### CITY AND VICINITY.

Rev. James F. Zwemer conducted services in the Ninth Street Christian Reformed church last Sunday evening.

Prof. J. T. Bergen has gone to Oklahoma, where he will do missionary work among the Indians for two weeks.

A large number of slide shows will be given at the Holland fair next week, among them being a show given by a lady snake charmer.

If the weather is fine the fair will be attended by the largest crowds in the history of the association. And it should be for it will be the best fair ever given in this county.

Ons Vaandel, the semi-weekly Holland paper published in this city and established nearly two years ago, will be issued from Grand Rapids hereafter. The printing outfit was moved to that city this week.

The three-months old child of Mr. and Mrs. Fred L. Woodruff, 59 West Fifteenth St., died last Sunday of cholera infantum. The funeral services were held Tuesday afternoon, Rev. Adam Clarke officiating.

The death of Mrs. William Ten Hagen occurred last Saturday morning at her home 49 West Twelfth street after a short illness. Her age was 49 years. Besides her husband, two daughters survive her. The funeral services were held Monday afternoon.

Carlisle D. Graham, the Philadelphia cooper, who has seven times risked his life in the raging waters below the Niagara falls, Sunday successfully swam the rapids. He was buffeted and beaten by the tumultuous rush of waters, but withstood all shocks and weathered a journey that is terrifying even in contemplation.

The death of Mrs. G. J. Boone of Zeeland occurred last Sunday evening at the age of 63 years. Besides her husband, deceased is survived by six daughters, Mrs. H. Veneklasen, Mrs. Mrs. J. Smith, Misses Johanna, Minnie, Hattie and Jennie Boone, and two sons, Egbert and Harry Boone. The funeral services were held Thursday at the Reformed church at Zeeland.

Labor Day passed off very quietly in this city, the only thing that relieved the monotony being the two base ball games between Battle Creek and Holland. A large number of people took advantage of the holiday and went to Grand Rapids to see the parade and to witness the other Labor Day diversions. The Leather Workers Union went to Grand Rapids in a body in a special car to take part in the parade. They made a good appearance and attracted a great deal of attention.

Two of the gypsies who visited this city this week in their nomadic wanderings, became involved in a quarrel, just before their departure, at their camping place, just over the river near the Spring Lake bridge. One of them, a young and powerfully built man, hit one of the oldest men in the party with a club. Outsiders who witnessed the affray say it is a wonder that the old man was not killed. As it was, he was still in very serious shape when the gypsies broke camp and had to be carried to a wagon. No complaint was made to the authorities. It would be gipsy style if the old man should die, to bury him on the road somewhere, and the facts would probably never become public. The gypsies went toward Holland from here.—G. H. Tribune.

The Dutch Reformed churches of Western Michigan held a missionary rally in the grove of John Ball park, Grand Rapids Monday, with several hundred visitors present from Holland, Vriesland, Grand Haven, Muskegon, Kalamazoo and other points. They brought well filled baskets and enjoyed a picnic dinner. The Rev. Matthew Kolyn opened the program at 10 o'clock with a short address. "The Fountain of Our Power," was the subject of the address delivered by the Rev. C. C. A. L. John of Central Park, while the Rev. J. P. De Jonge of Zeeland spoke on "The Reactionary Influence of Mission Work." The Rev. G. H. Dubbink of Holland, spoke "Of the Need of Domestic Missions." Addresses were also made by Rev. Jacob Van Houte of Grand Rapids, Rev. J. H. Blekkink and Rev. T. W. Mullenburg, of Kalamazoo.

Mr. and Mrs. John Cappon have moved into their new residence, corner of Maple and Eleventh streets.

Hunters' licences for the year 1902 have been received and are on sale at the county clerk's office, but cannot be used before November 8th.

Kalamazoo could not tolerate the incubator baby in its street fair. Some one made complaint to the society for the prevention of cruelty to children and it was stopped. It was stated that opiates were being used to dope the baby.

State Game Warden Morse in his monthly report to the secretary of state, says that there has been a fine increase in quail, partridge and deer in Michigan this season, and he predicts good sport next fall.

Here's another sign found on a fence three miles from Kaleva, Manistee county: "Notis—Take this road to Kaleva. You can't drive over Pinto Creek bridge. She is too Poore and she is fentup.—Supowiser." Coopersville Observer.

The deal whereby the Burnham Glove Co. of Chicago removes to Grand Haven has been practically closed by our Board of Trade, and the new factory is practically a certainty. A splendid institution it will be too. Mr. Burnham says that after the plant is fairly started he can find a market for all the gloves 500 hands can produce.—G. H. Tribune.

The death of Mrs. Grant Lamphere occurred last Tuesday evening at the home of her parents, Mr. and Mrs. Thomas Wareham, 177 West Eighth street, at the age of 26 years. Death was due to consumption. Deceased is survived by two small children. The funeral will be held this afternoon from the house, Rev. Adam Clarke officiating.

The Walden Shoe company of Grand Haven has received machinery with which another department will be added to its plant within three weeks. At present 100 hands are employed, making women's and children's shoes. The new department will turn out 400 pairs of men's shoes per week and will give employment to seventy-five more hands. Samples are now being made.

The rally of the Christian Endeavorers of the Fourth district, comprising Ottawa, Kent and Montcalm counties, held at Macatawa Park last Friday was attended by nearly 2,500 Endeavorers and was a very successful and enjoyable affair. Rev. G. H. Dubbink of this city made the address of welcome and also addressed a large audience in the Auditorium in the evening. The following officers were elected:

President—J. G. Kamps, Holland.  
Secretary and treasurer—Miss Tressa Godwin, Grand Rapids.

Junior superintendent—Mrs. Hause Grand Rapids.

Missionary superintendent—Mrs. R. Veneklassen, Zeeland.

