Lt. Governor Candidate Visits City

Donald A. Brown, Republican candidate for lieutenant governor for Michigan, was in Holland Wednesday afternoon, accompanied by Hank Stafseth of Grand Haven, chairman of the Ottawa County Republican committee.

The candidate, accompanied by his wife, is a 33-year-old State Representative from Royal Oak. A practicing attorney for the last seven years, Brown served as assistant prosecuting attorney for Oakland county from 1953 through 1956. He spent three years in the Army during World War II and was wounded in Italy in the Rapido River crossing. Captured when wounded, he was a prisoner of war for 15 months.

The Browns are on an eight-week tour of the state, making the trip with their two children. They parked their house trailer Wednesday morning at Hudsonville fair and obtained a baby sitter for five-year-old Donald, Jr., and 15-month-old Allison Laura. They visited Coopersville, Allendale, Grand Haven and Holland before leaving in late afternoon for Zeeland, and to spend the evening at the Hudsonville fair.

Brown met several local Republicans at coffee in the afternoon at Cumerford's.

On state issues he is promoting a constructive Republican program of action to rebuild Michigan, based first of all on a complete revision of the tax structure so that taxes won't be a constant source of political controversy.

"We need forward-looking, long range programming in education, mental health and other public service fields to meet needs and at the same time make sure that every dollar is spent wisely and well," he said.

Five Injured In Accident

ZEELAND (Special) — Five persons were injured in a two-car crash midway between Zeeland and Borculo on State St. (96th Ave.) about 4:20 p.m. Wednesday.

Listed in good condition in Zeeland Community Hospital are William De Wys, 18, of route 1, Zeeland with chest injuries; Joyce Seinen, 15, of 132 South Division, Zeeland with a dislocated shoulder, multiple bruises and lacerations; and Betty Faber, 18, of 115 South Division with lacerations of the leg.

Ottawa County Deputies said that De Wys was driving south of State St. and had turned to look at a house being built near the side of the road. His car headed straight for the Borr car, traveling north, and in an attempt to avoid the accident, Miss Borr swerved to the left.

But her car struck the rear of the De Wys car causing damages estimated in excess of value to the 1952 model De Wys car and the 1953 Borr car, deputies said.

Budget Increases Okayed by Council

Repeal of Scooter Law Sought

City Council Wednesday night passed a resolution requesting the state legislature to repeal public act No. 178 passed April 16, 1956, which provides for issuing special licenses to operate motor scooters or other motor driven cycles on public highways to persons 14 years of age and older.

In taking such action, Mayor Robert Visscher pointed out that there have been 24 accidents involving motor scooters, and of the persons involved 70 per cent were under 16 years old. In one case a 15-year-old youth was killed.

As Council discussed the resolution, word came through of another motor scooter accident at 7:30 p.m. that evening at Eighth St. and Pine Ave. in which a 15-year-old youth fractured a leg.

In passing the resolution unanimously, Council instructed City Clerk Clarence Grevenoged to send copies to State Sen. Clyde H. Geerlings, State Rep. George Van Peursem and the Michigan Municipal League.

In other business, Council adopted a resolution restricting parking on the north side of 16th St. from River to Pine Aves. Signs will read, "No Parking this side, school days, 7 a.m. to 4 p.m., bus stop." The resolution also recommended parallel parking during periods parking is allowed. There was considerable discussion on whether the signs should read "loading or unloading zone" but this suggestion was not supported.

On recommendation of the joint city and school recreation advisory committee, Council approved purchase of playground equipment totaling \$4,240 and lights for another softball field totaling \$350. The recommendation was presented by Chairman John Van Eerden.

Council accepted with thanks a quit claim deed to a strip of land on the west side of Cleveland Ave. owned by the H. J. Heinz Co. In deciding this property without charge to the city, the company through its attorney, Vernon D. Ten Cate, thanked Council for past considerations and arranged for an agreement for moving a company if the city finds it necessary in improving the street or for utility purposes.

Under unfinished business, Council rejected a bid for painting the new shelter at Fairbanks Park and arranged to reissue separate bids for regular painting and a application of liquid tile. The part of a four-part contract had been tabled from the last meeting.

Approval was given agreements signed by Harvey Butler and Harry Alderink, Jr., for tiling 30 feet of Wildwood drain with 36-inch tile north of 31st St. between Van Raalle and Harrison Aves., said owners to pay one-half the cost according to the city's standard culvert agreement. Similar approval was given requests on culverts by Lavern Vander Ploeg and Harold Langejans in the same locality.

Council awarded a contract for approximately 180,000 gallons of No. 5 topped fuel oil for Civic Center and Holland Hospital to the Ray Smith Oil Co. at the bid price of 8 1/2 cents per gallon. A similar low bid was entered by Industrial Fuel Co. Ray Smith, representing his company, said there was an oversight in the bid in that the company will agree to drop the price in case there is a price reduction, as it has done in the past. A representative of Industrial Fuel Co. also was present.

Council denied an application from Rollaway Movers for a permit to move a house from 128 West 11th St. to 296 West 15th St. The application had been tabled from last meeting.

Councilman William Heeringa's suggestion for double banks of lights at Riverview Park on those poles which have only single banks of lights was referred to the recreational committee. The problem of additional light at Riverview park has been under study.

Dick Smith, representative of the Apple Ave. district, requested radar patrols on East 24th St. where he said speeding persists in spite of the 35-mile limit signs which were installed about three weeks ago. He said residents have expressed concern in view of the forthcoming opening of school.

Mayor Visscher said the city manager would consult the police department on such service and felt sure it would be provided.

All Councilmen were present with the exception of Robert J. Kouw who is at Camp Grayling. Councilman Heeringa gave the invocation. The meeting adjourned at 8:25 p.m.

STORM DAMAGE—The storm which brought welcome relief to rain-thirsty Holland Wednesday night with .73 inch of rain, also brought a problem to Mr. and Mrs. Bert Jacobs of 247 East 13th St. Either lightning or a strong gust of wind hit this huge Chinese elm in the backyard at their home, strewn branches all over the yard and knocking down the telephone wire. Park Superintendent Richard Smallegange said that a tree in the north section of Pilgrim Home Cemetery was also hit by lightning and branches were reported down in several areas. (Sentinel photo)

Townsend, to dismiss a case on the legality of the Maplewood annexation action is scheduled at 11 a.m. Friday in Allegan Circuit Court. Circuit Judge Tom Robinson of Benton Harbor will preside. Need Funds For Enlarged City Services

By a vote of 6 to 2, City Council Wednesday night adopted a supplementary budget of approximately \$100,000 to provide services for the enlarged area which is now Holland city.

