2-Day Ceremony Considered for New Civic Center

Council Also Awards Contracts for Parking Lot and Sidewalks

Two-day dedication ceremonies for Holland's new Civic Center have tentatively been scheduled for Oct. 13 and 14, Councilman Robert Visser told City Council Wednesday night.

Councilman Visser, a member of the committee planning dedication ceremonies, said the committee had had one meeting and had appointed several sub-committees to work on details. He said another meeting is scheduled Sept. 15. Dr. J. J. Lubbers is chairman of the committee.

Council also okayed several improvements for Civic Center. On recommendation of City Manager H. C. McClintock, Council awarded the contract for parking lot improvements to the Michigan Colprovia Co., which entered low bid of \$24,602.50. Plans call for gravel base and two-inch asphaltic pavement. Completion date is listed as Nov. 1, but efforts will be made to have the parking lot completed in time for the dedication. Cost will be charged to the parking meter fund.

Contract for sidewalk improvements at Civic Center was awarded to Drost and Van Voorst for low bid of \$2,310. Specifications call for new sidewalk on Ninth St. between Maple and Pine Aves., on Eighth St. between Civic Center and Pine Ave., and on Pine Ave. to replace certain sections of broken sidewalk between Eighth and Ninth Sts. Cost will be charged to the contingent fund.

Councilman Rein Visser informed Council that the contract for a sprinkling system for landscaped areas at Civic Center had been awarded to Service Machine and Supply Co. at a cost of \$4,746.20. The work involves laying a pipeline from the park district system on 10th St. which gets its water from Lake Macatawa. Visser pointed out that cost of laying the pipeline was virtually the same as driving wells and putting in pumps. The job is scheduled for completion by Sept. 15.

Council approved a substitution in the permanent bleacher layout at Civic Center. To permit the use of the double door in the north wall of the auditorium, the firm holding the contract will substitute a portable section at no extra cost of the city. Because of the last-minute change, approval of the building will not be withheld because of possible unfinished work in this bleacher section.

City Manager McClintock presented payment No. 15 for Edging and Volkers' work on Civic Center amounting to \$15,034.08. Expended to date is \$519,514.44.

Council approved a Board of Public Works recommendation for an increase in the annual salary of the superintendent of utilities in the amount of \$750, retroactive to July 1. Council also okayed a modification in the salary of city engineer under the pay plan adopted recently.

Manager McClintock reported that the Michigan Colprovia Co. had completed its contract for the 1954 pavement resurfacing program and recommended payment for completed work amounting to \$38,105.17, payment to be charged to the motor vehicle highway fund. Council approved.

On recommendation of the city manager, Council awarded a contract to construct a sanitary sewer in East 16th St. from Fairbanks Ave. to the General Electric Co. plant to Hively Excavating of Muskegon for its low bid of \$17,688. Four bids had been entered.

City Clerk Clarence Grevenog was appointed official representative of the Holland delegation at the annual conference of the Michigan Municipal League Sept. 22-24 at Statler Hotel in Detroit. He will cast Holland's vote at the annual business meeting.

Oath of office from Mrs. Willard C. Wichers as a member of the Hospital board to succeed Mrs. Raymond Fehring who has moved to California was ordered filed.

Council approved a license for John Kortman to construct sidewalks and for Arthur Quist to operate Holland Bowling Lanes and to sell soft drinks.

Officially the Kingston crew from Ontario, Canada, was the winner with a total of 484 points after taking first place in today's race over a five mile triangular course in Lake Michigan.

The Sandusky Sailing Club of Ohio was a close second, less than a point behind, with 473 points. Tied for third were crews from Beverly Yacht Club, Marion, Mass., and Southern Yacht Club, New Orleans, La. Trailing behind them were boats sailed by crews from Monmouth, Wadawanach, Larchmont and St. Joseph.

Finishing behind Kingston this afternoon in unofficial tabulations were Monmouth, Larchmont, Southern, Beverly, Wadawanach, Sandusky, and St. Joseph.

Wednesday afternoon two races were run off, both in Lake Macatawa, because of rough water in Lake Michigan. In the first race of the afternoon, sixth in the series, the Sandusky crew sailed home first for third time.

Finishing close behind the crew from Kingston followed by crews from Beverly, Monmouth, Wadawanach, Larchmont, Southern and St. Joseph.

In the seventh race the favored crew from Sandusky fell behind taking last place. First across was Monmouth followed by Beverly, Wadawanach, Southern, Kingston, St. Joseph and Sandusky.

Larchmont did not finish after running into trouble rounding the first buoy shortly after the race started. As the crew ran up the spinnaker the boat heeled over and swamped. A speedboat towed the disabled lightning back to its dock.

Wednesday night crews from the eight clubs and their parents and guests were honored at a dinner at the Macatawa Bay Yacht Club. Commodore Clarke Field formally welcomed the group to the MBYC and introduced each of the three judges.

McClintock Resigns As City Manager

Petitions to Ban Liquor Sales Filed in County

GRAND HAVEN (Special) — With their petitions in, members of the Ottawa Christian League today launched their campaign to get voters to approve a proposal to ban the sale of alcoholic beverages in Ottawa County at the Nov. 2 election.

The league filed petitions bearing the signatures of 7,234 persons with County Clerk Anna Van Horsen late Tuesday afternoon. The League had 557 signatures to spare as 6,677 were needed to place the issue on the Nov. 2 general election.

The petitions read: "Shall the manufacture and sale of alcoholic liquor be prohibited in the county of Ottawa under the provisions of the law governing the same." The issue covers beer and wine as well as liquor.

The petitions were filed by Harvey Grover of Holland, a committeeman of the Ottawa Christian League which boasts some 700 members in the county. Some 709 signatures were from Grand Haven area residents and the remaining of more than 6,000 came largely from Holland, Zeeland, Hudsonville, Jenison and Coopersville.

If Ottawa County voters approve the proposal, Ottawa would become the first dry county in Michigan. Hillsdale County also is contemplating such a vote but petitions have not been filed as yet.

Four years ago, the Ottawa Christian League promoted legislation banning the sale of alcoholic beverages on Sunday, an issue which passed by a wide margin. If the proposal passes, it would be illegal for anyone to manufacture or sell any alcoholic liquor in Ottawa County and would force scores of taverns, distributors and cocktail lounges out of business.

The Rev. Jack Van Dyken, pastor of Forest Grove Reformed Church and president of the Ottawa Christian League, predicted victory but admitted that the organizations faces a tough fight with wet forces.

