Every friend of Equal Suffrage in Holland is urged to do "their bit" in putting Equal Suffrage "over the top" in Michigan.

**PAYS A FINE OF \$3.70 TO JUDGE
GERRIT VAN SCHELVEN**

Rev. John G. Meengs, visiting south of this city, was arrested Sunday by Motorcop Bontekoe for going 28 miles an hour on First avenue.

The dominie had been preaching, he told the officer, and was in a hurry to get home as he was late for dinner at the place where he was a guest.

He paid a fine of \$3.70 in Justice Van Schelven's court.

Ed Siegelman, cigar man of Grand Haven, was taken in by the speed cop for going thirty miles on First avenue.

CORNELIUS DE KEYZER WILL NOT RUN FOR REPRESENTATIVE

Last Saturday's petitions were filed for Cornelius De Keyzer by his friends for representative of the first District.

Mr. De Keyzer wishes this paper to state that he will not run under any consideration.

This leaves but one other candidate in the field on the democratic ticket, namely Richard Bolt of Grand Haven.

After spending a few days with his family Schuyler C. Hill returned to Jackson this morning, where he is employed at the Jackson Cushman Spring Co.

Lieut. Hoyt G. Post is home from St. Louis on a 10-day furlough.

ALL ALLEGAN COUNTY PAPERS RAISE PRICE ONE THIRD

**FOLLOWS LEAD OF NINE-TENTHS
OF THE PAPERS IN THE STATE
OF MICHIGAN**

All Grand Rapids Papers Make the Second Raise in Price This Year.

Patrons of the Grand Rapids papers were no doubt surprised to see a second raise in the price of their papers during the year when a raise of 10c a month on all subscriptions was made. It is no wonder, however, as is plainly stated in several announcements made by these publications in which they state that everything entering into the making of a newspaper has jumped up at least 100% more.

Running a newspaper is no bed of roses these days and it is doubtful if there is any business in the large list of essential enterprises that have been so hard hit by the war as the newspapers, and this is especially true of the small publications about the country.

Another fact that holds true. There is not another institution in the United States that has done so much to help win the war as the newspapers. It may be some time before the nation will realize this and those about the country who have been curtailing their patronage with a war excuse will appreciate this, when the boys come back. These in particular should realize that, but for the backing of the newspapers, creating enthusiasm, boosting every avenue that bringing the sinews of war to the boys at the front, but for these facts they might now be subjects of the Kaiser with no more patronage to give for then they would not be conducting a business that would warrant giving patronage.

The paper manufacturers are responsible for the latest raise in newspaper subscriptions and the newspapers of Allegan county among others have felt the pinch, and they have followed the example of nine-tenths of the newspapers of Michigan, and have also announced a raise. Some are starting immediately, others are beginning October first, when the price will be raised one-third.

The Saugatuck Commercial-Record makes the following announcement, reiterated practically by the rest of the Allegan county papers:

"Announcement
On October 1, 1918, the subscription price of the Commercial Record, as well as that of all the other newspapers in Allegan county, will be raised to \$1.50 a year.

"We had hoped this might be avoided, but costs of publishing have continued to rise till it has been shown that every new subscriber added to the list is really carried at a loss.

"City papers which two years ago were offering premiums for new subscribers have doubled their prices, and are now actually striving to limit their circulations. The percentage of profit on a country weekly two years ago at a dollar a year was greater than it would be at two dollars a year now.

"There are but two alternatives to raising the subscription price—to suspend publication, as 500 papers have been forced to do, or to continue and lose money. Few country publishers can adopt the latter course, however willing they may be.

With this plain statement of facts before them we hope and believe that practically all our subscribers will realize that the advance is absolutely necessary if country newspapers are to continue publication.

PROF. MUYSKENS CAPTURES A GERMAN

Prof. John H. Muyskens, formerly of Calvin College and now building secretary in a Y. M. C. A. hut in France, writes that he had the good fortune of capturing a boche. Prof. Muyskens was taking a walk through the woods early one morning when he spied the German, who had shortly before made his escape from a prison camp.

Although unarmed, Professor Muyskens overpowered the man and brought him back to confinement.

Prof. Muyskens also writes that he has captured several carrier pigeons carrying German notes over the lines. Being well acquainted with both German and French, he was able to translate the notes for the French officials.

Shells are breaking near the hut where Professor Muyskens is located, and he writes that one shell broke a short distance from the "Y" hut and the force of the explosion was so severe that one shell fragment about the size of a flatiron dug itself 10 feet into the ground.

WILL HOLLAND BE TORN DOWN COMPLETELY?

**FIRE MARSHAL FRED G. ARMSTRONG CONDEMNS 57
MORE BUILDINGS**

Zeeland Has Twelve Condemned; Going to Grand Haven Next.

Is Holland going to be torn down completely. Judging from the list of condemned buildings in the fire limits of this city not a wooden building will be left standing on either River avenue or Eighth street.

Fred G. Armstrong, Deputy State Fire Marshal, of Benton Harbor, Michigan, has been in the city since Monday, and ordered Chief Blom to show him every wooden business block in the city.

By the end of this week the proprietors of these buildings will receive notices instructing them to tear down these buildings within sixty or ninety days as is provided by law.

Some three months ago the fire marshal visited Holland, and then condemned some fifteen odd buildings. Many of them have already been torn down, some are being torn down.

Some of the proprietors, however, have thus far failed to comply with the request, and it is said that drastic measures will be taken by the state fire marshal if repeated requests are not heeded.

Zeeland was also visited by the fire marshal and twelve wooden buildings on the Main street were condemned.

It is said that from Holland Mr. Armstrong will go to Grand Haven, and no doubt there he will find plenty of material to work on.

How strong the enforcement of this law is going to be followed out, is hard to determine, as a wholesale tearing down at this time, would be a hardship not alone on the property owners but on the public.

The war times make building material positively prohibitive, not taking into consideration the scarcity of labor in all lines. On the other hand there is a great deal of truth in what the deputy says, that a wooden building next to a brick one raises the risk and the insurance of a brick block next to it where a man has had pride enough in his town to build up a monument for the city.

He also pointed out a wooden building so situated on River avenue, filled with oil and grease, that if by any unforeseen accident a fire would start in it, the fire caused would be liable to clean out an entire block on Eighth street. He used this building as an example to demonstrate what would happen. The buildings that were condemned on the fire marshal's previous visits and are now down are the Takken blacksmith shop on Central avenue, the Fabiano building on East Seventh street, the Toren building on east Ninth street, the M. A. Sooy house on W. Twelfth street, several of the Krusinga buildings back of Arond Smith's Bevo parlors, Harry Huntley's barn, First avenue, and old house of the Mulder estate on First avenue.

The former list also contained the bowling alley next to Boter & Co.'s store, Jake Kuite's Meat market, and Henry Kraker's Plumbing shop.

The latest list of 57 buildings comprise every wooden business block on River avenue and Eighth street consisting of the following pieces of property:

The Pessink building, No. 10, East 8th street, Van Tongeren Cigar store, No. 12 E. 8th street.

TWO BUSINESS MEN ESCAPE NEARLY BEING DROWNED

**GEORGE BOSMAN SAVES HENRY
MEENGs FROM A WATERY
GRAVE**

Rode Out Into Lake Michigan; Boat Capsized and Has Not Yet Been Found

Two local business men were nearly drowned Tuesday in Lake Michigan off Muchanan Beach, directly north of George Getz's Lakewood farm.

George Bosman the sign artist and Henry Meengs of the Holland Dry Cleaners, who are spending a vacation at Buchanan Beach proceeded to go bathing in Lake Michigan with a row boat. There was a heavy surf running and it was with difficulty that the boat was launched.

The men rode out some five hundred feet from shore and began diving in the breakers.

In climbing into the boat the craft capsized, and got away from the already tired swimmers. There was nothing else to do but to strike out for the shore.

George Bosman with much difficulty swam to the second sand bar, and proceeded to rest when a call for help came from his brother-in-law, Henry Meengs. Henry was having a hard time of it in the heavy rolling surf. George Bosman altho fatigued, swam out to Mr. Meengs and succeeded in helping him to shore, which both men reached after much difficulty.

Mr. Bosman, besides being worn out is little the worse for his experience, but Mr. Meengs received medical attendance because of over exertion in making the shore.

The rowboat has not yet been found.

**ALL THE BIDS FOR CONTRACTS
MUST BE IN TODAY**

Mr. D. H. Christophel, township clerk of Park township, has been advertising for bids, asking for figures to build a new townhouse for Park township.

A vote was also taken at that time to see on which side of Black Lake the township would be located on. The voters on the North Side and those on the South Side are about evenly divided. In this friendly contest, however, the northside won by only a few votes.

The new townhouse will be a one-room bungalow type of building to be located on the Waukazoo road, at the corner of Hazel and Hamilton Avenue.

The building is to be completed by October 15 in time for the fall election.

Mr. Trotter and his quartet "The American Four" just returned from an evangelistic tour of the camps throughout the country and they came to Zeeland with a message and songs that will "Keep the Home Fires Burning." The musical numbers by the famous quartet were of the very best. M. C. A.

