## A FARMERS PICNIC AN ANNUAL EVENT

Success Has Been Beyond Expectation

That a Farmers Picnic in Holland will be an annual event goes without saying. The picnic pulled off last Thursday has given more genuine satisfaction than any similar event that has taken place in Holland since the semi-Centennial. There have been few, if any, kicks on the way that the affair was handled by the different committees. All the events, with the exception of the balloon, which was a little late on account of the high wind, was pulled off on schedule time and as advertised.

Upward of two thousand farmers who were Holland's guests were well satisfied and went home with a good word for this city.

The merchants also were well pleased with the days business and although the day was not intended for the farmers and his family to come and purchase but to simply enjoy themselves, never the less several availed themselves by laying in a supply selected from the exceptional bargains which several of the merchants were advertising by virtue of their summer clean up sales.

This farmers picnic at Holland was one of the best innovations that this city could turn to. It has been noticeable a few years back that farmers were not so numerous in this city as in former years and there is nothing that could possibly stimulate a farmer trade so much as a closer affiliation with the farmer. There is no doubt that with fair treatment, a closer relations, combined with a few good roads to our city, Holland could be made the agricultural center of Ottawa and Allegan counties.

Our merchants are now steering in the right direction and there is no doubt but that more farmers picnics will follow the first satisfactory event.

Among those who helped to make this farmers picnic a success we are pleased to mention the names of the following who took a prominent part: John Vander Sluis; Jacob Lokker; George Van Landegend; Henry Geerlings; Dick Boter; Fred Beuwkes; Gerrard Cook; Able Postma; Nelson Pyle; Tom Klomparsen; Herman Van Tongeren; M. A. Sooy! Herman Cook; Nick Whelan; J. B. Mulder; Ben DuMez; Ben Mulder; John J. Rutgers; C. J. Lokker; W. H. Orr; Ben Brouwer; Wm. Vissers; Jake De Pree; L. O. Moody Vander Pool; Andrew Steketee Jr.

Mayor Bosch also made a timely address of welcome, which conveyed the fact that the interests of the farmer and citizens were identical.

## WILL TRY TO SET ASIDE MORTGAGE

Claims Fraud on Creditors

In the matter of Alfred Mitting, bankrupt, Holland, the trustee has this day been granted an injunction against the mortgage of certain land owned by the bankrupt, restraining foreclosure proceedings that have been started. It is the contention of the trustee that this land, which the bankrupt claims as exempt by reason of his homestead exemption rights, is not properly claimed as such by the bankrupt because of frauds practiced upon creditors. The hearing on the matter has been set for August 25, and if the exemptions are denied, the trustee will then take steps to set aside the mortgage on the same grounds.

## FORMER HOLLAND MAN DIES IN GRAND HAVEN

Cornelius Vette, Who Died Suddenly Monday Was Once Ticket Agent Here For The C. & W. M.

## FATHER AND MOTHER SURVIVE

The funeral of Cornelius Vette who died suddenly Monday at noon of heart failure in Grand Haven just as he had quit work for the noon hour, takes place in Lake Forest cemetery this afternoon in Grand Haven.

Vette's death occurred Monday a few minutes after 12 o'clock at the home of Chas. Solms. He had been painting a boat for Solms during the morning and was not known to be ailing in the least. The family were shocked terribly by the news of the death and were unable to understand the sudden attack.

Cornelius Vette is survived by a wife and child, his parents and one brother, all of whom are residents of Grand Haven.

Mr. Vette was a ticket agent for the old C and W. M. several years ago and was transferred to Grand Haven. When the road changed hands he went in the grocery business and was conducting a store across from the Grand Haven passenger depot. His father was also a section boss in Holland years ago.

## ART VAN DUREN WILL BE GIVEN A PUBLIC TRIAL WITHIN TWO WEEKS

## BOARD OF PUBLIC WORKS REFUSE TO HANDLE MUNICIPAL PLUMBING SHOP

An expectant crowd gathered at the council rooms last evening ostensibly to hear what disposition would be made of the charges against Arthur Van Duren as drafted in the report of the committee on which Mr. Vander Ven is the chairman.

Mr. Vander Ven presented a supplementary report in substance the same as has been published in the News last week.

After reading this report he moved the adoption of the same. This brought considerable discussion and Attorney Geo. E. Kollen, who is acting as counsel for Mr. Van Duren was given the floor so he could clearly state the case in behalf of his client Mr. Van Duren. Rumor had it, that a majority of the council members stood to have the city attorney removed declaring the office vacant without giving him a hearing and that is the reason attorney Kollen came to speak in Van Duren's behalf, and also, to present a communication which he asked to have filed, presumably for future reference.

Mr. Kollen in an eloquent and convincing speech told the common council why the city attorney was entitled to a trial. He said that Mr. Van Duren came to him that afternoon with tears in his eyes and a voice all tremble, stating that he was in a dreadful boat. That the common council had made certain charges against him and that now they did not even give him the chance to defend himself against the charges made and not even stated definitely what these charges were.

"I told Art that I would not handle the case if I saw that he had done wrong and asked him to state his case and also to bring witnesses that I might question them. He complied with my request and I think now that Van Duren has been wronged by this committee who make these valled charges. And that Arthur Van Duren is more sinned against than sinning."

"The committee who drew up this report is composed of men who fought Van Duren tooth and nail this spring stating that he should not be reappointed city attorney and there is no doubt that their finding on this question might be biased."

"The committee only deals in generalities, thus far they have made no direct charges."

"What are the charges," asked Mr. Kollen.

"We do not ask for mercy, but we ask for fair play. Mr. Van Duren has made a good city attorney. He has devoted much time to the city's affairs detrimental to his own private business and 'I think he at least is entitled to a hearing by this honorable body and not be tried by proxy as the committee is trying to do."

"Mr Van Duren is perfectly willing to lay down the duties as City attorney if that is what the committee is after but not under a cloud."

"It would be the ruin of him and his business."

"Think of his standing as a man in this community, of his wife and children. The City attorneyship is a minor matter in comparison. He certainly ought to be accorded a chance to redeem himself in the eyes of the public and that of his family."

"Could you accord any man less when he asked for it?"

After this short talk Mr. Kollen read the following communication: To the Honorable, the Mayor and Common Council of the City of Holland.

Gentlemen:— On the first Monday in May last, Arthur Van Duren was appointed by your honorable body to the office of City Attorney of the City of Holland.

Sec. 7 of Title 4 of the City Charter provides that all officers appointed by the mayor or council shall hold their respective offices until the first Monday of May next after such appointment.

It must be therefore admitted that Mr. Van Duren has been elected to the position of City Attorney and that his term of office does not expire until the first Monday of May next.

The engaging of him by the city constitutes a contract, as your honorable body has admitted in the case of the City Engineer, who desired to lay down the duties of his office and your honorable body refused to release him, claiming he was held

until next May. If the officer is held, so also is the party engaging his services.

Sec. 16 of Chapt. 6, provides for the removal of a person appointed to office by the council. The general statutes of this state interpreted by the Supreme Court hold that officers cannot be removed without cause, and almost entirely reject the policy of removal at will, and in order to remove it is necessary to file charges against the appointed officer and give him an opportunity to defend himself after such charges have been filed.

Mr. Van Duren, and we in his behalf, not only desire and court a full and fair investigation of anything that he, Mr. Van Duren, may have done but demand an opportunity to be heard in his defense. It must be patent to you all that a man cannot be tried by proxy and be convicted on a report and the say-so of some committee who has made some investigation. At the time this committee claimed to have made investigation, no charges had been filed against Mr. Van Duren. He did not know what he was called upon to meet and did not therefore present his evidence. It will be admitted by this committee that Mr. Van Duren assisted them in every way within his power as far as he was able at that time to get at the truth of anything that they claimed to have against him. He has a number of witnesses and considerable evidence that he desires to produce at the time a hearing is granted him.

