows and chickens no possible damage could be done.

After months of training the band of 25 is beginning to show real skill, on the horns, flutes and drums, and as John jokingly puts it, even the "bossies" now flock around to get an ear full, where formerly they scampered on the opposite side of the field.

Anyway the new band is ready to put in its appearance and Miss Nellie Churchford wishes it understood, that it is strictly a stag band, otherwise she would have been delegated to beat the base drum.

Miss Churchford spent \$650 to get the organization in shape, some of the money going for instruments, aside from those that are donated, or in the possession of some of the members who joined.

They are also fully uniformed, and no doubt will make a fine appearance when they march over River avenue and Eighth street Wednesday evening before going to Centennial Park.

Miss Churchford personally donated \$100 to help the band along. The faithful and loyal Mission folks from their little mites, have contributed \$100 to be given as a purse to Miss Churchford in appreciation of her years of service.

In accepting this money she did so with the understanding that she might if she pleased turn it over to the band. This apparently was satisfactory for the money was used to pay part of the expenses incurred.

It is therefore settled and the band will make its first appearance in Centennial Park next week Wednesday, and Mel Trotter, the great evangelist and Mission worker of Grand Rapids will also be there, to give one of his interesting talks.

During the band concert a committee will go around and take up a collection, and the money thus derived will go to help the band along, putting it on a solid financial basis.

Everyone is invited to Centennial Park, next week Wednesday evening, and it goes without saying that the listeners will not forget to deal liberally with Nellie Churchford who has sacrificed so much, and for her new band, an organization that will materially aid her in her Salvation Army work.

## LEGION PICNIC TODAY AT DR. WESTRAT'S COTTAGE

The American Legion and Auxiliary picnic is being held today at Dr. Westrat's cottage at Tennessee Beach. Autos for the picnic grounds started leaving the city hall at 1:30 and the transportation was provided for all who had no means of travel. Prizes given by the local merchants will be awarded winners of the various athletic contests which have been arranged by a special committee. Supper was scheduled to be served at 6 o'clock sharp.

## HOLLAND VOCAL TALENT TO BE HEARD ON THE RADIO

Miss La Verne Essenberg and her sister Margaret who were scheduled to sing last Tuesday night from the Baxter Laundry station at Grand Rapids will sing next Tuesday, Aug. 4th, the first announcement having given the wrong date. Six numbers are being prepared by the singers and they will make a big hit no doubt as the song birds have perfect harmony and have had wide experience in the study of music.

Born to Mr. and Mrs. Harry Bangor, a girl.

Lines going each way. All the cars go along at the rate of forty miles an hour. Huge double decked busses go rumbling down the street adding greatly to the uproar and confusion. After going one hundred and twenty blocks, we took a side street and soon arrived at the Claremont hotel where we remained for the night.

After a ride on the elevated railroad, Saturday morning, we started for Holland. The traffic was very heavy between Chicago and Gary, Indiana. Here the road was lined with large steel and cement works. After traveling the rest of the afternoon, we reached Holland at about 6:30. It certainly seemed good to see Holland with its well-kept lawns and streets. After going through the slum districts we certainly were glad when we reached Holland. "The Place Where People Really Live."

Those constituting the party on this tour around the lake were Mr. and Mrs. George Mool and son and daughter Ray and Edna, Mr. and Mrs. Geo. Schulling and daughter Loretta; Mr. and Mrs. Andrew Steketee, son and daughter, Raymond and Helene.

## FOUR DROWNED SO FAR AT GRAND HAVEN

WATER TOLL IS HEAVY IN THE WATERS NEAR THE COUNTY SEAT

Grand Haven boasts about its big resort season, however, with the heavy influx of tourists the water's toll has also been correspondingly heavy this year. Thus far four persons have lost their lives in lakes and rivers near our neighboring city.

William K. Riggs, aged 30 of Chicago, drowned when his canoe toppled over near The Pines on Spring Lake. He was said to have been a good swimmer. Drowned June 2.

Astrid Anderson, aged 16, of Chicago, drowned while swimming in the Pottawatomie Bayou. Was reputed to be a strong swimmer. Drowned on July 8.

Jens Johnson, aged 25, of Milwaukee, drowned while swimming in Lake Michigan on Sunday, July 26. Was a good swimmer. Johanson was employed on the ferry Grand Haven.

Joseph Beugerski, aged 6, son of Mr. and Mrs. Zymunt Beugerski of Grand Haven drowned while bathing off the old Beech Tree Mill Dock in Grand River, Tuesday, July 28. The youngster could not swim.

## REAL ESTATE MAN TO HOLD OPENING SATURDAY

John Arendshorst who recently moved into fine new quarters, on the ground floor of the Waverly building, recently purchased by him, is to hold an opening and reception in his new quarters on Saturday of this week.

Mr. Arendshorst and his associates will be present to greet Holland and vicinity, and a special invitation is extended to the children between the hours of one and two, when the genial John will have a surprise in store for them.

It will be open house Saturday at 31 West 8th-st.

## AT GANGES THEY STEAL EVEN AT A FUNERAL

While H. H. Hutchins was attending the funeral of Frank Day at the Ganges M. E. church last Monday, the extra tire was stolen from his car. Also the tool box was broken open and a tire gauge and pair of pliers taken. The tire was locked in the holder with a cheap lock which disappeared with the rest. Mr. Hutchins reports that while walking to the church, after parking his car opposite the school house, he noticed two young men sitting in a small car engaged in conversation, apparently discussing something which lay before them. As these were the only persons in the school or church yards who appeared to have no particular business there, he gave them a passing glance, and then forgot the circumstance until after the funeral service when he discovered his loss, and concluded that perhaps these men were there for just such a purpose. One of these men had very light red hair and rather a full round face, somewhat freckled. The other Mr. Hutchins did not notice particularly.

## SAUGATUCK CON-DEMNING PROPERTY FOR PARK PURPOSES

VILLAGE WILL MEET STRONG OPPOSITION FROM PROPERTY OWNERS

A petition circulated by John Konling and widely signed asks the village board to abandon its condemnation proceedings instituted to establish a public park giving access to the shore of Lake Michigan at the southwestern corner of the village of Saugatuck. The original proposition was for each of the villages of Douglas and Saugatuck to secure a two-rod strip to the beach. On the Saugatuck side this was cut down considerably to avoid wrecking a building. Later the Douglas common council voted to abandon the suit leaving Saugatuck to do as it saw fit as to carrying on the case alone. At the last meeting of the council it was voted to go ahead with the condemnation proceedings. Many citizens, including some who originally favored the proposition, believe that under existing circumstances any further action toward acquiring this small bit of land would be ill-advised. It is certain that the Shorewood people would fight the case to the highest court, and even if the village should finally win, which is a matter of much doubt, it would have acquired one of the smallest and most expensive "parks" in the state. The petition probably will come before the council at its regular August meeting.

## HOLLAND COUNCIL TRULY PEOPLE'S SERVANTS

Two business firms in Holland are experiencing considerable trouble in securing building permits for the erection of new business buildings.

One is Peter Maas who wishes to erect a store on River and 12th-sts. and the other is the Ideal Cleaners who wish to erect a two-story building on 10th-st. In both these cases the council had delayed permits to give the building committee a chance to investigate the sentiment of adjacent property owners, and the objections from one has held up the permits.

How councils do vary in disposition and view their obligations! It appears the Holland council feels they are the servants of their constituents.—Zeeland Record—Is this sarcasm or a real bouquet?

Mr. and Mrs. Frank Douma, daughter Grace, and son Frank Jr., of Ottumwa, Iowa, are visiting at the home of Mr. and Mrs. M. Tanis.

## MAKE EFFORT TO MOVE MAIL BOXES BACK FROM ROAD

SEEK TO REMOVE DANGER TO PEDESTRIANS, MOTORISTS AND MAIL BOXES

An effort to have all rural mail boxes moved back from the edge of the gravel or concrete on the highways is being made by the State Highway department. This is so that they will be out of the way and not dangerous to traffic.

It is specified that the posts be placed one foot outside of the shoulder line of the road. The present custom is to have seven-foot shoulders on 18-foot roads and six-foot ones on 20 foot roads. In cases where there is deep sand and the carrier cannot get out to the box, the department would like to have a load of gravel dropped in by the maintenance force.

The co-operation of the Federal postoffice department has been obtained and Frank Rogers, state highway commissioner, has addressed a letter to every postmaster in the state calling attention to the rural boxes, that are placed too near the road and requesting their co-operation in getting them moved back. At the same time he addressed a letter to each board of county road commissioners, asking their help in getting this condition corrected.

## HOLLAND FOLKS ATTEND WOMAN'S AUXILIARY MEET IN COOPERSVILLE

Wednesday the quarterly gathering of the Woman's Auxiliary of the American Legion was held at Coopersville and several members of the center motored from Holland to attend.

A report was given relative to the welfare work done at home among members and also what had been accomplished in behalf of Roosevelt hospital at Camp Custer. A report of work done for the children at Otter Lake was also a matter that was taken up.

Those from Holland who attended were: president of the district, Mrs. Geo. Pelgrim and daughter Phyllis; Mrs. A. Leenhouts, Mrs. R. Sodenberg, Mrs. G. Albers, Mrs. L. Harris, Mrs. C. Weed, Mrs. Wm. Bos, Mrs. A. Robinson, Mrs. Wm. Wagner, Mrs. Ed Vander Woude, Mrs. Wm. Aussicker, and Mrs. G. J. Van Duren. Mrs. H. Stanaway, president of the local body, also was present.

## MICHIGAN CORN HAS PROMISE OF FINE CROP LANSING REPORT SAYS

D. A. Seeley, meteorologist at the Michigan State college, Wednesday issued the regular weekly report of crop conditions in Michigan. It says:

Corn needs warmer weather but on the whole is good to excellent. A few fields are uneven and small where planted late but they are the exception. Beans and beets have made excellent growth. Early potatoes are being dug in southern counties. They are mostly a light crop but late potatoes look well and recent rains have improved them. Cucumbers, green corn, tomatoes and other truck crops are coming into market in the extreme southern part of the state. Fruit is in fair to good condition.

## HOPE GRADUATE TO PREACH WILLIAM JENNINGS BRYAN'S FUNERAL SERVICE

Body of William Jennings Bryan, one of the nation's foremost citizens, is now in Washington, and it is quite a coincidence, that Rev. Dr. Joseph R. Sizoo, a graduate of Hope college and a man prominent in the Reformed church, should have been selected to officiate.

Mr. Sizoo has many friends in Holland and only last June the degree of Doctor of Divinity was conferred upon him by Hope college when he attended the graduating exercises here in June.

Born to Mr. and Mrs. Harry Bangor, a girl.

All members of the Ladies Guild of Grace church are requested to meet at the Guild Hall on Tuesday, August 4th at 2 o'clock to plan for their annual picnic.

Another good ball game today at 5:30, Riverview Park. The Postums will fight hard to win and with Lefty MacDonald on the firing line they have about one-half of their game won. The Independents are sure playing great baseball and they will give Lefty a good tussle. De Young will start Thursday's game for Holland.