The budget had been tabled from last week's meeting when an affirmative 4-3 vote failed to carry because five votes were needed according to charter regulation. Casting dissenting votes Wednesday were Councilmen Raymond Holwerda and Henry Steffens. Councilman Robert Kouw was absent. He is at Camp Grayling.

According to City Manager Herb Holt, some \$65,000 is available from such sources as sales tax and intangibles tax revenues the city-township settling up processes and the fire department's replacement fees. The other \$35,000 will be a transfer from the capital improvement fund to the general fund on temporary loan to be repaid July 1, 1959.

The supplemental budget provides for a tanker for the fire department; two additional police officers and an additional cruiser; a grader and three additional trucks with underbody scrapers for the street department and up to seven additional men during the winter season; a tree trimming crew for the park department to trim trees and control Dutch Elm Disease, plus a new 80-inch rotary mower and stump router for the department. The budget also provides for some additional clerical help.

Included in the budget is a \$3,000 item for planning consultants to extend city planning into the new districts. But rather than approve a pending contract with Bagby and Boatman of Grand Rapids, Council voted to refer the matter back to the planning commission for further study together with the suggestion that some effort be made to consult other planners before awarding the contract. The program as proposed calls for an expenditure of \$10,000 with \$3,000 to be provided by City Council, \$3,000 by the Board of Education and \$1,000 by the Chamber of Commerce.

Equalized valuation of the three areas annexed to the city in the June 3 vote totals \$10,777,138. The breakdown lists \$3,554,932 for Maplewood, \$3,528,431 for Apple Ave., and \$3,693,765 for Montello Park. Added to the city's present equalized valuation of \$52,366,477, the grand total is equalized valuation for the city reaches \$63,143,605.

Conservative estimates based on 1950 population figures list 1,645 persons in the Maplewood area and 1,151 in the other two areas. This represents a minimum population increase of 2,796 for the city in terms of the 1950 census. Holland's official 1950 census lists 15,858 residents.

The Cirrus had an elapsed time of 7:09:30 and a corrected time of 5:59:28 and came in at 3 a.m. The Corvette, owned and skippered by Charles Phelps of East Lansing, finished second and was forced to finish the race with a patched up mainsail, ripped midway in the race. Annexation Hearing Set For Friday

Benton Harbor Judge Will Hear Case; Smith Had Requested Change

City Attorney James E. Townsend said Saturday he has been informed that a hearing has been scheduled in Allegan Circuit Court Friday, Aug. 22, at 11 a.m. in the Maplewood annexation case.

Friday's hearing will be on Townsend's motion to dismiss which he filed sometime after 71 Maplewood residents petitioned the court seeking to have the Maplewood annexation declared unconstitutional.

The hearing will be before Judge Tom Robinson of the second judicial circuit of Michigan. Judge Robinson, a former Holland attorney, lived in Benton Harbor. Judge Raymond L. Smith has requested that the case be heard before another judge.

Townsend said he filed a motion of dismissal on a jurisdictional basis and claims that proceedings should have been started within 30 days after the election. Maplewood area voted to annex to the city of Holland June 3. Petitions seeking a temporary injunction restraining Holland city from exercising any control over the area were filed with Allegan Circuit Court Aug. 1. Annexation became effective Aug. 3.

It is expected that the court will not probe the request for temporary injunction at Friday's hearing.

Townsend is representing the city of Holland and Vernon D. Ten Cate will represent the remainder of the name defendants. Ten Cate and Peter S. Boter will probably represent the Board of Education even though the board at present is not a party defendant. Leo Hoffman of Allegan has been retained by the 71 plaintiffs.

FEWER AND BIGGER FARMS

Rural America is turning into a
nation of fewer but bigger farms.
So says Governor Stratton, of Il-
linois, himself a farmer and a
close student of the American farm
economy.

This idea was developed by Gov-
ernor Stratton in an interview with
George Menard, director of a radio
country hour.

But although the number of farm
workers is steadily decreasing, as
many Americans continue to de-
pend on agriculture for their live-
lihood as ever. At least so thinks
the Illinois governor.

The much larger farms that are
developing are being operated by
far fewer farm workers. This trend
is only beginning and is bound to
increase, so that future census fig-
ures are certain to reveal a direct
American farm population far
smaller than the census statistics
of the past showed.

But the industries that service
the nation's farms are showing a
corresponding increase, and those
industries are manned by the farm
labor that once operated the grow-
ing of crops.

The industrial assembly line of
the industries that manufacture
farm machinery is one illustration.
In the old days the average small
farmer's power potential consisted
of a couple of horses. Those
"horse power" units lived off the
farm itself, and they represented
an investment of perhaps \$50. The
farm man units used in breeding
and feeding them were very few.

Today the farm's "horse power"
consists in costly and elaborate
tractors, into the manufacture of
which go more than the excess
farm labor that has been driven
off the farm. Moreover, the gaso-
line and electrical "horse power"
consumes still more ex-farm labor,
labor that was not involved in the
simple eating by a pair of horses
of hay and oats grown on the
farm itself.

The same thing is happening to
American farming as an industry
that has happened to merchandis-
ing. A million little corner gro-
ceries have become in most cases
a few thousand big super-mar-
kets. But the number of people de-
pending for their livelihood on turn-
ing the raw material into grocer-
ies and getting them to human
mouths has not greatly changed.

Many people now living, lustily
sang a popular farm song, in their
rural school childhood, "Stay on
the farm, boys; don't be in a hurry
to go." The irresistible pressure
of the evolution of farm life in
America is making that song ob-
solete. There are however in
Michigan many part-time farm-
ers. The part time farmers might
be classed as do-it-yourself farm-
ers.

