## CITY AND VICINITY.

The Methodist Sunday School will hold its annual picnic at Macatawa Park August 23.

The Fourteenth street church Sunday school will hold its annual picnic at Macatawa Park August 16.

The two year-old son of Mr. and Mrs. T. Vanden Bosch, 110 East Fifteenth street died last Thursday. The funeral was held Saturday at 1 o'clock from the home, Rev. R. L. Haan officiating.

The summer Normal school conducted at Grand Haven by Supt. Vandenberg of the Grand Haven schools, County School Commissioner Martin De Graaf and Miss Kilbourne has been closed after a very successful term.

W. F. Sesser has recently returned from Holland where he took a number of views of Venetian night and other pictures of pretty places around Holland. The pictures will be used for advertising purposes by the Pere Marquette. Fred George, advertising manager of the Pere Marquette system, was in town yesterday on business with Mr. Sesser. —St. Joseph Press.

Fred Flagel, one of Polkton's progressive farmers, now owns, we believe, more land than any other farmer in Ottawa county, says the Coopersville Observer. His recent purchase of the 110-acre Maloney farm gives him 310 acres in Ottawa county and this with his Muskegon farm of 460 acres makes a total of 770 acres, which he personally superintends.

At the regular meeting of the Royal Neighbors of America last Thursday evening Mrs. Bessie Lee of Valentine, Nebraska was received into the order, and the members expected as is customary, to give a little social affair in honor of the new member, following the business session. To their surprise Mrs. Lee had looked after the refreshment feature, and the occasion was a very pleasant one.

Physicians of Kent and Ottawa representing the medical societies of the two counties, picnicked at Saugatuck last Tuesday, and a banquet was served at Leindecker's Inn. An attractive program was carried out with Dr. C. P. Brown of Spring Lake as toastmaster. The program follows: "Oliver Goldsmith," Dr. Schuyler C. Graves, Grand Rapids; poem, "A Medicus Who Was a Cuss," Dr. E. D. Kremers, Holland; "The Automobile and the Medical Profession," Dr. D. Emmett Welch, Grand Rapids; "The Doctor's Wife," Dr. T. A. Boot, Holland; "Medical Good-fellowship," Dr. S. L. Rozema, Grand Rapids; "The Doctor As I Have-Known Him," the Rev. J. M. VanderMeulen, Holland.

Rev. Robert Bloemendal, who at one time was pastor of the North Holland church, has been extended a call by the new Immanuel Reformed church of Grand Rapids.

Spring Lake will have a Venetian Evening celebration next Friday evening. Yachts from here will contest for the prize of \$50 in gold which will be given for the best decorations.

The premium lists of the Berlin fair to be held September 19-20, are now ready for distribution. Address the secretary, M. Hines, Berlin, for a copy.

Judge Frank Williams of Allegan was re-elected secretary-treasurer of the Michigan association of judges of Probate at their annual meeting in Monroe last week.

A regular called mass convention of the Socialist party of the twenty third senatorial district is called for the purpose of placing in nomination delegates to the constitutional convention, the same to be held in the socialist hall, East Eighth street, this city, on the 24th day of August, 1907.

There promises to be a shortage in the crews at the various lifesaving station on Lake Michigan when the schools open again, as there are several stations where men are acting as substitutes who are students and will leave when the colleges open. It is stated that the vacancies may be hard to fill, from the fact that men can earn more money at the present scale of wages outside the government service.

A new restaurant has been opened in this city. The restaurant is known as the Alpena Restaurant and is located on North River street. Mr. Anthony Romeyn, the proprietor, is an experienced man in the restaurant business, having conducted one in Zeeland for several years. Mr. Romeyn has put out an attractive bill of fare and his place of business presents a handsome appearance. It will be an up to date restaurant in every respect.

William Moran, a negro about thirty-five years old, and Minnie Morris, a negress about the same age, were in jail at Allegan most of last week. They had both been working at Liendeckers hotel in Saugatuck and were living together as man and wife. One day last week the irate wife of Moran came over from Chicago and had the pair arrested. The wife was at first determined to prosecute them but later in the week changed her mind and refused to prefer a charge against them and they were sent back to Saugatuck and released by the justice there.

Probably the highest price so far paid for any apple orchard on the lake shore this season was paid for the orchard of Wade & Wade by Chas. Hoffman of Chicago. The exact terms of the sale are not given out, but it is known the Wade & Wade had heretofore refused an offer of \$3,600, although the orchard contains only about 50 per cent of a crop. There are only 260 trees bearing fruit, and it is estimated that the orchard contains from 1,600 to 1,800 barrels. Mr. Hoffman is the largest buyer here, having already bought 8,000 bbls. and the growers always welcome him back each season. —Fennville Herald.

The fourth annual rally of the Ottawa County Sunday School association was held at Highland Park and Sunday school workers and students to the number of over one thousand attended the event. The program consisted of a prayer by Rev. I. Wilson of Grand Haven and a few words of welcome by the Rev. H. J. Barnes. The response in behalf of the visiting delegates was made by the Rev. C. S. Rennels of Allandale. The principal address of the day was made by the Rev. Johnson Meyers, a prominent Baptist divine of Chicago who is spending the summer at Highland Park. After the program of literary exercises had been completed there was music, games and recreation on the beach at the park and the big crowd had an enjoyable day. The officers of the Association are, President, Charles DeBoer, Spring Lake; Vice President, A. Lahuis, Zeeland; Primary Superintendent, Mrs. J. Lang, Coopersville; Home Department, Supt., Mrs. Safford, Spring Lake, Teachers' Supt., Rev. A. P. Bourns, Spring Lake; Temperance Supt., Miss F. Parkhurst, Nunica; Sec., Treas., J. C. Lehman, Grand Haven.

## Farmers Picnic. When?

John C. Calhoun of this city has been granted a patent on a photograph printing machine.

A. Peters of this city has received \$20.80 insurance for damages to his balaar store in Allegan by a recent fire.

Increasing freight and express traffic has made it necessary for the Grand Rapids, Holland & Chicago Interurban R'y Co. to place orders for four new flat cars and four box cars.

The Allegan County Agricultural society will have a matinee at the fair grounds on Friday, August 16. The attraction will be the trotting ostrich Hurricane, who is said to have gone a mile in 2:04. The bird will be pitted against a horse and the race should attract a good crowd.

Dr. J. T. Bergen, pastor at Dubuque, Iowa, formerly of Hope Church, will return to Holland for a visit. He will conduct the services at Hope church on Sunday August 25. Rev. J. M. VanderMeulen will take a two week's vacation.

Mr. James B. Mulder, who graduated last June from the preparatory department of Hope College has returned from Grand Haven, where he has been attending the normal school for the past five weeks. Mr. Mulder has secured a position as teacher in the Allendale public school.

The barn of Ed. Whaley Ventura was burned Monday noon. Thrashing had just been finished up an hour before the fire was discovered. The barn and contents are a total loss. There were 96 bushels of rye and several farm implements in the structure. The insurance carried by Mr. Whaley was \$300.

Judge Perkins has granted John C. Dunton a new trial in the case brought against him by John Veldhouse and others unless the plaintiffs shall file a peremptory within ten days for \$250. The complaintants recently secured a judgment against Dunton for \$589.19 and the remittitur will reduce his judgment to \$339.14. The case was brought to collect pay for sidewalks and other cement work at Holland. —G. R. Press.

The common council of Zeeland has gone on record in favor of the enforcement of the state law relative to the closing of livery stables on Sunday. The matter came up at the last meeting of the council and Alderman Wichers introduced a resolution providing that the law be enforced. The resolution was passed without opposition. The blow will be felt by the livery men, who do a big business on Sunday, that day being the best of the week.

The Saugatuck Commercial Record has the following good words for the Holland band: "The band concert held at the opera house Monday evening by the Holland band, although not largely attended, is entitled to more than passing mention for their music was greatly enjoyed by the audience which heartily endorsed each number. Frank Wurzburg, who is so well known, was the director in charge and if the good music was due to his training he certainly is entitled to the reputation he has. The Holland band has more than a local reputation and is being sought far and near. It is to be hoped that Saugatuck people will again be given a chance to hear it."

There is considerable agitation, warranted and unwarranted at the present time relative to the saloons and retail liquor places of the city of Grand Haven. There is no doubt but that locally the business is being restricted more and more. In this city the city license was given a material increase this spring and applicants for licenses in certain sections of the town have been turned down. The saloon men themselves say that they have no kick over the way they have been used by the officials of the city the past two or three years. One of the leading saloon men of the town stated in conversation the other day that he would rather than not close his place on Sunday. The only thing, he said, that prevented him from closing was the fact that some of the others in the same business were open and selling wet goods. This explains the whole situation. The saloon men have never been able to get together and trust each other in Sunday closing. —G. H. Tribune.

## JURY DISAGREE

THE JURY IN THE SHIMMEL CASE DISAGREE AND IS DISCHARGED.

The fate of Wm. Shimmel, charged with the murder of Martin Golden, was put in the hands of the jury last night at 5:30 o'clock. The 12 men deliberated until 10:30 and were then locked up for the night. This morning the foreman brought in the report that they could not agree, and consequently the men were discharged.

Of all the Farmer's Picnic celebrations at Jenison Park, the one set for Aug. 22 will take the lead.

John DeBruyn died Saturday afternoon at the home of his mother, Mrs. Henry DeBruyn, 169 West Eighth street. He was 24 years of age and had been ill for several months. A mother, several sisters and brothers survive him. The funeral was held Tuesday from the First Reformed church.

Alarmed by the continuous absence of his two sons, Herbert and Morris, aged 20 and 16 years respectively, J. VanVolkenburg started in search of them last week and found their bodies lying on the beach of Lake Michigan near Douglas. They left home late in the afternoon to go bathing. There was a heavy sea and they were evidently overcome and unable to reach the shore. Their bodies were cast up later by the waves.

Charles Barth, a young man who is employed on the steamer Nyack was arrested last night with Myrtle Rickner, a fourteen year-old girl of Grand Haven by Night Officer William Bishop. The Charge made against the young man is attempted statutory rape, and the Bickner girl is named as the complaining witness. The county agent, Mr. Roosenraad, was there looking after the girl and young Barth, who is but eighteen years old, he is in jail in default of \$500 bail. He was brought before Justice Hoyt, waived examination and was bound over to the November term of court. —Grand Haven Tribune.

