Ex-Presidents Lives.

SOME REMAIN IN RETIREMENT, OTHERS HAVE GONE TO WORK.

Special Correspondence.—When Mr. Cleveland was asked by a friend what he intended to do after he retired from the White House in 1889, he looked at his questioner rather queerly for a moment, as though the question surprised him, and then said: "Do? Why, I'm going to work again; I'm going to practice law just as I should have done if I hadn't come here. I think the most appropriate thing a man can do after he has retired from public office is to take up his private business again, unless, of course, he is too old."

Notwithstanding this opinion, Mr. Cleveland was, with one exception, the only ex-president who resumed, after his retirement, his professional work. It was reported that when ex-President Harrison left the White House to return to Indianapolis he would resume the practice of law, and moreover to become an instructor in law in the great university upon the Pacific coast. He is now practicing in his home state successfully.

There has been a feeling that he who has held the office of president should, upon retirement, enjoy a dignified leisure, and await, like one, whose career is ended, the coming of the summons. It is probable that this feeling is due to the course adopted by President Washington. He was urged to be a candidate for a third term, but declined, as he had 14 years before refused the crown. As soon as Mr. Adams was inaugurated, President Washington returned to the beautiful property which came to him through his wife, upon the banks of the Potomac.

There he lived an ideal life of retirement. He, in a general way, superintended or overlooked the property watching with intense interest the cultivation of the soil, rising early frequently and riding many miles before breakfast, and in the summer time in the afternoon walking about his gardens which a few years ago were very much in the condition in which they were when he died.

John Adams was an old man when he retired from the presidency, and yet he lived a quarter of a century after he returned to private life, and long enough to see his son a successor of his in the presidential office. Mr. Adams, on the morning that Mr. Jefferson was inaugurated left the capital and returned to his home in Quincy, Mass., where he lived, not as Washington had, the life of a country gentleman, taking keen enjoyment in the simple pleasures of the farm, but surrounded by his books, his papers, he passed 25 years mainly in his library. The old gentleman took a keen interest in affairs, and carried on an extensive correspondence. Although he was no longer an active force, still through his communications with men of affairs he managed to maintain some influence.

When Mr. Jefferson had finished his presidential term he went to his estate at Monticello. He was burdened by financial embarrassment, although this anxiety was not generally known until some years later. He kept open house, and sometimes had as many as 50 guests, the entertainment of whom cost him heavily when he was already wondering how he would be able to meet his obligations. He supervised or pretended to do so, his farm, but found each year that he was running behind, and at last in despair was compelled to make an appeal to congress to buy his library. This was done, Jefferson receiving \$28,000, but this sum only tided him over for a brief time.

During his retirement he edited his "Ana," and carried on a very great correspondence with the leading men of his party and took until the day of his death a keen interest in public affairs.

Mr. Madison when he retired from the presidency went to his Virginia estate, living perhaps the most secluded life of any of those who having gone from the presidency returned to private life. His successor, Mr. Monroe, had something the experience of Mr. Jefferson. He was financially embarrassed, and he found it imperative to do something to provide for his support. Instead of returning to Virginia he went to New York city, being perhaps the first of those who had gained distinction in the practice of law who sought New York city as a larger field for their abilities. Mr. Monroe, however, was not very successful, and died in a few years after his retirement from the presidency.

Perhaps the most remarkable career is that of John Quincy Adams after his term as president has expired. He was then a man nearly 60 years of age, and it was expected that he, following the example of his father, would return to his home in Quincy, Mass., and yield himself to a pursuit in which he found great enjoyment, the study of letters and history. And no doubt that was Mr. Adams' intention. But his constituents would not permit. They asked him if he would

consent to serve them as a member of congress, and he replied—that he knew no more honorable post.

He began a new career when he became a member of the house, and one which would have given him fame, even had he not already served in what are regarded as more exalted offices. He was the leader, a pugnacious, earnest, untiring and vigilant leader of his party, and his fight for the right of petition was one of the greatest ever waged in the house. Mr. Adams died at his post. He was observed by some of those sitting near him to have been overcome. The house immediately adjourned and he was tenderly carried to the supreme court room, where he passed away after 20 years service as a representative in congress.

Gen. Jackson went from Washington directly to his estate called the Hermitage near Nashville, where although in retirement he still, by command of influence, directed to a considerable extent the course of his party. He entertained with that gracious hospitality for which he was distinguished, and the Hermitage became a veritable Mecca for the leading members of the party until Gen. Jackson's death.

Mr. Van Buren by no means gave up his public career when he retired from his high office. He went to his home in Kinderhook on the Hudson, but he was engaged in those subtle arts of politics which had distinguished his career, and which were now directed towards securing a re-nomination in 1844. He failed in that effort, his friends have always said, through bad faith. Even then he did not abandon political activity, and was induced to accept the free soil nomination for president in 1848. It was an act which cost him the favor of the Democratic party, since it caused the defeat of Lewis Cass, the nominee of the Democracy for president.

That act ended Mr. Van Buren's public career. With the exception of Washington he was the wealthiest of all the ex-presidents, either before or after his time. A part of the year it was his habit to come to New York city and to spend two or three months renewing acquaintance with prominent Democrats.

John Tyler returned to Richmond when his term was finished, and became a public-spirited citizen. When the civil war broke out Mr. Tyler sided with the people of the state, and was appointed to some post of responsibility by the confederate government.

James K. Polk returned to his home in Nashville after his term was done, broken in health and with both his public and private career ended, for he died a few months after his retirement from the presidency.

Millard Fillmore did not give up political activity when he left the presidential office. He returned to his home in Buffalo and was actively engaged in those political movements which brought to him the nomination of the American party for the presidency in 1856. Defeated then, Mr. Fillmore, without engaging in active business, was occupied in the care of some estates committed to his charge and traveled a great deal, being everywhere received with honor as an ex-president of the United States.

Franklin Pierce returned, after he had seen Mr. Buchanan inaugurated as his successor, to Concord, N. H., where for 13 years he lived an uneventful life. He was not engaged in business; took no great pleasure in books, but it was his delight to entertain his friends and to talk of the politics of the day, as well as in a more reminiscent vein. Mr. Buchanan, after his term expired, went to his home in Wheatlands, near Lancaster, Pa., a saddened, and, many thought, a morbidly unhappy man.

