PARENTS OF SOLDIER GET LETTER FROM KING GEORGE

MR. AND MRS. C. P. ZWEMER ARE
HONORED BY ENGLISH
SOVEREIGN

It is quite an honor to get a letter from a governor or a president's secretary but when a king addresses you personally that is going some.

Mr. and Mrs. C. P. Zwemer, 27 West 16th street are the proud possessors of a letter from King George of England. Their son is now in France and the sovereign of Great Britain who has sent to the parents of many of the American soldiers a beautiful tribute to their bravery and sacrifice, also mailed a communication to these Holland folks.

The letter is on Windsor Castle stationery with the English coat of arms in gold over the top.

The letter addressed to Mr. and Mrs. C. P. Zwemer from King George follows:

"Soldiers of the United States, the people of the British Isles welcome you on your way to take your stand beside the Armies of many Nations now fighting in the Old World the great battle for human freedom.

The Allies will gain new heart and spirit in your company. I wish that I could shake the hand of each one of you and bid you God-speed on your mission.

GEORGE R. I.

April, 1918.

FORMER HOLLAND MAN IS OFFERED COLLEGE POST

Rev. A. Van Arendonk of Grand Haven, formerly of Holland has been tendered the position of financial agent for Central College at Pella, Iowa. The college which is under the direction of the Reformed church is one of the important institutions of learning in the denomination. Mr. Van Arendonk has not as yet given his decision in the matter.

LOCAL BUTCHER VIOLATES HEALTH ORDINANCE

SELLS CHICKEN ONE WEEK OLD
TO A HOLLAND BUSINESS
MAN

One business man made a complaint to Health Officer Dr. B. B. Godfrey involving a local butcher who is said to have sold a chicken to said business man, claimed to be a week old, at 40c a pound.

When the chicken was brought home the business man found that the springer was an old bird, had not been drawn and was surrounded by several violations of the city of Holland's health rule book.

The butcher made good the price of the chicken and promised to live up to the law in the future.

The rule that was violated was No. 9, which follows:

Rule 9—It shall not be lawful for any vendor of meats, poultry, fish, vegetables, fruits, candy or confectionery to expose the same on the outside markets, stalls, or streets, or in open windows or doorways, unless constantly protected from dirt, dust, filth, flies, any any injurious substance; it is also required that all fish and poultry, intended for sale in the City of Holland, shall be drawn and properly cleaned immediately after being killed.

LADY HURT ON THE BAD SIDEWALKS

Alderman Dykstra reported at last night's meeting of the Common Council that a lady was severely injured at 208 West Thirteenth street where the sidewalk was bad.

Bad walks were also reported on East Eighth street in front of Huizenga's jewelry store and in front of the John Nies hardware store. All three walks were ordered placed in condition immediately.

COUNCIL TOOK LAUGHING GAS LAST NIGHT

The meeting of the Common Council lasted just eight minutes by the town clock. Mayor Bosch rushed business thru in a hurry and at that there was a great deal accomplished in so short a time.

Notwithstanding the expeditious manner in which the meeting was handled the council had its little laugh at the expense of the petitioners from Sixth street.

A petition was presented coming from the residents on Sixth street asking that gas mains be laid on said street immediately.

The request was so ridiculous at this time that it caused the city fathers to break out into loud laughter. The matter was referred to Judge Sessions.

Joe Skinner formerly with the White Cross barber shop of this city has moved to Pennville, Mich., where he will be connected with the Pennville Fruit Exchange.

BOARD OF PUBLIC WORKS MUST
HAVE A NEW PUMP AT
WATER WORKS

Matter Come Up Last Night in Council;
Will Hasten Matter Thru Com-
mittee on Ways and Means

The Board of Public Works needs a new pump at the Water Station on 5th street and they need it in a hurry.

The Common Council referred the matter to the committee on ways and means and Mayor Bosch says he will call a special session if the matter warrants haste.

The communication of the Board to the Council is self-explanatory and follows below:

To the Honorable, the Mayor and Common Council of the City of Holland, Michigan.

Gentlemen:
Two years ago the condenser pump on the 500 k. w. steam turbine became so inefficient that it was overhauled and many new parts installed. This pump is worn so thin that further repairs are very impractical and the utmost care is necessary to secure favorable vacuum.

This machine was in constant operation for ten years preceding the remodeling of the Fifth Street Station. The practice at the 5th Street plant is to operate the 1000 k. w. turbine continuously excepting Sundays, and carrying the Sunday load on the 500 k. w. machine. In case the large machine should break down during the week the 500 and 300 machines would assume the load of the larger one. The 500 k. w. turbine is running very inefficiently and the condenser is in such condition that it is not safe to use as a reserve for power.

Thorough investigation has been made and it is imperative that a new condenser pump and driver be installed. With the priority order number we are given the new installation can be made in about ninety days from the date of order. The cost of condenser pump and driver is approximately \$3,800.

In view of the existing conditions, both in the use of the present equipment and the securing of new it is necessary that action be taken at once to make the change. The above is submitted as a recommendation for your approval.

Respectfully,
BOARD OF PUBLIC WORKS,
Wm. Winstrom, Clerk

POLICE GET MORE MON- EY; SO DOES CHIEF

DRIVERS OF THE FIRE TRUCKS
ALSO RECEIVE SUBSTANTIAL
RAISES

The police are jubilant today over their two-bit raise that they received at a recent meeting of the Board of Police and Fire Commissioners.

The police felt that with the high cost of living the city should give them a small advance in their pay check. The Board feeling that every man was faithfully and constantly on the job, gave each patrolman .25 a day more for 365 days a year.

Chief Van Ry was also not forgotten, his salary being raised from \$1200 to \$1300 a year.

The drivers of both fire trucks and teams were raised from \$75 a month to \$1000 a year.

The patrolmen at present including the raise get \$3.25 a day, seven days a week. The raise is deserved and no one in Holland will begrudge the action of the Board of Police and Fire Commissioners.

WOMAN MASQUERADES IN MAN'S CLOTHING

WAS ARRESTED FOR INDECENT
LIVING; GETS SIXTY DAYS
SENTENCE

Miss Edith Stevens of Toledo, Ohio, who has been around Holland for the past few weeks was sentenced to 60 days in the county jail for being a prostitute.

The police caught the Toledo woman and a local man near the city water works and she pleaded guilty to the charge.

The woman had her hair cut short and says that in many cities, including Holland she passed as a man and donned men's clothes and did men's work. The miss claims to be 43 years old.

CHURCH ASKS FOR LICENSE TO BUILD EDIFICE

FIRST BUILDING LICENSE AP-
PLIED FOR UNDER BUILDING
ORDINANCE

Large Coal Bin and Office For the
Holland Fuel Company Is
FIRST

While building progress in Holland was rather slow the council members thought it wise to draft an ordinance preparatory to the time when Holland would take another spurt in that direction and for that reason a city building ordinance was passed at the last meeting of the council. It is a law that has been hashed and re-hashed until the city fathers had what they considered a fairly workable document.

The time to apply this ordinance came sooner than the members of the council had anticipated. In fact two weeks after its passage a double-header application came in asking for a license to build.

The first request to build was received from Cecil Huntley of the Holland Fuel Co. who asks for the privilege of building a large coal bin and an office at the yards on West 12th-st. at a cost of \$3,500. The Pere Marquette Co. will begin to lay side tracks next week and the coal company was anxious to get the permit granted so that there would be no unnecessary delay. The matter was left to a special committee.

