Council Gives City a Dock For Cruisers

**YACHT MEN WILL BRING
MUCH MONEY TO HOL-
LAND BECAUSE OF
THIS ACCOMMODA-
TION**

For the past month the Holland City News has been advocating proper docking facilities for yachts and cruisers visiting this port. Nearly the entire summer the upper bay has been literally filled with craft of all sizes. Many of these yacht owners want to come to Holland for supplies but the docking facilities have always been inadequate. One boat alone during a single season was supplied with more than \$3,000 worth of merchandise and Holland can get more of that business from the hundreds of yacht owners who consider this as one of the most beautiful bays on the east shore of Lake Michigan.

Henry Vander Schel of the Harbor board has been doing a great deal of work to foster this dock idea and the Common Council last evening, after a delay of two weeks to investigate, passed the project almost unanimously. The direct cash appropriation is but \$375 for materials and the work will be done with welfare labor under the supervision of City Engineer Jake Zuidema, Henry Vander Schel of the Harbor board, of the unemployment committee, Henry Prins, Albert Kleis and Ben Steffens.

Yachtmen will surely receive a fine impression of their hosts when they tie up at beautiful Holland park. It is at least a fine sight toward getting the yachtsmen to Holland and undoubtedly when its worth becomes noticeable and when better times come Holland will be able to build a more pretentious dock a little further down at the foot of Pine street, where Holland has an excellent loop with easy access to the city. The highway can easily be extended to Black lake and it will not take much dredging to scoop out a small turning basin to accommodate all yachts.

But that is something for the future. We are delighted that a proper start has been made and the mayor and common council not only deserve the thanks of the business men but of all loyal citizens as well.

TONIGHT THIRD REFORMED CHURCH WILL HOLD ITS SEVENTY-FIFTH JUBILEE

The Third Reformed church of Holland will observe the 75th anniversary of its organization this Friday evening. The church was founded in 1857 with 97 communicants and 170 noncommunicant members. The eight pastors who have served Third Reformed church are Rev. J. Van der Meulen, Rev. H. Utterwick, Rev. D. Broek, Rev. H. E. Dosker, Rev. G. H. Dubbink, Rev. E. J. Blekkink, Rev. M. Plipse and Rev. James Martin, the present pastor.

Prior to the pastorate of Rev. Utterwick in 1871, most of the city of Holland was burned and with it the church was razed. The congregation, however, continued on and through the efforts of Rev. Utterwick a new edifice was built in six weeks. The same year that a temporary structure was erected saw the beginning of the present structure. Since the erection of the present building in 1874, it has undergone several changes. The English language was adopted for all services in 1896 under the pastorate of Rev. Dubbink.

Third Reformed church now has a communicant membership of 1,961 and the church is numbered as one of the largest churches in the reformed denomination in the west. The only surviving charter members are Mrs. John Van Dyke and Mrs. G. J. Van Duren.

HOLLAND'S FORMER MAYOR SEES END OF LONG CAMPAIGN

Ernest Brooks, Holland's former able mayor for two terms and a popular citizen has nearly completed a strenuous campaign as a candidate for congress of the Fifth district on the Democratic ticket.

Holland's former burgomaster was cast in altogether a different role this spring as candidate for congress, which carried him farther afield politically than did his civic duties to the city of Holland. Mr. Brooks started in the campaign early and has visited practically every city and hamlet in Ottawa and Kent counties.

Naturally he has largely received the endorsement of the Democrats of Ottawa county, and has devoted a great deal of his time to the real battle grounds, lining up the Democrats of the city of Grand Rapids. In Ottawa county Mr. Brooks is the only Democratic candidate for congress, but in Grand Rapids the story is somewhat different, since there are four other Democratic candidates in the field from Kent county.

Despite this fact Mr. Brooks states that he has every reason to believe that Grand Rapids and Kent county Democrats are giving him wholehearted and enthusiastic support which undoubtedly will reflect favorably at the ballot box when the Democratic tickets have been counted.

Mr. Brooks and the editor of this paper have been intimate friends for many years. The News has supported Mr. Brooks in all his worthwhile civic efforts and these were many and through trying periods.

In this particular instance, however, the two friends are in different camps because of different party affiliations, but despite this fact we wish for him the best of luck in securing the nomination at the hands of his party.

Dr. and Mrs. John E. Kuizenga and daughter Miss Marian left their summer home at Central Park and motored back to Princetown, N. J.

GOOD "OLD GIL" GOOD OLD HORSE

Holland fair patrons always love to see Gil Van Hoven of Zeeland drive his "Busy Bee." Gil loves that horse and so do the "trail birds." Holland has no fair so Gil took old "Busy Bee" to Berlin, Gil today is 76 years old and his pony is 22 years, but old "Busy Bee" can still step some.

Quite a coincidence in showing the pep of the horse; in one heat at the Berlin fair he broke his bridle and despite not having a guiding hand the horse went around the track two times, coming in third. The audience and the judges noticed the mishap and gave "Busy Bee" a great round of applause.

In the race "Busy Bee" was in third money even though in second heat she broke a hobble, but believe us, she hobbled right in despite all these drawbacks.

CANDIDATE McKEIGHAN FAILS TO COME TO HOLLAND

William H. McKeighan of Flint, candidate for governor on the Republican ticket, was to have appeared in Holland in Centennial park at 3:30 yesterday for a speech. All advertising matter had been gotten out by his manager, Nick Whelan, but because of misadventure the candidate never arrived until three hours later and the audience had long since dispersed.

Mr. McKeighan also met with an accident at South Haven when he used an aeroplane to catch up with his dates and he was forced down because of engine trouble and had to land in a farmer's field unhurt, although the plane was damaged slightly. During the campaign Mr. McKeighan has been in five aeroplane mishaps.

COUNCIL NOTES

Rev. James M. Martin opened the meeting with prayer and the aldermen saluted the flag.

Cards of thanks were received by the mayor and common council from City Attorney and Mrs. Clarence Lokker for the floral tribute sent because of the death of their child.

The council received similar recognition from Mrs. Ted Modders, whose husband met an untimely death through electrocution while employed by the board of public works.

Alderman Benjamin Veltman also expressed his thanks for the flowers received as a tribute to his mother, who had passed away since the last meeting of the council.

Isaac Kow, local real estate man, asked for the privilege of erecting a gas station on the northwest corner of River avenue and Madison Place. The permit had been granted before but the time had elapsed and it was renewed.

A request from Uke Wiersma, in which he is willing to give his home to the city, providing the city supports him for the remainder of his life, was denied for the reason that the city already has too much undesirable property on its hands. This home is located on Fairbanks avenue.

More light on Columbia avenue at the Black river front by extending the arm which holds the light, thus shedding it in dark places.

This meeting of the common council showed a report of three weeks cost of welfare as follows: Regular aid, \$1,462.21; temporary aid, \$2,344.30; total, \$3,806.51.

Peddlers and hucksters, most of them local, will have their license money cut in half since they are having a hard time making ends meet. However, it will be for this year only. The \$60 license will be \$30; \$20 for 6 months, \$10 for one month, \$5 for one week and \$3 a day. The last figure was not reduced since that largely caught transients.

Attorney Art Van Duren was given a vote of thanks by the common council when he asked nothing for his services during the absence of City Attorney Clarence Lokker, brought about through the serious illness and death of his child. Mr. Van Duren said he was only too glad to help a fellow attorney and glad to help his city.

The board of public works, who tested the quality of Holland's gas, report that the test is high and very satisfactory.

The park board sent in a recommendation backing the project of Mr. Vander Schel for the building of a municipal dock. Labor in connection with welfare work will be paid in cash instead of scrip, after the matter had taken the attention of the aldermen for some time in order to find out what was best to do. The paying of cash was at last considered the easiest and the most economical way.

