Primary To Be Held In Two Weeks

LITTLE INTEREST SEEN IN COMING PRIMARY ELECTION IN OTTAWA

Republican and Democratic ballots are now in the possession of the county clerk, William Wilds. The clerk will get the ballots to the 30 precincts of the county early next week in preparation for the primary election to be held September 11.

On the surface there appears to be little interest in the coming primary but candidates are quietly traversing the county in an effort to enlist the voters in their cause.

The congressional candidates will appear in Grand Haven today, the first political gathering of any size which has been held thus far. Holland has had a few governor candidates appear in Centennial park and a few Democratic picnics have been staged but further than that the political pot has been only lukewarm. As is the custom with primaries little action is taken in the parties until the candidates are decided upon.

There are two tickets in the field with 41 candidates on the Democratic ticket and 35 on the Republican ticket. The names of William Wilds, candidate for re-election as county clerk, and Carl Bowen, candidate for re-election as county surveyor do not appear on the ballots as they have no opposition at the primaries on the Republican ballot and therefore, are already nominated. The Socialist ticket will not appear at the primary as there are no opposing candidates, but a full ticket will be placed in the field at the November election.

Persons going to the polls on September 11 must make a decision as to which ticket they will vote upon. It is permissible to write the name of anyone or use slips for any office on either ticket. If the name of a Democratic candidate is written in on a Republican ballot it does not count for the Democrat and vice versa, but whether Republican or Democrat the voter must declare the party ticket he or she wishes to vote.

The greatest race in state circles appears to be for governor with four candidates on the Republican and three on the Democratic tickets.

Governor in Race
Governor William A. Comstock seeks the nomination over Arthur J. Lacy and John K. Stack, Jr., on the Democratic ticket and Alexander J. Groesbeck and John W. Smith seek the Republican nomination. As there are no opponents for United States senator on the Republican ticket that section of the ballot is omitted and Arthur Vandenberg is already the nominee on the Republican ticket. The Democrats have four to choose from, Frank A. Picard, Ray D. Schneider, Claude S. Carney and Alva M. Cummins.

The seat for representative in congress is hotly contested in Democratic circles. There are seven candidates, Leland L. Galt, Russell J. Boyle, John H. Haven, Josephine M. Bowersox, Peter J. Danhof, Thomas F. McAllister, Frederick Stiles. On the Republican ticket Carl E. Mapes will have opposition from Charles W. Williams, a Pearl st. restaurant man. Peter Danhof, Democrat, is a brother to the late James J. Danhof of Grand Haven, and was at one time a judge in Grand Rapids.

Gordon F. Van Eenennaam, state senator, a graduate of Hope, born in Zealand, now attorney in Muskegon, will be opposed by Henry L. Wierenga, Muskegon. Gerrit Van Coevering of Grand Haven and Russell S. Haight of Holland will oppose one another on the Democratic ticket for state representative. On the Republican ticket Edward Brouwer, incumbent, will be opposed by Attorney Jay H. Den Herder, both of Holland.

In the county there are contests for every office on the Democratic ticket, and all but two on the Republican.

Attorney Charles E. Misner, of Grand Haven and Louis J. Stempfle of Holland seek nomination for prosecuting attorney on the Democratic ticket. John R. Dethmers and Raymond L. Smith of Holland on the Republican ticket; Ben Rosema, sheriff, seeks a second term, opposed by Jack Spangler on the Republican ticket. Henry Tuls, Charles Jackson, both of Holland, and Walter Lehman will seek the nomination on the Democratic ticket.

The Democrats who will seek the county clerk nomination are William Van Amroy, Louis J. Vander Burg of Holland, and Henry J. Lock, the last from Grand Haven. Opposition for the county treasurer on the Republican ticket is expected to develop as Ben Wierema of Holland, J. C. Lehman and John H. Meyer of Holland seek nomination over John H. Den Herder, incumbent, formerly of Holland. On the Democratic ticket Nicholas Spruietsma, formerly Holland city treasurer, and Homer Fisher oppose one another.

Frank Bottje, register of deeds, will be opposed by Benjamin C. Van Loo, Zealand; the Democrats will have two candidates, Herman Bittner and Marinus Barneae.

Circuit court commissioner appears to be a sought-for office with four candidates on the Republican ticket, including J. N. Clark, Edward Soule, J. T. Mahan, Holland, and D. F. Pagelsen; Arie Casper van der Vliet, Henry Geerling, Jr., and Paul Behm are on the Democratic ticket.

George Borek will be opposed by Fred Van Wieren, Park township, for drain commissioner on the Republican ticket, and John Walters, Sr., and Jacob Spruit will compete on the opposing ticket.

Six Republicans seek the nomination for two coroners. They are W. B. Bloemendal, Gilbert Vande Water, Holland; J. E. Kammeraad, William J. Presley, Edwin Vander Berg, and Governor Van Zantwick, incumbent. G. D. Bos, Charles E.

TELL BY EYES

The small-mouthed bass can be told from the large-mouthed bass very simply and easily by noting the color of the eyes. There is always a touch of red in the iris of the eyes of the small-mouthed bass which is never present in the eyes of the large-mouth. This is never-failing as a key to identification if a passing glance at either fish is not sufficient.

HOLLAND MEN ARE SIGNALLY HONORED

Several Holland men attended the caucus held in Grand Rapids as a forerunner to the annual state American Legion convention to be held at Traverse City September 14 to 16. Those who attended were Al Joldersma, Marinus De Fouw, Henry Cook, Ed Slooter and Albert E. Van Lente. For some years Mr. Joldersma has been state finance officer of the legion and at the fifth district legion meet he was unanimously re-elected at this pre-convention gathering.

Mr. De Fouw, past commander of the Willard G. Leenhouts post, Holland, was named on the district rehabilitation and steering committee.

MRS. ALICE HALVERSON WRITES ANOTHER INTERESTING LETTER

Some 6 months ago, Alice Halverson, local girl before her marriage, wrote a very interesting letter from the wilderness of central Brazil. Here is a second letter and surely these mission workers live with "nature in the rough." The letter follows and it is evident that it took months to reach its destination:

Posto Simon Lopes, Rio Paranaatinga, Mato Grosso, Brazil, June 21, 1934.

Dear Editor:

More than a year has passed by since you so kindly sent us a year's subscription to the "Holland City News." I now wonder at myself for getting on four years in S. A. without my home paper. Since I've had a taste of Holland news spasmodically, from now on I want you to keep me on your mailing list. Mr. Halverson is from St. Peter, Minnesota, and reads his home paper and says I must read mine, too. I am asking Mr. Davis to forward you the subscription price.

Life here goes on as usual. Some time back I was pretty sick with a bad attack of malaria but have recovered for the time being. In spite of difficulties now and then we are very happy for we know we are in the place where God placed us.

The Indians are very busy at present. The sugar cane is ripe and a large number are daily pressing it while others are boiling the juice down and pouring it into wooden molds 6" by 8". These sugar cakes are called "rapadura." Then, too, they are making sugar. The thick mass is poured into long troughs and covered for several days with a special kind of mud. This "assucar de barro" (mud sugar) is delicious and in many cases we prefer it to the refined sugar which we can buy in Cuba. It resembles our brown sugar.

Other Indians are busy shucking and hauling beans while a third group is out in the camp lassoing cattle. After they have rounded together a number of cows and bullocks they help the man in charge of the Post here inoculate them against rabies. The other day while watching them we saw the Post man withdraw an arrow from the side of a cow. The men found the suffering cow in the camp and brought her to the corral. It could not be determined if the arrow had been shot by an Indian from a hostile tribe or by some Indian here.