A good time was built at Jenison Park last Thursday all the masons, bricklayers, plasterers, and their co-laborers laying the foundation and putting up the framework of as good a days outing as was ever constructed. In the base ball game between the masons and laborers the former won by a score of 18 to 16 in a 9-inning game. Harry Bliss and Frank Smith formed the battery for the masons, and Irwin Bliss and Edward Derby did the slab and back-stop stunts for the laborers. In the tug of war contest the masons were again victorious, defeating the laborers after a hard struggle. There were six men on each team, the masons being captained by G. Knoll and the laborers having for their leader Frank DeWeert. The woman's race was won by Mrs. Benjamin Wan Roy, from a large field of starters. The foot race in which all the contestants were masons was won by Peter Smith.

Grand Havenites who happened to be down at the Grand Trunk wharf today witnessed a sight that brought up memories of the town that was. The three masted schooner Lake Forest arrived in port this morning with a cargo of three hundred thousand feet of lumber for the Challenge Refrigerator Co. The cargo comes from Gore Bay, Ontario, which port is located at Manitoulin Island in the Georgian Bay country. The Lake Forest left that port last Sunday morning and has had a fine trip and fairly favorably winds up the lakes. The Lake Forest is one of the old type of lake lumber schooners and as she went by the foot of Washington street this morning in tow of the little towing steamer Ellen Hall formed a picture that did old Grand Havenites good to look upon. Twenty five years ago the harbor would have been filled with craft of this description taking to the outside world the product of the mills of Grand Haven and Grand River. The Lake Forest is nearly forty years old herself. She was built at Little Sturgeon, Wis., in 1869, is a vessel of 300 tons and is 145 feet in length. Capt. Erickson is in command of the Lake Forest. —G. H. Tribune.

Miss Nellie VerMeulen has returned to the resorts where she is now employed.

Wm. Reif of Holland returned Friday after a few weeks' visit with relatives and friends here.

The Christian Reformed church will not purchase a pipe organ as intended but will get a smaller one. The Misses Yonker and Jennie Zwagerman will be the volunteer organists.

Mrs. Otte and daughter Lula of Roseland are visiting relatives here.

Miss Mary Hop visited friends in Vriesland Sunday.

Beaverdam was well represented at the Vriesland church last Sunday evening, when Mrs. Roe of Oklahoma spoke in behalf of the Indians.

The Sunday school picnic last Wednesday was a great success. Speeches were made by Messrs. J. J. VanZanten, F. DeVries, G. Veldman and also by J. Westrate who has been our Sunday school for 28 years. The lunch baskets served well at noon and in the afternoon amusements of all descriptions were furnished. A ball game was played between Beaverdam and South Blendon resulting in a score unknown. At any rate the game was in favor of South Blendon.

**Saugatuck.**  
John Lundgren received a postal recently from Mrs. Addie Weir who is now traveling in Norway. She passed through the town of Haugsund where her mother and uncle, Mr. Lundgren, were born. Mrs. Weir is making a tour of Ireland, England, Germany, Italy and France.

The high water mark in postage stamp sales was reached Monday of last week when the Saugatuck office sold \$46.81 worth of stamps. As far as Postmaster Wade can learn this is the largest number that has ever been sold in one day in the Saugatuck office. Over 20 pounds of souvenir cards were sent out for Chicago alone the same day.

Work has been begun on the improvements at the new harbor in good earnest.

Sunday mail was resumed at the Saugatuck and Douglas postoffices last Sunday and will continue until Oct. 1st. The Saugatuck office will be open for the delivery and dispatch of mail from 11 a. m. to 12 p. m.

In a letter received by Mrs. L. Groff of Hamilton from her brother, Edgar M. Collins of Portland, Oregon, he states that his youngest son, Orson E. Collins aged 15 years, was drowned in Columbia slough near his home where there was a swift current. The accident occurred last month. The Collins family in Allegan are relatives and the parents of the deceased at one time lived near Allegan.

During the past six weeks six cows have been bitten in this vicinity by mad dogs, and last Sunday morning Willie Woodruff lost his last cow, having lost one two weeks ago. Mr. Woodruff, sr., discovered Saturday night that the cow did not act right and he put the animal in the barn, protecting the door with long heavy poles, but during the night the crazed milcher broke out, when it was chased to death by the father. The son and his wife were visiting in Hudsonville.

John Kolvoord received a carload of corn last week from the west and he keeps on grinding like all millers.

Cowboys from the west came to town with a herd of bronchos and ponies to the number of forty. Many sales were made during their stay.

## NEW EXHIBITS FOR STATE FAIR.

Machinery and Implement Department Will Be a Hummer.

One of the most interesting exhibits at the State Fair, Aug. 29th to Sept. 6th, will be the machinery and implement department. This is in charge of Vincent V. Green, of Detroit.

VINCENT V. GREEN  
WHO IS LOOKING AT MANY NEW FEATURES FOR STATE FAIR

Mr. Green is Secretary and Treasurer of the Union Transfer and Storage Company and has spent years in the implement business, selling the jobbers and retailers, and his knowledge of the business will be of special value to the State Fair.

Last year there were about fifty-three exhibitors in this department, and this year, thirty days in advance of the opening of the fair, there were eighty-three applications for space, and no doubt the number will reach double that one year ago. The perplexing problem is where to find space to place them all.

Supt. Green has arranged with the Andrus Fence Co., of Detroit, to operate one of their power fence weaving machines on the grounds.

A new exhibit will be that of lightning rods. Two concerns will show by static machines, the action of lightning, and how to prevent damage from same.

Another exhibit which has never before been shown which will interest the potato grower, is the potato-bug annihilator, which catches the bugs and kills them. This takes the place of the boy with a stick and tin pan and Paris green.

Potato diggers, gasoline-power engines, cement block machines, threshers, traction engines, wind mills, shredders, corn huskers, ensilage cutters, sugar beet machinery, and hundreds of interesting labor saving devices for the farm will be shown.

## "THE ERUPTION OF MOUNT VESUVIUS."

The recent tragic episode of "Mt. Vesuvius," which has been chosen by Henry J. Pain, the famous pyrotechnist, as the theme of his new great open-air spectacle, will be seen every evening at the State Fair.

Since that memorable day, when Vesuvius was born, and Pompeii died, there have been hundreds of eruptions, large and small. These have varied greatly in their physical character, at times being in a liquid and white-hot mass, that swept torrent-like down the mountain, at nearly a mile a minute, and was still so hot when it overwhelmed the surrounding cities and villages, seven and eight miles away, that it melted copper, silver and even flints.

Of the most recent eruption of Vesuvius, which occurred in 1903, the volcano hurled out blocks of stone 45 feet in circumference, sent small projectiles thousands of feet into the air, and flames and smoke many thousands of feet higher. The mountain roared and belched in a way that was deafening, and its fury shook the houses at Naples. Not only the crater but the black cone itself, half a mile in height, was cracked in all directions, and from these cracks and vents flames were spouting, hundreds of feet high, with lightning flashes and the air for miles was full of flying projectiles.

Looking at the bright and placid little cities now closely grouped about the Bay of Naples, it is difficult to realize that the dark looming up behind them is answerable for thousands of human lives and the recent terrible earthquake disaster, which wiped our own beautiful city of San Francisco out of existence, has aroused world-wide interest in these and former catastrophes.

The graphic destruction of Vesuvius, like Pain's fireworks, has no duplicate in the realm and thrilling production of a tragic historical episode ever conceived by man. It is a veritable pyrotechnic triumph that must be seen to be fully appreciated.

The attraction is organized, equipped and presented on a scale of magnitude that almost appeals to an outsider. First and foremost, with everything bearing the "PAIN" trade mark is, of course, the fireworks, and it is safe to say that nothing more elaborate in this line has ever been witnessed in this city.

The circus features are represented in the large number of sensational aerial acrobatic performances and various hippodrome attractions.

The scenic equipment of the big open-air exhibition shows enough massive, beautifully-painted mountains, palaces, buildings and streets, to extravagantly stock a hundred of the most elaborate stage productions, but the immense interest reported from all points proves the wisdom of the management's enterprise, as in most ventures, it is the "big things" that win.

This is by far the greatest attraction ever shown at any fair in the United States. The expense in securing the great attraction is a small fortune, and yet the State Fair management propose that everyone who attends shall have the greatest value for the money. The fair will be open every evening and the "Eruption of Mt. Vesuvius" will be seen from the grand stand every evening during the fair, commencing Saturday, August 30th, and ending Saturday evening, September 7th.

## GOOD NEWS FOR EXHIBITORS.

For years the exhibitors at the State Fair have been greatly inconvenienced and delayed because of the insufficient railroad facilities for unloading and reloading their exhibits. The last year the fair was held at Pontiac some of the exhibitors were two days getting away after the fair closed and since the fair was located in Detroit there has also been cause for complaint.

Determined to give the exhibitors no cause to complain this year, the management, at a very great expense, has arranged for three additional side tracks, each 800 feet long, making five side tracks with a capacity of 100 cars. The tracks will be so arranged that two will be used exclusively for live stock, two for machinery and one for miscellaneous exhibits. The platforms will be erected with the view of unloading and loading quickly. D. R. Hurst, who has been yardmaster for the Grand Trunk Railroad for a number of years, has been appointed Supt. of Transportation, and will be on the grounds constantly to take care of the wants of the exhibitors.

Passengers arriving in Detroit, via the Grand Trunk Railroad, will be unloaded at the grounds if they desire, as all trains on that road will stop at the grounds during the fair.

## PROSPECTS VERY ENCOURAGING.

Never in the history of the Michigan State Fair, which extends over a period of fifty-eight years, were there so many entries made by the time the Fair opened as were received this year, four weeks in advance of the first day. The indications are that in nearly every department the number of entries will be doubled, and the perplexing problem is how to set aside ample space for each. Exhibitors will have to content themselves with less space than one year ago, in order to accommodate the great increase. It was thought that ample provisions had been made for the anticipated increase, by extensions and additions, but even with the largely increased space allotted to each division the management is still devising every possible means to care for all who come.

It has been fully demonstrated that many new buildings will have to be built another year on account of the increased interest shown by exhibitors. They realize that no better opportunity is afforded to show their stock, machinery, fruits, goods, etc., than at the State Fair, where thousands of people go to inspect the various exhibits.

A number of counties in northern Michigan have raised from \$500 to \$1,000 which will be expended in making exhibits of the fruits and farm products which have been raised in that section, with the view of showing those who live in the lower section of the state what excellent opportunities there are in their counties for successful farming.

## THE STATE FAIR IS YOUR FAIR.

The Michigan State Fair is a state institution. It is owned by and conducted for the good of all the people in Michigan. The money earned is used to meet the expense in conducting same and the balance is used to improve and beautify the grounds, build new buildings and when property is made better the people of Michigan profit by it.

