The resort season started out wrong this year, the wet, disagreeable weather keeping the people at home in the early part. C. C. Wheeler has circulated and received a large number of signatures to a petition to the common council requesting that that body reconsider its action establishing the curb line at 8 feet. The petition further asks the council to establish a uniform curb line at four feet no more and no less arguing that by doing this a large number of curbs will be constructed, as the cost of establishing a four foot curb is not so large as to keep people of moderate means from building curbs, while an eight foot curb is too expensive to be maintained only by citizens of means. The petition also prays the council to require property owners to remove all weeds from the front of their lots.

The Allegan Gazette has found how to eat snakes and tells about it as follows: "Many a shudder has crept over sensitive folk this week who have seen the repulsive creature who ate snakes in one of the exhibits of the carnival, and whosaw her permit the serpents to bite her, always in about the same spot. To all appearance she did these things. But the methods of this particular 'fake' are tolerably well known in a general way, and how this particular deception was practised was told by a man who was at one time concerned with it. He said that the woman had a rubber lining to her mouth extending well back in the form of a pouch and covering her teeth, so that none of the snake flesh or blood was swallowed. It was noticeable that she took but a small part of a snake in her mouth at a time hanging the rest of the squirming reptile on a hook near by, but never consuming it. Before the venomous snakes are handled at all, the poison sacks, which are located in their heads, were removed, leaving their bites harmless. As a further precaution the place on the woman's arm which was always bitten was probably treated medicinally to prevent pain or other bad effects of the bites."

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

I commenced using Dr. Miles' Nervine, and it helped me from the first, and now I am perfectly well."

KING EDWARD CROWNED.

Magnificent Ceremony Is Carried Out Successfully in Westminster Abbey.

A BRILLIANT AND IMPRESSIVE SCENE.

—ing Stands Ordeal Splendidly— Queen Alexandra Is Invested with Her Crown After the King Has Received the Homage of Church Dignitaries and Nobility.

London, Aug. 11.—King Edward and Queen Alexandra were crowned in Westminster abbey shortly after noon Saturday. Though the ceremony was bereft of some of the elaboration and pagantry originally contemplated, it lacked little in the way of spectacular perfection. The whole ceremonial was of a magnificently decorative character, and presented a constantly changing panorama around the two central figures enthroned in their robes of velvet, ermine and cloth-of-gold, amidst the distinguished assemblage of actors, the fulfillment of whose various roles necessitated constant movement.

The Queen's Arrival.

The archbishop of Canterbury took his seat in front of the coronation chair, and the earl of Halsbury, the lord high chancellor, seated himself

King and Queen of Great Britain in Coronation Costume.

by his side. Several minutes elapsed, however, before the king and queen came in sight of those gathered about the throne. Suddenly "Vivat Alexandra!" was shouted by the boys of Westminster, and the queen, walking slowly to the left of the throne, gained her chair and knelt at a silken prie dieu, her magnificent train of cloth of gold being lifted out of her way by six scarlet-coated pages.

King's Approach Delayed.

Two or three minutes later came the hoarse cry from the Westminster boys of "Viva rex Edwardus!" with blasts from trumpets. Yet there was another wait. "What has become of the king?" was asked by people who were shut out from sight of the nave. The queen waited patiently, the organ ceased and then resumed, there was another fanfare of trumpets, another chorus of "vivats" and King Edward appeared and walked to his chair in front of the throne, bowing to the queen as he passed, and then knelt down in prayer. After removing his somewhat unbecoming cap his majesty stood up and the archbishop of Canterbury, in a trembling voice, read the "Recognition," beginning: "Sir, I here present unto you King Edward, the undoubted king of this realm." etc.

Administration of the Oath.

The administration of the oath followed. Standing before the king's chair, the archbishop asked: "Sir, is your majesty willing to take the oath?" The king answered in firm, strong tones: "I am willing," etc., his replies being easily heard high up in the triforium near the roof. Then king signed the oath. He did not advance to the altar, but sat in the chair he had occupied since the service began. While the choir sang "Come, Holy Ghost, Our Souls Inspire," the king remained seated and the queen stood up. After prayer the archbishop placed the crown on the king's head.

The Queen Is Crowned.

The queen then rose and, accompanied by her entourage, proceeded to the altar steps, where, under a pall of cloth-of-gold, she was quickly crowned by the archbishop of York, supported by the bishops. She was then led to the throne beside that in which the king sat and her enthronization was accomplished. The queen bowed to King Edward, and both walked to the altar and received the communion, after delivering their crowns to the lord great chamberlain and another officer appointed to hold them.

King's Condition Satisfactory.

London, Aug. 11.—The following bulletin concerning the king's condition was issued Sunday: "His majesty bore the strain of the coronation ceremony perfectly well and experienced but little fatigue. The king had a good night, and his condition is in every way satisfactory. No further bulletin will be issued." (Signed)

King Edward has signified his coronation in a memorable manner by the munificent gift to the nation of Osborne house, one of the favorite residences of the late Queen Victoria.

KNOX ASSAULTED.

Attorney General, of the United States, Hit by Prominent Men in a Cafe at Atlantic City.

Philadelphia, Aug. 8.—The North American this morning publishes a report from Atlantic City, N. J., that Attorney General Knox was assaulted. The story is in part:

Attorney General Knox was the victim of an attack here late last night in the cafe of a hotel. The cause of the assault on Mr. Knox was his attitude against the trusts. His assailants were Charles T. Schoen, the multimillionaire of Philadelphia and Pittsburg; Theodore Cramp, the Philadelphia shipbuilder, and a Mr. Stevenson, also well known in Philadelphia.

This remarkable encounter, it is said, had its origin several days ago in the corridor of the Marlborough hotel. It came about through a little discussion concerning trusts.

FIREBUG AT WORK.

Applies the Torch to a Number of Buildings in Peoria, Illinois.

Peoria, Ill., Aug. 12.—The police and fire department were kept on the jump Monday by the operations of a firebug. The torch was applied to five buildings during the day, and though the actual fire loss will not exceed \$25,000, with an insurance of about \$12,000, the flames at one time threat-

ened to sweep a large section of the city. The police arrested Edward Flanagan, 20 years of age, residing at 320 First avenue, and charged him with being the incendiary. They claim to have direct evidence against him. Shortly after his arrest the mutterings of the crowd made it necessary, as a precautionary measure, to remove the prisoner to the county jail for safe keeping. Since then Flanagan has refused to say a word.

BURNED HIS CASH.

Indiana German Kills Himself After Taking Queer Revenge on His Wife.

Rockport, Ind., Aug. 12.—Julius Hoffman, a German farmer, 65 years of age, committed suicide, but before doing so burned between \$5,000 and \$6,000 in money that his young wife, with whom he is said to have had frequent quarrels, might not enjoy its benefits. Hoffman was an eccentric citizen who had acquired the farm on which he lived and had saved considerable money, all of which he kept near him. When his wife found the body she also discovered the burning embers of the pile of bills her husband had so carefully saved and representing years of labor on the farm.

To Honor Lincoln's Mother.

