## Rotarians To Be Reminded Of Anniversaries

PROMINENT PHYSICIAN AND  
SURGEON, TALKS ON CANCER

Holland is to celebrate the opening  
of a new highway

The Rotary Club had a rather uninteresting meeting when they gathered for luncheon at Warm Friend Tavern today. The meeting was opened by the new president, Vandie Vanden Berg, and after some routine business was completed, "Bill" Berg of the Michigan Gas & Electric Co. thought of a plan that for sentiment and uniqueness will undoubtedly meet the approval of the married members. Mr. Berg's plan is to distribute cards, possibly at the next meeting. Each member of the Rotary Club will be requested to write on this card his name and the date of his marriage. These cards will be filed and when the date of the anniversary rolls around for the respective members, they will find in their mail a reminder of their wedding anniversaries and undoubtedly some little sentiment will go with the card. Now the Rotarians won't have any excuse for not buying "wife" at least a box of candy.

The bachelors of the club, by this arrangement, will be left in the cold unless the anniversary of their bachelorhood is to be remembered. "Bill" Berg says, however, "Bachelors are simply in bad. They won't get a card at all." Poor Dr. Nykerk, it appears, will simply be ignored. However, it's a good arrangement for the Rotary Club for you know the anniversaries "go" round and "round."

The Rotary Club invites Holland to help celebrate the opening of the new highway to Saugatuck, which is to be called 31-A. It is a splendid road, although not as scenic as the old one. Nevertheless, all truck travel has been diverted from the old highway to the new one.

Last evening your editor counted not less than thirty trucks from different companies while driving to Saugatuck and back, showing that the freight haulers are taking the shortest and widest route. Anyway, Chairman Vandenberg, appointed Wm. M. Connelly and John Arendshorst to make some sort of an arrangement for a suitable program, they to appoint their own committees. It is understood that these opening ceremonies will take place on some afternoon within the next ten or fifteen days. Plenty of publicity will be given to it.

Just what the ceremonies will include it is too early to tell. There was talk of stretching a ribbon across the new highway, connecting with the old and the cutting of the ribbon was to be left to a beautiful girl who has not yet been selected. There may be a motorcade of Holland folk rolling over to Saugatuck and Douglas to say "How do you do" to our neighbors. They might cut a ribbon on both ends as part of the ceremonial feature.

Anyway, the gesture is a fine one and the shaking of hands with our rector neighbors would be an excellent plan. Through our reports we have much in common. Holland citizens and resorters visiting their show places and by the same token the summer population of Saugatuck visits over here to see what we have to offer in the way of resorts.

A very serious matter to come up at this luncheon was the subject of "Cancer." Dr. Henry J. Vanden Berg, today a very prominent physician and surgeon of Grand Rapids, spoke on this subject. He gave a forty-five minute talk which was very informative, showing the terror of this dreaded disease. Elsewhere in this issue an article from the state health department appears, showing that cancer heads the list in the state in causing mortalities.

Mr. Vanden Berg said that surgeons can cope with cancer if the symptoms are heeded and the growth is taken away at an early stage. Neglect is often fatal, the doctor stated.

Cancer is caused often by the irritation of a decayed and ulcerated tooth, constant friction on parts of the body, abrasions, externally or internally, warts and other causes. Space forbids going into the subject at length at this time but Dr. Vanden Berg stressed that immediate attention when the disease begins to develop is the right thing.

The prominent surgeon was introduced by Dr. R. A. Nichols of this city.

Dr. Vanden Berg is well known in Holland, in fact was the son of the late Dr. J. W. Vanden Berg of North Holland.

There were several prominent guests at the luncheon who came from Waukegon Inn. They were introduced by Mr. Sylvester Paulus, the manager. Business men from St. Louis, Cincinnati, Louisville, New Orleans and other places were among those who were made welcome.

Supervisor and Mrs. Charles Lowing of Georgetown township are planning to entertain the Ottawa county supervisors and their wives at a day's outing, at Whitefish lake near Pearson, Saturday. Peter Damstra, Holland supervisor, stated that most of the local supervisors expected to go.

Miss Agatha Kooyers, has again resumed her work as a student nurse at Butterworth hospital, after a three weeks vacation spent here with her parents, Attorney and Mrs. G. W. Kooyers of College Ave.

## OTTAWA BEACH OVAL TO BE DOUBLE IN SIZE, AT LAST DECIDED

Holland and vicinity was very much disappointed when the oval at Ottawa Beach was not completed in time for the summer despite the fact that \$11,000 in grading, digging and other preparations had already been made.

A week ago a committee composed of Wm. M. Connelly, Charles French of the Sentinel, Alderman Jake Bultman, Ben Lievens and Ben A. Mulder of the Holland City News, braved the torrid weather to visit Mr. McCreas, head of the W.P.A. for this district, to find out why this project was stopped at a crucial moment and what possible chances there were of resumption of the work there.

The different members of the committee had their say. They pointed out how thousands and thousands were being turned away every night, bitterly disappointed and possibly never to make another attempt until an enlarged oval was available.

The details of what was to be done have been given repeatedly in the News. There was to be a board walk to the beach, enough concrete laid to double the capacity of the oval and more room available for campers.

Apparently the work of the committee bore fruit because Mr. McCreas who was in a very receptive mood, saw that this project was imperative and promised that he would bend every effort to complete this oval.

The News goes to press, Secretary Connelly of the Chamber of Commerce received word from Mr. McCreas that the balance of the project has been ordered and everything connected with this much needed enlargement of the oval arranged for. Work will begin at once. That surely is good news for it not only doubles the capacity of this breathing spot on Lake Michigan but for a time it will put scores of men from this vicinity to work.

## Will Drill For Oil In Laketown Near Gibson

ORLA L. ARNOLD AND ASSOCIATES ARE PROMOTING THIS  
OIL DISTRICT

Undoubtedly there will be oil drilling going on in a short time on U. S. 31 near U. S. 10 on the old Saugatuck highway.

Orla L. Arnold, one of the associates has obtained oil leases covering approximately 400 acres in this vicinity and already some capital has been subscribed to start the first boring. The leases are for oil and gas found on the said property.

In speaking to one of the promoters, he stated that they had watched this area for the past four years, believing that there were great possibilities for oil and gas in that neighborhood. They have had some expert advice and have had men on the ground who have had a great deal to do with oil land and boring wells, in other words, have had considerable experience in oil fields.

Anyway, Mr. Arnold has high hopes that boring will soon proceed after enough capital has been subscribed, not a few believing that the western part of Allegan county and especially that district has great possibilities for oil and its by-products.

That there is a possibility of finding oil in Allegan County has been known for a great many years. Many years ago Allegan and Ottawa County capital and not a few investors in Holland invested in prospective oil wells on the outskirts of Allegan City. That was 40 years ago but at that time the apparatus to bore for oil was not nearly as efficient as the present day rig for oil boring.

In different spots in Allegan County, oil has been found from time to time but Mr. Arnold and his associates feel that they have put their finger upon the exact area. They are so positive there are "gushers" there that they have spent the better part of four years investigating, leasing and experimenting besides spending their own money to perfect an organization. Here's hoping that the Holland boys may be instrumental in opening up an oil field near this city for not only will they be tremendously benefited but the city and the entire countryside would reap handsomely from a successful enterprise of this nature.

That there is oil in Michigan has been conclusively demonstrated and who knows but that this peninsula may be in line with Kansas, Oklahoma and Texas where the farmers, for a century, eked out a living planting wheat and corn and combating grasshoppers, while right under their very feet the "black gold" was there in inexhaustible quantities. Even the Indians in many instances became unusually wealthy.

A grass fire near 26th St. and Lawndale court as the cause of two alarms within a half hour Wednesday afternoon. On its return, truck No. 1 extinguished a small grass fire near the hospital. Chief Cornelius Blom, Jr. attributed the cause of the fire to youngsters playing with matches and he voiced an appeal to youngsters playing with matches, after these fires on Wednesday to watch their children in the use of matches.

Mr. and Mrs. Alton Kooyers and children, Mary, Lloyd and Alton, Jr., who have been visiting here with relatives and friends for three weeks have returned to Washington D. C. where Mr. Kooyers is employed in the treasury Department.

## Tremendous Mission Fest Friday, Aug. 7

MISSIONARIES FROM THE  
INDIANS AND ALSO ARABIA  
HAVE INTERESTING  
STORIES TO TELL

Prof. Albert Lampen of Hope college is on the publicity committee having to do with a large missionary Fest to be held at Jamestown Friday, Aug. 7 and, weather permitting, there will be thousands present. The communication explains fully.

A full afternoon and evening program has been arranged for the Mission Fest for the Classis of Holland to be held this year in the beautiful Spring Grove situated about a mile northeast from Jamestown. Because of the excellent facilities found here, this grove is very well adapted for the holding of picnics and programs. There is a large rostrum, large seating capacity and ample space and equipment for playing games.

There will be an afternoon and an evening program with good speakers and music. Miss Marie Van Duren will speak in the afternoon on our Indian Mission work, and Rev. Dirk Dykstra, D. D., on Arabia. Miss Van Duren has spent several years among the Indians and will bring a vital, challenging message. Dr. Dykstra is well known to all members of our denomination who are interested in missions.

Rev. and Mrs. Bernard Hakken will speak at the evening meeting. They have just returned on their second furlough from Arabia and will inform us how God is opening up doors of opportunity to our church in this difficult field. Must our answer be that we are not ready, in fact, that we are withdrawing and retrenching instead of going forward? Dr. John R. Mulder of the Western Theological Seminary will close the meeting with his message on "The Church and Missions" clinching the various addresses in an appeal to the churches to renew their missionary giving and interest so that the work may grow.

A special feature will be the entertainment for the children and young people who are especially invited. Mrs. Edith Walvoord will conduct a story telling hour and Mr. Moody will have charge of games. Baseball, soccer and many other games will furnish entertainment for the older people. A canteen on the grounds will provide opportunity to buy lunches and refreshments.

