HELD TO COURT ON ATTEMPT TO KILL HIS FATHER

**Charge Zeeland Bachelor
Entered Bedroom With
Loaded Gun**

**Parent Tussles With Son
When Awakened by
His Wife**

Zeeland, Aug. 8 — Charged with assault with intent to murder his father, Vernon Carlton, 32, a bachelor and an employee of the Sligh-Lowry Furniture Co. here, is being held in the Ottawa county jail in Grand Haven pending disposition of his case in Ottawa circuit court.

Arraigned Monday noon before Justice Jarret N. Clark, Carlton waived examination and his case was certified to circuit court. Unable to provide \$1,500 bond, Carlton was taken to the Grand Haven jail Monday afternoon.

The alleged murder attempt occurred Sunday between 1 and 1:30 a.m. at the family home, East Washington St., where Carlton lived with his parents, Mr. and Mrs. Percy Carlton. For the past two years, the elder Mr. Carlton has been chief engineer at the Zeeland municipal power plant.

Fred Bosma, Zeeland chief of police, said Tuesday that he was told the younger Carlton entered the bedroom of his parents with a loaded 12-gauge double barreled shotgun.

His mother was awakened by his intrusion and when she asked him what he was doing he said he was going to shoot his father. Bosma, who was called to the home following the incident to arrest Carlton, said Vernon Carlton was under the influence of liquor.

Percy Carlton jumped from his bed and grappled with his son for possession of the shotgun. The father was able to discharge both barrels, the load from the two shells entering the floor of the bedroom. No one was injured.

Bosma said he was informed that family trouble has prevailed between the father and son for some time. The Carlton family moved to Zeeland from Hart about four years ago. Percy Carlton formerly was superintendent at the Hart electric plant for several years.

Chief Bosma said Vernon Carlton had nothing to say when questioned.

Police to Launch Drive Against 'Horn Tooters'

**Chief Is Given Orders by
Board After Hearing
Two Complaints**

Notice to youthful automobile drivers who persist in unnecessarily blowing their automobile horns! The Holland police department, in compliance with instructions given Acting Police Chief Jacob Van Hoff by the board of police and fire commissioners at its regular meeting Monday at 5 p.m. in the office of City Clerk Oscar Peterson, will launch a drive against horn tooters.

The board agreed this was the only action that could be taken after listening to complaints from Mayor Henry Geerlings and E. P. Stephan, secretary-manager of the Holland Chamber of Commerce. The most serious disturbance occurs on Saturday and Sunday night, it was pointed out.

COLLECTION OF TAXES LARGER

**Twenty Three Thousand
Gain Shown, Deadline
Is Near**

An increase of \$23,406.52 in collection of summer taxes for 1940 over the same period in 1939 was reported here by City Treasurer Henry J. Beckfort.

Collections to date, he reported, amount to \$130,456.19 while tax payments for the same period last year totaled \$107,049.67.

Deadline for paying 1940 summer taxes is Aug. 15. Mr. Beckfort said. The total tax roll this year is \$376,844.81.

The amount collected this year represents 50 per cent of the tax bills which were sent out some time ago. Collection of summer taxes began July 1. Mr. Beckfort expressed belief that the larger tax bills would be paid at later dates.

HOLLAND MAN NAMED DEPUTY

**Edward Rycenga Removed
in Rivalry for Post
of Sheriff**

Grand Haven, Aug. 8 (Special) — Dismissal of Edward Rycenga as undersheriff and the appointment of E. A. (Bert) Stegink, 36 West 17th St., Holland, as a deputy sheriff was announced by Sheriff Frank Van Etta Monday.

According to information, Rycenga was notified Saturday at 5 p.m. when he reported for duty that he was to be dismissed and when he reported for duty Sunday at 5 p.m. was advised that Charles Salisbury would take over his duties Sunday night.

Sheriff Van Etta said he was not promising to reinstate Rycenga after the September primary election but would reserve that decision until later.

In Holland, Deputy Sheriff William Van Etta, son of the sheriff, said Rycenga had been given a temporary leave of absence to offer him opportunity to conduct his campaign for the Republican nomination of sheriff. Sheriff Van Etta and Rycenga are both Republican candidates.

Deputy Van Etta said Stegink's appointment to replace Rycenga, although the Holland man was given a rating of deputy sheriff instead of undersheriff, would be only temporary and the Holland deputy indicated that Rycenga would resume his duties with the sheriff's department after the primary election.

Mr. Rycenga declared in Holland he had told Sheriff Van Etta two weeks ago that he would resign Aug. 10 to devote his full time to the campaign for the full term of office.

Runaway Team Upsets 30-Year-Old Windmill

The excitement of a good old-fashioned runaway marked the annual threshing bee at the home of Henry Boeve on route 5 Wednesday when Ted Grotenhuis' team of horses, taking advantage of their owner's search for a lost fork, decided to make a bee-line for their home stable.

They covered the eighth of a mile distance between the Boeve and Grotenhuis farm at top speed, the wagon rounding the corner on two wheels, and the rig, becoming entangled in the steel legs of a windmill as the horses turned sharply into the farmyard, upset the structure which has done faithful duty for the past 30 years.

With the upper part of the windmill resting on the barn roof, the excited horses, loose from the wagon, found refuge in their home stable.

The threshers, following in the wake of the runaway, were served a luncheon before returning to their work on the Boeve farm.

Stephan recited an incident to curb such disturbances and urged the board to take some kind of action.

Chief Van Hoff was instructed to place officers along Eighth St. and to make arrests in an attempt to eliminate the noise.

Stephan recited an incident which occurred Sunday and Monday in which a patron of the Warm Friend tavern threatened to leave the hotel for quieter surroundings because of the horn blowing. Stephan also protested the unnecessary amount of noise caused by trucks traveling Central Ave. and then turning onto Eighth St.

In this connection, the board instructed the chief of police to turn off traffic lights at 10 p.m. and to use the flicker system in order that trucks will not have to stop because of the traffic light. Van Hoff contended there "is a lot of truth in Stephan's statements" but said the department was handicapped by the lack of officers, stating that only two, one on patrol and the other in a cruiser, were on duty Sunday night.

Mayor Geerlings contended serious disturbances result Sunday night from motorists who speed up their cars to beat traffic lights and then have to apply brakes with "screaming" effects when the lights change. He said he patrolled Eighth St. from College to River Aves. Sunday night for about an hour and made this discovery.

In other business considered by the board, a petition, signed by property owners and employees in the vicinity of Fourth St. and River Ave., requesting the placing of a traffic officer at that intersection from noon until 1 p.m., was placed on file. The petition pointed out that about 300 persons are employed in surrounding plants and that trouble is experienced in driving off Fourth St. onto River Ave. due to the heavy traffic.

Van Hoff informed the board that he had no man available for such work. Commissioner William Deur suggested that a man from one of the plants be deputized to handle the traffic at the intersection.

Board members felt that similar traffic conditions existed at other intersections, thus if one request was granted others would follow. In the discussions, it was pointed out that employees of factories on the east side of River Ave. could use Central Ave. in reaching the downtown area.

CITY CHURCHES ENDORSE MOVE

Letters from seven Holland churches endorsing the recent appeal of the Holland Ministerial association that common council use its influence to eliminate the two Sundays from the Tulip Time festival—were filed Wednesday night with council.

With no discussion, Mayor Henry Geerlings ordered the letters referred to a special committee which is investigating the matter. Ald. Ben Steffens, chairman of the committee, reported that the committee composed of Ald. Henry Ketel, John Menken and himself will submit a report at council's next meeting on Aug. 21.

The letters were submitted by Central Avenue Christian Reformed church, Bethel Reformed church, Immanuel church, Third Reformed church, Fourth Reformed church, Fourteenth Street Christian Reformed church and Sixteenth Street Christian Reformed church.

Contents of the letters submitted by the three Christian Reformed churches were identical. Although the three letters commend "those who have worked so diligently to make possible our beautiful, carnival-free, annual event," they expressed "grief by the present official desecration of the two sabbaths involved in our present Tulip Time."

The letters urged a six-day festival to begin on Monday and end on Saturday. The communications from the other churches also favored a six-day festival.

KIEFT DISCHARGED IS TAKEN TO GOVERNOR

Grand Haven, Aug. 8 (Special) — William Kieft, who was discharged as dog warden by Sheriff Frank Van Etta sometime ago, went to Lansing Wednesday in possession of affidavits signed by himself, his wife and an officer from the south end of the county that charged Sheriff Van Etta is obstructing enforcement of the dog quarantine.

These affidavits were turned over to Kingsbury Scott, former Grand Haven newspaperman, in the absence of Governor Dickinson.

(In Lansing, United Press said Kieft declared he resigned because Van Etta interfered with impartial enforcement of the quarantine. Kieft did not petition for removal of the sheriff. It was stated, and Judge Emerson R. Boyles said there would be no executive action.)

G.R. FIRM GIVEN ROAD CONTRACT FOR CEMETERY

**Recommendation of Board
Receives Approval at
Council Meet**

**Other Business Taken Up
at Regular Session
of Officials**

A recommendation from the board of park and cemetery commissioners that the contract for the paving of certain drives in the new cemetery be awarded to the Michigan Colprovia Co. of Grand Rapids was approved by common council Wednesday night.

