Scouts Complete Adventure Trip In Canoe Trek

L. D. McMillin Heads
Party Through Wilds
Of Lower Peninsula

Ten Boy Scouts and scouters have completed a trip by canoe down Pine River, one of the fastest rivers of the Lower Peninsula. The trip was headed by L. D. McMillin, field executive, and F. W. Bocks, skipper of Ship 17, Holland, and included Don Bocks, Jack Seidelman, Ship 17, Holland; Jack Melcher, troop 19, Nunica; Ted Stickle, troop 30, Holland; Keith Van Koeveing, Dick Bloemendaal, Gerald Vander Kooi and Bob Gitchel of Explorer post 21 Zeeland.

The group camped on a state public fishing site on the Pine, northeast of Luther on the first night. The first full day was spent in floating through the Ne-Be-Shone property which extends for more than seven miles along both banks of the Pine. This property was the object of several years controversy between the State and the group of seven men who own the property. It was not until the courts declared the Pine a navigable stream and forced the removal of several blocking log jams that canoeists and fishermen were able to use this section of the river.

Below the Ne-Be-Shone property the Scouts found several good, improved campsites maintained both by the State Conservation department and by the National Forest service. All along the stream they met fishermen. Using the advice of one of the fishermen, the Scouts were able to land a few trout themselves. Perhaps the most amusing incident of the whole trip occurred when Dick Bloemendaal dived down into a seven foot hole to retrieve the trout he had hooked, after it had become tangled in some brush under water. Dick came up gasping for air but holding the fish triumphantly in his left hand.

The Scouts found the Pine a test of their canoeing skill, with its fast water, logs, stumps, and long stretches of rapids and small waterfalls. In one place, known locally as the "Pots and Kettles" there is about five miles of continuous rapids. The canoes were so well handled that no one tipped over, or swamped, although everyone had wet feet many times when it became necessary to get out of the canoe to help it over some obstruction or bad place in the river.

There were two short portages on the trip. One around a newly fallen tree, and the other over the Stronach Dam, near the junction with the Big Manistee.

The trip continued to the Tippy Dam on the Manistee where the party was picked up on Saturday afternoon.

Peoples State Included In Court Bank Hearings

Grand Haven, Aug. 29 (Special)

Three bank cases were heard in Circuit Court Tuesday afternoon involving the Peoples State bank of Holland, the Coopersville State bank and the Nunica State bank. Hearings were held several months ago on the two former banks and Tuesday afternoon the court approved final accounts. The Peoples State bank has about \$1,000 which it is unable to pay. The Coopersville State bank has \$1,500. The court—Tuesday gave the two banks 70 days from Aug. 27, 1946, to locate depositors. If at the end of that time, they are unsuccessful, the money then remaining will be escheated to the state treasury.

The Nunica State bank was closed in 1933, and a receiver was appointed to liquidate the bank. The receiver reported to the court from time to time of the dividends declared and paid to the depositors and two years ago depositors were paid in full, without interest.

The receiver had on hand some assets which he had not been able to collect and these were turned over to the Depositors Liquidating Corp. of Detroit.

According to testimony of E. A. Edwards, vice-president of the corporation, they have collected \$10,276.12 which is to be divided among 329 depositors or about 9 per cent of sums on deposit.

The court declared the report to be final and ordered payment to depositors. Before the stockholders can realize depositors must receive plus 5 per cent interest.

Miss Rena Boven

Miss Boven Feted By Hospital Staff

A staff dinner at Holland hospital on Tuesday honored Miss Rena Boven who for the last 16 years has served as hospital superintendent. She was presented with a gift by the physicians and a letter of tribute was read in appreciation of her many years' service.

The letter, signed by the hospital medical staff, praised Miss Boven for her untiring efforts and cited her "many hours of service beyond the hours of duty."

Said the physicians, "You have guided our hospital through a period of expansion, kept its standards high and shouldered added responsibilities in difficult war years. Your contribution to the people of Holland has not been surpassed in importance by that of any other woman."

Miss Boven, who came to Holland in January, 1919 after completing nurses' training at Butterworth hospital, Grand Rapids, has served 27 years. She will continue as director of nurses at the institution.

Miss Boven served first in the old Holland hospital which is now the Netherlands Museum at a time when the staff boasted only six nurses. She served in various capacities at the hospital and became superintendent in 1930.

Fire Razes Barn North of Holland

Harlem, Aug. 29 (Special)—Fire of undetermined origin Tuesday night destroyed a small barn on the Fred Bell farm located five miles north of Holland on U.S. 31. Included in the loss were 35 chickens and quantities of hay and straw. A cow and horse were saved.

Holland firemen were instrumental in keeping the blaze from spreading and managed to save a hen house and many chickens located close by.

The glow in the sky attracted hundreds of cars. Since the barn was small and contents dry, the fire was of short duration.

Commission Is Sought for City's 1947 Centennial

Program Suggestions
Outlined for Group of
Representative Citizens

Common Council will be asked to appoint a centennial commission, specially charged to outline plans and appoint further committees, at its next meeting Sept. 4. It was decided Tuesday night at a meeting of representative citizens who gathered in the city hall to discuss plans for Holland's 1947 centennial celebration.

General suggestions for the celebration were outlined by William C. Wichers who was appointed Tulip Time and Centennial manager by the Chamber of Commerce early this year.

He suggested the centennial start with a religious service on the anniversary of the founding on Feb. 9, followed by events throughout the year to include an over-all participation by Dutch communities as those of Wisconsin and other midwestern states.

In addition to the opening ceremonies and the Tulip Time festival, he suggested a suitable welcome to returning soldiers, musical events, parades, pageantry, lectures, forums and similar types of program as well as sporting events and conventions.

The Netherlands museum of which Wichers is director will take a prominent part in centennial plans not only in providing historical material for reference purposes but by planting educational programs for children and building or supervising historical exhibitions in and out of the museum.

