CORRESPONDENCE

Saugatuck.

The people of Saugatuck have been interested lately in the experience of Oscar Lovell Triggs, a Chicago university professor, who declared some time ago that he intended to establish in that very popular resort a great summer camp similar to the many Chautauquas now running in this country. The gentleman spread the news that he discovered Saugatuck, and he obtained permission to use certain lands there in his project. He got many people interested in his scheme. Speaking of Saugatuck the professor said, "Saugatuck is hardly more than a name upon the wandering winds, but as a name it is symbolical and significant. Saugatuck means gate. The mouth of the river is indeed the gateway to a remarkable country. The river finds entrance into the lake through hills of drifting sand but comes from above bearing memories of orchards of apple and peach." At present the professor is badly tangled up in a domestic squabble and the courts are endeavoring to settle matters. A recent report intimated that possibly he is crazy.

Carl Rind has the contract for the Mackinaw for Glenn El. The Probates at the Saugatuck office amounted to \$592.54 which is a gain of \$91.05 over the same month last year. There was a gain of \$73.00 in the sale of one cent stamps. The total sale of one cent stamps for the month was \$126.76 and during the month of August this will be largely increased. The business of the office in all departments is about four or five times the normal.

It is not over estimating to say that one hundred dollars is spent each day during July and August in the village for souvenir postal cards. At the post office where they are tied out and weighed, the average dispatch to Chicago alone is more than ten pounds.

The Fruit Growers State Bank has installed a new safe.

Mrs. M. P. Heath has given up her position in I. Schuham's store in order to play at the Electric Theatre at Jenison Park.

Robert Moore paid a fine of \$5 and costs in Judge Edgcomb's court Tuesday for fast driving in Douglas. The exciting ride ended by the automobile being badly smashed, the axle being twisted and other damage done.

J. Myers has bought Richard Baker's interest in the Saugatuck ferry and now has full charge of the business.

The past deputy president W. R. C. and Mrs. Phillips of Bangor will install the officers of the Woman's Relief corps of Hamilton this evening.

Douglas.

The basket factory is practically closed for the season. The basket makers were discharged last week. It is rather early to close the factory but the short run does not indicate as small sales as it might appear for last winter an exceptionally large number of baskets and crates were held over and this year there will not be nearly so many.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Eclectic Oil. Takes the sting out of cuts, burns, or bruises, at once. Pains cannot stay where it is used.

Mr. and Mrs. George Elliott, the victims of Sunday night's auto accident, are both doing nicely at St. Mary's hospital, and no serious complications are anticipated. The party, seven in number, was returning to this city late Sunday night when, at Jefferson and First avenues, the heavy auto, owned and driven by John Brower of Zeeland, ran into an east bound Lafayette and Stocking street car. Besides Mr. Brower and the Elliotts, who occupied the front seat, there were in the rear seats Chris VanKoeving and Nick DePree of Zeeland, and two women who gave their names as Mrs. Carpenter and Mrs. Ross, and their address as No. 102 Canal street. The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ in the body. Guaranteed by Walsh Drug Co. Druggists. 50c.

It's Your Kidneys

Don't Mistake the Cause of Your Troubles. A Holland Citizen Shows How to cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the symptoms of kidney disorders That is just where the danger lies. You must cure these troubles or they may lead to diabetes or bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Holland people testify to permanent cures.

Aril Schaap, farmer, living on Rural Free delivery ten, four miles east of Holland, Mich., says: I can positively state that Doan's Kidney Pills will act just as represented. My wife suffered a great deal from kidney trouble and backache. She had sharp twinges across the region of the kidneys and small of the back. She procured a box of Doan's Kidney Pills at Doesburg's drug store and after using them only a short time, felt greatly relieved. We have had Doan's Kidney Pills in the house for many years and as a kidney remedy it is unrivaled. I heartily endorse Doan's Kidney Pills and recommend them at every opportunity."

FEDERAL OFFICES WILL FURNISH THE EVIDENCE

Company Said to Have Practiced Short Weight and Measure Cheats to an Enormous Extent in its Wholesale and Retail Business.

Washington, Aug. 7.—Following the hard blows dealt the Standard Oil company by the federal government, the various states, it is said, are preparing to go after the trust on evidence collected by federal officers. In nearly every state there is a law against cheats. Commissioner Smith of the bureau of corporations is prepared to furnish the law offices of numerous states documentary evidence to prove in the state courts that the Standard Oil company has not depended entirely upon monopoly for its profits, but that it has resorted to methods despised by all honest dealers.

It has been found that the practice of giving short weight and short measure in its wholesale and retail business has been so general on the part of the Standard Oil company as to indicate a general policy directed by the responsible officers of the company.

Will Spring New Evidence. The government has a vast amount of information concerning the Standard's methods and business which has not been made public. The installments will spread out over a considerable period of time.

An interesting contribution appeared in the newspapers Monday, and next Monday another equally interesting article will appear. Thus the government, through one of its departments, is prosecuting the trust to punish it for flagrant violations of the law, and through another is directing a campaign of education which will keep the public fully informed of its methods and its practices.

