## Storm Damage At Lakewood Farm Is Tremendous

GEORGE GETZ AND PARTY SEE TWO STORMS CLASH FORMING VORTEX

Shade Tree Damage Is Unfortunate Part of Storm.

Holland experienced a storm at 3:30 Sunday afternoon that will not soon be forgotten. Early in the day the west had become hazy and it seems that two storms were brewing, one in the south and one in the north. Clouds slowly crept up early in the afternoon until suddenly a large black cloud seemed to dart forward and within a comparatively short time the storm broke with heavy cannonading of thunder and vivid lightning display. The terrible wind and the downpour of rain was the most awesome seen in years. The blast was over within half an hour and the streets of Holland and the city parks were littered with broken branches and fallen trees.

Strange to say the finest section of Lakewood farm seemed to be right in the path of the storm. George Getz, Sr., and George Getz, Jr., with several guests from Chicago had been watching the storm approach for more than an hour. Mr. Getz stated that there was a storm approaching from the southwest that did not look quite so threatening as a large black cloud in the northwest. They watched these clouds approach, coming together, and all at once these clashed several miles out in Lake Michigan and things began to happen on the surface of the water. Apparently a vortex was formed by the air currents, there was a swirl of water upward and with lightning-like rapidity the mass of black and yellowish clouds came shoreward.

The party had scarcely gotten into one of the concrete buildings when the storm broke and large trees, some three feet in diameter, were bowled to the ground like nine pins. The greatest havoc was wrought in the deer park where seven large sturdy trees fell and demolished the heavy wire enclosure, but strange to say not one of the herd of deer was hurt. After the storm they were found leisurely browsing the leaves from the fallen trees.

A whole row of large trees were leveled by the wind near the tennis courts. Also a few to the west of the mansion. The large orchards were badly damaged and many of the trees were uprooted. It is evident that this storm was a twister judging from one of the smaller trees on the farm. The bark of a maple was twisted off about six feet from the ground and the trunk had the appearance of a twisted towel.

The pavilion and several of the summer houses were masses of wreckage. In the beet and carrot patches, these root vegetables were pulled completely out of the ground. The force of the wind was even noticeable on the grass on the lawn. The blades of the sod are all matted and lay in an easterly direction. It surely seems strange to see a one-sided lawn.

There was plenty of broken glass at the farm. The large observatory in the Getz home was riddled with heavy hail stones and air missiles that looked like broken icicles. The tops of the two greenhouses were a sorry mess with more than 300 panes of glass broken.

One strange freak of the storm was when a rocking chair on the porch of the William Alden Smith cottage was blown through the screen and went sailing through the air for more than 200 feet, landing right side up. In this same cottage several large windows were broken and the lock in the door was so bent that it had to be removed before the door could be opened.

There was no damage in or around the animal cages, possibly because these are strongly built of concrete and iron. Mr. Getz said, however, that the wild animals were rather restive during the severe part of the storm. The beautiful flower beds, several of them large leaf cannas, look more like shredded corn than flowers.

No animals, large or small, were killed or injured and this is also true of the bird family. Apparently nature instinct bade them to seek shelter before the storm broke.

Mr. Getz also had an avenue of flags from the main entrance, a replica of those appearing at the Century of Progress exposition. These flag arches, rather a colorful spectacle, were completely demolished.

Early the next day after the storm Mr. Getz and Andy Petersen, the superintendent, had fifty men on the job cleaning up the debris, cutting up the fallen trees, repairing the damaged fences and deer park, erecting summer houses and replacing broken glass. The Donnelly-Kelly Glass company of Holland was busy all day cutting new panes of glass to replace the broken ones. Altogether more than 400 windows were broken, including those in the roofs of the greenhouses.

The tractor and oil sheds were twisted from their foundations and the hog houses were also badly damaged. The roof of the large dormitory also had a strange appearance, showing where the icicles from the air had chiseled off a large part of the stone of the gravel roof.

Mr. Getz states that it is hard to estimate the damage but he claims it is approximately $15,000, fully covered by windstorm insurance. This, however, does not include the trees and landscape

### FIVE-ACRE WORM FARM DOING A BIG BUSINESS

A five-acre worm farm operated by R. B. Bilkosky, at Alhambra, Cal., is doing a thriving business with its operator shipping his product to all parts of this country as well as to Canada.

Bilkosky specializes in red worms, which he says are the best for bait. Their diet has to be changed seven times a year, coincident with changes in the weather.

Eight years ago when Bilkosky started his unique farm he had half a million worms. Now he sends out tens of millions of them annually.

## Storm Notes

The oat field of Peter Kuyers, North Holland, was flattened out by Sunday's storm, making it oatmeal before the crop was ripe.

The corn field of Henry Waterway was shredded by Sunday's storm, which carried with it large hail stones as big as eggs and occasionally icicles. Windows in the houses of both Kuyers and Waterway were demolished.

The large chimney on the garage of Ed Leeuw on West Ninth street was blown down, damaging other parts of the building.

Bert Moeke of Zeeland was similarly injured when a piece of glass struck him on the chest, cutting a large gash that required surgical attention.

A roof was blown from the residence of Jacob De Feyter, Jr. The barn of his father, Jacob De Feyter, Sr., was demolished. One hundred windows were broken in two homes, namely on the farms of H. Williams and the farm of Mr. De Feyter.

Practically every camp tent at the resorts were blown down. Numerous chimneys on cottages located along the lakes were toppled over and much damage was done to roofs.

Windows in the Harderwyk church on Lakewood boulevard were demolished and the glass man has another job.

An icicle blast was reported by Harry Bliss on his farm four miles north of Holland. Damage to cucumbers and cereals was considerable.

Lightning struck the barn of Mrs. Orrie McFall near the Pine Creek school and the building and contents were soon consumed by flames, including some of this year's crop. Some chickens and two horses were victims of the flames.

The large tent at Pine Lodge, 40x60 feet, occupied by several boys who were attending camp, was blown to bits depriving the youngsters of sleeping quarters. The boys were given the large auditorium to "bunk in" after the blankets, sheets and other bedding had gone through the cleaners, the Ideal cleaners taking care of these immediately when they heard of the condition.

Among those hurt were the family of Fred P. Kieft of Zeeland which had been spending two weeks at the beach on Lake Michigan to escape the intense heat. When the wind threatened to blow in the windows and doors of their summer home the members of the family set about supporting the weaker parts when suddenly a severe gust of wind demolished a window, parts of which glass cut a large gash in Miss June Kieft's right forearm. Through all the storm and rain she was rushed to Holland hospital where she was given aid and the wound closed with eight stitches. Happily, she is recovering.

The garage of Fred Van Wieren, Park township road commissioner, was badly wrecked by the storm.

Rev. W. L. Latham states that the Seventh Day Adventist tent at Eighteenth street and Harrison avenue was badly damaged and the evening services could not be held for not only was the tent ripped but the heavy wind carrying with it torrents of rain, drenched the inside.

Otto P. Kramer, president of the Holland City State bank, had his car damaged when part of his garage was ripped loose and a rail struck the machine.

The "Tower of Babaal" in Tower park near Getz farm is no longer a tower but a mass of ruins among the trees in that park.

A large locust tree on the premises of Mr. and Mrs. Joe Tardiff more than a half century old and 60 feet high, was blown to the ground. The tree was pulled up by the roots. After the damage done the roots stood more than 15 feet above the level of the ground. The tree was brought here from New York state more than a half century ago.

A large window, 3x5 feet, in the Holland City News office was smashed by the wind.

A large number picnicking at Tunnel park took refuge in the large concrete tunnel which will accommodate at least 500 persons.

The roof of one of the buildings of the Ottawa Furniture Co. went sailing across River avenue, settling on a vacant lot.

Operations of the Superior Ice company were halted for half a day because the electric feed line had been broken.

Lester Exo, local coast guard, saved four young ladies who were caught during the storm while on the toboggan slide on the Lake Michigan front. The sea was running high and the undertow was terrific.

The local telephone company had plenty of trouble calls after the storm, Mr. Gene Ripley states, but a large crew of men brought full communication back within a day. Abe Nauta of the board of public works and a crew of men spent two days to repair storm damages. The electric plant at Macatawa was also put out of commission.

The Boven cottage at Tennessee beach suffered much damage in the storm, many windows being broken. Trees were uprooted and

## Two of Trio Pass Away. Oldest Remains.

The above picture shows John Kollen, who passed away in Holland the past week at the age of 94 years. There is more in this picture that needs explaining.

The first man from the left is George Duell of Fennville, who died in that village last year, being 83 years old. Alexander Lake is also from the peach belt and he is 102 years old today. John Kollen, to the right, as we stated before, died at the age of 94.

Duell had the reputation of being a double of Jeff Davis, the Confederate president, while Mr. Kollen and Mr. Lake might impersonate the late President Harrison and Vice President Morton, respectively.

Anyway the oldest of the group is still alive and in fair health. This picture was secured through Dr. A. J. Brower of Holland.

### PICTURE OF BANK ROBBERS

* * *

The picture of the man and woman bank robbers at Fennville will be found elsewhere in this issue giving the story of their sentences by Judge Miles of this city. The woman—from her story—has had nothing but a life of hate to look back to, she said as she sat in a prison cell, rocking nervously.

### ZEELAND FARM CLUB WILL MEET SATURDAY

The Farmers' club of Zeeland will hold its monthly meeting on Saturday at the home of John R. Roelofs. The 4-H club, under the direction of Mrs. William VanZoren of Vriesland, will present a program. Miss Mary F. Seekell, home demonstration agent of Ottawa and Kent counties, will give an illustrated lecture.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

* * *

Mr. G. T. Huizinga of the firm of Walsh De Roo Milling Co., is building a very fine residence of brick on the corner of River and Twelfth streets. Note: This residence is now the property of Mrs. Roy B. Champion.

