## TOURISTS TO BE TOLD OF THE PURITY OF DRINKING WATER IN THIS CITY

On the suggestion of City Attorney McBride Holland is going in for extensive advertising of its drinking water. Mr. McBride has just returned from a automobile tour through the upper peninsula and while there he kept Holland's interests in mind. In many cities along the way he noticed big signs reading: "The drinking water in this city is pure drink freely."

Mr. McBride suggested that a similar sign be placed at all roads that are gateways to the city. He pointed out that the state department of health signs, warning people in general terms to be sure that the water they drink is pure, has done much harm to many cities, Holland included, where the drinking water is absolutely pure. The state signs mean well and they do not say that the water in the town near which they are placed is impure but they invariably leave that impression that the warning is directed against that town. There were a number of such signs within the city limits of Holland. Mayor Kammeraad reported that all these signs had been removed. There are however some just outside the city limits and the city has no legal right to remove these so that Holland still suffers from those signs. Mr. McBride suggested that large signs with the wording about the purity of Holland's drinking water be placed right alongside the state department of health signs, to neutralize them. Holland has pure drinking water and it is periodically tested to make sure that it stays pure and the council wished the traveling public to know about it. Thousands of tourists pass through this city and it was pointed out that this is the time to erect the signs.

So as not to lose any time, the committee has taken power to act and the signs will probably be put up during the next few days.

The village of Hamilton authorities have secured a site of 20 acres just south of the park for a recreation field and tourist camp. It is planned to build a community building later on the grounds.

## PEOPLE WILL VOTE ON TAX FOR A BAND

ISSUE WILL BE DECIDED ON  
AT THE POLLS ON  
SEPT. 14

Maximum Amount To Be Half  
Mill For Each Dollar of  
Valuation

In addition to choosing a candidate for governor and deciding on the candidates whose names will go on the ballot in the county, congressional and state senatorial election, the people of Holland will be called upon September 14, primary day, to decide whether or not the city of Holland shall come under the provisions of Act 230 of the Public Acts of 1923, providing for the support of municipal bands by taxation.

The law passed in 1923 gives cities the right to appropriate money by taxation for this purpose but whether or not they wish to come under the provisions of the act. If the vote is favorable, the Holland city council will be empowered to make appropriations for this purpose and to amend it on the tax rolls in the usual way. If the vote is unfavorable the council will not have the right to do this.

Act 230 stipulates that not more than one half mill for each dollar's assessed valuation shall be appropriated for this purpose. The important words in this part of the act are "not more than a half mill."

That does not mean at all that a half mill shall be appropriated. A half mill on Holland's assessed valuation would amount to \$3,500 and it is unthinkable that any council would appropriate that amount. The council can appropriate as little as it thinks fit, even if it should be only fifty dollars. The appropriation will be made in the same way in which other items in the budget are determined upon. The ways and means committee will decide how much is reasonable and after they have passed on it, it will be up to council in the regular appropriation bill and any member of the council can make objection in the usual way. The full council will have the final say in the matter.

But first of all the people must vote on the issue itself and they will be given a chance on September 14. The council voted unanimously to submit the question to the people.

**WILL CLEAN UP  
THE NORTH END**

The north end of the city is to be cleaned up with recommendations of the health department. The attention of the common council was called to the unsanitary conditions existing in the section from Fourth street to the Grand Haven bridge. The health department has made a survey there and has listed the things that should be done. The main improvement needed is more sewerage facilities and the committee reported to the council that the city could extend the necessary facilities at small expense. The committee recommended that the board of public works prepare the plans and specifications and estimate of cost. As soon as this information is before the council, definite action will be taken.

**CONFERENCE AT  
PINE LODGE PROV-  
ING BIG SUCCESS**

The Pine Lodge Conference proves a grand success now that the enterprise is beginning its second year. As to speakers, the cream of Winona and Grove City is there, holding the audiences spell-bound with devoted eloquence. Fines of music is provided every day and all that is asked for is asking. The cottages are all filled, and the beautiful hotel is all but filled with guests attending the conference.

The speakers from away for Thursday and Friday are Rev. Geo. L. Robinson, professor of New Testament Literature in the McCormick Theological Seminary, of Chicago, Illinois, and Dr. Simon Peter Long, pastor of the Wilhelms Park Lutheran Church of Chicago.

Dr. Robinson speaks at 9:30 A. M. Dr. Long at 11 o'clock and at 7:30 in the evening. The local speakers include such men as Dr. J. E. Kuizenga, president of the Western Theological Seminary, who has concluded three excellent lectures on the Psychology of Religion. Dr. Dosker has completed his two lectures on "The Diet of Christ," and "The Humanity of Christ."

Both Dr. Kuizenga and Dr. Dosker left yesterday to lecture at Grove City, Pa.

Dr. Peters, Mr. Wynand Wichers and Dr. A. R. John will speak next week. Dr. Robinson delivering two lectures every day during the week. No better conference is held anywhere in the country.

**BURNETT TO  
JUDGE CATTLE  
AT THE FAIR**

Word has been received from the Michigan State College that Mr. J. E. Burnett will again judge cattle at Holland fair, August 25th. Mr. Burnett has been judge here for a number of years and on account of his ability and fairness he is a prime favorite with all the men who put their cattle up for prizes.

This part of the fair will be on a larger scale than ever this year as the early entries have made it necessary to enlarge the space so that all can be accommodated.

**POWERS FAMOUS ELEPHANTS AT  
COMMUNITY FAIR NEXT WEEK**

Powers' dancing elephants Lena, Jennie, Roxie and Julie, which will be seen as one of the big fair next week was a feature at the New York Hippodrome for years.

These elephants were originally the property of the father of George Powers, the present owner. Three of them, Jennie, Roxie, and Lena, were born in the jungles of India. They were captured and sold to the firm of Hagenback, who in turn sold them to Powers.

Julie, the youngest, is the daughter of Lena and was born in the baseball park at Pittsburg seventeen years ago. Owing to a slight error, Julie was first christened Hans Wagner, in honor of the

baseball hero. When George Powers inherited these elephants they did only the conventional circus tricks standing on barrels, ringing bells, etc. Now they do acts which no other elephant has ever attempted. In their baseball scene, they Red Cross and barber shop scenes, they display genuine histrionic ability.

Powers' Dancing Elephants do the waltz, the tango, the Spanish tambourine dance, the fox trot, a grass skirt dance on the fashion of the ever popular hula hula and, incidentally, have the shimmy down pat!!!!

But not only do they dance with ease and perfection. Powers' Elephants also play ball give a mimic battle.

## COMES TO AN IMPASSE ON NEW GARAGE

COUNCIL DISCUSSION ON CERTAIN  
BUILDING MATERIALS  
WAXES WARM

Adverse Decision of Zoning Commission And Fire Marshal Stands

The common council came to an impasse Wednesday night over the question of the erection of a garage on the corner of Lincoln Avenue and 13th street. Wm. Brusse had petitioned for a building permit and it was referred to the zoning commission and the fire marshal. The decision of both was adverse. Fire Marshal Blom having submitted a written statement in which he ruled against granting the permit because the building was in the industrial district, because it was close to the big gas container and because, he said, "a cement block building would not stand the heat."

Mr. Brusse, who was present at the meeting, said he had not asked for a cement block building but had specifically stated in his petition that he wanted to erect a Duntile building. He said he was not asking for any favors, that he merely wanted the same rights anybody else had and that most of all he wanted a definite decision from the council, the only legal and official body he could deal with in the matter.

There was much wrangling as to the quality of cement block as to whether or not the fire marshal's ruling applied to the petition of Mr. Brusse. There was also much talk as to whether the permit should be granted and then a test of the material used should be made. The ordinance specifies the quality of the material to be used. Some even felt that the only way was to have Mr. Brusse mandamus the city and others wanted tests made of the proposed material before granting the permit. This suggestion was negated by others. In the middle of the discussion Mr. Brusse had the council members good night and after some more general talk the aldermen dropped the subject without taking any action. As things now stand, the permit is denied on the strength of the fire marshal's ruling and the zoning commission's report.

John G. Dinkello, who is studying music in Chicago, will sing a solo at the Third Reformed church next Sunday morning.

Gerrit Exo, an old resident of Ottawa county, died Monday at his home on the Grand Haven road at the age of 86 years. He is survived by six children, Mrs. Charles Van Etta, William Exo, Mrs. Frank Van Ry, Gerrit Exo Jr., J. B. Exo and Henry Exo. Mr. Exo resided in this vicinity 47 years and was highly respected by all who knew him. The funeral was held from the house yesterday afternoon, Rev. K. Van Goor officiating.

Mrs. De Keyser, of this city, and Miss Lena Lovinga, of Grand Rapids, are taking a tour of the eastern cities. In their route they will take in the Niagara Falls, Pan American, Albany, New York City and Brooklyn, after which they will make a short visit with Rev. and Mrs. E. S. This Christian instruction is given during five weeks of the summer months and includes 89 schools; 49 in the city of Rochester and the rest in the rural districts near by. At least 7,000 children have been receiving 1-2 hours of Christian instruction each day. The Brighton Reformed church where Mr. Jacobs is pastor, took charge of 161 pupils daily. This work has been going on every summer for seven years.

The Brighton church also has a class of 133 children receiving one hour of religious instruction each week the year around.

## IS APPOINTED ALDERMAN OF FIRST WARD

MR. E. WESTING TO FILL VACANCY CAUSED BY BERT SLAGH'S DEATH

Mr. E. Westing, a member of the firm of Westing & Warner, Lincoln avenue merchants, was appointed Wednesday evening by the common council as alderman of the first ward to fill the vacancy caused by the death of Bert Slagh. Mr. Slagh's colleague in the first ward, Alderman Kleis, made the suggestion that Mr. Westing be appointed. He made a brief speech in favor of Mr. Westing, pointing out his qualifications for the position and giving it as his opinion that the people of the first ward would be well pleased with his appointment.

There was no dissenting voice and the council did not vote by ballot. By unanimous consent the rules were suspended and the city clerk was instructed to cast the council's vote for Mr. Westing.

The appointment is good until the next general city election in the spring of 1927. Mr. Slagh's term would have lasted until a year after that but the charter provides that an appointment, in case of a vacancy, shall only be until the next election when the people will have a chance to pass on the matter. Here next spring the first ward will have two aldermen to elect instead of only one, as usual.

## To Build Walk Over Culvert

On motion of Ald. McLean, the sidewalk to be built over the culvert on Michigan avenue will be assessed against the abutting property. The council did not vote on it as it will form the top of a culvert that will run for some distance along the street. The cost of the culvert itself is assessed in accordance with a plan worked out by the council some time ago, part of it is paid by the property owners and part by the city at large. But it was considered fair that the sidewalk be paid for by the abutting property owners in the same way in which all walks are paid for.

## WILL PAVE SINGLE BLOCK

A petition for paving on 19th St. from Van Buren to Harrison was favorably considered by the common council Wednesday night and the engineer was instructed to prepare plans and specifications and an estimate of cost. Alderman Van Buren objected that the council had ruled previously against paving streets of single blocks and he cited Tenth street east of River. But the streets and crosswalks committee answered that Tenth street had been turned down because the board of public works had not approved the delay on that street on account of work to be done on it by that department.

## QUESTION OF EXTENDING THE CITY LIMITS DISCUSSED AT MEETING TUESDAY NIGHT

At a meeting in the Holland township town hall that was extremely well attended the question of extending the city limits on the east of the city was discussed. A result of that meeting a number of property owners of that section have signed the petition asking for the extension of the limits. The petition has been left at the home of Henry Vanden Brink to give all who desire to do so an opportunity during the next few days to sign. If the necessary number of signatures are secured the question will be submitted to the voters of the city and township at the November election. Enough signatures for the city have already been secured.

