### JOHN J. CAPPON RESIGNS FROM WAR BOARD

THOMAS N. ROBINSON HAS BEEN UNANIMOUSLY ELECTED IN HIS PLACE

Mr. Cappon Will Leave for the State of California in September

John J. Cappon, who some three months ago was elected as chairman of the Holland War Board which is under government control resigned his position and Thomas N. Robinson who has been a very active worker in war activities was unanimously elected in his place.

Mr. and Mrs. Cappon and Mr. and Mrs. Frank Hadden of this city will motor to California sometime in September to stay for the winter, and they are now making preparations for their departure, and for that reason Mr. Cappon could not serve longer in the capacity as chairman of this board in Holland.

Mr. G. J. Diekema suggested the name of Mr. Robinson at a meeting recently held, stating that the excellent work that Mr. Robinson had done in behalf of the Red Cross, Liberty Loan, K. C. and kindred war activities without ever holding a position on the board merited him this honor, and he hoped that the board members could see their way clear to select this active, energetic young attorney for the responsible position.

The war board seemed to see it in the same light and unanimously elected Mr. Robinson.

### RAILWAYS TO USE G. T. DEPOT AFTER AUG. 15

PERE MARQUETTE ORDERED TO  
TRANSFER RECORDS AND ACCOUNTS TO GRAND TRUNK

It now appears likely that Grand Haven's new Union railway station will become a fact. Instructions have been received by Pere Marquette officials to transfer records and accounts over to the Grand Trunk offices by midnight on the night of August 15. This will mean undoubtedly that the staff of the present Pere Marquette station will be doing business in quarters provided for them in the Grand Trunk station there on the morning of August 16.

While as yet no further detailed instructions have been received as to the switching of the Pere Marquette passenger trains into the Grand Trunk station at the foot of Washington st., in that city there is no doubt that the trains will enter and leave from there, as the present Pere Marquette station will be unoccupied after tomorrow night.

Notification of the change was expected by officers of the Grand Trunk but up to yesterday afternoon no definite instructions had been received. However, there is no doubt that the change is about to be put into effect. There is practically no doubt that the Pere Marquette trains will be running into the Grand Trunk station by Friday morning at least.

The use of the Grand Trunk station by both roads, gives Grand Haven a union passenger station for which many boosters have been long striving.

At least three men of the Pere Marquette force will move over to the Grand Trunk station to take care of the company's business at that place, and the present quarters of the Pere Marquette will be closed up.

### KNICKERBOCKER OPENS SEASON NEXT MONDAY

After being closed for the summer months Manager Ogden will open Holland's playhouse next week for the season. The opening attraction will be The California Belles, a miniature Musical Comedy Co. of 16 people. The company will be here one week with a change of play nightly. The Knickerbocker this season will show some very big attractions and super-pictures. Some of the attractions are May Robinson in "A Little Bit Old Fashioned," "America, Here's My Boy," "Oh, Johnny, Oh," "My Sammy Boy," Howe's Pictures, Kibbles Uncle Tom's Cabin, Peck's Bad Boy, Fields Minstrels, also the famous Payton Stock Co. has an early booking. These other bookings will give the people of Holland plenty of amusement this season. The Shuberts will also route some of their attractions in to Holland but the booking sheet has not been received as yet. Holland is getting on the map as a theatrical city as it is extraordinary to have the Shubert attractions in a city of this size. Mr. Ogden is trying to persuade Gus Hill also to put Holland on his circuit.

### GRAND HAVEN MAN'S BROTHER RESCUE HERO

GUSTAVE F. LOFBERG WAS ON THE SCOW ABOVE BRINK OF NIAGARA FALLS

Sent Comrade First; A Very Thrilling Rescue Was Made By U. S. COAST GUARDS

Grand Haven people read with a thrill last week the story of two men on board of a scow which had wedged on the rocks of Niagara river, almost on the brink of the falls. After a day and a night of terror the two men were taken from the scow by means of the U. S. Coast guard life buoy, shot from the top of one of the great power plant buildings on the shore of the raging stream above the falls.

Interest is now added to the tale for Grand Haven people with the information that one of the men on the scow and the hero of the crisis, was Gustave F. Lofberg of Buffalo, a brother of Captain G. B. Lofberg of that city, superintendent of the Eleventh U. S. Coast Guard district.

On the afternoon of August 6, according to the story printed by Buffalo papers, the tug Hassayampa with a big scow in tow stranded on a sand bar in the American channel above the falls. She listed so badly that two other tugs were sent to her assistance. The strain on the cable tow line to the scow proved too great and the big steel scow, 80 feet long and 30 feet beam, went swirling down the current out of the reach of the tugs.

The current sent the big scow into the Canadian channel leading to the horseshoe falls and hundreds of spectators on the Canadian shore watched the scene, stricken with horror. On board the craft were two men Gustav F. Lofberg and James H. Harris of Buffalo.

At a point in the turbulent rapids, hardly 3,000 feet from the brink of the horseshoe falls, the big scow stranded on a rock and held firmly. Instantly the two men, fighting for their lives, began drilling holes in the bottom of the craft, cutting through the air tight compartments. Filled with water the scow finally settled to the ledge and remained fast. A heavy anchor heaved over the stern caught in the rocks and held against the terrible current.

Firemen from both cities on the banks, the police from the American and Canadian sides, detachments of Canadian soldiers and many volunteers began desperate attempts to rescue the marooned men. All attempts to rescue the men failed, however, and the men remained in the perilous position all night. During those dark hours the comrades decided upon the last desperate means they would take to save themselves if worse came to worse.

U. S. Coast Guards from the Fort Niagara station were notified and they rushed to the scene with their beach gun in an army truck. The line was shot from the top of the Toronto Electrical company plant and finally made fast.

It was then that G. F. Lofberg displayed his coolness and bravery. He insisted upon putting his comrade first in the buoy for the trip ashore, waiting on the scow for it to complete its long trip of thirty feet to the shore and back. All of the time the danger of the scow being swept away increased. He was hauled ashore just an hour after Harris had been rescued.

The long exposure, the anxiety, and the exhausting labor had its effect upon both of the men, and when they were safely ashore the reaction came, both collapsed. They were taken to the Cataract House and given a good rest, and a stimulating meal as guests of the great Lakes Dredging company.

### FOUND GUILTY OF ADULTERY

WOMAN WILL BE TRIED ON THE SAME CHARGE AT A LATER DATE

The circuit court jury in the case of the People vs. Claude Malloy and Jessie Emmons returned a verdict of guilty in circuit court. The charge was adultery and action in court was against the man.

Malloy and Mrs. Jessie Emmons were found in a Holland hotel by the Allegan officers some time ago. The evidence brought a sensation in a divorce suit in Allegan.

After the suit in Allegan the Ottawa Authorities followed up the case and started criminal proceedings in this county. The woman will be tried later on the same charge.

The case of the People against Jacob Knouse and Anna Geldersma who were charged with lewd and lascivious cohabitation is now being tried.

### THE HUNTLEY'S MACHINE SHOP MOVES AWAY

GOES TO MUSKEGON TO GET IN THE WAR GAME

Machine Shop Has Been A Holland Industry For At Least Forty Years

Holland will lose an iron industry in the very near future, when the Huntley Machine shop on Seventh street moves to Muskegon next week.

Huntley Bros. have been negotiating for some time to move to the rapidly growing city of Muskegon. It was hard at first to get a suitable place to move into, but at last one was found on Pine street, and all arrangements for moving the heavy machinery to the former saw-dust city have been made.