Justice Among Nations

Micah 4:1-7; Acts 10:34-35;
Ephesians 2:13-16

By C. P. Dame

(Based on copyrighted outlines
produced by the Division of Chris-
tian Education, National Council of
the Churches of Christ in the U.S.A.
and used by permission.)

The standard of ethics between
nations is not as high as the stan-
dard of ethics that exists between
individuals. It is the task of the
Christian people in all parts of the
world to raise the standard so that
goodwill and peace may prevail
everywhere. Some day wars will
no longer be.

I. God gives us the assurance
that peace will some day prevail.
Both Isaiah and Micah paint for
us the picture of a warless world.
It is fitting to ask how it came
about that these prophets who lived
in the eighth century before
Christ got the idea of a world
without wars? That was the cen-
tury of Tiglath-pileser, the Alex-
ander the Great, the Genghis Kan,
the Tamerlane, and the Napoleon
I of that time. In that century
war was the pastime of kings and
that was the way they won re-
nown. God gave the idea of a war-
less world to both Isaiah and
Micah. The people who dream
about lasting peace and work for
it sincerely believe that God wants
this world to be freed from the
curse of war.

When will lasting peace come?
It will finally come when godli-
ness shall dominate the world—
when "the mountain of the house
of the Lord shall be established
in the top of the mountains" and
"people shall flow unto it." There
will be a great interest in godli-
ness for "many nations shall come,
and say, Come, and let us go up
to the mountain of the Lord, and
to the house of the God of Jacob,
and he will teach us of his ways"
and now note the words which are
important—"and we will walk in
his paths." Godlessness and peace
do not belong together. The Com-
munists speak of peace but they
are ever making trouble. When
God's law will bring about a trans-
formation. Weapons of destruction
shall be changed into implements
of peace. This will happen when
peace dwells in the hearts of
people. And that means that there
must first be people with changed
hearts before it is possible to have
a changed world.

II. It is good to remember that
God is impartial. His providence
extends to all people. God desires
that all people should be saved
and come to the knowledge of the
truth. This fact gradually dawned
on the leaders of the early
church. It was not until Peter had
seen an unusual vision that he
was willing to go to the house of
a Roman centurion, named Cornel-
ius and there preach the gospel
which was meant for all kinds of
people. In the home of a Gentile,
Peter a Jew who had become a
Christian said, "Of a truth I per-
ceive that God is no respecter of
persons: But in every nation he
that feareth him, and worketh
righteousness, is accepted with
him." God does not love the white
race more than the black race,
nor does he love the Americans
more than the Russians. Most of
us accept this truth but not all
of us practice it.

III. Christ unites nations and
peoples. Christ broke down the wall
of hostility which existed between
God and man through his sacrificial
and stoning death on the cross.
People who have become re-
conciled to God are eager to be
at peace with their fellow men.
Christians feel bound together be-
cause of their unity in Christ. Even
the iron curtain cannot destroy
this bond. Believers in Christ not
only feel united to each other but
they also are conscious of their
relationship to all mankind for
they believe that God made of one
blood all the nations of the world.
Christianity is the religion the na-
tions need.

Local Driver Charged
With Three Violations

GRAND HAVEN (Special) —Don-
ald Topp, 26, of 57 Aniline Ave.,
Holland, pleaded guilty to three
counts in Municipal Court Mon-
day following his arrest Sat-
urday night as the result of a
property damage accident at the
junction of M-50 and US-31 at 8:40
p.m. Saturday.

Topp, traveling west on M-50,
attempted a left turn as another
car headed east also attempted a
left turn. Topp's car allegedly
struck the left rear fender of the
other car driven by Thomas John
Ozinga, 20, of 1815 Woodward,
Grand Rapids. Topp failed to stop
and identify himself. He was trac-

scription of his jeep station wagon.
Topp, who spent the weekend in
jail, was attempting to raise \$300
bond today for trial Sept. 4 at 3
p.m. The charges, all of which
he pleaded innocent to, are leaving
the scene of a property damage
accident, making an improper

Bethel Bumps
De Nooyer;
Berean Wins

Holland Furnace grabbed the
Sportsman League softball cham-
pionship Tuesday night but it
couldn't have done it without a
mighty big assist from cellar-
dwelling Bethel Church.

The Furnacemen lost their final
game of the season, a 5-4 decision
to Sixth Church-Gra-Bell at Van
Tongeren Field. But at the same
time on the 22nd St. and Maple
Ave., diamond, Bethel Church was
pulling the season's biggest upset
by stopping De Nooyer Chevrolet,
6-2.

It was the first win for the
Churchmen in 14 starts and knock-
ed De Nooyer, the defending
champions, right out of a possible
tie for first. The Furnace finished
the season with a 11-3 record and
De Nooyer was second with 10-4.
The Furnace came close to tying
the score in the bottom of the
seventh but the runner represent-
ing the tying run missed home
plate. Frank Raab homered for the
Furnace in the fifth. The win gave
Sixth-Gra-Bell third in the league.
Chuck Ellender homered for
Bethel in the first inning to spark
a three-run rally that was helped
by another three markers in the
second.

Berean Church walloped Steffens
Market, 10-1 on a three-hitter by
Will Spykerman. Noble homered
for the winners. The loss bumped
Steffens into a fourth-place tie with
Fris, forfeit winners over Imman-
uel Church.

It takes a GIANT
to set America in motion

This year millions of footloose travelers will
buy tickets to romantic places. They'll pay several
billion dollars to get where they're going by bus,
plane, ship and train.

The transportation industry employs hundreds
of thousands of people. It spends billions for
equipment. It performs a gigantic task in carry-
ing its passengers safely, surely and swiftly to
their destinations.

Transportation space is possibly our most per-
ishable product. An accommodation that has not

been sold by the time a trip has begun is never
sold. To help keep its product sold, transportation
turns to another giant—the daily newspaper, the
number one travel medium.

Last year the travel industry spent \$58,266,000
in newspapers to attract the greatest number of
ticket-buying travelers in history. More money is
spent in newspapers—by all kinds of advertisers—
because newspapers set people in motion—buying.

All business is local...and so are all newspapers

Mrs. Miles Praises American Pavilion at Brussels Fair

High praise of the United States pavilion at the Brussels World Fair is given by Mrs. Wendell A. Miles of Holland who visited the exposition recently accompanied by some of her relatives.