The second request came from the consistory of the Sixth Reformed church on Lincoln avenue. This congregation is ready to build an \$8,000 church and were anxious to begin the building operations before cold weather sets in. The special committee will also go over this application.

The new buildings ordinance seems to be an omen of good luck in the building line in Holland. This trade has been lamentably dormant here for a long time. Let us hope the omen may bring a picnic plant or two to Holland.

SOME TAXES STILL REMAIN UNPAID

City Treasurer Gerrit Appledora shows in his report to the Common Council that \$8,907.93 remains uncollected and that from now on a collection fee of four per cent will be added. The total amount that had to be collected was \$172,010.92. The amount that had been collected up to Sept. 1 was \$164,002.99.

MUST ASK YOU SLOW ONES TO PAY UP

DON'T WAIT FOR A STATEMENT
COME IN ANYWAY

After Sept. 15 we start to cut down our list and slow pay will be cut off first unless they at least try to pay. Don't wait for a statement, some are being sent but we may not be able to get all out in time. If you can't pay all at once show your good intentions by paying some on account.

The United States government has sent an order to every newspaper printed in the country to cut down the issues of their paper 15 per cent.

This must be done in some way and the government points out several ways that may be followed.

The government does not care how it is done provided a saving of 15 per cent in print paper is made.

The Holland City News is sending 100 papers to the soldiers weekly without charge. These positively will not be cut off.

We however advise the slow-pay subscribers to make remittance as soon as possible for the cutting will start there first.

It is your patriotic duty to remit as soon as statements are received, or call at the office.

This government order does not apply to the Holland City News alone but to every publication printed in the United States.

Office open from 7 a. m. until 6 p. m. every day. Wednesdays from 7 a. m. until 9:30 p. m.

DIES AT AGE OF SEVENTY-NINE

Henry Vegter, aged 79 years, died this morning at his home at 418 Central avenue after suffering a stroke of paralysis. Mr. Vegter has lived in Holland for many years. For a long time he was a sailor on the lakes on the run between Holland and Chicago, but for some time he has lived in retirement.

The deceased is survived by a wife and two daughter, Miss Katherine at home and Mrs. George E. Merrill of Detroit. The funeral arrangements have not yet been completed but they will be announced later.

ZEELAND

Mr. and Mrs. B. Wiersma and Dr. and Mrs. Van Kley motored to Chicago in the latter's machine and will return this week.

Mr. and Mrs. H. Miller and family and Mr. and Mrs. D. De Bree returned after resorting last week at Macatawa Park.

John and Maynard DeVries of Detroit and Mrs. H. De Kruif and daughter Lois motored to Detroit. Mrs. De Kruif will visit in Detroit and Louis will visit in Detroit and Ann Arbor.

From to Mr. and Mrs. H. Canole of Grand Rapids—a daughter. Mrs. Canole was formerly of this city.

Mrs. J. Barr and daughters Grace and Janet have returned after spending two months in Chicago.

The Zeeland Public Schools will be open next Tuesday morning at the usual time after two months of recess. A great deal of repair work has been done in the way of improvements generally about the buildings and rooms. Everything is in tip-top condition, and is ready for the return of the scholar and teacher on the opening day of school.

Supt. Wm. Puchner has examined all the history and other text books in search of any unpatriotic phrases which might instill any essence of disloyalty into the minds of our future men and women. He found none, however, and will allow the study of the books now on hand. The study of French will be introduced to displace the Hun language which was studied heretofore. A two-year course in French will be considered.

Besides the superintendent, the following comprise the teaching staff: Miss Myrtle McClatchie, science; Miss Margaret Den Herder, social sciences; Miss Nina Lindeman, English and history; Mrs. Roy Fritchie, mathematics; Miss Henrietta Van Zee, English; Miss Xenia Mason, Latin; Miss Edith Lackie, 8th grade; Mrs. Sallie Patton, 7th and 8th grades; Miss Martha Ellen, 7th grade; Miss Janet Schapp, 6th grade; Miss Effie Werkman, 5th and 6th grades; Miss Henrietta Vanden Berg, 4th and 5th grades; Miss Louise Wieringa, 4th grade; Miss Cora VanLoe, 33rd grade; Miss Anna Huizinga 1st grade; Miss Goldie Hensley, kindergarten; and Miss Jeanette Rysdorp, music and drawing.

OLIVE CENTER

The annual family reunion of Mr. and Mrs. John Knoll which has formally been held at their home at Olive Center on Labor day was held last Monday at Port Sheldon. The day was spent with bathing, sports of various kinds, a wiennie and marshmallow roast, very good time was reported by all. Those present were Mr. and Mrs. John Knoll, Johanna and Jennie Knoll from Olive Center; Mr. and Mrs. John Knoll Jr., Mr. and Mrs. Jack Knoll, Mr. and Mrs. Chas. Rissijada all of Holland; Mr. and Mrs. Al Knoll of Crisp, Mr. and Mrs. R. Nykamp of West Olive and Miss Johanna Riemsma from Zeeland.

Miss Johanna Riemsma of Zeeland is spending several days at the home of her uncle, Mr. John Knoll at Olive Center.

DRENTHE

Born to Mr. and Mrs. Frahl: Brockhuis—a son.

A farewell reception was given at the home of H. Nyenhuis last Saturday evening in honor of John Nyenhuis who was called into the service of Uncle Sam and left that same evening for camp at Columbus, O.

Dr. and Mrs. Benj. Masselink from Kalamazoo spent Labor day at the home of his father Harm Masselink.

Mr. and Mrs. J. Doll spent Monday in Grand Rapids at the home of Hessel Yntema who has been ill for sometime. Misses Rosa Boone, Myrtle Brower and Annetta chaap, seniors from the Zeeland high school were chosen as delegates to demonstrate Domestic Science at the Michigan State Fair in Detroit this week. Miss Margaret De Vries is acting as chaperon.

Miss Jennie Vis left for Rochester, N. Y. last week where she has been engaged as instructor in one of the parochial school there.

Bennie Brandt who is one of our soldiers at the Great Lakes Training Station and the first naval reserve from this place spent Sunday at the home of his parents, Mr. and Mrs. M. Brandt.

Mr. and Mrs. Benj. Boeskoel from Grand Rapids spent Labor Day at the home of R. Boeskoel.

Mr. and Mrs. D. Hamberg from Holland spent Monday with Mr. and Mrs. R. E. Bredeweg and family.

Reports have been sent from Washington that Will Louwma had been named. Mr. Louwma has been in the front line trenches for several months in France.

Corporals Paul Bundy and Chas. Pains from Camp Custer were entertained at the home of R. De Vries Sunday and Labor Day. The former being of Detroit, and the latter of West Virginia.

ZEELAND PLANS MOVEMENT FOR FALLEN HEROES

Zeeland people are beginning to agitate the question of erecting a temporary monument in the city park in honor of the boys who are killed in France. The plan is similar to the one that has been decided upon in Grand Rapids. It is proposed to place the names of the boys who give their lives for their country on this monument as fast as official notifications come from the war department. This will keep them in mind while the war is on and later it is proposed that a permanent monument will be erected.

This agitation has started because of the fact that already two of Zeeland's boys have given up their lives for America, which is a high percentage in proportion to the size of the city. The two are Gilbert Karsten and John Lankheet.

Memorial services will be held for Gilbert Karsten next Thursday evening in the First Reformed church. Rev. Mr. Harmelink, pastor of the church, will conduct the services.

So far there has been little or no agitation in Holland for the erection of a monument of this kind, but if the list of dead from this city grows it is likely that a similar course will be followed here to do honor to heroes who fall and to keep their names constantly before the public.

