## Holland Flour For Needy Is Expected Daily

**ZEELAND CONSIGNMENT ALREADY THERE; HOLLAND'S IN TRANSIT FROM CHICAGO**

A shipment of 44,000 pounds of flour was received at Zeeland on Tuesday as the first shipment to be delivered by the Red Cross for relief purposes in Zeeland city and in Georgetown, Jamestown, Blenden, Allendale and Zeeland townships.

The flour was transferred by an act of congress to the Red Cross as a means of relieving the surplus of wheat accumulated by the federal farm board last year. A number of flour mills are milling the wheat, the Zeeland shipment coming from Hamilton. Several other small mills throughout the state have been grinding for Uncle Sam and shipment is made from these mills to various cities, from where it is delivered to the surrounding communities, Zeeland being assigned to store the flour for the townships in Ottawa county lying east of that town.

Although it was expected that the flour would be sent by rail, it was sent by truck Tuesday. Accommodations had been made to receive the flour at E. H. Hall's warehouse, and the shipment was unloaded there by City Superintendent Gerrit Rooks, who has active charge of the relief work in this vicinity.

The work of distribution is being done in connection with the Red Cross county relief commission, which is in charge of this work. Since the present shipment of flour will be sufficient for only a short time, several more shipments are anticipated for later in the season.

Two carloads of flour of six carloads were distributed in lower Ottawa county, now in transit from Chicago to be distributed to persons in need in this vicinity and lower Ottawa. This flour is distributed through the Red Cross everywhere and in Ottawa county, and Arthur Van Duren, secretary of the county Red Cross chapter, is in charge.

In this one-car shipment there are 233 barrels and the second car contains 238 barrels.

The Holland consignment was supposed to be for July distribution and two more for August and a third consignment for September. Undoubtedly it will be Aug. 1 before the first cars arrive and possibly the distribution will be moved over a month, the July shipment being in August, etc.

Distribution in southern Ottawa county will be through the Red Cross committee composed of Ad. C. Van Duren, former Mayor, Ernest C. Brooks, chairman of the county chapter, and Otto P. Kramer of the Holland City State bank, treasurer. These men made a thorough job of it on the first shipment three months ago.

No changes will be made in the distribution schedule. Flour will be given out only upon the authorization of this committee. Orders may be secured at the Vischer-Brooks, Chamber of Commerce building on East Eighth street, where part of the flour will be stored. Welfare and jobless lists in the city will be used in checking applications. Others in need may obtain flour with orders bearing signatures of pastors, school officials, township supervisors, poor commissioners or other reputable sponsors.

## MISSION FESTIVAL ON NEXT WEDNESDAY

The five Christian Reformed churches of Allendale, Beaverdam, Boreloo, North Blenden and Rusik will hold their annual mission festival on Wednesday, Aug. 3, at Hughes Grove, near Hudsonville. The day includes an afternoon and evening program beginning at 1:30 and 7:30 o'clock, respectively. Speakers for the event have been selected, one from each of the various mission fields which the Christian Reformed Church is supporting. The speakers are the Rev. William Goudberg of New Mexico, missionary to the Navaho; Rev. William Meyer of Detroit, home missionary to Canada; Mr. J. Van De Water, director of the Grand Rapids Christian Reformed mission; and William Yonker of the National Institute of Chicago and the Rev. A. H. Smit, missionary to China, who will give a slide lecture on that country.

Music at the time will be furnished by the Allendale orchestra and the Boreloo band. The Beaverdam Choral society will render several vocal numbers.

## MOTHER OF JUDGE IS 84 YEARS OLD

Mrs. Charles Miles, 16 West Twenty-sixth street, quietly celebrated her eighty-fourth birthday anniversary last Sunday. Her children and grandchildren gathered about offering her congratulations. Among her children are Judge Fred T. Miles, Rev. Lester D. Miles, M. E. Church, Dalton, Mich., W. H. Miles, Byron Center, and daughters, Mrs. John Owen, River Ave., and Mrs. Charles Peck of Grand Haven.

Also several grandchildren and great-grandchildren were present. Mrs. Miles is still active despite her years and can be seen almost daily in her garden.

Prompt medical attention Monday afternoon saved Julia, 3-year-old daughter of Mr. and Mrs. Dean Ferris of Allegan from bleeding to death. While playing in the yard she knocked over a large bottle and stepping on the broken glass, cut an artery and tendon.

Edmund Lowe of Grand Rapids, who is returning at Ottawa Beach, took third place in the boat race from Chicago to Mackinac held recently.

## NICK WHELAN, FORMERLY OF HOLLAND IN AIRPLANE CAMPAIGN

Delayed by a forced landing in a hay field near West Branch during an electrical storm, Mayor William H. McKeighan of Flint arrived at St. Ignace by airplane Tuesday too late to fill a speaking engagement before the Michigan Sheriffs' association.

McKeighan, a candidate for the Republican nomination for governor, took off with Nicholas J. Whelan of Saginaw as a fellow-passenger from Detroit at 1 p. m. They were badly shaken when the plane was forced down. Whelan, many years ago, was connected with the Holland City News and was representative from Ottawa county and named Speaker of the House at Lansing. Nick Whelan is out speaking in behalf of Candidate McKeighan.

## TOW IN MOTORBOAT

Capt. W. E. Preston and his U. S. Coast Guard crew of Grand Haven went out into the big lake Monday and towed in a motorboat, which had come to grief. The motorboat stranded on a bar nine miles north of Holland. She was released and brought to port by the Coast Guard. The disabled boat was manned by George Johnson and Frank Hay of Grand Rapids.

## Most Popular Hope Man Guest At Grand Haven

**GEORGE STEININGER, ONE  
TIME ADONIS OF LOCAL  
COLLEGE, IS VISITING IN  
THIS VICINITY**

A score of years ago Hope college had an outstanding Adonis, the most popular student at Hope, who generally was surrounded by fellow students, not forgetting the co-eds. He won high honors in oratorical contests and was the star of the Van Raalte in the tremendous pageant given on Hope College campus some twenty years ago, picturing the founding of Holland, the academy and Hope college later.

This student was George Steininger, now pastor of South Reformed Church of Brooklyn, N. Y., and a charter member of the Rotary club of Amsterdam, N. Y. Mr. Steininger is at Highland Park, Grand Haven, with his family for the summer and undoubtedly will visit Holland during his stay and Holland folks will, no doubt be pleased to renew acquaintances with the former popular student.

He was the guest speaker at the Rotary club, Grand Haven, and made a fine impression with the members.