After full investigation, we have no hesitancy in saying that we believe Mr. Van Duren has done nothing wrong in his official capacity as City Attorney, and that there is no cause for his removal. As stated in his duties as City Attorney or above, if you will inform him or us in what respect or in what manner he has violated his oath of office or in what respect he has been derelict what fault you are finding with him, and give him an opportunity to present his evidence and defend himself, we will be pleased to meet the issue. No member of this council ought to condemn or convict a man without giving him a hearing and an opportunity to defend himself and to explain any charge which may be made against him. We are not begging for mercy or sympathy; only justice and a fair trial on the merits. You certainly ought not to begrudge or deny him this.

Dated Aug. 19th, 1914.

After this communication was read Alderman Van der Ven, took exception to the way Attorney Kollen presented the case, stating that they had given the City Attorney a chance to refute the charges made but that he had not done so and had time to do so. He said that he stood absolute for a fair deal for Mr. Van Duren, and told justice Miles so, and not withstanding the fact that he had worked against Van Duren for City Attorney, after he was elected he told Van Duren he would work with him and do his best to help him along, so long as it was for the cities good.

Then the mayor, Ald. Congleton, Drinkwater, King and Harrington said the council could not afford to go on record showing that they would not give a man a trial or to convict him before he received a hearing and a motion was then made by Ald. Drinkwater, supported by Ald. King to set a time of hearing within two weeks.

This was carried unanimously.

## Censure the Moving Picture Films

The Board of Education presented a resolution last evening asking that a censorship be placed upon the pictures presented at our local picture theaters. Alderman Vander Ven made a motion that an ordinance be drafted regulating moving picture theaters. The rest of the council members did not take kindly to this, thinking that while the moving picture theaters in Holland have been conducted on a high plane, above the average, that it was not fair to persecute these men unnecessarily. Therefore Ald. Harrington presented a substitute motion asking that the matter be referred to the Ways and Means committee to look into the matter sanely and carefully, and then if they find that such a censorship is necessary, and other regulations are required some equitable law will be drafted to regulate the movies. Harrington's motion prevailed, and the matter was left to the ways and means committee.

Municipal Plumbing Shop The Board of Public Works presented a communication to the Council relative to the Municipal plumbing shop which explains itself.

## JAMES BOYCE WINS IN SUIT AGAINST JACOB KUIITE.

The plaintiff brought suit in Justice Sooy's court in Holland, and the jury in that court rendered a verdict in favor of Kuite. The plaintiff carried the fight to circuit court.

The jury Friday brought in a verdict giving the plaintiff the full amount he asked for, thus reversing the verdict that was rendered in the local court.

## CIRCUIT COURT JURY DECIDES AGAINST HENRY DE KRUIF SATURDAY.

## No Cause For Action

"No cause for action," was the verdict of the jurors Saturday afternoon who retired shortly before noon with the case of Henry De Kruij vs. Henry Sprick of Grand Haven. Mr. De Kruij is a resident of Zeeland. The case was taken up in the Ottawa County circuit court Friday morning and continued throughout the day. Saturday morning the final arguments were made to the jury.

The case is one involving an alleged debt owed the complainant by Sprick which had its beginning in the year 1895. The defendant has no record of payment but produced evidence in that he had made remittances intermittently against the original debt. In January, the complainant received a judgment for the amount \$219.17, in Justice Clark's court of Zeeland, when the defendant failed to appear. In this the defendant claims injustice, since he had notified the magistrate of his inability to appear.

The legal proceedings over the old debt attracted no little attention in the local courts since both men are well known residents of the county.

## FRED MILES HAS SOMETHING TO SAY

Aug. 20, 1914.

To the Editor of Holland City News  
As you know I am a candidate for the republican nomination to the office of Prosecuting Attorney. It would hardly have been right for me to try for the nomination two years ago in view of the fact that at that time my opponent, Mr. Osterhous had had only one term, and under normal conditions a man is entitled by usage in this and most other counties to a second term; but custom has also established the rule limiting the office to two terms, and for that reason I felt perfectly free to make the race at this time.

This two-term limit is a good custom and is based on the best interests of the people of the county. As a general proposition the two-term policy was established by the first president of the United States, and has been followed by other presidents and every other official all the way down. The rule was established to prevent the administration of an office falling into a rut. A new man gives new force and new ideas to the county. I believe I can give to the office new enthusiasm and that I can give to the people of the county an administration of the office such as they have a right to expect from a public official elected by them.

I believe that I am entitled to the nomination because of my standing as an attorney and because of the fact that Mr. Osterhous has twice been elected, and should not ask for a third term.

Yours truly,  
FRED T. MILES.

## MR. AND MRS. J. F. BELLAND HAD HARD WALK FROM GRAND HAVEN.

An unexpected feature of the Farmers' picnic festivities Thursday was the appearance on the scene of Mr. and Mrs. J. F. Belland of Muskegon, who started last week on a 25,000 mile trip around the world. It took Mr. and Mrs. Belland from Sunday until Thursday to make the trip from Grand Haven to Holland. This length of time for the trip was due to the poor condition of the road between these two cities—considered by many to be the poorest stretch of road in the state.

Mr. and Mrs. Belland were in the city Friday and became acquainted with a number of people. They pull a light wagon in which they carry their camping equipment. They expect to reach San Francisco Feb. 17 1915, three days ahead of time set for opening the exposition.

## COULD NOT COME TO VERDICT IN INSURANCE CASE AFTER MANY HOURS' DELIBERATION

After being in the jury room from four o'clock Thursday afternoon till 11 o'clock Friday morning the jury in the case of Veenstra vs the Farmers' Mutual Insurance company reported that they were hopelessly divided and that there was no possible prospect of reaching a verdict. Judge Cross thereupon dismissed the jury and the case will probably be retried. Unofficially it was stated that at first the jury stood 11 to 1 in favor of the plaintiff, but that later the lineup was 9 to 3 in favor of the plaintiff, which it is said was the way the vote stood when the jury reported.

## Good Reason For His Enthusiasm

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic Cholera and Diarrhoea Remedy, as is often the case, it is natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by All Dealers.—Adv.

(Continued from First Page)

Holland Mich., Aug. 18, 1914.  
To the Honorable the Mayor and  
Common Council of the City of Hol-  
land.

Gentlemen:  
Some time since a communication  
was received by this Board, from  
the Common Council, with a mes-  
sage from the Mayor, relative to  
having the Board of Public Works  
go into the business of private  
plumbing, in certain cases and un-  
der certain conditions. We have  
considered this matter very care-  
fully, feeling that as far as possible,  
we desire to co-operate with the Council  
in obtaining the best results for the  
City, in the management of the af-  
fairs of the Board of Public Works.

However, after a careful study  
of the City Charter, we are unable  
to see where it becomes the duty  
of the Board of Public Works to enter  
into the business as contemplated  
by the Mayor's message, and the ac-  
tion of the Council. The Charter  
seems to impose upon the Board  
only duties in which public work  
is concerned, as is very clear from  
reading section 3, of Title XIII of  
the City Charter and nowhere does  
there seem to be any authority for  
granting any additional authority  
upon the Board of Public Works.  
We feel that the nature of our  
Board and its duties as prescribed  
by Charter makes it, just as its title  
imports, a Board of Public Works,  
and that placing anything further  
upon the Board is without author-  
ity.

Again, under Act No. 222 of the  
State of Michigan, of the year 1901,  
it would seem that the legislature  
intended, for cities of 15,000 popu-  
lation or over, to place the control  
of plumbing and plumbers under the  
jurisdiction of the Board of Health.  
And while we do not wish to seem  
to be in any way dictating to the  
Council, we would however, suggest  
that under the view as taken by the  
legislature in that law, that it might  
be wise for our city, which will soon  
come under the provisions of that  
law, by reason of growth, to adopt  
the provisions contained in the law,  
or to refer the matter of plumbing  
to the Board of Health.

The matter of plumbing and sewer  
connections is a question in which  
the Board of Health is so vitally con-  
cerned, and in which the Board of  
Public Works has no interest, ex-  
cept as a part of the general public  
that it would seem to us, and we of-  
fer the suggestion that the matter  
should be referred to that Board  
where it properly belongs.

We trust that the council will see  
this matter as we do, and not place  
any work or burden upon the Board  
of Public Works which does not con-  
cern it, under the Charter, and  
where some other Board is in better  
position to take care of the matter.  
Boards should not encroach upon  
the functions belonging to one an-  
other, and the Council should not  
ask it of any of the Boards.