"We know a lot of people will spend a lot of money to defeat this proposal, but we're not worried because money can't buy votes on a moral issue like this," he said.

Edward Prins, superintendent of buildings and grounds, has had a full crew of custodians working in every building and, although painting has been limited by budget curtailments, beautification has been achieved in some measure in all buildings.

Summer offers time, also, for repair of seats, desks, lockers, mechanical equipment, boilers, windows, shades and other fixtures.

Surprise Move Comes at Regular Council Meeting

Accepts Similar Post At Webster Grove, Mo.; Came Here in 1951

In a surprise move, City Manager H.C. McClintock submitted his resignation effective Sept. 30 at the regular meeting of City Council Wednesday night.

At the conclusion of his regular reports to Council, McClintock told Councilmen that he had accepted a new position as city manager for Webster Grove, Mo., a suburb of St. Louis. The McClintocks had returned to Holland Monday from a vacation trip to Denver and parts west.

After some hesitation, Councilmen voted to accept the resignation on motion of Raymond Holwerda, seconded by Rein Visser. McClintock explained later that Webster Grove has a population of 26,000 persons and is one of 90 municipalities in St. Louis County in Missouri. He said these suburban cities lie side by side virtually surrounding the big city of St. Louis.

Webster Grove has just adopted a new city charter calling for a council-manager form of government on much the same lines as the charter Holland adopted four years ago. The Webster Grove charter measure passed by an overwhelming majority of 5 to 1. He will be Webster Grove's first city manager as he was the first city manager of Holland.

McClintock came to Holland in May, 1951, almost a year after voters approved the charter calling for a city manager. He came here from Hutchinson, Kans., where he had been city manager since 1947.

He was graduated from Colorado State College in 1923 with a bachelor of science degree in civil and irrigation engineering. From 1923 to 1926, he was employed with the Wyoming State Highway Department as an instrument man and assistant engineer on highway construction. In 1926, he moved to Boulder, Colo., as building inspector and assistant city engineer.

In 1930 he was advanced to the post of director of the department of Public Service and ex-officio city engineer. His duties included management and supervision of water, street, sewer, park and engineering divisions of the city. Two years later in 1932, he assumed duties as city manager and director of public service at Boulder and served until 1947 when he went to Hutchinson, Kans.

On motion of Holwerda, Mayor Harry Harrington was instructed to appoint a committee of three to look for a new city manager for Holland.

Wednesday's meeting lasted only 50 minutes, adjourning at 8:20 p.m. Mayor Harrington presided and Councilman John Van Erden gave the invocation. Councilmen Laverne Rudolph and Anthony Nienhuis were absent.

Driver Slightly Injured But Car Is Demolished

GRAND HAVEN (Special) — Terrance McFadden, 25, Grand Rapids, escaped with minor injuries when his 1951 car clipped the right rear of another in the process of making a left turn at the top of a hill, sideswiped a tree, rolled down a steep embankment and rolled over. The car was demolished.

The crash occurred on M-50 in Allendale township at 10:15 a.m. Tuesday. The other vehicle was a 1948 truck driven by Fern Berens, 47, route 1, Jenison. Both vehicles were headed west and Berens was making a left turn on the top of a hill when McFadden came from behind and was unable to stop. Berens was going about 10 miles an hour at the time.

McFadden was treated by an Allendale physician for lacerations on his head and bruises on the right shoulder. Sheriff's officers investigated. No ticket was issued.

Damage Estimated at \$500 in Zeeland Crash

Howard Leeuw, 20, of 376 North Franklin St., Zeeland, was ticketed for speeding following a crash on State St. north of Zeeland when he lost partial control of his car at 8 p.m. Wednesday.

Leeuw, traveling south in a 1953 model auto, attempted to pass another car that started a left hand turn. Leeuw applied his brakes in an attempt to miss the other car, and went into a 400 foot skid.

The car overturned, and then landed back on its wheels. Damage was estimated at \$500. Sheriff's department deputies investigated the crash.

Final Standings Given; Bareman Edges Into 4th

Bareman's Service gave indication of being real late-comers in City Softball league play Friday when they scooted to second crucial victory in as many days.

Thursday the outfit pulled into a tie with Barber Fords by beating North Holland 5-0. Friday Fords were ousted from the fourth place tie as Bareman's pounded out a narrow 2-1 win.

And they came late to do it. Fords had led practically the entire game after Vern Fuder doubled in the second and scored on an infield out. That ended scoring for what looked like the entire game.

But in the sixth Louie Altena singled for Bareman's followed with Lou Borgman's walk. Both men advanced on a passed ball and were in position to score on Chet Warner's single to center.

Fords struck back feebly with a single in the sixth by Gord Barnes but the rally fell short without a score.

Joe Berens gave up six hits to win while Norm Boeve was tagged for only three hits, but also tagged with the loss.

Final league standings for regular play include:

	W	L
Hulst Bros.	25	2
Main Auto	17	9
Vets	16	11
Bareman's	16	12
Fords	15	13

Moose	10	16
Gra-Bell	2	24

Dutchmen Notch 3-0 Jervis Win

Holland's Flying Dutchmen warmed up for an encounter with their arch rivals over in Zeeland Monday with a 3-0 win over Jervis Corporation Friday night in Grand Rapids.

Jim Boeve was in top form as he struck out seven batters while allowing only two hits.

Big blow in the shortened seven-inning contest came in the fourth when Bob Van Dyke, Boston Red Sox contract holder, unloaded bases with a tremendous double. Three runs crossed the plate, but Van Dyke was left stranded.

Jack Kempker is slated for mound duty in Monday night's game at Zeeland. Kempker is the only Holland pitcher to have a win over the Chix—that 12-8 encounter at the beginning of the season.

Final game on the schedule will be a morning contest Labor Day as the Dutchmen host the Grand Rapids Black Sox. That game will be at 10 a.m. and will be followed by an afternoon battle.

The Mother's March isn't the only thing going on to fight polio in Holland.

No sir, just leave it to the kids. They have their own ideas on how to help a worthy cause. And it isn't just the matter of collecting a few cents either. This group of energetic boys in one week of concentrated work have raised over \$65 for polio. That's what carnivals can do.

It all started when David Prince, 12-year-old son of Mr. and Mrs. Wilbur Prince, 40 East 20th St., got together with some of his pals to do something for polio. Polio is an important thing to David because his 2½-year-old sister, A-Jo-que-line, was stricken last Oct. 4. She is still a patient at Mary Free Bed Guild in Grand Rapids.

