FORMER HOLLAND MAN IS IN THE DIVORCE COURT

MARRIED YOUNG LADY SOME 12
YEARS AGO

Kalamazoo, Aug. 28.—A divorce
suit was begun in circuit court by
Mrs. Cecilia M. Weidenfeller against
Charles A. Weidenfeller, member of
the state legislature and prominent
as a candidate for nomination as the
lieutenant governor. The plaintiff
alleges extreme cruelty. Before the
marriage, Mrs. Weidenfeller was his
housekeeper. They have two children.

The Weidenfellers will be remembered
as living at 147 W. 12th St.,
for a number of years. Mr. Weidenfeller
was a wealthy stock broker and
a prominent business man of
New York city and came to Holland
with his bride of 20, he being 25
years her senior.

SALEM MAN WHIPS DEBTOR IN CHURCH

Alber Buege of Salem, Allegan Co.
was before Justice Cook at Allegan a
few days ago because he threatened
to "blow off the head" of one of his
neighbors. It seems that he has
had a great deal of trouble, a little
of which was real and much of it
imaginary, and sometimes his fiery
temper mastered his better judgment.
About two years ago it is said he
got into a dispute with a neighbor
over a calf, and when the man took
his seat in front of him in church
Buege proceeded to give him a liberal
portion of chastisement, for which
he paid the penalty of the law.

A threat in itself is harmless tho
it may cause some uneasiness to the
threatened who in this case sought
protection. Justice Cook required
Buege to furnish a bond in the sum
of \$500 that he will keep the peace.

ANOTHER BANK GOES OVER THE MILLION MARK

HENRY WINTER OF THE PEOPLES
STATE BANK HAS BEEN
EFFICIENT MANAGER

At the close of business last evening
Cashier Henry Winter found that
the Peoples State Bank had gone over
the million mark in its assets for
the first time since the inception of
this banking institution.

This fact makes all the banks in
Holland, so-called million dollar
banks.

The Peoples Bank was started
September 5, 1905, and altho Mr.
Winter was connected with the bank
since it was founded, he became its
business head, or cashier, nearly two
years ago.

Altho the bank has had phenomenal
growth since it opened its door,
an exceptional increase in business
was noticeable since Henry Winter
took charge.

Banks are telling indications of a
community's prosperity, and surely
the Peoples State bank has shared in
the prosperity with the two other
solid banking houses.

Within the last 14 years the bank
has had but one president, namely,
Arend Visscher of this city.

A MYSTERY CONNECTED WITH MAN'S DEATH

SEARCH OF ROOM REVEALS
A WOOD ALCOHOL
BOTTLE

Sam Bartashehlich's Brothers Find
Traces of Poison In
Room

Sam Bartashehlich, who died somewhat
suddenly last week Monday
while visiting at the home of Andrew
Koslowski near Nunica, may have
come to his death through the use of
wood alcohol for drinking purposes.
This conclusion can only be reached
by a report received by Dr. Presley,
county coroner, from the dead man's
step brother at Muskegon. Shortly
after the man's body was brought to
Grand Haven, August 18, Dr. Presley
authorized an autopsy and the dead
man's stomach was sent to Ann
Arbor for analysis by the University
of Michigan chemists.

Up to late yesterday Dr. Presley
had received no report from Ann
Arbor reports to the contrary notwithstanding.
Clues as to the possible
cause of the man's death, however,
were furnished by a report of Sam's
stepbrother who lives in Muskegon.
The brother states that he broke into
Sam's room recently and found there
a number of wood alcohol bottles.
The step-brother believed that
Sam drank the stuff.

A week ago yesterday Bartashehlich,
who is employed at the Campbell-Wynants
foundry at Muskegon, died at the home of Andrew
Koslowski, near Nunica where he had
gone to spend Sunday. Sam arose
Sunday morning feeling well enough
but in the afternoon he was taken
suddenly ill and became delirious
Sunday night. Death occurred Monday
forenoon.

The step-brother asked for a post-mortem
and investigation, and an autopsy
resulted. The report of the analysis
of the stomach will assist greatly
in determining the cause of the
death. Bartashehlich is buried in
Lake Forest.

A MIXTURE OF COURT PROCEEDINGS

TAIL-LIGHTERS, SPEEDERS,
CORNER-CUTTERS, AND FAST
ENGINE DRIVERS MEET
JUSTICE

Ex-Mayor George Ellis of Grand
Rapids Also Goes Too
Fast

Holland has had quite a mixture
of cases relating to automobile violations
recently. One illustrious
violinist. Ex-Mayor "Deacon" George
Ellis was taken in by the speed cop
for going too fast on River avenue.
Twenty-five miles is what the indicator
man said he went. Andrew
Wierda also went 25 miles on River
avenue, and had to pay the regular
penalty.

Bert Berts and ... forgot
to switch on the tail lights of their
respective cars. "\$3," said the
judge.

Abraham Van Anrooy and Gil Vogel
were taking short cuts around
the corner, as were C. Karsten, and
Alvin Palmer, who were also
charged with being corner cutters.

Fred Osborn and Henry Warren
each paid \$13.70 in Justice court
for running Pere Marquette locomotives
through the city at 30 miles
per hour.

William Trapworthy and Charles
Bohles, also two P. M. engineers,
have been charged with the same offense,
but have not yet appeared.

Certainly a variety of kindred offenses
that the justice had to deal with.

Klaas Buurma was also moving too
fast but not with an automobile. He
was moving a building without the
permission of the common council,
not having obtained a license, and
paid \$9.70 in Justice Van Shelven's
court.

ISAAC POEL NOW LEADS IN TALL SUNFLOWER RACE

Kansas is the sunflower state but
it is doubtful if within the great domain
ever grew larger sunflowers
than can be found in the garden of
Isaac Poel at 513 Jackson St., Grand
Haven. There are sunflowers stalks
in the Poel yard that are around 12
feet but the tallest by actual measurement
is 13 feet, 3 inches in height.
This sunflower rivalry is growing interesting.
Look over your sunflower garden
and see if you have a plant that
will beat Mr. Poel's.—Grand
Haven Tribune.

