**WORLD-TRAVELING BICYCLIST**—Heinz Stucke of Hovelhof, West Germany, points out to Henry Lubbers, 5710 141st St., the route he has traveled on his trip around the world. The journey began 10 years ago.

Stucke met the Lubbers' son, Calvin, in Costa Rica in 1967 and, as a result, decided to pay a visit to the Holland couple. He left Saturday to continue his trip.

## Holland Family Hosts Cyclist

Heinz Stucke, 30, left his native Hovelhof, West Germany, 10 years ago to begin a bicycle trip which has since taken him a good share of the way around the world and which will end when he has made a complete circle and returned to West Germany.

He prefers to stay with people he knows or has some kind of personal contact with, and left Holland Saturday after visiting Mr. and Mrs. H. Lubbers, 5710 141st Ave.

Stucke visited the Lubbers as a result of his friendship with their son, Calvin, whom he met in Costa Rica in 1967 while Lubbers was serving with the Peace Corps.

Stucke was cycling through San Jose when he met Lubbers who is presently serving with the Christian Reformed Relief Program in the Yucatan Peninsula in Mexico.

Stucke chose the bicycle for his travels because he felt it was the cheapest and most ideal way to see the world and really become acquainted with its people.

He pointed out that traveling by bicycle completely displaces the idea of wealth and allows him to get closer to the ordinary people who inhabit every land.

Stucke also said that people somehow see him as needing aid because of his mode of travel and this leads to offers of help and lodging from many different kinds of people, allowing him first-hand experience with their lives and ideas. He is still using his original bicycle frame which was especially reinforced for his world tour, and says he has had few mechanical problems. However, he did have some repair work done in Grand Rapids recently at a bicycle shop whose owner he met in Florida.

Generally, cycling is not bad in the United States, according to Stucke, who travels mainly on U.S. highways although he says he thinks interstate roads are better and much safer.

He traveled most of the way to Holland from Grand Rapids via M-21, but finished the trip on a back road because of the

difficulty with the main highway's narrow or non-existent shoulders and high speeds. Sometimes he does travel interstate highways because bicycling is so "out of the question" that there are frequently no signs prohibiting them.

Included in the list of Stucke's many adventures are pushing his bike through floods in Morocco, being beaten by soldiers in Egypt, being locked up in the Soviet Union, being robbed near New York and being without water for two days in Ethiopia.

Stucke has traveled over 50,000 miles on his bike, which is loaded with over 150 pounds of luggage and supplies, and has traveled about 94,000 miles by ship, plane, train and auto.

Depending on the road conditions, Stucke says he averages about 60 to 70 miles per day and his personal record is 190 miles in 12 hours in the Syrian desert.

After leaving the United States mainland, Stucke plans to travel to Canada, Alaska, Hawaii, the Far East, Japan, Australia and through India before returning to Germany.