Those behind this great fair are not connected with it for personal gain, as but few are paid for time actually spent, say nothing of the personal sacrifice made in diverting their time and best thought from their business to make a success of the State Fair. It is the duty of every loyal citizen to help make the Michigan State Fair the greatest in the United States. If you have nothing to exhibit you should attend and see what others are showing. There is no possible place where you could spend a few days to a better advantage than to attend the State Fair, from an educational standpoint. Everything new under the sun will be shown at the fair. The best live stock, poultry, machinery, etc., will be there.

The management hopes to have the support, attendance and kind words of every loyal citizen in Michigan. Nothing compared with the coming fair has ever been shown in Michigan.

## GASOLINE ENGINE POWER

The gasoline engine exhibit promises to be the largest and most interesting ever made at any fair, as most of the leading manufacturers have already applied for space in which to show.

The power question has become a very important one, not only in the cities and villages but on the farm. Thousands of Michigan farmers have given this important problem a careful study, and decided that they could use a gasoline engine on the farm, and save a very great amount of labor and at a very moderate operating expense. The opportunity for investigating the various makes and determining the special advantage of each, should not be overlooked.

## STATE FAIR WANDERLUST.

The Midway of the State Fair, Detroit, Aug. 29th to Sept. 6th, will be known under a new name this year coined by General Manager Floyd. The name by which it will be known is the "Wanderlust."

More prominent among the features thus far obtained is the McKay European Circus; Trained Animal Show; Ostrich Farm with a fine collection of birds; the midjet horse, the smallest one in the world, standing only 26 inches high, and weighing only 93 pounds; Donaldson's Museum of Natural History; the Old Plantation Minstrel Show; the largest Ferris Wheel in use; Allan's Ideal Entertainers; the Electric Theatre; Jack and Jill, the fat children; Zero, the gorilla; Hugo, the big snake; Kekereko's Oriental Performers; Gotsingers' Exhibition of War Relics; and a number of other attractions which cover every available inch that it is possible to allot on the grounds to the "Wanderlust."

How A Holland Citizen Found Complete Freedom from Kidney Troubles.

Is you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures.

Holland people testify.

Here's one case of it:

Mrs. F. Andree, living at 234 W. Fourteenth Street, Holland, Mich., says: "I procured Doan's Kidney Pills and used them with wonderful benefit. I suffered a great deal from a weakness of the kidneys accompanied by dull pains through my back and loins, which gave me misery for over a year. I procured a box of Doan's Kidney Pills and after using them a short while was cured of the trouble." (From statement given April 26, 1906.)

## A PERMANENT CURE.

On December 12th, 1906, Mrs. Andree was interviewed and confirmed the above statement in the following words: "I am very glad of the chance to endorse Doan's Kidney Pills again. I have been absolutely free from kidney trouble since they cured me over six years ago and would recommend them to anyone suffering from similar complaint."

## GENERAL STRIKE IS INTERNATIONAL

OFFICERS VOTE TO CALL OUT OPERATORS IN UNITED STATES AND CANADA.

FORMAL ORDER AWAITS ARRIVAL OF PRES. SMALL

Associated Press Men Walk Out in Several Cities and Railway Telegraphers Threaten to Quit—Great Labor War Spreads Rapidly.

Chicago, Aug. 14.—The national executive board of the Commercial Telegraphers' Union of America met in the office of Secretary Wesley Russell Tuesday afternoon and voted for a general strike of the 25,000 union commercial telegraphers of the United States and Canada to be called by President Small on his arrival here Wednesday night. The vote was in the nature of an instruction to President Small to call the strike.

Secretary Russell said: "President Small is on his way to Chicago, and wired me his official sanction of any action I might take, but we thought it advisable to not order the general walkout until his arrival."

Canada with Strikers.

C. E. Hill, a member of the national executive board of the union, who lives in Toronto, reached Chicago and told of the feeling of the Canadian operators. He said that they all were with the union in the fight.

A special from Toronto received Tuesday afternoon states: "The telegraph strike extended to Canada today, and about 50 Great Western operators at Toronto walked out in sympathy with their brethren in the

SAM J. SMALL.

United States. The chief and about half a dozen operators remained at work."

Neill Calls Conference.

United States Commissioner Neill arranged for a peace conference to be held at his apartments in the Great Northern hotel between himself, President Gompers and the other labor leaders in town trying to help adjust the strike.

"There is no immediate indication of a settlement," began Commissioner Neill and then he paused and said: "I will not make a statement."

At union headquarters Tuesday it was said that the Western Union Telegraph company had 95 men working in its main office and the Postal company had 25.

Men Are Paid Off.

The Western Union Telegraph company Tuesday started paying off its striking employees. It also had moved the 800 typewriters that had not been called for by the operators who had rented or owned them, and stored them in a vacant room in the Board of Trade building.

The following order was issued by the associated press:

"All Correspondents: Please pay at once all operators who left the service last night, taking receipt in full therefor. MELVILLE E. STONE, General Manager."

Get Message in Chicago.

The ten night operators at the Chicago office of the associated press walked out on the signal from Atlanta, Ga., relayed by way of Louisville, Ky. They stopped work at the point they happened to be at 7:31, when the signal came, and made no demonstration, but lingered near their keys until it was suggested by the manager of the office that they leave the premises.

Demands Made by Men.

The demands made by the operators, submitted just 24 hours before the walkout, were as follows:

Day work—six days, eight hours daily, \$30 a week, and overtime and extra at the rate of 60 cents an hour.

Night work—Six nights, eight hours, \$35 a week, and overtime and extra at the rate of 75 cents an hour.

Vacations to remain as at present. A proportionate increase for chief and subchief operators.

Mr. Stone's reply stated that he had no power to grant the demands, and that they would have to be submitted to the board of directors and that it was impossible to call the board together within the time named.

"The changes involved are so radical," the reply states, "as to add over \$100,000 a year, and probably more, to the expense of this organization. The Associated Press is mutual in its character, makes no profits and has

Operators Present Formal Demands.

Kansas City, Mo., Aug. 14.—A committee of the strikers formally presented their demands for a 15 per cent. increase and eight hours to the local managers of the Western Union and the Postal Telegraph companies. The telegraph officials declined to receive them as coming from the union and the strikers withdrew to consider further the situation.

Call Men from Small Towns.

Detroit, Mich., Aug. 14.—Local officials of both the Postal and Western Union Telegraph companies said that conditions are fairly satisfactory in their offices. No business is being refused, but it is taken subject to delay. However, both the Western Union and Postal offices are calling in men from small cities in the state.

Twenty-five at Work in Cleveland.

Cleveland, O., Aug. 14.—Officials of the Western Union Telegraph company announced that they had 25 operators at work in their main office here and that new recruits were constantly arriving for duty. Superintendent Collins of the Postal company, said that his company had about one-quarter of its usual force of operators at work.

One-Half Quit at Signal.

Boston, Aug. 14.—At a signal given at 11 o'clock Tuesday 35 operators at the Postal Telegraph company's central office here quit work. The strikers comprised about one-half of the regular force employed at the central office. The Western Union operators followed the action of the Postal men at noon.

Improvement in Philadelphia.

Philadelphia, Aug. 14.—From the viewpoint of the commercial telegraph companies, the strike situation in this city is somewhat improved over that of Monday. The Western Union officials say they have practically a full force of operators at work, and that there is little delay in the transmission of messages.

Yellow Jack Kills American.

Havana, Aug. 14.—Sergt. Wesley Merritt of the hospital corps, one of the first to become infected with yellow fever, is dead. Dr. Agramonte, a well-known Cuban expert on yellow fever, who was sent to investigate the situation at Cienfuegos, reports the existence of several cases in that city. There is little probability, he says, of the American garrison becoming infected, as full precautions are being taken.

Luke E. Wright on Way Home.

Tokio, Aug. 14.—Luke E. Wright, the retiring American ambassador to Japan, has started on his return to the United States. His departure is generally regretted.

## TRYING TO MAKE HARRIMAN ANSWER

GOVERNMENT BEGINS PROCEEDINGS TO FORCE REPLIES TO QUESTIONS.

Kahn Also Is Involved—Facts Relating to Control of the Chicago & Alton Bought from the Magnate and Banker.

New York, Aug. 13.—United States District Attorney Stimson Monday filed in the United States circuit court in this city a petition that E. H. Harriman and Otto H. Kahn, the latter of the firm of Kuhn, Loeb & Co., be summoned into court to show cause why they should not answer certain questions relating to the control of the Chicago & Alton railroad.

These questions were asked during the interstate commerce commission's investigation of the Chicago & Alton several months ago. Mr. Stimson acted for Attorney General Bonaparte in filing the petition.

Harriman Wouldn't Answer.

In 1904 the Union Pacific purchased 103,431 shares of Alton stock through Kuhn, Loeb & Co. at 86 1/2. The stock was deposited with the bankers with the understanding that it was to be sold to the Union Pacific at a price to be made by a committee composed of Mr. Harriman, John A. Stewart and John J. Mitchell. At the hearing Mr. Harriman was asked what part of the stock so disposed of he owned. This question he refused to answer.

Mr. Harriman also refused to answer questions as to the amount of his holding of Union Pacific preferred, nor would he state the holdings of H. H. Rogers, H. C. Frick and himself in Atchison, Topeka & Santa Fe. Other questions which Mr. Harriman declined to answer had to do with his interest in the purchase of 105,000 shares of Illinois Central, the famous ten per cent. dividend of the Southern Pacific road and his own profits occasioned by the sudden rise in this stock following the declaration of this dividend.

What Kahn Wouldn't Tell.

The questions which Mr. Kahn refused to answer had to do with the connection of Kuhn, Loeb & Co. with the purchase of stock in the Chicago & Alton and the Illinois Central and what portion of the stock so purchased was for the directors of the Union Pacific.

Neither Mr. Harriman nor Mr. Kahn could be found by the deputy marshals who was given the order to serve, but service was accepted by their attorneys. The order issued on the petition is returnable before Judge Lacombe October 21.

FATAL RIOTS IN BELFAST.

One Killed and Many Wounded by the Soldiers.

Belfast, Aug. 13.—Serious and fatal disorders occurred here again Monday evening. The troops fired into the crowd and a woman and a man were shot dead and a number of others were seriously wounded.

The conflict between the soldiers and the rioters took place in the vicinity of the constabulary barracks in the Cullinstree road. The trouble became acute about six o'clock when a mob of men and women attacked a police inspector. Soldiers were at once summoned to the scene, but they were met by a hail of paving stones which resulted in emptying some of the saddles.