We therefore, respectfully, refer  
the matter of plumbing and sewer  
connections back to the Common  
Council.

Respectfully submitted,  
Board of Public Works,  
E. P. Stephan Pres.

After the communication was read  
the mayor asked that action of it be  
deferred until he could look up some  
matter pertaining to it. His request  
was granted, and the matter will  
come up again next Friday.

#### Council Notes

The committee on Ways and  
Means will take up the matter of  
providing a comfort station in Lin-  
coln Park. The expense for putting  
this station in will be paid by the  
general fund.

The following inspectors were ap-  
pointed for the primaries Tuesday  
August 25.

5th Ward 2nd prec.—H. Steggema  
and G. Vander Hil.

The polling place next Tuesday  
will be open from seven A. M. until  
eight P. M.

On a general election the poles  
close at five P. M.

The mayor has been appointed to  
secure witnesses for the city in  
the Van Duren trial and also to en-  
gage an attorney to act in behalf  
of the City.

Aid was given the poor in this  
City to the amount of \$113.50 dur-  
ing the last two weeks.

All council members and the  
Mayor will start out in automobiles  
at 7:30 sharp this evening. They  
will ride about the City looking for  
places where street lights should be  
placed. Aldermen having cars don-  
ated them for this service.

No more humpty bumpy side-  
walks for women and children and  
sometimes men to stumble over.  
The council give property owners 10  
days to see that sidewalks are so  
fixed that pedestrians will not stub  
their toes or fall over them.

Ter Beek and Bronkhorst was  
awarded the contract for grading  
22nd street between Columbia and  
Central Avenue at 17½ cent per  
square yard. Buurman and Boone  
also had a bid of 18 cents.

The converting of Twenty-second  
street pumping station into a park  
has been dropped for the time being.

Alderman King wishes to know if  
the council had granted Alderman  
Slagh a license to run a stand yet.  
The mayor ruled King out of order.

#### PLUMBERS REQUEST COUNCIL FOR IMMEDIATE ACTION

##### Declare That Delay Is Disorganizing Plumbing Business In Holland

The plumbers Wednesday asked  
the council for a square deal. They  
declared that the very fact that the  
local municipal plumbing project  
was hanging fire and that it was not  
being disposed of one way or an-  
other was hurting their business  
very seriously. They said it was dis-  
organizing the business in Holland  
and they asked for immediate dis-  
posal of the matter.

Ald. King moved that the matter  
be referred to the Ways and Means  
committee for consideration. Sev-  
eral of the other aldermen object-  
ed, declaring that there should be  
immediate action. But the motion  
of Ald. King prevailed with the un-  
derstanding that the committee re-  
port at the meeting next Wednesday  
night.

The petition of the plumbers  
reads as follows:

Holland, Mich., Aug. 12, 1914  
To the Honorable Mayor and Com-  
mon Council:—

In accordance with the request of  
his Honor the Mayor made to two  
of the undersigned on Saturday,  
August 8th, we respectfully present  
this petition for your consideration.

So far the net result of the action  
taken by the Council on July 15th,  
last, relative to the proposed es-  
tablishment of a municipal plumb-  
ing shop has been to demoralize the  
plumbing business in the city in  
general, although, undoubtedly, this  
was not the result of the Mayor and  
the Council intended that it should  
have. And thus far we have been  
unable to secure from either the  
Council or the Board of Public  
Works definite information as to  
what extent and how soon the city  
intends to establish such a business.  
This unsettled condition means the  
crippling of our business and effects  
the means of living of some thirty  
families in this city.

Therefore, we the undersigned,  
citizens and taxpayers of your city,  
legitimately engaged in the plumb-  
ing business, petition your honor-  
able body to reconsider the action  
taken on July 15th. And in view of  
the fact that those who have been  
ordered to connect and are finan-  
cially unable to do so are compara-  
tively few as compared with those  
who have been ordered to connect  
and can afford to pay for such con-  
nection, we would suggest the fol-  
lowing:

1st—That the City secure bids  
from legitimately engaged plumbers  
for connections to be made for those  
few who are financially unable to  
meet the expense direct, letting the  
work to the lowest bidder and assess  
the cost on the property the same  
as for other improvements.

2nd—We would suggest the dis-  
continuing the charge of two dollars  
for attaching permit to sewer mains  
and laterals and the charge of four  
dollars for attaching permit to wa-  
ter mains which is now made by the  
city.

3rd—That the City in laying  
their sewer mains also lay the later-  
als to the property line, which the  
city legitimately could do, thus light-  
ening the expenses on this part of  
the work which is usually the most  
expensive part of the work the own-  
er meets with.

Respectfully submitted,

Sparks From Bon-Fire Causes Loss

In Filmore Township

Fire originating from a defective  
chimney destroyed the farm home of  
H. Termeer, near Filmore township.  
The loss is partly covered by insur-  
ance. Sparks from a bonfire spread  
to a chicken coop owned by Robt.  
Christophel, north of the city. The  
structure was burned and several  
chickens were cremated.

Tuesday a family reunion of the  
family of Mrs. L. Mulder was held  
at the cottage of J. B. Mulder at  
Macatawa Park. All the children  
and grandchildren to the number of  
about thirty were present at the  
gathering. The reunion was held at  
this time because of the fact that  
the family of Prof. J. E. Kuizenga is  
soon to leave for Ann Arbor and the  
family of the Rev. Anthony Karre-  
man is soon to go to Paterson, N. J.

#### Reception for Missionaries To Be Held This Evening

A farewell reception will be given  
in the Third Reformed church next  
Thursday evening in honor of the  
Rev. Albert Oltmans and the Rev.  
Jeremiah Kruidenier and their fam-  
ilies, who are about to leave for  
their foreign mission fields. Dr. Olt-  
mans and family will return to Ja-

will sail for Egypt.

credentials as missionaries to Ja-

by the young people in the Third  
Reformed church Monday night.

Miss Mabel Mulder and her little  
nephew, Milan Vern, entertained a  
few of their friends last Saturday

saries.

Those present were Jean, James

were served on the lawn.

#### POLICE BOARD DECIDES TO DIS- COURAGE PLACING ADVER- TISEMENTS ON THE SIDEWALKS

The Board of Police and Fire Com-  
missioners met Tuesday night and  
the regular routine business was  
transacted. Bills were allowed and  
the pay roll was passed. There was  
not much business of any kind up  
for consideration and what little  
there was was soon disposed of.

On motion of Commissioner Mul-  
der it was decided to discourage the  
placing of advertisements on side-  
walks. These advertisements are  
put on the walks in chalk for the  
most part and they are considered  
unsightly by many. There is no or-  
dinance covering the matter, but  
it is believed that the practice will  
be discontinued voluntarily.

The action of the board was not  
directed against any one concern but  
it was argued that if it was not dis-  
couraged now the practice was likely  
to become a nuisance.

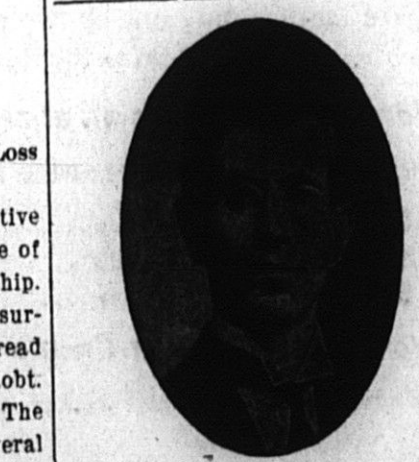

The Misses Georgian and Etta  
Lugers, Fanny Koolker, Nell and  
Cora Vermuelen left this morning  
to spend a week at Winona Lake,  
Indiana.

#### Left This Morning for Ganges For a Week's Stay.

A group of girls left Wednesday  
for a week's camping trip to Ganges,  
Michigan. The girls in the party  
were Leona Link, Mary Geegh, Amy  
Michmershuizen, Hazel Brinkman,  
Bernice Dalman, Lucile Fosdick and  
Henrietta Steketee with their chap-  
teron, the Misses Alice and Elsie  
Terman. They were joined Mon-  
day by Miss Grace Koning.