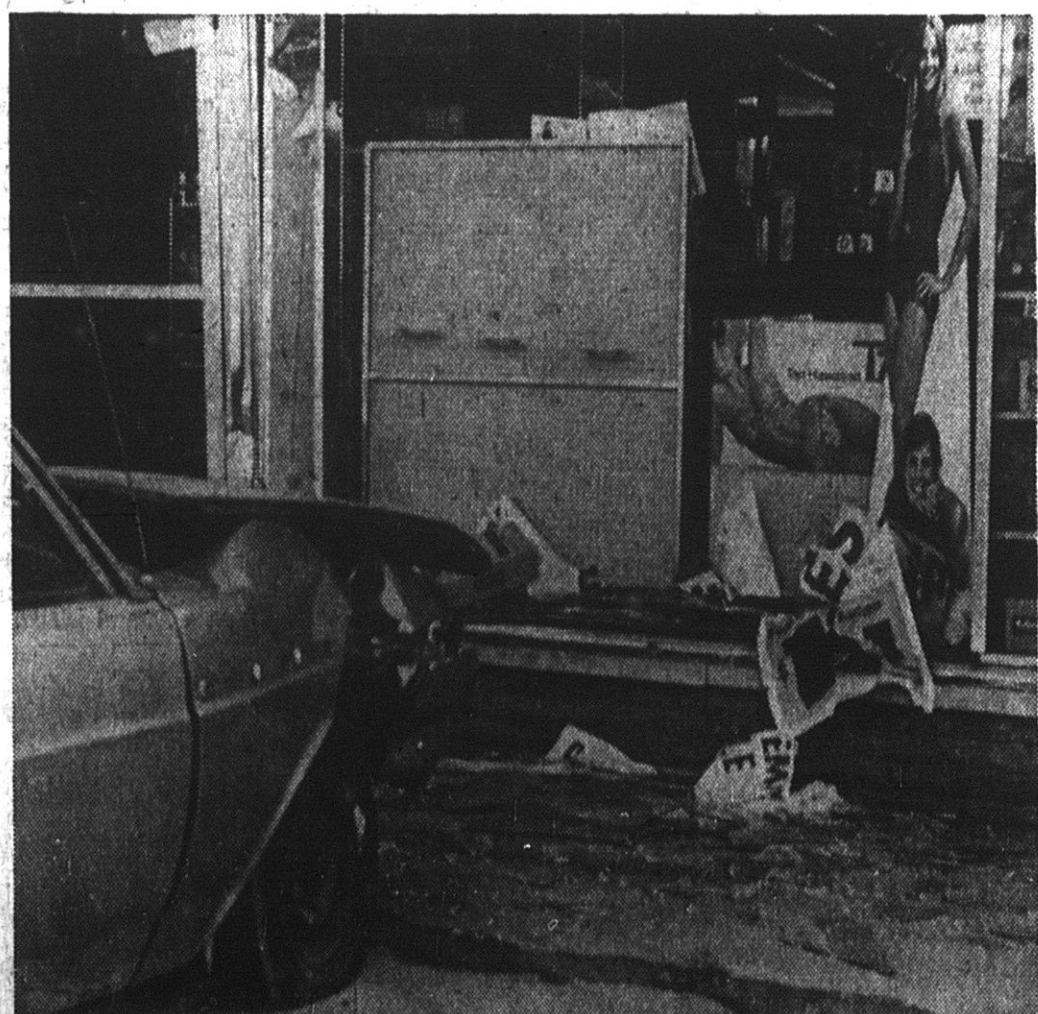

Two-Car Collision Injures Drivers

Two people were injured in a two-car collision along M-21, two-tenths of a mile west of 120th Ave. at 6:55 a.m. Monday.

Treated at Holland Hospital for cuts and bruises was Alvin Borgman Jr., 20, of 244 West Lawrence, Zeeland, driver of one car, and treated for lacerations of the forehead was James LaGrand, 68, of 1248 Hall St., driver of the other auto. Both men were released after treatment.

Ottawa County sheriff's deputies said the Borgman auto was westbound on M-21 and the La Grand auto was attempting to cross M-21 from the exit ramp leading from southbound U.S. 31.

The mishap remained under investigation.

**A SMASHING DISPLAY**—A car driven by Shirley Harmon, 42, of 1145 136th Ave. went out of control following a collision at River Ave. and Douglas Ave. at 7:30 a.m. Wednesday and continued through a front display window of Dykstra's Drug Store at the corner. No injuries were reported. Damage to the building was estimated at \$1,000.

Ottawa county sheriff's deputies cited her for failure to stop for a stop light after the car she was driving collided with one operated by Ronald Risau, 25, of Hamilton, eastbound on Douglas Ave. Deputies said her car was southbound on River Ave., jumped a curb and continued into the store front after the collision with the Risau auto.

## Bonds Sold For Sewage Treatment

Holland city council Wednesday night sold \$1.23 million in sewage disposal system bonds and heard a city manager's report say that a substantial increase in sewage rates was needed to meet previous bond issues and higher operating costs of the new facilities.

Council accepted the low bid of the First of Michigan Corp. and Associates of Detroit for purchase of the bonds at a net interest cost of \$815,364.11 or an effective interest rate of 5.8136 per cent over 20 years.

The bid was one of nine submitted. James Pollock, financial consultant for the city, said the bids represented the largest number submitted in recent bonding issues in Holland and said they were "excellent bids" considering the present market conditions.

Interest rates ranged from the low bid to a high of 6.111 per cent.

The general obligation bond funds will be used in the construction of a \$2.622 million secondary treatment facility to bring the sewage plant into conformance with phosphate removal standards.

The plant expansion has been the target of advocates of a spray irrigation concept of sewage and waste water treatment who sought a delay in federal funds for the plant. The funds had been approved and federal authorities ordered the project to continue as planned.

City Manager William Bopf said residents could begin paying higher sewage rates as soon as Sept. 1 under plans now being studied by the Board of Public Works. Bopf said present rates of \$6 quarterly were "pitifully low" and were not meeting bonding obligations or operational costs of the plant.

Bopf said the BPW proposes to increase rates between 1 1/2 to 3 times and put the cost of plant operations and two previous bond issues on user rates instead of subsidizing them with taxes.

The BPW is expected to settle on rate hikes at its Aug. 10 meeting and make recommendations to council Aug. 19. Bopf said operating costs of the sewage treatment plant with the new addition are expected to double.

Council adopted a city manager recommendation that paves the way for programming property tax bills on the city's new computer at an initial description now found on tax bills and would save time and money in keypunching. The new tax billing would be in operation with the December tax statements.

## Republican Incumbents Renominated

Holland City Republicans renominated their incumbent County Commissioners, only one of whom was opposed. In the 19th District, Alvin Geerlings received 272 primary votes over his two opponents, Ira A. Antles, who received 99 votes and Hans Suzenaar, with 57 votes.