Others joining in the venture were Billy Meyer, Bob Heeringa, Hubby Harrington and Ron Rickets, and the carnival they staged AUG. 23 in the back yard of the Prince home was so successful they held it again Friday. Actually, they raised about \$30 on circus events, and even more on side-lanes such as selling candy, popcorn and softdrinks, most of which were provided free by 7-Up. They even got a tie-in with a local factory, and some soft drink receipts from that source will be cleared up by Monday. Total profits are expected to exceed \$65.

The boys showed quite some ingenuity in some stunts. In one case they had a tub of water on which floated a small wooden salad dish. Patrons flipping coins into the bubbling dish got a double return but all coins that went into the drink went to polio. There were drink games, clown acts, and lots of other entertainment.

Elsewhere in the city, youngsters in the block on 21st St. between Van Raalte and Harrison also staged a circus and collected scrap paper. They collected \$3.25 which they gave to Mrs. Charles Rich, block chairman for tonight's Mothers March.

Library Adventures

By Arnold Mulder

A famous American novelist, Philip Wylie, has injected himself into the case of the nuclear scientist Oppenheimer. Addressing an audience of scientists in the West, Author Wylie made the charge that Oppenheimer had been condemned by the American people because of the sins of his friends.

Even a novelist has the right to an opinion on a public question of this sort. But so has the general public made up of the rest of us non-famous citizens. Speaking as only one member of that public, I think Novelist Wylie is talking through his hat.

This is not the place to buttress such a statement with detailed evidence; the record of the Oppenheimer case is far too voluminous for that, and besides, it has long since been given adequate publication.

All I wish to observe here is that even the most famous novelist may make himself look ridiculous when he ventures to enter a field that is unfamiliar to him. A novelist, especially a famous one, deserves the most respectful attention when he talks about things he knows about—such things as the techniques of his art or the motivations of human conduct. But even the most famous of them have now and again made fools of themselves by pronouncements on subjects that were out of their proper orbit.

The same thing is true of some other types of citizens. Professors are much given to sounding off on questions of practical politics. Usually they are rank amateurs in such things; that's the very reason why they are often far more positive than those who have learned through actual contact what is going on in the world of politics.

Ministers often suffer from the same weakness. Worthy of all

respect in their own field, they sometimes cause smiles on the faces of those who know the things that the good pastors have not even begun to suspect.

Publicists of all kinds are subject to the same disease. This is so in the very nature of things. Authors, professors, ministers, publicists deal largely in theory; often they are shut off from the raw substance of life by office walls or the walls of an academic study. Sometimes their eyes are opened if they are forced into contact with realities.

There is a revealing confession in the diaries of the late Arthur H. Vandenberg, included in the volume published after his death, "The Private Papers of Senator Vandenberg." I am forced to quote from memory because I do not have the book at hand.

Before he became senator, Vandenberg was a newspaper editor. He wrote something of a national reputation with his daily editorials. Years later, when he was involved in the complex negotiations that led to the formation of the United Nations, he admitted sadly, in his diary, that he had often settled far more complex questions in single editorials in his paper.

But at that time, he further admitted, he had not had the faintest conception of the conflicting pressures on any public man charged with shaping his nation's laws or policies. He admits that he was only a babe in the woods, and he ironically portrays his state of mind with amusement and self satire.

He could settle all the questions confronting him as a U.S. senator by writing an editorial. But, as a senator, he knows that they would not be settled. There is a wide chasm between theory and practice, but people like Novelist Wylie seldom have the opportunity to find this out.

MILES DON'T MAKE DISTANCE

The upheaval in Brazil has un-
derlined the truth once more that
it is not miles that make distance.
We here in the United States are
much farther away from Brazil,
and from South America in gen-
eral, than we are from western
Europe.

Most of us know far less about
the people and events of South Am-
erica than we know about the
countries in Europe. The mile-
age to South America is shorter,
the mental distance between us is
far greater.

One reason is language. Spanish
and Portuguese, the dominant lan-
guages of South America, seem
alien to North Americans. Spanish
has become an important language
study in our colleges, but only
within the past half century;
and English is far less studied in
South America than it is in non-
British countries in western Euro-
pe. Language is always one of the
most important links between coun-
tries.

More important even than lan-
guage is the fact that for more
than four centuries the flow of
immigration has been east and
west, not north and south. As a re-
sult the blood that flows in Ameri-
can veins is European in origin—
about half British and half contin-
ental European. South American
blood in American veins is negli-
gible, and American blood in South
American veins is nearly non-exist-
ent.

The result has been a lack of
understanding and a failure in
sympathy between the peoples of
the two continents in the Western
Hemisphere. This is not our fault,
nor is it the fault of the peoples
of South America. It is simply in
the nature of things. Various Wash-
ington administrations beginning
with Hoover and continuing with
Roosevelt, have promoted Good
Neighbor policies. Those efforts
have never gotten very far; they
were mere surface manifestations,
lacking roots.

We know little about the culture
of that section, and the people
of that section know little about
ours. What is worse, each is in-
clined to despise the other. Recent-
ly an American writer of national
repute made the remark in a na-
tional publication that South Ameri-
can literature was unimportant.
He thereby merely displayed his
own ignorance, and South Ameri-
cans are likely to charge that our
literature is trivial.

It is a case of one deep of igno-
rance calling to another deep of
ignorance. The new travel slogan
could be "Travel the North and
South American Way." "But first
try and learn the language." "This
works for both Americas."

Growth Through Useful Work
Colossians 3:23; 1 Thessalonians
4:10, 2 Thessalonians 3:6-13
By Henry Geerlings

The study of today's theme is
important and timely, because
conditions about us are abnormal
today. The world has gone through
a great change within the past
half century and it has lost its
balance and poise. Things are in
an abnormal condition, economi-
cally, politically, religiously and
socially. Work is being discredit-
ed and men have almost reached
the point where they think and
feel it is dishonorable to engage in
honest toil. Christians are apt to
imagine the same feelings and senti-
ments with the worldly, unless they
turn to the Scriptures and follow
what is written in them concern-
ing this vexing and perplexing
problem.

It is clearly an error to think
that to work is not honorable.
Christ came into the world not to
be ministered unto but to minis-
ter, and He labored with His hands
during the early part of His life,
and went about doing good all
through His ministerial career
thus setting an example for all
His followers.

The apostle Paul labored in or-
der to set a good example and do
the greatest possible amount of
good. The Scriptures exhort and
command labor in various places
and they also elevate it upon a
spiritual plane so that he who is
occupied in honorable work and
performs it in the right spirit is
therein serving the Lord.

