ing.

Some of the Spring Lake Yacht  
Club men express dissatisfaction at  
the manner in which they were used  
at the recent Macatawa races. Some  
of the more disappointed yacht owners  
claim they were discriminated against  
by the Macatawa Club. It is gratify-  
ing to know that the Spring Lake  
Yacht club never sent outside yachts-  
men home with the same feeling of ill  
treatment.—G. H. Tribune.

F. M. Drake, who has for the last 14  
years been assistant superintendent  
of the Detroit, Grand Rapids & West-  
ern and Chicago & West Michigan and  
Pere Marquette railroads, has resigned  
to accept an important position on the  
Santa Fe system. Mr. Drake has  
been holding the position of general  
trainmaster of the Pere Marquette for  
some time. He states that he will  
assume his new position right away,  
leaving Michigan Saturday night. He  
is not at liberty to say now what the  
work will be.

The Ottawa county W. C. T. U.  
convention will be held at the Baptist  
church at Spring Lake August 26 and  
27. Among those who will take part in  
the deliberations are Dr. Patience S.  
Bourdeau of Grand Rapids, Mrs. A. E.  
Benjamin, of Portland, Mrs. Floyd of  
Holland, Miss Margaret J. Bliz of

of Coopersville, Mrs. M. A. Frarey, of  
Lisbon, Mrs. Kate Post and Mrs. F.  
J. Vos of Holland, Mrs. Mary L.  
Maycroft, of Coopersville, Mrs. C. E.  
Kelly of Coopersville, and Mrs. Alice

August 27 the gold medal contest will  
take place.

One of the best fish stories ever told,  
the one appearing recently in the Al-  
legan Gazette, detailing the catching  
of a 2974 pound monster, more or less,  
in the Kalamazoo river has been  
pushed a trifle in the back ground by  
an account in the St. Louis Globe-  
Democrat of the catching of a leviathan  
of the deep near the California coast.  
Two women were out  
with skipper Farnsworth in a launch  
after jewfish when they saw a large  
sunfish a considerable distance away.  
Farnsworth armed himself with his  
stoutest gaff hook and full steam was  
turned on for a rush long side. When  
within reach Farnsworth swung his  
gaff with all his might and the hook  
sank deep into the flesh of the sleep-  
ing monster. Then began one of the  
most terrific fish fights ever heard of.  
The fish threw its huge form about,  
puffing and beating in its struggle to  
get free from the hook. The little  
launch rocked and plunged, several  
times careening over to the danger  
point. It was close to three hours from  
the time it was first gaffed until it  
was conquered. No scales could be  
found large enough to weigh it, but  
conservative estimates place it be-  
tween 1500 and 1800 pounds. It is now  
up to the Holland fishermen. Can they  
sit silently by while these wonderful  
stories are going the rounds? We  
pause for a reply. Let it be worthy  
of the cause.

Rev. C. Kulper has been extended a  
call by the Ebenezer church.

George W. Deur has resigned his  
position in the City Grocery, where he  
has been employed the last five years,  
and will study for the ministry at the  
Grand Rapids Theological seminary.

Miss Helen Sourwine of Brazil, Ind.,  
died at the cottage of her father Dr.  
Sourwine, at Macatawa Park Monday  
at the age of 18 years. The remains  
were taken to Brazil for burial.

Miss Bessie Welsley of Ypsilanti,  
and Miss Adella Clark of Pentwater,  
graduates of the Ypsilanti Normal  
school, have been engaged to teach in  
the primary grades of the Holland  
public schools.

The Sunday school class of the  
Dutch Reformed church of Zeeland  
of which Rev. G. P. De Jongh is pas-  
tor picnicked at Macatawa Park yester-  
day. Nearly 500 people attended  
and spent a very enjoyable day.

Rev. J. Ossewarde, chaplain of the  
U. S. army at Fort Snelling, Minn.,  
and his wife were the guests of friends  
in this city and vicinity this week.  
Rev. Ossewarde occupied the pulpit  
of the Second Reformed church of  
Grand Rapids Sunday.

While walking back of the Wol-  
verine Boat works Saturday, Fred  
Kellogg, a 12-year-old boy, stepped on  
a piece of glass and cut his left foot to  
the bone. Dr. A. Leenhouts, who at-  
tended him, found it necessary to take  
seven stitches to close the cut.

A. W. Wolters, carrier on R. F. D.  
route No. 3, had a runaway last Mon-  
day evening, and his wrist and ankle  
were badly sprained. The horse was  
captured after a lively chase but not  
before the delivery outfit was badly  
damaged.

Mr. and Mrs. John Kerkhof, John  
and Henry VanLente, Cornelius  
Kerkhof and Miss Anna and Fred Ter  
Vree went to Kendall, VanBuren  
County, Saturday to attend the fune-  
ral of Mrs. J. W. VanLente who died  
last Friday at the age of 55 years.  
Mrs. VanLente was well known in  
this city. She is survived by a hus-  
band, one son and four daughters.

Allegan county will not be affected  
by that tired feeling from now until  
the republican county convention of  
1904. So far five men, good and true,  
have signified their willingness to  
serve the county as sheriff and there  
may be more to follow. Here are the  
five men: Al Whitbeck of Manlius,  
Albert Stroup of Martin, Lewis  
Heasley of Salem, Harry Seward of  
Casco and Geo. R. Smith of Allegan.  
The latter is at present under sheriff.

At a meeting of the Business Men's  
Association in De Grandwet hall last  
Monday night F. J. Casserly of De-  
troit presented arguments in favor of  
the organization of a retail grocer's as-  
sociation to act with the National Re-  
tail Grocer's association in efforts to  
protect the smaller companies and to  
secure the passage of laws that would  
benefit these companies. No action  
was taken on the proposition  
although the business men were con-  
siderably interested.

The power fruit carrier, the inven-  
tion of Captain Miles Barry, to convey  
fruit on the endless chain system from  
cars or wagons on the dock to the  
steamers, was given a successful trial  
at the Barry docks in Muskegon Sat-  
urday. The test was witnessed by  
representatives of the Dunkley-Wil-  
liams, the Graham & Morton and  
other lines, who said they might adopt  
the carrier in Benton Harbor, St.  
Joseph, Holland and South Haven.  
The steam with which to run the  
carrier is conveyed from the steamer  
being loaded. The apparatus is a  
great saver of time and a wonderful  
improvement over the old method of  
transferring by hand fruit from cars  
and wagons to the boats.

Hamilton Echo: M. W. Palmer has  
received a big order from New York,  
to furnish a large implement dealer  
with a large number of the "Palmer  
Beet Pullers." Mr. Palmer has just  
fairly started, and orders for the best  
beet puller in existence are rapidly  
coming in from other beet growing  
states. If this condition continues a  
larger factory will be in demand to  
make room for more workmen. It  
was the calculation on the part of the  
company to only serve this state the  
present season with sample orders, but  
the business is becoming so gigantic  
something will have to be done in  
order to meet the demand of outside  
orders. We know of no other way  
but to enlarge the present factory to  
a hundred men capacity.

Workmen are laying the foundation  
of the new brick factory on Fairbanks  
avenue between Eighth and Ninth  
streets. The building will be 60x70  
feet, two stories high, and will be  
completed in about a month. It is  
expected that the machinery will be  
installed in time to get it ready for  
operation about the first of October.