The Huntley Machine shop has been in Holland for the past forty years, and has always been located on the present site on Seventh street. The firm has always enjoyed a prosperous patronage and the citizens of Holland are somewhat surprised at the new move made.

Bert Huntley and Alfred Huntley will move to Muskegon to make their future home, and will attempt to get a share of the war work that is now floating around in that city.

They also state that they have the promise of very fine patronage in their new location, but were not given a bonus.

The Huntley Machine shop was established by the late Alfred Huntley several years ago.

### CAKES COME HIGH AT MAC ATAWA PARK

SIX OF THEM BRING \$100 FOR THE HOLLAND RED CROSS

Notwithstanding the fact that flour is scarce and sugar is rationed, \$100 for six cakes is going some. This, however, is the price paid for them at Hotel Macatawa when J. M. Rodgers, son-in-law of Hon. G. J. Diekema, auctioned them off at the Red Cross party.

The ladies of Macatawa and Holland joined forces planning a patriotic party that would materially help the American Red Cross.

A large number of Holland ladies and gentlemen motored to Macatawa at 2 o'clock Tuesday where a special program had been arranged. Pedro, Bridge, and Five Hundred, were the card games played in which several valuable prizes were given to the winners. Besides the \$100 received for the cakes \$400 more was collected and has been sent in to the Holland Red Cross Chapter.

The party was in charge of Mrs. J. M. Rodgers of Chicago, Miss Genevieve Wells of Indianapolis, and Miss Marie Diekema of Holland.

The festive gathering broke up at 5 o'clock in the evening, all voting the day well spent in pleasure, not alone, but in something more substantial, and according to the interest of our fighting men.

Another thing has been established by virtue of this party, and that is to establish better and more congenial social relations between the tourists from abroad and the citizens of Holland.

This city needs a little of what we call genuine hospitality. Make the strangers feel at home and make them feel as if you want them to come again. In other words, "Keep the Latch String Hanging out."

### ADVERTISING PAYS THE STAR.

Respectfully,  
Star Auto Company.

### FOUND UNCONSCIOUS ON CEMENT FLOOR

Arie Whitman, an employee at the Aniline company, was found unconscious on the floor of the plant Tuesday morning, and he is still in an unconscious condition at Holland Hospital whither he was taken immediately. Whitman is night watchman at the plant and he was in the building all alone. It was first surmised that he had fallen from a high platform. His head had struck the floor and his skull was injured. But that theory was abandoned since it is believed he would have been killed if that was the case. It is supposed that he was overcome by the heat, falling to the floor and striking his head on the concrete.

Attorney Thos. N. Robinson is in Grand Haven today trying a law suit.

### CANDY KITCHEN WILL CHANGE ITS LOCATION

LYRIC THEATER WILL BE CONVERTED INTO A DELICATESSEN STORE

George Huizenga & Company, Jewelers Will Move To Present Location of Candy Kitchen

James Kotros, proprietor of the Holland Candy Kitchen will soon move from the Blom building on West 8th-st. to the Sutton building now occupied by the new Lyric theater.

The Lyric proved to be a financial failure, in fact it had hardly started to show before its doors were closed because of lack of patronage.

The lease of Mr. Kotros on the Blom building had nearly expired, and the building had been released to Joe Kooker, manager of the George H. Huizenga & Co.'s chain of jewelry stores, who it is said will remodel the place in the most up-to-date fashion.

Mr. Kotros will convert the Lyric into one of the finest Candy Kitchens in the state of Michigan. The building is 3 ft. wider and 40 ft. longer than the present location, and the most modern fixtures and the most up-to-date parlors will be features of the reconstructed building.

The stairway to the floor above will be taken out making the building considerably wider. Beautifully curved plated glass will add to the appearance of the front, and the lighting features will be especially unique and attractive.

When completed the new Candy Kitchen will be one of the cozy corners in the city.

It is expected that both enterprises will have moved, and re-established themselves long before the Christmas holidays.

### MEN CLEAN VENUS OF HER TAR AND FEATHERS

STORY FOUND ON PAGE THREE OF THIS ISSUE

Jara Annis of Allegan, who is the Venus that was tarred and feathered for stealing the love of another woman's husband has been cleaned outwardly at least by two of her men companions, says the Allegan Gazette. She has left the city and no one knows where she is. In fact all the main actors in the plot of human hearts have left Allegan. The man in the case has moved to Kalamazoo (a good place for him). The woman who lost his love went to Flint to live with a son and the Venus has left for parts unknown.

The Gazette says that men "friends" used two gallons of kerosene and oil to clean Venus of the sticky tar.

The Gazette goes further and says: "Plenty of censure is visited upon the victim but seldom is there a word spoken against the man in the case. He is no better than the other party in crime and deserved the same treatment. Such women as the Annis one is generally reputed to be are pests and nuisances in any community, but they would not exist but for their male companions and patrons. By all accounts these are numerous, including men who go about with measureless assurance and force themselves into decent society where no one, or very few persons, shun them or express reprobation for their beastly immorality. When respectable women cease to tolerate these well-known leeches there will be fewer of them."

### LOOK! LIST! REGISTER!

Young men who have attained the age of 21 years since June 5, 1918, must register on Saturday, August 24, at the City Hall at Holland from 7 a. m. until 9 p. m. This applies to all the young men in Ottawa District No. 2. This has nothing whatever to do with the big registration in September remember that, but is for boys who have become of age since June 25 this year.

These new twenty-oners can register at no other place in Lower Ottawa but at the Draft Board Rooms at the City Hall in Holland.

The date is Saturday, August 24. The boys are those who have become 21 since June 5.

The district is Ottawa County No. 2. The place of registering is at City Hall at Holland.

Sparks from a passing Pere Marquette locomotive Tuesday set fire to the pasture land of William Vicent, a farmer living two miles south of Grand Haven. The pasture adjoined the railroad right-of-way and the extreme dryness caused by the recent hot spell helped the sparks from the engine to easily set the fire going. The entire area used by Mr. Vicent for pasture, ten acres in all, was swept clean. The loss will probably amount to about one hundred dollars.

OVERISEL

The patriotic meeting that was held at Overisel, Aug. 8 proved to be a great success, notwithstanding that a heavy rain was pending. Pat McCoy's address was stirring and was a great treat to the Overisel public. It is generally believed that there never was a meeting held in the place, when there was such profound silence as during Pat's lecture.

The people gave their generous support to the Red Cross, except for a few well known and heretofore respected persons, who remained outside of the fence.

The canteen was also busy and a sum of \$70 was raised for the Red Cross.

HOPE LIBRARY RECEIVES MANY NEW BOOKS

The Library of Hope College has recently been enriched by the addition of several volumes. Some of these volumes are very new and up-to-date reading matter and some the good old authors always welcomed in any well ordered library. The donors of these books are the Rev. Wm. E. Griffis, D. D. LL. D., of Ithaca, New York, and Mr. Cornelius Dosker of Grand Rapids, who have from time to time shown their kindly interest in the affairs of Hope College and whose names are well known to the patrons of its library.

TO PAY BOY SCOUTS IN TUSSOCK MOTH WAR

The city of Holland is going to make a campaign against the tussock moth in the maple trees. There are a great many cocoons in the trees, that should be destroyed immediately. If this is not done they will develop and the next crop of tussock moths will be several hundred times larger than the present one. By taking out these egg masses now future troubles will be avoided.