The Boylan family held their 25th annual reunion on Wednesday at Allegan county park. A bounteous picnic dinner was served and a most enjoyable time was had by all. Those present were Mr. and Mrs. B. A. Boylan, Mr. and Mrs. Paul Boylan, Mr. and Mrs. W. E. Boylan, son Cecil, daughter Elizabeth, and Mr. J. W. Bestehveldt of Kalamazoo; Mr. and Mrs. Boylan of Otsego; John R. Boylan, Mr. J. Van Kevren, Mr. Philo Van Kevren and family of Allegan, Mrs. J. C. Grist of Chicago, Mr. and Mrs. A. H. Boylan, Mr. and Mrs. Will Winstrom and son Leon, Bert L. Smith and family and Wm. Norlin and family of Holland.

## OTTAWA COUNTY BUILDING AND LOAN CO. HAS SUCCESSFUL YEAR

At a meeting held Tuesday in the general offices of the Ottawa County Building and Loan Co., the organization declared a 5 per cent annual dividend. The company has had a very successful year and a steady increase of members and capital has been witnessed. A great amount of home building has been carried on and an even larger program of this kind is planned for the fall months. The election of directors resulted in the following men being chosen: William Brusse, Charles Van Zyl, Isaac Kouw, Arthur Van Duren. These directors will serve three years.

## ROBBERS BUSY IN HOLLAND MONDAY NIGHT

Holland was visited again last night by robbers who entered two business places and also stole a Ford Coupe from a local garage. It is not known as to whether the same men committed all the raiding or not but it is reasonable to believe that the jobs were pulled by the same robbers. At Molenaar and De Goede's market on East Eighth street the prowlers gained entrance by breaking a small piece of glass out of a rear window and by reaching in turned the catch that locked it. The window is situated so that this could easily be accomplished as it is directly on a staircase. After gaining entrance the robbers made a hurried examination for cash. The safes and tills were left open so that papers and other valuable things were easily accessible. These objects were all scattered about the store but no money could be found so that here the thieves efforts were unrewarded.

Brinks book store also had safes and money boxes left open and the robbers found about \$15.00 in the cash register and \$10.00 worth of change kept in a small bag. Admittance here was also through the rear window in which the glass was broken. Valuable fountain pens and checks were left strewn about the floor the thieves seeming to care for nothing but cash. As far as could be checked up this morning about \$25.00 in money is all the robbers obtained in the two places. However, a complete inventory had not been taken at that time.

Footprints showed that the rear windows of Vander Berg Bros., and Vander Linde & Bareman were tried but without success. At the latter place iron bars form a strong protection. Finger prints on the windows were taken by the police officers Tuesday morning and these will be immediately sent in to the state department. A large footprint in the Brink store showed that one of the men wore tennis shoes. The Ford Coupe was stolen from the garage of J. Harrison, located on the corner of 18th street and Central ave. This was taken about 3:15 Tuesday morning as a neighbor lady giving medical attention to a sick child saw the car speed away after being pushed from the garage. She could not tell whether two men occupied the car or not but it is thought that a pair worked together.

Chief Van Ry thinks that the job is one pulled by amateurs as they passed up many valuables. Officer Stokette is working on the case and all surrounding departments have been notified of the robbery.

Family reunions and anniversaries, are generally attended, when folks are close enough to the old home, so that a great deal of expense is not incurred. Apparently this is not true of the Bekius family of Zeeland, when S. Bekius celebrated the 77th anniversary of his arrival in the United States.

The event was topped off with a picnic in the Bekius woods north of the old homestead at Beaverdam.

Judging from the list of those who attending relatives came from the four ends of the earth.

The out-of-town guests were Mr. and Mrs. Van Engen, Oakland, Calif., Mr. and Mrs. Martin Bekius and sons Milo and Reed, San Francisco, Calif., Mr. and Mrs. John Bekius and sons Melvin and Paul, Omaha, Nebraska, Mr. and Mrs. Jacob Modderman of Grand Rapids, Mr. and Mrs. Edward Zwier, Chicago, Illinois, Daniel Bekius, of Seattle, Wash., Mrs. Henrietta Bekius, Sioux City, Iowa, Mr. and Mrs. Sjoerd Bekius and daughters, Carol and Eunice, Sioux City, Iowa.

Jens Johanson, 26, an employe on the ferry Grand Haven, was drowned Sunday while swimming off the north end of the oval at Highland Park.

Johanson swam out from the shore about 1,000 feet when many on the beach saw him sink. Coast guardsmen were summoned and arrived about 20 minutes afterward. Following a search of 15 minutes the body was discovered in 18 feet of water. Guardsmen worked an hour and a half over Johanson in an effort to resuscitate him but were unsuccessful. He is said to have a sister in Minnesota. His parents live in Norway.

The H. O. H. of Holland will hold their annual picnic Saturday, August 1st at Jensen Park. A great list of events has been arranged and a big day is anticipated. Many costly and beautiful prizes are to be given away when which are now on display at the Superior Cigar store. Andrew Klomparsen has charge of all athletic events. Members not having autos or other means of transportation can make arrangements for the same by calling at Superior Cigar store or the Peoples Saving Bank not later than Thursday, July 30th. Special cars will leave the corner of 10th street and River avenue at 10 a. m. and 1:30 p. m. sharp on Saturday.

The Hamilton Light & Power Co. is the name of a new concern which has been launched for the purpose of supplying that village with electricity. John Kolvoord, sr., disposed of a quarter interest in the water power to the new concern for \$5,000 of its stock, of which \$1,000 was given to his son, John Kolvoord, Jr., its first president.

Others officers are: Vice president, George Schutmaat; secretary Harvey Zeerip; treasurer, Dr. G. H. Rigterink; board members, John Brink, sr., Joseph Hagelskamp, John Brink. Articles of incorporation have been filed with the public utilities commission at Lansing.

The Holland American Legion band consisting of 35 pieces went over to Camp Roosevelt Hospital Sunday and gave an hour's concert before a large and appreciative audience. The quartet and also a string trio offers some selections and helped to make the concert a success. Holland's band could rightly be called the Sunshine Band, as they gave cheer to many patients who are confined to the hospital. Radio attachments made it possible for those who could not leave their beds to also hear the concert. Dinner was served to the Holland delegation which numbered nearly 100.

## ALPENA ROAD IS NOW UNDER CONSTRUCTION

The Alpena road between Holland and Lakewood farm and intermediate points, is now being widened by the contractors.

The stretch of highway west of the bridge, has been elevated and relaid all together. While the three extra feet are being put on, Austin Harrington of Holland, chairman of Ottawa County Road Commission, has arranged that the road be kept open during the construction, and the contractor instead of mixing the concrete on the highway, thus blocking traffic, will have a central mixing plant at the Northside Tannery siding.

The mixed concrete will be taken by dump cars to the roadside where it is to be poured. In the meantime road users should drive as carefully as possible, and avoid running over on the newly laid highway. If this is done the road commissioners will not close the road, and a bad detour will not be necessary.

Mr. Harrington expects that the entire stretch of nearly three miles will be completed within two weeks, and then ten days must be allowed for hardening. It is expected that by the tenth of August, Waukazoo, Ottawa Beach, Lakewood and the resorts along Lake Michigan, will be connected with a better, wider and a safer highway.

Early this spring three feet was added to the north side of the road, which was found inadequate. Now three feet more will be added to the south side of the road.

This stretch of highway was the first concrete work done on roads adjacent to Holland. The highway was only a narrow one of nine feet, and was built by contractor Frank Dyke, and was paid for by private subscription coming from the citizens of Holland. The project was fostered by George Getz of Lakewood Farm, who also contributed liberally.

Since that time all main arteries out of Holland are built of concrete, and are under the supervision of Ottawa Co. and the State of Michigan.

Fred F. McEachron, Hudsonville banker, and former county clerk of Ottawa, was in Grand Haven Saturday for a visit with old friends. Mrs. McEachron made Grand Haven his home for many years and still maintains some property interests there. During his residence there he was a member of the Grand Haven city council for several terms and made an efficient alderman.

Though he has resided at Hudsonville for a number of years, Mr. McEachron has maintained many strong friendships and a fine degree of popularity in Grand Haven. The former county clerk has been doing fine public service in the state legislature as representative of the second district of Ottawa county. He has been one of the outstanding figures in the state assembly during his entire tenure of office.

The new apportionment bill passed by the last legislature, allows Ottawa county but one representative in the state legislature hereafter and Fred's friends all over the county, including Grand Haven are urging him to be a candidate for the post at the primaries. Mr. McEachron, however, takes the same position he has maintained in previous elections. He states he will not go into a contest for nomination or election, but if there is evidence that the people of Ottawa want him to serve them again, he will bow to their desires. Grand Haven Tribune. How about our Holland representative who has faithfully served for five consecutive terms and is well known at the state capital?

Four western Michigan professionals left Monday for Toronto, Canada, to play in the Canadian open golf championship at the Lambton Country club which gets under way Thursday. Frank Williams, Kent professional, and Al Watrous, Highlands pro, will be the Grand Rapids representatives, while Spring Lake's pro, Billy Trovinger, and Nick Webber of Holland, also will take the trip.

Both Trovinger and Watrous have copper the title once. Twenty-nine United States players will compete in the affair including professionals and amateurs. Willie MacFarlane, national open champion, is included in the list.

Others who have sent in entries include: Dave Robertson, who won the Michigan open title last Tuesday; Walter Hagen, Tommy Armour, Leo Diegel, Bob McDonald, Johnny Farrell, Tom Kerrigan, Joe Kirkwood, Wilfred Reid of Detroit, and Frank E. Wattles of Buffalo, N. Y., and Yale university, an amateur. Grand Rapids Press.

Archie C. Kelley, aged 56, of 114 Franklin street, Grand Haven, died aboard the Peninsula & Northern Steamship Arizona while enroute to Milwaukee from the county seat town. Kelly was a cook aboard the boat and a well known in marine circles, having been on lake boats for 20 years. He was for some time on the ferryries. Mrs. Kelly and a daughter living in Grand Haven survive. Kelley's came there from Saugatuck.

It is stated that Mr. Kelley was in ill health for some time and altho his fact was known, his death was a surprise. It is stated that an inquest has been ordered in Milwaukee, this probably being a port ruling for vessels entering the harbor there.

What might have been another water tragedy was averted Sunday near the old Spring Lake Bridge, according to a report made by two young men visiting at Spring Lake.

Two young men, Emory Ettleton and Louis Silerman of Chicago who are spending their vacation at Spring Lake were boating on the river Sunday when they saw a boy fall into the water near the approach of the bridge. A man plunged in to his rescue and both were in difficulties when the two Chicago men reached them.

The struggling pair were pulled from the water and hurried away without giving their names. Both are said to have been from Grand Haven. This is the third rescue within the last week at Spring Lake.

Shortly after 1 o'clock Tuesday, Albert Van Huls, driving a truck, collided with a new Ford driven by J. M. Davis of Grand Rapids. The Grand Rapids car was badly smashed, radiator, lights and fenders being broken.

## SUIT TO OPEN ROAD IS PEND- ING IN COURT

While a friendly suit between the Park Township Board and the Macatawa Resort Co., is pending in circuit court, asking that the highway be opened as far as the life saving station, a matter that has been pending for some time, it seems nevertheless that a more friendly attitude prevails than ever before.

While all sorts of rumors without foundation naturally fly about, it is evident that Park township is willing to co-operate and the Macatawa Cottage Owners Association are also showing that attitude.

Recently the Park Township gave \$350.00 toward the reconstruction of the board walks and for the purpose of rehabilitating the burnt-over district at the south end of the park. Laketown also donated \$350.00 toward this cause, which was very much appreciated.