The body of Mrs. John Brouwer, Jr.,  
who died last week in Denver, Col.,  
where she went several weeks ago  
with her husband in the hope of ben-  
efiting her health, arrived here Mon-  
day and was buried in the New Hol-  
land cemetery from the home of her  
father, John VanLente of Holland  
township. Mrs. Brouwer was 23 years  
of age. She is survived by her hus-  
band and one child.

The death of Mrs. G. M. West oc-  
curred last Sunday at her home near  
Ventura. Mrs. West was 66 years of  
age and came to this county from New  
York in 1856, and with her husband  
settled on the farm upon which the  
family home now stands. She is sur-  
vived by her husband and three chil-  
dren, M. G. and W. H. West of Miner  
Lake, Allegan county, and Mrs. Wm.  
Chapman of Ventura. The funeral  
services were held Tuesday afternoon  
at the Ventura M. E. church, Rev.  
Arthur Trott officiating.

D. M. Stuart of State College, Pa.,  
who for the last two years has been  
book keeper for the H. J. Helz Co.,  
in this city, has been promoted to the  
managership of the H. J. Helz Co.  
plant at Port Norfolk, Va., and has  
gone to that city to take charge of the  
factory. His promotion was brought  
about by the hearty recommendation  
of Manager Oakley of the local plant  
who when he learned there was a  
vacancy in the Virginia city, wired to  
headquarters at Pittsburg recom-  
mending Mr. Stuart.

Venetian Night was not up to the  
usual standard this year. Many of  
the Japanese lanterns that in former  
years encircled Macatawa Bay, mak-  
ing of it a scene of brilliancy, were  
missing and the parade of the yacht  
was microscopic. But there were  
some redeeming features. The  
pyrotechnic display was good and the  
illuminations at Macatawa, Ottawa  
Beach and Jenison Park were fine.  
The crowd exceeded that of last year  
and it taxed the capacity of the inter-  
urban company to transport it; but  
ever available car was pressed into  
service and the accommodations were  
very good.

NEIGHBORING TOWNS

The Ottawa Station Ranch

Curtis M. Waffle, for a number of years a well known newspaper correspondent of Ottawa Station is again in the business and contributes the following article on the Ottawa Station ranch for this issue of the News:

What is known as the Conrad & Worley ranch owned by F. T. Conrad, W. R. Worley and Walter Bros. of Chicago, looks far different than it did a few years ago. Last summer more than \$3000 was cleared from the hay crop alone, while this year the dividends will be much larger as there are good prospects of a large corn and oat crop. There are 300 acres of corn, and more than 100 acres of oats. The hay crop this year will not be as heavy as last. The ranch comprises nearly 7000 acres of valuable land both for farming and dairy purposes. Mr. Conrad now has about 50 milk cows and expects to bring over more this fall.

W. R. Worley while in Chicago this week purchased a number of draft horses. Mr. Conrad having purchased several head of horses and mules a short time ago bringing the number up to more than 20 head.

The entire ranch is now fenced, it taking 9000 posts and 3 car loads of wire for that purpose. Mr. Conrad is putting up a large country residence near the village of Robinson, the entire ranch lying in that township.

West Olive.

Mrs. Jennie Pixley, and son Frank and George Walbrink returned Wednesday from a visit in Coopersville.

John Bovendam was in Kalamazoo Wednesday to see his wife who is confined in the asylum. He reports her as better than usual.

The correspondent would like to know how much more of a farce it is to enforce prohibition law, than to arrest saloon keepers for not paying license and allowing them the privilege of swindling drunkards in their gambling dens. What we need is sound reason and if the liquor traffic is allowed too much freedom the result will be a reign of terror against law and order.

Al Alger, hauled a 20 pound pickerel ashore in Pigeon lake, Thursday, and sold him for one dollar.

M. S. Goodman & Co, loaded and shipped the first carload of this seasons rye for transportation to the east, Friday.

Three carloads of gravel were unloaded here Saturday and scattered overhauled in the vicinity of the depot. This is a splendid move in favor of good roads and as the main street of this village is one half mile long, it ought to be all served likewise.

Born to Mr. and Mrs. Nelson Dreese Wednesday, a boy.

The La lies Aid society of the M. E. church met Wednesday at the home of Mrs. G. W. Marble.

Chas. Mayo was in Holland on business Saturday.

The ice cream social in the dining room of the Beach block Saturday evening was a grand success. The making and selling continued so late that ten dollars must have been realized.

Henry Amperse conducted an open air meeting in the village, Saturday night. His singing and speaking was excellent.

A collection was taken in the church Sunday towards the bell which amounted to \$5.09

A gang of linemen employed by the Pere Marquette R. R. Co. passed through here Saturday. Their business consisted in attaching cross pieces to the telegraph poles in order to accommodate the wires.

Miss Oleava Ingersoll returned Monday from a visit with relatives in Grand Rapids.

The church of God will hold a camp meeting in the village during September.

H. Lubbers threshed 1435 bushels of grain this week. He is the banner farmer this year.

The farmers picnic which will be held the 25th of August at Macatawa park should be attended by every farmer. It is possible that the East Holland band will furnish the music, and that a few gentlemen will speak regarding a public market in the city of Holland. The secretary of the club will be in the waiting room of the interurban to sell tickets, and G. J. Deur will be on the corner of River and Tenth street. Everybody is invited to attend.

Nature's Restorative

MALTA PURA GIVES MARVELOUS RESULTS IN EVERY CASE, THOUSANDS OF TESTIMONIALS RECEIVED. NOTE WHAT THEY SAY.

It is impossible to publish in the columns of this paper testimonials which will give even the faintest conception of the popular favor which is bestowed on Malta Pura everywhere. Not only do the people who try it speak its praises, but physicians, not a few but in every city welcome it and prescribe it as nature's tonic and a valuable adjunct to the practice of medicine. One lady, writes from Los Angeles, California: "I was discouraged. My energy seemed entirely gone. When I awakened in the morning I felt tired, and I had no ambition to work or take any interest in life. My husband heard of Malta Pura, purchased a bottle and this year I am so ambitious I keep everybody on the stir. I certainly feel like a new person."

Another testimonial comes from a young man who had lung trouble in St. Johns, New Brunswick. "Physicians had given me no encouragement except possible relief by change of climate. My brother who was in Boston, heard of Malta Pura and bought a bottle. I felt better almost from the first dose. I have taken fifteen bottles within the past year, but I have gained 30 pounds in weight and am as healthy as a horse. My lungs seem to be all right." Another comes from a working girl in Providence, Rhode Island. "Overwork broke my nervous system and I was a wreck. I gave up and was ready to die. I began taking Malta Pura and today I am well and strong." A physician in Battle Creek says: "I have prescribed Malta Pura in numerous cases of pulmonary trouble, nervous debility, and when a general tonic is required and the results are extremely satisfactory." We never publish names but keep the original letters on file in our office. We will furnish names of these endorsing Malta Pura to any person writing us. Malta Pura is for sale by all leading druggists at a special price of \$1.00 per bottle. Manufactured by Battle Creek Health Beverage Co. Lt.—Battle Creek, Mich.

Summer clothing has always been wanting in fit and permanency of shape.

Linings and tailorings were sacrificed to coolness and a man obtained comfort at the cost of appearances.

We offer our customers thin, cool, comfortable clothes that fit as perfectly as regular full lined garments and retain their shapes.

The suit is light and cool—the coat weighing but 22 ounces. The trousers have permanent cuffs to turn up at the bottom and loops at the waist band for belt. The materials are light flannels and summer outing cloths.

