Crowds Throng Stores For Clearance Sales

Several Drivers Lose Licenses

GRAND HAVEN (Special) — The following residents of Ottawa County appeared at the sheriff's office Thursday afternoon before a representative of the Department of State regarding re-examination for their driver's license, with the following recommendations:

Robert Lee Dirks, 18, of 867 West 25th St., Holland, 30 days suspension; G. Regorio Sofia Moralez, 24, of 311 East Seventh St., 30 days suspension; Gerlofe Holwerda, 19, Route 3, Holland, revocation; Vern Pippel, 19, of 340 Colonial St., Zeeland, 60 days suspension; Charles Russell Hitsma, 19, of 1616 Franklin St., Grand Haven, 60 days suspension; and Arnold Lee Cizder, 19, route 2, Nunica, revocation. All appeared for habitual negligence.

Milan Clark, who has been driver's license administrator in Ottawa County for the past 10 months, and since the program went into effect last November, is being transferred to Kent and Ionia counties, with headquarters in Grand Rapids. Clark will be replaced by H. S. Bever, of Eaton Rapids, who will have his headquarters at Muskegon, Ottawa and Allegan Counties. Bever was with the enforcement division of the Michigan State Highway Department for nine months and for five years was with the Eaton County sheriff's department.

Law enforcement officers, including Avery Baker, referee of the Juvenile Division of the Ottawa County Probate Court, Probate Judge Frederick T. Miles, Sheriff Gerald Vanderbeek and Prosecuting Attorney James W. Bussard, report that since a meeting was held in the court house last June 9, to which all law-enforcing officers, municipal judges, justices of the peace, etc., were invited, Clark was also present and outlined some of the procedures in dealing with children under the age of 17 years found guilty of violations of motor vehicles laws. They are exclusively within the jurisdiction of the probate court and there is a very definite trend showing a reduction in the number of violations committed and accidents in which juveniles under the age of 17 years are involved.

Many men are now completing their three weeks training period for this type of work and they will become active on Monday, July 26, when Bever will take over in the three counties, including Ottawa, which is also the reason for the re-alignment.

Holland Mayors Get Together as Area Tour Begins

Holland Mayor Harry Harrington welcomed another Holland mayor Friday — Mayor and Mrs. Rene J. H. Roell of Hammett, The Netherlands.

Roell, whose city lies in the heart of the area struck by disastrous floods in February, 1953, is on a good-will tour of the United States to visit American groups that backed the emergency flood aid program.

Touring at their own expense, the couple faces an arduous round of receptions and luncheons during their two-day stay in the Holland-Zeeland-Grand Rapids area.

Friday morning, following the reception in Holland, the couple and Willard C. Wichers, director of the Netherlands Information Service, left for Grand Rapids to meet flood committee co-chairmen James Ver Meulen and Cornelius Van Malsen along with their wives.

After the luncheon the Roells were to meet numerous Americans who formerly lived in the Hammett area on the Schouwen Duiveland Island.

Voters Must Name County Delegates
GRAND HAVEN (Special) — County officials have reminded voters that for the first time the names of delegates to the County Conventions for both Republican and Democratic parties will appear on the voting machines.

The move, expected to facilitate election of candidates, was approved by voters at the last election.

Officials also pointed out that write-in candidates are possible even with voting machines.

Directly above each office column on the machine, is a horizontal row of numbered slides, to write-in a candidate the voter need only raise the slide, and write the name on a paper behind it.

When the slide is returned, the paper rolls so that the name is concealed. The slide cannot be raised if any pointer in that column is down in voting position, and no pointer can be turned down if the slide at the top of the column is raised.

She awakened all the rest of the family and all escaped by jumping from second floor windows. The men jumped first and caught the children as they were aided out by the women.

Fire Chief Henry Hobeck, who has not determined cause of the fire, estimated damage to the \$3,000 house at \$2,000, plus \$2,000 damage to the contents. He reported that the framework and joists of the house were not burned.

CORALIE (CORKY) MARCUS

... White House Reception ...

'Corky' Receives Ike Reception by Ability to Speak

HOUSTON TEXAS (Special) — Some persons have been known to 'talk' their way past one or two secretaries in Washington, D. C., but few have talked their way from Houston, Texas to a White House reception.

This was the amazing feat of 16-year-old Coralie (Corky) Marcus, daughter of Mr. and Mrs. James Marcus of 4610 Kingsbury St. who moved here four years ago from Holland, Mich. where she attended an Raalte school.

Corky warmed up by talking her way to 18 speech medals in tournaments throughout Texas and nearby states. In addition she was named San Jacinto High School's outstanding junior speaker, and awarded the "outstanding achievement" prize — just for talking.

But talking paid off at the recent Texas Girls State assembly where Corky was named along with another Houston girl to attend Girl's Nation in Washington D. C. July 30-Aug. 6.

It must have taken a tall amount of talking to emerge from the 300-state convention delegates as a candidate for the honor, but again it was right up her alley.

In fact, Corky, whose grandparents are Mr. and Mrs. Tien Marcus of 215 West 12th St., is so busy talking she even has to fly to Washington instead of taking the train as originally planned.

Why? Because she has to talk before the American Legion convention in Ft. Worth, Texas, the day before the opening of Girl's Nation.

Corky doesn't get much of a rest from speaking activities as she is active in church work, including serving as president of the Riverside Methodist Young People's group and the Methodist Zone organization. When these are not taking her time she is vice president of the San Jacinto chapter of the National Forensic League and a National Honor Society member.

The question now is what will happen when Corky strides across the west portico of the White House and comes face to face with the president?

Chances are that Corky is one girl who won't be caught — speechless.

Heart Attack Fatal For James Prelesnik

He married Mary Rabbit of Austria Nov. 10, 1897. In 1910 they moved to West Olive where he farmed. He was a member of St. Patrick's Catholic Church.

Besides the wife he is survived by 12 children, William at home, James, Jr., Louis and Joseph of Grand Haven, Rudolph of Spring Lake, Robert, Walter and Julius of route 1, Grand Haven, and Leo of New York; Mrs. Adolph Schmidt and Mrs. George Jedlika, both of Grand Haven; a sister in Austria, and 29 grandchildren.

The rosary will be recited at the Kinkema Funeral Home Friday at 9 p.m. and funeral services will be held at St. Patrick's Church at 9 a.m. Saturday with the Rev. Edward J. O'Hara officiating. Burial will be at Lake Forest cemetery. Six of the sons will be pall bearers.

Holland Man Given Corrected Sentence

GRAND HAVEN (Special) — Carl W. Price, 35, of 244 East Eighth St., Holland, appeared before Judge Raymond L. Smith in Circuit Court this morning for a corrected sentence.

On Nov. 1, 1951, Price was sentenced from 18 months to life at Southern Michigan Prison at Jackson on a charge of rape which was allegedly committed upon a 15-year-old girl in the city of Holland April 26, 1951.

In a recent opinion of the attorney general, it was necessary to have Price returned before the court for the corrected sentence so that a maximum number of years could be given. This morning the court corrected the sentence to be not less than 18 months nor more than 25 years.

Dutch Theologian Sounds Notes of Thanks, Caution

Expresses Appreciation For American Aid But Urges New Perspective

A note of thanks and a note of caution were included in a short talk given Thursday to the Holland Rotary Club by Dr. Hendrikus Berkot, president of the Dutch Reformed Church theological seminary in Dreibergen, The Netherlands.

The note of thanks was sincere. "America's allies in Europe have confidence and admiration for this country," Dr. Berkot said. "The United States has given generously — almost too generously."

"There must be a psychological law of some kind that makes it difficult for persons to be aided by an outside source and still not resent it somewhat. Most Europeans are doing what they can to end this leaning on America."

The note of caution was equally sincere. "America must never forget that Russia has a fear of this country," Dr. Berkot said. "Drawing on his experience in East Germany recently, Dr. Berkot contrasted the Russian regime with the one he knew under Hitler."

"We could see Hitler was a temporary menace, but Russia has existed and proven her ability to remain strong." The obvious difference then is that we must deal with Russia with an understanding that she will remain with us.

"I belong to a minority in Europe," Dr. Berkot made clear. "I do not believe that EDC's are an answer to the problem."

Berkot maintained that the German army would inevitably dominate the European army. "We might better keep Germany neutral — as a buffer state," he said.