He lived in almost complete retirement, and it was perhaps his misfortune that immediately following his presidential term, a civil war devastated the country, and one, which many thought, Mr. Buchanan could have prevented had he acted with the firmness which characterized Gen. Jackson. Wise men have said, however, that this war was inevitable, and that the firmness of Jackson, himself, could not prevent it had he been president instead of Buchanan.

It was Mr. Lincoln's intention after he had finished his second presidential term to return to Springfield and resume the practice of law as a counselor.

Andrew Johnson went to his old home in Knoxville when his term was finished, where he lived among his old friends in perfect democratic simplicity, and a few years later he was elected a United States senator, being the second of the ex-presidents to return to congress. His senatorial term was short, for he died in less than a year after he took his seat in the senate.

Gen. Grant really lived a life of leisure. He was interested in some business propositions, notably one in connection with the development of Mexican property, and the attractions of business life seemed to have some fascination for him, so that it was

easy to persuade him to lend his name as special partner to that unfortunate and swindling enterprise conceived and executed by Ferdinand Ward. The revelations of this dishonor unquestionably hastened the development of the insidious disease which terminated Gen. Grant's life.

Mr. Hayes left Washington within half an hour after Gen. Garfield was inaugurated, going direct to his home at Fremont, O. Here he lived in what he called delightful retirement, holding some honorary offices like the presidency of the board of trustees of the Slater fund, which gave him just enough occupation to afford a healthy variety to his manner of life. Gen. Hayes was reputed to be wealthy when he retired from the presidency, and by prudent management of his property considerably to have increased his health.

Gen. Arthur expected to return to active business and professional life in New York city. He had made arrangements for a law partnership and was thinking of some extensive investments in real estate in the upper part of New York city.

He was elected president of a corporation formed to tunnel Broadway, and as he was still a comparatively young man he hoped largely to increase his fortune, which, when he left the presidency, was about \$150,000. But the finger of death had touched Gen. Arthur even before he quitted the presidency, and after his return to New York his health rapidly gave way and he was made aware that he had not long to live. He was found dead in his bed one morning less than a year after he turned over to Mr. Cleveland the presidential office.

Mr. Cleveland accumulated a considerable fortune after his first term of presidency, but it was done by wise investments, some of them in real estate, and by re-investing his income. He entered the presidency again, it is estimated, worth nearly \$500,000, but his wife is still richer than he is.

AERONAUTS HURT.

Man and Woman Fall from a Balloon at Jackson.

JACKSON, Aug. 5.—The balloon ascension which was advertised at the park here Sunday developed into a tragedy. Charles Elliott and Ella Park were billed to go up in a hot-air balloon and to give a trapeze performance 1,000 feet above the ground. The inflation of the balloon was successfully accomplished and the pair sailed upward, sitting upon the trapeze. They went through the various feats of the trapeze performer, and had nearly completed their programme, when somebody in the crowd yelled: "It's on fire." The balloon was seen to shoot down rapidly and then everybody saw that the big bag was burning, and burning with fearful rapidity. It seemed like an hour, but it was only an instant that those two performers hung in the air. Elliott, as he neared the ground, released his hold upon the bar and swung clear, while the woman held fast. Both were dashed upon the hard earth with a sound that sent a chill over every spectator. When the crowd rushed to pick them up both were found to be unconscious. Elliott was crushed into an unrecognizable mass, but still breathing, while Miss Park had both legs and arms broken and was fearfully injured internally. They were taken to the hospital, but were beyond the doctor's help, and both will die. Miss Park is a niece of the famous balloon ascensionist, Hogan, who, it will be remembered, was lost from Campbell's airship some years ago.

NEW PRISON LAWS.

The Board Meets at Mackinac Island to Discuss Them.

MACKINAW, Aug. 7.—The state prison boards in annual session here Tuesday adopted rules for the application of the parole system for convicts. The rules prescribe that the governor may parole prisoners on the recommendation of the prison board, who shall be guided by the information given by the wardens. Upon receiving a parole the convict shall go at once to his place of employment, which must be provided for in advance, shall not leave that place without permission, and shall not leave the state. He must report monthly as to where he is and what he is doing, and shall always be subject to return to prison for conduct unbecoming a good citizen. Under parole he shall save or lose his good time the same as though still in prison. The joint board will consider the convict labor question, and will probably readopt the contract and state account systems now in vogue.

BURNS CAUSE HER DEATH.

Mrs. Harriet Guild Burton, a Pioneer, Passes Away.

GRAND RAPIDS, Aug. 3.—Mrs. Harriet Guild Burton died Thursday night, aged 80 years, from the effects of the burns received Thursday night by the paper she was reading catching fire and from the infirmities incident to old age. She was born in Herkimer county, N. Y., June 23, 1815, and with her parents came here in 1833, the first white family to locate here, arriving on her birthday. She was the first white woman to be married here and has always made this her home. Her husband died several years ago. They had no children.

Michigan D. O. H.

LANSING, Aug. 6.—The annual session of the Michigan Grand Lodge, D. O. H. A., Grand Beneficiary society, is being held here. It has a total membership of 562, having gained 172 during the year. It has a balance of \$1,794 in the treasury and is in a flourishing condition. The following officers were elected: President, C. Hoppe, Lansing; vice president, Christ Vogel, Lansing; great marshal, Andrew Lorenz, Manistee; secretary, Gustavus Zedler, Detroit; treasurer, Eugene Oesterlin, Lansing.

Earnings of Michigan Railroads.

LANSING, Aug. 3.—Railroad Commissioner Billings reports the gross earnings of companies operating in Michigan for the month of May at \$2,698,827.40, an increase of \$278,773.61 over May, 1904. From January 1 to June 1, this year, the companies earned in Michigan \$11,528,468.33, an increase of \$647,210.20, or 5.94 per cent. over the same period last year.

Appointed State Analyst.

LANSING, Aug. 3.—Commissioner Storrs appointed William L. Rossman, of the agricultural college, deputy pure food commissioner and state analyst, and work in the way of detecting violators of the pure food law will be begun as soon as a laboratory for the analysis of foods offered for sale can be fitted up.

Leaves the University.

ANN ARBOR, Aug. 6.—The University of Michigan loses Anderson H. Hopkins, assistant librarian, who goes to the new John Crerar scientific library in Chicago at a salary of \$2,000. He is one of the best officials the university ever had. He was in charge of the catalogue work. Mr. Hopkins has a wide acquaintance.

