## Death Of Former Holland Women Recalls History

MRS. REEVE MULDER WAS  
GRANDCHILD OF MAN WHO  
FOUNDED FENNIVILLE

Mrs. Charles L. Mulder who was born in Fennville, Michigan sixty years ago, passed away at Augustana Hospital in Chicago after an operation for appendicitis. She was taken to the hospital Wednesday evening, the operation was performed Thursday afternoon, however, peritonitis developed, which resulted in her death on Saturday morning, August 22. Her husband, Charles L. Mulder died on April 2, 1904, thirty-two years ago. He was interested in the Holland City News, together with his brother, Benjamin A. Mulder, who is still conducting this Holland publication.

The death of Mrs. Mulder, whose maiden name was Edna Reeve, brings to mind some unusual history, since her grandfather, the Honorable Elam A. Fenn was the man who founded the village of Fennville, fifteen miles south of Holland and was at one time its president and held other positions of trust. Those were in the days of dense forests and Mr. Fenn had established a large saw mill and was interested in extensive lumbering business. The center of population in that area was then around Fenn's mill where there were stores, a post office, a blacksmith shop and all such necessary trade centers common to pioneer life. Finally the village was called Fennville. During the fall of '71 when a drought existed in Michigan, much like the drought of this year, the Fenn Mills burned down within a few days of the time when the big fire swept into Holland and destroyed a greater part of the city.

Mr. Fenn's oldest daughter, Mrs. John Crane, still living in Fennville, and a sister of Mrs. Mulder, was the first white child to be born in the vicinity of Fennville. Mr. Fenn built the first Methodist Church in Fennville, which was burned. A second Methodist Church was erected and today a beautiful memorial window adorns the church edifice in memory of the man who made possible the establishment of the first church, which was destroyed in 1891. The inscription in the memorial window is, "In loving memory of Elam A. Fenn."

Another bit of history relates to the father of Mrs. Mulder, Mr. James Reeve, a Civil War veteran. Mr. Reeve was with Admiral Farragut's fleet which won the memorable battle of Mobile Bay. He enlisted July 20, 1863 at New York, as second class fireman to serve the United States sloops, North Carolina, Seminole and Savannah for one year. On August 5, 1864, Mr. Reeve was called to quarters in order to get ready for action. There were fifteen ships in the fleet, including Admiral Farragut's flagship. Mr. Reeve was on the sloop Seminole and the ships moved down Mobile Bay, the boats moving in pairs and they were lashed together with cables and chains so that if one ship should be disabled in battle the other ship could not be out of danger. Slowly the fleet moved on, the ships on the right and Fort Gaines on the left, formidable strongholds in the south during this terrible civil strife. Two of the ships struck mines which were laid in the channel and sank, carrying 125 men down with them to the bottom, only ten of the crew were saved. The wooden vessels still afloat proceeded further up the bay under heavy fire of the forts and the ships were badly splintered before getting out of the range of the guns from the forts. The fleet anchored, preparation was made for dinner, but no dinner was had, since at that juncture the old "ram", the Tennessee, the most powerful southern battleship hove into sight, preparing to clean up on the northern fleet. A double formation by the northern ships was soon made and shot and shell was poured into the Tennessee's sides, battering her portholes and knocking off the rudder chain, which made the craft helpless to navigate. Then the guns were trained on her smokestack which was demolished and the "reb" nearly suffocated from smoke. After two hours of fighting the Tennessee surrendered and Mr. Reeve shared the prize money, his share being \$80, according to the reminiscence of Mr. Fenn.

Mr. Reeve was sent home after the battle of Mobile Bay but re-entered the war shortly afterward and continued to serve two years longer when he received an honorable discharge—he was cited for bravery. For a time, while the family lived in Holland, Mr. Reeve was a member of the A. C. Van Raalte Post, G.A.R. and continued to be a member almost to the time of his death.

The funeral of Mrs. Mulder took place in the Dykstra Funeral Home at 1:30 o'clock Tuesday afternoon, and was largely attended by relatives and friends from Holland, Grand Rapids, Chicago and Fennville. The rites were said by the Rev. J. Wendel Davis, Rector of Grace Episcopal Church of this city. Interment took place in the Mulder plot in Pilgrim Home cemetery, where her late husband also lies buried. The floral tributes came from Chicago, Grand Rapids, Holland and Fennville, and those were beautiful services which were impressive, and Mayor Henry Geerlings offered prayer. The pallbearers were Alderman Henry Prins, Vande Vanden

## HOLLAND CONFRONTED WITH HOUSE SHORTAGE OF CERTAIN TYPE

Holland, through strenuous efforts, has finally merged from the depression with its factories all filled and is now confronted with a shortage of homes according to a survey made by the local Chamber of Commerce. The shortage of the working men type at rents he can afford to pay. To meet this situation, the Chamber of Commerce in cooperation with Federal Housing Administration is conducting a campaign to bring a solution of this problem.

E. L. McCollin, special representative of the F.H.A., is available day or night in Room 305, Warm Friend Tavern, for consultation. Anyone with any thought of building in Holland or vicinity who is not familiar with the easy plan of financing offered through the local banks and the F.H.A. have the advantage of free confidential consultation.

It is the opinion that building costs will never be any lower; in fact, the trend is upward. Building at this time is just plain good business sense says Mr. Connelly, and will serve a double advantage. That is, it will be to the advantage of the builder and help Holland solve its housing problem.

## ON A TRIP EAST

Mr. and Mrs. Edward P. Sloot, Jr., and son, Jack of 208 West 11th St., and Mr. and Mrs. Peter Langeveld of West 9th St., are on a motoring trip through the east. They intend to visit several historic spots such as Philadelphia, Boston, New York City and Washington. Ed says he will attempt to see President Roosevelt, but apparently Ed is not aware that the president is now in the drought area and he will have to forego his little visit. He might find the "vice" there if Garner isn't in Texas. If Ed doesn't see these illustrious gentlemen he will be able to see a great many other things of interest in Washington. He will possibly try to through a "dollar across the Potomac", a feat that was successfully tried by one of our crack baseball players the past summer. Here's hoping that Ed and his party will enjoy a well deserved vacation.

## DAUGHTER OF THE LATE WILLIAM JENNINGS BRYAN COMING

Mrs. Owen was recently married at Long Island to Capt. George Rhode, a captain in the guards of King Christian X of Denmark. Mrs. Owen will probably give her talk at the army which will be equipped with a special amplifying system to accommodate an anticipated large audience. A meeting will be held soon to make final arrangements for the occasion according to Postmaster, Louis J. Vanderburg.

## Killing Game On Roads Just Plain Meanness

CASS COUNTY MAN SHOWS  
A ROTTEN RECORD OF  
CARELESS, MEAN  
DRIVING

The editor of this paper could never see how a careful, thoughtful driver can run down animals or game birds on the highway. He has only one dog and one hen to his debit during 25 years of driving and these left the road and suddenly changed their minds.

He has seen drivers deliberately make straight for a squirrel crossing the street at Centennial park. Has seen them deliberately smash many slow-going migrating mud turtles in the spring.

Some people are built that way, we believe, seeing the record of a Cass County man. It seems that this deliberate killing of animal life has been going on not only there, but all over the state.

If the six-month tally kept by Loda Haines is any indication, the annual slaughter of birds, animals and reptiles by automobiles in Michigan reaches proportions that far surpass popular estimates.

Haines, who lives three and one-half miles west of Cassopolis on M-60, began on Jan. 1 to tally the dead birds and animals he saw each day on his trips to and from town where the children attend school. In the six months ending June 30, he had counted 276 birds, animals and reptiles along the three and one-half mile stretch, an average of nearly 80 per mile.

If this average could be applied fairly to the thousands of miles of state highway, county roads and private drives throughout the state, game men say, the total number of wild creatures killed by automobiles for the six-month period would be far into the millions.

Haines' tally for the first half of the current year included the following:

Twenty-four rabbits, one racoon, 10 opossum, 14 skunks, 16 fox squirrels, 10 red squirrels, 28 gophers, one mink, three weasels, nine cats, five dogs, three hogs, 32 chickens, three turkeys, one wild duck, seven herons, eight crows, three pheasants, eight muskrats, four quail, 14 redheaded woodpeckers, five bluebirds, five robins, 10 sparrows of various species, a barn owl, bat, whippoorwill, 11 blue racers, two water snakes, two rattlesnakes, five garter snakes, four snapping turtles and 28 other turtles.

## CONNELLY HEARS FROM AD- JUTANT GENERAL IN WIS- CONSIN; ALSO FROM THE GOVERNOR

Apparently Ralph M. Immell, Brigadier-General of the Wisconsin National Guards, is pleased over the reception he received when he volunteered to take part in the opening of the Saugatuck-Holland City News two weeks ago printed a picture of the General, who was presented with a pair of wooden shoes after he had finished his discourse.

While the General gives some thanks in his letter, he feels that the city of Holland, and all those in charge of the celebration owe General Immell a thank you for bringing a large band, several soldiers, and himself, together with a good speech to our road conclave. It surely topped off the program. The letters received by Mr. Connelly, not only came from Mr. Immell but also from Governor La Follette. These letters follow:

August 18, 1936.

Mr. William M. Connelly, Manager  
Chamber of Commerce  
Holland, Michigan

Dear Mr. Connelly:

Thank you for your kind letter. I am glad to know that Wisconsin made such a happy contribution to the occasion.

Sincerely yours,

Philip F. La Follette

August 24, 1936

Mr. William M. Connelly,  
Manager,  
Chamber of Commerce,  
Holland, Michigan.

Dear Bill:

I think I should call you Bill, after associating with you on the various floors of the Warm Friend Tavern, and certainly after the fine letter you wrote to Governor La Follette with respect to my humble effort in your civic program.

I was glad to have been of some service to you and hope my slight contribution at least added color to your celebration. I have written Mr. Ben Mulder thanking him for the spread he gave me in his paper. Two more like that and I will announce my candidacy for Mayor of Holland.

I hope that I may have an opportunity to see you at some future time in Madison, in order that personally and for the Wisconsin Guardsmen I can repay you in some small way for your splendid hospitality.

With kind regards, I am  
Sincerely yours,  
Ralph M. Immell  
Brigadier General,  
Wis. N. G.

The Adjutant General.

Division chairmen will be appointed, he said, and plans drawn up for the "on to victory drive."

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

Nightwatchman Charlie O'dell will soon appear in a brand new uniform. "Bosman The Tailor" is making it. Note: Bosman the tailor was the father of "Jake" Bosman who is today conducting a tailoring firm. The father's name was Jan W. Bosman and owned a "ready made" clothing and hat store together with a tailor shop, later he became a prominent real estate dealer. He was located in the Bosman building where the De Pree Hardware now is. Mr. Bosman was one of the founders of the First State Bank. Charles O'dell was the only night man and his services were paid for by the merchants along the street. There was only one day officer, he was the marshal, Ed. Vaupell. The Hollanders governed themself in those days.

