Bronze Plaque Honoring GAR Suggested Here

City Council disposed of considerable routine business at its regular meeting Wednesday night which lasted an hour and 42 minutes.

City Clerk Clarence Grevenog presented a letter from the A. C. Van Raalte Relief Corps of Holland suggesting that a bronze plaque with the Gettysburg address upon it which they have in their possession be made into a memorial in honor of the GAR. The letter suggested putting the plaque on a large boulder on city property, possibly near the City stone and flagstaff in Centennial Park. The organization also expressed a desire to provide a flag for the GAR flagstaff.

Council approved the idea expressed and referred the matter of installation and location to the city manager and park superintendent with instructions to report back to council.

Council approved a request from the Disabled American War Veterans for permission to sell forgotten-remnants on the streets from 6 p.m. Friday, Aug. 21 to 6 p.m. Saturday, Aug. 22. In granting the permission, Mayor Henry Harrington said there had been some complaints that some of these campaigns were overlapping into other days in factory and home solicitation. City Attorney James E. Townsend said Council has control over only the sidewalks and streets in such matters, prompting Council to make the street solicitation conditional, provided each organization limit all solicitation to the 24-hour period.

City Manager H. C. McClintock presented a report stating that officials of the Coal Producers' committee for smoke abatement had spent three days in Holland making a survey of the various plants which have been known to emit dense smoke. He said it was not possible to investigate all of the plants which had been suggested and it was not possible to make a survey of those institutions which operate only heating plants. He said information is being compiled into a report which will be made in the fall and submitted for consideration by council.

The city manager also reported he and the city attorney had consulted with operators of Vans Food Department Stores, Inc., regarding paving the parking lot and said the company had acknowledged the agreement between the company and the city which provides that the area will be surfaced with asphalt binder pavement or its equivalent before Jan. 1, 1954.

Council approved a recommendation of the city manager to purchase a standard 1-ton body truck for the Park department from R. E. Barber, Inc., at a net cost of \$847 which includes a trade-in of a 1947 model. Several bids were opened of which the Barber bid was the lowest.

Council allowed \$250 expenses for the city manager to attend the International City Managers annual conference in Las Angeles Sept. 20-24.

Oaths of office were filed for members appointed to the fire district board who include Mayor Harrington, Alvin H. Dyk, Henry S. Maentz, Robert Visscher, Helena V. Winter and Jacob Zuidema.

Approval was given an application from Kenneth E. McDonald to operate the Dutch Mill restaurant at 5 West Eighth St. Soft drink permits also were issued to Joe Schippers, operating Schippers Texaco Service at 316 River Ave., and Arthur Quist for Holland Bowling Lanes, 215 Central Ave. Quist also was issued a license to operate the bowling alley.

Three applications for constructing sidewalks were issued to Peter Kalkman, Bronkema and Derks, and Kryn Kalkman.

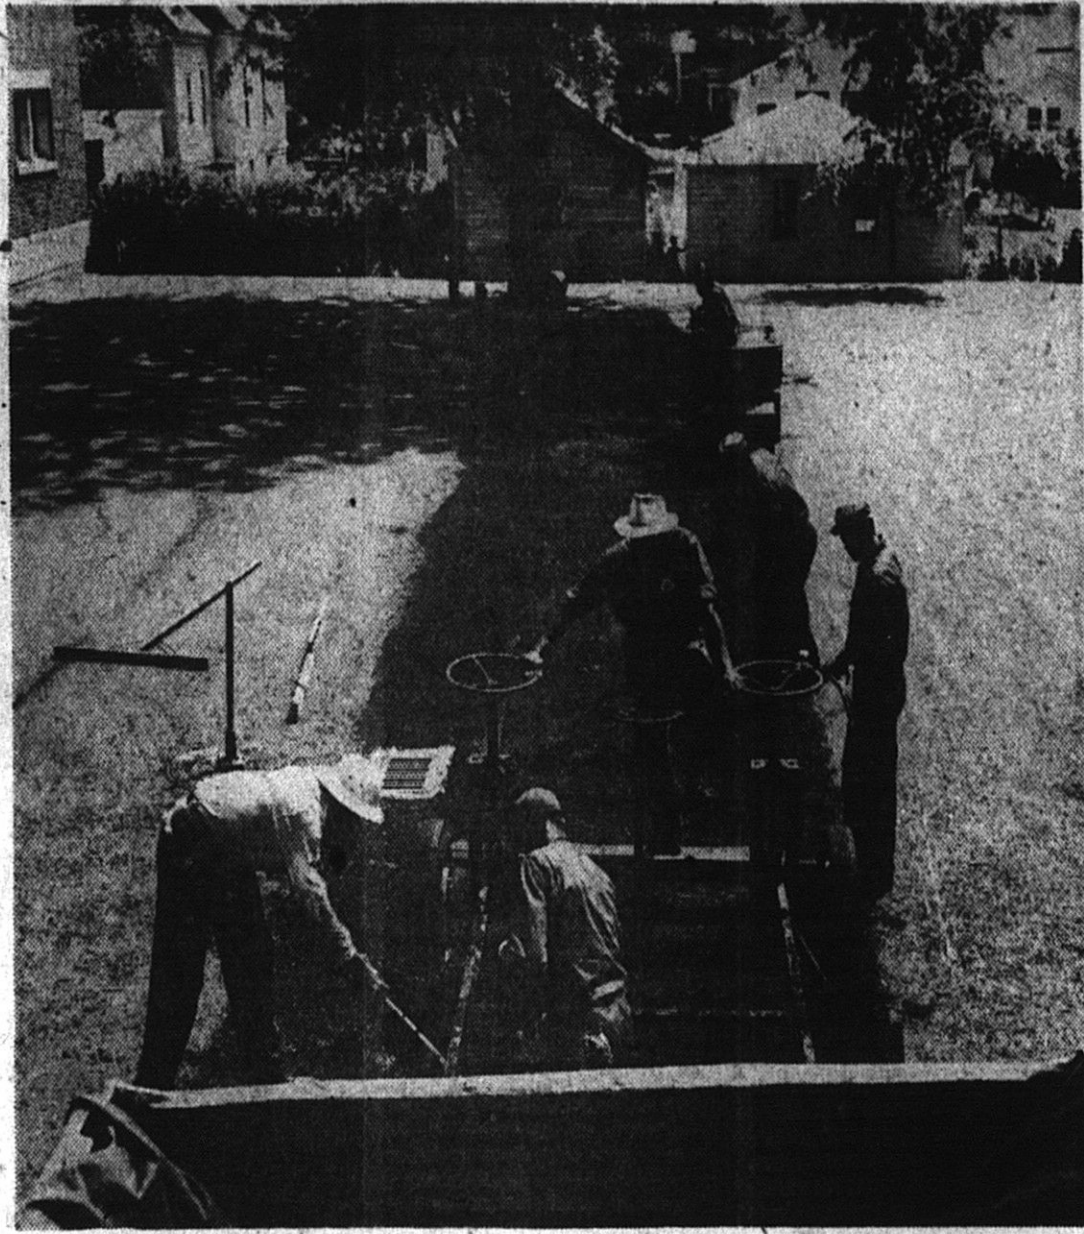

Petitions for paving East 12th St. from Lincoln to Fairbanks Ave., and paving 27th St. from Lincoln to State were referred to the city manager for report. Also referred to the city manager with power to act were petitions requesting a street light on 30th St. and 31st St. between Central and Pine Aves. An application from Peter Kalkman to move a frame dwelling from 255 West 20th St. to a location to be known as 275 West 20th St. was approved, subject to having the work done by a licensed mover in Holland.

Councilman Lavern Rudolph questioned about two street lights mentioned when he left office. The locations were 13th St. between Washington and Van Raalte Aves. and 15th St. between Van Raalte and Harrison. City Manager McClintock reported on what had been done in the neighborhoods. Rudolph also talked briefly on other subjects, suggesting council agenda should include an entry for general subjects councilmen might want to bring up.

Beer Throwing Celebrator Gets Fine, Plus 10 Days

GRAND HAVEN (Special) — Throwing beer during a parade isn't exactly the thing to do, a Grand Haven celebrator learned Monday.

Otto Emmenegger, 48, arraigned Monday before Justice T. A. Husted on a disorderly charge, was sentenced to pay \$25 fine, \$7.35 costs and serve 10 days in the county jail.

Emmenegger was arrested by city police Saturday morning during the Coast Guard parade when he came out of a local tavern with a beer glass in hand and threw the glass and beer into the street among some children.

Phone Company Marks Jubilee

This month the Bell Telephone Company is marking its diamond jubilee, and according to Andrew G. Sall, Holland manager, the first local exchange was installed in 1883 with 12 subscribers.

Service was crude compared with that of today. Roofs of buildings and tall trees were used instead of poles. Interruptions in service were frequent.