And here is where a good chance for the boy scouts comes in. The city is asking them to do the work, but they will be paid for it. Saturday Mayor Bosch and City Attorney Mc Bride authorized the payment by the city clerk of 25 cents per hundred cocoons brought by the scouts to the city clerk's office in the city hall.

But those boys who wish to make some money in this way should begin immediately. There is no time to be lost.

HOLLAND FOLKS HELP CELEBRATE ON 85TH BIRTHDAY ANNIVERSARY

Several Holland folk were at Forest Grove recently to celebrate the 85th birthday of Mrs. Vander Kolk, held at the home of Mr. and Mrs. B. J. Klun-steker.

In spite of her age she still enjoys the best of health. Not one of her descendants, children or grandchildren, was missing from this celebration, and besides these there were also present her two brothers, John and H. J. Kollen of Holland. The company included members of the families of J. Vander Kolk, Hopkins; G. Vander Kolk, Overisel. H. VanderKolk, Vriesland Sta., E. Vander Kolk, of Vriesland; G. J. Koopman of Overisel; Dr. J. Klun-steker and Mr. and Mrs. Hulst of Hamilton; Dr. Wm. Klunsteker of Grand Rapids; H. Sprick, J. Mast and Henry and Jennie Mast of Gitchel, besides the host and hostess and family. A bountiful supper was served to the assembled guests, covers being laid for nearly sixty.

THIRTEEN HUNDRED PAID AD-MISSIONS, SAUGATUCK PAVILION

The costume party Wednesday evening at the Big Pavilion at Saugatuck attracted probably the largest crowd of the season so far. Over 1,300 paid admissions being recorded. The event was as gay and brilliant as any ever held there. At least 100 from Holland came in autos and on the interurban cars.

LOCAL BOY GETS COMMISSION IN FRANCE

Word has been received this morning that Nicholas Yonkman, a graduate of Holland High school in 1914, was commissioned a second lieutenant.

After studying three years at the Michigan Agricultural college he enlisted last fall and attended the officers' training camp at Camp Custer. He was sent to Camp Jackson, South Carolina the 1st of May. At this camp he was a member of the military police company. He was there one week when the company was examined for overseas service. After passing rigid examinations, both physical and mental, he came thru with colors flying, being one of twenty-seven, who passed.

Twenty of the 27 were Camp Custer men.

He was then transferred to the embarkation camp, Camp Merrit New Jersey. He left for France the latter part of May. Upon his arrival in France he was sent to Summer Artillery School, the finest and most efficient artillery school in the world. His course at this school will close the latter part of this month. He says he gets up at 6 in the morning and begins at 7 to study and with the drills his day ends at 7 p. m. after which time he must do outside study work. He is a member of the very heavy artillery which is motordrawn. From the artillery he will enter a motor school at which place he expects he must spend a month before entering active service. His commission was issued on June 1st but he did not receive it until July 20. His hope is to see active service in France.

SAYS WALK TO DOCK IS IN BAD SHAPE

That the city of Holland is doing its best to encourage resorters to come to Holland in their launches and land at the city dock on Fifth street but is letting them endanger their lives while walking from the dock to the street because of a walk in deplorable condition, is the claim of some citizens who are familiar with the condition of the walk.

"One of these days a resorter is going to break a leg on that walk or is going to suffer a still greater injury," said one man today, "and then the city of Holland will be up against a damage suit. Attention has been informally called to the deplorable condition of this walk, but no action has been taken." As a result he asked that attention be called to the walk publicly. He declares boards are out, and the walk is in such a state of degeneration that there is danger of collapse.

CITY ATTORNEY'S CAR GOES ON ANOTHER RAMPAGE

Saturday afternoon three daughters of City Attorney McBride lost control of the auto while quietly going north on River avenue. At the intersection of River and Eighth street the oldest daughter who was at the wheel had to make a sharp turn to avoid colliding with another car. The car however did not turn but went directly for the door of the Model drug store. A city dy-rant stopped the progress of the machine.

One of the children was cut by glass from a broken windshield. The car has an axel bent and springs sprung. The auto seems to have brought the attorney ill luck as this is the third time the machine has been in a mix-up.

FIVE PICKEREL, 51 POUNDS) SOME FISH? WE'LL SAY SO

Quite a nice string of fish, even for Saugatuck, where the art of Izak Walton finds its most congenial home, was the catch of Kirk Miner and wife, who motored down from South Haven a few days ago to try their luck. The catch consisted of five pickerel, aggregating 51 pounds in weight. The string created considerable excitement in South Haven, where it was exhibited.

The Royal Neighbors are holding a basket picnic at Jenison Park today.

RURAL CARRIERS OF OTTAWA MEET AT SPRING LAKE

The rural mail carriers of Ottawa Co. held a convention at Spring Lake last Friday night and named officers for the coming year as follows: Anthony Rosbach, Holland, president; C. Van Koeveering, Grand Haven, vice-president; J. W. Brinkman, Holland secretary and treasurer. The executive committee was named as follows: Messrs. Gorter of Berlin, Judd of Nunica and Vander Heide of Zeeland.

An interesting report of the state convention of rural carriers held at Springport, Mich., was given by the Ottawa delegates who had attended the meeting. The next state convention will be held in Ionia.

Following the business session the Spring Lake Carriers served a lunch to the visitors. There were eighteen delegates representing many postoffices throughout the county present. The location for the next meet has not been decided as yet.

STOLE AUTO AND BRASS AT FENNVILLE

A man who gives his name as Oscar Soles was nabbed by the Holland police Monday morning just before banking hours. A junk dealer, Meyers Gold-stein of Fennville sent in a hurry-up call to Chief Van Ry stating that his Ford truck containing a quantity of brass, had been stolen from the junk yards and to look out for it.

The chief detailed Officer Bontekoe to make the rounds of the local junk shops to see if any brass had been sold. They found at Goldman's junk shop on East Eighth street that a quantity of brass had been purchased for \$16 and that a man had driven up with the Goldstein truck early in the morning and stated that his boss was following him with a load of rags and would be there presently. This allayed the suspicion with the local junk dealer, and he wrote out a check for \$16 on the Holland City State bank covering the amount of brass purchased by them. Soles then drove away presumably to cash the check at the local bank.

In the meantime the Holland police had gone to the Goldman junk shop and were given the information about the man, the brass and the check, and suspecting that the bank would be the first place where the man would go before making his getaway. Chief Van Ry made haste to get to the Holland City State bank before it opened. Chief VanRy reached there just before 8 o'clock, and as the man mounted the steps and went into the bank the chief collared him, and took him to headquarters.

In the meantime Deputy Sheriff Stand-ness of Fennville had driven to Hol-land and immediately took his man back to Allegan county where he will have to face Judge Cross at the proper time. In the meantime he will languish in the Allegan County jail.

THOUSANDS OF PREMIUM BOOKS ARE DISTRIBUTED

A total of 3,500 annual premium books of the Holland fair were distributed Monday throughout this part of Ottawa and the northern section of Allegan counties, the territory natural-ly within the jurisdiction of the South Ottawa and West Allegan Fair Asso-ciation. They were sent along all the rural routes from the Holland postoffice as well as along the routes from West Olive, Zeeland, and Hamilton.

The book is neatly printed and con-tains 132 pages this year. Its cover is in two colors and displays the Ameri-can flag, the Union Jack and the French tri-color grouped together over an American eagle.

