PICKETT BEGINS LONG SENTENCE IN STATE PRISON

Youth Who Shot Detective
of G.R. Asserts He Was
Treated Fairly

Wants to Learn Trade in
Confinement; Parents
Visit Him

Allegan, Aug. 28 (Special) — Alton W. Pickett, Jr., 15, of Grand Rapids, was taken to the Southern Michigan prison on Wednesday by Sheriff Louis Johnson to begin serving a sentence for shooting and blinding for life a Grand Rapids police detective, Burton R. Irwin, on US-31, two and one-half miles south of Holland, last July 31.

Taken into Allegan circuit court Tuesday afternoon, Pickett was sentenced by Judge Fred T. Miles of Holland to serve from seven and one-half to 10 years with a recommendation that he be required to serve the full 10 years, the maximum sentence under the state law. The law requires the court to fix an undeterminate sentence by fixing a minimum as well as a maximum sentence.

Judge Miles also recommended that Pickett be transferred to Ionia reformatory where he would be given opportunity to learn a trade. Arraigned Aug. 15, Pickett had pleaded guilty to a charge of assault with intent to do great bodily harm.

The youth told the court Tuesday he intended only to wound the officer in order that he might escape. In his confession, Pickett said he lost his nerve after wounding the officer who was returning him from Kentland, Ind., to Grand Rapids to face criminal charges.

Throughout the proceedings Tuesday afternoon, Pickett's composure was not broken, even after he had been returned to his cell in the county jail. He stated, immediately after being sentenced and repeated it again during an interview Tuesday night in his cell, that he had "received fair treatment" from the court and that he was not surprised by the sentence.

When he was asked if he had any word of advice to boys who might find themselves facing a similar situation, his only remark was that they "should stay away from guns."

His only show of emotion came when he was asked how he would feel if his 11-year-old brother were in the same "jam."

"No, I wouldn't want to see him or anybody else in any such jam," he said.

Sheriff Johnson asked Pickett if his parents had inquired about the condition of the detective and the youth replied in the negative. The sheriff suggested to Pickett that one of the first things he should do when he is settled in the prison would be to write a letter to the detective, who has been left permanently blind as a result of the gunshot wound in the head.

Sheriff Johnson told Pickett that the letter would not compensate for the loss of his eyesight but that it is the least "you can do" to show concern over the detective's condition.

"I was thinking of doing something like that," Pickett replied.

The youth expressed a desire to learn some trade while he is serving the sentence and said he is interested in aviation. When he was asked if reading detective stories and seeing "wild west" movies had anything to do with his criminal actions, Pickett replied that he was not interested in these.

"The only movies I care about are comedies," Pickett said.

Asked what he was thinking of when he robbed the filling station and then stole the car in Grand Rapids, Pickett replied, "I don't know. I guess I just wanted a little excitement."

He seemed grateful to have someone to talk to Tuesday night after being sentenced. Sheriff Johnson said the prisoner had made no trouble and the first thing he asked for upon his return to cell from the court room was a copy of a newspaper which contained an editorial about the case.

The mother and father were in the court room when Pickett was sentenced by Judge Miles. The two visited their son in jail after the sentencing but as they are estranged the mother would not visit her son in his cell while the father was there.

Laurel Fales, 23, of Plainwell, also was taken to the state prison by the sheriff. He was sentenced Tuesday afternoon to serve from seven months to five years for violation of his probation.

Fales was placed on probation in April, 1939, for driving away an automobile. He was to have been married last Saturday. His bride-to-be called on him at the county jail Tuesday night to bid him goodbye.

Henry Elferink of 338 Central Ave. who has been confined in Butterworth hospital in Grand Rapids for treatment is improving.

DAMAGE SUIT FILED IN OTTAWA COUNTY

Grand Haven, Aug. 28. (Special) — Suit seeking damages of \$2,000 as the result of an automobile accident last March 12 was filed in circuit court Saturday by Edward Caball of Zeeland against Fred Zagers and Robert L. Zagers, both of Jamestown township.

The accident occurred at 5:45 p.m. approximately a mile east of Hudsonville, when plaintiff's car allegedly struck one driven by Robert L. Zagers and owned by his father, Fred Zagers. Plaintiff alleges that Robert Zagers drove from behind another automobile into the path of plaintiff's automobile. Plaintiff also alleges he suffered severe and permanent internal and external injuries.

CARGO IS LOST IN TRUCK FIRE

Transport Is Ruined When
Blaze Breaks Out West
of Zeeland

A large transport truck of the Vyn Co., was ruined and its full cargo of miscellaneous freight was destroyed in a fire which broke out about 11:30 p.m. Tuesday while the truck was being driven on M-21, just west of Zeeland.

Driver of the truck was A. Mulder, 125 East 18th St. Cause of the fire was known. Mr. Mulder reported to B. J. Rosendahl, local manager of the Vyn Co., that the fire apparently started under the floor boards.

The Zeeland fire department was summoned to bring the fire under control. Estimate of the damage to the cargo and truck could not be given by Mr. Rosendahl, although he reported the entire cargo had been destroyed.

The truck was making its night run from Grand Rapids to Holland when the fire broke out.

Ben Speel, chairman of the Holland and Zeeland Milk Dealers' association, said the dairymen had taken no action yet on the demands of the producers for the increase.

He indicated that if the dairymen refused to meet the new price they would not be particularly handicapped by the Monday deadline as they could obtain milk from sources outside the producers' group.

He said the "net price for 3.8 milk per hundredweight on the farm" is lower in the Grand Rapids, Grand Haven and Muskegon areas than the new prices asked by the local producers on a similar basis.

If the dairymen accept the new scale, he estimated, the retail price of milk likely would be in the neighborhood of 12 cents a quart. The present rate is 10 cents a quart.

He pointed out that operating costs of dairymen also have risen and that a 1 cent a quart increase—generally matching the producers new scale—would not keep the dairymen in the clear as local dairies add cream in selling 4 per cent milk.

The Holland Chamber of Commerce has announced that the annual primary election for the nominating of candidates for subsequent election to the board of directors will be held Tuesday, Sept. 9, with the final election to be held Tuesday, Sept. 16.

Under the by-laws, the board appoints a committee outside of the board to have charge of the primary and final elections which are conducted by mail. It is the duty of this committee to inspect and confirm the correctness of the membership list, who are entitled to vote and to whom ballots shall be sent. The committee will open and tabulate the ballots at both the primary and final elections.

STEPHAN TO ATTEND CONVENTION IN G.H.

E. P. Stephan, secretary-manager of the Holland Chamber of Commerce, is planning to attend the annual convention of the Michigan Association of Commercial Secretaries, composed of secretaries of chambers of commerce, which will be held in Grand Haven Friday and Saturday, Sept. 12 and 13.

