CITY AND VICINITY.

Rev. C. C. A. L. John is building a new house at Central Park.

Mrs. F. L. Wright will reopen her dressmaking parlors August 21.

Born to Mr. and Mrs. James A. Drinkwater, Saturday—a daughter.

Marshall Kamferbeek subpoenaed the witnesses for the Brenner inquest which was held yesterday.

Miss Minnie Dangremond has resigned from her position at A. Steketee's store.

Bert Bunce has moved from this city to Fennville to work in the Gallagher pickle salting plant.

Daniel Steketee is having a \$6,000 summer home built at Central Park.

Smeenge & Bomers are building a house for George Woldering at Columbia avenue and Fourth street.

The meeting of the stockholders of the old Walsh-De Roo Milling Co. called for Monday afternoon, has been adjourned until December 3.

While working in C. L. King & Co.'s factory Monday, Andrew Langejans caught his right hand in a jointer and two of the fingers were so badly mutilated that amputation was necessary.

During a storm last week one end of the grandstand at the Berlin fair grounds was blown down and a new restaurant building was demolished. The damage amounts to about \$300.

William Halley of this city has taken a position as engineer of the steamer Cayuga in the ferrying business on White Lake. The Cayuga runs between Montague, Whitehall and the resorts.

The steam yacht Ella, which was owned by John T. Byrne of Grand Rapids, and sunk near the Scott-Lugers docks in Macatawa bay, has been sold to Phil Kegel of Chicago for \$1,200. The original cost of the yacht was \$12,000. The yacht has been raised by contractor Will Van Anrooy and is to be taken to Chicago for repairs. Mr. Kegel runs a boat livery in Chicago and will keep the Ella for charter. The hull of the craft is all right.

Harry Boone, son of Mr. and Mrs. G. J. Boone of Zeeland, died Monday at the age of 32 years, after an illness lasting several years. He was unmarried. The funeral will be held Friday at 1 o'clock from the home and at 1:30 o'clock from the First Reformed church.

The coroner's jury in the Daniel Brenner case, who was killed by a Holland Interurban car last week Wednesday night, rendered a verdict in Justice Van Duren's court Tuesday morning, that the employees of the company used every possible precaution to prevent the accident, and that Brennan alone was responsible. The jury was composed of A. Van Duren, D. J. Sluyter, H. Van Tongeren, B. Cook, M. Witvliet, and Jacob Lokker, and John S. Dykstra, coroner.

While returning from the Venetian night celebration at Ottawa Beach last Thursday evening, E. M. Lubeck of the Lubeck Automobile company of Grand Rapids, had a narrow escape from having his big Olds machine wrecked the other side of Zeeland. Lubeck, with a friend, was driving toward Grand Rapids at a good rate of speed. Following Lubeck's machine were five others. Just east of Zeeland the road takes a sharp turn. The machine had just rounded this when Lubeck caught sight of a number of railroad ties piled in the road so that there was no getting past them. He barely managed to stop the machine in time. Had he failed to stop the big machine would have been wrecked and the others would probably have piled on top of it, probably severely wounding some of the occupants. The men dismounted from the car and removed the ties. Mr. Lubeck secured the names of two residents, in front of whose houses the ties were piled, and went to Grand Haven to make complaint to the proper authorities. No expense will be spared to find and to punish the guilty parties.

Band Tournament and Farmers Picnic at Jenison Park, Wednesday, August 15.

Wonderful Night In Venice.

Night in Venice was a wonderful scene. The celebration was ahead of that of previous years and it is estimated that 25,000 people witnessed it. Following were the prize winners:

Best decorated launch—Pinta, owned by F. K. Colby of Macatawa.

Most novel decoration in launches—Hazel, owned by Mr. Wilder of Holland.

Best decorated sailboat, over 30 feet—Beatrice, owned by E. O. Baker of Chicago.

Best decorated sailboat under 30 feet—Widsith, owned by L. J. Ibold of Chicago.

Farmers Picnic and Band Tournament at Jenison Park, Wednesday, August 15.

The Allegan and Ottawa Odd Fellow and Rebekah Picnic Association held their picnic at Jenison Park yesterday.

H. H. Van Eyck has been elected president of the reorganized Holland Gun club and Dr. E. F. Sherman has been elected secretary and treasurer. Matched trap shooting contests will be held frequently and the social features of the club will be revived.

John Quinn, a motorman on the G. R. H. & C. Interurban, met with a painful accident while going from Holland to Grand Rapids last Monday. The window of the front vestibule was blown in and the glass struck him on the foot, severely cutting it. Dr. McBride met the car in Grand Rapids and dressed the man's foot. Quinn was able to run his car back to this city.

John E. Winter has accepted the chair of Greek and mathematics at the Northwestern Classical academy at Orange City, Iowa, to succeed Professor E. J. Strick. Mr. Winter was graduated from Hope College in 1902, and received a Ph. D. degree from the State university at Ann Arbor in 1904. He will leave for his new field about the middle of September.

At the shoot held by the Holland Gun Club Saturday afternoon Peter Delyea made the high score, killing 43 birds out of a possible 50. The score in full follows:

Dulyea	43
Melhorne	40
Sherman	37
Van Eyck	37
Thomas	32
Nies	17

Vandals got in their work at Jenison Park during the Venetian evening celebration. There were sixty-two automobiles from Grand Rapids and Chicago and other places and many of the machines were damaged. Tires were punctured with knife blades and in some cases extra tires hanging on the sides of the cars were stolen.

Rev. H. J. Veltman, of Milwaukee, has accepted the call to the First Reformed church of this city and will take charge early in September. Rev. Veltman is a graduate of Hope College and of the Western Theological Seminary. His first charge was at Cedar Grove, Wis., his second at Pella, Iowa, and his third at Milwaukee, where he has been the last five years.

Prosecuting Attorney D. F. Pagelsen has notified the Grand Rapids military men that Sunday rifle practice will not be tolerated on the Berlin target range. The Grand Rapids battalion range is located in Ottawa county and the prosecutor is after all violators of the Sunday laws and it is held the rifle practice is a desecration of the Sabbath.

The Eagle Tanning Co. of Grand Haven have let the contract for the construction of a 160 foot concrete chimney to be erected at once at the site of their new factory in the Fourth ward. The Webber Steele Concrete Co. have the job of building the chimney. Supt. A. J. Nyland of the Eagle Tanning Co. has the plans and blue prints for the contemplated addition to the plant.

A suit for \$10,000 damages has been filed in circuit court by Francois A. Tardif of Holland township against Wm. Arendshorst of Holland. Tardif alleges that he was permanently injured by being run down by Arendshorst's automobile while the latter was speeding on the highway north of the bay. Tardif states the facts as follows: On the evening of May 23 he was driving to Holland and when near the Beachwood school house he encountered Arendshorst in his automobile. Arendshorst was speeding and the machine was evidently beyond control. It ran into the vehicle of Tardif, throwing the horse down and overturning the buggy. Tardif was thrown out and the auto passed over his body, causing injury to his spine from which he can never entirely recover, and which confined him to his bed for several weeks. After the auto was stopped its owner gave all the aid in his power, but Tardif believes he is entitled to \$10,000 damages. He asserts that the accident was the result of carelessness on the part of Arendshorst, as it was early in the evening and light enough to distinguish a rig coming.

Farmers Picnic and Band Tournament at Jenison Park, Wednesday, August 15.

Thirty-one marriage licenses were issued at County Clerk Brown's office in July.

John Teusink of Overisel has bought the blacksmith shop of J. B. King at Central avenue and Ninth street. His house and shop in Overisel were destroyed by fire a short time ago.

Contractor Van Anrooy has secured a dipper dredge from the Smith Dredging Co. of Manistee to complete the dredging in front of the new Macatawa Park dock. It is doubtful if the work can be done in time to permit the landing of the G. & M. boats this resort season.

At a meeting of the stockholders of the National Supply company at Lansing the stockholders presented an offer of 25 cents on the dollars to the creditors of the concern, and the offer will be accepted or rejected at a meeting to be held August 15. The amount of claims against the company is \$175,000 and the assets have been appraised at \$68,000.

City Clerk Van Eyck has recorded 167 births in Holland for the seven months ending August 1. For the six months ending July 1 there were recorded 138 births. According to this report the stork made 29 visits to Holland during July. There were twelve deaths during July, one by suicide and one by drowning. Peter Peterson shot himself, and John Streur was drowned in Black river.

Miss Nellie Silk, who has taught in the public schools here for the last two years, has been released from her contract by the school board because she wishes to be home on account of the ill health of her father and has secured a position in the Hastings schools. Mrs. W. C. Van Syckle has been engaged to take her place.

Miss Rose Forest, who came here three weeks ago to visit Mr. and Mrs. B. Rosendahl, 23 East Second street, died Tuesday of pleuro-pneumonia. The deceased was 26 years of age and is survived by father and mother, eight sisters and five brothers. The remains were taken to her home in Mt. Pleasant for burial.

The new Citizens Telephone company directories are out. Seven hundred and twenty four phones are in use according to the numerical list. This is an indication of the exceptionally good business done by the company and stamps the Holland branch as one of the best in the state.

The authorities of the Grand Rapids-Muskegon Power company have discovered that the breaking of the power in the Muskegon and Holland interurban lines and its attendant discomfort to the many spectators at the Venetian night celebration at Jenison Park was the work of some evilly disposed person. At the first it was thought that the short circuit, which resulted in the trouble, was caused by the electric storm, but upon examination of the wires it was found that some one had thrown a wire over the line a short distance from the power plant, grounding the current.

CORRESPONDENCE

Vriesland.

At the annual school meeting recently, the district voted to continue A. De Vree and Arend G. Van Zoeren, whose terms expired in office, the former having served on the school board for thirty-two and the latter for twenty-seven years. Not only this, but their management with the other members of the board was so well conducted that the financial report showed a balance in the treasury of \$1,192.01 and the district voted to raise no school tax of any description.

Bert Schreur, a farmer living one mile east of Vriesland station lost his barn and all the contents by fire at about 9:30 o'clock last week Wednesday night. The building was in full blaze when the fire was discovered and no one ventures an idea as to the origin, save that tramps were seen in the vicinity, the place being only a short distance from the Pere Marquette railroad track. There was no livestock in the barn, but the contents included this year's hay and wheat crop, together with some farm machinery, making a heavy loss with no insurance.

