Mc BRIDE TELLS OF THE CHARTER REVISION

CITY IS TO BRING ABOUT A CAMPAIGN OF EDUCATION BEFORE A VOTE IS TAKEN

Last evening city attorney Mc Bride told the common council that a copy of the revised charter would be found on their desks and it represented three years of labor on the part of the charter commission and that before a matter was submitted to a vote the public would be fully informed on this phase in this new document.

Civic clubs in Holland would be asked to go over this matter, plenty of publicity would be given on all proposed changes and after this campaign of education have been given them the matter would be submitted to a vote.

The men who so faithfully labored to make this charter revision were James De Young chairman, former alderman Ben Wiersma, attorney Arthur Van Duren, city attorney Charles McBride and former city clerk Richard Overway.

LOCAL PAPERS RECEIVE LINDBERGH MEDALLIONS

In commemoration of Col. Lindbergh's visit to Detroit and Michigan, the Michigan Mutual Liability Co. of Detroit, has prepared a limited number of souvenir medallions and a small biographical booklet of the colonel. On one side of the medallion, which is about the size of a half dollar, is a picture of "Lindy" in relief and the little booklet contains some very fine recent pictures of him and one of his mother. The Holland newspapers were fortunate in being among those to receive this beautiful and highly prized souvenir.

Correspondence on page 7. All correspondence will be found on page seven of this issue instead of on page 8 as is customary.

MAKE TRIP FROM CHICAGO TO FENNVILLE BY PLANE

Wednesday an airplane brought Mr. Mallon from Chicago to Fennville to see M. C. Hutchinson of the Canning Co. The gentleman was en route from St. Louis and owing to a delay before reaching Chicago, the only way to keep his engagement at Fennville was by means of airplane which by the way records him as the first man to make a personal visit to Fennville in this manner. After business had been transacted the plane bore its passenger back to Chicago. The Village naturally was soon out in force and now has a new topic good for a week's talk at least.

OTTAWA COUNTY MEN AWARDED NEW PATENTS

Several patents were awarded to Michigan men during August according to a report from the patent office at Washington, D. D. In the list are found the names of Peter Baar of Zeeland who invented a new kind of poultry perch. Also Ernest H. Staff, Grand Haven, fluid pressure operated tool. (Assignor to William H. Keller, Inc., Grand Haven.) Jacob Kesteven, Allegan, sound amplifying constructor. Harold Gregory French, South Haven, toy striking bog. Joseph W. Bishop, Muskegon, phonograph record. (Assignor to Brunswick-Balke-Collender company.) Herman P. Baunigan, Muskegon, dustless ash system.

The mission is a substantial structure on Central-av., opposite Warm Friend tavern.

COUNCIL TURNS DOWN REQUEST TO CHANGE ZONING

ONE BLOCK ON MAPLE AVENUE WILL REMAIN AS A RESIDENTIAL DISTRICT

City Fathers Go Counter To The Recommendations of Appeal Board and C. of C. Industrial Committee

At least sixty people gathered at the common council meeting last evening because they expected excitement, however, thirty raised their hands indicating that they registered a protest against changing one block on Maple Ave., between 9th and 10th street, from a residential district to an industrial district.

A request for a rising vote from the audience was made by alderman McLean who also registered a protest against the change.

The spokesman for the protesting party, was Henry Winter, cashier of the Peoples State Bank who stated he had four lots near where the proposed change was suggested and that a reclassification and the building of a laundry would bring depreciation to his property.

Herman Damson stated that many people had built their homes there and that it was unfair to shove factories and business places under their noses thus spoiling home surroundings.

Henry Knutson said, "We recently cleaned out that street doing away with a brewery, a saloon, a barbed and many other unsightly buildings. It has taken us years to clean it up, let us not be compelled to go back to the old order of things."

Alderman McLean stated that the district had been endeavoring to clean up for years and that this block in fact had made an honest endeavor to bring about beautiful home surroundings. He said a laundry as has been proposed and which was the crux of all the demand for a change was not conducive to bring about ideal home environments.

He stated that some folks living at a distance are making a demand that a change be made but would not tolerate the change if they lived or had property there. "Why wish it on to us folks?" Mr. McLean protested.

Mayor Kammeraad pointed out to Mr. McLean that the meeting was not called as a protest against the laundry, but the call specifically states to change this block from a residential to an industrial street and aldermen should confine themselves to the call as it reads.

Mr. McLean however stated that after all the laundry was at the bottom of the change.

It appears that the common council at a previous meeting had asked the appeal board of the zoning committee to pass upon the matter of change and it also received a recommendation from the industrial committee of the chamber of commerce.

Both of these committees brought in reports that the change was highly desirable since much of the vicinity was already taken up with business enterprises.

Apparently the entire common council did not approve of these reports for they went on record not to make the change. Those who voted for the change were aldermen Kleis, Westing, Brier, Laapple and Postma. Those who voted that no change be made were aldermen McLean, Hyman, Thompson, Van Zanten, Vissers and Vande Water.

NEWHOUSE CHILD DIES AFTER CRASH ON US-16

Jessie Newhouse, a daughter of Mr. and Mrs. Nicholas Newhouse of Jenison, died Wednesday morning at 4 o'clock at Watson hospital, at Grand Haven, as a result of injuries received in the automobile wreck on US-16 one mile east of Spring Lake Tuesday night.

The body of the child, as well as that of her uncle, James Blain, who was killed outright, are lying at the Boer mortuary where they will remain to be viewed by the jury which will be impaneled Thursday morning at 9 o'clock to investigate the accident.

Mr. Newhouse was in Grand Haven Wednesday prostrated by the death of his daughter. His wife was not injured to any extent. Mr. and Mrs. Philip Kelley, cut about the body, were taken their home in Muskegon Wednesday.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Most of the offices of the United States and American Express companies have been consolidated. In this city the express business for both companies has been centered in the American Express office of which Mr. A. Breyman is the agent.

We notice in an article written by Rev. M. Untermyer, in De Hope, that the Preparatory Department of Hope College will be thrown open to female scholars, with a good prospect that the higher Department will follow in due time. This is a good move, and will undoubtedly become popular.

Rev. W. Moerdyk of Zeeland, on arriving home last week from his western tour, found that larceny had been committed at his house during his absence; but it was the pleasantest kind of larceny. Some young ladies of the catechetical class managed to get into his house and place there in two willow armchairs—one a little one for the baby. The grateful pastor don't intend to prosecute them at all, but tenders his heartfelt thanks.

A scientific journal says: "People who never have reflected on their eyes probably do not know that 400,000 wave lengths of light strike upon the retina in a single second." And probably they don't care so long as a brick, or something that way, doesn't strike on the same spot in less than a minute.