For a 20-year stretch, starting about 1900, Holland had dual telephone service. Business firms and residential users had to maintain two telephones if they wanted to be within reach of all telephones in the city.

Citizens Telephone Company and Michigan State Company consolidated and brought an end to the dual situation later and the combined exchange served some 2,000 customers.

The telephone business continued to grow with the community and is keeping pace with gradual expansion today.

Dial service was installed in Holland in 1930.

Hospital Patient Load 60 Per Cent From Holland City

About 60 per cent of all patients in Holland Hospital are from Holland City and the remainder from the surrounding areas and other places, City Council was informed Wednesday night.

John F. Donnelly, president of the Hospital board, submitted statistics on the relative usage of the hospital by people from the city and from other geographical areas. Based on checking some 30 per cent of the entries over a five-year period from 1948 through 1952, the following average percentages were determined: Holland city, 58.54 per cent; Holland township, 11.70 per cent; Park township, 9.01 per cent; Fillmore township, 4.20 per cent; all other outside, 16.54 per cent.

Eliminating the outsiders, the proportionate percentage of patient days for the city and townships on a five-year average would be as follows: Holland city, 70.14 per cent; Holland township, 14.01 per cent; Park township, 10.79 per cent; Fillmore township, 4.03 per cent. This table was drawn up to show the proportionate share of cost each body might assume in financing additional hospital facilities, assuming patients from farther away would not participate in the program.

After Donnelly's presentation which included distribution of statistics to each councilman and a display of graphs on the bulletin board, Mayor Harry Harrington told councilmen to take the matter under consideration and suggested an informal meeting of Council and Hospital board to consider the next steps in solving the hospital problem.

In other business, Council denied a request from August A. Von Ins, 16 North River Ave. for a new SDD license and a living quarter permit. City Manager H. C. McClintock read a letter from Police Chief Jacob Van Hoff outlining problems of parking and enforcement at this location. It also pointed out that Holland has eight taverns, seven SDD establishments, four SDD establishments and six clubs licenses. Allowing for a few cases which overlap, the city has 22 locations which dispense beer or liquor. The vote denying the request was 4 to 2, with Councilmen A. A. Nienhuis and Lavern Rudolph dissenting.

Council also decided on a \$10 fee for a street parade in connection with the Clyde Beatty circus which the Shrine Club will sponsor here Aug. 21. Council denied a request for the club to hang two banners advertising the circus across city streets. Since all profits that revert to the Shrine Club will be used for underprivileged children, there was considerable discussion on whether the parade fees should be waived, much of the argument being directed to matters of principle. With the vote 3 to 3, Mayor Harrington broke the tie and authorized the fee.

The Municipal Recreation building committee presented bulletin No. 4 from the architects, Louis C. Kingscott and Associates, covering installation of a frame and fire door between the wall of the stage to serve the new opening and an opening in the second of the two walls between the stage and truss area, the total additional cost being \$305.30. The bulletin also covered trimmings for the lighting fixtures in the gymnasium at a cost of \$169.

Later City Manager McClintock presented a report on the progress of the construction and estimates of amounts due under the contract. Payment No. 3 amounting to \$15,871.36, charged to the recreation building account of the construction fund, was approved by Council.

The meeting lasted an hour and 42 minutes. Mayor Harrington presided. Absent were Rein Visscher and Bernice Bishop. Councilman John Belman gave the invocation.

GRAND HAVEN (Special) — A declaration was filed in Ottawa Circuit Court Tuesday in the case of Ada J. Atman, Rochester, N.Y., versus Hanna Wathen of Cadillac seeking \$25,000 damages for alleged permanent injuries received in an auto accident at 10th and Central in Holland Aug. 29, 1952, in which Mrs. Atman was seriously injured.

Big Turtle Derby Set for Aug. 14

Hey kids, there's going to be another Turtle Derby in Holland! The Holland Junior Chamber of Commerce is completing plans for another such derby to be held Friday, Aug. 14, at 6 p.m. at River-view Park. The derby will be run much the same as last year with mud turtles representing sponsors at \$5 apiece.

Donn Lindeman is serving as general chairman, assisted by several other committee members. The contest is set up in eight heats, with separate prizes going to winners in the first, second and third heats, and final and grand prizes for later heats.

Jaycees expect to have about 40 entries, the same as last year. The members have obtained the turtles from South Haven Jaycees, who already have staged their derby. There also will be some "local talent" since turtles are being caught for the derby from the Black River swamps here.

The turtles are kept in a tank of water and are fed raw hamburger every other day.

As an added attraction, Jaycees will repeat the balloon stunt from last year. All children at the derby will be given a tagged helium-filled balloon which they will release at a given signal. A prize will be given the person who finds a balloon the farthest from Holland.

Traffic Violations Hit All-Time High

ALLEGAN (Special) — Arrests and convictions for moving traffic violations in the city of Allegan hit an all-time high during July, according to Police Chief Howard Falk.

Thirty violators paid a total of \$1,057.80 in fines in Municipal Judge Ervin Andrews' court. Parking violations cost residents an additional \$181.50, according to Falk.

Falk also announced that a plan would soon be put into effect to help curb out-of-state traffic violators who have been ignoring municipal court summonses.

Receipt books are being printed so that an arrested driver may appoint the traffic officer as his bond and post a forfeitable bond. Amount of the bond will be in line with average fines levied for various offenses. The violators may either forfeit the bond or appear in court. Falk said this same system is in use in most major cities.

Tax Collections Slow; Deadline Set Aug. 15

Only 43.8 per cent of the summer taxes have been paid so far, City Treasurer Alden J. Stoner said today.

Of the total levy of \$853,799.17, less than half of \$374,253.32 has been turned into the treasurer's office.

Tax deadline is Aug. 15 after which a 2 per cent penalty will be added until Sept. 10 when unpaid summer taxes will be spread on the fall rolls at 6 per cent.

Nurse Shortage

GRAND HAVEN (Special) — The Municipal Hospital Board reports that 10 beds on the second floor north wing of the hospital are unused because of an acute shortage of nurses. There are now eight nurses on the staff. At least 14 registered nurses are needed in order to use all 50 beds. Practical nurses and aids could help greatly in relieving the situation and those who could give one or two days a week would be welcome, according to Fred Ehrmann hospital board chairman.

Soldier Returns After Almost Eight Years in Tokyo

A local soldier who was drafted in 1941 but decided to make a career of the United States Army recently returned to Holland with his family after spending almost eight years in Japan.

Major Cornie De Boer, son of Mr. and Mrs. Martin De Boer of 136 East 16th St., is currently enjoying a 30-day leave with his wife and two children at the home of his parents.

Major De Boer and his family arrived in Seattle July 8 after a 12-day voyage from Tokyo on the ship M. M. Patrick. Then the De Boers took a plane from the Coast.

Since he arrived in Tokyo shortly after V-J Day in 1945, Major De Boer has spent seven years and nine months with the G-2 Intelligence service. His wife, the former Miss Camilla Warren of Forest Park, Ill., who was graduated from Hope College in 1935, joined her husband with one child early in 1947 and lived in Japan for almost 6 1/2 years.

The De Boers now have two children, a boy and a girl. Warren, 8, was born in Chicago shortly before Major De Boer left for Japan. Ainsley, 1 1/2, was born in Tokyo.

Major De Boer said that the living conditions in Tokyo were practically identical to those in the United States. The family lived in a section of the city called Washington Heights, where more than 800 servicemen and their families resided.

Major De Boer expects to stay in Holland until Aug. 14, when he will be re-assigned. Eventually he expects to receive another term of duty overseas.

Graduated from Holland High School in 1931, Major De Boer attended Hope College for three years.

Group Discusses Animal Shelter

ALLEGAN (Special) — Board members of the Allegan County Society for the Prevention of Cruelty to Animals met at Otsego library Monday and discussed the animal shelter and other topics.

Willard Feltenberger presided at the meeting which was attended by Mrs. Delos Gerry, Mrs. Lura Sanford, Mrs. Hal Vincent, Mrs. Lester Moore, Mrs. Wilson Hitchcock, H. H. Rowley and Franklin Douglas.

It was pointed out that many persons bring animals to the shelter and because there is not a full-time attendant, they many times have to be them up or just leave them inside. Often an animal is kept at the shelter a considerable length of time and this raises the problem of food costs.

The society pays for the bill because there is no donation made when the animal is left at the shelter.

The society is a charitable, non-profit organization financed principally by a group of animal lovers and depends on donations from Allegan County citizens.

It was announced that in addition to Bernard Holmes of Otsego, humane officer, Franklin Douglas of Allegan, past president of the society, will be deputized in the near future and will have authority to investigate reports of cruelty to animals in Allegan and vicinity.

The next meeting is scheduled for Aug. 31 at the Otsego library.