Cornelius Vander Meulen was elected chairman for Tuesday's meeting and William H. Vande Water, secretary-manager of the Chamber of Commerce, was secretary.

The semi-centennial celebration, a two-day event in August in 1897, was discussed and programs of the celebration were circulated.

Among groups represented in the meeting were Common Council, the Chamber of Commerce, Netherlands Museum Board, Governors, Particular Synod of Chicago, as well as some private citizens.

Youths Rescued As Compass Fails

William Akers, 17, of Macatawa Park and Rodney Black, 17, of Grand Rapids, were none the worse today after a harrowing experience early Tuesday morning 40 miles out in Lake Michigan. The boys left Holland Monday in a 16-foot motor boat to go to Milwaukee for a holiday.

They planned to navigate by compass but the instrument broke shortly after they got out of sight of the Michigan shore. They then decided to depend upon the stars but the sky became cloudy and the sea choppy and wind blown. To make matters worse their motor failed and 15 of the 21 gallons of gasoline they had taken along had been used.

During the night they vainly attempted to signal several freighters with a spot light. Finally at dawn, the freighter Lavada picked them up and brought them to the Old Chicago coast guard station at Chicago harbor. Officers of the freighter said the boys were in serious danger, drifting aimlessly before the wind and were close to swamping. The lake at the point where the boys were drifting is more than 80 miles wide. Waves were reported to be several feet high.

The freighter salvaged the boat by throwing a loading boom over the lee side and hoisting it to the deck.

The Carter P. Browns, Sr. and Jr., ride together for the P. of Hunters class. Austin Brown had practiced to ride with his brother, but he was injured in the steeplechase event at the North Shore Community show Saturday, so his father rode in his place. This bid of "the show must go on" spirit added drama to yesterday's events at the Castle Park Horse show.

Mr. and Mrs. William McHattie pose with their children Billy and Janet just by way of proving horsemanship can be a whole family sport. This Birmingham family entered in many of the events at the Castle Park show yesterday. The photo was taken in yesterday's rain, but no more shower can wash away spirits of the real enthusiasts. Workers Indicate They're Anxious To Settle Dispute

Strike Postponement
Offered to Speed
Wage Negotiations

Municipal employees today offered to consider postponement of their threatened strike next Tuesday if Mayor Ben Steffens will set a date "in the very near future" when all matters in dispute can be settled.

Jacob De Graaf, president of local 515 (AFL), in a communication delivered to the mediation panel, said "As for 515, we are willing and able, in fact anxious, to settle all matters in dispute within two or three days."

The communication also said that the executive board of the local takes the stand that its membership cannot vote on accepting any terms, agreements, job classifications, pay rates or other proposals unless they are itemized and specified in detail.

Mayor Steffens consulted De Graaf at noon today and said that the meeting likely could not be held until sometime next week when the report of Michigan Personnel Service of Ann Arbor on classification of jobs in the park and cemetery department will be ready.

Municipal employees Wednesday served notice on Mayor Steffens that they will strike at 8:01 a.m. Tuesday unless Common Council clarifies its position in the dispute that brought a one-day strike last May 9. The employees' union charged that council was "stalling" after it approved recommendations of a three-man mediation panel in July arranging pay increases, adjustments and working agreements.

De Graaf's telegram to the governor's office in Lansing, dispatched Tuesday, read: "A labor dispute still exists between the city of Holland and local 515, American Federation of state, county and municipal employees. Our one-day strike of May 9 resulted in the appointment of a governor's panel who made a recommendation to the city officials on July 8. No plan for settlement has as yet been offered by the city officials. Therefore, the members of local 515 deem it necessary to resume our strike beginning Sept. 3."

De Graaf said any offer of Mayor Steffens will be considered by the executive board of the union. He said a meeting of the board has been called for Friday at 7 p.m.

The Rev. Marion de Velder and Philip J. Malarney of the mediation board met with a group of city officials, heads of departments and council members Wednesday afternoon. The union was not represented because of the short notice and its inability to have a representative of the international union present.

Hatcherymen Prepare To Ship Chicks by Air

Zeeland, Aug. 29 — David Van Ommen, president of the Zeeland-Holland Hatchery association, which includes 40 hatcheries within an 11-mile radius of the two cities, said today that plans for transporting chicks and poults by air next year have been arranged with an air freight organization of World War II fliers.

Van Ommen and other hatchery men conferred with two fliers who landed at the Perk township airport Wednesday in a C-47, one of two ships the veterans have acquired for the freight service. The concern headquarters is in Springfield, Mass., and owners plan to establish an office in Grand Rapids before the start of the hatching season next February.

Van Ommen said this service will open new markets for local hatcheries. Chicks can be sent from Holland to Connecticut in five hours. Eggs can be sent from Texas here in six hours and set to hatch the same day. The air freight service was started a year ago on the East coast and now is expanding to include many places in the middle-west.

Two Large Trucks Are Damaged in Accident

Two large semi-trucks were damaged in an accident Wednesday at 6 a.m. on Michigan Ave. at the entrance of the Fifth Wheel lunch room. One truck, driven by David E. Jordan, 22, Grant, was damaged on the right front and the other, driven by Hazen A. Bunting, 26, Mt. Pleasant, was damaged on the left front.

Jordan said he did not know that Bunting was about to make a left turn and started to pass. The impact sent Bunting's truck into a pole.

In another accident, cars driven by Ted Van Dyke, 182 West 26th St., and Hiram J. Brown, 49, Chicago, were damaged Tuesday noon in an accident at 26th St. and Michigan Ave. The left rear fender of the Van Dyke car and the left front and side of the Brown car were damaged. A summons for failure to yield the right of way in a through traffic intersection was listed for Van Dyke.

Talented Riders To Contest Here For High Honors

\$500 Steeple Chase. Attracts Record Number of Entries

Blue for first, red for second, yellow for third, and white for fourth—those are the ribbons that will attract the largest field of entries ever to appear in the North Shore Horse Show ring.