Not only is Jacob Miller, steward of the Ottawa Beach Hotel, a first class man at the business but he is also a publisher, being president of "The Chef, Steward and Housekeeper," a monthly magazine published in Chicago and devoted to the several trades mentioned in the title. The publication is the highest American authority on all matters pertaining to the culinary art and is the only paper printed in the interests of members of the culinary and catering professions. It is the official organ of the National Epicurean colleges. Mr. Miller has met with great success here this season and has looked after the interests of the hotel in a manner to gain the warm commendation of his employers, Messrs. Pantland and Rathburn.

The Woman's Christian Temperance Union has planned for a most delightful lecture, entertainment to be given next week by Mrs. F. E. Preston, of Detroit. On Thursday afternoon at three o'clock she will address a parlor meeting at the home of Mrs. Wing on West Thirteenth street and Wednesday evening she will speak in the Methodist church. Mrs. Preston is a colored woman of rare ability. She is well known throughout the state. Many of the W. C. T. U. women will remember hearing her at conventions where she has moved her audience to tears or laughter at her will. Mrs. Preston gives dialect readings and songs interspersed with dynamic utterances which are very much worth hearing. If any one hears Mrs. Preston once they are eager to hear her again. Positively no admission will be charged but a collection taken. The meeting was put on Wednesday night so that all the business people can attend.

John B. Steketee, school census enumerator, finds that there are 2436 children of school age in this city.

Hon. G. J. Diekema delivered a speech before a large audience at the Soldiers and Sailors encampment at Grand Haven last evening.

The contract for the erection of the new glove factory in Grand Haven has been granted and it is intended to have the plant in operation next January.

A. Nagelkerk, formerly connected with the News, now foreman in the office of the Michigan Tradesman at Grand Rapids, was the guests of friends in this city the first of the week.

Don't forget to let your friends know that the Electric Railroad has reduced the rates for the fair. Tell them to call for Fair tickets at the usual place. Round trip tickets from Grand Rapids including Fair ticket 70 cents.

The Merry Go Round has arrived and is being put up at the Fair grounds today. Three teams and a large force of men are putting the grounds and buildings in shape and the grounds, track, etc., are now nearly ready for the big fair.

The printing of the delinquent tax list for 1903 for Ottawa county has been awarded to the Coopersville Observer; for Allegan County to the Allegan Gazette; for Kent to the G. R. Semi-Weekly Herald; for Muskegon to the Muskegon Chronicle.

Besides other free attractions at the fair the association has secured Martine and Steward, lately with the Gollmar Bros. & Schumann circus, who will appear in their comedy revolving ladder act and their horizontal bar performance.

Lane, Archie Moser, Miss Blanche Sweet, J. H. Stegink, John Thomas, Pres. Baptist Young Peoples Union, of 1st Baptist church.

Only once during August did the mercury rise to 80 degrees in the government thermometer at Grand Haven. That was on the first. Remarkable record that as usually there are several days in that month when the temperature reaches 90. Even at that the temperature for the month as a whole was up to the average. Rainfall for the month was abnormally low, being only half an inch.

Attorney Arthur VanDuren is the possessor of a document that bears the signature of Abraham Lincoln. It is a government patent for 45 acres of land in Laketown township and was granted to James E. Eaton for services in the Black Hawk war. Since that time there has been but one transfer of the title to this land and that has been from Mr. Eaton to R. Docking. Another transfer is being negotiated and Attorney Van Duren came across the original patent while doing the legal work. He recognized the souvenir value of a document bearing the martyred president's signature and secured it from the interested parties.

Marriage licences have been issued the past few days to the following parties: Horace N. Seeley of Holland Township and Aloria E. Nichole of Ottawa county; Thomas J. Powers and Mary Verhulst of Holland; Jennie Ras and Hanna Meboer of Holland; John B. Wiggers and Lena Slotman of Holland; Charles O'Reilly of Grand Rapids and Anna Stevens of Coopersville; Barney Hughes of Kansas City and Jennie Thompson of Grand Haven; C. E. Flabel of Racine and Camille J. Pfeil of Milwaukee; Richard Swivest and Helen Holton of Milwaukee; Enos F. McDonald and Lanna E. Frye of Milwaukee; Ray Bradley of Kent County and Mary A. Yates of Chester.

The annual appropriation bill for the fiscal year commencing in March 1902 carries some very important items and will prove instructive reading to those interested in the progress of the city. The two most important items are those calling for an appropriation of \$60,000 for the paving of Eighth street between Land and Maple streets and an appropriation of \$24,000 for the paving of River street between Seventh and Thirteenth streets. Great will be the joy when these provisions of the bill are carried out, and paving becomes a certainty. It is expected that before another year passes the people of Holland will celebrate the completion of the project. The annual appropriation bill will be found on the last page of this issue.

## THE PRESIDENT IS HURT.

Coach Containing Roosevelt and Party Struck by an Electric Car Near Lenox, Mass.

### SECRET SERVICE AGENT CRAIG KILLED.

Chief Executive Cut on the Face and Gov. Crane Bruised—Driver of the Coach Sustains a Fracture of the Skull—Intense Excitement Prevailed—Journey Resumed.

Lenox, Mass., Sept. 3.—A terrible accident overtook the president's coach a short distance from Pittsfield about 9:30 o'clock Wednesday morning. After a short visit to the home of ex-Senator Dawes the president started on the long drive to Lenox. He had not gone far when an electric car on the Pittsfield & Lenox street railway ran into them, throwing every one to the ground. The president received a cut on the head and Gov. Crane was bruised. William Craig, the secret service man, was instantly killed. The president was able to resume his journey to Lenox, but sent word ahead that there should be no cheering.

