ZEELAND MAN MAY OPPOSE SENATOR MARTIN THIS FALL

Gordon F. Van Eenennaam of Zeeland is being talked of as a candidate for state senator on the republican ticket. Mr. Van Eenennaam is a graduate of Hope college and also a graduate from Michigan law school last June.

Mr. Van Eenennaam has received a great number of assurances of support in Muskegon county where the present senator, Mr. Martin, lives and it goes without saying that his following in lower Ottawa where the young man lives would be large.

Mr. Van Eenennaam is the son of Herbert Van Eenennaam, proprietor of the Zeeland Cigar Company, who is also well known in Holland and other Ottawa county cities.

MILES SITES STRANGE FREAK IN COURT CASES

SUPREME COURT DECIDES LIQUOR CASE AFTER FOUR YEARS WAIT

Ottawa Co. Man Will Finally Be Sentenced at August Term of Court

Prosecuting Attorney Fred T. Miles relates a strange incident that has to do with an Ottawa county liquor case, where a man was convicted in the lower court, and through his attorneys carried his case up to the supreme court, where after a long wait the higher court decided against him.

Mr. Miles in speaking of the case said, "this is one of these strange freaks that sometimes comes up in law work. This is one of the odd decisions the supreme court sometimes makes. For instance, at the March term of circuit court, 1922, Frank Cech was convicted of a violation of the liquor law, unlawfully manufacturing and having in his possession six quarts of moonshine whiskey. A great many objections were made to the search warrant (the usual defense in a liquor case, as there is usually no defense on the merits) and the case went to the supreme court.

"On Thursday, the 22nd of July, 1926, the supreme court rendered its decision, affirming the case. It will thus be noted that from the time of his conviction in March, 1922, to having the case finally disposed of by the supreme court in July, 1926, something over four years has passed. Of course, this is a very unusual case, and the supreme court usually decides the case within a few months from the time they have been tried in circuit court, but this case has dragged for a long time.

"Mr. Cech will have to appear before the August term of circuit court for sentence."

OVERSEAS CHURCH BIDS MISSIONARY FAREWELL

The Reformed church at Overleel last week tendered a farewell reception to its newly adopted missionary, Mr. C. H. Holleman, with an audience which taxed the capacity of the church.

Dr. and Mrs. Holleman will leave August 5 on their return trip to China, where he has been engaged as medical missionary in Amoy for six years. Mrs. Holleman, the former missionary supported by the church, will take the place of Mr. Holleman.

Many Holland members of this organization, together with the Holland officers will attend the convention.

COAL MAGAZINE COMMENTS ON LOCAL

Elsewhere in this issue WORK found a coal ad containing two thermometers advertising summer coal prices. This is not a coal ad but those thermometers on the ad concern Harry Harrington of the Harrington Coal Company, for it is he who got up this advertising matter and apparently it is so good that "The Black Diamond", official coal magazine with headquarters in New York makes the following comment:

"When it comes to putting over the 'Buy Early' idea with a minimum of language and a maximum of punch and graphicness, it seems to me that the Harrington Coal Company, of Holland, Mich., has turned out the best effort so far in 1926. I am reproducing their 'snappy story' herewith (a reproduction of the ad in reduced form being run with the story). In the original it consists of a blotter six inches wide by four inches high, cream colored on the enameled side, and with the lettering and sketches in blue ink. Can you beat this with any of your summer selling literature?"

Plans and proposal blanks may be obtained at the office of the Board of County Road Commissioners at the Court House, Grand Haven, for the sum of Five (\$5.00) Dollars, which sum will be returned upon the condition that the plans are returned in good shape.

A certified check in the sum of Five Hundred (\$500.00) Dollars made payable to the Board of County Road Commissioners of Ottawa county, must accompany each and every proposal.

The right is reserved to reject any or all proposals.

Fifty Years Ago Today

Ald. J. Dykema has arrived here from his European tour. At the Republican convention held in this city the following gentlemen were elected as delegates: J. R. Kiehn, J. Roost, M. Hoogesteger, D. J. Dinkeloo, H. D. Post and P. Schravensande—three at large and one from each of the four wards.

Mr. Walsh is painting up his drug store, and will soon give the appearance of a new building.

Mr. H. E. Nies, theological graduate of Hope college, has accepted the call from the Reformed church at Saugatuck to become pastor of the church. Mr. Nies is a native of Holland and is a member of the Holland church. He is a graduate of the University of Michigan and is a member of the Holland church.

At the Republican convention in the village of Zeeland the following men were elected as delegates: Den Herder, C. Van Loo, H. Keppel Jr., and A. Bolks.

TWENTY-FIVE YEARS AGO TODAY

Nearly every Elk in Holland is in Milwaukee this week attending the Elk's Carnival.

Zeeland men are endeavoring to organize a stock company capitalized at about \$30,000 which will engage in the manufacture of furniture.

A gang of 100 Italian laborers from Flint arrived in Zeeland Tuesday where they are employed on the Grand Rapids, Holland and Lake Michigan electric road.

J. A. Van Dyke delivered the first load of cucumbers for the year 1921 to H. J. Heinz Co.

A disastrous fire occurred on the farm of H. Bronkhorst of Lake-town township, Allegan county, on Monday afternoon, destroying the house, granary and other farm buildings. Some of the household goods were saved, but the farm implements and 15 tons of hay stored in the barn were destroyed. The house was occupied by Mr. and Mrs. Elinga.

Miss Bessie Belle Thew, the members of her class in education and a few friends picnicked at Macatawa Park last Saturday. A delightful day was spent and in the evening a marshmallow roast was held.

