WOODEN-SHOES ARE STILL IN STYLE

**HOLLAND MAN GETS ORDER FOR
50,000 PAIRS OF WOODEN SHOES
FOR BELGIUM.**

Joseph Rowan who is in the wooden shoe business in this city recently received an order for 50,000 pairs of wooden shoes to be used by the Belgian soldiers. The order was given by the Belgian Consul in a letter addressed to Mr. Rowan. This wooden shoe factory has also received orders from the Woolworth 5 and 10 cent stores for 10,000 small ornamental wooden shoes.

Mr. Rowan was compelled to refuse the Belgian order as he did not have the facilities to turn out so large an order on such short notice. The shoes for the army are used in the trenches in places where it is very damp and muddy.

HOLLAND STILL LEADS LEAGUE.

The Holland Independents were defeated Saturday afternoon by a score of 5 to 3 when the Fennville team sprung a surprise and substituted a new pitcher. Babe Woldring held the visitors after they had made five runs off of Bateman in the first three innings. Holland still leads the league.

The Zeeland Independents defeated the Douglas team 5 to 2 in a hard fight at Zeeland.

LABOR DAY AT AT JENISON PARK

Last Celebration This Season At This Popular Resort.

Jenison Park is to witness an afternoon of speed and novelty canoeing Labor Day, if plans made by the management with the Grand Rapids Boat and Canoe crews are favored by the Weather Man.

A tight race is promised in the single paddle event as four men who have won this race in various regattas this season are expected to go after each other for the Black Lake medal. These are Fred Lyon, winner of the Club championship last Saturday, Herbert Conlon who won against Chicago at White Lake, Paul Sergeant who is Junior single champion, and Schurman, who defeated Detroit for the Grand Rapids club in July.

In novelty numbers the "Aeroplane Glide, around a buoy and back without a paddle, the crab race also without paddle, and the live duck hunt will furnish excitement and the number of spills that are necessary to embellish these comedy contests. Ten entries are promised in most of the races, and there will be a Water Polo game, played by teams of five single canoeists. The program includes also the tail-end race, Tandem Canoe, four paddle canoe and tilting contests. Bands and other attractions also will be on hand during Labor Day.

PROSPECT OF A LARGE ATTENDANCE AT HOPE COLLEGE IS MOST PROMISING.

The exercises that mark the opening of Hope College and Preparatory School for the year 1915-'16, will be held in Winants Chapel at 9 o'clock Wednesday morning September 15th. Students, graduates and friends of the institution are very cordially invited to be present.

From 9 to 12 o'clock of Tuesday, September 14th, new students will report at Graves Hall for the purpose of enrollment. Those who have successfully passed the eighth grade examinations in the public schools will be admitted to the Preparatory School upon presentation of certificate. Those who can present diploma of graduation from an accredited High school or academy will be admitted to the college. Those who cannot present such proof of advancement are admitted upon examination of their standings and will be classified accordingly. The prospects of a large attendance is most promising.

Band concert tonight in Centennial Park.

OLD BASKET FACTORY THING OF THE PAST

**BIG PROPERTIES WILL BE SOLD
AT PUBLIC AUCTION**

**C. L. King & Co., Site Will Go Under
The Hammer**

Attorney Geo. E. Kollen before leaving for Columbus, O., last night, gave out the information that the lands, goods and chattels of C. L. King & Co. will be sold under the hammer on Oct. 26, at 3 o'clock in the afternoon.

The sale will be made in favor of Henry Pelgrim, sr., who is receiver for C. L. King & Co. The Eastern Basket & Veneer Co., an eastern concern is involved in the transaction. The matter has been in the courts for a considerable length of time and this seems to be the winding up of the C. L. King & Co., matter.

The closing of this once prosperous company which has made several men rich was not alone due to bad financing. It again goes to show that Michigan timber is a thing of the past. When the factory first started in Holland, some 30 odd years ago, considerable timber was still to be had in the vicinity of Holland. After this supply had been depleted, large amounts of timber could still be secured a short ways north of us, being close to Holland freight rates were low, owing to the short haul. But soon this avenue of supply was no longer available and logs had to come from a greater distance, until gradually the freight rates became so exorbitant that it was impractical to get the supply by rail and thus gradually like the old lumber mills a thriving, humming, busy industry, became a thing of the past.

Miss Jane Tilt Entertains Party of Little Friends Yesterday.

Miss Jane Tilt, daughter of Mr. and Mrs. James Tilt, entertained nine girl friends at her home 113 West 11th St., in commemoration of her 7th birthday yesterday afternoon. The afternoon was pleasantly spent. Refreshments were served on the porch which was beautifully decorated in pink and white. A group picture was taken of the party. The out-of-town guests were Miss Vivian Rudolph of Grand Rapids and Miss Jean Calwallier of Owosso.

**ESTIMATED PRODUCTION WILL
BE 40,000 BAGS MORE THAN
IN 1914**

Strength of Stock Due to the Prospective Profits and Tariff Action.

American beet sugar production for the slicing season which started two weeks ago is expected to reach a total of 1,750,000 bags. This is a slight increase of only 40,000 bags, or 4,000,000 pounds over the output for the 1914 campaign. It is not any prospective large increase in output which is back of the persistent market strength in American beet sugar's \$15,000,000 common. This strength is based on the reasonable expectation of large profits. During its 1914-15 fiscal year the company received a fraction over four cents per pound for its sugar sold and only 3.8 cents in 1913. This year a conservative average price would mean, applied to sales of 175,000,000 pounds of sugar, an increase in profits equal to better than 11 per cent on the common stock. On this basis the company should earn somewhere between 18 per cent and 20 per cent on its common upon which dividends have not been paid since 1913.

Another factor of strength in American beet sugar and for that matter in all the beet stocks is the possibility that a democratic congress will retain some duty on sugar. If the democrats do this it will not be for love of Louisiana or the beet companies, but because they need the money. It is gossiped that a duty of 3-4 of 1 cent per pound may be retained on sugar.

It is interesting to note that while there is a probable increase between 15 per cent and 20 per cent in the nation's beet crop this year, American beet sugar has an anticipated increase of less than 3 per cent. All of the company's factories will probably operate this season except the plant at Las Animas, Colorado.

CANOEING ON BLACK LAKE

Problem: Take a canoe out into Black Lake, turn a buoy and race back to the starting point, without sail or paddle.

That is the aeroplane glide that is one of the interesting feature events to be staged at Jenison Park on Labor Day. A crew of 15 adept paddlers from the Grand Rapids Boat and Canoe club will indulge in a post-season regatta to show the resorters a couple of new stunts, this glide and Water Polo, in which five men duplicate the tactics of hockey, shooting a cork ball from goal to goal with paddles.

An afternoon's program of water sport has been scheduled, and handsome gold medals will be awarded for the full list of races.

The bantam four-paddle crew at Grand Rapids which won the Baxter trophy after two fast heats at the championship regatta last Saturday, will race new crews recruited from the ranks of oarsmen who were entered in other events that day, so there will be excitement ahead for the spectators. Bands and other attractions will also be on hand all day Labor day.

ANOTHER SIDE WALK TO FAIR GROUND

**COUNCIL ASKS BOARD OF PUBLIC
WORKS FOR TOO MUCH**

Mayor Bosch Has a Message on Road Rollers.

Several important matters were brought up at an extra long session of the common council held last night. Alderman Congleton and Alderman Drinkwater were not present at the meeting.

**WILL BUILD WALK IN SPITE OF
PROTEST.**

The council after considerable arguing decided not to revoke the order passed at the last session of the council to construct a sidewalk on Sixteenth street between Lincoln and Fairbanks Avenue. The property owners along this street protested against the construction of the walk on the grounds that they could not make payments. Mayor Bosch stated that they were getting the road along there free and that they should not kick against paying for the walk. He suggested giving the people who wished time 5 years to pay for the walk. Alderman Vander Ven and Alderman Kammeraad wished to have the matter referred back to the committee but the mayor, aldermen said that the walk was necessary because it led to the fairgrounds and cemetery. When Alderman Prins made the motion that those who were not able to pay for the walk now be given five years in which to make payments, the motion carried unanimously.

WANT WIRING UNDERGROUND.

The residents along Fairbanks avenue last night petitioned the council to have the Holland Interurban company take down the high tension wires along the track at the foot of Fairbanks avenue and put the wiring underground. The wire has broken at this place several times endangering lives. The matter was referred to the City Attorney and the street committee.

**CITY WILL KEEP BOTH ROLLERS
—HAVE HEATED DISCUSSION**

Mayor Bosch last night delivered a message to the council on street building and the need of two rollers that started a lively discussion on the question. The Mayor's message is as follows:

Holland, Mich., Sept. 1, 1915.
To the Honorable, the Common Council of the City of Holland.

Gentlemen:—

In view of the fact that the season is now beginning on its last run, and what is to be done on our streets must be done soon, if it is to be done this year, it seems to me that I should at this time say a few words with reference to our streets. In the first place I feel that the Council and the City is to be congratulated on the kind of road repair work that we have done during the past two seasons, as our streets are in better condition, and show up for more wear than ever in the experience of our city. This demonstrates that the proper policy of street repair work has been adopted, and that it is entirely practicable, and will give a street a maximum of wearing quality.

Secondly, if this sort of construction is feasible for repair work, then a street built upon such a plan, from the bottom up, should be entirely adequate for our city, in its general use of streets. In as much as west 18th St. is sought to be improved, it would seem to me that it would be desirable and good business judgment to build that street along lines similar to the repair work we have done, and build it from the bottom up, as such a stone street should be constructed. I trust that when that question comes up that the council will see that this is done. If that will give as good a street as we have every reason to expect then the time for high priced and expensive pavements in our resident sections will be past, and it will be much easier to secure the consent of property owners to a plan of street improvement.

Thirdly, There has been some criticism of the renting of the county roller. I have investigated this matter, and wish to say the city has pursued the right course in renting and using this roller. We had a large amount of street work to do, and still have considerable of it, and we cannot do it properly with the use of the city roller only. In addition to this, the city and the Township are co-operating in the building of East 16th St., to the Fair Grounds, and if this street is to be available for traffic for the fair this year that work must be done without any delay, and that is being done, and the other city work should not and is not allowed to suffer therefrom. This is only possible by a continued use of the county roller for the time being, and has my fullest approval.

I sincerely believe that if we will continue this plan of street building instead of street patching that we will have better streets at a less cost than has been possible for a long time past.

Respectfully submitted,
NICODEMUS BOSCH,
Mayor.

After the message had been read Mayor Bosch stated that he had submitted this message because of the numerous complaints that had come to him against the city hiring the county road roller in addition to the city roller in use on the city streets. His call for remarks brought Ald. Slagh to his feet.