#### Cut on the Chin.

After leaving Senator Dawes' house the four carriages containing the president and his immediate party were driven down South street, two carriages on either side. When near the Country club and at the railroad crossing an electric car was noticed coming at a terrific rate of speed. Mr. Craig signalled to the motorman to stop, but he apparently paid no attention to the warning, and the car came plunging on in its work of death. The president's carriage was literally smashed to pieces. A witness of the accident stated that the motorman was speeding his car in order to reach the club. The president, Gov. Crane and Secretary Cortelyou were piled up in a heap. The awe-stricken crowd which witnessed the accident rushed to the president's carriage, with no expectation that he would be found alive. The president was cut on the right side of his chin, and his face is much swollen.

#### Agent Craig Killed.

Secret Service Agent William Craig was killed outright and D. J. Pratt the driver of the coach sustained a dislocated shoulder and a number of body bruises. The accident happened at a point about a mile and a half from this city, near the Pittsfield Country club house, while the president and his party were enjoying a coaching trip from Dalton, Gov. Crane's home, where the president spent the night, to Lenox a distance of about 20 miles over the Berkshire hills. The car was in charge of Conductor James Kelly, with Motorman Luke J. Madden on the front platform. The car struck the coach in the rear and smashed in the back of the vehicle, tipping it over and throwing its occupants to the ground. Motorman Madden and the conductor, Kelly, were at once arrested and brought to Pittsfield. Pratt, the driver of the coach, also was brought here and placed in the Pittsfield hospital, and although severely injured, the physicians state that he will recover.

#### Wounds Dressed.

The president who, in falling from the coach sustained only slight bruises and a few scratches, and Secretary George B. Cortelyou, who suffered in a similar manner to that of the president with the exception that he was cut on the head, with the other members of the party, went to the Country club near by where their wounds were dressed. In a short time they proceeded to the Curtis hotel at Lenox, arriving there at 11 o'clock. The president retained his complete composure, although he was solicitous for the rest of those in the carriage.

#### Excitement Intense.

The excitement was intense, and rumors flew thick and fast that the president had been killed. After remaining at the scene of the accident for an hour, the president determined to continue his journey to Stockbridge. After a brief stop at Lenox he was driven to the train. In the next carriage to the president's when the accident happened was Dr. G. A. Lung, of the navy, who accompanied the president for just such emergencies as this, and who was promptly on hand to render assistance. But the president was disinclined to receive medical attention, saying he was but slightly hurt.

#### Another Account.

Lenox, Mass., Sept. 3.—Another account of the accident says the trolley car was coming up behind the president's carriage at terrific speed. The carriage was struck as it was crossing the tracks diagonally. Craig, who was looking around and half standing, trying to warn the trolley car back, was knocked from the box to the track, and the car passed over him, killing him instantly. The carriage was knocked to one side and wrecked. The president was thrown out, and the wreck of the carriage fell against him. He was picked up bleeding from a cut on the right cheek, but he was able to get to his feet at once. Secretary Cortelyou was unconscious when picked up. He was badly hurt on the back of the head and cut on the face, but soon recovered enough to ask for the president. Gov. Crane was badly bruised. The military guard of four mounted men of the Second Massachusetts Infantry were the first to get at the wreck.

#### Deeply Grieved.

The president at once directed that Craig's body be cared for and sent

couriers ahead to prevent cheering, and to announce that he would go at once to his train, which had been sent ahead to Stockbridge. The president stopped for a few moments at the Hotel Aspinwall and said to the people who had gathered there:

"We have met with an accident. One of the party, a faithful friend, has been killed, and our driver undoubtedly badly injured. Under the circumstances it is, of course, impossible for me to say more to you than I deeply appreciate your kindly greeting." Then he went to Stockbridge.

#### Leaves for Stockbridge.

Stockbridge, Mass., Sept. 3.—The president's train left here at 12:15 for Bridgeport, Conn., from which point he will embark for Oyster Bay.

#### Express Thanks.

Oyster Bay, L. I. Sept. 3.—News that the president had met with an accident in Massachusetts caused great excitement, and the telegraph and telephone offices were soon besieged by residents anxious to obtain particulars. When it was learned that President Roosevelt was not seriously hurt, expressions of thankfulness were heard on all sides. William Craig, who was killed in the accident, was well known here. He was in charge of the secret service men here during the president's stay.

#### Under Arrest.

Immediately after the accident the motorman, Luke J. Madden, and the conductor, James Kelly, were placed under arrest and taken to police headquarters, the crowd giving them a stormy reception as they passed along the street.

Meanwhile, Medical Examiner Colt had arrived and finding the body of Mr. Craig was at the Stevens house, proceeded there to perform his duty. President Roosevelt himself was attending to the mangled body of his guard. The medical examiner found that no extended examination would be necessary and an undertaker was called, who removed the body to his rooms in this city. Mr. Craig has two brothers living at Springfield. They were notified of the accident and the body will remain here until they arrive to attend to its disposition.

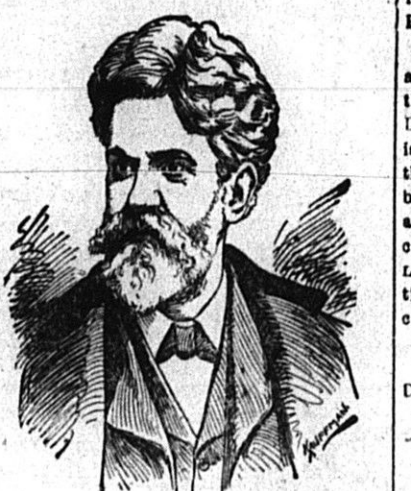

### NOTED AUTHOR DEAD.

Edward Eggleston, Who Wrote "Hoosier Schoolmaster" and Other Books, Passes Away.

Indianapolis, Ind., Sept. 3.—A special to the News from Madison, Ind., says that Edward Eggleston, author of "The Hoosier Schoolmaster," died Tuesday night at Lake George, N. Y.