Zeeland.

Chris De Jonge & Bro. have suffered a severe loss by fire, their saw mill together with about 20,000 feet of lumber located at Haire, Wexford county, Mich., having been consumed by the flames, involving a loss of from \$600 to \$800. The lumbering operations at Haire were in charge of Jacob De Jonge who held a half interest in the business.

Charley Vander Velde, Martin De Haan and Ralph De Haan, are on a trip to the state of Washington.

A new residence is being erected on South street for Wm. Wichers.

Mrs. A. C. Roosenraad passed the seventy-eighth milestone of her life Tuesday of last week.

While walking past George Goshorn's store, Miss Mattie Hirner was struck in the face by a piece of broken glass from a pop bottle, which had been placed out in front and exploded just as she got in front of the store, causing a deep gash. Dr. Walker dressed the wound taking a stitch in the cut which is now getting along nicely.

Capt. B. A. Cross of South Haven has purchased the river steamer A. R. Heath, and has commenced fitting her out. As soon as this work is completed the steamer will be operated between Saugatuck and up river points in passenger and freight business in connection with the Chicago, Saugatuck & Douglas line steamers. She will stop at any point between Saugatuck and New Richmond for freight and passengers.

Several years ago stairs were built on the east side of Mt. Baldhead, so the travelers who wished to ascend to its summit might do so more easily than by wading through the sand. The sand blown over the top has kept moving eastward constantly and has so completely covered the stairs that one could not know from the looks that such a thing had ever been there; but a young lady from Piercove, who had been spending a day at Baldhead park, thought it would be great fun to run down the huge dune. Her foot happened to hit one of the steps thereby throwing her and breaking her ankle.

Rev. A. P. Moors has been granted a vacation by his church and he has gone to Ionia Co. to spend it with his sister. The pastor will be in his pulpit again August 10.

Sales of stamps, etc., at the Saugatuck Post office for the month of July amounted to \$501.59. For the same month last year sales were \$361.30, indicating a gain of 40 per cent. The amount of mail matter received for distribution is also largely in excess of any previous year.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment, 50 cents at any drug store.

Jamestown.

The Sunday schools of the Christian Reformed churches of Zeeland held their annual picnics jointly in Brown's woods at Jamestown yesterday. The pupils, who number about 400, were conveyed to the grounds by five special interurban cars under the supervision of their former pastors, the Revs. G. J. Haan of Grand Rapids and J. B. Jonkman of Harderwyk.

Lame Every Morning.

A Bad Back is Always Worse In The Morning. Holland People are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all. Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills cure sick kidneys—make you feel better, work better, rest better and sleep better.

Permanent cures in Holland prove the merit of Doan's.

Mrs. F. Andree, of 243 West Twelfth street says: "For a year or more I had a constant aching pain through my loins, in the side and also a soreness of the stomach. I could hardly stoop to lift anything without suffering severely. I did not rest comfortably at night and became so lame and sore that in the morning I arose feeling tired and unrefreshed. I was bothered a great deal with headache, spells of dizziness, and the kidney secretions became affected, were irregular, too frequent and unnatural. I doctored a great deal and took many kinds of medicines, but without getting better. I believe I still would be suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Doesburg's drug store. I felt better after taking a few doses and continued their use until cured."

For sale by all dealers. Price 50 cents. Foster Milburn Co. Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

CITY STATISTICS

BARED BY CENSUS

AREA, RECEIPTS AND EXPENDITURES OF MUNICIPALITIES OF OVER 30,000 POPULATION.

GOTHAM COVERS LARGEST SPACE

Current Expenses of Running New York Four Times Larger Than Chicago—Figures on Public Utilities—Heavy Bill of Washington.

Washington, Aug. 7.—The census bureau Tuesday issued a bulletin on statistics for 1904 of cities having a population of over 30,000, the cities covered numbering 151. Of these New York held the largest land area, 209,218 acres, New Orleans with 125,600 acres and Chicago with 114,032 ranking next. Hoboken with 825 acres had the smallest land area. The total corporate expenditures of the 151 cities for the fiscal year 1904, exclusive of payments by one department of the city to another, were \$554,440,215, of which those of New York constituted \$167,060,171, or three-tenths. The total expenditures showed an increase of \$27,108,713, or 5.8 per cent. over 1903, and of \$85,040,590, or 18.1 per cent. over 1902. The increase for the single city of New York during the two years ending 1904 was \$37,964,625, or 44.6 per cent. of the total increase. In the 151 cities the amount spent for permanent works increased almost six per cent. over 1903.

New York's Heavy Bill.

Though Greater New York has only twice the population of Chicago, its current expenses are nearly four times as great. The next six largest cities of the country together expend less than New York. Though Chicago is one-third as large again as Philadelphia, the latter's running expenses are slightly greater. Though about equal in size with Baltimore, Boston's current expenses are nearly three times as great. Washington spends more than any one of the next eight larger cities of the country and twice that of other cities of about the same population. Only one-half of its expenditures are met by local taxation, the other half being paid by the United States government.

Expenses and Receipts.

Of the total running expenses of the 151 cities, 61.7 per cent. went for salaries and wages and 33.3 for all other objects. Total receipts were \$594,175,998, of which \$472,423,853, or 79.5 per cent., were from taxes and other revenues, and \$121,752,140, or 20.5 per cent., from loans increasing indebtedness.

The receipts from municipal industries, such as gas and waterworks, amounted to \$112,286,827. Of the municipal industries, by far the most important are the waterworks. They are reported by 108 of the 151 cities, and their value constitutes 63.8 per cent. of the aggregate value of all municipal industry properties. The cities of over 100,000 population not owning waterworks were San Francisco, Cal.; New Orleans, La.; Omaha, Neb.; New Haven, Conn.; St. Joseph, Mo.; Scranton, Pa., and Paterson, N. J. Of the \$8,000,000 invested in electric light works, Chicago reported about one-half. Nearly all of the \$31,000,000 invested in gas works was reported by Philadelphia.

Four cities were shown to be in the irrigation business—Denver, Col.; Los Angeles, Cal.; Salt Lake City, Utah, and San Antonio, Tex.—three had toll bridges—New York, Covington and La Crosse, Wis.—and two were operating municipal ferries—Boston and Portland, Ore. The only city running a stone quarry and crusher was Auburn, N. Y., and the only one having a municipal asphalt plant was Detroit.

Reunion of Veterans.

Washington, Aug. 7.—The thirty-seventh annual reunion of the Society of the Army of the Potomac will be held in this city on October 18 and 19. The McClellan statue will be unveiled on the first day with addresses by President Roosevelt, Gen. D. E. Sickles, O. O. Howard and Greenville M. Dodge. The orator for the reunion exercises is Martin W. Littleton, former borough president of Brooklyn, N. Y.

Fatal Explosion in a Mine.

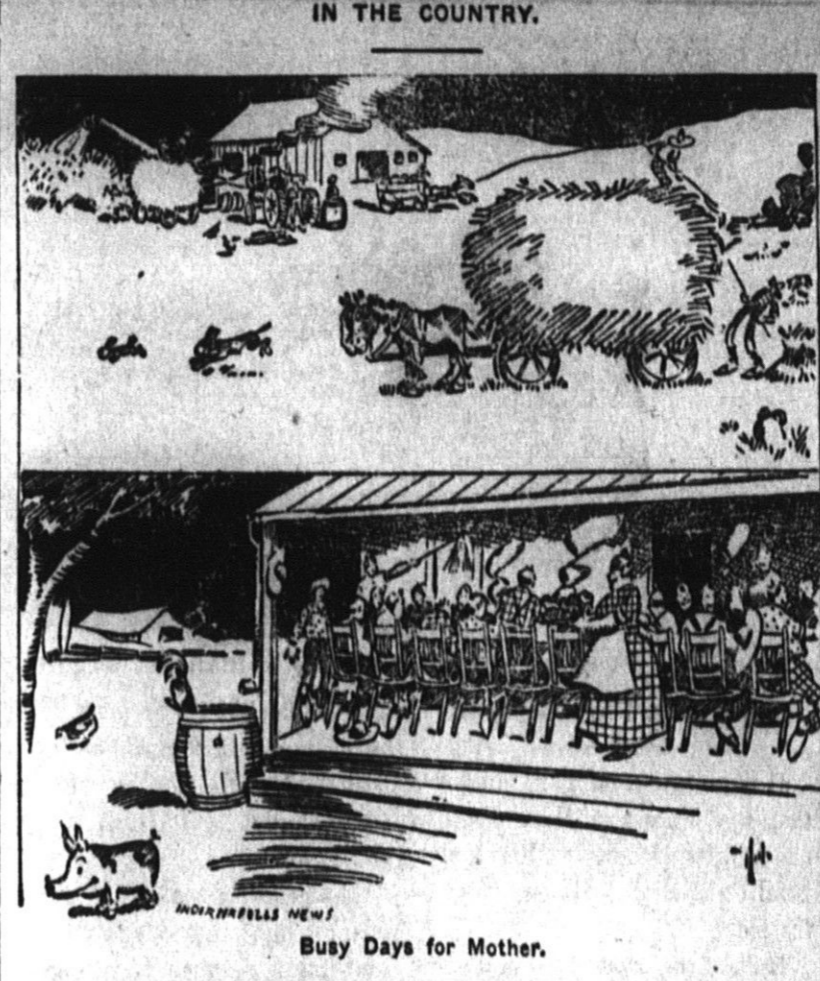

St. Clairsville, O., Aug. 7.—William Rice, John Wright and Isaac Francis, miners, were fatally injured Tuesday by an explosion in the Berry mines at Pipe Creek. Accumulations of gas were ignited by the miners' lamps, and as there is an oil field near the mines, it is believed that gas from the oil field found its way into the mines. Three other miners were severely injured.

Heat Causes Double Tragedy.

New York, Aug. 7.—Crazed, it is believed by the heat, James Lupu, 33 years old, a tailor living in East Twelfth street, Tuesday shot and killed his wife, Agurora, aged 20 years, and then sent a bullet through his own brain inflicting a probably mortal wound.

Three Die of Burns.