For two years he has been the subject of constant attacks by the anti republican press of the state. The result of this is apparent. Peo

ple soon distinguish between the truth and a lie and the resulting reaction is all in favor of the person abused. That is the case with Mr.

### WHAT YOU SAW IN THIS PAPER THIRTY FIVE YEARS AGO

The second crib of the three which are to be sunk to extend the piers of our harbor this season, was sunk on Friday last, and as soon as the stone can be procured for the third one that will also be placed in position. Our harbor is in a better condition now than it has been at any former period, to our knowledge. Mr. W. W. Burke, who has been called away, and left yesterday for Port George Lake, situated about eight or nine miles north of Manistee harbor, where he is to commence the construction of a new harbor. Although late in the season to commence such work, we hope Mr. Burke will be successful.

### THIRTY YEARS AGO

Our drum corps is getting in shape to make a great deal of noise during the coming campaign. We presume their first appearance will be on the evening of the G. A. R. entertainment.

The schooner C. O. D., owned by G. W. Kirby of Grand Haven, bound from Escanaba to Fruitport, was despatched during last Monday night's squall north of Muskegon. The damage is \$1,000.

The finest cottages at Macatawa Park are those of Mr. H. Walsh, and Jacob Kuite. They were built by J. R. Kleyn and are really an ornament to the Park. That of Mr. Walsh is located on a little hill midway between the Bay and Lake Michigan and commands a beautiful view of both bodies of water.

### TWENTY FIVE YEARS AGO

Born:—To Mr. and Mrs. I. Verwey last Saturday, a baby boy. We congratulate Brother Verwey on this recent addition to his family.

Hans Anderson purchased the schooner, Belle Laurie, at U. S. Marshal's sale, at Racine, on Saturday. This schooner will be added to the Holland fleet.

### An Electric Wedding

A marriage took place in this city on Wednesday morning, which illustrates how quickly the matrimonial knot can be tied, when the young lady is willing.

A wedding party from Grand Rapids reached Holland at 9:25 A. M. They chartered the carryall at the depot, reaching the city hotel parlors at 9:29.

The prospective bridegroom left the party for a moment, and rushed into Justice Post's office at 9:31. The magistrate grabbed his hat and pen and jumped down the stairs, accompanied by the groom, joining the party at the hotel two minutes later. At 9:35 A. M., the magic words were said, and they were pronounced man and wife. Three minutes were lost in kissing the bride and re-arranging her hair, but at 9:38 the party sprang into the carryall. The horses trotted leisurely down to the dock, reaching the steamer Macatawa at 9:40, on which they went to Macatawa Park, where they are enjoying a delightful honeymoon, by the side of the murmuring sea.

### FAIRGROUNDS THESE DAYS ARE ONE OF THE BUSIEST SPOTS IN THIS PART OF THE STATE.

### People Visiting Fair Next Month Will Hardly Know the Place Because of Changes

Those who have not visited the fair grounds since the fair last fall will hardly know the place, so many changes have been made and are being made there at present. When the people of Ottawa and Allegan counties visit the fair a month from now they will find a grounds better arranged and equipped than it has ever been in the history of the association.

The new art hall is going up fast. The cement floor is completed and the framework of the building is up, showing what the size will be. A gang of forty men is working on this job to complete it before September 1. A new building has been provided for hogs. The pomological building has been converted into a poultry building and has been completely remodeled for this purpose.

The ticket office has been moved thirty feet back and in this way a regular lobby has been formed for automobiles and rigs. This space is 150 feet wide and provides a great deal of room. This year there will be four exit gates for autos and rigs so that there will be no congestion in the evening when the machines leave the grounds in large numbers. The ticket office also has been remodeled and there will be five ticket windows this year instead of the two of last year. By this means it is expected that crowding will be prevented.

The fair grounds will be a veritable white city this year. All the new buildings will be painted white the old buildings will also be given a coat of white. The front fence will be of the same color.

George Getz will build an addition to the Lakewood Farm building of 30x50 feet. This is done because Mr. Getz's exhibits this year will be so much larger than last year that there will not be room enough in the building as it now stands.

The grandstand has been overhauled and painted white. A new judge's stand has been built as well as a new timekeeper's stand and the fences around the race track.

### SCHOOL WILL START THIS YEAR ON FIRST DAY OF SEPTEMBER

### Two Weeks From Tuesday Young- sters Will Get Back Into the Harness

Two weeks from last Tuesday the Holland schools will open for another year's work. It has been the custom for some years to begin school the day after labor day, but for some time there has been a week that had been lost or had strayed in some way and the board decided to make up this week by beginning bright and early this year. Of course they will be given the holiday on Labor day, but by that time they will have a very good start at their lessons.

Superintendent E. E. Fell is still in New York city where he had been spending the summer at Columbia University taking a post graduate course in education. While the pupils of the local schools were enjoying a vacation, Mr. Fell was going to school. He will be back in time however to take up the year's work. Principal Gilbert is back in the city and is helping at present to conduct the Boy Scout camp at Waukazoo. Most of the other teachers will not be back here until immediately before the opening of the schools on September 1. The teaching force is complete now, both in the grades and in the high school, and the force will be exceptionally high class the coming year. Unless someone drops out through some unforeseen reason the schools will be able to start up immediately without a single hitch.

### One Is Safe and Another Has Not Been Heard From

Advices from the Netherlands announce the safe arrival in Amsterdam of the Rev. Albert A. Pfanstiehl who has spent the last two years on a lecture tour through Europe. Mr. Pfanstiehl was a former Holland boy.

Dr. B. J. De Vries, is considerably worried over the safety of his son Dr. Bernard G. De Vries, who has practiced dentistry in Berlin for the last two years. No news has reached him since the opening of the war.

### H. UDEN MASMAN TELLS OF HIS ARRIVAL IN THE HAGUE

Editor of Grandwet Arrived Safely

Although friends of H. Uden Masman, editor of De Grandwet, know that he has arrived safely in the Netherlands, they have not heard from him since the war began and do not know how the great Europe conflict will affect his plans during his stay in Europe. Mr. Masman wrote a letter from The Hague, dated July 28, in which he described his trip across the ocean and his emotions when he once more set foot on his native soil after an absence of nearly 33 years. That letter is printed in this week's issue of De Grandwet.

Mr. Masman writes that although he was more than delighted to see his birthplace again he was not forgetting America, which is now his country. He says that the red, white and blue of the Netherlands flag has not displaced in his affection the stars and stripes.

### CHIEF BLOM DOES FINE WORK INSPECTED OVER THREE THOUS

### AND CHIMNEYS THIS SUMMER

### Ald Prins Not Satisfied; Fire Board Praises Chief Blom

Replying to the request of the common council of a week ago the police board Wednesday made a report to the common council in regard to the inspecting of chimneys. The board included in its report the formal type-written report of Fire Chief Blom to the board and they added that they were "especially well pleased" with the report of the fire chief and the work of inspection that he had done.

In his formal report covering six typewritten pages Mr. Blom bounded the district in which the chimneys have been inspected, the form of notice sent to those who had defective chimneys and the names of all the places inspected. The report showed that 3,179 chimneys have been inspected, 1,588 houses, and that the number of bad chimneys found was 2007. On these written notice was served to have chimney repaired within thirty days.

### REPORT OF STATE BACTERIOLOGIST ON CITY WATER IS UNFAVORABLE

Superintendent of Public Works Champion Saturday received a less favorable report of the water from the new pumping station than the report of the first sample submitted. The first report was entirely satisfactory, but the report received today indicated that the water was not entirely safe. Mr. Champion believes that it may be due to the new piping and that the next sample submitted to the state bacteriologist will be satisfactory. However the board wishes the public to know about the unfavorable report, in line with their usual policy of keeping the people posted on the facts. If any one feels so inclined he can be entirely safe by boiling the water. As soon as the next report comes it will be given to the public.

### WILL BEGIN IMMEDIATE PROCEEDINGS AGAINST CON- TRACTOR VANDER VEEN FOR NOT FIXING CENTRAL AVE

The city of Holland will start suit immediately against contractor Vander Veen of Grand Rapids, the builder of the Central Avenue paving. The council has found that the promises of Mr. Vander Veen have not been kept and that delay was becoming undesirable and dangerous. Therefore they instructed the city attorney to commence suit to compel Vander Veen and his bondsmen to put Central avenue into good shape.