Second of Twin Sons Dies in Grand Haven

Zeeland Horse Show Successful

ZEELAND (Special) — Despite an outbreak of rain which cut down evening attendance, club officials said today that the 9th Annual Zeeland Riding Club Horse Show was a huge success.

The show was held in three parts Saturday at the Zeeland Athletic Field. A field of 120 entries competed in 34 events in the day-long affair.

Shortly after the afternoon show has been completed, the downpour drove riders, horses, and spectators to cover. But the rain stopped in time for the evening performance and a fairly good crowd braved the wet surroundings to watch some of the finest equestrian talent in Michigan.

From the start of the children's show in the morning to the last event at almost midnight, announcers John Van Dam, Jerry Helder and Lawrence Kaat kept things moving at a rapid clip.

P. T. Cheff, of Holland led all contestants with his four blue ribbons on the merit of his flawless jumper, Tilford. Cheff won the Opening Jumping, Knock Down and Out, Jumper Stake, and In and Out Jumping.

His other jumper, Plenty, didn't do as well, but took a second third, and two fourths.

The show was co-sponsored by the Zeeland Riding Club and the Zeeland Lions Club. All proceeds will go to the Zeeland Hospital Building Fund.

According to General Chairman Willard F. De Jonge, more than 1,000 spectators attended the event, but he said that the net profit from the show had not been determined as yet.

Jesiek's Seeks Right to Build

GRAND HAVEN (Special) — Jesiek Brothers Shipyard of Park township has commenced suit in Ottawa Circuit Court against the township Park Board. The Jesiek company asks that the board be restrained from interfering with the use of property including blocks 7, 8, 9 and 10 in Keneveld's Supervisor's Plat in connection with the operation of the business.

The suit also requests the board be restrained from interfering in any way with construction of a proper building on the lots for purpose of showing, storing and repairing motorboats and vessels used in connection with the resort business.

The shipyard firm began in 1910 on lot 2. Three years ago, plaintiff planned construction of a one-story building, 80 x 150 feet, on the above four lots. They asked to have the lots rezoned and classified as an industrial area.

The board refused permit for construction of the building and the township clerk informed plaintiff the permit would not be issued because the property was zoned as residential.

The Jesiek firm claims the proposed building would not be "unsightly" and would not "constitute a nuisance."

Woman Doctor Eagerly Awaits Trip to Africa

A childhood dream will come true for Joyce Branderhorst—a full fledged doctor—on Sept. 2 when she begins the first leg of an air journey to Nigeria, Africa.

Dr. Branderhorst is to take her place as the second doctor, and the only woman doctor, to work in the small town of Lupwe, located in central Nigeria.

Her 7,000 mile trip will begin in New York and end in Makurdi, Nigeria on Sept. 4.

Ever since her grade school days at Holland Christian school, when she heard reports of mission work by the Rev. and Mrs. Edgar Smith, missionaries from the Ninth Street Christian Reformed Church, Dr. Joyce has been interested in medical mission work.

After attending Holland Christian Schools, and winning a scholarship to Calvin college in Grand Rapids, Miss Branderhorst went on to the University of Michigan Medical School where she was one of seven women in a class of 130 to graduate in 1952.

After her years of college training, she spent a year interning in New Orleans, La., at the Southern Baptist Hospital. Applying for medical mission work was her next step.

There is no hospital in the town of Lupwe, in fact, according to Dr. Branderhorst, there has been no doctor for some time, as Dr. Roy Davis, who was at the post for a few months, was called home by illness in the family.

A staff of four nurses is now running the dispensary that makes up the medical facilities of the village. Dr. Branderhorst said, but a \$100,000, 40-bed hospital is being planned for the future.

The hospital will be financed by the Christian Reformed Churches of America, under whose auspices Dr. Branderhorst is going to Lupwe.

Dr. Branderhorst said that Dr. Davis would probably come to Lupwe in order to introduce her to the work.

A school and a church were set up in the town in 1928 by the Rev. and Mrs. Edgar Smith. Lupwe is the main missionary station for the area and several out-stations also have been established.

Dr. Branderhorst will be expected to treat any and all kinds of diseases and illnesses. In preparation for her work she has taken some instruction in treating tropical diseases at Tulane University.

Besides treating diseased patients, she will be the only surgeon in the area and will have to perform operations under extremely difficult conditions.

For instance, Dr. Branderhorst said that all work will have to be done by the light of kerosene lamps as there is only one small and undependable electric unit in the village.

At this time there are no facilities for surgery, and one of the first things Dr. Branderhorst says she will do is set up an operating room. She expects that another doctor will be assigned to the area in October or November.

Dr. Branderhorst also said that she hopes the other doctor will take care of the diseased patients and leave the surgery to her because she enjoys it so much.

Besides the regular populace of the village, there is a nearby colony of 600 lepers. A nurse has been in charge of this colony for some years, but the other new doctor will take over upon arrival.

Dr. Branderhorst has heard that the natives will react favorably to their new woman doctor and are in fact looking forward to her arrival. Often, however, the natives will come to the doctor only for their own witchdoctor's medicine has failed, she added.

Preparation for the journey has taken a long time, and Dr. Branderhorst explained that freight charges on the two and one-half tons of baggage she takes with her will be paid by the missionary society. Any luggage over that she must pay for herself. She also re-

marked that the doctor preceeding her took eight tons of supplies.

Besides all types of canned and dried foods, Dr. Branderhorst is sending a bed and several other household articles to Africa. She has even found a kerosene refrigerator and will be able to keep her perishable medicines and foods cold.

The doctor said that it will be just like setting up housekeeping after the supplies arrive, but until that time she will have to "live out of a suitcase and off from the other missionaries." The supplies will take three months to arrive in Lupwe.

One very important item that will be included in the baggage is a small portable organ, presented to her by the Sunday School classes of the Ninth Street Church. The organ weighs only 90 pounds and has been specially treated to withstand the insects and other tropical pests.

Dr. Branderhorst will have a one month vacation each year which will be spent in higher country to escape the jungle heat. According to the doctor the thermometer climbs to 120 degrees during the dry season.

She mentioned that when the wet or monsoon season comes along, she will have to be especially careful, as are all white people living in the tropics, to take anti-malarial medicines and use mosquito netting.

One thing that Dr. Branderhorst will be looking forward to during her time in Nigeria is her first furlough, two and a half years after her arrival.

During the six months she will be married to Ray De Haan, of Grand Rapids. De Haan is now at the University of Michigan Medical School and the two of them will return to Nigeria after their marriage.

Bowman's Wins Week-Old Game In Legion Play

Bowman's took the second "installment" of a week-old tie game, edging R. E. Barber 5-3, and Elzinga-Volkers smashed Padnos 14-2 on a two-hitter in Junior American Legion baseball at Riverview Park Tuesday night.

Bowman's took two innings to rack up their victory, ending the last Tuesday's game that was called after eight innings with the score knotted at 2-all. They punched across three runs in the top half of the tenth, and held the losers to a single score in the bottom half.

The game-winning runs came home on a double, two singles, and error. Barber scored theirs on a pair of walks and error.

Last week Bowman's collected two runs in the fourth inning on three singles and a double. Barber had evened it with a run in the third on two walks and a single and one in the fifth on an error and walk.

Prince with three hits and Humelink with two led the winners. Mack, Kraai, Raak and Aloff had one each. Knoper led the Barber attack with three hits, while Okrie, Wolbert and Hockema chipped in singles.

Jim Kaat held Padnos to two hits while his teammates combed Kaper's hurling for 12. First inning home runs by De Jonge and Mienema and an error gave the winners a quick three-run lead.

Elzinga-Volkers notched five runs in the next frame on three walks, two singles, and a pair of errors. A pair of singles brought in two third inning runs, and three singles and a trio of errors drove in four more in the fourth. Then Kaper bore down and pitched a runless ball from there on.

Every Elzinga-Volkers batter but Kaat collected at least one hit. Broersma had three, Komejan and Mienema had two and Raterink, De Jonge, Wyngarden, Klampet and Sawyer had one.

Elensas and Farina shared the losers' two hits.

Allegan Records 21st Fatality

ALLEGAN (Special) — Two traffic deaths in two days put the Allegan county toll at 21 today, just five short of last year's 26 deaths for the entire 12 months.

With a population of 47,493, the county's death toll was many times greater on a per capita basis, than two neighboring, larger counties. Kalamazoo, with 126,707 residents, had only 22 deaths on the books, and Kent, with 288,982 residents, had 24 fatalities to date.

Mrs. Anna Merritt, 94, of route 1, Allegan, became the county's 21st traffic victim when she died Tuesday afternoon in Allegan Health Center. Injuries suffered when she was struck by a car as she crossed heavily-traveled M-89 in front of her home early Tuesday proved fatal to the elderly woman. She was on her way to put a letter in her mailbox when struck by a car driven by John Shashagay, of 269 West 11th St., Holland.