Between 60 and 80 delegates are expected to attend the two-day convention. Lieut. Col. Harold A. Furlong of Lansing, state medical director of the selective service system and administrator for the Michigan council of defense, will be the principal speaker.

Col. Furlong, a Pontiac physician, won the congressional medal of honor on Nov. 1, 1918, while a lieutenant in the 333rd infantry, 89th division. He was responsible for putting out of action four machine gun nests, killing of a number of the enemy by rifle fire and taking 20 prisoners.

Gov. Van Wagener is chairman of the defense council. Don Weeks of Traverse City, president of the Michigan Commercial Secretaries association, is one of the members.

EXPECT BIG CALL IN OCTOBER, NOVEMBER

Advised by state headquarters that the tentative October draft call will be for 6,066 selectees, the local selective service board has been warned that it should build up a large Class 1-A reserve to meet the full draft call.

Tentative quotas for each individual board will be announced at an early date. State headquarters also advised the local board that the November call, as nearly as can be determined at this time, will be about the same as the October quota.

Edward H. Helder, route 5, Holland, president of the Holland Milk Producers, Inc., reported today that at a meeting Tuesday night in Maplewood school it was decided to ask \$2.35 per hundred weight for milk, testing 3.8 per cent butterfat, with a four-cent sliding scale.

Mr. Helder said notices containing the new prices and the sliding scale were sent to milk dealers today. If the new rates are not paid, the milk will be withheld Monday, he stated.

Under the sliding scale, if a farmer's milk tests 3.9 per cent butterfat, then he will be entitled to receive an additional four cents but if it tests only 3.7 per cent butterfat, he would receive four cents less, Mr. Helder explained.

The prevailing prices range from \$1.88 to \$2.20 per hundred weight. The price which the milk producers are asking is the same as is being paid by the Mead Johnson & Co. of Zeeland, Mr. Helder said. This point was contested by the dairymen.

The new price was the unanimous decision by five members of the milk producing board and other representatives. Mr. Helder said. There were about 12 representatives at the meeting.

Ben Speel, chairman of the Holland and Zeeland Milk Dealers' association, said the dairymen had taken no action yet on the demands of the producers for the increase.

He indicated that if the dairymen refused to meet the new price they would not be particularly handicapped by the Monday deadline as they could obtain milk from sources outside the producers' group.

THREE ARE INJURED AS CAR HITS TREES

Three young residents of Zeeland suffered minor injuries Saturday about 9:30 p.m. when the automobile in which they were riding sideswiped two trees and then collided with a third tree on the road, leading to the west entrance of Waukazoo, one-fourth mile south of the Ottawa Beach road.

The two girls were released from Holland hospital after receiving treatment, but Meyer was not released until Sunday night.

Meyer was driving south on the road and, a deputy sheriff reported, he failed to negotiate the curve because of the excessive speed of the car, causing it to strike the trees on the right side of the road.

Precision Parts Picnic Held at Tunnel Park

Ideal weather, a fine sense of cooperation and the proper picnic spirit united to make the outing of the Holland Precision Parts division Saturday at Tunnel park one of the most enjoyable and orderly picnics of the season.

Fully 800 were present for all or part of the day's activities including employees and their families and employees of the Clawson and Bals Inc. which is housed in the Precision building.

An extensive sports program was carried out and all prizes were cash with the exception of gifts for the children under six years old, and five chicken contests in which 50 chickens were released. Two ball games were held in the morning, one between employees of the foundry and machine shop and the other between the regular Precision team and the All Stars of Holland. In the latter game the Precision team was the victor.

B. H. Van Voorst, general picnic chairman, was at the microphone of the amplifying system most of the day directing the sports and making announcements. During the dinner hour from 12 to 1:15 p.m. a variety program was put on by factory talent. One number was the selection, "You Are My Sunshine" sung by a quartet of girls including Amanda Oosting, Charlotte Vredevelde, Betty Bareman and Bertha Van Wynen.

The main feature at the evening program was a comedy act by "Bill and Barney" (Willis Hop and Barney Jensen) who complied with funny dialogue and novelty tap dances. This number had been scheduled for the noon program but due to the arrival of a new son in the Hop family in the morning, the act was carried over.

Barney paraded at the picnic grounds all day in his clown get-up. One of the novel contests was identifying Mr. X in which \$250 was awarded to Chester Bell for the first man and to Miss Anne Sas for the first woman making the identification. Harvey Knoll was Mr. X.

Included in the contests were a grab bag for children, balloon breaking contests for women, glove relay and bag breaking contest for factory men, wheelbarrow contest for boys, ball throwing contest for girls, chicken contests, ball game for girls, tug-of-war for men, cigar smoking contest for men over 30, broom throwing contest, bag running contest and clothes pin contest.

One of the most interesting contests was the husband calling contest in which Mrs. Gerrit De Jong and Mrs. Case De Pree tied for the prize. Mr. and Mrs. Preston Shaffer won a contest for married couples.

In a special contest during the supper hour, Nelson Koeman was awarded a waffle iron; Gerald Geerds, electric clock; James Wabeke and Julia Simonson, \$5 each; Bea Schaap, lamp, and Raymond Van Netten, radio. A number of \$1 and smaller awards also were given.

Basket dinners and suppers were served with the company furnishing coffee, lemonade and confectionery. SUNDAY DINNER Suggestions

The approach of fall should inspire the housewife to try her hand at many heartier dishes, almost forgotten during summer. The markets now abound with the "makings" of these dishes, from vegetables to fruits.

Excellent priced in the vegetable stalls, and ready for combining in many ways are corn, beans, cucumbers, carrots, radishes, scallops and peas. Best fruit buys are still peaches, grapes, cantaloupes and honeyballs.

Meat prices again show fractional advances, but moderate prices on ribs, chuck roasts, loins and legs of lamb, tongues and bacon offer infinite choices for the budget-minded. In the poultry stalls, fowl, broilers and fryers are listed as best buys.

Still in the budget-classification are crockers, butterfish and sea bass, haddock, flounders and mackerel. Like many meats, these can be made into hearty dishes that the first tang of fall demands.

To assist the homemaker plan her Sunday dinner, Marion Rouse Budd, director of the Kitchen, has prepared the following menus for three different budgets:

Low Cost Dinner

Chopped Meat in Cabbage Leaves
Baked Summer Squash
Sliced Tomatoes
Bread and Butter
Lemon Ice Box Pudding
Tea or Coffee

Moderate Cost Dinner

Swiss Steak
Browned Potatoes
New Peas
Cucumber and Lettuce Salad
with French Dressing
Bread and Butter
Peach Cobbler
Tea or Coffee

Very Special Dinner

Crabmeat Cocktail
Roast Leg of Lamb with Mint Sauce
Parslotted Potatoes
Broiled Tomatoes
Cole Slaw
Hot Fresh Rolls
Coffee Mousse
Tea or Coffee

HULSTS DEFEAT OILS, DYKEMAS SINK LEATHERS

Steffens Are Victors Over Grand Rapids Team in Softball Tilt

Because of the cool weather, only a small group of fans turned out for the three Holland league softball games in Riverview park Tuesday night.