Wilkesbarre, Pa., Aug. 7.—Three of the seven men burned by an explosion of gas in the No. 1 colliery of the Susquehanna Coal company at Nanticoke died during the night. Two others are so badly injured that they are not expected to recover.

DEMAND RECORDS FROM RAILROADS

MINNESOTA OFFICIALS INSIST ON RIGHT TO INVESTIGATE AT FIRST HAND.

Testimony of Auditor Showing Increase of Earnings in Other States Leads to Draconic Order Against Great Northern Company.

St. Paul, Minn., Aug. 4.—The state railroad and warehouse commission Thursday entered an order compelling the railroads whose officials have given testimony in the merchandise rate hearing, which has been in progress during the present year and which was lately resumed, to produce at the office of the commission all records on which their statistics have been based.

This order is the most sweeping one of the kind ever made by the commission, and if the commission is inclined to enforce it, in detail, it would mean the bringing of the record of all railroads doing business in Minnesota to the state capital.

Attorney Seagrane, representing the railroads, said to Commissioner Staples: "Why, if this order is enforced it would mean the removal of the offices of all the railroads to the state capital." Mr. Staples replied by saying it would not do that if the railroads would permit the examination of the records in their own offices.

Order Is Far-Reaching.

This order of the commission is the result of a request made by Attorney Manahan, representing the shippers of Hastings, Minn., made at the hearing Wednesday, after the auditor of the Northern Pacific railroad had given a lot of statistics showing how the earnings of the railroad had decreased in Minnesota while they had increased in Iowa and Illinois. Mr. Manahan claimed that the statistics did not show actual facts.

The order of the commission is directed at the Great Northern railroad, but may be made applicable to any road on request of the shippers' attorney.

Attack on Lawyers.

The hearing was replete with somewhat sensational features, the climax being reached when James Manahan, attorney for the Minnesota Shippers' association, attacked the character of the law firm of the attorney present for the railroads.

As things now stand, it looks as if the hearing would get into the courts, and that at an early date, for it is generally believed that the roads will refuse to permit Manahan or any shipper to look over its records.

RAILROADS EXTEND G. A. R. TIME

One Day More Allowed Veterans to Reach Encampment City.

Minneapolis, Minn., Aug. 7.—Grand Army encampment committee workers announced that the railroads in the Western Passenger association have extended the time of reduced rate tickets from August 11 to August 16, thus allowing the visitors to reach the city one day earlier than had been expected and materially altering the committee's plans.

PULAJANES MURDER AND BURN

Municipal Buildings at Abunon, Leyte, Destroyed by Raiders.

Manila, Aug. 7.—One hundred and fifty Pulajanes pierced the military cordon, burned the municipal buildings, killed the ex-president of the town, two former members of the constabulary and three policemen at Abunon, Island of Leyte, 20 miles from the scene of the recent fight. One hundred soldiers and constabulary are in pursuit of the raiders.

Cannot Attend Yacht Races.

Berlin, Aug. 7.—The foreign office authorizes the press to say that the German government regrets that the plans of the navy department for the maneuvers in September include every ship available, and preclude detaching vessels to visit the United States on the occasion of the American-German yacht races off Marblehead.

RUSSIAN STRIKE APPEARS DOOMED

RAILROAD WORKMEN REFUSE TO JOIN MOVEMENT, FEARING PRISON TERMS.

St. Petersburg Printers and Employees of Street Car Lines and Ferries Desert Revolutionists and Return to Their Tasks.

St. Petersburg, Aug. 6.—The fate of the general strike, which, although it has affected close to 70,000 men in St. Petersburg, has met with only slight response in other sections of Russia, probably will be decided with an adverse expression of public opinion.

The lack of union among the leaders of the proletariat organizations is playing against the success of the movement.

The railroad men, upon whom the success of the entire movement depends, are still working full time. The leaders of the railroad organizations are hesitating about issuing a call for a tie-up. They fear being deserted and discredited by their materialistic followers, who are no more responsive to the avowed pretext of this strike, namely, sympathy with the mothers of Sveaborg, Cronstadt and Reval than they were to the similar reasons given for the abortive strike of last November. The railroad men have been intimidated by the recent making of strikes affecting communications penal offenses. The laws providing severe punishment was enacted with direct reference to general strikes.

WORKMEN'S DEPUTIES THREATEN.

The council of workmen's deputies, which met secretly at Terfoid, Finland, continued its session till late hour Sunday morning. The deputies were so incensed at the timidity displayed by the railroad men that they decided to resort, if necessary to the blowing up of bridges and the destruction of the roadbeds, etc., to bring the transportation service to a standstill. Representatives of all the revolutionary parties and emissaries from Moscow, Kieff, Riga, Odessa and other cities were present at the meeting. The telegraphers thus far have been appealed to in vain.

BREAK IN STRIKE.

The first break in the ranks of the St. Petersburg strikers occurred Sunday, when the printers decided to return to work. The employees of several street car lines and river ferries have resumed work.

A steady downpour of rain all day long prevented the open-air gatherings scheduled for the day in St. Petersburg and the consequent possibility of collisions and disorders. The day was without incident except for the departure for Cronstadt of the Eighteenth naval equipage. There were a large number of drunken men among these sailors.

Telegrams from the interior throw little light on the manner in which the country may be expected to respond to the call for a strike. There has been no cessation in the number of robberies and murders in the interior.

CALL FOR RIVER CONVENTION

Commercial Congress to Assemble at Kansas City in November.

Kansas City, Mo., Aug. 6.—The official call for the seventeenth annual session of the trans-Mississippi commercial congress to meet in Kansas City, Mo., November 20, 21, 22 and 23 next was issued here Sunday by the executive committee. The congress promises to be the most important since its organization. Many great questions are to be considered.

In issuing this call, the executive committee directs attention to the necessity for some concerted action on the great question affecting navigation upon the rivers of the trans-Mississippi states. In various sections of the trans-Mississippi region there are many natural waterways which only need government aid to make them commercial factors in the upbuilding of the states to which they are tributary. Therefore, the executive committee places the subject of river navigation upon the programme as a question of great importance, trusting that the commercial bodies of the entire trans-Mississippi region send effective delegations to participate in the discussion and help the congress to a wise conclusion.

WIFE OF THOMAS LAWSON DEAD

Spouse of Boston Financier Succumbs to Attack of Heart Disease.

Scituate, Mass., Aug. 6.—Mrs. Thomas W. Lawson, wife of the Boston financier, died at Dreamworld, Mr. Lawson's summer home here Sunday. Mrs. Lawson has been suffering from heart disease for several months. With the exception of her son, Arnold, all of Mrs. Lawson's children and her husband were at her bedside when she died. Arnold arrived home shortly afterward.

SERIOUS AUTO ACCIDENT.

Jamestown, N. Y., Aug. 6.—Henry St. Germaine and Charles Hambly were badly injured in an automobile accident here. The machine collided with the iron bridge on Fairmount avenue, St. Germaine was hurt internally, and is in a critical condition. Hambly, who was driving the vehicle, had his nose broken and sustained other injuries. The automobile, which belonged to Herman Grossbeck of Pittsburgh, was ruined.

ARMY PAYMASTER KILLS SELF

Son of Lieutenant General Feared He Would Become Victim of Disease.

San Francisco, Aug. 7.—Major and Paymaster William D. Schofield, of the regular army, son of the late Lieut. Gen. Schofield, U. S. A., retired, shot and killed himself in this city some time Monday afternoon. Maj. Schofield was on a leave of absence on account of ill health and in explanation of the suicide, it is said that he feared an attack of locomotor ataxia and that he would become a burden to his wife.

NEGROES LYNCHED AND SHOT

Mob Takes Black Men From Jail to Avenge Murder of Family.

Charlotte, N. C., Aug. 7.—A mob of 3,000 determined men shortly before 11 o'clock Monday night forcibly entered Rowan county jail at Salisbury, removed therefrom three of the six negroes charged with the murder of the Lyster family at Barber Junction, July 13, lynched them and riddled their bodies with bullets. Nease and John Gillespie and Jack Dillingham, supposed to be the principals in that crime, were the victims of mob vengeance.

SON OF LIEUTENANT GENERAL FEARED HE WOULD BECOME VICTIM OF DISEASE.

San Francisco, Aug. 7.—Major and Paymaster William D. Schofield, of the regular army, son of the late Lieut. Gen. Schofield, U. S. A., retired, shot and killed himself in this city some time Monday afternoon. Maj. Schofield was on a leave of absence on account of ill health and in explanation of the suicide, it is said that he feared an attack of locomotor ataxia and that he would become a burden to his wife.

SERIOUS RIOTS AT CAPE TOWN.

London, Aug. 7.—A dispatch to a news agency here from Cape Town says that serious riots of unemployed persons occurred there Monday. A mob of white and colored men looted many shops. The police were almost powerless.

Mud Campaigns.

Generally, political battles are waged along cleancut lines and the contest though fierce is honorable and manly. Occasionally men of shallow attainments and mediocre talents control one or the other of the opposing forces and then the mud slinging campaign holds sway. But the history of politics show that in the end mud slinging brings consternation to the slingers. Astute politicians know this and that is why the astute democratic politicians of the state are disgusted with the utterances of Temporary Chairman Hendryx in the speech he delivered at the democratic convention in Detroit when accepting the chairmanship. They are disgusted because they are too clean to stand for such a questionable method of attack. Here is a sample of his screed. In referring to Senator Julius Caesar Burrows he said:

"Senator Burrows, in the senate, is but the echo of the Blodgetts and the lumber barons, and his duties in congress are to look after and protect the interests of these parties. I believe he did once vote to place upon the free list birds' nests and gulls, and how he could vote to place upon the free list the latter commodity, which comes in direct and active competition with himself, is beyond my comprehension."

Sentences of similar import were hurled at Governor Warner and other party leaders. Will they call forth a popular response? No. For the motto of the right stripe of political fighter is fight the battle hard. Fight the battle hard, but fight it on a high, square, honorable, manly plane and respect will be given you. Decend to vulgar, coarse, unfair and malicious mud slinging, and derision and scorn will be coupled with your name. Mr. Hendryx decended to the sloughs of coarseness and vulgarity and that is why the democrats of Holland and of the state likewise are heaping upon him merited biting criticism. They deplore the cheapness and the coarseness of it. They know such obsolete political tactics never pay and knowing this they should repudiate the utterances of their temporary chairman.

