## HOLLAND YOUTH IS DROWNED AT FURNACE PICNIC

Body Found at Picnic at  
Tunnel Park Following  
Brief Hunt

Rites for Warren Reed  
Are Held on Tuesday  
Afternoon

Tragedy marred the annual picnic of the Holland Furnace Co. Saturday at Tunnel park when Warren D. Reed, 18-year-old son of Mr. and Mrs. William O. Reed, 77 East 21st St., was drowned in Lake Michigan about 3 p.m.

Reed was one of at least 14 persons in Michigan who were drowned over the week-end as thousands sought relief at beaches from the heat.

The fact that Young Reed was drowned in about four feet of water some 50 feet from shore led Dr. John K. Winter, county coroner, to surmise that the youth suffered a fainting spell from the heat and from entering the water too soon after eating.

But Dr. Winter said his verdict would be accidental drowning. He reported that water was removed from the lungs to prove that drowning had occurred and that contents of the stomach indicated digestion had not started at the time he entered the water.

Reed's body was recovered from Lake Michigan after he had been missed. It was reported that Lester (Red) Thorpe had seen three young men enter the water and shortly afterward two of them came back to shore.

Thorpe asked the two where their companion was and they replied they hadn't seen him. Thorpe then requested Henry Boersma who was in charge of the amplifying system at the furnace company picnic to "page" Reed and when he failed to respond to calls a search was started.

Within 15 minutes his body was found in the four feet of water by Gerard Van Wyne, East 23rd St. Thorpe and Eugene Hicks, 905 Jefferson St., Grand Rapids aided Van Wyne in taking the body to shore. Holland police were called and Police Officers Ernest Bear and Gerald Vanderbeek responded with the department's resuscitator.

For more than an hour, they worked over the youth's body but were unable to restore life. Belief was expressed the body had been in the lake only about 15 minutes when the youth was discovered missing.

Reed's father is an employee of the furnace company in the foundry department.

Reed was a junior student in Holland high school this past school year.

He is survived by the parents; one sister, Helen Mae; one brother, Wayne; and the grandparents, Mr. and Mrs. William H. Lundie, route 5, Holland.

Funeral services were held on Tuesday at 3 p.m. from the home and 3:30 p.m. from Trinity Reformed church, with the Rev. H. D. Terkeurst officiating. Burial was in Pilgrim Home cemetery.

## New Peak in Heat Likely in Holland Area Today

**Wednesday's 95 Is Highest  
of Year Thus Far; Cool  
Breezes Greeted**

With a strong wind blowing from the south and southwest this forenoon, residents of Holland and vicinity found some relief from the intense heat which has prevailed the past eight days.

But with the 11 a.m. temperature today reported as 89 degrees, today may be the hottest thus far this year.

The temperature for 11 a.m. Wednesday was 85. Wednesday's maximum temperature, highest of the year, was 95 and was recorded about 4:30 p.m. Minimum temperature for the 24 hours ending 7 p.m. Wednesday was 74.

The temperature at 2 p.m. today was 94. It was 91 at noon and 93 at 1 p.m.

The excessive heat has sent thousands of persons to Lake Michigan beaches the past few days in an attempt to gain relief. A steady stream of cars travelled the highways leading to the lake through Wednesday and Wednesday night.

Reports from the Holland State park today revealed that Wednesday's attendance was larger than the Fourth of July crowd. The beach visitors remained as late as possible and many did not leave the park until almost midnight, the park's closing hour.

The new pavilion at Holland State park was a beehive of activity throughout the day. Other beaches along the lake were visited by large crowds.

Today's stiff wind was churning Lake Michigan into a rough sea and lifeguards at Holland State park were expected to have their hands full in keeping swimmers from venturing too far into the lake. Crowds swarmed to the state park this forenoon to escape the heat.

The temperature of the water at Holland State park was 77 plus and bathing was described as "fine."

Numerous persons who sleep in upstairs bedrooms reported difficulties in sleeping this week because of the intense heat.

Deputy Sheriff William Van Etta was called out this afternoon on the Ottawa beach road to aid in extinguishing a forest fire. Due to the continued dry spell, Van Etta and Conservation Officer Forrest Layov have been extinguishing grass and forest fires at the rate of three or four each day.

Van Etta asked autoists to extinguish cigarettes before throwing them to the side of the highway. Grass fires started by cigarettes spread in some instances to woods.

## REDUCTION DUE IN SPEED LIMIT ON CITY ROUTES

Engineer Favors Maximum  
of 35 Miles Per Hour  
at Outskirts

Survey Made as Result of  
Protest to High Rate  
on N. River

H. S. O'Brien of Grand Rapids, district No. 5, traffic engineer for the Michigan highway department, informed a group of Holland officials July 18 that he will submit recommendations to highway officials which, if approved will reduce speed limits on state routes within the city limits so as not to exceed 35 miles per hour.

Mr. O'Brien spent Thursday in Holland and had the traffic conditions pointed out to him by Henry A. Geerts, member of the police and fire board, Acting Police Chief Jacob Van Hoff and Walter Vander Haar, Holland township clerk.

His visit to Holland was in response to a letter sent him by City Clerk Oscar Peterson at the request of the police and fire board. The commissioners at their meeting on June 4, were presented a petition by residents on North River Ave. who protested prevailing speed limits along that street.

Prevailing speed limits permit cars to travel 45 miles per hour at the city limits but are graduated to a minimum of 25 miles per hour closer to the business district. At that board meeting, Mr. Geerts favored a reduction in speed limits, contending that drivers exceed the limits along River Ave. in the vicinity of the Black river bridge.