HOLLAND IS AGAIN ADVERTISED IN CHICAGO PAPERS

The West Michigan Pike means more to Holland than its citizens realize. The number of strange autos in this city during the summer denotes that many tourists from abroad make this the terminal of a Sunday or a week-end trip.

A few weeks ago two Chicago papers exploited this resort region and especially Holland. Saturday and Sunday two other Chicago papers thru their pathfinder published maps showing the best way to go to Holland and the resorts and in this particular writeup Judge Everts and Waukazoo comes in for praise as follows:

In my previous article describing a tour through Holland and the Holland resorts I overlooked the Waukazoo Inn. This wonderful place is between Holland and Ottawa Beach. It consists of 500 acres on the north shore of Black Lake, a beautiful body of water six miles long. A ferry service is maintained between the Inn and Holland and all resorts and the golf links. The Inn maintains its own poultry yards, with 2,000 fowls, and it has an immense irrigated garden.

Automobiles and motor boats, canoes and rowboats may be engaged by the hour, day or week, and you can enjoy horseback riding on the same terms. There are two fine cement tennis courts, a ball ground and also a play ground. The bathing is safe in the lake, and the ferry will take you to the beach at Ottawa and Macatawa. Three to four dances are given each week, and the ball rooms at Ottawa Beach and Macatawa are open to the guests of Waukazoo Inn. There are forty of more beautiful summer homes at Waukazoo.

DEFENDANT WINS OWN CASE ON TRIAL IN JUSTICE COURT

In Justice Waech's court in Grand Haven, Phil Schippers, who was charged with violation of the traffic rules was acquitted of the charge by a jury. The defendant employed no attorney but fought his own case through the court, on the claim of insufficient proof as to the time and imperfect establishment of identity. The jury took his point and returned a verdict favorable to him.

HOLLAND MERCHANTS DEFEAT HAMILTON

The team representing the Holland Business Men of this city motored to Hamilton Thursday night and crossed bats with the Hamilton Nine. A big crowd of farmers and Hamilton citizens were on deck to see their home team carry away the honors of victory, but the Merchants went with the same object in view and as the business men they represent "they never lay down and wait for things" but they go right after them. The merchants tallied three scores in the first inning and kept on in the first inning until they had control of the game which the score represents. The Merchants will play the Hamilton Nine on the College Campus Thursday night, August 1, at 6:45 o'clock. The Merchants' team request that the Holland business men turn out and see this game as it will be full of old time "spunk" and it will have a kick back of it. Steggers and Brown, the Merchant battery worked to perfection.

ZEELAND CHURCH HAS FORTY-TWO MEN IN SERVICE

The Second Reformed church of Zeeland has forty-three men in service. Most of these are enlisted men and are now putting forth their all against the Hun "Over here." Ten of these forty-three men are commissioned and non-commissioned officers and two are cooks in the army. The church has two captains in service, two lieutenants, one sergeant and five corporals. They are Capt. Edward DePree, Capt. Joe De Pree, Lieut. J. N. Clark, Lieut. F. M. Heasley, Serg. Jay Den Herder, Corp. Jack Barense, Corp. W. Kardux, Corp. G. Karsten, Corp. Chester LaHuis, Corp. Nelson Veneklassen. Rev. Benj. Hoffman, who has a son in the navy, is pastor of the church and Ted Moerdyk is teacher of the Young Mens' Bible Class which recently dedicated its service flag with 33 stars in it.

UNIQUE PRIZES ARE GIVEN IN BASEBALL GAME

At the baseball game Saturday, staged at Holland's new athletic park, three prizes were offered to players as an incentive to excel in their work.

Con De Pree who was one of the speech makers with Chas. H. McBride, opening Holland's new Athletic Park announcing that George Getz of Lakeview farm gave \$5 to the first player of either team who struck a home run in Saturday's game.

De Vries and Dorabos offered a \$50 Grafenola for the first player of either team making a home run and De Pree Chemical Co. offered \$5 for the first player crossing home plate.

Only one of the prizes was won with Henry Kramer of the Holland team bringing in the first tally.

The players Saturday failed to connect with the ball hard enough to make the circle of the bases on the strength of it, notwithstanding the fact that they did their best to hit it over the back fence.

SEVERELY INJURED IN A PECULIAR ACCIDENT

Misfortune overtook Mr. and Mrs. F. C. Wicks of Saugatuck while bringing in their last load of hay a few days ago. Both were injured, but Mrs. Wicks seriously.

It appears that a broken bolt allowed the wagon shafts to strike the horse's heels, causing the animal to become unmanageable. Mr. Wicks attempted to alight and quiet the horse, but was run over and injured in the effort.

When in front of Frank Wade's place on the Hooter Road Mrs. Wicks was thrown from the load of hay to the stone road, breaking one of her hips close to the joint. The wagon passed over and crushed Mr. Wicks' foot and his hand was cut.

Saugatuck Surgeons reduced the fracture and dressed Mr. Wicks' injuries but it was considered advisable to summon a specialist from Grand Rapids who performed an operation and wired together the broken bones of Mrs. Wicks' hip.

HOLLAND AUTOISTS WILL BE PLEASED

Tonight the Kent and Ottawa county road commissioners will meet at Jenison to determine upon a route between Grandville and Jenison for improvement.

Although the distance between the two villages is only a half mile, the road which is now traversed crosses three railroad right-of-ways and is deemed dangerous. Both commissions are favorable toward opening another road. When the route is definitely determined upon, the road will be improved.

This contemplated improvement will please Holland autoists for when this bad stretch of road is completed it will assure a fine highway from Macatawa Park to Holland to Grand Rapids by next year.

PROSECUTOR'S MOTHER IS SEVENTY YEARS OLD

The seventieth birthday of Mr. and Mrs. Charles Miles of Olive was the occasion for a family reunion, and headed by Prosecutor Fred T. Miles, one of the sons, all the children were gotten together and not a few grandchildren besides, and they made a raid upon the old home much to the surprise of the aged couple.

The children came loaded down with appropriate gifts and plenty to eat, and their coming on this auspicious occasion was very unexpected by Mr. and Mrs. Miles. Those present were, Rev. and Mrs. Lester D. Miles, and six children of Stevensville, Mich., Mr. and Mrs. Fred T. Miles and children of Holland, Warren H. Miles of Midleville, Michigan, Mrs. John Owen and son of Holland, and Mrs. Clarence Peck of West Olive.

Prosecutor Miles was Master of Ceremony, while Mrs. Owen and Mrs. Peck served the refreshments.

A similar surprise reunion took place three years ago when Mr. Miles had attained the age of seventy.

SOME NEW SOLDIERS TO STAY AT HOME

Considerable progress was made on Wednesday by the district appeal board in the classification of registrants of the class of 1918 and some attention was devoted to appeals by the first registrants for reconsideration of their claim. After reconsideration no change was made in the classification of Ernest H. Wiltenberg and Marcus B. Klein, both of R. F. D. 1, Conklin.

The following men in Ottawa county were placed in Class Two, division C for agricultural reasons: Wm. Styf, R. F. D. 5, Zeeland; Jacob Willgens, R. F. D. 3, Hudsonville; Gerrit Cole R. F. D. 2, West Olive.

HARRY DOESBURG ARRESTED CHARGED WITH VIOLATING PROHIBITION LAW

Harry Doesburg, local drug man, was arrested Monday afternoon charged with violating the new state prohibition law. The complaint was signed by Chief Van Ry upon affidavit signed by Samuel Meeuwse, former patrolman who alleges to have secured liquor. The complaint alleges furnishing and giving away intoxicating liquor between July 4 and 5.

The case will have to be tried in Circuit court and will be the first case of that kind tried from Holland under the new law.

Mr. Doesburg demanded an examination which was set by Justice Kooyers for Thursday of this week.

TO LAY UP BIG SURPLUS FOR NEXT YEAR

Despite the fact that this year's wheat crop will be 2880 million bushels greater than that of last year, it is the intention of the government to keep up the restricted use of wheat flour in order to accumulate a surplus greater against a possible lack next year; and not only a surplus for this country, but one for our allies in the war, for there is no telling what is to come, either as to the war or as to crop failures or successes. Nobody is suffering from this use of substitutes for wheat flour, but probably most people are better off in health for it, and the policy adopted seems the only wise one to pursue.

HOLLAND BOYS WEDS ZEELAND GIRL

A pretty wedding took place at the home of Mr. and Mrs. Henry Huxtable on Harrison avenue, at Zeeland last Thursday afternoon, when their daughter, Emily, became the bride of Mr. Allyn F. Streur of Holland.

The bride was gracefully attired in a gown of white crepe de chine and carried a bouquet of bridal roses. The rooms were decorated in the patriotic colors. The bride and groom were unattended. Rev. M. Van Vessem performed the ceremony. After the ceremony a delicious wedding supper was served, covers were laid for the immediate relatives and intimate friends.