Indianapolis, Ind., Aug. 8.—The monument recently erected over the grave of Nancy Hanks, mother of Abraham Lincoln at Lincoln, Ind., will be dedicated October 1. The date was determined at a meeting of the Nancy Hanks Memorial association at the governor's office Thursday morning. It was also decided to invite Col. Charles S. Denby, of Evansville, former minister to China, to deliver the dedicatory address.

Millionaire Killed in His Office.

Chicago, Aug. 11.—Walter A. Scott, a millionaire clubman and president of the Illinois Wire company, was stabbed and killed by Walter L. Stebbings, a civil engineer, shortly before 11 o'clock Saturday. The tragedy occurred in Mr. Scott's private office, room 1120, Monadnock building, and was precipitated by a dispute over work which had been done by the slayer.

Police Shot.

Chicago, Aug. 13.—Ambushed by desperadoes, to whom they were giving chase through the residence portion of the West side early yesterday morning, Policemen Charles Pennell and Timothy Devine, two of the veteran officers of the West Lake street station, were shot to death in Jackson boulevard.

Matricide Suspected.

Chicago, Aug. 11.—The body of Mrs. Annie Bartholin was found under the cement floor of her residence, 4310 Calumet avenue. The police have renewed efforts to find the woman's son, William Bartholin, who is now suspected of killing the mother and Miss Mitchell, whose body was found in the weeds.

DEATH CAME SUDDENLY.

Senator McMillan, of Michigan, Expires at His Summer Home in Massachusetts.

THE SAD EVENT ENTIRELY UNEXPECTED

The Cause of His Demise Is Given as Heart Failure, from Which He Had Suffered for Several Years—Gov. Bliss Shocked—Summary of the Career of the Dead Statesman.

Manchester-by-the-Sea, Mass., Aug. 11.—At four o'clock Sunday morning Senator James McMillan died at his summer home here. The cause of death is given as heart failure, following congestion, after an illness of but a few hours. The senator with his family has been here since short-

JAMES McMILLAN.

ly after the adjournment of congress. Senator McMillan was in his usual good health up to Saturday afternoon. For several years, however, he had suffered from a heart affection, principally a weakness brought on by overwork, and had guarded himself against it, but the extra responsibilities in the senate, thrown upon him last winter, together with the shock of losing a brother, son and grandson within one year, are believed to have aggravated his trouble.

Shock for Gov. Bliss.

Saginaw, Mich., Aug. 11.—Gov. A. T. Bliss was greatly shocked at the death of Senator James McMillan and expressed the regret which he said he knew would be generally shared over the loss sustained by the state and nation.

Career of the Dead Senator.

Senator James McMillan was born in Hamilton, Ontario, May 12, 1838, and removed to Detroit when 17 years of age. Soon after his arrival in Detroit he was appointed purchasing agent of the Detroit & Milwaukee railroad, which position he held for several years. In company with several others he organized the Michigan car company in 1864, and afterwards purchased the car works at St. Louis and established similar works at Cambridge, Ind., and London, Ont. His brother, William, who died a short time ago, afterwards purchased the St. Louis works. Senator McMillan became interested in the lake carrying trade and invested large sums in lake transportation, both freight and passenger. He also was heavily interested in the ship building business on the great lakes. It was largely through his influence that the Duluth, South Shore & Atlantic railroad across the upper peninsula of Michigan was constructed.

Prominent in Business Life.

Senator McMillan became one of the most prominent men in the business life of Detroit. He was a director in the First national, the Detroit savings and the State savings banks of this city, and was also a stockholder in a number of other banks and financial institutions. Among the most important local corporations in which he held stock are the Michigan malleable iron works, the Detroit Railroad Elevator company, the Detroit Union Station company, the Fulton Iron & Engine works, the Detroit Iron Furnace company and D. M. Ferry & Company, wholesale seed dealers. He was a large stockholder in the Detroit and Buffalo and the Detroit and Cleveland lines of steamers, and was president of the latter line.

His Political Career.

Senator McMillan was the recognized republican leader in Michigan, and had been since his first election as senator in 1889. When ex-Senator Zachariah Chandler died in 1879 Senator McMillan was secretary of the republican state central committee. Chandler's death left the republican party in Michigan without a dominant leader for several years. In 1885 Mr. McMillan was elected chairman of the state central committee, and from that time until his death he was the leader of his party in Michigan. He held the state chairmanship until 1898, serving for seven years after his election to the senate. Senator McMillan's success in politics, as well as in business, can be largely accredited to his wonderful executive ability. He was a man of comparatively small personal acquaintance throughout the state, but he picked his party lieutenants with rare judgment. He was no orator, and seldom spoke before an audience. His life was clean and his character spotless. His word was sacred. An unqualified promise once given was never broken. A qualified promise was never changed from the original qualifications. The late governor, H. S. Pingree, opposed Senator McMillan strongly during the last years of his (Pingree's) career in state politics.

Naval Training Station Committee Visits Holland.

The committee appointed by the government to examine sites for the naval training station soon to be constructed was here Tuesday and made a careful inspection of what this city has to offer. Rear Admiral H. C. Taylor was not here as it has been necessary on account of the long shore line on Lakes Michigan and Huron to divide the work among members of the board and the Admiral took the route from Mackinac to the south in the lighthouse tender Marigold, leaving to Commander Winslow and Civil Engineer H. H. Rousseau the inspection of sites on the west side of this state.

Commander Winslow and Civil Engineer Rousseau arrived here on the government tender Dabla about 9 o'clock in the morning and were met by the local committee headed by Mayor C. J. DeRo. A trip around the lake on the steamer Post Boy and a drive around this city in backs were taken and then the party repaired to Waukazoo Inn where dinner was served. The visiting delegation left Ottawa Beach for Toledo on the afternoon train. They were greatly pleased with the advantages offered here and showed a marked liking for Waukazoo Park.

For the station a piece of land not less than 100 acres or more than 500 acres in extent should be available,

located far enough from the seaboard as not to drain from the territory tapped by existing stations, and not far removed from the center of population of the middle west. Most desirable site would be upon a peninsula or point which could easily be isolated when necessary. There should be deep water in the vicinity and climatic conditions should be favorable.

The land touching Macatawa Bay offers all these advantages and Holland will make a strong canvass for the establishing of the station at this point.

The work of the board of which Commander Winslow is a member is merely preliminary. All of the sites that it decides are unavailable will be struck from the list and the available sites will be visited by another committee in the fall when it is expected a selection will be made.

Regarding the visit of the committee to Grand Haven the Tribune has the following: "They were shown several sites on Spring Lake, the Bailey site in Beech Tree and the sand peninsula across from the city docks. While they did not express themselves directly, they appeared to be impressed with Spring Lake and thought it one of the most beautiful sheets of water they had ever seen. But the local parties on the yacht with the naval men got but little encouragement out of the visit."

Pickpockets Get \$700.

Clever pickpockets relieved a passenger from Milwaukee on the Pere Marquette boat of \$165 and valuable papers amounting to \$550 while he was going from the steamer to the Pere Marquette train at Ottawa Beach last Tuesday morning.