The dry season is here and no rain or very little falls from May to September. The grass is very dry now and fires are seen everywhere; later on there will be plenty of green grass for the cattle.

As yet our missionary men have been unable to make their long planned trip to the savage tribes living on the headwaters of the Xingu River. All was in readiness when news reached us of a new law just enacted that no expeditions could be made without special permission from Rio de Janeiro. We have filed the necessary petition and are awaiting the results. We so long to initiate Gospel work in this region where as yet Christ is not known.

A number of days ago a few diamond miners stopped here at the Post. They arrived hungry and weary for they were without food for three days. They were a bit discouraged for they had met with no success - hand found no diamonds. Each carried their implements on their shoulders; among these was a wash basin punched full of holes for sifting the dirt.

This will be all this time.

Sincerely,

Alice Halverson

An unusual happening occurred on River avenue when a boulevard light pole, against which a local young man was leaning, suddenly toppled over. The matter puzzled the police and they were inclined to think the story untrue. However, it appears that a truck bumped the car of a local motorist so that the car struck the light pole, the truck driver paying for the damage to the car and then proceeded on his way out of the north US-31 exit. Later when the pole was slightly leaned against, it toppled over. The truck driver is being sought.

Child Drowning Shows Need For Perman't Guards

LITTLE 4-YEAR-OLD CHAP DROWNED OFF KOLLEN DOCK

Little Glen Palmbo, four years old, son of Mr. and Mrs. Henry Palmbo, 30 East Fifteenth street, was drowned Tuesday afternoon, supposedly off Kollen's dock at Kollen's park. No one saw the accident, but when the child was missing a search was instituted along the shores of Black lake at that point, and naturally dragging began by police and citizens and the body was recovered within a very short time. It is apparent that the body of the child had been in the water for some hours before the child was missed and resuscitation was useless.

Those who did the dragging were Officers Peter Bontekoe and James Spruit and Deputy Sheriff Tony Groeneveldt, Peter Lieverse and Henry Vander Schel, the latter's boat also being put in commission.

The coast guards came as soon as they were notified, but at that time the body had already been recovered.

It is apparent that it would be a wise plan to have a life guard there permanently during the vacation season. Children are invited to Kollen's park, in fact that is a place for recreation, and like in this case, a group of children including this little fellow, spent the afternoon at this beautiful park and tragedy was the result. Little Glen was accompanied by his two sisters, Elaine and Joyce, and a group of other neighbor "kiddies." They had lunches wrapped and took advantage of the tetter totters, swings and other recreational features at the park so popular with children. Undoubtedly the child wandered away early in the afternoon and his absence was unnoticed for a time, but when it was the young group became alarmed and called for older folks to search for Glen after they had failed to find him.

The parents arrived at Kollen's dock at 6:10 where Mr. Vander Schel was working on the dock, as he often does, since this project was one that he had brought about. They anxiously asked whether he had seen the child, but he stated that he had been there since 4 o'clock and that there had been no child on the dock in that time. He immediately got busy, however. The coast guards and Chief Van Ry were also called and men were soon detailed on the job.

Mr. Vander Schel stated that at his own expense he had placed Chesley La Shagway near Kollen's dock last summer, and this year La Shagway donated his services on his own initiative until he obtained employment, and during the summer this young man has saved four lives. He stated further that with all the welfare available it would seem that a permanent summer guard should be placed on watch, and this plan had been considered and approved by some of the welfare committee. He stated that it seemed that nobody really wanted to give a final answer, however. The experience has also been that one does not always know where the money is to come from to pay for these things, and also whether if a project has been sanctioned, the money will be available to pay for these expenditures after they are made. Holland has had some experience along these lines in other projects in which the government, state, and city are involved. That, however, is aside from the question.

This is a bitter lesson and Holland must see to it that the proper safeguards are placed about Kollen park and any other place where the little folks are invited to gather for recreation. Regardless of welfare, Holland is financially in shape to pay the small amount it would take to keep a life guard there during certain periods of the day and evening during the summer season. If Holland cannot afford this expenditure, undoubtedly volunteers would relay on this job in behalf of Holland's youth.

There were six drownings of Holland citizens this year, four in Black lake and two near Traverse City.

Funeral services will be held Friday afternoon at 1:30 o'clock at the home and at 2 o'clock at Fourteenth Street Christian Reformed church, Rev. H. Bouma officiating. Burial will be in Pilgrim Home cemetery.

Surviving are the parents and sisters, Elaine and Joyce, and grandparents, Mr. and Mrs. H. Van Dyke of Zealand.

Miss Nettie R. De Jong left Holland on her way back to her field of labor in Changteh, China, on August 20. Besides the relatives residing in Holland and Kalamazoo, several friends were at the depot to bid her farewell. Rev. Paul E. Hinkamp accompanied her as far as Chicago, where she entered for San Francisco. Some Chicago relatives were at the depot to greet her there. Word has been received of her safe arrival in San Francisco and of beginning the long voyage across the Pacific ocean. After reaching China she will travel 1,000 miles on river boats up the famous Yangtze river to her station in the province of Hunan.

U. S. WANTS CRAIG IF ACQUITTED IN OTTAWA

The federal government will not contest with police authorities of Grand Haven for custody of Theodore Craig, alias Bentz, charged here and in South Bend, Indiana, with bank banditry. He is an additional charge of murder in South Bend in the slaying of a policeman in the robbery from the scene of the holding of the Merchants' National bank.

Two deputy United States marshals came to Grand Haven Wednesday from South Bend and presented a federal warrant charging Craig with a capital offense under the new federal bank robbery and murder law. Sheriff Ben Rosema told the officers he would not release Craig to them until after he had been tried before Judge Miles for robbery of the People's State bank of Grand Haven and the shooting of four citizens.

The deputy marshals returned to their base after advising the sheriff that, in the event Craig is acquitted in his trial here, they will consider that they have first claim on him.

SUICIDE AT HOLLAND NOT YET IDENTIFIED

The body of an unidentified man, apparently about 50 years of age, with a note in the pocket indicating suicide, was found in Black river by four young boys. The pistol, from which a shot had been fired through his head was found nearby.

The body was found by Leslie Wierema, Russell Van Til, Albert Van Kampen and Allen Piersma. Deputy Sheriff Eugene Wierema removed the body and notified Coroner Gilbert Vande Water, who was on the job almost immediately. Every mark of identification had been torn from the Oxford gray suit of good quality in which the body was clothed. In the note, which was unsigned, it was explained that the man had once been a "well-set" and that his wife and three children had been burned to death in a fire 15 years ago.

"This is not the work of an insane mind, but just the end of a life's road for one that has tried hard to keep going, but of no use. I can only see this way out of it all," the note read.

The man appeared to have been between 50 and 55, was 5 feet 8 inches tall, had brown hair and brown eyes, was partially blind in his left eye and had false teeth.

Efforts to identify him have been unsuccessful, police reported. Pictures of the man and his fingerprints have been sent to Lansing as well as the serial number of the pistol with which he ended his life.

Receiving no information as to the man's identity, Coroner Vande Water ordered the body buried today in the local cemetery where bodies of this kind, when they cannot be identified, are generally buried.

Believe it or not. Fifteen ears of corn growing enclosed in a single husk! Each ear has well developed kernels and tassels. The specimen was brought to the Herald office by Warren Duell and was given to him by Howard Lee who found it growing on the Schultz farm north of Fennville. Another corn exhibit on display in the Herald office runs to height rather than compactness. It is nine feet tall and was grown by Hiram Tidd.

