The Right Thing

in the right place is the right description for a good piece of up-stairs or down-stairs furniture.

The Right Kind of Furniture

never looks out of place. A chair or table of the right kind has the independence and individuality that makes it look at home anywhere.

Our Furniture is Right.

Our Prices are Right.

Our Terms are Easy.

JAS. A. BROUWER

212-214 River Street, HOLLAND, MICH.

School Books and Supplies.

The purchase of the stock in the Martin Drug Store, and its removal to our own store, has placed us in the lead of School Book sellers in the city.

We can now supply any book used in the schools of Holland or vicinity. All customers, old or new, will receive most courteous treatment.

New and Second-hand Books.

CITY AND VICINITY.

Encouraged by his success in the hotel business which he started at Jenison Park this season, C. Van der Heuvel, proprietor of Van's Inn, is negotiating for property at the Green Mountain Beach resort, with a view of putting up a hotel with forty rooms.

The Rev. H. Poppen of Englewood, Ill., preached in the Fourteenth Street Christian Reformed church last Sunday, in place of the pastor, Rev. D. R. Drukker, who conducted services in the First Christian Reformed church of Muskegon.

A dredge from Manistee is working on the piers extension job. When the sea is too rough to work outside it is used in dredging in front of the new Macatawa Park dock, so there is still a hope that the Graham & Morton steamers will land there this season.

Superintendent James De Young is making a record in laying the Fifteenth street sewer. The work is twice as good as that of the Grand Rapids contractor who laid the defective sewer and it will be done in half the time.

Lean Reeve of the Ribs-Vaudie Sign Painting company of San Antonio, Texas, is the guest of his parents, Mr. and Mrs. James Reeve. Ribs and Vaudie shook dice to see who would come north first for a visit. Ribs won. When he goes back Vaudie will come for a visit.

The domestic troubles of Mr. and Mrs. Michael Schwartz have reached the divorce stage. Mrs. Schwartz, through her attorney, Charles H. McBride, has begun proceedings to be freed from the matrimonial tangle, charging cruelty and non-support in her long category of the sufferings to which she has been put by her husband. She petitions for a share of the personal property and the household furniture. Pending proceedings she has returned to her former home in Chicago. The couple were married a little over a year ago.

This evening's meeting of the board of education will find some important business for that body to transact. Miss Klassen has declined the position proffered her by the board, that of teacher of second and third grade in the Columbus street school to succeed Miss Bronson. Miss Klassen has a splendid reputation as a teacher, secured in the schools of Holland and Montague and the board would have been pleased to secure her, but she desires a higher grade. The board will also attempt to name a successor to Mrs. Obadwick, teacher of drawing and music. Miss Gall Herbeck has an application in for the position as well as several outside teachers.—Grand Haven Tribune.

For some time it has been a problem as to how the dust on Eighth and River streets should be kept from flying on Sundays. On week days the sprinkler keeps it settled but on Sundays there is no sprinkler. Last Saturday night Alderman Stephan showed how the problem could be solved. He enlisted the services of some of the firemen and had two blocks on Eighth street thoroughly flushed with water. The excellence of the plan was apparent on Sunday, for in the two flushed blocks rarely any dust flew, while in the other blocks there was dust to burn. The matter of flushing the streets on Saturday night was brought before the council at its last meeting by Mr. Stephan but there were not enough of the members present to get an expression, as it requires a two-thirds vote to spend money in this way. He will bring the matter up again and good results are expected.

Two members of a party of six boys narrowly escaped drowning by the capsizing of their row boat in Black river near the Pere Marquette bridge, late Monday afternoon. But for the help of their companions Mike McCarthy and Peter Roos would have drowned, as they could not swim. Roos was unconscious when taken from the water. McCarthy and Roos, Frank Van Ry, George and Leo Smith and Tony Sinko were rowing down the river when their boat struck a sunken log which tore a hole in the bottom of the boat. The boys were thrown into the river, and those who could swim were in no danger. McCarthy and Roos called for help and the others went to their aid. After a hard struggle Van Ry succeeded in getting McCarthy to the shore, but Lee Smith had a hard time rescuing Roos, who became unconscious before shore was reached. The boys worked over Roos for a time and restored him to consciousness. The accident happened not far from the place where young John Streur was drowned several weeks ago. The river is wide here and there is quite a current, while submerged logs make it dangerous, as the water is eight feet deep here. All the boys but McCarthy and Roos had been in swimming and they had on bathing suits.

Miss Lena Beuwkes, employed at G. Van Putten's, is taking a week's vacation.

T. Moerdyke, employed at Lokker & Rutgers' store, is taking a month's vacation.

Miss Emma Breitmeyer, a trained nurse living on East Sixth street, was called to Grand Rapids last Friday to care for a patient.

John H. Kregel, for the last four years a student at Hope college, will teach the Seventh grade of the Sigsbee Street school at Grand Rapids the coming school year.

A little daughter was born to one of the gypsy couples who have been camping near the Dunton property on the north side.

John Prakken has resigned from his position in Van Putten's store, where he has been employed the last four years.

Wm. Harkema was arrested Saturday night by Officer Doornbos, and when arraigned Monday in Justice Van Duren's court he pleaded guilty to a charge of drunkenness and paid a fine of \$5 and costs.

Klaas Brouwer's barn at New Holland, which was last Friday afternoon destroyed by fire by the same shaft of lightning that killed his son, was not insured and the barn and contents, among which there was a buggy, is a total loss.

It will be early in October before the new Fifth ward school house will be ready for occupancy, and when school commences, September 4, the pupils will report to the old building, which will be used until the new building is completed and the furniture installed.

"Frenchy" Longtime, keeper of Longtime's Place at Jenison Park, was arrested Saturday by Deputy Sheriff Salsbury on a charge of dispensing liquor without a license. He claims to operate a club and that he sells to members only. The arrest is the result of detective work on the part of a couple of detectives and of a personal investigation by Prosecutor Pagelson. Longtime is out on a \$200 bail bond signed by Wm. Mieras of Grand Haven. His hearing will take place in Justice Hoyt's court August 28.

Bos & Bolhuis have been awarded the contract for the construction of the factory buildings of the Holland Furnace company in the Prospect Park section. There were seven bids, as follows: Bos & Bolhuis, \$5,077; Prakken & Kardux, \$5,840; Holkeboer Bros., \$5,580; Rotschaffer Bros., \$8,014, carpenter work; P. Reimers, \$5,445; P. Oosting, \$1,697, brick work; Nixon & Son, \$2,594, brick work. The plant complete including the machinery, will cost about \$10,000. The brick will be furnished by the Holland Brick company. The building must be completed October 1.

Gertrude and Sigma, two small daughters of Mr. and Mrs. C. F. Carlson, were drowned in the river at Grand Haven Sunday. With their parents the two were exploring the neighborhood of the river. The children, thirsting for excitement, eluded their parents' vigilance and one of them proposed a race down a steep hill which terminates at the water's edge. They raced down the slope nearly abreast of each other. On reaching the bottom they were unable to stop themselves. Their cries for help and weak struggles to stop were extremely pitiful to several bystanders, who could do nothing except close their eyes as the girls plunged into the lake, rose, struggled and they sank to their death. One was 11 and the other 14 years of age. Their father is an employe of the piano company.

A band concert will be given by the Holland Citizens band Friday evening on the lawn adjoining the residence of Mrs. C. St. Clair, corner of River and Ninth streets. The lawn will be illuminated and ice cream and cake will be served. All the season the band has been giving free concerts in the park and the crowds attending have been exceptionally large. By rights the crowds attending the concert tomorrow night should be as large as the largest that ever attended a park concert, for the appreciation of the citizens should be shown. Some of the selections played when the band won first prize at the tournament will be played Friday night.

Frederick M. Boyton, aged 32, a brakeman and switchman on the Pere Marquette, has begun suit against the H. J. Heinz company to collect \$10,000 damages for injuries alleged to have been received at their plant in Grand Rapids, December 12, 1905. The bill of complaint filed in the case declares that some time prior to the above date the defendant had caused to be built side-tracks from the main line of the Pere Marquette railroad to their plant for the purpose of loading their products. Boyton states that he was engaged in shunting a refrigerator car to the factory building when he was caught between the car door and the platform, which it is alleged, extended too far out over the tracks. So badly was he jammed that both hips were broken and he sustained severe injuries about the head and internally. For these he holds the pickle company responsible.

SPECIAL ON SOAP

Witchhazel, Violet or Buttermilk.

Three Bars 10 Cents

DE PREE'S
Drug Store

Cor. Eighth Street and Central Ave.

Rev. David B. Updegraff of Buffalo, N. Y., preached in Hope church last Sunday morning.

Letter Carrier Jacob Geerlings is taking a two weeks' vacation. Substitute Peter Kramer is doing his work.

Clifford Harrington has sold to Jerome Christianson, 10 acres of section 5, Fillmore township, for \$1,750.

L. C. Bradford will change his employment bureau and real estate office to 23 West Eighth street, where he will also open a bowling alley.

Rev. H. J. Veltman will be installed as pastor of the First Reformed church Sunday, September 9, according to present plans. He will preach his first sermon in the afternoon.

Miss Jessie Grimes has taken a position as stenographer with the De Pree Chemical company. She was formerly employed with the Walsh-DeRoo Milling and Cereal company.

Fred W. Lobdell, leader of Jenison Park band, fell and fractured three ribs and received severe bruises while employed as an electrician in Grand Rapids last Thursday afternoon. He was wiring a house.

C. Blom, Jr., has awarded to Robert Wareham the contract for the construction of a new front for the building occupied by his confectionery store. It will be of Bedford stone and new plate glass windows will be put in.

Supervisor G. J. Van Duren of this city, Major Mansfield of Grand Haven and Robert Alward of Georgetown are in Lansing representing Ottawa county before the state board of equalization. They are well primed with facts and figures and will make a desperate effort to keep the county valuation at \$21,500,000, the amount set by the board of supervisors. Whether they succeed or not the people can rest assured that they will make a good fight.

The rye crop, which is this section of Ottawa's principal grain, is going to be very short this harvest. Martin Slap, who watches crop conditions very closely, says that 25,000 or 35,000 bushels will be the total amount of the Grand Haven, Robinson and Olive harvest. These townships probably raise more rye than any others in the state and the amount is less than half of the average yield. Many fields of rye were winter killed. One of the leading rye growers in Robinson was compelled to plow up over 30 acres of a 55 acre field of rye. The quality of the grain is said to be very high this season.

Mrs. Lettie Glaw, well known as a former resident of Grand Haven, was the victim of a clever matrimonial swindle in Chicago last week. Since leaving this city some months ago Mrs. Glaw has resided in Milwaukee. While there she in some manner fell a victim to the wiles of a Chicago crook who induced her to go to that city on the promise of marriage. Upon her arrival she went, according to arrangements, to the Great Northern hotel, where the intended husband joined her, and together they had a long conference in the hotel parlors. He looked the part of a prosperous business man and when he asked her how much money she had brought with her, she unhesitatingly told him that she had \$500. "Foolish woman," he exclaimed, "don't you know that you are apt to be robbed in this big city? Give the money to me and I will take care of it for you." She followed his suggestion and he started out to look for a minister. The divine was evidently hard to find for he has not yet returned and Mrs. Glaw is out her money. The Chicago police are looking for the swindler whose description tallies with that of a man who has robbed several other women in a like manner.—Grand Haven Tribune.

CORRESPONDENCE

Zeeland.
After having been associated in business for more than eighteen years the firm of Van Bree & Son has dissolved partnership, the senior member, F. Van Bree, retiring. This means that D. Van Bree is now the sole owner and the entire management of this large drug business will rest upon him.

There will be an examination of applicants for rural mail carriers for the 2 routes which will be established out of Zeeland this fall at the post-office on Saturday, September eight. Before that time, however, more applications are desired. Parties desiring to take the examination will apply to Postmaster Glerum.

Candidate Eldersveld has accepted the call recently extended to him by the Christian Reformed church of Beaverdam. The newly organized church of the same denomination at Hudsonville has extended a call to Candidate Bruinog.

Martin and Ralph De Haan and Chas. Vander Velde have returned from their trip to Washington.

John Brouwers, last week, sold the large black horse belonging to the Zeeland Cheese Co. to Grand Rapids parties for \$200 and in turn purchased a fine team of horses for the company at a cost of \$375.

Cornelius Van Loo and daughters Gertrude and Rosa, who have been spending the past five weeks in the Netherlands, have sent word that they will arrive here about August thirtieth.

The vote at the congregational meeting of the North street church resulted in a call for Rev. Dolfin of Englewood, Ill.

