The 4-H camp held at Camp Pottawattomie near Grand Haven was divided into two weeks with different members attending each week.

Partial determination disclosed the payment of \$134,909.25 based on an estate amounting to \$2,595,726.07. Federal estate tax will exceed \$800,000, and state and federal taxes together will exceed the million mark.

## Outside Dairy Still Protests Inspection Fees

Charges that inspection fees were unreasonable and constituted restraint of trade were read before Common Council Wednesday night in a letter from Dairy Co-operative Creamery Co. of Carson City which petitioned council a few weeks ago for a license to distribute milk and milk products here.

The letter, signed by Fred Walker, secretary-manager, stated that the company believes the \$15 inspection fee per producer is unreasonable and is designed only to prohibit outside firms from doing business in Holland.

"We welcome inspections and are willing to pay reasonable fees comparable to your costs," he added.

Main argument at a previous council meeting was that \$15 inspection fees for more than 80 producer farms would work a hardship with the firm.

Council approved City Manager Harold C. McClintock's recommendation that the matter be referred to the city manager, city attorney and city inspector for study and possible ordinance revision, and report back to council.

Considerable routine business was disposed of at the meeting. DAV chapter No. 14 of Holland was granted permission to stage Forget-me-not day for the 24-hour period starting 6 p.m. Friday, Sept. 21.

A petition requesting that two lots on the southeast corner of 29th St. and Washington Ave. be rezoned from class B to class C was referred to the planning commission.

The city manager was authorized to proceed with the construction of necessary storm sewers on 23rd St. from Michigan to Maple Aves. before the street could be paved. He also was directed to submit the report on plans, specifications and estimate of costs for paving this portion.

The Board of Public Works was instructed to proceed with construction of proposed water mains in East 27th and 28th Sts. west from College Ave. in accordance with a resolution adopted Aug. 1. A suggestion from Ald. Laverne Rudolph that the drive-in mailbox on the west side near the post office be moved in front of the super market or theater to facilitate traffic was referred to the city manager for consulting with the postmaster.

The city manager was instructed to estimate costs for drawing up a new map for the city of Holland.

Two requests for funds for the Board of Public Works were approved. One was for 16,000 feet of aerial cable from General Electric at a cost of \$47,394 to serve as a tie line from the De Young plant to Fifth St. plant and to the substation at Bohn Aluminum. The other was for a \$2,224.82 addition to the Johnson-Larsen contract for the new addition.

An application from Charles Dams for a license to construct and repair sidewalks was approved.

City Clerk Clarence Grevengood reported two cemetery bonds for a total of \$2,000 had been presented together with interest coupons for \$45. The city treasurer was granted authority to issue a check for \$116,989.93 for current school taxes collected during this period. The clerk presented a report listing \$2,105.68 for sidewalk construction, and repairs and was granted authorization to turn over amounts to the assessor to be spread on the tax rolls if not paid within 30 days. Delinquent power, light and water bills totaling \$128.56 also will be added on the fall tax rolls.

Three cars were damaged and six persons hospitalized as the result of a three-car accident at 8 p.m. Wednesday on US-31 south of Holland in the vicinity of the drive-in theater.

The injured were taken to Holland hospital and four were discharged after treatment. Remaining there today were two drivers, Dennis Burton Kimber, 22, of 109 West 19th St., and Gerrit Dykman, 44, route 5. Others treated for lacerations and abrasions were David Boyd, 33; Roger Boyd, 2; Calvin Dykman, 12, and John Keuning, 42, all passengers in the Gerrit Dykman car.

South Haven state police said the crash occurred when Kimber, driving a 1951 convertible south on the highway, passed a truck and was unable to get back into the proper line of traffic.

The car hit the rear of another convertible driven by Elmer Wellin, 50, of Winnetka, Ill., and simultaneously crashed head-on with an oncoming 1951 model driven by Dykman.

The convertible driven by Kimber was almost completely demolished. The Wellin car was damaged to the estimated extent of about \$200 and the Dykman car was damaged to the estimated extent of about \$800.

## Holland Guards Arrive at Camp, Plan for Training

### 'C' Rations Served Twice to Troops In First Sessions

by Corp. Duane Rosendahl  
(Corp. Duane Rosendahl, company clerk of D company, once more is acting as special correspondent for The Sentinel, while the Holland unit is at Camp Grayling. Corp. Rosendahl is a graduate of Holland Christian high school and a senior at Calvin college.)

Camp Grayling (Special) — After approximately 11 hours of training riding Holland's own National Guard unit, Company D, arrived at Camp Grayling to begin their two-week training program. Company commander Russell R. Kemper, 1st Lt. Nevin I. Van Anroy, and 2nd Lt. Boeve and Shuten accompanied the railway contingent to the training site.

Before arriving at camp the Guardsmen were served hot "C" rations by cooks Sgt. Yff and Sgt. Schipper. "C" rations also were served upon arrival at camp. Sgt. Michelsen and Pvt. Geenen rejoined the company after they had attended the pre-camp mess school.

Trucks of Company D joined the truck convoy for the journey to camp. Drivers and their assistants, under the leadership of 2nd Lt. Buursma, were Corps. Bernard Rosendahl, Austin Walters, Lawrence Hettinga, Pfc. Stolman, Emerick, and Pfc. Buursma. Schulz and John Diemstra. Motor Sargeant again this year is Sgt. Richard Hansen.

Most of the first day at camp was spent in setting up camp and in general "getting ready" for the intensive training program that will begin on Monday. Weather for the first day of camp was very near to being ideal. Only a few well scattered clouds dotted the otherwise all-day blue sky.

Tomorrow (Sunday) will be spent in putting the fishing touches on the setting up of the camp. Church services will be attended by most of the company, and a recreational program will round out the day.

## Best Picnic Ever, Officials Report

"The best picnic we've ever had," Zeeland officials said today in describing the Zeeland Farmers day picnic held Tuesday and Wednesday.

Rain failed to put a damper on the activities, which were hastily changed to the Zeeland Coliseum, used through the courtesy of Adrian Komejan, after the rain continued throughout the morning. The picnic originally was scheduled for the Lawrence St. park.

While the Chicago entertainers performed at the Coliseum before more than 3,000 people in the afternoon and 4,000 in the evening, many other picnickers took advantage of the rides at Lawrence St. park. The rides were busy until midnight. The seats at the Coliseum were provided by the Heideuma Box and Lumber Co.

According to George Ven Peursen, Chamber of Commerce secretary, the co-operation of everyone was unusually outstanding, considering the handicap caused by the rainy weather. Crowds at the Coliseum were the best acting and most well-behaved of any crowd in previous years, he said. The entire program was well-accepted by the group.

Bert Walcott, of route 3, Zeeland was the winner of the registered Holstein bull calf. Walcott has nine head of cattle.

### Soliciting Lacks Okay

The Chamber of Commerce today warned merchants to be on the lookout for a man soliciting advertising for a labor union newspaper out of Detroit. The project has not been fully approved by the central trades union of Holland.

## Fire Department Plans Initiated

Initial plans are underway for organization of a fire department for the north side of Lake Macatawa in Park township. Probable site has been chosen and building plans have been made.

Herman Windemulder was appointed chairman of the project by township Supervisor Dick Nieuwma at a meeting Monday night at North Shore Community hall. About 40 men were present. Jud Bolhuis, chief of the south side department, outlined requirements and duties of firemen.

A committee was appointed to select 12 members from the list of volunteers. Harry Timbott and C. C. Wood represented the township board and were appointed by the board to select a truck and location of the department.

They announced that probable site would be property donated to the township by Jack Witteveen for fire department purposes. The site is located at the east boundary of Keewano Stables on the Ottawa beach road. Tentative plans call for a two-story building including a room for regular meetings of the volunteer crew.

## Fire Destroys Barn at Borculo

Borculo (Special) — Early morning flames Tuesday leveled the barn on the farm home of Henry Sall, northeast of Borculo, with an estimated \$12,000 damage resulting.

The fire was discovered at about 6:45 a.m. by Sall as he prepared to do the morning milking.

Destroyed among the barn's contents were six head of cattle, 250 chickens, a full inventory of hay and straw and several pieces of farm machinery.

The Borculo Fire department answered the call and was at the scene for about two hours. The building was in flames when firemen arrived. They concentrated efforts on surrounding buildings and saved all other structures.

Cause of the fire was not determined immediately. Firemen said it probably was either spontaneous combustion or faulty wiring. The Sall farm is located 2 1/2 miles north and one mile east of Borculo.