ALLEGAN COUNTY PARK IS A POPULAR PLACE

PUBLIC SITE SINCE 1921 NOW IMPROVED; MONUMENT HONORS WAR VETERANS

One of the best purchases ever made by the Allegan county board of supervisors was the tract of land bordering on Lake Michigan and known as the Allegan County park.

The original tract was 11 acres and was owned by the Link estate. Out-of-state persons were buying much property along the lake and the situation became so acute there was no place along the lake residents of this section could go without trespassing on private property.

The first season the park was opened was 1921 and the use of the land made of it immediately proved such a place was needed. The next year bathing houses were built and the park was drained, providing space for parking cars and a playground. Signs now are being given directions to the park, wells have been drilled and tables built. In the past year the original bathhouses have been replaced by new ones and steps have been built down to the lake.

In the summer of 1925 Congressmen Ketchum unveiled a monument at the park to the soldiers and sailors from Allegan county who were in the World war. It occupies a position in the center of the parking space, near the lake.

The park has been used during the past two years for reunions, picnics and every Sunday afternoon there is a religious service there.

BROTHER OF MRS. JAS. A. BROUWER DIES AT GRAND RAPIDS

Harm Nordhouse, for many years a resident of Grand Haven and a member of one of the well known old Grand Haven families, passed away Tuesday morning at Butterworth hospital in Grand Rapids. Mr. Nordhouse who had been in ill health for some time submitted to an operation a week ago and was apparently rallying, when the change for the worse came.

Mr. Nordhouse is the brother of Mrs. James A. Brouwer of Holland, and Miss Anna Nordhouse who spends the greater part of her time in this city, but is now travelling in Europe.

HON. FRED McEACHRON TO RUN FROM OTTAWA

Fred McEachron of Hudsonville, is to run for the single seat in the House left to Ottawa county. Ottawa county had two seats until this session when under reapportionment it loses one. Kooyers and McEachron held these seats in the last two sessions, but Kooyers has retired in favor of "Mac" for this session. McEachron was another of the real battlers in the House and perhaps the House had no more popular member than he.

The congregation of Fairview Reformed church Wednesday night voted to call Rev. Ira Hesselink, pastor of the First Reformed church of Hudsonville, to fill the pulpit made vacant by the departure of Rev. Pete Grooters, who has been called to Northville from the Grand Rapids church.

The vote to issue a call to Rev. Hesselink was unanimous.

SIGHT CLASSES PLAY ON BEACH AT MACATAWA

SIGHTLESS ARE TAUGHT TO SWIM AND FISH IN LAKE MICHIGAN

You don't have to have 100 per cent eyesight to enjoy fishing, swimming or just lazing on the beach. Guests at Roberta lodge at Macatawa, the summer cottage of the Association for the Blind, have proved this summer.

The cottage is maintained for the association by the Kiwanis club of Grand Rapids, and ever since it opened a month ago clients of the association have been down there, a new group each week enjoying themselves doing the same things that sighted people do when they go to play at the beach and doing them just as well. There was a men's fishing party one week; over the week-end of the Fourth men employed in factories and their wives and families came out. The men returned to work after the holiday while their families remained the rest of the week. The season opened with a house party which the R. L. C. club of Cretion high, Grand Rapids, school students in the conservation of sight classes, held there.

Until last week most of the guests at camp have been adults. Beginning then, it was the younger's turn. The first group, 15 girls from 9 to 13, went out Tuesday; before the season closes it is expected that nearly a hundred children will have had an outing. Young children are not taken to the camp, but from 9 years on the students go out for a romp such as any normal sighted child might enjoy.

Lessons in swimming and periods of directed play will be provided by members of the staff of the association for the blind. Marshmallow roasts on the beach and story hours and games are on the program. All children have a physical examination before they go out to the cottage.

The cottage is under the general supervision of Mrs. Roberta A. Griffith, executive secretary of the Association for the Blind at Grand Rapids. Guests who can do so pay a nominal fee; other maintenance expenses are met by the Kiwanis club, which obtained funds for the purchase of the cottage several years ago.

MUSKEGON AND HOLLAND IN SCORELESS TIE

FIRST GAME CALLED IN THE 4TH WITH EACH PITCHER ALLOWING FOUR HITS

"Some base ball game" is the way fans expressed themselves after the Freeman Ice Cream team of Muskegon and the Holland independents finished a scoreless tie in the first game of the season. The opposing pitchers, each dished up rare baseball, allowing four hits apiece and striking out three men. A fast double play in the 7th cut off Muskegon's nice chance to score. Achenbach had singled and was on the keystone ready to tally when Japings, Ashley and Riemersma cut down two. In the sixth, Dahlstrom led out with a pretty double. He was sacrificed to third by Rojan but Alberts using a nifty curve ball, struck out Bennett and Anderson. Holland was cut down in the sixth after Spriggs and Alberts had singled. Japings' hit to Anderson turned into a double killing. Outside of these two innings the teams battled evenly, the batters going out in one, two three order. The game was replete with nice plays. Japings and Riemersma starring for Holland, with Anderson and Wiersma doing the bright stunts for Muskegon.

The tie will no doubt be played out at some time in the near future. Such games as the local team is playing in mid-season show that the men have hit a fast stride and deserve the following of every loyal fan.

The Greenville crowd is up for a game here Saturday afternoon.

SPORT NOTES

Jim Poppen, pitching for the Easton team in Maryland, is going great, winning 4 out of 5 starts. His club is now in second position.

One error is charged to Riemersma but Holland's first sacker looked to have been guiltless, the umpire ruling he did not have the ball in his possession.