Mr. O'Brien said Thursday that he will recommend that a 45-mile-per-hour sign be placed one-half mile north of the S-curve on US-31, just north of the city. As an added safety measure, he will recommend the installation of a 35-mile-per-hour "slow" sign 500 feet north of the curve.

This 35-mile-per-hour zone will continue from this point to the vicinity of the Voss garage on North River Ave. where it will be reduced to 30 miles per hour and this zone will continue to Seventh St. where it will drop to 25 miles per hour. "Slow" signs are to be placed on the First St. curve. This will eliminate a present 45-mile-per-hour zone near the bridge.

The 25-mile-per-hour zone will continue along River Ave. to the intersection with 19th and State Sts. and Michigan Ave. where it will be increased to 30 miles per hour. This limit will prevail to 28th St. where a 35-mile-per-hour sign will replace a 45-mile-per-hour sign.

On M-21, east of Holland, Mr. O'Brien will recommend that the 45-mile-per-hour sign be moved to the vicinity of Visser's junk yard in order to give motorists additional distance to reduce the speed of their cars for the curve there. Also, the sign marking the end of the controlled zone for cars leaving the city will be moved further east along the road.

Mr. O'Brien also plans to recommend installation of new button stop signs along US-31 near Holland to replace present signs which are somewhat in bad condition. They would be placed at Lakewood Blvd., Howard Ave. and 32nd St. The department will furnish school signs for schools in the city and township upon request.

Regarding installation of a traffic light at any intersection along the highway as it passes through the city, Mr. O'Brien said common council or police and fire board should submit a request to the highway department which in turn will provide means of conducting a survey at the intersection as the department provides certain regulations, such as how many accidents have occurred there, how many pedestrians cross the intersection and how many automobiles pass through the intersection in governing the installation of a traffic light.

Allegan, July 25—Speed limits on US-31 between the South Haven city limits and the junction with M-69, west of Fennville are being sought by Prosecutor Ervin L. Andrews as the result of four fatal accidents on this stretch of highway this spring and summer.

Andrews conferred with state police officials about the matter but final decision in the matter rests with the state highway department.

## CRAFT PERILED BY STORM OVER LAKE MICHIGAN

### Local Boats That Entered Mackinac Race Thought to Be Safe

Charlevoix, Mich., July 25 — Coast Guardsmen rescued two crippled yachts from Lake Michigan today and search was continued by plane and cutter along the entire northern shore for other craft possibly damaged in a storm of gale proportions last night.

The two yachts rescued were returning homeward from Mackinac island after the annual race from Chicago to the straits. Nine other sailing boats were unaccounted for but guardsmen said that no fear was felt for them as yet.

The yacht Gaviotap of Chicago, owned by C. Lyngby, was picked up 11 miles northwest of Charlevoix this morning by coast guards and towed into port here. Its sails had been ripped in the 50-mile an hour wind and canvas had choked the wheel.

The Kewadin, of Pentwater, was towed in last night. Shortly before noon the cutter Escanaba brought in the Stepha and released it off the harbor with a broken boom and spreader. Guardsmen brought it into port. The Escanaba reported the Stepha was picked up off Cross Village.

Coast guard headquarters here was notified that the following boats had left Mackinac yesterday and had not yet been sighted: Bangalore, winner of the Mackinac race; Princess, Taharaha, Manitou, which won the recent Port Huron to Mackinac race; Manota, Duchess Ann, Staghov, Copperhead, and Sea Gal K.

Guardsmen said, however, that some of them may have gone eastward from Mackinac.

In Traverse City, Lieut. A. H. Harned and a crew took off in a coast guard amphibian from the base here for the straits area. Harned said an aerial patrol would be conducted through all northern waters from here to the straits.

The Mackinac island coast guard station this afternoon informed O. W. Lowry, one of the owners of the Larikin, which participated in the Chicago-Mackinac Island race, that the boat had escaped damage in Wednesday night's windstorm.

Mr. Lowry was informed that the only seriously damaged boat was the Intrepid which was washed ashore during the storm. Other boats escaped damage when owners lifted anchors to ride out the storm.

Mr. Lowry said an especially heavy storm would be required to drag the Larikin from its moorings as it is equipped with a heavy anchor.

Henry S. Maentz who sailed aboard Larikin as a member of her crew in the Chicago to Mackinac race returned to Holland last night. Mr. Lowry returned to Holland this morning, having traveled as far as Grand Rapids Wednesday night.

The Larikin escaped third place in her division by eight seconds and was awarded fourth place in the race in her corrected time. She finished the race 10 minutes ahead of the Princess, three-time winner of the race, and was 20 minutes behind the Rubiyat, twice winner of the race, which is owned by Nathaniel Robinkam of Michigan City, Ind.

Police reported that Kemper had no driver's license and when Mrs. Kemper appeared before Municipal Judge Raymond L. Smith this forenoon on behalf of her minor son, the court instructed Mrs. Kemper to obtain a driver's license for him.

The bridesmaids were gowned alike in aqua marquisette of a quaint period with long puffed balloon sleeves, old-fashioned corset waist line, Peter Pan collars and long full flared skirts. Across the bosom and in the lower part of the skirt were insets of aqua chantilly lace. The attendants carried white muffs of meline over satin, each trimmed with a spray of different flowers and each with a matching hair corsage.

The matron of honor was gowned in peach chiffon with a simple aqua jeweled clip and three dozen tiny peach buttons in the back. She carried a shower bouquet of talisman roses and wore a rose in her hair.