## Drownings Head List of Fatalities

### Frank Milewski, 53, Dies in Water Near Pier at Saugatuck

duty patrolling the beach. Bruce McAllister was the lifeguard in the tower, who sent the alarm to officials.

The large crowd of onlookers were held off with a rope barricade while attempts to restore life were underway on the beach. Official verdict of Coroner Vande Water was "death by accidental drowning."

Frank E. Milewski, 53-year-old local industrialist, was drowned about 4 p.m. Sunday when his motorboat was swamped by high waves on Lake Michigan just outside the breakwaters at Saugatuck.

He and his wife, Mazie, were returning to Holland after a picnic at Saugatuck when heavy seas swamped their 14-foot boat, throwing Milewski into the water. Mrs. Milewski told officers she attempted to start the motor to go to her husband's aid but was unable to control the boat in the choppy water. When the boat filled with water, she clung to it and finally got ashore with the aid of a life preserver.

She was taken to Douglas hospital for treatment of shock and was taken home Sunday night. Milewski's body was recovered within 20 minutes by Henry Hungerford and Keith Crow, both from Saugatuck, but efforts to resuscitate him proved futile. The water was 12 to 15 feet deep where the boat was swamped.

Chief Francis Caron and Glenn Bashon of the Holland Coast Guard station were called to Saugatuck and aided Sheriff Louis Johnson, Saugatuck police and Coroner William Ten Brink in the investigation.

Coast Guardsmen said the drowning occurred at almost the same spot where Frederick Ash, 35, of Douglas, was drowned a week before. That tragedy occurred when Ash and a companion went to inspect some fish nets and Ash was unable to swim a half mile to shore after the small outboard motorboat was swamped by heavy seas.

The Milewski have lived in Holland 26 years. About eight years ago Milewski took over the Lith-I-Bar Co. as president and general manager. The firm manufactures concrete machinery and has done a considerable export trade, dealing mainly with Canada, Ireland, England, the Dominican Republic and South America.

About three or four years ago, the firm took over part of the St. Louis Sugar Co. for the manufacture of machines. Previously the machines had been manufactured by IXL Machine Shop. The Lith-I-Bar Co. maintained offices on the second floor of the Sentinel building.

Milewski was born Dec. 4, 1897, at Danville, Ill., son of the late Mr. and Mrs. Walter Milewski.

Surviving are the wife; two sons, Richard Donald and Walter Frank of Holland; a daughter, Mrs. John M. (Mary) White of Salt Lake City, Utah, and three grandsons.

Albert E. Blink, 58, of 586 Lake St., died unexpectedly while at work at the Holland Color and Chemical Co., Wednesday. He had been the victim of a heart ailment for sometime.

Blink was foreman of the maintenance department at the time of his death. He was a member of First Methodist church. He served in World War I and was a member of the Disabled American Veterans.

Blockades were set up for M-21 and US-31 and a suspect was detained but was discharged after Muskegon police and the injured woman cleared him.

The hitchhiker was picked up in Benton Harbor and jumped from the speeding car in Muskegon after the driver wouldn't let her out.

The man is about five feet nine inches, 30 to 35 years old, weighs about 150 pounds, has thick lips and is well built. He was wearing overall pants, gray ribbed T-shirt and blue gray jacket. He had a tattoo on his right forearm. The search continued today.

## Supervisors Okay Sum of \$50,000 To Repair Bridge

Board Also Approves Voting Machine Rental Over Dissenting Votes

Grand Haven (Special) — The Ottawa county Board of Supervisors at a special meeting Thursday voted unanimously to appropriate \$50,000 for repairs to Eastmanville bridge which has been closed to traffic for more than a week.

County Engineer Carl T. Bowen estimated a minimum of \$50,000 with \$25,000 for work on the piers and \$25,000 for the floor and paint job. He said the road commission could do the floor and paint work.

The county road commission was requested to work out some solution for allowing "light traffic" over the bridge to accommodate some 50 persons in the Allendale area who must cross the bridge to go to work. Bowen said there would be no way of controlling traffic unless a man were placed at each end of the bridge 24 hours a day.

Since the repair work is a county project, no aid is forthcoming from the state. Bowen said the county might get some help through federal aid but that would take until spring for a contract.

Supervisors also okayed a resolution giving the Rules and Legislation committee power to negotiate for rental of voting machines for the county. Dissenting votes were cast by six supervisors, John Hassold of Chester, John Helder of Holland township, Albert Stegenga of Olive, Henry De Ridder of Port Sheldon, Henry Slaughter of Tallmadge and O. S. Cross of Holland city.

The board passed a resolution June 29 for rental of the machines for one year. Thursday's resolution also arranges for an option to purchase said machines. About 60 machines are needed.

Supervisors received an invitation to attend a conference of the State Association of Supervisors at Michigan State college Sept. 24 and 25, for discussion of problems regarding assessment for rural supervisors. Henry Slaughter of Tallmadge will attend and possibly some others.

## Douglas Station Wrecked by Truck

A loaded semi-truck swerved off US-31 at Douglas Thursday evening to avoid hitting an auto, careened through the yard of a filling station, and slammed into one end of the station with such force that the building collapsed around the truck. No one was injured.

Cab of the truck was completely buried in the building's wreckage. The auto, which witnesses said attempted to cross in front of the truck to avoid collision, was carried along the truck's side as it crossed the station yard.

The accident occurred at US-31 and Center St. at Douglas about 8:30 p.m. Thursday. No one was in the filling station at the time. The attendant went outside to service a car shortly before the accident.

Driver of the truck was Phillip Beeler, Fremont. He was alone, and headed north on US-31, John J. Lang, Clayton, Mo., was driver of the auto which crossed in front of the truck, according to Allegan Deputy Fred Thorsen.

Thorsen said Lang was issued a summons for failure to yield right of way.

The filling station is operated by Wilbert Hensley. His wife was in charge of the station at the time of the accident.

## Visiting General Lauds Turkey in Rotary Talk

Major General William H. Arnold, chief of Joint American Mission for Military Aid to Turkey, told Holland Rotarians Thursday that Turkey possesses a tremendous potential influence for the democracies in the Near East.

He expressed confidence in the Turks as a stable, united and realistic people.

"As Americans we have received full value for the money which our government has invested in mechanized military equipment, munitions, roads and machinery," the general declared.

The general realized the value of national unity and due to their extreme dislike of the Russians are anxious to join with the North Atlantic Pact countries, the general asserted.

In the present conflict with Korea, Turkey has committed more troops to the United Nations forces and sustained more casualties than any other country except the United States. He felt this is concrete evidence of the Turks' desire to help stem the tide of Communism.

From the military standpoint, the Army general said Turkey occupies the most strategic site in the world, tucked in as it is between Russia and its satellite countries and Iraq and Iran. As a country, it has about 21 million people and is a little larger than the state of Texas. Outside of the cities, the people are somewhat primitive. The country possesses coal, copper, chromium, manganese and some gold.

Lacking managerial, executive and scientific abilities, the Turkish people have been slow in developing their country's resources. The Turkish government provides for complete religious freedom, free elections and an educational system. Communist party sympathizers are jailed in Turkey.

Gen. Arnold, who is vacationing at his summer home, "Stack Arms," at Macatawa park, has just completed testimony before the House and Senate foreign relations committees. He and his wife and son, Joe, 9, expect to return to Turkey next week.

## Dutch Regain Old Power to Bury Niles Nine Under 13-Hit Barrage

### Local Club Gains Sweet Revenge Over Invaders

Holland's Flying Dutchmen turned loose a potful of batting power Thursday night, banged the sides out of Riverview park, and after getting 13 hits, turned in a 15-3 victory over invading Niles.

It was sweet revenge for the locals, who lost a 14-12 decision at Niles last week.

The Dutch didn't hesitate so much as half an inning to work over the Niles nine. Two runs in the first and seven in the second were enough to win, but the locals added one more in the third, two in the sixth, and three in the seventh.

Rog Eggers struck out nine in the seven innings he pitched, and gave up only six hits. He was relieved in the eighth to give new hand Jim Turner a try on the mound. Turner gave no hits and struck out two in two innings.

The Dutch now have won two of their last three games, and have scored 33 runs in those three games. This is in sharp contrast to the three games prior to this splurge, when the locals scored only 10 runs.