Burglars entered the grocery and dry good store of Peter Prins Tuesday and stole a box of cigars and a few small articles. Note: Peter conducted a grocery store in a frame building on the site of the Holland Theatre and for a time he was associated with Mr. Geerlings father of the present Mayor. Many years later he became alderman. "Heinie" his son and also an alderman had not yet seen the light of day when these cigars were stolen. If he had the thief would have been apprehended long before this since "Heinie" is said to be some sleuth.

Mr. Cornelius De Keyzer, who has for years been employed in the tannery on the north side of the bay has removed to Grand Haven and will enter into the employ of the Metz Leather Co. Note: since that time De Keyzer has been a butter tub maker, a postal clerk, postmaster, police commissioner, justice of the peace and the errand boy of justices of the peace.

The James Huntley Planing Mill on River street across from "Public Square" was burned with a loss of \$4,000. Mr. Huntley intends to erect a new two story mill 40-48 feet. Note: "Jims" brother Al, Fred H. Huntley local machinist was chief of the fire department at that time. Mr. Huntley was the father of George Huntley, Mrs. Fred Boone and Mrs. Ben Van Raalte, Jr. The mill was later rebuilt into a feed store and still later into the Colonial Theatre. Just recently and before the Christmas holiday season the Colonial burned and was rebuilt into a beautiful "movie play house" recently described in this newspaper.

### TWENTY-FIVE YEARS AGO TODAY

A company of young ladies have returned from a week's camping at Alpena Beach. The party consisted of Misses Clara and Laura McClelland, Gertrude H. Abing, Florence Taylor, Goldie Price and Lydia Gumsley.

Heidelberg has seen a new comet, but no one can revive a new Halley sensation. However it is no wonder they see stars in Heidelberg.

Monday the 23 survivors of company I, the 36 Michigan Infantry celebrated their 49th anniversary since their enlistment from Holland to serve in the Civil War. In all 84 Holland men enlisted in the company. Rather unusual is the fact that all five sergeants in the original company are still alive. They are Gerrit Van Schelven, at present Holland's postmaster, John Kramer, John Hui-zenga, Ben Van Raalte, Sr., and John Grotenhuis. Note: Today not one of these sergeants but all of the 33 have answered "Aps." The only surviving soldier of any company of the Civil War living in Holland is John Douma.

George Sells employee of a Plainwell paper mill picked up a package from the balls of waste paper shipped in and found the package to contain deeds to property, a will and other valuable documents. The property it appears was in New York, Philadelphia and other large eastern cities. The papers were traced to Hamilton where it was found they were executed by an old hermit Enos G. Denton. The tax receipts and deeds were pinned together showing the strange character had zealously guarded his belongings. He it is said came to Hamilton often for short periods, but later lived in a tumbled down house in an out of the way place near the outskirts of Hamilton. He bought a few pieces of second hand furniture and lived there for some time devoting most of his time to books and reading eastern newspapers.

Most of these publications came from New York. Enos Denton died in the old shack located about three miles south of Hamilton and his belongings were practically worthless at least from all appearances, were disposed of the old papers being sold to a rag peddler who undoubtedly shipped them with a large consignment to the paper mill where they were found by George Sells. The will in question was made out to a Mrs. Judith O'Donnell and the witnesses were Elmer Floss and Andrew S. Goble. However where these people are no one seems to know.

C. Verschure will have the old

Fris building torn down and will erect a fine modern two story block upon the site now occupied by the Fris news depot. Note: This store building is now owned by the Jake Fris book store. The old building was frame, one story, and was built to house Holland's second bank, a private institution conducted by Jacob Van Putten, Sr. This bank later became the Holland City State Bank and was moved into the present building, erected in 1892. The large portrait of the founder, Mr. Van Putten, is still conspicuous on the wall of the present bank.

A careful estimate of visitors to Holland during Venetian evening at the local resorts indicate that there were close to 18,000, judging from a checkup on passengers coming by street car, train and boat. The Holland Interurban with all its equipment augmented by box and flat cars, with crude rough lumber made seats, were still taking passengers from Macatawa and Jenison Electric Park at 4 o'clock in the morning.

The laying of the corner stone of the New Masonic Temple took place 15 years ago. It was to be an imposing structure across from the Centennial Park. The parade, according to a three column story in the News, was two miles in length headed by the St. Bernard Commandery band of Chicago, with 65 pieces.

The American Legion Band of Holland and the Jackie Band of Grand Haven were also in the line of march, as well as the Holland Martial Band. Six hundred Templars in full regalia marched down Eighth street, forming a cross and singing "Onward Christian Soldiers." It was a most impressive and inspiring sight. More than 2,000 men affiliated with the order were in line, coming from Grand Rapids, Muskegon, Grand Haven, Saugatuck, Fennville, Allegan and even from distant cities. Mayor E. P. Stephan during the exercises, incident to the laying of the corner stone, welcomed the guests, giving them the "freedom of the city" Hon. G. J. Diekmann, although not a Mason, spoke of the spirit of progress that a structure and such an ideal location denoted. Judge Harry Miller, of Chicago, who was one of the outstanding Masonic figures who aided in laying the stone said, "There is a double meaning in the corner stone laying of this beautiful temple in the city of Holland. Masonry will be better understood in this community and prejudice will be dissipated. Masonry is not a religion but anyone will be a better man and a better Christian for having been a Mason. The Christian home is the greatest force in civilization. Next in order of importance comes the Christian Church where the same Bible is taught on which the tenets of Masonry are based, and the next in order is the Masonic institution. Masonry is not local, but universal. It is world wide in its scope, and Masons throughout the nation are rejoicing with Unity Lodge of Holland over the forward step that it had taken."

In all, 31 objects were stored away in the copper box now resting in the center of that stone. The entire list was fully given in the News files. A copy of the Holland City News of Aug. 3, 1921 was included in the list. The News also printed a historic review of Unity Lodge, how it was named, and a full list of the charter members. The organization of the auxiliaries as well as the officers who started the plan of building the new temple were also published.

Born to Mr. and Mrs. Henry Geerds, a daughter Marian Jane.

Lightning struck the farm home of W. Prenton, between Holland and Hamilton. The legs were knocked from the dining room table, and also from the couch. Several cans of fruit were cracked and the house was considerably damaged. No fire resulted nor was any person injured.

A resorter at Ottawa Beach became so disgusted with fishing that he imparted to a Hope college student who was a waiter for the summer at Hotel Ottawa that any sort of bait had no effect. The wagfish student advised a pearl white button as solving the trick. Mr. Resorter adjusted a button to his hook but no luck. Then he added a grub to the white button bait and did he catch fish! And did the news travel? Every available button was dug up at the hotel, but only this lone resorter caught fish. However, he had forgotten to tell the others that he had added a worm to the button. Note: Today this same resorter would have to resort to "zipper" bait, buttons being passe.

Mr. and Mrs. John Harrison and Mr. and Mrs. Peter Sells and daughter, Miss Katherine, are on a motoring trip to the northern resorts, including Sault Ste. Marie and upper Michigan. They will also visit the "locks."

The deacons and their wives of the Third Ch. Reformed Church enjoyed an outing at Idlewood Beach last Friday evening. Those present were Mr. and Mrs. James Wagenaar, Mr. and Mrs. Otto Bosma, Mr. and Mrs. Joe Lampen, Mr. and Mrs. Gilbert Altena, Mr. and Mrs. Abe Post and Mr. and Mrs. Charles Rozema. Zeelpnd Record.

## Taxes Deadline Set On Tuesday Coming Week

PROMPT ACTION BY  
TAXPAYER IS OF ADVAN-  
TAGE TO HIMSELF AND  
THE COMMUNITY

Many delinquent taxpayers in Holland and Ottawa County, in fact, in every County in Michigan, remember the tremendous savings made by them when they paid their delinquent taxes at the County Treasurer's office at Grand Haven last summer before a stipulated date. Taxpayers were lined up for days near the close of the date set, anxious to get "under the wire" before the "deadline" was reached.

State and County authorities point out that due to improved conditions or distribution of the soldiers' bonus, many taxpayers are now in a position to pay up their balances on the "ten-year plan" so as to save themselves 8% to 36% interest on future payments under the plan.

Not alone was there a great saving to the delinquent taxpayers last year and there will be this year to those who avail themselves of the opportunity, but city, township, county and state received large sums of money with which to conduct affairs of the County, instead of borrowing money as is often the case, in fact, debts are paid by these local government units and at the same time this method of paying was a boon to the man who had back taxes to pay. Property with considerable back taxes on it was saved to the owner instead of going under the hammer when delinquent tax-ridden property was up for auction. Last year the state authorities prevented property from being sold for delinquent taxes and this year taxpayers will be given time in the ten-year plan to escape the sale of property for back taxes in the future.

This delinquent tax plan comes under the new bill, namely the Moore-Holbeck Act, with amendments. It is most important that the taxpayers know all the provisions of the so-called Ten Year Installment Plan contained in this Bill, which provides for the grouping of the 1932 and prior taxes under one total, and this total to be divided into ten installments. The second installment is now due and should be paid before September 1st, next month. Interest of 1/3 of 1% per month from September 1, 1935 is added on the amount of the second installment if paid during August, 1936. Additional interest of 3/4 of 1% per month is added after September 1, 1936.

The first installment is due September 5, 1935 and interest is added on the amount of installment at the rate of 1/12 per cent per month from September 1, 1935 to date of payment, provided it is paid before the property is offered for sale. The balance of the installments may be paid at any time with interest added at the rate of 1/3 of 1% per month from September 1, 1935 to date of payment, provided the respective installments are paid before they come due September 1st of each year.

Governor Frank D. Fitzgerald today issued a statement reminding taxpayers that they must act advantage if they wish to take advantage of the savings offered by the 10-year installment plan of paying delinquent taxes.

"September 1, next week Wednesday, is the deadline," the governor declared. "Those who paid their first installment last year and those who wish to come under the plan by making two payments at once, will find it to their advantage. I am sure, to visit their county treasurer."

Last year, the governor recalled, treasurers' offices were jammed in the closing days, causing much inconvenience and delay. To avoid this, he urged that payments be made as early as possible.

While the state is standing the expenses of the tax collection drive, Gov. Fitzgerald declared it was acting merely as a collection agent. Ninety per cent of the delinquent taxes collected remain in the local community where they originate. They are used for the support of city, township, school district, or county government.

"The state is deeply interested," he explained, "for the reason that a self-supporting local government is the best kind of a government. It is managed by its own people. It is not subject to evils of remote control. Likewise, when a local community handles its own affairs, it does not become an additional financial burden to the state. The local unit of government, the state, and the people in general profit when taxes are paid."