Mrs. Miles and daughter, Lorraine, currently are en route home aboard the S. S. United States which they boarded in LeHavre, France, Friday after spending the summer in Europe. They spent the greater share of the time with Mrs. Miles' family in Strasbourg (Alsace) France. Besides spending considerable time at the headquarters of the Council of Europe in Strasbourg, they made numerous trips into other countries. It was a return trip for both, since Mrs. Miles and Lorraine spent the summer there in 1951.

For the trip to Brussels, Mrs. Miles and Lorraine were accompanied by Mrs. Miles' sister, a brother and sister-in-law and a nephew. Her brother Paul and his wife and son live in Tunis. With reference to various exhibition buildings, Mrs. Miles wrote:

"We went down the Avenue of Nations to examine the pavilions. First we went to the French exhibition hall. It was a disappointment to all of us since we couldn't find our way easily and the hall was crowded with too many things. Paris also has an exhibition hall, but we weren't very well impressed with it either.

"We then went to the American pavilion. It is extremely impressive, much simpler than the French hall but finer in its structure. The interior is interesting and excellently planned. The visit or knows how to get about seeing everything. In the center is a large water pool with flowers and an exciting little beach with all kinds of beach equipment to demonstrate life on the beach in America.

"From the second floor a large and impressive staircase descends from a dress shop and beautiful American girls are continually modeling clothes. It is obvious that the Americans are anxious to become the fashion capital of the world. While this is quite painful to a native of France, I must say that it is done so well and in such good taste that it's all right with me.

"Although I have heard some Americans speak critically of our pavilion, I cannot agree with them. I was exceedingly proud of the effort made and balance achieved in the exhibits. I saw exactly the same display in peaceful uses of the atom that we had seen last year at the University of Michigan. Good, clean appearing, and intelligent acting and well mannered hostesses guide people about. They make an excellent impression on Europeans.

"From the American exhibit we went to the Russian pavilion which is the largest display of all. As one enters he is greeted by Sputnik II and Sputnik III and then by an immense statue of Lenin surrounded by tremendously heavy machinery. The Russians did not crowd their exhibits and people can move around and observe everything. Their exhibition is certainly one of the best. They engage in a great deal of propagandizing and it is the only pavilion where one is loaded up with pamphlets without cost. Their dining room is a favorite."

Mrs. Miles also was impressed with the Finnish and Netherlands exhibits and was intrigued with the display which kept the ocean out of the lowlands with dikes, pumps, etc. The British pavilion was different from all others. She wrote: "As one enters the British pavilion he is met with beautiful pictures of the queen and along the walls may be seen royal scepters, crowns, jewels, etc. The objects are well lighted and have dark backgrounds."

Mrs. Miles and Lorraine spent a week in Switzerland, a week in Germany, a week in Belgium and Luxembourg and just concluded spending a week in Paris. While in Switzerland they revisited Interlochen where Mr. and Mrs. Miles often spent their holidays while living in Europe after the war. While in Germany Mrs. Miles and Lorraine took the familiar trip down the Rhine River in a boat to the Lorelei from Wiesbaden and visited American friends there. They also revisited the home which

Capt. and Mrs. Miles occupied in Heidelberg from 1945 to 1947 which since has been released to the German owners. Lorraine found that her two years of German in Washington School were a great help to her.

District Attorney Miles expects to meet his wife and daughter when they arrive in New York about Aug. 20. They will spend two days in Washington, D.C., before returning to Holland. During the summer, their daughter, Michele, 6, has been staying with Mr. and Mrs. William Jesiek on South Shore Dr. and their four-year-old son, Tom, has been with Mr. and Mrs. James White at Castle Park.

BLUEBERRY PICKING NEARS PEAK — Thousands of local and imported blueberry pickers are swarming over the blueberry farms in the Holland area as the blueberry harvest picks up. The scene above was taken at the Edgar Israels farm on 152nd St. Israels, of 299 West 20th St., is at left. James Bielby, farm labor representative at the Employment Security Office, 244 River Ave., said the article in a recent Sentinel calling for berry pickers

brought a "tremendous" response, with all openings filled at the moment, but he pointed out that the harvest has not yet reached its peak and many children now picking will soon have to go back to school. Bielby said the harvest is good but was slow in ripening due to the cool weather during most of the summer. Persons interested in picking berries may call Bielby at EX 6-6509 for further information. Ordained

Elder William F. Hawkes

William F. Hawkes, pastor of the Holland Seventh-day Adventist Church, was among six men who were ordained as ministers in special services last Friday night at the 90th Annual Camp Meeting held in Grand Ledge. The ceremony was part of the final weekend of the annual convocation which has seen crowds the past week as high as 11,000.

Hawkes, a native of Montgomery, W. Va., attended West Virginia Tech, then served in the Army in the Pacific Theater for three years. A New Testament which Hawkes always carried in his breast pocket saved his life on one occasion when it stopped a sniper's bullet. Decorations received during his service included the Purple Heart and the Oakleaf cluster.

Hawkes was graduated from Emmanuel Missionary College, Berrien Springs in 1951. His first pastorate was in Metropolis and Mattoon, Ill. He then served as a teacher for three years in the foreign mission service in Venezuela and upon his return he taught pastoral school in Muskegon. He became pastor of the Holland Church in May of 1957.

Adventist pastors usually serve a four year training period after graduation from the theological course before ordination.