The passenger was in a crowd going towards the train when a couple of strangers jostled him and while one held his arms the other abstracted the money and papers from his pocket. So clever were the thieves that their theft was not discovered by the other passengers and when the unlucky victim recovered sufficiently from his bewilderment to make an outcry they had mingled with the crowd. It is thought that they took the train for Grand Rapids.

Their victim was a guileless stranger who a short time ago arranged to purchase a farm in Ionia and with the purchase price was going there to meet his family and pay for the farm. His misfortune left him in poor circumstances and his fellow travellers made up for him a purse of \$12.

Charles Kipp Pleads Guilty to Simple Larceny.

Holland people were very much in evidence in the circuit court this week and the following report of court proceedings by the Grand Haven Tribune will prove more than passably interesting:

"If there is a man in Michigan who is kicking himself, that man is undoubtedly Marinus Traas, convict in Jackson, serving a term of two and a half years for larceny. Traas was accused of stealing various articles of fine furniture from the West Michigan Furniture factory, of which he was watchman, in the city of Holland. Traas was guilty all right enough, and he finally under pressure 'squealed.' Turning state evidence, thinking that it would bring to him the lighter sentence, he implicated Chas. Kipp, also of Holland."

"Kipp's trial began yesterday in circuit court. Kipp is possessed of some natural shrewdness and he retained two good lawyers, Gerrit J. Diekema and George E. Kollen, to defend him. Traas was brought from the penitentiary to clutch the case for the prosecution."

George P. Hummer was the first witness, who described the pieces of furniture taken. Traas testified that himself and Chas. Kipp took these pieces of furniture from the warehouse of the West Michigan plant on or about the night of January 1st, 1901. On cross examination by Mr. Diekema, Mr. Traas said they took one dresser and two chiffoniers, one large one and one small one. They were taken at one time. He thought the oak dresser and the small chiffonier were taken at one time.

Fred Metz was the third witness introduced. He knew Mr. Kipp. He remembers of losing some pieces of furniture—one dresser and two chiffoniers. We took it on a search warrant from Mr. Traas' house. Had conversation with Mr. Kipp about this. He said that he saw Traas get these pieces from our factory. He said it was about New Year's 1901, when they were taken, on cross examination. Kipp had been employed there some time. Considers him a faithful workman. Don't know as I told Kipp he might take these pieces.

But something went wrong. There was Traas' evidence to be true, but a convict's evidence isn't the best or the most convincing, although poor Traas undoubtedly told the truth. Mr. Diekema contended after the evidence was practically in that the time of the crime had not been fixed and that no case had been established. And then Prosecutor McBride discovered that he had witnesses in Holland whom he could not obtain.

The upshot of the affair was that Mr. McBride consented to a plea of guilty by the respondent, to simple larceny. This was done and Mr. Kipp was ordered to appear for sentence Friday morning.

Traas was returned to Jackson to finish his two years and a half and to meditate on the folly of being too much in a hurry, when his home town was possessed of lawyers who might have saved him from the pen. His partner, Kipp, equally guilty, can receive a sentence of not more than 90 days."

Horse Thieves Caught.

Two well dressed, gentlemanly appearing young men, who registered at Hotel Holland as Robert C. Huffman and C. G. McDonough, hired a rig of P. F. Boone last week Thursday saying they were going to drive in the country. They drove to Grand Haven and sold the outfit to Dan Riley, the liveryman at that place. Then they disappeared and Mr. Boone awoke to a realization that he had run afoul of horse thieves and reported the matter to the officers.

This week it was learned that the young men are under arrest at Michigan City, Ind. They are held there for hiring two single rigs from a LaPorte, Ind. liveryman, and attempting to sell them to a Michigan City liveryman. The young men are collegians. Huffman attended the University School at Cleveland, Ohio, and was a college base ball pitcher of note. McDonough says his father is a real estate dealer and man of prominence in Washington, Pa. He attends the Ohio State Normal.

The two young crooks offered to sell the two rigs they had for \$125 to the proprietor of Earl's stable in Michigan City. The liveryman identified the rigs as belonging to a LaPorte liveryman, and as a pretext to find out positively, he offered to buy the outfit and went out to get a check cashed. But instead he telephoned to LaPorte, found that the rigs had been stolen and then had an officer arrest the men. They admitted guilt at once and also confessed to the same crime in several Michigan towns. They claimed to have been on the road since Decoration Day. Their game was to claim to be map agents, when in reality, all they were really doing was stealing horses.

Sheriff Dykhuus learned of the arrest of the two crooks through the Michigan City News. He at once telegraphed Michigan City and if the men are not held there, he will bring them to Grand Haven to answer to the charge of defrauding Mr. Riley. If they are held and convicted they can be brought back as soon as their time in the Indiana penitentiary expires. Sheriff Dykhuus offered a reward of \$25 for the apprehension of the thieves.

Rev. Joldersma Will Come To Hope College.

The Rev. Rense H. Joldersma, pastor of Grace Reformed church of Grand Rapids, has accepted the call to become educational agent of Hope College. Mr. Joldersma's resignation as pastor of Grace church will not take effect until October 1, and until that time, with the exception of a short vacation this month, he will continue in his pastoral duties and will assist his people in selecting a successor. Late in the fall he will enter upon his new work and will remove with his family to Holland.

Mr. Joldersma was born in the Netherlands, where he received his early education and came to this country with his parents in early youth. He took a full academic and college course at Hope college, was graduated from the Presbyterian McCormick Theological seminary in 1884, and in the same year was ordained as a minister of the Reformed Dutch church of America. Upon graduation he was offered calls from four different churches, three of which were Presbyterian and one Reformed. The last was accepted. He served with marked success Reformed churches at Spring Lake, the Fifth Reformed church of Grand Rapids, and the First Reformed church of Chicago. He also served his denomination as superintendent of western missions and as delegate from the Reformed churches of America to the annual conference at The Hague, the Netherlands. Before going to Grand Rapids as pastor of Grace Reformed church he aided in the colonization project of the state bureau of immigration of Maryland. Mr. Joldersma took up his pastoral work in Grand Rapids last December and has been highly successful. Grace church has tried hard to retain him but he felt that in the larger field presented by the offer from Hope college he could do better work for his denomination.

The Yacht Races.

Chicago yachts took one half the prizes in the seventh annual regatta of the Lake Michigan Yachting association. Vencedor, owned by Commodore Fred Price of the Columbia Yacht club; La Rita, the Lipton cup winner, belonging to George R. Pearce, Eleanor II, owned by Vice Commodore J. F. McGuire of the Columbia Yacht club, and Vixen, Fred Porter's boat, carried off the cups and pennants in classes 1 A, 3 A, 4 A and 3 B, respectively.

The other winners were Joseph Uihlein's Illinois of Milwaukee, in class 2 A; Rev. Hilbert's Beatrice of Milwaukee in class 2 B; George

Savidge's Sallie of Spring Lake in the class for schooners and yawls, and B. W. Irwin's Snipe, in class 4 B.

Late Friday night the judges decided that Friday's attempt at a race should be called a contest. All the yachts mentioned above, except Vixen, which did not finish, were declared winners of the race.

