A Biblical Example

In the Bible there is a parable about a man who was given a certain number of talents and he made use of them.

Everyone has been given five senses. They should be used to the best of your ability and cared for as well as may be, and you are neglecting a duty to yourself if you neglect any one of these senses. Most important of all is the sight. No one can be happy with impaired or ruined eyesight.

We repair the sight by fitting the eyes with glasses.

CITY AND VICINITY.

Hope College resumes on Wednesday.
The Sunday morning frost ruined much of the late garden truck, but did not injure fruit.

Sunday was an ideal day, as pleasant as nature could make it, and hundreds were out for a promenade.

Mr. A. Boerma will speak in the German church Sunday, in the morning in English and in the evening in Dutch.

New Paltz Independent: Rev. Dr. and Mrs. Oggel got back to their New Paltz home last week. Dr. Oggel preached on Sunday with his usual force and ability.

The Zealand Cornet Band is right in it. Two engagements were accepted by them during the week—the Holland fair and the parade at the Chicago Peace Jubilee.

Capt. Edward Napier arrived at St. Joseph Tuesday with the tug George B. McClellan to commence the search for the lost Chicora. The captain is unable to make satisfactory arrangements with the Graham & Morton Co. about the percentage of salvage, and this may cause some delay.

Every incoming train and steamer brings in students for Hope College.

The schr. D. A. Wells came in from Sheboygan with a cargo of lime for T. Keppel's Sons.

The trolley cars resumed on Monday. The present schedule provides for a train every half hour.

Religious services in the Pine Creek schoolhouse will be held Sunday evening by Rev. K. Van Goor.

A. J. Neerken, one of the pioneers of Graafschap, will celebrate his 81st birthday on the 27th inst.

Leon De Young, who is serving time in Jackson, has been put to work in the shirtmaking department.

The Hotel Macatawa was formerly closed on Thursday. The season has been an exceptionally successful one.

The News has been designated as the paper that will publish the next annual list of delinquent tax lands in Ottawa county.

The electric storm on Wednesday evening was accompanied by a copious shower of rain, which continued until Friday morning.

A social trolley party will be given this evening at Macatawa Park. Breyman's orchestra will furnish the music and everything will be free, except car fare.

Rev. Adam Clarke left for Lansing Wednesday to attend the annual meeting of the M. E. conference. Although absent on Sunday, his pulpit will be duly supplied.

Monday afternoon the barn of A. Ferweda, one mile east of the city and occupied by Mr. Zylman, was burned with most of the contents. Loss \$450; insured for \$300.

At the annual conference of the Wesleyan Methodist church, held in Bridgeton this week, Rev. J. W. Sherwood has been re-appointed to his charge in this city.

The explosion of a kerosene lamp in the St. Charles Hotel early Sunday morning might have led to serious results, had it not been for the prompt action of landlord Ferguson.

The pickle-raising season is over and the Heinz people have taken in over 35,000 bushels, about 10,000 bushels in excess of last year. The new buildings and the apparatus for the vinegar department are so far completed that the company are now ready to receive apples for cider purposes. See adv. in another column.

The weekly weather crop bulletin says that corn has matured very rapidly, too rapidly for best results. Many farmers have cut corn earlier than they expected in order to save the stalks for fodder. Corn has eared fairly well, but the ears are somewhat shrunken. Generally late potatoes have done fairly well and will yield a fair crop. Bean harvest is about completed, but the yield is only about half a crop.

With reference to the ultimate outcome of the Detroit & Lima Northern railroad the evening Wisconsin has the following: "It is reported from Toledo that the effort to put the Detroit, Lima & Northern railroad into the hands of a receiver is a move on the part of Calvin Brice to secure control of the road. By acquiring the Lima & Northern, which has always had Milwaukee in view as its western terminus, Mr. Brice would undoubtedly, in his own interest, extend the line to Lake Michigan, as this has long been a pet scheme of his."

The "Democratic, Union Silver, people's" county convention of Ottawa county will be held at Grand Haven on Wednesday, Sept. 21, at 10 o'clock a. m., to nominate county officers. The following is the basis of representation:

Alendale	4	Wright	5
Blendon	3	Zeeland	7
Chester	4	Grand Haven city	3
Crookery	4	1st ward	3
Georgetown	5	2nd ward	2
Grand Haven	2	3rd ward	5
Holland	7	4th ward	2
Jamestown	5	Holland city	5
Oliver	5	1st ward	5
Polkton	7	2nd ward	3
Robinson	2	3rd ward	5
Spring Lake	5	4th ward	4
Tallmadge	4	5th ward	2

G. R. Herald: Secretary Alfred Baxter says that he desires to contradict the rumor that the interest in yachting at Macatawa Bay has been transferred to Spring Lake, since the successful regattas at the latter place this summer. Yesterday voting blanks were sent to all the Macatawa Bay yacht club members to have them decide which of three sites they want. Luman Jenison has offered a site on the south side of Macatawa Bay, while President C. M. Heald has offered either of two sites east of the hotel on the north side. The first site on the south side will in all probability be the one accepted and a club house will be erected next summer.

Drs. Baker & Betts have closed their Macatawa Park office for the season.

Holland township Democratic caucus at the townhouse on Saturday afternoon.

To-day (Friday) has been set for the departure of the 32nd Mich. from Huntsville, Ala., to Island Lake, where they will be mustered out.

The Democratic ward caucuses for the election of delegates to the county convention will be held on Monday evening, at the office of I. Fairbanks.

The fall schedule of the Holland-Chicago line of steamers, which went into effect Sept. 5, provides for a daily boat each way, leaving Holland every evening at 8:00 a. m., and Chicago at 7:00 p. m.

The first millinery opening this season is announced by Mrs. G. H. Shaw, who succeeds to the business of Mesdames Goodrich & Shaw, at the old stand, No. 23 E. Eighth street. Miss Jennie Oltmans of Grand Rapids will be there to wait upon the ladies. See adv.

The Boston Store people are gradually building up a solid business, with every indication of permanence. It is not so much present profits they have in view, as the establishment of their trade with the people of this city and the entire country which is tributary to Holland. Their special offerings during fair week should not be overlooked.

Col. C. Gardener has received a ten days' leave of absence and left Knoxville, Tenn., where his regiment is in camp, on Monday, for Detroit. The main object of his visit is to look after the education of his two sons. One of them is to enter upon a course at Ann Arbor, while the other is attending the Detroit High school.

It has been decided by attorney General Maynard that all appointments made by the governor to fill vacancies in elective offices are good only until the next election. This means that in addition to the usual state officers to be elected this fall there must also be elected a member of the state board of education and two regents of the university. Geo. A. Farr of Grand Haven is one of the regents who holds his position by appointment.

At six o'clock p. m. to-day the devout Jew, in whatever clime or latitude he may find himself, will begin the celebration of his New Year. In the Jewish calendar that will be the time when Sept. 17 begins, and on that day the New Year falls this year. In the Jewish calendar the New Year falls on different days of each succeeding year, regulated by the mathematical calculations which start the Jewish era with the creation of the world 3,750 years and 3 months before the birth of Christ.

Pella (Iowa) Blade: Mrs. G. H. Overkamp reached her 94th birthday last Tuesday and received the congratulations of a host of relatives and friends. The lady is in the best of health and knits and works continually.—Rev. Jas. Ossewaarde, of the Second Reformed church, announced last Sunday that he had decided to accept the call tendered him by the Bethany Reformed church of Grand Rapids. In the resignation of Rev. Ossewaarde the Second Reformed church loses one of the ablest ministers that the church ever had.—The First Reformed church extended a second call to Rev. H. J. Veldman, of Cedar Grove, Wis., last week, and have had word that the gentleman will be here in the course of a few weeks to look his field of labor over.

At the Shawassee county Republican convention held at Corunna last month it was voted to hear from Hon. Jerome W. Turner, of Owosso, who was a delegate, and who in former years had acted with the Democratic party. Mr. Turner was greeted with the most vociferous applause for some time before he could proceed, and then said: "I am here. (Applause.) What my motives are for being here, is nobody's business so long as I do not ask anything. (Applause.) In what workshop the notion was forged that a man ought to be today what he was yesterday, I do not know and still less do I care. (Applause.) No man can be the same physically, intellectually or morally, and how he manages to do it politically, I have never yet found out. You might just as well blame a man for the renewal of his body every seven years. (Applause.) It is better, anyway, for a man to turn his coat than not to have any to turn, and to sit outside his rich neighbor's gate plotting to get rid of him by incendiarism and murder. (Applause.) That was in the Chicago platform, and that was too much for me." (Applause.)

Royal makes the food pure, wholesome and delicious.

Naturalization.

An adjourned session of the Ottawa county circuit court, for the convenience of those that desire to take out naturalization papers, will be held in the city of Holland, on Monday, September 26, 1898.

Born to Mrs. and Mr. Albertus Van der Haar, one mile east of the city, on Saturday—a son.

The new cement cross-walks on Eighth street are nearing completion and meet with universal approval.

The earnings of the C. & W. M. last month were \$173,247, or over forty-five thousand dollars ahead of the same month last year.

The brick chapel of the Ninth street Christ. Ref. church has been greatly improved on the outside by a liberal application of the paint brush.

The steamer Queen of the Lakes left Traverse City for Grand Haven Wednesday morning. She will run on the Grand river between Grand Haven and Grandville until the dredging of the river is completed.

List of advertised letters for the week ending Sept. 16 at the Holland, Mich. post office: John W. Caffi, E. F. Merrill, Frank C. Sayers, Miss Frank Sterns, Mary Taylor, Mrs. E. W. Wolf.

COR. DE KUYPER, P. M.

We have been requested to announce that from now on there will be a more rigid enforcement of the ordinance prohibiting the use of bicycles on the sidewalks and in the parks of the city. The lodging of complaints may not be the most pleasant thing for the marshal to do, but there is a limit to all forbearance.

The children of the late Stephen Fairbanks have each fallen heir to a legacy of \$2,500, left them by a bachelor uncle, a brother of their mother, who died in Florida. Stephen Fairbanks was a brother of Isaac Fairbanks, Esq., of this city. He lived in Fillmore, where he died and lies buried, and where one of his sons now resides. Then are four children in all.

Among the incidents of Wednesday evening's thunder storm were the burning of the barn of John Glupker in Fillmore, a mile north of the Colendoorn church, with contents, including a stallion and some cattle. Partly insured. In this city L. Eris, the oil peddler, was struck while on the street. He was rendered unconscious but not otherwise injured. A tree near the residence of Fred Metz, on Pine street, was hit and ruined. At the telephone offices the heliograph was seriously interrupted, and for a while the trolley cars ceased running.

At the Democratic-Silver-Populist senatorial convention of this district, held at Grand Haven on Thursday, ex-mayor Jas. De Young of Holland was nominated for state senator, which nomination was declined. The congressional convention of the Fifth district will be held at Grand Rapids next Thursday, and it is said the nominee is likely to be Judge A. B. Morse of Ionia or Wm. F. McKnight of Grand Rapids, with the probabilities in favor of the former.

At the M. E. conference in Lansing a solution of the Kulp matter was reached by the receipt of the following letter addressed to the presiding elder: "I have sinned and my punishment is greater than I alone can bear. If there is a way back to God's favor I want to find it. If there are those whom I have helped in days when I was faithful, I need their prayers. I return my parchment and ask to withdraw from the ministry and membership of the Methodist Episcopal church. Yours unworthily, George B. Kulp."

FRIDAY, September 16.
OUR NEIGHBORS.

Lake Shore.
Geo. Judd and N. W. Ogden took in the excursion up north and spent a week in and around Petoskey and Cheboygan.

The cucumbers have not done as well here this season as last.
Wm. Johnston lost his cow last week. She got a cucumber stuck in her throat and also a broom handle. The broom handle proved to be too much for her; a piece of rubber hose, which Ogden has had occasion to use a couple of times, would have been more pliable, and better.

It froze ice a sixteenth of an inch thick on a tub of water here on Saturday night. Quite a difference in the temperature of last week and the week before.

Zeeland.
The Zeeland schools census foots up 350. The first day of school 400 pupils were enrolled. The following is the corps of teachers: Chas. H. Farrell, principal, and Misses Nora Gaut, Anna Huizinga, Nellie Everhard, Anna Everhard, Rena Doctor, Jennie Dekker and Martha Wells.