Douglas

Woody & Ellison is the new livery firm here and have headquarters at Hampton's barn. They have a good equipment and are prepared to take care of all business in their line. Their horses are good and their rigs new. Telephone No. 22, Douglas.

New Groningen.

The marriage of Martin Korstanje and Emma Klingenberg took place at the home of the bride's parents, Mr. and Mrs. G. Klingenberg at New Groningen last Thursday afternoon. The festivities were continued into the evening and a large crowd of young guests celebrated the event in a way long to be remembered. The newly married couple will make their future home at New Groningen.

Act Quickly.

Delay Has Been Dangerous in Holland.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills. Plenty of evidence to prove this.

Mrs. Ellis Van Toll of Clinton street, Grand Haven, Mich., says: "My back troubled me for the last nine years off and on but for the last year the difficulty increased. There was a dull aching pain down low across my loins, worse if I exerted myself or took cold. In the morning I was so lame I could hardly attend to my work and there was also a difficulty with the kidney secretions, very annoying. Seeing Doan's Kidney Pills spoken of so highly I thought I would try them, procured a box and took them according to directions. They did me a world of good, relieving me of my trouble in a very short time. I am always pleased to speak a word in favor of Doan's Kidney Pills."

Plenty more proof like this from Holland people. Call at J. O. Doesburg's drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

Any skin itching is a temper-mentary. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

"I have been somewhat costive, but Doan's Regulents gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut Ave., Alhona, Pa.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A household remedy in America for 25 years.

Saugatuck.

Jim Koning is home from the North where he has been buying fruit for Barnett Bros. He will buy for them in this vicinity for at least a few weeks.

As soon as the complaint of Will Shriver and others about dumping sand in the mouth of the old harbor, reached the army headquarters, an order was issued to have the practice stopped, so the old harbor will be left open at least for the present.

Business at the postoffice continues to increase as the season advances and the volume of incoming and outgoing mail is greatly in excess of any previous season in the history of the office. Eight thousand one cent stamps were sold last week and the total sales of stamps amounted to more than \$150. The business this week is considerably greater than last but it will fall off rapidly from now on.

Everybody's friend—Dr. Thomas' Electric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

Old maids would be scarce and hard to find.

Could they be made to see, How grace and beauty is combined By using Rocky Mountain Tea. —Haan Bros.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

It has caused more laughs and dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. —Haan Bros.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked, four years ago, by Piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. 25c at the Walsh Drug Co.

A little love, a little wealth, A little home for you and me; It's all I ask except good health, Which comes with Rocky Mountain Tea.—Haan Bros.

JOHN WEERSING

Real Estate and Insurance

For the most convenient houses and desirable lots in this city, or the best farms in this vicinity, call on me.

New Bargains.

Be sure if you have property for sale that it will be in the second edition of Post's Booklet, issued in September. See him before Sept. 1.

R. H. POST,

Citz. Phone 23. 33 W. 8th street.

THE NEWS IN BRIEF.

The Standard Oil company has reduced refined oil half a cent a gallon. Manuel de Yriarte, wealthy Filipino planter, has sent 7,000 varieties of orchids to President Roosevelt.

Frank E. Gavin, of Indianapolis, was nominated for congress by the Democrats of the Seventh district.

The annual convention of the Catholic Young Men's National union will be held in New York city September 25 and 26.

Mrs. Louis Janeck, of Milwaukee, is missing. She had a quarrel with her husband and told him that she would jump into the lake.

The crop report of the ministry of agriculture estimates that this year's Hungarian harvest will exceed those of the last 25 years.

Because his girl killed him at a farmers' picnic 18-year-old John Ripley took morphine and died in half an hour at Charlotte, Mich.

George C. Peck, aged 72 years, was shot and fatally wounded at Kingfisher, Ok., by Prof. G. R. Hale, aged 60, the result of an old grudge.

The United States cruiser St. Louis, built by the Nefle & Levy Shipbuilding company, was placed in commission at the League island navy yard, Philadelphia.

Prince Mohamed Ibrahim of Egypt was most seriously injured in an automobile accident at a level crossing at Bernay, Normandy. His chauffeur was killed.

Two daughters of Carl E. Karlson, aged 11 and 14 years, were drowned before their parents' eyes while bathing in the Grand river at Grand Haven, Mich.

John B. Roper, who murdered two fellow prisoners in the county jail at Lufkin, Tex., August 15, ended his penitence by hanging himself in his cell with strips of a blanket.

Police of Marseilles, France, have connected with a band of "Reds" a man named Cirillo, an avowed anarchist, who was arrested there charged with plotting to assassinate President Fallieres.

While playing bandit at Denver Burwell Kaufman, aged 15, pointed a rifle he thought was not loaded at Blanche Williams, two years his junior, and pulled the trigger. The girl was fatally wounded.

Lieut. Hugh L. Scott, formerly governor of Jolo, arrived in San Francisco from Manila, en route to Washington. He is to relieve Gen. Albert Mills as superintendent of the military academy at West Point.

A wire suspension foot bridge across the Juniata river, near Williamsburg, Pa., gave way as Chester Robinson, his wife and two small children were crossing it and the wife and the youngest child were drowned.

Trial of the Blue Mountain forest reserve case, a land fraud involving Congressmen Blinger Hermann and J. N. Williamson, State Senator F. P. Mays and others was commenced in the federal district court at Portland, Ore.

Central Labor union of Boston passed resolutions protesting against the selection of Labor day for a naval review, which was characterized as "an advertising display of the latest improved methods for killing our fellow beings on a day which should be devoted to the pursuits of peace."

MESABA RANGE MASS OF FIRE
Lack of Wind Prevents Worse Spreading of Flames Over Territory.

Duluth, Minn., Aug. 21.—Lack of wind is the only condition that prevents terrific spreading of the forest fires on the Mesaba and Vermilion ranges. The Mesaba is a veritable furnace as a result of the flames devastating the parched ground. Millions of dollars' worth of property, including towns and mines, is in peril, and all depends on the direction and force of the wind.

People at various points are "back-firing" to prevent the encroachment of the fires upon towns or mining properties. Fear is felt for many of the homesteaders north of the Mesaba range. There are hundreds of these.

TRADE STILL ON UP GRADE

NEW HIGH MARK MADE IN SOME LINE EACH WEEK.

Bright Outlook is Enhanced by Abundant Crops, Demand for Steel and Plenty of Work for All.

New York, Aug. 18.—R. G. Dun & Co.'s Weekly Review of Trade, says: Abundant crops and an oversold steel industry engender sentiments of confidence that make the outlook bright for a continuance of present prosperous business conditions. Each week brings a new high water mark in some department and the net result is uniformly better than for the corresponding week in any previous year. The weather has favored both crops and the distribution of merchandise, while the latter is increased by seasonable bargain sales. Despite unprecedented preparations for business by liberal purchase of rolling stock, the railways are facing a serious blockade that cannot be avoided when the crops begin to move freely. Earnings thus far reported for August were 11.7 per cent. larger than last year.

Some damage by storms was reported, but of local effect only, and a more significant factor was the further voluntary advance in wages at textile mills. No relief appears as to the supply of labor, production being reduced in some cases where consumers are most urgent.

Fall dry goods jobbing trade broadens, clothing manufacturers make heavy shipments and the leading industries are usually supplied with orders assuring active machinery well into next year.

July foreign commerce for the whole country far surpassed the same month in any previous year, especially as to imports, which were close to the largest in any previous month, and at this point alone for the last week there were gains of \$5,891,468 in imports and \$1,519,833 in exports as compared with the same week in 1905.

Failures this week numbered 176 in the United States, against 218 last year, and 16 in Canada, compared with 28 a year ago.

SEVEN DROWNED ON SABBATH

People from All Walks of Life Meet Death in Waters.

Duluth, Minn., Aug. 20.—The water claimed five victims in the head of the lakes region Sunday. Frank Zutter, aged 23, and his brother William, aged 21, went bathing a short distance east of Hibbing. They got beyond their depth and sank before help could reach them.

The 16-year-old son of Harry Thom, living seven miles north of Aitkin, was assisting his father in making a raft of logs when he slipped and fell into the water.

Hans Nelson, 15 years of age, of Superior, perished in St. Louis Bay in the sight of a number of companions who had warned him not to wade out beyond his depth.

W. B. Peck, of Duluth, was drowned at Solon Springs, Wis., in the presence of his two daughters, Dorothy, aged 14, and Marjorie, aged ten, who were in a boat a few feet distant from where Mr. Peck had gone in bathing.

CONTRACT LABORERS BARRED

Unskilled Mexicans Cannot Work on American Roads.

Washington, Aug. 18.—An important question respecting the importation of labor from Mexico into the United States for work on railroad construction in Texas has been determined by the department of justice at the instance of the department of commerce and labor. The question was whether men employed as laborers on ordinary railroad construction were "skilled" or "unskilled," in the meaning of the law. The department of justice, through an opinion rendered by Acting Attorney General Charles H. Robb, has decided that the men are "unskilled" laborers and that, therefore, cannot under the law be admitted into the country under contract.

Wealthy Farmer Kills Himself.

Vincennes, Ind., Aug. 21.—Joseph Robinson, a wealthy farmer, depressed by ill health, committed suicide by shooting himself twice with a revolver at the Dejeans hotel here. He leaves a family. He carried \$20,000 life insurance.

Death of a Pioneer Packer.

St. Paul, Minn., Aug. 18.—James T. McMillan, aged 70 years, a pioneer resident as well as a pioneer in the meat packing industry of St. Paul, died at his home here early Friday, after a long illness from liver trouble.

Two Killed in Wreck.

New Richmond, Wis., Aug. 20.—A Wisconsin Central freight train was wrecked near here and two of three men whose names are not known, and who were stealing a ride, were killed. The third was badly injured.

Prominent Southern Minister Dead.

Nashville, Tenn., Aug. 20.—Rev. J. L. Alexander, one of the most widely known ministers of the Cumberland Presbyterian church, died at his home here. He was 77 years old.

Chinese Workmen BY THE THOUSANDS

BIDS INVITED FROM CONTRACTORS TO SUPPLY LABORERS FOR PANAMA CANAL.

Commission to Start Experiment with 2,500 Men, with Privilege of Drafting 2,000 Per Month Until Demand for Labor is Supplied.

Washington, Aug. 21.—Specifications for bids to furnish Chinese labor for the construction of the Panama canal were issued Monday by the Isthmian canal commission. The basis for bidding is invitations for 2,500 coolies, although it is made clear that the commission may call for such additional numbers of Chinese laborers as it may need, should the experiment be successful, but the number shall not exceed 2,000 per month. All proposals must be received not later than ten a. m., September 20, at which time they will be opened. The usual conditions regulating the competitive bidding for government supplies is prescribed by the specifications.

Ten-Hour Work Day.

Chinese laborers will be required to work ten hours each day. Overtime will be paid in excess of ten hours and for all the work upon Sundays or holidays at the rate of time and a half.

Extra precaution has been taken by the commission, in its specifications, to provide against liability for damages or indemnity on account of the death or disability of any laborer or employee by accident or disease. The contractor must accept the responsibility for any such damages maintained by legal claim.

Conditions of Work.

Laborers coming under this contract will be provided, free of charge, with lodgings, bunks, stores, food, wood or other fuel for cooking purposes, necessary water for domestic and bathing purposes, transportation over the Panama railroad when engaged in the performance of duty, burial grounds, suitable quarantine stations when required, sanitary arrangements, necessary medicines and medical and surgical treatment with subsistence during such time as any said persons shall be in the hospitals. No wages shall be paid to any laborer, however, during illness or absence from work, either in quarters or in hospital. Chinese physicians are required to report and be under the control of sanitary officials designated by the commission, and may be removed and discharged in their discretion. Families and children will be allowed to accompany the laborers in the proportion of 15 per cent. of the total number of Chinese employed at any time.

Plan for Identification.

Exact regulations will be made as to the personal identification of each Chinaman coming within the zone. The contractor is required to give security to the republic of Panama that Chinese laborers and families shall be promptly deported upon completion of their terms of service. The contractor shall agree that neither slave nor involuntary servitude shall be permitted with respect to any of the laborers and that they shall at all time receive just and humane treatment.

SCENES IN VALPARAISO, CHILI, WHERE GREAT DAMAGE AND DEATH OCCURRED BY THE RECENT EARTHQUAKE.

Square and Admiral Prat Monument.

WILL CONSIDER IRRIGATION

CONGRESS TO ASSEMBLE SEPT. 3 AT BOISE, IDAHO.

Two Thousand Delegates are Expected, Governors Paying Little Attention to State Allotments.