Closest of all three battles was the second in which Hulsts Market passed the Pure Oils, 2-1, all runs scoring the last inning. The Dykema Tailors breezed past the Armour Leathers, 9-4, in the opener and Steffens won out over the Grand Rapids Service Electric, 6-3, in a not-too-interesting finale.

The Dutchmen had the visitors blanked until the last inning when they began butter-fingering fly balls, much to the delight of fans who were craving more excitement. J. Gostra started the seventh-inning rally with a homer for their first run. Then, with two men down, Steffens began missing fly balls and allowed two more runs to score. It looked like the Servicemen might tie it up, but Don De Fouw, Hope athlete, struck out for the last out, leaving two men on base.

Steffens chugged along until the fifth inning when they put up four runs, Buursma's circuit rounder also bringing in Ernie Overbeck and Crozier. Skeeter Bowman also scored in this inning, rounding the sacks on a couple of singles and wild pitches.

S. Bouwman also scored in the previous inning when he walked and came in on a walk. Handweg brought in the first count in the second after a couple of singles. Pres Bos of the winners struck out seven and walked two while E. Erhardt and N. Rickers of the visitors fanned three and walked eight. Bos allowed five runs, and the G. R. pitchers yielded nine.

In the second frame, J. Elenbaas scored the only oil run in the seventh when he singled and came in on a fly. Westerhof after a single and Griep after a double both scored for the victorious Market-leers in the seventh on singles.

Dutch Schurman of the winners fanned two and walked one while Windemuller of the losers fanned three and walked one.

Brown led off with a homer for the first run in the first inning of the Dykema-Armour game and Hulst followed him in the same inning with a double, coming in on a fielder's choice.

Smith scored the third Armour run after a single in the third and Hulst scored their last after a walk in the sixth.

Van Gelderen in the second brought in the first Dykema run. In the third, Kraai and Bos both scored on an error on the right fielder and Westerhof and Jansen both scored on singles to right field.

J. Vryhof with the aid of a couple of singles in the fourth and Dykema with the aid of a couple more in the sixth also counted. Jansen and Van Gelderen chalked up the last two runs in the seventh inning both scoring on another error on the Leather right fielder, Smith.

Jansen of the winners struck out one and walked one while Ray Weener of the losers fanned four and walked four.

Freighters Bring Cargoes Here

When Sensibar Was Aground Near Grand Haven in 1939.

Forty and Eight Will Hold County Drive Against Diphtheria

During the past year a careful study was made of the children in the rural schools of Ottawa county to determine the number of children protected against diphtheria.

For several years parents have been urged to have their children protected at nine months of age. One dose of diphtheria toxoid was recommended. According to reports received by the county health department, not more than 4 per cent of the parents had their infants immunized, totaling 1183 of Holland, of the Forty and Eight of the American Legion, pointed out.

In its health program for children, the voiture urges immunization of all children, especially children of the pre-school age. In cooperation with the health department and the local physicians, letters advocating complete immunization will be sent to all parents of infants of nine months of age.

The rural school enrollment of Ottawa is about 5,700. Of this number, 2,335 children were given the Schick test to determine whether they were protected against diphtheria. It was found that there were 1,015 of the 2,335 tested who were not protected. It is reasonably safe to consider that of the children not tested there is not a greater per cent protected. Conservatively, slightly over 50 per cent of rural children are protected against diphtheria.

Since the tendency today is to have children protected during infancy, immunizing school children has been largely discontinued. Parents are expected to have children protected before they enter school.

In case of a serious outbreak of diphtheria, as has occurred with smallpox recently, a serious problem would exist. Protection against diphtheria takes several weeks to develop, after toxoid treatment.

COMMON COUNCIL

Holland, Mich., August 20, 1941—The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Geerlings, Ald. Arendshorst, Kleis, Slag, Smith, Mool, Damson, Schepers, Menken, Raymond, and the clerk.

Devotions led by Mayor Geerlings.

Minutes read and approved.

Petitions and Accounts Clerk presented application and agreement signed by John Van Nul, 372 W. 18th St., requesting permission to come under the C. S. O. and have his premises connected with the sanitary sewer at a cost of \$271.20.

Approved.

Clerk presented application and bond of J. W. Hobeck for a license to construct sidewalks.

Approved and license granted.

Clerk presented communication from Michigan Municipal League calling attention to two recently enacted State Acts establishing minimum hours for firemen and minimum wages for policemen.

The communication states that as a result of such legislation, officials of several cities and villages held a meeting at Lansing recently to discuss the situation in which many cities and villages find themselves as a result of such legislation. It was reported that as a result of such meeting of municipal officials, it was decided to take appropriate legal action to request the various municipalities to join in such litigation. The act establishing minimum hours for firemen provides that all municipalities having an organized paid or part-paid department shall not require any person to be on duty more than 24 hours out of every 48 hours. It further provides an additional 24 consecutive hours off duty in every sixteen day period.

The act establishing minimum wages for policemen sets up a schedule of minimum wages to be paid in accordance with the size of the city from a population standpoint.

The minimum wages to be paid in a city the size of Holland, which comes in a bracket of having a population of more than 12,500 but not exceeding 25,000, would be \$1800.00 per year or \$34.61 per week for all police officers having two years or more of service. The letter suggests that all those cities and villages that desire to join in such proceedings pass a resolution authorizing and instructing its city attorney to intervene in such proceedings on behalf of the city and also to authorize an expenditure of not to exceed \$10.00 toward the expense of printing necessary records and briefs.

Ald. Raymond reported that when these bills were before the legislature the council had on two different occasions passed resolutions recommending to our representative and senator at Lansing to oppose these bills, and requested an expression from the city attorney relative to the city's obligation in case they should pass the resolution suggested by the league. Mr. Lokker stated that so far as he could see, it would involve an amount of not to exceed \$10.00 to pay the expense for preparing briefs and other printing, and in addition to this, it might involve his expense as attorney in case he was called in on the case. Mr. Lokker further stated that the legal profession is not in sympathy with legislation of this kind and is brought about by pressure groups influencing the legislature on such matters. It was Mr. Lokker's opinion that matters such as governed by this bill should be for local determination since conditions in the various municipalities differ greatly and what might be O. K. for one would not at all prevail in another. It was his opinion that the City of Holland should join with other cities in order to find out the status of such legislation.

City clerk was instructed to forward the resolution as suggested to the Michigan Municipal League.