Each suit pattern is twice sponged and shrunk before it is cut and guaranteed not to shrink after it is made up.

## SHIPS OF WAR PASS IN REVIEW

Imposing Parade Is Witnessed by President and Guests on Long Island Sound.

Sea Fighters Are Inspected by Nation's Chief Executive—Latter Acknowledges Salutes of Ships and Cheers of Sailors—Splendid Naval Picture Presented.

Oyster Bay, N. Y., Aug. 18.—For the first time in the history of the country the president of the United States reviewed and inspected, in time of peace, a great fleet of United States warships. The ceremony was a magnificent and impressive naval spectacle. There were 21 warships drawn up in four parallel columns a mile long in command of Rear Admiral Barker. The review occurred on Long Island sound, two miles and a half off the entrance to Oyster Bay.

First Salute Fired.  
As the president stepped on the deck of the Mayflower her guns spoke the first salute of the morning, and the Mayflower steamed down the bay, followed by the president's yacht Sylph, having guests of the president on board. With

## BANK FAILS.

Fourth Financial Institution in Duluth Suspends as Result of Alleged Embezzlement.

Duluth, Minn., Aug. 15.—The alleged embezzlement of \$45,000 of the funds of the Commercial Banking company, for which E. E. Johnson, the trusted clerk of the bank is under arrest, has brought about the failure of the Merchants' bank, of Duluth, which closed its doors after Friday's business. President Smith said that the failure was due to a run on the bank resulting from the closing of the Commercial Banking company's institution. He said that he could not anticipate the extent of the withdrawals, and closed to protect all depositors as much as possible. This is the fourth bank suspending business as a result of the alleged embezzlement.

## TOWN OPEN TO WAR VETERANS

Members of G. A. R. at San Francisco Receive Hearty Welcome on All Sides.

## GREAT CROWDS WITNESS THE PARADE OF THE OLD SOLDIERS

They Are Cheered All Along Line of March—Thinned Ranks of Veterans Becoming More Apparent Every Year—Union Ex-Prisoners of War Elect Officers.

San Francisco, Aug. 19.—What with receptions and entertainments of all kinds the visiting members of the G. A. R. are having a most enjoyable time in this city. The old veterans have been extended a hearty welcome on all sides, and everywhere they have hospitality extended to them. The California posts provide fruits and flowers in lavish abundance and open house is the order of the day in all the local headquarters. Train after train still adds its complement to the army of veterans already marshaled here and the encampment now begins to assume the proportions of the largest ever held in the history of the organization.

The arrivals now are computed at 21,000 people from eastern points, with fully 35,000 persons in addition from California points. For the next few days excursions have been arranged to carry the visiting veterans to different points of interest in the interior, and all the leading cities have made arrangements to give them an appropriate reception.

## Old Soldiers Parade.

The parade of the veterans of the Grand Army of the Republic Wednesday will be long remembered by the thousands of people who packed the streets along the line of march to witness it. Not a few of them recognized that for them this meant the passing of the heroes of many a bloody struggle in defense of the union for all time in a collective body so far as this city is concerned. Devoid of all the pomp and panoply of the warlike host which marched in all the pride of strength and youth in Tuesday's parade, there was something pathetic in the thinned out ranks of the veterans which touched the hearts of all who saw them. Bowed with the weight of years, worn out and weary, but animated by the fires of an unquenchable spirit, this remnant of a mighty host which had carved out victory for the republic on the hardest fought battlefields the world has ever known marched proudly along, the last of an unconquered band of heroes. They looked the part they had played as makers of history in this country of their birth or adoption, as the case might be. Proudly they marched with the battleflags waving above the swaying ranks—flags which bore the marks of shot and shell in many a fierce fray, comrades together now as they were then. With military precision these old soldiers of Antietam, Vicksburg, the Wilderness, Gettysburg and Appomattox swung into line at the appointed hour ready for the command to march.

## Cheers for the Veterans.

A hearty greeting was extended to the old boys along the entire line of march, each of the departments being cheered to the echo as it filed past.

The scene was one of wild enthusiasm all along the streets, old and young turning out en masse to greet the fast fading ranks of the veteran American soldiers, who in compact organization will never march here again.

The reviewing stand was on Van Ness avenue, and there the departments marched past in perfect alignment after a long and tiresome march for many of the older veterans, showing up in brave style until dismissed by the grand marshal.

## Officers Elected.

The National Association of Union Ex-Prisoners of War has elected officers for the ensuing year as follows: National commander, James D. Walker (re-elected); national senior vice commander, Clinton T. Hull, of San Francisco; national junior vice commander, John T. Kisseane, of Ohio; national chaplain, John S. Ferguson, of Keokuk, Ia.; historian, Gen. Harry White, of Pennsylvania; quartermaster, Stephen M. Long, of East Orange, N. J.

Executive committee, Gov. A. T. Bliss, of Michigan; O. A. Parsons, of Pennsylvania; Charles G. Davis, of Boston, and Charles S. Fisher, of Minnesota. Berdan's sharpshooters have elected the following officers: S. C. James, of Centerville, Ia., president; to succeed R. W. Tyler, who is ill at his home in Washington; F. D. Sweetser, of Brentwood, Cal., vice president; A. R. Barrett, of Philadelphia, was re-elected secretary and treasurer.

## Two Injured in Wreck.

Salt Lake City, Aug. 19.—A special to the Tribune from Peterson, Utah, says that a rear-end collision occurred on the Union Pacific near there Tuesday, injuring Louise Mason, of Omaha, and a fireman, name not given. The collision was the result of a misunderstanding of orders, the east-bound fast mail crashing into the caboose of a freight train. Two hundred feet of track was torn up and traffic delayed for several hours.

## Assaulted by Ruffians.

New York, Aug. 19.—Policeman Joseph Buchelt, of the Williamsburg district, in Brooklyn, was assaulted early Wednesday by a crowd of ruffians, stabbed in the back and so badly injured that he will die. The

If I over-exerted myself or had been driving long, my back became so tired and ached so much that I could not rest nights. I had often heard Doan's Kidney Pills so highly recommended that I got a box at J. O. Doesburg's drug store and used them. Illustrating That If Our Family Is to Be Criticised We Wish to Do It Ourselves.

[By McCutcheon, in Chicago Daily Tribune.]

"Do you know, Kate, I wouldn't tell it to any one but my very dearest friend, but, honestly my husband is the latest man alive."

"Why Fanny, that's exactly what I told my own husband yesterday."

"What? You did, did you? Well, if I had a husband like yours I wouldn't do any talking."

the president's flag flying from her main-truck, the Mayflower steamed slowly off to the east end of the right column, made a sweeping curve, and moved down through the lane between the first column of battleships and cruisers and the first column of destroyers.

## Acknowledges Salutes.

From the bridge of the Mayflower President Roosevelt, surrounded by a group of admirals and guests, acknowledged the salutes. At the end of the lane the Mayflower turned and passed down the line between the second column of cruisers and second line of destroyers. One after another the guns of the cruisers saluted until, after having encircled the fleet and completed the first part of the review, the Mayflower stopped at the head of the two columns between the Kearsarge and the Olympia. As a naval picture, it was splendid and inspiring.

## Visits Battleships.

Launches put off from the warships and scurried over to the Mayflower, conveying the commanders and flag officers respects to the president.