Alderman Slagh said that the street fund was now overdraw and that if the present rate of street building is

HOLLAND TOWN.

The house of Richard Naberhuis, 4 miles north of Holland was burned to the ground Tuesday and the wife and two children had a very narrow escape from being burned to death.

The fire it is said started from the kerosene stove and before help from the neighbors could arrive the house was in flames from every side.

Nothing was saved from the burning building. The loss on the house and contents is estimated at \$1500.00 with \$600.00 insurance. The daughter of Mr. Bazana was the first to discover the fire and gave the alarm to the mother and children in the burning building.

Peter McCarthy, proprietor of the Olympic pavilion at Jensen Park was arrested Saturday on complaint of Gerrit J. Duer, a member of the Holland township board, on a charge of keeping his bar open until after nine o'clock. Mr. McCarthy waived examination when arraigned before Justice Miles and he was bound over to circuit court for trial. Bonds fixed at \$300 were furnished by Mr. McCarthy.

When arraigned Saturday Peter McCarthy told Justice Miles that defense would be that he had permission from the Holland township board to keep his bar and pavilion open until 11 o'clock nights. Although the state law designates the closing hour as 9 o'clock the township board has the power to extend that time if they wish and Mr. McCarthy claims that in this case they did this. He said that when he first took out his bonds he asked the board for permission to stay open nights until ten thirty and that the board gave him permission to remain open until 11 o'clock.

On the other hand Mr. Duer who was not a member of the township board at the time Mr. McCarthy furnished his liquor bonds and commenced business, claims that Mr. McCarthy was given no such permission. Mr. Duer said he could find nothing on the records giving Mr. McCarthy this permission. Justice Miles called up John Y. Huizenga, another member of the board, by telephone and Mr. Huizenga also asserts that permission was not given Mr. McCarthy to stay open later than nine o'clock.

Mr. McCarthy has been keeping his place of business open until eleven o'clock at night all during the summer and he has never received a complaint against this until his arrest according to his story Saturday morning.

The case when argued in circuit court is expected to simmer down to the word of Peter McCarthy, others in attendance at the board meeting and members of the township board against the word of other members of the board. Other members of the board say that Mr. McCarthy is right in his statement.

It was just a year ago Friday that John J. Rutgers, East Eighth Street clothing merchant, and family, figured in what came near being a fatal automobile accident in Chicago. While Mr. Rutgers and family were crossing several railroad tracks they were struck by an Illinois Central locomotive and their automobile was completely demolished. Mrs. Rutgers, who came within an ace of being killed in the accident was caught on the front part of the locomotive and carried some distance.

Mrs. Rutgers was given excellent care in the Mercy hospital at Chicago and she is now exceptionally well and again in good health. The Illinois Central Co., made a complete settlement to the satisfaction of Mr. Rutgers.

HAMILTON

Farmers from Hamilton say that a great many patches of cucumbers that were on the low lands were killed by the frost last week. The beans were not damaged much for they are coming in in large hayrack loads and some farmers have already taken a hundred bushels to the factory. Nearly every woman in Hamilton is employed in the factory. Last Saturday there were 52 women snapping beans.

A. VISSCHER AND FAMILY RETURN FROM CALIFORNIA

Had a Great Trip Coming Back Through Canada from British Columbia

Mr. and Mrs. A. Visscher and daughter Anna returned from a five-weeks' tour to the Pacific Coast and report an enjoyable besides a very instructive trip. The Visschers took the Rio Grande route going by way of the Royal Gorge one of the most beautiful scenic routes in the U. S. They visited Denver and Salt Lake City. Stopping off at the Mormon town they saw the temple and attended one of the services in the large auditorium, which has a seating capacity of 8,000 people. The acoustics of this large building are such that a pin can be heard to drop anywhere in the place thus making it a very fine edifice to hear an orator deliver a lecture. One of the largest pipe organs in the world is also stationed in this building. From Salt Lake City they visited Los Angeles and Pasadena, Calif. At the latter place Mr. Visscher attended a convention of the Commercial law league of which the Holland attorney is a member. Both fairs were taken in which by the way, is only an incident in the trip, said Mr. Visscher as the great west is far more wonderful. From San Francisco their trip took them to Portland, Oregon and Seattle, Washington. In Seattle they met many Holland people among them being John Vaupel, Marius Kanters and Hain Te Roller. In fact the Visscher family attended the wedding of one of the daughters of Mr. and Mrs. Hain Te Roller. The big tree in California, so often spoken of as one of the seven wonders of the world, was also one of the sights beheld by the Visschers.

Going farther north their itinerary brought them to Victoria, Vancouver in British Columbia, where the scenery is said to be as beautiful as any in the world. Coming home through Canada on the Canadian Pacific, Mr. Visscher said that the thing that struck him as forcefully as anything on the trip was the immense fields of wheat and oats in Canada. For hundreds of miles the train would pass through nothing but grain fields which continued as far as the eye could see. Mr. and Mrs. Visscher and daughter returned by Chicago boat yesterday morning by way of St. Paul.

The Clerk Guaranteed It

"A customer came into my store the other day and said to one of my clerks, 'have you anything that will cure diarrhoea?' and my clerk went and got him bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'if this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured," writes J. H. Berry & Co., Salt Creek, Va. Obtainable everywhere.—Adv.

County Clerk Glerum Has Sudden Rush for Licenses Tuesday; Indications for Fowl Said to be Not the Best

Yesterday was the first day of the duck hunting season. A half hour before daylight the crack of the gun ushered in the sport for this year and not until a half hour after sundown will the bon barding cease. Altho the year is not regarded as a good one for the waterfowl there is an endless line of Nimrods—all readiness this morning for the day's hunt.

Thus far County Clerk Glerum has issued nearly 100 hunting licenses to Ottawa county men this summer. In two hours time yesterday there were 15 applicants for licenses. And there were many waiting their turn in the hall-way.

The change in weather is thought responsible for the sudden rush to get the official permits. All old familiar hunting grounds in this section will no doubt be scenes of many hunters and their shacks for the next few weeks.

Biliousness and Constipation

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes "About a year ago I used two bottles of Chamberlain's Tablets, and they cured me of biliousness and constipation." Obtainable everywhere.

Worth Their Weight in Gold

"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold", writes Miss Clara A. Driggs, Elba, N. Y. Obtainable everywhere.

WHEN THE ALPENA WAS WRECKED

HAS STORY OF WRECK PRINTED, FRAMED AND PLACED WITH MEMENTOS.

Piano From Goodrich Side Wheeler Came Ashore at Alpena Beach Right Side Up.

There are many things to see at the George Getz' Lakewood Farm, but the latest thing to be added to the catalogue of attractions are relics from the ill-fated Steamer Alpena. So much has been heard of Lakewood Farm, Lakewood Road, Lakewood stock, boat houses, school and what not that Alpena Beach has practically dwindled into oblivion.

George Getz, however, was again thoughtful as to this. Knowing that his farm bordered the beach upon which the old side-wheeler met its fate and that his bathing beach is the same beach upon which the wild waves cast the wreckage, that the same sandy shore which bears the name Alpena is his, this has not been lost sight of by him. He is now gathering together what relics he can find of the old steamboat and has made a suitable place for them in one of the numerous buildings that are on his estate. To start with he has secured the sign board formerly owned by C. Blom, Sr., of this city. This sign board was conspicuously placed over the door of the pilot house. He also has one of the ventilators from the main saloon and some other parts of the steamer that went down in the terrible storm on Oct. 20, 1880. Having secured the mementos, Mr. Getz also secured the story of the wreck. This he obtained from the files of the Holland City News and he has had it printed and framed and it is now with the relics of the Alpena.

The story of the Alpena is always interesting to both young and old and we reprint it as it appeared in the News of that date.

The story follows:
Alpena Sank Off Holland Is Presumed But Nobody Knows.

When the Alpena went down, on October 20, 1880, about seventy men, women and children, who comprised the list of passengers and crew went down with it. It was for this reason that the people of Grand Haven especially, on which city the blow fell most heavily, this disaster looms up as one of the greatest calamities in the marine history of this state. Not a soul was saved.

The steamer Alpena was one of the finest, and she was certainly the fastest boat of the Goodrich Transportation company. She left Grand Haven for Chicago on Friday evening about 9:20 p. m. The steamer left Grand Haven while the weather was beautiful but the barometer predicted a violent storm and the storm signals were out. She was met on her way by the steamer Muskegon at about 1 o'clock in the morning, all right and steering her course. Perhaps the worst gale that ever swept over Lake Michigan struck her about 3 o'clock on Saturday morning or a few minutes thereafter. Subsequent events showed that she or any other craft could not keep her course in the face of such a hurricane. She was seen at six, seven and eight o'clock by the schooner Irish, and also by Capt. George Boomsliuter, of the barge City of Grand Haven, off Kenosha, at an estimated distance of about 35 miles from the west shore laboring heavily to crawl to the windward.

She was seen later in the same locality by the other vessel captains, one of whom reported that she was lying on her side, with but one of her paddles in the water. This would indicate that the cargo had shifted, and thus became unmanageable.

She must have drifted the rest of the day and was perhaps until Sunday morning at the mercy of the wind and waves and drifted well over to this shore—say 15 or 20 miles—when the wind shifted westward or nearly northwest and brought the debris of the wreck on our beach. Among the articles picked up on the shore north of the harbor (now Alpena Beach) during the week was part of the pilot house, signboard, ventilators, chairs and the grand piano. This musical instrument was east up on the level sandy beach and was standing right side up on all three when discovered the next morning.

No one who has ever sailed the great lakes can get away from the charm of "a life on the ocean wave" and the romance that teems with incident and adventures. Scenes have been enacted on its bosom that the wildest imaginings of Stevenson and Cooper do not surpass. And such a tragedy as the last of the Alpena is but one of the chapters in the story of man's defiance of old Lake Michigan's fury, ever since La Salle made his first trip in a birch bark canoe along the long stretches of wood-fringed shore.—H. C. N., 1880.

HOLLAND GAS MAN HAS GREAT NAME.

Blaine Gavett Says In Name He Is Just Creature of Politics

Blaine Gavett, who is identified with the Holland Gas Co., is named after James G. Blaine and he tells the following story to verify it:

"Yes, I am the creature of politics, so far as my name goes," admitted Blaine Gavett, secretary of the American Public Utilities company, Michigan Trust building Monday.

"Back in the year when James G. Blaine was the Republican idol and was first nominated for the presidency, I was born. My father was a delegate to the convention. He was a great admirer of the man from Maine and when Colonel Robert G. Ingersoll got off 'the plumed knight' speech there was nothing to it but that father must name me Blaine.

