NUMBER THIRTY-ONE

Beginning Monday, Aug. 14, CHATAUQUA WEEK will be ushered in. If you are sufficiently interested in your Boys and a Y. M. C. A. for them, buy your tickets now. Your money does double duty. First it helps the Y. M. C. A. project and second it gives you and your family a week of enjoyment at a very reasonable price.

## YOUR Last Chance

Owing to the interest taken in the Indian Land Schooling car by the people of Holland, an additional allotment of applications has been secured by the the management. These will not last long. If you have not already secured your share, do it at once.

Will you be a success or a failure fifteen years from now?

## YOUR FUTURE IS IN YOUR OWN HANDS

What are you going to make it?

You have a last chance to take advantage of this wonderful opportunity offered you to get 160 acres of rich agriculture land from the U. S. Government.

Some of you have missed all previous sales held by the Government.

Are you going to miss this one?

The car will leave here in a few days.

Over a million acres of valuable land in the southeastern part of Oklahoma, soon to be sold by the Federal Government.

You don't have to live on the land or improve it, and you can buy it for a few dollars per acre, on easy terms without going west.

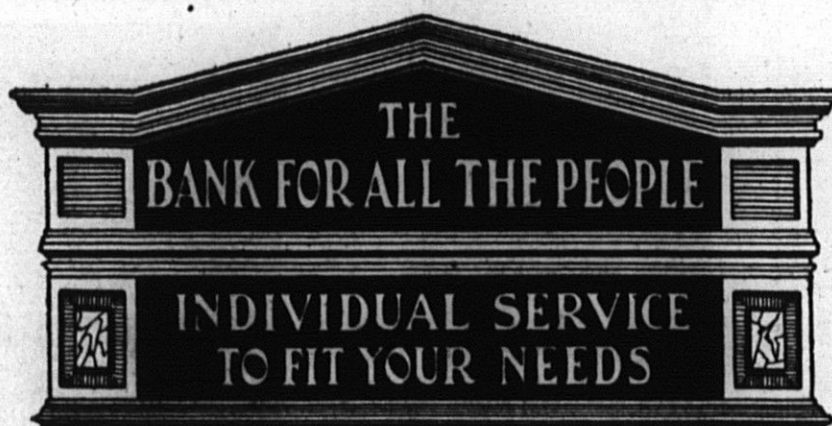

Similar lands recently sold for \$1.00 and \$2.00 per acre.

No Irrigation, Ideal Climate, Ample Rainfall.

Information Free.

See the big Railway Exposition Car at 5th and River Ave Holland. Car contains wide display of produce grown on improved farms and handsome photographs of western development. Car open from 9 a. m. to 9 p. m.

ADMISSION AND INFORMATION FREE.

## GUN WITH WHICH ED VAUPELL WAS SHOT, FOUND.

NEGRO DID DEED 32 YEARS AGO WHEN CAUGHT STEALING SHEEP.

The Revolver Still Contains the Three Shots Remaining After Two Had Been Fired

A sheep stealing affair that aroused the residents of Holland and farmers in this vicinity to a frenzy that nearly resulted in a lynching, which is familiar to Holland's older citizens, although happening 32 years ago, was brought to light recently when a gun that nearly cost Ed Vaupell, local harness maker, his life, was found on the farm of John Garvelink in Fillmore township.

Mr. Garvelink owns the farm, at that time owned by G. Van den Berge. Mr. Garvelink has plowed the land a hundred times without ever finding the gun. Recently when planting corn in his field he picked up the weapon. It is a 22 caliber revolver. The handle is still good and three loaded shells in the chamber are unharmed. The barrel and steel part of the gun are badly rusted. Mr. Garvelink gave the weapon to Mr. Vaupell a few days ago and the ex-marshall now has it in his store.

The following is the story in detail taken from the files of the Holland City News:

File Copy of the Holland City News, August 16, 1884.

Three tramps, two white men and one colored, stopped at the farm of Gerrit Van den Berge, which is about three miles south of this city in the township of Fillmore, Allegan County, and asked for something to eat. They were fed and departed, as the farmer supposed, for other fields, when to his surprise, he saw them killing his sheep and dressing them. He immediately started for this city and notified Marshal Vaupell, who set out to find the villains. On arriving at Van den Berge's farm, the tramps were pointed out to Vaupell and he advanced to arrest them and had approached to within a few feet of the wretches, the "colored gentleman" raised his arm and fired a revolver almost in the face of the officer. The tramp cocked his revolver to fire again, and Vaupell, hearing this, dodged, and slipping, fell, rolling down an embankment into a ditch or gully. The tramps undoubtedly thinking that they had killed the officer or mortally wounded him, fled precipitately, throwing away their revolver in their flight which was nowhere to be found.

Vaupell and some of the neighboring farmers, gave chase and after running a mile and a half succeeded in capturing the fugitives. They were immediately taken before Justice Brink, of Graafschap, and the white men arraigned on a charge of petit larceny, and the negro for assault with attempt to kill. Pleading guilty and waiving examination they were brought here and placed in the "lockup" for safe-keeping until the officers from Allegan arrived to take them to their county jail.

Vaupell then went to Dr. Best's office, and on examination it was found that the bullet from the negro's pistol had entered the side of his neck and came out at the back near the spinal column. Some of the citizens of the city were very indignant and expressions that bode no good to the tramps were heard on all sides. After supper a crowd of nearly two hundred collected at the jail, and but for the presence of Sheriff John Vaupell and our local officers a first-class lynching would have taken place in our otherwise quiet and orderly city. Speeches were made and other demonstrations that tended to arouse those present were freely indulged in.

No damage or violence was done until between one and two o'clock when the posse that guarded the jail went inside to eat their lunch. The rioters then fastened the doors and began battering down the building opposite the cell that confined the negro and had nearly succeeded in getting inside when the officers placed the negro in another cell. Thus frustrated the mob seemed to be disgusted and discontinued their operations, but made the night hideous with loud talk and the ringing of the fire bell. With approaching day quiet was again restored and the officers spirited their prisoners away and they were taken to Allegan in safety. The colored man claimed that his name was Alfred Hutchins, and that his home was at Decatur, Alabama. The white men's names were Charles Mc Grinnis and George Brown, tramps. Marshal Vaupell's wound is rapidly healing, and he was not hindered in the daily pursuit of his duties.

News files, August 23, 1884.

The tramps George Brown, Charles Mc Grinnis and Alfred Hutchins, who were confined in our "lock-up" and came near being lynched, last week Tuesday night were released on account of defects in the papers under which they were arrested in Fillmore. They were immediately re-arrested and taken before Judge Warner in Allegan. Brown and Mc Grinnis pleaded guilty to a charge of petty larceny and were sentenced to 65 days in the Detroit House of Correction. Hutchins waived examination and was held for trial in the circuit court on a charge of assault with intent to murder.

Hutchins received a short sentence to Ionia when his case was taken up in circuit court.

Old residents who recall the affair say that the people of the entire com-

## NO MORE GRAVEL STREETS SAYS COMMON COUNCIL

IMPOSSIBLE TO SPRINKLE ALL THE STREETS. WILL USE A SUBSTITUTE FOR WATER.

City May Get a Stamper With Which to Do Street Work.

The Common Council last night decided that the state law in regards to cutting Canada thistle and all other noxious weeds, be enforced in this city. The state law requires that all weeds be cut once before the first of July and again before the first of September. July 1 is past and very few property owners have cut the weeds growing on the vacant lots. These weeds are now spreading seeds about the city. However prompt action will save another crop of seeds from being scattered broadcast.

Mayor Vandersluis brought the matter before the council by calling attention to articles on the weed question appearing in the local press. These articles were the result of a movement started by the Conservation committee of the Woman's Literary club.

The Council decided to notify Chief of Police Van Ry to inform all people who own property where obnoxious weeds thrive, to cut the weeds immediately. If the weeds are cut someone will be hired to do so and the expense will be assessed against the property owners.

**Central Avenue Still Needs Repairs**

Alderman Congleton called the attention of the council to the fact that Central Avenue is still in need of repairs and that the city and Contractor Vander Veen of Grand Rapids are still far from a settlement of the question. The only development on this matter is a letter received by City Clerk Overweg from Att. Wesselius of Grand Rapids, legal advisor for Mr. Vander Veen. In this letter Mr. Wesselius acknowledges receiving an estimate of the cost of tearing up and relaying the wearing surface of this street, and the necessary amount of asphalt required to resurface the street from City Engineer Carl T. Bowen. He also says, "I am working hard and seriously to avoid further litigation in this matter, both for my client and your city, and trust our attempts will finally be successful. I am submitting Mr. Bowen's figures to Mr. Vander Veen, as soon as possible, with request that he immediately take up the matter for final adjustment. In the meantime it is understood that these attempts to get together on a fair basis in no way affect the litigation pending."

The Mayor and aldermen again brot up the question of going ahead with the matter but they were loath to take any action without first consulting their attorneys, fearing their action would have wrong bearing on the question in court.

**Censor Board Members Resign.**

Three members of the motion picture Censor Board handed in their resignations to the council last night. These were Mrs. G. W. Van Verst, Frank Bolhuis and Prof. E. D. Dimment. The resignations were accepted without comment. The council immediately appointed Prof. A. Huisinkveld and Dr. J. A. Mabbs to fill two of the vacancies, on recommendation of the Censor Board. The other vacancy will be filled as soon as the board makes a recommendation.

**Clerk to Attend Convention**

The Council last night authorized City Clerk Overweg to attend the Michigan's Association of Clerks convention at Bay City, August 17-18, on recommendation of the committee on ways and means.

**Favors Permanent Road Improvements**

The council went on record as being in sympathy with making permanent street improvements when any are made.

When City Engineer Bowen gave figures on the cost of the proposed improvement to 18th street between Columbia Avenue and the P. M. tracks, he gave figures for the grading and graveling and also figures for coating the street with asphalt. The cost of the asphalt will be just \$28, approximately, for each lot, more than the cost of grading and graveling.

Ald. Congleton, chairman of the streets and crosswalks committee, said that the committee was not in favor of making any more street improvements unless they were permanent and he was backed up in this by the Mayor and other aldermen. He said that it is impossible to keep gravel streets in proper repair, and that the committee recommends that the property owners pay a little more and get an asphalt street.

It was decided to table the matter until the next regular meeting. In the meantime the property owners along this street will be asked to meet with members of the council next Wednesday night to discuss the matter.

There is also a petition for grading and graveling West 24th street before the council. The council will endeavor

munity were up in arms. They would have lynched Hutchins if they could have gotten hold of him. It is said that an effort was made to drown the would-be slayer when he was in the Holland jail, by turning a huge stream of water into his cell, pumped in by the old hand engine Holland then had as fire protection. It is well that the citizens did not give Hutchins his sentence or he would have received life,

## CARFERRY FOR HOLLAND ASSURED BUT FROM A DIFFERENT SOURCE

CHANNEL TO BE WIDENED 16 FEET FOR MICHIGAN RAILWAY PROJECT

Company's Western Freight Business Increases Rapidly During Past Few Years.

Direct car ferry service from Macatawa bay to points on the west shore of Lake Michigan is a project being fostered by the officials of the Michigan Railway company. It is understood that the company has been figuring quietly on establishing this service for about two years but has as yet made no announcement of its plans.

The first information given out to the public in connection with the plans of the company for establishing car ferry service is contained in the rivers and harbors bill, in which provisions of the widening of the channel of Black Lake harbor on Macatawa bay from the piers to a point 200 feet east of the Graham & Morton docks by 16 feet, is made. It is stated in the bill that the purpose of widening the channel is with a view of establishing car ferry service. Officials of the Michigan Railway company admit that this project has been under consideration but as yet are not ready to announce the details of the plan.

**Direct Service from Here to Chicago.**

Direct car ferry service between Grand Rapids, to Chicago and Milwaukee via Holland and Macatawa bay will mean much to the Holland and Grand Rapids shipper. The big volume of freight handled by the Michigan Railway company for Chicago and points in the west, has increased to a considerable extent during the past few years and more especially during the last several months. Only Thursday the Michigan Railway handled nine cars of refrigerators consigned by the Grand Rapids Refrigerator company to concerns in Chicago and throughout the west. Practically every summer for several years the electric railroad has handled a large amount of the western shipments of this concern. This company does its heaviest business during the summer months. Many others which reach the height of their business during the winter have been shipping largely by the electric route and boat across the lake and thus the carrying capacity of the Michigan Railway company has been taxed to the limit. It is expected that by the time the interurban terminal has been established in Grand Rapids the company will be ready to make the announcement concerning the proposals for the car ferry service.