Wages Are Raised.

ISHPEMING, Aug. 3.—The men employed at the Republic mine have been given an advance of from 10 to 15 per cent in their wages. The Republic was the only mine on the Marquette range working, and the increase in pay at this time will have a tendency to keep the men at work.

SATURDAY, AUG. 10.

Our Summer Resorts.

Proprietor Bryant of Jenison park hotel gave a delightful hop to his guests Saturday night, at which eighty-five couples, mostly Grand Rapids people, were present. The affair was a brilliant success. Many people were over from Ottawa Beach and Macatawa park.

The Grand Rapids Democrat says: Mr. and Mrs. McGregor and sons, Jas. John and Nell, are occupying their new cottage at Ottawa Beach. The cottage is one of the prettiest facing Black lake. Mr. McGregor's cousin, Miss Grace Calhoun, of Troy, N. Y., will be their guest for the remainder of the season.

Mrs. Jas. Stewart of Grand Rapids will spend the month at Ottawa Beach. Her niece, Miss Anna S. Mead accompanied her.

A number of wheelmen came to the park to attend the fourth district convention of the Y. P. S. C. E. on Thursday. The party left the Y. M. C. A. building at 6 o'clock Thursday morning. Clinton Harley assistant secretary of the Y. M. C. A. engineered the party.

The fishing on Macatawa Bay cannot be surpassed, Miss Birkhoff thus far having landed the largest black bass, weighing seven and one-half pounds, but it is rumored that this is not the largest fish she has succeeded in catching. Mrs. Dick McKey, a handsome and popular young matron, carries off the swimming honors.

Monday night Mr. and Mrs. Richard McKey, of Hyde Park, entertained most elaborately at their beautiful villa, "Mount Airy," in honor of the fourth anniversary of their marriage. The elegant prizes of the evening were won by Miss Mabel Dere, Miss June, Dr. Sidley, and Jack Sidley.—Chicago Inter Ocean.

Burglars in Town.

On Sunday night burglars succeeded in effecting an entrance to Harry Tindell's cigar and confectionary store on Eighth st. by cutting through a screen door. Both Mr. and Mrs. Tindell had retired and were either chloroformed or slept very soundly as they knew nothing about the burglary until morning when Mr. Tindell came to look for his pants. The thieves succeeded in securing two gold watches, a chain and about \$35 in gold coin. The purse containing the money was taken from beneath Mrs. Tindell's pillow and she says she has a slight recollection of some one lifting her head up during the night but thought it was her husband. No capture of the criminals has yet been made, although the police are of the opinion, that two colored men who were seen on the streets during the evening by night watchman Sakkers acting in a very suspicious manner are responsible. An effort was made the same night to enter the house of B. Steketee but the latter and his wife frightened them away before they could accomplish anything.

Teachers' Institute.

The state Teachers Institute for Ottawa county will be held at Spring Lake commencing at 10:00 o'clock a. m. Aug. 26, and closing at 4:00 p. m. Aug. 30. The persons in charge of the instruction at these institutes are those who have had practical experience in school work and know how to impart to others a portion of what they have gained in this experience. Effort has been put forth to give the county the best institute ever held.

The work will combine professional and academic instruction. The institute will be divided into sections, and the instructors will conduct classes for the purpose of reviewing some studies, and also to illustrate certain methods of instruction. The workers have been urged to arrange for calisthenic exercises, singing, marching, and the like, so as to make the work move off cheerily and without fatigue.

Full particulars in regard to board, etc. can be obtained by communicating with Cora M. Goodenow, Berlin.

At the Resorts.

George Hurst, Ray Munson, Ernest Frost, Wayne Hice, Will Richardson and Clinton Harley, all Young Men's Christian Association boys of Grand Rapids, came to the Christian Endeavor convention on their wheels.

B. F. Pettibone and wife of Chicago are at Macatawa. They have with them a party composed of the Misses Kate and Fanny Rea, Katherine G. Dimock, Florence Minor, Louise Blodgett, Hazel French, Jessie Gardner, and Lulu Richards.

On Thursday morning Alton Humphrey, the young son of Prof. J. H. Humphrey, while riding on the beach at the park with his bicycle, was attacked by a large dog belonging to Henry Idema, and his right leg was lacerated badly. Dr. Sidley of Chicago was called in and cauterized the wounds. The owner of the dog regrets the occurrence as much as any one.

"Coarse Roasts" are the latest fad at

Ottawa Beach, and the farmers in the vicinity are wondering where the corn comes from. The people at this popular resort enjoy the corn just the same.

Progressive Euchre parties are all the go these afternoons in the parlors of the Hotel Macatawa and many of the best people at the park participate in them.

On an average 250 people are fed at a meal at the Hotel Macatawa, and every room in the house is filled as soon as vacated. Manager McKee stated the other day that during the past month he had turned away more guests than they had accommodated.

Mrs. W. A. Bond and family, well known socially to many in Chicago, has been at the park hotel this week.

Louis Falk, one of the leading organists and musicians of Chicago, accompanied by his wife and daughter, is registered at the Hotel Macatawa.

H. S. Mecartney, one of the shrewdest and wealthiest attorneys of Chicago, is quartered at the Macatawa hotel. He will leave his family there and go north on a hunting and fishing trip.

Mrs. E. A. Jenegan, Miss Jenegan, Miss Marie Towle, Mrs. J. A. Roper, and Mrs. M. V. Belger, composed a jolly Meshaawakee. Indiana, party that arrived at the park on Wednesday.

Some very neat bathing costumes are being worn at the resorts this season. They are a little more abbreviated than the bloomers, but seem to be considered just the proper idea by those who so vigorously protest against dancing.

John Sweet is having about as many guests as he can care for at the Ottawa Beach hotel, and his table seems to give universal satisfaction. His guests are largely from Chicago, and they are the people who know how to appreciate a good meal.

A large number of Chicago wheelmen came over on the City of Holland and Soo City last Saturday and spent the day at Ottawa Beach and Jennison Park.

A. L. Brick, recognized as good legal authority in Indiana and ex-Prosecuting Attorney at South Bend, is sojourning at Macatawa for a few days.

