Young Zeeland Boy Home from 15,000 Mile Trip

VISITS DEATH VALLEY, CAN-
ADIAN ROCKIES, ALASKA
NATIVE BASE, SANTA FE,
MORMON TEMPLE EACH
SUNDAY DURING HIS
LONG ABSENCE OF
FIVE MONTHS

(By Letta Wells)

Gerald Van De Vusse, one of Zeeland's favored and favorite young men, talented vocalist, and son of Mr. and Mrs. Gerrit Van De Vusse of 276 S. Maple St., Zeeland, arrived home Friday after his first long trip, smiling broadly and declaring that he was glad to be home again, even though his trip was a delightful beyond description. The excursion covered many states, cities and special points of interest, embracing a stretch of 15,000 miles, and a period of five months duration.

Leaving via automobile on March 25th, accompanied by Mr. W. Van Haltsma, the young man headed for California first, touching Colorado Springs, New Mexico and Arizona. "I consider Santa Fe, capital of New Mexico, by far the most unique and outstanding city we visited," said Gerald. "All its buildings are

LARGE RAT IN AN AUTOMOBILE TIRE

Rather a peculiar thing happened at Allendale the other day when one of the residents, who is much on the road with his car, thought he was "seeing things." He first heard strange noises where the spare tire is supposed to be, then noticed the head of a rat protruding from a large hole in the tire, where he had made his nest. Apparently tired of riding around, the rodent jumped out onto the pavement in order to investigate the countryside. When the driver of the car gave chase, the rat made himself scarce behind obstacles on the roadside.

That the rat made his home in the tire is evident from the looks of it, and that the rodent had many a ride is sure, because the car, belonging to a "trouble man" serving the Allendale Telephone Co. and is constantly on the road for repair work. It shows that the recent "rat banquet," largely published in the Holland City News a year ago, did not get all the rats, but it surely cleaned out a lot of them in Ottawa county.

It will be remembered that farmers in every part of this county fed the rats morsels they were "crazy" about, but doctored it up with some sort of rat poison. The feast was great while it lasted, but the aftermath was sure death. Thousands and thousands of rats were killed in that way in both Ottawa and Allegan counties, which meant a great saving to the farmer having corn, grain, eggs and other produce that rats like.

Harvey Hop Is On Way Home From Jamboree

SCOUT WHO WAS SENT TO
NETHERLANDS WRITES IN-
TERESTING LAST LETTER

(By Harvey Hop)

Editor Holland City News,
Holland.

Sitting in the lounge of the S.S. Berengaria, I recall, in spite of the vibration of the boat, attempt to write a final account of the fifth world jamboree.

Monday, August ninth, was the final big day of the jamboree. It was required that every boy be present for the closing, so with a blare of trumpets, the last big march took place. With their colors flying before them, each contingent marched proudly, but a mite sadly—for many knew that this was the point when they must leave, possibly forever, newly acquired friends. As each contingent passed the reviewing stands, it took its place on the held until the 25,000 were finally all in position. When the American contingent went by, the fifty boys in Indian regalia were given a large hand as they were very popular at the jamboree. (Pardon my wandering, but some of the people wanted to know if they were real.)

Lord Baden Powell, stately old Chief Scout of the World, then marched slowly to the middle of the gathering, and stood up on a small platform where all could see him. All of the scouts stood at attention while this took place as a token of respect for the man, whom we can quite freely say has more friends than any other one man in the world.

When he raised his hand, everything became deathly silent—then he began his message in his fine magnetic voice. I understand that he was shed in admiration for this grand old man, who, although he is already 80 years of age, and may never again address such a gathering, gave a touching plea for peace. Even I had a tight feeling around my heart when he said he hoped that these friendships, which we had made, might help in the future to bring about peaceful relationships among the nations and thus prevent war.

After he had finished his brief, but powerful address, he gave a wooden jamboree emblem to each country present. As each representative went up, the boys from his country gave a loud cheer and, take it from me, the Americans didn't take a back seat for anybody when it came to noise. With the close of this ceremony, the scouts gave Baden Powell three rousing cheers and tossed their hats into the air. Thus closed the final jamboree rally.

In the evening, the final campfire was held in the great natural amphitheater among the sand dunes. Things were just fairly settled when suddenly we saw a great number of people bowing for a young couple. It was Princess Juliana and her husband, Prince Bernhard. He had his camera with which he took pictures of the campfire. He has also done a large number of his young wife. When they got to the platform, there was not enough room for all the ladies of the party to sit down, so Princess Juliana refused to sit on a chair, taking her place on the ground with the others.

Skits were given, songs were sung, our Indians performed again, and then Scouts said goodbye to each other and the jamboree was over!

HARVEY HOP.

Mr. and Mrs. John Bouma of Zeeland, and Mrs. Charles Kossen of Holland and Mrs. Kieft of Grand Haven spent the week-end in Toledo, the guests of Mr. and Mrs. Bernard Bouma, and also visited Mr. and Mrs. Oswald Schaad at Adrian, Michigan, en

miles, the young men met with not a single accident, excepting the minor events of three flat tires, two of which happened in front of service stations. They arrived home on Friday, August thirteenth, and considered it a very lucky day.

Those Who Marry Must Go Through Examinations

County Clerk Wilds States that
October 29 Is the Time When
Physical Examinations Are Re-
quired for Those Who Ask for
Marriage Licenses.

Prospective marrying couples can be joined in the holy bonds of wedlock in Michigan without physical examinations, but the marriage must be done before October 29. Reports from many counties in the state indicate that the grand rush is on to get "under the wire" before the "deadline" is reached, and that is especially true in the great centers of the state.

County Clerk Charles Schuler, recently a bridegroom in Muskegon, is looking for a grand rush in the former lumbering town. He states that he expects about 100 marriage applications during August, and as many more during September, and undoubtedly there will be quite a number as the last day of grace draws near.

County Clerk William Wilds at Grand Haven stated today that in Ottawa County the rush was not overly large any more so than usual. Of course, June was a banner month as it always is, and July was well up in the number of marriages, but he does not believe that there was any great rush at least not up to this time due to the physical examination that is going to be required by contracting parties after October 29.

The law makes it mandatory for each person, intending marriage to submit to the Kahn test for certain dangerous communicable ailments and other tests and, before a marriage license can be issued, a certificate from a physician must be filed by the applicant with the county clerk. Blood analysis as provided by the law will be made by the state department of health free of charge but private laboratories, licensed by the state, may undertake the analysis for a fee.

Complete secrecy regarding examinations is enjoined by the law which prescribes penalties for divulging confidential information and for issuance of false medical certificates.

Both Illinois and Wisconsin have similar laws and Indiana is the nearest state in which marriages may be performed without medical examinations and after October 29. It is expected that the number of Indiana licenses will increase.

Just what the charge of the physicians in Holland and Ottawa county will be is not yet known, in fact, there has been very little talk about the new arrangement up to this time, possibly because very little publicity has been given the matter. A large part of our citizens, especially among the young folk, are not even aware there is such a law as recently passed. This matter will no doubt be brought up for discussion at the next meeting of the Ottawa County Medical Association in September and a fee for this examination will be set so that it will be uniform throughout Ottawa county.

BOAT BUILDING PLANT ON LAKE MACATAWA

The latest enterprise to come to Holland will be an industry where boats are built, and what is more, Manager Connolly of the Chamber of Commerce attributes this enterprise directly to the Tulp Festival. Kenneth H. Campbell and his father, Gordon E. Campbell, of Calumet, Mich., had a real enjoyable time last May, and were up with the festival, but with the city and its resort environment as well.

They have been quietly investigating the possibility of launching an industrial project in the way of boat works in Western Michigan. They are now ready to manufacture steel and wooden cruisers of all sizes up to the 50-foot class. Associated with the new concern is Harold Reynolds of Iron Mountain, Mich., who is a graduate marine engineer from the University of Michigan and has been connected with other large shipyards.

The firm name will be the Campbell Boat Co. and Kenneth H. Campbell will be the head. The plant will be located at Virginia Park and the Beach House property has been purchased, and the first building to be erected will be of brick and steel, 40 by 60 feet and will be fireproof. Frank Dyke, a Holland contractor, Frank Dyke, and the builder of Warm Friend Tavern and Hope Memorial Chapel, received the contract to build this building.

Peter Elkinza is the local architect. Modern wood and metal working machinery is to be installed as soon as the building is complete and a marine railway naturally is one of the necessities where boats are built. It is expected the plant will be built within six months and will be in full operation long before the 1938 season. Steel, wood and combination steel and wood boats will be produced at this boat factory.

