Furniture.

There is furniture that meets the critical approval of artistic eyes and is superior to any other popular priced furniture you can get to day. When you have a piece of furniture from this establishment it will have many of the good points of the very high priced goods and will cost you a great deal less.

Carpets and Rugs.

Why buy old-fashioned ugly carpet patterns when you can have the very latest ideas of the best foreign and domestic manufacturers? New fashioned goods at new fashioned prices are simply rolling the floor coverings out of our store.

CARPETS AND RUGS

Curtains.

In window furnishing the chief essentials are daintiness and durability. We would be able to fit attractively every window in town. These curtains will launder beautifully and people report using them for several years and they still hold their quality.

Credit.

Yes we extend Credit. We trust the people. You can come in this store and get an outfit to furnish your home, paying a little down and balance on very easy payments.

CITY AND VICINITY.

Twenty-nine marriage licenses were issued by County Clerk Hoyt.

Born to Mr. and Mrs. Gerrit Klaasen, Fifteenth street, Sunday—a daughter.

Rev. J. Groen, pastor of East Street Christian Reformed church in Grand Rapids, has declined the call extended to him by the Ninth street Christian Reformed church of this city.

Frank T. Ley, of Grand Rapids, deputy factory inspector, was in the city this week. He inspected the different manufacturing institutions and found that the labor laws were followed in every particular.

The republicans of Wright township at their caucus held Saturday selected the following delegates to the county convention: Henry E. Shuster, Joseph Raymond, Suel A. Sheldon, B. B. Haas, D. C. Wells, L. B. Wolcott, Joseph Baranoski. The delegates were instructed to support no candidate who had held office for more than two terms.

News was received in this city Monday morning of the death of John Ver Wey at Oostengenslaap, Netherlands, July 21. Mr. Ver Wey, who was 36 years of age, was a graduate of Hope college and was ready to begin his last year in the Western Theological Seminary when illness interfered with the plans and he returned to his home in the Netherlands.

Official reports from the Grand Haven water station show that July was the wettest midsummer month since 1883, when all crops rotted in the field or sprouted in the barns and the only value of wheat was as ground feed for stock. In that year the precipitation was 7.96 inches. Last month it was 4.85 inches. At the Detroit station the precipitation was 7.55 inches, the greatest with the exception of one year since the station was established.

At the Holland Township caucus held Saturday afternoon the following delegates to the county convention were chosen: D. B. K. Van Raalte, L. Lugers, John Y. Huizinga, A. Vanden Haar, Chris Schilleman, Jno. Meyrink, Jno. Van Appledorn, Jno. Van Zanten, Gerrit Zaalmik, Jno. G. Wittveen, Geo. Campbell, Michael Bos, Ben Van Raalte, Jr., Ben Van Raalte, sr., Jno. A. Witterdink. There was a contest between Attorney Mortimer A. Sooy of Zeeland and P. H. McBride, prosecuting attorney. The McBride forces won and the delegation will support Mr. McBride for the nomination for prosecuting attorney.

A. C. Turpin, of Chicago, the gentleman who has been stopping at the hotel for the past few days, came here for the purpose of viewing the Merritt farm for which he traded \$1,800 worth of Chicago property. The land was described to him as being first class in every particular, furthermore, that there was a large eight room house, 200 apple trees, 300 pear trees and scores of other fruit, including 200 peach trees, a fine well of water and excellent out buildings. The fact is there are but two acres cleared on the place with no buildings or fruit whatever, and the forty acres of sand is actually not worth \$50.—Hamilton Echo.

The Grand Rapids, Holland & Lake Michigan Rapid railway has put on three special morning flyers to take care of the resort trade. The "Early Morning Flyer" leaves Macatawa Park at 5:35 a. m. and Holland at 5:50; the "Business Men's Special" leaves the Park at 6:35 and Holland at 6:50; the "Bankers' Special" leaves Park at 7:35 and Holland at 7:50. These cars are put on for the accommodation of Grand Rapids people and make no stops east of Holland. It will take them but 1 hour and 20 minutes to go from Macatawa to Grand Rapids. During August and September resorters' limited tickets will be sold, forty rides for \$10, good between Grand Rapids and the resorts. Another innovation is the placing on sale of round trip tickets from Holland to Grand Rapids for 50 cents on every Monday and Friday. These tickets include the street car fare within the city limits of Grand Rapids and the usual transfer privileges.

Prof. J. T. Bergen occupied the pulpit of the First Reformed church of Grand Rapids last Sunday.

Born to Mr. and Mrs. Martin Brouwer, East Seventeenth street, Saturday—a son.

Rev. J. H. Hardin, of Liberty, Mo., pastor of the Christian church, will preach in the M. E. church Sunday morning. Rev. Hardin is spoken of as an excellent sermonizer and all are invited to hear him.

The library board has added to the reference books of the city library 10 volumes of the Literature of All Nations, 8 volumes of the Twentieth Century Encyclopedia, 10 volumes of the World's History and Its Makers, 10 volumes of Encyclopedia of United States History, a bound volume of two years of the North American Review, and one year of the Review of Reviews.

Sheriff Dykhuis received a telegram from the sheriff of Berrian county about 6:30 Saturday evening telling him to look out for a young man named Lee who was wanted in St. Joseph to answer to the charge of non-support preferred by his wife. Inside of fifteen minutes Dykhuis found his man and escorted him to the city jail where he remained until Deputy Sheriff Tennant of St. Joe came for him Monday morning.

Miss Blanche Brown met with a serious accident last Saturday evening. She and Miss Florence Krulzenga were crossing Eighth street on the walk leading from S. A. Martin's drug store to J. A. Vander Veen's hardware store when a street car came along. The girls held back to allow the car to pass when they were run down by a team of unmanageable horses which were frightened by the car. Miss Krulzenga was thrown against a telephone pole and escaped with a few slight bruises; but Miss Brown was thrown to the ground and seriously injured. She was taken into Miss Martin's drug store and Dr. D. G. Cook who was summoned found that her shoulder was dislocated. She was removed to her home and has now nearly recovered from the effects of the accident.

Thomas S. Roberts of 17 West Bridge street, Grand Rapids, lost a leg under a Grand Trunk train at Grand Haven last Sunday night. As the train was switching preparatory to pulling out for Grand Rapids with a huge load of excursionists Roberts thought it was leaving and, fearing to be left, he ran through the crowd and attempted to board the platform of the baggage car. He slipped and fell between the track and the platform. A trainman saw him fall and called to him to lie still until the train had passed. Roberts tried to rise however, and was struck by a car truck and whirled under the wheels. His left leg was cut off below the knee. He was taken to a local hospital and given surgical attention. All possible was done for him but his heart action was weak and he died Tuesday. Roberts was about 55 years old.

A. W. Hompe, of Grand Rapids, one of the most enthusiastic yachtsmen of the Macatawa Bay Yacht club is deploring an accident to his yacht which he has had built this year at considerable expense. The yacht was launched from the Wolverine boat company's factory, where it was built, last Friday evening and after reaching the water successfully was left in the water with no one to watch her. During the night she filled, the water coming through uncaulked seams in her centerboard well, and sank, and in the morning only her bowsprit was seen above water. The yacht was raised but not before considerable damage had been done to the veneers and finishings of her cabin. The yacht is 48 feet over all and 13 feet beam and is equipped with state rooms, cook galley and main-cabin. It will be fitted up with a fine spread of canvass and will also be provided with a Wolverine gasoline engine to be used in calm weather or in entering harbors.

Born to Mr. and Mrs. Jacob Ver Hai, East Eighth street, Sunday—a son.

Olen Hansen injured his right hand while operating a saw at the factory of C. L. King & Co. Tuesday. Dr. D. G. Cook attended him.