State inspectors from Lansing have been smelling the creamery smell but have not yet come to a decision as to what is best to do. They want further time and information. Alderman Hyma and Inspector Bosch have been added to the committee. It has been rather an odorous question for the mayor and common council for some time.

The aldermen have agreed with the Michigan Gas & Electric company that the city will replace the so-called "gassed trees" on Tenth street with sizeable new ones at the expense of the gas company. The work will be under the supervision of John Van Bragt, superintendent of parks, who is an authority on trees and an expert planter. This has to do with the trees that are lost between the sidewalk and the curb which is city property. A committee was

Instruction Ballots Printed In This Issue

A GREAT DEAL OF INFORMATION ON ELECTION IS GIVEN HERE

This week's Holland City News, the last to appear before the primaries next Tuesday, is largely devoted to the coming contest and so was a real contest with never so many candidates in the field before.

The beauty of this election despite the number of contestants on both tickets, is the fact that there never was a more orderly campaign conducted in this county free from "mud slinging" and with only a few campaign stories. It is doubtful whether there will be any roorbacks during the remaining few days of the campaign.

The candidates have all been real sportsmen, not forgetting the lady, and this campaign will go into history as a decent affair, taking it all in all.

This paper is filled with smiling faces. Look them over and take your pick.

Now about the primaries next Tuesday. Every red blooded American, whether a Republican or Democrat, should come out to vote. There will be plenty of time for the polls will be open two hours longer than usual from 7 a. m. to 7 p. m. Relative to polling places, etc., this is fully given in the election notice on page three, section two, of this issue.

RELATIVE TO THE INSTRUCTION BALLOT

In the first place the ballots as given below are the same as those to be handed out on Tuesday with the exception that the ballot here published is two-thirds smaller in order to save space. The relative positions of the names are the same with the exception that these are alternated every other name on the official ballot, according to law. The squares in the official ballots are much larger, making it more convenient to mark. In order to save space the Republican Lincoln head and the Democratic flag, which will be on the official ballot, are omitted from this one—as are the blank spaces where no names appear.

However, for instruction purposes to voters this ballot is complete. The offices voted for are in the same position with the names as they will appear upon the official ballot.

You will also notice that on these ballots the names of those who have no opposition will not be found there. For instance, on the Republican ballot you will not find George Bork for drain commissioner for he has no opposition on the Republican ticket. The same can be said of Carl Bowen, county surveyor. The same is also true on the Democratic ballot. William O. Van Eyck was the only candidate on the Democratic ticket for judge of probate. Therefore, he is already nominated and under the new law his name does not have to be printed. The same is true of Dr. Thomas of Holland for corner and of Attorney Charles Mianer, Democratic nominee for prosecuting attorney. You cannot vote for these men for they are already nominated. This was done to shorten the ballot.

IMPORTANT!

The voter, when he enters the polling place, must declare to the inspector his party affiliations. If he is a Republican and says so, he will be handed a Republican ballot and he or she signs on the dotted line on an application blank handed out under the new law. High desks are furnished for that purpose in every polling place.

Now here is something very important. If you vote a Republican ballot you cannot also vote a Democratic ballot, and by the same token if you vote a Democratic ticket you cannot vote a Republican ticket. These are party primaries and supposedly the Republicans vote their party and the Democrats their party ticket.

Whether you ask for a Republican or Democratic ballot, you will only receive one and consequently can only vote one party ballot. For instance, you cannot vote for a sheriff on the Republican ballot and for clerk on the Democratic ballot. You will be given that privilege in the November presidential election when all the parties and the winning candidates are printed on one ballot. Then you can cross over from your party candidate to the candidate of any other party for the same office on that ticket.

But next Tuesday this cannot be done.

You either vote the Republican or the Democratic ticket, one or the other, and declare to the inspectors whether you want to go Republican or Democratic.

This is about as plain as we can make it and undoubtedly our readers will understand.

The instruction ballots follow herewith.

SIZE OF BALLOT

The size of the official ballot for Tuesday's primaries is as follows: Democratic, 9½x14 inches; Republican, 12x18 inches. The squares are ½-inch square. The ballot on this page is the same as to position of offices voted for in these respective offices. The only difference—the ballot printed is 2-3 smaller than the official ballot to be given you at the polls.

Of course, all names are alternated every other ballot in order to give every candidate equal chance at the top of the list.

"MISS HOLLAND" DID NOT WIN

Miss Jeanne Wilson, one of Holland's "bells" living at 420 West Sixteenth street, who was chosen "Miss Holland" at the Holland theater, was not elevated to "Miss Michigan" at the state fair beauty contest at Detroit, we are sorry to say.

MISS JEANNE WILSON
"MISS HOLLAND"

The young lady crowned by Mrs. Wilbur M. Brucker, wife of the governor, was Miss Marian Gommerson of Grand Rapids. Miss Gommerson is 18 years old, a blonde with blue eyes. Her father is a furniture designer in one of the furniture buildings.

Despite Miss Wilson's failure to win she was well in the running and we are proud of her just the same. Miss Wilson gave an excellent little speech over the radio at Detroit boosting Holland. That shows the right spirit.

Remind C. of C. To Make Memo. of "Chick" Show

**HOLLAND WILL NO DOUBT
SHARE WITH GRAND RAPIDS
ON THIS CONVENTION**

The International Baby Chick Association will hold its 1933 convention at Grand Rapids the first week in August.

The convention will bring more than 3,000 hatchery men, poultry men, supply men and manufacturers to Grand Rapids for the five-day session.

When the convention was held there four years ago it drew the largest attendance of any gathering in the history of the organization.

At that time most of the delegation came to Holland and Zeeland for a day, for this is Michigan's poultry center. This city was ready to welcome them, even though a hurry-up program was arranged.

The American Legion band met the motorcade at the east city limits and escorted 400 loaded automobiles to the center of the city. Later the delegates were taken to Lakewood Farm and were also conducted to the different hatcheries. Zeeland also received the delegation with a suitable program.

A fine picnic lunch was also provided for the visiting "chick men" at the Holland resorts. Holland should not overlook "this bet" next season. The Holland City News at that time gave free 2,000 souvenirs of Holland, quickly made up by this paper, from cuts in possession of the News and there was a constant demand for more long after the supply had been exhausted.

The Zeeland and Holland poultrymen banded together at that time and were largely instrumental in bringing the delegates here and entertaining them royally as well.

GEO. GETZ, JR., BOAT WINS IN RACES

George Getz, Jr., son of Holland's benefactor, added another jewel to his already lustrous yachting crown when last Sunday he captured the reputed George Fox trophy. George Getz, Jr., sailed his trim yacht Aquila to victory by taking first in three straight heats held off Belmont Harbor, near Chicago. Orm, owned by Dr. G. G. Davis, placed second in this race, and Commodore Arthur R. Metz took third with his sloop, Altair.

BECAUSE OF BALLOT FIFTY YEARS AGO HAD TO BE HELD

Because of the instruction ballot on this page, which is very important, the Fifty-Years-Ago column is held until next week. The old history will keep, but the ballot must be published today to do any good, giving voters the information now when it is desired and required.

HAMILTON GIRL CROWNED ALLEGAN FAIR QUEEN

Miss Gladys Lubbers, aged 18, of Hamilton, housekeeper for her widower-father and brother and sister, was crowned queen of the Allegan fair, chosen from a field of 37 contestants. She received a \$50 cash award and a loving cup.

Runners-up who won prizes were Gertrude Newson, Otsego, second; Marietta Killian, Allegan, third; and Joe Ann Priebe, Allegan, fourth.

The American Legion band will give their annual concert at the Michigan soldiers' home in Grand Rapids Tuesday evening at 8 o'clock.

Mrs. V. M. Griffin and Miss Lucille King, have left for Terre Haute, Ind., to visit their parents. Miss Kathryn Gage has returned from a business trip to Chicago.

