Less Interest On Savings In Local Banks

IMPORTANT ANNOUNCEMENT
IS MADE BY HOLLAND,
ZEELAND, JAMESTOWN,
AND HUDSONVILLE
BANKS

Reduction Only Small on Savings
Interest Rate, But Essential
to Sound Banking
Principles

The southern Ottawa County banks, including those of Holland, Zeeland, Jamestown and Hudsonville with possibly more to follow, have an important announcement in this issue of the Holland City News, namely that the interest rates on savings accounts in the future will be 3 1/2% instead of 4% payable semi-annually.

This action was taken for several reasons. While the local banks have more cash on hand than they have had in years, the avenues to invest this money in safe securities at a profitable interest rate are very limited these days and consequently the investments that are made give a return of very little more than the interest of 4% paid out to holders of savings deposits in the banks. For instance the high type of bonds that two years ago brought 5 1/2%, 6, and 6 1/2% now bring no more than 4, 4 1/4, and 4 1/2% to the banks and the banks investing in these safe bonds at low rates are surely not receiving adequate returns conducive to profit making in fact after the administration and the negotiation of these loans, there is little left in the way of profits.

The local banks also carry large reserve funds in the larger banking institutions of the nation. Two years ago these reserve accounts on daily balances brought 1 1/2 to 2%. Today the amount is only one-half of 1%. This was brought about because two years ago the large banks reduced from 8 to 10 per cent on what is termed as "call money," meaning that the banks could have the money paid within the hour even though these loans were secured by the highest type of securities. As we have said these loans brought as high as 10%, and more, however, today there is little call for "call money" because of the economic conditions and naturally the interest rate is way down and by the same token the interest paid by these large banks for money on deposits from these smaller banks has been materially cut.

While the reduction on savings accounts is only one-half per cent if the account is kept on deposit for a year—it is only a policy that is conducive to safe and sane banking and that naturally is the first step to those who have savings in these institutions. "Safety first" is the watchword of local banking and is as essential as it is in our commercial and industrial life.

The leading banks of the nation have already adopted this conservative policy. The Holland banks were slow and very reluctant to adopt it. However with most banks in Michigan and in other states inaugurating these plans as a conservative bank measure there was nothing else for the banking institutions of lower Ottawa to do but to join in at the last moment to be on a par in a business way with the vast majority of the banking houses in the state and nation.

R. E. Reichert, Michigan State bank commissioner, endorses the action of the local banks in the following words:

"We feel that the change which you have determined to make is based upon good judgment and sound banking principles, as the condition of the security market at the present time and for some time in the past has been such as to render reduction in interest rate most essential. The action which you are taking is unquestionably in accord with safe and sound banking."

The banks of lower Ottawa county have been powerful factors in the development of their communities because of their soundness and readiness to meet every requirement of their customers. Depositors who in the past have appreciated the sense of security which the strength of these institutions gave them will readily agree to this change so unquestionably in line with sound banking.

A very complete announcement giving all the details will be found on page 3, section 1, of this issue. It would be well for all Holland City News readers to read this announcement over very carefully and remember this step has been taken to bring added strength to seven of the strongest banking institutions in Western Michigan. These are the First State Bank, the Holland City State Bank and the Peoples State Bank of Holland, the Zeeland State Bank and the Commercial State Bank of Zeeland, the Jamestown State Bank and the Hudsonville State Bank.

DIMNENT GIVEN PLACE ON THE SEMINARY BOARD

Dr. Edward D. Dimnent, former president of Hope College, has been elected treasurer of the board of trustees of Western Theological seminary to succeed Rev. S. C. Nettings, president of the institution. Dimnent recently was elected member of the Board of General Synod of the Reformed Church in America to fill the vacancy caused by the death of Gerrit J. Diekema. Diekema was president of the board at the time of his death. Rev. E. J. Blekkink of Holland is vice-president.

Other members are: Rev. S. C. Nettings, A. H. Meyer, of Holland; John N. Trompen and Cornelius Dosker of Grand Rapids and Henry E. Langeland of Muskegon.

YOUNGSTER OF 10 SWIMS THE RIVER

Bobby Hoek, 10 years old, son of Dr. and Mrs. E. J. Hoek, of Grand Haven, swam across Grand river and back for the first time Tuesday. The parents of the little fellow were formerly from Holland.

Bank Vigilantes At Hamilton Taken For Bank Robbers

Last Wednesday Hamilton folks enjoyed some real excitement. A car filled with men carrying guns breezed up to the Hamilton bank. Two of them rushed into the bank while the others remained in the car holding their weapons ready for use. The otherwise calm Hamilton folk stopped and wondered and then thought of a bank hold-up. They were not cowards, judging from the instant response and the gathering of a crowd.

Within a short time the men in the bank were covered. Just then, to the surprise of the Hamiltonians and the armed men alike, Cashier Brower rushed out when he saw the danger of what a misunderstanding might bring, announcing that the men were not robbers, but "peaceful vigilantes" from Zeeland who were following a "hot tip" reported to them that the bandits who robbed the Buchanan Bank were passing through Hamilton.

Was there a "cheap feeling" all around? We say there was. But then "it is better to be safe than sorry."

SUPERVISORS, DEAD AND LIVING, INVITED TO PICNIC

All supervisors of Allegan county, living and those politically dead, have an "eat" affixed to their names and are invited to 5th annual picnic to be given at the Allegan County Park on Lake Michigan on Saturday, August 15th. Not alone are the supervisors invited but county officers and deputies and county employees past and present, together with their families. It will be found that all of them will be very much alive when they sit down to that picnic dinner.

Vida Congdon Maskey, the secretary, is sending out the invitations.

RADIO FEATURES ZEELAND, NEWSPAPER MAN WILL TELL ITS STORY

Zeeland Record—As has been the custom of Swift & Co. to provide goodwill talks over Radio Station WLS for the past several months, featuring the several towns in the states nearby Chicago, it has fallen Zeeland's lot to speak over the air on Monday, August 10 at 12:30 o'clock at noon, Central Standard Time.

For this purpose your editor, Mr. A. Van Koeveing has been chosen to discuss the topic, "Zeeland." There is a great deal that can be said about Zeeland, much more than can be brought out in the ten or fifteen minutes allotted for the purpose, but it is the intention to touch only on the main features so the whole subject may receive some consideration.

TRUCK DRIVER BURNED TO DEATH AT COOPERSVILLE

George Kroeze, 25, of R.F.D. No. 7, Muskegon, was found burned to death in a J. H. Kroeze & Son truck on U. S. 16 near Denison, shortly after 3 a. m. Thursday. It is believed he was on his way to the early wholesale market in Grand Rapids.

It is believed the driver fell asleep, went to the road and crashed into a tree. The engine apparently was thrown back against the driver and the car burst into flames, burning the man to a crisp before passersby could offer assistance. The body was taken to Coopersville.

APPLE PROSPECTS AT FENNVILLE NOT GOOD

Fennville, Aug. 6—Apple prospects here are less favorable than conditions earlier in the season indicated, growers report. Most early varieties are small in size owing to dry weather. Worms are said to be injuring late varieties.

Early pairs are being harvested and the quality is excellent.

Zeeland Directs Business To Its Main Street

Zeeland Main Street formerly was M-21, but now that this road has been relocated to an out-of-the-way street, the main stream of travel has left main street and toward business men want to tell them where Main Street is to be found.

The merchants organization has now placed a sign at the junction of the old and the new pavements at the old brickyard that will do much toward bringing a good share of the traffic over Main Street at Zeeland.

The sign is placed in the fork at the east end of the junction, and reads "Zeeland," "Business District," and an arrow indicates the direction. The sign is made of heavy steel, supported by two three-inch iron posts, all painted black with white lettering nine inches high, and six feet above the ground. For night visibility the letters are set with the latest type of reflectors that are distinctly visible for a distance of three hundred feet.

Former Holland Folks Travel Thru Europe

SEE MANY MEN OF NOTE;
CHAT PLEASANTLY WITH
SIR RAMSEY MAC
DONALD

Have Tea With the Astors; Also
Visit Dickens' House; Grand-
daughter Shows Them About

Mrs. Anna Van Drezer and family, 123 East 10th street, have received some very interesting letters from Rev. and Mrs. Ben Bush of Detroit, who are traveling through Europe with a large party. They are traveling with Dr. Sherwood Eddy, the party seminar having left New York on June 20, and are to return to this country early in September.

The party has been doing London and all the places of interest on the British Isles and the last heard of, they were on their way to Rome to call on Mussolini and will also visit Switzerland, Netherlands and other interesting countries of the old world.

In letters to her mother and sister, Maud, Mrs. Bush, in a most interesting manner, describes the trip as far as the party has gone. She says when the boat was docked, there was a train waiting to take them to London, where they were given excellent hotel accommodations, not over a block from the British Museum.

Excerpts from Mrs. Bush's letters follow:

London, June 30, 1931.
Dear Mother and Maude:
"We seem to be too busy to write letters so I am going to ask you to share this with the rest of the family."

"Well, where shall I begin? We landed Saturday morning at one o'clock rather—we were so long in getting off the boat. A train was waiting and took us directly to the hotel. It is very quiet and only a square away from the museum."

"Sunday Ben and I heard the famous Dr. Orchard, who believes in a church that will appeal to all types of people. His morning service is very high church—the evening service very popular. They form a procession and sing outside the church."

"In the afternoon we went to Hyde Park to hear people speak. You know they can rent a stand for a few shillings and hold forth on any subject in the world. America could learn a lesson from England. These radicals let off a lot of steam there and save the government a great deal of trouble elsewhere."

"At 6:30 we attended Maude Royden's service at Guild House. It was a most unique and interesting service. She believes every religious beautiful and lovely is religious. Anyone with a great ideal can speak in her church—she permits no opportunist but welcomes artists, writers, all who come with fine ideals. She preached that night on Looover's proposal for a year's moratorium. She tried to make her British audience see America's side and to understand it was a gesture of good will and to accept it. She was kinder to America than we deserved."