The bride's mother wore a gown of accordion pleated jersey and a corsage of orchids of a dark shade. The bridegroom's mother wore a dusty pink marquisette and a corsage of orchids. ## Exchange Club Holds Outing

The July outing of the Holland Exchange club was held at the Holland country club Monday with dinner served at 6:30 p.m. to 45 members present. Golf and horseshoe furnished recreation.

The newly elected president, Clarence Jalving, presided at a short business meeting. Frank Brieve, Clarence V. Gray and Russell S. Friday were introduced to the club as prospective members by the retiring secretary, A. E. Lampen.

Mr. Lampen was presented with a briefcase as the club's appreciation for his 14 years' work as secretary. The retiring president, John L. Van Huis, was given a past president's button by the new president.

Secretary Lampen received notice that the Holland club had again won a prize, a road sign, in the attendance contest during the past year. This is the ninth time that the Holland club has won a prize during the past ten years, indicating continued good attendance at all meetings. The club also won a road sign last year. The two signs will be placed at the approaches to the city on the Zeeland road and on US-31 south.

Henry A. Geerds was elected as director for one year to complete the unexpired term of John A. Swets who was elected the new secretary.

The first regular fall meeting is scheduled for the second Monday in September. Another outing will be held in August.

## Vandersluis Organizing Chorus for Convention

Although the annual convention of the Michigan Council of Churches and Christian Education which will be held in Holland Oct. 23 to 25 is three months away, John Vandersluis, Holland's dean of choral music, is already making plans to have outstanding music at the three-day event.

At the present time Mr. Vandersluis is recuperating from a serious illness which confined him to Blodgett Memorial hospital in East Grand Rapids for five weeks this summer. But the indomitable will and optimism of the 78-year-old veteran who believes that music is a fountain of youth has won and he is busy organizing choruses and selecting music.

Special music at one of the evening sessions will be provided by a 175-voice chorus of Holland including singers from the Reformed church choir of Holland and Central park, First Methodist and Baptist churches and 50 singers of the Christian Reformed churches.

Mr. Vandersluis has contacted choir directors throughout the city and has met with enthusiastic response. William J. Brouwer and C. J. De Koster are rounding up the singers of the Christian Reformed churches. The first practice of the large chorus is tentatively set for October 6 in Third Reformed church. Mr. Vandersluis already has selected a number of soloists.

Selections which the chorus will sing include "How Beautiful Upon the Mountain," Walter Spinney, with Marjorie Brouwer as soloist; "Seek Ye the Lord," J. V. Roberts, with Gilbert Van Wyne as soloist; "My God and I," Latvian Spiritual arranged by I. B. Sergel, with Mrs. Art Aalderink, Audrey Butler and Jack Bos as soloists; "Mighty Jehovah," Bellini, with Clarence Vogelzang as soloist; and for climax, "The Heavens Are Telling," Haydn, with trio to be selected by Mrs. C. Trapp, director of Trinity choir.

Music for another night will be furnished by the capella choir of Holland high school under the direction of Miss Tride Moore. Announcement of the choir's selections will be made after the director organizes her group early in the fall term.

Music for the other night at the convention will be supplied by the chorus which furnished music at the Ottawa County Sunday school convention last fall in Zeeland. The chorus under Mr. Vandersluis' direction will sing "O Morning of Beauty," Sibelius; "Fear Not Ye O Israel," Sprickel; "Beautiful Savior," Christiansen; "Listen to the Lamb," Dett, and "Hark, My Soul," Shelly.

Mr. Vandersluis has been serving as music director at county Sunday school conventions for the past 37 years and at state or district conventions for about 35 years. The last state convention was held here in 1916.

Although music has been his main hobby and diversion for the past 83 years, Mr. Vandersluis has had a colorful career as merchant, mayor and sportsman. He

## DUTCH DOWNED IN CONTEST AT MICHIGAN CITY

### Await Chance at Revenge in Return Game Here in August

The Michigan City Cubs, a Chicago Cub farm team which is coming here sometime in August, whipped the Holland Flying Dutchmen, 10-2, before a crowd of 2,500 at Michigan City Friday night.

Holland had only one beginning and that was the first when it scored on Driscoll's ground ball. Casey Niefert walked, filling the bases, and Driscoll and De Witt scored on Ken Vanden Berg's single to right field.

In all, the rest of the innings, except the ninth, while the Cubs were garnering 10 runs on 13 hits allowed by Bob Vanden Berg and Lefty Van Wieren, Holland came and went three up and three down.

Nels Van Lente and Sonny De Witt got singles in the sixth and eighth, respectively, and Ev De Neff and De Witt came through with singles in the eighth.

The Dutchmen are hoping for better luck when they meet the Grand Rapids Dutch Kratts at Valley Field today.

Stan Hack, star third baseman for the Chicago Cubs and Andy Lotshaw, Cub trainer, appeared and thrilled the large crowd with their antics during the game. Stan Hack displayed his hitting ability before the game by hitting a few out of the park and later coached at the first base line until the seventh inning when the umpire "chased" him out for stepping out of the coach's box and arguing with the umpire.

Vanden Berg and Van Wieren besides allowing ten hits, walked five and struck out seven. Lippold and Hogan allowed six hits, walked two and struck 12. Vanden Berg pitched until the sixth for Holland and Lippold pitched until the ninth for Michigan City when he was hit in the stomach by Ev De Neff's liner.

Holland led 2-1 until the fifth inning when two singles and two doubles to right field brought in three runs. The Cubs practically cinched the contest in the next inning when Rohde homered over the right field wall with two men on base.