Mr. and Mrs. Streur will be at home to their many friends at 128 E. 16th St., Holland. Hearty congratulations.

SOME HOLLAND MEN RECLASSIFIED IN DRAFT

So much headway was made Thursday by the the district appeal board in Grand Rapids that nearly all cases on hand had been disposed of before night and it is probable that the session will be definitely adjourned Saturday.

Among the appeals of Class 1 men denied were those of Philip J. Lutz, Route 1, Grand Haven and Leonard W. De Vries of Holland. Among those raised from Class 2, Division C to Class 1, Division 1, was John Velthouse of Route 2, Hudsonville.

The classification of George Velthouse, R. F. D. 5, Hudsonville, was deferred unconditionally from Class 1 to Class 2, Division C.

Registrants of the class of 1918 placed in Class 2, Division C are Joe Vander Velde, R. F. D. 2, Zeeland; Henry Dozema, R. F. D. 3, Zeeland; Herman F. Schonwald, R. F. D. 1, Jenison; Joseph Engleht, R. F. D. 2, Nunica; Robert B. Mills, R. F. D. 10, Holland; Lloyd E. Norton, R. F. D. 2, Jenison; Henry J. Kruithof, R. F. D. 2, Zeeland.

HOPE COLLEGE WANTS GRAND HAVEN DOMINIE

Rev. James T. Veneklassen, pastor of the 1st Presbyterian church of Grand Haven, has been tendered the chair of Greek in the faculty of Hope College to succeed Dr. Dimment, who was recently elevated from the head of the department of Greek to the presidency of the college. The honor came to Rev. Veneklassen as a complete surprise and he is now considering the offer.

Mr. Veneklassen has been most successful in the past in the Grand Haven church and his congregation hope that his decision will be to remain in his pastorate. Within the past few months he has put in motion a movement which will be most important and novel in the church organization in Grand Haven. Recreational features of a most attractive character will be added within a short time.

As the leader in the local boys movement, also, Mr. Veneklassen, has done more good work among the boys than can ever be estimated. Good clean wholesome leadership, well directed has been of wonderful benefit to the boys of Grand Haven of all church denominations.—Grand Haven Tribune.

Rev. Veneklassen who formerly lived in Zeeland, is a graduate of Hope College and also from New Brunswick Seminary.

He has done remarkable work in oratorical contests at Hope and finally he married a Holland girl in the person of Miss Minnie Schuelke.

To the Voters of Allegan County

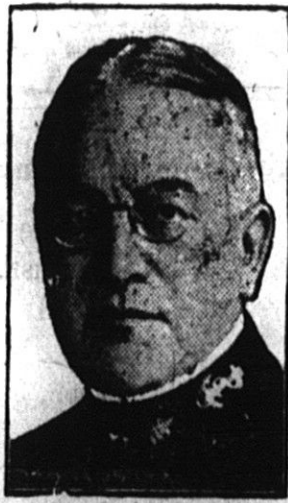

I ask your support for the nomination of Sheriff of this county. And if nominated and elected will promise you a competent and honest administration of this important office.

Being a Hollander by birth and speaking the Holland language would perhaps make it more convenient for people of this part of the county who have business to transact with this office. And my policy has always been and will be if nominated for sheriff and that is, A Square Deal for Everybody.

Yours Respectfully,
J. A. Van Arkel

HAROLD GOLDS TELLS HOW HE WAS SHOT

Harold Golds, son of Mr. and Mrs. A. H. Golds, 56 West 13th Street in a letter to his parents relates an interesting story of how he has been fighting the Boches at the front and how he was wounded while in a very active part of an American sector.

Mr. Golds is a graduate of Holland High school and his star appears in the service flag. The letter from Harold to his parents appears below:

Base Hospital No. 1,
Vichy, France, June 15, 1918

Dear Folks—
You have doubtless read in the casualty list or at least you know now, that I have been wounded. Be calm, nothing serious at all. Just a puncture by a shrapnel ball. Forgive the poetry in the last sentence, I couldn't help it. It shows how badly I'm hurt. The ball went in just behind the right hip and came out four or five inches further back. No bones touched. Just a clean hole in the flesh. I'm doing fine. No pain, only the leg is stiff and rather bad for promenading.

You have doubtless read of where the Marines are doing their bit, so you can tell where I've come from. Believe me that was an interesting part of the country while I was there, and it still is, I guess. Poor Heine and Fritz got some jolts! Several places they left, they didn't even take their clothes and cooking utensils, to say nothing of the machine guns.

Last Wednesday, the 12th was when I got mine. We were in the second line at the time, up in the woods, dug in; three or four in a hole. Along in the afternoon the Germans started shelling a little village in the open out in front of us. And then they worked back and started on our whole line. They had been there awhile themselves, so I guess they had the whole place figured out. Anyway that was a bad place, to say the least. A couple of times I thought it was my turn when the trees and dirt came down on us, and finally my hip felt as if a horse fell on it, and I knew there was something wrong. I rolled in the bottom of that hole and thought bad things about the Kaiser. Meanwhile I tried to wiggle my toes my oh, joy! they wiggled. I guessed they were still there then. At first I didn't realize that any shot went in me. It felt altogether as some one had swung on me with a ball club, and had wrenched and bruised the whole hip. Finally I looked around and saw a hole in my breeches, so I decided there was something wrong. The other two men helped me undo my clothes and lo and behold, two interesting new holes in my hide. The others put on first aid and I waited for a lull and started down a ditch for the first aid station. Everyone who possibly can must get back by himself and some that are pretty well battered up manage to do it. I didn't realize what good care is taken of our wounded until I went thru it. After that first aid in the trench my wound was dressed three times in about an hour and a half. Then we had a long ride back in an ambulance, and the next day we rode down here in one of the U. S. hospital trains. These certainly are classy. Thirty-six stretchers in a car and an operating car and kitchen car and other comforts. At the stops the French R. C. served hot chocolate, and once we even had some cherries.

This used to be a real gay summer resort, but is now somewhat subdued. There is still plenty of life here, tho. I'm in one of the hotels that has been turned over for a hospital and we have regular bath rooms, hot and cold water, etc. You needn't worry about me at all, because I'm not suffering any, and I'm having the time of my life. One sad that arises on the horizon. I'm broke, Oh! woe is me.

For the next couple of weeks add care of Base Hospital No. 1, Bellevue Unit, to the former address. Then you can send it direct to the company again.

With love,
HAROLD.

A SLACKER IS CAUGHT IN THIS CITY

Conrad Burghoff an employee at the Superior Foundry was arrested by Chief of Police Van Ry for being a slacker. Burghoff had made his boasts to fellow employees that he had put one over on the draft board and other government officials and would not have to serve.

At two o'clock this afternoon Burghoff was brought to Justice Robinson's office where Mr. Robinson, Chief Van Ry, and Percy Ray of the A. P. L. put the man through the third degree. At first he denied having done wrong, but when confronted with the affidavits of his fellow employees, he hedged on his statements, and began to cry.

Burghoff had told the draft board that he was thirty-four and also made the same statement to the Benton Harbor draft board where he had been working.

In April he went to Grand Rapids to get his first naturalization papers and there told the judge that he was thirty-four, which brought him beyond the draft age. After considerable grilling the man admitted that he would be 31 in October. In his confession he was considerably mixed up as to dates, and it was figured out that at best the man cannot be over twenty-eight years of age.

The third degree team finally got the man's story, claiming that he did not want to fight. He said that he was born in Petrograd, Russia, and that he was compelled to serve four years and eight months in the Russian army. He said that after he had through serving he did not want to stay in Russia any longer because poor people did not get anything to eat that was worth while. He then went to Germany for a month, sailed for America, went to Philadelphia, and then went to Benton Harbor where he had been for four years working as a moulder. A year ago last April he came to Holland to work for the Superior Foundry and has been working there ever since.

He said that the reason why he evaded the draft was because he was treated like a dog while in the Russian army and he was afraid that it would be the same here. This statement had considerable to do with the leniency of the draft board here. It was decided that Burghoff be put into service immediately, and that he be sent to Camp Custer.

When Burghoff heard of this decision he bubbled over with pleasure because he could have been sent to Ft. Leavenworth, (Kansas) prison for a term of years on at least three counts, but Mr. Robinson, Mr. Ray and Chief Van Ry considered that there might be considerable truth in the statement of his treatment in the Russian army.

INDIAN CEMETERY CITY'S LANDMARK

Muskegon, July 29—The trial of Mrs. Cora Sanasace, charged with slaying her husband, Charles R. Sanasace, a Chicago contractor, in a death struggle on Muskegon streets, will open Monday. It is expected the trial will consume two weeks or more as 50 witnesses will testify.

The case has attracted unusual attention and eighty jurors have been drawn. Mrs. Sanasace came to Muskegon with her husband two days before the tragedy, hoping to find happiness in Michigan with the saloons gone. Sanasace had been drinking and drew a revolver from his pocket while his wife was coaxing him to return to their automobile. The struggle followed and Mrs. Sanasace shot her husband twice. He died a few minutes later at a hospital.