At the M. E. church last Sunday 25 new members were admitted into full membership. Rev. A. Clarke administered the rite of baptism to nine.

A notice posted on a fence not far from Kaleva, Manistee county, read as follows: "Lost, one white calf, mit him hind legs black. He is one she calf. He is mine. John."

William Van Anrooy has been granted the contract to drive the piles for the new bridge to be built over the Kalamazoo river between Douglas and Saugatuck.

Sheriff Dykhuis has returned from Jackson prison with Marinus Traas, who is here as a witness in the case against his old chum, Charles Kipp. Traas is serving a two and a half year term for larceny from a furniture factory and Kipp is accused of being an accomplice in the crime.—G. H. Tribune.

The Hamilton Dam company, owners of the dam across the Rabbit river at Hamilton is making extensive improvements on it. There is a large force of men at work and a great deal of rock and cement is being used in the construction of the new floor. The work will consume about three weeks.

The examination for teachers' certificates for Ottawa county will be held in Grand Haven on Thursday, Friday and Saturday, August 21, 22 and 23, 1902. All grades of certificates may be granted from this examination. The examination in reading will be based upon Shakespeare's "Merchant of Venice."

Following its unprecedented passenger business of Saturday and Sunday, the Graham & Morton line Monday broke all records in the quantity of baggage handled. All of the east shore ports touched by the line came in for a share of the delayed vacation business that is now overwhelming all of the lake passenger lines.

There will be four days of regatta on Spring Lake next week commencing Monday, On Aug. 11-12 the Tia Juana cup will be contested for. This is a free for all with time allowance. The next two days the Problem cup will be raced for by Class A boats. It will be a week of great sport with some of the best yachts in the business entered.

The firm of Noble, Mass & Co. of Detroit, which was ready to purchase the bonds when the former election was declared illegal, will turn over the \$18,000 cash as soon as the bonds are printed and the village will then begin active operations toward the erection of the municipal plant.

M. H. Palmer is busy working on a model for cleaning and hulling wheat. By a test which he has just tried with a small machine the wheat is stripped of its hull, and the berry comes out clean and polished. The machine is somewhat complicated, having a blower attached that is a sure cleaner of smut in the wheat. Several millers have inspected the device and pronounced it a good profitable machine. We shall have further occasion to describe its workings in the near future.—Hamilton Echo.

To determine the correctness of the theory that forests attract and preserve moisture, President Garfield of the state forestry commission, and Consulting Engineer Pressy of the United States geological survey are about to establish a gauging station in Crockery Creek, Muskegon county. The station is to be located in Slocum's grove, which, after the flow of water in the creek is measured for a period of years, will be cut down and the effects noticed.

The program is being prepared for the Grand River Valley association, G. A. R., to be held in Grand Haven Sept. 1-6. Monday, Sept. 1, will be devoted to receiving the visiting posts, corps, etc. Tuesday will be industrial and educational day, Wednesday will be veterans' day, Thursday will be fraternal day. On Friday the old settlers and farmers will have their innings. Then on Saturday occurs the final celebration. Gov. Bliss, Congressman William Alden Smith, Capt. Belknap of Grand Rapids and others have already been secured as speakers.

NEIGHBORING TOWNS.

West Olive.

Harvesting is done and now blackberries are ripe.

Mr. and Mrs. Brooks of Grand Haven passed Sunday with A. Boyer and they are talking about buying his farm.

Frank Mayo came from Grand Haven Saturday and is working in the pickle building.

Mrs. Mary Miner and daughter Laura of Ludington made her brother John Leland a visit last week.

We should all do our best in donating work and money for a new Methodist church. It is a more decent place to spend money than saloons.

Theron St. Clair is still suffering from the effects of a bruised shoulder that he received some time ago. Blood poisoning seems to have set in.

John Vander Veen is manager of the West Olive Pickle Co. About fifteen men and boys are busy doing all kinds of work there this week.

Mrs. C. M. Shearer, we are sorry to say is afflicted with inflammation of the eyes and it has affected her sight to such an extent that she is kept at home. We greatly miss her in the church.

John C. Robart Jr., with his wife and children moved on the Pike farm Wednesday. John is employed on the section and we have been honored by the family becoming our neighbors.

Your correspondent has been working in the pickle plant and so far it has not put him on the sick list, because he was getting \$1.50 per day.

Adolph Hecker and sister Miss Dora Hecker were in Holland Tuesday.

Cal McKinley and Al Alger now seem to be our two butchers. Cal and Al sounds very agreeable.

Cucumbers are coming in every day at the pickle plant and they remind us of a good crop this year. Tanks are being erected this week and an addition is being built over the gasoline engine adjoining the building. The Heinz Co. have given us employment on that account.

MICHIGAN DEMOCRATS.

Nominate a State Ticket Headed by George H. Durand, of Flint, for Governor—Synopsis of Platform.

Detroit, Mich., Aug. 1.—In state convention here yesterday the democrats nominated the following ticket: Governor—George H. Durand, of Flint. Lieutenant governor—John F. Bible, of Ionia. Secretary of state—John Donovan, of Bay City. Treasurer—Wilbur F. Davidson, of Port Huron. Auditor general—David A. Hammond, of Ann Arbor. Attorney general—William F. Knight, of Grand Rapids. Superintendent public instruction—Prof. Woodbridge M. Ferris, of Big Rapids. Commissioner of land office—Arthur F. Watson, of Cheboygan. Member state board of education—Charles F. Field, of Hastings. Justice of supreme court (to fill vacancy)—Benjamin J. Brown, of Menominee.

The platform adopted is devoted almost entirely to state issues, the only mention of national issues being an endorsement of the election of United States senators directly by the people.

The resolutions declare that the destruction of boss rule is the supreme issue. They charge the present republican administration with getting into power two years ago by gross corruption and manipulation of caucuses and nominating conventions and demand a primary election law under which all nominations shall be made directly by the people. Equal taxation and equitable assessments and the repeal of what are termed the "ripper laws" of the last state legislature, which are said to be a violation of the right of cities to have home rule, form other planks of the platform. The adoption of the system known as the initiative and referendum is demanded.

Another plank favors municipal ownership of public utilities, subject to the referendum.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then stop beats, and I could no longer lie in bed. Night after night I would lie awake, not able to get to sleep. I had tried many remedies, but I began taking Dr. Miles' Heart Cure, but it helped me very little. Then I took Dr. Miles' Nerve and Heart Cure and the effect was astonishing. I learnedly report similar sufferers to give these remedies a trial."

LAKE STEAMERS COLLIDE

City of Venice, Sunk by the Seguin Off Hondeau, Canada, and Three Lives Lost.