The Freeman are the best club out of Muskegon and lived up to their name. Dahlstrom is their best bet and the visitors feared Albers greatly.

CAR STEALER IS NABBED AT GRAND HAVEN

NEWLY-WED YOUTH ARRESTED FOR STEALING FATHER'S CAR

Charged by his father with the theft of the latter's automobile and with passing a forged check to obtain funds wherewith to purchase a tire for the machine and defray the expenses of his wedding, John Hebel, 21, of Rockford near Grand Rapids, was arrested Wednesday morning by Deputy Sheriff Albert C. Matzen and Andrew Zook after a 100-mile drive in an effort to locate him.

Hebel, who was paroled April 26 from Jackson prison, is alleged to have driven away his father's automobile on July 22 and then to have driven to Grand Rapids, where it is charged he gave a bogus check to the Mills garage on Knapp ave., Grand Rapids, for \$35 in payment for tires.

Early yesterday the officers went to Sparta in search of him, but were told that he was in the Grand Haven. Arriving there, the officers were then directed to Perryburg, north of Grand Haven, and when their quarry was not found there they returned to Sparta.

Seated in a restaurant, the officers observed Hebel drive by and hurriedly gave chase, leaving an unfinished meal and an unpaid check behind them.

The youth told the officers he was married last Saturday to a widow with two children. Officers say that after taking the automobile twice drove it home to fill it with gasoline and threaten to shoot his father when the latter remonstrated with him for his conduct.

He will be arraigned in justice court today.

GOODRICH LINE WILL TAKE OVER P. & N. R. UNPROBABLY FRIDAY

Grand Haven, July 29.—Following a long distance telephone conversation with John H. Clark, in Chicago, managing director of the Peninsula and Northern Navigation company, Fred G. McCrea, Michigan manager of the line, announced last night that his company had temporarily given up efforts at reorganization and that the Goodrich line will begin operating boats between Milwaukee, Grand Haven and Muskegon.

"Capt. Clark conferred with Goodrich officials today and it was decided to go on for present," said McCrea. "The P. & N. R. could not reorganize in such a short time, but we will try to arrange with the Goodrich company to allow us to use the line back should we obtain reorganization within a few days."

The Goodrich line had not announced the date when it will begin operations, but it has plenty of boats available and I think it will start on Friday so as to get the week-end trade."

THIRTY-ONE THOUSAND FEET OF PIPING WILL BE LAID

Spring Lake is to have an up-to-date sewage system to take the place of the inadequate system that is in use today.

The contract was let by the village council to the Reine Construction company of Minneapolis, Minn., and work will begin within ten days. The contract calls for completion by Jan. 1, but the manager stated he expected to complete the job by Nov. 1.

Thirty one thousand feet of piping will be laid and a pumping station to raise one part of the system to the required level. The entire cost will be a little more than \$29,000. The system will cover the entire village and is planned to meet a much larger population than the present.

WHAT IS THIS: PERPETUAL MOTION?

The show windows of the Knitting Mill store on East 8th street is attracting considerable attention. The window contains a small device built somewhat like a radio at the bottom and on a glass tube there are two discs, one white and the other just the reverse.

There are no strings or belts to move the discs and apparently no power, electrical or otherwise, that one knows of to turn the wheels.

Anyway the wheels keep turning without stopping night and day and the cause may be on for Sherlock Holmes to fathom. This is a rather unique device and window shoppers stop and wonder.

OTTAWA FARMERS WILL MOTOR TO "FARMERS' DAY"

A large delegation of farmers will drive to Lansing for the annual Farmers' day of the state college and to inspect the headquarters and departments of the Michigan State Farm bureau. Officers of the Ottawa County Farm bureau and leaders in each community, who solicited memberships among their neighbors will attend. It is expected that the delegation from Ottawa county this year will be the largest ever attending Farmers' day.

Fred C. Breen of Chicago, formerly of Holland, was seriously injured Saturday in a fall. Several bones in his spine and neck were broken and his left arm was fractured. The accident happened while he was engaged on his work as an employee of Iron Construction Works of Chicago.

Breen is the son of Mrs. B. B. Breen, 153 Central ave.

YOUTH FALLS FROM RAFT AT THE BOAT DOCK AND FINDS DEATH IN WATER

Charles Gallagher, aged 21, a lookout on the steamer "City of Holland" of the Goodrich line, fell off a raft at the Holland dock shortly after 5 o'clock Friday afternoon and was drowned. Gallagher was doing a job of painting under the eaves of the boat and was standing on a raft with his paint pot beside him. About five minutes before he was missed members of the crew, with all of whom he was popular, had been talking to him. No one actually saw him fall into the water and it is not definitely known how the accident happened.

Suddenly he was missed by a member of the crew and investigation was started. The paint pot and brush were standing on the raft. It is supposed that he suffered a heart attack because when the body was recovered it was found that there was no water in the lungs. A mark on the young man's head seemed to show that his head struck the side of the raft or the boat when he fell. He was an expert swimmer.

Members of the crew immediately set about finding the body with grappling hooks and it was recovered 18 minutes after the man was missed from the raft. Every effort at resuscitation was made, with the pump and in every other way, but life was extinct.

Gallagher's home is in Escanaba where he was supporting a widowed mother. The young man was well liked by the crew and is described by them as a fine specimen of manhood, with not even any minor bad habits. He did not drink, or even smoke.

He was a close personal friend of Capt. McAuley and Friday night when the Chicago boat went out there was sadness on the vessel. The captain is a great hand at saluting people along the shore who hail the vessel as it goes out, seldom failing to answer their salutes.