Saturday 19 yachts started, but owing to lack of wind only two, Illinois and Larita, finished inside the time limit. The others mentioned were leading in their respective classes when the time was up.

Of the 19 starters Saturday morning only 10 boats went round the course the first time and started on the second. The others came back into the harbor, the wind being so light they figured they had no chance.

Charles Doesburg Will Manage J. Kuite Sr.'s Opera House.

A deal was closed this week whereby J. Kuite, Sr., becomes the owner of the Lyceum opera house. He has always been a heavy stockholder and now is sole proprietor, having purchased the interests of the others.

He intends to make many improvements. Alterations will be made in the stage arrangements and the interior will be improved so that it will be more comfortable. Charles Doesburg, son-in-law of Mr. Kuite, will manage the opera house and he says that when the season opens the first thing to which he will turn his attention is the securing of order in the gallery and in the back part of the opera house. He has already booked several good attractions and promises Holland the best opera season that it has ever had. The first company to appear will be that of the celebrated comedian, Si Perkins.

Gerard Kanter, the retiring manager, gave this city a good line of shows while he was in control and many regrets are expressed because he has severed his connection with the business. His successor, Mr. Doesburg, understands the theatre business thoroughly and a continuance of good bookings is assured.

Additional Local.

Richard DeWright of Saugatuck has been granted a patent on a crate.

Master Glen Armstrong, the great boy soloist of St. Bartholomews church Chicago, will sing in Grace Episcopal church in this city next Sunday morning.

The choir of St. Bartholomews church Chicago, numbering 50 voices will give a sacred concert at Waukazoo next Sunday afternoon to which all are invited.

Silas F. Miles of Grand Rapids and Mrs. Jennie Wilber of Macatawa, were united in marriage at the home of William Walter in Grand Haven last Tuesday evening by Rev. Finster.

The Ladies Aid society of the M. E. church will give an ice cream social and entertainment in the parlors of the M. E. church, Friday, Aug. 22. They will sell souvenirs in the form of paper weights containing pictures of the church and pastor.

Sings the Allegan Gazette about the carnival held there last week:

"The 'barker' and the 'steerer' stay,
The raucous bands are with us still,
While cripples, fools, monstrosities,
And sylphs in tights disport at will.
This week of blare and din and fret,
Help us, O Lord, to soon forget."

A. I. Kramer, the dry goods merchant, will leave tonight on an eastern trip in the interests of his new store soon to be established in the new Visscher block. Mr. Kramer intends to leave orders for a large stock of everything that is the latest and best in the dry goods line and will be in a position to give the best of service to his large trade.

Jacob Van Anrooy of this city and his brother Frederick Van Anrooy of Grand Rapids have returned from a visit to the Netherlands and England. All the traveling was done on the bicycle, and they report that this is the best means of traveling in Holland, on account of the beautiful and well paved roads. They were gone twelve weeks and were well pleased with the country and the hospitality of the people.

Bud Smith was touched for \$35 last night. He was on a street car near the D. & M. depot in Grand Rapids when he felt some one fumbling in his pocket. He then felt for his pocket-book containing the money and found it was gone. At the time of the theft Sheriff Chapman was standing within three feet and when Bud raised an alarm he instituted a search for the pickpocket but could not find him. A man jumped from the car in the middle of the block and it is thought that he was the thief.

JOHN VANDERSLUIS

George Heuneveld, employed as clerk at Lokker & Rutgers, has been severely ill with peritonitis this week. He recovered sufficiently to be removed to his house in Graaschap today.

A platform on the south pier near Skinner's boat livery collapsed yesterday precipitating about 20 men women and children into the shallow water below. Nearly every one there suffered slight injuries and one of them, O. Stryker, sprained his ankle. The accident happened while the life saving crew was giving an exhibition drill. The life boat was bottom side up at the time and when it was righted the crew heard a great outcry. They thought the crowd was cheering them until cries for help were heard. Then they went to the rescue and aided the people to dry land. There was great excitement and commotion at the time of the accident and it is strange that some one was not seriously injured.

"Throw up your hands or there will be a dead nigger here," said Marshal Kamferbeek. He was escorting a colored gentleman by the name of Gus Richards to the city jail last night at about 12 o'clock and when about to open the door the prisoner broke away and ran. The marshal pulled his gun and gave the above order and Mr. Richards returned to the arms of the law with both hands aloft. Richards was arrested for assault and battery on a white girl working at Ottawa Beach. He pleaded guilty to the charge in Justice Van Duren's court this morning and was sentenced to pay fine and costs amounting in all to \$56 or to go to the house of correction for 75 days.

The park board has decided to make still further improvements to Centennial Park. A system of incandescent lamps will be installed and a committee composed of G. J. Van Duren, James De Young, superintendent of the Board of Public Works, and John Kooyers, superintendent of the park, was appointed to look after the matter; an iron fence has been ordered for the fountain basin; the lily pond and fountain basin will be stocked with fish; and a rustic bridge will be built across the small brook that carries the water from the fountain to the lily pond.

The horse driven by Peter Kramer, the expressman, went on a ramble this morning, running from the express office down Eighth street before it was stopped, and creating havoc in its track. Near Van Drezer's restaurant the heavy express wagon lurched into a wagon in which were seated a lady and a little girl throwing the wagon to the sidewalk, knocking down the horse attached to it and frightening the occupants of the wagon. Then the wagon careened against a telephone pole in front of L. Fris' store and wound up its trip by smashing against Boot & Kramer's delivery wagon. It was a sensational runaway and luck was abroad when it occurred or somebody would have been hurt. The narrowest escape was that of a baby in front of J. Kuite's meat market. The little one was seated in the cab when the horse struck the cab and instead of overturning it sent it rolling towards the shop. The baby laughed while its mother sat on the sidewalk and cried.

Roest-Oviatt.

The Traverse City Record has the following account of the marriage of John Roest of this city to Miss Anna E. Oviatt, of Traverse City:

"A very pretty wedding took place last evening at Ferndell, the home of Mr. and Mrs. M. C. Oviatt, two and a half miles south of the city, when their daughter, Miss Anna Elsie, was united in marriage to John Roest of Holland. The house was beautifully decorated in green and white, the color scheme being carried out in ferns and white carnations.

The ceremony was performed at 6 o'clock by Rev. D. Cochlin, in the presence of the immediate relatives of the bride and groom, the beautiful ring ceremony being used. The bride who was unattended, was very pretty in white organdie and carried bride's roses. At the conclusion of the ceremony a dainty supper was served, the dining room table being decorated with smilax, with white carnation favors at every plate.

Mr. and Mrs. Roest will take a wedding trip to southern Michigan, spending some time in Grand Rapids and Holland. They will be at the home of Mr. and Mrs. Chas. Lancaster, 252 East Ninth street, after September 5th.

Among the guests at the wedding were Mr. Roest's mother, Mrs. J. A. Roest, his brothers, Arthur and George, and his sister, Miss Florence, all of Holland. For the family of Mrs. G. Werkman last Tuesday was one of the happiest days of the year, for on that day children, grand children and great grand children gathered from far and near to celebrate her 82nd birthday anniversary. Congratulations were showered on her and the home on West Eleventh street was a scene of joy. The time was whiled away listening to vocal and instrumental music. A dainty birthday repast was served. Miss Van Raalte Journeys To Philippines.

