Varied Program Makes Holland Fair Popular

WIDER RANGE OF EXHIBITIONS, UNUSUAL MERIT OF SPECIAL ATTRACTIONS MAKES EXHIBITION OUTSTANDING

Three Nights of Fireworks Display with a Dozen Set Pieces Grand Finale Every Night of the Fair

There seems to be a very kindly feeling toward the Holland Fair everywhere. A spirit of co-operation is rampant not only in Holland but along the entire countryside and in the cities and villages in close proximity to Holland. This co-operation has spurred the fair officials on from the start and in spite of the hard luck in the way of storm damage there wasn't a sign of discouragement in the ranks but rather a spirit to overcome these obstacles. From Zeeland, New Holland, Pennville, Saugatuck, and other places, not forgetting our own city, the assurance of help came when a tornado nearly caused the wrecks of many of the buildings on the exhibition grounds. Free labor, cash donations, working bees, all were elements that contributed towards putting the fair grounds in shape again as fine and better than it has ever been before and that at a nominal cost.

The directors and officials who work without a salary were indeed appreciative and they immediately started to plan for the greatest fair ever staged up to this time. Even at an early date entries were coming in in large numbers in every department. Secretary Vande Bunte and staff have been at the fair grounds for the past two weeks taking care of fair business right in the offices at the gate and they will remain there until after the fair closes next week Friday night.

Jim Nibbelink, chairman of the speed committee, promises an outstanding race card judging from the large string of horses that are already coming and not a few are already here and their owners are giving them a try-out on the fair's excellent track.

The conservation department of the State of Michigan is to exhibit under the auspices of the Holland Fair a large tank of Michigan fish. Part of the state aquarium is to be sent here and will be found in the Art Hall and we might say right here that the Art Hall has never been more filled with exhibits than it will be this year and every merchant is planning some unique feature rather than just a few merchandise placed to fill space that belongs to them.

There are to be many curios, paintings, etc., and the fancy work and other entries commonly taken care of by women such as canned goods, baking, and other items that play an important part in culinary art are to be under the supervision of the Women's Literary Club.

Every building that is to accommodate such exhibitions as fruits, vegetables, farm produce is already cramped for room and additional quarters are being arranged for.

The poultry, pet stock and rabbitry building is filled and additional room is being provided.

The grand cavalcade of animals on the race track on Thursday promises to be the largest in history. It will include all the young sters, girls and boys of the calf club who will exhibit their young veals raised under their own supervision and believe us, the young farm lads and lassies are intensely interested in the outcome.

Then there is the goat show, the dog show, the cow calling contest, the farm exhibit, the good road exhibit, the city and rural school exhibit, the spelling bee contest in the grandstand, the horseshoe pitching contest, and the biggest fancy horse show ever staged at the fair performing on a tank track in front of the grandstand in the large race course oval and don't forget the baby show.

Then you have your special attractions, some thirty of them. Son Bros' entire three-ring circus will be here, and will perform both afternoon and evening for the pleasure and edification of Holland's fair patrons. Son Bros. have more trained animals including elephants, bears, donkeys, monkeys, dogs and horses than any similar circus on earth not including the performance of humans.

One of the great features that will close every evening's performance will be a tremendous display of fireworks. There will be ten large set pieces every night including Colonel Byrd, his men, his ship, his plane and his dogs, all pictured in images of fire. There will be jungles, battle ships in action and comic antics in this pyrotechnic display on Wednesday, Thursday and Friday nights.

This resume of the fair program for next week only hits the high spots. The list is so long that space forbids enumerating all of them.

The exhibition opens on Tuesday, Children's Day, when all children are admitted free.

Come, let's get into the fair spirit. Let's gather together as a large Ottawa and Allegan county family. Let's make it a reunion of neighbors and friends for after all a fair is a community proposition beneficial to all. There will be music everywhere, the grounds will be brilliantly lighted every night and the midway will be the going full blast lined with concession men selling their wares to the public.

MR. AND MRS. DIEKEMA SAIL FOR AMERICA AUG. 29

In a short letter received from Minister Diekema he says the following:—"Dear Ben:—This may interest you. All well and happy. We expect to sail for the U.S.A. on Aug. 29th and are looking forward to a happy reunion. Sincerely yours, G. J. Diekema."

The letter also contains a banquet picture at the Carlton Hotel, Amsterdam, picturing Mr. Diekema speaking and the elite in diplomatic circles sitting around him, including Mr. and Mrs. Avert Van Dyke, minister to the United States. The picture was printed in all the leading The Hague and Amsterdam newspapers.

STEAL \$400 WORTH OF CAMELS FROM FREIGHT CAR

Railway detectives and Sheriff Steketee and his men Tuesday were investigating the theft of a large quantity of cigarettes from a freight car in the Pere Marquette Railway yards of Grand Haven Sunday night. One of the cars was broken into and it is estimated that cigarettes valued at nearly \$400 were taken.

A dog owned by M. Jacobs, living near the yards, was found dead early Monday. The animal was tied up in the yard and had apparently tried to climb the fence and get at someone prowling about. His head was crushed in and officers believe he was killed by the freight car robbers, when he attempted to do his duty as a watch dog.

JACK WINNINGS AGAIN STARTER AT FAIR—FANS PLEASED

All Holland race horse fans are pleased to hear that Jack Winnings has again been selected starter of the races at the Holland fair next week. Winnings has served in that capacity 12 years and he is a "dandy." No "jockeying" with that boy.

The speed card covers eight events and scores of fast pacers and trotters will be entered. The events include the 2:20, 2:18, 2:24, 2:08, 2:12 trot and 2:24, 2:20 and free-for-all pace.

Jim H. Nibbelink, head of the speed program, stated the track never was in better condition. Many horses already are in training and others will be brought here at the close of the Iowa fair.

"Jim" never talks much but he delivers the goods each year where it comes to a "bang up" race card.

Many Horses Entered in Racing Events

SPEED CHAIRMAN NIBBELINK SAYS 75 ALREADY LISTED, MORE MAY FOLLOW

Speed Chairman Jim Nibbelink states that from all appearances the largest string of horses will be found at the racing stables at the Holland fair ever seen there before. Horsemen about the state have thus far entered 75 horses in all classes and the number may run over 100 before the time limit for entering is reached. A lot of the horse flesh came early and at least two dozen horses are already at the grounds and are being worked out on the track.

A large bunch will come in from the Iowa fair and the half mile track at Holland next week will be the "mecca" for horsemen from all over the state.

The Holland Fair Association, it must be remembered, is a member of what is known as the Wolverine Circuit and that means that the horses entered at the State Fair at Detroit, the fairs at Ionia, Saginaw and other large fairs are also slated for Holland and since Holland is well up in the list of the first fairs to be opened, the horsemen of the state are raring to get their animals going for the season and thus the local fair benefits.

At least \$2500 in purses is being hung up—\$300 per purse makes racing rather attractive to the race horse fraternity.

Since we are on the subject of horses we might add that the fancy horse show pulled off each year in the large race course oval on a separate tank track is going to be larger than ever.

About eight years ago this new departure was started with a half dozen horses but this horse show has become so popular with the fancy horse men and women of Grand Rapids, Holland and the resorts that last year there were more than 150 entries and this year promises to be even larger. Application are coming in from as far as Lansing and Detroit. As usual the awarding of the prizes, cups and ribbons will take place publicly in front of the grandstand. Mr. Charles Kirchen of Holland is chairman of this committee.

SEPT. 17 IS DATE FIXED FOR SEMINARY OPENING

Rev. S. C. Nettinga, president-elect of Western Theological seminary, has announced Sept. 17 as the date for the opening of the institution for the year 1930-31.

Entrance examinations will be held in the afternoon. Lectures will begin Sept. 18. Dr. Nettinga will succeed Mr. J. E. Kuizenga, who will assume the chair in apologetics in Princeton Theological seminary after a connection with Western for 15 years.

Other members of the faculty are: Dr. Henry Hospers, Dr. Jacob VanderMeulen, Dr. Albertus Pieters and Rev. John R. Mulder. No successor has been named for the vacant chair in historical theology.

The Holland classis in the Christian Reformed Church in America will convene Aug. 26 in Ninth St. church for the examination of Candidate A. Bolt, recent graduate of Calvin seminary, for licensure. Bolt recently accepted the pastorate of the Nickel church, about three miles southeast of Holland.

Missionaries Take Long Trip To Destination

MOERDYKS WILL SOON LEAVE AGAIN FOR ARABIAN MISSION FIELD

The stay of Dr. and Mrs. Wm. Moerdyk and family and Rev. Jas. E. Moerdyk in the United States, who have spent much time in Holland and Zeeland the last two years, is rapidly drawing to a close. They have received word from the Board of Foreign Missions that passage has been booked for them on board a French steamer leaving New York on September 16.

The route by which they will travel will be a direct one, the steamer leaving New York and sailing direct to the Mediterranean Sea with probable stopovers at Gibraltar, two ports on the north African coast, Naples, Italy, Athens, Greece, and ending at Beirut, Syria. They will remain eight days, being scheduled to arrive in Beirut on the 14th of October. From Beirut they travel by automobile caravan to Bagdad, Mesopotamia, and from there to Basrah they will travel by rail. They expect to arrive in Basrah in time to attend the annual Arabian Mission meeting. After the meeting they will go to Amara, their regular station.

They went to Grand Haven on Wednesday to make application for their passports.

Dr. and Mrs. Moerdyk and Rev. Jas. Moerdyk leave at the end of this week to attend the Winona Bible Conference at Winona, Ind., where Rev. J. Moerdyk is booked as one of the speakers.

CONGRESSMAN CALLS ON FRIENDS

Zeeland Record.—Hon. Carl E. Mapes, Congressman from the Fifth District of Michigan, was a caller in Zeeland during the past week and agreeably visited at the Record office among other places in this city. Mr. Mapes is a candidate for nomination to succeed himself, and he is so well thought of in his district that he has no opposition.

ELECTION LAW SCHOOL HELD TODAY AT COURT HOUSE

Today County Clerk Wm. Wilds has been having his school of instruction at the Ottawa County Court House when inspectors of election received new election law information. Students were present at Grand Haven and County Clerk Wilds conducted the school alone, and inspectors were informed as to the proper methods, and legal means of handling the ballots and county the vote at the coming primary election. Similar schools are being held in every county in the state.

GANGES DOCTOR TOURING ENGLAND AND HOLLAND

A Fennville boy, Dr. Lee M. Hutchins, son of H. H. Hutchins of Ganges, is in London as a delegate to a world congress of horticulturists which opens Aug. 18. A week later he will attend a similar congress of botanists at Manchester, and he also expects to visit experimental stations in England, Scotland, France and Holland before returning to this country. He will also call on Minister and Mrs. Diekema when in the Netherlands. Dr. Hutchins has been connected with the department of agriculture since 1913, except for two years spent in France.

GENERAL MEADE GOVERNMENT DREDGE NOW AT GRAND HAVEN

The government dredge, General Meade, has already begun work on the project of deepening Grand Haven harbor channels, as authorized by the Rivers and Harbors bill passed by the last Congress. The Meade is now working on the upper channel project which extends from the Grand Trunk car ferry slip to the railway bridge at Ferrysburg. Under this project the channel depth will be maintained at a 200-foot width all of the way. The lower channel project which will be tackled later, calls for full depth at a 300-foot width from the harbor entrance to the car ferry slip.

ZEELAND ADOPTS NEW STOP SIGNS TO REGULATE TRAFFIC

Zeeland city has inaugurated another very desirable innovation in placing six prism glass reflector stop lights on three street intersections and establishing a street in each instance as a through traffic street.

One pair of these stop signs was placed at State and Central, establishing State St. as a through street. The others are at State and Washington, making State a through street, and at Central and Maple, making Central the through traffic street.

The signs, placed on the right-hand curb, are plainly discernible to the motorist, especially after dark when the motor headlights throws its beams onto the prism reflectors. This should lessen the probability of accidents and it is hoped the city may see fit to extend the warning signs to other dangerous intersections.

HOLLAND COUPLE TO TOUR JAPAN, KOREA, PHILIPPINES

Rev. and Mrs. A. Lowington Warnshuis will make a tour of the far east, covering a period of seven months. Dr. Warnshuis is making the trip as secretary of the International Missionary Council, which in an advisory capacity, is representative of almost all Protestant missionary agencies of the world. He plans to attend the annual meetings of the National Christian Councils in Japan, Korea and the Philippine Islands, and the general assembly of the Church of Christ in China.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Blackberries are plenty and cheap—There are many wild ones in this vicinity, but look out for rattle snakes.

How is it about our Colony Fair that the News has been pointing out as a good thing? Much better at least than these drunken "market days." Must everything step aside for politics in this town?

Mr. H. L. Lucas of Graafschap threshed 91 bushel of wheat in one hour last week with his new steam thrasher.

