The Other Side of the Story about the Public School.

MR. EDITOR:—I have read with interest, an article in *De Hope*, the organ of Hope College, and also of that branch of the Reformed Church here, which holds a place in the denomination somewhat like that occupied by the "Hard Shells" among the Baptists, entitled "The Danger of our Public Schools," which ought for the public information, to be more widely published, and in the English language, so that it could be well understood by all our citizens. It is ably written, and we admire the skill with which, while avoiding the line of positive falsehood, the author contrives to convey the impression to his readers, that the Catholics and Infidels have taken possession of our public schools, and that it is necessary that the pious people belonging to the Reformed Church here, rally for war, and a war in which no "permitted" means are to be neglected, and no expense is to be spared, to overcome their enemy.

We suppose this is intended as a rallying cry and a declaration of war to the bitter end on the public school question.

And war, with whom, and for what purpose? Before answering these questions we must look back at our history. For many years the Public Schools of Holland were controlled by that branch of the Dutch Reformed Church represented by the *Hope*. So long as these people constituted a majority of the population of our city, this control by them, was just and proper.

But Holland, with her railroads, harbor, and other improvements, has also gained large accessions to her population, among whom many different creeds and nationalities are represented, and the class who have formerly ruled our public schools, no longer constitute a majority of the people.

There are two other large churches of the same denomination in our town; the Seceders from the Reformed Church are numerous, and increasing in numbers, filling one of the largest churches in the city; the Methodists have a prosperous society, owning and occupying a large and fine church; the Episcopalians are just completing a chapel which any town might feel proud of, besides all these of other creeds not numerous enough to organize, and those of no creeds at all.

And it is a very significant fact in this connection, that not only are Americans and people of other nationalities represented in the American churches we have named, but they have a respectable and increasing membership of Hollanders, especially of the younger people.

Now, what in view of all these facts would have been the wise and just policy to be pursued by those who still held control of our public schools, which belong to no denomination as such, but under the laws to the whole people? We will not answer the question, but we will see how they attempt to settle it.

It is said of the Bourbons, that they never forget anything, and never learn anything; and with Bourbon pertinacity and blindness, the attempt has been made to exclude the "majority" of our citizens from all representation in the management of our public school, which they must be heavily taxed to support, and in which they have, under the law equal rights.

No Seceder, no Methodist, no Episcopalian, has ever been permitted to hold the office of trustee, and the control of the Board has never been allowed to go outside the First Dutch Reformed church of Holland! A few years since, an eminent clergyman, a professor in Hope College, member from childhood of the Dutch Church, whose only offenses were, his American birth and the fact that the people elected him over the candidate of the party in question, was excluded from the office of trustee after receiving a fair majority of the votes, by a bit of sharp practice on the part of the School Board well worthy of a council of New York ward politicians.

These few items from the past history of the dominant party, show that we have in their rigid adherence to their old traditions, and in the growth of our city in other populations, the elements of an "irrepressible conflict," which can never end until one or the other of the opposing forces is swept away. It

will also be seen that this is to be no light skirmish, but a death struggle between the great principles of the assumed right of a certain class to govern the people, and of the people to govern themselves.

(TO BE CONTINUED.)

POLITICAL ECONOMY.

Correspondence of the Holland City News.

MR. EDITOR:—The subjects alluded to in an article in your paper a short time ago, are worthy of earnest consideration by every citizen of Holland, viz: the amount of money required to run our city government, to the neglect of needful local improvements.

In the main, I agree with you, though not with the manner in which you ventilate your mind on the subjects. In my opinion, it lacks that practical *whim* necessary to accomplish the desired result.

You state the grievance because of the present state of affairs, and picture the beauty of things as they might be.

Probably it is true that annually one thousand dollars are unnecessarily expended to run our little local affairs, and that one-half of that sum would be amply sufficient to beautify and improve our pleasantly located town and make it the most attractive place along the "Lake Shore." But what is the use of crying over spilt milk?

I would not deign to whine or complain even if our city treasury be found empty at the end of the present year, and not a dollar of it applied toward improving the place.

I would respectfully suggest that one or two measures be taken to prevent a recurrence of the same thing.