"It was two weeks old when he returned from the convention, which was held at Cincinnati, and he announced at once that it was 'Blaine' for me. Mother and other members of the family had selected 'Henry Wilson' for my name and they undertook to get a compromise out of father at 'Henry Wilson Blaine,' but no it was just plain 'Blaine' and so it went.

LOCAL PEOPLE INTERESTED IN WORK BEING DONE ON THE ALPENA ROAD.

Road That Holland Men Put Money Into Thought to Be the Road of the Future.

Work on the concrete road just outside of Holland, under the supervision of Contractors Dyke & Oosting is progressing rapidly. This road will eventually connect Holland with Lakewood farm and the farmers and resorts along the north side of the lake. The sum of \$3,000 subscribed by Holland men, Mr. Getz and Mr. Golds with the sum spent on this road by the Ottawa road commissioners will build a probable a little more than three miles at present but it will be the concerted effort of Holland and resort boosters to finish this highway within the next couple of years.

The construction of this road is of considerable interest to the people of Holland as this is the only concrete highway under construction in this part of the county and because as Road Commissioner Connelly said at the meeting at Lakewood farm each person from this city that made a donation toward the build of the road owned a certain part of it. The cost of construction is \$25 per square yard and the Holland men can go out and measure off what they own when the road is completed.

The force of men now at work on the Alpena road are capable of constructing a couple of hundred feet daily and at this rate the road will be in first class condition before snow flies.

This concrete highway is in the nature of an experiment with people in this part of the county. Good roads workers have stated that the cost of a concrete highway though seemingly much higher than the cost of a gravel or stone road is in fact much cheaper. The cost of construction considering the state reward for the different kinds of roads brings the cost of a concrete highway only about \$500 per mile more than the gravel road. The concrete road will not require any repairs for at least ten years and the gravel roads will require several rebuildings in that time.

"Perhaps in the years to come," Mr. Connelly said Saturday morning, "something will turn up superior to concrete and cheaper. But it isn't in sight today. Properly constructed I believe that a concrete highway will last several life times. We must pay heed to its construction. We must reckon with drainage, and frost and many other things. But properly laid I believe that a concrete road is today king of them all."

MISS RUTH PIETERS SUFFERS A COLLAPSE AFTER WHAT WAS THOUGHT A SUCCESSFUL OPERATION.

Is Daughter of The Rev. and Mrs. A. Pieters; Graduated From Hope College Last June.

Word was received Tuesday that Miss Ruth Pieters, aged 22 years, passed away suddenly Monday night at Dr. Peterson's private hospital, Ann Arbor, where she underwent an operation Monday. Mrs. Pieters was with her daughter in Ann Arbor. The operation was reported as very successful and the crisis was believed to be safely passed when a sudden collapse, presumably due to heart failure, proved fatal.

Miss Pieters, who is the eldest daughter of Rev. and Mrs. A. Pieters, was born December 18, 1893, in Nagasaki, Japan. She graduated from Hope College with the class of 1915, and in her association with her college mates, proved herself an inspiring example of consecrated Christian womanhood. She was closely affiliated with the Young Women's Christian Association and with the other activities of the college, in which she took a deep interest.

Last spring Miss Pieters was chosen as instructor in the Northwestern Classical academy in Orange City, Ia., and was to have set out for her destination within a few weeks.

The funeral of Miss Ruth Pieters will take place at 2 o'clock from the home of John Kollen, 174 W. 15th St. Rev. A. Vennema of Hope College and Dr. E. J. Blekkink of the Seminary will officiate at the home and opportunity to see the remains were given on Wednesday evening from 8 until 9 o'clock, this morning from ten to eleven. The pall bearers were selected from her class-mates who graduated last June. They are John Veltman, Marion Gonselink, Leon C. Bosch, John J. De Bore, Leonard Yntema and John Van der Werf.

MRS. DICK PYLE OF ZEELAND IS DEAD AS RESULT OF STROKE RECEIVED RECENTLY

Mrs. Dirk Pyl passed away at her home northwest of this city early Thursday morning as a result of a stroke of apoplexy which she suffered while attending the funeral of her sister-in-law, Miss Helen Pyl, last week Tuesday afternoon, effecting her mind. Her condition became gradually worse and although her death came as a shock to the community, the family was more or less prepared for it. She attained the age of 51 years and 8 days and is survived by a husband and one daughter, Mrs. Frances Kuipers of Noordeloos, and three sons, Albert, William and George, staying at home; besides three brothers, Arie Van Hees of Holland and Bert Van Hees of Alabama, and one sister, Mrs. Joe Meeuwse of this place. The funeral was held Saturday at 12:30 from the home and 1:30 from the First Reformed church, Rev. P. P. Cheff officiated.

To the Public
"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Withersall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere.

None Equal to Chamberlain's
"I have tried most all of the cough cures and find that there is none that equal Chamberlain's Cough Remedy. It has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. "When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. Obtainable everywhere."

MR. AND MRS. HENRY TUURLING ARE YOUNG AGAIN FOR ANNIVERSARY

Some Forty Guests Gather For Evening Of Enjoyment—Small Boys Think It Is a Wedding.

Mr. and Mrs. Henry Tuurling felt young again for a day at least and in celebrating their golden wedding anniversary at their home, 249 E. Eleventh street they had as good a time and the entertainment was similar to their first wedding night when guests assembled Mr. Tuurling is 73 years of age and Mrs. Tuurling is 68 years of age. Even the little youngsters came around with their tin pans and plenty of noise and they were given ice cream.

Mr. and Mrs. Tuurling's grand-daughter, Miss Henrietta Bosma baked the wedding cake and assisted by Miss Helene Bosma she presided as hostess. Mrs. Mary Ayers, Mrs. Herman Shumaker and Mrs. Dunawin acted as assistant cooks.

The bride was dressed in silver gray and the groom was dressed in black. The rooms were decorated with golden glow lilies and tiger lilies. The veranda was decorated with bunting. There was an arch of flags over the walk and Japanese lanterns were strung around the yard.

Mr. and Mrs. Tuurling received many beautiful and useful gifts. The following guests were present:

Mr. and Mrs. John Otton, Mrs. Joe Randall, sister of the groom from Saugatuck; Mr. Henry Tuurling, Jr., from Ferrisburgh, Mich.; Mr. and Mrs. Okko Bosman, Mr. and Mrs. Herman Shumaker and child Henrietta; Helena, Fred, Minnie, Carrie, Christiana, Henry John, Bertha, Benjamin Bosma; Mr. and Mrs. Ben Walter and Mr. and Mrs. Everett Ayers and two children from Muskegon; Mr. and Mrs. Meno Bosma, Jacob, Alice, Marguerite, Henry, Lena, William, Willhelmina Bosma, Mrs. Mary Ayers, Mr. and Mrs. Claude Dunawin, Mr. and Mrs. Albert Van Raalte, Mr. and Mrs. Luke Lugers and Henry Tuurling.

Grand Nephew of the Founder of Holland Visits Here For First Time

Mr. J. K. Van Baalen, graduate of the Theological Seminary at Kampen, the Netherlands, and now doing post-graduate work at Princeton Theological seminary where he has been honored with the assignment of a fellowship in theology, returning from his summer charge in Minnesota, stopped off in Holland to become acquainted with his relatives of the Van Raalte family. Mr. Van Baalen is a grandson of the late Prof. Brummekamp and a grand-nephew of Dr. A. C. Van Raalte. While in the city Mr. Van Baalen was the guest of Mrs. J. G. Van Putten, Prof. J. H. Kleinheksel, Mrs. C. V. R. Gilmore and other relatives and friends of Prof. Brummekamp so well known and highly esteemed by the early colonists of this city. Mr. Van Baalen has always expressed a great desire to see Holland and Hope college, the foundation of which was laid by his great-uncle, Dr. A. C. Van Raalte and this was his first visit to this city.

AUTO TRIP, LUNCHEON, SPEECHES AND ENTERTAINMENT MAKE UP EVENING OF ENJOYMENT.

The Men's and Women's Adult Bible Classes of the First Reformed church were taken to the home of Mr. and Mrs. H. J. Kooyers, just east of the city on 32nd St., Thursday night through the kindness of a number of auto owners. Though the evening was chilly yet about two hundred were present. On the spacious lawn in front of the house seats and lights had been arranged. Under the direction of Mr. A. Smeenge the president of the Mens' class, a short program was carried out. After the singing of a hymn and prayer by the pastor, the Rev. H. J. Veldman, music was rendered by a quartette.

Prof. J. E. Kuizenga of the Seminary was the orator of the evening. He spoke with conviction and power on the subject "Class Consciousness," urging upon Christian men and women the need of being Christians in very deed and truth always able and ready to The address was highly instructive and thoroughly appreciated. The teacher of the class, Rev. H. J. Veldman, spoke briefly on Class Efficiency, in his bearing upon definite results. After listening to a few more selections by the quartette the entertainment committee took charge serving what was very welcome, indeed, namely hot coffee with cake and doughnuts.

Before leaving a vote of thanks was extended to the host and hostess, to which we would like to add the cordial thanks of the classes to the men who so kindly provided autos. The evening of August 26th will long be remembered as one profitably and pleasantly spent.

Unknown Driver Clashes Into Rear of J. W. Himebaugh's Auto.

J. W. Himebaugh, manager of the Royal Theater, escaped without injury when his automobile was hit Friday by another machine. The accident happened Friday noon just as Himebaugh was turning from the park road into his yard at Central Park.

An automobile coming from behind driven by an Indiana man whose name is not known, crashed into the rear of Mr. Himebaugh's car. The rear axle of the Himebaugh car was broken.

Seven Co-eds Leave for Y. M. C. A. Conference at Lake Geneva Today

Hope College was well represented at the summer conference of the Y. M. C. A. of the middle and western states at Lake Geneva, Wis., this week. Seven co-eds from the local college left last Friday and will be gone for the next 10 days. They are the Misses Eva Leenhouts, Margaret Meyers, Gertrude Stokette, Muriel Fortuin, Henrietta Belk, and Nellie Pelgrim all of Holland, and Miss Henrietta Neerkin of Zeeland.

JAMES VANDERSLUIS DIED YESTERDAY MORNING AT HOME IN GRAND RAPIDS.

Came to Holland In 1848; Is Member of Local D. A. B. Corps; First Settler at Macatawa Park

James Vandersluis, a pioneer of Holland, veteran of the civil war and prominent Grand Rapids man died Tuesday morning at his home in Grand Rapids at the age of 74 years. Deceased is a brother of John Vandersluis and Mrs. A. Visscher of this city. John Vandersluis went to Grand Rapids yesterday morning to make the funeral arrangements.