PEACHES AND BEANS FOR THE POOR

City Supt. Gerrit P. Rooks of Zeeland has been given the peach crops in the orchards of Mrs. Q. DeVries and George Cabell to be used for local needy. Those wishing peaches may obtain an order from Rooks and select their own fruit. Local merchants have placed barrels in the business district so that sugar may be donated for the canning of the fruit. Last week the News chronicled that another Zeeland man gave his bean crop to the poor.

HOLLAND FORMER CITY CLERK TO TALK AT ZEELAND

The Roosevelt-for-President club will stage an open-air meeting in the Zeeland city park Friday evening. Music will be furnished by the legion band and the Merry-Makers of Zeeland. The speakers will include William O. VanEyck, former postmaster and city clerk of Holland, candidate for probate judge; E. P. Stebbins of Carson City, former Democratic candidate for state treasurer, and Charles Misner of Grand Haven, candidate for prosecuting attorney.

CHAMPIONSHIP GAME TO BE PLAYED SATURDAY

The third game of the series for the 1932 city baseball championship will be played Saturday afternoon at Riverview park. The Mossers Leathers have taken two straight from the Holland Boosters in the opening games.

The fire was discovered near Zeeland on Labor Day which destroyed the wash house, barn and house on the farm of Mr. R. Wyngarden on Labor Day afternoon, two miles east of Zeeland.

The fire was discovered in the wash house, situated about twenty feet north of the barn by Miss Ida Wyngarden, a daughter of the home, who immediately ran out to call her father and brother working in a nearby field. They put forth all efforts to extinguish the blaze, but to no avail.

The fire evidently started below the roof in the wash house from some unknown cause. The family washing had just been completed and the laundry stove had been in use and fire might have originated from that it is thought. The building was of concrete block and gable roof construction about 12 x 16 feet, with a concrete chimney. It is probable that the chimney was not perfectly sealed which permitted smoldering soot to set fire to the roof timbers.

Unfortunately the wind which had been from the west at the beginning of the fire, suddenly veered northwest, directing the flames and sparks toward the barn which quickly caught fire and caused it to go beyond control. This quickly spread to the farm house a short distance east of the barn and within the course of one hour what once had been a happy farm homestead was but a mass of charred debris.

UNUSUAL PROGRAMS TO BE GIVEN AT NINTH STREET CHURCH

An unusual series of programs is to be given at Ninth Street Christian Reformed church on six successive Thursday evenings, from Sept. 15 to Oct. 20, inclusive. The programs entitled "Palestine Speaks," consist of beautiful colored pictures, many of them being taken from famous paintings portraying historic events and characters as these are related in the Bible.

These eye-ographic programs tell the Bible stories from Adam in the Garden of Paradise to the Apostle Paul in Rome, and together with the lecture accompanying the pictures, give the audience a better understanding of this greatest of all books. In fact as our minister stated: "It is a whole seminary course in only six hours."

The program has the endorsement of thousands of ministers of leading denominations, and is sponsored by the Eunice Society of Holland.

The first program of the series is to be given on next Thursday evening, Sept. 15, beginning at 7:45 o'clock, at the Ninth Street Christian Reformed church, and will be followed by a program on each Thursday thereafter for five weeks. The picture series is divided as follows:

Sept. 15—From Creation's Dawn to the Death of Abraham.
Sept. 22—From Isaac through Egyptian Slavery to the Death of Moses.
Sept. 29—Joshua, the Judge, and Kings of Israel to Herod, the Great.

Oct. 6—Birth of Christ to end of the second year of His ministry.
Oct. 13—The third year of Christ's ministry. His trial, death, resurrection and ascension.
Oct. 20—Early church history and life and missionary travels of the Apostle Paul.

The program entitled "Palestine Speaks," is made possible through the Golden Ark explorers' travels and adventures in the Holy Land during two years of intensified research work and about thirty years previous study of ancient and sacred history of Palestine and is presented by Mr. and Mrs. Carl D. Fales.

A silver collection will be taken up for the benefit of the local Christian schools.

The following residents of Holland have moved recently: Mr. and Mrs. John Westrate have moved from 59 West Seventeenth street to a residence at 44 West Seventeenth street; Mr. and Mrs. John George of the north side have moved to 280 West Nineteenth street; Mr. and Mrs. Bernard Vanden Berg have moved from Reed avenue to extension of East Eighth street.

Rev. Lambertus Veltkamp, who has been pastor of the Central Avenue Christian Reformed church for the past seven years, is one of the trio nominated by the First Christian Reformed church of Kalamazoo. The others are Dr. Y. P. De Jong, pastor of the Grandville Avenue Christian Reformed church, and Rev. D. D. Bonnema, pastor of the First Church of Grand Rapids.

Zeeland Seems To Have Many Mystery Fires

**HOMES OF TWO BROTHERS
BURN WITHIN TEN DAYS—
LAD LOOSSES SCHOOL SAV-
INGS IN ONE FIRE**

The vicinity of Zeeland has been visited by at least a score of fires within the last six months and most of these seem to be farm houses and barns. It has been hinted that "fire bugs" may be busy and the state authorities have been making investigations.

Most of the fires, however, can be traced to direct causes—how- ever true, it would appear, have the ear marks of incendiary nature.

Fire of undetermined origin destroyed the barn on the farm of Sakke Boonstra, on the State rd., 1½ miles south of Zeeland, destroying the season's crops and consuming a pig. Loss, estimated at \$3,500, is partially covered by insurance.

Mr. Boonstra and his family were eating supper when a passing motorist informed him his barn was afire.

Two weeks ago a barn owned by Renze Boonstra brother of Sakke, living on the 16th street road, east of Holland at the Overland road intersection, was destroyed under similar circumstances. County officials started an investigation at the request of Mr. Boonstra. This farm was occupied by Harry Michmershuizen.

Another fire was discovered near Zeeland on Labor Day which destroyed the wash house, barn and house on the farm of Mr. R. Wyngarden on Labor Day afternoon, two miles east of Zeeland.

The fire was discovered in the wash house, situated about twenty feet north of the barn by Miss Ida Wyngarden, a daughter of the home, who immediately ran out to call her father and brother working in a nearby field. They put forth all efforts to extinguish the blaze, but to no avail.

The fire evidently started below the roof in the wash house from some unknown cause. The family washing had just been completed and the laundry stove had been in use and fire might have originated from that it is thought. The building was of concrete block and gable roof construction about 12 x 16 feet, with a concrete chimney. It is probable that the chimney was not perfectly sealed which permitted smoldering soot to set fire to the roof timbers.

Unfortunately the wind which had been from the west at the beginning of the fire, suddenly veered northwest, directing the flames and sparks toward the barn which quickly caught fire and caused it to go beyond control. This quickly spread to the farm house a short distance east of the barn and within the course of one hour what once had been a happy farm homestead was but a mass of charred debris.

The furniture in the home was partly saved by neighbors who quickly gathered and the Zeeland firemen, while the barn contained about one ton of straw, a hay-loader and a few other tools, all of which were destroyed. The total damage has not yet been determined. It is partly covered by insurance.

Mr. Wyngarden is fortunate in that his farm has another house now occupied by Mr. Oppenhuizen and a larger barn at some distance where his crops are stored, thus limiting his losses somewhat. However, much clothing and household goods and furniture were destroyed, including the savings of their son, John, which were intended for high school tuition fees.

One solution of the mysterious fires is advanced that these are started through spontaneous combustion in the straw stacks adjoining barns as has been the case in so many other farm fires in this vicinity. In the latter Boonstra fire it is said that no one had been in or near the barn for some time before it was discovered and there had been no fire or near the building since the time of threshing the grain several days ago. So that would explode the "fire bug" idea in this instance, it would seem. Anyway, the Zeeland fire department has been having its hands full, helping the neighbors and doing fine work.