Mayor Kammeraad, who had called the meeting, opened the gathering and he was named chairman. Mr. Kammeraad was asked to explain the issues involved and he did so fully and carefully. Mr. Kammeraad declared frankly that one of the main reasons why the city, on its part, desired the extension on the east was to safeguard its water supply. Much of its water comes from east of the city and Holland wishes to protect it against undesirable conditions that might contaminate its water. Also, he said, the city has outgrown its limits to the east and it is only natural to wish to include all of what is actual city in the official city. He pointed out that now is the time to guard against errors in city planning and zoning in the new section because mistakes may be made now that will be very costly to that section later on.

He pointed out the advantages to the section involved. By coming into the city the people there will get cheaper water, light, gas and so on and they will also have a voice in the city government. They can ask for improvements, demanding them from time to time as they seem to them necessary. They will receive police and fire protection and in every other way they will secure the privileges that are now enjoyed by the people of the city.

R. B. Champion gave an earnest talk in regard to city planning and zoning. He pointed out the various ways in which the new planning and zoning ordinance, which has been in effect about a year, has been of great benefit to the city of Holland and he declared it would be equally valuable to the people of the new section. He showed how they would benefit by coming into the city and how they would avoid errors that might prove costly later on. Questions of parks and other improvements of that kind ought to be taken under consideration years before they are needed, he said, and the city planning and zoning ordinance provides for that. He also explained the cost of sewers, lights, water and so on. City Assessor C. W. Nibbelink gave estimates in regard to probable assessments if the section should come into the city.

The meeting was friendly and peaceful. A number of questions were asked and answered but all the proceedings were in the friendly spirit of near neighbors who have a common problem to solve.

City Inspector Bosch gave out the information Tuesday morning that Holland city is entirely free from all contagious diseases. The last quarantine was lifted Monday and now only a few minor cases such as whooping cough remain. This is a very exceptional record and one that the local residents can be thankful for, as Holland plays host to many visitors especially during these summer months.

Judge O. S. Cross, in his sentence of Edward Johnson, made a talk that should be remembered for many days by all who happened to be in the court room.

He reviewed the case of Johnson, whose real name is Albert Ruder, tracing his record since his first offense in Wisconsin in 1912, from one crime to another, which had covered the gamut of felony, including stealing, slashing a fellow prisoner, escaping state prison in Wisconsin and attempting to break jail at Grand Haven. He has never been out of prison more than a month at a time since he went in first as a boy of fourteen.

The judge asked if he had anything to say and Johnson only asked that he be sent to Marquette as he wished to avoid Martin Doolittle, the boy who had fled for him, thus committing perjury, thereby drawing an extra five years.

The judge denied his petition, saying he thought the big black eyes of Doolittle should be a constant rebuke and reminder of the grief he had caused in this young man. He hoped Johnson would have to sit across the table from him at every meal and always be reminded that he not only had ruined his own life but he had wrecked this young man and was on the path to wrecking young Patek whom he influenced to break jail last week.

Johnson stood with bowed head, during the severe talk but seemed in no way cowed. He is a keen bright man, according to Marquette, and he has come in contact with him. He has been associated with the worst criminals in Michigan and is of such a character that the judge recommended the maximum sentence of fifteen years, as he could keep from feeling, as his record shows, and is a continual menace to the state at large.

Patek also received a smart talk and was warned to keep away from fellows of the Johnson type as they would only use him and drag him ever down to deeper and more awful crime.

The Holland Exchange club picnic takes place tomorrow. Automobiles will leave the Model Drug Store at 2 o'clock sharp. The picnic is to be held at Maple Beach, with Joe Koolker's cottage as the headquarters. The cottage is located two miles north of Lakewood Farm and a large sign will direct members where it is.

## MIXUP OVER GAS PUMPS AT GRAND HAVEN SETTLED

The Grand Haven city council received a communication from the Sinclair Oil company asking it was withdrawing its petition asking for an injunction restraining the city from forcibly removing its gasoline pumps from Seventh st. at the Koolman garage. The oil company claimed it had turned the pumps over to Adrain Koolman, who appeared with a petition bearing 150 names asking for a reconsideration of his former request.

The council took no action on this petition but from their further action it looks as though this matter of reconsideration would be unnecessary.

## YOUTH FOUND UNCONSCIOUS ON LAKE SHORE

Victor Williams, Robert Williams, John Long and Robert Smith, camping at the north end of the state park oval at Grand Haven made a startling discovery Tuesday morning when they arose about 6:30.

Bob Smith coming out of the tent saw a young man lying in the sand a short distance away writhing as though in convulsions. He ran to him at once and found that the unfortunate youth's necktie was pulled tight about his collar and he seemed to be suffering from strangulation. He was apparently unconscious.

Bob Smith finally succeeded in loosening the tie and then notified the care taker at the Oval. The youth still unconscious was taken to Hutton hospital in a car commanded by the caretaker. On his person when found was a note reading, "Don't take me home."

No explanation of the action of the youth, who resides in Grand Haven, could be advanced.

## LOCAL PEOPLE

## VISIT AT CAMP GRAYLING

Several local people went over to Camp Grayling on Sunday and visited the Holland soldier boys who are in camp there. All the visitors are loud in their praise of the local unit and declare the men made the most wonderful showing in the big review which was held Sunday afternoon before Gov. Groesbeck. In the morning they attended church services held in a big oval in the camp.

All of the soldiers marched to church and were seated on the hillside while the very impressive services were carried on. The local men are all in fine physical condition and enjoying the army life immensely. Holland newspapers are received in the camp daily and soldiers are very anxious for the home news.

Among those who visited the camp Sunday were Chester Van Tongeren, C. Van Lente, H. Ter Haar and Russell Rutgers. These men declare that the soldiers left no stone unturned in order that the guests might be entertained.

Meals were served to the visitors at the same tables with the soldiers and this was a rare treat. The Holland company will be glad to receive visitors at anytime, as they are always welcome.

## TYPE MIXUP MAKES WANT AD RIDICULOUS

In the issue of the Holland City News of August 12, A. Roberts of West Olive published a sale ad of house for sale or rent with 14 acres of ground. In some manner a few lines from a court article here came attached to the want ad. The makeup man put these lines in the wrong column and some might get the impression that Mr. Roberts was involved in a liquor suit. This is far from the truth, as Mr. Roberts is a law-abiding citizen and is not now nor has he at any time been involved in any suit in circuit or any other court.

## PROMINENT MAN IS DROWNED AT GRAND HAVEN

Warren Flynn, 42, former mayor of University City, Mo., was drowned while bathing at the oval on Lake Michigan, near Grand Haven. This is the second drowning and the third accidental death within the last two days.

Flynn, who had taken a cottage at Highland Park, within the last two weeks in company with his mother, wife and two children, entered the water with members of his family and friends. Nothing was known of the accident until members of the party discovered that he was missing although they were unable to determine the length of his absence.

The coast guard station was notified but before assistance from there could arrive on the scene, the body was found floating on the surf a quarter of a mile up the beach from where the party entered the lake. His wife had left the water for their cottage a short time before the tragedy with one of the small children.

Efforts of the coast guard to revive him with pump and other devices were ineffectual and the officers ventured the opinion that he had been in the water 30 minutes before his body was recovered.

The guards stated that to the best of their knowledge Flynn had not entered deep water and that there are no deep holes in the vicinity, which is well patronized by bathers. In their opinion, the Missouri man tripped and was drawn under by the strong undertow which was flowing directly south on the beach.

This was Flynn's first visit to Highland Park, Grand Haven, and it is probable that he was unaware of the undertow.

## ASKS CORONER AT EACH END OF THE COUNTY

H. J. Boer of Grand Haven was in Holland Tuesday fixing fences for the coming primary. Mr. Boer is a candidate for coroner, one of a group of three who are seeking this office. The county must select two coroners and only one out of the three will be disappointed. Not much attention is given to this office by the voters as it is not considered a very important office, and it is a little unusual for a candidate to make a campaign.

Mr. Boer admits this and he declares he is not entering for the job because of possible fees as they are so slim that they are almost negligible. But he makes his campaign on the issue that each end of Ottawa county ought to have a coroner for the sake of the convenience of the voters of the county. He declares he is making the race to give the people of his section a convenience that they have a right to. But he admits that he cannot be nominated without the aid of Holland voters and so he is asking the voters of Holland to do as they would be done by and give each end of the county one coroner, so as to give the best service possible to the whole county.

Mr. Boer served as coroner for four years. Two years ago he ran again but was defeated for the office, the two coroners being awarded to Holland city.

## LOCAL SCOUTS TO JOIN IN A BIG RODEO

Boy Scouts, representing councils and troops from Holland on the south to Ludington on the north, are being invited to attend a West Michigan boy scout rodeo to be held at Lake Michigan park at Muskegon, Labor day, September 6, under the auspices of the Muskegon Boy Scout council.

Indoor-outdoor baseball games between troops representing towns and cities throughout western Michigan and between scoutmasters and scouts have been arranged to take place in the morning soon after the arrival of the boys at the park.

Two silver cups will be awarded for competition during the day, one donated by the Lake Michigan Park Amusement association and the other by Muskegon council. One of the cups will be offered for competition between Muskegon troops only and the other will be the reward for winning a contest open to all the troops represented at the rodeo.

Just preceding dinner there will be a demonstration period during which tent pitching, wall scaling, flag raising, review of troops and other Boy Scout activities will be put on.

The afternoon program will open with the competition between the troops for the two silver cups. It will be followed by 50-yard dashes for boys of different ages, a knot-tying contest, a first aid demonstration, a signalling contest, a monkey and crab race and a fire-friction contest between representatives of various troops.

Circuit court is still continuing the grind on the criminal calendar. Herman Jeske charged with violation of the liquor law plead guilty.

Frank Coates and Fred Ennen-ga arrested on the same charge stood mute.

The civil case of Wm. Bronsema vs Florence Bothyl for damages claimed to have been sustained in an automobile accident was taken up and award of \$445.75 given to the plaintiff.

Tuesday the court has been hearing the damage suit brought by Peter Roosien of Grand Haven against Gerald Van Aalsburg and Harold Westover, Coopersville, for injuries sustained when these young men are alleged to have run into and knocked Roosien down breaking his leg and making it impossible for him to continue his line of work.

The accident occurred just opposite the Bosker garage on Lake avenue several months ago.

## HOPE COLLEGE IN READINESS FOR OPENING

One month from today Hope College will officially open its doors to the large crowd of students who are almost sure to clamor for admittance. Starting on the first day of September, a regular program will be in the offices daily, ready to register students.

Dr. Dimment states that arrangements are completed to handle the usual crowd and unless the enrollment demands it, no more class rooms will be built. An extra class room has been prepared in Van Vleck hall, which also has received much attention in interior decorating.