Funeral arrangements are pending the arrival of a grandson from Chicago, the only survivor. The body is at the Gorden Funeral residence.

Another pedestrian, Mrs. Anne E. Tidd, 72, of Allegan, became the county's 20th fatality of the year when she died Monday afternoon in St. Mary's hospital Grand Rapids, as a result of injuries suffered when she was struck by a car, July 25, in Allegan.

Camp Geneva Enjoying Busy Season This Year

Camp Geneva, the Reformed Church young people's camp on Lake Michigan a few miles north of Lakewood Farm, has had a busy season so far this year and currently is in its seventh conference of a full calendar of 10 young people's conferences and three adult conferences, the latter scheduled in September.

So far this year 1,474 campers have attended camp and it is estimated another 600, plus 300 to 400 adults will be guests during the remainder of the season.

The camp has been in operation for six years and has an investment of approximately \$250,000. Its 38 acres with 1,000 feet of frontage on Lake Michigan has seven cabins, a large dining hall, chapel and class rooms, canteen, clinic, lavatories, wells and a business manager's home. The camp is owned and operated by the people of the Reformed churches in Michigan. Alonzo Wierenga has been the business manager for several years.

Camp directors for the season, each serving a week, are the Rev. Henry Van Raalte, the Rev. Wallace Stoepker, the Rev. Russell Vande Bunte, the Rev. James Baar, the Rev. Harold Ringoldus, the Rev. Chester Meenga, the Rev. Cornelius Reynen, the Rev. Arthur Van Eck and the Rev. the Rev. Harmon R. Wierenga and Mrs. Ralph Eggert of Muskegon, the Rev. Arthur O. Van Eck and Mrs. Al Derks of Lake Erie, Anne Baar of Grand Rapids, Fannie De and Mrs. Harry Young of Holland, ids, the Rev. John Vander May Harold Leestma.

Classical counselors are the Rev. John Hilma of Grand Rapids, Kleine of Jamestown and Mrs. John Maassen of Kalamazoo. Synodical counselors are the Rev. John Benes of Holland and Florence Vander Molen of Kalamazoo. Donald Van Ark of Holland is registrar.

The camp is controlled by a board of directors of 20 members. John Dykema of Muskegon is president; Henry De Vette, Muskegon, vice president; Dr. Louis Benes, Grand Rapids, secretary; Harold De Boer, Grand Rapids, treasurer.

Of particular interest this year is the new family conference scheduled Sept. 1 to 4 in which adults may bring their children. Week-End Storms Do Little Damage

Violent week-end thunderstorms dumped a total of 1.04 inches of rain on Holland but caused only minor interruptions of services and no serious damage.

The Board of Public Works reported one transformer on 13th St. was struck by lightning late Saturday. Lights in the south end of Holland dimmed for a few seconds but came back on immediately. But for routine house calls, no damage was reported, officials said.

Michigan Bell Telephone Co. officials here said the main portion of the storm appeared to skip over Holland. A few phone lines were knocked down by falling limbs cutting off service for a time. Service in the scattered areas was expected to be repaired by night-fall.

Holland Coast Guard and fire department reported a routine week-end, and only a few minor accidents were investigated by police despite the large volume of traffic moving through the city Saturday and Sunday.

Attendance at Holland State Park was cut down somewhat because of the storm with only 14,400 visitors at the park Sunday, Saturday more than 18,000 stopped at the park bringing the total for the week to 89,000.

Gets Fine, 30 Days

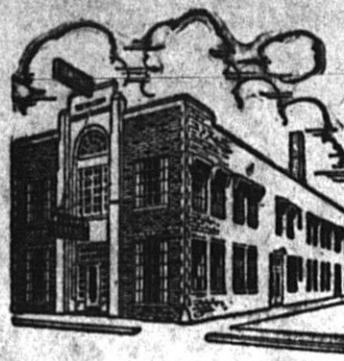

HAMILTON—Roger Lee Brower, 17, Hamilton, arraigned before Justice Joe Hagelskamp here on a charge of driving without due caution, was sentenced to pay fine and costs of \$20 and serve 30 days in Allegan county jail. If fine and costs are not paid, he must serve an additional 20 days. Young Brower was arrested in Hamilton last week by an Allegan deputy.

There's a detour sign ahead for all drivers traveling on West Main Ave. in Zeeland since the surface was taken off at the corner of Main and Jefferson in order to lay sewer pipe. The operation is only a small part of the huge West End Sewer Project that is being handled by the Mulder Welding and Steel Fabricating Co. of Holland. Shown

above is the air hammer drilling operation that is used to strip the pavement. Lateral sewer connections for homes on Taft St. between Main and Central Aves. have just about been completed, according to Andrew Mulder. The entire project is expected to be finished late in the fall. (Prince Studio photo)

J. FRANK DUFFY

Holland people and his many
friends over the country and in
the industrial field will remember
J. Frank Duffy as a good citizen
and as an industrious person.

His engineering and sales ability
has earned for him and his com-
panies a wide acquaintance as he
had been connected with Duffy
Manufacturing and Duffy Latex
Companies for more than 30 years.
He was one of the original de-
velopers of the process for the
rubber-stick adhesion and the holder
of a great many patents in this
field.

Mr. Duffy was well known in
his adopted city of Holland, hav-
ing moved to Holland from Chi-
cago some 31 years ago.

In the more than a quarter of a
century that he was a resident of
Holland his activities in business,
clubs, his church and community
projects will long be remembered.
Holland can be happy that J.
Frank Duffy came to our city 31
years ago.

"OPENLY ARRIVED AT"

One of the late President Wil-
son's famous phrases was "open-
ly arrived at." When representa-
tives of the people, from president
down to the most humble public
official, make commitments in the
name of the people, the citizens
who elected or appointed them
have a heart to know not only
what those commitments are but
how they were arrived at.

So thought Wilson, but his prin-
ciple is also often ignored. Public
officials not infrequently even
claim the right to make secret
agreements, to say nothing of
keeping secret the methods in
which the agreements were made.
Out of Ann Arbor comes word
from Arthur L. Brandon, direc-
tor of the University of Michigan
public relations, that the board
of regents is willing "to discuss
the opening of its meetings to the
press." If this willingness results
in "open" meetings of the regents
it will be a triumph for those who
have been battling for "open"
gatherings.

That battle has been going on
for a long time. During the past
year or two it has taken on na-
tional proportions. The press has
been fighting back at those who
would restrict the right of the
public not only to learn accom-
plished facts but to find out how
those facts were arrived at. The
latter is often just as important
as the former.

As a result of demands of the
Michigan Press Association Michi-
gan State College some time ago
opened its meetings to the press—
which is of course the same as
opening them to the public. No
bad results have developed. If the
University of Michigan should
follow suit, the people of Michi-
gan will be in a position to know
how the educational forces of the
state, for which many millions are
appropriated each year, do the job
which the people have delegated
to them.

It will of course sometimes be
unpleasant for the regents to legi-
slate for the University in the
presence of the press. Those reg-
ents are subject to recall through
the ballot box, and it is well
known that the general public is
sometimes ignorant in regard to
complex educational needs. If all
elected members of such a board
were paragons of wisdom and in-
tegrity, "closed" meetings would
doubtless be desirable. But the
people of Michigan remember that
not a decade ago, at least one
former regent landed in the peni-
tentiary; they are not unreason-
able in wanting to watch the
operations of the members they
have elected.

The process of commitments
"openly arrived at" is sometimes
clumsy and embarrassing to those
who make the commitments, but
that is the way the democratic
system works.

had been ridden in the Zeeland

The Whole Armor of God
Ephesians 6:10-20
By Henry Georlings

It is natural for us to compare
the forces of evil today with the
same forces that were operative in
the days of the apostle Paul. The
forces are the same. The organized
powers of darkness about which
the apostle wrote, the principal-
ties and powers and the world rulers
and spiritual hosts of wicked-
ness, are all active today.

Not one of them has gone out of
business. They may change their
tactics from age to age, but there
is cunning back of that. They may
not be so emboldened now as they
were 1900 years ago. They may be
using less revolting and cruel
methods, nevertheless they are
quite as alert and determined. Our
danger is not a whit less than was
that of those who "met the tyrant's
brandished steel," and the "lion's
gory mane." The only difference
may be that our arch enemy
chooses today to use more crafty
and clandestine methods.

The tactics of Satan differ with
each one of us. They are not the
same from age to age, and they are
not the same for all individ-
uals living in the same age. He
would not tempt us with the open
saloon, with sabbath breaking, with
thrift. But he would tempt us with
unkind thoughts, with indifference
toward the greatest possible issue
of life, with dissatisfaction over
our lot, with petty jealousies, with
secret desires. He is a very know-
ing individual. He makes a study
of your case and mine. He knows
our weakness, the point at which
we boast of strength. He knows we
are vulnerable.