Geerlings will run against Democratic Raymond V. Bush in November. Bush received 104 votes.

In District 21, Thomas De Pree was unopposed and no Democrat filed for nomination, so his re-election to the County Board of Commissioners is assured. He received 509 primary votes.

In District 17 Donald Stoltz, Republican received 312 votes as unopposed candidate and will face Pat R. Nordhof in the fall. Nordhof received 104 primary votes.

There was no contest in District 18, either, and Republican Donald K. Williams will run against Democrat Alvin W. Vander Bush in November. Williams garnered 347 primary votes and Vanderbush, 89.

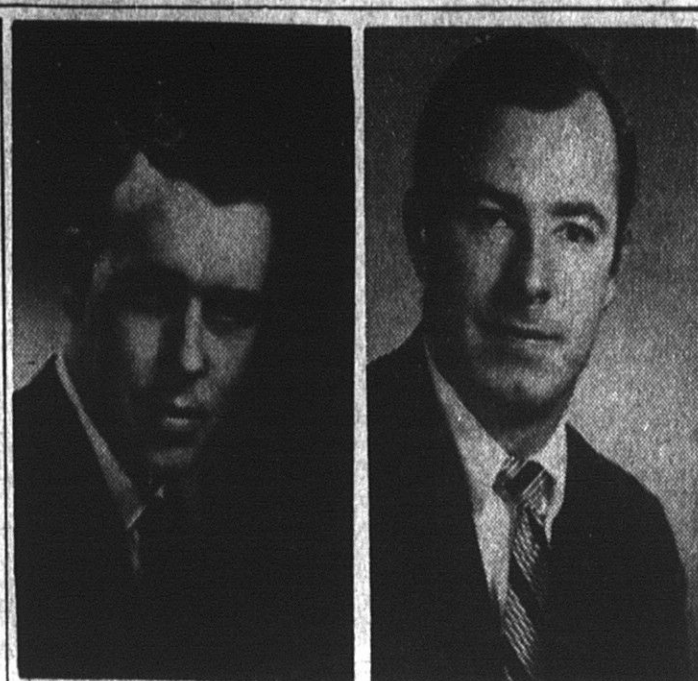

In District 20, Robert Visscher, Republican, with 437 votes will face Ernest H. Johnson, with 56 votes in November.

## Bottled Adventure Returns

It was that time of year — October — when the weather and demands of education do not yet close a boy's love affair with Lake Michigan.

For Wally Rooks, 12, a student at Lakewood school, there was time for another chance to dream of the summer past and of new adventures.

On that Thursday in 1956, while schools were closed for a teachers conference in Grand Rapids where one of the topics under discussion was "Education in 1970," Wally could not know that the mouthwash bottle, tightly capped and which contained a note penciled in longhand, would be found 14 years later by another youth who was adventuring on a Lake Michigan beach near Muskegon.

Perhaps with some fanfare and ceremony, Wally submitted the bottle to the lake near his home on Lakewood Blvd. at 3 p.m. that Thursday. The note inside read:

"This bottle with this note in it was sent off about a mile north of the entrance to the

harbor of Holland, Michigan at about 3 p.m. on Oct. 18, 1956. It was thrown as far out into Lake Michigan as possible from shore. The Holland harbor is about half way up the coast of Michigan. If you find this note send the note back and tell where and when you found it and any other information to Wally Rooks, R. 4, Holland, Michigan. Thank You."

Years passed and Wally, now 26, married and living in Kalamazoo where he is employed at a General Motors stamping plant, apparently forgot about the bottle with the note inside, according to his father, Ben Rooks of 2302 Lakewood Blvd.

That is, until another sun-tanned youth walking the Lake Michigan Shore caught the glint of a bottle last Saturday. Karl Snyder, 10, of Lansing, who is summing with his family at a cottage at White River Beach Assn., near Montague, was gathering firewood along the shore 15 miles north of Muskegon.

"I spotted the bottle and saw

TRAVEL 750 MILES BY BIKE — Nick De Vries, Chris De Vries and Bryant Bonnema (left to right) are shown with their bicycles, complete with traveling gear, as they came

## Bicyclers Travel 750 Miles On Trip Via Upper Peninsula

Traveling in upper Michigan is a pleasure for any tourist but making the trip from Zeeland through the upper peninsula into Wisconsin was especially significant for two Zeeland youths and a friend from Minnesota. The trip covering about 750 miles was made by bicycle and lasted 11 days.

Nick and Chris De Vries, sons of Mr. and Mrs. John De Vries of 537 Alice St., and their friend Bryant Bonnema, son of Mr. and Mrs. Roger Bonnema of Prinsburg, Minn., began the trip from Zeeland on July 14 after a breakfast birthday party for Bryant who turned 16 that day.

