History Shows Printers Stick Long With Trade

150 ATTEND PRINTERS'
CRAFT PICNIC TODAY
(Holland Evening Sentinel)

Employees of local printing establishments and heads of the concerns with their families met at Tunnel park last night for a basket picnic. About 150 attended. Upon arrival each guest was presented with a unique badge for the "Printers Picnic."

The committee in charge consisted of Edward Brouwer and Ben A. Mulder. Mr. Brouwer was general spokesman throughout the evening. Invocation was given by Bert Oelen, after which Ben Mulder was called upon for a speech. Mr. Mulder, who is considered dean of the local printers, gave an interesting historical account of his experience with printers in the city. The humorous account was well received by the picnicers and upon the conclusion all raided the picnic baskets. Orangeade was furnished.

Following the supper all participated in the sports which were arranged by John Schreier, Louis Steketee and Watson Spoelstra. Unique contests were held and useful prizes were awarded. Especially interesting were the smoking contest of the men won by John Essenburg of the Sentinel and the couple contest in which wives, blindfolded, fed their husbands bananas won by Mr. and Mrs. Paul Mason of the Holland Printing Co.

After the sports Mr. Brouwer made a short speech and prizes were given to some of the employees to conclude the program. Others who had charge of arrangements of sports and other features were Ned and Lew Steketee, Orle Bishop and others who volunteered at the picnic grounds.

The Holland City News might add that although your editor is called the dean of the printers, in the discourse it was pointed out, in fairness to the Kamferbeek boys, that Ben Kamferbeek, who until recently was with the News and who is now 73, is possibly the oldest printer in Michigan, having plied his trade for 61 years, and that the late Al Kamferbeek also "wielded the stick" for the same length of time. Fred Kamferbeek, who mixed criminology with printing, is also a veteran. Rather a coincidence, Fred started printing at 9, Ben at 10 and Al at 11 years.

Your editor has started in more than a score of "printers' devils" in his 43 years of newspaper work. In the budget, relative to newspaper and printing history, many names were mentioned. Besides the Kamferbeek boys, Ed Brouwer, the Representative; Neil and Lew Steketee; John Van Huis and West Ver Meulen of Steketee-Van Huis; Cy Vander Luyt and Herman Bos, better known as "kew-ni," of the News; Charles French, Fred Slaght, Orle Bishop, Louis Chamberlain, William Holt, William A. Butler, John Slaght, Herman Kienkerveld and Watson Spoelstra of the Holland Evening Sentinel; Johnnie Hamelin, who served the Grondwet for 46 years; Marius Mulder, Mr. Klaassen and sons of the Klaassen Printing Co., the van Hartesveld family of the Holland Printing Co., and several others. All came in for a paragraph of history and occasionally a comical sidelight.

It was a real friendly and enjoyable affair and it's surely going to be an annual event.

DIEKEMA FAMILY HOLDS REUNION SATURDAY

The B. Diekema family reunion was held at Tunnel park last Saturday afternoon and evening, when a picnic supper was served and a very enjoyable time was had by all.

Among those present were Mrs. B. Diekema, Mr. and Mrs. Cornelius Diekema and children, and Mr. and Mrs. Gerrit Diekema of Borculo; Mr. and Mrs. Ralph Lamer and Anna Mae, and Mr. and Mrs. Cornelius Van Dyke and daughter, Norma, of Zeeland; Mr. and Mrs. Joe Diekema and children of Byron Center; Mr. and Mrs. John Diekema and children, and Mr. and Mrs. Gerben Diekema of Jenison; Mr. and Mrs. William Van Dyke of Beaverdam; Mr. and Mrs. A. Overweg and children of Borculo; Mr. and Mrs. Leon De Vries and children and Mr. and Mrs. Ben Diekema of Grand Rapids; and Misses Florence Peuler and Marie Zienstra of Zutphen.

THIEVES ENTER GR. HAVEN STAMPED PRODUCTS CO. AT NIGHT; LOSS \$250

Tools valued at \$250 were stolen from the Grand Haven Stamped Products company some time during the night, and thus far there is no clue as to when or how the job was done.

Chief Lawrence DeWitt, formerly of Holland, received the report from the plant early this morning when the shop was opened for work and the loss was discovered.

Investigation showed no traces of where the entrance was made, but it is believed that the windows of the plant could have been opened.

The tools taken were among the expensive ones. Jobs of the kind are being pulled in several places, said the officers, which indicates there is a general racket of this kind. Recently a factory in Muskegon was robbed of a large assortment of valuable tools.

Two national champions will compete. They are Miss Claudia Bekans, national senior A.A.U. diving champion, and Miss Lodema Dunbar, national junior A. A. U. diving champion.

IT IS ALWAYS DOLLAR DAY IN HOLLAND

A score or more merchants are staging a dollar day for Thursday and Friday and not a few are continuing on through until Saturday night.

Dollar Day is just what the name implies. Real bargains, whether this be in dollar quantities or in smaller or larger amounts. In any case, it is a revision downward in merchandise prices.

Folk from Holland and vicinity and from the resort districts can save money by selecting needed merchandise of quality during these sales days. Merchants have prices plainly shown. If there is something you want and do not see, ask for it.

The Holland City News has a few dollar day ads in this issue. Look them over carefully and undoubtedly you will find something that you are in need of, at the dollar day reduction.

You are welcome in Holland if you are a stranger, for Holland is a hospitable city. If you live in Holland or vicinity, it will be well to remember that every dollar spent in this city, builds this community and the countryside.

Holland merchants are substantial and their merchandise has the same trade mark.

HOLLAND GIRLS SEE CANADIAN FIVE

Miss Ruth Geerlings, daughter of Mr. and Mrs. Henry Geerlings, and Miss Elizabeth Arendshorst, daughter of Mr. and Mrs. William Arendshorst, are motoring through Canada and visited the Dionne babies at Quintuplets hospital at Colander, Ontario, Canada. Miss Ruth states that the drive up north was beautiful, very hilly and rocky and it is also cool—an average of 70 degrees. A trip through Canada makes a delightful vacation, she states.

HOLLAND'S EX-MAYOR MADE WPA OFFICIAL

Ernest Brooks, former mayor of Holland, has been made compensation director for the seventh WPA district. He had moved into the district offices, 1549 Madison avenue.

EARNST BROOKS

Mr. Brooks, southeast, yesterday, says the Grand Rapids Herald this morning.

It was announced yesterday that the FERA safety, medical and compensation departments, which will be absorbed by the county WPA setup, are to be moved from the old Michigan street headquarters to the combined county-district WPA office.

HUYSER SCHOOL PLANS ANNUAL REUNION

The second annual reunion of the teachers and pupils of Huyser school will be held at the school house on Saturday afternoon, September 2, when a program, including speeches by former teachers, will be enjoyed as well as games, sports, and other amusements.

The school is situated about three miles northeast of Zeeland City, and is known as School District No. 4 of Zeeland township. All former teachers and pupils are invited to attend and have a jolly time.