### VENETIAN NIGHT WILL BE BEAUTIFUL

### Will Be Held On Macatawa Bay On August 20.

Plans are now completed for Venetian night on Macatawa Bay, Aug. 20. The committees having arrangements in charge announce that this Venetian night will be the finest ever given on the bay. Those who were present on July 31st at the Water Fete will realize that when the committee announces the fire works will be still more elaborate, than on that day, that the committee has spared no expense in making the event one long to be remembered

### NON-RESIDENT HUNTER MUST PAY TEN DOLLARS

### Hunters of the State Sending In Applications To Lansing

The hunters have commenced securing licenses for the coming fall. The open season starts on several birds about Sept. 1. The state game department at Lansing received applications from ten non-resident hunters this morning. It costs each of the non-residents \$10 to hunt. This entitled them to hunt everything but deer, which costs them \$25 extra. The resident hunters' license costs \$1 each. They are necessary for residents of Michigan who wish to hunt outside of their own counties.

### Attorney General Gives Opinion On Hiring Men at the Polls.

Attorney General Grant Fellows, before he left Lansing for a visit to Camp Grayling rendered an opinion to the effect that a candidate could not hire a man to boost his candidacy at the primaries. In the opinion Mr. Fellows merely quotes the section of the primary law which covers the question.

### Costly Treatment

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by All Dealers.—Adv.

### COMMON COUNCIL (Official)

Holland, Mich., Aug. 12, 1914  
The Common Council met pursuant to adjournment and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Prins, Slagh, King, Drinkwater, Congleton, Kammeraad, Harrington, Vander Ven, Vander Hill, Steketee, and the Clerk.

The reading of minutes and regular order of business was suspended. The Mayor presented the following message:

Mayor Bosch Wednesday offered a message to the council in which he pointed out one way in which the making of connections with the sanitary sewer can be made some what cheaper. The message was unanimously accepted by the council and it provisions ordered carried out. It reads as follows:

Holland, Mich., August 12, 1914.  
To the Honorable the Common Council of the City of Holland, Gentlemen:

I have recently learned that it is the custom and rule of the Board of Public Works to make a charge of \$2.00 for every sewer connection, and a charge of \$4.00 for every water connection, the later including the furnishing of the so-called corporation cock. It has always seemed to me that the very object of the city going into these lines of public utilities was to furnish such services to the citizens of the municipality, at cost, and that profit should not enter into the transaction in any way. In addition to this it is a matter in which the entire city is vitally interested in securing such water and sewer connections to be made and we as a city should not in any way discourage the making of such connections, by adding any cost that is not absolutely necessary. Here is an item of expense which every

plumber must charge for, and which he must pay to the city in advance, before the connection is made, and is often looked upon as an over-charge of the plumber, while the city itself makes the charge, and collects it.

I would recommend that the Board of Public Works be requested to hereafter waive any collection on account of any sewer connection, and that the expense of water connections be limited to the cost of the corporation cock.

Respectfully submitted,  
Nicolodemus Bosch  
Mayor.

When the message has been read Ald. Prins offered the following resolution which was adopted:

Bl Alderman Prins:  
Resolved that the message of the Mayor be accepted, and the recommendation therein contained be carried out. And further

Resolved, That it is the sense of this Council that the Board of Public Works should make no charge for connections made to the sewer system, and that the expense incident to making water connections should be limited to the cost of the corporation cock which is furnished by the City. And further,

Resolved, That the Clerk be requested to inform the Board of Public Works of the action of the Council, and its request.

On motion of Ald. Prins, Resolved, That the message of the Mayor be accepted, and the recommendation therein contained be ordered out. And further

Resolved, That it is the sense of this Council that the Board of Public Works should make no charge for connections made to the sewer system, and that the expense incident of making water connections should be limited to the cost of the corporation cock which is furnished by the City. And further,

Resolved, That the Clerk be requested to inform the Board of Public Works of the action of the Council, and its request.

Carried.  
Ald. Congleton reported for introduction an ordinance entitled, "An Ordinance Creating a Sanitary Sewer District in the City of Holland, and Providing for Compulsory Sewer Connections in such District," and recommended that the rules be suspended, and that the ordinance be placed on its immediate passage.

Adopted.  
The ordinance was read a first and second time by its title, referred to the Committee on the Whole, and placed on the General Order of the Day.

General Order of the Day  
On motion of Ald. Congleton, The Council went into the Committee of the Whole on the General Order.

Whereupon the Mayor called Ald. Congleton to the chair.

After sometime spent therein, the committee arose and through their chairman reported that they had under consideration an ordinance entitled, "An ordinance Creating a Sanitary Sewer District in the City of Holland, and Providing for Compulsory Sewer Connections in such District," and recommended that the ordinance be tabled, until the next regular meeting of the Council.

### ORDINANCE No.

An Ordinance Creating a Sanitary Sewer District in the City of Holland, and Providing for Compulsory Sewer Connections in such District. The City of Holland Ordains:

Section 1. All property abutting on any street where a sanitary sewer has been laid and constructed, and all property within one hundred fifty feet of any street where any such sewer has been laid and constructed shall be deemed to be located within the Sanitary Sewer District, in the City of Holland.

Section 2. It shall be unlawful for any person, firm, or corporation to maintain any privy vault, cess pool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, in such sanitary sewer District, unless the same is properly connected with the sanitary sewer system, in accordance with the ordinances of the City of Holland, and the rules and regulations of the Board of Public Works, Board of Health, or any other board of the City of Holland, or such rules as have been laid down by the Common Council, or as may hereafter be enacted by competent authority.

Section 3. It is hereby declared that the maintenance or use of any privy vault, cesspool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, in such Sanitary sewer District, unless properly connected with the sanitary sewer system of the City of Holland, dangerous to the public health of the residents of the City of Holland.

Section 4. If any person, firm, or corporation shall have, keep and maintain any such privy vault, cess pool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, in such Sanitary Sewer District which has not been properly connected with the

sanitary sewer system of the City of Holland, such person firm or corporation shall be deemed to have, keep and maintain the same contrary to this ordinance, and detrimental to the health of the people of the City of Holland, and such person shall be punished as hereinafter set forth, and the same shall be abated and discontinued as in this ordinance further provided.

Section 5. It shall be the duty of the City Inspector to view all premises in the Sanitary Sewer District, and if he shall find that any such privy vault, cess pool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, is had, kept and maintained, without being properly connected with the sanitary sewer system, he shall so report to the Board of Health of the City of Holland. The Board of Health is hereby empowered to give such person notice of the same, and to have the same abated, or connected with the sanitary sewer system, in such time as to the Board of Health shall seem just, but in a time not less than twenty-four hours after notice is served, nor more than thirty days after such notice. Such notice shall be served by the City Inspector, or any policeman or constable of the City of Holland, upon the owner or occupant of the premises, and shall be in writing, or printed, or partly written and partly printed and shall designate the premises, the nature of the violation of the provisions of this ordinance, and the time fixed by the Board of Health for the abatement of the same, or its connection with the sanitary sewer system. And the owner or occupant of such premises shall thereupon comply with terms of such notice, and within the time therein set forth.

Section 6. If any person, firm or corporation, shall fail, neglect or refuse to comply with such order, he may appeal therefrom to the Common Council, which appeal shall be made in writing, and be presented at the next regular meeting of the Council, at which time such person, firm or corporation may be heard thereon, as well as the Board of Health or any member thereof, and its duly authorized officers and agents. If upon such appeal the Council shall decide for the person, firm, or corporation appealing, it shall so inform the Board of Health, and no further action shall be had. If the appeal is not sustained, then the person, firm, or corporation, shall forthwith proceed to comply with the terms of the notice theretofore served.