The Grand Haven Tribune said in part as follows: "The speaker referred to the accomplishment of man through the ages. He spoke briefly of each of the seven wonders of the old world, the pyramids, the gardens of Babylon, Colossus of Rhodes, Olympian Zeus, lighthouse off the coast of Alexandria, tomb of Mausolus and the temple of Ephesus. Contrasted to these he spoke of some of the wonders of this age, radio, electricity, gasoline, anesthesia, radium.

"The old wonders," he declared, "were all material and looked toward the past while the modern wonders are prophetic of the future. The old things are individual, the modern more social."

He referred briefly to the present economic condition. He declared that the business world was groping for a solution and that this condition also existed in the church. "Both the church and business must change their attitude," he declared. "The church must lay aside petty haggling and center upon the one great purpose for which it is striving. Business ideals must be emphasized if we are to reach a satisfactory solution to present conditions."

The speaker stated that the racial question was one of the big problems of the world today.

"The world is spending over five billion dollars currently to pay expenses of war," he declared. "We have to learn how to live on friendly relations with all people. If we want to eliminate war, lay progressive plans to cultivate friendship." He said that "one of the underlying troubles of today is the expense of the many."

He commended the part that Rotary was playing in bringing men of different vocations together in a friendly way. "More faith and the restoration of confidence is needed to bring back a better tomorrow. Which way are you looking?" he asked. "Men should always look upward."

## CONFOR FOR CONGRESS HEADQUARTERS OPEN

"Confor for Congress" headquarters were opened Monday on the first floor of the Grand Rapids Trust building on Monroe avenue, opposite Morton hotel, Grand Rapids. Mrs. Jane Watt will be in charge of the office.

Arnie Van Zanten, son of Mr. and Mrs. Alex Van Zanten, who is on a motor trip to Los Angeles, Cal., where he is taking in the Olympic games, will stop off at Rehoboth, N. Mex., where his sister is located at an Indian mission post. She is girls' matron at the institution.

## Change "Fly By Night" Ordinance At Grand Haven

**TAKES LOWERED IN SOME INSTANCES—NEWS GAVE THE  
LOCAL MERCHANTS COPY  
OF ORDINANCE**

About a year ago the Holland City News gave each merchant of the local association a copy of a so-called "Fly By Night" ordinance as passed by Grand Haven—much of which had the approval of the Michigan Municipal League.

In Holland some time ago a committee was appointed by the merchants and it appears now that at last something will come of it and the drafting of a new ordinance seems certain. Besides the Holland common council has shown its willingness to co-operate and the new law must naturally come from the aldermen.

It appears now that Grand Haven is making a few changes in that ordinance and some modifications are taking place. The intention now is to eliminate the \$1,000 bond that a new merchant had to furnish. A lower license schedule than stipulated in the old ordinance has also been entertained by the Grand Haven aldermen.

The new schedule begins with \$2 per day license fee, continuing at the rate of \$5 per week, \$10 a month, \$30 for three months, \$50 for six months and \$75 for one year.

The \$10 per month rate is based on an inventory of \$500 or less. Over that amount to \$1,000 the rate is increased to \$15 per month, and for an inventory of over \$1,000 the license is raised to \$20 per month.

The former license rate was \$5 per day, less than one week; \$15 per week for each week under one month; \$35 for each month under three; \$50 for three months; \$75 for six months and \$100 for one year.

When this matter was under debate in the Grand Haven common council room many merchants for and not a few against (new ones) appeared, to be heard. The old merchants were mostly favoring to leave the ordinance remain as it was originally drafted. Those opposing the old rates were mostly summer stands and refreshment places.

Others complained that they had taken out building permits, soft drink licenses and had never been told of the transient merchants' fee or transient ordinance. City Attorney Charles Misner pointed out that it was the business of the merchant to find these things out and not the city's duty to inform the newcomer.

Mayor Ver Duin suggested the above schedule as a rate sufficiently high to keep out too many transients and at the same time pay to the city a tax at a rate comparable with the annual rate paid by the regular merchant who pays taxes on his merchandise covering a whole year.

Peter Kammeraad, Grand Haven's city manager, said after the meeting that he would enforce the law to the letter. Several of the younger men are considering whether they will continue through the summer or not. Business has not been any too good, they say, and the tax which they will have to pay may take the profits out of the business.

George Barnard, of the Merchants' Service Bureau, and Alderman Boon, chairman of the ordinance committee from the bureau, spoke pointing out the reasons for modification. Mr. Barnard said he thought the first week's rate should be higher to keep out those who come in for a very short time only and pick up the cream at times like celebrations and then move away for other fields.

The motion to change the schedule was made by Alderman McCracken and seconded by Alderman Boon. It was passed unanimously. Holland at the present time has no transient stores. However, now is the time to pass such an ordinance and be ready before a few others arrive. Remember, it's only five months to Christmas and the season for "those birds" is a month before present-buying time.

## SECRETARY OF CHAMBER OF COMMERCE SETTLES SUIT OUT OF COURT

Charles A. Gross, through his attorney, Clarence Hoffman, has come to an agreement with the officials of the Chamber of Commerce through their attorney, Clarence A. Lokker, of Lokker & Den Herder, in which the alleged breach of contract did not come to a real suit as was at first contemplated. The trial was scheduled to be held before Judge John Gallen.

The officers of the Holland Chamber of Commerce asked for Mr. Gross' resignation, but Mr. Gross refused to give this, claiming that he was employed by the year and the fact that he had been retained for at least a half year over the allotted contract entitled him to at least serve the year out for he had no other thought than his retention over the allotted period was an indication that his services were wanted to continue through another year.

The officials of the Chamber of Commerce disclaim any new arrangement made with Secretary Gross for his retention and that he had been given his full year and several months besides.

Anyway it appears that a settlement has been made between the old secretary and the Chamber of Commerce and the matter is now amicably settled without any further court proceedings.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

Henry D. Post has added a fine assortment of gold pens to his line of trade. Note: Mr. Post was a leading citizen here conducting a book and stationery store in a frame building where the Model Drug store now is. He was also the postmaster and a justice of the peace; in fact he was Holland's first postmaster. Gold pens must have been a new thing in Holland at that time.

The steamer Douglas will make tri-weekly trips during this season between Holland and Chicago, stopping at Saugatuck and Douglas for fruit and passengers. Note: This was Holland's first real start with regular steamboat service to Chicago.

Henry Fairbanks, his brother-in-law, Dr. Goodrich of Ohio, and the doctor's little daughter of 12 years, caught 25 black bass, the largest weighing 5 lbs.; 5 pickerel weighing 2 1/2 lbs. and a muskellunge of 25 lbs. The little girl caught the muskellunge. This is a pretty good day's fishing. Note: We say it is, and today so many would be a violation of the law, but Black lake was filled with fish 50 years ago. Illegal netting later, we believe, depleted the supply and there was much of that according to the arrests made as printed in these files, and today you would be surprised to know the names of those who "fished in the dark" and barreled their fish for shipment. But more of that later.