Edward Eggleston was born in Vevay, Ind., December 10, 1837. His early education was received in the country and village schools of that neighborhood and in a boys' school in Amelia county, Va.

He became a Methodist minister in 1857, traveling the circuit in southeastern Indiana and later in Minnesota.

EDWARD EGGLESTON.

Work on the religious press occupied him from 1860 to 1872.

In 1874 he became pastor of the Church of Christian Endeavor, Brooklyn, N. Y., retiring from the ministry in 1879 and devoting himself to literature exclusively. His most widely known books are "The Hoosier Schoolmaster," "The Hoosier Schoolboy," "The End of the World," "The Mystery of Metropolisville," "The Graysons," "The Faith Doctor," and "The Transit of Civilization from England to America."

### SEES NO CHANGE.

President Mitchell Says Miners Are as Determined as Ever to Secure Their Demands.

Wilkesbarre, Pa., Sept. 3.—President Mitchell, of the United Mine Workers, returned from Philadelphia Tuesday night. He said so far as he was aware there was no change in the strike situation. The miners were as determined as ever, and did not propose to work until the operators granted their demands or agreed to arbitration. Mr. Mitchell said he placed no credence in the reports that certain mines were in operation and were turning out a large amount of coal for the market.

Harrisburg, Pa., Sept. 3.—Gov. Stone has made an appointment for Thursday noon to meet a committee from the state legislative board of railroad employees of Pennsylvania to intercede with the executive in behalf of the striking anthracite coal miners. The committee will request the governor to take immediate steps to bring the strike to a close, and, if necessary, call an extra session of the general assembly for the enactment of legislation making arbitration compulsory.

#### Named by the Democrats.

Des Moines, Ia., Sept. 3.—The Seventh Iowa district democratic congressional convention nominated Parley Sheldon, of Ames, to oppose John A. T. Hull.

Dress does not make the person. Nor does a clean exterior indicate a clean interior. To be well all organs of the body must work in harmony. Rocky Mountain Tea does this work.

### Look Pleasant Please.

Photographer C. C. Harlan, of Eaton O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50 cents. Guaranteed by Heber Walsh, the druggist.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, summer complaint, of any sort if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

Genuine Rocky Mountain Tea made by the Madison Medicine Co. is made of rare and costly herbs not found in any other preparation, therefore get the kind you read about. 35 cents.

## ATTACK ON FORT WRIGHT

Hostile Fleet in War Game Makes Third Desperate Attempt to Cripple Our Defenses.

### THE BATTLE CONTINUES TWO HOURS.

Fort Mansfield Is Reduced, But Efforts to Land Force at Fort Wright Are Repelled with Gatling Guns—Admiral Higginson's Fleet Attacks Works at New Bedford.

Fort Trumbull, New London, Conn. (headquarters of army of defense), Sept. 3.—Early Wednesday morning the naval enemy made its third attack on the forts of New London district. It is said to have been most effective, as well as the most spectacular move that has taken place since the maneuvers began. The firing began at 4:50 and continued almost incessantly for two hours, being directed at Fort Wright, Fisher's Island. The attacking squadron was composed of the battleships Kearsarge, Alabama, Massachusetts and Indiana.

When the four ships were seen coming from the direction of Gardiner's bay, where they were at anchor, the sun was well up. Just as soon as the first ship was within firing distance

## CARROLL REPORTS.

Lays Concerning Coal Strike There Is No Confidence Between Employer and Employee.

Washington, Sept. 3.—The report of Carroll D. Wright, the commissioner of labor, on the anthracite coal strike, has been made public. Commissioner Wright finds that there is no confidence existing between the employees and their employers. This he believes is one of the chief causes of the difficulties between the operators and miners. Commissioner Wright suggests that it would be reasonable and just for the operators to concede at once a nine-hour day for a period of six months as an experiment.

He suggests that there should be organized a joint committee on conciliation composed of representatives of the operators and of a new union of anthracite employees, to which all grievances should be referred for investigation, and that their decision should be final and binding upon all parties, and that there should be no interference with the non-union men.

### DEATH LIST IS LARGE.

Latest Reports of Last Eruption of Mont Pelee Say 1,000 Persons Were Killed.

St. Thomas, D. W. I., Sept. 3.—Steamers from the island of Martinique report an appalling loss of life as a result of an eruption of the Mont Pelee volcano. The towns of Morne Rouge

## PELEE KILLS MANY MORE.

Another Violent Volcanic Eruption Brings Fresh Disaster to the Island of Martinique.

### VILLAGE OF MORNE ROUGE DESTROYED.

About One Thousand Persons Lose Their Lives—Tidal Wave Wipes Out Town of Le Carbet—Big Fall of Ashes from the Volcano—Lightning Also Flashes.

Castries, Island of St. Lucia, British West Indies, Sept. 2.—The British steamer Korona arrived here Sunday evening from Fort de France, Island of Martinique. She reports that a terrible eruption of Mont Pelee occurred at nine o'clock Saturday night, and that people who arrived at Fort de France from the northern part of the island reported that the village of Morne Rouge, near the district previously devastated, had been destroyed, and that Le Carbet, a village on the coast which was destroyed at the time of the great eruption, had been swept by a tidal waves. About 1,000 persons lost their lives.

### Many Others Killed.

In addition to the 200 persons reported to have lost their lives at Le Carbet and Morne Rouge, many other persons are said to have been killed all over the northern districts of the island. The governor of Martinique is believed to have started for the scene of destruction.

Mont Pelee has been in constant eruption since August 15. There was an enormous fall of ashes from the volcano the night of the 25th. There was a very severe eruption the night of the 28th, when the volcano rumblings were heard at a great distance. The mountain burned fiercely that night, and out at sea passing vessels were covered with ashes. The night of the 30th there were three separate eruptions.