Sanasace was walking with crutches as a result of being run down by an ambulance in Oklahoma a few weeks previous. The coroner's jury exonerated Mrs. Sanasace, but the prosecutor insisted she be held on a charge of first degree murder. Sanasace's sisters will testify for the widow.

GRANDSON OF MR. COTTON KILLED IN ENGLAND

The following dispatch has reached Holland from London:

London, July 26—Malcom Cotton-Brown of Chicago, an American aviation officer, has been killed while flying near Gloucester. He was at a great height when something went wrong with the engine, causing the machine to crash to the ground.

Mr. Brown is the grandson of Arthur B. Cotton of this city and relative to the death of his beloved one Mr. Cotton sends in the following communication.

"In the fortuitous death of my promising Christian grandson, Lieut. Malcom Motton Brown, training near Gloucester, England, with the Royal Flying Corps of Ontario, I see neither ignorance, confusion or overconfidence. Mentally equipped at Harvard and the Boston Tech., he was endowed with unusual self-control and possessed moral courage to the nth degree. Unlike the Boche who is cussedly obedient to his initiative, the cussedness of inanimate things is by no means to be relied upon for harmony with the Eternal."

Arthur B. Cotton.

FAN SURPRISED TO SEE COVERING ON BLEACHERS

Several men have already been mentioned who deserved credit for rejuvenating baseball in Holland and in getting the new Athletic Park started. Other men who deserve considerable credit are George Lage, the 13th street druggist and Bert Vander Poel of the Superior Cigar Company. Both men have done yeoman's work to get the park in shape and to gather extra funds to make this possible.

The bleachers were in poor condition without a covering, and should be called roasters instead of bleachers. These men had carpenters busy at 5 o'clock Saturday morning, and before the game started the roofs were on the bleachers and everything was cleaned up ready for the game.

William Orr, of the Citizens Telephone Co., sent several of his employees to the grounds, and personally supervised the building of a back stop which was all done gratis.

A. E. McClellan of the water and light station is responsible for the drinking fountain and the green grass which he personally sprinkled at odd times, making the park presentable and restful.

There is still room for a lot of help, so don't stand back, but pitch in and see what you can do for Holland's Athletic park.

IT'S YOUR PARK—DO SOME THING FOR IT.

MERCURY DROPS 41 DEGREES HERE

From 94 degrees Sunday to 53 degrees Tuesday is the drop in temperature recorded here during 38 hours, a decrease of more than 1 degree per hour or a total drop of 41 degrees, according to the Grand Rapids weather bureau. Sunday at 2 p. m. the maximum was reached and Tuesday at 4 a. m. the minimum was recorded. On the streets Sunday it was 100 degrees above zero, but the official thermometer on top of the federal building at Grand Rapids recorded 6 degrees lower than the street thermometer. It began to warm up Tuesday morning, the temperature rising to 56 by 8 o'clock, but this was still the coldest July 30 in many years. Sunday pedestrians were coatless and early Tuesday they were wearing overcoats. The decrease in temperature began Monday afternoon.

Mr. and Mrs. L. Knoll and family, Mr. and Mrs. C. Reidsma and family, Mr. and Mrs. G. P. Wyngarden, Mr. and Mrs. Ed DePree, Mr. Tom Elzinga and Mrs. H. Vredevel and baby enjoyed a weenie roast at ennessee beach Monday night.

C. K. HOYT FORMER OTTAWA CO. CLERK DIES AT LANSING

Charles K. Hoyt, chief clerk of the state game and forest department for the past ten years, died at his home at Lansing Monday after an illness of several months. Mr. Hoyt was a member of the legislature from Ottawa county in 1893 and 1895 and later he served two terms as mayor of Grand Haven.

For three terms he served as county clerk of Ottawa county. Mr. Hoyt was well known in Holland as a county officer and also while serving in the game warden department. While a deputy he was instrumental in cleaning up and arresting a great many netters in Black lake and river. He also made several trips to this city when the carp fishing controversy was on some four years ago and aided materially in getting the matter straightened out.

Mr. Hoyt was a life long republican and served several years as secretary of the Ottawa County Republican committee.

COUNTY CLERK ORRIE J. SLUITER DEPARTS FOR DETROIT

County Clerk Orrie J. Sluiter left Saturday noon for Detroit, where he will report for duty as a yeoman in the United States Navy, in which service he enlisted several weeks ago. From Detroit, Mr. Sluiter will probably be sent to the yeoman school at the U. S. navy training station at Great Lakes, Ill. He will take the course there in preparation for ship duty later on.

While the county clerk has been waiting for his orders for several weeks, they came so suddenly Friday, that few of his friends knew of his departure until after he was on his way.

The county clerk's office will be operated as efficiently as ever by the deputies, whom Mr. Sluiter has selected and placed in charge. Miss Anna Van Horsen, deputy clerk, will look after her usual portion of office work and Mrs. Sluiter will also enter the office as a deputy to maintain the business.

George D. Turned, formerly clerk of Ottawa county for many years, and a thoroughly experienced officer, will be in charge of the court and supervisor work connected with the office. Mr. Turner has now an office in the building and will always be available for advice or assistance in the office.

The departure of the county clerk in the service of his country, will cause no change in his candidacy for the re-nomination on the Republican ticket. There is no opposition to his second choice and altho Mr. Sluiter will not be here to assist in any campaign that may arise, his friends insist that he should be returned to the office without question.

DEMS. HAVE OPPOSITION ON PARTY TICKET

BERT SLAGH FILES PETITION FOR COUNTY TREASURER; DE KEYZER ALSO OPPOSED

Socialists Select All Holland Men; Republicans Have Three Contestants for Treasurer

Petitions for County office in the respective parties of Ottawa county have been filed, and it has been found that some of the Democrats will oppose each other at the primaries on August 27.

The Democratic organization had filed petitions for a full democratic county ticket, but after the petitions had been gone over it was found that Bert Slagh of Holland had filed his petition as a candidate for county treasurer against William Hanna of Berlip, and that Richard Bolt of Grand Haven had filed his petition as a candidate for representative of the first district against Cornelius De Keyzer of Holland.

In the republican lineup it is found that only three candidates qualified to run for county treasurer; namely, Maurice Luidens of Olive, John F. Van Anrooy of Grand Haven and John H. Den Herder of Holland.

It seems also that the Republicans filed but one petition for Coroner, this being for William J. Presley of Grand Haven. Dr. Daniel G. Cook failed to file his petition, and if he wishes to run at the republican primaries his name will have to be written in the ballot.

For representative of the first district the only two candidates filing petitions come from Holland, namely G. W. Kooyes, the present representative, and Simon Kleyn. It is understood that Dan F. Pagelsen of Grand Haven would be in the race for this office, but his petitions were not filed, so that there will be only two candidates to vote for.

The socialists apparently think that their party is limited to Holland only and we are not in a position to know if there are any others in the county except in Holland. Anyway every candidate to be placed upon the primary ballot on that ticket will come from this city.

Below is a line-up of the candidates of the different parties:

Socialists
Sheriff—John Bredeweg, Holland.
Treasurer—Harry Exo, Holland.
Register of Deeds—Herbert Aldrich, Holland.
Judge of Probate—Peter J. Koopman, Holland.
Clerk—Cornelius DeWitt, Holland.
Representative, (First District)—Arie Van Doesburg, Holland.
Representative, (Second District)—No candidate named.
Circuit Court Commissioners—Jacob Osterbaan and Edward Bredeweg, Holland.
County Surveyor—Samuel Kroll, Holland.

Democrats
Sheriff—Cornelius Struik, Jamestown.
Prosecutor—Dean S. Face, Coopersville.
Clerk—John Dykema, Holland.
Register of Deeds—Dick J. DePree of Zeeland.

Treasurer—Wm. J. Hanna, Berlin.
Treasurer—Bert Slagh, Holland.
Coroners—H. P. Poppen, Holland.

P. M. Vandenberg, G. Haven.
Circuit Court Commissioners—D. F. Boonstra, Zeeland.
Geo. S. Christman, Spring Lake.

Surveyor—Gerrit J. Hesselberg, Holland.

State Senator—C. E. Misner, G. Haven.

Representative, First District—C. De Keyzer, Holland.
Richard Bolt, Gr. Haven.
Representative, Second District—C. J. DeKoster, Zeeland.

Republicans
Sheriff—Cornelius Dornbos, Holland.
Prosecutor—Fred T. Miles, Holland.
Register of Deeds—Peter J. Rysenga, Grand Haven.

Clerk—Orrie J. Sluiter, Grand Haven.
Treasurer—John F. Van Anrooy, Grand Haven.
Haven, Maurice Luidens, Olive, John Den Herder, Holland.

Drain Commissioner—Barend Kammeraad, Olive.
Surveyor—Emmitt H. Peck, Coopersville.

Representative (First District)—Gerrit W. Kooyes, Holland.
Simon Kleyn, Holland.
Representative (Second District)—H. A. Averill, Polkton.

Coroner—Dr. W. J. Presley, Grand Haven.