Men respect a fair, manly, political opponent no matter how hard he fights. They detest a man who throws poisoned shafts.

Fight fair.

Holland Fair "Bee" Wednesday, August 22.

The directors of the Holland Fair are going to hold a "bee" at the fair grounds, Wednesday, August 22, and they invite all citizens of Holland and citizens of the country surrounding to attend and take part in the good work. The presence of all who come will certainly be appreciated.

An addition 32 feet long will be built on the grand stand, the exhibition buildings will be renovated and improved, and the grounds will be put in shape for the big fair which this year will be held September 25, 26, 27 and 28.

The fair association will furnish refreshments at the bee so it will not be necessary for you to bring your dinner baskets.

Take your hammer, your saw, your carpenter kit, your shovel or your scythe and come to the "bee" Wednesday, August 22.

Band Concert Friday Night.

The Holland Citizens band will give another of those popular concerts at Centennial Park next Friday night.

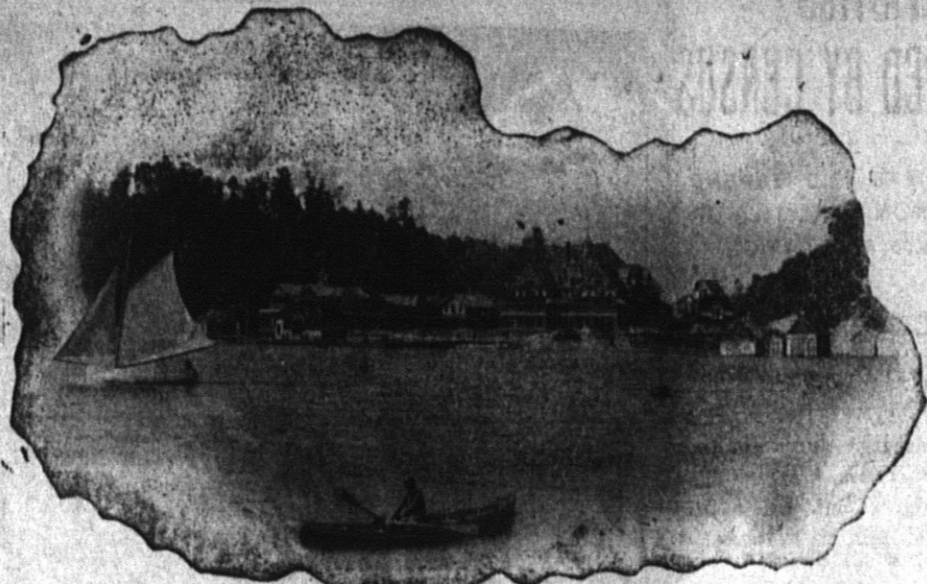

These concerts have formed the leading diversions for the citizens of Holland this summer and as a rule crowds of from 2,500 to 3,000 people attend.

The members of the band may well feel proud of their ability to draw the crowds for it is a proof of the excellence of the rendition of the programs.

The idea of putting a band stand in Centennial Park meets with great favor if the presence of nearly 3000 people at the concerts is any criterion.

Following is the program for Friday night:

March, "Bi Centennial"
..... D. W. Reeves
Overture, "Melodies from Faust"
..... Gounod
March, "Recreation"
..... Ellis Brooks
Tone Picture, "Southern Breezes"
..... F. P. Atherton
March, "Scott's Special"
..... Mark E. Phillips
Waltz Suite, "Forget Me Not"
..... Ellis Brooks
March, "College Life"
..... Henry Frantzen
Patriotic Air, "Hail Columbia"
..... Ar. by Ellis Brooks.

Macatawa Park Company Sells Out.

It is given out on good authority that the Macatawa Park company has sold its property at Macatawa to Basil P. Finley of Kansas City, as trustee.

Back of the trusteeship is a committee consisting of attorney Finley, L. Frank Baum, H. W. Perry, and Judge Alfred Wolcott.

This committee represents the Macatawa Park Cottagers association

and has bought the property for the association. How much money has been paid on the deal has not been stated, but it must reach a pretty stiff figure.

The property consists of both hotels, the light and water station, vacant lots, a number of cottages, in fact all of the holdings excepting those of private individuals.

Whether all of the members of the Cottagers' Association or a limited number of them shall own

and control the Park has not been settled.

The principal stockholders of the Macatawa Park company are E. C. Westerveld, F. K. Colby and H. E. Westerveld.

It is said that they received \$30,000 for the property.

Attorney Arthur Van Duren of this city, secretary of the Macatawa Park Cottagers Association, took an important part in the making of the deal.

Common Council.

At Monday night's meeting of the common council the clerk reported that he had notice of the proposed construction of lateral sewers on West 17th street between Maple street and Central avenue and on 19th street Columbia avenue, 22nd street and East street as required by the charter provisions and of the special assessment district and special assessment to be levied to defray part of the cost of constructing such sewers and of the time for hearing objections or suggestions to same.

The sewers were ordered constructed as advertised according to the city charter, all voting aye.

On motion of Ald. Van Zanten. The matter of establishing grade for 24th street between State street and Central avenue was referred to the committee on streets and crosswalks with power to act.

The committee on streets and crosswalks, with Ald. Van Tongeren, reported recommending that the petition of the Holland Brick Co., for the use of part of 9th street be not granted. Adopted.

On motion of Ald. Stephan. The Citizens and Michigan Bell Telephone companies were ordered to remove their poles adjacent to the premises of the Ottawa Furniture Co. to the curb line.

On motion of Ald. Stephan. The street commissioner was instructed to purchase push-cart and garbage cans for use on Ninth St.

On motion of Ald. Nies. The matter of sidewalk on East side of Columbia avenue adjacent to premises of P. M. Ry. Co., North of 7th street was referred to the committee on sidewalks.

On motion of Ald. Viissers. The street commissioner was instructed to lay cement walk in space between sidewalk and curb on River street at street intersections.

Farmers Picnic August 15.

Wednesday, August 15, is the date set for the Farmers picnic at Jenison Park. It will be a fine event this year, for in addition to the regular program a band tournament will be held.

The day's program will commence with a band concert in the forenoon by all of the bands entered in the tournament. Picnic dinner will be enjoyed at 12 o'clock, when the business men of Holland will serve hot coffee to all. Albert Hidding, C. J. Lokker, A. B. Bosman, Jacob Lokker, G. J. Diekema, Henry Geerlings, John B. Mulder and E. B. Standart are on the serving committee and they will ask other business men who are present to assist.

In the afternoon there will be sports, a band tournament, a balloon ascension and an excursion on Lake Michigan by the City of South Haven.

Bands from Holland, Zeeland, Monterey, Allegan, Crisp, Burnips Corners and Fennville have entered, and four prizes will be given. The tournament will be very interesting.

The excursion by the City of South Haven will be a delightful feature of the days program. This steamer, known as the White Flyer, is the pride of the South Haven and Chicago fleet. It is one of the prettiest steamers on the lake and is licensed to carry 2,500 passengers.

The farmers of the vicinity of Holland and Zeeland regardless of distance are invited by the business men of Holland to attend the picnic and an enormous crowd is expected.

Special cars will be run on the Interurban and elaborate arrangements will be made to care for the traffic.

Band Tournament and Farmers Picnic at Jenison Park, Wednesday, August 15.

Circuit Court.

Circuit court is in session, Judge Padgham presiding. The case of John Link, charged with assault with intent to murder, was continued over the term, owing to the illness of an important witness. Attorney W. I. Lillie appeared for the defense.

The case of the people vs. Nicholas Klomp for bastardy was settled out of court.

The jury in the case of the people against Emil Hass for violation of the liquor law brought in a verdict of not guilty late Tuesday afternoon. Hass runs a saloon in Nunica and it was alleged that he kept his place open on a certain Saturday night after nine o'clock, which is contrary to the state laws regarding country towns.

The criminal calendar being disposed of, the court took up the issue of fact appeal case of Dr. John W. Vanden Berg vs. Conrad B. Slagh, both of New Holland and a jury was drawn immediately. Diekema & Kollen represent the plaintiff and Smedley & Corwin are defending.

Fern Morrie, who had resolved to stand trial, changed his plea to guilty for breaking and entering a dwelling in the day time.

Among the civil cases that will come up as soon as the criminal calendar is disposed of is the \$10,000 slander suit of A. Van Putten vs. Timmen Slagh. It will be remembered that the first case was dismissed owing to some irregularity in the papers and a second suit was at once filed.

Odd Fellows Picnic At Jenison Park.

Odd Fellows of Allegan and Ottawa counties held a picnic yesterday at Jenison Park and formed an association to be known as the Allegan and Ottawa Odd Fellows and Rebekah's Reunion association. The officers of the new organization are President—H. Clark, Holland Vice President—Mrs. Theron Metcalf, Holland Secretary—E. Y. Yeomans, Hudsonville Treasurer—Mrs. Ainsley, Saugatuck

Odd Fellows lodges of Saugatuck, Burnips Corners, Salem, Byron Center, Hudsonville, Allegan and Holland were represented at the picnic.

A basket dinner was served.

The best help for the eyes is found in properly fitted glasses, and the best fitting of glasses results from the careful, scientific examination made by W. R. Stevenson, the optical specialist. Defects of vision, though they may be slight, can cause much annoyance, which usually is in the form of a dull headache which the physician has tried in vain to relieve with drugs. We would urge you to try a pair of Stevenson's "made to fit" glasses. The benefit will be great, the cost little.

The baby has not received its just dues until you have bought it a cart. Realizing this, Jas. A. Brouwer in his advertisement this week calls attention to the fact that another lot of the popular line of carts that proved such good sellers has arrived. This lot is even better than the other and they are very natty in appearance. Ask to see the rubber-tired folder and then ask about the price and you will be astonished to find that such a good article is offered for such a small sum.

Marriage Licenses.

Abraham De Young, 28, Waupun, Wis.; Elizabeth A. Moerdyk, 21, Zeeland.

Additional Local.

Dr. C. P. Brown of Spring Lake has been granted a patent on an attachment to a bedstead.

All kinds of large flannel working gloves, 3 pairs for 25 cents at the 5 and 10 cent store, 56 East Eighth street.