### TWENTY-FIVE YEARS AGO TODAY

The 45th star, representing Utah, the last state admitted into the Union, was officially added to Old Glory on Saturday, July 4.

The third and last search for the lost steamer, Chicago, has been finished and the Graham Morton Co. of Holland and Benton Harbor will make no further efforts to locate the steamer that went down in mid-winter, leaving no trace of wreck or passengers. As near as known, the ship went down on Jan. 21, 1895. Three months later the company started two tugs and a search in the vicinity of South Haven lasted for five weeks and every foot of lake has been dragged from St. Joe to South Haven from the shore to nine miles out. President Graham stated: "I do not expect to ever see the Chicago again. My impression is that she lies on the bottom 10 miles from shore and in such depth of water that it would be impractical to raise her. My offer of \$10,000 to clairvoyants and spiritualists still holds good." The three searches cost the company \$6,000. Note: The Chicago was never found.

Marshal John Dyk is making regular monthly light bill collections, and water bills will be collected by him next month. Note: George Getz, Jr., to wed New York girl.

### GEORGE GETZ, JR., TO WED NEW YORK GIRL

Announcements are out telling of the engagement of Miss Olive Cox Atwater to George F. Getz, Jr., son of George F. Getz, Sr., of Holland and Chicago. The announcement was made by Mr. and Mrs. Bert L. Atwater of New York and Lake Geneva, Wis. Miss Atwater was graduated from the Cathedral school of St. Mary at Garden City, Long Island, and the Finch school, New York city. She is a sister of Mrs. Philip K. Wrigley of Chicago.

Mr. Getz attended the Chautauque school of Wallingford, Conn., and for the past five years has been associated with his father in the coal business in Chicago.

Mr. Getz also accompanied his father three years ago on the African hunting trip when they returned with many trophies and moving pictures.

### BOARD OF EDUCATION REPORT

On page two of this section will be found a complete financial report of the Holland board of education, showing the disbursements of the past year in concise form. Readers of The News can gain from that statement the cost of conducting our public school system in Holland.

### AN OLD TIMER FROM THE NEWS MORGUE

The above is a picture of the main arch built on "Main street," the picture of Dr. Van Raalte occupies a place of honor. The stucco horse from Ed Vaupella harness shop is not of historic importance; however, it played an important part in the trimmings. That was a real celebration.

It was located about where the Strand theater stands. The Stars and Stripes and the Dutch flag are evident as will be noticed. The picture of Dr. Van Raalte occupies a place of honor. The stucco horse from Ed Vaupella harness shop is not of historic importance; however, it played an important part in the trimmings. That was a real celebration.

Mr. Dyk was Holland's entire police force and light collector, city inspector and a half dozen other jobs all in one. He was paid by the month and according to the council proceedings his pay was \$43.75. Deputy Marshal Fred Kamferbeek received \$10.35, apparently fees.

At the New Macatawa a crescent has been placed on top of the flag staff. The hotel crescent is filled with 25-16 candle power light and at night, steamboat men say, the half moon can be seen nine miles out.

The two master schooner, R. Kanter, of Holland, once owned by the Kanter family, was beached. The large "wind jimmer" was abandoned to her wreckers rather than pay the cost. The owner thought better of it, however, and rebuilt her at a cost of \$900 and she is now sailing the "fresh water seas" again.

### FIFTEEN YEARS AGO TODAY

Born—To Mr. and Mrs. John Kooiker—a daughter.

Harry Van Ry, brother of Chief of Police Frank Van Ry of Holland, made "a killing" at the Windsor, Canada, races with his horse, "Frank Hamilton." The "book makers" had her slated on the board at a 28 to 1 bet since the horse had shown no speed. In this particular race "Frank Hamilton" ran away from the bunch, coming under the wire first and Van Ry pulled down \$6,000, receiving \$28 for every dollar he had placed on the horse. It was a "long shot," but the book makers soon changed their odds on the board for even as far as "Frank Hamilton" was concerned.

Dick Boker and John Van Taten-hove caught 75 large perch Friday morning. Note: And we bet there was a perch fry for friends Saturday. Those were the days!

Peter Lievens and Al Schuitema caught 50 big white bass off Virginia Park Monday night. Note: Pete is now catching big black crabs, a noxious fish found in great numbers in the Sea of Humanity and Peter seems to be a good fisherman.

Prohibition has hit the saloons of Coopersville in awful wallop. Faced with the certainty of going out of business next year the two saloons have consolidated.

A son was born to Mr. and Mrs. John Manns Sunday night. This is the third son born and, strange to say, they were all born on the 15th of the month. Note: These lads will have no trouble remembering the date to pay light bills.

Chicagoans were given a forecast of relief from high potato prices Saturday by a drop of a dollar a barrel in carlot prices. Virginia potatoes which sold at \$7.50 to \$8 per barrel Monday are now quoted at \$6.50.

### REGISTER OF DEEDS DELE- GATES TO VISIT HOLLAND

Although Grand Haven has secured the Register of Deeds, Michigan convention for next June, the delegates, nearly 100 in number, are not going to pass up Holland. According to the program the delegation is to be given an automobile ride over U. S. 31 to Holland, taking luncheon at Warm Friend Tavern, will take a ride about Holland, then visit Lakewood farm and so back to Grand Haven.

It will be remembered that Frank Botte, present Register of Deeds, was named president of the state association at the last meeting. If time will permit, the poultry industry around Zeeland and Holland also will be given the once-over.

George Gommers, owner of Riverview Poultry farm of Zeeland, has been awarded a judgment of \$158 in Justice John Gallen's court at Holland against C. Van Voort's Hill View Poultry farm, also of Zeeland. Gommers sold 166 broilers to Van Voort, it is stated, who in turn shipped them to Indiana. The chickens, it appeared, caught colds in transit and spread sickness and death among other flocks. Van Voort, it is alleged, failed to collect and is turned failed to settle with Gommers.

### TWO BOYS PLEAD GUILTY TO MANY OFFENSES

Charges of grand larceny against Arthur Clink, 19, of Grand Haven and Malcolm Ferguson, 19, also of that city were changed to petty larceny when the two boys were brought before Judge Fred T. Miles. They pleaded guilty to the charge upon arraignment. Judge Miles stated he thought he would sentence the boys some time next week. Clink and Ferguson were arrested for grand larceny following the theft of \$12 in money, and a watch from a motorist, parked on the north shore. The watch was appraised after the arrest and found to be worth considerably less than at first was supposed. The total amount of the theft was under \$50, which calls for a petty larceny charge.