The Dutch power was centered in three batters Thursday night, with Gene Schrotenboer, Tony Wentzel, and Rog Eggers each getting three hits. Jack Van Dorpe got a double, and Lou Humbert, Lloyd Driscoll, and Morry Witteveen each got singles.

For invading Niles, little was left in the way of hitting. Eggers gave up a single in the first inning, another in the fourth, and one more in the fifth. Then the invaders got a double and a single in the sixth, added a walk and scored two runs.

In the seventh they got another hit, a double by pitcher Jack Sheridan, and he got home via a long fly and a passed ball.

Monday night is the big one, with the Dutch taking on Zeeland in Riverview Park. Each team now has won one game, the Dutch taking the first, a 17-6 free-for-all, and Zeeland taking the second, 4-2 pitchers' duel, with Bob Dangi winning for Zeeland.

## Allegan Townships In Phone Dispute

Lansing (UP)—The State Public Service commission today announced that it has ordered cessation of service by the Watson Telephone company which serves approximately 150 customers in Watson and Otsego townships of Allegan county.

The commission at the same time directed Michigan Bell Telephone company and Union Telephone company to submit plans within 90 days for taking over the territory served by the Watson firm.

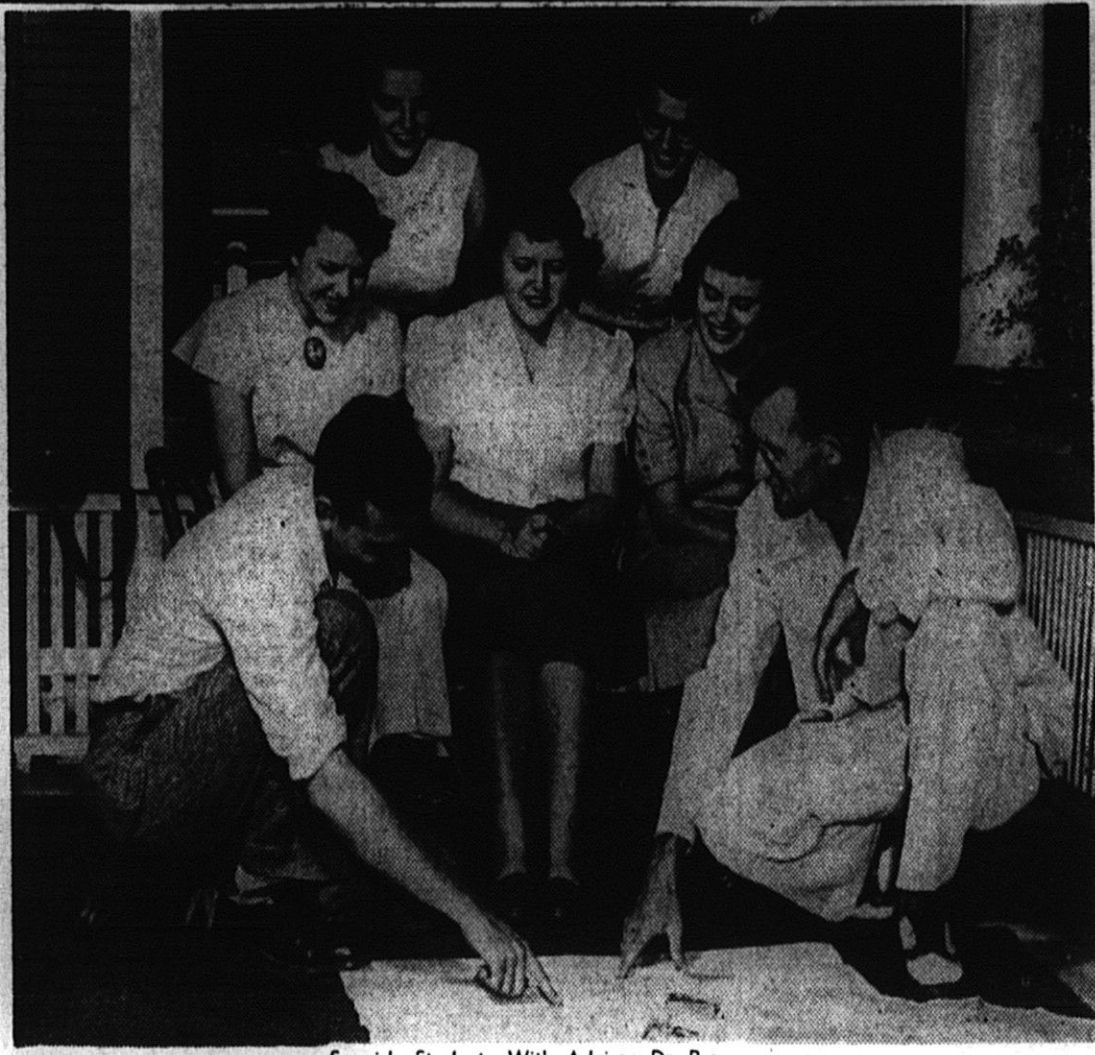

The commission said its decision to open territory now served by the small independent company resulted from complaints and petitions from subscribers who charged inadequate service.

The Watson firm was ordered to rebuild its plant and improve service in 1949 and the commission recently reopened hearings. A delegation of 75 residents of the territory, led by Carl Strand, Watson township supervisor, protested that the Watson phone company had not improved service and that facilities were inadequate to serve some 700 families in the area.

Commission officials said Michigan Bell telephone and Union telephone companies will work out a plan to serve the area from present exchanges in Hopkins, Martin, Plainwell, Otsego and Allegan.

Spanish Students With Advisor, Dr. Brown

## Hope Spanish Students Begin Trip to Mexico

Two carloads of Hope college students accompanied by Dr. Donald F. Brown, head of the Spanish department, headed south this week for an extended trip to Mexico, it was announced by Dr. W. Hollenbach, dean of the college.

The group plans to spend approximately three weeks visiting points of interest in the vicinity of Mexico City. Dr. Brown said the students going on the trip have either majored or minored in Spanish and will receive two hours college credit. Most of them have been boning up on the language for the past month as they are expecting to converse almost entirely in Spanish for the duration of the trip.

The young people will cross into Mexico at Nuevo Laredo and they expect to spend their first night in that country in Saltillo, well-known educational center. Collins Ottipoby and Paul Buckhout, former Hope College students, recently studied there.

The group then will head for Mexico City where they will take in, among other things, the floating gardens and the pyramids. Using Mexico City as their headquarters, the class will spend a day at Puebla, 80 miles east of the city and well known for its cathedral, pottery factories and a hidden convent which was discovered in 1935. Convents being outlawed in Mexico in 1857, the place is now used as a museum. They will spend some time in Cholula, near Puebla. This town, built in 1820 in the days when slave-labor was plentiful, is famous as a city where the authorities attempted to build a church for every day in the year.

Before returning, Dr. Brown indicated that the group would swing west to Lake Patzcuaro which contains an interesting island fishing village. The last main point of interest on their itinerary is the old colonial city, Guanajuato, one of the few Mexican cities which is European in character. Included in the party besides Dr. Brown are Mary Jo Geerlings and Betty Van Lente of Holland, Mr. and Mrs. Roy Adelberg of North Bergen, N. J.; Barbara Soper of Grand Rapids, Barbara Bruins of Douglaston, N. Y., Norma Hoffman of Bayside, N. Y., and Mrs. Jean Closs of Muskegon. The group plans to return Sept. 4.

## Korean War Vet Holds Little Hope for Truce

The delay caused by peace talks in Korea is only a front for getting Chinese Reds up to the lines without the staggering losses previously inflicted by the American Air Force, Korean veteran Sgt. Kenneth Jipping said while home on furlough with his parents, Mr. and Mrs. Henry Jipping, route 4.

Sgt. Jipping felt that the two opposing forces would not reach an agreement at the Kaesong peace talks. He was in charge of a 105 mm howitzer gun crew attached to the 1st cavalry during his 11 months in Korea.

Sgt. Jipping left Friday for Fort Sheridan, Ill., where he expects to be assigned to a cadre unit, instructing recruits on Korean warfare.

While in Korea, he was all over the peninsula and participated in three major battles. One was at the Taegu Pusan perimeter, another when the Chinese entered the war, and then the spring offensive.

According to Jipping, the North Koreans are better fighters than the Chinese. They have better equipment and more training. He described the Chinese as a large mass of fighters, a "human wave".

Jipping's outfit received a unit citation for its work in upholding the Taegu perimeter. He also has an occupation of Japan medal and the purple heart, received after he was struck in the leg by shrapnel in the shelling of Yongyang. After eight days, he returned to the front lines.