Boise, Idaho, Aug. 20.—With a number of states yet to be heard from more than 1,200 delegates have been appointed to the National Irrigation congress and have notified the executive committee that they will be present when the congress convenes here on September 3.

While under the constitution each state is entitled to but 15 delegates to be appointed by the governor, little attention has been paid to this restriction. Gov. Hanly, of Indiana, appointed 94 citizens to accompany Vice President Fairbanks; Gov. McDonald, of Colorado, appointed 42; Govs. Chamberlain, of Oregon, and Cutler, of Utah, more than a hundred each and other chief executives are appointing all who want to attend. Fully 2,000 delegates are expected.

Local committees have completed arrangements for entertaining the delegates and visitors to the congress. A house to house canvass has been made and rooms reserved so that all will be comfortably accommodated at reasonable rates.

At the close of the congress the delegates will be taken on special excursion trains through various irrigated sections of the state.

THROW BOMBS AT GOVERNOR

Assassins Use Stratagem to Induce Official to Show Himself.

Warsaw, Aug. 20.—The revolutionists who on Saturday attempted to assassinate the governor general, adopted a stratagem to induce him to leave the palace. A few days ago a revolutionist disguised as an officer, appeared at the German consulate, quarreled with the vice consul and boxed his ears. Owing to this incident the governor general was compelled to visit the vice consul and offer an apology.

Meanwhile the revolutionists had rented a flat near the vice consul's residence, and when the governor general's carriage appeared they threw bombs at it.

The police, having been informed that a light-haired girl threw the bombs, arrested all the light-headed girls in the neighborhood. Nevertheless the miscreant was not captured.

Washington, Aug. 20.—The state department has received official advice from Warsaw regarding the throwing of bombs at the governor general there Saturday, stating that two bombs were thrown at that official, who "escaped with slight injury."

Noted Horseman Dead.

Michael F. Dwyer, one of the most prominent figures of the American turf, died Sunday at his little cottage in Brooklyn, opposite the Gravesend race track, of which Philip J. Dwyer, a brother of the dead horseman, is president.

FIFTY-EIGHT OFFICIALS SLAIN

Russian Revolutionists Put in Busy Week Murdering and Robbing.

St. Petersburg, Aug. 21.—Last week's statistics show that 58 officials were murdered and 43 were wounded in Russia proper, that 50 bomb stations were discovered, that six safes were rifled of money and that 63 persons were robbed. These official figures do not take into account the pillaging in the country, nor do they give the number of military executions or arrests of agitators and revolutionists, and there are no figures showing the number of persons sent into exile.

The St. Petersburg Gazette says that 2,300 persons were banished on Saturday from St. Petersburg alone and that 750 were placed on trains bound for the interior. Prefect of Police Van Launitz has declared his intention of clearing the capital of all "vagabonds."

Kills Wife; Escapes.

Bloomington, Ill., Aug. 21.—Mrs. William Thomas, wife of a miner at Pontiac, Ill., was murdered by her husband Monday, who cut her throat from ear to ear and smashed her skull with a hatchet. The murderer escaped to a cornfield and a sheriff's posse is in pursuit. A family quarrel is given as the cause.

Governor Attends Funeral.

Bloomington, Ill., Aug. 21.—The funeral of James S. Neville, mayor of Bloomington, and a member of the state board of warehouse and railroad commissioners, was held here Monday morning. Governor Deneen and staff, ex-governor Yates and the state central committee attended the services, and Yates spoke briefly at the grave.

Visible Supply of Grain.

New York, Aug. 21.—The visible supply of grain Saturday, August 18, as compiled by the New York Produce exchange, was as follows: Wheat, 31,949,000 bushels, increase 226,000; corn, 2,710,000 bushels, decrease 875,000; oats, 1,919,000, decrease 147,000; rye, 1,359,000, decrease 47,000; barley, 869,000, decrease 248,000.

VALPARAISO LOSS EQUAL TO FRISCO

MUCH DISCREPANCY REGARDING LOSS OF LIFE IN AND ABOUT THE CITY.

Property Damage is Placed at Quarter Billion, While Deaths Are Estimated at from 100 to 2,000, Exceeding Those of Coast Horror.

There continues confusion of statements as to the magnitude of the disaster to Valparaiso caused by the earthquake shocks which began on Thursday, August 16, and continued at frequent intervals throughout that and the next two days.

Dispatches from Valparaiso state that a moderate estimate of the fatalities is 2,000 and that the property loss may be as high as \$250,000,000, which latter is as great as the loss sustained by San Francisco in consequence of the earthquake and fire which devastated that city last April.

Reports Are Exaggerated.

A refugee who has arrived at Santiago places the known dead at 100 and other messages indicate that the first reports of damages and casualties were greatly exaggerated.

Dispatches to the state department at Washington place the fatalities at about 500.

It is evident that confusion and panic prevail at Valparaiso and with order is restored it will be impossible to ascertain with accuracy the loss of life and property.

The dwellings in the city have been practically abandoned by the inhabitants who are existing as best they can in the plazas and streets of the city and the hills adjacent to it without shelter from storm or sun and with famine confronting them.

Food and Water Scarce.

Food is already scarce and high water for drinking purposes is lacking and disease is feared.

The government is doing all it can to bring in relief.

The crippling of the railroads leading into Valparaiso constitutes a serious factor in the situation, as for an indefinite period relief supplies can only be obtained through other means of transportation, the seaboard alonging the best of these.

Many Buildings Wrecked.

At Santiago many of the best public and private buildings were wrecked. The loss of life there was augmented by the panic which seized the people, many of whom threw themselves from the balconies of their homes. The destructive force of the earthquake was experienced over a large extent of the country, many towns sustaining serious damage.

Rivals Frisco Horror.

Proportionately the catastrophe at Valparaiso is considered greater than that which befell San Francisco—Valparaiso and neighboring towns were wrecked and partially burned, and in all of the towns of the Aconcagua valley conditions are similar.

In the southern portion of Chili, severe shocks were felt at Talcahuano, Concepcion, Talca and Zane, but there the disaster was not appalling.

Quakes occur from time to time, but are steadily diminishing in force.

Dead and Wounded.

As to the dead and wounded, an accurate estimate is as yet impossible, but it is believed that the former will exceed 1,000 in Valparaiso and surrounding towns.

Do Not Fear Famine.

Provisions and thousands of tons of flour, wheat and rice are held in stores at Valparaiso and about it; it is not believed a food famine will occur.

Martial law has been in Valparaiso since the first day of the shocks and the entire population is camping to the open.

APPROPRIATIONS BY CONGRESS

Lawmakers Spent Nearly Billion Dollars Last Session.

Washington, Aug. 21.—According to a statement issued Monday by Thomas P. Cleaves and James C. Courts, chief clerks, respectively, of the senate and house committees on appropriations, congress, at its last session, appropriated for the fiscal year 1907 nearly a billion dollars. The exact amount is \$879,589,185.16, representing an increase of \$59,404,550.20 over the sum appropriated the last session of the fifty-eighth congress for 1906. The largest item is contained in the appropriation for the post office department, the amount allotted being \$191,495,998.75. The next largest sum was given for pensions, the money appropriated amounting to \$140,245,500, or nearly twice as much as was allowed for the support of the army, and over forty millions more than was granted for the naval establishment.

Visible Supply of Grain.

New York, Aug. 21.—The visible supply of grain Saturday, August 18, as compiled by the New York Produce exchange, was as follows: Wheat, 31,949,000 bushels, increase 226,000; corn, 2,710,000 bushels, decrease 875,000; oats, 1,919,000, decrease 147,000; rye, 1,359,000, decrease 47,000; barley, 869,000, decrease 248,000.

Governor Attends Funeral.

Bloomington, Ill., Aug. 21.—The funeral of James S. Neville, mayor of Bloomington, and a member of the state board of warehouse and railroad commissioners, was held here Monday morning. Governor Deneen and staff, ex-governor Yates and the state central committee attended the services, and Yates spoke briefly at the grave.

Life Saving Service Crippled.

There was a bill before Congress the last session providing for the pensioning of members of the life saving crews under certain conditions and containing other provisions for the improvement of the service. The bill should have passed but it did not. It was reported favorably from the senate committee on commerce, but when it got to the floor of the senate, Senator Hale objected to its consideration without opportunity for thorough discussion, and it went over. In the house it was held up in the committee on interstate and foreign commerce, of which Representative Hepburn is chairman. Mr. Hepburn comes from Iowa, an inland state, and is little in sympathy with any movement to better the welfare of the life saving service.

Now the service is in a crippled condition largely on account of the failure of this bill to pass. Into Washington from every quarter are being hurled complaints of the difficulty in keeping the necessary number of efficient men on the crew. It is the unanimous verdict of the high officials that, on account of the lack of competent surfmen at the stations, the life saving service, alike on the gulf, the Atlantic and Pacific coasts, and the great lakes, is in a grave condition. Recent reports from various stations show that many of them are getting along with about 50 per cent of a full force. There are many indications that the conditions are going from bad to worse, and life saving service officials take a pessimistic view of it. The difficulty of getting good men is enhanced by the fact that the country now is generally prosperous, wages are good, and work is plenty, and there is no lack of opportunity for intelligent and able bodied men, such as most of the surfmen are, to get fairly remunerative employment other than life saving. The pay of surfmen is but \$65 a month for eight or ten months of the year.

General Superintendent Kimball in discussing conditions in the service, said it was getting harder and harder to keep efficient men who were willing to undergo the hardships of surfmen for the pay allowance. He says it is imperative that steps be taken to remedy the situation, and he believes congress should pass the bill reported from the senate commerce committee last winter. Supt. Kimball will be prepared to make a strong showing next December as to the necessity of more pay for the surfmen or for the establishment of a retirement system. If Congress does not then take action further crippling of the service may be expected as some of the surfmen who have seen this bill turned down term after term are chafing at the delay and will send in their resignation.

Conkey Farm Sold To The Misses Fischer.

One of the largest real estate deals in Holland was made last week when the farm of W. B. Conkey on the south side of Macatawa Bay was sold to the Misses Fischer of Chicago. The farm contains 25 acres. It has 3000 feet of water front which gives a fine bathing beach and is fitted up with boat house and landing pier. The house is of the Colonial style and is situated to give a splendid view of Black Lake. It is conceded that it is the prettiest place on the lake, and it is doubtful if there is a prettier place of the kind in Michigan.

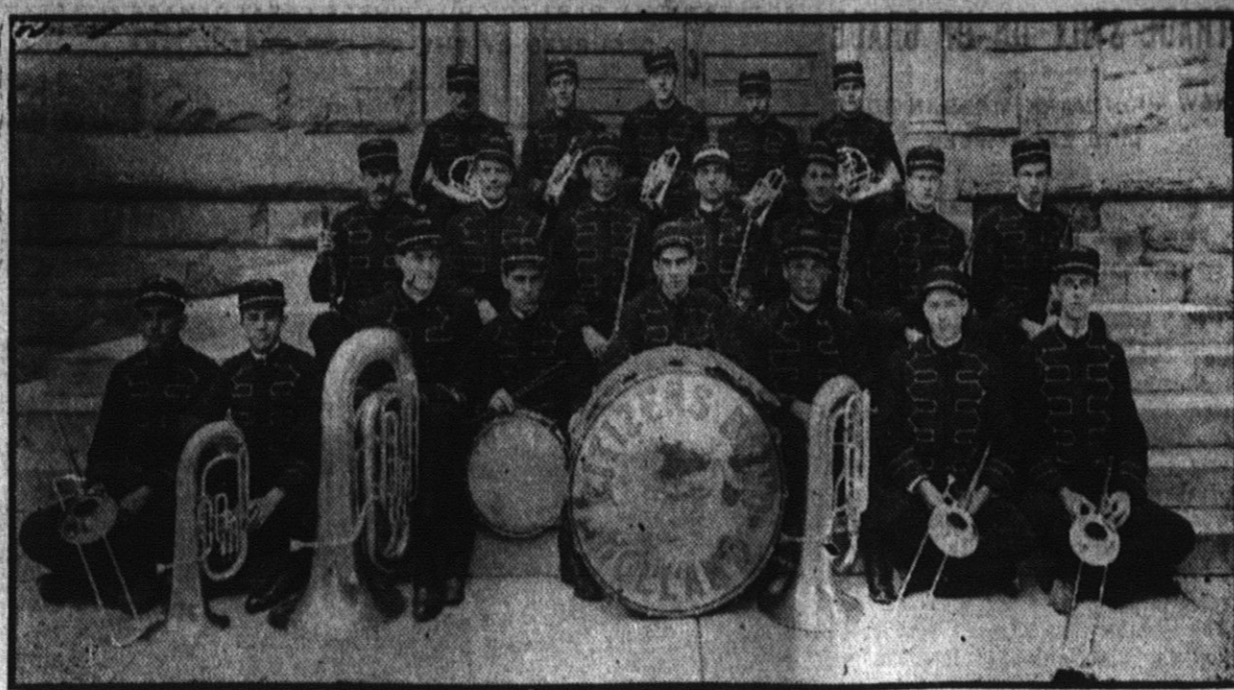

Hereafter it will be known as Kirchheim.