A. L. Burk, proprietor of Hotel Holland, is greatly pleased with the business of the hotel this summer. Besides the regular traveling trade, a good many resorters are taking advantage of the excellent accommodations afforded.

Mrs. E. Coulon and daughter Emma leave today for their home in Chicago after a week's visit with Mr. and Mrs. Joe Hallegan and family West Fifteenth street. Mrs. Coulon's sons Ben and Eugene left shortly before, after a two weeks' visit here.

John Verhoeks of Grand Haven reported to the sheriff yesterday morning that his horses had been stolen out of his barn during the night. He believes that the animal was taken sometime before midnight but there is no clue. The officers went to work immediately to find the horse and the thief but the case is a rather difficult one.

That horsemen are interested in the races to be given at the Holland Fair Sept. 25, 26, 27 and 28, is shown by the following received by Secretary Whelan from George Castle, the well known Chicago horseman: "If you will give a free-for-all pace, a 2:15 pace, a free-for-all trot and a 2:19 trot at your fair meeting I will make five entries."

"You can go your way and I'll go mine." These are the words attributed to Mrs. Sadie C. Scholes by her husband, John Scholes, who has begun divorce proceedings in the Circuit court at Grand Rapids. They were married in 1899 and he states that three years later she left him. When he asked her to return he met with the frigid reply quoted above and now he wants a divorce. Both parties formerly lived in this city.

Evart Takken, the well known lumber dealer, has made arrangements to increase his business and one of the incidents thereto is the taking in of a partner. Joseph Rock of Muskegon will be associated with him and the firm will be known as Takken & Co., dealers in lumber, lath, shingles, etc. The firm has leased the Bradshaw dock for a term of years and has also obtained additional yard room. Mr. Takken is well known in business circles in this city and Mr. Rock has for a number of years been associated with one of the largest lumber firms in Muskegon.

Word was received here Wednesday morning from Louis Kamhout stating that he would start from New York this morning for home. The young man is the eldest son of the late Ald. Kamhout who died Sunday night and he is stationed at Fort Greble, Rhode Island. He was telegraphed for immediately but for a time could not be located. The secretary of war granted the soldier an extended furlough that he might attend the funeral of his father. The young man is now on the road but it is not known when he will reach home as there were no particulars as to what route he would take. The funeral was set for tomorrow morning at ten o'clock—Grand Haven Tribune.

Notes of Sport.

In one of the finest contests ever played in Zeeland, the Zeelandites Saturday defeated the Greuluchs of Grand Rapids in a close and exciting game, by the score of 2 to 1. The game nearly terminated in a riot in the eighth inning, when Wagner of Zeeland cut the third base line at least 20 feet while running from second on a single. The "umps" refused to call him out, and the Greuluchs left the field. Wagner then went back to third, but three men were on bases and nobody down and the Zeeland team easily forced one man across the platter. The feature of the game was the hitting of Roush of the Greuluchs, he banging out two lovely two-baggers. The Grand Rapids men had numberless chances to score in the opening innings, but did not take advantage of their opportunities.

ROOSEVELT AND WARNER.

The Governor of Michigan Must be a Man Who Will Support the President.

It looks a little incongruous to couple the name of Ferris and Roosevelt, as the leaders of the Democratic party in Michigan are doing. The former says that he will do what little he can to defeat the favorite of the Republicans, he will vote for Parker, but he is trying to get the support of these same Republicans to elect himself. This, in the vernacular, is called "working both ends against the middle," but it does not often win when the "middle" is apprised of what is going on.

The Democratic leaders are giving out that they are not making any attempt to poll a large vote for Parker in this state, that they are giving Roosevelt quasi-support, and for this reason they want Republicans to vote for Ferris. In other words they want the Republicans of Michigan to place a man in the gubernatorial chair who is opposed to everything President Roosevelt stands for, and who, as the governor of Michigan, will use all the influence that position gives him to embarrass the Republican national administration.

The names of Ferris and Roosevelt cannot be brought together with reason. A man who votes for the former should in all reason vote against the latter. No man can vote for Ferris without doing injury to Roosevelt, because the president needs the moral support of the governors of all the states who are in sympathy with his policies. A Ferris man cannot be a Roosevelt man, nor can a Roosevelt man be a Ferris man, in the sense of being a man who believes in certain political principles governing political action.

Roosevelt and Warner are names which harmonize because they are the names of men who believe in the same political principles. When President Roosevelt wishes the moral support of the governor of Michigan to carry out his national policies, he can call on Governor Warner for such aid as he may desire. But what could he do in this regard if it should happen to be Governor Ferris instead of Governor Warner? What could he do?

There is no question but what Roosevelt will be triumphantly elected, and he has the right to expect that the State of Michigan, which will give him not less than 100,000 plurality, shall stand back of him by giving him the moral support of a Republican state administration. This is something every individual voter should think about and especially every voter who is going to vote for Roosevelt.—Muskegon News.

"My party is pledged to pass a primary election law at the coming session of the legislature and I will do my best to see to it that that pledge is fulfilled. I have made the statement many times, and wish to repeat it here, that whatever effective primary election law it seems best to the representatives selected by the people of Michigan to pass at their next session will receive my signature."—Extract from speech delivered by Hon. Fred M. Warner at West Michigan Fair.

BANK IN CHICAGO IS CLOSED

State Institution on Milwaukee Avenue in Hands of Examiner.

Chicago, Aug. 7.—The Milwaukee Avenue State bank closed its doors Monday after an examination by State Examiner C. C. Jones, and a cloud of scandal and a panic among persons with small savings on the northwest side followed. Harry W. Herring, cashier, is missing, and a warrant charging embezzlement, has been sworn out against him. At the same time, Examiner Jones, in a formal statement, has declared that the whereabouts of three officials of the bank are unknown to him.

How to Keep Perfect Teeth.

It is easy when you know how to keep the teeth perfect. Just brush them up and down after every meal, using plenty of good tooth powder. Don't scrub them sideways, that simply cleans the surface and hurts the gums but does not dislodge the food between the teeth, which, decomposing, causes decay, the origin of all tooth troubles.

In addition to personally cleansing the teeth let us examine them at least twice each year.

This service is free.

If there are any cavities we will fill them carefully and economically.

We have all the latest improvements in dentistry to help us do good work that will be lasting and pleasing.

We treat all patients as we would like to be treated if our positions were reversed, you the dentist and we the patient. By so doing we make a friend of every patient.

We want you to feel that you are in competent hands. That you will not be needlessly hurt by careless, hurry-up workers—that you will not be paying for something that will not give you good service.

We never ask for testimonials, but we receive many. The following is a sample:

WARRANT OUT FOR MISSING BANKER

SHORTAGE OF OVER \$250,000 DISCOVERED IN CLOSED CHICAGO INSTITUTION

RECEIVER APPOINTED BY JUDGE BRENTANO

Startling Revelations of Queer Methods Employed by Officials Are Brought to Light—Peculations Date Back to 1901.

Chicago, Aug. 7.—More amazing revelations in the Milwaukee Avenue State bank crash came to light Tuesday, simultaneously with preparations for the arrest of Paul O. Stensland, the president. It was learned that crooked banking methods and peculations date back prior to 1901, at which time it now develops there was a shortage of more than \$250,000. From that time on defalcations grew in size and number until the amount of money now said to have been stolen will reach more than \$1,000,000.

John C. Fetzer was appointed receiver of the defunct bank. Mr. Fetzer's bond as receiver was fixed at \$1,000,000. This action was taken by Judge Brentano on the initiative of two women depositors holding claims against the institution aggregating less than \$300. They petitioned the court to safeguard their claims and those of other depositors.

Warrant issued for Stensland. Assistant Chief of Police Schuetler, Inspector Shipley and Bank Examiner Jones secured a warrant for the arrest of Paul O. Stensland from Justice Severson at 11 a. m. The justice at first refused to sign the warrant for the reason that he was a depositor in the bank. Later he agreed to sign it on the condition that the case should not be tried by him. The charge is violation of state banking laws.

The special charge is, receiving deposits although knowing that the bank was insolvent. This under the state banking act constitutes embezzlement. The warrant says: "Paul O. Stensland, being the president of the Milwaukee Avenue State bank, said bank being a regularly incorporated state bank and doing business under the laws of the state of Illinois, willfully, knowingly, fraudulently and with malice aforethought received certain deposits after the bank was insolvent of which fact he had knowledge."

While crowds again besieged the bank doors Tuesday, only to find them still closed, Bank Examiner Jones resumed the investigation of the records of the bank to uncover the details of years of alleged irregularities that have startled the banking world of Chicago. Directors of the bank, declaring themselves deceived, are demanding that President Stensland show himself. With the statement from the bank examiner that President Stensland had guilty knowledge of his bank's looting has come their first glimpse of his duplicity.

Evidence of Great Irregularities. It is known there have been many irregularities, the disclosure of which will tell the history of the plundering of the savings depository of the poor on the northwest side. There have been embezzlements. Money has been loaned on worthless security. Bundles of worthless commercial paper in-cumber the low, dark vaults of the bank. Evidence confirmatory of the fact that \$700,000 in forged notes have been uncovered, is coming to light. Thousands of dollars have been "borrowed" by the bank's officers.

Details of how President Stensland himself brought the expose of the ruin of his bank are becoming public. In a letter to his son Theodore, vice president of the bank, sent from St. Paul, Minn., the elder Stensland said "things are wrong at the bank, and ought to be righted." This brought the clearing house association into the bank and in five minutes unearthed the tremendous scandal.

Missing Man Seen in Wisconsin. Superior, Wis., Aug. 7.—Darwin Scoon, sergeant of police of Superior, says he saw Paul O. Stensland, carrying a heavy grip on a Duluth-Superior car Tuesday morning, returning to Superior. Stensland, Scoon says, wore the light suit, straw hat, and in all other particulars tallied with the description sent out by the Chicago police. Sergeant Scoon and five detectives are now making a search for Stensland and the peculiar grip.

Are Adrift on Lake Ontario. Wolcott, N. Y., Aug. 7.—William Dickey and two men and two women whose names are not known are adrift somewhere on Lake Ontario in Dickey's gasoline launch. Sunday night the launch in distress spoke a passing vessel, but declined help. Later the craft was spoken by two men in a canoe and asked for aid. It was sent quickly from shore, but the launch could not be found. A searching party cruised over that part of the lake without finding the party.

