Minn., a practical plumber of years of  
experience, has decided to locate

soon as his stock of goods arrives from

Superintendent of the Allegan Coun-  
ty Agricultural Society, spent Mon-

interest of the fair which is to be held  
Oct. 2, 3 and 4. Unfortunately the Al-  
legan county officials have fixed on  
the same dates as the Holland fair.  
We trust they may see fit to change  
their dates as the two societies ought  
to work in harmony. They have not  
as yet got out their premium list  
while ours is out ready for distribu-  
tion. Mr. Buck is also a breeder of  
Barred and Buff Plymouth Rocks,  
Black Minorcas, and white Wyand-

these improvements cannot be done  
this year but the board expects to get  
a good start before cold weather.

Preparations are being made for  
the McCoy murder case, which will  
likely open in circuit court the

## Holland City News.

FRIDAY, August 2.

### Lake and Marine.

The Buffalo Courier has the following regarding the Pan-American life saving crew of which Frank E. Johnson of Holland and J. Van Weelden of Grand Haven are members:

"The life saving station on the Pan-American Exposition grounds is an example of the best type of station found in the service and is wonderfully in advance of what the stations were when Congress made its initial appropriation of \$10,000 in 1849.

The efficiency of the Pan-American crew likewise typifies the wonderful advance that has been made along that line since the inauguration of the service, particularly since 1871, when it was reorganized on its present basis and Summer I. Kimball placed at its head as general superintendent.

All life saving appliances of the latest and most approved character are to be found in the exposition station. It has a crew of ten men picked for their efficiency from among the crews of the great lakes and Atlantic seacoast. All the men are experienced surfmen and have seen several years of active service in life saving stations.

This crew is captained by Henry J. Cleary of the Marquette, Mich., life saving station, who has been a life saver since he was 19 years old, and who has a reputation for bravery and skill second to no man in the service. The personnel of the crew is as here given:

J. Van Weelden, Grand Haven; D. K. Mulcahy, Cleveland; R. Oliver, Sand Beach; P. Enright, Sandy Point; G. J. Enzler, Port Niagara; H. Harvity, Erie; E. H. Hungerford, Big Sandy; T. T. Polkey, Point Marquette; J. P. Hurd, Buffalo; F. E. Johnson, Holland."

### Wheat is King.

2. By thorough fertilization, especially with commercial fertilizers. This gives to the young plant strength and vigor to withstand the first attack of the destroyer.

3. By sowing a strip of wheat around the field very early in the fall and allowing this to become a harboring place or trap for the Hessian fly and then plow it under deep before the field is seeded.

4. By late sowing in Michigan from the 1st to the 10th of October, not before. Even later sowing is permissible. This is generally very reliable notwithstanding the experience of 1900 was unfavorable. Much of course depends upon the time in the fall when frosts appear and also the time when freezing weather sets in of sufficient degree to stop the growth of the plant. With winter coming as late as it did last year, even sowing in the first part of October is too early, while if we had an early setting in of winter it would of course be desirable to sow sufficiently early to get a reasonable amount of growth in the plant before winter. In nine years out of ten we have a nippling frost in this State in October which will destroy the insects near the earth before the eggs are laid in the young plant.

5. Seed wheat should be most carefully selected with reference to the variety, the purity, plumpness and strength of the grain, and its freedom from smut or mixture of other grains. Smut may be cured by proper treatment of the seed wheat when it is not convenient to obtain seed that is free from it. Plump, large kernels will always produce the best and healthiest stand. Dawson's Golden Chaff has withstood the Hessian fly and other pests very well and has proved to be an excellent and reliable Michigan yielder. Some of the red varieties, notably the Buddy, have also proved excellent for Michigan.

### Great Fair Oct. 1, 2, 3 and 4

Though the time for holding the South Ottawa and West Allegan Agricultural association fair at the fair grounds here is a couple of months distant, the dates being October 1, 2, 3 and 4, the officials in charge have made great progress in the work of preparation and the show will be one of the greatest in the history of the association.

L. T. Kanters, the secretary, has booked some fine attractions and will astonish the people with the magnitude of the entertainment furnished. In the premium list which has just been issued, H. Kooler, the president, extends greetings as follows: "Nothing succeeds like success." This pithy aphorism applies to county fairs just as well as to everything else. "Two years ago our fair succeeded well enough so that all premiums and expenses were paid in full. Last year this was done again with a large enough balance to pay off \$200 of indebtedness; our fair is financially on the upward trend.

"The exhibits last year were also somewhat of an improvement over previous years, but still we are not satisfied. The territory embraced by our association could, if the people chose to do so, make an exhibit that

would hardly need to be second to our state fair. The officers of the society are not in this work just for the purpose of getting money enough out of the people to pay expenses and to have a little show that must be got through with and dropped as quick as possible; they want to make an exhibit that will make it a pleasure and profit for everyone to come and see, one at which a great deal might be learned about improved methods of farming, fruit raising, dairying and what not.

"The attractions at our coming fair we will endeavor to make better than ever. The races will be as good or better than they ever were. The grand stand will be enlarged so as to give more seating capacity, and John Kerkhof will be on the ground with gasoline engines and pumps so as to give an abundant supply of water.

Editor S. A. Brown, of Bennettsville S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50 cents at Heber Walsh.

### ADVANTAGES OF THE DOCTOR.

We are Not Under Restraints Such as These by Which Practitioners are Enveloped.