It was Governor Fitzgerald who championed the advertising campaign for tax collection last year, which resulted in the payment of \$15,000,000 in first installments, of which \$13,500,000 went directly for the upkeep of local governments.

Of the local collection Holland received nearly \$70,000 and altogether in the County \$200,000 was collected.

Elsewhere in this issue is found a table of figures which shows accurately just what the savings would be and how the savings are made on the "ten-year" plan.

This table will be found on page three section two, showing plainly on what basis money can be saved by paying delinquent taxes.

The Allegan State Savings bank has announced that on Sept. 2 a third dividend of 10 per cent will be available to all holders of participation certificates. A total of \$30,000 will be distributed to depositors.

Special prayer meetings were held in the Noordeloos and South Blend churches as a thanksgiving for rain. The services followed like meetings several weeks ago when prayer meetings were held to ask for rain.

It is not subject to evils of remote control. Likewise, when a local community handles its own affairs, it does not become an additional financial burden to the state. The local unit of government, the state, and the people in general profit when taxes are paid."

It was Governor Fitzgerald who championed the advertising campaign for tax collection last year, which resulted in the payment of \$15,000,000 in first installments, of which \$13,500,000 went directly for the upkeep of local governments.

Of the local collection Holland received nearly \$70,000 and altogether in the County \$200,000 was collected.

Elsewhere in this issue is found a table of figures which shows accurately just what the savings would be and how the savings are made on the "ten-year" plan.

This table will be found on page three section two, showing plainly on what basis money can be saved by paying delinquent taxes.

The Allegan State Savings bank has announced that on Sept. 2 a third dividend of 10 per cent will be available to all holders of participation certificates. A total of \$30,000 will be distributed to depositors.

Brink-Nykamp Marriage Is Solemnized

WEDDING TAKES PLACE IN 11TH ST. CHR. REF. CHURCH IN PRESENCE OF 350 GUESTS

The Fourteenth Street Christian Reformed Church was the scene of a most impressive and beautiful wedding ceremony at 4 o'clock Saturday afternoon, when Miss Esther G. Brink, daughter of Mr. Gerrit Brink of 50 West 21st Street, and Mr. Louis Nykamp, son of Mr. and Mrs. William Nykamp, 72 West 17th St., were united in marriage.

The church auditorium was a cathedral of beauty with a background of palms, ferns, salmon-pink gladioli and artemisia with tall lighted tapers in terraced formation, casting a soft glow over the entire, the marriage vows being said before an improvised altar in the presence of approximately three hundred and fifty guests.

Preceding the ceremony, Mr. Louis Jalving sang, "Because" by D'Hardelot and "Oh, Promise Me" by DeKoven. He was accompanied by Miss Gertrude Beckman, organist.

As the strains of the "Bridal March" from Lohengrin softly sounded throughout the auditorium, with Miss Beckman at the organ, the wedding party slowly and rhythmically wended their way to the altar. The groom, accompanied by the best man, Mr. William Rottschaefer of Grand Rapids and ushers, Mr. William Brink of Evanston, brother of the bride, and Mr. Raymond J. Nykamp of this city, brother of the groom, entered from the rear of the church and together awaited the bride and her attendants at the altar.

Miss Isabel Glover of Chicago,

wearing duobonnet lace, and Miss Kathleen Rinck of Ann Arbor, wearing green and peach changeable taffeta, then made their appearance. Each carried a bouquet composed of Joanna Hill and Briar Cliff roses and swansonia. Little Miss Caroline Isley of Chicago, flower girl, looking daintily in a dress of blue, carried a tiny colonial bouquet in a lace holder. Following was the maid of honor, Miss Sandrene Schutt of Holland, wearing peach lace and carrying Joanna Hill roses and swansonia.

The bride, lovely in a gown of white satin, fashioned simply with medieval lines, entered on the arm of her elder brother, John G. Brink of Chicago, who gave her away in marriage. Her veil of tulle was three-quarter length and attached to a pearl-trimmed halo. She carried Killarney roses and swansonia.

The ceremony proper was most impressive as performed by the Rev. Dr. Ralph J. Danhof, pastor

of the local church, the single ring ceremony being used. Following the marriage rites, Miss Beckman played Mendelssohn's "Wedding March" as congratulations were showered upon the newly married couple.

A reception was held at the Warm Friend Tavern immediately after the ceremony, Prof. and Mrs. William G. Brink of Evanston, Illinois, being master and mistress of ceremonies. A buffet supper was served to approximately sixty immediate relatives and friends.

The bride is a graduate of Holland High School and Hope College, and for several years taught in the Grand Haven High School. The groom is also a graduate of Holland High School and Holland Business Institute and is connected with the Grand Rapids Fibre Cord Company.

Mr. and Mrs. Nykamp left on an extended trip to Yellowstone Park, Colorado, and other inter-

esting western points. Upon their return they will make their home on Birch Road, Grand Rapids. Mrs. Nykamp's going-away costume consisted of duobonnet knit with turquoise trim. She wore a duobonnet tyrolean hat.

Out-of-town guests were Dr. and Mrs. La Hodey and daughters, Elaine and Betty Jane; Miss Helen Carlson, Miss Isabel Glover, Miss Patsy Was, Mr. and Mrs. John G. Brink, Sr., John G. Brink, Jr., Miss Florence Loeffler and Mr. and Mrs. Dale Isley and daughter Carolyn of Chicago. Mr. and Mrs. William G. Brink and daughter Dorothy of Evanston, Illinois, Mr. George G. Brink of Plymouth, Michigan, Mr. and Mrs. A. C. Brink and daughters Kathleen and Yvonne of Ann Arbor, Mr. and Mrs. Leonard G. Brink and daughters, Lillian and Viola and Mr. and Mrs. Fred Tubergan of East Saugatuck, and Mr. William Rottschaefer of Grand Rapids.

Antioch becomes a second birthplace of Christianity. In this wicked city the church felt an irresistible urge to touch the life of the world. Jerusalem seemed to be disposed to confine Christianity. Antioch wanted to give it world-wings. Jerusalem seemed to have been afflicted with the policy of isolation. Antioch felt the throbbing life that must have large expression. Hence we have in this ancient city of wickedness and waywardness the beginning of one of the greatest movements of all time. The modern missionary movement really began there.

gregation. It was a small spot of blue in a great field of ugly and forbidding blackness. It was one soft, sweet note in a babel of jangling voices. It was one witness to God and salvation in the midst of multitudes of voices that call to death.

We point with pride to many of our modern congregations rich in magnificent church buildings and boastful of their wealth and social standing. This little congregation had none of these things, but it had wonderful men. It had prophets and preachers. It had university men and one who had been brought up in a palace. It had men whose minds were open towards God and were ready to do his bidding. They had souls that were sensitive to the divine whisperings. While the congregation was at worship they heard the divine call to separate Barnabas and Saul. They were in a mood to hear God. The worshipping soul is going to hear more than the soul that does not worship. As a rule God does not come to the minds that are entirely out of tune with him and his purposes. He does not ask wordly minds to think and act upon the highest themes.

One's admiration deepens for that little group of early Christians as he sees them with readiness carry out the divine command. We feel they certainly needed two such men as Paul and Barnabas for the home work. If they would have had the mind of many of our modern Christians they would have assured the Lord that there were enough heathen at home, and they had. We always have and I think we always will. If we were to wait until such a time as that there would be no more heathen at home—well, we would find the church nearly buried in the cemetery of lost causes. But fortunately for the program of Christ and the good of the world, the church at Antioch had a world mind. The Antiochean Christians were proud to have their struggling church the starting point of a world movement. Therefore, they willingly gave up their two and biggest men.

We do not know why these two missionaries went to Cyprus. Maybe Barnabas was anxious to go there because it was his native place and he knew its needs. Maybe circumstances of a significant and directive character shaped their course. Maybe there were as many determining circumstances in their case as there are in the cases of those who in modern times go to Africa or China or Japan or Persia. There is need of the gospel everywhere. The big thing is to get men and women in the mood of going somewhere.

The gospel must be preached to all peoples. They need it as they need air and food and light. In connection with the labors of these two men in the island there were at least two outstanding facts which claim our serious thought. The first one is that they preached the word of God in the synagogues of the Jews. This was good strategy and hard common sense and commendable diplomacy. They began where there was something of a beginning, where there was some hope of getting a slight foothold. While the Jews were some of the most bitter enemies Christianity had, yet we must never forget that among the Jews it has its beginning. And, too, there were always some Jewish souls that were yearning for more light and that finally yielded to the overtures of the Christ love. The early Christian missionaries never hesitated to walk through doors that were at least half-way open to them and their message.

Mr. and Mrs. Henry W. Schutmaat and daughter, Evelyn, and Howard Dowstra from Holland went up north to Hamlin Lake near Ludington over the week end.

The second outstanding fact that challenges our thought is the encounter with a sorcerer. He stood close to the pro-consul. He enjoyed his confidence. But he thought he was going to lose it when his superior sent for the missionaries. He was smart enough to see that his methods would not stand the light of the truth that Paul and Barnabas were teaching. He seemed to feel that they knew him and his tricks. And certainly Paul soon made him know that he knew him. With an insight born from above, Paul looked right into the soul of this occultist and he laid it bare to its possessor. It was a terrible moment for this parading sage. He

felt as if the house of his soul was toppling down over his head.

The third big fact is that Sergius Paulus was converted to the Christian faith. He was the first sheaf of golden grain that the harvesters brought into the garner of the Lord. The world would hardly confess that Barnabas and Paul were very successful in this island, but how does the world measure success? It was altogether worth while to get one man like Saul of Tarsus into the Jesus way. One man may mean thousands of others by and by. We should count it a great victory if we could capture one man for the kingdom—if he were a certain man.

### FLOWER SHOW AT CITY HALL ON SEPTEMBER 3 AND 4

The Zeeland Flower Show to be staged at the city hall next week will open to the public officially at one o'clock Thursday noon and will remain open until five o'clock that evening. On Friday the show will open at nine o'clock in the morning, and remain open until nine o'clock in the evening.

Exhibitors are asked to have their entries at the Zeeland city hall by nine-thirty o'clock on Thursday morning of next week so the various committee chairmen will have time to arrange their tables before the judging begins. Mrs. M. H. Sheffield of the Kent Garden Club, Grand Rapids, who has previously judged the shows, will begin judging at eleven o'clock and expects to have the work completed by one o'clock. Mrs. Sheffield is a prominent member of the Kent Garden Club and she is an accredited judge of considerable experience, having judged flower shows in various cities in Michigan.

There were eighty-nine entries in last year's show as well as a large group of commercial exhibitors. The Zeeland Garden Club is looking forward to presenting an equally large show this year. It is also hoped that many children will enter flowers under Section K. Children may exhibit in the same classes as the adults but in groups by themselves.

