NUMBER THIRTY-FOUR

Austin Harrington was in Gra
Rapids on business Tuesday.

WHAT YOU SAW IN THIS PAPER FIFTY YEARS AGO

An effort is being made to get a bell in the tower of Hope church. Note—Apparently the congregation succeeded as the Hope bell has always been considered the sweetest sounding bell in Holland.

A man by the name of Grinnell while attempting to enter the harbor of the Kalamazoo river (meaning Saugatuck) capsized his boat near the light house spilling himself and 900 pounds of sturgeon into Lake Michigan. It was blowing hard at the time and the sea was washing over the pier. Notwithstanding her danger, Mrs. Underwood the wife of the lighthouse keeper went to his rescue with a rope in gallant style and saved the seaman's life.

FORTY-FIVE YEARS AGO
Greenbacks this week are worth 97% in gold. Note—These were the days when you didn't know over night what your money would be worth next morning. Something like our "Liberty Bonds" were a short time ago.

The musical entertainment which was promised before and is to be given in the interest of the Reform club will be held on Tuesday evening at Kenyon's hall and Gee's band will assist them. Encourage them with a crowded house.

The schooner Mary is once more in limbo. The owners Knoll & Liseaman, went to Muskegon and demanded the schooner from the captain and sailors—put other men on board of her and sent her into this port. Now the sailors have started proceedings against her for wages and the boat is tied up.

FORTY YEARS AGO
M. W. Palmer of Holland, inventor of the Palmer wind mill, has invented an ingenious device for the use of the farmers and dairymen in keeping milk and for raising cream. It is called the "Holland Creamer" and we hope that the farmers in this locality will purchase one as we are having a poor lot of butter in Holland these days. Note—The Palmer windmill was of the first wooden variety and many were sold before the advent of the galvanized mills. The "Creamer" so called was built on the plan of the old fashioned milk safe of yesterday, not much was done with it and no doubt the butter stayed poor for some time longer, and until the creamery came into being.

THIRTY-FIVE YEARS AGO
Contractor Jim Huntley is about the busiest man in Holland. He is erecting twelve houses in the city, not counting the ones he is building in other cities.

As we go to press we hear that J. Hummel in attempting to kill a big mink received the contents of a shot gun thru a premature explosion.

THIRTY YEARS AGO
While at work on the new city hotel block, John Karsen, a painter received severe injuries caused by a brick falling on his head. Ground has been broken for a new two story brick building 80 feet east of Jones Jewelry store to be built for A. J. Ward of Flint. Note the building formerly was the Apollo Theater. A. J. Ward it will be remembered was a contractor in this city, was an alderman, county treasurer and built the Ottawa County Court House.

TWENTY-FIVE YEARS AGO
Carl, the 5-year-old son of Mrs. Carl Van Raalte, accidentally broke his right arm while at play Friday.

A stranger created considerable excitement on Saturday noon by claiming that he had been robbed by two colored men of \$40 in a local saloon. He appeared to be intoxicated and no redress was given him.

Alpena Beach on the North Side of the bay is destined to become a popular resort in the near future. Some large picnics are being held there and a few lots are being sold in that neighborhood. O. B. Bosman and John J. Cappon each purchased some lots. Note—That this prophecy was true is evidenced in the George Getz estate, Alpena Beach, Buchanan Beach, Kardeau Beach—in fact a continuation of watering places and cottages as far as Port Sheldon Lake.

TWENTY YEARS AGO
John Vander Poel, one of our enterprising citizens of Zeeland made a curious mistake this week. While selling from a job lot of prepared paints he sold his customer a can of canned peaches instead. The joke was a rich one but Van got back on the jobber who had sent him peaches for paints.

At the Holland township caucus held Saturday afternoon the following delegates to the county convention were named: D. B. K. Van Raalte, Luke Lugers, John Y. Huizenga, A. Vander Haar, Chris Schilleman, John Meyering, John Van Appeldoorn, John Van Zanten, Gerrit Zaalmink, John G. Witteveen, George Campbell, Michael Bos, Ben Raalte, jr., Ben Raalte, sr., John A. Wilterdink. There was a contest on between Attorney M. A. Sooy of Zeeland and P. H. Mc Bride of Holland as to who would get the support of the delegates for prosecutor. Mc Bride forces won out and the delegates were instructed for McBride.

FIFTEEN YEARS AGO
A new restaurant has been opened in the city called the Alpena located in the Blom building with Anthony Romeyn as the proprietor.

John C. Calhoun of Holland has been granted a patent on a photograph printing machine.

The common council of Zeeland has gone on record in favor of the enforcement of the state law relative to closing of livery stables on Sunday. Ala. introduced a resolution providing that the law be enforced and passed without opposition.

TEN YEARS AGO
They have a wild time at the common council over the 19th street baseball park. Aldermen, neighbors all signed petitions to have the fence and grandstand removed. They called it a house of prostitution and an unsanitary spot such as private folk would not be allowed to maintain. Alderman Vernon King fought the taking down of the fence and grand-

stand stating that it was the only means the Holland team had to get money enough to defray expenses. Action was deferred. Note—The fence was taken down shortly afterward.

Henry Eller, aged 64 years, was found dead in his bed at his home at Jenison Park.

Mrs. G. Thnholt of Graafschap aged 73 years sustained two broken ribs and internal injuries in a runaway accident as she was alighting from a milk wagon. The horses became frightened, started, and threw the lady against a telephone pole.

FIVE YEARS AGO
John Nyland 47 years old, died suddenly at his home at Graafschap after an illness of only a few days. Mr. Nyland had just finished the building of a large garage in Graafschap.

George Farnsworth dies at Montello Park at the age of 69 years.

Chester Van Tongeren, former Hope college basketball star saved the fire department from making a two mile run when he intercepted a boy sent to turn in a fire alarm. Van Tongeren took two pails, made several trips to the roof of the building on fire and soon extinguished the flames.

NEW CHURCH FOR REV. BERNIE MULDER OF HOPE COLLEGE

Within a month or six weeks the Covenant Reformed church of Muskegon Heights will be completed. Preparations are already in progress for the dedication services to be held as soon as the contractor is finished and members of the church are now looking forward to the occasion with happy anticipation.

It was just about two years ago that several families from the Reformed churches of Muskegon decided that they would join and erect a church of their own at Muskegon Heights. Accordingly a mission society was formed and meetings were held for a time at the residences of the members. Then it was learned that a portable building could be obtained from the church extension department of the Reformed church of America and for 18 months the meetings were held there. Rev. O. G. Droppers, classical missionary, served as pastor until the society became well organized and a few weeks ago Rev. Bernie Mulder, a seminary graduate, was called to serve the parish.

From an insignificant beginning, the church has grown to a society of 50 families. Sixty per cent of the congregation is American born. All services are in the English language. It is the intention of the founders to make it a church for all.

Rev. Mulder is a graduate of Hope college and of the Western Theological seminary. He is a young man, full of energy, and of pleasing personality, who is attracting much of the younger blood to the church. He served with the 80th field artillery during the war.

It is probable that the dedicatory services will be Sept. 15. Dr. S. C. Nettinga of the Western Theological Seminary will deliver the address. A musical program under the direction of H. S. Holt will be a part of the dedication week services.

The building itself is a handsome structure of red faced brick. It will cost approximately \$25,000 when completed. There is seating capacity for 325 persons and a choir loft and a recess for a pipe organ are provided. No organ will be installed at present, however. The entire building from basement to steeple, will be an edifice of which Muskegon Heights will be proud.

The consistory is composed of the pastor, Martin Frissel, C. K. Redman, Peter Valmari and John Wiers. The latter four are elders. The deacons are Henry Hazeekamp, Charles Vandervelder, John Haarsevoort and L. H. Lipstra.

According to figures released at the office of County Clerk Orrie Sluiter 15,176 children of primary school age in Ottawa county are entitled to the benefits of public education under the school appropriation act and these are allowed \$11.70 each for a primary school education for the coming year of school.

Of the 15,176 children of school age in this county, the number in Grand Haven city amounts to 2,028 and the number in Spring Lake town amounts to 688. Three hundred and twelve of the Spring Lake township pupils reside in the village of Spring Lake.

Holland city has 3,783 primary school children who come under the appropriation, this being the largest number in the county and being almost twice as many as in Grand Haven.

The amount of money which will go toward education amounts to \$178,400.40. This sum is collected from fines and other sources of income which are specified and when the time for the starting of the school year comes the appropriation is made and the amount per pupil is figured out.