How Law Will Be Attacked. At the department of justice it is pointed out that the minimum fine imposed by the law which the Standard Oil company violated, according to Judge Landis' decision, is \$1,000 for each offense. A \$50,000 company, convicted of 1,400 violations of the law, as in the case of the Standard Oil Company of India, would have to be fined at least \$1,400,000. Therefore in raising the plea that the fine is excessive, the Standard company will attack the constitutionality of the whole act.

There is some disposition here among lawyers in the departments to expect the Standard Oil company to lay much stress in its appeal to the Supreme court upon the plea that the government has been derelict in bringing the proceedings and that the company should be entitled to a fine considerably below the maximum because it was not dragged into court to be punished when it committed its first offense.

Oil Stock in New Decline. Chicago, Aug. 7.—The stock market suffered another severe decline Tuesday. It showed a loss of over two points under the lowest record of the day before. The Standard Oil properties were the weakest. St. Paul, Amalgamated Copper and Anaconda shares touching a level showing losses of from four to seven points since Judge Landis' fine was imposed.

Many New York Babies Dying. New York, Aug. 7.—New York's death list for the last two weeks is 3,615, against 2,997 for the 14 days ended August 3, 1906. In the seven days ending last Saturday there were 1,804 deaths in the five boroughs, 1,653 of which were of children under five years of age. In the corresponding week in 1906, but 1,156 children under five years died. Dr. Guilfoyle of the board of health, in commenting on the increase in infant mortality in New York, said the improper feeding of infants by mothers was to blame.

Peanuts, Not Steak, for Energy. Berkeley, Cal., Aug. 7.—Prof. H. E. Jaffa, who has been connected with the state university for 30 years, says in a bulletin just prepared for the United States department of agriculture, that ten cents' worth of peanuts contain more than twice the protein and six times the amount of energy contained in a porterhouse steak. These conclusions were arrived at after exhaustive studies and experiments carried on in Berkeley with students and others as subjects.

Trunk Contained Dead Body. Marseilles, France, Aug. 7.—A trunk belonging to a man and woman who arrived here from Monte Carlo attracted the attention of the baggage-master, who caused it to be opened. It was found to contain the body of a woman, cut to pieces. The man and woman owning the trunk were arrested. They had asked that it be forwarded to London.

Girl Commits Suicide. Joliet, Ill., Aug. 7.—In water only a foot and a half deep Miss Ada Smith, aged 20, the daughter of Mr. and Mrs. W. F. Smith, living one mile south of Plainfield, committed suicide by drowning herself. Miss Smith was an accomplished musician and most popular girl. CITY BOMBARDED BY FRENCH SHIPS

LAND BATTLE FOLLOWS SHELLING OF CASABLANCA AND MANY ARE KILLED.

FORCES OF SPAIN AND FRANCE ARE COMBINED

Three Villages Are Wiped Out by Shots from Big Guns When Kabyles Make an Attack on the Town—Massacre Believed Imminent.

Tangier, Aug. 7.—The French cruiser Gallie was bombarding the Moorish quarter of Casablanca and the neighborhood of the city when the last steamer which had just arrived here, left that port. The Kabyles attacked Casablanca and the Moorish authorities applied to the commander of the Gallie for assistance. He thereupon landed 60 men and a Spanish cruiser landed 40.

Seven Frenchmen Are Wounded. This landing party was fired on by the Kabyles and seven Frenchmen, including an officer, were wounded. The combined French-Spanish forces thereupon cleared the city of hostile tribesmen, guards were placed about the foreign consulates, and then the Gallie opened fire with her big guns on the rebels.

Troops Seek Raisuli. A column of troops from Alcazar is marching in the direction of Fahs to cooperate with the forces of Kaid Bagdadi, who is seeking to capture Raisuli, the captor of Gen. Sir Harry MacLean.

Villages Are Wiped Out. London, Aug. 7.—A special dispatch received here from Tangier describing the bombardment of Casablanca says that the French cruiser De Chay-la and the Spanish gunboat Don Alvaro de Bazan participated with the Gallie in the bombardment of the villages surrounding Casablanca, which were destroyed by the fire of the warships.

During the bombardment large reinforcements of tribesmen came up and many of them were killed or wounded.

The Casablanca battery joined in the firing on the warships, whereupon the guns of the French and Spanish cruisers were turned on the battery, which soon caused the Moorish commander to send a messenger to the French admiral requesting his pardon. This was refused and the admiral sent a peremptory order to the Moorish commander to surrender himself to the French consul.

Oran, Algeria, Aug. 7.—The French armored cruisers Gloire, Jeanne d'Arc, Conde and Gueydon embarked detachments of artillery and the foreign legion and a battery of sharpshooters and sailed for Morocco.

Sharpshooters on the Way. Algiers, Algeria, Aug. 7.—The French transport Nive has sailed for Morocco with detachments of sharpshooters, light cavalry and spahis on board.

Protection for Foreigners. Berlin, Aug. 7.—A special dispatch received here from Tangier says that the German charge d'affaires at Tangier called the attention of the French charge d'affaires to the dangerous position of foreigners at Mazagan, on the west coast of Morocco, and that the French official directed a French cruiser to proceed to Mazagan. The many Germans at Mazagan, most of whom live outside the city, will be protected by the French cruiser.