Second Coroner did not file petitions, nor did circuit court commissioners. Candidates will have to have friends write their names in ballot to be assured a place on the ticket.

HOLLAND WHITE-WASHES MUSKEGON TEAM SATURDAY

Five Hundred Holland fans were jubilant Saturday when the Holland Independents were victorious over the Muskegon Lindermans to the tune of 15 to 0, the Sunday before and a week thrashed the Billmores by a score of 5 to 0, the Sunday before and a week ago Saturday the Billmores had goose-egged the Holland team. Saturday Holland turned around and whitewashed the team who whitewashed the Billmores, who whitewashed Holland.

The game opened promptly at 3:00 o'clock when Umpire Mersman called time. The first man up to bat was Abe Stephan, he could not get over his bunting proclivities and rolled a little one to shortstop. Shortstop juggled the ball a while and Stephan made all possible speed with extra steam for the first sack. He nearly got there when the first sacker covered the ball and the ump's said "You're out!" and Stephan woke up. Mayor Bosch was the slab artist for Stephan and to show how clever he is, Stephan bunted the first ball that came over the plate. The next man up for bat was Mayor Bosch. He was given an extra long bat so he could make a clean sweep and make good that home run over the back fence. Some wag must have given him a bat with a hole in it, for try as he might he couldn't connect with the illusive curved of old Abe and he was struck out, much to the disgust of Nicodemus and to the delight of the spectators.

After the official game was over the regular one began and is here related by Spriggs Te Roller, our sporting editor:

The game proved to be the best of the season and started out to be a pitcher's battle with Nykamp of Holland opposed to Bomers for Muskegon who twirled for Muskegon in the days of the Michigan State league. Muskegon in their first turn at bat looked very dangerous as Athenback, the first man up layed down a perfect bunt and caught everybody flatfooted. After Campbell the second hitter flew out to Ashley, Athenback was caught at second on a steal. The side was retired on a strikeout and Muskegon's only chance of scoring was gone.

Bomers held the local lads until the fifth inning when all the runs of the game were scored on five hits and a base on balls. In this inning Kramer led off with a clean two-base hit over third and was advanced to third when Jappinga bunted safely down the third base line. Jappinga stole second and Kramer scored when Shaw poked a Tex Leaguer just out of reach of second. Te Roller was walked and bases were full. The fans became hysterical when Waltz slammed a hit down third base line. Jappinga and Shaw scored, Batema struck out but Te Roller and Waltz scored when Ashley drove out his third hit of the game. The side was then retired and this ended the rest of the game. Athenback finished the game in the box for Muskegon and held the locals safe. The game was featured by Nykamp's and held the locals safe. The game twirling holding the Muskegon hard hitters to five scattered blows and Ashley's hitting securing four out 4.

Next Saturday at 3:00 the locals meet the Grand Rapids All Stars. Included in their lineup is Benny Jewell and "Lil" Sager, old Central Leaguers. Cal Wenger and Foster, ex-State leaguers and Aus Barand, all well known to Holland fans. The score:

ANOTHER BIG GAME SATURDAY AT NEW PARK

GRAND RAPIDS ALL STARS TO PLAY HOLLAND INDEPENDENTS

Spring To Roller Gives the Lineup for the Game to Be Played This Week

Another game is scheduled for Saturday afternoon at the new Athletic Park. Spring To Roller in his writup gives the following line-up:

Grand Rapids	Holland
All Stars	Independents
Thomas	c
Barrard	p
Sauer	1b
Jowell	2b
Sager	3b
Oobb	ss
Busch	lf
Wenger	m
Skinner	rf
Harper	Utility

The Grand Rapids All Stars is a newly organized team, and presents a formidable lineup. Barrard is easily the class of semi-pro pitchers in Grand Rapids and has been seen in Holland before. Jewell playing second is an experienced ball player considered to be the best infielder in the Central league some years ago and for part of a season was a member of the St. Louis Americans. Lil Sager at third base is the grand old man of base ball. He spent all of his days with Evansville in the Central league. After leaving the Central he played with Ludington two seasons in the Michigan State League. He is a fine specimen of manhood and proves what keeping in good condition will do for a baseball player. Cal Wenger playing center field, at one time managed Cadillac in the Michigan State league and gave to that town a championship team for two successive seasons.

Holland fans can draw conclusions from the above dope and figure what kind of a game is coming.

Although there will be no band or after dinner speeches a large crowd is anticipated. The game is bound to be full of pep. Game starts at 3:15 sharp.

"Hub" Ingham, formerly a member of the local team and home in a fur-lough will occupy second in Saturday's game.

For many years Muskegon and Ottawa have observed an unwritten rule concerning this office and it is this rule that Mr. Losby contends should be observed now.

EGGS ARE NEXT COMMODITY TO BE REGULATED

Federal Food Administrator Clarkson Rollins of Ottawa county has received orders from George A. Prescott, federal food administrator for Michigan, outlining the restrictions on eggs which are to be forced in Ottawa county. The following information concerning the licensing of dealers will be of interest to dealers and buyers:

Who subject to license:—A retail merchant who buys from a farmer or takes eggs in trade and sells his excess eggs at wholesale or to a jobber or resells them to persons other than consumers is subject to license. Applications for this license upon the prescribed blank should be made at once to the License Division United States Food Administration Washington, D. C.

Who not subject to license:—If the sales are confined strictly to consumers no license is required unless the gross sales of food and feed commodities exceed \$100 per annum. Persons now holding a license covering their dealing in eggs and poultry are not, however, required to make further application for license.

Candling:—All eggs sold by retail dealers other than to consumers must be candled, illustrated as follows:

A retailer when taking in eggs from the producer is not required to candle the eggs when taken in, or is not required to candle the eggs sold to him at retail to the consumer, but before the excess eggs can be sold or delivered to a jobber or wholesaler, they must be candled and a candling certificate placed in each case.

WAR PLANE MAKES A VISIT TO GRAND HAVEN

Grand Haven Tribune—Lieut. Hunter S. Robbins of the U. S. Aviation service, came home Monday morning in a big army airplane from Selfridge field at Mt. Clemens. Lieut. Robbins made the trip across the state with Major Boots of the aviation service, making the distance through the air in an actual running time of three hours and a half, and the two officers were the guests, while in the city, of Lieut. Robbins' parents, Mr. and Mrs. N. Robbins, Franklin and Fifth Sts.

The big plane was brought to a landing on the Country club golf grounds at Spring Lake and hardly had it landed when many motor cars were headed in that direction, loaded with passengers anxious to see the machine at close range.

The officers left Selfridge field Sunday afternoon, stopping over night at the little town of Fowlerville. Monday morning they were in the air bright and early heading directly across the state for Grand Haven. They passed directly over Grand Rapids, passing at a considerable height without landing. Coming to Grand Haven from a quarter a little southeast, the plane was first discovered in this city at a great height.

Many persons not versed in the distinguishing marks of the flying planes, saw the machine high in the clouds and believed it to be the Judson hydro air plane flying at an unusual height. Those who watched were rewarded by seeing a performance which could never be attempted by a big hydro. The strange plane in descending for its landing, looped and spun down through space in a manner which made the hearts of the watchers fairly stop. Stunts which are nothing in the big army school of aviation, were certainly an innovation to the watchers in this city Monday morning. After each loop and spin the plane always righted itself and glided along smoothly. The plane slid down through the air just above the country club, making a fine landing on the country club golf course where it was made fast and snug and roped off to prevent too close an approach by the increasing crowds of spectators.

The machine which attracted so much attention is one of the fine observation machines, which is used in the service. It recently completed a trip to Pittsburgh and back to the flying field in excellent time.

The interest in the arrival of the army plane was increased by the fact that Mr. Robbins, a Grand Haven soldier, was an occupant. Lieut. Robbins is stationed at Selfridge field and has been in a number of flights over the field and a number of cities in the state.

OTTAWA COUNTY MAKES GOOD SHOWING IN W. S. S.

HOLLAND'S RECENT BOOST HAS HELPED SHOWING EXCEEDINGLY.

Kent and Allegan Counties Are Far Behind on Their Stamp Subscriptions

Latest official reports show that western Michigan is determined to make a good showing in the War Stamp campaign and it appears probable that before the close of the year each county will have met its quota.

Barry, Branch and Ionia counties have already attained the desired goal. Barry did especially well, surpassing its quota with \$73,600.

In addition nine counties have passed the halfway mark. They are Mecosta, Mancelm, Eaton, Muskegon, Ottawa, Cass, St. Joseph, Van Buren and Berrien.

Oceana, Newaygo, Kent, Calhoun, Allegan and Kalamazoo counties have met with less success. Kent county has reached about thirty per cent of its quota.

Ottawa county's quota is \$870,220. Thus far this county has subscribed \$556,000, leaving a balance to be subscribed of \$314,220 before New Year's.

Allegan county's quota is \$610,650; subscribed \$238,000, remaining \$372,650. Kent county's quota is \$4,134,110, thus far subscribed \$1,139,250.60. Still to be subscribed, \$2,994,859.40.