Holland can show its interest by visiting the flower exhibition. Zeeland takes a decided interest in our "May Tulip Time" efforts—now let us in turn see what Zeeland has to offer. This creates a fine, helpful, neighborly spirit.

The annual flower show sponsored by the Grand Haven Garden Club will be held at the Woman's club building this Friday and Saturday. George P. Savidge of Spring Lake will be in charge of the setting and arrangements. Each year Savidge provides some unusual setting as a background for the display from gardens in this community, which always has drawn many entries from Kent, Ottawa and Muskegon counties. Many members of the Kent Garden club at Grand Rapids usually attend.

Saugatuck's August flower show was the most elaborate and had the greatest exhibit of any ever held there. Mrs. M. H. Sheffield of the Kent Garden club was the judge and awards made the following: Mrs. H. Doose, Mrs. R. J. Walker, Mrs. Kilgore, Mrs. F. Comstock, Miss Williams, Mrs. L. E. Veits, Mrs. John Stream, Miss Ella Brown, Mrs. H. Costello, Mrs. Ravlin, Mrs. H. Hiner, Mrs. A. Pfaff and R. B. Newnam.

We Thank  
Holland  
and Vicinity

Today we celebrate--  
our Fifteenth Birthday Anniversary

The Federal Baking Company of Holland marks the fifteenth milestone in its business career as a Holland business enterprise. We point with pride to our accomplishments. We are housed in a commodious building that for light and cleanliness cannot be excelled. The Federal Baking Company is equipped with the most improved machinery and equipment and the growth of this Holland concern stresses the fact that its bread and other baking products are constantly growing in greater demand. The Federal Baking Company has poured into Holland's financial account nearly a third of a million dollars in wages, taxes, fuel, motorized equipment, insurance, etc.

We take just pride in our accomplishments during these past fifteen years with still greater possibilities for expansion in trade during the coming years. While we have bent every effort and have received the co-operation of everyone identified with the Federal Baking Company, whether an employer or employee, we nevertheless feel that the buying public of Dutch-Boy products should be given full credit for the part they played in the success of our local business institution.

In connection with this birthday anniversary we wish to thank you, one and all, for your consideration of this firm and we hope to continue to serve you faithfully and above all serve you with quality products.

### Local Baking Co. Celebrating 15th Birthday

MANAGER FEDERAL BAKING CO. STATES FIRM USES 140 CARS OF FLOUR

Merick Hanchett, who for fifteen years has been the head of the Federal Baking Company of this city, states that his local firm is today celebrating its fifteenth birthday anniversary. Fifteen years ago the enterprise was started as a wholesale and retail bakery on East 8th street in the Steketee building now occupied by Miller & Jones shoe store. Success was almost instantaneous and it was not long before they outgrew the capacity of both machinery and floor space at their original quarters. A larger company was then organized and a fine new modern building was erected in 1928, located on West 17th street near the west limits. The fine stone structure was made sanitary to the last degree and today the firm is operating six routes and has in its employ twenty-two faithful employees.

Mr. Hanchett states that the firm during these last fifteen years has paid more than \$300,000 in wages, taxes, fuel, trucks, repairs, insurance and a lot of other incidents that enter financially into local business channels. He also states that the Federal Baking Company distributes its product to the independent grocer and maintains a policy of good and helpful service. Merick Hanchett has been the manager of the plant, John Terrell superintendent; Lambert Rankus has supervision of the sales force; the members of the Board of Directors are Dick Miles, John Wellington, Henry P. Klein, Merick Hanchett and Tom White. The officials of the company are informing the citizens of Holland that one of the features stressing the anniversary celebration will be a parade of all their trucks and motor vehicles over the streets of the city of Holland.

In a letter to E. B. Rich, Holland agent for the Pere Marquette, Mr. Hanchett shows that the volume of freight over the local line has assumed sizeable proportion. Thus far 140 car loads of flour has been purchased, and the freight bills for this flour paid to the Pere Marquette amount to \$8,000 for car load shipments alone, not including less than car load items. Mr. Hanchett is an optimistic individual and sees great possibilities and even greater success during the next fifteen years. He predicts that based on present operations, 300 cars of flour will be purchased with a freight bill of \$17,000 during the next decade and a half, as compared to the above named figures covering the past fifteen years. The Federal Baking Company is to be congratulated; it has proven to be a wide awake and going concern always, and it has dovetailed into the long established policy of this city, namely to bend its efforts towards a diversified class of industries. Baking is different again from the scores of other diversified industries of which Holland is able to boast.

### MISSIONARIES ARE NOW ON THE OCEAN

Dr. Eva Tyssie of Holland, who has been doing some research work in New York and Dr. Bernadine Siebers of Grand Rapids are sailing with Miss DeWeerd. They will take up new work at the missionary medical college, for women, at Vellore, India.

### CHICAGOAN SENDS HOLLAND'S POLICE NOTE OF THANKS

Chief of Police Frank Van Ry received a letter Saturday that was filled with gratitude to local officers. It was written by James Bodie, Negro scoutmaster of Chicago.

The letter read: "Allow me to express my appreciation to the police department of Holland for the kindly consideration shown me at the time of my accident which occurred Aug. 17. It was a fine demonstration of the type of men on your police force and of the splendid type of citizenship I have often heard of in Holland."

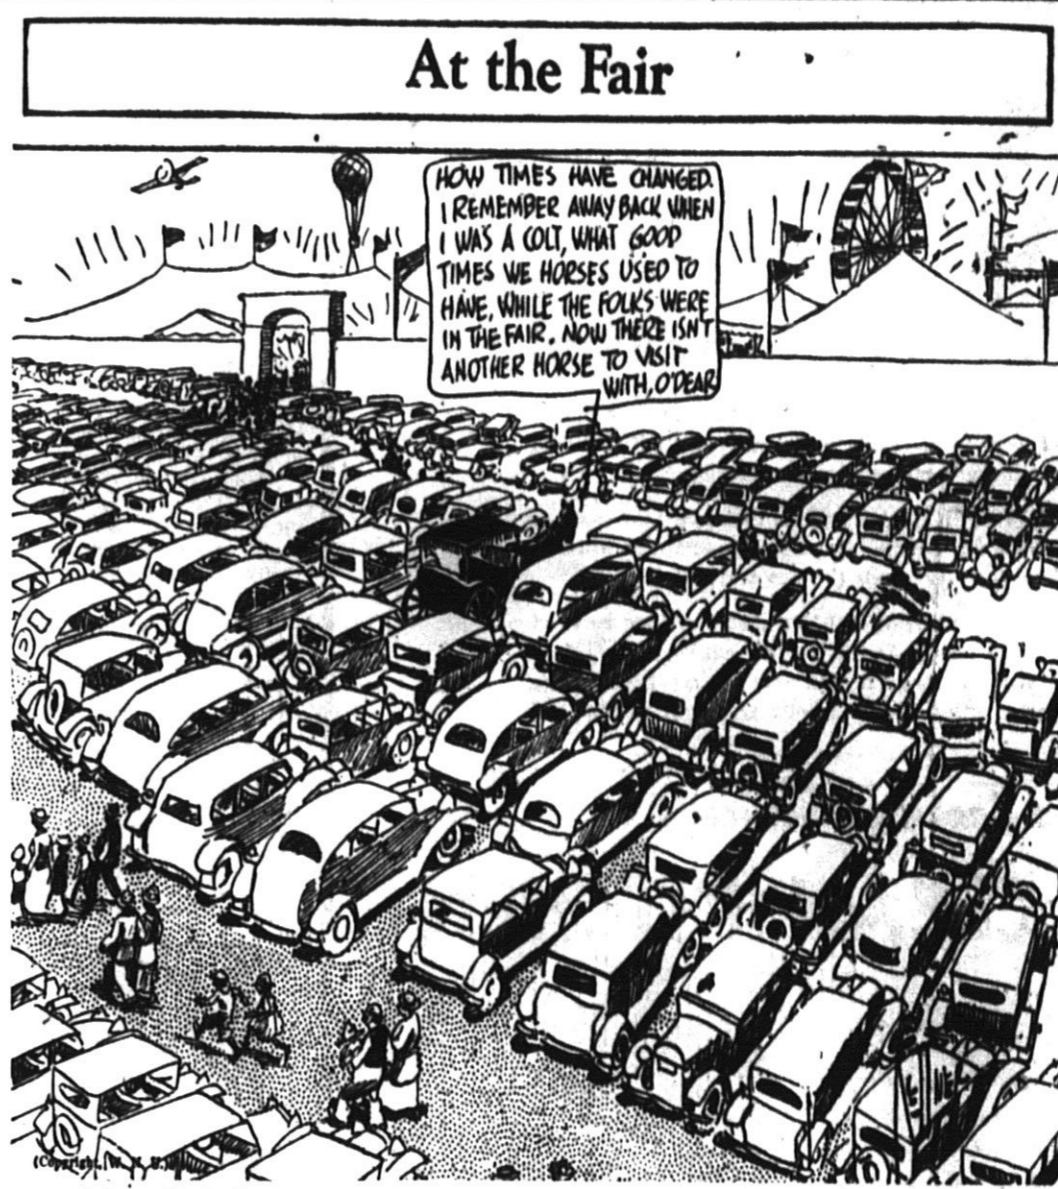

Bodie was injured when the car in which he was riding sideswiped a semi-trailer at West Olive. He was given medical treatment by local physicians by order of local officers.

### At the Fair

### EXHIBITS ARRANGED AT MACATAWA PARK

Mrs. J. Boshka, wife of Capt. Boshka, lighthouse keeper at Lake Macatawa, has arranged an interesting study for the guests of Hotel Macatawa and others that visit the local park.

Mrs. Boshka has arranged for a study of the stars and wayside weeds. She has made graphic drawings of the various constellations, which are mounted and placed in the lobby of the hotel. On starry evenings the group climbs a nearby hill and studies the stars.

The weeds are those found growing at or near the resort. Vases with the various species are placed in the lobby. Descriptive phrases tell the uses, habits and description of the weeds.

An additional treat for the resort children is a trip through the lighthouse under direction of Capt. Boshka.

### FORMER MAYOR ENTERTAINS IN HONOR OF CHILDREN FROM SWEDEN

Mr. and Mrs. Nicodemus Bosch entertained at dinner, Thursday, in honor of their son-in-law and daughter, Mr. and Mrs. Gunnar Heimburger of Stockholm, Sweden, who are planning to leave Sept. 6. Prizes in bridge were awarded to Dr. Leon Bosch of Grand Rapids and Miss Gertrude Kramer of New York City. Both Mr. and Mrs. Heimburger were presented with gifts. The following guests were present: Dr. and Mrs. Leon Bosch, Mr. and Mrs. Lee Woodruff, Mr. and Mrs. Roy Dennis, Mr. and Mrs. Jack Sessions and Mr. and Mrs. Edward Wallace, all of Grand Rapids; Maxine McBride and Gertrude Kramer of New York City; Mr. and Mrs. G. J. Bosch, Mr. and Mrs. E. J. Yeomans of Holland. Miss Barbara Yeomans assisted the guests.