"Monday we hurried from the meeting to Waterloo Station to take a train to Wimbledon. Of course we had no tickets, but we took a chance. Finally after wandering around for some time, Ben saw Borotra and Satoh and Shields and Austin. I saw Woods beat Hughes; Cochet and Mrs. Whittingstall beat Pankster and Miss Slattery and Perry beat Van Ryn. We stood from 2:00 o'clock until 5:15 and were nearly dead, but it was worth it for between us we saw the big matches. It was a wonderful sight, seeing that great crowd at Wimbledon."

"Well, this morning we heard H. N. Brailford on "Debt," a masterly address. Later Mr. Robert Boothby, a member of the Conservative party spoke on the principles and plans of the Conservative party."

"We hurried home to lunch and dress for tea on the House of Commons terrace. We met at the House of Commons and were admitted and taken to the terrace which overlooks the river Thames. There we sat at small tables and drank tea and ate sandwiches and cakes."

"Did Ben tell you that the committee was appointed that was to officially represent the group on special occasions, I happened to be chosen? There are five members, four men and one woman. The committee consists of Dr. Gilkey; Dr. Chang (China); a Mr. Lupton from Cincinnati; a Mr. Harris, a peace man and myself. Well, as a result of that distinction, we gathered at the first table, plus Mrs. Chang, Mrs. Gilkey and Ben, to meet Mr. and Mrs. Arthur Henderson. Mr. Henderson is Minister of Foreign Affairs and probably the most important man in the Labor government. Dr. and Mrs. Eddy were also in the group. I couldn't help meditating as I looked at London Bridge, the Thames and Lambeth Palace beyond, what a strange world this was; that I should be meeting and drinking tea with such important personages. It made me very humble."

"As we sat at tea, Sir Ramsey MacDonald came out to greet us. Other distinguished persons scattered by—Lord Astor and others. Later we were taken to an anteroom where we heard three very important people, first, Mr. Dalton, assistant to the Minister of Foreign Affairs; then Mr. Lees-Smith, Minister of Education and last of all, Mr. Morrison, Minister of Transport. Each speaker we have heard has permitted and invited questions and discussions. It is all very stimulating and inspiring."

"Oh yes, before I say good night I must tell you we slipped into the House of Commons before leaving and spent two hours there. The attendant was very good to us and

FIFTY YEARS AGO TODAY

The treaty between Great Britain and the Boers in South Africa was signed Saturday, last, at Pretoria. Note: Later followed the "great Boer War," in which Paul Kruger, the president of Transvaal played an important part and now the Transvaal in question is rather "up" about this war and it cut considerable figure in a local political battle which had nothing in common with the fight in Africa. And how those Boer agents flocked to this city to get money to fight their war and how we gave it; and how they spent it!

Harry French, of the schooner Norma, caught a muskungee on his way swimming between the Holland harbor piers. The fish weighed 36 1/2 pounds and measured 49 inches. French speared the big fish with a pike-pole.

JAMESTOWN YOUTH EMPLOYED HOAX TO HIDE HIS MISDEED

Afraid to tell his parents the truth of an automobile experience, Henry Kundle of Jamestown aroused his parents, officers, and a posse of farmers, who armed with guns and pitchforks, beat the woods for two strange men, who the boy declared had threatened to kill him.

Jack Spangler, of Grand Haven, deputy from the sheriff's office, is said to use his head instead of his heels and, taking the 10-year-old lad aside, got the story from him that soon called in the irate neighbors and parents.

It seems the boy had taken his father's car, while his parents were in the field threshing, and it got away from him, in fact so badly that he ditched the car and wrecked it.

Afraid to tell the real story he ran to his parents, saying two strange men had come up to his home threatening to kill him and taking the car, which in their efforts to make a quick get-away, he said, was ditched. The boy told the officers the men had disappeared into the woods.

HOLLAND PASTOR RESIGNS TO TAKE SUPERINTEND- ENCY OF INSTITUTION

Rev. John C. Willitts will sever his relationship as pastor of First Methodist church at the close of the conference year this month, to take the superintendency of Clark Memorial home, Grand Rapids. He came to Holland five years ago.

Mr. Willitts began his ministerial career in the Iowa conference. His Michigan pastorate included First church, Grand Rapids, Lansing and Holland. He also served a church at Decatur, Ill., and as district superintendent at Okaloosa, Ia., and Niles. Holland will regret the going of Rev. Willitts, for not only has he been a power for good religiously, but he has occupied a strong position as a civic worker.

On the farm of E. E. Brunson in Ganges township, Allegan county, is a row of 50 pear trees along the highway which were set out 30 years ago. The trees have been bearing since they were 7 years old, and there has not been a total crop failure in 23 years. One year 275 bushels were picked from the trees and they sold for \$1 per bushel. Brunson says the trees used to pay the taxes on his farm, but not in late years.

HAMILTON GROCER IS TOO ACCOMMODATING—OUT GASOLINE

Henry Nyenhuis, a grocer, of Hamilton, is a benevolent and an accommodating person, but these fine attributes worked only harm to him and he will be a little more "stiff in the bit" with strangers from now on.

Two "young snipes" from Ohio rolled up to his gasoline pumps at the northside grocery, ordered 7 gallons of "gas." "Oh yes," said one, "have you any cigarettes?" Mr. Nyenhuis obligingly hurried back into the store, but the boys "stepped on the gas" and sped out of Hamilton at a 60 mile clip leaving the gas bill unpaid. Nyenhuis and a party of friends gave chase and lost them somewhere near Caledonia. Henry takes comfort in the fact that the gas thieves had little of their 7 gallons left after that chase.

NEW RECTORY FOR CATHOLIC CHURCH IN NORTH OTTAWA

Gifts Make Possible Building of
New Priest's Home at
Spring Lake

Ground is being broken for the handsome new building which will serve as a rectory for St. Mary's parish of Spring Lake. The edifice will be of brick and tile to correspond with the church building and will be 36 by 39 feet and two stories.

There will be nine rooms, including a living room, dining room, a kitchen, office on the first floor and bedrooms and baths on the second. Housekeepers quarters are included in the arrangement. The entire cost is estimated at \$12,000 which will provide for handsome interior and stable construction all the way through. The living room will have an attractive fireplace.

The heating contracts have not been let yet, said Fr. Joseph Karas, but will include a hot water plant with an oil burner. The building will be completed by Dec. 15. The construction work is being done by Fred Gietzen of Grand Rapids.

The rectory will be 26 feet east of the church. It is to be entirely separate and provides only for the living quarters of the priest. Rev. Joseph Karas, the full time priest has been making his home with Fr. Hyland in Grand Haven.

The building is made possible by anonymous gifts of \$10,600 and the balance will be made up by the parish includes about 65 families. In the summer two masses are necessary to accommodate the numbers increased greatly through the summer residents.

Sufficient ground is owned by the parish to allow for expansion for some time. In the future it may be possible to erect a school there, said Rev. Hyland.

Mr. and Mrs. Henry De Vries, West 15th St., Holland, have been guests of Mr. and Mrs. Albert C. Keppel at Tennessee Beach.

Work to Get Larger Oval Has Been Started

COMMITTEE WILL GO TO LAN-
SING TO TAKE MATTER UP
WITH CONSERVATION
DEPARTMENT

Representatives of the Holland City News have had considerable to do with starting the oval project at Ottawa Beach six years ago, at a time when there was much opposition. Today the project is condemned by no one, but rather there is an urge for a larger oval since this breathing spot, especially during the evening, is stamped rather than congested.

In an article about a month ago the Holland City News pointed out where more parking spaces could be made, showing that the park still had 200 feet to the east and 300 feet to the north and a long open space on the beach side that could be utilized very profitably so that 500 more cars could be accommodated.

Anytime the state press since that time has chronicled all the facts and the authorities at Lansing are fully aware of the needs at the oval.

At a meeting held at the Chamber of Commerce rooms attended by Chairman Dick Beter, Secretary Charles Gross, and a committee consisting of John Van Tatenhove, Andrew Klomprens, Mayor Brooks, Austin Harrington, and Ben Mulder, it was decided to go to Lansing within the next two weeks and take this matter up with the proper departments in order that an early start may be made for these extensive improvements so that these may be completed before the resort season opens next year. Some idea may be had of the activities at the state park at Ottawa Beach from the following compiled figures. These would be augmented largely if the general impression had not gone out, which is true, that at certain times of the day the congestion at the oval is so tremendous that the getting in makes it far from a place of "breathing spells."

Anytime here are some figures that may prove enlightening relative to Ottawa Beach state park. Exactly 2885 campers so far this season up to July 31, 1931. Approximately 1,000 campers permits have been issued. 631,712 visitors in park in 1929. 2,353 campers in park in 1929. 698,150 visitors in park in 1930. 3,819 campers in park in 1930.

Year of 1931 the amount of campers this year so far is almost the same as in 1930.

The number of visitors has already exceeded the total amount of last year.

June 30th and July 1st had approximately 750 cars parked in 406 parking places, some had to be turned away.

July 16 and 17 about 775 cars parked in 406 parking places, and still some had to be turned away. 144 camps in the park on July 4th.

The week of the 4th of July had about 70,000 visitors.

On the 4th of July 2,500 cars entered the gates consisting of about 13,000 people for the day, and only 406 parking places to accommodate them.

The week beginning with the 12th had about 65,000 visitors. There has not been one week since the first of June with less than 50,000 visitors. If there were twice as many parking places they would be filled most of the time.

WANT MORE OVAL AND MORE PARKING SPACE

The Honorable Mayor and Common Council of the City of Holland, Gentlemen:

WHEREAS, the oval at Holland State Park is attracting increasingly large crowds and it is impossible to find parking space most of the time and many foreign as well as local visitors are kept away because there isn't room to park their cars and the roadway has become so congested by reason of the large volume of traffic that it is almost impossible to drive around the present oval, therefore,

RESOLVED, that the State Conservation Department be respectfully requested to make provision for accommodating the visitors to this park by enlarging the concrete driveways and parkways before another year.

Respectfully submitted,
Ald. Jonkman,
Ald. Brivee,
Carried by Common Council.