General M. S. Haskell, of Chicago, who performed valiant service during the war of the rebellion, is recreating at the Macatawa Park hotel.

The Wednesday and Saturday night hops at the Hotel Macatawa, are becoming more and more popular as the season advances.

The largest excursion that has ever been run from Ionia, Grand Ledge, Lansing and other points, on the D. L. & N. railway, reached Ottawa Beach Wednesday. The train was about as large as one as has been pulled in this season.

Mr. and Mrs. G. M. Luce, who have been in Holland and at Ottawa Beach for several weeks, leave for New York city on Monday and will go from there to their home in Basin, Mississippi.

William D. McKey and Rev. T. W. McLean of Chicago are occupying the Mono Cottage at Macatawa Park.

Herbert G. Keppel, who has been taking a post graduate course at Clark University, Mass., was at Macatawa on Thursday.

There will be a cake walk at the Hotel Macatawa Saturday evening. It will be exclusively for Macatawa guests and among the social features of the week.

One of the prettiest social events of the season for the juveniles of the resorts, of which there are a good many, was the childrens hop in the ball room of the Hotel Macatawa on Thursday evening. The occasion was one that the tots have been looking forward to for a month or more and to simply say that the sixty children who participated enjoyed themselves would be expressing it very mildly. They started out with a grand march for which they had been carefully drilled and afterward waltzed and went through the graceful figures of the quadrille to their hearts content. The success of the affair can be attributed to George Pratt as superintendent with the assistance of the Misses May Everett, Molly Sidley, Zoe Tutthill, Mable Salmon, Bessie Hair, Jennie Birkhoff and Mary L. Pearson. The older people took as much interest in looking at the little ones gliding over the polished floor as they did in dancing themselves.

Circuit Court.

Circuit court convened Monday morning with a calendar containing fifty-two causes; ten criminal, eleven jury, seven non-jury, three law and imparlance, and twenty-two chancery, and of the latter cases, twelve of them are divorce proceedings.

Court has been in session all week. Among the more important trials called up in the criminal line was the Fred Beals burglary case. He pleaded for a continuation of his case until another term, but Judge Padgham denied the application, and the trial began Wednesday. The jury convicted the ex-convict without much hesitation, but the judge deferred sentence.

George Cheesbro charged with the murder of Mrs. Pierce, pleaded not guilty, and claimed self defence. Mary Pierce, who is charged with being an accessory in the crime, will be defended by Hon. G. J. Diekema. A great many witnesses have been called from the Pierce neighborhood to testify to the temper of the murdered woman. The case bids fair to be stubbornly fought on both sides.

THE ARSON TRIAL.

Much interest has been centered this week in the arson case now being tried in the circuit court at Grand Haven, wherein Tieman Smith, Tieman Slagh and Cornelius Steffens are the defendants. The facts are still fresh in the minds of our readers, and need not be reviewed at this time, beyond saying that a previous trial resulted in a disagreement. Somewhat of a sensation was created on Tuesday when Tieman Smith impleaded and pleaded guilty.

Still another sensation was sprung Thursday morning when their attorneys Geo. E. Kollen and M. L. Dunham did not appear, neither did Steffens. Judge Padgham gave all to understand from the start that he would not be trifled with by esteeming Steffens bond of \$1500 with John Steffens, Tieman Slagh and Tieman Smith as sureties. At the same time he gave Slagh just fifteen minutes to secure an attorney and Geo. E. Farr was retained. It was learned that Geo. E. Kollen declined to act further in the case as there were no fees forthcoming. At eleven o'clock on Thursday a jury was secured and the trial proceeded with by the introduction of Marshall Frank Van Ry as the first witness. His testimony was in detail the same as that given at the first trial and explained the circumstances of the firing of the old Zwemer house December 8th, '94. Deputy Marshall Keppel corroborated the evidence given by Mr. Van Ry. The cross examination did not materially change the testimony.

During the Thursday afternoon session attorney Dunham appeared and took a hand in the interest of the defendants. He explained that he had been unexpectedly called to attend a case in Grand Rapids and tried to convince the courts that Steffens non-appearance was to a certain degree due to him. The judge would not be convinced and Steffens was subsequently arrested placed in jail and his trial set for next week. The people expected to conclude their side of the case this Friday morning by the reading of the Labazoo testimony given at the previous trial.

A Big Day.

THE GRAND RAPIDS AND HOLLAND GROCERS AT THE RESORTS.

On no day this season with the exception of the Fourth of July has there been such a crowd of people gathered at the resorts as on Thursday. One of the drawing cards was the ninth annual picnic of the Grand Rapids Retail Grocers Association. Over one thousand people, including the grocers and their friends came from Grand Rapids in the morning, two special and two regular trains being the means of transportation. The return was made by two special and one regular train in the evening.

The Holland groccymen and other merchants closed their places of business at 12 o'clock and took the Music for the resorts at 1:00 o'clock joined in the festivities and got acquainted with the visiting grocery-men. Large parties also came from Muskegon, Lowell, Grand Haven, Jenisonville, Hudsonville and Zeeland. Among the features of the day were two games of ball, one between the Holland and Grand Rapids nines for a purse of \$10 which resulted in a score of 10 to 1 in favor of Holland. The other was between Grand Rapids groccers and their clerks. In this game the score stood 7 to 0 in favor of the clerks. At 2:00 o'clock the Soo City carried 600 people for a ride on Lake Michigan, the Holland groccers going as the guests of the Grand Rapids visitors. These annual picnics have heretofore been held at Reeds Lake but the groccers say that they have never heretofore enjoyed an outing as they did this one.

Macatawa Assembly.

The Macatawa Park Assembly opened on Sunday. Prof. H. Willets of Chicago University was expected to lecture upon the life and work of the Apostle Paul. Upon his failure, for some reason, to appear, Prof. H. M. Scott of the Chicago Theological Seminary was called upon, at short notice, to speak upon "Preparation for the Gospel in the Roman Empire."

There were other interesting services during the day, including an afternoon sermon by Rev. A. A. Pfanstiehl and a beach service in the evening directed by Dr. Garrison of St. Louis. Remarks were also made by Prof. Graham Taylor of Chicago and President Everest of the Illinois State University.

On Monday, Tuesday and Wednesday evenings Prof. Willets lectured on the following topics: "Paul's Conversion," "Paul's First Missionary Journey," "Paul's Second Journey and First Letters." On Thursday evening Prof.