THE AMERICAN SPIRIT

Life insurance sales, which have been steadily rising during 1934 in the face of uncertainty in general business, are indicative of what might be called the most important American characteristic—self-reliance—self-help.

In spite of depression, in spite of legislative experiment, and in spite of social and economic upheavals, the average American citizen still wants to shoulder his own obligations. He wants no other agency to bear them for him. He wants to achieve security and independence for himself and his family through his own efforts and abilities. He does not want to become a recipient of a "dole" in any shape or form. In other words he wants to pay his own way.

That is the true American spirit, and he is a peacemaker, indeed, who believes that it is changing in any fundamental manner. The American is still an individualist. Political movements come and go, economic conditions vary—but that characteristic remains. It is what made our country great in the past. It is essential if our greatest is to be maintained.

Local News

George Van Aken, son of Mr. and Mrs. Fenner M. Van Aken of this city, is the only licensed pilot in Allegan county. The young man has been flying for several years with a private license, and now has papers that entitle him to carry passengers anywhere in the United States and Canada. He has to his credit 200 hours of flying time. Van Aken has a flying field south of Allegan.

More than 7,000 pupils will begin their studies in the 127 district schools of Ottawa county next Tuesday. These schools, all of them renovated during the vacation months, employ 213 teachers, less than an average of two to a school. Although pupils usually are not so eager to return to school and studies, they are looking forward to the spelling bee at the Marne fair, conducted by County Commissioner Gerrit G. Groenewoud, in which some 50 pupils will be entered in competition for cash prizes.

Mrs. Dena Romeyn and son, formerly of Holland, who have been visiting relatives, including her father, Mr. Bouke Mulder, in this vicinity, left this week to return to her home in Hollywood, California. She also visited several relatives in Zeeland. Her late husband was formerly in the restaurant business in this city.

Former teachers and pupils of the Zutphen school, Jamestown district No. 5, are invited to come out on Saturday afternoon, September 8, to attend a reunion at the school house.

The first Kooyers family reunion was held at Tunnel park last Saturday. There were about 75 persons present, all descendants of Jan Albert Kooyers and his wife, Gezina (Kevenskamp). The four sons and three daughters of this couple came to America in 1848, and settled in the immediate vicinity of Holland. The next reunion will be held in July, 1935. G. W. Kooyers was elected president; John Feenstra, vice president, and Mrs. Martin Nienhuis, secretary and treasurer.

Charles H. Lance, 73, for five years resident of Holland at which time Mr. Lance was connected with the Holland Shoe company, died at his home in Berkshire Valley, New York Friday. Surviving are the widow, two sons and a daughter.

The location fostered some time ago as a beauty spot for the "Klein

Nederland" project which failed to develop and which this year was parceled into four lots for welfare workers, has proved to be par excellence for the growing of all varieties of vegetables for winter use. Transformation of the swamp lands into gardens brought work to a large number of men, and tillers of the swamp land in the north section of the city are harvesting vegetable crops beyond expectation in size and quality.

Mrs. J. C. Post and Miss Katherine Post entertained Tuesday afternoon in honor of Rev. and Mrs. John Bannings of Pasmalai, India, the guests being old-time friends of Mrs. Bannings, who formerly was Miss Mary Danson of this city. Rev. Bannings showed motion pictures of his life in India and also of the buildings and activities of the Union-Theological seminary of which he is the head.

Mrs. Mary Palmer, who is leaving for Cincinnati, Ohio, and Mrs. Hermine Roerick who is leaving for Pontiac, were presented with gold badge pins Tuesday evening when about 20 members of the Royal Neighbors lodge gave a farewell party at the lodge hall in their honor.

ZEELAND BANK DEPOSITORS RECEIVE FINAL PAYMENT

A total of \$465,000 was released by the Zeeland State Bank Monday in making its final payment on series D and E of the two remaining time certificates. The payment was not scheduled until 1937 and 1938.

The release pays in full, in 14 months since the bank was reopened by the state banking commission, all the time certificates payable over a five-year period. The bank also has met all the qualifying demands for new loans since its reopening in addition to obtaining enough money to pay off the 60 per cent time certificates.

No unusual rush was experienced at the bank Monday although many depositors obtained their compounded funds.

CHILDREN'S PARADE

Much interest is being evidenced from all over the county in the children's parade which is to be staged as part of the entertainment on children's day, September 12, at the Allegan county fair.

This parade will be in five divisions, with three cash prizes for each division—doll buggies, bicycles, tricycles, wagons and clowns. All children entering must be registered, dressed and ready for the line-up at 12 o'clock noon. For information concerning this feature of the fair entertainment, please address Mrs. R. H. Pitcher, Allegan, Michigan.

HASN'T MUCH TIME FOR CAMPAIGNING

Present Sheriff Ben Rosema, who is a candidate for renomination on the Republican ticket wishes to state that because he must apply himself close to his work, he'll be unable to visit the voters of the county as much as he would like. The work at the sheriff's office, especially in connection with the recent bank robber suspect now held, makes it imperative that he remain close to his office in the Ottawa county jail.

If Mr. Rosema does not call on all the voters it is only because official duty prevents this at this time. He wishes, however, to thank the many friends who have indicated their willing support.

A CORONER ON BOTH ENDS OF THE COUNTY

Friends of Gilbert Vande Water, who has been an able coroner for a number of years, are strongly advancing his candidacy again. Two coroners are to be elected and for the convenience and quick action it has always been customary to name a coroner on each end of the county. Coroner cases need immediate

attention and it is essential to have a coroner near in case of accidental death or otherwise.

Mr. Vande Water has handled many cases in his day, has attended several coroners' conventions, has given considerable study to the law as this relates to matters having to do with the coroner's office.

It is well to consider the nomination of Gil Vande Water if you feel that he has filled this important service to Ottawa county in an efficient manner.

Primaries are to be held on Tuesday, September 11, and Mr. Vande Water's name appears on the Republican ticket. Two coroners are to be named.

US-31 IMPROVEMENT SEEN AS BOON TO MOTORISTS

Traffic on US-31 between Holland and Saugatuck will be given a much improved life if the highway construction program for 1935 becomes a reality. The tentative plan is to widen the highway to 20 feet and resurface it with modern bituminous concrete. The project covers 10 miles at an approximate cost of \$170,000. The stretch is one of the poorest links on US-31, a much traveled highway, especially in the resort season.

Holland is pleased with the state highway department plan, as it will improve the stretch to Saugatuck which has gone into a wretched condition. It has always been maintained that if a more permanent road was laid, other than the present US-31, that the present highway would be maintained. It is, therefore, hoped that the state highway department plan will mean better traveling over what is now a dangerous "humpbacked" highway. At the same time this would put a great many men to work at a time when this is highly necessary.

This improvement undoubtedly will go ahead, pending the more permanent road contemplated at a later date. The highway department realizes that the accidents and fatalities on this resort stretch on this and the other side of Saugatuck and Douglas, have been many.

In sponsoring the candidacy of ALFRED D. DUBUISSON for the Republican nomination for STATE SENATOR, we feel that we are offering the counties of Allegan, Barry and Van Buren, the services of a man exceptionally well qualified by business training and experience, and one upon whom they can depend to serve the best interests of the 3 counties and the state at large without fear or favor.

ALFRED D. DUBUISSON is a successful business man of marked integrity and executive ability, with a keen understanding of the problems of the farmer, the laborer, home owner and the average business man who constitute the citizenship of the Eighth District. He is likewise a diligent student of state affairs with a keen sense of responsibility for the schools and their importance to the youth of our state as well as their relation to the economic well-being of the average taxpayer.