This formality completed, the president boarded the Mayflower launch and was conveyed to the Kearsarge, to return the official call. Twenty-one guns from her secondary battery spoke an official welcome, and an equal number at parting. In turn he visited each of the battleships and cruisers, the ceremony being repeated in each instance.

## Close of Ceremonies.

The president returned to the Mayflower at 2:45 and his flagship immediately fired a salute to Rear Admiral Barker, commander of the fleet. The Mayflower steamed down the sound for a short distance and then lay to while the fleet, headed by the Kearsarge, with the destroyers at the rear of the line, passed the Mayflower in single column, saluting the president as each passed the Mayflower. This concluded the ceremonies. The fleet continued on to Portland, Me., and the Mayflower returned to Oyster Bay, bringing the president home to Sagamore Hill.

## Lost at Sea.

Hong-Kong, Aug. 19.—The Canadian Pacific railroad's steamer Empress of India collided near this port with the Chinese cruiser Huang-Tai and the warship sunk an hour after the collision. The Empress of India saved 170 of the crew of the cruiser. The captain of the Huang-Tai, who refused to leave his ship, and 13 of her crew were drowned. The Empress of India was badly damaged.

Washington, Aug. 19.—Mr. Riddle, the American charge at St. Petersburg, has cabled the state department that Mourabieff, the Russian minister of justice; Lardy, the Swiss minister to Paris, and Prof. Matzen, of the University of Copenhagen, have been named by the czar of Russia as arbitrators at The Hague of the cases between Venezuela and the blockading powers.

## Mutiny on the Lake.

Chicago, Aug. 15.—Six firemen on the steamship Eastland struck because they were not given mashed potatoes for dinner, leaving the passenger boat at the mercy of the waves for half an hour. The strikers were arrested and taken to jail at South Haven, Mich., charged with mutiny on board ship while at sea.

Sioux Falls, S. D., Aug. 14.—The post office building at Sherman was entered by cracksmen Thursday morning, who blew open the safe and carried off the contents. The robbers escaped and there is no clue. Notes to the value of \$1,500, \$300 in cash and \$150 worth of stamps were carried away.

## American Boat Captures Cup.

"DON'T see how I can have her here for a whole month." The invalid half arose from her couch and a troubled expression accompanied the pettish tones. "You know I am not able to take any responsibility, Richard, and to attempt to entertain anybody is utterly out of the question."

The man looked up from his paper and sighed softly. He looked careworn and tired.

"Bettie is my favorite sister, you know, dear," he replied in a weary voice. "She has never visited us. Indeed I have not seen her since we were married. After her long trip abroad she naturally is anxious to see me as I am her. She will need no entertaining and will be no trouble, I am sure. The house can run on as usual and I am confident that Bettie will be a help rather than a hindrance."

"But strangers get on my nerves so," complained the wife, laying back. "Oh, dear, why can't I be strong and well like other people?"

"Oh, you'll be all right presently," replied the husband, cheerily. "The doctor says he will have you as hearty as ever as soon as the weather comes around."

"That's what the last one said," replied the wife, crying softly. "But I don't seem to be able to do anything without hurting my nerves."

The husband resumed his paper—but did not read. Between his eyes and the printed page there arose the dreams of his courtship and honey-

"I'LL AROUSE THE VITAL FORCES, AND GIVE HER AN INTEREST IN LIFE."

moon. Instead of these rosy castles, always inhabited by two lovers walking hand in hand, the bitter truth stood forth in contrast—an invalid wife who could not walk with him and who embittered the home atmosphere by her complaining. But she was not to blame, he told himself. It was she who suffered most and he had no right to feel resentful. After all she should not deprive him of the love and affection and companionship of his people. That was surely his right to enjoy.

So Bettie came, fresh from Paris, whereshe had spent three years studying art, and full of bright ideas and interesting experiences. For a few days she even enlivened the invalid with her breezy ways.

Bettie sized the situation in a trice and her heart ached for her big-hearted brother who went his lonely way, and would not hear a word of criticism for the invalid wife. He was all sympathy and helpfulness—but evidently tired and discouraged. Bettie listened to lengthy histories of Mrs. Franklin's "case" and extended quotations from the opinions of the various physicians who had treated her. Then she resolved to make a diagnosis herself. She consulted the physician in charge and was informed that it was a most baffling case—almost altogether a matter of nerves. He hoped to send the patient to a certain European watering place the following summer. If she could only get a start and arouse the vital forces, take an interest in life, he believed the recovery would be rapid. He could find no organic disease, etc., etc., etc.

"I'll arouse the vital forces and give her an interest in life," muttered Bettie.

"Oh, dear, what a piece of luck," she exclaimed a few days later, bursting into the dining-room while breakfast was serving. "Here is my old chum, Rose Wagner, who roomed with me for a year at Paris, coming here on a

visit. She is going to visit friends at the Newcomb, only three blocks away. My, but won't we have a giddy time. You'll like her immensely, both of you."

This was the beginning of a series of doings which entirely changed the atmosphere of the Franklin home. If Bettie was a lively piece, Rose was a terror, and between the two there was something going on every minute. Rose was as pretty as a picture, too, with her deep olive complexion, sparkling black eyes and rebellious raven hair. It was just one round of theaters, parties, automobile rides and a thousand and one other festivities. At first the invalid felt relieved to have them all away. Then the glowing accounts of the fun began to pall and she grew strangely unresponsive.

"Does Miss Wagner spend any time at all with the friends she is visiting?" she asked Bettie one day with just the shadow of a sneer in her voice.

"That's just what I was asking her yesterday," responded Bettie, promptly. "It's perfectly scandalous, isn't it—the way she runs away from them and goes with us. She says it doesn't make any difference—it's an old uncle and aunt with whom she is staying and they are glad to be rid of entertaining her. It's rather funny, too. She never seemed to care so much for gaiety when we were in Paris."

"And, do you know," Bettie rattled on, "I am afraid Dick is paying too much attention to her. Of course there isn't any undue interest on his part, but folks will talk, you know, and they certainly seem to enjoy each other's company. Why last night at the Duncans' party Dick danced six times with Rose. I think you ought to speak to him about it!"

"Nonsense," replied the invalid, but she looked thoughtful.

It went on for several days with something going on every night. All the talk was about a grand ball to be given by the commandery to which Richard belonged on a certain Thursday evening. On Tuesday evening, after listening to the two young women plan their costumes all the afternoon and watching Richard's eyes sparkle in anticipation as the event was discussed at the dinner table (Richard's eyes had not sparkled like that for many months, she remembered), Mrs. Franklin remarked: "Richard, I think I will go to the commandery ball Thursday evening."

"You, Nellie," he exclaimed, dropping his paper in surprise.

"Yes, I have been feeling much better for several days," she replied sweetly, "and I got up and dressed and walked in the garden for an hour or more this afternoon. I was surprised to find how strong I was."

"But a ball," expostulated the husband, bewildered. "You have not been to any sort of a gathering for a year or more—isn't—isn't a ball a trifle strong for a starter? Won't you overdo and be flat down again?"

"No, I think not," responded Nellie, decidedly. "Anyway, I am going to make the experiment. I have been looking over my gowns and I know I can fix one up in two days with Bettie's help and the maid's."

And so she did. And what is more, she danced—not once, but several times, with Richard. And when she didn't dance she kept him beside her most of the time. And it didn't injure her a particle. To the contrary it seemed to renew her youth. Two days later she joined Richard and the girls at an automobile party and became thereafter a regular member of the party to the great delight of her husband. The roses came back to her cheeks and her interest in life returned.

