CANDIDATES
FOR SHERIFF
TO HORSE RACE

FAST STEEDS ARE BEING
LOOKED FOR BY OPPONENTS

There is to be a sheriff candidate battle at the Holland Fair Wednesday or Friday that will even out-class the battle of the primaries.

For the sheriff candidates are to stage a horse race on the race course and every candidate, at least on the Republican ticket, of Ottawa county is casting about for a fast steed.

The candidates are all game for the race, feeling that an event of this kind will be an added attraction that will help the fair. They also feel that win or lose it won't have the least effect on the race in the primaries.

For at the fair, it will be a case of good horse flesh, while in the primaries, it will be a matter of good men.

The fair authorities may change the rules as a joke, having the candidates drive the horses of their opponents, which would mean a slow race instead of a fast race. This is not likely, however, and no doubt the race will be won or lost on its merits.

The sheriff candidates to enter the race are Archie Vander Wall and Officer C. Stekette of Holland, Benjamin Rosema of Ferrysburg, and Wm. Kooyers of Zeeland. Present sheriff, Fred Kamferbeek, will have no opposition in the primaries, he being the only democratic candidate, declined to take part in the race, stating that he had no opposition, at least not yet, as against the other four candidates. His entry in the contest however would have added a little more pep to the event.

DYKSTRAS ARE RETURNING
TO ARABIA

Rev. and Mrs. Dirk Dykstra, who have been home in Holland for nearly two years, have announced Sept. 25 as their sailing date for Arabia, where they have been engaged as missionaries for the Reformed Church in America for more than 20 years. They are nearing the close of their third furlough, which has been devoted largely to visiting many churches in the interest of their work in the Orient. Dykstra first left for Arabia in 1906 following his graduation from Hope college. Mrs. Dykstra, former Holland township girl, was granted her commission in 1907 and left for Arabia in the fall of that year. They were married in Arabia as a culmination of friendship formed at Hope college.

Mrs. Dykstra has represented First Reformed church of this city as its missionary for many years.

Macatawa and
Ottawa Beach
Are Merged

PROPERTY APPRAISED AT
ALMOST ONE MILLION

A matter that has been in abeyance for a long time was the joining together of the Ottawa Beach resort properties with that of Macatawa.

These two pieces of property are so closely allied that it takes co-operation to build up a real resort. Both Ottawa Beach and Macatawa are doubly valuable since they have the beautiful Lake Michigan bathing beach and the inner bay as well, including the harbor and all the associations that harbor brings, such as light houses, coast guards and those features interesting to re-orters.

Anyway, it is a fine move to join the two resorts, so both can work to one common end, instead of being competitors. It is understood that the merge involved nearly a million dollars worth of property.

The Grand Rapids Trust Company made an appraisal some time ago, making the valuation a trifle over \$800,000. Since that, improvements have been going on, amounting to over \$100,000.

It is also contemplated to join the two resorts with a large steel drawbridge at some future time. This is one of the plans thought out by William Connelley some six years ago when he mapped out his "dream road" along the shores of Lake Michigan from Macatawa to Grand Haven which up to this time has not materialized.

Plans are also being entertained to have a pier extend out into Black Lake that can be used for docking steamers and other crafts, extending from the channel to the curve at Seldom Inn. It will be sort of a pleasure pier, a promenade, with a boulevard lighting system and here concessionists and boat house men will be given space during the resort season.

The Oval at Ottawa Beach will be an added attraction to this resort property which will go under the name of Macatawa-Ottawa Beach Company.

The very first step being taken is for better fire-protection.

Financing the new purchase and improvements will be done by floating a bond issue. The plans were announced to a banquet held for 200 members of the Macatawa Park Cottage Owners association and officers of the company. Speaker were G. J. Dickema of Holland and Mr. Trotter of Grand Rapids, and Mr. Glassbrook, Mrs. J. W. Stout of Cairo, Ill., sang several solos, as did Mr. Hammertres of Chicago, singer for Mr. Trotter.

There is some talk of making Macatawa a quiet holiday resort and making Ottawa Beach more of a pleasure and recreation spot.

Both attended Hope college. Last year Mr. Vanden Brink taught in Lee High School, Grand Rapids, but this fall he will teach in Zeeland High School. They will reside in Zeeland.

Mrs. Rose McCann and daughter Rose Mary of Chicago are guests of friends in Holland.

NEWS OUT EARLIER

The Holland City News is issued earlier this week as is the custom in order to give the Holland Fair a parting boost for a much deserved success. The weather man predicts fine weather for Wednesday and possibly Thursday which cannot help but spell success.

COW GIVES BIRTH TO TWO
CALVES THREE TIMES

Twin calves have ceased to be a novelty on the farm of Fred Kamper, north of Holland. Last week a Jersey cow produced two calves that as to markings and color are so nearly identical it is difficult to tell them apart. The cow's parent gave birth to twin calves three times before she passed the record on to her offspring.

Holland's Mayor
Is For Gov.
Fred W. Green

MAYORS AND PRESIDENTS OF
CITIES AND TOWNS SUP-
PORT IONIA CANDIDATE

Grand Haven Tribune—Ottawa County municipal executives are unanimous for Gov. Fred W. Green's renomination and reelection. That might be expected in view

of the big Green victory in this county two years ago, the fine administration he has given and the character of his opposition. But it is more significant that it appears at first glance for the Holland mayor is a Democrat but for Green, just the same.