The Waukazoo camp playground baseball team came across the lake yesterday and after a struggle with the Kollen park squad at Kollen park returned home with the large end of a 9 to 8 score. A return game likely will be played Saturday morning at Waukazoo. Players on the Waukazoo team are Bill McInerney, Jim McInerney, Jack Yeomans, Jack Warton, John Eusdon, Ray Eusdon, Jim Fauls, Don Cronson, Bob Cronson, Jack French, Jim Shaw, Fred Beyer, Bob Kuer and Douglas Esten.

Rev. and Mrs. Gerrit D. VanPeursem are planning to return Sept. 8 to their mission field at Muscat, Arabia, where they have served the Reformed Church in America as missionaries 22 years. During their third furlough here they were located in the mission home.

## State Painters Met In Holland Nine Years Ago

**TWO CONVENTIONS FOR 1933  
TO BE STAGED AT HOLLAND**

At the sheriff's convention held in northern Michigan at St. Ignace it was decided to hold the 1933 convention in Holland, and a suitable program will be arranged undoubtedly for next summer in July.

Holland has also been selected as the 1933 meeting place of the Michigan Council of Master Painters and Decorators at their annual convention at Jackson. The Master Painters were in Holland nine years ago, in 1923, when the late Bert Slagh was general chairman. At that time there were 500 present and the business meeting were held in the city hall and the welcoming address was made by Mayor E. P. Stephan.

The final meeting was held in the ball room of Hotel Ottawa, which has burned since that time. There was a large committee of local painters and their wives, hosts and hostesses to at least 500 visiting guests.

Lakewood Farm, Saugatuck Pavilion, a boat ride on Lake Michigan and a trolley ride through the fruit belt with a final banquet at Hotel Ottawa were features of the entertainment. Your editor happened to be on the publicity committee, together with Bert Slagh, Oscar Vandenberg and John Van Zanten.

The entertainment committee was Frank Kammeraad, Albert Bosch and Henry Was.

### ZEELAND MAN WEDES IN WEST—IS HOPE "GRAD"

Dr. Henry Lowmsa of Madison, S. D., son of S. Lowmsa of Zeeland, and Miss Mabel Brittel, daughter of Prof. and Mrs. I. H. Brittel of Wayne, Nebraska, were married at an elaborate ceremony at the home of the bride.

Dr. Lowmsa, who is head of the chemistry department at the Eastern State Teachers College in Madison, S. D., received his A.B. degree from Hope college, his M.S. degree from Amherst, Mass., and Ph.D. from the state university in Madison, Wis.

Mrs. Lowmsa received her A.B. degree at Wayne State Teachers College and her M.A. degree from the university in Madison, Wis. The past year she taught at Kenosha, Wis.

Jack Lowmsa of Zeeland, brother of the groom, acted as best man at the wedding.

### ACCIDENT IN AVOIDING SHEPHERD DOG

James Annis, engineer at the Holland city light and power plant, and his wife and four children, were injured in an accident late Tuesday when Annis, in trying to avoid hitting a fine shepherd dog, lost control of his machine, causing it to turn over on US31, near the Windmill Station.

Mr. Annis suffered bruises and cuts about his body. Mrs. Annis escaped with minor bruises, and their four children, Albert, 20; Evelyn, 16; Betty Jean, 9; and Ina Mae, 8, suffered cuts, bruises and burns. They were treated at Holland hospital. The family was homeward bound from Fort Wayne, Ind., where they had been on vacation.

### MEAN ROBBER ROBS BLIND MAN

It's a mean man who will steal from a blind man. Blind Ed Smith, the colored news-man of Grand Haven, says he was robbed of some underwear, a shirt and about \$2 in money Monday night. Other articles which Ed kept in a guitar case were also missing, the blind man said. Blind Ed, who lived there for a long time recently came back from Grand Rapids where he had made his home for a number of years. He walked the entire distance to Grand Haven pulling his small newspaper cart. He was given shelter at night in the Ringelberg building on Seventh Street, where he sleeps and keeps his hand wagon, phonograph and other articles of his trade. Monday night, he claims, someone entered and stole his property.

## NEW SUPERVISOR PLAT BY GEORGE HENEVELD IM- PROVES OLD METHOD

Eight supervisors' plats have been filed at the register of deeds office from Park township. These plats called the George Heneveld plats describe many lots of property by accurate descriptions instead of the old method of streets and bounds, which is very much harder for the assessor to handle.

Since the platting of much of the resort area into lots, the task of assessing has been greatly increased, but the new files will simplify the matter, Supervisor George Heneveld states. Mr. Heneveld is President of the Ottawa county board of supervisors.

### MONEY AND HONESTY IN ALLEGAN STILL

Who said there was money in the country? Last Wednesday Mrs. Milan Beal picked up a roll of bills in the Allegan postoffice containing \$110. She left it with the postmaster who made diligent inquiry to find the owner. Saturday morning George Race, who lives on the former Goodman farm about two miles north of Allegan on the Monterey road, was in the postoffice to mail some eggs and casually remarked that he had lost a roll of bills the last time he was in town and lamented the fact. When he described the money as to denomination, and then was given the roll he said that he had no motion that he ever would get it again. There were five 20's and a 10 in the pack—but was he glad!

## Telephone Aids Local Officers In Their Work

**MANAGER "GENE" RIPLEY  
TELLS OF POLICE DIRECTORY  
AS MATERIAL HELP TO  
MINIONS OF LAW**

Value of telephone service to the law enforcement authorities of the community and state is increased by the publication of a special telephone directory of Michigan police officers and sheriffs. Just issued by the Michigan Bell Telephone Company. Copies of the directory were delivered this week by C. E. Ripley, manager for the Michigan Bell Telephone Company in this area, to Peter A. Lievens, Chief of Police, Holland; Lawrence De Witt, Chief of Police, Grand Haven; John Cusick, Marshal, Spring Lake; Edward Ryenga, Chief of Police, Zeeland; Cornelius Steketee, Sheriff of Ottawa County; and Lieut. Guy Baugh, of the Michigan State Police at Grand Haven.

Manager C. E. Ripley states that publication of the directory is in line with the telephone company's co-operation with the law enforcement officials in their work. He adds that it is the company's policy to give telephone users fullest co-operation in handling police and other emergency calls, as in case of fire, sickness or accident. Telephone operators are instructed to give special attention to emergency calls, and the telephone numbers of police and fire departments are shown prominently on the front of the telephone directory.

Designed primarily as a telephone reference book for use of the authorities in getting in touch with each other, the new Michigan police directory contains the office and home telephone numbers, and the name of law enforcement officials in the state, as of June 1, listed alphabetically according to cities and communities. That makes it possible to reach any officer in the state quickly, at any time, day or night. One section of the book lists the sheriffs separately, in alphabetical order by counties.