But Friday night all was silence on the boat. The captain was mourning for his friend and did not have the heart to answer the cheerful hails of people along the shore who were unacquainted with his cause for sadness.

The body was taken to Escanaba on the boat Friday night and burial took place there.

Judge and Mrs. James Danhof left Saturday for Petoskey, where they will attend the thirtieth annual meeting of the association of Probate Judges of Michigan.

This series of meetings will be held July 28, 29 and 30, and the headquarters of the meeting will be at the Cushman hotel. Entertainments will make this a gala time for the judge of the state and their wives, and includes dinners, luncheons, and drives about the beautiful scenery in that section.

Judge Danhof is down for two important meetings one on Wednesday where he will make a report of Rules and Practice, and again on Thursday when he will give a talk on What Are Legal Charges Under Sec. 12245 C. L.

Mr. and Mrs. Danhof left by Greyhound and will take a few days as a vacation before returning to the city. Miss Cora Vandewater will be in charge of the Probate office.

The detour made necessary by putting in a pavement from the Hendley corner to Fruitport is at present very dry, sandy and hard to get through.

It is the advice of the county road engineer, Carl Bowen, to take the west side of Spring Lake, if possible.

While this is a good detour as far as they go, due to the extreme dryness and heat it has become rather difficult and those passing through to Fruitport or country in that vicinity will find the going infinitely better on the other side of the lake.

Ray Conklin of Ferrysburg, who was arrested on a charge of selling liquor on June 26, appeared in Justice C. N. Dickinson's court in Grand Haven Thursday morning for an examination of the above charge.

He was defended by Charles E. Misner of Grand Haven and the examination was in the hands of the prosecuting attorney, Fred T. Miles. Frank Coates and Fred Enzenza testified as to selling the liquor from some man and at some place in Ferrysburg, but could not identify Conklin as the man.

After listening to a number of persons testifying as to the arrest and several other items, among them being the officers from the sheriff's department, the case went to the judge. After due consideration he decided there was absolutely no proof that Conklin was incriminated in any way and the case was dismissed.

The family are not even disturbed under the skillful moving of the house belonging to Henry Ringberg which is being torn from its moorings. The moving street and slowly piloted down the main street of the city of Grand Haven.

This eight room house was carefully lifted off its foundation by Fred Palmer with the old time jacking and wrench type moving outfit and will in no time find its new location on Slayton street in that city.

The house is a good frame structure and so high that the telephone cables, and electric lights and wires on Washington streets have to be lifted.

The family of William Kendall are not inconvenienced much through the removal and are continuing to live in the dwelling while it is piloted through the streets.

The IXL Machine Shop has just installed a 25 inch stroke shaper and a 16x12 Norton grinder. The addition of these machines gives Holland one of the best equipped repair shops in western Michigan.

MAKES A TRIP TO EAST AURORA, N. Y.

Mr. Benj. F. Harris of the IXL Machine shop started Friday for East Aurora, N. Y., to join his wife and family who have been spending the last fortnight with relatives there. They will motor back by the way of the Falls and Canada, stopping over a day in Detroit. Mr. Harris expects to be gone about a week.

To Discuss Dangers Threatening Church

Dr. Wm. Masselink, pastor of the 14th St. Christian Reformed church, returned from Minnesota Wednesday evening. During his absence the pulpit was supplied by the neighboring preachers. In conjunction with the warning of the last synod against the increasing worldliness that is becoming more and more evident in the churches, the pastor announces a new series of sermons having bearing on this synodical admonition. The subject of the series will be, "Present Dangers That Threaten Our Church."

Scout Executive Geiger has been appointed by Mrs. G. E. Van Duren to take the chairmanship of life saving and first aid for the Red Cross. Mr. Geiger fills the vacancy created when Francis Dees left Holland to become a member of the coast guard at South Haven.

SAYS OPENING OF HIGHWAY REAL MENACE

In the decision handed down by the supreme court in favor of the Macatawa Resort company against Park township, preventing the opening of a road thru to the life-saving station, Hon. G. J. Diekema, attorney for the Resort association, in his brief submitted to the supreme court said opening the road was a public menace. Throwing open the streets of Macatawa to the public, he said, would make that resort a rendezvous for bootleggers and disorderlies. The Holland attorney waxed eloquent in concluding his brief to the court, when he said:

"It will be remembered that in the case at bar, the plat of Macatawa Park was made and filed in 1888, or nineteen years before the Act of 1907 was passed. This plat divides the property in Macatawa into lots, parks, streets and walks, and Bay road appears upon the plat where a public highway is now claimed. Jurisdiction over Bay road and all other streets and walks was exercised by the Park company, and even if plaintiff should endeavor to establish that a public highway existed before 1888, the recording of the plat and the jurisdiction exercised over Bay road for more than 15 years would give the defendant, which has succeeded to all of the rights of the former corporations, jurisdiction to the park, and it would become

any rights the same were lost and cannot now be re-asserted by it."

"If the contention of counsel for plaintiff is correct that the filing of the plat of Macatawa Park in 1888 dedicated all the streets to the public, then it follows that the miles upon miles of streets and drives and walks shown up on the plat are public property. Along these streets children gather and play and all vehicles are excluded. These street pass over hills and through ravine, and unless the strictest rules and regulations relating to their use are made and enforced, accidents would be a daily occurrence and the park would be a public menace instead of a beautiful and attractive summer resort. The legislature of 1897 undoubtedly had this in mind when, like the legislature of 1887, it provided in Section 10 of Act No. 230 that the streets, alleys and highways passing through and over the same, or which said corporation may cause to be constructed, laid out or maintained therein, and the waters within and in front of said lands and premises shall be under the control and management of the corporation and under its jurisdiction.