Mr. Campbell is an expert welder and that stands him in good stead in making metal crafts, which will be featured. Mr. Campbell is a graduate in business and arts at the University of Michigan and in Marine engineering and naval architecture at the Massachusetts Institute of Technology. He has been connected with large plants in Connecticut, New Jersey, also in the New York Shipbuilding Co. He has been in New York for the past four years.

Undoubtedly these men will come to Holland to live and the opening of the plant will give employment to a sizeable force of expert employees.

Mr. and Mrs. William Topp of 344 West Twelfth street, announce the engagement of their daughter, Margaret, to William J. Andringa, son of Mr. and Mrs. Andringa of 287 East Fourteenth street. The wedding will take place in September.

Here Is Where Many Holland And Ottawa-Allegan County Lads Have Been Spending Their Summer

—Courtesy Allegan News

Holland has taken a deep interest in Camp Ottawa on Pettit lake in Newaygo county for many a local scout, has spent these "hot dog days" there. This is a fine view of the buildings recently erected there, and for which at the present time, those interested in scouting are making a financial drive.

Word was recently received by M. P. Russell of Holland, scout executive for the Ottawa-Allegan council, that Camp Ottawa had received a first-class rating by the national council of the Boy Scouts of America, and that the camp was selected as one of the best in the state.

Parents of scouts from the two counties gathered to dedicate the new mess hall yesterday and not a few from Holland and Zeeland were present as well as from other points.

The new hall was made possible through co-operation of various individuals in the two counties, the service clubs of the district and the scouts. All but a third of the funds have been raised and the Allegan district is completing this task. The building was erected at a cost of about \$4,500.

The mess hall, or lodge, as it is called by the scouts, is located on a bluff overlooking the lake, nestled among trees. The rustic lodge is 56x28 feet, of one story. The front porch, 56x10 feet, is screened. The kitchen, 16x20, is equipped with a cooking range and necessary shelf space. The basement department is in the basement with a cool working room for the handicraft department.

The foundation is made of concrete footings and concrete building blocks with all materials treat-

ed for termites. The outside walls are of imitation log cabin siding and the porch floor is of matched fir, laid watertight to form a roof for the handicraft department. The roof is of composition slate with green composition slate gables. A fireplace has been placed on the west side of the lodge made of field stone.

The building has a gas lighting system that operates by means of a gas engine. A septic tank has been constructed.

Camp officers this year are M. P. Russell, Holland, scout executive; W. P. Bilk of Spring Lake, waterfront director; Lloyd Brown of Coopersville, camp manager and handicraft director; Preston Van Kolken, Holland, cook and camp doctor.

FIFTY YEARS AGO TODAY

Dr. Charles Scott, president of Hope College, will conduct the beach services at Macatawa Park Sunday. Note: In the olden days these beach, religious services were regularly held, and as a rule they were in charge of the late James Vander Sluis, brother to John Vander Sluis, of this city. Mr. Vander Sluis, as a rule, presided, took care of the song books, and made other arrangements for the Sunday afternoon meeting on Lake Michigan. The old Vander Sluis cottage, erected at least 50 years ago, is still at Macatawa and has been occupied by the family ever since. The Vander Sluis sisters are living there today.

Attorney Arend Visscher, secretary of the Holland Fair, announces that the premium list is ready for the exhibition next September and farmers can now call for them. Note: The Fair site was then from Kollen Park, north to 16th St. south. All this was an open field and purchased by the Fair Association. The grounds were later sold for factory sites and the fair moved to where the Fair grounds is now on East 16th St. Since that time the C. L. King Basket factory, later raised when there were no more logs, the sugar company, the shoe company, and other enterprises were built on what was at one time the Holland Fair grounds. The Holland Shoe Co. site was at one time part of the race course.

The grading of Market street is going very slow. If it does not go faster it will be winter before the gravel is put on and this third principal street will be a sea of mud all winter. Note—Market street is now Central avenue and has been paved for many years. Before it was graded and gravelled it was a winding dirt road.

The fishing tug of H. J. Dornbos, Grand Haven, with William Ver Duine as captain, brought in the latest haul of chubs in its history last night. The catch amounted to 3525 pounds. Two other catches earlier in the week together totaled 5680 pounds.

Simon Etterbeek was the victim of a serious accident at the Merchants' picnic at Jensen park. While playing baseball he broke a leg. There was a big barbeque of roast ox and the high light was a balloon race.

Ed. Stephan, son of E. P. Stephan, has gone to Chicago where he has secured a fine position as bookkeeper for the Vesta Accumulator Co. Mr. Stephan has been employed as shipping clerk for the Fere Marquette. Mr. and Mrs. E. P. Stephan accompanied their son to Chicago.

Andrew Judson Kolyn, son of Prof. and Mrs. Matthew Kolyn of Holland, who has just received his diploma in the law department at the University of Michigan, has become a law partner of George A. Farr of Grand Haven. Note: The mother of Mr. Kolyn is still living on West 18th St., although Attorney Kolyn is now practicing law in Orange City, Iowa. Attorney George Farr was one of the leading attorneys in Western Michigan, and played an important part in Republican politics. In Grand Haven there were always three factions between three attorneys. One was the George Farr faction, another the George W. McBride faction, and the third was the Walter I. Lillie faction. In those days it wasn't so much party politics, but rather what faction one belonged to. For years there was much bitterness, but as these once young, obnoxious attorneys became more mature with age, the factions ironed themselves out and during the evening of their lives there was a veritable love feast among them. Conventions were interesting when these three men, able speakers, took the floor. All three attorneys have long since passed away.

Charles Floyd has engaged the famous Kliffy Band of Canada to play at Jensen Electric Park. The Drum Major is 7 feet 2 inches tall. They have been touring for two years and have played in 20 different countries. In England, they played before the King at his command.

The oldest minister in the Christian Reformed Church, namely Rev. Lambertus Hulst, pastor of the Coldbrook church at Grand Rapids, died at the age of 98 years. Rev. Hulst was well known in Holland, having occupied nearly every pulpit of that denomination some time or other. He has been actively a pastor for 75 years.

The new pipe organ in the Fourteenth Street Christian Reformed church is one of the finest in the city and contains several features, new in present-day organs of that type. On Wednesday evening the general public will be given an opportunity to hear this fine, new instrument, when Mr. Harris Meyer, son of A. H. Meyer of the Meyer Music Store, will give an organ program, assisted by the chorus of the church. The organ

SECOND WRECK VICTIM IS CLAIMED

Russel De Jonge, 25, operator of the Certified Radio shop on Main street, Zeeland, died shortly before noon on Thursday in Sparrow hospital at Lansing, Michigan, of injuries suffered on Thursday in an automobile accident on US-16, 12 miles east of Lansing, in which his wife, Mrs. Violet De Jonge, 21, died shortly after being admitted to the hospital. Mr. De Jonge suffered a skull fracture, internal injuries and fractures of both legs. A skull fracture caused his wife's death.

Mr. and Mrs. De Jonge who had been married slightly more than a year, left Wednesday, August 18, to deliver a refrigerator to Pontiac. From there they went to Ann Arbor to visit his father, Folkert De Jonge, who was confined to the hospital as the result of an operation.

They were en route home at the time Mr. De Jonge's small truck, crashed into the rear of a parked truck.

Mr. De Jonge is survived by the parents, Mr. and Mrs. Folkert De Jonge; and three brothers, Cliff, Willard and Lloyd, all of Zeeland.

DAUGHTER OF CONGRESS- MAN MAPES TO BE WED AT WASHINGTON

BERT BRANDT DIRECTS FENNIVILLE SCHOOL BAND

Bert Brandt of Holland, with the opening of school, will direct the Fenniville school band and orchestra, adding another school to his list of successful school undertakings. They prevailed upon Mr. Brandt to accept this position, and together with his seven other bands and orchestras he will have plenty to do as this relates to music. He hopes to have the Fenniville band in shape so it will appear in the parades next "Tulip Time" in May.

HOLLAND WOMEN TO GIVE MUSIC AT ZEELAND CHURCH

Mrs. Earl Vanden Bosch and Mrs. Kate Essenburg of Holland will render special music at the Second Reformed church at Zeeland Sunday morning, and Mrs. William Janssen of Milan, Michigan, will sing at the evening service.

Rev. W. Janssen of Milan, Mich., a former Zeeland boy, will conduct the morning and evening services. He is a brother of Rev. Herman Janssen who conducted the services there last Sunday. Both are sons of the church.

cost \$5,000, according to the item. It has 29 stops. The action is all pneumatic, controlled by two organ chambers, one containing the swell organ, the other the great organ and the pedal organ. This feature makes it possible to play the entire organ in a subdued tone, which is a wonderful advantage in concert work. Note—The entire program is given in the file copy.