ZEELAND MAN NOT INJURED

Much suspense was relieved Wednesday morning when Mr. and Mrs. Jacob Poest received a letter from their son, Benjamin Veneklasen, who is an officer on the transport Orizaba of the Atlantic fleet. An account of an accident on board the Orizaba was read in the morning Herald and the many friends and relatives of Mr. Veneklasen were very much concerned about his welfare.

The letter received states that four of his fellow-commanders were killed and nineteen others wounded but that he had remained unhurt.

ZEELAND BOY IN THE HOSPITAL

Corp. Henry Boes, 126th infantry in France, is in a base hospital recovering from a gas attack that he suffered at the hands of the Huns. In a letter he does not state when or where he was overcome, but it is supposed he received his at the time the other boys of Company M received theirs.

Corp. Boes writes he saw Corp. Gilbert Karsten fall out of the ranks, killed in action. He also states he saw the falling of a bomb at a short distance of four or five feet from him where a moment before four men had held their places. On looking again he saw nothing; those places were vacant.

DIES AT AGE OF SIXTY-NINE

John Van Appledorn, sr., aged 69 years, died at his home in this city Sunday night at 11 o'clock after a lingering illness. The deceased is survived by a widow and the following children: Mrs. James Schulling, Holland, Mrs. Wm. Duven, Conrad, Constant, Wilburt, Louis and John Jr., of Holland.

The funeral will be held Thursday afternoon at 1 o'clock from the home and at 2 o'clock from the Ninth St. Christian Reformed church.

TRIED TO OUST SHERIFF HILLMAN BUT FAILED

Sheriff Hillman of Allegan, who was running for his second term and had two opposing candidates won out easily. He received 1,664 votes more than all the other candidates received together.

LIGHTNING DESTROYS A LARGE BARN

Lightning Friday night between 12 and 1 struck the large double barn on the farm of Harm Bouws, three and a half miles south of Graafschap. The stock was saved but the barn was full of hay and grain and this all burned. The grain was unthreshed but it is estimated that there were 1200 bushels stored in the barn. Bouws is a hay salesman and the amount of hay in the barn was exceptionally large.

WENT TO SLEEP ON R. R. TRACK

Some time ago Julius Siebelink, the 13-year-old son of Bert Siebelink of Fillmore township, was killed by a train on the Pere Marquette railway. The father brought suit against the company claiming \$5,300 damages. Last week the case was tried before Judge Cross in the Ottawa county circuit court and the jury brought in a verdict of no cause for action. It appears that the boy was sent to drive the cows and in crossing the railway tracks lay down and went to sleep with his head on a rail. The engineer of an approaching train did not see the boy in time to stop and he was decapitated. The complainant could not show that the railway company was careless or negligent.

ZEELAND WILL HONOR HEROES WHO COME BACK

At a meeting of several Zeeland business men a committee was appointed, composed of P. T. Moerdyk, Isaac Van Dyke and W. G. Heasley to make arrangements and arrange a program in honor of Sergeant Gerrit De Haan, Zeeland's first returned hero from the battlefields of France. Although no arrangements have been completed no definite information could be given it is understood that one or two speakers will be invited to speak besides Sergeant De Haan who it is anticipated will relate some of his experiences while on the front.

Sergeant De Haan is a son of Mr. and Mrs. A. De Haan of Zeeland. In July, 1915, he enlisted in the U. S. marines and was accepted and placed in 47th company, 5th Regiment and received his training at Norfolk, Va. From there he was transferred to 5th Company of the 1st Regiment for expeditionary service in Haiti where he was stationed eight months; and then to Santo Domingo, where he was 12 months. In May, 1917, he was with the rest of the regiment, transferred from the West Indies to Philadelphia where they were just one week before going into active overseas service, landing in France in June, 1917, and were the first American Expeditionary forces in France. It fell to his lot to help stem the tide of the Hun invasion at Chateau Terri, and he was wounded on the night of June 6, after nearly a year of active service there. In all he has seen nearly fourteen months of fiercest hatred of the Hun as a real part of his life and no doubt can relate many harrowing experiences.

Sgt. De Haan was wounded by a Boche machine gun June 6th last. He was shot through the chest and right shoulder. An operation was performed on him at base hospital in France a few days after he received the wound.

Sgt. De Haan speaks highly of the care received from the nurses and especially the Red Cross attendants. It is a most worthy organization and each member performs his or her duties to the letter. De Haan claims he owes his recovery to the Red Cross.

MUSIC HARD TO GET AT ANY OLD PRICE

The farmers' Picnic at Jenison was musicless last Friday, that is to say, all but the hand organ in the merry-go-round. This was not because the committee did not have the money for music for an appropriation of more than \$60 had been set aside for that purpose.

The fact is, you couldn't get a complete band in Holland for love or money. With diligent efforts all that Manager John Van Vyven could get together was six men and he found at the last minute that the "um-to" boy was sick and the heavy bass horn sadly out of it.

Then Director Van Vayven thought of the Central venue orchestra and it was advertised to play but when the director began to count noses he found that several noses were lacking and these were turned toward the line on the West Front.

Enough orchestrians could not be rounded up to make music such as the reputation of the organization warrants and the orchestra members would not play under these conditions and they could not be blamed.

HOLLAND FAIR TAKES PART IN BIG CONTEST

The Holland fair is to take part in a \$10,000 canning contest and if as many as five enter the contest at the local fair one of the thousands of prizes will be awarded here. This information has come to See'y John Arendshorst from the National War Garden Commission.

The plan is as follows: To stimulate interest in food conservation, the Commission has offered \$10,000 in Thrift Stamps and National Capitol prize certificates, as prizes for the best home canned vegetables grown in war gardens located in villages, towns and cities. There must be at least five entries in each competition. With each certificate will be awarded a book half filled with Thrift Stamps. This plan has been adopted to encourage additional buying of stamps and help win the war.

The winner at the Holland fair contest in this competition will have her name sent to the National Commission so that the name can be engraved on the certificate at Washington. Then the certificate will be sent to the winner together with the book of Thrift Stamps.

Secretary Arendshorst has also been asked to forward to the National Commission a photograph of the winner. This picture will then be used in a nationwide publicity campaign. It will be printed on food conservation posters together with a record of the canning for which the prize was awarded. In this way it will advertise the Holland fair association and will help the food saving plan.

HOLD-UP BOYS GET SIX MONTHS TO TWO YEARS

At the August term of Circuit Court thus far there have appeared and have been sentenced eight persons for violations of the liquor laws. They include John Bredeweg, furnishing liquor to a posted person; sentenced to ten days in the county jail, \$25 fine and costs of \$4.55. Harry Raffenaud, furnishing liquor to minors, sentenced to pay \$50 fine, \$17.70 costs and fifteen days in the county jail. Harry R. Doesburg, druggist of Holland who furnished whiskey to a policeman in violation of the Prohibition Law, \$100 fine, \$9.55 costs, and thirty days in the county jail. Henry Wirth, violation of the prohibition law, \$50 fine and costs.

Algernon Wagenknight, violation of the Prohibition Law, bringing in liquor into the state \$50 fine and costs. William Van Cleave, violation of the prohibition law, fine \$50 and costs \$4.45. Eugene Drew, violation of the Prohibition Law, fine \$50 and cost \$4.45. James Cassidy, violation of the Prohibition Law, fine \$50 costs \$4.45.

Before the opening of the present term of court three persons other violators of the Prohibition laws were sentenced to pay a fine of \$50 and costs each for having intoxicating liquor in their possession.