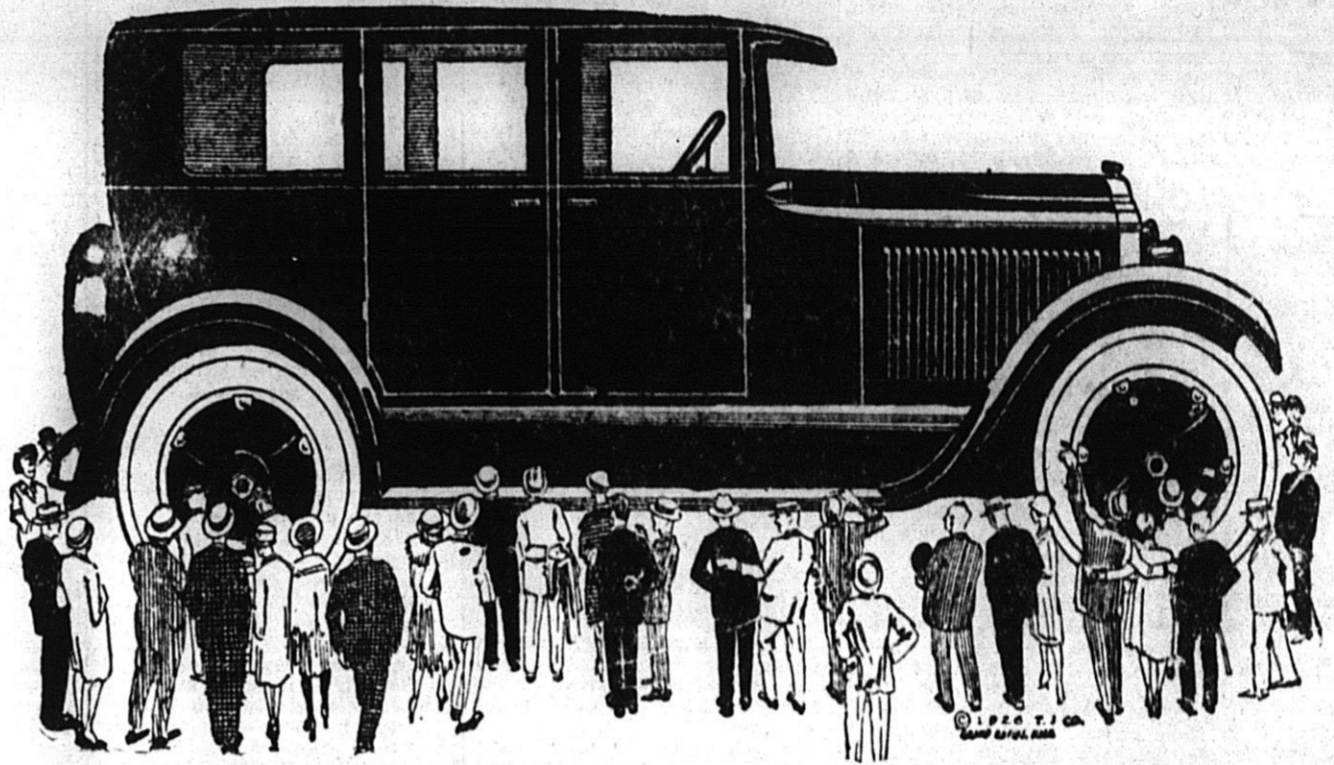

Practically all the rooms in Van Vleck hall have been repainted and new iron steps have been placed in the entrance to Carnegie Hall.

The stack room in the library is now complete, with a new winding step leading from the main floor into the basement. These rooms under the direction of Miss Lena De Pree, librarian, hold thousands of books, many of which are new editions. The two caretakers, Mr. Overbeek and Mr. Nyboer, have been busy during the summer months cleaning the rooms and caring for the lawns, which are in fine shape.

DIG BRICKS  
FROM WALL OF  
COUNTY JAIL

An attempt at jail breaking,  
not reported until Monday again  
draws attention to Edward John-  
son, convicted robber, who is  
claimed by the officers to be about  
the hardest proposition that has  
been handled in this jail in a long  
time.

Johnson who has been in soli-  
tary confinement most of the  
time in jail had been admitted to  
the bull pen for exercise and bath-  
ing in company with five other in-  
mates. Young Wm. Patek arrested  
recently for the burglary of the  
Ass. Marod store at Grand Haven,  
and who passed forged checks at  
Holland, was also there and offi-  
cers say he joined Johnson in re-  
moving about eight bricks from  
the east wall during a time when  
there was a good deal of noise  
about the jail.

The bricks were taken out by  
means of a case knife which had  
been smuggled in to the prison  
and with this he had carefully re-  
moved the plaster, keeping it very  
clean and swept up and hiding  
the bricks in a garbage can near  
hand. Some clothes that the pris-  
oners had wished hung over the  
spot so that it would not be  
readily noticed by the officers.

One of the deputies on his in-  
spection trips noticed something  
that drew his attention to this  
spot and he immediately found  
that the prisoners had been up  
to Johnson and Patek were re-  
moved to cells where they are  
kept in solitary confinement and  
the sheriff has asked the judge  
to sentence them immediately  
for their prison terms.

Young Patek, who had decided  
to plead not guilty in his arrange-  
ment, suddenly told the officers he  
had decided to plead guilty. He  
afterwards confessed that it was  
on the expectation of getting away  
with Johnson that he made his  
plan.

Johnson, who in some respects  
is a brainy individual is a degen-  
erate when it comes to crime. The  
officers say he would take any  
chance and a knife in his hands  
would be an ugly thing if he got  
the chance. His whole life has  
practically been spent behind the  
bars and now with this added  
crime he will probably spend his  
life in the pen.

Mr. and Mrs. S. Lapish and  
family entertained the following  
relatives over the week end: Mr.  
and Mrs. A. P. Williamson of Ham-  
ilton, Ontario, Mr. and Mrs. Geo.  
Williamson and family of Grand  
Rapids, Mr. and Mrs. W. Allerton  
and daughter Dorothy of Benton  
Harbor, Miss Mary and Miss  
Mayme Arroll of Chicago, and  
Mr. and Mrs. S. Habing of Hol-  
land.

WOLVERINE STARS  
WIN FIVE STRAIGHT

The Wolverine Stars won an-  
other from East Saugatuck last  
night when they took an 8-4 vic-  
tory and made it five straight  
victories. The local lads got started  
early and got seven runs off Tub-  
bergen in the first three innings  
on six hits. Bonzelhar, who re-  
lieved him, allowed only one hit in  
four innings and struck out seven.  
Four innings and struck out seven.  
Ed Wolters, the Stars' slub  
artist, was touched for eight  
bingles but kept them well scat-  
tered. Bud Westerhof starred at  
bat for the local outfit, getting  
two out of three. Ben Schouten-  
boer duplicated this for the coun-  
ty lads and was easily their bat-  
ting star.

There is the matter of vaccina-  
tion, for instance. Dr. Cook points  
out that parents should not wait  
with this till school time but should  
have it done now for the children.  
If this is put off till school time,  
the pupil loses time from his stud-  
ies and that is unfair to him.

And there should be a system-  
atic physical inspection of the  
pupils before school opens. Dr.  
Cook advises parents. Attention  
should be given to their eyes, ears,  
and the condition of throat and  
nose as well as to other possible  
physical defects. Often pupils get  
a reputation for being mentally  
dull when the matter with their eyes  
or ears, Dr. Cook declares. If those  
defects were corrected they would  
be as bright as the other pupils.

"About once a year the careful  
auto owner looks over his car or  
has it looked over by an expert,"  
the health officer said. "But those  
same people will often neglect to  
have their children looked over for  
physical defects. Are children less  
important than automobiles? If all  
pupils were given some systematic  
attention now, Holland would have  
a much better chance to get thru  
the school year without serious ill-  
nesses."

Holland's health condition is  
very good just now. There is not  
a single case of a home being quar-  
antined and prospects are good for  
the coming school year so far as  
can be determined by an advanced  
view.

CHICAGO COLORADO  
Team Here On  
Next Saturday

The Monarchs, a team of dusky  
ball chasers, have been booked for  
a game here Saturday afternoon at  
3:15. Manager Spriggs predicts hard  
going for the locals as the Windy  
City club is by far the best that has  
visited here this season. The Illi-  
nois Giants are very familiar to the  
Holland fans but some brand new  
trick can be expected from the  
Monarchs. As far as known, no  
mid-week game is scheduled, so  
the locals can present their pitch-  
ing team against the next invaders.

The Holleman & De Weerts  
lost out in the ninth game to the  
shoes. Monday night, the score  
being 5-4. With the count against  
them 4-2, the Shoes sent in Height  
to pinch hit. The sacks were load-  
ed and after his nice route the  
score was in favor of the shoes.  
It was a heart-breaker to lose but  
a great one to win.

Weerts and Wolters formed  
the winning battery, while Foogery  
and Eastman were on points  
for the losers.

GET PUPILS  
READY FOR  
SCHOOL YEAR

Now is the time to prepare for a  
healthy school population during  
the school year Health Officer Dr.  
Cook pointed out today. In an ap-  
peal to all parents in Holland who  
are soon to send their children to  
the school room Dr. Cook urged  
that they give some systematic at-  
tention now to the health of their  
children and that they take steps  
now to let their children attend  
school uninterruptedly so far as  
steps can be taken to this end.

There is the matter of vaccina-  
tion, for instance. Dr. Cook points  
out that parents should not wait  
with this till school time but should  
have it done now for the children.  
If this is put off till school time,  
the pupil loses time from his stud-

OPENS OFFICE  
IN HOLLAND

A new dentist has been added to  
the list of Holland dentists in the  
person of Dr. Carl Van Raalte. He  
has opened an office on the second  
floor of the Mottel Drug Store  
building.

Dr. Van Raalte is a native of  
Holland. He was born and brought  
up here and had part of his high  
school course in Holland. He fin-  
ished high school in Wisconsin.  
Bill Shoup, the best bet that Gr.  
Rapids has presented this season,  
opposed Seggerda but was out-  
pitched all the way. Besides his  
superb hurling, the local man hit  
out a double, and was completely  
out of danger until the last frame  
when the home club scored three  
times.

Marvin Seggerda, well known  
Holland twirler, handed in a win  
Sunday over the Grand Rapids  
Michigan League team. Marve is  
with the Saginaw Aces who by vir-  
tue of their victories Sunday clamped  
themselves in third position.

TO HOLD REVIVAL IN  
BEREAN CHURCH

A revival service will be held  
Sunday evening, Aug. 22, at the  
Berean church, 19 street. The ser-  
vice will be in the Holland lan-  
guage and the pastor, Rev. J. A.  
Van Dyke, is extending a cordial  
invitation to all who understand  
that language to attend the meet-  
ing and to bring their friends.  
The service will begin at 7:30.

NAME IN DIA-  
MOND LETTERS  
LATEST FAD

If you've got a short first name,  
girl, you're all set for the latest  
fad. Wear your whole name in dia-  
mond letters on your blouse.

"Jess" came down on the street  
car, Monday morning. Or at least  
the sparkling brilliants spelled  
the lower left side of a bright  
silk sports-waist.

Monograms in silver and gold-  
plated letters, made especially to  
order, are fashionable, but expen-  
sive. The cheapest will cost some-  
where around \$7 or \$8 for three  
letters. But single letters are some-  
thing else again. They are to be  
obtained at counters with wares  
as accommodatingly priced as the  
10-cent store jewelry cases—going  
higher in price and better in work-  
manship as one wishes to find  
them.

"Charlotte," "Elizabeth" and  
girls with names like that are  
more or less out of luck. But  
"Mae" and "Babe" and "Flo" have  
their chance to get their names  
before the public almost as  
conspicuously as a theatrical star  
with her name in lights.

Only pity the poor girl whose  
name is Helen. One letter too long,  
and no nickname.

Capt. Ward Stufflebeam, 72, a  
Great Lakes captain for many  
years, died at his home at South  
Haven Monday. It was learned in  
Holland by friends. Capt. Stuffle-  
beam was well known here, hav-  
ing commanded ships that came in-  
to this port in past years. He was  
the father of Gerald E. Stufflebeam  
captain of the Albatross, and a  
brother of John Stufflebeam, who is  
now commanding a ferry, Chief  
Wawatam at the Straits of Macki-  
nac.

Captain Stufflebeam had been  
suffering from stomach trouble. He  
took out his ship the Potoskey of  
the Chicago and South Haven line  
on May 28, and commanded until  
Aug. 6, when a stormy voyage to  
Chicago made him sick. He had  
been confined to his home since  
time.

teacher in the Methodist Bible train-  
ing school of Des Moines, Iowa, is  
the guest of Miss Mary Bender  
at Waukazoo.

MISS HOLLAND  
IS HOSTESS  
TO VISITORS

To Miss Chicago went the prize  
Saturday night as the winner in  
the bathing contest conducted in  
connection with the Venetian  
Festival. Miss Chicago's name is  
Hortense Fuqua.