Miss Julia Van Raalte started on a romantic trip last Monday. She is engaged to marry Prof. O. S. Reimold, who is one of the United States staff of instructors in the far away Philippines, and is now on her way to meet him in Manila where upon her arrival they will be married. Her brother, B. Van Raalte, Jr., accompanied her to Chicago from which place she went to St. Paul and then to Vancouver over the Canadian Pacific line. The steamer upon which she will make her ocean voyage will stop at Yokohama, Nagasaki, Kobe, Japan, Hong Kong and Shanghai, arriving at Manila about the 15th of September.

Prof. Reimold resigned his principalship in the Holland High school about a year ago to accept a position tendered him on the staff of teachers sent to the Philippines by the United States government. He has been promoted since his arrival there and is now stationed at Oropesa, 65 miles from Manila where a pretty home awaits his prospective bride.

Miss Van Raalte has for a number of years been an instructor in the Holland High school and was one of Holland's most popular young ladies. She is the daughter of B. Van Raalte, Sr., and granddaughter of the late Dr. A. C. Van Raalte, the founder of this city.

PYTHIANS HOLD MUSICAL CONCERT.

Louisville Making Strong Fight for
Next Encampment—Unique Fea-
tures of the Parade of Elks at Salt
Lake—Band Concert in Evening
Closes the Reunion.

San Francisco, Aug. 13.—It was a
busy day for the Knights of Pythias.
At nine a. m. the Pythian Sisterhood
held its second session at Elks' hall.
There was a review of the uniform
rank and competitive drills in the pa-
villion at 9:30 a. m., and at the same
hour the supreme lodge convened at
the Palace hotel. The imperial palace
of the Knights of Khorassan held a
session at Pythian castle at ten a. m.,
and the supreme temple of the Rath-
bone Sisters assembled at Native Sons'
hall at the same time. The chief event
of the day was the grand parade,
which moved at three p. m., and trav-

MOROS ATTACK OUTPOST.

Two American Soldiers Killed and
One Wounded in Sudden Attack
Near Manila.

Manila, Aug. 13.—A small party of
Moros surprised an outpost of the
Twenty-seventh infantry at Camp
Vicars Tuesday. Sergt. Foley and Pri-
vate Carey were killed, and Private
Van Dorn was severely wounded. The
Moros, who numbered only a dozen,
were armed with spears and swords.
The morning was dark and foggy.
The attacking party crawled to within
a few feet of the sentinels, and then
sprang at them suddenly. The entire
outpost rushed to the relief of the
sentinels, but they were too late, and
the Moros escaped, although possibly
a few of them were wounded. The
American sentinels were terribly cut
by the swords and spears.

The attacking Moros were all from
Bacolod, and the occurrence probably
will result in a move against that
town, which has a strong fort and
other defenses.

Manila, Aug. 13.—Constabulary In-
spector William Schermerhorn, whose
home was in Seattle, Wash., was mor-
tally wounded in a recent fight with
ladrones at Iligan, Mindanao.

Washington, Aug. 13.—The war de-
partment is advised by cable from

APPOINTS NEW JUSTICE.

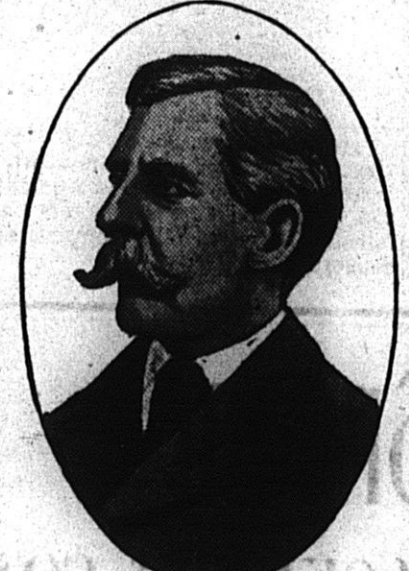

The President Confers Great Honor
on Oliver Wendell Holmes,
of Massachusetts.

NAMES HIM FOR THE SUPREME BENCH.

Will Succeed Justice Gray, Who Has
Resigned—Judge Holmes Is a Son
of the Noted Poet, and Was Born in
Boston in 1841—He Will Accept the
Important Position.

Oyster Bay, Aug. 12.—President
Roosevelt late Monday afternoon an-
nounced that he had appointed Hon.
Oliver Wendell Holmes chief justice
of the supreme court of Massachu-
setts, to be an associate justice of
the supreme court of the United
States, vice Mr. Justice Gray, re-
signed.

Judge Holmes, whom the president
has selected as Mr. Justice Gray's
successor, is one of the most dis-
tinguished lawyers and jurists of
Massachusetts. His career on the

OLIVER WENDELL HOLMES.

bench, particularly as chief justice
of the Massachusetts supreme court,
has attracted wide attention. Like
Justice Gray, he is a native of Mas-
sachusetts.

Resignation of Justice Gray.
The resignation of Justice Gray
was due to ill health. Several
months ago he suffered a stroke of
apoplexy, which some time later was
followed by another. He has not ap-
peared on the bench since he was
stricken the first time. His advanced
age—74 years—told against his re-
covery with serious force. Realizing
that he probably never would be
able again to assume the place which
he so long had filled with distin-
guished ability and honor, he de-
cided a short time ago to tender his
resignation to the president. With
the exception of Mr. Justice Harlan,
he served on the bench of the United
States supreme court longer than
any of his present colleagues. He
was appointed an associate justice
by President Arthur on December 19,
1881, his service extending, there-
fore, through a period of nearly 21
years.

Will Accept.
Beverly, Mass., Aug. 12.—Chief Jus-
tice Oliver Wendell Holmes was in-
formed of his appointment to the
United States supreme bench at his
summer home in Beverly Farms, Mon-
day night. He was asked if he would
accept, and he replied: "Oh, yes; I
shall, no doubt, accept it." Further
than that he did not care to talk.

The New Justice.
Justice Oliver Wendell Holmes is a son
of the author, Oliver Wendell Holmes,
and has been justice of the Massachusetts
supreme court since 1883. He was born in
Boston in 1841, and was educated at the
public schools and Harvard college and Harvard
law school. Immediately after his gradu-
ation from Harvard he enlisted in the
Twelfth Massachusetts regiment, and was
wounded at Antietam and again at Fre-
dericksburg, where he was mustered out as
brevet lieutenant colonel. He took up the
law after the war and edited the twelfth
edition of "Kent's Commentaries," and for
three years was editor of the American
Law Review. He was for a time one of the
law faculty at Harvard. He served as as-
sociate justice of the supreme court until
1899, when he was made chief justice.

Will Build Big Plant.
Joliet, Ill., Aug. 13.—Announce-
ment is made that the American Can
company has decided to erect a mam-
moth industry in Joliet for the man-
ufacture of tin cans. Twelve acres
have been bought near the Rockdale
mills of the American Steel & Wire
company, and plans are all ready for
the erection of the first building, 200
feet square. The concern will em-
ploy nearly 200 hands at the start.