Muskegon county's quota is \$760,960; already subscribed \$500,000; still to be subscribed \$260,960.

Ottawa county's showing, no doubt received an added boost when \$145,000 had been subscribed by the drafted men at the Knickerbocker theater. These figures included the pledges received afterwards as a result of that meeting.

LEAVES REFORMED FOR THE CHRISTIAN REFORMED CHURCH

From the following item clipped from the Banner, a Christian Reformed publication of Grand Rapids, we infer that a former Reformed church preacher has gone over to the Christian Reformed denomination.

The Banner:—The Franklin-st. church rejoiced greatly last Sabbath, when it heard the good news that the Rev. A. W. De Jonge of the Seventh Reformed church of this city had accepted its call. Bro. De Jonge is a very strong preacher, with a fine record of successful pastorates. Born in 1868 at Appington, Netherlands, he studied for teacher in the Christian Schools of his native land and came to the U. S. as "hoofdonderwijzer," or principal, taking a position in the Oakdale Park Chr. School.

1898 he graduated from the Western Seminary at Holland, Michigan and served successively in the Fourth Reformed church of Holland, the Third church of Grand Rapids, the First church of Hull, Iowa, and now since several years the Seventh Reformed church of this city. No doubt it involved a hard struggle for him to cut loose from a denomination in which he served so long and acceptably. But his heart ever and anon drew him to the Church in which he was reared. Its distinguishing principles were dear to him and heartily embraced. Consequently, when providential leadings opened the way for him to the Franklin St. pulpit, he decided to take the steps mentioned above.

EDWIN PARKER STRUCK BY CAR; ESCAPES DEATH

Grand Haven Tribune—Crossing Savidge Avenue at Buchanan street in Spring Lake Saturday evening at shortly after six o'clock in his Overland car, Edwin Parker was struck by a west-bound interurban car, narrowly escaping death. Mr. Parker left his garage to drive to Grand Haven and crossed Savidge avenue, just as the Highland Park limited came through.

Almost before anyone realized what had happened the automobile was hit by an electric car, and turned clear around on the track. The interurban was brought to a stop within a short distance of the accident, and all assistance possible was hurriedly rendered.

Almost through a miracle Mr. Parker was not thrown out of the car, and he was soon extricated from the ruins of his automobile, in a very dazed condition.

To all appearances at first, he had suffered very severe injuries, and the report spread immediately that he had been instantly killed. He was removed to his home, however, and upon examination Dr. Mulder found the injuries not to be as dangerous as at first supposed. One hand, one shoulder and his head all received painful wounds, but last reports Wednesday the injured man was not believed to be in a serious condition.

A heavy bed quilt seems a poor thing to rattle when the mercury is trying to break out the top of the thermometer, but young women of Richfield Center, Mich., managed it and collected \$100 for the Red Cross. The quilt was sold for \$34 and the rest of the money was obtained by charging other bidders 10 cents each for having their names inscribed on blocks of the quilt.

DETROIT PAPER HAS ARTICLE ON HOLLAND ARTIST

VETERAN STATE ARTIST, STILL PAINTING AT 88, FINDS NO COMPENSATION

Is a Sockless Man and Was Once a Prosperous Painter.

The Detroit News-Tribune gives the following article on Joseph Warner, Holland's local painter. The article also contains a cut of the veteran artist.

News-Tribune—Looking a good deal like Walt Whitman, with kindly eyes shining from a wilderness of white beard, his heart given during a long lifetime to the cause of art and finding at 88 years of age that there is "no money in it," whatever other rewards there may be, is the history of one of western Michigan's most interesting characters who, for two decades has made his home in Holland.

Joseph Warner is a veteran landscape painter, the only professional artist this city claims. On his next birthday he will be 88 years old, but he still paints landscapes nearly every day of the year. His hand trembles a little when he is merely doing non-artistic work, but it regains its old steadiness and a good deal of cunning as soon as he takes up the brush to put on canvas one of the numerous scenes from the surrounding country with its many beautiful lakes and river.

Work in Many Homes

There are literally hundreds of the homes in Holland that have one or more of Warner paintings. While no genius is claimed for the Holland artist, his best work in landscape is considered by many very good work and even today, when he has long since passed the age when most painters do their best work, Mr. Warner is still showing considerable skill with occasional flashes or something like inspiration.

Put like many another artist who does not happen to have caught the attention of the general public, Mr. Warner has found that there is no money in it for him. He has never had the knack of advertising himself or his pictures, his whole attention being given to practice.

Once Did Portraits

Like many other members of the family of the "great and the near great," the Holland artist has his eccentricities. It is said of him, and generally believed in his native city, that the fact has never been definitely verified, that he has never worn stockings. Why he has this antipathy has never been explained. He has a number of other peculiarities which in an artist of wider fame, would be looked upon as the "eccentricities of genius," but which, in the case of Mr. Warner, are merely designated by the prosaic word "peculiarities."

Mr. Warner had his day of prosperity. That was before he came to Holland to make this city his home. It was more than twenty years ago, when portrait painting was still a profitable business for the general practitioner of that art. He plied that art in Chicago. But then came the rapid development of photography, and that put a damper on the local man's business.

Undaunted, he started all over again. Although he was nearly 68 years old at the time, he determined to learn what for him was a new art, landscape painting. He had never before that time painted a landscape professionally although it had given him some little amusement. In order to be in position to practice he came to the lake region of western Michigan to sketch its natural beauties and to preserve the scenes in oils.

He has, during the past 20 years, painted hundreds of pictures. A large number of these have been sold to the residents of Holland, but the prices have necessarily been low. Frequently Mr. Warner gives an exhibit of his work for the benefit of the public, but his public has always been too limited for marked financial success.

That the Holland painter has some business ability in spite of his artistic temperament was shown a few years ago when he conceived the notion of painting landscapes on lunch plates and selling them as souvenirs. For a time he did a good business in this line, but the market was, of course, also limited.

The city of Holland has officially honored her painter by purchasing two large canvases of Macatawa bay and hanging them, beautifully framed, in the council chamber.

Mr. Warner was born in England. At the age of two he came to America and he has never been back to the land of his birth. Part of his life was spent in Canada.

Wheat, per bushel..... .06

Rye, per bushel..... .07

Setting Job.....\$6.00

Scarcity of Seeds Is Predicted; Red Rock Wheat, Rosen Rye and Winter Barley Are in Great demand.

The high yields and good quality shown by the Michigan varieties of pedigreed grains are produced unusual seed demands for this fall planting. The work of field inspection of these new grains has just been finished with oats following wheat and rye under the direction of Mr. Jesse Pickett of Oaledonia, the originator of Pickett's Yellow Dent Corn, and also Mr. E. H. Sprose of Lansing working through the office of county agricultural agent D. L. Hagerman.

About forty farmers of the county have produced grain of high enough quality and sufficiently free from the weeds and impurities to entitle them to certification. These men having one or all of the Collega varieties will insure a fair supply of high quality seed to the county.

Red Rock Wheat and Rosen Rye are being sought especially by many of the farmers outside the State and already calls for three car lot shipments are on file in the office of the county agricultural agent.

In order to provide for the unusual demand of these grain arrangements are being made whereby this seed will be distributed through the local dealers as well as being bought directly from the farmers. At present all interested in securing information or the purchase of seed may write directly to Mr. Hagerman and receive information in regard to the nearest supply.

CHICAGO TRIBUNE SAY HARD WINTER IS ON THE WAY

AMERICAN HOMES WILL FEEL THE WAR EFFECT IS STATED

In the Chicago Tribune of Wednesday appeared the following editorial sounding a note of warning that can be heeded for the coming winter:—

The preliminary warning from the fuel administration has a meaning for American families which is entirely aside from all questions relating to the efficiency of the food control. The administration did not conduct itself so well last year as to warrant an implicit belief in its infallibility this year, but we do know whatever it does not do for the development and protection of the country's fuel supply, the consequences will have to be carried by the consumers.

We further can see that these consequences will be unpleasant. The nation is heading into a hard winter. The war is just about around the corner from the American home at the present minute and in a month or so it will be sitting on the doorstep.

Our immunity is a thing of the past and our fate is to be intimate to unpleasantness for duration. Americans

Michigan's Gift to the Nation

"Tis true, Michigan never fell short in her duties to the country at large. A big state always coming through in a big way. But now there comes still another opportunity. This year we elect senators—representatives of ours—to protect our rights and those of the country at large.

We must send to the senate men who are real Americans and who will uphold American ideals to the uttermost.

We have such a man in Truman H. Newberry who has in the past and is now serving his country in a big way. His past experience wonderfully fits him for this important position.

He's a fighter from the word go. A man of iron will, energetic and not to be bullied or coerced. Firm in his convictions and positive in his determination. His stand for the right has long been the topic of men who know. He is the people's man and Michigan's gift to the nation.

REED OF GAZETTE BRINGS QUILTS INTO POLITICS

Edwy. Reed, the peppery editor of the Allegan Gazette is taking a fling at the democrats of that town, in which a quilt, the Red Cross, the president's autograph and the tight purse strings of some democrats enter. The item is rather amusing considering the ludicrous combination of circumstances.