He has been in the Army for 23 years. He arrived in Korea on July 19, 1950 after training at Camp Breckenridge, Ky., and Camp Stoneman, Calif.

Jipping arrived back at Seattle on July 10.

"It's wonderful to have him home," said Kenneth's mother.

Before entering the service in January, 1948, Jipping was employed at Nels Nursery. He attended Holland Christian high school.

## RED CROSS ISOLATIONISM

Will the national Red Cross be able to cling to its key policy of objecting to joining with other charitable groups in the fund raising campaigns? There are not a few, among them some of the sincerest friends of the Red Cross, who believe that this policy of isolationism will become increasingly untenable as the years pass.

This feeling was given renewed emphasis the other day when six officials of the Southeastern Pennsylvania chapter of the American Red Cross resigned for the purpose of dramatizing their protest. The chapter is the second largest in the nation, and it had come under fire of the national Red Cross organization because it had joined a United Fund campaign. In resigning, its chairman applied the term "shortsightedness" to the policy of isolation of the national organization.

He charged among other things that the policy of the national Red Cross was "forcing local chapters into potential financial bankruptcy." While this statement stood without explanation, the Pennsylvania chairman appears to have meant that many citizens who have committed themselves to United Fund raising are likely to withdraw their support from a charitable organization that refuses to allow local chapters to join such a movement.

How much evidence there is for his charge is not clear. Certain it is that many who are deeply committed to the objectives of the Red Cross, and who believe with all their hearts that it should be supported generously, are losing some of their enthusiasm because of this national policy. Occasionally someone puts this feeling into words. One man wrote his local chapter in a western Michigan city that he would refuse to contribute until this policy was reversed. He made it a matter of principle; he was eager to contribute if and when the national organization should wake up, but he could not be an advocate of United Fund raising and continue to support an organization that insisted on staying out of such a movement.

There are doubtless many individuals of that kind. Most of them probably continue to support the Red Cross because of their interest in the local chapters, whose officers are of course not responsible for the policy and who are themselves victims. But such a feeling is far from desirable even when actual contributions are not affected. How long can the national policy makers stand out against this growing wave of objection? Why does the national or top brass need so much money? The word Washington or National always means large sums of our money and waste. Local level operation is always more efficient.

## Sunday School Lesson

August 19, 1951  
The Christian's Respect for Law  
Luke 20:19-26; 1 Peter 2:13-17  
By Henry Geerlings

When we went to the public schools we studied about the various forms of government, and there were many of them. We could name the countries in which each held sway. We could give a pretty satisfactory definition of the varied forms, pointing out their strong and weak features. That would not be so easy for most of us to do today. Very few countries now have the type of government they had from ten to twenty years ago. We would have to revise very thoroughly our classified lists, and rewrite the governmental alignments of the nations. National policies changed almost overnight. The drift toward the republican form of government has been increasingly rapid.

All government is of God. And when we say that we do not mean that one form is as good as another. Nor do we mean that any form is as good as it might be. There are defects in any system. Sometimes one nation has tried system after system. The nation never existed in which all the people thought that its method of making and administering law was the best. But what we mean is that any form of government, not even excepting the crudest and most primitive is better than no government at all. It stands for some kind of order. It accords some kind of recognition to the rights of its subjects.

We may work for a better order than we now have, but until we get it we will hold on to what we have now. It is doubtful if our Lord is satisfied with any kind of rule yet set up in the earth. His church is not perfect, neither is the state. There are some laws on the statute books that ought to come off, and some not on that should be put on. But God is a God of order. It is the right thing for human society. If civilization is to endure there must be law, order and human government.

The spirit of lawlessness is abroad in the earth. Nowhere does it seem to be more general than in our own country. Indeed it is growing to alarming proportions. It seems to be traceable to several sources. It seems to be natural to be lawless. Human nature just will rebel against restraint. We are selfish and if the law does not serve our purpose we ride right over it. It seems to be an aftermath of the war. During a war we are not so careful about customs and conventions, and when the war is over it is difficult to get back to the normal habits and former social ideals.

Lawlessness produces more lawlessness. Many people are law-breakers because they seem to think it is the thing to do. Many who never thought of it before are now guilty and are boasting of it. Much of it is due to crooked and criminal politics. We come to identify our government with our politicians. When they are wily, shrewd and unprincipled, popular respect for national rule suffers.

Jesus teaches respect for law. We ought to bear down heavily on this truth and the manner in which it concerns us. He never encouraged revolution. If the existing order was wrong He was content to await a normal correction of that condition by the gospel working as leaven in the hearts of men. And He not only taught respect for law, He also lived respect for law. He was not unwilling to pay tax, even though He above all others might have been released from that obligation. By precept and example He has enjoined upon us the necessity of being law abiding. Anything else is subversive of good order and destructive of Christian principle.

There are other duties we owe the state besides the payment of taxes. Our country is not perfect. We can help to make it better. There is the ballot box at which we are to determine the character of the law we shall have and the kind of men who shall rule over us. Are we conscientious in the exercise of the right of franchise? It is our duty to acquaint ourselves with the conditions in the community in which we live, and if they are indecent we are to help to make them decent. If they are immoral we are to help to make them moral. If we do not do who shall?

We can then do part in making war upon the liquor business. We can lift our voices against literature that corrupts morals. We can assist in the creation of playgrounds and other recreational centers where the children may have wholesome outdoor life.

The state is our benefactor and we are its debtors. It guarantees us life and liberty and the pursuit of happiness. It has thrown around us its arm of protection. It has built our public school system and offers every child in the land an education. It has created our highways, given us our postal service, established bureaus and commissions for devising methods whereby the welfare of the people of this land might be improved, and in general restrains from evil and incites to good. It should not be difficult to think of our government as an instrument of God for untold blessings to us all. We are its debtors.

We ought never to bring disgrace to our country by any act of dishonesty or cowardice. We ought to fight for the ideals and sacred things of our communities. We ought to revere and obey the laws of the city and do our best to incite a like respect and reverence

in those above us who are prone to annul and set them at naught. We ought to strive unceasingly to quicken the sense of the public to civic duty.

## Harbor Jottings

Harbormaster Chester Kramer reports:

One of the oldest boats in Macatawa Bay was launched a couple of weeks ago after being in Jesiek's yard for four or five years. This is a little cruiser Wee Wee, formerly owned by Tom Serandus who formerly spent his summers on the boat in Lake Macatawa and was in Florida during the winter fishing.

This boat was owned by one of the first commodores of the Jackson Park Yacht club in Chicago in about 1906. On one time she won the race between Chicago and Milwaukee which was held during those years for power boats, being the only boat to finish in the race due to a terrific storm that came up. Most other boats put to shore in Wisconsin.

It is now owned by Marine Boshka who has lived all his life at Macatawa park. His father was the former light house keeper, now retired. The boat, now tied up at Casey's Landing, is about 20-foot black cruiser.

During last week-end the 50-foot Chris-Craft cruiser Ocasco II of the Ohio Casualty Co. of Hamilton, Ohio, was at Jesiek's dock to take company agents on three-day cruises. This boat was trucked from Fort Lauderdale, Fla., to Sandusky, Ohio, and made stops at different lake ports in Ohio, Detroit, Port Huron, Petoskey and Muskegon. From Holland it went to St. Joseph. The cruise will end in Chicago and from there the boat will be trucked back to Fort Lauderdale where it is used during the winter, mostly for offshore deep sea fishing.

Harry Foote was skipper and Tom Chance was fishing guide. These two men are employed all year by the company to operate the boat.

Howard Cooper of Kalamazoo returned Thursday from a three-week trip to Mackinaw Island and the north channel of Georgian bay, also stopping at Beaver Island, Charlevoix and White Lake on the return trip. He reported good fishing in the north channel and at Beaver Island.

Cooper is a regular member of the fleet of boats that stop at Jesiek's yard.

Mr. and Mrs. Bob Benedict of Chicago Jackson Park Yacht club are in for the week on their sloop, The Islander. Benedict used to own the Southern cross which is now the Hilaria, owned by Hugh Schadelde of Grand Rapids. He also was former owner of the schooner Bagheera.

Mr. and Mrs. Benedict plan in the near future to do considerable yachting from this port.

The Ronalee of Chicago Belmont harbor stopped in on its way back to Chicago from a trip up north. This is a 55-foot motor sailer owned by R. N. Isham of Chicago.