Lake and Marine.

It is likely that the Muskegon life saving station will soon receive a gasoline engine to be placed in the larger of the two surf boats, which are now both propelled by oars. The government some time ago made a ruling that one surf boat at each station along the great lakes be equipped with a gasoline engine for propulsion. Captain Nelson of the Muskegon life saving station stated that he expected that the engine for use at the local station would arrive sometime before fall, as several of the stations along the lakes have already received their equipment.

Laketown Real Estate Transfers.

Henry Lugers sr. and wife to Benjamin Lugers sr., 40 acres of section 1, Laketown, \$500.
Edward P. Simpson and wife to Louis M. Nelson, 120 acres of section 27, Laketown, \$20,000.

Holland's Prize Winning Citizens Cornet Band, the Pride of the City.

First tier, from left to right—Perry Askins, Albert Hoskema, Germ Mokma, Marius Mulder, Henry Dangremond, Pred Smith, Gerrit Van Lente, Benjamin Dumez (vice president and treasurer).
Middle tier—John Ter Wee, William E. Van der Hart (president), Benjamin Veltman, John Van Vyven (director), George Damsen, Henry Wilson, Luke Sprietama, Jr.
Upper tier—Benjamin Dalman, A. K. Prins, Gerrit Heneveld (secretary), Henry Wickerink, Geo. Moomey.

William Brouwer Killed by Lightning.

While at the pump in the barn of his father, Klaas Brouwer, of New Holland, during the electrical storm last Friday evening at 5 o'clock, William Brouwer, aged 27 years, was struck by lightning and instantly killed. The barn was set on fire by the same bolt and was burned to the ground; but the body of the young man was removed from the burning building by his mother, who rushed from the house when she saw that the barn was on fire, only to learn that her son was dead. His wife was milking near the barn at the time. The father was in Holland delivering pickles at the H. J. Heinz Co. plant, but neighbors assisted in caring for the body of the young man. Dr. J. W. Van der Berg was called but his services were not needed, as death had been instantaneous.

Deceased is survived by a wife and one child, his parents, several brothers and sisters.

The funeral services were held Tuesday afternoon from the New Holland church, Rev. J. Wesseling officiating.

Holland Veneering Co. Will Move.

In order to carry out plans for a substantial increase in capacity the Holland Veneering company has purchased the two-story brick factory building on West Fifteenth street, formerly occupied by the Toronto Shoe company and later by the Pneumatic Horse Collar company, and will move the plant there from its present location on West Eighth street. The sale was made through the R. H. Post agency.

There is a demand for the product of the company and the new location will make it possible to enlarge the plant so as to better care for the demands of the trade. Additional land has been acquired.

Recently new capital was invested in the company and it is in fine shape to branch out on a larger scale.

Labor Day Celebration.

The last public celebration day in Jensen Park for this season will be on Labor Day, September 3rd. The local unions of Holland have the matter of program in hand and have appointed the following committees:

President of the Day—Vernon F. King.

Vice President—A. Van Doesburg.

Secretary—W. F. Norland.

Treasurer—Olaf Hansen.

Committee on Sports—C. D. Hensen, chairman; Nick Whelan, Olaf Hensen.

Reception Committee—John Buchanan, Frank Robinson, I. Welch.

The executive has succeeded in securing Mr. Guy H. Lockwood for the principal address of the day. Mr. Joseph Warnock, formerly of Holland and now of Harbor Springs, will also be present and on the program. Mrs. Lockwood will accompany her husband and has promised to give several readings during the afternoon.

The big feature of the day will be an excursion on Lake Michigan on the City of South Haven, leaving Jensen Park dock at 1:30. The steamer will arrive at 10:30 in the morning with an excursion from Kalamazoo and South Haven with Dierhammer's band aboard. In the forenoon there will be a base-ball game between Poole Bros. and Heinz Pickle Co. In the afternoon, under the direction of the committee on sports, a program of novel and amusing contests and games will be given.

During the afternoon there will be several special sensational acts, including high-diving, juggling and other performances and a balloon ascension at 4:30. Bands will be playing in and about the park throughout the day and evening. The committees are planning to make this celebration the best ever held under the auspices of the local unions.

Big "Bee" At Fair Grounds.

Will Build New Stables.

In spite of the scorching weather and the counter attractions, such as the picnic in Prospect Park and the excursion to the Agricultural college, farmers from all sections and business men from Holland were at the fair grounds in goodly numbers yesterday and made the "bee" a decided success.

The 36 foot addition to the grandstand rose up as if by magic under the onslaught of hammer and saw

and now stands ready for occupancy, barring a few finishing touches which Contractor Postma will put on in a few days. The grounds were raked, the weeds cut and minor improvements were made to the buildings. It was certainly a good day for the fair.

Encouraged by the success of yesterday, the fair officials have decided to hold another bee in a short time and a large crowd is expected as many who could not be present have signified their intention of attending the next one. The purpose of the next "bee" is to build stables for the trotting horses. It was first intended to remodel some of the old stables but the officials yesterday were encouraged to decide that fifteen new stalls should be built. These stalls will be 10x12 and will be fitted up to accommodate trotters especially. They will be erected just east of the little grove on the east side of the grounds and the trotters can enter the track from there without going thru the crowds which assemble where the gate is at present.

It is indeed gratifying to see the spirit that the leading business men of Holland show towards the fair "bees." Yesterday was an example. Many of the men could not be present but they remembered the event in various ways. For instance E. B. Standart and De Pree Bros., each contributed fifty pounds of nails; E. R. Vauder Veen of the Boston Bakery gave buns; Will H. Orr, manager of the Citizens telephone company, furnished his own services, a man, and a horse, and also ran a special line to the grounds for the accommodation of the business men; the Holland Sugar Co. furnished a man; Nibelink's livery furnished the pony team with Jackie Nibelink as driver; Stratton Bros., furnished a livery rig; Al Michmershuizen, furnished a rig; and others who made donations were Albert Hidding, Harry Doesburg, DuMez Bros., John Kiekentveld, Jacob Lokker, Mrs. A. B. Bosman.

Those who served refreshments at the "bee" yesterday were Mrs. A. B. Bosman, Miss Mamie Lokker and Miss Manting.

Those who assisted were Jacob Lokker, H. Kooiker, J. H. Boone, John Schippers, J. H. Bolks, Folkert De Vries, A. B. Bosman, G. K. De Witt, W. H. Orr, Albert Hidding, Klaas Plagenhoef, Sam Plagenhoef, Frank Essenberg, Peter Slagh, Jacob Kraai, D. Ten Have, Barney Cook, Gerardus Cook, Roy Scott, Frank Walsh, Abel Postma, Will Lokker, Al Michmershuizen, Nick Whelan, Henry Groenewold, Arie Zanting, M. G. J. Vos and Peter Keyser.

Do You Want To Take Out Citizenship Papers?

If you want to take out citizenship papers, a good opportunity will be presented on Thursday, August 30, when a session of the circuit court will be held in Diekema & Kollen's law office. Referring to the naturalization laws Deputy Clerk Fred McEachron says that on Sept. 1, the new naturalization law will take effect, making it necessary for all desiring to become citizens to file their application with the clerk of the court at least 90 days before the date of hearing. All those who wish to take advantage of the old law and obtain their papers at once can do so by going to Diekema & Kollen's office, Thursday, Aug. 30.

Marriage Licenses.

Peter Grooters, 30, Bovden, Iowa, Cornelia Visscher, 36, Holland.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at the Walsh Drug Co.

Alonzo King, Aged 10, Drowns In Waverly Stone Quarry.

While in swimming with two companions, John Bronkhorst and Ed Warsenar, in the pond at the Waverly stone quarry last Tuesday evening, Alonzo Jacob King, the ten-year-old son of Frank King, a freight conductor on the Pere Marquette railway, was drowned.

The water is from 8 to 15 feet deep, the bottom being formed in layers, making the depth vary greatly every few feet. The lad was therefore easily mistaken as to the depth and stepped off one of the ledges into deep water. His companions notified the boy's father but throughout the evening led in the search himself, and finally at about 8:30 o'clock brought the body to the surface, catching it with an iron hook attached to a fishing rod.

Although the body had been in the water since 5:30 in the afternoon, Dr. D. G. Cook was summoned and the grief-stricken father insisted that he try to resuscitate him. The doctor did so but no signs of life appeared. Coronor Dykstra did not think an inquest necessary.

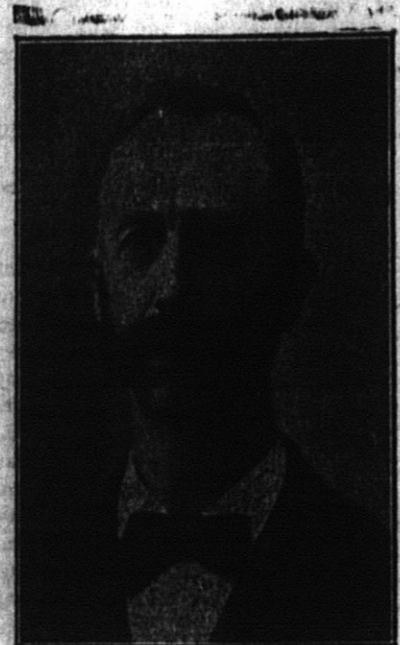

The boy was an only son and besides his parents is survived by seven sisters.

The funeral services will be held Friday afternoon at 2 o'clock from the home, Rev. A. E. Wells officiating.

John Lubbers For Allegan County Register of Deeds.

John Lubbers of Manlius Township, who is a prominent candidate for the Republican nomination for Register of Deeds of Allegan county, has a large and favorable acquaintance in the southern part of Ottawa county.

His parents were among the first Holland settlers, his mother being a sister of Jan Kolvoord, who had the first flouring mill at Groningen east of Holland. His father, Geert Lubbers, settled east of Holland in

John Lubbers, Republican Candidate for Register of Deeds of Allegan County.

Zeeland township and was well known by the first settlers and was highly respected by both old and young. He was a strong Republican.

John Lubbers was born and reared in Zeeland township, and has a wide acquaintance, possessing many warm friends here as well as in his own county, who will be glad to see him elevated to the position to which he aspires and for which he is well qualified. Manlius township has shown her esteem by electing him 17 times in succession as supervisor, in almost every case without any opposition. Mr. Lubbers has always been one of the stalwart Republicans of Allegan county and has heretofore stepped aside when others have been candidates for a county office. It is now his turn to be promoted and the Republicans of Allegan county will make no mistake, when they cast their votes for John Lubbers for Register of Deeds on Sept. 4, 1906.

Andrew G. Nyhuis Drowns In Macatawa Bay.

Andrew G. Nyhuis, aged 21, a member of the hardware firm of Kleinheksel & Nyhuis of Overisel, was drowned in Macatawa Bay last night.

With his sweetheart, Miss Lena Pomp of Grand Rapids and her sister, Miss Josie Pomp, employed by D. C. Miller at the park, he was on an interurban car bound for Holland. Another car was ahead of it, and thinking he could reach here quicker by changing cars he stepped from the back of the car he was in; but instead of walking towards the other car he walked to the edge of the new boat dock and stepped into the water. He struggled for a time and sank, before a bystander, who plunged in to rescue him, could reach him. The accident occurred about 10:30 and the life saving crew brought the body to the surface about 11:15.

The body was brought to Coronor Dykstra's undertaking establishment and the Coronor's inquest was set for 9 o'clock this morning, when an adjournment was taken until next Monday.

Deceased is a son of John Nyhuis of Overisel.

Business Men Talk of "Holland Day" At Fair.

Important business was transacted at the meeting of the Business Mens Association last night.

Committees were appointed and plans for the future were discussed. It was decided that a half holiday be taken Labor Day.

The matter of having a "Holland Day" at the Holland Fair was discussed, and the consensus of opinion was emphatically in favor of the idea. It was suggested that the stores close Friday afternoon, and that "Holland Day" be observed then in an appropriate manner. It was agreed that Friday was the best day as it was well for the business men to be at their stores on Thursday on account of the large number who attend the fair on that day from the farms and the surrounding towns. In line with the Friday celebration it was suggested that on Thursday night the city be illuminated and that fireworks be displayed in honor of those who come to attend the fair. This would mean a good Thursday night celebration.