It becomes us to boast of our
strength as compared with that of
others. We may be housing weak-
nesses and sins quite as perilous
even though they are less conspicu-
ous. Boasting itself is the unpro-
tected spot in our nature and he
knows how to find the joint in our
harness.

We ought not to underestimate
either the enemy or the serious-
ness of the conflict. Paul makes a
good case, for the strength, the
aggressiveness, and the craftiness
of our spiritual opponents. Anyone
who has tried to live as a Chris-
tian should must have found how
many foes he has had to come up
against. It is the fashion to laugh
at the devil and to mock at the
thought of his personal tempta-
tions. He is here and everywhere
in the Bible represented as a per-
son who, either himself or through
his subjects, even as he did to
Christ in the wilderness. It is
dangerous to underestimate the enemy.
Many an earthly battle has thus
been lost, as Braddock did his by
underestimating the French and In-
dians.

The Christian's most difficult
task is to face temptation and not
yield to it. It is his severest test
if he can come through tempta-
tions untouched by evil. We may
as well acknowledge and face the
fact. It is not easy to be a Chris-
tian. This is not surprising when
we learn that the gospel itself is
confronted by the forces of evil,
and through its advocates must
fight through to victory or go down
in defeat.

The courage it takes to be a
Christian is not easily acquired
and kept. There are forces to meet
—some inside ourselves, others
outside ourselves, but all set our
standing up for Jesus. Always the
fight is on. It is unavoidable. Satan
uses all his skill against Chris-
tians. The vital part of the lesson
is to be prepared to stand. It is a
fight we must wage. It cannot be
avoided.

This is an authoritative fore-
warning, but it gives details for
being forearmed. Paul called it
the whole armor of God, the armor
of God has designed and made
for the use of Christians. He does
not send Christians forth unequipped
to give a good account of them-
selves when they meet Satanic
forces. Putting on the armor is a
voluntary act. Each puts on the
armor for himself. God provides it,
but we must accept it and use it.

This armor is adapted to meet
all our needs as we face evil. Paul
knew it was the soldier who wore
the armor and used it who gave
worth to the armor. A cowardly,
weak, disloyal soldier would not
stand before a foe, no matter what
his armor was. So he insisted that
the wearer of God's armor prove
his fitness for it by prayer and
watchfulness. He was to pray for
strength and direction, and be un-
selfish in his praying. He was to
be alert, never found unready to
face the foe.

Burglars Enter Local
Church During Week-End

Holland police Monday were in-
vestigating a break-in at the
Trinity Church, 485 Central Ave.
some time early Sunday morning.
Entrance was gained by prying
up a side window and smashing
another window. A typewriter was
believed stolen. Church officials
were taking inventory today to de-
termine if anything else has been
taken.

A 12-inch cinder bar, found near-
by, was probably used to open the
window, police said, despite the
fact that the church front door
was not locked.

Justice Court jury Tuesday after-
noon found Matilda Beich not

erable questioning, she admitted

but she might not have seen them.
Police Chief Lawrence De Witt

for dispensing alcoholic beverages.
On behalf of Mrs. Beich, Joe
Reiss, a waiter at the tavern, said

bar to see who came into the place
although she remembered seeing
some friends there that night.

ville in the Upper Peninsula after
Pickett had escaped from a North
Michigan prison farm at Mar-
quette a week earlier.

questioned about the robbery of
six sportsmen who found a man
in their cabin 20 miles south of
L'Anse-au-Loup when they returned
Sunday night. The intruder shot
the tires of one of two cars after
robbing the men of \$300 and took
a second auto.

Detective Irwin, who was criti-
cally hurt in the shooting back in
1941, was a patient in Holland Hos-
pital for a time before being re-
turned to Grand Rapids. Irwin had
accompanied a Grand Rapids in-
surance company representative to
Indiana to pick up the youth, at
that time 15 years old, and a
stolen auto.

Later in Allegan Circuit Court,
Judge Fred T. Miles sentenced
Pickett to serve a maximum term
of 10 years.

They Planted Beauty--Local Residents
Find Joy in Creating Pretty Garden

The opportunity of having a
garden, which came with a change
of residence and a more normal
work schedule, has brought joy
and a sense of completeness in
life to Hessel Turkstra. When he
gave up the bakery he had oper-
ated on Seventh St. to move, a
few years ago, to 655 West 23rd
St. he at once bought an extra
adjoining lot so that he might sat-
isfy a long-time desire to have a
garden.

To build up the sandy soil Mr.
Turkstra hauled in quantities of
leaves, grass clippings and fertil-
izer. He set out shade trees, ever-
greens, and three apricot trees. A
shrubbery and flower border was
laid out to make an attractive
picture from their living room
window, and now from early
spring until late autumn there is
always something in blossom in
this garden. A vine covered, white
lattice garden seat has been built
for summer evening enjoyment.

As Mr. Turkstra points out various
trees and plants he tells of many
which have been given him by
friends impressed by his zeal and
delight in creating beautiful sur-
roundings for his home.

Behind the flower garden are
enough strawberry plants, currant,
raspberry, and blueberry bushes
to supply them with fruit, and a
vegetable plot yields asparagus,
rhubarb, beans, corn, tomatoes
and potatoes. A compost pile is
maintained to furnish a continuing
supply of humus to build the
soil. There are always problems in
growing things, the Turkstras have
learned, but also a wonderful sat-
isfaction.

Mrs. and Mrs. Jack Vroski, 1
River Ave., built a gay splash of

color for the enjoyment of their
neighbors and all who pass when
they planted a wide border of
pink, white, and coral phlox and
azaleas-mums. They demonstrate
that a big show of beauty can be
grown on even a small lot.

And we notice an unusually at-
tractive planting in front of the
home of the Fred Van der Ploeg,
75 West 20th St. The curved line
of the grouping and the nice
graduation in the height of the
material used make a striking ef-
fect. Particularly pleasing color
combination too has been achieved
through the use of yellow azaleas-
mums, variegated coleus, and blue
agastema against the background
of bronze and green shrubbery.

Be sure to cut the blossom heads
from your phlox before they go to
seed so as to keep next season's
plants true to color.

The addition of lime and other
chemical fertilizers to a compost
pile will hasten its decomposition
and make it a more valuable plant
food. It is recommended that two
pounds of lime and one-half pound
of ammonium nitrate be sprinkled
over a one foot deep layer of
leaves, grass clippings, and other
plant material which covers an
area of six by 10 feet. The whole
is wetted down thoroughly. Addi-
tional layers may be added in the
same way, but it is most impor-
tant to wet down each layer. The
sides should be built slightly higher
so that the depression in the
center will hold rain fall. Make a
start now in building a pile so that
you have the habit when the
leaves fall and furnish you with
an abundance of food for next
year's plants.

nounce the name of her husband.

Paving Projects
Okayed in Allegan
By City Council

ALLEGAN (Special) — Plans
and specifications for three street
paving projects were approved and
a fourth plan rejected by City
Council Monday night.

Council set Monday, Aug. 17, as
the date for hearing objections to
proposed paving of Davis St., from
Western to Delano; all of Arbor
St., and Ida, from River to Main
Sts. Council rejected petitions for
paving two blocks on Grant St.,
because property assessments are
too low to bear a fair share of the
costs.

Street projects filled Monday's
agenda. Council studied tentative
plans for the new state highway
bridge on M-118 within the city.
The plans, which call for a three-
span concrete structure, will re-
place a 65-year-old trestle bridge.
Councilmen were especially inter-
ested in the state's proposal for a
temporary bridge to be built ap-
proximately 200 feet north of the
present site to handle traffic while
work is in progress. Plans also in-
dicated that the state would buy
the Allegan Monument works
building to provide better visibility
at the bridge's east approach.

Council also revised plans for a
\$9,500 repair project on the old
South Side bridge on Second St.
The project has been on and off
city budgets for the last five
years.

Also discussed were plans for
a storm sewer to relieve a serious
situation at the intersection of
Knapp and Vernon Sts. City Man-
ager P. H. Beauvais's plans for
the project were approved and he
was authorized to ask for bids. He
estimated the cost at \$6,272, most
of which will be paid out of gas
and weight tax funds. Beauvais
also reported that a new storm
sewer serving the Chestnut and
Monroe St. intersection is now in
service.

Beauvais reported that on a re-
cent trip to Lansing he had con-
ferred with state highway officials
about the possibility of widening
and building curb and gutter on
Grand St. from the top of the hill
to the railroad crossing. He said
highway officials would approve
sharing equally with the city on
the project and that work might
be started yet this year, providing
the city does the preliminary field
work.