The first edition of the police telephone directory was issued by the Michigan Bell Company a year ago, and proved of such value to the authorities in general that it was decided to bring the lists of names and telephone numbers up to date at this time. Because of the many changes in names and numbers, Manager C. E. Ripley urges that copies of the old issue be destroyed.

Law enforcement officials depend greatly upon local and long distance telephone facilities, and there have been many instances in which the immediate use of the telephone has resulted in preventing crime or has brought about the capture of the criminals.

### ALLEGAN TREE CONTAINS OVER 1,000 FEET OF ONE INCH LUMBER

One tree which contained 1,526 feet of one inch lumber has been removed from the flowage land acquired by the city of Allegan from Miles Biro. The one log was 42-in. in diameter at one end, 12-in. in diameter at the other and produced not only the lumber cut, but in addition 22 cords of wood when chopped up. The tree was soft maple and were removed by George Tyler and son.

### MINNOW VENDORS DROP

Minnow dealers have decreased about 25 per cent since 1931 in Michigan, says the Department of Conservation. In 1931, a total of 480 minnow dealers' licenses were issued.

### SHIFT OF U. S. POPULATION GREATER TOWARD FARM

The call of the soil and other reasons drew 207,000 more city folk to the farm last year than moved to the city.

Statistics made public Friday by the department of agriculture reported that 1,472,000 persons left farms for towns and cities and that 1,679,000 moved farmward.

The Independents were victors in two exciting games this week. Last Thursday they defeated the Middleville team, 6 to 5. The visitors were fast and snappy players, but Callahan was in good form, striking out 12 and holding the team to 9 scattered hits. Middleville started the scoring in the first frame when the first man up singled and was sacrificed across the plate. The locals, however, went them one better in their half on doubles by Kronemeyer and Ashley. In the fourth the visitors found Callahan for a base on balls and two singles to score 3 runs. The locals evened the score in the sixth and in the lucky seventh went into the lead with a lone score. Middleville was not discouraged, however, and again tied the game up in the first of the ninth. The locals bunched two hits in their last chance for the winning counter. Ashley led at bat with 5 hits, one being for extra bases. Monday the locals defeated the Dutch Boys from Holland, 3 to 2, in a pitcher's battle. Lugten for the locals, and Zoerhof for the Hollanders were in fine form and pitched excellent ball. Hamilton led at 1 to 0 until the seventh when the visitors tied the score. In the ninth the Hollanders went into the lead scoring one more run. In the home half two singles coupled with an error brought sudden victory and relief for the fans. ZEELAND HAS A TEAM OF ALLEY RATS—WIN HOLLAND GAMES

Zeeland Record—The McKinley Street Alley Rats took one game and tied another in their two encounters with Holland and North Holland teams last week. Last Wednesday they overcame the Martin stores at Holland 8-6 after a 12-inning duel which was broken by three hits for a pair of runs for the Zeeland squad. This was the first meeting of the two teams. Batteries: Martin Stores—Koopman and Koele; Alley Rats—Boschma and De Weerd.

The third game in a very tight series with the Holland Spring A's went into 11 innings for a 2-all tie here last Monday evening. The visitors took all their runs in the first stanza, with the Rats gathering theirs in the second and third frames. Steffens for the Hollanders fanned 14 local batters, with 19 strikeouts being credited to the Rats' hurler, Boschma. Battery mates respectively were Kramer and De Weerd.

Friday evening another game with the North Holland outfit is to come off at the rat hole. The Alley Rats won two of three contests already played with this aggregation. August 3rd is the date for the first encounter with the Len's Transfers of Holland who are tied with two other teams for first place in the Holland city indoor league.

More Than 100,000 Boxes of Celery Shipped From Hamilton

The celery planting season in the vicinity of Hamilton is coming to a close and the Hamilton Celery Growers Association, who market the Hamilton Brand Celery, report that a larger acreage than usual has been set.

Several of the growers have started the production of early celery and have already begun shipping. The prices received on the shipments of the early celery are very encouraging indeed and are in line with the very good prices that are usually received for the Hamilton Brand Celery.

The association reports that 100,000 boxes were shipped through the association last season and general indications are that there will be a large increase this year.

A large number of growers in the vicinity employ up-to-date irrigation methods and this results in acquiring a better stand and is the first step towards a quality crop.

All of the association's celery is washed and packed in the grower's individual packing houses on the farm and these packing houses are well equipped with refuse elevators and conveyors type of celery washers and large volumes of water are used in the washing of the product which is very important in order to acquire and maintain a first quality pack.

One of the larger shippers of the association has recently erected a very up-to-date and efficient celery washing and packing house. The conveyors and elevators are electrically driven and a very large volume of fresh, cold water is pumped from a well and in quantities large enough to provide for a sizable quantity of celery which is shipped in a short period of time.

The celery industry in Hamilton is fortunate that it is self-sustaining from many standpoints since much production equipment is manufactured in its own town. A local concern manufactures transplanting machinery, and also manufactures and installs irrigation systems and the equipment for the individual grower's packing house.

Many local folks engage in making and providing celery equipment for the growers, or in the celery fields. A contract has been made by the Growers Association with a carrier for transporting celery from the Hamilton Warehouse to the Chicago market for 7c per box.

The celery that is washed and packed during the day leaves Hamilton in the evening and arrives early the next morning on the Chicago market.—Contribution.

## Only 8% of Child Life Lives, Says Ottawa Girl

MISS BARBARA WARD, MISSIONARY, TELLS UNUSUAL STORY OF NATIVES IN COSTA RICA

Miss Barbara Ward of Ottawa county has returned on a year's furlough from Costa Rica, where she has been continuously for the past five years, a missionary in that field with an undenominational group. Miss Ward lives at Grand Haven but is well known among mission workers here and in this county.

Her experiences and life in the Central American country brings sharply the need for raising the natives, and many of the well to do class, to the degree of civilization that will bring health and some degree of happiness to the little republic, which has progressed but little during the hundreds of years that white people have made it their home.

Miss Ward speaks Spanish, the native tongue, fluently and charmingly, uses a word or phrase of the beautiful language as she talks, quite unconsciously, as she uses the language almost constantly when in Costa Rica.

Headquarters for the Central American mission, which has been established 40 years, is at San Jose, a beautiful city which has been greatly improved with modern streets, buildings, sanitation and life in general. But in the recent conflict between the president of Costa Rica and those who sought the office, seven stray bullets went through the missionary building and the residents, together with the natives, were forced to evacuate the city.