25 YEARS AGO TODAY

The deal whereby the Burnham Glove Co., of Chicago removes to Grand Haven has been practically a certainty. A splendid institution, it will be too for Mr. Burnham says that after the plant is fairly started he can find a market for all the gloves 500 hands can produce.—G. H. Tribune.

Attorney Arthur Van Duren is the possessor of a document that bears the signature of Abraham Lincoln. It is a government patent for 45 acres of land in Laketown township and was granted to James E. Eaton, for services in the Black Hawk war.

Marriage licenses have been issued the past few days to the following:

NOTES OF INTEREST AT THE COUNCIL MEETING

Alderman Alex Van Zanten submitted his report on city poor. The sum of \$183 was required during the last three weeks. The report was adopted.

There were 60 visitors present at last night's council meeting. The zoning question brought out a goodly number. Ex-mayor Stephan was noticed in the audience, which goes to show that he still takes a deep interest in city affairs.

Dr. T. W. Davidson, pastor of Hope church, opened the meeting with devotions. The city fathers joining in repeating the Lord's prayer in unison. Following the aldermen stood at attention and saluted the flag.

Mayor Kammeraad requested former Mayor Stephan to sit with him on the platform at the mayor's desk.

Board of Public Works member Simon Klein never fails to attend a council meeting and last night was no exception.

Residents on 25th street request that three street light be placed at different intersections in order to properly light that street. The matter was referred to the committee on lights and no doubt the request will be granted.

The consistency of the First Reformed church in a written communication requests that the council consider well the proposal for granting a license for a proposed bowling alley across the street to the north. The communication sets forth that the church will enter a protest should said alley bring disturbance there while meetings or services are in progress.

Alderman Drinkwater of the building committee, stated that the new garage being built on 11th street back of the city hall is progressing rapidly. The new brick structure will cost about \$2,000 and will house all the city cars and trucks.

Each alderman found lying on his desk last evening a voluminous volume of the new city charter. It is a massive affair of 89 type written pages. The aldermen postponed reading of this document until a suitable day can be set aside for it.

The common council last evening authorized the expenditure of \$500.50 for furniture to be used in the new city hospital. Stickney Brothers of Grand Rapids appear to be the lucky bidders.

Alderman Brier stated that residents near the sewage disposal plant on Fourth street made complaint that an odor came from some of the vents in the sewage receiving building. Laapple wisely pointed out that the plant had just begun the operation of this plant and should be given time to work out some of these details. He suggested that stacks might be placed in the vent carrying the fumes higher in the air.

K. B. Olson last evening was given the contract to pave one block on 13th street from Lincoln avenue to Fairbanks avenue. Rather an interesting incident in awarding this contract was when "Cooky King" Brier of the second ward, with all his parliamentary powers endeavored to award the contract to Olson. Four times Frank was called out of order by the mayor, since other technical details had to be passed on first in order to put through the motion of awarding the contract. When the time did arrive, however, Alderman McLean beat Brier out causing much laughter at the second ward alderman's expense.

Mr. Henry J. Pott, 106 East 17th St., was operated on at Holland hospital Wednesday night for appendicitis.

FIRST AVENUE NOW A STREET OF THE PAST

ALDERMAN CHANGE THE NAME TO WASHINGTON BOULEVARD

First avenue is out of the picture as far as Holland is concerned. From now on there will be no thoroughfare by that name for the name was changed by the alderman last evening to Washington Boulevard, that is to say from Eighth Street south to sixteenth street will be called Washington Boulevard and from there on to 36th street Washington ave., will be the future name.

Some months ago a request was made by residents on that street for this change and the council men were unanimous in granting their request. First avenue was boulevarded from Eighth to Sixteenth street four years ago and the flowers, trees and shrubbery have made this street one of the finest in the city.

15 YEARS AGO TODAY

A very pretty wedding was solemnized at the home of Mrs. Corrie Koehler when her daughter Caroline was united in marriage to Martin Telgard.

A very beautiful summer wedding took place at 8 o'clock Monday morning at St. Andrews cathedral, in Grand Rapids, when Miss Catherine Conlon, daughter of Mr. and Mrs. Francis Conlon, was married to Oliver Burnham Johnson, of Chicago.

The marriage of Miss Clara Sullivan daughter of Mr. and Mrs. Henry Sullivan of Grand Rapids to Joseph H. Kirby of Detroit, formerly of Grand Haven took place in the chapel at the bishop's residence at Grand Rapids at 8:30, yesterday morning. Bishop Henry Joseph Richter officiating. Joseph Kirby is a brother to Judge of Probate, Edward P. Kirby.

The teachers of the Public schools spend a delightful time at the home of Mr. and Mrs. Wm. Brusse Monday afternoon from 3 to 5 o'clock. A social meeting was held in the high school building yesterday afternoon at 2 o'clock at which about 60 of the teachers were present. When this meeting was over the teachers were invited over to the Brusse home for an informal reception, the function was most delightful.

While the City of Holland is doubtless pinched somewhat on this account, it is only in the same condition that a number of larger towns of the state now find themselves and while the state realizes the importance of widening these streets as soon as possible, we shall have to ask the patience of the towns in allowing us to handle this work somewhat in accordance with traffic conditions on the several roads approaching the towns.

I shall be pleased to refer this to our engineers for a careful study.

Very truly yours, Frank F. Rogers, State Highway Commissioner.

NEW GRONINGEN COUPLE WED ON LABOR DAY

The home of Mr. and Mrs. Bert Riemersma of New Groningen was the scene of a happy wedding ceremony when their son, Cornelius, and Miss Mabel Stekman were united in marriage there on Labor Day evening, when a large number of relatives and friends witnessed the ceremony pronounced by Rev. J. Van Peursem.

The bride is a daughter of Mr. Adolph Stekman of North Fairview road and well and respectably known by us all. She was attended by her sister, Miss Anna Stekman. Mr. Riemersma is also one of our highly respected young men and he was attended by Harvard Jekel of Chicago. The wedding march was played by Clarence Klampf on the violin, accompanied by his sister, Elsie Stekman, also a sister of the bride. They are both of Chicago.

The newly married couple are making their home in New Groningen at this time.

ZEELAND GIRL LEAVES ON TPJR PARIS, FRANCE

IS SISTER TO GIBERT KARSTEN WHO FELL IN THE WORLD WAR

Miss Martha Karsten and Mrs. Jennie Veneklasen left Zeeland yesterday for a trip to Paris, France, and other European points, including the scene of action where Gilbert D. Karsten fell. They will also visit the graves of the fallen heroes. They will sail from Quebec on September 9th in company with several others from this state, including American Legion delegates.