* * *

City Clerk George H. Sipp is calling for bids for the grading and graveling of Ninth street, the cost to be borne by the property holders except at intersections of Fish, Ceder, Market, River and Pine streets, which will be borne by the city. Note: That was the beginning of a rather pretentious program of street graveling and, by the way, Holland was noted for its well graveled streets later just as we are today with what we call 100 per cent paving. It is noticeable that the names of Holland's cross streets largely ran to the names of trees, for instance, Cedar street, now College avenue, Pine street and Maple street—the latter streets having not been renamed. Fish street was so named by Dr. Van Raalte for he felt that with a river and a lake and a sea right here, fish, like in the Netherlands, should be plentiful and a fish market was necessary and was established in an open space now occupied by the Holland creamery and ball park. But net fishing never became an industry here and while the market "never was," the street name remained. Likewise Market street, (now Central avenue) leading to what might have been an open market place in "public square," later Centennial Park. It never materialized like the market places in the old country as the founder of this city had hoped. Strange to say, Holland has never been market minded. The first real effort is being made right now and it would seem is not yet a "howling success." However, we may grow into it like other cities have done.

### TWENTY-FIVE YEARS AGO TODAY

* * *

H. Was had his hand nearly blown off by a large "cannon cracker" which he held onto too long on the 4th. Dr. Poppen attended the sufferer.

* * *

The News gives considerable space to the marriage of John Schouten, local druggist, of Holland and Marjorie Vyn of Grand Rapids. The marriage was performed by Rev. J. M. Vander Meulen at the home of the young lady at Grand Rapids. A silver wedding is in order at the home of the old coach of Hope.

* * *

For the first time in the history of Zeeland a wedding ceremony was held in the First Christian Reformed church when John DeJong, candidate for minister at New Jersey, and Miss Mamie Diepenhorst of Zeeland were married. Candidate D. Beers of Harrison, S. D., read the scripture, while Rev. William Vander Werp performed the ceremony. All the available room in the church was taxed to capacity and many were turned away.

* * *

Missionary H. V. S. Peeks of Holland, who was returning to Japan, sent a card to friends here dated June 27 from which the following lines are taken: We have a wireless apparatus on board and learned of William Howard Taft's nomination for president 15 hours before reaching Victoria. Great days we live in.

Dick Knoll, 155 West 13th street, while wading from the water after a bath in Lake Michigan, found a carrier pigeon on the beach. The handsome little bird tottered toward the bather as he came in to shore. Knoll brought the bird home and found that one of the wings had been injured and it was unable to fly. The carrier had evidently been entered in some race since on its right leg a tag was fastened marked "B.Y. 32398."

A night blooming cereus belonging to Mrs. Henry Kremers blossomed Sunday night and many neighbors and friends were called in hurriedly to see the most beautiful blossom.

### FIFTEEN YEARS AGO TODAY

* * *

Shortly after the country went dry: The police a few days ago were advised by local grocers, Kardux and Karsten, River and Seventh, that a farmer had been buying too much lemon extract. The police followed the ruralite to a soft drink parlor and noticed him empty a part of the bottle in a glass of "Bevo," which then was called "near beer." The mixture did not seem to have the desired "kick," however. When the soft drink man heard of the drink mixer he ordered him out of the place.

* * *

The first in the long casualty list which is growing day by day, and in this instance affects Zeeland, was the report that Sergt. Gerrit DeHaan had been seriously wounded while in battle. A letter to his parents states: "I am having these few words written to you to let you know that I was wounded at the front on June 6th at 5 p. m. I was shot through the chest by a Boche machine gun. I was operated on this morning. I feel I shall be able to sit up again in a few weeks. Don't worry, for the treatment you get in American hospitals and Red Cross in France is the very best."

* * *

Dr. Ame Vennema, who resigned as president of Hope College after serving for seven years, will move with his family to Mawah, New Jersey, where he has accepted a charge in the church there. Although a native of Holland he spent most of his life in the east as a minister of the gospel before coming to Hope College. Ill health caused Dr. Vennema to relinquish the position of president of the local institution. Note: Mr. Vennema passed away some 10 years ago.

* * *

"Bert Gebben is our new grocer here," the correspondent from West Olive says. "Mrs. Cal McKinley conducted the other store." Note: Mrs. McKinley still conducts that store while Bert is a "coal baron" in Holland and the "Mayor of Port Sheldon" in the summer time.

* * *

Dr. George Thomas of Holland left Friday for Fort Sheridan, where he will be 1st lieutenant in the medical service. The doctor is in hopes he will be sent to France soon.

* * *

Miss Beatrice Seidelman suffered a fracture of the left leg when she fell three stories from a window in the beautiful Walter Lane home, on State street. The young lady had been reading while sitting on a window sill when the screen suddenly gave way and she fell to the gravel driveway below. Dr. R. H. Nichols was called and the little miss was taken to Holland hospital. That Miss Seidelman was not killed falling such a distance is indeed a miracle.

## Aged Pioneer Did Not Reach Age of Mother

GENIAL AND MUCH BELOVED CITIZEN DIES

The many friends of old John Kollen were shocked to hear of his death Sunday at 3 o'clock in the morning at his home, 45 East Twelfth street, at the age of 94 years.

Mr. Kollen was one of the oldest residents in this city and it was always his desire to reach the age of his beloved mother, Mrs. Egberdine Kollen, who died some 15 years ago at the age of 101. Rather a coincidence causing her death was a broken hip sustained at 90, which never healed. At 80 she also broke a hip but this caused no permanent inconvenience.

Mr. Kollen was the youngest of five children, who with their widowed mother, Mrs. Egberdine Kollen, migrated from The Netherlands to America in 1851, locating on a farm near Overisel, Allegan county. The mother, who lived to be a centenarian, died in 1905. The year before she had received a telegram from President Theodore Roosevelt congratulating her on her one hundredth birthday.

The much beloved Mr. Kollen received the congratulations of his host of friends last April 26, when he celebrated his ninety-fourth birthday anniversary.

He was prominent on Holland's streets, he gathering with his old cronies, weather permitting, in Centennial park, and at the pointed hour of 9:30 the group would be seen going to the "koffe kletz" in the downtown restaurants. Some rare stories of pioneer days were told at these meetings.

On just such a jaunt as this three weeks ago Mr. Kollen was stricken on River avenue near the park and was taken to his home in a paralyzed condition. He was apparently recovering from this sudden illness when a second attack brought on death last Sunday.

Mr. Kollen was a prominent

## Lake Freighters Would Mean Lot To This Port

BIG COAL BOAT COMES WITH 5,000 TONS—SPENDS MUCH MONEY

The large lake barge "Sinalo" of Toledo, has entered this port and has cleared again, but her coming and going means considerable to Holland and is an indication of what it would mean to this port if we bent our efforts to establish dockage for many more of these large freighters, which is now the plan.

The "Sinalo" brought to Holland 5,000 tons or 10,000,000 pounds of coal, unloading this fuel on the Harrington docks. The unloading of this coal took just eight hours. In the meantime the crew of 42 came to town at intervals and spent considerable "pay day" money. How much can not be calculated.

The boat company themselves spent just exactly $413.50, according to the captain's report given to Mr. Henry Vander Schel of the harbor board. Strange to say, although the company's boat was loaded with coal to the "gunwales" they had to buy 73 tons of this coal to fuel the boat and payed $328.50 for it. They spent $75 for groceries, $10 for ice and bought many miscellaneous items not in this calculation.

"A ship a day would keep hard times away." If we could only land that many in this port. It is money that comes from the outside and remains here. Why not get more of it?

The "Sinalo" is 440 feet long and has a draft of 16½ feet loaded. It carried coal to Holland and cleared empty, loading up with sand on the Wisconsin side, going back to Toledo via Lake Huron.

Captain Hill, who formerly sailed one of the Graham-Morton boats, remembers the many old captains who sailed out of Holland on the Soo City, the City of Holland, Puritan, Grand Rapids and other steamers. He stated that while large barges were tied up for years, all lake carriers are now working overtime and the "Sinalo" has still two months of work ahead at the present time which indicates that good times are returning for it takes manufactured products and products of the farm to start shipping.

Austin Harrington, harbor master, states that the large coal boat slipped into the harbor easily and docked without difficulty even through laden to full capacity. It is a wonderful sight to see these large boats and the method of unloading is surely worth witnessing.

Mr. Harrington aided materially in making this possible because of timely dredging operations.

When the barge pulled out Peter Van Langevelde of Holland shipped with the crew and will sail the "Sinalo" until the season closes.

It is understood that Holland may have other barges winter here much like the North and South American.

The News feels that the possibilities of a harbor for both summer and winter have only just been shown. Let's all pull together and tell the public what all our natural advantages are. Speak a good word for Holland; speak a good word for those who try to promote her interests; speak a good word anyway for it is the cheapest contribution you can give your city and oftimes the most valuable.

### NATIONALLY KNOWN VAUDEVILLIAN WRITES FOR THE NEWS

Johnnie Hyma, brother of former alderman, Dixie Hyma, who left home in 1911 and has played on nearly every vaudeville stage in the United States, Canada and England during the last twenty-five years, is here for a month's vacation.

Johnnie not only acts but stages plays and writes monologue squibs. His "stuff" is heard constantly over the NBC and WJZ stations and often on a national hook-up.

Mr. Hyma has two fine contracts starting in September in which he writes comic actors' stunts and radio reportoires.

How Johnnie got on the stage from Holland after taking part in a minstrel show is another story of real interest. But while he is here he wants to keep his hand in and, therefore, contributes a few local take offs.

Below you will find some "Hyma Highlights" on Holland folks:

"A Lakewood Maxim"

"He who has, Getz."

De Keyser says prosperity is dead because its just around the "Coroner."

### EXPECT TO PUT ON SOME TULIP TIME FEATURES

(Grand Rapids Press)

President Wynand Wichers of Hope college, Rev. S. C. Nettinga, president of Western seminary, and Rev. John M. VanderMeulen of Louisville, Ky., have accepted invitations to speak on Netherlands day, August 31, at a Century of Progress in Chicago.

The day will feature an impressive program, national in scope, represents many phases of Holland-American progress, speakers of national prominence, and the largest chorus of trained voices in Holland-American history.

Efforts are being made to bring to Chicago the largest group of Holland-Americans from many Dutch settlements in the middle west, including hundreds of persons from this vicinity. Holland plans to present some feature from its annual tulip festival, headed by a band.

* * *

(Grand Haven Tribune)

Plans for Netherlands Day at a Century of Progress exposition in Chicago on August 31 are being enthusiastically entered into by the Holland-Americans from this section of Michigan, due largely to the efforts being made by Jacob Baar, a former civic leader here, who has been in Grand Rapids, Holland, Muskegon and this city for the past several days outlining plans for the great day at the fair.