Sofiak scored after a single to center field in the seventh and Rohde finished off with a double to right field with Hosinski, who had walked also scoring.

## TRACTOR TEST IS SCHEDULED

Zeeland, July 25 (Special) — Members of the part-time agricultural classes of Zeeland high school are laying plans for a tractor plowing contest to be held Wednesday morning, Aug. 14, on the Walter Naber farm three and a half miles southwest of Zeeland.

Many details are not complete but the committee has decided on the main points. In the first place it was thought best this year to make it a dealers contest not a farmer contest. Many new tractors are being purchased and this contest ought to be of value in making comparisons of various makes of tractors and plows. Several dealers have been approached and they are interested. Twelve to 15 machines are expected to participate. Fuel consumption will be a part of the test. Local farmers will be the judges. An effort will be made to have a representative of the agricultural engineering department of M. S. C. discuss some phases of power farming.

This plowing contest is being held on the same day and as a part of the Zeeland merchants annual farmers picnic, so it will be a big day for farmers and a large crowd is expected. The businessmen think they can arrange a portable loud speaker system to assist in understanding on the field.

These part-time classes are composed of young men who plan to farm and who are seeking to become more efficient farmers by attending classes one night a week throughout the winter. This summer they meet once a month and visit projects being carried out by the various members. These tours to date have included such projects as sweet clover pasture and dairy herd improvement on the farm of Harvey Bolt, dairy breeding improvement at the Robert Forsma farm, potato growing and spraying at the Jason Geerlings farm, electric milker at the Chester Baron farm and the experience at the Harley Mulder farm.

On Aug. 12 they will take a trip through central Michigan to see how other farmers operate. This plowing contest is just a part of their program to increase their find of information for their future farming careers.

The committee representing the class in this contest is composed of Harvey and Clyde Bolt, Donald Tanis, Harley Mulder, Boyd Mulder, Albert Meeuwsen and Peter Petroelje. Clyde Bolt, secretary-manager, said that the total plans will be completed soon.

**EMERGENCY CORPS IS BEING ORGANIZED**

Creation of a new emergency service corps in the Ottawa-Allegan Boy Scout council was announced here by Scout Executive M. P. Russell.

It is planned to provide such a corps in each community until a time when there are sufficient scouts within a troop to maintain a troop corps.

The first applicants to the corps are Scout Executive Russell, Lloyd Brown, scoutmaster at Coopersville and lay instructor in first aid for the scout council and the Ottawa county Red Cross chapter; and Charles David Oughton of Battle Creek, formerly of Plainwell who has been director at Camp Ottawa for the past three years.

The corps will act in such emergencies as drownings, or other accidents.

The applicants are required to pass a physical examination and qualification tests and hold designated merit badges. The corps is limited to scouts and leaders over 15 years of age.

## Graveside Rites Are Held for Infant at S.L.

Grand Haven, July 25 (Special) — Graveside funeral services for Karen Yvonne Kamp, infant daughter of Mr. and Mrs. William Kamp of Spring Lake township, were held on Saturday at the Spring Lake cemetery.

The child, born at Municipal hospital in Grand Haven on June 24, died there early Saturday.

Besides the parents, she is survived by the grandparents, Mr. and Mrs. Bert Holstege of Spring Lake township and Mr. and Mrs. Neil Kamp of Nunica.

## BIRTH INQUIRIES AT G.H. DELUGING CLERK'S OFFICE

Grand Haven, July 25 (Special) — William Wilds, Ottawa county clerk, reports that his office is being taxed to capacity with applications received personally and through the mails for birth certificates.

Mr. Wilds said he would be unable to give the number of certified copies that had been issued out of his office.

He stated that in many instances the birth records were unavailable, due to the fact that prior to 1906 the supervisor for each township and ward was required to report the births that occurred during the year with the county clerk's office and, consequently, a good many of them were never reported. However, the legislature passed an act which took effect in 1906 whereby the doctors are required to file a certificate of each birth with the city clerk and the township clerk who, in turn, are required to make a copy for their own office, one copy for the county clerk, the original to be sent to the department of state, bureau of vital statistics in Lansing. So subsequent to 1906 the birth records are quite accurate. This also applies to death records.

The birth and death records in the county clerk's office date back to 1867 and if any person who was born in Ottawa county finds there is no record of his birth in the county clerk's office, under the law, he may go to any judge of probate in Michigan and make application for a delayed birth registration, the judge of probate sending in the application to the department of state, bureau of vital statistics, which department makes a photostatic copy of this record and mails it to the county clerk of the county in which this person was born, after which the county clerk can put it on record and a certified copy can be issued.

Applications have been received from many different parts of the United States. Birth certificates are required by many industries now.

Grand Haven evened the count in their half of the third on Crane's hit and J. Brazda's home run. Holland again went ahead in the fourth on hits by Van Geldern, Zyk, and Weener. Their seventh run came in the fifth when Vodyke added another homer over the center-field fence.

The court ordered that he be required to save a certain percentage of his earnings and report such savings to the probation officer. The court ordered that if he makes \$12 a week he should save \$1, and whatever he makes over that amount to save one-half of that.

Joe Appel, 49, route 1, Grand Haven, who entered a plea of guilty July 6 to a charge of drunk and disorderly conduct three offenses, was sentenced to serve not less than 20 months, nor more than two years, in Southern Michigan prison. DOROTHY THOMPSON ON  
FORD

If we ordinary Americans  
should get stuck for some one to  
run the country, all we need to do  
is turn the job over to Dorothy  
Thompson, columnist and Sinclair  
Lewis's wife. There is one woman  
who knows it all; she could doubt-  
less even give wholesome advice  
to God.