Bettie and Rose had a most scandalous session one evening pending their departure for their several homes.

"It was so good of you, dear," exclaimed Bettie, effusively. "I wouldn't have asked it, but I couldn't think of any other way."

"It's all right, dear," responded Rose, giggling. "I never had a better time in my life. And, such a success. Let's hang out a shingle, 'Franklin & Wagner, physicians and surgeons—nervous invalidism a specialty.' Then there was another spasm of laughter. And the cure was permanent.

**A Grand Old Cherry Tree.**  
Sometimes the fruit on a single tree is worth more than two or three acres of wheat. There is a tree in northern Delaware, 70 to 80 years old, that has produced an average of \$50 worth of fruit annually for nearly 20 years. One year the cherries sold for \$80. Six years ago this old patriarch bore 54 peach baskets of delicious fruit, or about 1,100 pounds. And all of this fruit has been a free gift from nature, as the old tree has stood in a dooryard all these years unattended and uncared for except in cherry time.

**Premature Gray Hairs.**  
To prevent your hair from turning gray rub into the roots a lotion made of coconut oil, two ounces; bay rum, one ounce; oil of bergamot, five drops. Shake well before using. I would warn you against pulling out gray hair, because others will come in their place, which will be stiff and short and much more noticeable than those pulled out. Take great care of your health. Gray hairs often are the result of a run-down condition. With improved health the color of the hair may be restored.

**Currant Float.**  
Take half a pint of strained red currant juice and mix with half a cup of granulated sugar. Beat the whites of four eggs to a stiff froth and add gradually half a cup of powdered sugar, then add the sweetened juice slowly, beating until you have a stiff foam that will stand when heaped up in a glass dish. A rather stiff vanilla custard or a plain junket may be placed first in the dish and the foam heaped in a rough pyramid on top.—Washington Star.

### It Is a Mistaken Idea

To give too much time to the selection of a Piano; this time could better be spent in selecting a dealer. It should not be hard to size him up by the very appearance of things; for instance, if he be disposed to depreciate his competitor, its pretty strong evidence he hasn't much to offer for himself. One may well have reason to be suspicious of a dealer who promises very much more than is promised by other dealers in a like business. Select the dealer right and the good piano follows. Baby Had Two to Six Every Day.

Suffered Terribly—Doctors Failed.

Dr. Miles' Nervine Cured Him.

Weak, nervous, fretful, puny children require a treatment such as only Dr. Miles' Nervine affords. When neglected these symptoms lead to epileptic fits or spasms. Every mother should strengthen her own and babies' nerves with Dr. Miles' Nervine, a true specific in all nervous disorders. Read the following:

"When my little boy was 18 months old he had cramps in his feet and hands. They would be drawn out of shape for two or three days. At first liniment seemed to help but in about two weeks nothing did any good the doctor gave him. We called another doctor but his medicine did no good so we changed to another who called it spinal disease. By this time the child's body was drawn out of shape; his backbone was curved to one side and his hands and feet out of shape. His sufferings were terrible, and he was having from two to six fits a day. I was taking Dr. Miles' Restorative Nervine for nervous trouble and saw it was recommended for fits, so I thought I would see if it would help him. All three doctors had given him up. One-half bottle stopped the fits and his limbs straightened, and another bottle cured him. He is now a strong, healthy boy going to school. I have waited to see if it would ever have returned, before writing you, but it never has. I cannot praise Dr. Miles' Nervine enough, as I know it saved my boy's life."—Miss URAH NELSON, Lansing, Iowa.

## MANY LIVES LOST IN WEST INDIES

Fearful Storm Sweeps Over Island of Jamaica, Leaving Death and Ruin in Its Path.

People Carried Out to Sea by Receding Waves and Drowned—Steamers Driven Ashore and Sailing Vessels Wrecked—Loss of Property Will Be at Least \$10,000,000.

Kingston, Jamaica, Aug. 13.—The effects of the hurricane upon the island of Jamaica were greater than at first believed. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing there. The United Fruit company's wharves, offices, hotel and plantations were utterly demolished. Five of the company steamers, including the Simon Dumois, Alfred Dumois and Brighton, were driven ashore, but are lying in easy positions. Port Maria, another town on the north coast, also suffered similarly. The coast is strewn with wreckage of local sailing vessels.

### Loss of Life Heavy.

It is feared that the loss of life has been heavy, 30 fatalities having already been reported, principally among seamen. The entire eastern end of the island has been devastated. Villages have been wiped out and public buildings and churches demolished. Thousands of the peasantry, rendered homeless and destitute, are wandering about seeking food and shelter. The destruction of the banana plantations has been complete and the fruit trade is paralyzed for the next 12 months. Hundreds of prosperous fruit growers have been brought to bankruptcy and ruin.

### Trade at Standstill.

The western end of the island, which at first was supposed to have escaped, also suffered considerably, though not to the extent which the eastern did. New banana plantations planted there were partly destroyed and the orange and coffee crops were also injured. It is still stormy and threatening and there are fears that there may be a renewal of the storm. Torrential rains have increased the misery of the poor and homeless. Thousands of houses in Kingston were damaged, the wharves were battered and several coasting vessels were sunk in the harbor. Trade is practically at a standstill. The damage will reach millions of dollars.

### Loss of \$10,000,000.

The southeastern portion of the island has been completely denuded of its crops, the rivers are flooded and many were carried out to sea and drowned. Considering the damage to property during the hurricane the loss of life was comparatively small, though the present estimate now is that the death list will reach 50. Hundreds of persons were injured and there were numerous hairbreadth escapes. The property loss is estimated at \$10,000,000.

## RURAL DELIVERY.

Progress Made by This Important Branch of the Postal Service During the Year.

Washington, Aug. 14.—Postmaster General Payne has prepared a statement showing the status of the rural free delivery service throughout the country. It shows that during the month of July, the first month of the present fiscal year, almost 3,000 new routes have been established. The appropriation made for the entire service for the year was \$12,000,000, or a little less than \$3,000,000 more than necessary to maintain the existing service. This is only sufficient to justify the establishment of about 6,000 new routes. There are now on file petitions for about 11,000 more routes.

### Nebraska Republicans.

Lincoln, Neb., Aug. 19.—Nebraska republicans in state convention nominated John B. Barnes for the supreme court, endorsed President Roosevelt for a second term and John L. Webster, of Omaha, for vice president, condemned Bryanism and adopted a platform dealing with trusts and other problems. Mr. Webster has been a lawyer and leading republican in Nebraska for 30 years.

### Hits the Unions.

St. Louis, Aug. 18.—Federal Judge Rogers, in the case of the Commercial Telegraphers' union against the Western Union company in St. Louis, for discharging members of the union, decided that an employer has the right to dismiss an employee for belonging to the labor organization and to maintain a blacklist and give it out for the use of others.

### Printing Plant Burned.

Norwalk, O., Aug. 18.—The printing plant of the Laning company was practically destroyed by fire early Monday, loss being about \$100,000; fully insured. The company publishes law books and does a general printing business. The plant will resume operations as soon as possible. The origin of the fire has not yet been learned.

### Damage by Earthquake.

Buenos Ayres, Aug. 14.—Severe shocks of earthquake occurred at Mendoza August 12. A number of houses and the tower of the Church of San Francisco were destroyed. Five persons were killed and many others injured.