"The testimony in the case at bar clearly and without any contradiction, shows that Bay road in places is so congested with automobiles and pedestrians that it requires a special force of from one to four persons and special regulations to provide for the safety of the public (127 and 139).

"Again Bay road, for its greatest distance adjoins Black lake and reaches up to the water's edge. If this road is a public highway, then the Macatawa Resort company has no jurisdiction over this approach to the park, and it would become

a paradise for bootleggers and for disorderly persons.

"It is only by eternal vigilance that this class of persons can be kept out of summer resorts, and it has always been the pride of the management of Macatawa Park that all undesirable are kept out and that the cottage owners can leave their families with a sense of safety and security. To open the lake front and the Bay road would spell ruin to Macatawa Park."

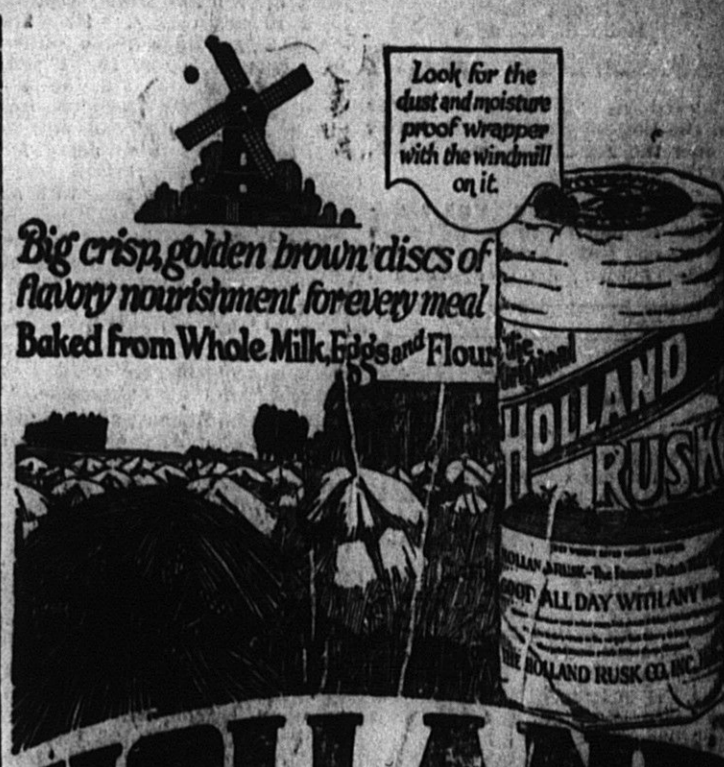

Three pages of the July issue of the Michigan Historical Magazine are devoted to the Pioneer and Historical Association meeting that was held in Holland this spring. Holland comes in for a good deal of praise in the magazine for the way the delegates were entertained here and for the hospitality of Hope college, the public schools, the Woman's Literary club and others who served as hosts to the association.

In addition to a running story of the programs, an article about Holland city is printed in the magazine under the head, "Holland—City of Contrasts."

Earl Kardux of Washburn College, Topeka, Kansas, has arrived home to spend the summer with his parents and to prepare his program for next season. Mr. Kardux just closed a very busy season. Besides teaching a large class at Washburn, he has concertized extensively in that part of the country, appearing as guest artist with the Kansas City Civic grand opera company, singing leading tenor roles with Gladys Cranston, soprano of Covent Garden, London, England.

Advertising matter posted this week announces the Holland community fair as of August 24 to 27. These are also the exact dates of the Allegan county fair. This seems like an unfortunate conflict. Each fair draws a considerable amount from this locality and are about equally distant from here, but probably the Holland show will suffer the most as people here must select which fair they attend and will naturally choose the one of their own county. The dates for the Holland Poultry show have been set for Dec. 14-18 at the Holland Armory. This was decided upon at a meeting of the board of directors held Thursday evening. Another feature will be added to the poultry exhibit that cannot help but attract many people. One department will be set aside for a dog bench show and the dogs, together with the large exhibit of poultry will attract many from Holland as well as from other places.

L. W. Van Wezel, who has kennel north of Holland, and rears police dogs, has been chosen to take the management of this department. All entries, however, whether these be dogs or poultry, must be made with Secretary Brower, according to the same rules long established by the Holland Poultry Association. While 25 cups are to be contested for in the poultry department, arrangements have also been made for ten cups to be contested for in the bench show.

While last year was a red letter year in the history of the Holland Poultry Association, because of its 25th anniversary, this year is not far short if the directors can help it. Mr. Brower has been often made a discredited poultry shows in small communities in order to boost larger exhibitions in cities like Detroit. Many organizations have petered out and shows have been discontinued because of this out-lagging interest in the community itself, but in Holland there is a different story to tell. Instead of deteriorating the Holland organization has become stronger each year. Twenty-six years of life for such an organization is unusual.

Today the Holland Poultry association is stronger than it has ever been before and it is the forte of this quarter century that have made Ottawa county the banner poultry county of Michigan, if not the United States.

The Holland Poultry association has the following officers in 1927: William Wilson, president; Derk Derks, vice president; Edgar Brower, secretary; Tony Groenwold, assistant secretary; James De Koster, treasurer; Peter Havinga, Nick Brower, Herman Gekker, Henry S. Pas and Rufus Cramer, directors.