New Holland.

Mr. and Mrs. Jacob Stegenga and family from Grand Rapids who had been visiting with relatives here left Monday for Middleville to visit relatives. Mr. Stegenga is night superintendent of the Grand Rapids post office.

Dr. H. Vanden Berg of Grand Rapids called on his parents last Sunday.

M. P. Stegenga one of our old pioneers is visiting relatives in Chicago. The last time he was in Chicago was in 1847 and he says he expects to see a change. No doubt.

Miss Christina Meeuwsen the nine year old daughter of Mr. and Mrs. John Meeuwsen who was seriously sick with appendicitis, shows signs of improvement.

Mr. Allie J. Neinhuis, painter and decorator has nearly finished his job on the school house.

Mrs. K. Weener and son Grant left this week for Grand Rapids for a few days' visit with relatives and friends.

H. Sierama, highway commissioner of Olive township is putting in an iron bridge at Ottawa. Mr. Sierama is making many improvements and the people of Olive township should see to it that such men are kept in office for the benefit of the public.

Circuit Court.

In circuit court yesterday morning Judge Padgham issued an order dismissing the case against C. J. De Roo, charged with perjury, and releasing his bondsmen.

This order came at the conclusion of the arguments of the respondent's attorneys, Diekema & Kollen in support of the motion made at the opening of court, that the proceedings be quashed on account of irregularity in the information.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

Everybody's friend—Dr. Thomas' Eclectric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

Lugers & Miles, Real Estate Dealers.

Dr. and Mrs. H. E. Dosker have issued invitations to the marriage of their daughter, Amy, to Robert M. De Pree, the wedding to take place Sept. 6 at 47 East Thirteenth street.

Additional Local.

A Grand Haven township farmer in the city today stated that he was going into the raising of potatoes next season on an extensive scale. He believes that the law relative to the production of alcohol will mean great things for the potato industry and will probably alone put in fifty or sixty acres, instead of rye. From 300 bushels of potatoes about 225 gallons of alcohol can be obtained, meaning that an acre of potatoes produces very much more alcohol than corn. The enumeration of the possibilities under the new state of affairs is great indeed and the entire agricultural and industrial community must take warning that a great revolution is coming, which will mean thousands of dollars of wealth for him who first grasps the opportunities afforded by the new conditions.—G. H. Tribune.

Articles of incorporation for the Michigan Sugar company have been filed at Lansing, with a stated capital stock of \$62,000, but it is announced that the action is the first movement for the merger of beet sugar factories in Michigan and that the capital will be increased to the millions when the consolidation of management is completed. The companies which are to be acquired by the new company are as follows: Peninsular Sugar Refining company of Detroit and Caro, the Bay City Michigan Sugar company of Bay City; Sebewaing Sugar Refining company of Sebewaing; Saginaw Valley Sugar company of Saginaw; Alma Sugar company of Alma; Sanilac Sugar Refining company of Crosswell; Tawas Sugar company of East Tawas. Just what effect this will have upon the beet sugar industry in Michigan is hard to determine. Those who are at the head of the merger say that it is for the best interests of the farmers and the best interests of the factories but time alone will tell the tale.

STATE OF MICHIGAN—In the Circuit Court for the County of Ottawa—in Chancery.

At a session of said court, held at the court house in the City of Grand Haven, in said county, on the 15th day of August, A. D. 1906.

Present: Honorable Philip Padgham, Circuit Judge.

The Kent County Savings Bank of Grand Rapids, Michigan, a corporation, Complainant,

vs.

Walsh DeRoo Milling & Cereal Company, formerly named Walsh-DeRoo Milling Company, a corporation, Frank E. Locke, Trustee, et al., Defendants.

It satisfactorily appearing by affidavit on file, that the defendant, Frank E. Locke, trustee, is not a resident of the State of Michigan, and that he resides in the State of Illinois, and that the subpoena in this cause could not be served upon him because of his absence from the state; and on motion of O'Brien, Campbell & Wykes, solicitors for complainant, it is ordered:

That the said defendant, Frank E. Locke, trustee, cause his appearance to be entered in this cause with the register of this court on or before the 17th day of December, 1906, which is not less than four months from the date of this order, and give within the same time to the solicitors for the complainant; and that in case of such appearance said defendant cause his answer to the bill of complaint to be filed and a copy thereof to be served on the solicitors for the complainant within the time required by the rules of this court, after service upon him or his solicitor of a copy of the bill of complaint, if a copy of the bill shall be demanded; and that in default of such appearance or answer, the bill in this case be taken as confessed by the said defendant.

It is further ordered, that the complainant cause a copy of this order to be personally served on said defendant at least 20 days before the time herein prescribed for his appearance, or cause this order to be published within 20 days after the making thereof in the Holland City News, a newspaper printed in the City of Holland, in said County of Ottawa, and to continue such publication once in each week for six weeks in succession.

PHILIP PADGHAM, Circuit Judge. O'BRIEN, CAMPBELL & WYKES, Michigan Trust Building, Grand Rapids, Mich., Solicitors for Complainant.

Filed, countersigned and entered by me August 14th, 1906.

FRED F. McEACHRON, Deputy Register of said Court.

A true copy attested: FRED F. McEACHRON, Register of said Court.

"Seal of the Circuit Court of Ottawa County, Michigan."

Let Your Teeth Help Nourish Your Body.

To get full benefit from your food it should be thoroughly masticated.

Perfect mastication is only possible when the teeth are in a perfect condition.

To have and keep teeth perfect; consult with DEVRIES the Dentist.

The Devries method of dental work is the kind that gives satisfaction.

Every operation, large or small—difficult or easy—receives the same careful consideration, with the object of getting the best results—of giving the least pain—of pleasing the patient, at a price within the reach of all.

To show the faith we have in our work we make this standing offer:

Satisfaction Guaranteed or Money Refunded.

With this fair offer before you can you afford to neglect your teeth?

There is nothing that conduces more to success than doing the right thing at the right time. And by the same token there is nothing that conduces more to the comfort, the attractiveness, the convenience and the desirability of the home than buying the right piece of furniture at the right place. Go to Jas. A. Brouwer on River street and it will be demonstrated to you that you can get the right kind of furniture at the right place and upon the right terms.

The school book and school supply stock of the Martin Estate at the Model Drug Store has been sold to Henry Van der Ploeg, who has added it to his own already complete stock. This addition enables Mr. Van der Ploeg to supply any need in the text book line that may come up in country or city schools.

Be sure and take advantage of John Vandersluis' August clearance sale. Everything in summer goods will be closed out no matter what it cost, they must all go. No goods carried over at this store.

Parties who intend to rent rooms or board students during the next school year which begins Sept. 18, please notify Prof. A. Raap, 347 Central avenue. State number and cost of rooms, board, and whether light or heat is included.

Any skin itching is a temper-taster. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

Merical Pressed Block.

Used for all kinds of building, they are perfectly frost proof, owing to the double hollows, as shown in cut. At every Fair where this cement block has been exhibited it has carried off the premium for durability and looks.

Mr. Chris. De Jonge is the exclusive manufacturer of this new patent block in this vicinity, and now has his plant at the east city limits, on the Interurban railroad.

He also manufactures Silo Blocks, and has on hand machinery for making Sewer Pipe, which will be placed on the market in a few days. The sewer pipe are far superior to the clay pipe now being used in this city and the cost is the same. Address all communications to

REVOLT IN CUBA GROWING SERIOUS

REBELS REPORTED VICTORIOUS
IN SERIOUS BATTLE IN
PINAR DEL RIO.

ATTACK ON AMERICAN RESIDENTS PLANNED

Hope is to Force Intervention of
United States—Gen. Gomez, Once
Candidate for Presidency, Joins In-
surrectionists.

Havana, Aug. 21.—It is reported
here that another battle has been
fought in Pinar del Rio, in which the
government was defeated. Consider-
able losses on both sides are reported.
That another engagement will occur
there shortly seems likely.

Reinforcements are being hurried
to the province by the government.

Plan to Attack Americans.

There is danger in the present situa-
tion for American residents in the
island. The plan of the revolutionists
is to force intervention by the United
States. For that reason Americans
are marked for attack. American
planters in remote provinces are hesi-
tating to the cities to escape falling
into the hands of the revolutionists.

If the revolutionists cannot force
intervention by the United States in
any other way, it is asserted, they
will enter on a programme of burn-
ing the property of American resi-
dents to bring about the result they
desire.

Commerce has been paralyzed in
the western provinces through fear
that the rebels will resort to pil-
laging.

Army Marches on City.

The revolution is growing so swift-
ly and has already reached such pro-
portions that the government officials
are filled with consternation.

Gen. Guerra is reported to be march-
ing upon Pinar del Rio at the head of
more than 2,000 men. As there are
only 300 government troops in that
city, it is expected that he will easily
capture the town and the weak de-
fenses.

Another report that causes serious
concern to the government states that
Jose Miguel Gomez, a relative of the
great Gen. Gomez, and a noted com-
mander himself in the last war for
Cuban independence, has joined the
revolt against the Palma regime and
is organizing an insurrection in
Sancti Spiritus. He is reported to
have a force of 1,000 men, all vet-
erans of the Cuban wars, and all well
armed. He was a candidate for the
presidency against Palma.

Insurrections are reported also in
Cardenas, Guines and Guanajay.

The first important formal battle
was fought near Hoyo Colorado,
wherein Lieut. Roque, of the rurales,
was killed, and a number of others
were wounded. Eight rurales were
captured. The combat took place with
Gen. Imilio Nunez, governor of the
province of Havana, led the gov-
ernment forces.

The guards, after a stiff fight, dis-
persed the rebels, but were not strong
enough to follow up their advantage.

The rebels reassembled and
camped three miles from Hoyo Colo-
rado. One hundred troops were later
sent against Bandera's force, which
numbers 150, and is well armed.

Sends Troops Against Rebels.

President Palma has issued a de-
ree increasing the rural guard force
by 2,000 men. It is reported that
Secretary of Public Works Montalvo
has been placed in command.

Many people are coming into Hav-
ana, fearing to remain in the coun-
try.

A band of about a dozen armed in-
surgents while endeavoring to pass
unobserved near the city waterworks
at Palesino Monday night were or-
dered to halt. They replied with a
volley and then disappeared.

The authorities are endeavoring to
prevail upon young men to volunteer
here for service in the rural guard.
Dispatches received from Pinar del
Rio will not interfere.

Washington, Aug. 21.—There is no
disposition on the part of the state
department to interfere in Cuban re-
volutionary affairs. The department is
without information concerning the
unsettled condition in Cuba aside from
press dispatches and the dispatch re-
ceived Monday from the American
charge d'affaires at Havana. The
department regards the island repub-
lic as fully capable of protecting it-
self against the insurrectionists.

Storm at Vesuvius Causes Scare.

Naples, Aug. 22.—A violent storm
Monday caused thick clouds of ashes
from Mount Vesuvius to fall over Na-
ples, causing great alarm among the
inhabitants, who feared another erup-
tion of the volcano, but their fears
were calmed on the receipt of a tele-
gram from Prof. Matteucci, sent from
the observatory of Vesuvius, inform-
ing the authorities here that the vol-
cano was perfectly calm.

Civil War Near in Hayti.

Cape Haytien, Hayti, Aug. 21.—Ad-
vices received here from Guaymas,
Santo Domingo, say that Gen. Guel-
lito, at the head of 900 revolutionists,
has left Dajabon to join the troops of
Gen. Navarro and make an attack
upon Monte Cristi. The government
of Santo Domingo has sent 1,200 men
from Moca against the revolutionists.
It is believed that a desperate civil
war will follow.

FARM-FIELD GARDEN

A CURB ROOF.

A Good Way to Make One Without
Furlin Plates.

The usual way of constructing a curb
roof is by having furlin works in the
barn and the rafters rest on the furlin
plates; but, owing to the advanced cost
of building material, many barns are
now being constructed without any
furlin works whatever and are giving
good satisfaction. A very good way of
constructing a curb roof where no fur-
lin plate is used is shown in a diagram,
with the following explanation, from a
writer in the Rural New Yorker:

Places 1 1/2 by 12 inches and about
seven feet long are securely nailed to
the sides of the rafters where the two
spans come together and also at the
top of the upper span. For a barn
thirty-six feet wide the lower span of

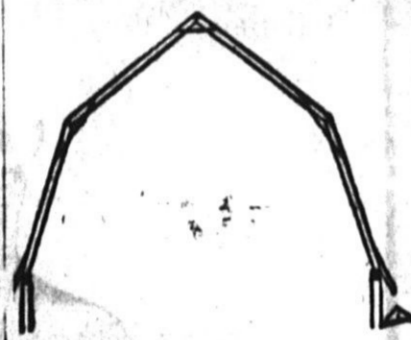

DIAGRAM OF CURB ROOF.

rafters fourteen feet long and given a
three-fourth pitch and the upper span
twelve feet and nine inches long and
given a one-third pitch makes a very
nice roof. However, the lengths of
rafters and pitches of roof for the dif-
ferent spans may be varied to suit the
tastes of different individuals. The
usual dimensions of rafters for curb
roofs are 3 by 6 inches. Two by eight
inches can be used, but does not give
as good a surface where the ends of
the roof boards are put together as a
three inch rafter does. For a good,
durable roof for a barn I have never
seen or used anything better than a
good quality of shingles.