We feel that the three counties will be most ably and conscientiously represented by ALFRED D. DUBUISSON in the STATE SENATE, and we respectfully urge his support for the Republican nomination at the Primary September 11.

Dubuison for Senator Committee.

COTTAGE AT Waukazo IS DESTROYED BY FIRE

Residents at Waukazo were very much excited Tuesday as fire which destroyed the home of Mrs. Laura Everett, also threatened other cottages in the vicinity. The fire, the origin of which has been undetermined, started while a general house cleaning program was going on, about 4 o'clock in the afternoon. Soon the wooden structure was a mass of roaring flames, and before the Holland department arrived the building had been completely destroyed.

Meanwhile a bucket brigade was formed by Waukazo residents, who continued to pour water on the surrounding buildings. Upon arrival of the local fire department also put forth their efforts towards saving the immediate homes, trees, etc.

The loss, which is fully covered by insurance, is estimated at \$5,000.

LOCAL MAN TO START FOUNDRY IN OTTAWA BLDG.

Herman Weschede, a Holland citizen for many years and having had considerable experience as a moulder in local foundries, has started a new concern for the manufacture of brass and aluminum castings.

Mr. Weschede has been doing work of this kind on a small scale for some time, and has worked up enough business to warrant the moving into a more commodious building. Mr. Weschede will continue the business of small job casting at the old Ottawa Furniture plant buildings.

William M. Connelly, manager of the local Chamber of Commerce, assisted materially in securing the new location for the casting foundry. The concern will be known as the Holland Aluminum Foundry.

CHARLES BASSETT
—for—
REPRESENTATIVE

Voters of Allegan County:

We respectfully call your attention to our fellow townsman, Charles Bassett, as a candidate for Representative in the Legislature. Whether as an educator, editor, fruit grower, agricultural leader or public servant, he has made good to a remarkable degree. He has always stood for the better things of this life, and he has the faculty of presenting his ideas in a clear and convincing manner. A native of Allegan, he understands our local and state problems and stands for economy and laws that are fair to all.

His labors for the betterment of agricultural conditions led the Michigan Agricultural College to give him a Master's degree. He won first place in two United States civil service examinations that led to his being one of five men that organized the United States Bureau of Markets. In his work he has served every one of the 48 states and has been accorded highest praise by agricultural leaders.

While in Washington he was frequently called upon to present arguments before committees of both the House and Senate in Congress, with marked success, and he has spoken before the Legislatures of 21 States on remedies for the agricultural depression.

Charles Bassett has training, experience and ability and is a man of high character, who will be able to secure for Allegan county many of the things that our people have a right to expect.

"A New Broom Sweeps Clean" and there certainly is the need for some "sweeping" down at Lansing. If you want this kind of a man to really represent you, be sure to cast your vote for CHARLES BASSETT at the September 11 primary.

EMPLOYEES OF LOCAL SHOE COMPANY HAVE PICNIC

Friday was a gala day for employees of the local Holland Shoe company when they and their families, 450 in number, picnicked at Tunnel park all afternoon and evening. Contests for individuals and for groups were on the program with prizes being awarded to the winners.

Among those winning prizes were Robert Borr, Barbara Gordon, Lucille Wolters, Ruth Borr, Carl Marcus, Emily Bielefeldt, Dale Brondyck, Milton Slagh, Al Ter Vree, Mrs. Carl Seif, Mrs. Raymond Pas, Mrs. Ben Molenaar, Miss Henrietta Boerman, Mrs. Gerald Schurman, Gerald Schurman, Ted Piers, Henry Driesing, Al Vander Sluis and Raymond Wiersma.

A picnic would scarcely be complete without at least one ball game. However, the "shoe makers" played three, one being between teams from the lasting-room and making-room, the "lasters" being "firsters" in this case. Ball game No. 2 was between teams selected from the stitching-room and the bottoming-room, and here the stitching-room were winners. As a final, the two winning teams opposed one another and this time the "lasters" came out last, and the "stitchers" sewed up the game well for themselves. The spectators surely were furnished with plenty of ball games for one day. Jake Van Dyke and Albert De Weerd were umpires. After the supper hour a short miscellaneous program was presented by various employees.

There have been many of these kind of picnics this summer and we feel that affairs of this nature cannot help but further the spirit of co-operation and helpfulness toward one another.

Something To Think About

Twice, once in 1912 and again in 1932, the Republican party met with disastrous defeat and each time the people suffered and yet they will not go back to political machine government by either party. They are equally tired of wild

A congressman must be honest, intelligent, courageous, have the determination and the will to go out into the open—not in secret nor behind closed doors or in a swivel chair—and make an aggressive, unending fight for the principles of the Constitution which guarantee us liberty of person, freedom of speech and of the press, security of property and relief from the wasting of public money.

If you wish to elect such a man in November, you must nominate not a writer of campaign literature, of political platforms, of weekly letters, you must nominate a man who not only can do all these things but who can appear in public, meet his opponents face to face and there before you, as well as by letter and in the newspapers, fight out the battle which will be waged.

Those who know me say that I have the above qualifications.

During this campaign the other candidates have been content, in the main, to solicit votes for themselves. I have been going about the district, at considerable expense and inconvenience to myself, making campaign talks and, on each occasion nine-tenths of my talk has been for the party, for our Country and for our Constitution. While seeking votes for myself, I have been campaigning for the Republican party, for you. Has any other candidate done the same? If nominated, I will make the same kind of a campaign, which will assist materially in electing those who have your interests at heart.

My platform is stated on a card "Straight from the Shoulder." It appeals to you. Then nominate me and you will have a candidate who, instead of riding on the party band wagon will be pulling, publicly and vigorously, to bring victory in November and who, when elected will render real service to you and to the district.

CARE E. HOFFMAN,
Republican candidate for Congress,
First district.

The members of the Church league of the First church, visited 100 per cent last week, Friday, to get the basement ready for re-decoration. It seems to us that the ladies have set a good example. There were no arguments regarding code prices and working hours. They did the job and did it right regardless. If the rest of the folks would do likewise, not only would the depression be over but also most of our troubles.

Everybody seems to be so afraid that they will do too much and not get enough.

Mr. and Mrs. Charles Ash of Grand Rapids were guests of Mr. and Mrs. Fred Mason Sunday.

WESTERN THEOLOGICAL SEMINARY OPENS SEPT. 6

The opening date for the Western Theological seminary has been set for Thursday, September 6, with an address on "Preaching in Theology" by Rev. Henry Hoppers who has been professor of Hebrew since 1917.

Entrance examinations will be held September 5 at 2 p. m. President S. C. Netting announced prospects are for a good attendance.

Committee on examination and reception of new students consists of President Wynard Wichers of Hope college, Rev. John VanPeursem of Zeeland, Elder C. Dosker of Grand Rapids, Rev. John Bovenkerk of Muskegon and the seminary faculty, including Rev. S. C. Netting, Mr. Hoppers, Rev. Jacob VanderMeulen, Rev. Albertus Pieters and Rev. John R. Mulder.

COAL PRICES LIKED FOR HOLLAND SCHOOLS

The ruling of the NRA barring purchase of coal direct from the mines is causing the local school board considerable worry, as the cost for testing public schools of the city will be increased approximately \$1,000. The minimum need of the schools is roughly estimated at 10,000 tons, formerly purchased direct from the mines.

This practice is now illegal, according to Lee H. Bierce of Grand Rapids, regional coal administrator. A large difference to the city is also involved. Under the code, dealers must quote \$1.25 a ton over the mine price to cover the costs of overhead, delivery and profit.

