Seals, Sturgeon, Sea Serpent Or Whale-What?

MANY FOLK SEE MANY
MONSTERS OF THE DEEP

Dutch Vander Schel and a party of friends, while sailing in the barge "ark," not far from Virginia Park, is sure he saw a seal in fact he will swear to it, as will Alderman Ben Steffens, one of the party. Therefore, for truth and veracity, the story cannot be doubted.

Mr. Vander Schel, who was in the lookout at 8 bells, says, "aye, aye, sir, it's a seal, and the blow!" The seal was rediscovered in Black Lake or Lake Macatawa at Chippewa Point across from the old Harrington landing, which, by the way, is the deepest part of the lake. Well, Dutch didn't have his harpoon ready and the seal didn't wait. Mr. Vander Schel says the story of Dutch is all booby for he also was at Chippewa beach and what he did see in the shallows of that spot was a large 200-pound black sturgeon, "saw-back" and all. He first thought it was a shark, but since the sharks, at least the ones with fins and tails, are thousands of miles away, he pronounced the large object in the water a sturgeon. The sturgeon is absolutely protected by federal law and apparently the sturgeon was wise to this for he kept leisurely working his gills as fish have a habit of doing.

Jake N. Liveness, secretary of the Holland Game club, says he also saw an object in the water that looked like a seal, so that's two strikes for Dutch. Vander and Klomp went to the Holland fish ponds the other day and saw several seals and would you believe it, they were right in the middle of the pond throwing rubber balls from nose to nose? The two Holland fishermen were so surprised that they were almost stunned, however when the seals clapped their fins in applause Klomp and Vander woke up and the fur demons of the arctic keeled over backwards and disappeared in the pool not to reappear again.

About four months ago the Sewer Brothers, carp fishermen of Saugatuck, saw a seal following their boat for several miles until they entered Saugatuck harbor. Being fisher folk, they are positive that it was a seal.

Now here comes a dispatch from Gary, Indiana, which speaks for itself:

"John—no longer is a 'inventive swimming creature' which has been flapping about the shores of Lake Michigan frightening swimmers lately.

"John—no or Mary—was actually seen today by Harold Kees, a civilian employee of the United States engineer's office. The engineer, who has heard about folks who doubt stories of this nature, took no chances. He brought back photographic evidence that the monster is a seal lion.

Authorities said the animal unquestionably was in the wrong bath for the seal lion inhabits the northern Pacific ocean. Another species is found on both coasts of South America.

"That it was a seal lion was revealed by its large size and the presence of two external ears. Real dived-in-the-fur seals have ears with no visible flaps. The seal lion, smaller in size, is a distant kin to the seal lion, but the hairy pelt of the seal lion is worth less for fur coats, authorities said.

"Whence came this lion remained a mystery, but the best guess was that he, or she, was a fugitive from a menagerie or zoo, although none here or in Chicago were reported missing.

"Keys caught the lion taking a snooze on a float about a mile off shore. After he had taken one picture, however, the lion snarled into the camera lens, flipped a haughty tail and slipped into the water."

All harbors are claiming the seal. South Haven, Saugatuck, Holland and Muskegon. Now the epidemic has got as far as Gary, but since a seal can swim at least 25 miles an hour, it could make the rounds of all ports in a mighty short time, it wouldn't even have to slow up because of fog.

But again we have our doubting Thomases, that man who sits like an owl on the other side of the Chamber of Commerce desk. He calls it a publicity stunt and holds that seals are only found in the Bering sea and a few might be perched on top of the north pole. He claims they were never seen on the south pole, for since the pole is too side down they might fall off. They call him "Concreb" Connelly—why not "Solid Ivory"?

HOLLAND BLACKSMITH SHOP CLOSES DOORS

Holland's pioneer blacksmith shop has run its course. Operations recently were suspended and the doors closed. The business was launched some 50 years ago by E. Lansing and son, the latter continuing when his father died. Lansing retired a few years ago and was succeeded by John Kapenga, who

Mrs. Henry Alderink, 18 West Sixth street, and daughter, Mrs. Harry Greenwood, are in Chicago visiting Miss Abie Alderink, who is attending the Moody Bible school.

Application for a permit to place a new foundation under her front porch at an estimated cost of \$25, has been filed by Mrs. Tena Heffron, 148 West Seventh street.

Mr. and Mrs. Jacob Fris and children are on a trip to northern Michigan and Sault Ste. Marie. No more books or papers for Jake for a while.

Mrs. G. J. Dickema will spend two weeks in Chicago as the guest of Mr. and Mrs. J. H. Rodgers and Mr. and Mrs. J. M. Rodgers.

SPRING LAKE YACHT CLUB TO ENTERTAIN 500

The Spring Lake Yacht club is making plans to entertain 500 guests at the fifth annual regatta of the West Michigan Yachting association on August 2, 3 and 4. Large delegations are expected from Muskegon, Holland, Torch Lake, White Lake and Grand Rapids. Sailing races will be held in class B, class C, marconi rig and gaff rig, and the regatta races will be held in the morning and the afternoon and trophies are to be awarded Sunday afternoon following the final races.

Taxpayers Can Make Saving By Paying In Full

WOULD SAVE \$18 ON \$100;
CAN PAY DELINQUENT
TAXES ON TEN-YEAR PLAN

A saving of from 4 to 45 per cent interest will be made to the taxpayers of Michigan by paying all of 1932 and prior taxes before September 1, 1935, without penalty or interest. This announcement is being sent throughout the county of Ottawa by Treasurer John H. Den Herder, in an effort to draw the attention of taxpayers to this important matter.

Under the "ten-year installment plan" (Moore-Holbeck bill), the 1932 and prior taxes are under one total which is to be divided into ten equal installments.

The first installment is due before Sept. 1, 1935, and the second installment is due before Sept. 1, 1936. All other installments are due Sept. 1 of each year until all ten installments are paid. Interest at the rate of 4 per cent per annum will be added to all installments from Sept. 1, 1935, until the date of payment, provided the installment is paid before the due date of that installment or installments.

Back taxes for the years 1933 and 1934 can be paid before Nov. 1, 1935, with collection fee of 4 per cent on the amount of the tax, and the regular rate of interest on all special assessments. This is in accordance with section 6 of act 126, Public Acts of 1933.

A chart showing the interest rate on 1932, and prior taxes, if installments are paid before due date, will be found in an advertisement on page 2, section 2. For purposes of illustration an original total tax of \$100 has been used as the basis of figuring payments and charges.

Any installment not paid by Sept. 1 of the year it is due, is considered delinquent and interest of three-fourths of 1 per cent per month and 4 per cent per annum will be added to the amount due Sept. 1. This interest is to run from Sept. 1 until the property is put up for sale in May of the following year.

It would be well for taxpayers to turn to that page in this issue of the Holland City News and become informed.

TO HOLD OPEN HOUSE FOR MISS TENA HOLBECK TUESDAY, AUGUST 6

Mrs. Anna Holbecker of 34 East Fifteenth street, will hold open house Tuesday afternoon and evening for her daughter, Miss Tena Holbecker, missionary to China since 1920, and who has spent the past year on furlough here.

Miss Holbecker has put in a very busy year, filling numerous speaking engagements, telling about her work in the orient and also of conditions there and how these conditions affect the mission work generally.

Miss Holbecker plans to leave Holland on Friday, August 9, sailing on the S. S. President Grant Saturday, August 17. The last few weeks she has been very busy time for a missionary, leaving for the full term of seven years, and Mrs. Holbecker is therefore holding open house on Tuesday of next week so that friends will have an opportunity to call on Miss Holbecker at that time.

Leaving with Miss Holbecker are Miss Jean Nienhuis and Miss Ethel Boot. Miss Nienhuis and Miss Holbecker left Holland together in 1920 beginning their work as missionaries in China to the Amoy Islands and Miss Holbecker as educational missionary. Mrs. H. P. Boot, veteran missionary to China, is going out to China for the first time as a short-term missionary. She will assist Miss Holbecker, teaching English in the Amoy Girls' High school of which Miss Holbecker is principal. Miss Boot graduated from Hope college in June of this year.

The three China missionaries will leave Holland together on the 12:52 train (Holland time), for Chicago on Friday of next week, stopping off at Montana while en route to Seattle, Washington, from where they will sail.

Miss Holbecker and Miss Nienhuis have been guests of honor at a number of farewell receptions given by church societies and friends. Both are well known in Holland and abroad as well.

Miss Boot's parents have been stationed in China for a quarter of a century. Miss Boot also having made her home there for many years, coming to Hope college for her education. Miss Boot's youngest brother will arrive in Holland in a few days and will begin studies at Hope college in the fall. Another brother, Raymond Boot, is also a student at Hope.

The annual picnic of the American Legion and auxiliaries was held Wednesday evening at Tunnel park. Sports and games were enjoyed. Mrs. C. Ver Nieuwen was general chairman. Mr. and Mrs. G. V. Miller and Mr. and Mrs. E. Van Lente were in charge of the hosts.

EDITORIAL

The United States government, according to the Works Relief Program, is endeavoring to get the unemployed to work rather than give them a dole without work. Dole without work is the most demoralizing aspect of this entire depression. The nation can never become what it has been with millions on the dole, and because of the prolonged vacation without work, many find it hard to come back to the "whistle-blowing" period of a few years ago.

There is much to be said on this subject which really does not enter into this editorial now. Anyway, the government has a work program and whether that is the right method to give employment to the idle does not matter here. The fact remains that the government feels that the dole must be a thing of the past and every community must find some worthwhile projects that will be a necessary part of a community setup.

If you look at the "national press" you will find that every community has been fostering projects and have made application to the authorities of our government who are working the machine putting in motion the \$4,000,000,000 works relief program.

The Grand Rapids papers Monday published a column of projects from practically every city in Western Michigan. The projects were named and the government's percentage of footing the bill was at least 60 to 80 per cent, according to the project. Surely a bargain for any community.

It seems to be the object of the government that each community will provide projects that will solve its labor problem and since the government's plan is to wipe out the dole, it is plain that the works relief program is substituted and it would seem that the communities securing projects, largely paid by the government, will, through those projects, find work for those who have no work in that community.

But these communities who are said to find projects would be in a sad plight, it would seem, should the government decide to wipe out the dole, relying upon communities to help themselves while the helping is good.

Holland remembers only a short time ago that its "strong box" was nearly depleted when welfare took toll at approximately \$2,000 a week. Holland doesn't want to go back to that, in fact, it could not stand the pressure. The citizens of Holland at that time who were hard hit, stood this burden without complaint. They never worked harder in their lives and for a time without a murmur. It is doubtful whether they would do this again without complaint, based on some of the welfare projects which are common knowledge. Holland has some very worthy projects in which the government will help. The board of public works warehouse, the sewer construction project, and the reconstruction of the sewage disposal plant are among them.

These projects are necessary and indirectly at least, the cost to Holland will be nominal, the lion's share being paid by the government.

But there are other projects, an airport for instance, where through state and government aid Holland would receive a \$25,000 project and its share would be approximately \$9,000. Then there is a wonderful playground project of \$25,000, the city's share being approximately \$4,000. These playgrounds would be dear to the heart of every school pupil in public or denominational schools, and what is dear in the heart of the child generally finds favor in the eyes of the parents. Roughly stating, there would be ten tennis courts, horseshoe courts, shuffle boards, a cinder

path for running, and a dozen other recreational features deeply desired by every youngster. Holland's playground facilities fall far short of the needs of a growing city and children today are looking from the outside, in, where a few of the privileged are at play. But we would like to see that all, regardless of school or station, be privileged to enjoy a part of these advantages. Such recreational features create a healthy body, a healthy mind and a healthy citizenship. We are pleased to say that not a few of the aldermen and especially the mayor have always been in a receptive mood on playgrounds for children and we know grounds for children and we know that they are of that mind today.

A project that has also been called to our attention is the enlargement of the Kollen park dock. It is only a small undertaking compared to the others, Holland's share being very nominal. Large cruisers pass Holland by for lack of proper docking facilities, despite the fact that boat owners delight to come here. Replenishing the cruiser with provisions runs into a "pretty penny" and it is money that comes from the outside to Holland, and remains. The project is surely worth giving careful consideration.

The Holland City News does not wish to criticize the mayor and the aldermen for being conservative. The whole undertaking is new, needs study, and for that reason there may be some timidity fearing that the wrong thing may be done. They have had at least one experience of that kind. The mayor and aldermen have "bent over backwards" to conserve the city's finances. Holland's financial condition is about the best of any municipality in the state, its bonded indebtedness is only \$285,000 and these bonds today are selling at a premium. Considering its tremendous assets of property, paved streets, parks, public buildings, and a paid-for electric light and water plant, Holland in reality has no debt, so to speak, and this condition is brought about through the conservative efforts of our mayor and board of aldermen and all city officials who have stood first of all for a municipality with credit unimpaired.

The News feels, however, that some method might be devised through a small bond issue or through some other methods, that together with the other projects, the playground and the airport and the dock might be included. We believe the playground is an imperative need and we know that it will be a necessary attribute to any community's well being. It will be as important as a railroad, a telephone system, a truck line or the automobile. We believe that the pleasure plane of yesterday will be the plane of necessity tomorrow as far as Holland is concerned. It seems the old adage altered a little, would apply here. "The government helps those who help themselves."

You can bank on one thing, no matter whether Holland gets projects or not, eventually it will be called upon to help pay those of our neighbors, Grand Rapids, Zeeland, Grand Haven, Muskegon, Benton Harbor, Jackson and thousands of others already under construction throughout this large nation.

This editorial is not one of criticism. The men dealing with these projects are doing so conscientiously. We may not know all the facts in detail, but the above, and what we gather from the public press and the tremendous list of projects being asked for by every city and hamlet in the United States, would indicate that the works relief appropriation, whether this be the right or wrong method—is working.