A Lansing publication asked the Grand Haven Daily Tribune to poll the mayors and presidents of incorporated cities and towns in the county. The gubernatorial sentiments contained follow:

Mayor H. H. Hillman, Grand Haven—I believe Green is the best governor Michigan ever had. You can't quote me too strongly in his favor.

Mayor E. C. Brooks, Holland—That's a hard question to ask a Democrat but I'm for Fred Green, anyway, all the way.

President D. M. Cline, Spring Lake—Gov. Green? I just think he's all right. Yes sir, he's the right man in the right place.

President R. Reynolds, Coopersville—Why, I'm for Green, of course. There's nothing to it.

Mayor Moeke of Zeeland was out of the city until Sunday. Other Ottawa towns are not incorporated as municipalities but the last primary and election showed them to be Green strongholds.

Agnes McNulty Felt, beloved wife of Dorr Eugene Felt, fond mother of Mrs. Raymond J. Koch, Miss Elizabeth Felt, Mrs. Albert H. Tippens and Mrs. John H. Noyes, sister of Belle McNulty, Mrs. D. B. Morris and Dr. George W. McNulty, passed away at her summer home near Holland, Mich., at noon, August 19. Funeral from her late residence, 432 Wellington Ave., Chicago, at 2 p. m., Wednesday, August 22.

GOLD BRICK
MAN HAS BEEN
GOLD-BRICKED

OLSEN'S GOLD BRICK WAS
FOUND AND LOST

William Brewer, 7th street, and Dick Harrings, 178 Columbia avenue, reported to Officer O'Connor at 6:21 Monday evening that they had found the "gold brick" put down in the Holland pavement thirty years ago for which K. B. Olsen, the paving contractor, offered \$10.00 in gold.

The location was shown Mr. Olsen at 8:30 in front of former Alderman Peter Prins' store, but when the genial contractor was not looking, the brick was stolen and Olsen has still been "gold bricked," rather unusual for so astute a man. He said the boys their reward, however, and is still looking for the brick.

The first brick in the new pavement thirty years ago was laid by the late E. Vander Veen, Holland's sixth mayor, in 1880. C. J. De Roo, now of Flint, was mayor at the time, and the starting of Holland's first paved street was a great event. The contractor's name was Mr. Prang. It might have been K. B. Olsen were he not a lad in knee pants and still unsophisticated in the methods of street paving.

Anyway, the gold brick has disappeared, consequently the gold brick man has been "gold-bricked."

FIFTY-SIXTH WEDDING ANNIVERSARY
FOR BEEUWES

Mr. and Mrs. Lambert Beeuwes are planning to celebrate the fifty-sixth anniversary of their marriage on Labor Day, Sept. 8. They were born in The Netherlands. Mr. Beeuwes came to America in 1867 and Mrs. Beeuwes in 1866. Both located in Holland. Beeuwes is a descendant of three generations of tinners. He followed his trade as tinmith for 52 years before he retired. He first worked for the late E. Vanderveen, Holland's pioneer coopermith. He later was associated with local hardware merchants. Beeuwes has been connected with church work for more than half a century, serving Ninth Street Christian Reformed church as officer for 32 years. He is the father of Fred Beeuwes of the James A. Brower Furniture Co.

Poll books of Grand Haven closed Saturday night with 3,115 citizens enrolled, the heaviest registration there in history by some 200. There are 1,783 men and 1,332 women signed up to participate in the primary this fall and the presidential election to follow in November.

Mr. and Mrs. Jonas Clark of Millgrove, Allegan county, will celebrate their sixtieth wedding anniversary Aug. 30. They have spent all their lives near Allegan and are widely known.

BUSINESS LOSS BRINGS MORAL AWAKENING

A New Orleans dispatch tells the world that the Crescent City is "freer of gambling today than at any time in the last forty years." The credit for this condition is given to the business men of the city who started the drive against the gamblers; to Governor Long who threatened to use the militia to clean up the town; and finally, to Superintendent of Police Tom Healy, who took the hint.

Organized gambling in New Orleans and adjacent parishes was strongly entrenched, abundantly supplied with the sinews of war and contemptuous of the law. Seemingly it was immune to ejection; but under the determined onslaught of legitimate business its citadels have fallen. When the business men woke up to the fact that the gamblers were getting the cream of the payroll, while they had to be content with the leavings, they started it. They discovered that they had the backing of the respectable but normally inarticulate element of the community which understands that organized gambling attracts to itself an underworld of vice and crime from which anything but blessings flow.

Wonderful work on the part of the business men of the "Crescent City." They sure received a moral awakening when their pocketbooks were touched and they "lost the cream of the payroll." How much finer it would have been to tell the story some other way.

HOLLAND PLANS BANQUET TO HONOR COMPANY D

Amid whistling and singing the winning Co. D. arrived at the Pere Marquette station at two o'clock in the morning Saturday. Even at that early hour they were greeted by a number of local people when they came in. Flags on the curb all along Eighth street and River avenue in honor of the winning outfit, and according to the report of some of the soldiers they are happy that Holland is showing their appreciation in that way.

The Holland guards won not only the Badger trophy, but also a special prize of \$500 as the most efficient company in the state at Camp Grayling.

Plans are being formulated for a banquet in recognition of the honor of Capt. Henry Geerds and his men carried off at camp. Wednesday, August 29 is the date set for the feast and the committee in charge hopes to secure Senator Arthur H. Vandenberg as the speaker of the affair. Exhibition drills will probably follow the dinner, which will be held at the armory. Plans are being made for an attendance of 400 at the banquet.