Quotations on hauling alone to various range from 50 to 80 cents a ton, school trustees averred.

VERY FEW CASES OF CONTAGIOUS DISEASES IN OTTAWA COUNTY

The health department reports very few cases of contagious diseases at present. There are but three cases of whooping cough and one case of scarlet fever reported. Together with this favorable report comes a warning that with the opening of schools an increase in contagion is again to be expected. There have been but two deaths resulting from contagious diseases this past year. Both of these deaths resulted from whooping cough.

Considering the large number of cases of scarlet fever, which was reported to be 242, it is remarkable that no deaths were reported from this disease.

The problem of keeping down contagion depends largely on co-operation of every individual with the health department. Every contagious disease usually begins with some definite symptom, such as a severe cold, sore throat or fever. It is of primary importance to keep us a good attendance record, to have children who develop any signs or symptoms of illness remain at home and isolated from other children until it is certain no contagion will develop. Teachers have been asked to dismiss children who show any signs or symptoms of illness. This is done for no other reason than to keep down sickness and contagion and is very effective if carried out.

Parents are asked to co-operate with the health department and teachers to keep down the incidence of contagious diseases during the coming school year.

It is nearly two weeks before our next meeting, but then, you'd better keep the date, September 12, in mind.

The delegates to the convention were called to a district caucus at Grand Rapids last Monday night. Several important resolutions were passed and Comrade Adrian Kuipers was elected to be our new district committeeman.

We had quite a time getting started. First we forgot to remember that the auxiliary's lease on the red auto had not yet run out.

Then Louis Dalman did not give enough notice at home so he could not go.

And then we had to spirit Al Van Lente away from stringing and snapping a bushel of beans.

Al Joldersma was nearly forgotten entirely.

Anyway, we transacted some good business and had a good time.

If you haven't gone on an auto trip or taken in the fair, or spent a few days at the lake, you are S. O. L. because summer has already left us.

And the long, red woolies are next in order.

WOULD BE OLDEST SENATOR IN POINT OF SERVICE

Gordon Van Eenennaam, who has been an able state senator for Michigan, if elected this fall will be the oldest senator either in the Democratic or Republican side of the house in point of service. Mr. Van Eenennaam is opposed by a man from Muskegon where the former Ottawa county man also lives. Mr. Van Eenennaam is really an Ottawa county product. He was born in Zeeland, received his schooling there, and graduating, came to Hope college, later graduating from Michigan law school at Ann Arbor. Gordon also picked a sweet young lady from Zeeland, who is now Mrs. Van Eenennaam. She was Miss Ida Pruim, who graduated with honors from Zeeland schools and then came to Holland to graduate from Hope college. Miss Pruim was a talented artist in voice and undoubtedly has sung in most of Holland's and Zeeland's churches as well as at other functions. When she was at college the demands upon her were great and she never said "no" to church or charitable requests.

Judging from the Muskegon Chronicle she is carrying on this good work there also. Mr. and Mrs. Van Eenennaam are now blessed with a fine family, and Mr. Van Eenennaam is a practicing attorney located in the National Lumberman's Bank building, Muskegon.

HOLLAND'S FISH AND GAME FRIEND DEAD

Henry A. Schull, internationally famous for his work in fish propagation and stream and lake improvement, died Tuesday at his home in Grand Rapids after an illness of a year. Mr. Schull, who was 70 years old, was, although most widely known as a conservationist, a prominent figure in the printing industry here for many years.

Mr. Schull came to Grand Rapids from The Netherlands as an infant and had been a resident here since, except for winters spent in the south. For many years he was president of a printing company which bore his name, retiring 12 years ago to devote all his time to conservation in general and fish culture in particular.

During his lifetime he was president of the Michigan division of the Isaak Walton League of America and president of the Dwight Lydell chapter of the league, located in Grand Rapids. He was also a member of the American Fisheries association.

Henry Schull did much to help Holland get its "fish ponds." The local Fish and Game club will regret exceedingly the passing of Mr. Schull. He repeatedly attended and spoke at our annual fish banquets.

(Grand Haven Tribune)

Funds to make up the deficit in the Ottawa county welfare budget for August, totaling \$11,640.36, cannot be secured from the state FERA, according to a statement made by Dr. William Haber, state welfare administrator, to Mayor Lionel Heap, who was in conference with him Monday and who reported the same to the county FERA commission, which met in Holland last night.

The budget for September, which, it is estimated, will be about \$36,000, will be regarded sympathetically by the state welfare commission, Dr. Haber stated, and the county board will be notified within a few days as to the disposition.

In the meantime Dr. Haber ordered all welfare work in the county to be resumed September 1. The deficit existing will have to come out of the \$50,000, which the board requested be paid into the welfare fund from the gas and weight tax money in possession of the Ottawa county road commission. Dr. Haber is reported to have stated. He also said, pertaining to the welfare budgets for Ottawa county for August, September, October and November, that the state commission would bear in mind that the supervisors had requested \$50,000 from the road commission for welfare support and the state commission expects that it will be paid.

He said that 47 out of 83 counties in Michigan were already bearing from 20 to 33 per cent of the welfare load of their respective counties.

Recognition was made by the state department of the employment of welfare labor by the road commission at the present time. There are 40 men being employed on roadside work and it is expected that \$10,000 will be paid out in welfare labor on the new office building to be constructed here within the next few months.

Budgets discussed
The subject of the road funds will probably be the major item of business to be brought up at the meeting of the board of supervisors on September 10.

At the welfare commission meeting last night the August and September budgets were discussed and plans were made for increased activities in the works division to take place after October 1.

The welfare board recognizes the participation of the road commission at this time in their use of welfare labor but they also expect some cash to be turned over to the commission, Mayor Heap reported. The commission also decided to release publicity on the regular meetings each month as to the activities of the board.

The matter of road funds to be turned over to the welfare commission has been one of discussion since last fall when the state requested road commissions participate in the welfare support. The Ottawa county road commission was agreeable to paying welfare labor but pointed out that 60 per cent of the gas and weight tax money collected was earmarked for the sinking fund and interest payments. It was shown that, should the commission fail to pay these obligations, the debt service would be passed along to property taxes.

At the time the road commission proposed the roadside work and erection of the office building the resolution was passed by the road commission and the good roads committee of the board of supervisors. The members are John DePree, Zeeland; Fred Graham, Robinson; Gerrit Botema, Spring Lake; Peter Van Ark, Holland, and Frank Garbrecht, Port Sheldon.

SPECIAL COUNCIL COMMITTEE MAKES TRIP TO LANSING TO SEE NIMS

A new ruling will be sought from Washington on the side walk relief project of this city, Louis B. Nims, member of the state relief committee, informed the special committee named by common council to iron out difficulties that have arisen in the sidewalk program. Members of the special committee, composed of the mayor, city attorney, city engineer, Alderman J. Bultman and J. H. DePree conferred at Lansing today with Mr. Nims, who said he had no objection to the local project, but could not permit its continuance without authority from Washington.

The project was halted recently by federal authorities through the Lansing office upon complaint of Alderman C. Kalkman, a contractor, that the city is in competition with contractors under the present setup. At a special session of the council to discuss the situation, a committee was appointed to get the project going again. Alderman Kalkman at the time asked the mayor to name him on the committee also, but the mayor declined.

The sidewalk program here includes the construction of new walks where necessary, the cost of which is assessed against the property benefited. Labor costs are paid by the government, but property owners are required to pay for material and skilled labor.

LOST \$750 IN BEER STAMPS

A driver of a beer truck in Allegan last Tuesday lost \$750 worth of U. S. revenue stamps which he was to affix to kegs as he sold them. A reward is offered for their return. No use can be made of them except by a brewer.