Mr. and Mrs. Earl F. Price and family of West Sixteenth street, left Thursday for a motor trip to Paris, Ill., to visit Mrs. Price's mother, Mrs. L. Stewart, who is accompanying them on a ten-day trip around the lakes.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

A telephone line is being constructed between Holland and the park, then our tourists who camp and at the hotel there can communicate with Holland at will. Note: That was the time phones were few—some 60 of them in Holland. There were also no rural phones and only one being put in Macatawa. The Holland City News phone was the first to be installed in this city. That was 55 years ago. Then there were 48 phones in Holland and the cost annually was \$49. Why not \$50? Even bargain sale figures in those days. Note: Now with some 3,000 phones available a house phone is \$2 a month and business phone \$3 a month.

The Walsh De Roo Milling Co. has received 700 barrels of "Daisy" flour from Liverpool, England. Note: The mill was really the "Standard" and the Standard Grocery Co. headquarters for the I. G. A. Grocery Association in this district now owns the property. "Ben" Muller and his sisters have been successfully conducting this plant. The mill and the cereal plant have long since been discontinued; in fact the Standard Grocery Co. never conducted a mill but used the large old mill for storing.

Teunis Keppel has the front in his new one-story building on Main and Cedar streets in and the coal man will soon have commodious quarters. Note: For years the firm name was T. Keppel Sons and is so today. Main and Cedar streets are now 8th street and college avenue.

The First Reformed church organization, who have no church building, having held services in the old wooden chapel on Hope campus, has now decided to build a church. The failure to consolidate with the Third Reformed church brought new life in the congregation and in a resolution it was decided to hold services in both the Holland and English languages. As a result of the church meeting it was decided to build a church either on Cedar or Market streets. The able committee in charge are A. M. Kanters, Dr. Henry Kramers, Jan A. Ter Vree, Andries Steketee and Gerrit Slenk. Note: The News editor, Will Rogers at that time, made rather an interesting comment which did not hold entirely true through the passing years. "Bill" being an Englishman, undoubtedly was overwhelmed with the Dutch and Netherlandish traditions—the town was simply saturated with Dutch customs and positiveness. Anyway, at the close of the article he said "There is some consolation in the fact that the outcome of the retroactive tendencies which have raised so much havoc within the membership of this congregation is in the opposite of what was dreaded. If the future of the 'First Reformed Church of Holland' is an Americanizing element and factor is to be judged correctly from the resolution thus laid down, it may at all times claim the sympathy and good-will of the News. Who says that the Dutch don't believe in evolution? Much water has gone over the dam during these 50 years and today all but one church has English services altogether and there are more than a score of them. We know, however, the church was built not on Cedar, now college, but on Market now Central and 9th street. It has been remodeled repeatedly during the last half century.

TWENTY-FIVE YEARS AGO TODAY

The North Street Christian Reformed church at Zeeland dedicated its new pipe organ. The instrument cost \$2,000 and Benjamin C. Van Loo opened the program by a new pipe organ. The instrument was rendered voluntary. Divines taking part were Rev. J. Smitters, the pastor, who appeared for the first time after a very serious illness; Rev. Bruinooge, Hudsonville;

Rev. J. B. Jonkman, Borculo; Rev. Wm. Vander Werp and Rev. Smitters. Note: With so many speakers there was not much time for music and the article does not state that any other music was given but the first number.

A. H. Landwehr, manager of the Holland Furnace Co., will build a beautiful home on Lincoln avenue near 16th street. Smith & Esenburgh have the contract. John P. Kolla, also of the furnace company, lives at the corner of Lincoln avenue next door to where the new dwelling is to be erected.

George Damsen's orchestra of Holland will furnish the music at Hotel Macatawa this summer.

Holland township officers will close the little picture show at Macatawa and the special attractions at Jensen Electric Park Sunday and following will close bath houses, the merry-go-round, the curio shops, roller coaster, aerial swing, ice cream stands, bowling alley, fishing rod and minnow buying, row boat renting and last, the ferry boats. Even "Angels' Flight," a sightseeing enterprise going on top of Bald Head, is not angelic enough to continue and it must close. Note: There was one Sunday of closing then all decided to open and fight since resorts were flocking away. Closing was never heard of after that. Today all these yesteryear recreational features have passed and gone. After they were worn out they were wrecked. Fishing continues to be the great sport and golf, tennis, aquatic sports and speed boats seem to have taken the place of concession sports of years ago. There are few concessionists to arrest now and recreation takes the form of individual taste and ownership where the "blue law" plays no part.

A hundred citizens had their water cut off because they disregarded sprinkling hours inaugurated because of a water shortage. They had to pay \$1.00 each to have the water turned on again—and sure they did flock in to get back in the life stream.

FIFTEEN YEARS AGO TODAY

The Holland City News devotes a column to the marriage of Miss Frances Marie Bosch, daughter of Mr. and Mrs. Nicholas Bosch, to Mr. Edward John Toeman of Grand Falls, Montana. The marriage took place in the early evening at Hope church and a full description is given of the beautiful girl and the gown she wore. The maid of honor was her sister, Miss Columbe Bosch, today one of the Swedish nobility. The ring bearer was Master Alan Wichers, little son of Mr. and Mrs. Wynand Wichers. The flower girls were Miss Donna Landwehr and Miss Leona Nystrom. The bridesmaids were Miss Grace Owen of Grand Rapids, Miss Nell Polgrin, Miss Anna Kolyn, Miss Salma Landwehr, Miss Della Hoppers, all of Holland. After the ceremony at the church, a reception was held at the beautiful Bosch home on West 12th street. Mr. and Mrs. Charles M. McLean were master and mistress of ceremony. The decorations at the home were in charge of Mrs. Seara R. McLean, Mrs. A. L. Cappon, Mrs. Elda Van Patten. The dining hall at the Bosch home was beautifully

YOUNGEST FISHERMAN YET DISCOVERED

Gordon Lee Van Dommelen, a sweet little fellow of 2 years and 1 months, may not know that he is the youngest fisherman to catch a fish in the vicinity of Holland. Mrs. Cornelia Van Dommelen, daughter of Mr. and Mrs. John Steetee, West Twenty-first street, took poles and lines and, of course, he little Junior Van Dommelen, and hid herself to Goshorn lake between Holland and Saugatuck. Seeing mother fish, the little fellow insisted he must have a pole and line, and imitating the tactics of the parent, he also threw his line in the water, pulling it up at intervals. His efforts were rewarded when a seven-inch bluegill swallowed the bait as well as the hook, and Gordon Lee pulled the "gamey" fish to shore. Naturally the mother and the grandparents were very much pleased over the accomplishment of their young "Isaac Walton."

Any way the folks at home followed the nursery rhyme of "fishy, fishy, bite my hook," and Gordon Lee had bluegills for breakfast.

Praise Warm Friend Tavern

(The Waterliet Record)

In this column last week I told of stopping at the Warm Friend Tavern in Holland and made some comment on the resort business this season. A copy of The Record got to my friend, Hon. William M. Connelly, manager of the Holland Chamber of Commerce, and the following letter was received:

"Our mutual friend Muri De Foe sent me a copy of your July 19th issue and we wish to thank you for the complimentary remarks regarding the Warm Friend Tavern. Naturally, we agree with all the good things you said. My office is in the Tavern and I regret that you did not stop in long enough for a little chat. I have followed your senatorial career closely and in spite of our party differences we regard you very highly as a legislator.

"In your item about Holland it would appear that you had gotten some unreliable information concerning our tourist business. The facts are that we have had an extraordinary demand for resort cottages. The Warm Friend Tavern biannual report shows a fifty per cent increase in gross income over the same period last year, twenty-two hundred more rooms occupied than in the same period last year and five thousand meals served over the same period last year. The Warm Friend Tavern is one of the few modern hotels that has earned interest on its bonded indebtedness during the past year after spending \$25,000 for improvements.

"These figures are authentic as they were obtained from the auditor's report furnished by the manager, W. H. Lillard."

BIG TARANTULA ATTRACTING MUCH NOTICE AT HEIGHTS

The big hairy banana spider, or tarantula, captured last week by George Danigells of the Muskegon Fruit and Vegetable company, Heights, has been attracting the attention of hundreds of spectators.

The tarantula is rather sleepy in the glass jar fitted with a metal cap in which holes have been punched for ventilation, but occasionally he stirs about.

An entomologist from Michigan State college said the spider contains sufficient venom to prove fatal to 15 human adults, and it was estimated to be at least four years old. The tarantula, when discovered, was hidden under a row of bananas in a bunch which was being cut. Its long legs were like springs, and enabled the arachnid to hop much like a grasshopper, three feet at a leap, before it could be captured.

Danigells was told the spider derives its food by sucking the juice from the stalks of the banana, hence has been feeding the tarantula freshly cut sections.

arranged by them. The ushers at the church were Dr. Leon Cheest Bosch of Kansas City, Mo.; Arthur C. Cloeting, Muskegon; Harold P. McLean, John Landwehr of Holland. The decorations at the church were in charge of Mrs. A. H. Landwehr and these were beautiful and lent impressiveness to the occasion. Rev. Paul P. Cheff and Dr. John E. Kuizenga jointly officiated.

Born to Mr. and Mrs. Charles James McLean, a daughter, Jean Elizabeth; to Mr. and Mrs. Thomas Olinger, a daughter, Elizabeth; to Mr. and Mrs. Gerrit Appeldoorn, a son, Vern Andrew; to Mr. and Mrs. Bert Naberhuis, a son, Herman Lewis.

Phillip Cheff, 13-years-old son of Rev. and Mrs. Paul P. Cheff of Hope church, was seriously injured while picking cherries with several other lads near Glen, Allegan county. The boys were hustled to bed in the new moon hay in the hay loft. Phillip, however, while asleep, slid from the piled up hay to the concrete floor below breaking his wrist in two places. Dr. Brunson of Ganges was called and he with Dr. Winter of Holland took charge of the case.

The latest recruits to the foreign mission field in China are three Ottawa county girls who will sail for the first time to the Orient Sept. 25 from San Francisco. The girls are Miss Jean Nienhuis of North Holland; Miss Alice Smallgren, Forest Grove, and Miss Tena Holbecker of Holland. The two latter were Hope students and Miss Nienhuis is a graduate from Bloedgras hospital at Grand Rapids. Note: Fifteen years later they are now home on a furlough.

The annual reunion of the Kardux family was held Saturday at Garden Beach. The visiting officers were elected: President, Joe Kardux; vice president, Nick Hoffman, Jr.; secretary, Nick Richard Ellison, and treasurer, Mrs. Norman Adding of Grand Rapids. Miss Elaine Wierds and Mrs. Joe Kardux had charge of sports.

Mr. and Mrs. Cyrus Vande Laster have left for a short vacation at North Port and other points of interest in northern Michigan. Mrs. Vande Laster is employed at the Holland City News.

Dr. Henry J. Masselink, local dentist, has moved his office from the White building on River avenue to the second floor over the Model Drug store on River avenue and Eighth street.

Holland Band To Be Prominent At Chicago

WILL TAKE PART IN
LARGEST BAND CONTEST
EVER ATTEMPTED; DATE
SATURDAY, AUGUST 17

The Chicago Tribune is sponsoring what is known as the "Chicago Band Music Festival." This is an annual event with newspaper, and no expense is spared to make this music fest of the highest order.

This year plans have nearly been completed for the largest music demonstration ever held in the middle west. Among the bands the Holland American Legion band, official musical organization of the Willard G. Leenhouts post, received an invitation from the Tribune to take part if possible in this festival. President Harold Karsten presented the proposal to the members of the band and the boys immediately got enthusiastic and from all appearances will go 100 per cent.

The contest is to be held Saturday, August 17. It will be an all-day affair and the contests will embrace chorus and vocal contests, adult and juvenile band contests, bugle and drum corps contests and drum major contests.

The local band will be entered in the adult class A contest, which is scheduled to be held in the Lake Shore Athletic club auditorium at 10 o'clock Saturday morning. This is one of the largest athletic clubs in the metropolis of the middle west and one with which our genial friend, George Geta, has been associated for a number of years. It is naturally understood that contests of different bands will be held all over the city, judged by different judges. Public places will be assigned to the hundreds of bands to participate. It would be a physical impossibility to hold all of these contests in one place.

After the contest is over, all those participating in the band contest will be in the other contests will go to Soldier's field, the largest public gathering place in the United States where, under the fine illumination, the evening will be almost transformed into daylight and the parade and maneuvers of all the organizations will take place in the center of the large arena surrounded by 100,000 spectators. All bands present will also form one large mass band between 1,000 and 1,500 in number, and this large concourse of musicians will play two numbers of the celebrated "march king," John Philip Sousa. This will be the last time that the local band has ever entered. Holland citizens will be especially privileged to hear all the broadcasts over WGN, the Chicago Tribune station on the Drake hotel. The Tribune will print the pictures of all the bands, including the one from Holland, and this city will again be in line for favorable publicity.

Mr. Eugene Heeter, popular director, will be in charge of the band, and Mr. Harold Karsten, president of the band, is taking care of the preliminary arrangements. Raymond Knothuisen, the secretary, is also active on this outstanding event.

The contest numbers are specified by the committee in charge of the festival at Chicago. The two contest numbers and the marches are already in the hands of Mr. Heeter and his band, and the boys are doing some tall studying for the grandstand event. The contest numbers and the marches will also be played in Soldier's Field at night by the mass band.

The Holland band leaves Friday, August 16, by Greyhound, and will stay at the Lawson Y. M. C. A. overnight.

The boys are personally donating \$75 towards the expense, and a committee will call upon several public-spirited citizens to aid in this cause. It goes without saying that the response will be liberal and quick, for who could do anything else but love this generous public-spirited organization.

The band, organized in 1921 with 28 members and now has a personnel of 45, has entered six contests in the past and won three firsts, two seconds and a third. The band won the state legion convention band contests at Bay City in 1925, Jackson in 1927, and Kalamazoo in 1932.

In addition, the band took second at Battle Creek in 1929, and second in Grand Rapids in 1933. Last summer the band entered the contest at the international convention of Lions clubs at Grand Rapids and took third money.