Through labor we provide for
our needs. If we are to live, we
must have the necessities for liv-
ing. For most people, the only way
of providing these necessities is
their labor. Take from a man the
ability to work and he is reduced
to the level of a beggar. It is a
privilege to be able to provide for
those we love, to know that we
have provided them with a cer-
tain measure of security.

Labor is a means of creating, and
the joy of creation is one of the
greatest joys of life. Useful work
affords a man the opportunity to
express himself. The consciousness
of a job well done, of making a
worthwhile contribution in the
world in which we live, adds zest
and interest to our lives and re-
newed incentive to our labor.
Work is not merely a means to
make a living. It is that, of course,
but it also adds meaning to the
life which we live.

Labor is God's law for happiness.
He intended for labor to be a
blessing to men. It affords an op-
portunity for him to act. It gives him
help in times of sorrow. Those who
have experienced great sorrow are
frequently advised to find some
work to do something to occupy
the mind and energy, so that there
will be little time left to think of
self and sorrow.

This subject is pertinent at this
time because there is much con-
fusion in the realm of labor. Labor
on the one hand and the employ-
ers of large groups of workers are
in a constant state of friction. The
rights of the case are not all on
one side. But human nature being
what it is will continue to pro-
duce unrest. This problem, like
many other human problems will
persist until the Kingdom age.
Yet the believer in Christ can find
a solution for his labor problem,
in the teaching of the Bible.

That men grow mentally and
spiritually by engaging in some
form of honest toil is seen in the
beneficial effects that labor has
on them. And the converse is true,
morality and crime. These facts
are so well known that we hard-
ly need to mention them. It is true
generally the world over that the
people that had to work diligently
to provide for themselves have had
the highest standards of intelli-
gence, morality, government and
education. Honest labor that en-
ables an individual to provide
for his family and meets all his
civil obligations gives him a
justifiable feeling of well being.

For the Christian there is no
distinction between secular and
spiritual work for everything that
he does is to be done unto the
Lord. The Christian should not
engage in any work upon which
he is unable to ask the blessing
of God. His profession is not a one
day affair. It must embrace every
day of the week and every activity
of every day. We cannot leave our
Christianity at home when we go
to work.

NOT QUITE COMPLETED AND ALREADY SIGNED UP FOR A
FULL HOUSE. That's the plight of the new Beechwood School
No. 2 on Lakewood Blvd. where final landscaping touches are
being applied. Voters in the school district passed a \$225,000
bond issue at an election in July of 1953. The 225 by 82 foot
building includes eight classrooms, an office, gym and kitchen.
Capacity attendance, already enrolled, is 245 students. Designed
by Kingscott Architects and Associates of Kalamazoo, the struc-

ture is of modern brick veneer. Principal at the school will be
Mrs. Ceno Roe. The school is for third grade pupils and under.
According to Beechwood Superintendent Lloyd Van Raalte, the
school district owns 21 acres of land south from the Lakewood
Bld. to Third Ave. A gravelled playground will cover an area 500
by 230 feet. Distinctive feature of the school is that each class-
room door is a different color—as an aid to the children in
identifying the various rooms. Open house will be held Sept. 24.

Bosch Shackles
Vet Hitters in
Easy 6-1 Decision

When VFW is hitting they put
up a real battle against the best
in the league.

Tuesday they weren't hitting
and Hulst Bros. knocked out a
6-1 win to chalk up the first win
in a three for five tournament that
will decide who wears the cham-
pion's crown in City Softball Leag-
ue.

It was Al Bosch on the mound
for the winners, keeping his
pitches high and getting tagged
only two hits, doubles by Jerry
Kok and Bill Franks that ac-
counted for the Vets only run in
the fifth inning.

But that lone tally was far
from enough to whip Hulst Bros.
as the regular season champs tal-
lied once in the first frame, twice
in the fourth and three times in
the sixth inning.

Ron Wetherbee was key man in
the first inning scoring attack.
Wetherbee scored on a wild pitch
after doubling and going to third
on an infield out.

Two runs crossed home plate in
the fourth after Glenn Nykamp
walked. Left Fielder Dale Hulst
stepped to the plate and blasted
a home run to center field.

But it was, walks that paved
the way for Hulst Bros. scoring
splurge in the sixth frame. Lav-
ern Zoerhof, Ron Wetherbee,
Dale Hulst and Al Bosch drew
walks in a row.

The walks, added to an infield
error, accounted for three runs,
more than enough insurance for
the Hulst lads.

Al Velthuis again was hot at
the plate for the winners, not-
ching two singles in four trips to
the plate. Glen Nykamp had a
single, Wetherbee a double and
Hulst his homer to round out the
hitting parade.

Bosch was credited with the
win, while Al Kraai gave up five
hits in losing.

Memorial Guy
Turning Tables

Court room horse "Memorial
Guy" who was condemned as "no
count" last spring in Ottawa Cir-
cuit Court litigation, was repur-
chased by Roger Brouwer April 30,
carefully trained into racing form,
and by the looks of things it is
paying off.

And the defendant in the case is
mightily glad that he bought back
the colt. It might be said Brouwer
has a "Diamond in the Rough."
Memorial Guy is building up
quite a reputation as one of the
outstanding county fair green trot-
ters.

Three weeks ago he was shipped
to Cassopolis on Thursday morn-
ing. That afternoon out of seven
starters in the first heat, he won.
And in the second heat he beat
nine other starters across the fin-
ish line.

Two weeks ago he was shipped
to Standish, Mich., where he dupli-
cated his initial start and just last
week Friday the colt was shipped
to Big Rapids. With a field of nine
horses starting he was the winner
of both heats and the trophy win-
ner.

He was won all six starts so far
this season. His best race so far
is a mile in two minutes and 14
seconds, which is mighty respect-
able for green trotters.

Leaders Express Thanks to Many Who Made Calls

Resorters Chip in; Novel Stunts Also Help Swell Total

Holland area came through with a resounding \$5,850 in Saturday night's Mothers March on Polio.

The Mothers March, the primary promotion of the emergency polio drive here, netted far more than the assigned quota of \$3,295.50 for Holland city and Holland and Park Townships.

Polio leaders were jubilant over results, and Mrs. Loretta De Weerd, Mothers March chairman, today publicly thanked the more than 350 persons who canvassed homes in the area Saturday night.

The resort area came through in great shape even though many vacationers were not aware of the emergency drive. Township fire truck sirens which signaled the start of the drive caused consternation in some sections, with many people running out to see the fire. Most of them returned to contribute to polio.