The dates of the fair this year are September 10 to 13 and those in charge are busily engaged in getting ready for the big exhibit.

John H. L. Schouten, superintendent of speed at the Holland fair, has completed the program for the races sched-uled. Total purses will aggregate \$2,300.

A farmers' freak race will be a nov-elty. Every horse which enters in this class must be driven by the other fel-low and the horse which finishes last will win the first prize. Purse \$50, di-vided 40, 30, 20 and 10 per cent.

DRAFT BOARD GETS READY FOR REGISTRANTS

Although the new draft law has not yet been passed by congress, so sure are the draft boards that it will pass that they are already making prepara-tions for putting it into effect. The draft board in the second district of Ottawa county is now hard at work get-ting ready for the registration, which will be a much larger one than the first registration because it will include persons from a fourteen year age per-iod.

The general plan will be to have each voting precinct in the southern half of Ottawa constitute a sub-district. The exception to this is the city of Hol-land, where it is planned that the reg-istering of all the eligible men in the city shall be done in the city hall in-stead of in the various wards. But in the townships the men included in the registration shall be expected to go to their voting places to sign their names for the registration.

The work is now under way of ap-pointing registration chiefs in the var-ious districts. One person for each district will be appointed by the local draft board and he will be required to appoint his own assistants.

Washington, Aug. 10.—New draft regulations under which the govern-ment would do the selecting rather than leave it to the registrant, are under consideration.

This was disclosed today by Secre-tary Baker after he had appeared be-fore the senate military committee to urge prompt enactment of the new selective service act extending the age limits to include all men between the ages of 18 and 45.

The war secretary made it plain that he is not satisfied with the present system under which the reg-istrant must claim deferred classification, as many men with dependents hesitate for pa-triotic reasons to make such claim. In this connection Mr. Baker said he was inclined to the opinion that the mar-riage relation will be a sufficient cause for deferred classification.

What Mr. Baker has in mind is to lay down a set of questions which the registrant would answer and then have rules which would take care of the classification. He is inclined to re-gard this as the fair and equitable system.

KEEP YOUR PORCH ICE BOX LOCKED, THIEVES

If during the hot season you have placed your ice box on the porch turn the key in the box before you go to bed.

The box of B. A. Mulder of the Sen-tinel was raided last night by a vege-tarian thief. He or she left the ham bone but took a cantaloupe, some to-matoes, a few peaches, a half dozen bananas and a bottle of milk.

After partaking of the bananas no doubt the thief found two bad ones for these were returned and laid on the edge of the porch.

The police have not been notified, but this might serve as a warning for citizens of Holland who have porch ice boxes to keep them locked from now on.

WEST OLIVE MAN WEDS HOLLAND GIRL

At the home of the bride, 355 Central avenue, the marriage took place Thursday afternoon of Miss Henrietta Douma and Benjamin Stone. The cere-mony was performed at two o'clock by the Rev. H. J. Veldman of the 1st Reformed church. The young couple were attended by Miss Jennie Prins and Mr. Wm. Lam as bridesmaid and best man and the marriage was per-formed in the presence of about forty relatives and friends. The mistresses of ceremonies were Miss Jeanette Van Tongeren and Miss Joy Luidens.

Miss Della Tanis played the wedding march. The bride wore a gown of sat-in and Georgette and carried a bouquet of roses.

Both Mr. and Mrs. Stone were formerly school teachers. Mr. Stone left that profession to become a rural mail carrier from the West Olive postoffice and the couple will make their home at that place.

NEWBERRY for SENATOR

Published by Newberry Senatorial Com-mittee: A. A. Tompkins, General Chairman Paul H. King, Executive Chairman

To the Voters of Allegan County

I ask your support for the nomination of Sheriff of this county. And if nominated and elected will promise you a competent and honest administration of this important office.

Being a Hollander by birth and speaking the Hol-land language would perhaps make it more convenient for people of this part of the county who have business to transact with this office. And my policy has always been and will be if nominated for sheriff and that is, A Square Deal for Everybody.

Yours Respectfully, J. A. Van Arkel Otsego, Mich.

Republican Candidate for Representative First District. Primaries August 27, 1918. Your support will be appreciated.

## GUARDIANS OF LOCAL LOYALTY BUSY OFFICIALS

That the American Protective League has not been idle during the last five months, since the league was organized, in this city, is shown from the fact that reports which were sent in from Holland relating to disloyal persons (not American citizens) who had to be jerked in line, threatened and even arrested for violations that come in the scope of the work handled here and elsewhere by the A. P. L.

A great many of the cases investigated turned out to be without any foundation, and where nothing could be established against the party or parties against whom complaints had been coming in.

In a number of cases arrests were made, while in several cases, violators were called upon the carpet and promised to do better.

The effects of the work of the A. P. L. is already noticeable from the fact that the report sent in from week to week show that violations are few compared to reports sent in when the league was first organized.

This does not mean that the league is not going to continue its work, but rather is going to be more diligent, in stamping out anything and everything that smells like, or has the taint of pro-Germanism, and loyal American citizens, and the two hundred odd members belonging to the league in Holland and the surrounding country should not be slow in reporting violations to the manager in chief of the American Protective League of Holland, Michigan.

The report sent in runs something like this:

Under rules of food administration—hoarding, violation 6; restaurants—violations, one.

Fuel administration—hoarding, 1; dealers, none.

Failing to register, 1; deserters 1. Able to buy, but failing to buy Liberty bonds, 20; W. S. S., 5; Red Cross, 10; Y. M. C. A., and K. of C., 2.

Register Alien enemies, 1. German lies and pro-German propaganda, 30.

Socialist propaganda, 1. Violations not classified, 23.

This in short gives some of the violations and the cases that have been handled by the American Protective League in this city.

Other violations that have not been made in Holland, are setting fires, giving liquor to soldiers, venereal diseases, I. W. W. propaganda, German language in schools, German books in schools (these have been taken out of Holland schools), etc.

This all goes to show that the American Protective League has its hands full and must have its weather eye open for violations. It is doubtful if there is a more loyal city in the United States than Holland, and it is just because we want to keep it that way, and because it should be that way that every red-blooded American citizen should report any disloyalty that may stick its head to the surface. Every disloyal act and every disloyal word, tells against five hundred Holland fighting men, and a million and a half of this nation's best and most courageous boys.

We must never lose sight of this fact and to do our part should report to the league any disloyalty. This may be done by writing a letter to Chief of A. P. L., Holland, Michigan.

## OTTAWA COUNTY BOYS JOIN THE NAVY

The following Ottawa County boys enlisted in the United States Navy at Grand Rapids recruiting office Thursday: Horace J. Chambers, Thomas C. Bishop, George A. Ruster, William D. Rosie, Edwin J. Poel, Ernest K. Scott, Grand Haven; John Van Huis, Daniel Poppe, Arthur V. Rosene, Gerald J. Tinkholt, Holland; B. Ralph Baldwin, Spring Lake.

John Van Huis, Dan Poppe and Arthur Rossien who went to Detroit to join the navy were returned. They were given the information that the government was not ready to accept any new recruits. No doubt the new law now pending has something to do with this state of affairs. No provision for enlisting is made in the new law.

## HOLLAND BOY REPORTED DEAD IS MUCH ALIVE

Peter Marcusse of this city, a report of whose death was erroneously made in dispatches from France a few weeks ago, causing the family here to make investigations by sending wires to Senator Smith and other officials at Washington, has written an interesting letter to A. C. Keppel in which he shows that he is still very much alive. The letter follows:—

Vichy, France, July 5, 1918

Mr. A. C. Keppel and Family,  
Holland, Mich.