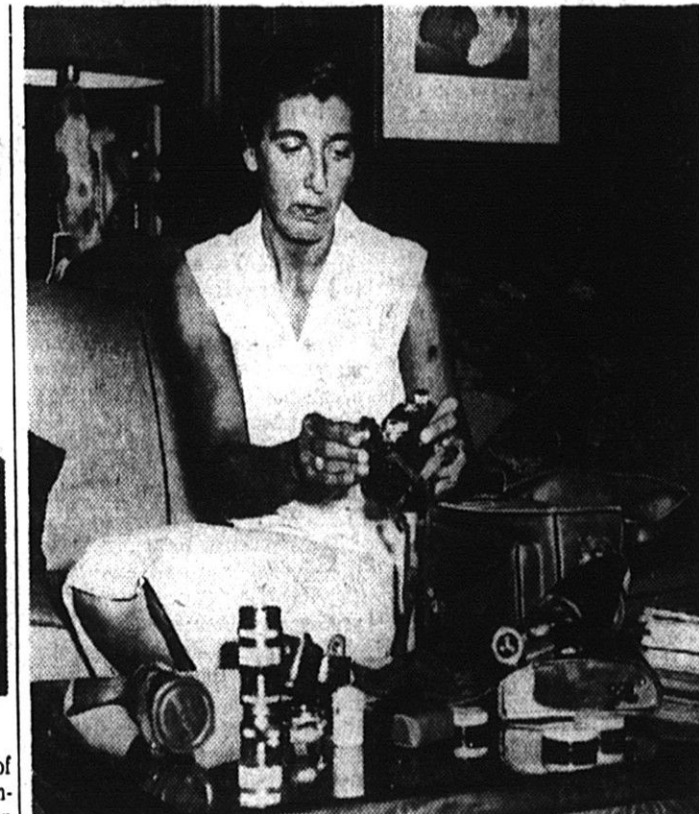

Mrs. Hawkes is the former Wilberta Weber of Montgomery, W. Va. They have three children, April, 11; Diana, 8, and William, 3.

New Library Fees Effective Sept. 1

Effective Sept. 1, out-of-town residents who use the facilities of Holland Public Library will be charged a rate of \$5 per family per year, Mrs. Henry Steffens, president of the library board, announced today. This \$5 rate will permit any member of the family to use the card.

A rate of \$1 per year for high school and college students, living outside the city, is the only other rate to be put into effect.

Mrs. Steffens said the board has studied finances carefully and arrived at the conclusion that a \$5 family fee is comparable to what city families pay through taxes for operating the library. Sections newly annexed to the city are, of course, regarded as city residents.

Roving School Teacher Takes Job in Dhahran, Saudi Arabia

A Holland school teacher who has a touch of wanderlust will take one more step toward her goal of traveling around the world when she leaves this week for a two-year stay in Dhahran, Saudi Arabia.

Miss Natalie Bosman of 30 East 13th St., has previously taught American children in Japan, Austria and France. She has been granted a leave of absence from the Holland Public Schools, where she taught high school English for the past year.

Miss Bosman will have junior classes in social studies and arithmetic at the school which has an enrollment of 1,900. The school is maintained by the Arabian-American Oil Co. for children of its employees. Miss Bosman said that the school year runs on a schedule very different from the American

system. Classes are held for three months, followed by a one-month vacation. Instructors hold workshops and do some tutoring during the months when regular classes are not in session.

This roving teacher said she feels that her experience in foreign countries is helpful in her teaching attempts to break down prejudice toward other nationalities which exists among all children. She taught in an Air Force school near Tokyo, Japan from 1950-51, and in Army schools in Salzburg, Austria from 1954-55 and north of Bordeaux, France 1956-57. Miss Bosman is a graduate of Holland High School and Hope College.

Farewell parties were held at Tunnel Park by members of the High school faculty last Thursday and by Miss Bosman's former students last Tuesday.

1 Million Miles, No Accidents

Holland Motor Express, Inc., has just achieved what amounts to a minor miracle in the trucking industry—rolling up 1,000,000 miles of highway travel without an accident.

The last highway accident reported to the company occurred on May 26, according to Les Walker, safety and personnel director at Holland Motor.

On Wednesday, Aug. 13, the millionth mile was logged, and as of today the highway accident record is still unblemished.

Holland Motor Express officials are especially proud because their drivers rang up their record during the months when tourist traffic is heavy in the areas the company services. Holland Motor operates terminals in Michigan, Illinois, Indiana, Ohio, and Kentucky.

The highway force now consists of approximately 90 drivers and 100 tractors. They totaled 12,000 to 15,000 highway miles per day during the accident-free period.

At the present rate of loadings, 1958 will be the biggest year in history for Holland Motor Express, according to Walker. Last year the company logged more than 5,000,000 miles, and 1958 should top that figure by a considerable margin, he said.

Despite the increase in city and highway loading, the trend in accidents is downward throughout the system, Walker reported. So far this year, the company safety record for both city and highway operations is 1.61 accidents per 100,000 miles of travel, low for the industry and lowest in Holland Motor Express history.

Young Ambassador Delves Into Italy's Political Theories

By Ronald Chandler
Holland's Community Ambassador To Italy

"What Italy needs is a dictatorship, for democracy is not suited to the Latin temperament. If the present political situation in Italy continues, the country will fall into the hands of the Communists."

These words were spoken by a friend of mine at a dinner party here in Billa a few days ago, and needless to say, I was quite startled by such a statement. The gentleman went on to elaborate his views on the present political situation in Italy, and I discovered that he was very proud of the fact that he was a member of Italy's Neo-Fascist Party, a holdover from that unhappy era of the rule of Mussolini.

The discussion went on for hours, with each person defending Italy's democratic system of government for entirely different reasons. The evening was most interesting, and was typical of many that I have spent discussing major political issues with my Italian friends, for politics is one of the most important things in the life of any Italian, each takes the subject with a seriousness that approaches reverence.

Because politics are so important to the Italians, and because I have had considerable contact with this subject, I would like to spend this time writing about some of the most interesting phases of Italian political life.

If there is any single characteristic which sets Italian politics apart from our own governmental affairs, it is the almost complete lack of agreement among Italians as to what political course their country should follow. This fact is quickly recognized when one looks at the 10 different political parties which exist in Italy today.

Here there are parties which cover the full range of ideologies — from the reactionary Monarchist and Neo-Fascist parties on the extreme right, to the radical Communist and extreme Socialists on the left, with the ruling Christian Democrat Party resting on a precarious perch somewhere in the middle. At present, the Christian Democrat Party is the largest single party in Italy, but is not powerful enough to control a majority of votes in the Italian Chamber of Deputies, and depends for support on the votes of members of other parties in the Chamber.

Unfortunately, the present coalition government of Prime Minister Fanfani is in a rather tight spot, for the Christian Democrats seem to be in danger of splitting into two factions — a right and a left-wing faction. If the pro-Western party does split, the second largest party in Italy, the Communist Party, will then be the strongest single party. Thinking of such a hypothetical situation brings to mind unpleasant memories of a similar situation which brought the Communists to power in Czechoslovakia some years ago.