Hot weather and worms have had a damaging effect upon the apple crop. Zeeland has not given up all hope yet for a pickle factory.

Record. The primary and high school departments are over crowded. Already several pupils are without seats and more are still to come.

Dr. Casper Lahuis and wife, who have been spending most of their vacation here have again returned to Ann Arbor where Mr. Lahuis fills a position in the University.

About twenty quarts of preserved fruit were stolen out of the cellar of L. W. Hartwick.

The village council has fully determined to collect the poll tax of this who refuse to pay.

C. Van Loo, D. Van Loo, G. Keppel, D. H. Dekker and John D. Witt attended the G. A. R. encampment last week.

John Maurits, Niel Boone and Fred Wiersma belong to the 32nd regiment. Let us as a unit show that we welcome them back again and that we are thankful for their service rendered us by serving our country.

John Ossewaarde is about to resume his studies at Princeton, N. J.

Van Koeveing Bros., the photographers, have engaged the services of W. D. Hopkins of Holland for the coming season.

Miss Lizzie Goozen fills the position of assistant teacher in the Forest Grove school.—News.

Mrs. Peter Van Loo, who died at Grand Haven, aged 41 years, was brought here for interment Wednesday. She leaves a husband and three children.

Grand Haven.
The following were the delegates from this city to the Republican county convention:

First ward—Albert Kiehl, Joseph Palmer, Peter Nedervelt, John Luikens, Fred A. Hutty.

Second ward—John Vaupell, W. I. Lillie, Fred Nesser, Wm. O'Connell.

Third ward—Jas. P. Armstead, John Kieft, Dan Gale, H. Z. Nyland, Henry Solms, John Cook, John Macfie, John Roossien, Chas. E. Conger, Jacob Glerum, John Palmer, Thos. E. Kirby, Derk Bottje.

Fourth ward—Cornelius Nyland, Jacob Hietje, T. C. Bishop, Henry Roossien, Peter Van Dyke, Peter Klaver.

Tribune: August Schrader, the so-called divine healer, has left town. He said Grand Haven was too worldly for him and contained too many scoffers. We will try to live without the healer.

When Grand Haven manufacturing institutions have to work night and day to keep up with orders, it speaks well indeed for our business.

Claude Van der Veen will clerk in his father's store the coming year.

Mayor Baar has appointed the following executive committee to arrange for the reception and welcome upon the return home of Company F: D. Outler, S. H. Boyce, S. O. Eames, Commander E. Millman, Major F. A. Mansfield, W. H. Loutit, G. W. McBride, Rev. D. A. Richardson, Rev. H. Hagen, Rev. G. De Jong, Jurien Ball, Wm. Thieleman, Geo. D. Sanford.

Corporal Will Hiler, of Company L, Thirty-third Michigan Vols., is here from Holland, visiting his numerous relatives and friends. The Hiler boys are former Grand Havenites and have a host of friends here.—Tribune.

Ottawa County.
The Boltwood tract in Allendale has been sold by the Boltwood estate to a new company, styled the Allendale Timber Co. It comprises 845 acres of hardwood timbered land, and the consideration is \$50,000. The land has been in possession of the Boltwood family since it was first entered by Lucius M. Boltwood, in the '30s, until today. It was bought from the government at \$1.25 per acre, and while the present price seems high comparatively, still it has been claimed by the Boltwoods that adding taxes and interest to the purchase price the land costs them nearly double what it now brings. Numerous efforts to purchase it previously have resulted in disappointment. The land is one of the two only remaining large tracts of virgin timber standing in this part of the state. It is one by one and one-half miles in size. It is located opposite the Bridge street ferry, so-called, and has a mile front on Grand river. It is the company's intention to clear the tract of land at once, sell every foot of lumber on it, cut the land into farms and sell it. Beech, maple, elm, basswood and oak predominate in order. Estimates place the available timber for lumber at between six and one-half and eight million feet. In addition there are 50,000 cords of wood to be gotten out for market. This work of clearing and cutting is already under way. Twelve men were sent into the woods Monday to stake out a camp. Within a few weeks they will be followed by at least one hundred cutters, stave men, etc. It will require a full year and a half to get the timber off the land, and two or three years to cut and market all the wood. The land in question is directly in the center of the fruit growing tract, the soil is light and sandy and, it is said, everything that is ideal for peaches. The farms that will come out of it are sure to be peach and fruit farms.

Coopersville: Rev. Wm. H. Bruins exchanged pulpits Sunday with Rev. J. J. Van Zanten of Muskegon.

Lamont citizens pride themselves on having the widest street in the county. Broadway they call it and it is eight rods wide. It runs along the high banks of Grand River and from it to the south can be seen the splendid farm country of Allendale. Lamont is one of the oldest towns in the county and there is much of interest about the old village.

The Spring Lake Republican caucus Saturday evening was largely attended and the first ballot resulted in a tie between the Brown and Bilz factions and from thence on it was the closest and most spirited neck to neck political race ever witnessed in Spring Lake with the Brown team crossing the wire a nose ahead.

Abe Mastenbroek will make the rounds of Grand Haven's business places to secure assistance for building a gravel road between Grand Haven and Bass River. A. J. White of Bass River offered to donate ten scow loads of gravel and the farmers are willing to get out with teams, shovels and picks.

Fennville.

At the annual school meeting the efficiency of the Fennville schools were greatly enhanced by their being converted into a graded system, to be controlled by a full board of five trustees instead of three, as formerly. The district declared against "free text books;" also the uniform system. The new board of trustees was elected as follows: C. A. Crane, Theo. Wade, C. E. Bassett, Horace Hutchins, and W. H. McCormick. The school census shows 230 children between the ages of five and twenty years, an increase of 12 over last year.

Last Wednesday in driving into town from the west, 94 teams were met in a distance of four miles. Surely this is a busy time for the fruit growers and Fennville is the market they come to.

Turtle fishing has been mentioned as a growing industry on the lakes and rivers in this section. Among the successful fishermen is Elmer Hahn, who with his family has been here from Bangor for several weeks, and has had good success. The turtles weigh from two to fifty pounds each and are caught in nets, pieces of fish in perforated tin cans being used for bait. One man will have charge of from one to twenty nets which are raised twice a day and forty turtles is considered a good day's catch. The turtles, which are the moss-back, snapping variety, are shipped in crates by express to Philadelphia, where they sell at from five to eight cents per pound, the flesh being considered a very rare delicacy. Mr. Hahn has shipped about six tons of turtles to Philadelphia this season and has only had eight turtles die on the way to market. He caught nearly a ton of turtles out of Hutchins lake in two weeks and is now fishing on the Kalamazoo near Gerber's landing.

Saugatuck.
The frequent showers of the past week have done a great deal of good to this section of the country.

Hoboes are pretty thick in town now. Douglas Record: We had the pleasure of meeting Judge J. B. Humphrey yesterday for the first time in twenty years. The Judge, who formerly was a resident of this county, but for a number of years has resided in the Upper Peninsula, has moved to Holland and is now connected with the Saugatuck, Douglas and Holland electric road. He was in Saugatuck perfecting the titles to the right of way granted so that work can soon be commenced on the road bed. He informs us that there is not a shadow of doubt but that the road will be in full running order early next year, and that considerable work will be done this fall. It will be a happy day for Saugatuck that witnesses the lifting of the first shovel of dirt upon a railroad leading into a corporation, and that joy will be showed by all the surrounding country.

Allegan County.

The annual reunion of the Fourth Michigan cavalry was held in Allegan, Thursday, Sept. 15.

The second district legislative convention of the republican party will be held at Hopkins September 17th. The district embraces: Dorr, Fillmore, Heath, Hopkins, Laketown, Leighton,

Manlius, Monterey, Overisel, Salem, Saugatuck, Wayland.

Mr. and Mrs. Geo. A. Farr, of Grand Haven, were entertained several days last week by Judge and Mrs. Philip Padgham, who included a trip to Gun lake among their attentions.

The Wayland creamery has been closed because its customers persisted in feeding cucumbers to their cows. However the farmers are talking of forming a stock company, buying the plant and continuing the business.

The name of the Allegan House has been changed to Hotel Rosa, for its new proprietor.

Overisel: At the home of the bride's parents, Mr. and Mrs. H. Baker, Sr., Wednesday, Sept. 7, were married H. A. Rigtierink and Sena Lambers. Only the near relatives were invited, and the ceremony was performed by the Rev. A. Keizer. The groom is a popular school teacher and the bride is one of Drenthe's most estimable young women. They will make their home in Overisel, where Mr. Rigtierink has charge of a good school.

A company known as the Kalamazoo Valley Electric company, has been organized with capital of \$100,000, for the purpose of developing the water power of the Kalamazoo river near Allegan, and the distributing of electric fluid to Allegan, Otsego, Plainwell, Kalamazoo and Battle Creek, the same furnishing unlimited power and light through all the territory surrounding these centers. It is the plan not only to furnish all the power and commercial lighting in Kalamazoo and Battle Creek, but also the power for the street car systems, the line between the two cities included, and the municipal plants. Power will be furnished at a lower figure than any mill or factory can produce for its own use from coal, and the discarding of the time-honored and untiring engines will be the order of the day. The articles of association have already been filed with the county clerk.—Gazette.

The Gazette in mentioning the return home of the Allegan soldiers of Comp. K, 34th Mich. Inf., last week, says: "The boys make little complaint of their treatment, either in field, camp, or hospital. They say it is true that supplies were often lacking, but say also that the fault lay with the local commissary officers, and not with the general in command or with the war department. Everything needful was provided, but it was not placed at hand. This was in part the fault of no one in particular, but to the rapid advance of the troops on Santiago and the impossibility to transport sufficient stores as fast as they were required. They accept all these hardships as merely the incidents of war, and leave the malicious fault-finding entirely to the sensation-loving newspapers."

Ex-sheriff J. Strabbing and family have moved from Hamilton to their farm near Allegan. Mary remaining in Hamilton to look after the hardware store.

Otsego is enjoying a steady growth. Her school census is 635, showing an increase of 40.

J. C. Newman has been appointed postmaster at Dorr, vice Frank Somner, removed.

Memorial services in honor of Privates Ray Pardee and George Kent, Company K, and Private Ferdinand Seabright of the 33rd Michigan Regiment, were held in the Baptist church Sunday evening. Private Pardee died at Montauk Point, Sept. 1, of typhoid fever. Private Kent died on the way from Siboney and was buried at sea. Private Seabright lived in Salem, this county, and was killed at Aquadore on July 1, by a Spanish shell. He was this county's first sacrifice in the war with Spain. These are all of Allegan county's losses so far as known.

Hon. Justin R. Whiting, the candidate for governor on the silver ticket, will deliver an address in Allegan village Saturday afternoon, Sept. 24.

General Items.

It is stated that 10,000 excursionists reached St. Joe and Benton Harbor by steamer the last Sunday in August.

A fellow named Jack Lotwine, recently married at South Haven, under arrest for raping a thirteen-year-old girl in Grand Junction, had sufficient sense of the fitness of things to commit suicide in the South Haven jail by taking Paris green in whisky. It is believed he swallowed a quarter pound of the poison, as he got a boy to buy that quantity and none of it was found.

J. W. Arney, better known as Parson Arney, has moved his family from Schoolcraft to Ypsilanti.

A Paw Paw man and his wife were driving along the highway the other day when their horse fell to the ground and died in a few moments, the result of a rifle ball striking it. The ball investigation showed, was fired by a man who claimed he was shooting at a chicken, but the man whose horse was killed is mad and will begin legal proceedings to make the shooter pay for his bad marksmanship.

Geo. B. Kulp has withdrawn from the ministry and from a membership in the M. E. church and it is stated that he will study for the law. Mrs. Everhart, who was his partner in the recent Grand Rapids scandal, has also withdrawn. This will probably end the case.

The Knickerbocker club of Grand Rapids has been organized by the adoption of the constitution and by-laws. J. A. S. Verdier, G. H. Ahlers, John Steketee, John Otte, Gelmer Kuiper and Herman Van Aalderen were constituted a committee on membership and geneology. The next meeting will be held October 7.