Physicians, like clergymen, are concerned in trying to make their fellow men better, but they have a great advantage over the clerical brethren in being able to shape their lives according to their whims and necessities without undue criticism from their fellows. We prefer that our doctors should be good men. We insist that they shall have a high degree of professional honor. We expect them not to be unduly mercenary, and not to grudge a fair measure of their time to the public service. But we don't concern ourselves about what they eat, or drink, or smoke, or how they choose to have their share of fun, as long as they write in Harper's Weekly. We don't even insist that they shall practice what they preach, and we should be disappointed if we did, for, though doctors spend their lives in efforts to induce people to take care of their health, it is unusual for a busy doctor to take even ordinary care of himself. His sleep is broken, his meals are irregular, he overworks himself; very likely he smokes too much. But as long as our confidence in his skill is unimpaired we don't criticize him. Doctors are supposed to know what is good for themselves, and in their hands we leave the responsibility for their cases as well as for ours. To be sure, we scoff a great deal at the medical profession, carp at its contradictions and remark upon its limitations, but in the long run the good doctors get the credit that is their due, even though its arrears may not come in until after they are dead.

THE NOISE HABIT. Becomes a Necessary Dissipation to the Nervous Dweller in a Large City. The New Yorker in time contracts what may be called the noise habit. Noise with him becomes a dissipation. His nervous system demands it, says Munsey's Magazine. This is illustrated by the sensations and experiences when he goes into the woods or mountains after a continuous stay in the city for many months. His first feeling is one of loneliness; something seems to have suddenly gone out of his life. Every tree seems to say: "Why have you been so hot and noisy, my little sir?" His sensations are somewhat akin to those of a drunkard who has been under alcoholic stimulation for a long time, and suddenly has his drink taken from him. His whole nervous system feels the lack of the irritation of the city noise, to which he has become accustomed. The stillness actually appals and depresses him.

The streets of New York are deep, narrow channels, and they are growing constantly deeper, as the buildings increase in height. These large reflecting surfaces on three sides of him make the condition of the man in the street like that of the workman who suffers from reflected noise while he hammers rivets on the inside of a boiler.

No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for every looseness of the bowels.

## LUCKY ONES AT EL RENO.

**Drawings for the 13,000 Homesteads in Kiowa-Comanche Country Is Begun.**

**INTENSE EXCITEMENT IN BIG CROWD.**

James E. Wood, of Oklahoma, and Miss Mattie H. Beals, of Kansas, the first names to be drawn. Good Nature Prevails and Lucky Winners Loudly Cheered.

El Reno, Okla., July 30.—Oklahoma's great land lottery was begun here in earnest Monday, and when the commissioners appointed by the federal government adjourned the drawing for the day 1,000 of the choices of the 13,000 160-acre claims in the Kiowa-Comanche country had been awarded. The first name drawn from the wheels was that of Stephen A. Holcomb, of Paul's Valley, I. T., for a homestead in the El Reno district, and the second Leonard Lamb, of Augusta, Okla. These two men selected the two choicest claims in this district.

**Lucky Winners.**  
 The capital prize winners, however, proved to be James R. Wood, of Weatherford, Okla., whose name was the first to come from the Lawton district wheel, and Miss Mattie H. Beals, of Wichita, Kan., who drew the second number in that district. They will have the privilege of making the first filings in the Lawton district, and will undoubtedly choose the two quarter sections adjoining that town. These are considered the most valuable in the territory, and are, it is estimated, worth from \$20,000 to \$40,000 each.

**A Day of Excitement.**  
 The day was one of keen excitement, replete with interesting scenes. It is estimated that fully 25,000 persons witnessed the drawing. The immense throng was wrought up to the highest pitch. The drawing of the first names was followed by a mighty shout that reverberated between the hills and must have been heard for miles over the prairies. Each succeeding winning for a time was met with shouts of applause and merriment.

**Drawing Continues.**  
 El Reno, Okla., July 31.—Two thousand lucky homesteaders received permission yesterday to enter farms in the Indian reservations about to be opened for settlement. The drawing in the government lottery was witnessed by additional thousands of eager people who were brought in by train or prairie schooner or had slept during the night on the hill-sides. Ten thousand claims are left to be disposed of, and although the applicants number 164,000, all are cheerful and hopeful and the utmost good nature prevails.

**KING OF THE TURF.**

**The Trotting Stallion Crescens Goes a Mile in 2:02 3-4 at Cleveland, Breaking the Record.**

Cleveland, O., July 27.—Amid the enthusiastic cheers of nearly 10,000 people, Crescens, the world's champion trotting stallion, again demonstrated that he is the peer of all trotters by trotting a mile Friday afternoon over the Glenville track in 2:02 3-4. This establishes a new world's record for trotting races for both sexes, replacing the former world's record of 2:03 3-4, held by The Abbott. He was driven by George Ketcham.

**Tortured by Robbers.**  
 Bucyrus, O., July 31.—Twelve masked men Monday night visited the residence of Peter Drum, a wealthy farmer residing 11 miles east of here, and, after seizing and binding the various members of the family, proceeded to torture Mr. Drum in order to induce him to disclose the hiding place of money which he was supposed to have secreted in the house. The robbers secured \$50 and were finally frightened away by the screams of the women, which aroused the neighbors. The robbers escaped.