For this reason, many of the Italians that I know personally, most of whom prefer one of the smaller "splinter" parties, vote for the Christian Democrats simply to keep the Communists from gaining any more influence in the Italian Parliament. Most of the Italians that I have talked to have told me that they heartily dislike Fanfani and the Christian Democrats, but because they see the spectre of Communism lurking nearby, they vote for the Christian Democrat ticket for their own protection. If it were not for the preponderance of the Communist vote here, I think that it would be quite safe to assume that there would be much less harmony between the various smaller parties than now exists.

My Italian friends have told me that the reason for the Christian Democrats' loss of popularity lies largely in the fact that they have failed to put forth a solid program which would be able to capture the imagination of the Italian electorate, whereas the smaller parties always have a very strong, permanent appeal to their followers. The appeal may be largely romantic, as is the case with the Monarchists, an idealistic, or quasi-idealistic appeal in the case of Communists and Socialists.

In the case of the old Republican and Liberal parties, the appeal seems to be largely nostalgic. But in each case, the small parties are backed up by devoted followers, whereas the people who cast their ballots for the Christian Democrats are largely an unenthusiastic group who can find no better party to vote for, and who fear the presence of the Communists.

I think that of all the parties in Italy today, the most interesting phenomenon is the Italian Communist Party. The Italian Communist is like no other Communist in the world. He is a type peculiar to Italy, and has his own ideas as to how the theories of Marx should be applied in the country which gave birth to the capitalist system. The bulk of Italy's Communists are both Communist and Catholic — and no more extreme a paradox could be imagined. The explanation of this phenomenon is found in the cultural tradition of the Italian people, for all Italians are raised in the bosom of the Church, and the influence of the religion is so deeply ingrained in each Italian, that even many of the Communists still sneak in the back door of the church to take Communion, to have their children baptized and to have their dead buried. This is somewhat of an over-generalization, but I feel that it illustrates my point quite well. The Italian Communist is not a true Communist in the ideological sense, rather, he is a Communist because it is an effective way of showing his protest against certain social injustices which affect many of the laborers and agricultural workers in modern Italy.

One does not have to look very far, however, to see signs of Communism at work. All over Italy, I have seen many signs scrawled on walls reading "Peace" or "Imperialists Leave the Middle-East." Most frequently of all, I have seen the slogan — "No More Atomic Bomb." And everywhere, one finds pamphlets bearing the slogan "Vota Comunista." It is after seeing such things repeatedly that one is reminded of the fact that 30 per cent of the Italian population votes the Communist Party ticket in every election.

The Italian democracy is not perfect — none is. It is a system which has encouraged the growth of a top-heavy bureaucracy, a system in which it is often difficult to gain parliamentary support for handling problems of prime importance, and a system where the faith of the people in their leaders seems to be at a lower level than is the case in our country.

But in one sense at least, the Italian democracy comes closer to realizing the true ideals of democracy that does our own form of government, for here, with the many different parties and variations in opinion, there is a much more tangible form of the freedom of individual expression. True, each party serves a rather selfish set of interests, but at least each party truly represents the aspirations of its supporters, and insofar as is possible in politics, stand firmly by its ideals.

The existing system of government here in Italy may never gain great things for the people in a material sense, but it will always keep alive the tradition of free and intelligent discussion, and the freedom of expression and who is to say that in the long run, these values are not more important?

My friends here have assured me that Italy will never go Communist, because devotion to purely materialistic ends runs counter to the Italian character. From what I've seen of the Italian people this summer, I'd be willing to wager everything I own on the truth of that statement.

LET'S ALL SING—Organ music and community singing were favorite pastimes at the Warm Friend Tavern for members of the McLain Club who gathered in Holland for their biennial reunion. McLainites End Reunion With Warm Praise for City

The biennial reunion of the McLainites broke up Friday at the Warm Friend Tavern which has been the focal point of activity this week for former patients of McLain Orthopedic Sanatorium at St. Louis, Mo., which closed in 1933. The McLain Club was organized in 1929 and has had annual or biennial reunions ever since.

About 70 attended the reunion banquet Thursday night in the Tulip Room which featured an address by U.S. Sen. Charles E. Potter read by District Attorney Wendell A. Miles because the senator could not leave Washington due to votes on several important bills. The message dealt to some degree with problems of the handicapped and the achievements.

Before the dinner, McLainites posed for a reunion picture, a "must" on the program for every reunion.

Delegates were delighted with the performance of Holland's celebrated Dutch dance by a group of Holland High klompen dancers.

Jean Mast also provided organ music, and afterwards an informal sing was held around the organ with Lorayne Dore of Holland playing.

Earlier in the day the following officers were named: Ethel Gullans, Kansas City, president; Louise Aehrmann, Maplewood, Mo., vice president; Arnold Fields, Hazelhurst, Pa., treasurer; Helen Dorf, Mundelein, Ill., secretary. Leon Green of Springfield, Ill., is retiring president.

No place was selected for the 1960 reunion but Minneapolis, Minn., and a place in Pennsylvania are under consideration.

Miss Dore, local chairman, said the visitors were particularly appreciative of Holland's ramp-like sidewalks at crossing. Wheelchair visitors were able to go as far as they liked outdoors unhampered by the familiar staid at curbs in most other cities. All visitors were warm in their praise of Holland as a convention city. "We had a wonderful time" was the unanimous verdict.

Veldman Pitches VFW to Win; Wierda Records 13th Straight

Lum Veldman threw a one-hitter as the VFW concluded the regular season Thursday with a 12-0 blanking of Mobilgas Dealers while Wierda Upholstery won its 13th straight game, a 10-4 trouncing of the Fords to finish in the runner-up spot in City League softball at Van Tongeren Field.

The victory gave the VFW a 20-4 season record while Wierda ended with a 17-7 mark. Zoerhof Builders and Suburban Motors, the third and fourth place teams, will play tonight at 7 p.m. in the season's finale.

Action in the playoff gets started Monday with the VFW and Suburban Motors meeting at 7 p.m. and Zoerhof and Wierda at 8:15 p.m. at Van Tongeren Field. The second games in the best two out of three series will be set later since some of the teams are involved in tournaments. The winners of the best two out of three meets battle in a best three out of five series for the playoff crown.