The board said a bid also was obtained from the West Shore Construction Co. but the Colprovia company submitted a low bid of 55 cents per square yard for over 5,000 square yards. In this proposal, the company agrees to "true-up" the surface of the existing gravel, lay a two-inch oil aggregate pavement.

Council at a recent meeting agreed to lend the park and cemetery board \$3,000 from the street fund to carry out this work. It was pointed out last night that the board anticipates to spend not more than \$4,000 as it has \$1,000 in its budget for this sort of work and, with the preliminary expense for surface draining and a small amount for supervision and inspection, it is expected the cost will total about \$3,600.

Several building permit applications, with exception of one filed by Martin Van Hekken for construction of a duplex home at 24th St. and Central Ave., were approved. Van Hekken's application was referred to the appeal board after the city clerk had advised council that the zoning ordinance provides 5,000 square feet for each family in "A residence" district but that the lot in "A" district upon which the home is to be built is only 6,138 square feet.

Reporting for the ways and means committee, Ald. Ben Steffens recommended that logs, now in possession of the park and cemetery board, be used at Kollen park instead of sheet piling and that the surrounding ground be filled in with dirt and cement blocks. Ald. Cornelius Kalkman, Sr., seconded his motion which was adopted.

The building committee upon recommendation of Ald. Herman Mool, was given power to act in arranging for the painting of city hall offices of the city clerk and city treasurer. His committee also was given power to have two rooms in the Dornbos home, 14th St. and River Ave., papered at a cost of \$20. A third recommendation that the committee be given power to act in repairing a leaky boiler at the city hall at a cost of approximately \$90 was approved. Mool said the cost of repair would amount to \$77, plus an additional cost of taking the boiler to Grand Rapids for welding as the work could not be done in Holland.

In connection with a communication from the board of police and fire commissioners, requesting council to ask the board of public works to obtain information on a new fire alarm siren, council referred the matter to the works board with a request that it submit a report on the cost of the siren.

City Attorney Clarence A. Lokker, who said a new siren may cost \$1,000, proposed that the board report as to its cost. City Clerk Oscar Peterson said he had been informed the cost would be less than this amount since it was proposed to purchase an electrically-operated siren.

Ald. Frank Smith was of the opinion the new siren would soon pay for itself as the works board is now burning about \$18 worth of coal daily to keep sufficient steam at the old Fifth St. plant to operate the "mocking bird" whistle. Fred Kamferbeek, chairman of the police and fire board, met with the works board Monday night and it was reported the latter board requested authority from council to act in the matter.

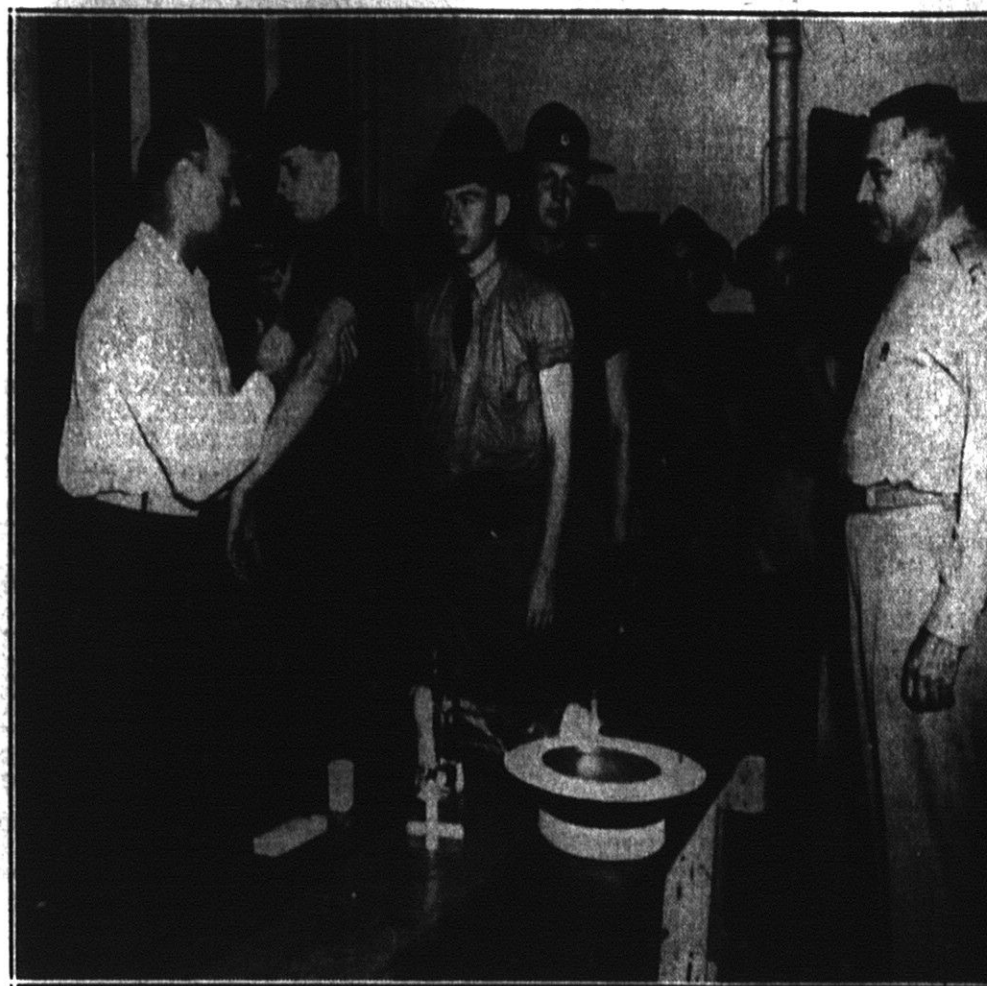

Clerk Peterson presented a copy of the report of the annual audit, recently completed by Malhofer, Moore, DeLong and Kragt, certified public accountants, and the clerk advised aldermen that typed copies of this report are on file in his office. Mayor Geerlings referred it to the ways and means committee.

City Clerk Oscar Peterson reported bonds and interest coupons amounting to \$26,542.50 were due. He was authorized to make payment.

The monthly report of City Inspector Ben Wiersma was accepted as follows: Inspection of milk plants, 29; milk and cream samples taken to laboratory for test, 26; water samples tested, five; producers inspected, 33; slaughterhouses, five; meat markets, 11; grocery stores, nine; restaurants, lunchrooms, 12; bakeries, four; public restrooms, nine; complaints and investigations, 31.

The oath of office of Harry Koop as a member of the playground commission was accepted and filed.

Austin Lucas (right) looks on.

JACKSON TERM TO EMBEZZLER

**Ottawa Man Given Three
to Ten Years; Rejects
Probation Offer**

Grand Haven, Aug. 8 (Special) — After rejecting a probation offer from Judge Fred T. Miles in circuit court, Albert L. Cahill, 47, former treasurer of school district No. 4 in Tallmadge township, was sentenced Saturday to from three to ten years in Southern Michigan prison near Jackson on an embezzlement charge.

The court offered to place Cahill, who resided on route 5, Grand Rapids, on probation if he would pay \$25 per month on the \$1,500 he was accused of embezzling from the school district while treasurer from Jan. 1, 1939, to June 1, 1940.

But Cahill replied he wouldn't be able to do so although he told Judge Miles he received \$71 per month as a pension from the government for the loss of his right arm while serving in the Philippine islands.

Cahill informed the court he thought the amount he embezzled was from \$100 to \$1200. He said he didn't know what he did with the money nor did he have any of it now.

Cahill entered a plea of guilty on his arraignment July 6.

SOLONS STUDY WARD CHANGES

**Raymond Hopes to Submit
Report at Meeting in
Two Weeks**

At the request of Ald. Bruce Raymond, common council met as a committee of the whole following Wednesday night's meeting to consider new boundary lines for the city's six wards.

No action was taken, however, although Raymond said he might submit a report for council action Aug. 21.

Raymond said he desired to discuss the rezoneing of the wards in order that the changes could be prepared in written form by City Attorney Clarence A. Lokker and himself for subsequent council adoption of the proposed charter amendment would have to be sent to Lansing for approval by the governor before it could be submitted to the voters at the fall election Tuesday, Nov. 5.

Raymond is chairman of a special committee, appointed to investigate the matter, after council had given consideration to a story appearing previously in The Sentinel which pointed out that protests were being made over inequality of representation in council in that the wards with a small population had as great a vote as the wards with larger populations.

Raymond had several city maps which outlined the proposed changes for the six wards of the city. However, the fourth ward, whose voters now vote in Washington school, offered no logical place for a polling place under the rearrangement. Raymond plans to look into this matter before preparing his report although it was suggested that arrangements might be made with a church in the proposed new fourth ward to use its basement or one of the rooms for a polling place.

TEACHER HURT IN MISHAP HERE

**Rena Bylsma Is Struck by
Truck That Crashes
Her Lawn**

Struck by an small truck which jumped the curbing and ran across a yard she was sprinkling, Miss Rena Bylsma, 55, Holland junior high school teacher, is confined in Holland hospital suffering of two broken vertebrae and other injuries.