**Three Boys Killed.**  
 Princeton, Ill., July 29.—At the Main street crossing in Wynnet Saturday a road wagon in which three boys were riding was struck by the Denver limited of the Chicago, Burlington & Quincy railroad and all were killed outright. The dead are: Harley Hamrick, aged eight years; Harry Mears, aged ten years; Henry Young, aged ten years.

**Out on Bail.**  
 Kansas City, Mo., July 31.—Lulu Prinde Kennedy, under sentence of ten years for killing her husband, Philip H. Kennedy, on January 10 last, was on Tuesday released in bond of \$10,000, pending an appeal of her case to the state supreme court.

**Rules Out of the Party.**  
 Columbia, S. C., July 28.—The state executive committee late Thursday night adopted a resolution ruling Senator McLaurin out of the democratic party. The action was totally unexpected.

**Big Dividend.**  
 New York, July 30.—The First national bank of this city paid a dividend of \$5,000,000 on old capital stock of \$500,000. This was at the rate of 1,000 per cent.

**Record Broken.**  
 Salt Lake City, July 26.—W. E. Samuelson, of Provo, Utah, broke the world's unpaired mile bike record here Thursday night, riding the distance in 1:53 2-4.

## VENEZUELA IN TURMOIL.

**Five Thousand Revolutionists Defy the Rule of President Castro.**

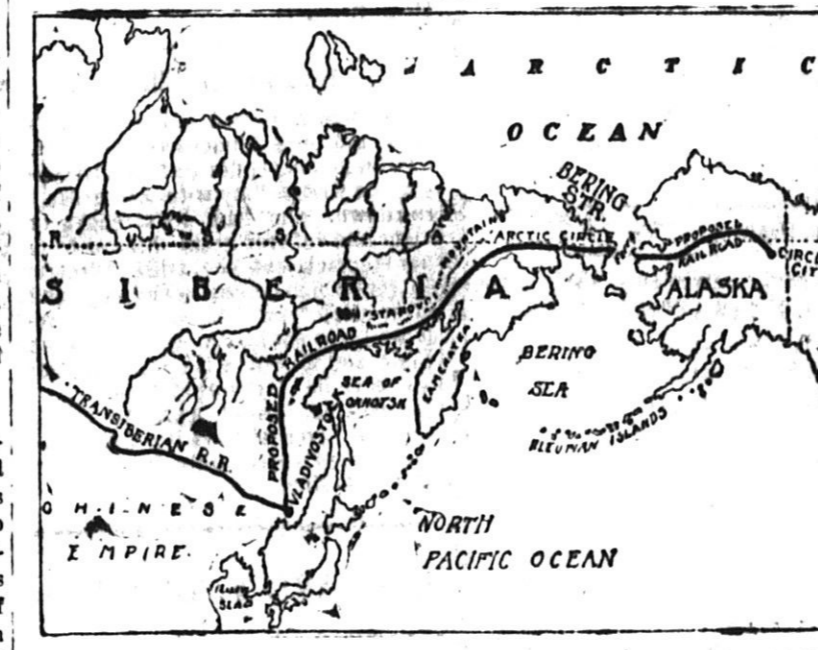

**THE WHOLE COUNTRY IS READY TO RISE.**

**Government Sends 10,000 Troops to the Scene of the Uprising—Constitutional Guarantees Suspended—Complications with Colombia Are Feared—Situation Is Grave.**

Willmsted, Island of Curacao, July 31.—Dr. Rangel Gardias, at the head of 5,000 men, has revolted against President Castro of Venezuela. The insurgents are near San Antonio de Tachira, on the Colombian frontier. The Venezuelan government has sent 10,000 troops to the scene of the uprising. The situation is grave. Other outbreaks are expected. The whole country is ready to rise against President Castro. Constitutional guarantees have been suspended and complications with Colombia are feared.

**News at State Department.**  
 Washington, July 31.—The state department Wednesday received the following telegram from the American legation at Caracas:  
 "Martial law has been declared in Venezuela by the president of the country in consequence of the invasion of a revolutionary force from Colombia. It is reported that an army of 10,000 men will meet the invaders."

## ROUTE OF PROPOSED RAILROAD TO CONNECT ALASKA AND SIBERIA.

French Engineer Plans Line from Circle City, in the Klondike Region, to Vladivostok, in Russian Siberia, Whence There Is a Direct Rail Route to Europe.

Brigard, the Colombian consul-general at New York, is in the city in consultation with the officials of the Colombian legation regarding the situation in Colombia and especially with reference to the seizure of Murrillo, one of the aides of Gen. Uribe, the revolutionary leader, at Cartagena, Colombia, some time ago. According to officials at the legation the passport with which Murrillo was armed stated specifically the peaceful mission upon which he was journeying. It is claimed that he violated the terms of his passport and the officials do not believe that his seizure will give rise to a diplomatic incident with Germany. The officials at the legation scout the idea that Gen. Uribe has invaded Colombia with 15,000 men. They know, however, that he has purchased arms in Belgium and that he went to Curacao and from there to the Venezuelan frontier, whence he was to launch his expedition.

According to all the information obtained here, however, and the legation has news from the seat of government at Bogota up to the 27th, the invasion has not actually taken place and no battles have been fought. There is no information at the legation, it is claimed, confirmatory of the report that masonic bodies have contributed support to Uribe on account of the hostility of the present Colombian government toward masonry.

Mr. Herrán, the charge d'affaires, explains that the alleged hostility against masonry in Colombia is not against that order alone, but against all secret orders. The secret lodges, he says, are made the plotting grounds for intriguers and revolutionists and the order for their suppression is due to that fact alone.