Nick, the instigator of the trip, last year began making plans for the trip and mapping the route.

Gear was all packed on the bikes so necessary items were available regardless of weather. The bicycles were in top shape and no trouble was encountered

on the entire trip.

The boys peddled north using highway 37 for some time, their overnight stops being at White Cloud State Park, Interlochen State Park and Charlevoix and during the weekend they were in St. Ignace staying in the Baptist Church and being hosted by the Rev. Foote and family on Sunday. They encountered rain during the weekend, however good weather continued and the boys stayed in Manistique, Escanaba and Oconto.

In Manitowoc, Wis. the bicyclers took the C and O Ferry, traveling during the night and arriving in Ludington where they were picked up by the De Vrieses.

Nick is 15 years old and his brother Chris 14. Incidentally the friend from Minnesota had not known about the upcoming trip and was given a last minute invitation by the De Vries boys to join them which he did following permission from his parents.

#### GOVERNMENT COSTS AND TAX INCREASES

There does not seem to be  
any way that we are able to  
convince our people in govern-  
ment that they should try and  
reduce taxes.

A review of the congressional  
role in price rises shows only  
too clearly why this is so. When  
congressional salaries were  
raised 41 per cent, there was a  
bound to be more inflation. The  
congressional salary increases  
were only a part of the problem.  
Some of the estimates by Con-  
gress are reported to have  
boosted government spending  
\$4.8 billion in the year that  
started the first of July - 1970.  
The news from Washington in-  
dicates that Congress has voted  
down some of the revenue-  
raising measures that might  
help pay for the continued in-  
crease in the cost of running  
our government.

The opinion that inflation  
starts in Washington, the seat  
of our federal government,  
could have some bearing. There  
are many bills that are written  
that are supposed to help. Just  
how we will ever find ways to  
curb the inflation and reduce  
the government waste will be  
the problem that we continue  
to face.

So continue to tell your elect-  
ed representatives that they  
must find ways to reduce this  
deficit. And we hope all regis-  
tered voters will take a minute  
to vote in today's primary.

#### Sunday School Lesson

Sunday, Aug. 9  
Judgment and Promise  
Genesis 6:5-9, 13-14  
By C. P. Dame

Noah will always be remem-  
bered because his name is  
linked to one of the greatest  
catastrophes that ever afflicted  
mankind—the flood. This lesson  
teaches the truth that although  
God is patient He punishes sin.  
I. Sin is a degenerating pow-  
er. Generation after generation  
followed and after nine of them  
from Adam, God resolved to  
destroy mankind. "And God  
saw that the wickedness of man  
was great in the earth" and it  
grieved and angered Him and  
He said, "I will destroy man  
whom I have created." Man  
was a failure and a disappoint-  
ment. God had created man to  
be His representative here and  
to glorify Him but instead of  
fulfilling His purpose man lived  
only for self. What is the pur-  
pose of most people today?

II. God saw one faithful fam-  
ily. "But Noah found grace in  
the eyes of the Lord." Noah is  
called a righteous man, blame-  
less, and he walked with God.  
To this man God revealed His  
plan to destroy mankind and  
gave him the reason—the vio-  
lence that prevailed, which was  
caused by man's corruption.  
The unrest and violence on the  
campuses are being studied.  
They are caused by man's cor-  
ruption. When men reject the  
authority of God they also re-  
ject the divinely established  
authority.

No matter how bad conditions  
may be God always has one or  
more faithful witnesses. God  
told Noah to build an ark and  
gave him the specifications. For  
one hundred and twenty years  
Noah built and preached and  
no doubt while doing these  
things met much ridicule from  
his neighbors. Lamech his fa-  
ther did not believe, nor his  
grandfather Methuselah.

After the ark was finished  
God told Noah and his family  
to go in it and in seven days  
the rain would fall. For forty days  
rain came from the sky and  
the oceans swept across the  
land in huge tidal waves which  
destroyed everything before it.  
Noah and his family remained  
in the ark a little more than  
a year.

III. God made a covenant. Af-  
ter leaving the ark Noah built  
an altar to the Lord who had  
saved him and his family and  
thus rededicated the earth to  
God.

God was pleased with the  
sacrifice of Noah and promised  
that He would never again  
curse the earth and that "seed-  
time and harvest, cold and heat,  
summer and winter, day and  
night shall not cease." God  
made a covenant with Noah  
and his descendants and with  
every living creature. The word  
"covenant" used here for the  
first time in the Bible usually  
implies two parties but here  
it is one-sided. God bound Him-  
self to do something but He  
did not ask man to do any-  
thing. God said that the rain-  
bow would from that time on  
be a sign of the covenant. God  
is merciful and just and holy  
and pushes sin. Christ of-  
fered Himself as a sacrifice for  
the world's sin.