Excursions to the mouth of Black Lake occur with undiminished frequency from all quarters of the state to enjoy the cool breezes of Lake Michigan and a ramble through the hills. Not a few take with them a camping tent for a few days stay. Note: This was before the name Macatwa was applied, although the Indians used this name constantly. There were no dwellings or side walks at what the Hollanders call "De Mond" only the one occupied by the light house keeper, nor was there a coast guard station. The first cottage, a one story, in Macatwa Grove was built by Boone & Dornick.

TWENTY-FIVE YEARS AGO TODAY

John Hay, secretary of state, one of the leading men of our nation died at his home in New Hampshire.

Mrs. Gertrude Riedsma has taken a position in the John S. Dykstra Bazaar.

The Hamilton Indian camp meeting will be held at that place from July 31 to August 7. Note:—These camp meetings have been discontinued, possibly because the few Indians left have scattered. The camp was generally held at Purdy's Lake, a small body of water south of Hamilton, where a small Indian village stood for many years.

Verne Oggel, James Deto and George Roest are three High School boys to their summer's income. They are all on the job at Hotel Macatwa. Twenty young men from Wabash College, Indiana, have also been employed.

Charles Harman, local barber, made the finest catfish catch this season from Conkey's dock. The cat weighed 25 pounds.

FIFTEEN YEARS AGO TODAY

The skeleton of an Indian was found on the farm of J. W. Vischer four miles north of Holland. With the body were found a hatchet and a string of beads, 180 in all. These beads were made of stone through which holes were drilled in some way. While the beads look like stone, it is believed that originally these were of other material but age has petrified them. The hatchet is of iron and is of peculiar shape. It differs from the Indian hatchets, familiar to many older residents, which makes some believe that it dates back much further than the early days when the Hollanders settled here.

Mrs. Adrea Knutson died at the age of 76; also the death of Mrs. Marie Geertman, age 19, is reported and that of G. Van Dyke, age 61, who lived near Waverly.

The Misses Marguerite and Eva Leenhouts entertained with a "five hundred" party honoring Miss Theresa A. Rice of Chicago. Those present were: Helen and Marguerite Pieters, Rena Raven, Helene De Pree, Ethel and Marie Dykstra, Frances Bosch, Ethelyn De Vries, Evelyn Keppel, Rose Brusse, Anna Kolyn, Nell Pelgrim, Gertrude Steketee. The out-of-town guests were Lottie Thornton of Milwaukee, Miss Rice of Chicago; Sophia Van Vessum, Mae La Huis, Lois De Kruij, of Zeeland.

HOLLAND BANKS BACK FAIR WITH CASH PRIZES

Exhibits made by communities through the Farmers' Clubs will again be a popular and attractive feature.

Each farmers' club exhibiting is to be provided with a 20-foot space in the Agricultural Hall. This space is to be filled with farm, garden, orchard products, arranged in an attractive manner for the purpose of displaying new or more desirable varieties of grain, grasses and fruit or any other farm produce and teaching valuable lessons in farming to all who may be interested in observing the exhibit.

Any club exhibiting, but not winning one of the prizes, will be given \$5.00 for making display.

The exhibit will be judged on the following number of points:

1. High quality and type of produce shown 25%
2. Artistic arrangement of exhibit 25%
3. Educational merit of exhibit 50%

The Cash Prizes offered by the State Bank, Holland City, State Bank and People's State Bank have been divided into three premiums:

First premium	\$20.00
Second premium	15.00
Third premium	10.00

Entries should be placed with the County Agricultural Agent at Grand Haven, at least one week before the opening day of the Fair so space can be reserved.

For any further information or particulars address C. P. Milham, Agricultural Agent, Grand Haven, Michigan.

PROBATION GIVEN MAN ON ALIMONY CHARGES

Clarence McMillan, who had failed to pay alimony as provided for in a recent divorce decree was arraigned before Judge Fred T. Miles in the Ottawa county circuit court.

Judge Miles placed the respondent on probation providing he paid \$110 alimony and \$15.55 costs immediately. He will then pay at the rate of \$5 per week until January 1, when he will pay another \$100, with like payments each six months until all of the alimony in arrears is paid up. In default of this payment he must serve one year in Ionia.

Walter Weaver and George Twas, both of Marshall, arrested Sunday at Otsego, were bound over to circuit court when arraigned Tuesday before Justice Fides E. Fish of Allegan on charges of transporting liquor. They had waived examination. Bonds of \$500 each were not given.

Big Pine Lodge Program Starts Today, Thursday

DR. SAM ZWEMER IS AMONG SPEAKERS; COMMUNITY NIGHTS AMONG FEATURES

Pine Lodge Bible conference opened today, Thursday, with two sessions each day for 11 days. Among the speakers who will deliver addresses on popular religious subjects are Dr. Samuel M. Zwemer, now of Princeton Theological seminary, who for 30 years was affiliated with missionary work among Moslems, with headquarters in Cairo, Egypt, and who is also editor of the "Moslem World."

Another speaker will be Rev. Clelland B. McAfee of Louisville, Ky., a popular conference speaker.

A feature of the sessions will be community nights, on which large delegations from various church centers will attend in a body. Music for the community evening session will be furnished by choral and instrumental groups from the respective communities.

Thursday folk from the Fifth Reformed church, Franklin Street Christian Reformed church, Grace Reformed, Bethel Christian Reformed, Grandville Avenue Christian Reformed, Eighth Reformed, Beverly, Grandville and Byron Center churches are attending and Jay Rietberg is directing the music of the combined choirs. An orchestra is furnishing special numbers. Rev. Gerrit J. Heekhuis of Grandville is presiding.

Tomorrow, Friday night, the churches of Zeeland, Vriesland, Overisel, Jamestown, Blendon and Hudsonville will attend and Rev. Richard J. Vandenberg will be the chairman. Dick H. VanderBunte will be the song leader. Muskegon churches and others will each have a night during the next ten days.

VAN DER SLUIS ON THE WAY HOME FROM WEST

Former Mayor John Van der Sluis, who with his daughter, Mrs. Boone, has been on a ten weeks' trip through the west, including California, will be home in a few days. He started east from Portland, Ore., on Aug. 5 and on a picture postcard, says: "Dear Ben:—Took a fine trip today; saw what is known as the pillars of Hercules, seen the Columbia River Highway in Oregon. It was a great sight. Am on the home stretch now for National Yellowstone Park and then to Holland.—J. v. d. Sluis."

CHURCHILL'S SON TO GIVE HOLLAND TALK

Dr. J. B. Nykerk, head of Hope's juvenile bureau more than 30 years and a member of Hope's faculty 45 years, has booked Randolph Churchill, son of Winston Churchill of England, as one of the four numbers on the new year's lecture course at Hope college. Mr. Churchill is slated to appear in Holland in October.

START RIGHT IN UPON NEW HOLLAND OFFICE

Officials of the Holland Furnace Co. have engaged F. E. Davidson of Chicago as architect for the new \$250,000 office building, to be completed by April 1. Davidson will be assisted by W. H. Leffingwell of New York City and by Dr. C. V. Hill of Chicago.

Excavation for the new structure will be started as soon as the site is cleared of several buildings. Work on this was begun Friday.

HENRY W. TEN BROEK IS HOME FROM EUROPE

H. W. Ten Broek, one of Grand Rapids' veteran hunters and fishermen and long a worker for conservation in the state and nation is back from an 11 weeks' trip to Europe. "H. W." looks mighty fit and is all set to get back in the harness as president of the Dwight Lydell chapter of the Izak Walton league. Mr. Ten Broek was again seen on Holland's streets Saturday.

He spends about 8 months of each year at his cottage at Macatwa and has for the past 35 years. Mr. Ten Broek also called on Minister and Mrs. Diekema while on his tour in Europe.

CALVIN'S NEW \$100,000 SEMINARY UNIT GIVEN BY HEKMAN FAM. TO BE OCCUPIED

Rev. R. B. Kuiper, new president of Calvin college, will be inducted in office at 9 o'clock Thursday morning, Sept. 4, the opening day of the college year, at exercises to be held in Calvin auditorium.

The seminary department will open the same day, with registration on Wednesday, Sept. 3. The new \$100,000 seminary building will be ready for occupancy about Nov. 1. This building is the gift of the Hekman family, donors also of the library building.

Business men are to get busy at once to obtain such a site and Congressmen Ketcham will introduce a bill in congress asking for the required appropriation.

The present building occupied by the postoffice is owned by Charles Weny and is not considered adequate in size to handle the business of the office expeditiously.

It is understood South Haven and Paw Paw also are scheduled to have new postoffice buildings to be erected and owned by the government. Congressman Ketcham states the government proposes to erect buildings to take care of business in the future as well as for present needs.

Neighbor Makes Start on New Light Plant

TOTAL COST \$222,000. NEWSPAPERMEN BARRED FROM MEETING

The newly created board of public works at Grand Haven in executive session with the city council Monday night, recommended the enlargement of the present city lighting plant, equipped with Diesel units, at a cost of \$222,640, with an additional expenditure of \$16,300 for changes and additions to the present steam plant. The board requested the authority to proceed at once with the plant expansion.

According to information given out for the benefit of the public, the board had reached an agreement on the recommended type of plant, after some difference of opinion to start with, and approval was given by the Grand Haven council to go ahead, with all members voting favorably.

The expansion of the city plant as recommended by the board of public works, does not require public approval by vote. An audit by the board is said to show about \$64,000 was available for this purpose at the end of June this year, and basing an estimate on these figures something like \$110,000 will be available by Jan. 1, 1931.

This money will finance the necessary plant construction to accommodate the new power generating machinery and the Diesel engines will be purchased on the time payment plan. The improvements to the present steam plant will include new super-heater equipment, transformers, etc.

Among the estimates for the new plant the sum of \$43,508 is estimated as the cost of buildings and structures. The Diesel unit cost is placed at \$123,218, switchboard and station power at \$10,475, cooling system at \$5,730, while the sum of \$20,239 is set aside for contingencies and overhead. Other smaller items make up the balance of the estimate which is based on the plans made by Hamilton & Weeks, the engineers.

The recommendations and report of the board of public works was discussed at length before adoption in executive session from which newspaper reporters and others were excluded for some reason. City officials said today that the session was made a star chamber at the request of members of the board of public works, who believed it better to have no listeners in. Whether there was any expectation of lack of accord at the meeting, is not known. At any rate it has been necessary to build the report to the public as to what went on, upon information available after the meeting.

COLORED BOYS TO PLAY BALL HERE SATURDAY

The Holland Boosters are to cross bats with some stiff company Saturday at Riverview Park at 3:15 o'clock. The Stork Colored Giants, state colored champions in 1928, will be here and Holland will see one of those old-fashioned baseball games that use to set the town on edge. Be sure and give your local boys encouragement by attending and by boosting the Boosters.

THE HOLLAND GAME CLUB INVITES

The Holland Game Club is backing up the Community Fair. Through its officials 1000 of these cards were sent to 1000 members telling of the fine state fish display augmented by a fair exhibit that can be seen at the Holland Fair next week. President Joe Rhea and Secretary Jake Lievens took care of the invite.

Convention of Education to Be Held Here

HAS TO DO WITH CHRISTIAN SCHOOL SPONSORED BY NATIONAL UNION

Holland is to have another large convention and the program is being arranged and the names of some of the speakers have been announced for this education convention, sponsored by the National Union of Christian schools, to be held Aug. 26 and 27 in Holland. Day sessions will be held in Christian High school auditorium and the evening meetings in Fourteenth Street Christian Reformed church. The business session will be held Aug. 28. C. Doornbos will direct the music.

The convention will open Aug. 26 with a public evening meeting. Prof. L. Berkhof of Calvin Theological seminary, Grand Rapids, will be the speaker. Dr. H. Kuiper of Chicago will speak at the evening meeting Aug. 27.

Speakers at the day sessions Aug. 27 will include: Dr. C. Van Til, professor at Westminster Theological seminary, Philadelphia, Pa.; Rev. Gritter, Rock Valley, Ia.; Dr. G. Heyns, superintendent of Holland Christian schools, and P. Damsma.

The general theme of the convention will cover the distinctive character of the Christian school problem. About 350 delegates are expected.

ZEELAND MAN RECOVERS CAR IN HOLLAND

Mr. Hugo Bol of Zeeland was very agreeably surprised on last Sunday when local police informed him that his Chevrolet coupe had been located after having been stolen the previous evening, little the worse for wear but minus the ten gallons of perfectly good gasoline it had contained.

Mr. Bol had driven to Holland on Saturday evening and parked near the City Mission. When he returned a short time later he found it not, but the space was vacant. A search in that vicinity failed to locate the missing car and police were notified, after which Mr. Bol returned to Zeeland. On Sunday Zeeland police were notified that the missing car had been located on West Eighteenth St., Holland, where it had been abandoned.