In sentencing Mr. Doesburg, the Holland druggist, the court stated that he should take into consideration the fact that the State of Michigan had spent a large amount of money to educate the druggists of the State as to just what the law is so there is no excuse for their violating the law; besides this, Mr. Doesburg had been convicted in Circuit Court for Ottawa County twice before for violation of the liquor law and had been let off with fines in both cases. Also the result of this violation was very serious as a policeman had become intoxicated and had been off from his beat a part of one night and that the court could not lightly consider these matters.

The Court has made it very plain to the violators of the Prohibition law during this term of court that it is his policy to send the men who violate this law to jail. He is giving violators plainly to understand that it is a real crime to deal in intoxicating liquor in this county for the people have plainly

spoken and forbidden it. It is becoming clearer every day to the liquor violators that the officers, and prosecuting attorney and judge are determined to enforce the prohibition law just the same as the other laws.

Mrs. Joe Victor and Miss Osterbaan who were charged with the conspiracy to hold up the pay roll of the Tannery at Holland, were each made to pay the costs and serve six months to two years in the Reformatory at Ionia, and pay the costs of \$3.28.

TOWN HAS OUT-GROWN ONE ORDINANCE

There is an ordinance on the Holland statute books that has certainly out-lived its usefulness. It is the bus and hack ordinance regulating the price that may be charged passengers within the city limits.

The law was drafted and passed in 1888 and has since done duty with no violations. The law provides that bus and hack owners can charge passengers only 25 cents each from the depot to any place up to the east or west limits and as far south as 16th street.

In 1888 the south limits of Holland was just beyond Sixteenth street and for that reason no doubt the boundary line was made accordingly. The last street in the city now is 32nd street or 16 streets further south, but the ordinance still remains as it was when the high school grounds was a cow pasture.

The conveyances too have been changed some since the law was passed. The ordinance speaks of cabs, hacks and bus lines. Today it is the taxi, something unheard of in 1888.

The whole matter was brought to light when a local taxi driver had charged a passenger forty cents to be taken to Sixteenth street. This passenger made a kick and it was found that others had been charged even more to be taken beyond Sixteenth street. Although the ordinance had not been changed an understanding existed between the regular taxi firms and the city authorities that the charge for fares should not exceed 25 cents if the passengers wished to go as far as 22nd street. Beyond that street the taxi drivers were allowed to charge 50c.

This rule had not been followed by one taxi driver (not a regular) and the complaints registered at police headquarters brought to light the defect in the old musty ordinance. The man

pleaded ignorance and certainly he must have been when the officials themselves were not conversant with the document because of the fact that they had not been called upon to apply this law in all these years. The taxi driver paid the square thing however by paying back the excess fare besides putting the common council wise to an out of date law that should be made over and brought up to the minute.

Now that the city fathers are dabbling in ordinances it might not be a bad time to put a rider on the old omnibus ordinance.

POST-ELECTION MYSTERY IN THIS COUNTY

Who is the democratic nominee for the office of treasurer of Ottawa county? That is a post-election mystery that has been bothering the heads of the democrats of Holland and which is no nearer to a solution than it was on the evening of primary day when the candidates frantically scurried about to learn the returns from the various precincts in Ottawa county.

It was assumed by the general run of voters that there was no contest on in the democratic party in Ottawa county on election day. Even democrats, or at least many of them, were not aware of the fact that more than one man was on the ballot for county interest in the senatorial fight in the Republican ranks, a number of democrats in Holland and throughout the county asked for Republican ballots, on the assumption that their own party ballot would automatically take care of itself, at least so far as the county was concerned, with no contests on.

But now, a week after election, it develops that there was a fight on for county treasurer. One of the men in this lonesome contest in democracy was Bert Slagh of Holland. The candidate who made the race against Slagh was William Hanna.

Even Tuesday a week after the primaries, neither Slagh nor his opponent knows who has won out in the fight. And neither does anyone else know who is winner. On primary night little or no attention was paid to the democratic vote since there were no contests of a sharp nature on. As a result the ballots were sealed in the ballot boxes as usual without deciding who had won out. And the candidates will have to restrain their curiosity until the official canvass is made.

MAYOR'S WIRE GETS ANSWER FROM HOLLAND

On the Fourth of July Mayor Bosch, on request of the Chicago Tribune, sent a cablegram message to the people of the Netherlands in which he gave expression to the sentiments of loyalty of the Hollanders in the U. S. Tuesday Mr. Bosch received a letter from Dr. D. Van Embden, of the University of Amsterdam, expressing complete sympathy with that message.

In his wire Mayor Bosch outlined America's war aims as understood by Hollanders of the United States and expressed the hope that the Hollanders in the mother country would show their sympathy with those war aims in view of the fact that they are the same aims that the Netherlands has fought for during all her history. The message was cabled by the Chicago Tribune to London to the English Publicity bureau and that organization transmitted it to the Netherlands where it was printed in the important newspapers. Dr. Van Embden, who occupies the chair of economics and statistics at the University of Amsterdam, read it in "Het Handelsblad" of that city and proceeded to write Mayor Bosch a letter of which the following is translation:

Amsterdam, Aug. 7, 1918

Mr. Nododemus Bosch,
Mayor of Holland, Mich.

Dear Sir:

I note with hearty approval your telegram, sent to the Netherlands on the Fourth of July and published in Het Handelsblad of recent date. In response to your request for the sympathy of the people of the Netherlands I wish to express my appreciation of America's part in the war. America has accepted her part for right, freedom, peace and democracy and therefore she is working for the best interests of the people of the Netherlands. My prayer is that the military defeat of Germany may bring about that justice and internationalism and peace which your noble President Wilson has proclaimed.

D. Van Embden,
Department Economics and
Statistics, University of Amsterdam.

POUNDMASTER WARNS OWNERS OF DOGS

Poundmaster Peter Ver Wey issued an edict Tuesday to the effect that all dogs in the city must be provided with tags and must be made to wear them. The edict goes into effect immediately, this very minute according to the poundmaster. All the unlucky canines found without tags will be "run in" without further notice, and Mr. Ver Wey declared that these he couldn't catch in the daytime he's going to nab at night, showing that he is on the job all the time.

Mr. Ver Wey has killed 28 dogs since he resumed his office on June 15. He "arrested" six dogs in July and six in August, locking them up in the pound. There are now 165 licenses out in the city.

CHARGED WITH VIOLATION OF HEALTH RULE

Friday afternoon a complaint was served upon ex-alderman William Van der Ven through Health Officer Dr. B. B. Godfrey in which the officer alleges that the Holland Canning Co. has permitted to accumulate outside of their factory on Central Avenue, decayed fruit, garbage and apple pomace. This practice is considered by Health Officer Godfrey as against public health and consequently a complaint was drawn and served to which Mr. Vander Ven pleaded not guilty. Mr. Vander Ven says that he will fight the case to the last ditch to vindicate this company from the health officer's findings. Mr. Vander Ven is said to be a stickler for cleanliness in the factory and no doubt a greater muss will be stirred up in this case than appears on the outside of the canning plant. Anyway the opening gun in the form of a protest from Mr. Vander Ven follows below which is self-explanatory:

Editor,—
Please permit me a little space in your paper in defense of our industry. In response to the action taken by our Board of Health through Dr. B. B. Godfrey, Health Officer, in making complaint against our company as to the sanitary conditions in and surrounding our factory, we fully realize the seriousness of the charge for the reason that if the action of the Health Board is sustained, it will seriously affect the good reputation that our company has enjoyed in packing high grade products. As we all agree, goods must be handled in the most sanitary methods, and we believe that had the Board of Health made sufficient investigations that they would not have been so hasty in bringing out this charge against one of their local manufacturing institutions. If there is any one who is anxious to maintain a high standard of cleanliness both inside and outside of one of your local concerns, it is the manager of this concern. This past season we have spent approximately \$2500 in equipment, sewer systems and concrete cesspool in order to handle the waste of our factory in a sanitary manner, and I am proud to state that I am convinced that we have one of the most sanitary and up-to-date food factories anywhere in the state.