In a recent column she had her  
say on Henry Ford's refusal to  
make airplanes for England. She  
hinted very strongly that the Uni-  
ted States government should com-  
pel Ford to fill the contract. In  
the present emergency, she im-  
plied, it was fantastic to carry our  
conception of liberty so far that  
we would allow a man like Ford  
to dictate to the government what  
the airplanes he turned out would  
be used for.

Now Ford may be a crank in  
some ways, and his idea of refus-  
ing to manufacture airplanes for  
the government if those planes are  
to be used for any other purpose  
than national defense may be the  
notion of a crank. It is perfectly  
legitimate to ridicule the idea and  
to argue against it to the end of  
the chapter. Many Americans un-  
questionably disagree with Ford  
and look upon his decision as nar-  
row-minded. It is anyone's privi-  
lege to feel that way; this is a  
free country.

But that was not Dorothy  
Thompson's attitude. Her hint was  
(it came near to being a demand)  
that Ford should be compelled to  
manufacture those airplanes for  
the government even if the govern-  
ment should turn them over to  
England—on the theory of course  
that in helping England we would  
be defending America.

On that last point too Dorothy  
Thompson has of course the right  
to think as she pleases. But she,  
or anyone else, does not have the  
right to suggest that an American  
citizen, in time of peace, should  
be forced to manufacture what he  
does not wish to manufacture.  
Once concede that and American  
democracy would no longer be  
worth fighting for, because it  
would already have disappeared  
from the earth. If Ford or anyone  
else could be forced by the govern-  
ment to turn out airplanes in  
violation of his conscience, there  
would no longer be any essential  
difference between Americanism  
and Nazism. For the cornerstone  
of the Hitler structure is of course  
that the individual citizen has no  
rights that the government is  
bound to respect.

Dorothy Thompson is the arch-  
foe of the Nazi system. But she is  
proposing to turn the American  
government into a Nazi system.  
That is not only unattractive, it  
is downright stupid.

## THE CHURCH INVITES YOU

Babson on "America's Need"

Roger Babson recently told a re-  
ligious group that America must  
choose between "a spiritual re-  
vival or a revolution." I also fore-  
cast, "Babson said, 'that there  
will be a return to evangelism.  
After colleges have found that  
education cannot be sold, after  
Congress learns that prosperity  
cannot be legislated, after the  
voters learn that relief comes not  
through the distribution of funds,  
there will be a return to religion.  
It again will be recognized that  
real progress comes only as men  
are born again.'"

The Church is the one institu-  
tion which fosters rebirth of the  
soul. Why not accept the invita-  
tion and come to church next  
Sunday?

Weighting Consequences  
Proverbs 1: 7-10; Isaiah 5: 11, 12,  
18, 23; Galatians 6: 7-9

By Henry Geerlings

The book of Proverbs is differ-  
ent from any of the other Old  
Testament books. It belongs to a  
kind of literature more popular  
among Eastern than among West-  
ern peoples. Popular proverbs are  
to be found in nearly every lan-  
guage and many of those in the  
book of Proverbs may have origi-  
nated in this way. Yet this book  
reveals that it was the work of  
professional teachers whose col-  
lections of sayings, covering a  
considerable period of time, were  
finally compiled in the one book.  
The main portion of the book is  
traditionally ascribed to Solomon  
but even within this section the  
work of others is acknowledged.

The lesson passage is taken  
from the first section which is  
really a long poem upon the na-  
ture and characteristics of wis-  
dom, who is regarded as a person.

The words of Isaiah belong to a  
group of utterances which date  
from the prophet's earliest minis-  
try. He had grown up in a great  
age when the kingdom of Judah  
had enjoyed abounding prosperity.  
But luxury was weakening the  
moral fibre of the leaders of the  
community. Isaiah emphasizes the  
righteousness of Jehovah and his  
work of judgment and pointed  
out that judgment was coming up-  
on Judah in the advance of the  
Assyrian armies. Opposition to  
Isaiah's views was inevitable and  
he had already arisen for he taught  
that God was more concerned  
about the righteousness and purity  
than about their prosperity.

Paul wrote to a group of church-  
es in Asia Minor. The letter was  
called forth by conditions in the  
churches. The churches which he  
had founded had come to treat his  
authority as an apostle lightly and  
had rejected his specific teaching,  
adopting that of the Jewish Chris-  
tians in Jerusalem. The change  
was perhaps due to a fickle tem-  
perament, liable to be captured by  
new religious excitement.

This lesson has to do with  
choices which people have to make  
and the rewards that come from  
clean living. A famous Russian  
violinist was once asked if it were  
true that old violins had a much  
sweeter tone than newer instru-  
ments. This is a commonly ac-  
cepted belief. He replied that it  
was not always true by any  
means. There are certain kinds of  
music which cause deterioration in  
the woodwork of the violin. So it  
depends upon the kind of music a  
violin has played whether it im-  
proves with age or not. This is a  
parable of life. It is true that god-  
liness is profitable for all things,  
for the life which now is and that  
which is to come. If the kind of  
music that is played on a violin  
eventually leaves its mark on the  
instrument itself, how much more  
surely will the thoughts and acts  
of a man leave their impression on  
the man himself. Sometimes you  
can see the results of this process  
on his very face.