OTTAWA RURAL TEACHERS TO HAVE AN OUTING

The Ottawa County Alumni and students of Western State Teachers College will have an outing at Tunnel Park (located one-half mile south of the Getz farm) August 11 at 7 o'clock.

Mr. Cooper, secretary of the Alumni association and a committee are sponsoring a movement towards a county organization.

As this is the first outing of such an undertaking let us all attend and make it a success. Wives, husbands, and friends are cordially invited.

I you plan to attend this meeting please notify Mr. Gerrit Kramer, Holland, Michigan, Gen. Del.

TO SPEAK ON "THE UNPARDONABLE SIN"

Rev. J. Laning, pastor of the Immanuel Church will speak next Sunday evening on the topic, "The Unpardonable Sin or The Sin Against the Holy Ghost." This subject has caused a great deal of worry and sorrow because it is not understood in the light of Scripture by many dear people. Mr. Laning will speak on this subject Sunday evening. This will be very helpful and interesting, you are invited to come and bring your Bible.

WHILE MINISTER VISITS HOL- LAND HIS HOME IN THE WEST IS ROBBED OF VALUABLE RELICS

Rev. Lambert Hekhuis, of Wichita, Kan. who motored to Holland with his family for a vacation, was advised that his home had been entered and robbed. He was on the point of going back home when a second wire stated that the robbers had been caught and that the goods had been recovered, which amounted to considerable.

Among the articles taken were many relics from India gathered when Mr. Hekhuis was a missionary there. These were valuable curios and the collection is still intact since the stolen goods have been replaced. Rev. G. J. Hekhuis, of Grandville, is the father of Rev. Lambert Hekhuis. The family lived for many years at Overisel and the mother was a sister to Postmaster Westover, of Holland.

COUNCIL PASSES RESOLUTIONS PRAISING LOCAL POLICE

We believe that the work of the Holland Police Department, in connection with the recent Hudsonville Bank robbery case, showed conclusively to all of our citizens that our Police department, man for man, is an energetic, hard-working, and efficient police force. THEREFORE, be it resolved that we consider it to be our duty, and we take pleasure in publicly commending them for the splendid results which their tireless efforts obtained in solving this case and bringing before the bar of justice these criminals, thus adding to the peace and security of our community.

Ald. Prins supported by Ald. Kleis asked the adoption of this resolution. Carried unanimously by the Common Council.

The board of police and fire commissioners Monday evening adopted a resolution commending the activities of the police department in its speedy apprehension of the bandits that held up the Hudsonville bank. Confessions of two men were obtained within two days of the robbery and pleas of guilty followed within two more days.

Knoll Maintains Innocence In Bank Robbery

BOND GUARANTEE HAS BEEN
INCREASED IN HIS CASE TO
\$20,000 DOUBLE THE
AMOUNT OF THE
BOND

Principals in the Holdup Are Lan-
guishing in County Jail—
Knoll Is Released

There is very little new that can be given in the bank robbery at Hudsonville than already given by the Holland City News, other than the fact that the confessions of Kraai and of Peters, the two who really did the robbing of the Hudsonville bank, implicate Leonard D. Knoll, meat proprietor, whom Kraai contends loaned his tan Whippet car used in robbing the bank a week ago Tuesday and Henry Kraai confesses that Knoll was paid \$500 for the use of the car.

Knoll repudiates the statements of both Kraai and Peters and states further that his acquaintance with Willis Gillette went no farther than the selling to him and his wife of groceries and meats used in Gillette's roadside stand on West 17th street. Knoll spent two days in the county jail while bonds were being secured. The bond was first placed at \$10,000 but the sureties were not considered adequate and the bond was raised to \$20,000 which several bondsmen signed, securing his release. In reality the bond is for \$10,000 but the sureties pledge for \$20,000 double the amount as a matter of safety.

Knoll, who was in the meat business on East Eighth street when he got into difficulties, voluntarily entered an enterprise over to trustees for the benefit of his creditors, according to his attorney, Carl Hoffman, the Standard Grocery Co. taking charge.

Knoll, when arrested seemed to be a most surprised man. He stated that if his car was used it was taken away from the store without his knowledge and returned in the same way. Often he does not use the car for a half day and pays very little attention to it until he wants to use it. Knoll had no objection to having his photograph taken but since he was minus a tie he asked one of the newspaper men present for the loan of his so he, Knoll, could look presentable.

Knoll was very much agitated over the matter of being arrested, stating that he had been in business for thirty years and ever since he was 22 years old. He stated that he had been in Holland most of the time with the exception of two years in Denver, Colorado, and this is the first time he had ever been in trouble.

In an interview, Mr. Knoll stated that when Gillette had a lunch stand in my end of the city he bought provisions from me every day. Since he's gone over to the other end of town he doesn't come in quite so much, although he stops as often as a week and sometimes three times a week to buy meat and groceries.

"All I can say is, he never offered me any money to let him use my car, and I never accepted any from anybody. In fact, the subject was never broached."

Atty. Hoffman then stated his client could talk no more at present. When asked if Knoll had given anybody permission to use the Whippet sedan the day of the hold-up, Atty. Hoffman said that would come out in the trial.

Then the lawyer vehemently protested, "Why, he didn't even know it was gone, or that it had been returned, as they claim was the case. He was so busy in his store he

Business is Better

Perhaps the most encouraging
sign of better business—though it
is one seldom mentioned by finan-
cial experts—is the return of fake
stock promoters.

Some of these gentlemen are
always with us, but in recent weeks
they have been coming back in
larger numbers.

There is no better indication that
"conditions are fundamentally
sound" than the fact that money is
available again for investment in
unsound securities.

Stock swindlers have had their
troubles in the last year or two.
Many of the principal operators
were driven to cover, hundreds of
thousands of dollars were recovered
for victims, and stock swindling
became a distinctly unprofitable
enterprise.

Now, however, the more credu-
lous part of the public is forgetting
the lesson it just learned, and the
swindler is coming back to reap
another harvest.

This will be a sad Summer for
people foolish enough to invest be-
fore they investigate—and there
are plenty of them. But every
cloud has a silver lining.

With the suckers coming out to
be sheared, it is a sure sign that
we are getting back to normal. The
ups and downs of swindling corre-
spond to the ups and downs of
legitimate business, and just now
the trend is up.

HOW LINCOLN MET CRITICISM

Don't become too excited or
troubled over the apparent chaotic
conditions as evidenced by our
friends—the American people. We
recall for the moment President
Lincoln's reply to some gentlemen
from the west, who called on him
in protest of some shortsightedness
of the government. Mr. Lincoln
heard them patiently and then re-
plied, "Gentlemen, suppose all the
property you were worth was in
gold, and you have put it in the
hands of Blondin to carry across
Niagara river on a rope; would you
shake the cable or keep shouting to
him, 'Blondin, stand up a little
straighter; go a little faster; lean
a little more to the north; turn
a little more to the south?' No, you
would hold your breath as well as
your tongue and keep your hands
off until he was safely over."

The people of our wealthy coun-
try are now carrying an immense
weight. They are all doing the very
best they can. Let's you and I, too,
take a part and help relieve this
oppressive load. Have faith—keep
silent—and we'll all get across safe-
ly.—Angles of Business (Chicago).

Burial Flags Can Now Be Obtained From Uncle Sam

A change in the distribution of
burial flags for war veterans of
this country has been made, where-
by the flags used in connection with
the burial service of comrades are
to be distributed by county seat
postoffices. The arrangements were
completed by the veterans admin-
istration and report section 201 of
the World War Veterans' act, 1924
as amended by section 12 of the
act of July 3, 1930.

The law reads: "Where a veteran
of any war, including those women
who served as army nurses under
contracts between April 21, 1898
and Feb. 2, 1901, who was not dis-
honorably discharged, dies after
discharge or resignation from the
service, the director shall furnish a
flag to drape the casket of such
veteran and afterwards to be given
to the next kin regardless of the
cause of death of such veteran."

The flags are five by 9 1/2 feet
and may be secured at any county
seat postoffice, U.S. veterans hos-
pital regional office, national home
or other field station of the vet-
eran's administration.

When a veteran entitled to a flag
dies under circumstances where the
flag cannot be furnished, as set
forth above, in time for the funeral,
a suitable flag for draping the cas-
ket may be privately purchased
and the Veterans' Administration
will later make reimbursement for
the cost.

Postmaster Ed Westveer of Hol-
land and Grand Haven Postmaster,
G. L. Olsen will soon have supplies
of burial flags which, according to
a recent act of congress, are to be
supplied the kin of any veteran of
the armies of the United States, or
war nurse, who dies from any
cause. The discharge certificate of
the deceased veteran and absolute
proof of his military service will
be needed before flags can be se-
cured, according to George C.
Borck, service officer of Sherman S.
Dickinson Post of the United Span-
ish American War Veterans and
Commander Geo. Moomey of the
Holland Post.

MRS. REKA VAN DOORNE PASSES AWAY AFTER ILL- NESS OF FOUR YEARS

Mrs. Reka Van Doorne, aged 60,
wife of Marinus Van Doorne, Grand
Haven carpenter, passed away at
her home at 66 Pennoyer ave., on
Tuesday. She had been ill for about
four years, critically so during the
past six months.

The deceased had a host of
friends and relatives in Grand Ha-
ven and Holland, was a devout
member of the First Reformed
church and a very active member of
the Ladies' Aid society, Ladies'
Missionary society and Ladies Star
Adult Bible Class of that church.
She was also a member of the W. C.
T. U.

Mrs. Van Doorne was born in the
Netherlands July 12, 1871, and
came to this country when but 10
years of age. Besides her husband
she is survived by two sons and two
daughters, one sister and four
brothers and two grandchildren:
Cornelius Van Doorne, Arthur Van
Doorne, Mrs. Clyde Sands, Mrs. Joe
Kammeraad, Mrs. Emma Bronsema,
Klaus Lamon of Grand Haven; Tom
Laman of Holland and Lewis and
Peter Laman of Muskegon.

Funeral services will be held this
Friday afternoon from the home at
two o'clock and from the First Re-
formed church at 2:30 o'clock. Rev.
Henry Schipper will officiate. Bur-
ial will be held in Lake Forest cem-
etery.