None of this money goes for buildings but it is devoted to the direct expenses for education of the primary school child. The school systems of the county are in excellent shape now, and though there is not an abundance of teaching talent, still it is thought that all schools can be supplied with teachers of a high calibre.

The salary of teachers now ranges into an average of about \$90 per month but with the opening of so many more lucrative occupations, the people who would otherwise take up teaching are going into other fields of endeavor.

WOOD CAST UP BY THE WATERS MAY SAVE LIVES

Michigan's shore line is awash with driftwood, while coal bins are empty and there is talk of a fuel famine for next winter.

Sunk deep on the floor basins of her inland lakes and bayous of her bays are carloads of pine and cedar hemlock and maple, waterlogged for decades, but which dry out yellow and glistening with plenty of heat units to keep out the cold on January nights could they but be reclaimed.

The floor basins of Michigan's water bodies are the grave yards of the lumber yards that once dotted a state now covered with farms. Trees that were knotted or twisted were cast into the discard, logs that broke away from the boom and were scattered hither and yon by the storms found lodgment on some shore, many of them embedded high and dry in the sand today in good condition, as far as their wood value is concerned. Others have nothing left but the knots which however, make a fire that is equal to soft coal.

Few persons living in coast towns or in close proximity to these bases of wood supply take advantage of the opportunity to gather free fuel. They pay the price for coal and wood asked of the dealers and let it go at that.

Near Holland cords upon cords of wood are cast up annually by the wild waves of Lake Michigan.

Have you figured it this way?

YOUR widow's gross income, on each \$1,000 invested for her benefit at 6 percent, will amount to 16 cents a day. That would be a high average.

Under our management, the net is almost as much as the gross.

Insurance money or other funds, thus placed IN TRUST are her best assurances of an income. There is no guess work about it: Make your own multiples of 16 cents a day.

HOLLAND BALL PLAYER WEDS FOREST GROVE GIRL

A beautiful wedding took place on Thursday evening at the home of Mr. and Mrs. Jacob Kole, in Forest Grove, when their daughter Marian Ruth was united in marriage to Verne H. Hoover. Both bride and groom are very well known in Holland, the bride having been employed as stenographer at the De Pree Co. for a long time and the groom being a member of the Holland Independents, playing center field.

The wedding took place at five o'clock and the ceremony was performed by Rev. Henry Vruwink, of Grand Haven, the double ring service being used. The wedding march was played by Rose Kole, sister of the bride. Miss Helen Hooker served as bridesmaid, and the groom was attended by Roy Young. The ring bearers were Lois Vruwink and Francis Hoover, and the flower girl was Jean Kole, sister of the bride. The bride wore a beautiful gown of crepe de chene and lace.

All the members of the Holland Independents were present to see their team-mate married and besides them there were some 200 other guests. An elaborate lawn supper was served, and after that a program was given on the lawn.

GEO. HEURTZ OF HOL- LAND CONVICTED ON LIQUOR CHARGE

Thursday the case of the People vs. George Heurtz of Holland was decided in a hurry. Heurtz was charged with violating the liquor law and when he appeared in court he stood mute on the charge and brought in no defense in his behalf.

It is stated that Heurtz thru his attorneys wishes to have some technical points decided by the higher courts and in order to save his law points and exceptions taken in the lower court decided not to testify.

The charge made was that Heurtz manufactured and possessed intoxicating liquors at his home and on the other hand Heurtz contends that the search made for the supposed illegal liquor was not in accordance to law, and for that reason he wants these technical law points to be decided by the Supreme court of the State of Michigan, which no doubt will prove rather interesting, a new side light incident to the search and seizure act in this and other states.

After Heurtz was convicted in Circuit court his attorneys Robinson & Den Herder asked Judge Cross for an appeal.

MAN ELECTROCUTED AT SAUGATUCK

A man by the name of M. B. Miller of Alma, employee of the Consumers Power Co., was electrocuted while making necessary repairs on the high voltage power line near Saugatuck.

He was attempting to cut in on the transformer without shutting off the current in order that there might be no interruption in the telephone service in the vicinity of Douglas, Saugatuck and Ganges.

At least 3,400 volts passed thru the unfortunate man's body and his death was instantaneous.

Mr. Miller was an electrical engineer for the company and was considered a high class mechanic.

ROTARY CLUB GETS BACK OF CHILD WEL- FARE MOVEMENT

The Holland Rotary club at its meeting Thursday noon made plans for the support of a general children's welfare movement in Holland. The members of the club individually, and collectively as a club went on record as being in favor of doing all they can to advance the interests of children's work here, as is being done by similar organizations in many other cities. The members pledged it their moral and financial support and also promised to do all they can to secure the moral and financial support of others outside of the organization for this work.

There are several branches of children's work. Among others are the Boy Scout movement, the public playground movement, the amelioration of the condition of crippled children, and the back to school movement. It includes a wide program of child welfare along all lines.

At the meeting Thursday an interesting address was given by Rev. M. Verne Oggel and a talk on music was given by the head of the Music Department of the Northwestern University.

Following is a list of those who have already contributed to the child welfare fund.

Ben Vanden Berg, Wm. Vanden Berg, A. H. Landwehr, Chas. Kirchen, E. T. Whelan, B. P. Donnelly, J. Frank Duffy, Frank Lieve, Dr. R. H. Nichols.

That free delivery of mails in Zeeland will become an accomplished fact on October 1st appears to be assured by the progress there is being made in securing the necessary number of patrons who are preparing for that eventuality. 85 per cent of the Zeeland patrons must have provided their homes with mail receptacles before September first in order to receive the final o. k. from the post office department.

The territory will be divided into two mail routes. It is understood that all that part of Zeeland lying east of Elm street will be covered by No. 1 and that territory situated west of Elm street by No. 2.

Boxes for receiving outgoing mails will be provided in several places in the city convenient for patrons of the Zeeland postoffice. The boxes now allotted may be added to later on. At the present there will be boxes for receiving mail at the corner of Lincoln and South Maple, at store of Henry Faber, at northeast corner of Main and State streets; at the northeast corner of Main street and Colonial avenue.

ZEELAND TO HOLD COMMUNITY CELEBRATION

Zeeland is ready for a fall celebration. The executive board of the Zeeland Adv. club met and after discussing the matter from all angles, decided to call a public meeting for the purpose of finding the public sentiment, and this matter will be settled at a public meeting at the city hall on Friday, August 18th, at 1:30 o'clock. That however, is a foregone conclusion and the matters to be settled then only remain the appointment of standing committees to have charge of the several departments, besides other routine business.

It is the aim to have a clean two-day or three days celebration and to make the several attractions worthy of everyone's patronage. The character of the attractions, it is anticipated, will be above criticism. Zeeland is noted for doing the thing right and whenever a celebration is held there thousands from the surrounding territory come to enjoy the fun.

Another feature which it is hoped, will develop from this effort, is a department to commemorate the seventy-fifth anniversary of the founding of Zeeland. Many features have been partly formulated but the commemoration has only been touched upon and will require some of the older men and women, who are more able to give proper guidance to bring it to a successful issue.

The Social Progress club members together with their wives and a few friends, held a delightful picnic on Thursday afternoon which was one of the most successful outings ever enjoyed by that society. The picnicers were the guests of Mr. and Mrs. Arthur Visscher at their cottage at Tennessee Beach and they found it an ideal place for a picnic.

Much of the time was naturally spent in the water.

UMPIRE KNOCKS PLAYERS COLD

The Grand Haven Tribune in its

columns of 20 years ago tells of a game of ball played in Holland during the days of Neal Ball and when Con De Pree was manager. The park was then located on the corner of 16th and River streets. The item follows: "A Chicago umpire who worked in a game played by Ionia and Holland at Holland needed no six shooters for protection. He knocked down and out four Ionia players who protested his decision. Big John Gangel was one of the number who was laid cold. Holland was ahead in the 8th 3 to 2."

Another item appearing in the same column is also noteworthy: "The Republicans at a county convention here named the following ticket: Probate Judge, E. Percival Kirby; Treasurer, Frank J. Fox; Sheriff Henry J. Dykhuis; Prosecuting attorney, P. H. Mc Bride; clerk, Fremont Brown; register, J. H. Rutgers; court commissioners, C. E. Soule, George E. Kollen; coroners, T. J. Kiel and Dr. J. Mastenbroek; surveyor, Emmett H. Peck; Legislature, Nicholas J. Whelan and Millard Durham."