Second honors went to Miss  
Charlotte Ross, who entered the  
lists as "Miss Daytona," repre-  
sented Daytona Beach, Florida.  
The bathing beauty paragon at-  
tracted a great deal of attention  
Saturday night. The program of  
Friday night was varied in this  
respect. Instead of each repre-  
sentative standing on a separate  
decorated boat, the whole group  
was stationed on the beautiful  
yacht "Zenya," owned by Mr.  
Eastman. This yacht was beauti-  
fully decorated and a powerful  
searchlight from the government  
boat "Dubuque" kept playing on  
the group. It was a beautiful  
sight and for sheer exquisite lev-  
elness it was one of the high lights  
of the entire entertainment.

"Miss Holland," in the person  
of Miss Ruth Melpolder, acted as  
hostess to the visiting contestants.  
She was the only one not in the  
group in the "Zenya" and she was  
dressed in a beautiful special  
costume. Leaving the Ottawa  
Beach Yacht club on the "Wooden  
Shoe" boat of Charlie Karr, she  
met the "Zenya" at the scow  
where she welcomed the visiting  
contestants and made them wel-  
come in the name of the city of  
Holland that she represented.

"Miss Holland" proved herself a  
most engaging hostess and she  
did the honors of the city with  
grace and full appreciation of  
what is expected from a hostess  
who represents a city that prides  
itself on its hospitality.

Johnson Is  
Sentenced To  
Jackson Prison

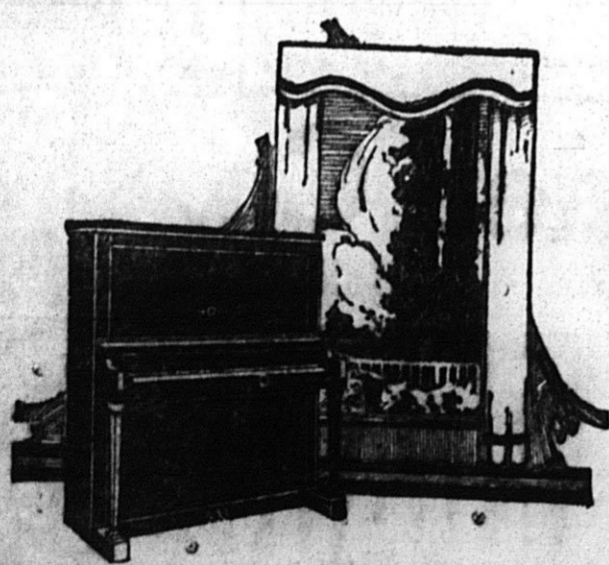

Edward Johnson, who robbed  
the Holland Armory last spring  
was handed a stiff sentence Mon-  
day by Circuit Judge O. S. Cross.  
Johnson, who tried to get out of  
jail by removing the bricks, is  
known as a bad actor and will  
spend no doubt the next several  
years in jail as his sentence was  
from seven and one-half to fif-  
teen years at Jackson.

William Patek, who pleaded  
guilty to robbing the Assa Marod  
store in Grand Haven several  
weeks ago, was sentenced to from  
three to ten years at Ionia.

## SINKE IS BOUND OVER TO CIRCUIT COURT AT HEARING HELD TUESDAY

The Holland police have finally cleaned up a vexing case that has been giving them some concern for the last month. A gang has been busy stealing accessories from cars parked near churches or other public places, in some instances driving the machines away and stripping them of such accessories for which there is a ready sale.

On July 14 a Ford car belonging to John Slag was stolen from the college campus where it was parked during a Rader meeting. It was found two days later in a sand pit on the northside stripped of tires, wheels, lights and other parts easily removed.

Shortly before the Holleman-De Weerd Auto company had lost five balloon tires and other accessories. Several other complaints have come in that spot lights, carburetors, manifolds and other parts of cars had been removed, as they were standing in isolated places, not easily detected by anyone passing by. The police have not connected Sinke with these thefts however.

The local police worked on several times received and finally arrested James A. Sinke, aged 21, living on 7th street, and Albert Serne, aged 19, living on East 9th street.

Both men were arraigned before Justice Charles K. Van Duren and Sinke gave a bond of \$500 for his appearance in circuit court in October. Serne was not able to give bonds and was taken to the court Friday afternoon, pleaded guilty, and will be sentenced at this time of court. Sinke, however, says that he is innocent of the stealing, in fact had nothing to do with it, and he demanded an examination stating that he could prove his innocence.

This is the second case of auto accessory stealing that the Holland police have solved within the past month. Two weeks ago complaints were also coming in that searchlights and tools were being stolen from under seats of machines, and upon investigation it was found that young boys of around 12 years of age were doing this work. Assisted by the parents, the chief collected all the articles.

## Lakewood Farm Again Host to A Large Crowd

The Lakewood Farm, which has received publicity in nearly everyone of the Michigan newspapers as well as in nearby states, experienced the largest crowd of its history Sunday afternoon. Parking space for cars was as much at a premium as standing room in the grounds, and the crowd was made to keep moving all the time so that all could be accommodated.

One person counting cars over a space of a half hour during the afternoon reported 53 autos passing in each direction each minute. Many of the visitors took the opportunity to look Holland over at the same time and hundreds of cars passed over the city streets during the Sabbath afternoon.

The work of laying asphalt for the city's paving job was begun Tuesday noon at one o'clock. The first asphalt is being laid on the job near the Free Marquette station. When that is finished asphalt will be laid for two blocks on Eleventh street just west of River. After that the asphalt gang will go to some of the back streets.

The paving job is progressing very satisfactorily. There have been brief delays because of the failure of stone to arrive on schedule but these delays have been very short. Contractor K. E. Olson has kept things going rapidly and the summer's program will be finished on time, according to present indications.

Martin Vander Bie, who is one of the party of Holland men and women attending the convention of Spanish War veterans and their Auxiliary at Des Moines, Ia., writes the Sentinel on route: "We had breakfast in Holland, dinner in Joliet, Ill., and supper west of the Mississippi. All is well. Wonderful corn and wheat crop this way."

About 8 o'clock Monday night Chief Van Rye was notified by Sheriff Ben Lugten of Allegan that a robbery had been committed in that city. A car parked in the business district was robbed of two pocket books in which were many valuables, including one diamond ring, three stones, a cameo ring, \$48.00 in cash and a check for \$55.00. The property belonged to Miss E. Liendecker who was taking supper and left the valuables in the car.

Tuesday morning Offices Cramer was called to the Holland City State Bank where two pocket books had been found in the rest room. One empty bag of liquor was also found. The pocket books were striped of all rings and money but the \$55.00 check was discarded, the thieves evidently wishing to take no chances. Not a clue was left to work upon and it is supposed the men passed on to some other city.

## DIES WHILE HE IS DRIVING ON THE HIGHWAY

David M. Haines of Chicago was driving through Ottawa county Monday night on his way north when he suddenly complained to his wife that he was feeling very queer. Before she could come to his assistance the big Cadillac he was driving had run into the side of the highway and Haines had tumbled over. He stopped fighting but was killed instantly. He was dead when assistance came. He had suffered a stroke of apoplexy. The fatality happened in Ottawa county, about two miles south of the Muskegon line. Mr. and Mrs. Haines in one Cadillac and their son and his wife in another came through Holland about 3 o'clock Monday afternoon. Mr. Haines was a member of the firm of the Haines Blast Heating & Ventilating Company of Chicago and his home is in Maywood, Ill. The body was taken to the Lee Funeral Home in Muskegon Heights. The deceased was 59 years old. Coroner Gilbert Vander Water was called but no inquest was considered necessary.

A very pleasant time was spent Monday night at the home of Mr. and Mrs. G. J. Visser in honor of their 20th wedding anniversary. Those present were Mr. and Mrs. C. Ellander, Mr. and Mrs. J. Steenga, Mr. and Mrs. A. Tilroe, Mr. and Mrs. L. Vander Putten and children, Mr. and Mrs. G. Dall and daughter, Mrs. J. E. Stryker, Mr. and Mrs. J. Suss, Jr., and children, Mr. and Mrs. Visser were presented with a basket of flowers.

More tourists and resorters than at any time before this summer are now passing through Holland over M-11 and by railroad and boat.

## FAZAKERLY LOSES CAMP HONORS BY ONE POINT

Sergeant Frank Fazakerly who was awarded the honor of being the best soldier in his regiment of National Guards now stationed at Camp Grayling, lost the privilege of being the best soldier in the entire camp, by a small margin of one point. Even this was not the local guardsman's fault as the command even was executed satisfactorily according to the camp rule.

However, it is stated through an error the commanding officer had misinterpreted the ruling and the judges awarded first prize to another soldier. To Sergeant Fazakerly falls the honor of being the second best soldier in camp which has guards from many of the principal cities in the state of Michigan.

Holland can feel proud of its entire company but especially of Sergeant Fazakerly who has brought this signal honor to the city.

## CHIEF VAN RY WARNS OF MANY PETTY THEFTS

Holland is being molested by a petty thief who seems to be working a clever game. The man, said to be about middle aged, raps on the doors of the home and if there is no response goes inside, especially in places where doors have been left open while occupants are performing small errands.

Once inside, the thief takes only what things are in plain sight and makes a hasty get away. When people answer the rap the man begs, and thus has a good excuse. Any beggars should be reported to the police chief at once, as these men are liable to arrest and can be given food at the jail.

Monday the home of Mrs. James De Nayer at 4 West 16th street was entered and a pocket-book stolen. In the pocket book were a ring and \$2.50 in money.

The police chief asks that the residents check up on their valuables and report all suspicious characters at once.

A week ago \$13.00 in money and a gold watch were stolen from the home of Mrs. Poelakker on Graves Place. These articles were in plain sight on a table in the living room.

Circuit Court opened work at 2 Monday afternoon after the week-end recess. According to the calendar the case of Wm. Bronsma vs. Florence Rothyl, a damage suit, was to be heard first. Coates and Einnena, two Grand Haven boys were to be arraigned on a liquor violation charge. Another liquor case will be that of Mrs. Wilma Romeyn of Holland.

Herman Jeske, who has been ill for a number of weeks after a serious automobile accident was to be arraigned on a liquor charge and the three Grand Haven lads William Casperson, Robert Krause and Peter Hamm held for breaking and entering were also to be arraigned.

The case of Johnson and Patek who came before the court within the next few days for sentence as the sheriff is wanting to get rid of these two prisoners who are making all the trouble they can.

Joe Page, 17 and Clinton Martin 15, two more Grand Haven high school boys were taken by the sheriff's department in connection with the stealing of the ten pairs of shoes and the soft drinks from the Barn last week. They will appear before Prosecutor Miles very soon where their case with that of the other three boys will be discussed and brought up before the courts.

After an illness of 2 weeks, Fred Bickenbach aged 74, died early Tuesday morning at the home of his daughter, Mrs. Jack De Pree, 48 West 13th street. Mr. Bickenbach and his wife, whose home is in Burlington, Iowa, had come to Michigan for a visit.

The deceased is survived by his wife and three children: Mrs. De Pree of Holland, Mrs. Ralph Reynolds and Leo Bickenbach of Burlington, Ia. The body has been taken to Burlington where funeral services will be held.

In spite of repeated warnings that the water of Black Lake at Kollen Park is not safe for bathing purposes, a considerable number of youngsters use that beach for swimming purposes. Health Officer Cook issued the warning again today that it is dangerous to bathe in that water. The water is badly infected and when it gets into the ears, as it inevitably does it often sets up inflammation of the middle ear, causing a great deal of trouble. This does not happen immediately, but often such maladies develop weeks or months afterwards.

And the infected water of that part of the lake is also dangerous to the eyes of the children. It is likely to set up inflammation and it may cause very serious trouble. The only safe thing is to keep out of the lake at this end until the sewage disposal plant has been in operation for a season or more and the nature has had time to purify the water.

A site of 200 acres, located just south of the Hamilton school, has been secured by the village authorities for a public park and tourist camp. Eventually it is planned to build a gymnasium or community building for athletic purposes. Prospect Park Christian Reformed church is laying plans for the reception of its new pastor, Rev. L. Van Laar, who is expected to reach Holland early in September. Mr. Van Laar comes from Leota, Minn., where he has finished his first pastorate since his ordination in 1923. He plans to preach his inaugural sermon on Sept. 19.