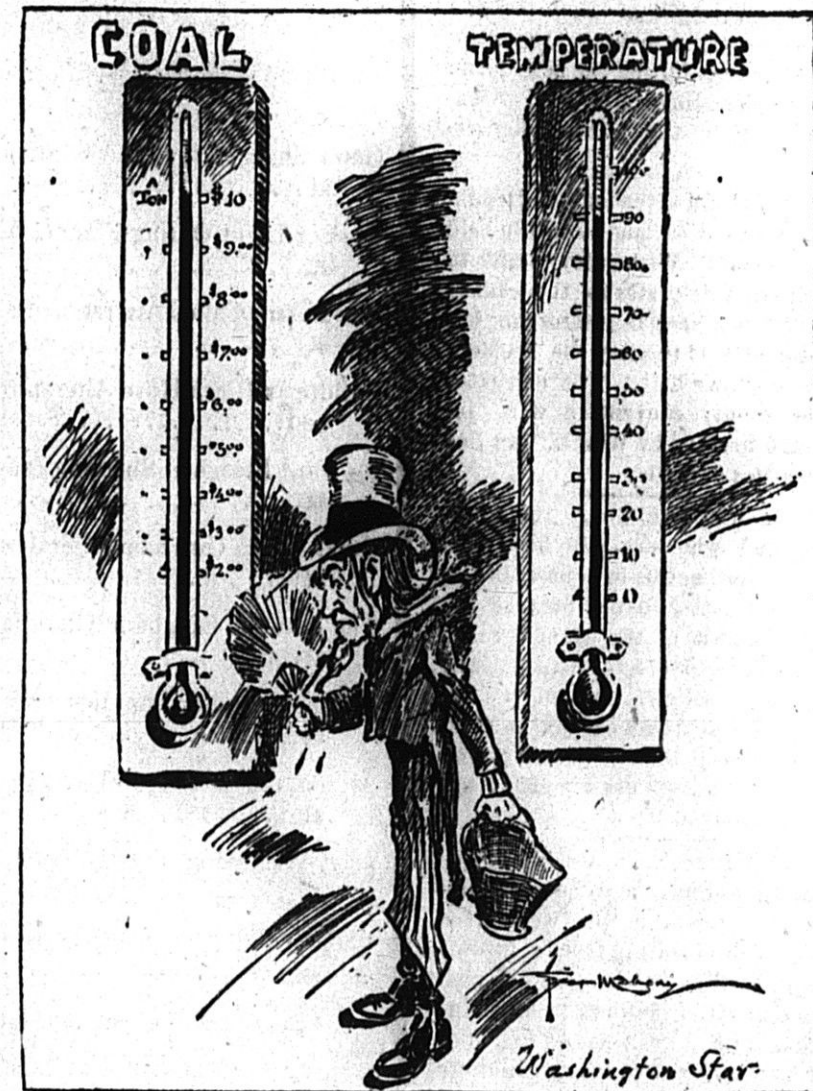

MYSTERY AS TO CAUSE OF DISASTER.

Second Mate of Seguin Who Was in Charge of Vessel at Time of Collision Refuses to Talk—Lights of the Venice Were Burning and There Was No Fog.

Cleveland, O., Aug. 6.—As a result of a collision on Lake Erie between the steamer City of Venice, ore-laden, and the steamer Seguin, a steel lumber vessel, off Hondeau, Canada, at midnight the former vessel was sunk and three lives lost, while several other persons were more or less seriously injured.

THE DROWNED—Peter Simondson, fireman, Brooklyn, N. Y. Thomas Flanagan, deckhand, Buffalo. George Weir, watchman, residence unknown.

INJURED—John Sullivan, Chicago, contusion of back, will probably die. J. A. McDougal, Cheboygan, Mich., chief engineer City of Venice, arm injured and body badly bruised.

"HOPE THEY'LL DROP TOGETHER."

Louis Hubecker, Cheboygan, Mich., head and back badly bruised.

Cause of Accident a Mystery.

The cause of the collision is not known. There was no fog whatever and the night was fairly clear. The lights of the City of Venice were burning brightly. To this the crew and passengers all testify, saying they could see the lights on the Venicemas she was sinking. The second mate of the Seguin, W. A. Lavigne, who was on watch, refuses absolutely to give any information in regard to the way the accident happened. "The less said about it the better," was the only statement he would make.

Sullivan Makes Statement.

Cleveland, O., Aug. 6.—First Mate Sullivan, of the City of Venice, who is lying in a critical condition at the Marine hospital, rallied slightly Tuesday afternoon and made a statement regarding the collision:

"I was on the night watch," he said. "It was something after midnight when I saw another boat ahead. It was still some distance away, but I blew the whistle to signal the boat. She did not answer. I thought that it was strange, but as she was some distance away I made no attempt to get out of the way. All our lights were burning, and there was no fog, so I don't see how they could have helped seeing our vessel. When the boat was considerably closer, I whistled again, but still there was no answer. I was then frightened, and signaled still another time. I saw that we were not seen; at least there was no attention paid to our signals, and the boat was bearing directly down upon us."

"I then attempted to get out of the way and veered the ship diagonally in her course, hoping to escape with a slight rub the collision that I began to realize was inevitable. She was even nearer than I supposed, however, and going at a fast rate. Suddenly, the bow loomed up high above us, and there was a sickening crash, and then for a moment I scarcely realized what had happened. I was thrown off my feet by the jar and the pilot house was crushed and piled on top of me."

"I felt a terrible pain in my back and chest, and then I was swept overboard with the pilot house. It all happened so quick that I could scarcely realize each distinct sensation, however."

Sullivan was picked up after being in the water a short time. Including the crew and passengers, there were about 25 persons on the City of Venice.

Blown to Pieces.

Clinton, Ia., Aug. 5.—Arb. McDonald dropped a stick of dynamite from a boat into the Maquoketa river, for the purpose of killing fish. The dynamite exploded directly under the boat and McDonald was blown to atoms. John Ralston and Peter McCabe, who were in the boat with McDonald had narrow escapes. They will have to stand trial for violating the game laws.

Iowa Town Damaged by Fire.

Ottumwa, Ia., Aug. 6.—Fire of unknown origin burned the major portion of the business district of Lucas. Loss is estimated at \$30,000. Fire companies from surrounding towns saved the place from entire destruction.

IOWA REPUBLICANS.

Meet in State Convention in Des Moines and Nominate a Ticket and Adopt a Platform.

Des Moines, Ia., July 31.—The republican state convention on Wednesday named the following ticket: Secretary of state—W. B. Martin, of Adair county. Auditor of state—B. F. Carroll, of Davis county. Treasurer of state—Gilbert S. Gilberson, of Winnebago county. Attorney general—C. W. Mullan, of Blackhawk county. Judge of supreme court—Scott M. Ladd, of O'Brien county. Judge of supreme court (short term)—Charles A. Bishop, of Polk county. Clerk of supreme court—John C. Crockett, of Hardin county. Supreme court reporter—W. W. Cornwall, of Clay county. Railroad commissioner—E. A. Dawson, of Bremer county.

The platform was adopted without delay and without a dissenting vote. A synopsis is as follows:

It congratulates the people on the existing era of prosperity, and declares that the "condition of the country today is a complete answer to the theories and predictions of those who opposed republican policies at that time, and affords conclusive argument in favor of a continuance of the policies and the administration under such manifest benefits have been enjoyed." The death of the late President McKinley is deplored. Confidence is declared in the leadership of President Roosevelt, and fealty to his administration is expressed.

AUTHORIZES A BIG LOAN.

Cuban Congress Prepares the Way for Circulating Millions to Relieve Present Crisis.

AMOUNT CALLED FOR IS \$35,000,000.

Necessity Is Recognized for Aiding the Sugar Planters, Pending Efforts to Obtain Reciprocity at Next Session of American Congress—Army Also to Be Paid.

New York, Aug. 5.—The first important work of the Cuban congress is approaching a conclusion after a sitting of a little more than two months. At Saturday night's session of the senate the way was prepared for circulating \$35,000,000 throughout the island substantially approving the house bill for the circulation of this amount. The money, it is believed, will have the effect of relieving considerably the present crisis. The congress considers it advisable to aid the sugar planters pending efforts to obtain reciprocity at the next session of the American congress. The necessity is also recognized of paying the debts contracted by the Cuban junta, of New York, in aid of the last revolution, and to pay the liberating army.

To Issue Bonds.

President Palma will be authorized to borrow \$35,000,000 in American gold and to issue national 30 year five per cent. bonds within six months. Four million dollars will be applied to the aid of the cane growers and the agricultural and cattle industry generally. The money will be loaned at the rate of 50 cents for every 2,500 pounds of sugar grown in the last crop. The money is to be repaid in February, March or April of next year, drawing six per cent. interest. The bondholders will have the custom house receipts as guarantee for the repayment of the \$4,000,000. President Palma will be authorized to increase the tariff duties on certain articles accordingly.