ASK ZEELAND BRICK COMPANY TO BE DE- CLARED BANKRUPT

Several of Zeeland's citizens were in Grand Rapids in connection with the hearing in the U. S. District court on the petition of Ben. John H. and Bert J. Veneklasen and others asking that The Zeeland Brick Co. be declared bankrupt. The question involved is not as to whether the plants are being operated profitably or not, but rather whether at the time of the appointment of the receiver on Feb. 20 last, the liabilities of the company were in excess of the then cash value of the assets.

Several millions of brick have been manufactured and shipped so far this season and the company has orders booked for other millions, all at very satisfactory prices. The Zeeland and Hamilton plants furnish steady employment to more than 75 men and the pay roll every two weeks amounts to approximately \$3000. If the petition is granted it will result in the closing down of the plants and discharge of all employees. The Zeeland plant has been idle for about one and a half years and needed considerable repairs, but is now in full operation—Zeeland Record.

The late Bud Smith, whose death took place in Bakersfield, Calif., was a member of the Odd Fellows of Holland, and of the Eagles and Elks of Bakersfield. He was also a Spanish War Veteran, having served as a member of Co. L, 33rd Michigan Infantry.

E. Morgan Ecker of the Carnegie commission of the hero fund created by the great philanthropist was in Grand Haven conferring with G. F. Lofberg upon certain cases of heroism in saving lives which had come under the notice of the superintendent of the 10th Coast Guard District. One of the specific cases was that of a rescue several years ago in the Niagara river by the Fort Niagara crew. F. Lofberg, brother of G. B. Lofberg was one of those involved in the rescue being on a scow and in peril at the time and the Carnegie man was at the county seat to get information.

Third Reformed church on Friday evening held a farewell service for Mrs. John Terborg, the second missionary to represent the local church in Japan. During the evening the pastor in the name of the church, presented Mrs. Terborg with a beautiful trunk and she feelingly responded. Assurances of good wishes were extended on behalf of the church by Rev. W. J. Van Kersen, western district representative of the board of foreign missions in the Reformed church and the pastor. The musical numbers included a piano solo, Miss Marjorie Du Mez and a vocal solo by Miss Cornelia Nettinga. A social hour followed and refreshments were served. Rev. and Mrs. Terborg are planning to sail from San Francisco for Japan on Sept. 6. Five years ago the Sunday school volunteered the support of Mrs. H. V. E. Stegeman to Japan and Mrs. Terborg will be supported by Third church as its own missionary.

Sheriff Fortney has made an investigation of the Ottawa Beach hotel robbery. A few days ago a clue was unearthed which in the opinion of the sheriff is correct or at least will lead toward a solution of the mystery. The Ottawa county sheriff will follow up his own clue with the customary methods.

Allegan Co. is to get primary school money amounting to \$134,152 for 11,466 children of school age. The townships in the vicinity of Holland receive a proportion as follows: Fillmore, 692 children, \$8,096.40; Laketown, 489 children, \$5,721.30; Lee, 803 children, \$3,545.10; Overisel, 452 children, \$5,288.40; Manlius, 685 children, \$5,674.50; Saugatuck, 332 children, \$3,884.40.

The Holland Interurban is doing considerable repairing on River and 8th street. An entire electric welding outfit is in the city and the rails are being welded wherever needed.

A. F. Parkhurst, Spring Lake grape grower has disposed of his vineyard of 30 acres of vines to Louis LaZar of Chicago. Forty acres in all were sold for a purchase price of \$17,000.

The Merchants Association has placed in the windows of those merchants who are to participate in the picnic, the following announcement: "Attention—This store will be closed Thursday, Aug. 24, at noon."

The directors of the Holland Fair association met on Monday night at 6:30 at the fair grounds to see if everything is in shape for the coming fair.

A. H. G. Fokker, the Hollander, whose monoplane was used extensively by the Germans during the World War is now co-operating with American naval designers to perfect a new plane. The experiments are being conducted at the Anacostia, D. C. aviation station.

Miss Winnie Dykstra has returned home after a five months' visit in Edenville, Iowa, with her brother, Rev. John S. Dykstra.

The Catholics of the parish of the Blessed Sacrament of Allegan recently purchased a tract of land lying just west of Oakwood cemetery. The working force of Oakwood will care for the new cemetery in part. A new street connects the two and Thursday some 20 odd teams each manned by two men, donated their services to haul gravel and clay to improve the street and also a street thru the Catholic grounds. The new grounds are laid out very nicely and when improved will be a very beautiful place. The grounds contain a large number of native oak and maple trees and these will add materially to the appearance of the cemetery.

A family reunion was held at Bender's Beach. The day was spent in sports, with a picnic dinner and supper. Those present were Mr. and Mrs. Fred Nivison, Mr. and Mrs. John Woldring, Mr. and Mrs. E. Strong, Mr. and Mrs. George Bender of this city and Mr. and Mrs. Alfred Strong, of Grand Rapids. There 47 in all.

The new route was granted on July 1 and the examination were held for carriers. Weaver being an ex-service man and passing with a good grade was given the appointment over several others.

Mystery surrounding the bag of jewels found a few days ago on the farm of Simons a few miles west of Kalamazoo may have been solved by receipt at the sheriff's office of a letter from a Fennville jeweler, A. M. Hulsen, whose store was robbed several weeks ago. Hulsen's description of the stolen articles tallied with some of the gems found by the farmer under a tree along the road. Mr. Hulsen has been asked to attempt to identify the loot.

Floyd Snooks, driver of a road truck in Allegan county, dropped dead when overcome by the heat near his home. He was 34 years of age and leaves a wife and several small children. He had complained of the heat to other workers, also complained of being faint. A weak heart is thought to have caused death.

The Stegeman family of Holland and vicinity held its fourth annual reunion on Wednesday at the home of Gerrit Looman at Crisp. A large company sat down to the picnic dinner spread under the trees, and also enjoyed a short program of an interesting nature. Rev. M. A. Stegeman of Overisel acted as chairman of the day. At the reunion held a year ago, it was decided to form a syndicate having as its object the raising of a fund to be devoted toward some definite form of mission work. Each family present at this year's reunion promised to renew its pledge for another year, and some worthy form of missionary activity will again be assisted in this way. The Stegeman family has a representative on the foreign field in the person of Rev. Henry V. E. Stegeman of Tokyo, Japan and much interest is taken in his work. Greetings from Rev. Mr. Stegeman were read at the reunion Wednesday.

Ephraim Moleson of Jackson St. Grand Haven, colored, aged 90 years, and a defender of the flag in the civil war, was taken on an assault and battery charge Monday on complaint of his wife, Adelia Moleson. Moleson was confined in the county jail until yesterday when a hearing was had before Justice Dickinson. The case was dismissed as neighbors showed that the old man was not capable of the crime being too feeble. A suitable home for the old soldier of the republic to spend his last days in will be found with some other parties in Grand Haven according to the police, who are handling Moleson's case.

The Holland Classis in the Christian Reformed denomination will convene in special session here Wednesday to examine Candidate J. Zeeuw for licensure. Zeeuw is a recent graduate of Calvin seminary and has accepted the promise of a call to Noordeloos. Candidate Edward Boeve, who has accepted the promise of a call to Spring Lake, successfully passed an examination before the Muskegon classis and was admitted to the ministry.

Sheriff Hare of Allegan county and his deputies made two raids in Salem township, the result being two men arrested and seven gallons of moonshine and about 50 gallons of mash confiscated. The two men were brothers, John and Tony Shumaker, and live on farms about one half mile apart. Most of the liquor was found on the farm of John Shumaker, who, neighbors said, had been selling the product. The men were brought before a justice in Monterey and released on bail of \$1,000 each. Their trial is to be held in circuit court.

Two flyers were injured at Grand Rapids Saturday belonging to the Rosesswift Airplane Co. the concern that had planes at the Holland fair two years ago. The plane was piloted by Snow, and an instant before the crash, had cleared the tops of trees at the north end of the field near the farm house of Joseph Van Dyke, caretaker of the Rosesswift hangars. Suddenly the plane swerved around and headed again toward the field. The engine stopped and the plane nose-dived toward the ground, striking with terrific force and bounded back four feet a mass of wreckage. Siery, seated ahead of the pilot was thrown forward and his head struck against the metal ridge of a gas tank. Blood was pouring from a wound on his forehead and he was unconscious when spectators reached him and loosened the straps holding him. Snow had struck the ground face downward, but escaped serious hurts.