The Cottage Owners Association also raised \$3,000 thru private subscription toward improving the destruction wrought by fire last spring. Mr. Walker, chairman of the Macatawa Cottage Owners Association, stated that the association believed in a constructive program, they were willing to co-operate in everything for the good of Macatawa.

He stated that there was no animosity back of any moves made by the association, it was for a program of cleanliness, tidiness of home surroundings, for a wholesome spirit that has always prevailed at Macatawa. The also stood for good roads and such other conveniences as make living desirable at a summer resort like Macatawa.

The association feels also that they are paying their full measure of State, County and Township tax, and that in fairness a full measure of benefits, via the tax route is also coming to them.

The spirit of co-operation is further shown when the Macatawa Cottage Owners Association has planned a banquet for the evening of August 1st at Hotel Macatawa, at 6 o'clock P. M., fast time. Not alone have members of the Macatawa Resort company been invited to feast with the cottagers, but Holland has also not been forgotten.

The mayor as well as the chairmen of the different civic organizations of this city, have been invited and the newspaper men have also not been forgotten.

No doubt the spirit at this banquet will be one of friendliness and fostering co-operation by those who collectively make possible the success of this popular resort.

No doubt with all working harmoniously, with shoulders to the wheel, Macatawa can be made one of the greatest summer pleasure spots on the west shore.

Located as it is on a sort of an isthmus, with Lake Michigan on one side and Black Lake on the other, connected up by a government channel, the location could not be more ideal.

No Macatawa is not burned out as some would have it, its shade is still intact and more beautiful homes are being erected where less pretentious ones stood a short time ago.

Adrian Oudendyk of Grand Rapids and cottagers at Highland Park Grand Haven, have protested against the closing of the shore road along the lake from the Highland Park hotel. Mr. Oudendyk asserted the roadway was given to the Highland Park association 38 years ago for use of the public. He declared that in his opinion the association has no right to close the road or make an annual charge to cottagers who wish to use it.

Adrian Oudendyk of Grand Rapids, an employe of the Stokette Drygoods Co., has been the recipient of congratulations from friends for helping rescue a woman boater at Grand Haven last week. According to witnesses Miss Martell, buyer for a Chicago department store, had been out in a boat with a woman companion and had rowed to the end of the dock at Grand Haven. As she attempted to grasp the edge of the dock she fell into water beyond her depth.

Mr. Oudendyk and another boatman near the scene hurried at once to the rescue. They were unable to lift Miss Martell into the boat, but held her head above water and towed her to shore. Leonard and Dennis Stouten of Grand Rapids witnessed the rescue.—G. R. Press.

Sears McLean of the Holland-St. Louis Sugar Co., was in Lansing on business Monday.

Three local banks are offering prizes for the best exhibitions of fruit, vegetables and grain shown at the Community Fair to be held August 18, 19, 20, 21 at the local fair grounds. The prizes are: first premium, \$20.00; second premium, \$15.00; third premium, \$10.00.

The exhibit will be judged on the following number of points:

1. Number of varieties of fruit, vegetables and grain shown.....10 points  
2. High quality and type of produce shown.....30 points  
3. Artistic arrangement of exhibit.....30 points  
4. Educational merit of exhibit.....30 points

Each farmers' club exhibiting is to be provided with a 20 foot space in the Agricultural hall. This space is to be filled with farm, garden, orchard products, arranged in an attractive manner for the purpose of displaying new or more desirable varieties of grain, grasses and fruit or any other farm produce and teaching valuable lessons in farming to all who may be interested in observing the exhibit.

Any club exhibiting, but not winning one of the prizes will be given \$5.00 for making display.

The cash prizes are offered by the First State bank, Holland City State bank, and Peoples' State bank. The Farmers' club exhibit will be held under the supervision of C. P. Milham agricultural agent of Ottawa county.

Entries should be placed with the agent at Grand Haven, at least one week before the opening day of the fair so space can be reserved.

## AUTO THIEVES CAUGHT AND RETURNED HERE

The Ford car stolen from William F. Clevey, Tuesday noon as it was parked in the rear of the Warm Friend Tavern has been recovered and the thieves are under arrest. Two men giving their names as Leroy Van Scott of Allegan and John Murray of Buffalo were caught by Sheriff Kelley as they attempted to regain possession of the car after they had abandoned it in Shelby. The men were returned to Holland Thursday by Officer Zweeringa and appeared before Justice Den Herder Friday morning and were bound over to circuit court with bonds being fixed at \$1,000. They will be confined to the county jail at Grand Haven until their case comes up in the August term of court.

Van Scott is 18 years old and says Allegan is his birthplace although he has relatives in Kalamazoo and Battle Creek. Murray has no home but he claims Buffalo as his birthplace.

When questioned while returning to Holland Thursday the men said that they had arrived in Holland on the Allegan bus and were on their way to the cherry country around Shelby. Seeing the car with the key in it was too great a temptation so they decided to travel that way to Shelby. Passing through Grand Haven Murray, who driving became excited when a policeman stopped them, but it was only for a slight traffic violation and they were permitted to go on, the Grand Haven police not having received any information regarding the car as yet.

Their Waterloo came when they parked the car right in front of Sheriff Kelley's house. Kelley declared they were the most accommodating boys he had ever seen and he arrested them Thursday as they returned from picking cherries in a farm nearby. Officer Zweeringa recognized Van Scott as one he had taken for burning last winter. At that time the local officer told Van Scott he would get in trouble if he did not stop this practice and the prisoner said Friday that he wished he had heeded this good advice.

Neither one seemed to have any home, Murray having been reared in an orphan home in Buffalo while Van Scott said he had been roaming for a number of years. This was their first job they declared and they both decided to come clean and throw themselves on the mercy of the court.

Capt. Guy L. Boswell, formerly of Holland and of St. Joe, was a Grand Haven visitor. The captain sailed into Grand Haven with the yacht Marian the Second, fresh from the seaboard. The Marian is a 50-ft. boat, bought in Boston where she was built by Lawler, famous the world over as a yacht-builder, for W. C. Wells, the rich hosiery manufacturer of St. Joe.

Capt. Boswell made the trip with the Marian from Boston to New York, thence up the Hudson to Albany and from there to Buffalo via the canal, the river route through the Mohawk Valley. Then by lake from Buffalo. The Marian left Mackinaw Island Sunday morning and reached that port Sunday night. The craft is capable of better than 25 miles an hour.

W. C. Wells drove up to Grand Haven from St. Joe to meet the yacht and a son of the manufacturer remained on the boat to make the trip from that port to St. Joe. Capt. Boswell has been engaged to sail the new craft this season.

Holland hunters you don't have to register your shotgun or rifle under the new gun registration law. That is, you don't have to, if yours is an ordinary shot gun or rifle of a length of some 40 inches or more.

The law requires that all weapons 30 inches or under in length must be registered with the chief of police. This applies to all revolvers, pistols and such. The average shotgun, however, has a barrel either 28 or 30 inches long. With the stock added onto this, the total length is clearly well above the meaning of the law. The same applies to rifles.

Under the law all pistols must be registered, however. This means that if you've got a six-shooter or an automatic that you have been in the habit of carrying with you on camping trips or have used for target practice, it must be properly recorded with the police. A great many inquiries are coming in asking whether shotguns and rifles must all be registered. They must not.

## WM. J. BRYAN DIES OF APPO- PLEXY SUNDAY

Holland together with the other citizens of the United States, were shocked late Sunday afternoon when reports came over the radio, that William Jennings Bryan died suddenly of apoplexy at Dayton, Tennessee.

He had retired to his room after eating a heavy dinner to take a short rest. Mrs. Bryan sent the family chauffeur, Jim McCartney, to wake him about 4:30 and it was learned then that he was dead.

Dr. W. F. Thomason and Dr. A. C. Broyles, who examined the body, expressed the opinion Mr. Bryan had been dead between 30 and 45 minutes before they arrived.

Mr. Bryan, who was a colonel of the Third Nebraska Volunteers during the Spanish-American war, on several occasions had expressed a desire to be buried in Arlington.

Mr. Bryan's death came on the eve of another crusade he had planned to carry before the American people—a battle against modernism.

The former secretary of state returned to Dayton Sunday morning, after having made addresses Saturday at Jasper and Winchester, Tenn., and after having completed arrangements for the early publication of the speech he was to have made in closing the trial of John T. Scopes, who recently was found guilty of violating Tennessee's anti-evolution law.

Despite the strenuous program Mr. Bryan had been following as a member of the prosecution staff in the Scopes case, and as leader of the fundamentalists, he appeared in excellent health.

Shortly before Mr. Bryan entered his room to rest, he told his wife he had never felt better in his life, and was ready to go before the country to wage his fight in behalf of fundamentalism.

About 4:30 o'clock, Mrs. Bryan said she felt her husband had slept long enough. She sent the chauffeur, who also was his personal attendant to wake him.

McCartney shook Mr. Bryan twice before he noticed the latter was not breathing. The physicians and A. B. Andrews, a neighbor, then were summoned hurriedly.

Mrs. Bryan accepted the shock bravely and remained calm. "I am happy that my husband died without suffering and in peace," she said.

Mrs. Bryan was writing on the porch when her husband passed away.

Wm. Jennings Bryan who three times was the presidential nominee of the Democratic party, was not a stranger to Holland. In fact he had a great many friends in this city, and many others who while not in favor of his many policies, respected him for his fearlessness, sincerity and his honesty of purpose. They all loved him whether they agreed with him or not.

Mr. Bryan has visited Holland on four different occasions, the first time was more than 35 years ago, when he was the nominee opposing the martyred president, Wm. McKinley, and when he campaigned on a 16 to 1 silver platform, and he was hopelessly defeated.

Mr. Bryan's special train came thru Holland, and he spoke from the large furniture truck, of the West Michigan Furniture company, which had been decorated with flags and bunting for this occasion.

The late George P. Hummer, a great admirer of Mr. Bryan, introduced the commoner to a crowd that practically filled the railroad yards.

Twice Dr. Nykerk of Hope college secured Mr. Bryan for his lecture course at Hope college and at each and every appearance at the local institution, standing room was at a premium.

In 1907 Dr. Nykerk for the first time, thru the Chicago Lecture Bureau, he was turned down flat stating that all dates for Bryan were filled.

Not satisfied with being put off Mr. Nykerk armed with messages from Dr. Kollen, president of Hope college, and George Hummer, a staunch friend and supporter, Mr. Nykerk went in quest of Mr. Bryan, trailing him over the States of Indiana, Illinois, Iowa and Nebraska. The commoner was always a couple of leaps ahead of the persistent professor of Hope. At last he cornered Mr. Bryan in a private car, told him what he had been doing the last few days, handed him, the messages from his two Holland friends which brought a broad smile upon the countenance of the "Orator of the Platte."

He invited Mr. Nykerk to dinner, talked of everything else but coming to Holland, until they had nearly finished the repast, when he abruptly shot out at the local instructor, "I'm coming to Holland to give that lecture, and give my regards to Mr. Hummer and Mr. Kollen." He came and delivered his great "Prince of Peace" lecture, and was afterward tendered a banquet by the democrats of Holland, at the Price's Skating Rink, on River Ave. and 16th-st., which is now a garage.

Mr. Bryan came once after that to fill a lecture engagement on the Hope college course, however his most recent appearance was last year, when he spoke at Carnegie Hall on the subject, "In the Beginning."