Your Committee desires that you may grasp this opportunity for Christian fellowship, that you may receive new information on the splendid work of our denomination home and abroad, and that we may all receive new inspiration to carry on this great commission to bring the Gospel to all nations. You will be given to express in a tangible way your interest in missions through your gifts and enthusiasm in winning others.

Miss Jean Walvoord, at present home from China because of impaired health, will bring greetings from China. There will be group singing led by Mr. John Vander Sluis and instrumental music. Will you show your loyalty by being present at this Fest? Come for both programs.

## SURE A LARGE BLUEGILL PLANT

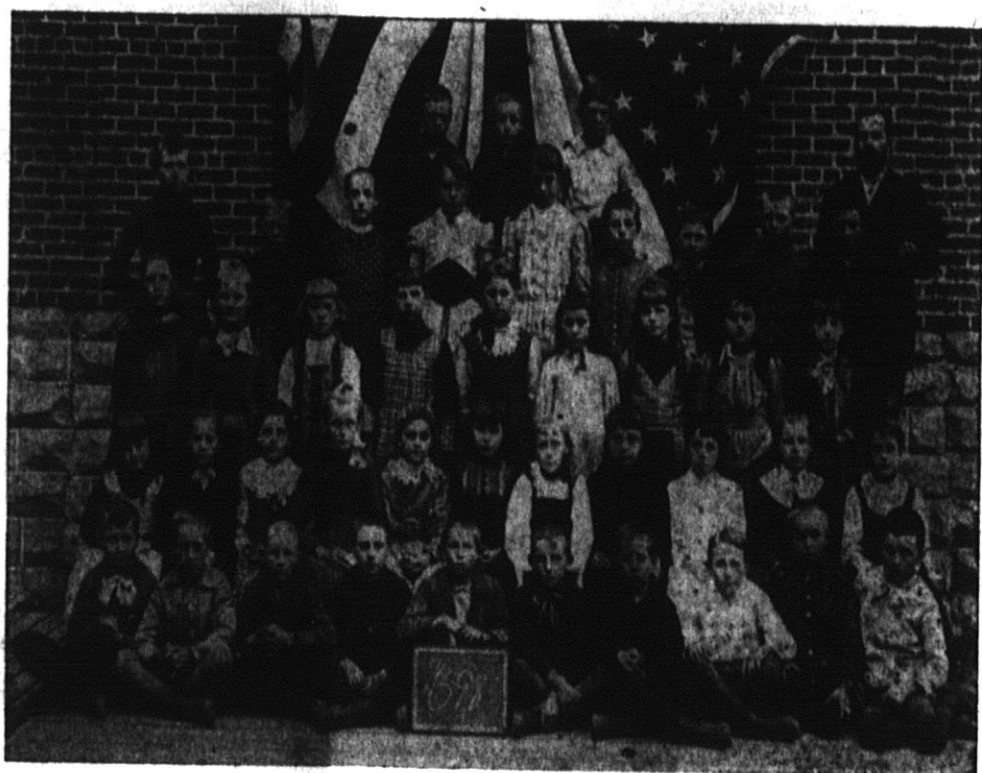

What may prove to be the largest bluegill "plant" in the history of Michigan is now developing at state hatcheries. In the neighborhood of twenty million bluegill fry are in the rearing ponds at the state hatchery and its subsidiaries, notably the Hillsdale and Almena units, and with only normal losses as a result of disease, predators, etc., Michigan should have at least ten million healthy, young bluegills for stocking the inland lakes of the state this fall. Holland bluegillers, attention!

## WHO WOULD THINK TELEPHONE ANOTHER KILL BIRDS?

Telephone and power lines along Michigan highways rank near the speeding automobile as destroyers of game and songbirds, game authorities of the Department of Conservation here believe. Often when frightened from cover game birds become panicky and fly directly into the high-strung wires. Usually this results in decapitation, but sometimes due to the speed and force of flight, the bird may be cut entirely in two. Joseph H. Stephenson, assistant in charge of the Game Division, found a woodcock near Boyne City which apparently had flown into nearby telephone wires with its mouth open. The wire cut off the top of the bird's head. Stephenson has seen quail cut in two by flying into telephone wires and fal migrate to telephone wires when frightened. Such accidents do not always occur as a result of a bird's efforts to escape, for casualties frequently result.

The third annual reunion of the Kooyers family was held at Tunnel Park on Saturday, July 18. In the absence of the president Martin Kooyers, Frank Kooyers presided. The secretary, with her committee then provided a program and sports. The new officers elected Harry Vinkemulder, president; Thomas D. Schutter, vice-president; Mrs. Manly Looman, secretary and treasurer. The next annual meeting will be held on the third Wednesday of July, 1937.

## A Public School Class of 46 Years Ago

Top Row—left to right—Henry Keger, August Brayman, (deceased), George Dalman.

Second Row—Miss Gertrude Higgins (teacher), Nick Dykema, Mary Newman, Mrs. Fred Meyer (nee Lily Fleeman), Mrs. Cornel Hoffman (nee Rose Fleeman), Barney Ter Beek, Bert Huntley, Harry Vanden Berg, Tom Tilma (deceased), Professor Higgins.

Third Row—Jennie Poole, Mrs. Frank Charter (nee Lorinda Ponds), Mrs. Nicholas J. Whelan (deceased), nee Jennie Blom, Mrs. Fred Woodruff (nee Sena Reitsma), Mary Douma, Mrs. Henry Meengs (nee Mamie Bosman), Myrtle Sutton (deceased), Josie Pfantstiel, Gertrude Pensink.

Fourth Row—Olive Bos (deceased), Jennie Vanden Vries (deceased), Mrs. Henry Vanden Linde (nee Hattie Denuyl), Hattie Koster, Mrs. Fred Steketee (nee Mary Vanden Haar), Mrs. R. Nesbit (nee Hattie Huntley), Mable Lewis (deceased), Minnie Karreman, Matzie Markham, Dena Sluyter, Mrs. Geo. Pardee (deceased, nee Lena Boone).

Bottom Row—Arthur Anderson, Anthony Van Ry, Mayo Phillips, Johnnie R. Roos, Edward Van Landegend, Ben Vanden Berg, Johnny Dykhuys, John Steketee, Ralph Schols and Jake Thompson. This is an unusually rare picture taken in front of one of the grade schools 46 years ago when Superintendent Higgins was head of the schools here.

We are sure we have the children's names correct but it was impossible to get all the marriages that were naturally brought. A great many persons appearing in this picture are well known in this city today.

August Brayman (deceased), was the son of a pioneer jeweler, Otto Brayman who conducted a jewelry store for many years on Central Ave. and 8th St.

George Dalman now lives in this city on College Ave. and is an old member of the Holland Martial Band. Nick Dykema has been a

clothier here for many years.

Lily Fleeman, Mrs. Fred Woodruff, Miss Hattie Den Uyl, now Mrs. Henry Vanden Linde and Anthony Van Ry are still residents of this city. Most of them have families of their own who are now going to school. The latter, Mr. Van Ry, is conducting a grocery on College Ave. and 14th St.

Tom Tilma was at one time foreman of the Holland City News. Till his death he conducted a labor newspaper in Wichita, Kansas. Harry Vanden Berg is a brother of Vaudie and William C. Vanden Berg and a retired coast guard captain.

Barney Ter Beek is a railroad man still with P. M. Miss Minnie Karreman is a sister of Rev. Anthony Karreman of Waupun, Wis. and of former City treasurer, John Karreman.

Mrs. Frank Charter is the wife of the man who conducts the tonorial parlors on W. 8th St. Miss Jennie Blom (deceased), was Mrs. Nick Whelan and a sister to Mrs. Lucy Bertsch on River Ave. Mrs. Henry Meengs is the wife of the late Henry Meengs, proprietor of the Holland Dry Cleaners.

Myrtle Sutton (deceased), was the sister of Walter Sutton. Miss Josie Pfantstiel was a member of the old pioneer Pfantstiel family. She was the wife of the late Dr. Gus Ashford of Detroit. Mrs. Albert Diekmans is a sister. Miss Gertrude Pensink belonged to the Pensink family who conducted the first confectionery store in Holland, the wooden structure being on the site of the Du Saar Photo Shop.

Mrs. R. Nesbit was a member of the Huntley family and was chief operator at the Bell Telephone Company many years ago. Her brother Art Huntley is now high in official circles with the same company. Mable Lewis was the step-daughter of Chief of the fire department, Cornel Blom. Miss Matzie Markham was the daughter of a railroad man, was an expert piano player

and was a member of Brayman's orchestra, one of the first in the city. This orchestra played for dances and during occasional shows at Lyceum opera house.

Dena Sluyter was the daughter of Holland's bell ringer. Her father was the sexton at Ninth St. Chr. Ref. church and tolled the seven o'clock, noon and six o'clock bells which were substituted later by the mocking bird on the water station. Lena Boone Pardee was a member of the prominent Boone family in this city. She married Captain George Pardee of the ill-fated Sioux City and in her day was one of Holland's leading artists in voice and piano and her services were in great demand. Geo. Pardee, Jr., a son, still lives in this city.

Ben Vanden Berg was the man who started the Wooden Shoe Diner some years ago. John Steketee is now janitor at Montello Park school. He is a brother of former Sheriff Cornel Steketee. Ed Van Laadegend is the son of Holland's seventh mayor. He is now an expert Mathematician and an authority in the public schools of St. Louis, Mo., where he has been for many years. At one time he taught in Virginia, northern Michigan and in Grand Forks, So. Dakota. He is a brother to Mrs. James De Young and to Mrs. Ben Mulder of this city. Even as a kid, Ed's mind ran to figures. You can see he holds the state.

Ralph Schols is the son of a carpenter and his grandfather was one of the first ship builders, the shipyard and ways being just west of where the Vae-A-top building now stands on the north side of the bay. This shipyard built our first sailing vessels, namely, "The Hope", "The Plugger", and "The Four Brothers." Since there were no railroads here, ships had to be used.

John Dykhuys is the son of former, Sheriff Henry J. Dykhuys. The respective family trees of these youngsters may not be entirely correct but are as nearly right as a hurried retrospect can make them.

Pere Marquette No. 18 wrecked less than a year ago between Chicago and Milwaukee.