A caravan of farmers loading fifty automobiles started from Battle Creek Saturday and arrived in Ottawa county state park near Grand Haven Sunday where they stopped for two hours for dinner. The tour will cover two weeks. The farmers will go as far north as Mackinaw City on the Pike. With the Michigan farmers were several from Indiana and with banners flying they passed through the county seat for Ludington as the next stopping place. Two state police on motorcycles escorted the farmers.

A rifle shoot will be held Wednesday afternoon at 5 o'clock.

Rev. and Mrs. John Ter Borg who have been assigned to the missionary field in Japan by the Ref. church of America will sail from San Francisco Sept. 6. They were fortunate in securing passage on the same steamer that is to take Miss Nellie Zwemer to China.

Our detectives fail to find any proof for the allegation that the Upper Peninsula started this railroad strike so that it might prevent the resort trains from going back, and so secure the resorters as permanent residents.

As has already been published the Woman's Christian Temperance Union of Ottawa county will meet in Holland Tuesday and Wednesday. The meeting place will be the Third Reformed church and it is expected that at least one hundred fifty guests will come to Holland.

Rev. H. V. S. Peeke, graduate of Hope college, has been reassigned by the Japan mission to work in the Meiji Gakuin, Tokio, and will sail for Japan on the Empress of Russia, leaving Vancouver, B. C. on September 7. Dr. Peeke is one of the veteran missionaries of the Ref. church and this year will commemorate the 35th anniversary of the date he first sailed for the orient. A year ago his son, Edwin, 16 years of age, was stricken with infantile paralysis but he has sufficiently recovered so as to be able to move about with a cane. Mrs. Peeke will remain in this country, making a home for her two youngest children.

BIG TIME ENJOYED AT PICNIC OF THE "WARM FRIENDS"

It is doubtful whether a factory picnic has ever been more full of pep than the Holland Furnace Co.'s annual which took place at Jenison Park last Saturday.

A hotly contested base-ball game between the foundry and factory teams was the first thing on the program. The factory not only won this game but put the office team out of the running immediately afterwards. Then came the 5-inning contest between the two girls' teams—bookkeepers against the stenographers. At the end of the 5th inning the score stood eight to eight, but another inning gave the bookkeepers the game—9 to 8. Hub Ingham coached the winning team.

As soon as the ball field could be cooled down to a comfortable temperature, there were three tugs of war contests. George VerHoeft's team from the foundry pulled Dewey VerHoeft's team over the goal, then Bert Welton's team won from Gerrit Jaarda's and finally George VerHoeft's team took the honors away from Welton's warriors.

The next thing on the program was just what you'd expect at noon hour. It was a physical relaxation for some and a struggle for others, depending on how hungry each individual found himself. It did seem as if every picnicer was trying to win a prize for eating the most, but as such a contest didn't appear on the prize list evidently the prize of killing hunger was considered quite sufficient.

And eating was not done deliberately, for the next prize winner to be announced was the man who received the most votes in the beauty contest. Apparently there was not a great divergence of opinion about the most beautiful man. Mat Pellegrum was honored with nearly 100 votes while the second handsomest man only received 18 votes. Some of the contestants go as far as claiming that there must have been a frame-up. At any rate Mr. Pellegrum was pleased with his crown and his prize—a vanity case. He says he is going to keep the beauty box in his desk-drawer and with it make a genuine endeavor to keep his enviable reputation.

It took some time to get the "beautiful man's" admirers out of the contest circle until they realized what was to follow. It was a men's cracker eating contest. Just munching the crackers would seem innocent enough, but the excitement is derived from the method of proving that you are the winner. The first man who whistles in the judge's ear gets the prize.

Mr. J. P. Kolla and Mr. McCourt, manager of the Chicago factory, were the judges. These gentlemen felt honored almost unduly when they were selected, but felt and looked as much as anything like the breaded sweet-meats when the factory huskies finally got blowing cracker crumbs at them. No Warm Friend will ever forget the spectacle Mr. Kolla made as he tried to keep the contestants in their places; calling, "Stand back stand back a little!" The more he entreated them to stand back the more they showered him. Mr. Kolla expects to be back from Cedar Rapids in a week or so. Maybe sooner, if the western folks have a good recipe for removing the chewed crackers. Mr. McCourt has gone back to Chicago, having informed his pals that if he ever comes to another Holland picnic he's going to wear a couple of lengths of cold-air pipe as a protection against human volcanoes.

The American Legion band really equalled the wonderful weather with their dandy music. The whole affair just seemed to go off perfectly. Mr. A. H. Landwehr decided not to compete in the barrel race this year which means that everyone went home as well clothed as he started out in the morning. It will be recalled that last year A. H. had an argument with a nail on the way through his barrel, with the nail apparently on the winning side.

The other contest winners are as follows:

Sack race for men, J. Moomey; for boys, G. Wicking; for girls, Anna Ryzenga; for ladies, Marie Hieftje.

Leap frog race for men, G. Veurink and W. Kruthoff; for office girls, Gertrude Wanrooy and Genea Van Lente;

Three legged race for men, Ray Lamb and R. Veltkamp; for boys, A. Kammeraad and K. Kammeraad.

Horseback running race for men and boys, G. Boerma.

Backward running race for girls, F. Karel; for ladies, Coral Bremer.

Balloon Blowing, boys, Robert Doran; for girls, Sophia Bosch; for ladies, Mrs. T. Tansey.

Smoking race for men, G. Verhoeft.

Pie eating contest for boys, C. Walling.

Watermelon contest for ladies, Mrs. C. Stevens.

Walking race for ladies, Mrs. A. Fitzgerald; office girls, Cora Slenk.

Cracker eating contest for boys, H. Kievit.

Barrel race for ladies, Mrs. L. E. Carrier; office girls, Jeannette Busies.

Peanut scramble, for boys, Henry Bosma; for girls, Katherine Dykema.

Wheelbarrow race for men, Joe Kling and Ed Linters.

Backward running race for men, Russell Mc Fall.

Beauty contest for men, H. H. Pellegrum.

Largest family, U. Poppema and A. Klinge. Heaviest couple, Mr. and Mrs. Klaas Timmer.

Apple race for men, E. Lordahl; for boys, John Marin Timmer.

Shoe race for girls, Beatrice Timmer. Fat Woman's race, Anna Klinge.

Shot put contest for men, Andrew Klomparsen. Hammer throwing contest for men, H. Vandenberg.

Mr. and Mrs. Otis Haylett, Mr. and Mrs. Jack Shefer, Mrs. Wm. Norlin and Otto Haylett motored to Allegan Sunday to attend the Allegan-South Haven baseball game.

BOY CUTS FOOT ON SHARP SCYTHE

On Friday Philip, the young 4-year-old son of Mr. and Mrs. A. T. Sirrine, experienced a terrible accident. Mrs. Sirrine and son were visiting Mr. and Mrs. Robert Robinson of Klinger Lake, Michigan. While playing in the yard adjoining Mr. Robinson's cottage, Philip ran into a sharp scythe left there by a neighbor. The mother rushed out and found the boy tangled in the scythe and upon lifting him his left foot was hanging down. A cut five inches long was made and an artery and the large tendon were cut. A specialist was called and the child was under the influence of ether for two hours during which time the ends of the tendon were found and sewed. Unless complications set it is thought that full use of the foot will be restored.

Philip and his mother will stay at Sturgis until the son's foot is well healed.

SAUGATUCK HAS \$6000 FIRE IN BOAT HOUSE

Saturday noon considerable excitement prevailed in Saugatuck, especially in the resort colony when a gasoline explosion started a fire in a boat livery conducted by J. W. Heasted.

In less than a half hour the wooden building was burned to the ground and but for the timely aid of the boat crew of the Steamer Saugatuck many cottages and other property would have been destroyed.

As it was a large consignment of small boats were consumed and two automobiles stored in the place awaiting repairs were also lost.

There were many new boats in and near the building that were burned and the loss to the owner will be in the neighborhood of \$6,000.

The boat crew had its pumping apparatus going almost instantly and the work done by these men was no doubt of great value preventing the flames from communicating with other buildings nearby.

Mr. and Mrs. Schram, their son, Willard, of Chicago and Mrs. Willard of Chicago, miraculously escaped serious injury Saturday night when the Schram's big Jeffery car overturned in a ditch on the road between Saugatuck and Holland about two miles outside of Saugatuck.

The cause of the accident is unknown, but it is alleged that Mr. Schram being unacquainted with the road drove the car into the ditch gradually which probably averted a serious accident.

Walter E. Kosicki of Grand Haven was found guilty at his trial in circuit court Friday afternoon. Kosicki was found guilty of furnishing the booze to an old man by the name of Verhow.