SELLS SHARE IN THE MODEL DRUG STORE

For the past week a deal has been pending and it was finally closed on Friday when Con. De Pree of the De Pree company purchased a half interest in the new Model drug store building and also in the large drug stock and other merchandise that the new store contains. James Yonkman, who is a partner in Henry Wilson, expressed a desire to retire from the drug business eventually and this brought up the matter for discussion between the partners. Mr. Con De Pree, a veteran drug store man, made an offer that was accepted by Mr. Yonkman. The deal involves nearly \$150,000.

The firms name will remain the same, but Henry Wilson has been made the manager and James Yonkman will remain employed at the store at least for the present, until he has settled definitely what new vocation he will take up. Mr. De Pree will not be active in the business since his other duties in connection with the De Pree company take up his time fully.

Mr. De Pree has a thorough knowledge of the retail drug business. When he first came to Holland more than 35 years ago, he managed a drug store for Dr. Henry Kramer for eight years. He then established a drug store of his own in the Breyman building, now the Vaupell block. Mr. De Pree owned this store for nine years and then sold to Gil Haan who later purchased and conducted the Model Drug store, in which Mr. De Pree has now taken a half interest.

This was 20 years ago this week and since that time Mr. De Pree has been identified with the De Pree company, noted the country over for its San Toy remedies. The old De Pree Drug store was sold later to a Mr. Bradford who conducted it for a short time when he in turn sold it to Vaupell & Alward. Shortly before Mr. Alward's death John Vaupell bought the store at the present time at the same stand where Mr. De Pree started his first drug store 29 years ago.

Mr. De Pree, in an interview, stated that he bought an interest in the Model Drug store and building largely as an investment. He said Holland is bound to grow, and he has great faith in his home city, and surely one of the best locations in that city could not help but be profitable.

GRAND HAVEN GOLFERS WIN FROM HOLLAND

A week ago Holland golfers went to the Grand Lake country club to try conclusions with the golf team made up of Grand Haven and Spring Lake players. The Holland team came out victorious, much to the surprise of the Grand Haven team who were surely expected to win on their own course.

The tables were turned this week-end, however, when the locals were defeated on their own Holland Country Club grounds. The Nassau or Scotch foursome was the play and Spring Lake came out with 23 1/2 points against 6 1-2 points gained by the Holland teams.

This was a decided victory for Grand Haven as last week the Holland teams beat the Spring Lake Country club team by a 9 to 2 score. The lineup of the team and their respective scores are as follows:

Gale & Lewis defeated Fitzgerald & Van Raalte, 3-0; Clarke & Roberts defeated Inwood & Brown 2-1; Robbins & Sively defeated Wheel & Tamey, 2-1; Cones & Lillie defeated VanderMeulen & Landwehr 2 1/2-1/2; McCrea & Sutherland defeated Lokker & Swan 3-0; Kelsey & Johnson defeated Inwood & Cappon 3-0; R. Cornelius & Slingerland defeated Ingham & Combs 2-1; Cherry & Reichardt defeated Bennett & Bisset 3-0; Seligman & Anderson defeated Diekema & Mower 3-0; Spencer & Brown were defeated by McFarland & Gould, 0-3.

The last named team came in for a great deal of good natured fun during the fine chicken dinner that was served at the Holland Country Club to the hungry crowd and the stories of why and how were one of the best parts of the day.

NEW COTTAGE DESTROYED AT CASTLE PARK

Fire was discovered Tuesday morning in a new cottage that had just been completed at Castle Park by Standley Matthews of Glendale, O. The family had just awakened at 6:30 when smoke was discovered, and upon investigation it was found that a water heater that had been lighted for the morning bath had set fire to the woodwork and the bathroom was all aflame.

An alarm was immediately turned in and a hose from the water tower at Castle Park was turned on. However, it was difficult to fight the fire, since the cottage is built high up and there was not sufficient water to do any material good. Within a half hour the new building, costing \$6,000, was a mass of ruins.

A bucket brigade was formed and the cottage next door was thoroughly drenched and no doubt the work on the part of the park attendants and the neighbors saved this cottage from flames.

All the furniture, with the exception of the ice box, was also burned. Many beautiful trees in the vicinity were so badly scorched that it is doubtful whether they will survive.

Mr. Matthews came to Castle Park last year and was so impressed with the place that he decided to build a beautiful cottage, and the family had just moved in when the disaster came.

A call for help was sent in to the Holland fire department, and Chief of Police turned in an alarm to box 21, hotel corner, but knowing the bad condition of the road to Castle Park, he first demanded to know where the cottage was located, and how much danger there was from a general fire.

He immediately saw that it was useless to send a pumper into the hills where there is no water available, and take a chance on wrecking more than \$10,000 worth of fire fighting apparatus, when no good could be accomplished. Thereupon the trucks were sent back to the fire stations.

LOCAL TEAM SCHEDULED FOR MANY GAMES

The Holland Independents have three games scheduled for this week. The first will be a twilight game tomorrow evening at River-view Park when the Muskegon Freeman team come to Holland for a 6 o'clock game. Albers will pitch for the locals. On Friday the Independents will go to Beverly to play the Grand Rapids Dairies, with Hyma pitching. Saturday at 3:15 Holland is to meet the strong Greenville team at Holland and either Albers or "Woodie" will be on the mound for the locals.

The Muskegon team is the strongest aggregation in the "Sawdust City" and fans are looking forward to the game here tomorrow evening. Manager Spriggs Te Roller says he has a fine schedule for next week and the week following.

"The Lyceum Magazine," published in Chicago, contains a cut of Dr. J. B. Nykerk, and makes the assertion that he has, so far as known, served longer than any other man as the manager of a lyceum course. The magazine devotes two columns to Dr. Nykerk's lyceum career. The article follows: The lyceum is a long time for a lyceum man to run continuously, but when the 1927 course, now contracted for is presented, the lyceum at Holland, Michigan, will have run exactly that long.