Barcelona Taken.
Port-of-Spain, Island of Trinidad,
Aug. 13.—Surrendered by the govern-
ment forces to the revolutionists
after a six-days battle, the city of
Barcelona, Venezuela, has been pil-
laged, and a great part of it burned.
The American, Italian and Dutch con-
sulates were sacked, and the consuls
have asked for warships to protect
life and property. The dead on both
sides numbered 167.

Held for Murder.
Springfield, Ill., Aug. 11.—As a re-
sult of the finding of the coroner's
jury in the case of W. H. Riley, com-
missioner of the big lake drainage
district, who was murdered in his
bed by being shot at midnight Thurs-
day night, his wife, Ella Riley, is
held in the county jail at Murphys-
boro, charged with the murder of her
husband.

Mosquito Kills a Child.
Terre Haute, Ind., Aug. 12.—The
child of Adam Snider, a hardware mer-
chant, died from blood poisoning re-
sulting from a mosquito bite three
weeks ago.

Elks Have Brilliant Parade.

Salt Lake City, Utah, Aug. 13.—The
features of Wednesday, the second of
the annual Elks' reunion, was the pa-
rade of uniformed bodies of Elks in
competitive prize drill and the selec-
tion of the place for the next annual
reunion. For the competitive drill
\$1,750 in prizes had been offered, the
determining points being general ap-
pearance and bearing, beauty and origi-
nality of costumes, and number in
line. Special prizes were also of-
fered for the best marching bands, and
the result was a parade that for beau-
ty and originality in the uniforms dis-
played, the number in line and the mili-
tary precision with which they exe-
cuted the drills has seldom been
equalled by parades of its kind. Most
of the marching clubs were clad in
the natty uniforms of white and pur-
ple of the Elks, but many original uni-
forms were also shown, notably the
Queen Sabelodge, of El Paso, Tex., the
members of which were resplendent in
native Mexican costumes. The Cow-
boy band, of Ouray, Col., clad in the
blue shirts and the rough sheepskin
"chaps" of the cowboy, lead by a giant
who towered seven feet, clad in bear-
skin, "chaps" and carrying an old
flintlock as a baton also attracted
much attention. The parade was re-
viewed by Col. Bubb, of the Twenty-
second United States infantry, and the
prizes were awarded during the after-
noon.

Great interest centered in the fight
for the next annual reunion. The
withdrawal of Richmond, Va., had left
the field to Baltimore and Saratoga
Springs, N. Y. The final band concert

UNITED STATES VIGILANT.

Is Keeping a Close Watch Upon the
Revolution in Vene-
zuela.

HAS THREE WARSHIPS ON THE SCENE.

President Castro Said to Have a Ship
All Ready to Flee to France In, In
Event the Revolutionists Finally
Triumph—Revolutionists in Hayti
Take Another Town.

Washington, Aug. 13.—Over night the navy department received word that the Cincinnati had sailed from Puerto Cabello for Barcelona, under the instructions cabled Tuesday to Commander McLean directing either the Cincinnati or Topeka to proceed immediately to that point. Commander McLean, who is the senior officer present, evidently decided to go himself and leave the Topeka to protect American interests at Puerto Cabello. It is probable that the Cincinnati already has arrived at Barcelona, but that fact may not be known officially here for several days, as Minister Bowen cabled the state department from Caracas Wednesday that the cable from Caracas to Barcelona again had been cut by the revolutionists. On Monday he reported that this cable had been cut, but presumably it had been repaired in the interim, and his last dispatch indicates that the connection again has been lost. Neither the state nor the navy department has received confirmation of the press dispatches from Port of Spain, which were conveyed there from Barcelona by boat, of the extent of the fighting at Barcelona and of the report that the American, Italian and Dutch consulates had been pillaged. The officials of the navy department are confident that Commander McLean with the Cincinnati will be able to take care of American interests there. Owing to the general disturbed condition of affairs all along the line of the Venezuelan coast and the appeals of Minister Bowen for warships the question whether our naval force in those waters is sufficient to take care of existing situation and to meet future contingencies has been canvassed. For the present it has been decided that it is unnecessary to send an additional vessel. We now have three ships at the three critical points—the Cincinnati at Barcelona, the Topeka at Puerto Cabello, where the Germans already have landed a force, and the Marietta at the mouth of the Orinoco, which was declared blockaded by the Castro government.

The question of affording an asylum to President Castro aboard an American warship, in case he should be obliged to flee from the country and should have no other means of escape, has not been seriously considered by the state department, as it is not believed that his condition at present is desperate enough to make such a move imperative. Besides, it is reported through the press dispatches that he has a vessel at La Guaira upon which he can embark for France if the necessity should arise.

The Situation in Hayti.
Washington, Aug. 13.—Minister Powell cabled the state department from Port-au-Prince Wednesday that Gonaives was in the hands of the revolutionary forces under Gen. Firmin. On Monday he cabled that the Vasquez government had notified him that Gonaives with three other provinces were in rebellion.

Many Lives Lost at Petit Goave.
Paris, Aug. 13.—An official telegram from Cape Haytien says that very many persons were incinerated during the burning of Petit Goave on Saturday last. The telegram adds that the blockade of Cape Haytien by the Firminist gunboat Crete-A-Pierrot has not been recognized by the American government.

MAY CHANGE HIS POSITION.

Gov. Bliss Likely to Name Senator If
President Should Call Extra
Session of Congress.

Manistee, Mich., Aug. 13.—When told Wednesday that President Roosevelt might convene an extra session of the senate in November, Gov. Bliss said: "Well, that may affect my position with reference to filling the vacancy caused by the death of Senator McMillan."

"Then you may name his successor?"
"Well, just say that the extra session may affect the situation. It will not right away, but I will think it over."

Gov. Bliss has previously declared that he would leave the matter of Senator McMillan's successor to the state legislature, which meets in January, and would not make an ad interim appointment.

Buys Timber Land.

St. Paul, Minn., Aug. 13.—A Houghton (Mich.) special to the Dispatch says: The Sparrow Kroll Lumber company, of Kenton, Mich., has purchased 11,000 acres of fir and spruce timberland on the coast in Oregon. The deal involves over \$900,000. The company will continue operations at Kenton.

Surrendered to Russian Police.

Berlin, Aug. 13.—A Russian student named Kalajeff, who was recently released from a Silesian prison, has been surrendered to the Russian police, it being suspected that he was an accomplice in the murder of M. Sipiaguine, the Russian minister of the interior, who was shot and killed on April 13 last.

SHEEP FEEDING.

Finishing Western Wethers on Grass and Grain For Summer Market.

Farmers throughout the central states annually feed and finish for market thousands of sheep. During the past decade a great many farmers have adopted the policy of purchasing western lambs and yearlings during the months of September, October, November and December with the intention of feeding them from 60 to 120 days, depending upon the condition of lambs, markets, etc., and then selling them at an advance in price sufficient to return a nice profit on the investment.