The band men attended national conventions of the American Legion at Kansas City in 1921, New Orleans in 1922, St. Paul in 1924 and Philadelphia in 1926. In 1930 the band went to the state meet at Sault Ste. Marie, but no contest was held. It was at the Detroit convention in 1931.

FOUR-FOOT MUSKELUNGE

Nick Lanning has had on display in the window in his meat market a 23-lb. muskelunge, 4 feet long. The big fresh water fish was caught by Maurice Kuite near Saugatuck. There was plenty of fish for a fair-sized banquet.

The annual reunion of the Kardux family was held Saturday at Garden Beach. The visiting officers were elected: President, Joe Kardux; vice president, Nick Hoffman, Jr.; secretary, Nick Richard Ellison, and treasurer, Mrs. Norman Adding of Grand Rapids. Miss Elaine Wierds and Mrs. Joe Kardux had charge of sports.

Mr. and Mrs. Cyrus Vande Laster have left for a short vacation at North Port and other points of interest in northern Michigan. Mrs. Vande Laster is employed at the Holland City News.

Dr. Henry J. Masselink, local dentist, has moved his office from the White building on River avenue to the second floor over the Model Drug store on River avenue and Eighth street.

Give Motorist a Chance
(Detroit News)

Motorists who have run the bicycle gantlet on any of the streets bordering Palmer Park in recent weeks will agree that some sort of regulation is in order, and accordingly, a few simple rules are suggested:

1. No cyclist will drive down the center of a thoroughfare or directly into the path of an oncoming automobile until he has had two lessons in maintaining his equilibrium.
2. Cyclists, men and women, will wear as much clothing as is comfortable in a gymnasium or legal at the beach.
3. If clubs of women cyclists must venture abroad, they will proceed in single file or column of two, instead of company front.
4. Cyclists will recognize that motorists, when sober and armed with a driving license, are entitled to a portion of the street.
5. Women cyclists who are taking lessons in the street are entitled to a husband as a prop, but not to more than one other member of the family, as it clutters up traffic.
6. One-seated cycles will not carry extra passengers unless fitted with a rumble seat.
7. Our cyclists are a hardy lot and would doubtless survive in any case, but such a code might help restore the shattered nervous systems of anguished motorists.

Another Home Man Has Made Good Abroad

OVERSEAS TEACHER HAS MUCH EXPERIENCE IN CONSOLIDATED SCHOOLS

Mr. M. Z. Albers, who was born and reared in Overisel and is related to the Albers family tree in this vicinity, many years ago went to Iowa as a schoolmaster. Another one of the men who apparently has made good as can be judged from an article he contributes to this issue found below.

Mr. Albers was a graduate of Hope college with an A.B. degree. He received his master's degree while attending summer school at the University of Iowa. His ability as an educator and a school man was soon evident and he was appointed on the legislative committee of consolidated schools for Iowa several years. He served as the president of the Schoolmasters' club for a period of time in Harding and Polk counties, Iowa, and won state recognition in garden club work and school exhibits at the state fairs. He served on the state board of educational examiners of Iowa for ten years.

His school at New Providence, Ia., where he is superintendent, ranked among the first in that state in a survey conducted by an eastern university. He has been perfect in punctuality and attendance for 26 years. He is a great admirer of three great men, namely Washington, Lincoln and Theodore Roosevelt.

There are a great many different opinions as to the advisability of consolidated schools right here in Ottawa and Allegan counties, but it is worth noting the experience of a former citizen who has dealt in all phases of this feature in our American school system, at least as this relates to the state of Iowa. Whether just these methods can be applicable in Michigan, the editor, who is not a schoolmaster, is not in a position to say.

The article by Mr. M. Z. Albers is nevertheless interesting and instructive reading, and we always like to hear from someone who has made good abroad in a new field.

MY OWN EXPERIENCE WITH CONSOLIDATED SCHOOLS

By M. Z. Albers
New Providence, Iowa

In the year 1915 at Hope college we were studying secondary school problems under Dr. Waide in the department of education. All the students in this subject, numbering 60, were required to write a thesis on some educational subject. Since I was obliged to remain home three years after graduating from the eighth grade before I could go on with high school work, I was interested in some school system which gave equal opportunities to boys and girls, a system which would give rural boys and girls a chance to secure and education while they were at home and under parental supervision. I, therefore, chose as title for my thesis, "The Consolidated School Movement in the United States."

Dr. Waide rated my thesis among the first.

After graduation from Hope in 1915 I was elected as superintendent of Johnston consolidated school, the second consolidated school of Polk county, where Des Moines (the city of certainties), is located. This school was also one of the first consolidated schools in the state of Iowa, "the state where the west begins and where the tall corn grows."

After remaining at Johnston for four years, I was elected at Bondurant, Polk county, Iowa. This school was organized in 1920 as a consolidated school. I moved from Bondurant to New Providence in 1924 where I am living with my family in the school cottage at the present time. The consolidated school was adopted in Iowa as a solution for the education of the rural school children. Today there are 389 consolidated schools in Iowa.

Since I have been at New Providence for eleven years and because it ranked as one of the two best communities in the state by Hon. Henry A. Wallace, our secretary of agriculture, I will explain our school system as it is in operation at the present time.

The school district comprises 36 sections. It has 8 motor bus routes and 2 short auto routes. The buses are owned by the bus drivers. We have 10 acres with the school grounds. This school with the flowers, shrubbery and trees marks one of the beauty spots of Iowa. There are 191 planted trees and 27 native trees on the school grounds. Besides the main building it has a barn for buses, a farm shop in the barn, a superintendent's cottage and a house for the janitor. We have 104 enrolled in high school and 176 in the grades. We have 6 grade teachers and 5 high school teachers. The grade teachers hold state certificates with two years or more of education beyond the high school. The high school teachers have their A.B. or B.S. degrees and several have master degrees. All the teachers are specially trained for their respective subjects.

We offer college preparatory, vocational agriculture, home making courses and business training. The rural boys are trained and educated to become good farmers. In the farm shop they repair farm equipment, gasoline engines, make rope, splice rope, build wagon boxes, chicken feeders, hog houses, single trees, double trees, sharpen saws and also do forge work.

The agricultural course includes farm shop, farm crops, animal husbandry, farm accounting and farm management. The instructor is appointed for full time in agricultural work and half of his salary is paid by the federal government under the Smith-Hughes system.

The girls take cooking, sewing, household art, household art and related subjects. All of this work is also done under state supervision and is called vocational homemaking under the Smith-Hughes system. About half of the teachers' salaries is paid by Uncle Sam.

The boys belong to the Future Farmers of America organization and 4-H clubs. Boys and girls compete in county and state contests with other schools. We have won many honors in competition with other schools.

One of my boys raised 125 bushels and 50 pounds of corn on one acre and won a trip to the International Stock Show in Chicago. One outstanding homemaking girl won second in the state health contest.

AIRPORT COMMITTEE NAMED

The following were named members of the city airport committee Wednesday:

P. T. Cheff, vice president of the Holland Furnace company; Peter N. Prins, local licensed airplane pilot, and William M. Connelly, manager of the Chamber of Commerce.

Arthur W. Wrieden, president of the Chamber of Commerce, made the appointments. Other members of the committee are Aldermen Ben Steffens, Peter Huyser and John Vogelzang.

THREE WOMEN FINED; TWO GO TO JAIL

Both Miss Marjorie Panches, age 18, and Miss Daisy Helms, 40, were sentenced to five days in the county jail by Justice Paul Behm, Grand Haven. Miss Panches pleaded guilty to larceny and Mrs. Helms, who at first demanded a trial, later pleaded guilty to receiving stolen property.

Complaint was made by Mrs. Celia Humbarger, Grand Rapids resortier, who alleged she lost property valued at \$45 which included a wrist watch and some money which she had in a purse.

Elmer Humbarger, 39, was fined \$14.10 costs for operating the Silver Beaver club in Tallmadge township without a license. It was at this club that the disturbance arose when Mrs. Humbarger discovered her loss and tried to regain her property from Mrs. Helms, who, she claimed, had placed the watch and money in her own pocket book.

Rev. M. E. Stegeman of Hesperia, Iowa, is in Holland visiting his sister, Miss Hilda Stegeman.

Mrs. Bert Slag and daughter, Violet, have returned from a visit to Elmhurst, Ill. Miss Slag will spend the remainder of the summer at Whitefish lake.

and first in the state in clothing and ranked among the first in the national contest at Chicago. Club work and contests with other schools and groups appeal to boys and girls.

In our school we try to give our boys a well rounded development, spiritually, intellectually, physically and socially.

Our teachers take turn per week in opening our school sessions with prayer and Scripture reading. Our school is located in a friends community. They believe in the principles advocated by William Penn.

We offer courses which fit the needs of the community and try to find out where the student's interest lies and for what subjects they have special talent. We give academic tests to all students. These tests are prepared by the professors of the state University of Iowa. Our graduates enter denominational colleges and state educational institutions without examination.

All the students take physical training and play several kinds of games. Although our gymnasium is small we won the county championship in basketball for the last three years. In baseball we have won the county championship several times, one district championship and lost the final game of the state series two years ago, 1 to 0. One of our graduates, Malo Reence, was a pitcher for the state university team and in a tour of Michigan this summer beat the state normal at Ypsilanti, 4 to 0. Our boys won 41 out of 45 games which they played in baseball during the last three years. We have an electrically lit diamond for night ball, costing about \$800.

Our boys and girls make social contacts with other school students since they take part with other schools in declamatory contests conducted by the county and the state organizations, in competing in district and state music contests and other music festivals. We have class parties for our students during the school year and also a high school party for all the students at the opening of school in the fall. All parties are conducted under faculty supervision.

During the last two years CWA members have built typewriting tables, cupboards, lockers, painted farm shop in the barn, varnished woodwork, decorated rooms and planted 8 maple trees. The total value of work amounted to about \$2,000.

Under the emergency relief program we conducted classes in adult education in German, religious education, modern history, typing and business English. During the summer 50 boys and girls have been playing tennis, killed ball and baseball under a trained physical director.

Summary of advantages of consolidated or community schools:

Equal opportunities to all boys and girls.

Education which fits the need of a community.

Rural boys and girls are on an equal footing with their city cousins.

Develops community spirit and civic pride.

Makes for better citizenship.

Superior training in educational subjects.

Unity of purpose and ideals.

Rural cultural development.

Parental care and supervision for boys and girls in teen age.

Gives boys and girls a brighter outlook on life.

Develops good school spirit, reducing disciplinary problems to a minimum.

Good Features of Our School.

We have no bonded indebtedness.

More college graduates in our district than in any community in the state.

People are for prohibition. Section opened for business was struck by lightning on a moonlight night!

Harmony and unity on the board of education, which expects to build a community hall and gymnasium at a cost of \$23,600.

Farmers own all business houses except two.

Conducted Iycoem course for 50 years, even during depression.

Generous spirit in community affairs and development.

Free entertainment afforded.

Farm bureau is a strong organization.

Many organizations for community betterment.

Three farmers honored by Hon. Henry A. Wallace as master farmers.

Three churches in the district belonging to one denomination, Friends.

Friends in name, spirit and service.

Lake Shore Sugar Beet Extensive

GOOD NEWS FROM THE HOLLAND SUGAR INDUSTRY

L. R. Arnold, treasurer of Holland Sugar Factory association, reports that practically every signer in the 16 counties covered by this sugar beet district has received first payment on the 1934 year. The sugar section guaranteed a fair price on the 1934 crop. A guaranteed price of \$1.25 per ton was given. If parity figures worked out higher than this the grower was to receive the higher figure. Growers are now assured of a payment of \$1.75 per ton on the 1934 crop. Refund payments on the 1933 crop amounted to only 6c per ton on the 1933 harvest. Checks covering this payment have been received and such checks are being distributed by L. R. Arnold, agricultural agent who serves as treasurer of the association.

The Holland factory district covers territory reaching from Manistee in Michigan to Chicago in Illinois. Sixteen counties in Michigan, Indiana and Illinois are included in the district. Because of the scattered territory officials in charge have more than the ordinary amount of work in carrying on the program.

Compliance work on wheat contracts in Ottawa county has been completed and inspection of papers is in progress. The allotment committee has completed much of its work and expects to have finished all work by August 1. Papers will then be transmitted to the wheat section by L. R. Arnold, agricultural agent. Final payment on the 1934 will follow shortly after receipt of compliance papers in Washington. The program called for reduction of acres during the 1934-35 years with payments covering the 1933-34-35 harvests.

At the present time the wheat section is working out a new program covering a four-year period. Farmers from 20 or more states have been called to Washington to assist in drawing up the future program.

Field supervisors on the corn-hog program are practically finished with field measurements. All data is to be turned in by Aug. 1. Excess acreage is to be disposed of by Aug. 3, otherwise any contract signer with such acreage will be in default.

CHARGED WITH STEALING WATCH AND JEWELRY

Norman Plenn, 27, and his wife, Elsie, both of Chicago, who appeared before Justice Herman Cook of Allegan Tuesday morning on charges of larceny, were bound over to circuit court with bond fixed at \$2,000 for each. So far bond has not been furnished. The couple was charged with having broken into the parked car of John Bennett and his wife, and Mr. and Mrs. Charles J. Walker, Rockwell, Texas, tourists, who had stopped about one mile south of Pier Cove, Allegan county, to swim, and taking money, watches and rings valued at about \$500. It is thought that they might be responsible for other thefts from parked cars reported to Allegan county and Van Buren county officials. The Plenns have been staying at a resort in that vicinity.

SPORTING JOIS

BASEBALL, PAST AND FUTURE

Three headline baseball attractions are scheduled in the next ten days for lovers of the diamond pastime.

Saturday at 3 p. m. at Riverview park the Grand Rapids Piffier Beers, led by Manager Cal Wenger, well known baseball figure in the state, will meet the Flying Dutchmen in the "rubber" of a three-game series.