The new fire siren also has been getting a thorough try-out. Since Zeeland city has installed its new automatic fire alarm horn several minutes are saved in spreading the alarm. Where formerly it was necessary to telephone engineer or watchman to notify the fire ward, after which they were required to go to and blow the alarm, now the telephone operator simply presses a button the necessary number of times which is automatically responded to by the horn.

The board of health Tuesday instructed City Inspector Henry S. Bosch to warn string butchers their licenses will be revoked if they allow others without permits to use their credentials and stamps in the sale of meats to Holland markets, thereby evading payment of the annual \$12.50 fee required of each butcher.

Health Officer William Westrate reported nearly 100 food handlers had thus far been given examinations as prescribed by city ordinance.

It is expected that Mr. and Mrs. Clarence Darrow of Chicago will spend the week-end at Waukegan as the guests of Mr. and Mrs. Charles Edward Russell, Mr. Darrow is a famous attorney in Chicago.

Charles Emmick has left for Indiana, where he has accepted a position.

Steffens Bros. grocery store will be closed Saturday afternoon from 12 to 6 o'clock on account of the funeral of their father, John H. Steffens, who died Thursday morning.

Primaries, Sept. 13

BECAUSE: We believe a change in the office of Sheriff would be dangerous at this time, because of present conditions and problems which arise daily. Sheriff Steketee has proven himself very capable to cope with them, because of his efficient record of 24 years as an officer of the law (over 20 years as a police officer in Holland), and as it takes a good TWO YEARS for a new sheriff to become ACQUAINTED with the duties of this office, which naturally would incur an extra expense to the taxpayers of Ottawa County, why not continue his services and economize at this present time.

BECAUSE: Of the courteous and prompt manner in which he attends to calls coming to his office, HE IS ON THE JOB PERSONALLY.

BECAUSE: Of the economic way in which he has conducted and personally supervised the expense side of this office, as the records of Ottawa County show, he has saved the taxpayers hundreds of dollars.

BECAUSE: Of the orderly way in which Sheriff Steketee has conducted this office, loyally co-operating with all law enforcing departments, City Police throughout the county, State Police and other Sheriff's and Police Departments in other counties, in which he is highly respected and thought of.

BECAUSE: Of his fearless enforcement of the law and strict attendance to business and the cleaning up of many criminal and other cases, to the best interests of the public.

BECAUSE: He personally, in tune with the times, was the first county officer to offer to the Board of Supervisors, a voluntary cut in salary in the spring of 1932 and later took the requested reduction asked by the supervisors.

THEREFORE: For further economy, the best protection by the most experienced candidate.

Judge Danhof
Announces
IS APPRECIATIVE

Although it is generally known throughout the county that I am to be a candidate for renomination on the Republican ticket for Probate Judge of Ottawa county, I take this occasion to make a formal announcement, asking you for your kind consideration of my candidacy at the primaries in September.

Judges of probate everywhere have been retained in office for many years. In some counties, Kent for instance, Judge Higby has held that position for a score of years. Judge Smith of Keweenaw and Judge Hollander of Kalamazoo county are old experienced judges. One reason for this is that the judge in office is thoroughly acquainted, not only with all the details of an estate, and there are hundreds and hundreds of these, but he knows the legal technicalities surrounding those cases, being thoroughly acquainted with these facts, with little or no chance that injustice will be done the proper and legal heirs to these many estates. A new judge not familiar with these details, is at considerable disadvantage in breaking in new into these technical and legal affairs.

Arthur Oudemool, who spent the summer at a charge in New York state, is spending a few weeks with his parents, Mr. and Mrs. Martin Oudemool, 41 West Fifteenth street. He will soon return to New Brunswick, N. J., to resume his studies at New Brunswick Theological seminary.

Peter Van Ark, city assessor, was nearly pulled out into the big lake in an undertow while bathing during Labor day. He was at Buchanan beach and there was quite a sea rolling when the tow pulled him out. He was assisted from the water by Theodore Bayles of New Brunswick, N. J., who has been spending a month in a cottage on the shore of Lake Michigan.

The marriage of Miss Ethel Howard and George F. Trautman has just been announced as taking place at the bride's home in Oakfield. The couple will reside in Saugatuck, where Mr. Trautman is teacher in Junior high school and of manual arts.

William Steketee is confined to his home at 146 West Eighteenth street caused by an automobile accident on Labor day. He was struck by an on-coming car Saturday on the corner of River avenue and Eighth street, driven by John Eaton of Waukegon. He received many bad cuts and bruises about the body but is not dangerously hurt.

The following scores were made at the Holland Rifle club shoot held Tuesday: H. Prins 49, Bud Prins 48, G. Huizenga and L. Michmerhuizen, each 47, Don Prins 45, Roy Smith 44, John Jonkers 44, S. Van Ingen 37, A. Buursma 37, Robert Hume 36, Dick Wiersma 35, Fred Van Slooten 35, Alex Barnum 34, John Kleis 34, E. Vande Vusse 33, Sam Althuis 33, V. Gillette 32, George Lauwsma 32 and H. Mepelink 31.

Cornelius Schultz, 34, of Chicago, resorter at Saugatuck, suffered a fractured vertebrae in his neck as the result of a dive in shallow water of Lake Michigan. His condition is favorable, barring complications. He was taken to Blodgett hospital, East Grand Rapids, and placed in a plaster cast. Later he was removed to Saugatuck.

Considerable remodeling is taking place in the home of Mrs. J. E. Hutchinson on Main street, Fennville.

siderable study and has to do with the probate office is the widow's pension. A judge already in office knows the conditions of such a family and their requirements, and is able to treat them justly, while at the same time safeguarding the taxpayers' money. This at best is a difficult position where much injustice can be done, either to the recipient of a pension, or to taxpayers. My endeavor has been to handle these many cases as justly and equitably as I know how with the information I have.

Another matter in which a judge must act diplomatically, wisely and at the same time justly, is with our delinquent boys and girls. We must punish them to save them, but such punishment should be accompanied with the fullest measure of mercy as this is justifiable according to the case at hand.

There are a great many delicate situations arising in which young boys and girls become involved that are trying even for an experienced judge. Undoubtedly it is for these fundamental reasons, together with a great many others, which arise almost constantly, that probate judges are retained in Michigan and other states for an indefinite period.

It is a position that one must grow into, so to speak, and the legal technicalities are so varied and so many that one must really know the law thoroughly to judge wisely and justly, making decisions upon which there can possibly be no aftermath that might bring legal troubles to those who have interests in estates.

The office of judge of probate deals largely with matters pertaining to widows and orphans, and if there is one class whose interests should be thoroughly safeguarded and who should be guided aright, it is these.

I take this opportunity to thank the citizens of Ottawa county for their kind cooperation during my tenure in office. If you feel that I have conducted this office as it should be conducted, then I ask you to give my candidacy your earnest consideration.

JAMES J. DANHOF,
Judge of Probate,
Ottawa County.

YOUNG BOY IS DROWNED OFF KOLLEN PARK

Jackie Schmid, aged 5, son of Mr. and Mrs. John Schmid, 130 West Ninth street, was drowned Monday day when he slipped from the partially submerged boat of the Holland Sea Scouts at Kollen park, Blake lake. The lad, who was to have started to school on Tuesday, wandered away from his home on a tricycle and was playing with some older boys when the tragedy occurred.

Screams of his playmates brought Thomas Zloski, employed on the government dredge, and he dived in eight feet of water without removing his clothing and within 15 minutes brought the body of the young lad to the surface.

Charles Ash, Sea Scout official, chanced to pass by and rushed to assist in taking the body to shore. Police and Dr. A. Brower and Dr. G. E. Thomas were notified. Officers Dave O'Connor and Peter J. Bontekoe responded with the city resuscitator.

After artificial respiration had been employed for one and one-half hours, hopes of saving the boy were abandoned.

Coroner Vande Water, who took charge of the case said there would be no inquest.

Prior to the arrival of the coroner Justice Sam Miller took charge.