Miss Ruth Morley of Grand Haven will have charge of the department of home economics, at the community fair at Holland next week, which will be featured with special work by the women's clubs in the county.

Ralph Hirsch of the Ohio State Journal was in Holland to attend the Venetian Carnival. He served as one of the judges.

Call Belknap, of Grand Rapids, driving a Ford coupe had a narrow escape from serious injury Tuesday when his car turned over at McLean's corner, just one mile east of Spring Lake on M-16. The car was wrecked, but Belknap was able to be taken to his home. This is the fifth accident at this dangerous corner and the road commission is having a high lattice erected to warn motorists that the road abruptly turns there.

Prof and Mrs. C. J. Dregman and daughter Miss Margaret have returned from a week's visit at Ann Arbor.

Sixteen years ago a Dutch immigrant boy came to this city. He had been so poor in his village home in The Netherlands that he would have been unable to leave it and come to this land of opportunity if relatives in Holland had not given their financial assistance and paid his passage.

Arrived here, he secured a job in the tannery of the Cappon-Bertsch Leather Co. After six months of this he had a chance to look around a little and he told his uncle, N. J. Jonker: "I believe I can do better than work as a common laborer in the tannery; I'm going to school."

He had no money but he worked his way and eight years later, he was a full-fledged lawyer. After being admitted to the bar he located in Detroit and in addition to working at his law practice he also began dabbling in real estate. Meanwhile also the world war came and he went to the front for his adopted country, which took out a considerable period from his earning time.

But in spite of all this, he is today listed as being worth about \$100,000 and he has worked up a good law business in Detroit besides.

The name of this immigrant Dutch boy was originally Adrian

Vander Vrede but after he had been in America a few years, he came to the conclusion that that name was a handicap rather than an asset because of its length and the difficulty that native Americans had in pronouncing it. So he merely cut off the "Der Vrede" and today he is listed in the telephone book and city directory as Adrian Van.

Mr. Van is a visitor in Holland at present, the guest of his aunt and uncle, Mr. and Mrs. N. J. Jonker. He came here in a big Cadillac and he and his uncle and aunt are leaving this afternoon for Detroit where the Jonkers will be his guests the rest of the week.

## HOLLAND MAN LIES IN COURT AND JUDGE CROSS ADDS 5 YEARS TO HIS SENTENCE

Martin Doolittle of Holland, who was sent to Jackson prison for from 5 to 15 years for burglarizing the Holland armory and stealing blankets and revolvers, was brought to Ottawa county from Jackson prison by Deputy Sheriff Egbert Beekman and testified in the case brought against Johnson who was also convicted Tuesday of being a partner of Doolittle in the crime. Doolittle got a dose he did not expect and Judge Cross directly accused him of lying in court and sentenced him immediately, giving him five years extra for perjury. In the testimony given in justice court at Holland, Doolittle swore on oath that Johnson was an accomplice and watched for him while he stole the guns from the Holland armory. Wednesday on the stand in circuit court he absolutely denied that Johnson had anything to do with the affair and so perjured himself, it is alleged by the court that the judge has written recommending his term be extended for another five years.

Doolittle was taken back to the Jackson prison by one of the sheriff's deputies and will probably go back to a ten year period. Doolittle is a fine appearing fellow but apparently is thoroughly bad. He called on a representative of the Sentinel, before being taken to court at Grand Haven supposedly to testify against Johnson as he claimed, and incidentally said that he was glad to be out of jail if only for this short respite. He said that his lesson had been learned and with good behavior he expected his sentence to be cut down and when he left Jackson prison, it would be for good, for he was going straight from now on. After that conversation he went directly to Grand Haven, testified falsely but was caught at it by Judge Cross who immediately annexed five years more to his sentence, in order to teach him and others that an oath stands for something in court.

## HOLLAND MAN HAS CLOSE STORM CALL

Hilbert Bos, Holland, narrowly escaped death Wednesday during one of the worst electrical storms which swept Holland this season. Bos was sprinkling his lawn as the storm broke and suddenly a terrific crash knocked him down. He rolled over a few times, then, regaining his senses, walked into the house. Bos suffered no serious injuries and returned to his work Thursday.

## LOANED CAR STOLEN IN VENETIAN CROWD

P. Lieve, one of the committee men at the Venetian night program held at Ottawa Beach is mourning the loss of his Essex car. Saturday the local real estate dealer drove over to the ground and loaned his car to the state police so that several of them might go to Holland for supper. These men returned the Essex and parked it near the stands. Later in the evening the men noticed the car as it was driven away in the crowd of cars that left immediately after the program. These men little suspected that any but the rightful owner was at the wheel but he didn't have real evidence they might have taken the car in the act. So far no word had been heard from the missing car but police are under the impression that it was only driven a short distance and abandoned.

## LAKE SHORE

## PIONEER DIES

Mrs. Evert VandenBrink, aged 78, died Sunday night at the home of her daughter, Mrs. Albert Stool on the north side. Mrs. VandenBrink is one of the pioneer residents of the lake shore and well known in that section. She is survived by the following children: Mrs. John Van Til, Mrs. Guy Schatenaar; also by one brother, Gerrit De Weerd, and one sister, Mrs. T. De Weerd, of Iowa. The funeral was held Wednesday afternoon at 1:15 at the home and at two o'clock at the Ninth Street Christian Reformed church, Rev. De Haan officiating. Interment was in the Holland cemetery.

## GOES BATHING IS VICTIM OF HEART FAILURE

A heart attack brought instant death to Mrs. Peter Walker, 38, of Grand Haven, while bathing on the beach at Highland Park shortly after dark Sunday night. Several other bathers witnessed the tragedy.

Accompanied by her husband and her sister, Mrs. Floyd Welch of Grand Haven, she had advanced into the water up to her waist when she was seen to shiver, then to collapse and sink. She was carried back to the shore and given first aid, but she was dead. It is believed before assistance reached her. Intense excitement prevailed when the woman was brought ashore and it was not until William Yeager, 14, notified the adjacent lifesaving station that physicians were called.

F. L. De Witt and H. C. Cherry worked for half an hour in an effort to revive her, but without avail. They pronounced death due to heart failure.

Mrs. Walker is survived by her husband and one child, David, 8, her mother, a brother, Gal Oger, besides her sister, Mrs. Welch, all of Grand Haven.

Mrs. Walker had been accustomed to swimming the lake and it was stated, had never been subject to heart attacks.

Coroner Gilbert Vande Water of Holland was notified but upon investigation he considered an inquest not necessary.

## WILL OPEN AN OLDS AGENCY IN HOLLAND

Mr. and Mrs. B. L. Campbell, of Detroit, will open an agency for the Oldsmobile in Holland in the near future. They will have their office and show room in the Exide building, 174 Central avenue, and they hope to have their display room open for the public by Saturday.

Both Mr. and Mrs. Campbell are well known in Holland. Mr. Campbell was formerly asphalt inspector in Holland's paving jobs and Mrs. Campbell before her marriage was Miss Muriel Corey, employed as secretary in the office of the Holland Canning Co. They have been conducting a Hupmobile agency in Detroit but decided to come to their former home, Holland, to open an Oldsmobile agency here.

Mrs. Nellie Hatch of Grand Rapids is visiting at the home of her parents, Mr. and Mrs. A. H. Brinkman for a few days.

A cow belonging to Cornel Brouwer at North Holland was struck and killed by lightning Wednesday night during the severe storm.

## ATTORNEY G. W. KOOYERS

Attorney G. W. Kooyers, of Holland, has filed his petition as a candidate for register of deeds in Ottawa county and his name will appear on the Republican primary ballot Sept. 14. Kooyers is a graduate of "Michigan" and has been state representative from this district for many years.

## IS HONORED ON HIS 88TH ANNIVERSARY

Friends and admirers of Hon. C. Van Loo of Zeeland showered him with congratulations on his eighty-eighth birthday anniversary last Saturday. From Zeeland and vicinity they came in person, and those far removed sent telegrams and letters.

Mr. Van Loo came to Zeeland from the Netherlands at the age of eleven, with his parents in 1849, seventy-seven years ago. They cleared a farm southeast of the city and after some pioneer schooling, Mr. Van Loo entered Albion college. It was while he was teaching at Greenville that he was elected President Lincoln's first call for volunteers. He served with the infantry and received several promotions, and was honorably discharged as first lieutenant of the 21st Michigan. His regiment went through the engagements at Chickamauga, Lookout Mountain, and the entire campaign preparatory to Sherman's capture of Atlanta and the audacious dash to the sea.

After his return, the town and county made use of his ability liberally and frequently. The term "city father" was never more applicable than in Mr. Van Loo's case. He also served as register of deeds in Grand Haven and six years as representative at Lansing. Always staunch and a keen supporter of the republican cause, he was more appreciative of liberty and the principles of true democracy because he had taken so vivid and real a part in preserving them, he earned the very appropriate designation as the "warhorse of Ottawa county." None of his comrades in the city or community survive.

Together with his children and grandchildren, Mr. Van Loo took a day off, which is very unusual for him. His excellent health and well preserved faculties permit him daily to take the same old-fashioned secretary-treasurer of the Zeeland Furniture Mfg. Co. They spent the day at Getz farm and at Port Sheldon. Those in the party were Mr. and Mrs. Benj. C. Van Loo and family; Mr. and Mrs. Wm. Gierum and family; Mr. and Mrs. Calvin Gierum and family; Mr. and Mrs. Henry Van Dyke and family; Mr. and Mrs. Henry Van Dyke and family; and Miss Hattie Rookus who has kept house for Mr. Van Loo since his wife died two years ago last November.

## TWO BELL PHONE GIRLS TO WALK TO CALIFORNIA

The lure of the open road, supposedly confined to "the men that live in it" in the ranks of Grand Rapids femininity, has been the offices of the Michigan Bell Telephone Co. of that city of type of its fairest employees for some months to come. In fact if the country beyond the horizon appeals to the young women the separation may become permanent.

Tuesday morning as the sun begins to ease its panorama of color across the eastern skies, Miss Winifred Birnie, 29, and Miss Frances Plechus, 18, both residents of the Browning annex, will take the road to Holland over M-51 on the first lap of their journey which they hope will eventually land them in Los Angeles.

Clad in khaki knickerbockers and olive drab shirts, with soft knee length boots that a west mountain guide might envy, their entire equipment consisting of a ukulele and the bare necessities contained in a knapsack slung over their shoulders, they plan to make the journey on foot and with the aid of what lifts motorists along the route offer them.

Their finances consist of merely enough to furnish them with food and necessities for four months in which period they expect to reach California and return to Grand Rapids. The telephone Co. has given them a four months' leave of absence but the girls declare that if they like the country in California Grand Rapids will see them no more for several years at least.

They plan to spend one or two weeks in Omaha and Denver to replenish their funds if necessary, and they have been equipped with letters of recommendation and identification cards by their employers to facilitate their obtaining employment along the way.

Deputy Sheriff Phillips of Allegan county has brought Thomas Schowinsky and Russell Mudgett, Wayland township young men, to jail charged with stealing eight bags of wheat belonging to Ora Roebel, a Wayland farmer. The men were taken to the Allegan Co. jail.

## Holland Man Is the Best Soldier In The Regiment

Holland's company of the National Guard, Company D, is being heard from in camp at Grayling and is giving a good account of itself. Saturday forenoon the battalion received a telegram from Captain Henry Geerds, which shows what one of the members is doing. Here it is:

Sergeant Frank Fazackerly, Co. D, 1st Regt. of Holland, Mich., took first place as the best all-round soldier in the regiment, took first honors in his battalion, entitling him to meet the keen competition of the regiment. He will represent the 126th infantry for camp and divisional honors.

## Forget Own City After Absence Of Single Week

Is it possible for a person to forget his own town so completely in the course of a single week that he can run right through it without noticing it? That happened to some people recently, and the town they had so completely forgotten was none other than Holland.