BIG TODD FARM HAS 115 ACRES OF CABBAGES

The big Mentha farm of the A. M. Todd Co., south of Fennville, is again showing some very attractive crops and it is a wonderful sight to see 115 acres of cabbages with rows a mile long. Quite a string of sauer kraut, to be sure. Shipping is going on and it is estimated that there will be over a thousand tons of cabbage this season. Numerous tenants have in nearly a hundred acres of celery and it is put up most attractively and marketed under a handsome brand. The management of this great farming enterprise is still under Mr. Andrew DeGeus, whose successful experience and business ability have brought unusual results. The place is well worth a visit. The stalling of peppermint is now in force and new settings have yielded well, but the old fields do not seem to run as high in yield. The price has run as high as \$3 per pound, but most of the contract sales have been at \$2.85. The expense of producing the mint oil is much higher than formerly, so that at this higher price the profit is not great. The plants from which the oil has been distilled are dried in the air and then form a very good feed for cattle and, with some care, for horses.

Boring Deep at Nunica

Two more deep wells have been put down at Nunica, Ottawa county. Mr. Fred Allison is boring a fine well at 90 feet and Solon Fall one at 80 feet. Mr. L. Moore's 190-foot well has not proved successful, has plenty of water but is unfit since it is salt water. Perhaps if they went farther down they might get gas or oil as they did in Muskegon, who knows.

WOODEN NICKELS

That there might be some durable souvenir of the Centennial of Allegan county, the management of the Allegan county fair, which is staging a pageant in commemoration of the Centennial, has had wooden nickels prepared which will serve as an attractive and permanent souvenir of the event. These nickels are being distributed by the merchants of the county in denominations of one nickel, two nickels, and five nickels. If the holder desires, he may redeem them at their face value up to and including September 15 at the office of the Fair Association.

NO UNDER-SHERIFF HAS BEEN APPOINTED

Reports that Mrs. Fred Miller of Allegan had been appointed under-sheriff which were given publicity in out of county newspapers, were declared untrue today by Sheriff Fred Miller, who stated that Mrs. Miller had not been appointed under-sheriff and that no consideration had been given by him to the appointment of an under-sheriff.

The present staff of the sheriff's department consists of Sheriff Miller, and Deputies Gibson and Ferris. A third deputy has not been added to fill the vacancy caused by the resignation of Fred Abbe, and Ferris, recently appointed, was named to fill the vacancy caused by the resignation of Ed Clock, the latter being appointed conservation officer.

BIG CROP OF CERTAIN PEACHES AT FENNVILLE

The harvest of early apples—Transparent, Duchess, Astrachan and Chango Strawberry—is over about now, says the Fennville correspondent. Some of the early plums are moving and we will soon be in the Bartlett pear harvest. This year's crop of Bartlett is one of the largest and best this section has had in years, and lovers of this delicious fruit should be able to have their fill. The winter apples continue to promise well, the growers and the weather having kept the fruit in perfect condition, with an unusually fine finish. Manager Payne, of the fruit exchange, reports a fine demand for their "Diamond" brand and truckers take the lower grades quickly.

HOPE GRADUATE IS SPEAKER AT ROTARY CLUB

Members of the Rotary club at their meeting last Thursday were privileged to hear Prof. Maurice Vischer of the University of Illinois, a graduate of Hope college, Mr. Vischer, after graduating from the local college, studied at the University of California, where he obtained his Doctor of Philosophy degree, and later took up post-graduate work abroad. He has taught in the University of Southern California and elsewhere, at present being teacher of physiology at the University of Illinois, and making his home in Chicago.

Mr. Vischer's subject on Thursday was "The Future of Medicine." He stated that statistics in the United States show that the average income of physicians is \$2,000, owing to the fact that so much of the doctor's business is on credit, and often becomes charity work.

The doctor's first mission, stated Mr. Vischer, "is to guard the health of the patient, and he cannot first investigate the credit of his patient before he administers to his physical ailments. However, no complaint is heard."

Mr. Vischer stated that he believed that the time is coming when the state must in some way take charge of the indigents, so that these men, who do so much for humanity, will not be compelled to continue to carry this burden by their own means by a brewer.

MICHIGAN GAS & ELECTRIC COMPANY EMPLOYEES PLAY

On Thursday the employees and officials of the Michigan Gas & Electric company of Holland staged one of those old fashioned basket picnics that always proves such a congenial, intimate, cozy affair. The gas company family of more than a hundred gathered at Tunnel park for an afternoon and evening of real outdoor recreation interspersed with good things from well filled baskets. The children were provided with the necessary tickets so they could purchase the good things at the stands and have admission to the concession privileges. A very pretentious program of sports was arranged for, including a ball game between the "high and low pressures," with the score standing 2 to 10 in favor of the low pressure boys.

Genial Bill Berg was captain of the "highs" and he was supported by Hube Newhouse, Bruce Edwards, Karl Hansen, Louis Van Dine, Gerrit Sprong, Glenn Bear, Chas. Barnes, Dick Poppena, Adrian Westendorp, Gerrit Bonhuis, and Henry Nienhuis.

The popular saying is "Let George do it." Well, it would appear that Capt. George put it all over Capt. Bill with the following team: Pete Stegderga, Hank Oonk, Bernie Vande Water, Carl Jordan, Harold Lundahl, Dick Brown, Cornelius Dirkse, Tom Bowles, Bill Smith, Henry Boelens, Harry Spiker and Capt. Geo. Essenburg.

The sports program started promptly at 2:15 with prizes being awarded to the following winners: In the running race for girls from six to nine years of age, I. Dirkse won first prize and C. Jordan, second prize. In the peanut race for ladies, Mrs. Berg won first prize; and in a similar race for girls, M. Boelens and C. Boelens won first and second prizes, respectively. Gerrit Sprong won first prize in the boys' pie-eating contest; H. Oonk and Peter Stegderga, the prize in the men's three-legged race. The wheelbarrow race for husbands and wives was won by Mr. and Mrs. B. Berg; the chicken race for ladies by Mrs. Dirkse and Mrs. Edwards. E. Brown and B. Vos won first and second prizes, respectively, in the boys' horseshoe pitching contest. H. Oonk and C. Barnes were winners of the men's horseshoe contest held later in the afternoon.

There was plenty of hot coffee, free, when the baskets were opened at 6 o'clock. Another feature was the taking of a large group picture of the entire Holland Gas company family, including the officials. After supper there were lighter sports and plenty of swimming. Several of the employees showed exceptional ability in aquatic efficiency.

It was a real happy day for all and on the following day the staff was back on the job a little sore in muscles but happy in mind and heart. The relations in the Michigan Gas & Electric company have always been amicable and it is in general like these that the fraternal spirit is solidified between men and women in all walks of life. It is a coming back to the old order of things when life was really worth living.

BOAT RELEASED FROM SAND BAR IN BLACK LAKE

The freighter, T. W. Robinson, succeeded in reaching the Harrington dock Saturday after spending the night and part of Friday afternoon on a sand bar just opposite the main lighthouse in Black lake. The freighter could not be dislodged until Saturday when the Calcite arrived here from Milwaukee and took 2,000 tons from the heavily loaded ship.

The Robinson was carrying 8,000 tons of coal at the time of the accident. The boat is 565 feet long and was drawing only 17 feet of water, an indication that a sand bar has formed in the government maintained 21-foot depth, it was stated.