Joseph Leiter has cleared up his famous wheat deal. Every creditor has been paid, obligations to banks whose assistance was enlisted have been cancelled, and 14,000,000 bushels of wheat have been liquidated since the announcement of the voluntary assignment nearly three months ago. This has been done only by great sacrifice, including the giving of mortgages on property belonging to the estate aggregating nearly \$5,500,000 in value.

The New York State Monument association is giving a handsome bronze medal to every soldier who served with a New York regiment at the battle of Gettysburg.

Grand Rapids: The Misses S. and E. Dyk, sisters of the Rev. J. and F.

J. Dyk, are trained nurses and now employed in caring for the sick soldiers at Camp Wikoff.

The board of state auditors has decided that the state of Michigan can do nothing towards the preparation of an exhibit for the Paris exposition in 1900, because no funds are available for that purpose. The state was asked to assist in the purchase of a monument for Lafayette and also provide for a state exhibit at the exposition.

The late lamented Bill Nye once said: "Do not attempt to cheat the editor out of his year's subscription to his paper or any other sum. Cheat the minister, cheat anybody and everybody, but if you have any regard for the future consequence don't fool the newspaper man."

The disaster caused the other night to the steamer city of Chicago, bound from Chicago to St. Joe, was caused by the breaking of the crankpin strap. The engine was so thoroughly wrecked that the steamer will not be in service again this season. Fortunately she was running light, and but few passengers were on board. The low pressure cylinder was broken up as if it had been china ware. The walking beam was broken and, in fact, there is little left of the engine except the high pressure cylinder. She was towed to St. Joseph by two tugs. Repairs will be made there. The loss will be between \$15,000 and \$20,000.

Thursday, Sept. 8, was the thirty-eighth anniversary of the sinking of the Lady Elgin in Lake Michigan, one of the most appalling disasters of the great lakes. Nearly 300 lives were lost and only ninety-eight of the passengers saved. The Lady Elgin was a passenger steamer running from Chicago to Mackinaw and Lake Superior points. Friday night, Sept. 7, 1860, the boat left Chicago with an excursion party of 300 for Milwaukee and fifty cabin passengers for Mackinac and northern resorts. About midnight while a heavy sea was running the Lady Elgin collided in the inky darkness with the lumber schooner Augusta, leaking badly and with its headgear gone, came into the river Saturday morning and reported that on the night previous it had collided head on with a large steamer somewhere off Evanston. About the same time word came that wreckage and dead bodies were being washed ashore on the beach at Winnetka. Special trains took hundreds of citizens and relatives of those who had sailed on the Lady Elgin to Winnetka. The survivors said that within a half hour after the collision the Lady Elgin began to break up, the hurricane deck floating off and the bulk going to the bottom with a tremendous noise. The passengers had hurriedly caught up life preservers or lashed themselves to pieces of the woodwork. It was days before the waves had done with washing up the dead, some 250 in all.

The building occupied by Colonel Irish burned Saturday night, and the colonel's splendid \$250 sword, presented to him by his friends, and his rare library on tactics, etc., were ruined. The alarm brought out nearly the entire Thirty-fifth regiment.

Muskegon: The C. & W. M. will at once begin the completion of its car ferry slip at the harbor entrance here. Much sheet piling is yet to be driven, and much dredging remains to be done. The car ferry began running December 27, 1897. The railroad officials say it will be permanently maintained, as it has been a success. This summer's business was better than had been anticipated, and a heavy winter traffic is expected.

Farmers know that the birds do them an immense amount of good by destroying worms and insects, that, were it not for the birds, would do great damage to crops. Insects are becoming more numerous and the birds fewer. The farmer would be doing more for his own interest, for charity, and more for the protection of the harmless birds that are unable to protect themselves, if he would prosecute for trespass the boy that intentionally kills them.

Nearly every city in the state has voted upon the uniform text book law and defeated it by a heavy vote.

Fruit Notes.

Prices on all kinds of fruit are better in Chicago and Milwaukee this week than for some time past.

The life of a peach orchard when properly cared for, is shown by the fact that Gilbert Enstield of Ganges is this year harvesting a good crop of Crawfords from an orchard that was set in 1881. And there are older orchards still in bearing in this section.

Fennville Herald: Last week's shipments have run from ten to fourteen cars a night. Buyers are here from Boston, New York, Kansas City, Chicago, Iowa, Dakota, Illinois, etc., and they have shown quite a desire for fruit this week, getting several cars at from 12 to 17 cents a basket. The Chicago market has also been stronger. There is no use of disguising the fact that the peaches this year are not up to the average in size, but better stock is now going and, with southern fruit out of the market, these later varieties will net a fair profit.

Fennville Herald: Wm. H. Comstock, a fruit buyer from Kansas City, is quite enthusiastic over the California style of package for marketing our better grades of fruit. He exhibits two sample packages—a 20 pound box of peaches and a 40 pound box of pears. The peaches are fancy Crawfords, each peach wrapped in white paper and the package is certainly very attractive. The pears are also wrapped in white paper and in this way they can be held in cold storage at a temperature of 40 degrees for six weeks without discoloring. Mr. Comstock has orders for a carload of pears put up that way and states as his opinion that if such packages were adopted by Michigan shippers California fruit would no longer hold its place in the Chicago market. Of course such a package would not do for the poorer grades of fruit.

MUST STAY IN SERVICE.

War Department Announces That
No More Troops Will Be
Mustered Out.

GEN. WHEELER DENIES AN INTERVIEW.

Asserts He Didn't Say That President McKinley Had Observed to Him That the War Was Not Over—Five More Regiments Ordered Away from Camp Wikoff.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. It is announced with increased emphasis that there will be no more troops mustered out. The situation does not admit of any further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. An effort is being made to eradicate the amateurish idea of independence among the troops, and to bring them down to the strictest discipline. The purpose at the outset when the muster out began was to muster out 100,000 volunteers. A little over 96,000 have already been mustered out, and it is announced positively that there will be no more mustered out, no matter what influence is brought to bear. The retention of the volunteers now in the service and the efforts to improve the morale of the army has in view the Philippine situation more than that of Cuba and Puerto Rico, though there is a great deal of vagueness as to the danger apprehended there.

Back to Montauk.

New York, Sept. 14.—Maj. Gen. William R. Shafter and Maj. Gen. Joseph Wheeler returned to New York Wednesday by the same train. Neither general knew the other was aboard the train, and they did not meet, even after their arrival in Jersey City.

Gen. Wheeler and his party, consisting of his son and aide, Lieut. Joseph Wheeler, Jr., and Maj. Beach, traveled in a private car. Gen. Shafter, who boarded the train at Washington, had a berth in a sleeper.

Gen. Wheeler was up and dressed when the train pulled into the depot, and on the way to the ferry he walked past the car Gen. Shafter was in without knowing he was there. Gen. Shafter took a later ferry boat to New York. All he would say regarding his plans was that he would go to Montauk Point Thursday. He was accompanied by his wife.

Gen. Wheeler was more communicative when questioned by a reporter. He said: "I will return at once to resume command of the cavalry division. There are five regiments of cavalry left at Montauk, the First, Third, Sixth, Ninth and Tenth. They will be sent to their various stations as rapidly as possible."

Denies He Said It.

Gen. Wheeler denied that he had said, in an interview during his journey south, that President McKinley had observed to him that the war was not over.

"Moreover," said the general, "President McKinley never used such an expression in my presence. It is true that in answer to questions as to mustering out of volunteer troops I have expressed an opinion that a considerable portion of the volunteer forces would be retained until peace is signed."

Gen. Wheeler added that in his opinion the Cubans and Puerto Ricans will be found tractable to the wishes of this government. "I have learned," he said, "that you can accomplish nothing by dealing harshly with Cubans, but by reasoning with them you can get them to do anything. They will listen to reason. I do not believe that a large standing army will be required either in Cuba or in Puerto Rico."

More Regiments Leave Wikoff.

Camp Wikoff, Montauk Point, Sept. 14.—Notice was received at headquarters Wednesday morning for the removal of five more regiments of infantry from Camp Wikoff at once. The Tenth infantry goes to Huntsville, Ala.; light battery E, First artillery, to Jefferson Barracks, Mo.; light battery K, of the First artillery, to Fort Sam Houston, Tex.; heavy artillery batteries A and B, of the First, report to the commanding general of the department of the gulf, by telegraph; A and F, of the Second, go to Huntsville, Ala.; F, of the Fourth, goes to Fort Adams, R. I., and F, of the Fifth, goes to Fort Hamilton, N. Y.

The orders which are being received indicate the determination of the war department to abandon Camp Wikoff as rapidly as possible.

The Fourth and Thirteenth infantry left Wednesday morning and the Seventeenth left camp Wednesday afternoon.

Nearly all the rough riders remaining in camp were mustered out Wednesday and will leave as soon as possible for New York. It is believed that all of the remaining rough riders will have left camp by Thursday, and Col. Roosevelt will also leave Thursday.

There were 721 cases in the general hospital Wednesday, the increase over Tuesday resulting from the sick of the transport Vigilancia being sent there.

There was but one death in the hospital during the night, Thomas Fitzgerald, company C, Seventy-first New York. Of the sick in the hospital 40 are suffering from typhoid.

March Streets of Indianapolis.

Indianapolis, Ind., Sept. 14.—The One Hundred and Fifty-eighth Indiana volunteers, Col. Smith, which returned

from Knoxville, Tenn., Tuesday night on furlough and slept in their cars marched through the streets Wednesday morning en route to Camp Mount. This regiment contains three companies of Indianapolis men, and the ovation tendered along the line of march by the citizens was most enthusiastic. The men looked exceedingly healthy and made a fine appearance. Wednesday afternoon the entire regiment was tendered a lunch by the Woman's Aid society at the camp.

To Garrison Puerto Rico.

New York, Sept. 14.—Five hundred soldiers of the Sixteenth Pennsylvania volunteers reached Jersey City from Camp Meade Wednesday. They are to sail on the Ogdan for Ponce, Puerto Rico, where they will do garrison duty.

THE LATE EMPRESS.

Her Remains Will Rest Beside Those of Crown Prince Rudolph—Anti-Italian Feeling Still High.

Vienna, Sept. 14.—In accordance with the emperor's wishes, the remains of his wife, the late Empress Elizabeth, will be interred beside those of Crown Prince Rudolph. Interment on Saturday, therefore, will be only temporary.

Geneva, Switzerland, Sept. 14.—The casket containing the remains of the late empress of Austria, borne on a four-horse car and followed by two other cars almost buried in floral offerings, was conveyed to the railroad station here at 8:30 Wednesday morning. An enormous concourse of people witnessed the ceremony. The cortege was led by the representatives of the imperial court followed by the federal council, headed by the president and the Genevese council. The firemen lined the streets. The brilliant sunshine made a striking contrast to the gloomy aspect of the mourners. The funeral train left here at nine o'clock.

The funeral car was ornamented with silver wreaths, was surmounted by a silver cross and had white plumes at each corner. The casket was of polished oak, with silver mountings. It was almost hidden beneath floral tributes.

On the arrival of the hearse at the railroad station, which was hung with black drapery, the coffin was removed, the remains of the empress were ceremoniously blessed, and the casket was placed in the railroad car, which was then sealed. After this the Austrian officials embarked on the train and it departed from this city.

Trieste, Austria, Sept. 14.—The anti-Italian demonstrations here were renewed Tuesday evening. An attack upon the Italian club being feared, a detachment of 200 policemen was sent to guard the building. The police and soldiery arrested 120 rioters. Many of the latter had arms in their possession.

REACHING A CRISIS.

Serious Trouble Feared at Pittsburgh on Account of the Miners' Struggle—Fight May Spread.

Pittsburgh, Pa., Sept. 14.—Serious trouble is feared in the third pool before the struggle for the enforcement of the Chicago coal mining agreement is ended. The mines are guarded by deputies and the strikers are encamped in the neighborhood. Arrangements are being made for the importation of negroes to take the places of the strikers and an outbreak is then expected. Tuesday night two Slavs were ordered off the company's property at the Catsburg mine by a special policeman on duty there, and before retiring one of them fired several shots at Deputy Hayward, who put both men under arrest. They were locked up and are awaiting a hearing.

The miners' officials claim that the shooting was done by the guards. Wednesday morning the strikers marched to Gallatin mine, where a few men were working, and induced them to stop.