OLD ZEELAND BOOK SELELR DEIS AT DENVER, COLORADO

Isaac Ver Lee, a former resident
of Zeeland, passed away at his
home in Denver, Colorado, very sud-
denly following a stroke of ap-
oplexy, Tuesday, July 28, having at-
tained the age of seventy-three
years.

Mr. Ver Lee was prominently af-
filiated with the First Christian Re-
formed church while at Zeeland and
upon moving to Denver he became
connected with Bethesda Sanatori-
um serving as its treasurer for many
years.

Mr. Ver Lee for many years was
a business man at Zeeland. Forty
years ago he conducted a photo-
graph gallery, later owning a jew-
elry store, insurance, book and
stationery business which he sold
to John Mulder 23 years ago.
The funeral services were held at
Denver on Friday, the Rev. I. Van
Dellen officiating, and burial was
also made at Denver.
He is survived by his widow, one
daughter and four sons. The chil-
dren are: Mrs. Allen Redeker, John
Ver Lee, Arnold Ver Lee, Ruther-
ford VerLee, and Earl Ver Lee, all
of Denver. He also leaves two sis-
ters, Mrs. H. L. Brill and Mrs. J.
Slenk, both of Holland; and two
brothers, Abraham Ver Lee of
Graafschap and Peter Ver Lee of
Zeeland.

Word was received in Holland of
the birth of a son to Mr. and Mrs.
Lawrence of Benton Harbor at the
Mercy hospital in Benton Harbor,
on August 4. The child has been
named Robert Cress Lawrence.
Mrs. Lawrence was formerly Miss
Marguerite Essenburgh of this city.

The car of Leonard Eilander of
Holland roared in on East Eighth
street Tuesday evening. Henry
Slenk of 109 West Twenty-sixth St.,
attempted to pass Eilander when the
crash occurred.

SHERIFF STEKETEE HAS MUCH PRAISE FOR LAW ENFORCERS IN COUNTY

Grand Haven Tribune—Expressing
his appreciation and praise for
the remarkable cooperation given
him by the different agencies of
crime detection in Ottawa county,
Sheriff Cornelius Steketee com-
mends the law enforcers of this
county, particularly the Holland
police department, in its solving of
the Hudsonville bank robbery case.

Sheriff Steketee said yesterday
that it is with this brand of co-op-
eration and good will shown in this
particular case that will help this
county in being immune from crime.
It was the best example of "work-
ing together" ever put forth in the
county and was "get them" rather
than "who gets them?"

Every police officer in the county
is a deputy sheriff and are unlim-
ited in their activities. The sheriff
as an officer of the Holland police
force for twenty years, saw the
need of having them deputized. He
has a warm place in his heart for
the old force and, when working
with them on the case, "experienced
the old thrill of being back on the
job with the boys."

GRAND HAVEN CHURCH RAISES MUCH MONEY IN FEW MINUTES

Members of the First Reformed
church, Grand Haven, raised \$750
within a few minutes at an "in-
gathering" meeting which was held
at the church on Wednesday eve-
ning. The money will be used
within the church.

Entertainment was provided by
the Sunday school orchestra and
the Men's double quartette. Miss
Janet Van Zuiden spoke and Mrs.
Chris Westhof gave a reading. Re-
marks were also made by the pas-
tor, Henry Schipper.

A social time was enjoyed by the
200 parishioners present.

The West Michigan State fair,
for the first time since 1902, will
not be held this year, it was an-
nounced recently. The fact that
the fair association owns \$150,000,
with no immediate prospect of
making up deficit, was given as
reason for the action. An un-
successful effort was made at the
last session of the legislature to
have the state take over the fair.

MAY HUNT WITH BOW AND ARROW SOON, SOME HUNTERS BELIEVE

The bow and arrow, first weapon
to be used on big game in Amer-
ica, is seen by officials of the Amer-
ican Game Association as coming
back into its own—this time not
in the hands of primitive hunters
but of modern sportsmen delib-
erately seeking greater handicaps
in their sport. Pennsylvania and New
Hampshire legislatures recently le-
galized hunting with the bow.
These were among the big game
states which have prohibited its use
on the ground that it would main-
tain too much game without bring-
ing it down.

Today, however, sportsmen de-
sciples of Art Young, professional
archer, noted for his hunting ex-
cursions with the bow into every part
of the world, are said to be highly
skilled. Such leading sportsmen as
Aldo Leopold, well known investi-
gator of game conditions, and Lynn
G. Adams, superintendent of the
crack state police force of Pennsylv-
ania, now hunt with the bow and
claim that since archers, to get
their quarry, must stalk with great-
er skill and place their shots with
more care, they run even less risk
of maiming game than do the aver-
age gun-toters.

GRAND HAVEN GIRL DIPHTHERIA VICTIM

June Carmen Cook, three years
old, daughter of Mr. and Mrs. Loren
Cook, Grand Haven, passed away
Sunday at the home of the parents
on Park street from diphtheria.
Surviving, besides the parents, is a
brother, Loren Jr., 18 months old,
and the grandparents, Mr. and Mrs.
Albert Cook of Grand Haven and
Gustave Schurelke, Grand Rapids.
Private funeral services were held
Tuesday from the home at 4:30 p.
m. and burial was in Lake Forest
cemetery.

Road Officials Would Do Away With Bad Turn

**BELIEVES TURN ON US-31
NEAR STONE SCHOOL
HOUSE CAUSE OF
MANY ACCIDENTS**

Frequent accidents on US-31 at
the turn near the Stone school
house between Grand Haven and
Agnew have caused the Ottawa
county road officials much concern
and an appreciation of the fact
that something must be done to
remedy the construction of the
curve before the winter comes,
when driving is particularly dan-
gerous at this point.

In a recent conversation with
G. C. Dillman, state highway com-
missioner, William Connelly of the
Ottawa county road commission,
discussed the possibility of increas-
ing the width of US-31 from Grand
Haven to Holland to 40 feet. The
need is particularly felt by motor-
ists coming off of M-50 as 31 is
only 16 feet wide, one of the first
pavements laid in this section.

Asked as to the advisability of
revamping the old road of relocat-
ing it nearer the lake shore, Mr.
Connelly stated there were
several reasons in his opinion why
he favors relocation. Among them
were that it would give this sec-
tion two roads; this distance would
be no greater; it would tap the re-
sorts along Lake Michigan that
have been developing during the
past several years; that a new
road with present day specifica-
tions would be a much greater im-
provement than the present road
widened.

The curve at the Stone school was
also a subject for the commissioner.
There is no super elevation at
that point, and many serious ac-
cidents have occurred there. A
sharp turn, with ditches on either
side and an incoming gravel road,
make it a hazard for motorists.

Mr. Connelly stated today that
if the state did not take action
soon, the local commission would
do something to improve it.

According to the five-year road
program the route is in line for
improvement. US-31 is one of the
heavily travelled roads in the state.
The narrow 16-foot highway is
hazardous and many believe a bar
to more travel in western Michi-
gan. Recent state checks have been
made on the highway and the pros-
pective road between Holland and
Grand Haven on both 31 and the
lake shore road, and improvement
may come within a few months.

ACROSS LAKE MICHIGAN IS NO JAUNT FOR BIG RAINFOWS

A swim across Lake Michigan
doesn't offer many obstacles to a
rainbow trout. In fact, according to
the department of conservation,
such a trip is rather ordinary.
The institute for fisheries re-
search of the department has re-
ported that a trout tagged by
Smith brothers, commercial fisher-
men at Port Washington, Wis., July
13, 1930, was recently caught at
Junction dam on the Manistee
river. It also reported that a rain-
bow trout tagged at Junction dam
was later caught by Richard Lade
and son three miles north of Mani-
stow, Wis.

There seems to be proof, accord-
ing to the institute, that rainbow
trout (steelheads) which live as
adults on the Wisconsin side of the
lake, use the Manistee river in Michi-
gan for spawning purposes.

NATIONAL WEALTH BUT—

The national wealth of the
United States increased from \$186-
300,000,000 in 1912, to \$320,800-
000,000 in 1922 and \$360,100,000,000
in 1928, according to figures pub-
lished by the National Industrial
Conference Board. Per capita
wealth in 1928 amounted to \$3,000
for the country as a whole.

HOLLAND AMERICAN LEGION GIVES REPORT ON 4TH OF JULY CELEBRATION

Regular meeting of the Willard
G. Leenhouts Post of the American
Legion was held last night under
auspices more conducive to comfort
during hot weather. Comrade Ben
Lievense played host to the bunch
at the "House in the Woods" on the
shores of Lake Michigan. On ar-
rival at the lake the comrades hid
into the water for an hour's sport.
Returning to the club house a busi-
ness session was held. Finance Of-
ficer Henry Cook at that time re-
leased figures on the outcome of the
July 4th celebration. Gross re-
ceipts amounted to \$2980.82; mds-
on hand \$259.40. A total of \$3240-
22. Total disbursements were
\$3602.61, making a loss of \$363.30.
The report was accepted as very
satisfactory by the members of the
post. In view of the fact that sever-
al local citizens in all walks of life
possible the membership of the
club expressed a desire to have the
above figures published in the local
newspapers. The Legion post staged
the celebration for community en-
tertainment with no expectation of
making a profit. Although a loss
was not anticipated the post feels
that their efforts were not in vain
and a stronger spirit of patriotism
was instilled into the hearts of the
younger folks because of this dem-
onstration.

Michigan Claims Only One Poisonous Snake

The little swamp rattler, or mas-
sasauga, commonly called a "saug-
er," is the only poisonous snake
found in Michigan, according to Dr.
Alexander G. Ruthven, president
of the University of Michigan, who
has not lost his interest in reptiles
even though he has deserted the
field of scientific research for the
duties of a university president. Dr.
Ruthven says that most Michigan
snakes are quite harmless, and even
helpful to man. He has never been
bitten by a rattlesnake and doesn't
want to be, but he claims to have
been bitten by other snakes hun-
dreds of times and that none of the
bites amounted to more than mere
scratches.