POPULAR YOUNG BUSINESS PEOPLE MARRIED TODAY

MARRIAGE IS SOLEMNIZED AT
THE SUMMER HOME OF
PASTOR

Grand Haven Tribune.—The marriage
of Miss Ida Lenenga, daughter
of Mr. and Mrs. K. Lenenga of
Elliott Street, and William Boomgaard
was solemnized this afternoon
at 5 o'clock at the summer home of
Rev. Jacob Vander Meulen at Eureka
Park, Holland. Mr. and Mrs.
Robert Johnston, brother-in-law
and sister of the bride, attended them.
The bride looked charming in a
beautiful gown of navy blue duvetyn
with a large hat to match and she
carried a corsage bouquet of American
beautyroses combined with snapdragons.
Mrs. Johnson carried a corsage bouquet
of white LaFrance roses and sweetpeas.
Following the marriage ceremony, Mr. and
Mrs. Boomgaard and Mr. and Mrs. Johnston
went to the Quade place on the
Grand River where a wedding supper
was served. The table was adorned
with fragrant flowers and bridal
effects attractively arranged. There
was a family sentiment associated
with the marriage, as Rev. Vander
Meulen had officiated at the marriage
of the bride's five sisters. Mr.
Boomgaard but recently returned
from 17 months' service with the
army of occupation and was stationed
at Coblenz. After September 10
Mr. and Mrs. Boomgaard will be at
home to their many friends at 216
Elliot street.

REV. J. F. BOWERMAN DOES NOT EXPECT TO STAY IN HOLLAND

Dr. J. C. Floyd of Grand Rapids,
district superintendent of the M. E.
church was in Holland last evening
presiding over the fourth quarterly
conference held at the M. E. church.
The local conference passed resolutions
commending the work of Rev.
J. F. Bowerman as the pastor during
the past three years and invited him
to return to this city for another
year. They gave Mr. Floyd a vote
of commendation upon his work during
the five years that he has held
the office of district superintendent,
which position he now relinquishes
according to the rules of the church.

Rev. Bowerman stated this morning
that he appreciated the vote of
confidence but that he had asked to
be transferred to some other charge
and it is more than likely that this
will be Mr. Bowerman's last year in
Holland.

The Strand will offer Annette Kellerman,
in "Queen of the Sea" Friday.
In order to take care of the
crowds Mr. Himebaugh will have five
shows, two matinees 2 and 3:30; and
at 6:30, 8:00 and 9:30 in the evening.

NEIGHBOR HAS REVENGE UPON NEIGHBOR

ONE HAS THE OTHER ARRESTED,
THE OTHER HAS ONE
ARRESTED

Albert Bekker living on 18th St.,
was too abusive is a charge made and
let go a flow of indecent language
at Carl Herman a next door neighbor,
states a warrant for his arrest.
Herman had Bekker hauled into
court on the charge of using indecent
language in the presence of his wife.

Bekker pleaded not guilty and
wants a trial.

Apparently it was thought this
was the end of the case, but events
have shaped themselves differently.
Bekker was laying for his neighbor
and caught him riding on the
sidewalk with his bicycle when coming
home from work.

Bekker forthwith had his neighbor
arrested under the city ordinance
and Herman paid a fine of \$3.75.

PRINTER LICENSED BY CHURCH AS "LOCAL PREACHER"

ROBERT EVANS AFTER THIS
CAN FILL PULPITS IN M. E.
DENOMINATION

Believing that it is wise to use all
the available material for the work
that is to be done in this district the
delegates to the Fourth Quarterly
Conference of the M. E. church last
night licensed Robert Evans, a local
printer, as a "local preacher." Mr.
Evans after this will be enabled to
accept assignments to preach in the
church in outlying communities
where it is hard to secure ministers.
There is a minister famine throughout
the M. E. denomination, and efforts
are made to remedy this condition.
That is the reason why the policy of
using the available material in the
various congregations has been
adopted.

Mr. Evans has proved himself useful
in the preaching line, and his
ability in this respect has now been
formally recognized by the conference
by conferring on him a license
to preach. There are a number of
small M. E. churches in this section
that can be supplied with preachers
only with the greatest difficulty.

Mr. Evans is a college man, having
graduated from Albion College
with the degree of Master of Arts.
He has been in Holland some time,
employed in the mechanical dept.
of the Holland City News. He will
continue in the same capacity and
fill pulpits engagements on Sunday
as the occasion offers.

Mr. Evans during his residence in
Holland has taken a very prominent
part in the work of the local M. E.
church. This church has done all it
could to aid smaller congregations in
various parts of Ottawa county, but
the material has been limited.

HOLLAND FIRMS AT ALLEGAN FAIR

TWO ARE REPRESENTED THERE
THIS WEEK; FAIR A
SUCCESS

Two Holland firms are represented
this week at the Allegan fair at
Allegan. Among the exhibitors are
the Meyer Music House and the Holland
Furnace Company. Both these
concerns are exhibiting their goods
and they are both attracting a good
deal of attention. The Meyer Music
House Monday left Holland with
two large truck loads of pianos and
the Holland Furnace Company also
has a fine exhibit.

The Allegan fair is being visited
this week by a considerable number
of Holland people. They report it a
big success. There is a new building
this year, and the exhibits and
concessions are said to be very good.

EXPECTS SOON TO LEAVE THE SERVICE

Lieut. Declan Whelan of this city
will soon leave the service a Camp
Dodge. "The work of demobilization
is slowing up considerably," he
writes, "and so we have a surplus
of officers here. A list of officers
who can be spared at this time is
now being made up. After this report
goes to Washington we will receive
our orders for discharge."

Lieutenant Whelan expects to
leave the service about the middle
of September. He was at the University
of Michigan when the war
opened and enlisted almost immediately,
winning his commission in
one of the early officers' training
camps. He served at Camp Custer
much of the time and was later
transferred to Camp Dodge.

10-CENT HEN LAYS 8-INCH EGG AND CACKLES AT H. C. L.

A little Minorca hen out at
6229 Bernice av., Chicago, took an
awful wallop at Hi Costaliving yesterday.
As a result Mrs. Mary Nelson,
the owner, may almost at any time
be mentioned in the newspapers
as having a corner on the egg market.
The hen—not a pedigreed one—
laid an egg measuring 3 inches in
length and 6 inches in circumference.
Stanley H. Nelson a son, recently
returned from France, who bought
the hen for 10 cents when it was
a chick, will purchase an incubator
today.

Tom started to unload the wagon as speedily as possible and the fire was soon extinguished. A slight damage to the wagon was the result.

EIGHT MILES OF STONE ROAD TO BE BUILT

Since Park township has been running things alone, and has been severed from Holland Township, more good road building has been going on than has been the case since the incorporation of the township.

It is pleasing to note that our reports, the owners of which paid the greater part of the taxes heretofore, are now getting some real returns for their money.

These big watering places have been practically isolated from the land route and the outside world because good roads were not forthcoming. All this has changed however and within a few years the net work of cement drives will connect all of them into a beautiful parkway winding itself around Black Lake and along Lake Michigan.

The latest improvement contemplated is a stone road from Ottawa Beach by Lakewood Farm, Tennessee Beach, Alpena Beach, way up to Port Sheldon Lake, also a beautiful inland bay hardly accessible because of the wretched roads. There is no doubt of this road going through for the reason that under the Covert act, it takes a certain number of signatures of property holders to have the government, state and county take up this matter. A great many more signatures have already been secured than are necessary and Austin Harrington, the most enthusiastic good roads man in the county says "there is nothing to it, this road is going to be built in the very near future."