During the past month we have had the following state and government inspectors who have made a thorough inspection of our factory, both in and outside: Mr. W. G. Geagley, chief chemist of the State Food and Drug Dept., Lansing, Mich.; Mr. Robert Young, Food and Drug Inspector, Bureau of Chemistry, U. S. Department of Agriculture; Mr. H. C. Kitchen, U. S. Food and Drug Inspector, Bureau of Chemistry, Chicago, Ill., and R. D. Hart, Food Inspector for the Navy, 79 East Adams St., Chicago. These gentlemen have all complimented us on the sanitary conditions existing in and about our premises. These inspectors are all experts in this work as it is their business to inspect food factories and I am convinced that they know more about the requirements necessary for a canning factory than does Dr. Godfrey, who, I doubt, has ever seen the inside of a canning factory outside of the local plant. It is an easy matter to ruin a man's business; it is also a serious matter. After a company has worked hard and faithfully, and has established a reputation for themselves, to have a public official come around to pick flaws with the business of his neighbors and citizens, to come in and ruin such business through an action as Mr. Godfrey and our local Health Board seems to be attempting to do.

It has often been stated that our city is not in sympathy with any business institutions which they have in their midst, and I am led to believe through this action that this statement is true, and if this policy is continued we cannot hope for added industrial activities. If the Board of Health is sustained in the action taken, it will mean the loss of another manufacturing industry for Holland, as it will be necessary for us to move into another locality where we are permitted to operate our factory peaceably and there are several localities that are anxious to have us locate with them. We however hope to convince the public, as also the courts, that we are not guilty of the charge laid against us. Furthermore, although the government has discouraged during the period of the war of allowing visitors to go through food factories, yet in order to defend our cause and to have the public know for themselves the true conditions that exist both in and around our factory, we welcome anyone to come at any time altho we are very busy running practically night and day, to visit our plant and decide for themselves as to whether the complaint brought against us is just or no.

Wm. Vander Ven,
Mgr. Holland Canning Co.

1 scant tablespoon fat.
1 cup sour milk.
1 teaspoon soda.
A little salt.
2 cups "Yes, Ma'am" Graham Flour.

Biscuits
2 cups Rowena Self-Rising Biscuit Flour.
2 tablespoons fat.
1 tablespoon sugar or syrup.
Cold milk or milk and water to make a soft dough.
Roll out lightly to 1/4 inch thickness. Cut and bake in a hot oven. Rowena Self-Rising Biscuit Flour is especially suited for cake and pastry work.

Pancakes
2 cups Rowena Buckwheat Compound.
1 tablespoon sugar or syrup.
Sweet milk to make batter of desired consistency.
Bake at once. Do not use sour milk, soda salt, or baking powder.

The Sign of Quality

Wheat Bread—Two Loaves
3 cups water, or milk and water.
1 compressed yeast in 1/4 cup lukewarm water, or 1 cup liquid yeast and 2 1/4 cups additional liquid.
1 tablespoon sugar.
2 teaspoons salt.
1 tablespoon fat.
About 8 cups Lily White Flour.
Have liquid lukewarm, add yeast, salt, sugar, and fat. Sift in flour to make a batter and beat well. Add flour to make the loaf hard enough to knead. Knead thoroughly and lightly, and let rise until double its volume. Cut down with a knife and let rise again. Knead into loaves. Let rise and bake. If liquid yeast is used set the bread with a sponge. Do not make the Lily White loaf too stiff.

Rye Bread
3 cups water, or milk and water.
1 compressed yeast in 1/4 cup lukewarm water, or 1 cup liquid yeast and 2 1/4 cups additional liquid.
1 tablespoon sugar.
2 teaspoons salt.
About 8 cups Rowena Rye Flour.
Have liquid lukewarm, add yeast, salt, sugar, and fat. Sift in flour to make a batter and beat well. Add flour to make the loaf hard enough to knead. Have the dough for rye bread considerably thicker than for wheat bread. Do not attempt to knead it but work it by folding it over. Let rise until double in volume, cut down with a knife and let rise again. Shape into loaves and let rise. Bake in a little longer oven for a little longer period than wheat bread. If liquid yeast is used, set the bread with a sponge.

TEN YEARS AGO

Born to Mr. and Mrs. James Tilt, Sunday—a daughter.

Joe Warner, the well known artist, has just completed a bird's eye view of Jenison Park. All the buildings and trees, the outline of lake, and in fact everything that goes to make Jenison Park an attractive place, is given in the drawing.

Bert Van Dyke of Zeeland and Miss Maggie Powell of Grand Haven were married at 4 o'clock last Wednesday afternoon at the home of John Powell in Grand Haven, the Rev. Mulenberg officiating.

FAMILY REUNION HELD MONDAY

A family reunion was held Monday at the home of Mr. and Mrs. D. Overweg a short distance northeast of Zeeland. Tables were laid for 35 persons, 25 of whom were grandchildren. Four families were represented at the reunion, namely those of Henry Jappinga, Peter Steggerda, Henry Overweg and City Clerk Richard Overweg.

The day was very pleasantly spent in playing games and recalling old family history. This is the first reunion of that family for a number of years, and the children and grandchildren this year decided to dedicate Labor day to getting better acquainted with one another.

Paving the streets of Saugatuck and Douglas to unite them with the stone roads across Saugatuck township is going on slowly because of the inability of the contractors to get the necessary material.

The Service Flag of the two organizations tell the tale. The Holland band or rather what is left of it, carries its flag when appearing on the street and the few members remaining blow more lustily, when gazing upon the banner around which they rally. No one criticizes their efforts when they see and hear these few faithful musicians as they follow the flag of service containing many stars.

TWO THOUSAND ATTEND THE FARM- ERS' PICNIC

More than two thousand farmers from all points in the vicinity of Holland gathered at Jenison Park to participate in the sixteenth annual Farmers' picnic and to enjoy a fine outing. The guests were not even discouraged when the heavy shower of rain fell, in fact they seemed very much pleased at this part of the program, considering the dry spell that had prevailed in this locality for weeks.

Promptly at 12:30 business men lined up with Fred Becuwkes captain and started to deal out the coffee and the doughnuts. The Mayor of Bird Center, the congenial Peter, was head doughnut shooter, being tall enough so that he could keep them out of reach of the kids, who seemed to have a special liking for the Hooverized fat balls.

A Sentinel man was not so fortunate, however, for when the youngsters dipped into his basket they had a nut around each finger, when their paddies left the receptacle.

There was a great plenty for all however and a second course was given later on in the afternoon, much to the surprise and pleasure of the guests present. The business men voted that doughnuts and coffee were as much appreciated by the farmers as any one thing that has been dished out at these annual picnics before, and besides they say, it has not involved nearly as much labor. When roast ox was served, one half of the guests were not in on the meal because of the slow progress and difficult way of handling critters. This year all were served and quickly and all were pleased and surprised to be given a second helping later on.

Bert Slagh, Andrew Klompereans and Alex Van Zanten were the prime movers in the sports and the farmers had a high old time, many going home with substantial cash prizes.