KOOKIERS CELEBRATE SILVER WEDDING

Last Saturday Mr. and Mrs. John Kookier, 12 West Twelfth street, celebrated their twenty-fifth wedding anniversary at Maple Beach at their summer home. It was open house afternoon and evening. Many relatives and intimate friends were present and Mr. and Mrs. Kookier were the recipients of many beautiful silver gifts, appropriate tokens on such an anniversary.

The reception was followed by a two-course supper served by daughters and nieces.

Congratulations were in order and short remarks were made by Rev. Henry Colenbrander, brother-in-law of Mr. Kookier, and Dr. E. J. Blekkink, and Rev. Gerrit Kookier of Grayhull, Wyo., offered prayer.

Mr. Kookier has been with the Scott-Lugers Lumber Co. for 35 years, starting as a young man in the old red mill that occupied the post office site a score of years ago. Today he is well located on North River avenue, and is in charge of the entire enterprise.

Crop and Cattle Destroyed on Borculo Farm

FARMER AWAKENS TO SEE
HIS SUMMER'S WORK
GO UP IN FLAMES

One of the outstanding rural fires in this neighborhood occurred on the farm of John Bussies, just outside Borculo, northeast of Holland, early Monday morning.

The origin of the fire up to this time is unknown. The owner of the farm awoke around 2 o'clock, thought he smelled smoke and he heard a terrible commotion outside. He hastily dressed and as he opened the door of his dwelling he looked into a roaring mass of flames in his barn some distance from the house. It was impossible to save anything because of the intense heat and the direction of the wind away from the home saved that from the flames. The heat and the clouds of sparks would undoubtedly have destroyed the house if the wind had not been in a favorable direction.

The loss to Mr. Bussies is estimated at \$3,500 and he held insurance for about \$2,400. Besides the destruction of the barn, 15 tons of hay, 200 bushels of unthreshed wheat, a large consignment of straw, 1 heifer, 7 cows, a team of horses, some farm machinery and tools and an automobile were burned.

It is rather unusual to hear of a fire this year, partly because there was an epidemic of fires three years ago and folk had become more careful. Besides the extremely wet season made fire hazards less dangerous. Three and four years ago, barn after barn burned in the vicinity of Zeeland and Borculo, and it has often been publicly said that "fire bugs" were at work, and even the state fire marshal had been here repeatedly, but never was any known person suspected or any charges made. There certainly were scores of fires at that time.

This is the first real fire this season and it is thought that spontaneous combustion might be the cause. Hay and grain may appear to be dry but still sufficient moisture is retained to generate heat in the tightly packed mass to start a fire.

The Farmers' Mutual Insurance Co., who it is understood, carries the insurance, states that this is the first spontaneous combustion fire so far this summer. The second great fire hazard is lightning and this season, despite rain and storms, the company can report no lightning fires to speak of. Fire losses from other causes have also been small, which accrues to the benefit of the company which is a mutual affair, in which rates are established, based on losses.

These mutual fire insurance companies found in many counties have been a boon to the farmer who can start again should he burn out.

MR. AND MRS. BEEUWIKES ON EASTERN TRIP

Mr. and Mrs. Fred Beuwikes and Mr. and Mrs. Ed Nyland of Montello Park will leave Saturday morning on a motoring trip through the East. They will go to Niagara Falls and then to New York City to visit Miss Adeline Beuwikes, daughter of Mr. and Mrs. Beuwikes, who is dietitian at Cornell hospital in New York City. They will spend a week in New York and then visit Washington, D. C., and other principal cities in the East.

LOCK JAW PATIENT IMPROVING

Carl Winstrom, son of Mr. and Mrs. A. Winstrom of Colonial avenue, Zeeland, who has been very ill with lock jaw, is improving. He is supposed to have taken the infection from a swimming hole near Zeeland. He has many relatives in Holland.

SUPT. E. E. FELL LOSES ANOTHER SON; GAINS ANOTHER DAUGHTER

It has just been announced that Dr. George A. Fell, youngest son of Mr. and Mrs. Egbert Fell of West Twelfth street, is to be married to Miss Gertrude Hanson of Freehold, N. J., daughter of Mr. and Mrs. Samuel Hanson.

Miss Hanson is a graduate of Hope college in the class of 1931, and received her A.M. degree from Northwestern university in 1932. She taught in the Coopersville High school last year. Mr. Fell graduated from Holland High school, studied three years at Hope college and last June was a graduate of Northwestern Dental college at Chicago.

The marriage of the young couple at Freehold will be quite a social event. In reality it will be a garden wedding, held in the early evening.

Dr. Harry Maxwell of Canton, Ill., is now in Holland, the guest of Mr. and Mrs. E. Fell, and he and the prospective bridegroom, with his parents, will motor east tomorrow, Saturday. Mr. Maxwell is to be best man at the wedding.

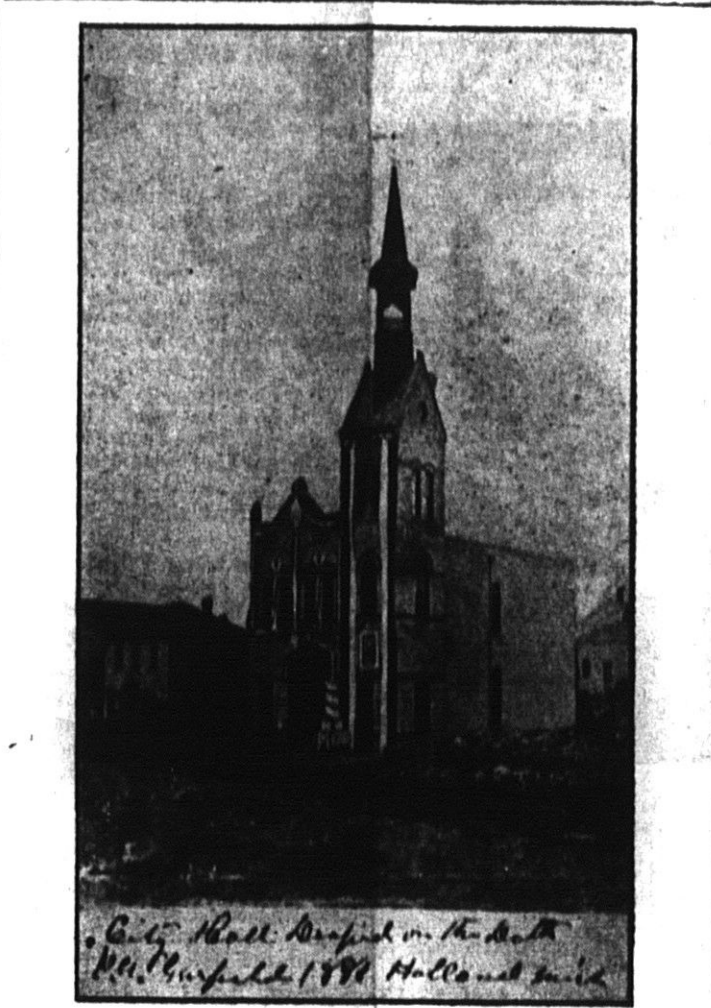

It can truly be said that it is a college romance. The couple met at Hope and later at Northwestern university.