Which was also the beginning of Mr. Bryan's campaign against the theory of evolution and Darwinism. Mr. Bryan at that time first spoke to several thousand at an overflow meeting on college campus and then went to Carnegie hall, packed overflowing, where the Honorable G. J. Diekema of Holland, introduced the great man who in all his lectures during the past two years against evolution, bitingly throwing out at his audience the words, "Is the Bible true? If it is then Darwinism is not." Mr. Bryan came here last year under the auspices of the Men's Bible class of Trinity church.

Yes, there is a gloom cast over Holland today, all feeling that a great American citizen, and a lovable man has passed away.

Mrs. Bryan expressed the desire that her husband be buried in the Arlington national cemetery and feels it may be arranged, in that he holds the title of colonel. She also said she heard her husband express a desire to be buried there. No arrangements will be made, however, until W. J. Bryan, Jr., is located and communicated with.

## BRYAN'S DEATH STUNS LEADER OF PARTY HERE

All leaders of the Democratic party in Holland, keenly feel the loss of William Jennings Bryan, who for more than thirty years has been a potent factor in the councils of the party.

Louis J. Van Den Berg, manager of the Thompson Manufacturing company, who is the chairman of the Democratic city committee, and has been for years, was stunned when he heard of the sudden death of his old friend Mr. Bryan.

Mr. Vandenberg was a delegate to the Democratic National convention, in New York city, a gathering that remained in session for days and days, in the sweltering heat of mid-summer.

During the long drawnout affair the Holland man and Mr. Bryan became very friendly. In fact when the eighth and ninth ballots were cast for president, Mr. Van Den Berg cast the lone vote for Mr. Bryan for president, not withstanding the fact that the advocate of 16 to 1, thirty years ago, was not a candidate for the presidency.

Mr. Vandenberg before casting his vote, informed the party leaders what he was going to do, and a great deal of pressure was brought to bear by the leaders asking him not to start a stampede for Bryan.

Mr. Van Den Berg before voting said that he did this honestly and conscientiously, feeling that Bryan would be a great leader for the nation at that time. After the votes had been counted, and the Holland man's vote was registered, the New York papers came out with extras stating that Van Den Berg from Holland was endeavoring to start a stampede for Bryan.

Mr. Bryan soon sought out the Holland man, renewed acquaintance, and immediately the newspaper correspondents hovering around, sent in their messages and a second extra announced that Bryan was attempting to swing the Michigan delegation, and might possibly be a "dark horse" if the convention continued much longer.

That this report was without foundation was shown from the days and days of balloting that followed. Mr. Van Den Berg states that often

.....  
O Mrs. Wm. J. Bryan,  
Washington, D. C.

If anything could have caused me an especial pain it was the news of your sad bereavement. How I remember the pleasant visits with him at the New York convention is now but a recollection of memory.

In his departure from this world the people lost a champion of their cause who will be difficult to replace.

In his battle through life for the betterment of mankind he departed with the glory of victory in his latest skirmish that should be a consolation to him and generations to follow.

I can say no more, human consolation is weak, may God bless you in your hour of sorrow, is the wish of your dear friend.

LOUIS J. VANDENBERG.

.....  
O Mr. Bryan had visited him, during the session some times asking advice, more often giving advice, and sometimes simply to chat about something else, aside from the questions in hand.

Mr. Van Den Berg stated that he had never seen such an untiring worker as Mr. Bryan proved to be. Despite his advanced age, Mr. Bryan sat in session on the resolutions committee five days and five nights practically without sleep or rest of any kind. The big issue was the Klu Klux Klan, whether they should be recognized or condemned. There was a wide difference of opinion on this question, and Mr. Van Den Berg states that when the committee had nearly given up in despair, failing to come to an agreement, Mr. Bryan suddenly got down on his knees, praying to God for guidance. Shortly after an agreement was reached, so impressed were the members of the committee. Complete resolutions were then immediately introduced to the convention at large.

Mr. Van Den Berg in an interview states: "I have met Mr. Bryan on many other occasions, before coming in close contact with him at the National convention at New York. I have always had the greatest regards for the man feeling that he was one of America's greatest men, always bringing a message of love, always endeavoring to do something good for humanity. I personally look upon him as a great statesman, and although all his theories may not have been right, for Mr. Bryan was human and subject to mistakes, the foundation of Bryan was as strong as a rock, and his principals to my way of thinking were as true as steel."

"Mr. Bryan besides being an honest politician was a true Christian man. He stood for great principles, and stood by those principles honestly and conscientiously. His fights were not only political fights, where men differ in policies of governing a nation, but his greatest battles were fought for the uplift of mankind. That was evident in the liquor question, and was further shown in his battle against Darwinism where he endeavors to uphold, and would not allow to have destroyed the great faith that the Christian has in his Bible."

"I mourn Mr. Bryan's loss possibly more because of my personal contact with him, for in these intimate relations I can only see a sincere, honest and a most lovable man, who always looked upward when he fought, and fought for principles that elevate. While Mr. Bryan may be a great loss to the Democratic party he will prove to be a greater loss to the general public which means all the people before which party affiliations dwindle in insignificance."

## TWO INJURED ON ALPENA BEACH ROAD

Two persons were injured Sunday afternoon on the Alpena Beach road about one mile and a quarter west of M-11. A party of four consisting of Miss Wike and her brother from Illinois and Mr. and Mrs. C. Tardiff of Holland, were going north on the Hazel Bank cross road, between the two main thoroughfares. As they reached the Alpena road the car a Ford sedan struck the cement shoulder of the road and pitched the ladies, who were both riding in the rear seat, forward one striking the top, the other being forced against the front seats. Mrs. Tardiff was injured about the chest and suffered other bruises. Miss Wike who struck her head against the top of the car received a bad scar and also suffered a severe nervous shock. The injured parties were rushed to the Holland hospital in an ambulance and given medical attention by Dr. R. Nichols. They were afterwards taken to the Tardiff residence on the north shore. The front wheels of the car were damaged so that it had to be towed to a local garage. The Alpena Road is being repaired and the laborers had left a drop-off of about ten inches on the shoulder of the road where the cross-road meets the main road. Wike, who was driving, was going at a slow rate of speed but the impact was so severe that he nearly lost control of the car. At this point of the road the drop-off is hard to see and no signs had been posted to warn motorists.

Miss Minnie Vrooman, a music teacher in the Grand Rapids public schools since 1922, and a former teacher in Holland's rural schools, died on Thursday in Kalamazoo, Michigan. Her health had been failing for the past year and her condition became critical about 2 weeks ago. She was 41 years old.

She had been on the regular staff of Buchanan school, Grand Rapids, for three years, but for the last few months she assisted Mrs. Cordelia Creswell in special academic coaching.

Miss Vrooman was born in Vicksburg and spent her early life there, graduating from the Vicksburg schools in 1900. She later attended the State Normal college at Ypsilanti, graduating in 1909 as a teacher of public school music.

She was regarded highly by school officials and her associates, gaining general admiration by her outstanding ability, energy and progressive-ness.

Funeral services will be held at Vicksburg at 4 o'clock Sunday afternoon at the home of Mrs. William Southworth.

The story of the rescue of a woman from the waters of Smith's Bayou, Spring Lake, has just come to light. According to the information received here from residents of the vicinity, Miss Martzell, who is a buyer for a huge department store was tipped out of a row boat on Smith's bayou, near Spring Lake last Tuesday afternoon, near the bridge.

She clung to the boat and was unable to get out of the water, which is very deep at this point. Her calls for help were heard by A. Ouden-dyk, Dennis Stouten and Leonard Stouten, all of Grand Rapids, who were fishing nearby. The three men fortunately were in a row boat, and they rowed to the scene of the accident.

They succeeded in getting the woman out of danger.

Mr. H. L. Dollahan of Chicago, Ill., who has been for a number of years Sales Manager for the manufacturers of the Western Electric Washer, has become a part of the Holland Maid organization of this city.

Mr. Dollahan has been appointed Division Manager of the Indiana branch stores of the company and already moved his family here. They are residing at Central Park.

Mr. Dollahan is an old, experienced Electric Washer man, having followed this line for some time past. He comes with the Holland Maid Co. after a most successful record in the selling field for washers and purposes to apply his business-building methods in his new occupation after a fashion which cannot help but prove mutually satisfying, both to himself and to the Holland Maid Co.

The big outing trip for the Western Michigan fruit growers, farmers and their friends which was planned for the present week end, has again been postponed to suit convenience of the fruit men. The fruit crop is reported as being early this year and there is much work to be done in the orchards. The trip to Milwaukee aboard the steamer Arizona with a stay at the hotel Plankington, big banquet dinner theatre party and return on the United States of the Peninsula and Northern Navigation company, was planned to be at a minimum figure of expense for the growers and would afford them a good outing. The trip will be made on Saturday and Sunday, August 8 and 9.

The thirteenth annual reunion of the Huyser family, whose ancestor, Leendert Huyser, came to America the later part of the seventeenth century from Holland, was held at Beaverdam, East of Zeeland, at the home of C. Huyser Friday. One hundred sixteen members of the family were present. Peter DeVries of Zeeland was elected as president for the coming year.

The Ford car stolen Monday night from J. Harmsan has a motor number of 10535791, while the license number is 563-584. In the last two robberies that were staged in this town police brought the offenders to justice and Monday night's prowlers will most probably also land in jail.

Mrs. Eugene Fairbanks entertained for her group of the Womens Foreign Missionary society on Monday afternoon, which was a very enjoyable affair. About twenty members of the family were present. A short program of music and readings was given and a delicious lunch was served by four young ladies in costumes of Chinese, Japanese, Indian and Arabian. chapel.

Bonding for a new school building at Saugatuck is the first project to go before the taxpayers as the present buildings are believed inadequate, both in size and equipment.

Sidney Wise, an Allegan business man, recently purchased the old Henry M. Dunning homestead and is remodeling it. The house is a relic of bygone days, though in a splendid state of preservation. The house has heavy barn-ram timbers, all hand-hewn. Some of the pine boards are 18 and 24 inches in width.

Park commissioner VanBragt will allow no more auto driving thru Kollen Park, lay for the new lawn is now being spread and drivers seem to abuse the privileges given them before. The park commissioner cannot proceed with beautifying the place unless he receives the co-operation of some of those who thoughtlessly undo his work.

The Hudson-Essex's slaughtered the Pine Creek aggregation last night by a 22-10 score while the Montello Park gang trounced the Merchants 17-2. Knoofhutzen and Fogarty were the losing pitchers while Cole Stevenson worked for the winners. These scores are records in the city league play which generally results in close games.

Nearly 300 recruits from Wisconsin, bound for the citizens' military training camp at Camp Custer, Battle Creek, passed through here Thursday. Those coming on the Crosby arrived in the afternoon and left by train, while recruits on the Arizona arrived in the morning and took the bus. Col. H. M. Fales of Grand Rapids was in the city to supervise the transfer.

The yellow and black signs bearing the name "Muskegon" and the hand pointing the way are providing just a little bit too attractive, according to H. E. Hastings, "tourist secretary" of the Chamber of Commerce, the organization which erected the pointers. Tourists mount them on their cars. On the way toward Muskegon they point the hand to the front of the car; once through the city they turn it around, pointing back. Quite a lot of tourists have adopted the signs lately.