Mr. and Mrs. George De Witt and son Gerrit De Witt went on an automobile trip to Rudyard, Mich., in the upper peninsula, where they visited the Dutch ambulatory, William De Witt. On the way to Rudyard they went by the way of Grand Rapids and on the way back they came down M-11.

Arriving in Holland late at night they were under the impression that they were in Grand Haven. So they stopped at a local restaurant to ask the way out of town south and were given careful directions, which they followed. And it was not until the arrived at the Virginia Park corner that they tumbled to the fact they were running out of Holland.

## SNEAK THIEF TAKES KEEPSAKE

Mrs. J. Poelacker, living at Graves Place, left a pocketbook containing \$13.00 and a gold watch, a keepsake from her dead son, on a table in her home, then went to a neighboring store to shop. When she returned the watch and money had disappeared. Carpenters working on a building next door said they saw a man going up the porch, shortly after Mrs. Poelacker had left. A daughter who was in the house at the time stated she had heard a noise and looking out saw a man leave the porch. Mrs. Poelacker is less concerned about the money than about the watch which was a gift from her watch.

The police have a clue as to the identity of the person taking the watch and money.

## SERIOUS CAR WRECK NEAR WEST OLIVE

An accident occurred on M-11 on Friday night about 11:30, on the mile south of West Olive, involving a number of Grand Haven people, which fortunately proved less serious than at first was supposed.

A Studebaker sedan driven by Miss Anna Kieft, owned by her father Minke Kieft, collided with a Stearns touring car as the Kieft car was coming north on M-11.

As near as any one could say, the oncoming car, failed to dim its lights and the drivers became confused. They came together with such force as to turn the sedan over on its side although the car did not go into the ditch.

The driver of the Stearns car was not to man going up the porch, shortly after Mrs. Poelacker had left. A daughter who was in the house at the time stated she had heard a noise and looking out saw a man leave the porch. Mrs. Poelacker is less concerned about the money than about the watch which was a gift from her watch.

## VENETIAN CARNIVAL FRIDAY WAS PACKED FULL OF THRILLS AND EXCITEMENT

## WILL ATTEND THE WINONA CONFERENCE

A party from Holland left Thursday for Winona to attend a ten day Bible conference there. The party included the following: Helen Joldersma, Jean Nienhuis, Gertrude, Anna, and Tina Holkeboer, Miss Johanna, Veenstra, Dora Schermer, Nellie Breen and Ella Brink.

## SAUGATUCK VETERAN STILL HAS OLD ARMY DRUM

An interesting, most active and energetic citizen of Saugatuck is William T. Kinsey, resident there for the past 20 years.

He now is in his eighty-eighth year, having been born in Tremont, O., in 1838. He served four years in the Civil war, enlisting as a musician in the 44th regiment of Indiana volunteers, whose officers presented Mr. Kinsey with a drum in 1862.

He still has this drum and is very proud to sound "Taps" on all occasions when martial music is needed. This drum accompanied him to all annual reunions, and recently at Wayland took part in the life and drum corps of Civil war veterans.

Kinsey also is a veteran printer, and has conducted sixteen different newspapers in his day. Years ago he was a member of the Grand Army of the Republic, and recently at Wayland took part in the life and drum corps of Civil war veterans.

## JURY FINDS DOUGHERTY NOT GUILTY

After three hours of deliberation the jury in the Daugherty case, returned in the court house at Grand Haven, brought in a verdict of not guilty at 3 o'clock Friday afternoon.

The testimony offered by the state Thursday afternoon in the Daugherty case against Ralph Daugherty, Muskegon High school boy offered few new angles from that introduced on the first trial a year ago.

A sharp divergence in opinion of witnesses developed, however, who testified that Daugherty had told their story of the accident which resulted in the death of Clarence Fields.

Oscar Driesbeck of Muskegon was of the opinion that he was directed back to the Ford car which was driven by Clarence Fields and the one in which he met his death.

He claims to have seen the Red Ford as the Ford swerved to the left in the path of the oncoming Red.

Miss Anna Anderson who was riding in a Dodge car sticks to her previous testimony that she and her party were the ones to see the accident and were within a short distance of the pile up. She claimed to have parked her car some distance south of the accident and then to have run back to the death car, seeing Fields as he tried to get to the rear of the car. He fell off the back of the car and into the hospital quick.

Joe Van Dyke and his brother riding in a Ford sedan testified to taking Fields to the hospital and to the fact that the Red passed them going at a high rate of speed.

Two boys, Frank Maurszewski and a companion, riding bicycles who are said to have been in front of the Ford car, thus causing it to serve a little in the middle of the road took the stand offering very little testimony different from that of the first trial. Ralph Daugherty, who seemed to be in a very depressed state of mind and worried to a degree took the stand and in a straightforward way told the story of the accident as he believed it to be.

The attorneys took the case at 9:30 and up till noon argued their case before the jury. Attorney F. T. Miles of Holland analyzed the law that made this arrest possible, the facts of the case and introduced the idea that some of the testimony was not entirely true differing as it did from the first trial. His reference was made to one of the riders in the Buick car.

G. E. Misner of Grand Haven talked for an hour on the case from the standpoint that no man can honestly say exactly what happens in an accident; it is so quick, so fleeting that what appears fact to one becomes fiction to another.

Attorney G. J. Diekema of Holland in a very quiet, sympathetic manner addressed the jury appealing in behalf of the boy, his record as a brilliant student and one who was merely a victim of circumstances. Then Judge O. S. Cross gave his charge and the jury was closeted in the jury room until 3 o'clock bringing in a verdict of "not guilty."

In all fourteen witnesses were called, all substantially telling the same story as on the previous trial.

J. H. Huizenga, 18 West 12th St., is a guest at the Moody Bible Institute of Chicago.

Richard Reese Whitmore, convicted murderer and leader of a band of jewel thieves, was hanged at Baltimore at midnight.

Mr. and Mrs. Albert Buter were in Grand Rapids Thursday to visit Mr. Buter's brother, who is confined to a hospital.

## MUSKEGON CHRONICLE SAYS LAKEWOOD FARM IS AN ASSET TO MICHIGAN

The Muskegon Chronicle Tuesday devoted an editorial to Lakewood Farm. It reads: "Sixteen years ago, George F. Getz, a Chicago and New York capitalist, purchased a tract of sand land on Lake Michigan a few miles off the West Michigan Pike near Holland. The tract of land was no different than the thousands of other acres along the shores of Lake Michigan. It was covered with brush and sand and was frequently termed as the waste land of Michigan. Yet, today the same tract of land, known as the Lakewood Farm, has become one of the show places of the Middle-west."

"Last Sunday 8,000 people, hundreds of them from Muskegon, visited the farm. A few weeks ago a political celebration was held there and around 25,000 attended, while it is estimated that close to 25,000 will have visited the farm before the year is over. The welcome sign is always out."

"Mr. Getz is well supplied with money, which is a story in itself, in view that he started out at the age of 12 years working as a messenger boy in a Chicago telephone office to earn a living. He has made the Lakewood farm his hobby in recent years and those who know the kindly man say that he obtains his pleasure in life by making others happy. His act in making the Lakewood farm a show place with many animals from all away jungles, and making the 300 acres a place of beauty with flower beds, shrubbery, hot houses and the like, would indicate that the statement of his close friends is correct."

"The Lakewood Farm is a valuable asset to Western Michigan, not only because it is a show place, where thousands of our people and visitors find wholesome entertainment, but as an advertisement. Lakewood Farm demonstrates the possibilities of our miles of lake shore. Maybe, it is only a dream of the future, and yet we believe the time is coming when the shores of Lake Michigan will be developed not so much as an extensive scale as the Lakewood Farm, but as a place of beauty."

"Lakewood Farm shows that we have the natural advantages. All we need is development of the countless miles of lake front."

"So Western Michigan has double reason to thank Mr. Getz. His open house policy is a boost for this section of the state."

## FINGER MARKS IMPORTANT IN ALL ROBBERIES

The sheriff and his officers, and city police officers have had numerous occasions to be called to homes and business places recently where robberies have taken place both large and small.

In many cases the officers are not long after the crime has taken place or having noticed the offender the owner then proceeds to hunt over the premises to try to locate the damage or get any clues they can find.

One thing the officers wish to impress on the public in general is this: the disturbing of a single article may destroy the very clue that may apprehend the thief later. Fingerprints used in every detective bureau and law court in the world as positive identification, are many times left, especially by the amateur, which later on can be used to check up the evil doer.

Often, seemingly simple things will lead a seasoned detective to an occasion act promptly and leave everything possible in the exact shape in which they first discovered their loss.

Fingerprints are taken of all the fingers of every officer and comes into this jail and no matter where the man or woman may be or at what age these indelible marks will stand as a link that nothing can destroy.

Never in the history of criminology have finger prints been duplicated and the study of this one phase is a very interesting one and full of wonder at the inexhaustible designs that nature can invent.

So if any one is unfortunate enough to have such an occasion leave things alone until the officers have been able to judge whether there is anything they can use in the recovery of the stolen goods, or the checking up of any crime.

## CIVIL WAR PENSION ACT IS EXPLAINED

Considerable misunderstanding concerning the act of Congress of July 2, 1926, relative to the increasing of pensions of Civil War soldiers and in certain cases, that of their widows, is prevalent in Michigan.

A soldier who served 90 days or more in the Civil war and was honorably discharged will receive an increase of pension from \$50 to \$65 a month with no application for increase necessary, according to the act.

Widows whose pensions will be affected by the increase are those who were the wives of soldiers during the period of their service in the Civil war. This phase, it is pointed out, has been misunderstood by widows whose marriage was performed after the war. The widow eligible, however, must be in the Pension Bureau a written statement that she was the wife of the soldier during his war service.

All pension increases will begin from August 4, and first payment will be made on September 4.

## Re-routing For M11 Is Completed

Surveys for the new routing of M11, near South Haven, the lake shore highway, have been completed and the state now is engaged in buying up the necessary land for the right-of-way, nearly all of which has been acquired. The relocated M11 will leave the present lake shore road at a point just north of Stevensville and strike southward near the picturesque Grand Mere lakes. Continuing south at the edge of the dunes the highway will eliminate most of the present sharp turns and will join the existing highway near Sawyer.

## TEN MONEY PRIZES GO TO POULTRYMEN

Holland and Zeeland merchants are realizing more and more the great importance of the poultry industry located in this section. They also feel that the community fair is an asset to Ottawa and Allegan counties, and they are not slow in helping along two worthy projects at the same time.

Through the efforts of the Holland Poultry association and also of the poultry association of Zeeland, an exhibit will be staged at the coming fair in this city that will be large in scope and will not fall short of other exhibits previously put on in what is known as the banner poultry county in Michigan.

The department who are urging poultrymen to come to the community fair are George Coble of Forest Grove, C. J. De Coster of Zeeland, James J. De Coster of Holland and Ed Brouwer of Holland.

One of the prizes to be given away at the fair will be a silver loving cup, ten cash prizes amounting to \$50 in money, and more than fifty merchandise prizes hung up by the different businesses of Holland and Zeeland.

The poultry show at the fair will be in the large new poultry house, built especially for the poultrymen of Ottawa and Allegan counties.

Besides the cash money prizes and the cup, the regular cash premiums are also to be awarded. These will be noted by reading the premium list printed and distributed this year. The prizes are simply something special, and cannot help but reflect favorably on the number of poultry entries made.

## SHORE LINE GETS STATION IN HOLLAND

Mr. E. Frank Gardiner, of Chicago, connected with the Midland Utilities company, operator of the Shore Line Motor Coach company was in Holland Thursday to make arrangements for a local part of the city will be taken next.

Established in Haan's drug store, corner Eighth and River, and Mr. Haan will serve as the company's representative here. One of the new big buses passed through Holland and from now on it will make daily trips from Grand Rapids to Chicago.