An investigation of the proposed widening of the channel will be made by the United States engineers office of which Major F. W. Alstatter is in charge and a report of the possibilities made to the government.

## LOCAL OFFICER GOES TO CALIFORNIA FOR MAN

OFFICER DAVE O'CONNOR GIVEN ENJOYABLE COMMISSION; AFTER IVAN NEWMAN CHARGED WITH DESERTION

Dave O'Connor, local police officer, was given the very enjoyable commission of going to California for a prisoner wanted in this city. Mr. O'Connor left last night for Sacramento, Calif., where he will get requisition papers from the governor of that state on request of Gov. Ferris to take Ivan Newman back to Holland, Michigan, to answer to a charge of desertion. Mr. O'Connor will then go to Los Angeles, where Newman is being held by authorities of that city.

Newman, it is alleged, left his wife and three children in this city last February and has given nothing toward their support since that time. It is seldom that a police officer from a city like Holland is sent to the Pacific Coast for a man wanted, but circumstances seem to warrant it this time.

Family desertion has become so frequent that the police decided extreme measures should be taken. Men seem to think when they get tired of married life they just have to jump to a different state and that is all their is to it. "Such men should be brought back, even from across the continent," said Chief of Police Van Ry.

The trip is made at the expense of the county.

Newman was arrested for Holland authorities, charged with being a fugitive from Justice two weeks ago. The bill of complaint was telegraphed from this city to Los Angeles.

Newman has done all in his power to obtain his release since his arrest and he has sought extradition. He secured a writ of habeas corpus for release but when the matter was brought up in court Newman lost and was returned to his cell.

It is thought the trip will take Mr. O'Connor about a week.

Tonight at 8 o'clock will occur the marriage of Miss Lucy Brouwer to Mr. Jay Oom of Grand Rapids. The ceremony will take place at the home of the bride's parents, Mr. and Mrs. J. A. Brouwer of 78 East 9th street. Rev. Van Lonkhuis of Grand Rapids will perform the ceremony.

Official announcement is made by the two Reformed bodies in America of the celebration by them of the birth of the reformation 400 years ago. These bodies are the Dutch and the German, the one strongest in New York, New Jersey and Michigan, the other in Pennsylvania. The two bodies furthermore fix upon October as the time, and state that they hope that the joint celebration may advance their plans for organic union, now well started. About 400,000 people are the numbers in both bodies. Historically they came from Switzerland, the Rhenish provinces of Germany and Holland and hold to the Hendelberg confession.

These Reformed people say in their joint announcement that while they unite on the Lutheran date, their celebration will be much more than paying honor to Martin Luther. They remind themselves that the birth of the Reformation was much more than historic scenes at Wittenberg and Worms. They enumerate the work of Zwingli at Zurich, Calvin and Geneva, Knox at Edinburgh, and William, prince of Orange, in Holland and England.

Forms of the celebrations as far as announced are to be literature intended to inform the younger generation of the significance of the Reformation; thus strengthening of the new educational plans by increased endowments; a missionary fund by the Germans; and many joint meetings to be held during October. Some co-operation is promised with the Lutherans. The Collegiate Reformed church of New York, the oldest of all churches in that city, will lead the observances there.

## BOYS WANT TO ACT AS FLY COPS IN CITY

### HAVE IT IN FOR MEN WHO RIDE PAST THEIR HOMES ON THE SIDEWALKS

The Holland fly cop force was greatly enlarged yesterday. Four young men about 12 years old each, were given authority to act in this capacity by Chief Van Ry.

The four little fellows walked bravely into headquarters and confronted the chief, who was going through some papers at his desk. "Can we act as fly cops," one said, "Men ride past our homes on bicycles and we would like to be given permission to be fly-cops."

"All right boys," said the chief without looking up. "Just report anyone who violates the law."

The boys left on the hop-skip-and-jump and one said, "Now we will fix 'um."

## HOLLAND WATER FANS ARE WANTED TODAY

### DAY OF COUNTY SWIM MEET AT JENISON TO BE ONE OF INTENSE RIVALRY.

Entries Should Be Made To Jake Van Putten as Soon as Possible; Many Events.

Holland swimmers, attention!

This is the chance you have been looking for, and the chance you cannot possibly let slip. Is Holland to be represented in the County Swimming meet Friday at Jenison Park? Of course!

No entry fee asked. Medal prizes are to be given. Those who have been admiring the medals worn by swimmers since the Beach party last year now have an opportunity to get one for themselves. All sorts of swimming events in different classes have been arranged, and if one is any kind of a swimmer at all, a prize is within reach.

The Ottawa County championship events will be staged Friday afternoon at 3 o'clock at the Jenison dock. Entries from Grand Haven and Holland make up the majority of the list. Holland should be especially well represented, being right on the ground floor.

For boys of 16 and under, for the Junior Championships, the fancy diving, 50-yd. swim and 25 yard back stroke will be enacted. For open Senior championships, all ages, fancy diving, 100-yard swim, 220-yd. swim, and 50-yd. back stroke are scheduled.

The State Championships are to be held Saturday, and of course Holland boys are to enter. Entries are coming in from all over the state for Saturday. That is to be some exhibition for local people and a fine chance for local swimmers.

All entries should be phoned or made in person to J. J. Van Putten, Jr., of this city as soon as possible.

## GRASS FIRE YESTERDAY THREATENED HOUSE

### LITTLE LAD LIGHTS DRY GRASS FOR FUN; WIND SAVES HOME.

The fire department was called out at 11 o'clock Wednesday morning to the corner of 20th and Pine Avenue, where a dangerous grass fire had started at the residence of E. Evenhuis. A northeast breeze kept the flames from approaching the house, and before the hosecart had arrived the neighbors had extinguished the blaze by beating them with sacks and blankets.

A little chap, looking for some fun, had lit the dry grass near the house, and then became terrorized at what he had done. The wind only protected the home.

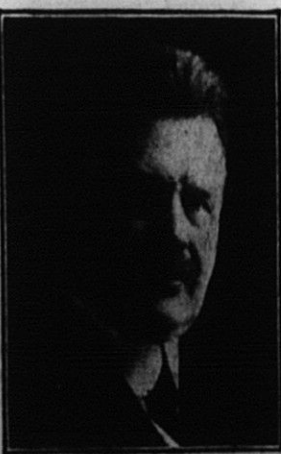

### G. J. DIEKEMA

The Grand Rapids Press in a political review gives the following on our townsman, G. J. Diekema:

"Diekema Looms Bigger Every Day."

Withdrawal of L. D. Dickinson of Charlotte from the Republican gubernatorial race gives added impetus to the campaign of western Michigan's candidate, former Congressman Gerrit J. Diekema of Holland. Mr. Diekema, who had been trotting in second place from the beginning, has taken a sudden jump owing to several ill-advised moves on the part of Sleeper interests on the east side of the state.

Several handicaps of the Holland man's success have been wiped out and the fact that he is being universally touted in Wayne county as second choice to Leland and that he is going to carry the upper peninsula by a big margin seem to have put him way in the lead among the field of gubernatorial candidates who face the starter Saturday when the petitions are in. At least two important factions who were oppos-

ing Diekema under a misapprehension now are solidly lined up in his support.

HENRY TIMMER  
of Georgetown

Republican Candidate for  
COMMISSIONER OF HIGHWAYS  
For Ottawa County Primaries Aug. 29

GERBIT W. KOOYERS  
REPUBLICAN CANDIDATE  
for renomination, 1st District

Cities of Grand Haven and Holland and Townships of Grand Haven, Olive and Park.

I wish to thank the voters of the First District for the opportunity to serve them one term in the State Legislature and will appreciate your support on August 29 at the primaries for renomination.

DELBERT FORTNEY

Delbert Fortney, a workman all his life, is a candidate for the nomination of sheriff of Ottawa county on the Republican ticket.

Mr. Fortney was born in Calhoun county, Michigan, and moved with his parents to Olive township, Ottawa county, when but two years of age and has been a resident of the county ever since. He was raised on a farm and has supported himself since he was eleven years old and has been the main support of his widowed mother since the death of his father twelve years ago.

Mr. Fortney has always worked at common labor, earning his living by hard work day by day, until he was appointed deputy sheriff by Sheriff Hans Dykhuis three and a half years ago. Since that time he has been always on the job, ready for any emergency. His record as an officer is of the best. He has always been willing and ready to serve the public in his official capacity.

If nominated and elected he promises to be an officer of all the people, rich and poor alike, and will strive to fill the instant position of sheriff in such a manner that the people of Ottawa will never regret their choice. A vote cast for him will be a vote for a competent man, and for an officer whose record has proved him to be deserving of the support of the people.—Adv.

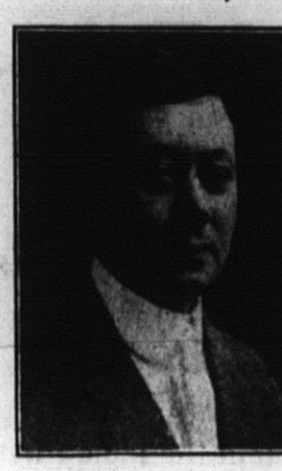

### FOR JUDGE OF PROBATE

Edward Soule, candidate for the Republican nomination for Judge of Probate, was born in Spring Lake, Jan. 27, 1871. He was educated in the Grand Haven Public Schools and graduated in the class of 1889. He became a shorthand reporter and was employed in local offices and also in the law office of Congressman Ford, in Grand Rapids.

Went to Chicago, where he earned his way through the Kent College of Law by doing stenographic work in the law offices. Graduated in 1893 and was admitted to the Illinois bar. Practiced law in the Chicago courts for sixteen years. Specialized in Probate Court practice and real estate title and probated many estates, some of them involving hundreds of thousands of dollars. Spent a year in the west regaining his health. Admitted by the Supreme Court to practice law in Michigan and opened an office in Grand Haven with his father under the firm name of Soule & Soule. He has had extensive experience in local courts and successful in nine out of twelve cases taken to Supreme Court of Michigan, losing only three. Prominent worker in Modern Woodmen, Consul four years

and Banker two years of Chicago Camp M. W. A., having a membership of over 2,000, Consul Grand Haven Camp, M. W. A. two terms. Member Peach Plains Grange and active in Grange circles. Veteran of Co. F. Member of Vestry of St. John's church, Grand Haven. Mr. Soule is married and has three small children. Lives on a small farm in Grand Haven township, adjoining city. Has been a life-long Republican but never before sought office. Believes himself well qualified, by experience, ability and temperament, to administer the duties of the probate court with credit to himself and satisfaction to

Cornelius Dornbos, of Holland  
Candidate for Sheriff on the Republican Ticket.

Mr. Dornbos was born in Holland and has always made his home in the county of Ottawa.

He has a long, unstained record as an officer of the law having been connected with the county sheriff's department for 12 years and served on the Holland police force three years, besides winning for himself the name of being Holland's best deputy game warden. His record is clean and his friends can testify that he never balked at any job and graft or favoritism has never been connected with his name.

The supervisors of the county have faith in him as shown by the fact that they have never cut his bills but have always allowed them without delay.

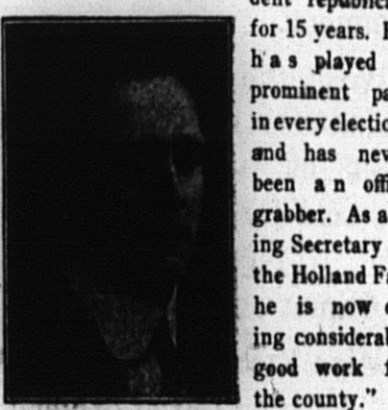

If the people give Mr. Dornbos their support at the primary election, August 29, their confidence will not be misplaced. Pol. Adv.

## John Arendshorst

Republican Candidate for  
Register of Deeds  
OTTAWA COUNTY

Extract Holland Daily Sentinel April 17, 1916.

"J. ARENDSHORST has been an ar-

dent republican for 15 years. He has played a prominent part in every election, and has never been a n office grabber. As acting Secretary of the Holland Fair he is now doing considerable good work for the county."

My business experience enables me to conduct the office of Register of Deeds efficiently for the benefit of the public. Your support will be appreciated at the Primaries August 29.