CHEAP SULPHUR.

A Point in Connection With Lime,
Salt and Sulphur Mixture.

Professor J. B. Smith before the New
Jersey Horticultural society recently
had this to say about sulphur:

I think a great many horticulturists
have made a mistake in trying to ob-
tain sulphur too cheaply. There is sul-
phur and sulphur. There is flour of
sulphur—that is, a sublime which
forms the basis upon which the for-
mulas are made up. There is also
ground sulphur, and it makes the flour
sulphur. That is simply lump sulphur
ground up. That is good if it is ground
fine and if the mixture is boiled long
enough to combine with the lime. Then
there is another material that is sold
as ground sulphur which is really the
crude sulphur ground up, with all its
impurities. That, of course, is sold
rather more cheaply than the other ma-
terial, but it contains a considerable
percentage of lime, but is not the kind
of material that has been recommend-
ed in making up these lime and sul-
phur washes.

Mr. Collins said that if sulphur were
put on a hot iron and it all burned it
was pure sulphur. He thought this
rule for finding whether sulphur is
pure or not is worth knowing.

The Lambing Tent.

Many western sheep owners, says
Wing in his Sheep Farming in Amer-
ica, use small shelter tents about thirty-
six inches square, supported by
curved iron rods, to shelter the ewe
and her lamb from the storm in lamb-
ing time. These tents are readily car-
ried and set over the ewe anywhere.
They serve to keep her and her offspring
together while they are becoming ac-
quainted, and by turning chilling rain
save many lambs that would otherwise
be lost. As these tents are inexpensive
and can readily be made by the shep-
herd himself, some of them should be
at hand when an early lambing on
grass is planned.

Any Old Stuff Called "Cream."

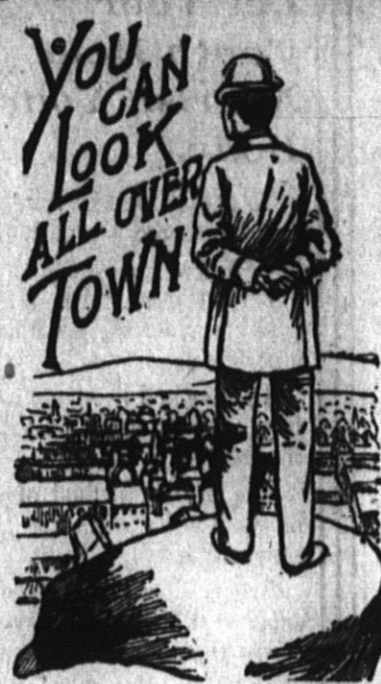

In a little town in Kansas one day
last summer a farmer brought in a can
of ideal cream. This man was well
known as a neat farmer. While he
stood there talking with the station
operator a slovenly, unkempt, dirty
farmer came in with some cream as
badly off flavor as himself. One cream
was fit for the table and one fit for the
sewer, yet the same price was paid
for each. One man went away con-
tented in his dirt and the other dis-
gusted at the inconsistency of the
creamery manager.—R. M. Washburn.

Good Feeders.

Scottish farmers are not only good live
stock feeders, but they are also good
feeders of the soil, and they believe
that the most effective and economical
method of feeding the soil is through
the medium of live stock. In all cattle
feeding operations, especially on the
arable farms, the feeder considers both
the direct profits of feeding and the
value of the manure, which is all saved
and applied to the soil.

Somebody's Coming.

I went to Wayne county, N. Y., one
day at a farmers' institute, and the
chairman interrupted me to say: "I
wish you would stop a minute. Some-
body is coming." I sat down and sev-
enty-five bright, rosy boys and girls
from the school came in. We put them
on the front seats, and they sat there.
I thought that the noblest contribution
to the farmers' institute I ever saw.—
H. W. Collingwood.

MEN DON'T SUFFER WITH SECRET DISEASE

For twenty-five years we have devoted our lives to the treatment of
diseases peculiar to men. Our records show that during that time we
have actually cured thousands. We believe this should be sufficient
proof to most any man that as physicians we must be successful. Not
a dollar need be paid for medicines or treatment if you fail to get cured.
We cure on bank guaranty. Get honest treatment. When you write or
come to us you will be dealt with in a strictly professional manner.
NOT A DOLLAR NEED BE PAID UNLESS CURED. If you are suffering
from lost vitality or weakness from any cause, come to us and we
will cure you. Men who are nervous, mental, physical and sexual bank-
rupt, the result of errors or excesses; producing weakness, despondency,
failing memory, etc., should come to us at once, and we will stop that
drain upon your system and restore strength, vitality and nerve power.
Our experience and thorough knowledge of every electrical and thera-
peutic agent known to the medical world enables us to effect cures faster
than others.

We cure VARICOCELE, HYDROCELE and STRICTURE without cut-
ting. No pain or detention from business. Before you submit to the
cutting operation, investigate our painless and positive curing method.
Our New Method Treatment for Blood and Skin Diseases will cure all
ulcers, sores, falling out of the hair, bone pains, eruptions and other
symptoms of all these complaints. Come and be cured by our scientific
treatment. Patients that we treated twenty years ago have never suf-
fered a relapse. If you have KIDNEY, BLADDER or URETHRAL TROU-
BLE or PROSTATIC AFFECTION, or any URINARY WEAKNESS or dis-
ease, come to us for scientific and reliable treatment.
Our offices are complete with the latest and best electrical and medi-
cal appliances and all remedies that are known to the medical world for
the cure of these diseases.

CLOTHES

JUST AS YOU WANT THEM

"Just as YOU want them"
clothes is the kind I am mak-
ing right along.

You select the cloth you like
and tell me what you want, and
you get it.

My "correct method" of
measuring and cutting makes
a misfit impossible.

In making up clothes, special
care is given to strengthening
parts that have the most wear,
and the little things are not
slighted either.

Let the women folks examine
any garment of my making,
they will tell you "that's well
made."

Now sum up the clothes
question—good cloth, well
made into a splendid fitting
garment, just as you want it,
costing no more than store
clothes; isn't that a combination
worth trying?

I have convinced many.
Will you let me prove my
statements to you?

DYKEMA

Mystery Solved.

"How to keep off periodic attacks
of biliousness and habitual consti-
pation was a mystery that Dr. King's
New Life Pills solved for me,"
writes John N. Pleasant, of Mag-
nolia, Ind. The only pills that are
guaranteed to give perfect satis-
faction to everybody or money re-
funded. Only 25c at the Walsh
Drug Co.

Mortgage Sale.

DEFAULT having been made in the consummation
of a certain mortgage made by J. J. Jager and
Sietse Jager, his wife, to John M. Cook, of
Grand Haven, Michigan, dated the 22nd day of
November, A. D. 1898, and recorded in the
office of the Register of Deeds for the County of
Ottawa and State of Michigan, on the 27th day of
December, A. D. 1898 in Liber 61 of Mortgages,
on page 190, on which mortgage there is claimed
to be due at the date of this notice the sum of
Two Hundred Twenty-seven dollars and four
cents, (\$227.04), and an attorney's fee of Fifteen
dollars, (\$15) provided for in said mortgage, and
no suit or proceedings at law having been
instituted to recover the moneys secured by
said mortgage or any part thereof;

Now, THEREFORE, By virtue of the power of
sale contained in said mortgage, and the statute
in such case made and provided, notice is hereby
given that on Saturday, the 18th day of August,
A. D. 1906, at nine o'clock in the forenoon, I
shall sell at Public Auction to the highest bidder,
at the north front door of the Court House in the
city of Grand Haven, (that being the place
where the Circuit Court for said County of
Ottawa is held,) the premises described in said
mortgage, or so much thereof as may be necessary
to pay the amount due on said mortgage, with
seven per cent interest, and all legal costs,
together with an attorney's fee of Fifteen
Dollars, as provided by law and as covenanted
for therein, the premises being described in said
mortgage as follows, to-wit:

Commencing at a point two rods south and six
rods west from the Northeast corner of the
Northeast quarter of the Northwest quarter of
the North at quarter of Section 28, Town 8,
North, Range 16 West, thence running west four
rods, thence south seven and one-half rods,
thence east four rods, thence north seven and
one-half rods to place of beginning, all in the
City of Grand Haven Ottawa County, Michigan.
Dated, May 8, 1906.

DROPS

CURES

RHEUMATISM

LUMBAR, SCIATICA

NEURALGIA and

KIDNEY TROUBLE

"DROPS" taken internally, rid the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substances and removing it from the system.

DR. S. D. BLAND

Of Brownsville, Ga., writes:

"I have been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could get from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall therefore use it in my practice for rheumatism and kindred diseases."

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "DROPS," and test it yourself.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

Large Size Bottle, "DROPS" (500 Doses) \$1.00. For Sale by Druggists.

SWANSON RHEUMATISM CURE COMPANY,

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

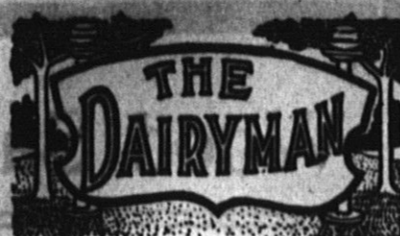

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

JUDITH JACOB SEEMANN,
Madison, Wisconsin.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

THE DAIRYMAN

Though there were but two herds of Ayrshires represented at the recent national dairy show in Chicago, they are commended as being perhaps the highest class exhibit of the show by the Breeder's Gazette, which says:

The cows were the sensation of the show. Pansy of Woodroffe freshened the Saturday before the opening of the show and in her lavish display of matronly charms was altogether out of

PANSY OF WOODROFFE.
(Champion Ayrshire cow at national dairy show.)

the usual. Her type is most sharply accentuated on intense dairy lines, but the Ayrshire man who consults modern type and generally accepted ideals will count her hardly "cow" enough for her milking machinery. But with her red markings, her abbreviated legs, her wedge shape and her flat shoulders and her tremendous udder she played quite a part as a show cow. She came from the New York herd of George William Ballou.

TO YOUNG DAIRYMEN.

A Practical, Up to Date Road to Good Buttermaking.

Let the young man, if possible, spend some time at a dairy school to get his eyes opened, then work in a creamery and in a good private dairy, where he can learn much about feeding and handling cows. The two experiences, creamery and dairy, will let him see all sides of the work and broaden his views. With this preparation, which should take not less than two years' time, the young man will have an education and an experience that qualify him for managing a dairy farm at a good salary, or if he is a man of force he can take even the risk of buying a dairy on long time or turn his father's farm into a profitable dairy. In other words, he is ably prepared for his life's work at less cost and in much less time than his brothers would be who took the chances of succeeding in any of the professions.

Foundation Stones.

You will find the two governing principles involved in good buttermaking to be, first, cleanliness, and, second, temperature. There is nothing that can keep you from being clean except laziness, and that is a little disease we all have, like the measles, but remember that, while it does require extra labor and a deal of it to first get things perfectly clean about the stable and milk house, this hard labor will not have to be repeated provided you never let it get dirty again.

In other words, if you do that every day that you should do there will be no accumulation of dirt about the stable or milk house. Herein lie the governing principles of good dairying, to never let anything get really dirty.—L. S. Hardin in Home and Farm.

Dairy Dots.

An occasional rinsing out with lime-water will help to keep a churn sweet. Penny wise and pound foolish is the woman who still uses old fashioned, out of date dairy utensils.

The washing of the cream separator once a day doesn't make any less work than washing it twice a day. When it stands overnight and the sediment hardens in the bowl it then takes twice as long to clean it.

The dairy woman or man who depends upon the strainer to clean the milk rather than upon cleanly methods of milking is the one who makes poor butter.

The old rule of working butter is to stop when clear drops of water stand on it.

Supplementary Forage.

We nearly all know the value of oats and peas, and some know vetch and rape, but everybody knows corn, and at the season when it grows there can be no better forage crop. The oats and peas are valuable because they can be grown earlier, as indeed they can also later, or oats and barley are fit to use as green fodder after the frost has injured both the grass in the pastures and the corn in the fields. The wise dairyman will not neglect to provide these crops to supplement the pasture feed or to spare the contents of the silo and the haymow.—New England Dairyman.