When completed, this 16-foot road will be a joy for motorists as it will be one of the prettiest drives to be found anywhere on Lake Michigan.

This is not all. The contract has already been let to Oosting & Hofstee for a mile more of concrete, 16 feet wide running west on Alpena road toward Lakewood farm to be put in by Park township. This will be followed up shortly by another mile to be laid by the state, which will connect Alpena road up with the new contemplated road running north and south.

Another good piece of news is that the wide 16 foot concrete road to Macatawa will be finished within a few days, and shortly motorists will be able to travel from Holland to that popular resort over the finest concrete road in the state of Michigan, pronounced by no less a man than Engineer Rodgers, head of the state road department of the state of Michigan.

A good road to Saugatuck has practically been completed. Within another year a complete concrete highway will connect Holland with Grand Haven and Highland Park. The cement has already been laid from Grand Haven to West Olive. It must only be extended to Holland, which is already connected by a fairly good road.

Within a few years a Holland motorist will not be at loss to entertain a guest in the summer time, as the out of door show places will be endless and conveniently accessible.

FORMER HOLLAND BOY KILLED BY AUTOMOBILE

Attempting to follow his companion in front of an approaching automobile, Herman Vanderbush, aged 12, was struck by the fender and almost instantly killed on the curve in the cement road at the outskirts of Grandville at 5 o'clock Friday afternoon.

The car which struck the little boy was driven by G. W. Perkins, Jr. secretary of the Perkins Land and Lumber Co. of Grand Rapids, who with Mrs. Perkins, Thomas Bradford and J. B. Howard were on the way to Ottawa Beach and according to witnesses of the accident was not going more than 12 miles an hour. P. M. Nichols of Kalamazoo who was passing in another automobile, stated that it appeared to him as though the boys who were standing in the road, intended to board Mr. Perkins' machine. As the auto approached, Herman's companion darted to the sidewalk, and Herman, after hesitating a moment started after him. As Mr. Perkins' car was almost upon him it was impossible to avoid striking the lad and the fender hit him and knocked him down. He lived but a minute or two.

Herman Vander Bush is the son of Mrs. C. Vander Bush who formerly lived here on 11th street. She was recently married to Albert Beukema of this city.

With the resort season almost over and with the record of the largest crowds which have ever been at Saugatuck, not a single drowning has occurred. The reckless auto driving of other years was absent. With the streets continuously filled with machines for three months not more than two or three minor mishaps have been reported.

BURNS PROVE FATAL TO THE REV. STEGENGA

News was received in Holland Saturday morning of the death in Blodgett Memorial Hospital in Grand Rapids of Rev. Andrew Stegenga, formerly of North Holland and Holland. Rev. Stegenga died Saturday morning at about 6 o'clock. He had been confined to the hospital since Aug. 10 when he was badly burned in an explosion in his home in Grand Rapids. After returning home from his vacation, he turned on the electric light and an explosion followed that wrecked the house, tearing looms from their hinges and blowing large pieces out of the walls of the house.

From the first it was believed that the injured man would recover, and as late as yesterday doctors held out hope that he would survive his injuries. Last evening he was still in comparatively good condition, although he had had a bad week the past week having been delirious most of the time. Saturday morning early he went into convulsions however, and he was not able to withstand them, death resulting soon after.

Rev. Stegenga is the son of S. Stegenga of North Holland. He is the fourth member of this family that died a violent death the past few years. One son was drowned, and another died in an auto accident.

Rev. Stegenga graduated from Hope College in 1906, and three years later he graduated from the Western Theological Seminary. His first charge was at Clymer Hill, N. Y. Then he served the Brighton Park church at Rochester, N. Y. Last February he accepted the call from Calvary Reformed church, Grand Rapids. That congregation was contemplating building a new parsonage. The deceased is survived by his wife and one child; also by his father and brothers and sisters.

The funeral of Rev. Andrew Stegenga, who died Saturday morning in Blodgett Hospital as a result of burns received in a gas explosion in his home in Grand Rapids May 10, was held Tuesday forenoon at 10:30 o'clock in Grand Rapids. At the services there Rev. Isaac Van Westenburgh and Rev. John Van Zomeren, both of Grand Rapids officiated.

In the afternoon at 3 o'clock services were held in the Third Reformed church in Holland, when Dr. E. J. Blekkink of the Western Theological Seminary and Rev. C. P. Dame, pastor of Trinity Reformed officiated. Interment took place in Pilgrim Home cemetery.

SAYS "BRICKYARD HILL" WORSE THAN "MORSE CURVE"

The result of the Morse case in the Ottawa County circuit court Monday afternoon calls attention to dangerous curves in many parts of Ottawa county. Freed by the jury because the curve where Miss Boshoven lost her life was considered unsafe, Mr. Morse in this case benefitted by the condition of the road. But since that particular curve is considered unsafe it is pointed out by autoists that there are numerous other curves in the county that are equally unsafe or more so.

One autoist today called attention to so-called brickyard hill near the west limits of Zeeland. He maintained that that curve is several times more unsafe than the particular one which the Ottawa county jury found dangerous when they went there to inspect it.

The brickyard hill has the unusual combination of a curve, a hill, and railroad tracks. The driver in coming from the east, assuming that it is a new road to him, would never guess that he has to turn at the top of the hill. In the darkness it looks very much as if the road goes straight on, and this particular autoist declared it was a matter for surprise to him that no one had ever dashed up along the railroad track instead of turning on top of the hill and going down it.

The railroad tracks are a further obstruction so that drivers are almost compelled to drive on the wrong side of the road immediately before turning the curve. With a stream of machines constantly going and coming up and down the hill and around the curve, it seems surprising that no more accidents have been chalked up against that hill and curve. Local drivers know all about it, but it is pointed out that to strangers the place is particularly dangerous.

James Westrate and family are passing several days this week with Holland relatives and friends.—Allan News.

Mr. Frank Rhoda left Thursday morning for a three days' trip to Traverse City, Ellsworth and Peoskey.

PASTOR TO SAY FAREWELL SUNDAY

Rev. E. J. Tuuk, for the past eight years pastor of the Ninth Street Christian Reformed church, will preach his farewell sermons in that church next Sunday. There will be two farewell sermons, one in the morning in English and one in the afternoon in Dutch. On Sept. 11 he will be installed as pastor of the Christian Reformed church of Englewood, and on September 14 he will preach his inaugural sermon there.

Rev. Tuuk received 21 calls while serving the local congregation. During his pastorate new congregations were formed in Holland that were recruited partly from this church, but at the close of his pastorate the congregation numbered 170 families and financially it was stronger than before he came to this city. During the past year improvements were made in the church building to the amount of about \$3,000.