Section 7. If no appeal is taken, or if after appeal the order of the Board of Health is sustained, and any person, firm or corporation shall fail, refuse or neglect to comply with the orders of the Board of Health, as contained in the notice herein required to be served, then it shall be the duty of the Board of Health to proceed to have the same done, in accordance with the terms of the order made, at the best terms and in the best manner that the same can be had done, and at the least expense, after carefully investigating the same. Such work shall be done by the Board of Public Works, as ordered by the Common Council, and the persons liable for the payment of the cost and expense thereof, shall be given the opportunity of paying for the same in from one to ten installments." And if such work is done under the order and direction of the Board of Health, the Board of Health shall recommend the same to the Council for payment, with a detailed statement of the cost and expense thereof. Such bill or bills shall thereupon be paid by the council and shall become a claim against the person, firm or corporation, and the property on which the work was done. Said costs and expenses when so paid by the Common Council may be collected in a suit at law, or may be certified to the Board of Special Assessors of the City of Holland, to be certified to the Board of Special Assessors of the City of Holland, to be levied against the premises, and collected as other special assessments are collected, under the provisions of the City Charter. Any person may have such work done by or under the direction of the Board of Health, and pay therefor by special assessments.

Section 8. Any person who shall violate any of the provisions of this ordinance, upon conviction thereof, shall be punished by a fine of not less than five dollars or more than one hundred dollars and the costs of prosecution, or imprisonment in the City Jail or county jail of Ottawa County, for a period not less than five days or more than ninety days, or both such fine and imprisonment, in the discretion of the court.

before whom such conviction is had. Section 9. This ordinance shall take effect twenty days after its passage.

Adopted.  
N. J. Yonker and others petitioned the Council as follows:

In accordance with the request of his Honor the Mayor made to two of the undersigned on Saturday, August 8th, we respectfully present this petition for your consideration.

So far the net result of the action taken by the Council on July 15th, last, relative to the proposed establishment of a municipal plumbing shop has been to demoralize the plumbing business in the city in general, although, undoubtedly, this was not the result the Mayor and the Council intended that it should have. And thus far we have been unable to secure from either the Council or the Board of Public Works definite information as to what extent and how soon the city intends to establish such a business. This unsettled condition means the crippling of our business and effects the means of living of some thirty families in this city.

Therefore, we the undersigned, citizens and taxpayers of your city, legitimately engaged in the plumbing business, petition your honorable body to reconsider the action taken on July 15th. And in view of the fact that those who have been ordered of connect and are financially unable to do so are comparatively few as compared for such connection, we would suggest the following:

1st—That the City secure bids from legitimately engaged plumbers for connections to be made for those few who are financially unable to meet the expense direct, letting the work to be the lowest bidder and assess the cost on the property the same as for other improvements.

2nd—We would suggest the discontinuing the charge of two dollars for attaching permit to sewer mains and laterals and the charge of four dollars for attaching permit to water mains is now made by the city.

3rd—That the City in laying their sewer mains also lay the laterals to the property line, which the city legitimately could do, thus lightening the expense on this part of the work which is usually the most expensive part of the work the owner meets with.

Referred to the Committee on Ways and Means.

The Clerk reported that at a special meeting of the Board of Police and Fire Commissioners held Aug. 12th, Fire Marshal Blom submitted his report of inspection of chimneys, and gasoline and oil tanks which said report was accepted and the Board especially well satisfied with such report and inspection, and the Clerk instructed to submit said report to the Common Council.

Number of Chimneys inspected 3,179.

Number of Houses, 1,588.

Number of bad chimneys found 207.

Written notice served on owners to repair said bad chimneys within thirty days of inspection.

Accepted and filed.

The Committee on Streets and Crosswalks reported as follows:

Your committee on streets and crosswalks, with the City Engineer and City Attorney have been endeavoring to have Herman Vander Veen and his sureties repair the Central Avenue pavement, and we have had several promises from him as to what they were intending to do, and when it would be done.

So far none of the promises have been carried out, and your committee is reliably informed that unless some drastic action is taken, that there is no immediate probability of the same being done.

We have considered the matter from all sides and are convinced that it is up to the City of Holland to take action at this time, and we would recommend that suit be brought at once against the said Herman Vander Veen and the sureties on his bond, for violation of the terms of his contract, and also for violation of the condition of the bond.

Adopted, all voting aye.

The Clerk reported that at a meeting of the Council held Aug. 5th, action on the adoption of the report of the special committee, recommending that Arthur Van Duren be requested to resign as City Attorney was tabled.

On motion of Ald. Stokettee, Resolved, That the action on the adoption of the report of said special committee be and the same hereby is taken from the table.

Carried.

Ald. King, moved, as a substitute for the whole, that the license committee be instructed to draft and prepare regular sworn to, charges against the City Attorney in accordance with the terms of the City Charter, and that the Council go into this matter in accordance therewith and that in the absence of such definite charges the matter be tabled.

Said motion did not prevail by yeas and nays as follows:

YEAS: Aids. King, Harrington, 2 NAYS: Aids. Prins, Slag, Drinkwater, Kammeraad, Vander Ven, Vander Hill, Stokettee, Congleton, 8

The question then recurring on the original motion, (being the action on the adoption of the report of the special committee,) said motion prevailed by yeas and nays as follows:

YEAS: Aids. Prins, Slag, Drinkwater, Kammeraad, Vander Ven, Vander Hill, Stokettee, Congleton, 8 NAYS: Aids. King, Harrington, 2 Adjourned.

Richard Overweg,

## JUMPS OVERBOARD

Man Takes Own Life from Deck of Virginia Tuesday Evening On Way Across Lake Michigan; Estrangement from Wife is Cause

Grand Haven Tribune.—After telling the fellow-passengers on the "Virginia" Tuesday evening as they rode out of the Chicago harbor, that he was unable to live without his wife who had left him the third and last time, an unknown man, a Hebrew of foreign birth, leaped overboard and drowned when about 15 miles out into the lake. The drowning occurred about 8:30 p. m.

W. H. Yonker, of Ferrysburg was a passenger on the "Virginia" and stood leaning over the rail of the lower deck when he saw the man make his death leap. There were no others nearby to see the man jump into the water and it was Yonker who gave the alarm, "man overboard". Capt. Redner gave hasty orders for a return to the spot where the man had gone down and a search was conducted for nearly an hour. Nothing was seen of the body.

Before taking his life, the unknown man had written three letters and each time had torn them into shreds. His extreme restlessness attracted the attention of all near him. After destroying each letter he borrowed a pencil from another passenger. The last note was left upon a chair just before he ran to the side of the vessel and leaped. The note explained his estrangement from his wife and was given over to the boat officials.

Those with whom the man had become passingly intimate say that he exhibited a large amount of money in a roll of bills. He told one fellow passenger that his wife had left him twice before and he had been able to get her back to him but this time it was impossible.

# PETER FITZPATRICK DIES YESTERDAY MORNING AT MACATAWA HOTEL

At four o'clock yesterday in Hotel Macatawa death came to Peter Fitzpatrick who was injured at the Jenison Park dock when he stepped into a launch and fell, cutting open his left side. No hope for his recovery was held out from the first. Fitzpatrick's son arrived in time from Chicago and he was at the bedside when death came. Mrs. Fitzpatrick and the injured man's sister-in-law were also at the bedside.

The body was taken to Chicago yesterday and interment will take place there. Fitzpatrick had intended to spend some time here on his vacation and the accident happened the day after he arrived here.

Mr. Fitzpatrick recently celebrated his twentieth anniversary of his service in the Chicago police force. He has had an interesting career. At the time of the Johnstown flood he was located in the East. The house occupied by him and his family was cut in two by the force of the water. He took refuge on one part and his family on the other. He was finally rescued in an unconscious condition while with the exception of his son the other members of his family perished.

In the midst of the great flood he saw a young lad hanging to the limb of a tree, just then some debris struck Fitzpatrick rendering him unconscious. The boy in the tree notices what had happened and by supreme effort succeeded in rescuing the man. This boy proved to be the son and is the same man who yesterday took the remains of his father to Chicago.

# POLICE UP AGAINST IT; 10 YR. OLD SUSPECT

Young Polish Lad Admits Knowledge of Three Thefts But Claims Innocence of Crime Himself

Grand Haven Tribune.—Grand Haven authorities are up against one of the most difficult cases of youthful delinquency coming within their limits in the matter of one little Peter Ketiva, a Polish lad about ten years of age who has confessed to a knowledge of a theft of \$10 from the Wilbert saloon on Fulton street, \$5 from the Stap feed store and \$1.50 in pennies from the Dick Bolt meat market. The theft from the Wilbert place is said to have occurred Sunday afternoon.