The circuit court jury chosen from this vicinity are Wm. O. Van Eyck and Henry Wickert, of Holland; Jacob Van Loo of Zeeland, Herman Katz, Zeeland; Barney Wolters, Olive township. Note: There were no jurors from Park and Port Sheldon townships since these were not yet created. Holland township at one time extended to Lake Michigan. Judge Philip Padgham was then the judge of this circuit.

## FIFTEEN YEARS AGO TODAY

At the Exchange club picnic held at Tennessee, a long list of sport events are given. An unusual baseball feat was pulled off by our newly acquired pastor at the Third Reformed church, Deo: There were no runners from Park and Port Sheldon townships since these were not yet created. Holland township at one time extended to Lake Michigan. Judge Philip Padgham was then the judge of this circuit.

One in thirteen registered voters cast their vote for school board members. The successful candidates were James A. Brouwer, Fred T. Miles and Mrs. Martha Kollen. The unsuccessful candidates were C. J. Dregman and Wm. Vander Ven.

In fighting the fire in the Krui zenga building just east of the No. 2 fire station, John Ten Brink, a fireman, was overcome by the dense smoke and it took his pals two hours to resuscitate him.

The Wagner-Hamm Ice Cream Co. has sold out to the Arctic Ice Cream Co. of Grand Rapids and Detroit. The News gave at least a column on the deal.

E. J. Harrington, the fifth mayor of Holland and a business man and sailing vessel owner, passed away at the age of 89 years. In the early days he was a school teacher in Fillmore but up to recently he conducted a general store in the Harrington block near 8th street and College avenue. Note: A landmark there until paving 8th street, 35 years ago discarded it, was the town pump with a white stone slab under the drip and aside was a water trough for horses—an incident for farmers to come and incidentally enter the store. Rather a coincidence when his store was

## 20,000 Trout Fed on a Freak Diet

Twenty thousand fingerling trout in lots of a thousand each are discovering what it means to be fed a "freak" diet, as a result of fish-feeding experiments carried on at the Wolf Lake hatchery near Kalamazoo by Dr. Louis Wolf, of the Institute for Fisheries Research. The reason for the experiments is that raw liver, now used to raise trout to fingerling size, is costing too much. Some cheaper menu is desired.

The fish will be given substitute foods over an extended period of time. Fresh ground fish, fish meal, "tankage," which is refuse from packing plants, and various kinds of cereals will be tried. If any of these foods or combinations of them are found satisfactory substitutes for raw meat, they will be placed on the hatchery bill-of-fares. In addition to Dr. Wolf, V. G. Marks and James Wilkinson, of the Wolf Lake hatchery, are supervising the experiments.

## SENATOR GORDON VAN EENANAAM NOT TO RUN

Letter to Editor self-explanatory

July 21, 1936.

Holland City News  
Holland, Michigan  
Attention Ben Mulder  
Dear Ben:

Mrs. Van Eenanaam and I have decided that I will not be a candidate for the Senate this year.

I have appreciated the opportunity of serving the people of Ottawa and Muskegon County in the

Senate for the past eight years. I am deeply grateful for your personal interest in my candidacy during the various campaigns.

With kindest personal regards, I remain

Very truly yours,

Gordon Van Eenanaam.

## NOTHING NEW ON THE JEWELRY ROBBERY HERE

Although nearly a week has passed, there is nothing new to report on the jewelry robbery at the Williams Jewelry store, 24 E. Eighth street. The burglars entered thru a rear door which was well locked and barred but not strong enough for a professional burglar "limmy."

At Mr. Williams opened his store at 10 o'clock Thursday evening he noticed that his stock had been raided during the night and he called up the Chief of Police who detailed officers Frank Van Elta and Neal Plaggenhoef to investigate.

The robbery is supposed to have occurred between 6 and 10 o'clock in the evening. Mr. Williams believes that who ever the thief or thieves were, they familiarized themselves with store conditions and also found out that he made regular visits late in the evening.

Most of the jewelry taken could be melted into gold bars and sold for old gold. The loss included 35 ladies' diamond rings, twelve men's diamond rings, an assortment of ladies' and men's stone rings and one tray each of cameo brooches, gold pocket knives and gold railroad watches.

When Mr. Williams arrived he found the rear door nearly wrecked from its hinges. He found that the safe which had been locked, was opened and the jewelry mentioned above taken from the trays.

Show windows were left intact, again indicating that a professional had been at work. A regular burglar, although daring, uses every precaution against being seen and window shoppers could have detected a riffer stealing the window displays.

Peter Bontekoe, expert finger print officer, has been busy on about the only clue, but up to this time there have been no developments aside from the fact that the police are positive that it is an outside job by experts who laid their plans well.

Insurance adjusters have been in the city checking up on the robbery.

Police have not given up hope and continue to follow up meager leads which have led nowhere thus far.

The Holland police department has sent the fingerprints to Washington, D. C. to see whether these correspond with the prints of other criminals apprehended at some time.

Mr. Williams stated this morning that he estimates the loss at a trifle less than \$4,000, as nearly as can be determined at this time.

robbed of \$400 and years later the money with interest added was sent Mr. Harrington by a conscience-stricken thief. Mr. Harrington built one of the first docks in Holland located at the head of the bay on 5th street. Some of the rotten pilings and timbers are still visible at that point. He promoted what was Harrington's Landing, now Virginia Park. This property belonged to Mr. Harrington and some of it is held even today by his son "Hub." At Harrington's Landing will be found the deepest part of Lake Macatawa. There is a stepoff of at least 50 feet.

John R. Mulder, a graduate of the Western Theological seminary, has accepted the position on the faculty of Central college, Pella. Note: Dr. Mulder is now on the faculty of the Western Theological

## How About The "Black Widow" Allegan Spider

MOST VENOMOUS CREATURE  
IN AMERICA BUT WILL  
NOT GO OUT OF WAY  
TO BITE

Another black widow spider has been found in Allegan county. The specimen was captured by John Coffee near the south city limits of Allegan, according to Harry Plotis, conservation officer, who sent the specimen to Lansing. A number of other Allegan residents have reported finding black widow spiders since the specimen first found by Wm. Neal Hale, state fire towerman, in the "oak grove" in Allegan county was displayed in a window at Allegan recently. The black widow is the most poisonous North American spider and is comparatively rare in Michigan.

"There is no cause for undue alarm over the discovery of black widow spiders in Allegan county," announced Dr. M. B. Beckett, head of the county health department. "Black widow spiders are common throughout the southern and western states and there are very few fatalities."

In a special letter received by Dr. Beckett from Ray Hutson, head of the entomology department of the Michigan State college, Professor Hutson said, "The black widow, like most spiders, is exceedingly shy and retiring. It is exceedingly it under a stone or in a hollow stump it will make every effort to escape and hide. Even handling black widows . . . holding them between thumb and finger, is not hazardous as personal experience over more than ten years proves."

Nests of the fatal black widows were found on the old golf course across from the fox farm, especially along the high elevation of the Kalamazoo river bank near Allegan. Twelve of the spiders were found within 20 yards and three were captured and brought back for identification. Their black bodies with either three or four red spots in a line down the back, and the red hour-glass figure on the abdomen corresponded in appearance and marking with the spider which was found June 10 by William Hale of the conservation department at the fire tower off M-40, Allegan, and is now in the collection of the Michigan State college as one of the deadly widow spiders.

The spider apparently lives on high, dry ground in woody places. The webs found on the golf course were spread over leaves only an inch or so above the ground. It is heavier than the web of the ordinary spider and has a slight yellowish cast. The spider lives in a silk lined den nestled between whorled leaves on the ground. In the interior its glossy, black body is hard to see, but the single, large white egg is clearly visible.

Drop by drop, the venom of the female, which is larger than the male, is by recent reports far deadlier than the venom of the diamond back rattlesnake. But the spider is a peaceable creature and not dangerous unless annoyed.

No serum has been developed to counteract the effects of the poison. Dr. M. B. Beckett, of the Allegan county Health Board, recommends emergency treatment similar to a snake bite and urges that a doctor should be called immediately.

In case of a bite, the wound should be thoroughly cleaned, an incision should be made across the wound and the poison sucked out. Stimulants should not be given as they only hasten the distribution of the poison throughout the body. Cold packs may also be applied.

Dr. Hudson, of Michigan State college, expressed the opinion that the spiders are not new arrivals in Allegan county, but have been here unidentified for some time.

Up until recently only three black widow spiders had ever been found in Michigan. The third was accidentally discovered in Allegan county just about a month ago. Since then conservation officers have been on the lookout for black widows and a group of 12 were discovered.

No record of a person having died from a bite by the spider is known in this vicinity but people are warned to be careful when walking through the woods and fields, and to stay away from the old golf course. How widespread the spider is in Allegan county is not known. This matter will probably be investigated soon, and measures taken to kill the menace off. Where found, good authority states that outdoor burning of brush, weeds and old leaves will exterminate the pest and indoors, in barns, etc., thorough washing and application of whitewash. Undoubtedly Ottawa county also has its "black widows," which have not been discovered yet.

## AUCTION REMINDS ONE OF YEARS AGO

John H. Raven, a man who has put on auction sales from Maine to California in his day and has sold everything from a monkey-wrench to the finest furniture made, will pull off another auction sale in Holland Saturday when he will put up for sale 25 fine lots between Maple and Pine Avenues to the highest bidder.

This is not the first time Mr. Raven has sold lots, in fact some years ago he sold houses and lots at auction. It is the first time such a public sale was held in this city.

## MOSQUITO KILLER

Although it feeds few fish, the nymph of the large yellow and black dragonfly should be regarded with affection by anglers, says J. W. Leonard of the Institute for Fisheries Research. The reason? Because the entire adult stage of its life is devoted to the devouring of mosquitoes.

DEATH WALKS THE HIGHWAY

The Gods of recklessness are decimating thousands of lives each month on American highways—and there is no limit to their appetite. During the recent Fourth of

July week end, close to 500 people met accidental deaths—the largest number for that period since 1931. Fireworks were responsible for a smaller number of fatalities than usual—but that greatest destroyer of all, the carelessly operated motor car, chalked up a grisly record. And every week end witnesses similar occurrences. If, in a single disaster such as an earthquake or a fire, as many people were killed as in the last month, the killed as have been killed in accordance to regard accidents as being inevitable, and look upon them with equanimity.