Championship winners will be here Saturday from Indianapolis, Toledo, Bloomfield Hills, Chicago, Grand Rapids, Jackson, Battle Creek, Kalamazoo and Lansing, to contest for honors with accomplished riders of Holland and Zeeland.

A great deal of work has been put into the North Shore ring to make it one of the best in the State for displaying fine horsemanship. Judges have approved this show for the Michigan Horse Show circuit, of which Holland is a member. Twenty events will be run off with no waiting between classes.

Accommodations have been provided for spectators, either in bleacher seats around the ring or in private cars. Lunches will be served on the grounds for all who wish to make it an all-day event. There will be a one-hour recess between morning and afternoon classes.

Climax of the day will be the \$500 Steeplechase race over brush fences around the outer race track course. Always a stirring event, there will be a much larger field than ever before to add new excitement. It is said by Henry Boersma, show director, that the appeal of the prize money may require a closing of entries well before race time because of the large number expected.

The North Shore show is to be followed Wednesday, with the widely-known Castle Park show. Most of the out-of-town entries, as well as the local ones, will also exhibit at the Castle event, giving Holland and its resorters a double attraction of national recognition.

Mailing Period Set for Overseas Yule Parcels

"Do Your Christmas Shopping Early!"

That advice sounds premature while everybody seems concerned with keeping cool, but it's really good advice.

Postmaster Harry Kramer announced today that Christmas parcels for personnel of the armed forces serving overseas may be mailed between Oct. 15 and Nov. 15. This mailing period is a month later than in previous years, Kramer pointed out.

The term "armed forces overseas" includes the personnel who received their mail through an APO or fleet post office in case of the postmaster at New York City or San Francisco, Calif., or an APO in care of the postmaster at Miami, Fla., New Orleans, La., or Seattle, Wash.

Parcels destined for delivery in China, India, the Middle East, and the islands of the Pacific should be mailed as early as possible, preferably not later than Nov. 1 in view of the distances involved.

During this period, requests from the addressees are not required in connection with Christmas parcels to Army personnel.

Patrons should endorse each gift parcel "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the period in time for Christmas.

Christmas cards for Army personnel may be mailed at any time but patrons must mail such cards before Nov. 15 if they are to have reasonable expectation of delivery prior to Christmas. The War department advises that greetings cards for soldiers overseas must be sent in sealed envelopes and prepaid at the first-class rate.

Since Navy, Marine Corps, and Coast Guard personnel may receive parcels without a request at any time of the year, it is not the policy to encourage the mailing of parcels during any particular period of time each year. It is suggested, however, that such parcels intended as Christmas gifts be mailed not later than Oct. 15 to afford some degree of probability of delivery before Christmas.

Parcels must not exceed 70 pounds in weight or 100 inches in length and girth combined. The various services have pointed out that members of the armed forces are amply provided with food and clothing and the public is urged

(Concluded From Page One) not to include such matter in gift parcels. The public can ascertain what articles their relatives and friends overseas can secure locally by correspondence and should limit their gifts to articles not readily obtainable by the recipient.

Not more than one Christmas parcel or package will be accepted for mailing in any one week when sent by or on behalf of the

Satin, owned and ridden by Juddie Branderhorst.

Junior Horsemanship—Copper Topper, owned and ridden by Connie Boersma; Miss Pippin, owned and ridden by Janet McHattie; Fantasia, owned and ridden by Joan Butth; Grey Bonnet, owned by Peter De Witt and ridden by Betty Werner.

Western Class—Honey Bay, owned and ridden by Sally De Jonge; Golden Lady, Plaggenmarrs; Fox, Beverly Nyland; Goldie, Paul Van Wyk.

Road Hack Class—Miss Pippin, Janet McHattie up; Idler Joy, Bill McHattie up; War Pilot, Jessica Vennell, Castle Park.

Local Junior Jumping—Mowgli, ridden by Connie Boersma; Sir Nibbs, ridden by Ann Lowry; Bullet, ridden by Angeline Chandler; Gentlemen, ridden by Ann Lowry.

same person or concern to or for the same addressee.

Christmas parcels for Army personnel en route overseas shortly before or subsequent to Nov. 15 will be accepted to Dec. 10 upon presentation by the sender of a change of address notification. Only one such parcel will be accepted from any one person to any one individual having an overseas APO address.

Boxes for overseas transmission should be stronger than containers used for parcels which do not leave American shores. Articles should be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, testing at least 200 pounds.

Each box should be securely tied with strong cord, preferably by four separate pieces knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box, but the use of such tape alone is not satisfactory, since the tape loosens if the boxes become wet or exposed to moist atmosphere.

Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely packed and tightly filled, boxes are likely to be crushed.

It is also desirable that all fiberboard boxes be securely wrapped in heavy paper, if available, which materially strengthens the boxes. Sealed boxes should bear the printed inscription authorizing opening for postal inspection.

When combination packages are made up, including miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed. Christmas boxes should be enclosed in substantial containers. Hard candies, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars, individually wrapped in waxed paper, should be enclosed in inner boxes of wood metal, or cardboard. Soft candies, whether home-made or commercial, do not carry well.

Sealed packages of candy, cigars, tobacco, and toilet articles in simplest mercantile form may be placed in parcels without affecting the parcel-post classification of such packages. Sharp-pointed or sharp-edged instruments, such as razors, knives, etc., must have their points or edges protected so they cannot cut their coverings and damage other mail or injure postal employees.

Valuable articles should be registered or insured. Perishable matter will not be accepted, and the sending of fragile articles is discouraged.

Intoxicants, inflammable materials (including matches of any kind and lighter fluids) and poisons, or compositions which may kill or injure another, or damage the mails, are unallowable. Addresses must be legible, in typewriting or ink. It is preferable that the outside addresses be hand printed directly on the wrapper of the boxes rather than on labels pasted to the wrappers since experience has shown that labels frequently fall off when subjected to moisture. Copies of sales slips of retail stores should not be used as address labels.