Miss Karsten was selected as delegate from the Fifth District of Michigan of the American Legion Auxiliary and will attend the convention scheduled to be held in Paris on September 19th to 23rd, both days included, when both the American Legion and the Auxiliary will meet in the international organization.

Miss Karsten is a sister of the Zeeland soldier in whose honor the Zeeland Legion Post was named.

Angus Brower, of Zeeland, was thrown to the ground and rendered unconscious. He was riding a horse, bareback, when the animal became frightened from a passing automobile.

Bob Klaasen of Eagle Crest Park entertained Mr. Everett Weaver and Sam Denmore of Detroit over Labor Day.

Miss Joyce Klaasen spent a few days visiting friends in Chicago.

Miss C. Klaasen entertained Mrs. Bruce Stram, Mr. J. Boomer and Miss Sara Boomer of Chicago at Eagle Crest Park.

Fire, which is supposed to have originated from a spark, was discovered on the roof of the old horse barn in the rear of the Ver Hage Milling Co., property, Zeeland, Wednesday afternoon, and before the fire department could get there the roof was badly damaged, so that it is doubtful whether it will be repaired.

WORRIED ABOUT HOLLAND'S TREES

Many home lovers who have fine shade trees are worried because the leaves are already beginning to fall. Many trees are nearly bare of leaves, and seem to be in a dying condition. Mr. Van Braagt, Holland's Park superintendent, when interviewed, tells Holland folks not to worry. This condition is brought about first because of two frosts in August and mostly because of the worst drought in years. Next spring these denuded trees will bud again as always.

GETZ MENAGERIE FOUND UNDER THE WRONG TENT

SIGHTSEERS ENDEAVOR TO ENTER THE CANVAS AT PINE LODGE

Dr. J. B. Nykerk, dean at Hope college tells a good one on some sightseers who came from a distance to see George Getz's zoological gardens. But apparently they entered the wrong tent.

They rolled up Beechwood road to Pine Lodge instead of hitting the Alpena trail, for Lakewood.

The conversation between Mr. Nykerk and the spokesman for the sightseers goes like this. "We came to see the animals, are they under that tent?"

"No," says the spokesman, "No the shows here open at 10:30 and at 7:30 o'clock in the evening, you are very welcome. "Well, that's funny, we thought this place was open all day until five o'clock."

Nykerk—"No the schedule here is services, morning and evening." "We don't want any services, we want to see the animals at some big farm."

Nykerk—"Ah! Your in the wrong place, you want to go to Lakewood Farm, where Mr. George Getz has his lions, tigers, and his elephants. "Yes, that's the place where we want to go, but we thought you had them under this tent. My wife called me down because she said we were in the wrong place."

Nykerk—"Well! Well! It pays to mind your wife, I always say so. Thereupon the Dean of Hope College, who is also a director of Pine Lodge, directed the party to the George Getz gardens on the next road north.

STEPHAN GIVES SHORT ADDRESS TO COMMON COUNCIL

COMMISSIONER HE APPOINTED FOUR YEARS AGO CREATED NEW CHARTER

Former mayor E. P. Stephan was a visitor in the common council chambers last evening and his appearance brought about a demand on the part of the aldermen that he say a few words.

Mayor Kammeraad introduced the former mayor stating that it was rather a coincidence that the committee for charter revision appointed by Mr. Stephan had just completed its work as was evidenced by the voluminous found on each and every alderman's desk.

Mayor Stephan stated that he was much pleased to take a part in council deliberations again but that he really came to see what fireworks the revision of the zoning system would bring. He said he liked to be where there were fireworks in behalf of constructive measures but he stated that very little of it materialized during the evening.

He jokingly remarked that if he had known a charter commission would take four years to construct a new charter he would have charged them long ago if he was mayor. Seriously however, he felt that the men who had this work in hand were fully qualified and the document they had created during that time must be a good one and adjusted to the present and future needs of a growing city.

It was rather unusual to find that there was much work done on that evening, for the three big committees that Mr. Stephan had appointed four years ago, namely the zoning commission, the sewage disposal committee and the charter commission.

HOLLAND BUSINESS MEN DON'T KNOW IT

It is reported Holland business men are planning to open the new oval with a big celebration when it is finished. The work on the cement laying has progressed with fair speed. About half of one strip down the center of the wider part is now laid, and it is understood the oval will be completed by Oct. 1.—Grand Rapids Herald.

No plans have been made by Holland businessmen for a celebration at that time. The oval isn't half done yet but when it is completed, provided the snow doesn't fly, Holland folks, including the merchants, can be relied upon to give the new park a fitting opening.

NEW BUSINESS BLOCK PLANNED

Henry Ringelberg of Grand Haven, east end realtor and proprietor of the Ringelberg meat market, is moving the last of his old residences located at the corner of Washington and Seventh streets, Grand Haven, to make way for the erection of a new business block.

While Mr. Ringelberg could not with surety make any statements as to just what kind of a building he would erect there, it is understood it will be a credit to that section of the city and in line with the other structures in that vicinity.

Mr. and Mrs. George Van Koeveling, accompanied by Mr. and Mrs. Wm. F. Van Amroy of Holland, motored to South Bend, and Elkhart, Indiana, Labor Day, Zeeland Record.

WANTS RIVER AVE. BUILDING LINE CHANGED AT ONCE

FORMER ALDERMAN DAMSTRA SUGGESTS THIS TO AVOID LARGE EXPENDITURE LATER

Peter G. Damstra, former alderman, sent in a communication to the common council asking that a new building line be established on River Avenue doing the city, as it grows, and streets might have to be made wider, this could be done without tremendous expense because the new line would make ample provision therefore. The communication which is self explanatory follows:

"To the Honorable Mayor and the Common Council:

Through the means of the communication we would like to interest your Honorable body in the support of the suggestion herein following:

In the block designated as business district on River Avenue between Fifteenth and Sixteenth Street and opposite the new Junior High School building there is at present time an oil station on either corner. In all probability other business buildings will be built in the near future facing River Avenue in this block. We would suggest that the building line for these future buildings be set back from the walk a suitable distance to at least somewhat conform to the Junior High School building across the street. In our opinion a matter of four to six feet. We would bring about the result desired. If any action is taken along this line, it should, of course, be done soon, and by proper means. After considerable inquiry among property owners of this frontage, and school members, and members of the Zoning Commission we find ample support for this project and sufficient to warrant this petition to your honorable body for consideration.

Respectfully submitted, DAMSTRA BROTHERS per Peter G. Damstra.