Next Wednesday, John Shackelford's Colored Giants of Grand Rapids will perform at Riverview park at 6 p. m. Keen rivalry has developed between the two clubs, and Holland holds an edge of two games to one, in spite of a 7 to 5 victory by Sack here Wednesday. The crack Postum nine of Battle Creek will be here Saturday, August 10, at 3 p. m. It will be the only appearance of the season of the Food City club at the Holland park.

Holland, with a record of 11 victories in 18 starts against the strongest foes available, has been bolstered by the addition of Allen Kronbach, ace pitcher of the Michigan State college nine for three years. Kronbach is employed as a chemical engineer at the Mosser Leather company for the balance of the summer, and he hopes to be in shape by Saturday.

The local nine has been setting a defensive record with errorless games against Shackelford and St. Joseph to run its string of perfect innings to 21. Holland lost to the St. Joseph Auto Accessories Saturday, 9 to 6.

Returns on Saturday's Detroit-Cleveland game will be announced at Riverview park Saturday.

Mr. and Mrs. Gerrit Buis, 139 East Fourteenth street, left Thursday for Montreal, Canada. Friday they will leave for England on the "Duchess of Bedford" en route to Amsterdam, The Netherlands.

PROJECTS FOR FARM-TO-MARKET ROADS IN THIS AREA MUST BE IN AUG. 6

Carl Bowen, Ottawa county engineer, received a telegram this morning from A. D. MacLean, director of WPA, seventh district, announcing that the federal government has set aside \$6,500,000 for farm-to-market roads in a district south of township line 12, lower peninsula.

Projects coming under this head must be filed in the director's office by August 6. Mr. Bowen will attend a meeting of officials on Thursday to discuss the allotment. Mr. Bowen did not know today whether this amount was to be supplemented by participating funds from the various counties. Depending on full information concerning the money, Mr. Bowen will await listing Ottawa county projects.

Mr. Bowen explained that the township line extends from about where Montague is situated east across the state.

HOLLAND MAN, STRUCK BY AUTO, LOSES LEG

Peter De Hamer, 44, was critically injured Sunday night in an auto accident two and a half miles north of the city on US-31.

He was knocked down by a car driven by Donald Dykhouse, 19, of Grand Haven, when he was crossing the road, according to Deputy Tony Groenewald. Dykhouse said he tried to avoid De Hamer but did not see him in time. He was rushed to Holland hospital.

De Hamer's left leg was crushed and was amputated in an attempt to save his life. Hospital attaches tonight reported his condition as serious because of loss of blood.

Allegan Man Taken On Forgery Charge

Sheriff Ben Rozema and Thomas Groenewald of Holland, deputy, arrested in Kalamazoo Albert Ganschow, 39 years old, of Allegan, on the charge of having passed six worthless checks in Holland recently for a total amount of \$102.

Ganschow was picked up near the post office at Grand Haven by the officers as he was walking away with his wife whom the officers trailed to Kalamazoo on a tip they had received. Ganschow at first gave the officers a fictitious name, but after questioning at police headquarters, admitted his identity and also to making the checks, the officers report. However, upon being returned to Grand Haven, he has asked his wife to obtain an attorney for him. He was to be arraigned this afternoon on a forgery charge.

Ganschow, Sheriff Rozema said, has a prison record in Indiana, having served two years for forgery at the Indiana penitentiary at Michigan City. Before moving to Allegan, Ganschow lived in Michigan City.

This is the third alleged forgery which the sheriff's department has solved recently. Harry Evans was sent to Southern Michigan prison near Jackson for two to 14 years for forgery committed in Holland. William McCloud, for passing bad checks, in the amount of \$48 in Grand Haven, is out on probation with the understanding he makes restitution and pays costs of \$25. It was McCloud's first offense.

Miss Frances Collins, 129 East Ninth street, has returned from a visit to the East.

UNWISE TO USE SPRAY IN HOT WEATHER

With the weather conditions as they are—so hot—it would seem unwise to use lime-sulphur any more. Those who intend to wash the fruit, use for apples: 3 lbs. lead arsenate plus 4 lbs. good fresh hydrated lime in 100 gals. water. Use for pears: 3 lbs. lead arsenate in 100 gals. water. If you have pear psylla, omit lead arsenate and use 1½ gals. summer oil plus ¼ pt. of nicotine in water to make 100 gals. solution.

Those who intend to not wash the fruit, use for apples: ¼ gal. summer oil plus ¼ pt. of nicotine. Use for pears: For codling moth and pear psylla—1½ gal. summer oil plus ¼ pt. of nicotine. For codling moth alone—¼ gal. summer oil plus ¼ pt. of nicotine. Be careful about spraying during the middle of the day, or when the weather is too hot.

A. J. MORLEY, Allegan County Agricultural Agent.

ALLEGAN COUNTY

The Sunbeam Sunday school class of Grand Haven held a picnic at Lakewood park recently. Those attending were the Misses Johanna Van Dyke, Josie Holgers, Hilde Scholten, Connie Ver Hulst, Edna and Harriet Menken, Mrs. Dena Schripma, the teacher; Katherine Hulst, Della Busscher, Hermine Gruppen, Antoinette Tien, Orma Schrottenboer, Betty Diekmann, Janet Genzink and Betty Koeman.

Drilling in Heath township, Allegan county, has been resumed. The drills are operated 24 hours a day and every day except Sunday. Stockholders from Holland and Hamilton make up the company.

A fire in the barn on the Holtgeert's property, occupied by William Ash, was extinguished by a hurriedly formed bucket brigade on Saturday. The estimate of the loss was about \$2,000. The barn of George Wiersma also caught fire and was put out by the volunteers.

ZEELEAND

The American Legion band will render as its program at the regular Tuesday evening concert next Tuesday, Aug. 6, at 8 o'clock, an outstanding selection of numbers under the direction of Fred Rabai, conductor.

Rev. Arthur Roosenraad of Nutley, New Jersey, will conduct the services in First Reformed church of this city next Sunday, at the morning and evening services. Mr. Roosenraad is the eldest son of Mr. Cornelis Roosenraad of this city, and he is spending two weeks of his vacation here together with the other members of his family, visiting his father and the family of his sister, Mrs. Fred Klumper, at their home on East Central avenue.

Judge Fred T. Miles is enjoying a vacation trip with his sons, Fred T. Miles, Jr., and Wendell Miles. They are following up the Lincoln shrines at Lincoln, Bloomington, Springfield, and also visited the old capital building at Vandalia, Ill., capital of that state from 1819 to 1839.

Miss Mae Lampen, who has spent the last few weeks at home recovering from a serious wound on her leg, is now back at work in the employ of Mrs. Taken of Saugatuck.

Last Friday afternoon at 5 o'clock Mr. Maurice Nienhuis and Miss Josephine Kaper were united in marriage at the home of the bride's father, Mr. George Kaper of Hamilton. The Rev. J. A. Roggen officiated at the ceremony.

Mrs. Johnny Kaper, sister-in-law of the bride, attended as bridesmaid, while Mr. Johnny Kaper served as best man.

At 6 o'clock a wedding supper was served on the spacious front porch of the Kaper home.

Mr. and Mrs. Nienhuis are now on their honeymoon, and are visiting the Yellowstone National park and other western points of interest. Upon their return they will make their home in Fillmore.

Mr. and Mrs. Sander Schipper are accompanying them on their western trip.

The local baseball team defeated the famous Cook Oils team of Zeeland in an interesting battle on Monday evening. The game ended with a score of 9 to 4.

LIGHTNING KILLS TWO COWS NEAR ZEELEAND

Two cows belonging to W. M. W. beke were struck by lightning and instantly killed on his farm one-half mile north of Zeeland.

The herd was sheltering under a large tree in the farmyard when the electric storm arrived and the tree probably served as a conductor for the lightning bolt. Another cow standing near the two that were killed escaped but suffered from shock. The loss was covered by insurance.

RISKED LIVES

Stars Faced Dangers on Location Making "Call of the Wild"

For almost two months, Clark Gable, Loretta Young and Jack Oakie braved snowsides, starvation and death in sub-zero Mount Baker, Washington, filming Darryl Zanuck's Twentieth Century production "Call of the Wild," which comes to the Holland theater for four days, starting Monday, August 5.

The screen play is an adaptation by Gene Fowler and Leonard Praskins of Jack London's immortal story of love and treachery during the Yukon gold rush and all the color of those feverish times has been transferred to the screen.

Alaskan pioneers from as far north as the arctic circle came south to take part in the picture, in which Frank Conroy, Reginald Owen, Sidney Toler and Katherine de Mille carry prominent supporting roles.

The film also introduces a new dog star in the role of "Buck," perhaps the best known and best loved canine hero in all fiction. "Buck" is an 18 months old St. Bernard, with no former film experience.

Although the location company included only ten actors, more than 100 technicians made the 1,200 mile trip to Mt. Baker—the biggest film expedition ever sent out of Hollywood. Special sound stages were built in the mountains and the film was packed by ski transport for shipment to Hollywood.

William Wyler, the director of "Call of the Wild," flew 14,000 miles between Hollywood and Canada seeking location sites for this Joseph M. Schenck presentation for release through United Artists.

OVERISEL

Candidate Henry Stob, a recent graduate of Calvin seminary, conducted the services in the Christian Reformed church last Sunday.

Next Sunday Rev. Vande Riet will officiate at the morning services in the afternoon the pupils will be occupied by the Rev. John H. Geerlings of New Holland, South Dakota. This minister, who hailed originally from East Holland, is well known to the folks of this community. Rev. Geerlings has formerly had pastorates at Oakland, at East Saugatuck, and at North Street, Zeeland.

Two professors at Western Theological seminary preached in the Reformed church last Sunday; Dr. John R. Mulder in the afternoon, and Dr. Albertus Pieters in the morning and evening.

Dr. Nettinga, also a professor at Western seminary, will supply the Reformed church pulpit in the morning and afternoon services next Sunday. Mr. Stanley Wolters is scheduled to lead the evening prayer meeting. He will have the topic "Faith Put to a Test" as applied from Genesis 22:1-12.

Benjamin Brinkhuis conducted the meeting of the Young People's society at the Christian Reformed chapel Sunday evening. Garrett Vande Riet took charge of the topic: "The Standing Orders of the Gospel," or "Continued Prayer and Its Effects." This material was found in 1 Thessalonians 5:16-18.

Miss Laura Veen read a very excellent paper as the extra number. "How Selfishness Reacts Upon Us," from the viewpoint of various excerpts from the Book of Genesis, was the subject introduced by Miss Cynthia Schipper at the Tuesday evening meeting of the Christian Endeavor society of the Reformed church. Miss Mildred Kooker will be next week's leader, and she will take as her topic, "Things Jesus Was Sure Of." This will also be a consecration meeting.

At least four families around here have been blessed with new arrivals recently. They are Mr. and Mrs. Albert Broekhuis, Mr. and Mrs. Marvin Klingenberg, Mr. and Mrs. Justin Scholten, and Mr. and Mrs. Richard Wolters. Congratulations.

The members of the Girls' League for Service of the Reformed church, will hold their annual beach party this week, Friday evening at Lakewood Township park.

Funeral services for Mrs. Herman Hulsman were held Thursday afternoon at the Langeland funeral home in Zeeland.

Rev. Pyle will preach in the First Reformed church of Chicago next Sunday.

Mr. Bert Kleinhekel is at present confined to his home with illness.

Mrs. M. Dalman of Holland spent the week-end at the home of her daughter, Mrs. Martin Nienhuis.

Mrs. Hattie Ramaker, Miss Sena Deters, and the Messrs. Jacob Deters and John Deters, all of Cawker City, Kansas, are visiting friends and relatives in this vicinity. They will return to Kansas about August 12.

Miss Mae Lampen, who has spent the last few weeks at home recovering from a serious wound on her leg, is now back at work in the employ of Mrs. Taken of Saugatuck.

HAMILTON NEWS

KAPER-NIENHUIS MARRIAGE AT HAMILTON

About 35 guests were present at 5 o'clock Friday afternoon, July 26, when Miss Josephine Kaper, the daughter of Mr. and Mrs. George Kaper, Hamilton, became the bride of Maurice Nienhuis, son of Mr. and Mrs. M. Nienhuis of Overisel, in a double ring ceremony read by Rev. J. A. Roggen in the garden of the bride's parents.

The bride was attired in a powder blue net dress and white accessories. She carried a bouquet of sweet peas and tea roses. Her sister-in-law, Mrs. John Kaper, was her only attendant and she wore a shell pink chiffon dress and white accessories. John Kaper was the best man.

Out-of-town guests included Mrs. J. Verreke, Zeeland; Mrs. M. Dalman, Mr. and Mrs. Glenn Mannes, Holland; Mr. and Mrs. Ed Prins, Muskegon; Miss E. Rynbrandt, Jamestown; Mr. Jerrold Kleinhekel, Fillmore; Mr. and Mrs. M. Nienhuis and family, Marie Nienhuis, Glenn Albers, Overisel; Mr. and Mrs. Sander Schipper, Mrs. N. Borgman and daughters, Gladys and La Vina, of Kalamazoo.

The local Independents defeated the Benheim aggregation last week, Friday, by an 8 to 7 score, in a game which was expected to be an easy victory, but which almost was a defeat. The boys had exchanged places in the field and found that a good way to lose a game. In the fourth inning the visitors were leading by 2 runs as the results of errors by the locals and hits by their opponents. After hard work they gained the lead in the sixth, having counted 8 times, but in the last inning the Benheimites had the bases filled with two out when Laughton forced in a run by giving a walk. However, he struck out the last man to end the game. The visitors out-hit Hamilton, 12 to 6. The locals, however, hit when they meant runs. J. Kemper with two singles, and Callahan and Roggen with a double accounted for most of the runs, while C. Berens, E. Berens, J. Gates and H. Lampen starred at the plate for the visitors with two safe hits each. The fans were given a real scare and kept an anxious seat until the last man was out.