Mr. and Mrs. E. Fell had three sons, the last one to leave home, and become a dentist; the oldest one, Ronald, is an M.D. and the second one, Egbert, is also a dentist.

Dr. George Fell will live in Boston, Mass., and will serve his internship at Forsyth Dental infirmary where at least 400 children are taken care of daily by a large force of dentists.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

MOURNING SHROUD OF DEAD PRESIDENTS

The decorations during the funeral of General Grant were much the same about town as the exterior decoration of our first city hall after the assassination of President Garfield. All Holland was in mourning like that.

FIFTY YEARS AGO TODAY

The death of former president and the greatest general in the Civil war caused sadness throughout the land. On July 25, 1885, the Holland City News, together with all other publications in the nation, was in mourning. The news in both its national and local news devoted columns of space for several weeks portraying the life and death of General U. S. Grant. The direct causes of the general's death can be gleaned from the following paragraph: "In the late summer of 1884 when Grant was at Long Branch with his family he became aware of a swelling at the side of his tongue. He treated it as a joke but when it affected his eating and speech his family, thoroughly alarmed, induced him to see a specialist. General Grant, who was an inveterate smoker, cut his cigar rashes down to half daily. The public was not advised until Jan. 11, 1885, of the alarming condition of the former president. It was always contended that the cancerous growth was indirectly caused by smoking. The general's photos of war times generally pictured him with a big cigar between his teeth. The news pictured the death bed scene in a mountain retreat, the funeral, the temporary tomb, etc. Holland, together with other cities, mourned the death of General Grant and on the day of his burial all business was suspended. Your editor remembers it was a rainy day and for that reason the memorial exercises were held in the largest edifice in Holland—the big pillars." One of the features of the day was the firing of a salute from Holland's Civil war cannon. This cannon was placed on top of a hill on Cedar St., now College Ave., the top of this hill was what is now College and 11th St., then nothing more than a winding sand road with the hill in the street. Evidences of this hill are still there in the deep cut upon which the old Slaght homestead stood, recently torn down. Relative to the memorial service we take extracts from the News files from at least two pages devoted to this large gathering. The day dawned beautiful and preparations had been made to hold the services in Hope College grove (now college campus) but a heavy thunder storm lasting for hours changed these plans and the church mentioned above was substituted. The interior of the building had been shrouded in mourning as had the other big churches and the town buildings. Mayor Rokus Kanters was president of the day. Rev. Charles Scott, president of Hope College, made an impressive and patriotic prayer. Hon. M. C. Burch of Grand Rapids delivered the oration, emphasizing the late general and glorifying the late president. It was a touching, appealing address given in full by the News, his last words being:

"One of the few immortal names that were not born to die."

Proceeding the gathering in the church there was a memorial parade that slowly wound its way over "Main" St. to the church. The A. C. Van Ralste Post, G.A.R., in charge of Lieut. John Kramer (father of Otto Kramer, local banker) were present in large numbers. The "Dar Huff Martial Band" was in the line playing the dergs with muffled drums. The address in the Holland language was given by Rev. John Vander Meulen of Eindhoven. The music for the occasion was under the direction of "Dunee" Gilmore. Places of honor on the platform were assigned to the mayor and ex-mayors, president and faculty of Hope College and the press of Ottawa county. During the exercises the bells in all church towers in this city tolled until the close. The Holland canon (space forbids telling its history) now gave a salute of 13 guns at sunrise, fired every half hour afterward until midnight and at sunset the cannon boomed thirty-eight times, which closed this most mournful day.

TWENTY-FIVE YEARS AGO TODAY

A lengthy petition signed by more than 100 names was read by the clerk pleading for a public bath (swimming pool) since so many drownings have occurred and the water in Black lake and river are none too clean. The necessity of a public swimming place and a small field for sports was insisted upon and the baths built at Belle Isle Park were used as an example, not for size, but to follow as a model. The matter was left to the ways and means committee, where it died a natural death. Note: No P.W.A., no matching money, no B.I., no swimming pool.

Mr. and Mrs. A. Franke, Mrs. Mary Tardiff and son, Calvin, F. Graham and Viola Franke had a narrow escape from drowning in Black lake. Without warning an unknown launch displaying only a dim light came toward the rowboat occupied by those named above and struck it and the small craft was overturned, throwing the occupants in the water. Mr. Franke grabbed the launch rail and with the launch occupants, pulled the others out of Black lake as they came to the surface. Mrs. Franke sustained a broken leg. The launch owner stated that the clutch failed to work and the steering gear was crippled. Note: otherwise everything was all right. "Cal" Tardiff must have got off with a mouthful of lake water only for he is still running a laundry on West 17th St., 25 years later.

James De Young, superintendent of the Holland Board of Public Works, has resigned his position to take the superintendency of the Michigan Power Co. The News gives Mr. De Young full praise for his able management. Note: He, with Mrs. De Young, moved to Owosso, Mich., but returned to Holland some eight years later and is now president of the same Holland board where he was superintending before. For years he was manager of the Home Furnace Co.

In an editorial the News asks that the movie theatre be called the Knickerbocker. It was named that for some years.

Rev. Matthew Kolyn, D.D., pastor of the Second Reformed Church of Grand Rapids, was elected to the chair of church history in the Western Theological Seminary. Note: His widow still lives on West 18th St.

With a record of 2,000 dogs killed within 18 years, Holland boasts of having a most vigilant poundmaster in Peter Verwey and the dog population has been reduced from an average of 1,500 to an average of 300, according to the license tags sold. The first year of active service Verwey reaped a rich harvest for all dogs not properly tagged or found without muzzles during "dog days" were executed and the files show that year there were 700 of them sent to the "happy hunting grounds." Soon all dogs in the city knew Verwey and hated him. They would follow him down the street in droves barking at a safe distance. He always carried a .38 and the dog never survived one shot from that cannon. Verwey was bitten more than fifty times without ill effect but despite this fact, handled the worst dogs in the city. One dog shot was valued at \$75.00 but the owner simply wouldn't live up to the dog law and "dogs is dogs" with Verwey. Verwey got 75 cents per dog dispatched and he was always returned to office by the common council. Note: The old man, Peter Verwey, still lives. He is all crippled up with rheumatism and can hardly see. Every Friday morning

Man from Cairo Will Occupy Hope's Pulpit

DR. SAM ZWEMER, EDITOR
OF "MOSLEM WORLD," IS
SPEAKER OF NOTE

Next Sunday morning, August 18, at 10:30 o'clock, Rev. Samuel M. Zwemer, D.D., LL.D., F.R.S.G., will preach in Hope church. Dr. Zwemer is a graduate of Hope college and of the New Brunswick Theological seminary. For years he served as a missionary to Arabia which he and Dr. Cantine opened as a field for Christian missions under the Reformed church in America. Later he went to Cairo, Egypt, to serve in a larger field under the Presbyterian board and establish an anti-Mohammedan press, the chief publication of

which was "The Moslem World," a magazine of which he still is the editor.