Holland will send 1,000 representatives, many of them to be dressed in the old Dutch costumes which are worn during Tulip Week Festival. A part of the program given at that time will be repeated in the program to be given in the court of the hall of science and other plans are being made whereby the Holland-American Day will be outstanding.

Rates have been secured on the Pere Marquette railway for a nine-day limit around Aug. 31 for $3.50 round trip from this city. The Holland delegation plan to go by boat from Holland with rates at $1.50. Efforts are being made to secure a boat for the Muskegon, Grand Rapids and Grand Haven delegation.

The annual meeting of the Women's Home and Foreign Missionary society of the Wesleyan Methodist church was held Wednesday afternoon. The following officers were re-elected: Mrs. C. W. Meredith, president; Mrs. Anson Paris, vice president; Mrs. Eva Johnson, secretary, and Mrs. Mary Bonnette, treasurer. Yearly reports were submitted and plans were made for the ensuing year.

SEE WHAT'S COMING

Turn to page three of this section and look at the picture and see what the "movie" world has in store for Holland. It sure looks novel and instructive.

## Want To Release Dynamiter and Boat Scuttler

OTTAWA PROSECUTOR DESCRIBES STATE PRISON RELEASES OUTRAGE; DEBO HITS BACK

W. Alfred Debo, parole commissioner, yesterday served notice on John R. Dethmers, Ottawa county prosecuting attorney, that he no longer will be asked for recommendations relative to prison inmates from that county.

Debo recently asked file officials for a recommendation in the case of Nat Brown who was sentenced to 10 to 25 years in Ionia reformatory for using explosives with intent to do property damage. The trial judge had recommended that Brown serve only two years if at the expiration of that time he was termed fit for parole. Dethmers wrote Debo stating Brown should be required to serve the full ten years. The prosecutor declared he believed it was an outrage to even think of releasing the prisoners and stated his letter could be taken as a general protest against releasing prisoners.

Debo in reply stated the trial judge had recommended two years but he believed he was qualified to judge the merits of the case and that Dethmers' blanket indictment of paroles disqualified him for passing judgment on prisoners from Ottawa county. Debo informed him that hereafter no request for information or recommendations will be sent Dethmers.

* * *

Prosecutor John R. Dethmers, when interviewed as to his reaction to Commissioner Debo's statement, said he had received the usual form letter from the parole commissioner asking for any objections as to the release of Nat Brown. He stated he had made a notation on the form which was returned asking how the commissioner figured that Nat Brown was due for release, as the sentence was issued from this court in December, 1931, and that even with the discount of two months for good time, it would hardly bring the expiration of his time to August, 1933.

Mr. Dethmers said his letter was to this effect:

"I believe that the sentence of the court should mean what it says and that releasing of criminals of this type upon the public in less time than that set by the sentence of the court is an outrage.

Mr. Dethmers stated that he had looked up the records in the Brown case and found no recommendations of the court for a two year sentence. The records in this court showed that Brown was sent from this court for 10 to 25 years. This is the first objection ever made by the county prosecutor in the three years he has served the county, he said.

"The statement issued by the parole commissioner indicates, to me that he never did desire a recommendation from a prosecuting official and, therefore, it appears there is nothing lost by Mr. Debo's decision to no longer consult me," he continued.

He further stated "it is my opinion that it is poor economy and detrimental to the best interest of law-abiding citizens of this state to make a practice of releasing major criminals long before the time set for release by the sentence of the court."

Mr. Dethmers said he had not received Mr. Debo's communication and the first intimation that he had taken exception to his objection was when he read it in the newspapers.

* * *

In a telephone call to Grand Haven Mr. Dethmers states to the News that the records, the blotters and all matters pertaining to the case, give the sentence of Mr. Brown at from ten to twenty-five years and the law states "not less than ten years," which is mandatory.

In the files of the Holland City News December 17, 1931, the sentence is also given as from ten to twenty-five years. The article goes on to state that Brown confessed to lowering sticks of dynamite down the chimney of a cottage belonging to Nicholas De Witt, to which he attached a fuse and blew the cottage to pieces. He also confessed to sinking a scow belonging to Pool Bros. because he was disgruntled over a request from them not to trap on their grounds. It appears from the article that Brown was examined for mental derangement but a sanity was substantiated.

Judge Miles, in passing sentence, said:

"Your idea of revenge must be eradicated."

According to the article, Judge Miles stated that he was bound by statute to give the man the sentence he did.

* * *

In a phone call to Judge Miles at Allegan he stated that he did sentence Brown from 10 to 25 years, according to the statute, but he recommended because of unusual circumstances that two years would satisfy the court, which is also stated in the Holland City News of December 17, 1931. This, of course, was unknown to Prosecutor Dethmers. But as an aside Judge Miles stated that he fully agrees with Prosecutor Dethmers and that he does not believe in the wholesale release of criminals who had been justly sentenced for their misdemeanors.

At that even the two-year sentence is not nearly up. Brown began to serve in January, a little over a year and a half.

## Enterprise at Holland

(Muskegon Chronicle)

The enterprise shown by the city of Holland, our neighbor to the south on this lake shore, in putting on a campaign for membership for its Chamber of Commerce, and then going out in a time like this to get a man of the calibre of William E. Connelly to become its official promoter, is the kind that wins. No city is going to remain long in the doldrums from want of initiative and energy that can do a thing like that.

Some cities, like some individuals, grow moderately and are moderately successful because they cannot help it, because the cards seem to be stacked in their favor. But accidents of that kind are rare. Most cities of today, like most individuals, are what they have made of themselves.

Likewise, and not at all strangely, cities that have missed the mark and are going backward may be spotted, like individuals in a similar plight, by their whining at fate and their proclivity to crab at successful neighbors.

Holland, facing a problem of survival, like all the rest of us, and perceiving that the cities that go ahead in the great industrial revival bound to come along soon are those on the alert, is now getting her house in order. So she has gone out, out of her limited resources, to finance her Chamber of Commerce for another year, and has secured the services of a man ideally suited for the job.

Mr. Connelly, we hazard, will prove to be cheap at the price, even in times like this. He will pay his way in dollars and cents many times, over, but that is not the immediate concern. He will see to it that Holland misses none of the opportunities open to it to advance its interests, and that will be immensely important in determining which way it is to go. His first suggestion, that the cities on this section of the lake shore unite in co-operative enterprises, is characteristic, and one Muskegon will be glad to consider cordially.

No individual business man of Holland or any other city can prosper if his city begins to lag behind. All cities, like all individuals, have to take reverses from time to time. Muskegon has been taking them in profusion in the last few years. But the only important question is whether its courage and faith in itself is still high and it is alert to take advantage of "the breaks."

Holland's example should be an inspiration to Muskegon which has the same problem, and that has maintained its city promotion agency intact through this time of stress and must continue to do so.

### PERMIT NEEDED FOR GAME FISH IN HOME POOLS

The garden pool owner and the angler who dumps his surplus live bait overboard now come under state surveillance through action of the 1933 state legislature.

Permits are now necessary to have live game fish in public or private ponds, pools or aquariums and the director of conservation is authorized to prescribe such regulations as he may see fit and to charge a fee of $1 for issuing such a permit.

As a means of prohibiting the introduction or spread of undesirable species of fish in Michigan waters, the legislature has made it necessary for anyone to obtain a permit from the director of conservation before he may plant fish in any of the public waters of the state except when secured from the state or federal government.

The measure was designed, it was said, to prohibit the spread of such species as carp or goldfish or other undesirable species often used as bait with the surplus dumped into the water. According to the fish division of the department of conservation many waters now contain large numbers of such undesirable species through such unintentional "plantings."

### ALLEGAN PAPER TELLS OF GEORGE HUNT

Allegan Gazette—A former Allegan resident, George E. Hunt of Grand Rapids, last week completed fifty years of service with the Pere Marquette railway and was honored with a banquet and presentation of a purse of money. He is a son of Hannibal Hunt, who lived long in Allegan many years ago and was section foreman here for the Pere Marquette. George came here when but five years old, graduated from the high school, was in E. C. Reid's Sunday school class with seven or eight others, and was an exemplary boy in all ways. His first engagement with the Pere Marquette was in Holland and he was the first agent of that company in Traverse City. He is now and long has been the Chicago-Petoskey freight agent of the company. When his father was in Allegan he wrote a criticism of the management of the Pere Marquette so far as affairs in Allegan were concerned and it was published. It awakened the fury of Hugo Haebringer, a general official of the company, who tried to find who was the author but did not succeed. Had he found out it would have cost Mr. Hunt his job.

Louis Kruithof of Holland is a guest of Mr. and Mrs. George Beach, 216 North Second street, for two weeks.—Grand Haven Tribune.

### ACCEPTS HOLLAND OFFER; COUNCIL APPROPRIATES $3,600 TO BUILD UP CITY

**Head of Grand Haven's Chamber of Commerce During Largest Factory Expansion.**

(Grand Haven Tribune)

William M. Connelly, for twenty years a resident of Spring Lake and for eighteen years a member of the Ottawa county road commission, has accepted the executive directorship of the Holland Chamber of Commerce and will take the position August 1.

The reorganization of the Chamber of Commerce in the neighboring city was effected when the city council at a special meeting unanimously voted to appropriate $3,600 for one year and Mayor Nicodemus Bosch, the city attorney and city clerk were elected as directors of the new organization. This action definitely links the city government and the Chamber of Commerce in a united attempt to revive industry in that city.

**Submits Program**

Mr. Connelly, in a tentative program submitted to Holland, has outlined industrial development, organization of a convention bureau, port development, drive for improvement and enlargement of the resort areas and an expansion of the Tulip Time festival.

In a statement to the Grand Haven Tribune he said he will urge co-operation between the three cities, Muskegon, Grand Haven and Holland for a development of western Michigan, which he believes is certain because of the changes in transportation which are destined, he believes, for this section.

Mr. Connelly came to this section twenty years ago from Chicago, attracted by the beauties of Spring Lake. During the time he has taken an active interest in this city and by his affiliations with the state has made the tri-cities a focal point for motor transportation and opened vast resort areas through the promotion of cement highways throughout Ottawa county.

He has been a member of the road commission of Ottawa county for eighteen years. He was at one time head of the local Chamber of Commerce during the period of a large factory expansion at Grand Haven. He was the state senator from this district for four years when he introduced the $50,000,000 road bill which was the beginning of state highways which has made Michigan a leading state in the union in road development.