The rest of the \$35,000,000 loan will be used for the payment of debts contracted by the New York junta to support the revolution, amounting to about \$3,000,000, also for payment of the services of the army, amounting to \$23,000,000.

Plans for Redemption.

To bring this loan within the terms of the Platt amendment and other provisions of the Cuban constitution, the present congress, before adjourning will provide a way to pay interest and will establish a sinking fund to redeem the principal. This probably will be done by means of a stamp tax. Any balance of the loan will be applied to agriculture at the discretion of congress.

House Passes the Bill.

Washington, Aug. 5.—The state department has received the following cablegram from Minister Squires, dated Havana, August 4:

"The house has passed the bill authorizing the loan of \$35,000,000; minimum rate of issue, 50 per cent. Maximum interest, five per cent. redeemable in 40 years."

United States May Interfere.

Close attention is being given in official circles to this, the first step of the Cuban government to create a bonded indebtedness. The announcement received from Minister Squires, nevertheless, came as a surprise. Under the section of the Platt amendment, adopted by the Cuban government, the United States is guaranteed that the Cuban government will not contract a debt, to pay the interest upon and to provide a sinking fund for, that cannot be met by the ordinary revenues of Cuba after defraying the current expenses of the government.

The rights of the United States under the Platt amendment will be enforced, and it is doubtful whether this government will quietly and without protest permit the Cuban government to issue such a large amount of bonds at this time.

Senate Passes Loan Bill.

Havana, Aug. 6.—The senate yesterday passed the bill to empower President Palma to raise a loan of \$4,000,000 at the minimum price of 90 and at the maximum rate of interest of five per cent., payable in 30 years, to be used to assist the sugar cane growers of the island. This bill includes authorization to raise within six months another loan of \$35,000,000 to include the first loan. This second loan is to be used to pay the Cuban revolutionary army and the debts of the revolution referred to in the constitution.

Death of Dr. Beardshear.

Ames, Ia., Aug. 6.—Dr. William M. Beardshear, president of the Iowa state college of agriculture and mechanical arts, died as the result of an attack of nervous prostration incurred while attending the meeting of the National Educational association, of which he was president, at Minneapolis, a month ago. Dr. Beardshear had been connected with educational movements in Iowa for more than 20 years. He was 52 years of age.

Circuit Court.

Judge Padgham convened the August term of court Monday afternoon. G. Vander Noot officiated as court officer.

Among the outside attorneys present were G. J. Diekema, Geo. E. Kollen, Chas. McBride, Arthur Van Duren of Holland; Attorneys Rodgers, Brown, Smedley and McAllister of Grand Rapids and Ernst of Coopersville.

In the case of Henry Huxtable, et al., relator, vs. Edward P. Kirby, judge of probate, respondent, Ordered that the respondent has until the 15th of September to put in his answer.

People vs. John Golden, violation of the liquor law. Pleading guilty. Ordered that he appear in court on August 15 for sentence.

People vs. Henry Lake, violation of the liquor law. Same action as in previous case.

Anna O'Leary vs. Seth Nibbelink. Ordered that plaintiff file bond in the sum of \$100 with two sureties as security for costs within 30 days.

People vs. Booth Packing Co. Continued over term by consent of attorneys.

The Huizinga case was continued to the next term of court on account of the illness of one of the principal witnesses for the defendant. The defendant pleaded not guilty.

The matter of the People vs. John W. Bert and John Herlings for violation of the fish law also goes over the term.

In the matter of Fred P. Wilcox vs. John Vander Heide, default judgment for \$125.50 was entered.

The case against Charles Regbel for violation of the liquor law also goes over the term.

In the case of the People vs. Fred Gates, charged with bastardy, it was ordered that the case be continued on the respondent filing a bond in the sum of \$300, with two sureties, and in default of same that he be confined in the county jail until such bond is filed, or until a further order of the court.

The criminal case of People vs. Charles Kipp, charged with larceny is put down for trial next Monday, and the jury has been discharged until that time. The Kipp case will be the most important matter to come up at this session of court.

People vs. John Cook, charged with embezzlement. Plea of not guilty changed to guilty. Ordered to appear for sentence on Friday, August 15.

Clyde Zalsman Killed By Cars.

Clyde Zalsman, the seven-year-old son of Mr. and Mrs. Fred Zalsman, was killed on the Pere Marquette railway track last Monday afternoon shortly after 4 o'clock. With his five-year-old brother he was playing on the back part of the Graham & Morton dock while the switch engine in charge of Earl Markham, engineer, and Earl Reed, fireman, was switching cars towards C. L. King & Co's. factory. His father, who is the Holland agent of the Graham & Morton company, was working in the office when the younger son rushed in and told him that Clyde was under the cars. Mr. Zalsman rushed out shouting to the train crew to stop the cars. Thomas W. Eaton, yard conductor, had also signalled to the engineer to stop and when the cars came to a standstill Mr. Zalsman began an anxious hunt for his boy. Blood stained him under the car where he found the mangled body of his son. Assisted by the train crew he picked up the remains in a piece of canvas. A whistle which the boy had been blowing a short time before his death was found a distance of 50 feet from the body showing that the boy had been dragged that distance under the cars.

Coroner Mastenbroek impaneled a jury consisting of H. W. Cherry, John Elferink, Jr., L. D. Visser, Henry Kiekintveld, A. B. Bosman and Will Botsford and an inquest was held Tuesday morning. Testimony was furnished by the engineer and fireman, by George Judd, brakeman, Thomas Eaton, yard conductor, Bert G. Hall, brakeman, Mr. Bos and Fred Zalsman. It appeared from the testimony that the young lad had either tried to jump from the dock platform to a moving car or had fallen off the platform while playing. The jury brought in a verdict of accidental death.

The funeral was held Wednesday afternoon from the house, Rev. J. T. Bergen officiating.

Cast Up By The Waves.

Last Friday afternoon the waves of Lake Michigan cast a four-ounce bottle upon the sands of the beach at Macatawa Park in which was a slip of paper, apparently such as is used by physicians in making out prescriptions. The finder of the bottle opened it and pulled out what is the result of some illiterate jokers attempt to be funny.

The note reads: "Friends—May God forgive me, but I cannot stand it any longer. So good-by. Please notify Gerrit B. of Grand Rapids, that he can now forget me forever, as I will bother him no more. Please tell mother as she will wait for me. Your sweetheart,"

"Carrie Hirth."

The bottle was picked up by a resident of Zeeland. So far as can be learned there is and has been no such person as Carrie Hirth in Grand Rapids and the two families there of the name of Hirth are unable to throw any light on the subject.

Vencedor Wins Waukazoo Cup.

The fleet of the Chicago Yacht club, which left Chicago Saturday on its annual cruising race arrived in this port Sunday morning. The yachts were thronged with people watching the graceful flyers laying their course up the lake against a vigorous northwester under full sail and flying in between the piers.

The big mahogany sloop Vencedor, carrying Commodore Fred C. Price of the Columbia Yacht club was the first of the racing fleet to arrive, getting in at 8:30 a. m. and winning the Waukazoo cup in class 1A. Almost an hour later the schooner Alice followed the Vencedor, passing the piers at 9:29:55 and winning the yacht gun offered for the schooner class. Third in was the Illinois, the Milwaukee boat which was an unsuccessful defender of the Canada cup last year, which takes the Class 2A prize, and exactly two minutes behind her came the Columbia which surprised the backers of La Rita, the winner of the Lipton cup by defeating her in Class 3A. Behind the La Rita in order were the Jeannette, winner in Class 2B, Neva, Wiseth, Toxeth, Vislop, winner in Class 4A, and the Imp, Eleanor II, Vixen, Nomad, Mawja, America, Nymph, Tartar and Pinta.