Duel Is Harmless. Paris, Aug. 7.—Gens. Andre and Negrier fought a duel with pistols Tuesday in the park surrounding the residence of Prince Joachim Murat. Gen. Andre fired without hitting his opponent, and Gen. Negrier declined to fire. The principals left the field unscathed.

Long Drought Broken. Mexico City, Aug. 7.—The long drought which has prevailed in the valley of Mexico has been broken by heavy showers.

SUNDAY FISHERS DROWNED

EIGHT PERSONS MEET DEATH IN STORM OFF NEW JERSEY.

Heavy Squall Strikes Yacht as It Reaches Treacherous Sand Bar and Boat Turns Turtle.

Anglesea, N. J., July 30.—Two yachts coming in from the fishing banks capsized on Hereford Inlet bar off here Sunday and so far as can be ascertained eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all of whom but one were saved. That not more fell victims to the rough sea was due to the heroism of Capt. Henry S. Ludlow, of the Hereford Inlet life saving station, and a crew of five men. It was at first thought that from 14 to 28 persons had been lost.

The weather in the morning was ideal and all the fishing boats took out large crowds to the fishing banks. After noon, however, a brisk breeze sprang up and the captains of the small craft hoisted sail and started for home. Most of the fleet got in without mishap, although some of them had considerable difficulty in clearing the Hereford bar.

The two that got into trouble were the sloop yacht Nora, which had on board Capt. Herbert Shivers, his mate and 30 passengers, and the sloop Alvin B. with a party of 12.

The Nora had gone to the fishing banks at Five Fathom bank about ten miles out to sea early in the day. When the wind began to freshen Capt. Shivers decided it was time to make port and with the assistance of a small gasoline engine and a good spread of canvas he made good time toward Anglesea. As the sloop bowed along the wind was getting stiffer and the sea rougher.

Capt. Shivers, from long experience, knew how treacherous is the Hereford bar and approached it with his usual caution. The sand obstruction is about a mile from shore. Just as he was about to go over it a heavy squall struck the Nora.

Despite the efforts of the captain the craft heeled over and was hit by a huge wave. The wind and the wave coming together was more than the yacht could stand and it turned completely over throwing the 32 occupants into the sea.

Former Diplomat Dead. Portland, Me., July 31.—The death of John Holmes Goodenow, who for many years represented this country as secretary of legation and charge d'affaires at Constantinople, was reported in a telegram Monday as having occurred at Atlantic City. Mr. Goodenow was born at Alfred, Me., about 45 years ago.

Grand Vizier of Persia Dismissed. Teheran, Persia, July 31.—The grand vizier, whose ultra-reactionism made him very unpopular, has been dismissed. He opposed the granting of reforms, which resulted in popular demands for his dismissal.

DESIRE TO BE PREPARED.

Blacksmith Wanted His Forge Apron to Be Ready for Any Emergency.

In Sandown, N. H., there once resided a blacksmith, Timothy Canney, strong and healthy, never having been ill an hour during his manhood years. He was suddenly stricken with a fever. His wife, Mary, was frantic when he became delirious, relates the New York News.

The old village doctor being summoned, was asked, in a fearsome voice, "Is he very bad, doctor?" "He is very low; won't live the day out," he replied, and leaving some "drops," departed.

Soon after the doctor's departure "Tim" regained consciousness. The wife, kneeling by the bedside, thought of his future state. "Tim, dear," she inquired, "d'ye think y'e'll go to heaven?"

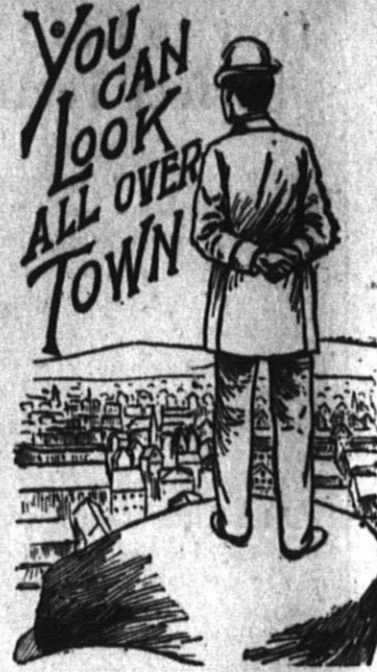

"I hope so," he answered. "But, Mary, dear, would ye mind going to the forge and bringing me big leather apron, and have it handy by me, in case there is any mistake."

"Tim" is somewhere in Maine wielding his hammer, as well as ever.

A Man's Friends. A good man is often distinguished by his friends that he hasn't got—Atlas's Journal.

Health as a Business Asset. The average man is not accustomed to regard his health as his very best asset, yet that is precisely what it is. The man who will accord due regard to his health, from a strictly business standpoint, will go farther, last longer and accomplish more in the end than one who makes health an after-consideration. Success which is attained at the expense of health is worth absolutely nothing to the man who attains it. There is no pleasure either in the process or in the final result.—St. Louis Republic.

Medical Journalism. The medical editor of one of the New York dailies used often to say that medical journalism was played out, for a journal published only once a week or once a month could never compete with the daily papers; at best it could only republish in more elaborate if less sensational style what the lay press had printed days before. In illustration of this view may be mentioned a tremendous "beat" scored recently by a New York daily. This enterprising journal published an interesting and circumstantial account of an operation for renal calculus, per-

CLOTHES JUST AS YOU WANT THEM

"Just as YOU want them" clothes is the kind I am making right along.

You select the cloth you like and tell me what you want, and you get it.

My "correct method" of measuring and cutting makes a misfit impossible.

In making up clothes, special care is given to strengthening parts that have the most wear, and the little things are not slighted either.

Let the women folks examine any garment of my making, they will tell you "that's well made."

Now sum up the clothes question — good cloth, well made into a splendid fitting garment, just as you want it, costing no more than store clothes; isn't that a combination worth trying?

I have convinced many. Will you let me prove my statements to you?

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

SEEK PROOF OF INSANITY

COUNSEL FOR HARRY THAW GATHERING EVIDENCE.

Theatrical Manager Tells of Erratic Performance of Young Man—Important Conference Held.

New York, July 10.—While Harry K. Thaw's counsel are collecting evidence with a view to proving that he was insane at the time he killed Stanford White, Assistant District Attorney Francis P. Garvan continues to seek witnesses who are reported to have heard Thaw threaten the man who is supposed to have been his rival in the affections of Evelyn Nesbit before she became Mrs. Thaw.

The theory of the prosecution is that Thaw had no motive for the shooting except hatred and jealousy dating from the time Evelyn Nesbit consulted lawyers and made a sworn statement reflecting upon the man she soon afterward married.

James L. Lederer, of Philadelphia, who was manager of "The Wild Rose" company when Mrs. Thaw was a member of the chorus, was examined by Assistant District Attorney Garvan Tuesday. Lederer is said to have told Mr. Garvan that he had long believed Thaw to be insane. This opinion, he said, was based upon his observations of Thaw during the time "The Wild Rose" company was playing in this city. In this connection he mentioned several incidents in which Thaw was the central figure.

"It was common talk among all the people who knew Thaw," said Lederer, "that Thaw was a 'dope fiend.' I recall one night when Thaw was about to send two of his chorus girl acquaintances home in a hansom cab. He was there with a friend of his named McKay.

"Suddenly Thaw insisted in trying to jump over the roof of the hansom.

"Of course he couldn't actually jump over the roof of the cab, but he tried, and succeeded in crawling up one side of the cab, over the roof and down the other. McKay remonstrated with him, but it was no use. Then McKay, apparently disgusted, turned aside and said: 'You can't do anything with a crazy man; he's drug crazy.'"

An important conference, from the view point of the defense, was held in the Tombs Tuesday. Those present in addition to Thaw, were his wife and former Judge Olcott, the leading attorney for the defense. It is reported that as a result of the conference Thaw withdrew opposition to entering a plea of emotional insanity when the case comes to trial.

THE LIBRARY RESEARCHER

Men Employed by Cranks to Delve Into Musty Tomes for Information.

Says the New York Times: In the reading rooms of the New York public libraries one may see almost any day mysterious, often seedy-looking persons surrounded by musty tomes, making copious notes. These individuals are frequently the subject of remark. Who employs them, and where are their notes published? The explanation is that most of these mysterious persons are experts in research, and at least two of them are able to scrape together \$1,500 a year, but they are the very princes of their profession. They are not seedy. Both are highly educated, cultured men past middle age, and were at one time wealthy.

There is a vast multitude of cranks in our country, and as most of them are people of means, they are often of use to the needier members of society. Many library researchers receive a good slice of their yearly income from these cranks. Thus some unknown gentleman has conceived the idea that Gibbon's Decline and Fall of the Roman Empire is crawling with errors, and he has been employing for some time three library researchers at a salary of \$20 a week each to make a systematic examination of every statement of fact in that mighty work and collate all the evidence obtainable on each work. Another gentleman has a peculiar idea about the head of Paul Jones and, contemplating a treatise on the subject, is paying a researcher a good salary to ransack every book in the New York public libraries likely to yield a grain of information.

MEASURING DEPTH OF AIR

Atmospheric Envelope of Earth Determined by Interesting Scientific Observation.

One hundred and 31 miles is the height of the atmosphere as measured by Prof. T. J. J. See, who determines the thickness of the air envelope by noting the difference between the time of sunset and the complete disappearance of blue from the sky. The moment at which the blue changes into black can be observed quite easily with approximate certainty by the naked eye when the air is clear; and by trigonometry may be ascertained the distance below the horizon of the sun at the moment of change. By this means may be calculated the height of the smallest illuminated particles of oxygen and nitrogen which give to the sky its blueness of tint by the reflection of the smallest wave lengths of the sun's light. The instant of change from blue to black is possibly a little difficult of exact observation, but the method is not more doubtful than that based in the observation of shooting stars. The shooting star method gives a result not greatly differing from the vanishing blue method. The former gives the height of the atmosphere at 109 miles.

FIND ROAD GUILTY OF GIVING REBATES

JURY IN FEDERAL COURT AT CHICAGO DECIDES AGAINST ALTON COMPANY.

Two Former Officials Also Included in Verdict, Judge Landis Having Overruled Motion to Dismiss on All But Two Counts.