My dear friends—

I don't remember of writing to you people since I came here, so I'll write you a few lines this morning. I've been here at Base hospital No. 1 since June 14. I was wounded on the 12th by a high explosive shell, I got this after taking part in a few attacks against the Fritzies. Of course they had to give in (seeing there is no such thing in the Marine Corps and we became the holders of the woods. Its rather exciting and we forget all about dangers. We captured a bunch of them and believe me some never even got time to yell "Kamerad". It may sound rather heartless but I guess there is nothing too mean to do to some of them. One hears all kinds of stories from them. Some seem quite true. One asked why an American wouldn't surrender and be taken a prisoner—he said if they would lose their guns they would fight with their fists or anything they could get hold of—some of the fellows would rather use their fists anyway when they get close enough. Some of the prisoners were very young and some were old men; two old fellows managed to hide in a wheat field a whole day and were spied toward evening. The fellows fired at them killing one and wounding the other. He got on his knees and yelled "Kamerad" so we let him come in and then bound up his wounds and asked him a few questions. He was an old fellow; said he was a striker from Berlin and for that reason was forced to war.

I'm getting along o. k. and expect to be back at the front again before long. Harold Golds is here also and is nearly ready to go back, he is the only one of the Holland boys I know anything about at present. Do Leenhouts ever hear from Bill? I haven't seen him since the first of the year.

We are having fine weather but it is not very hot for this time of the year. Yesterday the 4th we enjoyed ourselves the best we could. In the afternoon we had a parade here of the hospital units and so some of the patients also took part. We had a couple of ball games and an entertainment in the evening. Here's hoping we spend the next one back in the good old U. S. A.

At present I'm having a fine time. I do a little waiting on patients (especially mess time) and have liberty from 1 P. M. to 5 and from 6 until 10 in the evening. If they keep me here a little longer I may be able to speak a little French with Vera. The people are all anxious to learn our tongue so we try and teach them and this way have a good chance to learn French. The pronunciation is very difficult. We meet a lot of Paris people here, several of them speak English. The American soldier stands ace high with the people in this city.

How are you people getting long this summer? Are you running the farm? How do the crops look? I hope the states will have a good harvest.

I'm patiently waiting for my mail, I am sure that I'll at least find one among them from Keppels. I've not received any mail for about two months and not being with the company it is delayed somewhere. I must stop.

Yours sincerely,  
PETER MARCUSSE.

## SAUGATUCK HAS AN EXCEP- TIONAL RESORT SEASON

Saugatuck Commercial-Record.—Observation and reports from most of the summer resorts along this shore show that Saugatuck is having a more nearly normal season than any of the others. While there is far from the usual number of visitors here, there is no such marked slump as is noted at other places, and the season probably is better than was expected.

## Allegan Venus Tarred and Feathered by Lady Ku-Klux

Talk about your Ku-Klux clan of the south, some Allegan women have these night raiders beaten seven ways, judging from the stories emanating from the city to the south of Holland.

It seems also that the love triangle has again played an important part in this unusual but exciting affair said to have taken place in Allegan

RICHARD OVERWEG, City Clerk of the City of Holland  
County of Ottawa, Michigan. Postoffice Address, Holland, Michigan.  
Dated, July 25, A. D. 1918.

My office is located at The City Hall.

As the story goes: A pretty young Allegan maiden steals the love of a foolish married man who has a trusting faithful, patient wife and is adored by her. The maiden and the man are said to be seen very much together.

The dutiful wife objects, pleads with the siren to desist and give her husband up. The maiden fair promises but love is too strong and her promises are not kept. The man says he would like to come back to his first love but he loves the maiden fair the best and cannot give her up.

So the ladies of Allegan, who are friends of the faithful wife, get busy and hold an indignation meeting, organize themselves into a vigilance society and on some pretext or other invite the "girlie" with the alluring eyes, with drooping eyelids, to the home of the lady whose love is alleged to have been so ruthlessly stolen.

The bait works, the maiden fair comes, and no sooner has Venus entered when the fair one is pounced upon by enraged Allegan womanhood who start a disrobing scene not entirely expected.

The maiden fair was then tied to a chair, it is said, and the lady clan applied a liberal dose of warm tar prepared for the occasion covering the alabaster skin of Miss Venus, who is dotted from head to foot even including two arms which the historic Venus was minus.

Escorting the maiden to an adjoining room, she was neatly rolled into an open feather bed after which she was pronounced a full-fledged lady chancieeler.

Both the husband, who spurned a true woman's love, and the lady who helped spurn it, have left Allegan, each going in different directions.

But this is not all of the story. The lady clan announce that there are still some other young married men and

women in Allegan who want to "watch their step" for there is still a liberal supply of tar and several unopened feather beds waiting for some of them if they don't watch out.

## MEN SELECTED FOR AUGUST BY DRAFT BOARD

The local draft board has completed its work of appointing the young men who will leave the second district in the regular August draft. Letters will be sent these men requiring them to report at the local board. They will come to Holland on August 27 for entrainment here. There are 32 in the company to go on that date and they will be sent to Camp Custer.

Although the number of men leaving on the regular draft this month is rather small, the local board has seldom sent away so many men into the service as will be sent during August. Including the limited service men, and those who will go to training schools to fit themselves for military life the number will be in the neighborhood of seventy-five.

Following are the names of those who will leave August 27 for Camp Custer:

LOCAL PIONEER  
PASSES AWAY  
TUESDAY NIGHT

One of Holland's pioneers passed away Tuesday evening when death took John Prakken, Sr., at his home at 68 W. Twelfth street. Mr. Prakken had lived in Holland for just a half century, having come to this city in 1868. Although he has not always lived in the home in which he died, he has been a resident of Holland ever since coming to America. But for many years he lived at 68 West 12th.

The deceased was born in Donkerbroek, a village in the Province of Vriesland, the Netherlands. He was a carpenter by trade and he followed this profession for many years in this country. His wife died about 18 years ago and he lived with his daughters Misses Jennie and Martha Prakken.

The deceased is survived by five children and one brother. The children are Miss Jennie and Miss Martha at home. William, principal of the Highland Park high school of Detroit, John, employed by the Bush and Lane Piano Co., in Seattle, and Mrs. Jacob Brouwer of Grandville. The brother is Siebrant Prakken of Grand Rapids.

Mr. Prakken for many years was a member of the Third Reformed church and at the time of his death he was a member of the Fourth Reformed church. He was always prominent in church work.

The time of the funeral has been tentatively set for Friday afternoon at 2:30 o'clock, subject to change however because of the fact that one of the sons lives in Seattle. It will be a funeral from the home only. Rev. M. E. Broekstra, pastor of the Fourth Reformed church, and Rev. M. Flipse, pastor of the Third Reformed church officiating. Interment will be at the Pilgrim Home Cemetery.

PASTORS NEEDED BY  
HOLLAND CHURCHES

Dr. E. J. Blekkink has issued a letter to the churches in the Reformed denomination on the need of men for the gospel ministry, in accordance with instructions from the general synod of which he is president.

Attention is called to the fact that with a large decrease of prospective ministers in the schools and with more than 50 vacant churches in a single synod it easily can be seen that unless some provision speedily is made there will be a great increase of pastorless churches and communities without preachers, and the foreign and domestic missionary work will come to a standstill.