### Will Bar Cigarettes.

St. Louis, Aug. 14.—By request the world's fair management has fixed October 7, 1904, for anti-cigarette day. An effort will be made to have smoking on the grounds that day made a nuisance punishable by arrest.

## CRIME IS STILL A MYSTERY

No Clew to Murderer of Four-Year-Old Boy at Detroit.

Entire Police Force Working on Case, But Have Thus Far Been Unsuccessful.

Detroit, Mich., Aug. 19.—The police Wednesday were as far from a solution of the horrible murder of little four-year-old Alfonso Wilmes, as they were when the mutilated body was found Tuesday. Charles Edwards, the suspect, who was placed under arrest Tuesday night, and who gives his residence as Bangor, Me., is still detained, but Lieut. Sadler, of the detective department, said he was satisfied that Edwards is not guilty of the crime. The local officers have telegraphed to the police of Rockford, Ill., asking for a complete description of the killing of the newsboy in that city several weeks ago, which bears so much resemblance to the crime here. In reply the Rockford chief of police wired that he had already written and mailed a full history of the case, and a description of the mutilation of the boy there.

The entire river front in the vicinity of the lot where the body was found has been searched by detectives and newspaper men, without finding the slightest traces of blood, and no one can be found in the neighborhood who saw the murdered lad during the evening. The movements of Alphonse, after he left his little father near their home Monday afternoon, are still a mystery. The detective department is working on the case.

The detectives are bending every energy toward locating the place where the murder was committed. When found the boy's body was bloodless; yet there was no blood in the vicinity, nor on his body indicating that the crime was committed elsewhere, and the body washed before being placed among the molding boxes. Every conceivable place near the lot where the body was found is being searched, and box cars that were standing on near-by tracks Monday night will be located and carefully examined. One fact has developed which may be of importance. The Walters family, which lives on Wight street, two blocks from the spot where the body was found, reported having seen a man leading a boy, dressed as the dead lad was, by the hand along Wight street Monday afternoon. He was seen twice by different members of the family.

## BREAKS OUT AFRESH.

Further Charges Preferred Against Miller by Bookbinders' Union at Washington.

Washington, Aug. 19.—The controversy between the Bookbinders' union and William A. Miller, assistant foreman in the government printing office, has broken out afresh. At the close of the day's work Monday, Public Printer Palmer handed to Mr. Miller a set of charges which had been prepared by the union. Mr. Miller was informed that he could take the rest of the week to reply to them, but he sent them back to the public printer Tuesday with the statement that they were made by irresponsible parties, that they were based on hearsay and were too absurd to seriously consider. The officials of the government printing office were very loath to discuss the case, but it was learned that the charges were mainly directed against Mr. Miller's personal character and related to acts said to have been committed as far back as 25 years ago. It was also learned that a scouting committee from the Bookbinders' union recently made visits to several towns in Pennsylvania for the purpose of collecting data to be used against Miller.

An official of the government printing office stated that Miller's status in the office is not likely to be disturbed.

### Fatally Shot in a Duel.

Berlin, Aug. 19.—Lieut. Kayser was shot Tuesday, and probably fatally, in a duel at Allenstein, with Lieut. Klauenflugel. Both officers belong to the Seventy-third regiment of field artillery. The duel was the result of joking at a farewell supper given at the officers' Casino to Capt. Fiege.

### Dies Suddenly.

## COLOMBIA WANTS NEW CANAL DEAL

The Senate Refuses to Ratify the Agreement Providing for the Great Enterprise.

Steps Taken to Reopen Negotiations, Which Means a Longer Delay—President Roosevelt Not Surprised Over the Adverse Action—Disappointment on the Isthmus.

Bogota, Colombia, Aug. 14, via Buena Ventura, Aug. 18.—The senate, having rejected the Panama canal treaty by unanimous vote two days ago, is now seeking to pave the way for fresh negotiations with the United States for a new treaty.

The senate has been in secret session two days and it is reported that President Marroquin has been authorized by congress to make a new treaty which will not require further ratification, but that the basis given for the treaty will probably prove unacceptable to the United States. It is considered, however, in official circles, according to reliable information, that the authorization given by congress to make a new treaty will furnish a basis for reopening negotiations with the United States.

**Why Treaty Was Rejected.**  
The senate rejected the treaty on the grounds that its provisions are in open violation of the constitution, which makes no provision for the cession of territory or sovereignty. Another objection to the ratification of the treaty which carried weight in the senate was that the Panama Canal company did not come to a previous arrangement with the Colombian government for the transfer of the concession.

The action taken by the senate more-over seems to have been influenced by the communication made by the American minister in which the introduction of any amendments to the treaty was objected to.

**President Not Surprised.**  
Oyster Bay, Aug. 18.—President Roosevelt heard of the adverse action of the Colombian congress on the Panama canal treaty with disappointment, but not with surprise. The president is not prepared to say what step will be taken next. From appearances it seems that the administration realizes that it has gone as far as practicable with Colombia.

It is not the desire of the president that the canal matter shall be dropped or even be allowed to rest. It is probable that the question will be presented to congress when it meets in extra session. If the undertaking were not such a stupendous one, it is likely that the president might be willing to act at once and take steps looking to the negotiation of treaties with Nicaragua and Costa Rica.

**Disappointment on Isthmus.**  
Colon, Colombia, Aug. 18.—All Colon and the Isthmus of Panama is in a fever of excitement and widespread disappointment at the rejection of the canal treaty by the Colombian senate. High authorities on the isthmus express the opinion that President Roosevelt possibly may insist on the right of the United States to purchase the canal enterprise from the French company, Colombia already having sanctioned the sale, and then take immediate steps to show Colombia that the United States is determined to go through with the matter; at the same time informing the Colombian government that the obstacles in the way of the transfer—viz.: the questions of money and the sovereignty and jurisdiction over the territory involved, etc., are questions for subsequent settlement and possible arbitration at The Hague.

**Murder and Suicide.**  
Oshkosh, Wis., Aug. 19.—Thomas R. Morgan, alderman of the Seventh ward and president of the Morgan company, sash, door and blind manufacturers, was fatally shot Tuesday morning by one of the employees of the company, Fred Hampel, a laborer in the lumber yard, from the result of which Mr. Morgan died within half an hour. His murderer committed suicide by hanging himself with his suspenders in the city lockup.

**Earthquake in Illinois.**  
Alton, Ill., Aug. 18.—An earthquake shock was felt here Sunday morning and the majority of the residents were awakened. The shock shook a quantity of plastering loose in the main auditorium of the Methodist Episcopal church on Sixth street. At East Alton bricks were shaken from several chimneys and glass broken in several windows. The shock lasted nearly eight seconds.

**Children Drowned.**  
Richmond, Va., Aug. 18.—At the Lurich station, Giles county, late Sunday, while a party of children, one boy and seven girls, ranging in age from 8 to 15 years, were boating, the boat capsized, and five of the girls were drowned. The drowned children were two daughters of John Robinson, one daughter of John Holloway and two daughters of Mrs. L. O. Lee.

**"Dollar Wheat" in Minneapolis.**  
Minneapolis, Minn., Aug. 15.—"Dollar wheat" was at last seen on change on Friday for the first time since the Leiter corner in 1898. It was cash wheat and there were sales at that figure. Later \$1.02 was asked and \$1.01 bid with no sales. The short September option touched 85, the highest point in 14 years.