But the great tragedy is that accidents are not inevitable. Nine out of ten are preventable, and easily preventable. Carelessness, recklessness, ignorance and stupidity are the principle causes of accidental injury and death, and surely they can be cured—through law, through force of public opinion, and, perhaps most important, of all, through education of the individual.

Death walks the highway. He strides through our homes. He is an unseen visitor at every place of amusement. He is apt to put in his appearance in the happiest hours. The deaths that follow accidents can be eliminated almost 100 per cent if we will only make a small effort, and learn that a foolish act that saves a minute or provides a brief, futile thrill can send us or others into eternity. No graver problem faces the American people than the accident problem—and its solution is entirely up to the people.

An opussum brought to the city police station by a resident of the city Tuesday night was placed in a large box in the store room for the night. It was learned from Jacob Lievense, president of the Holland Fish and Game Club that the animal was on the protected list. Chief Frank Van Ry, somewhat puzzled over the disposition of the opussum, called Conservation Officer Antles in Grand Haven who called at the station for the animal.

Miss Gertrude Baker of Harlem spent last Thursday with friends in Holland.

JUDGE CORA VANDE WATER HAS NEARLY COMPLETED FIRST TERM FAITHFULLY AND WELL

Judge Cora Vande Water, Probate Judge of Ottawa County, announced today that she is a candidate for Judge of Probate on the Republican ticket, after having nearly completed her first term in office, succeeding the late Judge Danhof.

Judge Vande Water originally came from Holland and during the greater part of the regime of Mr. Danhof. Miss Vande Water was chief clerk and during that period gained a thorough knowledge of the duties in the Probate office. She was so thorough at that time that a great many of the matters were left to her.

Before entering the Probate office as clerk she was associated in the office of Prosecuting Attorney

Judge Cora Vande Water

Fred T. Miles, now Judge of the Circuit Court. Here as well as in the Probate office, she gained a broad knowledge of the law as this relates to probate matters.

It is doubtful if there is a judge in western Michigan who is better acquainted with Probate Court procedure and more capable as a Probate Judge than is Cora Vande Water.

The "Probate Manual", dealing with the jurisdiction, law, and practice of the Probate Courts of Michigan is an intricate volume. A review of this book gives some idea of the many ways and laws that are necessary to follow in the Probate office. There are 191 pages in the book, dealing with mother's pensions and with wayward children in Juvenile Court, the making of certificates for insane people, adoption and change of children's names, descent and distribution of property, the distribution of the property where there is no will and accounting and closing an estate and so there are hundreds and hundreds of subjects relative to the Probate Court which a Judge must know besides being versed in the law.

Judge Vande Water has all this at her finger's ends—a dozen years of Probate Court training have schooled her in this knowledge. Miss Vande Water is particularly fitted where widow's and mother's pensions are concerned for she knows the needs, the problems and the sacrifices that a mother always makes and applies her knowledge in a fair and equitable way to both the widow and the taxpayer. She makes a special study of children who have gone temporarily bad and takes a deep interest in those cases.

In a lecture before a women's club in Ottawa County no so long ago, she said, "My conviction is that if a child is brought in a first or second time after committing a serious offense, that child should be placed in a good home, given the best environments and by all means be given a chance. The so called delinquent or problem child can be transformed from a potential criminal into a good citizen. I do not believe there are any real 'bad boys' as the name is frequently applied. Badness is evident and the crust is often thick but with patience and understanding, training and supervision, any boy can and will be made a desirable citizen."

"It is discretionary with the Judge of Probate whether the child be placed on probation or not. The statute leaves a great deal to the judge in juvenile matters. The decision of all juvenile cases is final and conclusive. By that I mean, if sufficient testimony is taken, which is largely within the discretion of the court, the child has a fair hearing and the final judgment rendered by the court cannot be appealed. Because so much is left to the Probate Judge, I believe that all conscientious Probate Judges should feel this great responsibility in making a decision in a juvenile matter, for as a rule, the judgement makes or breaks the child."

"I have made it a point to give the youngster every possible chance and by the same token have refrained from breaking them."

Costs of \$9.35 were assessed by Justice Elbert Parsons, Wednesday morning, against William J. Dick of Holland township on a charge of malicious destruction of property. Dick pleaded guilty. He paid most of the costs Wednesday and was given 30 days to pay the balance. He is said to have smashed a panel in a door at the home of his wife, 633 Howard Ave., recently.

Miss Athalie Roest returned home after spending a week's vacation with her mother in South Bend. She also attended Maxine Mollenhour's School of Stage Dancing.

A questionnaire will be submitted to a representative group of Holland young people to determine Holland's need for a recreational center. The project is now being investigated by Fred B. Freeman, State Y.M.C.A. secretary. A list of young people to be interviewed will be drawn up by Leon Moody, recreational director here. Mr. Freeman conferred with the survey committee on Tuesday, which includes the general chairman, Jacob Fisher, Mrs. Sears McLean, John Van Tatenhove, Dr. Garrett Heyns, J.J. Riemersma, Andrew Klomparsen, George Schilling, Vance Mape, Paul McLean and Mayor Henry Geerlings. The questionnaire will inquire about the education, recreation and employment situations in Holland and will ask for information concerning the problems of young people here and the opportunities they find lacking.

There was every indication of a final rush for drivers to obtain their second half license plates here. A week ago 2500 "sticker permits" holders failed to renew their licenses. After mid-night, July 31, sticker permits will cease to be legal. No indication has been given by the state of a deadline extension according to Alex Van Zanten, bureau manager.

Bids for construction of the Saugatuck-Douglas bridge on U.S. 31 are being advertised this week by Murray D. Van Wageningen, state highway commissioner. The span over the Kalamazoo river will have an over-all length of 485 ft. and will consist of two 60 foot spans, two 70 foot spans and three 75 foot spans. It will have a 44 ft roadway with a five foot walk for pedestrians on either side and will be built of concrete and steel. An engineer's estimate places the cost of the bridge around \$225,000. W. M. Connelly, director of the Chamber of Commerce was elated over the quick action on the part of the state to advertise bids for the construction of the Saugatuck bridge. The bidding will close at 10 a.m. Thursday, July 30. According to the state highway department here the 11 mile strip of concrete between Saugatuck and Holland will be ready for official opening Aug. 1. Master improvements in the Holland area include those at Douglas and Saugatuck, the span between Saugatuck and

Holland, one section of M-40 completed and another under contract, a belt line around Holland relieving congestion around the city, the reconstruction of M-21 between Zeeland and Jenison, and ultimately an all lakeshore route from Saugatuck via Macatawa to Grand Haven," Mr. Connelly said.

Dr. Wynand Wichers, president of Hope college, has been invited to represent the local college at the inauguration of President Grover C. Dillman of the Michigan College of Mining and Technology in Houghton Aug. 6, according to word received from Dr. James Fisher. Dr. Fisher is at the head of 23 committees for Michigan Tech's 50th anniversary and alumni reunion. Inaugural delegates from colleges and universities thus far appointed number 30 including Harvard, Yale, Cornell, Michigan, Stanford and Southern California. Dr. J. J. Osuna will be present from Puerto Rico. State officials will attend headed by Gov. Fitzgerald and Secretary of State Orville E. Atwood.

Only two catches thus far this season have been registered with the Holland Fish and Game Club according to Jacob Lievense, president. Louis Van Schelven registered a 14-pound muskie and E. J. Bacheller a three and 1/2 pound black bass. Edward Harkema, 12, of Jenison Park a non-member, landed a black bass weighing 4 1/2 pounds and Miss Mary Bryan, a resorter, landed one the same size. John Van Appeldoorn a member missed out because he hauled in a 3 1/2 pound bass with a net and Louis his brother who had the strike couldn't register because he wasn't a member. No perch and bluegill catches have been registered. Fifty thousand large mouth black bass were placed in the ponds in June and will be kept there until fall. The experiment is proving very successful, Mr. Lievense said.

## VAN APPELDORP-OOSTEN. DORP MARRIAGE TAKES PLACE

An afternoon wedding took place at 4 o'clock Thursday at the home of Mr. and Mrs. Wilbert Van Appeldoorn on E. 32nd St. The contracting parties were Miss Evelyn Van Appeldoorn and Mr. Lubbertus Oostendorp of Zeeland, son of Rev. H. E. Oostendorp of that city. The father of the groom conducted the single ring ceremony.

The bride looked charming in a gown fashioned with white lace and satin tunic with train, over a satin bodice, and was given in marriage by her father. Her bouquet was of white roses and swainsonia. Miss Anna Van Dellen of Chicago who acted as bridesmaid, was pleasingly gowned in ink mousseline de soie over pink taffeta, and wore a corsage of pink roses. William Dryfoos of Chicago acted as best man.

Preceding the ceremony, Miss Grace Holkeboer pleasingly sang two numbers, "Because" by Guy D'Hardelot and "At Dawning" by Charles Wakefield Cadman. She was accompanied by Miss Ruth Van Appeldoorn, cousin of the bride, who also gave an impressive interpretation of Lohengrin's Wedding March played as the bride party proceeded to the arch with a background of palms, ferns and cut flowers. Lighted tapers shed a soft glow while the impressive ceremonies were in progress.

The wedding supper was served to fifty guests present, the bride cutting the large wedding cake which adorned the table. Flowers also were adornments on the guest table.

The happy couple are on a bridal tour circling Lake Michigan, taking in the points of interest in the northern Michigan and Wisconsin. On their return they will live in the city of Grand Rapids.

The bride has been a popular girl at Holland Christian High School and graduated from Calvin College. She taught in the Maplewood school for the past two years. The groom is a student at Calvin Theological Seminary and expects to graduate next year in June.

Those assisting with the serving were the Misses Marian Warner, Katherine Fredericks, Warnetta Alofs and Sylvia Vander Kamp, friends of the bride.