It is desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be enclosed in the parcels so that proper disposition of the parcels can be effected in the event the addresses on the outside become defaced in transportation or the boxes become broken open and contents scattered.

In addition to the name and address of the sender, which is re-

quered. Inscriptions such as "Merry Christmas," "Please do not open until Christmas," "Happy New Year," "With best wishes," and the like may be placed on the covering of the parcel in such manner as not to interfere with the address, or on a card enclosed therewith. Books may bear simple dedicatory inscriptions not of a nature of personal correspondence, stickers or labels resembling postage stamps are not permissible on the outside of parcels.

Exportation of currency to overseas APO's or between such APO's where the dollar is not the accepted medium of exchange is prohibited. This applies to currency enclosed in letters or parcels sent as ordinary registered mail. Domestic postal money orders can be cashed at APO's where the forests are located.

Camp Fire Girls Enjoy Activities at Keewano

Ideal weather conditions prevailed Thursday and Friday during the two-day camping experience at Camp Keewano for Holland Camp Fire girls.

Following breakfast Thursday morning the girls enjoyed a hike up the "Giant Slide" and games on the water front. The afternoon program featured the building of fires on the beach for popping corn which was eaten after a swimming period.

Highlight of the evening program Thursday was the show in which members of each cabin had an opportunity to demonstrate their dramatic skill by enacting the titles of popular songs in brief skits. An impromptu program including musical numbers was also given.

Friday morning, girls in Mrs. Albert Timmer's cabin formed a color guard for the flag raising ceremony. Demonstrations were given on the packing of bedding rolls and group singing of camp songs was featured.

Relay games completed the morning's program and swimming was the main afternoon event.

After the evening meal campers packed for the trek to Ottawa beach where they were met by parents.

Mrs. Ruth De Windt, camp director, was assisted by Misses Barbara Osborne and Doris Pick.

Holland girls were under the supervision of Mrs. Timmer, local Camp Fire executive, assisted by Mesdames Ray Fehring, John D. White, E. Sharland, Walter Seidelman, A. J. Keane, G. W. McKnight, J. M. Van Alsburg, Marian Elgersma, Don Rypma and Miss Elaine Bielefeld. Junior assistants were Miss Jackie Boersma and Miss Betty Van Lente.

THE GREAT LAKES

AS HIGHWAYS

The strike of the CIO National
Maritime union focuses attention
for a moment on the importance
of the Great Lakes waters as pub-
lic national highways. When things
run along in routine fashion most
people simply regard those thou-
sands of square miles of water as
—well, just water. Perhaps they
play with the idea of how much
wealth would accrue to the na-
tion if the area were dry land in-
stead that could produce crops
and on which cities could be lo-
cated.

But the strike emphasizes the
fact that all this water is not
mere negative space. The mere
shipping the lakes carry is so
great that most people cannot so
much as imagine it. If that cheap
form of transportation were elim-
inated, there would be a loss for
the nation of vast proportions.

Former Governor Chase S. Os-
born made the assertion not long
ago that the Allies could not have
won the second World War if it
had not been for Lake Michigan
shipping. His reasoning was that
if America had not become the
arsenal of democracy Germany
would have won. But America
could not become that arsenal
without an almost unlimited sup-
ply of steel. Steel is made from
iron ore; and America's greatest
supply of iron is in the upper pen-
insula regions, with the vast Es-
canaba ore docks as its outlet. It
was because that ore could be
quickly and cheaply transported
to the great steel mills of Gary
that the United States could keep
its munitions plants all over the
nation supplied.

People who think of the Great
Lakes as a kind of setting for
summer resorts also forget that
the settlement of Michigan, Wis-
consin, Illinois and some other
states would have been greatly
retarded if this water route had
been lacking. While most of the
Hollanders who settled this par-
ticular area came by way of De-
troit and Kalamazoo, they would
have come by way of the Straits
and Lake Michigan if they had
not arrived in Detroit too late for
navigation. Thousands of others
who settled in several states made
the trip by way of the Erie Canal,
then across Lake Erie to Detroit,
thence through Lake Huron and
Lake Michigan to the settlement
locations.

The tonnage of shipping on the
Great Lakes is so large that it
dwarfs the volume of transporta-
tion on nearly all other inland
waters in the world. Much more
shipping passes through the
Straits than through the Panama
Canal.

The area of the lakes is far
from being mere space. The fish-
ing wealth alone of the lakes
would startle anyone who has
never given it any thought. And
the indirect wealth they have
created in resorts and fruit is
equally impressive.

Jesus and Right Use of Property

Exodus 20:15; Proverbs 30:7-9;

Matthew 6:25-33

By Henry Geerlings

Students of criminology in all
ages have shared the belief among
the Hebrews that abject poverty
might lead one in the direction of
theft. The story of Achan, who,
under Joshua, participated in the
battle of Ai is an illustration. It
is easy to understand that a no-
mad, fresh from the privations of
the desert, coming into a Canaanite
city and seeing a goodly Babylon-
ish garment, about \$128 and a
sledge of gold worth about \$500
would have been tempted to hide
them in his tent. There was
enough wealth to keep him and
his family for the rest of their
days. Men have been known to
sell their very souls for a chance
to make quick money.

Agur, the son of Jakeh, who
wrote the 30th chapter of Pro-
verbs, introduced a very hard
problem when he asked that he
might have neither poverty nor
riches, but sufficient food. Keep-
ing prosperity in balance is not
easy. More than one parent, hav-
ing been brought up in poverty,
and with good results, has under-
taken to give his own children
more advantages only to find that
the children are not benefited by
his efforts.

Poor men do not always steal,
and rich men do not always deny
God. To a person of normal moral
character and resistance, the pres-
ence or absence of money is far
from being the determining fac-
tor in his moral behavior. It can
truthfully be said, however, that
most youths arrested for larceny
will be found to have started
stealing because they thought
they needed money. And they had
not been taught the joy of work-
ing for a living.