An appeal is made, not only to the churches, but also to pastors, officers and Sunday school teachers to present the claims of the ministry and christian young men of intellectual and spiritual qualities are urged to heed the call for ministerial service before deciding in favor of other work. Fathers and mothers also are urged to dedicate their sons to the ministry.

A farewell party was given in honor of Arthur De Jongh at his home, 23 W. Sixteenth street. The party was in the nature of a surprise which it proved to be in reality. Mr. De Jongh leaves for Valparaiso, Indiana, tonight to take up the study of motor construction at the University there. After he has received proper instructions he will be sent to France.

Those present at the party were:—Mr. and Mrs. Arie Vos, Mr. and Mrs. Richard Ash, Mrs. Charles Vos, Mr. and Mrs. W. Mulder Mr. and Mrs. Geo. Piers, Henry Piers, Minnie and Mary Vos, Bertha, Anna and Helena Vissers, Dena Beltman, Nellie Altenaar, Rena Bouwman, Henrietta Trip, Griselda Nykerk, Jeanette Zwemer, John Dyke, Abraham Timmer, Phillip Heyboer.

Expires Aug. 29—No. 8027

JOHN DEN HERDER  
IS A CAPABLE MAN

John Den Herder, who is a candidate for county treasurer on the republican ticket and is the only candidate running from Holland, is man of unusual ability along this line. He is a graduate of the Preparatory School of Hope College. He graduated from the Grand Rapids Business College and holds his diploma. He was for several years a bookkeeper with Males Hardware Co., of Grand Rapids and is particularly well equipped and qualified as an accountant.

For many years Mr. Den Herder conducted his own business as a meat market man on River avenue and has made an extensive rural acquaintance in that way.

Being well acquainted with the citizens generally in Ottawa county and having all the qualifications required for the office of treasurer, John Den Herder of Holland is especially well fitted for the place. (Adv.)

Hay Fever

HAY FEVER is also known as "Hay Asthma," "Rose Cold" and "Autumnal Catarrh." The disease makes its appearance in attacks which usually come on during the late summer with sneezing, irritability of the eyes and difficult breathing. There is a profuse, watery discharge from the nose, the eyes are watery and red with itching lids.

When the bronchial tubes are also affected there is cough and expectorating and very difficult breathing; also a slight fever.

Spinal adjustment of the bone marked "B" readily relieves the above distressing symptoms. Our eight years of practice has given us many satisfied patients. A few adjustments NOW may prevent the attacks.

### VOTERS OF ALLEGAN COUNTY:

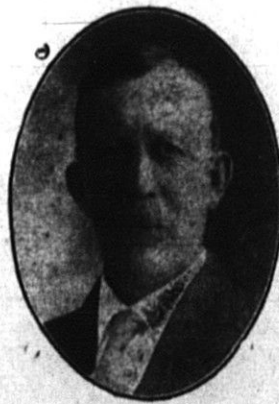

OUR Country is asking for the very best there is in us, and I am going to put this proposition square up to you as Patriotic American Men:

I have supported the Republican party for more than thirty years. I have not been stingy with my time or money when they have asked me for assistance, and for several months I have given my time cheerfully and freely; have paid my own expenses—car fare, livery hire, telephone bills, stationery, postage, etc., and if I am not entitled to an office in Allegan county, who is?

Each of my opponents have held office in their respective towns—two of them are now office holders and the other has a good farm, and they are still asking for more. This is the first time I have ever asked for a favor from my party in my life. Think it over. If I haven't earned it, who has? I may not get to shake hands with you before election, but I hope to for four years after.

Very Respectfully Yours, MILO KEENE.

# WHAT YOU SAW IN THIS PAPER THIRTY-FIVE YEARS AGO

The Holland Mfg. Co. has erected one of their wind-mills in the vacant lot between Burgess' gallery and H. P. Post's store.

Last Sunday afternoon at about half past four, a girl 12 years old, named Jennie Walters, was drowned in Spring Lake opposite the Spring Lake House.

A terrible thunder storm passed over the S. E. corner of the township of Jamestown last Tuesday at 11:30 o'clock. A new barn belonging to Wilson Plant was struck by lightning at 1 corner and set on fire. Two men, Arend Bush and Fred Richardson, rushed into the barn for the purpose of saving some property, when the barn was again struck on the opposite corner, stunning both men. John Picard went to their rescue and with great difficulty saved them from perishing in the flames. The barn was filled with hay and is a total loss. Two other barns were struck in the immediate neighborhood. Several large forest trees were entirely demolished by the lightning. A traveler who was out in the storm, with a horse and buggy, had his horse knocked down twice by lightning striking in close proximity to him. The rain poured down in torrents, the wind was terrific and there was some hail. The storm lasted one hour, and was the most severe one that has visited that township for years.

## REPRESENTATIVE OF UNITED STATES OF C. IN HOLLAND TODAY

Dr. John N. Vander Vries, formerly of the department of mathematics of the University of Kansas, now secretary of the Central District of the Chamber of Commerce of the United States is spending a brief vacation in Holland as the guest of Prof. J. B. Nykerk. Dr. Vander Vries secured leave of absence from the University of Kansas last December to enter this new field of work for the period of the war. He is in charge of the Chicago office in the Otis building and the work in the Central District has grown so fast during the past few months that 750 persons are now at work in the Chicago office.

The department for which the former Hope College man is now working is a clearing house between industry in the United States and the United States government. It is helping the industry of the country to place itself on a war footing, by eliminating everything that is not necessary for the welfare and comfort of the public and by cutting out unnecessary competition. It finds ways and means of eliminating multiplicity of lines of goods and of helping industry to place itself back of the government in its war work in a practical way.

Dr. Vander Vries is a graduate of Hope College, taking his degree from the local college in 1896.

# NO RELIGIOUS PREJUDICE IN ARMY, HE SAYS

The name of Col. John V. Clinkin was featured yesterday in the dispatches from France as one of the officers commanding the Illinois troops in the great drive. About the same time that the news dispatches told of the former Chicago man's part in the drive B. P. Donnelly received an unusually interesting letter from him. Mr. Donnelly and Col. Clinkin were close friends. The latter was at one time Assistant Corporation Counsel for the City of Chicago but he resigned that position a year or two ago because he did not agree with the Mayor Thompson policies. His letter to the Holland man is of more than ordinary general interest and is printed herewith:

France, July 14, 1918

My Dear Bernard—

Your letter of May 25th reached me today and at the front in France. I certainly was pleased to hear from you and thank you for your inspiration which will lead me to fresh victories in my chosen profession of arms.

I am a full Colonel now and it will take an act of Congress to send me any higher as the next step is Brigadier-General.

So Kelley is still with you? Well, he is a fine chap, full of pep and makes a good running mate for your worthy self. I am sorry to hear that your good wife is ill. Hope it is not serious and that she will soon recover and enjoy the sunshine of your smile.

You ask about the Y. M. C. A. and the K. C.—they get along like members of one family. I have heard of mass being celebrated in Y. M. C. A. buildings and know of a Jewish representative having a headquarters and services in a K. C. hut.

There is no such thing as religious prejudice in the service. Men who face death together each day learn to know each other as men and no petty challenging of each others religious views exists. In the English service, the Church of England sends out a circular giving the time and place of C. of E., Catholic and other services for the information of the soldiers.

I have attended mass, celebrated by a priest from the British army. I have a Baptist and Evangelical minister in my regiment and they took a census of the organization and sent a request for a Catholic priest as the third chaplain.