Mr. and Mrs. Chester Van Appeldoorn of Detroit, brother and sister-in-law of the bride, performed the duties of Master and Mistress of Ceremonies.

## JALVING KLEINHEKSEL MARRIAGE

The home of Mr. and Mrs. Clarence Jalving on Lakewood Blvd. was the scene of a pretty wedding, Wednesday evening, when Miss Gertrude Jalving, daughter of Mr. and Mrs. Lucas Jalving, became the bride of Henry Kleinheksel, son of Mr. and Mrs. John Kleinheksel. The Rev. A. Van Dyken, pastor of the Wyoming Park Christian Reformed church of Grand Rapids, a relative of the bride, performed the service using the double ring ceremony. Vows were spoken before an altar of palms and ferns in the presence of 75 relatives and friends. Preceding the service, Louis Jalving sang, "Because" and Mrs. Baldwin sang "O Promise Me".

The wedding music was played by Mrs. Neil Baldwin and Miss Johanna Kleinheksel. The bride, gowned in white satin, with train and veil, carrying a bouquet of white roses and swainsonia, was attended by her sister, Miss Josie Jalving as bridesmaid. Gerald Nykerk attended the groom as best man. Mr. and Mrs. Clarence Jalving were master and mistress of ceremonies. A two course wedding repast was served by friends of the bride, the Misses Luella Nykerk, Helena Dykman, Marian Vander Ploeg, Ninetta Biggs and Martha Mulder. Mrs. B. Tucker was in charge of the serving. The bridal couple left on a short wedding trip north, and later will make their home north of Holland on the Grand Haven road. Mr. Kleinheksel is employed as chemist in the laboratory of the Holland Aniline Dye company.

## Midsummer Flowers Highly Hued

Have you ever noticed that when the flowers of spring, with their dainty tints and pastel shades, fade away, they are followed with the strong-colored blossoms of mid-summer? Lady-slippers, spring beauties, clintonias, trout lilies, liverleaf, Dutchman's breeches and the whole host of early blossoms have only a dash of color, as if nature had not yet learned how to produce strong blues and yellows and reds. Look around you in mid-summer, and you will see the primary colors all about. Blue and yellow predominate.

In the dry fields you will see the tall spikes of blue weed or viper's bugloss. In the bud it is pink, but the showy, tubular corolla is bright blue. It is regarded as a pest and is difficult to get rid of despite its rather attractive flowers. Hard by will be found the blue vervain, almost purple in hue, a tall, slender, rank-growing plant from two to seven feet high. Rings of purple flowers are found about the spikes, gradually drawing nearer the ends as the flowering season advances.

On the sandy plains, the blue lupine blossoms gloriously. Anciently thought this plant robbed the soil of its fertility, since it is found chiefly on sandy soils, and called it the lupine, which is from the Latin "wolf." As a matter of fact, this flower grows on infertile sands by choice and not because it turns the good soil into poor. The blue-blazing star or thistle joins the blue family with its feathery-fringed flowers. The wild sweet pea and blue vetch adorn the farm lanes with their shades of blue, while all over the state wild chicory lines the roadsides with its circles of sky-color.

In brilliant contrast to the blue flowers are the blossoms of yellow sunflowers, the loose-strifes and goldenrod. Red are the plains lilies of northern Michigan and the brilliant cardinal flowers which grow in the swamps. These are actually red lobelias, which have their blue counterparts close by but are seldom recognized as a near relative. In contrast with the wild-flowers of early spring, many of which grow from bulbs, the wild-flowers of midsummer are more likely to be annuals and little or no harm is done by picking them to your heart's content.

SALES TAKE A DASH UPWARD Cincinnati, O., July 23—Sales of the Kroger Grocery and Baking Company skyrocketed to \$18,729,438 during the seventh four-week period of the year, ending July 11, an increase of \$1,526,261, or nine per cent, over sales for the same four-week period of 1935, according to the preliminary sales report for the period made public today at the General Offices of the company here. The cumulative sales for the first seven periods of 1936 are \$700,609 ahead of the cumulative sales for the same seven periods of 1935. The total sales for the seven 1936 periods reached \$126,206,179, compared to a 1935 total for the same periods of \$125,506,570, or one per cent. The report also shows that the company had 4,238 stores in operation, a decrease of 70 from the number of units operated during the seventh four-week period of 1935.

## HARBOR DEVELOPMENT BEGUN IN GRAND RIVER

A huge sand-sucker moved into the mouth of the Grand river near Grand Haven Saturday to commence a harbor-development and dredging project which is expected by its sponsors to make Grand Haven one of the largest coal ports and storage centers on the eastern shore of Lake Michigan.

The work is being done by the Lyons Construction Co. under contract with the Grand Haven Terminal Co. Approximately 50,000 cubic yards of silt will be dredged from the south channel of the river and deposited on a 171-acre island. Provisions also will be made for a 1,200-foot turning basin in the main channel which will accommodate the largest lake vessels.

Docks for the storage of 100,000 tons of coal and an oil tank "farm" also will be erected. Officials of the terminals company said their plan was to make this port ultimately the fuel transport center for all west Michigan. Cargoes for west Michigan consumption will be loaded at lower Lake Erie ports. The terminals company is a private enterprise, headed by Walter S. Syrett, president.

## NEW SORT OF CORN

Michigan State college has released for commercial production this year a quantity of corn, Hybrid No. 561, which is strongly resistant to the corn borer. Tests last year also showed larger yield than other corn. It has been severely tested in Monroe county as to resistance to borers. It is the result of many crosses including one of a South American corn. The new corn is for use only in southern Michigan. One for planting further north is now under test at the college. If this corn shall prove to be what is hoped for it will be one more of the many improved kinds of grain that the college has sent out greatly to the advantage of Michigan agriculture.

## WALTER J. MEEUSEN, 40 DIES AT GRAND HAVEN

Walter J. Meeusen, 40, died Monday at Grand Haven from the effects of World War service overseas. He had been ill ever since and had been treated in various government hospitals. He was forced to retire from active work some time ago.

Born at North Holland, he came to Grand Haven 19 years ago. He was a member of First Reformed church and the American Legion.

Surviving are the widow, Florence; two sons, Walter Lee, 7, and Harold David, 3, and two daughters, Beverly, 10, and Marjorie, 6; his mother, Mrs. Kathryn Meeusen, and seven brothers and seven sisters.

Funeral services were held at 2 p. m. this Thursday at the VanZant-Clark funeral chapel and at 1:45 at First Reformed church in that city. Interment took place in Lake Forest cemetery.

Most of us think of the economic value of frogs only in terms of frog's legs as food, but in some countries a number of uses are found for their skins. In France, for instance, a cheap leather for binding small books, lining purses, etc., is made from frog skins. They are also made into glue, one large skin being considered sufficient to make three ounces of a particularly fine glue that is used to repair crockery and the like. In Japan, also frog skins are used for a variety of purposes.

Miss Doris Vande Bunte, daughter of Mr. and Mrs. Harold Van De Bunte of Holland was a visitor at the homes of her uncles and aunts, Mr. and Mrs. Hilbert De Kleine and Mr. and Mrs. Lewis Vande Bunte at Forest Grove.

## CHEST CLINIC ON JULY 28

The July and August chest clinics have been combined and will be held on Tuesday, July 28.

There will be no chest clinic again until the second Tuesday in September, after which the regular routine clinics will be resumed.

The clinic on July 28 will be held in the old hospital annex. Dr. Bartlett of Muskegon will be in charge and he will be assisted by Miss Alma Koertge, local city nurse.

## MOTORISTS ARE WARNED

Use of automobile "stickers" or half-year permits will be illegal after midnight, July 31, and owners of motor vehicles in this state who expect to operate them after that time must equip them with 1936 license plates before then.

Orville E. Atwood, Secretary of State, points out that he is permitted no latitude, discretion nor power of extension and that only express authorization of the state legislature—not now in session—could delay or change this deadline. Deputy Alex. Van Zanten has also received this instruction here.

On July 15 a total of 448,084 stickers had been sold by the Department of State.

Heart Disease  
Tops the List of  
Deaths in State

CANCER SECOND IN TAKING  
LIFE—TB FALLS OFF IN  
DEATH RATE

Ten principal causes of death, the control of which would materially increase man's expectation for a longer, happier life, are listed by the Michigan Department of Health as causing 68 per cent of all the deaths in Michigan in 1935.

Heart disease again heads the list, causing 9,578 deaths last year which was a 3 per cent increase over the 9,275 deaths of the previous year. Cancer is second with 5,187 deaths, a slight increase also. Apoplexy is the third principal cause of death with a total of 3,907; pneumonia fourth with 3,805 deaths; and nephritis fifth with 2,974. These five diseases occupy the same relative position year after year, taking a tremendous toll of human lives despite the best efforts of science to devise protective measures.

Coronary disease and angina pectoris replace accidents, exclusive of automobile, as the sixth major cause of death with 2,352 deaths reported in 1935. There were 2,161 deaths from accidents in the home, in occupations and other places where automobiles did not figure. Tuberculosis dropped a notch last year to eighth place when 2,045 deaths were recorded in comparison with 2,199 the previous year.

Automobile accidents claimed 1,665 lives as the ninth major cause of death while diabetes remained in tenth place with a toll of 1,230 lives. Automobile accidents combined with other accidents to take the lives of 3,826 persons. Public health authorities hold that these accidental deaths in most cases are preventable.

The total death rate for 1935 was 10.05 per 1,000 population, a continuation of the increase over the depression low marked in 1933 by the lowest rate in history, 9.62 deaths per 1,000 population. There were 51,051 deaths recorded in 1935 from all causes.

## GOES TO ANNAPOLIS TODAY

Victor G. Matussek 18, son of Mr. and Mrs. Victor Matussek, Grand Haven will go to Annapolis today, Friday to take a physical examination to enter the Naval academy. He has passed his mental tests. He was appointed an alternate some time ago by Congressman Carl E. Matussek. Matussek is a graduate of the Grand Haven high school and attended Junior college at Muskegon.