TO SPEND YEAR IN JAPAN AND CHINA

Dr. and Mrs. Henry E. Dosker, at present living in their summer home at Central Park, are making plans for a year's stay in Japan and China. According to present plans, he and Mrs. Dosker will sail for the Orient in January.

Their son, Rev. Richard John Dosker, is a missionary in Japan. He has been spending the past three years at Mazusuyama, Japan, sent there by the Presbyterian Board of Foreign Missions. Dr. and Mrs. Dosker will visit him, and incidentally Dr. Dosker will deliver a series of lectures in Japan and China.

COULD STAND FOR NORMA TALMADGE, AND THEDA BARA

William Johnston, the author, has a playwright friend living down on Long Island who is distressed over the effect of the movies on his wife. He dropped in on Johnston the other day to unburden his woe. He told how she would go to see a movie star and the next day she was trying to dress and act like her.

"First," he said, "it was Norma Talmadge, then it was Mary Pickford and then Theda Bara."

Johnston assured him it was nothing to worry about and to humor her in her little sartorial whims.

"Yes," he said, "but I have not told you the half of it—next week Annette Kellerman is coming to our village."

WAS LIVEST PICNIC IN DOZEN YEARS

The livest picnic pulled off in Holland in a dozen years, was the unanimous verdict of 150 service men late Wednesday night when members of the Willard G. Leenhouts Post, American Legion, returned to Holland from Tennessee Beach where they had enjoyed a rip-roaring stag party during the afternoon and evening.

Plans had been made for some patriotic speeches, but so busy were the boys having a good time that they did not have time left to listen to talks and that feature of the program was dispensed with. But in every other respect the program was pulled off as scheduled. There was a complete program of sports, including a base ball game between two teams captained by Coxy Smith and Billy Van Putten. There were many other contests, including a tug of war, and in every one of them the service men joined enthusiastically.

The citizens of Holland donated their automobiles to take the boys to the picnic grounds and to bring them back to Holland. The officers of the local post were enthusiastic Thursday in the expressions of appreciation for the splendid way in which the people treated the boys.

Never was there a picnic at which there was greater enthusiasm and zest shown, the officers of the post declared. The boys who took part were bubbling over with vitality and they made the most of the day's opportunity.

Holland merchants generously donated prizes to be awarded in the various contests, for which the post officers also expressed hearty thanks. The following prizes were donated—pair of tennis shoes by P. S. Boter & Co.; box of cigars by H. Van Tongeren; safety razor and jack knife by De Pree Hardware Co.; flashlight by De Fouw; good jack knife, Ray Nies; box of California candy, Model Drug store; a Brownie Camera, Central Drug store; fountain pen by Fris Book store. The eats and other material were taken to the picnic grounds on Van Ark's Furn. Co's big truck.

MORSE WEEPS AS JURY SETS HIM FREE

George Morse, charged with manslaughter in the death of May Boshoven, Grand Rapids girl, was found not guilty by a jury in circuit court here at 3:25 Monday afternoon as stated in the Sentinel of Monday.

The jury was out just one hour.

A number of spectators were in court when the verdict was given.

That the curve where the auto driven by Morse overturned, looks like a straight road to autoists, and that a driver would not have time to slow down when he realized the danger was the reason given by Homer Provenche, foreman of the jury, for the decision. "Our verdict was based mostly on this fact," he declared. The entire case was based on circumstantial evidence.

As the verdict was announced, Morse sank back in his chair, covered his eyes and wept. Later he crossed the court room to where his family waited. He kissed his wife, baby and his mother and shook hands with his father, all of whom held their faith in him during the entire trial.

J. McKenna, counsel for the defense, said that to him the prosecution had failed to introduce direct evidence to show that Morse was driving in a reckless manner, neither could it prove that he was going more than 22 miles an hour, he said. The only two who saw him driving at the time of the accident testified that he was driving carefully. Mr. McKenna scored American journalism and said the reports published at the time of accident brought on Morse's prosecution and trial.

C. C. Coburn, who assisted Mr. McKenna, stated that he saw where good would result from the entire proceedings for it will show the road as dangerous. He said that the road builders of Ottawa county may in the near future put up danger signals and fences for the protection of the automobilists as Kent county did at death's curve, following several accidents which resulted in deaths.

Fred T. Miles, prosecutor of Ottawa county said that he had no statement to make. The jury had given a verdict of not guilty and that was all there was to it.

L. H. Osterhaus of G. Haven, who assisted Miles in the prosecution, said that there was no direct evidence brought out in the trial that Morse was intoxicated or that he was driving in a reckless manner at the time May Boshoven lost her life.

Whether the case against Carl Stone, Grand Rapids detective, who is charged with having liquor in his possession on the ride which resulted in the death of the Boshoven girl, will be pushed now that Morse is cleared, is uncertain, the prosecution having reached no decision.

The association was formed eight years ago in Saugatuck at the golden wedding celebration of Mr. and Mrs. Charles C. Billings. The previous reunions have usually been held at Reeds lake.

The community Chautauqua is scheduled to be in Zeeland from Aug. 25 to 30.

LUMBER IN WATER PUTS END TO BATHING

Insurance adjusters arrived in Holland Friday to go to park to make an estimate of the loss that was caused by the stranding of the lumber barge "Delta" of the Hamilton Transportation Company of Chicago. The stern dropped off the boat during the night and the barge broke in two. The remnants of the wreck were still clinging on to the sandbar Friday but the boat will be a total loss, involving a money loss of some \$15,000, it is estimated. The lumber loaded on the vessel was worth about \$10,000. Most of this lumber will be salvaged however.

The steamer Dahlow which towed the barge and the companion barge, "Interlaken," from Menominee, remained in the harbor until 8 o'clock Thursday evening when she pulled out to continue her trip to Chicago, where her cargo of lumber will be unloaded before she returns to Menominee. The Macatawa Life Saving crew unloaded about 150,000 feet of lumber from the steamer when she was battling with the waves at Saugatuck, for the purpose of making her lighter and giving her a better chance to make a winning fight against the wind and waves.

The lumber from the barge "Delta" is scattered all along the beach north of the breakwaters. The lumber has drifted a considerable distance. Some of it was picked up as far north last evening as Buchanan beach. It is thickest of course near Ottawa Beach. At that place the lumber has practically put an end to bathing for the time being. There is so much lumber in the lake that it is quite impossible for people to use the lake. There was 400,000 feet of lumber on the barge and it was all of the hard wood variety, and very valuable.

ATTENDANCE AT PAVILION BREAKS ALL RECORDS

With paid admissions numbering 2,500 the Big Pavilion at Saugatuck Wednesday night smashed all attendance records of this or any other season. Wilson of Saugatuck and the second by Mr. and Mrs. Howard Ullrich of Chicago. Among the other prize winners were Mrs. Norton of Chicago and Mrs. William Mcann of New Richmond.