1. That a sufficient number of voters of our place organize a local party, adopt a common platform, the chief plank to be a pledge exacted of every candidate for a city office to serve without salary, except, perhaps, the Marshal and Clerk, and the amount of their salaries to be fixed before election, and we know from past experience, that plenty of good men will step forward and volunteer their services to our nearly poverty-stricken tax payers.

This proposition we deem essential under the present charter. But if it should be found impossible to extricate ourselves from the meshes of political gamblers, then I would again respectfully recommend, that a movement *en masse* be inaugurated for the purpose of breaking the fetters of the whole city organization, throw up the charter, do away with the whole drum major high cockorum way of doing business and incorporate as a respectable village.

Mr. Editor, I know whereof I speak. The thing can be accomplished by the slightest agitation. A vast majority of the people are on tiptoe, and ready to do almost anything to assert their rights and guard their best interests, that the desired result may be accomplished, which is Political Economy.

A FELLOW CITIZEN.

MYSTERIOUS DEATH.

Correspondence of the Holland City News.

On Thursday, the 24th inst., a party of our citizens started for the blackberry wilderness, situated near Mr. F. Converse's.

Everything progressed favorably—blackberries in abundance; the day warm, but not sultry; and the party had nearly filled their numerous pails and baskets, when suddenly a yell was heard that would have done justice to a Modoc. The alarm came from the direction in which Mr. A. F. Ewell had strayed, and in another moment, Mr. Ewell, minus his hat and basket, and "with each particular hair standing on end," rushed into the midst of the now thoroughly frightened group. Ere they could ask the cause of his fright, Ewell whispered "a bear!"

At this, those whose lives were not insured, and who had not paid their subscription to the News, started for home. One or two of the party had attended to both of these duties, and they at once seized Mr. Ewell, poured cold coffee down his neck, and bumped his head against a tree, until he regained consciousness, and offered to show them the bear.

After arming themselves with pocket-knives, tooth-picks, cork-screws and other implements, they bravely followed Mr. Ewell, until finding against a stump, they beheld the enemy.

Bruin did not move, and the party slowly approached, each one grasping his pen-knife or watch-key, until within a few feet of him, they found the animal was dead, and from appearances had been in that condition for several weeks.

Now for the mystery. No wounds were found on the animal, but, as before stated, it was leaning against a

stump, its position giving a life-like appearance to the animal.

The paws were raised, the eyes seemed about starting from their sockets, every hair stood erect, its cheeks were blanched, and, in short, the appearance of the bear expressed the greatest fear and terror.

Suicide could not have been the cause of this sudden death, as no poison or soothing syrup vials were found in the vicinity; and bears do not engage in School Board discussions or Iron excitements, to cause an attack of apoplexy or heart disease, so the death was at least mysterious.

After sitting upon the body for several hours, the Coroner's Jury brought in a verdict of death from the visitation of some party, to them unknown.

Query—Did not the item in the News a few weeks since have some connection with this discovery?

"Eed."

RAILROAD ACCIDENT.—A serious accident, with loss of life, occurred twenty-two miles from Chicago, on the Chicago, Alton & St. Louis Railroad, Saturday night last. The lighting express train which left Chicago at 9 o'clock p. m. collided near Lemont with a coal train; both trains were running at full speed when the collision occurred, and both trains were completely wrecked. Seventeen have already died from injuries received, and others are not expected to recover. Between thirty and forty more are injured, but will recover. Negligence on the part of the engineer and conductor of the coal train in running behind time without orders, is supposed to be the cause of the accident. The engineer has been arrested, and orders have been issued by the superintendent of the road to arrest the conductor at any cost. The cause of the accident will be fully investigated, and the blame thrown where it belongs, without fear or favor.

A GREAT HORROR DONE AWAY WITH.—House cleaning is a great horror to nine men out of ten. When thirt time comes the "men folks," as a rule give the domestic hearth a "wide berth." Oceans of suds—the product of tons of soap—fairly flood every part of the house. The women, from the mistress down, labor as they never worked before, and what with the discomfort, the smell of suds and the dampness, and not unfrequently sickness, the product of colds and overwork, matters are generally disagreeable. The simple use of Sapollo instead of soap does away with all this discomfort. It lightens the labor a hundred per cent., because it removes dirt, grease, stains and spots, with hardly any labor, with but little water, and in one tenth the usual time.