Kansas Special Dairy Train.

The Santa Fe Railroad company recently ran a dairy train over a portion of its lines in Kansas. Several lecturers on dairy subjects made the trip. Two coaches were used as lecture rooms. Thirty-five stops of about an hour each were made in four days. Kansas Farmer says a baggage car was devoted to exhibits of separators, several separator experts accompanying the train, and the interest in this part of the work was lively.

WHERE YOUTH MADE ERROR

Probably Lesson Will Teach Him Not to Judge Hastily by Appearances.

The other day Secretary Shaw and Private Secretary Slater were returning to Washington from Eldine, W. Va., where the former had delivered a speech. In the Pullman, opposite Mr. Shaw, sat a schoolboy going to his home in Texas from a Princeton preparatory school.

The chap gazed critically at Secretary Shaw's long coat and broad brimmed slouch hat and engaged him in conversation.

"From the west?" he began, leaning forward in a friendly way.

"Yes."
"Farmer?"
"Yes."
"Thought so."

A spirited conversation then began about crops, and the young fellow learned that the man with a bronzed face and slouch hat knew the difference between silo and filled cheese. He quizzed Shaw at a great rate. Finally, as the train pulled into the depot, Secretary Shaw took his turn at questioning.

"Where are you going?"
"To Texas."
"Ever been in Washington?"
"Yes."

"Ever visit the treasury department?"
"No."

"It's an interesting place. Next time you are in the city call there and ask for me."

"Will the man at the door know who you are?"

"Yes. Here's my card," and Mr. Shaw handed to the boy a small card with the words under his name, "Secretary of the Treasury."

"Gee!" said the surprised college boy, gazing after the retreating form of the genial secretary, "and I thought he was a farmer."

USE FOR OLD BILL FLAXHAM

Was of Value to His Fellow Townsmen on One Occasion at Least.

The train had stopped at a little town in Kansas.

The passenger in the check suit, who was sitting by a car window, opened a conversation with the native on the station platform.

"Seeing trains going through is about all the excitement you have here, isn't it?" he asked.

"No," said the native. "We got a gas well here. It ketches fire yesterday, and we had a dickens of a time puttin' it out."

"How did you manage it?"

"Well, sir, after we'd tried everything else we tuk old Bill Flaxham, soused him in the boss trough, dumped him on the mouth of the well, and the fire went out all to wurst."

"Why couldn't you have used any other man just as well?"
"Cause, sir, Bill Flaxham is the biggest sponge in the whole darned—"
But here the train moved off.

Titles of Novels.

Titles of novels are seldom novel, for they ring the changes on the successful work, keeping the grog tone sounding. Just as every musical comedy for years was about some girl or other. You will look down the new lists of novels, and there is always a house as the keynote of the title. The "House with the Seven Gables" no doubt suggested the vogue. The "House with the Green Shutters" brought it into fashion. And now there have been houses of everything the ingenious writer can think of. Tears, Laughter, Silence—and the latest is the "House of Souls." The novelist is as superstitious as the actor, and believes that the occurrence of "Elizabeth" or "House" in his title spells fortune. We long for a book with "Jane" or "Bathroom" on the cover!

DESIRE TO BE PREPARED.

Blacksmith Wanted His Forge Apron to Be Ready for Any Emergency.

In Sandown, N. H., there once resided a blacksmith, Timothy Canney, strong and healthy, never having been ill an hour during his manhood years. He was suddenly stricken with a fever. His wife, Mary, was frantic when he became delirious, relates the New York News.

The old village doctor being summoned, was asked, in a fearsome voice, "Is he very bad, doctor?"

"He is very low; won't live the day out," he replied, and leaving some "drops," departed.

Soon after the doctor's departure "Tim" regained consciousness. The wife, kneeling by the bedside, thought of his future state. "Tim, dear," she inquired, "d'ye think ye'll go to heaven?"

"I hope so," he answered. "But, Mary, dear, would ye mind going to the forge and bringing me big leather apron, and have it handy by me, in case there is any mistake."

"Tim" is somewhere in Maine wielding his hammer, as well as ever.

Familiar with His Habits.

First Disconsolate Widow—Are you going to the medium's to-night to see if you can get a message from your husband?

Second Disconsolate Widow—No, it isn't any use to-night. Saturday night was always the night he went off to spend his salary.

A Machine of Many Parts.

There are over 7,000 parts in a well-known 24-horsepower motor car.

CONTROL OF STATE IS AIM

ILLINOIS DEMOCRATS GATHER AT PEORIA FOR BATTLE.

Fight Between National Committee man Sullivan and Followers of Bryan Is Begun.

Peoria, Ill., Aug. 21.—The Democratic state convention met at 12:30 Tuesday for the purpose of nominating candidates for state treasurer, state superintendent of public instruction and for three trustees of the University of Illinois.

In reality, however, the convention was more of a fight for the control of the state party machinery between the faction headed by National Committeeman Roger C. Sullivan, of Chicago, and the immediate followers of William J. Bryan, who, in successive letters, has asked the resignation of Sullivan from the national committee on the ground that it was improperly obtained two years ago. Sullivan has not only refused to resign, but he and his friends resent what they term the interference of Mr. Bryan in their state politics. Before the convention both sides predicted success. Sullivan is claiming that he controlled 1,400 out of the 1,665 delegates and the Bryan people, who are headed by Judge Owen Thompson, of Jacksonville, and Congressman William T. Rainey, giving no figures, but asserting confidently that they controlled the situation.

They declared that unless the convention followed the wishes of Mr. Bryan and repudiated Sullivan, they would fight to the last against any indorsement of Bryan by the convention. Sullivan declared, on the other hand, that Bryan would be indorsed, whether he liked it or not.

The indications at the opening of the convention were for a long and hard fight with a superabundance of heated oratory.

Chairman Boeschstein announced that the state central committee had selected for chairman of the convention Judge Carroll C. Boggs, of Fairfield, and for secretary Edward Cahill, of Springfield.

1,000 COSSACKS IN MUTINY.

Rescue School Teachers from Police—Many Peasants Slain.

St. Petersburg, Aug. 21.—A serious mutiny on the part of Cossacks has occurred in the Astrakhan province. Several popular teachers were arrested by the police and were being taken away when 1,000 Cossacks came to their assistance. The teachers were released and the police disarmed. Next the Cossacks arrested the local authorities, including the prefect, and they are all in jail guarded by the Cossacks.

"If you are so brave, why didn't you defeat the Japanese?"

This taunt tossed at Russian soldiers at a fair held in Kharkoff province, was directly responsible for an attack made on groups of peasants in which 57 of the latter were killed or injured. A number of soldiers attended the fair and came into conflict with the peasants. The latter taunted the soldiers. The soldiers reported to their commander and he called in a company of soldiers and ordered them to charge the peasants.

An interview which Emperor William has had with Count Witte, in which the latter announced his early return to Russia, has been published here and is attracting considerable attention, but Premier Stolypin is quoted as saying that he knew the temper of the authorities at Peterhof and that there was no vestige of a chance that Emperor Nicholas would again call Count Witte to power.

Warsaw, Poland, Aug. 22.—The chief of police of Siedlice, 55 miles southeast of Warsaw, was killed Tuesday by a bomb. Two constables and a woman who were near the chief were wounded. The assassin escaped.

Rain Saves Potato Crop.

Superior, Wis., Aug. 21.—The serious drought which has threatened certain crops in Wisconsin, particularly the potato crop of the northern section of the state, was broken Tuesday by a drenching rain which fell throughout the night and Tuesday morning. Reports from the Vermillion and Mesaba ranges in Minnesota indicate that the rain there was bountiful and that it came none too soon. Forest fires on the ranges are not entirely smothered, but the danger of a forest conflagration is thought to have passed.

Storm Damages Summer Resort.

Oshkosh, Wis., Aug. 21.—Oakwood, one of the largest summer resorts in this vicinity, was considerably damaged Monday evening by a miniature tornado, which accompanied a brief rainstorm, general in this section. The wind tossed rowboats upon the shore and damaged a number of expensive docks along the beach, besides tearing down trees and damaging cottages.

Wilson Inspects Packing Houses.

Omaha, Neb., Aug. 21.—Secretary of Agriculture Wilson arrived in South Omaha early Tuesday and visited all the packing houses. Secretary Wilson did not make himself known, and after a brief inspection of the several plants left the town without giving out any information other than to intimate that everything was found to be in a satisfactory condition.

Minnesota Bank Robbed.

Crookston, Minn., Aug. 21.—The bank of Mentor, Minn., was burglarized early Tuesday. The robbers blew open the safe with nitro-glycerin and secured \$1,200 in cash. The burglars escaped.

PRESIDENT PRAISES WORK OF CONGRESS

LETTER OF ROOSEVELT TO INDIANA MAN USED AS CAMPAIGN MATERIAL.

Says Change Would Work to Detriment of Nation—Protective Tariff Indorsed, But Necessary Changes in Schedule Favored.

New York, Aug. 21.—A letter written by President Roosevelt to Congressman James R. Watson, of Rushville, Ind., reviewing and approving of the work of the present congress, and declaring:

"To change the leadership and organization of the house at this time means to bring confusion upon those who have successfully engaged in the steady working out of a great and comprehensive scheme for the betterment of our social and civic conditions," was made public Monday through the Republican congressional campaign committee. The president also declared that such a change would result in a harmful oscillation between the extreme radical and the extreme reactionary. The president said also that he hopes the present congress will enact laws prohibiting political contributions by corporations, lowering duties on imports from the Philippines, and limiting the number of hours for railway employees.

Favors Protective Tariff.

"We stand unequivocally for a protective tariff, and we feel that the phenomenal industrial prosperity which we are now enjoying is not lightly to be jeopardized, for it would be to the last degree foolish to secure here and there a small benefit at the cost of general business depression. But whenever a given rate or schedule becomes evidently disadvantageous to the nation, because of the changes which go on from year to year in our conditions, and where it is feasible to change this rate or schedule without too much dislocation of the system, it will be done, while a general revision of the rates and schedules will be undertaken whenever it shall appear to the sober business sense of our people that on the whole the benefits to be derived from making such changes will outweigh the disadvantages; that is, when the revision will do more good than harm."

Trust Question Is Separate.

"Let me add one word of caution, however. The question of revising the tariff stands wholly apart from the question of dealing with the so-called 'trusts'—that is, with the control of monopolies and with the supervision of great wealth in business, especially in corporate form. The only way in which it is possible to deal with those trusts and monopolies and this great corporate wealth is by action along the line of the laws enacted by the present congress and its immediate predecessors. The cry that the problem can be met by any changes in the tariff represents, whether consciously or unconsciously, an effort to divert the public's attention from the only method of taking effective action."

Mr. Roosevelt says that if only partisan issues were involved in this contest he should hesitate to say anything publicly in reference to it, but he does not feel that this is the case. He feels that "all good citizens who have the welfare of America at heart should appreciate the immense amount that has been accomplished by the present congress, organized as it is, and the urgent need of keeping this organization in power." The president declares that "with Mr. Cannon as speaker the house has accomplished a literally phenomenal amount of good work. It has shown a courage, good sense and patriotism such that it would be a real and serious misfortune for the country to fail to recognize."

CONFERENCE ON MEAT LABELS

Packers Desire to Economize by Using Only One Paster.

Washington, Aug. 21.—Representatives of the meat packing interests, principally of Chicago, were in conference Monday with Acting Secretary Hays, Dr. Wiley, chief of the bureau of chemistry, and Dr. Melvin, chief of the bureau of animal industry of the agricultural department, about the labels for their products which they will have to use under the meat inspection law and pure food law.

Both the meat inspection and pure food laws provide for the use of labels on articles which come under these acts. The manufacturers desire to make their labels fill the requirements of both laws. The meat inspection law will go into effect so far as the labels are concerned on the 1st of October, while the pure food law will not be effective until the 1st of next January.

It was discovered at the conference that the labels heretofore in use by the packers would have to be changed materially. The changes involve the consideration of a great mass of details, all of which had to be gone over at the conference. It was the opinion of the packers that they would be able to prepare their labels by October 1 so that they would conform to both the meat inspection and the pure food laws, thus avoiding the difficulty of getting out two sets of labels.

Count de Castellane Dead.

Paris, Aug. 18.—Count Roger de Castellane, son of the late Marquis de Castellane, is dead.