Agree on Franco-Spanish Note. Paris, Aug. 7.—Foreign Minister Pichon and the Spanish ambassador here, Senor Leon y Castillo, have agreed to the Franco-Spanish note informing the powers signatory to the Algeiras convention including the United States, of the intention of France and Spain to keep within the terms of the convention. The situation after the landing of troops at Casablanca will largely determine the subsequent measures to be taken by France and Spain. No outside power is expected to cooperate with the two powers mentioned. The French government has no confirmation of the reports that British or German warships are on their way to Morocco.

Garrison Put on War Footing. Madrid, Aug. 7.—The garrison of Algeiras has been ordered to be placed on a war footing with the view of sending troops from there to Morocco.

Murderer Gets \$800 Pension. Harrisburg, Pa., Aug. 7.—Jacob Stehman, under sentence of death in the Dauphin county prison, has been notified that \$800 of back pension money due his deceased father had been awarded to him by the United States government. The man had not a cent for his defense when arraigned and convicted for wife murder and the court had to assign a lawyer to look out for him. Stehman will now make an effort to get his case before the board of pardon.

Long Earthquake Is Recorded. Trieste, Austria-Hungary, Aug. 7.—The instruments in the marine observatory recorded heavy shocks Tuesday morning about 2,500 miles distant. The beginning of the disturbance was registered at 7:52:26 o'clock, the maximum shock was reported at 8:08:51 and the movement ceased at 8:26:59.

Santiago de Chill, Aug. 7.—An earthquake shock was felt Monday at Valparaiso.

Will Holland Follow Suit?

What has become of the good roads movement which was so enthusiastically boomed in this part of the county about two years ago? It will be remembered that then the rural route mail carriers led by Anthony Rosbach started a crusade for good roads and enlisted the services of some of the most progressive farmers. A little good was done but nothing of a permanent nature was accomplished. There is no reason why the agitation should have relaxed, for under the good roads law now in operation there are fine opportunities for making permanent improvements with the aid of the state, and everyone knows that there is vast room for improvement on some of the roads leading from Holland.

Although the movement may be at a standstill hereabout it is booming in some parts of the state. In Ingham county and Livingston county a movement is on foot to build a macadam road straight through the two counties and an organization has been formed to ultimately extend the road from Detroit to Grand Rapids.

Wake up men of Holland and vicinity and boom good roads here. Holland need take no backward step anywhere along the line.

Need for Trained, Educated Men

The other day a citizen of this city remarked that the chase for a good education is not worth the time and energy wasted.

The lie is given to his remarks by a news stating that "the railroads of the United States need 200,000 more men to enable them to conduct the operating and transportation departments as they should be conducted."

This statement was followed by the announcement of the establishment of the National School of Railroad Engineering. A dozen of the biggest railway systems of the country are back of the school and it is to have the hearty support of every road. Its purpose is to try to supply the 200,000 shortages.

This proves that there is need for trained men and that the boys that are hustling for an education are the ones who must be reckoned with in the battle of life. So go to it boys and no matter what the odds are get an education. It is worth dollars and cents.

Sears, Henry Adair, Robert Willey and G. Witfield, visited Grand Haven on Tuesday of this week in the yacht Eagle. A wind storm overtook them several miles north of the harbor, but after weathering the sea for some hours they came to anchor about midnight off the lighthouse, being unable to run inside on account of the sea.

Capt. Morton with the lifesaving crew went to their assistance and brought them in safely.

The board of education has received a circular from the Public Service Co. relative to the due observance of "Columbus Day," by the public schools throughout the land. As is well known history gives the date of the discovery of America as October 12. Nevertheless Congress has by recent action changed the date for the public school celebration from Oct. 12 to Oct. 21. This change is based upon astronomical accuracy, and the new date marks the true point. On Oct. 21 the sun will occupy the same place relative to the earth which it did when for the first time Columbus beheld the new world. The change is also made necessary because of changes which came in correcting the Julian calendar by adopting the Calendar of Pope Gregory XIII, in 1581.

The democracy of Holland township was represented at the county convention by the following delegates: Dirk Miedema, B. Kamernad, H. Van Eyk, James Huntley, R. Van Eyck, H. Hazekamp, F. Heyboer.

In the dilapidated Eastmanville cemetery stands a small marble slab, upon which is the following inscription: "In memory of Agnes B., widow of Capt. Hannibal Allen, United States army, who was the eldest son of Col. Ethan Allen, born March 30, 1778; died Nov. 3, 1863." The marble slab and inscription marks the resting place of the widow of the eldest son of Col. Ethan Allen, who during the Revolutionary war demanded the surrender of Fort Ticonderoga "in the name of the great Jehovah and the Continental Congress." Mrs. Allen was a sister of Mrs. Benjamin Hopkins, with whom she resided in Eastmanville for several years previous to her death. Capt. Hannibal Allen, her husband, died at Fort Nelson, Va., in 1813. The sword used by Col. Ethan Allen is in the possession of Hannibal Allen Hopkins, of Jackson, Mich.—G. R. Democrat.

The new Holland City State Bank block is nearing completion and is an imposing structure.