### BRUCKER CALLS WOMEN WORST NEW DEAL FOES

Wilber M. Brucker, candidate for the Republican nomination for United States senator, told Allegan county supervisors and county officers at their annual picnic Thursday that all American women are potential foes of the New Deal.

"Women are more vitally concerned than any other group in America as to the future financial stability of our government," the former governor said. "They resent the fluctuation of the dollar value. The housewife's market basket has shrunk to three-fifths the size of that which she could purchase formerly with the same dollar."

### RALLY IS ARRANGED FOR RURAL TEACHERS

Rural teachers of Allegan county will meet at 1:30 p. m. Saturday in Griewood auditorium. Announcement of the elementary teachers training course sponsored by the Kellogg foundation will be made by Arthur Kaechle, county school commissioner. Annual encampment of county teachers will be held Sept. 11 and 12 at Pine lake.

Five persons charged with driving while drunk were arraigned in different Allegan county justice courts. Wilfred Stone, Middleville, when arraigned before Justice Champlin of Plainwell, pleaded guilty to the charge and paid \$54.35 fine and costs. J. C. Marshall, Niles, when first brought before Justice Cook pleaded not guilty, but on later appearance changed his plea to guilty and paid \$50 fine and costs. William Arthur Watson, pleaded guilty before Justice Cook, Allegan, and was assessed \$50 fine, \$4.20 costs, in addition to a ten days jail sentence. He will serve forty more days if fine and costs are not paid. Donald Bramble, Gobles, when arraigned Monday before Justice Cook, Allegan, pleaded not guilty to operating his car while under the influence of liquor. His trial was set for August 21, at 9 a. m., and pending trial he was released on \$200 bond. Wednesday Fred Ogden, Allegan, pleaded guilty before Justice Cook to drunk driving. He paid \$55 fine and \$4.55 costs. Stanley Parker, Kalamazoo truck driver, charged with violation of motor vehicle laws, pleaded not guilty when arraigned before Justice Champlin in Plainwell. He was released pending trial Aug. 21 when he furnished a \$200 bond.

### Travelogue on Interesting European Trip

By Mrs. Mae Van Drezer Bush

July 13th  
Paris

Dear Ones—

How would you like to journey to Chartres with us and travel more than 60 miles through the lovely French countryside, only pausing at Versailles with its palaces, parks and fountains, and just glimpsing the hunting lodge of the president of the republic in which wild boar still roam? We'll admire the charming villa Louis XIV built for Madame Maintenon, one of his mistresses and later his wife, and then speed on to Chartres, driving madly through French villages, past quaint farm houses and fertile fields, and then at last we'll see—Chartres.

Chartres dominates the countryside. It is like a city set on a hill. You see its spires miles away. To me it is the most beautiful cathedral I know. It has been holy ground for centuries. Long before the Christians erected the first church, Druids worshipped on this site. Dolmens are still to be found in the neighborhood. I believe the first cathedral was built about 800; several followed, each destroyed by fire. The present structure was built in the 13th century. It was not planned by professional architects but designed by architect priests, and built by the people of Chartres. The site became an vast camp, all Chartres working for their beloved cathedral. It was a labor of love. Perhaps that is why it is so beautiful.

The cathedral is a huge edifice. When Henry the 4th was crowned, it held 12,000 people for the coronation. But one does not think of its vast size—one is impressed only with its delicacy and grace. One forgets its immensity in its beauty. To illustrate its bulk, there are three roofs, the first of wood, the second of stone and the last of bronze. Its two spires are very interesting. They are called the male and female spires. The male tower is classic in its simplicity, dignity and strength. The female tower is impressive in the grace, delicacy and beauty of its carvings.

But the world makes a pilgrimage to Chartres for two great treasures—her windows and her carved altar screen. Words cannot describe her glass windows. They are like great jewels. She is especially famous for her blue glass. There is nothing like her "Chalice" window in the world. People sit speechless beneath its beauty.

The interior of the cathedral reminds one of a great jeweled casket. There are three premier rose windows and 54 other rose windows. They have kept their art a secret and thus often the art of making glass has been developed in families. ### COAST GUARDS ON WAY TO GET BOATS

Chief Boatswain's Mate Fred Wendell of Grand Haven coast guard station, and Chief Boatswain's Mate George Burrill of Sleeping Bear, with Surfmen Kenneth Leslie of Grand Haven and Forrest Plaugher of Holland, have arrived in New York to return with the three new picket boats assigned to the 10th district. In New York they joined Chief Boatswain's Mate John A. Basch of Muskegon and Chief Motor Machinist Oliver N. Hyman of district headquarters who left some time ago for Curtis Bay, Md., to bring one boat to New York. The others are to be sailed to New York from stations on the New England coast. It was expected the new craft would be here within two weeks from the time of starting. One, it is understood has been assigned the Grand Haven station.

### TROUT SEASON COMES TO CLOSE LABOR DAY

The 1936 trout-fishing season, which comes to a close Sept. 7, Labor day, has been one of the most successful in recent years, it is agreed by state fisheries authorities here. "If we are to judge by the reports of our hatchery superintendents and a great majority of trout fishermen, we can safely say that the current season so far has proved one of the best in the past five years and the best in the past three years," commented Fred A. Westernman, chief of state fisheries operations. "Nearly all of the well-known trout streams have been productive of good catches this year, particularly for skilled fishermen. Such sportsmen have been able to make satisfactory catches on almost any stream and under almost any circumstances."

People of the North Blenden community surprised the Rev. and Mrs. Gerrit Rezelman and family at the parsonage in North Blenden Tuesday evening. An enjoyable evening was spent playing various games on the lawn. Rev. Rezelman and his family will leave soon for their new charge at Williamson, N. Y. The pastor and his wife were presented with a beautiful electric mantle clock in appreciation of four years of service rendered and both responded with a few words of appreciation. Refreshments were served. Rev. and Mrs. Rezelman were surprised at their home last week by members of the consistory and their wives, who presented them with an electric percolator.

Andrew Cowie, wanderer, pleaded guilty to assault and battery charges and was sentenced by Justice Newnam of Saugatuck to pay \$25 fine and \$11.95 costs and serve thirty days in the county jail. The pastor and his wife were presented with a beautiful electric mantle clock in appreciation of four years of service rendered and both responded with a few words of appreciation. Refreshments were served. Rev. and Mrs. Rezelman were surprised at their home last week by members of the consistory and their wives, who presented them with an electric percolator.

Now there is an air base with 400 planes only 4 or 5 miles from the great cathedral. We could not help but wonder whether we would ever again see lovely Chartres. Sunday morning we attended the Russian church. My mind wandered back to the day, Enid and Jay, when we stood together and listened to the beautiful Russian service. Do you remember how the incense nearly overcame Enid?

We stood on the same spot and saw again that impressive service beginning in the body of the church, leading to the altar and ending in the Holy of Holies. We heard again that magnificent Russian music that stirs your very soul. We watched the kneeling worshippers prostrate themselves on the ground. We stood, with hundreds of others, for over two hours and forgot time and space. It is late and I must say good-night. Lovingly, Mae.

### Classmates Say The Rites for Mrs. Wm. Brusse

WIFE OF FORMER MAYOR PASSES AWAY AT BLODGETT HOSPITAL

Word was received from Grand Rapids Saturday that Mrs. William Brusse, age 71, wife of Holland's former mayor, passed away at Blodgett hospital, Grand Rapids, at 7 a. m. that morning. She was taken to the Grand Rapids institution two weeks ago for observation, having been in ill health for several months. Mrs. Brusse was born in the city of Holland and was the daughter of the late Mr. and Mrs. Isaac Cappon, who were numbered among the early pioneers of this community. Her father was the founder of the Cappon-Borish Leather Company, Holland's principal industrial mainstay when this city was in the earlier stages of development. The local tannery was considered the barometer of prosperity in Holland and employed a large force of leathersmiths. Mrs. Brusse graduated from Hope College with the class of 1887, after receiving her fundamental education in the public schools of this city. Her father, too, was the treasurer of Hope college and contributed liberally to this local institution. Mr. William Brusse was mayor of the city of Holland for two terms, thirty-six years ago. Mrs. Brusse was an active and devout member of Hope Reformed church.

The funeral services were held Monday afternoon at 2 o'clock from the home at 244 College avenue. Dr. Samuel Zwemer, formerly of Cairo, Egypt, now on the faculty of Princeton University, and Dr. L. Bertus Peters, of Western Theological Seminary of Holland, officiated. It is rather a coincidence that Dr. Zwemer should be in the city with the passing of Mrs. Brusse. Both Mr. Peters and Mr. Zwemer were classmates in college of Mrs. Brusse. Internment took place in the Brusse family plot in Pilgrim Home cemetery.

Surviving are the husband, one son, Lester Brusse of Houston, Texas; two daughters, Mrs. Irene Hulst of Holland, and Mrs. Louise M. Fenton of Temple, Tex. Four grandchildren and two sisters, Mrs. Harry Kremers of Cedar Rapids, Ia., and Mrs. L. R. Houtkamp of Wauwatosa, Wis., also survive.

The floral tributes from home and abroad were many and beautiful, indicative of the esteem in which Mrs. Brusse was held by her many relatives and friends.

The pallbearers were Paul R. Coster, former classmate; John Koelker, George Albers, John Riemersma, Al Van Zoeren and Dr. Chris De Young. Dr. De Young is on the faculty of Illinois State Normal at Normal, Ill.

Before her marriage, Mrs. Brusse was Miss Cornelia Cappon.

### CHARGED WITH SHOOTING CHIEF FRED BOSMA; GIRLS IDENTIFY PICTURE

A warrant for Harry James Logan, 24, alias Harry Spitz, charging him with being a party to the shooting of Chief Fred Bosma, Zeeland, on July 26, will be issued on Monday, according to Sheriff Ben Rosema, who had the picture of the man identified by two Zeeland girls who claim they were out with two strange men a few nights previous to the shooting. They had previously identified the picture of Harold Brest as one of the pair, believed to have been in the shooting, and for whom a warrant has been issued.

Sheriff Rosema will contact Everett Stedman, Fennville youth, who drove two suspects to Toledo, for further identification.

### Grand Rapids Host to Fishery Men

More than 500 persons representing three fish and conservation groups are expected to gather in Grand Rapids Aug. 31 to Sept. 6. Representatives of the State Conservation Department also will be in attendance.

The organizations which will convene here include the American Fisheries society, the International Association of Fish and Game conservation and the Michigan Conservation Department.