About 15 to 25 scouts, under direction of F. J. Geiger, will be on duty during the fair. Their tent will be near headquarters and will be as large as a small chateau.

They have in this a lost and found department, an information bureau, and a first aid outfit. The scouts act as dispatch carriers and whenever they are needed by the fair officials, they can be found at the tent. The boys are not to be employed for any commercial or political purposes at the fair. Mr. Oliver De Jong, scoutmaster of the Hudsonville group of scouts will be in charge at the fair this week.

For the first time in the history of the Holland fair the Sunday schools of Holland have an exhibit. Arrangements for this new feature of the fair have been completed. The exhibit in which a number of Sunday schools are taking part, is staged in the educational building at both ends of the hall.

Probate Judge A. S. Butler of Allegan, has appointed Mrs. Harry Luts, prominent club woman, special probate officer for delinquent girls. She will act as advisor both to the court and girls. This is the first time such an officer has been appointed in the Allegan probate court. Judge Butler gives as his reason for appointing Mrs. Luts that the cases of such girls became so frequent that they were too big a problem for himself alone.

The first annual flower show of the Columbian Garden club of Saugatuck will be held Saturday. Exhibits must be grown and arranged by the exhibitor and there will be first, second and third premiums in many classes. The flowers later will be sold to defray expenses of the show.

"I hate to play cards with a bad loser, don't you?"
"Oh! I don't know. I'd rather play with a bad loser than any kind of a winner."

"Are you sure," an anxious patient asked a physician, "are you sure that I shall recover? I have heard that doctors sometimes give wrong diagnoses, and have treated patients for pneumonia who afterwards died of typhoid fever."

"You've been woefully misinformed," replied the doctor indignantly. "If I treat a man for pneumonia he dies of pneumonia."

When asked by her teacher, "In whose reign did we first hear of railways?" a little girl replied, "In Solomon's."

She was asked to think again, but persisted in her original statement, and the teacher then inquired why she thought so.

"Because," replied the little girl, "we are told in the Bible that the queen of Sheba went to Jerusalem with a very great train."

"When you were in Europe, did you see the Rock of Gibraltar?"
"Yes, but it's not what it used to be."
"Huh?"
"No, the insurance ad was gone."

MISS MAUDE ZWEMER DIES AT HER HOME IN HOLLAND

Miss Maude Zwemer, 353 Central Avenue, died suddenly Sunday afternoon. She had prepared dinner, felt slightly indisposed, suffered a stroke and passed away before medical aid could be summoned. She was 77 years old at the time of her death, having been born August 15, 1851.

Miss Zwemer was the oldest daughter of the late Rev. Adrian Zwemer, one of the pioneer ministers of the Holland colony. She was one of the best known church workers of this city, and was a member of the First Reformed church. She was also connected with the public school system for several years. She had been making her home with her sister, Miss Henrietta Zwemer. She is survived by one brother and seven sisters. Many people, because they know the Lakewood Farm road is not a through traffic road, do not look when going across the road or turning on it from some cross road. Austin Harrington, chairman of the county road commission states: "The Lakewood farm road is very busy and courtesy demands that persons crossing or turning on the road should be very careful and if necessary should stop."

The Allegan city council voted Monday night to advertise for bids for the sale of \$185,000 bonds on Sept. 5. The money is to be used in construction of the hydro-electric dam on the Kalamazoo river at Calkins bridge. The bonds were voted at a special election in July of 1927.

A farewell service was held in honor of Miss Nettie De Jong in the First Reformed church Sunday evening. Dick Boter, clerk of the consistory, gave a farewell talk and presented Miss De Jong with a purse of \$100 as a token of the church's esteem. Miss De Jong made an appropriate response thanking the church heartily for the gift and for the interest shown in her work. Miss De Jong will sail Saturday on the "S. S. President Grant" of the American Mail Line and is scheduled to arrive in Shanghai Sept. 11th. The place of work is still indefinite as the former station, Changteh, Hunan, is still held by the soldiers. Changsha in Hunan or Tengchow in Shantung Province have both asked for her services, but the final decision will be made by the China Council in Shanghai.

WANTS TO FIND THE "GOLD BRICK"

Holland Sentinel.—Holland has never been in the business of buying "gold bricks" but the job of breaking up the pavement on 8th street has developed the fact that the city owned one. K. B. Olson, the contractor, is offering a reward of \$10 to the person who finds the "gold brick" and delivers it to him. He wants to deliver it to Mayor Brooks.

The "gold brick" is of course not of solid gold. Some say it is a brick with a gold plug in it. It is also said that the "gold" is bronze. Nevertheless a brick was laid when the street was built that is different from the other bricks. Oldtimers remember that it was laid with some ceremony. C. J. De Roo was mayor of Holland at the time and to him fell the honor of laying this brick. A number of persons were present at the ceremony. The first brick in the pavement that is now being torn up was laid by the late E. Vanderveen, who was the 4th mayor of Holland.

JOHN BARRYMORE IN "TEMPEST" COMING TO COLONIAL THEATRE

Camilla Horn and Louis Wolheim Featured

"Tempest," the John Barrymore screen masterpiece that New York acclaimed during a long run at \$2 price, will bring America's most distinguished actor to the Colonial theatre on Aug. 27-29, in a romance of Russia's revolution, Camilla Horn and Louis Wolheim appearing in chief support of the star. The New York World thought "Tempest" the "finest, most genuine motion picture of John Barrymore made" and "one of the most glowing film dramas which have come out of the 'west' while The New York Times called Barrymore's picture "a masterpiece—excellent entertainment."