### People Terror-Stricken.

It is impossible to approach the ruined town of St. Pierre from the sea. The people of the village of Le Carbet, on the coast, are terror-stricken and flying to the interior. Hot water is pouring down on Lorrain and Basse Pointe, villages to the northeast of the crater. Horrible detonations were heard, the ground rocked and quaked and articles on tables were thrown to the floor. The governor of Martinique has ordered every available boat to remove people from the coast villages to Fort de France.

### Awe-Inspiring Scene.

At eight o'clock on the evening of Saturday, the 30th, the sky was cloudless. Suddenly and without warning, one-half of the horizon was obscured by a pitch black cloud of dust. This cloud was in the center of most magnificent electric effects, the flashes of light surpassing the most elaborate fireworks. Flames and flashes continued to burst from the cloud until nearly midnight. Columns of flame shot out of the crater of Mont Pelee to explode about the cloud in showers of balls of golden fire, which fell through the darkness in myriads of sparks. Three large aureoles were seen in the sky over the opening of the crater.

### Death List Grows.

St. Thomas, D. W. I., Sept. 3.—Steamers from the island of Martinique report an appalling loss of life as a result of an eruption of the Mont Pelee volcano. The towns of Morne Rouge and Ajoupa Bouillon on the east end of the island were completely destroyed and at least 1,600 people perished. The destruction of Morne Rouge was so complete that not a single human being was left to tell the awful story. Ajoupa Bouillon is in ruins, but the loss of life at that place was not as great as at Morne Rouge. About 200 persons were killed at Ajoupa Bouillon and over 400 injured, many of whom will die.

### Confessed and Were Lynched.

Newberry, Fla., Sept. 2.—Manny Price, the murderer of W. F. Brunson, a mine superintendent, and Robert Scruggs, a negro whom Price had named as an accessory, were lynched two miles from this place Monday afternoon by a party of 300 men. The negroes were being taken from Newberry to Gainesville by special deputies when the party overpowered them and took the prisoners away. They confessed, and were then strung up on a tree and their bodies ridled with bullets.

### Engineer and Fireman Killed.

Terre Haute, Ind., Aug. 29.—The north-bound passenger train on the Chicago & Eastern Illinois railway was wrecked at Cayuga, Ind., 38 miles north of here, about 12:30 o'clock Thursday. Engineer Dad Carey and Fireman Lee, of Chicago, were instantly killed. The passengers escaped with a severe shaking up.

### Shot Dead by an Assassin.

Litchfield, Ill., Sept. 2.—Monday night while lying on a sofa reading his mail Sylvester Murphy, 50 years old, a farmer, was shot and instantly killed. The assassin evidently stood close to the window, through which he fired. There is no reason why the attack should have been made and the widow has no suspicion as to whom the culprit is.

### Congress of Farmers.

Albany, N. Y., Aug. 30.—President George L. Flanders, of the National Farmers' Congress, the next annual meeting of which will be held in Macon, Ga., October 7 to 11, is preparing the program for the event. President Roosevelt, it is expected, will be one of the speakers.

## HOME RULE.

John Bull—And You Demand Home Rule? Just Like My First! I Seem to Be in Trouble Again.

she was fired upon from Fort Michie, but no attention was paid to this warning, for the ships came right along, heading in the direction of Fort Wright, it seemingly being the purpose to capture that strongly fortified place, believed to be capable, with the aid of Forts Michie and Terry, of coping with the strongest fleet afloat.

### Form Line of Battle.

The ships kept well out in passing Race Rock light, but made no attempt to enter into an engagement with either Michie or Terry, few guns being fired from these forts during the two hours of fighting. It was a determined attack on Fort Wright, and the firing from the guns and mortars of the fort was kept up incessantly as the four ships formed in line of battle and sailed slowly by the fort, exchanging shot for shot as far as possible.

### Attempt to Make Landing.

Firing was kept up for about half an hour, when the ships sailed well out toward the race again, the defenders, believing the ships were to retreat in the direction whence they came. Suddenly the ships turned and again made a vigorous attack on Fort Wright, this time attempting to make a landing. One of the big ships drew in pretty close to the fort and with rapid fire covered the landing party, but in opposition to this movement the gatling guns at the fort were brought into requisition and the landing party was evidently repelled, or rather that particular phase of the attack was not considered successful.

### Fort Mansfield Reduced.

After this second attack the ships steamed out into the race and back in the direction of Block Island. Both on the passage to and from Fort Wright, the ships made attacks on Fort Mansfield at Napatree point, and it is likely that Mansfield will be considered as having been reduced by the enemy, as well as Fort Wright, for the ships certainly did put up the fiercest kind of a naval attack. They were handled skillfully and their fire was effective.

### New Bedford Attacked.

New Bedford, Mass., Sept. 3.—Four warships, which could not be identified from the shore owing to the haze, appeared off Fort Rodman early Wednesday morning and at once opened fire. The fortifications speedily replied to the bombardment.

### Forests Ablaze.

Portland, Ore., Sept. 3.—Forest fires are raging in the northeastern part of Clark county, Wash., and heavy damage is reported. Fine tracts of timber are being destroyed, and the total loss will undoubtedly be heavy.

and Ajoupa Bouillon on the east end of the island were completely destroyed and at least 1,600 people perished. The destruction of Morne Rouge was so complete that not a single human being was left to tell the awful story. ### CAN DO NOTHING.

Pennsylvania Senators Confer with President Baer in Reference to the Miners' Strike.

Philadelphia, Sept. 3.—United States Senators Quay and Penrose held a protracted conference with President Baer, of the Reading railway, in reference to the miners' strike. After the conference Senator Quay said: "We went over the situation thoroughly and are now satisfied that nothing can be accomplished at the present time." "Politics will not be allowed to interfere in this strike," was President Baer's only comment.