Dr. Zwemer is an author of note. A partial list of the products of his prolific pen is the following: "Arabia, the Cradle of Islam;" "Christianity, the Final Religion;" "The Glory of the Cross;" "Thinking Missions with Christ;" "The Moslem Doctrine of God;" "The Moslem Christ;" "The Call to Prayer," etc., etc. His new book, "The Origin of Religion," is now going through the Cokesbury Press of Nashville, Tenn., and will prove, from advance reports, to be his most interesting contribution to mission literature.

Dr. Zwemer is now professor of the history of religion and Christian missions at Princeton Theological seminary. He is fully restored to his pristine health and vigor, and exhibits his old-time verve and oratorical fire. There is scarcely a great religious or academic center in Europe, Asia or America where his oratory has not moved the masses. The subject of his sermon Sunday morning will be "The Sons of Martha."

Dr. and Mrs. Zwemer, the latter also an author of interesting books, are spending a part of their vacation at the residence of Misses Henrietta and Nellie Zwemer, 353 Central avenue, Holland.

he calls for a Holland City News, which his wife reads to him. Verwey resigned as "dog catcher" several times but the "city fathers" would not think of letting him go. At last age and illness made him going imperative. By the way, it is "dog days" right now and the "dog muzzles" are still on the statute books. Have you seen a dog with a muzzle on and do the hardware stores carry them? A dog with his "muzz" covered has not been seen here in years. Possibly the ordinance was repealed? We must tell Huitzer, the "bard" of the council, about that and he can "give notice" to the aldermen of a proposed canine law, together with a traffic, a laked goods and a milk ordinance—the latter now being in a curdling stage—or has it been in one of those new fangled electric ice boxes well preserved?

FIFTEEN YEARS AGO TODAY

A truckload of milk from Crisp, northeast of Holland, rolled over into Grand river when en route to Muskegon. The driver was nearly drowned, but exhausted, climbed up the bank. More than 300 gallons of milk made the stream "a milky way" and must have surprised the fish. At least 150 gallons were salvaged from the wreck.

George Manting, a young Holland man, is in a dangerous condition at Holland hospital after an operation for appendicitis. He was at Port Huron at the time but was hurried home. Note: Well, George survived, we are glad to say. What beats us—we have seen George almost daily for 15 years, and never was aware that George wasn't all there. Those doctors are shrewd subtractors anyway.

Rural letter carriers Gerrit Rutters and John Woldering of the Holland postoffice handled 53,754 pieces of mail on their routes during July. Rutters handled 30,375 pieces, Woldering 23,379. The total weight of the mail carried was 8,748 pounds. The carriers have the route which includes the resort district, which adds very materially to the mass of mail during July.

Mrs. Henry Geerlings died at the age of 75 years at her home on East 12th St. Her husband, a local storekeeper, died 10 years before. For some years he conducted a flour mill in this city on River Ave. The first mill was a "wind mill," the same as in the old country. The survivors are two sons, Henry Geerlings, banker and often mayor of Holland, and Jacob Geerlings, local postman.

Delbert Fortney is a candidate for sheriff on the Republican ticket. Note: We could fill a whole newspaper with notes on him, but space forbids.

HOLLAND SCHOOLS OPEN MONDAY, SEPT. 9

Tuition charges in the early elementary department of Holland public schools for children outside the city limits will be \$4.00 next year instead of \$6.00 as was charged this year, the board of education decided Monday night.

The new figure represents the approximate cost per child in the lower grades through the sixth, Supt. E. E. Fell said. Mrs. Neil Vander Meulen was re-engaged as trustee officer at \$12.50 a week. School opens this year Sept. 9, a week after Labor Day. This rule has been in vogue for three years now. It is a fine change, enabling teachers and pupils to spend the last holiday of the season unhampered and also extends the resort season a week.

REPORT DAMAGE TO EARLY CELERY CROP

The tanish plant fly is causing a great deal of damage to early celery farmers in this district, making it necessary to plow up all fields that have not been sprayed for this pest. This is the first year that the fly has done any damage in this district.

The fly does harm by sucking the juices out of the joints and the heart of the plant, making the plants unfit for market. College specialists from East Lansing have demonstrated that the fly can be controlled by a spray of lime and sulphur and other new sprays.

The loss in Kalamazoo and Deatur celery districts has been very heavy but it is believed that present sprays will help the late crop.

MAYOR WANTS TO HASTEN WORK RELIEF PROJECT

This Thursday evening Mayor Bosch is presiding over a meeting having to do with P.W.A. projects, which, it is hoped, will provide work for those still unemployed, within a very short time. The latter part of August, Thursday, the 22nd day to be exact, some projects should be in progress to do away with this demoralizing dole system, which has brought about a number of slackers and is reflected unkindly on the innocent and deserving who need help.

The mayor wired Col. Floyd Evans of the state aeronautics board to assist this evening with the airport problem.

Those who are attending this meeting this, Thursday, evening, are William M. Connelly of the Chamber of Commerce, J. R. Bultman, streets; Alderman Al Van Zoeren, recreation. The mayor felt that something must be done and that quick. Jobs must be provided, according to the government, who need work. There are several small projects such as tulip planting and the regular routine work, finishing up of the sidewalks, but bigger projects such as have already been enumerated in the News, must be started at once, and there should not be any delay until snow flies.

DISMISSAL OF DYKHUIS UPHELD; WAS FORMER HOLLAND SHERIFF

The dismissal of Hans Dykhuis as an employee of the Grand Haven filtration plant was upheld by the city council following a hearing which was held at the city hall last night.

Mr. Dykhuis was represented by his attorney, Howard Fant, who presented the case of Mr. Dykhuis on the claim that he is a Spanish war veteran and therefore could not be dismissed without a hearing wherein the reasons for dismissal must be presented.

Charles E. Mincer, city attorney, presented the reasons for dismissal under former City Manager Peter Kammeraad. Among them were economy, wherein the force was cut down at the plant; that the employment of Mr. Dykhuis was only temporary and that written notice for a hearing was not filed within 30 days.

Under the city charter the city manager has the sole right to dismiss a city employee, but under the veterans' act of the state a dismissed employee, who is a war veteran, is entitled to a hearing.

Mr. Fant states that Mr. Dykhuis was injured at the filtration plant several months ago and was forced to be absent from the plant for some time. He fully recovered and went back expecting to take up his job again. He was informed by the city manager, Peter Kammeraad, that his services were no longer needed. Mr. Dykhuis was at one time chief of police for a short term here, and later became sheriff of Ottawa. His father, living on West Ninth street, was also sheriff. He was also employed by the Holland board of public works.