Chicago is a poor place for policemen. Within forty-eight hours, three of these guardians of the peace have been shot by the thieves which are at this time infesting the city. While the policemen are thus ruthlessly murdered what security of life can the citizens entertain? The courts of that city can find no cause of action against ruffians, as the most of them have a little money. We are inclined to think that a few practical lessons from Judge Lynch would prove most salutary in effecting their departure from the city. We don't believe statute law is applicable to such a state of society.

The following is a list, taken from the *Republican*, of articles of association filed at Lansing during the week ending August 6th:

July 31—Lansing Iron Works; \$100,000; none paid in; Lansing.

July 31—Grand Rapids Furniture Manufacturing Company; \$81,500; all paid in; Grand Rapids.

August 2—Berkeley & Gay Furniture Company; \$500,000; none paid in; Grand Rapids.

August 4—Centerville Knit Goods Manufacturing Company; \$100,000; \$36,375 paid in; Centerville.

August 5—Wisconsin Lead Mining Company of Detroit; \$150,000; all paid in; Detroit.

DROWNED.—On Thursday evening last, while playing around the woolen mill, on the race, the only son of Mr. Ambler, the proprietor of the mill, fell through between the boards covering the flume, and before assistance could be rendered he was drawn into the wheel, and when taken out was dead. He was a bright little fellow, three or four years old. The mother was, we understand sick, and Mr. Ambler had taken the boy down to the mill with him in order to relieve her of the care, and had only lost sight of him for a moment when the accident happened. Mr. Ambler had lately moved here, and we sincerely sympathize with him in his severe affliction.—*Allegan Democrat*.

State Items.

In Big Rapids 98 buildings are in process of erection at an estimated cost of \$242,000. The city is improving constantly and rapidly.

The Muskegon *Chronicle* says more than 800 new buildings have been put up in that city since the first of March.

Two town clerks in Washtenaw Co. pronounce the dog law unconstitutional and decline to issue licenses under it.

The steeple of the Baptist Church at Grand Rapids is 224 feet high.

They are already talking of 50,000 population at Jackson.

Grand Rapids is to have a new \$28,000 school building.

The cities in the State are fighting over the number of dog licenses. Holland 97.

They are agitating an artesian well in Kalamazoo.

The Detroit & Milwaukee Railroad Company have completed 25 miles of steel rails on the road east of Grand Rapids.

The Michigan Central Railroad Co. is going to mine coal in Leoni township, Jackson county, for its own use.

A meeting was held at the college building, in Benzonia, August 2, for the purpose of organizing the Benzie County Navigation Company.

Adrian is growling over Vanderbilt's accession to the control of the Lake Shore and Michigan Southern Railroads. Is it because the Commodore proposes to cut off the dead heads?

The J. L. & S. R. R. Co. have contracted with the Water Commissioners for a supply of water at the two stations in Saginaw and the East Saginaw station at \$1,200 per year.

An effort is being made to erect a monument at Adrian to Col. D. A. Woodbury, who fell in the army. Considerable money has already been raised, and it is hoped that so worthy an enterprise may prove successful.

During a M. E. meeting, held at Portland, a good thing was done for Albion College through David Preston, of Detroit, and Prof. Perrine of Albion, that is, \$500 was raised in its interest. Of this sum Mr. Preston gave \$125.

A young man of St. Johns took his girl to see Warner's show last week, and while one of the performers was twirling a towel on a stick, the girl whispered to her lover, "I used to do that." The modest young man was at the same time looking at a clown engaged in tying his legs about his neck. The young miss was forced to explain.

It is estimated that the mills north of Wenona, on the northern extension of the Jackson, Lansing & Saginaw Road will cut this season 90,000,000 feet of lumber. There are at present, two or three new mills in course of erection along the line. Among them are Witthauer & Scheurmann's, at Crooked Lake, and one for Wood & Andrews, at Houghton Lake.

At a meeting of the citizens of Lansing, on the 5th inst., the sum of \$25,000 was authorized to be raised, for the construction of four bridges across the Grand River within the limits of that city.

The Ann Arbor District Conference, composed of local and traveling preachers, exhorters, district stewards, and Sunday school superintendents, will be held in the M. E. Church, in Ann Arbor, commencing on Tuesday, at 10 o'clock a. m. The session will continue two days.