The "Boche" gives a bombing almost every night and makes us squirm when he drops the big stuff. I have been in the line five days and my outfit made a push and captured about 1500 prisoners and a lot of machine guns.

We are making good but have a man's size job ahead of us. War is all that Sherman said of it, but must be carried on to settle the stupendous question of "Divine Right of Kings" or a rule of the people and there must be but one termination the people must rule.

France is a beautiful, sad, war-racked country—the signs of Catholic France are everywhere—a church with the cross in every hamlet and village, shrines and crosses at every cross-roads.

Romance and history weaves its story around each Chateau—is like turning back the leaves of the book of life to view the quaint buildings and places—the people in the rural district "carry on" just as they did two hundred years ago—the Angelus is ringing and prayer goes up to the God of Battles, for the souls of the brave defenders, who have died for France and for Victory which will mean lasting Peace for the world.

I have been in England and am much pleased with the clean, fresh look of all the towns and cities—the people are very much in earnest as to fighting to a finish. They feel that Germany under the Kaiser cannot be trusted as a world power.

America stands well both in England and France.

There is not very much that I may write of because of the rules of censorship and I must wait for the day when, God willing, I can tell it all to you at a gathering of the clans.

Please express my best wishes to all our mutual friends in De La Salle. Ask them to pray for me, that I may have the strength and foresight to lead my regiment in battle so as to bring victory to our arms and save the lives of the sons of America entrusted to my care.

Very truly yours,

John V. Clinkin,  
Colonel 136 Inf'ty. U. S. A.  
American Ex. Force, via New York.

# HOLLAND WINS OVER KALAMAZOO TEAM

The gate receipts at Saturday's game, showed an attendance of a little over 300 paid admissions. This is quite a falling off from the two games before when the gate showed 500 paid admissions. It however still shows that a good number of Holland fans delight in spending their half holidays at their new Athletic park. For next Saturday the management is bending every energy to get the Colored Giants here. No doubt a record breaking attendance will greet these fast ones when they appear. It is patronage that makes success of a base ball team and an athletic park and this can be assured by each fan doing his part in attending and boosting. The Holland team has shown that they merit success. They are all Holland boys, no outside talent has been substituted.

# HOW IS THIS FOR A SWIFT LAND DEAL.

When it comes to quick work the James W. Oakes Realty Co. of Grand Haven is there with bells.

George C. Smalley arrived from Chicago in the morning to take the management of a local chain grocery. He set foot on the dock at 5 a. m. At 8:30 he had purchased a home in Grand Haven and had taken possession of same and was preparing to move in.

The deal was managed by Harry B. Proctor, manager of the realty branch of the Oakes business. The home purchased by Mr. Smalley was formerly owned by John M. Cook and is located at 436 Grant-st.

## COMMUNICATION

Mr. Editor—

If you will kindly allow me I would like through your paper to explain to the public a few things which I noticed were published in the Sentinel of August about the property owners on 19th street. In the first place they were not warm under the collar as was stated but simply had come to the council to present a petition informing them that the street which was built by the city recently is at present in a deplorable condition, and asking them that something be done for the improvement of said street, which did not give out under travel, as was stated, as there is no gravel on it and it is not properly constructed.

We were told by the city fathers that we got what we asked for, viz, a gravel street, which we claim we did not because we do not believe a lot of big cobble stones and some sand can be called a good gravel street.

If our street were as good as the average gravel streets of our city we would not complain but as it has been practically impossible for anybody to ride a bicycle over it ever since it was built I think we have reason to complain and therefore have asked that something be done to improve its present condition.

In the case of Central Avenue, the people also got what they asked for viz: pavement but it also proved to be not properly constructed and so it was up to the contractors to repave the street and where in our case the work was done by the city we think it is up to the city to do the repaving, as otherwise it would be to the interest of the property owners to have all the streets built by contractors as they would be protected while if the work is done by the city they are at the mercy of the city.

It was admitted by two of our city fathers that in their opinion the street in question would not be accepted by the city if it had been built by a contractor and therefore we feel justified in claiming that the city should put said street in a better condition before we as property owners can accept it as satisfactory. It was also stated that the committee had pleaded with the property owners to put in a pavement but that they insisted on gravel, with which statements we do not agree as we never met with the committee or council to discuss the matter for the reason that when the matter of improving our street came up for a hearing, there was not one of the property owners present, not because we were not interested, but because we were in ignorance of the fact that it was to be brought up at that time and have never at any other time met with the committee or council as a body to discuss the question of putting in pavement instead of gravel, and have never threatened the city with an injunction suit.

We were informed by a member of the present council before we asked for a gravel street that a good gravel street could be built for about half the price of pavement and as there is not much travel on our street we decided a gravel street would last for years and would be a saving to the people, but if we had been given the opportunity to meet with the council or committee and it had been proven to us that a paved street would cost very little more, I am sure not one of the property owners would be so foolish as to still demand a gravel street.

We are at the present time paying about as much for our so-called gravel street as do the people on 18th for their pavement, and therefore feel that the city should at least see to it that it can bear the name of a good gravel street.

Wm. Mokma.

## COMMON COUNCIL

Holland, Mich., Aug. 7, 1918. The Common Council met in regular session and was called to order by the Mayor. Present: Mayor Bosch, Ald. Prins, Blue, Brueve, Smenge, Congleton, DeVries, Lawrence, Brink, Dykstra, Dobben, VanderLust, and Wiersma and the Clerk.

The minutes of the last meeting were read and approved.

Petitions and Accounts. Residents and property owners on 19th Street between First and Van Raaie Aves. informed the Council that said part of 19th street, recently improved, has not, in their opinion, given satisfactory results, and requested that something be done toward the betterment of said part of said street without the expense of same having to be borne by them as individual property owners.

Referred to the Committee on Streets and Crosswalks to report at the next regular meeting.

H. P. Zwemer requested permission to change his pipe line for kerosene and gasoline which now runs to the Superior Foundry's side track, to the said Zwemer side track on the north side of 8th street in said vicinity.

place sand in the street adjacent to his premises on East 13th street. Granted, subject to ordinance.

Elmore and Elizabeth Annie petitioned the Council to provide for them during their life time and charge whatever amounts may be advanced for their support against their real estate, and upon the decease of both to dispose of the property and deduct all advances made, and that they are for this purpose willing to enter into an agreement with the City of Holland.

Referred to the Committee on Ways and Means and the Committee on Poor. Residents of the City of Holland residing in the northern part of the city, protested against the open sewage on Central Avenue where the same enters the river. They reported that during the recent hot days it has become unbearable and when the wind is from an easterly direction they are compelled to close their doors and windows on account of the stench and petitioned the Council to take such steps as may be necessary in order to abate such nuisance.

Referred to the committee on Sewers, Drains and Water Courses, and the City Engineer.

## A TIRE FILLER

### Positively Prevents Punctures

Now, please don't say, "Oh, just another one of those tire-fillers," and let it go at that. ESSENKAY is a tire-filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

### Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," but also doubles life of your casings and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferable from one set of casings to another indefinitely.

## ORCHESTRA IS BEING DEPLETED BY THE WAR

The Central Avenue Orchestra, organized some years ago by John Van Vyven and conducted under his leadership, is gradually being drained of its members by the war. The orchestra began with 24 members and at present it has 16 stars in its service flag.