Mayor Wilson, of Monongahela City, has issued a proclamation commanding all persons to abstain from assembling and congregating on the public streets and interfering with the peace of the city.

President Dolan says every pit in the third pool is now idle and that the fight will be extended to the fourth pool.

Couldn't Remember Any Shooting.

San Francisco, Sept. 14.—When Walter Rosser, the Tennessee volunteer who murdered Henry Hildebrand, a clerk in the Spreckels market, during a drunken spree, was booked in the city prison, he began to sober up. He handed in a lady's gold watch and \$65 in coin and asked that the valuables be cared for. Then he wept and said he realized his deep disgrace, but claimed not to recollect anything about shooting.

Prominent Citizen Murdered.

Danville, Ill., Sept. 14.—William Shank, a prominent citizen of Indianapolis, was murdered early Wednesday morning at Westville. The body was found in a livery stable with a small wound back of the left ear supposed to have been made by a pitchfork. Frank Gilman, a saloonkeeper, was arrested charged with the crime.

Prize Bids for the Scrap.

San Francisco, Sept. 14.—The National athletic club, of this city, offers a purse of \$15,000 for a 20-round contest between Corbett and McCoy, or, if the principals prefer, the club will give them a liberal percentage.

Fell Over the Banister.

New York, Sept. 14.—Elijah Brainerd, a contractor, was found dead in the hallway of 402 West Twenty-third street Wednesday. His neck had been broken, apparently by a fall over the banister.

Want Turks to Have Arms.

Candia, Island of Crete, Sept. 14.—The bashi bazouks have consented to disarm, provided their arms are delivered to the Turkish authorities.

Republican County and District Conventions.

The nominating convention held at Grand Haven on Tuesday was one of the largest gatherings of representative Republicans ever held in Ottawa county. This feature was rendered the more conspicuous in view of the fact that practically only two new nominations were to be made, those of prosecuting attorney and a representative in the first legislative district. Every delegation was full, and besides this a large number of faithful Republicans from different parts of the county accompanied their delegations, to manifest their interest in the action of the convention. In many townships, as well as in the cities, the fight on delegates by the friends of the three candidates for prosecutor—Kollen, McBride and Soule, had been spirited, and the prospects for a long drawn-out three-cornered fight no doubt added to the general anxiety felt in the result.

As regards this latter feature, however, there was a happy disappointment, by reason of the withdrawal of Geo. E. Kollen of this city from the contest. The outcome of the ward caucuses in Holland city, held last week, all being favorable to P. H. McBride, it was deemed best by Mr. Kollen, in justice to the situation and to himself, not to antagonize the expressed preference of his own locality. Had it not been that the home endorsement was against him, Mr. Kollen, should have remained in the field, would undoubtedly have been in the lead on the first ballot. It cannot be doubted that the pledges of support from the different localities, upon which Mr. Kollen had relied, were bona fide. The result of Mr. Kollen's course was that Holland went into the convention united, casting its solid vote for Mr. McBride, and this, with the effect it had upon outside delegations, contributed largely in determining the result.

C. K. Hoyt, chairman of the Republican county committee, called the convention to order; secretary Brusse read the call; Chas. Welles, of Wright was called to the chair, with A. Vischer of Holland as secretary. The following committees were appointed: Credentials—A. Labuis, W. I. Lillie, Chas. Brown.

Organization and business—W. S. Cole, F. J. Fox, J. Cook.

Resolutions—G. Van Schelven, H. E. Nyland, D. C. Oakes.

Chairman Hoyt laid before the convention the matter of organizing auxiliaries to the Republican State League. This matter was referred to a committee of five consisting of C. K. Hoyt, G. Van Schelven, Will Savidge, Wm. Whipple, D. B. K. Van Raalte.

After a short recess the committee on credentials reported that every delegation was full, and that there were no contests. The committee on order of business, etc., recommended that the temporary organization be made permanent and reported the order of business for the convention. The committee on State League recommended that the matter of organizing a branch of the Republican State League be referred to the county committee with power to act—all of which reports were adopted.

The committee on resolutions presented the following:

"Resolved, by the Republicans of Ottawa county in convention assembled: That we congratulate the people of Ottawa county upon the nomination of Suel A. Sheldon, of Wright, as candidate for the office of State Senator, and that we pledge them at all times his earnest efforts in promoting the best interests of his district.

"That the announcement since our last convention that the Hon. G. J. Diekema of Holland has consented to be a candidate for the nomination of Lieutenant-Governor, meets with our hearty approval and endorsement.

"That his experience as a state legislator for four consecutive terms in the House, during one of which he served as Speaker, and the record there made by him, designate him as eminently qualified for the honored and responsible position named, and

that the recognition thereof throughout the state is fully shared and appreciated by his fellow-citizens at home."

Four of the county officers were then renominated by acclamation: Sheriff—Frank Van Ry. Clerk—Charles K. Hoyt. Register—Peter Brusse. Treasurer—Elbert Lynn.

At this stage of the proceedings three tellers were appointed—D. C. Oakes, Wm. Walters and A. Labuis, and nominations for the position of prosecuting attorney were in order.

H. Z. Nyland, in presenting the name of Charles E. Soule, referred pleasantly to the fact that for the first time in many years, and as the result of studious effort, Grand Haven had succeeded in suppressing all factional feeling and that hereafter all dissensions were to cease. In this new departure she should be encouraged and sustained by the Republicans of Ottawa county and it laid with this convention to do so by nominating for prosecuting attorney the candidate he proposed, one of the ablest attorneys of the Ottawa county bar—Charles E. Soule.

D. B. K. Van Raalte placed in nomination P. H. McBride of Holland. Republican county conventions in the past had always been just by not limiting their recognition to the same man, and that is what he expected this convention to do. Both Judge Soule and P. H. McBride were comrades of his—both having served their country during the late Civil War—but the former had already been honored, having for many years served as circuit court commissioner and two terms as judge of probate. Twenty-two years Mr. McBride had been a citizen of Holland, had served the city as mayor and in many other capacities, and was the embodiment of honesty and honor. We ask his nomination as a matter of right.

The first ballot was decisive: McBride 109, Soule 69, Kollen 23, Vischer 2, Lillie 1.

For circuit court commissioner Dan F. Pagelson, of Grand Haven, was nominated by acclamation. The ballot for the other candidate gave Geo. E. Kollen 130, and Arthur Van Duren 69.

In filling out the balance of the ticket the present incumbents were renominated:

Coroners—Oscar E. Yates and John Mastenbroek.

Surveyor—Emmet H. Peck.

Immediately upon the adjournment of the county convention the delegates separated into representative district conventions. In the second district Robert Alward was renominated by acclamation.

Wm. H. Beach was called to the chair in the first district, with G. Van Schelven as secretary. H. Z. Nyland, B. D. Keppel and J. Cook were appointed tellers.

The contest here was between Walter I. Lillie of Grand Haven and Luke Lugers of Holland town. It was known to be close; much effort had been put forth in securing the delegates; and hence the proceedings were watched with great interest.

The name of Mr. Lillie was formally presented by H. Z. Nyland: The candidate I name favors the re-election of Senator Burrows and is in harmony with the views set forth in the Atkinson bill, so-called. He is a son of Ottawa County, born on its soil, a self-made man and one of its successful attorneys. For the past 16 years the southern part of the district has had the representative in the legislature. No complaint is made by us that we have not been well represented, but in fairness, and in behalf of a solid delegation we now ask recognition for the northern part. Having been turned down in the county convention on the nomination of prosecuting attorney, and with the thought of justice foremost in your minds, we now ask for the nomination of Mr. Lillie.

D. B. K. Van Raalte in placing Mr. Lugers' name before the convention said it was the pride of the district that it had no lack of timber. It was not so much a question of locality as of fitness. Holland township had a man to present, who, although not an attorney, was a man of character and of good, sound judgment, a man who can discriminate between what is good to adopt in Gov. Pingree, and what is questionable. I present the name of Mr. Lugers, and ask you to vote for the man whom you think is best qualified.

A. J. Ward and Mayor Mokma of Holland briefly seconded the nomination of Mr. Lugers.

Dr. C. P. Brown of Spring Lake added a few remarks in behalf of Mr. Lillie: Whoever is nominated here today will be elected. Twenty miles south from here lies the metropolis of the county, thriving and flourishing, a city of churches and schools. Its atmosphere produces men that are gentlemen, and its sheriffs all their sphere with credit. But Republicans should remember that twenty miles north from the city of Holland is Grand Haven, and that to-day, before they are forgotten, they too should be represented. The request is right and fair.

The full vote of the convention was 108, and this was brought out on the first ballot, as follows: Lugers 54, Lillie 53, blank 1. No choice.

The second ballot stood: Lugers 57, Lillie 51, blank 1; total 109. After Mr. Lugers had been declared elected the question was raised that the vote cast exceeded by one the poll of the convention. This led to discussion. In view of the fact that it did not and could not affect the result, and that by reason of the lateness of the hour a large number of delegates had left the hall, the convention took no further action.

The Georgetown Tragedy.

The triple murder on Saturday last, in "the pinery" of Georgetown, locally designated "Shackbuddle," stands unrivaled in the annals of crime in Ottawa county. It was a domestic tragedy, in which Jesse Badgerow killed first his wife Mamie, then his wife's sister Lucy, and finally himself.

Jesse was a small tenant farmer in "the pinery" about forty years of age, of Spanish or French-Canadian extraction, and had been married to his present wife about six years. Two children were born to them, of which one survived, a boy two years old, who by his heartless father, was made the helpless witness of his mother's untimely taking off.

Mamie and her unmarried sister were the daughters of John Aylworth, a well-known farmer in Blendon. Mamie was about 26 years old, and Lucile 20.

So far as known Jesse and Mamie got along fairly well, until more recently, when the latter heard that Jesse had another wife living, from whom he had not been legally divorced. This led to estrangement and separation, and Mamie went to her folks in Blendon. She had been there a week or so on last Saturday when Jesse went there in the forenoon to induce her to return with him. She was not at home, and her father told Jesse that Mamie had fully decided for the present not to live with him, and suggested to Jesse a division of the household goods. In the afternoon Mamie and her sister, with the little boy, drove to the old home. While there a quarrel set in. At Lucile's suggestion the two sisters left Jesse and went towards the buggy. Jesse then asked his wife to step aside with him as he wished to speak to her alone. She refused and while in the act of stepping into the buggy he pulled her back, suddenly drew an ugly looking dirk knife, and plunged it into her left breast, striking the heart. She sank to the ground and expired. Her last words were an appeal to her sister Lucy for help. Lucy in answer hereto tried to intervene, when Jesse turned his knife upon her, first cutting her in the left groin, and next in the side, the blade entering the left lung and making a necessarily fatal wound, of which she died Sunday forenoon. During all this the child was in the buggy, where it had been placed by its aunt Lucy.

Jesse thereupon left the scene, told one of the neighbors he met on the road what he had done, went to another party in the vicinity and settled a threshing bill, and finally, after dark, landed in his brother's barn, about forty rods distant from the scene of the murder. Here he was found by the officers. When Jesse saw them approaching, by the lanterns they carried, he thrust the same knife into his own heart, and died right there.

An inquest was held over one of the bodies by Justice Fellows. Sheriff Van Ry and Pros. Atty Visscher were notified and appeared upon the scene, although there was nothing further for them to do. The bodies of the two sisters were taken to their father's home in Blendon and buried from there.

The Fair.

The Holland fair opens on Tuesday next, and judging from the preparations made by the officers, superintendents and committees everything bids fair for a good, successful fair this year. The speed trials will be especially attractive, and as to the popular amusements several new features have been secured, among them a lady that will play seven instruments simultaneously.

The special premiums are in charge of a committee composed of Geo. H. Souter, A. G. Van Hees and J. B. Mulder. Those that have offered inducements for special exhibits are M. Van Putten, J. Van der Sluis, Benjamin Sisters, John Elferdink, Jr., M. Klekintveld, Ed. Vaupell, Mrs. L. Mulder, M. G. Manting, Mulder Bros., Martin & Huizinga, Breyman & Hardie, H. Van Tongeren, Walsh & De Roo, The Pratt Food Co., Geo. H. Souter, Will Botsford & Co., L. A. Stratton, Dr. H. Kremers, C. A. Stevenson.