JOHN ARENDSHORST

### FOR JUDGE OF PROBATE

James J. Danhoff, candidate for the nomination of Judge of Probate on the Republican ticket. In 1912 endorsed by one-half (less a few votes) of the Republicans of Ottawa County. Never held any county office before. Has been an active Republican for years. In his practice for 23 years has always advised people to settle their differences if possible rather than go to suit. If elected he will carry out this policy as far as possible. People who know him, trust him. Is a friend of labor and has not forgotten the struggle that he made

in order to get an education. Worked three years at the tailor's trade. Later a book-keeper for three years. Holds the honorary degree of A. M. of Hope College, and L. L. B. of the Law department of the University of Michigan. Has experience of 23 years in Probate work. For some time was a law partner of the late George Heffron. For Four years was city attorney of Grand Haven. He is efficient and trustworthy and kindly asks all his friends to support him. 2w

### FOR SHERIFF

Otto Bajama, of Georgetown  
For thirty years has been a resident of Ottawa County. Has always been a republican unswervingly. Have been a Deputy Sheriff under Sheriff Dykhuis for four years. I solicit your vote on Primary Day, August 29.

### FOR REGISTER OF DEEDS

Herman G. Vanden Brink  
Have been Treasurer of Holland City for four years and feel that I am qualified to handle the office. If you can see your way clear to cast your vote for me at the Republican Primary on August 29, it will be appreciated.

## Orrie J. Sluiter

Republican Candidate for  
County Clerk

He solicits your support at the Primaries on Aug. 29, 1916

## Mortimer A. Sooy

Republican Candidate for State Representative of the First District.

## -A Letter to the Voters-

To the Voters of Ottawa County:—

All during the campaign the campaign-for sheriff of Ottawa county at the coming primary on August 29th next, I have refrained from advertising and have limited myself to personally interviewing my numerous friends in the county.

My duties of State Deputy Game Warden, however, have taken all my time, and as the campaign draws to a close, I take this method of speaking to my many friends whom I have been unable to see personally and asking them for their earnest support at the coming primary.

I feel that I am well qualified to serve the county of Ottawa as Sheriff. For eight years I served the county as deputy sheriff under Sheriff Woodbury and Sheriff Andred and for four years I have served the State of Michigan as Deputy Game Warden. For twelve years my business has been the apprehending of criminals and bringing them to justice, and my friends all over the county know my record as an officer.

Experience is the best teacher and I personally believe the Sheriff's office should be on a salary basis. Upon that record I place myself before the people of Ottawa county and ask for their support for Sheriff of Ottawa county.

I decry no one. I make no charge against anyone. I place myself before you entirely upon my record, believing that I will be able, with my experience as an officer, to serve the county best and that I am the best qualified for the office.

Very truly yours,

FRANK B. SALISBURY,

FIVE YOUNG MEN ARRESTED ON SUSPICION

CHARGED WITH BREAKING INTO CITY GARAGE AT 5:30 SATURDAY MORNING

All Claim to Be Innocent of Crime; Will Be Released Unless Further Evidence Is Gained.

Patrolman C. Steketee corralled five well-dressed young men about 5:30 o'clock Saturday morning and locked them in the city jail, suspecting them of having broken into the City Garage, Herman Prins, proprietor, corner of 8th street and Columbia avenue.

Shortly after 5 o'clock Saturday morning Lewis Goldman, who was sleeping on a cot in his yard, noticed two young men break into the City Garage thru the rear door. He went into his house and called up the police.

The officer then went around 9th street in search of them. He found five young men sitting in the Park near the depot. Some railroadmen and people living near there told him that three of these young men had just come from Ninth street.

The officer arrested the crowd. They showed some reluctance in going to jail but when the officer showed them that he was able to enforce his demand that they go with him, they went.

These young men say that they just came to Holland from Saugatuck and were merely sitting around. They are all from Chicago.

All that was stolen from the City garage is 33 cents. As the young men stoutly deny any connection with the crime and they cannot be identified by Mr. Goldman it would be difficult to convict them.

WATCHMAN VICTIM OF HEAT SERIOUSLY ILL

CHARLES HACKER FOUND UNCONSCIOUS BY FRIENDS IN OTTAWA FACTORY YARD

Charles Hacker, watchman at the Ottawa Furniture Company, living at 18 West 6th street, Friday night succumbed to the awful heat while at work in the factory, and now lies at his home in a serious condition.

Mrs. Hacker left her husband at the factory at 9 o'clock and went home. Ralph Bredeleg, a friend who was accustomed to visiting Hacker while at his work in the evening, approached the factory a little later but did not see him. Thinking he was in another part of the factory, Bredeleg left. Shortly afterward he returned and still did not see Hacker. Going to his home he called his son, John Bredeleg, and the two began a search of the plant.

Hacker's clock and lantern were found near the pumping room, as if discarded. Just outside of the door, in the factory yard, they came upon the form of Hacker, stretched out on the ground. Medical aid was summoned, Dr. Thomas giving the victim relief. Mr. Hacker was carried home and remained unconscious until 10 a. m. Saturday, when he asked for a drink. He is in a critical condition, but is expected to recover.

John Bredeleg continued the watching of the night in Hacker's place.

PACKAGES CARRIED ON INTERURBAN FOR 25c

CHANGE OF POLICY BY MICHIGAN RAILWAY IS BOON TO RESORTERS AND MERCHANTS

With a change of policy on the Holland Interurban branch, the Michigan R'y company now has provided for the carrying of packages to any point on the system on all the regular passenger cars. Any package which can be handled in the baggage section of the cars will be taken at any hour of the day or night on regular cars, for a minimum charge of 25c.

This makes it possible for shippers to send articles over the line and have them delivered in from one to two hours. Farmers and resorters are taking advantage of the privilege to a great extent. Farm produce, such as eggs, vegetables and fruit, can be sent into the city almost as quick as they could be brought in by automobile, and the convenience adds to the popularity of the service.

Resorters who are at the various lakes, if they need any provisions or repairs for motor boats, or automobiles, telephone to the city, have the needed articles placed on the interurban cars and within a short time can get them at their stations.

HOLLAND'S OLDEST MAYOR CELEBRATED

E. J. HARRINGTON WAS 84 YEARS OLD SUNDAY; STILL IN GOOD HEALTH

E. J. Harrington, one of Holland's oldest living mayor, celebrated his 84th birthday anniversary Sunday at his summer home, Virginia Park. Although slightly out of sorts, due to the continued spell of hot weather, he is still enjoying good health.

Mr. Harrington's parents first settled in Allegan county coming there from Onondage county, New York, where Mr. Harrington was born. They moved into Holland in 1847 when the Van Raalte colony arrived here.

Mr. Harrington has been very influential in Holland politics and he did much for the city's advancement. He served as alderman of the First ward and in 1872 he was elected mayor, again in 1873 and later in 1892. He was city attorney in 1868.

For many years he conducted a grocery and dry goods store here.

MESSAGE TO PATRONS OF LINCOLN CHAUTAUQUA

Two weeks from last Monday The Chautauqua opens in our city and will be with us only for one week. The program this year is an exceptionally strong one, appealing to people of every taste. The tickets for the entire week is \$1.50. There are two or three numbers on the program that are well worth this price alone. These chautauquas are purely a community affair in order to give our people something instructive and entertaining for a few pennies.

The local committee who has this matter in charge is working very hard to make these meetings a success. The public has during the past three years given it very liberal support and we hope that this year you will do even better. Let us call your attention to the fact that the local committee receives a benefit only from tickets sold before the chautauqua opens. Any season tickets sold at the tent does not help the local committee financially. Another fact we wish to call your attention to is the fact that all profits accruing from these chautauquas goes to a Y. M. C. A. Building fund. We have already a fund of some \$1,000, the profits of the past three years.

Let us urge upon you as far as possible to buy your tickets during this week so that the committee may know what they can depend on. Buy your tickets from Benj. Brower at First State Bank or Alex Van Zanten at Peoples State Bank or any member of the committee.

John Vandersluijs, Chm. Local Chautauqua Com.

FACTORY LEAGUE NOW HAS FIVE TEAMS

CHEMICALS NEVER PLAYED A GAME AND HOLLAND FURNITURE TEAM WITHDRAWS

Games Saturday Draw Large Crowds To Both Athletic Fields; Close Games Played

The factory league games drew large enthusiastic crowds Saturday afternoon at both the 19th street and College diamonds. In spite of the hot weather the baseball fans flocked to the ball parks. The best game of the afternoon was played between the Holland Shoe and Holland Furniture Company teams on the College campus. In a hard fought contest the Shoes won by a 6 to 5 score. Shaw umpired.

A good game was staged between the Walkovers and the Bush & Lane team in the 19th street grounds. The Piano players won by a 3 to 2 score. This is not figured as a league game.

The Limberts won two easy games. They beat the Hollands by a 17 to 9 score and the beat the West Michigans by a 13 to 5 score.

The league standing:—  
Limberts .....1000  
Piano .....1000  
Furnace .....500  
Shoes .....500  
West Michigan .....000  
Holland .....000

The factory league has now dwindled to five teams. The De Pree Chemical company never was a reality, not having played a game. The Holland Furniture Company team has given up in disgust. They received two good defeats and have decided to withdraw. The teams in the field now are all evenly matched and they will stick through the season.

OPEN ELECTRIC SHOE REPAIR SHOP IN CITY

N. J. JONKER AND DICK MILES START BUSINESS, CORNER OF CENTRAL AND 20TH

Nicholas Jonker and Dick Miles have opened an electric shoe repairing shop, corner of Central avenue and 20th St. They now have all machinery installed and are ready for business. They will make an effort to secure work from all over the city. A telephone call will bring a man to get the shoes to be repaired and they will also deliver to any part of the city.

Mr. Jonker has retired from the retail shoe business, in which he was engaged, corner of Central Avenue and 17th street for many years. Mr. Miles has been employed at the Holland Shoe company plant for many years and he is an experienced shoe man.

All kinds of repair work and remodeling will be done.

LAD INJURED IN FALL IS NOW RECOVERING

DE PREE CHEMICAL CO. DOING ALL IN POWER FOR INJURED EMPLOYEE

Frank Barkema, 17 year old son of Mr. and Mrs. John Barkema, 331 Columbia Avenue, who was badly injured in a fall down the elevator shaft at the De Pree Chemical company plant last week Thursday afternoon, is recovering from his injuries at the Edgewater hospital. The lad is regaining the use of his leg, which was nearly paralyzed by the fall and his back, which was seriously injured is getting better. Complete recovery is expected.

The officials of the De Pree company have shown their employee all the kindness and care possible and they have done all in their power for him.

OTTAWA COUNTY GETS \$110,779 PRIMARY MONEY

OF THIS AMOUNT CITY OF HOLLAND GETS \$25,471; GRAND HAVEN GETS \$12,828.

County Clerk Jacob Glerum has received word from F. L. Keeler, superintendent of public instruction at Lansing, Mich., Ottawa county's share of the State primary money. A total of \$110,779.90 is given to the various cities and townships in the county. Of this amount the city of Holland gets \$25,471.60, by far the largest amount received by any other city.

The several townships and cities get the following amount:  
Allendale, \$3,950; Blendon, \$5,474.70; Chester, \$3,218.60; Georgetown, \$6,398.70; Grand Haven, \$2,587.20; Grand Haven city, \$12,828.20; Holland, \$27,838.60; Holland city, \$25,471.60; Jamestown \$5,089.70; Olive, \$4,419.80; Polkton, \$5,651.80; Robinson, \$2,479.40; Spring Lake \$4,481.10; Tallmadge, \$3,480.40; Wright, \$4,050.20; Zeeland, \$3,742.20; Zeeland City, \$6,314.

FIRE DESTROYS FARM HOUSE

Tanis Home a Ruin After \$800 Fire Near Vriesland Friday.

Friday morning at 11:30, fire was discovered on the roof of the farm house three miles northeast of Vriesland, owned by Mr. Tanis of that place but tenanted by a Leestra family. No means of extinguishing the blaze being at hand other than the bucket brigade, the house was soon a total ruin.

The furniture was removed in time to save most of it. The damage amounts to about \$800. The cause of the fire is unknown.

RUMOR FORDS CUT TO \$360 STARTED

Rumors have been in circulation during the past week in Detroit that the Ford Motor Car Company will this week announce a reduction of \$80 in the price of the Ford touring car, lowering the price from \$440 to \$360. Ford officials have promised a statement by tomorrow.

The usual jokes about giving them away and then paying future owners for taking them from the factory are again set off by this announcement, but just the same the sales increase and Henry wears a smile and plans a new dividend among the Ford family in the world.

CAN VOTE ANY TICKET AT PRIMARIES

EITHER DEMOCRAT OR REPUBLICAN CAN TAKE BALLOT HE WISHES; CANNOT VOTE MORE THAN ONE.

Men Not Registered Can Do So Now With Clerk Or at The Polls Primary Election Day.

Many people are still unfamiliar with the workings of the new primary law and men are scratching their heads in an effort to find a way to vote for a candidate who does not happen to be a member of the same political party, to which they belong. The solution is easy.

Democrats and Republicans alike feel that they are registered as Democrats or Republicans and that they must vote that ticket straight at the primaries. This is not the case.