The deceased came to Holland from the Netherlands with his parents, Mr. and Mrs. Oswald D. Vandersluis in 1848, just one year after the founding of the Holland colony by A. C. Van Raalte. Oswald D. Vandersluis, the head of the family built the first steam saw mill in Holland. It was located at the head of Black lake and later was known as the Bailey Mills. He was a member of the Board of trustees of the village, an organization which never had a legal existence, but existed some sort of supervision in the disposal of village lots after the first ploting.

Mr. James Vandersluis was educated in Holland and worked here during his early life. In 1862 he enlisted in the 22nd Michigan Infantry with Postmaster Van Schelven and other Holland citizens and he fought until the end of the Civil war. At the time of his death he was a member of the A. C. Van Raalte Post of this city.

In 1855 the family moved to Grand Rapids, where James was employed for a few years in different stores. In 1859 he began to learn the printers' trade in the office of the Daily Eagle at Grand Rapids. His printing business was interrupted by his service in the Federal army but after the war he resumed his trade on the same paper.

When in 1870 the De Grandwet was started, Mr. Roest the publisher, went to Grand Rapids for Holland printers and he engaged Mr. Vandersluis and John C. Vyn to start this paper. Working for Roest about a year he returned to work on the Eagle.

After a few years he bought the Rijshelds Banier, a Holland Republican newspaper published at Grand Rapids and he was owner of it until he was elected on the Republic ticket to a city office, remaining in the city hall four years, when a change of administration took place. Since then he worked at his trade more or less and but a few years ago he was employed as printer in the office of De Standard.

Mr. James Vandersluis was prominent in church work in Grand Rapids and he was an officer in the First Reformed church of that city for many years. For some time Mr. Vandersluis was a member of the Hope College Council.

August, 1862, just a few days after enlisting in the Federal army, Mr. Vandersluis met Miss Minnie Van Anrooy, daughter of Mr. and Mrs. John F. Van Anrooy, who came to Holland in 1847, were married by the Rev. A. C. Van Raalte at the residence of Mr. Gerrit Slenk. The couple had four children, two boys and two girls. The daughter, the Misses Rose and Francis J., are living in Grand Rapids. The sons died several years ago. The deceased is also survived by his widow who is now 75 years of age.

Mr. and Mrs. Vandersluis were among the first to build a summer home at Macatawa Park and they have spent most of their summers at Macatawa for many years. Mr. and Mrs. Vandersluis celebrated their silver and their golden wedding anniversaries at their Macatawa Park home. They made their home at Macatawa Park this summer and they returned to their home in Grand Rapids but a few days ago when Mr. Vandersluis' health failed. Mrs. Vandersluis is very ill from the shock of her husband's death.

Funeral services were held this afternoon at two o'clock from the First Reformed church of Grand Rapids. The Rev. Alexander J. Brown will officiate. Interment will take place in Grand Rapids.

HOLLAND DAY WILL BE ON WEDNESDAY AT THE HOLLAND FAIR

Auto Parade One of the Features—Concessions Are Coming In Fast

The old Holland fair grounds' pot of enthusiasm is beginning to simmer. In fact it has not entirely cooled down since last year, when Holland had the most successful Fair in its history.

See'y Orr called a meeting Tuesday evening of the managers of the different Holland factories asking them to co-operate with the association in helping to make the fair another big success.

A large representation of factory men were present at this meeting and those who could not attend wrote that they were in sympathy with the movement and whatever transpired at this gathering they were willing to abide by, giving their aid to the fullest extent. It was decided that Wednesday would be Holland day and that some of the factories would be closed all day while others agreed that they would give their men a half day off.

It was suggested that the same plan or a plan just as good or better be followed relative to the factory from which the highest percentage of employees attend the fair. Last year the Holland Furnace Co., and the Bush & Lane Piano Co. had the highest percentages and consequently the employees of these two manufacturing institutions went into the fair free. The employers and the fair association do not ask that this rule be followed again in just the same way, but request that if any of the employees of the different factories have a different suggestion to make, or can devise other plans that would suit them better, to bring their suggestions forward and the committee will go over them for the purpose of finding out whether these suggestions are better and more workable than those of last year. Now boys, bring in your suggestions.

There will also be a large automobile parade on Wednesday, Holland Day no doubt it will be longer and better than ever as Holland has increased its automobile family by a hundred or

more since last year. John J. Cappon, A. H. Landwehr, Fred Tilt, Con De Pree and Chris Becker have been appointed to look after the motor parade, and these hustlers will leave no stones unturned to make this departure an unequalled success. Chairman Cappon, will call a meeting in the near future in order to make further arrangements. The committee of factory managers will also call another meeting in the very near future at which the different suggestions for a competitive contest of ticket selling among the factory employees will be taken up.

William Orr is busy every minute in answering correspondence relative to concessions at the fair and at the rate that they are coming in concession space will be at a premium.

The concession men are applying earlier than usual this year, which goes to show that they think the Holland fair is a good one at which to ply their trade.

Abe Stephan is again putting his shoulder to the wheel and is aiding secretary Orr whenever he has a moment to spare. Last year Mr. Orr loaned his good offices to secretary Stephan, this year Mr. Stephan reciprocates by aiding Secretary Orr. This is the spirit that builds a fair, a business and a city.

CENTRAL AVE. PAVING CASE RE-OPENED, JUDGE BROWN IMPOSES STRICT CONDITIONS ON CONTRACTOR.

Case Will Come Up For Trial The Later Part of September—Holland Had Been Awarded \$5,000

The Central Avenue paving question is not yet settled by any means. Judge Brown has re-opened the case and the matter will come up for trial the latter part of September.

Considerable difficulty has been experienced in getting service on all the parties connected with the case. Suit was begun August 21, 1914, against Herman Vander Veen, the contractor, and his bondsmen. This suit was started by Arthur Van Duren who was at that time City Attorney. It was necessary that service be gotten on the principal defendant, Herman Vander Veen, but this the officers were unable to do as Mr. Vander Veen could not be found and Kent county. However, the officers secured service on Harry Vander Veen and S. A. Morman, bondsmen, both of Kent county and later on Herman Vander Veen in St. Joseph, Michigan.

When the case came up for trial for some unaccountable reason the attorneys for Van der Veen let the case go by default and the judge gave the city of Holland a judgment for the full amount of \$5,000.

However, since that time the attorneys for Vander Veen, Sybrant Visser and Leonard Verdiever, moved that the court set aside the judgment on the ground that the claim was excessive and unjust and they asked for their day in court to have the case tried up on its merits.

Judge Brown finally agreed that he would re-open the case but he did so conditionally. These conditions were as follows:

First—That the defendant pay the city of Holland \$50 to compensate it for the expenses incurred in connection with the taking of judgment at the time when the case went by default. This was done so that the city would be no money out because the attorneys for the defendants had neglected to plead their case when they were given the opportunity.

Second—That the defendants enter their plea and get the case at issue in court not later than 10 o'clock on the morning of September 6.

Third—That they agree in open court to take up the case and that the same be tried upon its merits just as soon as the court on the trial of such cases convenes, which will be the latter part of September.

WANTED IN TWO PLACES.

Charles Fass was found by Deputy Sheriff Dornbos serving time in the Kent county jail and now Mr. Fass is serving time in the Ottawa county jail.

Some time ago Peter Haven, West Eighth street, made a complaint before Justice Miles charging Charles Fass with jumping his board bill. Fass was gone and he left no clue of his whereabouts. The warrant for his arrest was turned over to deputy sheriff C. Dornbos and Mr. Dornbos conducted a quiet search for his man.

Fass was found in the Kent county jail where he was serving a 30-day sentence for assault and battery on an old man in Grand Rapids. It is a very noticeable fact that even the Christian Reformed churches are particularly interested in the Arabian Mission.

Saturday was a gala night at the Macatawa Bay Yacht club. It being the last night the members had the privilege of enjoying the music of Miss Zema Randale, pianist and Henry Hanks, drummer. Music will be furnished for private parties only hereafter. The cold weather has put a damper on the activities of the resort this year, and as result not many resorters are at the park now. With the Ottawa Beach hotel closed and many resorters having deserted their cottages for the season, the park presents a rather desolate appearance. Despite this, however, the Macatawa hotel will remain open until Sept. 15.

kept up that the city would go in the hole. He said that the taxes will be too high this year and that the city roller should be enough. He said that the street work should be spread over more time and some of the work should be left over until next year.

Mayor Bosch responded that Alderman Slagh's attitude was petty wise and foolish economy. He said that Mr. Slagh was not very steadfast in voting at one meeting to spend in the neighborhood of \$7,000 for a fire truck and at the next meeting voting against spending a little money to improve the street.

Alderman Slagh responded hotly that the mayor had stated himself as being in favor of a fire truck some time ago but backed down on the proposition.

Alderman Brower smoothed out the discussion by getting the floor. He stated that the city needs both rollers badly to get all the work mapped out down this year.

Alderman Vander Hill said that the property owners in West 18th street wish to have that road fixed up this year and both rollers will be needed there.

Mayor Bosch, Aldermen Prins and Wiersema spoke further in favor of keeping the roller.

When Ald. Prins made the motion that the street committee keep the roller as long as it was thought necessary, Ald. Slagh cast the only dissenting vote. It was brought out in the argument that the city pays \$5 per day for the county roller while it is being used and that the city does not pay for the roller the days it is standing idle. In addition to the rent it costs the city \$3 a day for a driver.

PROPOSITION TO LEND MONEY TO BOARD OF EDUCATION.

Ald. Prins introduced a proposition to the council to lend money that the Board of Public Works has on hand from the municipal light plant to the board of education at a small rate of interest so the board of education will not have to borrow from banks at the regular rate of interest each year. The resolution was adopted by the council but because of the question of legality of this transfer of public funds the matter was referred to City Attorney Mc Bride and the members of the committee on Ways and Means to determine the feasibility of the proposition. The communication introduced by Mr. Prins follows:

Holland, Mich., Aug. 31, 1915
To the Honorable, the Mayor and Common Council of the City of Holland Gentlemen:

Whereas, There is now and has for some time been a large unexpended balance in the Light Fund of the City of Holland, and which amount draws interest at a rate of 2 1/4%; and

Whereas, The Board of Education has in times past been a large borrower from our local banks at a much higher rate of interest than that received by the city from the Depository banks; and

Whereas, we are informed that the Board of Education will be called upon to borrow again in the near future; and

Whereas, We believe that the people's money should be used in a manner that will be of the greatest benefit to the people, and incidentally also to the tax payers; therefore,

We would recommend as follows:—
1. That such sum as can fairly be spared from the Light Fund, be transferred to a fund hereby created to be known as the "Light Department Sinking Fund;"

2. That if the Board of Education needs to borrow any money that the same be loaned to the said Board by the Sinking Fund Commission provided for by Charter, on the terms usually required by the local Banks, but a rate the same as the city receives from the Banks.