The Ta Bu of Michigan City, Ind., with the A. D. Monroe family aboard, stopped for a couple of days. It is a 28-foot sloop.

The Rainbow, a 40-foot yawl of Montrose Harbor, Chicago, stopped at the yacht club for a couple of days. This boat is owned by James Both.

The 38-foot Chris-Craft Nomad III of Gary, Ind., was launched at Jesiek's shipyard last Thursday for Gus Johnson of Gary, who formerly owned the 38-foot sailing ketch Nomad II.

## Club Council Favors New Polio Fund Plan

The Inter-Club council at a special meeting Tuesday went on record as favoring sponsorship of the forthcoming infantile paralysis drive in Holland.

Although the various club representatives present wholeheartedly endorsed the fund raising campaign, it will be necessary to get final approval from the boards of directors of the service clubs. Clare Walker, Kiwanis polio chairman, explained the polio campaign as operated by the Kiwanis club for the last seven years bringing funds from \$2,000 to \$16,500.

Because the program is getting too large for a small group of men to handle, the Kiwanis club is asking assistance from other clubs in carrying on the work. The entire council has a membership of some 300.

The Inter-Club council covers Rotary, Kiwanis, Optimist and Lions clubs and the Junior Chamber of Commerce.

Willard C. Wichers and Miss Ann Kamstra

## Dutch Magazine Writer Visits Holland on Tour

"America's so big, you just can't compare it with a country like the Netherlands!"

That's according to Ann Kamstra, an assistant editor for "Margriet," a Dutch weekly magazine comparable in this country to the Woman's Home Companion or Ladies Home Journal.

Miss Kamstra was in Holland this week in connection with a four-month tour of this country, sponsored by the State department. She has visited San Francisco, Texas, Utah, New Mexico, Washington and New York. She expects to return to the Netherlands in a few weeks.

On her return, she will do a series of travel letters on her impressions of America.

While in Holland, Miss Kamstra was a guest of the Netherlands Information Service headed by Willard C. Wichers. They are pictured above.

"What are some of your impressions?" she was asked. "Oh, those showing slips!" she replied. "I was amazed to see so many women all over your country with their slips showing!"

In a more serious vein, she said the average American—if there is an average American—is a good fellow. He has made a success of his country and has learned the secret of living together peacefully with all types of people. "As for my true impressions, I'll have to think about that. I can tell you that better a year from now," she said.

Miss Kamstra did the Dutch translation for Mrs. Roosevelt's "This I Remember" and the magazine had just completed the serial when Mrs. Roosevelt visited Amsterdam a year or so ago. She was presented with a bound copy of the Dutch articles, and this was the first thing Miss Kamstra saw when she visited the Roosevelt library at Hyde Park during her visit here.

She was surprised further when Mrs. Roosevelt walked up to her some weeks ago at a television show in New York and called her by the right name.

Miss Kamstra has been with the magazine six years. It has a current circulation of 600,000.

The Dutch writer was frankly critical of some American habits—the lack of style in women's clothing, and the coffee and cologne drinking that goes on here. In the Netherlands it's all tea drinking, she explained. She also thought American transportation was quite slow.

"But I do like America," she said. "I'd like to come back here for a visit, but not to live."

## 3 New Teachers Are Approved By School Board

### Two Hope Graduates Scheduled to Teach In Elementary Grades

Recommendations to hire three new teachers for the public school system were approved at a regular meeting of the Board of Education Monday night.

This leaves two positions still to be filled, one for English and journalism in the high school, and the other to replace Mrs. Esther Nederlof who has asked to be relieved of her contract for teaching fifth grade at Van Raalte since she is touring Europe and would like to spend an additional year in travel in southern Europe and in North Africa.

The new teachers recommended are Barbara Ellander Klaasen and Shirley Ann Visser Helmlink in the elementary school and Wilbur J. Johnson in the high school.

Mrs. Klaasen was graduated from Hope college in 1950 and taught first grade in North Muskegon for one year. Last June she was married to Lester Klaasen of Holland. She is tentatively scheduled to teach third grade in Lincoln school.

Mrs. Helmlink was graduated from Hope college in 1948 and taught first grade in East Detroit for three years. Her husband is operating a filling station in Holland. Her suggested placement is fourth grade at Lincoln.

Wilbur J. Johnson of Baraga, who was graduated from Northern Michigan College of Education in 1950, is slated to teach chemistry in Holland high school. He majored in chemistry with minors in biology and history. He spent four years in the cryptographic service in the U. S. Army. Before his Army induction he was employed by the Gunnard Co. of Minneapolis in various capacities in the sales department. He is unmarried and has had no experience in teaching.

The recommendations were made by the teachers' committee which consulted with School Supt. Walter W. Scott.

All trustees were present with the exception of Vernon D. Ten Cate. President E. V. Hartman presided and Dr. Lester J. Kuyper gave the invocation.

Wordsworth and Edgar Allan Poe occasionally wrote the last stanzas of poems first. Two examples are "We Are Seven" and "The Raven."

"That's the way to travel!" commented 90-year-old Richard Beukema of Holland after his first plane ride. Beukema expressed surprise at the way the Holland area looked from the air, and he said it looked much larger than he expected it to. He spotted certain landmarks, such as the Alabama docked at Montello Park and Hope chapel. Beukema fulfilled a long-standing desire to fly when he took the trip with his grandson, John Dalman of Battle Creek, and his three-year-old great-grandson, Johnnie Dalman. Don Baatjes of Battle Creek was pilot. After spending his 90

years on the ground, the plane ride was a real thrill to Beukema. As a contrast of progress, Beukema drives a model T car and averages 20 miles an hour; in the plane, he traveled about 150 miles an hour. Beukema has been living with his daughter, Mrs. Nellie Lokker, 108 East 14th St. At present, he is visiting relatives in Jackson. Beukema is shown seated in the plane while great-grandson Johnnie stands on the wing with pilot Baatjes in the foreground. Baatjes is the son of Mr. and Mrs. Dewey Baatjes, 1421 South Shore Dr. (Penna-Sas photo)

## Main Auto Blanks Fords; Furnace Loses to Pelon

Automen Take Hold Of First Place Tie; Then Give it Up Again

Main Auto rapped out a 6-0 victory over Barber Fords at Third St. softball diamond Friday night, and by so doing hiked themselves into a tie for the league lead with Pelon Sunoco.

But Main Auto's joint ownership in that coveted piece of real estate was short-lived. As a matter of fact, it lasted just about an hour and a half, and then through no fault of Main Auto players, the team was once more dumped into second place.

Pelon Sunoco was the team that caused Main Auto to slip into second. The Pelons currently are leading the league, as the were prior to the Main Auto-Fords tilt Friday night. But they had to down Holland Furnace, 7-2, in the second tilt Friday night to recapture their slender margin over the hustling Main Auto nine.

The first game saw Jason Ebels blank the Fords, who now have lost three games in second half play after winning the first half. Ebels gave them only two hits in winning his shutout.

Those two hits, both singles, went to Hank Prince and Harv Vander Veen. Vander Veen took over the Ford mound from Norm Boeve in the fifth, which was one of Main Auto's two big innings. Three runs got home that frame, and the Autos made three runs in similar fashion in the second inning.

Hitting for Auto batters was scattered over the lineup, but Howie Glupker banged a triple and a single to lead his team. Ted Vanden Berg got a double and a single while Gite Van Langevelde and Ernie Prince each got doubles and Dale Rutgers banged a triple. Herb Maatman and Ebels each got singles.

In the second game, walks caused the Furnace downfall. Ray Morren and Corky Weener gave up seven walks to Pelon batters, although they allowed only five hits. The Sunoco nine capitalized on four of the walks, and on another bit of wildness, a hit batter, to get five of their seven runs.

Meanwhile, the Furnace nine also was getting five hits off Case Veldman, but Veldman didn't hit any batters and allowed no walks. The Furnacemen had to earn both their runs, getting them both on hits in the sixth inning.

Cec Serier and Ike De Neff each got doubles to lead the Pelon batting, while Will DeNeff, Vern Vande Water and Wayne DeNeff each got singles.

For Furnace, Mel Shearda hit a double and a single and Ray Morren banged two singles to lead the losers. The only other hit went to Wally Kruthoff, a single in the third inning.

## Western Toolmen Capture B League Title Saturday

Western Machine Tool won the Recreation B league title Saturday afternoon with a 7-3 victory over Five Star Lumber at Riverview park.