The only requirement of the primaries is that men can't vote more than one ticket. Whether you are a Democrat, Republican or Prohibitionist you can vote which ever ticket you wish. Each man when entering the booth is given either the Republican, Democrat, or which ever party ballot he calls for. He can then vote for any candidates on this ticket. However he will not be allowed to vote for, say, the prosecutor candidate on the Republican ticket, and the candidate for some other office on the Democrat or some other ticket.

Men who are now registered voters of the city and who have not changed their place of residence, that is, from one ward to another, will not have to re-register to vote at the primaries or the election. Men who are not registered can register at any time before the primaries at the office of City Clerk Overweg in the City Hall.

It is also possible to register at the primaries at the same time one votes so there is no excuse for a man neglecting his first duty as a citizen because he is not registered. According to a recent ruling of Attorney General Grant Fellows one can register at the Polling place and then cast his ballot.

It must be remembered that in this primary election no candidate can be elected to office as is the case in the city primary elections under the non-partisan system. The candidate receiving the largest number of votes only becomes the candidate for office at the election on which ever ticket he may be running.

At the election a man is not held to any one ticket. The voter can cast his ballot then for whomsoever he wishes, for any office.

ANDERSON SAYS WATCH NOT RUINED BY WATER

CARPENTER AT BOAT DOCK GOT DROWNED MAN IN FOURTEEN FEET OF WATER.

Alfred Anderson, carpenter working at the Graham & Morton boat dock has been the butt of many jokes by his friends for diving into the lake after D. McIntyre, who drowned last Tuesday, with his watch in his pocket after leaving his rule in the care of his friends. Mr. Anderson says the joke is not on him, because, although he did dive in with his watch in his pocket, he has a good watch and it was not hurt at all.

Mr. Anderson deserves much credit for his work in attempting to rescue the drowned man. He dove into about 14 feet of water and on the third dive he brought the man to the surface. When he had him on the surface, Mr. Bender hooked McIntyre with a pike pole and drew him to shore.

MANY COMPLAIN TO POLICE OF PROWLERS

MEN HAVE BEEN DISCOVERED LOITERING AROUND HOMES IN RESIDENCE DISTRICT

Several times during the past few weeks attention of the police has been called to prowlers in the residence district of the city. House breaking does not seem to be the object of these men as a very little burglary has been reported.

Thursday night the police were called to West Fourteenth street, where two young men were discovered lying in a yard. They both had bicycles and when a person living in that neighborhood, saw one of the men and gave the alarm, they fled.

Other similar cases have been reported off and on. The police are on the lookout for these men and if caught, prowlers will be severely dealt with.

DROWNED MAN'S BURIAL HERE

Body of Dan McIntyre To Be Laid to Rest in Pilgrim's Home Cemetery

All efforts by local authorities to locate relative of Daniel McIntyre, deckhand on the Steamer Puritan, who was drowned when he fell out of a row boat in the slip near the Graham & Morton dock Tuesday, have proved futile.

The body of the deceased was laid to rest in the Pilgrim's home cemetery Saturday. The drowned man left behind enough money to pay his funeral expenses.

FISH PEDDLER DEAD

B. Vander Heuvel, Resident Here for 30 Years, Died Friday

Friday night occurred the death of B. Vander Heuvel, aged 83, of this city at the home of his daughter, Mrs. A. Kammeraad, 804 Maple avenue. The funeral was held Monday afternoon at two o'clock at the home. Rev. H. J. Veldman officiated.

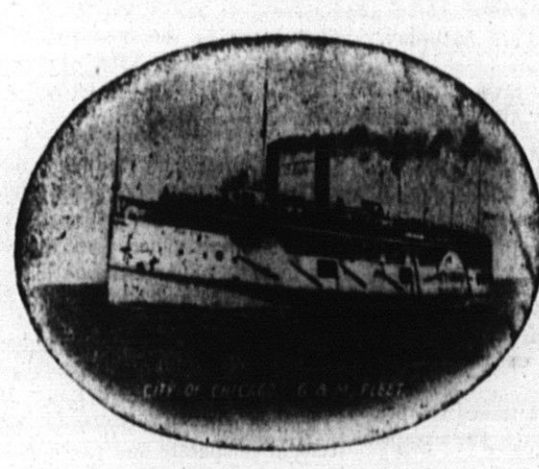

Vander Heuvel has lived in Holland for the past thirty years. He was a well known fish peddler, going from house to house with his baskets of fish. His death follows an illness of a year.

Egbert Boone, formerly of Holland, is reported to be in a very critical condition at his home in Colorado Springs, Colo., with no hope for his recovery. It will be remembered that Mr. Boone left Holland for the west a number of years ago with the hope of improving his health, since which time he has been back on brief visit several times.

The terrible heat wave for the past ten days has caused many farmers to suspend work in the vicinity of Fennville. The large peppermint farmers have had many sick horses, and one died from the heat. A cool lake wind today is bringing relief to this section, although rain is needed badly as crops are suffering.

Seven missionary festivals are scheduled among the Reformed churches in the Particular Synod of Chicago within the next month. The dates and places are: Zeeland, Aug. 3, Hull, Ia., Aug. 15; Holland, Neb., Aug. 17; Orange City, Ia., Aug. 22; Pella, Ia., Aug. 24; Fulton, Ill., Aug. 25; Kalamazoo, Mich., Sept. 4. At each of these festivals missionaries of the Reformed church on furlough from foreign fields, will deliver addresses.

The dairymen of Grand Haven will raise the price of milk to eight cents per quart commencing August 1. This is made necessary by increase of all feed stuffs and because of the dry season which has died up all pastures creating a scarcity of dairy products.—G. H. Tribune.—Good heavens, the war is not mixed in on this raise. There is some consolation in that.

Because of the fact that farmers are extremely busy at this season, Judge Cross Monday decided to defer their coming for the regular August term of circuit court, to August 21. They had been summoned to court on August 8. During the interval between the calling of the jury cases will be busy with chancery and other non-jury matters.

Mrs. Mary Miller, aged 81, was found dead in her home at Spring Lake Tuesday afternoon. She is believed to have been a victim of heart disease. Mrs. Miller was the widow of Capt. Harry Miller the first light housekeeper at Grand Haven harbor. Her son, Edward Miller is mate of the steamer United States. She lived alone in Spring Lake and was last seen by neighbors Sunday afternoon. She had been dead several hours when found.

Peter J. Danhoff was unanimously chosen Democratic candidate for congressman from the Fifth District at a meeting of Kent and Ottawa county party leaders in Grand Rapids Saturday morning and Charles H. Bender was endorsed for governor. Others who were given the approval of the Democrats here are John T. Winship for U. S. senator and Brig. Gen. John P. Kirk for lieutenant governor. Petitions nominating these men were sent to Lansing, on Saturday.

The industrial survey of Michigan for the national government as part of the preparedness program will be over 90 per cent completed by August 1, according to Director H. H. Crowell, who has charge of the heavy inventory for the western part of the state with the exception of Cass and St. Joseph. But one positive refusal to assist in the inventory was received from manufacturers. Mr. Crowell has received a report of the progress of the survey in the United States, showing Michigan well up in the lead.

Spring Lake, a village of 50 inhabitants will put in a boulevard lighting system extending the full length of the one long street in that bustling little town. The lights will cover about one-half mile of street. Zeeland is also getting ready for their new lighting system. Samples have been placed upon the street which look much the same as those that were burning in front of the city hall in Holland, at the time when the question came up and voted down at a special election two years ago.

William Connelly, secretary of the Grand Haven Chamber of Commerce, has withdrawn from the position, and the work of the chamber will be divided up. F. W. Huntington of Detroit has been chosen as the new secretary. Mr. Connelly will remain as a member of the new industries committee with Mayor Loutit, and will devote more of his time to the office of county road commissioner. The change was made at Mr. Connelly's request. The former secretary and the mayor will devote their time to the chamber of commerce work without pay.

Those going to Grand Haven by automobile are advised not to take the pike but to go by way of Zeeland and Borello on Allendale gravel road. The pike is being repaired near Grand Haven, and it is impossible to make a detour, therefore the autoist must either go back or be hauled through the loose sand for about two blocks. This is the stretch where a mile of concrete will be laid and the grading is now being done. Over the Allendale road, Grand Haven is entered over what is called the river road.

Government officials inspected the Macatawa Park excursion steamer D. C. Perry in this city Thursday in regards to boat and fire drill. After the men had gone through their drill the officials complimented them very highly on their excellent work. They said that the crew of the Perry is more competent in these drills than the crew of any boat of this size in this district.

Close to 400 people attended the annual Sunday school picnic of the Central Avenue Christian Reformed church at Pleasure Beach Thursday. Friday about 400 attended the First Reformed church Sunday school picnic at the same place.

The Michigan Railway has extended the dispatch freight system to the Holland division, thus making it uniform over the entire line. The Holland line has taken package freight on the passenger cars at a charge of 35 cents a package, regardless of size or distance to be transported. Under the dispatch freight system it will be taken on any passenger car at double first class with 25 cents as a minimum charge. For the dispatch freight deliveries will be at the station up to five minutes before the car leaves.

That better roads are being built all over this country is generally known, but that millions of dollars that cost comes from the money paid by automobile owners is not so generally understood. Many states devote practically all the money received for licenses for autos to this purpose and the aggregate is enormous. This is the proper use for this revenue. It is interesting to note some of the figures that have been compiled by the government concerning this money and whence it comes. Ninety per cent of the registration and license fee paid in 1915 by automobilists to the states, or \$16,213,387, was spent for the building and maintenance of county and state roads.

C. G. Plaggerman, a Crisp farmer, was overcome by the heat and his condition was reported to be critical. Plaggerman collapsed while working in the field and laid unconscious for two hours under a wagon before he was found.

More than 400 persons attended the first session of the annual mission festival of the Reformed churches of Grand Rapids at North Park, Grand Rapids. The Rev. A. Vander Berg was chairman of the session. The speakers were the Rev. E. C. Heines of Seattle; Dr. Edward Strick of Amoy, China; the Rev. W. G. Hoekje of Japan, and Dr. P. W. Harrison of Arabia.

Plans for photographing thru the co-operation of the G. R. & I. and the P. M. railroads and the Western Michigan Development bureau, of horticultural, agricultural and resort scenes in western Michigan, to be recorded on motion picture films and exploited throughout the middle west, have practically been completed. Despite the fact that the G. R. & I. and the P. M. are competitors in this territory they have joined in an expensive campaign for the betterment of the territory covered by their lines with no thought of their own individual advancement. At least 1,500 feet of film is guaranteed, and under the arrangement the project will be given wide publicity in Chicago and the middle west. The Pere Marquette will take many scenes at Holland summer.

Three auto loads of members from the Christian Endeavor society of the First and Third Reformed churches of Holland, visited our Young people's society of Farow last Thursday evening, and rendered a very interesting program, and gave some assistance and ideas for the organization of our society into a C. E. After the program a social hour was spent together on the parsonage lawn, while refreshments were served. A very enjoyable evening was spent, and we hope that we may again receive a visit from these societies in the future. The organization meeting took place last Sunday evening when twenty-three members joined, as active members. The election of officers was also held.—Zeeland Record.

With thermometer at 107 degrees in the shade, is it any wonder there seems to be every inducement for society to leave town for the relief and pleasures afforded at the resorts. Society folk, who have been perfectly satisfied with Grand Rapids as a desirable summer residence, simply decided, all in a hurry to take themselves off for a quiet little rest and outing. Ottawa beach and Macatawa park seem to have secured the greatest number of Grand Rapids' social luminaries. And small wonder, with all that is provided for their entertainment, and situated as it is, within short motoring distance from the city. Never in the memory of the oldest inhabitant or sojourner has the summer season at these places been so brilliant as at present, and it has been declared almost impossible to secure a cottage during the month of August, even for the short space of a fortnight.—G. R. Herald.

Some rather startling facts about the wealth of the State of Michigan may be gleaned from a study of the corporation and income tax figures recently made public by Secretary McAdoo. The statistics show that it is the great manufacturing and industrial states like Michigan which have paid these taxes in the past and will continue to pay them in increased quantity when the Kitchen revenue bill becomes law. Michigan with her great mining, automobile, furniture, drug, stove and other varied industries is the sixth state in payment of corporation taxes and ninth in payment of individual income taxes. Michigan during the last fiscal year paid a corporation tax of \$2,020,472 which was more than that paid by eight great southern states.