Willets spoke to the Fourth District Christian Endeavorers. The weeks program so far has been an interesting one. Prof. Willets will continue his lectures the remainder of the week and this evening Rev. C. A. Young will also speak.

Christian Endeavorers.

The Fourth District Convention of the Y. P. S. C. E. attracted a large crowd to Macatawa on Thursday and Friday and the program carried out at auditorium was an unusually pleasing one. We gave it in the News last week and regret that neither time or space will permit of our going into details in this issue. The visiting Endeavorers crowded both boats and trains, and the delegation going from Holland was a good sized one. This (Friday) evening the convention will close with devotional exercises and a sermon by Rev. Perry V. Jenness in Hope church.

Personal Mention.

Marine Van Patten our enterprising news dealer was in Grand Haven over Sunday.

OFFICIAL.
Common Council.
Holland, Aug. 6 1895.
The common council met in regular session and was called to order by the mayor.
Present: Mayor Diekema, Alds. Schoon, Dalman, Fisman, Lokker, Kuite, Mokma and the clerk.
Minutes of last five meeting were read and approved.
Ald. Schouten appeared during the reading of minutes and took his seat.
PETITIONS AND ACCOUNTS.
John Koning and four others petitioned as follows:
To the Honorable, the Mayor and the Common Council.
Gentlemen: We, the undersigned, residents and property owners along the north side of Eleventh street, between First avenue and Van Raalte avenue, petition your honorable body to permit them to construct a sidewalk along the north side of Eleventh street, between First avenue and Van Raalte avenue, said sidewalk to be five feet wide and to be similar in construction and material to that of H. Boone on Ninth str.
Referred to the committee on streets and bridges.
Holland, Mich., July 23, 1895.
To the Honorable, the Mayor and the Common Council.
Gentlemen: I notice by proceedings of the last council that a sidewalk has been ordered laid on both sides of West Eleventh street, from Pine street to Van Raalte avenue. Allow me to say that it will be impossible to construct sidewalk on the south side of Eleventh str. adjacent to my premises, until such street is filled to its full width.
I wish to say further with all due deference to the council, that we consider the order for the construction of a sidewalk on both sides of this street, at the present time, as entirely unnecessary and contrary to good public policy. We care not which side of the street the council orders the sidewalk down, whether it be the south or the north side, but we do think that a sidewalk on one side of this street at present is all that is necessary. When block after block of the present sidewalks are in the condition they are now, it seems to me that our energies should be devoted to getting those we now have in proper shape before making any very great extensions. It is certainly true that the residents of West Eleventh street should have a walk, and, as I said before, if a walk is constructed on one side of the street, either the north or south side, it would answer all requirements and accommodate the residents fully for the present; and, after a few years, a walk could be ordered constructed on the other side of the street, which would then be new and safe and in good condition.
May we not therefore suggest to the council the propriety of reconsidering the ordering for a sidewalk on both sides of the street. We do not make this suggestion from any personal motive, as we are entirely willing to build a walk for the accommodation of the residents on West Eleventh street. But we believe that the best interests of the city would be subserved, as well as the convenience of the residents on West Eleventh street if a walk were laid only on one side of the street at present, and the construction of a walk on the other side were deferred for a few years.
Very respectfully yours,
Geo. P. HUMMER.
Referred to the committee on streets and bridges for their consideration and to report to the council.
Holland, Aug 6th, 1895.
To the Honorable the Mayor and Common Council of the City of Holland.
Gentlemen: I hereby submit to your honorable body for consideration the following statement. During the month of July a verbal agreement was entered into between myself and Mr. Baker of this city, said Baker agreeing to wire my dwelling on West Eighth street for the purpose of electric lighting, said light to be furnished by the city of Holland. After the wiring was completed I informed Superintendent Trotter and in company with him examined said wiring said superintendent after the examination objected to said work and informed me no current would be turned on unless said wires were re-adjusted. I informed said Baker and alterations were made, but, not to the satisfaction of Superintendent Trotter. I again informed Mr. Baker that the work was not approved, he replied, that when I was ready to use the current he would see that the current was turned on. On July 31 I made application, through the proper officers, for current. Mr. Trotter has since tested said wires and claims, electrically the job is all correct, but, mechanically he could not accept it. If you please what am I to infer, will the connections be made to said house by the city and will I receive said current. You will kindly give this your earliest attention and oblige
Yours truly,
J. D. WERDMAN, M.D.
Referred to the board of public works.