Chase S. Osborn, former governor, will be the speaker at the banquet Sept. 2. Michael Gorman, managing editor of the Flint Journal, will be toastmaster.

### Twelve Arrested for Setting Fires Without Permit

Heavy fines featured conservation law enforcement during July when 204 persons were arrested in Michigan for breaking the conservation laws. Justices of the peace assessed \$100 fines in four cases and \$50 fines in seven cases. Thirty-two violators were given fines of \$25. The \$100 fines were levied for illegal possession of gunnet, dynamiting fish and attempting to dynamite fish. Illegal possession of a gun-net, shooting a deer, killing deer and setting a deep trapnet in more than 50 feet of water brought the \$50 fines.

As in June the majority of arrests involved charges of violating the fishing laws. Twelve were arrested for setting fires without a permit. Fines assessed during the month came to an aggregate of \$1,182.50; costs totaled \$1,324.02. An aggregate of 295 days in jail terms was imposed. There were no acquittals.

Property confiscated included about 700 gamefish of various species, many undersized—100 pounds of perch, whitefish, 13 pounds short perch, five rifles, two shotguns, 15 live raccoons, a deep trapnet, nearly eight bushels of muskies, 200-foot gill-net, a deer and 10 pounds of venison.

Burgh came in from Ann Arbor Thursday night, and left Friday morning for a few days' trip to northern Michigan, accompanied by Mrs. Burgh and son Richard, who spent the week with Mrs. Burgh's parents, Mr. and Mrs. Albert Nye. Mr. Burgh, brother-in-law and sister, Mr. and Mrs. Jay DeKoning of Holland joined them on the trip; also Mrs. Burgh's mother, Mrs. Nye, accompanied them. Sunday they attended the concert of National Music camp at Interlochen.—Allegan Gazette.

Two Central Park youths sailed to Saugatuck a few days ago in the only boat of its type on the lake. The youths spent the night in Saugatuck and returned to Central Park the following day. The boat, a 21-foot cabin sloop, which sleeps three, was recently acquired by Robert Waalkes. There are only about four or five other boats of this type on the Great Lakes and

they are located in Detroit, according to Waalkes, whose home is in Detroit. The trip craft is a reproduction on a smaller scale of a type of sailing vessel found moored in Marblehead bay at Boston on the Atlantic coast. It is not the racing type but is seaworthy and staunch. Bob's companion on the trip to Saugatuck which was the first long trip taken after he got the boat a few weeks ago, was Hank McChesney.

All last week flocks of airplanes, from a few to nearly a hundred at a time, flew over this city, breeding wonderment in every beholder; and remember that our dear little city of Allegan was the only place in the United States where there was any such display. We surely were "on the map."—Allegan Gazette.

Fishermen on Lake Macatawa who have seen a gleaming, aluminum-painted, 14-foot rowboat set off by a brilliant red stripe around the boat just under the gunwale, have perhaps passed the remark that the boat is a "beauty." It is a "beauty" and what's more it was built by an 86-year-old resorter. Boat building is the hobby of J. D. Sturver, who is spending the summer with his uncle, Dr. J. Van Kley, at his cottage at Elm Grove resort on Lake Macatawa. The boat is the third built by the elderly gentleman in the past six years.

Mrs. Arthur Wrieden, Arthur Wrieden, Jr., and Miss Katharine Wrieden left Holland Wednesday for their home in Syracuse, N. Y., after spending the summer in Holland and at the resorts.

Cornelius De Keyser is spending a few days in Chicago and Milwaukee on a business trip.

Prof. and Mrs. Bruce Raymond and sons, Roderick and Burke, returned to Holland after a year's leave of absence during which Prof.

Raymond studied at the University of Nebraska. He will resume his teaching duties at Hope college in the fall as professor of history. The Raymonds reside at 58 East 22nd street.

The Ottawa county Boy Scout camp closed its summer season Saturday, conducting one of the best camping years in the history of the Ottawa council. More than 800 scouts and leaders attended the camp, representing an increase of 81 per cent over the 1935 camp year. The camp was under the direction of Scout Executive M. B. Russell of the Ottawa council with Carl W. Danson of Holland and Robert Hannum of Grand Haven as assistant directors.

The Rev. and Mrs. H. Vander Ploeg and daughter, Jeanette, of San Jose, Calif., are visiting relatives in Holland. They are staying at Central Park and will be here two weeks. Miss Jeanette Vander Ploeg is librarian at the San Jose State library in California.

Friday, Sept. 18, is the date of the extended deadline on summer taxes, according to City Treasurer John Steggerda. The original deadline was set for Aug. 15, but the period for payment without penalty is being extended, as was done last year. Mr. Steggerda said that after Sept. 18 the fee and interest charges will be added and that Sept. 18 is absolutely the last day.

Funeral services were held Wednesday at the Langeland Funeral home for Mrs. Eva Marshall Skinner, 82, who died at her home in Jenison Park, Sunday, after an illness of a year. She is survived by a brother, Frank M. Johnson of Milwaukee, Wis., and a nephew, Frank M. Johnson, Jr., of Grand Rapids. The Rev. F. J. Van Dyke officiated and burial was in Pilgrim Home cemetery.

### MOVIE STAR - MOVIE DIAL

Merle Oberon, star in Samuel Goldwyn's forthcoming production, "In Love and War," is the first person to receive a Movie Dial, now being introduced by Montgomery Ward. The dial of this radio operates in much the same manner as a motion picture projector, flashing stations from a small film, through mirrors and filters, onto a glass screen in large, illuminated letters. This photo was taken in Miss Oberon's Santa Monica home.

Pioneers in the field of radio engineering, Montgomery Ward now introduces an exclusive radio dial which promises to revolutionize the radio industry, according to an announcement made today by Mr. Harry Wieskamp, Holland store manager.

This innovation, called the "movie dial," because it operates in much the same fashion as a motion picture projector, flashes the call letters of stations on a screen in large, illuminated letters with the twist of the tuning knob.

The letters are projected from a small circular film onto a glass screen by means of light, lenses and a mirror, in a size large enough to be seen from any part of a room. A color filter shows the stations of the three wave bands (one standard and two short wave) in three colors, white, amber and green.

In commenting on this radically new step in radio improvement, Mr. Wieskamp said, "As you no doubt know, Ward's was the first to introduce 'instant dialing' several years ago. This was the first time station call letters were used on an open faced dial to facilitate tuning. This new 'movie dial' carries that one step further by cleverly enlarging and lighting the call letters so that you can stand away from the radio and tune it properly."

More than 9,200 hours were spent by Ward engineers and technicians in developing the new dial. The photographing of the original negative for the film was accomplished at midnight on a night chosen because of the absence of wind. Slight gusts of wind or vibrations of the building caused by day-time traffic would have interfered with the accuracy of the work. The job was accomplished with a special motion picture printer which is the property of Burton Holmes, the travel lecturer. It is the only one in existence.

The new Ward radios are also equipped with a cathode ray "tuning eye" which enables the listener to judge visibly the accuracy with which a station is tuned in. A variable black line in the "tuning eye" indicates, by its width, this accuracy—a hair line indicating perfectly accurate tuning.

A heavy rain and electrical storm broke loose over the Camp Ottawa region, in Newaygo county, and left at least one tent in two feet of water, according to word from Russ Fisher, correspondent at the camp where Holland, Zeeland and Grand Haven Scouts are enrolled for the final part of the season. The storm climaxed a day of rain on which reville was blown at 7:30 a. m. instead of 6:40 a. m., and handicraft work replaced other activities in the forenoon. In the afternoon the camp made preparations for the scheduled inspection visit by W. W. Shaver, deputy regional executive. However, Mr. Shaver later wired the camp that a change had been made in his itinerary and he would not be able to visit the Ottawa camp. Scoutmaster Russell of Holland is in charge of the camp.

Fred Van Wieren, county drain commissioner, reports that work on the Ottawa county WPA drain project is progressing with a crew of 50 men now engaged on drains in Holland and Port Sheldon townships. Eight drains have been completed since July 1. Work on 100 drains is provided for under the project which was resumed late in June after it had been dropped in April. With work yet to be done in Chester, Crocker and Blendon townships, Mr. Van Wieren said that as many as 250 men could be used on the drain project.

#### The Truth

Politicians, experienced and successful, have told me repeatedly to avoid any reference to the Townsend plan, to let Townsend followers believe, if they wished, that I was in favor of that plan, and so obtain their votes.

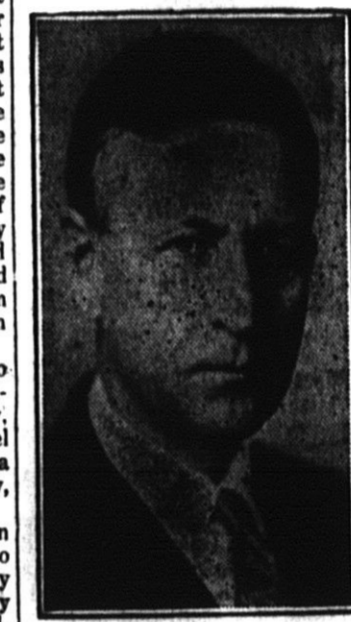

If the garnering of votes and reelection were the sole purpose, and the end could be held to justify the means, such advice would be good.

If a candidate is to be frank and fair he should neither seek votes nor by silence deceive voters as to his position. I realize that I have incurred the opposition of many sincere, honest, respectable voters because I would not promise to vote for a \$200 per month pension.

Being past sixty myself, having many friends who have reached or passed that age, being sympathetic and desirous of retaining the goodwill and support of the people of this district, were it possible to advocate the Townsend plan, I would gladly do so.

But, in common with, I believe, ninety per cent of the people of this district, I know that a pension of \$200 per month is neither feasible nor just and that such a plan cannot at the present time be enacted into law.

When so many, many honest, hard-working men and women receive far less than \$50 per week for back-breaking, mind-wrecking toil, why, except to gain a few

votes, should I promise an impossibility?

The candidate who promises you something which you know he cannot deliver is not serving your interests; he is seeking his own self-advancement and puts that above truth.

There are more unemployed, by a million people, than when the New Deal took over: Nineteen million people are now on relief. The cost of living is high and it is going higher. I cannot, in order to obtain votes, promise to vote for an additional federal transaction tax of two per cent which, as Dr. Townsend said, will fall principally upon the laborer and the farmer and which means, as he said, a pyramid sales tax which will add from ten to thirty per cent to every article you use, eat, or wear, when I know that the result will be disappointing.

I believe in adequate relief, in adequate security for the unfortunate as well as for the aged, administered by local authorities, honestly and fairly, free from waste, extravagance, and political manipulation, and for that I will work.

Chicanery, misleading statements, promises impossible of performance—to these I will not resort.