Announcement has been made that the New York Central lines, in co-operation with M. S. C., will operate a farm convenience train through southern Michigan next October. Michigan's Varsity band, which provides almost as many thrills between the halves of a big game for some of the spectators as the team does during the game, will be increased from 75 to 100 pieces beginning with the 1928 season provided the larger number of musicians can be obtained. Money for the increase in numbers has already been obtained.

Allegan's postal service is becoming up-to-date. A special delivery truck has been sent there by the department and all parcels weighing more than four pounds will be delivered within the city. Previously special trucks were hired for this purpose. All U. S. mailboxes were recently given a fresh coat of paint. This, with new street signs, adds greatly to the attractiveness of that city.

SUNNYCREST GIRLS TO GIVE "THE PIPER"

Ye Olden Days are to be pictured by the children of Sunnycrest School for Girls when they present the play "The Piper" on Thursday evening, August 23rd, in the commodious children's theatre at Sunnycrest.

The costuming will be a rare feature, picturing scenes of centuries ago. It is to be worth your while to take in this presentation, in order to see how wonderfully these young ladies are trained.

The Sunnycrest girls have been doing much work in the line of dramatics and the play Thursday evening will give the general public an idea of what they can do. The entertainment is to begin at 7:45 and it is for the general public. Children under 12 years old will be admitted free if accompanied by their parents.

FIND MATCHES IN BUNDLE OF GRAIN AT POOR FARM

The poor commissioners of the county met at the infirmary Friday to inquire further into the conflagration which Thursday destroyed the barn, silo and a quantity of farm produce in the most disastrous fire in the history of the institution.

A sensation was aroused when some of the inmates found a bundle of matches in a sheaf of wheat which was about to be sent into the threshing machine at work at the time of the fire. It is thought that this was the cause of the fire and not spontaneous combustion, the first theory.

The idea is that a similar planting was done in a bundle which went through the machine and ignited the straw.

John Arentsen, 66 years old, an inmate for the past eight months, was brought to the county jail and is being questioned as the same kind of matches were found in his pocket. The sheriff said he emphatically denied the accusation and maintains he had nothing to do with placing the matches in the wheat.

The committee looked over the situation, the ruins still red hot. They authorized the rebuilding of the barn and silo as quickly as possible and will have plans drawn for a model barn immediately. In the meantime they authorized a temporary building to be erected for housing the cattle. The insurance carried was \$5000 on the buildings and \$3000 on the contents. The loss to the county will be well over \$10,000 says J. J. Bolt.

The Townsend family held their fifth reunion at Allegan county park Sunday. Mrs. Diantha Winters of this city, 79 years of age, was the oldest descendant present. After a bountiful dinner, games, reminiscences and plans for a family book to be compiled, the meeting dispersed to meet the 3rd Sunday of August, 1923 at Riverside Park, Iowa.

Sheriff Fred Kamferbeek and Chief Deputy Marvin Van Helder of Grand Haven were here on business Monday.

The Daughters of the King Class of Ninth Street church were guests at the cottage of Mrs. Andrew Rutgers Monday evening. Mrs. T. Topp was assistant hostess.

FORMER HOLLAND PASTOR ABUSED BY OFFICER

If all the reports are true, then some deputy in Ottawa or Allegan County should have the law laid down to him. Complaint has come in from Rev. Paul P. Cheff of Omaha at one time pastor of Hope Church, that a deputy on the Macatawa-Saugatuck highway had smashed the windshield of his car as he was on his way home to Omaha after a visit here.

Mr. Cheff showed where his hands had been cut by flying glass and said the deputy struck and broke his windshield with a blunt object, ordering him to stop. He thought the man was a highwayman and tried to get away, as he says the deputy had no star where he could see it and there was no way to tell that he was an officer.

A second complaint during the week came from an out-of-town tourist who it is claimed was held up and his windshield broken in a similar way and not knowing the man was an officer he said to have sped to a nearby oil station and asked to use a telephone when he made his complaint to the Holland Police. An investigation is in progress.

PRIDE THEMSELVES AS SPRINGING THE LATEST IN FURNITURE

Garry and John Ter Beek of Vandenberg and Ter Beek Bros., are pointing with pride to the wonderful display at the Holland Fair. It is the latest and one of the most unique furniture designs put on the market in years.

It is called Art-Moderne. The display consists of a nine-piece dining room suite and a complete bedroom outfit. The interesting feature of this particular make is that it is inlaid with at least one hundred different colors of wood. The method used is largely the same as the inlaying of ivory, only wood is used.

The furniture in question will also have its flowers for the heads of the twin beds each picture a beautiful rose bouquet in natural colors, only in wood, rather than the real thing. The vanity dresser will be the envy of young ladies who may not be able to afford an outfit of such price, for the two suites combined cost not less than \$1500. But they are sure to be beautiful and cannot help but be an attraction in the art hall at the fair this week, as these surely are the work of art.

The wood from which this furniture is made is called Macassar ebony. The flaky flames and streamers found in the natural wood are very artistically brought out in the finished product.

A Bush & Lane Art-Moderne of most unique type with the inlaid features is also shown.

Mrs. B. A. Mulder was a Grand Rapids visitor Tuesday.