It is astonishing how the fishing keeps up. D. A. Heath has always been interested in improving the quality and number of the fish in the river and has spent a good deal of time and money in this work, he never realized however that his efforts would result in bringing so much business to his boat livery and recently there has been as many as forty automobiles at his boat house at one time while their owners were fishing. Manager Ross Phelps of the Hotel Butler boat livery tells us that the boat business was never better. He counted the fish that were brought in one day by the users of his boats and there were 580 and this he considers a very small day's catch. People come from Kalamazoo and many inland towns, their only object being to get fish, and no doubt a great many come from Chicago for the same purpose. Anyone can catch fish at Saugatuck whether he has caught them before or not.—Saugatuck Commercial Record.

Employees in the Allegan postoffice have been feeling good all the week because one of them did an unusually good bit of work Tuesday. George Kirshman is the youngest in service of all four mailing clerks in the office. Each of these is required to take an examination every year to determine his ability to sort packages properly, so that they will reach their destinations by the shortest routes and quickest. There are 1,500 postoffices in Michigan and the examination consists in "throwing" a card directed to each one of these 1,500 postoffices. Mr. Kirshman threw every one correctly—that is, he put every one of the 1,500 cards in the proper pigeon-hole. He threw them at the rate of 18 per minute, too, and is required further to distribute but sixteen per minute. A perfect score is seldom made in any office and Mr. Kirshman was warmly commended by the examining officer. Suel P. Hudson threw his cards recently at the rate of 23 per minute but he misplaced three cards. That was also a fine record.—Allegan Gazette.

Mr. Zuidewind was in Grand Haven Saturday in his first campaigning visit over the county. He says he has received a great deal of encouragement and is confident of a good big vote at the primaries.—Grand Haven Tribune.

## BROOKS' FAMOUS BAND TO BE CHAUTAUQUA FEATURE ATTRACTION—FOURTH DAY

**B**ROOKS' BAND will appear on the afternoon and night programs. They will be here one day only. This band is one of the oldest established and best known in America. It has played at some of the largest festivals, fairs and expositions in the country. It has given series of concerts in numerous large cities, the supreme test of a band. It has played in the Chicago Auditorium on many a grand occasion, in Chicago's mammoth coliseum, the Masonic Temple and many a great concert hall. It is, strictly speaking, a band of professional musicians and one that is made up largely of soloists. Hear them here Chautauqua week—fourth day.

(Continued from Page One)

to have these property owners pave the street also. The property owners concerned in this case will meet with the members of the council next Tuesday night.

#### Chloride Substitute for Sprinklers

Ald. Congleton said that it was impossible to sprinkle all the streets, where people wish sprinkling, with the present equipment and the present water condition. The city would have to purchase another sprinkler to meet the demand but as the water supply is now short the Board of Public Works discouraged this. As a substitute the street committee put chloride on 16th street between Van Raalte and Harrison Avenues and they think it can be used successfully on any hard, solid street in the city.

Acting on the suggestion of Mr. Congleton, the council authorized the street committee to purchase 25 barrels of chloride to be used on the streets. It is planned to spread this all along 16th street and abandon sprinkling this street. The cost of two applications a year is slightly less to the property owners than sprinkling and it is thought that chloride will prove to be a better dust layer than sprinkling.

#### City May Purchase Stamper

Several complaints have been received by city officials to the effect that when the streets are broken up to make sewer connections they are not properly repaired afterwards. Plumbers digging ditches for sewer or water connections did not pack in the dirt good when filling up the ditches. Large holes in the streets have been the result and many automobiles have been stalled in this soft earth.

Mayor Vandersluis brought up this matter and he said that some one should see to it that these streets are properly fixed. Ald. Congleton said that it was the business of the Board of Public Works to see to this. Mr. Drinkwater brought up the condition of 13th street between Van Raalte and Harrison Avenues, as an instance. He said this street was so bad that even a Ford could not get through.

Alderman Congleton said that the only way these streets could be fixed right would be to purchase a gasoline stamper. This would cost about \$400. It was decided to take the matter up with the Board of Public Works and City Engineer Bowen may be asked to get a stamper here for trial.

#### City Cheaper Than Plumbers

City Engineer Bowen reported to the council that the work of installing sewers in residences between 22nd and 17th streets on Columbia Avenue, was done by the city at a cost of \$350 less than the lowest bid received from any plumber. The lowest bid received from a plumber for this work was about \$900. The city did the work in one week's time at a cost of about \$550. This work included sewer and water connections.

#### Harkema Says Can't Get Sewer

Simon Harkema, 181 West 14th St. appeared before the council and said that although he was ordered to make sewer connections he could not do so because the main sewer line in front of his house is close to the surface and his house is on low ground. He said he had plumbers figure on his job but that they said the work could not be done.

City Engineer Bowen said that the sewer line in front of Mr. Harkema's house had been raised when a drain was run under it. It now is too high but the engineer said that he thought the connections could be made alright. He will investigate the matter.

#### City May Force Right-of-Way

For some time the council has attempted to gain consent of property owners around Harrison and Cleveland Avenues and 18th, 19th and 20th streets between these two streets to run a drain and sewer through the parts of these streets that have not been plat- ted or opened up. The property owners have refused all advancements made by the city officials. Today a committee from the council will again visit these property owners and if again

turned down they will take other steps to open up the street.

The council voted unanimously in favor of authorizing City Attorney M. B. B. to take any necessary steps necessary to open up these streets for the purpose of laying a sewer and drain, if the committee fails to come to an agreement with the property owners.

#### Items of Interest

City Engineer Bowen was instructed to place a drinking fountain, corner of 13th street and Maple Avenue and water troughs at the following places: corner of River Avenue and 7th street; corner 16th street and Central Avenue; corner of 8th street and Columbia Ave. During the two weeks ending August 2 the city spent \$87.50 aiding the poor of the city.

Arc light will be placed on the corner of 13th street and Fairbanks Ave. and in East 18th street near the P. M. tracks.

Alderman Vander Hill made a thorough inspection of the sidewalks of Holland and reported to the council. Many property owners will be ordered to make repairs. If they do not do so the city will do the work and assess the cost against their property.

A petition from Plagemars Bros. to move a house in West 20th street was tabled.

A petition from property owners, submitted to the council, asks that 19th street between Central and First Aves. be paved, the same as the First Avenue pavement, with curbing and gutter. The city engineer was instructed to estimate the cost.

#### BOOSTERS HOLD PICNIC THURSDAY

#### GRANDVILLE AVENUE IMPROVEMENT ASSOCIATION'S ANNUAL OUTING AT JENISON PARK

The members of the Grandville Ave. Improvement association at Grand Rapids their families and friends, expected to number more than 1,000 are holding their ninth annual picnic at Jenison park today.

Special prizes, amounting to more than \$200, will be awarded in the sport events. They include cash, parasols, chairs, shoes, mirrors, fishing outfit, baseball outfits and merchandise donated by Grandville avenue merchants.

An invitation has been extended to the Allied Improvement associations to attend the picnic.

Special car services was given on the Holland interurban, starting from Clyde Park avenue. Included on the boat rides, fishing and sport contests. Every ticket holder will be given free cigars, coffee, peanuts and a merry-go-round ride.

#### THEY SHUT THEM OFF IN ALLEGAN

#### VERY STRICT ON THE WATER USERS IN OUR SISTER CITY.

Allegan Gazette—Many resident of the city have had the city water shut off from their home this week because of violation of the recently established hours for sprinkling. It would seem that there should be little disregard of the rules below the hills because they permit use of the water all day long except between the hours of five and seven in the evening. Some persons have left their sprinklers run all the time and the officers have been watching. Tuesday morning Supt. Sterner turned off the water at nine houses and yesterday morning four more. Upon payment of \$1 fine he turns the water on. The existing rules are not strict and are made solely to protect the city supply. The well has been just about dry several times of late. To let the water run in a wasteful way, even during permitted hours, is wrong. The well deserves protection. It may give out some day under abuse.

#### GALA WEEK AT JENISON IS ON

The week of celebration has started at Jenison Park Monday. The big attraction of the week, the Berlo Divers, the young ladies who pleased the large crowds last year at Ottawa Beach, arrived and supervised the erection of their spring boards and platforms, from which they will plunge into the lake from a spectacular height.

No diving took place Monday because of a delay in the arrival of the apparatus. It was almost dark when all was ready, and being unfamiliar with the lake bottom in that vicinity they refused to dive in the dark. The divers are five sisters. Their mother is here with them. Two performances will be given each day.

Miss Madeline Berlo, one of the young daughters of Neptune at Jenison this week, suffered a sprained ankle while sight-seeing at Ottawa Beach on Tuesday. This will not interfere with her work on the diving tower, as she grittily swore that she would dive just the same.

Friday night will be Venetian night, and the big windup of the week. Unusual beauty will be seen on Black Lake this time, to surpass other Venetian nights. Yacht races and cruises will take place during the week and swimming and diving contests among amateurs will be drawing cards. The resorts are crowded with visitors for this week. Many boarding houses and hot are experiencing trouble in placing their guests and are forced to turn many away. This is in pleasant contrast to last season.

#### FARMER TELLS STORY OF INGRATITUDE

Automobile Broke; Borrowed Tools and Do Not Offer to Settle for Damages

A fine story of ingratitude was heard today, told by one of the spectators. Two young chaps from Grand Rapids, riding in a Saxon six, were ditched between Zeeland and this city. The car remained right side up, over, and they at once became busy trying to get it back on the road.

Another party of men from this city rode up at that moment and offered to help. The two young men secured a rope and chain from a farmer living near there, promising to pay for them if they were injured or broken. The rope and chain were attached and the other car towed it out. Both chain and rope were broken in the struggle. Tossing them into the Saxon the two left in a cloud of dust.

Early the next morning, at about 5 o'clock, on their way back to Grand Rapids, they passed this farmer's place and tossed the broken chain and rope on his front porch with a clank and drove away. A minute investigation failed to reveal any coin for damages reposing in the vicinity. Would you wonder if he refused help next time?

#### BRICKLAYERS INVITE MASONS TO PICNIC

#### ANNUAL AFFAIR WILL BE HELD AT PLEASURE BEACH AUGUST 15; CROWD IS EXPECTED

The Bricklayers Union, No. 19, of this city will hold their annual picnic, August 15 at Pleasure Beach. The Bricklayers have invited the Mason contractors and mason tenders to join them. A large crowd is expected to attend and arrangements are being made for an afternoon of pleasure and fun.

A program of sports will be carried out. Wm. Dophe has been authorized to receive donations of prizes from local merchants to be given to the winners of the various contests.

A special meeting of the bricklayers will be held the night of August 14 to make final arrangements. All are urged to be present at this meeting.

#### HAS TROUBLE WITH ITS ROAD BUILDING

#### COMPANY DOING JOB IN FINANCIAL TROUBLE, IT IS SAID.

Financial troubles have made it impossible for the Chicago Municipal Supply Co. to finish the road through Saugatuck township. They started away with their machinery Wednesday but the township authorities appealed to the bonding company and the result was that the machinery was stopped.

About 700 more yards of stone is required to finish the job and it may be that the township will take charge of the work although that has not been decided.

The contractors have had trouble in getting men and being short of money too, has made it up-hill work.

The bonding company is responsible for the fulfillment of all the conditions of the contract and will no doubt get busy with the work soon as there is a penalty of \$10 a day for each day it is unfinished.

#### TWO FAST GAMES AT CAMPUS SATURDAY

#### COOL WEATHER EXPECTED TO BRING OUT RECORD BREAKING CROWD OF ROOTERS

The college campus will be the principal place of attraction Saturday afternoon. Two fast games of ball, staged by factory league teams, are expected to bring out a record-breaking crowd. When even the many shade trees around these grounds offered very little shelter from the burning rays of the sun, large crowds attended the factory league games. With cool weather Saturday the crowd should be the largest yet.

At 2 o'clock sharp the Piano factory team will meet the Furnace company team. Directly following this game the Limberts will meet the Holland Shoes. These games are especially interesting because the Limberts and Pianos head the list with two games to their credit while both the Shoes and Furnaces have won one and lost one.

On the 19th street grounds the West Michigans will meet the Walkovers at 2 o'clock.

The Shoe factory team came out in new suits Saturday.

#### HEAT RESPONSIBLE FOR HOLDING UP RUSH JOB

#### MELTS ROLLERS ON PRINTING PRESS AT HOLLAND CITY NEWS OFFICE

An unusual incident took place Thursday in the Holland City News office, showing the extent of the phenomenal hot weather now being suffered. A large rush order came in, making fast work necessary. It was impossible to run the job thru the presses during the day, because the rollers used, it was noticed, were too pliable, the kind made of a peculiar composition, used in book work, and if subjected to severe heat may give out.