The G. R. H. & C. Ry Co. is offering some very fine special rates for excursion trips on Sunday. These rates are as follows: rates between all stations one adult fare, that is a trip to Grand Rapids and return for 85 cents the price of a one-way ticket on week days. Children ride for one-half adult fare making their excursion fare to the Furniture city only 43 cents on Sundays. The minimum adult fare is 25 cents with 15 cents being the minimum children's fare. These rates will continue through the summer months.

Carlton DeBoer, son of rural mail carrier Simon De Boer, killed a bull snake at Castle Park, after the reptile had attacked him. De Boer had been at work around the place when he spotted the snake and procured a club. As he administered the first blow the snake raised its head and injured De Boer's hand. The reptile was nearly 7 feet long. Snakes are a rare thing around Holland these days. Rattlesnakes are practically unknown here, however, thirty years ago, when the wild blackberry bushes were still thick in this vicinity, the rattler was just as numerous and berry pickers generally carried flasks of anti-snake bite, purchased at the "Rose Bud" or at "Dikke Pete's."

The Grand Haven Coast Guards a few days ago were called out to aid two canoeists who tipped over about 200 feet from the beach. The passengers in the canoe were resorters and unknown to the crew. The guards were again called out near Highland Park, to the aid of two young men who overturned a skiff while landing it in the surf near the pavilion. The coast guards rendered assistance to the youthful pair who were said to be nephews of the late Judge Soule of Grand Haven.

Miss Victoria Valdez, the 15-year-old Mexican girl who lives on First-av. and who was severely burned several months ago, still is confined in the Holland hospital, but her recovery, although slow, now is assured. She probably will be released in about three weeks. The young girl's clothing caught fire from a kitchen stove and all her clothes were burned from her body before she was taken to the hospital.

Zeeland bowed before the Conroy's Saturday at Zeeland the score being 6-0. The Conroys are keeping up their record as the best junior team in and around Grand Rapids. Opple Schreier local catcher who does the receiving for the Zeeland nine, dislocated his shoulder in the game when he was blocking a runner off the plate in the second inning. Schreier is a member of the Hudson-Essex team and he will be lost to the team temporarily.

About two years ago a young couple from Indiana bought a farm near Alendale. The young couple stayed on the farm for a time and then returned to Indiana, leaving some of their household goods stored in their home. Thieves recently entered the place and took away everything valuable even to the window curtains and the kitchen pump. There is no clue as to who the guilty party but it is known that the goods were carried away in a Ford truck.

Holland baseball fans will be privileged to pick their own team from the players in the city league to battle the Holland Independents in a series of three games for the city championship at the close of the season. Cards have been distributed among the fans, giving each fan the chance to pick a team from the ranks of the 80 or more players which compose the eight teams in the city league. The players receiving the largest votes for their respective positions will be entitled to a place on the team.

Eddie Correl, youthful athletic star of Grand Haven, met with a peculiar accident on the third base foul line, when a hot liner struck him square on the nose, breaking it. He was immediately removed to a doctor's office and given medical attention. The young lad is considered a promising athlete, and at first refused to leave the baseball game, despite his injuries.

Western Theological seminary will list the largest enrollment of students in its history when the institution opens the school year in September. Last year's enrollment totaled 39, the largest on record, and indications are that the enrollment this year will run between 40 and 45. The senior class likely will have an enrollment of 12, the same number to graduate with the class of 1925.

William Venhuizen again is experimenting with growing the gigantic bean in his garden. A few years ago he saw an ad in a seed catalogue stating the size of the bean and he concluded to try it.

The seed is planted along the fence and grows into a vine. The bean is suspended along the vine of a stem a trifle thinner than a cucumber. The largest bean grown by him last year was 49 1/2 inches long and measured 1 1/2 inches around at the opposite end.

The growing of the bean is only a novelty. Some eat them while others carve out the interior and plug a few holes into the shell making ideal places for the building of wren nests.

The bean pod resembles a huge club and could do considerable damage if used as a weapon.

George Getz, Jr., entertained Miss Jane Smith, Miss Kathryn Wolfe and George Hefferan, Grand Rapids, over the week-end at Lakewood Farm.

A special missionary program will be given at the Wesleyan Methodist church Friday evening at 7:30. Mrs. Shamon of Fennville, a former missionary in Africa, will be one of the speakers. The public is cordially invited.

The management of the annual Community fair is working hard to make the horse show this year the best ever staged in this state. Horses will be sent here from different parts of the country to participate in this event. Carter Brown of Castle Park who has horses in his stables that will rank with the best will enter all his fine animals and many other local men who have fine thoroughbred horses are expected to put their animals up for exhibition.

This exhibition will be staged Friday afternoon, August 21st. Below is the list of events:

Fancy Riding, Hurdle Jumpers, 7 classes—Ladies—3-galtes; Children's—Pony class; Ladies—Hunters and Jumpers; Men's—3-galtes; Men's—Hunters and Jumpers; Best pairs—Hunters and Jumpers.

Cash and prize cups will be awarded in all classes. This is only one of the many big features that the Community Fair will have this year.

This new departure is becoming very popular at the local fair.

Moved by a news story published recently in The Herald, concerning the auto-steering successes of a Scottville man, L. E. Christman of Casnovia desired the correspondent to write a brief article setting forth his experiences in the field of auto-steering.

"Several times have I beat this Mas-on county man's record for rapid sales," Mr. Christman told the correspondent. "I will refer to only three.

"On the farm of Malone brothers in Talmadge township, with George Root as clerk, I made 247 sales in 60 minutes.

"At the farm of John Train in Grant township I made 617 sales in 120 minutes.

"In Grant township, on another occasion, four farmers had their goods arranged on a mile of road. I made 1,272 sales in seven and one-half hours. Dr. Peter Drummond acted as clerk.

"I could mention other instances of fast selling in which I have figured as auctioneer," G. R. Herald.

The Community Fair at Holland will have an exhibit from the Michigan State college of Agriculture and Applied Science in August which will attract unusual attention. Mr. John Arendshorst, secretary of the county fair, has just completed arrangements for the exhibit with R. W. Tenny from the East Lansing institution, who has charge of the college exhibits at fairs, and is also director of the Agricultural Short Courses.

While the college exhibits at fairs are arranged for their educational value might be classed as a short course, yet they nearly indicate the value might be classed as short courses offered at the Michigan State College during the winter months, according to Mr. Tenny. The first of these, the two-year, sixteen weeks' General Agriculture Course, begins about November 1st. The first part of January other courses begin in Agriculture, Horticulture, Dairy Production, Dairy Manufacturing, and Poultry. These are followed by Truck and Tractor courses, and Beekeeping courses. These short courses are of two, four, eight, and twelve weeks' duration, depending on the one selected.

These things will all be explained in the exhibit at the fair in August when Mr. Tenny will also be present.

Although there was a slight deficit in chautauqua receipts this year at Coopersville, a new contract was entered into for a return next season.

Mr. Elmer E. Strong who has been on the sick list for the past five weeks is reported to be in a quite a serious condition at his home, 248 Lincoln Ave.

A telegram Tuesday to Mrs. D. Holkeboer of 34 E. 15th-st. announced that her daughter Miss Tena Holkeboer had arrived in San Francisco Tuesday. Miss Nienhuis of North Holland is with Miss Holkeboer, the two having worked together in China for the past five years. The relatives of the young ladies were greatly relieved to hear that they had arrived safely in the States as the revolution in China threatened to keep all boats from sailing. Fear had been expressed in recent letters from the missionaries that they might be compelled to stay in China for some time as the war was causing considerable trouble.

Unless their plans change, Miss Holkeboer and Miss Nienhuis expect to arrive in Holland sometime Friday. After graduating from Hope college with high honors, Miss Holkeboer left for China and has spent five years working in the Tong-an district. In letters sent home to her mother she has described many thrilling experiences which she has had in the mountainous section. In one place she was the second white woman to enter so far inland. Quite a bit of her work recently has been teaching in Amoy.

Miss Jean Nienhuis graduated from Blodgett hospital and has been working in the Hope hospital in China for the past three years. A great reception is awaiting these two missionaries when they reach Holland.

John Arendshorst, local real estate man, was appointed by the Federal court as trustee in bankruptcy, his duty being to take inventory of the shoe stock of the N. Spritsma Shoe company, on west 8th-st., to ascertain the assets and liabilities of the

concern. The shoe store has been closed the last two days awaiting inventory. The company has been in existence in Holland for more than a half century, first being conducted by L. Spritsma the grandfather, later by S. Spritsma the father, and at the present time by Nick Spritsma the son.

Henry Tyse, 24, and Dora Vande Poel, 22, both of Holland, were painfully cut and bruised Tuesday when their automobile collided with a machine driven by Joseph Hartuskiewicz R. F. D. 3, Ada, Tuesday morning on lower Ada-rd., six miles east of Grand Rapids. Hartuskiewicz was not injured. The couple were thrown through the windshield of their machine when the two cars came together headon. Both received lacerations of the face and head. A gash in Miss Vande Poel's nose took several stitches to close. They were brought to Butterworth hospital.

Mr. Mike Schurman who has just returned from India, was tendered a reception Tuesday evening in the parlors of the Trinity Reformed church. Mr. Schurman a popular athlete and a general all around student at Hope college graduated four years ago and immediately signed for a short missionary term in India.

Mr. Schurman was supported by the Trinity church of which he is a member and has taught in Voorhees college at Velore, India. This college is the largest in the Reformed denomination having about 1200 students enrolled. Years ago Mr. Schurman said students were paid to enter the college and take the training but now the place is so popular that all who wish to enter are made to pass an intelligence test as this is the only process of eliminating the overflow of students who wish to matriculate. Money being scarce the buildings are inadequate and at present many have to be turned away.

At the reception last night Rev. Dame, pastor of the church, made the welcoming address and Mr. Schur-

man told of some of his experiences in India. The rest of the program was given as follows: Duet, Misses LaVerne and Margaret Essenberg; Reading, Miss Evelyn Van Dyk; Violin solo, Miss Harriet Heneveld. Refreshments were served and a social hour was enjoyed by the large crowd present.

At a recent picnic given the pupils of the Sunday school of the First Reformed church, an excellent program of sports were pulled and merchants belonging to the congregation donated prizes from their stock that were dolled out to winners in the various contests.

Prizes and winners at the First Reformed church picnic follow:

Candy scramble—Hazel Kemphen; Running races for boys, ages 6-8; Jackknife—C. Lokker; Running races for boys, ages 8-10, Flashlight—A. Nienhuis; Running races for boys, ages 10-12, Tennis Shoes—Gladys Kleis; Running races for girls, ages 6-8—Loh Tyse; Running races for girls, ages 8-10, Tennis Shoes—Bernice Waebake; Running races for girls, ages 10-12, Compact—Lucile Ver Schure; Three legged race for boys, ages 12 and over, Neckties, Guy Kleis, Fred Ter Vree; Potatoe race for girls, ages 8-12, Bangles—Merle Ver Schure; Potatoe race for girls, ages 12 and over, Bobby Hose, Miss Van Der Hill and Miss Zuidema; Balloon blowing contest, ages 7 girls, Silk Hose—Miss M. Luidens; Balloon blowing contest for women, Picture—Mrs. B. Colten; Peanut scramble, money—Rose DeKooyers; Doughnut eating contest for girls, Silk Hose—Bertha Van Tatenhoven; Pop drinking contest for women, Icy-Hot—Mrs. P. VerSchure; Apple bobbing contest, Base ball—Mrs. Ver Schure; Ball throwing contest for women, \$2.00 in trade—Mrs. Zuidema; Lolly pop contest for young women, small box of candy—Lucile Vander Werp; Suitcase race for men, Spotlight—Mr. Van Liere; Beans and bottle race for women, large box of candy—Mrs. Allen; Skirt race for men, Inner tube—John Waebake.