Reports of Standing Committees Ways and Means Committee to whom had been referred the request from the Great Lakes Harbor association for an appropriation of \$50.00 to help cover expenses in connection with the sponsoring of the Great Lakes St. Lawrence Waterway reported that the committee had met and approved of the payment of \$50.00 to this organization. Committee further reported that they had tabled the request of the Great Lakes Port Terminal Operators for an appropriation of \$100.00.

Adopted.

Claims and Accounts Committee reported claims in the amount of \$7,279.01, and recommended payment thereof.

Adopted.

Public Safety Committee requested that the council members have an informal session after the regular council meeting to discuss the matter of liability insurance on firemen and fire trucks attending outside fires.

Board of Public Works Committee to whom had been referred the matter of conferring with the Board of Public Works on the city-wide garbage collection system and incineration, reported having met with the board and the matter has now been turned over to them for study and consideration.

In this connection, the committee recommended that the city clerk be instructed to inform the Board of Public Works of what has been done on the matter up to this time and also to inform the board of petitions requesting such city-wide system.

Adopted.

Communications from Boards and City Officers

The claims approved by the following boards were ordered certified to the council for payment:

Hospital board \$1,657.10
Library board 229.99
Park and Cemetery board 1,531.39
Police and fire board 4,035.73
BWV operating account 29,910.39

Allowed. (Said claims on file in clerk's office for public inspection.) Board Public Works reported the collection of \$37,673.99; city treasurer, \$8,356.03 for miscellaneous items, and \$182,661.82 for tax collections.

Adopted.

Clerk reported bonds and interest coupons due and presented for payment in the amount of \$2,435.

Ordered paid.

Clerk reported that according to instructions, notice has been given of the proposed vacating of the alley between 29th and 30th Sts. from River to Pine Aves. and that this was the date for hearing objections, if any, to the vacating of said alley. Clerk further reported that no objections have been filed in his office.

Alley ordered vacated, all present voting aye.

Clerk reported that pursuant to instructions notice has been given of the proposed vacating of Lincoln Ave. directly north of 24th St. Said vacating being necessary in order to relocate Lincoln Ave. just east of its present location and is considered a public necessity for safety reasons. Clerk further reported that this was the time and place for hearing objections, if any, to said proposed vacating and relocation. Clerk further reported that no objections have been filed in his office and presented affidavit of publications of said vacating notice.

Ordered vacated, all present voting aye.

Clerk presented communication from the Police and Fire Board recommending that an addition be built along the west side of Engine House No. 1 as a lounge room for the firemen. The communication further recommends that the contract for building this addition be awarded to Abel Postma as per his bid price of \$1,531.00, this being the low bid of 5 bids received. Public Safety Committee stated that they had no recommendations to make to the council in regard to this addition.

Committee further stated that this bid was higher than a previous bid and this was due to the fact that the board is now asking for additional repairs to be made on the second-floor and their committee felt that before the council should authorize this expenditure, that the matter should be given further study by the Public Buildings and Property Committee.

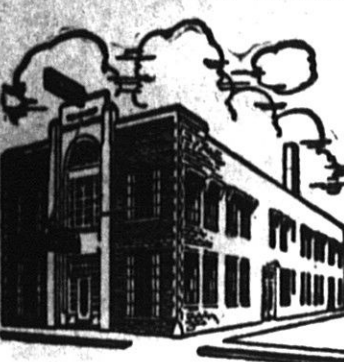

The matter was so referred.

Clerk presented communication from the Selective Service Board stating that as a result of last council meeting when the matter of sharing the so-called G. A. R. room with other patriotic organizations was discussed, they had taken it upon themselves to get in touch with the state headquarters and asked them for permission to share these quarters with other local organizations. Replying to this request, the state headquarters has given its consent to such an arrangement providing the Draft Board will look up all their files and other private records, and in accordance with this authorization, the Draft Board was now suggesting to the council that this room be used jointly by the

several local organizations together with themselves.

Ald. Raymond stated that inasmuch as this had been the thought of the council at the time the Draft Board was given permission to use the room, he felt that the proposal should

MILITARY DOCTORS

DISAGREE

Is the morale of America's con-
scripted men poor? On that ques-
tion military doctors disagree.
Some of the leaders in charge of
turning out a strong fighting
force complain that the men in
the ranks are not buckling down
earnestly enough; others, notably
Lieut. Gen. Ben Lear, declare
that the morale of the "trainees"
is good.

Certain magazines have made
the charge that morale is low in
the army in training. Answering
them, Lieut. Gen. Lear said: "If
they are correct, we are in a crit-
ical condition. If the army morale
is poor, it is only because the mor-
ale of the people is poor. It is
terrible if they are unable to find
an objective in the preparedness
program."

Lear is undoubtedly right in the
assumption that there is a close
connection between the morale of
the people back home and the mor-
ale of the boys in camp. But with
characteristic military narrowness
of viewpoint he stops at the point
where he should really begin. If
the morale of the people is low,
there must be a reason for it. In-
stead of lecturing the people to
improve their morale, as the Lieut-
enant general does by implica-
tion, it would be in point for him
to find out why the people's mor-
ale is low, thus making it possible
for these magazines to make out
a case for alleged low morale in
the training camps.

One reason is obvious. The Am-
erican people have been the vic-
tims of the most flagrant decep-
tion, all along the line on this
whole question of our participa-
tion in the war. The commander in
chief of the army and navy has
not been frank with the people of
this country. He has assumed all
along that the people could not be
trusted with the facts. (He ran
true to form in the Roosevelt-
Churchill meeting at sea.) The
American people have been told
one thing again and again by an
administration that has done
exactly the opposite.

Now we average Americans are
asked to have good morale; that
is, to generate a burning enthu-
siasm for a war that we were as-
sured again and again we would
not get into. Snoopers are even
sent out to discover why we of the
middle west are not more war-mind-
ed than we are. We average Amer-
ican citizens have a feeling that
we are sufficiently grown up to
be given facts, and we do not be-
lieve that one man, even if he is
the president, is wise enough to
commit us to vague plans for con-
quering the world and establishing
our representatives in congress.

If morale among the people at
home is low, that is one of the
principal reasons.

THE CHURCH INVITES YOU
Hope Narrowsay says: "I learned
about religion in the Sunday
School and then in the Church. If
there had been no organized
church, it is very unlikely that
either my parents or I would have
had any religious teaching."
"The religion that I learned
about in youth became real to me
in more mature years. It has given
me comfort in trouble, anguish in
sin, hope in failure, help in times
of crisis and coherence and mean-
ing in all of life. I see no way to
keep religion alive in the world ex-
cept through the organized church."
But there will be no organized
church unless people attend its
services. Why not accept the in-
vitation and go to church next
Sunday?