Mrs. Schmid was notified of the death of her son at a hospital in Muskegon where she is confined.

Funeral services were held on Wednesday from the residence of the boy's grandparents, Mr. and Mrs. Nicholas Schmid, 122 West Ninth street, at 2 o'clock in the afternoon. Rev. Winfield Burggraaf of Western Theological seminary, officiated. Burial took place in Pilgrim Home cemetery.

He is survived by his parents and one sister, Frieda.

Rev. and Mrs. John F. Schortinghuis of Ebenezer and daughter have returned from Pella, Ia., where they spent several days.

state government went to reduce local taxation. Forty-two million dollars were returned directly to the localities and the rest was spent in the care of patients and inmates in state institutions and in the maintenance of highways, all of which would have devolved upon the local tax bills if the state had not given these services. Next year in the neighborhood of 60 per cent of all state expenditures will be for the relief of local burdens.

Unless voters can learn to choose their candidates on the basis of all around ability rather than on that of a single prejudicial point we shall continue to have many weaklings among those who are in charge of the administration of public affairs.

To The Voters:

I am a candidate for Probate Judge. I think by this time every intelligent voter knows this and knows that I am well-qualified for the position—both by education and experience. I believe that intelligent people are looking to the qualifications of the candidate, and not to his or her personal needs, as you pay your Probate Judge not for the size of his family, but because he or she will do work efficiently.

I have confidence in the intelligence and fairness of the people of this county, and your intelligence will not be insulted on election day by my employing people to thrust a card into your face or otherwise imploring you when you reach the neighborhood of the ballot box.

I have been weighed in the balance for many years as assistant in the Probate Court, and not one person can justly say that I have been found wanting, and I have hopes that you will say to me as was said to the faithful servant of old: "You have been found faithful in a few things; you are worthy of higher and better things."

Yours for faithful service,
CORA VANDE WATER.

COMMUNICATION

Sept. 6, 1932.

Dear Editor:

Last week I stated the facts relative to the present prohibition law in Michigan, and how it came about. I quoted the part of our state constitution which prohibits the manufacture and sale of traffic in intoxicating liquors. I also gave a copy of the amendment which will be on our ballot in November, which is proposed by the "wet" organizations. I promised to give you my conclusions as to how this amendment would probably work. I do this because the name "wets" who are trying to get this amendment into our state constitution are also telling us that it won't do any harm to vote for it as it can't be carried into effect any way, because it will be in violation of the United States constitution.

I believe if this amendment carries the "wets" expect to carry it into effect. They expect to find a way to do it. And if they elect a "wet" governor and a "wet" legislature they are sure to accomplish their purpose or if not, because of weak moral support, it will bring about a laxness in law enforcement equivalent to no law at all. It will make Michigan a "bootlegger" and a bartender for the brewers and distillers.

It is here proposed to sell directly to the state, or to have the state grant permits which will be in fact "saloon licenses" to people who want to engage in the liquor business. If this amendment carries it will set us back just where we were before 1918, and fasten on this state the old "saloon" which the "wets" claim, in order to get votes, that they condemn.

My conclusion is that the leaders in these "wet" organizations are working for the return of the saloon, and that they will succeed unless we succeed in defeating the proposed amendment this fall in the November election.

Very truly yours,

FRED T. MILES.

TO THE VOTERS OF OTTAWA COUNTY:

Because of my recent illness, from which I am recovering rapidly, it was impossible for me to make a campaign of any extent through this county. I was, therefore, unable at this time to meet as many voters as I would have liked to meet. I assure you, however, that if renominated and re-elected to the office as legislator of Ottawa county, I will continue to perform many duties as well and even better, if possible, than in the past.

Many of you know the bills that have passed benefitting local conditions, among them fish and game legislation as this relates to Ottawa county and other parts of the state. Space forbids mentioning a score of others.

I wish to thank the voters of my district for giving me such loyal support in the past and wonderful co-operation while serving in the legislature and I will fully appreciate your further consideration.

HAMILTON

The Labor Day celebration Monday drew one of the largest crowds that ever gathered in this town. The weather was ideal and folks came from far and near both for the day and night programs. It was estimated that more than 5,000 attended.

The day was opened with a base ball game in which the local Merchants defeated Castle Park, 7 to 4. The victory was the result of the splendid pitching of Bob Freeman, the heavy batting of Rankins, Kronmeyer and J. Kempher, con-

pled with good fielding on the part of the entire team. In the second game the local Independents were compelled to take the short end of a 11-to-4 score. It seemed as if almost the entire team was agreed to be kind to the visitors. Allegan seemed to be able to hit at will and to know exactly where the locals were to place their hits. After the games 25 roosters were tossed to the crowds and a lively scramble resulted in which the roosters lost by a large score.

The afternoon program opened with a concert by the Casco band. Rev. Paul E. Hindkamp of Hope college offered prayer. The Tulip Town four of Holland rendered vocal music. Dr. Clarence Bouma of Calvin college, Grand Rapids, gave the main address. He spoke on "Citizenship and Conscience." He urged the people to put in office men who have a Christian conscience of the type of Governor Brucker and President Herbert Hoover. He classified the citizens of America into two groups. One group is raising the cry, "We want beer," and the other "We want God." Mrs. J. A. Roggen gave some humorous Dutch readings entitled "The Discovery of America by Columbus" and "The Groanings of the Farmer." This was followed by instrumental musical selections by the Kemper brothers. Rev. H. D. Ter Keut spoke on "Fidelity for Office," maintaining that as the present is demand in every profession one must "know his stuff," so we also ought to vote for the men who know the needs of our day and the duties of the office to which they seek to be elected. The large crowd also enjoyed the large program of races and contests.

The evening program again started with a concert by the Casco band. This was followed by several selections by the Holland male quartet and instrumental and vocal music by Howard and Morris Kronmeyer. At the close the crowd was entertained by sound pictures presented by Walter Fisher of Grand Rapids.

About \$300 worth of prizes in merchandise was given to the persons with lucky numbers. The various stands were kept busy throughout the day.

Loud speakers and flood lights helped to make the day a success. The celebration is sponsored for the benefit of the community. The labor and prizes were donated by local and outside people. Proceeds will go for community purposes.

FOR CONVENIENCE SAKE

For convenience sake and speed there should be a coroner on each end of the county. The present acting coroner is Gilbert Vandewater, the only Republican candidate from this end. The north end of the county has four candidates in the field, plenty timber to select from. The voters of the county should consider that one coroner be selected in south Ottawa and one in north Ottawa. It is very important that a coroner is near the place of accident where violent death might occur. Each voter votes for two coroners.

SOUTHERN WOMAN RUNS OVER AND KILLS MAN ON BICYCLE

No inquest will be held in the death of Vincent Kurza of Grand Haven who was killed following an accident on U.S. 31 at the south limits of that city when the bicycle he was riding was struck by a car driven by Mrs. Gatewood Gay of Lexington, Ky. Coroner Van Zantwick and the prosecutor, John R. Dethmers, went over the facts.

Mrs. Gay remained in Grand Haven over night and co-operated fully with the officers in explaining the details of the accident. Mr. Kurza was riding a bicycle along the right side of the road, Mrs. Gay said. She stated she saw him plainly and as she attempted to stop him he turned in front of the car without warning. His body was caught on the radiator ornament and thrown to the left of the highway. The impact was so great as to crush the left side of the body and he virtually bled to death at Hattson hospital where he was taken immediately.

Mrs. Gay was allowed to proceed to her home with her children and maid. The car was damaged and the radiator was bent in with the force of the blow. She had been at Wequetonsing, a northern resort, spending the summer and was driving to her home in Kentucky.

COMMUNICATION

Dear Friends: As you know, I have been appointed by the governor probation officer for the county. Our Circuit Judge is placing an unusually large number of young men on probation. Considering the unemployment situation and the peculiar temptations to which they are subject, this method of attempting to rescue boys from a life of lawlessness and make of them good citizens, meets with universal approval and has thus far been entirely justified by the results. Any failure to comply with the terms imposed is followed with immediate and severe punishment which is, of course, the only effective method.