AUTO KEEPS COUNTRY STORES UP TO DATE

Rural stores are being forced into the position of bringing their shelves up to date or going out of business, according to Bulletin No. 19 of the University of Illinois. The presence of the automobile and the motor truck makes it possible for the customer to get supplies for his customers more quickly. On the other hand, the customer is able to go to large trading centers, and accordingly the general rural store cannot hold its business unless it keeps abreast of the times. In this study of Illinois merchants, 55 per cent were reported to have sales holding steadily or increasing, while 45 per cent had a decline.—Chicago American.

July Shows Normal Heat, Little Rain

WEATHER MAN TELLS OF
BEAUTIFUL AURORA

The Ottawa county weather man comes in with a belated report of July, as this relates to Ottawa county. It appears that the temperature for the month as a whole was almost exactly normal the mean being 68.9 degrees, as compared with a normal of 68.7. The most important warm period was that prevailing from the 6th to the 10th, inclusive, when the average daily excess of temperature was 5.0 degrees, and during which the maximum temperature for the month, 89 degrees, on July 8th, was recorded. Another fairly warm period prevailed from the 16th to the 19th, inclusive, but temperatures during the last ten days of the month were mostly below the normal, the cool period reaching its climax on the 29th, when a minimum of 49 degrees, the lowest reading for the month was observed.

In striking contrast to the wet June which preceded it, July was a decidedly dry month at this station, the total amount of the precipitation being only 1.13 inch, just 48 per cent of the monthly normal. Rain to a depth of 0.01 inch or more fell on only seven days, and the greatest 24-hour amount was only 0.53 inch, this occurring on the 26th to 27th. Due to the heavy rainfall in June, vegetation had made a wonderful start, and the effects of the drought in July were consequently less serious than would otherwise have been the case. Nevertheless, more rain would have been of benefit to most crops, particularly toward the end of the month. Compensating for the damage from drought, however, the absence of rain proved ideal haying weather, and a good crop was secured under very favorable conditions.

Wind movement was only moderate, the total being 6, 140 miles, which gives an average velocity of 8.3 miles an hour.

The month was composed of 14 clear, 13 partly cloudy and four cloudy days, while 93 percent of the possible amount of sunshine was recorded. This is about the normal percentage of sunshine for July at this station.

One of the finest auroras observed at this station since the remarkably brilliant display of April 14, 1926, was noted on the evening of July 7th. It was first observed about 9:30 p. m., when a few streamers were noted, and the whole sky seemed suffused with a soft radiance. This observation was made in the city, where the presence of city lights minimized the effect of the auroral display.

At about 10:00 p. m. in the open country, the display was found to consist of streamers rising from all points in the horizon, and seeming to converge at a point a little south of the zenith. The streamers were more numerous and brighter in the northern sky, and in this direction small areas of rose or greenish light were noted from time to time, while the aurora as a whole was silvery white in tone. The glow from the aurora was quite pronounced in the open country, and while not sufficient to cast a shadow, it served to bring out all the larger features of the landscape quite distinctly, the effect being something like that of subdued moonlight.

The local Red Cross in charge of Mrs. E. J. Bleckink, has sent 40 packages for Christmas to American children in China. The local chapter is sending more than previous years as some are not filling their quota and are glad to send the extra. In the packages is a printed card in Christmas colors which has on it "Merry Christmas and Happy New Year." On the opposite side of the card, Mrs. G. Van Duren typed "From the Ottawa County chapter, Holland, Michigan."

LICENSE PLATES MADE TO STANDARD

Automobile license plates for 1928 now conform to one standard in the 48 states, the District of Columbia, Porto Rico, Alaska, Hawaii and the Philippine Islands for the first time, according to the American Automobile Association.

Practically all cars come through production equipped with standard plate mounting brackets, so it is no longer necessary to file, punch, drill or otherwise mutilate plates in order that they will fit, thus eliminating much of the annoyance, irritation and bother to motorists when changing plates.

The standard plate was recommended by the Society of Automotive Engineers.

THEOLOGY SCHOOL CLOSES WITH LARGER ATTENDANCE

Pine Lodge assembly's summer school of theology closed its first session Wednesday after a successful 11-day session at which the attendance increased from 12 on the opening day to 18 students before the closing exercises.

At the suggestion of the several ministers who attended the faculty decided to enlarge the course and make other provisions adapted to the requirements of students. The faculty this year comprised Prof. John E. Kuizenga, dean and teacher of psychology; Prof. Albertus Pieters, teacher of a course in old testament prophets, and Prof. S. C. Nettings, instructor in history.

Howard is an experienced fisherman and soon had the beauties secured. He and a chum brought seven in one morning, all of beautiful size and quality.

Urge Care To Check Wheat Scab Danger

CLEAN SEED RATED GOOD INSURANCE AGAINST FUNGUS DISEASE FOUND IN STATE

East Lansing, Aug. 15—Wheat scab, a fungus disease which shrivels spiklets or entire heads of wheat and which may injure next season's stand of wheat if infected seed is sown, is reported by the farm crops department at Michigan State College to be quite common this year.

Wheat in fields that have been attacked by the disease shows brown or black heads. Sometimes a pink mold is found growing between the chaff. Shrivelled kernels from these heads are light and frequently show the pink mold.

Clean soil and clean seed will prevent carrying the disease to the next wheat crop, according to plant pathologists at the State College. Wheat should not be stubbled in after wheat, and the seed wheat should be thoroughly cleaned with a good mill.

Wheat scab, in common with other fungus diseases, is most common in wet seasons. The spore masses which are the seeds of the fungi are readily carried to healthy plants by rain drops.