OUTSIDE FIRM IS SUCCESSFUL BOND BIDDER

The Stranahan, Harris & Oatis Bonding Co. of Toledo, were the successful bidders for Holland's special street assessment bonds amounting to \$90,000 at par 4 1/2 per cent interest. Other bidders were the Detroit Trust Co., the Peoples State Bank and Holland City State Bank of Holland.

The new city mission for Miss Nellie Churchford is nearly complete and within a month or six weeks will be dedicated if plans are followed out. The building is equipped with a large auditorium and class rooms for Sunday school purposes. The funds for its erection were supplied by Holland citizens.

School children will not march in the civic parade with which Grand Rapids will welcome the G. A. R. national encampment here Monday evening, Sept. 12, it was decided at a meeting of the citizens' committee Saturday.

HOLIDAY DRAWS 40,000 TO LAKEWOOD FARM

With ideal weather over the Labor day week-end, the crowds at the many nearby resorts exceeded those of other years by thousands.

At Lakewood farm today it was estimated there were nearly 40,000 persons. The heavy traffic made traveling slow and necessarily cautious.

This was revealed today by Byrd in a speech at the closing session of the sixth annual state convention of the American Legion.

Byrd said he planned to take dogs so as to make expeditions over the ice from the base.

P. B. C. SCHOOL ENROLLMENT UP TO THE LAST YEAR

The opening of schools Tuesday brought hundreds of children back to the realm of book and bell. With the memory of their last day of independence on Labor Day still fresh, the boys and girls now tramp the school halls and the busy hum of classrooms is again to be heard.

Holland's schools show a substantial enrollment, with a principal of a steady increase during the first few days.

The senior high had 260 girls and 212 boys at the opening Tuesday morning, a total of 472. This total is expected to increase to between 500 and 550 within the next week.

The tenth grade leads with an enrollment of 189. Mr. Rolland Maybree will be at the History department at Central State Normal and his place here has been taken by Mr. Walter C. Richardson of the University of Michigan.

Mr. Richardson has been graduate work in history and philosophy. A new debate course is being offered during the third hour, aiding the training of school debate teams.

The junior high has 357 boys and 334 girls, a total of 691, which is expected to top the 700 mark soon. Mr. F. Hildner, former principal of the Froese school, now teaches the course in Civics at junior high.

Miss Ewald has the arithmetic and English classes while Mrs. Ver Hulst teaches citizenship. Mrs. Jackson, Miss Kappoon's place in the Home Economics room, Miss Mahan directs the girls gym work.

In place of Miss Dorothy Todd, and Miss Kutechinski will direct the various school orchestras. The band will continue under Mr. John Van Vyven.

FAST SPEED BOAT IS DESTROYED BY BLAZE IN CONTEST

Thrilling events of the Labor day motor boat races at Spring Lake were marked by a mishap which destroyed the Garmock, 220-horsepower Thriftcraft speedboat, owned by Carl W. Trautman, of Grand Rapids, commadore of the Spring Lake Yacht club, and came near resulting seriously for John H. Tanis, 451 North ave., N.E., also of Grand Rapids, driver of the craft.

Thousands of spectators lined the lake shores as the sputtering speed boats, were getting under way for the seventh event. The Garmock's carburetor had been giving trouble in running up trials, but Tanis considered it well to permit satisfaction during the race. Just as he had cleared the starting buoy and was holding the lead nicely over the other contestants, the craft burst into flames. Roy F. Springer of Grand Rapids dashed to the rescue in his boat and, "hump" jumped aboard the latter and several yards away when an explosion of 80 gallons of gasoline thundered a murderous message from the burning Garmock, which drifted to Strawberry Point and burst to the water's edge.

The Garmock, which had been giving speed exhibitions, was expected to win the race. It previously had made a mark of 55 miles an hour. The craft was valued at \$2,500.

On July 4 the Miss Spring Lake, owned by Edward J. Bauman, of Grand Rapids and driven by Mrs. Trautman, was crashed into by another boat and narrowly missed being swamped.

The ninth event furnished the most exciting racing of the afternoon when six express runabouts competed in a handicap for points for the gold cup trophy donated by Don Campbell of Muskegon and worth \$200. This event was won by R. H. Perry, Grand Rapids, with a Dodge watercar, running eight five-eighths in five minutes and five seconds. The ship, owned and driven by Roy Springer, was only 10 seconds behind. The Cadet, driven by Ed Bauman, and the boat driven by R. Savage, coming in about a length each behind. This gave the spectators all the excitement of a horse race.

Hunter Robbins of Spring Lake made the best time ever made on the lake, when his express runabout did two and one-eighth miles in three minutes and 16 seconds.

FLOWERS PLACED IN EVERY SCHOOL- ROOM BY W. C. T. U.

The Holland public schools are favorably affected by a custom not existing in many cities, but which brightens up the "tranquency" of the school-room for the pupils on the first day. The Holland W. C. T. U. has again been able to place a bouquet on each teachers desk, a custom originated by Mrs. Van Vleet, several years ago when she was president of the union. By this effort each teacher has a generous bouquet, extending to her the cooperation of the citizens.

The florists who contributed the flowers and made this possible, were Mrs. W. C. T. U. members, Edna Greenhouses and Shady Lawn Florists. Some flowers were contributed by members of the W. C. T. U. union. They are all put into bouquets on Labor Day and then placed in the various rooms.

NEW BICYCLE LAW IN EFFECT

Police Chief Van Hy announced a new bicycle law, which went into effect on Monday. Many accidents occur every year because of negligence about lights. With the heavy traffic during the busy hours, when many return from the factories riding their wheels, the Council announces this law will be rigidly enforced.

On order that there may be no misunderstanding, the complete law is here stated:

Lamps on Bicycles
Every bicycle shall be equipped with a lighted white lamp on the front thereof visible under normal atmospheric conditions from a distance of at least three hundred feet in the front of such bicycle and shall also be equipped with a reflex mirror or lamp on the rear exhibiting a red light visible under like conditions from a distance of at least two hundred feet to the rear of each bicycle.

SIX THOUSAND AT HAMILTON ON LABOR DAY

Allegan county's annual Labor day celebration at Hamilton was one of the most successful ever held. It is estimated that no fewer than 6,000 people crowded the groves in which the festivities took place. Microphones were installed so that all could hear the addresses. Herman Brower was master of ceremonies.

Hon. O. J. Diekema of Holland spoke briefly, introducing A. H. Vandenberg of Grand Rapids, who made the main address. Both, Mr. Brower and Mr. Diekema urged Vandenberg's eligibility for the Republican nomination for the United States senate.