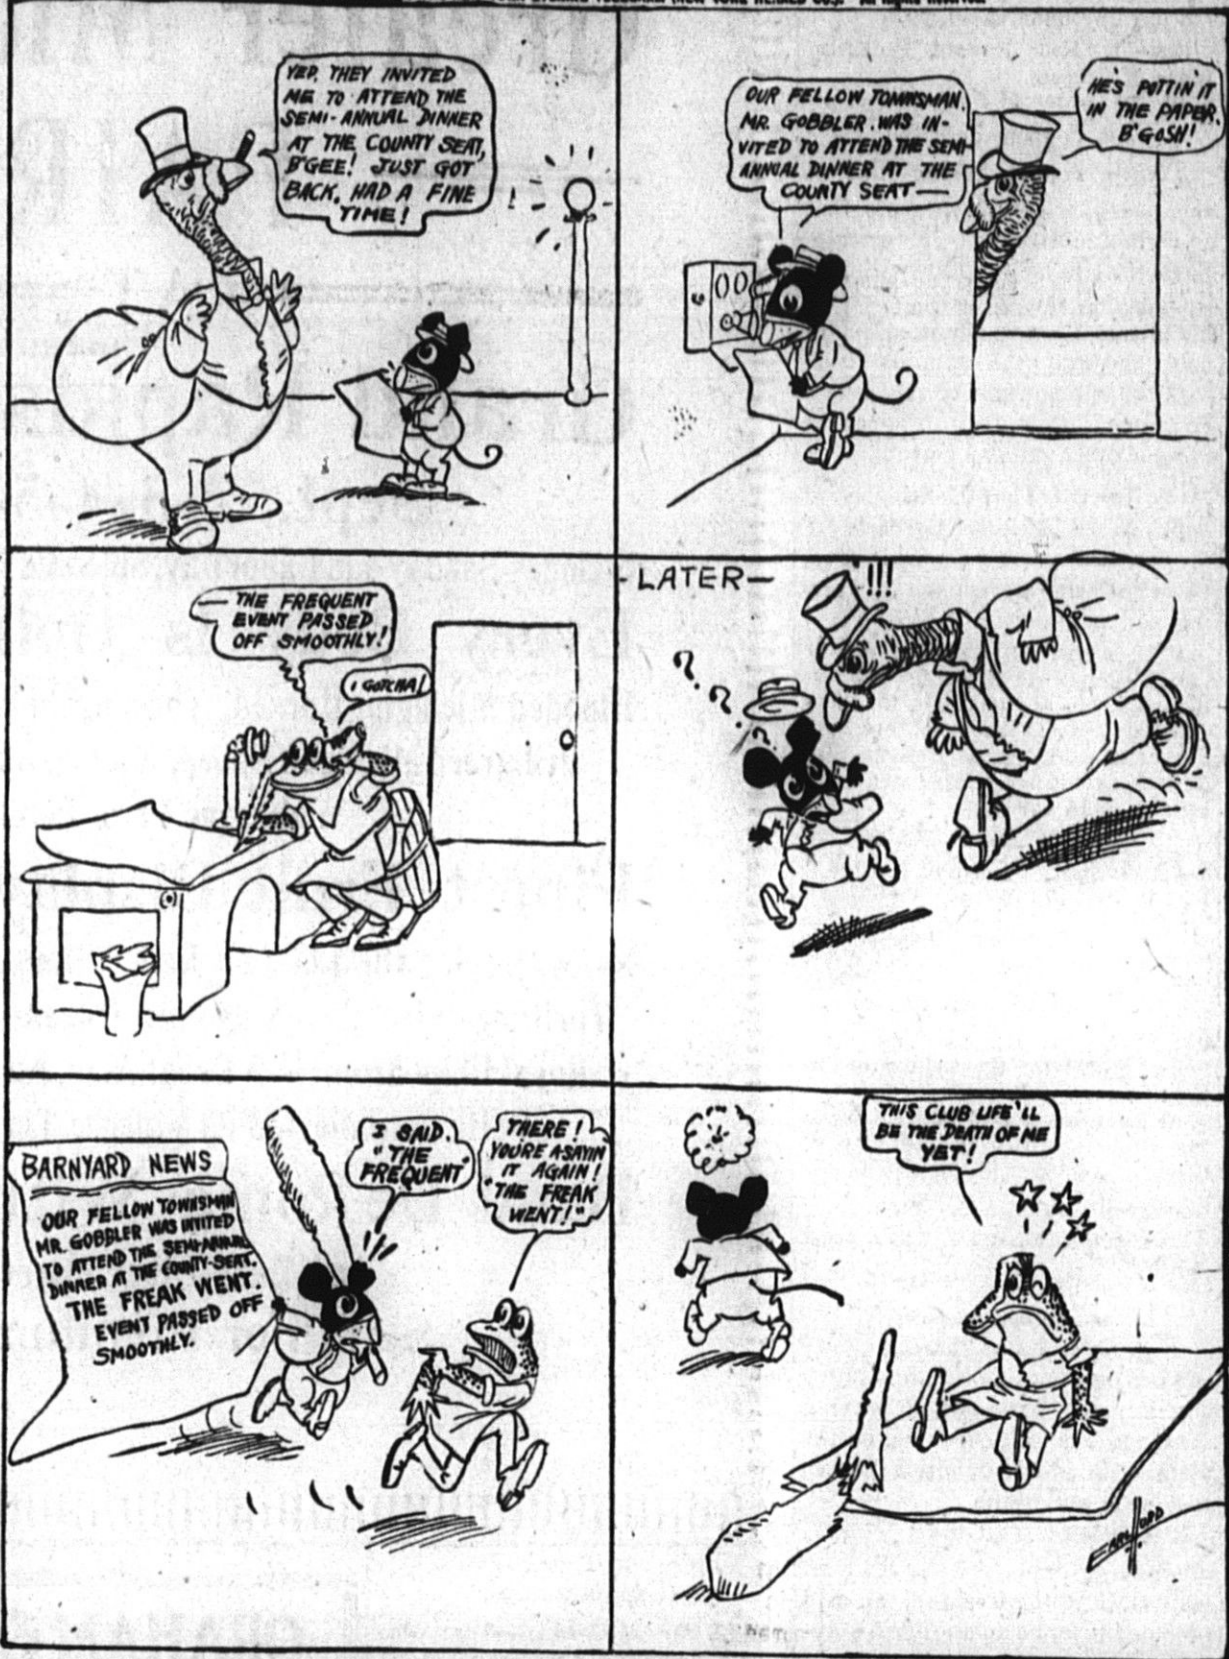

When the latter theft was reported to the police the Ketiva youth was brought to notice and he practically admitted a few of the incidents. He claimed to be innocent of the Wilbert affair but said he knew who did the work.

The money was taken from the Wilbert saloon after the thief had gained an entrance through the side walk cellar way. Monday the lad in question was found spending an unusual amount of money, whereupon he admitted the other incidents.

Just what may be done with the youth is a question with the local authorities, because of his youth. The lad is barely over ten years of age.

# W. H. DYKHUIS OF DE GROND WET ARRIVES HERE YESTERDAY FROM THE NETHERLANDS, AND TELLS OF WHAT WAR MEANS IN EUROPE

Many Thrown Out of Work; Whole Country Is Hard Hit By The Conflict

W. H. Dykhuis, who left this city some months ago to spend a few months in his native country, the Netherlands, returned to Holland yesterday. Mr. Dykhuis left the Netherlands on August 8, and his story of conditions there during these troublous times gives a vivid idea of what the war means even to the people of those countries that are not directly involved in any conflict. In Rotterdam, according to Mr. Dykhuis, conditions are very bad commercially. When he left some of the great ship-yards were on the point of being compelled to close down at least partly. In one of these 2,000 men are employed and it was feared at that time that at least 600 of those would lose their jobs very soon because business is almost at a standstill. The same thing is true of many of the great manufacturing institutions in Rotterdam, Amsterdam and other Netherland cities. They are being hit hard by the war, and the indication were, when Mr. Dykhuis left the Netherlands, that thousands of people would soon find themselves without a livelihood. In cities like Rotterdam practically all the commercial interests are either directly or indirectly connected with the shipping interests. But the vessels are tied up for the most part in the harbors and hence all the interests suffer severely.