It is thought someone in Holland had "borrowed" the machine as a matter of convenience.

Rev. and Mrs. John Lanting are spending the week at the Gull Lake Bible Conference Grounds. Mr. Lanting will be back before Sunday to take charge of the services of the Immanuel Church.

Rev. and Mrs. A. Van Westenburg and Mr. and Mrs. J. Dahlenberg are occupying the J. Vaupeil cottage.

Mrs. Ruby Huyser and son, Warren, of Holland spent several days with Mr. and Mrs. V. W. Cherven, at Buchanan Beach.

Miss Katherine Nienhuis is spending her vacation at Gull Lake.

Doing the Holland Community Fair

ANOTHER AMERICAN
PHENOMENON

Half the boys and girls of ages
15 to 18 years in the United States
are high school students. It is a
record unsurpassed elsewhere in
the world.
The increase in high school en-
rollment in recent years has been
phenomenal. Statistics furnished by
the United States Bureau of Edu-
cation show that not more than a
tenth of the children of high school
age attended high school
during the period 1821 to 1905. In
1928 the public high schools gradu-
ated nearly half a million pupils.
Improvement in the general
standards of living doubtless has
much to do with the increase in
high school attendance in recent
years. Other influences also were
having their effect. Improved means
of communication; the vast exten-
sion of newspaper and periodical
circulation; the building of good
roads and the general use of motor
cars increased the desire for edu-
cation and made school attendance
possible among millions formerly
living in isolated communities.

JUDGE MILES SENDS TWO
FROM ALLEGAN TO
REFORMATORY

Judge Fred T. Miles of Holland,
Monday afternoon passed sentences
on the following in Allegan:
Marion Porter, age 21, of Van
Buren county, violation of parole
after having been convicted of
breaking and entering, fine and
costs of \$125 at the rate of
\$10 a month; Joseph Smith, Chi-
cago, stealing a boat motor at
Saugateau, costs of \$69 and six
months to five years in the Mich-
igan reformatory.

ALLEGAN PEACH CROP PROS-
PECTS VERY FINE

Clapp Favorite pears are appear-
ing on the Fennville market and
shipments are being made daily.
A good crop of this variety is be-
ing harvested here.
Peach growers report the crop in
excellent condition. Elbertas and
Engles will be ready for picking
and shipping in approximately
three weeks. All of the growers in
the Allegan county peach belt have
thinned their crops and prospects
are for one of the best yields in
years.

HOLLAND MAN WEDS
GRAND HAVEN GIRL

A charming home wedding took
place on Friday 6:30 p. m. when
Miss Berden Ryenga, daughter
of Mr. and Mrs. Peter Ryenga of
Columbus street, Grand Haven, was
united in marriage to Mr. Henry
Groters, son of Mr. and Mrs. John
Groters of Holland. Rev. Henry
Beltman performed the simple ring
ceremony before an altar constructed
of garden flowers. The wedding
march was played by Miss Berden
Welling and Miss Berden Meyers
and Miss Marion Welling sang.
The bride was gown in a pink
satin dress with an overskirt of
white tulle, with white slippers and
hose to match. She carried a cor-
sage of roses. The bridesmaid, Mrs.
Ray Johnson, a sister of Mrs. Gro-
ters, wore a pink chiffon dress and
carried a corsage of carnations.
Ray Johnson, a brother-in-law of
the bride, attended Mr. Groters as
best man.
Following the ceremony, a wed-
ding dinner was served at the Ry-
enga home. The following guests
attended: Mr. and Mrs. John Etta-
beek, Mr. and Mrs. Isaac Meyers,
Mr. and Mrs. John Groters, Mr.
and Mrs. James Groters, Miss Ar-
lene Groters of Holland; Rev. and
Mrs. Henry Beltman, son, Law-
rence, Herman Ryenga, Jay Ry-

and Mrs. Peter J. Ryenga and Mr.
and Mrs. Ray Johnson of this city.
Mrs. John Welling, Mrs. George
Meyers, Miss Anna Roossien, Miss
Berden Welling and Miss Marion
Welling assisted Mrs. Ryenga at
the table.
Mr. and Mrs. Groters are to re-
side in Holland where Mr. Groters
is employed in a furniture factory.

HOLLAND-ZEELAND
SERVED BY REV. E. W. PRICE

The fifty-fifth annual camp meet-
ing and conference of Free Metho-
dists for the North Michigan dis-
trict closed here Sunday night with
the evening service.
The 10-day encampment was fea-
tured by an unusually large at-
tendance. The conference, which
closed Saturday, was presided over
by Bishop A. D. Zahneizer of Penn-
sylvania.
In the several ministerial ap-
pointments made Rev. E. W. Price
will serve the Holland and Zeeland
congregations.

Skyscrapers

Foreigners visiting the United
States are invariably impressed
with the American skyscraper. It
was conceived and advised by
Americans and has been brought
to the pinnacle of development in
the United States. There are today
in the United States almost 5,000
buildings of ten stories or more.
Of this number, almost 2,500 are
in New York. There are 377 build-
ings of more than 20 stories, the
giant of them all being the Chrys-
ler tower in New York, which
reaches up 68 stories. But which
will be overtaken by the 86-story
Empire State Building, which is
now under construction.

Mr. and Mrs. H. J. Luidens are
enjoying a vacation trip to north-
ern Michigan.

Hard on Stock Gamblers
A New Great Flyer
546,095,925 in 2030
Gas Merchants, Attention

Stock gambling in dull, uncertain
times is most annoying to gamblers.
They never can be quite sure.
Wall Street heard of the drought,
and wise bulls said: "That will kill
grain crops, and with less wheat and
corn, prices will go up. The low price
of wheat has held stocks down. Let
us buy stocks and they will go up with
wheat."

They bought stocks and they did
not go up when wheat and corn
went up.

The bears said: "This is our op-
portunity. We sympathize with the
suffering public, especially the farmer.
When drought kills crops, that will in-
jure all the people, and stocks will go
down. This is the time to sell them."
They sold them and stocks did not
go down enough to make it worth
while.

Stock gambling is very wearing, ex-
cept for bulls in good times, and for
bears in panics. Then it is "like tak-
ing candy from a sick child."

Captain Hawks, who stands out
now as the greatest American flyer,
left New York at six o'clock in the
morning, eastern daylight time, land-
ed in Los Angeles at 50 minutes past
4:00 p. m. Pacific standard time, keep-
ing an appointment to play golf, at
the edge of the Pacific, after leaving
that morning the edge of the Atlantic.

His flying time, all in broad day-
light, was less than fifteen hours, and
he made five stops for gasoline. That
will not be necessary in future days,
with better machines and better fuel.

In "Continental United States" the
population is 122,720,472. Uncle Sam
says so. This does not include Porto
Rico, the Philippines or Hawaii.

At ten years population has in-
creased 10.1 per cent. If that increase
continues, our population 100 years
hence, in 2030, will be 546,095,925.

Labor union experts reading that
will say, "There could never be jobs
for so many." Workers said that 130
years ago, when our population was
5,000,000.

Farmers would greet the idea of
546,095,925 population with joy, ex-
claiming, "That would give us people
enough to eat all our wheat and pay
good price for it."

Germany made a great fight while
the war lasted, and has shown amaz-
ing powers of recuperation following
the war, in spite of the Versailles
treaty and the allies' gold demands.
You understand that when you read
"Hiliteracy in Berlin is only 4 per cent,
least of all European capitals."

Of 28,000,000 books on the shelves
of European libraries, the city of Ber-
lin has 9,300,000, and all are serious
books for students and research
workers.

The highest rate of illiteracy is at
Teheran, capital of Persia, 82 per cent
unable to read or write.

News from India causes Mother
Britain to feel safe. Mohammedans
continue fighting and killing Hindus—
12 killed, 150 injured. In the latest
clash, based on revenge.

For a wonder the worm had turned,
and a Hindu, son of a race ordinarily
mild, shot and killed eleven Moham-
medans and wounded four. That's like
a sheep biting a wolf.

Such incidents take the Hindu mind
off its grievances against Great
Britain.

Unpleasant news from China. A
king dispatches tell of a British woman,
wife of a British official, attacked
while asleep by a Chinese soldier and
expected to die of bayonet wounds.
Shanghai sends stories of torture
and other outrages inflicted on women
missionaries.

In Fukien province bandits kidnaped
a woman missionary, cut off one of
her fingers and sent it to the authori-
ties, demanding \$50,000, threatening
to send other fingers if the money was
not paid.

David Belasco obliges Mr. Curtis
by picking the "fifty greatest actors
of all time," and many of them are
now living—George M. Cohan, fifty
two; Mary Anderson, seventy-one;
Minnie Maddern Fiske, sixty-five;
Maude Adams, fifty-eight; Julia Mar-
lowe, sixty-four. The ages are sup-
plied by Mr. Belasco but those that
have seen Cohan and the ladies can
testify that at least twenty years
should be taken from each.

The fact is that we have charming
actors and actresses, but not "great"
actors and actresses.

Rachel, born in Switzerland, daughter
of a Jewish peddler, possessed
genius that could not be extracted
from all the American actresses that
have ever lived.

Jean Tassierand, to prove that he
loved a girl, wrote her a farewell note,
jumped to his death from an air-
plane, his broken body landing in the
garden of his mother's home.

Fools will make a hero of him. He
would have been more like a hero
had he taken care of his mother and
lived to prove that he appreciated
her, which is every man's first duty.

ALLEGAN COUNTY MEN
CASH IN ON MARL BEDS

The Pet Milk company and other
Wayland business men have financ-
ed an outfit for digging marl from
several beds near that town and it
is busy getting out an excellent
quality of that product which tests
ninety-two per cent of active ingre-
dients which is a high standard.
Sale of enough of the time to treat
150 acres of land has already been
made. The stratum being worked at
present is twelve to fourteen feet
thick.

Miami, Florida, are visiting their
son, J. N. Nibelink.

WEALTHY HOLLAND RE-
SORTER DIES SUDDENLY
AT CHICAGO

Dor Felt, age 65, wealthy inven-
tor, died at his home from heart
disease.
Mr. Felt was greatly missed in
Gibson, where he owned a beautiful
estate of several hundred acres,
bordering on Lake Michigan and
where he built a \$150,000 home that
was furnished with rare pieces and
pictures he had bought in his years
of travel abroad. He was a man of
splendid philanthropies and was
very highly regarded.

Holland folks especially regret
the passing of Mr. Felt. He had
many acquaintances here and many
were welcome at his beautiful gar-
dens filled with rare flowers. His
estate also included a deer park
and his Lake Michigan bathing
beach was ideal.

Mr. Felt is survived by the widow
and four daughters. Funeral and
burial was held in Chicago.

DANGER FROM HIGH WATER
IS NOT GREAT NOW

Although the waters of Lake
Michigan, Grand River and Spring
Lake appear to be high, according
to government reading they are
just 1.16 feet lower than the high
stage of a year ago. The present
height is 1.07 feet above the average
stage for the past 10 years and 0.07
feet higher than the readings in
May of this year.

June usually sees a rise of lake
levels which continues until late
summer. According to statistics
since 1860, it shows an average of
0.23 feet higher than May read-
ings. The present reading shows
the lakes to be 2.65 feet above the
low stage of June, 1926. Based on
past records the monthly mean lev-
els for July will be about 581.1
which varies little from the June
readings.

Marks on bathhouses along the
river here tell the story of the
high stage last year, and the less-
ened danger to docks, water front,
gardens and bathhouses in Spring
Lake and along Grand River has
been noted with satisfaction by
property owners. — Grand Haven

TAKES A CRACK AT ICE-
FISHING

Detroit News.—In commenting
upon fishing conditions in our in-
land lakes at the opening of the
season, L. J. Kaiser, of Park ave-
nue, Detroit, says: "The late open-
ing day (June 25) has helped the
fish to spawn, but the catches so
far have not been encouraging.
With the continued planting of our
inland lakes, the reductions in creel
and possession limits and the ten-
dency to increase the size limits,
one would think that fishing should
be good but it isn't and this can
be traced to one cause principally,
the law that allows fishing and
spearing through the ice. The ice
fishermen always boast of their big
catches and in making them they
are robbing the summer open-water
fisherman of his sport. Nothing
has so depleted our fish resources
in the inland lakes as this and un-
til it is stopped there simply won't
be any satisfactory catches made
during the summer months."

TOMATO-FILL

Fresh tomatoes may be filled
with almost any left-over meat or
vegetable for a stuffed tomato
salad. A filling made of chopped
meat, such as chicken, veal, or
tongue, cooked peas, chopped pickle
or cucumber, celery, and salad
dressing is excellent. After the
tomatoes have been peeled and
scraped out they should be season-
ed inside with salt, turned upside
down to drain, and placed in the
icebox until time to fill and serve
them.