Mr. Vandenberg put a triple interpretation on the phrase "America First." He said it must, first, dedicate the American citizen to the preservation of the independence and individuality of his own country, free from all foreign entanglements. "It sometimes seems," he declared, "that half the foreign world wants to cast Uncle Sam in the role of Santa Claus, and the other half wants to cast him in the role of Shylock." He said "America First" means, secondly, the need that we should concentrate upon many of our own tremendous domestic problems as yet unanswered, rather than searching the earth for alien conundrums to solve. He said, thirdly, that "America First" calls upon the American to consider his responsibilities as a citizen before he considers his opportunities as an individual.

The American Legion Band of Holland was out in force and made a hit when on parade and during the band concert.

SCHOOL HOUSES PUT INTO SHAPE FOR THIS YEAR

When the school bells ring next Tuesday for the opening of the 1927-28 school term the school buildings of Holland will all be ready to receive the children. Everything is all set to begin promptly on time next week.

The buildings of the local public schools have received more attention this year than they have for the past number of years. The repairs have been very extensive. All the repairs were completed this week. The three buildings that have received the bulk of the repairing were the Lincoln, Van Raalte, and Longfellow schools.

At Lincoln school at 11th and Columbia, new floors were laid in three of the rooms and the corridors. The floors that had been in the building had seen service for thirty years or more. They were very nearly worn through in some places. The entire building has been revised, new light fixtures were installed in all the rooms and the entire interior of the building was redecorated.

At the Longfellow school, located on 24th street, a great many major repairs were made. A new roof was placed over the entire building. All the ceiling plaster in the rooms and halls was removed and put on anew. The entire building was revised and all the light fixtures were replaced with a modern type. The entire interior of the building was redecorated.

Van Raalte school, located at the corner of 19th and Van Raalte, was revised and a new lighting system placed throughout the entire building. The school was also redecorated. The toilets at Froebel school were repaired. The other grade school buildings that were not repaired were given a general cleaning and inspection, in order that they would be ready for the public next week.

The floors in the corridors of the senior high school on the second and third floors were covered with a high grade type of battleship linoleum. A Kalamazoo firm was awarded this contract. The other repair work was given by contract to the local dealers and contractors. Both the senior and junior high school received minor repairs which always come with the general wear of the buildings.

The new Washington building is now fully equipped ready to receive its first pupils. The playground has been graded. Some of the playground apparatus has been installed. The new lawn has been started and it is a fitting accompaniment to the fine new building. Everything is in readiness for the opening of the school year.

Many Hope students are already in the city awaiting the opening of school. Registration is going on at

SOLOMON DEDICATES THE TEMPLE.

LESSON TEXT—1 Kings, chapter 8.
GOLDEN TEXT—I was glad when they said unto me, let us go into the house of the Lord.
PRIMARY TOPIC—Worshiping in God's House.
JUNIOR TOPIC—A Young Man's Love for God's House.
INTERMEDIATE AND SENIOR TOPIC—Love for God's House.
YOUNG PEOPLE AND ADULT TOPIC—The Value of God's House to a Community.

The first task of Solomon after his coronation was the building of the temple, a privilege which was denied to his father, David. In his preparation for this task he secured wood from King Hiram of Tyre, stones for the foundations from the Phoenicians, skilled workmen also from King Hiram. It was located on Mount Moriah (II Chron. 3:1). The suitability of this place was due to the fact that the Lord had appeared here to Abraham. Its dimensions were 90 feet long, 30 feet wide, and 45 feet high. It contained the brazen altar, the laver, the golden candlesticks and cherubim. The dedication of the temple was arranged to take place at an auspicious time. The dedicatory services consisted of:

I. Bringing Up the Ark (v. 1-11). The ark of the covenant was the symbol of God's presence among men through Jesus Christ (John 1:14). The ark was God's holy dwelling place. This, therefore, must be brought up first and placed in the temple. For the manifestation of the divine presence was the real dedication. When the house of God was to be dedicated the king arranged for a representative gathering of the people, consisting of the elders, princes and heads of the tribes. There were many great men present, but only the priests, God's appointed ministers, moved the ark. The fatal experience of Uzzah in David's time was doubtless clear in their minds. Solomon profited by the blunder of his father. Connected with this service was a very great sacrifice.

FREE METHODISTS WILL DEDICATE ZEELAND CHURCH

The Free Methodist church of Zeeland has in record time reconstructed its former church building into a much larger and more beautiful church, now having a seating capacity of about three hundred, about double that of the former church. A date for the dedication has been set. At the same time the congregation will entertain a district convention in connection with the dedication.

The dates for the convention have been set for four days, Thursday, Sept. 8, to Sunday, Sept. 11th, both days included. And the dedication of the church building will take place on Sunday morning, September 11th. This will be the largest gathering of Free Methodists in its history. Ministers and laymen from different parts of the district will be present as well as many others from distant points.

Through the officers of the district the services of the Rev. J. T. Logan have been secured for this occasion; he will also dedicate the church on a Sunday morning.

The Zeeland church will have for one evening, Tuesday, Sept. 8th, the Rev. T. Tsuchiyama, president of the Osaka Theological Seminary, Free Methodist Church, Japan. He will give an account of his work and the work of the Free Methodist Church in Japan.

one in keeping with the occasion. The ark with the two tablets of stone under the mercy seat shows God manifesting Himself to His people on the ground of a law perfectly kept, and since atoned for by the shedding of blood. At the completion of the sacrifice, the temple was filled with the glory of the Lord.

II. Solomon's Address to the People (v. 12-21). He points out to the people that God had chosen David to be king, yet for certain reasons He would not allow him to build the temple, promising that his son should do the work. Now that the work was done, the temple was built and the ark of the covenant was in its place, they could be assured that God had raised him up in the room of his father.

III. Solomon's Dedicatory Prayer (v. 22-53). The ark having now been placed in the most holy place, and the address to the people being ended, the king pours out his soul to God in prayer. In this prayer Solomon gratefully acknowledges God's goodness in the past, giving glory to Him, and pleads that His promise to his father be verified (v. 22-26); he prays that God's eyes might be continually open toward the temple which He had now taken possession of (v. 27-33); so that (1) in case of contention between parties he would judge between them (v. 31, 32); (2) in case of being smitten by the enemy, even though they had sinned, upon confession of the same, God would forgive and restore (v. 33, 34); (3) in case of famine as chastisement for sin, upon confession and prayer before the temple, God would forgive and send rain (v. 35, 36); (4) in case of pestilence and sickness, if they pray to God toward the temple, God should hear and forgive (v. 37-40); (5) in case of the coming of the foreigner who comes at the news of God's greatness, and prays toward Jerusalem, his prayers should be heard (v. 41-43); (6) in case of going out to battle, their cause should be maintained (v. 44, 45); (7) in case of being in captivity because of sin, God should hear their prayers and restore (v. 46-53).