Many sheep feeders claim that one year with another when sheep or lambs are fed on grain and hay that the feeder must have a margin of at least 1 per cent per pound between the buying and selling price to warrant a profit. A careful study of the cost of producing gains on sheep and lambs at this and other stations would indicate that a margin of 1 cent per pound is not always necessary.

In summarizing the results of five trials at Wisconsin, Minnesota and Michigan stations where corn and hay were used, valuing hay at \$3 per ton and corn at 33 cents per bushel, each pound of gain was made at a cost of 4 1/2 cents. At this station gains have been made on grass and corn at a cost of less than 2 cents per pound, in which instance the sheep could have been sold without any advance over the buying price and a nice profit realized.

When feed is low in price, the feeder can work on a small margin, and vice versa. Lambs can be handled on a much closer margin than yearlings or older sheep, due to the fact that the younger the animal the better it can utilize its feed. Thus more economical gains are made. More economical gains can also be made during the summer months on grass alone and grass and grain than can be made during the fall and winter months on grain and hay.

A careful study of the markets during the past few years will reveal the fact that sheep and lambs are usually lower in price during the latter part of April and the first of May than they are during the early part of July before what is commonly termed "grass stock" arrives on the market. This is due to the fact that most of the western fed lambs are marketed during the month of April and the early part of May. Thus there is usually a period of from six to eight weeks' duration when good sheep are at a premium, as the native lambs do not usually arrive before the middle of July or first of August. This is a factor which the feeder should consider, for oftentimes a heavy run will cause a sharp cut in prices when the half fat lambs can be purchased at a price which will warrant the feeder shipping them back to the farm for a forty or sixty days' run on a good blue grass pasture, where they will not only increase in weight, but also in value per pound.—W. J. Kennedy, Iowa Station.

The Good Feeder.

Every part of the body of an ideal beef animal shows quality. It is this that tells the farmer whether a steer with a good form will prove a profitable feeder. It tells the butcher whether the animal will kill well. This is a point that cannot be overlooked and is difficult to describe. Lack of it shows in a coarse, fleshy head, in a thick, meaty throat and a rough, uneven shoulder. Coarse, heavy bones and a loose jointed appearance generally will show the undesirable feeder; rough flesh, "ties" and "patches," the undesirable killer. The ideal animal handles well. The flesh is mellow and firm, showing a proper mixture of fat and lean. The skin is loose, but not superfluous, mellow and moderately thick, covered with a plentiful growth of hair. Such an animal usually weighs 1,500 pounds at twenty-four to thirty months.

The "White Faces" on the Range.

As a breed the long specialization of the Herefords for beef production has operated to give them a less general distribution than the Shorthorns, but the strength of the breed lies in this very fact. Its value for grazing purposes and for prime beef production commands attention. The close uniformity of type is also noteworthy. Though among the first breeds to be introduced Herefords were little known in the United States until the opening of the range country. The impetus which this gave the cattle trade brought them into prominence, and beginning about the year 1880 a rapid growth has put the white faces second in point of numbers in this country and almost supreme on the range.

News and Notes.

If grapes are sacked the latter part of July, they may remain on the vines until freezing weather and will be cleaner and finer flavored, says an advocate of the practice.

The national farmers' congress will be held at Macon, Ga., Oct. 7-10.

Big crops of both wheat and corn, if conditions continue favorable, are now the talk.

The live stock market continues strong.

Angora goats stand dry weather well.

Baling hay directly from the windrow appears to be a growing practice in dry regions of the west and south-west.

The soil is the farmer's bank, and plant food represents his deposits therein.

Continued cold weather and heavy rains in June have severely damaged the grain and fruit crops of France, Germany and Austria.

All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. B. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." Farmers Picnic At Holland.

Holland will hold a Farmers Picnic this year. On Wednesday, August 27, it will welcome within its gates visitors from all sections of the surrounding country and will extend to them lavish entertainment and a royal good time.

The question of holding the picnic was decided last night after a committee composed of Will Botsford and H. Van Toegeren had called upon the business men in regard to the financial part of the deal. They found that the money for a good time could be obtained and at a meeting held last night the following committees were appointed.

Grounds—Seth Nibbelink, John S. Dykstra, Henry Kleyn.

Refreshments—John J. Rutgers, Will Botsford.

Advertising—L. A. Stratton, P. F. Boone.

Music—Will Breyman, Will Hopkins.

Entertainment and Sports—J. B. Mulder, Jacob Lokker, N. J. Whelan, Al Vanden Berg.

These committees will report at a general meeting to be held next Wednesday evening in the Holland City News office.

Besides the regular program of picnic dinner, sports, music, etc., it is the intention to have two base ball games between Holland and Greenville, the two fastest teams in Michigan.

Soo City Breaks Shaft.

The steamer Soo City of the Graham & Morton line while on the trip from Holland to Chicago Tuesday broke a shaft in midlake, leaving her entirely helpless. She was shortly afterward picked up by a passing lumber steamer and taken in tow for Chicago, arriving there shortly after midnight. There was no sea on at the time of the accident. Beyond delay in reaching port the passengers experienced no trouble.

Captain Edward Williams ascribes the accident to the striking of a sunken log opposite the Pere Marquette dock at Ottawa Beach. A new shaft was obtained from Detroit. Seventy passengers on the steamer have signed a testimonial setting forth their appreciation of the kind and thoughtful treatment given them by Captain Williams and his crew during the delay.

H. J. Heinz Here.

H. J. Heinz, the head of the great H. J. Heinz company, is in the city. Accompanying him are his sons Clifford and Howard C. and he is booked for an enjoyable time. This forenoon he took a drive around the city and this afternoon accompanied by a number of business and professional men he will take a ride on Macatawa Bay on the steamer Post Boy. He will be the guest of Dr. G. J. Kollen, president of Hope college, Sunday.

Mr. Heinz will also visit some of the other plants in this vicinity while in this part of Michigan.

Holland, 6; Ionia, 3.

Yesterday's game at Ionia was a veritable slugging match. The Holland boys landed on Rathburn's curves for 16 hits, 7 of them being two baggers. Karsten made one of the longest drives of the season the ball going so far that it looked like a marble. Ball was in the box for Holland and presented the visitors with nine hits but he kept them scattered and was master of the situation at all times even though 3,000 fans tried to root him in the air. The game was very exciting and kept the large crowd in an uproar.

Ionia will play here tomorrow afternoon at 3:30 and will make a great effort to recover lost laurels.

Made A Show Of Dickerson's Menagerie.

Dickerson's menagerie, consisting of attractions from every club in the state league, came here last Friday afternoon to make this "town look like a black burying place in a colored grave yard, to wipe Holland off the base ball map, to force sympathizers of Con DePree to buy crepe," and to do several other things of a dire nature. His nine men from the "Pop Corn league where you get the cracker jacks" strode on the diamond with heads held high scarcely deigning to notice Holland's modest looking white suited "wooden shoe wonders."