NICK'S REVAMPED SHOES
ARE BOUGHT BY LECTURER

Nick Koron, of Grand Haven, re-
cently repaired one of a very old
and very much worn pair of shoes
which he placed in the window of
his shoe repair shop next to the old
shoe which had not been repaired.
His idea, of course, was to show
what could be done with shoes that
were apparently done for. Today a
visitor passing the shop saw the
shoes and asked if he could buy
them. A bargain was struck and
the man carried off the shoes, while
Nick Koron stood rather excited
and perplexed. The point of this
story is that the purchaser is a na-
tionally known lecturer on many
special subjects. He wants the
shoes to show his audiences just
what can be done toward economy
and conservation of material if he
go about it right.

300-TON COAL SILO NEARS
COMPLETION AT GRAND HAVEN

A coal silo 60 feet high and 20
feet in diameter with a 300-ton
capacity, is being completed for
the government at Grand Haven.
Boats now requiring several hours
coaling will be loaded in 30 min-
utes under the new arrangement.
Pier work and a conveyor tunnel
boosts the government expendi-
ture here to nearly \$30,000. Work
on the dredging of the inner harbor
is expected to begin the last of
August. The Gen. Meade, federal
sandalcker, will be here two
months. The work was authorized
at the last session of congress. A
depth of 21 feet to the Grand Trunk
bridge will be made.

RICHARD BARN HUIZEN, AGED
17, CHARGED WITH BREAK-
ING AND ENTERING, GIVEN
PROBATION

Richard Van Huizen, of Grand
Haven, 17-year-old high school
student, who was arrested in
March on a charge of breaking and
entering some local business places,
appeared before Judge Fred T.
Miles in circuit court, Grand Ha-
ven.

Judge Miles has made a rather
careful investigation of the case
and was inclined to give the boy
a chance to make good rather than
send him to prison. He therefore
put him on probation for three
years and named Rev. E. E. Her-
ren, Hudsonville, R. R. 4, as the
probation officer, whom Van
Huizen is required to report.

Costs of \$100 will be paid at the
rate of \$10 per month.
Van Huizen was given a kindly
talking to by the judge, who in-
dicated that he wished the youth
to repair some of the damage he
has done to his life. He set forth
some rules of conduct for Van
Huizen and placed him in charge
of the minister.

Zeeland Man
Asks for Patent
on Ventilator

John Leeuw of Zeeland Perfects
New Automatic System
SOLVES FARM PROBLEM?

John Leeuw, Zeeland poultryman,
believes he has solved the henhouse
ventilation problem. After years
of experimentation he has found a
way to properly ventilate the
brooder house or hatchery building.
An automatic ventilating system
has been devised. Convinced that
the system is of commercial im-
portance, Mr. Leeuw has applied
to the United States patent office
for patents to protect his inven-
tions. Keen interest has been
shown in the system by manufac-
turers of poultry supplies and
hatcherymen.

Mr. Leeuw was led to his dis-
covery last spring when he needed
a more rapid change of air in his
hatchery. The triple-deck incubator
required a greater change of air
than it was possible to get by
means of an ordinary ventilator.
He also wished a system which
would be automatic and at the
same time he desired a system
which would insure a uniform tem-
perature at the floor and at the
ceiling without causing drafts.

To accomplish this he installed a
pipe in each corner of his plant.
These pipes were the only means
by which the fresh air could enter
the hatchery. No use was made of
windows as far as ventilation was
concerned.

An electric heater, controlled by
a thermostat, was placed in each
pipe. The four air is expelled by
an electric fan in the center of the
building. This provides a steady
circulation of the air and a com-
plete change of air every 10 min-
utes. The airline is located 21
inches from the ceiling, well above
the highest of the triple-deck in-
cubators.

Mr. Leeuw has another appara-
tus which he will install adjacent
to each pipe. This will consist of a
small tank of water and electric
humidifier which will automatically
maintain the proper humidity in
the hatchery or brooder-house. Not
only can this be used for the pur-
pose of humidity but it can be
used to disperse the air of the
brooder-house in a uniform and
quiet manner.

Mr. Leeuw says poultry farmers
experience their heaviest losses in
November, December, January and
February when eggs are high-
priced and the hens lay the poor-
est. It is also the time when dis-
eases are most rampant among the
flocks. Ordinary ventilation causes
a strong draft and partly is re-
sponsible for the low egg produc-
tion during the winter months.
Under these conditions hens become
inactive and contract diseases.

Under Leeuw's system there is
no draft, the crops are airy, dry
and well ventilated and the hens
are busily at work in the chicken
house. This has an effect upon the
quality and number of eggs pro-
duced.

One of these new systems has
been installed at the Blytheville
farms owned by Joseph H. Brewer
of Grand Rapids, where the results
are being eagerly watched. Pres-
ent indications are that it is func-
tioning very well in every respect.
In one brooder house, 20x70 feet
with 500 chicks, it was possible to
maintain a temperature of 84 de-
grees in the brooder house while
the outside temperature was 92 de-
grees in the shade. The chicks are
healthy and strong and developing
rapidly.—G. R. Press.

IN HOLLAND THEY BUILD
THEM

Because of a lack of public re-
sponse to a drive for \$26,700, of-
ficials of the Salvation Army an-
nounced the abandonment of an at-
tempt at this time to seek money
for the construction of a new cat-
tel. Instead, the drive will be con-
tinued for \$6,500 to meet only the
budget requirements of the orga-
nization. This amount was included
in the original goal.

DISABLED PLEASURE
BOATS KEEP GRAND
HAVEN COAST GUARDS
BUSY IN RESCUE SEASON

Busy days are here again for the
U.S. Coast Guards at Grand Haven
harbor mouth. Nights are equally
busy. Within the last few days the
Grand Haven station crew in
charge of Capt. William E. Preston
have answered many calls and
given assistance to a number of
pleasure craft. Gas boats, some of
which are intended only for inland
waters, have a way of getting into
difficulties in the big lake. Alert
Coast Guard lookouts spot them
and the crew goes out in the power
boat and tows the disabled craft
to safety. That's the routine.

Monday the Grand Haven Coast
Guard power boat went to the res-
cue of a speed boat owned by Alvin
E. Knappen of Grand Rapids. The
boat cruising along shore, struck
a sand bar five miles south of the
harbor. Some sea was running at
the time and the surf threw the
helpless boat on the beach. Her
occupants were wet but not other-
wise injured. Planing was coasted
in on the crafts hull. The Coast
Guard powerboat had considerable
difficulty getting the craft off the
beach and a light scow had to be
used to keep her afloat while she
was towed to harbor. She was
taken to the marine shipyard in
Spring Lake for repairs.

At 10:15 Tuesday night, soon
after the crew had completed the
work on the speed boat and return-
ed to the station, the lookout re-
ported alarm flashes four miles
south of the harbor. The power
boat was launched and hurried to
the scene. Upon arrival there it was
discovered that some of the summer
residents were merely trying out
a powerful flashlight.

Early Monday morning the cru-
isier Lady Jane became disabled in
sea and the Coast Guard power
boat was launched to tow her to
port.

"SLAUGHTER OF THE
INNOCENTS"

The "slaughter of the innocents"
has begun in Michigan and from
now until midsummer at least a
million fledgling birds, the major-
ity of them important to the pro-
tection of farm crops against in-
sect pests, will be destroyed by
cats, according to conservation of-
ficers. As a humane measure and
to protect the feathered songsters
and tiny game birds, communities
are conducting campaigns to rid
their towns of the homeless feline
marauder. Sportsmen are leagued
in a campaign to exterminate the
greatest menace to birds and small
game, the tramp cats in the fields
and woodlands. A cat destroyed,
declare naturalists who know,
means an average of 100 birds
saved during the year.

HERON STRIKES BASS PLUG;
IS CAUGHT BUT IS NOT
FLYING FISH

Fishermen have told of hooking
all manner of strange things, in-
cluding their fellow fishermen, but
James Hadden, of Grand Rapids,
reports a brand new experience.
Fishing in Olin lake the other day,
Hadden cast out his plug and was
reeling in slowly when a huge
heron suddenly came down out of
the sky, dropped into the shallow
water and grabbed the lure. Had-
den tried to salvage his pet plug,
only to discover that the hooks
were firmly set in the bill of the
heron. The bird rose in the air and
fought strenuously as Hadden
reeled in. After considerable of a
struggle he managed to remove the
hooks and brought the heron,
which stands three feet high, to
John Balf park, Grand Rapids. It
will be turned loose as soon as in-
juries heal.

SPELLING CONTEST AT HOL-
LAND FAIR

The Community Fair will start
off promptly on Tuesday, August
19, with a big day full of interest
to young and old. It will be Chil-
dren's Day and at 9:30 the Ot-
tawa-Allegan spelling contest will
begin. All pupils of the sixth,
seventh and eighth grades of the
year 1929-30 are eligible. There
will be three classes, city, rural
and village school pupils, and first
place winners in each class will
be awarded \$10 in cash; seconds
\$5; and \$1 each for third, fourth
and fifth places. The fifteen win-
ners will then compete for a \$5
prize.

The rural school exhibition is
offering \$250 to every school plac-
ing an exhibit of eight months
and personally awarding an extra
\$250 for the best exhibit. The city
and village schools will compete in
their own classes.

The Zeeland American Legion
Band plays every afternoon and
evening, beginning Monday night.
One hilarious event on Friday
will be the cow calling contest,
open to men, women and children.
The winner gets a handsome cow-
bell trophy. Have you picked a nice
won't be long now.

HOPE STUDENTS ON
CONCERT TOUR OF WEST
FOR THEIR EDUCATION

A quartet of Hope college stu-
dents—Rudolph Nichols, violinist;
Howard Schade, vocal soloist; Rich-
ard Niessink, organist and pianist;
and Abraham Antan, native of
Arabia, speaker—is making a suc-
cessful tour of western churches in
the interest of their own education
and collecting funds for the sup-
port of the Arabian mission. Antan
is a prospective graduate with the
class of 1931 and the others will
enroll next fall for their junior
year. The men are devoting the
major part of their vacation to the
work.

AN AMAZING FACT

The first gas stove in the United
States was exhibited in 1870.
That was 51 years ago—little
more than two generations. Yet in
that brief half-century gas has be-
come a necessity in millions of
modern American homes.
The amazing progress, both in-
dustrial and domestic, made by the
gas industry, is a dramatic page
in American history.

DRILL 600 FEET FOR OIL

The oil well being put down by
the Manion Oil Co. on the John
Tobin farm, north of Allegan, now
has reached a depth of more than
600 feet. This is the second well
to be drilled on the Tobin farm.
The first one having been aban-
doned after striking a rock forma-
tion impossible to penetrate.

MICHIGAN BANDS 10,000
PURPLE FINCH

Michigan holds a unique position
among the States in bird banding
accomplishments. One operator, M.
J. Magee of Sault Ste. Marie, has
completed placing small metal
identification bands upon his 10,
000th purple finch. This record
speaks eloquently of the number of
these birds there are in Michigan
when one operator in an isolated
section can trap this number within
a few years.

Operations were started in 1921
and Magee has had many repeaters
come to his trapping station year
after year. One finch banded in
1922 was recaptured in 1923-24-25-
26-28-29 and 30. It was at least
two years old when first banded, so
this would make it 11 years old
when recaptured.

Miss Helen Koorman has accept-
ed a position as stenographer with
Diekema, Cross & Ten Cate. Miss
Grace Sturing has taken a similar
position in the office of Judge
Miles. Both are June graduates of
Holland Business College.

FILLMORE

A very pretty wedding took place at the home of James Kleinhekel of Fillmore last Friday evening at seven o'clock when their daughter, Ruth Margaret, was united in marriage to Harvey Kollen, oldest son of Mr. and Mrs. James Kollen of this place. Dr. Vanders, an uncle of the groom, of Holland, performed the ceremony, assisted by Rev. W. Pyle of Over-

view. Only the immediate families were present. They entered the room to the strains of Lohengrin's wedding march played by Janet Kollen, the groom's sister. The bride was very pretty in a dress of white satin crepe and a long silk veil which reached below the dress. Miss Janet Kleinhekel, sister of the bride, was bridesmaid and wore a dress of pink chiffon and both the bride and her maid carried shower bouquets. Myron Kollen, brother of the groom, was best man. A dainty three-course wedding supper was served immediately after the ceremony. Mr. and Mrs. Kollen left on a short motor trip through the Eastern states and upon their return expect to make their home in Blissfield, Michigan.

Work of Early Farmers Recognized

Styles in ships have changed greatly since the first commercial fertilizer was brought to this country. Above—Modern liner of the type that carries 1,000,000 tons of nitrate of soda annually to the United States from Chile. Right—Freighter in service in 1880. Inset—Herbert C. Brewer, director of the Chilean Nitrate of Soda Educational Bureau.