The blue racer, the puff adder,
the green snake, the fox snake,
garter and milk snakes are all clas-
sified by Dr. Ruthven as harmless
Michigan reptiles. "The puff adder
bluffs its enemies by puffing itself
up to a huge size," he says, "but it
does not blow in people's faces, its
breath is not poisonous and it can-
not bite, contrary to the belief of
many."

The dream of a Detroit man,
David Millie McIntosh, collapsed
Friday night. His Alabama planta-
tion and \$200,000 fortune was—
well, a horse of a different color,
which had run away. The fortune
had gone before he had it. With it
went the happy-go-lucky spending
orgy that McIntosh had planned
during the 24 hours he believed
self an heir.

The "heirs" dream vanished in
air when an announcement arrived
late Friday afternoon that the
estate wasn't \$200,000, but \$2,000.
Worse, the money was to be shared
by five persons. And the heaviest
blow was that it wasn't David's
long-lost relative who had died and
left the money. The man who had
left the money was a Marengo
county Negro named David Millie
McIntosh. Somewhere in Detroit is
his son, who has the same name as
the McIntosh herein referred to.
McIntosh was not the only one
tricked by fate. Several thousand
children will moan his loss with
him. The owner of a grocery store
at Michigan and Sharon avenues
likewise, for McIntosh, with a be-
coming generosity, started out to
spend the money as soon as he
learned of the bequest. He planned
a reconciliation with his divorced
wife.

He negotiated with the merchant
for the purchase of the store. The
children had been promised several
truckloads of ice cream, sandwiches
and candy. During a moment of ex-
citement Friday afternoon McIn-
tosh had declared, "When some-
thing wonderful like this happens
you feel like you could correct all
the mistakes of the world."

The mistake in heirs was cor-
rected by George Pegram, the at-
torney handling the estate of the
Alabama Negro.

After 60 years of service for
church and the communities in
which he labored, Rev. G. B. Millar
died at Saugatuck at the age of
82. Mr. Millar was a student at
Northwestern university and was
ordained in the M. E. Rockriver
conference at the age of 21. He
was born of Scotch ancestry in
Cook county Illinois, in 1849. He
worked on a farm and taught
school in early manhood. Coming
to Saugatuck in 1910 he was pastor
of a small church and it was his
idea to have the edifice moved
downtown and enlarged into a mod-
ern church, so with the help of
many influential friends and hard,
unceasing labor the task was com-
pleted, and he retired from active
work about five years ago, with the
church out of debt. It stands today
a monument to his memory. Fu-
neral services were held in the M.
E. church Monday afternoon with
burial in Riverside cemetery. Sur-
viving are his widow, Nellie Ray-
mond Millar, and a daughter, Caro-
line Wicks.

The New Richmond annual home-
coming picnic will be held at the
picnic grounds of that place on Sat-
urday, August 15. The Chase fam-

date at the county park.

Dick Vander Kolk, son of Mr. and Mrs. Henry Vander Kolk, were united in marriage Tuesday afternoon at 2 o'clock in the Maple Avenue Christian Reformed church. Rev. Martin Van Dyke of Grand Rapids, a cousin of the bride, performed the ceremony. Mrs. Martin Van Dyke played the "Bridal Chorus". The bride looked very becoming in a beautiful gown of white tulle and white hat. Her gloves and slippers were also white. She carried a bridal bouquet of rosebuds and sweet peas. Miss Theresa Breen, sister of the bride, was bridesmaid and Clarence Vander Kolk, brother of the bridegroom, acted as best man. Immediately after the ceremony a two-course luncheon was served at the bride's home after which the couple left on an extended trip. They will be at home to their friends at Cedar Springs, after September 15. Mr. Vander Kolk is a teacher in the high school at Cedar Springs.

The State Banking Commissioner endorsed the above action in the following words:

"We feel that the change which you have determined to make is based upon good judgment and sound banking principles, as the condition of the security market at the present time and for some time in the past has been such as to render reduction in interest rate most essential. The action which you are taking is unquestionably in accord with safe and sound banking."

ZEELAND MERCHANT IS WED TO ZEELAND GIRL

A marriage of considerable importance took place at Zeeland last Friday afternoon when Miss Janet Lampen became the bride of Mr. David De Bruyn at the home of Mr. and Mrs. John A. Donia, in the presence of immediate relatives, Rev. Richard J. Van Den Berg, pastor of the Second Reformed Church, performing the ceremony.

Both Mr. and Mrs. De Bruyn are well known and they will make their home in the De Bruyn residence on East Central Ave., Zeeland.

After the marriage ceremony the happy couple immediately left on a short wedding trip after which they will make their home at Zeeland.

Mr. De Bruyn is the manager and principal owner of the De Bruyn Co. department store, formerly the A. Lahuis Co. and Mrs. De Bruyn who is the daughter of the late F. Lampen, has been manager of the millinery department there during the past three years.

CARS FIGURE IN A PECULIAR ACCIDENT

Zeeland Record.—About the most extraordinary accident that has happened on our streets for a long time occurred here Wednesday forenoon, when one car tried to climb atop of another in which it succeeded to some extent.

Ben De Young of Hudsonville, R. R. 2, had his Chrysler sedan parked on the north side of Main street just west of the Elm street intersection. In preparing to drive away it was necessary for him to crank his motor, the starter evidently being out of order. He had more than given it a turn when his car started backing away rapidly and he failed to catch up with it until it had backed into George Kleinjans' Ford sedan as it stood parked near the Wm. De Free hardware and furniture store. For some reason the shift gear was in reverse.

The rear of the Chrysler struck the Ford on the left front door, and the left rear wheel climbing onto the running board, on over the frame between the hood and fender and over the bumper, where it lost traction and it remained suspended on the left front fender of the Ford. De Young had caught his car and was in the act of stopping it when the crash came.

Mr. De Young's Chrysler received a bad body dent and an injured fender, while Mr. Kleinjans' Ford received a badly bent door, a leaky radiator, a damaged lamp, a fender badly cut to pieces, a broken running board and other injury. The damage was covered by insurance.

Chevrolet Sales & Service Has New Manager

The board of directors of the Chevrolet Sales & Service located in spacious quarters on West Seventh street, have selected Alex Barnum as the new manager in the place of C. McCleery, who has been in charge for nearly 2 years. Mr. Barnum has made many friends in Holland, coming to this city about 16 years ago and being connected with the City Garage on the East-end together with Herman Prins. Selling Chevrolets is not new with Mr. Barnum, since the City Garage several years ago introduced that make of car and Mr. Barnum was the first to sell one in Holland.

Mr. Barnum is an able automobile salesman not alone but he understands the mechanical end which cannot help but bring not only efficiency in the management but stands in good stead in the service department as well.

The Chevrolet Sales and Service occupies a large commodious building with spacious show rooms at 8-14 West Seventh street, Holland.

Mr. McCleery and family have moved to Denver, Colorado.

Mr. Olson proposed to patch the holes between 28th and 32nd Sts. at a price of \$20.00 per ton for all mixtures used.

Referred to Street committee.

Reports of Standing Committees. Welfare Committee reported that they had been called upon to aid in the case of Arthur Spychkov who was in a serious condition, and in need of constant care and medical attention. The committee further reported that Mr. and Mrs. Spychkov owned some property on the S. W. corner of Lincoln Ave. and 16th St., that they were willing to turn over to the city at a moderate price if the city would look after Mr. Spychkov.

The committee further reported that since it was an emergency case and needed immediate attention, the matter was taken up jointly with the Ways and Means Committee and a tentative agreement entered into whereby the City agreed to pay Mrs. Spychkov the sum of \$400.00 for her interest in the property and also to care for Mr. Spychkov the remainder of his days.

City Atty instructed to draw up the deed for the transfer of the property and the clerk instructed to issue a voucher to Mrs. Spychkov in the amount of \$400 as tentatively agreed.

The committee on Claims and Accounts reported having examined claims in the sum of \$17,667.50, and recommended payment thereof. (Said claims on file in the Clerk's office.)

SPECIAL ANNOUNCEMENT!

Dr. E. P. Kane, specialist in **Foot Correction**, will be in my office to examine and treat foot troubles on Friday and Saturday, August 7 and 8. Dr. Kane uses no knife nor metal arch supports. He uses a system that he has developed through several years of special work and study, by which he gives immediate relief in many cases.

I am bringing Dr. Kane to Holland, only after a thorough investigation as to his personal and professional reliability and his efficiency as a foot expert. This was done through personal inquiry among prominent osteopathic physicians over the state in whose offices Dr. Kane has held foot clinics.

Foot ailments are responsible for much suffering above the feet, such as swollen ankles, pain in the legs and lower back, etc.

In addition to scientific osteopathic adjustment, treatment will include advice as to proper exercise for the feet and proper shoes.

During these two days there will be no charge for examination. Call 4698 for appointment.

ANCIENT "LIZZIE" OF 25 SUMMERS STILL ABLE TO GET AROUND

A little, old Ford car that was regarded with astonishment and awe when first brought to Fennville by George W. Atkinson 25 years ago, has been at the Ford Garage in that village for the past week or two, and has been driven about town a few times by Cleon Searlet, Fennville Ford representative. The car is of the second model made and was considered a big improvement over its predecessor, the original Model A. It has kerosene lamps a narrow step to get in by, like the step used on buggies and the brake is at the side, outside of the car. But it can still get over the ground, though somewhat noisily.

"MUSKEGON" IS NAME OF CRAFT THAT WILL BE ENGAGED IN FEDERAL HARBOR WORK

A new steel tug, "Muskegon," just delivered to this district for federal harbor work, is visiting the ports on the east shore and is creating considerable interest, is one of the first diesel tugs of the kind which the government has purchased for river and harbor work.

The tug from Keweenaw was her maiden one and Captain Marvin Nelson and Armour Jensen, engineer, reported she behaved beautifully. The engines are 250 h. p. The tug is 65 feet long and cost \$40,000.

She will take the place of the old tug "Gilmore," which will be brought to these shores Friday and together with the old Saginaw, river dredge, will be sold on bids. These two craft, in service for nearly 50 years, are all through with federal work. Each has been replaced by the finest equipment that is possible to make.