The ball game between Dick Bot-ers class and the class of John Van Tatenhove was won by the latter's team the score being 5-4.

The directors of the Holland-St. Louis Sugar Co. met at St. Louis, Michigan the forepart of the week. Those from Holland who attended were C. M. McLean, G. J. Diekema, John J. Cappon, and J. A. Vander-veen. Although the beet crop early in the season was rather backward and not so promising, the repeated rains throughout the state have turned what might have been a poor crop into the best beet crop seen here in years. The officers of the local factory and the farmers, as well, are elated over the outcome. Beets are a dependable crop and seldom is there a failure.

The Holland Country Club will give one of its popular stags Thursday and Neil Vander Meulen is sending out the following unique notices to members giving full information. To the "HE" Members of the Holland Country Club:

"The Ladies—God Bless 'Em! Occasionally however, we like to get away from them. So on Thursday, July 30th, we are going to have a stag day at the Holland Country Club. We will play golf in the afternoon, and then in the evening at 7:30 we will have a supper—just us men. That supper will be a good one, and it will set you back just \$1.00.

"We want you to come, and we want you to let us know that you are coming so that we may know just how many to prepare for. So please send back the return card immediately telling us you will be there. Also tell us at what time you want to start playing golf. We will divide all the players into two teams, and if you play well enough maybe you will get that supper for nothing.

"But come to the supper whether you play golf or not.

"Yours cordially,

"C Vander Meulen."

## FORMER HOLLAND MAN TAKES HIS LIFE

Many relatives in Holland were shocked to hear of a double death in the Cloetingh family at Muskegon. First the mother Mrs. A. Cloetingh passed away at the age of 76 years, and a few hours afterward her son, John Cloetingh, committed suicide.

The Cloetinghs lived in Holland for several years, before and after the big fire of 71. The late Mr. A. Cloetingh conducted a book bindery in this city, and was prominent as a citizen in the earlier days.

The son John who took his life was born in Holland and followed the book binder's trade with his father in Muskegon.

Twenty-five years ago Mr. John Cloetingh came here from Muskegon attempting to start a book binding in the Holland City News office, but there was not enough of that class of work in this vicinity, at that time, to make it pay. Years ago the family moved to Muskegon where they have resided ever since.

Relative to the sad tragedy the Muskegon Chronicle says as follows: "Following the death of his mother by a few hours, John R. Cloetingh, 88 Monroe ave., Muskegon real estate dealer, took his own life Wednesday morning by closing the windows and doors of the kitchen and turning on the gas. Mrs. Arend Cloetingh, 76 years old, the mother, died Tuesday at the home of her daughter, Mrs. Benjamin Erickson, 59 Irwin ave., Muskegon.

"Mr. Cloetingh arose at 6 A. M. Friday and his three daughters, the oldest 16 years of age, remained in bed on the second floor until 10 a. m. Leona, 9 years old, then went downstairs and not finding her father went to the kitchen.

"The kitchen is filled with gas and papa would not speak to me," Leona told her two sisters, Ruth, 16 years old, and Eva, 7 years old, as she ran back upstairs.

"Ruth went downstairs at once and she found the body of her father in the gas filled kitchen. She then ran to the neighbors and gave the alarm. Physicians, who arrived pronounced Mr. Cloetingh dead.

"Mr. Cloetingh had been a life-long resident of Muskegon. He had been brooding over domestic difficulties, which resulted in a divorce in the Muskegon circuit court recently. Then came the death of his mother Tuesday. Relatives realized Wednesday that Mr. Cloetingh seemed to be acting strangely Tuesday evening.

"Since his separation from his wife, Mr. Cloetingh had been making a home for the three children. It was his fourth marriage, his former wives having died.

"For many years Mr. Cloetingh was in charge of the book-binding department at the Dana printing office and later he went into the book-binding business for himself. During the last few years he had been engaged in the real estate business. But his fourth marriage proved to be exceedingly unhappy, and he brooded over his trouble until it unbalanced his mind.

Announcement was made that a double funeral for the mother and son would be held from the Cloek chapel.

Mrs. Arend Cloetingh, aged 76, died Tuesday at the home of her daughter, Mrs. Benjamin Erickson, 59 Irwin ave., Muskegon. She was born in the Netherlands, Nov. 25, 1849, later coming to this country, and residing in Muskegon and Holland, Michigan, the past sixty-eight years. She was a member of the Berean Reformed church.

"Mrs. Cloetingh is survived by one son, Peter L. Cloetingh of Muskegon, John R. Cloetingh of Muskegon, two daughters, Mrs. Benj. Emans of Grand Rapids and Mrs. Edwin Erickson, at whose home she died, two brothers, Wooka Douma, and John Douma, both of Holland, Michigan, a sister, Mrs. John Pelon of Holland; sixteen grandchildren and two great grandchildren."

Holland public school officials may be asked to aid in Sunday school work, in fact all school boards and superintendents and principals of the public schools will be requested to co-operate in the convention of Sunday school workers to be held in Detroit on Nov. 4, 5, and 6, under the direction of the Michigan Sunday School Council of Religious Education.

The co-operation of boards of education of all Michigan cities to be sought by the council to the end that school heads may be sent to the convention so they may understand the aims of the proponents of the week day school and thus assist more intelligently in the program of education.

The theme of the entire convention, according to J. H. Engle, executive secretary of the council will be week-day religious instruction.

Superintendent Paul Stetson of Dayton, Ohio, public school, formerly a principal of South High school in Grand Rapids, is on the program announced by Mr. Engle. The list of other educators on the preliminary announcement includes Prof. H. Augustine Smith of the school of religious education of Boston university, who is to edit and present the fine arts features of the program. Dr. Walter S. Athearn, dean of the same school, and Miss Mary Abernethy, superintendent of the schools of religious education in the Gary, Ind., public schools and Dr. Hugh S. Macmill, executive secretary of the International Council of Religious Education and formerly president of the National Education association.

The Sunday schools of Holland as a rule send large delegations to this convention and no doubt will again have a large representation there in November. The state Sunday school convention was held in this city in 1916 and at one time Henry Geerlings was named chairman of this body.

Sam R. Kimball, agent San Fernando Valley, Calif., rancher, has placed an order with a Los Angeles undertaker for a \$1,200 steel coffin equipped with an up-to-date radio receiving set. It was revealed today.

Kimball explained that he is convinced that the soul lingers near the body until the day of judgment and that he will be able to "hear what is going on in the world" after he dies, if properly laid away in the super-heterodyne casket.

## HOLLAND FARMERS PLANNING PICNIC AT LANSING

Many folks from the rural districts in this vicinity are planning to take their families by automobile to East Lansing the later part of July. Great preparations are being made by the college authorities to take care of Michigan's farmer population who will come to the state capital at that time.

Guided by special tour routes, which are to be lined out by arrows and signs, thousands of Michigan farmers will inspect the extensive experimental fields at Michigan State college on Friday, July 31.

While the entertainment side of the farm day is being given a lot of attention this year, the fact that most of the visitors will be interested in the scientific agricultural work at the college is not being lost sight of by those in charge of arrangements. Inspection trips to various parts of the 1,200 acre farm, so planned as to "take in" the most interesting features are being carefully outlined.

Hundreds of acres of crops and soils test work, forest nurseries and woodlots, truck gardens, orchards, the livestock barns, and the college buildings themselves are included in some one of the several optional tours which will be ready for inspection.

The horse pulling contest, using the new dynamometer, will rival the tours for morning interest, while everything will center around the big open air meeting in the afternoon. The general meeting is scheduled to start at one o'clock, eastern time, and will include various entertainment features in addition to the strong speaking program.

As usual, farmers are being urged to "bring the whole family" to the July 31 conference. Farmers Day really takes the form of an informal picnic, the entire family finding interest in the day's program.

The July tournament at the Country club is proceeding with sustained interest and some very close and interesting matches. One of the most interesting was the match between the veteran Tansey, the 1923 champion, and runner up, and one of the club juniors—Julian De Pree. Tansey, of course, was obliged to give DePree a considerable handicap and the younger displayed such brilliant form that he was too much for the former club champion and won the match on the 18th green.

Other results were as follows: Hub Ingham defeated E. C. Brooks 2 up; Wishmeier defeated Nat Robbins, 1 up; Jim De Pree defeated D. B. K. Van Raalte 2 and 1; Volney Dibble defeated C. Vander Meulen 2 and 1; Edgar Landwehr defeated Harold De Pree 1 up.

In the consolation flight several interesting matches developed. Ex-President A. H. Landwehr took President W. A. Diekema into camp 2 to 1; A. Fitzgerald defeated his associate at the Furnace Co., P. Timmer, 4 and 3; Frank Lievesee defeated Adrian Van Putten 2 and 1; Al Combe defeated C. Van Duren 3 and 2 and lost to Ted Moore by the same score, Moore having previously beaten J. Den Herder 7 and 6.

Prominent contenders for both events still fighting for the prizes are Ingham, Wishmeier, James De Pree, Julian De Pree, Dibble and Edgar Landwehr. In the consolation flight, Fitzgerald, Lievesee, Ted Moore and Con De Pree.

In the August tournament the bankers of Holland and Zeeland are putting up the prizes and play will commence the first week in August. The players who haven't received their handicaps are urged to turn in their score to the club professor so as to become eligible for the events.

A pen of White Leghorn hens from Zeeland and one of Rhode Island Reds are racing neck and neck for leadership in the third international egg laying contest at the Michigan State college this week.

The Reds recovered from their production slump last week and were able to tie the Leghorns from the Royal hatchery at Zeeland for first place in the laying marathon.

The Zeeland legghorns were awarded the silver cup for the best performance during June. They produced 240 eggs or an average of 24 per hen.

Other western and central hens making good records in the contest have been entered by F. E. Fogle Okelmos; H. E. Denison, East Lansing; John Park, Coopersville; Mrs. E. S. Travis, Vicksburg; Evergreen Poultry farm, Greenville and Dr. L. E. Heasley, Grand Rapids.

Another distinguished honor has come to one of Hope's sons. Mr. Maurice Visscher, son of Mr. and Mrs. J. W. Visscher, 675 State-st., Holland, who, after graduating from Hope, has spent three years at the University of Minnesota, where he has received a B. S. and just last June, a Ph. D. degree with honors.

He lately received an International Research Fellowship, which distinction in scholarship will take him to London for a year or more of study at the expense of the scholarship foundation. This honor is more noteworthy because of the fact that it is the only new one this year granted to an American student. Maurice is home for a couple of weeks before sailing to London—alone!

Rev. G. Tyse, of Holland, Classical Missionary in Michigan, has been working to get a new Reformed church enterprise in West Detroit under way. After thoroughly canvassing the neighborhood, and weighing the merits of various building locations, Mr. Tyse, under the direction of the direction of a committee of the Classis, bought two lots at the corner of Nardin and Dundee Streets.