He has been a member of the Grand Haven Chamber of Commerce during all these years; a member of the harbor commission, an officer in the local Elks, and was one of the prime promoters in building the handsome clubhouse. He has served on the Spring Lake school board for many years and has always lent his support to every forward movement in this city or Spring Lake.

**Developed Homes.**

His real estate developments on Spring Lake added thousands of dollars to the tax rolls of that township and has been one of the means of bringing that section to the forefront as a section of beautiful part-time residence for people of wealth. He has been an enthusiastic member of the Country club and Spring Lake Yacht club, believing that organizations of the kind should be fostered as big assets to a community bidding for resort business.

Mrs. Connelly also has been a valuable citizen, giving her services to the Red Cross in Spring Lake, where she was the chairman and to the welfare work. She was the president of the woman's club here and has been an enthusiastic member working always for the club's interests.

Mr. Connelly will go to Holland Aug. 1 to make his home at the Warm Friend Tavern until he can dispose of his home on Spring Lake which is one of the most attractvie in that vicinity.

### FARM NOTES RELATING TO OTTAWA COUNTY

By C. P. Milham.

Dairy 4-H club members of Ottawa county will hold their judging contests and receive instructions from Nevels Pearson from the state college on August 2. The morning meeting will be held at the county infirmary, and at 2 p. m. a continuation of the judging work at Greenvale farm at Eastmanville. Club members who place the highest in these contests have the opportunity of going to the college to compete in the state contests later in the month.

There will be a county picnic of all 4-H club members and their parents at the Grand Haven state park on August 14. There will be a grain judging contest for crop club members in the morning conducted by P. G. Lundin, picnic dinner at noon, games and swimming in the afternoon. This is the first time that such a picnic has ever been held in Ottawa county.

A new bulletin entitled "Porous Hose Irrigation" is now available at the office of Agricultural Agent Milham. This bulletin was prepared by O. E. Robey from the agricultural engineering department of the state college for the purpose of instructing farmers, fruit and truck growers in methods of making canvas hose, types of pumps, drainage layouts and to present results of demonstrations where canvas hose was used. The advantage of canvas hose irrigation is, low cost, capacity, simplicity and the fact that water may be applied without wetting plants or foliage at any time of day.

This bulletin may be obtained free by writing the office at 506 Lake avenue. In this bulletin there are two pictures showing the use of this type of irrigation on the farm of Albert Elzinga at Hudsonville.

Spraying for second brood coddling moth should be done in Ottawa county this week, according to Agricultural Agent Milham who has received the information from R. H. Pettit at the college. The college watches the emergence of the moths in various sections of the state and knows when egg laying is in progress. Fruit growers who intend to wash their fruit before marketing should use a spray of 2 pounds of calcium arsenate and 4 pounds of hydrated lime in 100 gallons of water. For those not equipped to wash their fruit use (1) summer oil emulsion 2 gallons in 100 of water, or (2) summer oil emulsion 1 gallon plus 3-4 pint of nicotine sulphate in 100 gallons of water. These sprays should be used with water alone and not mixed with lime sulphur, any other sulphur spray or bordeaux.

Two or more follow-up sprays should be made at intervals of two weeks. Fruit growers along the lake shore should delay their spray schedule a few days later than the east end of the county.

Moths lay their eggs during the night when temperatures are above 62 degrees. Eggs hatch in a few days if weather is warm. The first spray may be delayed a few days if nights are cool. The spray date set is July 27 or a few days later.

### ASTOUNDED AT YOUNGSTERS WHO STEAL

Allegan Gazette—Allegan officers arrested four youths of sixteen to eighteen years old and they confessed to being guilty of a number of burglaries within the past few months. They had entered both dwellings and business places in Allegan and removed a large quantity of loot. These boys will face Judge Miles. Astonishment was boundless as the boys were presumed to be of good character and came from families of good standing. It was not necessary for any of these boys to have taken this course to obtain money, as they were all provided with an allowance, and when asked why they did it, said that it was for a thrill. They had not sold any of the loot, but have returned it personally to the parties from whom it was stolen.

### OLD COUNTY TREASURER DIES

He came to the county seat when he was elected county treasurer in 1897. He held that office for two terms and then joined the Grand Haven State bank as cashier, when that institution was organized here in 1902. He later was promoted to the vice-presidency and B. P. Sherwood was made cashier. He has held that office since although he has not been active at the bank since about 1925.

### WILD DUNE PEAS ARE GOOD TO EAT

Not many persons knew that the wild pea vines which in June spread carpets of lovely purple bloom over the sand dunes of western Michigan bear in early July a generous harvest of a very nourishing vegetable. Clusters of delicate pale-green pods filled with tiny peas hang from the tangled vines so thickly at that season that a whole handful may be pulled free at each grasp and a good sized bag filled in a few minutes.

Preparation is a trifle tedious as the peas are very small and many of the pods are host to a small white worm, which calls for care in "shelling," but the results are well worth the effort.

In spite of their fragile appearance the tiny peas, when cooked, are firm and substantial as well as delicious. They may be cooked in half an hour. Served in any fashion in which the domestic pea is served, they offer a refreshing novelty. There are not a few of these patches north of Ottawa Beach.

### MOSQUITO IS AN INSECT WITH NO PLACE TO GO

Although some species of mosquito fly for considerable distances, most of them spend their whole lives close to their place of birth. Because of this it is quite possible that limited areas may be freed from the pest without the fear of being replaced by migrants from other areas still infested.

(LOWER LEFT) Studio entrance through which the public will pass to view recording and projection of sound pictures. (CENTER) Screen and rear projector system. Fascinating secrets of sound recording and reproduction in talking motion pictures will be revealed to the general public for the first time next Friday, August 4, from 1 to 3 p. m., when Metro-Goldwyn-Mayer's elaborate Traveling Motion Picture Studio visits this city on its world educational exhibition tour.

The traveling motion picture studio, which was designed and constructed to specifications by the Metro-Goldwyn-Mayer company, world's largest motion picture producing organization, at a cost of $150,000, will be placed on exhibition at the Holland theater, home of Metro-Goldwyn-Mayer Pictures here, according to an announcement made today by Manager Carley.

This studio on wheels, he said, combines facilities for both the recording and the projection of talking motion pictures, and the sound equipment aboard the studio is in itself valued at close to $50,000. It is the regulation Western Electric apparatus used in the Hollywood studios and in principal theaters throughout the country.

During the studio's brief visit here, this equipment will be open for inspection by citizens of this city. They will have an opportunity not only of seeing the equipment that makes the talkies talk, but will be able to see the operations manifest in both the filming of sound pictures and the projection of these pictures upon the screen.

Metro-Goldwyn-Mayer is sending the traveling motion picture studio around the world with two outstanding purposes in view. Not only do they hope to discover new screen personalities for Metro-Goldwyn-Mayer pictures through this medium, but they have undertaken this venture at a terrific cost to serve as Metro-Goldwyn-Mayer's contribution toward the betterment of visual education and the return of prosperity.

## SUNDAY DINNER SUGGESTIONS

By ANN PAGE

ONE of the less known members of the melon family is the honeydew with its cool, green flesh. It is always sweet when ripe and this year the great majority of honeydews are vine-ripened and so especially delicious. They are also moderate in price. One melon will serve from four to eight persons according to size.

Of the accompaniments which add so much to the ordinary meal, chili sauce and olives are particularly appetizing in summer. Use chili sauce with cold cuts or jellied as a salad.

Peaches are even more plentiful than they were a week ago. If you wish to peel them quickly, pour boiling water over them for just a minute.

The Quaker Maid Kitchen suggests three timely and practical menus for this Sunday's dinner.

### STORM NOTES

(Continued from Page One)

broken off throughout entire Tennessee resort and eight huge trees at the Hekman estates were snapped off at the base by the wind.

Buchanan beach felt only the edges of the storm and water and sand did the chief damage. Bert Moeke, however, was cut by flying glass from the broken windows of his cottage.

Many of the large trees in Waukazoo were blown down and the park association has several men busy cleaning and sawing up broken tree trunks.

Poultrymen and farmers in this section are unable to determine the number of baby chicks and mature birds lost in Sunday's wind and hailstorm. John Kemme, residing three miles north of Zeeland, lost 700 chickens when the brooder house collapsed. Arie Hoop of R. R. 1, Zeeland, lost 200 chicks; Dick Helder lost 300 chicks and a barn. It was estimated more than 3,000 chicks and pullets were lost in the storm.

Many boats were driven to shore at Ottawa Beach as the storm approached. "The Corky," sail yacht carrying Rex Anderson of Marshall, owner, and party, was reported missing, but was located shortly after the storm by coast guards near Saugatuck. The boat was taken to shelter at Saugatuck and later brought back to Holland.

The wind and rain storm which ravaged this part of Michigan on Sunday afternoon did considerable damage in the city of Zeeland. Immediately after the storm, many streets were blocked by limbs and parts of trees that had been torn loose by the gale. A large tree near Kole's garage on Church street was split in half and fell across the street, narrowly missing cars parked.

Idlewood suffered the greatest damage of any of the resort centers along the lake. Broken window panes in the Albers cottage number 54 and in the Schurman cottage about 45. The Strait garage roofing was torn off, causing the side walls to give way. The Cornelius Dornbos cottage had several smashed windows after the gale and the Kuyper lookout was carried almost 20 feet by the wind.

At Ottawa beach more than 100 cars were stalled because of sand in the motors. Tents were ripped and blown away by the wind. Cottages, however, suffered only torn awnings and a few trees at the summer residences were broken. Park Johnston, owner of the Ottawa garage, reported that Sunday's storm was the worst he had seen at Ottawa in the past ten years.

Resorts on the south shore of Black lake were inconvenienced only by the breaking of electric wires, electricity being shut off at Macatawa from 4 o'clock in the afternoon until 10:45 at night. Castle park suffered practically no effects from the wind. A few trees were torn down at Jenison park, but no cottages were damaged.

### STORM OF SUNDAY BRINGS DROWNING

The storm of Sunday afternoon took the toll of one life in Black Lake when it capsized a rowboat in which three men were fishing in the big bayou west of Pine Lodge.

Chester Kolinski, 37, of Alpine township, Kent county, was thrown into the lake and drowned when the storm struck and his companions, Michael Kasnowicz of Walker and Steve Kulpa of Grand Rapids managed to cling to the capsized craft until rescued after the storm subsided.