John Urges Christian Love

1 John 3:13-18; 4:7-21

By Henry Geerlings

Anyone reading the Fourth gos-
pel along with the three Epistles
of John realizes at once that all
four of these New Testament
books were written by the same
person. The style bears the un-
mistakable imprint of a unique
personality, exquisitely beautiful
and spiritual. A great many words,
such as light and life and truth and
love are used over and over again.
A great many ideas, such as the
contrast between believers and the
world, the coming of Christ in the
flesh and belief in Him as the way
to eternal life, are to be found in
all four writings.

One cannot escape the conclu-
sion that these books were all
written by the same author, at
the same general situation, at
about the same time. This conclu-
sion is further upheld by close
study, both in style, and in the
basic ideas to which the books
are addressed.

It has long been customary to
explain the teachings of the Chris-
tian religion by means of those
who have been its spokesmen or its
disciples. Even in Old Testament
days plans of God were centered
upon certain men called by Him to
phases of the preparation of the
world for the coming of His Savior.
In the New Testament dispensa-
tion, no sooner had the list of
gospels of history, of letters, and
of revelation been chosen from
amongst a multitude of literary
products coming out of the early
church than the characters of the
apostles became subjects of care-
ful study.

Naturally amongst the score or
more of persons who are promi-
nent in New Testament annals
two or three stand out beyond the
rest. Our Lord Himself seems to
have found certain qualities in
Peter, James and John that made
them closer to Him than were
others of His followers. And of
these three, John was given the
distinction of being, with refer-
ence to Jesus, His beloved disciple.
The title was evidently an accept-
ed one in the early church circles
since John himself used it in the
narrative of the crucifixion when
it was said that Jesus addressed
"the disciple whom He loved."

In other respects he may be
distinguished from the other
apostles. He lived longer than
any of the twelve. We do not know
the exact date of his death, nor
for that matter, the day of his
birth. But it is generally under-
stood on the basis of tradition and
through the contents of his gospel
and the Book of Revelation, that
his death did not occur until the
year 90 of the Christian era. It is
also generally accepted that he
spent the closing years of his life
in the city of Ephesus and that he
did not suffer martyrdom, as did
the others who were most active
in transmitting the gospel to their
fellowmen.

John felt a very great apprehen-
sion for the Hellenistic world. He
felt that it was doomed to destruc-
tion. There was no hope for it.
The church offered itself as the
only alternative. Those outside
the church and those within it
really belonged to two different
worlds. This accounted for the
fact that Christians were so
thoroughly hated. Christians had
passed from death into life. Those
who remained in death resented
without realizing why.

There is, however, a sure token
of this passage into life. That is
the life of love in the church. Love
is the acid test. Without it there
can be no life. Without it there can
be no deliverance from the world.
Nevertheless, love is not the means
of salvation or deliverance from
the sorry lot of the world. It is
the fruit and not the root of
Christian life.

Love in the Christian life springs
from faith in Christ and from
identification with his living spirit.
Love springs from faith. It can-
not create itself. Its presence is
the evidence of faith.

The love counseled in the epistle
is fairly well restricted to the
Christian community. This was
probably the practical outgrowth
of the wide separation of church
and community which had come
about in time of persecution.
Christians are counseled to love
one another. Nothing is said about
love toward all men. Christians
are to love Christians.

The quality of mutual love with-
in the Christian community will
become a sign to the world that
something of special significance
has happened through the coming
of Christ into the world. Love is
the only persuasive demonstra-
tion of the truth of the Christian
way. Anyone lacking that for-
feits all claims to being a Christian
and casts his lot with enemies of
mankind.

And the love which Christians
are to show toward one another
is to be radical in character. It is
to be more than amiability. It is
to express itself in something more
than words. It goes to the length
of meeting the needs of every per-
son within the church—the sharing
of goods.

Naval Reserve, John J. Lokker,
90 West 18th St., has gone to

the Great Lakes Naval Training
station for six weeks after which

HOLLAND IN 1912

The announcement was made
last night by Ben J. Hanchett,
the new owner of the Grand
Rapids, Holland and Chicago
road, that Charles A. Floyd had
been appointed general manager
of the road, according to an ar-
ticle in the Friday, February 9
issue of the Holland Daily Sen-
tinel published in 1912. This pro-
motion of the popular young Hol-
land railroad man comes as a
piece of good news to his many
friends in this city. Mr. Floyd
entered upon his new duties at
once.

The meeting of the Zealand
Poultry Association took place at
the city hall here. At this meet-
ing it was decided to elect a
judge for the next exhibition.
There were nine candidates on
the list but after one ballot was
taken R. Van Otto of Middleton,
Mich. received the majority of
the votes.

The old building of the Zealand
North street church has been sold
to D. Van Wyngaarden of Vries-

Wyngaarden.

The Holland All Stars showed
their caliber in the opening game
with the State Champs at Grand
Rapids last night which went to
the Olympics, 5 to 4.

The growing of catalpa trees
for the purpose of cutting fence
posts out of them is getting to be
something of an industry in Ot-
tawa county. Hundreds of acres
of waste land have been planted
to catalpas during the last few
years and many farmers are in
this way trying to get a return
from land that hitherto has
brought them practically nothing.
The catalpas grow rapidly and in
a very few years they develop
from mere twigs into trees large
enough for a fence post.

According to unofficial report
it is announced that William
Glerum, who has been postmas-
ter of Zeeland for a number of
years, has been reappointed to
that office.

C. De Koster, the famous Zeel-
and basketball center, who usu-
ally makes about three fourths of
the baskets in the games of the
Zeeland Olympic club team, has
sustained an injury that will keep
him out of the game for several
weeks to come.

The school officers of Ottawa
county met in Grand Haven yes-
terday. Practically every district
in the county was represented
and the sessions are most inter-
esting and enthusiastic. Fred L.
Keeler, deputy superintendent of
public instruction was the prin-
cipal speaker at both sessions of
the school officers, and his gen-
eral subject was "Tuition."

The faculty of Calvin college
have been requested by the stu-
dents to invite Dr. Tiemen De
Vries, professor of Dutch literature
and history at the University of
Chicago to deliver a series of lec-
tures in Grand Rapids. Dr. De
Vries is a native of the Nether-
lands and received his LL. D. De-
gree at the Free university of
Amsterdam. He came to this
country only two years ago when
offered the seat at the Chicago
institute. This appeared in the
Saturday, Feb. 10 issue.

Coming as the culmination of

leased from the force by Chief of
Police Kamferbeek.

Again the debating team repre-
senting the Knickerbocker society

brated her eighty-first birthday
anniversary last night at the
home of her daughter Mrs. J. J.
Smith on Church avenue.

George Zwemer, one of the
men who are today fishing for

carp through the ice on Black
lake, was formerly a resident of
Holland. He left this city about
four years ago when he went into
the employ of the carp fishers. He
has been with them on the Wis-
consin side of the lake where
they have been operating for a
long time.

sume his work in the engineering
department at the University.

of Hope college, now a senior
student of the New Brunswick
Theological seminary, has been
appointed by the Board of
Foreign missions to become a mis-
sionary in the Orient.