The game wasn't decided until the last half of the sixth when Western got two hits and two walks from pitcher George Pierson, which amounted to four runs with the help of two errors.

Western took a two-run lead in the first inning. Five Star went ahead 3-2 in the third but Western tied it at 3-3 in the bottom of that inning.

Dean Vander Wal was the winning pitcher in a relief role. He came to the rescue of Jack Kemper, who got in hot water in the third when he couldn't find the plate.

Pierson was the losing pitcher although he pitched as well as the Western flingers. Only three of Western's runs were earned and Pierson fanned 13 with his wide breaking curve.

Both teams had four hits. For Western, Alden Klomparsen, Vander Wal, Ron Boeve and Ron Van Dyke hit safely. For Five Star, Jack Brulschart, Bill Fortney, Jerry Prince and Paul Boeve had hits.

## Highways, Shotgun Claim Three Lives In Allegan County

**Toll of Accidental Deaths Rises to 18 During Five Months**

Allegan (Special) — Allegan county's record-breaking accidental death toll soared during the week-end when four lives were claimed in four accidents.

Robert Duane Baughman, 10, of route 2, Wayland, was killed in a shooting accident. Mrs. Vena Ide, 82, of Byron Center, and Loren Barnes, 75, route 3, Fennville, were killed in highway accidents, bringing to 18 the total of traffic deaths in the county in the last five months. Four persons were injured.

The fourth victim was Frank Milewski, 53, of Holland, who was drowned in Lake Michigan when his motorboat was swamped.

The Baughman boy was shot accidentally while he and three neighborhood chums were admiring a new 410-gauge shotgun at the Keith Dufflo farm, north of Gun Lake Sunday afternoon. The shot tore through his arm into his stomach at close range. He died shortly after arrival at Allegan Health center.

Sheriff Louis Johnson said a coroner's investigation would be held to learn details of the tragedy. None of the witnesses were able to say who fired the shot. Raymond Dufflo, according to reports, was showing the gun, which had been given last week to his older brother, Arthur. Names of the other two boys were not available. Mr. Dufflo heard the shot and ran to a neighbor's home to summon a physician.

The boy is the son of Mr. and Mrs. Charles Baughman, who live near Gun Lake. The body was taken to Archer funeral home in Wayland.

Mrs. Ide was fatally injured when a car that went out of control on US-131 about 8:40 p.m. Saturday caused a collision. She died at St. Mary's hospital, Grand Rapids, about an hour after the crash.

The woman was a passenger in a car driven by her son-in-law, Ivan Gilbert, 47, of Byron Center. They were struck by a car driven by Mary B. Schohl, 18, of Big Rapids. Witnesses said Miss Schohl had passed the southbound car and skirted both sides of the highway before skidding into the path of the Gilbert car.

Gilbert was hospitalized with broken ribs and a cut over the left eye. His wife, Lucille, 46, and son, James, 11, were cut and bruised. Miss Schohl received a cut forehead and sprained right arm.

Taylor told South Haven state police that Barnes was pushing a bicycle along M-89 west of Fennville when the accident happened about 8:20 p.m. Saturday. Taylor said he did not see the man until he was almost to him. Coroner William Ten Brink investigated. State police released Taylor on his own recognizance, pending investigation.

**Proposed Ninth Street Reopening Is Delayed Until Committee Reports**

Common Council Wednesday night approved a request from Western Foundry Co. to have a new railroad sidetrack cross Eighth St. to facilitate better delivery of supplies, but delayed action on proposed reopening of Ninth St. between Garrison and Fairbanks Aves. until a report is presented by a study committee.

Attorney Clarence Lokker, representing Western Foundry Co., said the firm likely would oppose condemnation action and suggested it might be costly for the city since condemnation judgments are usually determined by the way the property in question is affected.

City Manager Harold C. McClintock reviewed his recommendations of two weeks ago in which he pointed out that the company is prepared to expand to the south within a few years. The street was vacated for such a project more than 20 years ago but changing techniques made expansion unwise at the time.

It was pointed out that council's action affects only the crossing on Eighth St. and the firm would have the privilege of extending the siding as far south as it chose on its own property. Should the sidetrack cross the former Ninth St. right-of-way, future condemnation proceedings also would involve the railroad company. It was announced the Michigan Public Service commission approved the Eighth St. crossing.

The subject was approved 7 to 2, with Aids. Robert Visscher and Anthony Nienhuis casting dissenting votes.

Council approved the city manager's recommendation declining an offer of John Arendshorst to deed to the city an alley west of River Ave. south from Fourth St. since the alley would serve no public purpose.

Manager McClintock also reported that it would seem inadvisable to limit the number of gasoline filling stations in the city in connection with a study of the subject authorized Feb. 21. It was pointed out that only one city in the United States has such an ordinance and this ordinance has not been subjected to appeal.

McClintock further reported that it was the opinion of the city attorney that council may not set up parking meter zones by resolution but must proceed by regular amendment to existing ordinances.

He also presented a report pertaining to the request of Mrs. Arthur Krulthof for electrical service on Manley Ave. north of Holland. After consulting with the Board of Public Works, he found that Manley Ave. has not been opened as a street and is only a winding road through the woods. Since it would not be advisable to install a power line until a proper right of way is established, the board notified Mrs. Krulthof that a power line will not be installed until a right of way is cleared.

Mrs. Krulthof had appealed to council on about three occasions. Mayor Harry Harrington presided at the meeting which lasted one hour and 20 minutes. Aid. Bernice Bishop gave the invocation. Aids. A. W. Hertel and Raymond Holwerda were absent.

## Van Dyke Autos, Hamilton Battle To WS Loop Tie

Van Dyke Autos and Hamilton battled to a 4-4 tie in Riverview Park Tuesday night, when the game was stopped because of rain in the sixth inning.

This was the second tie Wooden Shoe game Hamilton has figured in during recent play. Last Friday Hamilton and North Shore were stopped after six innings by darkness with the score at 2-2.

Tuesday's contest in Riverview Park saw the Van Dyke nine rap C Johnson for two hits and three runs in the fourth inning, and then add one more in the fifth inning on two errors and a long fly. But Johnson gave up only three hits in the sixth innings he pitched.

His opponent, Marv Busscher, granted Hamilton batters five hits, three of them coming in the third inning when Hamilton scored three runs. That inning completed Hamilton scoring, after Tony Wentzel clouted a homer in the second inning.

Van Dyke Autos now have a Wooden Shoe record of 4-1, while Hamilton has 4-3, and the North Shore Cubs have a 1-5 record. Spike Van Eck got a triple for Van Dyke and Chet Piersma and Jack Kemper each got singles.

For Hamilton, Tony Wentzel got two hits, one a single and the other his long homer. The other three hits, all singles, were given to H. Ende, who got two, and to Lou Sale.

Next Wooden Shoe contest will be at Hamilton, when North Shore invades Hamilton's field on Friday at 6 p.m.

## Bill Jesiek Cracks Series Tie With Sunday Sailing Victory

The battle for first place in the Lawley 110 class of small sailboat racing on Lake Macatawa was tightened this week with the tie that developed two weeks ago being broken Sunday by Bill Jesiek.

Jesiek skipped his 'Jester' to victory over Dave Kelley Sunday, and the sailor with whom he had been tied for the series lead, Pete Sears, came in third. In point totals for the year, Jesiek now has 36 for the Sunday series, while Sears has 34.

In the Saturday series, however, Sears still holds a slender margin over his nearest opponent, Kelley. Sears has a total of 25 points here, while Kelley has 20. Jack van der Velde is third in the Saturday series with 18 points. Jesiek has 11 points here, but has not been in several Saturday races.

In the Crescents, Paul Harms again took both races Saturday and Sunday, with Gret Boyd taking second Sunday and her cousin Jim Boyd taking second on Saturday.

In Lightnings, Don Van Lare won Saturday's race in a tight finish, beating Ed Orr by a narrow margin. Jim Pollock placed third Saturday, but took Sunday's race by a considerable margin.

In C-boats, Hugh Schaddelee skipped his son's 'Stormy Seas'

to a victory Saturday, but on Sunday it was Craig Welch who won and now leads the series, with 21 points. His nearest opponent in the Sunday series is Jack Hobeck, with 19 points. Welch also leads the Saturday series, with 15 points.

Results of Saturday's races, with names of skippers appearing in order of finish:

Crescents — Paul Harms, Jim Boyd, Gret Boyd, Shari Crawford, Dave Linn.