**Young Is Chief.**  
Washington, Aug. 18.—The general army staff has come into existence with Gen. S. B. M. Young as chief. The staff will consist of one lieutenant general, one major general, one brigadier general, four colonels, six lieutenant colonels, 12 majors and 20 captains.

## CORBETT KNOCKED OUT.

Jeffries Wins in the Tenth Round of the Fight at San Francisco.

San Francisco, Aug. 17.—James J. Jeffries, champion heavyweight of the world, played with Jim Corbett for nine rounds and a half Friday night, and then Corbett's seconds motioned to Referee Graney to stop the fight in order to save their man from needless punishment. The end came shortly after the beginning of the tenth round, when Jeffries planted one of his terrific left swings on Corbett's stomach. The man who conquered John L. Sullivan dropped to the floor in agony and the memorable scene at Carson City, when

JAMES J. JEFFRIES.

Bob Fitzsimmons landed his solar plexus blow, was duplicated. This time, however, Corbett struggled to his feet and again faced his gigantic adversary. With hardly a moment's hesitation Jeffries swung his right and again landed on Corbett's stomach. Jim dropped to the floor and then it was that Tommy Ryan, seeing that it was all over, motioned to Referee Graney to stop the punishment.

## STORM IN NORTHWEST.

Hail Destroys Thousands of Acres of Grain Lands in State of Minnesota.

Grand Forks, N. D., Aug. 15.—A hailstorm Thursday evening cleaned out several thousand acres of grain north of East Grand Forks, Minn.

Sioux City, Ia., Aug. 15.—A severe hail and windstorm destroyed crops in a wide strip in Sac county Friday afternoon. In and about Lytton buildings were destroyed, but no one reported hurt.

Owensboro, Ky., Aug. 15.—A section of two miles square in Davless county was visited by a destructive hailstorm Thursday night. The damage to crops and property was estimated at over \$50,000.

**Millers Favor Reciprocity.**  
Fargo, N. D., Aug. 19.—At a meeting of the millers of North Dakota and northwest Minnesota, held here Wednesday, resolutions were adopted favoring reciprocity between the United States and all countries importing American flour. The resolutions also indorsed the action taken by the Millers' National Federation convention held in Detroit, favoring reciprocity between the United States and Canada.

**Meteor Falls in Michigan.**  
Detroit, Mich., Aug. 17.—A special to the Free Press from Mendon, Mich., says: A large meteor which fell here Friday night destroyed a portion of the bridge over the St. Joe river. It buried itself in the earth and made a hole nearly 20 feet deep. It gave forth a screeching sound as it passed through the sky and struck the earth with a report that was heard for a long distance.

**Addressed by President.**  
Oyster Bay, N. Y., Aug. 17.—President Roosevelt delivered the principal address at the quarterly meeting of the society of the Holy Name (Catholic) of Brooklyn and Long Island, held here Sunday. Decency of speech and conduct constituted the theme of his address, which was enthusiastically applauded by an audience of more than 2,000 persons, chiefly men.

**Head Blown to Pieces.**  
Springfield, Ill., Aug. 15.—Brooding over a quarrel with his wife, who had gone to Taylorville to attend a street fair despite his protestation, Edward Kolschenska, a saloon keeper of Decatur, committed suicide. He tied a strap around the trigger of a shotgun, raised the hammer, and looking into the muzzle, pulled the trigger, literally blowing his head to pieces.

**Take Official Measure.**  
New York, Aug. 19.—The Reliance and Shamrock III. were measured in the Erie basin by C. E. Mower, the official measurer of the New York Yacht club. As the result of his measurement and calculations, it is announced at the yacht club that the Reliance would allow the challenger one minute and 45 seconds over a 30-mile course.

**Terrible Death.**  
Kansas City, Mo., Aug. 17.—George B. Evans, manager of the American Transfer company, murdered his wife, Mrs. Lillie Maude Evans, in a most cold-blooded manner at their home in the southern portion of the city. Later he was found dead in Mount St. Mary's cemetery, two miles distant, having shot himself.

**Turkish Troops Defeated.**  
Sofia, Bulgaria, Aug. 19.—A fierce battle is reported to have occurred in the neighborhood of Monastir. Three Turkish battalions attacked a thousand insurgents, and after the fight had raged for six hours the Turks were repulsed, with the loss of 210 men killed or wounded. The insurgents' loss is not given.

Rev. F. J. Zwemer of Sheboygan Falls, Wis., died Wednesday morning at the home of his father, Rev. A. Zwemer, 333 Central avenue, this city, at the age of 45 years. He had been ill for some time and a fatal termination of the illness was expected. He came here from Sheboygan Falls last Saturday.

Rev. Zwemer was born in Holland, January 24, 1858, and was graduated from Hope college in 1880, and after teaching for a short time entered the McCormick seminary of Chicago, from which he was graduated in 1885. He was classical missionary in Dakota seven years and was pastor of the Grafschap church for several years, leaving there in 1896, when he was appointed missionary by the Illinois Classis and spent two years at Pelia, Iowa. Later he accepted the pastorate of the Sheboygan Falls church and since 1901 has been classical missionary in Wisconsin. He came from a family that took naturally to the ministry, his father and three of his brothers being ministers of the Reformed church. One of his brothers died in Arabia several years ago where he was doing missionary work.

Besides a wife and five children those who survive him are his father, Rev. A. Zwemer, two brothers, Rev. James F. Zwemer of this city, and Rev. Samuel Zwemer of Arabia, and six sisters, the Misses Maud and Henrietta of this city, Miss Nellie Zwemer, missionary to China, Mrs. B. Neerken, of Macatawa, Mrs. A. H. Strabbing, of New Holland, and Mrs. S. Joldersma, of Grand Rapids.

The funeral services will be held this afternoon at 1 o'clock from the home, where Rev. J. Karsten will conduct the services, and at 2 o'clock from the First Reformed church, Revs. S. VanderWerf, J. P. DeJongh of Zeeland, and P. P. DePree, of Grand Rapids officiating. Dr. G. J. Kollen will conduct the services at the cemetery. The pallbearers will be Revs. H. Vandenberg, B. W. Lammers, G. W. Ros and E. Klooster.

#### Boer War Heroes at Chatauqua.

Arrangements have been made to have Gen. Joubert, the great war hero of the Transvaal, and Capt. O. Donnell, one of his comrades in arms, deliver addresses at the Macatawa Chatauqua next Friday. This is indeed a rare stroke of enterprise on the part of the managers of the Chatauqua as the people of this section of the country are eager for an opportunity to hear the story of the war from the lips of such renowned men. Both are very good lecturers and the tale of the struggle that they tell is thrilling in the extreme.

Hon. G. J. Diekema will introduce Gen. Joubert and Capt. O. Donnell.

#### General Items

The announcement has been made by officials of the Wabash line that Milwaukee is to be made the terminal of the Wabash railroad, through a car ferry connection with Benton Harbor. The line of the road from a point near South Bend, Ind., will be extended to South Bend and from there to Benton Harbor. A system of car ferries will be run from Benton Harbor to Milwaukee. Terminal facilities will be installed on property on the lake front which will cost in the neighborhood of \$5,000,000.

Burglars are again in evidence in Spring Lake. Two men were held up Saturday night, though with very little success in either case. Jacob Stark was found to have no money and was given a kick and let go, and Thomas Finch was also held up. Finch broke away and ran, however, in spite of a threatening revolver which one of the footpads held but failed to use. Officers think the robbers are young men who are resorting on Spring Lake.