The team trimmed Allegan to the tune of 3 to 0 Tuesday evening at Allegan. Rich Wentzel allowed 3 hits. Friday (today), Virginia Park plays here, and on Monday the Pure Oils will play, while Tuesday the team plays the Zoet Fuels at Holland.

The local Sunday schools held their annual picnic last week on Thursday at Allegan county park. Although the weather was rainy in Hamilton, all was fair at the park. The lake was ideal for bathing. A ball game and sports of all kinds were enjoyed.

The Farm Bureau employees and their families, 140 in number, enjoyed a picnic at Fell's Beach on Tuesday.

Rev. W. Van Kersen of Holland preached at the First Reformed church Sunday. He was entertained at John Hoffmans.

Leonard and Ruth Kruger are both in the hospital at Holland recovering from a tonsilectomy, performed by Dr. Hamelink.

The infant child of Mr. and Mrs. John Smit from East Martin died last Friday. Undertaker Ten Brink took the remains to the home of Mrs. K. Kalvoord here, from which place services were held Saturday afternoon. The pastor officiating was from the Christian Reformed church at East Martin. Mrs. Smit is a daughter of Mrs. Kalvoord.

Bernard Voorhorst returned to his duties at the bank after a few weeks' vacation.

Josephine, Rhoda and Frederick Johnson left Tuesday for a trip through the Wisconsin Dells.

Mrs. Edna Archambault attended a convention of the telephone company employees at Gull Lake last Wednesday. She prepared and read a paper on "Making Sales."

Mr. and Mrs. H. W. Schutmaat and daughter, Evelyn, spent Sunday in Grand Rapids.

Rev. J. A. Roggen and family attended Trinity church, Holland, last Sunday.

Mr. and Mrs. Julius Kemper are moving this week into the house vacated by Mr. and Mrs. George Brover, who have moved to their farm north of town. Mr. and Mrs. Sherman De Boer have bought the Tanis place.

Mrs. Bernice Barber and children of Bonnell, Florida; C. Tomquist from Chicago, and Mr. Bates from Hesperia were week-end guests at Mrs. E. Archambault's.

The Kronmeyer family reunion was held at Jamestown last Friday. Mrs. H. W. Schutmaat and daughter, Mrs. Wallace Kemper, Mrs. H. Strabbing and Mr. and Mrs. John Kronmeyer attended.

Mrs. Roy Cobb is staying with her mother, who is very sick.

Mr. and Mrs. John Haskama, Julia Mastman and Mr. and Mrs. Garret Schurman, the latter from Detroit, were dinner guests at Mr. and Mrs. Ben Kookers last Friday.

Mrs. Eva Zalsman is redecorating the interior of her home.

Mr. and Mrs. H. Haedke and daughter, Margaret of Grand Rapids, are visiting at Jake Edings for a few weeks. Mr. and Mrs. M. Tubergen from Grand Rapids spent Sunday with the Edings.

Mr. and Mrs. Ben Weller and Mrs. A. J. Bickford of Holland were guests of Mr. and Mrs. Harold Dangremont Sunday.

Glen Hemingway of Chicago was at Zalsmans last week for a few days.

A new gasoline pump, called an "Interlocked Postage Price Gasoline Dispensing Unit," has been installed at the Farm Bureau garage.

Bobby and Joey Wagner from Grand Rapids are visiting Kalvoords this week.

Kathleen Kalvoord returned to Chicago with her friend, Sally Frents, after a few weeks' vacation here.

Mrs. J. Roggen entertained her former Sunday school class of Ebenezer at her home on Tuesday afternoon. The time was spent in reminiscences as well as in playing games of skill and wit. This class was very active in working for missions 24 years ago, all the members still being active in church work. A very unusual fact is that all the members are still living. A picture was taken

in imitation of one taken 25 years ago. The members are Mrs. Henry Boerger of this village, Mrs. Frank Immink from Overisel, Mrs. Noble Shearer of Holland, Mrs. James Willcof of Montello Park, Mrs. Henry Kruidhof from Vriesland, Mrs. Cornie Van Den Brink of Ebenezer and Mrs. Elwood Geogh of Grand Rapids. All have been living in this vicinity for some time, although Mrs. Shearer will soon return to Oregon, her husband's former home. A two-course luncheon was served by Mrs. Earl Tellman, Margaret and Marian Roggen.

ZUTPHEN

Several local people attended the Farmers' elevator picnic at Jamestown Spring Grove Thursday. The local male quartet consisting of Messrs. John Sall, Herbert Heyboer, Harold Peuler and Martin Verhage, accompanied by Rosa Heyboer, furnished vocal selections for the program.

Miss Alice Peuler submitted to an operation for the removal of her tonsils at the Blodgett hospital at Grand Rapids Tuesday.

The second annual school reunion will be held at the local school grounds Saturday, August 3. An interesting program is being planned.

Mr. Bert and Paul Ensing of Jamestown were callers at the home of Mr. and Mrs. William Ensing Thursday evening.

Mr. and Mrs. John Brinks and children of Janseer were entertained at the home of his parents, Mr. and Mrs. Ralph Brinks and Angie.

The Misses Pearl Nederveld, Henrietta Baker, Florence Peuler, Jeannette Van Eas, Marie Peuler of Grand Rapids, Edna Nederveld of Silver Lake, and Hilda Zwiers and Julia Baker of Hudsonville, spent the week-end with their parents.

Mr. and Mrs. Garry Schemier of Vriesland were guests of their parents, Mr. and Mrs. Henry Loeks and daughters Wednesday evening.

Mrs. Richard Vander Molen, Robert and Richard and Mrs. Don Meyers attended the Ver Hoff family reunion at Green Lake Saturday.

Orman Gerald and Lenora Mae Van Haisma spent a week with their grandparents, Mr. and Mrs. Leonard Van Ess.

Mr. and Mrs. George Ensing and family visited with Mr. and Mrs. Wilbur Albright Sunday evening. Mr. and Mrs. Lambert Myraad and family of Hudsonville were entertained at the home of Mr. and Mrs. Joe Zwiers recently.

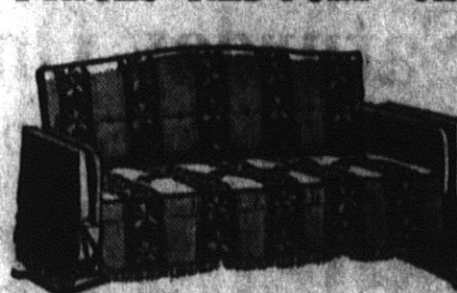

Mrs. John Vander Kolk, who has

received treatment at the hospital at Cutlerville a few weeks, has returned to her home.

Rev. S. Vroom led the Young People's society Sunday evening. His subject was "Making Light of Things," taken from Matthew 23:23, "But They Made Light of It."

A delegation meeting was held at Jamestown Christian Reformed church Monday evening of the Young People's Alliance of classes Zeeland. Local delegates are the Misses Rosa Heyboer and Ethel Brower and Messrs. Jacob Nynhuis and Herbert Heyboer.

... they're "sawing wood" at Holland's Wooden Shoe Factory

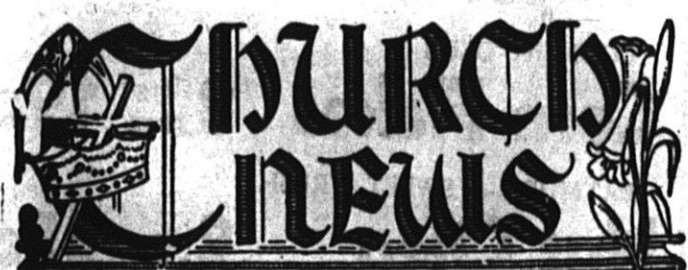

One of the most unique industries in America — and certainly one of the busiest places in Holland — is our Wooden Shoe Factory. Now in its seventh year, the DUTCH NOVELTY CO. has been "sawing wood" so quietly that few people realize the importance of this business to Holland's prosperity. Over one hundred men and women are employed, many thousands of new dollars are annually brought into Holland from the outside world, and an inestimable amount of advertising value given to our city.

We have watched this acorn grow into an oak tree under hardworking management, and are happy to have had occasions for rendering service to this growing asset. We believe that this service has been given in such manner that the DUTCH NOVELTY CO., along with other industries, takes satisfaction in saying

Give Motorist a Chance
(Detroit News)

Motorists who have run the bicycle gamut on any of the streets bordering Palmer Park in recent weeks will agree that some sort of regulation is in order, and accordingly, a few simple rules are suggested:

1. No cyclist will drive down the center of a thoroughfare or directly into the path of an oncoming automobile until he has had two lessons in maintaining his equilibrium.
 2. Cyclists, men and women, will wear as much clothing as is comfortable in a gymnasium or legal at the beach.
 3. If clubs of women cyclists must venture abroad, they will proceed in single file or column of twos, instead of company front.
 4. Cyclists will recognize that motorists, when sober and armed with a driving license, are entitled to a portion of the street.
 5. Women cyclists who are taking lessons in the street are entitled to a husband as a prop, but not to more than one other member of the family, as it clutters up traffic.
 6. One-seated cycles will not carry extra passengers unless fitted with a rumble seat.
- Our cyclists are a hardy lot and would doubtless survive in any case, but such a code might help restore the shattered nervous systems of anguished motorists.

Another Home Man Has Made Good Abroad

OVERISEL TEACHER HAS MUCH EXPERIENCE IN CONSOLIDATED SCHOOLS

Mr. M. Z. Albers, who was born and reared in Overisel and is related to the Albers family tree in this vicinity, many years ago went to Iowa as a schoolmaster. Another one of the men who apparently has made good as can be judged from an article he contributes to this issue found below.

Mr. Albers was a graduate of Hope college with an A.B. degree. He received his master's degree while attending summer school at the University of Iowa. His ability as an educator and a school man was soon evident and he was appointed on the legislative committee of consolidated schools for Iowa several years. He served as the president of the Schoolmasters' club for a period of time in Harding and Polk counties, Iowa, and won state recognition in garden club work and school exhibits at the state fairs. He served on the state board of educational examiners of Iowa for ten years.

His school at New Providence, Ia., where he is superintendent, ranked among the first in that state in a survey conducted by an eastern university. He has been perfect in punctuality and attendance for 26 years. He is a great admirer of three great men, namely Washington, Lincoln and Theodore Roosevelt.

There are a great many different opinions as to the advisability of consolidated schools right here in Ottawa and Allegan counties, but it is worth while noting the experience of a former citizen who has dealt in all phases of this feature in our American school system, at least as this relates to the state of Iowa. Whether just these methods can be applicable in Michigan, the editor, who is not a schoolmaster, is not in a position to say.

The article by Mr. M. Z. Albers is nevertheless interesting and instructive reading, and we always like to hear from someone who has made good abroad in a new field.

MY OWN EXPERIENCE WITH CONSOLIDATED SCHOOLS

By M. Z. Albers
New Providence, Iowa

In the year 1915 at Hope college we were studying secondary school problems under Dr. Waide in the department of education. All the students in this subject, numbering 60, were required to write a thesis on some educational subject. Since I was obliged to remain home three years after graduating from the eighth grade before I could go to high school work, I was interested in some school system which gave equal opportunities to boys and girls, a system which would give rural boys and girls chances to secure and education while they were at home and under parental supervision. I, therefore, chose as title for my thesis, "The Consolidated School Movement in the United States."

Dr. Waide rated my thesis among the first.

After graduation from Hope in 1915 I was elected as superintendent of Johnston consolidated school, the second consolidated school of Polk county, where Des Moines (the city of certainties), is located. This school was also one of the first consolidated schools in the state of Iowa, "the state where the west begins and where the tall corn grows."

After remaining at Johnston for four years, I was elected at Bondurant, Polk county, Iowa. This school was organized in 1920 as a consolidated school. I moved from Bondurant to New Providence in 1924 where I am living with my family in the school cottage at the present time. The consolidated school was adopted in Iowa as a solution for the education of the rural school children. Today there are 389 consolidated schools in Iowa.

Since I have been at New Providence for eleven years and because it ranked as one of the two best communities in the state by Hon. Henry A. Wallace, our secretary of agriculture, I will explain our school system as it is in operation at the present time.

The school district comprises 36 sections. It has 8 motor bus routes and 2 short auto routes. The buses are owned by the bus drivers. We have 10 acres with the school grounds, shrubbery and trees and one business building. There are 191 planted trees and 27 native trees on the school grounds. Besides the main building it has a barn for buses, a farm shop in the barn, a superintendent's cottage and a house for the janitor.

We have 104 enrolled in high school and 176 in the grades. We have 6 grade teachers and 5 high school teachers. The grade teachers hold state certificates with two years or more of education beyond the high school. The high school teachers have their A.B. or B.S. degrees and several have master degrees. All the teachers are specially trained for their respective subjects.

We offer college preparatory, vocational agriculture, home making courses and business training. The rural boys are trained and educated to become good farmers. In the farm shop they repair farm equipment, gasoline engines, make rope, spice rope, build wagon boxes, chicken feeders, hog houses, single trees, double trees, sharpen saws and also do forge work.

The agricultural course includes farm shop, farm crops, animal husbandry, farm accounting and farm management. The instructor is appointed for full time in agricultural work and half of his salary is paid by the federal government under the Smith-Hughes system.

The girls take cooking, sewing, household art, household art and related subjects. All of this work is also done under state supervision and is called vocational homemaking under the Smith-Hughes system. About half of the teachers' salaries is paid by Uncle Sam.

The boys belong to the Future Farmers of America organization and 4-H clubs. Boys and girls compete in county and state contests with other schools. We have won many honors in competition with other schools.

One of my boys raised 125 bushels and 50 pounds of corn on one acre and won a trip to the International Stock Show in Chicago. One outstanding homemaking girl won second in the state health contest.

AIRPORT COMMITTEE NAMED

The following were named members of the city airport committee Wednesday:

P. T. Cheff, vice president of the Holland Furnace company; Peter N. Prins, local licensed airplane pilot, and William M. Connelly, manager of the Chamber of Commerce.