Mr. Meyer is now a resident of Kalamazoo and has a large music store there. Both Mr. and Mrs. Meyer are active in church affairs and their offerings are often appreciated during the summer at Castle Park amphitheater.

OLIVE CENTER WOMAN HAB NARROW ESCAPE

Mrs. Eve Bradley of West Olive met up with a peculiar situation under a tree a few days ago. The large tree is where she generally sits in a rocker enjoying the shade. The tree is to the rear of her home, and while she was sitting there she heard the crackling of burning wood. Believing that in some way there might be a fire in her home, she picked up the chair and hastened to the house to investigate. She had hardly reached the porch when a large limb, 10 inches in diameter, crashed down in the exact spot where she had been sitting.

Upon investigation it was found that the tree trunk was hollow and no longer able to bear the weight of the solid limbs. Mrs. Bradley was not hurt in the least, of course, although she trembles thinking what might have happened had she remained a minute longer.

Bell Telephone Gives Aid to Prevent Crime

PRINTS DIRECTORY OF ENTIRE
STATE GIVING PHONE
NUMBERS OF CHIEFS,
SHERIFFS AND
MARSHALS

Gene Ripley, manager of the Bell Telephone Co. of Holland and its auxiliary exchanges in this area, has sent to the Holland City News a neat, little telephone book, intended as first aid in catching criminals. The police departments of all cities, large and small, are listed. Holland is listed as "Chief of Police, Frank Van Ry, 3141." And so are all the officials, whether he be called a sheriff, a chief of police, or a marshal, are cataloged and can be reached from any part of the state in case of burglary, holdup or crime of any kind.

The cities in 83 counties in Michigan are listed and the commanding officer of all the 34 State Police posts can be found in the little volume, as well as the Federal law enforcement bureaus or branches in Michigan, such as the Bureau of Narcotics, Bureau of Investigation, the Immigration and Naturalization Bureau, Post Office Inspectors, etc.

Inserted in the book also, is a map, lithographed in colors, which shows the layout of the Wayne County Police Teletype law enforcement network, and the location of the teletypewriters connected with it, together with the call numbers of the 22 machines.

The Wayne County network ties up all the law enforcement agencies of Detroit, Wayne county and the immediate district, with the entire state system. In going through the directory we notice that, besides Chief Frank Van Ry of Holland, Sheriff Frank Van Etta of Grand Haven and Chief of Police Lawrence De Witt, also of Grand Haven, are found in this directory. The number of the former is 18 for the residence and fall both. De Witt's number is 48. Both of these officers were former Holland men.

The Deputy Sheriff at Saugatuck is G. W. Schreckengost. His number is 35. At Hamlet, Bert Voss has a phone, although the number is not listed, but he can be gotten through Central. At Fenniville Bert McCarm is listed as Marshal. He, too, can be gotten through Central. The Allegan sheriff is Fred Miller and his office and residence is 14. At Zeeland Fred Bosma is the Chief and his office number is 17 and residence 206, according to the above police directory. At South Haven Fred Roper is chief and his telephone number is 600. At Hudsonville John De Vree is Marshal and his number is 767-F 12. At Coopersville Mensur Horling is Marshal and his phone is 73.

The Grand Rapids Chief of Police is Frank O'Malley and his office number is 81551 and his residence number 32127. The sheriff of Kent county is Hugh M. Blacklock at Grand Rapids. His day phone is 83025 and his night phone 80624. The directory gives all these details, which are indexed and easy to find. It would be quite an accommodation if every phone patron had one of these in case of emergency. Through this directory system, which is indeed complete, a network against crime could be drawn in this state that would be almost instant. Even the State Police are well listed in this directory. This is a real, worthwhile contribution on the part of the Bell Telephone Co. and undoubtedly will be a potent factor in Michigan law enforcement, and a great aid to officials and Federal agencies.

Another unique feature in this directory is the station-to-station long distance telephone rate. The table indicates, through an unusual arrangement, just what the rates are between two given points. It is an unusual table that is difficult to explain in print without the table present, but the table itself is so convenient that a tracing of the finger up and down will give the accurate rate at a central point in the table. It is an arrangement that is rather new, but very convenient. Anyway, the small volume is really worthwhile having and it is only too bad there are not more of them.

ROOSENBRAAD, VETERAN SUPERVISOR, IS 81

Cornelis Roosenbraad celebrated his eighty-first birthday anniversary in a quiet way at his home on East Central avenue, Zeeland.

Mr. Roosenbraad has been a very sick man a few months ago, however, he has improved to some extent and he was seen at Grand Haven on official business during the month. He has been supervisor of Zeeland for at least a score of years.

Intimate "Close- Up" of Great China General

Missionary Tena Holkeboer
Portrays the Christian Life of
Mr. and Mrs. Chiang Kai-Shek

The Wife of the General, Educated
in America, Prays for the
"Japs", the Common Enemy,
as Well as the Chinese

Miss Tena Holkeboer, for many years a missionary in China, sends an interesting letter to the daughters of The King, a church organization of the Ninth st. Christian Reformed church, of which she was teacher before going into the mission field in 1920. The letter is especially interesting because it gives an intimate insight into the life of one of the greatest generals the empire of China has ever known.

The world recently marvelled when the wife of General Chiang Kai-Shek entered the enemy's camp, endeavoring to release her husband who was in captivity. The press of the world made much of this, and it indeed showed great courage, love and religious attitude to make such an attempt. What the results were is common knowledge.

The letter of Miss Tena Holkeboer with the deletion of the personal phases, follows below:

Much has happened since I wrote my Christmas letter, so that I shall not be able to tell you of only the most outstanding events. Doubtless you have read the capture of General Chang Kai-Shek and of his miraculous release, just at Christmas time although the whole affair remained largely a mystery to the general public. I cannot go into details here, but there are a few things I want to share with you. In the first place, Chiang Kai-Shek knew he was taking great personal risk, but he felt it was worth the risk in the hope of winning this section of the army. His hope was in Chang Kai-Shek, who had always been his friend. When this friend turned against him and he was seized it looked as though his cause was lost, but he staunchly refused to be bribed or forced into any concessions because of his capture. He offered to lay down his life rather than yield. He made only one request, and that was for a Bible. This was his constant companion during these trying days. After the officials in Nanking failed in every attempt to force him to renounce his faith and send an army. Then Mrs. Chiang Kai-Shek pled that they wait until she went north herself to see what might be done. Before she left, several met with her to pray, later accompanying her to the airport from which she was to start on her journey. Someone expressed fear for her safety, but she replied, "I am in God's hands—man cannot touch me without God's will." Many feel that this was the turning point in the war between the two generals and the return of the two generals to Nanking together. The world cannot understand, and hence gives all kinds of interpretations to the act, but the fact is that General Chiang really carried out the spirit of Christ, forgave his enemy, and took him under his own personal protection to Nanking, in order that his life might be spared.

Mrs. Chiang has shown the same spirit. Recently a national Christian assembly of Japan invited Mrs. Chiang to address them. She could not go, but she sent her speech. In it she tells much of her own religious experience, and among other things she says she prays daily for the country of Japan. Can you imagine Americans praying for the welfare of Germany during the World War? It is true, Japan and China are not actually at war, but Japan may truly be counted China's worst enemy. This speech of hers was printed in both Japanese and Chinese magazines. Imagine the influence it has! To my mind General and Mrs. Chiang Kai-Shek are two of the noblest and ablest figures in the world today. It is simply wonderful how the whole nation is being transformed under their Christian leadership.

Now for a bit of news of our own work. About three weeks ago all schools were required to take part in a 4-day athletic meet in Amos City. Our school did not score very high because we refused to take part on Sunday and therefore lost a great many points. You will be interested in the newspaper comments relative to our attitude toward Sunday observance. On Saturday the following appeared (rough translation): "My Lord" is to Be Reverenced.

The third of our 4 days' athletic (Continued on page 8)

OTTAWA TREASURER TO ASSIST TAXPAYERS UNDER MORATORIUM

Ottawa county taxpayers who have indicated a willingness for payment under the state tax moratorium, will be accommodated if their original inquiry is received before September 1, the deadline for the moratorium. Nicholas Spasman of Holland, county treasurer, said today, Form letters have been prepared to be sent all those making proper inquiry, advising them of this ruling.

The treasurer's office is crowded with work and it may take several weeks to act on individual inquiries, Mr. Spasman said.