With many women away on vacation, several men volunteered their services in Saturday's Mothers March. From Kiwanis Club were Jack Grasmeyer, Rene Willis, Tom Hebert, John Keunig, Kenneth Etterbeek and Irvin De Weerd. From the Junior Chamber of Commerce were Don Ladewig, Ed Boer and Avery Baker.

Saturday's emergency Mothers March was only about \$750 under the big March last Jan. 30 when approximately \$6,500 was collected.

Last January, polio collections at Macatawa totaled \$8.25. On Saturday they totaled \$143.25. A total of \$18.96 was collected on trailer row at Holland State Park. Lakewood Blvd. volunteers collected \$294.23. The dance at Elks Hall, sponsored by the Elks and Newcomers Club, yielded approximately \$300 for polio.

Mrs. Gerald Hilbink, a marcher in the South Shore area, was especially touched by response in the Albert Dri home on Ruth Ave. near Lakeview School. Five youngsters lined in a row fairly burst with pride as they deposited \$7.25 in the canister. It was money they had earned themselves. James, Tommy and Marcia Lynn Dri, along with Janice Sue Wolters and Patty Kuiper had sold potholders, gave a puppet show and program and sold sundry refreshments to raise their own polio fund. They started the promotion when Mrs. Dri was recruited as polio lieutenant in that area.

At the family picnic of the Henry VFW post Saturday, the Dad's post 132 took up a collection for tips to ladies serving food. A confab between the women and Dad's later resulted in giving the \$5.25 to polio.

A "stone museum" on wheels was the novel venture of three Virginia Park youngsters to aid the polio fund. Ruth Lynn Hornstra and Mary Ellen and Joe Kearney took a coaster wagon filled with stones, many of them from historical regions. The total sum of \$1.05 was deposited in the canister of Mrs. Clifford Onthank when she called during the Mothers March.

The drive officially closes here Wednesday.

Christian Science Belief Explained

Mrs. Ella H. Hay of Indianapolis, Ind., told a large audience at the Holland Theater Sunday that the healing of physical disease is an essential element of Christianity.

Mrs. Hay spoke under auspices of First Church of Christ, Scientist, of Holland, and was introduced by Howard Reising, first reader of the local church.

Today, as in the days of the early Christians, healing by prayer is being demonstrated as a vital part of Christianity, Mrs. Hay said. She said Christian Scientists throughout the world are proving increasingly the effectiveness of prayer based on scientific knowledge of God's laws.

She currently is on a nationwide tour as a member of The Christian Science Board of Lectureship. Her subject was "Christian Science: Its Awakening and Healing Mission."

Mrs. Hay emphasized that true Christianity is a way of life, and that the benefits one receives from it depend on the qualities of thought that one brings to daily situations. She told of a woman healed of pneumonia through prayer.

With regard to spiritual healing of disease, she declared that "recognition of our true selfhood as children of God is essential." She explained: "In order to know man as he really is and recognize our true selfhood, we must understand," adding that "Christ Jesus awakened the sick and sinning through his marvelous knowledge of the naturalness of goodness and perfection."

Explaining this point further she said that, to the Christian Scientist, "sickness is not a reality but a belief; hence the healing occurs in human consciousness, not in matter. To be sure, physical healing appears as changed bodily conditions, but the actual process is the operation of divine law in human consciousness, before which sin and disease lose their reality and disappear. The process is as simple and natural as the replacement of darkness with light."

Glare From Sun Blamed For Two-Car Crash

Robert Lee Goding, 19, of 332 120th Ave. blamed sun-blindness as the cause of a two-car crash on 17th St. 150 feet west of River Ave. at 5:14 p.m. Sunday. Goding was driver of a car that turned in front of another auto driven by Joe Dozeman, 50, of 311 West 20th St. Goding was traveling west, and Dozeman east on 17th St.

Mrs. Joe Dozeman, 45, and Mrs. Keizer, 46, a passenger in the Dozeman auto, were treated for minor injuries and then released from Holland Hospital.

Damage to the 1941 model Goding auto was estimated at \$50 and at \$200 to the Dozeman car. Goding was issued a ticket for failure to yield right of way.

Driver Ticketed After Crash on 17th Street

Paul De Roos, 18, of 438 Harrison Ave., was ticketed for failure to have his car under control following an accident at 6:45 p.m. Sunday on 17th St. near Pine Ave. De Roos was driving a 1949 model car that crashed into the rear of one driven by Mrs. Annette Gerten, 42, of 629 East 14th St., as she attempted to park.

Both cars were headed west on 17th St. Damage to the De Roos car was estimated at \$300 and at \$100 to the 1950 model Gerten auto.

Researcher Talks At Rotary Meet

An illustrated talk in research work being done with human hair, chicken feathers and wool entertained Rotary Club members at their noon luncheon Thursday at the Castle.

Speaker was Dr. George L. Clark, head of Scientific Research at University of Illinois. Using drawings to illustrate his information, Dr. Clark emphasized that these items are more complex in chemical makeup than can be imagined. He showed how human hair has been broken down into many of its component parts and how the addition of certain chemicals, such as sulphur to the diet of sheep, definitely changes the quality of the wool.

Dr. Clark showed how other great advances are being made, but pointed out that no matter how hard man has tried in the laboratory, he cannot begin to duplicate any of the wonders of nature.

Senator Clyde H. Geerlings introduced the speaker and President Robert Koww presided. Eight visiting Rotarians were introduced by Leon Moody, former Holland Rotarian. Five other guests were present.

Former Ottawa Man Dies in Benton Harbor

GRAND HAVEN (Special) — Christian Boomgaard, 82, former Grand Haven resident, died at 6:30 p.m. Sunday in the home of his daughter, Mrs. Harry Kok, in Benton Harbor, with whom he had lived for the last 18 years. He was born in the Netherlands and came to Grand Haven with his parents, living here 50 years. His wife died last June 4. He was a tool and die maker by trade and retired many years ago.

Besides the daughter, he is survived by a son, William E. of Glen Ellyn, Ill.; two grandchildren and two great grandchildren. He was a member of Second Christian Reformed Church of Grand Haven.

Volleys

Sentinel Publisher W. A. Butler received a jar of seasoned salt in the mail the other day. That wasn't anything particularly new. Such things often come in the mail for advertising purposes.

But the format on the label was just a bit different.

Closer observation revealed that it announced the birth of a new little princess, one Lori Elisabeth Hop, born July 28 to Mr. and Mrs. W. G. (Bill) Hop of Los Angeles, Calif.