It has been truly said that the  
good things of life have to be paid  
for in advance, the evil things on  
account. This applies to clean liv-  
ing. We must forego some indul-  
gences in order to keep a clean re-  
cord. It is also true that virtue is  
its own reward and that the clean  
life is rewarding at once as well  
as later. The present is happier  
and more rewarding when we give  
up evil ways. The rewards of clean  
living do not always come in ma-  
terial ways, though employers  
usually keep promotions for those  
whom they admire and can trust.  
They come most richly in the form  
of the inner happiness of a clear  
conscience, the ability to look  
friends frankly in the face, the  
joy of God's presence. Prayer is  
a happy exercise, the Bible is a  
source of joy instead of dread,  
worship is enjoyed rather than  
avoided.

Clean living, however, must be  
so described as to suggest that it  
is largely a matter of not doing  
things that are dangerous as to be  
better given up. This is not only  
unwise and unbiblical but mislead-  
ing also. The point is to carry the  
mind of Christ into every part of  
life, work, play, love and religion.  
The consequences of our choices  
are inseparable. Sowing and reap-  
ing are bound up together. Some-  
times we are tempted to doubt this  
and to fear that they will lose the  
reward of their faith. They need  
encouragement to trust the prom-  
ises of God. Often sinful people  
believe they can disregard it and  
escape the penalties of evil. They  
too, need the warning. They may  
beat the game outwardly for a  
time, even a long time, but in the  
end will reap what they have  
sown.

Made at Tunnel Park

Activities at Tunnel park this  
week include two factory picnics

smaller affairs such as reunions,  
church outings and a number of

The steadily increasing popular-  
ity of the park as a gathering  
place for picnics and outings of  
all types calls to mind the need  
of additional room at the park to  
accommodate the ever-growing  
crowds. At the last session of the  
board of supervisors, the possi-  
bility of purchasing additional prop-  
erty bordering the north and south  
limits of the park was discussed.

## Enduring Defense Policy Urged by Major Geerds

### History of National Guard Is Traced in Talk to Rotary Club

Major Henry A. Geerds speaking on "The Place of the National Guard in America" at the regular noon meeting of the Holland Rotary club in the Warm Friend tavern last Thursday, traced the history of the national guard from its birth in 1916 down to the present time.

"Do not think national defense is an institution or idea or hobby for today only but rather that part of our government which secured to us the blessings of democracy," he said.

Today the national guard is equipped with plenty of modern weapons but for the past four years, he said, for example, the guard has had to train with 30 caliber guns on blueprints and has not felt the modern guns.

"You can't starve a man for 20 years and safely gorge him the next year," he commented.

Since 1931 the guard has trained men to shoot machine guns and small caliber, has also taught the use of 45 caliber guns with 200 rounds of ammunition reduced to 250.

Let's urge congress to set up a defense policy that will endure, he said, and not take domestic reaction as a solution to our problem. "If we are going to be faced with mechanized warfare, let's provide for adequate defense against mechanized warfare and not be satisfied with that which was successful 60 years ago."

Defense has its first great snag in 1930, he pointed out, when conservative groups "put in their dirty little" and curtailed all the real training of the regular army and the guard. These groups used the churches and schools, the greatest forces of good in the country, he stated, to destroy every initiative to provide adequate defense. Denominations thought they were doing the right thing by forbidding men to bear arms.

This country has always depended on the volunteer system for military and naval defense and yet at times, he explained, the federal and state legislatures and social custom did everything to destroy any incentive on the part of the boy to become part of the armed force. In 1913, he said, when a man enlisted he was called a "no-account, looking for a place to have an easy living."

The type of men you "wish" into an organization are the type of men you find there, he added. This sort of thing continued until the semi-emergency in 1914 when the marines went to Vera Cruz and public opinion began to support the voluntary system.

After the war in 1920 the national defense act was amended and set up and perpetuated the national guard as "sister" to the regular army and supported by organized reserve forces. This branch of the service did well in 1922 when there was plenty of ammunition and all the officers training the men were those who had been commissioned in the World War.

The Rotary program was in charge of Dr. Edward Dimmett, Cornie Stokette, accompanied by Miss Marjorie Stokette, led group singing before the speech. President Larry Lam announced that Dr. John Huitinga had been made an honorary member.

### HOPKINS FUGITIVE IS BACK IN PRISON

Grand Rapids, July 25.—Daniel Johnson, 66, an escaped convict who spent the past year, on a farm near Hopkins, today was back in Indiana state prison at Michigan City, Ind., where he fled in 1932.

Since 1932 he had lived in Allegan, where he married the former Marian Irvin of Byron Center, in Grand Rapids and near Hopkins.

Johnson was arrested first for murder. He took part in a shooting in Kentucky and went to Kentucky state prison for life. He walked away from this institution and lived for a time in Indiana where he was arrested for larceny and sent to the prison at Michigan City in 1931, to walk away the following year.

"It has been sledding for me," said Johnson. "I have always been fearful the law would take me and now it has. I don't mind going back to prison but I hate to think of leaving my wife and three children. I don't know who will take care of them."

Johnson's arrest came about when on July 5 he was arrested for larceny at Allegan. His fingerprints were forwarded to the FBI. In the meantime he had paid a \$10 fine and had been released.

Trooper William Gibbs of the Rockford post, received word from Washington as to Johnson's identity and notified all officers in that section of the state. Thursday evening Johnson went into Wayland and was arrested by Police Chief George Douglas of that village, and turned over to the state police.