The storm struck the boat just south of Baker's boat livery and after three hours of searching by Henry Vander Schel, Bill Woldring, Tony Vander Bie, Case Kalkman, Officer Jack Van Hoff, Deputy Sheriff Tony Groenewoud, Peter Wiersum and four coast guards in charge of Skipper Toft, the body was located hanging on to an anchor chain that was fastened to the overturned boat. The man was hooked in the heel of his shoe and other objects, contents of the boat, brought to the surface a bag filled with bluegills and bass, some fishing tackle and a minnow pail. It was evident that the three had made a tremendous catch.

It was not noticed that the body was so near the surface until a member of the harbor board, Henry Vander Schel, saw the body four feet below water embracing the anchor chain. The two men who were saved were also overcome. Clutched in the hands of one of them was a knife, with which he undoubtedly attempted to cut the rope fastened to the anchor chain when the storm broke. The anchors were large blocks of cement which could not be budged during the gale of wind and naturally the boat overturned when the gale struck.

Coroner Vander Water deemed an inquest unnecessary and the body was taken to Grand Rapids for burial.

Born to Mr. and Mrs. Norman K. Dorgelo, Holland route 1, at Holland hospital, on July 18, a son, Jack Frederick.

### YOUNG MAN SUCCUMBS TO AUTO ACCIDENT

Mr. Andrew H. Beltman, age 27, one of the proprietors of Cozy Inn on East Eighth street and living with his parents at 152 East Sixteenth street, died at Holland hospital yesterday morning as the result of an auto accident on the Beechwood-Pine Lodge rd. Ed. Dulyea, who was driving the car, stated that the accelerator stuck and the car became unmanageable and bowled over several rural mail boxes, finally striking a telephone pole.

Mr. Beltman, who was sitting in the rumble seat with Harold Du Mez, it is believed, was struck on the head by the mail boxes, which, according to Dr. Vander Velde, brought on a double fracture of the skull and other bruises about the head.

Besides the persons named Mrs. Dulyea was also in the car.

For the past three days Mr. Beltman was unconscious most of the time and the case was so serious that the local physician called an expert medical assistant of Grand Rapids who coincided with the diagnosis of Dr. Vander Velde.

Funeral services will be held on Saturday afternoon at 2 o'clock from the home of the parents, 152 East Sixteenth street. Rev. N. J. Monsma, pastor of the Ninth St. Christian Ref. church, will officiate. Interment will take place in Pilgrim Home cemetery and cousins of the deceased will be pallbearers.

Mr. Beltman, who was a restauranter for a number of years, was born in Holland. Sometime ago he formed a partnership with his brother-in-law, Raymond Nykamp, conducting the Cozy Inn on East Eighth street. During his school years he attended the local Christian schools and later was a student at Hope college.

Those who survive the young man are his parents, Mr. and Mrs. Frank Rhoda; one brother, John Beltman, and two sisters, Mrs. Raymond Nykamp, and Mrs. Gertrude McLain, all of Holland.

Relatives of Mr. Beltman state that the accelerator which was said to have stuck, causing the accident, had been repaired by Mr. Beltman the day before the accident. Whether this reparation remained intact undoubtedly will never be known. The car, belonging to Mr. Beltman, is badly wrecked and it is a miracle that other occupants were not either killed or seriously injured. Strange to say the rest of the occupants were badly shaken up and only received minor cuts and bruises.

### Old Pioneer Did Not Reach Age Of Mother

(Continued from Page One)

business man and farmer at Overisel in the earlier days. For many years he conducted a general store there. He also erected and operated a flour mill at Hamilton and was the adviser of the entire countryside.

Some thirty years ago he came to Holland and became interested in banking and for some years was stockholder and director of the Holland City State bank. However, he retired from active business when he moved to this city. He was also interested in several manufacturing plants officially, and financially. When he retired as director of the Holland City State bank after 25 years of service he was made honorary director by the officials indicating the esteem in which they held the old gentleman.

Born in The Netherlands, Mr. Kollen as a boy of 12 came to this country in 1851 with his mother, two brothers and two sisters. After six weeks in a sailing vessel, the family reached the United States and proceeded to Overisel where Mrs. Kollen purchased a farm.

Mr. Kollen first married in 1867 in The Netherlands, where in 1866, while visiting in his native country, he met the girl who later became his wife. Persuaded by the young bride to leave the farm after they came to America, Mr. Kollen became a partner with the late I. Koning in a general store in Overisel. His first wife died in 1874. His second wife died four years ago.

Funeral services were held from the home Wednesday afternoon at 2 o'clock. Dr. Albertus Pieters of the Western Theological seminary, officiated, assisted by Rev. James Wayer, pastor of First Reformed church. Burial took place in Pilgrim Home cemetery.

Pallbearers were Otto P. Kramer, Frank Dyke, William O. Van Eyck, R. P. Leestma, Bert Oelen and A. C. Van Raalte Gilmore.

Surviving are a son, Philip Kollen of Milwaukee; two daughters, Mrs. Arnold Mulder of Kalamazoo and Mrs. George Korteling of Cedar Rapids, Iowa; seven grandchildren, and three great-grandchildren.

The late Dr. G. J. Kollen, president of Hope college, was a brother, and the late Attorney George E. Kollen of Holland, after whom Kollen park was named, was a son.

Among those from other cities at the services were Rev. and Mrs. Theodore Tritenbach of Schenectady, New York; Ray Klaasen of Grand Rapids, and Rev. and Mrs. George Korterling of Cedar Rapids, Iowa. Of floral tributes sent one was from the Mt. Pleasant Reformed church of Schenectady of which Rev. Tritenbach is pastor. Mrs. Tritenbach is a granddaughter, Mrs. Korteling is a daughter, and Mr. Klaasen is a grandson of Mr. Kollen.

### FAMOUS ORGANIST, NATIONALLY KNOWN, TO GIVE RECITAL SUNDAY AFTERNOON

Prof. W. Curtis Snow writes from Ann Arbor telling of an illustrious pipe organist who is to play at Hope Memorial chapel on Sunday afternoon at 4 o'clock, to which the public is invited.

James Christian Pfohl will appear in organ recital Sunday afternoon. Mr. Pfohl comes to us as a graduate of the University of Michigan, where he has studied with the world-famous organist, Palmer Christian. Mr. Pfohl has won distinction for himself during his studies at the university and this year was awarded the Stanley medal, an award given to the student who does the most outstanding work in the School of Music.

During the past season Mr. Pfohl appeared as concert artist in schools and churches throughout Virginia and North Carolina and in all places was enthusiastically received and praised. He possesses a remarkable technique, thorough understanding of his instrument, and plays with a warmth of feeling, color and emotion which is indicative of a master artist at the console.

Mr. Pfohl has just received an appointment as director of music at Davidson college, North Caroline. This, too, is a great honor and gives him the distinction of being the youngest director of a college department in the United States.

The program for Sunday afternoon has been selected from the works of the greatest composers and will avail themselves of this wonderful opportunity to hear this young and talented artist.

"Fugue in E Flat" (St. Ann's Fugue), Bach. The famous "St. Ann's Fugue" derives its name from the similarity of the opening phrase to the English hymn-tune of the same name. It is a triple fugue, and the only example of its kind in that only two of the three themes are heard at one time.

Chorale preludes, "Ich ruf' zu dir, Her Jesu Christ" and "In dir ist Freude,' Bach.

Symphonie chorale, "Ach, bleib mit deiner Gnade," Karg-Elert.

Karg-Elert, former professor of composition at the Leipzig conservatory, considered one of the most interesting and gifted European composers for organ, his name finding frequent place on recital programs. His grasp of harmonic and rhythmic details, and his inherently imaginative nature make his works of utmost importance. The famous old German choral is announced at the outset in simple, churchly harmonization. Thereafter it is continually presented in various voices, with ever-changing harmonic surroundings.

"Pastorale" (Sonata No. 1), Guilmant. In addition to numberless small pieces, Alexandre Guilmant wrote eight sonatas for organ. The first and the fifth are by far the most interesting, and have, therefore, found frequent presentation on organ programs. Guilmant (d. 1911), had a great influence on modern organ playing through his teaching. His home in Paris was for years a mecca for organists from all countries; he was a teacher in the real sense of the word, as well as the outstanding virtuoso of his time.

"Vision," Rheinberger.

"Prelude and Fugue in D Major," Bach. The influence of Buxtehude, Bach's predecessor, is strongly felt in this brilliant work, evidenced in part by the many bravura passages in the prelude. Critical analysis of the fugue would indicate that it lacks the cohesion and fluency of the composer's more mature work, but one is inclined to forget that when under the influence of the great enthusiasm and vitality that charasterize this fugue.

### SHERIFFS AT HOLLAND ELECT THOMAS LOVITT AS NEW PRESIDENT

The Michigan Sheriffs' association electing officers at its annual convention at Holland, chose the following slate: Thomas Lovitt, Jackson, president; Fred C. Franz, Niles, vice president; Roy N. Reynolds, Pontiac, second vice president; William McCauley, St. Ignace, third vice president; Jerome Borden, Kalamazoo, secretary-treasurer.

Members named to the board of directors were Jacob Helman, Ithaca; Jacob Andrus, Ann Arbor; Thomas C. Wilcox, Detroit; Charles Nixon, Cadillac; George Colyer, Ludington; Ray Dagan, Hillsdale; David Core, Traverse City; Francis Waldo, Stanton.

Monthly meetings of the association were scheduled for Pontiac in September and Big Rapids in October. The official program for the week will be found on page one, section two of this issue.

### MAN SENTENCED TO JAIL FOR THIRTY DAYS

Holland police arrested Albert Taylor of Coloma on a charge of passing spurious checks after Taylor had declared in a downtown hotel that he was a federal officer seeking counterfeiters. A check-up showed Taylor had no connection with the federal service. Blank checks on a Coloma bank were found on his person, according to officers.

He also made misrepresentation to Postmaster Ed Westveer. It is then he was taken in by Officer Bontekoe and has been confined to the city jail for a week until he pleaded guilty before Judge Parsons who sent him up for thirty days to the county jail.

According to Officer Peter Bontekoe, Taylor came to Holland with a diamond ring and two watches which belonged to a woman in Coloma. The watches, one of which was exchanged at a local jewelry store for $1, and the ring, found in Taylor's shoe, have been returned to Coloma, the officer said.