Main thrust of the note of caution was the excessive reliance upon power by the United States. "Communism is a social problem, stemming from men who want to eat and live normal lives," he said.

America must not think that H bombs are effective in this kind of combat.

Berkot urged thinking of Russia in terms of a long term ideological struggle. This, he said, was actually an optimistic approach because America was particularly strong in this sphere and "the moral, the devout groups have a way of retaining their strength."

Dr. Berkot was introduced by Dr. Lester Kuypers. Guests included Wilson Wyatt, former Housing Administrator, and Harold J. London, director of Motion picture production for the National Polio Foundation. President Bob Kouw, presided.

Holland Firms Deny Charges

GRAND RAPIDS, MICHIGAN — Attorneys for two Holland firms filed a brief answer in Federal Court late Thursday denying charges made against them by an internationally known woman chemist from Vicksburg.

Dr. Maria A. Moricz, in a \$1,000,000 suit filed July 1, charged two Holland firms and two Guatemala companies profited when officials in Guatemala forced her to reveal a discovery she made while working for an oil company in Guatemala.

In her suit, Dr. Moricz said she discovered a formula for extracting a chemical from a tropical plant and that it was taken from her because she was not a Communist. She said her life was threatened by Communists in Guatemala and that she was not permitted to leave the country until she disclosed the formula to Guatemalan officials.

Her suit named two Guatemalan firms, including one in which deposed Red President Jacobo Arben Guzman was listed as a principal stockholder, and two Holland firms as having profited from her formula.

Attorneys for the Charles Bowman & Co. and the Bowman Feed Products, Inc., both of Holland, filed an answer denying all charges made by Dr. Moricz against them.

DR. WILLIAM SCHRIER

Hope Professor Appointed to New Far East Program

DR. WILLIAM SCHRIER, head of the Hope College Department of Speech since 1939, has been granted a leave of absence to accept an appointment to the University of California Far Eastern teaching plan.

The new program includes teaching freshman and sophomore courses to military and civilian personnel in Okinawa, Guam, Japan and Korea.

Members of the teaching staff conduct one or two eight-week courses in each location, before taking a two-week break and transferring to one of the other schools.

Teaching loads are limited to three hour courses, four nights a week. Rest of the time is free for travel and study throughout the area.

"Classes consist of a variety of 'students' from 20-year-old privates to 50-year-old colonels, or possibly nurses or other civilians. About 25,000 GI's are currently taking the courses which are fully accredited by the University of California."

Teachers have simulated officers' rank, life in officers quarters and have post exchange, housing and other privileges. Stipends include an ample subsistence allowance plus a salary.

Because of the critical war conditions in the area, Mrs. Schrier will remain in the United States although she plans at least one trip to Japan where her daughter and son-in-law Capt. Robert M. Japling are stationed.

And of course there's grandson "Rickey" who will also be on hand for the reunions. Dr. Schrier expects to visit the Japlings several times during his stay in the Far East.

A three-day briefing at Berkeley, Calif., is planned for members of this year's staff beginning Aug. 25. Schrier will fly from Travis Air Force Base on Sept. 1.

Schrier, who has a doctor's degree from the University of Michigan, estimates he will travel about 16,000 miles. The teaching assignment is for a full year. He will teach speech courses.

Miss Helen Harton of the Hope speech faculty will serve as acting head of the department in his absence.

2 Persons Killed As Cars Collide West of Fennville

Little Girl Found In Nearby Field Following Crash

FENNVILLE (Special) — A three-year-old girl, asleep in the back seat of her parents car, was killed along with a 22-year-old Pullman man in a two-car collision a half-mile west of the former Todd farm early Sunday morning.

Victims are: Connie Elaine Onken, daughter of Mr. and Mrs. Richard A. Onken, Jr., of Fennville.

Lester Tracer, Jr., 22, of route 1, Pullman.

Onken was traveling south and was alone in the car. He was enroute home after attending the stock car races at nearby Douglas Airpark. The Onkens were traveling east toward home after attending a movie at a drive-in theater.

Onken said he saw the Tracer car coming at a high rate of speed but thought he had slackened his speed and didn't realize they would meet at the intersection.

Onken, least seriously injured, was able to walk to the nearby farm home of George Hayes. The two took Mrs. Onken to Douglas Hospital in the Hayes car while neighbors called South Haven state police.

The Onkens were in such a dazed condition that they did not miss their baby until they arrived at Douglas Hospital. In the meantime, state police arrived at the scene and found the baby in a nearby carrot field. The little girl was dead on arrival at South Haven Hospital.

Coroner William Ten Brink of Hamilton was called to the scene and ruled that Tracer died of a fractured neck and internal injuries. An outboard motor was in the back seat of the Onken car and was believed to have contributed to the fatal injuries to the baby.

Both cars were completely demolished and one observer said, "I don't see how anybody could get out of those cars alive." The Tracer car was hurled against a large tree by the impact and a tractor was used to turn it over to see if there were any more bodies inside.

Besides the parents, the Onken baby is survived by the grandparents, Mr. and Mrs. Richard Onken, Sr., of Fennville, and Mr. and Mrs. Marinus Anthonen of South Haven; the great grandparents, Mr. and Mrs. Herman Onken, Sr., of Fennville and Mrs. L.C. Pedersen of Charlotte.

Mrs. Onken is being treated at Douglas Hospital for severe shock face and leg lacerations. She had not been told Monday about the death of her baby daughter. The husband came to visit her at the hospital Sunday and was overcome. He is expected to be confined to the hospital for a couple of days.

Tracer leaves a wife, Barbara, 19; one son, Albert Eugene, a daughter, Cheryl Diana, all of route 1, Pullman; his parents, Mr. and Mrs. Lester Tracer, Sr., three brothers, J.B., Hubert, and Doyle; a sister, Mozell. The parents, brothers and sisters are from Courtland, Mo., but currently are living on the Roy Nye farm in Ganges. They are transient fruit workers.

The body was taken to Chapel Funeral Home where services were held Wednesday at 2 p.m. with the Rev. John Willis of Pullman Congregational Church officiating. Burial was in Lee Cemetery.

Indecent Exposure Charge Heard in Circuit Court

GRAND HAVEN (Special) — Lawrence Atwood, 32, Conklin, pleaded not guilty to an indecent exposure charge in Circuit Court Wednesday and was expected to furnish \$500 bond this afternoon. Trial has been set for October.

James Nauta, 39, route 1, Coopersville, pleaded guilty to non-support and said that he would be willing to support his family if he could see his children.

Nauta was sentenced to one year in the county jail Aug. 24, 1953, on a contempt of court charge for failure to pay alimony — he was \$1275 behind at that time. He is charged specifically with non-support of his wife and five small children from Aug. 1, 1953 through July 12, 1954.

Decision on his case will come Aug. 8. Bond of \$500 was not furnished.

Appeal Board Denies Gas Station Permit

The Board of Appeals Tuesday night denied the application from Walter Anderson of Muskegon to build a gasoline station at 306-312 North River Ave.

In other action the board set Aug. 9 at 7 p.m. for a hearing on a request from George Prink, 388 West 18th St. to enclose a porch to be used as a living room.

The Fire District Board approved a request from Anthony Roseman to put brick veneer on a portion of an IGA store at 27th St. and Michigan Ave.

Hits Spray All Over the Place In City Softball

Hits were thicker than the mosquitoes at Van Tongeren Field Thursday night.

In the opening contest VFW scattered 14 hits all over the ball park to wallop Gra-Bell Truck Lines 14-5 while in the nightcap North Holland squeaked by Bareman Service 10-9.

Gra Bell slammed out one run in the first inning on singles by Ken Koning and Dale Van Langevelde. But Vets' Larry Tebbetts and Jim Slagh singled and scored on Hank Prince's triple to reverse the situation. Prince then stole home to give VFW a 3-1 first inning lead.

Tebbetts' single in the second was a crucial link in scoring two more VFW runs as Gra-Bell hurler Rog Overway walked two men to set them up.

From here on it was all VFW. Gra-Bell tallied twice in the third—but the Vets scored four times in the fourth. Gra-Bell scored twice in the fifth—but VFW scored four times in the sixth.

Vet catcher Jay Hoffman slapped out the only homer of the game in the sixth when he deposited one of Overway's pitches in the middle of Fifth St. with one on.

Tebbetts had three singles in four official times at bat and Prince had a triple and single in three chances. For Gra-Bell Ken Koning hit a double and two singles in four trips.