AAAAHHHHHHH! — Technician Sandra  
Gresham of the Ottawa County Health De-  
partment cleans girl's teeth in preparation  
to fluoride treatment. In the second chair  
another youngster has just undergone the

second part of the fluoride treatment. The  
fluoride treatment taking place at the  
Woodside school is just part of the total  
program being conducted for the county's  
children by the Health Department.

## Fluoride Treatment Offered by County

Care of children's teeth is  
probably one of the most popu-  
lar topics for discussion—not to  
mention to commercials.

The concern should go farther  
than idle talk however, and does  
in Ottawa county.

Fluoride treatment to protect  
the teeth of children of ages is  
one of the many services of the  
Ottawa County Health Depart-  
ment. The Health Department  
has set up clinics for this pur-  
pose at various elementary  
schools throughout the county.

One such particular program  
is being undertaken at the  
woodside Elementary School.  
There technician Sandra Gresh-  
am and her assistant Janice  
Keen are treating elementary  
age children of that area.  
(Other technicians and assis-  
tants are working at various  
schools in the county.)

Fluoride treatment, however,  
is not really a treatment at all,  
but two separate treatments.

The first treatment is simply  
a cleaning of the teeth. Having  
cleaned the teeth of impurities,  
the children's teeth are ready  
for a fluoride coating.

Miss Gresham noted that the  
cleaning the teeth takes longer  
than the actual application of  
the fluoride. Sandra reports  
that she can handle 30 children  
a day while doing the first  
treatment, but can treat as  
many as 90 children a session  
when doing the actual fluoride  
treatment.

She added that the children  
treated are of various ages in-  
cluding per-schoolers, second  
graders, fifth graders and  
others.

Some of the children may look  
a little apprehensive at first  
while watching the others in the  
clinic going first. But pretty  
soon they have their two-minute  
timers in their hands and it's all  
over before they know it. Then  
it's time to pick up their tooth-  
brushes from the technician  
compliments of the County  
Health Department.

Others working in the Fluoride  
program include Bonnie  
Woudstra - technician, Gwen  
Rypma - assistant, Washington  
and Montello Park; Cynthia  
Alik - technician, Marybeth  
Batema - assistant, Maplewood  
Christian, Alendale and Jensen;  
and Terri Esch - technician,  
Debbie Hindel - assistant, Grand  
Haven.

Also participating are Sherry  
Schraeder - technician, Jan An-  
vors - assistant, Spring Lake,  
Coopersville and Conklin; Jerry  
Voegli - technician, Carol Van-  
derwerf, assistant, Jensen  
Christian Junior High and Hud-  
sonville; and Maryjo Semeyn -  
technician, Jan Wassenaar - as-  
sistant, Jamestown, Zeeland  
Lincoln and Borculo Christian.

## Red Barn Opening Sings With the 'Sound of Music'

There can be little doubt that  
"The Sound of Music" is the  
most popular musical to glad-  
den the hearts of summer  
theatre-goers and Tuesday  
night's opening at the Red  
Barn Theatre of the Rodgers  
and Hammerstein favorite  
proved it by the continued ap-  
plause.

There are 10 hit songs in  
"Sound of Music" with each  
one somebody's favorite and  
together in one musical they  
just can't be beat. During in-  
termission the audience came  
out humming "Sound of Music,"  
"Maria," "My Favorite  
Things," "Do-Re-Me," "Six-  
teen Going on Seventeen," "So  
Long, Farewell," "Climb Ev'ry  
Mountain," and "Edelweiss."

Norman Dean was musical  
director playing the theatre  
organ and ably assisted on the  
piano by Mary Lou Smith.

James Dyas did a fine job of  
casting his lead players with  
Ann Gardner carrying the role  
of Maria with charm and real  
feeling for the dilemma of the  
postulant at Nonnberg Abbey  
who finds herself as a governess  
to the seven von Trapp children  
and in love with her employer.

Captain George von Trapp,  
the father of the children and  
a widower, is the male lead  
and Bruce Hall repeats an ear-  
lier performance of the Captain  
perhaps even better than be-  
fore with true sensitivity and  
surprising all with a fine clear  
singing voice. His "Edelweiss"  
is a tear-jerker.

Lois Carlson portrays the  
Mother Abbess as she should be  
played with reverence and lov-  
ing understanding and with a  
glowing voice that rings out  
in "Climb Every Mountain."  
This is by far her best perfor-  
mance of the entire season.

Where could they have found  
more perfect children to fill the  
roles of the seven von Trapp  
children? Each one could steal  
the show singlehandedly and to-  
gether they make the show a  
must for every family.