Mr. R. Hanneman, of the Grand Rapids, Holland & Macatawa Electric Railroad, was in Holland Saturday with his surveyors, extending the line of their proposed route along the city, following largely through Seventh and Lake streets and thence further west to the Van Slooten tract, south of the Heinz works, where they have arranged for a loop. The company needs a loop at both terminals, here

and in Grand Rapids, because the equipment of their cars, with heating apparatus inside and fenders outside, is such that they can run but one way. There will be no further attempt made to push the project at this end of the line until after the franchise has been obtained at Grand Rapids. Actual work on the road is not likely to commence until spring, when it will be rushed along so as to have trains running by July 4. With reference to the prospects of the road at Grand Rapids the Democrat of Friday last has the following:

"The Grand Rapids and Macatawa Park suburban car line, while welcomed as a great benefit to this city by nearly all of its citizens, is still opposed by a few who own property on the streets through which the company has asked a franchise. About twenty property owners on Grandville avenue were before the ordinance committee last night and asked that this street had just been improved, the company agree to pay one-third the cost of the improvement before the franchise be granted. Mr. Hess was present in behalf of the company and said the company would agree to do such thing. He said this city would receive more benefit from the proposed line than it would from any manufacturing establishment located here, and the city could afford to pay his company a bonus for building the road, but it would not be asked. All he asked for his company was an entrance into the city.

"One of the remonstrators asked him in what way his road would be a benefit to this city, and he replied that it would reduce the fare from here to Holland to fifty cents for the round trip, which at the present time is \$1.40.

"And that means that the fare from Grand Rapids to Chicago and return will be only \$1.50," said Mr. Hess. "I have made arrangements with a line of fast steamers to carry passengers from Holland to Chicago and return for \$1. The same rate is now given from St. Joe.

"Mr. Hess says he expects to carry on an average of 2,000 passengers a day out of this city during the summer.

"No decision was reached by the committee, but it is probable its report will be in favor of granting the franchise, as a large number of petitions signed by a large number of citizens asking that the franchise be granted, are in its hands."

Martin Van der Ble, of the 35th Mich. Infy., wrote his sister from Camp Eaton, Island Lake, on Wednesday last, just as they were leaving for Camp Meade, Penn.:

"DEAR SISTER:—I am well, and am happy that the day has come that we are going away from here. All you hear in camp is cheers for Camp Meade, and every man in the regiment is in his glory.

"There are 112 sick and these have all been sent to Detroit. Gen. Alger was here this afternoon. He complimented us as being about the best drilled Volunteer regiment in the service, and he feels proud to think that we are from his own state. He proposed three cheers for the regiment, and it was responded to by about 6,000 people that were here from Detroit.

"At 5:10 o'clock this morning the band played and awoke us all, and the last place they struck up as we left camp was 'Michigan, My Michigan.' It may be two years before we see our state again. But then we're going to one of the finest spots on earth—Porto Rico.

"Camp Meade, where we are going to now, is 9 miles from Harrisburg, Pa., and 11 miles from Middletown. There are 34 regiments there. We expect to get there on Friday.

"The boys of the 32nd Regiment will reach here this week and will soon be home. This will leave me the only Holland boy that is still out. Am I in luck? ..."

The latest advices from Washington are that the 31st and 35th Michigan regiments will go to Cuba and not to Porto Rico, and that they will embark on or about Nov. 1.

Discovered by a Woman.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest test, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottle free at Heber Walsh, Holland, and Van Bree & Son Zeeland. Regular size 50c and \$1.00, every bottle guaranteed.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

At a recent meeting of the Ministerial Association of St. Paul, which is the home of Archbishop Ireland, the question arose and was discussed at length as to the freedom and the rights of the churches in the territory lately controlled by Spain. As a result a committee of three leading pastors of the city was appointed to wait upon Senator Davis and ascertain his views in regard to the matter. The committee made an appointment with the senator, and reviewed the situation in the late Spanish possessions as relating to religious work. They pointed out the fact that the Roman Catholic church possessed a large amount of property in the islands, and as it would be perfectly natural for the church to secure as liberal terms as possible in the final settlement of the ownership of the islands they expressed the opinion that the peace commission meeting in Paris would be subject to great pressure by church interests to concede terms which might not meet the approval of the American people. To these arguments Senator Davis replied as follows: "I will state as emphatically as words will express that there will be no concessions of this character. The members of the American peace commission are a unit on this question. The property of all churches in the territory which the United States may acquire as a result of the war will be fully protected, but the churches must be operated in accordance with the American constitution. This means that there must be absolute separation of church and state. Should the Spanish commissioners decline to agree to this proposition the American commissioners will return home without arranging a treaty of peace."

El Herald of Madrid, in a revulsion of feeling, has much now that is amiable to say about the United States. In a recent issue it republished a speech delivered in the Spanish senate in 1862 by Gen. Prim, the famous Spanish general, who had just returned from a visit to the United States, and who was assassinated in the streets of Madrid some time afterward. Gen. Prim, speaking about the military power of the United States, evidences of which he had witnessed during the early progress of the civil war, and desiring to enlighten his colleagues concerning it, said:

"For a long time it has been believed in Spain, and in fact in all of Europe, that the United States has been a nation of business men, without either military spirit or military elements, and for that reason unable to make war, even within its own confines. Europe can now be convinced, however, that such is not the case. The people of the United States are aware that the most powerful nation of Europe is unable to successfully cope with it in the western hemisphere. It would be a matter of greatest ease for the United States to transport an army of 100,000 men, with immense material of war, to any part of the continent, but it would be a difficult and almost impossible thing for any nation of Europe to transport even 50,000 men to the United States without exposing itself to defeat and everlasting discredit.

"I had the pleasure and honor while in the United States to visit one of the armies of the north. It was the Army of the Potomac, commanded by the illustrious Gen. McClellan, and was composed of over 100,000 men. I can assure the senators that this army, because of the people who composed it, their military spirit, their superb discipline, their voluntary sacrifice and their immense material could be put before any army in the world. And it must not be thought that the bloody battles which are now transpiring in the United States will leave it impotent and helpless. Even if it came to the worst which could befall the country—the separation of the north and the south—the power of the country will not have been diminished. For this reason I ask and counsel the statesmen of my country to be ever watchful of the United States."

El Herald's publication comes rather late to be of benefit to Spain. Had Gen. Prim's sensible and prophetic speech been published earlier it would doubtless have gone unheeded, but it would not have had the effect of aggravating open wounds.

SHOULD KEEP THEM ALL.

Senator Cannon, of Utah, Expresses His Views Regarding Cuba and the Philippines.

Senator Frank Cannon, of Utah, frankly announces his sympathy with that policy in the far east which would not haul down for Spain's benefit the flag hoisted by Admiral Dewey's orders over this country's latest conquests in the Philippines. He said that in his judgment it would have been well to compel Spain, as a condition of peace, to relinquish her sovereignty not over Cuba and Puerto Rico, but also over her chief colony in the far east. "We acquire at once," he added, "the island of Puerto Rico, and at the very threshold of the establishment of a government in Cuba that island will come into our possession. By the time things are settled there the island will have to become so far Americanized that the first act of free government there will be to attach itself to the United States. We will take the Philippines, and it is right that we should do so. It is the manifest destiny of this government to develop a great power on the Pacific."

SINCE CIVIL WAR.

Col. Condon, Supposed to Be Dead, Meets Relatives from Whom He Had Been Separated.

A family reunion took place in Chicago a few weeks ago after a separation of 35 years. Col. James A. Condon, of the Twelfth Pennsylvania cavalry of the civil war volunteers, long supposed by his family to have been dead, recently ascertained that his brother and sisters had moved to Chicago from Pennsylvania, and upon learning their whereabouts came to Chicago from his home in New York. He found that his brother, W. H. Condon, is a lawyer with an office on La Salle street and his home in River Forest, where his sisters live also. The Chicago attorney and his sisters were overjoyed to learn that their relative was alive, as they had heard nothing from him since the close of the war. Col. Condon proposes that the reunion with his family shall be permanent and intends making his home for the future with his brother at River Forest.

Mr. Condon entered the army as a private of company G, Fifteenth Pennsylvania infantry, and after a few months' service was elected captain of his company. He was promoted to the rank of major, and at the close of the war had attained the rank of lieutenant colonel. He was later made colonel of the cavalry regiment. At the close of the war he was brevetted a brigadier general. After the war ended for a few years he taught elocution and numbered Archbishop Newman among his pupils.

TO INCREASE NAVY.

Fifteen New Warships to Be Built at Once.

Will Be as Fast as the Fastest Vessels Now Building Abroad—To Have Big Coal Capacity.

A naval programme for presentation to congress, involving the immediate construction of 15 warships, has been adopted by the naval board of experts to whom the subject has been referred by Secretary Long, says the New York Tribune. It provides for three sea-going barrette turret battleships of 13,000 tons' displacement and a minimum of 18½ knots speed when the vessels are loaded to their deepest draught, or an average speed above 18 knots under ordinary cruising conditions; three first-class armored cruisers of 12,000 tons and 23 knots speed; three second-class protected and armored cruisers of 6,000 tons' displacement and 20 knots speed, similar to the Maine type, but highly improved, and for six protected cruisers of 2,500 tons and 16 knots speed.

The reduced speed of the ships, which is uniformly about two knots less than that proposed at the preliminary meeting of the board, was brought about by the desire to secure unprecedented range of action on account of the increased responsibilities of the United States in the Pacific and the certainty that these vessels, or most of them, would be required to make up the fleet in that ocean. The sacrifice of speed to endurance was made with a view of securing vessels of at least 5,000 knots radius, or capable of steaming straight away from San Francisco to Manila and Samoa. The board decided that the Pacific rather than the Atlantic would be the chief theater of American naval operations in the future, and that, while great sacrifices to the speed could safely be made for vessels attached to the outer line of natural defense on the east coast of the United States, abnormal coal capacity and high economy were prize requisites so long as distant possessions to the westward required protection. All the vessels, however, will be as speedy as the fastest vessels now building abroad, and they will be eminently more practicable in endurance, strength and formidability.

DESCENDANT OF A KING.

Family History of Lieut. Ord, Who Fell Fighting Before Santiago de Cuba.

When Lieut. Jules G. Ord fell before Santiago, fighting with the American army, there died a descendant of a king of England. His grandfather was the son of George IV. Had the law of primogeniture been followed the young man might have been wearing a crown instead of losing his life in the thick of battle.

The family has been known in America for a century. The first to come here was James Ord, a naval constructor of great ability, who was accompanied by a young man whom he called his nephew, but who was really the son of George IV., king of England. This boy, who took the name of James Ord, founded the house of the name in this country.

He was the father of Judge Pacificos Ord, an eminent jurist in California, who is now living at 1827 I street, N. W., Washington, and Dr. James Ord, who lives in Maryland and whose resemblance to the present prince of Wales has made him famous, as well as Gen. Edward O. C. Ord, who distinguished himself in the civil war.

SEAL LETTERS WITH WAX.

Trouble of the Postal Clerks in Puerto Rico with the Mucilage on Envelope Flaps.

Postmaster Robinson, of Puerto Rico, is experiencing some difficulty in handling the mail matter destined for the soldiers of Gen. Miles' army, because of the hot weather and humidity which prevails there. The mucilage on the flaps of the envelopes becomes moist, which causes the letters to adhere to each other, and in many cases they are mutilated in being torn apart, and some of them are unsealed when they reach the post office. This makes the service unsatisfactory, and Mr. Robinson has requested the department to issue an order requesting persons who communicate by mail with the soldiers in Puerto Rico to use sealing wax in sealing their mail. The department officials have the matter under consideration, and while they may not issue such an order they assert that it would be of advantage to the people if they would act on the suggestion of the postmaster at Puerto Rico.

UNITED STATES ARMY.

Strength of the Standing Forces is 50,000, an Increase of 23,523 Men.

Col. Ward, assistant adjutant general, estimates the strength of the regular army of this country at 50,000 men. This is an increase of 23,523 men since April 30. At the outbreak of hostilities the standing army of this country consisted of only 26,477 men, which is known as the peace basis. During the months of May, June and July the regular army was increased by 23,523 men. It is understood that as soon as congress meets a bill will be introduced providing for an increase in the regular army of at least 25 regiments.