Overway was charged with the loss while Chuck Isaacs held the Gra-Bell hitters to eight safeties.

North Holland and Bareman's were really swinging and played one of the tightest games of the season that saw both teams stage good rallies.

Bareman scored five runs in the first—almost enough of a margin to win most City League contests. But North Holland also slammed out two in the initial frame.

Lone runs by both teams retained the margin until the fourth inning when the roof fell in on Bareman.

Bob Hop led off with a triple and was followed by successive singles by Hank Sierema, Jun and Vern Hop. Two walks and a number of errors added up the runs, and when the dust settled North Holland had seven runs for the inning and a 10-6 lead.

A determined Bareman squad picked up one run in the fourth, and Joe Berens homered to left field in the fifth. Things were getting tight again.

Neither team scored in the sixth and North Holland went down 1-2-3 in the seventh. Behind by two runs, Bareman started their half of the inning with a double by catcher Chet Warner. Then Ted Schreuer scored Warner with a single.

One more run was needed to tie the game, and that run was on first. North Holland pitcher Don Berkompas struck out one batter, and got another one on an infield out that moved Schreuer to second.

And there he stayed as North Holland popped out for the final time—still behind by one run.

Berkompas was touched for 10 hits in winning. Joe Berens went hit in winning. Joe Berens went hit in winning. Joe Berens went hit in winning.

Zeeland

(From Wednesday's Sentinel)

Mr. and Mrs. Eugene Roelofs are visiting at the home of their parents, Mr. and Mrs. Bert Roelofs, southeast of Zeeland. They are planning to settle in East Lansing in the near future.

Bob Hop led off with a triple and was followed by successive singles by Hank Sierema, Jun and Vern Hop. Two walks and a number of errors added up the runs, and when the dust settled North Holland had seven runs for the inning and a 10-6 lead.

A determined Bareman squad picked up one run in the fourth, and Joe Berens homered to left field in the fifth. Things were getting tight again.

Neither team scored in the sixth and North Holland went down 1-2-3 in the seventh. Behind by two runs, Bareman started their half of the inning with a double by catcher Chet Warner. Then Ted Schreuer scored Warner with a single.

One more run was needed to tie the game, and that run was on first. North Holland pitcher Don Berkompas struck out one batter, and got another one on an infield out that moved Schreuer to second.

And there he stayed as North Holland popped out for the final time—still behind by one run.

Berkompas was touched for 10 hits in winning. Joe Berens went hit in winning. Joe Berens went hit in winning. Joe Berens went hit in winning.

What's it like to have polio?

Despite all the publicity it has received, it takes someone like Mrs. Denise Haiker to tell of the "complete uselessness" that polio creates in the affected muscles.

Mrs. Haiker returned recently from the National Polio Foundation at Warm Springs, Ga., where she spent three months regaining the use of many muscles paralyzed since last September.

Actually, the amount of "return" in affected muscles is rather slight. Mrs. Haiker was paralyzed in the shoulder-upper arm region. "All the will-power in the world doesn't help if the muscles are no longer capable," says Mrs. Haiker.

Through strenuous and tiring exercises at Warm Springs, she redeveloped some use of her shoulder muscles. But most of her improvement comes through learning new ways to do things.

"I can almost dress myself alone now," she says with a sense of accomplishment.

Mrs. Haiker has the greatest respect for the Warm Springs foundation. Stricken in September, she spent eight weeks in the hospital including two in an iron lung and six in a rocking bed.

Upon arrival at Warm Springs in March, Mrs. Haiker lived in "Builder's Hall," the first step in the rehabilitation ladder. There she learned to feed herself, and started on dressing lessons.

After two months she was advanced to the second floor—where patients are more self-sufficient. Mrs. Haiker, who has been completely helpless in the shoulders from bulbar polio, was considered much improved.

The Warm Springs routine is not easy. About 162 patients are cared for by almost as many doctors and nurses. "They really put us through the mill," recalls Mrs. Haiker.

Looking back on the long grind she also comments on losing the use of her shoulders. "You don't realize how much they mean. I'd rather lose my legs than my arms."

The outlook for Mrs. Haiker is good. Aside from a brace on her right arm, and a slight stiffness in her neck, a casual observer would not notice any paralysis actually when she lifts her arms, its only movement from the elbow.

"All I can do now is keep working, trying to gain back even more use of my arms," is Mrs. Haiker's conclusion.

And Mrs. Haiker, along with thousands of other polio patients throughout the nation, can look forward to the possibly not too distant future when polio will be conquered.

Work on the two bridges on Adams St. (East 16th St.) is almost completed as painters need about one more day to complete spraying operations.

The two bridges, one being constructed by Canole Excavating Co. of South Haven and the other by county workers, straighten a bad jog in the roadway.

After spraying is completed, sand and gravel must still be hauled to raise the roadbed and fill in gaps on each of the bridges. Then after grading is completed, the entire stretch will be black-topped.

The road will probably be open for traffic early next week.

Youth Nearly Drowns After Water Skiing

GRAND HAVEN (Special) — Donald Passel, 21, Grand Rapids, can thank his two buddies for his life today.

After water skiing in Spring Lake near Bowen Bridge, he started to swim for shore when his friend Robert Van Zandbergen, 20, Grand Rapids, let him off near the dock. Exhausted from skiing, Passel was not able to make shore and went down once before Zandbergen and another companion, Donald Dykwell, 19, also of Grand Rapids, rescued him.

After he was brought to shore, state police and doctors revived him with the help of a resuscitator.

The assembly supported Dulles—44 nations for, 10 against, and two abstentions.

Athletics Score 4 in Initial Frame For 6-3 Victory

ZEELAND (Special)—John De Mey was late, the Grand Haven Athletics scored early and the Zeeland Chix lost possession of the Southwestern Michigan Baseball League lead here by a 6-3 count Tuesday night.

De Mey, the Calvin College speedballer who moved down the Athletics in short order during a first-half contest, didn't arrive until the eighth inning. But the damage was already done as the Athletics nicked starter Marv Goochhouse for four runs on three hits, a walk and two long flies in the first inning.

The Chix equalled Athletic hit production with seven, but starter Dick Borkowski and Ken Clark, who relieved in the third, kept the safeties well scattered while a couple of costly Zeeland errors accounted for Grand Haven's final two runs.

Clark fanned nine in the seven innings he worked and chilled a promising Chix rally in the ninth with the bases jammed. Trailing 6-2 going into the final half-inning, Zeeland scored once on walks to Goochhouse and Gene Talsma and a single by Kelly Roelofs.

Ron Klampert then coaxed another walk to lead the bases again, but Clark had struck out two Zeeland batters before getting into trouble. And he got Tony Diekmann the same way for the second time in two innings and the ball game.

Roelofs knocked in Zeeland's first run in the second, singling Junior De Jonge home from second after De Jonge and Ken Wierama had walked. Diekmann's single and Howie De Jonge's double gave the Chix a second tally in the third but Grand Haven had matched the run in the first half of the inning on Pat Kamholz's long triple following an error that put Jack Westerhot on first.

Another error followed by Westerhot's double gave Grand Haven its final run in the fifth and Goochhouse, the victim of loose defensive play, kept the Athletics off the basepaths in the sixth and seventh innings.

Howie De Jonge and Roelofs led Zeeland with two apiece. De Jonge collected a double and a single. The loss dropped Zeeland's league record to 2-1 compared to Grand Haven's 2-0 mark to give the Athletics undisputed first place.

Zeeland plays Friday night at home—and many fans will be happy to see the Chix' opponents. They're the old favorites, the Grand Rapids Black Sox who won the Southwestern league title last year. This year, they're playing as independents again.

The line score: G'Haven — 401 010 000 — 6-7-0 Zeeland — 011 000 001 — 3-7-3

The standings:

Horse Show Highlights Week's Events at Resorts

Headlining resort events this week in the Holland area is the Castle Park Junior Horse Show, which annually draws hundreds of young riders and spectators to the area.

The show on Saturday climaxes a busy week at all local resorts, where many vacationers are cramming as many activities as possible into the final days of their July vacations. A 50th anniversary will climax the month at Waukasoo.

Huge crowds and record numbers of campers at Holland State Park indicate resort activity throughout the area. The drawn-out spell of hot, dry weather—although cursed by the farmer and gardener—has been a boon to vacationers who've taken advantage of each sunny day.