Within a few days the voters
of this city will be given the
opportunity to sign a petition to
the senate and house of repre-
sentatives for the passage of the
Kenyon-Sheppard bill, "To with-
draw from interstate commerce
protection, liquors imported into
dry territory for illegal use."

The Allegan Mirror Plate com-
pany which was established in
1906 has become one of Allegan's
leading industries. With an out-
look for one of the busiest years
since the starting up of the fac-
tory, the management is daily
taking on extra hands and it is
thought that by March 1 the pay
roll will contain more than double
the number of names which it
does at present.

The old planing mill on the
corner of River and Tenth
streets, occupied for more than a
quarter of a century by the Scott
Lugers Lumber company has been

000 feet of lumber in the old
building. The work of breaking
down will be begun very soon and
with it will pass one of the old
land marks that has been here
ever since the big fire.

Court in Reviewing Case of Youth Who Blinded G.R. Detective Expresses Hope That Confinement Will Make Good Citizen of Boy

Allegan, Aug. 28 (Special) — Expressing a hope that his confinement will tend to make him a "good citizen," Judge Fred T. Miles of Holland, in Allegan circuit court on Tuesday, sentenced Alton W. Pickett, Jr., 15, of Grand Rapids, to serve a maximum sentence of 10 years in Southern Michigan prison at Jackson for shooting a Grand Rapids police lieutenant last July 31.

Judge Miles recommended that Pickett be transferred to the state reformatory at Ionia. He pointed out that the law required him to commit the prisoner to the state prison where he will be classified and placed "where it will be best for you."

The shooting occurred on US-31, two and one-half miles south of Holland, while Burton R. Irwin, the detective, was returning Pickett from Kentland, Ind., after he had been apprehended by a marshal at Goodman, Ind.

The youthful gunman two days previously had broken into a Grand Rapids gasoline station, took some money and then stole a car from the station.

For several days, Irwin hovered between life and death in Holland hospital but when he showed improvement he was removed to Butterworth hospital, Grand Rapids. Last Saturday, his condition permitted his release from the hospital.

Irwin will be blind for the rest of his life as the bullet from the rifle severed the optic nerves.

In reviewing Pickett's case Judge Miles said his statements were to be more in the nature of an explanation to the public than an admonition to the defendant.

Judge Miles agreed that Pickett was an "unfortunate" boy, adding that "fully half of the criminal offenses coming to the attention of this court are committed by children from broken homes."

"If parents could understand the danger to which they expose their children when they refuse to adjust their disputes, I believe we should have fewer divorces. But the court must deal with you as you are, without regard to why you became such."

At the time of the shooting, Pickett was on probation from Kent probate court in connection with the alleged theft of \$13 from a woman who had given him employment at Rockford. Judge Miles reminded the youthful criminal that his mother had repaid the money with the belief that her son would not get into trouble again.

The judge said Pickett had been placed on probation on the belief that the boy would make some effort to restrain himself.

"If you had received the assistance of parents working together, it is entirely possible your course might have been different. But it must be apparent that probation does not offer the restraint to which the public is entitled in your case nor the restraint that is best for you."

"Now you have committed four serious offenses against the laws. You broke into the building and stole the money; you stole the car; you took it out of the state; and finally you shot and nearly killed the officer who was kind

JUVENILES ARE HELD BY POLICE

Three minor boys, 14, 15 and 16 years old, confessed to Holland police following their arrest about 1:35 a.m. today at 16th St. and Fairbanks Ave. that they had committed a series of thefts about the city.

When found this morning, they pretended to be asleep, the arresting officers reported. Unable to give a reasonable answer to officers about several soft drink bottles found in their possession, the trio was taken to police headquarters.

Later, according to police, the boys admitted they stole the soft drinks from a truck at 70 West 13th St. They also admitted having stolen 10 gallons of gasoline and taking accessories from a car Wednesday near the Christ-Craft Co. plant. The accessories included a reflector, fender rearview mirror, steering knob, a V-8 emblem and a "Holland" souvenir plate which was attached to the license plate.

The boys admitted having taken two bamboo fish poles from a downtown store Wednesday night. They broke and threw them away.

The juveniles confessed having attempted to siphon gasoline Tuesday night from a car which was parked behind the City mission and also attempted last week to get gasoline from another car at Ottawa beach but failed. The can and hose were found in their possession.

The trio told officers they had planned to "raid" Deur's orchard before they were picked up by the police. The 14-year-old boy was released from custody but the other two were held overnight at police headquarters.

Police Chief Jacob Van Hoff said their cases will be turned over to probate court for disposition.

This meeting not only gives information but it also provides inspiration for the year's work. Mr. Vande Bunte said. The program will consist of discussions, talks, music, a social hour and other events.

The morning address will be on "The Role of the Rural Teacher in National Defense," followed by an interesting discussion in the afternoon on the question, "What Should We Expect the Elementary Rural School to Teach our Boys and Girls?"

Teachers should give some thought before coming to the institute to the matter of their interest in taking an extension course as there will be a representative from Western Michigan college to give information about available courses, it was pointed out.

A fine exhibition of rural school work is being shown this week at the Berlin fair. Mr. Vande Bunte reported. Most of the work is displayed by township units.

Polkton township centered its exhibit around "Safety" while Wright township presented a unit on South America. The Marne and Coopersville public schools, Blendon township and Beechwood school arranged exhibits of general school work.

The annual spelling contest will be held at 10 a.m. Friday in front of the new grandstand on the fairgrounds. The contest will be conducted by Mr. Vande Bunte and it is expected that spellers from all parts of the county will be participants.

Last Wednesday, Thursday and Friday Mr. Vande Bunte attended the annual school commissioners convention at Michigan State Normal college in Ypsilanti.

Mr. Vande Bunte also announced that a total payment of \$150,813 for Ottawa county has been released from the primary school interest fund. This amount is the first installment of \$9 per census child based on the census list of May 31, 1940, there being a total of 16,757 children.

The city of Holland's share was \$34,398; Grand Haven, \$19,323; Zeeland, \$9,891 with the balance of \$87,201 going to the rural and village schools.

The office of the school commissioner has been moved to 86 West 11th St. For the past year, it was located at 51 East 12th St.

Schools of Holland Ready for Opening of Fall Terms

Improvements at Various Buildings Completed; Dates Listed

As has been the custom for the past several years, all schools in the Holland public and Christian systems will open Wednesday, Sept. 3, allowing teachers and pupils a one day respite to avoid expected heavy holiday traffic.

Students of the St. Francis de Sales school will return to their studies Monday, Sept. 8. Hope college has scheduled its annual opening convocation for 9 a.m. Wednesday, Sept. 17, and Western Theological seminary will open the following day, Sept. 18.