It is said there were only 10 people killed in the revolution, despite the roar of guns, cannon and noise and excitement on both sides. The Costa Ricans are a peace-loving people and take a strong interest in their government. It was 15 years ago that a similar revolution occurred. Even now the life of the president is not safe as the world-be usurper is still strong and the flames are still smoldering, states Miss Ward.

In teaching the Protestant faith, the missionaries influence the natives to absorb habits of cleanliness, and some of the refining influences of home life. The Costa Ricans have practically no home life. The houses are made with a few cooking utensils, a few boards for beds and perhaps a chair. The native always sleeps on boards and even the wealthy require mattresses made of hard substances. Families all sleep together, in one room with windows tightly shut that no air may get to them.

In fact their ideas of health and sanitation are exactly opposite to the modern one. No water is touched for bathing while a person is ill and hardly at any other time. Sunlight and air are shunned and dirt is allowed to make no difference in life.

Rice fried in grease, black beans and plantains, a fruit similar to a banana, are the chief food. The last is fried or baked and is very good. Miss Ward said.

"There are few healthy looking children there," said Miss Ward. "and I was fairly startled when I got home at first to see so many fine looking babies. Only eight per cent of the children over five years live. They are fed exactly the same food as the adults and if they survive, it is because of unusual strength."

Boys and girls do not mingle, and separate schools are maintained. Education is advancing, she stated, but they adhere to this ruling.

Courtship usually begins in the parks, when in the evening the bands play. The boys line up and march on one side, the girls on the other and then drift away into couples. This is the custom in the poorer classes. The more wealthy class usually begins their attentions with a serenade under the young girl's window. The lover may make several attempts before he gets any response from his lady love. If she agrees to his attentions, he comes into the house and they are engaged. The couple is chaperoned until they are married.

But after that, the girl must recognize her master, addresses him as senior and waits on him hand and foot. Marriage fees are high. It costs 50 colones, or \$12 in our money for a license. Consequently there are not many sold and couples live and die without going through the legal procedure. It is said that one of the high officials of the country was never married until a short time ago but lived faithfully with his lady.

Many marriages are being performed through the teachings of the church, said Miss Ward, and sometimes large families gather to witness the ceremony of a father and mother.

Children work as soon as they are able and the little things literally do not know how to play. When assembled in the Sunday school they have to be taught to play the most simple games. The church meetings are well attended for the native has little recreation and no home life. The evening meetings are of great interest and the influences are being seen on the people, although very gradually, she stated.

Sanitation and cleanliness is a hard matter to enforce, for many of the customs are old and habits. When the people do throw over the old ways, they readily assume American ways and are a sweet and delightful type, she said.

The missionaries of this movement are not paid salaries but live on voluntary contributions. The depression has been felt and it means there is little being sent to work with. Miss Ward is a graduate of Grand Haven schools and recently graduated from the Moody Bible Institute in Chicago. It has been her lifelong ambition to become a missionary and she says no matter what the hardships, nor the sacrifices, the fact that the truth

## HOLLAND PYTHIANS BEAT LOCALS AT GOLF AT SPRING LAKE CLUB

A golf team from Holland, representing the Knights of Pythias, defeated a local team representing the Elks in a golf tournament at the Spring Lake Country club Wednesday afternoon, 28, to 10.

The play was a Scotch foursome, which allows 3 points to a match. The list of entries included some of the best known golfers in this city and Holland, and the tournament sharpened the fraternal competition and heightened neighborly contacts among the golfers which was declared to be one of the most pleasant events of the kind at the club. A return play will be arranged at Holland in about three weeks. The tournament was a follow-up of the ping-pong contests staged this winter at the Elks club and at Holland last winter.

The entries were Carl Bowen, O. T. Schubert, Dr. E. J. Hoek, E. J. McCall, Claude VanderVeen, W. L. Stribley, B. P. Sherwood, Jr., Archibald Campbell, Burt Hanson, Paul Hostetter, Leo G. Lillie, J. W. Eaton, Hartger Jonker, Henry Boer, F. E. Mason, Gust Thieleman, Dr. Arent Vyn, Dr. C. E. Long, Louis Van Schelven, Peter Van Zyl, Watson McCall from this city.

The Holland group included William C. Vandenberg, Jr., George Slikkers, Jess Reegenour, James Klomparsen, Adrian Van Putten, Joe Kramer, "Bud" Hinga, Harold Henshaw, D. Esten, Jay Den Herder, Edward Moore, L. Heasley, Dr. William Appen, Dr. Stegeman, H. Den Harder, John J. Biersma, Elwood Johnson, John Rutgers, Henry Ketel, Steve Covert, Dr. William Westrate and Dr. W. C. Kools.

## HOLLAND EXPOSITION PLANS PROGRESSING

G. R. Press—The proposed manufacturers' exposition recommended by Dr. E. D. Dimmett, former president of Hope college, and transferred to a committee with power to act by the Holland Rotary club, likely will assume definite form within a few days.

The committee has under advisement a lease of the VanArk three-story furniture block which can be adequately equipped for the purpose. Local manufacturers are favoring the project and it is expected sufficient support can be obtained to make the exposition a forward movement for the display of Holland-made products.

Plans also include the transfer of the offices of the Chamber of Commerce to the exposition building to serve as information bureau for outside agencies. Holland has some 50 diversified industries, many of which will be represented in the exposition.

## HOLLAND MEN ARRIVE AT LOS ANGELES FOR OLYMPIC GAMES

Word has been received that Watson Spoelstra, Arnie Van Zanten, both of Holland, Earl Miller and Marvin Tamelen, both of Zeeland, have arrived at Los Angeles, Cal., to take in the Olympic games, the greatest sport fete of all time. William Tamelen is from Western State College, Kalamazoo.

## Business Is Looking Up On Lake Boats

CHICAGO AND MILWAUKEE BOATS CARRYING MORE PEOPLE THAN BEFORE

Grand Haven Tribune—Business on the passenger boats between Grand Haven and Chicago and Milwaukee has been greatly stimulated during the past week of hot weather and travel both in and out of this port has been heavier for the past two weeks than for many months.

The two boats on the Wisconsin-Michigan line in the double daily service has greatly stimulated travel across the lake, and the reduction in fares in shipment of automobiles has materially increased patronage, says N. Robbins today.

The excursion business out of Chicago on the Goodrich line to the southern ports on this side of the lake has been excellent, he said. People are driven out of Chicago by the intense heat and many times only a ride on the lake is sufficient to enable them to return to the city, he stated.

A check on the passenger list this way is not accurate as many go through to Muskegon. Friday noon 27 passengers and seven automobiles were on the Wisconsin-Michigan line steamer, leaving here at 1 p. m. for Milwaukee. The daylight trip makes a delightful one for resorters not familiar with lake travel and many are availing themselves of the opportunity.