The Board of Domestic Missions made an appropriation toward the cost. The next step in the enterprise will probably be the purchase of an old church building, which, with its furnishings, can be moved on the new site. Sunday school and church services are to be started in the meantime. Mr. Tyse has been free to devote much of his time for the past weeks to West Detroit, for several of his fields are being supplied by students from the Western Seminary during the vacation; and the two new churches in Holland—Van Raalte Avenue and Seventh Holland—have pastors of their own, and, as Mr. Tyse puts it, are doing splendidly.—The Christian Intelligencer.

## NIGHT ROBBERS BURN FEET OF ALLEGAN MAN

Now banditry is breaking out in Allegan county and robbers go still further than holding up their victims, they are now torturing them as in days of old.

Sheriff Ben Lugten and his deputies Monday night believed that they were hot on the trail of the two men who Saturday night bound, gagged and tortured John Hoyer, Polish farmer residing alone near Round lake, Allegan county, eighteen miles south of Holland, and, after ransacking his home, escaped in an automobile with \$6 of the man's money.

Through an interpreter, the officers today questioned the man, who still bore marks of his harsh treatment at the hands of the thieves, details of which his neighbors were unable to learn because of his imperfect English. Hoyer, whose wife and family reside in Chicago, managed to free himself from his bonds early Sunday morning, several hours after the robbers had departed.

Officers are working on the theory the two offenders had witnessed a recent transaction in which Hoyer had received some money and visited his home at night in the hope of obtaining it. Hoyer, however, the officers learned, had tendered all but \$6 in payment of a debt.

According to Hoyer's story, the two men stopped their machine in front of his home about 9 o'clock and, to determine what they wanted, he went to the road. They asked for water for their radiator and Hoyer started to the house for a pail. The thieves overtook him, felled him with blows from a club and then dragged him into the house.

Hoyer said he was placed on his bed, where the thieves burned his feet with matches in an effort to wring from him the whereabouts of his money. The pair left about an hour afterward, with the \$6 they found in the drawer of a table, after thoroughly searching the dwelling for other valuables.

More than six hours later, Hoyer managed to wriggle out of his bonds and make his way to the home of the nearest neighbor, about a half mile away, from which the sheriff's office was notified.

Hoyer described one of his assailants as about 35 and the other, about 22. He said he would be able to recognize them should he see them again.

Despite the fact that Michigan is short on "baby chick" laws which put the O.K. on accredited stock, this vicinity is shipping "peeps" by the millions.

The chick shipment season via parcel post from the Holland postoffice has been practically completed and has been one of the best on record. It is estimated that about 2,000,000 chicks have been shipped from 48 hatcheries to all parts of the country and Canada. The total shipments from all the hatcheries in Ottawa county is estimated at approximately 7,000,000, with Zeeland shipping the largest number.

The losses sustained in shipments have been reduced to a minimum. The chicks are dispatched in heavy paper boxes, filled with air holes, properly crated, and the peeps are able to get along without food or water for four days. Many hatcheries plan to increase their capacity before another season.

John Malik, who pleaded guilty to larceny of an automobile at Muskegon last month, in which he was taken after Grand Haven officers had fired a number of shots in forcing him to halt, was placed on probation for two years by Circuit Judge J. Vandewerp of Muskegon circuit court. Malik said he stole the automobile to drive back to Chicago.

Charles Connell was sentenced to six months to one year at Ionia for liquor law violation. The shorter term was recommended. Walter Burews and Charles Hansen were each placed on probation for 18 months on liquor law charges.

A score of Holland folks attended the Michigan Painters and Decorators convention, that was held in Battle Creek during the past week. Holland men were prominent there as speakers and a few of them were made members of the State organization.

Bert Slagh of Holland was again named State vice-president, while Frank Kammeraad was named State organizer of Western Michigan. Al Bosch also of Holland was placed on the executive board.

Holland staged this convention very satisfactorily three years ago, and the Holland members endeavored to land it again, but Muskegon felt that it was their turn, and landed the plum for 1926.

The Battle Creek citizens provided excellent entertainment, taking the delegation thru the large sanatorium, followed by a boat ride on Gull lake. There were 200 delegates present from different parts of the State. Mr. Slagh gave at the convention a report of the deliberations of the International Convention of Painters and Decorators where he was sent as a delegate by the state body.

The next international convention is to be held in Philadelphia in February and the delegates named are: Bert Slagh, of Holland; Jacob Bergaman, of Grand Rapids; and James Marsh, of Battle Creek.

The delegation of Holland who left by auto for the pure food city are: Mr. and Mrs. Bert Slagh, Mr. and Mrs. Henry Was, Mr. and Mrs. John Van Zanten, Mr. and Mrs. Frank Kammeraad, Mr. and Mrs. Wm. Dinckeloh, Albert Bosch, Wm. Selas, Gerit Este, John De Ruiter and Oscar VanderBerg.

Rev. Henry V. E. Stegeman of Japan, Rev. J. Van Ess of Arabia and Rev. John H. Baxter of the Indian mission are included in the list of speakers for the Reformed church mission fest to be held July 28 at Kalamazoo. The addresses will be delivered in the Holland and English languages and the sessions will be held afternoon and evening in West-nedge park.

Two Holland Furnace Cleaner service machines went out from Fennville to work this week. One is owned by Cleon & Ward Post and one by Geo. Dutcher & Jas. Bale. Each machine is given three counties in southwestern and the boys expect to do a flourishing business. The plan is the vacuum method and one to three hours will clean furnaces, flues and chimneys.—Fennville Herald.

## PETER SMITH OF HOLLAND IS A REGULAR FISHERMAN

Fishing Black lake and river for 45 consecutive years is a distinction achieved by Peter Smith, one of Holland's leading anglers and one of the most enthusiastic members of the Holland Game and Fish Protective Association.

Smith dropped his first line in Black lake when a lad of 11 years. His first experience was not successful and from that time until now he can be found on the water when not engaged in his work as mason. The biggest fish he ever landed was a 31-pound catfish in Pine creek bay some 20 years ago. He caught the monster with a seven-ounce rod and it required an hour to land it.

Smith remembers the time years ago when Black river was one of the finest bass streams in the state and it required no effort to hook from one to two dozen in comparatively short time. He hooked a muskie which weighed 21 pounds. He was the second man to haul a shanty on Black lake in midwinter 35 years ago when the annual winter village first was inaugurated.

Talk about fish? Smith has hooked every conceivable variety and if all the fish he has caught were placed in a pile they would make a pretty steep hill. Baskets full of fish have been lugged home and distributed by him among neighbors and friends.

Smith's experiences on the water would make interesting reading. He has rescued fishermen from drowning and himself had at least two narrow escapes. He knows the lake and river like a book. He knows every bar in the lake. And he can tell fish stories which would captivate the most sober individual.

Smith fished in temperatures far below zero and always enjoys the sport. His pals of earlier days have died but he'll continue the game as long as he lives, he declares.—G. R. Press.

The Junior Domestic clubs of Ottawa county have completed their year's work with very good reports. Seven clubs have been carrying on the work this past year. Seventy-two girls were enrolled and of this number 61 finished the work outlined for the first year garment clubs, with 160 articles made valued at \$470.65 and costing \$224.74, thus making a profit of \$246.91 or an average of \$35.27 for each club.

Local exhibits were held and a champion chosen. The exhibits of the different club champions were collected and from these the county champion was chosen, Catherine Bos of Zeeland receiving that honor. Ruth Glerum of Zeeland stood second and Katie Vink of Spring Lake third. The county champion will go to Lansing for a week in July to attend the state club week held at the Michigan State college.

These clubs are gaining a foothold in Ottawa county. These clubs go under the emblem of the 4-H clubs which stands for Health Hand Happiness, Heart. A great deal of sewing is done by these young ladies and the motto of the members is "To Make the Best Better."

The articles sewed thus far were holders, bags, bloomers, nightgowns, slips and a dress. These are placed on exhibit at the Holland fair.

The Willard G. Leenhouts Post of the American Legion held their regular monthly meeting of the summer schedule Wednesday night in the city hall. It was an exceptionally busy evening as there was a great amount of business to be transacted. A final report was given on the flag proposition and the Legionnaires expressed themselves as well satisfied with the results and are proud of their city for the splendid way in which it responded to this patriotic cause. There has been so much favorable comment from a large number of citizens, together with many more requests for flags that the boys have decided to continue the sale indefinitely. Any one wishing to buy a flag for either business or residential districts can do so by placing their order with any legionnaire who will see that it is turned into headquarters.

The final report on the recent "Field Day" was also handed in and there will be \$300 left to be turned over to the base ball grandstand fund.

The Legion's first "Field Day" was considered a huge success and if proper arrangements can be made this will be made an annual affair.

The dates for the annual state convention to be held this year at Bay City are set to be September 6-7, and 8. Elaborate preparations are underway to make this the largest and best state convention that Michigan has ever enjoyed. It is expected that the attendance records will also be shattered as delegates from all over the state are asking for reservations. The local Post elected three delegates and three alternates who are as follows: delegates, B. H. Lievesee, E. C. Brooks, A. E. Van Lente; alternates, Dr. Westrate, L. W. Schoon, Dr. Tappan.

The annual picnic was also decided upon and this will be held in conjunction with the Ladies Auxiliary. The date of the affair is scheduled to be Thursday, July 30 and the place, Dr. Westrate's cottage at Tennessee Beach. This is a high light on the Legion calendar and all are expected to be present.

Negotiations have been going on for some time relative to having the Legion band making a trip to Battle Creek to give a concert for the tubercular patients at the Roosevelt American Legion Hospital.

This concert will be given next Sunday and the band and Legionnaires will leave promptly at 8:30 Sunday morning. Transportation must be furnished for at least fifty people and it is therefore urged that those who can furnish cars get in touch with the committee as soon as possible.

## HOPE CHURCH GETS BROOKLYN, N. Y., PASTOR

Hope Church consistory announced, thru its bulletin yesterday morning, the acceptance of the call the church had extended a fortnight ago to Rev. Thomas W. Davidson, D. D., pastor of the Reformed church on the Heights, Brooklyn, N. Y. Much pleasure was evident at the welcome announcement. In fact, Dr. Davidson, both as a pulpiteer and as a mixer during week days, has endeared himself very generally to our people.

The clergyman's sentiments toward Hope and Holland found expression in the following sonnet, which flowed from his pen on July 20th, the day before his formal acceptance of the call was sent to Mr. C. M. McLean, chairman of the committee on pulpit and worship, and moderator of the

Rev. T. W. Davidson, D. D.

consistory. Liberty was granted to publish the poem. It is entitled "The Lure of Holland".

Holland! Thou home of Culture, and of Joy;  
Thy Spirit haunts me even in my dreams;  
Waking, or sleeping, thou art ever nigh  
Whispering to me of golf-links, lakes and streams.  
Thy Warm Friend Tavern seems to me most fair,  
Though now, well nigh a thousand miles away;  
Thy skies, and sunsets are both rich and rare,  
And lure me through the night, and live-long day.

But fairer far than woods, or streams, or skies,  
Are my new friends in Holland, highly blest  
With happy homes. Pure love shines in their eyes,  
And tender greetings for their preacher-guest.  
Spirit of Holland! Lead me back to thee,  
That in Hope Church I soon at work may be.

The distinctly literary touch in these fourteen lines suggests the fact that Dr. Davidson has penned many a poem of merit. Also it calls to mind his ability as a lecturer on the lyceum platform, and we hope that Holland may hear one or more of his brilliant lectures on Shakespeare, on Ireland, and on other topics.