Respectfully submitted,
P. PRINS,
JAS. A. DRINKWATER,
ARIE VANDER HILL,

GREGORY FIDLER JUST PREACHES AND PRAYS ALL DAY NIGHT LONG IN THE COUNTY JAIL

Investigation is being made concerning Gregory Fidler, the insane man, who is held at the county jail. It has not as yet been determined whether or not Fidler has attained residence in Michigan, and is entitled to care in a Michigan institution. However, if Fidler is not taken away pretty soon, the residents in the neighborhood of the jail will have nervous prostration.

The unfortunate man preaches and prays at the top of his voice continually, and Friday night he kept both the officers at the jail awake most of the time and he could be heard out in the street at all hours of the night.

HOLLAND BREWER WINS IN COURT

Judge Cross Orders Verdict Giving a Judgment of \$47.19 Instead of \$1800.00

The case of the Northwestern Malt & Grain company against Anton Seif, sr., and Anton Seif, jr., came to a sudden ending in circuit court Friday, after the testimony of the plaintiff had been submitted. Following arguments of about an hour by the attorneys Judge Cross ordered a judgment of \$47.19 in favor of the plaintiffs. The amount for which the Seifs were being sued was about \$1800.

The case was brought for an alleged breach of contract, involving the purchase of goods by the defendants which the plaintiffs claimed was later refused. M. A. Sooy represented the plaintiff and Arthur Van Duren appeared for the defendants.

FARM AND GARDEN CROPS IN OTTAWA COUNTY HIT BY HEAVY FROST.

Damage amounting to thousands of dollars was done in northwestern and northern Michigan Friday night by the most severe and destructive August frost known to the oldest inhabitants. Ice formed on corn in the northern part of the state and this crop a month late is reported completely ruined. Losses that will be even heavier than on corn was sustained through the freezing of growing bean and pickle vines.

With three weeks of warm weather bumper bean and cucumber crops would have been harvested but Friday night's blight killed everything. The potato crop also is badly damaged. The potatoes that are fully developed will ripen but the growth of the smaller tubers has been stopped.

The highest places in that section, that generally escape frosts were hit.

Frost Friday night did considerable damage to farm and garden crops in nearly every section of Ottawa county. In the vicinity of Lake Michigan the damage was lighter, but tender garden crops suffered throughout the region.

THE BANKER AND THE FARMER

Perhaps no greater work has ever been undertaken by the bankers than that of the encouragement of agriculture along right lines. This broadening broadens the banker. It is teaching one of the field of the bankers' activity him that every step taken through his influence to improve social, moral and financial conditions in his community and the territory surrounding it, he is performing a service for his bank and for himself. It is largely this spirit which has actuated the bankers, and especially those in Michigan, in becoming so actively interested in the betterment of agricultural conditions. Even this activity opens the door to misconception and misunderstanding, and care should be taken to impress upon the farmers the fact that the bankers are not attempting to teach them how to run their farms, or dictating to them as to the methods of operations, but are merely striving to co-operate with them to the end that prosperity will ensue in which the bank will naturally participate.

If the fact that the banker is a fellow student of the farmer in the best methods of securing maximum results and permanent benefits from the soil, there is no question that a more active co-operation upon the part of the farmer will result. This is a subject well worthy of the most serious attention and has already been adopted by the bankers of Allegan county and is contemplated by the banking fraternity of Ottawa county and the effects of consistent effort along these lines will be of far-reaching importance.

WHAT MAKES THE RAIN FALL.

Rain is one of the commonest phenomena of everyday life. And yet how many men and women, a few years removed from the days of physical geography, could explain it?

People talk of wind "blowing up a rain," or "driving the clouds away," and of "cloudbursts" without any definite idea of what produces rain, or what a "cloudburst" is.

Yet the matter is simple, says the Kansas City Star. Rain depends on the fact that cold air can't hold as much moisture in solution as warm air. A cubic foot of air at 40 degrees temperature will hold 2.9 grains of water in the form of an invisible vapor. At 60 degrees the same volume of air will hold just double that amount of water vapor. If a cubic foot of air containing its full allowance of vapor at 60 degrees were to be cooled down to 40 degrees, then 2.9 grains of water would be condensed in the form of drops.

So if the air at certain locality is saturated with water vapor, and then suddenly cools, the water vapor will be condensed into cloud or rain, depending on the extent of the cooling.

How is the cooling done? Every boy who has pumped up a bicycle tire knows that his pump gets hot. The heat is produced by the condensation of air. If the air were to be rapidly expanded it would show a corresponding cooling. Now, the air near the surface of the ground bears the weight of all the atmosphere above it, and so is materially condensed. When it rises rapidly it is relieved of this pressure and expands. Experiments have shown that it cools about one degree for each 180 feet that it rises.

If a moisture-laden air current is rapidly forced upward—say by running into a heavy current of cold air—then the cooling produced by its expansion will cause clouds and rain.

Sometimes the upward movement is so rapid that the drops of water are carried along and do not fall. If this movement is suddenly checked when there is a large accumulation of the drops, the sudden downpour that follows is often referred to as a cloudburst.

Rains are the result of vast atmospheric movements which apparently are far beyond the puny power of man to direct or control.

P. M. WILL GIVE SPECIAL SERVICE TO VISITORS FROM OTHER CITIES.

EXCURSIONS FROM ALLEGAN AND GRAND HAVEN

William Orr, secretary of the Holland fair, closed a contract with the Pere Marquette R'y Saturday morning for two excursions to be run on Friday, which is city day at the Holland fair.

The two excursion trains will leave Allegan and Grand Haven at 8:30 in the morning and returning will leave Holland at 9 p. m. at night. The Allegan band will come with the Allegan excursion and the Grand Haven band will come with the Grand Haven excursion. Both bands are exceptionally fine uniformed organizations and have the musical art down fine. These bands will play at the fair all day Friday and will give band concerts on River avenue and Eighth street in the evening until train time.

Enthusiasts in both Allegan and Grand Haven promise the fair directors a record-breaking crowd, provided the weather is at all favorable.

We might mention that the new rest room is already under way and many minor improvements are constantly going on and will be until the fair opens on September 14.

CASE COMES TO CLOSE IN CIRCUIT COURT THURSDAY NIGHT AFTER ALL WEEK TRIAL

Veltman Exonerated from Charges of Son-in-Law Green

The case of Voorhees W. Green against Frank Veltman ended in circuit court Tuesday with a verdict of no cause for action. This suit arose over the claim of the plaintiff that Veltman had sold him \$7 acres of land in Oceana township for \$10,000 through misrepresentation. Green claimed the farm and the orchard was not up to Veltman's representation, and declared on the stand that the crops produced were below the figure claimed, when he bought the property.

Green was represented in court by F. C. Whitmore, a Hart attorney and Louis H. Osterhaus of Grand Haven. Diekema & Kollen of Holland appeared for Veltman. Both Green and Veltman took the stand to testify during the trial of the case and both were minutely cross examined by the opposing attorneys. The case has been running since Monday afternoon.

Mr. Veltman is the father of Mrs. William Vander Ven of this city and has the reputation in the community in which he lives as being an honorable and upright citizen. No doubt that the jury took that in consideration, as one of the jurors stated, it took five minutes to decide the equity in the case, exonerating Mr. Veltman from the accusations made by his son-in-law Mr. Green.

Attorneys Diekema & Kollen handled the case for Mr. Veltman very ably.

An incident during the trial which caused a little merriment was when Mr. Veltman admitted that he followed Roosevelt's advice in the raising a large family. The Grand Haven Tribune gave the following little story:

Admits Big Family.
Frank Veltman, the defendant in the suit of V. W. Green against Frank Veltman, evidently believes in the good old fashioned ideas. In the old days, the coming of each new child into the home was an occasion of rejoicing and the more children a family had the more they were looked up to in their community.

While under cross examination in circuit court, Attorney Whitmore for the plaintiff, was inquiring into Veltman's transactions with Green. At last in conclusion he put the question: "You are a man of considerable means, aren't you?" he asked.

The defendant's attorneys sprang to their feet and protested vigorously against the inquiry and the court sustained them. The witness did not heed his attorney's admonition not to answer, however.

"Yes," he declared, "I have a family of twelve children."

The Rev. Willis G. Hoekje To Visit Reformed Churches of Two States

Rev. Willis G. Hoekje left Saturday upon a trip in the interest of missions among the Reformed churches of Wisconsin and Minnesota. Sunday he occupied the pulpit of the Reformed church at Randolph, Wisconsin, also speaking at a mission fest at Baldwin on Tuesday, Aug. 31. From there he went to Leota and Greenleaf, Minn., returning to Holland the last of the week.

COXY SMITH WELL LIKED IN ST. JOHNS.

Cox Smith, the little Holland ball player who has made a hit with fans of independent baseball throughout the state broke his ankle and will be out of the game for the rest of the season.

Smith has been playing shortstop for the St. Johns Independents this season. He won the respect and admiration of the fans at St. Johns by his disposition and real ability as a ball player and now Smith will be taken care of. Caxy is one of the best shortstops in the state playing independent base ball and he is among the best hitters on the St. Johns team.

The St. Johns' manager notified Smith that he will be kept right along with the team for the balance of the season and that his salary will go on the same as if he was playing ball.

Smith broke his ankle while chasing a high foul off third base when he stepped on a stone.

Douglas Cooper Shop To Turn Out 25,000 This Season.

Devine Bros. Cooper shop at Douglas will turn out approximately 25,000 barrels this season to meet the demands of the fruit packers. Fruit buyers have invaded the fruit belt and many sales have been made. The Pennville Fruit company has negotiated a contract for 3,000 barrels of apples at from \$3 to \$3.25 per barrel.

FIRST STATE BANK TO HAVE NEW BUILDING—A. PETERS BUYS BANK BUILDING.

New Bank Building To Be One of the Best in the City—Present Building To Be Completely Remodeled

The biggest and most important real estate deal transacted in Holland in years was put over Thursday when the First State Bank directors bought the Bosman property on the northwest corner of 8th street and Central avenue where they will put up a new building and A. Peters bought the First State bank building which will be converted into a mammoth five and ten cent store.

The complete plans for the new First State Bank building have not yet been made but it is safe to say that the building to be erected will be one of the best of its kind in the city. It is expected that the new building will be three stories high with offices on the second and third floors. The building will be located squarely on the corner. As soon as plans have been completed work on the new structure will be commenced.

A. Peters has formulated plans for the use of the present First State bank building that will completely change that corner. The new postoffice rooms and First State Bank rooms on the lower floor will be merged into one large room with big modern show windows in the front. Into this place Mr. Peters will move his five and ten cent store which is now located at 58-60 East Eighth street. The west side of the building will also be practically rebuilt to put in large show windows.