The crowd this year was not as big as other years but that was expected. There are many young men from the rural districts now in France or at Camp Custer or at some other cantonment for that reason mothers, fathers, sisters, brothers and sweethearts of the boys have no great enthusiasm for pleasure these days and consequently stayed away. The men in charge that it much wiser to keep up the custom that had been followed for so many years with a prospect that another year might see the boys home again.

The business men's committee were given a dinner at the Crawford cafe after they had worked diligently for some hours.

The dough boys were Peter McCarthy, Peter Notier, Peter Van Kolken, Bert Slagh, J. Arendshorst, William Vissers, Gerrit Du Mez, Thomas Klompereans Henry Venhuizen, Jake Fris, N. Dornbos, and B. A. Mulder. Many business men were absent on account of the Sunday School Convention. Mrs. Droost presided over the Mocha.

THE STEGEMAN FAMILY HOLD RE- UNION IN WOODS

The correspondent from Farrowe sends in the following family reunion article that will be interesting to our readers because all the parties are known in Holland.

The Stegeman family held a reunion and picniced in the woods of Peter Stegeman at Farrowe with about 80 members of the family being present. A bountiful picnic dinner was spread and partaken of, after which various amusements, races, contests and a ball game between married and unmarried men were enjoyed. This was followed by a short program of singing and speeches made by Peter, John and James Stegeman, who in turn told some interesting tales of olden days. James A. Stegeman and Wilson Stegeman also made a few remarks that were interesting, and Henrietta Brink sang a solo that was well received. Rev. M. A. Stegeman of Cleveland, Ohio, who was chairman of the day, made the closing remarks and offered prayer, after which ice cream and cake were served by the cousins. Among the visitors from outside were the families of Rev. M. A. Stegeman of Cleveland; Mrs. A. Stegeman, Miss Ella Atwood, and Mr. and Mrs. H. R. Van Eyck of Holland; Mr. and Mrs. John Stegeman and son, Wilson and Mrs. Herman Stegeman of New Groningen; J. Stegeman of Grand Rapids; Mr. and Mrs. O. Looman of Crisp, P. Braamse and family of Coopersville; and the families of Mannes and Bernard Koekkoek, O. De Windt and R. Dornbos and N. Remenga of Georgetown. This sure was a happy occasion and will long be remembered by all who were present.

An Allendale farmer by the name of Joe Fernell has a unique way of riding over the country roads. He does not have to violate the government orders to let up on the use of gasoline and still he can ride to church or for pleasure as he sees fit. Joe has a small fat ox that he has broken to harness. He put his ox between the thighs of a double buggy puts the bit in the mouth of the ox and drives away, as nice as you please. The ox has become quite a trotter and can do a mile in four flat. That's going some for an ox.

REDUCED FARES GIVEN ON P. M. FAIR WEEK

With the Holland fair just one week away Secretary John Arendshorst Tuesday received a communication from the U. S. Railroad Administration authorizing a reduction in the railroad fares over the Pere-Marquette from various points along that line. Mr. Arendshorst made application for such a short time ago, and the letter he received Tuesday reads as follows:

"The following has been authorized on account of the fair: One and one-half fare for round trip from St. Joe, Grand Rapids, Allegan, Pentwater, and intermediate stations; tickets to be sold and good going Sept. 9 to 13 and returning to reach original starting point not later than Sept. 14, 1918.

The fact that persons purchasing such tickets will not have to be home until Sept. 14 will prove especially convenient to Allegan visitors to the fair. The service between Allegan and Holland is limited and Allegan people who should visit the fair on Friday would find it difficult to get back to Allegan on the same day. But by extending the time till Saturday the railroad administration gives them ample opportunity to get back home. Mr. Arendshorst explained this fact to the railroad administration and the request for the extra day was readily granted.

The present week will be rush week in the matter of entries for the fair. It is expected that before Saturday night a large volume of entries will have been made at the office in the Hotel block. The early days of next week will probably be still busier and all persons who can as well as not call at the office this week to make entries are requested to do so.

Prof. A. Raap returned home Monday evening after spending the summer in Western states in the interests of De Hope and The Leader.

SPECIAL CALL FOR WOMEN WORKERS

As many women as possible in Holland are asked to go to Red Cross headquarters Thursday afternoon and Friday afternoon to assist in a special sewing job. The local Red Cross must sew on 500 labels those two afternoons and a large number of workers are needed to complete the job in time. The articles must be shipped on Saturday. Women who respond to this call need bring along only their thimbles.

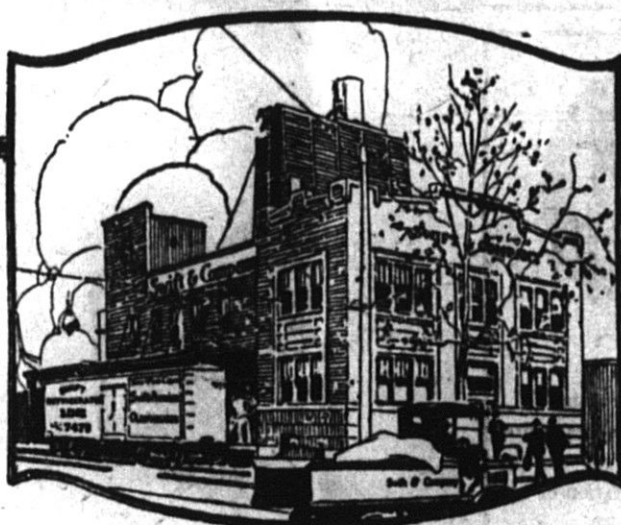

HUNTLEY MACHINE SHOP TO BE OCCUPIED

ALBERT COOK, AN IMPLEMENT
DEALER WILL MOVE IN

The building on West Seventh street formerly occupied by the Huntley Machine shop which recently moved to Muskegon will be occupied in the near future by the Albert Cook Implement store.

Mr. Cook now occupies the Flieman building on River avenue. But in his new location he will have ample shop room besides having a great deal of open vacant space by virtue of a large lot next to the building.

Wm. Bakker spent Labor day in Muskegon, visiting Allie Bakker, the Muskegon Liveryman.

What is a Branch House?

The Branch House is the place in the packing organization where what the packing plant does for you is put where you can use it.

Both are the natural result of growth and development in the living thing they belong to.

Swift & Company Branch Houses are located in distributing centers all over the country. They are fitted out with refrigerating equipment to keep meat cool, sweet and fresh.

Each one is in personal charge of a man who believes in what Swift & Company is doing for people and wants to help do it.

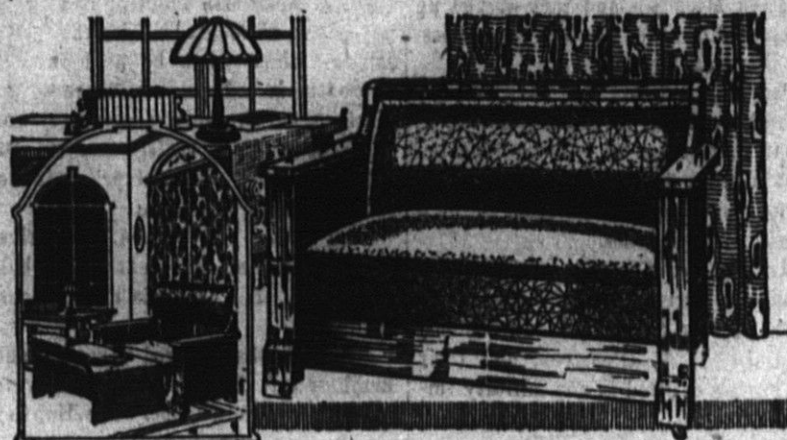

They are directed by men who have spent years learning how to get better meat cheaper to the places where it is needed.