When he finishes his sentence other towns are ready to take him.

## HOLLAND IS SURELY SAFE FROM WRONG-DOERS THIS WEEK

More than 100 sheriffs, their wives and sweethearts, are having a great time in Holland and vicinity this week. The delegates are surely taken up with our city and our resorts. They have been to Lakewood farm, the oval, have seen our poultry districts, have been given a ride around the city, have enjoyed a theater party where George Getz's African trip was shown in pictures at the Colonial with Andy Petersen lecturing and there has not been a dull moment during their stay here.

The weather has been most ideal for a convention of this kind and the three-day conclave is winding up this evening with a banquet at the Woman's Literary club.

Surely with 100 sheriffs in Holland, all experts with a gun, Holland ought to be rather free and safe from the criminal class. Anyway this vicinity has been on good behavior all week with no arrests made.

The official program of the three-days doings of the sheriffs of Michigan is found below:

He left Holland early in September and left London, England, with a party of Americans and Englishmen on October 5, 1927. He returned home with many trophies of the hunt together with these picture films taken in the jungles of darkest Africa. The Getz outfit from the standpoint of equipment and medical facilities, essential in Africa, was about as complete as it was possible to be. The parties who planned and directed the trip were George F. Getz, Sr., and George Getz, Jr.

The Association at its meeting went on record as extending its heartfelt thanks to Mr. Getz for the courtesies extended them on their visit to Lakewood Farm and for so kindly loaning these rare films of the expedition.

## Bank Robber Is Sent Up For Life Term

### HATED ALL MY LIFE, BEWAILS BANDIT-WIFE

"He loved me. That's why he shot those men. He thought they were going to kill me. Everyone hates me. He is the only one who loves me."

Mrs. Grace Austin, 45, accomplice of her husband, Ed Austin, sat in a rocking chair in the Allegan county jail and rocked vigorously as she told her story—a strange story of a queer woman who has led a queer life and seems to enjoy the fact that perhaps a goodly portion of the remainder of her existence is mapped out for her.

Mrs. Austin aided her husband ten days ago in robbing the Old State bank of Fennville of $2,000. They were captured 25 minutes later after her husband had been painfully wounded and two members of the posse had tasted lead from Austin's rifle.

**"Did It All for Me."**

"'Shoot the woman' one of the men in the car said, and my husband shot them. He did it to save me. He did it all for me, every bit of it, to make it easier for me.

"All I ever have known in life was hate. My near relatives did not show their liking for me Hired help took care of me when I was little. I don't think my father hated me, although I was never sure.

"My husband is the only person I ever loved or who ever loved me. He is an angel. I have no one else, not even friends."

Creak, creak went the rocking chair. Mrs. Austin's piercing gray eyes looked straight ahead. Her sentences were short.

"I never had any brothers or sisters or children, thank God. I was married before, but he'll be glad (meaning her first husband), he'll laugh.

"People are wolves.

"But this won't last long for me. I wish I had been killed," she continued as she glanced about the room as though looking for something with which she might end it all. A deputy sheriff moved closer.

"Why did I help Ed? If we did not do something we would have starved. We were destitute. No the county did not help us. We owned our home. That is, we had only one more payment to make. The county won't help people who own property and no one would lend us the money to make the last payment."

### NOW HOPES TO HAVE FULL-TIME BUREAU

Instructions were received by N. J. Rice, in charge of the weather bureau at Grand Haven to continue operations until further notice. This counteracts an order to select a part-time operator and make arrangements for flag signals and lights to be displayed as storm warnings from the coast guard station.

Mr. Rice had also received orders to go to Springfield. The office was ordered closed here August 1, with later a change to make it a part-time office.

The instructions received today indicate the agricultural department is giving consideration to the demand of marine men that the office here be allowed full time, as storm warnings are of great value to navigation interests.

The local chamber of commerce has been in communication with Washington to show the necessity here.

### GETS JACKSON TERM FOR FORGERY

Henry DeYoung, 52, of Grand Haven, was sentenced to Jackson prison for 7 to 21 years by Judge Fred T. Miles in circuit court. DeYoung pleaded guilty to forgery, passing a check drawn on the Spring Lake bank in the name of John Lex. He admitted a previous offense of burglary, for which he was sentenced to Ionia for 2 to 15 years in 1913.

### BERLIN FAIR WILL BE HELD SEPTEMBER 12-15

The board of directors of the Ottawa and West Kent Agricultural society has completed the program for the 1933 Berlin fair, to be held Sept. 12 to 15. The Kent City American Legion band has been engaged and fireworks will be displayed on Thursday evening. There will be a public wedding held the same evening. A saddle horse show will be held Friday afternoon and many entries are being received.

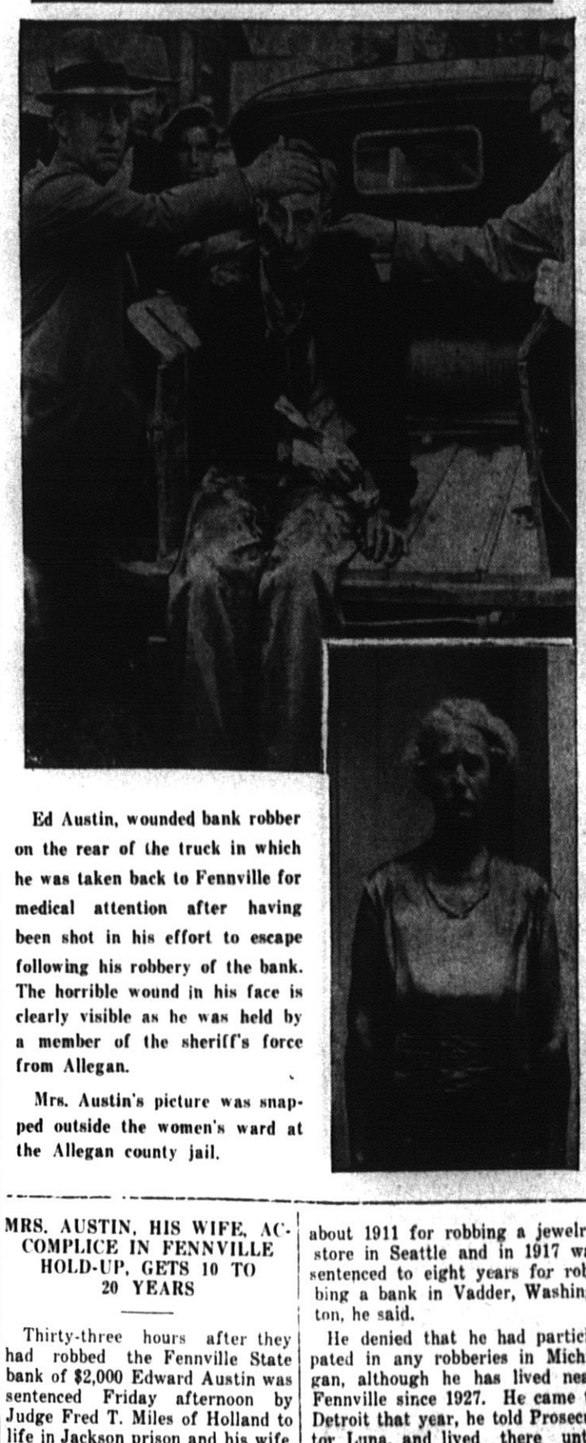
### GEORGE GETZ' HIPPO MUST COST SOMETHING

A meal consisting of 25 pounds of chopped alfalfa hay, two pounds carrots, five pounds beets. two pounds onion, 15 pounds bran bread. one pound bran, two pounds apples and half a pound of bananas is served to a hippopotamus resident of the Milwaukee zoo every day, according to Science News Letter. This authority fails to state. however, whether the whole ration is served together, as a sort of souffle, or whether the hinponotamus prefers his calories and vitamines in separate courses. This gives some conception of what it costs to keep that hippo at Lakewood farm.

### ALPHABETICAL LICENSE SYSTEM TO BE CONTINUED

The alphabetical system of distributing automobile license plates to the various counties will be continued in 1934, it was announced by Secretary of State Frank D. Fitzgerald. The same letters will be assigned in 1934 as in 1933.

## BANK ROBBERS—MAN AND WIFE



Ed Austin, wounded bank robber on the rear of the truck in which he was taken back to Fennville for medical attention after having been shot in his effort to escape following his robbery of the bank. The horrible wound in his face is clearly visible as he was held by a member of the sheriff's force from Allegan.

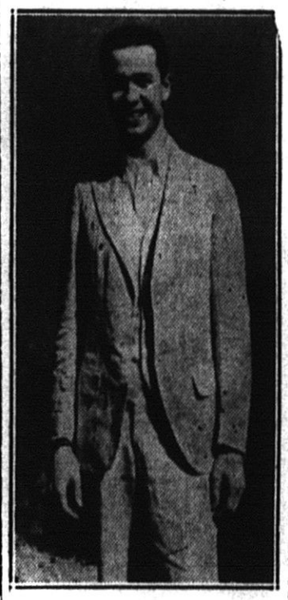
Mrs. Austin's picture was snapped outside the women's ward at the Allegan county jail.

### MRS. AUSTIN, HIS WIFE, ACCOMPLICE IN FENNVILLE HOLD-UP, GETS 10 TO 20 YEARS

Thirty-three hours after they had robbed the Fennville State bank of $2,000 Edward Austin was sentenced Friday afternoon by Judge Fred T. Miles of Holland to life in Jackson prison and his wife, Grace, to 10 to 20 years in Detroit house of correction.

Mrs. Austin fainted on hearing her sentence, but Austin remained calm. He had previously admitted under questioning of Prosecutor Welburn Luna that he had served two prison terms in Washington. He was sentenced to five years about 1911 for robbing a jewelry store in Seattle and in 1917 was sentenced to eight years for robbing a bank in Vadder, Washington, he said.

He denied that he had participated in any robberies in Michigan, although he has lived near Fennville since 1927. He came to Detroit that year, he told Prosecutor Luna, and lived there until 1932, when he and Mrs. Austin moved to the farm near Bravo, where they have lived since. They were married about six years ago in Detroit. Mrs. Austin was not tied up with any previous crimes by any revelations made to officers. Bravo is four miles southeast of Fennville.