ORIGIN OF KALAMAZOO.

This is the Pretty Legend That is Responsible for the Michigan Town's Name.

The name of Kalamazoo, like Oshkosh and one or two others, has come to be to foreigners a synonym of American absurdity. It is often chosen, for some occult reason, to illustrate that form of vernacular English known as "United States."

But all thought of ridicule vanishes when its romantic origin is considered, for it is the echo still lingering about the memory of two dusky lovers, who, in that long-gone time when Michigan was the home mainly of Indian tribes, lived and loved on the banks of the river which now bears their names.

Kahla, the young warrior, was straight of limb and eagle-eyed, while Mahzoo had been given by the Great Spirit the many graces and virtues for which Indian maidens have become noted in song and legend. Life to these two possessed all the charms which true affection has ever granted to lovers, and the days, as they came and went, brought only abounding joy.

Each summer evening, as the twilight deepened and the time drew near for her lover's return from the chase, the maiden watched from her bower in the swaying branches of a giant elm overhanging the river's edge for the first sign of his coming. As the bow of his canoe shot round the curve away in the distance her clear musical voice called to him: Kahla! Kahla!" and from the young warrior came in loving tones the response: "Mahzoo!"

MASONS IN THE WAR.

Noted for Their Intense Patriotism—Many of Them Enlist and Lodges Are Formed.

A large proportion of the soldiers who have gone or are making ready to go to the war are masons, an order universally noted for its intense patriotism, says the Chicago Chronicle. The "lodge" has been made to cover a multitude of small sins by those who needed a convenient excuse to be absent from home, but all true masons are none the less strongly attached to it. The question has been asked what masonic soldiers do in lieu of lodge meetings.

"They don't do without them," said Secretary Laffan, of the Wisconsin grand lodge of masons, recently, when approached on the subject. "Why, during our last war they had masonic lodges in the army. Some of the grand lodges granted dispensations for the organization of lodges.

"If the army was near a city they rented halls for meetings. If they were not near any city they held their sessions in an officer's tent. Officers of the army in many cases were members of the masonic fraternity, and it was an easy thing to have the tent in which the meeting was held sufficiently protected from intrusion. Guards were posted and no one was allowed within hearing distance unless they could pass the guard, who of course was a mason selected for the occasion."

MARINE ARCHITECTS.

The Most Skilled Are Unable to Find Their Way to Protect Ocean Liners from Disaster.

The cleverest marine architects have been unable to devise a scheme to protect the stoutest single screw liners, hit hard amidsthips or thereabouts, from disaster. Every steamship that has been struck far from land by even so modest a craft as a coal laden schooner has gone down, sometimes without the loss of a soul, as was the case of the Oregon, off Fire Island, on March 14, 1896, and sometimes with more than three-quarters of all on board, says the New York Sun.

The Ville du Havre, of the French line, was run down almost in the same way as La Bourgogne met disaster. The iron British ship Loch Earn hit the Ville du Havre in a fog in midocean on November 23, 1873, almost cutting her in two. She foundered, and only 240 out of 317 persons aboard were saved. The steamship Geiser, of the Thingvall line, was hit, off Sable Island in a fog on August 13, 1888, by the Thingvall, a sister ship, and 73 passengers and 33 of her crew were lost. The North German Lloyd steamship Elbe foundered in the North sea after being rammed by the little British steamship Crathle on January 30, 1895.

Only the steamships that collide head on have hope of salvation. They are protected by the collision bulkheads. A blow astern or at any point just forward or abaft midships is usually mortal.

Science Effects Wonders.

According to Natural Science, Dr. Olsen, of Norway, has learned by studying habits of microbes, to make cheese backward. He keeps a stock of the microbes of various cheeses, and out of a bowl of milk makes Gorgonzola, Stilton or Camembert, as required. This threatens a serious blow to the British farmer, for it is obvious that Dr. Olsen has only to follow the tracks of his microbes a little further back to produce the milk that makes the cheese and the cow that makes the milk. Then the British farmer will sit idly on a gate watching Dr. Olsen with a cage full of microbes turning a field of grass into choice Shorthorns and Alderneys.

The sentence has been affirmed on appeal.

FIXING TERMS OF PEACE.

The President and Cabinet Decide Upon the Policy of the United States.

THE COMMISSIONERS TO BE INSTRUCTED

There Will Be No Mistake as to the Attitude of the Two Countries—Sentiment as to the Philippine Question—Spain May Lose All—Instructions Not to Be Made Public.

Washington, Sept. 14.—Two important meetings of the cabinet were held Tuesday, at which the situation in the Philippines was carefully considered and an outline arrived at of the instructions which the peace commissioners will carry with them to Paris. It was first decided that there should be no mistake as to the attitude of the two countries. The United States will treat with Spain as a conqueror with the conquered. This much is established, and the commissioners will be clearly instructed to this effect. Cuba and Puerto Rico will not be subjects of negotiation, except incidentally. They were disposed of by the armistice, and the future government of Cuba will be established by the United States without reference to Spain's demands or wishes. The Philippine question will be only partially open to negotiation. That is to say, Manila bay, with the capital of the island, Cavite and the Corregidor islands, must remain as the absolute property of the United States. Sentiment of the Cabinet. The sentiment of the cabinet is that while the bay is the important thing,

expressed to the cabinet members that nothing concerning the instructions be made public. Thinks War May Reopen. Washington, Sept. 14.—The opinion of Maj. Gen. Joseph Wheeler, that the war is not over, and that Spain will refuse to give up the Philippines until forced to do so, is shared by many army officers and by members of the cabinet. President McKinley is not an optimist as to the continuance of peace, and he has insisted that the war department shall keep fully 100,000 volunteers in the service until the peace commissioners have succeeded in drafting a satisfactory treaty or have failed in this effort. The president has been importuned by senators, congressmen and governors to muster out particular regiments, but he has put his foot down and said that the war department shall maintain sufficient troops to be ready for any emergency, even that of resuming hostilities, in the event of failure to agree upon a settlement of the Philippine question. Situation at Manila. The officials at the navy and army department profess to feel more confidence than they have heretofore expressed regarding the present situation in the Philippine islands. In spite of all the disquieting reports that have come of late from newspaper sources indicating the existence of critically strained relations between the insurgents and the American forces of occupation, it is a fact that for three days past no word came to either state, navy or war departments from Manila until Tuesday. That was a message from Admiral Dewey asking authority from the departmental officers to purchase some fresh beef which would afford him a supply for three months. The admiral made no mention of any disturbance. One reason for the confidence felt by the war department officials in a

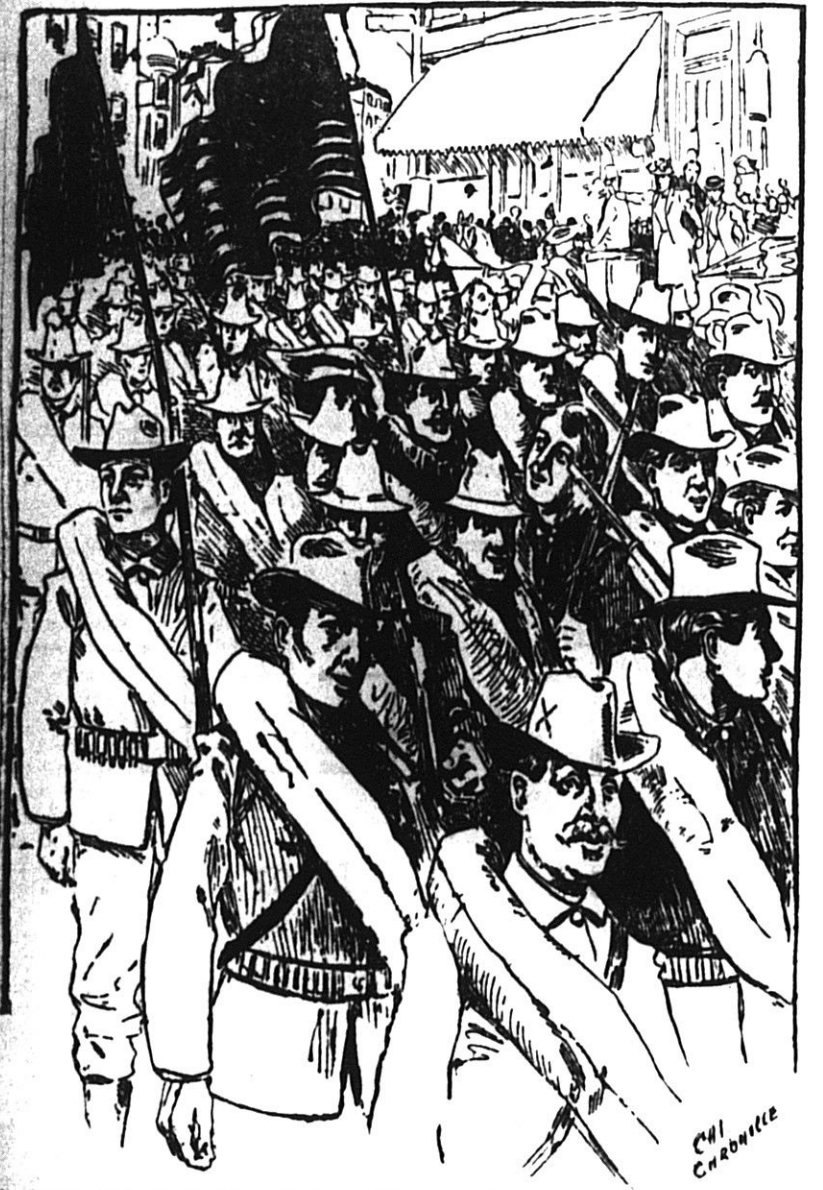

WEEKLY WAR HISTORY. Complete Record of Events Told in a Few Lines Covering All Important News.