The riot act was read, but the mad-dened mob refused to disperse and kept up a terrific fusillade of stones, broken bottles and bricks against the police and the military. Bayonet and baton charges failed to rout the frenzied rioters and ultimately the order to fire was given.

The number wounded from the rifle fire and the bayonet charges, and otherwise injured, is very great, and the hospitals are overcrowded.

GRAIN ELEVATOR BURNED.

Explosion of Boiler in Omaha Causes Great Damage.

Omaha, Neb., Aug. 13.—The east end of the ten-story elevator of Morrill & Humquist at Sixteenth and Nicholas streets was blown out by the explosion of a boiler in the basement of the building late Monday afternoon. The elevator was full of grain, which probably will be a total loss.

No person was in the wrecked portion of the building when the explosion occurred and no one was injured. The damage will be heavy.

CAID MACLEAN SET FREE.

Raisuli Hands Him to Elkmes Tribe, Who Release Him.

Tangier, Aug. 13.—Caid Sir Harry MacLean has been handed over by his captor, the bandit Raisuli, to the Elkmes tribe, who in their turn set him at liberty.

Act Against Jap Poachers.

San Francisco, Aug. 13.—Private advice received from the cruiser Buffalo, which left here two weeks ago, state that it steamed away from the navy yard last week under telegraphic orders from Washington to protect American interests at Pribiloff island from the poaching depredations of the Japanese, which have been persistently carried on of late.

## Why We All Enjoy

## Farmers Picnic.

A few years ago several business men of Holland felt within their system the sympathetic waves of hospitality and conceived the idea of inviting all of the farmers of this vicinity to come to Holland for a big picnic. They came. The picnic was a huge success and so pleased were all that each year ever since a day has been set apart for the much enjoyed Farmers Picnic. The past few years in order that their guests might enjoy not only a picnic but might have a regular resort outing with all of the fresh air and the tang of the breezes from the waters that the term implies the picnic has been held at Jenison Park. This is well, for nowhere on earth can a picnic be held to better advantage. It is fine to think that Holland entertains its guests with it's very best. The best is none too good. Holland enjoys the picnic as well as does those who come from the fields and the meadows of our populous country territory.

And that is why Holland's business men and professional men, its workmen and its manufacturers generally take a day off for Farmers Picnic.

## Fennville Will Celebrate Saturday.

A Fourth of July celebration, a harvest picnic and a dozen other varieties of picnics will be all jammed into one big day at Fennville next Saturday when the Modern Woodman of America will give a grand blowout.

There will be speeches by E. J. Bullard, state deputy; Geo. E. Ellis, mayor of Grand Rapids and N. J. Whelan, speaker of the house of representatives; ball games for blood; horse races for sport; and athletic contests of all kinds for excitement. It will be a big day.

The Grand Rapids delegation will go down on a special train leaving that city at 12:05 p. m. and it is expected that when the train stops at this city there will be many from here to join the throng.

## Citizens' Band Concert at Jenison Park.

The Citizens' band will give a concert at Jenison park tomorrow evening, and the following program will be rendered:

1. March—Belle of Loveland... Hough
2. Overture—The Birth of Love, (Lafferty)
3. Caprice—Love and Kisses... Harris

## What you Saw in this Paper

## 35 Years ago To-day.

Ground is being broken preparatory to laying the foundation walls of the Second Reformed church in this city. It is to be rebuilt upon the grounds of the former church edifice; it will cost about \$10,000.

The contract for the covering of Eighth in this city was awarded by the common council to J. Quartel & Co. and J. Ryder & Co.; work has already commenced and is to be completed by the 1st day of November next.

Rev. P. Phelps, D. D., president of Hope college, returned from the East a few days since, and will preach in the gymnasium tomorrow. We learn that he returns east in a few days to work for the Hope college endowment fund.

The government dredge arrived at our harbor Tuesday last and is now engaged in removing the rock from within the piers, preparatory to dredging the channel to a depth of 14 feet. We shall soon be able to satisfy the most skeptical that we have one of the best harbors on the lake.

Efforts are being made in this city to organize a joint stock company for the purpose of erecting a blast furnace. Large quantities of iron ore are known to be within reach of this city, and we have no doubt that such an enterprise would pay.

Grant and Wilson Club.—The Holland Grant and Wilson club met on Monday evening last. Quite a large number were present, and much interest was manifested. S. L. Morris resigned his position as vice president and Wm. Wakker was elected in his place. Constitutions and by-laws were adopted, an executive committee, consisting of 5 members were appointed as follows: M. Hoogesteger, J. O. Bakker, A. Woltman, E. H. Wilson, and G. Labarde. Several names were then added to the list, among them were two life long democrats, who cannot swallow Greeley, to wit: Cornelius Blom and Gerrit J. Doesburg. Power was granted the executive committee to arrange for a hall, procure speakers and call a meeting.

Ed. Killen of Grand Haven, the well known proprietor of the Milwaukee House, is getting along finely with his three story brick block on the corner opposite the Rice House. That old corner, well known as the long time residence of the original proprietor of Grand Haven, will soon be occupied by the finest hotel in the city.

Arrangements are nearly completed for the construction of another brick block on the Odd Fellow's lot at the corner of Washington and Second streets, 50x66, three stories high. The upper story will be occupied by the Order for a hall, etc. It is to be completed by the first of May.

The Cutler House of Grand Haven, and the Magnetic Spring Bath House opposite, are well patronized by strangers seeking health and enjoying the bracing lake breezes so common to our shore. Had we a paved public street like yours, we could offer to summer sojourners a very pleasant retreat. We live in hope of something akin thereto hereafter.

## WHAT YOU SAW 30 YEARS AGO.

Greenbacks are steady at 95 cents in gold.

Our dry spell is busted and nature seems refreshed. Monday morning we were treated to a fine shower, also Tuesday and likewise Wednesday.

Prof. Cs. Doesburg started on his western tour on Tuesday last and will visit most of the congregations in the Classis of Wisconsin in the interest of Hope college and DeLore.

One of A. Steketee's sons had an accident on Monday, by which he came near losing an eye, a large sliver entering above the jaw and passing upward protruded near the eye at the temple. Dr. Morris was called and had to open the wound to dress it in proper shape. The patient is doing well.

We hear from undoubted authority that the people aboard the dredge machine at the mouth of Black lake witnessed a scene of uncommon splendor—a mirage showing a clear outline of the west shore of Lake Michigan against the sky—on Monday last. It was extraordinarily clear and quite a treat to look at.

Mr. R. Kanters has received instructions from Col. Mansfield to proceed to Whitehall and fill a certain amount of feet of the piers of that harbor as he has done at our harbor. This we consider the best kind of encomium on the character of the work Mr. Kanters has furnished the government, and his skill in brushwork in harbors, will, no doubt, be turned to good account yet in this country. Mr. Kanters started on Thursday last to make preliminary arrangements at Whitehall.

Prof. L. F. Bangs, our Supt. of Public Schools, arrived in town this week. He wears a red ribbon.

The little steamer Centennial while lying at her dock in the slip at Grand Haven, on Wednesday last, again caught fire and sustained considerable damage. The Cutler was cut adrift to avoid a similar fate.

The scow Spray in attempting to run into Milwaukee a few days since ran into the pier and stove in her bow, breaking her stem and forward bulwarks and carrying away her bow-rail. She is now at Anderson's shipyard undergoing repairs.

"Suppose we pass a law," said a severe father to his daughters, "that no girl 18 years old who can't cook a good meal shall get married till she learns how to do it?" "Why then we'd all get married at 17," responded the girls in sweet chorus.

Our city marshal now carries a double barreled shot gun in his pocket and is on the war path. Muzzle your dog and prevent a wholesale slaughter of the "purps."

Our thanks are due to George S. Harrington for a number of very fine early peaches, one of which measured 8 1/4 inches in circumference. This is without doubt the largest peach brought into the season this year.

Last week work was commenced on the new bridge over Black river. It is to be completed on or about the 15th of September, and will open another avenue leading into this city. It is to be hoped that our citizens will not be behind in pushing this very commendable manner of inducing farmers to come to this city to make their purchases.

A terrible thunder storm passed over the southeast corner of the township of Jamestown last Tuesday at 11:30 o'clock. A new barn belonging to Wilson Plant was struck by lightning at one corner and set on fire. Two men, Arend Bush and Fred Richardson, rushed into the barn for the purpose of saving some property, when the barn was again struck on the opposite corner, stunning them. John Picard went to their rescue and with great difficulty saved them from perishing in the flames. The barn was filled with hay and grain and is a total loss. Two other barns were struck in the immediate neighborhood. Several large forest trees were entirely demolished by the lightning. A traveler who was out in the storm, with horse and buggy, had his horse knocked down twice by lightning striking in close proximity to him. The rain poured down in torrents, the wind was terrific and there was some hail. The storm lasted one hour and was the most severe one that has visited that township for years.

Ald. Reidsma publishes in the last Grondwet a card in which he admits making a mistake in accusing the clerk of falsifying the council proceedings. That is the honorable way of correcting a mistake—admit it.

## WHAT YOU SAW 20 YEARS AGO.

The work of grading Market street is progressing finely this week.

Contractor J. R. Kleyn has about finished the new building of E. F. Sutton.

The new brick store of C. Blom is up one story and Contractor Huntley says that he will have it ready for occupancy in a few weeks.

Next Sunday Rev. C. S. Dutton will occupy the pulpit of Hope church at the morning service. The pastor will preach in the evening.

The First Reformed church on Market and Ninth streets is to be veneered with brick and is to be finished by Nov. 1st.

Rev. J. Venema, pastor of the Holland Christian Reformed church at Noordeloo, has been awarded the munificent salary of \$100 per year by his congregation.

Last Saturday evening the Comrades of Van Raalte Post, G. A. R., to the number of seventeen, "stole a march" on their commander, B. Van Raalte, and made him a visit at his spacious residence about two miles east of here. He was quietly resting in a big arm chair and was dozing when all at once the fire and drum struck up beneath his window and he realized that something had happened that would call him "to arms" again. He opened the doors and as they all stood before him, the commands "Forward march. About Face. Stack arms" were given and the entire lot of his old comrades were in his care and keeping. The surprise was a most perfect one, and "Ben" acted as hospitable as he

could under the embarrassing circumstances. The evening was spent in recounting reminiscences of former times, and "Ben" soon discovered that the following day, Sunday, Aug. 14, was the 25th anniversary of the enlistment into the service of Company I, 25th Michigan Infantry, and that this day had been selected as one which they could no better commemorate than by giving the Post Commander a "surprise" in the way of a social gathering. The occasion was a very pleasant one and will be long remembered by all the veterans participating.