Mrs. Gill J. Van Hoven and children of Zeeland, are spending a few days in Holland, the guests of Mr. and Mrs. Adrian Moes and Mr. and Mrs. Harold Derks.

Miss Julia Vander Hill, daughter of Mr. and Mrs. James Vander Hill and Melvin Van Tatenhove, son of Mr. and Mrs. John Van Tatenhove of 24—West Fifth street, were united in marriage on Tuesday afternoon at the home of the bride's parents, 176 West Twentieth street, with Rev. L. J. Vander Hill, brother of the bride, officiating. The ceremony took place before an altar flanked by large baskets of gladioli and garden flowers were used to decorate the other rooms. The bride was gowned in an informal Schiaparelli model of rough brown crepe with shoulder corsage of gardenias. Immediately following the ceremony a reception was held. Mrs. Len Overbeek was in charge, assisted by Misses Irene Overbeek, Lois Van Faassen, and Mrs. Jay Prins. The couple left on a wedding trip to Grand Traverse bay and on returning will make their home at 176 West Twentieth street. Mr. Van Tatenhove is the proprietor of Van's Candy Co., in Holland.

Zeeland To Hold An Election September 10

WILL ENDEAVOR TO SUB-
STITUTE PRIMARIES FOR
CAUCUS SYSTEM

Despite the fact that Zeeland has been a city for a good many years, it still has retained the old-fashioned caucus system, in vogue in Holland 25 years ago. Every year this caucus business brings bad blood, creates factions and packs caucuses. Tickets are called either Republican, Democrat, Citizens or some other convenient name. Voters voting at one caucus are often seen sneaking into the second caucus and it brings a disturbing condition lasting long after the election.

The good and sober-minded citizens got together and through petition brought about a second election that is to be held Tuesday, September 10, with voting from 7 a. m. until 6 p. m. at the city hall in Zeeland, when it is proposed to vote on a charter amendment to do away with the caucus system and bring into vogue a non-partisan primary system such as we have in Holland.

There is a stipulated day for candidates for the respective city offices to file their names, there will be a regular primary ballot printed containing all these registered names, the voters can have their choice by going to the election precinct, receiving his or her ballot, entering the booth and casting their votes secretly for the city candidates of their choice. Like in Holland, undoubtedly there will be no choice on certain candidates and these will have to be voted on at a later election as we do here. Republicans, Democrats or Citizens tickets "will be out" and it surely will bring the Zeeland city election methods in better shape where a real choice of the voters can be made without the packing of caucuses and parliamentary tactics.

The election notices are now legally being printed, setting forth the entire system. These are now being read by the voters of Zeeland.

The notices are signed by City Clerk J. Van Volkenburg and drafted by the city attorney, Jarrett Clark, and passed on by the common council. The primary system in Zeeland, if primaries are desired, are drafted in accordance with the state law and our neighbors will find out after the first try that it will never go back to the old-fashioned caucus system.

Holland was under that system since its founding up to a quarter of a century ago and your editor has attended many where there were plenty of argument and word battles, and the lie was passed off. Also not a few in which many bloody noses were in evidence, augmented by more personal damage after the caucuses had been dismissed. The Holland City News does not wish to meddle in our neighbor's affairs but our thought is that at least in city affairs the nonpartisan primary system is by far the fairest and most sensible way of electing candidates for city office where there is no room to incalculable party lines. After all, partisan politics should not enter into city affairs. It is far better to get the best qualified man for the office voted on, regardless of what party he is affiliated.

ZEELAND ROTARIANS HOLD BIRTHDAY PARTY AT "MAC"

The Rotary club of Zeeland held one of its regular birthday parties at the cottage of Mr. and Mrs. John A. Van Klei on Big Bayou on the north side of Lake Macatawa Wednesday afternoon and evening.

The hosts at the party were Dick F. Boonstra, Harry Derks, John A. Van Klei, Walter Wierenga, John H. De Pree and Leon Kleis.

A state-wide plan for testing cattle in Michigan for Bangs' disease was placed in operation very recently. The plan is being carried out under the agricultural adjustment act. Under present arrangements the project may not be continued beyond January 1, 1936.

Any herd owner in Michigan who applies for the test and signs an agreement to carry out certain provisions may have his herd tested free of charge. When reactors are found additional tests will be made without cost to the owner. As many as four tests may be made. When the herd is found disease-free upon the first and second test no further tests will be made.

Indemnity is paid upon reactors, but only in those cases where the test is made by proper representatives of the department. All reactors must be marketed for slaughter. Indemnity is not to exceed \$50 per animal on registered stock and not to exceed \$25 on grade females. The indemnity plus the salvage is not to exceed the appraised value.

Waukazoo Inn, on the beautiful bay on the north side, will be in the height of fashion, especially on Saturday evening when the third annual fashion show will be staged, when the latest hats and gowns are to be on review at this popular hostelry.

Gowns of the latest models, worn by the best models, will be shown to advantage. The style parade will be featured directly after the dinner-dance, and the latest creations in afternoon, dinner and evening gowns will then be shown.

There will be many side-lights in this interesting style exhibition. Fall suits, sport clothes and cold weather garments will be given a prominent place in this style array. Together with the gowns there will also be featured the latest styles in hats, in fact, the very latest in my lady's headgear will be worn by the models who pose in this review.

The local firms in charge of this elaborate showing of styles are the Kruijsenga Vogue shop of West Eighth street, and the Jeanes shop on Central avenue.

The chairman of the show committee is Mrs. Berthold A. Cromson of Chicago. Publicity for the affair is in charge of Miss Ann Jackson.

How To Get A "Rise" Out of Us

There's one question that never fails to get our dander up. It's This:

"Are You Making Any Loans?"

Of course we are—that's what we are in business to do. Deposits are accepted by us with the full understanding that we are custodians of the money entrusted to our care. The safety of these deposits is our first consideration—but we DON'T HOARD THAT MONEY! A portion is loaned out to worthy individuals and firms for the development and betterment of the Holland area. That's our way of being an asset to the community.

The truth is, that from January 1 to June 30 this year we made 1,052 SEPARATE LOANS, TOTALING OVER \$200,000. Those were NEW loans—exclusive of renewals. Even more significant is this fact:

According to our last examination by the State Banking Department we have NOT A SINGLE LOAN classified as either "doubtful" or "loss!"

A NEW GASTRONOMIC STAR ARISES

This Friday morning a new star has arisen on the business street and the grand opening is occurring today. The name of this new eating house is the "Star Sandwich Shop," at 19 East Eighth street. The building has been going through the remodeling stage for some time to accommodate this cafe.

The appointments of the new

shop are not only attractive but cozy and pleasing, indicative of the workmanship of the Holland artisan.