We are sure Holland's democrats are not that way, past demonstrations have shown that. Just try the quilt over here and we will show you some loyal democrats, and republicans too, for that matter—we will show you a loyal citizenship. Anyway here it is:

Allegan Gazette—It transpires that when Mr. Sequist's shawl was sold at auction for benefit of the Red Cross he was by proxy the only bidder for it except one other person. He told Mr. Johnson, his brother-in-law, to bid the shawl up to at least forty dollars, as he did not care to see it sold for less.

When it was sold to Mr. Johnson for thirty-seven dollars, Mr. Sequist sent his check to the Red Cross in settlement, intending that the shawl should be offered again at some time and bring its worth. It is an interesting fact that the garment bears the autograph of President Wilson, not a single Democrat tried to buy. The only bidders were two republicans. What is the matter? Are our Democratic friends who regard Republicans with care, to make sure they are all patriotic, really lacking in that attribute themselves? Is their almost edification of the president mere camouflage when it comes to putting up their money? Are they as devoted to the Red Cross and like war activities as they pretend to be? It is barely possible, of course, that they had on this occasion an over-dedicated feeling against forcing their Republican friends to pay too high a price for their patriotism, but an impression to the contrary is generally prevalent. Anyhow, they were that evening seeing to make the world safe for democracy by their silence. The world is not quite so well off but Wilsonites saved their money and saving is nearly always worth while.

TROUBLES OF A MERCHANT; HOW TO STOP THEM

One of the best things along educational lines that has come to our notice recently, and which has secured a great deal of commendable publicity from newspapers and letters of endorsement from business organizations in the largest cities, is the lecture and moving pictures on Retail Merchandising that is being sent out by The National Cash Register Co., of Dayton, Ohio. Our Retail Committee of the Chamber of Commerce has been able to secure this entertainment for the benefit of merchants and clerks of Holland and will be presented at The Knickerbocker Wednesday evening, August 7 at eight o'clock.

The title of the pictures is "The Trouble of a Merchant and How to Stop Them." The feature film was made by the Essanay Company, at a great expense, and is pronounced one of the cleverest pieces of work ever produced covered retail merchandising.

The wideawake business man today is eager to keep pace with the latest ideas of storekeeping and better ideas in merchandising and these pictures and lecture come to our city at an opportune time. The lecture covers: Retail failures—their causes; store organization newspaper advertising; window display; clerks' efficiency; selling methods; credit business; delivery problems, and system in retail business.

Any one of these subjects would be of great interest to the merchants and clerks and the one in particular which should receive favorable consideration from the business man of Holland today is the value of newspaper advertising—judiciously and constantly used. The lecturer will give some useful hints along these lines, as well as other phases of efficiency methods that will be helpful to the merchant and clerk.

There will also be a humorous cartoon and altogether the program will be one of the most pleasing entertainments ever offered to our business men. There will be no charge for admission.

VOGEL'S MINSTRELS GREAT SUCCESS

A fair-sized house greeted Vogel's Minstrels at the Knickerbocker Tuesday evening and the audience present was very much pleased at the clean show that was given.

The frog scene in which a contortionist comes from a pond beautifully depicted in scenery with fire flies flying and dawn peeping through the trees, with hooting owls and the buzzing of the swamp denizens made one think of being on the edge of a great frog pond. The electrical effect in which the scene was slowly transformed from night into dawn was very cleverly executed.

This is only one of twenty-five numbers appearing on the program.

The show will be repeated Saturday afternoon for the children at 25c and also Saturday night at the regular price of admission.

If you have not seen the Vogel's minstrels, you have missed a good show.

What a Wonderful People Writes Wounded Belgian of Yankees in Paris

A St. Louis woman, spending the summer at Highland Park, Grand Haven, has recently received letters from a wounded Belgian soldier in the military hospital in Paris, which reflects the admiration of the Belgians for America and American methods.

"What a wonderful people you are," writes the wounded soldier of heroic Belgium who after four years of suffering and anxiety and real sorrow, to say nothing of the wounds he has received in the service of his country, rises up to shout the praises of the great republic which has come to right those wrongs. This Belgian soldier will fight no more on the firing line against the invaders of his country but his spirit is the spirit of awakened hope, aroused by the arrival of the thousands of khaki-clad men of America, with their remarkable organization and their tremendous atmosphere of determination and confidence. A portion of his letter follows:

"I take the first opportunity to thank you for the check for 57 francs which you were so kind as to order turned over to me, and which I received a few days past. I would like to convey you, with my best thanks, the certainty that it all will be put to good use, because I frankly acknowledge that lots of little things one requires were very much the worse for wear if they did not disappear altogether. But thanks to you and your friends I shall soon be trim again. There are many little odds and ends that in civil life we considered as a part of, but that we have found nearly out of our reach. I mean financial reach.

"You will understand the matter better, perhaps, but this one simple fact. Let us suppose that one requires a simple tooth brush. Our weekly salary in hospital is 1 franc 25c or about 25c a week. The price of a good tooth brush is nearly two francs at present—conclusion, nearly two weeks' salary to each tooth brush. You will thus easily understand what life has meant to most of us for the past few years. Our thanks will never be too often repeated for the things you have done for us. Is there anything I can do in return for all you have done?

"I am looking forward to the day of my release and I hope to be successful in being kept at this hospital instead of being sent to one of the other camps as I have been sent from pillar to post so often that I will be glad to be kept in the one or the other place permanently especially that I am finished for armed service.

"I am sure if you happened to walk around Paris at present that you would be ready to think yourself in America than in old Europe as it is full of soldiers over here. I don't know where they come from but every day we see more of them and it is wonderful to watch the businesslike manner in which they do everything.

ADULT BIBLE CLASSES ENJOY ANNUAL OUTING

Notwithstanding the strong wind that was blowing and the chilly atmosphere fully 100 members of the Men's and Women's Adult Bible Classes of the First Reformed church enjoyed an outing on the beach at Macatawa Monday evening, going thither and returning on Mr. Bender's fine boats. "A few made use of their autos.

Immediately upon arriving a large fire was made around which everybody gathered for conversation and games. Rumor has it that some of the consistency members and their good wives were leaders in all kinds of sports. The refreshment committee was on hand with a goodly supply of hot coffee, fresh buns and real juicy wienies which everybody roasted for themselves in accordance with their own approved style—black or otherwise. All told, it was an enjoyable evening, one long to be remembered. The classes have done remarkably well during the summer in keeping up their attendance, even on such a sweltering Sunday as the last.

Mr. and Mrs. Cecil Huntley and daughter Miss Julia visited friends in Grand Rapids Thursday.

CARS RUN IN UNION DEPOT BY AUGUST 15

In line with its policy of pooling facilities, the government of the United States, which is now operating all the important railroads of the country, may within a few days combine the Grand Trunk and the Pere Marquette railroad businesses in this city.

In the event of this happening, and there is no doubt but that it will be the intention of the government to handle all of the railroad business in Grand Haven from the depot and the freight yards of the Grand Trunk terminal here. The Pere Marquette depot will undoubtedly be closed and all the passenger and freight business of that line will be cared for from the downtown station of the Grand Trunk. This will make the Grand Trunk a union station.

Trains from the north and south over the Pere Marquette will be switched around the city to Grand Trunk station and passengers will be landed downtown at Grand Haven. All the P. M. freight business will also be handled from the Grand Trunk and the Grand Trunk switch and yard engines will look after the cars for local factories formerly handled by the Pere Marquette.

The pooling of freight and passenger facilities has been the policy of the government since the roads of the country passed into federal control. Economy of operation and quicker, better service are the ends aimed for.

It is likely too, that within a few days the big carferries of Lake Michigan will be operated the same way. In that event the Grand Trunk, the Pere Marquette and the Ann Arbor ferries will have their interest pooled and will be sent to the ports affording the best facilities and the shortest routes. Grand Haven as a terminal of the Grand Trunk line offer the shortest and best route to the seaboard and when the carferry pool goes into effect Grand Haven will undoubtedly have as regular caller of some of the big ships of the other lines.

It is believed that all of these big government pooling moves will spell big things for Grand Haven and that that city and port will become more important under the new order of things.

Grand Haven's dream of a union station will be realized when the Pere Marquette trains from Chicago and the north begin running into the downtown station of the Grand Trunk.

HOLLAND GETS CHECK FROM VANDER VEEN

The bondsmen of Harry Vander Veen in the person of S. A. Mormon, sent City Attorney Charles H. Mc Bride a check today for \$2137.50 to reimburse the city for a bungling job of paying on Central avenue that has been contested in the court for the last few years.

The city officials are exceedingly pleased that this long looked for settlement has been forthcoming. At the last meeting of the common council the proposed settlement offered by the Bondsmen of Mr. Vander Veen was gone over thoroughly and it was found that the city was getting the best possible settlement that it could get and was paid in full according to a former agreement in which the city assumed the responsibility of repaving Central avenue and charging the difference to Harry Vander Veen. Prior to this suit in court brought a judgment of \$1437.00 in favor of the city and the amount of \$2137.50 is in payment for that judgment and for resurfacing of Central avenue. Now Holland is through with Harry Vander Veen.