Jay Hoffman homered in the third with two on to highlight a four-run VFW third. The league champs added another run in the fourth, three in the fifth and fourth and four in the sixth on four hits including doubles by Hoffman and Al Glupker. Gord Hulst, with a double and a triple, accounted for two of the VFW runs.

Veldman fanned 15, his high for the season, and gave up a single in the fifth inning to Bill Fortney. Walters, Hulst and Hoffman headed the 10-hit VFW attack with two hits each while Lee Veldman, Bill Franks, Al Glupker and Earl Veldman each had one hit off Joser Lloyd Tinhoit.

Warren Plaggemars homered with a man on to feature the five-run Wierda first inning and the Upholsters continued in command throughout.

The winners added three more in the fourth on doubles by Rog Schut, and Ron Bekius and the final two in the seventh frame.

The Fords tallied one run in the fourth and added three in the seventh on two errors and two singles.

Lou Altena, Lou Borgman and Rog Schut each made two hits for the winners in the 11-hit attack while Bekius, Ted Schreuer, Plaggemars, Bill Vryhof and Ron Bulthuis each made one hit off Bob and Glenn Ebels.

Jim Kool paced the seven-hit Ford attack with three safeties and Glenn Ebels, Jay Freriks, Jun Hop and Art Vander Brand made the other hits off winner Rog Schut.

There will be cracker barrels, balloons and a pot belled stove. The rally will have no planned speeches. Instead the people will move among the booths and talk with the candidates.

State Sen. Clyde H. Geerlings spoke briefly. "In state government today, it no longer is the Republicans versus the Democrats; it is now free enterprise or Reuther-type socialism. Republicans recognize that you can't have good business in an environment not conducive to good business, and if you don't have business you won't have jobs." He said Republicans aim to create a climate conducive to good business.

Speaking of business competition between states, he said Michigan has long been hampered by a strict accounting of personal property assessments, resulting in warehouse storage elsewhere. A change in the law by removing personal property tax on goods in transit in Michigan resulted in doubling warehouse workers in Detroit from 1,500 to 3,000, he said.

Bill Holt Wins 4th Straight Golf Crown

The Holts definitely have a hold on the Saugatuck Golf Club championship.

Bill Holt, 24-year-old golf veteran of 10 years, captured his fourth straight club championship Thursday with a 1-up match play victory on the 19th hole over his younger brother, Bob.

It marked the seventh straight year the Holts have won the club crown. Bill first won the title in 1952 and then gave way to his 22-year-old brother in 1953 and 1954 and then repeated in 1955, '56, '57 '58.

Knotted at the end of 18 holes, the Holts were forced to play the "sudden death" hole. Both put the ball on the green in two shots. Bill two-putted for a par four to take the hole while Bob took a five on the hole.

The champion was one-down after nine holes and then went two down after hitting a bad tee shot on the 13th. Bill then birdied 14 and 15 to even the match, rimming a short putt for an eagle on 15.

Both exchanged bogies on 16 and 17 and just missed birdies on No. 18. Missed putts on the front nine hurt both players. Bob missed two three-footers for birdies on five and six and Bill rimmed the cup on birdie tries on two, five, seven and nine. Both had 72's for the 18 holes to equal par. Bill had nine straight fours on the final nine.

Bill is a third year graduate student in physics at the University of Kansas. He played golf four years at Hope College. A Hope junior, Bob has played for Hope during the past two seasons and also held the No. 1 spot for the Holland High golf team.

The champion defeated Henry Dorn, 5-4 in the first round and Bruce Fogarty in the second round, 7-5. Bob stopped John Barron, 5-4 in the opening play and won over Frank Bagladi, 5-3 in the second round.

In other flights, George Gallas plays Ray Humbert for the first flight championship while Ed Gamby meets Mark Waugh for the second flight crown. Matches are expected to be played this weekend.

Gallas entered the finals with a 4-3 win over Bill Kuyper while Humbert defeated Dan Ed Niemusma, 1-up. Gamby stopped Art Dryer, 1-up and Waugh stopped Ed Marquist, 1-up to enter the finals.

Laff for the day:

The one-star general conducting a staff meeting was trying his best to be tolerant of a brash young captain, bucking hard for promotion, who kept interjecting his own opinions and brushing off those of all others present.

After one tirade, the captain said, "Young man, sometimes it pays to listen to other opinions even though they may differ from your own."

"But sir," he replied unabashed, "I dare say that's not how you made general."

"No, it's not," said the general tartly. "But it's d-n well how I made major."

Two Districts File Petitions To Annex

Representatives of Lakeview and Van Raalte school districts adjoining Holland, went to Lansing Monday to file petitions with the Secretary of State's office seeking annexation to the city of Holland.

James Kiekentveld and Vern Kraai represented Lakeview district and William Onk and George Wedel represented Van Raalte district.

These two petitions take in all of Lakeview district and a tiny portion of the new Hamilton district for the purpose of squaring off the area. The Van Raalte petitions cut off the extreme ends to the east, setting borders on Black River, and a 104th and 106th Aves.

Both areas request a vote on Nov. 4.

Both districts claim a sufficient number of signatures on the petitions. A total of 35 per cent is needed. Van Raalte claims about 50 per cent.

Hudsonville Man Drowns In Big Lake

Man Rescued Almost Immediately, But Resuscitation Fails

GRAND HAVEN (Special) — A 32-year-old Hudsonville man, father of two small children, was drowned about 5 p.m. Sunday in Lake Michigan just off the north pier.

The victim, Clarence Clawson, of 2527 Greenly St., Hudsonville, had gone to the beach for a picnic with relatives and friends. He had entered the water, presumably to get a two-by-two piece of lumber which he earlier had seen floating near the pier.

Earlier, Clawson and his two children, David, 5, and Kathy, 3, and a brother-in-law, Frank Prentice of Comstock Park, were walking on the north pier and Clawson noticed the piece of lumber and mentioned he would like it. Back on the beach, Prentice rejoined the family party after telling Clawson the water was too rough.