Holland public and Christian grade schools will hold all day sessions the first day but only regular enrollment and a schedule of short classes will be held in the forenoon for the high schools. Teachers' meetings and conferences for teachers in the public school system will be held Tuesday, Sept. 2.

Miss Minnie K. Smith, junior high principal, and John J. Riemersma, senior high principal, will be in their respective offices from now until opening day to enroll new students. Supt. John A. Swets of the Christian high school will be available at his office for registration until Sept. 3 with the exception of Wednesday, Sept. 27.

Registration at Hope college will be completed the week preceding the opening convocation, Sept. 9 to 16. Freshmen supplemental examinations will be given Sept. 16. A faculty of approximately 37 teachers will return to teach courses in the college curriculum.

With the exception of three, all the 25 teachers in the Christian school system will return this year, according to Mr. Swets. Mr. Swets is beginning his 13th year of work in the Holland schools and his fifth year as superintendent of the entire Christian school system.

A large staff of approximately 122 teachers has been engaged to teach in the Holland public schools, according to Supt. E. E. Fell.

"All the buildings will be in apple pie order on the opening day," Mr. Fell said. Janitors, painters, and carpenters have been busy all summer preparing the buildings for the opening of school term. The exteriors of Longfellow and Van Raalte schools have been painted and minor repairs have been made in all buildings. However, the repairs have been less extensive than usually are necessary, Mr. Fell said.

The floor of the boys' gymnasium in Holland senior high school has been sanded and refinished. Rather extensive repairs have been made to the belfry of Froebel school.

At Hope college the usual vacation repairs and painting have been done in Voorhes Hall, girls' dormitory and other campus buildings. A change this year will be the addition of the Arends-horst house on East 12th St. for use as a supplementary dormitory to accommodate an overflow of applicants for residence in Voorhes hall.

The acoustics in the Christian grade school have been improved as have the playgrounds and the sidewalks surrounding the building. Some interior decorating has also been done. Cement work on the sidewalks at the Christian high school has also been completed during the summer.

A prominent addition in the Christian high school is the new built-in trophy case in the main hall opposite the front doors, funds for which were donated by the graduating class of 1941. Gifts of the senior class have also provided for the addition of a library room to the high school. James Hietbrink of the high school faculty who will serve as librarian has been working on the cataloging of books during the past weeks.

The interior of St. Francis de Sales school has been redecorated during the vacation and new outside front doors have been added. With only one exception, the school calendar of the Holland public and Christian schools will be the same this year. Thanksgiving recess will be Nov. 20 and 21 and the fall term will close Dec. 19. HOFFMAN ASKS PUBLIC REVEAL ITS WAR STAND

Says AEF May Be Climax to Policy of Aid for Great Britain

Washington, Aug. 28—The cry of "aid to Britain short of war" has been replaced by the call for an expeditionary force to Europe, Cong. Clare E. Hoffman of Allegan, Mich., asserted this week. "It is to be hoped," he said, "that the people back home will make their wishes known to their congressmen in no uncertain terms so that when congress convenes again Sept. 15 it will have the courage to face President Roosevelt's unconstitutional and nation-destroying program."

Hoffman declared that the American people should be advised of the "number of years it will take, the number of lives that will be lost and the amount of the debt we will incur in this effort to invade Germany."

He continued: "Every nation which England has dragged into this war has lost. Our fate will be no better if we yield to her desires. The best national defense is not a giving away of everything needed to defend ourselves, the sending of it thousands of miles across the sea. The best defense is preparation here at home and, if there is danger of invasion from Hitler, we had better be about the business of making ourselves secure."

"Do you remember how, not so long ago, we were frightened into believing that Hitler would destroy England and then cross the seas and take over our country? Do you recall that we were told that England would not need men; that all she wanted was the privilege of purchasing munitions of war from us? That, later, she said her credit was exhausted and, if only we would give her or lend her supplies, she would win the war and take care of Hitler? Have you forgotten that a frightened Congress, at the President's request, under the guise of a national defense, voted a 7-billion dollar lend-lease appropriation? Most of it to be given away."

"So the Administration taxed and borrowed, and Mr. Roosevelt and his cronies gave away property, your money, not only to England, but to China and Russia and half a dozen other nations, even going so far as to permit the Japs to buy gasoline to supply their fighting aircraft which were shooting down the bombers which we gave China. We have been in on both sides of that war."

"How long ago was it that Wavell and Auchinleck said that, if the war was to be won, it must be won on German soil and with American men? And now we learn that Mr. Churchill has induced Mr. Roosevelt, or at least they have agreed, that Hitler can only be destroyed by landing an armed force in Europe and sending it into Germany to disarm Hitler's armies. Well, that is some task and just how these two gentlemen propose to do it and what the cost will be we are not advised."

"Although Roosevelt is Commander-in-Chief of the Army and the Navy, he has no authority to declare war and he has no authority to carry on war. Nevertheless, he is doing it. Congress, if it had any courage, would bring impeachment charges against him and ascertain just what he is up to and how far he intends to go."

Grand Haven, Aug. 28 — A hobby that will have a record of future value for his son, Lawrence, 10, is being pursued by Walter Minuth, 1039 Madison St. The Minuths travel extensively by automobile every summer, always to a different section of the United States, and Mr. Minuth has taken a picture of his son at every one of the 31 state lines they have crossed. There are other pictures taken showing Lawrence at various points of interest, almost all of them with a sign in the background explaining the picture.

Taking pictures has become a hobby of Mr. Minuth but the photos, someday, will remind Lawrence of the pleasant and instructive tours of his boyhood.

Mr. Minuth hopes to continue his trips with Mrs. Minuth and their son until all the 48 states, Alaska and Mexico, have been visited and pictures taken at the different boundaries. Most of the states unvisited are in the southern tier.

Besides the 31 states visited so far, the Minuths have been in the District of Columbia, and Canada. The Grand Canyon, Bryce, Yellowstone, Yosemite, Zion and Glacier national parks have also been visited. They toured the west this year.

While this record of travel is not unusual for adults, it makes Lawrence one of the most traveled boys in western Michigan. He likes California best, he says. "There is swimming if you want it, and a few miles away you can throw snow balls." Lawrence enters the sixth grade at Ferry school next week and likes all kinds of athletics, principally baseball and football.

Just 20 years ago the New York Yankees won their first pennant. What was a pleasant sensation then now has "become an incurable habit."

Allegan, Aug. 28 (Special) — George Campbell, 19, route 4, Otsego, and Ronald Foster, 22, route 5, Allegan, were instantly killed on Saturday on M-89 three miles southeast of Allegan near the Blackman schoolhouse when the car, driven toward Allegan by Campbell, crossed the pavement, traveled about 300 feet and side-swiped a tree on the left side of the pavement.