This tug is one of four that were built in Duluth. Two were delivered to Lake Michigan and two to Buffalo. They are equipped with oil burning heaters and kitchen ranges. Lubricating oil is filtered through a sharp vacuum, which enables the use of the oil over and over again. The two fuel tanks are carried for the six cylinder engines.

The tug left Grand Haven this morning for South Haven to be used in government work there.

The Gen. Meade, sandusker, has just completed a small amount of dredging in the river and leaves tonight for St. Clair where she will dredge for the next 35 days. No doubt the "Muskegon" working in conjunction with the Gen. Meade will be seen often at Holland harbor.

Dr. Albert Oltmans, secretary for Japan of the American mission to lepers, and for 45 years missionary of the Reformed church in Japan, delivered a farewell message in Third Reformed church Sunday evening, prior to his return to the land of his adoption. Speaking on the leper movement, Dr. Oltmans stated that according to a recent census there were 14,000 to 15,000 registered lepers in Japan, but to get the real number, these figures should be multiplied by three, because leprosy still is being hidden.

More About The Benefit of Farm Agent to Farmers

CATTLE CULTURE, POULTRY BREEDING, ALFALFA GROWING ALL TAUGHT BY OTTAWA COUNTY AGRICULTURIST

That the Ottawa county farmers are getting full value for their taxes is evident when the work of the County Farm Bureau is taken into consideration. At the last session of the board of supervisors some ill-advised petitions were sent in asking that the office of county farm agent be abolished in Ottawa county.

Some time ago the News published a resume of the wonderful work done by Mr. Hagerman, our first farm agent. Three weeks ago this paper gave a contribution of what our present able and hard-working, Mr. C. P. Milham has accomplished and now the Holland City News follows it up with still another contribution making it conclusive that the county farm agent is surely worth his hire.

The most important piece of work promoted in Ottawa County between 1925 and 1927 inclusive by the agricultural agent was the tuberculin testing of cattle. Motion picture meetings were held to explain the tests and methods of paying indemnities. In 1924 there were tested 4,106 herds containing 34,516 cattle. Of this number 2860 or 8.28% were removed and sold as reactors. This was the highest percentage of any county tested up to that time. Farmers received for the reactor cattle that year \$194,994.83. During the period of re-test of infected herds 244 more reactors were found. In the four-year period covering this report farmers received over a quarter of a million for the sale of reactor cattle. The test coming just when it did saved the farmers many thousands of dollars' loss and after testing added \$25,000 or more to the value of each cow in the county. Many carloads of cattle were sold to eastern buyers at excellent prices. Farmers were urged to raise dairy herds and take advantage of the high market.

Cow testing association work continued during this time and in one association 77 cows during one year were sold as unprofitable. Forty-seven dairymen won honor certificates for having herds producing 300lbs. or more butterfat per cow. Demonstration poultry farmers numbering 67 were started in Ottawa county. These flock owners kept egg records, feed costs and carried out latest poultry methods advised by the agent. During this period hatcherymen increased their capacity to such an extent that a majority of poultrymen sold eggs to them. They in turn carried their flocks and supervised breeding operations and relieved the agent of holding so many culling demonstrations. Assisted in drawing plans for the Michigan Poultry Improvement Association to promote certification and inspection of poultry flocks and hatcheries, was elected a director in the organization. This organization has been a great factor in promoting poultry prosperity in this county and its work has added many thousands to the wealth of Ottawa poultrymen. Other poultry work consisted of taking three poultrymen to Wausau, O., to study marketing of eggs, organization of Ottawa Egg and Poultry Association, demonstrating iodine treatment for worms, holding eight poultry institutes, securing eight priorities to aid holding free shows at Holland, Zeeland, and Grand Haven, conducting International Baby Chick year in the county, and carrying on an educational campaign on culling, breeding, pen and show bird selection, judging, feeding, poultry house construction and remodeling of old houses.

A dairy contest was held at the fairs. Two cows from the County Farm herd were tested a year in the testing association and records obtained. Farmers who knew cattle were asked to pick the best one in production, test and profit. Ninety per cent guessed wrong showing testing work was more accurate than guessing. Club work made a rapid gain from top to ten clubs with 72 members. Many farmers during this four years' period were influenced to enter specialized business in poultry, dairy, truck, early potatoes and fruits. The big period of organization was past and efficient farmers sailed along in fine shape because prices of farm products had recovered from the depression in the early twenties. Another brief article covering the period from 1928 to the present time will appear later.

Secured an appropriation for bee disease inspection. Beekeeping placed on a safer and more profitable basis. Held bee packing demonstrations to teach better wintering of bees and beekeepers school to instruct in better management. Horticultural work consisted of raspberry growers tours, cucumber beetle control meetings, large and small fruit pruning meetings, bridge grafting, fire blight control and started use of nitrate fertilizers on fruits. Started distribution of spray schedules for fruit growers. Propagation of shrubs. Planned twenty landscapes and planting four started the landscape work in the county.

An outbreak of army worms at Harlem was checked by use of white arsenic, bran, molasses and banana oil on 150 acres. A hard outbreak of rose bugs on grapes, and apples was checked by poisons. Demonstrated fanning of woodchucks and rats on eight farms. Forestry work consisted of sand blow control using mulberry, alian-

thus, maple, walnut, poplar and willow and planting of evergreens in 1926, 18,400 evergreens were shipped in and in 1927 this amount jumped to 65,800 trees. Engineering work was important with 47 ditch stump and stone demonstrations and many drains opened up, two carloads of Pyrotol, war surplus explosives, used. Mari digging was shown on the De Laney farm. Use of marl and lime grew from less than 500 tons to over 2,500 tons a year in this period. Arranged home convenience truck showing model kitchen, bathroom, lighting, water and sewage disposal systems. A number of farmers were interested in building manure pits, liquid manure pits and spreaders and homemade lime spreaders. Fertilizer demonstrations were arranged on potatoes, ensilage corn, celery, and rhubarb. Many fertilizer meetings were held as were muckman's institutions and a muck crop tour.

MAMMOTH TELEGRAM SENT BY WARD MANAGEMENT

What was said to be the largest telegram ever handled by the Western Union Telegraph Co. in Michigan was delivered Monday morning to M. R. Clark, district manager at the meeting of representatives of Montgomery Ward & Co. in the Morton hotel, Grand Rapids. The telegram was 9 feet high and 12 feet long and was carried to the meeting by two messenger boys. The telegram was from W. C. Baumhoger, Chicago, retail vice president of Montgomery Ward & Co., and congratulated the store managers on the showing made in this district this year and called attention to a nationwide autumn sale. Manager Pierce of the Holland Ward Store has been in Grand Rapids all week to attend this district managers convention. Mrs. Pierce accompanied her husband.

Former Mayor Henry Brusse, W. Twelfth street, has taken a position with the Grand Rapids Varnish Co. as its special representative in the central and southern states. Brusse has had 16 years' experience in similar positions with two large firms.

Lack of Water Causes Death of Fish in Lakes

LOW LAKE LEVELS AT TIME OF SPAWNING AND SPEAR ARE BLAMED FOR NUMEROUS DEAD FISH IN LAKES THIS YEAR

The lack of water and the low lake levels, which occurred at spawning time this year, are the reasons given by the institute for fisheries research of the University of Michigan, for the large number of fish deaths reported from many inland lakes. Among them being Black Lake at Holland.

Examinations of specimens of fish sent to the laboratories at Ann Arbor and observations made of various inland lakes have confirmed this opinion, Wendell H. Krull, fish pathologist of the institute, said in a report.

The most noticeable single abnormal condition in the fish has been the increased amount of fungus. "This is in some way associated with the lack of water, but just how is another question," the report said.

Krull believes that spearing through the ice may have had some effect on later fungus attacks. "We know, from specimens which have been sent to us, that many fish are injured in spearing and fishermen will not take the fish with 'white patches' on them. These are injured fish which have fungused and under cold water conditions will live for a long time, during which the fungus possibly disseminates many spores which are capable of germinating very readily when the water is warmer."

The low water levels this year have, in all probability, seriously affected fish life. Since the water level was low at the spawning time of common fish found most abundantly in Michigan lakes, and since they are particularly sensitive to water conditions, their spawning activities, no doubt, were interfered with, even to the extent of making some of the normal spawning beds unavailable for fish. In Lake Mitchell, Wexford county, for instance, the black bass did not occupy their spawning beds this spring. Depriving fish of their spawning beds would, Krull said, increase injuries because of the increased strife among the fish, or at least decrease the resistance among them as a result of fighting and retention of sex products.

These conditions as well as spawning, temporary starvation, sudden changes in water temperature, sudden changes in oxygen content of the water are factors which influence the susceptibility of fish to disease, particularly to fungus, which is the only disease that can be held accountable for the unusual fish epidemics this summer. Most of the losses reported during or just after the spawning season have been considered normal losses by the institute.

These losses look very large, especially in lakes which are productive and support many large fish. At other times the losses looked large because the fish which die remain out in the lake until carried in by wave action. Sometimes after there has been no wind for a long time false impressions of the mortality are given because the fish which have died over a period of days wash ashore at one time. "We suggest, therefore, one says, 'thousands of fish are dying,' that he secures a more definite estimate," the report concludes.

CROWDS OF MOTORISTS SHOW EXPANSION NEEDS IN OTTAWA BEACH AREA

Grand Rapids Press—The need for an enlarged oval and more parking space at Ottawa Beach has been demonstrated time and again this summer during the intense heat waves.

The oval, which has a parking capacity of 406 cars, has crowded as many as 775 cars into these lanes and into the beach sand. The congestion has kept many from the beach. Last year the number visiting the park was approximately 698,000. This year that mark already has been exceeded.

FORMER HEAD OF HOLLAND GAS CO. DIES IN WEST

Word has been received of the death of Bert Van Hees, 60, at his home in Kansas City, Kan. He was a former Zeeland business man, having conducted a furniture store at Zeeland for a number of years. When the Holland Gas Co. was organized nearly 30 years ago and local capital was interested, Mr. Van Hees was bookkeeper for a time and shortly before the plant was taken over by the Brewer interests he became the head of the company.