The accident occurred about 9 p.m. Monday at her home, 593 Washington Ave., after Marinus Dornbos, 45, 340 Pine Ave., suffered an attack to which he is subject while driving the truck north on Washington Ave.

Dornbos also was taken to Holland hospital but was released after treatment. Acting Chief Jacob Van Hoff said recommendations will be made to the secretary of state's office that Dornbos' driving license be suspended.

Police said Dornbos' truck continued over the yard for a distance of 120 feet before striking Miss Bylsma. The force of the impact threw her against the side of the house.

The truck then crashed into the front porch of the home and tore it loose. Police said Dornbos' truck almost struck Evelyn Paris and her three-year-old brother, Jerry, route 5, Holland. They were riding a bicycle with the younger child on the handle bars.

Miss Bylsma was removed to Holland hospital by Guy Smeenge and Henry Derksen.

Earl Mortensen, 44, reported to police his car had been damaged in an accident on 32nd St. road, one-fourth mile west of Graafschap, about 7:30 p.m. Monday. He said another car was coming in the opposite direction and that its driver suddenly applied the brakes, causing the vehicle to skid in the loose gravel. His car is reported to have struck a guard rail. The other car did not stop.

Automobiles driven by Jack Steigen, 132 West 17th St., and Rene Rozema, route 1, Hudsonville, were involved in a minor collision Monday on Eighth St. in front of the Automotive Replacement parts, 107 East Eighth St. Steigen reported both cars were being driven west on Eighth St. and when he stopped for another car the Rozema vehicle crashed into his car.

He reported it is the largest lake trout to be caught there this year.

LAKE SEARCHED AT STATE PARK FOR BOY'S BODY

**Flint Youth Believed to
Have Been Carried Out
by Undertow**

**Coast Guardsmen Renew
Dragging After Hunt
Since Tuesday**

Working in shifts, members of the Holland coast guard station continued their search today for the body of Richard Calcutt, 14-year-old son of Mr. and Mrs. J. A. Calcutt of Flint who apparently was drowned late Tuesday while swimming in the heavy sea of Lake Michigan off Holland State park.

Coast guardsmen were called about 6:45 p.m. Tuesday and dragged the lake until 10 p.m. They resumed their search at 5 a.m. Wednesday, and continued it today.

According to reports, Mr. and Mrs. Calcutt and their three children were visiting Mr. and Mrs. Maurice F. Fairbrother, in Grand Rapids and the group went to the state park for an outing Tuesday.

Young Calcutt went swimming with his brother and sister and returned to the camp for the evening meal. Later Calcutt returned to the lake. When last seen, he was standing in about three feet of water.

Members of the family later went to the lake and inquired of some children whether they had seen Calcutt. They said they had seen him walking toward the shore.

The parents thought the son might have returned to the car but investigation revealed him missing.

Capt. Charles Bontekoe expressed belief that the boy might have become caught in the undertow and carried into deep water.

Captain Bontekoe, who is in charge of the coast guard station, dragged the lake yesterday from a surfboat. First Class Motor Mechanist Mate Emmett F. Foster and Surman Adrian M. O'Beck carried out dragging operations in a skiff until 9 a.m. yesterday when they were replaced by Surmen John W. Van Ingen and Forrest H. Flaughter.

James Jones and Cornie De Boer, two lifeguards at Holland State park, also operated a drag from a skiff.

Approximately 100 persons, said to include Mr. and Mrs. Calcutt, stood along the beach and in the pavilion to watch the search.

The search Tuesday night was made by Captain Bontekoe, Foster and Second Class Motor Mechanist Mate Edwin Feddick. Flaughter donned his diving suit but was soon called from the lake due to the undertow that was so strong it spun the power surfboat around in circles.

Captain Bontekoe reported he was short-handed in the search as four coast guardsmen had to go yesterday to Camp Grayling for rifle training. They are Horace E. Searcy, Roy N. Wood, John A. Brockett and Edwin Feddick. A fifth man, Glennon J. Godfrey has gone to Baltimore, Md., to attend a radio school.

De Boer, one of the state park lifeguards, suffered injuries to his right hand yesterday when it was cut by a grappling hook. The lifeguard received medical treatment at the park.

Construction Abreast of Past Years Despite Lag

July Permits in Holland Low; Home Total at Forty-Seven

Building activities in Holland slumped during July. The value of the building permits proved to be the lowest of the current year, an unofficial tabulation of the applications filed with City Clerk Oscar Peterson reveals.

The aggregate value of the 22 applications filed in July amounted to only \$12,180. In July, 1939, 29 applications for building permits were filed.

Their value also was less than for the same month of the past two years. The past month's value was \$8,865 less than the \$21,045 for July, 1939, and \$62,965 less than the \$73,145 for July, 1938.

Despite July's slump, value of the building permits for the first seven months of 1940 remained ahead of the figures for the past two years. With the past month's figure, added to the total of the other six months, their aggregate value is \$278,257.

This is \$71,374 more than the 1939 figure of \$206,883 and \$76,311 more than the 1938 figure of \$201,946.

Of the 22 applications filed for July, two of them call for construction of new homes at a cost of \$5,800. The two applications also provide for construction of new garages at a cost of \$300.

Total number of homes for which application has been made since Jan. 1, 1940, is now 47 or an increase of seven over last year's total of 40 for the first seven months.

The largest number of applications during July provided for interior repairs to homes. Ten applications with a total value of \$1,245 were filed during the month.

Two applications called for construction of new garages at a cost of \$400, two applications provided for interior remodeling of buildings at a cost of \$800 and two others called for new fronts on buildings at a cost of \$1,580.

There was one application for each of the following classifications: New fence, \$100; repair fire damage, \$280; addition to building, \$1,500; bin for storage of gravel, \$175.

YACHT CLUB TO SERVE AS HOST

Races in Four Classes to Include Nat'l Ones For First Time

The Macatawa Bay Yacht club will this week be host to what is probably the largest Western Michigan regatta ever held. Boats from eight clubs including Muskegon, Spring Lake, White Lake, Pentwater, Torch Lake, Crystal Lake, Grand Rapids and Macatawa will participate.

Races for the three-day event begin this Friday when a sailor's ball will also be held at the clubhouse. The annual commodore's ball honoring all the commodores of the clubs present will be held Saturday night.

National one design boats are being included in the regatta for the first time and will race at 10:05 a.m. Saturday and Sunday. About 20 national ones including nine from Muskegon and ten from Holland are expected to enter.

Presenters, C and E boats will race on all three days. About 20 crescents are also expected and they will begin racing at 10 a.m. About 30 C boats will begin their races at noon and about 20 E boats at 2:30 p.m.

Under C. D. R. Mulder of Muskegon, president of the Western Michigan association are Wallace Hook of Grand Rapids, chairman of the regatta, Jack De Fraga, race committee chairman, and Hollis Baker Jr., publicity chairman.

Mulder and Hook met with Commodore Hollis Baker, vice-commodore O. W. Lowry and Bill Merriam last week to lay out the course and make final arrangements. Three judges were selected for each race making a list of about 14 or 15.

This regatta may be better seen from the yacht club because of the two boys which Bill Jesiek following instructions from the race committee has placed in Lake Macatawa—one off Dinkman's dock and the other off Murphy's dock.

Latest series race totals show that Chuck Sligh is leading the crescent class with 68 points followed by Peter Van Domelen's 65. The rest of the results are: Bud Martindale, 48; Bob Sligh, 38; Ben Uyl, 37; Ann Lowry, 28; Lew Withey, 27; and Frank Fulke, 24.

Chuck Martindale and Lois Jesiek are making a strong bid for first place in the Saturday and Sunday series races for national ones. Chuck heads the Sunday series with 26 but Lois' 24 is waiting to sail into the lead. They are tied with 13 points each in the Saturday series.

Other national one totals find Jim Brooks and Seymour Padnos tied for third place with 12 points followed by Dick Walker with nine and Louis Brooks with six in the Sunday series. Saturday's results find Jim Brooks with ten, Louis Brooks with five and Padnos with two.

Results of last Sunday's races are as follows: crescents—Bud Martindale, first, Peter Van Domelen, second, Chuck Sligh, third, Lew Withey, fourth, Bob Sligh, fifth, Ben Uyl, sixth and Frank Fulke, seventh; national ones—Lois Jesiek, first, Chuck Martindale, second, Jim Brooks, third, Louis Brooks, fourth and Seymour Padnos, fifth, 22 square meters—Bob Herrmann, first, Hollis Baker, second, Walker, third, Herb Van Tongeren, fourth, Ferguson and Merriam, fifth, Orr, sixth, Jack Daane, seventh and George Arbrough, eighth.

There may be some protests to consider in the meter race.

Bill De Groot assisted by George Copeland and Roy Wood, a coast guard acting as judge, directed the season's first swimming races at the club Saturday at 4 p.m. It is the plan of the committees to have swimming races after the sailing races each Saturday offer-

ing points for the first three places.