Forty-six contestants entered the lists at the quoit tournament at Pontiac Wednesday, and the sport was witnessed by a large concourse of people. Six innings were played, and S. Wiggins, of Orionville, was declared the champion and awarded the silver cup.

Henry Hawkins, sent to the State Prison for life from Bellevue, Eaton county, in 1869, for murder, has been granted a new trial, which will probably take place in December. The plea is that the shooting was accidental. Hawkins is still quite young, and was formerly a slave in Louisiana.

The first cargo of slate from the quarries in the eastern end of Houghton county was shipped last week to Ishpeming, to be used in covering the new school-house in that place. The Huron Bay Slate Company is about building a wharf and ware house at the mouth of Marine River, on Huron Bay, to accommodate its growing business. The developments being made from day to day in this region all confirm the opinion that this portion of the State is destined to become famous for the vast quantity and superior quality of its slate.—*Mining Gazette*.

DETROIT, Aug. 13.—The new commission to revise the Constitution of this State meets at Lansing on the 27th inst., and must finish its work by Dec. 1. Its members were to-day appointed by Gov. Bagley, and were as follows: Solomon L. Withey, of Kent; G. V. N. Lothrop, of Wayne; Charles Upson, of Branch; E. W. Middaugh, of Wayne; Ira D. Crane, of Livingston; H. H. Local News.

Commenced shipping "Hale's Early" peaches Monday, the 18th.

Engineer Brayton was in the city Tuesday, surveying the site for the Blast Furnace, which he reports is most favorable.

Hon. John Roost has commenced rebuilding a fine residence on the site formerly occupied by him for a dwelling.

Rev. Peter Moerdyk has declined a call from the Reformed Church in Detroit, and is now considering a call from a Presbyterian Church in Concord, Mich.

The cranberry crop bids fair to be the largest for many years past; the marshes north of the city will soon prove to be the most valuable portion of the country.

The contract for building the Third Reformed Church has been let to Messrs. Van Ark & Toren, who are to have it raised and enclosed this season.

As will be seen by advertisement in another column, the Stockholders of the Holland Iron Company are requested to meet at Bakker & Van Raalte's Hall, September 1st, for the transaction of business.

Messrs. Kenyon & Walsh are busily engaged in securing subscriptions to the capital stock of the Holland Iron Company. All wishing a "finger in the pie" should subscribe at once, as the prospect is, that the stock will soon be taken, and the books closed.

Mr. A. A. Tracy, Secretary of the Ottawa, Muskegon and West Kent Agricultural Society, informs us that the time for holding the Fair has been postponed to Tuesday, Wednesday and Thursday, October 7th, 8th and 9th.

We hear it stated that the much argued "school question" is to be submitted to the Supreme Court for decision, the first of October next; then we shall know who is in and who is out. In the meantime we hope our school is not held in waiting.

Master Mechanic John R. Kleijn, of this city, has received the contract of building the new residence of Ex-Mayor Cappon, which is sufficient guarantee that the work will be well done.

Our thanks are due to W. W. Taylor, Secretary of the Cincinnati Industrial Exposition, for invitation and complimentary ticket to the Exposition, which opens September 3d, and continues open till October 4th.

PEACH FESTIVAL.—The Michigan Pomological Society will hold a Peach Festival at South Haven, September 3d and 4th. A letter from the Secretary, Mr. J. P. Thompson, contains an invitation for us to attend, and to invite all our friends, which we do. We hope this vicinity will be represented. A good time may be expected.

Several new buildings are being erected on the north side, near Van Dyke & Co.'s mill, and other improvements in that vicinity indicate a progressive spirit which we should emulate. Shade trees are being planted, streets are being laid out, and they evidently mean business on that side of the lake.

A topic of quite general conversation of late, is the beautiful (?) condition of River street. An old settler informs us that the sand has been dryer or deeper than at present, and no efforts made to make it better sand predicts that none will be made to improve it so long as it is possible to navigate it. Our friends to the north of us can still get into the city by leaving their loads at the bridge and drive in light; but how long they will be able to do so, however, depends somewhat upon the ability for opposing public improvements.