Meat is shipped to the branch houses direct from the packing plants in Swift & Company's refrigerator cars, in such quantities that it can be disposed of while fresh and sweet.

Your meat dealer comes here to buy your meat for you—unless someone else can treat him better than we can.

So you need the branch house in order to live well; and the branch house and the packing plant need each other, in order to be useful to you.

Swift & Company, U. S. A.

Positively Prevents Punctures

NOW, please don't say, "Oh, just another one of those tire-fillers," and let it go at that. ESSENKAY is a tire-filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your casing and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferable from one set of casings to another indefinitely.

TELLS OF TRIP HE TOOK HIGH UP IN THE AIR

Charles K. Van Duren, cadet in the aviation service at Scott Field, Beaverton, Ill., has written an unusually interesting letter about his experiences in aviation to his parents Attorney and Mrs. Arthur Van Duren. The letter follows:

Dear Dad,
Just about a little trip "in the air" last Friday. At 6:50 a lieutenant said do you want to go up for two hours? Do you think you can stand that much? Sure, I was wild over the idea for two hours seemed fine to me. So we got into the ship, a beautiful morning and took the air beautifully. We sailed up to 2200 feet when he shut off the motor, so as to allow a conversation, and asked how high we were, (all the instruments are in the back seat). All right. Back went the motor, and the left wing came up with the right pointing straight down on the ground 90 degrees. A vertical bank for we spun around on the right wing several times. A wonderful thrill certainly, but my legs felt like they were set in concrete blocks and I began to wonder where the world had gone to. I could look in any direction and see the ground, surely some sensation. Then all of a sudden we started straight up into the air and seemed to hesitate and fall over to one side again and again, he did this so I didn't have any idea of what was going on. He was sitting in regard to the earth. Well after some hours of these "wing-overs" he straightened out and flew around a little. But the motor missed a little and we landed in the field some near here. Everything seemed O. K. so he promised to give me a few more things, loops, Immelman, etc., when we went back up. We again "took off" beautifully and got to about 1,000 feet when the motor started missing quite badly. We were now directly over a forest and we pulled for the end of these woods, motor continually missing, worse. I could see he was looking for a place to land. He shut down the motor and began a long glide. I will never forget that he was better for that than he was right on. Next I saw a very small stubby field and sure enough that was his objective for he side-slipped down to about 100 feet and landed as beautifully as you please. "Well we got over all right—yes sir, new what?" We looked for a few minutes and didn't find a single wrench. This was a 3 m. He called the field from a farm house while I kept the thousands of farmers, that had gathered around, answered billions of questions and posed for pictures a young girl wished to take. They are going to send us some of these gliders will send some if they are good. Rather lucky for this is the only way one can get a picture with a ship as no kodaks are allowed in the field. Well to make a long story short we were there all day till 7 P. M. The mechanics came out and put a new motor, taking the old one back on the truck. I had a very fine chicken dinner with hot baking powder biscuits with a farmer near our ship and when I came back the lieutenant had his dinner. Surely that was some day. These forced landings are quite common and usually just over a lake, for one always finds a field to land in and that's all for the day, for you never get back early. I hope the pictures come out all right.
Don't misunderstand me and think those stunts are dangerous for they are not a bit as if you only are high enough, for you always come out of them in 200 or 300 feet, and everyone here has to do them. I had 45 minutes Friday.
I have been assigned to the flying list today to an instructor by the name of Lieut. George. It has rained ever since Saturday noon and it is so very foggy this morning that flying has been called off for the day. So I fancy I shall start tomorrow. It will take about eight or ten weeks now till I get my commission the I may have it sooner.
Best love to everyone. Will write mother.
Your Affectionate Son,
CHARLES.

FELLOW DEMS. BID FAREWELL TO MR. PYLE

About forty of the leading democrats of Ottawa County and of the Fifth Congressional district sat down to a fine spread in Hotel Cafe Thursday evening at 8 o'clock to bid farewell to J. Nelson Pyle, who is soon to leave Holland for Detroit where he will take up a law course at the Detroit Law School. Mr. Pyle for a number of years has been one of the city's most prominent democrats, taking an active part in all the democratic battles, and now that he is leaving the city his brother democrats decided to give him a rousing send-off.

For the past two years Mr. Pyle has been secretary of the Ottawa County Democratic committee and in that capacity he has come into close touch with democracy throughout the county.

The banquet was wholly an informal affair. Two large tables were reserved for the guests and good cheer marked the event from start to finish. Although they were sorry to lose an active worker from their ranks, the banqueters felt that Mr. Pyle was taking a step that will prepare him for a more prominent part in Michigan democracy.

H. Van Tongeren presided at the meeting and also served as toastmaster. The talks were all of an informal nature and impromptu. The speakers reviewed the democratic history in Ottawa and the Fifth district and wished the guest of honor a successful professional and political career.

Addresses were given by the following: Peter J. Danhoff, Candidate for Congress from the Fifth Congressional District; Cornelius Struik, candidate for sheriff from Ottawa county; Dr. F. C. Jarvis, Grand Rapids; T. Vander Veer, deputy U. S. Marshal, Grand Rapids; Henry Bouwens, Zeeland; Lionel Heap, Member of Democratic State Central Committee, Gr. Haven; Charles Misner, Grand Haven; Charles Knoelhuizen, W. O. Van Eyck, Holland. Mr. Pyle graciously responded to all the well wishes from his democratic friends and fellow workers in the cause.

James Kronmeyer of Hamilton spent a short furlough with his parents Mr. and Mrs. J. A. Kronmeyer, returning to Camp Custer Tuesday.

Dr. and Mrs. Wm. De Kleins and family returned to Flint Monday after spending a few days in Holland.

WARNS PARENTS TO PROTECT THEIR GIRLS

Purely as a warning to parents and not in any spirit of sensationalism a local pastor declared that there has recently been considerable accosting of girls and women in Holland. He called attention to this fact so that parents may be more on their guard and take greater pains to protect their daughters from annoyance and possible assault.

The pastor naturally did not give any names but he declared he knew whereof he spoke. He told of instances of girls having been followed and accosted by men. In one instance a man went so far as to attempt to gag a girl with a handkerchief. Her screams, however, scared him away.

Although he has notified the police of the occurrences that have come to his attention, the pastor declared that this kind of thing is practically impossible for the police to guard against. They cannot be present in all parts of the city all the time, and the men who indulge in crimes of this nature lurk in the less frequented places for their victims.

The only effective thing to do is for parents to keep a closer watch on their daughters for the purpose of protecting them against unpleasantness of this nature and possible harm. From the number of occurrences of this nature during the past few weeks it would seem that there is too great a lack of chaperonage.

And as a warning to boys and young men who may not see the full enormity of accosting girls on the streets, attention is called to this unpleasant matter. It is likely that in order to put a sharp stop to this kind of thing the police will pounce on some one unexpectedly and make a glaring example of him. If any one is caught no mercy will of course be shown him, because girlhood and womanhood in the city must be protected at all costs.

HOLLAND BOYS CALL AUTOISTS SLACKERS

Despite the fact that 176 autoists violated, morally the order given by the United States government not to use gasoline on Sunday the streets of Holland were practically as quiet as a mouse.

The Holland police were stationed at intervals and were told to keep tabs of automobile owners who did not see fit or did not take seriously, the edict of the government to conserve gas.

Those drivers who did venture out looked very sheepish indeed and not a few were loudly called slackers by the young fellows as they rode by.