He leaves the widow, a brother, Arie, and a sister, Mrs. Yoe Meeuwse, both of Zeeland. Funeral services were held Tuesday at the Langeland funeral home at Zeeland. Burial was in Zeeland cemetery.

Rev. Russell Damstra, of the New York Bible institute, was in charge of the services at the Unity Reformed church at Muskegon Sunday. The pastor, Rev. C. P. Dame is on vacation.

HAMILTON TRANSPLANTER

Positive Steering Device. No Driver Needed. Power Marker Avoids Side Draft. Transplants Expensive Labor Bills Into Profits.

The Only Transplanter with a Patented Steering Device

STEERING DEVICE: The Hamilton Transplanter has a Patented Steering Device. We use a guide wheel. It is self-evident that a guide wheel will positively follow a mark or small furrow. This prevents deflection in the row.

TRANSMISSION: We use a high grade roller chain drive in combination with an enclosed worm gear operating in a bath of oil. This is an unparalleled drive for power machinery.

MARKER: We use a Power Marker. This eliminates any possible side draft on the tractor and assures straight rows.

PLANTING WHEEL: We are originators of the durable plant pocket made of a small chain in combination with a round spring which allows a two-way tension. This provides a delicate grip which is non-injurious to tender or frail plants. The plant pockets are rust-proof and seasonal and frequent replacements are not necessary.

SAFETY: Our worm and gear are entirely enclosed. This provides the greatest safety to operators.

ORIGIN OF PUBLIC SCHOOLS IN AMERICA

Among the many acts of wisdom of George Washington was to provide a fund for the teaching of orphans and children whose parents were unable to defray their expenses in school. This is the building still in use at Alexandria, Virginia, and the fund was supplied from the dividends of certain bank stock which General Washington owned. In this act of Washington is found the origin of the public school system in America.

Society Notes

Allegan County Park was the scene of the annual picnic of the Central Park Church and Sunday School Friday. A large crowd was present. The program of sports and contests were enjoyed by all. Ben Nyland and Dick Vander Meer were in charge of the sports. Those in charge of transportation were H. Vanden Berg and S. Harkema, while Mrs. W. Helmink and Mrs. S. Harkema headed the refreshment committee.

The annual picnic of the Fourth Reformed church and Sunday school was held Friday at Jensen Park. More than 350 were present. Ted Schaap and Ray Schaap were in charge of all the contests. Supper was served by the Adult Bible Class and Nelia DeGroot's class.

Mrs. Calvin Tardiff entertained with a pajama party Friday afternoon at her home on the North Shore Drive for the benefit of the Women's Guild of Grace Church. Thirty women were present. Bridge was played throughout the afternoon and prizes were won by Mrs. Jennie Huntley, Mrs. A. Lokker and Mrs. Merton Clark. Dainty refreshments were served.

The annual reunion of the J. H. Walcott family was held last week at Tunnel Park. About 30 members were present. Those attending from out-of-town were G. Riddering, Miss Laura Riddering, Dr. and Mrs. A. A. Riddering and family, Mr. and Mrs. John Riddering and family, Mrs. L. D. Engelsma, Mr. and Mrs. H. Walcott and son, Misses Lillian and Grada Baker of Grand Rapids, Mrs. Albert Smith, Morris Smith of Dorris, Mr. and Mrs. John Baker and family and Mr. and Mrs. C. Veltman and daughter of James-town.

More than 125 attended the annual reunion of the Johnson family at Jamestown Spring Grove Saturday. A program of games and sports was enjoyed throughout the day. The following officers were elected: President, Albert Johnson, Sr., of Zeeland; vice-president, Harm Johnson of Holland; secretary, Miss Josephine Johnson of Hamilton, and treasurer, Henry Johnson.

Mrs. N. Hoffman entertained with a birthday party recently in honor of her daughter, Julia Ellen, the occasion being her fifth birthday anniversary. Games were played and dainty refreshments were served. Little Julia received many pretty gifts. Those present were Della Mae Schippers, Sonny Schippers, Ronald Kobes, Kenneth Kammeraad, Billy Pos, Marjorie Rooks, Ruth Van Pernis, Iola Ratti Stener, Norma Striker, Evelyn Cook, Ellen Hoffman and Betty Ann and Joan Tuinsma.

More than 150 were present at the annual Boven family reunion held at the Boven homestead in Graafschap last week Thursday afternoon and evening. The following officers are elected for the ensuing year: Herman Garvelink, president; Fred Stoltz, vice-president; Mrs. Fred Stoltz, secretary; and Jacob Boven, treasurer. Committees were named for the reunion next year. An extensive program was followed in which games were played and prizes awarded. A supper was served. This was followed later the evening by a song service and serving of ice cream and cake.

A group of friends enjoyed an outing last week Thursday evening at Miss Anne Visscher's cottage north of Lakewood Farm. A picnic supper was served after which games and sports were enjoyed. Those present were Miss Helena Visscher, Miss Margaret Van Raalte, Miss Katherine Mersen, Miss Vivian Visscher, Arnold Van Zanten, John Lloyd Klyden, Peter Boter and John Good.

A group of friends enjoyed a hamburger fry at Ventura beach last week Thursday evening. The evening was spent in swimming and playing games. Those present were Miss Audrey Diesing, Bill Brewer, Mr. and Mrs. D. Kluitenburg, Mr. and Mrs. J. Timmer and family and Mr. and Mrs. B. Timmer and family.

The third annual Slenk family reunion was held last week at Jensen Park. It was decided to hold next year's reunion at the same place. The officers re-elected were J. H. Slenk of Grand Rapids, president and Henry Jipping of Holland secretary and treasurer.

MRS. HUNTER ROBBINS ANNEXES WESTERN MICHIGAN GOLF CROWN

Climaxing a series of sensational upsets in the women's western Michigan golf tournament at Grand Rapids, Mrs. Hunter S. Robbins of Spring Lake sank a 14-foot putt on the 18th green and won out over Miss Elsie Hilding of Grand Rapids, one up on the 18th hole, to win the championship, Saturday morning.

A gallant comeback on the home stretch by Miss Hilding was fruitless after Mrs. Robbins played almost perfect golf on the first nine. The local woman went over the out stretches in 41 strokes, only over men's par, and had Miss Hilding 4 down at the turn. The situation reversed on the home nine, the Highlands star staging a brilliant comeback.

Miss Hilding was the one who was close on the heels of par coming home and so warm was her pace that by the time the fifteenth hole had been reached she had wiped out the 4-hole lead enjoyed by Mrs. Robbins at the turn and the match was all square. The short sixteenth moved the undoing of the Grand Rapids player, however, as it had in the case of Miss Mary Holton, the defending champion, the day before. Mrs. Robbins made the 215-yard hold in par 3, while Miss Hilding took four strokes and again was down 1.

The seventeenth was tied but the eighteenth seemed to be going Miss Hilding's way at the close, when she was down with 5 strokes and Mrs. Robbins was 14 feet away with four already used up. It seemed that the match was due for extra holes, but the 14-footer went in.

The cards:
Hilding—Out... 554 646 565-46
Robbins—Out... 544 554 555-41
Hilding—In... 355 356 445-40—86
Robbins—In... 465 367 345-43—84

CENTRAL PARK

Mr. and Mrs. Albert Kronemeyer of Central Park entertained about 140 guests at their home Saturday, the occasion being their twenty-fifth wedding anniversary. The guests gathered at the home at 4 o'clock in the afternoon and a delightful time was enjoyed. At 6 o'clock a delicious supper was served after which the guests enjoyed a short program on the lawn. Mrs. Bloemendal of Muskegon, an aunt of Mrs. Kronemeyer, read an original poem telling of the married life of Mr. and Mrs. Kronemeyer. Dr. John Kuitenga of Princeton seminary gave a short talk. The program closed with the singing of the doxology. Mr. and Mrs. Richard Vanden Berg of Zeeland were master and mistress of ceremony. Mr. and Mrs. Kronemeyer received many beautiful gifts.

ZEELAND

Albert Van Hees aged 60, formerly of Zeeland died Friday at his home in Kansas City. Mr. Van Hees was also a former resident of Holland. While in Zeeland he was associated with his father in the furniture business. The deceased is survived by his wife and one brother and a sister, Arie VanHees and Mrs. Joe Meuwesen of Zeeland. Funeral services were held Tuesday afternoon at 2 o'clock from the Langeland Funeral Home in Zeeland.

FRANKFORT PAPER SAYS NICE THINGS ABOUT HOLLAND ORCHESTRA

Benzie County Patriot:—"In the genial Herb VanDuren and his boys from Holland, Michigan, the Marine Ballroom has a real musical organization. The popularity of this well received band has never been exceeded by any band in the resort belt.

"One of the first orchestras in the state, they entered some years ago, the resorts of Michigan to win for themselves the commendation and applause of Michigan dance lovers. The original unit since its inception is still intact.

"This organization has had a wide acquaintance in resort districts, having played in this state at most of the important hotels and resorts, where they have received much praise. They have also contributed their music at many sorority and fraternity parties at Michigan State and Michigan U. Cuba engaged their attention for two seasons, and 'believe us,' they can and do play 'The Peanut Vender' as it is played in the home of its writer.

"Specialists in specializing all the numbers are arranged by the band. By this method all numbers are fitted to the instrumentation of the players, resulting in fine harmonies and better rhythm than is usually obtained. Two vocal soloists as well as a vocal tria constitute the voice ensemble. They are very pleasing in the beautiful waltz and the snappy novelty numbers.

Larry Wolfe, pianist, is rated with Frank Hartfield, first saxophonist, as two of the best arrangers in the state. They have written a number of original compositions two of their best are 'When I'm With You,' and 'Having You Near'.

"The band is working hard to give Frankfort dancers real dance music of the most modern nature and hope to please them as no other summer band has ever done."

They are the parents of nine children, eight living. Those living are Jacob Van Putten, Jr., Mrs. John J. Riemersma, Mrs. Martin Kerkhoff, Cornelius Van Putten, Adrian L. Van Putten, Mrs. Bernard D. Hakken of Arabia, Marinus W. Van Putten and Mrs. F. C. Cappon.