JACOB LOKKER, Committee.
JACOB KUIITE.
The report was accepted, ordered printed and action deferred until the next meeting of the council.
To the Honorable the Mayor and Common Council.
Gentlemen: We, your committee on streets and bridges would respectfully recommend to your honorable body that the city surveyor be instructed by your honorable body to set stakes and give people the true level for the construction of sidewalks, on all streets and avenues where the people have been ordered to construct new sidewalks.
JACOB LOKKER, Committee.
JACOB KUIITE.
-Adopted.
Gentlemen of the Common Council.
Gentlemen: Your committee on streets and bridges to whom was referred the petition of I. Cappon and fourteen others, residents of the city of Holland and owners of lots lying and abutting on First avenue, between Eighth and Sixteenth streets praying for the grading of said street and the graveling of a road bed 24 feet wide and at an average thickness of 9 inches, in the center and the whole length of said First ave would respectfully report that they have had said petition under consideration, and that after carefully considering same they recommend that the prayers of the petitioners be granted in so far as they relate to grading and graveling said First ave, but, your committee beg to submit the following resolutions with reference to the said improvement and the district to be improved together with the manner of making the improvement and recommend that the said resolutions be adopted, to wit:
Resolved, that that part of First avenue, in the city of Holland, lying between the center of Sixteenth and the north side of Lake street and Lake street between the west line of First ave, and the section line between section 29 and 30 be graded as follows:
On the basis of intersecting all streets heretofore graded and that in making said grade said parts of First ave and Lake street be graded the whole width of said street.
That in making said grade all stumps be taken up and removed from said streets.
That all shade trees be left as they now stand, except those found necessary to be taken up in making said grade, such trees to be taken up and reset with as little damage as possible to such trees.
That all sidewalks along said parts of said streets be taken up and relaid, after the grade work is completed, 9 inches on the outer edge above grade and further
Resolved, that after the grade is completed a road bed 30 feet wide through the center, and the whole length of said parts of said First ave and Lake streets, be covered with gravel of the kind used on Tenth street west of Maple street, or of a quality equally as good as that used on said part of Tenth str., to an average thickness of 10 inches, so spread that when completed it will be 13 1/2 inches thick in the center and 6 1/2 inches thick on the sides. That the cost and expense of grading, graveling and otherwise improving said parts of First ave and Lake streets be paid by special assessment upon the lots and lands lying and abutting upon said parts of said streets, and that said special assessment be made pro rata on each foot frontage of said parts of said streets, unless, on account of the shape or size of any lot, an assessment for a different number of feet would be more equitable.
Resolved, that the lots and lands upon which the special assessment for the improving, grading and graveling of said parts of First ave and Lake street shall be made as follows: lots, three, four, five, six and eight in Tannery Addition lots two and three in block one, lots one and twelve in block twelve, lots one and twelve in block three, lots two and three in block four, lots two and three in block five, lots one and twelve in block six, lots one and twelve in block seven, lots nine and ten in block eight, lots nine and ten in block eleven, lots one and twelve in block twelve, lots one and twelve in block thirteen, lots nine and ten in block fourteen, lots nine and ten in block seventeen, lots one and twelve in block eighteen, in South West Addition and further
Resolved, that the cost and expense of the improvement, grading and graveling of that part of First ave, lying between the center of Sixteenth street and the north side of Lake street and Lake street lying between the west side of First ave and the section line between sections 29 and 30 in the city of Holland, that is to be raised by special assessment, be divided into five equal installments, the first installment to be paid February 1st, A. D. 1896, the other four installments, and interest thereon, annually thereafter on the first day of February of each year until paid, and that for the five installments bonds of the City of Holland, with coupon attached be issued, and negotiated at a rate of interest not exceeding 10 per cent per annum, payable annually, and that such bonds and interest be made payable at the office of the Treasurer of the City of Holland on the first day of February of each year and further
Resolved, that the city surveyor be and hereby is instructed to make a survey and profile of the grade to be established for the said improvement, grading and graveling of said parts of First ave and Lake streets, with an estimate of the number of yards of earth to be removed and the amount of gravel required, as far as it is practicable, together with an estimate of the expense thereof and with the least possible delay submit the same to the common council.
All of which is respectfully submitted.
JACOB LOKKER, Committee on Streets and Bridges.
JACOB KUIITE.

ST. VITUS DANCE.

A Physician Prescribes Dr. Miles' Restorative Nervine.

Dr. Miles Medical Co., Elkhart, Ind.: My daughter Mattie, aged 14, was afflicted last spring with St. Vitus dance and nervousness, her entire right side was numb and nearly paralyzed. We consulted a physician and he prescribed Dr. Miles' Restorative Nervine. She took three bottles before we saw any certain signs of improvement, but after that she began to improve very fast and I now think she is entirely cured. She has taken nine bottles of the Nervine, but no other medicine of any kind.

WE WANT TO TELL YOU

**Why Your Back is Lame—Why it Aches
and Pains, and How to Cure it.**

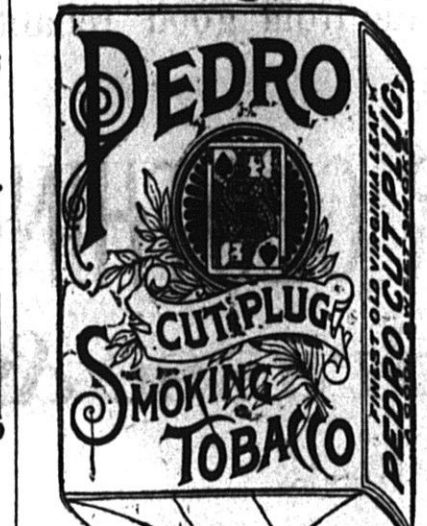

Do you know what it is to have a back
that is never free from aches and constant
pain, a lame back, a sore back, an aching
back, in fact, a back that makes your life
a burden? What have you done for it?
And does it still keep you from the happi-
ness that perfect health brings to all? We
know full well it is such your condition
a cure for it will be a blessing you no
doubt desire. Plasters won't do it, but
may assist in bringing strength. Liniment
won't do it; for, while it may give tem-
porary relief, it does not reach the cause.
The cause, there's the point; there's where
to make the attack. Most backaches come
from disordered kidneys, therefore you
must correct their action if you would be
cured. Read the following from D. D. Cook,
whose address is No. 18 Michigan
Street, Grand Rapids. He says:—

"I have used Doan's Kidney Pills and
wish to say it is a truly great medicine.
Thirty years ago I had nervous prostra-
tion while in the army, where I served for
over four years. I think it was during
this service that the seeds were sown which
have caused all my trouble. Severe bil-
ious attacks bothered me, and at such times
my kidneys were worse. It is almost im-
possible to describe the pain which so
often lamed me. I have been so lame that
to stand up after I had been sitting down
required a great exertion. Walking was
at times an impossibility, even at night I
did not rest, being forced to get up during
the night. I heard of Doan's Kidney Pills
and wondered if they could make an al-
most lame man well. I got some, and
soon after taking them began to feel their
good effects. I used them for some time,
my lameness all left me and I have not
felt it since. Doan's Kidney Pills have
done me an incalculable amount of good."

NO COMPROMISE.

**Strikers at Ishpeming Reject All Talk of
Such Settlement.**

ISHPEMING, Aug. 3.—The Ishpeming
and Negaunee strikers held a big demon-
stration in Ishpeming Friday. Al-
most 3,000 men were in line of march
from the park at noon. Some of the
speakers made an effort to induce
the men to visit the mines to ascertain
what concession the companies are
prepared to make, but the matter was
voted down. The men will not listen
to compromise talk, and those who at-
tempt to speak of effecting a settle-
ment in that way are given but lit-
tle encouragement. Many of the
men desire to go back to work, but
the majority are opposed to it, the
latter insisting on recognition of the
union by the companies. It is cer-
tain, however, that the companies will
not recognize the union in any re-
gard, and will keep the mines closed
until such time as there is a break in
the ranks of the organization. The
companies will all have paid off their
men in full this week, and are prepar-
ing for an indefinite shut-down of their
works.