Jesus urged His hearers to take
a step forward in their thinking
about wealth and prosperity. In
brief, He taught that wealth is
not to be measured by the dollar
mark. His idea of a fool was il-
lustrated by a rich man, but it
was not because the man had
money. His picture of the embodi-
ment of lavish generosity was a
very poor woman, but He placed
no premium on her poverty.

The question of taking some-
thing that belongs to another was
so totally foreign to the mind of
Jesus that His teachings on the
subject are few. But He had a
good deal to say about the prop-
er use of money and the relation-
ship of money to life. The Phar-
isee who prayed in vain in the
temple was a rigid tither, but he
had not learned how to live. The
rich young ruler was in many re-
spects a model young man but his
riches kept him from following
Jesus. Matthew was a publican
and as such was presumably wealth-
y, and Zaccheus was a rich man.
The gospel story presents Nicodem-
us and Joseph of Arimathea in a
favorable light, and by every
token they were both wealthy.

Mary Magdalene is generally
thought of as a wealthy woman,
and the home of Zebedee was
probably a home of some afflu-
ence.

Jesus had no Polyanna philos-
ophy. That His teachings are prac-
tical is the verdict of history.
"Take no thought," He said, as He
talked of money and other mat-
terial preparations one may make
for life. Our modern expression
would be "Don't worry." One ar-
gument for not worrying over food
and clothing is that the meaning
of life is so sublime as to make
such considerations seem paltry.

Jesus' reference to the fowls of
the air and the lilies of the field
does not picture them as lazy. The
Heavenly Father feeds them. Jes-
us said: In other words God puts
food within their reach, but they
go after it themselves. Even the
flowers spend their entire time
transforming food into a riot of
color. Birds and flowers alike co-
operate with God in His benign
purpose. Men ought to work for a
living not for a vast accumula-
tion of property that they cannot
use.

The rule for success as Jesus
stated it, is to fall into line with
the purpose of God. Man cannot
fall if he places himself in a po-
sition where God can help him.

The mistake of the Gentiles in
worrying over the problems of
food, clothing and shelter was a
very foolish one. To them the cen-
ter of life was in material things.
By way of contrast, Jesus urged
His hearers to seek first the king-
dom of God, with the assurance
that material needs would be ad-
ded. Paul wrote to the Philippians
that God would supply all their
needs. He was writing to Chris-
tians who, like himself, had made
the great renunciation for Christ.
The New Testament, of course,
does not teach that ease and rich-
es will come to those who first
seek the Kingdom. But it does
teach that people ought to have
an attitude of relaxed faith, and
that if spiritual values are given
first place, other considerations
will fall into line.

It is doubtful if much can be
achieved in the direction of hon-
esty by merely preaching that
man should not steal. The Bible
insists that once the great in-
centive of life under God has filled
the heart, the tendency to steal
will disappear.

Holland
In 1914

Former Congressman Gerrit J.
Diekema presided over the Re-
publican county convention held
in the court house in Grand Haven
yesterday, according to a story
appearing in the Wednesday, Sept.
9, issue of the Holland Daily Sen-
tinel published in 1914.

The people of Zeeland have hit
upon a splendid scheme to make
their Home Coming week early in
October a successful gathering in
the way of attendance at least.
Most of the former Zeelanders
will revisit that city during the
week to renew old acquaintances.
But the people of Zeeland are
anxious to attract many others
from all of Western Michigan,
people who do not and never have
called Zeeland their home.

The county convention of the
National Progressive Party was
held in the city hall yesterday
afternoon. After the reading of
the call by Nicholas Kammeraad,
chairman of the county commit-
tee, Mortimer A. Sooy was elected
temporary chairman and Nichol-
as Kammeraad was elected tem-
porary secretary.

The Rev. M. A. Stegeman, for-
merly of this city, has left his
charge in Springfield, S. D., to
take up his work as pastor of a
church in Cleveland.

The Rev. H. J. Meinders of Lis-
more, Minn., has left that place
for Princeton, N. J., to take a
year of postgraduate work there.
Mr. Meinders is a recent graduate
of Hope college and he spent a
year at the local seminary.

Orrie Maal, John Bremer and
Will Hailey returned this morn-
ing from a four day trip to Chi-
cago and Milwaukee.

The Graham and Morton Co.,
steamer "City of Chicago" which
was almost consigned to a watery
grave early last week Tuesday,
morning when she took fire on
nearing the Chicago harbor and
was saved only through the spec-
tacular beaching feat of Capt. Os-
car Bjork, will be rebuilt and
continue in the service of the G.
and M. lines. This news story ap-
peared in the Thursday, Sept. 10,
issue.

The busiest spot in this section
of the state at present is the Hol-
land fair grounds. A large force
of men is at work on the grounds
getting the buildings into shape,
putting the finishing touches on
the track and making all possible
preparations for the big exhibit
next week.

Postmaster G. Van Schelven
last night received a telegram
from Congressman Carl Mapes
announcing that the bids for the
new federal building here had
been opened.

Today many Holland men with
their families are enjoying the
picnic being given by the Grand
Rapids, Holland and Chicago In-
terurban Co. to its employees at
Jenison park.

About 300 people gathered in
the First Reformed church last
evening at a farewell reception
tendered to Miss Nellie Zwerner,
missionary to China, who left this
morning for her field of labor in
Amoy, China.

On Monday night there will be
a meeting in the city hall of those
interested in securing a hospital
for Holland.

Eighty-five children have been
enrolled on the Kindergarten roll
in Zeeland. This is the largest
class that has ever entered the
schools. The class will be in Wyn-
gardens hall until the new school
building is completed.

A Holland interurban freight
car jumped the track at the
bridge near Jenison about 3 p.m.
yesterday afternoon and was only
saved from plunging down the
steep embankment by the cars it
was drawing which kept the
track. It required three hours
work to get the car on the track
during which time traffic was
carried on a single track.