Be sure and find out about these back taxes. You can save at least 40 per cent by paying them before September 1—and what is more, save your property from the auction block next May. What is true in Ottawa county is also true in Allegan county. In that case see County Treasurer John Stockdale at Allegan. See announcement and detail on page three, this section. If in doubt find out from your county treasurer.

A Message to Garcia

The bearer of "A Message to Garcia" celebrated his eightieth birthday last month.

Americans born since the turn of the Century know of his feat chiefly from Elbert Hubbard's inspirational essay based upon it, but to those old-timers, who were already taking an interest in public events in 1898, there comes a personal thrill at the recollection of it.

Calisto Garcia y Inguera was the leader of the Cuban revolution which started in 1895 and dribbled along until we took a hand in it.

When American intervention had been decided upon President McKinley wished to get a personal message through to Garcia in order to promote co-operation between the Cuban and American forces.

Col. Andrew S. Rowan, U. S. A., was chosen for the delicate and dangerous duty of taking the President's letter to Garcia through country infested with Spanish soldiers.

A spy's death undoubtedly had been his, if he had been caught in the act of communicating with the Cuban revolutionists, but he wasn't caught and emerged from the jungle a hero.

Cuban co-operation played an important part in the Spanish-American War and Garcia himself was a distinguished figure in the battle of El Caney, along with another redoubtable character, Col. Theodore Roosevelt of the First Volunteer Cavalry, commonly known as the "Rough Riders."

Mrs. John Vande Luyt, Mrs. Maggie Van Kovering and daughters Henrietta and Anthonette of Zeeland, Mrs. Benj. Scheerhorn of Holland spent Friday as guests of Mrs. Lewis Marcus at her home on Lakewood Boulevard near Holland.

MAY HAVE NEW YACHT CLUB BUILDING AT MACATAWA

There is considerable talk of building a new Macatawa Bay Yacht club building. Members of the club, at a dinner given Saturday, appointed a committee to form plans, ways and means, and to investigate what it is best to be done. If the building program goes through, construction will be started early enough so the building can be in use before the next season opens in July.

Following discussion for the new club house, the members elected Harold Ver Meulen commodore of the M. B. Y. C. for 1938. Vice commodore, Bill Hardy; secretary-treasurer, Donald Jeniek. Directors of the club are Les Harrett, Henry Van Steenwyk, Bob Hermann and Jack Daane.

PATIENCE AIDS THE FISHERMAN IN TAKING BASS

When the bass weren't biting and fishing seemed a failure, President Cleveland turned to his disgruntled fishing companion and said:

"You have not the requisite imagination to be a happy fisherman. My imagination is so well trained that I can see with my mind's eye a large bass coming toward my hook all the time and I am momentarily expecting him to strike. Such an imagination creates a delightful sensation. It is expectation rather than the realization that creates pleasure."

WHEN RINGLING CIRCUS WAS HERE

When James Clifty of Fennville returned to his home after attending Ringling's circus at Holland, he found his barn had burned down during his absence. Grain, hay and implements were consumed. From an old file copy of the Fennville Herald.

The News might add that Ringling Bros. circus then showed on the corner of 17th street and River ave., extending over Pine ave. to Maple ave. These streets were then not yet extended south. The baseball grounds were located on River ave. then and the circus tented these and added grounds to accommodate all the tents. Undoubtedly the largest circus parade ever witnessed by Holland big show was not then consolidated with Ringling's. Two of the Ringling boys were in Holland during the day.

LOSS IS ESTIMATED AT \$4,000 TO HATCHEW HOME

The building, owned by Mrs. F. J. Bertschy, is a total loss and is only partially covered by insurance while the household goods of the Hatchews were uninsured.

Gerrit Bottema, township supervisor, said the blaze added another argument for an effective township fire fighting unit, now under consideration by the township board. Only heavy rains of the past week and lack of wind prevented the blaze from spreading to other homes and cottages in the thickly settled Strawberry Point area, he said.

A NEW KIND of BEAUTY SHOP

Guaranteed to Banish "KITCHEN LOOK"

There is no more sensible way of banishing fatigue lines from your face than to call upon electricity to do more and more of your household tasks. For a certainty, an electric range will do away with that wilted, droopy kitchen-look which comes from cooking in a hot, stuffy kitchen. In electric cooking there is no flame to burn out the oxygen and to foul the air you breathe; there is no soot or grime to dirty your walls and curtains and to blacken your pots and pans.

Cooking the modern way in a cool, clean kitchen with a beautiful electric range is the best of all shortcuts to leisure and a fuller, happier life. It's so easy, so economical, and adds so much pleasure to living that the cost of doing without makes it a matter of good sense to trade in your old kitchen stove for one of the grand new electric ranges... now!

ENJOY THE NEW WAY OF LIVING

...Electricity has brought to the housewife a new, finer way of living. To enjoy this new freedom more abundantly, let electricity do your cooking... the easier, cooler, cleaner way. Electricity is cheap; when used for cooking it becomes still cheaper. There are savings in money, to say nothing of the savings in time, effort and vitality. So, switch to electric cooking... now... and enjoy its manifold benefits without waiting any longer.

The floral tributes from home and abroad were many and beautiful. The pallbearers were Eldon Dick, Evert Dick, Fred Boone, Richard A. Arthur, Yost and D. B. Thompson. ZEELAND MAN DROPS DEAD IN WELDING SHOP

Gerrit Veneklasen, for a long time a resident of Zeeland, dropped dead in the Jacob Meyboer welding shop on Elm street, Zeeland, Corner Gilbert Vande Water of Holland was hastily called and pronounced the death due to heart failure. Mr. Veneklasen was a lifelong resident of Zeeland and for many years was connected with the Zeeland Brick Co., better known to readers as the Veneklasen Brick Co. He was secretary-treasurer of the company until it ceased to operate when the clay pits were depleted. He, with his brothers, did a great deal to develop the plant to one of the largest brick companies in Western Michigan.

He took a deep interest in civic matters as this pertaining to Zeeland. He was a charter member of the Second Reformed church and was a member of the consistory for several years, and a member of the "greater consistory at the time of his death. He also acted as sexton of the church.

Funeral services will be held this Friday afternoon at 2:00 p. m. from the home on Church street, with the Rev. Richard J. Van den Berg, pastor of the Second Reformed church, officiating. Burial this afternoon will be in the Zeeland cemetery.

MANY ATTEND FUNERAL RITES OF MRS. IDA DIEKEMA

Funeral rites for Mrs. Ida Diekema, 72, resident of this city almost her entire life, who died Sunday at 9:20 p. m., in Holland hospital, were held Wednesday at 2 p. m. from Nibbelink-Notier funeral parlors with Dr. E. J. Blekkink officiating. Mrs. Diekema has been confined to the hospital for more than three weeks. She was a member of the Third Reformed church, of the Ladies' Aid society and the Adult Bible class and was actively engaged in behalf of her church. Her husband, Elder Diekema, died 34 years ago.

A strange incident connected with his death was the fact that he died on the Fourth of July, and his passing was the result of a large silver that had entered his hand while at work in his barn, which resulted in a case of tetanus (lockjaw). He was the oldest son of the Wierpke Diekema family and he was followed by Gerrit J. Diekema, who passed away in 1930 in De Haas, Netherlands, where he was minister from the United States.

The floral tributes for Mrs. Ida Diekema from home and abroad were many and beautiful, indicative of the esteem in which this much beloved woman was held. Interment took place in the large Diekema plot in Pilgrim Home cemetery. This is the largest single plot in Pilgrim Home, and that is where the father and mother of Mr. Diekema and the children who have passed away lie buried. The bearers were W. E. Van Dyke, Neal Wiersma, Al Van Lente, William De Viney, Peter Van Ark and John Dykema. The funeral was in charge of the Nibbelink-Notier mortuary, where friends were given the opportunity to pay their respects before the funeral rites.

Company employees, heads of departments, the office force and their families of the Holland Furnace Co. enjoyed the annual all-day picnic held at Tunnel park on Tuesday. A record crowd of approximately 2000, a thousand more than last year, attended the outing.

Activities began at 9:15 a. m. with a game of soft ball. The two all-star teams were captained by Simon Steel and Henry Hietbrink. The latter team won.

Another game played between the third floor office girls vs. the first and second floor girls resulted in a victory for the second team. Two dressed pig contents were held. Jason Rynga caught the pig in the morning contest, which marks the second year he won this prize. Fred Van Wieren caught the second pig. They averaged about 110 pounds. All other prizes were cash.