Lightnings — Don Van Lare, Ed Orr, Herb Pollock, Jane Boyd, Rick Linn, Bill Vandenberg, Virginia Hansen, George Copeland.

## GRANDSTANDING...

By Russ McKee

Mid-August, and summer sports already are fading as the leaves soon will which all points to the coming of football and fall. Yes, and close on the heels of the griders will be the cagers and the hockey teams and the ice fishermen in the winter.

This notion—that winter is hard by—is hardly exaggerated. Our stack of baseball and softball schedules already is getting thinner and in two weeks will have dwindled out of sight. None of the schedules has a softball or a baseball game listed for any date in September. And the incoming mail brings only football schedules, pre-season reports of power-packed lines, and stories of All-America candidates. The anti-freeze business soon will be booming again.

The score was 24-1 the last time somebody counted, and the kid at bat was worried about his team losing. His team had the one. When the 3-0 pitch came sliding down the center, he whaled the tar out of it, but it didn't go very far. As a matter of fact, it looked something like a punt.

That didn't stop him. Off he went, like a shot for first base. The pitcher and the catcher collided trying to retrieve the ball, and by the time the third baseman had straightened them out, the kid was streaking for second.

Then there was some discussion as to whether the third baseman threw the ball too high, or the second baseman didn't jump high enough, but the ball ended up in center field, and the rapid progress of the runner continued. He didn't even pause at third, and some say he didn't touch it, but the slide at home looked genuine, even though he skinned his chin a bit. Then the score was 24-2.

But the gleeful look that crossed his face while receiving the plaudits of his teammates showed it was all worthwhile and he went back to eating his interrupted picnic lunch.

He was one of about 150 newsboys that frolicked at Holland State park last week at the annual Sentinel picnic.

Members of the Macatawa Bay Water Ski club put on an exhibition of skiing for Detroit spectators—20,000 of them—Saturday and Sunday. The group really went through their paces for the fans, giving four shows during the two days. Today they were back on Lake Mac. getting ready for the national championships to be held at Lake Placid August 23.

"Happy" Chandler has his rooting privileges back. The deposed head of baseball said it was a terrible thing and nearly tormented him into the grave the way he would have to sit at a ball game without taking sides. But the United Press reported a few days ago he was quite happy over the whole situation, although it didn't report what team he favors.

## Moose Clobbers Merchants; Fords Stop Baker Nine

**Victories Move Ford, Moose Higher as Race To Wire Quickens**

The Holland Moose tied another victory ribbon in their antlers Monday night with an easy 9-0 win over the Tulip Merchants in Third St. softball. The second game went to Barber Fords, 13-2, over Baker Furniture.

The victories for both Moose and Ford moves them up slightly in the city league standings, with the Moose now parking in third place and facing a game with Pelon Sunoco, current leader, on Monday. If Moose can take that game, the lead will be tangled and the outcome of the season uncertain.

Ford the Fords, who already own the first half punting, the hike into fourth place caused by Monday's victory probably will not help them much in the race this half. With three losses holding them down, the Fords figured to remain somewhere behind Pelon, Main Auto and Moose.

In Monday's game, the Fords pounded the pitching of Jim Baxter viciously in the first inning, getting six runs. Baxter allowed four hits and three walks that first inning, and his mates committed two errors behind him.

But Fords didn't quit. In the second they added one, in the third three, in the fourth two more, and got a final tally in the fifth.

The Furniture nine, which hasn't won a game in this half, waited for Harv Vander Veen until he weakened in the sixth inning and then got two runs home on one hit.

Hank Prince got a double and two singles to top the Ford batting, while Walt Wlodarczyk banged a triple and a single for second honors. Howie Diepenhorst got a homer with one aboard in the fourth, and Tony Bouwman hit a double in the first inning. Single hits went to Gil Bos, Norm Boeve, Chet Johnson, Ben Jansen, and Vander Veen.

For Furniture, Jim Vah Harn got two singles—half the hits his team made in the game. Russ Bird and George Moes split the other two hits.

In the other game Monday night, the Moose ripped into two Merchant pitchers, getting runs in every inning but the second. Moose batters got nine extra bases with their 14 hits, and the game wasn't much of a contest after the fourth inning. In that frame, Norm Japling hurled two home run balls in a row, the first to Herk Cramer and the second to George Botals.

Les Doorneweerd couldn't be stopped by the Merchant pitchers Monday, and got four consecutive singles for a perfect plate evening. Paul Fortney, Walt Hudzik, and Stu Baker each got two singles. Dale Boeve got a triple and Bill Zych got a double to complete the hitting.

For the Merchants, Al Doezman hit two singles, and Emil Vander Vate, Bob De Young, Don Sundin and Ralph Bouman each got singles.

Standings, including Monday's games:

## Speaker Tells Of Key Clubs

W. R. Lupton, Daytona Beach, Fla., member of the Kiwanis International committee on Key clubs, spoke before the Kiwanis club Monday night on the advantages of a Key club in the community.

Lupton, who has traveled extensively throughout the United States and Canada organizing key clubs in high schools, pointed out that Key clubs are junior Kiwanis clubs for high school boys. For boys to be eligible to join a Key club they should have good scholastic standing, although it is not necessary they hold top honors in their studies and Athletics, he said.

In explaining the purposes of a Key club, Lupton said it teaches leadership, civic-mindedness, loyalty to school, home and community, and that the spirit is better than the material side of life.

President Wilbur Cobb introduced the speaker and presided at the meeting.

Guests were W. D. Wesselink, Storm Lake, Iowa; R. C. Pettigrew, Paterson N. J., and Charles E. Zeerip, Zeeland.

Delegates elected to represent the club at the Michigan district convention at Lansing, Sept. 16 to 19, are Cobb, Jack Plewes and Clare Walker. Alternates are Rhine Vander Meulen, Abel Vander Ploeg and George Steketee.

## Comedy to Open At Saugatuck

Saugatuck Summer players this week-end will take their audiences to a section relatively new to the "Theater on the Hill," when they present Phillip Barry's riotous comedy, Philadelphia Story. The play will open Friday night and will be repeated Saturday and Sunday nights and again next week-end, Aug. 24, 25, and 26. Curtain time is 8:30 p.m.

The play, in its New England setting, features Tracy Lord of the Philadelphia Lords, who has married C. K. Dexter Haven and divorced him when he takes to liquor after resenting her attitude toward the comforting virtues of domesticity. She takes up with a handsome snob of the mines, Kittredge, and is about to marry him when a reporter and camera woman are injected into the house by Tracy's brother, who hopes to divert their attention from Father Lord's affair with a Broadway actress.

Tracy is bowled over by Connor, the fascinating reporter, and at the end of a pre-wedding party, the wedding is threatened. Kittredge takes his frock coat and goes home. Events from then on are anyone's guess.

Playing Tracy is Pat Robertson of South Bend, who recently appeared as Regina in "Ghosts," John Corbitt, who also appeared in "Ghosts," will be seen as Dexter. Maurice Kelly of Kalamazoo will portray Sandy, Fran Funk of Saugatuck will be seen as Liz Imbrie, and Bill Fogle of the Pontiac theatre group, as George Kittredge. Others in the cast are Bob Hatch of St. Joseph, Lucille Goring of St. Joseph, Carolyn Brown of Chicago, Ray Wagner of Kalamazoo and Dean Robertson of South Bend. Jim Webster is director.

## They Can't Wait To Wreck Roads

Allegan, (Special)—"They cry they want good roads, but they can't wait to wreck 'em," was the wail of county officials this week as they fought the battle of M-89.

An asphalt topping job on the route from Allegan to Fennville has been continually plagued by motorists who insist on driving on the wet tar. Skidding barricades and slipping by patrol officers, drivers have created a serious problem along the route.

Sheriff Louis Johnson said his officers have been handing out tickets for violations since Sunday. Two men are patrolling main entrances to the highway each day and night, and six will be on duty during the week-end.

People going to and from work in Fennville and Allegan have been the worst offenders, officers declare. Hurrying both ways, they refuse to take the detour. Some motorists have ignored warnings and have been caught on the highway.

The oil base has been completely applied, and the second coat has been completed to Eko Point, near Allegan. A third coat will complete the job and the lake-shore route will be opened.

## Board Expects To Close Veterans' Institute Soon

### Veterans Receiving Training at Present Will Be Protected

Plans are being made to close the Veterans' Institute in Holland as of Sept. 30, but in the meantime possibilities will be studied to protect the veterans now receiving on-the-job training.