### Reconstruction Progressing.

Bloomington, Orange River Colony, Sept. 3.—Reconstruction is proceeding quicker and more easily in the Orange River colony than in the Transvaal. The difficulties of amalgamating the Dutch and English elements have been nearly overcome and everybody is apparently determined to settle down and obliterate, as far as possible, the recent bitterness.

### Stores Burned.

Bloomington, Ill., Sept. 3.—Fire destroyed the drug store of Ripley & Strickland and the dry goods store of A. Livingston & Sons, adjoining, where the fire originated. The loss of the latter is \$100,000, and of Ripley & Strickland \$25,000. The hardware store of Holder, Milner & Co. was also damaged. The total loss is estimated at \$200,000.

### The Molineux Trial.

New York, Sept. 3.—Assistant District Attorney Osborne has returned from Europe and at once began preparations for the second trial of Roland B. Molineux, accused of the murder of Mrs. Katherine J. Adams, which is set down for the first Monday in October.

### Laid Corner Stone. Impressive Ceremonies.

Under clear skies and in the presence of a large number of people the corner stone of the new Fourteenth Street Christian Reformed church, the church in process of construction by the congregation formed from that portion of the Ninth street Christian Reformed church that desires to attend services conducted in the English language, was laid last Monday.

For those who have been instrumental in forming the new congregation and who have labored earnestly and diligently in carrying out the plans for the new church, as well as for the people there assembled, the majority of whom will worship in the new edifice, it was a most auspicious occasion and gladness was in the hearts of all as they witnessed the ceremonies that marked the beginning of the culmination of their successful efforts to rear aloft another memorial of the progress of the Christian Reformed church.

The ceremonies were opened by the singing of a part of the 118th Psalm and by prayer by Rev. H. Van Hoozen. Then came the reading of the scripture and an address by the new pastor, Rev. D. R. Drukker. Addresses were delivered by Rev. M. Van Vessen and Dr. H. E. Dosker, D. D. Then the corner stone was lowered and with appropriate ceremonies Rev. Drukker assisted by Peter Schoon and E. S. Holkeboer, members of the consistory laid it in position. After an address by Rev. H. Van Hoozen and prayer by A. C. Rinck all sang the Doxology.

In the box in the corner stone were: Names of the classical committee appointed by the Classis of Holland to organize the church, Rev. D. R. Drukker, M. Van Vessen and J. L. Van Tieleen; copy of De Wachter containing an account of the organization of the church; names of the first consistory; names of the building committee; copy of the first pastor's letter of acceptance; entire list of members of the church; names of members of the Ladies' Aid society; names of the first church choir; names of all those who contributed to the subscription list; copy of the program of the day.

It is expected that the new church will be completed early in December and that by the first of the year services will be conducted there. In the meantime the Ninth street church and Winants Chapel will be at the disposal of the congregation, morning service being conducted in the chapel and evening services in the church. The first sermon to the new congregation will be given [by the pastor next Sunday evening at the Ninth street church. Rev. Drukker will be formally installed this evening at that church the installation services being conducted by Rev. Van Vessen and Rev. Van Tieleen. Rev. Drukker is a very capable man and the congregation was fortunate in receiving a favorable answer to the call extended him. He was pastor of the Drenthe church for four years and met with great success. It was with keen regret that the people of that village received the announcement that he would accept the call to the new field.

### A Deserved Renomination.

William D. Kelly of this city was renominated for state senator at the Republican convention for this district held at Grand Haven. The convention was very harmonious and Mr. Kelly received the unanimous nomination, which is a marked recognition of his excellent services in the legislature, as member of the House and as Senator. His long legislative career and his unquestioned ability are readily recognized by his constituency. Conversant with all the requirements of this prominent position, he thoroughly appreciates its manifold responsibilities, and no better endorsement of his legislative experience could be given than that extended by the senatorial convention in extending him a unanimous renomination. Mr. Kelly is still a young man, but has made a record during his service in the legislature which appeals very favorably to the people of this district and is commendable to him. Mr. Kelly's friends are well pleased over this unanimous renomination, which also ensures his re-election, of which he is well worthy and deserving. The senatorial convention made no mistake and its action will be ratified at the polls on election day.—Muskegon Chronicle.

### Cost of Small Pox to County.

The board of health at a recent meeting acted upon the bills contracted through the care of the small pox patients this summer. The claims amounted to \$1,500 but the board scaled down many of the bills and \$1,108.58 was the amount allowed. As adjudged in the case of those who attended the cases when the small pox visited Grand Haven last year the county and not the city will have to pay these bills and it is not altogether unlikely that the board of supervisors will try to cut the claims still lower. Following are the bills allowed:

### N. A. U. Excursionists.

Members of the North American Union [odge of Chicago, six hundred strong, came to this city last Saturday night, and remained until Sunday night.

The local branch of the union had arranged an elaborate program for the entertainment of the visitors, but the Puritan [arrived over an hour later than the advertised time and the program had to be curtailed. It was nearly ten o'clock when the boat was fastened to the dock. Escorted by the West Michigan Band of this city and a band from Chicago, the men fell in line and marched to the Lyceum opera house. A dazzling display of fireworks greeted them and the hospitable welcome by the large crowd that lined the streets made them feel very much at home. At the opera house Mayor DeRoos gave a cordial address of welcome and bade the visitors make free with the city while they lingered within its limits. His address was followed by more speeches and by a musical entertainment and it was midnight when the meeting dispersed.

Every available sleeping apartment in the city and at the resorts was placed at the disposal of the guests, and though crowded for room all were comfortably accommodated.

Sunday was spent in visiting. In the afternoon a band concert was given at Virginia Park and the time passed so pleasantly that the hour for the departure of the boat for Chicago came all too soon.