Arthur W. Wrieden, president of the Chamber of Commerce, made the appointments. Other members of the committee are Aldermen Ben Steffens, Peter Huyser and John Vogelzang.

THREE WOMEN FINED; TWO GO TO JAIL

Both Miss Marjorie Patches, age 18, and Mrs. Daisy Helms, 40, were sentenced to five days in the county jail by Justice Paul Behm, Grand Haven. Miss Patches pleaded guilty to larceny and Mrs. Helms, who at first demanded a trial, later pleaded guilty to receiving stolen property.

Complaint was made by Mrs. Celia Humbarger, Grand Rapids resortor, who alleged she lost property valued at \$45 which included a wrist watch and some money which she had in a purse.

Elmer Humbarger, 39, was fined \$14.10 costs for operating the Silver Beaver club in Tallmadge township without a license. It was at this club that the disturbance arose when Mrs. Humbarger discovered her loss and tried to reclaim her property from Mrs. Helms, who, she claimed, had placed the watch and money in her own pocket book.

Rev. M. E. Stegeman of Hesperia, Iowa, is in Holland visiting his sister, Miss Hilda Stegeman.

Mrs. Bert Slagh and daughter, Violet, have returned from a visit to Elmhurst, Ill. Miss Slagh will spend the remainder of the summer at Whitefish lake.

and first in the state in clothing and ranked among the first in the national contest at Chicago. Club work and contests with other schools and groups appeal to boys and girls.

In our school we try to give our boys a well rounded development, spiritually, intellectually, physically and socially.

Our teachers take turn per week in opening our school sessions with prayer and Scripture reading. Our school is located in a friends community. They believe in the principles advocated by William Penn.

We offer courses which fit the needs of the community and try to find out where the student's interest lies and for what subjects they have special talent. We give academic tests to all students.

These tests are prepared by the professors of the state University of Iowa. Our graduates enter denominational colleges and state educational institutions without examination.

All the students take physical training and play several kinds of games. Although our gymnasium is small we won the county championship in basketball for the last three years. In baseball we have won the county championship several times, one district championship and lost the final game of the state series two years ago, 1 to 0. One of our graduates, Malo Reence, was a pitcher for the state university team and in a tour of Michigan this summer beat the state normal at Ypsilanti, 4 to 0.

Our boys won 41 out of 45 games which they played in baseball during the last three years. We have an electrically lit diamond for night ball, costing about \$300.

Our boys and girls make social contacts with other school students since they take part with other schools in declamatory contests conducted by the county and the state organizations, in competing in district and state music contests and other music festivals. We have club parties for our students during the school year and also a high school party for all the students at the opening of school in the fall. All parties are conducted under faculty supervision.

During the last two years CWA men have built typewriting tables, cupboards, bookcases, agricultural laboratory tables, painted farm shop in the barn, varnished woodwork, decorated rooms and planted 8 maple trees. The total value of work amounted to about \$2,000.

Under the emergency relief program we conducted classes in adult education in German, religious education, modern history, typing and business English. During the summer 50 boys and girls have been playing tennis, kitten ball and basketball under a trained physical director.

Summary of advantages of consolidated or community schools:

Equal opportunities to all boys and girls.

Education which fits the need of a community.

Rural boys and girls are on an equal footing with their city cousins.

Develops community spirit and civic pride.

Makes for better citizenship.

Superior training in educational subjects.

Unity of purpose and ideals.

Rural cultural development.

Parental care and supervision for boys and girls in teen age.

Gives boys and girls a brighter outlook on life.

Develops good school spirit, reducing disciplinary problems to a minimum.

Good Features of Our School.

We have no bonded indebtedness. More college graduates in our district than in any community in the state.

People are free for prohibition. Saloon opened for business was struck by lightning on a moonlight night!

Harmony and unity on the board of education, which expects to build a community hall and gymnasium at a cost of \$23,600.

Farmers own all business houses except two.

Conducted lyceum course for 50 years, even during depression.

Generous spirit in community affairs and development.

Free entertainment afforded.

Farm bureau is a strong organization.

Many organizations for community betterment.

Three farmers honored by Hon. Henry A. Wallace as master farmers.

Three churches in the district belonging to one denomination, Friends.

Friends in name, spirit and service.

Lake Shore Sugar Beet Extensive

GOOD NEWS FROM THE HOLLAND SUGAR INDUSTRY

L. R. Arnold, treasurer of Holland Sugar Factory association, reports that practically every sugar in the 16 counties covered by this sugar beet district has received first payment on the 1934 year. The sugar section guaranteed a parity price on the 1934 crop. A guaranteed price of \$125 per ton was given. If parity figures worked out higher than this the growers would receive the higher figure. Growers are now assured of a payment of \$175 per ton on the 1934 crop. Refund payments on the 1933 crop amounted to only 9c per ton on the 1933 harvest. Checks covering this payment have been received and such checks are being distributed by L. R. Arnold, agricultural agent who serves as treasurer of the association.

The Holland factory district covers territory reaching from Manistowish in Michigan to Chicago in Illinois. Sixteen counties in Michigan, Indiana and Illinois are included in the district. Officials in charge have more than the ordinary amount of work in carrying on the program.

Compliance work on wheat contracts in Ottawa county has been completed and inspection of papers is in progress. The allotment committee has completed much of its work and expects to have finished all work by August 1. Papers will then be transmitted to the wheat section by L. R. Arnold, agricultural agent. Final payment on the 1934 will follow shortly after receipt of compliance papers in Washington. The program called for reduction of acreage during the 1934-35 years with payments covering the 1933-34 harvest.

At the present time the wheat section is working out a new program covering a four-year period. Farmers from 20 or more states have been called to Washington to assist in drawing up the future program.

Field supervisors on the corn-hog program are practically finished with field measurements. All data is to be turned in by Aug. 1. Excess acreage is to be disposed of by Aug. 1, otherwise any contract signer with such acreage will be in default.

CHARGED WITH STEALING WATCH AND JEWELRY

Norman Plenn, 27, and his wife, Elsie, both of Chicago, who appeared before Justice Herman Cook of Allegan Tuesday morning on charges of larceny, were bond over to circuit court with bond fixed at \$2,000 for each. So far bond has not been furnished. The couple was charged with having broken into the parked car of John Bennett and his wife, and Mr. and Mrs. Charles J. Walker of Rockwell, Texas, tourists, who had stopped about one mile south of Pier Cove, Allegan county, to swim, and taking money, watches and rings valued at about \$500. It is thought that they might be responsible for other thefts from parked cars reported to Allegan county and Van Buren county officials. The Plenns have been staying at a resort in that vicinity.

SPORTING JOTS

BASEBALL, PAST AND FUTURE

Three headline baseball attractions are scheduled in the next ten days for lovers of the diamond pastime.

Saturday at 3 p. m. at Riverview park the Grand Rapids Peffer Beers, led by Manager Cal Wenger, well known baseball figure in the state, will meet the Flying Dutchmen in the "rubber" of a three-game series.

Next Wednesday, John Shackelford's Colored Giants of Grand Rapids will perform at Riverview park at 6 p. m. Keen rivalry has developed between the two clubs, and Holland holds an edge of two games to one, in spite of a 7 to 5 victory by Shack here Wednesday.

The crack Postum nine of Battle Creek will be here Saturday, August 10, at 3 p. m. It will be the only appearance of the season of the Postum City club at the Holland park.

Holland, with a record of 11 victories in 18 starts against the strongest foes available, has been bolstered by the addition of Allen Kronbach, ace pitcher of the Michigan State college nine for three years. Kronbach is employed as a chemical engineer at the Mosser Leather company for the balance of the summer, and he hopes to be in shape by Saturday.

The local nine has been setting a defensive record with errorless games against Shackelford and St. Joseph to run its string of perfect innings to 21. Holland lost to the St. Joseph Auto Accessories Saturday, 9 to 6.

Returns on Saturday's Detroit-Cleveland game will be announced at Riverview park Saturday.

MAYOR'S MESSAGE

July 29, 1935.
To The Honorable Common Council of the City of Holland.

Gentlemen:
I have called you together this evening in special session to bring to your attention the question of the city's future relationship to the numerous and varied projects offered to the municipalities by the United States government.

This is a problem which in my opinion deals largely with the question of finance, and it is my sincere hope that each and every one of us shall consider it in the same careful and conscientious manner that he would a problem relating to his own private affairs.

My judgment, in regard to many of the projects proposed to me at various times by different individuals and groups, is in part best expressed in an editorial entitled "If It Can Be Done" of The Grand Rapids Herald, dated July 28, 1935, which I quote in part at this time:

"The two most important projects that can possibly be conceived in Grand Rapids, work to be done by means of government aid, are the erection of a joint city and county building and the building of more viaducts across the maze of tracks at Hall, Wealthy, Bartlett and other streets, along with the separation of grades elsewhere in the city. There is a question, to be sure, whether any of this type of work can be done without the outlay of large sums by the city, which it cannot afford. The WPA allotment of money is to be tied up with restrictions so that perhaps nothing can be done more useful than pulling up street car tracks and cutting weeds. But it is worthwhile to investigate to the limit these possibilities, in order that we may get something useful out of the shaking of the Christmas tree. Of course, all these things may be done under WPA but that entails bond issues by the city to provide its share of the funds. We doubt if the people of Grand Rapids who are beginning to realize what a tremendous burden of taxes they are going to be called upon to pay to help liquidate the tremendous debt the federal government is piling up, will be willing to plunge the city into more debt, even for the worthwhile purposes mentioned."

We are projects which I feel should receive our consideration. During the past week a prominent citizen of our city, Mr. Andrew Klomprens, again brought to my attention the project of constructing a modernized playground for the youth and adults of Holland. The remainder of this project immediately appealed to me, because the playground movement, as the members of this council well know, always has been one of my pet hobbies.

We are very gratified at the results already obtained by the board of public works in the work it has so far accomplished in eliminating obnoxious odors at the city sewage disposal plant. It is my understanding that it will take several thousand dollars to complete this work satisfactorily. If arrangements can be made with the United States government to finance this project, I would favor it.

This council has already given the board of public works authority to negotiate with the federal government for financial assistance in the constructing of a warehouse building. This we all agreed was a good project.

As the mayor and council of the city of Holland, we must at all times avoid highly speculative and fantastic projects so that the financial condition of our city will remain sound.

Respectfully submitted,

NICODEMUS BOSCH,

Mayor.

GOING OUT WITH ANOTHER'S WIFE DOESN'T MEAN 50c FISH LICENSE

A new "racket" in connection with the purchase of non-resident fishing licenses has been brought to the attention of the Department of Conservation. A number of instances in which non-resident sportsmen have obtained "wife" licenses at the reduced fee of 50 cents for their women companions has been reported. This is legal if the woman companion is the wife of the applicant, but illegal if she is not.

The racket constitutes a violation of the law and conservation officers have been instructed by the Department of Conservation to investigate carefully the fishing credentials of suspected non-resident anglers. The non-resident annual fishing license for men or women cost \$2, except that the wife of a non-resident angler over 18 years of age may obtain a similar license for 50 cents. Non-resident special 10-day licenses for men cost \$1 and similar licenses may be obtained for the wives of applicants for 50 cents. Who knows a game warden may catch a scandal as well as a fish violation!

MAY MAKE CENTURY OF MISSION SERVICE

Miss Jennie A. Pieters, sister of Dr. Albertus Pieters, professor of Bible and missions in Western Theological seminary, plans to return to her post as Reformed missionary to Japan, sailing from San Francisco Aug. 20.

If Miss Pieters is permitted to complete her next term of service in the Orient she will achieve distinction with her brother and sister-in-law of rounding out a combined missionary service of 100 years in Japan.

Dr. and Mrs. Pieters together served 64 years as Reformed missionaries before they retired to locate in Holland and Miss Pieters will enter her thirty-second year of service when she reaches Japan.

GRAND HAVEN SOCIAL AND PERSONAL

Waukazoo Horse Show to Take Place Saturday

AT LEAST A 1,000 HORSE FANCIERS ARE EXPECTED TO SEE PONIES

The fourth annual Waukazoo Inn horse show will be held tomorrow, Saturday, according to Selvester E. Paulus, manager of the hotel. The show at the resort on the north side of Lake Macatawa will be Michigan's largest summer horse show.

Due to the rapid growth in popularity of the annual event in recent years, the 1935 show is expected to surpass the 1934 exhibition, at which there were 44 entries and a crowd of over 800 lovers of horses. This year an entry list of about 60 is expected.

Thirteen classes will form the exhibit. They are as follows, according to the official announcement by the committee in charge: Class number 1, ponies ridden by children; number 2, horses ridden by children under 18; 3, three-gaited horses; 4, girls' camp class, open to girls enrolled in Michigan summer camps, livery stable horses to be ridden, to be judged on horsemanship only; 5, five-gaited horses; 6, combination class, in harness, and under saddle; 7, ladies' three-gaited horses; 8, pair of horses, to show in walk, trot and canter, faults of either rider to be charged against pair.

Class number 9, junior jumping; children under 18; six jumps—three feet six inches; judged on performance only; 10, pairs of jumpers, eight jumps—three feet six inches, judged on performance only; 11, touch and out, eight jumps—four feet; 12, hunters, any weight, six jumps—three feet eight inches—conformation 40 per cent and performance 60 per cent; 13, elimination high triple bar jump.

The latter contest was won in 1934 by Limerick, owned by T. Sheff and ridden by Miss Sawyer. The winning height was five feet nine inches.

Too much credit can hardly be given to Michel for their efforts in making the Waukazoo horse shows successful, Mr. Paulus said.

The following committee is in charge of the Waukazoo Horse Show Saturday: Michel de Thorogevsky, chairman; Bill Eaton, Sylvester Paulus, hotel manager; R. Don Matheson of the First State bank; D. McDonald, John Boone, well known horseman, and Hollis Baker of the Baker Furniture Co.