Big events are in store this week at Castle Park.

The long planned Castle Capers will take place Friday night in the Amphitheatre, on the eve of the famous Castle Park Junior Horse Show. The colorful Capers, scheduled at 8 p.m. will center around TV shows, with Dick Packard as master of ceremonies, Amby Holford is producer and director.

Highlights will be a real Western drama written and produced by Junior Castle Parkers; Jim Brading and Maggie Westerson singing leads in "Okiahoma," the famed Waiters' band doing a takeoff on the National Barn Dance; plus many other acts including the Pikes, Austin Brown and Scrib Mantle.

Young horsemen from throughout the state and many spectators will be gathering at the resort for the Junior Horse Show starting at 9 a.m. Saturday at Maplebrook Farm. Afternoon events will start at 2 p.m. The day will be climaxed with a dance at 8 p.m. on the Dance Dune.

Scheduled to arrive at the Castle today are tennis stars Mr. and Mrs. S. Charles Hare, Mr. Hare, former English Davis Cup player, and his wife, Mary Hardwick, a former English Wimbledon cup player, will show the latest Davis Cup film at the Castle tonight at 8:45. They also plan to show a movie featuring some of the older tennis greats.

At the Vespers Sunday evening children of the play class were in charge. The nursery group sang songs led by Mary J. Gambill and Barbara Slagh; Hunter Louis read Scripture and Martha Bosch, a Bible story. Melinda Nix led a prayer. A quartet selection was sung by Misses Ellie Casper and Donna Hoogerhyde, Ralph Banks and Dr. Robert Cavanaugh. Ushers were Doug Veech, Chip Craig and Roger Brown.

Mr. and Mrs. Thatcher Ray of Detroit, who have a cottage at Castle Park, stopped overnight Sunday and had dinner Sunday night at The Castle. They returned to their home Monday.

Some of the Castle Parkers who'll be leaving at the end of the month are the Theodore Bayles family, the Timothy Dawsons, the Edward Lerchens, Angus McDonalds and John Waggers.

The Sentinel's Allegan correspondent estimates daily papers published an estimated four million, five hundred thousand words on the Small murder trial last week. . . nearly four times the number of words in the Bible.

More than 5,000 pictures were taken in and around the trial at a cost of more than \$1,500 for film, flashbulbs, paper and processing chemicals. The combined salaries of reporters, he continues in the estimate, and photographers covering the trial for the one week was estimated at \$5,800, not counting their expenses.

"The report of my death is greatly exaggerated," emphasizes Mrs. W. Curtis Snow, whose obituary erroneously appeared recently in the Sioux City, Iowa, newspaper.

It was a plausible mistake, to be sure, but an appalling one to friends and relatives of Mrs. Snow who live in Sioux City, her home town.

The news item stated that "Mrs. Curtis Snow" was killed in an automobile accident in Minnesota. It identified her as a native of Sioux City and went on to tell of her accomplishments as an organist and member of the Hope College music faculty.

But somebody was skeptical, and began to check. The next day, a retraction was printed and a friend sent both items to Mrs. Snow in Holland.

Just goes to show that jumping to conclusions, especially in such important bits of news as obituaries, doesn't pay off. This mistake was a natural in many ways, because Curtis is an out-of-the-ordinary name, and Mrs. Snow could have been in Minnesota—she has a sister living there.

The happy truth is, nevertheless, that Esther Snow is very much alive and busy studying for her master's degree at Michigan State College summer sessions.

F. W. Tufts of Forest Grove found some interesting old magazines and papers recently when they tore down an old granary on his father-in-law's farm. The Tufts family is now living with George A. Brown on his farm at Forest Grove.

Among the collection is an old issue of the Michigan Farmer, dated Saturday, Aug. 9, 1902. On the front page is a large picture of the then Prof. R. S. Shaw, who had just been elected professor of agriculture at M.A.C. Shaw later became president of Michigan Farmer. The pieces were discovered between partitions in the old granary.

Tufts also pointed out that there are many interesting ads in the old paper showing prices of farm equipment of the era. There is also an ad on the "positive cure for cancer."

Many Riders Already Entered in Junior Horse Show

Last Year's Champs Who'll Try for Second Wins

Many entries are already in for the 15th anniversary Castle Park Junior Horse Show, which gets underway next Saturday at 9 a.m. at Maplebrook Farm near the Castle.

Committee members have announced selection of the second judge, Fred Boudeman of Grand Rapids, who will judge the English division of the show. Lawrence Katt of Grand Rapids was named earlier as Western judge.

Championship classes again will be divided into the Western and English divisions, with championship trophies for each.

Pictured above are last year's two champions, Margie Thomas and Angela Erickson, who will be trying for the second leg on each trophy, which it is necessary to win three times for permanent possession. Angela, riding Small Coin at left, won the English division, and Margie, on Sweet Senorita Rosita, the Western. They received trophies from Mrs. Bill Hinga and John Thomas.

Wednesday night to forget about shuffleboard in the Center—despite the fact that the necessary tile had already arrived and was ready for installation.

A more careful committee check into the situation revealed that the cost of material and installation of the courts was "unreasonable considering the limited use." Council decided to ship the tile back to the manufacturer.

But it's still warm outside—just right, in fact, for painting lines on your driveways.

Castle Players Stage 'Miranda'

A capacity crowd filled the Amphitheater Wednesday evening when the Castle Park Players presented their first production of the season.

"Miranda," a three act comedy by English playwright Peter Blackmore, was given as a reading by the group, but the ease and grace with which the actors moved, despite books, on the stage was refreshing.

The play was capably directed by Mrs. Austin Brown. Results of careful coaching and many hours of rehearsal paid off as the production moved quickly and left little to be desired.

Faye Brown as Lady Marten and Gayle Yansen, the beautiful bewitching mermaid, vied for top billing as hits of the production. Others in the cast included Carol Kuypers, as Betty; June Du Bois, as Isabel Lambert; John Wagner, as Sir Paul Marten; Phil Harrold, as Charles; Janet Mueller, as Nurse Carey; and Carter W. Brown, as Nigel Hood.

The plot is centered around events that occur when a prominent surgeon is rescued by a mermaid and decides to bring her back to London disguised as an invalid in a wheel chair.

The pretty mermaid manages to split three romances and dampen the spirits of all during the span of the action.

The striking fragmentation set which made use of the natural surroundings of the Amphitheater and the sunken garden was designed and executed by Amy Holford, stage manager.

Other members of the production staff were: Properties, Sue Elliott; lighting, Cynthia Laing; music and sound effects, Scrib Mantle; technical advisor, De Burke; stage crew, Scrib Mantle, Carter Ratcliff, Ward Heneveld and Bruce Crandall.

TWO TO KEEP A BARGAIN

It takes two to keep a bargain as well as to make one. The bargain that the free world has made with the Red powers is so far only a scrap of paper. The test will come in the keeping of the contract.

Judging by past experience, the chances are not very bright that the Reds will live up to their solemnly sworn contract. About the only satisfaction that the American people can get out of the Geneva settlement is that their government did not actually sign the cease fire agreement. If and when the Reds renege, this country will at least be technically in the clear.

There is no rejoicing over Geneva in the free world. Why should there be? Geneva was the West's greatest defeat in a decade. What do you think? Write us 300 words.

With any other powers, it would be unfair to take for granted that the scrap of paper will be torn up; in the case of the Reds it is not only fair, it is merely an appeal to experience. From Lenin on, their statesmen have announced over and over again, without shame, that they do not recognize international morality, that the end they have in view justifies any means.

The free nations are betting on an exception in this instance. British and French statesmen, and the British and French people, did the same thing when Hitler signed a similar scrap of paper at Munich. The pattern will of course be different in the Red repudiation of the Geneva agreement. The contract will not be broken immediately; the Red serpent has far too much to gain from winning time to digest the big meal of thirteen million Asiatics that the free world has handed over on a golden platter. But when digestion is complete, it will be a simple matter to find a pretext to break the contract.

If past experience can be depended upon, the Reds will try to make it appear that the free world is the one breaking the contract. That technique is so well established by this time that it seems incredible that anyone on this side of the Iron Curtain can have any illusions left about the Reds keeping their word.

All the Reds need to do is make their own people, and the illusioned fence-sitters like India, believe that the West is breaking the agreement. Experience shows that it is not hard to do this.