As each man leaves the orchestra holds for him a party and presents him with a gold signet ring. Such a party was held Friday night in the form of a weenie roast at Tennessee Beach. It was in honor of Andrew Rutgers, the latest one to leave. The theme of the toasts was the hope expressed that all the boys might return safely home.

## BROKE THE SPEED LIMIT WITH THRESHING MACHINE

Says the Forest Grove correspondent—Messrs. B. Van Spyker and B. Nyenhuis, members of a local threshing crew operating through the western part of this community, must have exceeded their usual speed limits last Saturday according to a report brought in they left the place of Martin Kremers and not more than 5 minutes later they were at John Yntema's, with their machine all set and ready for business. The distance from one place to the other is about one-fourth of a mile. Extraordinary for them we are told.

## FORMER HOLLAND BOY ON THE MINED SAN DIEGO

Another brother by the name of Andrew Siegers is now serving in France. The Siegers' boys are nephews of Andrew and George Steketee the local merchants of this city.

The locals are also confident but realize that Muskegon is coming loaded to full strength, tally fit.

## PORT SHELTON TO COME INTO ITS OWN AGAIN

## BEACH PARK ASSOCIATION START MOVEMENT FOR THE RENAISSANCE OF THAT RESORT

## First Step Planned Is the Improvement of Road from West Michigan Pike to the Lake.

The indications are that Port Sheldon will come into its own again, after having been in eclipse for nearly seventy years. The Port Sheldon Beach Park Association has begun a movement to make that part a resort rivaling in popularity the Black Lake resorts. About seventy years ago Port Sheldon seemed to be destined to become the great resort on the Lake Michigan shore. The history of that early movement is intensely romantic and there are few things in fiction that surpass it in interest. Big railroad schemes, mammoth hotels in the wilderness, money spent like water on a dream, plans of a future harbor that could accommodate the shipping from many Great Lakes ports—all that entered into what might be termed the "Port Sheldon Bubble," and like a bubble it exploded and all disappeared into thin air.

But the Port Sheldon Beach Park association is not without hopes that Port Sheldon may yet become a resort to reckon with. As a first step it has started a movement to build a good road from the West Michigan Pike to Port Sheldon. The association calls attention to the fact that the road they wish to have improves the only road reaching Lake Michigan between the Alpena Road and Grand Haven, a distance of twenty miles, and that hence it is of the utmost importance to have that road put in good condition.

The association maintains a fine picnic grounds and recreation park at Port Sheldon which would be of great service to the general public if the road leading to the port were good enough to travel over in comfort. The fishing and bathing facilities at Port Sheldon are also good. Necessary conveniences are provided, such as a base ball park, good drinking water, etc. All these are free to the general public.

On Saturday, August 17, a Get-Together Rally will be held at Port Sheldon. All residents of Olive Township are especially invited, as well as all others who are interested in the improvement of this road.

## HOLLAND CITY REPRESENTED ON W. C. T. U. BOARD

Holland lost the presidency of the Ottawa County Woman's Christian Temperance Union Wednesday when that organization met in annual convention in Lamont. Mrs. R. B. Champion, who was serving as the president having moved away from Ottawa county, a new official had to be appointed. Mrs. Champion's successor was Miss M. J. Bilz of Spring Lake who has been prominent for many years in W. C. T. U. work in Ottawa.

Holland however received the vice-presidency, Mrs. George D. Albers of this city being elected to that office. This city also retained the office of corresponding secretary, Mrs. Iantha De Merrell being re-elected to this office. The other officers chosen were: Recording secretary, Mrs. William Blakuey, Lamont; Treasurer, Mrs. Julia A. Lillie, Coopersville (re-elected).

There was a large attendance at the convention, a number from Holland being present. There were delegates and visitors also from Spring Lake, Coopersville, Berlin, Conklin, Allendale and Grand Rapids. The citizens of Lamont where the convention was held, were out in large numbers, to greet and to entertain the guests of the day.

Much enthusiasm was shown and the organization pledged itself to do all the things recommended by the War Board for the support of the war for world democracy. The organization has listed some of the things it has done and is doing, as follows:

"To furnish and support an ambulance in France; to complete and manage a hospital house at Camp Custer; to teach and to practice conservation of food; to subscribe for Liberty bonds and W. S. Stamps; to be constant in all Red Cross work; never forgetting that our special work for nearly a half century has been to make this world a safe place in which to rear our children."

"The comprehensive definition of W. C. T. U. is 'Mother Love' and because of great love for our soldier boys we do most earnestly protest against the indiscriminate sending of cigarettes to our camps, knowing that this self-destructing habit is being formed by boys who never before used tobacco in any form. After the war we want our boys to come home clean and mentally fit.

## LIGHTNING HITS JUDGE DANHOFF'S HOME AT GRAND HAVEN

## HITS THE CHIMNEY OF THE BUILDING AND BLACKENS INTERIOR WITH SOOT

Lightning struck the chimney on the Judge James Danhof residence on Lafayette-st. Tuesday evening. Aside from blowing soot into every nook and corner in the home and tearing off a few shingles from the roof, no damage was done.

Judge and Mrs. Danhof and Mrs. Fred McEachron and daughter, Dorothy of Hudsonville, were in the house and had retired for the night when the bolt came down the chimney. All was confusion for a while and the electric lights had been put out of commission by the lightning. Luckily no one was injured, but it was found necessary to repeat the job of housecleaning.

Mr. Gerrit S. Oudemolen leaves Holland today for Detroit Naval Recruit training station from where he will go to the Great Lakes Training stations.

## SAIL BOAT CAPSIZES, QUICK RESCUE COMES

A near-tragedy was averted in mid-lake opposite the Bender Boat livery yesterday afternoon when a sail boat, which Mr. and Mrs. William Bender of St. Joseph were trying out, capsized, throwing the occupants into the water. The Benders, who are not related to George Bender of this city, were rescued by George Bender's employee, Tom Devoy, who conducts the Bender stand at the G. and M. docks. Young Devoy hastened to the rescue in a row boat bringing the man and his wife safely to shore.

William Bender is first wheelsman on the steamer "City of Benton Harbor." The sailboat belongs to Wm. Sakkers and Bender was contemplating buying it. He took out his wife for a trial sail. The sail rope was tied and a gust of wind caught the boat so suddenly that the amateur sailor couldn't release the rope in time. The boat capsized but Bender and his wife managed to stay above water by clinging to the sailboat until help arrived.

## COLLECT \$100 PURSE FOR THE FIRE FIGHTERS

The people of Jenison Park are deeply grateful to the Holland fire department and to the Macatawa Coast Guard crew for the splendid aid they gave in saving Jenison Park from complete destruction when the Olympia Pavilion burned down. They collected a fund of one hundred dollars, seventy-five of which was Wednesday presented to the Holland fire department and \$25 to the Life Saving Crew.

The \$75 presented to the local fire department will be placed in a little fund that the firemen maintain among themselves for emergencies when any member needs help. This fund is being administered by a committee which goes into each case and gives such aid as seems necessary. The fund is deposited in one of the banks. But now that it has been swelled by \$75 the committee will add \$25 to it from their fund and buy \$100 worth of War Saving Stamps.

But, because of these traits and his splendid service to the state, he has created factions that it seems impossible to unite, and for that reason we feel that we should put aside our personal desire and unite upon a candidate that is worthy of honor and is capable of performing the important duties, and thus make sure of the defeat of the man who was so easily made the dupe of the kaiser in the peace ship fracas and at other times.