Night work on the job was the order. But the intense heat even late at night made it precarious task. Fans were placed under the presses, playing upon the rollers. But suddenly the composition gave in and fell in a black, jelly-like mass on the type. The entire force spent a few hours in removing the ruin and washing the type, after which other rollers were substituted and the work continued.

Fifteen years ago a similar accident took place because of the heat.

#### MUST REGISTER BEFORE NOV. ELECTION

#### HOWEVER THIS DOES NOT APPLY TO PRIMARY ELECTION, AUG. 29

People Now Registered Can Vote Then; Voters Not Registered Can Do So Now Or at the Primaries

According to the old city charter there must be a complete re-registration in the city every eight years. That last general re-registration was in 1908. There must be a complete re-registration this year.

Many people realize this and they feel that they must re-register to vote at the primary election August 29.

This is not the case. The primary election will not come under this rule. It will not be necessary to re-register to vote then. Anyone now a registered voter can vote without going through any formalities and they can vote any ticket, no matter what their party politics happen to be. A Democrat can call for a Republican ballot and help nominate a Republican friends or a Republican can do the same for a Democrat.

Men who have recently become voters and are not registered or men who have just moved into the city or moved from one ward to another can register in the city clerk's office any day before the primary election, to vote at the primaries. It is also possible to register at the polls on primary day and then vote at the same time.

The complete re-registration in this city must be held before the November election, probably October 28 or near that date. Before voting at the November election every citizen in the city, whether registered or not, must go to the polls on registration day and register again.

According to the new charter a complete re-registration must be held every four years. The next one will be held previous to the November election in 1920.

The thing to keep in mind is that this re-registration does not take place before the primary election. If one should register now they will have to register again for the election.

#### YOUNG MAN MAKES STATEMENT

#### Gives history of curious disease De Jonge's spinal adjustment strongly endorsed

To whom it may concern:—I have not been well since birth and was affected with a trouble which I seemed none could diagnose. Since birth I had a trouble which affected me only while asleep. When lying on my left side I could get no breath and felt as if I were dying. When lying upon my right side I would get a nightmare but would stay in bed throwing my left arm back and forth and making a hissing noise with my mouth. If strangers would see me in this condition they would say he is insane. As soon as I awoke I would be alright. The older I was getting the more trouble I would have. At about my eighteenth year I got a dull aching headache which I was afraid would cause insanity.

Have tried some of the best physicians in Europe and the U. S. but with no results whatever. They told my parents it was a habit and I would never get over it, unless I would lie on my left side all night. I tried this but it was impossible for me.

February, 1915 when twenty years of age a friend of mine was talking about De Jonge, the Chiropractor, something I had never heard about before. After talking it over at home I made up my mind to try De Jonge, Chiropractor, as a last resort. On my first visit to De Jonge, he found the cause of my trouble within five minutes time. He gave me a course of forty two adjustments of my spine which allowed nature to restore the abnormal to normal and have been healthy and relieved of all my troubles which I have had for twenty years or since birth.

I was so well pleased with the results that De Jonge had in my case that I went to Iowa and am now studying the best, safest, and quickest way to health—Chiropractic.

If spinal adjustments will restore old chronic cases like mine was in so short a time and that all other methods have failed, it will surely work wonders in acute cases if given a trial.

Words fail me, I cannot express my great gratitude towards John De Jonge, D. C. God bless him in his great work for suffering humanity.

# FIREWORKS WILL SHOW MANY WONDERS

## PROGRAM FOR VENETIAN NIGHT ON BLACK LAKE IS ELABORATE

Patriotic and War Features Included in The List of Numbers for Annual Water Classic.

Diving devils, flying scorpions, fiery geysers, floating beacons, water volcanoes, sea serpents, jewel fountains, bomb shells which burst in the air and resemble colossal spiders creeping across the sky, reproductions of a summer thunderstorm, European war trench illuminators and divers other pyrotechnic wonders are on the program for the celebration of Venetian night on Black lake Friday evening, August 4. The program for the event was completed by the Michigan Railway company Monday and is one of the most elaborate ever prepared for the annual Black lake classic.

The display will be started with the grand signal salute of six aerial guns, exploding at a great height with tremendous reports. During the interval between the flash and the sound signals there will be a superb illumination of the water front with 25 floating lights with varying colors. A grand display of three new 1916 prismatic star and triple flashlight shells spreading fiery tenebres in every direction will follow. The 12 "floating water lilies" is one of the realistic aquatic novelties on the program. The "Yellowstone Wonders" will reveal the fight of six extra large fire geysers of the national park.

The patriotic feature of the program will show the American flag in brilliant colored fires, flanked on each side with saluting batteries. The flag is so arranged that it appears to be waving in the breeze.

Following is a summary of the entire program of fireworks: fairy fountain on the water, summer electrical and thunder storm, "Changing Clouds," or "Sunrise Shells," both "Spiderland"; 18-inch European war trench illuminators, three "bottled daylight" bombshells, living fire bombs, screaming flying eagles; "Jumbo," the elephants, "The Oriental Puzzle Board," display of five 18-inch triple bombs, magic splendor device, floating aquatic lance-work device, an aerial acre of variegated gems, "The Battle of the North Sea," a spectacular battle between a man of war and a flagship; "Satan's Frolic in the Fountain," "The Garden of Allah," salvo of three mammoth repeating bombshells, aquatic novelties, "The Weeping Willow Tree," "Niagara Falls in fire, swarms of fire flies and lightning bugs," "The Land of the Midnight Sun," "Aerial Clover Field," final grand salute of aerial cannons and bomb shells flight, finale—"The National Peace Bouquet," concluding device, "Good Night."

In addition there are several other numbers on the program which will be introduced as surprises and which promise to be some of the most interesting and thrilling events scheduled. Boat owners are preparing their craft to take part in the program.

## AUCTIONEER ARRIVED MONDAY

Mr. F. B. Bannister, the famous auctioneer conducted the auction of lots at the great sale at Oak Lawn Park, Wednesday and this afternoon, arrived Monday, and after taking a ride over the city and to Oak Lawn Park, had much to say in regard to Holland and its future.

"I like your city," said Mr. Bannister, "I like its location and I like you people. You have some fine factories, and you have a nice city park and beautiful residences. Your business district looks good. I don't see how this city can keep from growing to be a very large place. It looks to me that real estate investments here would surely pay and pay well. You haven't much lake front property left and I don't see where any one can make a mistake in buying at Oak Lawn Park. It is a beautiful place. I hope to meet personally as many people here as possible and want to invite each and every one here to the sale. I want to tell you of these great opportunities and possibilities you have. I am glad I am to be with you for a few days."

# INTERVIEW ON LOCAL WATER PROBLEM

## BOARD OF PUBLIC WORKS IS PERTURBED ABOUT THE MATTER

Engineer Will Try to Find An Added Water Supply in Vicinity of Holland if Possible.

A grave situation as to Holland's water supply was brought up at a meeting of the Board of Public Works Monday evening.

The extended period of drought has brought no end of complaint to the Board that the water supply is wholly inadequate to keep the city lawns in proper shape and that the pressure during sprinkling hours does not give the supply that is needed for all purposes. This goes to show that the water problem in Holland has by no means been solved.

In speaking to Chairman E. P. Stephan about the matter he gave the following interview:

"The month of July has been an extremely hot and dry month, which necessarily resulted in much water being used for sprinkling purposes. In fact in a good many instances, 2,500,000 gallons have been pumped into the mains in a single day and night of 24 hours.

"The average water used daily for the month of July this year has almost doubled that of the amount used during the same month last year. Our Board believes that our water supply should always be adequate to meet all the required demands, even under extreme conditions such as now confront us owing to the hot dry spell that has prevailed during the past thirty days.

"While the city as a whole has not been greatly inconvenienced as yet, still if this drought continues a few weeks longer the situation will certainly become a serious one and we will be hard pressed to furnish water for the actual needs of the citizens of Holland. Besides we are confronted with a grave danger of fire which is made still more dangerous owing to the dry condition of everything about. Of course if a serious fire should start we could not connect with the river, as a last resort, but this would pollute and contaminate our water system and supply which would take weeks to overcome and bring back to normal conditions.

"We do not wish the citizens of Holland to become unduly alarmed. However the Board wishes to impress on the minds of the people of Holland, and we cannot impress this fact too emphatically, that this city has nowhere nearly a sufficient water supply and for that reason all should co-operate to avoid the wasting of water. It has been known in a good many instances that consumers allow their sprinklers to go the whole night thru. This is unnecessary and a flagrant waste of the supply that should go partially to the user that show discretion in their hours of sprinkling. The Board has the power and right to regulate sprinkling hours and even to prohibit sprinkling altogether, but this power it is loath to use. The Board does however urge upon every citizen to be as economical in the use of water as it is possible to be thus cutting out the unnecessary waste.

"It is your cooperation that the Board asks for in order to pass thru the present water famine with the least possible danger.

"The Board has instructed its superintendent to get expert consultation on added water supply in the immediate vicinity of Holland in order to ascertain if there is another source available to replenish and add to the supply we now have.

"Every effort will be put forth to get this information and the final results and recommendations of the Board of Public Works will be given to the public at the earliest possible date.

"In the meantime the Board again urges the necessity of economy thereby avoiding waste in the use of our city water."

# MERCURY SINKS TO 58 DEGREES MONDAY NIGHT

People of Holland who retired Monday night with the customary amount of covers on their beds, which it may be safely said did not number very many, were forced to seek comforters when the mercury sank to 58 degrees. This was the lowest temperature recorded at water station Monday night. Today is the first day for more than three weeks that the mercury has not reached the 90 mark and there were many days that the 100 mark was reached. About noon the thermometer at the water station registered 84. From there it topped and Tuesday p. m. at three o'clock it registered 80, over 20 degrees lower than the temperature at any time a few days ago. It continued to drop this afternoon.

According to reports the hot wave is sweeping eastward and New York is now in the grip of the heat wave, causing hundreds of prostrations and many deaths.

# INJUNCTION HALTS REMOVAL OF CHURCH

## GRAAFSCHAP REFORMED MEMBERS OPPOSED TO MERGING WITH CENTRAL PARK

Circuit Judge O. S. Cross at Grand Haven Monday issued an injunction to Attorney Charles N. Thew of Allegan restraining the moving of the Reformed church at Graafschap to Central Park. The notice was served Monday afternoon, following an announcement from the pulpit Sunday that the pews would be moved the following day. The janitor refused to turn over the keys when the men came to move the pews and the injunction followed. A majority of the church members are said to have hired Thew and to be fighting the removal of the church.

# PETITIONS FILED BY ALL OF COUNTY CANDIDATES

## STATE PRIMARY LAW PROVIDES FOR FILING OF ALL PETITIONS BY CANDIDATES BY 4 P. M. SATURDAY

Petitions Now With County Clerk Jacob Glerum and No More Candidates Can Enter Race in any Party

All petitions for the placing of candidates names on the primary ballots are now filed with County Clerk Jacob Glerum. The primary law provides for the filing of these petitions not later than 4 o'clock Saturday but in Ottawa county, practically all of the petitions were in the hands of County Clerk Glerum by noon. The clerk has gone thru the whole voluminous looking pile and checked off the names. The list of candidates has been compiled and the machinery is now ready to set in motion for the primary campaign which will end August 29, just a month from Saturday.

Three complete sets of candidates have filed tickets of nominees, the Republican, the Democratic and the Socialist. The Republican ticket of course contains the usual numbers of contestants for office, but the Democrats have upset the procedure in that party which has prevailed since the primary law went into effect. This year it will be noticed, there are several contests for county office in the Democratic ranks.

Up to noon Saturday the following petitions were on file at clerk's office.

Legislative, 1st district—Gerrit W. Kooyers, Holland; M. A. Sooy, Holland. Second district—Albert H. Bosch, of Jamestown.

County—Judge of Probate—James J. Danhof, Grand Haven; Cornelius Roosenraad, Zeeland; Edward Soule, Grand Haven; Daniel C. Wachs, Grand Haven.

# LOCAL CONCERNS POST SIGNS ALONG HIGHWAYS

The Lokker-Rutgers Clothing company, James A. Brouwer Furniture company, Holland City State Bank and the Scott-Lugers Lumber company have placed advertising signs on the highways around Holland covering all the principal thoroughfares within a radius of 17 miles.

The standards are made of good durable steel. The background of the sign is white and the large black letters show plainly for considerable distance.

It seems to be a great temptation to young men in the rural communities to use these kind of signs for gun practice and as targets for stones. The concerns putting out the signs have made a standing offer of \$10 reward to anyone giving information that will lead to the arrest and conviction of anyone marring or in any way mutilating these signs.

The posting of signs like this thru rural communities should draw many people to Holland. This will be of a great benefit to the whole city and not alone to the advertising merchants.