Christian Worship and Fellowship
Acts 2:46, 47; Colossians 3:12-17;
Hebrews 10:23, 25

By Henry Geerlings

Worship is the heart of Christian fellowship. Just as the heart is necessary to the life of a human being, worship is necessary to the life of the Christian. As the heart must beat regularly and pump blood constantly to keep the body alive, worship services must be held regularly and give forth prayer and praise to God in order for Christians to stay alive in His kingdom.

Fellowship is the strength of Christianity. A chain is one of the strongest means we have of binding things. A chain of fellowship holds Christians together. The heart of the center of fellowship stands for the love of Christians for Christ and for each other.

The maker of an iron chain is responsible for the strength of each link, and he knows that one weak link will ruin the whole chain. Individual Christians make up the chain of fellowship. Each is responsible for his own strength in the practice of Christian principles and the regular worship of God. But he is also responsible for his neighbors and his brothers in Christ. By his example, his teaching, and his encouragement, he can prevent others from becoming weak links in the chain.

An iron chain once forged, must remain the same size. The chain of friendship can grow indefinitely. As each individual Christian grows in his devotion to Christ and to others, the power and influence of Christianity grows wider. It is as if the links in the chain were growing larger. As this happens more individuals are drawn to Christ and encouraged to remain in the chain of fellowship.

Worship is important in the life of the individual, of the family, and of the congregation. If we have an appointment with some one whom we consider important, or if we expect an honored guest in our home, or if some notable person is to visit our congregation, we are careful to make every preparation for the occasion. Too frequently we make little or no preparation for standing in the presence of God. Out of our busy lives we may be tempted to go to the sanctuary, drop into a pew to say to ourselves and those who are worshipping with us that we too are present.

We ought to give serious consideration to the fact that when we go to church to worship we are presenting ourselves before God. And, in the spirit of that significant Oriental usage which drops its sandals at the palace door, the devout worshiper will put off his travel stained shoes, will try to divest himself of secular anxieties and worldly projects, when the place where he stands is converted into holy ground. It is then he ought to realize that he is about to come face to face with God.

Worship is important because we become like that which we worship. In worshipping God we consciously and continually strive to become like Him. Such worship adds meaning to life. It takes us out of ourselves and makes us realize that we are allied with the infinite. It has been said that even among the heathen there was a notion that the gods preferred the worship of those who resembled themselves. Therefore dwarfs were not allowed to worship Hercules, nor were the sad and pensive permitted to join the worship of Bacchus, supposed to be a merry god. From such follies an excellent truth may be drawn—he that would like to please God must be like God.

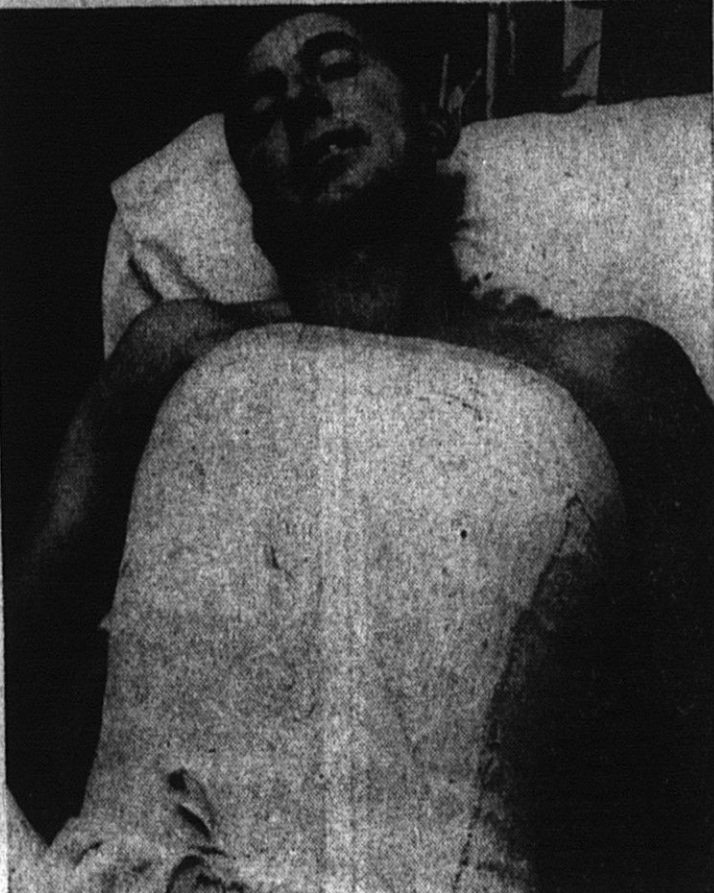

Through fellowship we learn to live with self, with others and with God. For fellowship is sharing, and he who has learned to share has learned one of life's most important lessons. Genuine fellowship stems from the heart, and is more than sharing from just a sense of duty. Back of the sharing must be a loving heart. With each gift or in each activity, must go a portion of the individual. The Christians in the early church shared in the gospel which was proclaimed. They shared a common salvation, for each had come to God through faith and obedience. They shared their possessions for the preaching of the word and for the care of the poor and needy. They shared the privilege of remembering the Lord in the same memorial supper. They prayed together to the same God and in the name of the same Christ.

THANKS TO THIS AIR CONDITIONING unit Dennis Slikkers can at least be cool — if not what you'd call comfortable. Slikkers is in complete body cast after breaking his back in a fall recently. The air conditioner was the idea of fellows out at Chris-Craft Corp., where Slikkers works. (Sentinel photo)

Surprise Fall Followed By Surprise Package

Oops—Crash! That was it. A split second turned strapping 6'2" Dennis Slikkers of 159 East 35th St., recently into a helpless man.

Slikkers was only up seven feet on a small step-ladder painting the trim on his house. But the seven feet was enough as doctors reconcile him to spending three months in a body cast for a broken back.

But it wasn't the three months in the future that bothered him during last week's 80 and 90 degree heat wave. Slikkers describes what it was like to be in the 10 pounds of plaster in two words—"I cooked."

Then into his hospital room walked the surprise of his life. An electrician carrying a great big air conditioning unit. And with it a card "from the fellows," out at Chris-Craft where he works.

"The fellows" were the same fellows who helped Alvin De Boer. Little did Slikkers know this spring when aiding with the De Boer project that the tables would be shortly reversed.

The fellows, aided only by a \$75 grant from the Holland Lions Club, had set De Boer up in business at the plant.

Slikkers' case required a different approach. His temporary ailment, and the air conditioning unit was just the ticket. Right now he's the envy of everyone in the hospital—except for the broken back.

And that isn't all. When he goes home the air conditioning unit will follow.

"Will it be wonderful to get back to the kids," exclaims Slikkers. He is the father of two daughters, Marjorie Ann, 11, and Claudia, 3.

So Slikkers becomes the second person in recent weeks to say: "Thanks fellows."

Miss Elizabeth Boiten Dies at Spring Lake

GRAND HAVEN (Special) — Miss Elizabeth Boiten, 84, 812 Madison St., died at the Phillips Convalescent Home in Spring Lake Thursday night following a four-year illness.

She was born in the Netherlands, May 20, 1870, and came to Grand Haven at the age of 11. She was a member of the Second Reformed Church and a former Sunday School teacher and choir member. Accident Victims Leave for Home

Three Illinois residents were released from Holland Hospital Tuesday following treatment for injuries received when a car rammed into their parked trailer on US-31 two miles north of Saugatuck at 3:30 p.m. Saturday.

The trio, Mr. and Mrs. John Salena and 19-year-old daughter, Jan, who received head and facial lacerations, were termed in good condition. They were asleep in the trailer parked eight feet off the highway near a roadside table area.

A car driven by Lee Bridgemon, 35, of Chicago, crashed into the rear of the trailer scattering wreckage over a wide area. After glancing through the debris the Bridgemon auto struck another car driven by George Vander Wal, 30, of 286 West 21st St., Holland.

The home-made trailer was almost completely demolished at an estimated loss of \$250, while the Salena car was damaged to an estimated \$50. Damage was \$50 to the Vander Wal car, and \$500 to the Bridgemon auto.

Sunday at 1:20 p.m. another crash at the same spot caused \$300 damage to a car driven by Rosa Rosenthal, 24, of Racine, Wis. The Rosenthal car struck one driven by Julia Patterson, 56, of Michigan City, Ind.