SAVED FROM DROWNING BY CHICAGO MAN

Ada Collins of Sharp & Smith, Chicago, had a narrow escape from drowning Thursday at Saugatuck, when she ventured beyond her depth near a diving board in the bay and went down for the second time. Thos D. Toomey of the county building, Chicago, who had been intently watching her, plunged into the water and brought her safely to shore amidst the cheers of their friends.

SAUGATUCK MAN WEDS AN ILLINOIS GIRL

There are now nearly 500,000 members in the Legion and over 1,800 different posts throughout the country.

OTTAWA COUNTY GIRL WINS SECOND PRIZE IN CONTEST

Announcement has just been received by the boys and girls club department of the M. A. C. that Miss Marie Brongersma, daughter of Mr. and Mrs. John Brongersma of Spring Lake has received second place in the state garment making contest at East Lansing recently.

Miss Brongersma joined one of the garment clubs organized by the home demonstration agent in the Spring Lake school last fall. She completed the club requirements by making three garments including the patterns for these followed by a report and a story of her work. At a spring county roundup she received first place among the girls from 14 to 18 years of age entitling her to the senior county championship.

The quality of workmanship on

her garments and those of Virginia Grainer who won the junior county championship at this time brought requests to the girls for entrance of their garments in the state contest. However because of an unavoidable delay the junior champion was unable to enter her garments.

Owing to the fact that only county champions were allowed to enter this contest the competition for honors was very keen and Miss Brongersma is to be congratulated on her fine success.

The NEW EDISON

No Needles to Change—Even Records of All Other Makes Sound More Human When Played on The New Edison

WHEN you think of music—think of RE-CREATION. Let that word "RE-CREATION" burn into your memory. It represents a new standard—a new art in music. It means the imperishable "Re-Creation" in your own home of the living music of the masters—Re-Created with all the fleeting breath of reality.

¶ Don't misunderstand. There is talking machine music—as ordinarily conceived—and there is a wonderful new art—the Re-Creation of Music. In that field the New Edison stands alone—a solitary, dominating figure. Other instruments are made only to reproduce music. The New Edison Re-Creates it. A small distinction in words but a tremendous one in performance.

¶ In thousands of public tests it has been conclusively demonstrated that it is impossible to distinguish which is the New Edison and which is the living voice when the instrument and the artist are heard together. This direct comparison test is one test—that no other phonograph manufacturer dares to make.

¶ Close your eyes and the record in your home is the living artist singing. It is wonderful. It is true Re-Creation of music. Come and hear the art of

the New Edison. It will be a revelation to you.

¶ There is a wide range of Edison models. There is one to meet *your* need. Come and ask to hear it.

¶ Miss Elsie De Wolfe, America's foremost interior decorator, after examining the new line of Edison Period Cabinets volunteered this unqualified endorsement of them:

"The Period Cabinets which Mr. Edison has adopted are in pleasant contrast to the rather grotesque cases one so frequently sees—the superior furniture value of the Edison cabinets can scarcely fail to impress the lover of good furniture."

And *they will impress you*. So come in today and see these beautiful cabinets—hear the marvelous music Re-Creations. Both will delight and surprise you.

BOYS HAVE GOOD TIME AT THE ENCAMPMENT

Thursday evening is to be a red letter evening for the Boy Scouts of Holland, when they will be invited to board a big truck at the city hall and go to Waukazoo to indulge in a weenie roast. All the boy scouts of the city didn't take part in the scout camp at Waukazoo, and for that reason the scout officials of the city got busy to give those who did not go to camp a chance to have a look at it and to have an evening's fun with their comrades in camp.

The start will be made at 7:30 at the city hall. If one truck is not enough to carry the scouts other conveyances will be found. All the scouts are requested to be on hand at the time appointed.

The scout camp at Waukazoo will close next Saturday after it has been in operation for two weeks. There are some thirty boys in the encampment, and they are being housed in about a dozen tents. Besides that, there are large tents for mess and for other purposes.

The boys are being given a fine course of instruction. During these two weeks many of the scouts are qualifying for first class scout. They are required to swim fifty yards; also they must be able to make a map of their camp to scale. Besides they have to know how to go about rescuing a person drowning, and how to go into a burning building and rescue a person overcome by the smoke.

The boy who does not behave himself in accordance with the rules and regulations of the camp is given a black ribbon. Any boy who receives three black ribbons is sent home. So far not a single one has been sent away from the Waukazoo camp.

The boy who does a good turn receives a green ribbon worth three points; the boy who does an extraordinarily good turn get a white ribbon worth fifteen points. At the end of the encampment the boy with the most points will receive a prize.

GOLDEN WEDDING IS CELEBRATED BY VAN SCHELVEN

Mr. and Mrs. G. Van Schelven on Tuesday celebrated their golden wedding anniversary at their home, corner 13th-st. and River avenue. The celebration was not in any sense a general festivity, only the children and a few very intimate friends being present. The family has a very wide circle of friends and since Mr. Van Schelven's health has not been very robust the past few months, it was deemed inadvisable to extend a general invitation. No invitations were issued, but a few intimates of the family called to congratulate Mr. and Mrs. Van Schelven on having reached the half century mark of their married life.

Those from out of the city who were present were: Mr. and Mrs. Thomas A. Van Schelven and daughter Pauline of Cedar Springs, Mich.; Mr. and Mrs. C. J. Parreant, South Bend, Ind., John Beucus of Cedar Springs, Mich.; Mr. and Mrs. Henry Beucus of Roseland, Ill. The son, Mr. Louis Van Schelven, stays at home.

Mr. and Mrs. Van Schelven were married on August 26, 1869, at Waupum, Wis., which was the home of the bride's parents. The ceremony was performed by Rev. J. H. Karsten now deceased. A curious fact connected with the wedding is that the two witnesses who stood up with the couple are both still living. They are G. Vander Bie of Greenleaf, Minn., and Mrs. Mary Pluggers Kanter of Seattle, Wash.

Mr. and Mrs. Van Schelven are among the best known residents of Holland. Mr. Van Schelven has been closely identified with the city government in various capacities for many years, and has also taken a large part from time to time in county and state affairs. His interest in things historical connected by the Dutch Colony in Western Michigan has made him one of the best known men in this part of the state.

Mr. and Mrs. Van Schelven at their golden wedding were the recipients of \$100 in gold from their immediate relatives, as a token of esteem, while the consistory of Hope church of which Mr. Van Schelven was a member and the treasurer for years, gave to them \$50 in gold, all of which was a surprise to the aged couple.