During the dinner hour special entertainment was furnished by a theatrical troupe of Chicago. This featured "Barbarine and Poms," a dog act; "Bill Talent," a comedy hurrier, and the "Cressa Troupe," acrobatic and vaudeville act. Outstanding in the last act was a triple somersault from the teeter board to a chair held on the shoulders of one of the men.

Throughout the day sports and contests were held for young and old. The prize for the largest family present was awarded to Martin Glass. In the tug-of-war

contest between the machine and gridding rooms, the latter team won. The men of cupola No. 2 won over the foundry men receiving iron of cupola No. 1 in a similar contest.

John Schutte was presented with a radio for being in the continuous employ of the company since May 1, 1913. This award was given to Charles Driscoll in 1935 and George Van Der Bie in 1936. This presentation is made each year to the employee next in line and present at the picnic.

The Chicago troupe furnished entertainment again during the supper hour, which was followed by a series of water contests including a sea horse contest, orange race, swimming race and underwater swimming race.

Ben Grant was awarded a basket of groceries in the guessing contest, and Tony Peerbolte received a 50-pound sack of flour. In the last event on the day's program Miss Nelia De Groot of the office force was awarded first prize, a 26-piece set of silverware. Second prize, an electric coffee service, went to Harold Steketee, and third prize, a bushel of groceries, awarded to Al Kohn. He was assisted in arrangements by members of the board of the Relief society.

The bride looked charming in a formal gown of peach embroidered silk net over satin, fashioned with a low neckline and full skirt. She wore flowers of the same shade in her hair and carried a bridal bouquet of Joanna Hill roses, swainsons and snapdragons, tied with white ribbon. Mrs. White, as bridesmaid, wore a yellow ruffled silk net and carried a bouquet of roses, swainsons, snapdragons and asters, tied with orchid ribbon. Following con-

gratulations a wedding supper was served to 18 guests at card tables. The couple left Friday evening for a short wedding trip. After Sept. 1 Mr. and Mrs. De Waard will make their home at 263 East 14th street.

WHITE-WIERSMA RITES AT THIRD REFORMED CHURCH SATURDAY

The marriage of Miss Alice White, daughter of Mr. and Mrs. Arthur White, 652 College ave., to George Wiersma, son of Mr. and Mrs. John Wiersma of 91 East 16th st., took place Saturday afternoon in the auditorium of Third Reformed church. Palm, ferns and a large basket of gladioli, with lighted candelabra shedding a soft glow, formed an artistic background for the marriage at 4 o'clock.

In the absence of the Rev. William Van't Hof, who is away on his vacation, the Rev. H. D. Terkeurst, pastor of Trinity Reformed church, read the rites, using the single ring ceremony. Preceding the ceremony, Mrs. H. J. Massing played an organ solo entitled "Bella of Aberdovey," by H. J. Stewart, and accompanied Miss Hazel Paalman of Grand Rapids who sang "Ich Liebe Dich." The bridal chorus from the opera Lohengrin by Wagner was used as a processional. Miss Paalman sang "Because," by d'Hardelot, as the couple were kneeling. Mendelssohn's wedding march was used as a recessional. The bride, given in marriage by her father, was groomed in the traditional white satin, fashioned on princess lines with long sleeves and train and a row of satin covered buttons down the front from the neck to the hemline. Her simple fingertip veil of tulle was arranged at the head with a braid of tulle. She carried a bride's bouquet of Joanna Hill roses and wore a wrist watch which was a gift of the bridegroom. Preceding her as bridesmaids were Miss Lucille Ver Schure of Holland and Miss Muriel Shambough of Hillsdale, who wore similar gowns of pink net over taffeta with tiny pink net hats and bouquets of gladioli tied with blue ribbon. Following was Mrs. Howard Dalman of Hart as matron of honor whose blue net gown and tiny net hat was fashioned like those of the bridesmaids. Her bouquet was made of roses, snapdragons and

cake served as a centerpiece for the bridal party's table. Following the reception the couple left on a wedding trip up north and after their return will make their home in Holland. The bride was graduated from Holland High school and Hope college and was mathematics instructor at the Otsego high school. The bridegroom was born in Holland, was graduated from Holland high school and is employed by the Holland Furnace Co.

An outing was held last Thursday evening by members of the Board of the Holland Christian Endeavor union. The party had been scheduled to be held at Lakewood Park but due to the inclement weather the first part of the evening, a picnic supper was served at card tables on the porch of the home of Miss Luella Nykerk on Lakewood Blvd. Following the supper the group went for a swim in Lake Michigan, after which the members returned to the Nykerk home for a brief business meeting at which time plans for the union officers' retreat at Waldenwoods, Sept. 11 and 12, were discussed. An enjoyable time was spent. Arrangements for the party were in charge of Peter Bol, president of the union, and Miss Nykerk, vice-president and recreation chairman.

A pretty wedding took place Friday evening at the home of Mr. and Mrs. Henry Essenburg, located on rural route No. 3, when their daughter, Miss Florence Essenburg and Robert Douma of Grand Rapids, son of Mr. and Mrs. John Douma of Wayland, were united in marriage. The Rev. Mr. Potts, a relative of the groom, performed the service at 7:30 o'clock, using the double ring ceremony, in the presence of 60 relatives and friends. Miss Faye Van Langevelde, a cousin of the bride, played the Lohengrin wedding march as the bride entered the room, which was attractively decorated in white, pink and blue with baskets of gladioli. Mrs. Jack Essenburg, sister-in-law of the bride, sang "O Promise Me," and following the ceremony Mr. and Mrs. Jack Essenburg sang "I Love You Truly." The bride was attired in a gown of white satin and lace, princess style, and wore a headpiece of orange blossoms and white satin. She carried a bouquet of white roses, phlox and sweet peas. Attending her as bridesmaid was her cousin, Miss Gertrude Van Langevelde, who wore a floor-length gown of blue net over satin. Her bouquet consisted of sweet peas and pink roses. As junior bridesmaid, Miss Myrtle Essenburg, a sister of the bride, wore pink lace and carried a bouquet similar to that of the bridesmaid. Alfred Douma of Wayland was best man. During the reception a wedding supper was served followed by a program of readings and vocal music. After Aug. 30, Mr. and Mrs. Douma will make their home at 1728 Godfrey ave., Grand Rapids.

Accepted and filed.

Clerk presented application signed by A. Appleby of Galewood, Grand Rapids, Mich., for license to collect junk.

Ald. Prins took the position that since this applicant is not a resident of Holland, that he should be denied the license. There was a division of opinion, however, and Ald. Prins motioned to deny the license was lost. On motion of Ald. Brouwer, 2nd by Bultman, 2nd.

Referred to License Committee.

Clerk presented petition signed by car owners and merchants endorsing the action of the Council in favor of angle parking on River Ave. between 7th and 10th Sts.

Accepted and filed.

Ald. Kleis presented a petition requesting angle parking on 8th St. west of River Ave. This petition was signed by approximately 100 people from Holland and vicinity.

Ald. Kleis recommended that the Council establish angle parking on W. 8th St. as requested in this petition.

City Attorney Parsons informed the Council that the Street Committee had prepared a resolution that it was to present later in the evening relative to the establishing of angle parking on River Ave.

It was the recommendation of the City Attorney that this petition for angle parking on W. 8th St. be referred to the Street Committee, and if it saw fit to grant the petition, the proper resolutions could be presented later.

Recommendation of City Attorney

adopted and petition referred to the Street Committee.

Reports of Standing Committees

Claims and Accounts Committee reported having examined claims in the amount of \$6,769.99.

Allowed.

Claims and Accounts Committee further reported having received a bill from the City Assessor's office in the amount of \$44.00 for each of the two girls working in this office.

Committee reported that it had not seen fit to approve these claims since it was out of the ordinary, and they assumed that the City Assessor had intended this for additional pay for these two girls in lieu of a vacation.

It was moved by Ald. Prins, 2nd by Kleis,

However, a substitute motion by Ald. Brouwer, 2nd by Bultman, whereby they would refer this to the Committee on Ways and Means, was adopted.

Street Committee presented a resolution to disregard and treat as a nullity the action taken by the Common Council at its special meeting held on Aug. 10, 1937, in so far as the same relates to vehicle parking in the City of Holland.

Chairman stated that this resolution was being presented due to the fact that there had been an irregularity in the calling of this special meeting, and also because of the fact that the same number of members were not present at the special meeting as had been present at the regular meeting.

On motion of Ald. Huyser, 2nd by Bultman,

Resolution adopted.

Street Committee presented another resolution to reconsider its action taken at the regular meeting held on Aug. 4, 1937, whereby it had approved the recommendation of the Police Board relative to angle parking on the west side of

River Ave. between 7th and 10th Sts.