Two 50-yard free style events were held last Saturday with Jim Carey taking first, Byron Shier, second and Carl Van Raalte, third in the division for boys 13 years of age or under and Stuart Bowerman, first, Walby Warner, second and Townsend Hertel, third in the division for boys 14 through 17 years of age.

Finals in the men's singles tournament, unfinished because of Joe Mullen's trip to St. Louis, have not yet been played and will probably hold off completion of the club's first open tennis tournament for a few weeks. Mullen, seeded number three in the drawing, beat Bill Arendshorst, drawing number two, in five sets in the semi-finals and will meet Paul Stagg, seeded number one, who defeated Clark in the semi-finals in three straight sets at 6-2 each.

Mrs. Paul Stagg was also seeded number one, but she lost to Mrs. W. H. Arnold, seeded number three 6-3, 6-1.

Further investigation shows that the number three men's doubles team of Stagg and Mullen won over the team seeded number one of Arendshorst and De Groot. Scores of this gruelling match were 3-6, 6-3, 6-2, 6-1.

Dick Overvagt defeated Dick Needham, seeded one and two respectively in boys' singles, for the championship there and Josephine Watt, seeded number two in the junior girls' tournament defeated Gladys Dyke for the junior girls' championship after Isla Vander Heuvel, seeded number one, had defaulted.

Don Vander Baan defaulted to Dick Steketee in the junior men's tournament finals. He had been playing two or three matches a day for several days at Grand Rapids and was all worn out.

Playground Activities Are Brought to Close

Picnics and hikes were arranged by the four city play centers Friday, bringing to a close a five-week schedule which was considered one of the best in several years in point of attendance and interest. With no days off for rain, the attendance has averaged 800 or better for the season, it was indicated by Leon Moody, director of the project.

With emphasis placed especially on the entertainment of younger children, hand work and games were arranged for youngsters from three to 12. The older children were interested chiefly in sports. An average of three contests a week were held, with much interest shown in soft ball, jacks and tennis.

The garden project, an innovation under the direction of James Bennett, has been particularly successful. Of the 560 who entered the project, 450 young gardeners have carried out the enterprise successfully. This work will be continued during the next few weeks. Because of the illness of Mr. Bennett, who was to undergo an operation at Holland hospital today, Mr. Moody will supervise the conclusion of the project.

The extensive program of baseball and softball games will continue until August 19. There are 22 soft ball teams and 19 baseball teams in two different leagues, which have tangled in seven games three nights a week and five games on two nights each week during the summer. This is in addition to ball games for younger boys which have been played six days a week since the first of July. Mr. Moody stated.

The program has been carried out at Washington, Longfellow, Van Raalte and Lincoln school playgrounds.

ALLEGAN PLANS FOR BOOK FAIR

Allegan, Aug. 8 — Designed to acquaint residents with the value of books and reading, an Allegan county book fair will be held here Monday, Sept. 30, to Friday, Oct. 4, in Griewood Memorial building under sponsorship of the W. K. Kellogg foundation.

The fair is an outgrowth of the New-For-Old book week held in which 35,000 old books were turned over to the county book committee to be exchanged for new books at the rate of five-for-one.

Between 4,000 and 5,000 books will be displayed during the book fair. There will be regular evening meetings throughout the week for parents, teachers, librarians and all interested in books. Nationally known speakers will be brought to Allegan through the cooperation of the foundation to lead the discussion at these meetings.

Consultants in children's reading problems will be on hand throughout the week to talk to parents, teachers and librarians, as well as the general public. Many of these persons will be available to lecture at meetings of clubs and other organizations throughout the county during Book Fair Week.

It is hoped that schools and libraries can be assisted in selection of the books to which the county is entitled as the result of its drive for old books last spring.

More than 3,600,000 trepassers were removed from trains or ejected from railroad property and right-of-way during 1939.

NEW THRILLS BOOKED FOR IONIA FAIR

Annual Event Aug. 12-17
Promises Best Show
In Its History

More exhibits, more entertainment and more thrills are promised for the 26th annual Ionia Free Fair, scheduled for August 12 to 17, inclusive. Howard C. Lawrence, fair association president, says that the 1940 program will be more spectacular than any ever before presented at Ionia.

Headlining the entertainment will be the night grandstand show, "Music on Wings," produced by M. H. Barnes of Chicago, well known to Ionia fair-goers for his lavish productions of the past.

Hollywood Band
"Music on Wings" will consist of a series of elaborately staged performances including Milt Britton and his orchestra, Harold & Lola with their shivery dance routine, Six Melody Men, fast stepping Twelve Precisionists and Vernon Ames girls, Aero-Ray girls who perform on trapezes suspended from spinning aeroplanes, singlets Ann Ashley and Frank Blake, and, of course, Cervone's band.

Acts featured both afternoon and evening are: Mandel brothers, bed-bouncing comedians; Five Albanis, aerialists; Pezay Ringens, a high narrow ramp to plunge the man who rides a bicycle down into a small tank of water; Walkmirs, acrobatic feats of strength; Jim Wong troupe, tumblers.

Monday, August 12, is thrill day at the Ionia Free Fair, with Jimmie Lynch and his Death Dodgers as the star attraction.

Tuesday Circus
As a special feature Tuesday, the Hoagland circus troupes, who will also appear at each program, will present several new acts, including chariot races, horse push ball, auto polo, horse jumping and other feats performed on horseback.

Horse racing fans will see one of the largest field of entries ever witnessed at Ionia for the harness program, Tuesday through Friday. Two of the races will be for \$1,000 purses. Saturday again will be auto racing day.

Horse pulling contests, popular at any fair, will play a prominent part at the 1940 Ionia exposition Tuesday and Wednesday.

Huge Machinery Show
Department heads have notified President Lawrence that space will be at a premium, with record number of exhibitors. One of the largest increases will be noted in the farm machinery department.

Midway lovers will find an entirely new setup this year with 52 carloads of new rides, shows and concessions on hand.

Between the acts Junior Israels played his accordion. The second act was the clown and pony act by Donald Israels and Betty Smeenge. A juggling act was put on by Doris Kolean and Georgia Smeenge.

Diane Lyons, Shirley Lyons and Eleanor Kolean participated in a clown and balloon act and Mary Smeenge gave a tap dance. Doris and Lois Kolean gave a trapeze act and Donald Israels gave a standing pony act. A baton twirling act was put on by Eleanor Kolean and Shirley Lyons. A dog act was put on by Georgia Smeenge and her dog, Fluffy. The last act was the singing of "Playmates" by the entire troupe.

There were two side shows with Mary Smeenge as fortune teller and three of the seven wonders of the world exhibited by Donald Israels. Cold drinks, crackerjack, candy and cookies helped furnish a true circus atmosphere. In charge of the acts were June Kolean, Ruth Kruidhof and Lillian Israels. Kenneth Mulder showed motion pictures at night.

After the circus rides were given on the main circus performer, the pony. About 75 persons attended in the afternoon and about 100 in the evening. The circus was called the "Hill-top" circus.

Olive Center School to Have Reunion August 17

Olive Center, Aug. 8 (Special)—Plans are nearly complete for the first reunion of the Olive Center school to be held on the school grounds Saturday, Aug. 17. The school was built in 1870 across from the present site where it remained for about 15 years. When spring thaws and rains came the school yard was submerged under water so the building was moved to its present location. It was enlarged and made into a two-room school in 1911 to accommodate the 60 pupils then enrolled.

Since then, however, the number of pupils has decreased and the building was changed back to a one room school. The number of pupils enrolled the past year was 16.

The present school is equipped with furnace, electricity, running water, modern plumbing and playground equipment. Several years ago, through the efforts of the PTA a piano and a portable stage were purchased.

The activities on Aug. 17 will begin at 1:30 p.m. with a community sing led by D. H. Vande

Bunte, county school commissioner, who is also a former teacher. A short program will be followed by a business meeting.

A professional photographer will be on the grounds between 4 and 5 p.m. to take group pictures. Friends will bring their own basket supper and a canteen will be on the grounds. For the evening program a colored moving picture will be shown.

All former teachers and pupils are invited, besides every one living in the district, or anyone who has ever lived in the district.

THOSE TRIALS IN FRANCE

It is hard to see what the present French government hopes to gain by the proposed trial of former prime ministers and other leaders. When a great people has been so completely smashed as the French nation has been by Nazi power, it is possible that a "goat" is a spiritual necessity. The French people may be unable to stand up under the burden of defeat and disgrace without having someone on whom to blame their plight. The new rulers may sense this impelling need and may be staging the trials to help the people over their bad time rather than out of a desire to mete out punishment for so-called war guilt.

Certainly from a politically objective point of view it seems hopeless to arrive at just verdicts in the trials. The whole atmosphere is wrong for that. Whatever the machinery of justice may be that is set up, it is of course obvious that the men on trial have already been found guilty in advance. There is no spirit of impartiality such as at least Americans are used to expecting in a court of justice. The trials are "political" in their very nature.

For it is easy to imagine what would happen to these "criminals" on trial if the unexpected should happen and England should suddenly get the upper hand in the present war. With the liberation of France and the other conquered countries in sight, the "criminals" would immediately be transformed into national heroes even in France.