However, the success of the Probation system depends to a great extent on the contact of this office and of myself with any young man so placed in my charge for a period usually ranging from one to five years. I meet with each man at least once a month and make such plans for their future as I am able to work out. Some effort is made to secure them employment, include regular hours and regular habits and encourage self-improvement.

It is to enlist assistance that I am writing this letter to approximately one hundred and fifty people of the county.

Often as a condition of probation a man is required to serve a few days, from ten to sixty, in jail. This has a wholesome effect on wild young life and gives opportunity for me to establish a proper relation. During this period and afterward, I find reading matter of the right sort helpful in dispelling despondency and idleness. I am asking the county to take for the use of all prisoners some magazines, Christian Herald, Literary Digest and Saturday Evening Post.

Besides this I am anxious to build a probationers' library of about one hundred fifty volumes. It is very hard for any one man, especially of limited reading, to make a proper selection, even if the money for such a project were available, which it is not. I am sure you have many valuable books in your private library and that you are willing to contribute one carefully selected volume for our project. No more than one volume for each reader desired. I should like I should wish to have you make a second selection. I am making the selection you will of course have in mind the men to whom the book is expected to appeal.

If my suggestion meets with your approval, I suggest you leave your contribution at the City Library at Grand Haven, Holland, Zeeland, Spring Lake or Coopersville. I will obtain it there.

If you have any suggestions to offer, I shall be glad to receive them. It is my desire to make this office as helpful as possible. Thanking you for your co-operation, I remain, Sincerely yours, JACK SPANGLER.

As Others See Him

WHY CHANGE?—A QUERY WITHOUT ANSWER.

(Grand Rapids Press)

Opponents of Congressman Carl E. Mapes have adopted as their campaign slogan: "It's time for a change." There are plenty of congressional districts throughout the country in which this may be true, but in the Fifth district of Michigan voters may well inquire: "Why?"

Does the fact that Mr. Mapes has become recognized as the leading parliamentarian in the house of representatives mean that it is time he should be deprived of his office? Does his record of statesmanship, calm judgment and work in the best interest not only of his own constituents, but of the country at large as well, call for his retirement? Does the fact he was strongly considered as speaker of the house in the event of a Republican majority indicate that his ability is wanting? Does his refusal to be stampeded like a frightened sheep before the whips of demagogues mean that he has failed in his public trust? Does his high praise of metropolitan newspapers and political writers indicate that he should no longer be acceptable to Kent and Ottawa county citizens?

To all these questions the sane, intelligent voter must answer in the negative. With all due respect to Mr. Mapes' opposition, there is to date no evidence that a change would improve upon the constructive leadership that the Fifth district now has in congress through its incumbent.

A vote against Mr. Mapes obviously is in effect a repudiation of his record and a vote for policies opposite to those he has espoused.

A voter should turn against Mr. Mapes if that voter is in favor of congressional nepotism—the trenchment of the family in government service as clerks and dumb-witted men for the veterans' good and no member of congress has been more helpful or more ready to serve the individual service men of his district. No veteran can say that he has denied a sympathetic ear to reasonable

pleas. He has, in fact, placed only one thing above the demands of veterans. That is the good of his country—and theirs.

Regardless of individual views on prohibition Mr. Mapes' refusal to straddle or to away with the political winds on this question has been admirable. Personally he is a dry and he maintains his position in that respect against all influences. But he fairly concedes the right of the people to a referendum on this subject if they so desire. And if the majority calls for a new law he concedes their right to that. But he does not concede the good sense of abandoning all the gains that have been made toward sobriety, and as a true advocate of temperance he demands, with President Hoover, that if there is to be a new law it must not be a contemptible surrender to all the old evils.

He opposed the Beck-Lithium resolution in the house because it would have abandoned completely the responsibility to fix the best possible form for any amendment submitted. On what grounds does the Beck-Lithium group assume that it alone can speak for all who want a change?

Look where he will in the record of Congressman Mapes, the voter will find no act that does not reflect a studied attempt to do what is patriotic, what is best and what is for the interests of the nation. Even though he may not agree on every point the voter must be impressed by the unselfishness, industry, high integrity, constructive ability and statesmanship of the man.

With such representation we can find no reasonable answer to the question: "Why is it time for a change?"

BETTER ROAD, HOLLAND SOUTH TO FENNVILLE

The Allegan county road commission has completed the highway projects in the western part of this county for this year. A new road has been built from Fennville to the Kalamazoo river bridge north of New Richmond on the Holland road and one mile has been completed and opened to traffic from the Ottawa county line south through the village of Graafschap in Laketown township.

This makes nearly six miles of new road in this part of the county.

Ottawa County Celery Field Free of Borer

HOLLAND FIELDS ARE BEING INSPECTED AND SHIPMENTS LABELED WITH INSPECTION SLIPS

The corn borer pest, which has been fought against so strenuously for several years in this section, has now infested some of the celery fields this year and great precautions are being taken by the state and federal government to control the pest.

Many people, it is claimed, have become prejudiced against celery on account of the pest which is believed to account for a falling off in the sale in some sections. John H. Koopman, state inspector, and H. Garlock, Ottawa county inspector, have been through the Holland fields north and east of the city and have found them in excellent shape and celery farmers are labeling their boxes with inspection labels which places an OK on the shipments, much of which goes by boat to Chicago.

The state inspector has also gone through the large Grand Haven fields with great care. He has covered areas belonging to 32 growers and finds the fields entirely free from the European corn borer or other dangerous insects.

An affidavit to the above was sworn before a notary public, Miss Ann Van Horsen, and C. P. Milham has the copy in his possession. This assures people that there is no corn borer in any Grand Haven celery and with the restrictions to protect areas there is little likelihood of its developing here.

The quarantine in Illinois on Michigan plants to prevent spread of the borer includes celery, green beans in the pod, beets with tops, rhubarb, cut flowers, entire plants of chrysanthemums, asters, zinnias, hollyhocks, cosmos, gladioli, dahlias.

All boxes, crates or containers carrying these materials must carry an inspection tag, stamp or sticker issued after inspection is completed by state authorized inspectors. Copies of the tag may be secured from County Farm Agent Mr. Milham. H. Garlock is the inspector for Ottawa county.

Field inspections are being made for which the state makes a charge of 85 cents an acre for the first ten acres and 65 cents for each additional acre. The state of Illinois is responsible for this quarantine. Michigan did not impose this hardship on the grower and is not in sympathy with it.

Up until the time that the restrictions are modified growers must comply to the Illinois requirement or suffer the consequences. The state department says it would be doing an injustice should it authorize anyone to proceed along any line that would get their product confiscated when it crossed the state line into Illinois.

Furniture Co. Starts

750 Men to Work

Several recent furniture orders have increased employment at the Luce Furniture company, Grand Rapids, almost to old time proportions, according to Martin J. Dregge, president. The business outlook has gradually brightened in the last few days, as additional orders continue to come in, necessitating overtime work in some instances.

Approximately 750 persons are now employed by the company, virtually all of whom are working the full time 9-hour day, and some are being given overtime employment. Most of them are working five and one-half days a week, although it was necessary for some to work Saturday afternoon last week, because of the press of business. These kind of reports are coming in from different parts of the country, indicating that a real change for the better is in sight.