It was brot out in the trial that Kosicki kept the old gentleman supplied with moonshine and made a habitual drunkard out of him. It was also contended by the People that since Kosicki's arrest on Feb. 26th and when Verhow's liquor supply was cut off the old soldier had been a sober industrious man. Attorney Lee Little of Grand Haven appeared for Kosicki.

One of the most enjoyable events in the history of the local camp of Royal Neighbors of America was held Saturday at Jenison Park, when, with the Modern Woodmen and families as their guests, they held their annual picnic.

About 100 participated in the unique games, winning valuable prizes which were donated by the merchants of Holland. The merchants donating were Mr. Goldman of the Goldman Clothing Co., Henry Kleis of the Kleis Grocery, Ray Nies of Neis Hardware, G. T. Haan of Model Drug store, Frank Swift of Meyers Music Co., Mr. Van Kolken of Du Mez Bros. Co., Fred Zalsman. Those citizens who donated money to help the committee make the event a success were Mrs. Rank, Mrs. Maude Rozema, Mrs. Keefer and Mr. and Mrs. G. Hooker.

With the belated hot wave of the last week enveloping the summer colony at Macatawa, the resorters are spending most of their time in Lake Michigan. The early morning-before breakfast plunges scarcely are over before the before-lunch bathing begins.

Then the afternoon swims follow closely on the heels of luncheon, and at that time the real prowess in the water is established. After dinner bathing in the moon-light has become quite a fad. On Wednesday afternoon the water was the warmest of the season, when it registered 80°.

At Jenison Park during the past week numerous picnics have been held when the basket lunches games and stunts have filled the days program. From each of these picnics, Macatawa Park is the mecca for the bathers. On Wednesday there was a community picnic given by the fifth district of the American Legion at Jenison Park and over a thousand attended. Between the hours of 3 and 5 nearly all of the group flocked to the park to bathe.

Sunday evening Mrs. James Robinson of Tulsa, Okla., noted soprano, who is a house guest of Mrs. J. G. Fuller, gave an interesting recital in the ball room of Hotel Macatawa. She was accompanied by Mrs. C. F. Gallagher of Cairo, Ill., pianist. This was Mrs. Robinson's second appearance this season on a Sunday evening program, and her large audience was most generous in its applause.

The fishing population of Macatawa is extremely happy. Black Bass are being caught in large numbers off the pier and inasmuch as that it is most unusual behavior on the part of that species of fish, the piers have been crowded with the followers of Isak Walton, who are making the most of the opportunity of catching the beauties so easily.

OLDEST MINISTER IN THE CHRISTIAN REF. CHURCH DIES AT 98

Rev. Lambertus Hulst, dean of the Christian Reformed ministers, and for 30 years pastor of the Coldbrook Christian Reformed church, Grand Rapids, died Monday afternoon at the age of 98 at the home of his daughter, Mrs. Peter Muller, at Nunica, Ottawa county. Rev. Hulst retired from active ministry eight years ago. Besides his daughter, a son, Dr. Henry Hulst, of Grand Rapids, survives. Funeral arrangements have not yet been completed.

Rev. Hulst was well known in Holland having occupied nearly every Christian reformed pulpit at some time or other. He had been an active minister for nearly 75 years.

HOLLAND AND GRAND HAVEN HARBORS NOT FROM PORK BARREL

The Grand Rapids Press editorially comments on the meager appropriations received from Washington for Holland and Grand Haven harbors, while a slice might have been chopped from other worthless water ways and added to the small allowances given these ports.

Says the Press in its issue of last Saturday:

"The Press will not go so far as to say that all the appropriations for ports and harbors passed by congress June 30 to the amount of \$42,815,661 were necessary. Many regrets were expressed at the time the slice made in committee was not upheld. Some of the appropriations smelled about as pungently of pork as the long series of expenditures for deepening Grand River over which West Michigan used to chuckle in days past.

"It can be said on the good authority of everybody's eyesight, however, that the \$47,500 granted for Holland harbor and the \$144,000 for the port of Grand Haven, as advanced by the engineers, are neither pork nor over-appropriation. When harbors have been allowed to run down until the ice takes out the rotted spiles and leaves them floating about in the lake and good investments in docks and breakwaters are going to ruin from lack of funds for maintenance, the assumption is either that the port is not worth maintaining or that somebody has blundered. Grand Haven and Holland are essential harbors docking a regular and considerable traffic.

"What is to be regretted is that the men who went down to Washington to force through Michigan's requirements were compelled to join with hundreds of other men doing the same thing for their home districts, and some with far less justification. To prevent the final rotting and ruin of needed harbor works such as Holland and Grand Haven we had to help all the rest obtain sums which in a number of instances are shrewdly being suspected of being political rands on the treasury."

Nearly one hundred electrical men are meeting at Ottawa Beach. They are members of the Michigan Electric Light Association.

One of the subjects brot up is electric lighting in the rural district. Eugene Holcomb of Alma, chairman of the committee on rural line extensions gave a very interesting talk along these lines. Said Mr. Holcomb: "Rural electric service is merely a question of cost. When improvements in equipment are available costs will tend downward. With the tremendous increase in mileage of good roads now being built and the development of highway lighting, improved methods in agriculture, the value of electric service to the farmer will be such as to justify the cost."

Mr. Holcomb has been studying this work for many years both in Michigan and as a member of the National Electric Light association committee devoted to similar investigation.

The report cautions against mistakes made by those who extended service in past years into thinly populated regions where the need was never sufficient to pay for maintenance.

The Child Welfare "drive" in Holland is not a "drive" in the ordinary sense of the word. That is, funds are not being solicited. All who share in this donation do so without being asked personally. All who are interested in the movement are asked to make their donation voluntarily, and the more that join in the more momentum the movement will get. Those in charge of movement wish it to be a gift from the heart to a worthy cause. It is pointed out by them that the boys and girls of today are the future citizens and that they need proper environment, in addition to the home and church influence.

One man in discussing the matter with a member of the committee said that he had no boys, only girls. The answer was that it is not exclusively for boys. It is a child welfare movement, not a boys' welfare movement. But aside from that fact, the girls of today, when they grow up, will marry the boys of today, and so the person who has only girls is as much interested in the movement as the person who has a family of boys. Following is a list of subscribers. Watch it grow: Holland Shoe Co., S. Van Oosterhout, W. J. Olive, Hannah A. Parkyn, Ed Moore, E. P. Stephan, W. A. Diekema, Jacob DePre, A. H. Landwehr, August Heuer, N. Robins, Jr., J. E. Telling, Ben Vanden Berg, Wm. Vanden Berg, Chas. Kieren, F. T. Whelan, B. P. Donnelly, J. Frank Dugy, Frank Lievense, Dr. R. H. Nichols.

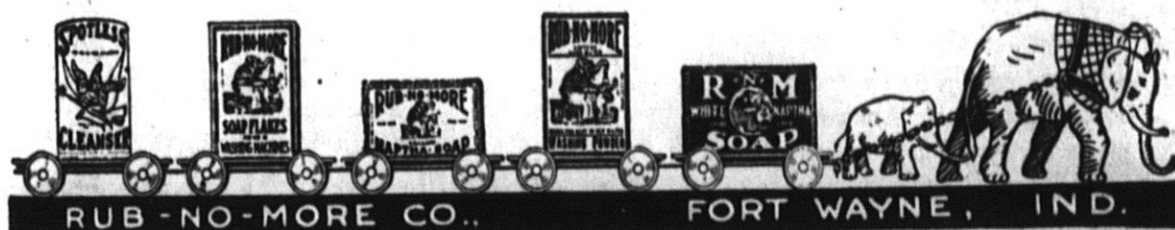

Rev. H. Hospers of the Western Theological Seminary occupied the pulpit of the 2nd Reformed church at Grand Haven Sunday.

Mrs. H. Loveland of Muskegon was the guest of her brother, F. Nivison, East 10th St. over Sunday.

HENRY FORD HAS ALSO BECOME PROPERTY OWNER IN OTTAWA COUNTY

Henry Ford is now an Ottawa county property owner. That isn't saying much for Henry pays taxes nearly everywhere and owns property most anywhere on this globe of ours.

Henry has purchased besides railroads, mines, forests, farms, etc., a big sand hill at the county-seat called "Five-Mile Hill," located right near the entrance to Grand Haven harbor.