THE older generation among Southern farmers deserves credit for laying the foundations of the modern soil-improvement programs which have proved so successful in raising the yields and profits on our farms.

This is shown by the experience of Southern farmers, now past middle age, who have volunteered information about the earliest users of nitrate of soda in their states. Some of these planters have been using fertilizers continually for quarter of a century, and one farmer in South Carolina reports that he first used nitrate of soda back in 1875.

As part of the 100th anniversary of the use of nitrate of soda in this country, recognition in the form of a distinctive award is to be conferred upon the farmer in each state who has used this fertilizer

Whoever invented Mastodon strawberries, the best of the everbearers, was a public benefactor, prints the Allegan Gazette. These have been in the Allegan market the past two weeks and at reasonable prices, about those of other berries. They were nearly as large as the largest of June berries, which is very much greater than that of the old Progressives which were the first of their kind. These Mastodons are sweeter than the June berries, lack a little of the piquancy of the former, but are a wonderful addition to our long list of delicious fruits, than which no place has a longer one.

Frank Brouh, Grand Haven township, was ticketed by the state police for being without his driver's license and for faulty brakes on his car. ******* SPEARING FROGS NOT PERMITTED *******

Use of an artificial light to catch frogs is permissible, so long as a spear is not used, according to the Law Enforcement Division of the Conservation Department, answering numerous inquiries. Frogs may be taken in any manner, without limit, from June 1 to October 31, except by the use of a spear with an artificial light. The use of a flashlight at night to catch frogs is a common sport and practice.

A musty diary of Rev. Joseph A. Roof of Circleville, Ohio, reveals a really "dry spell" almost a century ago. "From June 13, 1838, to May, 1840, not sufficient rain fell to moisten the earth two inches," he wrote. "When promising drizzles began they stopped almost abruptly, and the entire dry spell lasted 21 months. All vegetation failed and most of the streams dried up in their beds."

SURPRISE IS SPRUNG ON TREASURER

The seven groups of the W.C.T.U. in Ottawa county, including the Zeeland group, completely surprised Mrs. Colon C. Lillie at her home in Coopersville last week Monday afternoon, when the officers and leaders of the several groups gathered there to commemorate the twenty-first anniversary of her position as treasurer of their county organization. The several ladies called it a day by spending the afternoon from two to five o'clock in a sociable way.

Each group presented Mrs. Lillie with a beautiful bouquet of 21 stalks of flowers, and they were greatly appreciated by the recipient. Holland city group has the largest membership with about two hundred. Coopersville has about a hundred, Coopersville has about sixty members.

They expect to hold a three-session program in the Second Reformed Church of Zeeland, Wednesday, August 27. More detailed information will be given next week.

Sponsored by the Rotary Club and the Chamber of Commerce, the plan for establishing the Community Chest in Grand Haven began to take definite form. A special meeting called for the purpose of getting organization going in the matter, was held at the Chamber of Commerce rooms and was attended by a good representation of people interested. William Hutton was named general chairman of the committee to take charge and he selected as his committeemen the following: J. F. Johnston, Barton Elliott, Peter Van Zyle, F. C. Bolt, Mrs. Guy Warren, Mrs. L. J. Kosman, E. H. Babcock, Rev. Belman and Ensign Connor of the Salvation Army.

BAXTER'S SLOOP HITS PIER AT GRAND HAVEN

The Joyant, 70-foot racing sloop of Howard S. Baxter of Grand Rapids, Sunday afternoon crashed into the south pier at the entrance to Grand Haven harbor and had to be towed to dry dock at Spring Lake, its bow considerably damaged. The sloop nearly sank, according to Capt. William Preston of the local coast guard, who went to the rescue.

The sloop is said to have entered the local harbor without use of its mainsail and attempted to depart in the same manner, when the boat could not be controlled. Vector Milike of Chicago was listed as the skipper in charge at the time.

IT'S ACCORDING TO WHO BUYS THE LAND

Allegan Gazette:

It is reported that the Consumers Power company is purchasing lands for flowage at its proposed site for a dam in Manlius—at the old site of the late John Mann—paying at rate of ten to thirty dollars per acre. Some holders of such flowage for the Calkin bridge dam are demanding \$150 per acre and taking their chances with condemnation proceedings. The Consumers had intimated that they never would build on the Manlius site unless they could also get rights to build at Calkin bridge.

Poultry, Dogs, Rabbits to Be Fair Feature

SENDING OUT POULTRY, RABBIT AND DOG SHOW LITERATURE

In behalf of the Community Fair at Holland next week Ed Brouwer, authority on poultry, rabbit and dogs, is working his fair committee hard to get a large exhibit on these three features. He says two able poultry judges have been secured and splendid cash prizes and silver

Ed Brouwer Supt. of Poultry and Pet Stock

trophies will be awarded. All birds should be entered at the showroom by Monday night if possible and all birds must be in their coops by Tuesday noon.

Mr. Brouwer also states that the genuine rabbit breeders of Michigan will be present with large varieties and that surely will be an outstanding feature.

The trophy for the best display of rabbits must be won three times in succession before it becomes permanent property. The Holland Rabbitry has won this beautiful trophy one time and will make another try this year. Judge S. Sixma will place all the awards. John Ter Vree, secretary of the Holland Rabbit Association, will be in charge of the entire show and Mr. Ed Brouwer, chicken and rabbit fancier, will also assist in these exhibitions.

Much effort is being put forth to make the dog show an outstanding feature.

Silk ribbons, cash prizes, and silver trophies are to be awarded. Cash prizes will be paid as follows: Single dogs—1st, \$3.00; 2nd, \$1.50; 3rd, \$1.00. Bitch and pups—1st, \$4.00; 2nd, \$3.00; 3rd, \$2.00.

Silver trophies will be awarded as follows: One for best dog in the show, all blue ribbon winners competing; one for best Ottawa county dog; all Ottawa County blue ribbon winners competing.

Silk ribbons will be awarded to all 1st, 2nd, 3rd and 4th prize winners.

Judge H. C. Stewart of Augusta will pick the winners in the judging ring.

SAUGATUCK WRECK VICTIMS ARE OUT OF DANGER

Nearly a dozen passengers of a Greyhound were hastened to Holland hospital Tuesday when one of the big buses slid over an embankment near Gibson between Holland and Saugatuck and many were injured as a result. None were seriously injured and nine were discharged the following day.

E. J. Whalen of Muskegon was the only person not injured. The car left the pavement, crashed down the embankment and remained upright, passing between several trees and finally stopping against a mound.

Those taken to the local hospital were Frank Swanson, Holland, R.F.D. No. 1, abrasion of left knee; Elvora O'Rourke, Muskegon, abrasion of both knees; Kate Wilhoit, Evanston, Ill., abrasion of left and right leg and forehead; Ollie Nielson, Bear Creek, Wis., abrasion of both knees, sprained wrist; Emma Johansen, Chicago, lacerated nose, lip and forehead; Earnest Hanson, Chicago, abrasion on forehead, lacerated ear; Andrew Hyler, Chicago, left hand sprained, right hand cut; Lottie Hyler, Chicago, abrasion of eye; Emma Reiker, Chicago, abrasion of left knee, right knee cut.

Roy James and his wife were bound over to circuit court under bonds of \$500 each; Louis Brandis was held to circuit court under \$1000 bond; Frank Gura gave \$1000 bond for his appearance in circuit court; John Grossbauer and his wife each gave \$500 cash bond for their appearance in circuit court.

MR. HATTON TO ENTERTAIN COUZENS, VANDENBERG AND MAPES

William Hatton, chairman of the Republican County Committee at Grand Haven, has sent out invitations to many of his friends of Ottawa County including several from Holland and Zeeland asking them to attend the annual Republican County Committee dinner to be given at the Spring Lake Country Club on Thursday, Aug. 21, at 6:30 o'clock.

The guests of honor at the dinner will be Senators Couzens and Vandenberg and also Congressman Carl Mapes.

This stag is an annual affair and the leading Republicans look forward to the dinner with anticipation.

ZEELAND AND HOPE BOY UP FOR RENOMINATION

Gordon F. Van Eenennaam, a former Hope college student born in Zeeland and graduating from the Zeeland High School, is up for renomination as State Senator from the Ottawa and Muskegon county district.

Mr. Van Eenennaam, it will be remembered, was wed to Miss Isla Pruim, a graduate of Hope college, but whose home was in Zeeland. She was one of the most popular girls at Hope in her home city.

Mr. Van Eenennaam, during his first term, has made a splendid record at the state capital and he especially aided Holland's sportsmen and the sportsmen about the state in fostering workable game and fish legislation. He also did much for the poultry district in the way of legislation together with his colleague, Fred McEachron of Hudsonville, representative from Ottawa.

For a young man Mr. Van Eenennaam, although too modest to do so, could point to a brilliant legislative record and his renomination and election for a second term is most desirable by Ottawa and Muskegon county voters for the reason that he is now better acquainted and better established and more experienced and thoroughly able to take his part in bringing about constructive and economic legislation.

Will Geo. Getz Go To Africa With Jack Dempsey?

GETZ OFFERED HIS ZOO TO HOLLAND ONCE UPON A TIME

The Detroit News in a recent Sunday's issue gave a column story on Geo. Getz and his zoo. A description of the gardens is given in detail and these are well known here.

However, the article also says that Mr. Getz and Jack Dempsey, the prize fighter, are going to Africa and hunt together but Mr. Getz stated to your editor that this trip was not at all certain and might not materialize.

The Detroit News puts it in this way:

"Next January or February, in company with Jack Dempsey, former heavyweight champion, George F. Getz, Jr., one of his two sons, and a party of friends, Mr. Getz will lead another expedition. On the previous African venture there were six Americans in the party and 300 natives were employed."

Other paragraphs in the article that are rather interesting to Holland are these:

"In 1918 Mr. Getz had a wonderful collection of animals. When the war came he was commissioned a major and put in charge of relief work in co-operation with the American Red Cross in Belgium, France and later in Germany."

"I did not want to feed the animals during the war when I thought the food might be needed by our boys," Mr. Getz explained. "Then, too, I did not know how long I would be in France. I offered the City of Holland my entire zoo, but the offer was not accepted. I believe the city made a mistake."

"Grand Rapids heard that the animals were to go and an hour after an official called they were being loaded and removed to that city."

"On his return from France Mr. Getz decided that he could not get along without his animals and so he started building up his second collection. Every year he has added to the number of animals until today visitors pass through streets lined with cages. Most of the animals Mr. Getz obtained in their native haunts."

"I love animals and I love to entertain people," the 64-year-old millionaire said. "I'm getting too old to go to other folks' celebrations and I want them all to come to mine instead. I get much pleasure from the animals myself, but I get even more in watching others enjoy them, especially the children."

"When Getz was six he went to work on a farm near Mechanicsburg, Pa. He had to work hard. He recalls seeing his first circus poster. There was a picture of a tiger and elephant on a crossroad signboard. 'What are those?' he asked. 'I'll get some like that to play with,' he said, when told."

"But the wages of a six-year-old boy were not sufficient to buy even a dog, to say nothing of a tiger or elephant."

"Mr. Getz left the farm at 12 and went to Chicago, where he obtained a job as a messenger boy. At night he picked up telegraphy and soon became an operator. At 17 he entered a coal office as a clerk. Five years later he was a member of the firm. He made his millions in this business and now controls, although he doesn't bother with them much, six or eight other coal firms, besides the United States Distributing Corp."

"One day Mr. Getz decided that he wanted a place to spend his summers and have a zoo. He finally selected a tract of land near Holland along Lake Michigan, and started to beautify it. His hot-houses, gardens, and, in fact, the entire 300-acre farm, rival the zoo in interest."

"There are greenhouses, hot-houses, acres of flowers. There is a miniature nine-hole golf course for Mr. Getz and his friends. With his two sons, George, Jr., and James, he divides his time between Chicago and the farm."

KATT-ISREALS WEDDING IS SOLEMNIZED AT DRENTHE

Miss Anna Katt, a daughter of Mr. and Mrs. Otto Katt, 422 Jackson street, Grand Haven, was quietly married to Gerrit Isreals, a son of Mr. and Mrs. Reender Isreals of Holland on Saturday at 4 p. m. The ceremony was performed by the Reverend B. J. Danhof at the parsonage of the First Christian Reformed Church at Drenthe.

Miss Berdean Roossien and Henry Katt, a brother of the bride, attended the couple. The bride was smartly gowned in a frock of orchid chiffon crepe trimmed with cream lace. She wore blue pumps and hose to match. The bridesmaid was becoming in a rose chiffon dress with white pumps and hose of a corresponding color.