In addition to this some 280,000 young men and men up to the age of 35 have been called out to do military service, thus taking them from their families to work for the government. The government makes some provisions for the families of these men, but in most cases it is very small compared with the wages they were getting at their ordinary vocations. Add to this the rise in the price of some of the food stuffs and the fact that taxes will soar because of the extraordinary war expenses of the government and some conception can be formed of what the European war means even to a country like the Netherlands that is not directly mixed up in it.

A curious fact in connection with the war, said Mr. Dykhuis, was that the price of meat was coming down at the time he left. This he explained by the fact that in time of peace

much meat was exported by the Netherlands to Germany and other countries. But now all those markets are closed to the meat dealers of the Netherlands and hence the price was coming down for the home consumers. But some other food stuffs are rising rapidly. Articles like sugar could hardly be obtained when Mr. Dykhuis left, and there were other articles of food of which the price was becoming prohibitive.

A curious insight into conditions in European countries where militarism rules is shown in the statement by Mr. Dykhuis that the horses of the country are enlisted and pressed into service somewhat like the men. Each year, even in times of peace, the farmers are required to take their horses to town to have them examined for fitness for military service. Now in war time the government takes all the horses it requires for service. Of course, the owners are paid for the animals by the government, but the fact remains that they are compelled to yield them up whether they want to or not. That kind of thing is almost unthinkable in a country like America.

An idea of what the war will do to taxes in the Netherlands even in time of peace can be formed from the statement that the Netherlands legislature voted 50 million dollars to be used merely in the preliminary mobilization of the troops. This sum will be only a drop in the bucket compared with what will be used if the country is involved in actual war.

A sort of panic was on in the Netherlands when Mr. Dykhuis left. Thousands of people flocked to the banks in order to have their paper money exchanged for silver. They do not trust the paper and they wanted to be on the safe side by getting their savings in currency behind which the government stands. At some of the banks the people began to collect at 1 o'clock at night and stood in line till 9 o'clock the next morning when the banks opened to get their money. So far no banks have failed, but they are believed to be having a very hard time of it.

Some sections of the country are under practical martial law, according to Mr. Dykhuis. While he was traveling by rail to Rotterdam companies of soldiers were guarding the railroad bridges, and the important points along the line.

The censorship of newspapers even in the Netherlands is quite effective. The government has requested the newspapers to print nothing that does not come officially from the government and the papers are observing this order quite strictly. By

reason of this fact the people are not learning much about the movements of the army and navy. Their feeling against Germany however, is very bitter, and they blame that country for the war.

Mr. Dykhuis came across the Atlantic on the Nieuw Amsterdam. The vessel was overcrowded, many having chosen this boat who had planned to cross on a German vessel but were prevented from sailing. The Nieuw Amsterdam was held up five times on the trip across, four times in the English channel by British men-of-war, and once near the American coast, also by a British man-of-war. Each time guns were fired to make the vessel stop. It was a most exciting passage, said Mr. Dykhuis.

# STEPHAN AND ORR WERE FROM MISSOURI

Showed Merchants That They Gave Them Their Monies Worth In The Fair Book

There were 3,500 Fair Books sent out yesterday to the farmers of Ottawa and Allegan counties requiring \$120 in stamps. The Fair books were neatly wrapped in envelopes and stacked high upon a dray and were drawn through town accompanied with martial music which brought the merchants from their store to see what was going on.

In this way Mr. Stephan and Mr. Orr who had complete charge of the Fair book, advertised the fact that the book was out and that the required number were loaded on the wagon and any one doubting the truth might have the privilege to count them over, which of course none of them did.

Paul Coster of the Coster Supply Co., photographed the wagon load as it went by.

The premium list was printed at the Holland City News printer, and the directors say they are well pleased with the job, therefore we are also.

# LOCAL

The annual Sunday school picnic of Hope church was held yesterday at Saugatuck.

Holland's first annual midsummer tax gathering campaign has come to a close. After the figures were totaled up it was found that only \$4,580.68 remained unpaid of the total of \$103,262.50.

That Holland is to have another Chautauqua was made sure when the Holland Business Men's association signed the contract of the Lincoln Chautauqua system. A. Wright of the Lincoln system was present at the meeting of the business men and after considerable discussion satisfactory terms were agreed upon.

The Holland Business Men's association has decided to endorse the movement to establish a Holland day for the fair next month. On that day efforts will be made to have the schools close as well as the factories and stores. Wednesday of fair week will be Holland day.

Rev. J. M. McCreery, who for some time has served as pastor of the Wesleyan Methodist church of this city, has been reappointed to this charge for another year. Mr. McCreery, who followed Rev. J. M. Badder in the local church, has done very successful work here.

The refreshment committee headed by George Van Landegend served four barrels of good coffee and it is estimated that at least three thousand cups of coffee were passed out by the committee members and their helpers on farmers picnic day. Moreover they served five barrels of good lemonade. This lemonade was made at the rate of one case of lemons to the barrel. Ten gallons of cream were used, 225 pounds of sugar, 50 pounds of coffee. Everything was of the best on the theory that when entertaining visitors the best is none too good for them.

Only one of the contests that took place at the picnic Thursday was canceled by the farmer picnic committee. This was the chicken race. It was taken off on the score that it

was considered inhumane. The contestants were supposed to guide the chickens with fans, but instead of that they swatted the hens and injured them, some of the contestants became so excited that they stepped on their hens. For that reason the contest was discontinued and the chickens were thrown among the crowd. Those who were lucky enough to catch a hen were allowed to keep it.

Superintendent E. E. Fell and family have returned from New York City where they spent the greater part of the summer. Mr. Fell attended Columbia university where he took a post graduate course in the department of education. He is already hard at work in preparation for the opening of the schools here on September first.

Dr. L. N. Tuttle appeared before the Holland Business Men's association Monday to secure the endorsement of that organization for a proposition to buy the Scott property on the corner of 19th street and Central avenue and to convert it into a hospital, the hospital to be turned over to the Sisters of Charity for maintenance. The motion made to endorse the proposition was not seconded, and later a motion was carried to the effect that the Business Men's association do not take the proposition up officially.

An automobile driven by G. Neerken came very near colliding with an interurban car Monday afternoon on the corner of Ninth street and River avenue. The auto was coming along Ninth street going west. The driver put on the brakes when he saw the interurban and the motorman also put on the brakes. The auto however slid along the pavement. The interurban car hit the machine, but the impact was so gentle a one that it merely turned the auto around. Very little damage was done and the auto was driven to a garage on its own power.

River avenue is was brot out Monday evening at the meeting of the Business Men's association, when the closing of that street while the paving is being done was discussed. The business men declared that even if it were closed for only a day or two much harm would be done to trade conditions here. They discussed the advisability of taking steps to prevent its being closed even for a day. What plan will be followed is not known but the business men will confer with the council in an effort to have the street kept open to the traffic all the time while he paving is being done.

Candidate for Nomination for Governor on the Republican Ticket

# To the Voters of Michigan

Fellow Citizens:

I am glad to address in this direct way a greeting to the voters of Michigan and say a word regarding my candidacy for the Republican nomination for Governor.

You have at different times honored me with your confidence and entrusted me with important political duties. It has always been my highest endeavor to faithfully discharge every trust.

I feel that you will look upon my past record of service as a better guarantee of my future actions than any promises I might make. The best guarantee any man can give that he will do well the larger things entrusted to his care is that he has done well the smaller things.

I am willing at all times and upon all questions to trust the judgment of the people. If my official conduct in the past has met with your approval, then I ask for your vote for the Republican nomination for Governor.

I urge every voter to attend the primary on August 25th and any support that you may give me at that time, I assure you will be appreciated.

Sincerely yours,

FREDERICK C. MARTINDALE.