Additional protection against wheat scab is obtained by using the formaldehyde treatment for stinking smut.

WINS A BASEBALL FROM BABE RUTH

Holland Sentinel—Charles Van Zyle of the Holland Vulcanizing company received a telegram yesterday reading: "Congratulations, you win Babe Ruth baseball for highest per cent quota sold first five innings. Mailing it today."

The local company in common with other agencies throughout the state have been engaged in a selling contest for the Goodyear tire, the winner at the end of the fifth inning to get an autographed baseball of Babe Ruth and it is this that he has won.

The contest started July 1 and besides the baseball the firm has a chance to win a banquet if they end up in first place, which they will naturally try to do after this good start.

The ball will be on display in the window as soon as it arrives.

Reformed Church To Have Many Anniversaries

HOPE COLLEGE DESTINED TO
RECEIVE SUBSTANTIAL
ENDOWMENT

The Reformed Church in America, which recently celebrated its tercentenary in connection with the session of its general synod in New York city at which time announcement was made of the completion of the \$1,000,000 pension fund for retired ministers, will find on its calendar several centenary celebrations within the next few years.

The board of education passed its one hundredth year about three months ago; the Christian Intelligencer and the Mission Field, the oldest organ of the denomination, will reach its one hundredth anniversary before the next session of the general synod, which will convene in Holland in 1929; the board of domestic missions and the women's board of domestic missions are within three years of their centenary and the board of foreign missions will celebrate its one hundredth jubilee in 1932.

Although no formal plans have been launched for the celebration of the centenaries of these boards the suggestion has been made that the boards of education, the foreign and domestic mission each conduct a campaign for \$100,000 and the women's board \$50,000, in their centennial years over and above the receipts for the regular work, as an expression of the church's gratitude.

The board of education already is making plans to raise a centennial fund of at least \$100,000, the amount to be added to the endowments of Hope college at Holland and Central college at Pella, Iowa. The synod has authorized this board to approach the churches and Sunday schools for a special offering at Christmas time and a special offering for education on Education Sunday, set for Jan. 27, 1929. Hope expressed the gifts may reach \$200,000, to be divided equally between the colleges.

CLYDE E. FROST KILLED WHEN TRAIN HITS CAR

Clyde E. Frost, 50, automobile salesman for Blanz garage at Allegan, was killed instantly and De los Hicks, 35, bookkeeper at the same place was badly cut about the head and shoulders and in a serious condition, when the auto driven by Frost was hit by a fast train from Chicago at Pullman. They were carried about 200 feet down the track. The men were delivering a new car to Casco.

Frost's body was brought to Benson's Funeral home at Allegan. He is survived by the widow, two sons, a daughter and a brother, Mark Frost of Monterey. He had lived in Allegan all of his life. At present the family is living with Mrs. Frost's father, Charles Olcott of Trowbridge.

Interurban Has Sung Its Swan Song

MICHIGAN RAILWAY COLLECTED ITS LAST FARE THIS WEEK

Reminds This City of Demise of the Holland Interurban

Allegan, Grand Rapids, Grand Haven and Muskegon are going through the same experience that Holland did two years ago when the Holland interurban to Saugatuck, Zeeland and Grand Rapids was abandoned, and the cars, rails and ties were sold for old junk.

The Michigan Railway, of which the Holland interurban was a branch, struggled along for two years and "gave up the ghost" on Tuesday night when the conductor collected their last fares at 12 o'clock P. M. when the big green cars were rolled into the car barns to remain until disposed of.

Competition of the passenger cars, bus and truck lines were also instrumental in putting the last interurban out of business. The private car, more than any other one thing, has brought this about.

The Michigan Railway will not be entirely abandoned as was the Holland interurban for an effort will be made to keep the freight department going, according to G. W. Quackenbush, traffic manager. In fact, the company will concentrate on freight and utilize busses for passenger business, between Kalamazoo, Allegan and Grand Rapids.

John F. Collins of Jackson well known in Holland, has made a hard and honest fight to keep the old system going but it was an up-hill job with the inevitable result. It appears now that the road will be semi-bus, semi-interurban, the passengers being taken the new way and the freight the old way.

Once Candidate for Register of Deeds Hurt

HENRY KAMMERAD OF
GRAND HAVEN RUN
DOWN BY AUTO

While crossing Washington st. at Grand Haven, Henry Kammerad of that city was knocked to the pavement and severely injured by a car driven by Claude Van der Molen of Ferrysburg.

Mr. Kammerad was taken to Hutton Hospital where it was found he had a broken shoulder, a deep scalp wound and bruises. He was taken to his home on Lake avenue later in much pain but assured there were no serious injuries.

He said he was crossing the street with no idea a car was coming. He was tossed into the air and landed on his shoulder some distance away but was able to walk to the curb. Louis Fortino ran to his assistance and helped him into a car which took him to the hospital.

Van der Molen did not stop at the time, but reported to the Grand Haven police that he had hit a man. He said he was going west on Washington and did not see the man until he hit him. He was excited, he said, and a crowd soon gathered around the injured man, did not try to offer his services.

Mr. Kammerad is well known in Holland, former mayor, Kammerad being his uncle. He was also a candidate for Register of Deeds four years ago. He is attending the University of Michigan and his wife lives with Mr. and Mrs. William Seifert on Lake Ave. He will be laid up several weeks but expects to be able to go to Ann Arbor when the University opens.