### Socialist Labor Ticket.

### The Boy that Drives McKinley.

Johnny Boone, the driver of McKinley, is attracting great attention throughout the state by his masterly driving. He is the most popular boy on the racing circuit and carries his honors very modestly. Here are a few of the good things appearing in the Grand Rapids Herald:

"The distinguishing feature of the races of the Michigan circuit the present season has been the driving of McKinley by Johnny Boone, the 18 year old reinsman of Holland. Beginning at Traverse City the week of July 4 he has gone through the circuit with the bay gelding and won every race in which he started.

Johnny Boone has been a horseman ever since he was in kilts. His father H. Boone of Holland, made a habit of putting the lad in a sulky seat behind his more trusty animals when the wind took the boy's skirts up into his face. He was never afraid then and his nerve has always stood by him and that is one reason he is the great driver he is today. When the boy reached the knee pants stage he took to riding running horses and for several years he was the most trusty exercise boy the thoroughbred men about Holland could find. He liked the bobtails, too, but as his father was engaged in breeding and racing harness horses, he gave up the gallopers and has since devoted his abilities to handling the reins from the sulky seat.

Last week the family management of McKinley came very near coming to an end. The youthful driver's fame has spread beyond the confines of the state of Michigan and had reached the ears of C. G. K. Billings, the multimillionaire owner of race horses, whose string is headed by Little Boy, 2:01 1-2, the world's pacing champion to wagon. Mr. Billings offered Johnny Boone a princely salary to become his second trainer and naturally it opened the eyes of the youth. His father had a hard time to induce him to turn down the offer and it is said the only reason he did so was that he is a dutiful son."

### It Wasn't Art Drinkwater Though.

He was a very fair sample of the quiet, steady country delegate to a state convention and he had on his store clothes. It is not know how long he had been in Grand Rapids, but it was plain to be seen that he was worried and puzzled. He wandered into The Press office this forenoon and looked around hesitatingly. "Can you tell me," he asked, "where this state convention is being held today?"

"What convention?" was asked. "Why, the Republican convention to nominate a justice of the Supreme court," he answered. "I am a delegate to the convention and read in my weekly paper that the convention was to be held here today. I've been looking all around and can't find a sign of my convention nor any Republicans." The visitor was informed that the convention is to be held upon Sept. 25, and he was greatly disappointed. He said his name was Drinkwater and that his home is in Hillsdale county, and he had come here purposely to attend the convention. He did not say whether he would go home to Mrs. Drinkwater or remain here until the regularly authorized time for the convention.—G. R. Press.

Hotel Macatawa closed yesterday after a fairly good season. The cold weather of June and July had a depressing effect on business but Hotel Macatawa did not feel it as much as some of the other resort hotels in Michigan as a large number of its guests return there every year regardless of weather. It is their family home for the summer. The last four weeks of the season were the best, the hotel being crowded with guests.

Not only will Holland have paved streets within a year but it is likely that a gas plant will be established. The common council at its regular meeting Tuesday night took steps to submit the matter to the people and this fall a vote will be taken on the proposition. There is a difference of opinion as to whether the gas plant should be owned by the city or by a private corporation and the council intends to give the people an opportunity to express their preference.

Within two hours last night a house in this city had been burglarized, the thieves captured and the goods recovered. City police departments will look upon that record with envy. Deputy Sheriff Dykhuis won the praise of all for his clever detective work. During the two years that Sheriff Dykhuis has filled the place he has handled very efficiently many complicated cases, but last night's little affair pretty near breaks the record for efficient work by his office.—G. The gypsy band has departed but it has left some of its good money in this city. While the strollers were camped on the north side some of them showed too great a familiarity with a flock of ducks belonging to John Burgess. Marshal Kamferbeek investigated the circumstances surrounding the disappearance of the ducks and concluding that the gypsies were the guilty parties he started in pursuit. He reached their camp about two miles from Plainwell Tuesday night about 11 o'clock and took in custody two of the wanderers who gave their names as Jones and Avonvitch. They did considerable growling while on the way to the lock up in this city and kept up the growling until they were arraigned before Justice Van Duren Thursday morning. The gypsy queen and several satellites were in court and after considerable parleying the case was settled, the gypsies agreeing to pay for the ducks and to stand the costs of the court. They made quite a display of wealth in court. Around her neck the queen wore a necklace made of ten-dollar gold pieces and one of her attendants displayed a roll of bills that looked large enough to liquidate the national debt. There must be money in their mode of business, viz: stealing ducks, trading horses, and telling fortunes.

Fik the contract for the construction of sewer on Thirteenth street, between Columbia avenue and Pine street, on Tenth street between Columbia avenue and Pine street, on River between Tenth and Twelfth streets and on Eleventh between River and Pine. There were five bids as follows: John B. Fik, \$4,565.71; C. P. Bartlett, \$4,949.91; J. B. Van Oort, \$4,847.45; Peter Van Ees, \$4,864.59; Harry Van der Veen, \$4,920.

Some of the farmers in the vicinity of Graafschap bought soap last week and now they are sorry, for the selling was done by an oily-tongued swindler who, by promising to give a valuable prize with every box of soap purchased, managed to inveigle the unsuspecting farmers into buying boxes of soap for \$5 that were really worth but \$2. He said that the prizes would follow on a large wagon drawn by four horses, but the prize wagon is like the letter that never came. They are still expecting it and in the meantime are making efforts to use the soap, but find that the quality is so poor that the task is very difficult.

It took Zeeland nearly three days to decide upon the granting of the contract for the machinery for the electric light and water plant. Representatives from six companies were on the ground looking after their bids, each claiming that his proposition was the best. The contract for the machinery was finally awarded to the Arbuckle Ryan Machinery company of Toledo, Ohio at \$14,300. The next lowest bid was that of the Electrical Equipment Co., of Chicago. During the sessions of the committee James De Young, superintendent of the electric light and water plants of this city, was called upon for advice.