Adopted, all voting Aye.

Street Committee presented another resolution directing the Police Board and the Police Department to establish angle parking on the west side of River Ave. between 7th and 10th Sts., the angle to be substantially the same as now being used on 8th St. The resolution further provides that in case the Police Department does not follow out these directions within a period of 48 hours, that the Street Committee be empowered to go ahead and mark off said River Ave. for angle parking.

On motion of Ald. Huyser, 2nd by Bultman,

Adopted, all voting Aye.

Before the final resolution, directing the Police Board to mark off angle parking, was passed, there was considerable discussion on the part of some of the Aldermen relative to this resolution.

Ald. Brouwer suggested a time limit of 72 hours. Mayor Geerlings asked the Council to appoint a committee to meet with the Police Board to iron out these difficulties rather than pass a resolution directing them to mark off this angle parking. It was the contention of the Mayor that the Police Board had acted in good faith in establishing parallel parking on River Ave., but due to the difference of opinion between the Police Board and the Council, and also due to the fact that some questions had been brought up relative to who had the authority to control the parking situation, the matter has been more or less in a state of confusion. City Attorney Parsons, however, contended that he had given the Police Board a definite ruling as to who has jurisdiction over the streets, and it was his opinion that the Police Board should have gone ahead and followed out the wishes of the Council regardless of whether it felt this was the proper style of parking or not.

Ald. Prins, Brouwer and Kleis were very emphatic in their desire to direct the Police Board to mark off angle parking rather than to have a committee appointed to consult with the Board in the matter.

Ald. Brouwer called the Council's attention to certain sections of the City Charter which definitely set forth the fact that the Council is the governing body over the streets in the City of Holland.

Mayor Geerlings countered with the statement that he did not feel as though the Council should be dictatorial but should endeavor to have the matter straightened out in a peaceful manner.

After considerable discussion, The motion as presented by the Street Committee was adopted unanimously.

Committee on Public Building and Property presented a communication from the Electrical Inspector, Mr. H. J. Looman, relative to the wiring in the City Hall. The communication states that when the new fixtures were installed in the Library rooms, it was found that the wires leading to the panels were not of sufficient size to carry the load, and recommended that the matter be referred to Mr. Nauta, superintendent of the Board of Public Works, in order to determine the changes that would be necessary as to having this wiring up to State requirements.

Referred to the Public Building Committee together with the Ways and Means Committee.

Sidewalk Committee reported recommending that sidewalks be ordered constructed on the south side of 25th St. between Central Ave. and Lawndale Court.

Adopted.

Ald. Kalkman reported that the sidewalk on Central Ave. just north of 7th St. was being damaged by the Greyhound buses due to the fact that they are backing their heavy buses over this sidewalk. It was the contention of Ald. Kalkman that the Greyhound Lines should be required to repair this damaged walk.

Referred to the City Attorney.

Reports of Select Committees

City Atty. Parsons, to whom had been referred a recent petition complaining about the smoke nuisance in the vicinity of the Gas plant and the Slight Furniture Co., reported having obtained the agreement of these two plants and had received very splendid cooperation. City Attorney reported that the Gas Co. immediately installed steam jets over the fires. He further reported that by doing this, they had practically eliminated the smoke nuisance from the Gas plant. It was further reported that Mr. Berg, manager of the local plant, had contacted practically all of the people who had entered a complaint and the people are now very pleased with the result.

Mr. Parsons further reported that the Slight Co. was about to install a new boiler and they are contemplating making this change over the Labor Day holiday, and by installing this new boiler, expect to eliminate the smoke nuisance from their plant.

City Attorney and Mr. Berg of the Gas Co. and Slight Co. were extended a vote of thanks for their prompt and energetic action in overcoming this very troublesome matter.

Communications from Boards and City Officers

The claims approved by the Hospital Board in the sum of \$1,162.90; Library Board, \$245.64; Park and Cemetery Board, \$1,574.03; Police and Fire Board, \$2,855.25; Board of Public Works, \$21,970.73, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)

Allowed.

Board of Public Works reported the collection of \$22,897.00; City Treasurer, \$3,823.05 for miscellaneous items, and \$131,175.90 for summer tax collections.

Accepted.

Clerk reported Bonds and Interest coupons due in the amount of \$7,785.00.

Ordered paid.

Clerk presented communication from the Board of Public Works relative to the purchase of 6,000 pounds of wire from the Clifton Engineering Co. at a price of \$1,182.05, subject to the approval of the Council.

Approved.

Clerk presented communication

from the Board of Appeals stating that it has no objection to the erection of a gasoline filling station by C. Vander Heuvel on the northwest corner of River Ave. and 2nd St. Fire Chief Blom also approves of this application.

Granted.

Clerk reported that pursuant to instructions from the Common Council, he had referred to the Police Board the complaint registered at the last meeting relative to the dangerous intersection at Columbia Ave. and 16th St., and also the suggestion from the Council that it might be advisable to install flasher signals at this and other dangerous intersections in order to overcome these traffic hazards.

Clerk reported that these matters had been referred back to the Common Council by the Police Board.

Clerk further reported that he had referred to the Police Board the action taken by the Council at its regular meeting on Aug. 4, 1937, at which time they had approved the recommendation of the Police Board relative to the style of parking on River Ave.

Clerk further reported having presented to the Police Board the action taken by the Common Council at its special meeting held on Aug. 10, 1937, at which time it reconsidered its previous action and ordered angle parking on the west side of River Ave. between 7th and 10th Sts.

Clerk reported that both of these communications had been accepted and filed by the Police Board.

Clerk presented communication from the Police Board relative to a request from Lee & Cady for an unloading space in front of their place of business at 208 Central Ave. This request had been granted by the Police Board subject to the approval of the Council.

Approved.

Clerk reported that pursuant to instructions, he had given notice of the proposed sale of the former Klein property at 270 Lincoln Ave., and of the time and place where bids will be received. Clerk further presented affidavit of publication of such notice. The following bids were then publicly opened and read:

Bert Sloot	\$850.00
John Franzburg	732.00
W. P. Sharp	727.00
Russell A. Klaasen	711.00
Fred Boone	707.50
Cor. Grevenoged	700.50

(Dick Oosting offered to exchange 7 lots in Block 2, City of Holland, for this property at 270 Lincoln Ave.)

On motion of Ald. Steffens, 2nd by Brouwer,

Property sold to Bert Sloot, the highest bidder, as per his bid price of \$850.00.

Motions and Resolutions

Ald. Prins again brought up the matter relative to the action taken by the Police Board in referring back to the Common Council the matter of establishing some control over traffic at the intersection of Columbia Ave. and 16th St. It was Mr. Prins' contention that the Council should take some definite action on the complaint that had been registered. He stated that either stop signs should be erected or flashers installed.

Referred to the Street Commissioner with power to act.

Mayor Geerlings suggested that it might be advisable in the near future to establish another "thru street" in the city running north and south, which might possibly be Clegg Ave.

Referred to the Street Committee for consideration.

Adjourned.

OSCAR PETERSON,

HKT City Clerk.

THE SUNDAY SCHOOL

August 29, 1937

God Condemns Intemperance—Leviticus 10:1-2; 8:11; Proverbs 31:4; 5; Isaiah 28:1-8; Romans 14:21.

Henry Geerlings

This being World's Temperance Sunday we are again face to face with some old truths that call loudly for emphasis. We learn by repetition. It matters not how often we have heard a truth, it is deepened within us on each new hearing of it. There are some things that we cannot know too well. There are some principles that are continually unfolding their value to us. We must not be allowed to forget them. So we meet up with the old truth of freedom today. It is as old as man is old. We talk and write about new problems in our civilization and there are new ones. There are bound to be. Our civilization is becoming more complex, making our adjustment to it constantly more difficult. In a sense it was more easy to live fifty years ago than it is today. But the problem of personal freedom or liberty is not new. Paul faced it in his day and he had a good and wise solution for it. But we are facing it in our day and it seems to us at times as if it had never been solved. There seems to be as much confusion in people's thinking about it as ever. Thousands upon thousands of people do not seem to know what freedom means. They do not know what it means politically, morally or socially. They are sure that freedom means absence of restraint and means absence of law. They are fully persuaded that any kind of "thou shalt not" is an intrusion into their lives. They are convinced that no outside influence or condition shall be allowed to interfere with what they want to do. The dearest right a man has is the right of freedom. He must be allowed to live his own life in his own way. He is held responsible for the living of that life and for any shall society or government or religion step in and attempt to tell him how he shall live and what he shall do with his life. And so on the arguments run in these days.