**Prelates at Buffalo.**  
 Buffalo, N. Y., July 31.—A party of distinguished prelates of the Roman Catholic church of this country have arrived here for the purpose of seeing the Pan-American exposition. **Indictments Against Pythians.**

The Hague, July 31.—The interview, Tuesday, between Robert H. Van Schaack, treasurer of the Holland Society of Chicago, and Mr. Kruger was most cordial. Mr. Van Schaack, his wife and Mr. Kruger conversed together for an hour. When Mr. Van Schaack announced that he was the bearer of the society's invitation to Mr. Kruger to be their guest, assuring Mr. Kruger of the high esteem in which he was held in the United States, as a grand, old patriot whose noble devotion to the cause of liberty recalled the devotion of the prince of Orange. Mr. Kruger was visibly affected. He said he well knew he had many warm friends in America, whom he would like to thank. Mr. Kruger presented Mr. Van Schaack with his photograph and autograph. The great Boer statesman seemed to be feeble and depressed with grief.

**Editor of HOLLAND CITY NEWS:**

Through the kindness of your fair and impartial journal, my Fourth of July speech was published, and in it were contained some involved criticisms upon the government, specially the Porto Rican tariff was mentioned. But since that time certain things have happened which materially alter the situation. Free trade was given the Porto Ricans by our President, while, owing to the execution of the Foraker Act, restitution for the past was made to the extent of nearly half a million of dollars. This certainly looks like a square deal, and, instead of criticism, there should now, in our opinion, be heard loud and thunderous applause.

As to the Philippine war, there is, in our opinion, a difference between deprecating a war before it has begun, grieving over it while in progress, even insisting upon it that it was not entirely just after it is over, and, not accepting the results when it is all done with. I do not agree at all with the anti-expansionists. The hard names they use are not arguments.

Our president is not only the president of the United States, but also the ruler of other lands. The Supreme court has decided the question and that is the highest law in the land, to which we ought to submit. The fact is unalterably determined, why agitate? Moreover it must ever go against the grain to use a word of criticism against the authorities. They are by Divine power clothed with a dreadful majesty. Our forefathers have always honored and obeyed them. The Holland people are the most loyal to their royal house of any in the world. Not even England, excepted, and blood always tells.

I am not accustomed to write on politics, and do not pretend to understand them, but on the main question feel quite decided. May God send our president prosperity and guard and defend his cabinet and the two houses of Congress.

I must beg the indulgence of yourself and your readers for this effusion, but when a man has said something which is liable to being misrepresented, he wishes to set himself right before the public.

**Christian Endeavor Picnic a Great Success**

The Christian Endeavor Picnic held at Macatawa Park yesterday was one of the grandest social events in the history of the society in Michigan. Every part of the Fourth district union was represented and it is estimated that 6000 people were present. The business session began at 10:30 in the auditorium, President Bannings presiding. The opening feature was song service led by D. C. Tremaine of Grand Rapids.

The report of the nominating committee was as follows: President, the Rev. John Savage of Stanton; secretary and treasurer, Miss Bertha Hill, Grand Rapids; junior superintendent, Miss Ella Leusenkamp, Grand Rapids; missionary superintendent, Seth Coburn. After action had been taken adopting the report, the Endeavorers adjourned for dinner.

At 1:30 the session was resumed, in which the junior rally was a feature. Miss Ella Leusenkamp presided. "A Story to the Juniors," by Prof. J. T. Bergen, D. D., was a special feature.

At 2 o'clock the platform meeting began, President Bannings presiding. The Rev. F. P. Arthur of Grand Rapids, state president of the Christian Endeavor societies, delivered an address on "Individual Activity vs. United Inactivity."

Miss Carrie Parsons of Kalamazoo, state secretary, gave an address emphasizing the necessity of a more effective organization, not only of the Christian Endeavorers, but also of the Epworth League and the Baptist Young People's Unions. The Rev. C. C. Smith of Chicago and Mr. Coburn sang a duet which was followed by an able address by the Rev. C. C. Smith of the Moody Institute, Chicago. His topic was "Christ Is All in All."

At the close of the meeting State President Arthur called attention to the coming departure of the district president, the Rev. J. J. Bannings, who goes to India in October, and at the close of his remarks the company arose and sang "God Be With You Till We Meet Again." Professor Bergen gave the benediction.

The closing feature was the grand sacred concert held in the auditorium at Macatawa Park at 7:30, conducted by Dr. A. C. Van Raalte Gilmore, assisted by Prof. Thomas, cornetist; Messrs. Smith and Coburn, and a large chorus choir. The program was

made up of solos, duets and choruses, forming as a whole, a very pleasing entertainment. A special feature was a short address by Miss Florence O'Neil of Jerusalem, daughter of a missionary, who appeared with several other ladies in the costumes of that country. A splendid soprano solo was rendered by Mrs. G. J. Diekema of Holland.

The resolutions passed contained the following reference to Dr. A. C. V. R. Gilmore, and the speakers: "We desire to express our high appreciation of the services of the speakers and the labors of Dr. Gilmore and the soloists and chorus."

**Puritan From Chicago to Buffalo.**

The Graham & Morton Transportation Company has issued a circular containing the following information regarding the Chicago-Buffalo route on which the steamer Puritan will run after August 31:

"For Buffalo, stopping at the large, fast, steel, exclusive passenger steamer Puritan of the Graham & Morton line. Steamer leaves Chicago every Saturday, commencing August 31, at 2 p. m., and arrives in Buffalo every Tuesday morning, during the month of September and October, returning from Buffalo on Wednesday evening of each week.