That fact might conceivably give the "prosecutors" pause. For if the men who were on top until the defeat of France can be found guilty and punished, the same thing can be done to the men who head the government at the present moment. It is not inconceivable that some day the present French exiles and those they represent in the French state may be on the top again. Will the trials of men in power in France go on indefinitely? If Daladier and Renaud are hanged or imprisoned this year, will Petain and Laval be hanged or imprisoned next year or the year after? That would mean the negation of government itself in France.

The trials of the leaders in France seem the result of much the same kind of spirit that at the end of the World War was symbolized by the cry, "Hang the Kaiser." Hate, and in this case despair, must have some outlet. Reason and justice have very little to do with it.

THE CHURCH INVITES YOU

There is more security in a corporation than in an individual concern. The secret of the success of a corporation is the training of the younger generation and placing upon this trained generation the responsibilities of the concern. Death does not wreck such a business. Oftentimes an individual concern goes out of existence because of the death of one man. This principle holds good in church life and moral accomplishments.

To make the most of the Christian life it needs to be associated with other Christians. Why not accept the invitation and go to church next Sunday?

The Works and the Word of God

Psalm 19

By Henry Geerlings

God has made the world a place of beauty. He has decorated the heavens with millions of gorgeous flowers. How has He done this? What are the direct uses of the peacock, with its glorious plumage, and the swan with its faultless grace, and the kingfisher in its jeweled flight? One writer asks why the eyes of the antelope should be polished or the rainbow painted on the cloud. What is the secret of all this lavish beauty if it is not that the cups of God's goodness run over?

He has given man not only food to sustain his body but beauty to answer the craving of the human heart.

The nineteenth psalm is perhaps the finest expression in all literature of man's love for beauty and the answer of God to it. There are passages in the psalm which are sombre and sad, but the jubilant note predominates, and in this lesson is a psalm of thanksgiving.

People who live in towns and cities see little of the marvel of the world in the ordinary way; but when they leave the town for the country, the mountains or the sea, they are more likely to be impressed by the grandeur of nature and the stupendous power manifested in it than those who live in full view of these things every day. In any case, we do not begin to see the beauty, wonder and power of creation until we look at it with our minds and hearts as well as with our eyes. We need microscopes and telescopes to help our eyes if we are to begin to grasp the structure of the infinitely small and the infinitely large. Yet we do not need to study science or philosophy in order to feel the presence of God. A flower in the craned field is sufficient, provided we will open our eyes to its beauty and watch the process of its development.

This psalm opens on a note dear to the Hebrew, the wonders of God in nature. True, the psalmist did not have a scientist's outlook and information about the heavens for he knew nothing of "light years," solar systems, satellites. He had a poet's outlook, which made him glory in the harmony and grandeur of what he saw—the sun, which came out of its tent door every morning, crossed swiftly the arch of the sky, and reaching the limit, returned secretly to its starting point. The sun may have less mystery for us, but it is far more wonderful in our eyes, who know of sunlight's cure in diseases, its destructive work in destroying carrion, its life-giving effect upon seeds and all organisms. It is still a witness to the glory of God, who reveals his power through the outer world, exhibiting his unfailing laws, his provision for beauty and exactness.

But more wonderful actually than the sun in the limitless heavens is man's eye that beholds it and his mind that comprehends it. There is in man an inner world, in which this creature, made in the image of God, can share in the knowledge of God's work. The sun shines and does not know that it shines. Man lives, and knows it, can reflect upon it, judge himself, and think God's thoughts after him. So verses seven to eleven celebrate this inner world where God's law is understood, where His perfect law is appreciated, and His commandments approved.

Yet even so, the tale is not complete. The heavens are glorious; God's law is recognizable and perfect, but man, unlike the sun that warns him, can err, can rebel, can disobey. He can understand the heavens and approve of God's laws, but can not understand or master his own heart. Hence the psalmist's prayer that he be cleansed from secret faults and presumptions.

The Bible is our guide to God. It reminds us that God speaks in universal language to all men, preparing them to seek and appreciate the truths revealed to those who will listen further. We need the Bible, not because we know nothing about God without it, but because we know so much that we need more. We can know enough to make us grope after God, enough to make us aware of transgression and sin, but not enough to give us a message of forgiveness.

DUTCHMEN WIN OVER HOOSIERS BY 10 TO 7 TALLY

South Bend's Studebakers knotted the count at six-all in the first of the sixth inning of the postponed game with the Holland Flying Dutchmen at River-view park Tuesday before the Hollanders sped ahead in their half of the sixth to a 10-7 victory.

The Dutchmen slipped badly in the first of the sixth when the Studebakers loaded the bases twice and scored four runs after the locals had given four walks and committed a couple errors.

Bill Vandenberg held the visitors to three hits in his seven innings. Lefty Van Wieren took over for the last two rounds and gave one hit and one run. Vandenberg also walked seven and fanned 11. Lefty walked one and struck three. The Dutch cannoner Ben Doetsch who went nine innings for 15 hits. He walked only one and struck only two.

In the second inning Tuesday Holland jumped into a four-run lead which it held for five innings. Then things began to fall to pieces. Holland began allowing unearned runs to score and it looked like they were going to end up on the tail end of another game.

Ken Vanden Berg off in the second with a single to right field and Bill Vandenberg got on on a third baseman's error. Nels Van Lente and Wenzel fled out. Vandenberg scored on one of them before Elmer Van Wieren clocked another single to right. The De Neff boys each came up with a double scoring three more runs.

Harry De Neff led the winners' batting average with four hits in the form of two doubles to center field and two singles in five times at bat. He led off in the fourth with a double and Ev De Neff sent him in on a long triple also to center field.

After four South Benders had scored in the sixth, one forced in on a walk. Holland began its winning rally. Harry De Neff and Elmer Van Wieren each got to first on singles and advanced on a pitcher's error. Van Wieren scored on a wild pitch, which sent De Neff to third. He later scored when Driscoll flied out.

Bill Vandenberg socked a long double to lead off in the eighth. Nels Van Lente followed him with a single and swiped second before Van Wieren's third single scored them both.

STATES DANGER RISES IN USE OF HOME MEDICINE

Rotary Speaker Points Out That Even Iodine Has Its Perils

Dr. James Costen of St. Louis, Mo., and Castle park spoke to the Holland Rotary club at its Thursday noon luncheon in the Warm Friend tavern last week.

One of the most interesting sections of his talk was the comparison of medicine as it was practiced by the Syrians and Babylonians 3,000 years before Christ with the way it is practiced today. For a comparison of the way in which government is now trying to regulate medicine, he read a few of the laws set down by these ancient people about paying doctors so much if they performed a certain duty successfully and cutting off their hands if the operation was not successful.

What's happening in America, he said, is that the general desire to get service for nothing has crept into the political background.

The discovery of copper meant not only fighting and other tools but also copper salts for medicine, he related in another section of his address.

Among the things he listed as dangerous if used by the individual without a physician's direction were aspirin, which was already the leading pain remedy 50 years ago, tincture of iodine and benzidine inhalers.

Iodine is dangerous, he explained, because if it is used indiscriminately within a few days it may burn or blister and make a minor wound severe. It is an alcoholic solution and if it sets long, the alcohol evaporates and the solution ceases to be a tincture and becomes strong.

Benzidine inhaler is all right, he explained for hay fever sufferers and people with low blood pressure, but if a person has high blood pressure benzidine may raise it enough to cause a stroke. The next two Rotary meetings will be held at the Macatawa Bay Yacht club.

OTTAWA PROPERTY IS OFFERED TO G.R.

Grand Rapids, Aug. 8—The city of Grand Rapids is considering an offer from Mrs. Benjamin S. Hanchett of a gift of land for the extension of South River Blvd. southwestward and for the establishment of a new city park along Grand River, west of the west belt line road.

The land is located in Ottawa county, the only condition being that the park be named in honor of her late husband. The city commission was hesitant in accepting the gift because the city is not financially able to adequately maintain parks it already has. However, the service committee decided to send engineers to survey the land and study the proposal.

At present the boulevard extends to the bridge over Grand river at the west belt line. Right-of-way would have to be obtained across property lying between the end of the present boulevard and the Hanchett property, but it was said the city would encounter no difficulty in obtaining it. If the boulevard were extended through the proposed park it would swing into old M-21 to provide a return route for motorists. Eventually it is proposed the boulevard would continue along the river to join M-50 near the bridge.

Power Plant Held as Cause of Disturbance

Having received numerous complaints, relative to a "hissing" noise of escaping steam Tuesday July 30, the Harrington Coal Co. said the noise was not caused by a boat being tied up at their docks as many persons were led to believe.

As explained by a board of public works official here, such noise will result when a change is made from one boiler to another as it is necessary to let the steam escape. DUTCH FIGHT IS TOLD IN LETTER

Reeman, Aug. 8—A vivid description of the invasion of The Netherlands by the Germans has been received by Max Bekkering of Reeman, from his sister, Mrs. J. Benes, at Assen, Netherlands.

One of her sons, Dick, was in one of the battles fought in northern Holland, but escaped injury. All the family is safe, but faces an uncertain economic situation, it is indicated. Written May 30, the letter required almost two months to arrive here.