IV. Solomon Blesses the People (v. 54-61). On the strength of the covenant promises, he invokes His presence always with them to keep them faithful, and exhorts the people to have their hearts perfect before God, walking in His commandments and statutes.

V. Solomon and the People Offer Sacrifices of Thanksgiving (v. 62-66). The joy of the people was full. They blessed God and the king.

er, will give to the delegates assembled for the convention, an address. Echoes from the National Alcoholic Convention." One was appointed by Governor Green as a delegate from her district to that convention. Miss La Barr was formerly a missionary to Africa, but on account of the failing health of her mother, she is remaining in this country on an extended furlough. She now has a church in Ravenna, Mich.

The entertainment is being provided by the members of the church and through their friends of the city. A general dining room is being planned by a Zeeland committee of the church, and it is expected that there will be from eighty to a hundred and fifty persons dining together. The Zeeland committee has secured the services of a very able cook who will have full charge of the serving of all meals.

JUMPS BOND; IS ARRESTED IN OHIO

John Patterson of Chicago, who jumped his bail of \$500.00 in Ottawa county in 1925, has been arrested in Ohio and sentenced to one and a half to seven years for house breaking. The details of the arrest came thru the finger print department at Lansing where Patterson was listed. Patterson was charged here with entering the office of Dr. Westrate and much of the stolen property was found in his travelling bag when arrested. The county collected his bond in 1925.

ALLEGAN FARMER LOSES \$9,000 IN FIRE

A loss of \$9,000 was sustained by Stephen Mancuso when two large barns burned on his farm 14 miles south of Holland, Sunday.

In the barns were 30 tons of hay, 200 bushels of oats, a quantity of wheat and a number of farm tools.

Mrs. Laura M. Adams of Holland, spent a few days this week at the home of Mr. and Mrs. Adrian Nagelkir, Grand Rapids.

THREE BIG ROAD IMPROVEMENTS NEAR HOLLAND

An important meeting was held in the office of the county road commission at Grand Haven, presided over by Austin Harrington, Holland, when the members of that board and the road committee of the board of supervisors decided upon the proposed budget for the roads of the county for 1928.

This will be presented to the board of supervisors for their action in the October session. From now on the county starts out on a new policy which is to rebuild one-third of the gravel roads of the county each year thus entirely renewing every gravel road once in three years. The plan is to widen the grades, lengthen the culverts and bridges, install guard rails and resurface the gravel where needed, also all gravel roads will be treated with dust-layer. Another important measure adopted was that all future concrete paving will be under the assessment district plan, or better known perhaps as the Covert Act.

This budget is raised by direct taxation and controlled by the board of supervisors of the county. They as a rule accept the budget as approved by these two committees having faith in the suggestions coming from the county members. The good roads committee are Fred Graham, D. M. Cline, M. Ver Hage, Gerrit Yntema, John Rutgers and James Chittick. While there is no particularly large project at hand there are a number of roads in outlying districts which will be built and opened up splendid property, the gravel roads will be brought up to a perfection equal to any county in the state and a general dust laying program which will be a great pleasure to the traveling public.

Following is a list of the improvements planned and the cost for the proposed budget of 1928.

WANTS SAME NAME FOR THE NEW STATE PARK

Simeon L. Henkle contributes the following to the discussion of a name for the new state park:

"Relative to the proposals appearing lately in the columns of the Daily Sentinel to furnish a name for the state park acquired at Ottawa Beach about two years ago for \$30,000.00, of which \$10,000.00 was furnished by the city of Holland, it would appear that the citizens of Holland have an interest in any name which may be given to this park. In consideration of the above \$10,000.00 the state agreed to keep up the park and also build certain concrete highways. Apparently, at the time, the matter of a name was not discussed by those in charge of the negotiations, possibly as an oversight, or probably considering that the old historic and beautiful name of Ottawa Beach would continue. 'Certainly the idea that the completed construction of a mere stretch of concrete into twenty acres of park would overshadow the wonderful beach, lake and wooded dunes and require a name seems like giving more importance to the tail of a dog than to the dog. 'To the writer no name could be more appropriate and at the same time lend more prestige to Ottawa county than 'Ottawa Beach State Park' by which it is now known in state official correspondence and which is located in the minds of thousands of resorters from many states."

Commenting on the suggestion made by another local woman that the new state park be named "The Ottawa Loop," Mrs. Henry Van Ark said today:

"When reading the last suggested name for our new state park, 'The Ottawa Loop,' it seemed to be the first one that sounded just right. In the first place, tourists will have no trouble in associating the name with the Ottawa Beach and Macatawa resorts. Second, it is not too fanciful and, as has been said, it is of Indian origin, and so is in keeping with the other names of resorts about Holland. And third, the local people are likely to take to it because of its being at Ottawa Beach. What more natural than to say, 'Let's go to the Ottawa Loop.'"

TRAMP CAT THINKS SHE IS A CHICKEN

A tramp cat that does not feel at home anywhere except in the chicken yard with the chickens came to the home of George W. Dent about two weeks ago. Since then the cat has lived with the chickens. She is very friendly with the hens and the latter are friendly with her. When milk is put into the yard the hens stand back until the cat has been fed. No one has been able to catch her but she is very gentle and chummy with the hens.

TRIES TO PASS OFF CC'INTERFEIT DIMES

A very tall stranger stepped into a local shoe store and asked to have two dollars in dimes changed into paper. The proprietor tested the dimes and found some of them to be counterfeit. Before he could get there, the stranger had decamped and although a search was made he had made good his escape.

DROWNING TAKES PLACE IN ALLEGAN COUNTY

Shock is believed to have caused the death of Lyle Thomas, 17-year-old son of Mr. and Mrs. Charles Thomas of Pickford, Mich., at Eagle Lake Sunday, 12 miles south of Allegan.

The boy with his parents was attending the Keene family reunion at Eagle Lake and during the afternoon Lyle jumped from a springboard into the lake and became mired. Relatives got him from the water almost immediately and applied first aid, but no effect. Water there was about six feet deep. Coroner C. Clay Benton was called.

The family formerly resided near Bloomingdale, and funeral services tomorrow in Benton's funeral home, will be followed by burial in Linsley cemetery near Bloomingdale.

GARY MAN RUNS DOWN BIKE RIDER

Rather a serious accident occurred Friday night at the street intersection of Van Dyke and 17th street, when a man by the name of Schrab-bi, of Gary, Indiana, ran down John De Groot, who was riding his bicycle and was crossing the street intersection just as the Gary car sped by.