Both cars were traveling south when Patterson was unable to stop and crashed into the rear of the Rosenthal car as it slowed up for a line of traffic.

No ticket was issued. Damage to Patterson's 1948 model car was estimated at \$50.

Deputy Henry Bouwman investigated both crashes. R. Brackenberg of the Saugatuck Police department assisted.

LANSING (UP)—A record number of officers and men will take part in Michigan National Guard field training this summer, Brig. Gen. George C. Moran, state adjutant general, revealed today. Training for nearly 10,845 guardsmen will be inaugurated July 31 by Company A of the 87th Engineer Battalion at Camp Douglas, Wis.

State field training will hit its peak when the largest element of the Michigan Guard, the 46th Infantry Division, invades Camp Grayling Aug. 7 for 15 days of active training.

Of the record 10,845 men now in the State National Guard, more than 96 per cent are expected to take part in summer training, Moran said.

National Guard truck convoys, which touched off a squabble between tourist and military interests last year, will create "a minimum disturbance" on highways this year, officials promised. No more than 15 troop carriers will travel in one section and slow-moving vehicles will pull off the road to allow civilian traffic to pass when necessary, they said. Heavy equipment will move by rail.

Along with Camp Grayling, currently being used by 1,000 Indiana National Guardsmen, Michigan units also will utilize Camp Claybanks (west of Rothbury on Lake Michigan). The 146th AAA Battalion, Detroit, will train at Claybanks Aug. 14-21.

The Michigan Air National Guard will begin its first year of summer training at the new Alpena Air Guard Base on Aug. 21. No combined air-ground exercises are planned this year, officials said.

Also on Aug. 21, the 300 AAA Battalion of the Upper Peninsula and Manistee will embark for Camp Haven, Wis.

Cost of the 1954 National Guard field training in Michigan will be an estimated \$1,330,853, Moran said. More than \$1,000,000 will be spent at Grayling encampments.

Holland Township Receives Report

In the wake of a favorable Michigan Bureau report, Holland Township Clerk Walter Vander Haar urges Holland Township residents to check their rural fire protection rates with their insurance agents.

The inspection bureau at Grand Rapids has reported to Vander Haar and said: "Due to the fact that the fire apparatus in the township complies with our requirements covering rural fire protection, the Holland township fire departments qualify as class 'B' under the farm schedule with respect to farm property in Holland Township. This became effective as of June 21, 1954."

The township board suggests that anyone included in this order check with their local insurance agents.

The areas graded in ninth class include all property on or south of Riley Rd., However, property in the above described district within 1,000 feet of a public fire hydrant and three miles measured over public highways from a township fire station is graded eighth class.

Fire protection clause form No. 68 is to be attached to all dwelling policies.

During the past month, Holland Township has added two hydrants. One is on Reed Ave. and the other on Walnut Ave.

Campers Break Week-Old Record

For the second straight week, campers set a record at Holland State Park as 319 camping permits were issued.

This shattered the week's record of 295 which was set in the seven days previous to last week.

Almost 50,000 persons visited the park during the weekend as ideal weather conditions drew large crowds Friday, Saturday and Sunday. Leading the three-day total was Sunday's capacity load of 24,000 persons.

Saturday the attendance was 15,000 with 10,000 persons recorded Friday. For the week, the total was 78,500.

Park Manager Clare Broad reported that total camping permits issued this year are 1,439—about 40 percent more than last season at this time.

Broad said that both tent and trailer spaces are currently available.

More than 35 million persons have been taught to read and write in Indonesia since the country declared its independence in 1945.

Visitors Humble City Standouts In 6-1 Triumph

Hulst Bros proved they were champs of the Holland City League as they shut out Main Auto Supply 6-0 Saturday night at Van Tongeren Field—but a crack Coldwater Davis News Agency took on the whole league and earned a 6-1 victory.

A total of 18 Holland All-Stars couldn't stem the scoring parade of the Davis outfit. Three pitchers were tagged for seven hits, including a pair of home runs.

Davis' second baseman Bob Millman slapped a home run over the left field fence in the second inning. Things were barely quiet again when three walks and a home run by Bill Zabonick rang up four more runs for the visitors. Davis struck again in the sixth inning. Fred Hobart singled to left and went to third on Jack Hauska's single. A fielder's choice put the runner on third and with two out Hobart stole home for the sixth run.

Holland's All-Stars garnered their only run in the sixth. Ron Appledorn cracked out a hard single to left and then went all the way around on an error by the left fielder.

A large crowd that filled the bleachers and packed cars all around the field saw some fancy twirling by Larry Snyder, who hurled a six hitter against VFW in the afternoon and held the All Stars to four in the night game.

Larry Knoper, Ed Stille and Norm Boeve gave up two, five and no hits respectively in their three inning stints for the All-Stars.

Al Bosch gets much of the credit for Hulst Bros' win in the twilight game. Bosch allowed only one hit and struck out seven batters but he did get some good hitting support.

Al Velthuis led off the second inning with a triple, and before the inning was over Ed Klinge and Kearney Zoorhoff had singles. Dale Hulst had a double, and Hulst came through with a third inning homer, and catcher Bob Vork notched another round tripper in the fifth—again over left field.

It was Main Auto pitcher Jason Ebels who spoiled Bosch's no hitter with a single in the third inning. That was all for the autos, with only one man getting beyond second base and only three getting that far.

At the plate for Hulst Bros. things were really evened up. Bosch was the only one not getting a hit—but no player got more than one. The eight hits off Ebels were spread mighty thin.

State Cops Have 'Shock' Booklets

The Michigan State Police have undertaken a new shock treatment campaign against unsafe driving by distributing a booklet, "Death on the Highway", to violators of traffic laws.

The booklet, published by Dean H. Robinson, of Berkley, Mich., contains 18 pictures—newspaper photographs—of fatal accidents. They depict in stark manner how motorists can and do die on the highways.

"The pictures in this booklet aren't pretty," the introduction says. "They're gruesome, they're horrible—but they are true. No one likes to look at bones sticking through flesh from compound fractures or faces smashed beyond recognition from windshields—or heads and arms severed from the body, but that's what happened 105 times a day last year."

The State Police have been provided with 15,000 copies of the booklet and a supply is being carried in each patrol car. Each person receiving a copy is asked to pass it along after having looked it over.

Although the officers are using tact in the distribution, they hope the powerful message in the booklet will leave its impact upon everyone who sees it. It's all part of the intensive effort to check the alarming accident toll.

Two Motorists Issued Tickets After Accident

Two motorists were issued identical tickets for failure to keep an assured clear distance ahead after their cars collided at Ninth St. and Lincoln Ave., Saturday afternoon.

Involved were Charles Barnard, 79, of 344 Howard Ave., and Chuck Gouloze, 17, of 385 College Ave. Lester Beyer, 31, of 135 East 16th St., a passenger in Gouloze's car was treated for bruises.

Damage to Barnard's '29 model car was estimated at \$35 and to Gouloze's '51 model car at \$350, police said.

Library Adventures

By Arnold Mulder

Some of the critics have called it a modern "Moby-Dick." The Reader's Digest, in its June issue, published a condensation of the book. The author was obviously self-conscious about the literary comparisons that his book would suggest.

I am speaking of an early 1954 volume that appeared under the title, "Of Whales and Men." The critics could hardly help comparing it with "Moby-Dick," because it tells the story of Mid-twentieth century whaling, just as the Melville classic told the story of mid-nineteenth century whaling.

There are other literary overtones not so obvious. There is for instance the title. "Of Whales and Men" suggests the name of a famous John Steinbeck story of some years ago, "Of Mice and Men," which title in turn was an echo of a phrase made famous by Robert Burns away back in the eighteenth century.

Also, the author of "Of Whales and Men," must have had "The Rime of the Ancient Mariner" in the back of his consciousness when he wrote the book. The albatross, one of the main characters in Coleridge's famous poem, plays a more considerable role in the narrative than would seem to be necessary.

There are other literary echoes, and all of them together are quite obviously designed to give a kind of trademark advertising to a narrative that is in its very nature far removed from the ordinary interests of the audience at which the book is slanted.

"Of Whales and Men" is by R.B. Robertson, about whom I know nothing except his name. Of its kind it is a competent piece of work, but readers should not be deceived by the literary associations of the substance and title of the volume.