Bill, former Holland resident, is associated with the Lawry company which includes seasoned salt in its line of fine condiments and sauces. The company also is associated with Vande Kamp's bakery which provided a big decorated cake during Tulip Time.

Lawndale Court residents are crossing their fingers these days. The main plague of the neighborhood, the starlings, unexpectedly left last Sunday way ahead of schedule. Usually the birds arrive early in July and leave in October when other birds migrate. But most of the flocks took off Sunday and did not return. And the plagued residents hope they'll never come back.

The birds with revolting habits picked out the block on Lawndale Court between Cherry and 24th about 10 years ago for their summer habitat. Since then the flocks have spread into some other nearby sections, but still maintain main headquarters at Lawndale Court.

Through the years, residents and Holland police have tried every gimmick suggested to get rid of the nasty things. Police have fired guns into the trees, shot rockets, sprayed DDT and even tried gas, all to no avail.

Dr. and Mrs. James K. Ward recently read about a new remedy involving reproduction of a starling distress call which when amplified scare the birds away but good. They got permission of city police to experiment with such a plan and captured three dusty black specimens. The article said birds would utter a distress call if put head downward.

Unsin an old parrot cage, the Wards rushed the birds down to WHTC to make a recording. They hurried because they didn't know if the birds would thrive in captivity.

But the starlings were as unpredictable in captivity as in flitting through the Lawndale Court trees. Actually the birds were most happy in their prison and narry a screech came from them. Even when they were held upside down, they seemed to be as happy as ever.

After two days, the Wards gave up and released the happy but uncooperative birds.

But a short time later, the flocks swooped out of the trees not to return and the Wards don't believe their experiment had anything to do with it.

Maybe you'd better cross your fingers too that the flighty flocks don't adopt your neighborhood.

Add to list of heroes: Ren Muller who helped rescue three young Grand Rapids people whose sailboat overturned in Lake Macatawa Tuesday night. A fourth had swum ashore with a life preserver to get aid at the Muller home.

The lost is found and vice versa! Mrs. Irene A. Doust, route 4, Ottawa Beach, found a pair of valuable contact lenses early in July and advertised in The Sentinel's lost and found column in an effort to locate the owner. Because she did not receive an answer, she presumed they belonged to some out-of-towner. She related her plight to The Sentinel newsroom and we printed an item about her find in this column July 31.

A camper at Holland State Park from Royal Oak noticed the item and remembered that a man from nearby Highland Park camping next to her had mentioned losing such an item. So she took the clipping home, contacted the man and he in turn wrote to Mrs. Doust and identified the lenses. She mailed them pronto.

P.S. The man stayed at Holland State Park just four days — he couldn't see without his glasses.

There's never a dull moment in the Harold Van Tongeren summer home at Macatawa Park.

Early last week through some maneuver unexplained by science, six-year-old Jeffie Van Tongeren put his head through a wrought iron dining room chair and couldn't get it out. After several attempts, the baby sitter Nancy Bos, called the father, but he was alone in the store and couldn't get any help. So he called Hardy Holman in Holland and Hardy sped out to the park to volunteer his services.

Meanwhile, Jeffie was quite philosophical and even asked for cookies and other refreshments after Nancy managed to pop the troublesome "collar" so that Jeffie could watch TV while he waited.

It was a big job to free the boy, and Jeffie gave way to some tears when Hardy joked that maybe his ears would have to come out. It wasn't enough to saw one bar in the chair... two had to be saved and it took an hour and a half. Near the conclusion, Mrs. Van Tongeren returned home from a trip to Grand Rapids.

Perhaps father had the roughest time of all. A busy party line kept him from getting a telephone call through to his home to see if all had gone well. Everybody agreed all's well that ends well.

And the Van Tongeren family minus one chair in their dinette these days.

GRAND HAVEN (Special) — State police are investigating a reported assault which allegedly occurred about 6:15 p.m. Saturday upon Mrs. Margaret Henry in her home on route 5, Grand Rapids, in Fallmeade Township. Mrs. Henry said her husband let her out of the car at their home at 6:15 p.m. and then went down the road to purchase some sweet corn. She said when she entered her home she was knocked unconscious by an assailant, but regained consciousness by the time her husband returned at 7 p.m. The house reportedly was ransacked.

National Youth Assembly To Open Here Thursday

More than 200 young people, delegates and faculty members from all over the United States, will convene Thursday at Hope College for the First National Youth Assembly of the Reformed Church in America.

An outstanding array of nationally-known speakers has been lined up for all the evening meetings and the Sunday afternoon meeting. The general public is invited to each of these.

Only registered delegates, who will be staying on the college campus, will attend daily classroom sessions.

Marion Van Horne and Howard G. Teusink, directors of youth work, have made arrangements for the assembly and the Rev. Harold Leetsma will be director of the assembly.

The event officially gets underway at 8 p.m. Thursday in Hope Memorial Chapel when Dr. Charles Templeton, evangelist of the Presbyterian Church, will give the keynote address. His subject will be "Christ for All of Life."

Dr. Templeton, native of Toronto, Canada, was widely known in the sports world and for many years was a sports cartoonist for the Toronto Globe. He has continued to use his art skill in his evangelist efforts. Dr. Templeton was one of the founders of Youth for Christ.

On Friday evening in the chapel, there will be a panel discussion on "Youth Wants to Know," in which a panel of leaders will answer questions young people are asking.

Dr. Daniel T. Niles of Ceylon, head of the World Council of Churches Commission on Evangelism, and an outstanding Christian of the Orient, will address the assembly Saturday at 8.

Dr. Paul Harrison, famous missionary doctor who has been in Holland on many occasions, will be speaker for the public meeting Sunday at 3 p.m. Dr. Harrison worked in one of the toughest mission fields, Arabia, starting in 1910. He retired from foreign mission service in 1948 and worked for two years in Kentucky. Then he returned to Arabia when the emergency arose there.

Sunday night at 8, Rev. Donald Benedict, organizer of the East Harlem Protestant Parish in New York City, West Side Protestant Parish of Chicago and the Protestant Parish of Cleveland, will speak.

The final public meeting Monday at 8 p.m. will feature a presentation of the drama, "They Made a Path," by young people of the assembly.

Miss Van Horne and Teusink have extended a special invitation to all pastors and adult leaders of youth work to attend a meeting on "Methods and Techniques in Youth Work," Friday from 2 to 4 p.m. in the chapel basement.