And more unusual yet is the fact that all these years one man has managed it as a committee of one. Prof. J. B. Nykerk, dean of Hope college in that city.

During these years he has bought with the lyceum proceeds two concert grand and two upright pianos for the music department of the college; he has placed over \$500 worth of books in the college library besides expending considerable in stage and platform improvements.

And he has given the students and citizens opportunity to hear a galaxy of great men and women like Conwell, Bryan, Henry Watterson, President Johnson, Governor Hoch, Wendling, Maud Ballington Booth, Gonsaulus, Lorado Taft, Mrs. Philip Snowden, Will Carleton, Gov. Allen, Colonel Bain, Judge Ben Lindsey, Bishop Hughes, Ople Read, Herbert L. Willett, Raymond Robbins, Edward Amherst Ott, Dr. Colledge, and Private Peat. Some of these have been heard several times, and many have never heard who are not here enumerated. He has brought readers and entertainers like Leland Powers, Katherine Ridgeway, George Riddle, Montaville Flowers, S. H. Clark, and Everett Kemp, and musicians like Muzio, Marshall, Elsie Baker, Max Bendix, Seebach, Blind Perry, and the Spang Quartet.

"I have made money and lost money these years, but the college has never lost a cent," said Dr. Nykerk. "Managing the Holland Lyceum has been a labor of love, without pay, but with the reward of friendly appreciation accruing."

One of the greatest, possible proofs of the worthwhileness, of the lyceum, is that men of this caliber give years of their lives to its promotion.

The hardy Dutch, colonized the forest and sand regions along the east coast of Lake Michigan, and in remembrance of the homeland they gave Dutch names to their settlements, such as Holland, Watervliet and Zeeland. They made splendid, sturdy citizens here in Pennsylvania and elsewhere. The fame of the Grand Rapids furniture rests in part upon the excellent workmanship of these Dutch craftsmen who are found in all the furniture plants in this region.

Prof. J. B. Nykerk was born in this section, Overisel, Michigan, in the Reformed church parsonage, and graduated from Hope college in 1885 as the valedictorian of his class. He has been a teacher in this college almost continuously since that time, having been out at times to tour and study in Europe.

He has taught English language and literature, reading and oratory. He studied voice culture and singing for twelve years under the best American and English masters, and started the conservatory of music in Hope college, which he now heads, in addition to his other duties. It has about 120 pupils and a faculty of seven instructors. His pupils in oratory have won more intercollegiate and interstate oratorical contests than those of any other college in the state.

When I reached Holland the other day I found him arranging the course for next year and gleaned these facts in an interview. "Do you ever grow tired of running it?" I asked him. "Yes, sometimes, like everything else. But I keep at it because I realize that it is needed and I can do it." And then he launched into a discussion of the worthy college and community activities, and the necessity of making the most of the recreation hours.

"Our work in Hope college has not been in vain. We have developed character and good citizenship, and here is something to remember: Of all the graduates of Hope college who have married, only one has been divorced!"

Dr. Nykerk is youthful in health and appearance, is fond of long walks and adheres closely to his "daily dozen." He has had many invitations to leave Hope college for more lucrative positions in other institutions, but he has declined them all. He hopes to remain here all his life, and therefore the people of Holland can count on having a great lyceum for years to come.

TRUSTING THE BANKS

Any Bank is Better Than a Teapot, Sock or Oven

Q Money in the old socks or under the rag carpet is one of the most useless things in the world. Such money does not furnish any real tion to the person who has hidden it, for it is so likely to be lost or stolen or burned up.

Q People usually store money in this way because they do not trust the banks and other financial institutions which handle the funds of their depositors. Even under a total lack of guarantee laws the bank is ordinarily a safer place for money than is the old sock.

Q America needs to get its money out of the teapot and the oven and put it in the banks and the business of the land. You who have hidden your earnings in unsafe places, put your money at work, somewhere and somehow, and then go to work yourself in the cheerful confidence that most of your fellowmen are honest and will protect your interests.

CHANGE MAY BE MADE IN SUGAR CO.

From all appearance there is to be a change brought about in the Holland-St. Louis Sugar Co. interests in this city, St. Louis, and Decatur, Indiana factories owned by the Holland concern. Negotiations have not yet been completed but are pending. It is understood that the local men in charge here will remain with the sugar interests in a managerial way and what the plans are and the reasons for these plans are fully explained in a circular letter sent to the Holland-St. Louis Sugar Co. to their 1200 stockholders.

The letter sent out by Sec'y C. M. McLean, to these stockholders follows:

"To the Stockholders:—
"You will please take notice that a special meeting of the stockholders of the Holland-St. Louis Sugar Co. will be held at the office of the company in the city of Holland, Ottawa county, Michigan, on the 4th day of August, A. D. 1926, at 1 o'clock in the afternoon, Central Standard Time, for the purpose of holding a general conference with the board of directors relating to the exchange of stock, etc., with the Continental Sugar Co. of Toledo, as hereinafter explained.

"Since the last annual meeting of the Holland-St. Louis Sugar Co. unexpected difficulties have arisen on account of the refusal of the banks to extend the time for the payment of the company's notes and the refusal to loan money necessary for this year's operation. Your board has entered into negotiations with the officers of the Continental Sugar Co. of Ohio, which has three factories located at Bluffsfield, Michigan, and Fremont and Findlay, Ohio. The slicing capacity of these factories is a third or more greater than the capacity of the factories of your company. Its financial condition is sound.