It is the very general impression that Hope church has honored itself by extending a call to Dr. Davidson, and that Dr. Davidson was very gracious in accepting this call. It does seem eminently fitting for this local church to call a man of distinctly evangelistic type, who is free from all narrow entanglements, but, nevertheless, true to all necessary and essential fundamentals. In other words, Dr. Davidson is a true foundationalist. He has a deep and loving regard for the "faith once delivered to the saints," but also a reasonable respect for the true findings of pure science.

His education and early training have fitted him, par excellence, for Hope church pulpit. Dr. Davidson is Scotch-Irish by birth, born in Belfast half a century ago, Belfast, the cradle of some of America's greatest preachers. His mother was a pious Quakeress, who early inspired in her son a love for the Christian ministry. Educated at the great literary institutions in Belfast, he took orders and became a minister in one of the leading Methodist churches in the Metropolis of Ireland. After a lecture course trip thru America and Canada, he was called to a Congregational church in Montreal, Canada, where he very acceptably served for six years. When Dr. F. F. Shannon resigned his pastorate of the Reformed Church on the Heights in Brooklyn, to become, at the instance of Dr. Gunsaulus, the pastor of Central

tor fits him for the local church, since Hope consists of a congeries of denominations, for the most part Reformed, and with quite a sprinkling of Baptist, Congregationalist, Christian Ref'd, German Lutheran and so forth. Hence his strong and broad evangelism seems to be the man born. Dr. Davidson has a strong love and sympathy for children and youth, as is evidenced by the fact that he has been the means, in five years, of increasing twenty-fold the attendance at Sunday School in his Brooklyn church. Further, finding that 80,000 children in his city were untaught in Sunday school and by other religious means, he organized all the churches into a body that took upon itself to have school children instructed in the Bible for an hour a week.

Dr. Davidson also, with his coming to Holland, resigns the presidency of an organization, formed to engender comity and amity between races, nations, and Christian religions.

Mrs. Davidson is a woman with a charming personality, heartily in accord with her husband's profession. She belongs to one of the highly respected families in Belfast, and before the World war wrought its devastation to fortune, was an heiress in her own name of a considerable fortune.

Two children were born in the family, the older a son, who did distinguished service in the air forces during the recent war. He is now in business in Montreal a junior partner in a prominent firm.

The daughter, Kathleen, has a fine position in the Brooklyn Museum, which she resigns with some regret as she comes to Holland.

Dr. Davidson was attracted to Holland and Hope for many reasons, some of them being the academic atmosphere that pervades our lovely city of culture, the fine schools, and most of all, Hope college and the Western Theological Seminary, as well as the character of his Holland audiences. All provoked in him an irresistible urge to go to Holland and cast in his lot with the Reformed church in the West. That he will work harmoniously and sympathetically with the other churches in this city needs no argument.

Dr. Davidson's first sermon as pastor of Hope church will be preached, D. V., on the fourth of October.

The following is taken from the Brooklyn Daily Eagle of July 22, a paper in which several of his sermons have been published from time to time:

"It was with unusual regret that Dr. Davidson's resignation was accepted by the consistory and it was decided to prepare a special resolution to be submitted at a later meeting. He expects to close his ministry to time."

Miss Kathleen Davidson

In the church on the Heights, Sept. 27, which will complete five years of service and to begin in his new field on Sunday, Oct. 4th.

Dr. Davidson has been active in the religious field of Brooklyn, being prominent in the Federation of Churches. He is chairman of the Committee on Weekday Religious Instruction and has been instrumental in the organization of many schools. He will be greatly missed among the clerical force of Brooklyn."

Church, Chicago, Dr. Cadman of Brooklyn strongly urged the consistory of the Church on the Heights to extend a call to Dr. Davidson of Montreal. This was done after hearing one sermon by Dr. Davidson, and by the end of September, the Brooklyn church will have enjoyed a five year service by this minister, whose departure is a source of deep regret. ## Holland's Financial Condition

Below will be found the statement of the three Holland banks, namely the First State, the People's and the Holland City State Bank. It would be well to examine these statements carefully for they will reveal the wonderful condition that these three strong financial institutions are in. The figures speak volumes for the thrift that citizens of Holland display, both in the savings and in the commercial department.

## EAST SAUGATUCK

Marl is by far the best source of lime for the soils of this county. Many thousands of yards should be used this coming year. The demonstrations this year are at Knoblock lake, 2½ miles south of Hopkins, August 18; Lippen Lake 1½ miles south of Martin, Aug. 22; and at the Shergar farm on the Kalamazoo river southeast of East Saugatuck, Aug. 27. This covers the county quite satisfactorily. This year the outfit is put up quicker than last year and marl is actually dug for three full days so the amount dug is over 200 yards at each set-up. As the Farm Bureau drive takes place during the week of Aug. 10 there will be no demonstration during this time but marl will be dug at Knoblock lake for seven days instead of three so at least 500 yards should be in this pile at the end of the digging period. In addition to the marl digging there will be talks on its use and value and a demonstration will be given on the use of a marl spreader which can be made cheaply at home. This should attract a very large crowd.

## HAMILTON

Since the item appeared last week in which the substance of a statement made by H. D. Strabbing at the annual school meeting, as to why he resigned his position as secretary of the board of education, a gentleman who was a member of the board at the time of Mr. Strabbing's resignation says that he and other members of the board at that time think that it is only fair to them to have it as clearly and publicly announced as has been Mr. Strabbing's statement, that the board did not authorize Mr. Strabbing to close a contract with any candidate other than Mr. Kaechele for the principalship of the school; and we did say last week (but for some reason that statement did not get into print) that anyone who knows Mr. Kaechele cannot charge that he would intentionally be too dilatory in matters of business.

The members of the Sunday School of the First Reformed church enjoyed an all-day picnic in the county park Thursday. A very attractive program of games and other sports was a part of the day's pleasures. These included a game of baseball between a team from the church and one mustered from the brickyard.

Dr. House of Saugatuck, who was chairman of the county picnic committee, estimates that there was an attendance of at least 500 at the picnic in the county park Thursday of last week. The Sunday school of the American Reformed church of this village was well represented.

Mr. and Mrs. Robert Leenhouts vacated the house bought by Fred Mason and known as the cement house; and Monday Mr. and Mrs. Mason themselves moved in. Mr. and Mrs. Leenhouts have moved to a new house recently completed for them at Macatawa park. The house vacated by Mr. and Mrs. Mason is now occupied by Mr. and Mrs. Roy Beerboer.

During the absence of her sister, Miss Alice Brower, on a trip to Iowa, Mrs. Gerrit Van Zyle of Holland is taking her place in the bank. Dr. Van Zyle, who is an instructor in chemistry in Hope College, is engaged during the summer in study in the university of Michigan.

The work of redecorating the interior of the First Reformed church has been completed. The auditorium now has a very attractive appearance. Two new doors at the outer entrance have taken the place of the old ones.

Rev. John Roggen of the First Reformed church left Monday with his family for a three weeks' vacation in the west.

Mrs. Abbie Bixby of Allegan, formerly a resident of Hamilton has been a guest of Mr. and Mrs. John Kolvoord, sr., and Mrs. Sarah Billings. Leon Young and family of Lansing have been visiting relatives and friends in Hamilton last week.

Mrs. J. Brouwer and Miss Fanny Westrate called at the home of Mr. and Mrs. Joe Westrate where they spent the last week.

## ZEELAND

Dr. C. E. Boone and family left for an extended trip to the northern peninsula and different places of interest.

Miss Ann Boone is spending a two weeks' vacation at the home of her mother, Mrs. Ed Boone, northeast from here. Miss Boone holds an office position for the Fisher Body Corporation at Detroit.

De Jonge and Boone Marriage Last week Tuesday morning dawned beautifully as an ideal wedding day. It was the morning when Miss Rose Marie Boone, daughter of Mrs. Ed Boone, residing northeast from here was wed to Mr. Oliver J. De Jonge, son of Mr. and Mrs. George De Jonge, residing in Zeeland.

The wedding took place at the First Reformed church at ten o'clock, Rev. John Van Peursen, pastor of that church performing the ceremony.

Promptly at the appointed hour, an organ recital was given by Miss Marie Van Eenaam of Zeeland, followed by singing by Mr. G. Ter Beek of Holland who sang "Because," and "O promise Me."

The bridal party was then ushered in by Miss Ethel Leenhouts and Myrtle De Vries, who carried miniature bouquets of sweet peas. The bridesmaids, Miss Madeline De Jonge, and Miss Mabel De Jonge, carried bouquets of rubrum lilies, white sweet peas, calendulae, and larkspur with pink and white scarfs. Miss Madeline De Jonge wore a champagne dress and a black lace hat and Miss Mabel De Jonge wore a dress of flesh color beaded georgette and a white lace hat.

The ring bearer Miss Winifred Boone carried a calla lily. Miss Mary Jean Vaupel from Holland, who was flower girl, carried a basket filled with sweet peas and pansies. Mr. Marvin De Jonge, brother of the groom, acted as best man.

The bride wore a white satin dress. She carried a bouquet of Mrs. Calvin Coolidge roses, and a sprinkling of sweet peas. Her veil was trimmed with orange blossoms. Miss Ethel Boone, the maid of honor, had a dress of peach satin. Her bouquet was made of blue larkspur, and red sweet peas, with a blue scarf.

The church was beautifully decorated with clobotium ferns and palms.

Across the front, hiding the pulpit and choir loft was a lattice work covered with stars and thickly studded with delphinium. Behind the wall of green painted garlands canopies sticks. Pedestals of cathedral candles were placed beside the space where the bridal party stood.

After the ceremony a reception was held in the church parlors.

Mr. and Mrs. De Jonge left on a wedding trip to Niagara Falls and through Canada and different points of interest through the east.

Mrs. De Jonge, a popular girl in Holland, having been an instructor at the Washington school the past year.

Mr. De Jonge holds a position as instructor at a school in Orange City, Ia., where they will reside.

## GRAPPLER CY, LOCAL WRESTLING CHAMPION IS EXTRA ATTRACTION AT FAIR

"Cy" Lifting 170 Lbs. in the Wrestler's Bridge Lift

Cut Used by Permission of "Health and Life" Pub. Company, Chicago

Mr. J. Arendshorst the progressive manager of the Community Fair which is to be held in Holland, August 18, 19, 20, 21 is out with the announcement that Grappler Cy, local wrestling champion and heavy weight lifter will be an extra free attraction at the fair. The grappler whose real name is Cy Vande Luyster, of Zeeland will give an exhibition of strength every day on the platform in front of the grandstand. His feats include an act on the Roman chair that requires stupendous strength of stomach and thigh muscles. Another one of Cy's favorite stunts is to stage a tug of war in which he resists the strength of eight men. For a man weighing as he does a bit over 154 pounds his feats are sensational and are sure to draw a great crowd of admirers whenever they are given.

In comparing the exhibition given by the local man and the one displayed by the champion middle weight lifter of Grand Rapids it was found that the Zeeland grappler has the edge as he does many stunts which are not carded on the furniture city man's list.

Vande Luyster is a prime favorite here and has established a great record on the mat, losing but one out of twenty matches that he has engaged in, in various cities around the state.

Although the grappler will not do any wrestling at the fair his strong man stunts will be well worth seeing. He has received much personal instruction from Prof. A. P. Hedlund, noted Swedish lifter. Don't fail to see this exhibition when you attend the fair.