DON'T BE FOOLED

Take the genuine, original

ROCKY MOUNTAIN TE

Made only by Madison Medicine Co., Madison, Wis. keeps you well. Our trademark cut on each package. Price, 35 cents. Never sold in bulk. Accept no substitute. Ask your druggist.

Doan's Regulets cure constipation without gripping, nausea, nor any weakening effect. Ask your druggist for them, 25 cents per box.

A Special Mission

Is fulfilled in telling exactly what materials to use in the care of the TEETH. Almost everyone can, with the proper care, preserve the teeth as long as they live, and preservation may mean a longer life, surely better health and more comfort. We charge you nothing for examination and advice.

Holland City News \$1 a Year

Additional Local.

Born—To Mr. and Mrs. Charles Gates, West Sixteenth street, Sunday, a son. Nelson Cole has been granted an increase of pension to \$8 per month through the John Nies agency.

Two thousand new cars have been ordered by the Pere Marquette Railway company, to be ready for delivery in February.

Richard H. Post has sold twenty acres of land in Laketown township near Gibson to Gus Tackaberry of this city. Consideration, \$900.

Rev. A. T. Broek preached in the Third Reformed church Sunday, in place of the pastor, Rev. E. J. Blekkink, who is on a two weeks' vacation. Rev. Blekkink is visiting in Chicago and will attend the conference in Winona, Ind.

Contractor H. Oosting will lay 1,400 square feet of cement sidewalk on the east side of River street along the Scott-Lugers planing mill and also on the south side of the mill on Tenth street.

There are at the present time no more wires obstructing River street, those of the city and the street railway company have been transferred to the poles of the Michigan State Telephone company. The Interurban still has a few poles, necessary to carry the trolley wires. The Citizens Telephone company will soon have their wires underground and the street will have been cleared of these obstructions entirely.

Henry Vander Ploeg has bought out the entire school book and school supply stock of the old Martin estate.

An interurban car conductor is obliged to stand a good deal of "joshing" about an involuntary bath he took in Macatawa bay last Saturday night, and he has decided that the next time he takes a plunge he will don a bathing suit and rubber cap. One of the big excursion cars was waiting for orders at the park, and to get it out of the way of the regulars it was backed onto the trestle which runs out to the new boat dock. On one side of the track, as everybody knows, is a broad walk, while on the other is water—deep and dark. Motorman Pete Steketee and Conductor George Blom were sitting in the car, the latter poring over his register report. Suddenly Steketee cried, "It's two minutes to eleven. You'd better telephone." Forgetting that the car was not on land, Blom rushed to the door and jumped out into 15 feet of water. He came up quickly, still grasping the report, but minus his cap. He was unable to swim and Steketee jumped in and helped him to climb up on the dock. Blom was obliged to run his car to Holland, and the fifty passengers were puzzled over his appearance. Water dripped from his uniform, his hair clung to his forehead in strings, drops of water occasionally trickling down his face, and he was altogether dejected. Steketee's condition was not observed, as he was hidden in the vestibule, otherwise he might have been hailed as a hero and life saver.

The United States Express company has established a money order office at the store of J. E. Lewis, East Eighth street.

The Zeeland Cheese Co. is erecting a branch factory in Blendon township, less than one-half mile south of the Blendon town hall. The main building is 20x30 feet of concrete building blocks, one story high. It has an addition of 10x16 feet which will be used as an engine room. The place will be in charge of John Riemersma and will commence operation about September 1. The factory will be equipped complete for the manufacture of cheese and the company already has the pledge of the farmers of that community to furnish them with enough milk to keep the plant running steady. The company has purchased the equipments of the defunct South Ottawa cheese factory, part of which will be used in the new Blendon factory.—Zeeland Record.

Arrangements are all completed by Superintendent James De Young for the laying of the water mains that are to be laid by the city. It is figured that better work can be done by the city direct than by contractors. Nearly \$20,000 will be expended in these improvements and about 60 men will be employed. The proposed sewer work includes the laying of 13,000 feet of pipe, and provides for a sewer in Sixteenth, Seventeenth, Eighteenth and Nineteenth streets, between Central avenue and the Pere Marquette railway; in Columbia avenue south to 22nd street; in Seventeenth street between Central avenue and Maple street, and in Graves Place. The water main extension covers College avenue between Nineteenth and Twenty-fourth streets; Seventeenth street between Columbia avenue and Land street; Seventeenth, Eighteenth, Twentieth, Twenty-first and Twenty-second streets between College avenue and the Pere Marquette railway; Columbia avenue and East Sixth street; Ninth street from Land 500 feet east; Fifteenth street between Columbia avenue and Land street, and Fourth street from River 250 feet east. The estimated cost of the sewer work is \$15,288, and of the water main construction \$9,500, making a total estimated cost of \$24,788.

Born to Mr. and Mrs. Tony Hesselink, Sixth street, Saturday—a daughter.

The cement foundation for the new Beechwood schoolhouse on the north side is completed.

Albert De Vries will soon leave for the state of Washington, where he will engage in the jewelry business.

Born, to Mr. and Mrs. R. Loyer-god, West Fifteenth street, Tuesday—a son.

Rev. A. Keizer conducted services at the North street church in Zeeland last Sunday.

Luther Kennett and Claude Vander Veen of Grand Haven came here last Thursday in an automobile and took back with them the cup won at the recent regatta.

George R., driven by John Boone, won the 2:20 pace at Pekin, Ill., last Friday. His fastest time was 2:14. Phil St. Clair started in the 2:20 trot, but did not finish in the money.

Joseph Patriarch and Mrs. Grace Fauble, arrested in Fennville on a charge of adultery, have gone free from any punishment, the woman's husband paying all costs and taking her home with him.

The nine-months-old daughter of Mr. and Mrs. G. J. Wanrooy, 24 East Fourteenth street, died last Friday night of cholera infantum. The funeral was held Monday, Rev. R. L. Haan officiating.

The case against James Allen, charged with adultery by George Wyers, was dismissed in Justice Post's court Saturday afternoon because of insufficient evidence. Prosecutor Pagelsen appeared, Attorney Sooy represented Allen and Attorney Devries looked after Mrs. Wyers' interests.

A pension of \$6 per month has been granted George J. Meengs through the agency of John Nies, for injuries received in the war with Spain. Meengs formerly lived here and is now at Kenosha, Wis., a member of the life saving crew.

Jacobus Felius died last Friday afternoon at the home of his niece, Mrs. Gerrit Vanden Berg, in Holland township, south of the city. Deceased was 78 years of age. The funeral was held Monday, burial taking place at Filmore cemetery.

The crop of apples on the Frank Morley orchard just east of town, was this week sold for \$2,000 on the trees, it being estimated at 1,800 barrels, nearly one-half being fall apples. Good varieties, proper cultivation and thorough spraying make the marketing job an easy one.—Fennville Herald.

John Wabeke, Ph. D., son of Rev. and Mrs. P. F. Schuelke, arrived Monday from Leipsic, Germany, where he has spent the last three years studying. He has secured a position as instructor in Williams College, Massachusetts. Mr. Wabeke is a musician of note, being a skilled pipe organ player.

A. L. Cappon returned Monday from Chicago, having been engaged there for several days arranging the booth for the Cappon & Bertsch Leather Co. at the National Leather fair, being held at the Second Regiment armory, Michigan avenue and Sixteenth street. The company's representative, Mr. Fred Luckner, will have charge of the booth this week.

E. J. O'Leary has awarded to contractor F. N. Jonkman the contract for the erection of a two story brick building on Mr. O'Leary's property east of Hotel Holland. The building will be 80x22 feet of red pressed brick with trimmings of Bedford stone and plate glass front. A photograph gallery will be put in the first floor, and the second floor will be used for living rooms.

Fred Wise and Benjamin Milleger who were arrested last week Wednesday on the charge of grand larceny, it being alleged that they appropriated money that a lady dining in Milleger's restaurant at Jenison Park dropped accidentally on the floor, appeared in Justice McBride's court for their hearing Tuesday but on account of the absence of Prosecutor Pagelson their hearing was adjourned until today.

Among the clergymen visiting in the city and vicinity are the Rev. A. T. Broek and family of Newburgh, N. Y. the Rev. G. Kooiker and family of Kalamazoo, the Rev. M. E. Broekstra and family of Chicago, the Rev. A. Osterhof and family of New Era, the Rev. J. H. E. Te Grootenhuis and family of Detroit, the Rev. B. Hofman and family of Grand Rapids, the Rev. and Mrs. B. F. Brinkman of Englewood, Ill., the Rev. John G. Meengs of Albany, N. Y., the Rev. David B. Updegraff of Buffalo, N. Y., and the Rev. Cornelius Spaan of California.

Nearly 500 excursionists came here yesterday from South Haven on the White Flyer.

One hundred people from this city went to Lansing yesterday on the M. A. C. excursion.

Members of Company I, 25th Michigan Infantry are enjoying their annual reunion at Macatawa today.

Edward Steketee has returned from Detroit where he has been employed as stenographer the last seven months, and is now employed in the grocery store of his father, B. Steketee.

Marshal Fred Kamferbeek offers a reward of \$25 for information leading to the arrest and conviction of C. E. Showers, the hotel blotter adv. man.

Thirty minutes to make yourself scarce was the advice given Samuel McQue, a hobo, when he was arraigned in Justice Van Duren's court yesterday. He took the advice and vanished from the city.

Prof. M. Everett Dick, formerly science teacher in the Holland High school, has resigned his position as assistant chemist with the Union Pacific railway, to take a position with the Cape Explosive Works, of Somerset Nest, South Africa. He will be assistant research chemist for the South African company.

The picnic given by the congregation of the Ninth street Christian Reformed church at Prospect Park yesterday was one of the most notable gatherings in the history of the church. There was music by a church band of Grand Rapids and by Van Lente's choir, and elaborate refreshments were served. Automobile rides were given to the smaller children and a general good time was had.

Will Damson, formerly employed at the postoffice, contemplates making a trip around the world. He will leave in about two weeks for the west, one of the principal points of interest on his journey will be India, where his sister, Mrs. John J. Banninga, and her husband have been stationed as missionaries for the past five years. He expects to make the circuit in a year.

T. M. Cook and B. F. Foster have bought the hull of the boat Capt. Williams of Kalamazoo started to build at Allegan last spring and will finish the craft as soon as work can be done. They will equip it with modern boat machinery and place it on the river above the dam for passenger and pleasure service. They propose to make a park up Kalamazoo river about three miles, erect a pavilion, dance hall, and other pleasure buildings, and run the boat from town to the park.

The Grand Rapids, Grand Haven & Muskegon Interurban Railway company has offered a prize of \$100 for information leading to the arrest and conviction of persons breaking insulators or otherwise maliciously destroying property of the company. The management of the Holland Interurban road will pay as large or a larger reward in cases where such malicious work interferes with the operation of that road, the power for which comes over the wires of the Muskegon road.

Miss Jennie Raigh will leave next month for Japan to join her father, who has been engaged as missionary there for a number of years. Jennie is but 5 years old and since babyhood has made her home with her grandfather, P. De Vries. Rev. D. C. Raigh has married since he started his mission work to a missionary in Japan. Jennie will make the journey in company with Miss Nellie Zwemer, who expects to return to her post in China.

The steamer Kalamazoo became stranded on a bar in the Kalamazoo river last Sunday night as she was leaving Saugatuck on her way to Chicago. There were about 200 excursionists on board, who had spent the day in Saugatuck. A rowboat was secured and a large number of the excursionists were conveyed to land. Early Monday morning they boarded the electric car to Holland and took passage on the day boat of the Graham & Morton company. The Kalamazoo effected her release at about 8 o'clock.

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked, four years ago, by Piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. 25c at the Walsh Drug Co.

A little love, a little wealth,
A little home for you and me;
It's all I ask except good health,
Which comes with Rocky Mountain Tea.—Haan Bros.

Send in Your Orders to any of the Coal Dealers, or to
C. L. King & Co.'s Office.

Take Notice.

The Circuit Court, will be in session at the office of Diekema & Kollen in the City of Holland, on Thursday the 30th day of August, A. D. 1906, for the purpose of hearing the following case, Tstzloff vs. Tstzloff, and other matters that may be brought up at that time. An opportunity will also be given to all who desire to obtain their Naturalization Papers, and in this connection I will say; that on September 1st, 1906, a New Naturalization Law will take effect, making it necessary for all desiring to become citizens of the U. S. to file their application with the Clerk of the Court at least 90 days before the day of hearing, and other additional requirements which I am unable to give in detail.

So all those desiring to take advantage of the old law and obtain their Citizen-ship papers at once, can do so by appearing at Diekema & Kollen's Law office on the above date.

Fred F. McEachron,
Deputy Clerk, Ottawa Co.
Mich.