Greenway-Beebe Rites Read

Mr. and Mrs. Roger Selles Greenway

(Bulford photo)

Miss Edna Carol Beebe and Roger Selles Greenway exchanged wedding vows in Niekirk Christian Reformed Church Friday afternoon, Aug. 20. The bride is the daughter of the Rev. and Mrs. John Beebe of Holland and the groom is the son of Dr. Leonard Greenway of Grand Rapids and the late Mrs. Greenway.

Bouquets of gladioli, palms, ferns and candelabra decorated the altar. Bows of satin and salal leaves marked the pews. Dr. Greenway and Rev. Beebe performed the double ring ceremony. Theodore Medema of Brandon, Wis., sang "At Dawning" and "The Lord Bless You and Keep You." The groom sang "I Love You Truly" as the bride approached the altar. Organist was John Hoogstra.

Rev. Beebe gave his daughter in marriage. She selected a traditional gown of satin and imported chintilly lace. The closely fitted bodice of lace over satin featured a nylon tulle yoke and a small round lace collar and the lace sleeves tapered to points at the wrists. Panels of lace and satin were alternated in the skirt which extended into a circular train. Her fingertip veil was held in place by a matching lace Dutch-type cap. She carried a colonial arrangement of buds and blossoms of white gladioli.

Miss Joyce Fennema of Chicago, as maid of honor, was the bride's only attendant. She was attired in a light yellow shantung gown featuring a scoop neck. The gown was topped with a bolero of matching lace with shantung cuffs. Her bouquet was an arrangement of orchid gladioli.

Calvin Bolt of Oaklawn, Ill., served as best man. Ushers were Timothy Monsma, Arthur Besteman and William D. Luikaart. Presiding as master and mistress of ceremonies were Dr. and Mrs. Stephen Hollander of Grand Rapids.

For her daughter's wedding, Mrs. Beebe chose a navy sheer dress, white accessories and a corsage of speciosa and lilies.

Serving at the punch bowl were Miss Jacqueline Swierenga and Arlo Dahn of Grand Rapids.

After the rites, dinner was served in the Tulip Room of the Warm Friend Tavern. Rev. Beebe and the Rev. Jacob Bolt of Redlands, Calif., led devotions.

Mrs. Greenway was graduated from Holland Christian High School and attended Calvin College. She will be teaching at Seymour Christian School, Grand Rapids, this fall. The groom, a graduate of Grand Rapids Christian High, is attending Calvin College.

After Sept. 7, the newlyweds will be at home at 715 Worden St., Grand Rapids.

How much horsepower in your ad program?

If you want your products to move faster, take a cue from the automobile people. They stepped up their newspaper advertising by 47.1% last year.

BIG NATIONAL ADVERTISERS of all types of products increased their newspaper advertising heavily in 1953.

But in the giant automotive field—where manufacturers had to sell as never before—they turned to newspapers with even more dramatic force.

Certainly these big advertisers use other media to help move their mountainous production—but they rely on newspapers as the basic medium in their sales effort.

They know that almost all the people in every town read a newspaper just about every day. It's one thing people won't do without!

They know that people read the newspaper for the ads as well as for the news—and that sales action follows newspaper reading!

IF YOU SELL PRODUCTS IN THIS AREA—don't settle for advertising that covers part of your market part of the time. For fast movement of your products, you need a steady, high-power ad program that hits on all cylinders!

If you're not getting newspaper advertising on all your products, don't delay. Tell your wholesalers and manufacturers' men you want full support in your local newspaper.

Final City Loop Tournament Pits Hulst Bros., Vets

Two teams that can really hit, Hulst Bros. and VFW opened a three-for-five softball series Tuesday that will decide who gets to wear the coveted crown in City Softball League.

Both squads won eliminations that pitted the best regular season squad—Hulst Bros., with the No. 4 team—Bareman's Service—while the No. 2 squad—Main Auto—met the third place VFW outfit.

Hulst Bros. took the second game of the series Monday night with a 7-2 win over Bareman's—despite Bareman's eight hit attack. Bareman's who had been a slow comer had pulled up into a tie in the last regular game of the season, only to edge Barber Fords from the fourth spot in a playoff.

But Hulst gets the "scores—and how they get 'em."

The Hulst outfit jumped to a two run lead in the first inning when Al Velthuis singled after Ed Klinge had walked. An outfield error allowed Klinge to score and put Velthuis on third. Velthuis then scored on Bud Hulst's single.

Three more runs were chalked up for Hulst in the second inning on two walks and singles by Larry Knoper and Al Velthuis. A walk and wild pitches accounted for another tally in the third.

Bareman's, fighting all the way, struck back with two runs in the fourth on a double by Ted Schreier and doubles by Bob Borman and Bob Altena.

But the rally fell way short and Hulst added insult to injury with another run in the seventh on Bob York's triple and a wild pitch.

Bob Berens took the loss with a six hitter, while Larry Knoper was touched for eight safeties in winning.

Real surprise of the runoffs was VFW's 3-1 win over Main Auto—second win in the three game series aid enough to put VFW into the playoffs with Hulst Bros.

Main Auto had been a solid favorite, playing good ball all season and ending up in the second spot in regular season play.

But the Vets, who have been termed the "spoilers" over and over again, can really play ball—and hit; as they did in the Monday night contest.

VFW pounded out seven hits, including Al Glupker's home run with none on in the fourth inning. Other Vets runs came in the first on singles by Bill Franks and John Wolters and the seventh on singles to Jerry Kok and Walt Wodarzyk.

Main Auto's only tally was a third inning triple by Guite Van Langevelde followed by a wild pitch that sent Van Langevelde across home plate.

Al Kraal was in fine shape allowing two hits in winning. Jason Ebels was tagged for seven in losing.

Zeeland Hurler Whiffs 16 for Another Victory

If the Zeeland Chix would leave John De Mey home fans would see bang-up contests between the Zeeland outfit and the Holland Flying Dutchmen.

But as long as De Mey is here, the Dutchmen are just fanning the breeze—literally.

For the fourth consecutive time, De Mey fanned 15 or more Dutch batters Monday night as the Chix walloped the Dutchmen 10-2 in an exhibition tilt at Riverview Park.

Things started out auspiciously when Zeeland jumped to an early one run lead in the first on Marv Goorhouse's single and then De Mey proceeded to topple the Dutchmen 1-2-3.

Holland had a temporary respite in the second when a walk, Bob Van Dyke's single and Bill Sam's double put the locals into a 2-1 lead—temporarily.

Temporary it was as the Chix parlayed a walk and doubles by Howard De Jonge and Ron Klamt into two more runs—and a lead they never gave up.

The game settled down for a few innings and De Mey continued to strike out too many Holland batters until the seventh.