Macatawa Yacht Wins Over Milwaukee Boat In Cross Lake Sail

The "Larakin" sailing yacht, owned by Irving M. Orr of Grand Rapids, and winning in the race across Lake Michigan from Holland Harbor to Milwaukee, Thursday won again on the return trip, passing five other boats, two from the Macatawa Bay Yacht Club and three from the Milwaukee Yacht Club. The second yacht to enter port here was a Milwaukee craft, the "Moby Dick." The yacht Larakin, the "Argyle," owned by Robert Herriman of Lansing, and "No-mad," owned by Woodbury Ransom of Kalamazoo, crossed to Milwaukee without mishap. At the "Cream City" the Macatawa Yacht Club members were feted, after which the return trip was started, and the three local crafts were accompanied to Macatawa Bay by three Milwaukee yachts. When the ships arrived and were anchored here, the Milwaukee skippers and crews in turn were royally entertained at the Macatawa Bay Yacht Clubhouse with a dinner dance. The Milwaukee ships left port for the return trip to Milwaukee at 7 o'clock Sunday night. The Milwaukee fleet was escorted for some distance into the "Big Lake" by many launches now harboring in Black Lake. Besides the "Moby Dick," the boat that came in second, Milwaukee sent "Gorella" and "Jacinta."

Mr. Orr, owner of the Larakin, received a ship's bell clock from the Macatawa Yacht Club. F. S. Harrett of Grand Rapids is commodore of the Macatawa club.

Grand Haven To Holland School Continuously

SCHOOL TO START AT 8:30 THRU DINNER HOUR TO 3:35 P. M. THIS YEAR

Grand Haven has so many high school students, 650 in all, that the building is altogether too small and now there will be a continuous session even thru the noon hour, studying in relays as it were.

The problem has taken up the time of principal Olsen during much of his long vacation to figure out how 650 students can study where there is room for about 400.

He has evolved the plan of stretching the school day from eight periods to 10 periods by utilizing the noon hour. This, of course, does not mean that students or teachers will have increased hours, but it will allow the rural and Spring Lake students to absorb part of the long noon recess into study hours and hereby allow them to come to school later or go home earlier as the case may be.

Junior and senior honor students will come to school only for recitations as they did last year, due to the crowded conditions. The plan worked out very well last year and it will have to be put into effect again this year, said Mr. Olsen.

The new ruling will probably take some time to be adjusted but when schedules are well established the students will come and go for recitations and study periods similar to the former way but the old established time of filing in school together at 8:30 a. m. and being dismissed at 3:30 p. m. will no longer be in order.

The enrollment has never been as large as it will be this year and conditions in the high school will not be any too comfortable. There are 400 lockers in the school and there should be 650. Class rooms are equipped and made to accommodate classes based on an enrollment of 400, but 650 must be provided for some way.

School will start Sept. 6, the day after Labor Day. There will be three new members of the staff, Miss Elizabeth Hurst of Alma, who takes the place of Mrs. Kenneth King, who was married this summer. Miss Fahe Nelson of Grand Forks, N. D., commercial teacher, and Miss Avis Towers who replaces Mrs. George Ruster, a bride of this year.

HOLLAND STEAMER LAYS UP FOR WINTER

The Goodrich Transit company placed the steamer City of Holland in winter quarters at Benton Harbor Tuesday and the steamer Bainbridge will alternate with the City of Saugatuck on the Holland-Chicago line until the close of the daily schedule, tentatively set for next Sunday, when the City of Saugatuck will be docked at Benton Harbor. The Bainbridge will continue on a tri-weekly schedule via Benton Harbor until the close of the season. The steamers North American and South American of the Chicago, Duluth & Georgian Bay Transit company will be placed in winter quarters on Black Lake within a few days.

Those who attended the wedding were Mr. and Mrs. Ferguson of Prairie City, Ill. (Mr. Ferguson is the grandfather of the bride), Mrs. Betts, Grand Rapids; Arnold Petherick, Alpena; Miss Grace Masters, Jackson; Mrs. Ed Vander Woude, Holland, and Mr. and Mrs. Peter De Boe.

ONE HOLLAND TEACHER TAKING PLACE OF MARRIED ONE

Spring Lake School opened Tuesday afternoon, following a general teachers meeting which was held Tuesday morning. The enrollment is even larger than last year, based on the increase in the school census.

Two new teachers will be on the staff, Miss Julia Van Oss of Holland, who replaces the former Miss Margaret Otte of Holland, and Miss Louise Wachter, Spring Lake township, who will teach the third grade in place of Miss Marian McCoy, who resigned last spring to take another position. Miss Otte was married in the East during August; it will be remembered.

Miss Van Oss will have charge of the Latin and history department. She is a graduate of Hope College and has been teaching near Lansing. Miss Wachter has been teaching at the Jeffers school in Spring Lake township. The staff includes 11 teachers this year, one less than last.

PUPILS MUST PICK PICKLES

Pupils of the county system in the vicinity of Holland and Zeeland were not disturbed when the knell for summer vacation was sounded Tuesday morning. G. G. Groenewoud of Holland, county school commissioner, announced that ten schools in this section remained closed until Monday, Sept. 12, the delay having been arranged to enable the children to assist parents in picking the pickles and tomatoes.

How to Kill Weevil In Grain and Seed Supply

Many requests have come in from farmers asking about a suitable fumigant for stored grains which are heating up and are apparently affected with weevil. Carbon disulphide is the most generally used fumigant. Fumigants for insects work best during warm weather. A temperature of 70 degrees Fahrenheit is desirable, but not necessary, but when the temperature falls below 50 degrees fumigation should be postponed. Make sure that the bins or barrels are tight, if they are not, spread or tack several thicknesses of newspapers over the inner surfaces, overlapping so as to close all crevices. One pound (avoirdupois) of carbon disulphide is sufficient for 100 cubic feet of space. After the bins are made tight, arrange for covering the top. If wooden covers are lacking, it is possible to place sticks across the top of the bin and then, by placing newspapers between blankets to arrange a satisfactory cover which will confine the gas. When all is ready, place some old pans on top of the grain or seed, pour in the liquid and close everything tightly. Leave for 36 or 48 hours and then open and air thoroughly, shoveling over the grain so as to let the gas at the bottom escape.

Warning—Do the work in the day time and keep all fire away, since Carbon Disulphide Gas is extremely explosive if ignited. It is also poisonous, if breathed, it kills humans just as it kills insects, furthermore the insurance in some insurance companies lapses during the operation. Carbon disulphide is a liquid which quickly changes to a gas when poured out at ordinary temperatures; it is heavier than air and penetrates to all spaces.

LOOKS OVER SUGAR FIELD AND PLANT HERE

Dr. J. A. Brock, educational secretary of the Farmers and Manufacturers Beet Sugar association, with headquarters at Bay City, in an address here today, stated that failure of people of Michigan to demand and use Michigan-made beet sugar results in the importation into this state of approximately 20,000,000 hours of agricultural and industrial employment in the form of foreign-grown cane sugar. He also stated that millions of dollars were shipped out of the state for an article of food which is in no way superior to Michigan-made beet sugar. Dr. Brock was in Holland in making a tour of the state to survey the possibilities of development of the beet industry.

HOLLAND IS THIRD IN ROTARY LIST

Grand Haven Rotarians stood second in percentage of attendance at the meeting of Rotary clubs of the 35th district at the Masonic Country Club, Grand Rapids, Friday. Hastings took first honors with 98 per cent, Grand Haven second with 80 plus and Holland third with 80 per cent. A large delegation attended the big rally.

HOLLAND STORE MANAGER WEDS AT GRAND HAVEN

A very pretty home wedding occurred Thursday at high noon at the home of Mr. and Mrs. Peter De Boe, Grand Haven, when Miss Cleone Betts, a daughter of Mrs. Grace Betts of Grand Rapids, became the bride of Cecil Petherick of Holland, Mich. The service was read by the groom's brother-in-law, Rev. R. King of Stanwood, Mich.

Miss Elsie Rice of Grand Haven was the bridesmaid and Bruce Betts, only brother of the bride was the groomsmen. The wedding march was played by Miss Virginia Eskew. Only the immediate families and a few close friends attended the ceremony, performed in the midst of a bank of seasonal flowers from the Hatton gardens. These garlands were arranged in tall baskets and floor standards, supplemented with flowers on the table at which the wedding party was served. The centerpiece on this festive board was a high bouquet of fall flowers.