Mr. and Mrs. Katt, parents of the bride, served the wedding dinner at their home at 6 p. m. to the families of the bride and groom. Those attending were: Mr. and Mrs. Reender Isreals, Mr. and Mrs. Cornelius Isreals and family, Mr. and Mrs. Edward Isreals and family, Joseph and Florence Isreals and Mr. and Mrs. John Kars and family of Holland; Miss Clara Groendal of Muskegon; Maurice, Anthony, Clyde and Junior Katt of this city.

Mr. and Mrs. Isreals will make their home in Holland where Mr. Isreals is employed by his father, who is a mason contractor.

Mr. and Mrs. John Hoppe and Little Hoppe's from Netherlands Visiting Holland

The Holland City News this week received a visit from Mr. and Mrs. John Hoppe and the two little Hoppes who came fresh from the Netherlands on a tour of the United States. Mr. Hoppe has a wonderful command of the Dutch language but surprised the News editor when after conversing in the native tongue for some time he began answering the Dutch questions put to him in English. He stated that he had taken a special course of three years in English in order to make this American trip.

He started out with rather an old car but bought a new "Chevy" when at Key West, Florida, December 31. The children are Hans, 2½ years old and Grietje, 5 years old. When in the Netherlands Mr. Hoppe ran a delicatessen and fish store in Amsterdam. He went to Volendam often for that is a fishing village and there he rigged his family out in the togs you see in the picture. Volendam is the center of attraction for tourists who imagine that all Hollanders wear wooden shoes and wide trousers and the women are decked in white caps and voluminous petticoats. The fact is there are only a few provinces in the Netherlands where these costumes and style of dress are in evidence and Volendam is the center of attraction. In Amsterdam, Rotterdam and The Hague folks wear the latest from Paris which is only a few miles away.

Mr. and Mrs. Hoppe have been singing and talking over the radio, and have been the guests at some of the largest cafes in the United States where they mingled with the patrons answering questions about the Netherlands. Their services were in great demand and in that way they more than paid for their tour of America. Naturally wherever they go they dispose of their quaint little wooden shoes, pictures of themselves, postal cards and Dutch knickknacks.

Mr. Hoppe is quite a song artist, singing both Dutch and American songs. He is endeavoring to interest American cities in putting on a lecture movie talkie in which he and his family will play an important part, possibly along the lines of "Bill Rogers in Paris," where these four visit the principal place of interest in a city. If such a move were taken up by Holland naturally the show places would be

visited by the Hoppes, the movies and talkies taken and these would become special features in American, European and especially Netherlands show houses.

The Hoppes like America very much and haven't near through traveling in Uncle Sam's country. They have spent nearly a week in Holland and are seen every night as centers of attractions on Main street.

They think Holland, Michigan, is most beautiful but they attract less attention than they do in American cities, they say. The reason for this possibly is that this city has been using the wooden shoe, the windmill and Dutch images extensively in its advertising and these have become quite common to every one in this city, however they are very appealing to the tourist who come here.

It is noticeable that nearly every resorter who has been coming to Holland the past week and have spied this Dutch couple, have made a "bee-line" to the Hoppes for a little talk or to purchase souvenirs.

Mr. and Mrs. Hoppe are highly educated and are very pleasing people to meet.

Hamilton to Receive Visit of the Soils Doctor Aug. 25

Visit the Soils Doctor who will be in Allegan County with the Soils Laboratory Truck of the Michigan State College, on August 20 and 25, is the advice of A. D. Morley, county agricultural agent of that county. Otsego, Hopkins, Pearl, Dorr and other places will be visited.

The truck will be in Hamilton on Monday, Aug. 25 at 3:30 P. M. at the Farm Bureau Garage. There will be no set speech. Mr. Monday, Aug. 25 at 3:30 P. M., at a sample of soil or marl to be tested will be given individual attention and a prescription will be written out showing him just what and how much lime or fertilizer is required for the crop to be grown. In addition to the testing there will be exhibits showing the results obtained from the use of lime or fertilizer or both.

Fertile fields promote profitable farming and the majority of our fields are not as fertile as they should be and thus we have lower yields and higher costs per bushel or ton. Samples of both the surface soil and the soil below plowing depth should be taken and should be dry.

The Ottawa County jail, which was recently inspected by E. C. Nicholson, secretary of the state welfare department, was found "spotlessly clean from top to bottom" and was reported as highly satisfactory to Sheriff Cornelius Steketee at Grand Haven. The sheriff was commended for his work and Nicholson expressed the appreciation of the work of the county staff.—Grand Haven Tribune.

Joshua C. Lehman of Grand Haven, candidate for treasurer on the Republican ticket, called on friends in Holland yesterday. George Bork of Grand Haven, candidate for grain commissioner, was also a caller.

J. L. Huer, a former pastor of the Graafschap church will conduct the services there next Sunday.

COLONIAL THEATRE HAS GOOD BILL FAIR WEEK

"Luck did it—just plain luck!" This was Barbara Stanwyck's explanation of how, at the enviable age of 22, she has achieved an established reputation in the theatrical world. Barbara, who is featured with Lowell Sherman and Ralph Graves in "Ladies of Leisure," the Columbia all-talking drama of night life coming to the Colonial Theatre, is the actress who startled Broadway two seasons ago with her clever performance of the leading role in Arthur Hopkins' stage play, "Burlesque."

"When I got my first engagement to dance at the Strand Cabaret on Broadway, I was untrained except for what I had picked up from various dancers I had met. The fact that I managed to get away with 'professional dancing' was my first stroke of luck."

"Luck stepped in again and pulled me into prominence when I

Children's Day At The Fair Is To Be Wonder

Educational Features Will Be Stressed in Fair Week Programs

The opening day of the Holland Community Fair next Tuesday inaugurates a new policy with a Children's Day. There will be elephants and other features to attract the kiddies, in fact the entire Sun Bros. Circus is at their disposal.

Other interesting and instructive exhibits include the state fish exhibit of live fish from every part of the state. This will be shown in the art hall.

It also is planned to have live bears, deer, elk and other species of game on exhibition. Plans for this are not complete, but it is hoped that they will go through in a short time.

The school exhibit under the supervision of Miss Lida Rogers, C. De Jonge and Gerrit G. Groeneveld gives promise of great entertainment, education and profit to school children of ability. A spelling contest open to rural, village and city students carries \$50 in cash prizes.

The flower exhibits should prove of exceptional value to lovers of natural beauty, as well as the entrance to whom rich awards will be made for prize winning plants and flowers.

The Boys and Girls 4 H Club will have their regular annual displays. "The value of this department of the fair, is inestimable for the children are trained and rewarded for improving in their line of work. They produce better cattle, better poultry and better agriculture products through their contact with the fair and the club. Girls are better trained in the home making activities," a fair official stated.

was working in the chorus of 'Keep Cool.' I was picked, with five other girls, to do imitations of the principals."

"My most important stroke of luck was when Willard Mack gave me some lines to read in 'The Noose.' He then promoted me to the lead. Arthur Hopkins saw me in this play. He was then looking around for a girl to play the lead in 'Burlesque.' I was the lucky girl."

Miss Stanwyck's sensational success in this role established her definitely as a Broadway star. When Miss Stanwyck attributes all her success to luck, she is being very modest. Luck has not played half the part that talent, personality and work have played. Unknown and untrained, she has pushed herself to the top within six short years. And the experience has left her completely unspoiled.

"Ladies of Leisure" was directed by Frank Capra, who won universal acclaim with his productions—"Flight" and "Submarine."

Ella Holstege and Nina Mast, Allendale, will give a demonstration drama featuring "My Top Bureau Drawer." The teams will be accompanied by Esther C. Lott, home demonstration agent.

Ottawa Co. July Weather Sure Was Freakish

Local Bureau Registers Both Coldest and Hottest Days, — Was Not so Dry as Last Year

The report of July weather compiled by W. J. Rice, in charge of the Ottawa County Weather Bureau, shows July, 1930, to have been something of an unusual and interesting month from a weather standpoint.

For one thing, July 12 with a temperature of 90 degrees equaled the bureau record for that date. Two days later with the temperature down to 48 degrees, a new low record for that date was established. It was surely a month of extremes. Even the wind movement was above normal as Mr. July records will show.

It is mildly surprising to discover that July, 1930, was not quite as short of precipitation as other July records will show.

The report follows: Although the month of July 1930 averaged almost normal in temperature the variations were wide and frequent. On the 12th the temperature reached 90 equalling the record for that date. On the 14th the temperature fell to 48 making a new low record for that date. The average for the month was 68.9 while the normal is 68.7. The greatest daily range was 27 on the 12th and the least 9 on the 31st.

Precipitation totaled 0.82 inches compared to the normal of 2.61. It was a very dry month but not as dry as July last year when the total was only 0.61, or July 1919 when only 0.19 inches fell. Measurable amounts of rain fell on 6 days of the month with the heaviest rain, 0.41 inches, on the 26th. The rain on the 26th was very beneficial to crops which were nearing failure due to the lack of moisture. Thunderstorms were recorded on 3 days of the month.

Wind movement totaled 6,752 miles, or an average of 9.1 miles per hour, which is slightly above normal. The wind reached a velocity of 40 miles per hour from the west during a thunderstorm on the night of the 12th. This is within 2 miles of the July record made in 1911. Limbs were torn from trees in some exposed locations.

Sunshine averaged 81 per cent of the possible compared to the normal of 72 per cent. Sunshine was continuous on 10 days of the month. There were 16 clear days, 7 partly cloudy and 8 cloudy days during the month. Light upper clouds were seen most frequently during the month. A solar halo was observed on the 26th.

Figures tabulated by Supt. R. B. Champion of the board of public works show an increase in power consumption of 3.62 per cent for the 1930 half year period over the same period for 1929. The electric plant furnished 3,848,832 kilowatt hours of electric current as compared with 3,714,452 kilowatt hours for 1929. Increased consumption of power was shown in sales of current for lighting, municipal power and street lighting. Power for commercial uses showed a loss.

Pictures showing the war cemeteries and the accommodations made there for the mothers, who were accompanied by a guide who took them to the grave of their sons, where a stool and wreath were provided were shown to the members of the Willard D. Leenhouts Post Wednesday evening, Dr. and Mrs. A. Leenhouts accompanied the mothers on their pilgrimage and took pictures while enroute to and returning from France.

LITTLE JOE WARNER OF RADIO FAME COMING TO HOLLAND

Little Joe Warner, a veteran star of the radio family way back in the earphone type of radios, is to be at the Holland fair in person. Little Joe wasn't a radio announcer all his life, in fact, he sold pork and beans from Boston but one night friends heard Joe sing at an amateur entertainment and advised him to sing in a try-out via the radio. His comedy together with his pleasing voice registered and he immediately became one of the permanent fixtures of the air.

His first nationally known success was over KYW with his nizzababy which proved to be the biggest radio hit of that time. From KYW he went to WCFL studios where he became the comedian and studio manager. Little Joe's ascendancy in the ether waves was pronounced when he joined WENR, "the voice of service," as a superstation where he became an outstanding staff member of that station. Little Joe is heard every day and night from WENR and his portrayal of Morris Rosenberg in the Smith family has made him a million of radio fans.

Little Joe Warner's radio friends in Holland and vicinity are going to have the pleasure of seeing and hearing him in person at the community fair at Holland since the officials of the fair have obtained his services for Tuesday night, August 19, when he will put on a program in connection with the Sun Bros. three-ring circus in front of the grandstand.

The Frank Kammeraad descendants, 150 in number, gathered at Ottawa County Park all day Thursday for their annual reunion. The folks brought their dinners and suppers and were served coffee and lemonade by the society. A program of games had been prepared in which all heartily joined in with a zest. It was decided to hold their next annual gathering at Highland Park, Grand Haven. Officers re-elected are John Essenberg, president; Mrs. Nick Kammeraad, secretary; and Mrs. Frank Kammeraad, treasurer.

Mr. and Mrs. Ivan Bosman were the guests of honor at a party given by their parents, Mr. and Mrs. Arend Bosman, about seventy guests being present. Mrs. Bosman was Miss Adlyn Houtkamp of Milwaukee before her marriage to Mr. Bosman on July 26, the thirtieth wedding anniversary of Mr. Bosman's parents. Refreshments were served, and a delightful social time was had.

As a result of the squall which hit the lake Friday morning three skiffs of John Baker drifted dangerously close to the pilings near the garage off Macatawa Bay. The U. S. Coastguards however were on the job before any damage was done. They were also called upon to aid the 20-foot sloop Intrepid, which was drifting loose and dragging its anchor in Black Lake.

Rev. and Mrs. John Van Zomeren of Orange City, Iowa, entertained several friends at Pine Lodge with a picnic supper and a program of sports. Those who attended were Mr. and Mrs. Gerrit Dalman and Dalman, Mr. and Mrs. Ben Dalman and family and Mr. and Mrs. A. C. Roos and family.

Sec. 9—Part II—Chap. III.