July Seemed Sweltering, But It Was Only Average

People who thought July was sweltering are in for a surprise... the weather was really quite normal. Those scorching days earlier in the month were more than offset by cooler weather later. Actually, it was even slightly cooler than July last year.

According to Charles A. Steketee who compiles weather data for Holland, the average temperature for the month was 73.6 or 1.9 degrees above normal. Average temperature last year was 74.8 or 3.1 degrees above normal.

The maximum was 93, compared with 95 in 1952, 88 in 1951, 90 in 1950 and 96 in 1949. The minimum temperature was 48, compared with 48 in 1952, 42 in 1951, 45 in 1950 and 51 in 1949.

The average temperature was 73.6, compared with 74.8 in 1952, 69.4 in 1951, 69 in 1950 and 75.3 in 1949. Average maximum temperature was 84.6 in 1953, compared with 85.6 in 1952, 81.7 in 1951, 80.4 in 1950 and 86.6 in 1949. Average minimum temperature was 62.5 in 1953, 64 in 1952, 57.1 in 1951, 57.6 in 1950 and 64 in 1949.

Precipitation amounted to 2.62 inches or .11 inch above normal. Precipitation in other years was 5.26 in 1952, 1.88 in 1951, 4.23 in 1950 and 7.92 inches in 1949.

Precipitation fell on 10 days, compared with 12 days in 1952, six days in 1951, 12 days in 1950 and eight days in 1949. Greatest precipitation in 24 hours was .94 inch, compared with 1.59 inches in 1952, .50 inch in 1951, 1.31 inches in 1950 and 2.60 inches in 1949.

Official Cities Results Of Hearing Tests

ALLEGAN (Special) — William K. Ickes, audiologist for the Michigan Association for Better Hearing who completed three days of hearing tests here Friday, said "hearing loss can often be stopped and sometimes cured."

The three-day clinic held here was designed to follow-up on 14 hearing loss cases discovered through tests conducted at last fall's Allegan county fair.

Reports on the new tests were mailed to each individual's doctor, Ickes said. "Modern testing equipment makes it possible to detect loss of hearing before the individual may become aware of the condition, making early treatment possible," he said.

John Walger, a druggist of Durham, England, generally is credited with the discovery of the friction match in 1827.

Judge Cuts Tab For 'Humiliation'

ALLEGAN (Special) — Circuit Judge Raymond L. Smith put a lower price tag on the "humiliation, shame, sense of outrage and mental suffering" of an Otsego truck driver who won a recent false arrest suit than did the jury which heard the case.

In an opinion filed at Allegan, Judge Smith allowed damages totaling \$500 to Homer Jackson, Otsego, who had won a \$1,330.28 judgment when he took his false arrest case before a jury in June. Jackson charged that Irwin Rompans, Otsego police officer, had falsely arrested him for reckless driving following an accident in Otsego. He was found not guilty of the charge after his attorney pointed out that there were no witnesses to the accident and that Jackson had been arrested as he walked home from the scene with a fender over his shoulder.

In addition to damages for "humiliation, shame etc. Jackson asked \$330.28 for alleged loss of profits from two truck trips to New York.

Judge Smith pointed out that Jackson had not been charged with a "heinous crime, only a traffic violation" and indicated that Jackson had been arrested previously for such violations. As for the trips to New York, Smith said they had only been delayed. Jackson had the choice of accepting the opinion or asking for a new trial within 15 days.

School Committee To Meet Aug. 27

The Citizens School committee which was appointed about two months ago to promote floating a \$900,000 bond issue for elementary schools in Holland will hold an organizational meeting Aug. 27 to which all interested persons are invited. Place of the meeting will be announced later, according to Hans Suzenaar, committee chairman.

The citizens committee, consisting mainly of representatives of the four PTA's and local civic groups, was formed by Board of Education action. Previous meetings concerned mainly organizational problems and involved work on facts and figures. This preliminary work has now been completed, and leaders of the smaller committees are ready to get the entire program set up to get the information over to the public.

The \$900,000 figure includes a fifth elementary school and site expansion and in some cases building expansion at the other elementary schools.

Rain Halts Game In Sixth Inning; Rink Wins Again

A four-run outburst in the second inning and an outburst of rain in the sixth pushed Holland's Flying Dutchmen to an abbreviated, 5-2 victory over the Grand Haven Athletics Monday night at River-view Park.

The win did two things for the Dutchmen—avenged an earlier defeat at the hands of the Athletics when Grand Haven clipped Holland, 2-1, in 10 innings, and shoved the Dutchmen into the top spot of the Southwestern Michigan Baseball league's second half with a 4-1 record.

Righthander Willie Rink limited the Athletics to five hits in the six innings he pitched. The game was halted at the end of Grand Haven's half of the sixth. Rink struck out 10 men, and seemed to fan Athletics when it counted the most. An error and a hit gave them a one-run lead in the first, and then stretched it to two in the second on the same combination.

Terry Burns was stranded on second in the first after his double, but the Dutchmen rammed out four hits for four counters in the second and were never headed after that.

Morrie Witteveen started the second with a double to left and Lou Humbert walked. Clare Van Liere drove both men home with a double to center, but Alden Klompars hit into an infield out.

Willie Rink walked, but was forced at second by Ron Fortney. Van Liere came home, however, on the fielder's choice and was followed moments later by Fortney when Burns slammed his second hit into right field.

Holland registered an extra run in its last frame at the plate. Fortney opened the fifth with a triple and scored when Burns clobbered his third hit.

For the Athletics, the loss was their first in second-half play. They now stand second in the league with a 3-1 showing.

The lot will accommodate 30 to 35 cars for daytime parking for customers and merchants on the south side similar to that now available on the north side of the business section. It also provides a convenient place for those going to the city hall.

New Subdivision Being Developed

There has been a great deal of interest in the new residential development opened in the southwest part of Holland. This development designated as the Wildwood Subdivision is located between 28th and 31st St. and extends east from Ottawa Ave. to a point approximately 250 feet east of Harrison Ave.

The site was obtained by a group of local citizens with the thought in mind that if the city was to have a well-planned residential development, now was the opportune time to start.

Among the major items to consider in seeking a location for a new home are availability of utilities, types of homes to be built in the area, nearness to schools, churches and shopping center and police and fire protection.

Considerable study was made by members of the group in drawing up a set of building restrictions governing construction of homes in the area. A committee from the group will screen all building plans and specifications to be sure they meet with restrictions.

In working out details for the new development, the group worked closely with city officials and the planning commission to assure themselves that the street layout and plat would meet all requirements of the city zoning ordinances.

Owners of the site are not in the real estate business and to be sure that all details on the sale of lots are properly handled, they have selected a local realtor as their agent.

Bids Let for New Church Addition

Beechwood Reformed Church of which the Rev. John Benes is pastor will soon have an addition at the rear of the present church.

Bids for the new addition which will have a basement and two floors were let at a meeting of the consistory Monday night. The following bids were approved: Russell Lamar, general construction, \$54,944; Northside Electric, \$5,000; William Kool Plumbing, \$3,403.15; Peerbolt Sheet Metal, \$2,488; total, \$65,835.15.

The addition will have Sunday school classrooms, a society room, consistory room, nursery and additional toilet facilities. Main reason for the addition is the growing Sunday school which currently has an average attendance of more than 400.

Serving on the building committee are John Voss, chairman, Harold Borgman, Harve Keane, Cass Israels, Gerald Gebben and Ernie Wanrooy, J. and G. Davenport are architects for the addition.

Beechwood Church was organized early in 1944 and in July of that year the congregation called the Rev. John Benes who was serving a church in South Haven at the time. Until his arrival in October, 1944, the church had been supplied by visiting ministers. Construction on the colonial church was begun in the spring of 1946 and the building which has an auditorium which seats about 450 persons was completed at a cost of \$50,000 to \$60,000.

Elzinga Pitches Three-Hit Ball For 5-3 Victory

North Holland authored one of the City Softball League season's biggest upsets Friday night as it edged VFW 5-3 on a three-hitter at Van Tongeren field. In the other game Moose pulled a mild upset of their own, knocking off Barber Fords 4-1.

Bob Elzinga for North Holland pitched air-tight ball after the second inning, and his mates gave him superb support in the field, committing just one error. The winners made their hits count, collecting at least one run in every inning they hit safely.

In Moose's shocker both teams turned in two-hitters, but Fords' pitching sprung a leak to give the winners three shady runs and the ball game.

VFW wasted no time in picking up a pair of first-inning runs. The first two men to the plate scored, one on a single, error, wild pitch and single, and the other on a single, fielder's choice, stolen base and wild pitch.

North Holland bounced back with a single in their half of the frame when the leadoff man singled, and moved around on an error, fielder's choice, and passed ball.

In the second inning the VFW leadoff man walked, and a double drove him home with the losers' last run. North Holland pitcher Bob Elzinga pitched hitless ball from then on.