The social dance to be given by the Young Gladiators of this city, is to come off on Wednesday evening next at Lawrence Hall: All are invited.

THE NEW SCHOOL BOARD.—Mr. H. Doesburg has been engaged the past week in taking the census of the Public School District, of this city, for Mr. Joslin, Secretary of the New School Board. The committee appointed by the Board of Education took possession of the school-house on Monday last, with a view to putting it in order for school use.

The following named gentlemen have been informally chosen directors and officers of the Holland Iron Company: Nathan Kenyon, Heber Walsh, Jacob Van Putten, Adolph Metelt, and John Roost. Jacob Van Putten was designated as President; Heber Walsh, Secretary; and N. Kenyon as Treasurer, which action it is supposed will be ratified at the legal election, Sept. 1st.

Harper's Magazine for September is on our table with its full complement of entertaining articles, which, with its excellent illustrations, have given Harper's Monthly precedent over any other magazine of the kind published in this country. It contains twenty-two articles, besides the five editorial departments. Of these, seven are illustrated. The best magazine published.

We learn that the Board of Education of this city have secured the services of Prof. G. W. Chrouch, A. M., of Grand Junction, as Superintendent of our Public Schools; also the services of his wife as assistant, at a salary of \$1,200 per year. They are both old teachers, and come to us with the highest recommendations. School will commence the first Monday in September next.

We notice that our friend De Holland seconds our motion to agitate the question of exhibiting our products at the State Fair. That's right; our products should be seen and known among men, and no more effectual way of advertising can be adopted than by making a display of what we have. We hope every one will become interested in this matter, and carry off some of the liberal premiums of the State Fair.

The time for laying the corner stone of the new State Capitol, has been changed from Sept. 10th to Oct. 2d. The committee appointed by the Governor are making arrangements for the grand ceremonies. Invitations have been issued to the various associations and military bodies in the State, and the greatest crowd that Lansing ever saw, will probably be present. The corner stone is being prepared in Philadelphia, and will be ready for shipment in a few days.

Mr. K. H. Langton has put into R. B. Ferris' sawmill, one of Chandler & Taylor's improved Stave Planers, which will employ seven men, dressing 7,000 staves per day. Mr. Langton informs us that the difference in freight between dressed and undressed staves will nearly pay the expense for dressing, which, taken together with the fact that dressed staves are quoted from eight to ten dollars higher in market, would seem to indicate that it is a profitable machine. This machine is used exclusively for tight barrel staves. Should the market encourage, he will also put in a heading machine, and run both during the winter.

Last Monday, Hon. John Roost invited us, with several other gentlemen of this city, to accompany him in a visit to his fruit farm on the "Lake Shore." We gladly availed ourselves of the invitation, and was at once placed on the order of going. On our way, we passed the not large graperies of A. Cornford, Esq., which is one of the finest we have seen for a long time. It shows evidence of cultivation, skill in pruning, and one of the largest crops of grapes, for young vines, we have seen this season. Arriving at Mr. Roost's orchard, we were pleased to see a large crop of fruit, and a fine lot of trees. He has about 8,000 peach trees, 1,000 pear trees, and a large number of apple trees, just coming into bearing; the trees are all in good growing condition, and well cared for. This season's crop indicates that the "Lake Shore" is the preferable locality for fruit. Mr. Roost's orchard is certainly favorably situated, and pleasantly located, and to a man who desires to cultivate fruit, it is a property to be desired. This orchard will yield this season from 400 to 500 bushels of peaches, 200 bushels of apples, and a fine crop of pears. It is for sale for \$5,000. We wish we had many more such men of energy, as the Hon. John Roost.

Common Council.

CITY OF HOLLAND, August 30.
Present—Ald. Kanters, Dykema, Ailing, Duursema, Sipp and the Clerk. Not being a quorum for transacting business, on motion of Ald. Dykema, seconded by Ald. Ailing, the Council adjourned to Wednesday, Aug. 27th, at 7 1/2 o'clock p. m.

We learn from the New York Herald that Cornelius Gardiner, formerly a student at Hope College, graduated from the Military Academy at West Point as Second Lieutenant, and has been assigned to duty with the 19th U. S. Infantry.