## Wheat 75 cents.

A friend of ours who spent Wednesday in faithful attendance at the Democratic state convention, spoke in the highest terms of the many decorations that adorned the lapel of the coat of the editor of the Ottawa County Times on that occasion.

At the republican city convention held Wednesday evening, the following delegates were elected to the county convention to be held next week:

1st ward—W. H. Beach, H. R. Doesburg, Simon Kleyn, C. J. De Roo.

2nd ward—J. B. Mulder, Chas. Harmon, R. N. DeMerell.

3rd ward—P. H. McBride, J. J. Cappon, B. D. Keppel, Henry Kiekintveld, G. Van Schelven, Ed. Glerum, J. C. Post.

4th ward—G. J. Diekema, L. Mulder, Wm. Brusse.

Each delegate that cannot attend was authorized to appoint his own proxy.

The convention also endorsed the candidacy of B. D. Keppel for the office of sheriff and instructed the delegates to cast their solid vote for him.

Saturday afternoon River street was the scene of an accident, at which nobody was hurt. Fred Kuite, aged about 14 years, mounted on a mustang, and riding at the usual moderate speed for which the Kuites are known, drove into the hind wheel of the buggy of H. Hellental of Zeeland. The result was that the horse fell on top of the driver, and the axle of the buggy was bent so that the hub of the wheel nearly touched the ground. To the surprise of everybody neither Fred nor the mustang were hurt, and willing hands at once restored the axle to its former level.

Ground was broken at the college campus Saturday afternoon for the Graves Library building. The incident was as gratifying as it was informal to those present. On the grounds were members of the building committee, the council and the faculty, Jas. Price as the representative of the firm of architects of which he is a member; the contractor James Huntley, and Thomas Haw, sub contractor of the mason work, together with several of our citizens. The chairman of the building committee, Prof. G. J. Kollen, to whose instrumentality and active labors the institution is largely indebted for being enabled to erect this beautiful building, took the initiative in turning over the first sod, followed by all the friends present. Prayer was offered by Rev. John VanderMeulen, D. D., and all joined in the Doxology.

A. C. Rinck is putting up a \$1,700 residence on the corner of Market and Fourteenth streets.

Who can beat this? Abraham Elferdink of Holland town, threshed 280 bushels of wheat off from 12 acres, on Wednesday.

The republican caucus for the township of Zeeland was held Friday afternoon and the following delegates to the county convention were elected: Wm. D. VanLoo, Henry DePree, Henry DeKruif, jr., Albert Lahuis, C. VanLoo, G. J. VanZoeren, H. G. Keppel, C. J. DenHerder, Christian DenHerder, J. VandenBosch, Martin Elzinga, J. Ossewaarde, F. VanderMeer. The caucus instructed its delegates in favor of Wm. D. VanLoo for register of deeds. Steps were also taken to organize a republican club.

The new steamer Chicora, on the line between St. Joseph and Chicago has arrived and made its first trip this week. The boat is 217 feet long, 15 feet 3 inches deep, 40 feet wide over all and is guaranteed to make 18 miles an hour. The cabin, social hall, and offices are done in mahogany, in the highest style of decorative art and the entire finish equals anything ever attempted in the construction of fresh water steamers. There are 54 state rooms, besides those for the officers. The boat has a carrying capacity of 1,500 passengers and 600 tons of freight regularly, or she can carry 1,800 passengers when crowded to the limit. The Chicora was built at Detroit and cost complete, \$160,000.

## Tom N. Robinson Starts on

## Walk to Detroit State Fair.

At nine o'clock Wednesday morning Tom N. Robinson of South Haven started on a journey that is bound to attract state wide attention. Charles A. Floyd, manager of the state fair at Detroit, conceived the idea that it would be a splendid advertisement for the fair to start a man on a record breaking trip across the state from Holland to Detroit. He finally settled upon young Robinson as a person who would be able to make the journey successfully. Robinson is fitted up with advertising matter pertaining to the fair which he will scatter throughout the country en route. He will go by circuitous route through the thickly populated sections of the state in order that the advertising may be done thoroughly. Advertising matter will be shipped to him to the several points designated along the route and a record of his journey will be made from day to day. The conditions are exacting as he is not allowed to accept a ride or reach his destination in any other

TOM ROBINSON.

way except by walking every step. Should any person be able to prove that he has accepted a ride in a conveyance of any kind, such person will be given a reward of fifty dollars and Robinson will be unceremoniously fired and will not be given pay for his trouble. But should he succeed in making the journey in the allotted time he will be given a snug sum of money besides his expenses.

The schedule has been so arranged that it will require considerable endurance and grit to keep within it, but a glance at the nifty pedestrian when he started out Wednesday morning conveyed the impression that he was equal to the task.

Robinson, the young man who has the pluck to undertake the long hard journey across the state, has an object in view outside of advertising the State Fair. This object is to acquire a college education, for he intends that the money received for the trip, should he be successful in making it in the required time, shall be used as a nucleus fund to pay his way through the University of Michigan. He intends to enter the university this fall and to work his way through. He has been very successful thus far in working for an education. He worked his way through the Holland high school without a cent of cost to his parents. First he started in as bootblack and bell hop in Hotel Holland. Then as porter, then was promoted to night clerk, and later became day clerk; and by the time he had reached the position of day clerk, his high school course was finished. His great desire is to take the law course at the University of Michigan, and since leaving high school two years ago he has worked steadily to attain that end. He raised funds by working in the Bush & Lane piano factory at Holland, as conductor on the G. R. & C. Interurban railway, by working in the piano factory in South Haven, and this summer has been employed at the Midway Pavilion in South Haven, helping his father who is the proprietor of the boat livery and pavilion known as the Midway.

Young Robinson attained considerable prominence while going through the Holland high school. He is proficient in all athletic sports, starting in the high jump and in boxing, and was a member of the high school base ball and foot ball teams, and manager of the Athletic association. He was also president of his class. He won signal honors in oratory. He first captured the high school oratorical contest, then captured the district oratorical contest of the high schools, and later won the gold medal in the state oratorical contest. He has considerable literary ability, and has done newspaper work for the Holland City News. Robinson is in excellent trim for his long journey, having spent a considerable portion of the summer in rowing, swimming and other athletic sports.

Robinson is about five feet, ten inches in height, weighs one hundred and fifty six pounds, and is

nineteen years of age. He does not dread the hard grind, and is confident that he will make it in scheduled time.

## Common Council.

At Monday night's meeting of the common council an ordinance was passed providing in substance that no cows or swine should be located within fifty feet of a dwelling, that owners of horses must provide manure bins which must be thoroughly cleaned at least each three weeks, all other nuisances such as foul vaults, open drains or other unsanitary conditions must be abated upon order from the board of health.

The council decided that for the election of delegates to the constitutional convention, no gate keepers should be employed at the polls and that the number of clerks should be reduced to a minimum.

A resolution introduced by Alderman VandenBerg was passed ordering that a sidewalk be laid on Sixth street.

## Farmers Picnic

The annual Farmers picnic for Ottawa, Allegan and the adjoining counties will be celebrated at Jenison park Thursday, Aug. 22nd. This is a day to which not only the residents of the rural districts, but of the villages and cities along the line of the Holland Interurban will look forward to. The program for this year will be somewhat different from that of previous years. There will be the usual number of bands playing throughout the day and evening and along the line of sports and contests in the afternoon, base ball games will also be arranged.

One of the sensational features will be a balloon race which will take the place of the balloon ascensions that are always a feature of celebrations at the park. This will create a great sensation and is very exciting.

But the big hit this year will be the bicycle exhibition by Rose & Lemon. These youthful wonders will startle the crowd with their death defying act, "The Globe of Death." This act consists of both riders riding all over the inside of the Globe with bicycles. Concluding the performance one rider rides directly over the top looping the globe several times on a motor-cycle. The act will be given in the afternoon and the Globe will be especially lighted so that a performance can be given at night. In addition to this the program will include a fireworks display on the lake opposite the park.

A special party has been arranged in the pavilion following the regular dancing session. At this party there will be nothing but square dances which is a new feature for the Apollo Pavilion.

At noon coffee will be served free to the picnickers. The waiters will include many of the most prominent men of the city of Holland.

## Circuit Court.

Judge Padgham sentenced a number of saloon dealers Friday afternoon who had previously entered pleas of guilty before him.

Albert W. Stittgen, proprietor of the Gildner Hotel, charged with having had his saloon open on a Sunday, was sentenced to pay a fine of \$50 and costs. The judge warned Mr. Stittgen to be more careful in the future about Sunday closing.

Jacob Jappinga, a Holland saloonist who had pled guilty to having a minor in his saloon, was fined \$50 and costs.

Al. Driy, charged with selling beer to a minor, was fined \$25 and costs. Driy had no money and was given ten days to produce.

## Holland Fair "Bee."

Are you going to attend the Holland Fair "Bee"? This year it will be held, Monday, August 26 and you are urged by the directors to come with axe, saw or hammer and help along the good cause. Dinner and lunch will be served by the association. All are invited.

## The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then, being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ in the body. Guaranteed by Walsh Drug Co. Druggists. 50c.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

### Arendshorst-Steketee.

A very pretty wedding took place last Thursday evening at the home of Mr. and Mrs. B. Steketee, 51 East Twelfth street, when their daughter, Miss Mae E. Steketee was united in marriage to William Arendshorst by Rev. H. J. Veldman in the presence of sixty guests. The ring ceremony was used. Mendelssohn's wedding march was played by Miss Jennie Karsten. The bride was attended by her sister Cornelia, while John Arendshorst acted as bestman.

After the ceremony Mr. Veldman presented Mr. and Mrs. Arendshorst to the company for congratulations.

The young ladies of the K. K. K. social club served refreshments. Many beautiful presents were received, especially of furniture and silverware.

Mr. and Mrs. Arendshorst succeeded in escaping from their watchful friends, and going in an auto to Zeeland, took the train to Grand Rapids, going from there on a trip to Detroit, Cleveland, Pittsburgh and Buffalo. After September 1 they will be at home at 144 East Ninth street. Both young people are highly esteemed and have a long list of friends.

The out of town guests were Miss Susanna Wieland and Mrs. Edward W. Freyling of Grand Rapids, Miss Mae Korteling of Chicago, Mrs. L. VandenBerg of Brooklyn, N. Y., Miss Norma L. Karsten of Horicon, Wis.