It is hard to pick out a favor-  
ite among the children because  
they all do a splendid job. Tiny

Lisa Dean, daughter of musical  
director Dean stole plenty of  
hearts Tuesday night and will  
continue to for the two-week  
run. Susan Ward as Brigitta  
has a fine clear childlike voice  
and real stage presence. Susan  
Ashley makes a believable  
Liesl and binds the other chil-  
dren together in a family unit.  
Jeff Ressegule as Friedrich,  
Susan Fenner as Louisa, Nor-  
man Dean Jr. as Kurt and  
Britta Bujak as Gretl enjoy  
every minute of the time they  
are on stage, which is a good  
portion of the show.

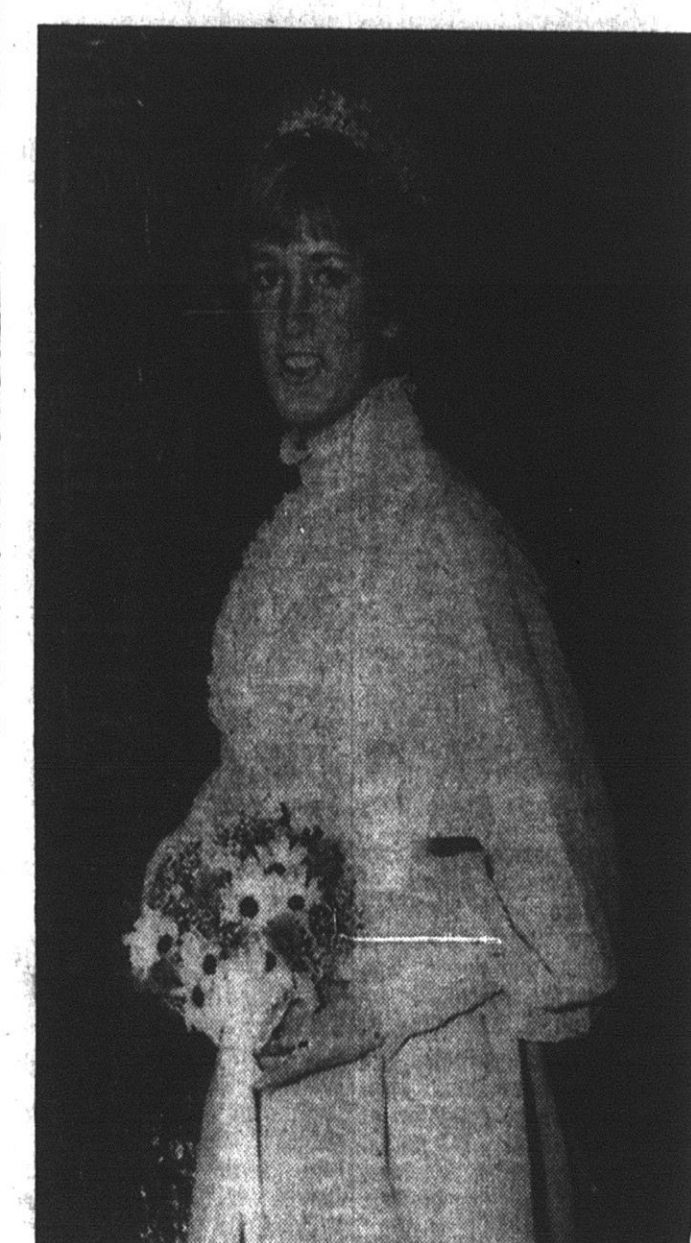

Beautiful singing voices in  
the singing nuns gives depth  
to the musical. Lisa Wenger  
appears as Sister Berthe; Lydia  
Lazar is Sister Margaretta and  
Barbara Jones is Sister Sophia.  
With the Mother Abbess they  
sing their roles in real Abbey  
style. Director Dean has weld-  
ed together an impressive  
chorus from the nuns includ-  
ing Jean Stepp, Karen Crocoll,  
Kathy Dyas, Karen Crocoll,  
Diane Kalawart, Andrea Mieras  
and Dorothy Lee Tompkins.  
Aiding in the songs are the  
postulants, Debbie Seymour,  
Linda Boyce and Renee Chaden.

The large cast features Wil-  
liam Tost as Franz, the butler;  
Don Bonevich as "Uncle Max";  
Detweiler, friend of the Cap-  
tain and of Elsa Schroeder, the  
Captain's woman friend, played  
by Donna Kinsey. Dorothy  
Lee Tompkins plays the house-  
keeper, Frau Schmidt and Jon  
Freeman is Rolf Gruber, Liesl's  
boyfriend.

Appearing in minor roles are  
Kathy Dyas as Ursula the  
maid, Jon Martindale as Herr  
Zeller, the Nazi; Roger Thur-  
galand as Admiral von Schrei-  
ber; Ruth Alexander as a pos-  
tulant and Geoffrey Fishburn  
as Baron Elberfeld. Fishburn  
did a remarkable job in the set  
design and lighting and was  
production stage manager.