Expressing Divine thanks for their escape from peril, Mrs. Benes writes, as freely translated: "War with all its horrors went as a hurricane over our fatherland. I can merely say it was terrible. Our son, Dick, had the most harrowing experiences during those five days of invasion. For some time he had been on the line where they were anxiously awaiting the German onslaught, and of course received the first blow. It was so unexpected that many were taken prisoner. But fact is that our Holland soldiers fought like lions, and many Germans were killed."

"Finally Dick and other soldiers were ordered to retreat first to Hoogeveen and farther to Friesland and the dike near Harlingen. It was their duty to blow up every bridge they had crossed. When they came to Steevwyk they heard the Germans were only 2½ miles behind them. Immediately they requisitioned available autos to reach the dike."

"It was by this that the battle was most severe and soldiers fell by the thousands. One can scarcely realize how substantially this dike was built, almost solid concrete and reinforced with steel. Everything on the dike was moved off but the bullets had no effect on the dike and rolled into the water."

"His most horrible experience was with bombings. He had received orders to fight against the parachutists, and said to me: 'Mother, it is terrible to see these men hanging on a parachute and lift up your gun and kill them.'"

"It was quiet here in Assen except when the bridges were blown with a tremendous noise. Germans up to now have not bothered us very much; their behavior is quite normal. It is very painful, however, to live under a strange government. The first result is that clothes, shoes and other necessities are not obtainable, but we hope this will soon be regulated. We ourselves have plenty, hence don't worry about us. Life goes its normal course, but autos are not used, and the old-fashioned buggies and wagons have made an appearance."

G.H. LOOKS TO TONNAGE GAIN

Grand Haven, Aug. 8—Estimates have been made that Grand Haven harbor will show a 25 per cent increase in harbor tonnage in 1940 over 1939, thus enabling the harbor to retain its position as one of the leading West Michigan harbors, placing third behind Muskegon and Ludington.

Increased receipts and shipments will total about 345,000 tons more than last year when the port's tonnage was listed at roughly 1,465,000 tons. The anticipated total of at least 1,810,000 tons should compare favorably with Muskegon, which totaled about 1,745,000 tons last year, and with Ludington, 1,645,000 tons in 1939, both also expecting gains over last year.

Grand Haven's rise to its former position as a leading West Michigan port began in 1937 and has continued steadily. The port at one time totaled as high as 3,000,000 tons annually prior to transfer of car ferry and Lake Michigan passenger lines to Muskegon in 1932 when the harbor slumped to less than 1,000,000 tons.

The rapid increase in tonnage is attributed largely to development of the Construction Aggregates sand and gravel enterprise at Ferrysburg and establishment last year of the Harbor Industries tank farm for storage of fuel before distribution in West Michigan.

Shipments of Construction Aggregates are expected to represent almost half of the harbor tonnage this year with estimates placing the gravel plant's total at about 900,000 tons. This amounts to more than 25 per cent increase over last year's total of roughly 700,000 tons.

Holland Pastor Reports on Move for Defense of Religious Liberty

"America seems to be awakening to the fact that she alone of the nations of power and influence is left to defend the American system of government, with its foundation guarantee of free speech, free press and the right to worship God according to the dictates of one's own conscience," the Rev. B. L. Post, pastor of the Seventh Day Adventist church, said Friday.

He said that a large and representative group of religious leaders of Protestants, Catholics and Jews gathered in Washington, D. C., "to discuss what America should do to keep intact the principles of government wrought out by the founding fathers, and especially guard the sacred liberties of conscience."

The following statement on the principles of religious liberty was adopted by the emergency committee and ratified by the national conference:

"We believe that religious liberty is a God-given, ineradicable right, to be recognized and conserved by all human agencies that exercise authority."

"We believe that religious liberty is the enjoyment by the individual of the inalienable right to choose his religious affiliations, without coercion from any source whatever."

"We believe that religious liberty is the ultimate ground of democratic institutions, and that whenever this liberty is questioned, restricted, or denied, by any group, political, religious, or philosophical, the friends of religious liberty should become greatly concerned."

"We believe in the total separation of church and state, as set

forth in the first amendment of the federal constitution. Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof."

"We believe that the recognition and the preservation of religious liberty by civil governments, involve the acknowledgement through their constitution, written, or unwritten, that religion, or the duty which every man owes to his creator, does not come within the cognizance of the government."

"We believe that the time has come for all friends of religious liberty to consider that, within the past 25 years, one fourth of the population of the whole world has come under the sway of dictators, who either delimit, or completely destroy the religious liberties of the people over whom they rule, and considering this alarming fact, the friends of religious liberty should unite in its defense."

"We believe that every friend of religious liberty should exercise himself to the utmost in the maintenance of absolute religious liberty for his Jewish neighbor, his Roman Catholic neighbor, his Protestant neighbor, and for every one else. Profoundly convinced that any deprivation of this right is a wrong to be challenged, we condemn every form of compulsion in religion, whether it be exercised by a religious body, or by a civil state."

"We believe that a basic distinction between religious liberty, and religious toleration must be clearly recognized; that the moral right to the full enjoyment of religious freedom can be consistently claimed only by those who re-

fracture religious coercion, and that the cultivation of a sentimental religious tolerance toward groups, who within their own domain of authority deny to the individual his religious liberties should be condemned, because this tends toward the betrayal of a basic human right."

"We believe that subtle, and powerful forces are now at work within our own country, threatening our democratic institutions; that the surest, and most effective method of maintaining security is to strengthen the hands of the people of America in the God who has granted to every man the right to religious liberty, and therefore, we call upon all who serve God, all who appreciate democratic institutions, and all who desire to restrain authoritarian, and totalitarian aggression wherever found, to join in the defense of religious liberty."

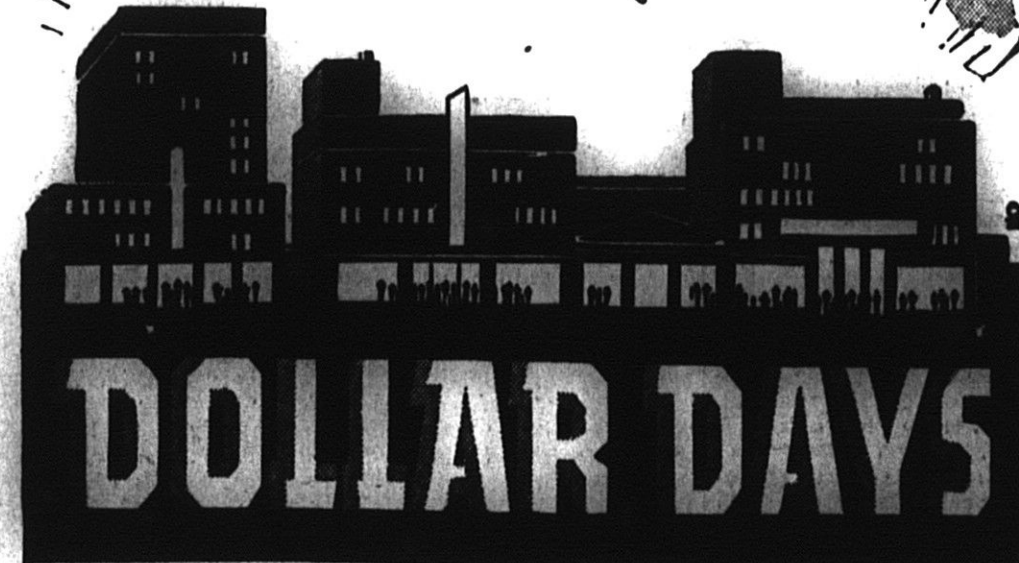

Dr. Charles Clayton Morrison, editor of the "Christian Century," was the chief speaker in the mass meeting which followed this call. Rev. Post said that he feels with this group "that national safety and prosperity depends on that unity of purpose which would direct our steps in the way of the founding fathers."

HOFFMAN CALLS ON COLLEAGUES TO FIGHT DRAFT

Declares Proposal of FDR Threatens to Lead U.S. to War

Washington, Aug. 8.—"To further his personal political ambition, President Roosevelt would, by involving us in war, sacrifice the lives of a million American boys and gamble with our freedom," Cong. Clare E. Hoffman of Allegan, Mich., charged here in a blast at the president's conscription proposal.

"This man in the White House is just as ambitious as an Alexander or a Napoleon; just as callous as a Nero," he asserted in letters to his Republican colleagues in congress in which he urged them to bestir themselves to limit the president's control over the defense program.

He added: "No doubt your boyhood days, like mine, were glorious ones; days with plenty of time for recreation of all kinds—happy days—and most important of all, days of opportunity. Unless we are utterly selfish, we wish to know that our children will live under like circumstances. You realize that, unless we bestir ourselves, they will not have the opportunities we enjoyed."

"All too long we in congress have been the tail of his kite—without a kite-tail's steady influence. We know he is incompetent. Some doubt his loyalty to our form of government. Why then should we not, in conference, take action which will bring forth a plan for military training in schools, colleges, local communities and elsewhere, which will give our nation needed protection without entrusting to the hands of our dictator (shown to be such by past legislation and the Chicago convention) our freedom, our independence?"