# HOLLAND PEOPLE USING MUCH ICE CREAM

## ABOUT 2,000 GALLONS CONSUMED EACH WEEK DURING HOT WEATHER.

Dealers Are Having Trouble Getting Enough Milk and Cream; Turn Down Some Orders

During this unprecedented spell of hot weather the people of Holland seem to be seeking relief in consuming over 2,000 gals. of ice cream every week. More than that they are crying for more but the ice cream dealers cannot supply them. This is nearly 100 per cent more ice cream than has ever been used in a similar period during the city's history.

There are two ice cream companies in the city. One of these supply on an average of 1,500 gallons a week and the other supplies an average of 900 gallons a week. There are twenty-five drug stores and other places in the city handling ice cream for these concerns. Besides this there are two candy stores manufacturing their own ice cream.

The local companies have also been receiving orders from places in Jenison park, Zeeland, Jamestown, Pennville, Overisel, Hamilton, Castle Park, and Douglas. Anthony Vander Hallie, who supplies the fountains at Macatawa and Ottawa Beach has also called on local manufacturers for cream, unable to get materials to make enough to supply his customers.

The local men have turned down many of these cut of town dealers because they are unable to get materials to make enough cream to more than supply their regular customers. So far the local dealers have been able to get enough ice cream to supply their regular trade.

The ice cream manufacturers are experiencing most of their trouble in getting cream and milk. In this warm weather milk sours very quickly and the farmers are forced to make better of it, not having time to get it to the creameries. The creameries cannot get enough to supply the demand. Farmers have to pay a big price for food now and they need feed because the pastures are all burned up for want of rain.

The warm weather has also greatly increased the demand for ice, both for commercial and domestic uses and the delivery systems are being worked to capacity. It is said there are many more domestic users of ice this season than a year ago, due partly to the warm weather continues very much longer the dustrial and business conditions.

So far the ice dealers of the city have been able to supply all their customers. However some dealers are pushed to supply the demand and if the hot weather continues very much longer the conditions may become acute.

In Detroit a famine in ice cream has resulted from shortage of ice and dealers there are unable to supply the demand from many other sources. A shortage of ice is also feared in many other cities.

# SENTINEL REPORTER SLAYS BOLD CHICKEN THIEF IN HOT BATTLE

Big scoop! Carroll Van Ark, reporter for the Sentinel slays bold, cunning chicken thief in sanguinary battle, during ghoulis hour of the night. It may also be said that Van Ark fought against great odds. He was clad only in flimsy pajamas and his only weapon was a club. But he showed as much deftness and ability in handling a club as an Irishman does in wielding a Shillalah, and that is why he is alive to tell the story.

This is how it happened. Shortly after 12 o'clock Van Ark, trained to scent excitement, head a noise in his chicken coop. Unafraid of the black demons of night, he slipped out of bed, and without even donning a robe or jeans, he stole forth, guided by the mellow flickering rays of a small lamp.

Entering the chicken coop, with club upraised, he listened attentively. No sound—and then—weak faint cries from a coop of chickens. "Ahi!" he said.

The next moment he had snatched the cover from the coop. Two fiery green eyes gazed up at him. He struck savagely before the beast could spring upon him. His aim was true. He struck the creature a terrific blow between the eyes and all was over. Pop went the weasle.

This sly chicken thief had killed six good sized pullets out of a coop containing nine.

# LARGE CROWDS VISIT RESORTS OVER SUNDAY

## CITY OF GRAND RAPIDS BRINGS 700 VISITORS SATURDAY NIGHT FOR RESORTS

Thousands of people from Holland, Grand Rapids, Chicago and other cities flocked to Black Lake resorts Saturday and Sunday seeking relief from the oppressive heat hanging over the cities. Whether they found relief is a doubtful question for the temperature at the resorts was over 90 degrees all day Saturday and Sunday. Sunday evening threatening rain and a brisk wind made conditions considerably more pleasant.

Saturday night there were 700 passengers from the Graham & Morton steamer "City of Grand Rapids", getting off at the Macatawa dock. Macatawa Park and Ottawa Beach got the majority of these people. Saugatuck also received its full quota. Three cars ready to take passengers from the boat to that resort were crowded and the interurban company had to supply another car.

All the hotels at Macatawa Park, Jenison Park, and Ottawa Beach were crowded with the Sunday visitors. Many of these hotels are full with regular guests.

The bathing beach drew the largest number of people. The water was swarming with bathers at both Macatawa and Ottawa all afternoon and until late in the evening. Many people were unable to get rooms at the bath houses.

# SHOTS STOP SPRINTER FLEEING FROM DEPUTY

## DEPUTY SHERIFF FORTNEY FIRES FUSILADE OVER HEAD OF ANDREW KOZYIA SUNDAY

Grand Haven Tribune—Three Polish residents, Andrew Kozyia, Paul Czysnozy and Joe Greimowke, started out for a Saturday night party, which broke up about 2 o'clock Sunday morning when the officers appeared on the scene in response to complaints from residents on Fulton avenue. The officers dashed up in the sheriff's Buick at about two o'clock in the morning and surprised the three, who mixed up in a jangle.

Two of the offenders were hustled into the car, but the third, Andrew Kozyia, took to his heels, and from the way he made off, the officers believe he could qualify for the springs without much trouble in almost any class. In fact Deputy Sheriff Fortney, who took after him, believes he should be in the big chamber of commerce marathon which will be run next Saturday.

Andrew beat it along Fulton avenue in the dark, and the deputy, who has done some good road work in his day, followed as closely as it was possible for him to get. But he admits that Andrew had it on him. He was beating him handily, when the officer thought of his gun. Whipping out his automatic he fired a shot into the air. The shot failed to do its work and the officer fired again. This time the fleeing man must have believed he was being shot at by the officer and he stopped and threw up his hands. He was all a-tremble when the officer came up to him and submitted to arrest without further argument.

Monday a. m. in Justice Dickinson's court, Andrew was given his choice of paying \$5 and costs or going to jail for 15 days. He chose to pay the fine, but was compelled to remain in jail until the cash was forthcoming. His companions were released on suspended sentence.

# DEATH CLAIMS ANOTHER LOCAL PIONEER

## MRS. JOHN ZWEMER PASSED AWAY QUIETLY AND PEACEFULLY MONDAY NIGHT

Was Oldest Living Member of W. L. C. —Leaves Aged Husband and Six Children, Oldest, 60 Years

Mrs. John Zwemer, one of Holland's women pioneers and wife of a member of the Van Raalte colony settling here in 1847, is dead at her home, corner of Twelfth street and River Avenue at the age of 82 years, two months and seven days. Death came very quietly to this loved and respected pioneer. Until Sunday she had been feeling quite well. Then she was taken ill with complaint, probably caused by the hot weather, and she slowly and peacefully passed away, dying at 8 o'clock Monday evening. Her death came quietly, unaccompanied by pain while her children were around her bed.

Mrs. Zwemer was born in Milledale, Netherlands. She came to this country and settled in Holland at the age of 20 years. She was married to John Zwemer in February, 1855, nearly 62 years ago. Together they braved the privations of early frontier life and she was of valuable assistance to her husband in his work here during the building up of Holland.

Mr. Zwemer heeded the president's call to arms when the civil war broke out and he fought thru several hard campaigns. He is the oldest living member of the A. C. Van Raalte Post, G. A. R. and he has served as commander of the post.

Mrs. Zwemer was the oldest living member of the Woman's Relief Corps in this city. Besides her husband the deceased leaves six children, the oldest of which is now sixty years of age. The children are Capt. E. Zwemer of Grand Haven, Cornelius of this city, William of Rockford, Ill., John of Rainier, Ore., Mrs. Van Weelden of Macatawa Park and Henry P. Zwemer of this city.

The funeral services will be held on this afternoon at one-thirty o'clock from the home and at two o'clock from the First Reformed church. The Rev. H. J. Veldman and the Rev. J. F. Zwemer will officiate.

# TEACHER OF OLD DAYS IS VIC-TIM OF HEAT

## PUBLIC SCHOOL TEACHER OF GRAND HAVEN FOR MANY YEARS DIES IN OLIVE

Grand Haven Tribune—Miss Carrie Moss for many years a teacher in the Grand Haven public schools, died last Sunday evening at the home of Mr. and Mrs. Edwin Fellows, at West Olive, as a result of the intense heat. Miss Moss has been with Mr. and Mrs. Fellows for about a year, and previous to that time had made her home in this city.

Miss Moss was one of the best known teachers of the old days in the Grand Haven public schools. She taught for many years in the eighth grade of the local schools, and many of her old pupils will remember her as an efficient instructor. She was a sister of Mrs. S. O. Eames of this city and the late Mrs. James Barnes, and made her home in Grand Haven during the greater part of her life. She was also a teacher in the public schools of Grand Rapids, and was also a resident of Minnesota for a time.

She was one of the founders of the Christian Science church of this city, and for a number of years she was a leader in the organization and a reader in the society. Miss Moss was born in Youngstown, N. Y., 63 years ago.

Funeral service was held Tuesday afternoon at 4 o'clock from the residence of Mrs. S. O. Eames, 418 Franklin St. The Christian Science service will be used. Burial will be in Lake Forest.

# KARSTEN SENDS LETTER TO SISTER HERE

## PAINTER WHO DISAPPEARED ON THURSDAY EVENING IS ALIVE AND WELL.

Worry Over Financial Condition Made Him Easy Victim of Long Hot Spell

John Karsten, painter and paper hanger, who disappeared from his home this city last Thursday evening shortly after six o'clock has been heard from. He is alive and well and not drowned or a victim of the heat as was supposed.

Mrs. P. Sakkers, East 7th street, sister with whom Mr. Karsten lived, received a letter Sunday from Grand Rapids, from her brother. The letter was brought here by a relative with whom Mr. Karsten visited in Grand Rapids.

In his letter, Mr. Karsten said that he took his boat out of the boat house, rowed up the river to the Waverly bridge where it was found and then went to Grand Rapids. Whether he took the interurban from there or walked the entire distance to Grand Rapids is not known.

The terrible heat of the past few weeks is thought to be the immediate cause of the Holland man's strange actions. It is said that he was having slight financial difficulties, which he over-estimated. This caused him to worry and brought on nervousness. His nervous condition made him an easy victim of the heat.

In his letter he left instructions with relatives here in regards to his business affairs and told what should be done. His working partner Oscar Vanden Berg will look after his interests and straighten up his affairs.

Mr. Karsten has left Grand Rapids on a visit farther north, where he will remain until the weather gets cooler.

His friends and relatives here were overjoyed to learn of his safety.

# DR. J. W. BEARDSLEE TALKS TO THE MOTHERS' COUNCIL

## "THE MORAL TRAINING OF CHILDREN," IS TOPIC DISCUSSED AT MEETING FRIDAY

Much of the pleasure of the delightful meeting of the Mother's Council, held Friday afternoon in the parlors of Hope Reformed church was due to Mrs. A. F. Bruske, who graciously presided.

After the opening hymn Mrs. C. V. R. Gilmore read the scripture tenderly speaking of the children's best friend, the Good Shepherd, and closing with prayer. Mrs. Robert De Pree followed with a beautiful solo entitled, "God's Garden of Love."

Mrs. Bruske introduced the speaker, Dr. J. W. Beardslee, saying that it is well to add the father's wisdom to that of the mother's. Dr. Beardslee spoke on the subject for the afternoon, "The Moral Training of Children." The speaker said that it was sometimes questioned whether morals could be taught.

In answering the question, "Can we teach right and wrong?" he declared that children must be trained in morals both at home and at school.

"In this training, which brings the best results, praise or blame?" he said, "God uses both in dealing with his children. So should we, but we praise oftener than blame. The great lessons all need to master are justice, self-control and loyalty. Fathers and mothers must be the child's living example of the truth of their teach."

Dr. Beardslee was aided in his address by scores of little children.

The Misses Minnie and Clara Bingham pleased the audience with a duet, mandolin and piano.

The question box was, as ever, enthusiastically discussed under the leadership of Mrs. Dutton.

Mrs. C. H. Mc Bride, assisted by three helpers, served delicious ice cream and cake.

The meeting was closed with prayer, offered by Mrs. Bruske.

The next meeting of the council will be held Friday afternoon in the parlors of the Third Reformed church.

# AND STILL THEY ARE PIONICING

## ALL GRAND RAPIDS FACTORIES ARE TAKING TURNS AT JENISON PARK.

Picnics from Grand Rapids are continuing to flood Jenison Park. More than ever is this amusement spot being used by the people from Grand Rapids as an outing place, and that they come back for their next celebration shows that they are enjoying every minute in the cool spot.