Hard to Get Jurors.

Great difficulty is experienced in getting jurors for the Shimmel case. The regular panel was soon exhausted and Under Sheriff Frank Salisbury started out Tuesday afternoon acting upon Judge Padgham's orders after 30 venire men. He was told to get these jurors from a point in the county remote from the scene of the Golden murder. The officer proceeded to Jenison and started out on his search for suitable juror timber. He was up nearly all night hunting men to bring down to Grand Haven and Wednesday morning at 10:30 when court convened thirty good men and true from Georgetown were there to serve or be rejected as jurors. At noon about 15 of the 30 had been excused for cause.

At 3:30 yesterday afternoon the entire panel of the special venire brought in to the number of 30 being exhausted, the court directed the sheriff to bring in another panel of 25 tallmen. At that time the prosecution had used six and the defense 12 peremptory challenges. Sheriff Woodbury will undoubtedly make another trip to Jamestown and Georgetown.

ANOTHER GILMAN
CRIME AT DAYTON

PRETTY GIRL DEAD AND MAN DY-
ING IN STRANGE MURDER
MYSTERY.

Anna Markowitz Brutally Attacked
and Strangled and Abraham Gor-
don Shot—Brothers and Sister of
Former Are Held on Suspicion.

Dayton, O., Aug. 6.—Anna Marko-
witz, 24 years of age, a pretty Jew-
ish girl, lies dead at the county
 morgue, her throat bearing the mute
evidences of the strangler's death
clutch. Her body, bruised and cut,
bears evidences of brutal mistreat-
ment. At the hospital, with a mortal
wound in his abdomen and his head
a mass of bruises, lies Abraham Gor-
don, a young traveling man from In-
dianapolis. Held on suspicion by the
authorities at Dayton are James,
Jacob and Bertha Markowitz, broth-
ers and sister of the dead girl.

This is the situation in a very com-
plex murder case and one in which
brutality and cruelty rivals the fate
of pretty Dona Gilman, whose pitiful
end was reached but a short distance
from where this latest crime occurred.
Anna Markowitz, like Dona Gilman,
was mistreated. But in this latest
case there is not that complete ab-
sence of clues which has made the
Gilman case one of the deepest mys-
teries in this section.

Stories Differ Widely.

Sunday Abraham Gordon, some-
times known as Cohan, went out walk-
ing along a lonely road near the Na-
tional Soldiers' home. He was ac-
companied by Anna Markowitz and
her younger sister, Bertha. They had
walked to a lonely spot when the
crime was committed. Two stories
widely different in their intimations
are told. What took place has up to
this time not been clearly developed.
The story of Bertha, when she rushed
breathlessly and terror-stricken to
the soldiers' home, was that while her
sister, Young Gordon and herself were
strolling along a secluded path, a
highwayman slipped unheard behind
Gordon and struck him with a black-
jack. Gordon, she said, turned about,
and as he did so the highwayman shot
him in the stomach. As Gordon fell,
she says, the man made a dash for
either herself or her sister. She ran
screaming from the scene of terror,
leaving her older sister, Anna, to her
fate. Bertha said she did not stop
until she had reached the soldiers'
home, where she gave the alarm.

Body Found in Weeds.

The sheriff was notified and a pos-
sible formed. When they reached the
spot of the crime they found Gordon
almost dead. A trail showed where
Anna had been dragged. They follow-
ed the beaten down path and came
upon the body of the girl lying in
the weeds. The clothing had been
nearly torn from the body. The arms
were crowded down over the eyes as
if to shut out a horrible picture.
There were evidences of a fearful
struggle and of an assault. The girl
was dead from strangulation.

The Markowitz brothers and Bertha
later called at police headquarters to
see what had been learned about the
crime. Questioned, the brothers are
said to have admitted that their moth-
er objected to further attentions being
paid by Gordon to Anna. The broth-
ers would not deny that they had fol-
lowed their sisters, Anna and Bertha,
into the woods when they went in
with Gordon.

PRISON FOR FALSE SOLDIER.

Defrauded His Fiances of Money and
Broke Marriage Promise.

Leavenworth, Kan., Aug. 6.—Private
James M. Pyne, Sixteenth battery
siege artillery, is to serve three years
in the military prison here for break-
ing a promise of marriage and borrow-
ing money with intent to defraud. He
was tried by court-martial under the
charge "conduct to the prejudice of
the good order and military disci-
pline."

It was shown in the court-martial
trial that Private Pyne became en-
gaged to an army nurse in Cuba; that
he was transferred to Fort Leaven-
worth and wrote to the girl asking a
loan of \$500 to fit him out with uni-
form and other equipment, made nec-
essary, he said, by his having passed
an examination for promotion to a
lieutenancy. The girl advanced the
money, and when she came to Kansas
City later on she lent him more
money.

He told the girl that his father had
died leaving him a large estate on
condition that he would not marry for
five years. The girl then made an in-
vestigation and learned that Pyne
was deceiving her. The court-martial
followed and its finding has been ap-
proved by Brig. Gen. Godfrey.

FRANCE AND SPAIN ACTING IN CONCERT

PROMPT MEASURES ARE TAKEN TO MEET THE SITUATION IN MOROCCO.