In the third inning the winners wasted a triple, then scored a run on three errors and a passed ball, to tie it up. They moved ahead for keeps in the fifth frame when a triple and fielder's choice scored one run and a stolen base, error and wild pitch brought in another.

In the sixth inning, when it was too late, VFW pitcher Rog Schutt bore down and fanned the side.

Cal Bosman led the winners with two hits. Bern Slagh, Glenn Ebels, and Elzinga had the other safeties. For VFW Bill Franks, Vern Vande Water and Al Kraai shared the three singles.

Schutt for VFW walked one and struck out 10. Elzinga walked two and fanned the same number.

Fords' pitching lapsed in the third inning, with four walks that put the first three men on base and helped score them. Moose neglected to gather a base hit during the inning, but didn't need one.

But aside from that breakdown Moose faced a two-hitter, with both safeties coming in the next inning as back-to-back doubles in the next inning drove in their last run.

Bob Fortney for Moose also hurled a two-hitter, with a wasted single in the fifth, and one in the sixth that helped drive in a run.

Walt Hudzik and Stu Baker had Moose's doubles, while Ken Bauman and Norm Boeve had Fords' hits.

"Water, water everywhere and even a few drops for sprinkling!" That's the old saying with new words that has been going around Zeeland for the last couple of days. Reason for all the rejoicing is that additional water is finally being pumped into the city's supply from the new Riley St. wells. After a long series of tests, the water was pumped into the system for the first time early Thursday. The "no sprinkling" edict was promptly lifted and an evening sprinkling schedule was adopted. Un-

limited sprinkling will not be allowed until pumps for the other two wells are installed. On the scene at the corner of Main Ave. and Carlton St. as City Water foreman George Schout turns the valve to let the new water enter the mains are (left to right) Mayor Robert S. De Bruyn, Chairman of the Board of Public Works Elmer Hartgerink, BPW member Peter Brill, Schout and City Clerk John Holleman.

Fireworks Will Be Used Labor Day

GRAND HAVEN (Special)—Saturday night's storm cancelled the big fireworks display at the Coast Guard Festival, but people from the area will have a treat a month hence when the fireworks will be displayed, plus another program during the day.

Many in the crowd were disgruntled when General Chairman Charles K. Bugielski announced that the fireworks were called out. Bugielski and Fire Chief Henry Hoebeke gave two reasons for the cancellation. One was that the fireworks had absorbed moisture causing them to swell and it was impossible to place the fireworks, some 28 inches in diameter, in the heavy steel tubes.

The men explained that the fireworks must be set in the tube all the way to the bottom in order to prevent them from blowing up and igniting gases at the bottom.

The other reason was that firemen stood a chance of losing \$1,000 worth of fireworks in the wet weather. As it was, 50 feet of land barrage which was to have been a surprise, was destroyed after two attempts to mount the display.

One disgruntled critic remarked, "What's the matter, are you scared of them?" Bugielski replied, "We're not scared of them, but we respect them because we know what they're made of. Some have 5 1/2 pounds of dynamite in them."

Engagement Told

In a nuptial high mass at St. Peter's Church, Douglas, on Saturday, July 18, Miss Susan Thias became the bride of C/3 Phillip L. Boyer, U. S. Navy. The Rev. William J. Hoogterp performed the double ring ceremony.

Her illusion veil edged with lace was held in place by a tiara of seed pearls. She carried a colonial bouquet of yellow and white carnations. Her three-strand pearl necklace was a gift of the groom.

Grandstanding...

By Woody Guernsey

Here's one fan's answer to the slack attendance around local diamonds:

After reading a Grandstanding story regarding fan interest! I consider myself a fan of all Holland sports.

But I find it impossible to fight the mosquito situation at Riverview Park, and likewise Van Tongeren Field. A situation that MOST cities control.

A Scratching Fan.

The gentleman has a point—but compare our bugs with the ones that stopped a ball game in the Southern Minnesota League last week. Imagine seeing the notation "Called at the end of seven because of flies" after the box score. But that's what happened.

It was a night game between Winona and Austin, and after seven innings the flies were so thick around the lights that the field was blacked out. A 15-minute period of darkness—made, this time—had no effect except to allow more of the tiny diamond enthusiasts time to buzz over from the nearby Mississippi River and join their little friends.

The mosquitoes are a nuisance, but things could be worse. We haven't lost a ball game to them yet.

Detroit Edison Post ran away with the State American Legion Baseball title at Bay City last Saturday, smothering Ironwood 19-4 in the finals. In the first round Grand Rapids' entry had blanked the new state champs 8-0, but ironically enough it was Ironwood that edged the Furniture City boys 3-2 and ruined their first trip to the state finals in over 20 years. Sometimes baseballs get in a few crazy hops of their own.

Actually, Ironwood's win over Grand Rapids was something in the nature of a gift. The losers were ahead 2-1 in the top of the ninth when the leadoff man singled. The next two batters fanned, and then the Grand Rapids left fielder turned in a three-base error on a single, two runs scored, and the Grand Rapids boys dusted off their train tickets.

At least Holland, which dropped two straight to their neighbors to the east in the district playoffs, has the consolation of having lost to a club that almost made it.

Bay City, incidentally, enjoyed the unique privilege of playing under the eyes of Bay City umpires. After the tournament, surprisingly enough, there were slight rumblings to the effect that someone other than the host team should furnish the ump. Bay City beat Grand Rapids.

Ironwood used one pitcher for their last three games, and he finally tired in their loss to Detroit. But instead of heading for the showers he simply took a different perspective at the batters. He slipped on pads and a mask and settled down behind the plate to catch the rest of the game.

Train Him to Mind

If you want your dog to be dependable, obedient and safe, don't fondle him constantly and don't permit him to do as he pleases. Over-indulgence may lead to unpleasantness and regret when you discover you have an unruly dog who may bite someone or destroy a neighbor's property. You should restrain and punish him when he misbehaves and keep him fairly under control at all times. Of course, be considerate in your demands, and a certain degree of kindness should prevail always.

Never give a command to your dog unless you want him to obey; having once given the command, do all in your power to make sure he complies. Never give unnecessary commands and then not follow them through. A dog will get as much pleasure from carrying out your wishes as from having his own way. In fact, the canine mind is so constructed that your dog is happiest when he is obedient and faithful.

Not Disease Carriers

The other day I overheard one woman tell another that she didn't want a dog in her house because dogs transmitted diseases to humans. This is not so.

As far as I have been able to learn there is practically no canine disease which is transmitted to human beings with the exception of rabies.

I have corresponded with prominent physicians and all tell me that distemper and colds are not communicable from a dog to a human. Skin troubles are also not transmitted except in rare cases. Then it is usually because infection from the dog has come in direct contact with an open cut on a human.

You don't have to avoid your dog if he is ill. Instead give him care and attention and don't worry about catching his ailment—you won't.

Dog Notes

Priests' Lecture To Dogs

Dogs, because of their close association with man through the ages, have become a sacred symbol in the religion of certain peoples. Buddhists, for instance, believe that animals are the reincarnation of humans who have sinned while living on earth. This fact a few years ago saved the lives of innumerable dogs in China. A campaign against stray dogs was started by the city officials of Kiangsu and Changshu in Kiangsu Province, and because of the city fathers' orders, the Buddhists became very active in the dogs' behalf.

In these two Chinese cities stray dogs were collected by Buddhist worshippers and placed in reservations at the outskirts of the city to prevent the local dog catchers from impounding and executing them. Every morning Buddhists priests preach to the dogs in an attempt to teach them not to become nuisances to the community. Dogs that were especially unruly were given individual lectures by the highest priests.

When a dog was considered to have absorbed the teachings of the priests he was either placed in a private home or turned at large. At last reports there were 200 dogs in the reservations maintained by Buddhists in Kiangsu and Changshu.

Zeeland Council Plans Another Off-Street Lot

'South Side' Merchants Seek Equalization For Their Section

ZEELAND (Special)—One more step was taken in Zeeland's off-street parking drive Monday night as City Council approved plans for another parking lot on Cherry St. City Attorney Randall Dekker was instructed by Council to negotiate a lease with the Boonstra Mercantile Co. for a lease on property that is now used as a driveway. Dekker said today that the lease should be completed later this week.

The addition of this property will give the city two parking lots south of Main Ave. on Cherry St. At its last meeting, Council approved a lot of city-owned property just east of the City Hall for parking.

Action for "south side" parking lots was initiated by merchants on the south side of Main Ave. who wished for an equalization of the large lot north of Main.

Work is now in process on the lot just east of the City Hall and it will hold about 30 cars on completion. Estimates on the capacity of the newest lot run from 15 to 20 autos.