Having returned from a 4,613-mile motor trip through several western states, Leon Moody, 237 West 11th St., and Albert Van Zoeren, 85 West Ninth St., considered the Rush memorial at Rushmore, S. D., (top photograph) and the good roads atop the Rocky mountains as the two most interesting sights of their trip.

The Rush memorial, located in the Black Hills of South Dakota, includes the stone images of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln which have been carved out of solid rock. Several years have been spent in completing this memorial. The roads to the memorial have been laid out in such a manner that one of the first views of a motorist is

the memorial high up on the rock cliff.

Another interesting sight of their trip was a tower (lower photograph) from which they were able to see six states, including Colorado, Wyoming, New Mexico, South Dakota, Kansas and Nebraska. This tower is located on the "Summit of the Plains" at Genoa, Colo., on U.S. 24.

Upon leaving Holland Aug. 9, Mr. Moody and Mr. Van Zoeren traveled first to Memphis, Tenn., Little Rock, Ark., and to Oklahoma City, Okla., where the visited Mr. Moody's daughter, Miss Eda Marion Moody. From there they went to Junction City and Fort Riley, Kan., stopped at the sightseeing tower en route to Denver from where they drove the entire length of the Trail ridge road atop the mountains.

Their return trip took them to Cheyenne, Wyo., through the Black Hills of South Dakota to the Rush memorial, thence to Fargo, S. D., Duluth, Minn., Straits of Mackinac and home. Eleven days were required to make the trip.

About 25,000 occupations were listed in the U. S. 1940 census.

SANDING FIRM HAS BUSY YEAR

This year's floor sanding and finishing business of the firm of Hazzard and Stull here has been the greatest in the company's 12 years of activity.

Early in the year, the firm had a nice run of work in Saugatuck at several residences, a large apartment building and the Big Pavilion, comprising about 6,000 square feet of floor. On Sept. 2 the firm will move part of its equipment to Saugatuck to sand the pavilion floor again in preparation for the skating season which begins about Sept. 6.

The company sanded the Holland high school gymnasium floor and floors in numerous homes in and near Holland, and is now completing work on about 250,000 square feet of floor in 71 buildings at Muskegon under a government housing project.

The company has added three new machines to its already extensive equipment, enabling it to do efficient sanding and finishing of wood, tile, marble, linoleum, composition and other types of floors. The firm also scrubs and refinishes all types of flooring.

Although now the largest firm of its type outside Detroit, the company retains its motto of "No Jobs too Large, No Job too Small. We Appreciate All," and gives the same courteous, efficient service in roughing kitchen floor for the laying of linoleum to the sanding of an auditorium.

The concern, which began 12 years ago with only one six-inch machine, is anxious that prospective customers ask for free estimates.

DU SAAR SHOP 25 YEARS OLD

Twenty-five years of serving Holland "photo-fans" is the record of the Du Saar Photo and Gift shop which began its business that long ago in a building located across from Centennial park. When the business expanded enough to outgrow those quarters, the firm moved to its present location, 10 East 8th St.

In its earlier history, the Du Saar shop did only photo finishing, enlarging and framing, adding a complete line of Kodaks, films and supplies to their stock in later years when they became dealers for the Eastman Kodak Co. The store also carries a distinctive selection of gifts for all occasions and beautiful pictures at varying prices.

Since 1933 the shop has been owned and managed by Mrs. D. J. Du Saar and her assistants. Says Mrs. Du Saar, "We are deeply grateful to our friends and customers and anxious to make new ones." Persons having Kodak difficulties are urged to stop in at the store and take advantage of the services offered.

Buyers for the Du Saar shop recently returned from a gift exhibit in Chicago where they purchased some lovely imported articles as well as increased their line of domestic gifts which are arriving daily. The shop invites those interested in new ideas for gifts to come in and "browse around."

Former Allendale Girl Is Wed in Grand Rapids

White and peach gladioli, palms and candelabra formed the setting for the wedding of Miss Alyce Louise Rosema, daughter of Mr. and Mrs. Sidney Rosema of Grand Rapids, and William J. Holwerda, son of Mr. and Mrs. John W. Holwerda, also of Grand Rapids, which was solemnized last Thursday evening in Fuller Avenue Christian Reformed church in Grand Rapids. The Rosemas formerly resided in Allendale.

The Rev. W. P. Van Wyk performed the ceremony. Mrs. Gertrude Strellman, organist, played a program of wedding music which included "Ave Maria," "Liebes-traum," "To a Wild Rose" and "I Love You Truly" besides the traditional wedding marches. "Calm as the Night," "The Lord's Prayer" and "O Perfect Love" were sung by Gerald Strellman.

Entering the church on the arm of her father, the bride wore a gown of ivory moire with alencon lace forming the collar of the dress and accenting the long tight sleeves. Tiny self covered buttons adorned the front of the gown. The bouffant skirt extended into a long circular train. Her fingertip veil of ivory bridal illusion fell from a cluster of tulle rosebuds and she carried a small Bible topped with gardenias.

Eleanor Rosema, sister of the bride, as maid of honor, wore a gown of starlight blue taffeta. Her headdress was a cluster of rosebuds and she carried lilies, roses and pink larkspur. Martha Holwerda, sister of the bridegroom, as bridesmaid wore pink taffeta fashioned similar to the maid of honor's gown. Her headdress and flowers also were the same.

Herman Holwerda was his brother's best man and Matthew Holwerda and Sidney Rosema, Jr., were ushers. Master and mistress of ceremonies were Mr. and Mrs. James Rosema.

For her daughter's wedding, Mrs. Rosema chose a dusty rose crepe frock with a fitted jacket and a corsage of Briarcliff roses and lavender larkspur. The bridegroom's mother, Mrs. Holwerda, wore navy blue and a corsage of white larkspur and Bettertime roses.

The couple left on a northern wedding trip, the bride wearing a two-piece beige herringbone suit and a corsage of gardenias. Mr. and Mrs. Holwerda will be at home after Oct. 1, at 1754 Eastern Ave., Grand Rapids.

Marriage Solemnized in Robinson Home
The marriage of Miss Kathryn Josephine Bekius, daughter of Mr. and Mrs. Joe Bekius of Robinson township, to Albert Bruins, son of Mr. and Mrs. Cornelius Bruins of North Blenden, was solemnized Aug. 21 in the home of the bride's parents. The Rev. Howard Teusink of Ottawa read the single ring service.

The couple was attended by Peter Bruins, brother of the bridegroom, and Miss Dorothy Bekius, sister of the bride. The ceremony was performed by candle light before an arch of pink and white banked with gladioli, ferns and zinnias.

The bride wore a formal of white lace and silk chiffon and carried a bouquet of pink and white gladioli. She wore a fingertip veil. Her attendant's dress was of green lace and net and she carried a bouquet of pink and white gladioli.