KNOOIHUIZEN EMBEZZLEMENT CASE SETTLED

The case against Dr. Albert Knooihuizen who was charged with embezzling funds from the Holland Furniture Co. while he was manager, was suddenly dropped, after the doctor thru his attorney, G. J. Diekema, offered to make settlement with the Holland Furniture Co.

The jury had already been selected and some of the details of the case had already been entered into at the morning session when suddenly a halt took place in the proceedings.

Judge Orien S. Cross did not preside over the case relating to the criminal action brought against the doctor by Mr. Fred T. Miles, for the reason that he had presided in the civil suits against Dr. Knooihuizen covering the same ground and at that time had decided against the doctor, which decision was later sustained by the supreme court when the case was carried up by Dr. Knooihuizen.

For that reason Judge Burton Hart of Adrian was asked to preside over this case in justice to the defendant and which the magistrate from Lenawee county consented to do.

When the afternoon session had started Prosecutor Miles sprang a surprise by entering a plea to nolle prosequi the case based upon the statute of limitation in which he set forth that Mr. Knooihuizen had agreed to make satisfactory settlement with the Holland Furniture case.

Judge Hart was willing to entertain this motion and the parties concerned came together in the matter and it is understood that the attorneys for Dr. Knooihuizen have made a satisfactory settlement with the officials of the Holland Furniture Co. and all expenses incurred by Ottawa county in the matter, have been paid in full.

G. J. Diekema and Daniel TenCate were attorneys for Mr. Knooihuizen and Fred T. Miles of this city represented the people.

EVERYTHING IS WIPED OUT ON DRENTHE FARM

Seldom does a fire make such a clean sweep as was the case on the Palmboos farm, on the Drenthe road, about six miles east of Holland. So thorough a job did the fire do there Tuesday afternoon that today there is said to be literally not a stick of wood or a piece of board or anything left on the entire farm. People who inspected the place declare that everything that could burn on the entire place has been wiped out.

The house and barn and all the outbuildings were licked up by the flames and in a very few moments after the fire was first discovered it had gained such headway that it was impossible to check it. A house across the road also caught fire, but that was discovered and put out before very great damage had been done.

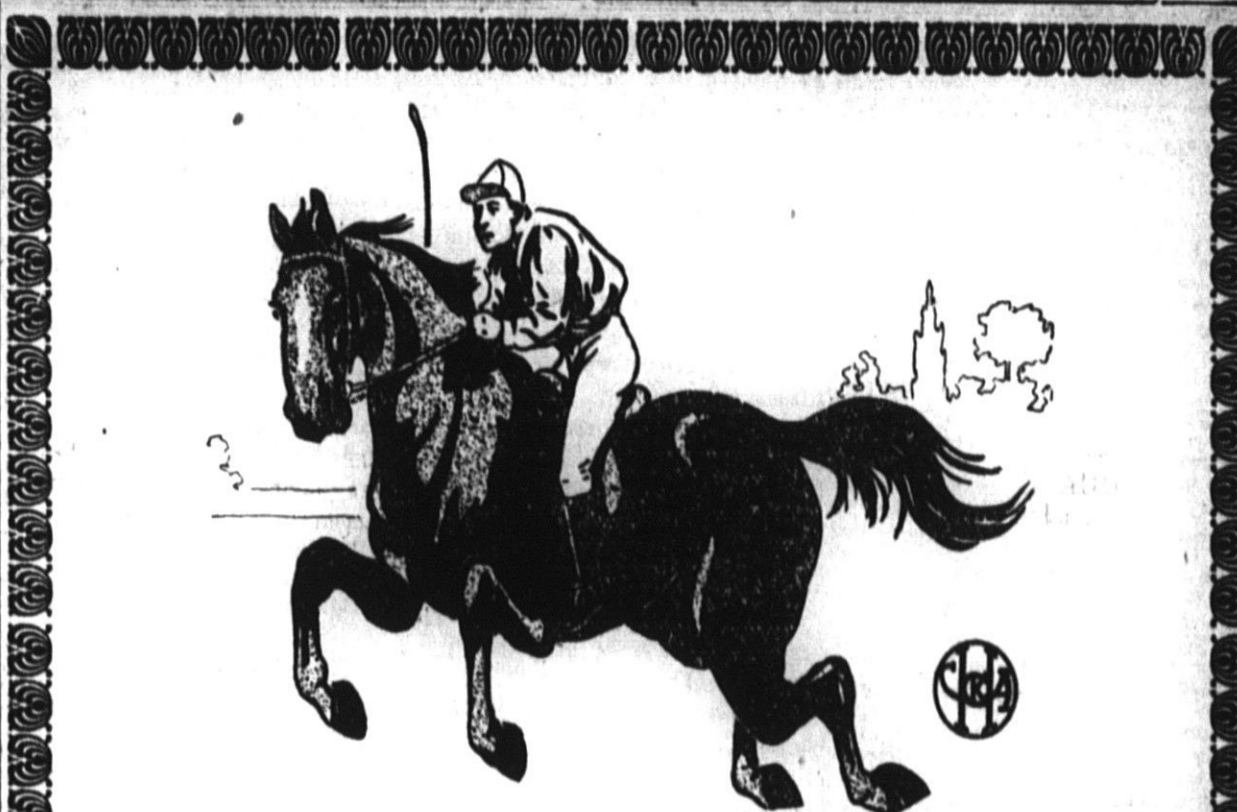

There were two horses in the barn, a fat hog and some smaller hogs, a bull and a couple of calves. And every one of these perished in the fire. Every bushel of grain in the barn, every pound of hay and straw the grain in stacks about to be threshed, the farm implements in the sheds, the buggies and wagons, and in fact everything that usually goes with a farm was wiped out. Today the place is as clear of farm material as if there had never been a farm home there. And this included a great part of the crop. The wheat, oats and rye had been gathered in and were about to be threshed.

The threshing machine had arrived at the place and was about to begin operations. It is supposed that a spark from the engine fired the roof of the barn. When the fire was discovered it was too late to get the stock out of the building.

The Palmboos family has lived on the place eight years. It was formerly known as the Lubbers farm. The loss is only partly covered by insurance.

DEFEAT EAGLES BY BIG MARGIN

Holland showed a reversal of form in Saturday's game and defeated the Grand Rapids Eagles 11 to 3. The visitors started off in the first inning to sew up the game by scoring 3 runs off from Nykamp's pitching before the side was retired. The infield gave Nykamp some very ragged support similar to that displayed in the Battle Creek game, but woke up after the first inning. Holland then came back strong in the second inning when they scored three runs on a fusillade of hits sandwiched with a few errors. With two out and two on base, Jappinga was sent in to pinch hit for Nykamp but failed to connect with one of Saur's fast ones. Steggerda who has pitched prac-

tically all of the game the day before took up the mound work in the third holding the Eagles safe the remainder of the game. The kid pitched a fine game and seems to get better the more he twirls. Pitching 13 innings in two days as he has done is an iron man's work.