DR. JOHN L. NEAR DEAD.

**Prominent Republican of Michigan Passes
Away at Flat Rock.**

FLAT ROCK, Mich., Aug. 6.—Dr. John
L. Near, aged 87 years, died at his
residence here Monday morning. Dr.
Near was a republican of promi-
nence, having assisted in the for-
mation of that party under the
"Oaks" at Jackson. He was a member
of the legislature when the seat of the
government was in Detroit, and was a
friend of Chandler, Howard and other
men of equal prominence. He was
United States consul at Sarnia, Ont.,
under Lincoln, and during Grant's first
administration was consul at Windsor,
Ont.

GET MORE PAY.

**Wages of Franklin Copper Mine Employees
are Restored.**

HANCOCK, Mich., Aug. 5.—The em-
ployees of the Franklin copper mine
have had their wages restored to the
figure holding before the cut caused
by the panic of two years ago, when
a general cut was made in all the
copper mines of the lake district. It
is thought that the example of the
Franklin will be speedily followed
by the eight other mines now in
operation, as the copper market shows
excellent prospects for several years of
prosperity.

MICHIGAN BANKS.

**Their Condition Is Shown to Be Very
Prosperous.**

LANSING, Aug. 1.—Bank Commission-
er Sherwood's statement shows the
condition of 167 state banks and four
trust companies of Michigan at the
close of business July 11. The total
loans and discounts, stocks, bonds and
mortgages were \$65,175,510.28, an in-
crease of \$473,629.75 over May 7, the
date of the last previous report; sav-
ings deposits, \$39,251,648.45, an in-
crease of \$1,114,847.35; total deposits, \$64,396,-
284.51, an increase of \$613,431.71.

FERRY BOATS FOR SIBERIA.

**Detroit Gets the Contract for Three, Cost-
ing \$2,400,000.**

DETROIT, Aug. 6.—The Detroit Dry
Dock company has closed a contract
with the Russian government to build
three car ferries for winter traffic on
Lake Batkul, in the middle of Siberia,
to connect with the Transiberian road,
which that government has been build-
ing for some years. It is thought the
composite type is the one selected.
The contract price is \$800,000 for each
boat, the largest contract ever given a
lake firm. Each boat will have 7,000
horse power.

Carved Himself.

BATTLE CREEK, Aug. 7.—George Mc-
Millan, insane, with a railroad ticket
from Chicago to Oakville, Canada,
met a horrible death here Tuesday.
While waiting to make train connec-
tions he was lodged in jail. When
discovered he was naked and had cut
himself so about the legs with a pen-
knife that physicians decided amputa-
tion was necessary. Following the
operation he died, after giving the
address of a sister in Canada.

Mine Resumes.

CALUMET, Aug. 7.—The Copper Falls
mine resumed work Tuesday morning.
It is probable the Arnold and Copper
Falls mines will be consolidated and
work. This is the first idle mine to re-
sume since the improvement in the
copper situation and it is now the only
active mine in Keweenaw county.
There is a prospect that several other
mines where operations are now sus-
pended will resume with full forces in
the near future.

Will Build a New Boat.

BENTON HARBOR, Aug. 6.—The Gram-
ham company announces that it has
decided to build a handsome new
steel side-wheel steamer for the Ben-
ton Harbor, St. Joseph and Chicago
route. It will be 275 feet long, and
capable of making 20 miles an hour
regularly, or three hours from the St.
Joseph pier to the Chicago pier. The
boat will cost \$250,000.

Refuse to Accept Resignation.

JACKSON, Aug. 7.—At a meeting of
the state central committee of the pro-
hibition party here Tuesday evening
M. F. Fanning tendered his resigna-
tion as state chairman. The meeting
refused to accept the resignation, but
later adopted a resolution declaring
the office of chairman vacant. John
Giberson, of Clair, was then elected
chairman.

A Strange Pest.

BENTON HARBOR, Aug. 6.—A new in-
sect has been discovered which is eat-
ing the foliage from the fruit trees in
this vicinity and threatening to kill
many trees. The pest cannot be ex-
terminated until the crop is gathered.

Burned an Orchard.

ALPENA, Aug. 2.—Forest fires have
destroyed 6,000 trees in Atchison &
Folkner's big plum orchard near here.
Farmers are fighting the fires night
and day to save their crops.

ADDITIONAL LOCALS.

Judge Howell M. Jackson of the United States supreme court died at his home in Nashville, Tenn. Thursday night. Hon. Don. M. Dickenson of this state is spoken of as his successor.

The Holland draymen did not propose to be left out in the cold Thursday when all the rest of the town was out on a picnic. Nine of them tied their horses in the barn, chartered a carryall and went to Jennison Park, where they spent the afternoon where they had plenty to eat and plenty to cheer.

Wednesday afternoon Miss Tillie Van Schelven entertained a party of friends at pedro in honor of her guest Miss Carrington of Waupun, Wis. Next Wednesday afternoon the same party will picnic at Macatawa under chaperonage of Mesdames Lawrence Kramer and Henry P. Streng. On this occasion gentlemen will be conspicuous by their absence.

The old steamer Macatawa and her captain, Ed. Napier, have come into considerable prominence in Chicago in a controversy with the Illinois Central Railway about having passengers landed on the lake front and cross their tracks. Captain Napier and other captains tooted their whistles on the lake front until the whole neighborhood was alarmed and 6,000 people gathered. The police tried to interfere but captains and lieutenants were ordered off the boats and had to go. The outcome will probably be a viaduct over the tracks at the foot of Van Buren st.

A meeting of the heirs of the estate of the late Manly D. Howard was held in this city on Thursday afternoon at which there were present Dr. A. Van der Veen and wife of Grand Haven, Gregg, M. Luce and wife of Basin, Miss., and J. C. Dunton of Grand Rapids. The wife of the latter, nee Marion Howard Barr, was unable to come on account of injuries sustained by falling from a bicycle which are of quite a serious character. The estate owns between 500 and 600 acres of land on the north side of Black Lake, both east and west of the Grand Haven road. It is proposed to survey and plat out a large portion of the property and place it upon the market in desirable parcels. In due time the sale of lots will be advertised through the columns of the News. It is also proposed to make some improvements to the River street property.

OUR NEIGHBORS.

Allegan County.