William M. Connelly, manager of the chamber of commerce, declared that the federal government has promised to do some work here next spring. As soon as it was learned that the Robinson could not dislodge itself, Milwaukee was telephoned and the freighter, Calcite, was taken.

Orders Placards From Roadside

The removal of placards and advertising notices of all kinds, including political advertisements, within the right of way of trunk line highways, outside of municipalities, was ordered this week by State Highway Commissioner Murray D. Van Wagener. He explained that the practice is against the state law and often constitutes a traffic hazard by obscuring roadside markers. Mr. Wagener's orders have been sent to all county highway units.

The department also is directing a campaign against overhead banners across trunk lines both inside and outside of cities and villages. They also add to traffic dangers, the commissioner stated. "Permits will be issued in some cases, such as civic celebrations allowing overhead banners," he said, "but their promiscuous use is to be stopped. Upon 48 hours notice, if such banners are not removed by the owners, they will be taken down by department maintenance workers."

Fruit and vegetable stands are becoming numerous along trunk line roads, and in many instances they create a traffic hazard to motorists. All such stands are to be removed from the shoulders. Owners of stands in locations where they are dangerous to motorists, are being asked to remove them to places where they will not prove a menace."

SURPRISE SHOWER ON GIRL TO BECOME HOLLAND MAN'S BRIDE(Grand Haven Tribune)
A very delightful shower was given last evening at the home of Mr. and Mrs. John Koetsier, honoring their daughter, Florence, whose marriage will take place Sept. 1, to Mr. Basil Sheaffer of Holland.

Miss Koetsier received many lovely gifts from the guests who included Mr. and Mrs. Louis Behm and family, Mr. and Mrs. Henry Behm, Mr. and Mrs. Charles Conner, Mrs. William Stiffen and family, Mrs. Tom Koetsier and son, Donald, Mrs. Harry Bishop, Miss Eleanor Bishop, Mrs. Addie Tipword, Mrs. Lena Van Weelden, Mrs. John Zerrip and Mr. and Mrs. John Dwyer and son, Jimmie, Mrs. Sheaffer of Holland, Mr. and Mrs. Neil Zerrip and daughter, Norma Jean of Muskegon, and Basil Sheaffer of Holland.

NEW CENSUS TOTAL IS 1,389,417 CHILDREN

According to the 1933 school census, the September installment of Primary School Interest Fund money will be distributed on the basis of 1,389,417 children between the ages of 5-19 years inclusive. Since the total aid available for the first distribution is \$10,900,000, the amount per census child will be \$7.84.

Although the new count reveals an increase of 6,293 census children in 1933 as compared with the 1932 census, the rate of increase indicates a retardation in population growth. Prior to 1929 the number increased at a rate of from 35,000 to 60,000 children each year. An additional three dollars per census child will be paid to school districts when the second installment of the Primary School Interest Fund is made in December.

Dr. Heyns has been a member of the National Union board for the past 13 years.

Five Are Injured As Cars Meet Near W. Olive

Chicago Party Was on Way to Oval Here; Condition of Two Critical

A serious automobile accident occurred at night on US-31, one mile south of West Olive, when five Chicago men in a Willys-Knight roadster were badly injured. They were taken to Holland hospital and are now recovering.

At Holland hospital this morning it is stated that all the accident patients were recovering rapidly with the exception of Varney Treichel, who although out of immediate danger, will have to stay for some time. Some of the patients have already been discharged and Cottfried Johnson leaves the hospital today.

Two are reported to be in a critical condition.

The injured are: Clarence Freitag, 49, 11611 Yale avenue, the driver, who suffered a fractured skull, hip and left arm and was badly cut about the body. His condition is critical.

Varney Treichel, 28, 8938 Exchange street, fractured skull, spine, had lacerations on body and hands, condition critical and he may die.

Cottfried Johnson, South Chicago, fractured collar bone, pelvis and bad body cuts.

Fred Abet, 27, 16104 Torrence avenue, scalp wound, cuts about the body and hands.

Merline Johnston, 29, Commercial Hotel, cuts on face and hands, four teeth knocked out.

The Chicago car collided with a Ford car driven by Melbourne Tibbets of Fremont, the car belonging to the Graham-Canning Co. of Fremont. Tibbets was not injured.

According to the report of the state police the cars evidently got too far over on the highway, as the Chicago car was coming north and the Fremont car was traveling south. Both cars were traveling at a high rate of speed. The Willys-Knight turned over two or three times and landed 300 feet from the place of the impact and was utterly demolished. The five men were knocked about in the car like nails inside a rolling keg and are very badly injured, it is reported.

The men were conscious when the police arrived and gave out the information that they were coming to Grand Haven for a week and camping party at the Oval. They were acquaintances of Ernest Meschke, 1205 Clayton street, and he had made arrangements for the men to enjoy a week and camping and fishing.

Damages of about \$200 were reported on the Fremont car. It remained on the highway and the driver was not injured.

PLANS MADE BY LOCAL CHRISTIAN ENDEAVORITES

Members of the local Christian Endeavor Union board and representatives of the several Holland societies met in Sixth Reformed church Monday evening for the purpose of discussing plans for the coming year.

Ernest S. Marks, executive secretary of the Michigan Christian Endeavor union, addressed the meeting describing a well-organized society plan, explaining the four-committee plan, work of each committee chairman and the duties of the executive officers of the society. He also urged that each society use a budget system. Mr. Marks advised that each society should bear in mind the conventions to be held in 1935, namely the national convention to be held in Philadelphia, the state convention to be held in Saginaw and the world's convention which will take place in Budapest.

The meeting was presided over by Henry Kleinknecht, president of the local union, with Gerald Nykerk, chairman of the recreational committee of the union, conducting devotions.

It is heartening news to learn that Michigan's million dollar blue-berry crop is being harvested this year without any serious forest fires. Usually when the berry pickers are scattered over the plains and in the swamps fire towersmen are bound to pick up signs of fire coming from their neglected camps-fires or discarded cigarette butts, but this year every one entering the berry country had been warned that they will be dealt with severely if their negligence should start blazes and this possibility has resulted in less carelessness.

The plan of State conservation officials to limit the taking of

spawning whitefish and lake trout during the close fishing season for commercial operators perhaps will do more to assist in restocking of Great Lakes than the efforts of all of our hatcheries. Nothing equals natural reproduction and stripping ripe fish for their spawn to be transferred to hatcheries for artificial culture certainly is no improvement on nature. A little of this may be O.K. but to allow commercial operators to carry on as they have in the past has resulted in the destruction of myriads of potential fish.

"Micah Champions the Oppressed" (Micah 2:1-3; 6:1-13.)

HENRY GEERLINGS

Micah spoke with terrific force and searching effectiveness to a class of deliberate sinners. We have sympathy for the people who are swept off their feet by a sudden gale of temptation or who are compelled to battle with an unexpected uprising of passion. At least, we should be slow to condemn those who start out to do right and have a desire to do right, but by peculiarity of circumstances are swept into a course of wrongdoing. But we should have no sympathy or mercy for those people who plan to do wrong. There are many of them who use their brains to work out ways and methods of taking advantage of their fellows. They are clever. They are shrewd. They think out their evil schemes while other men are asleep. They see everything from the point of view of their own gain. They are concerned only about the problem of getting what the other man has without involving themselves in any difficulty. They are without conscience. They operate without mercy. They are deaf to the cries of justice and the right. They are in the world to get what they can get and it makes no difference about the rightness or wrongness of their methods.