### Mr. and Mrs. Jacob Kuite Celebrate Golden Wedding.

Mr. and Mrs. Jacob Kuite celebrated their fifteenth wedding anniversary last Thursday and their many friends kept them busy extending congratulations.

Mr. Kuite has had considerable to do with the progress of Holland and from the time of the infancy of the city, has taken an active part in business enterprises. He has also held municipal offices serving with credit as deputy marshal and later as a member of the city council. Mr. and Mrs. Kuite were married at Saugatuck in 1857.

### Notes of Sport.

H. Van Langeren has been given the order for new uniforms for the Holland Independents. They will be white with blue bindings and blue stockings. The boys used the old uniforms of Holland's one time champion team all season and are justly proud of the change.

Neal Ball, of the Montgomery Southern League, may go to the New York Americans at the close of the present season. The work of Ball at short has attracted the attention of more than one big league manager, and it is said Clark Griffith has his eye on him.—Detroit Times.

Ray Hale of the Dayton baseball nine of the Central league is at home in Allegan. One of the stats papers said that Hale was fined \$15 for not covering first base in a recent game in Dayton, which he refused to pay. He was then suspended by the management. The action of the officials seemed too unreasonable to other members that they too left the team.

The tanners were tanned last Saturday afternoon by the Ottawa Furniture factory. It was in a base ball game and the score was 17 to 5 against the nine from the Cappon & Bertsch Leather company. Abe Cappon twirled for the tannery team and Harry Raffanau for the Ottawas.

This afternoon the Interurban base ball team will play the fast Zeeland team. The game starts at 3 o'clock and is expected to be a starter and full of excitement. Zeeland will put its very best front and Karsten will pitch. The Interurbans will also put in their best licks, and have secured Jake Van Putten the old Holland star to pitch for them. A large crowd of Holland fans will accompany the team to Zeeland to do their part in the rooting line.

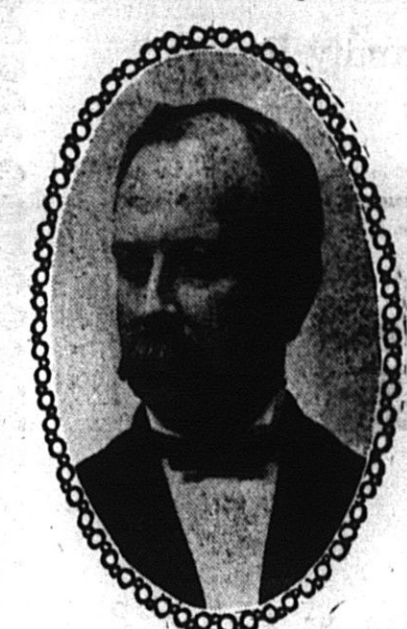

Take advantage of John Vandersluis general clearance sale. All summer goods must go—choice of all the 15c to 20c dummies for 7½c a yd. \$1.00 shirt waists for 49c. Also a line of \$4.50 to \$6.00 dress skirts to close at \$2.98 while they last.

### BEST HORSE EXHIBIT EVER.

All Breeds and Classes to Be Shown at State Fair.

Judge L. C. Holden, of Sault Ste. Marie, who has the superintendency of the horse department of the Michigan State Fair, Detroit, Aug. 29th to Sept. 6th, is meeting with splendid results in his campaign for a complete exhibition of the different breeds and classes of horses at the coming fair.

JUDGE L. C. HOLDEN  
WHO IS GETTING A FINE LOT OF ENTRIES  
FOR HORSE DEPARTMENT

Among those exhibited which will come in for their share of the great interest usually shown, which have already been secured, will be the roadster and light harness horses, saddle horses, high school and exhibition horses, the famous French and German coach horses, the high-stepping American carriage horse, which is becoming such a general favorite; the heavy draft horses, including Percherons from LaPerche, France; the Clydesdale from Scotland, the shire of England, Belgium horses and a very large exhibition of shetland ponies. One exhibitor alone will bring fifty handsome ponies from his Indiana stock farm. The mule, the "Asel," will be shown in large numbers.

Judge Holden has already arranged with many importers of European horses to show their classes at the coming fair, and from the present indications the coming exhibition will be way ahead of any ever made in Michigan.

Four-in-hands will give a free exhibition in front of the grand stand each day, and it is also probable that the famous six-in-hand owned by Armour & Co., of Chicago, will also make an exhibition.

### A THREE-LEGGED ROOSTER.

Never was there a time when there was so much interest centered on poultry raising as at the present time, and it is because for the money invested and the time and attention required, it is a most profitable business. The farmer, the factory workman, and others regardless of their wealth, are engaging in poultry raising either for profit or as a hobby.

The poultry exhibit at the Michigan State Fair, Detroit, Aug. 29th to Sept. 6th, will be the largest ever shown in the state. Enough entries have already been received to fill every nook and corner of the building assigned exclusively for this department. Every kind of poultry will be exhibited, also incubators, brooders and poultry supplies. Supt. Daniel Thomas, of Pontiac, who has charge of the Poultry Department, says that one of the attractions of the poultry show this fall will be a freak rooster which has three developed legs, two of which are used for scratching and digging while the third maintains an equilibrium. The bird differs from the ordinary three-legged variety, in that each of the three legs is fully developed.

### SPECIAL STATE FAIR DAYS.

The Michigan State Fair at Detroit opens on Thursday, August 29th, and closes Friday, September 6th. The grounds will not be open on Sunday. Saturday, August 31st, has been set aside for "Children's Day." Monday, September 2nd, is "Labor Day," and will be fittingly observed by the laboring people of Michigan. It is expected that the attendance will be very large on this day, as it is a general holiday for all laboring men. Tuesday is "Fraternal Day," and Wednesday will be known as "Michigan Day." Invitations have been sent to the United States Senators, the Governor and other State Officers and members of the Legislature, inviting them to attend on "Michigan Day." Thursday will be "Detroit Day," at which time it is expected that Mayor Thompson, members of the City Council and City Officers will be present.

### HALF MILLION PEOPLE WILL ATTEND.

The Michigan State Fair is becoming famous throughout the country on account of the excellent exhibition given each year. At the coming fair August 29th to September 6th, inclusive, all buildings will be beautifully decorated with flags of all nations and American colors. All stock barns and exhibition buildings will be crowded with exhibits.

The organization for this year's fair will be perfect in every respect. Each department will be run separately and distinct under the general head. The different employees will be carefully drilled so that the whole operating end of the fair will move like clock-work. This is a stupendous task when you consider that a half a million people are handled and cared for during the eight days of the fair.

This year there will be no congested concession stands. There will be no gambling, nor games of chance, the shows will be clean, wholesome and educational, and whatever profits there may be through the operation of the fair of 1907, will be used in the construction of new buildings and increased facilities.

## 100 ARE INJURED IN BLAST

### STOREHOUSE OF DYNAMITE EXPLODES AT BOULDER, COL.

Property Damage \$250,000—Two Men Killed When Nitroglycerin Blows Up in Essex, Ont.

Boulder, Col., Aug. 12.—Fire that started at one o'clock Saturday morning in the Colorado & Southern freight depot here destroyed the depot with a vast quantity of freight and spreading a distance of 100 feet enveloped a powder house containing 1,000 pounds of dynamite, which exploded with tremendous shock, injuring perhaps 100 persons and breaking the plate glass in every business house in the city as well as that in hundreds of residences. It is believed that two of the injured will die. The property loss is estimated at \$250,000. The fire originated from some unknown cause and is believed to be incendiary. It was placed under control at 3:30 a. m.

Detroit, Mich., Aug. 12.—Two men were killed, three more probably fatally injured and scores of people were slightly hurt by the explosion of half a car of nitro-glycerine at the Michigan Central railroad station at Essex, Ontario, 17 miles inland from the Detroit river Saturday. Practically every building in the little town of 1,500 people was injured, many of them being blown to pieces.

Ridgeway, Pa., Aug. 12.—Five trainmen were injured here by the explosion of what is believed to have been nitro-glycerine dropped or thrown by a man who was put off a Pennsylvania railroad freight train. The injured are in a hospital here. The man who had the explosive was injured and is in jail here. He was discovered riding on the freight train before it reached Ridgeway and was, according to the crew, apparently under the influence of liquor.

### RAILROAD WAR IS ENDED.

Southern Road Makes Its Peace with State of Alabama.

Montgomery, Ala., Aug. 9.—Gov. Comer and the officials of the Southern railroad reached an agreement late Thursday afternoon and the license of the railroad in Alabama will be reinstated.

Beginning September 1, 1907, the railroad and its allied lines will put into effect the two and a half cent passenger fare and the measure reducing the freight rates on 110 commodities commonly shipped in Alabama.

In consideration of the agreement of the railroad representatives to permit of the operation of these two laws, the one affecting the passenger traffic, and the other the freight, it was agreed by Gov. Comer that the revocation of the license of the Southern in Alabama should be canceled and the company permitted to do business without hindrance by the state. The compromise affects only the one railroad system, the Southern. The other railroads of the state were not parties to the conference.

### WRIT OF ERROR IS GRANTED.

Standard Oil Is Permitted to Take Its Appeal.

Chicago, Aug. 10.—Judge Peter S. Grosscup, of the United States circuit court of appeals, Friday afternoon granted to the Standard Oil company of Indiana a writ of error allowing the defense to take its appeal from the judgment of Judge K. M. Landis, who imposed the record-breaking fine of \$29,240,000.

Efforts of the defending lawyers, Moritz Rosenthal and Merritt Starr, however, to obtain a supersedeas staying the execution of the judgment during the review of the case by the higher court without furnishing more than a bond for costs were thwarted.

### DARING CHICAGO ROBBERY.

Masked Men Rob Cash Drawer of the Hamilton Club.

Chicago, Aug. 12.—Two hold-up men invaded the Hamilton club at Clark and Monroe streets at 10 o'clock Saturday evening. Although they missed an opportunity of relieving several prominent Republican politicians of their pocket money, they emptied the club's cash drawer and the pockets of its employees.

The robbery was daring, but it netted the perpetrators about \$50. After terrifying their victims with revolvers the robbers forced them into an elevator and ordered the conductor to "shoot it up to the top." They then made their escape.

### STANDARD OIL DOWN TO 46.

Stock Reaches the Lowest Quotation in Many Years.

New York, Aug. 10.—Several stocks quoted in New York fell to new low record levels Friday. Notable among them was Standard Oil, which at one time during the day reached 46, the lowest point touched in many years. A little later the stock was offered at 47 1/2 with no bidders.