Former Sending Troops—Several Warships on the Way—Report That State Bank at Tangier Has Been Pillaged.

Paris, Aug. 3.—The French and Spanish governments are acting in concert and with great promptness to meet the situation that has arisen in Morocco. A warship of each of these powers is now in the harbor of Casablanca, and three French and one Spanish men-of-war are on the way to Morocco.

France has proposed to Spain the immediate landing of French and Spanish troops at Casablanca, and in anticipation of a favorable reply has prepared three transports at Toulon to convey 2,500 men and 300 horses to Morocco. What further steps, if any, are contemplated have not been made public. Slight delay and embarrassment in meeting the situation are caused by the absence of Premier Clemenceau, who is at Karlsbad taking the cure.

Limited by Convention.

An official communication issued Friday says that the action of the powers in Morocco is limited to that granted them under the Algeiras convention.

Up to midnight no telegram has been received from Tangier reporting the arrival there of fresh news from Casablanca.

A dispatch received here from Oran, Algeria, reports that the State bank at Tangier has been pillaged and that a British consular employee has been captured between Tangier and Elksare. There is no confirmation of this news from Tangier.

Spain Sends Second Cruiser.

Madrid, Aug. 3.—The government announces that in addition to the cruiser Infanta Isabel, which already has arrived at Tangier, the cruiser Don Alvaro de Bazan, now at Las Palmas, has been ordered to the Moroccan coast.

Germans Not Pleased.

Berlin, Aug. 3.—The French charge d'affaires here visited the foreign office Friday and informed Foreign Secretary Tschirsky of the situation at Casablanca and the intention of the French government to send warships to Morocco.

Die Post, which often reflects the views of the government, discusses the Moroccan situation at length, concluding its article with the statement that Germany will interpose no unnecessary hindrance to France if it is evident that comprehensive measures are required to restore order. Die Post, however, is little pleased with the turn affairs have taken, and says that if France set out in the beginning to secure control of Morocco, fate seems to be making the way easy for her by constantly bringing up new excuses for her to settle more firmly into the saddle.

OIL TRUST METHODS SCORED.

Prices Raised and Great Profits Acquired by Unfair Means.

Washington, Aug. 5.—Significant revelations were made public Sunday in a report submitted to President Roosevelt by Herbert Knox Smith, commissioner of corporations, concerning the operations of the Standard Oil company.

Commissioner Smith says: "The Standard Oil company is responsible for the course of prices of petroleum and its products during the last 25 years. The Standard has consistently used its power to raise the price of oil during the last ten years, not only absolutely, but also relatively to the cost of crude oil."

The increase in annual profits of the Standard from 1896 to 1904 was over \$27,000,000. The report says: "The total dividends paid by the Standard from 1882 to 1906 were \$551,922,904, averaging thus 24.15 per cent. per year. The dividends, however, were much less than the total earnings. It is substantially certain that the entire net earnings of the Standard from 1882 to 1906 were at least \$790,000,000, and possibly much more."

"These enormous profits have been based on an investment worth at the time of its original acquisition not more than \$75,000,000."

In his letter to President Roosevelt transmitting the report, Commissioner Smith says: "The following facts are proven: The Standard has not reduced margins during the period in which it has been responsible for the prices of oil. During the last eight years covered by this report (1898 to 1905) it has raised both prices and margins. Its domination has not been acquired or maintained by its superior efficiency, but rather by unfair competition and by methods economically and morally unjustifiable."

Turkish Troops Invade Persia.

Teheran, Persia, Aug. 6.—The incursions of Turkish troops across the northwest frontier of Persia, which for some time had been in abeyance, have again broken out. A serious raid has occurred near Urumiah, 6,000 Turkish troops, with artillery, having crossed the frontier and destroyed the village of Mavaneh. Seventy-eight villagers, of whom 60 were women and children, mostly Christians, were killed.

JUDGE KENESAW M. LANDIS.
(Federal Jurist Who Imposed Big Fine on Standard Oil.)

tween the Standard Oil, the Alton road and the head officials of both. This charge, if proved, may land some of the railroad and oil officers in jail.

Will Contest the Decision.

The trust's lawyers served notice that the infliction of the fine will be contested to the court of last resort. This means two steps: An appeal to the circuit court of appeals and thence to the federal supreme court.

The judge gave the defendants 60 days in which to file a bill of exceptions. This was after three formal and quite "hopeless" motions had been made by Attorney Merritt Starr, representing the defense as senior counsel, during the absence of John S. Miller, who is in Europe.

Call it an injustice.

The character of the appeal to the higher courts was indicated by a later statement by an official of the corporation in New York, who said "the amount of the fines evidenced the injustice against the company."

"The amount of Judge Landis' fines," said this official authoritatively for the company, "is 50 times the value of the oil carried under the indictment. Total value of the oil was \$650,000. For each car of oil, valued

at about \$450, we have been fined \$20,000. An appeal will be taken to the United States circuit court of appeals and carried to the court of last resort, but whether it will be entered at once or whether the full time allowed by law will be taken will be determined by our counsel."