If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, UNDER OATH state that he or she is a resident of such precinct and has resided in the CITY TWENTY DAYS next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family, or owing to his or her absence from the CITY on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in said manner, willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Provision in Case of Removal to Another Precinct

Sec. 11—Part II—Chap. III.

Any registered and qualified voter who has REMOVED from ONE ELECTION PRECINCT of a CITY to another election precinct of the same CITY shall have the right, on any day previous to election, or primary election day, on application to City Clerk, to have his or her name transferred from the registration book of the precinct from which he or she HAS REMOVED to the registration book of the precinct in which he or she THEN RESIDES. Such elector shall have the right to have such transfer made on any ELECTION, or Primary election day by obtaining from the board of inspectors of such election or primary election of the precinct from which he or she HAS REMOVED a CERTIFICATE OR TRANSFER and presenting the said certificate to the BOARD OF ELECTION INSPECTORS OF THE PRECINCT IN WHICH HE OR SHE THEN RESIDES.

August Sale of Fur Coats

The ultimate in sophisticated fashion... the utmost in value... this in brief is the story of our August Fur Sale. This year the price concessions offered make this the greatest fur sale we've ever held and every woman who buys one of these coats will have reason to congratulate herself later, when prices resume normal levels. Every coat is a masterpiece of creative designing fashioned of the finest prime pelts and in keeping with the traditional Rose reputation for fine furs.

Every coat is a veritable triumph of chic and graceful "Line"... furs are manipulated as casually as cloth... and the "dressmaker" influence is reflected in the use of rhythmic long princess lines... lovely, crushed face-framing collars... novel sleeve and belt treatments.

MISS MARGARET DE VRIES
FETTERED WITH SHOWER BY
DRENTH FRIENDS

Mrs. E. K. Lanning was hostess at her home in Drenthe last Thursday evening with a miscellaneous shower honoring Miss Margaret De Vries, whose marriage to Mr. L. M. De Goffau from Grand Rapids will be an event the latter part of August. Most of the guests were friends whom Miss De Vries associated with during her school days, including Misses Johanna Yntema, Minnie Nyenhuis, Jean Nyenhuis, Clara and Jean Vis, Mrs. Mattie Eynewer, Mrs. A. Bredeweg, Mrs. H. Wynaarden and Mrs. Carl Schermer from Vriesland. Miss Jennie Lanning, Gertrude De Kleine, Gertrude Beyer and Laura Brouwer, Anna and Lena Kamps. Miss Clara Vis entertained the group with a "Dutch" reading and Miss Johanna Yntema furnished the "Recipes" pertaining to marriage. Refreshments were served and the guests departed at the midnight hour.

The sum of \$99 was added to the city library fund because of fines paid by twelve traffic law violators, nine of these being for speeding, two for no parking lights, and one for disregarding traffic lights. The speeders who paid fines of \$10 each were J. T. Van Meeter, E. K. Van Zinden, N. Dunn, E. S. Van Tassel, Trenton Grotler, J. H. Crawford, Harry Steinbal, and J. E. Mitchell. A fine of \$3 each was paid by Dick Slikkers and R. Evanhuys for no parking lights, and by Don Morrison for disregarding the traffic lights.

The parrot of Mr. and Mrs. F. E. Milewski is back home again after a five-day trip about the countryside. Al, as the parrot is called, left home last week Tuesday morning and refused to be captured until Saturday. By that time he had become so tired and hungry that he flew to Dr. G. W. Winters' farm and when Mrs. John Ter Vree, who lives on the farm, went to feed the chickens, he came down to join the chickens in their meal. After the meal he was too tired to fly high and perched on the fender of a car near there. Mrs. Ter Vree had a canary cage with which she caught the stray parrot. Al was so tired he made only murmurs, "Hello, Al." The bird is well and happy after his rather unusual experience.

Bernard De Pree spent the weekend in Chicago.

BIG PAVILION AT SAUGATUCK IS ENTRANCING PLACE

Environment Suggests a Night in Venice: Lovely Music and Fine Dance Floor

The Big Pavilion at Saugatuck, operated by the West Michigan Amusement Company, is proving a most popular place this summer for people from the east side of the county, as well as points more closely adjacent.

The big dance floor is superb and enticing music from one of the best orchestras in the country lures even the old folks to cavort to the strains of jazz and melody and the old time tunes. Something different is presented nightly to make the dances especially interesting and the special "parties" are drawing unusually large crowds.

After the dances you wander around with your girl or snitch one from some other fellow and treat her to the delectable delicacies served at the big fountain and the new theatre, cool and comfortable, shows the best in movies and adds much to the interest of a visit there.

You are impressed with the quality of the crowd, the so-called "rough-neck" element being conspicuously absent since the management will tolerate none but those whose deportment is above criticism.

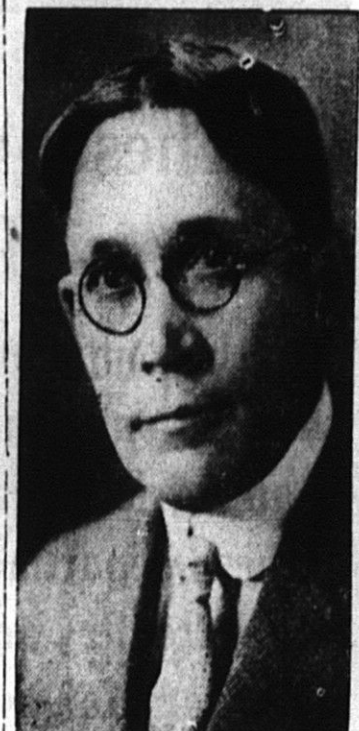

After the dances, the crowds wander out to the large balcony overlooking the river and watch the twinkling lights, the boats that ply up and down the stream, enjoy the songs and the music that comes from the boats and well can one imagine that this is Venice. The scene is entrancing, the music superb. The Big Pavilion is a good place to go to.

SOIL TESTERS FROM M.S.C.
WILL BE AT HOLLAND FAIR

The soil testing truck and laboratory from the State College will spend two days at the Community Fair at Holland next week, August 21 and 22. Samples of soil and marl will be tested free for any farmer bringing in samples. In addition to this testing recommendations on use of commercial fertilizer will be given. Charts, posters and exhibits showing results obtained by proper soil management will be on display. Farmers or gardeners bringing soil or marl samples are advised to bring samples of both top and sub soil, labeling each sample. A teaspoonful of dry soil and a pint of dry marl is sufficient to test. The truck is coming to Ottawa County for this service through the request of agricultural agent C. P. Milham.

**MAN WHO WILL JUDGE THE
COW CALLING CONTEST AT
HOLLAND FAIR NEXT
WEEK**

C. M. Long, chief of the farm service of the Blue Valley Creamery Institute, and one of the best known figures in the middle west dairying circles will make two talks at the Holland Community Fair at Holland.

land, on Friday, August 22, announces M. J. Vande Bunte, fair secretary.

First Mr. Long will give a demonstration on "Judging Cows with the Yardstick" and will follow this with a talk on "Cow Calling and Cow Keeping."

Mr. Long will also have charge of the cow calling contest, which will be a unique feature of the fair this year.

**LICE ARE CAUSING DAMAGE
TO OTTAWA CABBAGE**

Cabbage lice or aphids are causing much damage in Ottawa County at present according to requests coming to the agricultural agent for assistance. For the benefit of others information on control is given herewith. Nicotine sulphate (40%) used at the rate of one pint to 100 gallons of water to which five pounds of cheap laundry soap has been dissolved is effective when applied with a high pressure spray in direct contact with the insects. The use of a commercial nicotine dust, 2 to 3%, applied through a large tin funnel which is set down over the plant is effective.

Miss Laura Mae Post, daughter of Mr. and Mrs. Edward Post of 240 West Eleventh street, entertained a number of her friends on her tenth birthday last Saturday. Games were played and prizes were won by Lavina Hoffman, Rose Van Der Schel, Mildred Stevens, and Florence Hill. Those present were Beverly Jenness, Rose Van Der Schel, Mildred Stevens, Lavina Hoffman, Madeleine Saberry, Doris Mae, Carol Jean and Myrtle Bos, Florence Hill, Patty Koopman, Geneva Lankheet, and Lucille Dams. Laura Mae Post was the recipient of many lovely gifts and her friends reported an enjoyable party.

SAUGATUCK, DOUGLAS
AND VICINITY

Fred Landon and Carl Swanson of Chicago were arrested at Saugatuck by Conservation Officer Harry G. Plotts for fishing in Kalamazoo lake at Saugatuck without licenses. The men appeared before Justice S. L. Newnam at Saugatuck and paid fines and costs of \$12.25 each.

Mr. and Mrs. Charles E. Houtkamp of Wauwatosa, Wis., announce the marriage of their daughter Adlyn to Mr. Ivan A. Bosman of Holland on July 26, 1930. The bride has spent many vacations in Saugatuck where she has many friends who extend congratulations and best wishes to the young couple, and as they will reside in Holland, we shall hope to often see them in Saugatuck as they will be our neighbors.

The Saugatuck public schools will open Monday, September 8th, at 8:30 a.m., central standard time. The following are the teachers engaged for the coming year: L. H. Waugh, H. A. Miller, Louis Green, Mrs. Anna Blaine, Marion Belden, S. N. Sessions, Miss Anne Blaine, Ruth Waugh. The recesses for the year are as follows: Oct. 23 and 24—Michigan Educational Association meeting in Grand Rapids; Nov. 27 and 28—Thanksgiving recess; Dec. 24 to Jan. 5th—Christmas vacation; April 3 to 13th—Spring vacation; May 30—Memorial Day; June 12—School closes. A larger enrollment is expected this year than any other year during the past five years.

The marriage of Marguerite V. Eklund of Douglas to Ernest C. Shadley of DuWitt was performed at the home of the bride on August 2 at 7:30 p.m., Rev. Egbert Winters of Holland, pastor of the Congregational church of Saugatuck, officiating.

Russell Valleeau, Saugatuck milkman, suffered a crushed shoulder and a broken arm when he was caught between his car and a tree. He was standing on the running board when the car suddenly veered.

The Ladies' Crescent Hive held their annual picnic at Elferdink's tourist camp at Central Park Tuesday afternoon. Mrs. L. Soper and Mrs. Grace Barnum provided an excellent program of sports for entertainment. Mrs. Jennie Elferdink and Mrs. Clara St. Johns were in charge of the refreshments.

Clarence Knowles and Dean Mokma are taking a week's trip to northern cities. They will visit the Soo, Locks, and other points of interest.

A very interesting meeting of the past presidents' club of the Woman's Relief Corps was held Monday at the home of Mrs. T. A. Boot, 62 W. 11th street. It was decided that the club would have an outing Labor Day at Hofsteen's cottage at Tennessee Beach and invite the husbands as guests. Mrs. Hofsteen, who recently made a tour to Laramie, Wyoming, where she visited several mines and mountain camps, gave a very interesting account of her trip to the western state. Members present were Mrs. N. Hofsteen, Mrs. T. A. Boot, Mrs. G. Elferdink, Mrs. E. Hiler and Mrs. F. Oosting, and Mrs. J. Kramer as a guest.

**BARTHELMLESS IN AIR STORY
AT HOLLAND**

Richard Barthelmess, leading First National Vitaphone star, makes his first appearance in an air story in "The Dawn Patrol," which comes to the Holland Theatre next week Monday, Tuesday and Wednesday, the first part of Holland Fair week.

John Monk Saunders wrote the original screen story of "The Dawn Patrol," which was adapted and dialogued by Seton Miller and Dan Toheroh. It is a highly dramatic mirror of those early years of the World War "schoolboy" flyers in the British air service were compelled to face highly organized German aces, when their own mediocre equipment was forced to fight against the more modern enemy planes.

Douglas Fairbanks, Jr., plays an important supporting role, while other parts are in the hands of Neil Hamilton and large staff.

Fair Fireworks to be Held One Night Longer

COMMANDER BYRD AT THE
SOUTH POLE PICTURE IMAGES
IN FIRE AT FAIR

Holland Community Fair Will Have
Three Evenings of Pyrotechnic
Features

The biggest Holland Community Fair of all time will open its gates next week Tuesday and will remain open day and evening until late Friday night. The exhibition opens with Children's Day on Tuesday when all children are admitted free. One feature that has not been emphasized fully up to this time is the pyrotechnic features of this big Community Fair. This "festival of fireworks" has been extended on night longer than usual namely Wednesday, Thursday and Friday.

Patrons will be privileged to see this awe-inspiring display in front of the grand stand where these programs will be staged in the large race course oval directly after all the 30 special features have been pulled off on the large brilliantly lighted elevated platform.