The rates of fare include meals and berth and are from \$25 to \$40, owing to location on steamer. This includes supper leaving Chicago at 2 o'clock and breakfast at Buffalo. If the passengers return Wednesday night, spending the two days there, they can retain their berth and meals for an additional \$3 per day for Tuesday and Wednesday. The vessel will be supplied with a first-class buffet, barbers and string music for entertaining the passengers.

Round trip tickets are sold with the expectation that the passenger will remain in Buffalo one or two weeks. On the way down the steamer will stop at Detroit two hours or more for sight seeing. Our sailing time is so arranged as to pass through the Straits of Mackinaw, the beautiful scenery through St. Clair river and the state, Detroit river to Lake Erie in the daytime."

**Seeks Lost Father**

The Holland City News received a letter yesterday that may prove of great interest to a resident of this county. It is from the W. L. & A. S. Prestos Gold Mining Company of Seattle, Wash., and it asks for information regarding the father of W. L. and A. S. Prestos whom they have not seen for thirty five years. Judging from the letter the father is living in this county under a different name—Flemion Hunley. The following is the letter:

W. L. & A. S. Prestos, Gold Mining Co., Seattle, Wash., July 30th, 1901. To the County Sheriff—In care of HOLLAND CITY NEWS: Sir—Would you please inquire if there is a man in your county by the name of Flemion Hunley. He lived in Spring Lake, this county, in 1892. He is my father and I have never seen him. He left home in Virginia when I was a baby 35 years ago, and my mother died 27 years ago, leaving two children homeless. Today we are doing well, and seek our lost father. I am told by his brother, our uncle, that he is still in Spring Lake, Mich. If he is in your county please write to me or give him my address. Respectfully Yours, REV. W. L. PRESTOS, S. T. B., 400 Mercer Street, North Seattle, Wash.

**ADDITIONAL LOCAL.**

Rev. J. T. Bergen will conduct services in Hope church next Sunday morning and evening.

Beautiful wide and narrow Torchon Laces at 5 cents a yard during next week at John Vandersluis' lace sale. See display in his window.

The Hope church Sunday school picnicked at Waukazoo Tuesday. The Harvey Watson was chartered and as in the olden times towed a large "lighter" loaded with picnickers to the north side resort. A delightful day was passed exploring the beautiful spots at the resort and indulging in the fun and frolic incident to a Sunday school picnic.

James Lillibridge, of Wright township, has been in the county jail this week pending the result of injuries he is alleged to have inflicted Thursday, July 25, upon John Russel, an employee of Lillibridge's father, who runs a slaughter house. Russel alleges that Lillibridge assaulted him, that he picked up a club with which to defend himself, and that Lillibridge then knocked him down with an axe. When Russel regained consciousness, he says, he found that his hands had been tied together and he was hanging from a beef hook. Lillibridge says that Russel and himself got into a fight, that he only used his fists on him. Lillibridge was brought before Justice Angel Monday morning on warrants charging him with assault and battery and assault with intent to do great bodily harm. Bail was fixed at \$800.

L. Legters, formerly of Hope College, now a student of the New Brunswick Theological Seminary, is in the city. He came here to attend the Christian Endeavor convention and picnic and will visit friends for a few days.

Now that the summer months are nearly ended the merchants of Holland are again beginning to consider the idea of having the stores close at 6 o'clock every evening excepting Tuesdays and Saturdays same as last year. They seem to be nearly unanimous in favor of the plan and it is expected that no difficulty will be experienced in getting all of the merchants to sign the agreement before September 1.

Thomas Breen, a member of the Chicago life saving crew, was in the city yesterday the guest of friends. Mr. Breen was on his way to Chicago from the Pan American exposition, where he went to row for the Chicago Boat club. He took part in the fancy diving contest and won three prizes. Mr. Breen was a member of the 3rd U. S. infantry in the Spanish-American war and took part in the Pillager Indian war at Leech Lake, Minn., in 1898.

Geo. T. Ryder lacerated his hand very badly by catching on a large nail fastened in the Macatawa Park dock while in bathing last Monday. Dr. F. S. Ledebor dressed the wound which is healing rapidly. But George will have to forego the pleasures of swimming in Black Lake and the high dives that are part of the fun until his hand gets well.

The Pere Marquette No. 5 made a trip from Ottawa Beach to Holland Tuesday. Superintendent Mercereaux was aboard and the trip was taken to see whether or not a landing could be made at Harrington's dock. Plenty of water was found and it is expected that steps will soon be taken to have the Milwaukee steamers land here as well as at Ottawa Beach.

A card received this week announces J. E. Lewis of New Richmond as the successor to G. G. Smeage, 155 East Eighth street, Holland, dealer in groceries. The Herald wishes Mr. Lewis success in his new enterprise. The Holland people will find him a good citizen, honest and attentive.

Over at Mattawan, a new secret society has been organized, called the "Sons of Rest." The membership consists largely of married men and the chief object of the society is the enforcement of the curfew ordinance. Whenever a married man fails to report at his domicile at the regular hour, the members are by request of the man's wife expected to turn out en masse and see that the delinquent is returned to his household. Such a society is unnecessary here for when a Fennville man fails to appear at the proper time his wife adlines forth and escorts him home unaided—Fennville Herald.