Now while there is some truth in all this, yet there is a lot of error. Man does have a right to his own life, but there are rights in connection with his rights that he must respect. There is no such

thing as living absolutely unto himself. He lives with other people and by other people and for other people, therefore he cannot be an absolutely free man. His freedom is only relative. It is freedom hedged about. It is freedom within law. There are times when he must not because such a course of action would hurt some other person. There are times when he should not because he will make himself less able to live his life in its fullness. To do absolutely as one pleases is to live lower than the animal. It is to live without ideals and without careful thought and without common sense and without consideration of thousands of suggestions for human welfare.

Well, the government constantly has its watchful eye on the people who insist that they must live their own lives and live them as they shall decide. Religion regards as tragic a course of life that comes out of the philosophy that freedom means to do as one pleases. So called society is forever endeavoring to restrain men and women into true freedom. It constantly repeats those immortal words of Luther—"A Christian man is the most free lord of all, and subject to none; a Christian man is the most dutiful servant of all, and subject to all." Here you have the Christian man as having every right to himself and to his own life. He is free as the morning, unrestricted as the meadow flower, but being a Christian man he is bound to regulate and live his life for the good of all. He owns his own soul, but he owns it for service. It is his to give it away. It is his to make it the very best soul he can make it for the purpose of helping to make the very best world that can be made. Free? Yes, but bound by every consideration of loving service. Free? Yes, but under obligations to grow a great self in freedom to express that same great self for the good of his fellows. Any selfishness he does to himself in a hurtful way is destructive of freedom. No man is free to do wrong to himself. No man so much owns himself as that he is ever justified in hurting himself by his own self-indulgences. No man has a right to use his freedom to make it an opening for the flesh. Society is no stronger than he is strong. His ruinous self-indulgences just hold society back from its realization of its ideals. He must live his own life, but as a member of society may, while living his own life, be living the lives of many others. His influence may be giving a set to their lives.

CHAIN STORE TAXES ARE

LESS POPULAR IN 1937

That protests from consumer and farm groups are putting the brakes on legislation which forces chain stores to raise their prices to consumers, is shown in a survey of bills proposed and laws enacted by state legislatures in their recent sessions. Altogether 98 anti-chain store tax bills, intended to cripple chain stores, were introduced in the legislatures of 32 states during their 1937 sessions. But only five of these once popular measures became laws, the other 93 being killed or failing to pass.

Wisconsin and Maine led in the trend away from special burdensome taxes on chains. Maine repealed its anti-chain store tax, enacted three years ago, and turned a cold shoulder on three bills to increase the levy. Repeal of the tax was brought about almost entirely by farmers and farm associations, who objected to the tax on the grounds that the chain stores are their best markets and that any laws which injure markets injure the farmer's income.

Likewise in Wisconsin. Due largely to farm opinion, Wisconsin allowed its tax of \$250 on each store over 25 in a chain to expire, and failed to pass three other proposals to continue this type of taxation.

Further indication of the growing unpopularity of anti-chain store legislation is seen in the failure of the United States Senate to enact a bill taxing the larger chains \$550 a store in the District of Columbia.

The turning of the tide against taxes intended to penalize the chain stores started in California. There a huge tax on chain stores was submitted to the people to vote upon during the last national election. To the surprise of the politicians favoring the tax, it was voted down by their constituents in 57 out of 68 counties. Since then, lawmakers have stopped to wonder if special taxes on the stores which sell at low prices might not be boomerangs after all. For the public is coming to realize that special taxes on food chains mean higher prices and farmers are already on record to the effect that they mean smaller markets and fewer sales.

FINE ELM TREE AT GRAND HAVEN IS CUT DOWN UNDER PROTEST

A beautiful elm tree at the corner of Third and Washington streets, Grand Haven, opposite the post office, is being sacrificed in the name of progress. This is the last tree in the business section on Washington street and it has stood for three-quarters of a century.

Construction of new sidewalks around the federal building is the reason for cutting down this fine tree and already the old walk has been torn up on Third street to make way for a new one. The improvement will extend around to the Washington street frontage. A new walk is also being laid in front of the city library building next door.

Effort was made a few days ago by some citizens to see if it would be possible to stay the woodman's ax on the old elm tree, but federal orders had gone to such a length that there was no chance of saving it.

Holland had a similar case at 11th and River but our city aldermen were not so officious, they saved the tree.

BURNED DORNBOS PLANT IS BEING REBUILT

Remodeling of the Dornbos smoke fish plant at Grand Haven is under way to repair the damage done by the severe recent fire which started in one of the smoke ovens and rapidly spread to the cold storage section and packing rooms. A permit was taken out this morning at the city hall for \$7,500 to make the necessary repairs and improvements which as a rule follow a fire of any extent.

The plant has been handicapped since the fire on July 12. The fire was the second serious one suffered by the company, the first one in 1920, when the plant was practically destroyed.

Three of the 12 ovens and some of the cold storage units were saved which have assisted the company to keep up its production.

HUNTING CEASES AT TWO O'CLOCK

When the fallow season opens this fall hunting will stop on Houghton Lake, Roscommon county, Mich., at 2 p. m. every day. This is being ordered so that the birds may come in early to feed and rest. A large number of home-bred ducks have been reported at this point and hunters anticipate good shooting during the opening days.

PLATE GLASS WINDOW IS BROKEN AT FENNVILLE

In some unaccountable manner the large plate glass window in the front of Foster Brothers grocery at Fennville was broken a few days ago. It was discovered Sunday morning to have a hole in it of considerable size, but too high up to have been of any use to anyone wishing to reach articles on display in the window. Undoubtedly a passing motor car flipped a stone from the pavement—that often occurs.

JACKIE BALE SERIOUSLY BURNED AT BEACH PARTY

Jackie Bale, 5-year-old son of Mr. and Mrs. Ned Bale, Fennville, was quite seriously burned at a picnic they were having at Lake Michigan near Streamland. A grate over a beach fire shifted and a pot of boiling water was spilled over the little fellow's legs, inflicting painful, first degree burns. He was rushed to a doctor's office at Ganges where first aid was applied. He is gaining, but is still unable to walk.

In regard to the item of the New Groningen School reunion, a big mistake has been made. You had it published 80 were present, and there were 800 present, quite a difference.

THE PRESIDENT,

Mrs. Hein Derk Zeeland.

We stand corrected. Something must have happened to the extra (0)—800 and not 80 is the correct number present.

OTTAWA COUNTY 4-H MEMBERS TAKE DEEP INTEREST IN WORK

Ottawa County 4-H members spent a busy week starting August 16 in preparation for judging and demonstration contests scheduled at Michigan State college. Each year the club department at the college schedules contests in which winning teams are selected to go to the Detroit fair where further competition takes place. Finally state teams are selected at Detroit which compete for state honors against other states at Chicago in December.

Eight members were sent to do crops judging, five in dairy, four in poultry, four in canning and four in clothing. A demonstration team composed of Don Henry and Jerry Hackett, Marne, made the trip to put on a forestry demonstration. These two boys were selected to go to Detroit.

Three boys among the crops members will also go to Detroit. They are Evendale Andrews and Ferris Hambleton of Coopersville and Lawrence Wisneski of Tallmadge township. No results of other contests have been received as yet by L. R. Arnold, agricultural agent. Some of the contests do not close until August 24, so results will not be available until some time after that date.

Club members did considerable work in preparing for these contests. Several practice sessions were held.

Another club event was a trip made by forestry members of the Coopersville club to the Manistee National Forest where the boys observed many interesting things.

Ottawa county has been quite strong in crops judging in past years. The Frank Hambleton club has sent many boys to Detroit. Many have won honors, winning the Chicago trip. Mr. Hambleton, an able crops judge, has given a large group of members judging practice during the summer.

L. R. Arnold, agricultural agent, has high hopes that this instruction will result in some of the crops members going to Chicago in December. Other projects such as dairy and poultry have not been stressed as much in the county. However, in 1937, some able members were sent to Lansing to represent the county.

Another event being looked forward to by county club members is a trip to Michigan State college to witness the opening football game. The athletic department has granted free entrance to such members. Over 300 will make the trip September 25.

REPORT MADE TO OFFICERS OF DAMAGE TO FISH NETS

Complaint has been made to Sheriff Van Etta by some of the pound net fishermen at Grand Haven that the nets and buoys are being damaged by speed boats and caused considerable loss. One fisherman reports that a buoy was taken and the nets damaged. Last year this same fisherman narrowly missed losing \$250 worth of nets as the pound nets were damaged.