In the past the people from the surrounding country who have visited the fair have done considerable shopping in Holland and in the course of their calls to business places a great number of them have gone to James A. Brouwer's furniture store. It is needless to say that from his large stock of furniture, draperies, rugs and carpets they selected goods that were suitable and bought them at prices that proved a great saving—great enough in all probability to pay their expenses to the fair. They will therefore be certain to call at Mr. Brouwer's store this year and as heretofore they will receive courteous treatment, and secure bargains. His advertisement gives a few of these bargains and it will pay to read it.

TROUBLES OF MAP-MAKING.

Although Government has been engaged in the work 20 years, it is uncompleted.

The geological survey of the United States has just issued a report showing that although 20 years has been devoted to mapping out the country the larger part of it is still unsurveyed. In some of the western sections the work is attended with the greatest difficulties and dangers. Recently a party sent to map northern Montana was obliged by the severity of the weather to climb Calf mountain no fewer than eight times—the last 1,300 feet on foot—before an opportunity was presented to get a photograph of the surrounding country. The photographic method is employed in all such wild regions. When the negatives were finally secured it was after waiting all day in a driving snowstorm. Then there was a lull of a few seconds, during which six snapshots were made. During the other seven days the snow was unrelenting.

The Kaiser's American Stocks. The German emperor is reputed to have nearly \$3,000,000 invested in Union Pacific and other American railway stocks, lately acquired; his experiences in German investments under the recent collapse of speculation and industry having proved costly to him.

## STRIKERS IN UGLY MOOD.

Violence Over a Wide Area in the Panther Creek Valley Near Shenandoah, Pa.

### TROOPS SENT TO STOP DISTURBANCE.

Orders Issued by Gen. Gobin to Shoot Persons Who Throw Stones and Other Missiles—Strikers and Soldiers Clash at Tamaqua—Appeal to President to Try and End Strike.

Shenandoah, Pa., Aug. 28.—Violence over a wide area in the Panther Creek valley resulted in a call for more troops to the scene of the anthracite coal strike. Trolley poles were chopped down, nonunion men who had been brought into the region to take the places of the strikers were threatened and the military officers on the scene reported that their forces were inadequate to control the situation. Gen. Gobin, therefore, telegraphed to Gov. Stone for additional soldiers, and they were sent.

**Will Be Shot Down.** Philadelphia, Aug. 30.—Having exhausted every other means for preserving peace and in protecting the nonunion men from violence on their

way to and from the mines, Brig. Gen. Gobin, in command of the troops now in the coal fields, has issued an order that the soldiers shall shoot any person detected in throwing stones or other missiles, and that if any mob resists the authority of the troops that they shall freely use their bayonets and butts.

### Strikers and Troops Clash.

Tamaqua, Pa., Aug. 30.—In an encounter between troops and strikers at Lansford Friday morning Capt. W. H. Heim, of company K, Twelfth regiment, was slightly injured. A half dozen strikers were bayoneted by the soldiers as a result of the fracas. Maj. Gearhart, in command of the troops here, says that he will appeal to the military authorities to put the town of Lansford under martial law.

### Appeal to the President.

Wilkesbarre, Pa., Aug. 30.—The Public Alliance, of this city, which has been endeavoring to bring about a settlement of the coal strike in the interests of the business men of the anthracite region, has sent an appeal to President Roosevelt, which says in part:

"Representing the interests and sentiment of nine-tenths of our people, we appeal to you to use your influence to stay the juggernaut which crushes us. Encouraged by your recent utterances, relying upon your judgment and patriotism, confident of your moral courage, we appeal from the king of trusts to the president of the people."

### Mines on Fire.

Bramwell, W. Va., Sept. 3.—The great mines of the Pocahontas Coal-heries company are on fire. Tuesday morning strikers applied the torch to various portions of the mine near the west entrance, which is on the Virginia side and the mine is now said to be burning furiously. The guards and strikers fired volley after volley at each other, but at this hour it is not known whether any one was killed. The governor of Virginia will be appealed to to send troops to Pocahontas at once.

### Says There Is No Change.

Wilkesbarre, Pa., Sept. 3.—President Mitchell, of the United Mine Workers, returned from Philadelphia Tuesday night. He said so far as he was aware there was no change in the strike situation. The miners were as determined as ever and did not propose to work until the operators granted their demands or agreed to arbitration. Mr. Mitchell said he placed no credence in the reports that certain mines were in operation and were turning out a large amount of coal for the market.

### Canadian Village Burned.

Montreal, Sept. 2.—Dispatches received here report the destruction of the village of La Belle, Quebec. The loss is estimated at \$40,000.

## TOILERS IN PARADE.

Labor Day Very Generally Observed in Many Cities and Towns in the United States.

Washington, Sept. 2.—Labor day was observed here with the quietude of a Sunday. All the executive departments were closed and business generally was suspended. Following the precedent established a few years ago, there was no public demonstration and the day was celebrated as a holiday dedicated to rest and recreation. It was an ideal summer day and many sought the resorts on the banks of the Potomac or in the suburbs of Washington. Chicago, Sept. 2.—It required longer than four hours for the Labor day parade to pass the reviewing stand at the Auditorium hotel. The number of men in line was variously estimated at from 40,000 to 50,000. The Teamsters' National union, the largest organization in the procession, was an hour in passing. Two hundred and twenty-one local unions marched. A box four feet by three by three was carried to hold contributions for the striking miners. When the squad guarding it reached the Auditorium there was enough money to cover the bottom of the receptacle. When it had passed the hostelry the box was half full of money.

Labor day celebrations of note are reported from New York, Detroit, Wilkesbarre, Pa.; Scranton, Pa.;