They are interested in the success of the Saugatuck engagement and will act as hostesses this week-end at the Rest Resort, Francis street and Holland road on the top of the hill.—Saugatuck Commercial Record.

## FOUR ARE RESCUED AFTER CANOE TIPS

Four persons, precipitated into Holland harbor Monday afternoon when a canoe in which they were paddling overturned, were rescued by coast guardsmen, members of the crew of the derrick Kenosha and Lesto Exo and George Aye, life guards at the Ottawa Beach state park.

The four were John Dornheim, 45; Lucille Huber, 17, and her brother, Albert, 13, all of Chicago, resorters at Waukegon, and 5-year-old Thelma Mae VanLeuwen of Grand Rapids.

Mr. Dornheim, who managed to hold Thelma Mae above the water, was exhausted when the life savers reached him. The others were reported to have suffered no ill effects. Speedy runs by the life guards and coast guardsmen were believed to have averted a tragedy. The canoe overturned at the end of the breakwater in the harbor.

## ATTEMPT TO FIRE HOUSE REPORTED; ARTICLES STOLEN

The Fenville cottage of George Gregory of Chicago was entered by someone who after robbing the house, tried to set it afire by throwing some oil soaked rags into the building on the farm east of town. Gregory, who is an Illinois state policeman, made the discovery when he came Saturday for a week-end visit. He found also that a heating stove, dishes, and cooking utensils had been stolen. Mr. Gregory offers a reward of \$25.00 for information that will lead to the arrest of the guilty parties.

## Anxious Fish Hounds Finds Law Finds Them

SEVENTY-THREE COULDN'T WAIT UNTIL SEASON OPENED

Seventy-three fishermen who couldn't wait until June 25 before throwing their lines into Michigan's inland lakes paid fines or went to jail, a report issued today by the Department of Conservation shows.

The report, listing the persons convicted of violating one or another of the conservation laws during June, shows 73 fishing during the closed season or having possession of bass or bluegills before June 25. In addition 33 were convicted of possessing undervalued fish or having more than the legal limit after the season opened.

All but 22 of the 232 violations listed for June were for some violation of the fishing laws.

The number of those using nets illegally dropped considerably in June under the number reported for May. Only ten were convicted last month of using nets on inland lakes. In addition, 18 were convicted of illegal use of set lines, and practically all of these convictions were from Lake St. Clair.

Only \$1,155 was paid by violators in fines during June, a figure that indicates the lowest average fine reported by the Department of Conservation for several years. The game and fish law violators paid \$171 in court costs. Those who were not placed on probation, or who were unable to pay assessed fines served an aggregate of 595 days in jail. Twenty-three were paroled or placed on probation and in 75 instances the fines were remitted.

The number of convictions for each of the conservation laws violated as reported for June were: Fishing for trout without a license, 20; fishing during closed season or illegal possession of fish, 73; illegal possession of venison, 3; illegal possession of beaver, 3; interfering with an officer, 1; illegal use of net, 10; selling minnows without a license, 4; possession of undervalued fish or more than legal limit of fish, 33; non-resident fishing without proper license, 7; fishing on borrowed license, 2; commercial fishing without a license, 1; destroying property in a state park, 1; spearing fish, 5; gun in game area without a permit, 6; illegal use of set line, 15; buying for without a license, 1; fishing in closed stream, 1; fishing in areas posted as fishing closed, 1; dynamiting fish, 6; training dog in closed season, 1; shipping shagreen out of state, 1; pursuing waterfowl during closed season, 1; illegal use of artificial light, 2; illegal possession of fish trap, 1; illegal possession of raccoons, 1.

The arresting officers confiscated four guns, nine fishing nets, three boats, six beaver and seven muskrat pelts, two live raccoons and a quantity of fishing tackle and fish. All of the edible fish confiscated were turned over to municipal and county welfare organizations.

## STOP CODLING MOTH WITH ANOTHER SPRAY—JULY 29 FOR OTTAWA AND ALLEGAN

Warnings for the spray to be applied to control the final brood of codling moth on Michigan apples are being sent to many counties by the entomology department at Michigan State College. The date upon which this spray is to be applied is very important as the protective poison coat has to be on the fruit before the minute larvae enter the apples. The spray cannot be used on summer or early fall varieties of apples.

For late fall or winter apples which are not to be washed before used as food, the spray should be 2 pounds of arsenate of lead in 100 gallons of water. This should be the final arsenical spray on fruit which is not to be washed.

Where apples will go through a washer, 3 pounds of arsenate of lead can be used and the spray can be repeated once or more.

Dilute lime sulphur may be used with either strength of spray or it can be omitted at the option of the orchard owner.

Dates recommended for the application of this spray in the different counties are: July 25, Cass; July 26, Berrien, St. Joseph, Lenawee and Monroe; July 27, Branch, Hillsdale, Calhoun, Jackson, Washtenaw and Wayne; July 28, Van Buren, Kalamazoo, Barry, Eaton, Ingham, Livingston, Oakland, Macomb and Kent; July 29, Allegan, Ottawa, Ionia, Clinton, Shiawassee, Genesee, Lapeer, and St. Clair; July 30, Muskegon, Montcalm, Gratiot and Saginaw.

Dr. and Mrs. Hessel E. Yntema and three children have arrived in Liverpool, England, on their way to the Hague, where Dr. Yntema will attend a meeting representing the Institute of Law at John Hopkins university. Both Mr. and Mrs. Yntema are graduates of Hope college.

Rev. Ebert Winters of Hope college officiated at the funeral services of Mrs. Harriet E. Perry of Douglas, who died at the home of her son, Howard, of Grand Rapids, following a stroke of apoplexy. She was a pioneer settler in West Allegan county, coming here with her husband from Lockport, N. Y. in June, 1875. They resided on the Perry farm near Fenville until 1904. After spending three years in the east Mr. and Mrs. Perry purchased their home in Douglas. Mrs. Perry was a member of the First Congregational church of Douglas and of the Douglas chapter Order of the Eastern Star. Mrs. Perry was 87 years old.

Rev. George Lane and wife have arrived at Coopersville on a year's furlough from Saginaw, Japan, where they have been doing missionary work. A reception was given them at the Reformed church Tuesday evening and also a farewell to Miss Hazel Lubben, who is returning to Amoy, China, to resume her work as a missionary.

Tell those who live in less favored states of Michigan's sandy beaches, her forest trails, historic spots rich in Indian lore, her peerless summer climate and unequalled facilities for the enjoyment of every sport.

The millions of dollars spent each year by Michigan's thousands of visitors add to the prosperity of the state. Let us also spend our own vacations in Michigan this year, thereby contributing still further to its prosperity.

## OTTAWA COUNTY FARM NOTES

By C. P. Milham.