Bell Telephone Accept  
State's Rate Reduction

Reductions in telephone rates and charges ordered by the Michigan Public Utilities Commission June 30, is agreed to by the Michigan Bell Telephone Company, which Thursday sent the commission a letter accepting the order but reserving the right to contest the rates if the returns prove inadequate. The letter, signed by G. M. Welch, president of the Michigan Bell, stated that the company would withdraw its suit now before the U. S. District Court at Detroit, "and thus terminate all existing litigation" in the rate controversy.

The letter asks that, if the experience of the future indicates that the new rates are not fair to the company, an expeditious adjustment be made, pointing out that the company has been sustained in every court test on the merits of the case during the 25 years' litigation, and holding that there is every prospect that if the case is continued in the courts the company will win sometime.

Although certain of the Commission's findings are objected to, the Michigan Bell agrees that at least some of the reduced rates are sound in principle, and therefore, "to avoid continuing the litigation," the company will put the entire order into effect, giving users of the service benefit of all the new rates and practices. This will result in revenue loss to the company, it is maintained, although the loss will be offset partially by the saving in rate case expense, with the added benefit of giving the organization freedom, for a time, from the distraction of rate case proceedings.

Particular points on which the company disagrees with the Commission's findings and reasoning have to do with setting the fair value of telephone property used in furnishing intrastate service at only \$145,000,000; the determination of 5.5 per cent as a fair rate of return; the reduction to 3 per cent of the allowance to be set aside for accrued depreciation; the decision that sufficient proof had not been submitted with respect to services supplied under the license contract by the American Telephone & Telegraph Company; and the allocation made of exchange property and expense as between interstate and intrastate toll service.

Rate information as this relates to Holland is found in an announcement on this page.

REPORT FRED EHLMANN MET  
WITH ACCIDENT GOING  
TO CAPITAL

Fred C. Ehrmann of Grand Haven has recovered from a slight accident he had when returning by motor from his home in Grand Haven to his office in Lansing. It was reported that Mr. Ehrmann was taken to a hospital at Ionia, as the accident occurred on US-16 near that city. No particulars of the accident were learned as the family could not be reached, but one near the family said Mr. Ehrmann was back in his office in Lansing.

After spending the week-end in Holland, J. Svets has returned to Ann Arbor to resume his studies at the University summer school.

GEERLINGS IS AGAIN NAMED  
SECRETARY OF BOARD OF  
EDUCATION

Monday night's meeting of the Board was the first since the annual election at which time George Mooi, A. E. Van Lente and John Oler were each chosen for a three-year term. They took respective oaths of office at that time, while Ernest C. Brooks and Wm. Arendshorst retired at this meeting.

At Monday's meeting, organization for the ensuing year, also took place.

Mr. Fred Beeuwkes, re-elected pres., has been pres. of the board for the past five years and has been a member since 1924, while Mayor Henry Geerlings, re-elected secretary, has been with the board for 36 years and has served as secretary all during that time. Martha D. Kollen was elected vice-president to succeed William Arendshorst, whose term expired.

Following the selection of officers, President Beeuwkes announced the appointment of the following committees:

Teachers—Mayor Geerlings, Mrs. Kollen and C. J. De Koster.

Schools—Mr. Oler, A. E. Lampen and Mr. Van Lente.

Claims and Accounts—Mr. De Koster and Mr. Oler.

Ways and Means—M. E. Dick, Mr. Geerlings and Mr. Beeuwkes.

Buildings and grounds—Mr. Mooi, Mr. Dick and Mr. Beeuwkes.

Also drawn up at the meeting Monday was a schedule of school visits to be made by members of the board, as follows: September and February, Mr. Mooi and Mr. Beeuwkes; October and March, Mrs. Kollen and Mr. Lampen; November and April, Mr. De Koster and Mr. Van Lente; December and May, Mr. Dick and Mr. Oler; and January and June, Mr. Geerlings.

Portable Range Shelter  
Demonstrations

Most good poultrymen have come to the conclusion that the first 6 months of a pullet's life determine whether or not she will be a profitable bird for the laying flock. Usually the Brooder house becomes over-crowded late in July and August and even though the weather is warm many pullets develop summer colds that hold over until they enter the laying house. Losses may occur before chicks reach the laying house due to over-crowding and poor ventilation.

Two range shelter demonstrations have been arranged as follows:  
Monday, July 27, Hamilton Farm Bureau.  
Tuesday, July 28, Hopkins Lumber Company.

Interested poultrymen may visit these demonstrations during the day. For those who are unable to visit the demonstrations on the day of construction arrangements have been made with both organizations sponsoring the demonstration to leave them on display for a reasonable length of time. Some of the advantages of a range shelter are:

1. Can be easily moved to new ground; 2. Provides shade during the day; 3. Allows ample ventilation and 4. Economical to build.

RULES ARE LISTED FOR  
HOLLAND FISH CONTEST

Definite rules are in force with the Holland Fish and Game club for determining the winners for prizes in the catching of the largest fish for the season.

A peculiar situation arose when a member of the club hooked a 3½-lb. black bass and proceeded to register the fish for the annual bass prize contest.

Jacob Lievense, president of the club, ruled that because the member caught the fish on his brother's casting rod and scooped it up with a net owned by a friend of the party, neither a member of the club, the registration was null and void.

According to Postmaster L. J. Vanderburg, twenty thousand Oregon centennial commemorative stamps have been received at the local postoffice.

Mapes Favors Purchase  
of Picket Boats

Cong. Carl E. Mapes today recommended to R. R. Weache, commandant of U. S. Coast Guard at Washington, D. C., the purchase of five picket boats when WPA funds are made available, according to a news dispatch received from Esther Van Wagoner Tufty, Grand Haven Tribune's special correspondent at Washington.

A request was made by Commander W. W. Bennett of the 10th district U. S. Coast Guard, for five picket boats to be placed at Grand Haven, Holland, Michigan City, St. Joseph and Muskegon. The picket is a speed boat type recommended for use in emergency calls into Lake Michigan or nearby waters.

The death of a Grand Rapids youth off the Grand Haven State Park this summer, when he attempted to swim ashore from an overturned canoe, might have been averted had the local coast guard crew had a speed boat of that kind. As it was the coast guard was eight minutes reaching the place where the lad went down, as the boats in use here are the slow type that have always been used by the coast guard.

Congressman Mapes' prompt action in trying to secure funds for this improvement has shown his appreciation for the need of swift craft, especially where there are thousands going into the water and sailing and motoring out of the five important places in the district, remarked an official of the coast guard.

OTTAWA DEMOCRATS PLAN  
TICKET IN THIS COUNTY  
MANY FROM HOLLAND

The Democratic ticket for this district and county to be submitted to the Democrats at the coming primary election in September was partially filed at a meeting of the Democratic county committee headed by Charles E. Misner, county chairman.

Petitions are now being circulated for the various candidates and thus far there appears to be no rivalry at the primaries.

George Caball, Zeeland, will be a candidate for state senator; Fred Kampbeek of Holland, former sheriff of Ottawa, will run for state representative. Another candidate for state senator is former Mayor Ernest C. Brooks.

In the county Walter Lehman of Zeeland will head the county ticket as a candidate for sheriff; Mr. Lehman has been a previous candidate for this office; Nick Sprietsma, Holland, will be a candidate for county treasurer; Louis Stemphy, Chester township, candidate for drain commissioner; William Elferdick, Holland, for surveyor; Peter Freese, Spring Lake, a member of the village council, will run for circuit court commissioner in the northern half of the county and Henry Van Oord, Jamestown, for circuit court commissioner in the southern half.

Herman Bittner, Holland, will be a candidate on the Democratic ticket for the office of county clerk at the coming primary election, Sept. 15. Harold Boven of Grand Haven will be a candidate for register of deeds.

The balance of the ticket will be filed later as the Democratic party will place a full ticket in the field. The petitions must be filed for both Republicans and Democrats by July 28, with the county clerk, with the exception of the petition for state senator which must be filed at Lansing.

Work on the Allegan resettlement administration purchase area, which will be developed into a large recreational ground, the third of its kind in the state is progressing rapidly according to E. I. Nowell, RA regional director.

The 35,000 acre tract will be similar to those playgrounds being developed at Waterloo and Yankee Springs. A crew of 250 W. F. A. workers will soon start building cabins, planting trees, making fish-rearing ponds and other improvements. They will also make a beach on the lake being formed by the Kalamazoo river power dam near Allegan. In time it is hoped the region will afford a refuge for game. Camp barracks have been set up west of Allegan for the working crew.

NAMED OFFICER OF  
ATTORNEYS' ASSOCIATION

John R. DeWaters, prosecuting attorney of Central Park, Holland, Ottawa county, was elected first vice president of the Michigan Prosecuting Attorneys' association at the annual convention held in Topinabee this year. Mr. DeWaters has been prosecutor of Ottawa county several years.

William J. Miller of Escanaba, Delta county prosecutor, was elected president of the association succeeding Albert J. Rapp of Ann Arbor. Leonard J. Patterson of Sanilac county, was elected second vice president and Deputy Attorney General James F. Shephard, secretary.

MICHIGAN DEMS PLAN  
TO DRAFT JOHN DOLFIN

Friends of John Dolfin, Jr., of Muskegon, see youthful orator of Michigan Democrats, are planning to disregard his recent announcement he will not make the 9th district race for congress. They are planning to circulate petitions for him in five leading district cities—Muskegon, Cadillac, Traverse City, Manistee and Ludington. If Dolfin should change his mind due to the draft attempt, he would enter the primary against Jack Eliasohn, Mason county prosecutor, and Chester P. Emunson, state legislator from Manistee.

HOLLAND MAN TO HANDLE  
MURPHY CAMPAIGN FOR  
GOVERNOR

The appointment of Russell Haight of Holland as Ottawa county campaign manager for Frank Murphy, candidate for the nomination for governor on the Democratic ticket, was announced in Grand Rapids on Thursday by Charles S. Weber, fifth district campaign manager for Murphy. Mr. Haight will have charge of all Murphy organization work in Ottawa county.