The garage owners were particularly patriotic, refusing to sell gas to those who applied. In fact Sunday for the first time all garages were closed, and not a few violators were in despair as to how to get cars supplied with the necessary power. Many were compelled to put up their cars immediately while some had to leave their machines standing at the roadside until the next morning. One stranger in particular bumped into a closed garage where he wished to fill his tank. He asked a merchant who was passing by where he could get gas. The merchant replied that no gas could be secured in Holland on Sunday. The man said, "This is a hell of a town."

Said the merchant, "No, rather you are a hell of an American citizen."

The man grumbled something about it not being a law and moved on. Another man was stuck in the country and telephoned to every garage owner in the city for help. For several hours aid was refused him. He then became desperate, and at last his pleadings brought one over who was more tender hearted to his aid. This car was pulled into the garage but when he asked for gasoline, the man was turned down flat.

Lovers of the resorts came in from Grand Rapids and vicinity on Saturday afternoon instead of Sunday morning and remained until Labor Day night, thus living up to the rule laid down by Uncle Sam relative to the use of gasoline.

There is no doubt but that a great deal of gasoline was saved in Holland, through the order, not alone on Sunday. Most of the citizens of Holland observed the law on the Sabbath and a great majority also laid up their cars on Labor day and hooped it for these two days at least. There is no doubt that each Sunday will see the number of daring ones diminish when they realize that the government needs their aid.

Wm. Vanden Beldt, Gerrit Onk and Gerrit and John Lemmen who started out on a trip by auto to Iowa, Nebraska and Dakota only got as far as middle Iowa, on account of muddy roads. They said the roads were impassable on account of the rain which they are having this summer. Michigan apparently has not been so fortunate this summer with the abundance of rain.

HOLLAND BOYS GO TO CAMP DODGE

At noon Friday seven Holland and one Zeeland man left for Syracuse, N. Y., to go into training at Camp Dodge.

At first they will do general guard duty and fire service. The men who left Friday noon are the following:—Martin Languis, and John Kinge of Zeeland, Allie Stegenga, Jacob DeBree, Hamen Dains, Wm. Raas, Austin Woodruff and Alfred Christensen of Holland.

AT THE STRAND

"For the Freedom of the World" is a film story so interest-compelling that it does not require the services of a star. Though such well known screen actors as Barbara Castleton, E. K. JOHN BENJAMIN ARRESTED ON A LIQUOR CHARGE

John Benjamin the local shoe dealer, was arrested on the charge of having a quantity of liquor, consisting of wines and whiskeys in his possession.

The police, it is alleged, had suspected the shoe dealer of bringing home booze from Chicago, so they kept a strict watch of the movements of Mr. Benjamin.

It is said that on Labor day he was in Chicago and upon his return a considerable quantity of liquor was found on his premises.

Mr. Benjamin could not plead guilty before Justice Robinson as the matter is one for Judge Cross to decide. He however gave a bond of \$500 for his appearance in circuit court where he says he will plead guilty.

When questioned about the matter he simply said he had laid in a small quantity of liquor intended for a rainy day and the next day it rained.

MOHTER SEES SON IN WAR PICTURES

GETS CABLEGRAM THAT HE IS
KILLED

Here is a real true heart interest story of a mother who rarely goes to the "movies." She lives in the Middle West. She heard in common with others that "Pershing's Crusaders" would show her how her boy got ready to fight and how Uncle Sam took care of him here, on the way over and in France. She went to see it, but unexpected shock, she saw there among the splendid men so bravely marching, her own boy, who had recently been killed at the front.

The mother fainted away, and tender hands carried her out and cared for her. Afterwards she sought the manager of the theater and asked if she couldn't have that picture. He arranged to have that particular piece provided for the lady, and now any day before noon when she brings the film to his theater, he run it off for her, and there in the dim solitude, she sits watching her last animate record of her son's activities.

"PATRIOTISM DAYS" TO BE HELD AT FAIR

The War Board from now on until the end of the fourth Liberty Loan Campaign will hold regular instead of occasional meetings. The gatherings will be held every Tuesday evening at 7:30 in Liberty Loan Headquarters over Lokker-Rutgers store.

The Board is now making arrangements for two "Patriotism Days" at the Holland fair. The details of the plan have not yet been worked out but a committee has been appointed to make the necessary arrangements. This committee is composed of Jacob Lokker, Prof. J. B. Nykerk, Bert Slagb, Herman Vanden Brink and G. W. Kooyers. These men will confer with the fair association officials and a patriotic celebration is expected to be the result. The dates are September 11 and 12.

The board has received the promise of Bishop McCormick of Grand Rapids to speak in Holland on the evening of September 27. Bishop McCormick is one of the best known of Michigan's war workers. Last fall he went to the front in France as a chaplain and he spent several months there. In the course of his service at the front he was slightly gassed by the Germans and he had many interesting experiences.

A committee composed of E. P. Stephan, J. A. Kelly, A. L. Cappon has been appointed by the war board to make the necessary arrangements for the meeting at which the Grand Rapids bishop will speak. This meeting will be a part of the Liberty Loan campaign in Holland.

A series of meetings will be provided for not only in Holland but throughout the southern half of Ottawa county.

Mrs. Frank Oosting was a Grand Rapids visitor Thursday.

AUGUST WARM AND DRY SAYS THE WEATHER MAN

WEATHER FIGURES HAVE BEEN
EXCEEDED ONLY THREE
TIMES IN 20 YEARS

The recent August was one of the warmest Augusts in the history of the Grand Haven weather bureau. The average temperature for the month was 70 degrees. This figure has been exceeded just three times in the past twenty-seven years. The highest temperature was 95 degrees on the 12th

and the lowest was 51 degrees on the first of the month.

The rainfall for the month amounted to but .83 of an inch. At that this was above the precipitation mark of last year in August when the rainfall was but .55 of an inch. Since January first the accumulated deficiency in precipitation here amounts to 4.27 inches.

There were ten clear days in August, 16 partly cloudy and five cloudy. There were four auroras during the month, 1 hail storm, two dense fogs and four thunder storms. The greatest daily range of temperature was thirty degrees on the 19th of the month.

HOLLAND DEFEATS THE BELL MOORES TO THE TUNE OF 10 TO 1

Holland fans are giving a good account of themselves and so are the Holland players. There have been a succession of victories which assures the local boys the Western Michigan championship in base ball. The appreciation of such playing is shown in the attendance. There have been but few games played where the attendance did not reach the 500 mark. Labor day the attendance was slightly over 600

which shows that the Holland base ball fans still take a live interest in the game.

OPENING SHOW

OF FALL AND WINTER COATS AND SUITS

for Ladies, Misses and Children

DURING FAIR WEEK, SEPTEMBER 9TH TO 14TH

Our assortment of COATS and SUITS is large. We planned it to meet every requirement of women who demand up-to-the-minute styles combined with undeniable quality—who seek service rather than display. As such, ours is a thoroughly representative stock from which no worthy style-thought has been omitted.

Fortunately, makers with whom we have dealt for years were abundantly able to meet all our demands—they were as interested as ourselves in keeping up a reputation they had helped us build. We expected cloth-quality and exceptional workmanship. Styles were abundant—but real old-fashioned values were scarce. Yet these makers had provided by advance orders for nearly adequate supplies for this season. With goods in stock they were able to undersell many of their rivals. Thus it happens that many prices are quite close to the old values which you must have thought were gone for good. In every respect ours is a very remarkable showing—in point of variety, in point of real quality, in point of values which are not likely to be equalled anywhere.