Chicago, July 7.—The Chicago & Alton Railroad company and two former officials of the road were found guilty Friday of granting rebates. The verdict was returned before Judge Landis in the federal court after a jury had practically been instructed by the court that there was little reason to doubt the guilt of the railroad corporation.

Punishment for the offenses charged is a fine of not less than \$6,000 nor more than \$120,000, according to the district attorney.

The road is declared guilty on each of eight counts. Secret concessions granted by the company to Schwarzschild & Sulzberger formed the basis of the indictments.

This is considered one of the most important victories of its kind won by the government. It means the beginning of many prosecutions.

The attorneys of the railroad gave notice of an appeal. They may, however, in view of the evidence, decide to waive further effort to prove the innocence of the road of conspiracy.

Judge K. M. Landis overruled a motion made in behalf of John M. Faithorn and Frederick A. Wann, former executives of the Chicago & Alton railway, charged with giving rebates to Schwarzschild & Sulzberger that the cases be taken from the jury and a court order entered in favor of the defendants.

Not Guilty on Two Counts.

The motion was overruled as applied to eight of the ten counts in the indictment charging rebates.

The basis of the motion made by the attorneys for the railroad men was that the rebates, assuming that they had been made, did not constitute rebates as contemplated by the law.

The judge says that it appears from the evidence that prior to 1901 the Chicago & Alton Railway company charged the belt road four dollars a car for hauls from the packing company's platforms, over the packers' private tracks and the belt line tracks to the Chicago & Alton tracks, and that the belt line paid another dollar to the packing company for the part of the haul that was over the tracks of the company.

Payment Made Direct.

This practice is said to have been known to the Alton company and continued until January 1, 1901, when, for some reason which does not appear, but at the alleged request of Schwarzschild & Sulzberger, the arrangements were changed so that the Alton company made the payments direct to the packing company, instead of through the medium of the belt company.

Coincident with this change the belt line filed new schedules showing its rates for moving the packing company's traffic to be three dollars a car, which amount the Alton absorbed in its tariff collected from Schwarzschild & Sulzberger and paid over to the belt road.

Court Outlines Case.

After quoting the interstate commerce law, which requires published schedules of rates, and the Elkins law, forbidding rebates or cutting of tariffs, the courts say:

"It is argued in behalf of the defendants that if any section of the law is violated it is that provision which requires the carrier's schedule to state the terminal charges and rules which change the aggregate rates. I am unable to see the force of this contention. Plainly, the return by the defendant carrier to the packing company of a part of the money paid by that shipper to the carrier for the transportation of the shipper's product is not a charge or rule or regulation within the meaning of the law.

Definition of "Rate."

"The question is whether or not the payment so made is a device whereby the packing company's property is transported at less than the Alton's published rate, which, as seen above, includes the service on the belt company's tracks. It would seem that to state this question is to answer it. By the word 'rate' is not meant merely a figure or figures printed on a schedule filed with the interstate commerce commission and exhibited on the walls of a railway station. The real rate is the net cost to the shipper of the transportation of his property. This net amount in the case before me is one dollar a car less than the carrier's published schedule represents the rate to be. Viewing the transaction from the standpoint most favorable to defendants, it amounts simply to the railway company assuming the cost of getting the shipper's property to the carrier's rails for transportation, a substantial consideration not mentioned in or contemplated by the published schedules."

Defeats San Juan Pier.

San Juan, P. R., July 9.—The executive council has defeated the pier measure proposed by Gov. Winthrop. The members of the council have construed the act of congress authorizing a franchise and the granting of pier concessions subject to the approval of the secretary of war, as debarring the insular government from building its own piers.

PLANS TRIP TO CANAL ZONE

THE PRESIDENT AND SECRETARY TAFT TO VISIT ISTHMIUS.

Senator Millard, of Nebraska, Chairman of Senate Committee, to Join Roosevelt Party.

Omaha, Neb., Aug. 6.—Senator Joseph H. Millard has just received an invitation from President Roosevelt, through Secretary Taft, to accompany the presidential party to Panama next November. The letter follows:

"My Dear Senator: The president directs me to say that he expects to visit Panama and personally examine the work being done on the canal in the month of November. I shall accompany him. The president thinks it would be appropriate for you, as chairman of the senate committee, which has investigated the affairs of the Panama canal, to be one of the party of observation which, however, he finds is absolutely necessary to make as limited as possible, so I write to inquire whether your engagements will permit you to be one of the party."

Senator Millard stated in an interview that he had not decided whether to accept the invitation or not.

This invitation recalls the strenuous days last winter, when the committee on interoceanic canals, of which Senator Millard is chairman, voted 6 to 5 to recommend a sea level canal, the Nebraska senator submitted a minority report in favor of a lock type canal and then addressed himself to the task of converting the members of the senate to that idea, which was supported by the administration. His success, as evidenced by the result of the final vote in the senate, elicited from the president most hearty commendations verbally expressed as well as an autograph note of congratulation.

VICTORY FOR SENATOR CULLOM

Indications are He Has Carried Illinois Primaries by 40,000 Plurality.

Springfield, Ill., Aug. 6.—Additional returns on the advisory vote for United States senator confirm the earlier reports and indicate Senator Cullom's plurality in the state may be conservatively estimated at 40,000. Senator Cullom's plurality in Cook county is 16,477. The returns show that he not only will have a plurality of the popular vote in the state, but that he has carried 41 out of 51 senatorial districts. Some of the districts which on the face of the returns have been carried by Yates are his by small pluralities and may be thrown into the Cullom column by the official canvass.

Moreover, Senator Cullom appears to have complete control of the state convention for the purpose of senatorial instructions. Yates has lost the popular vote in the state at large, he has lost four-fifths of the senatorial districts and he has no chance to secure instructions in the state convention.

FORMER MAYOR IS SENTENCED

Embezzling Executive of Paterson, N. J., Given Prison Sentence.

Paterson, N. J., Aug. 4.—William H. Belcher, who while mayor of this city, absconded a year ago, and who surrendered himself on Monday was sentenced Friday to 12 years' imprisonment in the state prison at Trenton on a charge of embezzlement. Belcher disappeared from this city about a year ago while he was mayor. He was alleged to have embezzled from \$100,000 to \$150,000 from personal friends and from the Manchester Building and Loan association, which was forced to suspend business.

RAILROADS VIOLATE THE LAW

Failure to Install Safety Appliances Causes Attorney General to Act.

Washington, Aug. 4.—Attorney General Moody, in accordance with the policy heretofore determined on, has directed further prosecutions of a number of railroads for violations of the federal safety appliance acts.

The United States attorneys for the various districts wherein the violations were committed will be directed to file and vigorously prosecute suits for the recovery of the statutory penalty.

ICE DEALERS LOSE ON APPEAL

Court Says Contentions of Attorneys for Trust Are Ridiculous.

Toledo, O., Aug. 4.—Judge Babcock, in common pleas court, Friday handed down his decision in the ice cases, sustaining Judge Kinkade in every particular and exonerating him of having made any promise or suggestion of leniency as claimed by the attorneys for the ice trust. The judge declared the contentions of the attorneys for the trust to be ridiculous and should never have been brought into court.

Lynching Probable.

Madisonville, Ky., Aug. 7.—Officers have arrived with a negro in the eastern part of this county who is believed to be the one who attempted an assault on Miss Fugate near this city Friday. It is said the young lady has been sent for to identify him, and should he be the right one it is thought a lynching may follow.

Neff, of Buffalo, Gets Seven Years.

Warsaw, N. Y., Aug. 7.—John W. Neff, former county auditor, convicted of grand larceny in connection with the "alleged graveyard scandal" at Buffalo, was sentenced Monday to seven years in Auburn prison.

HUNDREDS GO DOWN ON SINKING VESSEL

CAPTAIN SAID TO HAVE BLAMED THE WRECK TO HIS OWN IMPRUDENCE.

Officer Committed Suicide when the Steamer Sank After Striking Rocky Reef about Two and a Half Miles East of Cape Palos.

Cartagena, Spain, Aug. 6.—A terrible disaster occurred Saturday evening off Cape Palos.

The Italian steamship Sirio, from Genoa for Barcelona, Cadiz, Montevideo and Buenos Ayres, with about 800 persons on board, was wrecked off Hormigas island.

Three hundred emigrants, most of them Italians and Spaniards, were drowned.

Captain Blames Himself.

The captain of the Sirio just before he killed himself attributed the wreck to his own imprudence.

The bishop of Sao Pedro, Brasil, also was lost, and it is reported that another bishop is among the missing.

The remainder of the passengers and the officers and crew got away in the ship's boats or were rescued by means of boats sent to them from the shore.

Rescuers Drowned.

A number of fishermen who made attempts at rescue were drowned.

Those rescued from the vessel are at Cape Palos in pitiable condition, being without food or clothing.

The Sirio struck a rocky reef known as Bajos Hormigas and sank soon after, stern first. Hormigas island lies about two and a half miles to the eastward of Cape Palos.

Before he committed suicide the captain declared the steamer had 646 passengers on board and that her crew numbered 127 men. The Sirio had 670 passengers when leaving Genoa, but additional Spanish passengers were taken on board at Barcelona, where the vessel touched a few hours before the disaster.

Vessel Strikes Reef.

The disaster occurred at five o'clock Saturday afternoon. The steamer was threading a difficult passage through the Hormigas group, where the Bajos Hormigas reef is a continual menace to navigation.

The vessel began to settle rapidly immediately she had struck, and a terrible scene of confusion and panic ensued on board.

The fishermen along the coast sought to render every assistance in their power, and sent out boats which brought many survivors ashore. Most of the officers and crew of the Sirio are among the saved.

MAKE LONG TRIP IN AIRSHIP

Aeronauts Test New Devices in Journey Covering 225 Miles.

Brant Rock, Mass., Aug. 7.—Sailing above the clouds and over 225 miles of panoramic land and water from New York city, and landing at the little sea shore resort of Brant Rock, near the historic town of Plymouth, Dr. Julian P. Thomas, of New York, and Roy Knabenshue, a professional aeronaut, made one of the most successful balloon trips yet undertaken in this country, and learned much, it is believed, that will assist in the development of aerial navigation.

Dr. Thomas in an interview, said that the trip from every point of view was the most successful he has yet accomplished.