With one out Goorhouse walked, Art Klamt singled and Marv Warner drew a walk. Bases were loaded as De Mey pounded out a single scoring two and Kelly Roelofs singled to score another run.

Four more runs crossed in the eighth when three walks and an error paved the way.

Bob Van Dyke, with a single and double in four trips, seemed to be the only local batter who could hit De Mey. Paul Mack and Al Dykema had singles in addition to Sandahl's double.

For Zeeland De Jonge had a double and two singles in six trips while Kelly Roelofs and Goorhouse had a pair of singles.

De Mey was in complete control winning the five hitter. Jack Kemper was charged with the loss teaming with Lou Humbert and allowing 14 hits.

Last game of the season for the Dutchmen is at Riverview Park Labor Day when they host the Grand Rapids Black Sox.

Sears Cup Race Notes

Competing crews in the Sears Cup race were entertained at the Harold Van Tongeren cottage on Lake Michigan Monday night at a hamburger fry. And the young sailors really did themselves proud in the "eats" department. When all was said and done the host found even his hot dog supply pretty well depleted.

Tonight after the day's activities, the visiting crews will be taken on a cruise aboard the Hilaria, Revenge and Bel Mer. Box lunches will be served on board.

Robert Lee, a 15-year-old summer visitor from South Bend, Ind., who lives near the Van Tongeren cottage, had some fun Monday night and several of the visiting crewmen joined him. Robert rigged up a signal light in quick order Monday afternoon when he saw the Great Lakes Naval Reserve fleet of six PECs and the destroyer escort Daniel Joy anchored off Holland Harbor. As soon as it got dark he started his signals and to his surprise the Joy first answered followed by four of the six PECs.

All Lightning sailboats used in the Sears Cup races belong to Macatawa Bay Yacht Club members except No. 2500 which belongs to the competing crew from St. Joseph, Mich., Yacht Club. However, the St. Joe crew must rotate boats each race, just as the other seven crews.

William G. Saltonall, Jr., crewing on the Marion, Mass. team, is son of the head master at Exeter School. His father, William, Sr., is a brother of U. S. Sen. Leverett Saltonstall of Massachusetts.

Valerie Gibbs, from the same crew, is a granddaughter of Katherine Gibbs, founder of Gibbs Secretarial School in New York, Boston and Chicago. She is the daughter of Mr. and Mrs. Gordon Gibbs. Mr. Gibbs is the son of Katherine Gibbs. They are all guests at the E. David Boyd cottage at Macatawa.

Although several of the competing crews sail different types of sailboats during the regular races at their home sailing clubs, they must sail Lightnings in the Sears Cup race. It's part of the rules.

Each crew when actually sailing in a race must include just three persons. Most of the crews have a fourth member who serves as an alternate.

The visiting sailors are all staying at private homes and cottages in the vicinity. Hosts and hostesses, all members of MBYC, are Dr. and Mrs. H. P. Harris, Dr. and Mrs. Carl Beeman, Mr. and Mrs. J. F. Pentz, Mr. and Mrs. E. David Boyd, Mr. and Mrs. Harold Sears, Jr., Mr. and Mrs. M. R. Bissell III and Mr. and Mrs. Stuart Boyd.

The bride was given in marriage by her uncle, Adrian Klepper. She wore a gown of chantilly lace and nylon tulle over taffeta, with fitted bodice in a lace pattern, long tapered sleeves and rounded neckline edged with opalescent beads and tiny seed pearls. The bouffant skirt of tulle was enhanced by lace panels. Her fingertip illusion veil fell from a circle crown of shirred tulle with a floral motif of seed pearls. Members of the Woman's Literary Club will open an unusually fine year of programs and activities on Tuesday, Oct. 5, with the traditional dessert tea at their club house, according to Mrs. Alvin Bos, vice president and program chairman.

A popular entertainer, Betty Roadman, will present the first program, "Dramatic Hour." This distinguished actress, author, lecturer has played many character roles in motion pictures and on the legitimate stage and her striking appearance and radiant personality combine to make her an outstanding artist.

Mrs. Marion de Velder will give the club collect and officers and directors of the club will be hostesses at the first meeting.

On Oct. 12, the club will be entertained by John and Florence Richardson, presenting "Echoes in Music from Saint Germain," a dramatization in music on the life of Claude Debussy. They spent some time in France last year in planting and studying for this presentation.

A "local" program is planned Oct. 19, when Elizabeth Ver Hey, delegate to Wolverine Girls State, and Don Jacobus, Holland Community Ambassador, will relate their experiences. The club will mark annual Philanthropy Day with an autumn tea in honor of new members on Oct. 26. Entertainment will be a program by Grace Keene of Chicago, entitled "Dramatic Miniatures." Miss Keene, a charming actress who has set a new high in repeat engagements, presents scenes from great plays, current and classic.

November programs will include "How Other People Talk," by George Gilbert Groman, humorist and authority on dialects, on Nov. 2; Richard Morenus, Saugatuck author of "Crazy White Man" who has won distinction for his exciting story of rugged life in northern Canada, on Nov. 9; "Southwest Where Life Is Fun," by Morris Barr, journalist-lecturer and world traveler, on Nov. 16, and a nature color film from the Kingman Museum of Natural Science at Battle Creek on Nov. 30. The film is entitled "Along Nature Trails in Michigan."

Mrs. Herman Hoek of Grand Rapids will set the festive mood with her "Christmas in Story and Song" on Dec. 7, when the club adjourns for the holiday season.

William E. Skadden will begin the club's new year with a program entitled "Merry and Be Merry." This lecturer, writer, humorist and philosopher has such a wide background of experiences that he is amply equipped for speaking to or about Americans of every walk of life.

Teachers Help Redecorate Rooms

ALLEGAN (Special)—If some of the men members of Allegan school faculties take a little more pride than usual in the interior decoration of their schools, they have good reason... they're the decorators.

For some time now, a small group of men teachers have devoted summer months to jobs as painters, decorators and repairmen.

This week, for instance, high school English teacher Jarvis Lamb and South Ward principal Jack Hamilton are rushing to complete badly needed painting at Dawson School. In recent weeks they have completely redecorated three rooms in the basement, plus halls, woodwork and rest rooms.

Out at the Athletic field, under the direction of elementary teacher Edward Peterson, Stanley Mofett, Emil Tomanek and Clare DeMull are re-painting the grandstand, following up after a repair crew.

Prior to these projects all of these teachers, plus Robert Palmer, metier and Frank Degener, spent most of the summer redecorating all rooms in the high school, excepting the library, session room and gymnasium.