In short, "Of Whales and Men" is a good job of reporting, but it is a thousand miles from being a new "Moby-Dick." In justice to Mr. Robertson, it should be added that he makes no pretense of going into competition with Herman Melville. He is not a genius, as the author of "Moby-Dick" unquestionably was. He is just a good reporter who has written a satisfactory description of the whaling industry as it is being conducted today.

That's what makes the book a natural for Reader's Digest condensation. If there had been a Reader's Digest in 1851, when "Moby-Dick" appeared, Melville's book would not have had the chance of an icicle in a blast furnace to get into that maga-

zine. The Reader's Digest gives condensations of good reporting jobs, almost never of works of the creative imagination.

This is not said in criticism of The Reader's Digest, merely to indicate in what respect "Of Whales and Men" differs from "Moby-Dick." The only thing the two books have in common is that both are about whaling, the former as the industry was conducted a century ago in the days of sailing ships, the latter as it is conducted today with all the aids of steam and electricity and modern machinery and technology.

Basically, "Moby-Dick" was not about whaling at all. The Melville classic is about a sick human soul named Captain Ahab. Incidentally it is also about a number of other human souls and the impact that three years of isolation makes upon them. Whaling was merely used as background material.

In Robertson's book whaling is the reason and the excuse. In it a good reporter is at work. But he makes a report about whaling. In "Moby-Dick" a genius was at work and he was reporting about human souls, not about whales.

'SWEEPERS, MAN YOUR BROOMS' — That's exactly what Holland officer Dennis Ende did recently when several bags full of corn spilled onto the highway after a collision between two cars. A car operated by Glen Ruscher, 27, route 3, was towing a trailer carrying the bags of corn when it and a car driven by

Mrs. Arthur Beckvoort, 23, Allegan, collided at 120th and 16th Sts. Mrs. Beckvoort and her two children were treated for minor cuts and bruises. Ottawa county deputies estimated damage to Mrs. Beckvoort's '48 model car and Ruscher's '47 model car at \$300 each. (Sentinel photo)

Most Trucks Need Turn Indicators

Get out those tape measures, you truck owners — you probably need turn indicators.

Under an act passed by the state legislature at its last session, most commercial vehicles must have turn indicators. The law goes into effect Friday, Aug. 13.

In legislative language, here's Section 648c that sets up the law: "Any commercial vehicle in use on a highway shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such commercial vehicle exceeds 24 inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load, thereof, exceeds 14 feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles."

Another section of the same act make it mandatory that all cars and trucks manufactured after Jan. 1, 1955, be equipped with turn indicators before sale.

Military fighter pilots, with some of the latest engine designs, will have more than 4,000 times as much horsepower as did the Wright Brothers on their historic first powered flight at Kitty Hawk, N. C., in 1903.

Proposed Holland Hospital Improvements Listed

On Aug. 3 the people of Holland will be voting on a \$500,000 bond issue which will be their share of the \$1,100,000 expansion program now being planned by the hospital board.

This addition will mean not only 50 more beds, but also the expansion and modernization of all the service facilities for the entire hospital. Just what will these additional service facilities be?

For the visiting public, there will be a new and enlarged lobby with additional elevator facilities to better handle visitors and patients. It will mean more conveniently arranged and located X-ray and laboratory departments, so that outpatients will not have to travel through the hospital to reach them. In the X-ray department it is planned to add deep therapy facilities so that those patients can be cared for in Holland rather than travel

to Grand Rapids or elsewhere for treatments. A physical therapy department will be added to help rehabilitate disabled persons.

In all the patients' rooms it is planned to have piped-in oxygen and suction which will greatly facilitate oxygen therapy when it is needed. Plans are under way to develop a separate pediatrics department so the children will be better segregated from the adults. If it is possible, a play room will be added to that department for convalescent children.

The entire maternity section will be segregated and many additional facilities such as father's room, premature nursery, isolation nursery and adequate toilet facilities added.

The operating rooms will be relocated so that they are out of the path of direct traffic. Explosion-proof flooring will be installed for

the safety of the patient, and the facilities in the recovery room will be expanded. The emergency department will be located outside of surgery and on the ground floor where it will be more convenient to treat those patients. The kitchens will be entirely revamped and some new type of food service to facilitate the delivery of trays to patients will be added. A tray-vendor system, which is an endless belt onto which trays are carried directly to the correct floor, is being considered.

An improved means of transportation from pharmacy, laboratory, central supply will be developed to save time of the personnel in delivering articles and supplies. A doctor's call system will be added so that doctors and personnel may be located quickly anywhere in the hospital.

It is hoped that a general meet-

ing room can be developed with direct outside access so that meetings, such as the weekly mothers' classes, and other public service programs, can be more fully developed, and have a proper place to meet.

All these facilities are being developed with a view toward future expansion so that they may be easily expanded without moving them again and that there will be a coordinated over-all plan on which to base all future planning. All this will be possible if the proper funds are voted by the citizens of Holland, and the people in the outlying districts raise their share through the fund drive.

The hospital has now been approved for federal funds which will mean more than 40 per cent coming from this source, if the city and the townships raise their share.

Four Arrested At State Park

Three youths and one girl were arrested last weekend and charged with furnishing liquor to minors following a party in Holland State Park.

All four pleaded not guilty to separate charges of furnishing the liquor when arraigned before Park Township Justice C. C. Wood. They were released and ordered to return Aug. 10 at 1:30 p.m. for trial.

Entering not guilty pleas were Ted Modders, 22, of 275 East 13th St.; Kenneth Brownney, 22, Grand Rapids; William Olthoff, 23, Grand Rapids; Nancy Smith, 20, Grand Rapids.

Their arrests were the result of a continued crackdown by park officials on parties, unnecessary noise and using the park roads for speedways.

Also rounded up at the party were six other boys and girls—all under 21. They were released after questioning. Immediately following the arrest of the four, park officials ordered two trailers moved out of the park.

Park Manager Clare Broad emphasized that a continued close check would be made at the park and those violating park regulations would be ticketed or arrested.

Broad said the park area is closed from 12 midnight until 5 a.m. to all those except registered campers. Persons found in the park between those hours or in restricted areas are liable to arrest, he said.

GRADING OPERATIONS on the new parking lot at Civic Center were finished last week, but further work is "at a standstill," according to City Manager H. C. McClintock. Drainage plans, which must precede surfacing, depend entirely upon what City Council decides to do

about a proposal that came up at last Wednesday's meeting. The proposal was to landscape an "island" on the lot to "break up the monotonous asphalt area. McClintock was ordered to study the plans with an eye toward council suggestions. (Sentinel photo)

Holland Forced To Overcome 16 Walks by Pitchers

Striking three home runs and scoring nine runs in the first inning, Holland's Flying Dutchmen built up a big lead early at River-view Park Monday night, then outlasted the South Haven Merchants for a 12-8 victory — and their first in three second-half league starts.

It was power at the plate that was necessary to overcome the wildness of Dutchman pitchers. Starter Jack Kempker and Jim Prince passed out 16 walks until the eighth inning when Jim Boeve took the mound to choke off a South Haven rally at three runs. Actually, the Dutchmen only collected nine hits, but they used them effectively with the long ball, walks and five South Haven errors to score the even dozen runs. The Merchants could only show five safeties.

A pair of two-run homers in the first highlighted the nine tallies. Bob Van Dyke clouted one into the left-field stands with Ron Fortney on base after a costly throwing error by starting pitcher Fred Wildt had given Holland its first pair of runs.

Then, after Al Dykema slammed one of his two singles for the night, Ron Boeve took hold of one and poked it all the way over the right-field fence. That gave the Dutchmen six runs, and they scored three more on a walk, an error and single by Paul Mack and Fortney.

South Haven used four pitchers in an effort to silence Holland bats, and even used its right fielder Hamlin before the game was over. Following Wildt to the mound were Maciak in the first and Otis in the third.

South Haven picked up a single run in the first on two hits, then added two more in the second on two walks, a fielder's choice and a double. Four straight walks gave the Merchants their fourth run in the third.

Holland plated single scores in the second and third as Dick Plagenhoff whammed a second-inning drive into the shrubbery in right field and came all the way around for an inside-the-park home run. Van Dyke's double scored Lou Humbert in the third.

South Haven nipped another run in the fourth, but Prince settled down and held the Merchants scoreless for three innings although they did load the bases on three walks in the sixth.