The case upon which the judge assessed the huge fine was brought upon indictments containing 1,462 counts, charging the acceptance of rebates amounting to \$223,000 from the Chicago & Alton railroad on shipments of 6,000 cars of oil from Whiting, Ind., to East St. Louis. The law gave the court the power to impose the maximum fine of \$20,000 on each count. The minimum fine provided is \$1,000.

Jail Also May Be in Sight.

The surprising finale of the day came when the judge issued his call for a special grand jury and directed District Attorney Sims to proceed at once against the Alton railroad and to direct an investigation of the individuals—Standard Oil and Alton officials—who were parties to the scheme by which the Standard Oil company of Indiana secured the transportation of its products at less than one-third the legal rate.

The charge to be made against these men is conspiracy to violate a federal law, known as section 5440 of the revised statutes of the United States. The punishment for conviction of this offense is a fine of \$10,000, or sentence of two years in the penitentiary, or both.

Men in Danger of Indictments.

The men who may be deemed to be in danger of such indictment are:

Standard Oil Officials:

J. A. Moffett, president of the Standard Oil company of Indiana.

W. P. Cowan, vice president of the Standard Oil company of Indiana.

H. E. Felton, president Union Tank Line company and traffic manager for the Standard Oil company of New Jersey.

E. Bogardus, traffic manager for the Standard Oil company of Indiana.

Chicago & Alton Officials:

S. M. Felton, president Chicago & Alton Railroad company.

Joseph W. Blabon, traffic manager for Chicago & Alton.

Charles A. King, general freight agent for the Chicago & Alton.

Charles H. Davis, former auditor for the Chicago & Alton.

Some Unpleasant Comparisons.

In his utterances against the oil company preliminary to assessing the great fine, and also preliminary to the calling of the other grand jury, Judge Landis clearly expressed his belief that the Standard Oil company was no better than a common thief, emphasizing the position that he has taken throughout the trial.

"The men who deliberately violate this law," said he, "would society more deeply than he who counterfeits coin or steals letters from the mail."

Referring to the reply by the defendant's attorney to his proposition that they produce evidence that they had not been guilty of previous offenses, the judge took occasion to rebuke them for what he termed their gratuitous agitation about "the mob."

Question as to the "Mob."

Said he, after quoting from the answer of the attorneys in which they recommended that the court pay "no attention to the gossip of the street or the charges of the mob":

"Waiving the question of the studied insolence of this language, in so far as it may be aimed at the present occupant of the bench, the court can, of course, only leave to the discretion of the Standard Oil company the wisdom and propriety of a hundred million dollar corporation's gratuitous inaugurating agitation about the 'mob.'"

In scoring the corporation's plea that it had a right to enter into private contracts, the judge said:

"Under the doctrine insisted upon by the defendant, the railway company might give the Standard Oil company a low transportation rate and by contract obligate itself to withhold the same rate from the man the taking of whose property by condemnation rendered possible the construction of the road. A more abhorrent heresy could not be conceived."

NOVEL SOLDIERS' REUNION

FIFTEENTH PENNSYLVANIA CAVALRY VETERANS TO MEET.

Will Be Guests of Gen. Palmer at Colorado Springs, He Paying All Expenses.

Colorado Springs, Col., Aug. 6.—From all parts of the United States more than 300 veterans of the Fifteenth Pennsylvania cavalry, Gen. W. M. J. Palmer's regiment in the civil war, will arrive in Colorado Springs on the evening of August 20 for the most novel reunion ever held in the United States, as the guests of Gen. Palmer.

A magnificent special train of Pullman sleepers and diners will bear the veterans to Colorado Springs, and from the time each man leaves his own door until he returns to it, his expenses will be borne by Gen. Palmer.

Every station agent on the Pennsylvania railway system has received orders to issue tickets to Gen. Palmer's comrades on the presentation of a card supplied by the general, and the train will make its circuit from point to point in such a way as to pick up each traveler at the nearest station to his home. Those living too far away from the route of the special train to be picked up will be furnished transportation to come by whatever train best suits them. The reunion will last six days.

New York, Aug. 6.—In spite of the fact that the railroads of the far west have failed to make any material reduction in the fare to Saratoga for the Grand Army of the Republic encampment, applications for quarters continue to pour into the local headquarters from the veterans of the west, and a large delegation will attend the gathering in September. Applications from the posts of the eastern section of the country are also large, and hardly a day passes but 500 to 1,000 of the old soldiers are assigned quarters. For the accommodation of the veterans the city has assigned the public schools and other public buildings and a number of private individuals have turned over large buildings. Residents of Saratoga are making every effort to care for the needs of the encampment.

Saratoga, N. Y., Aug. 6.—It was announced at Grand Army headquarters Monday night that President Roosevelt would not attend the national encampment here. An invitation was sent to the president, who replied that he would be unable to accept it.

The courtroom was crowded to suffocation and the order of the court was received with great shouts of approval by the citizens who heard the verdict.

RECORD PENALTY IMPOSED BY JUDGE LANDIS ON STANDARD FOR REBATING.

New Grand Jury Probe Ordered Into Charges of Conspiracy with Alton—Officials of Both Companies May Be Jailed If Convicted.