Such negotiations are based upon an equal exchange of your stock for stock in the Continental Co. and preliminary contracts to this effect have been prepared. Financial statements of both companies, factory conditions and of acreage have been thoroughly examined. At the last meeting of the board, it was the unanimous judgment of your directors that such a union would prove of a material advantage to the stockholders. Both companies are to retain their existence and identity, but the stock in your company is to be held by the Continental. If this exchange is effected the banks have agreed to extend the time for the payment of our notes until June 1, 1927, and the Continental has agreed to furnish funds for this year's operations.

"A complete and detailed statement will be made at the meeting. Bring along your certificates of common stock ready for transfer, and be sure to attend the meeting personally. If you cannot attend, sign your name in blank to your stock certificate and send the same with some one with authority to deliver the same for exchange if he deems it wise. We have only 20 days to complete this exchange, a majority of stock. Do not fail to attend the meeting.

"Respectfully yours,
"C. M. McLean, Sec'y."

OWNER OF GAS COMPANY GETS NEW INTEREST

A dispatch from New York states that greater expansion of the vast public utility operations of Samuel Insull in the middle west was reflected in an announcement by Insull, Soe & Co., Inc., of the purchase of an interest in the common stock of the National Electric Power company, having properties in 12 states with an asset value of \$95,000,000.

A brief official statement merely made this fact known, adding that National Electric would be continued as now organized and its affairs directed by Victor Emanuel as vice president, who is now head of the company.

The National Electric system includes properties in Maine, Pennsylvania, West Virginia, Nebraska, Ohio, Indiana, Michigan, South Dakota, Kentucky, Kansas, Oklahoma and Arkansas. Among them is the Michigan Electric Power company. The Insull interests also own the Holland Gas company which was purchased about two years ago from Joseph Brewer, head of the American Public Utilities company.

Former Hope College Ball Player Is Seriously Injured

Irving Borgman, former Hope college pitcher, was in a critical condition Tuesday as the result of injuries he suffered when he was accidentally struck by a baseball bat during play preceding an Industrial league game Monday evening at Kalamazoo.

Borgman was warming up as a fungo hitter, batting up flies to some outfielders. The batter swung too wide at one and the heavy club flew out of his hands, striking Borgman at the back of the head, knocking him unconscious. He was removed to his home, but his condition Tuesday was so serious that he was taken to the hospital for an X-ray examination. His recovery is doubtful.

U. OF M. PLAYERS TO APPEAR AT CASTLE PARK

Under the leadership of Walker Everett, son of Judge Everett of Wauwasau, of the University of Michigan Players are coming to Castle Park to put on a performance of a famous old Moliere play in the amphitheatre there. The University of Michigan Players are made up of professionals, all of them having done professional work in addition to appearing in theatricals on the Michigan campus.

The performance will be given on the evening of August fourth and the play is an English version of "The Doctor in Spite of Himself" by Moliere.

When this same play was given on the campus at Ann Arbor, William C. Lucas described its character as follows in "The Michigan Daily":

"The players have on exhibition a most extraordinary entertainment this week. It approximates something between a hallucination and a nightmare, a night club, and the experience is something not to be forgotten easily. What the director has done is after all not so incomprehensible. He has taken a grand, rollicking Moliere farce, rescued it from the conventions of the 'Comedie', an imitation of Capucine and his theatre. Viator Comblombier, and steeped the whole production in a delicious travesty of customs of the theater of the Empire."

SLIGHT BUMP TO HATTON CAR AT GETZ FARM

Grand Haven Tribune—William Hatton had a slight accident of cars while at the Getz farm on Saturday. A Buick sedan, driven by Martin De Gloppe of this city ran into the rear of the Hatton car as it was forced to stop by a traffic officer.

The Buick driver evidently did not see in time or the brakes were not working. The collision jammed the gas tank of the Hatton car causing it to leak, broke the bumpers and the back window. Those in the car were not hurt but Mrs. Hatton was covered with the broken glass.

Harry Pream of Conklin was brought to the county jail Monday from Grand Rapids by Deputy Charles Salisbury to be held for a hearing before Probate Judge James Danhof.

Pream and his brother were arrested by the Grand Rapids police for speeding and alleged intoxication while driving. Harry who is only 16 was taken to the juvenile home while the brother is in the Grand Rapids jail. The officers were notified that this case would be heard before Judge Danhof and the boy was brought there for that purpose.

The hearing has been set for Tuesday next at 10:00 in the Judge's rooms. In the meantime the boy has been allowed to go home promising to appear in the court on the day named.

Number Thirteen Arrives In The Stellema Family

Mr. and Mrs. William Stellema have begun to acquire a family that is truly Rooseveltian. They announce the birth of their thirteenth child, a boy, and they have given the youngster the name of Thomas Edison Stellema, honoring the wizard of Menlo Park. There has never been a death in the Stellema family. All the children are healthy and strong.

Edward Ryngaert, of the Ottawa county sheriff's department arrested Harry Smith at the Getz farm recently for injuring a fence while parking at the farm preparatory to going into this place to spend the day.

Mr. Getz has prepared an excellent parking space for all the visitors whom he so graciously allows to come into his estate on Lake Michigan and sees no reason why they cannot use care in driving up into the fence without knocking down posts, tearing down fence and in other ways being a nuisance.

This arrest was made and the fine imposed was \$19 and costs. A little care and thoughtfulness on the part of the motorists will help to make it still a pleasure for Mr. Getz to invite the country side to his estate that daily sees crowds coming to view the animals and other things of interest and a little care on the part of the public is all Mr. Getz asks in return.