Holland audiences may re-  
call the real von Trapp Family  
singers who appeared here  
many years ago in the Hope  
College Chapel. The musical is  
based on their life story.

## Marcia Wolters Wed To Ward Curtis Folkert

Mrs. Ward Folkert

The parsonage of the Ebene-  
zer Reformed Church was the  
setting for the marriage of Miss  
Marcia Anne Wolters and Ward  
Curtis Folkert, which took place  
on July 23 at 6:30 p.m.

The Rev. Nicholas Rozeboom  
officiated at the ceremony in  
the presence of the families of  
the couple.

Their parents are Mr. and  
Mrs. Edward R. Wolters of  
4304 52nd St. and Mr. and  
Mrs. Alvin Folkert of 4652 46th  
St.

Given in marriage by her fa-  
ther, the bride chose a pale  
yellow street-length dress of  
organdy with a bell-shaped  
skirt. Pale yellow lace trimmed  
the cuffs of the bishop sleeves,  
the stand-up collar and the  
princess seaming on the bodice.

A yellow satin bow which tied  
in back complemented the  
waist. Her pale yellow tulle el-  
bow-length veil fell from a Ju-  
liet cap of yellow stephanotis.  
She carried a nosegay of dai-  
sies, yellow sweetheart roses  
and baby's breath.

Miss Kathi Wolters was her  
sister's only attendant. She wore  
a pale aqua sleeveless street-  
length dress of arnel, accented  
by princess-style seaming. A  
corsage of yellow sweetheart  
roses and white carnations  
completed her outfit. Jerry Fol-  
kert, the groom's brother, at-  
tended the couple as bestman.

A reception following the  
ceremony was held at Van  
Raalte's in Zeeland. Miss Kathy  
Folkert and Scott Wolters, sis-  
ter and brother of the bride  
and groom, poured punch. The  
Rev. John Verhoog opened with  
prayer.

The bride is presently a stu-  
dent at Bronson School of Nur-  
sing in Kalamazoo. After Aug.  
23 the couple will reside in  
Denver, Colo., where the groom  
is a graduate of Western Michigan  
University, is stationed with  
the United States Air force.

**MORE CAMPING** — Holland State Park campers Marvin Blouw and son Randy of Grand Rapids study plans for more camping sites while in the area to be developed. Plans are detailed in the map which shows the park entrance at left and parking areas fronting the beach area at top. Park manager Donald Ike said 55 new camping sites

for tents and trailers are planned for the area west of existing campsites in the beachfront area. Plans for the new sites, to replace some removed when a park addition was opened, were approved in 1968 and legislative funds appropriated this year. Construction could begin this fall.

**JUST A SHELL** — George Goodnoe's 1939 model cabin cruiser appears to be just a shell much as if it came off a production line before being outfitted. The boat lost most of its metal fittings and furnishings to vandals after it drifted ashore north of Saugatuck. Goodnoe, of Eaton Rapids, and a brother-in-law, were aboard the vessel when it ran out of gas a week ago Sunday

and drifted ashore. During weeklong attempts to refloat the boat vandals managed to remove metal parts and appointments and furnishings. The engine remained but the propeller had been taken. The owner and insurance company were deciding whether to refurbish the 33-foot cruiser now at Bay Haven Marina.

## Breakins At Three Homes

Holland police Saturday investigated three house breakins including two which occurred blocks apart.

Thieves entered the home of Clarence Nies, 20 East 23rd St. between 7 p.m. and 9:30 p.m. while the family was at the Ottawa County fair and fled with about \$221.

Police said entry to the home was gained by breaking glass in a rear door and officers said the intruder may have wrapped a towel about a fist to smash the glass.

Nies told police it appeared thieves ransacked drawers in practically every room of the house, including the attic. About \$220 was missing from a locked desk drawer whose contents were spilled about.

A silver dollar was missing from a kitchen cupboard.

Since their first band concert in Centennial Park in Holland on July 14, 1921, the American Legion Band, which is this year celebrating its 50th anniversary, has nine members in it who have served for 20 years or more.

At the first concert this year on June 16, Director Henry Vander Linde, who has been with the band for eight years, announced that one of the members was still with the band actively after 50 years. He was Raymond Knooihuizen, secretary-treasurer. Knooihuizen marched with the band during Tulip Time parades and in the Memorial Day parade. A number was dedicated to him entitled "To Thee We Honor."

When the concerts start in the summer, the band is increased to 65 or 70 members from the area high schools and other musical groups. The concerts are held each Tuesday night at 8:15 in the band shell at Kollen Park and are free to the public.

Officers of the band are Leslie Woltman, president; Victor Kleinheksel, first vice president; Kent Thompson, second vice president; Knooihuizen, secretary-treasurer; Delbert Stegenga, librarian and Vander Linde, director.