Mr. Peters will also build an addition to the present building. The addition will be in the rear and will have a frontage on Central Avenue. This part of the building will be used by Mr. Peters for his higher priced goods and bazaar on the same lines as the one now on the second floor of his present location.

Mr. Peters will commence work on the First State bank building as soon as the present postoffice rooms have been vacated for the new postoffice building and the First State bank is moved to their new quarters across the street.

MR. DORNBOS TO GIVE ALL A CHANCE TO GET HUNTER'S LICENSES.

Because deputy Game Warden Cornelius Dornbos is a busy man and is seldom very long in any one place many people have found it to be a difficult matter to secure hunting licenses. Mr. Dornbos says it just happens that whenever he is home there are no callers for hunters' licenses and as soon as he goes away from home his neighbors tell him he had a lot of callers. So that all can get licenses Mr. Dornbos has decided to keep regular office hours and Tuesday and Saturday evenings he will be at home, 61 East Eighth street until nine o'clock.

WHEN ITALY DECLARED WAR—IT WAS A WILD SCENE.

It was late Sunday afternoon. On the avenue des Champs-Elysees the people of Paris were promenading; or under the rows and rows of chestnut trees on either side of the street they were sitting on the benches or on the little iron chairs drawn into groups. Sometimes a young woman in deep mourning sat alone or accompanied by her father or his father. Little children played in the sand building houses that melted away like the grown-ups' illusions; Breton nurses in stiff lace-caps and big black silk aprons jogged the baby carriages, while the tiny mites inside, muffled in lace, slept on.

Sometimes it was a rosy-cheeked maid with a new hat and her best Sunday dress and a bunch of real flowers in her bosom who smiled up into the face of her soldier who had leave for 48 hours. They don't wear gloves, and they clasp each other's hands so tight. Often they kiss, right there in the street. I am always pleased when I see these natural young things. They are true and there is no harm, for there is nothing to cause shame.

Everywhere there are soldiers. All the wounded—and there are dozens of hospitals in this quarter—who can leave their cots come out into the air and sunshine. The sight of women and children, trees and flowers, the moving throng, make them forget the horrors that they have seen.

On the avenue was a continual stream of conveyances coming and going—rich limousines with pretty women and silk-hatted men inside, and little dogs on their hind legs looking out of the windows, with stiff blue bows on their collars and silver bells that jingled when they barked.

Swiftly passing was an auto ambulance containing 12 wounded men. It was covered with khaki-colored tenting and bore in a big white circle a red cross. Often these ambulances are marked AA—American Ambulance. We have 450 beds and they are all full. Then there were autos filled with officers; and auto trucks—you don't know what is inside them, for they are covered with tenting; and the cabs drawn by one horse driven by a fat coachman with a red face and a plug hat of white oilcloth; taxis going and coming from the Bois; little carts drawn by Shetland ponies—but always more ambulances and more wounded!

There was a tremor that ran thru the crowds just as a sudden gust of wind before a storm agitates the leaves. Every one rose to his feet and strained to see. It was a large automobile racing up the avenue decorated with two large flags—a French and an Italian—that floated and trembled in their swiftness.

Italy had declared war! She had joined the Allies. The French on every side, with hope in their voices cried "Tant mieux!" so much the better!

I stood still. It made me cold. I said to my companion, "Does it mean more killing or less?"

The next afternoon at 4 I went by subway to the Gare de Lyon to see a

part of the 10,000 Italian mobilized soldiers who work in Paris leave for Italy. I went into the station among them. There were many flags and many children and women. People tried to sing. The rich, mellow Italian voices were choked with sobs and tears. Then one would laugh and one would shout; one wide-eyed, dry-lipped would fold his arms in stoic dignity, and one would try to sing again. There were so many different ways of showing the same emotion.

I saw in 1912 the Bulgarians, the Serbians and the Greeks leave for war. In 1914, I saw the Swiss soldiers part for the front, stoic and determined. I have seen many French leave for the battlefield, stern and flower-crowned, but never were any so emotional as the Italians who left Paris. Perhaps it is because we have had 10 months of war and the terrible realities are nearer to home.

There came into the station a whole

family—three women, an old man and a little boy, accompanying a young man who was leaving with his comrades. The women cried, the old man and the little boy cried also. The young man, very pale, controlled himself. When the hour sounded for departure he kissed them all many times upon both cheeks. He wanted to speak to them, but there are moments when one cannot speak. He got into the train. The train did not start and the women sobbed in silence. The young man jumped down from the car and kissed them all again many times upon both cheeks, but he could not speak.

When the train moved slowly out of the station little children on their mothers' shoulders stretched out their arms, screaming "Papa, papa!" Women cried and strong men laid their heads upon their arms and sobbed. The tears were rolling down the cheeks of a railroad conductor who stood by my side, and he had seen many partings.

Bigger Tires At Lower Prices

Sizes 30 x 3½ and 30 x 3

This year we have added to Goodyear Small-size tires these three vast improvements:

We have added 20% to the air capacity, which means much added size. The larger a tire the more it will carry, as you know. Or the longer it will carry any certain load.

We have added 30% to the side wall strength. That's where constant bending breaks a thin-walled tire—just above the rim.

And we've improved the tire's design in new ways found to give it added strength.

Cost \$317,000

These improvements, on this year's output, will cost us \$317,000.

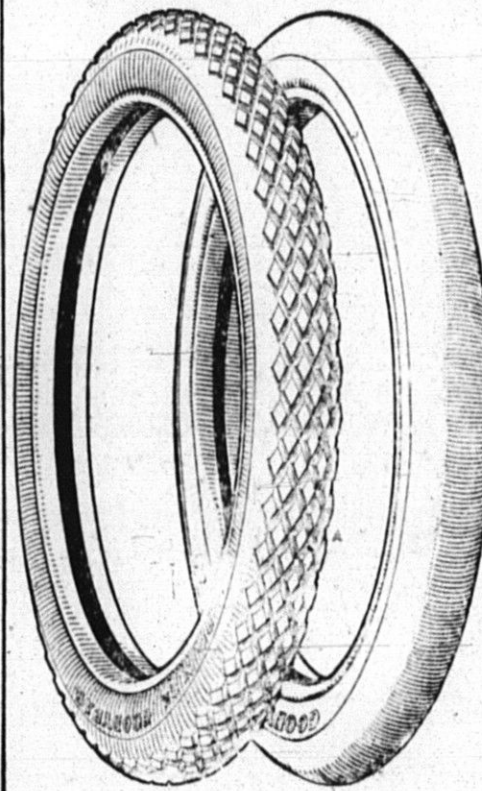

Yet this year we made another big price reduction—our third in two years, totaling 45 per cent.

Super Tires

These are Goodyear tires which we have bettered—the leading tires. They have for years, on sheer merit, outsold any other.

Now we have added extra capacity. We have added much extra strength. No other tires in the world in these sizes give such value for the money.

Be sure that you get them.

MARTIN STEGEMAN PASSED AWAY AT EDGEWATER HOSPITAL AT AGE OF 79 YEARS

Came to Holland With Early Settlers In 1847 and Made Home Here and in Allegan

Martin Stegeman, a pioneer of Holland and Allegan died at the Edgewater hospital at the age of 79 years. Mr. Stegeman has been failing in health since the middle of last May. He was taken to the Edgewater hospital the latter part of May and was there until about five weeks ago. After being out of the hospital about two weeks his condition became worse and for the past three weeks he had been cared for at the hospital.

Mr. Stegeman was born in the Netherlands in 1836. In 1847 when Mr. Stegeman was but 11 years old he came to this city with his parents with the earliest settlers. Later he went into the mercantile business in Grand Haven with his brother Albert. From Grand Haven the two brothers went to Allegan where they were engaged in the mercantile business until the big fire of 1884 that destroyed most of the business section of Allegan. This fire destroyed their store. Mr. Stegeman's uncle built a store after the fire in Allegan and later Mr. Stegeman became manager of that store which was the Grange store. In 1899 Mr. Stegeman retired from business and made his home in Allegan until the death of his wife two years ago when he came back to Holland to live.

Mr. Stegeman was married in Allegan, October 29, 1867, to Ann E. Leonard of that city.

Mr. Stegeman received his early education in Allegan and in later years he was prominent in church work having served as elder in the first Presbyterian church for 25 years.

The deceased is survived by two sons Dr. G. A. Stegeman, 182 West 15th St. and Dr. S. B. Stegeman of Onida, S. D., and one brother Gerrit Stegeman, formerly a teacher in Holland, now of San Diego, Calif.

The funeral of Martin Stegeman was held yesterday afternoon from the home of his son Dr. G. A. Stegeman, 182 W. 15th street. Dr. A. F. Bruske and the Rev. W. J. Van Kersen officiated.

Relatives in Zeeland have received news of the death in Aberdeen, Wash., of Dr. Paul Smith, 45 years old, a graduate of the University of Michigan and formerly a resident of Zeeland.

The body of Mrs. M. E. Fuller was taken to Coldwater Friday for burial at that city. Short funeral services were held from the home in East 7th St. Friday morning at 10 o'clock. The Rev. J. W. Esvelid officiated.

Miss Lena Verhoeks of Grand Haven, 54 years old died Thursday after a long illness from heart trouble.

MEMBERS OF THIRD REFORMED CHURCH HAVE AUTO RIDE, LUNCHEON AND SPEECHES

Teachers and officers of the Third Reformed church 60 strong enjoyed an auto trip and luncheon Friday evening. The party left the Third Reformed church at 6 o'clock Friday night in 13 (the number was lucky last night) automobiles. The party toured about the country for an hour and a half visiting Drenthe, Vriesland, Zeeland, Noordeloos and North Holland. At 7:30 o'clock the automobiles drew up in front of the Hotel Cafe and the party went into an elaborate luncheon furnished by H. J. Luidens, W. J. Westover and Henry Geerlings. After the feed an entertainment was enjoyed. H. J. Pelgrim proved to be a splendid toastmaster and interesting talks were given by Henry Geerlings, Dr. E. J. Blekkink, J. P. Huyser and John Vanderehuis. A male quartet furnished a few selections.

A CHANGE IN STAMPS SOON.

Many people do not know that the stamps they buy from the postoffice window vary from time to time. Of course the designs are the same, but the difference is on the other side, that is, in the glue on the back.

Sometimes a few postage stamps are placed inside a note book, where it is supposed they could not possibly stick together, and yet perhaps only a few hours later they are stuck so firmly together that they are spoiled.