## GR. COLTS BEAT HOLLAND, 7 TO 4, IN TENTH INNING

### Vanden Berghs and Wenzel Star in Regular Play; Face Five Hurlers

Having been held to a 3-3 tie in nine innings with the Holland Flying Dutchmen at Riverview park Monday night, the Grand Rapids Colts, second place holders in the Michigan league, went ahead in the 10th on three singles, and error and two walks to win, 7-4.

Bill and Ken Vanden Berg and Lauren Wenzel were the heroes of the game until the 10th inning when Bill Vanden Berg, who returned to Holland last week to pitch his first game for the Dutchmen after several years in the minors, allowed two walks and three hits and Ken Vanden Berg made his second error.

Holland's new right hander met the opposition of five pitchers—one of which is really a first baseman—but in the first nine innings gave only seven hits. As usual, the Dutchmen garnered the most hits. Lauren Wenzel and Ken Vanden Berg counted four and three respectively of the 11.

Their inability to bat in their runners left the locals with 17 men on base while only seven of Grand Rapids who were on the path, did not score.

Their actions on their first visit to Holland resembling at times those of a sandlot team, the Colts besides using five pitchers shook their lineup early in the game, shifting the catcher to first base and the first baseman to catch. After Spencer Smith had pitched the first four innings and allowed as many hits, Joe Bosko, Ed Leider and Roy Wheeler, pitchers, and Jim McCloud, first baseman, came in to hurl for the visitors and to divide among themselves the last six innings. Acting Manager Joe Wojey who is filling in while Burleigh Grimes is suspended, withdrew the first three men before Head Umpire Fred Scheerhorn banished the fourth and before the fifth finally finished a hectic two-hour-and-35-minute game.

Wheeler first protested in the eighth when both Scheerhorn and Babe Woldring called him on a balk which sent Ed De Neff to third and Elmer Van Wieren to second (neither scored). At last man up in the ninth, he "balked" at the plate. Scheerhorn said he struck. Wheeler said he didn't and called Umpire Scheerhorn a name which no Dutchman would like to hear, before being sent to the seething Col dugout.

Jim McCloud fled out to center field in taking Wheeler's turn at bat and pitched the last of the tenth when Elmer Van Wieren on a fielder's choice and Sonny De Witt's double—his only hit—brought across Holland's last tally. With everything from loaded bases to countless near riots, the thousand fans who turned out on this hot, mosquito infested night, cheered and jeered and stomped and clapped.

The Grand Rapids club, although quite different from the hard-fighting but good-natured negro clubs which Holland has seen this year, nevertheless, like them, ended up on top after the locals had outclassed them in several other ways.

The invading pitching squadron walked 11 men and struck out eight. Bill Vanden Berg who has already placed with Charleston, S. C., and Montgomery, Ala., this summer, walked three and struck six.

Nels Van Lente, Ken Vanden Berg and Elmer Van Wieren scored the runs by which the Hollanders kept time with the furniture city nine—rather 13—for nine innings. Elmer Van Wieren, Lake Shore league star and a cousin of Lefty, joined the Dutch club only a few games ago. Ken Vanden Berg is playing his first year as a regular. He hit his first Flying Dutchmen home run in the sixth to tie at 2-all and knocked in Van Wieren on a single to center field in the seventh to tie at three-all.

Wenzel in five times at bat, died on base three times and knocked in one run. He totaled four hits.

Both teams were helpless in the eighth and ninth innings, Holland leaving two men on base in each case and at the same time figuring two hits to their opponents' one.

Trailing 4-2 in hits in the first three innings, the Colts finally opened up in the fourth when Bill Moore's double brought in Wojey who had the first walk. Moore scored on a single to center field.

Nels Van Lente got the second of five consecutive walks in the fourth and scored all the way from first on Wenzel's double to left field.

Nothing happened then until the sixth when Vanden Berg rounded the sacs to tie the count and the seventh when Jim Cooney scored after a double to put Grand Rapids once more in a one-run lead.

Bob Ogle, third baseman and lead-off man, singled to center in the tenth, stole second, went to third on Bill Moore's single and scored when Sosh also singled to center. Centerfielder Brande walked to hold down the sacs with Moore and Sosh before Tex Hoy's walk forced in another run.

Sosh and Brande both crossed on the shortstop's error.

### FISHERMEN'S MEET IS GRANTED DELAY

Grand Haven, July 25 — In order to allow for complete organization of the 10 districts into which the Great Lakes have been divided, the organization of a state-wide commercial fishermen's association which had been set for July 20 at Frankfort, has been postponed to a later date.

Claude Ver Duin, chief organizer and originator of the plan, said Monday that nine districts have been organized and the tenth in the Saginaw bay district will be assembled July 30 at Bay City. A date will then be set for the state-wide meeting of directors chosen from each of the districts. The officers will be selected from the board of the new association.

Ver Duin said this is the first time an attempt has been made to organize all the districts into one group. One of the first acts sought is the removal of the state sales tax on all supplies and equipment purchased for commercial fishing.

### Offers Explanation of Resort Band Concerts

In answer to a statement made at last Wednesday's common council meeting by Ald. Frank Smith that the Holland Chamber of Commerce objected to a concert by the Holland American Legion band at Macatawa park, E. P. Stephan, secretary-manager said here that the organization did not object to the concert but had not asked for one there.

He explained that the Chamber of Commerce did not feel free to ask for three concerts to be given this year in the resort areas and, with two concerts in mind, it was felt advisable to stage them at Waukazoo Inn or Castle park as these two resort centers are members of the Chamber of Commerce while Macatawa park is not. Mr. Stephan said he felt Chamber of Commerce members should be given preference.

Police Officer Jerry Wanderbeek became a "radio detective" Monday afternoon in search for trouble which was interfering with radio reception at police headquarters.