In the eighth, however, he allowed a single, five walks and a wild pitch before Boeve came rushing to stop the rampage. He put out the fire and held the Merchants scoreless in the ninth. Holland picked up its final run on singles by Fortney and Dykema in the sixth.

Catching a good game considering the wildness of his pitchers was Boeve who often saved possible wild pitches. Jack Shindie saw some action at second for Bill Sandahl and made some nice plays.

The win put Holland in third place in the Southwestern Michigan Baseball league with a 1-2 mark and shoved the Merchants down into the cellar with Cedar Springs and a 0-1 record. The Dutchmen play Cedar Springs away Wednesday and Grand Rapids Jervis here Thursday.

The line score:
Haven — 121 100 030 — 8-5
Holland — 911 001 00x — 12-8-2

The standings:

	W	L	Pct.
Zeeland	2	0	1.000
Grand Haven	1	0	1.000
Holland	1	2	.333
South Haven	0	1	.000

Zeeland Squads Clip Grand Rapids

ZEELAND (Special) — "A" league squads edged Grand Rapids teams in a pair of outside softball attractions Saturday night at the Zeeland Legion Field.

South Blenden nipped Local 1231 of Grand Rapids, 2-1, on Lum Veldman's two-hitter, as Zeeland Coliseum bumped Fryling Jewelers, 3-2. The Coliseums picked up only two hits, but matched two runs by the Jewelers in the first inning on a couple of costly errors, then waited until the last of the seventh to plate the winning marker.

Owen Aukema was the winning pitcher with a five-hitter. He also pitched Coliseum to an upset over league-leading South Blenden Thursday night by a 2-1 count. It was the second defeat of the season for South Blenden which was without the services of ace Veldman.

North End Tavern of the Holland City League clipped Suburban Motor Friday night, 5-3, while West Hudsonville nipped Suburban Thursday night, 1-0, with both teams getting two hits in a tight game.

In other contests, Jamestown remained in the "B" league first division by mauling Harlem, 9-1, Friday night while Forest Grove stayed up there with a 7-5 decision over West Hudsonville in a Wednesday night clash. Zupthen kept on league-leading Jensen's heels with a 3-1 victory Wednesday night.

Main Auto Upset By Bareman, 14-1

Bareman's Service rained hits into the outfield of Van Tongeren Field Tuesday night to shellac Main Auto, 14-1 and put a temporary crimp in the auto fight for runner-up spot in the City Softball League.

In the opener VFW slammed out seven hits including a home run by Vern Vande Water to drop Vandenberg Buick 5-1. Bareman was hot at the plate. Three runs were tallied in the first inning on homers by Chet Warner and Ted Schreuer, a triple by Lou Borgman and a single by Bob Berens.

That got them off to a good start and, after picking up a pair of runs in the fourth and a single in the sixth on doubles by Berens and Bob Borgman, the winners exploded again in the seventh.

Another home run by Schreuer, his second of the evening, was coupled with singles by Lou Altana, Berens and Bob Borgman and a double by Chet Warner accounting for four runs.

Long Main Auto came in the sixth after Herb Maatman got to first on an error.

Joe Berens held the autos to three hits in winning while Jas Ebels was pounded for 14 in losing.

Vandenberg left fielder Will Spykerman lashed out with a home run in the third inning to give his squad a short lead in the second contest—and it was short.

Chuck Isaacson led off for VFW in the fifth slamming out a single. Bill Franks doubled and both scored on Vande Water's round tripper.

VFW struck again in the sixth on Hank Prince's double and a single by Jerry Skaggs.

Isaacson was tagged for four hits in notching the win. Losing pitcher was Bob Fortney who allowed seven safeties.

Oakland Congregation To Dedicate New Church

Champs Forced to Come Back With 3-Run Seventh

Hardly able to match the high level of weekend excitement at an Tongeren Field, City Softball action settled down Monday night with Hulst Bros. beating North Holland 4-1 in the seventh frame and Barber Fords edging past Gra-Bell 4-3.

After winning tough contests Friday and Saturday, Hulst lacked a bit of their usual hitting lustre until Al Velthuis exploded for a home run with one man on in the seventh.

Up until then it was a 1-all ball game.

Mike De Vries led off with a single for North Holland, and scored on an infield error. Despite Jay Hop's double in the second inning North Holland failed to score again.

Velthuis accounted for the fourth inning Hulst run that knotted the score. After walking, he stole second and scored on an infield error. Doubles in the third by Ed Klinge and fifth by Bob Vork just couldn't be turned into runs as the league-leaders were stopped cold.

In the seventh Vork got on base, went to second and third on wild pitches and scored on Bob Kraker's single. Kraker then scored on the Velthuis round-tripper.

Larry Knoper hurled a six hitter in winning. Glen Ebels was tagged for seven in taking the loss.

Gra-Bell gave a good account of itself as it took Ford 40 innings to push across the game winning run in the second contest.

Leftfielder Jim Bouws homered with two men on in the first inning to put the cellar-dwellers in a real fight.

Fords struck back in the second on Ron Appledorn's homer and a series of errors that scored Rog Beckman. It wasn't until the last of the seventh that Fords, capitalizing on errors and Appledorn's single, pushed across the tieing run.

Vern Fuder walked to open the 10th inning, scoring of Gord Barnes single to the first base.

Bob Stille took the loss allowing six hits while Ken Voeven twirled a three hitter in winning.

Funds for Harbor Okayed by House

WASHINGTON (Special) — While the Senate was struggling under its record-breaking filibuster Monday, the House was approving the \$22-million-dollar Harbor and Flood Control Authorization Bill—including the \$574,400 appropriation for Holland Harbor.

Recommended by the House Committee on Public Works two weeks ago, the Holland appropriations would enlarge and straighten the channel from Lake Michigan to Lake Macatawa and enlarge the turning basin on Black River leading to the Municipal power plant.

Passage of the Holland appropriation stems from a drive headed by Randall C. Bosch and Henry S. Maentz who went to Washington last March to confer with the Rivers and Harbors Committee.

In recognition of his work, Bosch was recently named chairman of the Holland Board of Public Works.

If the bill passes, the city will have to foot part of the bill for the Black River improvements which will benefit both the power plant and private industry. But the city's share will not exceed \$45,500.

Instructions for Voting On the Voting Machine

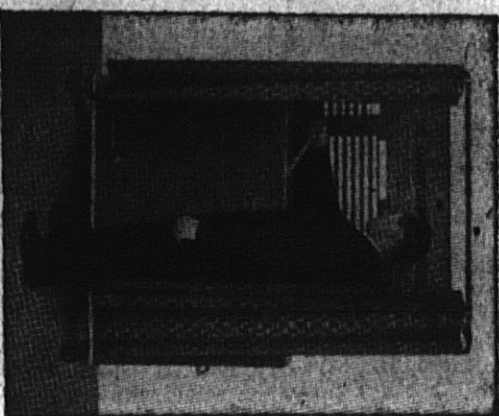

1. Move the RED HANDLE to the Right.
2. Turn the PRIMARY LEVER to your PARTY NAME and leave it there.
3. Turn a VOTING LEVER DOWN

LEAVE VOTING LEVERS DOWN

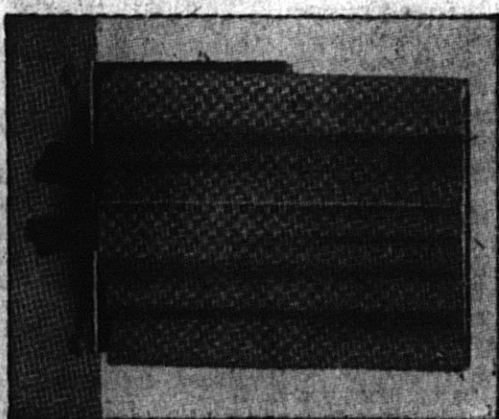

4. Move the RED HANDLE to the LEFT.

As no votes are registered until the Red Handle is moved to open the curtain, you can make as many changes as you desire while the Red Handle is at the right. The machine is so arranged that you can turn down only the proper number of voting levers and need not turn down all your hands by voting for too many candidates. Each candidate's voting

lever is located just above the name; a voting lever must be turned over the name of each candidate for whom you wish to vote. Leave voting levers down. No one will know how you have voted because the movements of the Red Handle returns the voted voting levers to the unvoted position before the curtain begins to open.