Then again postage stamps are carried about for many days or weeks and they never stick together. And the explanation of this is that the stamps are probably winter stamps. This is because the government makes three brands of postage stamps, "summer, winter and intermediate." The intermediate stamps are supposed to be used during the seasons when it is neither extremely cold nor excessively hot.

This does not mean that the government printing department makes these stamps with any different design or color. The seasonal part of stamps is all in the glue of gum that is used to back them. For the summer sales the gum used is slightly harder than for the other sort. This is so it will not melt as readily with body heat or room heat and is intended to assist in preventing their sticking together.

In winter such hard gum is not necessary and again, too hard gum in the cold months will frequently crack thru the paper of the stamp, spoiling it. And so a thinner, lighter gum is used, which is more pliable, not so apt to crack with the cold and is better all around. Of course, for spring and autumn the intermediate grade of gum is used, of a consistency between the hard of summer and the thin of winter.

LADIES' AID OF TRINITY REFORMED CHURCH TO RESUME MEETINGS

The Ladies Aid Society of the Trinity Reformed church surprised their president, Mrs. George Hyma, at her place Friday night. A large number were present and as a token of appreciation they presented her with a beautiful umbrella.

Wednesday the society resumed its meeting after a six weeks' vacation. This society last year took upon themselves the burden of paying off the \$1,000 debt on the parsonage and so successful were they in their work last winter that a greater part of the sum has been paid off. The society will have no trouble in cancelling the balance of the debt this winter.

CHICAGO MAN FOUND ROAMING THE WOODS, SCANTILY CLAD.

Is Lodged in the City Jail and This Morning Relative Called For Him.

Henry Haesloop, aged 33 years, of Chicago was found Sunday morning strolling around through the woods and in the country a little east of the town hall. He was but scantily dressed, having torn off most of his clothing and he was apparently demented. About noon John Y. Huizenga's attention was called to the queer acting, nature garbed man and he notified deputy Sheriff Dornbos. Mr. Dornbos found the man and took him to the city jail.

From a card found in the pocket of his clothing, it was learned that Mr. Haesloop was from Chicago and that he is a member of the Royal League. County Poor Commissioner W. O. Van Eyck notified the Chicago police to hunt up Haesloop's relatives. Later Sunday Chief of Police Van Ry was asked by Allegan authorities if he had seen or heard of Henry Haesloop around here.

Monday morning Thos. Conroy of Chicago, a brother-in-law called for Mr. Haesloop and took him to Chicago with him.

Mr. Haesloop left Allegan Saturday morning where he had been visiting with his mother and sister. It seems that he is subject to fits and loss of memory. He doesn't remember how he got to Holland, whether he took the train or walked, he does not know where he spent Saturday night or anything of what he did since he left Allegan. This morning he was much improved and commenced to realize where he was.

GAME WARDEN SENDS DON'T LIST FOR PERUSAL OF THE NIMRODS

Sportsmen Are Advised to Carry a Copy of Laws in His Pocket and Obey the Law.

Charles K. Hoyt, chief clerk of the state game warden's department, who has been connected with the department for many years, gave to the hunters of Michigan a few timely suggestions that may be well observed. One particular point in the many "don'ts" that Mr. Hoyt embodies in his warnings is "Don't try to inform anyone what the law is unless you know, as it may get the informed in wrong."

"Don't violate any of the game and fish laws and then blame the officer who arrested you for doing it. Be a sport, says Hoyt.

There are innumerable laws in Michigan governing hunting and fishing and the average hunter and fisherman out of necessity would have to carry a copy of the compiled statutes along with him if he would keep within the law at all times. However, by pasting the following "don'ts" compiled by Mr. Hoyt, in your hat you can at least keep out of trouble.

Many Don'ts for Hunters.
Don't hunt or attempt to hunt ducks or waterfowl before sunrise of Sept. 1. Don't hunt partridge or rabbits before Oct. 1.

Don't kill or hunt wood duck at any time before 1918.

Don't hunt or attempt to hunt without first securing a license to do so.

Don't permit your minor children under 17 years of age to hunt at any time or place upon which you are not regularly domiciled. The law does not permit them to secure a license, therefore they cannot hunt.

Don't trap or attempt to trap fur-bearing animals before the season opens, Nov. 1.

Don't trap unless you have procured a hunting license.

Don't hunt partridge from automobiles.

Don't hunt ducks from motor boats.

Don't kill anything which the law protects by an absolute closed season.

Don't kill song and insectivorous birds at any time.

Don't keep in possession, alive or dead, any game or fur-bearing animals during a closed season without getting a permit to do so from the game, fish and forest commissioner.

Don't take any non-game birds for scientific or educational purposes without first securing a permit to do so from the secretary of the non-game bird commission.

Don't use headlights for hunting deer or have them in your possession at any time.

Don't kill but one deer during one season.

Don't kill deer until Nov. 10.

Don't kill deer in the water.

Don't kill a fawn with a spotted coat.

Don't try and ship partridge, killed during hunting season, as they must be carried as open hand baggage in such a manner as to readily seen and inspected.

Don't take any brook trout of any kind after Sept. 1, as the season closes at that time this year.

Don't guess at the law. Get a copy.

Don't take more than 25 ducks in one day.

Don't take more than 50 ducks in one week.

Don't kill more than six partridge in one day.

Don't have in possession more than 15 partridge at any one time.

Don't kill more than 25 partridge in any one season.

Don't kill squirrels before 1920.

Don't kill prairie chickens at any time, they will soon be plentiful for an open season.

Don't kill more than 25 woodcock, Wilson or jacksnipe, black-breasted and golden plover and yellow legs in one season.

Don't kill rails, coots and gallinules before Sept. 16, as it is a violation of the federal law.

Don't kill waterfowl after sunset. If you do you will violate the federal law.

Don't catch more than a total of 25 fish, which may be composed of the following species: White bass, calico bass, crappies, perch, wall-eyed pike, rock bass, blue gills, sunfish. You cannot take 20 of each species.

Don't keep any black bass in your possession of a less length than 10 inches.

Don't take more than 10 black bass in one day.

Don't take more than 25 trout in one day.

Don't keep in possession any trout of less length than seven inches.

Don't try to inform anyone what the law is unless you know, as it may get them in wrong.

The Michigan Investor through that publication requested bankers from the different districts to send in a report on how conditions were in that locality. In today's Investor appear quotations from a Zeeland and Allegan bank that are reprinted:

"We have nothing to complain of," says J. Den Herder, president of the Zeeland State bank. "Business might be better, but it might be much worse. I see no occasion for alarm as to the future. Our crops are good and the country is fundamentally sound."

The First State Bank of Allegan announces that it will inaugurate a Christmas Savings club and Vacation club.

The Circuit Court for the County of Ottawa, in Chancery

John B. Hulst,

Complainant.

vs.

Manoah Miller and his unknown heirs, devisees, legatees and assigns,

Defendants.

Suit pending in the Circuit Court for the County of Ottawa, in Chancery, at the Court House in the City of Grand Haven in said County, on the 28th day of July, A. D., 1915.

Present Hon. Orien S. Cross, Circuit Judge.

In this cause, it appearing to the satisfaction of the court, on filing the affidavit of Jacob Steketee, Solicitor for Complainant, that he has made and caused to be made inquiry as to the whereabouts of the Defendant, Manoah Miller, and that from such inquiry the whereabouts of said Defendant cannot be ascertained; that after making like inquiry to ascertain who are the heirs, devisees, legatees and assigns of the said Manoah Miller, he has been unable to ascertain any information regarding them, whatever, and that the whereabouts of each and every of said Defendants cannot be ascertained, nor can it be ascertained in what state or country any of them reside, and that each and every of said Defendants are necessary parties to this suit.

On motion of Jacob Steketee, Solicitor for said Complainant, IT IS ORDERED, that the appearance of the said Defendant, Manoah Miller and his heirs, devisees, legatees and assigns and each and every of them be entered in this cause within six months from the date of this order, and in the event of their appearance, or the appearance of any of them, they respectively cause their answer, or the answer of such of them as shall have appeared, to the bill of complaint herein to be filed, and a copy thereof to be served on the Complainant's solicitor within fifteen days after service on them, or such of them as shall have appeared, respectively, of a copy of said Bill of Complaint and notice of this order. And in default thereof that said bill be taken as confessed by said Defendants and each and every of them.

And it is further ordered that within twenty days from the date of this order, Complainant cause a copy thereof to be published in the "Holland City News," a newspaper printed and circulating in said county, and that such publication be continued once in each week for at least six successive weeks, or that he cause a copy of this order to be personally served on each of said Defendants at least twenty days before the time prescribed for their appearance.

The premises affected by this suit are situate in the Township of Jamestown, said County and State and are described as follows:

The Northwest quarter (¼) of the Northeast quarter (¼) of Section Three (3), Town five (5) North, Range thirteen (13) West, containing forty (40) acres of land, more or less, according to Government Survey, excepting that part which has been sold on the South side thereof.

MORTGAGE SALE

WHEREAS, default has been made in the conditions of payment of the money secured by three mortgages, one of which mortgages is dated the first day of June, A. D. 1901, executed by Emily T. Metcalf, of the Township of Holland, County of Ottawa, State of Michigan, to Laura E. Mc Bride, of the City of Holland, County of Ottawa, State of Michigan, which mortgage was recorded in the office of the Register of Deeds, of the County of Ottawa, in Liber 66 of mortgages on page 386, on the Third day of June A. D. 1901, at 8 o'clock A. M.

WHEREAS, the amount now claimed to be due on said mortgage and the note accom-

panying same at the date of this notice is a sum of One Thousand Sixty-Nine Dollars and Sixty-Six Cents (\$1,699.66), of principal and interest, and the Attorney fee in the sum of Twenty-Five (\$25.00) Dollars, provided for in said mortgage.

AND WHEREAS, default has been made in the conditions of payment of the money secured by another of said mortgages dated the Fourteenth day of June, A. D. 1911, executed by the said Emily T. Metcalf, of the Township of Holland, County of Ottawa, State of Michigan, to Laura E. Mc Bride, of the City of Holland, County of Ottawa, State of Michigan, which mortgage was recorded in the office of the Register of Deeds, County of Ottawa, in Liber 111, of mortgages on page 99, on the Fifteenth day of June A. D. 1911, at 8:20 o'clock A. M.

AND WHEREAS, the amount now claimed to be due on said mortgage and the note accompanying the same at the date of this notice is a sum of Five Hundred Thirty-three Dollars and Sixty-seven Cents (\$533.67), of principal and interest, and the Attorney fee in the sum of Fifteen (\$15.00) Dollars, provided for in said mortgage.