Supt. of Schools E. E. Fell has
finished tabulating the number
of enrolled students in the public
schools this year, according to a
story in the Friday, Sept. 11, is-
sue. There are 2,189 attending all
grades. A noticeable increase took
place in the Junior high school
where the attendance is now 314.
This includes the seventh and
eighth grades. The attendance in
the other schools is as follows:
High school, 309; Central school,
318; Columbia Ave. 322; Maple
Grove, 307; Van Raalte Ave., 302;
Maple Ave., 317.

Four multi-millionaires are to
come to Holland on September
17 and 18 and are to spend those
two days here and at the Holland
fair. They are Thomas L. Chad-
burne, Jr., of Chadburne, and
Shores, New York; Jessie L. Ed-
die of the Dickson and Eddie
company, fuel company of New

York; Alfred H. Smith, president
of the New York Central and
Hudson railroad and William H.
Leyden of Chicago, owner of the
beautiful yacht, "Lydenia." These
men will be guests of George F.
Getz at the Lakewood Farm.

Born to Mr. and Mrs. John
Briewe West Ninth St., a son.

Horse owners are being advised
to hold their animals for at least
a year. It is expected that the
European war will stimulate the
horse market to such extent that
prices will be doubled. Now that
experts predict that the war may
last a year or more, it is com-
monly believed that an ordinary
team of horses will sell for \$1,000
before the effects of the war are
over.

Grand Haven—A banquet in
honor of Dr. William De Kleine of
Grand Haven as a farewell to him
as he leaves this community, will
be given tonight at the Gildner
hotel in this city. This affair will
be given by the Grand Haven
Commercial association with a
large representation from Spring
Lake and the surrounding coun-
try.

Labor Day

Volleys From
Ambush - -

ONE WOULD suppose Chicago
would be accustomed to every-
thing by now, but we have this in
the authority of Mr. and Mrs. Don-
ald E. Kyger:

Some of the klompen dancers,
anxious for attention, wore their
Dutch costumes in Chicago's
downtown. They created some-
thing of a stir among the citizen-
ry, climax of which was the very
un-Chinese remark of an Oriental
who viewed the girls and hissed,
"Holy Cow!"

The Holland Red Cross chapter
is indebted to H. L. Friedlen for
cutting huge supplies of recently
acquired fabrics into dresses,
skirts, shorts and overalls, in pre-
paration for an active sewing pro-
gram in September. Faced with a
shortage of "volunteer cutters,"
Mrs. Adrian Bor, production
chairman, and Miss Beth Marcus,
executive secretary, appealed to
Mr. Friedlen and work was com-
pleted in a few hours that would
have taken weeks to do by hand.
The company also assisted in cut-
ting bandages.

One of the most amusing things
that happened at the North Shore
horse show Saturday was big Bill
Lowry's antics in the jump event.
Bill stayed on while the horse
knocked down all the barriers. Af-
ter the last jump the horse's legs
buckled, as if to say "I've had
enough of this" and Lowry went
over his head. No, he wasn't hurt.

Four employees of The Sentinel
were innocent parties to a theft.
Returning to Holland after a
week-end in Chicago, they found
an extra bag in the car trunk. In-
vestigation revealed it belonged to
an Army officer and had been
picked up by mistake in the lobby
of a hotel.

A telephone call paved the way
for a speedy return of the bag on
the first train. Ordinarily, the ex-
press office does not operate late
Sunday night, but it was open to
arrange transportation of a
corps.

On hearing the story, an office
cynic said "It would have been
more effective if they had taken
home the officer."

It may just be a fancy Washing-
ton alibi, but the jump in the price
of coffee by 13 cents a pound is
being blamed on GI's.

In this man's war, the GI got
around. Everywhere he went he
had to have his coffee. He got it.
Always big hearted, he would of-
fer coffee to natives from the
Aleutians to the tiniest South Sea
island. Soon, Aussies in Australia,
who have always preferred a dish
of tea, to the good people of Is-
land learned to like the GI and his
coffee.

When the GI left, everyone was
using American slang, chewing
gum, and dunking doughnuts in
coffee.

All of which created a new wide-
flung market for coffee and pushed
up the price.

Mrs. Alvin Bos, 133 West 11th
St., came close to being a witness
to a holdup at a swank Chicago
jewelry store on Michigan Ave.
last week-end.

She had arranged to meet Mrs.
Clyde Geerlings on the corner
where the store was located. She
thought it odd that the store was
not open on Saturday afternoon
and strolled on for another half
block and then retracing her steps.

Then she saw the assistant man-
ager, who was slugged and bleed-
ing, being carried from the store
by policemen who responded to a
private robbery alarm. Five jew-
elry cases were broken into. Loss
included a \$1,200 diamond ring.

This could happen only in Amer-
ica — one of Holland's sons has
been granted a year's paid study
at a university in St. Louis. Now
here's the situation: A Dutchman
(Olivier Lampen) is going to study
for one year in a Catholic school
(St. Louis university) on funds
provided by a Scotsman (Andrew
Carnegie).

Rotarians Will Hear

Cong. Bartel Jonkman

Rep. Bartel J. Jonkman, who
will be Thursday's Rotary speak-
er, is a native of Grand Rapids
and was graduated from the Uni-
versity of Michigan in 1914 with
a degree of L.B. He served as
prosecuting attorney of Kent
county four terms and was elect-
ed to the 76th Congress at a spe-
cial election in February, 1940. He
was re-elected to the 77th, 78th
and 79th Congress and will be a
candidate on the Republican ticket
in November.

In the Good
Old Days

From present prospects several
new industries will be in operation
in Holland before fall, according
to a story appearing in the July 5
issue of the Ottawa County Times
published in 1901 by M. G. Man-
ting. Negotiations are pending
with the Toronto Shoe Co. of Tor-
onto, Ohio, which, if carried
through will bring them here to
build and operate a large factory.
The building would be 40x100 ft.,
two stories and basement of stone
and brick. They are to employ 75
hands within nine months and 250
within five years. The Western
Machine Tool Works of Grand
Rapids also may locate here. They
would begin here with 25 men and
gradually increase their force.