The fireworks program is tremendous this year, including a reproduction of Commander Byrd at the South Pole with his intrepid faithful crew. This will be a dazzling recreation of the outstanding world event of the last century; yes, Byrd, his men, plane, dogs and all will be seen in images of fire. However there will be other inspiring fireworks features besides that of Byrd's group.

Spectators at the fair next week this year are promised a score or more of new thrills in the elaborate evening entertainment program, "The Festival of Fire," according to the detailed outline of headline features which was announced in final form today by President Austin Harrington.

The schedule of big set pieces which will be fired in connection

with each evening's production and which is said to comprise one of the largest arrays of such elaborate numbers ever witnessed in the state, includes the following:

"Our Navy," a big marine battle feature, showing a submarine attack on the American coast and the ensuing battle between American ships and the enemy. The entire presentation, from the warships themselves to the bombardment and crash of the battle, is carried out exclusively by means of fireworks effects.

"Jungle Land," a scenic spectacle covering a firing field 300 feet long and depicting big game hunters in the African jungle, with lions, tigers, bears, and giraffes in their native haunts.

"Niagara Falls," in which the falls will be more than sixty feet long and thirty feet high, carried out entirely in silvery, sparkling fire.

The famous "magic jubilee" fountain, an exact reproduction of the Fountain of Light created last year for Light's Golden Jubilee and the Edison Celebration.

A Boys' and Girls' 4-H Club emblem, painted in fireworks, with a boys' and girls' 4-H club member standing at either side. This will be one of the largest and most colorful set pieces ever seen at the fair.

A series of comedy action pieces, including "Jocko," the acrobatic monkey, and the "Fighting Roosters," carried out in action fireworks.

The "Aurora Borealis," a combination of brilliant colored lighting effects, shooting stars, and bombardment.

"Pyro Whoopie," a joint presentation of all the newest things in modernistic fireworks, both in noise and color.

"These are just a few of the features which will be seen at each evening's program at the Holland fair next week Wednesday, Thursday and Friday nights. We promise the public a fireworks show such as has never before been seen in this part of the state. It is more costly, more elaborate, more unusual than anything we have attempted in previous years, and we expect a record-breaking attendance," said President Austin Harrington of the local exhibition.

When you hear the first big boom of a "big air bomb"—evenings—during fair week next week—remember that the biggest fireworks display ever seen in Holland will be shot off an hour later. You will still have time to jump in your car and make for the fairgrounds. There are 20 set pieces that can't be seen on the other side of the fair fence.

Rev. and Mrs. A. Van Westenburg and daughter Helen of Scotia, New York, and Mr. and Mrs. John R. Dalenberg and sons John, Jr., and Robert of Chicago are spending two weeks at the Vaupeil cottage at Maple Beach.

In Front of Grand Stand

The whole world loves a beautiful baby, so this year a Better Babies' Contest will be carried on with the object of increasing the health and strength of our babies.

The scientific examination given each infant may be the means of correcting defects that might otherwise prove a handicap for life. These examinations will be given by local physicians on Wednesday and Thursday afternoon from 1:00 to 3:00 in the Health Centre Building.

Babies from six to thirty-six months of age are eligible for the contest. Scoring will be based on physical condition, mentality and general appearance and behavior.

	1st prize	2nd prize
Class 1— 6 to 12 months	\$5.00	\$2.50
Class 2—12 to 24 months	5.00	2.50
Class 3—24 to 36 months	5.00	2.50

Cow Calling Contest

Visitors to the Community Fair this year will be treated to an exhibition of cow calling. This will take the form of a cow calling contest at the grand stand, the winner of which will be awarded a handsome cow bell by the Blue Valley Creamery Institute.

Any man, woman or child may take part in the contest. Volume of voice will be figured by the judges at 30 points, the carrying quality of the voice at 30 points, the musical quality of the voice at 10, and the appeal (in the imagination of the judges) the call would have on the cow, at 30 points. Contestants are free to use whatever call they think best, and will be allowed as much time as desired.

Persons contemplating having a "voice" in the contest should get in touch immediately with M. J. VandeBunte, Secretary.

Speed Program

This year's race program will, as usual, be of the highest type. We are again members of the Wolverine circuit which includes Ionia, Detroit, Saginaw and Allegan. Horses that race at larger fairs can demand larger purses. The public is entitled to the best that money can buy as long as they will give us the patronage that has been given us the past few years. It is therefore up to you to see these races as often as possible.

Commander Byrd's Plane and the South Pole in Fireworks

Commander Byrd's return from the South Pole, and his triumphal reception in America, will be especially commemorated and celebrated at the Holland Fair this year, according to plans announced today by Community Fair officials.

The fair board has ordered a huge fireworks display for the occasion, reproducing in heroic size Commander Byrd and his party in the polar regions. The display in colored action fireworks, will show Byrd's ship, dog teams, plane, and exploration party, navigating their way among the icebergs and other hazards of the frozen South. The feature will be an additional number to the regular fireworks entertainment program scheduled for the fair, and will be constructed and shipped to Holland in a special car by the Thearle-Duffield Fireworks Co. of Chicago, the world's largest builders of pyrotechnic displays.

The evening fireworks show at the fair will also be headlined by numerous other specialties, according to the program announced. These will include:

A modern naval battle, in which the entire action takes place in fireworks—with the sinking of ships by submarines, bombardment by land forts, and all the maneuvers of a typical sea fight.

"Jungle Land," an action feature covering a firing field 300 feet long, depicting big game in its natural haunts in the African jungle and the experiences of a hunter in search of adventure.

Numerous patriotic features, including a special set piece in tribute to the Boys' and Girls' 4-H Clubs of America, the American flag carried out in natural colors in fireworks, and the American shield and eagle in fireworks, protected by a soldier and sailor in uniform, etc., etc.

These Are Only a Few of the Special Holland Fair Attractions

THE Community Fair is not to be made up entirely of special attractions. The Directors have not lost sight of the fact that this is an Agricultural Association and special attention has been given to these departments namely: Cattle, Horses, Sheep, Swine, and don't forget Poultry and Pet Stock. The exhibits in these departments will be larger than ever before. Other features will be Home Demonstration, County School exhibits, Farm Club exhibition, Flower collection Horticulture, Beekeepers apiary, and an endless lot of exhibits that lack of space forbids us to mention.

In our monument plant we design and carve markers and other memorials in the hardest of marbles and granites. These objects of art are imperishable and so firmly set upon their foundations in the cemetery as to defy the ages. From our many beautiful and appropriate designs there is one that we feel sure will meet your requirements.

Drunken Driver Takes Spill And Does Jail Time

CAREENS ALONG HIGHWAY AND KNOCKS DOWN GUARD RAIL; IS GIVEN SENTENCE

Zeeland Record—Another Holland man ran afoul of the law Sunday afternoon, when he lost the road because too much moonshine took the place of sunshine. The little stunt cost him an even \$100 fine, costs of \$5.05, and he gets thirty days time in the county jail to think it over, besides the option of sitting out another sixty days in lieu of his fine.

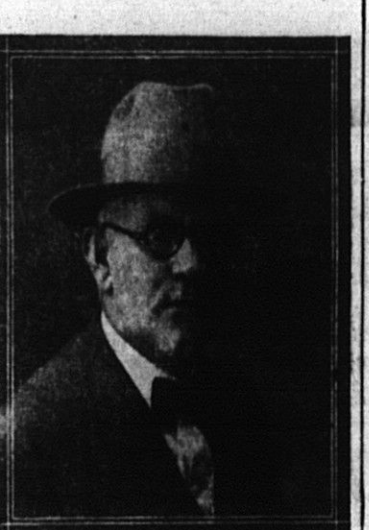

All this happened to Fred Howard, aged forty-four, of Holland, an unmarried man.

Right after dinner Sunday Mr. Howard set out on an automobile trip to Grand Rapids. On reaching a point about one-fourth mile west of the Beaverdam road crossing on M-21, he evidently became confused by getting off the concrete on the right hand side, facing a deep gully. In trying to regain the road, he swung his car around to the left so abruptly that he plunged off the left-hand side of the road, knocking down three guard posts and landing at the bottom of a gully fifteen feet below. The machine was badly damaged, but the driver escaped with a wrenched back and severe bruises. Knowing that the liquor would bring him into trouble, he deserted his machine and tried to evade arrest.

Officers Ryenga and Bosma of the local police were notified of the wreck by passers-by and upon investigation found the car but the driver missing. Returning to this city to secure a wrecking car to bring the machine in they were soon in receipt of a telephone call stating that a man acting peculiarly had sought aid at a farm home in the vicinity of the wreck. They immediately drove out to the place and took Howard to the local hospital where he was cared for.

On Monday morning his injuries did not prove to be serious, so Officer Ryenga placed him under arrest and arraigned him before Justice Cornelius De Keyser of Holland. He pleaded guilty to the charge of driving an automobile while drunk and was sentenced as stated above. Howard was the worse for moonshine whiskey at the time of his arrest and carried a bottle partly filled with the liquor. It is said that he had been arrested on liquor charges before.

Mr. and Mrs. M. W. Van Putten and son Paul have returned to their home in Aurora after spending a couple of weeks in Holland attending the golden wedding anniversary of their parents, Mr. and Mrs. J. Van Putten, Sr.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago, (C. 1926 Western Newlander Union.)

Lesson for August 17

SAUL, A MAN OF GREAT POSSIBILITIES WHO FAILED

LESSON TEXT—1 Samuel 9:15-17, 23-27; 10:1, 19-19; 11:1-4.
GOLDEN TEXT—Wherefore let him that thinketh he standeth take heed lest he fall.
PRIMARY TOPIC—A King That Disobeyed
JUNIOR TOPIC—A King Who Failed
INTERMEDIATE AND SENIOR TOPIC—How to Avoid Failure
YOUNG PEOPLE AND ADULT TOPIC—How to Profit from Failure.

The sad failure of Saul should be a warning to every young man. Few men in history had greater advantages than he. All human history fails to record a more tragic failure.

1. Saul's Advantages.

A worthy inheritance (9:1).

His father was a mighty man of power. One's inheritance is a strong factor in determining his success or failure in life.

2. His natural gifts (9:2).

He is designated as a "choice young man."

(1) He was humble (10:22).

When facing the responsibility of national leadership, he hid himself.

(2) He was considerate of his father (9:3).

Not being successful in the mission committed to him by his father and thinking that his father would be concerned about him, he proposed to go back.

(3) The grace of God was upon him (10:5-7).

God visited him with his grace to enable him to see the divine choice.

(4) The Holy Spirit came upon him (10:10).

Acceptable service can be rendered only in the energy of the Holy Spirit.

(5) He was zealous for God (11:14-15).

As the leader of his people, he performed service because of his zeal for God.

(6) The friendship of Samuel (11:35).

So strong was Samuel's attachment for Saul that he greatly mourned his death.

11. Saul Made King. (I Sam. 8:10).

1. The demand of the people (8:1-22).

The reason for this demand was threefold.

(1) Samuel was incapacitated by old age (v. 5).

(2) His sons were unfaithful (v. 5).

Samuel, though a good man, greatly hindered in the appointment of his sons as judges of Israel.

(3) Desire to be like other nations (v. 5).

The surrounding nations had strong leaders as rulers. Therefore, it was but natural that the Israelites should desire such leadership. Samuel protested against their action and took the matter to the Lord in prayer. The Lord directed him solemnly to point out to the people the meaning of their action.

2. Saul chosen to be king (9:1-11).

While Saul was on an errand for his father Samuel found him and anointed him. (I Sam. 10:1-16). In due time the divine choice was confirmed by the people at Mizpeh (10:17-27).

3. Saul displays leadership (I Sam. 11).

He displayed his military genius in effecting a great victory at Jabez over the Ammonites.

11. Saul's Failure (ch. 15).

1. The command to Saul (v. 1-3).

He was commanded utterly to destroy the Amalekites. The reason assigned was their evil treatment of Israel after they came out of Egypt. (Ex. 17:8; Deut. 25:17).

2. Saul's disobedience (v. 4-9).

The command was only partially carried out. Agag, the king, was spared and the best of the goods appropriated.

3. Saul rejected by God (v. 10-25).

(1) Samuel cried to God (v. 11).

The news of this disgraceful affair greatly disturbed Samuel, moving him to pray to God day and night.

(2) Saul's hypocritical pretense (v. 15, 16).

This pretense carried a lie upon its face.

(3) Samuel rehearses before Saul God's dealing with him (v. 17-23).

God is more concerned with having his commands obeyed than he is to have sacrifices offered unto him.

IV. The Divine Judgment Falls (15:26-35).

1. The loss of his kingdom.

For the presumptuous offering of sacrifice the dynasty passed from Saul's house and the kingdom was rent from him.

2. Under control of the evil spirit (19:9-11).

When allegiance to God is refused Satan takes control.

3. His shameful death (31:1-4).

Samuel foresaw him, leaving him alone to suffer in disgrace.