TO GO TO CONVENTION IN  
SEPTEMBER

Edward Schierbeek and Gary Smith were elected delegates and Jerry Mulder and Jacob Menken alternates to represent the Central Avenue Young Men's Society at a convention to be held in Grand Rapids in September. A special meeting of the organization was held Tuesday evening last week in the Central Avenue Christian Reformed church. The president, George De Vries, opened the meeting with prayer which was followed by the reading of scripture and singing of hymns. Bert Kamphuis read the treasurer's report. Arrangements were made for a beach party to be held soon.

Edward Harkema, 12, of Jenison Park, is reported to have landed a 4½ pound bass off the dock at the park. He used a night crawler for bait.

## COMMUNICATION

Kollen's Park has certainly been a place of interest so far this summer, judging from the number who visit it. One can always find cool breezes blowing and much comfort under its beautiful shade trees.

Hundreds of younger folks take delight in cooling off by jumping off its dock into the water, although this water is far from being clean. Nevertheless during the summer of 1935 not a single case of any kind of disease has been discovered by the guard stationed there. A sign reading "persons going bathing do so at their own risk" is placed there.

It is surprising to know how some of the youngsters have learned to swim by a little instructing from a guard.

Last week, Lloyd Helder of 214 W. 8th St. who was just learning the strokes was accidentally pushed off the dock and with his beginner's knowledge of swimming together with the assistance of the guard, he was easily rescued.

Every effort is being made by the guard to avoid any accident, for Michigan waters take a heavy toll of life each year. Here however life belts, drag hooks, etc., are immediately available for any emergency.

Murray Has Not  
Forgotten His  
Promise to Us

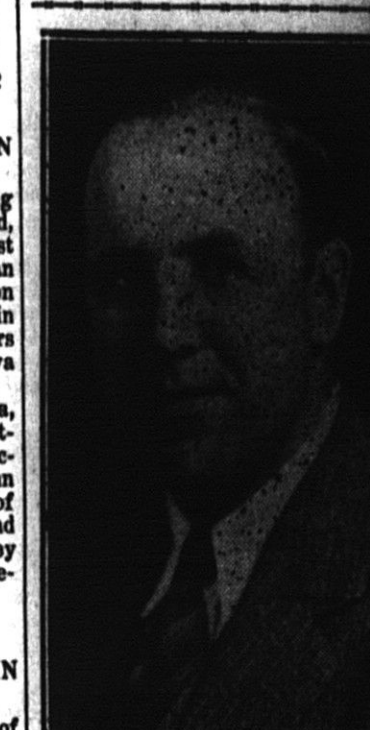

WANTS TO BUILD THAT MICHIGAN-ERIE ROAD WITH  
HOLLAND THE  
TERMINAL

The Chamber of Commerce of Holland and a hard-working committee of citizens have been working for three years to perfect plans for a highway from Holland—as the north lake terminal—diagonally across the state into Ohio and to Toledo, connecting with the main truck lines east and west.

This Holland committee has spent much time and effort and money visiting communities along the route and brought enthusiasm in districts touched by this super-highway. Soon a dozen committees were at work although the initial step was taken by a few men at a meeting in the Chamber of Commerce rooms in Warm Friend Tavern. Twelve miles from Holland to and beyond Hamilton have already been laid. The old "Bee Line" to our neighboring village, a project advocated by this newspaper for several years, has at last become a fact.

Now 2½ miles more will be laid and 8 miles beyond Allegan is also in the program.

While on one of these trips one of the commuters from Holland suggested that the road be named the Michigan-Erie super highway, so

MURRAY D. VAN WAGONER  
State Highway Commissioner

named because it connects up the two large "fresh water seas." When the truck line is completed in all likelihood it will be named just that. Anyway Murray D. Van Wagoner has kept his promise often given the Holland committee who were and are constantly in touch with the State Highway Department through Secretary Wm. M. Connelly.

The following printed in the Allegan Gazette, shows the complex of this Michigan-Erie highway "set-up."

At a cost of \$59,897.75 a contract has been let for changing and paving two and one-half miles of M-40 near Dunningville eliminating two grade crossings and straightening the line. Ten miles of paving of this road between Hamilton and Holland recently were completed. A grade separation south of Holland and construction of a new bridge across Kalamazoo river north of Allegan (Huggins bridge site) will be undertaken as soon as financial conditions will permit.

"My idea of a more adequate highway system in Michigan," said Commissioner Van Wagoner, "includes a direct route from Holland to the Ohio state line at Toledo. As we can, we will have existing gravel sections of M-40, widen bridges, and construct a diagonal southwest of Jackson. The work we are doing in Allegan county is not only an aid to local traffic but an integral part of the master plan for this important interstate highway."

BOY SCOUTS PRESENTED  
OUTFITS BY WM. HATTON

(Grand Haven Tribune)

Each of the twenty-four Boy Scouts in Troop 3, sponsored by the Eagle-Ottawa Athletic association of Grand Haven, were much pleased when presented with official Boy Scout shirts, breeches and socks as a personal gift from William Hatton. Mr. Hatton is honorary president of the Ottawa County Boy Scout Council; in fact, he was the man to start the first Boy Scout movement in this county many years ago, and has always been a strong booster for this worthy cause for the very good reason that the Boy Scout movement is one of the finest character builders.

Also Mr. Hatton secured from the Consumers Power Co. one of the finest camp sites in Michigan near Newaygo.

Kerchiefs and hats were recently donated by the Eagle-Ottawa Athletic association.

## Reduced Telephone Rates

Effective on the Dates Shown Below

By order of the Michigan Public Utilities Commission, dated July 1, reductions are made in certain Telephone rates and charges in the Holland exchange.

On rural lines the charge for the upright or desk type telephone is reduced from 25 cents a month to 10 cents, and will be eliminated entirely after the customer has had that type of telephone in service continuously for 18 months.

The charge for the hand telephone is reduced from 25 cents a month to 15 cents, except on rural lines where it remains at 25 cents, and will be eliminated entirely, as at present, after the customer has had that type of telephone in service continuously for 18 months.

The above reductions will be effective in the case of present customers on August 6.

Reductions also are made in the charges for installing and moving telephones, and for changing the type of telephone instrument. For instance, the charge for installing a business telephone where there is no instrument already in place, is \$3.00; for a residence telephone where there is no instrument already in place, it is \$1.50. Those reductions became effective Saturday, July 11.

Effective August 6, charges for rural multiparty service beyond six miles from the base rate area are reduced. Monthly rates for other residential and business service are unchanged except that the four party business service is discontinued, and two party business service will be furnished at the former four party business rate.

Telephone service now represents greater value than ever before. To place an order, or to obtain further information call, visit or write the Telephone Business Office. Installation will be made promptly.

The Bank's Interest in Community Prosperity

● The banker has the same interest in the welfare of his community that a farmer has in the proper fertilization of his land.

The farmer's purpose is to increase the yield from his acres. The banker, too, knows that the bank's growth and profits are dependent in large measure upon the prosperity of the community.

Therefore, by encouraging thrift, by suggesting improved financial methods to the business man, and by lending money to responsible borrowers for productive purposes, the bank is serving its own, as well as community interests.

LOCAL NEWS

The work on a new \$38,000 addition to the Grand Haven municipal light and power building, one fourth of which will be financed through P. W. A., was scheduled to get underway this week with the selection by the board of public works of a local contractor, Elio Emery, as superintendent. The addition will be 30 by 120 feet. The board also authorized advertising of bids for a new Diesel engine of from 1100 to 1600 kilowatt capacity, almost twice the size of the present engines. The bidding will close August 12 at 5 p.m.

The Grand Rapids symphony orchestra under the direction of Carl Wecker, will present a concert at the amphitheatre at Castle park, Saturday evening. The program will consist mainly of selections from light classics. Arrangements for the concert which will be followed by other presentations as well as dramatic productions are in charge of Mrs. M. H. Needham, chairman of the entertainment committee. The concert starts at 8:45 P.M.

A truck driven by Sidney M. Jarvis, 51 East 12th St., and owned by James M. Gray of this city, overturned when struck by a car driven by Mrs. Arie Ter Haar, 68 E. 22nd St., Tuesday morning on the short route to Ottawa Beach which was recently covered with tarvia. The mishap occurred when Mrs. Ter Haar attempted to drive the car back onto the tarvia after it had skidded in loose shoulder gravel. The three youths riding with Jarvis, Norman Wagner, Gerald Heider, and Harvey Buter escaped injury. Mr. Jarvis and Mrs. Ter

Haar and her small son, a passenger in the car, also escaped injury.

Mrs. John Du Mes and Mrs. John Orlert were hostesses to a division of the Ladies' Aid of Third Reformed church of Holland at a luncheon at the C. Du Mes cottage at Idewood Beach on Lake Michigan.

A group of lads, members of the junior and intermediate play classes at Castle park, went on an overnight hike recently. Jay Van Hoven, swimming instructor and Robert Wismeier, sports supervisor, accompanied the youngsters. The boys hiked to Half-way creek, five miles south of Castle park, on the shores of Lake Michigan. Here they camped, played games and swam. They returned to their homes at Castle park on the evening of the next day. Those on the expedition were Jim McLean, Dick Steketee, Howard Pierce, Bill Costen, Bob Steketee, Don Matheson, Joe Pierce, Dick Needham and Pierce Erb.

Lakeside, the shaded resort between the bend in park road and Lake Macatawa near Jensen, is the mecca for sufferers from city heat. Mrs. H. B. Deary, who operates Deary lodge and numerous cottages, reports that all cottages at the resort are filled.

Miss Shirley Gill Pettus of Louisville, Ky., who has been a guest of Mrs. W. N. Snow at Ottawa beach for a few days, left for a month's cruise to Alaska.

Fifteen slot machines, said to be valued at from \$500 to \$1,000, were confiscated in a series of raids in the vicinity of Macatawa Park and Ottawa Beach, according

to Deputy Sheriff Tony Groenewold of Holland. The raids were made at nine places by Sheriff Ben H. Rosema and Deputy Groenewold. The machines were taken to Grand Haven. Deputy Groenewold said no arrests had been made today, but that complaints likely would be filed. He said the sheriff's department will continue raids in the county.