Other action taken by Council included its decision not to pave Colonial St. between McKinley and Madison Sts. A dust binder was applied and seemed to solve the dust problem, according to a report by the Streets and Sidewalks Committee. It was decided to apply a similar coating to North Centennial St. and Harrison St.

A joint-payment plan was worked out for new storm sewer in the Schuitema addition on the west end of the city. Tabled for investigation was a suggestion to extend Lawrence St. from Pine St. to Jefferson St.

The Ordinance Committee was asked to investigate a proposal to license all bicycles. That matter will be taken up again at the next meeting.

In other action, Patrolman Arthur Lampen was promoted to Sergeant as second in command to Police Chief James Flint. City Attorney Dekker turned in his resignation as chairman of the city's civil defense program. A new chairman is to be appointed by Ottawa County Chairman Fred Heitje.

ZEELAND (Special)—The alertness of Police Sgt. Arthur Lampen prevented possible heavy fire damage to the Zeeland Truck and Trailer Co., 342 East Main Ave., early Tuesday.

Lampen, who was just promoted to Sergeant by Zeeland City Council Monday night, smelled smoke while driving in the police cruiser shortly after 5 a.m. He turned in the alarm to the weary Zeeland Fire Department, which had been out until after 1 a.m. fighting a two-burn fire on the Wynand Bos farm east of the city.

Fire Chief John Van Eden said the blaze took about one-half hour to extinguish, and he estimated the damage at \$300.

According to Van Eden, a big beam in the roof of the building had apparently smoldered all night and had broken into flames, which damaged the interior of the building and finally came through the roof. Van Eden said the fire was caused by faulty electrical wiring.

In a garden wedding Saturday afternoon at the home of Mr. and Mrs. Gerald Bolhuis, 1107 South Shore Dr., their daughter, Barbara Jean, became the bride of Richard Wilson Raabe, son of Dr. and Mrs. Elmer Raabe of Morenci. The Rev. Christian Walvoord read the double ring service at 4 p.m. on the lawn overlooking Lake Macatawa.

Baskets of white gladioli and a border of perennials formed the background for the ceremony.

Wedding music, including the Lohengrin march, was played by Miss Muriel Elzinga. She accompanied the soloist, Miss Carol Relmink, who sang before and during the ceremony. "Through the Years," "Because," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a ballerina length wedding dress of white tulle over taffeta. Flowered medallion lace formed the oval neckline. Medallions were applied on the double tulle skirt and were repeated in the Juliet cap which held the shoulder-length veil. She carried a cascade bouquet of white snapdragons and carnations with an orchid center. Her pearl necklace was a gift from the groom.

The attendants were Miss Vivian Voorhorst, maid of honor, and the Misses Virginia and Janice Raabe, sisters of the groom, bridesmaids. They were dressed alike in pale green taffeta strapless gowns of ballerina length with redingotes of white organdy. They carried daisies in colonial bouquets and wore daisies in their hair.

Assisting as best man was Don Koza of Romulus. Ushers were George Karis of Ann Arbor and Clarence Shewbridge of Livonia. Mr. and Mrs. Alvin Cook, uncle and aunt of the bride, assisted as host and hostess.

Serving punch on the lawn were the Misses Carolyn and Mary Irwin of Grand Rapids. White gladioli decorated the coffee table in the dining room. Pouring were Mrs. Donald Lester of Grosse Pointe Farms and Mrs. Morton Ingall of Dearborn, aunts of the groom. Assisting were Mrs. Ronald Walters and Miss Doris Buurman.

The bride's mother wore an afternoon dress of light green taffeta and the mother of the groom wore navy blue. Their corsages were of white roses.

Among the guests were grandparents of the bride and groom, including Mr. and Mrs. Charles C. Raabe of Delphos, O., Mr. and Mrs. Frank Bolhuis of Holland and Mr. and Mrs. Gerrit Van Tamen of Zeeland.

For a wedding trip east the bride chose a light summer suit with which she wore navy accessories and the orchid from her bouquet.

Home Run Gives North End 8-5 Win Over Moose

A grand-slam home run gave North End Tavern all they needed for an 8-3 win over Moose at Van Tongeren field Monday night. In the other City League softball game Barenam's Service and VFW traded four-baggers, with VFW on top 4-2.

Moose touched North End's Ed Stille for three runs in the first inning, but he settled down to pitch scoreless ball from there on, allowing singles in the second, third and fourth innings. The three first-inning runs came home on a single, double, passed ball, two stolen bases and a walk.

Herk Cramer smashed his four-run homer for North End in the third inning after a single and two walks had loaded the bases. The winners added a run in the fifth on a pair of singles and scored three more in the seventh on three singles, all to the same spot in left field, and a pair of bobbles.

Cramer, Del Koop and Bill Zych each had two of the winner's hits. Chick Zych, Rog Beckman, Stan Wlodarczyk, Case Velderman and Stille had one each.

Jas De Vries had two hits for the losers, and Ted Bos, Don Hulst and Walt Hudzik had one apiece.

VFW and Barenam's both waited until the fourth inning to crack the scoring ice, with each team counting a run. Barenam's did it on a double and single, and VFW on an error, sacrifice and fielder's choice. VFW wrapped up the game in the sixth with three runs, one on Bob Schutt's home run. A pair of sacrifices and a single drove the other two in.

Ron Bekius hit a futile four-bagger in Barenam's half of the seventh.

VFW's five hits went to Rog Schutt, Walt Wlodarczyk, John Wolters, Al Glupker, and Bob Schutt. Ron Bekius led the losers with a pair of hits, and Bob Berens, Jun Brenner and Norm Bos had the other three.

Thirsty Zeeland Lawns Get Drink

ZEELAND (Special) — City officials are happy that new water is finally flowing into the mains, but to residents it means just one thing — they can sprinkle their lawns again.

Water from two of the Riley St. wells was pumped into the city's supply starting Thursday morning and the strict sprinkling ban was immediately removed. But there still are some restrictions. Postal cards were mailed out by the Board of Public Works to inform water users of the new rules.

According to City Clerk John Holleman, the city will revert back to the schedule used before the complete ban. Residents living on the south or east side of the street may sprinkle from 6 p.m. to 8 p.m. on Mondays, Wednesdays and Fridays. Those living on the north or west side of the street may sprinkle from 6 p.m. to 8 p.m. on Tuesdays, Thursdays and Saturdays.

Holleman said that unlimited sprinkling was not allowed because only two of the pumps had been installed. Two pumps for the remaining wells will make a total of four, but have not yet arrived.

The removal of the ban was effective Thursday and many residents took advantage of the new sprinkling hours. Thursday evening, Holleman said that there was a possibility of unlimited sprinkling when the other two pumps are installed, but that the Board wanted to make sure no emergency arose. One factor that worked both ways was the comparatively heavy rainfall during the final month of

the ban. It was good for the lawns, but it hindered the construction men and ultimately the completion of the new system.

Most of the water during the past two days has been from the new source. And most people were well satisfied with it — in fact, many said they thought it was softer than before.

Still to be completed is a \$96,000 steel water tank, which will be constructed just east of the city. Pittsburgh-Des Moines Steel Co. holds the contract and will begin construction in December.

68 Students Complete Summer Classes at Hope

Hope College ended its annual school sessions Friday after six weeks of regular class schedules. Dr. Clarence De Graaf, head of the college department of English, was director of the school.

Sixty-eight students were enrolled for the summer classes — including nine who are studying while traveling in Europe with Dr. Donald Brown of the Spanish department. Although the majority of students are regular Hope attendants, there were some from the surrounding resort areas and one, Suphat Sothitlada, from Thailand. She came to Holland recently with Miss Doris Wade, a teacher in Thailand, and began her four-year, college course during the summer session.

Final examinations were given today by the seven summer faculty members, including Dr. Vernon Roelofs of Lawrence College.

Work on the fill for a new route between Allegan and Martin was nearing completion this week. The fill will bisect Withal Lake, eliminating several sharp curves that took the old highway around the lake. Work at the lake should be completed this week, according to Ivan Goodwin of Carl Goodwin and Sons, Allegan contractors. The project was delayed when the contractors were required to take equipment to another site for emergency work, but Goodwin said the five miles of grading and drainage structures probably will be finished this month.

Reports \$638 Theft From Locked Truck

Holland police Friday were investigating report of a theft of \$638.19 from the locked cab of a Milwaukee moving van parked on the Eighth St. tannery lot Thursday night.

Driver of the van, Nordahl Moen, 45, Milwaukee, told police the money was taken from a locked glove compartment sometime during the night. The side window vent of the cab had been smashed with a small crow bar.

The van, belonging to the Irving Kirsch Moving and Storage Co., was carrying a load of furnishings from Milwaukee to Muskegon. Moen had parked his truck on the lot and had gone to a local hotel for the night. All the money was in cash, Moen told police.

The ancient Romans probably were the first people to use glass for windows.