Fishermen are seen fishing with hooks and lines near the pound nets, located along shore, but this is of little moment to the fisherman if the amateurs understand the placing of the nets, said one local man.

HONOR PROSPECTIVE BRIDE

(Grand Haven Tribune)

Miss Jeannette Brookema of Holland, daughter of Mrs. Anna Brookema of Grand Haven, who is to be married to J. Harris Stegler of Holland on Sept. 9, was the guest of honor at a picnic held at Tunnel park. There were about 20 in the group, including friends of Miss Brookema's from Holland, and her brothers and sisters. The prospective bride was presented with gifts to be used in her future home.

ALLEGAN TREASURER'S OFFICE WILL BE OPEN NOONS

In order that taxes may be paid between now and September 1 to avoid delinquent penalties, Allegan County Treasurer John Stockdale announced today that his office will remain open through the noon hour on Saturday afternoon.

The office is being kept open to make it easier for those desiring to pay taxes and it is expected that the additional hours will make it possible for hundreds of people to visit the treasurer's office without taking time off from their work.

11,538 Children in Allegan County

A census of children in Allegan county, which also includes all of those children in the cities of the county, shows that there are 11,538, according to a report of the county school commissioner's office. This number, compared with the 1936 census, shows a decrease of 303, the 1936 census showing a total of 11,841. Of this amount there are around four thousand children in the cities of the county, the total rural census being 7,778 for the year 1937. The total rural school census in 1936 was 8,092.

CHILDREN'S DAY AT FAIR

Children will have a busy time at the Allegan Fair, Sept. 21-22. From the opening day, which is Children's day, to the closing day, which will be Scouts' day, they will always find something to interest them.

Sept. 21 all school children and 4-H club members in the county and adjacent counties will be admitted free. No entry fees are charged for either school children or 4-H club children exhibits.

Tickets are now being sold at a reduced rate, four admissions for a dollar, and are obtainable at various places throughout the county, as advertised elsewhere in this paper.

MOUW-DEN HOUTEN RITES—FIRE AUDITORIUM WEDDING IN HISTORY OF HUDSONVILLE REFORMED CHURCH

The first church wedding in the history of the Hudsonville Reformed church took place Thursday evening at 8 o'clock when Miss Leona Den Houten, daughter of Mr. and Mrs. James Sawyer of Hudsonville, became the bride of Mr. Harold John Mouw, son of Mr. and Mrs. Richard Mouw of Lincoln avenue, Holland.

Vows were spoken before an array of palms and gladioli, with candles tapering in the background. The Rev. J. Heemstra officiated at the single ring ceremony.

Preceding the ceremony Monte Emmons, violinist, and Gerard Hanchett, pianist, accompanied John Vander Wal as he sang "Be-cause," and during the ceremony, "I Love You Truly." The two instrumentalists played the Lohengrin wedding march as the bridal party assembled.

The bride was indeed charming in her gown of white lace, fashioned with a tulle veil and pearl-studded crown. She carried a bridal bouquet of white roses.

Bridesmaids were Misses Sarah Dykstra of Hudsonville, and Elsa Honderd of Grandville. The former was groomed in aqua marine calanese marquisette, and the latter in peach marquisette. They carried pink and yellow rose bouquets, respectively.

Mr. Dick Mouw of Milwaukee attended his brother as best man. The Messrs. Arthur Hoffman and Garrett Vande Riet served as ushers.

The auditorium was filled to capacity, and following the ceremony a reception was held in the church parlor for the 200 guests. The toastmaster being absent, the "room rose nobly to the occasion and in a very fitting way introduced the program which was presented during the luncheon. Real witicism was displayed in his remarks to the many parties thrust at the honored couple.

The entertainment included splendid selections by Messrs. Emmons and Hanchett, an enjoyable talk by Mr. Harry Booy, a classmate of the groom; a humorous reading by Mrs. Jacob Kiel of Hudsonville; a comical skit entitled "The Question," rendered by Dick Mouw and Sarah Dykstra, and vocal selections by the Gospel Trio of Hamilton, which comprised the Messrs. Arthur Hoffman, Lawrence Lohman, and Garrett Vande Riet.

Later in the evening Mr. and Mrs. Mouw left for a week's wedding trip in the East, after which they will be at home south of Hudsonville. For the trip the bride chose a grey suit with blue accessories.

Mrs. Mouw is a graduate of the high school at Hudsonville, while Mr. Mouw holds for his alma maters "the Holland Christian High school, Ferris Institute at Big Rapids, and Western State Teachers college at Kalamazoo. For four years he has been engaged in teaching in Ottawa county schools—two years at the Jericho school, Coopersville, and for the past two years at the Indian Creek school southwest of Hudsonville, with which he is also at present connected.

SUNDAY DINNER Suggestions

ARE tomatoes being used in your household as freely as their fine quality and low price would suggest? Fresh tomatoes eaten sliced, in salads or cooked in a variety of delicious ways, are popular in most households. Corn and lima beans are also at their cheapest but they must be carefully chosen for quality.

Bartlett pears, seedless grapes and apples are unusually plentiful and cheap. Other good fruit values will be found in plums, peaches, and honey-dew melons.

Best prices are still tending higher, real is steady, pork prices are somewhat lower and lamb offers best value. Poultry, eggs and butter prices are up but eggs and butter are still lower than last year.

The following menus are chosen from reasonable reasonably priced foods.

FENNVILLE HOME IS DAMAGED; TELEPHONES ALSO GO OUT

During the heavy electrical storm recently at Fennville the home of James Smeed was struck by lightning. Loss was confined to destroying the radio, the telephone was put out of commission and a board in the roof of the porch was ripped open. Several other telephones in the Fennville district were put out of order and the town was in darkness for some time.

BOARD CONCEDES AUTHORITY ON RIVER, RESUE ISSUE TO COUNCIL

At a meeting of the Board of Police and Fire Commissioners last Thursday night, the board agreed to take immediate steps to bring about the marking off of the west side of River Ave. between 7th and 10th Sts. for angle parking of motor vehicles. At the regular council meeting Wednesday night, the aldermen, in objecting to the action of the police and fire board in refusing to adopt angle parking in which the police department was given 48 hours in which to mark off the street after which, if no action had been taken, the street committee of council had full authority to carry out such work.

Copies of the resolution were presented to Police Chief Frank Van Ry and Cornelius Huizenga, chairman of the police and fire board, Thursday, by City Clerk Oscar Peterson. The action of the board and fire commissioners in agreeing to abide by the wishes of the common council indicated early settlement of the controversy which has been existing between the two governing bodies off and on for the past three months. Chairman Huizenga stated that the police and fire board had acted in the matter on the impression that such matter of regulating traffic and providing for the parking of motor vehicles fell under the board's jurisdiction. After reviewing the provisions of the charter, he said, we stand corrected in the matter and we feel just in correcting our mistake since the council took steps to correct its mistake by declaring its recent special meeting illegal. The marking of River avenue has already been completed.

ALLEGAN COUNTY NEWS

Forty years ago the village of Fennville sidewalks were being repaired. "New planks are being put in where necessary," by Marshal Duell," according to an old file copy.

Mrs. Jennie Fouch was hostess to a group of 12 ladies from Fennville at Hotel Butler in Saugatuck last Thursday with bridge following, at her cottage near Pier Cove. The occasion was in honor of Mrs. Charles Gill of Kalamazoo, who, with her husband, was a guest of Mrs. Fouch all of last week. Miss Virginia Fouch returned last Thursday to her work as secretary to the superintendent of the Kalamazoo schools, which position she has held for several years. Next year, however, she will teach commercial subjects in the high school there. Miss Fouch is a graduate of Western State Teachers college and also of the University of Chicago.

The canning factory at Fennville has started the packing of string beans, the cherry run being completed. The cherry crop locally was curtailed through loss of fruit resulting from a recent storm. The rain of Wednesday night was of great benefit to the bean production and was welcomed by growers.

William Taylor, 25, of Detroit, returned to Allegan from Kalamazoo last Thursday. He pleaded guilty to charges of larceny on his arraignment before Justice Volney Ferris. He was sentenced to serve 60 days in the county jail and pay fine and costs of \$21.75 with 30 additional days if payment is not made.

The Columbine Garden club will hold its 10th annual flower show this week Saturday, Aug. 28. The following ladies comprise the committee: Mesdames R. J. Walker, August Pfaff, Harry Dooze, Morgan Edgcomb and L. E. Velts.

Fire started in the basement at the C. E. Weed farm home near Ganges, but upon the quick response of neighbors and the Saugatuck fire department the blaze was extinguished before any great damage was done.