There were 184,250 people at the Grand Haven State park last week, which is the record attendance this year. The crowd Sunday was about 45,000 with the Oval parking places filled up early in the day. Many drove around in an effort to find a place and a double line of traffic was maintained during the afternoon and evening—Grand Haven Tribune.

The newest and most novel summer home in the local watering place is that of Mr. and Mrs. Charles B. Clarke of Wyoming Park, Grand Rapids, located at Chippewa Beach, the secluded resort on the north shore of Lake Macatawa, near Ottawa Beach. The summer home is of log cabin construction, yet is equipped with all modern conveniences suited for all year living. Despite the modern equipment one finds upon entering that those living in it are "roughing it" because of the rustic interior. Natural knotty pine panels line the interior walls. In one corner, beside the fireplace built of historic stones, is a spinning wheel. Mr. Clarke explained that the ancient spinning wheel was brought to this country from Germany by his grandparents in 1870. "Sun-breeze" is the appropriate name given the new cottage.

**DEATH ENDS COLORFUL CAREER OF FORMER LIFE SAVER; BORN ON SHIP'S DECK**

William L. Andres, former chief of police and a marshal of Grand Haven in the old lumbering days, died Sunday night following a long decline caused from the infirmities of age.

At the time Mr. Andres was chief of police here he was 69 years old, believed at the time, to have been the oldest police chief in the state. He was born Sept. 3, 1869, aboard a sailing vessel, docked at the old wharves across from the municipal slip six hours after the boat had come in to Grand Haven harbor from Milwaukee. His parents were Mr. and Mrs. Ernest Andres, who had come here to make this city their home.

He attended the local school until 14 years old when he went into the light house service as an assistant to the late Captain Harry Smith, the light keeper. He was large for his age and possessed unusual strength. Later he was transferred to the life saving service at the local station under the late Captain John De Jonge. He remained with the life saving crew for two years and then became city marshal, a post he held for seven years.

At this time Grand Haven was at the peak of the lumber industry. Lumberjacks and mill workers were, in many cases, a rough class and combined with the sailors off the lumber schooners and the floatmen and jetties of a seafaring town the life of a law enforcing officer was a busy one. Mr. Andres, who was then a fine athlete, was forced many times to quell brawls with his own fine physical strength and his reputation for law enforcement was widespread.

At one time he, with a brother, E. H. Andres, managed the old Cutler House, Grand Haven, a hotel of great fame then. They had previously built a hotel at Water and Franklin Sts., in that city, part of the building which is still standing and which up until the past year was occupied by the Chicken Inn.

From about 1896 to 1901 he was keeper at Jackson Park station at Chicago. He was married then and as Mrs. Andres' health was poor he resigned and went to Florida. While in Florida he supervised the installation of lumber mill machinery. He later went to Charleston, S. C., to take a position with the street railway. He was in charge of the construction of a powerhouse. From there he moved to Philadelphia and worked for a contracting firm. He supervised a number of large concrete jobs and also installed a moving stairway in the Wanamaker store.

He at one time was the nominee for sheriff on the Democratic ticket in this county.

**IMPRESSIVE MARRIAGE CEREMONY AT GRACE EPISCOPAL CHURCH**

An outstanding social event during July took place late Saturday afternoon at Grace Episcopal church, this city, this edifice being the scene of a lovely ceremony when Miss Will Louise De Vane, daughter of Mr. and Mrs. William A. De Vane of Grand Rapids and Macatawa, became the bride of Edward Bruce Bittner of Alma, son of Mr. and Mrs. Edward Bittner of Holland.

Rev. Wendell Davis read the service at 4 o'clock to 100 guests before an altar banked at the sides with palms and ferns and baskets of roses that surrounded two silver candelabra. The entrance to the church was marked by baskets of white roses and larkspur. The program of music included "Because" by Guy D'Harcourt, "I love You Truly" by Carole Jacobs Bond and the wedding march from "Lohengrin."

The bride, who was given away by her father, was charming in a floor length white dress of silk net, made tunic style over a taffeta skirt. She wore an off-the-face hat to match and carried a shower bouquet of calla lilies and lily of the valley.

Mrs. Lawrence Beckman attended the bride as matron of honor and wore an aqua marine stained cotton lace dress, with puffed sleeves and a jacket trimmed in duobonnet velvet. Her hat was aquamarine silk net with a small brim and her shoes were duobonnet crepe.

Little Donna Leight Spaman, flower girl, was sweet in a pink ruffled dress of dotted swiss. She carried a white basket of flowers.

Guy Henry Spaman acted as best man and Judson Orrin Ross of Detroit and Carl M. Pohl of Chicago were ushers. Mr. and Mrs. Guy Spaman completed the wedding party as master and mistress of ceremony. Mrs. Spaman wore a tunic dress of pink dotted swiss with a large grosgrain hat and deep blue accessories.

The mother of the bride chose a two-piece white crepe dress with a large white hat and pale green accessories while the mother of the groom wore a dress of blue lace with white accessories.

Directly following the ceremony a bridal supper for the wedding party, relatives and intimate friends was served in the summer home of the bride's parents at Macatawa. Later in the evening a reception was given for the other friends at the lake.

The bride couple left for a trip through the northern peninsula and expect to return to Macatawa about the first of August to spend the rest of the summer until they move to Alma to establish their home in the fall. Mrs. Bittner chose a dress of cocoa brown georgette chiffon over brown silk with a three-quarter matching coat and white accessories as her going away outfit.

The bride attended Sullivan college in Bristol, Va., and Mr. Bittner studied at Michigan State college.

The out-of-town guests included Mr. and Mrs. Judson Ross and Mrs. Elrose Alexander of Detroit, Mr. and Mrs. Carl M. Pohl of Chicago, Mr. and Mrs. Arthur Olden and Mr. and Mrs. Robert Sellers of Battle Creek, Mr. and Mrs. Will Crowder of Muskegon, Carl Mitten of Alma, Miss Marian Hirsler of Ovid, Miss Esther Hansen of Niles, Mrs. H. E. Alramen of Florence, Wis., and Mrs. Mina Hemstreet of Eaton, Ohio.

**IN A HOT KITCHEN**

**IS NO WAY TO ENJOY SUMMER**

**AN ELECTRIC RANGE WILL MAKE YOUR KITCHEN 15° COOLER**

**STAY FRESH**

Foul, burned-out air is what betrays on these kitchen headaches, and that awful tired feeling. None of this with Electric Cooking.

**KEEP COOL**

So clean, so cool is Electric Cooking that you could wear your pretty-out frock in the kitchen without spoiling it.

**TAKE IT EASY**

Automatic Electric Cooking means that you can put a whole meal in the oven and forget it until time to serve.

**DO YOUR COOKING ELECTRICALLY**

It's a shame that any woman should have to work and perspire in a super-heated kitchen these hot days. And so unnecessary! Permanent relief from kitchen drudgery is so easily obtained with an Electric Range—a fact that has brought no end of joy to nearly four hundred homes in Holland.

An Electric Range will make your kitchen as cool as your outdoor porch—and keep it as clean and fresh as any other room in the home. Those who enjoy electric cooking will tell you that on a hot day it will make at least 15° difference in your kitchen. Why wilt in your hot kitchen when such glorious relief is available!

**NO WASTED HEAT WITH ELECTRICITY**

It's the heat that's wasted that makes a kitchen so unbearably hot. With an Electric Range you concentrate all the heat upon the food you are cooking—none is wasted. There is no flame—nothing to give off excessive heat, soot, or to foul the kitchen air. And it costs so little that you'll wonder why you have waited this long to get that "Cool Kitchen" you want so much.

**IMPORTANT OUTING AT TUNNEL PARK**

The monthly outing of the Zeeland federation of 4-H clubs was held Friday afternoon at Tunnel Park. Eighty-seven persons were present, including members, guests and friends.

Transportation for the outing was furnished by Dr. William Van Zoeren and Nelson De Hoop of Vriesland; Orrie Elenbaas, Myrtle Ten Have, Mrs. Anthony Roney, Tom Dewey and Mrs. Siebe Wiersma, Zeeland; Jacob Kloosterman, Beaverdam; Roy Nykamp, Townline; John Kemme and Joe Arendson, Noordeloos; Adrian Komejan, Borculo; Wayne Lowing, Jensen; and Mr. Pino, Zeeland.

A meeting was held by the Federation council after the supper. It was decided to hold the next monthly meeting at Zeeland High school gymnasium on Friday evening, Aug. 21, at 7:45 o'clock. Each club will furnish a number for the program at this meeting and Mrs. Grace Vanderkolk will give the federation information on the exhibits to be made this year at the Marne fair.

Members of the council who were present were Mr. and Mrs. Otto Pino, Zeeland, sponsors of the federation; David Ten Have, chairman, Zeeland; Albert Diepenhorst, Noordeloos; president; Dorothy Formsa, Beaverdam, secretary; Anson Van Haisma, Vriesland, treasurer; John Kemme, Noordeloos; Roy Nykamp, Townline; Lillian Schuyling, Agnes Walters, Myrtle Ten Have and Mrs. Siebe Wiersma, Zeeland; Nelson De Hoop, Vriesland; and Mrs. Vanderkolk, county demonstration agent, Grand Haven.

Herman De Vries and Lillian Schuyling, who attended the 4-H State conference at Lansing recently, were present. Mrs. Vanderkolk spoke briefly of the success of the Chippewa group at the 4-H conference at East Lansing. This group was made up of Ottawa County delegates.

**TODAY, FRIDAY, IS LAST DAY OF COOKING SCHOOL**

For the last three days the Montgomery Ward and Co., 25 - 27 East Eighth Street, Holland has been conducting a cooking school in their large emporium.

Manager H. Weiskamp states that the school closes late this Friday afternoon, however he invites all those from Holland and vicinity and the resorts in this neighborhood to come and spend this last afternoon, enjoying and benefiting by a very instructive lecture on cooking. Besides there will be free prizes given. Many leading food firms are co-operating to make this cooking school interesting and successful.

Remember the school starts at 2:30 p. m. and this Friday afternoon is the only opportunity left. The Demonstrator is Mr. Henry Da'Vette of Chicago, an expert in culinary art.