INCREASED PRODUCTION BRINGS PROSPERITY

Our experience during the past six years has demonstrated conclusively that higher wages with an increased per capita production is a sure road to prosperity and its attendant blessings of a higher standard of living. If people are employed at remunerative wages, a demand is created for the increased productivity resulting.

Lesson for August 26

PAUL IN A ROMAN PRISON

LESSON TEXT—Acts 16:16-40.
GOLDEN TEXT—Rejoice in the Lord always; and again I say, rejoice.

PRIMARY TOPIC—Paul in Jail.
JUNIOR TOPIC—Paul in Prison.
INTERMEDIATE AND SENIOR TOPIC—The Source of Paul's Joy.
YOUNG PEOPLE AND ADULT TOPIC—Paul As an Evangelist.

1. Paul and Silas in Jail (vv. 16-26).

1. The occasion (vv. 16-24). As the missionaries went out day to day to the place of prayer they were accosted by a young woman possessed by a spirit of divination. She was owned by a syndicate of men who derived large gains from her soothsaying. Her utterances as she followed the missionaries became a great annoyance to Paul, who in the name of Jesus Christ commanded the evil spirit to come out of her. The spirit in this maid testified that these were servants of the Most High God and that they proclaimed the way of salvation. But Paul, like Jesus (Mark 5:7), would not have Satan's testimony. The evil spirit immediately obeyed Paul's command. When the demon was cast out the supernatural power of the maid was gone, therefore the source of revenue was dried up. This so exasperated her owners that they brought Paul and Silas before the magistrates on the false charge of changing of customs. It was not custom but their unlawful gain which was interfered with. There is always trouble when the unlawful business in which men are engaged is threatened.

2. Their behavior in jail (v. 25). Paul and Silas prayed and sang hymns to God. It seems quite natural that they should pray under such circumstances, but to sing hymns is astonishing to all who have not come into possession of the peace of God through Christ. Even with backs lacerated and smarting, and feet fast in the stocks compelling the most painful attitude, in the dungeon darkness of the inner prison with extreme uncertainty before them, their hearts went up to God in gratitude.

3. Their deliverance (v. 16). The Lord wrought deliverance by sending a great earthquake which opened the prison doors and loosed their hands.

4. The Conversion of the Jailor (vv. 27-34). The jailer had small sympathy for the prisoners, for as soon as they were made secure, he went to sleep. Being suddenly aroused from slumber by the earthquake he was about to kill himself, whereupon Paul assured him that the prisoners were all safe. What he had heard of their preaching and what now he experienced caused him to come as a humble inquirer after salvation. He was convicted of sin and felt the need of the Savior. Paul clearly pointed the way to be saved, saying, "Believe on the Lord Jesus Christ." The word "believe" means to trust and fully obey. The proof that the jailer was saved is threefold.

1. Transformation from brutality to tenderness (v. 33). He who a little while ago could with impunity lay on the cruel lashes is now disposed to wash their wounds.

2. Confession of Christ in baptism (v. 33). Those who have really been convicted of sin and have experienced the saving grace of God delight to confess their faith in Him under all circumstances.

3. He set meat before them (v. 34). His whole household baptized (v. 33).

When a man's family is willing to follow him, you may be sure that his conversion is genuine.

4. The Magistrates Humbled (vv. 35-40). 1. Orders to release the prisoners (vv. 35, 36). The earthquake brought fear upon the magistrates and thus moved them to give leave for the prisoners to go.

2. Paul's refusal to go (v. 37). The ground of his refusal was that their rights as Roman citizens had been violated. They demanded public vindication.

3. Brought out of prison by the officers (vv. 38, 39). Because they were Roman citizens they were released, the magistrates fearing what they had done.

4. Returned to the house of Lydia (v. 40). Upon their public vindication they left the prison and entered the house of Lydia, and after ministering comfort to the brethren, they departed.

DUTCH PLAYED GOLF FIVE CENTURIES AGO

There are in existence old prints which show that "kolven," as golf was originally called here, was a popular pastime in Holland 500 years ago, and the Dutch claim it was they who introduced the "royal and ancient game" into Scotland, where Mary Queen of Scots became an adept. At any rate the game is becoming increasingly popular in Amsterdam. There are now a round dozen first class golf clubs in Holland; one at Clingendael, near the Hague, is a favorite meeting place for members of the diplomatic corps, and more links are being laid out all over the country.

15 3/4 Bushels More to the Acre—Champion Wheat Grower Tells Why

LAST season Mr. Jacob Fields, of Gaines, Genesee Co., Mich., was designated "Champion Wheat Grower" of his county by the Flint Daily Journal. Titles are all right. But what about the money? Did the crop pay? It certainly did.

Mr. Fields planted 22 acres in wheat. His total yield was 1008 bushels—45 3/4 bushels per acre—and sold for \$1.25 per bushel, a premium of 8 cents. Other wheat in this section yielded only 30 bushels. Mr. Fields says, "AA QUALITY" Fertilizers increased my yield 15 3/4 bushels per acre."

Wheat growers, you cannot afford to ignore this evidence. Calculate the extra profit for yourself. You will see that Mr. Fields actually got an added profit of \$22.08 per acre by using "AA QUALITY" Fertilizers.

Hundreds of other farmers have written similar letters. They all tell of bigger yields, better quality—and increased profits with "AA QUALITY" Fertilizers. These splendid crops are not due to luck or accident. They are the result of sound farming methods and the use of the best fertilizer obtainable—that is, "AA QUALITY."

Your crops, your profits, these are the only real standards by which to measure fertilizer quality. Chemical analysis may fool the farmer but it cannot fool your crops.