There were morning and afternoon races for the Macatawa fleet Saturday, the Snipe finishing first in the third race for the Kanters & Standart cup over the outside course Saturday morning, and the Raven led the Macatawa and Bay-Hom-Ir home over the inside course in the competition for the Foster & Stevens cup in the afternoon.

Will Foll The Gay Mosquito.

The American Field gives editorial indorsement to the following recipe, which is guaranteed to keep at a respectful distance from the anointed one the most ravenous mosquito that ever plunged its needle-pointed siphon into the quivering flesh of human being.

Enough of the compound can be bought at any drug store for 50 cents to supply a whole family for a season. It is claimed that the stuff is not greasy and if applied lightly to exposed portions of the body will make the anointed person immune to the shafts of any insect. The recipe was given to the world by E. Crofton Fox, of Grand Rapids, and the Field calls it "Fox's fly dope."

Following is the recipe: Oil pennyroyal, oil cedar, oil peppermint, oil bergamot and fluid extract of quassia, each one drachm; gum camphor, four drachms; vaseline (yellow) two ounces. Dissolve camphor in vaseline by heat. when cool add remainder.

The New Holland correspondent to the Zeeland Record says that the Harlem creamery which started up this week is equipped with all the latest machinery and that one man can do the work.

Jacob Weersink of East Holland has been engaged to teach the New Holland school during the next term. Mrs. C. Ten Have has been re-engaged to teach the primary department.

A large crowd attended the Republican caucus of Zeeland township held in Vriesland Wednesday night to elect twenty delegates to the county convention, a special interurban car being chartered to carry the Zeelanders to the town hall. The delegates to the county convention were instructed to stand by Wm. D. Van Loo for register of deeds.

People who live along the rural routes and who soon will have free delivery need not be in a hurry ordering their letter boxes because P. Hoeksema, who is the agent for the Adrian Bond Steel box company, will visit these sections within a few days. These boxes have given good satisfaction on the two routes which were laid out last year. They are made entirely of steel.

John VanderPoel, one of our enterprising young merchants, made a curious mistake this week it is said. While selling from a job-lot of prepared paints he sold his customer a can of canned peaches instead. The joke was a rich one, but Van was not so much to blame as the jobber from whom he purchased the paints.—Zeeland Record.

Chas. E. Miller and Harry Miller, two Reed City men, are prisoners in the county jail, charged with larceny in Zeeland. Their examination will be held next Monday. The men are accused of stealing some articles from workmen employed at the Zeeland brick works. The two men left suddenly, going to Chicago. Later they returned to Reed City and were apprehended there, and brought to Grand Haven by Deputy Sheriff Hans Dykhuis.

The Y. P. C. T. Union will conduct public services at the M. E. church Sunday evening. A splendid program has been provided by local talent. Miss Daisy Davidson, Gertrude McKay and Ethel Fairbanks will recite. The Misses Francis and Magdeline Dykema will sing a duet. A vocal solo will be rendered by Fred Brownlog. A chat talk on figures will be given by Henry Vander Ploeg, an address by Joseph Warnock. The meeting will be very interesting. All are cordially invited.

Last night was eventful in Macatawa circles. The local lodge initiated a class of candidates and the team from Grand Haven came over on a special train to do the work. Sixty five visitors were present. During the evening drills were given by the trained contingent and after the initiation ceremonies the banquet board was spread. Responses to toasts and humorous stories made the time pass swiftly and pleasantly and midnight, the time fixed for the return of the special to Grand Haven, came all too soon.

Zwemer-TeKolste.

A very pretty wedding took place Wednesday evening at the home of Rev. and Mrs. James F. Zwemer, Central avenue, when their daughter, Miss Henrietta A. Zwemer, and Rev. Gerardus TeKolste were married in the presence of a large number of relatives and friends. The bridal party stood under an arch of evergreens surrounded by palms during the performance of the ceremony by Rev. G. H. Dubbink, assisted by the bride's father. Miss Mary Zwemer played the wedding march. An original poem composed in honor of the occasion was read by Rev. A. Zwemer, grandfather of the bride, after the ceremony. Elaborate refreshments were served and an enjoyable time was passed until the time for the departure of the Chicago boat approached when the happy couple accompanied by a merry crowd of young people went to Macatawa on the car to take the steamer for Chicago. From here they went to Nebraska on a wedding trip.

Rev. TeKolste is a graduate of Hope College and of the Western Theological seminary and was recently installed pastor, of the Ebenezer church. His bride is also a daughter of Hope and has a large number of friends here and in Grand Rapids her former home.

Those from out of town who attended the wedding were Mr. and Mrs. R. J. Boersma and daughter, and Miss Martha Prince, Chicago; Rev. and Mrs. C. Kuyper, Graafschap; W. Miss Sadie Borgman will leave this evening for Freeport, Ill., where she will visit friends.

John Vandersluis the dry goods merchant is about to make some great changes in his store. He will build an addition to the rear of the store now occupied by H. W. Kiekintveld and connect this addition of 23 by 28 feet by an arch and use it as an exclusive cloak room. While these changes are going on Mr. Vandersluis will have a great alteration sale in order to reduce stock to as low a point as possible, as this will necessitate changes throughout the entire store. When completed Mr. Vander Sluis will have one of the best dry goods stores and cloak room in the city, all on the ground floor.

Sweet Grass baskets! Buy them at F. K. Colby's at Macatawa for bargain prices at special sale beginning Monday, August 10 and lasting one week. Dull trade in July due to wet weather leaves a large number unsold and they must be closed out regardless of cost as Mr. Colby puts in a new stock each year.

Grand Venetian Evening.

Venetian Evening was here in all its glory for the second time last night when the Macatawa Bay Yacht club and the managers of the resorts arranged for the illumination of Macatawa Bay in honor of the yachtsmen who came here to take part in the annual regatta.

From Central Park on the south and Waukazoo on the north the bay was brilliant with lights. Japanese lanterns, electrical displays and colored lights met the eye on every side culminating in a bewildering blaze of glory in the circle from Jonnison Park to Ottawa Beach. The yachts anchored in the bay had out their signal lights and in every part of the rigging were suspended Japanese lights. Hotel Macatawa was resplendent as was Ottawa Beach hotel while the club house was a dream of beauty. The crowning feature of the scene was the steamer Post Boy. Loaded to the rails with excursionists the boat circled in and out the labyrinth of yachts and steamers and sent upward from her decks a dazzling display of fireworks. With the West Michigan band aboard music was brought to every corner. Truly the scene was magnificent and well deserved the appellation—Venetian Evening.

A band concert will be given at Saugatuck this evening by the West Michigan band. The G. R. H., & L. M. Ry. will run special cars. Rate for round trip, 25 cents.

Spokane, Wash., Aug. 6.—Harry Tracy, the notorious outlaw, who, with David Merrill, escaped from the Oregon penitentiary at Salem, on June 8, after killing three prison guards, killed himself early on Wednesday morning after being wounded by the rifle of one of the posse in pursuit. Tracy was surrounded in a wheat field near Fellows, a station on the Washington Central railroad, and about 50 miles west of Spokane, Tuesday night. Word was sent back to Davenport, the county

CZAR AND EMPEROR MEET.

The Hohenzollern Sails Into the Harbor at Reval, Russia, and Is Met by the Royal Yacht.

Reval, Russia, Aug. 6.—Emperor William, of Germany, arrived in the roadstead Wednesday. The shipping in the harbor was brilliantly decorated with bunting and garlands, and a spacious reception hall, lavishly furnished, had been erected on the quay. The Russian merchant squadron anchored in the harbor was dressed with flags. The czar on the imperial yacht Standart sailed early to meet the Hohenzollern, and the German emperor was transhipped to the Standart, which returned to port with the two emperors aboard, followed by the Hohenzollern and the German cruisers Prinz Heinrich and Nymphen. The Standart passed down a line of Russian warships, which fired salutes and manned sides.