Holland was no match for the Battle Creek Leaguers and was blanked 11 to 0. The score indicates the class of league players who hit the ball at will and usually puts it where there was no one to ensnare it. Their hits totaled 18 and every member of the team gaining at least one hit and some three or four. Their fielding was exceptionally good and extremely fast. The tryste play was pulled off for the first time in many a season when Ingham dropped a Texas Leaguer over second which the second baseman just touched enough to gather in his fingers and peg to second putting out Waltz who had run on the hit thinking it landed safe and the shortstop receiving the throw at second snapped the ball to first catching Batema. The catch was spectacular and unexpected.

CIGARETTE SMOKERS BURN A BARN

An old barn, also used as an ice house on Lincoln avenue belonging to J. W. Bosman was burned to the ground Friday afternoon, and is a total loss with no insurance.

Boys in the neighborhood have been using this empty barn in which to play and it seems that they have been smoking cigarettes which set fire to the building and soon communicated to the Sixth Reformed church adjoining.

Both departments were hastily called and saved the church from destruction.

The barn however could not be saved as it was one mass of flames when the firemen arrived.

The barn was recently condemned by the common council of the city of Holland.

CALL EXTENDED TO GRAND HAVEN PASTOR

Rev. J. M. Ghysels, pastor of the Second Christian Reformed church of Grand Haven has received a call from the Ninth Street Christian Reformed church of this city. Mr. Ghysels who is one of the best known pastors in Grand Haven has not yet announced his decision.

POOL ROOM HOURS TO REMAIN THE SAME

There will be no extra hour for the pool room operators in Holland. The pool room men Wednesday night petitioned the council to give them the right to stay open an hour later in the evening. They asserted that their revenue comes mostly in the evening, and that with the late daylight conditions there is hardly an evening left for them, since they are compelled to close up very soon after dark.

The aldermen however pointed out that the old daylight system is soon to be in effect again, and moreover the granting of the extra hour would mean an amendment to the pool room ordinance. So it was decided to deny the petition.

C. J. Strong, Miss Jeanne Massanette and Mr. and Mrs. L. L. Strong motored to Grand Haven yesterday afternoon on business. Mr. C. J. Strong and Miss Massanette are now Mr. and Mrs. C. J. Strong.

Mr. and Mrs. L. L. Strong returned to their home in Goshen, Ind. after spending a week's vacation with Mr. Strong's parents, Mr. and Mrs. E. E. Strong. Mr. Strong is a former Holland man but is now employed as a machinist for the National Dairy Machine company of that city.

POOLE BROS. WILL ERECT TWO BUILDINGS

Keep the ball rolling. Talk optimistically about your town. Holland is sailing right along. Her citizens are bubbling over with optimism. Here is another little pill, so you do not lose the effect.

Poole Bros. are going to build two large buildings and are going to remodel their present plant thruout. These printers who do exclusively railway printing must have more room for their rapidly increasing business, in fact they have long before this been overcrowded in the present quarters and the extensive building operations contemplated are imperative, that is, provided the prices for building come anywhere within reason.

The plans made by Architect Williamson, Crow & Proctor of Grand Rapids, call for one building 40x40 feet, one story brick, and a second building 42x100 feet, also one story brick. The buildings are to be built to the south of the present plant, where the company years ago had purchased ground for future expansion.

The exterior of the new buildings will be built to conform in style of architecture with the present buildings located on the corner of 13th street and First avenue.

The present plant will also be remodeled thruout and when the whole is completed it will be the most modern printing shop of its kind to be found anywhere in Michigan. With the new buildings will also come added machinery and a larger printing force.

The Poole printing company has made good since they came to Holland eighteen years ago.

Their coming was unostentatious. They asked no bonus, the plant has meant a steady going concern filling its industrial niche among Holland's long list of diversified industries.

The expansion of the plant on top of so many other internal developments is very welcome news to the citizens of this community.

Home-grown industries are the most substantial, most hardy and the best to be had.

Holland has had its troubles with its pampered industrial babies fed up on the bonus milk bottle. Some have survived and have grown into very healthy institutions, but most have fallen by the wayside into the bankruptcy courts, not because anyone was particularly to blame, but because the principle of bonus giving is all wrong in the first place.

Holland's experience in this regard is no different than the experiences of hundreds of other cities. In fact if anything it has been more successful here than elsewhere.

A bonus as a rule does not attract a substantial going concern from a location where it has thrived. On the other hand it is generally the poor ones that are anxious to move, for another try somewhere else, and jump at the chance to get a little aid to help the deal along.

Holland is more than pleased with its internal developments.

WET WASH LAUNDRY OPENED MONDAY, CORNER RIVER AVE. AND 16TH ST.

Mondays in the future will be of a different color to the housewife than blue.

William Klies, who formerly conducted a grocery store at 268 West 14th street opened his wet wash laundry Monday in one of the buildings of the Holland Auto & Specialty Co. on the corner of 16th Street and River avenue.

The concern will be called a Holland Wet Wash Laundry and clothing will be called for and delivered. The idea is to get away from the wash druggery and this laundry is for the purpose of cleaning the clothes and to send them back with a 5 per cent moisture ready to have them hung on the line by the housewife. No marks will be put on the clothes and the washings will be done separately, the dark and light clothes not being mixed.

The latest machinery has been installed and this class of laundry is proving so popular in other cities, that one was opened for business in Holland Monday.

HUMAN KENNEL INTERRUPTS THE COUNCIL MEET

A dramatic scene was staged by Mayor Bosch at the council meeting last evening when he brought up before the aldermen the matter of unsanitary conditions at a house on Lincoln avenue, between 15th and 16th streets. The mayor described the conditions at this place as unspeakably dirty and he was so emphatic about it that, on his suggestion, the council adjourned then and there and went in a body to the place to inspect it. When they came back and went into session again several of the aldermen testified that the mayor had not told half of what the real conditions were.

Mayor Bosch called City Inspector Vanden Berg on the carpet and wanted to know why such conditions were allowed to exist without the council's attention being called to them. Mr. Vanden Berg said the place had been cleaned up last spring it was brought out that the people had been living there only a week or two ago. Some of the aldermen declared that a rat could not live there and survive. But in the face of all that the place seems to have been sold. One alderman declared that the man who had the nerve to sell it to another man ought to be prosecuted. It seems however that a start had even been made to repair the place. The aldermen unanimously voted to condemn the building and to have it torn down immediately.