Plainwell has voted "yes" on the proposition to raise a special assessment on the taxable valuation of the town for the purpose of inducing the Kalamazoo-Pant and Overall Co. to locate there.

The shipment of peaches from Saugatuck and Douglas during July exceeded that of any other season. The average daily shipments last week were about 10,000 baskets.

Allegan hopes to secure a downtown depot through efforts of the C. & W. M. officials. A new survey is being made.

The annual reunion of Allegan county Soldiers and Sailors Association will be held at the fair grounds in the village of Allegan, on Tuesday, Wednesday and Thursday, Aug. 27, 28 and 29. The arrangements are nearly perfected for one of the best reunions ever held in this county.

While threshers and balers were at work on the Peabody farm near Allegan, a spark from the engine set fire to the straw, and barn, stack and grain went up in smoke. Four hundred and twenty bushels of wheat were either burned or so damaged as to be of use only for feed.

The report of the superintendents of poor of Allegan co. shows that from July 1, 1894, to July 1, 1895, the total amount spent by the county for the poor amounts to \$14,896.93.

Seth Prindle was arrested in Grand Rapids Monday. Prindle is wanted in Allegan on the charge of obtaining goods under false pretences. Detectives Gast and Jackway picked him up on South Division st.

H. Stern & Co. of Allegan sold \$56,000 pounds of wool to parties in Philadelphia, 26,000 pounds were from Allegan and 3,000 pounds from Kalamazoo.

Reports from the threshers are beginning to come in and in many cases show a much better yield of wheat than has generally been expected. In some places the yield per acre is from 18 to 25 bushels. This may be above the average for the county, but it is safe to say that when all the threshing has been done there will be found to be considerable more wheat than has been counted on.—Allegan Journal.

Ottawa County.

Hon. D. O. Watson of Grand Haven under the skillful treatment of Dr. Reynolds is getting along finely, but is not playing base ball these days.

The local inspectors of steam vessels at Port Huron and Grand Haven will have their salaries raised from \$1,800 to \$2,000, so supervising inspector Dumont says.

Inspectors Dodge and Bloeker of Grand Haven have left on a tour of inspection for Ludington, Manistee, Charlevoix, Elk Rapids, Traverse City, St. Ignace, Mackinaw and Cheboygan.

The public and whole vicinity of Grand Haven took part in the business men's annual basket picnic held Wednesday, Aug. 7, at Highland Park. All business closed and a good time indulged in.

Many people have potatoes planted, which are just fairly up now, and with favorable fall weather there will be likely to be a good crop.

Variety is the spice of life. So thinks Nunica. Camp-meeting, a dance and Uncle Tom's Cabin were all booked for that place the same night.

A chick with three eyes and two bills was hatched a short time ago on the farm of Jim Conklin near Coopersville. By a wise provision of nature it was allowed to die before it made its owner poor to feed it.

Some citizens of Coopersville are throwing cold water on the proposed waterworks system by claiming that an expense of \$25,000 will be incurred. The editor of the Observer avers that such talk "is mere bosh, and only exposes the ignorance of those who make use of this argument," and that a complete system can be put in for \$7,500.

The government is building a large warehouse along the pier at the water works inlet. It will be over 100 feet long by 40 feet wide.

It is very probable that the second crop of celery will be very light this year. On account of the general drouth celery plants are scarce. Geo. Hancock today received an order for 300,000 young celery plants from New York.—G. H. News.

The highest enrollment of pupils in the public schools of Grand Haven was in 1885 when it reached 1,451. The two years previous there had been a high enrollment. Last years enrollment was 1,236.

Zeeland.

J. H. Boone and ninety others asked that a special election be held to determine the question of bonding the village to defray the expenses of extending the water mains for fire protection. It was voted down.

The *Expositor* says that about half of Zeeland, more or less, went to the Park last week to witness the Gun Club shoot between the Zeeland and Holland club.

There seems to be a fascination in picnic parties. People of Macatawa Park go to Holland city and picnic in the park.—*Enterprise*.

C. Boone has gone to the Holland track with his horses and is getting them in condition for the fall racing.

De Pree & Elenbaas finished a fine large water tank for J. Kerkhof of Holland to day. This firm makes a specialty of this kind of work and always give perfect satisfaction.—*Enterprise*.

Port Sheldon.

The rains we have had now and again the last ten days have improved the looks of things and everything is growing fine and looking green again.

The dance came off last Saturday night in the bower, and people living around here gives Mr. McKirdly & Co. credit for the orderly manner in which they have been conducted. There have been three dances since the Fourth and no unpleasantness has occurred to mar the pleasure that the young enjoy at a dance. Quite a crowd was out and a number came from Holland and returned well pleased with their entertainment.

Mr. and Mrs. Gronzow of Chicago and Mr. Bourton of Holland paid Mr. Cook a visit last Friday and returned on Saturday. Mr. and Mrs. Gronzow left Saturday night for Chicago.

Mr. Tunis Quick returned to Chicago on Saturday morning.

Our Holland friends are in great difficulties in regard to their new church matters. Some are for having it on the Grand Haven road near the Riemersma Corner, and some want it back in the woods so as it will be out of sight and no road to it. If put on the Grand Haven road they will be more liable to get more contributions towards its construction than if put back in the woods.

Rev. J. Wilder and wife with Mr. Dell Hoff and wife and Mrs. Ed. Hoff took in the camp-meeting at Nunica last week.

A special meeting is soon to be called in school district No 7 commonly known as Smith's school house for the purpose of having a bee of the district taxpayers to level the school yard and put something around the house to prevent the dirt and sand from blowing away.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract:

"I have no hesitation in recommending Dr. King's New Discovery, as the result were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia.

If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause the "Discovery" will surely bring you up to the healthy standard. By restoring normal action of the deranged organs and functions, it arouses every natural source and means of nourishment. As a strength-restorer and builder, nothing like this medicine is known to medical science. Filthy Cod liver oil and all its disguised compounds can't compare with it. Dr. Pierce's Pellets cure constipation, indigestion, or dyspepsia, biliousness and headaches.

Cholera Morbus is a dangerous complaint, and often is fatal in results. To avoid this you should use De Witt's Colic & Cholera Cure, as soon as the first symptoms appear.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many year doctors pronounced it a local disease and prescribed local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, Address, F. J.