De Groot has a collar bone broken and was otherwise bruised when he was thrown to the pavement. He was hurried to Holland hospital and the police are holding the car of the Gary man awaiting the outcome of De Groot's injuries in order that the Holland man may fully recover damages if he is entitled to them. Miss Miller at the local hospital states that De Groot is not dangerously injured and that he will be discharged this afternoon and taken to his home.

CICERO WANTS NEXT CHRISTIAN SCHOOL MEETING

The convention of the national union of Christian schools was brought to a close at Grand Haven Thursday afternoon after a most successful session occupying two days.

Members from many parts of the country were there, many of them for the first time and they were delighted with the hospitality extended to them and the charm of Grand Haven itself.

The Thursday session was occupied by a business meeting at which a revised constitution was adopted and several proposals discussed some of which were passed. The constitution gone over article by article was accepted as drafted after a heated debate.

Several proposals from the Union board were adopted. Among those discussed most generally was the inauguration of a circulating library, the addition of a new department to the Christian school magazine, the appointment of committees in various parts of the country to verify the Christian caliber of the candidates or teaching positions.

One of the large projects in view is the establishment of a normal school for the education of the teachers to be trained with the ideals of Christian teaching uppermost, readers whose literature embodied the same ideals are to be placed in the lower grades.

The annual reports were adopted and an invitation extended by J. Kooy of Cicero, Ill., for the meeting there next year, was accepted. There were 75 delegates sent to Grand Haven from all parts of the country and shows abounding in diversity of the Christian school non extends.

These schools are supported entirely from subscriptions of parents and interested citizens who believe in bringing more of the Christian religion in the daily studies than is employed in the training of the public schools.

Mrs. A. E. McKroy, 24 W. 17th St. and sons Glen and George have just returned from two weeks' motoring trip to Cincinnati and Harrison, O.

KOLLAS RETURN FROM A 3 MONTHS TOUR OF EUROPE

The Holland Furnace Company force was out in full, nearly 500 of them to meet John Kolla, president of the Holland Furnace Company, who with Mrs. Kolla had been on a European trip since June 6, a greater part being spent in France and in the city of Mr. Kolla's birth.

Mr. Kolla was lifted on a truck when he appeared and was given rousing cheers. A large banner was displayed that read: "Mr. Kolla, we welcome you home." In response to the cheering and the sentiments expressed upon the banner, Mr. Kolla gave a fitting talk stating that he appreciated the welcome and said that he was glad to be back with the Warm Friends family.

The home coming was marred in a measure because of an accident that took place near Owosso. The Kollas were picked up at Detroit and on their return the car driven by John Nystrom struck a freight train near Cornuta, that was obscured from sight. The accident took place at midnight. The result was a badly wrecked car with Mrs. Kolla being slightly injured as was John Nystrom, age 14, a grandson.

Prof. and Mrs. Chris De Jonge of Zeeland have returned from their residence in Zeeland.

Rev. J. Carlton Pelgrim, D. D., has left for his home in Frankfort, Ky., after spending the summer at Macatawa.

MOTOR COACH PICKS A TREE INSTEAD OF LIZZIE

A big yellow coach on the Lake Shore Motor Coach line ran into a tree as the lesser of two evils when a Ford touring car coming in from a side road stalled in front of the oncoming bus on the Beach Tree road just outside of the Grand Haven city limits about 7 p. m. Thursday.

Damages which detained the coach about 20 minutes and caused the occupants of the car some little consternation were soon fixed and the bus able to continue into the city.

The name of the driver was not obtained nor the Ford car driver who might have caused a serious accident to all concerned.

Carl Swift and family have moved from their summer home on Lake Michigan to their home in Holland, 389 Lincoln Ave.

A FORD CAR CRASHES THRU PLATE GLASS

A balky Ford in the hands of a novice climbed a double curb on Seventh street at Grand Haven and crashed into the store window of the Kramer Electric shop about 6.30 Thursday night.

J. C. Bennett employed at a Grand Haven filling station had been at Weber's restaurant. He was driving from there in a borrowed car and turned the corner when "the animal" refused to keep to the beaten path and began climbing to the sidewalk. Fortunately there was no one on the street for had there been, nothing could have saved them, had they been in the path of the car. The driver either unfamiliar with the foot regulations of a Ford or unaccustomed to driving of any sort, completely lost his head when the car began to rear. The brakes have just been put in order, declared the owner.

The plate glass in the window was completely smashed and some of the merchandise displayed there ruined. The Ford had to be pried out of the building and on emerging was tamed, with bent fenders, scratches and other defects.

Rev. and Mrs. Benj. Bush, who spent the summer at Macatawa, returned to their home in Detroit.

A. G. Verstrate of Jenison was fined \$10 in Grand Rapids traffic court for going 30 miles an hour.

George E. Steketee has returned to Vassar, Mich., where he will resume his duties as a teacher.

HOUSEHOLDER SWIMS TO LIBERTY WHEN HOME IS RAIDED BY OFFICERS

The home of John Rosema, Coney Island, Muskegon, was raided Friday, by sheriff's officers and a 25-gallon still, a quantity of liquor and a large amount of cash captured. The proprietor was gone when the party of officers arrived, neighbors stating that he left the house at their approach and swam across the Muskegon river. He is still at large.

Gas Attack Brings Victory To Painters Over Swarm of Bees

Chemical warfare was successfully employed by two painters in routing an army of bees from their stronghold in the hollow of a wooden pillar at the entrance to the Muskegon Woman's club at Muskegon.

The pillar had been a bee hive for several years, until Thursday, when the stronghold was invaded by A. R. Vrooman, 819 McLaughlin avenue, and Adolph Equin, 1954 Jiroch street, painters at work redecorating the Woman's club building.

Swarms of bees attacked and put the painters to flight, Thursday afternoon the two men set a sulphur smudge at the base of the pillar and the fumes penetrating the interior of the wooden cylinder killed most of the insects.

Nearly 100 pounds of honey were taken from the pillar by the two painters who today show various marks of Thursday's combat in which they were stung about the face and hands.

There was a time when hoboes were supposed to "hit the ties," but in modern times it seems that the railroad tracks and blind baggage are not of date as methods of travel. At least, it was for one hobo Wednesday.

Traveling in style from Muskegon to Lansing.

Marden Munn, pilot for Arthur Billings, was driving out the Bolt highway to the aviation field preparatory to hopping off for Lansing to bring Chief of Police Hanson to Muskegon for the ball game. A hobo halted the aviator and asked him for a ride. Mr. Munn accommodated him. He did more than that. When he discovered that the hobo had no place in particular to go, but was just traveling he took him to the aviation field and 90 minutes later the hobo jumped out of the plane at Lansing with Mr. Munn and Lieut. Bernard Klise of the police department.