SPRING LAKE MAN, 40, IS ELECTROCUTED AT COOPERSVILLE PLANT

Lawrence Braunschneider, aged 40, employee of the Pet Milk Co., was electrocuted in the pump house of the Coopersville branch factory Monday. The body was found shortly after noon when companions with whom he had been in the habit of dining, missed him. Coroner Govett Van Zantwick of Grand Haven asserted death was caused by Braunschneider's body completing a circuit from an electric drill which he was operating. The body was burned about the legs. Braunschneider, who was single, resided in Spring Lake. No inquest will be held.

BOONGAARD IS GIVEN GRAND HAVEN HELM

Edward Boongaard, former superintendent of the Grand Haven city water works, was appointed as temporary city manager of Grand Haven at the regular city commission meeting. His appointment was for a month at a salary of \$175 a month. He will take over the duties of Walter E. Baumgartner. Residents of Grand Haven will be apprised of the location of city fires soon by an automatic fire whistle which will be located atop of the central fire station. The whistle, connected with the alarm switchboard, will emit blasts to correspond with the box number nearest the blaze location. It was approved for immediate installation tonight by the commission.

OTTAWA COUNTY PROP. ERTY VALUATION CUT

A cut of nearly \$600,000,000 in the taxable valuation of the state was recommended by the state tax commission today. The value proposed by the commission was \$7,855,914,000 as compared with an existing value of \$8,447,141,000. Depressed market values of land and general economic conditions influenced the commission in its findings. The recommendation was submitted to the state board of equalization. The latter body will hold hearings starting August 17 when counties may appear to protest the apportionment of state value and tax recommended for them. The present values and the recommended values for various counties and the present percentage of the state tax and the recommended percentage follows: Ottawa, \$67,275,000 changed to \$62,566,000; 79% to 79% plus; Kent, \$380,250,000 changed to \$353,363,000; 4.501% to 4.502%; Muskegon, \$98,963,000 changed to \$92,501,000; 1.171% to 1.177%; Wayne, \$4,189,272,000 changed to \$3,896,023,000; 49.49% to 49.60%.

The school budget for district number one of Spring Lake township, which includes Ferrysburg and rural districts north and west, was reduced from \$8,400 to \$7,000 for the coming year. The raise in valuation of the township set at \$481,000 was largely due to the improvements at the Construction Materials Corp. plant and which will affect the school tax rate in this locality for the year. The tax rates have been high due to the construction of the new school. There is still a small balance left.

Mr. and Mrs. W. H. Adams have moved to a residence at 240 E. 8th street.

Della Mae Schippers of 236 West 18th street underwent a tonsil operation at the Holland hospital on Wednesday morning.

When the sixty-ninth anniversary of the enlistment of soldiers of Company I, 25th Michigan infantry, occurs Aug. 14 there only will be one survivor to answer the roll call in person. He is Joe Verplanke, former Democratic sheriff of Ottawa county a half century ago. The company was mustered in with 48 members and some 20 members were added the last two years of the Civil war. GRAND HAVEN ASKS QUIET NEAR HOMES OF THOSE WHO ARE ILL

In an effort to obtain quiet for sufferers from severe illness in Grand Haven, the police have placarded intersections of five different blocks where those ill live. The placards consist of yellow signs with black lettering. At night torches burn in front of the signs to illuminate them and warn car drivers. At one time two of the streets were entirely blocked off but the restriction was removed and the signs merely request quiet.

PROPERTY OWNER IS ORDERED TO MOVE GARAGE 13 INCHES

Ferdinand Kinkema, Grand Haven, must move his garage 13 inches farther from his back lot line, according to City Manager. Complaint was brought by Fred Berg, a neighbor whose lot backs on Kinkema's. There has been controversy since a lot line dispute in which the surveyed line could not be determined. The court ruled in Kinkema's favor but says he later gave Berg a strip of land more than a foot and a half wide to settle the matter and make the line straight. Later Kinkema built a new home with garage attached. The garage was too near the lot line according to the Grand Haven city zoning ordinance and Kinkema was ordered to purchase 13 inches of land from Berg or move the garage. According to Kinkema, since he had given Berg the land, he declined to pay the \$250 Berg asked and would only give a nominal sum.

GUARDSMEN TO TRY FOR MARKSMANSHIP

An effort is being made by the officers of Company F, local guard unit, to have at least 75 per cent of the men in the company, attain the rank of marksman or better before the rifle range north of Ferrysburg closes in October. There were five qualifying while at camp. First Sgt. Fred Mastenbrook, Sgt. Joseph Swartz, Corp. James Dirks, First Class Private Chester Strahsburg and Private Harold Emenegger. There are 24 in the company out of an enlisted strength of 60, now qualified as marksmen, sharpshooters or expert with the rifle. There are two qualified as automatic rifle marksmen.

Bradford says that this record exceeds by 1.65 per cent the best previous record which was held by the White Oak Game Farm in Virginia.

COUNTY FARM AGENT MILHAM TELLS VALUE OF WHEAT AND CORN IN CATTLE

Because wheat is abundant in Ottawa county and because many farmers are requesting information on feeding this grain rather than selling it, Agricultural Agent Milham has prepared this article to inform others who wish this knowledge.

Wheat makes an excellent feed for dairy cattle, swine, sheep, horses, beef cattle and poultry. Experience shows that wheat is worth \$1.12 a hundred when corn is worth a dollar a hundred. To obtain the best results in feeding it is essential that the wheat be crushed or ground. The value is increased 15-20% thereby.

Good mash rations for poultry are made of 40% ground wheat, 20% yellow corn meal, 20% meat scrap, 13% ground oats, 2% each of dried milk, oyster shell and bone meal and 1% salt. This is fed with a scratch ration of 60% wheat and 40% corn.

NET TURNOVER OF TEACHERS HERE ONLY 35 OUT OF 1,100

Net turnover in Grand Rapids teaching personnel, which numbers more than 1,100, probably will not exceed 35 this year, Supt. Leslie A. Butler said Thursday night at a meeting of the board of education committee of the whole. The turnover is always light in Grand Rapids, he said, but this year has fallen below the usual figure, which is about 100 or 110.

HAMILTON

The Independents are back in form and took two games easily. The Kalamazoo All Stars were defeated last Thursday 10 to 1. The locals wasted no time and obtained more than enough counters to win. The visitors settled down after the first inning and splendid defensive ball was played but they were unable to solve the pitching. Monday Martin's Independents came here for a return game. Again the locals proceeded to put the game in a bag at the start, bringing across four runs and giving a fine exhibition of hitting throughout the game. R. Wentzel had the heavy batting visitors at his mercy. The lone run was a gift when he walked a batter with the bases filled. The games lacked the excitement which is so much enjoyed by the fans, but the large crowd was happy to see the team showing the usual form. The merchants were busy with 3 games. The fast Fennville team was held to a 1 to 1 tie. Callahan and Henshaw putting up a pitching duel while both teams played in splendid form to give them support. Monday evening they motored to Holland to take a defeat at the hands of the East End Druggs by a 9 to 7 score in a free hitting contest. The East Holland All Stars were easy victims for the Merchants Monday night when the locals scored 11 to 3 for the All Stars.

Mrs. P. H. Fisher and Jess Kool visited at the Leon Stillwell home at Greenville during the past week-end.

Martin Brink and family motored to Montague Sunday to visit relatives.

Marvin Brower and family of Grand Rapids were at Herman Brouwers Sunday.

Little Lois Brower, daughter of Mr. and Mrs. Ben Brower submitted to a tonsil-adenoid operation last Friday at the Holland hospital. Frank Brumway of Detroit are spending several days with Mr. and Mrs. Jacob Eding.

A large number of Hamilton folks motored to Central Park last week Saturday to attend the silver wedding of Mr. and Mrs. Albert Kronmeyer. About 200 guests took part in the festivities. Among the Hamilton folks were Mr. and Mrs. Herman Brower; Mrs. W. Schutmaat; Mr. and Mrs. H. W. Schutmaat; Mr. and Mrs. Ben Koelker; Mr. and Mrs. A. H. Klomprens; Mr. and Mrs. Henry D. Strabbing; Mr. and Mrs. Martin Kronmeyer. The A. Kronmeyer family formerly resided in this village.

Doris Stilwell of Greenville is a

guest at the P. H. Fisher home for a few days.

Mr. and Mrs. Charles Lines of Kalamazoo are visiting the latter's parents, Mr. and Mrs. Wm. Drenten this week.

Josephine Kaper, Mildred Kaper, Adelaide Maatman, Ella Roggen, Margaret Roggen and Marian Roggen are spending a week camping at Ottawa Beach.

Julius Lobbers is enjoying a trip to Traverse City with Mr. and Mrs. Harlan Odell and family of Jackson.

Janet H. Tanis of W. S. T. College was home for the week-end.

Josephine Kuite visited Lavina Borgman at Kalamazoo Sunday.

Jack Nieboer and family moved to Olive Center Monday where Mr. Nieboer has purchased a farm. The Nieboer's took care of Central office for four years, while Mr. Nieboer also did considerable work as an electrician. Their place is being filled by Mrs. Archibald of Grandville. The local operators have been discharged and this work will also be done by the new manager. We are sorry to see the Nieboer family leave for they have made a large number of friends during their brief stay here.

W. B. Monroe, sr., celebrated his birthday Monday.

Mr. and Mrs. Dill of Detroit visited their children the Roy Ashley family during the week-end.

Mr. and Mrs. R. D. Lindley, Mr. and Mrs. J. Markhoff of Grand Rapids, were entertained at the beach by Mr. and Mrs. Harvey Zeerip during the past week-end.

Mr. and Mrs. Harry Lampen and daughter Evelyn left Tuesday for an extended trip through the east. They plan to visit several places of interest in the eastern states and to visit Mr. Lampen's brother Joe and family.

Rev. M. E. Broekstra of Passaic, N. J. had charge of the services at the First Church. The pastor of the church led the services at the Third Church of Kalamazoo.

Mr. and Mrs. Alfred Meyers and son James of Zealand were week-end guests at the Jacob Eding home.