If you wish honest, conscientious, and faithful service, your support is solicited.

Respectfully,  
CLARE E. HOFFMAN,

Republican Candidate for Congress  
Fourth District of Michigan.

## SUNDAY DINNER Suggestions

By ANN PAGE

ASKING prices on dairy products should not be permitted to cut down the average family's consumption of milk, cheese and butter as these foods are particularly valuable for health. Evaporated milk is economical for cooking purposes and is equally as wholesome as fresh milk. If necessary to cut down, a substitute may be used for butter.

In general, prices on most foods are no higher than last week and a slight decrease has been noted in beef and lamb chops, young chickens, eggs, apples, green beans, lima beans, cabbage and new potatoes.

Here are three menus planned for different budget levels.

<b>Low Cost Dinner</b>	Round Steak with Onions	Sliced Tomatoes	Bread and Butter	Chocolate Pudding	Milk
<b>Medium Cost Dinner</b>	Fried Chicken	Baked Potatoes	Corn Custard	Bread and Butter	Cheese Milk
<b>Very Special Dinner</b>	Roast Beef	Baked Potatoes	Stuffed Eggplant	Tomato Salad	Rolls and Butter

## BEET SUGAR GROUP TO CAMPAIGN IN STATE—BUY THE HOME PRODUCT

According to an announcement Wednesday by J. C. Adair, advertising manager of the Farmers and Manufacturers Beet Sugar association, an intensive campaign will be launched this fall to encourage the sale of Michigan-made beet sugar in Michigan.

All authorities are agreed, Mr.

Adair holds, that beet sugar is identical in every respect with the highest grades of cane sugar.

"Michigan is the third largest beet sugar producing state in the United States and sugar beet growing is one of our most important agricultural industries," he said.

Michiganers should use Michigan sugar. We surely believe in our own industry and in our own farmers.

## MUCH BUSINESS DONE BY POLICE BOARD

After discussing various angles in the matter of regulating the speed on the recently opened US31 when entering the city on Michigan Ave., the board of police and fire commissioners, who met Tuesday afternoon, authorized City Clerk, Oscar Peterson to write to the state traffic bureau to write to letting down the speed of cars to a uniform and safe rate without hampering motorists. A recommendation by Chief Frank Van Ry was unanimously endorsed by the commissioners. The method he favors is used by many other cities of the state. He recommended that a sign be placed at the city limits at 32nd St. denoting the rate vehicles shall travel and other signs decreasing the speed be placed along the road as far as 22nd St. The state law now enforced in the city is 20 miles per hour which Chief Van Ry pointed out was too slow on a stretch of road like Michigan Ave. from 22nd St. to the limits.

## Yesterday and Today

## NEEDLESS KILLING OF FISH GOING ON

A needless killing of thousands of undersize fish is going on in Michigan if the conduct of fishermen generally were to be judged by that of a group on Arbutus lake near Traverse City recently. The anglers mentioned in a report sent to the Department of Conservation had become impatient because they had run into a school of undersize bluegills which were taking their bait. The small fish were being pulled roughly off the hooks and thrown back into the water.

The incident, in itself, might be considered of minor consequence were it an isolated case, but in all probability it is not. There is no doubt that a large number of fishermen still have not learned or remain indifferent to the fact that undersize fish invariably will not survive rough handling. When an undersize fish is taken, the hook should be removed carefully while the fish is held in a wet hand. The fish then should be eased into the water, not thrown.

A majority of the county's 127 rural schools will open the day after Labor Day, Tuesday, Sept. 8, according to Gerrit G. Groenewoud, county school commissioner of Holland. Where children are needed to help in the pickle harvest, schools in those areas will open later than others, but the difference will be made up in those schools which let out for a week during the potato harvest. Most of the details of the school openings are left up to the individual school boards. Mr. Groenewoud said. The commissioner stated further that last year's total was approximately 5,000.

## Lake Levels Below Average

The United States Lake survey for July shows that Lake Michigan and Lake Huron are 0.12 foot lower than in June and the lakes are 0.01 foot below the July stage of a year ago and 0.91 foot below the average stage of July of the last 10 years; 3.73 feet below the high stage of July, 1929 and 0.54 foot above the low stage of July 1934.

Based on past records the monthly mean level for August is likely to be about 578.5 and not less than 578.3 feet. The July level since 1900 has averaged 0.10 foot higher than June up until this year.

The levels are determined from the daily readings of staff gauges. These elevations may differ slightly from the more precise monthly means to be reduced from the continuous records of the automatic water gauges, the survey points out.

Lake Superior is 0.01 foot higher than the June record. Lake Erie is 0.09 foot lower and Lake Ontario is 0.29 foot lower.

## WHO WOULD THINK A FISH COULD JUMP A 6 FOOT FENCE?

A six-foot fence is nothing to a Sturgeon River rainbow trout when it decides to go places, but a true story about their jumping feats has been falling on incredulous ears around here.

Apparently affected by the heat, about 75 rainbows leaped a barrier tall as a man and straight up and down to enter one of the raceways of the Sturgeon River trout rearing station. Why the trout wanted to leave the free domain of wild waters and accept confinement in the raceway is a mystery, but the urge was sufficiently strong to cause them to jump the six-foot fence.

Attendants who saw some of the trout make the jump were amazed at the alight and on investigation found about 75 of the large wild rainbows in a raceway containing small fingerling trout.

The big trout had to be seized out entirely to prevent them from making a meal of the smaller fish.

Fred Langeland, Gerrit Petroelle and Otto Vander Plas are the three new school board members elected last Thursday at the annual meeting of the School for Christian Instruction of Zeeland. They succeed A. Maunes, Bert Brouwer and Herman Johnson.

He formerly held a similar position with the University of Chicago.

Mr. and Mrs. Fred Peterson held open house, at their home, 115 East 25th st., last Friday, when they celebrated their 35th wedding anniversary. Miss Florence Martindale, daughter of Mr. and Mrs. Carewe Martindale of Lansing and Macatawa Park, returned to the Lake Michigan resort last week from a trip to Europe. Miss Martindale made the return voyage on the S. S. Queen Mary.

Martin Wiersma and children, Floyd, Leslie, Theresa and Myrtle of rural route No. 6 and Miss Dorothy Martinus of West 19th St. left Wednesday morning for Milwaukee, where they will spend several days with relatives.

Capt. H. Bertsch, son of Col. Bertsch was the week end guest of Fred S. Bertsch. He is one of the umpires in the war maneuvers in this vicinity and recently had similar duties at Camp Knox, Ky.

Mrs. A. C. Overkamp of 248 East 10th St. underwent a gallstone and appendix operation at the Holland hospital, Tuesday morning.

## Crows Make Fine, Intelligent Pets

Crows make excellent and intelligent pets, according to Tom Hooker of Jackson, who has owned and trained crows for almost 50 years. He declares the crow is becoming more and more popular as its virtues become known more generally. He insists that no pet has more affection for its master than the cawing bird.

Most people, according to this authority, fail to have luck rearing and training the bird because they make the mistake of feeding hard food, such as corn, beans, wheat. A crow's internal are not like those of a chicken, a sort of living grist mill. His favorite menu for young crows is fresh liver or fish pounded fine. As they grow older they will eat frogs, mice, hamburger or cooked or raw eggs.

The crow is an unusually clean bird and will bathe three or more times a day if clean water is available. It also likes plenty of water in which to dunk its food. Many crows are easily taught to talk. Their voices sound more like that of a human than does that of the parrot and this crow tamer says they are far more entertaining and companionable than the parrot. With a little coaching they will develop a whole bagful of tricks.

The marriage of Miss Doris Van Lente, daughter of Mr. and Mrs. Henry Van Lente, 362 Central Ave., to M. Carlisle Neckers, son of Mr. and Mrs. Albert Neckers, Jr. of Clymer, N. Y., was solemnized Tuesday afternoon, at Trinity Reformed church. Approximately 150 guests attended the wedding which took place at 4 o'clock. The Rev. H. D. Ter Keurst, pastor of the church, performed the double ring ceremony. Following an organ recital by William Welmers, the bride party entered the church to the strains of Lohengrin's wedding march. The bride gown in a wedding dress of white satin, floor length, with sleeves and high collar of lace, her tall veil caught in a cap arrangement, approached the altar on the arm of her father, who gave her in marriage. She carried a bridal bouquet of white roses, baby's breath and pink snapdragons. The bride's sister, Mrs. Lambert Drenthe of Chicago, was matron of honor. She wore an ankle length gown of blue French organdie, and carried a bouquet of white roses, pale pink asters and delphinium. Bridesmaids were Miss Lois Van Zomeren and Miss Janice Van Koevring of Zeeland. Their gowns were fashioned alike, Miss Van Zomeren wearing yellow woad mouseline de soie, trimmed in light green, and Miss Van Koevring pink with blue trim. They wore corsages of mixed flowers. Flower girls were the small daughters of Dr. and Mrs. W. W. Neckers, of Carbondale, Ill. Janice was wearing pink organdie, and Nancy Ann, blue organdie. K. Don Jacobson of Holland, in a white linen suit, was ring bearer. He carried the rings on a pink pillow. Elmer Nienhuis of this city performed the duties of best man, and ushers were Maynard Van Lente, brother of the bride, and Howard Hartough of Fairview, Ill. Following the ceremony a reception was held in the basement of the church and a wedding repast was served from a bridal table decorated in pink and white. The couple left on a wedding trip east and will be home after Sept. 1, in Clymer, N. Y., where Mr. Neckers is a junior member of his father's department store. Both Mr. and Mrs. Neckers are graduates of Hope College. Out of town guests were the Rev. and Mrs. Harry Hoffa, Mr. and Mrs. Leonard Bograf, and Mrs. Lambert Drenthe of Chicago; Dr. and Mrs. James Neckers and daughters, Nancy Ann and Janice of Carbondale, Ill.; Mr. and Mrs. Clark Hoffman of Grandville; Mr. and Mrs. Albert Neckers, Jr., of Clymer, N. **Thousands of Farms Will  
Be Tied Up with Electric  
Current**

During 1937, approximately 29,500 Michigan farms will receive electric power for the first time at a cost to power companies of \$7,300,000, a report of the Public Utilities Commission states. Under the commission's plan the power companies bear the entire cost of the lines. The only requirement is that farmers collectively pay \$12.50 per mile of line and pay for the current used at standard rates. During 1936, the estimated number of farms that will get electricity is 23,000 at a cost of \$5,800,000.

When the commission began its campaign for rural electrification there were about 45,000 farms in Michigan which had the benefits of electricity. During 1936-1937 under the plan approximately 52,500 homes will be supplied with power, more than double the number a year ago. Total cost of the project will be \$13,100,000. Of this total, Consumers Power Co. will spend \$8,300,000; Detroit Edison Co., \$2,600,000; and the remainder will be spread among about thirty smaller companies.