It is not known whether Clawson dove into the lake or descended a ladder on the pier. Steven Zerbst of Grand Rapids, sitting on a hill under an umbrella 50 yards west of the concession, heard Clawson yell for help twice and saw him struggling about 200 feet from shore. He then saw a man jump from the pier and bring the man ashore.

Zerbst and John Czarnopys, Sr., no address, aided the man in bringing the victim ashore in waves three and four feet high. The unidentified man who brought Clawson in started artificial respiration and was soon joined by Coast Guardsmen and City police.

It was reported the body was ashore within minutes of the initial call for help.

Police brought a resuscitator to the scene and continued attempts to revive the man. At 6:13 p.m., all attempts to revive him had failed and Dr. John H. Kitchel, medical examiner, ruled death due to accidental drowning.

The body was first taken to Van Zantwick Funeral Home and later transferred to Bostick Funeral Home in Manton, Mich.

Snyder reported the new contract for the job had to be negotiated as a result of a walkout July 1 by the workers. The dispute between company and contractor was based on wages and recognition of a bargaining unit, local 1165 of the International Hod Carriers, Building and Common Laborers Union, AFL-CIO.

Dekker-Hofstee Vows Exchanged

Mr. and Mrs. Harold Gordon Dekker

Miss Carolyn Jean Hofstee became the bride of Harold Gordon Dekker in a double ring ceremony Aug. 8 at Sixteenth Street Christian Reformed Church. The bride is the daughter of Mrs. Joe Hofstee of 568 East 24th St. and the late Mr. Hofstee. The groom is the son of Mr. and Mrs. Harold I. Dekker of route 4.

The Rev. J. Herbert Brink officiated as they recited their vows before a setting of Oregon ferns, bouquets of white gladioli and a spiral candelabra. The pews were marked with white bows and green Miss Kay Cossen played traditional wedding music and accompanied the soloist, Paul Dekker, who sang "O Promise Me," "Saviour, Like a Shepherd Lead Us" and "The Lord's Prayer."

The bride wore a floor length gown of lace and tulle over satin. The sheer yoke was edged with self-scalloped lace and featured a lace stand-up collar. Her bouffant skirt was designed with a lace peplum in front and a back panel of lace ending in a brush train. An elbow length illusion veil fell from a matching lace pillbox hat. She carried a white orchid and a white Bible.

Miss Norma Hofstee, sister of the bride, who was maid of honor, wore a ballerina length dress of green nylon with matching chiffon cummerbund and back streamers. She wore a matching picture hat. The bridesmaid, Miss Janice Dekker, sister of the groom, wore a lavender dress styled like the maid of honor's.

David Dekker and Don Dekker, brothers of the groom, were best man and groomsmen, respectively. Ushers were Jack Boerman and Herschel Lubbers.

The bride's mother wore an aqua dress with white accessories

and a corsage of white feathered carnations and red roses. The groom's mother wore a dress of black lace over taffeta with pink accessories and a corsage of white feathered carnations and pink roses.

The newlyweds greeted 120 guests at a reception in the church basement. Mr. and Mrs. Henry Holtegeerts were master and mistress of ceremonies. Miss Beverly Vander Meyden and Glen Mulder, Miss Sue Von Ins and Robert Dekker were in charge of the gift room. Miss Sheryl Baumann and Joe Benston poured punch. Miss Phyllis Dekker was in charge of the guest book. The Misses Joyce, Frieda and Helen Holtegeerts and Sandra Den Bleyker, cousins of the bride, also assisted.

For an Eastern wedding trip, the new Mrs. Dekker chose a forest green sheath dress, black accessories and a white orchid corsage. She is a graduate of Holland Christian High School and is employed as a secretary at Holland Motor Express. The groom, a graduate of Holland High School, is employed at the Worden Co. The couple will reside at 322 1/2 East 13th St.

A rehearsal lunch was served by the groom's mother. Pre-nuptial showers were given by Mrs. Joe Hofstee, Miss Norma Hofstee, Mrs. Harold Dekker, Mrs. David Dekker, Mrs. Don Dekker, Miss Beverly Vander Meyden, Miss Florence Wassink and Mrs. Don Zwagerman.

Man Entering Homes Sought by Police

GRAND HAVEN (Special) — City police are being kept busy trying to catch up with a man who is making a practice of entering homes in various parts of the city. Since Friday, seven homes have been entered. In some cases wallets have been taken and the empty wallets thrown away later. His technique is to ring the doorbell or knock on doors. If anybody responds he asks some question about where the hospital is located or about a street on the other side of town. In case of no answer he walks in, sometimes finding the housekey on the porch. In one place he left a bunch of keys which would fit a number of doors.

The man is described as being about 25 years old, six feet tall and weighing 180 to 190 pounds.

Timmer Resigns

ZEELAND (Special) — Merlin W. Timmer, 24, of 255 Peck St., today submitted his resignation from the Zeeland Fire Department to Fire Chief John Van Eden. Timmer is also a part time policeman and Police Chief Elmer J. Bos had requested he resign from the fire department.

PREPARE TO FIRE — Members of Holland's National Guard Co. D's 105 mm. recoilless rifle team load their jeep-mounted weapon and prepare to fire during range firing in the first week at Camp Grayling. Sfc Roger Naber (foreground) and Cpl. Jay Berens (far side of jeep) locate the targets, some 500 or more

yards away, and call them out to Pfc. Donald Steketee (on the jeep) who trains the weapon on the target. Pfc. Lee Kalkman loads the 25-pound projectile into the weapon, which has a rifled barrel. The jeep and weapon in the background are those of H company, second battalion. (Sentinel photo)

FIRE! — With the command, "On the way," Pfc. Steketee squeezes the trigger, and the earth seems to erupt in sound and fury. The blast is ear-splitting, but the concussion is worse, seeming to lift everyone within a hundred yards off the ground and rocks the camera as well. Pfc. Kalkman is standing beside Sfc. Naber, kneeling in the foreground,

Pfc. Steketee is still on the jeep, and Cpl. Berens is lost in the dust and blur behind the jeep. Morale is high on the 105 team, as throughout Co. D, and the boys are proud of the fact that they are the finest shots in the regiment. The gas blasting from the rear of the gun equalizes the blast from the muzzle and makes the weapon recoilless. (Sentinel photo)