Now in this life and particularly in baseball life the best of prophets get fooled and instead of being hailed as heroes are made the laughing stock of a jeering world. So dealt the fates with the doughty Dickerson. Instead of sweeping over the diamond and like the war horses of old scattering the Holland boys like chaff, his were men led to slaughter like a timid, meek looking lot of innocent lambs, and after it was all over and Dickerson led his bunch from the scene of disaster to the tune of a dirge that had for its motif the significant words "8 to 4 in favor of Holland," the gallant leader of the forlorn hope still full of fight flung out the boast, "You just wait. We'll come here again and we'll beat you till you are black in the face."

The game was not the best ever played on the local grounds but from the spectators point of view it was the most interesting, being crowded with brilliant plays and being uncertain enough to cause violent palpitation of the heart. Karsten came from a picnic at Waukazoo to pitch the game for Holland and was not in the best of shape. Grant Johnson, the coal black lady killer that makes Big Rapids shine in the realm of baseball, was the first man to face him and showed why he is called "Home Run Johnson," by knocking the ball over the south fence for a homer. This gave the Holland boys the ague and before the chills left them Dickerson's hired men scored two more. After the first inning the effects of the picnic ceased to trouble Karsten and he pitched a magnificent game until the sun went down on Dickerson's hopes, allowing but one more run and that in the sixth inning when Rowd Mason lifted the sphere into the clouds for a home run.

Keeneo, the monologue artist of the state league, a roly poly Irishman broad of beam and bluff in the bows who could easily command a salary of \$100 a week on the stage at Ramona, was in the box for Grand Rapids and managed to strike the bats of the Holland boys in brilliant style. They hit the ball until he thought a battering ram had been turned loose. He lost control of everything but his good nature and that came nearly going to the bad in the sixth when Karsten made a home run. Two more scores were made in this inning on a hit by Andrews and a poor throw to second.

In the eighth there was a superfluity of joy. Grant Johnson threw low to first base allowing Jim DePree life. Then Root, the hero of the recent battle at Three Rivers, made a two bagger and Jim and Root scored on Andrews hit, Andrews scoring on Tony's hit.

Allegan Lost. 5 to 4.

A listlessly played game with Allegan Tuesday resulted in a Holland victory by a score of 5 to 4. Gilbert was in the box for Allegan and the left handed twirler was so wild that the Holland boys could not get near enough to the ball to touch it after second inning.

In the first and second innings it was different. Mayor Ball was the first man up and blinged it over the fence for a home run. Tibald hit and stole second coming home on Karsten's hit and a wild throw to third. Karsten scored on Root's hit. Root was advanced by Vander Hill's sacrifice and scored on Vandenberg's hit. Holland scored again in the second inning and then the boys got the Spring fever and quit scoring for the day.

The Allegan boys awakened from their trance in the eighth and assisted by generous Will Tibald made a score. In the ninth they came so near to the winner's side of the score sheet that the fans were struck dumb. They landed on Karsten for a bunch of hits and the balls they struck landed everywhere but in the Holland player's hands. Three runs were brought in before the locals awoke to a realization of impending disaster and retired the side.

Nell Hazen umpired in a manner that attracted the fair ladies in the grand stand and they applauded him to the echo. For them the ball game was simply a side issue when Nell was around.

A Case of Crawfish.

E. W. Dickerson, manager of the team known as Dickerson's colts—a team that changes everything, even its color, every twenty four hours, has again entered the debating lists and is burying Michigan in a deluge of misleading statements. A game played last Saturday at Grand Rapids between the Colts and the Holland team is the cause of the ceaseless, limitless range of the four flusher's fancy.

In this game, with a gentleman named Rapp for umpire, Holland was given the worst deal in the history of base ball for four innings. The Holland players asked that a change of umpires be made but received marbleheart responses until patience ceased to be a virtue. Matters reached a focus in the fourth when Rapp refused to allow Vander Hill to go to first after he had been hit by a pitched ball. Disgusted with the odorous deal received the Holland boys withdrew from the field leaving Dickerson's cohorts there in lonesome grandeur.

It is the policy of the Holland boys when they run foul of a case of raw umpiring done with a purpose to consider ways and means of redress. When the men who oppose them are so unsportsmanlike as to deny them redress, so unfair as to countenance wrong, it has been their policy to leave such people to grovel in their iniquity. Therefore when they were subjected to unsportsmanlike treatment, when they saw there was no chance for a fair deal, when a change of umpires was denied them, rather than be a party to a travesty on honest sport they left the diamond, and their action was upheld by all the fans of Holland and all the fair-minded fans of Grand Rapids.

As an aftermath to Saturday's attempt at a game came garbled accounts in papers written by sporting editors who are such clever acrobats that their mode of procedure turns a complete somersault every time Dickerson quivers an eyelash. There came also a signed communication from Dickerson accusing the Holland boys of quitting to stave off sure defeat, and saying that it was the third time they had acted that way.

Mr. Dickerson, who is undoubtedly suffering with mental aberration, was mistaken when he said that the Holland boys quit to stave off defeat. They did not quit for that reason but to avoid stultifying themselves by continuing a contest bristling with unsportsmanlike actions. And to show that it was not fear Con DePree in behalf of the fans sent to the sporting editor of the Grand Rapids Herald a proposition substantially as follows:

"We have this day placed on deposit with the sporting editor of 'The Grand Rapids Herald' \$100 which we are willing to wager that we can defeat the team Mr. Dickerson had lined-up against us Saturday, of whom he says we are afraid, consisting of the following men: Stein, Thomas, Edmunds, Dickerson, Keeneo, King, Mason, Martin and Verstay, either at Grand Rapids or Holland, winner to take entire gate and grandstand receipts, umpire to be George Ellis or some other impartial man to be hereafter agreed upon.

Holland will line-up exactly as they lined-up Saturday that being the team that has represented us the entire summer without change.

This money will be left up till Friday, August 15, which is ample time for Mr. Dickerson to make the arrangements necessary to cover it."

To this Mr. Dickerson made what purported to be an acceptance but what in reality was an evasion. Instead of meeting Mr. DePree's squarely put proposition to play the team of which he insinuated we were afraid, he said he would insist on having three different men in the line-up than were in Saturday's game, two of them being Joe Miller, pitcher, and Binga, third baseman, the well known colored players who have been touring Michigan and other states with colored teams this season. Instead of playing one game he wanted to play three or five.

If Dickerson was taken at his word the affair would simply degenerate into a hiring contest. That is not what the Holland boys desire. They simply desire to prove that it was raw umpiring and not fear of "sure defeat" that caused them to leave the field last Saturday. They do not claim to be invincible. They know that a team can be hired in this state to defeat them. They claim superiority over none of the state teams. But they do claim that the frazzled odds and ends from the state league that Dickerson brought against them last Saturday are not in the class of the fast independent teams in Ionia, Greenville and Holland. The money has been posted in proof of their faith in that claim and Dickerson instead of meeting the issue squarely, with adroitness worthy of a better cause, resorts to counter propositions that amount to nothing more than a clear case of crawfish. He avers that Holland was afraid of the team he had in the field Saturday. They prove they are not afraid by putting up their money. He shows he has no faith in his own statement by refusing to cover the money on the original proposition—the only proposition over which there is a dispute.