Mrs. H. M. Bruins, of Pekin, Ill., arrived at the home of her parents, Mr. and Mrs. G. T. Hulzanga, last week Thursday and left again Monday evening on the Pere Marquette steamer for Milwaukee in company with her sister Jennie. They will meet Mr. Bruins in Milwaukee and from there will go to Alto, Wis., to spend part of their vacation.

Mrs. Albert Root, of Grand Rapids, is in the city, the guest of Mrs. W. R. Buss.

Mr. and Mrs. Wm. Swift have returned from an outing in Paw Paw. John Cloeting, of Muskegon, was the guest of friends in this city yesterday.

Miss Alida Van Sas, of Milwaukee, is the guest of Mrs. M. B. Nalab.

## MADMAN SHOTS SIX MEN

Maniac Seeks Vengeance on Those Who Had Him Committed to an Asylum.

### LEAVENWORTH SCENE OF THE TRAGEDY.

The Victims Include a Business Man, a Physician, Three Officers and a Laborer—The Insane Man Is Finally Killed by the Policemen in a Fight in the Street.

Leavenworth, Kan., July 25.—Michael Kelly, an insane man, on Wednesday, at the office of the Robert Garrett Lumber company, in the business district, shot six people, killing one, probably fatally wounding another, and more or less seriously wounding four others. He was himself finally killed by officers who tried to overpower him.

The victims are: John R. Garrett, aged 40 years, junior member of the firm of the Robert Garrett Lumber company, died at hospital; Michael Kelly, aged 50, died after being taken to the police station; Dr. Charles McGee, aged 30, shot in back and probably fatally wounded; Police Sgt. William Dodge, shot in neck, wound serious; Michael McDonald, detective, shot in leg, slight; Joseph Falthager, policeman, shot in hand, wound slight; Ike Healer, laborer at lumber yard, shot in hand, wound slight.

### Had Been in Asylum.

Kelly had lived in Leavenworth for years, and at different times had engaged in minor business enterprises. He was eccentric, and during the presidential campaign in 1896 lost his mind entirely. At that time he was arrested for creating a disturbance, and later threatened to kill Garrett. He was arrested and adjudged insane, and later threatened to kill Garrett. He was arrested and adjudged insane, and later threatened to kill Garrett.

### The Shooting.

Wednesday, shortly after 12 o'clock, he appeared at Garrett's office, which is situated on the ground floor, at the corner of Sixth and Cherokee, and without warning shot Garrett as he sat at his desk. Garrett fell from his chair and into the doorway, where Kelly deliberately fired four shots more into the prostrate form. Garrett was shot twice in the neck, in the left breast, through the liver, and twice in different portions of the body. Leaving his victim for dead, Kelly ran 50 yards to the rear of the company's lumber yard and began reloading his revolver. Presently he returned to the office to find Dr. McGee, who had been attracted by the shooting, bending over Garrett. Leveling his revolver on the window sill, Kelly took deliberate aim at the physician from the sidewalk and fired. The bullet struck McGee in the back of the spine, and he toppled over near where Garrett lay.

### Killed by an Officer.

Then followed an exciting street fight between the madman and officers who came upon the scene. Kelly, flourishing his revolver, dashed through the lumber yard. He met Ike Healer, a laborer, and shot him in the hand. A few yards further on he encountered Sgt. Dodge. The two exchanged shots as they ran. One bullet from Kelly's revolver struck Dodge in the neck, but not before the officer had shot him in the shoulder. Kelly kept on running, and was soon confronted by Detective McDonald and Officer Falthager. McDonald dropped Kelly with a bullet in the neck. Dodge raised his revolver, but it failed to work, and, catching up with the murderer, he crushed his skull with the weapon. Kelly sank to the ground and was carried to the station in an unconscious condition, dying soon after his arrival there.

### Dr. W. C. Gray Retires.

Chicago, July 27.—After serving 30 years as editor of the Interior, the principal organ of the Presbyterian church in the west, Dr. William C. Gray has disposed of his interest in the weekly publication and will retire. The property is taken possession of by a stock company capitalized at \$50,000.

### Chapman Re-elected.

Chicago, July 27.—John H. Chapman was re-elected president of the Baptist Young People's union for the eleventh time at the convention in the Coliseum. Mr. Chapman, who is a Chicago man, has been president of the organization since its inception in 1890, and is known as the father of the movement.

### Tragedy in Kansas.

Dodge City, Kan., July 30.—E. Kirby, proprietor of the Park hotel, on Monday shot and killed his wife and then shot himself, both dying instantly. The wife was shot in the forehead, Kirby in the throat. The cause assigned is a disagreement over property.

### Yacht Burned.

Chicago, July 31.—By an explosion of gasoline on Vernon C. Seaver's yacht, the Kid Tuesday afternoon four men were burned. The upper works of the yacht were destroyed, and the building of the Columbia Yacht club was damaged by fire.

### All Day Fight.

## BOARD OF INQUIRY.

Secretary Long Names the Investigators of the Official Acts of Admiral Schley in Cuba.

Washington, July 26.—The board of inquiry, which is to investigate the controversial points in connection with Admiral Schley's conduct during the Spanish war, will be composed of Admiral Dewey, president of the court, and Rear Admirals Lewis A. Kimberly and Andrew E. K. Benham. The court will meet at the navy department in Washington September 12.