AND WHEREAS, default has been made in the conditions of payment of the money secured by another of said mortgages dated the Eighth day of June, A. D. 1914, executed by Ovidio U. Metcalf and Frederica Metcalf, his wife, of Reno, Nevada, to Patricia H. McBride, of the City of Holland, County of Ottawa, State of Michigan, which mortgage was recorded in the office of the Register of Deeds, County of Ottawa, in Liber 111, of mortgages on page 299, on the Ninth day of June, A. D. 1914, at 8:20 o'clock A. M.

AND WHEREAS, the said mortgage was duly assigned by the said Patricia H. McBride, of the City of Holland, County of Ottawa, State of Michigan, by an instrument in writing to Laura E. McBride, of the same place, by assignment bearing date the Twentieth day of July, A. D. 1915, and recorded in the office of the Register of Deeds of said County of Ottawa, in Liber 99 of mortgages on page 231, on the Twenty-first day of July, A. D. 1915, at 8:30 o'clock A. M.

AND WHEREAS, the amount now claimed to be due on said mortgage and the note accompanying same at the date of this notice is the sum of Six Hundred Forty-one (\$641.00) Dollars, of principal and interest, and the Attorney fee in the sum of Twenty-five (\$25) Dollars, provided for in said mortgage.

AND WHEREAS, the whole amount now claimed to be due and unpaid on said three mortgages and the notes accompanying same including principal and interest and insurance is the sum of Twenty-two Hundred Fifty-four Dollars and Thirty-three Cents (\$2,254.33), and the Attorney fees in the sum of Sixty-five (\$65.00) Dollars, provided for in said mortgages and as hereinbefore set forth, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgages or either of them, or any part thereof, whereby the power of sale contained in said mortgages and each of them has become operative.

NOW THEREFORE, notice is hereby given, that by virtue of the power of sale in said mortgages, and each of them, contained, and in pursuance of the statute in such cases made and provided, the said mortgages will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder at the North front door of the Court House, in the City of Grand Haven, in the said County of Ottawa, on the Eighteenth day of October, A. D. 1915, at 2:00 o'clock in the afternoon of that date, to satisfy the claims secured by said mortgages and the cost of this notice which said premises are described in each and every of said mortgages as follows, to-wit:

The following described lands and premises situate in the Township of Holland, County of Ottawa, State of Michigan, viz:

The South five (5) acres of the parcel of land described as follows: bounded on the North side by the North line of the North-west Fractional Quarter (N. W. ¼) of Section Thirty (30), Town Five (5), North of Range Fifteen (15) West; Northeast by a line commencing at a point nine chains (60 rods) each and twelve and one-half lines (75 rods) each, and on the South and Southwest by Black Lake; on the South-east by Black Lake; on the Southwest by a line commencing at a point seventeen chains (108 rods) from the Northwest corner of said Quarter, running thence South fifty-nine degrees East to Black Lake; On the West by the West line of said Fractional Quarter. Said parcel of land is also known as a part of Lot No. Five (5) of the said Northwest Fractional Quarter of Section Thirty (30), Town Five (5), North of Range Fifteen (15) West, which is bounded as follows: Bounded on the North and Northeast by the North and Northeast lines of said Lot Five (5), and on the South and Southwest by the East and Northeast lines of the ten acres of land heretofore sold by Bacon to Coatsworth, and of which, deed is on record in the office of the Register of Deeds for Ottawa County, Michigan; and on the Southeast side by the Northwest side of the highway running southwesterly through said Lot Five (5), being fifteen acres of land more or less.

ALL PERCH CAUGHT IN LAKE MICHIGAN CAN BE SOLD.

THIS IS RULING BY CHIEF GAME WARDEN HOYT AT LANSING

Muskegon, Sept. 1.—All perch caught in Lake Michigan can be sold in this state or in other states, according to word received here by Deputy Game Warden George Wailhamer from Chief Deputy Game Warden Hoyt at Lansing. This means that the fish fries, considered no more when the new fish law was passed, will continue as formerly as long as the perch last. Be-seized by a number of requests asking information concerning the new law and whether perch which are caught in Lake Michigan could be sold. Wailhamer got into communication with the chief deputy warden, the decision already reached here, being verified.

Perch, caught in Muskegon lake, or within the piers according to a strict interpretation of the law, cannot be sold and only 25 can be taken in one day by each fisherman. Fishers, however, can go out on the piers beyond the shore line and there catch all they want. This recent ruling as to the fish law removes what was at one time considered a serious blow to the commercial fishermen along this shore of Lake Michigan, the measure instead doing much to increase the market for their catches.

WATER POLO A FINE GAME.

Water Polo, or good-old fashioned shinney played from canoes with a cork ball, is to have its first demonstration at Jensen Park Labor Day, two crack teams from the Grand Rapids Boat and Canoe Club putting on the new game to top off a Labor Day Regatta on Black Lake for which the Park management has hung up beautiful gold medals.

Besides the game there will be tilting matches and a full program of races. Capt. Lyons crack four paddle crew of lightweights will again challenge all comers for four paddle honors. This crew, consisting of Lyons, Dunbrook, Schurman and Allen had to go two heats last Saturday to give a fair shake to an old-timers' crew made of Neville, Foote, Kuvers and Captain Johnson which was fouled in the first race by a third boat.

The single paddle also promises good racing as it is expected that four winners of this event in different regattas, against Chicago, Detroit, the Cadillac

of Detroit and in the local championships, will paddle for the Black Lake medal. These men are Lyon, Conlon, Sergeant and Schurman.

The full program, for which ten entries are promised in most of the events includes Tail End Race, Tandem Canoe Race, Aeroplane Glide, Single Paddle, Crab Race, Four Paddle, Tilting Matches and Polo game, with a live duck chase for the hilarious finish. Gold medals will be awarded for all the races.

TRAMPS TIE MRS. BROWNELL OF BENTON HARBOR TO CHAIR AND ESCAPE.

Benton Harbor, Sept. 2.—Two men, one gray haired, about 60 years old, and the other a lad in his teens, both tramps, appeared at the back door of the residence of Carson Brownell on E. Main street yesterday morning and, being refused food and clothing, forced their way into the house defended by Mrs. Brownell, a young woman of 25, who was alone, and tying her to a chair with a clothesline, they sacked the residence.

Altho frightened and exhausted, the young woman had the presence of mind to tear herself loose from her bonds, and grabbing the telephone called for the police and her husband, an employee of a local factory. This frightened the ruffians and they escaped before the police arrived. Nothing was taken. A week ago Mrs. Brownell had fed and given the older man clothing.

JOHN I. GIBSON PLANS BIG DISPLAY FOR WESTERN MICH. DEVELOPMENT

John I. Gibson, secretary of the Western Michigan Development Bureau was in Holland today to make arrangements with Sec'y W. H. Orr for an exhibit of the Bureau at the Holland fair.

The Western Michigan Development Bureau is arranging for a larger and vastly different display than shown at the Holland fair in previous years. This year there will be the usual large display of fruit that have been grown by farmers in this district. Samples of crops grown by farmers who just invaded Western Michigan this spring will be shown. By aid of specimens the diversified farming interests of Michigan will be larger and better than ever before.

Something entirely new will be used by Mr. Gibson in the exhibit at the Holland fair if arrangements can be made. A Mr. Cutler of Grand Rapids has invented a machine which will show stereoscopic views in the daylight and Mr. Gibson intends to have one of these machines at the Holland fair. The machine works automatically and over a thousand views of Western Michigan will be shown.

It is expected that the steamers Puritan and the City of Benton Harbor will be put on the Holland-Chicago run and that the steamer City of Grand Rapids will be put into winter quarters. The steamer city of St. Joseph will be put on the run between Benton Harbor, St. Joseph and Chicago to take care of the large fruit shipments.

TRAMPS PLAY GAME TOO OFTEN

Tramps are generally thought of as good healthy men who simply refuse to work and just eke out an existence by begging from the hard-working citizens of a community. In this day and age everything is possible and now comes a different kind of tramp altogether. A tramp takes his wife along with him. Yesterday an aged couple, the man 86 years old, bent with weight of years and with hoary hair, the woman ten years his junior, showed up at police headquarters and the man told a pitiful story.

The man said that they had journeyed all the way from Wayne county, N. Y., to join a relative Mrs. Straw at Grand Haven where they might spend the remainder of their days free from care. Mrs. Straw they said was a sister of the aged woman traveler. The man said they had spent all their earnings in the journey from New York and had but five cents left. Incidentally they said they were hungry.

Police Clerk Al Boerema referred them to county poor commissioner Wm. O. Van Eyck. Mr. Van Eyck purchased tickets to Grand Haven for the aged couple after they had had a good feed.

When Chief of Police Van Ry was told of the incident he had a good laugh and called the attention of his clerk to an article that appeared in the Grand Rapids Herald Tuesday morning. The same aged couple that were in Holland had been cared for by the Grand Rapids police when they sprung a similar story to the one told the Holland police clerk only in Grand Rapids they said they were going to Cedar Springs, where the man's brother James Hammond lives.

CONGRESSMAN MAPES TO GIVE ALL A CHANCE TO WIN GOVERNMENT APPOINTMENT.

Congressman Carl Mapes intends to give every young man an equal chance to compete for the Fifth congressional district cadetship at West Point. Altho there will be no vacancy for the Fifth district until about June 1916, Mr. Mapes has set Oct. 27 as examination day under the United States civil service rules, at the federal building, when all applicants for the appointment may appear to take the educational tests. Each applicant must live in the Fifth district, and be between 17 and 22 years of age.

The four who have the highest standings must then compete at the final examination conducted by the government the third Tuesday in March.

A Farmer's Problem Solved.

Many farmers when they sell their farms and wish to retire or make a change on account of health or for other reasons are confronted with the question: What shall I do?

After living in the country in the great outdoors, the confining work in factory, store or shop is unsatisfactory.

Within the past year the Standard Real Estate Company of Lansing have purchased a large tract of land within two miles of Lansing, located on car line and main traveled roads.

They have divided the property into little farms of one to ten acres, fenced each with woven wire chicken fence, put down good wells, built new houses, barns and chicken houses, provided good cellar drainage and electric light service.

They have put restrictions on the property as to kind and location of buildings, making it for strictly high class suburban homes. Nothing like it near Lansing. The soil is very rich and productive, suitable for fruit and berries, in fact, everything that grows.

One of the tracts with all improvements can be purchased for less than a house in the city which is only an expense and produces nothing.

On these little farms the owner can keep a horse, cow, and chickens, grow fruit and vegetables, and Lansing, with its city market pays fancy prices for the products of the small farm.

Some of these houses have every convenience of the city including complete bath, furnace, hot and cold soft water plumbing.

These little farms are convenient to M. A. C., making just the place to live while sending children to college.

Being outside of the city the tax rate is less and payable only once a year.

A letter addressed to the above Company will bring complete information.