Don't be deluded into thinking that all goods of the same chemical analysis are the same in crop-producing value.

Facts for Wheat Growers:

During the last 12 to 14 years I have used many different makes of fertilizer in growing my farm crops but none have been as effective as "AA QUALITY" goods, of which several different analyses have been used, with excellent results. "AA QUALITY" Fertilizers are always 100% in mechanical condition and work excellently in all machinery designed to sow fertilizer.

My wheat was grown with your AGRICO for Grain, which I consider by far the best wheat fertilizer I have ever used. I attribute a gain in yield of 15 3/4 bushels per acre to the use of this fertilizer.

To farmers who use fertilizer I recommend that they get acquainted with "AA QUALITY" goods; use them and their merit will convince any farmer of their value.

(Signed) JACOB FIELDS
Gaines, Genesee Co., Mich.

Buy fertilizer with your eyes open. Compare crop records obtained with "AA QUALITY" Fertilizers with those of any other make. Then make your decision. Larger yields, better quality—and increased profits make "AA QUALITY" goods by all odds the cheapest you can buy.

If you have never used "AA QUALITY" plant foods, you owe it to yourself to use these fertilizers on at least part of your next wheat crop. You, too, can increase your profits. See the nearest "AA QUALITY" Dealer today.

GRAND RAPIDS ARTIST GETS NOTE OF REGRET FROM HOUSE DOORS

An autographed portrait of his majesty, Kaiser Wilhelm, and a message from the former emperor have been received by Madame Elise Conrad-Korzenowska, an artist concert coach of Grand Rapids, who is a descendant from a long imperial line, dating as far back as 900 A. D., and marrying in the house of Hohenzollern in the tenth century.

The receipt of a signed picture of the kaiser is considered a signal honor in royal circles. The portrait and the letter were in response to a request for a copy of the celebrated portrait of the kaiser on a white horse, one of Elise Conrad's earliest recollections in her father's house.

The following was the message by Admiral H. Von Rebeur-Paschwitz, acting chief of the kaiser's household at House Doorn, written for his majesty:

"By order of his majesty, the emperor, who thanks you for your kind letter, I have the honor to send you the enclosed portrait of his majesty. The one you mention in your letter is not in his majesty's possession."

The artist-teacher is the second Elise Conrad since 1336.

PICTORIAL LIFE OF HERBERT HOOVER

No. 1

By Satterfield

1. Herbert Hoover's ancestors, of Quaker faith, came to America from France and Holland.

2. They became settlers first on farms in Maryland, thence moving to North Carolina and Ohio.

3. In 1893 the Hoovers migrated to Iowa, where they and their neighbors founded the town of West Branch.

4. Before clearing the land for their farms, these Quaker pioneers built a Meeting House.

Uncle Sam's New Money Will Be Much Smaller

WILL ALSO BE HARDER TO COUNTERFEIT BY CROOKS

It is hoped that the new paper money about to be issued by the United States Bureau of Engraving & Printing will not shrink in purchase power in direct ratio as it will shrink in size. The new bills will be two-thirds the size now in circulation. They will be two and nine-sixteenths by six and one-quarter inches.

The design on the new notes of like dimension is to be standardized to make it more difficult for those who live by raising \$1.00 bills to \$100.00 bills to play their trade. The portrait of George Washington will appear on the face of all \$1.00 bills and on the back the word "ONE" will appear in large type.

The \$2.00 bills will carry the portrait of Jefferson on the front and an engraving of Monticello on the back.

On the \$5.00 bills will appear Lincoln's portrait on the front and on the reverse side the picture of the Lincoln Memorial.

Alexander Hamilton and the Treasury Department Building will appear on the \$10.00 bills.

\$20.00 bills will carry the portrait of Andrew Jackson and the White House.

On the \$50.00 bills will be the portrait of U. S. Grant and an engraving of the United States Capitol.

Benjamin Franklin and Independence Hall will appear on the \$100.00 bills.

Bills above \$100.00 will carry ornate designs on the back rather than engravings of buildings. The \$500.00 bills will have the picture of McKinley on the front, while portraits of Cleveland, Madison and Chase will appear on the \$1,000, \$5,000 and \$10,000 bills respectively.

Employees at the Fennville Canning Co., are working overtime on the wax bean pack at present with as high as 35 to 40 tons received some days. More benches have been added to the equipment in an effort to move the crop faster. Nearly 200 men and women are employed at the plant. Fifty acres of pickles are under contract to be delivered to the Fennville plant of M. Steffen & Co. The crop is beginning to mature and prospects for a good crop are in sight.

Fennville will hold its third annual home-coming Aug. 25 and 26. Street suns, blind hurdle, Pittman's Jazz Band orchestra will be features of the day and evening program. Also a parachute jumper will make a drop from an aeroplane in the afternoon. An interesting program has been arranged for Sunday.

Community Fair Is Now Open

Holland Community Fair is now open to the public. It is by all odds the finest exhibition ever staged. It is a

DAY AND NIGHT FAIR

winding up with a gorgeous display of

FIREWORKS

after 18 acts and special attractions have been performed.

There are more than 100 horses entered into the race card, which is staged under the Wolverine Race Circuit rules with which the Holland Fair is now allied and holds a membership, the same as Detroit, Grand Rapids, Kalamazoo, Ionia and others Fairs.

There are Twelve Buildings Bursting with Exhibits.

The Day and Night Fair in Holland will continue to and including Friday of this week.