Sale of the sand hill, which has been the center of so much of the romance and tradition of Ottawa county, was not made direct to the automobile wizard. The Grand Haven Sand Co., under contract with Ford, bought the dune from the city of Grand Haven. Shipments are being made at the rate of 15 to 25 cars of sand per day to Detroit. The municipality receives \$1 a gondola carload for the sand. What Ford pays with steam-shovel loading expense, freight etc., added, nobody hereabouts yet knows.

Sale of the harbor end of the famous dune marks the high mark in efforts to utilize the raw beach sand along the eastern shore of Lake Michigan. Dozens upon dozens of experiments have been tried and minor uses for the sand have now been found. A glass factory operated successfully for a number of years in Grand Haven, but it finally closed up, failure being due, it was said, to causes entirely apart from pioneering in the use of this sand for glass making.

But now comes Ford the wizard. At present he is using the Grand Haven sand only for cores in his foundries—at the rate of 15 to 25 cars a day. But report is that within a short time he will establish his own glass manufacturing plant to make windshields and headlight lenses for tin lizzies. Grand Haven sand will be used in this plant, but whether the industry will succeed is not known as yet.

There are millions upon millions of carloads of sand in the huge dunes which stretch along the east shore of Lake Michigan. In fact the supply seems inexhaustible. Already the Grand Haven sand company has shipped to its various customers 1000 carloads. This organization, which is selling direct to Ford, is composed chiefly of outside men, the officers being A. O. Olemacher of Michigan City, Ind.; F. S. Hubbell of Milford, Mich.; and Frank I. Cornwall of Ann Arbor. Karl Zeese of Grand Haven is in charge of the huge steam shovel operations at Five Mile Hill.

Just how far the steam shovel will go in digging into the hill has not been revealed. The sand dune itself gets its name from the fact that it stretches five miles down along the shores line but only a particularly steep and high section, formerly used as a backing for target practice of the local National Guard Co., has been commonly known as "Five Mile Hill." It is just north of this picturesque mountain of sand that the present operations are being carried on. Beyond that point the big ridge extends southward to form the picturesque elevation upon which the Highland Park resort is situated.

Aside from the purely economic consideration of use of the sand, Grand Haven is deeply interested in the operations because Five Mile Hill is the hiding place of a fabled treasure. According to the story which has been handed down by word of mouth among Grand Haven's romantic resorters, a vast treasure was buried beneath Five Mile Hill's sand long years ago. Stories differ: one is that the treasure consists of chests of gold of Capt. Kidd type.

Tradition tells of various attempts to salvage the treasure. Veteran resorters who have been coming since kid days when Highland Park's only cottages were the Grand Rapids pavilion and Kromer cottage, both of which have been razed and replaced by modern buildings, and a sparse few others verify the tale of at least one mysterious expedition which dug for several days deep into Five Mile Hill's sandy heart. What they found or whether they found anything at all, nobody knows.

If, however, the present operations

BIG PAVILION SAUGATUCK

The Brightest Spot on the Great Lakes

WEDNESDAY NIGHT, AUG. 23rd OUR GREAT ANNUAL NIGHT IN VENICE, PARTY

The most spectacular party of the season. Lighting effect both interior and exterior that will rival that ancient city's annual fete night. All yachts in Lake Kalamazoo will be decorated with Japanese lanterns and if the night is calm will parade on Lake Kalamazoo in front of the Big Pavilion.

A Grand Spectacular Feature will be given by the Star Ballot, of 25 girls for the Hunting Hot-se Dancing Academy of Chicago.

This is the ballet chosen to dance before the President and Mrs. Harding at Mooseheart, on August 26th. This same ballet was featured as a supreme attraction at the Pageant of Progress at Chicago, on August 5th. Pronounced by all critics the most attractive ballet in America.

Prof. Jeff Libonati, the world's greatest Xylophonist, has purchased a summer home in Saugatuck and during his vacation here as a special favor to the Big Pavilion will play several selections each evening during the balance of the season.

Prof. Libonati has just returned from New York where he was engaged by the Columbia Record Co. making records.

Rev. M. H. Kingsbury has been re-appointed pastor of the local Wesleyan Methodist church at the annual conference of that denomination held in Hastings. This will be the beginning of Mr. Kingsbury's fifth year in Holland. The congregation has prospered under his services, and considerable audiences fill the building each Sunday.

Mr. Kingsbury returned Monday from the conference and the annual camp meeting held for a week after the business session. He was in charge of the music at the camp meeting.

The seventy Holland guardsmen of Co. D left Camp Grayling Monday in a special train together with units from Grand Haven, South Haven and Muskegon and are expected in Holland sometime Tuesday.

Happy and sunbrowned the local company is said to be contented with the outing which also brought some hard work as was promised before the contingent left the city.

Asphalt Plant is Interesting Place Does Much Work

How many Holland people have seen one of the city's newest and most interesting manufacturing plants in operation? Perhaps there are many who do not even know that it exists, but it is doing business every day at top speed. One of the reasons why not more is known about it is because it is hidden away behind a sand hill on the north side some little distance from the West Michigan Pike. The plant is the asphalt factory.

In order to build their roads the Willite Company transports an asphalt factory to the city in which it is operating. It is not a large institution but large enough to manufacture two thousand square yards of asphalt per day. For this much sand is erected near a big sand hill. In addition to the sand on the ground, two other kinds of sand are shipped in by rail, as well as crushed and chipped stone. These, together with the other materials, form the Willite that covers the street.

The accompanying cut is a picture of a Willite asphalt plant. The photograph was not taken in Holland but in another city where the plant

was in operation. However it looks like that in Holland also, and it is an interesting place to visit.

By means of this plant the Willite Co. is able to do work faster than most people realize. Mr. J. B. Locher, superintendent of the work in Holland, announces, for instance, that it would be possible for the company not only to complete the Pike job on 17th street and River Avenue and to finish the job of paving 19th street, but they can also finish the 7th street job this fall, if that should be awarded to them. Most people seem to think that doing the Seventh street job this year is out of the question, but Mr. Locher's calculations show that it can comfortably be handled and ready for traffic by about the first of November.

The pike job is now completed, top dressing and all, from the connection with the park road to the interurban track. Tuesday the work of putting on the top dressing was begun at 17th and First avenue, and that part of the street will now be finished first and opened to traffic.

When that is finished the top dressing will be put on the 19th St. job, and then the Pike job will be completed. The work is so arranged that here, need be no cessation of work at any time, even when one job is held up by lack of delivery of material, as it often is in these days of strikes.

Mrs. Thurber Leaves Us

The announcement recently made that Mrs. L. M. Thurber has left Holland to make her home elsewhere is of interest not only to those who are fortunate enough to be her personal friends but to the general public. For Mrs. Thurber is one of those citizens who help to give a definite tone to the life of the city, and Holland will be the poorer for her departure.

Familiarity often makes us lose sight of the essential significance of certain persons near to us; it is only when a skilled writer brings out the high lights of character that we see the meaning of life, and there is many a person right here in Holland who is taken for granted without more ado, who would win admiration if truthfully portrayed in a work of fiction. Mrs. Thurber's adult life had its roots in tragedy and no one who reviews the whole course of years that she has spent with us can help but feel strengthened by her sojourn here. Instead of letting trouble embitter her, she accepted it as a challenge from life to live more strongly and zestfully. Singlehanded she trained and educated her children at the same time that she served the community in various capacities. And somehow, in spite of the fact that she did not have the sheltered life enjoyed by many other women, she always seemed to find time to take more than the average share in civic activities.

Long before the modern business woman became a common social phenomenon, Mrs. Thurber was compelled by circumstances to become a business woman. But the experience did not harden her, and it robbed her of none of the feminine qualities that she possessed in large degree. Business, in addition to providing a livelihood, seemed to be to her an opportunity for social contacts as well, and her friends are legion who would probably never have had the opportunity to know her well if she had not had a semi-public and business career.

And all such people, as well as her more personal friends, will be sorry to see her leave Holland for a new home in another place. This paper is merely trying to give expression to this feeling of many inarticulate ones.

HOLLAND AND ZEELAND POULTRY MEN TO MAKE TOUR OF THE STATE

TRIP WILL BE KNOWN AS 'SOUTHWESTERN MICHIGAN HATCHERY TOUR'

Holland and Zeeland Chicken men are going on a trip. Although the exact date has not been named, the annual tour of the Michigan Chick Hatchers' association will probably be held in September, according to C. J. DeKoster of Zeeland, Secretary-treasurer.