Several years ago Standard Oil sold above \$800 per share, and Friday's price indicates a shrinkage in value computed on the total capital stock of more than \$300,000,000.

### Crop Condition Good.

Washington, Aug. 10.—The crop report of the agricultural department shows the condition of corn August 1 as 82.8; winter wheat production for 1907, about 409,500,000 bushels; an average of 14.6 per cent; spring wheat condition 79.4.

## UNCLE SAM CONSIDERS THE SHOW BUSINESS.

## ALL OPERATORS OUT IN NEW YORK

### STRIKE EXTENDED TO MANY OTHER CITIES IN THE EASTERN STATES.

Montreal Men Quit in Sympathy—Associated Press Telegraphers Leave Their Keys—Gompers Promises Support of Federation of Labor.

Chicago, Aug. 13.—Walk-out of operators of the Western Union company and Postal company in New York was the chief development of Monday in the spread of the telegraphers' strike. The men in the eastern metropolises left their keys without orders of the union officials, but the latter will give support to the action.

Later in the day the Postal and Western Union operators in Philadelphia, those of both companies in Cleveland, Baltimore and Washington quit work.

With Monday's strikes in different cities the struggle extends from the Atlantic coast to the Pacific and from the Gulf of Mexico as far north as Montreal, where about 30 operators went out in sympathy with those of the United States.

### Associated Press Men Quit.

Many of the telegraph operators employed throughout the country by the Associated Press went out on strike Monday evening. All of the night operators in the New York and Chicago offices quit.

Several of the large brokerage houses yielded to the demands of their operators and averted a strike, in others the men left their keys early in the day.

### Backed by Federation.

President Samuel Gompers, of the American Federation of Labor, arrived in Chicago Monday and held a long conference with other labor leaders. He and all the others declared that the federation would support the strikers. Mr. Gompers said:

"As to the merits of the operators' strike I know nothing. But the action has had the sanction of their executive committee and national officers and that removes from the scope of the inquiry any investigation into its merits.

"We assume that an affiliated organization which has legalized a strike has a just grievance and, adhering to labor union principles, we are determined to give the operators our fullest support."

### These Now Strike-Bound.

The following cities, aside from Chicago, are now strike-bound:

Memphis, Minneapolis, Oklahoma City, Dallas, New Orleans, Topeka, Pueblo, St. Paul, Knoxville, Sioux City, Meridian, Miss., Birmingham, Salt Lake City, Colorado Springs, El Paso, Little Rock, Ark., Galveston, Atlanta, Ga., Texarkana, Ark., Milwaukee, Houston, Tex., Sedalia, Mo., Columbus, O., St. Louis, Jackson, Miss., Augusta, Omaha, Council Bluffs, Helena, Kansas City, Los Angeles, Spokane, Butte, Denver, Charleston, S. C., Beaumont, Tex., Nashville, Tenn., New York, Fort Worth, Montgomery, Ala., Des Moines, Savannah, Calro, Chattanooga, Detroit, Minneapolis, Montreal, Pittsburg, Buffalo, Albany, Schenectady, Troy, Washington, Philadelphia, Baltimore, Jacksonville, Fla., Columbia and Charlotteville, S. C., Toledo, Cincinnati and Trenton.

### Whole Country Involved.

Chicago, Aug. 12.—With Chicago as the center, the strike of the commercial telegraphers spread to nearly every section of the country Sunday. The strike fever seemed to run rampant, city following city in suffering isolation.

Chicago remains virtually isolated. Although a few leased wires are working and the Associated Press continue to furnish the newspapers with the regular day and night reports, so far as the public is concerned Chicago is all but off the map. Every branch telegraph office in the city remains closed and at the main offices of the

two companies there are only small and weakened forces.

Numerous meetings of the operators were held Sunday, one of the most important being that of the men employed by the Associated Press. They notified Manager Thomas Sunday evening that they would strike Monday at 7:30 p. m. unless they were granted more pay, an eight-hour day and one day off a week.

Similar demands were made on behalf of the operators employed by brokers and a reply demanded by 10 o'clock Monday morning.

Both the Western Union and Postal companies have announced that they will renege operators singly, but not as union or nonunion men.

### Spreads Fast in West.

Chicago, Aug. 10.—The strike of telegraph operators, begun Thursday midnight in the Chicago offices of the Western Union company, spread rapidly Friday, tying up the local business of that corporation and practically putting out of service all its transcontinental lines.

At 6:15 o'clock Friday evening about 500 operators of the Postal Telegraph company left their wires and joined the strikers. Only ten employees remained in the main office and the company's 100 branch offices in the city were closed.

All but about a score of the 785 employees of the Western Union in this city quit their keys, and practically the entire forces walked out at Kansas City, Denver, Dallas, Fort Worth, Colorado Springs, Helena, El Paso and Salt Lake.

In New Orleans all the Postal Telegraph operators, numbering about 60, left their wires Friday night because an operator was suspended for refusal to work the Chicago wire. In the Western Union office there an operator was discharged for the same reason, but the union men did not make an issue of it because he was an extra man.

### Exchanges Are Crippled.

The effect of the walkout of the operators in Chicago was apparent first on the board of trade and the stock exchange. The Western Union has the exclusive contract for handling the stock quotations between the exchanges of the country, and the failure of the company to summon sufficient loyal employees to handle the business put the brokers in a quandary. The firms which have leased wires, employing their own operators, handled all the information regarding the security markets in eastern cities that was available up to noon.

The Gold and Stock Ticker company, which is affiliated with the Western Union and operated the wires from the New York stock exchange, ceased to send the quotations.

A meeting of the grievance and executive committees of the union was held at one o'clock in the afternoon, when the formal demands on the Western Union company were drawn up by presentation. These include the eight-hour day, a 25 per cent. increase in wages and recognition of the union.

### Company Will Fight Hard.

New York, Aug. 10.—The Western Union Telegraph company will fight the strike of its operators in the western cities, in the east, or wherever the men may go out. It expects to win as it claims to have won in 1883. A strike among the 3,000 operators of Greater New York city is imminent, though the sentiment among the employees is said to be divided.

### PASSENGER TRAIN WRECKED.

Engineer Is Killed and Fireman Fatally Injured.

Springfield, Mo., Aug. 12.—Passenger train No. 108, the fast Memphis-Kansas City train on the St. Louis & San Francisco railroad was wrecked near Mountain Grove, Mo., 70 miles from here, Sunday, resulting in the death of Engineer James McKenna, of this city, and fatal injuries to Fireman James Overland, of this city.

### Three Burned by Gasoline Blast.

Pittsburg, Aug. 13.—Three men were burned, two probably fatally, by the explosion of a gasoline engine at Vandergrift, Pa. The victims were employees of the West Penn railroad. They were repairing the engine when the gasoline was ignited by a torch.

## MOORS ATTACK THE CASABLANCA CAMP

### TWICE REPULSED BY FRENCH SHIPS AND TROOPS WITH HEAVY LOSSES.

Warships Fire On Them—Reported Bombardment of Mazagan Not Confirmed—Muley Amin Approves Action of Europeans.

Casablanca, Aug. 10.—The Moors Thursday night renewed their attempt to invade Casablanca, but were repulsed with heavy losses by the fire from the warships. All the consulates here are now guarded by machine guns.

The total of the Moorish losses here is estimated at 2,000.

### Attacks Twice Repulsed.

Tangier, Aug. 10.—News has been received here that Arab tribesmen, who had gathered from the surrounding country to the number of five or six hundred, swept down upon Gen. Drude's camp outside Casablanca Thursday afternoon. They were driven off with considerable loss. Later they renewed the attack and again were repulsed. The French troops are in splendid condition and spirits. The warships supported them during this attack by keeping up a steady shell fire on the horsemen.

When the French consul from Casablanca arrived here Friday he received a letter from Muley Amin, the military governor of Casablanca, officially approving the action of the French forces and asking the aid of France in inflicting punishment upon agitators.

The latest advices received here do not confirm the reported bombardment of Mazagan. Advices from Mogador, dated August 7, say everything was quiet there then and that no trouble was apprehended unless European complications resulted from the bombardment of Casablanca. Morocco city is quiet.

### More About Bombardment.

Further particulars of the bombardment of Casablanca show that when Admiral Philibert's squadron arrived off that port the armored cruisers Conde and Gloire bombarded the outskirts of the city while the Jeanne D'Arc shelled the Arab quarter. So soon as the foreign legion landed the gates were battered down, the soldiers took possession of the ramparts and the streets were cleared by the infantry, with the use of rapid fire guns.

The French warships Conde and Gallie are at Rabat and the Du Chayla is still at Mazagan. Admiral Philibert has issued a proclamation at both places warning the natives that the least act of hostility against Europeans will result in the towns being completely destroyed.

The sacking of Cape Juby occurred July 30.

### Preaching a Holy War.

Paris, Aug. 9.—Special dispatches received here from Tangier represent the situation as being more alarming on the coast and in the interior. Calid Sale, the administrator of customs at Rabat, is said to be openly preaching a holy war among the Mussulmans, as a result of which the French consul has distributed arms to the Europeans.

In addition a fanatical priest named Maclean, at the head of a horde of followers, is traveling through the Littoral inflaming the anti-foreign sentiment.

Reports from Fez say that the advisers of the sultan are terrified and have not yet informed him of the gravity of the situation.

Up to six o'clock Thursday evening the foreign office here had no confirmation of the reported bombardment of Mazagan.

### TORNADO HITS LA CROSSE.

Great Damage Is Done in the Wisconsin Town.

La Crosse, Wis., Aug. 12.—The worst tornado ever experienced in La Crosse swept through the city at eight o'clock Sunday morning, and in 15 minutes had done an enormous amount of damage, so great, indeed, and widespread, that no accurate estimate of its extent can be made, but it will run into the tens of thousands of dollars in the city of La Crosse alone.

The storm worked great havoc to factories, residences, churches and electric companies, and brought to earth thousands of the most beautiful shade trees, making the streets and walks in places impassable.

The day was fair and warm, with no prospect of weather disturbances, and hundreds of people were already upon the river for the day, or had gone into the country on picnic parties.

The greatest alarm was caused when the savage, twisting wind struck the water and the frail pleasure craft on it. In many cases the boats were swamped, the inmates being thrown into the water and obliged to swim to shore. In other cases, the occupants of the boats, unable to get to shore with them because of the wind, abandoned them and, leaping into the water, swam ashore.