Awards Given

A trophy and a blue ribbon will be awarded the winner in each class. Second and third places will receive red and white ribbons.

Other events of the day are a tennis match between Port Sheldon and Waukazoo in the West Michigan Resort league at 9 a. m. and a dance in the inn at 10.

HOPE GRADUATE PLANS MISSIONARY ENDEAVOR

Miss Ethel Adella Boot, recent graduate of Hope college, has received an appointment—short-term Reformed missionary to China and plans to make the trip across the Pacific from Seattle on the steamer President Grant with Rev. and Mrs. E. W. Koeppel, Dr. and Mrs. Clarence H. Holleman, Miss Tena Holkeboer and Miss Jean Nienhuis on the completion of their furlough Aug. 17.

Miss Boot is a daughter of Rev. and Mrs. Harry P. Boot, missionary, in China since 1903 and 1908, respectively. Her sister, Marian Genevieve, completed her course at Hope in June, while another sister, Beatrice Anna, and a brother, Ernest Raymond, are pursuing their courses at Hope. Their father was graduated from Hope in 1900 and from Western Theological seminary in 1908.

THREE NAMED TO HEAD STATEWIDE COMMITTEE FOR LOCAL NOVEMBER EVENT

(Grand Rapids Press)

Mrs. Sears R. McLean of Holland, state president of the Michigan Federation of Women's Clubs; Mrs. Paul W. Jones and Mrs. Thomas F. McAllister of Grand Rapids were named Thursday to head a statewide committee for the Michigan Women's Centennial exposition to be held Nov. 11 to 16 in Civic auditorium.

Women who are leaders in social, civic and club life of each county will serve as leaders of county committees in the promotion of the event. Efforts are being made to enlist every community in the state in the program which will be devoted entirely to women's affairs. Mrs. Noyes L. Avery, Mrs. Julius H. Amberg, Mrs. Fred M. Raymond, Mrs. John T. Hodgen and Mrs. Harry Kelley compose the advisory committee.

OTTAWA TO CLEAN UP SLOT MACHINES

Sheriff Benjamin Rosema has served notice on operators of slot machines in Ottawa county that the gambling devices must go. Officers Saturday afternoon raided several places in the northern part of the county and confiscated five machines, and other raids will be made unless the machines are removed.

OTTAWA W. C. T. U. MEET SET FOR AUGUST 15th

The 56th annual convention of the Ottawa County Woman's Christian Temperance Union is to be held at the Methodist church in Nunica on Thursday, August 15. Miss Margaret Bils of Spring Lake, president of the organization for many years, and Mrs. Julia A. Lillis, of Coopersville, are in charge of the arrangements. Not a few from Holland will attend.

Miss Josephine Van Dragt, 325 West Thirteenth street, spent three weeks visiting in Decatur.

FISH STORY TOO SMALL

Percy Ray couldn't get by with this fish story since Justice Hoffman was the judge and jury of how large the fish was and he didn't stretch the story and called the black bass too small. The fish caught Ray for \$11.85 and there was no fish dinner either. Pine Creek bay was the fishing grounds and the game warden was on the ground.

BUSY SEASON FOR THE 4-H CLUBS

July has been a busy month for 4-H club members. All were busy attending to their various projects. Exhibits of the crops and live stock will be made at the Berlin fair in August, the Zeeland Community fair and Coopersville 4-H Achievement Day in October. Some fine club meetings have been held during the past month. A joint meeting of the Hambleton and Henry clubs was held at the Marne school July 25. A hotly contested ball game between members of the two clubs was probably the most interesting project of the meeting. A rally put on by the boys of the Merton Henry club in the last inning won the game, 9 to 8. Boys of the Hambleton club were handicapped due to the fact that two of their star players could not attend the meeting. The losers are out for revenge, and the next game may show different results.

The 4-H Sugar Beet club of Zeeland held a picnic at the Ottawa Beach July 25. This is the largest club in the county and it is making an enviable reputation. However, the club seems to be unfortunate in selection of picnic days. In June a downpour of rain ruined its beach picnic. The second picnic was set for July 24 and again the beach outing was off. However, leaders had anticipated just such an occurrence. In case of rain on the 24th the picnic was to be held the following day. Club members were in charge of Mr. Ten Have while at the beach.

Mrs. Maurice Clemons and children, Barbara Lou and Bobby, and Miss Davey of Lansing visited the Bakers last Sunday.

BIDDERS ON HOLLAND ROADS

Highway Commissioner Murray D. Van Wagoner has stated that construction work on new highways, two of which are in Holland's area, is to begin Aug. 5. According to United Press dispatches from Lansing, the Grace Construction Co. of Marshall was low bidder on the bulk of work on M-40 to Hamilton and U.S.-31 to Saugatuck in completed tabulations. The Marshall company entered a bid of \$251,893 for 8.4 miles of grading and drainage and 20-foot concrete pavement on U.S.-31, Saugatuck to Holland, including 3 mile in the city. The company also entered a low figure of \$147,520 for 6.1 miles of 20-foot concrete pavement on M-40, Hamilton to Holland. A third project, 1.4 miles of 20, 28 and 36-foot concrete pavement on M-40 through Hamilton, went to George L. Chalmers of Grand Rapids at \$65,884, according to tabulations.

Coert Rylaarsdam, short term missionary to Arabia, on furlough, arrived in the city Tuesday afternoon and will spend several days here.

Reformed church pastors who visited in the city Monday were the Rev. B. J. Wynveen of Cawker City, Kans.; the Rev. George Heneveld of Wyckoff, N. J., and the Rev. John A. Klaaren and family of First Reformed church of Roseland, Ill.

Mrs. A. W. Wrieden of Edgemoor, on Lake Macatawa is vacationing in Canada with her daughter, Katherine and son, Arthur, Jr. They were guests this week at Jasper Park lodge, Jasper National park, Alberta, Canada. They expect to return here about the last of August.

Judge Fred T. Miles, Ottawa county circuit judge, in an opinion today, denied a rehearing of the suit brought by Herbert Van Eenennaam against the Coopersville Cemetery association.

A Vander Hill of West Twentieth street is spending a few months in Grand Rapids with Mr. and Mrs. John Nagelkerk.

POSTAL EMPLOYEES AT HOLLAND ENJOY TUNNEL PARK PICNIC

Mail carriers laid aside their bags Saturday and postal employees their duties to attend a picnic at Tunnel park on Lake Michigan, in honor of ex-Postmaster A. J. Westveer, who recently resigned, and Postmaster L. J. Vanderburg. The affair was attended by approximately 125, including rural and city carriers as well as auxiliary carriers and their families.

At the close of business at 4:30 this afternoon the group left the office, and all thoughts of it, to journey to the beach. Transportation was provided to and from the picnic.

The afternoon was spent in informal games in charge of John Mills and Sipp H. Koutman. A pot-luck supper was served. Clarence Fairbanks was chairman.

A picnic was held at Tunnel Park Saturday for members of the postoffice staff. A. J. Westveer, retiring postmaster, was presented with a gift. A bouquet of flowers for the desk of the new postmaster was given by Geerlings. Baseball was enjoyed.

CAMPING POPULAR DURING PAST WEEK

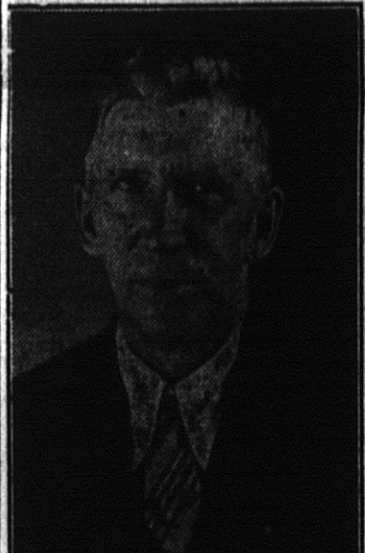

One of the heaviest camping crowds of the year was registered at the Grand Haven state park this week-end. There were 85 camps registered on Saturday with a total of 248 tents and 48 housecars during the week.

The total number that visited the oval during the week was 117,823. The Sunday crowd registered 38,000. Bathing continued very popular with the water registering 75 degrees. Today with a change of wind the water is not quite so warm.—Grand Haven Tribune.

FORMER DRAIN COMMISS- SIONER BADLY HURT

George C. Borch, state commander of the Spanish war veterans, and former Ottawa county drain commissioner, is in the Fremont hospital with severe injuries following an automobile accident which occurred Saturday afternoon at White Cloud.

His head and chest are injured, according to reports received from the family. He was taken from the car in an unconscious state and his granddaughter, Miss Margaret Rank, who was with him,

GEORGE BORCK Seriously Injured.

was also given treatment at the hospital. She was released Sunday and has returned to her home in the township.

Mr. Borch and his granddaughter were riding with Mr. and Mrs. Nelson and their daughter, Eleanor. It was reported that their car collided with another.

Both Mr. and Mrs. Arthur Nelson were severely injured. Mrs. Nelson receiving a severe scalp wound. The car was demolished. While Mr. Borch is seriously injured it is not believed his condition is critical. He may have to be confined to the hospital for some time. Borch is well known in Holland.

Many Game Laws Violated During June

IN ALL 333 ARRESTS FOR BREAKING THE SEVERAL GAME REGULATIONS

Thirty arrests were made for breaking the commercial fishing regulations in June. Fifteen individuals were charged with illegal possession, shipping or sale of short whitefish and four accused of possession or sale of undersize perch. Possession of short pickerel and undersize lake trout was responsible for three additional arrests and all told an aggregate of 5,134 pounds of illegal fish of commercial species were confiscated.

Arrests for violations of the commercial fishing laws follow: Possession of short whitefish, 14; selling undersize perch and possession of undersize yellow pickerel, 8 each; setting deep trawls in more than 80 feet of water, setting nets in closed waters, commercial fishing without a license, 2 each; operating boat without license, possession of undersize perch, possession of undersize lake trout and shipping short whitefish, 1 each. Total arrests during June showed a slight increase over the May report. Of the 333 total arrests, 306 were for illegal fishing, 24 for illegal hunting and 1 for setting a fire without a permit. There were no arrests during the month for infractions of the trapping laws.

Inland lake fishermen seemed impatient during June and there was a marked tendency among violators to jump the gun on the bass and bluegill season. Seventy-three anglers were arrested for fishing on inland lakes before opening of the season and 51 for taking bluegills and sunfish during closed season. Eighty anglers were accused of fishing without a license and convicted.

Total fines of \$1,791 and total costs of \$2,081 were assessed violators in justice court. An aggregate of 334 days in jail was meted out. Fines were suspended in 118 cases, 17 violators were given parole or probation, 8 dismissed or suspended and 3 cases were lost. Besides the 5,134 pounds of commercial fish, conservation officers confiscated approximately 800 illegal black bass, bluegills, sunfish, warmouth bass, walleyed pike and trout, most of them undersize; 7 rifles, 2 shotguns, a rowboat, gillnet, 3 jacklights, 4 spears, a bear trap, 14 raccoons, 3 ferrets, 30 minnow traps, 2 hen pheasants, 30 pheasant eggs and a deer fawn.

Arrests for violations of game-fish laws consisted of the following: Fishing without a license, 80; fishing on closed lakes, 73; illegal possession of bluegills and sunfish, 60; illegal possession of black bass, 12; possession of minnows without a license, 11; possession of undersize brook trout and possession of spears on inland waters, 10 each; possession of undersize walleyed pike, 7; making false statement to obtain resident license, possession of spears on trout stream, possession of undersize black bass, netting or spearing bluegills and black bass, 2 each; netting inland waters, fishing with borrowed license, removing minnows from trout stream using set line, operating motorboat over spawning beds, non-resident fishing with resident license and exceeding legal number of lines, 1 each.

Arrests for violations of hunting laws were: Possession of firearms in closed game areas, 8; possession of raccoons, 4; shooting protected birds, 5; possession of hen pheasant and eggs, 2; possession of ferrets, possession of loaded gun in automobile, attempting to trap deer, illegal possession of deer fawn and training dog in closed game areas.

"MISERY CHISELER" GETS TWENTY YEARS

Alfred Otto Wagner, "misery chiselet" of New York, was sentenced to 20 years imprisonment when he pleaded guilty Friday to one of nine counts of an indictment charging him with violating the postal code. Wagner was accused of mailing extortion letters to friends and relatives of kidnapped persons.

INSTRUCT CHILDREN IN SWIMMING

At least 50 children from Zeeland were taken by truck to Ottawa Beach via Holland to receive instructions in life saving and swimming, under the direction of Edward Damson, Red Cross examiner. A weekly program has also been arranged at a swimming pool near Zeeland.

Yesterday the welfare gave a canning demonstration at Hudsonville High school, which was largely attended.

FERRYBURG FIRM TO BUILD BOILERS

Johnston Bros., Ferryburg, manufacturers of heating boilers, have been awarded the contract for the new boilers to be placed in the Grand Haven federal building, which is now being improved by a \$45,000 addition. Excavation of the space which will provide for the addition to the present building has been completed and work is being started on the forms for the foundation.

HOLLAND COUPLE WED 43 YEARS ARE FETED

Mr. and Mrs. Peter Dornbos, 38 and 80 respectively, yesterday celebrated their 43rd wedding anniversary with a basket picnic at Tunnel park. The couple, both natives of The Netherlands, were married in Muskegon and lived there for a year before coming to Holland. They have seven children of a family of 11 living and have 13 grandchildren and 4 great-grandchildren.

The News has repeatedly written up the history of this fine old couple.

William Spero has an interesting and instructive exhibit in his place of business, the Allegan Candy Kitchen. It is dozens of silkworms spinning cocoons on twigs. Mrs. Spero, who had experience in Greece where silk is developed in this manner commercially, sent to that country for silkworm eggs. When these arrived they were placed in warm cloths and hatched. The worms were then fed mulberry leaves and they crunched these until they feel the urge to go to work. After they have made the cocoons about their bodies, they start undergoing a change. They change their skins four times in ten days, and if left undisturbed will come from the cocoon as butterflies. In commercial production however they do not permit this, as it breaks the threads, so the cocoons are dipped in hot water and the lives of their occupants ended.