The voyage was made with one stop and that a voluntary one at Noank, Conn., early Monday morning, where by the aid of a new guide rope, Dr. Thomas quickly brought his balloon to the earth to procure breakfast and water. The aeronauts landed at Brant Rock at 11:30 Monday afternoon, and as they left New York at midnight Sunday night they were nearly 12 hours on their trip.

The trip was made for the purpose of testing two new appliances—a guide rope and a water anchor. The former device worked with great success.

NORTHWEST NEEDS WORKMEN

Labor Situation in Minnesota Causes Worry Among the Farmers.

Minneapolis, Minn., Aug. 4.—A bumper crop in the northwest and no men to harvest it.

The farm labor situation in Minnesota to-day is the worst in the history of the state.

Fifteen thousand men are needed in Minnesota, Iowa and the two Dakotas and about a thousand are available. The wages offered by the farmers range from \$1.75 to \$3 a day and board, but the jobs go begging.

A thousand men are needed in Minneapolis at as high wages as are paid in the country, but the available men refuse to work.

Well-Known Chemist Dead.

Baltimore, Md., Aug. 7.—Gustavus W. Lehmann, widely known for his work in chemistry and bacteriology, died in his sixty-third year. A native of Wiesbaden and a graduate of the University of that city, he was the official chemist of Baltimore and was one time United States chemist for this port. Of late years he had devoted himself chiefly to the chemistry of hygiene and food products.

Condition of Cotton.

Washington, Aug. 4.—A statement issued at noon Friday by the crop estimating board of the department of agriculture shows the average condition of cotton on July 25 to be 82.3.

Additional Local.

A property tale of woe follows in the train of M. Schwarz's matrimonial mix-ups. In Justice Van Duren's court he paid a fine of \$100 and \$5 costs on the charge of beating his wife and lays all of his trouble to disputes with his better half on property affairs.

C. J. Lokker and Jacob Lokker were called to Graafschap Tuesday afternoon by the death of their nephew, Thomas Boven, who was trampled to death beneath the hoofs of a team of horses at the home of his father, Henry Boven, on the Graafschap road. The boy was driving the horses with a load of fertilizer, from the barn to the fields. He dropped one of the reins and in trying to recover it lost his balance. He fell beneath the hoofs of the horses and the team started to run. The lad was kicked in the head and three ugly wounds inflicted. He died almost instantly.

Architect Price is preparing plans for the buildings of the Holland Furnace company and C. C. Bowman, general manager and treasurer of the company, has come here to superintend the construction of the plant. The factory will be 50x210 feet with a cupola 35x15 feet. When the factory is ready for operation a force of about 35 men will be employed and 2000 furnaces will be turned out each year. There is a big demand for the furnaces and no difficulty will be experienced in getting orders. As soon as the contract is let building operations will be rushed.

Patrons of the Beechwood school met last Saturday night, pursuant to a petition signed by eight tax payers, for the purpose of reconsidering the action of the school board by which a steam heating plant was ordered for the building in the course of construction and by which E. S. Gale was employed at \$3 per day to inspect the work on the building. The action of the board in contracting for a steam heating system was sustained by a vote of 24 to 17. In the case of Mr. Gale the meeting was adjourned before action could be taken. The breach between the Beechwood factions is widening and more controversies are expected.

It may seem strange that a small animal may be used in the carrying out of a big project like the installation of the conduit telephone system which is at present being put in operation in Grand Haven. This is true, however, and the ferret is the important animal, whose accomplishments are so varied and necessary. His usefulness is felt in getting the cables through the four small tunnels under the streets. A cord is attached to the ferret and he is put into the conduit. He does not try to turn about and get out of his predicament, but instead, runs on and on toward the opening at the other end, no matter how far away the other end may be. When he reaches the manhole, he is taken out and sent through the next line of conduit. The ferret is particularly useful in running lines through long stretches of these tunnels.—Grand Haven Tribune.

Attorney General Bird has received a copy of the new naturalization law recently signed by President Roosevelt. It places many new restrictions and safeguards about the process of transforming foreigners into American citizens. The clerks of all courts having jurisdiction in naturalization cases are required to make certification to the department at Washington that they are duly qualified clerks of such courts. Blanks will be forwarded to these clerks and they must carefully account for each one and return any that may be mutilated or not used. No certificate of naturalization may be issued within 30 days prior to a general election; applicants are required to speak the English language, to testify to belief in constituted government and to swear that they are not polygamists in practice or belief.

It will be remembered by our readers that a year ago, more or less, a case was tried before a jury in Justice Roosenraad's court between a Mr. Berkompas of Jamestown with Smedley and Corwin of Grand Rapids as attorneys, and Arthur Feenstra of Zeeland township as defendant with Sooy & Heck as attorneys. The case was a replevin suit involving some cattle and was won by the defendant, Mr. Feenstra. The matter was carried to the circuit court, where Judge Padgham confirmed the decision of the local jury. The plaintiff, through his attorneys, next carried the case to the supreme court and a decision has been handed down, reversing the decisions of the lower courts. As a result, Mr. Feenstra will have to pay all the costs of the justice, circuit and supreme courts.—Zeeland Record.

Band Tournament and Farmers Picnic at Jenison Park, Wednesday, August 15.

Henry Bosch has laid a cement walk for John Bronkhorst on East Seventh street.

Clifford Harrington has sold ten acres of land in the southern part of the city to Jennie Christiansen for \$1,750. The sale was made through the John Weersing agency. Mr. Harrington has bought of Anna Vinkenulder a house and lot on West Fifteenth street.

The steamer Puritan of the Graham & Morton fleet, in command of Capt. William A. Boswell, has just set a new speed mark for Lake Michigan boats on the hundred mile run from Holland to Chicago. The Puritan covered the hundred miles in five hours and seven minutes, the average speed on the long run being a slight fraction under twenty miles an hour. The steamer recently received a new set of Scotch boilers which added to her speed until now it is doubtful if any of the Lake Michigan passenger boats can make her take the smoke on a long run.

Hon. Charles E. Ward, of Bancroft, state representative from Shiawassee county, was in the city Saturday on his way to Macatawa to visit relatives from his former home in Illinois. Mr. Ward gained distinction at the last session of the house as chairman of the ways and means committee. This committee decides to a great extent how much money shall be expended by the state and the chairmanship is one of the most important of all. Mr. Ward was equal to all emergencies and as a result of his excellent labors nothing but praise is heard regarding the work of the committee on ways and means. Not only did Mr. Ward gain distinction as chairman but he was identified closely with all of the important legislation enacted and was always found on the right side. He is a candidate for the nomination for a third term in the house and will also be in the race for the speakership.

Marinus Kambout, alderman from the second ward of Grand Haven died at his home on Franklin street last Sunday night, after a short but desperate illness. It was known that Mr. Kambout was seriously ill but the end was rather unlooked for by the family and friends. Mr. Kambout was a robust appearing man and the news of the fatal illness and death caused a great deal of surprise among the citizens of Grand Haven in general. Mr. Kambout was born in Grand Haven 44 years ago and lived there practically all of his life. He has been in business in the city for many years and was one of the prosperous men of Grand Haven. At the time of his death he was serving his sixth consecutive year as a member of the city council. During 1891 and 1892, he was also a member of the common council. He was president of the council and has headed the important committee on streets, roads and bridges during almost all of his service in that body.

Progress is being made on the new Interurban railroad between Douglas and South Haven and the track will soon be laid as far as the lake shore. The Alton Gasoline car manufactured in Alton, Ill., will be in running order by Sunday, August 12, when Mr. Applegate has promised a free ride to the lake shore to all comers. The car will hold about 60 passengers and its 200 horse power gasoline engine is capable of driving it at the rate of 40 miles an hour. When the road is finished to the quarter line west of the Chase road the road will be started south and the building as far south as the creek near George Weed's will be done in about another thirty days. It is planned to run the road about fourteen miles straight south before a curve is made on its way to South Haven. A branch line will also be run from the main line off into the country towards Fennville so as to reach some of the best fruit farms of that section.

The Rev. and Mrs. Jerimias Kruidenier, who have spent a year's furlough in this city and vicinity, will leave for their return voyage to Egypt August 14. They expect to take passage on the Italian steamer Lombardia, which sails from Boston on August 22, reaching their destination on September 10. They will be stationed in the city of Tanta, the seat of the largest mosque temple in Egypt. They will be the only white missionaries in a territory of 1,000,000 inhabitants. His main work will be to supervise 13 schools and a number of preaching stations, besides giving instruction in Hebrew at the Cairo theological school. Mr. Kruidenier was sent out as missionary to Egypt 15 years ago and is supported by the board of the United Presbyterian church. This is his second furlough to America.

The new Christian Reformed church at Harderwyk, in the course of construction by De Weerd & Witteveen, to take the place of the old structure, will be 42x60 and will have a cement block foundation, the blocks being furnished by E. O. Holkeboer of this city.

Ordinarily a 20 foot fall will prove disastrous, but such was not the result in the case of the six-year-old child of Mr. and Mrs. Lewis Frank, who are resorting at Macatawa. The child fell from the second balcony of Hotel Macatawa while watching the illuminations Venetian evening and was practically uninjured, receiving but a few minor bruises.

E. O. Holkeboer has been awarded the contract for the construction of an addition 50x75 to the factory of the Holland Rusk company. When completed the factory will extend from Eighth to Ninth streets. The addition will be of white brick with an entrance of pressed brick on the Ninth street side.

C. H. Bell, the Chicago man arrested upon the charge of assault and battery committed upon J. W. Post, living on the north side, one night while Mr. Post and a party of friends were going through the Scott-Lugers lumber yard to board Mr. Post's launch, pleaded guilty to the charge in Justice Van Duren's court and paid a fine of \$30 and costs. Bell had arranged to have an attorney defend him, but changed his mind.

Deputy Sheriff Johns of Grand Rapids went to Macatawa Tuesday and arrested C. W. Neil, a former employee of the G. R. H. & C. Interurban railway on a charge of embezzlement. It was charged in the warrant that on the night of July 4 Neil, who was a conductor of the road, retained in his own possession about \$6 of the company's money, and it is alleged that although given a chance to settle with the company he refused to arrange matters. For the past few weeks he has been employed in a grocery store at Macatawa, and it was there that he was arrested.