E. M. De Bolt was fined \$5.00 before Justice Nicholas Hoffman on a speeding charge.

FALL FASHIONS

—By—

JEAN ALLEN

What ho, returning vacationists! Now begins your change in activities from Summer "beaching" to Fall "bleaching". Even we mortals whose daily tub formed our nearest approach to water, have the job of wearing off a tennis or golf tan in time to look smart in the new Fall creations.

It is fitting, then, that in the field of fads, Miss Apricot, an ardent, sunny, summer enthusiast has chosen this time to have her face lifted and to remove that tart, rough skin to which so many of us have objected.

"You see," explained Miss Apricot, "I just couldn't sit by and have people think I cared nothing about my personal appearance. And after Miss Cauliflower dyed her hair and became so popular under the name of Miss Broccoli, I could wait no longer. People who heretofore turned up their noses at me, now say, 'she looks good enough to eat!'"

When pressed by reporters, the charming lady gave her new name as Whole Peeled Apricot and said she was immediately taking up her residence in one of the leading groups of stores in this city. You'll be delighted to know her better, and here are some new recipes especially created for her.

AN EVENING GOWN

Miss Apricot appears at a dinner party wearing a glistening glazed gown, so attractive that Baked Ham feels fortunate to have her for a partner.

BAKED HAM WITH GLAZED APRICOTS

1 1/2 lbs. ham 1 No. 2 1/2 can Whole Peeled Apricots

cut 1 1/4 inches thick

Whole Cloves

Place the ham in a shallow baking dish. Stick cloves around the edge of the ham, and put four cloves in each apricot. Arrange the fruit around the ham and pour the syrup over all. Cover and bake in a moderate oven (350° F.) for 30 minutes. Uncover, increase heat, and bake a few minutes longer or until the apricots have a glazed appearance.

PRACTICAL DRESS FOR MANY OCCASIONS

With cloves for a crown and a smart new dressing Miss Apricot is sure to add spice to the occasion, whether it is late supper or an early luncheon.

SPICED WHOLE PEELED APRICOTS

1 No. 2 1/2 can Whole Peeled Apricots drained 1 cup syrup from fruit

Whole cloves 2 tablespoons vinegar

5 1-inch pieces stick cinnamon 1/2 cup sugar

Stick 3 or 4 cloves in each apricot. Mix the fruit syrup, vinegar, sugar and cinnamon, and boil to form a syrup, or about 10 minutes. Put the apricots in the boiling syrup, and simmer 5 minutes longer. Cool, and allow to stand for at least one hour before using.

Use as a relish, a salad, or as a garnish for meats.

THE SMART "ENSEMBLE"

The ensemble is particularly flattering to Miss Apricot. Here are two creations either of which is ideal for the luncheon or dinner.

WHOLE APRICOT-PINEAPPLE SALAD

8 whole peeled apricots, drained and chilled 6 marshmallows, quartered

8 slices pineapple, drained 1/2 cup nut meats, coarsely chopped

Mayonnaise

Notice the slit in the side of each apricot. This is to permit the pits to be quickly and easily removed and at the same time permit the fruit to retain its perfect shape. Allow the marshmallows to stand in 1 cup apricot syrup until softened. Drain. Add the nut meats, and with a spoon fill the center of each apricot with the marshmallow and nut mixture. For each serving, place a pineapple ring on crisp lettuce, and place a stuffed apricot in the center of each slice. Garnish with mayonnaise, and shopped nuts, if desired.

WHOLE APRICOT, CHEESE AND NUT SALAD

1 No. 2 1/2 can Whole Peeled Apricots, chilled and drained 2-3 cup finely chopped nutmeats

2 3-oz packages cream cheese Lettuce

or 1 cup cottage cheese Mayonnaise

Remove the pits from the apricots, being careful to leave the fruit whole. Shape the cheese into twelve balls and roll in the chopped nutmeats. Place a cheese nut ball inside of each apricot. For each serving, place two filled apricots on lettuce, and garnish with the mayonnaise.

ZEELAND
Upon motion duly supported, the following were unanimously appointed as election inspectors for the primaries at Zeeland Sept. 11: Ald. Staal, J. S. Van Volkenburgh, G. J. Van Hoven and D. P. Boonstra. The following were named clerks of election: Ald. Hartgerink, John Holleman and Gerrit Veneklaas.

Miss Ruth Hietje, a descendant of James Vanderluyt, founder of Zeeland, is playing an outstanding role in the staging of the historical pageant to be held here at the homecoming celebration Sept. 6 and 7. Not only will the pageant depict much of the history of the founding of the local settlement, but it also will bring together for the first time in an historical drama several of the Vanderluyt descendants.

Russel Nykamp, who last June graduated from Kish Medical college at Chicago and is taking his internship at a hospital in that city, was a recent visitor at the home of his mother, Mrs. B. Nykamp on Elm street.

The Zeeland school calendar adopted for the school year 1934-1935 begins by opening on Tuesday morning, Sept. 4 and continues through the school year, closing on Thursday, June 13, with the following intermissions: Thursday and Friday, Oct. 25 and 26, Michigan Educational Association meeting at Grand Rapids; Thursday and Friday, Nov. 29 and 30, Thanksgiving Day vacation; Dec. 22 till Jan. 1, Christmas vacation; Feb. one day county teachers' institute; Wednesday, March 13, day of prayer; April 19 till April 22, Easter vacation; Thursday and Friday, May 30 and 31, Decoration Day vacation. Wednesday, June 12, will be commencement day and school will officially close on Thursday, June 13.

More than 150 attended the Republican rally held in Zeeland Friday evening at which Representative Ate Dykstra of Grand Rapids and ex-Congressman John C. Ketcham were speakers. Representative Dykstra called Michigan "the happy hunting grounds for criminals" and in discussing the appointment of Isaiah Leebow as director of prisons, stated that he had a sworn statement showing that Leebow contributed \$22,000 towards Gov. Comstock's campaign. The representative implied that the appointment was in return for the contribution. The representative regarded the veto of the bill excluding prison-made goods from the state as inexcusable and as a sign that a change in government was imperative. Representative Dykstra referred to Frank Fitzgerald as the man necessary to untangle the mess of the Democratic party. Mr. Fitzgerald, said Dykstra, is opposed to the sales tax, and a reduction of the weight tax and abolition of the property tax. Ex-Congressman John C. Ketcham, in his address, pointed out that the state tax levied in Ottawa county in 1933 amounted to \$343,729 as compared with \$190,655 in 1932.

OTTAWA FARM NOTES

By L. R. Arnold

County Agricultural Agent

A second field day for muck farmers will be held at Michigan State college September 12. Five hundred muck farmers attended a field day on August 7. Requests for another field day have resulted in the setting of September 12 for field trips for inspection of muck plots. The gates will be opened at 9 a. m. for such inspection. Visitors are advised to bring picnic lunches which can be eaten in an adjoining picnic grove.

Various plots will be labelled and treatments will be explained by Paul Harmer, muck specialist. If time allows a trip will be made to some experimental plots about ten miles from the college. L. R. Arnold, county agricultural agent, urges that all muck farmers plan to attend if possible.

L. R. Arnold, secretary of Ottawa Wheat Control association, states that he has received official notice that signers of wheat reduction contracts will be permitted planting 90 per cent of base average. The contract acreage will be 10 per cent instead of 15 per cent as tentatively announced in July. Articles which have appeared in recent weeks have confused the farmer in regards to fall plantings. Many inquiries have been made of officials in charge of the program in the county. Mr. Arnold states that a form letter will be sent to all signers in the county. Such will be their official notice of the change in contract.

Mr. and Mrs. William Hamelink and family motored to Lapeer Saturday. Their son, George, returned to Lapeer after spending a two weeks' visit at his home here.