With a portable radio, he traveled about the city and finally located the trouble in an old electric fan in the office of a local dentist. The dentist promised to purchase a new fan. The interference made it almost impossible to receive state police messages over the radio here.

## Dutch Costumed Group Entered in G. H. Parade

### Will Select Holland Unit for Part in Coast Guard Fete

S. H. Houtman, general Tulip Time manager has reported that a Dutch costumed group from Holland will participate in the parade to be held Aug. 3 at Grand Haven as one of the features of the annual U. S. Coast Guard water fete, the event marking the 150th anniversary of the coast guard service.

He said the group will be attired in costumes representing the various Netherlands provinces. Dutch milkmaids also will be included in the group which will be selected later.

Other participants in the parade will be the Michigan national guardsmen and white-uniformed coast guardsmen. The parade will move at 2 p.m. down Washington St. in seven sections, headed by the 126th infantry band from Grand Rapids and followed by landing parties from the coast guard fleet, station men, light-house section Company F of the 126th infantry and military units from western Michigan to include some 700 men, machine guns, ambulances and military trucks.

Veterans of Foreign Wars and American Legion men from western Michigan posts will be interspersed with drum and bugle corps in the line of march. Women of auxiliaries will join this section.

The seventh district rally of the VFW will be held here Aug. 2 and 3.

The nationality section will be a highlight this year, with some 60 persons in costumes representing several nations. Some will ride horses and some will march. A Dutch unit from Holland, a Swedish group and other nationality groups from nearby cities already have accepted invitations to march. Mrs. John Vyn is chairman of this section. Cash prizes will be awarded for the best costumes and groups.

An added section this year will recall pioneer marine families of this locality. Pioneers of their descendants will ride in cars marked with old representative names when Grand Haven was a lumbering town with hundreds of boats going in and out and when its shipyards were known over the great lakes. Ford Barnett is in comic costumes to amuse the charge of this feature and says 100 or more persons will take part.

Invitations have been sent all port cities on Lake Michigan where there are coast guard stations to send floats representing their communities.

Coast guard equipment such as life, surf and powerboats will be mounted on beach carts and trucks. Among the cities asked to co-operate are Frankfort, Manitowish, Ludington, Holland, Muskegon, Charlevoix, South Haven, St. Joseph, Michigan City, Chicago, Manitowoc, Green Bay, Sheboygan, Racine, Kenosha and Escanaba.

Boy Scouts, Girl Scouts, Sea Scouts, Camp Fire Girls and Cub Scouts will march in uniform comprising the sixth section. The last section will be a comic one with midget autos, scooters, decorated bicycles, ponies, dogs hitched to carts and marchers dressed in crowds.

Services tonight will be in the form of a farewell for the Rev. and Mrs. Henry Harms who have been in charge of children's work throughout the conference. Mr. Harms also had charge of street meetings which were held every night on the corner of River Ave. and Eighth St. The Harms will leave Friday morning for their home in Greeley, Colo. ## REGISTERING OF VOTERS IN CITY IS ON INCREASE

Deadline for Primary in September Is Only Month Away

With the two major political parties having nominated their presidential and vice-presidential nominees and plans being made for their campaigns, Holland voters, not otherwise registered, have the opportunity to register to make them eligible to vote in the 1940 presidential election.

City Clerk Oscar Peterson announced here that voters may register any day from 8 a. m. to 5:30 p. m. with exception of the lunch hour from noon to 1 p. m.

He said there has been a consistent registration of local voters the past week. Last week's registrations total about 25, including two on Saturday. Mr. Peterson said no registration notices have been sent out but this will be done later.

Deadline for registrations for the fall primary on Sept. 10 is Aug. 21 but after Sept. 11 voters may register up to Oct. 19 for the Nov. 5 election.

A presidential election always draws a large registration because a large number of the voters have come of voting age. Other registrars are those who have moved from one location to another. Still other voters, who vote only in presidential elections, and appear before the city clerk to have their registrations renewed.

Holland's voting population is about 7,108, not including recent registrations. On June 17, Mr. Peterson reported this registration as information he was gaining for a report to be submitted to common council relative to the proposed change in the ward boundaries in this city.

At that time, Mr. Peterson estimated 450 voters would register to vote in the fall election. To help these persons who wonder if they have to register this year, Mr. Peterson gives the following information:

Newcomers to the city, persons who have recently attained the age of 21 or persons who will be 21 before the primary election, should register now. Holland residents who have moved here from out of the state must reside in Michigan for six months before they can register.

Persons who voted in 1937 or in subsequent elections will not have to register now, but women who have married since they last registered must do so under their married names.

## FENVILLE WOMAN IS INJURED TWICE

Fennville, July 25 (Special)—Mrs. Laurence Hutchins believes the old adage "Three times and out" can afford to be shortened in her case as four teeth were knocked "out" in a second accident in one day Saturday.

In the morning while picking flowers Mrs. Hutchins fell and struck the shears into her body, although not seriously. In the afternoon while scrubbing the porch floor she slipped on the soapy surface and fell full length striking her lower lip on the ear of the pall ball. Four teeth were knocked out and a wide gash an inch long was cut completely through under the lower lip.

Mrs. Hutchins was alone at the time but reached her husband by telephone who took her to the local doctor's office where five stitches were needed to close the wound. The accidents happened at the U. S. Crane farm home where Mrs. Hutchins and her family were staying, doing the Good Samaritan act while Mrs. Crane was at the W. K. Kellogg camp at Pine Lake.