Chicago, Aug. 5.—The Standard Oil company Saturday received the most terrific blow in its history, and simultaneously was served with notice that more serious trouble was in store for it.

Judge Kenesaw M. Landis, in the United States district court, fined the company \$29,240,000, the extreme limit of the penalty fixed for the acceptance of illegal rebates under the conviction of last April. This fine is by far the largest ever assessed in any case in the history of jurisprudence. It was accompanied by a scathing criticism of the oil trust's methods.

Then the judge instantly called for a special grand jury for August 14 to follow up the same violations of law from the standpoint of conspiracy be-

Immense crowds of people witnessed the Venetian evening celebration. The spectacle was very impressive and was hugely enjoyed. A squall that swept the lake about 6 o'clock in the evening tore away some of the decorations on the yachts and in some instances swept the yachts ashore, thus interfering with the naval parade. This distracted somewhat from the beauty of the pageant and prevented it from being up to former displays. Nevertheless, although the elements put a damper on the celebration, it was of a nature that cannot be witnessed elsewhere on the shores of Lake Michigan and reflected credit on the men back of it.

Hon. Joseph Greusel of Detroit representative from Wayne county in the state legislature, was in the city last Friday, the guest of N. J. Whelan. While here he and Hon. D. B. H. Van Raalte exchanged reminiscences of the days when they were both at the state house, Mr. Greusel as a reporter for the Detroit Journal and Mr. Van Raalte as a legislator. One episode appealed to Joe forcibly. It was the time when some of the members of the legislature tried to expel Mr. Greusel from the floor of the house because they thought he criticised one of the state senators harshly. Mr. Van Raalte made a hot speech in defense of Joe and won the day. Joe stayed and he has been there ever since as news paper correspondent and as a member of the house from Wayne, the position he has held the last six years.

The controversy over the ownership of the river front property just south of the ferry landing on the Park side of the river was brought to an exciting point when Dr. Gray, of the Forward Movement, set a crew of men to work driving piles for a dock Monday morning. Some of the cottage owners protested when their boat landings were torn up and one young lady, to assert what she contended were her rights, sat on one end of a plank till it was torn loose at the other end and then jumped into a boat rather than fall into the water. Some of the cottagers are agitating a plan to have the water front condemned and used as a public park. This the Village would probably be willing to do if the cost was not too high, but in all probability the Forward Movement knows the value of their holdings and the cost would be too great to consider. —Saugatuck Commercial Record.

Peace and harmony now prevails in the Republican ranks of Ottawa county. If any one doubted this fact it was dispelled at yesterday's convention which was a love feast if ever there was one. Notes of Sport.

The races of the Macatawa Bay club were good, the Intruder, owned by Lewis Krause of Toledo, winning the marine glasses offered as a prize in class A, and the Ettie of Spring Lake taking the class B event. The Grace defeated the Budweiser in the lark class. Both races were sailed in a heavy wind the Intruder winning the morning race, closely pressed by the Raven, sailed by Ralph Conger. Charles Scates brought the Macatawa in third, the Bay Hom Jr being fourth and the Problem fifth. In the afternoon the Macatawa won, the Raven meeting with an accident, breaking her spinnaker pole and dropping the great sail overboard. The Intruder thereby took the second place, giving her the series and the prize. Under the system of scoring, one for starting, one for finishing and one for each boat beaten, the boats ranked: Intruder 11, Macatawa 10, Raven 9, Bay Hom Jr 6 and Problem 4. The victory of the Intruder is an abundance of feathers in the caps of Capt. Rol Astra, John Borgman and the rest of the captain's gallant crew. They have made good as expert yachtsmen and have stowed away all the glory lying around loose at the resorts. The Intruder, thanks to Capt. Astra, is now the recognized champion of the Inter-state Yachting organization and it is no wonder that Louie Kraus, the owner, is away up in the air in delight.

The base ball game last Saturday between Grand Haven and a Holland nine was so devoid of feature plays that even so dyed-in-the-wool a base ball fan as Billy Kellogg fell sound asleep. But Billy says keep it out of the newspapers.

The Zeeland base ball team, strengthened by several players of the Interurban team of Holland, was defeated at Allegan Saturday morning by the Hopkins Station team by the score of 10 to 6. Internal dissensions in the Zeeland team made it necessary to impress the Holland boys into service and the teamless playing of the aggregation caused their downfall.

Jacob VanPutten, the old Holland base ball player, is making a hit pitching in Chicago this summer. He has pitched twelve games and has achieved twelve victories.

The Grand Rapids Oriels and the Holland Interurbans will play at Jenison park Saturday afternoon at 2:30 o'clock.

Holland baseball fans will have an opportunity to witness several fast semi professional contests if the plans of the local managers do not go astray. The Holland Interurbans and the Holland Independents, which have been rivals since their organization, are arranging for a series of three games to be played in this city, the winner to be styled the city champion and to receive 70 per cent of a purse of \$100 which the fans expect to raise. The recent close and exciting contest between the clubs at Jenison Park so elated them that they wish to see the fastest aggregation merit the honor.