"If we are worthy of the confidence of our people; if we have the ability which congressmen should have, the courage of which every American boasts, is there any reason why we should not make a vigorous and a successful fight to defeat the president's present purpose—to draft men in time of peace; to send them to serve in South America or wherever his fancy may dictate; in short, to involve us in an unnecessary war?"

"Let us not be content with opposition. Republicans have the intelligence, the patriotism and the courage to draft legislation which will give us mechanical preparedness, trained manpower, in the American way, without depriving our people of a single constitutional right; without the establishment of a dictatorship."

"Why not cease being either rubber-stamps or ineffective protesters? Why not call upon the Republican organization leaders for a conference, select from our membership those best fitted to draft opposed legislation. Then let us back it vociferously, wholeheartedly and with determination."

"Or do you prefer to sit on your fanny, go home in November and be asked why you exist politically? If there is a reason for our being here as an opposition party, why not give our constituents some evidence of it? On my recent visit home, I was asked not a few times what the Republican party, as a party, was doing to save this country from the New Dealers."

"Willkie's overwhelming victory demonstrated that our people are looking for a leader. Congressmen who are rubber-stamps, or who just sit without thinking, or who even sit and think but do not act, will be a drag on the market in November."

"Will you insist to your member of the steering committee that we offer some effective opposition to the President's new spending, vote-buying program, disguised as a preparedness measure?"

"No motive other than constant anxiety and concern for the future of our country prompts this letter."

ASKS TO CONTROL FETE CONCESSIONS

A proposal that the general Tulip Time committee be given "full control over all concessions" and to license them during the annual Tulip Time festival was submitted to common council Wednesday night by Ald. Bruce Raymond on behalf of S. H. Houtman, general festival manager.

After reading a letter from Houtman, Raymond moved that the matter be referred to the license committee and the general Tulip Time committee for consideration. At the request of Ald. Albert V. Faasen, the council's ordinance committee also was included in this group.

"As the committee's publicity and program aids the concessions, it is only right that we should ask for some of this income," Houtman wrote.

Houtman said that the festival committee could assign the concessions, provided they are operated in proper places by proper persons, on a percentage basis.

Houtman proposed to close beer wagons and other similar advertising as public nuisances to remove from the streets during the festival.

Increase in Marriage Licenses Is Reported

Grand Haven, Aug. 8 (Special)—A sharp increase in the number of marriage licenses issued in June and July as compared with the same months of last year was reported Wednesday by County Clerk William Wilds. But it is only speculation to report that the increase in weddings was due to possible imminence of military conscription.

During June, 1940, 88 marriage licenses were issued. Only 57 were granted for the same month last year, an increase of 31. In July, 1940, 49 licenses were issued and in July, 1939, only 33 were granted, an increase of 16.

Disposal of City Sand on Private Property Okayed

Overruling objections of Ald. Cornelius Kalkman, Sr., common council Wednesday night voted to rescind its action of a previous meeting and empowered the city engineer's department to dispose of sand and dirt from street and sewer projects on private property, if requested to do so, rather than haul it to the city dump for disposal.

The matter came before council at its meeting July 17 but no action was taken because of several protests. Action to prohibit the dumping of sand and dirt on private property was taken by council sometime ago following a controversy over the use of city trucks for such work.

After council adopted Ald. A. P. Kleis' motion, which had been seconded by Ald. Albert V. Faasen, Kalkman jumped to his feet and

shouted: "What kind of a council is this? One council makes a law and the next council knocks it in the head."

He voted "no" when Mayor Henry Geerlings called for a vote on the motion.

Kleis said he had received numerous requests from private property owners who desired this sand and dirt to fill in their properties and he felt it could be used better in this manner than be trucked to the far end of the city for disposal in the city dump.

Kalkman contended there were various streets which need filling in more than private property. He objected to the city entering into the trucking business "in competition against the private truckers who pay their taxes here and are trying to make a living."

Interesting Program Is Given at Mission Fest

An estimated crowd of between 800 and 900 people gathered at Spring Grove near Jamestown Wednesday afternoon and evening in observance of the annual Colonial Mission Fest of the Churches of the Holland classis area. Jacob Tigelaar of Jamestown presided at the afternoon session and the song service was led by Rev. Nicholas Gosselink of the First Reformed church of Holland.

The Rev. Gradus A. Aalberts of the Harlem Reformed church led devotions. Martha Bolhuis, her sister Winnie and her brothers, Gerrit and Harold, of Hudsonville sang two special numbers, "Jesus, Wonderful Lord" and "Kneel at the Cross" with the guitar accompaniment played by the older sister.

Miss Clara Coburn, native of Hudsonville, and for the past 22 years missionary teacher at the girls school in Madanapalle, India, gave a vivid and interesting description of her work there and told of the remarkable progress made by the people of India. She was dressed by request in a beautiful grey silk Indian "saree" the gift of one of her former pupils.

The kindergarten teacher in the girls school of which Miss Coburn is the principal was formerly one of the pupils. Another teacher was brought to the institution years ago as a child widow of 13 and is the only Christian in her family in spite of the social ostracism and persecution she has had to endure.

The Rev. H. M. Veenschoten, recently returned from China was presented to the audience and spoke briefly of his experiences there where more than 2,000 bombs had been dropped by the Japanese upon the territory where he is working. It took some time for the Veenschotens to accustom themselves to the sound of airplanes flying overhead without the thought of possible danger.

A brief memorial service honoring the memory of Dr. John J. De Boer whose death occurred April 29, 1940, in India was conducted by Dr. W. J. Van Kersen, district secretary of the Board of Foreign Missions. Dr. Van Kersen also introduced Miss Nellie Zwemmer, formerly of China, Dr. Albertus Pieters, formerly of Japan; Miss Hannah Hoekje, formerly missionary among the Kentucky mountaineers, and Rev. Herman Vander Ploeg, formerly home missionary of the Reformed church in the west.

Psalm 86 was sung in the Holland language while the afternoon offering was received. This amounted to \$131. Rev. James (Chief) Ottoboy of the Winnebago, Neb. Indian mission gave an interesting and humorous account of his experiences among the

white people of this country and laid upon all the responsibility for evangelizing the American Indian youth at this critical stage of the developmental progress. Dr. Albertus Pieters closed the afternoon session with prayer and the benediction.

There was a large gathering of children in another part of the grove and an interesting program was presented by them under the auspices of Mrs. Edith Walwood in which representatives of various Sunday schools took part. The offering received from them amounted to \$10.

James Nykerk directed the sports program following the afternoon session. The laymen defeated the men of the cloth 8 to 2 in a baseball game which was umpired by George Schuiling. The Jamestown team defeated the Martin team 10 to 8. Abundance of refreshments were provided under the auspices of the Ladies Aid society of the Jamestown Reformed church and the net proceeds were devoted to the missionary cause.

George Schuiling presided at the evening session which featured a song service in which Cornie Steketeer and Rev. Gosselink played several cornet and trumpet duets with Mrs. J. Marcus accompanying at the piano. Rev. F. J. Van Dyk of Central Park conducted devotions after which the Trinity Women's chorus sang two numbers, "Come Jesus, Redeemer" and "Nearer My God to Thee" under the direction of Mrs. Earl Vanden Bosch.

Rev. Henry Poppen, who has been in charge of the work of caring for more than 60,000 refugees from Amoy city who fled to the island of Kulangsu where the Reformed church mission is located, gave a very vivid and stirring account of his contacts with the Japanese military leader with whom he had to negotiate and told of the high esteem with which the American missionaries were regarded on the part of both the Chinese and Japanese leaders.

The offering at the evening service exceeded that of the afternoon and brought the grand total to \$303.68. Taking as his theme, "Missions, the Heart Throb of the Christian Church", Dr. Lester Kuypier of the local seminary showed some striking analogies between the heart action in the human body and the work of missions in the body of Christ, which is the church. The fact that both are the center of life, the center of emotions, and absolutely vital to growth and maintenance was stressed by the speaker. Dr. John R. Mulder, professor of theology at the Western Seminary closed the session with prayer and the benediction.

operate a junk yard in the rear of his building.

Ald. Steffens reported that Ald. Vandenberg, chairman of the Civic Improvement committee, to whom this matter had been referred, was now back from Mayo's and he expected to have a report on this matter at the next Council meeting.

Clerk presented petition from property owners living on West 24th St. east of Washington Ave. requesting the construction of sidewalk on the south side of 24th St. between Maple and Michigan Aves.

The Mayor stated that there was no appropriation for this additional expense and he had therefore requested the Hospital Board to hold the matter over until this meeting to see whether the Council did not wish to reconsider its previous action and wait until next year before putting in the sidewalk. There were objections, however, from property owners present. Mr. Steketeer appeared before the Council and reported that he was representing the property owners living on the south side of 24th St. between Washington and Maple Aves. He stated that there was considerable inconvenience to them in not having a walk from Maple to Michigan Aves, since many of their children go to Longfellow school and he was afraid that when snow comes in the winter, it would be dangerous to have the children walk in the streets which they would be obliged to do if there are no sidewalks. After some further discussion on the matter, it was moved by Ald. Menken, seconded by Kleis, that the matter of financing this sidewalk be referred to the Ways and Means committee. Adopted.