Washington, July 27.—The precept to the court of inquiry has been issued by Secretary Long. In outlining the scope of the inquiry he does not attempt to prescribe limits, and it may be enlarged as the members of the court deem expedient. The subjects raised by the secretary, however, cover the grounds upon which the fight has been made against Admiral Schley.

Washington, July 30.—Secretary Long has forbidden naval officers to publicly discuss the Schley inquiry, desiring, as far as possible, to keep the case out of the newspapers until after the trial.

Washington, July 31.—A letter has been received at the navy department from Admiral Kimberly, asking to be excused from the Schley court of inquiry on account of the state of his health. The admiral is understood to be suffering from heart trouble. The application was placed in the hands of Secretary Long, who will dispose of the matter from his home in Higham, Mass.

## PEACE IN SIGHT.

The Indications Now Are That the Great Steel Workers' Strike Is Near Its End.

New York, July 29.—At last there is good ground for belief that the great steel strike is soon to be brought to an end, if, indeed, a definite agreement has not already been reached. Representatives of the great steel combine and of the striking workmen were in close conference Saturday, and it is generally believed that peace will be the result of the meeting. Formal negotiations for a settlement were opened at a conference between President Shaffer and Secretary Williams, of the Amalgamated association, and J. Pierpont Morgan and a group of his associates of the United States Steel corporation. The conference and the movements of the conferees were secret, and no intimation of the result of the deliberations has come from anyone in authority. It is believed, however, that formal announcement of the compact for peace will come within a few days.

## PROUDLY RIDES WAVES.

The Battleship Maine Successfully Launched at Cramps' Ship Yard.

Philadelphia, July 29.—The battleship Maine, designed to be bigger, stronger and faster than her namesake, whose shapeless mass still lies in the harbor of Havana, was successfully launched from the yards of the William Cramp Ship and Engine Building company Saturday. One of the largest crowds that has ever seen a warship leave the ways at Cramps' yards was on hand and patriotism ran wild as the ship left her cradle.

The ceremony of christening the ship was performed by Miss Mary Preble Anderson, of Portland Me., a descendant of the Preble family that has added fame to the naval honors of the country.

The Maine is 50 per cent. finished. Her keel was laid in April, 1899, and the ship will be ready for transfer to the government in 18 months' or two years' time.

## Dropped Dead.

Grand Rapids, Mich., July 29.—Mrs. Antonia Van Oosten, an aged Holland woman, fell dead from the heat on the street Sunday afternoon, while on her way home from church. She was supposed to be in very poor circumstances, but a cloth pouch was found tied about her waist under her skirts containing \$1,045 in gold and bills.

## Saves a Big Sum.

Manila, July 31.—The insular government has saved \$250,000 by the passage of an act virtually declaring the stone quarries at Mariveles, in the Bataan province, public domain and authorizing the utilizing of the stone in the harbor improvement. A Spanish company claimed to have established title to the quarries.

## Strike Ended.

Milwaukee, July 27.—The big machinists' strike in this city, which was inaugurated on May 20, is at an end. Business Agent A. W. Holmes, of the strikers, has admitted this much and says lack of funds makes a continuation of the struggle impossible. The demeanor of the strikers, he says, has been very satisfactory.

## Given Free Trade.

Washington, July 26.—The president issued his proclamation establishing free trade between Porto Rico and the United States and declaring the organization of a civil government for the island.

## Are You

## Satisfied?

IF NOT WHAT BETTER PROOF CAN HOL- LAND RESIDENTS DEMAND?

It's from a citizen. It may be a neighbor. You can readily investigate it. The more investigation, the more convincing the proof.

Mr. John Lockhart, of 28th street near Central Avenue, says: "I had a constant aching in my loins and kidneys so that at times I could hardly keep around. I could not rest comfortably in any position and after a restless night I arose feeling as tired as when I went to bed. The kidney secretions became irregular, frequent and unnatural. I used different remedies but did not receive any benefit. Seeing Doan's Kidney Pills advertised I procured a box at J. O. Doesburg's drug store and tried them. They did me so much good that I got another box and then another. They cured me."

#### HEAT BRINGS HEAVY LOSS TO FARMERS.

##### Spring Wheat Harvest Advanced in Southern Spring Wheat Region—Harvesting of Other Crops Begun—Apple Crop in the Central Valleys Will Be Light.

Washington, July 31.—The weather bureau's weekly summary of crop conditions is as follows:

Intense heat prevailed during the greater part of the week throughout the central valleys, but the temperatures during the last three days were more moderate. Good rains have fallen over a large part of the drought area in the Mississippi and upper Missouri valleys, but drought conditions have become more serious in the Ohio valley and Tennessee, where the week has been rainless, except in a few localities.

In the Atlantic coast districts the weather conditions have been generally favorable, except over portions of the Carolinas and Virginia, where rain is now needed. The conditions were also favorable on the Pacific coast.

Recent rains have improved late corn in portions of Nebraska, Kansas, Oklahoma and Missouri, but the early crop was practically ruined before the rains came. In Iowa the crop has sustained less injury than in the before-mentioned states, and the rainfall has been copious and well distributed. In the great corn states east of the Mississippi river, except over northern Illinois, drought and excessive heat have continued with disastrous effects upon corn, which is now in a critical condition.

In Michigan and generally throughout the middle Atlantic states and New England the corn crop is in fine condition.

Winter wheat harvest is general on the North Pacific coast with good yields.