The line up: Interurbans—Van denberg, catcher; Ossignac and Arendsen, pitchers; Ederle, first base; VanPutten, second base; Hennessy, shortstop; Devries, third base; VanRy, right field; Arendsen, center field; Alexander, left field.

Independents—TeRoller, catcher; Woldering, pitcher; Scheerhorn, first base; Knutson, captain and second base; Shaw, shortstop; Batema, third base; Johnson, right field; Rottschaefer, center field; Vanderhill, left field.

The Fant & Stone ball team were defeated by the Independents in Holland Saturday 7 to 0 in a featureless game. Adams started in the box for the F. & S. boys and was succeeded in the last inning by Fett. The F. & S. boys played an indifferent game, not up to their usual standard.

August 24 and 31 and September 2 are the dates set for the three games of base ball to determine the championship of Holland claimed by the Independents and the Interurbans.

Life Savers to the Rescue.

The thirty five-foot yacht Nahma belonging to James Francis Campbell, John Byrne and John Duffy, all well known Grand Rapids men, was caught in the severe storm that swept Lake Michigan late last Thursday night and was beached just north of Holland harbor. The persons on the boat were rescued by the life-saving service after considerable difficulty owing to the high wind and the raging sea. Those aboard the yacht were Mr. Campbell, James Duffey and Alfred Hunt, all of Grand Rapids.

The men had a narrow escape after fighting the storm several hours while enroute from the Spring Lake Boat club, near Grand Haven, to this point. The Nahma left Grand Haven at 10 o'clock at night and arrived off this port in a living gale at 1 o'clock Friday morning. The yacht squared away for the harbor entrance and beat along the new breakwater until it reached the gap between the breakwater and the old north pier. Reaching this break the yacht received the full sweep of the sea and was carried through the gap far up the north beach. When the craft grounded the heavy seas swept over her and those aboard were nearly washed away. The moment the yacht was swept through the gap in the pier the lookout at the life saving station sounded the alarm and the crew responded immediately, putting out in the surf boat. After a hard pull the crew reached the stranded vessel and succeeded in taking off those aboard. The return trip was made in safety and none of those aboard the yacht suffered anything but a shaking up and a drenching.

The Calendar Arranged.

When circuit court convened Tuesday afternoon Judge Padgham at once proceeded to arrange the criminal calendar for the important August term.

The case of Josephine DeYoung, charged with cruelty to children, goes over the term by consent. In the case of the People vs. A. Dry, charged with violation of the liquor law, it was announced that a plea of guilty would be entered. Chas. Lyons, the Port Sheldon farmer charged with stabbing his friend, a neighboring farmer, who was originally charged with a deadly assault plead guilty to simple assault and battery. The complaining witness in the case refuses to testify.

Jacob M. Jappinga, charged with selling liquor to a minor, will enter a plea of guilty. A plea of guilty was entered by Albert Stittgen, charged with violation of the liquor law, in keeping the bar at the Gildner hotel open on a Sunday.

Robert Graves, the well known colored young man, charged with an intended criminal assault, en-

tered a plea of not guilty when arraigned. He is represented by Farr & Farr. Charles Dykema, charged with starting a fire in the rear of Boyink's saloon, entered a plea of guilty when arraigned, to the surprise of the court loungers.

Guy Burton and Jennie Lawrence, who are charged with living with each other illegally, were in court together. Both entered pleas of guilty. The young women was on the point of breaking down but Burton stood by her and consoled her.

Convention for Lillie.

Colon C. Lillie of Coopersville will be Ottawa county's delegate to the constitutional convention. The Ottawa county Republican convention was for him Monday.

The convention was called to order by Jacob Glerum. The call was read by Dan F. Pagelson. The chairman called Congressman Diekema to the chair. Mr. Diekema made a gracious little speech acknowledging the compliment and took occasion to again thank the Republicans of this county for their hearty support in the recent congressional campaign.

Mr. Glerum was made the permanent secretary.

Committees were appointed as follows:

Resolutions—Charles Wells, C. Vander Meulen, D. F. Pagelson. Permanent Organization—H. F. Harbeck; C. Van Loo, George A. Farr.

Then came the business of the convention. Walter I. Lillie made the speech nominating his brother Colon C. Lillie as Ottawa county's delegate to the constitutional convention. Mr. Lillie moved that the delegates selected be instructed to vote for him.

George A. Farr in a nice speech seconded the nomination of Colon C. Lillie and moved that Mr. Lillie be empowered to name the delegates who will go to the Muskegon district convention. This motion carried and the following delegates were named:

Milliard Durham, Polkton; Fred Gordon, Crockery; C. Van Loo, Zeeland; John F. Corl, Grand Haven; G. J. Diekema, city; William Savidge, Spring Lake; Charles Bean, Chester; William Stoddard, Tallmadge; Charles Wells, Wright; James Phillips, Allendale; Cornelius Andre, Georgetown.

Mr. Lillie was called over and he made a short address thanking the convention for the honor it had conferred upon him. Senator William Savidge was also called upon for an address and complied gracefully by asking for an adjournment which made the delegates laugh heartily.

The convention was all peace and harmony, Mr. Lillie having it all his own way, after the withdrawal of Wm. Savidge and Robert Alward.