Present Shore Line motor coaches run between Grand Rapids and Michigan City where connections are made with the Chicago South Shore and South Bend railroad, a high speed electrically operated line. Now it is proposed to run the motor coaches through Chicago's loop, but passengers will have the choice of the option of riding between Michigan City and Chicago on the South Shore Line, thus saving time because of the congested highways between Michigan City and Chicago. As the railroad is electrified all the way to Randolph street and Michigan city, the same cleanliness, which prevails on the motor coach ride will be experienced on the electrified railroad.

The Shore Line Motor Coach company is owned in part by the Chicago South Shore and South Bend Railroad which is one of the subsidiaries of the Midland Utilities company. The Midland Utilities company is an investment or holding company controlling through stock ownership, electric light and power, gas and transportation companies with total assets in excess of \$90,000,000.

The Chicago terminal of the Shore Line Motor Coach company will be at the passenger station of the Chicago North Shore and Milwaukee Railroad at Washington Avenue and Adams street. This will enable passengers going to Chicago on the Shore Line motor coaches to make direct connections with North Shore Line trains for Milwaukee and intermediate points, and also to any part of Chicago reached by the electric lines of the Chicago Rapid Transit company. This station also is conveniently located to the department stores, shops, theaters and hotels in Chicago.

Miss Nellie Breen returned home Wednesday after spending six weeks in the west. She visited Victoria, Vancouver, Everett, Bellingham, Seattle and Lynden, Washington.

Rev. George Korteling and family, who have been guests at the home of Mr. and Mrs. Gerrit Klansen, East 16th street, left Friday for Chicago, the first lap on their return trip to their home in Oelwein, Ia.

Outbound freight the first week of August in the Grand Rapids territory of the Pere Marquette railway showed an increase of 39 percent over that of the corresponding week of 1925. Inbound freight gained 10 percent.

## PINE LODGE READY FOR CONFERENCE

The officials at Pine Lodge are ready for the big religious conference that is to be held August 15 to 29. Although there will be religious exercises on Sunday, the conference proper will not open until Monday.

On Sunday Rev. John E. Kuizenga, D. D., will be in charge of the religious exercises. The following Sunday Rev. Bernie Mulder will be in charge, while on Sunday, August 29, Rev. C. H. Spaan will officiate.

The conference of two weeks will embrace 50 meetings in which sermons, lectures, addresses, discussions and so on will make up the program. There will be various denominations represented, among them the Lutheran, Methodist, Presbyterian and Reformed. However, while the conference is controlled by men of the Reformed church, the teaching will be in a biblical and Christian, not sectarian, so that any one, no matter from what evangelical denomination, will feel at home.

There will be no charge for attendance at any of the meetings. They are all free. There is no registration of delegates at this conference as in the previous conferences, but free will offerings will be gratefully received.

The leaders of the conference estimate that the cost will be at least \$10,000 to stage this meeting, therefore aid will be gratefully received by those in charge.

The meetings are to be held under the big tent at Pine Lodge, and special equipment in the way of seating, an electric light, purchased, besides a consignment of collapsible back chairs that have been made for the convenience of the public.

Chorister John Vander Sluis and his leader, Dr. Gilmore will be in charge of the singing.

Prof. Irwin Lubbers, who is in charge of the grounds and hotel, reports a great demand for the accommodations in the hotel and for cottages so that a large attendance is looked for.

Sunday services are held at 10 o'clock and 7:30 o'clock. Week days, except Saturday, are equally divided into two sets of exercises. The morning, from 9:30 to 11:45, is for lecture hours and the evening at 7:30 is for a popular religious service. There are lectures each period of 45 minutes each, the first is on some exposition; the second is on some phase of current thought or service; the third is inspirational and missionary. These lectures will be popular—not for students, preachers or professors, but for just ordinary folk who wish to know more of God's Word. Mr. Martin says: "Three lectures will be given by Dr. John E. Kuizenga of Holland—Monday, 'Religion: Echo or Answer?'; Tuesday, 'The Individual and the Social'; Wednesday, 'Conversion—the Mechanism and the Power.' The lectures will be given at the second period, at 10:15."

Also Dr. Blekkink will speak at this hour; his subject is, 'The Philosophy of History.'

The second week will be given to Wynne, Michigan, former professor of history in Hope college. He will give five lectures at this second period specially for Sunday school workers. His subject is, 'The Teacher and His Task.' One or two of these have been given in this community and those who have heard them have pronounced them splendid lectures, such as no Sunday school teacher should miss.

Dr. A. Pieters, professor-elect of the seminary, will give five lectures the third week, 11 o'clock, the second week. These will be in the nature of missionary discussion. Dr. Pieters will give these lectures on Japan. The subjects are as follows: 'Early Roman Catholic Missions in Japan'; 'The History of Japan Prior to European Discovery'; 'Intercourse with Europe in the 16th and 17th Centuries'; 'Modern Japan'; 'The Christian Church in Japan.' All who know Dr. Pieters know what an attractive speaker he is on missionary subjects.

Dr. Henry E. Dosker will open the evening lectures with two popular presentations of Christ. The first night he will speak on the 'Divinity of Christ,' and the second on the 'Humanity of Christ.' Dr. Dosker is an able and inspiring speaker and the conference leaders have been very happy in their choice of Dr. Dosker to open the evening meetings.

Another speaker whom Holland people like to hear is a Lutheran preacher, Dr. Simon Peter Long, pastor of the Wicker Lutheran church of Chicago. He is a man of deep experience, a strong, giving a witty but forceful presentation of the truth. His subjects are: 'What I Know About Prayer'; 'The Sin of Prayerlessness'; 'Who Was Jesus of Nazareth?'; 'Christian Conviction and Courage.'

Dr. A. R. Johns, pastor of the large First Methodist church of Muskegon, will be present one night and give his well known lecture, 'Divorce and Re-Marriage.'

The first hour, 9:30 to 10:15, will be occupied by Rev. Geo. L. Robinson, D. D., professor of New Testament Literature in McCormack Theological Seminary of Chicago. Dr. Robinson will deliver twelve or thirteen lectures. In the morning he will give eight lectures on Old Testament themes and in the evening he will speak on popular New Testament themes, as 'The Lord's Prayer'; 'The Originality of Jesus'; 'Fellowship with Jesus'; 'Walks About Jerusalem.' Dr. Robinson is a very delightful speaker, strong, eloquent, intensely in earnest, and full of the Scripture. The conference leaders are very happy that they have secured Dr. Robinson, for they know that Dr. Robinson's found of Scripture knowledge, his conservative interpretations, and his informal, popular presentation of the truth will please the Dutch mind with its allegiance to the old positions.

The first hour Monday morning, August 16th, will be a devotional hour, an hour of prayer and consecration. The leaders for it will be chosen from the leaders of the conference. He has not been named yet.

## FORD CARS STAGE THRILLING RACING CLASSICS NEAR THE VILLAGE OF GRANDVILLE

### TWENTY-FIVE PHONES PUT OUT BY LIGHTNING

Lightning struck the home of Jacob Van Putten, River avenue and Fourteenth street, last night. The damage was not serious. The telephone was also burned out. Lightning also struck down a large tree on East Eighth street during the severe storm.

The lightning burned out about 25 business phones last night but these were put in commission again early this morning.

The home of H. E. Van Kampen, 51 East 15th street, was struck. The only damage done was to a couple of boards on the porch. The chimney on the home of J. Zoerman on the Park road was knocked off by the lightning and the home of Mr. Howmester, near Central Park, was also struck. There was an incipient blaze which was quickly put out.

## HINKEN FAMILY HOLDS REUNION IN COUNTY

The sixth annual Hinken reunion was held at Lang's grove, Coopersville, August 7th, 132 persons being present. In the company were relatives from Mantou, Grand Haven, Holland, East Saugus, Pelee, Grand Rapids, Holland, Grand Haven, Michigan, and Peoria, Ill.

The generous presence of the organization, L. J. Hinken, donated gallons of chocolate and coffee, and the ladies supplied the well filled baskets of good things to eat to all of which ample justice was done. The invocation was pronounced by Mr. J. H. Dobbin, and thanks rendered by Mr. P. Ypma.

At this time also the gathering was sadly reminded of the demise of five of their members, Mrs. H. J. Poppen of Downs, Kansas, Mrs. W. L. Loutch of Grand Haven, Mrs. Dr. Helms of Belding, Mich., and the twin brothers, sons of Mr. and Mrs. J. H. Hinken of Peoria, Ill.

Sports of all kinds were indulged in and many a useful prize was captured by the winners. Mrs. H. H. Tiebout was the oldest lady, 84, 63, and 10 weeks old Shire Yvonne Regal the youngest present.

A group photo was taken of all the participants and the day passed all too soon for the happy gathering.

## BIG CLAN TO GATHER AT A REUNION

Probably the largest family reunion ever held in this section of Michigan was staged on Wednesday in what has long been known as Brown's grove at Jamestown. It was a reunion in the Brookman family, although most of the persons connected with the family are named something else. Some of the best known Dutch family names were represented at this gathering.

The reason why the name Brookman does not predominate is that the family in America sprang from married after they arrived here. These eight Brookman sisters arrived in America with the early settlers in 1847 and settled in what is now Jamestown. There they married and founded families and their descendants were to gather for the first time Wednesday.

Although no exact statistics are available, it is estimated that 80 percent of the descendants of the Brookman sisters were present at the reunion there was a company of at least five hundred persons.

H. H. Boeve of Fillmore was the presiding officer of the day and he introduced the speakers. The principal address was delivered by Rev. N. Beer of Grand Rapids, one of the members of the Brookman clan. There were many other talks and arrangements have been made for a day of busy activity in various forms. A picnic dinner will be one of the features of the gathering.

Members of the Brookman family are scattered all over the United States and some traveled a long distance to be present. There were some from Dakota, from Iowa, and from the upper peninsula of Michigan. Many however live in Ottawa and Allegan counties.

John Brink of Hamilton is erecting a \$10,000 residence in what is known as the Miller-Lievers-Visscher addition on the hill. The home is of a Dutch colonial architecture. Contractor Frank Dyke has started the building of his new \$20,000 home in that same addition, excavation having already been started.

Thomas Schowosky and Russell Mudgett, two Allegan county young men, were arrested Thursday charged with taking 18 bags of wheat belonging to Ora Roobol, a Wayland farmer. The wheat was sold in Middleville. Deputy Sheriff Phillips brought them off jail Thursday night.

Ing. August 16th, will be a devotional hour, an hour of prayer and consecration. The leaders for it will be chosen from the leaders of the conference. He has not been named yet.

### SAFE BEHIND STEEL

### But Always Convenient

The daily increasing number of burglaries and thefts and the ever mounting number of fires are two of the most forceful arguments for the modern safe deposit box.

Papers, jewelry and valuables kept in a safe deposit box are safe. They are protected against every possible agency of loss and destruction.

A safe deposit box gives you security and security at the same time. The essentials are very much to be desired in such cases, such as wills, insurance papers, income tax data, etc. Keep them safe from prying eyes. Keep them secure from theft and fire.

Think how convenient! A safe deposit box is always accessible to you during banking hours. *See them personally.*

The FIRST STATE BANK can furnish you with a deposit box at \$2.00 a year. These boxes are built in a vault made of steel and concrete that cannot be penetrated by burglar's tools nor can flame destroy or even injure this strong box of safety.

*First State Bank Pays*  
We Pay 4 Percent on Savings bank account, and 4 Percent on Certificates of Deposit.

Vegetables for canning such as tomatoes, corn and lima beans have made rapid gains, during the past two weeks, growing conditions having greatly improved, the farmers say.

The summer apple crop is heavy and the disposal of the crop, consisting largely of Dutchess apples, depends to some extent on the crop in Illinois and other middle-western states where, it is reported, the yield is large. An outlet, however, may be found in Canada.

L. C. Carey, secretary of the Michigan Package Information bureau, reported that the grape crop will equal the yield of 1924, when 4,000 cars were shipped from the state.