Mr. and Mrs. C. Conington, who have been residents of Holland for a short time, are in charge of the new place and boast of the fact that everything connected with the new enterprise, including the labor, is Holland purchased.

The proprietor is rather of a poetical turn of mind for in his several announcements he rhymes as follows:

Queer Freak of Lightning, But Hits No One

ALLEGAN HOME COMPLETELY ENVELOPED IN ELECTRIC BOLT

Fire Chief Maents of the city of Allegan reports a freak lightning performance in a home there Tuesday afternoon which miraculously caused no loss of life nor did it result in any fire. He and his "fire laddies" were that afternoon called to a residence at corner of River and Cora streets owned by Fred S. Updyke and occupied by Fred Sherwood, employed by Mutchler Coal Co. During the sharp electrical storm lightning struck the house and seemed to cover it. According to Mr. Maents, a neighbor of the Sherwoods was working in an adjoining garden at the time. This man told the chief that as the flash came balls of golden fire appeared to envelope the building entirely. Mrs. Sherwood and a brother were listening to a radio in the living room. They state that lightning seemed to be all about the room at the time. Havoc resulted as far as the building was concerned. Windows were shattered on both floors and a hole about the size of a bushel basket was torn in the roof close to one of the chimneys and bricks were scattered about the bedroom beneath this portion of the house. Neither Mrs. Sherwood nor the brother were seriously harmed though one of the man's arms and one side of his face were numbed by the shock. Chief Maents advances two theories as to how the lightning entered the place. In his opinion it either gained entrance over the radio wires (there being no lightning arrester) or through the hole in the roof and apparently it crashed out through the electric meter in the basement as this was completely demolished. Lightning does its devastating work so rapidly that its course is always more or less a matter of guesswork but Mr. Maents leans to the theory of the radio wires supplying the medium for entrance. He stresses the necessity for installation of arresters on all such as a safeguard against fire or other damage or possible serious injuries or even death by lightning. He estimates that about \$50 in damage was done the property. Mr. Updyke was carrying \$1,400 insurance on the building.

ONIONS BADLY DAMAGED

Onions in Allegan county have been badly damaged during the past week by intense heat and moisture. Tops in many fields have been nearly cooked and it is estimated that there will be less than a 50 per cent harvest. Onions on real low land were damaged more than those on better drained ground. Reports have reached here from Marshall that many of the onions there have also been badly damaged and that the crop output in the entire state will be greatly reduced.

Miss Witcop is suffering from a fractured skull, fracture of both arms and one leg and severe lacerations.

OTTAWA COUNTY AGENT REPORTS GOOD CORN STANDS

Weather conditions, while excellent for garden crops and fruits, according to Leo A. Arnold, Ottawa county farm agent, are causing grain growers considerable worry. The great humidity of the past month has caused wheat to burst. In some cases where it has been stored before thoroughly dried out, excessive heat generated in the bin by moist grain has destroyed its value.

It was reported recently a large shipment of Ottawa county wheat was rejected by a Grand Rapids consignor by reason of high moisture content. Mr. Arnold said. Stacking grain and allowing it to dry out instead of leaving it lie in the field until threshers came along, a practice safe enough under normal weather conditions, is recommended and would result in less loss.

Oats were also affected much the same as wheat and if moisture is allowed to remain, grains will burst or sprout.

Mr. Arnold reported many fine stands of corn in Ottawa county with considerable quantities maturing at present. To have full benefit from the corn crop planted in the county, good weather during September without any frost will be needed, he said. Excessive moisture in hay had also created a danger where farmers pile wet or green hay in their barns. It should be allowed to dry as much as possible before storing as wet hay creates conditions favoring spontaneous combustion.

Ottawa Valuation is Set at \$45,286,000

The state tax commission has recommended a valuation of \$45,286,000 be placed on Ottawa county this year for assessment of the state tax. This recommendation will be acted on Aug. 19 at a meeting of the state board of equalization. The tax commission's figure is \$900,000 less than the valuation the state placed on the county in 1934. If accepted, Ottawa county will pay \$681,229.77 per cent of the total state tax.

Compared with local figures on the county's assessed valuation, the state value is about \$1,500,000 higher than the totals as assessed by city and township assessors. The total for local units is \$43,782,765 this year but the board of supervisors, in equalizing at the June session, scaled it down to \$39,870,527. Ottawa county's total assessed valuation for 1934 was \$48,999,409 or \$246,664 more than the total assessed locally for 1935.

Names of the couples and the number of years of their wedded lives are: Mr. and Mrs. Henry J. Dykhuys, 64; Mr. and Mrs. Richard Dornbos, 62; Mr. and Mrs. Dick Riemersma, 61; Mr. and Mrs. John VanderSchel, 60.

Nine of the ten are natives of The Netherlands. Mrs. Dykhuys was born in Grand Haven.

Ottawa county's newly appointed welfare commission will hold its first meeting Friday night at 7:30 in the city hall. Charles F. Wagg of Grand Rapids, field representative of the state welfare administration, called the session. Business for the first meeting will be the organization of the commission. Members appointed by the state welfare commission and approved by Gov. Frank D. Fitzgerald are James De Young of the city; Joseph W. Eaton of Grand Haven; Kenneth S. Karsten, son of Mr. and Mrs. Stephan Karsten of 219 West Twentieth street, left Tuesday for Nevada where he has accepted a teaching fellowship at the University of Nevada.

A Rare "Find" in Black Walnut

(Saugatuck Commercial Record)

The David-Dick Studio, Saugatuck's woodware shop being operated by Francis and Darthea Owen, has just acquired a stock of black walnut with a very interesting history. The trees from which this lumber was cut grew in the vicinity of Saugatuck some of them being over 100 years old at the time of cutting, about 80 years ago. The logs were sawed into boards in the "lost town" of Singapore (the saw mill town covered with sand dunes) on the lake front, and piled up to season in a local lumber yard. After about 20 years nearly everyone had forgotten all about the walnut and someone in the lumber yard sold the whole pile to the late George Goshorn for roofing boards, believing it to be hemlock. When the error was discovered, Mr. Goshorn returned the walnut to the yard, where it was "lost" again for about 30 years. In the meantime the yard changed hands and the lumber was again sold, this time as cherry. The purchaser, Mr. Harry Fort, soon discovered his good fortune in getting this rare old wood, much of it in widths not now obtainable. He used some of it in the building of boats and the remainder has been purchased by the David-Dick Studio, where it is being manufactured into wooden tableware. Incidentally, the shop where it is being manufactured is located on property which once belonged to the late Mr. Goshorn.

215 WILL TEACH RURAL SCHOOLS

Allegan county's 169 schools in rural districts, with the exception of those in communities where Labor Day observances are planned, will open the first Monday in September with a staff of 215 teachers, Arthur Kaechele, county school commissioner, announced today.

On that day there will be more than 9,263 children go to school, according to surveys made last year, which listed that many pupils. The present year's census is now under way and the number of children of school age is expected to show a slight increase.