#### Two Drowned.

John Van Dellen, of Chicago, teacher in the parochial Christian school of this city, and Miss Henrietta Rickers, a dressmaker living in Grand Rapids, were drowned in Black River near the site of the old Grand Haven bridge three quarters of a mile east of the present bridge last Wednesday afternoon about 5:15 o'clock.

The two young people, who, singularly, were of the same age, 18 years and 3 months, were out rowing with Miss Henrietta Jonker of this city. The two girls were on the stern seat and Mr. Van Dellen was rowing. He and Miss Rickers started to spatter water on each other and getting too close to the side of the boat sank the lee rail under under so quickly that both of them were thrown from the boat head first. Miss Jonker grasped the windward side and the boat righted. She saw her friends sink and tried to aid them but could not. Miss Rickers came to the surface once but Mr. Van Dellen did not. Miss Jonker shouted for help for a little while and attracting no one rowed ashore and gave the alarm at the Van Oort home. Richard Van Oort, sr., and his three sons, Richard, jr., Herbert and Will, went to the rescue but as they thought the water was shallow did not at first take grappling hooks. However, they found that the water was about eight feet deep and Will returned and got the hooks. They dragged the bottom but a short time when both bodies were brought to the surface. They could not work over them to good advantage and towed them to a spot near the bridge leading to the north side. Mayor DeRoos and some other citizens worked to restore life and were soon joined by Dr. J. J. Mersen who, assisted by others, tried for nearly an hour to resuscitate them. But it was of no avail. The drowning had occurred about 5:15. It was about 6:15 when they were recovered and about 6:40 when they were brought to a point where it was possible to work on them.

The bodies were taken to Notler's undertaking rooms in charge of Undertakers Notler, Dykstra and Vandenberg, and were viewed there Thursday morning by a coroner's jury consisting of John Connel, John Haan, Jens Larsen, W. R. Stevenson, E. P. Stephan, Leo DeVries, impaneled by Coroner Mastenbroek. The jury yesterday afternoon brought in a verdict of accidental drowning.

The sad death of these two young people is a grievous blow to Rev. H. VanHoogen, pastor of Central Avenue Christian Reformed church. Miss Jonkers is his grand daughter, Miss Rickers was his niece and Mr. Van Dellen was his guest.

Mr. Van Dellen's brother, Dr. G. Van Dellen of Chicago, arrived here yesterday and arranged to have the body sent to Chicago on last evening's boat.

Miss Rickers' mother came here yesterday and arranged to have her daughters body sent to Grand Rapids for burial.

Mr. Van Dellen was an exceptionally bright young man and had won signal honors in the Englewood schools, one of them being a \$75 prize. He had been engaged temporarily as instructor in the Christian school here and gave excellent satisfaction.

Miss Rickers lived with her mother in Grand Rapids and was a very estimable young lady.

"There is just another missing from the old home that is all." Mrs. Alice Barlow living on Pine street for some time has disappeared mysteriously. So has the husband of one of her neighbors, and it is alleged by those who claim to have confidential information that the couple have eloped. Mrs. Barlow at one time in her life was married to Russel Kimball who now lives in an Ohio town. She was divorced from him and married Ben Barlow of Olive from whom she separated some time ago. Kimball it is said came to Holland about a week ago and talked to his one time wife about resuming the marriage relations as soon as they could legally do so for the sake of the three children. But instead of going to Kimball, Mrs. Barlow it is thought has gone with the other man and the neighbors are wondering how it will all end.

#### CORBETT KNOCKED OUT.

Jeffries Wins in the Tenth Round of the Fight at San Francisco.

San Francisco, Aug. 17.—James J. Jeffries, champion heavyweight of the world, played with Jim Corbett for nine rounds and a half Friday night, and then Corbett's seconds motioned to Referee Graney to stop the fight in order to save their man from needless punishment. The end came shortly after the beginning of the tenth round, when Jeffries planted one of his terrific left swings on Corbett's stomach. The man who conquered John L. Sullivan dropped to the floor in agony and the memorable scene at Carson City, when

JAMES J. JEFFRIES.

Bob Fitzsimmons landed his solar plexus blow, was duplicated. This time, however, Corbett struggled to his feet and again faced his gigantic adversary. With hardly a moment's hesitation Jeffries swung his right and again landed on Corbett's stomach. Jim dropped to the floor and then it was that Tommy Ryan, seeing that it was all over, motioned to Referee Graney to stop the punishment.

It gave forth a screeching sound as it passed through the sky and struck the earth with a report that was heard for a long distance.

The insurgents' loss is not given.

#### Gorton Won in Ninth With Home Run.

The Mt. Pleasant players looked dangerous for a short time Monday afternoon. They loaded upon Karsten with the most reckless abandon in the first and second innings and before the Holland boys recovered their breath made seven runs. Karsten held them in check the next two innings but they started to beat another lively tattoo in the fifth and Capt. Gorton sent the tall boy from Zeeland to the bench and put Smithy the Joker in the box. Smith pulled the game out of the fire.

At the beginning of the eighth inning the score was Mt. Pleasant 8, and Holland 5. Then the Holland boys pulled together for a mighty effort and batted out three runs, tying the score. Gorton saved the day in the ninth when with two men out he lined the ball over the south fence for a home run.

The feature of the game was a fine one-handed catch of a line hit by Becker in the outfield.

#### Paw Paw Outclassed.

Paw Paw imported a pitcher from Chicago Friday in the hope that Holland might be humiliated, but the import and the Paw Paw team had to take so much humiliation that there was none left for Holland and the boys had nothing to lug home but a score that said Holland, 11, Paw Paw, 1.

Just to show their hospitality to the Chicago import, who answered to the name Fisher and claimed to be a leaguer, Shippicasse got four hits, Mahon three, and Gorton captured two three baggers. The Paw Paw players could not find Smith, who pitched fine ball.

#### An Argumentative Game.

Tuesday's game between Holland and Mt. Pleasant was of the scrappy variety. Just the kind to bring on nervous prostration. In fact it was a little too much so, for it reached the point where some of the players would rather display their pugilistic skill than their base ball head.

It was see-saw until the fifth inning. Then Root, stung by taunts bearing on his alleged inability to hit, threw his six feet of wiriness into his bat for a three base hit and came home on Jim DePree's fly to center amid the enthusiastic demonstration of the bleachers. Karsten went him one better by connecting for a home run.

Holland stock went up then and remained up until the seventh when the Mt. Pleasant argufiers found Karsten for a couple of hits, a hit on the anatomy, and a base on balls, and netted four runs.

The pugilistic diversion occurred at the close of the seventh when the most even-tempered man on the Holland team objected to being called a stiff with adjectives, and made for "Legs" Fisher. Luckily Marshal Van der Haar was there and changed the pugilistic seance into a love feast.

The argumentative part of the game occurred in the seventh when Shippie, with three men, more or less, on bases, fled out, and instead of retreating meekly to the bench cavorted between first and second until he drew a fruitless throw from Fisher and allowed DePree to sneak in with a run.

In the debate that followed this unlooked action on the part of the modest Shippie, Rowdy Mason, the best loved man in base ball in Michigan, and grey-haired Spicer, displayed great oratorical ability. But all their declamation was in vain as Umpire Verschure failed to see things in the light furnished by them.

The game went ten innings, as Mahon would say, and was won by Mt. Pleasant by plucky work.

Score: Holland 4; Mt. Pleasant 6.

#### Sporting News.