Last Saturday the first car on
the Grand Rapids-Holland line was
run to Zeeland. Workmen had
worked hard to get the road fin-
ished and a temporary pontoon
bridge had been built over the
sink hole in the marsh. Supt. M. J.
Kinch and a number of others
were aboard and the run to Zeel-
and and return was made with-
out accident and in good time.
Work on putting the road bed in
good condition will be pushed as
fast as possible.

Principal O. S. Reimold who has
been at the Holland High school
the past year, received notice
Monday that he had been appoint-
ed by the government as educa-
tional instructor in the Philippine
Islands. He has accepted the posi-
tion.

The people of Grand Haven did
the proper thing by their splen-
did school system on Saturday and
by a good majority, despite a
light vote, decided to bond for
\$30,000 for the erection of a suit-
able school building, to take the
place of Central school which
burned last winter.

Carrers G. J. Pessink and
Maurice Luidens covered their rural
routes Monday, the first day,
in less than seven hours.

Leo De Vries who graduated
from the law department of the
state university arrived here Sat-
urday and will open law offices
here.

Melvin Meengs is now a clerk
at the postoffice, the beginning of
the rural mail delivery service
making extra help necessary.

Rev. P. Schut, pastor of the
Christian Reformed church of
Zutphen, has accepted the posi-
tion of field secretary for the mis-
sionary district west of the Mis-
sissippi river.

Centennial Plans To Be Discussed Here Thursday

Civic Leaders Will Outline Program for Big 1947 Celebration

Plans for Holland's centennial celebration in 1947 will be discussed at a meeting of civic leaders Tuesday at 7:30 p.m. in the Common Council chambers.

The meeting, first of a series of many such gatherings, will be attended by the centennial committees, appointed on a permanent basis of Common Council and the Chamber of Commerce, and by representatives of various other organizations.

The board of governors of the Netherlands Museum has been discussing centennial plans periodically for the past three years, but because of the war limited its activities to recommendations and suggestions.

The Common Council committee, appointed by Mayor Ben Steffens, consists of Aids. Bernard De Pree, Henry Te Roller and Melvin Van Tatenhove.

The Chamber of Commerce committee, appointed by President Chester Van Tongeren, consists of C. Neal Steketee, W. H. Stolp and Elwood S. Johnson.

Mayor Steffens, C. Vander Meulen, Marvin C. Lindeman, Dr. A. Leenhouts, Mrs. George E. Kollen and John F. Donnelly will represent the museum board of governors at Tuesday's meeting.

Prof. Thomas E. Welmers and the Rev. Lambert Olgers will represent Holland classis and the Rev. Bastian Kruitthof and Dr. Seth Vander Werf the Holland Ministerial association.

Willard C. Wichers, Tulip Time director, Mayor Steffens and William H. Vande Water, secretary-manager of the Chamber of Commerce, are serving as members-at-large.

Many other committees will be appointed later.

Deadline Approaches

Lester Wassenaar, newly appointed manager for the Holland license bureau, pointed out today that this is the last week for obtaining license plates for the last half of 1946. The bureau at 20 West Eighth St., will be open from 9 to 5 including the noon hour this week for the convenience of those who cannot apply at other times. About 1,000 applicants are expected before the deadline Saturday.

Dutch Securities Must Be Declared

The Netherlands embassy at Washington has announced that all Netherlands securities held in the United States by, or on behalf of, corporations and individuals not domiciled or residents in the Kingdom of the Netherlands must be declared on or before Oct. 13, 1946.

The declarations must be filed with the office of financial counselor of the Netherlands embassy, 25 Broadway, New York 4, N.Y., and any securities not declared in accordance with the decree will become void.

The decree is an essential part of the Netherlands government's program for the recovery of property directly or indirectly looted by the enemy or for the restoration of property to its rightful owners. The decree also serves to trace enemy owned property, title to which has become vested in the State of the Netherlands.

Declaration forms may be obtained from the office of financial counselor in New York or at any consular office of the Netherlands government in the United States.

Bring Your Car to Decker Chevrolet

"Motorists have been putting more miles on their Chevrolets every day and now is a good time to drive in and let us arrange for the necessary repairs," says Jack Decker, local dealer.

It will be necessary for persons to drive their automobiles for many additional months and it is a good plan to drive in and have your car checked by the capable service department at the Chevrolet garage, 221 River Ave. The radiator of the car should be flushed, the entire cooling system checked, the wiring system and battery cables terminals and the battery should also have attention. A complete greasing on a regular basis is also important for added miles.

"We are delivering the new Chevrolets just as fast as our quota will allow and we hope it will not be too long before you can be driving yours. Stop in at the Decker Chevrolet Inc., and let us help you with your service problems," Mr. Decker adds.

American Legion All-Stars Defeat Colored Athletics

Pound 4 Grand Rapids Hurlers for 16 Hits; Altene Winning Pitcher

The American Legion All Stars rapped four Grand Rapids hurlers for 16 hits here Tuesday night, giving Pitcher Bob Altene plenty of working margin in which to score a 13-7 triumph. Al Lipsey was the losing pitcher for Jess Elster's Colored Athletics.

Lipsey was going fine until the fifth with seven strike outs to his credit. Then, with the score 2-1 in his favor, Lou Humbert, Mike Van Oort, Con Boeve and Ron Fortney blasted hits, combined with three Elster errors and a walk for six runs and a 7-2 lead.

Elster's boys then were hopelessly outclassed in the sixth when Ron Fortney, Tony Wenzel and Altene hit triples and the All-Stars took a 13-2 lead.

Kearney Zoerhof and Gene Schrottenboer, with three hits each, led the All-Stars' attack. Van Oort, Boeve, Fortney and Wenzel each had two hits.