The eight high schools in the county are expected to open on the first Tuesday in September, the day after Labor Day, and several thousand students will attend these.

Mr. Kaechele, who has been attending summer school, returned to Allegan and took over complete charge of the commissioner's office Monday. He will be at that office from now on.

LONDON WRITER LAUDS HOLLAND AND GR. RAPIDS

Holland and Grand Rapids are pictured as "happy garden cities" by Shane Leslie, writer in the London times, according to a clipping sent here by Otto G. Kan, former resident and worker at the Holland Sugar Co.

Leslie presents in his article a panorama of a tramping trip in Michigan, picturing this city during Tulip Time when "the whole town became a replica of what European Holland is."

OFFICIALS HOPING TO GET ERA FUNDS FOR COUNTY WORK

White collar re-employment projects proposed for various county officers by Fred Den Herder, deputy treasurer, formerly of Holland, who has lined them up the past few weeks, were turned over to the board of supervisors' finance committee with power to act. The first project actually lined up was a card index system for recording delinquent tax payments. Labor furnished by the county ERA would do the work and the county would not have to spend in excess of \$150 for the files and cards. Mr. Den Herder said. He thought about four workers could complete the job in three or four months.

William Wilds, county clerk, announced completion of a small job of classifying naturalization statistics in his office and hoped to obtain additional labor for new recording of births and deaths. County birth records are absolutely accurate for the past 25 years and date back to 1878. Marriage records, he said, date to 1848.

Other "white collar" projects are in prospect for the registrar of deeds, health unit, and probate office. Charles Vander Hall, works division director, explained the new WPA setup to supervisors and told something of the problems the relief organization is facing. All present projects terminate Aug. 23 and must be rewritten under the WPA, he said, unless they are going under the PWA. He said there had been 117 projects listed in the county to now and several more in sight. Projects from Holland seemed to be at the zero mark.

Judge Fred T. Miles will attend the reunion Saturday afternoon of the Crocker Township school, where he taught in 1899. Several old teachers and pupils have been invited to attend. Saturday morning the judge will be in Grand Haven to hear several matters in circuit court.

Stockholders of the National Farm Loan association, co-operative farm financing agency, held a picnic at Allendale Tuesday. The association is sponsored by the federal government. Henry G. Straight, Grange officer, spoke, as did N.F.L.A. officers from the district office of St. Paul. A. H. Stegenga, secretary-treasurer of the Ottawa county unit, gave some information which he gained last week during a stay at the district office.

The Rev. and Mrs. Nelson Van Raalte and daughter, Donna Mae, left this morning for their home in Troy, N. Y. They spent a month's vacation with Rev. Van Raalte's parents, Mr. and Mrs. Albert Van Raalte, 182 West Fourteenth street, and with other relatives in Grand Rapids and Grand Haven.

City Attorney Elbert Parsons was in Lansing Wednesday to attend a meeting of other city attorneys in the state. The Donnelly-Kelly Glass Co., 50 River avenue, has filed application for a permit to remodel the interior of its office at an estimated cost of \$500. Martin Low, 376 West Twenty-first street, has asked for permission to build an addition to his garage at a cost of \$100.

Miss Beatrice and Raymond Boot have returned from Chicago where they had farewell to their sister, Miss Ethel Boot, who leaves August 17 from Seattle for a short term missionary period among the Chinese. Their brother, Eugene Wilbur Boot, who recently arrived from China, returned to the city with them and will enter the high school here in the fall.

A daughter, Yvonne Ione, was born to Mr. and Mrs. Andrew J. Johnson, 148 West Nineteenth street, on August 8.

FORMER HOLLAND MAN GOES EAST

Rev. Raymond B. Drukker, pastor of Trinity Reformed church, Grand Rapids, left this week for New York to take charge of national young peoples' work for his denomination, in his farewell sermon Sunday urged his congregation to "remember Jesus Christ as the way to living, the way to God and the way to truth."

"The way to living is not mere existence," he said, "but it means aliveness, being awake to life's opportunities, being conscious of the needs of the Christian world and alert to the power of a Christ-filled life. We have failed life because we have failed to remember Jesus Christ in our every relationship in living."

The two choirs of the church, directed by Peter Smith, provided special music. Junior College Trumpeters were on the musical program. Dr. P. J. Kriekard, vice president of the consistory, gave a testimonial of appreciation to the departing pastor and his family. Mr. Drukker was born in Holland, graduated from Holland high and was the son of the late Rev. D. R. Drukker, once pastor of 14th street Christian Reformed church.

JOE SAVOLDI WINS MATCH AT HOLLAND

Using his famous dropkick which incapacitates most of his opponents, "Jumping Joe" Savoldi, ex-heavyweight wrestling champion, won a match over Pat Reilly, hair pulling and crab hold artist from Boston. Savoldi won the first fall in less than 15 minutes and Reilly had to be carried to the dressing room. He was unable to return for the other two falls, much to the joy of the fans who dislike Reilly for his bad habits.

YOUNG ROOSEVELT HERE

Elliott Roosevelt, son of President and Mrs. Franklin D. Roosevelt, and his wife and daughter, passed through Holland Friday afternoon, without the knowledge of citizens of this community. W. Goggins, mother of Mrs. Roosevelt.

Oratorio of Great Merit at Castle Park Tonight

The amphitheatre at Castle Park will be the setting for another delightful cantata this Friday evening at 8 o'clock when Longfellow's "Evangeline" with music by Noble Cain will be presented. Mr. Arthur W. Vischer of Holland will sing the soprano solos, while Mr. William Vander Veen of Holland will sing the baritone solos.

A similar cantata called "Snow Drop," presented last year in the amphitheatre, was received with such pleasure that many requests have been made for another such performance. Longfellow's "Evangeline," with its stately lines and woodland settings, seemed particularly adapted to this beautiful outdoor theatre. No admission will be charged but a free-will collection will be taken to cover the cost of music and production. Everyone is cordially invited to attend this performance.

The tableaux will be staged by Mrs. Duncan Forbes of Castle Park and Chicago. The poem will be read by Mr. George Palmer of West Springfield, Mass., the resident pastor of Castle Park for August.

Folk dancing will be under the direction of Mrs. Jack Tarbell of Castle Park and Cincinnati, while the Misses Avica and Rosamund Dargan of Castle Park and Chicago will be in charge of costume and scenery.

Mrs. J. S. Vennell of Castle Park and Grand Rapids will play the violin obligato. Della Vail Borders, Tennessee Beach and Kansas City will play the cello accompaniment. Richard Irwin will play the saxophone.

Miss Mildred Eakes, professor of theory at the Cincinnati Conservatory of Music, a guest at the Castle, will be at the piano.

The chorus will be directed by Mrs. Helen Reed of Castle Park, who is the director of the Woman's Glee Club at the Illinois Woman's College, Jacksonville, Ill.