Grand Rapids it seems had a similar case and of the same age as Holland as the following item from the Grand Rapids Herald indicates:

"The commission Thursday evening approved the proposed settlement with Harry Vander Veen, the contractor who built the Eastern Avenue pavement between Wealthy and Franklin streets, and his bondsmen for breach of contract upon the payment of \$600 together with \$800 which the city held back from the contractor.

The superior court action brought by the city against the contractor and his bondsmen was to have been heard the first of the week, but was postponed and the deposition of W. S. Moore, former city engineer, was taken Wednesday. Then the defendants made the tender for settlement."

Many Reformed Churches In Grand Rapids Are In Need of Pastors

The vacant churches in Grand Rapids are putting forth efforts to secure pastors. The Fifth church has called Rev. A. De Young of Coopersville; the Eighth church has extended a call to Rev. G. Menning, of Westfield, North Dakota, and the Third Church has invited Rev. N. Boer of Forest Grove to become its pastor. The Ninth Church is seeking the services of Rev. O. Dropers of Byron Center. Within the last few months many changes have taken place.

HOLLAND SHOE EMPLOYEES HAVE A FINE TIME

One of the most successful picnics pulled off in this city was the one given by the Holland Shoe Company to its employees. More than six hundred men and women from the different departments, and their families, if they possessed one, took special interurban cars to Jenison Park, taking their lunch baskets with them.

The Holland Shoe Company paid the transportation, the ice-cream, coffee and cracker-jack, besides footing the expenses incurred for sports. There was amusement for old and young alike, even down to fishing ponds for the children, in which many prizes were won by the juveniles.

One can get some conception of the array of sports, by reading over the following program containing the prize and prize winners.

Peanut Scramble, girls under 12, Mary Dean, prize, 50c.

Cracker Eating Contest, boys under 12, Cornelius Mieras, prize, 50c.

play for World's Championship at 3:30 o'clock p. m., prize \$5.00. In the final

ball game between Lasting and Making

room teams, the Making room team

won by score of 4 to 3.

Running race for small boys, prize

Merton Vandenberg.

Running race for small girls, prize

50c donated by Ed Moore, won by Ce-

vila Kuite.

8 years, 100 toys and \$5 in cash, donated

by Mr. Whelan and Shoe Co. sales-

men.

A drawing contest given by Mr.

Frundt for the girls in the fitting

room; 1st prize \$2 won by Hattie

Wassing; 2nd prize \$1 won by Grace

Rezema.

The whole picnic was pulled off with-

out an accident to mar the day of

pleasure. The program stated, "Look

out for your behavior, for we have a

policeman on the job." It seems that

the policeman did find some obstreper-

ous ones and hauled them before Judge

Rasbooshsky, whoever that distinguished

personage may be and he fined them

fines totalling to \$15 which was ad-

ded to the Red Cross penny box now in-

stalled in the factory.

The court session was held from

1:30 to 2, showing that this judge is

one of quick action and patriotic in-

deed. The days outing is one long to

be remembered.

FREIGHT CREDIT REMOVED

TO MANUFACTURERS

Commencing July 31 all credits which

manufacturers and the big shippers

have enjoyed in the shipping of their

freight will be removed. All freight

bills will then have to be settled for

at once and the old policy of extending

a month's credit to the manufacturing

institutions will be discontinued.

This will be a great hardship to

many small institutions who generally

had their goods turned into cash before

the freight bills came due. This of

course will strike every Holland manu-

facturer.

LOCAL NEWS

Peter Van Kolken was in Grand Rapids Wednesday.

Chester Beach of the Bush & Lane Piano Co. was in Grand Rapids on business yesterday.

John Ter Beek, Jr., took the interurban for Grand Rapids yesterday morning.

Charles H. McBride and family moved to Owosso and will be the guests of Mr. and Mrs. Cadwallader over the week end.

The Mothers' Council will meet Friday, August 2 in Trinity church parlors. Mrs. Dutton will speak on the subject "Morality-Religion and their Differences."

H. R. Doesburg, local druggist, was bound over to Circuit court at the hearing in Justice Kooyers' courts yesterday afternoon. Mr. Doesburg was arrested upon a warrant alleging the giving away of liquor to Samuel Meeuwse, as set forth in an affidavit signed by the patrolman.

George C. Van Duren, son of Mrs. G. J. Van Duren, head of Red Cross work in Holland, arrived safely in France. Mrs. Van Duren received a card Wednesday morning from her son announcing his safe arrival. Mr. Van Duren is sergeant of Regimental Supplies for Regimental supplies for railroad engineers and bridge builders. He enlisted in the service at Ft. Benjamin Harrison, Indiana, eight weeks ago and four weeks ago he was sent across. The Holland sergeant is an accountant of no mean ability and this fact also had much to do with his being hurried to France.

Miss Minnie DeFeyer has returned from Chicago where she has spent the year in voice study and postgraduate work. She will receive the degree of Master of Arts from the University of Chicago at the August convocation.

The Woman's Christian Temperance Union will hold its thirty-ninth annual convention at Lamont, Ottawa Co., Michigan in the M. E. church of that place. Special music and a list of prominent speakers will be features of the convention. The keynote will be loyalty, while one of the sessions will be devoted to the subject of patriotism. Several prominent Christian Temperance Union Workers of Holland are making preparations to attend this convention. Mrs. R. N. DeMerrell is corresponding secretary for Ottawa county. Mrs. Chas. E. Dutton and Mrs. George Albers of Holland will be on the program as speaker. Mrs. Henry Van Ark, of Holland, will put on a playlet entitled "Columbia" which is of a patriotic nature.

INSURANCE MEN HERE TO READJUST RATES

INSPECTORS SAY IS NOT DONE TO RAISE RATES

James P. Reagan of Grand Rapids and H. J. Johnson of Chicago are in the city and will remain here for the next six weeks readjusting insurance rates on several of the business blocks in the city.

When questioned by a representative of this paper they said that a wholesale raising of rates was not to take place but that changes had been made in different buildings and that certain classes of business had moved from one place to another and for that reason changes were requested and had to be made on those properties.

They said, however, that a readjustment of rates was liable to take place in the near future.

The representative of this paper then pointed out the very nominal fire loss that Holland had had for the last fifteen years, and also told them of the latest fire fighting equipment that had been added to the city's fire departments recently, which should assure a lower rate.

Inspectors made no comment, however relative to this phase of the adjustment.

RED CROSS NOW MAKES THINGS FOR REFUGEES

HEAR FROM FRANCE AND ITALY THAT THEY HAVE BEEN WELL CARED FOR

A letter from Red Cross headquarters gives the information that France and Italy have been supplied in every respect with everything needed in Red Cross necessities for their army and their hospitals. Everything has been supplied in the minutest detail, and even more than have been asked for has been received.

This does not say that work must halt, but in Holland especially the Red Cross has been temporarily put to making garments for the refugees of Belgium and other war-ridden allied countries.

A large box was shipped yesterday containing 15 large quilts, 27 small quilts, an three hand-made afghans.

GIPSYs GIVE POLICE

THE SLIP IN AN AUTO

"Where are they?" panted Chief of Police Patterson of Owosso, Mich., who with a squad of deputies, had started

to run down a band of Gipsies for asking alms on the street in defiance of his warning. A man pointed down the road to a prosperous-looking automobile carrying the Gipsy band, whose members waved farewell to the officer as their car sped away.

Joseph Winters and Roy Bryant say they are unfamiliar with the taste of beer. Before this discovery was made the men were employed by the city of Flint as local option detectives. When the startling information was conveyed to Justice Landon, he dismissed from court 14 cases of alleged liquor law violators, brought on complaint of the detectives.

A TRUE FISH STORY AND A FAKE STORY

ALLEGAN MAN MEETS UP WITH SOCIALIST FISH

Here is a true and a fake fish story clipped from the Allegan Gazette. Or are they both true.

"They still catch big muskellonges in Gun lake, Allegan county, as they used to do sixty years ago. Some of them have been growing since those days when the Englands and Reid and

Mason and others use to frequently get them. At least the Mattison family still hook them occasionally. Recently Wayne Mattison caught one (they troll for them) that weighed 34 pounds and seven ounces. For this story Mr. Ethel Stone of Allegan vouches, for he saw the big fish, saw it weighed, and had so much faith in the scales that he afterwards bought sugar weighed on them. So much for ascertained fact. For the following tale we have not quite so good proof, but it sounds well. Either Mr. Mattison or some other fellow was fishing for blue gills in the same lake, and as he drew one out of the water a muskellonge leaped into the air, grabbed the bluegill and cut it in two, taking one share to himself and leaving the other to the angler, which was undeniably fair to both."—Allegan Gazette. Must have been a stray socialist fish. They are unlike the German carp who would have taken bluegill, pole and all.