FENNVILLE WANTS PETUNIA LANES LIKE HOLLAND'S

The idea of planting lawn strips by the roadsides at Fennville after the fashion of Holland's "tulip lanes" is evidently spreading. Petunias make a showy display and patches of pink and purple in front of some Fennville homes present a most attractive appearance. The strip in front of the Hawley property on West Main St. of that village at present is delighting the eye with a profusion of petunias—in fact, these grounds offer an all summer charm, first with tulips, then with petunias and with many-hued hollyhocks. W. S. DuVall also makes a hollyhock display that wins wondering admiration. Why not a uniform flower "lane" from Cozy Corner to the end of the pavement on East Main St., with different kinds of flowers as the seasons advance?—Fennville correspondent.

CLAIMS PIKE CAUGHT IN MUSKOGON RIVER IS 12 YEARS OF AGE

John L. Richards of 440 Lyon St., N.E., Grand Rapids, has learned that a wall-eyed pike which he took from the Muskegon river June 12, was about 12 years old. Richards caught the pike while casting with an artificial pike minnow above Hardy dam. It weighed 12½ pounds, measured 34 inches in length and 18 inches in girth. Scale samples were sent by Richards to the Fisheries Division, Department of Conservation, and forwarded to the Institute for Fisheries Research at Ann Arbor for examination. Gerald P. Cooper, forage fish investigator of the Institute, reported as follows: "The examination of the scales which you enclosed revealed that this fish was definitely either 11 or 12 years old, probably 12. Scales of such large and old fish are very thick and difficult to examine, thus a determination of the age of such a fish is somewhat more uncertain than that of a younger fish."

Take Your Time, Tourist!

How much is the average tourist's time worth? Probably he would hardly be able to prove that by taking a few minutes or even hours more for his journey, he would be greatly the loser in money.

But the American Automobile Association has an educational campaign to teach motor car users economy by persuading them to cut their speed. The slogan is "Discard the speed complex and become economy conscious." Observation of it would do wonders in saving lives and property and it would lessen costs to the motoring public by a sum well worth saving. "Tests have shown," say AAA officials, "that with the average car and on the average highway a motorist traveling at 40 miles an hour will get four more miles to the gallon of gasoline than will a motorist traveling at 50 miles an hour. The former will get twice the mileage from the same quantity of lubricating oil. Higher still will be the margin in his favor when wear and tear on the car and the physical and nervous strain on driver and passengers is considered."

The proposition should be considered seriously by all who use the highway. Is the little time possible risk of life and certain loss of money? Go a little slower. Life will be safer; cash will go farther; the old car will last longer and make less trouble, and the trip will be much more enjoyable.

The Art Association is making plans for the second annual Art Ball, Aug. 14, in the Big Pavilion, Saugatuck.

English Sparrow Rated as Bird Killer

It would be difficult to find anyone more keenly interested in birds and their protection than Edward I. Chase, 75-year-old resident of Holly, whose winter feeding shelves and bird houses and shelters erected every spring prove havens of refuge and nesting sites for many species of native song and insectivorous birds. He even has a warm spot in his heart for that noisy and somewhat quarrelsome fellow, the blue jay, which is a frequent winter visitor to his premises. But there is one bird whose activities there are greatly resented by Mr. Chase, and that is the English sparrow. "Last year," he writes, "I saw two sparrows bothering a mother blue bird nesting in one of my bluebird houses. She chased them off three different times, but while she was busy at this the last time a third sparrow went in the house and picked up three eggs and dropped them out on the ground. I also had three tree swallow houses up last summer," continues Mr. Chase, "and all of them were occupied. But the sparrows killed two of the swallow mothers by perching on one side of the entrance to their homes and pecking them when they stuck out their heads."

A third black mark against the sparrows recorded by Mr. Chase is their habit of building in martin houses which are or are not occupied. "In the fall when I clean out my martin houses to put them away for the winter," he writes, "I often find sparrow nests built right on young martins the sparrows have killed."

Other species in addition to the martins, bluebirds and tree swallows that Mr. Chase particularly enjoys having nest on his property are the robins, wrens and king birds. Among his most welcome winter visitors last season were downy and hairy woodpeckers, chickadees, nuthatches and a pair of cardinals.

COMMON COUNCIL

Holland, Mich., July 29, 1935.

The common council met in special session pursuant to call by the mayor.

Present—Mayor Bosch, Aldermen Van De Lunde, Drinkwater, Kalkman, Van Zoeren, De Cook, Steffens, Damson, Huyser, Bultman, Van Lente, Vogelzang and the clerk.

The mayor stated that he had a message to present to the council in regard to various suggested projects under the WPA and requested the clerk to read his message.

The message stated that he was calling this special session in order to call to the attention of the council the city's relationship to the numerous and various projects offered to municipalities by the United States government. He further stated that in his opinion that it was largely a matter of the city's ability to finance its share of such projects as might be provided, and requested the council members to consider it in the same manner as they would their own private affairs. The mayor further stated that in his message that his reaction to these proposals by the government is in line with an editorial published in the Grand Rapids Herald on July 28, which states in part that from a financial standpoint the city of Grand Rapids was unable to take advantage of these propositions due to the fact that it would involve an outlay of too much money on the part of the city which they could not afford at this time, and it might therefore be necessary to just take advantage of smaller projects which involve principally labor and not much expense to the city. He further stated in his message that he had been recently approached by Mr. Andrew Klomparsen in regard to a project for the construction of a modernized playground. The mayor stated that such a project appealed to him and he felt that the council should give it due consideration. He further stated that the work now being done by the board of public works at the sewage disposal plant and also the proposal for the new warehouse met with his approval. He further requested the council to at all times avoid highly speculative and fantastical projects so that the financial condition of the city would remain sound.

On motion of Alderman Van Zoeren, seconded by Alderman Drinkwater, the message was accepted and filed.

In commenting upon the mayor's message it was brought out that the city had previously authorized the playground commission to make application for a project covering tennis courts and other playground improvements. Alderman Van Lente felt that this should be followed up to find out how the application for this previous project has progressed.

Alderman Van Zoeren, chairman of the playground commission, stated that he would make an effort to secure as much information as possible and report to the council at their next regular meeting.

Mayor Bosch also stated that the city engineer had suggested applications for two culverts that would save the city money and he felt that such application should be made.

Mr. John Arendshorst appeared before the council and stated that he had by chance met a representative of the state highway department who had requested him to find out from the city if a room is available in the city hall which could be occupied by the state highway department men during the next year while the roads in this vicinity are being built.

The council felt that the small room adjoining the council chambers should be turned over to the state highway department engineers and on motion of Alderman Van Zoeren, seconded by Alderman Van Lente,

The matter was left in the hands of the city clerk with instructions to make necessary arrangements for this room. Mayor Bosch stated that if the representatives from the federal housing administration who are now using the room, are not through with it, that he could turn over his office to these state highway department men until such time as the other room is available.

Adjourned.

SCIENCE BRINGS NEW FREEDOM TO THE WOMEN OF HOLLAND

YOU CAN THANK ELECTRICITY for a lot of things — but none more wonderful than modern ELECTRIC COOKERY. You can cook a whole meal without being near the range. You can preserve the healthful vitamins and minerals of the food you buy. You can cook more accurately — and more appetizingly. You can do ALL THIS — AND MORE — in a kitchen as cool as your outdoor porch. You don't even have any scouring of pots and pans — nor any sooty walls or ceilings. Surely it is your ambition to cook better meals and to be FREE from Kitchen Heat and Drudgery. Then, by all means, INVESTIGATE this scientific use of CHEAP ELECTRIC HEAT!

John Van Bragt, park superintendent, proved to Holland folk recently that bananas can be grown in Holland, when he displayed samples of the fruit grown here. The bananas were under-sized and green. Several samples were picked but no one ventured to eat the fruit, preferring to eat the home-grown variety. Members of the park and cemetery board received complimentary samples from John Van Bragt.

Five members of the engineering division of the state highway department, headed by L. L. Davis, will take up work of supervision on Holland's highway projects beginning August 6. The group, coming from Battle Creek are W. B. Lewis, Charles Lumber, G. Benedict and E. P. Norton. They will make their homes here for nearly a year. At a special meeting Monday night of the common council, Oscar Peterson, city clerk, was authorized to provide ample room for the engineers. The office of the mayor will be used if no other room is available.

As a reward for his outstanding qualities as citizen-soldier in the C.M.T.C. at Camp Custer, Steve B. Fuller, 216 West Fourteenth street, has been designated as cadet non-commissioned officer. He is a sergeant. Jason Woldring, another Holland boy, and Fuller returned home Tuesday.

Peter Mulder, 670 Michigan avenue, pleaded not guilty in court of Justice Elbern Parsons Monday on charges of assault and battery preferred against him by his daughter-in-law. Date of the trial will be set by the court later, the justice reported.

Gordon Cliffman, 7, has returned to his home, 369 Columbia avenue, from the Holland hospital. He was seriously injured when struck by an automobile two weeks ago. Raymond Knothuisen, Gerrit Nevenzel, Albert Nienhuis, Lester Weinhuis, H. Vander Zwaag and H. W. Fleischer attended the Cincinnati Reds-Grand Rapids all-star baseball game at Grand Rapids Monday.

Dear Mr. Butterfield:

My attention has been called to the fact that your organization will celebrate Greater Movie Season, August 4 to 10, signifying the start of a new show year.

In times like these, when so many of our people are beset with difficulties of an economic nature, the value of good, clean entertainment cannot be over-estimated. An organization such as yours, has a great opportunity to brighten the lives and promote the happiness of our people; and I know that Greater Movie Season will go a long way in accomplishing this laudable purpose.

With best wishes for your success, I am

Sincerely yours,

JOSIAH

(II Kings 22:1, 2, 8; 23:1-3, 21-23)

Henry Geerlings
 It was a great find that Hilkiah made in the temple. No doubt many things of interest were discovered in this reconstruction process in this place of worship, but they faded into insignificance alongside of the finding of a part of our Bible. Here was recovered a book that had power in its pages, power to affect men's thinking and their living and their social and political relationships. One has curiosity enough in his heart to wonder how such an important bit of religious literature could have been lost. And yet one need wonder long about it. This nation was unfortunate enough to have had kings for a long time, men who had forgotten the God of their fathers, men who had no respect for individual and national righteousness, men who were enamored of a very natural process become neglected and finally forgotten.

When our rulers and leaders go wrong we cannot wonder that the people go wrong. Give this country, if such a thing were possible, several presidents who care nothing for the Bible and its pure and lofty religion and a few generations of statesmen who are not interested in the idealism of Jesus and the righteousness of His gospel and we would find a tragic evil effect upon the whole people and a lamentable social and governmental deterioration in our land.

This very Bible contains the story of deterioration that came upon a nation when it lost only a very small portion of what we have today. Here is eloquent testimony to the fact that individuals and nations need standards beyond those of their own devising and inspirations above those of their own creation if they are going to make the highest success of living. It is

quite evident that we must know a way not our own if we would travel to the best. We must have a power not ourselves that makes for righteousness. We must have ideals that are not born in our own souls if we are going to feel any pull upward. Therefore, the place of the Bible in our modern civilization cannot be overemphasized. The fact of the matter is we are more liable in these days to underestimate its value in the building of a civilization. And this is the reason for this liability—our modern day points with much pride to our advance in scientific knowledge and achievement and says, see how far along we have come.

The story of what science has done for us is a real wonder story. It is realism fairyland. And then we are reminded of our great increase in wealth. We are said to be the richest nation in the world. And we are. Certainly no sensible man would ask science to do any less than it is doing. We are not going to stop our industrialism and bury our well, but the question is whether all this is real progress?

Real progress is inspired and made possible by man's apprehension of the everlasting realities. Progress is a matter of the spirit. And as someone has said, civilization is not so much a business as it is an art and a religion. It is the soul of man that has to do with progress, not primarily his body and its comforts. After all man is not body. He is soul. He needs a body to live in which he is here on this planet, but the great and masterful thing about him is soul.

We need the influence of the Bible in our homes where character is being formed, where are real opportunities for revealing the highest ideals and deepest sense of life's responsibilities. It will not do to have the old family Bible lying on some table where it collects nothing but dust. The Bible should lie deep in the hearts of those who constitute the home. We need the influence of the Bible in our schools and colleges and universities for a mind is not really educated until it knows what the ultimate values are and how to possess them. We need the influence of the Bible in the hearts of the powers that be, who are ordained of God that they may ordain that God shall guide them.

Mrs. Joldersma and Mrs. Roseboom were named delegates to the state convention to be held in Flint the last of August. Their alternates will be Mrs. Harry Kramer and Mrs. Martin Japings.

OTTAWA COUNTY MUCK FARMERS

Muck farmers of Michigan will gather at the college muck plots at East Lansing August 6 and 7 to study results of recent experiments. Fourteen acres of muck are used for purposes trying out different fertilizers or in using varying amounts in different ways. These plots are regarded as the most complete set of experimental muck plots in the entire country.

Muck farmers as a rule farm few acres due to intensive cultivation of high-priced land. It is essential that greater care be taken of the crops and that soil be kept in best of condition. Fertilization is required in muck farming. The muck farmer should make a close study of effects of different fertilizers. Visits to experimental plots will enable the grower to see results at first hand.

Last year so many muck farmers attended the one-day school that it was felt necessary to put in two days in 1935. The first tour of the plots will start at 9 a. m. the second at 10:30, and a third at 1:00 p. m. Visitors are advised to bring picnic dinners to be eaten in a grove adjoining the plot at which time short talks will be given by faculty members. At 3:00 p. m. a trip will be made north of Lansing for an inspection of plots of alkaline mucks and of crops on very acid muck.