**STRIKERS NOT SUBJECT TO  
RELIEF**

A lot of lumber trade strikers at Escanaba called on Gov. Fitzgerald to supply them with relief money alleging they could not get milk for their children. The governor tersely and sensibly replied: "For the man who throws his family responsibilities upon his neighbors, deliberately cutting himself off from an income, no matter how small it may be, there is little that can be done. The state of Michigan will continue to do its utmost to protect those who would work if they could. It will continue, through its department of labor and industry and other agencies, to strive for better working conditions and high standards. It will not offer relief to anyone who spurns employment; who prefers idleness to a pay envelope."

**HEAP OF GRAND HAVEN  
LOSES NOMINATION BY  
FARM-LABOR GROUP**

Loyalty of Lionel Heap, former mayor of Grand Haven, to the Democrat party was credited with costing him the Farmer-Labor farm nomination for Congress from the fifth district at the convention at the Grand Rapids labor temple, Saturday. Mr. Heap is seeking the Democratic nomination in competition with Thomas F. McAllister of Grand Rapids, party nominee two years ago, and Dr. Gerrit Heyns of Holland who appears to be the favorite of Ottawa county Democrats leaders.

Mr. Heap stood upon political principle and refused to equivocate in his support of President Roosevelt. He lost the nomination to Eugene Ten Brink of Allendale by a vote of 31 to 14. Mr. Ten Brink was quoted as saying he believed Mr. Heap to have been the favorite for the nomination before the convention and that he entered the race to clarify certain issues.

"I agree with the principals of the Farmer-Labor party and the sooner the Democratic party goes over to those principals the better but how on earth can anyone expect me not to support the head of the ticket upon which I am running," Mr. Heap told the convention. Many farmer delegates were believed to have swung to Mr. Ten Brink as the result of Mr. Heap's stand although those at the convention believed Mr. Heap, always outspoken in his

## A More Substantial Summer Supper

ALL SUMMER LONG we have dined lightly on cool dishes to quell the heat. They were all around satisfying, too, those chilled through-out meals that we prepared in a jiffy and served fresh from the refrigerator to our heat fagged families. But the days are cooling off a bit around the edges now and it's high time we thought about more substantial summer suppers. We must serve our families a good square meal once in a while. But let it still be easy to prepare. Balance your hot and cold dishes so you can budget your time effectively. Begin with chilled tomato juice and crisped crackers. Then serve an oven course of salmon loaf and baked potatoes. Follow this with a flavorful fresh fruit salad, and top off the whole meal with a jelly ring sundae. The family appetite will pick up with enthusiasm when you serve this supper:

Chilled Tomato Juice      Crisped Crackers  
Salmon Loaf\*      Baked Potatoes  
Mixed Summer Fruit Salad with Honey French Dressing\*  
Cloverleaf Rolls      Currant Jelly

Jelly Ring Sundae\*  
(\* Indicates recipes given below)

**Salmon Loaf (serves 8)**—Remove all skin from 2 - 16 oz. cans salmon, then flake salmon coarsely. Combine salmon, 2 cups Rice Flakes, 1 cup milk, 2 eggs, 2 teaspoons butter, melted, 2 teaspoons salt, and 1 cup Cross Cut Sweet Pickles, coarsely chopped. Mix thoroughly and pack into buttered coffee cans with lids (which have been greased and floured), and bake in a moderate oven (375°F) for 1 hour or until the loaf becomes firm. Or, if desired, form into a loaf and bake, uncovered, in a greased casserole or baking dish which is set in a shallow pan of hot water. Garnish with slices of hard cooked egg. If baked in a coffee can, run a knife around it when you take it from the oven and it will come out of the can nicely molded and very attractive.

**Honey French Dressing**—Place in a bowl 1 tablespoon strained honey, 2 tablespoons Pure Cider Vinegar, 6 tablespoons salad oil, ½ teaspoon salt, and ¼ teaspoon paprika, and whip thoroughly with a hand or an electric beater. Pour into bottle which has a tightly fitting lid. Shake thoroughly each time before using.

**Jelly Ring Sundae**—Beat 6 egg whites until frothy, add 2 teaspoons Pure Cider Vinegar and continue beating until egg whites are stiff, or just until dish may be inverted without egg whites slipping out. Add 1 cup sugar gradually, beating well after each addition. Beat 6 egg yolks until thick and lemon colored, then add 1 teaspoon vanilla and fold into whites. When yolks seem blended with whites, sift in 1 cup pastry flour, which has been sifted once before measuring and once afterward with ¼ teaspoon salt. Fold it in gradually. Pour into a large shallow pan (10x14x2"), the bottom of which is lined with

Roll from the broad end, wrapping the towel in with the roll. When cool, unroll and spread with Currant Jelly. Roll again in the towel or in waxed paper and leave until ready to serve. **INTEGRITY, INDUSTRY, THRIFT, FRUGALITY, BRING  
PROSPERITY AND HAPPINESS**

This appeal is made to those Democrats, as well as to Republicans, who believe in the American form of government, who know that the benefits enjoyed in this country by the common man are beyond comparison greater than those obtainable by any other people on earth; who know that those benefits, those privileges, opportunities, and prosperity are due to the principles followed by our forefathers, no matter how disparagingly and sneeringly the New Dealers may refer to them.

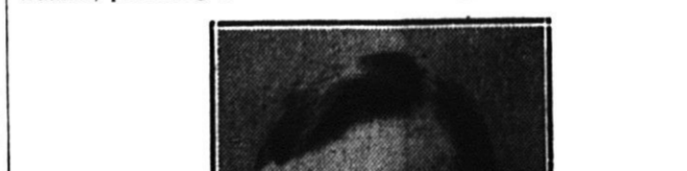

The truth of the statement written centuries ago, "For wide is the gate and broad is the way that leadeth to destruction," stands today as then, and it is as futile, as foolish, to attempt to spend ourselves into prosperity, to waste our money in foolish experiments, to spend regardless of our income or the future, to try to get something for nothing, to follow the easy way of spending the money of others, as it was then.

The truth of this was recognized by the greatest spender in the world, the President, when he said:

"Revenues must cover expenditures. Any government, like any family, can for a year, spend a little more than it earns, but you know and I know that a continuation of that habit means the poorhouse."

Notwithstanding this statement, this country, under his administration, is going into debt at the rate of \$420,000 an hour, each hour of the twenty-four in a day, every day of the year except Sunday.

Always man has known that to avoid suffering, he must produce and in times of plenty save for a rainy day, but a Tugwell and a Wallace, preaching their doctrine of scarcity, the destruction of food,

destroyed in the fall of 1933, 6,200,000 pigs, slaughtered 220,000 prospective mother sows, took out of production, under the AAA, approximately 36,000,000 acres of corn, wheat, cotton and tobacco, or one-tenth of the land in cultivation in the United States, so that there would, in this world, be less to eat and less to wear.

And then came the drought, as it comes always, and this country now finds itself for the first time in its history where it neither has in storage nor can it produce for our immediate needs the food our people must eat and, so, while prices are high, farmers have nothing to sell, the rest of the population lacks the money to purchase, and the foreign producer is the only one to profit.

Did the drought come as a punishment because of our destruction of food? Are we, like the children of Israel of old, being reminded of our sins?

My suggestion is beware of those who talk against privilege, but who are themselves the children of privilege; who inherited their wealth, who never earned a dollar, so far as the record shows, by the sweat of their bodies. They promise, but they do not perform. They would establish a dictatorship with themselves in power.

During the short time you have honored me by permitting me to represent you, I have fought and voted against all of the harmful things they advocate and, if re-elected, will continue to make that fight.

## Auto Trailer a Menace To Furniture? Not for Sligh of Holland

(Grand Rapids Herald)

Those who look ahead for worrying purposes are being alarmed, nowadays, by the conjectural effect of the automobile house trailer upon the American home, and incidentally, upon the furniture industry.

But one furniture manufacturer, not bothering to worry about how many families may occupy rolling homes 10 or 20 years hence, is putting a house trailer into the furniture business.

Charles R. Sligh, Jr., head of the Charles R. Sligh company of Holland, and president of the Furniture Salesmen's club, has had built a trailer which will be at once a home, hotel and showroom for his selling trips—or for a mobile cottage on week-ends and vacations.

C. R. Sligh, Jr.

**All Comforts of Home**  
The 22-foot trailer has sleeping accommodations for eight persons. The kitchen has refrigerator and electric stove. There is a shower bath, hot water heater, electric lights. Power is supplied for lights and electrical appliances, including stove and hot water heater, by a ¼-horsepower motor.

Venetian blinds shade the seven windows.

On business trips, Mr. Sligh will carry a few special desks and smaller pieces, along with a complete collection of photographs of places and groups that cannot be carried.

No advertising appears on the outside of the beige painted rolling home, which is decorated with a chromium band and narrow red stripes. It looks like many another of the finer house trailers, and not at all like a traveling furniture market.

**Follows Tradition**  
Furniture men recall that 40 years ago his father, Charles R. Sligh, used to start out with a carload of furniture and stay on the road until it was sold; later, he was one of the first manufacturers to sell furniture by photographs.

So really, in a modern manner, the son is completing the circuit. He has both the car and the photographs, but now it's the highway and not the railroad.

**COMMON COUNCIL**  
Holland, Mich., Aug. 10, 1936.

The Common Council met in special session pursuant to a request from the License Committee, Ald. Huyser, chairman.

Present: Ald. Huyser, Mayor pro-tem, Alds. Vande Lune, Drinkwater, Kalkman, De Cook, Oudemool, Steffens, Bultman, Vogelzang, Smith, and the Clerk. Absent: Mayor Geerlings, Alds. Prins and Damson.

The meeting was held in the City Clerk's office at 5:15 P. M.

Mayor pro-tem Huyser, who is also chairman of the License Committee, reported that the License Committee had met and discussed the revocation of the Beer License of Mrs. Katherine Sermas.

Mr. Huyser stated that it appears from the investigation they have made, that it is possible an injustice has been done Mrs. Sermas in revoking her license, and for this reason they were calling the Council members together to determine if they wish to rescind their action taken at a previous meeting.

After considerable discussion by various members present, a resolution was presented by Ald. Bultman to rescind their action of July 15th at which time they requested the Liquor Control Commission to revoke the Beer License of said Katherine Sermas.

The resolution further provided that the Clerk transmit a copy of the Council's action to the Liquor Control Commission requesting them to take such action as may be necessary to restore the Beer License of Mrs. Katherine Sermas.

After further discussion on the matter, however, the motion of Ald. Bultman which had been supported by Drinkwater, was withdrawn and a motion by Ald. De Cook, seconded by Oudemool,

That the matter be tabled, was ADOPTED.

Adjourned.

OSCAR PETERSON,  
City Clerk.