Mr. DeKoster, who in addition to the above office, is president of the Ottawa Chick Hatchers' association, secretary-treasurer of the Zeeland Poultry and Pet Stock association and secretary of the poultry department of the Holland fair, is actively engaged in the hatchery business.

The schedule has been completed, the work of the trip only remaining to be selected. The trip will be known as the southwestern Michigan hatchery tour, and will be as follows: Tuesday, 10:30 a. m., beginning at Michigan Agricultural college, inspection of poultry department; address by Pres. Friday or Secretary Halliday.

Leaving East Lansing the first stop will be made at Brott's plant at Charlotte. Next in order is Kellogg's poultry farm at Battle Creek. E. D. Taylor's place at Kalamazoo, the E. A. Wang and the W. C. Eckhart plants at Paw Paw. The night will be spent at Paw Paw.

Wednesday—First stop at Keisters' plant

at Bangor; the James Vary place at Cover, the Robert Anderson farm and Shaw plant at Sault Haven. Then turning north west a stop will be made at the Hudson place at Grand Junction, the Albert Kauback place at Goblesville, the Crescent Egg farm at Allegan and following the western pike to the Ottawa district. The business of Wednesday will be spent in the Zeeland and Holland districts.

Thursday—Several hatcheries and poultry farms will be visited, followed by the meeting of the Michigan State Hatcheries association. Prominent speakers will be secured for the meeting.

HOLLAND CANNING CO. WILL CAN TWO MILLION CANS THIS YEAR

The Holland Canning Co. gave its employees a picnic Thursday at Kar-deau Beach. It was given in appreciation of the splendid work done by the men and women in the Cannery.

Some 200 persons took part in the outing. All through the day the picnickers had a jolly time and it was a merry crowd that gathered at this popular watering place. There were sports of all kinds and many prizes were given. John Wiegink and John Balder kept old and young interested all thru the day and there was not a dull moment. After the dinner had been served and everyone had done full justice to the bountiful repast short talks were given by Luke Lugers, C. J. Lokker, A. C. Rinck, C. L. Corey and Henry Geerlings. All the speakers emphasized the fact that there had been splendid co-operation between the management and the employees and they expected this spirit to be maintained during the canning season.

The Holland Canning Co. has been very busy and prosperous this year. There has been an abundance of all kinds of fruit, and the quality is excellent and consequently the factory is in a splendid condition, and today is considered one of the best in the state. The inspectors have highly complimented the institution for its cleanliness.

Under the able and efficient management of Mr. C. L. Corey the product turned out has found a ready sale in the markets of the world. It is safe to say that never before have the fruits and vegetables which were canned thus far this year been of so high a quality. The amount paid to labor this season has been \$17,667.26; the farmers have been paid \$42,394.31 for their produce; 1,041,469 No. 2 cans have been filled and the management expects to fill another million cans before the season closes.

Wednesday night another eruption against the moonshiners by the sheriff's department resulted in the copping of Joe Mosher of Polkton township on a liquor law violation charge. Sheriff Fortney and his crew of deputies made the raid about 7 o'clock in the evening.

Booty taken was one complete distilling apparatus of improved type but no mash or liquor was found to use as evidence against the alleged "moon" maker.

The sheriff, however, took Hoshier into custody and hauled him into Coopersville in the county Dodge where the alleged culprit was arraigned before Justice Irwins. He waived examination and furnished a bond of \$300. He was bound over to circuit court.

GRAND HAVEN POLICE ARE NOW CHASING BURGLARS

The Grand Haven police are following every clue that might lead to the arrest of the bandits who held up Ernie Kasperson, a hamburg lunch-room proprietor of Grand Haven, and relieved him of his ready cash.

The robbery was so bold that the operations of the bandits compare favorably with robberies going on in Chicago.

Apparently the robber or robbers changed their clothing as some railroad men's overalls on the Grand Trunk were stolen and the police have an idea that disguised as working men the bandits got away.

The same night of the holdup a suitcase was stolen from two Battle Creek men who had come to Grand Haven to help place the new boilers in one of the car ferries. From the suitcase was taken a small gold watch, caps, shoes and clothing.

Another suitcase was found by the police which when examined was found to be filled with a lot of dirty clothes and a quantity of lake sand. In the suitcase too, were found part of a half pint of moonshine whiskey, a safety razor and the money which was said to correspond with that taken from the lunch man.

The suitcase itself was made of matting and is severely banged up. A 22 calibre revolver was also found in the case together with a generous supply of ammunition. However according to Kasperson, the man who entered the place, he states, used a 38 calibre blue steel gun. The Grand Haven police believe that the holdup men went to Holland, and "hooked" a freight from this city.

Chief Van Ry and his men have also been on the lookout for suspicious characters.

Anyway up to this time no direct clue as to the whereabouts of the bandit or bandits is available.

WILL BLOM FOUND GUILTY ON A LIQUOR LAW CHARGE

Will Blom of Holland who conducts a pool and billiard parlor on River avenue and who was charged with keeping a place where liquor was sold, given or furnished, was found guilty by a jury in circuit court after a trial of one half a day.

Chief Van Ry of Holland was one of the main witnesses in the case, and the local police had been working on these liquor cases for some time.

Blom's contention was that if liquor was disposed of in the building he did not know about it. The evidence apparently was too strong however, according to the jury as they brought in a conviction.

Herman Serier who was charged with selling liquor, immediately afterward put in a plea of guilty when his case was called.

No doubt the judge will pass sentence in these cases toward the close of the criminal calendar when a score of other offenders in cases in which conviction was rendered will be sentenced.

WOMAN DROPS DEAD AT HOME IN HARLEM

Mrs. Fred Baker, aged 43 years, died suddenly Friday night at her home in Harlem. She was home with three of her children when she suddenly gave a cry and died. There had been no suspicion that she was not in good health.

The deceased is survived by her husband and eight children. The funeral was held Tuesday at 12:30 at the home and at one o'clock at the Harlem church, standard time.

PROHIBITION MADE COFFEE BOOTLEGGERS LONG AGO

What would John Vandersluis, J. B. Mulder, Fred Beuwkes, Andy Klomparsen, Henry Kraker and a score of other Holland coffee fiends do, in fact what would become of the Holland Koffee Klets if a law prohibiting the drinking of coffee were on the statute books?

Such a law did exist years ago in England according to a noted writer George B. Catlin in the Detroit News who says:

"Prohibition of coffee in England in the 17th century gave the drink its great popularity. When Charles II tried to suppress the coffee houses that sprung up everywhere, the interdiction only sharpened the appetite of the people for the forbidden drink. A heavy tax was levied but this provoked smuggling and 'bootlegging'. In the end the king gave up his opposition and became a coffee drinker himself.

"Coffee was its discovery to a pious hermit who lived in the mountains of Abyssinia, earliest Arabian tradition has it. This hermit kept goats. One day he noticed that his Billy goat was in a most hilarious condition, quite at variance with the usually sullen disposition.

"He investigated and found that Billy had been munching coffee fruits and swallowing them, seeds and all. Thereupon the hermit began experimenting with coffee beans and in the course of time discovered the exhilarating qualities. He found that by roasting the seeds, pounding them in a mortar and boiling the broken fragments in water he could make a drink that would cheer without inebriating him.

"His discovery was passed up to some Arabian travelers. Coffee was introduced into Arabia by Shiek Abdullah of Aden in 1470. In 1554 it was introduced to Constantinople and 100 years later coffee house came into existence in Paris and London."

Dr. J. B. Nykerk was in Grand Rapids on business Saturday. Miss Martha E. Rich is visiting relatives and friends in Traverse City.

SAUGATUCK CAMPER FOUND DEAD BY HIS FRIENDS

George Duney, aged 20, of Chicago was found dead at his camp in the Park House grounds at Saugatuck. The young man had been but a short time on his first trip away from home. He had a truck and was engaged in selling auto fixtures and appliances through the country, and camped at Saugatuck temporarily, awaiting a shipment of goods. Saturday night he called at a physician's office complaining of a very severe headache, and was given some medicine. On Sunday he saw the doctor casually, reporting his condition as about the same, but did not ask for further treatment. Monday some of his acquaintances who had heard he was not feeling well called to inquire as to his condition, and found him sitting on the ground dead, his head resting on the running board of his truck, and a jar of preserves clasped in his hands. His brothers Stephen and John came Tuesday afternoon and Wednesday the body was buried in Riverside cemetery. There was no suspicion of foul play, no autopsy was held and it is not known whether death was from heart disease or ptomaine poisoning, as he had been preparing his own meals, consisting largely of canned goods and without proper facilities for keeping the food stuffs in edible condition.