ORDERED TO USE BULLETS

Shenandoah Is on the Verge of a Clash Between Soldiers and Striking Miners.

CAMP IS ATTACKED BY AMBUSHED MEN

Volley of Stones Hurlled at the Soldiers from Men Concealed in the Underbrush—Sentries Fired into the Bushes, But No One Is Hit—One Man Arrested.

Shenandoah, Pa., Aug. 4.—The entire Eighth regiment was called to arms during Saturday night as a result of three attacks made by a band of men in ambush, who threw stones at the troops now in camp on the plateau outside the town. These attacks are becoming so frequent that Brig. Gen. Gobin has decided to adopt stern measures to end them. Sunday night a double guard supplied with ball cartridges surrounded the camp, and the sentries were instructed that if the stone throwing was repeated they must shoot to kill and investigate afterwards. One of the attacking party, a Lithuanian named William Stoponitz, is under arrest and is confined in the guard tent, and the provost marshal is on the trail of others.

The Attack.
The first attack, according to Col. Theodore F. Hoffman, was made at 10:45 o'clock Saturday night. Private Payne, of company I, on sentry duty, saw a party of men on the Mahanoy City road, which separates the camp of the Eighth regiment from the Twelfth. He commanded the men to halt, and called the corporal of the guard, but before the latter could respond a shower of stones and rocks were thrown at the sentry. One rock struck him on the chest, knocking him down and causing his gun to fall from his hands. He immediately jumped up and fired several shots in the air. As he did so, the men ran down the road and were pursued by several strangers. The outpost, which had been stationed some distance from the camp, heard the shot, and one of the pickets captured Stoponitz as he came running down the road. The others escaped.

The Camp Aroused.
The shooting aroused the whole camp, and the Eighth regiment was put under arms and companies B, E and K were immediately out in skirmish lines. They beat the underbrush and laurel, which is five or six feet high all around the camp, but they could find no one. The regiment was then called to quarters, and 15 minutes later another shower of stones was thrown at the stable guard, which is located south of the Eighth regiment. The guard turned out, and three men were seen running along the road in the direction opposite from where the outpost was stationed. The strangers were not pursued.

Called to Arms.
Shortly after three o'clock Sunday morning, the third and last attack was made, and it was of such a nature that the bugler, under orders from Col. Hoffman, sounded the whole regiment to arms. This time the stable guard was again the object of the mysterious attack. Stones in volleys were thrown at the guard and at the sentries near by. On account of the laurel, underbrush and the darkness, the soldiers could not see the offenders. However, the sentries fired about a dozen shots into the bushes, but no one was hit.

Keeps Close Watch.
Shenandoah, Pa., Aug. 5.—While the situation in this region is calm, the troops encamped here showed more activity Monday than they have on any day since they were ordered to Shenandoah. There was nothing on the surface to indicate anything, yet there was a feeling of uneasiness which caused the commanding officers to increase their vigilance and hold the soldiers in a state of preparedness.

Nearing a Crisis.
Shenandoah, Pa., Aug. 6.—Under the rifles of militiamen all is quiet. Out of range, behind the protecting hills, there are mutterings of discontent, varied by slight disturbances at several points. Hostility of the strikers toward the troops is becoming every hour more and more open and defiant. Nonunion workers are being mobbed whenever they can be found in unfrequented places. The names of many of them are in a proscribed list, and bands of men are constantly lying in wait for them with the avowed intention of killing them. Women are not safe from insult and attack.

Although the final step of declaring martial law has not yet been taken, Gen. Gobin has ordered two companies to be brought over from camp and detailed to maintain order in the town.

To Honor Its Founder.
Washington, Aug. 5.—Ell Torrence, commander in chief of the G. A. R., has appointed a committee to organize and press to a speedy completion the work of erecting in this city a statue of Gen. B. F. Stevenson, the founder and first provisional commander in chief of the G. A. R.

The Public Debt.
Washington, Aug. 2.—The monthly statement of the national debt shows that at the close of business July 31, 1902, the debt, less cash in the treasury, amounted to \$973,910,367, which is an increase as compared with July 1, of \$4,453,126.

CLEAN SUMMER TILLAGE.

Recent Practice on Irrigated Land Is Toward Deeper Cultivation.

Clean summer tillage is almost a universal practice in the fruit regions of the Pacific coast. Tillage, particularly during the dry season of the year, under some conditions directly determines the need of irrigation and is to a certain extent, as the popular phrase goes, a substitute for irrigation. Under all conditions surface tillage, by promoting conservation of soil moisture, is determinative of the actual duty of water, whether it be from rainfall or irrigation. The effect of frequent surface tillage has been accurately determined by investigation and experiment, both in humid and arid regions.

These experiments fully support the view taught by the experience of about half a century in California, in accordance with which thorough winter and summer tillage has been so widely practiced in the arid section as an essential to successful fruit growing. There are, however, some conditions in which clean cultivation during the season of highest heat may not be the best practice.

The relations of tillage to soil moisture include both reception and conservation. For the reception of moisture deep work with the plow and sometimes with the subsoiler also is almost indispensable. To retain this moisture and to prevent as far as possible its escape into the thirsty air of the arid region by surface evaporation less depth and more thorough surface pulverization are required.

Recent practice has been tending toward deeper summer cultivation, so that five or six inches of loose, finely divided soil is now obtained where formerly half that depth was considered adequate. It has also been shown that frequent stirring of this fine surface layer checks evaporation, even when no water is applied to compact the surface or where no weeds grow to draw upon the soil moisture.

In a word, the aim of tillage in the arid region, so far as it relates to moisture supply in the soil, consists in opening the soil to rain or to irrigation and in subsequently closing it to evaporation.

seat, and a large number of armed men hurried to the scene.
The posse, under Sheriff Gardner, opened fire on the outlaw, and one bullet pierced his right leg between the knee and thigh. About 20 minutes after being wounded he shot himself with one of his revolvers, and his body was found Wednesday morning after daybreak. The revolver with which he killed himself was grasped tightly in his right hand.

Story of Tracy's Daring.
Harry Tracy escaped from the Oregon state penitentiary at Salem on June 9, in company with David Merrill, after killing four men, Frank W. Ferrell, G. R. T. Jones and B. F. Tiffany, guards, and Frank Ingraham, a convict who tried to prevent his flight. On June 23 Tracy killed Merrill near Napavine, Wash., shooting him from behind, and leaving his body in the forest, where it was found on July 15. On July 3, near Seattle, in a fight with a posse, Tracy shot and killed Charles Raymond, a deputy sheriff, E. E. Bress, a policeman, and mortally wounded Neil Rawley, who died on the following day, and wounded Carl Anderson and Louie Zafrille, newspaper reporters.

Tracy committed many feats of daring during his flight, in the course of which he eluded various posesses when apparently surrounded, and held up numerous farmers, whom he forced to furnish food and clothing, and by threats of murdering their families compelled them to cover up his tracks. Perhaps his greatest show of daring was displayed on July 2 at South Bay, near Olympia, when he held up six men and forced four, including Capt. Clark, of a large gasoline launch, to embark with him on Puget sound and pilot him up stream for ten hours.

In 1897 Tracy murdered Valentine Hoge, a Colorado cattleman, and William Strong, a boy, in the same state. A total reward of \$5,000 was offered for his arrest. Gov. McBride, of Washington, offering \$2,500 for his capture, dead or alive. The state of Oregon offered \$2,000, and a brother of one of the guards killed at the penitentiary offered \$100.