The Holland American Legion Band was organized on March 22, 1920 under the sponsorship of the Willard G. Leenhouts Post 6, American Legion. Besides becoming an integral part of the City of Holland, the band has won national recognition through participation in various band concerts throughout the country.

First rehearsals were held in the basement of East Junior High School on Graves Place. The first uniforms were purchased at a cost of \$1,062.25 and they served the band until 1929.

Next rehearsal spot was in the Vander Veen building which they used several years free of

charge. A room in City Hall was the practice site for many years until this year when they rehearse in the Holland Christian High School.

The band has appeared in 28 states and has played at conventions in Kalamazoo, Kansas City, Allegan, New Orleans, South Haven, Muskegon, St. Paul, Bay City, Philadelphia, Jackson Battle Creek, Sault Ste. Marie, Detroit, Grand Rapids and at the Chicagoland Music Festival.

Playing for many functions such as the Ottawa County Fair, the Allegan Fair, the Holland Furnace Co. picnic, the Bush and Lane picnic, the Battle Creek Hospital, dedications of several organizations, the band also plays 10 concerts each summer as well as the July 4th event at Legion Country Club.

Serving the band directors and their years of service include John Van Vyven, 1920-1926; J. Tiefenthal, 1927; W.J. Kline, 1927-1929; Eugene F. Heeter, 1930-1944; Everett Kissinger, 1945-1948; H. Schroet, 1949; Arthur C. Hills, 1949-1965; and Vander Linde, 1966-1970.

Presidents of the band since its organization and their terms of service include John Rozeboom, 1921; B. Kammeraad, 1922; Henry Topp, 1923; M. Schepers, 1924; Herman Cook, 1925-1927; Nick Van Dyk, 1928; Harold J. Karsten, 1929-1932; Carl Carlson, 1933-1937; Les Woltman, 1938-1970.

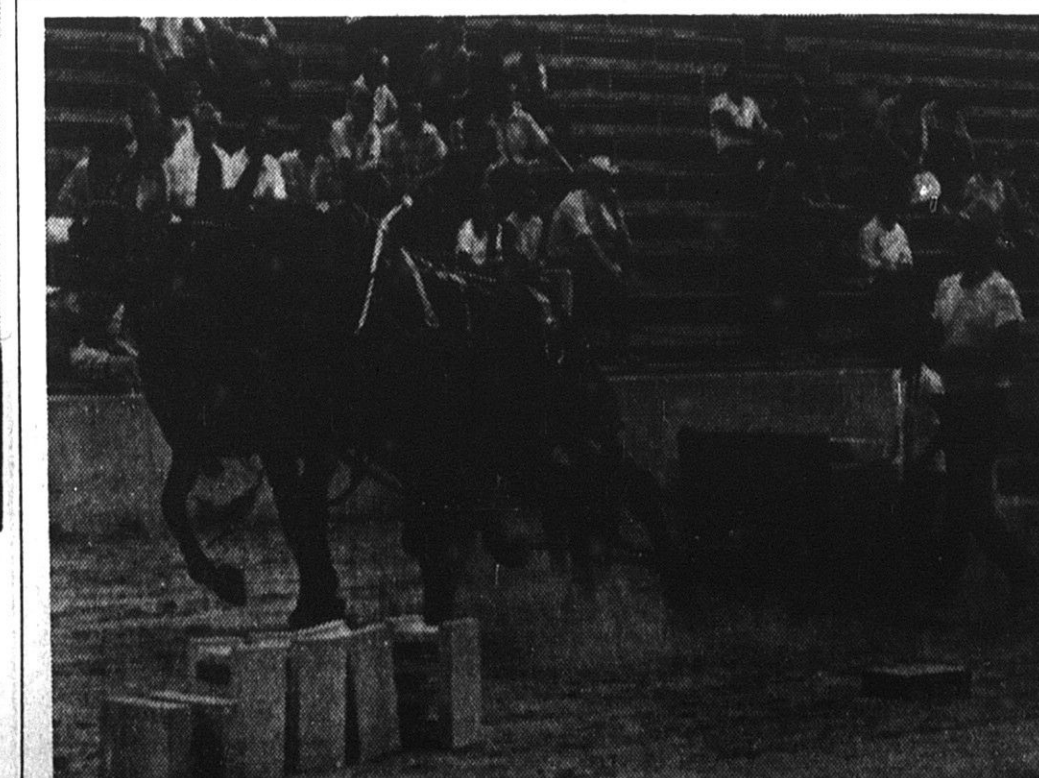

Living members of the first band as far as is known are Herbert Stanaway, H.J. Karsten, C.L. Jalving, Bert Brandt, Robert Evans, B. Kammeraad, R. Knooihuizen, Henry Wilson and Clarence Lokker.

Providing fine band music is the prime concern of the band and its leader. The natural band shell setting in Kollen Park attracts a good audience at the Tuesday night concert at 8:15 p.m.