Health Officer Godfrey was called into the discussion and he declared that the fault was not that of Inspector Vanden Berg, but that there was often no way of doing what the health department would like to do. He told of conditions in some sections of the city where there is no sewer and where the health department, as a result is compelled to compromise with conditions as they exist. The council demanded however that the city inspector shall report to the council conditions of this kind so that the aldermen may have an opportunity to act when such unspeakably filthy conditions exist.

The following are the sporting events that will take place at the Masonic picnic:

City Treasurer Appledorn is getting his lists ready to turn them over on September first to the city assessor to incorporate the unpaid taxes in the December roll. After November first the extra charge will be eight per cent.

Until then, the collection fee will be only four per cent. The tax campaign closed on August 15, and since then a considerable amount of delinquent taxes has been collected. As it was, the amount of unpaid taxes this year at the close of the campaign was only half as large as usual. Last year it was about \$8,000, which is the usual amount. This year it was only \$4,000. The tax campaign was the most successful one held in Holland in many years.

COLLEGE HAS GOOD PROSPECTS COMING YEAR

The new school year at Hope college is scheduled to open this year on September 17, and preparations for the coming year are being made at the local institution. The opening examinations for admission will be held the day before the public opening of the college. With a strong faculty and the prospects of a larger attendance than has been the case the past year or two when war conditions cut down the enrollment, Hope College is facing a successful year of work.

Hope College will enter upon its second year in September under the leadership of President Dimmet. This year the new president will be able to give all his attention to administrative work, his place as professor in Greek having been filled by the appointment of Rev. Jacob Van der Meulen of Kalamazoo.

As usual a number of prizes are offered to tempt students to do special work. The list for 1919-20 is as follows:

If some members of the common council have their way, all the contractors in the city will be licensed so that the council will have a hold on them to control them in the matter of observing the building ordinance. The ordinance committee was given charge to draw up such an ordinance and it will come up for consideration at a later meeting.

There is a lot of repairing of buildings going on in the city, it was charged, for which there are no permits. The building ordinance provides that all building operations that cost more than \$150 require a council permit, but often the contractors go ahead with the work without reference to the ordinance, it is charged. If the new ordinance passes, the contractor who takes a contract without first securing the necessary permit under the terms of the building ordinance, could be stopped by having his license revoked.

RAISE WAGES BUT MUST COME DOWN AGAIN

The ways and means committee of the common council took a unique way Wednesday night of emphasizing the fact that the present living conditions are abnormal. The committee believes in raising wages, but it also believes in lowering them again, when the present abnormal cost of living is reduced. "You can have your raise," the committee said in effect, "with the understanding that it shall be considered a temporary raise, and further with the understanding that your pay shall come back to the present figure when the cost of living has been brought back on a sane basis."

It was the chief of police, patrolmen, and drivers of the fire department who asked for a raise. The board of police and fire commissioners favored the raise, and so recommended to the council. The matter, in the usual way, was referred to the ways and means committee, and that body last night made its formal report, granting the raise.

Ald. Prins made the report for the committee, and he added the verbal explanation that the committee looked upon the raise as a temporary one.

The raise for the chief of police is scheduled to begin back from August first and that of the patrolmen and firemen back from August 3.

The recommendation seemed to meet with the entire approval of the other aldermen, as they voted unanimously to adopt the report of the committee. With everybody, from the president, to the prosecuting attorneys bending all their efforts toward cutting down the cost of living, it would seem that there might be a chance for the ways and means committee to scale those wages down again in the not distant future.

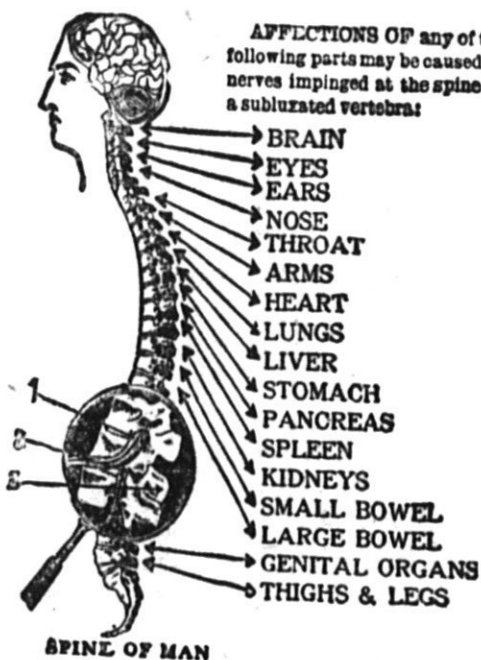

SAME NAME CREATES MIX-UP FOR GROCER

Arend Smith, proprietor of the "Service Grocery," 120 East Eighth street, is seriously considering the advisability of handing a tag around his neck to make plain to people which Arend Smith he is. There are two of the same name, and the grocer is having an interesting time just now with creditors of the former bottling works man.

Arend Smith, the elder, used to be proprietor of the Atlas Bottling Works. A day or two ago he sent out a batch of letters to creditors. About six months ago the nephew also named Arend Smith, started a grocery store which has been very successful. And the creditors of Arend Smith, the elder are coming to Arend Smith, the younger, and some of them, who are not satisfied with the bills immediately proceed to make it hot for the grocer. After about a half dozen made things interesting in the grocery store in a single forenoon, the grocer appealed to the News to explain his identity to the public.

Allegan Fair is to be held next week.

FORMER EDITOR OF SENTINEL JUMPS FROM STEAMER

Louis H. Conger, former secretary of the Muskegon C. of C. and one time sporting editor of the Grand Rapids Press, startled his

friends when he made a sensational leap from the deck of the steamer Alabama to the water 42 feet below. He was in the water several minutes while his friends stood speechless on the decks above watching him, too astonished at his act to render aid. The lifeboat crews of the steamer rescued the Muskegon man and after a few moments' rest on deck he finally recovered.

In explanation of his act, Conger said that he and C. F. Glew, local agent of the Goodrich Transit Co. wanted to give the "tired business men" some real excitement. It was Glew's crew that rescued him.—G. R. Press.

Mrs. Conger will be remembered as the editor of the Holland Sentinel some ten years ago.

SERVE-SELF GROCERY

Although our Blue Tag Sale closes this week Saturday, the extraordinary low prices in our Serve-Self Grocery will continue. Some of our customers understood that these low prices were only during our Blue Tag Sale; but this is a misunderstanding. It is our intention to continue selling Groceries at the lowest prices possible. We hope to do this because of our special buying, the elimination of extra clerks and delivery, and no loss through bad accounts, for our new grocery is operated on the "cash and carry" plan, and then too, the exceedingly large volume of business we are doing in this department (which by the way is increasing every day) makes it possible for us to sell Groceries at prices which save you many dollars a year. Besides, the "Serve-Self" plan does away with long waiting to be served by clerks in the usual way, on busy days.

Try our new grocery and you will realize the big saving on a single basket of groceries, because