The reward for Merrill's capture, amounting to \$1,500, which has been claimed by Mrs. Waggoner, the berry picker, and her son, who found the body near their home.

was moved from its foundations. At Manitou the damage from a cloudburst amounted to \$10,000, while near Pueblo the damage will amount to \$25,000. Railroad traffic is badly demoralized, but none of the washouts will take long to repair.

The rain was of inestimable benefit to crops and will relieve the water famine in Denver and other Colorado cities for a time at least.

Train Wrecked by a Wall of Water.
Florence, Col., Aug. 6.—A Rio Grande special passenger train from the east, bound to California and carrying 300 tourists, was ditched just east of Florence, near Swallows. The wreck was caused by the train being struck by a wall of water eight feet high, coming down creek, caused by the heavy rains in the mountains south of here Tuesday afternoon. No one is reported injured.

Osteopaths Meet.
Milwaukee, Aug. 6.—The sixth annual convention of the American Osteopathic association met at the Hotel Pfister here Wednesday. Over 100 delegates are in attendance. The feature of the forenoon session was the annual address of President E. R. Booth, of Cincinnati. A telegram of greeting was sent to Dr. Andrew Taylor Still, of Kirksville, Mo., founder of osteopathy.

Showing The Way

THIS PUBLIC STATEMENT OF A HOLLAND CITIZEN WILL BE APPRECIATED

Many a reader of this in Holland has gone through the self-same experience in part, and will be glad to be shown the way to get rid of the constant aches and pains of a bad back. Profit by a Holland citizen's experience.

Mr. John Lockhart, of 28th street, near Central avenue says: "I had a constant aching in my loins and kidneys so that at times I could hardly keep around. I could not rest comfortably in any position and after a restless night I arose as tired as when I went to bed. The kidney secretions became irregular, frequent and unnatural. I used different remedies but did not receive any benefit. Seeing Doan's Kidney Pills advertised I procured a box at J. O. Doesburg's drug store and tried them. They did me so much good that I got another box and then another. They cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

Just Look At Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at Heber Walsh.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Heber Walsh druggist.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

SPONTANEOUS COMBUSTION

Heating of Alfalfa Hay in Muggy July or August Weather.

All cases of spontaneous combustion of alfalfa hay that have come to the notice of the Kansas station have occurred with the first cutting. Early spring growth of alfalfa in an ordinary season is rank. The alfalfa is cut either in May or early in June, and at this time of the year the weather is such that it is difficult to thoroughly cure the alfalfa without getting it wet. Usually there is considerable damp weather and little wind after the first cutting is put in the mow or stack, and this hinders further drying. With later cuttings the growth is not so rank and succulent, and the weather is drier, and there is often wind. This makes curing easy.

At this station we have not had alfalfa heat sufficiently to take fire, but we have had it become so hot that as a matter of safety we took it out of the barn several weeks after putting it in the mow and stacked it outdoors. We have had so much trouble with the first crop heating that for the past four years we have stacked it outdoors and put the other cuttings in the barn. We have cured the first cutting as carefully as we knew how, keeping it several days in cocks, putting covers on the cocks at night and opening the cocks during the daytime, and with all these precautions, if there came a week or more of wet, muggy weather in July or August, the alfalfa hay would become hot. If the weather stayed dry, no heating took place.

Alfalfa should be cut when not more than one-tenth of the plants have come in bloom. Cut at this early stage, the yield of hay for the season will be much greater than if the alfalfa is cut near maturity, and every pound of hay secured will be worth more for feed. The method of curing will vary with the condition of the crop, ground and weather. When alfalfa has made a slow growth and at the time of cutting the ground and the weather are dry, there is no difficulty in curing. Often under these conditions it is safe to rake within a few hours after mowing and stack a few hours after the alfalfa has been put in the windrows.

When alfalfa has made a rapid growth and is rank and succulent and the weather and ground are damp, the problem of curing is a difficult one. It is easy to dry the leaves, but the stems will contain much moisture after the leaves are too dry. Alfalfa hay should become so dry before stacking that when a handful of stems are tightly twisted together no water can be squeezed out. The most practical way to accomplish this and at the same time save the leaves is the plan to adopt, and this will vary with different seasons and places.

There is practically no difficulty in curing any but the first crop. When the conditions for curing the first crop are unfavorable, we have usually found the most practicable method to be to cut the alfalfa in the morning after the dew is off, allow it to barely wilt in the swath, then rake and before night put in narrow, tall cocks. After the dew is off the next morning and the surface of the ground has become dry we open these cocks carefully, so as not to shatter off the leaves. If the weather is favorable, the hay may be stacked in the afternoon; if not, we recock carefully and repeat the treatment until the hay is properly cured.

From all the experience we have gained to date we advise that the best way to prevent spontaneous combustion of alfalfa is to thoroughly cure before stacking.—H. M. Cottrell.

Level Cultivation For Corn.

In cultivating I do not put up corn as was done when I was a boy. The manner of cultivation then required a hill and the manure in the hill, for the farmer would cultivate so deep he would cut off the roots, so the plant was confined to a piece of ground about as large as the hill. I use level cultivation and just stir the top of the ground to keep down weeds. After corn is planted I find the ground is all full of corn roots, even running from one hill to another, says a Maine correspondent of American Agriculturist.

The best time to work the ground is before the corn is planted, using the spring tooth and disk harrow. This can be done to perfection if we go over the land times enough, always in an opposite direction from the last time

we went over the ground. Then we can get a good seed bed on every foot of ground.

When corn sprouts, the first sprout is a straight taproot going down one or two inches before the stalk starts, as shown at No. 1. As soon as the stalk begins to grow the root puts out its feeders (No. 2) just beneath the surface, and these develop, as shown at No. 3 and No. 4. No. 5 shows where the roots have been cut off by deep cultivation. The plant stands still for about a week after cultivation, when it heals and puts out more little rootlets.

There were many instances in Kansas during the summer of 1901 of alfalfa becoming so hot that it took fire by spontaneous combustion and was destroyed.

Proposed Lateral Sewer

On Thirteenth street, between Pine street and Columbia avenue.

City of Holland, Mich.

City Clerk's Office, Aug. 6, 1902.

Notice is hereby given that the common council of the city of Holland, at a regular session held Tuesday, Aug. 5, 1902, adopted the following resolution:

Resolved, That a lateral sewer be constructed on Thirteenth street, between Pine street and Columbia avenue; that said lateral sewer be laid at the depth and grade and of the dimensions prescribed in the diagram, plan and profile for same adopted by the common council of the city of Holland Aug. 5, 1902, and now on file in the office of the clerk; that the cost and expense of constructing such lateral sewer be paid partly from the general sewer fund of said city and partly by special assessment upon the lands, lots and premises of private property owners abutting upon said part of Thirteenth street and being adjacent to said lateral sewer, assessed according to the benefits therefrom determined as follows:

Total estimated cost of lateral sewer, \$2,940.00.

Amount to be raised by special assessment on adjacent private property according to benefits received, \$2,087.46.

Amount to be paid from the general sewer fund, \$852.54.

That the lands, lots and premises upon which said special assessment shall be levied shall include all the private property adjacent to said lateral sewer, between Pine street and Columbia avenue, and such other lots or parts of lots as will be benefited though not abutting on the street where said lateral sewer is to be laid, all of which lots, lands and premises are hereby designated and declared to constitute a special sewer district for the purpose of special assessment to defray that part of the cost and expense of constructing a lateral sewer in Thirteenth street in the manner hereinbefore set forth, as determined by the common council and as hereinbefore set forth, said district to be known and designated as "Thirteenth street special sewer assessment district."