Interesting figures have been compiled showing results of farm accounting work in Ottawa county last year. Twenty-three farmers carried on the project in co-operation with the agricultural agent, C. P. Milham, and agricultural economic department of the state college.

Figures averaged for the past two years show that Ottawa county farmers last year had a labor management wage of only \$14 less than in 1930, which places Ottawa farmers' finances in much better shape than most counties in the state. The most profitable one-third of Ottawa co-operators show the following figures:

Total acres, 89,259; corn 12.6; wheat 9.1; alfalfa 6.9; total investment, \$13,570; receipts and net increase, \$2,270; expenses and net decreases, \$1,233, which includes an inventory decrease of \$202. After paying all cash expenses, 5 per cent interest on the total investment, family labor and deducting decrease in inventory, the farmers had a labor and management wage of \$148. This group averaged 8.1 cows and sold 373 dairy products per cow, had 210 hens and sold \$1.59 worth of eggs per bird.

The average of all Ottawa county farms keeping records shows the following figures: Total acres, 102,2; acres corn 16.8; wheat, 8.5; alfalfa, 5.6; total investment, \$13,081; receipts and net increases, \$1,900; expenses and net decreases, \$1,287; \$406 decrease in inventory; labor and management wage minus \$291. The average had 96 cows, sold \$85 dairy products per cow, had 210 hens and sold \$1.68 worth of eggs per bird.

While Ottawa accounting farmers labor and management wage dropped only \$14 in the last year the average of the 899 farmers keeping records in the state dropped \$459, which indicates that Ottawa farmers have a better management and income program than farmers in other areas.

An irrigation demonstration using the oozing cotton hose method will be held at the farm of Albert Elzinga northwest of Hudsonville at 2 p. m., Aug. 4. This method has been developed by the agricultural engineering department of Michigan State college. One of their engineers will be present with Agricultural Agent Milham to answer questions and to demonstrate the method.

The hot dry weather of the past few weeks reduced the yield of oats and early potatoes, injured corn seedlings and other crops and reduced yield of berries. The weather conditions have been excellent for threshing, curing second-cut alfalfa and for growing Sudan grass. Sudan grass should be cut when the first bloom heads open up.

Yields of wheat that have been threshed run from 15 to 40 bushels or more per acre with excellent quality grain except where Hessian fly attacked the stems. Wheat is not yielding as well as the straw indicates.

Corn ear worm has been particularly bad this year on early sweet corn. The insect renders the corn unfit for retail use though the corn and ears that are not badly injured are fit for food.

Early potato growers who expect to continue growing early potatoes year after year should select next year's seed either at digging time or by marking healthy hills now and saving seed.

## Ring Neck Pheasant Eggs Bring Many Birds

More than 41,000 ring neck pheasant eggs, a record for recent years, were produced at the Game Farm at Mason during the spring and early summer, the Game Division of the Department of Conservation reported today.

The Game Farm sent 30,780 "free eggs" to individuals and organizations for hatching and rearing. Of these, 28,700 were produced at the farm and 2,000 were supplied by the Isaac Walton League.

In addition to the eggs shipped out to fill such applications, 1,500 eggs were set at the Wolf Lake Hatchery and 11,300 eggs were set for propagation at the Game Farm. The Game Farm's total production of pheasant eggs was 41,580.

Unusually good results from hatchings at the Game Farm have been reported. The first hatch of 5,000 eggs set at the farm this year was 84 per cent. From the second setting of 5,300 eggs, 4,230 chicks were put in the rearing field. This was a hatch of almost 80 per cent of the eggs set.

## BANDIED BIRD BRINGS LETTER TO GRAND HAVEN MAN

A letter from the United States department of agriculture has been received by John Mulder of Grand Haven in regard to the little bird that was caught in a chimney at his home last week. The bird was a chimney swift and was banded by Prof. Wyman P. Green, St. Elmo, Chattanooga, Tenn., on Sept. 30, 1930.

By means of these numbered metal bands important investigations relative to the migrations and other facts in the life histories of North American birds are being advanced. The bands are attached to the birds by volunteer co-operators in the United States and Canada.

Success in bird-banding is therefore dependent upon the reports of persons in both countries on such banded birds as come to their attention.

Migratory waterfowl have been banded in large numbers at more than 50 stations scattered over the continent and have been recovered as far south as Central America and the island of Trinidad. Small song birds have been banded in still greater numbers and many interesting facts concerning their movements are being discovered.

The letter to Mr. Mulder thanks him for the information and expresses hope that he will continue this work by reporting any bands that come to his attention.

## GEN. BOOTH, LEADER OF VOLUNTEERS, BELIEVES DEPRESSION IS LIFTING

Gen. Ballington Booth, aged commander-in-chief of the Volunteers of America, said today he had observed definite indications the depression is "lifting."

The 72-year-old relief leader, here to deliver an address tomorrow night at Community religious services, spoke encouragingly of current industrial trends.

"The black clouds of the depression which, like a pall, have covered the entire country, are gradually lifting. Large factories are being reopened in the eastern industrial centers and not the least important factor which points to better times is the fact the railroads are receiving larger freight orders, which means we will return before long to a normal state of business," Gen. Booth said.

## TIME FOR A BIG SPIDER STORY

A huge tarantula, the pet ambulation of the grocer, was discovered by "Red" Smith of the Red & White Front store at Allegan Monday. As is nearly always the case, the big insect was brought in on a bunch of bananas. The bite of this hairy, venomous member of the spider family is exceedingly poisonous. In most cases immediate amputation, where possible, is the only means of saving the life of a person attacked by one. Mr. Wise confined his unwelcome visitor and has him on display at his place of business.

## CAT BIRD BATTLES SNAKE NEAR GRAND RAPIDS

An interesting battle between a large blue racer and a pair of cat birds was recently witnessed by Charles Dean near his summer home on the Thornapple River near Grand Rapids. When he came upon them, he says, the birds were alternately flying down to strike the racer and then fluttering off in front of it as though wounded. He believes they were trying to drive it away from the vicinity of their nest and says if this was their purpose they were succeeding fairly well. Although it didn't appear that they were doing the snake much damage the birds were making it sufficiently uncomfortable so that it was moving slowly off in an effort to get away from its tormentors.

Mention has been made of a movement in Saugatuck to make plantings of flowers along M-31 between that town and South Haven. Organizations in Ganges and South Haven have agreed to co-operate in the work. The state department of conservation has sent a representative to afford aid from that source. It is to be hoped that no effort shall be made to plant exclusively one kind of flower as Grand Rapids proposes to do in highways of that vicinity but that there shall be a wide variety giving bloom throughout the spring and summer. Flowering shrubs should be included.