THURSDAY, SEPTEMBER 8. Admiral Cervera called at the navy department in Washington and expressed thanks and gratitude for the kindly treatment accorded him and his men while prisoners of the United States. Maj. Gen. Nelson A. Miles and his staff, the Second regiment of Wisconsin volunteers and the hospital corps from Puerto Rico arrived in New York. Gen. Miles said that the health of the troops still in Puerto Rico was good. It is announced from Washington that no new legislation will be required to authorize the payment of pensions to the soldiers who were disabled in the Spanish war, and the widows of those who fell victims to bullets or fever. FRIDAY, SEPTEMBER 9. Owing to the danger of war with the Philippine insurgents, the war department has decided to dispatch 7,000 more troops to Manila. A committee of three Filipinos, appointed by Aguinaldo, have left Hong-Kong in order to confer with President McKinley upon the future of the Philippine islands. Secretary of War Alger left Washington to make an inspection of a number of the army camps, and will go as far south as Jacksonville, Fla., before returning to Washington. Gen. Otis, in charge of the United States forces at Manila, wired the president that he had given Aguinaldo, the rebel leader, 24 hours in which to evacuate the city, under penalty of being fired upon. SATURDAY, SEPTEMBER 10. President McKinley has decided that the Forty-ninth and Fiftieth Iowa regiments are needed and will be kept in the service. Advice from Manila are to the effect that Admiral Dewey considers the situation there as critical, Aguinaldo's exasperating conduct calling for the most careful management of affairs by the American commanders. Before leaving Washington to inspect the army camps Secretary Alger directed that an order be issued that instead of the regular allowance of ten dollars for the burial of a soldier \$35 shall be allowed, and the remains transported home at the government's expense. MONDAY, SEPTEMBER 12. The senate of Spain has adopted the Hispano-American protocol by a sitting and standing vote. Positive orders have been issued by Gen. Miles directing that Camp Wikoff be broken as soon as possible. The last of the Spanish prisoners at Guantanamo, Cuba, except Gen. Pareja, his staff and 80 men, who are very sick, have sailed for home. The American and Spanish commissioners held their first conference in the hall of the colonial parliament in Havana. The proceedings were private. TUESDAY, SEPTEMBER 13. Gen. Miles says that the troops to constitute the garrison of Cuba have not yet been selected. Gen. Wheeler stated at Decatur, Ala., that he firmly believed that the war with Spain was not over. Rear Admiral Dewey says he considers the situation in the Philippines critical and he has asked for an additional cruiser and a battleship. The City of Rome, with Admiral Cervera and staff and over 1,700 Spanish prisoners, sailed from Portsmouth, N. H., for Santander, Spain. In the Spanish senate Count d'Almenas said that Gen. Weyler, Gen. Blanco, Gen. Primo de Rivera and Admiral Cervera ought to be disgraced. Gen. Miles is working out plans for the reorganization of the army. He contemplates the formation of four corps, composed of 100,000 volunteers, to be retained in the service and the regular army. Reports submitted to Gen. Brooke by the various commanders show that 17 per cent. of the American army of 11,000 men in the island of Puerto Rico are on the sick list. The men are mostly afflicted with typhoid malaria. The death rate is small. WEDNESDAY, SEPTEMBER 14. The war department announces that no more troops will be mustered out. Only one regiment, the Sixth United States volunteers, now remains at Chickamauga. Secretary Day says that the work of the peace commission will probably be done in six weeks. It is reported that Gen. Maximo Gomez, the insurgent commander in chief, had tendered his resignation because he objected to American control in Cuba. Gen. Shafter called at the war department and submitted his report on the Santiago campaign. It covers from beginning to end the operations of the army under his command in Cuba. It is announced that at a cabinet meeting it was decided to forever hold the island of Luzon, in addition to the city of Manila, and that definite instructions looking to such a policy would be given the American peace commissioners. Territory of Hawaii. San Francisco, Sept. 10.—Advices from Honolulu say that the Hawaiian commissioners have decided upon the name of "Territory of Hawaii" as the name hereafter to be used to designate the islands. The form of government will be modeled on that of existing territories. It is probable that in working out the details the form of government will not approximate so closely to that of state government as the ordinary form of government does. But the ultimate possibility of statehood will not be barred. The Maine Election. Portland, Me., Sept. 13.—The state election Monday resulted in the success of the full republican ticket as follows: Governor, Llewellyn Powers, of Houlton; congressmen, First district, Thomas B. Reed, of Portland; Second district, Nelson Dingley, of Lewiston; Third district, Edwin C. Burleigh, of Augusta; Fourth district, Charles A. Boutelle, of Bangor. Swept by Fire. Prescott, Ariz., Sept. 12.—The town of Jerome, near here, was completely wiped out by fire yesterday, entailing a loss of over \$1,000,000 in property. Eleven bodies have been recovered, while a score or more are in the ruins. In all 175 buildings were burned. Went Through a Bridge. Texarkana, Tex., Sept. 13.—A passenger train on the Texas & Pacific railroad plunged through a bridge near here and four persons are reported killed and a number of others more or less seriously wounded. Killed at a Crossing. Wichita, Kan., Sept. 14.—Mrs. Sarah Avery, Mrs. W. H. Ford and John Chery were killed at a railway crossing in this city, and eight other persons were injured, two fatally. Over the Falls. Niagara Falls, N. Y., Sept. 14.—Peter Schamm, a Philadelphia brewer, jumped from the Goat Island bridge and his body was swept over the American falls.

THE FAD BOATS. The Ram Katahdin and Dynamite Cruiser Vesuvius to Be Placed Out of Commission. It has been decided by the navy department to place the dynamite cruiser Vesuvius out of commission, and it is doubtful if this vessel will again form a part of the navy. Experts do not regard the Vesuvius as being a success. Upon investigation it appears the work done by the dynamite cruiser at Santiago was not near so effective as was at first reported. The main trouble with the Vesuvius is that its guns are immovable, and hence its fire is not accurate. In order to aim the guns upon this vessel the position of the cruiser has to be changed. An officer in the navy department said in speaking of the Vesuvius: "It was never known to hit but one thing, and that was the island of Cuba. It is believed that in an actual engagement with a warship it would be worthless." The ram Katahdin will also be placed out of commission. Both these vessels were in a measure experiments, and upon repeated tests have proven to be failures. A STRANGE CIRCUMSTANCE. Favorite Music Before Capitulation of Santiago Was the "Star-Spangled Banner." The Casino Espanol, or Spanish club, in Santiago, much frequented by the Spanish officers, has for some time boasted a gramophone, which was a source of joy and delight to the club members before the capitulation. Strangely enough, through the long night's of the siege, the favorite piece of music which they were in the habit of having repeated four or five times an evening was "The Star Spangled Banner," which greatly pleased their musical souls, although they were entirely ignorant of its origin or significance. As fate would decree, on the morning of July 3, when the American flag was hoisted over the governor's palace, the regimental band of the Sixth cavalry played with the utmost gusto this self-same air, whose full meaning then broke upon the assembled Spanish officers with unusual force and with no little discomfort to their already ruffled feelings. The Speed of the Blood. It has been calculated that, assuming the human heart to beat 60 times a minute at ordinary heart pressure, the blood goes at the rate of 207 yards in a minute, or seven miles a day, and 61,320 miles a year. If a man 84 years of age could have one single corpuscle floating in his blood all his life it would have traveled in that time over 3,150,000 miles. Nile on a Rampage Again. THE RETURN OF OUR SOLDIER BOYS.

A Scene Which Is Now Being Witnessed Daily in Scores of Western Towns.

military and commercial necessities would probably involve the whole island of Luzon, and this is likely to be the minimum of the American demands. The cabinet is nearly if not quite a unit on this point. As to the rest of the Spanish islands there is some slight difference of opinion. It is agreed by the president and his advisers that the natives are not capable of self-government now and probably will not be for generations to come, so that the idea of an independent government with an American protectorate would be too much in the nature of a 99 year lease to be considered feasible. The cabinet was also apparently agreed that Spain's misgovernment of the Philippines was practically the same as that in Cuba, and hence that the reasons which rendered necessary its abolition in the West Indies were equally potential in the China seas. Spain May Lose All. There is nearly unanimity of opinion that none of the Philippines shall revert to Spain. The disposition of the islands outside of Luzon is still open. The sentiment at the conferences was that military and commerce advantages would probably be complete with the possession of the island of Luzon, and that in fact the problems of colonial government would be much easier if the United States did not control the other islands. It was felt, however, that the United States could not afford to select a part of the conquered territory likely to be peculiarly profitable and then shrink from the burden and responsibility of bringing a civilized system of government to the whole group. Not to Be Made Public. Washington, Sept. 14.—The cabinet at its second session Tuesday continued the discussion of the instructions to be given to the American members of the peace commission. Although the document is practically agreed upon as a whole, the matter will be left open until the meeting here of the members of the commission, two days hence, when a final revision will be made. It is the president's wish as

STORIES OF THE STREET.

HOLLAND PEOPLE ARE TALKING ABOUT
IT ON EVERY CORNER.

It is sometimes an easy matter to
fool the public, but you can't keep it
up very long. They are sure to find
you out; and every time a man is fooled
another skeptic is made. Skepticism
is allowable when reading in a home
newspaper about some incident occur-
ing in California or Iowa, but the cir-
cumstances are entirely different when
it refers to some one right here at
home, friends and neighbors, people
you know, whom you can see, and with
whom you can talk it over. This is
the kind of evidence at the back of
Doan's Kidney Pills—home state-
ments by home people, and the aston-
ishing local work they have been do-
ing has caused more talk among our
citizens than the doings of any other
modern wonder. Read the following:

Mr. John Lockhart, of 28th street,
near Central avenue says: "There is
nothing I can recommend with more
pleasure than Doan's Kidney Pills. I
was in a bad way for years but recent-
ly I became much worse and after try-
ing everything I knew of without suc-
cess Doan's Kidney Pills removed the
trouble and put me on my feet as well
as ever. I had a constant, aching
headache in my loins and kidneys so
that at times I could hardly keep
around. I could not rest comfortably
in any position and after a restless
night would get up feeling as
tired as when I went to bed. The
kidney secretions became irregular,
frequent and unnatural. I used dif-
ferent remedies but did not receive
any benefit. Seeing Doan's Kidney
Pills advertised I procured a box at J.
O. Doesburg's drug store and tried
them. They did me so much good that
I got another box and then another.
I can say now, that I am thoroughly
cured of the trouble."

DEFAULT HAVING BEEN MADE IN THE
conditions of payment of a certain mort-
gage made and executed by Pieter Oosting
and Francena Oosting his wife, of the city of Hol-
land, county of Ottawa and state of Michigan,
parties of the first part, to the Ottawa County
Building & Loan Association of Holland, Michi-
gan, a corporation, party of the second part
dated the 5th day of October, A. D. 1895 and re-
corded in the office of the Register of Deeds of
Ottawa county, Michigan, on the 16th day of Oc-
tober, A. D. 1895, in Liber 47 of Mortgages on page
370, on which mortgage there is claimed to be
due at the time of this notice the sum of Five
Hundred Eighty-nine and 84-100 dollars (\$ 89.84),
beside an attorney fee of Twenty-five dollars
(\$25.00) provided for by law; and no suit or pro-
ceedings having been instituted at law or in
equity to recover the debt secured by said mort-
gage or any part of it, and the whole of the prin-
cipal sum of said mortgage together with all ar-
rearages of interest thereon having become due
and payable by reason of default in the pay-
ment of interest and installments of principal
and fines imposed according to the by-laws of
said Association on said mortgage on the days
when the same became due and payable, and
the non-payment of such interest, installments
and fines being in default for the space of more
than six months after the same became due
and payable; wherefore under the conditions
of the said mortgage the whole amount of the prin-
cipal sum of said mortgage with all arrearages
of interest thereon at the option of the said party
of the second part became due and payable
immediately thereafter; and the said Ottawa
County Building & Loan Association of Holland,
Michigan, hereby declares its election and option
to consider the whole amount of said principal
sum of said mortgage due and payable

Notice is therefore hereby given that by vir-
tue of the power of sale in said mortgage con-
tained and the statute in such cases made and
provided, said mortgage will be foreclosed by sale
at public vendue of the mortgaged premises, or
so much thereof as may be necessary to pay the
amount due on said mortgage with said costs of
foreclosure and sale including said attorney fee
of Twenty-five dollars (\$25.00), said sale to take
place at the north outer door of the Ottawa
County Court House in the city of Grand Haven,
Ottawa county, Michigan (that being the place
where the circuit court for the county of Ottawa
is holden), on Monday, the Fourteenth day of
November, A. D. 1898, at ten o'clock in the fore-
noon of said day. The said mortgaged premises
to be sold being described in said mortgage as
follows: All that certain piece or parcel of land
situated and being in the city of Holland, county
of Ottawa and state of Michigan, and de-
scribed as follows, to wit: Lots numbered three
(3), four (4), and fifteen (15) in block numbered
eight (8) in the south west addition to said city,
except a part of lot three (3) described and
bounded as follows: commencing at the north
east corner of said lot three (3), thence south on
the east line of said lot, ninety (90) feet; thence
west twelve (12) feet; thence north ninety (90)
feet to the north line of said lot; thence east
twelve (12) feet to the place of beginning, ac-
cording to the recorded plat of said city.

CRIME OF AN ASSASSIN.

Elizabeth, Empress of Austria,
Stabbed to Death by a Villain
on the Quay at Geneva.

THE MURDERER AN ITALIAN ANARCHIST

He Is Captured While Attempting to
Escape—Glories in the Deed—Great
Grief in Vienna Over the Horrible
Deed—The Grief of the Aged Em-
peror Is Affecting.

Geneva, Switzerland, Sept. 12.—
Elizabeth Amelia Eugenie, empress of
Austria and queen of Hungary, was
assassinated at two o'clock Saturday
afternoon as she was walking from the
Hotel Beauvillage, where she had been
at luncheon, to the steamboat dock.
She intended taking a steamer to the
Castle Chillon, at Territet, and was ac-
companied only by the ladies of her
suite. As the empress was passing the
Brunswick monument a rough-looking
man rushed at her and struck her a
blow in the chest, which knocked her to
the ground. The ladies with her
picked her up and carried her to the
boat, while her assailant ran away.
The empress was carried on a litter to
the hotel. A physician and the mayor

EMPERESS ELIZABETH OF AUSTRIA.

were called and everything possible
was done to restore her majesty, but
she breathed her last at three o'clock
without regaining consciousness.

Stabbed with a File.