Chief Hansen took the hobo's place and the return trip was started. "We did not get the man's name, but we gave him a ride in style, anyway," said Lieut. Klise Thursday in relating the incident.

This is the first step in the expansion program which is being planned by Ottawa county scout officials for this season. It is planned to organize ten or more new troops and to spread it into many new communities including Allegan county. The plan is to organize the community centers this year so that next year the work can be promoted directly into the open country and scouting made available to the boys of the territory. Scouting is rapidly being adapted to rural needs and it is held by authorities that the scout program is destined to fill a long felt need in rural life.

Tentative speakers include Rev. E. J. Bleckink, a former pastor; Rev. J. M. Martin, present pastor, and Rev. S. C. Nettinga, professor of historical theology in Western Theological seminary. Third church has had its struggles. Its first house of worship, dedicated Feb. 14, 1868, was destroyed by the fire in 1871 that burned most of Holland. The frame work of the second edifice was wrecked by a severe windstorm in 1873 and the present building, which since has been greatly enlarged and remodelled, was dedicated in 1874.

Third church and Sunday school support two missionaries in Japan and one in Mexico. Dr. A. C. VanRaalte, founder of the Holland colony, inducted the first consistory in office. None of the charter members are living. Isaac Cappon, Holland's first mayor, was a member of the first consistory.

Third church is one of the largest of the Reformed Church in America.

The two smiled in amusement at a questioner who dared ask their advice to young married couples. "Avoid the first quarrel," was the essence of their counsel.

THE HEART of the HOME

If home is to have that gripping influence that holds us secure in life's most treacherous storms, it must be cozy. Some folks live in homes—others in houses. And it is not difficult to tell to which class a person does belong, is it?

The person whose life is strengthened by a happy, cozy home is one that we all admire.

He is one that can smile in the face of any struggle. He is a person who fills the rest of us with confidence. That is the kind of character that we all want to have. So let's strengthen our home influence all we can. Let's start with the HEART OF THE HOME.

NO SPEED LIMIT DOES NOT MEAN NO VIGILANCE

OFFICERS IN OTTAWA COUNTY WILL KEEP THEIR EYES OPEN

Circumstances Surrounding All Accidents Will Decide The Penalty

Together with 197 other new laws, the no-limit speed law went into effect on Labor Day which some think will be the means of causing untimely deaths more safe and others think will be the means of causing untimely loss of life and property.

The removal of the limit law is not expected to affect a material change in the operation of automobiles. It admittedly has been common practice for motorists to exceed the limit, particularly on paved roads when traffic is light. They usually managed to escape penalties unless the speed was recklessly excessive.

Under this new law, Chief Van Ry of Holland and Sheriff Fred Kamfer of Holland and Sheriff Fred Kamfer of Holland, say the same careful eye will be focused upon drivers and any misdemeanors will be carefully watched and arrests made even more frequently. Drivers moving at such a speed as to not have their machines under perfect control, those who speed recklessly through traffic, school zones and so forth or who insist upon cutting around other cars at bad curves or on hills will be arrested.

Violation of the new law probably will mean even more severe punishment. Under the new law, a motorist who is caught speeding ordinarily escaped with a comparatively light fine. Under the new act the penalty is not less than five days nor more than 90 days in jail, or a fine of not less than \$25 nor more than \$100 or both fine and imprisonment. For a second offense the penalties are 10 days to six months, or \$50 to \$1,000 or both. The provision of the old law making suspension of the driver's license for reckless driving mandatory is revoked.

A perusal of the new law is something every motorist should do that he may become familiar with the new ideas embodied in it. That he may strive to make the highways more safe and at the same time more advantageous to speedy traffic in a way that will contribute to the safety of all.

The new speed provisions do not affect commercial vehicles nor busses and the act applies only to highways outside of cities and village limits. The intent of the act is to ban the slow moving vehicle which often is considered more dangerous to traffic than the swiftly driven one.

Care and stern vigilance is the price of safety on the highways today and common sense and judgment are the test which is up to every individual driving today. The state police and traffic officers of the county are out constantly now to pick up any one who is driving in any way dangerous to himself or others using the highways. Whether this warning is down or add to the violations remains to be seen, they declared.

EXCHANGE CLUB OPENS WITH FIRST MEET AT TAVERN

G. J. DIEKEMA TELLS OF MACKINAC ISLAND AND GOVERNORS' MEET

Also Dwells Briefly On His Recent Visit To The Mayo Hospital

The Holland Exchange club began its meetings for the year with a noon luncheon at the Warm Friend Tavern on Wednesday noon. There was a very fine attendance and the excellent spirit shown augurs well for the club year. The speaker's table was decorated by a beautiful bouquet presented by the local Lions' club as their expression of friendship and appreciation for the courtesy shown them by the Exchange club.

The new president, Earnest Brooks, expressed the hearty appreciation of the club for the very beautiful gift of flowers.

William Vandenberg was present as the guest of the Exchange club to urge the full attendance of the members at the banquet tonight honoring Mr. Getz. The Masonic Temple can seat four hundred men and these should all be taken.

In this little evilage and later sent his two sons, William and Charles, to the University of Michigan where they took up their work at the medical department. These two men are now internationally known showing that real ability will be recognized in any community. Mr. Diekema said that in one week fully 3200 new patients were treated. So great is their reputation that the graduates of our medical schools are very anxious to do their year's interne work there so that only the picked men of our best schools come there.

The speaker next told of the wonderful meeting of the governors held last July at Mackinac Island. 31 governors and several lieutenant governors were present. The first governors' meeting was held in Washington at the call of Ex-President Roosevelt. Every year after this such a meeting was held, each year in a different state. Governor Green of our state was the host and had invited nearly 850 guests.

Every paper read, Dr. Diekema continued, was read by an expert thoroughly conversant with his subject such important questions as the Mississippi flood situation, farm relief, prohibition, and states rights were discussed and carefully analyzed. Wise and helpful legislation will undoubtedly be enacted at the coming session of congress as a result of these discussions. These meetings are proving so helpful that a permanent organization will be formed among the governors of the various states.

The address of Mr. Diekema was intensely interesting and worth while. The program committee will try to keep up the high standard set at this first meeting.

FENNVILLE OFFERS \$100 REWARD FOR CAPTURE OF BURGLARS

As has already been reported, the Pennville Lumber Co. was the victim of an attempt robbery but the night watchmen who saw a light also saw burglars trying the safe. His approach scared them away. It appears now that a few days ago a supply of dynamite caps and fuses were found on the premises of the lumber company which gives evidence of the intention to blow the safe after the dial had been broken. The company offers \$100 reward.