Among the sopranos are: Miss Hermann of Holland, kindergarten teacher at Castle Park; Mrs. Jeannette Kremer of Holland, late of the Chicago Cosmopolitan School of Music; Mrs. George Palmer, Castle Park and West Springfield, Mass.; Miss Marion Barber, Castle Park; and Winnetka; Miss Joan Elliott, Castle Park; Mrs. Roy Noble, Castle Park and St. Louis; Mrs. Franklin Leach, Castle Park and Cincinnati; Mrs. Jack Tarbell, Castle Park and Cincinnati.

Misrepresents Himself to Secure Berries, is Sentenced to Jail

Edgar Strickler, 25, Muskegon, was sentenced to from 30 to 60 days in the county jail by Justice Peter Verduin at Grand Haven following the arraignment which charged false impersonation and acceptance of property deemed larceny. The defendant pleaded guilty to receiving money on false pretenses which the charge involved.

He confessed to Sheriff Ben Rosema that he had received 41 crates of berries saying that they were for consignment to a Chicago commission house, which he sold in Muskegon netting him about \$30. He told the officers that he contacted several farmers near Coopersville, representing himself as employed by the commission house to secure produce for his company. He promised the farmers that he could get \$3.00 a crate for red raspberries and \$2.50 for black caps. On July 29 he sent 30 crates out and then returned in two days to ask if they had received checks. He was told that no money had been received, but he assured the farmers that the money would come and secured more berries. Two days later he returned again but by this time the farmers became suspicious and reported him to the sheriff's department.

When questioned by the officers he said he had a wife and family who were actually starving and that as there was much food in the world he determined to get a part of it for his family.

Investigation showed that he had no children, that his wife was not at home and that he had used the funds to purchase some furniture, a radio and other articles including a small amount of food.

Descendants of the Broekman family will hold their seventh annual reunion Aug. 15 at Johnson Park, Grandville. The program will feature brief addresses by Rev. Edward Tans and Rev. J. B. Dehaal, and a historical report by Rev. Nicholas Boer of Grand Rapids. Sports have been arranged. The Broekman family held its fifth annual reunion at Riverside Park, about 130 attending. Officers elected: President, Herman Brower of Holland; vice president, Benjamin Brower of Holland; secretary, Mrs. G. H. Koolker of Holland; treasurer, Mrs. James Lohman of Hamilton.

Third Reformed Sunday school are holding its picnic today at Tunnel Park. The program includes diversified sports and a basket picnic.

A Thoughtful Legislature has made an earnest effort to lighten your tax burden

EVER since the immortal Gettysburg Address, the accepted standard for American government has been "of the People, by the People, for the People."

This applies to the matter of taxation no less than to other functions of government.

So it is entirely natural that the Legislature of Michigan has had the People of this great state in mind when it has taken certain measures to lighten the tax-burden of our citizens.

It is now the part of good, loyal, co-operative citizenship for the tax-payers of Michigan to take fullest advantage of the provisions that have been passed for their benefit.

Not only has the Legislature made generous concessions in the matter of interest and penalties, but it has also pro-

vided a convenient plan whereby taxes for 1932 and prior years may be paid over a period of time. There are indeed few tax-payers who can not now protect their homes by paying their taxes.

You can now pay up this important obligation just as you pay for a home or an automobile or furniture; putting aside a little each week or month, and then making an annual payment equal to one-tenth of the amount of your delinquent tax. On the ten-year plan you pay only a small carrying charge for this privilege.

Get in touch with your County Treasurer right away. He is prepared to accept payment of your back taxes either in full or on the ten-year plan. Bring him your old tax bills or the legal description of your property. But don't wait until the last-minute! Act now and avoid the last-minute crowds.

BY ORDER OF THE ADMINISTRATIVE BOARD.

John J. O'Brien, Auditor-General.

Charles A. Tamm, Governor.

HAMILTON NEWS

The local Independents, after taking two games last week from the strong Allegan Independents, and the Holland Pure Oils, dropped a double bill in favor of the Zeet Fuels and Virginia Parks by 4-to-3 and 3-to-1 scores. Both games were hotly contested and were won by the breaks of the play. Wentzel on the mound for the locals in both games, although pitching in good form, showed signs of being overworked. Nevertheless, he held the Zeet Fuels to 4 hits, but gave 5 free passes, an unusual thing for the Hamilton ace. His teammates, however, were also held to 5 hits by Borgman. Three of the local's hits were bunched in the fourth for three runs. In the second game the splendid pitching of Cook, who held Hamilton to 2 hits, spelled defeat. Hamilton's lone score came in the last inning on a double and an error. Although the Parks secured eight hits Wentzel was able to keep them scattered so that all their runs were unearned. The team is composed largely of

youngsters, who are working hard and have won a good percentage of the 18 games played during the season against strong opposition. With some more experience and confidence they will develop into one of the strongest teams. Watch for the next games and let's help the boys.

SUNDAY DINNER Suggestions

By ANN PAGE
GRAPES are the news of the food market — including Thompson Seedless and red Malagas. Put them in the fruit bowl, in fruit salads, fruit cups or desserts along with nectarines, plums, peaches and Bartlett pears.

Onions and cabbage are once again cheap as are potatoes, carrots and beets. Sweet corn is coming to market in excellent condition and is low in price.

All meats but lamb are higher, pork much higher and beef and veal somewhat more expensive. Fine quality eggs are also much higher. Fish is attractive in price and variety. Butter and cheese are both reasonable and they are valuable foods, rich in health-giving elements, which could be used freely.

Three dinner menus at different budget levels follow.

Ford V-8 Ventilation

THIS is the season when Ford V-8 owners appreciate the all-around ventilation that adds so much to comfort on sultry days.

They find it a great relief to be able to flood the car with a refreshing breeze simply by turning the control handle of the windshield, conveniently placed in the center of the instrument panel.

The adjustable windshield, which you can open as little or as much as you wish, is just one example of the attention to comfort that is reflected in many features throughout the Ford car. There is a wide, screened ventilator in the cowl. The rear window in the coupe models can be opened, and complete, improved all-weather ventilation makes riding more pleasant in all Ford body types.

If it's hot when you accept your Ford dealer's invitation to enjoy a Ford Center-Poise ride, be sure to take full advantage of this all-around ventilation. Then when you get out on the open highway, and want to find out what the V-8 engine will do — there's no pent-up "stuffy" feeling to mar the thrill of V-8 performance.

a Reserve

FOR EMERGENCIES and OPPORTUNITIES

A strong reserve in a bank account is one of the finest things any man or woman can have. It is a wall of protection when trouble comes. It is the golden key that fits the lock of Opportunity.

Do not travel on the thin edge of danger, with only the earnings of one week or one month between you and what may happen. Get some of your income ahead of you—in your bank account. Then, if sickness, unemployment or some other misfortune comes, your account will be a cushion to break the force of it.

By making regular deposits in your bank account you provide a strong cash reserve for yourself and family.