Marvin Hutchinson, assistant cashier of the Old State bank, Fennville, was not daunted by Ed Austin, bank robber. He grappled with him as Austin told him to "put 'em up" and was knocked out by a blow from Austin's blackjack.

### GRAND HAVEN ROUSED BY ITS RECENT LOSSES

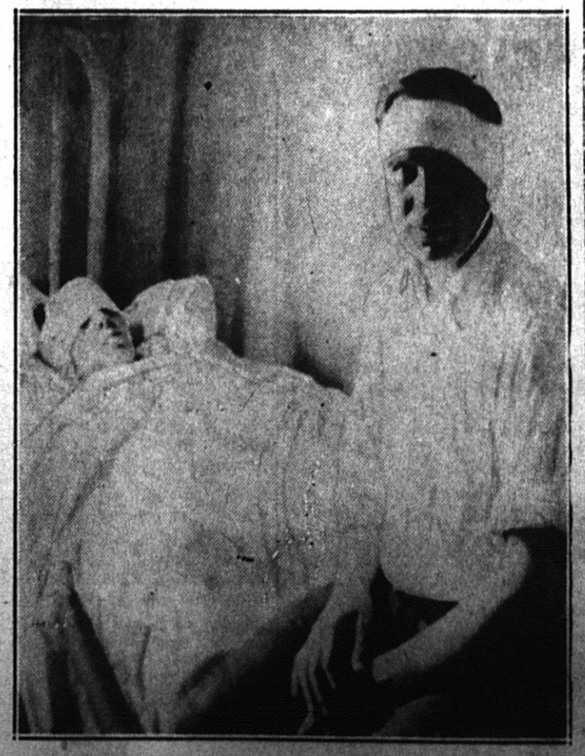
Plans for joint action of the Grand Haven council and chamber of commerce looking to the future industrial interests of this city, will be shortly made public. Action was spurred by the recent action of the Holland chamber of commerce and the loss of several institutions here, including the Grand Trunk carferry system, state police post, weather bureau and Holland's acquisition of William Connelly to head the chamber of commerce.

### MISS BOTER TO GIVE LUNCHEON-BRIDGE IN BRIDE-ELECT'S HONOR

(Grand Rapids Herald)

Miss Margaret Boter, Jefferson avenue, southeast, will be hostess at luncheon and bridge in Cascade Hills Country club, whose marriage to Herman Kruizenga of Spring Lake and Annville, Tenn., will take place in August. Guests will include Miss Clarissa Poppen, Miss Polly Schutt and Mrs. William Saunders of Holland; Miss Kay Tellman and Mrs. Edward Hill of Muskegon, Mrs. Martin Waalkes, Mrs. Herman Hoek, Miss Suzanne Schoop, Miss Janet VanderNaalde of Grand Rapids, and Miss Ruth Mulder of Spring Lake, sister of the bride-elect.

## SHOT IN CHASE OF BANK ROBBERS



Kenneth Jackson, member of the village council of Fennville and leader of the vigilantes, who was shot in the ear by Austin, went to the hospital to pose with his friend, Russell McKellips, who was shot in the head as Jackson and he drove their car alongside the Austin automobile in an effort to stop the fleeing man and wife.

## Violations of Dry Law Drop In Recent Months

### COUNTY PROSECUTOR GIVES SIX MONTHS REPORT ON PROSECUTION IN THE COUNTY

Prohibition law violations showed a sharp drop during the months ending June 30 in Ottawa county, according to a report by Prosecutor John Dethmers. The semi-annual report showed there were 133 prosecutions. There were 124 convictions, one acquittal, three dismissed upon paying costs, four discharges on examinations and as settlement.

Larcenies led the list of crimes with 23 prosecuted for this offense and all convicted. Disorderlies were 16 in number and all were convicted. There were 15 for violation of motor vehicle laws, 14 for breaking and entering and 14 for conservation law violations. All were convicted.

Prohibition law violations, formerly leaders in the field of prosecutions, numbered but five with only two convicted. The other three were discharged on examination on motion of the prosecutor. There were six prosecuted for robberies and one for a holdup, all being convicted.

### AUXILIARY HONORS HOLLAND WOMAN AT COOPERSVILLE MEET

The quarterly meeting of the fifth district of the American Legion Auxiliary was held in Coopersville when about 100 members from the district gathered there for luncheon followed by election of officers.

Mrs. Alma Viergiver of Grand Rapids was elected fifth district comimttee woman and Mrs. Joan Danhof of Zeeland was chosen as alternate. Mrs. Nellie Stanaway, Montello Park, Holland, last year's committee woman, was named delegate to the National convention to be held in Chicago on Oct. 2, 3 and 4.

The fifth district indorses Mrs. Agnes Dunn of Bad Axe for the department president.

Plans were made for the auxiliary convention to be held in Grand Rapids on Aug. 20, 21 and 22. Several from Holland attended the meet.

### HOLLAND SCRIP HOLDERS PUTTING IT IN TREASURY

Holders of scrip issued by the board of education are turning it back into the treasury of the public schools with the opening of the summer tax campaign, following the rule that school taxes can be paid in tax anticipation bonds. The board floated an issue of about $50,000 in scrip within the last few months to meet the payment of teachers salaries and other expenses. Scrip, however, will not be accepted for city taxes.

### CAMP AND STUDY

To avoid the rent item as a feature of summer school expense 12 students at Central State Teachers College are camped for the summer in the Mt. Pleasant tourist park on the banks of the Chippewa river.

### STILL WORRYING THEY WILL GET A POSTOFFICE

Perhaps we need not worry yet about that postoffice. It is announced from Washington that but few buildings will be erected at present as there are not many towns where erection would be a matter of need nor economy; but provision of money was made many years ago for a lot of towns including Allegan and it may be that reference now to nonbuilding relates to more recent appropriations for public works. So you may take your choice in speculating on the probabilities.

Miss Marguerite Miller and Earl Miller spent last Thursday in Chicago attending the Century of Progress exposition.

### COMMON COUNCIL

* * *

Holland, Mich., July 14, 1933.

* * *

The common council met in special session pursuant to call by the mayor.

Present—Mayor Bosch, Aldermen Kleis, Prins, Brieve, Woltman, Van Zoeren, De Cook, Steffens, Habing, Huyser, Van Lenté and the clerk.

The mayor called upon City Attorney Lokker to read to the council the message which he had prepared. In his message the mayor set forth the urgent necessity at the present time for a co-operative effort between the council and the Chamber of Commerce for the purpose of industrial recovery. The mayor further stated that the officials of the Chamber of Commerce and other public-spirited citizens have been working hard recently in securing the services of a man whom they feel would fit into the picture very well at the present time. The mayor further urged in his message that the council get back of this effort on the part of the Chamber of Commerce so that the city government and the Chamber of Commerce can work in unison in bringing back industrial recovery.

The mayor also requested the city attorney to read a synopsis of a tentative program that was proposed by Mr. William C. Connelly, who is the man that has been decided upon by the Chamber of Commerce to head their organization.

Briefly this program includes:

1—A new industrial development.

2—A convention bureau.

3—A port development.

4—A drive for improvement and enlargement of the resort area.

5—An expansion of the Tulip Week idea.

* * *

Fellow Members of the Common Council:

I have called you this evening in special session on a matter that I believe needs urgent attention especially at this time. With no reflection upon any of our civic organizations and their efforts, which has brought a measure of success, I believe the time is now ripe to get behind wholeheartedly and foster financially and morally a real live constructive Association of Commerce.

The hour is here to think of action in our industrial situation. Other cities throughout the state and nation and some not far from Holland are setting their industrial house in order. I sincerely hope and believe that the long-looked-for trend upward is close at hand and there never was a time when Holland should be prepared to take advantage of the opportunities that the new era of better times will bring.

Industrially Holland has been rather hard hit, but I believe that with the right spirit, with the cooperation of every one and with a real live man at the head of an Association of Commerce, a man who has made industrial problems a study—undoubtedly several of Holland's idle plants will soon be filled and what that would mean to Holland is not difficult to conjecture.

The opening of one plant would alleviate the taxpayers of paying thousands of dollars for welfare alone, not taking in consideration the taxes such a plant would pay in due course into the city treasury. The building of one highway in or near Holland would likewise give much labor and added avenues and convenient traffic in and out of the city.

Through an able Association of Commerce working together with the Common Council and the Holland Harbor board, our maritime possibilities are limitless. A plan is now on foot whereby the United States government with certain stipulations and regulations through a self-liquidating plan will aid Holland and its environs through dockage, dredging and shipbuilding projects, having in mind the putting to work of idle men. The St. Lawrence waterway, which has been promulgated for the past ten years, may be looked upon by some with skepticism because of the long delay but that this great waterway is to become a fact, of that there is no question. There are many obstacles to overcome in the way of treaties between countries, opposition from Eastern sources, etc., but the United States government is pledged to build that waterway and if you watch the daily press closely you will notice that there is activity in every harbor board, in every lake port city on Lake Michigan. I am pleased to state that our own harbor board has not overlooked this situation.

Busy factories and a busy harbor will soon elimniate the tremendous expense that Holland is shouldering from week to week in the way of welfare and by the same token this new industrial and commercial life will add materially to the city treasury in the way of taxes. And what is more, it will enable the idle to pay their share towards the city's upkeep as they have always done faithfully before this stressful period, in fact a large majority of them are hoping and praying that this day may not be far distant.

Energetic and loyal citizens in Holland for the past two weeks have been working on plans, ways and means, and have been casting around for a man who is eminently fitted to be the moving spirit in placing Holland in a more enviable position industrially and commercially and this man has been persuaded to come to Holland and all he asks for is the fullest co-operation of our mayor and common council, of our civic bodies and of every citizen. He wants them to forget petty differences and work together in one common cause and that is to get Holland back to where it was six years ago and then to keep on building. Holland has the resources, the location, the environs and the will to work. That is self-evident for without these attributes what we have here would never have been created.

I might go on indefinitely in giving an inventory of our avenues of strength but you know these as well as I do. Just now we must make preparations through a proper business organization. Every lake port city has been doing just that for the past year or more and I believe that Holland is just awakening to the real situation. The cities that are ready are the ones to benefit because of their preparedness.