Clerk presented communications from several churches in the city supporting the position taken by the Ministerial Association in which they recommend that the Tulip-Time Festival be conducted as a six-day celebration. Said celebration to begin on a Monday and close on the following Saturday, so as to entirely eliminate Sunday days from the program. The following churches sent communications: Central Avenue Christian Reformed church, Immanuel Reformed church, Bethel Reformed church, Third Reformed church, Fourth Reformed church, Fourteenth Street Christian Reformed church, Sixteenth Street Christian Reformed church, and Ninth Street Christian Reformed church.

The Mayor ordered these petitions referred to the special committee which was previously appointed on this matter. Ald. Steffens, chairman of this special committee, reported that their committee would have a report at the next Council meeting.

Reports of Standing Committees
Committee on Ways and Means to whom was referred the communication from the Park Board, suggesting putting in of sheet piling and a crib at Kollen park, reported having met and considered this matter.

Due to the considerable expense of sheet piling, it was the recommendation of the Committee that the Park Superintendent be instructed to use logs in place of sheet piling in filling in along the inside of the present cat walk. The Committee reported that Mr. Van Bragt had stated that he had a considerable number of logs on hand for doing this work.

OTTAWA VICTIM HIT BY BOLT AS HE WEEDS FIELD

Two Others at Work Near Hudsonville Are Not Harmed

Livestock Lost in Blaze on Farm Southwest of Holland

A summer electrical storm which swept across Holland and vicinity Monday afternoon resulted in the death of a Hudsonville youth, the destruction of a barn and its contents and threatened damage to boats on Lake Macatawa and Lake Michigan.

Sweeping out of the west about 3:30 p.m., the rain was accompanied by severe lightning.

Donald Emelander, 18, route 1, Hudsonville, was killed instantly about 4 p.m. Monday when struck by a bolt of lightning while weeding vegetables in a field on a farm, one mile north and half mile west of Hudsonville. Emelander was working alone at one end of a row while two companions were at work at the other end.

Dr. John K. Winter, Ottawa county coroner, who investigated, returned a verdict of accidental death by lightning. He reported the bolt of lightning struck the young man in the back of the head and continued down the right side of the body through the right leg into the ground.

Dr. Winter said the body was not mutilated by the bolt except that the hair on the back of his head had been singed and hair on his leg had been burned away. When found by the two companions, the body was lying face downward.

The two who were working with Emelander told the coroner it had not started to rain but that suddenly a bolt of lightning flashed. Looking toward the opposite end of the field, they said, they could not see Emelander and went to investigate. He was dead when the two reached his side. Later the body was removed to the Wolbrink funeral home in Hudsonville.

The young man is survived by the parents, Mr. and Mrs. Ben Emelander; three sisters, Mrs. Alvin Elders, Misses Sara and Janet; and two brothers, Albert and Bernard Emelander.

Funeral services will be this Thursday at 1 p.m. from the home and at 1:30 p.m. from Hudsonville Christian Reformed church. Burial will be in Georgetown cemetery.

The barn which was destroyed by fire after being struck by lightning about 3:20 p.m. was located on the farm of Cornelius Zeedyk who resides about one mile south of the Windmill station on the old Saugatuck road.

The bolt struck the barn on the west side and the resulting fire also spread to a nearby chicken coop.

Included in the loss were two horses, two hogs, a lot of hay and several chickens. One of the horses escaped from the burning barn but the animal was so badly burned that it had to be shot.

Mr. Zeedyk's grain crop escaped possible destruction in the fire as he had not started threshing operations, having planned to begin that today.

Several boats were reported to have broken their moorings in Macatawa bay during the heavy wind which accompanied the storm but no serious damage resulted. Coast guardsmen from the Holland station aided in returning the boats to their moorings.

The wind was said to have toppled over a couple of small sail boats. No damage was reported at Holland State park.

O. W. Lowry, route 4, Holland, was stopped by two local police officers on West 17th St. for speeding. When the officers learned that he was en route to Macatawa bay after having been advised his Larikin had broken its moorings, Lowry was permitted to continue on his way. The Larikin was returned to its mooring undamaged.

The first resorters at Central park were Dr. John Stryker and John and Cornelius Stryker who came in 1899. In that same year after services had been held in cottages, the desire was expressed to procure a tent for the purpose of holding meetings both on the Lord's day and on other days.

A 24 by 36 foot chapel was built in 1903 with Dr. Otte of China directing the work on what was to be known as the Union Reformed chapel of Central park. It was constructed on a lot donated by Mr. Zaalmink who owned much of the land at that time.

Doctors, ministers and laymen all joined in the task of building the temple. Those who could not come sent their sons.

Rev. A. Kriekard preached the first sermon and following him as pastors of the new chapel were Rev. A. Buursma, Rev. Mulenberg and Rev. Zwemer.

Rev. John was the first president. In 1909, John Kloote was elected president and served until 1925 when Peter Broekstra was elected in his stead.

RESORTER IS FIRST GIRL TO MAKE SOLO HOP FROM HOLLAND

Miss Mary Martindale, daughter of Mr. and Mrs. Carew Martindale of Lansing and Macatawa made two flights in the Holland Furnace plane over Holland airport Sunday night, thus bestowing upon herself the honor of being the first girl ever to solo from the Park township field.

Miss Martindale, who has over 12 hours of flying time, received Tuesday her student's pilot license which entitles her to fly alone. All her instruction has been given this year by C. E. Smith, Holland Furnace pilot here. She has had about 22 lessons since starting in June.

Norma Landwehr, the only other girl taking lessons at Holland, has had about 11 lessons.

Besides a large group of local enthusiasts, Smith is instructing students from Grand Haven and about three from Muskegon. Paul Vandenberg of Holland will be the first student from here to get a private license which allows him to carry non-paying passengers. He will apply in Grand Rapids Thursday. George Eby will apply next week for his private license and Bud Van Liere will apply next month.

Bill Zagers and Thurston Rynbrandt from Jamestown have received their student pilot's license but have not soloed. Gordon Coggswell of Holland expects to get his student license early this week. James Boter and Ed Alder, Jr., of Holland are others who are taking lessons.

ARREST BOYS IN CAR THEFT

Two 13-year-old boys have been turned over to Ottawa probate court for disposition of their cases following their arrest Monday night and Tuesday by Grand Rapids police and Deputy Sheriff William Van Etta of Holland.

The two boys are alleged to have broken into the home of Mrs. Stall at Jenison, stolen her car for a "joyride" to Grand Rapids to see a show and to have been involved in an accident on Butterworth road in Grand Rapids.

The two told officials they entered the home to obtain the car key. Then they went to a neighboring home of John Stryker where they stole a set of license plates for the car.

Called to Jenison Tuesday, Deputy Van Etta found that one of the boys had left his bicycle under a tree. Its ownership was traced but when officers called at the youth's home, he was not there, the mother stating he had spent the night at a friend's home. He was not located there and when officers returned a second time, they found he had returned.

At first, he declined to name his companion but from other sources his identity was learned. The boy later admitted the theft, stating it was their intention to return the car.

The officers went to the scene of the accident, upon learning of it from the youth, but found the car had been towed away. It was found in possession of Grand Rapids police who were holding the other boy. Deputy Van Etta said the driver of the other car in the accident had caught one boy and held him until Grand Rapids police arrived but that the other one had escaped. The boy who fled said he slept that night in a straw stack.

Tom Wilson, deputy sheriff of Jenison, aided in the investigation.

Suit to Collect Tuition Is Started in Grand Haven

Grand Haven, Aug. 8 (Special)—Suit has been started in circuit court by the Howe school of Howe, Ind., against Guy Edson of Hudsonville.

Plaintiffs claim that Grant, son of Guy Edson, enrolled in the school Sept. 6, 1936, and Edson signed an application Aug. 27, 1936 for that school year, agreeing to pay tuition of \$850, plus other expenses. Part of the tuition was paid, but Grant was dismissed from the school Jan. 4, 1937, the suit claims, for intoxication and disrespect to officials. The school claims that at that time \$699.59 was due, and requests for payment of the balance have been denied. Damages in the amount of \$1,000 are asked.

The entrance application provides that any student when dismissed forfeits the amount of his tuition.

REBATE SOUGHT FROM G.H. CITY

Grand Haven, Aug. 8 (Special)—At Monday night's common council meeting, the Oxford Varnish Co., located in a part of the Story and Clark factory building, asked \$1,600 for a percentage of payroll they claimed due them from the city.

On July 15, 1937, the Wood Reproducers Co., located in the Heap building on Fulton St., entered into an agreement with the city whereby it agreed to operate for 10 years and, if the payroll was over \$50,000 per year, the city agreed to reimburse the company 3 per cent of the amount.

The Wood Reproducers Co. has ceased manufacturing and L. V. Casto, president of the Wood Reproducers Co., who is now president of the Oxford Varnish Co., claims the latter company fell heir to the agreement. The city disagrees on the contention the agreement was with the Wood Reproducers Co. and not the Oxford Varnish Co. which claims its payroll in 1939 was \$63,000, therefore the claim of \$1,600. The matter was referred to City Attorney Howard Fant for consideration and a report at a future date.