A more careful examination was now
made and it was discovered that the
empress had been stabbed to the heart
with a stiletto apparently made from a
triangular file. After striking his
death blow the assassin ran along the
Rue Alps, but was caught by two men,
who handed him over to a gendarme.
He proved to be Luigi Laocchini, an
Italian anarchist from Paris. When
arrested he said: "I have struck well
She must be dead. I came to Geneva
purposely to assassinate her." The
empress had been staying at Mont-
caux, near Geneva. Her majesty was
visiting Geneva for pleasure, accom-
panied only by her suite.

Great Grief in Vienna.

Vienna, Sept. 12.—The news of the
assassination became known here
shortly before six o'clock Saturday
evening. It spread like lightning. The
streets suddenly filled with multitudes
of people, many becoming impassable
for vehicles. Extra editions were in-
sued by all the papers.

The Emperor's Grief.

The emperor's fortitude is the topic
of universal admiration. He is bear-
ing up manfully despite the terrible

FRANCIS JOSEPH,
(Emperor of Austria.)

shock, which, in view of his age, had
inspired the greatest apprehension.
Although at first stunned and then
slightly hysterical, he soon regained
his self-control, and displayed re-
markable calmness. Occasionally,
however, completely overpowered by
his grief, he moaned piteously, re-
peatedly sobbing the name of the em-
press. Addressing Prince Von Liecht-
stein, chief marshal of the imperial
household, he exclaimed Saturday
evening: "It is inconceivable how a
man could lift his hand against one
who never in her life injured anybody,
one who did nothing but good." Then
he moaned: "Nothing is spared to me
in this world."

Dispatches of condolence are arriv-
ing at the palace from all parts of the
world, testifying to profound horror
and sympathy. Among them are mes-
sages from President McKinley, from
Emperor William and from nearly all
the European sovereigns. The court
will go into mourning for six months.

The Late Empress.

The empress of Austria was born De-
cember 12, 1837. She was a daughter of
Duke Maximilian of Bavaria, and was mar-
ried to Francis Joseph, emperor of Austria
and king of Hungary, April 24, 1854. They
had three children, Archduchess Gisela,
who is married to Prince Leopold of Ba-
varia; Archduke Rudolph, who married
Princess Stephanie of Belgium, and who
was (seemingly) assassinated in 1889, and
Archduke Franz Salvator, of Austria-Tus-
cany. The late empress was an enthusias-
tic horsewoman.)

Benjamin Jones, 68 years of age, was
taken from the Clay county jail at
Liberty, Mo., by a mob and hanged for
assaulting a girl aged 11 years.

Dr. Miles' Nervine

A REMEDY FOR THE
Effects of Tobacco.

THE excessive use of tobacco, especially
by young men is always injurious and
undoubtedly shortens life materially.
Mr. Ed. C. Elsen, compositor on the Contra-
Costa News, Martinez, Cal., writes: "I have
used Dr. Miles' Restorative Nervine and re-
ceived much benefit from it. I was troubled
with nervousness, dizzy spells and sleepless-
ness, caused by the use of tobacco and stim-
ulants. I took Dr. Miles' Nervine with mar-
velously good results, allaying the dizziness,
quieting the nerves, and enabling me to
sleep and rest, proving in my case a very
beneficial remedy." Dr. Miles' Restorative
Nervine is especially adapted to restoring
the nervous system to its normal condition
under such circumstances. It soothes, heals
and strengthens.

Bodily pain loses its terror if you've

burns, cuts, sprains, accidents of any
sort.

The flag under which all women
should march is the banner of good
health. A woman owes it
to herself, her husband
and children to enlist
under this flag. If she
does not do so she will
live a life of wretchedness
herself and unless her
husband is an exception-
ally good man, he will be-
come indifferent to her,
her home will be unhappy
and her children will be
puny and sickly.

Ill-health in a womanly
way may almost invari-
ably be traced to weak-
ness and disease of the
female organs that are
the vestibule of human life.
No woman can enjoy good,
general health who is dragged
down by continual pain and
local weakness. Troubles of this descrip-
tion utterly unfit her for wifehood and
motherhood. Dr. Pierce's Favorite Pre-
scription gives health, strength, elasticity
and vigor to the special organs concerned.
It makes a woman strong and healthy in a
womanly way. It gives the nerves a rest
from pain and an opportunity to build up.
It makes motherhood safe and compara-
tively easy. It transforms weak, sickly,
despondent women into happy, healthy
wives and mothers.

Jas. Caswell, Esq., of Ocheltree, Johnson Co.,
Kans. (P. O. Box 64), writes: "My wife was
troubled with prolapsus, or 'female weakness,'
for several years. She was not able to do her
work, she had such bearing down pains and pain
in her back. Her periods were irregular, vary-
ing all the way from two to six weeks. By the
time she had taken four bottles of the 'Favorite
Prescription' and two of the 'Golden Medical
Discovery' and two of the 'Pleasant Pellets' she
was completely cured."

Every day, a dose. Once you start, you
can never stop them. That is the way with
some so-called remedies for constipation.
It is different with Dr. Pierce's Pleasant
Pellets. They are a positive, complete and
permanent cure for constipation and they
don't become a habit. One "Pellet" is a
gentle laxative and two a mild cathartic.
Druggists sell them. Nothing else is
"just as good."

One Girl's Story.

This is an occurrence in the life of a young girl
who had a near approach to death, and of the mar-
velous manner in which she was rescued.

Eighteen years ago Miss Mabel Shields
was born in Chicago.

The most remarkable fact about her is,
that she is alive to-day, living with her
mother at 4846 West Congress Street, and
enjoying excellent health.

Two years ago she commenced to fail,
a number of complications setting in, inci-
dent to budding womanhood.

Her experience and sufferings during those
two years were not only distressing but ter-
rible. At last, utterly discouraged, she found
relief and perfect health.

Her own story relating this experience
will be a matter of great interest to hun-
dreds of young women who are passing
through the same period of life fraught with
danger and death.

Miss Shields said: "Two years ago I
commenced to fail in health. At first I did
not pay much attention to my failing health,
thinking I would mend shortly.

"I grew worse week after week till I be-
came so bad that I was obliged to receive
medical treatment.

"I went to the best hospital here for six
weeks, but was not benefited.

"I had a terrible throbbing in my head
day and night; my whole system was on
the verge of a nervous collapse, and for
weeks I could not sleep. I then went to a
famous eye and ear infirmary.

"The physician there believed at first that
something was growing in my ear, but after
receiving treatment from him some time,
finally told me there was no such growth,
but it was purely a case of extreme ner-

vousness and bad state of the blood. He
was not able to give me any relief.

"I lost all color, had no good blood, and
when I held up my hands you could at-
most see through them. I was so weak
that I could not walk up stairs.

"I was completely discouraged, for the
physical state I was in was deplorable.

"One of my friends suggested that I take
Dr. Williams' Pink Pills for Pale People,
which I finally did.

"After having used the pills in one box
I felt much better. I kept taking the pills
and grew stronger each week, my nervous-
ness decreased and I regained flesh and
health.

"After I had taken the fifth box of pills
I did not have any throbbing in my head
and I was as strong as I had ever been.

"To-day I have a healthy color, a good
appetite, and the nervousness has left me.
In the last two months I have gained flesh
rapidly and am in perfect health.

"This marvelous change in my condi-
tion is entirely due to Dr. Williams' Pink
Pills, and I cannot say too much for them."

That there be no doubt regarding this
story, Miss Shields made affidavit before
Notary Public L. L. James.

"Dr. Williams' Pink Pills for Pale Peo-
ple are composed of vegetable remedies that
exert a powerful influence in purifying and
enriching the blood. Many diseases long
supposed by the medical profession to be in-
curable have succumbed to the potent in-
fluence of these pills. This universal remedy
is sold by all druggists.

THE BEE HIVE

Is now ready to show the public a complete line of

Fall Dress Goods, Underwear, Hosiery and Blankets

and as to prices it is not necessary to spread it on paper, as the public knows well that we are selling goods at the lowest prices. You might buy a piece of shadow goods or a damaged blanket cheaper somewhere else, but for reliable goods there is no other place that can undersell

...The Bee Hive.

Our lot No. 553.

The Boston Store Special Sale and FALL OPENING!

During Fair Week Sept. 19th to Sept. 26th.

THE WONDERFUL BARGAINS

in this great opening sale will be a great surprise to the people who know real values; and will show you that no matter what you wish to buy, you can do better in this store than in any other house in this part of the state. The great growth of our business is due to our solid business methods and selling solid up to date goods at very low prices, which draws distant trade and induces home people to buy for cash.

These bargains clearly illustrate how to save money.

But they represent only a few of the many bargains that await you here during fair week.

For the HOLLAND CITY NEWS.

Welcome.

We welcome home the brave returned
Within whose hearts so brightly burned
Those holy, patriotic fires;
In thought we take them by the hand
And bless them that for our dear Land
They have fulfilled their good desires.

Their good desires, that at the call
Of Country, they might brave it all,
Leave home, for whatso'er befall,
And go where even their next breath
Might mean to them a soldier's death!
No more could man do; they did well.

And now for them and for us all
Again prosaic duties call,
Life's battles always to be fought;
The great world's voice, we all may hear it,
Calls for a sacrificing spirit
—And brightly deeds that may be wrought.

Up, up San Juan's heights we all may go,
Temptations, trials—whatso'er the foe—
May be intrenched, but strife will cease.
Then with the prisoners upland
The protocol at length is signed,
And to the Soldier cometh peace.

OFFICIAL.

Common Council.

HOLLAND, MICH., Sept. 14, 1898.

The common council met pursuant to adjournment and was called to order by the mayor.
Present:—Mayor Mokma, Alds. Kleis, Kanters, Schoon, Takken, Van Patten, Habermann, Westhoek and Kooyers and the clerk.
The reading of minutes and regular order of business were suspended.
The clerk reported that pursuant to resolution passed by the common council August 23, 1898, he had given notice of the filing of profile, diagram and estimate of cost of grading and otherwise improving Sixteenth street and of the Sixteenth street special street assessment district, for two weeks in the HOLLAND CITY NEWS, and that objections thereto have been filed by J. C. Post and others.
By Ald. Kooyers,
Resolved, that the grade of Sixteenth street be established according to the profile from Columbia avenue to the quarter post between sections 30 and 31 in the centre of Ottawa avenue, so-called, with a raise of one foot at Columbia avenue and the lowering of 1.40 foot at First avenue.
Which resolution prevailed by yeas and nays as follows:
Yeas:—Alds. Kleis, Kanters, Schoon, Takken, Van Patten, Habermann, Westhoek—6.
Nays:—Ald. Kleis, Kooyers—2.
By Ald. Habermann,
Resolved, that the matter of the legality of changing the length of Sixteenth street special street assessment district be referred to the city attorney for investigation and report.—Carried.
The board of assessors were instructed to prepare annual assessment rolls for the following special street assessment districts: First ave., East Twelfth and Fifteenth streets.

The Omaha Exposition.

When the World's Fair at Chicago ceased to exist, it was supposed that we should never look upon its like again. However the Trans-Mississippi Exposition at Omaha has effectively reproduced in similarly all of the buildings which made the White City so attractive in 1893.

It does not now take weeks to wander through grounds and structures and then be compelled to go away with a jumble of ideas for the Omaha Expo-

sition people have profited by past experience, and have so improved the arrangement of exhibits that no more than two or three days of time need be consumed in admiration and inspection of the marvelous resources of the West, collected together in the chief city of Nebraska.

Even the New Midway, is a reproduction of the far-famed Street of all Nations of 1893, with many improvements upon the original.

The electric lighting of the buildings, grounds and lagoon at night makes a scene of enchanting beauty, alone worth traveling a thousand miles to see.

The means of communication between the city and the grounds are

ample, and the distance to be traversed is short.

The ways of reaching Omaha are innumerable, but chief among them is the direct Chicago and Omaha short line of the Chicago, Milwaukee & St. Paul Railway, with its electric-lighted vestibuled trains, leaving Chicago every morning at 6:15 p. m., and arriving at Omaha at 8:30 the next morning. Dining car service en route.

Excursion tickets are on sale at every coupon ticket office in the United States over the Chicago, Milwaukee & St. Paul Railway through Northern Illinois and Central Iowa, as well as at 95 Adams St., and at the Union Passenger Station, Canal and Adams streets, Chicago. 33 5w