TRUCK DRIVER HAS TIME WITH THE HIGHWAY MEN

Mart Johnson, county road truck driver in Allegan county was held up by three automobile bandits in broad day light about a mile north of Martin. Officers over several counties were notified and were on watch for the robbers.

Johnson was held up at the point of a gun and \$7 was taken from him. All three of the bandits were about 25 years old. One of them wore a gray, another a blue and the third a brown suit. No trace has been found of them as yet.

SAUGATUCK MAN DIES AS RESULT OF A FALL

A. L. Jilson died at Saugatuck of injuries received from a fall Sunday night, when in a violent paroxysm of temporary aberration due to narcotics he fell and struck his head on the iron leg of a sewing machine at his home east of the village Mrs. Jilson recently won an automobile offered as a prize by a well known nursery company for its most successful salesman.

Irving Franks, who is at the head of the Franks Mfg. Co., makers of automobile spark plugs, who seek a location in Grand Haven for their manufacturing enterprise, and who is meeting with a committee of the Grand Haven Chamber of Commerce this afternoon, is a former Grand Haven man having resided in this city for a short period a number of years. Franks is the local florist. Irving Franks was for a number of years manager of the Fox Typewriter Co. of Grand Rapids and made a name for himself at that time as one of the hustling business men of the Valley City. Mr. Franks is an Allegan man by nativity and for a number of years was connected with one of the leading retail stores of that city—Grand Haven Tribune.

The Barry county Farm Bureau will conduct a poultry tour within the next few weeks modeled after the Ottawa county tour and C. P. Milham head of the Ottawa County Farm Bureau has been invited to be one of the lecturers. A stop will be made for a demonstration at the Getty farm. Mr. Getty was formerly a Coopersville farmer.

Fred Wade of Saugatuck, years ago employed on the Holland City News force, is the only candidate on the republican ticket in Allegan County for representative of the second district. Mr. Wade was at one time postmaster of Saugatuck and was mayor so often that at last he had to decline to run longer.

Ed J. Reidt and family motored to Grand Rapids and Holland, Mrs. Reidt and children staying over for a week's visit with her parents, Wm. Van Anrooy and family of Holland.—Allegan News.

MAJOR EMERY TELLS OF HIS CLAIMS TO SENATORSHIP

Pitting his youth and enthusiasm against the experience of his older opponents. Maj. John G. Emery Friday evening, on the corner of 8th and Central avenue, delivered an address in the interest of his candidacy for the nomination for United States senator. Major Emery made a favorable impression and much of his speech was of a somewhat intimate personal nature. Meeting the charge that he was inexperienced, he declared that the two years in the army had given him the opportunity to crowd many years of experience into his life and that his youthful vigor would offset any lack of training in legislative work that might exist.

He discussed campaign issues under four heads. First he came out in strong terms for cutting governmental expenses at Washington. He pointed out that the number of public employees has increased enormously and that the time is ripe for curbing expenses in a thousand different ways. He pledged himself to work for this if elected.

In the second place he spoke strongly against tax exempt securities. These securities are bought in large amounts by rich men, he said, and they thus evade paying their share in governmental expenses. He pledged himself to do all in his power to have all securities pay their just share of the taxes.

Freight rates was the third issue to which Major Emery called attention. There is an overlapping of authority on the part of governmental commissions that have rate making powers, he said, and as a result transportation charges are exorbitant so as to be ruinous in some cases. He suggested that there should be more coordination of boards so that rates could be worked out in a common-sense way.

Finally he came out strongly for a scientific tariff commission, taking tariff out of politics. Major Emery touched on the bonus question, condemning congress for being double-faced on the issue, and he pledged himself to meet all issues that came up in accordance with his convictions, and not in accordance with what effect his vote would have on any political fortunes. He touched lightly on the Newberry case, condemning Newberryism and pledging all his strength and all his influence to fight it and everything akin to it.

Major Emery was introduced in a brief talk by Mayor E. P. Stephan.

The new pipe organ in the 14th St. Christian Reformed church is one of the finest in the city and contains some features not found in any other organ in the city. On Wednesday evening at 7:45 the general public will be given an opportunity to hear this beautiful new instrument when Mr. Harris Meyer will give an organ concert, assisted by the choir of the 14th Street church.

The new organ, which cost \$5000, was manufactured by M. P. Moller, Inc., of Hagerston, Md. It has 29 stops. The action is all pneumatic, controlled by 2 organ chambers, one containing the swell organ, the other the great organ and the pedal organ. This feature makes it possible to play the entire organ in a very subdued tone, which is a wonderful advantage in concert work.

The case work is of quartersawed oak, and the pipes are of dull gold. The troublesome bellows are eliminated, and the wind pressure is controlled by an orgoblow, connected to a reservoir.

The program Wednesday night will be as follows: Prayer and remarks, Rev. J. W. Ghysels; "Behold the Days Come," (H. H. Woodward), the choir; organ, "Peer Gyst Suite," "Morning Wood," "Death of Ase," (Greg), "Prelude," (Chopin), "The Swan," (Saint-Saens), "The Answer," (Wolstenholme), Mr. Meyer; "Fear Not Ye, O Israel," (Max Spicker) the choir; organ—Slow Movement from Piano Concerto; "Barcarolle," from the "Tales of Hoffman" (Raff), "Pilgrim's Chorus" from "Tannhauser" (Wagner), "Miserere" from "Il Trovatore" (Verdi), "The Secret," (Gautier), Mr. Meyer; collection for the organ fund; "Praise Ye the Father," (Gounod—Sturgeon), the choir; organ, "Berceuse" (Dickerson), "Vision" (Kleinberger), "Even Song," (Johnston), "Scherzo" (Schumann) Mr. Meyer; Prayer, Rev. J. W. Ghysels.

FREE LEMONADE
AND COFFEE TO BE
SERVED AT PICNIC

The refreshments and sports committee of the Merchants' Picnic to be held at Jenison Park Thursday afternoon outlined their plans Tuesday.

The refreshment committee has announced that it will be a basket picnic, each person taking his own eats along from home. However the committee will serve free lemonade at 2:30 in the afternoon, and the assurance was given that there will be all the lemonade that the largest crowd that can come can drink.

At 5:30 the dinner bell will be rung and at that time the picnickers will seat themselves at the long tables at Jenison Park for a good old fashioned spread. The committee will serve free coffee, again as much as the guests can drink, but the picnickers are asked to bring their own cups. Members of the committee will serve, and if they cannot handle it they will commandeer the services of enough others so that all will be served expeditiously.

The sports program will begin at 3 o'clock sharp, and these contests will be worth while engaging in on account of the prizes. The sports committee will hold a final meeting on Wednesday morning at 9 o'clock in J. J. Rutgers' store to decide on the various prizes for the various events, but enough of them have already been donated so that it is certain every prize will be more than worth while contending for.

A feature of the program will be an indoor base ball game between the merchants from the west end, and the merchants from the east end, the dividing line being River Avenue. Benj. Nysson will be captain of the West End team and Alfred Joldersma of the East End team. There will also be volley ball and other games.

The program of contests follows: boys' running race, ages 6 to 8; boys' running race, ages 8 to 12; girls' running race, ages 6 to 8; girls' running race, ages 8 to 12; boys' three-legged race, ages 8 to 12; boys' sack race, ages 8 to 12; boys' sack race, ages 12 to 16; girls' banana eating contest; boys' banana eating contest; girls' balloon blowing contest; boys' balloon blowing contest; ladies' ball throwing contest; boys' apple bobbing contest; girls' potato race; boys' shoe race; ladies' nail driving contest; boys' pillow fight.

There is also to be a tug of war, G. Cook and Wm. Viissers being captains of the teams.

Proposals for Paving Seventh Street and Lincoln Avenue

Sealed proposals will be received by the Common Council of the City of Holland, Michigan, at the office of the clerk of said city, until 7:30 o'clock, p. m. of Wednesday, September 6, 1922, for the paving and otherwise improving of Seventh street between the east line of River Ave. and the east line of Lincoln Ave., and Lincoln Ave. between the south line of 7th street and the north line of Eighth street according to plans and specifications as prepared by the city engineer.

Each proposal must be accompanied with a certified check for five per cent of the amount of the bid payable to the order of the City of Holland.

Plans and specifications of the work are on file in the office of the City Engineer and also of the City Clerk of said city.

Proposals must be addressed to Richard Overweg, City Clerk and, endorsed on envelope, "Bids for Paving Seventh street."