Harvesting of spring wheat is well advanced over the southern portion of the spring wheat region, and has begun in the southern Red river valley. Premature ripening has reduced the yield and quality of the crop over the southern portion of the spring wheat region, although the threshing returns show better yields in Iowa than were anticipated. In North Dakota and northern Minnesota the crop has sustained but little injury from heat.

Oat harvest continues in the more northerly sections, having been delayed by rains in Michigan. Reports of premature ripening continue from the upper Missouri valley. A light crop is indicated in the middle Atlantic states.

The condition of cotton over the greater part of the cotton belt is improved, good growth and clean fields being generally reported. In Missouri, Arkansas, Tennessee and central Texas, however, the crop continues to need rain, and shedding and blooming at top in these states are extensively reported.

In the Ohio valley and Tennessee, tobacco continues to suffer from drought, but in Kentucky and Tennessee has withstood the unfavorable conditions well. In New England and the middle and South Atlantic states the crop has made good growth. Cutting and curing continue in the Carolinas under favorable conditions.

The apple crop in the central valleys has been further injured by drought and heat, and a very light crop is indicated in the middle Atlantic states and New England.

Military Governor of Cuba Arrives at New York—Says Everything Is Quiet.

New York, July 31.—Gen. Leonard Wood, military governor of Cuba, accompanied by Mrs. Wood and their three children, arrived here Tuesday on the steamer Morro Castle from Havana.

Gen. Wood said to a reporter at the quarantine station:

"I am feeling much better. I have not had any fever for ten days and have an excellent appetite. I intend going on board the steam yacht Kanawha for a short trip along the New England coast, where we hope to enjoy a spell of cool weather. I expect my stay to be brief, as I intend to return to Havana at the earliest moment."

"When I left Havana everything was remarkably quiet. I am highly gratified by the kindness shown me by the whole Cuban people during my late illness. Mrs. Wood and family will remain in quarantine until Thursday as guests of Health Officer Doty. Afterwards Mrs. Wood will probably join me on the Kanawha while our children take a trip west to visit friends."

## Sporting News.

Grand Haven defeated Fennville Friday by a score of 8 to 5. "Tards" Ver Schure and Nelly Nelson pitched for Fennville and O'Connell for Grand Haven.

The Record was slightly misinformed and consequently made a misstatement in the account of the Holland-Fennville game in last week's issue. The umpire was a gentleman from Fennville and not Japenga of Holland. Beg pardon, boys, mistakes will happen, you know. A large well-behaving crowd from Holland witnessed the game (Zeeland-Blue Labels) and Dr. Knoelhuizen of that city was asked to preside as umpire.—Zeeland Record.

Grand Haven will play Fennville at Fennville to-morrow.

The Twin City club of Saugatuck and Douglas was defeated Wednesday by the Hamilton club by a score of 10 to 9.

Zeeland took sweet revenge from Fennville yesterday on the Zeeland diamond, defeating the latter club by a score of 9 to 4. The game was called at the end of the fifth inning or it might have been worse. Zeeland had the strongest team in the field that it has played this year. Berry, the crack Grand Rapids man, was behind the bat and Koeniski, the Grand Rapids Pollock, played short. Umpires, Sooy and Whitbeck. Kasten pitched a fine game, striking out eight men in the five innings.

The Holland Base Ball club has the task of its life this afternoon. It will be engaged for the third time in a contest with the McLachlan University club of Grand Rapids and the game promises to be a good one. Twice the teams have met and twice the Holland boys have tasted defeat, but they hope to turn the tables this—the third time—and will bend every effort to win. Ver Stay will be in the box for Holland.

"Tards" Ver Schure will pitch against Grand Haven in the game at Fennville Saturday. Down in Fennville they are giving odds of two to one on the home team.

The Holland base ball club will go to Big Rapids next week to compete in the base ball contests for the championship of Western Michigan. Tuesday, August 6, Big Rapids will play Grandville. Wednesday Holland will play Zeeland, and Thursday the two winners and the two losers in the previous days contests will play. Prizes of \$50, \$30 and \$25 are offered. Reduced rates will be given on all railways and a number of local fans are arranging to attend. Besides the base ball contests a carnival will be held under the auspices of the Soldiers and Sailors association. Free street shows will take place every day, balloon ascensions will be given every forenoon and vaudeville shows every night.

Big Rapids was slaughtered Wednesday by the Grand Rapids league club by a score of 18 to 10.

The Little Monarchs of this city and the Little Wonders of Zeeland crossed bats on the Zeeland diamond Wednesday. The Monarchs, who are all young lads, were surprised when they reached Zeeland to find older and larger players arrayed against them; but they were not dismayed and put up a good game. The Wonders were victorious by a score of 10 to 6.

## Band Tournament And Farmers Picnic

# LAXAKOLA THE GREAT TONIC LAXATIVE

At some time, if not habitually, you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or some of the other symptoms and disorders which tell the story of bad bowels and an impaired digestive system. Laxakola will cure you. It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels will move regularly, your liver and kidneys will cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers who had been seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, find Laxakola an ideal medicine for children. Children like its taste and ask for it. It keeps their bowels regular without any pain or griping, and acts as a general tonic at the same time. It will assist nature, aid digestion, relieve restlessness, clear the coated tongue, reduce fever, cause refreshing, restful sleep and make them well, happy and hearty.

Laxakola, the great laxative tonic, is not only most efficient of family remedies, but the most economical, because it combines two medicines, viz.: laxative and tonic, and at one price. No other remedy gives so much for the money. At drugists, 50c. and 50c. or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.