### Jeremiah J. Hannigan Dies.

St. Louis, Aug. 12.—Jeremiah J. Hannigan, former member of the house of delegates, who was the first delegate to be convicted and sentenced to the penitentiary for boodling, died Sunday. He had been an invalid for months and his death was believed to have been hastened through brooding.

## Shimmel Trial On.

The Shimmel trial is on before a jury composed of John Hague, Owen Comstock, Lew Ebers, Frank J. Goodenow, William Boyington, E. M. Decker, Henry Bouwens, Dick Greengood, W. F. Walling, Morris Frost, Frank W. Hedges and Thos. Friar.

Ex County Clerk Fremont Brown was the first witness in the famous case. He testified that he met Shimmel in the saloon at Nunica that day. He said that he was in the saloon about 15 minutes at about 2:30. Besides Shimmel he saw a Frenchman in the place. This man whose name is Mayo was for a time under surveillance but he proved a good alibi.

Frank Mayo was the next witness. He also told of being in the same saloon and of seeing Shimmel there. He testified that he believed it was about 3:30 when he was there. He said that Shimmel appeared to be dressed in his working clothes.

Eli Brown related to these facts also. He saw Shimmel in the saloon at about 3:30.

Frank Green, the last witness of the first day, testified that he too saw Shimmel in the saloon that afternoon. It was about the same hour in the afternoon that he saw Shimmel there.

Attorney Charles G. Turner of Grand Rapids withdrew from the trial. Mr. Turner was somewhat reticent yesterday as to why he had dropped out. It has been learned, however, that he and Mr. Park did not get along at all and they differed as to the proper methods of defense. Mr. Park will continue the case alone for Shimmel. He says that he has the full confidence of the prisoner and of the prisoner's relatives and is confident that he will be able to prove an alibi for the man from Moorland.

The skull of the murdered man was shown the jury, also the bullet which penetrated his brain, causing death. Mrs. Golden, widow of the murdered man, was so affected that she had to be led from the court room. There was also placed on exhibition the revolver which was used by the murderer, the dead man's empty pocket book, the cap supposed to have been that worn by the murderer and a copy of a newspaper of April, 1906, which the murderer is believed to have carried from the scene of the crime.

These latter were all found a month after the murder in Chester township, 20 miles north of Dennison.

Abe Rubey, who, now lives in northern Wisconsin testified that on the day of the Golden murder he was on an interurban car traveling from Grand Rapids to Muskegon, that between 5 and 6 o'clock that day he saw Bill Schimmel on the railway right of way within a mile of Dennison walking towards the town. Charles Douck testified that while driving from Coopersville to the pickling station at Nunica he too met Shimmel. Shimmel was walking toward Dennison. Wm. Knowles, living in Eggleston township, Muskegon county, in a house which is partly occupied by the family of Jacob Shimmel, brother of the prisoner, swore that Bill Schimmel, who usually made his home with his brother, was not there for fully a week at the time of the Golden murder.

Mr. Woodward of Ravenna, who owned a farm in Muskegon occupied by Jacob Shimmel, brother of Wm. Schimmel, testified that his horse which Shimmel drove to Nunica the day before the Golden murder in Dennison was not returned to his barn until two days after the murder. Shimmel has always claimed that he got back home that Monday night of the murder.

Alfred Adkins, a junk dealer living near Sullivan, testified that he met Shimmel in a lonely country road the morning after the murder some miles north of Dennison. Shimmel, he said appeared to be traveling rapidly on foot.

Several witnesses have told of a mysterious party in a buggy who was seen in the country north of Dennison the morning after the murder. The prosecution is trying to prove that this unknown party had some connection with Shimmel in trying to get away from the scene of the crime. Nothing has been proved, however, along that line yet.

Thomas and Edward McCarthy the neighbor farmers who were first upon the scene after the shooting of Martin Golden, testified that they had been in Golden's store that night, but had left about a half hour before the shooting. They stood talking at the milk stand 500 feet from the store when they heard two shots fired. Immediately after they heard a man running down the road toward them. He was wheezing hard and something that he carried was jingly. The man passed within 30 feet of them, turned around and looked at them 30 feet away, but it was so dark that they could

not identify him positively.

Shimmel put on his customary short overcoat and slouch hat to be identified by them before the jury. Both stated that the general appearance was like that of the man who ran past them that night, but they could not positively identify Shimmel.

Mrs. Martin Golden followed on the stand. She also detailed the story of the night of the murder. Her story was practically the same as she told before. She said that she did not know how much money her husband had that night but thought that it was over a hundred dollars because he had pills to pay. She identified the pocketbook which was found as that belonging to her husband. Miss Elizabeth Fitzpatrick, Mrs. Golden's sister also identified the pocketbook as having been the property of Mr. Golden.

Darwin Chevelier testified that he saw Bill Schimmel in Sullivan on the afternoon of Tuesday, the day after the murder. He spoke with Shimmel. Oliver Lunquist of Sullivan testified to having seen Chevelier talk with Shimmel that day.

Emmerson Averill told of finding the grip, cap, pocketbook, revolver and other articles in the woods in Chester township several weeks after the murder. Orange Dagget, a lumber buyer of Ravenna testified that he was with Averill at the time and said that he picked up the pocket book.

D. A. Lane testified to overhearing a conversation in the jail in which Shimmel said that the overcoat was the one he wore in 1903 but the hat was not the one he wore at that time. At 2:30 Monday the prosecution completed the case. The deposition of Mrs. Wilton was the last piece of evidence in the case.

William Schimmel was on the stand in his own behalf Tuesday afternoon. In opinion of the majority of the people who have attended the trial he is making a good impression upon the jury. In cross examination he answered all questions readily and without hesitation. Assistant Prosecuting Attorney Walter I. Lillie is making every effort to break down Shimmel's testimony, but when court adjourned in the evening he had not been able to phase the witness.

Shimmel says that he was in Nunica the day of the murder of Martin Golden. He said that he left that village late in the afternoon, and went directly to the home of his uncle, Jacob Schimmel, about ten miles north. He said that he arrived at his uncle's about 5 o'clock that afternoon and started from there on foot to the home of his cousin, John Schimmel, who lives about six miles distant from Slocum. He says that he arrived there between 7 and 8 o'clock and that he had supper and went over to the saloon of John Eaton and remained about the saloon until 10 o'clock the night of the murder.

He denied meeting or even knowing Charles Douck. Douck is the witness who says that he met Shimmel near the Golden store the night of the murder. Shimmel also denies the story of Atkins, the junk dealer, who testified that he met Shimmel on a country road north of Nunica the morning after the murder. He also said that Abe Rubey, the former Slocum man, who was brought here from the north woods of Wisconsin to testify that he saw Shimmel around the right of way of the interurban track on the night of the murder, was mistaken. In fact several of the witnesses for the defense have testified that Rubey on that very night was tending bar at the Eaton saloon at Slocum.

## STATE FAIR FREE ATTRACTIONS.

Among the free attractions which will be shown at the State Fair, Detroit, Aug. 29th to Sept. 6th, in front of the grand stand each and every day, is the show troupe of performing Arabian horses, which will be shown by D. H. Harris of Mendon, Mich., and which were trained and are handled by Madam Marantette. Saint Patrick, ridden by Madam Marantette, holds the world record for high jumping. Master Johnnie Harris will ride the small jumping ponies and exhibition Shetlands. Six Arabian horses will be shown on exhibition, both in saddle and harness. King Edward, pronounced one of the handsomest horses in the world, and Prince Rowland, who has never been defeated in the show ring, will together give an exhibition showing 12 different gates and saddles, keeping perfect time with the music while doing their different acts. Chief Geronimo and Sundowner will be driven to a buggy by Madam Marantette.

The Sugimoto troupe of Japanese will give an exhibition of daring athletic feats and contortions, also juggling features. There will also be an exhibition of high divers and ariel gymnastics, trained animal shows and other features which will make a big hit before the grand stand.

Babcock of Barnum & Bailey's fame, will give his death defying thrilling stunt—"The Death Trap."

## THE VEHICLE EXHIBIT.

Superintendent Stevenson of the Vehicle Department of the State Fair says that the exhibit in his department will be larger than any in the history of the State Fair. Exhibitors with one exception have already arranged for space, and six new firms have applied for and been granted space in the vehicle row. Mr. Stevenson says that if other department of the State Fair show as much improvement over previous years as will the Vehicle Department, that it will be a great fair.

Mr. Stevenson is one of the largest breeders of short-horn cattle in the State of Michigan, and he says he will take the largest herd to Detroit this year that he has ever shown at any Michigan fair.

## GREAT LIVE STOCK EXHIBIT.

C. A. Tyler, of Nottawa, Mich., a member of the Michigan Live Stock Commission, is superintendent of the cattle department of the Michigan State Fair. Mr. Tyler says that the

C. A. TYLER  
SUPERINTENDENT OF THE CATTLE DEPARTMENT

cattle exhibit of this year will be the largest in the history of the association. Many herd will be exhibited from outside the State as well as every well known herd in Michigan.

One of the new features this year will be the cattle parade, which will take place at least four times during the fair. The plan is to put every prize winner in the parade and show the people the excellent grade of cattle which come to the State Fair.

The judges have been selected from some of the best known cattle men in the country, which insures a fair deal for every exhibitor. Special attention will be given to furnishing suitable sleeping quarters for the stockmen, an innovation which will be welcomed by those who do so much to make the fair a success.

Superintendent Tyler will be on the grounds three days in advance of the fair prepared to take care of all exhibitors, and furnish such information as may be required.

One evidence of the popularity of the State Fair is the fact that it is known as an institution of the State of Michigan, and many organizations, such as churches, benevolent societies, fraternal organizations, etc. will have rest tents and booths on the ground, and some of them will conduct dining halls, and restaurants, assuring the visitors that they will be well cared for while visiting the big fair. The State Fair association is naturally desirous of encouraging this.

The management of the Michigan State Fair does not intend to have the grounds in an unsanitary condition during the big fair, which will be held from Aug. 29th to Sept. 6th, as they have just completed arrangements for the proper disinfecting of not only all the buildings, but also the grounds of the fair and the stock on exhibition at an expense of nearly \$1,000.

Ample provisions have been made at the State Fair in Detroit for the accommodation of thousands of visitors who will visit the State Fair from August 29th to September 6th. All the hotels and boarding houses are preparing to take in extra people, and to give them good care, and no unreasonable prices will be charged.

The Detroit United Railway is preparing to take care of the great number of people who will attend the Michigan State Fair, Detroit, the coming month. The fair grounds are located on Woodward avenue, north of the city limits, and is reached by double track line, and passengers are carried to the grounds for the small fare of 5 cents.