All Michigan crops except corn, beans and buckwheat were in better condition August 1, than on the same date a year ago, according to a report issued by V. H. Church, federal statistician for Michigan and L. Whitney Watkins, state agricultural commissioner. Wheat, barley, sugar beets and fruits not only bettered last year's prospects, but were above the 10-year average. Dry weather affected some southern counties but the remainder of the state had a satisfactory amount of moisture.

The corn crop is rated at 69 percent, which is 15 per cent below last year. The crop forecast is 45-50,000 bushels as compared with a record harvest of 65,680,000 in 1923.

Winter wheat is in 80 per cent condition, the same as the 10-year average. The prospective yield is 16,470,000 bushels as compared with 13,906,000 last year.

Spring wheat is 84 per cent, with an estimated production of 88,000 bushels as compared with 86,000 in 1925.

Oats with a condition of 83 per cent, are 12 per cent better than a year ago. The estimated yield is 66,000 bushels, a gain of more than 4,000,000 bushels over last year.

Sugar beets are in excellent shape with a condition of 85, which is one per cent above the ten year average. The estimated production is 3,400,000 bushels, as compared with 1,005,000 last year. The crop is partly due to the shortage of labor which prevented some fields from being weeded and thinned.

## POULTRY MEN TO BACK FAIR

An enthusiastic meeting of the members of the Holland Poultry association was held Thursday evening. Chairman Wilson presiding and Tony Groenewald acting as secretary because of the absence of Secretary Brouwer, who is attending a poultry convention in Peoria, Illinois.

The poultrymen were all in favor of putting on a large display at the Community fair, week after next, and pledged individually to go out and hustle for extra entries in order that this year's show may not fall short of the large show staged last year.

### ATTEMPT MADE TO BURGLARIZE GRAND HAVEN STORE

An attempted robbery of the Central Clothing company, Grand Haven, was frustrated Thursday night when a noise scared robbers who had entered the store by the rear window. Nothing was disturbed. A gas pipe was found, which they had used to jimmy the window.

Fingerprint records were made from these suspects. There have been several robberies about town and it is hoped to land the thieves by means of these prints.

## Fair Entries!

All those wishing to make entries in the Community Fair and thus avoid last minuterush can do so at the Secretaries office, 31 West 8th street, Holland, Michigan. Entries can also be mailed to that address.

## LATENESS OF THE SEASON NOT EXPECTED TO CUT DOWN RESORT TOTALS

Notwithstanding a somewhat delayed summer, there is every indication that this will be a record breaking tourist and resort season in Western Michigan. Reports reaching the Michigan Tourist and Resort Association indicate that more people will visit Western Michigan this summer than at any previous season.

Inquiries by the thousands are being received by Hugh J. Gray, secretary of the association, from every part of the country. These inquiries refer to hotel accommodations, routes, state parks and real estate. More than 2,500 inquiries have been received from people who are planning to visit Western Michigan this summer. These inquiries have been answered by the Grand Rapids Real Estate board and copies of the inquiries have been sent to all members of the Tourist and Resort Association who are in the real estate business.

A number of big development projects are now under way along the big lake and on sites facing interior lakes. It is estimated that more than a quarter of a million dollars will be spent this summer in advertising Western Michigan real estate in the resort region.

The Michigan Tourist and Resort Association has engaged in an active advertising campaign in which full pages are being used in the leading daily newspapers in the Mississippi valley. A number of magazines having national distribution are also being used. More than 50,000 copies of the summer tourist guide have been printed this year and being sent to prospective visitors. An even greater number of road maps are being given free to all tourists who stop at central points along the main highways.

One of the gratifying proofs of the permanency of Western Michigan's "summer business" are the number of new cottages which are this year being erected in all parts of the territory. There is hardly a resort or a village that does not report from a half dozen to fifty new cottages built or under construction. The investment in these cottages runs from \$1,000 to \$25,000 with a noticeable average improvement in all cottages. Tourists who in the past have pitched a tent or stayed in state parks or hotels are this year buying property with a view of making Western Michigan their permanent summer home.

While heretofore summer development has been most noticeable along the Michigan shore line, there seems to be a trend this year toward the interior, among the lakes and streams. The development of numerous lakes have been subdivided and the sound of hammer and saw echo through the summer stillness of the countryside. Building at resorts which have long been established has received a distinct impetus this year and on the whole the season promises to be a record breaker for new dwellings in resort territory.

A new feature in summer resort interest is being manifested in the number of local "summer resort associations" which are springing up all through Western Michigan. These associations have entered upon advertising campaigns for their respective localities, all co-operating with the Michigan Tourist and Resort Association for the general development of "The Playground of a Nation." Nor is this interest confined to small communities. Holland, Michigan, for instance, is forming a permanent association which is raising a large fund for the Michigan Tourist and Resort Association and for the particular advertising needs of Holland. In Muskegon, this activity is being followed by the chamber of commerce. A similar association has been formed in Barry county.

Boyne City, through its city government has entered upon an aggressive advertising campaign, likewise Petoskey and Traverse City. Manistee and Ludington recently raised the largest fund in the history of the city for advancement of the resort interests.

A general survey of the progress of Western Michigan in building for summer business shows a favorable progress. More and better organization is coming into the business and more people are interested. It is difficult to estimate

at this time how much business will be done but it is safe to assume that in Western Michigan it will be more than \$700,000,000 not including real estate transfers and investments.

## ARE PERHAPS CRACKS AT PAUL RADER

Although no names are mentioned, it is perhaps not a rash guess that Paul Rader was recently when Dr. J. E. Kuizenga, in this week's "Leader," reformed church paper, devoted two editorials to the activities and opinions of "an evangelist, so-called." Rader recently visited Holland and the editorials in his case with remarkable closeness, so that if he was not meant he might as well have been meant.

One brief editorial, discussing the use of denominations, says: "Denominations are good because they organize people," said an evangelist, so-called, recently; but I do not join any denomination because I wish to preach the people the simple gospel. Was there ever more naive bunk (which is polite for buncombe). If denominations are good, and necessary, then how can he avoid the duty of belonging to one? If it is not possible to preach the simple gospel in any one of the denominations, then they are not good. But if it is possible to preach the simple gospel in a denomination, then why not be in it? How much people will swallow!

The other editorial, which is longer, is more general in tone and may have been meant for traveling evangelists in general, in which case, however, it would also apply to Mr. Rader. It is entitled "Emotional Giving," and says: "There are so-called 'independent evangelists' who are trying hard to take in the people's money—and they get it too. Yet it ought to be remembered that these independent evangelists are responsible to no church, no denomination, no association. They do not have the property of the church or the property they put up, church or tabernacle, or conference resort, is not in the hands of any denomination that can call them to account. Not infrequently no one even knows what the independent evangelist who grafts from every possible source and church—no one even knows what he does with his money! Yet he comes and makes an emotional appeal, he talks piously about the Bible with interjections that are scandalously wide of the mark—and people are taken in with his personality, so that they send in their checks!"

"Alas too often the same individuals, when the preacher makes an appeal for money in the name of Boards that account for every penny and show a marvelous percentage absorbed in handling the money, too often the same individual who so cheerfully sent his check to the independent evangelist grows—The preacher is always begging for money!"

"Well, it often pays to be an independent evangelist. Then if one good financial field has played out—why you can go and forage in some new place. In addition you can always be a novelty to a new denomination, and get the money; for there are always people in every denomination who have so little intelligence and stability that they cannot give to an old familiar cause that is good. They must be tickled by new men and new schemes—even though they be schemes to gratify the ambition of men who cannot get in line with any one of the several great denominations of the land.

"But wisdom is justified of all her children."

## THE PUBLIC HIGHWAY AT LAKEWOOD FARM IS NO PLACE TO DRESS, UNDRRESS

Dressing and undressing in automobiles on the highway near the Lakewood farm has become such a nuisance that the sheriff's department has taken a hand and an announcement was made that a sharp stop will be put to the practice. Signs are now being printed which will inform the public that the practice will not be tolerated and that the first one who is caught indulging in the practice will be placed under arrest and will have to face the consequences in court.

The beach at Lakewood Farm is a popular bathing beach and is used by hundreds every warm night. There is no objection to that but there is much objection being expressed on the part of the general public to say nothing of the residents in the Lakewood Farm section, to using the public highway as a dressing room and the sheriff's department will heed that protest and put a stop to the practice.

Many have become very reckless in changing their clothes. They park upon the highway in an open car perhaps, hang some flimsy covering up in their car and they proceed to undress and to get into their bathing suits, not always bothering to adjust the covering if it slips down. As a result, other people parking alongside of them are embarrassed and the practice has become such that it is considered a public nuisance. It will be tolerated as much as the county authorities and arrests will be made under the nuisance act.

There is no objection to people coming to the lake in their bathing suits and taking off both robes in their cars, but dressing and undressing will be stopped.

That kind of practice could not be tolerated on any public highway in the county, the county authorities declare. And even this practice might not have caused the present difficulty except for the fact that some have become bolder and bold and do not regard ordinary decency. That type has to be curbed and hence the whole practice is to be stopped.

## WOULD ERECT NEW TEMPLE OF SOLOMON

Chicago is to have another World's fair and preliminary plans for the big exposition are already being made. And a Holland man is to have a big part in the planning. He is F. W. Davidson, who now lives in what was formerly the Himebaugh home near Central Park. Sunday's Chicago Tribune printed a cut of Mr. Davidson on the front page of its real estate section and told of his suggestion to erect a replica of Solomon's temple at the Chicago World's fair. Mr. Davidson is an architect and a former president of the Illinois Society of Architects. He has for years been editor of the monthly bulletin of that society. It is to have some influence also on Holland architecture as he is now preparing plans for the proposed new city mission. Speaking of Mr. Davidson's plan for a Solomon's temple in Chicago The Tribune says:

"Harvey Wiley Corbett, New York architect, in his address at the annual banquet of the Illinois Society of Architects, spoke of the efforts that had been made to induce the sesquicentennial commission of Philadelphia to reconstruct King Solomon's temple as per his plans, as the exposition building," says Mr. Davidson.

"The project, however, seemed too great an undertaking for the city of Philadelphia. Now, why not reconstruct the temple and all the accompanying buildings as per Mr. Corbett's plans for the Chicago centennial to be held a few years hence?"

"While such an undertaking may have been too great for Philadelphia, it is not too great an undertaking for Chicago to put over. Certainly no better monument to the centennial than the temple and its surroundings has ever been designed than was shown by means of colored lantern slides during Mr. Corbett's wonderful, instructive talk."

Rev. Henry K. Pasma and family of Charleston, Miss., are the guests of Mrs. Pasma's parents, Mr. and Mrs. W. G. Barnaby, 321 College avenue. Mr. Pasma is pastor of the Presbyterian church at Charleston. He is rapidly forging to the front as an author. He is a frequent contributor to the church papers of the Presbyterian denomination and he also has been writing books. His latest published volume was "God's Picked Young Men." Mr. Pasma, who is a graduate of Hope College, and the Western Theological Seminary, got into the habit of early rising while at the local institution and that stands him in good stead now as an author. In Mississippi the heat makes it impracticable to do much work during the middle of the day but the mornings are ideal for work. Hence Mr. Pasma has got into the habit of getting up at 5 o'clock, taking an early morning plunge and writing on his books and articles until eight. In this way he has written all the books he has published, doing the work at a time when others are in bed.

Albert A. Harvey, aged 35, the father of Frank A. Harvey, Leonard Refrigerator Co. executive, of Grand Rapids, died Tuesday in London after an illness of four weeks. He was a veteran of the Civil war and had lived in Michigan since 1820. Besides the widow and son, he is survived by a daughter, Mrs. Eugene Gibbs of Nunica. The funeral services were held at the residence Friday afternoon at 2:30 and burial was in Spring Lake cemetery.

The A. G. Barnes circus, which recently cancelled its license to conduct its circus in Grand Rapids late this month, has applied for a license to show there Sept. 1.