Resolved, further, That the city clerk be instructed to give notice of the proposed construction of said lateral sewer and of the special assessment to be made to defray part of the expense of constructing such sewer, according to diagram, plan and estimate on file in the office of said city clerk, and of the district to be assessed therefor, by publication in the Holland City News for two weeks and that Tuesday, the 26th day of August, A. D. 1902, at 7:30 o'clock p. m. he and he is hereby determined as the time when the common council and the Board of Public Works will meet at the council rooms to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment district, and to said diagram, plan, plat and estimates.

WM. O. VAN EYCK, City Clerk.

Shut Out Union-Giants 4 to 0.

The Chicago Union-Giants, the undisputed colored champions of the world, came here Saturday imbued with the idea that a difficult task was ahead of them, but they found that it was not a difficult task but a hopeless task. With Holland tuned to the pitch it showed in Saturday's game the colored champions could not defeat them in a thousand years. The locals were simply invincible. They went after Foster, the Giant's crack pitcher in such aggressive fashion that, although he put the ball over the plate with speed that made it look like a marble, they found it often enough to bring in four runs. Their teamwork and base running were superb and caused such fear and trembling in the colored men's ranks that they could not play within 50 per cent of the mark set by the Holland boys.

Karsten was in the box for Holland and pitched a record breaking game. The visitors were completely at his mercy and went through all sorts of contortions in an effort to hit the ball. Nine of them were struck out and but one solitary man received a hit. David Wyatt was the lucky gentleman and it is not strange that he connected with the sphere, for he has a batting record that will make most pitchers quake. He has played seventy games this season in Illinois, Indiana, Wisconsin and Michigan and in but three games has he failed to get a hit. His batting average is .434. The Giants were greatly chagrined over the shut out and after it was over they indulged in so much quarreling among themselves that the team was in danger of disruption.

Muskegon, 2; Holland, 1.

The Muskegon state league club was one too many for Holland last Monday and won by a score of two to one. Fisher was in the box for the visitors and he was an unsolvable puzzle. Added to his clever pitching was superb field work, something that was lacking on the Holland team. It seemed as if the visitors did all their good work for the season in that particular game and that the Holland boys did all of their poor work for the season. Muskegon scored in the fourth by reason of Holland's ragged playing. Ball was in the box but the loss of the game was not his fault as he pitched what would ordinarily have been a shut out game. Only once did the locals strike their proper gait and that was in the eighth. Andrews got a hit. So did Marshall and Van der Hill. Andrews scored and it looked good for Holland as two men were on bases and no one out. But Holland's chances soon dwindled to nothingness when Marshall and Tony were caught at the home plate by swift work on the part of Muskegon's third baseman and catcher.

Muskegon Wins Second Game

Muskegon gave Holland another dose of defeat medicine Tuesday afternoon, winning by a score of 4 to 3, largely on account of loose work by the Holland team at critical moments. Karsten and Luther had a fine pitcher's battle, Karsten winning by striking out 8 men and allowing but five hits while Luther allowed eleven hits. At that Karsten was not up to his usual form and was wild at times.

Muskegon scored two in the first on two hits and a streak of good luck. In the sixth errors netted another score and in the eighth a wild throw did the same thing for the visitors. Holland's first score was made in the sixth by Tibald, who made a home run. It was in the ninth that the fireworks were shot off. In the last half with the score 4 to 1 in favor of Muskegon and two men out, Root came to bat and after two strikes were called made a clean hit to left field. He was advanced to first on Andrews hit and scored on Ball's hit. Then Andrews scored on Tibald's hit and the game looked very much Holland. Karsten came to bat and failed to get the greatly needed hit and the agony—agony that caused the fans to linger close to the borderland of lunacy—was over.

The feature of the game was Noblett's fast work at short and his good base running.

Holland's brown-eyed mascot did some spectacular rooting in the last half of the ninth. He stood on his head for two minutes while Root struck fouls and then with two men out and two strikes called he rooted directly at Luther in a manner that made the bleachers yell with joy—and Luther went in the air so far that four hits were made before he came down.

Holland Defeats Allegan 3 to 1.

The game at Allegan Wednesday afternoon was an excellent exhibition of the national sport. The Allegan boys played desperately as they regard a defeat at the hands of the Holland team as one of the greatest catastrophes that can befall them, but their heroic endeavors were in vain

and they had to accept defeat by a score of 3 to 1.

Page of Paw Paw, formerly with the state league, was in the box for Holland and pitched winning ball. He was given support of the true blue kind and would have been credited with a shut out had not the umpire in the ninth inning by lame decisions forced Holland to put one man out twice.

Sporting News

Same old story. No variations. Holland club went to Saugatuck to play the Twin City club. Broke up in a row. Reason: Capt. Ball refused to have his team put out four men in one inning. Score: 7 to 4 in favor of Holland. And "we'll never go there any more."

Fennville's ball team defeated Allegan at Allegan Tuesday for the third time by a score of 7 to 5. Fennville is looking for some team to dispute its claim to the championship of Allegan county.

Allegan will come here Tuesday to try and regain the laurels lost in Wednesday's game. Gilbert, the Kalamazoo pitcher that fooled the Holland boys last summer and made it possible for Allegan to defeat the locals in decisive style, will be in the box for Allegan. He is doing top notch work in the pitching line this year and will try to prove that Holland's star pitchers are overrated.

Thursday the Holland club will play Ionia at Ionia. Maccabee day will be celebrated and a large crowd is expected at the game.

The Tanner's Outing.

For the Holland City News.

The 4th annual outing of the Cappon & Bertsch Leather Co., was held at Waukazoo park. The attendance was small on account of threatening weather. Those that did attend turned out with rubber boots, rubber coats and south wester. Nevertheless all those that did attend had a good time. It was a grand sight to see the transport scow Leon towing the white squadron down the lake with Grant Scott as pilot and H. L. Misner as engineer. The officers of the day were Ben Lester, pres., orator, Tom Murphy; marshal, Chas. Kraus; chief, Herman L. Misner. The committee on arrangements were Hurr Dock, Gunner Anderson, Wm. Zeeb. The feature of the day was the ball game between the harness men and the strap leather men which resulted in a score of 2 to 1 in favor of the harness workers. The invincible Doyle was in the box for the harness men and cyclone, Lester did the twirling for the strappers. It was a pitcher's battle. The work of the cyclone was marvelous, but the game was lost on account of poor support. The surprise of the game was the long running single handed catch in left field by Ben Van Dusen Burgh. The quot game was won by a score of 12 to 9. The 100 yard dash between Zeeb, Lester, Doyle Norlin and others was won by Zeeb, time 11 1/2 seconds. Zeeb 1st, Lester 2nd, Doyle 3rd. The 220 yard dash between David Boyd and Gustave Dehn was won by Dehn, time 29 1/2 seconds. The swimming match between Peter Peterson and Henry Griffin was easily won by Griffin. The wrestling match between Doyle and Mascott was won by Mascott he having won in the best 3 out of 5 falls. Referee, Tom Murphy. The high jumping was won by Bert Dock, distance 5 feet 9 inches. A. W. West second. The music was furnished by the Tan Yard orchestra which kept all present in the highest pitch of excitement. Fine bass solos were sung by Ben Van Dozen Berg. Special mention must be made of his famous song Jessie James. Special selections were sung by the Harness Jubilee club composed of Messrs. Peter Peterson, Gustave Dehn, A. Norling and Ben Van Dozen Burgh. The days amusements were ended by a contest between the famous clog dancers, Tom Murphy, Grant Scott, Jim Doyle, Gustave Dehn and David Boyd, with Oleo J. Hanson as referee. Then all parted for home singing "who will be with us when we meet again?" The unlucky degree of the Knights of the Oriental Steel-Claw was conferred upon one of the members by a team with Brother Misner as High Mogul. The music for this solemn ceremony was furnished by the tin-tray brigade.