I believe it is the duty of this council to go on record pledging both moral and financial support to a real worthwhile Association of Commerce. If but one new institution were brought here or a single idle factory opened up again, Holland would derive far more direct benefits than the financial aid given such an organization.

I wish to say in closing that I will give my hearty personal cooperation to such an organization and I feel it is my duty to the city of Holland to co-operate as a public official. I sincerely hope that the aldermen here assembled as an official body will stand by this urgent necessity at this time. The time for action has never been more auspicious and at the same time more urgent.

Finally, receiving our financial aid which will make possible an able head to our Association of Commerce, we challenge that body to make a real worthwhile showing. The success or failure of this body will be laid at their door.

I would suggest that this civic organization be reorganized commensurate with the extensive plans that are contemplated and on such a basis that every citizen will be pleased to subscribe and feel themselves a part of a movement that will honestly promulgate Holland's civic welfare, first and always.

NICODEMUS BOSCH,
Mayor.

* * *

On motion of Alderman Prins, seconded by Kleis,

A resolution was presented accepting the mayor's message and appropriating for the purpose of advertising, exploiting and making known the industrial advantages of the city of Holland, the sum of $300 per month for a period of one year to be payable to the reorganized Chamber of Commerce.

The resolution further provided that in the new reorganized plan for the Chamber of Commerce, that the mayor, city attorney and city clerk shall be members of the board of directors of said Chamber of Commerce.

Carried, all present voting aye.

The mayor then called upon the following several citizens for remarks: A. W. Wrieden, president of Chamber of Commerce; William C. Vandenberg, Vaudie Vandenberg, Andrew Klomparens, Ben A. Mulder.

All of these gentlemen expressed their appreciation to the mayor and council for their action in joining up with the Chamber of Commerce in a reorganization proposition which will permit the city government and the Chamber of Commerce to co-operate and function in unison.

Alderman De Cook brought up the matter of heavy trucks using Pine avenue instead of the regularly designated trunk lines in passing through the city.

Referred to the street committee.

Adjourned.

OSCAR PETERSON,
City Clerk.

## Common Council

Holland, Mich., July 20, 1933.

* * *

The Common Council met in special session pursuant to call by the Mayor.

Present: Mayor Bosch, Alds. Prins, Kleis, Woltman, Van Zoeren, De Cook, Steffens, Habing, Jonkman, Huyser, Van Lente, Thomson and the Clerk.

The Mayor called upon Ald. Prins to state the purpose of this special meeting, he being chairman of the special committee of three that was to look into the matter of securing the Baker Furniture Co. for Holland. Ald. Prins reported that their committee had met with the School Board during the morning and he was informed that the School Board also had another meeting in the afternoon, and called upon Mr. Fred Beeuwkes, Chairman of the School Board, to report what had been done by them. Mr. Beeuwkes reported that some opposition had arisen. Mr. Beeuwkes stated that some members of the School Board felt that they were giving a great deal and that no definite returns were assured. He further stated that to several of the School Board the matter had come as a distinct surprise and that they had been given little opportunity so far to get all the necessary information that they desire. Ald. Prins then asked the City Attorney to outline the matter as now proposed for the benefit of the Council and the members of the School Board.

Mr. Lokker went into considerable detail which briefly is as follows: The Holland City State Bank and the First State Bank hold mortgages on the Bush & Lane Piano factory in the amount of $150,000.00. There are impounded moneys in these two banks belonging to the City of Holland and the School Board of approximately $126,000.00. Mr. Lokker stated that arrangements had been made with these two local banks to turn over the title to the Bush & Lane plant providing the City of Holland and the School Board would assign these impounded moneys to them. In addition, the Holland City State Bank is to take over the Baker plant in Allegan.

The Aldermen and members of the School Board entered into quite a lengthy discussion in regard to the proposition.

Mayor Bosch stated that he felt the City would be better off with the Baker factory than with the impounded bank moneys.

Ald. Van Zoeren presented figures of an appraisal of the Bush & Lane plant. These figures show that some 18 months ago the land, buildings, together with the machinery and equipment was valued at $823,000.00. By discounting this figure, Mr. Van Zoeren stated that the plant should be worth at least $500,000.00, and he felt that if the city could acquire title to this plant in exchange for its impounded moneys it might be better to hold the title in their own name until such time as they might be able to dispose of it to a better advantage than the present arrangement.

Ald. De Cook stated that he has known of the Baker plant ever since this concern was in existence and in his opinion it is a very worthy concern which has continually made progress.

After further discussion, it was moved by Ald. Kleis, seconded by Prins,

That the Committee from the Council meet with the Committee from the School Board, and if an agreement can be reached between these two committees, that the deal should go through, that then the necessary steps should be taken to have the deal consummated.

Carried by Ayes and Nays as follows:

Ayes: Alds. Prins, Kleis, Woltman, De Cook, Habing, Jonkman, Huyser, Van Lente and Thomson—9.

Nays: Alds. Van Zoeren and Steffens—2.

Adjourned.

Oscar Peterson, City Clerk.

The Mayor, on behalf of the Council, thanked those men of the Chamber of Commerce, who have acted in securing the services of Mr. Connelly for the City of Holland. In his opening remarks, Mr. Connelly stated that due to his residence in Ottawa County for the last 20 years, he felt quite well acquainted with a lot of folks in Holland but now that his office would be moved to this city, he would become better acquainted. Mr. Connelly lauded the spirit of co-operation which has been shown by the citizens of Holland in their various civic projects and stated that he hoped this would continue so that all could devote their energies to the upbuilding of the city.

Mr. Connelly then outlined the various projects which he felt would be most necessary to further the industrial development of the community. Mr. Connelly stated that his services would be available for 24 hours during the day but that he would not find it possible to come until about Aug. 1st. Mr. Connelly's remarks brought considerable applause from the Aldermen and citizens present and the Mayor thanked Mr. Connelly on behalf of the Council for his straight-forward and clear-cut remarks.

B. P. W. recommended the purchase of a carload of wire from Anaconda Wire & Cable Co. at an approximate cost of $5,000.

Approved.

B. P. W. recommended the purchase of carload of poles from Michigan Pole & Tie Co. at a price of $1,216.75.

Approved.

**Motions and Resolutions**

Ald. Prins presented to the Council a proposition that has been worked on for some time which would bring the Baker Furniture Co. from Allegan to this city. Mr. Prins stated that of late these negotiations had developed to a point where it was now possible to definitely secure this factory providing the City of Holland and the Board of Education would assign their impounded bank balances in the Holland City and First State banks over to said banks in order to liquidate the mortgage which the banks held on the Bush & Lane property. The proposition being that the Baker Furn. Co. was ready and willing to move to Holland providing they were given a suitable factory in which to operate and the Bush & Lane plant could be made available to them inasmuch as the two local banks have recently acquired title to this factory.

There was considerable discussion on the matter by different Aldermen. Former Mayor Brooks, who was present, and who has been active in these negotiations, explained the situation to the Council.

It was moved by Ald. Prins, that a committee of three be appointed by the Mayor to act with himself and the City Clerk with power to act to close the deal.

Ald. Van Zoeren objected to such committee having power to act, and a substitute motion of Ald. Van Zoeren, seconded by Van Lente, was adopted to the effect that the findings of such committee would be reported back to the Council for final decision. Mayor appointed as such committee: Alds. Prins, Kleis and Jonkman.

City Attorney Lokker reported that the so-called Dry Cleaning Ordinance recently passed by the Council was objected to by the Bailey Dry Cleaners who claimed the license fee excessive, and in order to bring the matter to a head it was necessary to have Mr. Snyder, who represents the Bailey firm, arrested. The City Attorney further reported that the case was heard before Justice Parsons, who acquitted the defendant on the grounds that the ordinance was discriminatory and unconstitutional.

Mr. Lokker further stated that in his opinion the ruling of Mr. Parsons was correct and he did not feel as though the matter should be carried up to a higher court.

City Attorney Lokker further reported relative to the matter of refunding the City of Holland General Obligation Bonds that fall due Aug. 1st, 1933. Mr. Lokker stated that they had been in touch with different concerns who handle refunding, also with the Public Debt Commission, and the Michigan Municipal League to get as much information as possible on the matter. He further stated that so far as the Committee was able to determine, there seemd to be some question as to just what could be done at the present time in the matter of refunding these bonds and recommended that the matter be held in abeyance until some more definite information was available.

Adopted.

**General Order of the Day**

On motion of Ald. Huyser, the Council went into the Committee of the Whole on the General Order, whereupon the Mayor called Ald. Huyser to the chair. After some time spent therein, the Committee arose and through its chairman, reported having had under consideration an Ordinance entitled "An Ordinance to Regulate the Use of Radios for Public Broadcasting of Radio Programs and Advertising," asked concurrence therein and recommended its passage. On motion of Ald. Huyser, seconded by Van Lente,

The report of the Committee was adopted and the Ordinance placed on the order of "Third Reading of Bills."

**Third Reading of Bills**

An Ordinance entitled "An Ordinance to Regulate the Use of Radios for Public Broadcasting of Radio Programs and Advertising" was read a third time, and

On motion of Ald. Huyser, seconded by Van Lente,

RESOLVED, that said Ordinance do now pass.

Carried.

Adjourned.

The first drowning in Saugatuck in two years occurred Friday, when Robert Naughtin, eldest son of Mr. and Mrs. William Woodworth Naughtin, was drowned in Lake Michigan. Robert, with six friends and his mother, went to the lake in celebration of his twelfth birthday. The boys were to swim, and then return to the Naughtin home. Mrs. Naughtin, on the beach, suddenly missed one of the boys and going nearer discovered it was Robert who had gone down. An alarm was at once given and several who were swimming dived at the point where the boy was last seen, but without finding him. Coast guards were summoned from Holland and at the end of four hours the body was recovered by Harry Newnham and Moffat Bird within 15 feet of where he was last seen. Robert was the great-grandson of W. A. Woodworth, former well known attorney. His father is a manual training teacher.

A farmer last week told an Allegan grocer that he had just sold his wheat at ninety-seven cents per bushel. A year ago he could have gotten but thirty-seven cents. The grocer correctly remarked: "Farmers constitute the greatest purchasing power in this town. Whatever helps them to more money helps everybody else in the spending of it." Another fact to be derived from this story is that increase of prices of farm products has been accomplished wholly without influence of legislation. The tax on consumers of wheat is not yet in operation but wheat has doubled in price from operation of natural causes.