Public meetings are to be held in Graafschap, Overysel, and Zealand next week, to secure subscribers to the capital stock for the Holland Iron Company. These localities have been visited, and the new enterprise meets much encouragement at those points.

We learn that parties were here yesterday to make arrangements to make Holland the main shipping port for Grandville platser.

PLEASURE EXCURSION

ON
Black Lake & Lake Michigan

We wish to inform our citizens and the public generally, that the steamer Fanny Shriver of Holland, can be chartered any day or eve during the summer season of 1873 to run excursions on Black Lake and Lake Michigan. For the small sum of FIVE DOLLARS, we put the price down to the lowest figure, so that any one family, can afford to take pleasure trips during the hot, sultry summer season, and enjoy the cool and refreshing air of Lake Michigan. We wish to have it fully understood that on trips when the boat is chartered, no person will be allowed to go, only those parties that chartered the boat.

MANHOOD: HOW LOST, HOW RESTORED.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Exhaustion, Impairments to Marriage, etc.; also, Consumption, Epilepsy and Frenzy, induced by self-indulgence or sexual extravagance.
Price in a sealed envelope only six cents.
The celebrated author, in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine, or the application of the knife; pointing out in a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
This lecture should be in the hands of every youth and every man in the land.

STATE OF MICHIGAN:
The Circuit Court for the County of Ottawa—In Chancery.

John W. Hopkins, Complainant,
vs.
J. Potter Hart, Rufus Edwards, Garden City Manufacturing and Supply Co., of Chicago, Arthur Gustorf, Frank Gustorf, for the use of Thomas Seymour, Jacob Rhein, Arthur Gustorf & Co., John H. Waters, Andrew E. Monardi, John C. Maxwell, Henry O. McDaid and Anthony C. Hessing, Defendants.

At a session of said Court, held at the Court House, in the city of Grand Haven, in said county, on the 3d day of June, A. D. 1873. Present—Hon. John W. Stone, Circuit Judge. It is satisfactorily appearing to this Court from the files in this cause, that the defendants, Jacob Rhein, Henry O. McDaid and Anthony C. Hessing are non-residents of this State, and residents of the State of Illinois, and that a subpoena heretofore issued in this cause could not be personally served on the said last named defendants by reason of their absence from this State.

On motion of Lowing, Cross & Angel, complainant's solicitors, it is ordered that the said defendants, Jacob Rhein, Henry O. McDaid and Anthony C. Hessing cause their appearance in this cause to be entered within three months from the date of this order, and that in case of their appearance they cause their answer to the said complaint to be filed, and a copy thereof to be served on the complainant's solicitors within fifteen days after service of a copy of said bill and notice of this order, and in default thereof, that the said bill be taken as confessed by the said defendants, Jacob Rhein, Henry O. McDaid and Anthony C. Hessing; and it is further ordered that within twenty days the said complainant cause a notice of this order to be published in the HOLLAND GRY NEWS, a newspaper printed, published and circulating in said county, and that said publication be continued therein, once in each week, for six weeks in succession, or that he cause a copy of this order to be personally served on the said absent defendants at least twenty days before the time above prescribed for their appearance.

WHO has for the past twelve years been located in Opera Block, has now, since being burned out, removed his stock to 39 Canal street, where he continues to cure every description of ACUTE, CHRONIC and PRIVATE DISEASE, on the most reasonable terms. He manufactures all his remedies from the raw material, hence, known to be PURELY VEGETABLE. He uses NO MINERALS or POISONS. Having prescribed for over eighteen thousand patients within the past ten years, without losing one or three, where he was the only doctor called. He guarantees reasonable satisfaction in the treatment of every disease which afflicts humanity.
He keeps constantly on hand over 200 kinds of the most choice Roots, Bark and Herbs, and over 100 kinds of his own manufacture of medicines. He is to be found at his office at all hours—day or night.
Among the leading articles of medicine manufactured by him are his LIVER SYRUP, COUGH SYRUP, and FEMALE RESTORATIVE, all of which give universal satisfaction. Call and counsel with a doctor who will promise you nothing but what he will faithfully perform, and will correctly locate your disease and give you a correct diagnosis of your case without asking you scarcely a question. Advers complaints treated for fifty cents per week, and other diseases in proportion. Council at the office FREE.