Action to proceed with closing the Veterans' Institute was taken by the Board of Education at its monthly meeting Monday night. Action was recommended by Supt. Walter Wood Scott after a study into finances and operations of the program.

Cost of operating the program from its start July 1, 1946, through June 30, 1951, totaled \$18,896.07. Receipts totaled \$8,332.10 and accounts receivable \$2,915.03, leaving a deficit of \$7,648.94. Recommendation to close the institute came from Edward Donovan, local director, who listed total number enrolled during the five years at 438. Total completing training was 118 and total dropped, 275. At present there are 36 enrolled with 11 bricklayers and three plasterers heading the list. Students attend four hours a week except for bricklayers and plasterers who attend eight hours every other week.

Supt. Scott recommended careful thought for cases involving high school completion, apprenticeship and other on-the-job training, as well as institutional on-the-farm. He said arrangements should be made for related instruction through some other source such as correspondence school, another veterans' institute, junior college, regular vocational class, adult evening trade extension. He said a course of study must be approved for schools absorbing related instruction.

Supt. Scott also explained plans for a study of over-all adult education for Greater Holland community to be worked out by a joint committee of the public school, Hope college and the Christian school. Gerrit Wiegierink and James Hallan will represent the public schools.

The board approved a recommendation to increase salaries of school custodians by \$100 for the coming year.

The board also discussed hiring an architect for the proposed new Van Raalte school as well as referring to the building and grounds committee the subject of school sites.

The subject of elementary school tuition was referred to the schools committee and superintendent with power to act.

Claims and accounts for July totaled \$84,853.34, of which teachers' salaries totaled \$34,838.13, and building and site fund, \$50,270.

The board adopted a resolution recognizing the contributions of Trustee John Oert to the board for the last 18 years. It mentioned he had served on many committees and for the last seven years was clerk of the board, recording the minutes of the board accurately and faithfully.

"The Board of Education and ultimately the public schools of our city owe a debt of gratitude to Mr. Oert for this long tenure of service which he cheerfully gave," the resolution concluded.

### Cool Weather Fails To Cut Park Visitors

A total of 27,236 visitors at Holland State park during the week-end brought the week's total to 54,643. Grand total for the year is now 1,081,401. Camp permits issued for the year reached 1,456 when 49 were issued last week.

Sunday's visitors totaled 15,725—considerably over Sunday visitors a week ago. Saturday's visitors dropped to 11,511 as compared to 12,650 a week ago.

Workmen are shown above putting the finishing touches on installation of curbing of South Pine Ave., from 20th St. to Michigan Ave., in preparation for paving the street. From this location, the workmen will proceed to East 14th St., to repeat the curbing-before-paving procedure. Payment for the paving will be by adjacent property owners, and will be spread over a 10-year assessment period. (Sentinel photo)

Holland fishermen may go to the lake for their favorite sport, but Cindy, a black and white tiger Angora, can pursue the sport at the kitchen sink. This picture was snapped by Mary Yeomans, Cindy's mistress, just before the household pet was about to plunge for Mary's catch for the day. When not fishing at the kitchen sink, Cindy follows a more prosaic life at the E. J. Yeomans home at 208 West 10th St.

Speaking of fishing, the Grand Haven Tribune printed a yarn about a 48-pound catfish which E. R. Walker of Oak Park, Ill., hauled out of Pigeon lake at Port Sheldon a few days ago after a 24-hour battle. The 39-inch "cat" bit on a chub bait on the 16-pound test line and No. 4 hook. The cane pole finally broke and Walker's companions dipped net under the tired fish.

And Paul Wiegierink of Holland, formerly of Grand Haven, caught 50 pounds of sheepshead while fishing at Kollen park. He and a cousin hooked six big ones averaging more than seven pounds each.

The Grand Haven article ends rather plaintively: "Tri-Cities residents, summer or year-around, are invited to report their fishing stories to the sports editor. Surely all the 'big ones' aren't pulled out of Holland waters."

State park managers often take odd requests in stride.

In Grand Haven, a lady visitor rushed into the office of park manager Louis Haney and asked that a veterinarian be called immediately. Noting the puzzled look, she explained it was not her husband who was sick but that her dog was having pups.

If anybody doubts the gastronomic capacity of a growing boy, just ask any newsboy who attended the Sentinel's annual picnic last week.

News accounts listed the prodigious amounts of food consumed by the youths, and photographed happy faces above huge slices of watermelon.

What might have been equally effective would be a picture of the boys lying on the sandy bank just too stuffed to stand.

And when there's plenty left, it's a good sign everybody has had enough. And there was enough left to fill the entire plant staff afterwards.

It's four or five months to Christmas, but one youngster decided to get a head start in a letter to Santa Claus at the North Pole. Guess what he asked for: Cowboy boots and spurs, cowboy gloves, roller skates and a gun!

## Opinion Rules Out Tavern License

Allegan (Special) — The way was cleared for the State Liquor Control commission to pick up the license of the White House tavern with an opinion filed Monday in Circuit Court, dismissing the case of owner Fred Swartz.

Unless there is an appeal Judge Raymond L. Smith's action ends the case of the M-89 tavern owner who charged the Allegan town board was effecting prohibition by its action to revoke the Swartz license.

In the claim of drying up the township without a vote, the fallacy is patent," Judge Smith said. "Such action would result in consumption of alcoholic beverages in homes and not in public. This is a far cry from local option or prohibition."

He said he agreed with the town board and state commission that the writ of certiorari was improvidently granted and that the town board's action was not subject to review in court.

## Central Avenue Whips Vets; Rain Halts Other Tilt

Pelon Sunoco was well on its way to another victory in Third St. softball play Tuesday night, but 18 Sunoco runs had to be erased from the record book when rain stopped the game in the fourth inning.

Baker Furniture was the team that welcomed the rain Tuesday night after being mauled by the leaders for 12 hits and the 18 runs.

The Furniture nine, however, managed to score three runs in its half of the first, and banded out five hits in the four innings.

The game will be rescheduled, league president Harry Hulst said today.

In the first contest, Central Avenue topped the Vets, 9-3, behind Rog Lamer's four-hitter. Central got a run in the third inning but the score was promptly tied in the lower end of that inning by the Vets.

In the fifth, Central went ahead a second time, and got four runs on three hits.

The Vets came back in the fifth with two more tallies, but couldn't match the Central effort and the rally ended.

Central came back with two more runs in the sixth and two more in the seventh to assure its victory.

Don Ver Beek banged a double and two singles for Central, and Ven Huis and George Knoll each hit doubles. Singles went to Lou Altena, Ed Altena, Butts Kool, Ted Schreur, Al Driesenga, Rog Zuidema, and Lamer.

For the Vets, LeRoy Tucker hit a double, and John Van Hoven, Guite Daining and Larry Tibbitts each hit singles.

## Inspector Gives High Praise for Allegan Hospital

Allegan (Special)—Recommendations for increased physician's care and high praise for recent improvements were the result of an inspection of the Allegan County hospital by Elizabeth P. Robinson, hospital consultant for the state Department of Social Welfare.

Miss Robinson toured the newly remodeled annex to the hospital which will provide 16 additional beds, and made a general inspection of the hospital facilities.

Her single complaint was that a weekly visit by a physician did not qualify the county-operated unit as a hospital. She urged a new schedule in which a doctor will see ailing patients at least three times a week, make a thorough examination of each new patient, and keep case records. In addition, he must be on call for emergencies.

The new patient rooms will be opened as soon as beds and other equipment can be installed, Leon Godfrey, county farm manager, said. They are located upstairs over the annex, which adjoins the main hospital building. A new kitchen and nurses' dining room has been in use nearly a year.

From the administrative standpoint, Ted Hicks, director of social welfare, said he expected the additional space would help a serious demand on county hospital facilities. A full capacity of 90 patients will be no more than adequate at times, he predicted.

The hospital has 63 patients now, and there is always a waiting list, he said.

Hospitalization of the aged and infirm at the county center has increased in the past two years to almost double the previous number, Hicks commented. Some of it is due to over-crowding of municipal hospitals, resulting in removal of chronic cases to the county institution.

Allegan's county hospital is established as a part of the county infirmary, and as such, is administered by the board of social welfare. The board includes Hicks, Godfrey, and C. E. Payne.

To be approved by the state department of social welfare, it must have facilities for simple treatment and minor surgery, as well as stock drugs, dietary control, and prescribed nursing care.