Bob Altene fanned 10. There were 14 errors, nine by the Colored Athletics and five by the All-Stars.

Contract Is Let For Tulip Bulbs

Holland city Monday awarded a contract for 6,500 tulip bulbs to Dick Zwiep, local nurseryman who returned to Holland a week ago from a business trip to the Netherlands where he also visited relatives.

Competitive bids were opened Tuesday in the clerk's office and the contract was let by Park Supt. Dick Smallenburg and Sipp Houtman who had been authorized by the board of park and cemetery trustees to let the contract. The two men, Mayor Ben Steffens, City Clerk Oscar Peterson and a few other park and cemetery trustees were present at the opening of the bids. Four bids were submitted.

Bids call for 11 to 12-centimeter bulbs, the minimum size which the Netherlands government now allows for exporting. Bulbs planted here last year were 10-centimeter. Larger bulbs will produce larger and better blooms, authorities said.

The bulbs will be planted here in the fall, possibly in October. Tulip bulbs may be planted so long as soil is workable.

Farmers Are Urged to Consider Seed Harvest

Grand Haven, Aug. 29—L. A. Arnold, Ottawa agricultural agent, urges farmers to give consideration to a possible seed harvest. Observation made on several farms indicate good seed production in several cover fields. In some instances alfalfa plants are throwing seed pods. One alfalfa field on the County Infirmary farm is loaded with seed pods.

There has been a shortage of legume and other grass seeds for years. Here may be a chance to catch up. Scarcity of seed has caused high prices. A good seed crop could add materially to the year's profits. It would help thousands of farmers who have been unable to secure enough seed for planting.

Arnold also urges the seeding of rye for late pasture and early spring pasture. The present drought would cause farmers to use more hay than normally. This may cause a shortage of hay before the next hay harvest.

Error Costly to South Bend Nine; Dutchmen Win, 6-5

Ernie Victor Gains Fifth Straight Triumph; Play Zeeland Tonight

An error got the South Bend St. Joseph team in a peck of trouble last night, the Holland Flying Dutchmen winning 6-5 on unearned runs in a game at River-view Park.

With Holland runners on second and third and two out in the second inning Shortstop Clem Sobierski booted a ground ball hit directly at him. One run scored and the Dutchmen went on to get 5 more before the inning was over. It was just enough to edge out the South Bend club because they got to Lefty Ernie Victor for five runs and seven hits in the final three innings.

It was Victor's fifth straight win.

After South Bend's costly error, the Dutchmen batted Joe Lawewicki out of the box. Don Van Lente walked, Loren Wenzel and Harry De Neff doubled, Russ Woltering singled and Lawewicki was relieved by Ery Derda. He fanned Juke Van Huis to end the rally.

Derda went on to pitch five-hit ball and held the Dutch to no more than one hit an inning.

Victor allowed four hits to the seventh. Then a single, a walk, and two more singles netted South Bend two runs. They added one in the eighth on a double by Glenn Rzeszewski and a single by Sobierski.

In the ninth a single, an error and long two-bagger by Rzeszewski accounted for two more runs for the Indiana team. The tying run did on second when Darion Reper lifted a fly to Woltering in center.

Both teams had 11 hits. H. De Neff, Woltering and Van Huis paced the Dutchmen with two apiece.

At 6 p.m. today the Dutchmen meet the Zeeland Chix at Zeeland with Lefty Clare Van Wieren slated to pitch for Holland and Al Jones for Zeeland.

Phil Rich Visits Deserted Village At McDonald Lake

Fish Hatchery and 14 Houses Comprise Alaskan Ghost Town

McDONALD Lake, Alaska—When we got in last night it was 7:20 and our "town" turned out to be a fish hatchery with 14 buildings—deserted.

Our only neighbors are a huge porcupine, a hummingbird, a couple of eagles and some mice—at least these are the visible ones. The game trails indicate bear—brown and black—and deer.

Rain and damp weather had rotted the board walks to a point where they had to be traveled with care. In many spots they were 10 feet above the marshy land below.

This must have been quite a place—the houses are well-built with boards inside overlaid with cloth and thin paper. Several had complete bath and at least one had a large walk-in refrigerator.

There are electric lines. Some of the houses have eave troughs and are in good condition. Some buildings are falling apart. But there is enough lumber here to build a dozen good cabins.

We pick out one with windows, still in it and cook supper. There is a chair in the house, benches, tables, matches, pots, pans, a big stove, some old springs made of chicken wire and on the porch are two hammock-type beds made of heavy fish netting. Dust paper, wood, tin cans, sawdust, old sacks, a filthy blanket litter the place.

We explore a little after supper but the spruce, with its sharp needles, has overgrown the walks and it turns us back before we go far. McDonald lake, at the end where the river empties into a hatchery is beautiful. Our location is like a huge bowl with a piece chipped out toward the lake and with a jagged edge of mountains. It is in the Cleveland peninsula—about 50 or more miles by water and trail and 30 by air from Ketchikan.

The next day we went fishing toward the falls which we had seen from the air. The stream which forms a "Y" with the one that runs by our house is clear as crystal and cold as ice and fast white water.

We slip and slide and work our way up it. It takes two or three hours as we fish and avoid deep water by going through the tangle of jungle of down trees, devil club (a thorny plant of huge size, standing four feet high) huckleberry bushes higher than your head, salmon berries, cranberries and a density of spruce which is impenetrable in places. Add to this down trees five to eight feet in diameter, bog, swamp, and slippery rock and you get some idea of the "going."

First hole that I came to, I took a beautiful rainbow—about 16 or 17 inches long—on a ruby-eyed spinner. Then there was a long "dry" spell. Had some strikes but no fish.

After a couple of hours of walking, we came to a series of beautiful deep pools. Reardon took a rainbow that was about 25 inches long and might run six pounds. I got a couple of Dollys and lost my rainbow when a big log upended while I was crossing a pool.