The Grandville Avenue Merchants, who were to have taken Tuesday as their outing time, changed it to today. On that day over 1200 from the Furniture City came down in special cars to take part in the celebration of no small moment. Sports with various prizes attached have been announced and many are being held as a surprise. They will attend the sports of the Beach Park as well.

On Saturday

# BOY'S SUFFERING RELIEVED BY DEATH

Death relieved the sufferings of ten-year-old Coral Taylor, son of Mr. and Mrs. William Taylor, 291 West 13th St. Sunday night.

This little fellow has been lying on a cot in the yard of his home for the past four weeks, afflicted by tuberculosis of the bone and brain fever. In plain view of the interurban cars passing he has been the object of pity of many travelers and a short time ago Grand Rapids residents of Macatawa Park and Ottawa Beach who make the trip past this home daily, took up a generous collection and sent the brave little fellow presents.

The deceased is survived by his parents and two brothers, Floyd and Lewis. His death is mourned by a host of school mates and friends.

The funeral was held Tuesday afternoon at four o'clock from the home.

## ENTERTAINS HIS EMPLOYEES

Nick Hoffman, proprietor of the Boston restaurant, entertained his employees and their families Monday night with a bathing and beach party at Alpena Beach. The trip was made to the beach early in the evening in three automobiles, there being twenty in the party. After a swim in Lake Michigan a supper was served.

## LOCALS

The McLeans have returned from an auto trip through the Eastern States.

Grand Haven is to have a big Farmers' picnic August 13.

A. H. Landwehr is in Grand Rapids today on business.

D. H. Clark, the old veteran, has returned to this city after an absence of several months.

According to dispatches this morning, the submarine Deutschland ducked under water and got away from the enemy's fleet.

The Intermediate C. E. society of the Third Reformed church will tomorrow evening enjoy a boat ride. The boat will leave Bender's dock at 5:30 sharp.

Bert Posthumus has returned from attending the summer Normal School at Kalamazoo. Mr. Posthumus will assist Miss Habermann during the next school year in the manual training department.

The Grandville Avenue merchants and friends are picnicking today at Jenison Park. They passed thru the city this morning in seventeen special cars. The crowd numbers about 1500.

Rev. H. J. Mulder, pastor of the Second Christian Reformed church at Muskegon, has been placed on a trio by the Highland, Mich., Christian Reformed church.

Nick Whelan, Henry Vander Warf and Ben Mulder motored to Grand Haven Monday to attend a meeting of the Republican Comm. Miss Ruth Mulder accompanied them.

Jack Peterson, an employee of the Brownwall Gas Engine Co., was unable to work today. Yesterday a flying bit of metal lodged in his eye. The doctor is unable to draw it out at present altho it has been located.

Lake Michigan is rated at 59 degrees. A few days ago it was 74. The difference is readily appreciated by the individual being immersed. No longer to the crowds line the water for about 50 feet out into the lake. They are lining the sandy beach now.

Between fifteen and twenty canvas men in Sun Brothers show, sotly colored, struck for higher wages when the show reached Grand Haven yesterday morning. When they were refused by the management they quit their jobs and the show went short-handed. Several of them took to red liquor as a solace and the result was a general gathering in by Sheriff Dykhuis before the day was over.

The Mothers' Council will meet Friday afternoon at 2:30 o'clock in the parlors of the Third Reformed church. The topic for the day will be "Religious Training of Children." There will be the question box and general discussion of the topic. A fine program has been arranged. Refreshments will be served. All mothers and others interested in young people are invited to attend.

## SECOND MISSING MAN IS FOUND IN FREMONT

### LANKHORST TAKES THE WRONG TRAIN AND IS TAKEN BACK BY RELATIVES

John Lankhorst who was reported to be missing has been found. The man boarded the wrong train when leaving Grand Rapids for Holland.

He landed in Fremont and relatives there took him back to Holland where he arrived this morning. John has been in poor health lately and has not been as bright within recent years owing to severe injuries sustained to the head some years ago.

## BIRTHDAY PARTY IS POSTPONED BY FATE

### HOWARD TIMMER, CONVALESCENT IN HOSPITAL, CELEBRATING ON WHITE COT

Little Howard Timmer is celebrating his tenth birthday today in the U. B. A. hospital at Grand Rapids. He had expected to be the host to a party of young friends today, but fate intervened. He is now reposing on a white hospital cot instead, very glad indeed to be regaining his health.

Eight weeks ago Howard was taken ill. Inflammatory rheumatism, it was labelled by the doctor. Recently he had been on the road to recovery and then it was that the party was planned. But suddenly his leg began to pain him and grow stiff. An operation of a delicate nature was declared imperative. Yesterday he was removed to the U. B. A. in the neighboring city and the medical operation took place.

Today, on the birthday of their young son, Mr. and Mrs. Howard Timmer of Central Park are overjoyed to hear that the attempt was successful and that their baby boy will soon be fully recovered.

## GIRL SENT TO HOE CORN, DISAPPEARS

### FEAR IS FELT FOR THE SAFETY OF JENNIE ENSING OF NEAR HUDSONVILLE

Hudsonville, Aug. 5.—Alarm is felt over the continued absence of little Jennie Ensing, daughter of Herman Ensing, whose home is about three miles south of here. Yesterday afternoon she was sent to work hoeing weeds in a cornfield not far from the house. When supper time came and she did not come home, search was made, but she could not be found. The neighbors were informed, and joined in the search, which has continued till now. The girl is about 13 years old.

## GOOD CROWD AT AUCTION OF LOTS

There was a nice crowd at auction of lots at Oak Lawn Park yesterday. A number of lots were sold and all who attended had a good time. Quite a number of presents were given out and today the balance will be distributed. We want to see a good attendance today. It is a nice cool place to spend the afternoon, the boat will leave at 1:30 p.m. before, the band will play and we hope to see even a larger crowd than yesterday.

Every one who comes over should bid on some of the lots as you will never have an opportunity to buy as good property at as low prices as these lots are selling at.

F. B. Bannister, Auctioneer.

## POLICE MAKE TOTAL OF 49 ARRESTS JULY

### VIOLATING SPEED LAW AND DRUNKENNESS ARE MOST POPULAR CRIMES

The monthly report of Chief of Police Van Ry to the Board of Police and Fire commissioners shows a total number of arrests of 49. As usual auto speeders are far in the lead, numbering 26. Drunkenness is the next popular crime, as 14 were arrested. Other crimes of the month are as follows: disorderly 2; riding bicycle on sidewalk 2; fraud 2; violating vehicle ordinance, 1; larceny, 1; jumping board bill, 1.

The chief reported that during the month four doors of business houses were found open at night. Once the lights in a business house were found out at night.

The month of July showed a good record. According to this report no serious crimes were committed and the number of arrests were not great aside from speeding.

## WHY SO MANY PIKE- PERCH AT SAUGATUCK?

### ALLEGAN GAZETTE HAS A REASON FOR THE NUMEROUS FISH CALLED PIKE-PERCH

It has been a matter of interest to anglers, piscators, and just plain fishermen that great numbers of pike-perch (erroneously called wall-eyed pike) have of late been taken in the waters at Saugatuck. These fish were many years ago numerous in the Kalamazoo river near Allegan but only in the early spring when they came up the river to spawn, but have been only rarely taken the past 30 years—for the reason, probably, that they were taken only with spears and at the spawning season. Inquiry of Mr. Charles E. Bird of Saugatuck for an explanation of this matter brought the reply that the fish being taken are genuine pike-perch; and the reason for it is that Mr. Bird has each year, save two, the past ten years, made plants of fry from the fish commissions and not of pike-perch alone, but of bass as well. This season he put into the water 90 gallons of black bass, both large and small-mouthed kinds. Mr. Bird gives two other reasons for the success of his plantings—the destruction of "rough fish" (carp and gars) and the law which forbids the raking of stream bottoms for clams prior to July 1. This raking destroys a great deal of fish spawn. Mr. Bird has thus done a large part of the work which has resulted not only in the gratification of lovers of angling but in the provisions of a very important food supply. The Kalamazoo river used to be one of the best streams in the country for small-mouth black bass, but its quality in this respect has come to be but a fraction of its former state.

Dr. Maxfield and family of Hudsonville visited with relatives in this city Wednesday.

Peter Elenbaas is having a home built on the corner of Main and Centennial streets.

While George Gosselaar was driving to town Wednesday evening another buggy crashed into the rear of his buggy throwing Mr. Gosselaar to the ground and smashing the back wheels of his rig. Mr. Gosselaar, however, was uninjured. The other party immediately drove away without inquiring if any damage was done.

Mrs. G. Sultor from New Mexico arrived at the home her parents, Mr. and Mrs. J. Mulder Wednesday.

## STATIONS DESIGNATED NOW BY NUMBER ONLY

### SERVICE VERY STRONG THESE DAYS

U. S. Coast Guard Stations on Lake Michigan No Longer Officially Known by Name of Harbors Where Situated.

Lake Michigan U. S. Coast Guard stations are now officially known only by number. The change from the old service to the new has brought about a change in designation of all coast guard stations. Instead of being known as as Holland U. S. Guard station, the local station is now known as "Coast Guard Station No. 285." In some cases the name of the harbor may be added to the designation, but in most cases only the number is used. This system will be used in all reports and telegrams in which stations are mentioned.

The number of stations are as follows: 271, Beaver Island; 272, Charlevoix; 273, North Manitou; 274, South Manitou; 275, Sleeping Bear Point; 276, Point Betsey; 277, Frankfort; 278, Manistee; 279, Grande Pointe A. Sable; 280, Ludington; 281, Pentwater; 282, White River; 283, Muskegon; 284, Grand Haven; 285, Holland; 286, South Haven; 287, St. Joseph; 288, Michigan City; 289, South Chicago; 290, Jackson Park; 291, Old Chicago; 292, Evanston; 293, Kenosha; 294, Racine; 295, Milwaukee; 296, Sheboygan; 297, Two Rivers; 298, Kewaunee; 299, Sturgeon Bay Canal; 300, Bailey's Harbor; 301, Plum Island.

The new service has brought about a number of changes, among them the more extensive signal drill, which makes the coast guards more proficient in this branch than ever before. The requirements include the International code; the Wig Wag or Morse code; Semaphore signaling and the Adois system.

During the fiscal year which ended June 30, there were approximately 490 reports of assistance rendered by coast guard crews in the district, received by the office of the district superintendent Capt. G. B. Lofberg, in Grand Haven. These reports covered the service rendered by all of the crews in the district.

Within a short time there have been several promotions among the crews of the district. Oscar Smith, No. 1 at Station No. 287, St. Joseph, has been transferred and promoted to keeper of Station No. 274, South Manitou. Wm. Hawley of Station No. 277, Frankfort, has been transferred and promoted to No. 1 at Station No. 287, St. Joseph. Samuel Toft of Station No. 298, Kewaunee has been transferred and promoted to No. 1 at Station No. 288, at Michigan City. John Anderson, No. 1 at Station No. 288, has been promoted and transferred to keeper at Station 289, South Chicago.

The fast Overisel team met defeat at the hands of the Junior Independents Wednesday afternoon at Zeeland. The game resulted in a score of 15-5. The batteries for Zeeland were Nynhuis, Wuyngarden, Mills and Kremers; for Overisel, Elmers and Moteman. J. Nynhuis featured with a home run.

Peter De Pree is having a home built on East Central avenue.

## INDIAN LANDS CAR HERE FOR EXHIBIT

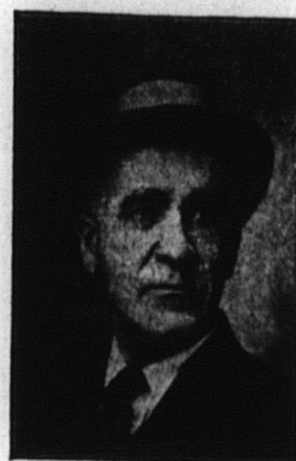

A free demonstration car sent out by the city of McAlester, Okla., is located at the Pere Marquette depot to remain a few days. The car is advertising the sale of government land around McAlester. The car is a handsome Pullman coach and is fitted up with everything necessary to instruct those interested in the manner and method of securing Indian land soon to be opened for settlement in Oklahoma. The car is lighted throughout with electricity and has U. S. geological maps and folios describing the land to be disposed of. In this car are also shown samples of the products of that section, embracing grains, vegetables, ores, etc., as well as samples of the rich black soil of that section.

Around the interior of the car are displayed pictures of many of the industries around McAlester. The car is in charge of M. M. Henry and is open from 9 a. m. to 9 p. m. It is stated as high as seven crops of alfalfa can be raised in one season and two and sometimes three crops of vegetables.