The bride was lovely in a white chiffon dress, made with tiers of ruffles on the skirt and a deep cape around the low-cut neck formed a cap sleeve. A white satin sash completed the costume. She wore white accessories and a simple string of pearls, and carried a bouquet of pink roses. The bridesmaid was dressed in a smart blue oryandie and carried an arm bouquet of gladioli.

Following the dinner the bride and groom departed for a motor trip north. They will reside in Holland where Mr. Petherick is in charge of the McLellan store. He graduated from the Alpena schools and has made many friends in Holland while here.

Mrs. Petherick is well known, having been one of the popular girls in the high school two years ago when she graduated. Mrs. Betts, her mother, was formerly connected with Hatton hospital and is also well known. The family has been living in Grand Rapids for the past two years. Mr. Peter De Boe many years ago was a resident of Holland and is the son of the late Capt. De Boer of Civil War fame, who was decorated for bravery during that conflict.

Those who attended the wedding were Mr. and Mrs. Ferguson of Prairie City, Ill. (Mr. Ferguson is the grandfather of the bride), Mrs. Betts, Grand Rapids; Arnold Petherick, Alpena; Miss Grace Masters, Jackson; Mrs. Ed Vander Woude, Holland, and Mr. and Mrs. Peter De Boe.

Bosch Collects Dairy Exhibits for World's Fair

HOLLAND INSPECTOR OF MILK CHOSEN FOR REAL WORTH WHILE TASK

Henry S. Bosch, our real worth while and able inspector, has been designated as chairman of the Holland dairy committee which is obtaining support from this section for the collective exhibit which the entire dairy industry of the United States will have at a Century of Progress World's Fair in Chicago in 1933, it was announced today.

Appointment of Mr. Bosch was made by James Wornor, of Ypsilanti, president of the Michigan Allied Dairy Association, who is co-operating with the Century Dairy Exhibit, of Chicago, a national organization of representative dairymen, in sponsoring an exhibit worthy of the majesty of America's three billion dollar dairy industry. Seventy-two individuals, firms and associations in 52 communities in Michigan have already promised their whole-hearted support of the World's Fair dairy exhibit, according to information received by City Inspector Henry Bosch.

The collective exhibit will be housed in a special structure of the "happy moderne" type, expressing the beauty and simplicity of windowless architecture, with color and illumination schemes arranged to produce striking effects night and day. The building will be situated on Northern Island, bordering on the lagoon, within a stone's throw of the main entrance to the World's Fair. It will be close to the Agriculture building, face the Court of Nations and altogether command a magnificent view of the exposition. Contracts for the building are being let this month.

A unique and new method is being followed in financing the exhibit. To make it truly representative of every phase of the industry, an invitation has been extended to every one in any manner connected with the industry to join as sponsor. All contributors in a community will have their names inscribed on a page which will be bound into a Dairy Atlas. This Atlas will occupy a prominent display in the Dairy building. Club room space has been set aside in the building as a headquarters and meeting place for the exclusive use of contributors visiting the Fair. Undoubtedly dairy plants and creameries in this vicinity will join the movement.

The exhibit itself will dramatize 100 years of industry progress, the main objective being to show the vital importance of dairy products to the whole human family. An unforgettable feature will be a huge cyclorama wall, two stories high and 80 feet long on which will be projected in "living murals," by lights, color, silhouette, music and voice the romantic story of the cow and her products. The striking nature of the exhibit, it is felt, will be one of the chief attractions for the 50 million or more visitors who will come to the Fair.

Voters Must Declare Party At Primaries

PRIMARY VOTERS CANNOT
VOTE FOR BOTH DEMOCRATS
AND REPUBLICANS SEPT. 13

Under the existing laws which require a primary system for the selection of party candidates, qualified voters must declare their party

preference when going to the primary election polls on Sept. 13.

There is some confusion in the minds of voters regarding this system, which was developed and adopted several years ago to replace the old caucus and convention method of choosing nominees.

The principal parties are the Republican and Democratic. Both tickets are full, that is there are candidates for every office with as many as six running for some of the offices on the Republican ticket.

Many voters are not strongly partisan but at the time of the pri-

maries they must choose to be of one party or the other, as they cannot vote for both Republicans and Democrats at that time.

On Nov. 4, the general election date, voters are privileged to vote for any candidate they choose on any party as the ballots are printed with all the candidates of all parties. A cross at the head of the party ticket with no other mark indicates that the voter wishes the entire slate elected. A cross before the names of the various candidates on either ticket is splitting the ticket and insures a choice of nominees on either ticket for which the voter may wish to cast his ballot.

The selection of the president of the United States is one of the exceptions to primary selection and is decided by convention method.

At the primaries on Sept. 13 there will be some 54 candidates on the Republican and Democratic tickets in this county. A voter must select one party ballot and vote for one candidate for each office, the

one receiving the most votes becoming the nominee of the party under which he is listed.

The real selection of the officials comes on Nov. 3, the general election date.

Heretofore the nomination at the primaries in Michigan has virtually been an election as the Democratic vote has been so light that no opposition was given. But this year it is different with several candidates for the nomination out on both primary tickets.

According to the last presidential election in 1928 there were some 18,000 votes cast in Ottawa county. Of this number 15,500 were Republicans and 2,700 Democrats. This year there are 11,500 Democratic ballots being prepared.

Voters in both parties are urged by party leaders to familiarize themselves with the candidates, to be certain on which party ticket they are running and be prepared to vote intelligently at the primary election to be held Sept. 13.

Probate Business Greatly Increased

NEW LAWS AND INCREASED NUMBER OF DEATHS HAVE ADDED TO RESPONSIBILITY OF PROBATE JUDGE

From 1845 to January 1, 1917, a period of 72 years, there were 7,765 cases as appears of record in the Probate Court for Ottawa County. From January 1, 1917, to August 26, 1932, a period of 15 years and 7 months, there were new cases in Probate and Juvenile Courts, 6007.

Judge Danhof states that when he went into office January 1, 1917, there were 613 cases in progress of settlement so that the Judge has heard and passed upon 6620 Probate cases.

In addition, since January 1, 1917, to August 26, 1932, he has heard and passed upon 1054 Juvenile cases making a grand total of 7674, or more than one-half of all the cases handled in the Probate Court.

Notwithstanding the fact that there has been a tremendous increase in the work of the office since 1917, the clerical force has remained the same. Owing to a necessary change in the clerical force of the office, Miss Harriet Swart who has been with the Probate Court for 11 years was made Register of Probate, thereby making a saving of \$600 a year to the taxpayers of the county.

Anyone who has a grievance, or who is dissatisfied with the decision or ruling of the court may appeal to the Circuit Court for relief.

During his term of office there were only 15 appeals to the Circuit Court, of which 8 cases were dis-

missed by mutual consent of the parties; 1 dismissed by Court for want of prosecution; 3 affirmed by the Court; 2 affirmed by the Court in part and reversed in part; one certified back to the Probate Court.

That there has been such an increase in business is due to the fact that new laws have passed giving the court greater jurisdiction; one particularly relating to the enactments as to the so-called Mothers' Pension; the statutes providing for affidavits or medical treatment for afflicted adults and minors who are without means to defray this expense; the law providing for treatment of habitual drunkards or addicts in State Hospitals; and the law giving the Probate Court authority to compel sons or daughters to support dependent parents when they have the ability to do so; laws to provide for the blind, and those who are afflicted with tuberculosis; the insane, epileptic, feeble minded, paralytic.

All of these laws, humanitarian and charitable in purpose, have greatly enlarged the original jurisdiction of the Probate Court which had principally to do with the settlement and distribution of estates of deceased persons, the court being particularly charged with the duty to safeguard the interest of widows, minors, and those under legal disability.

What They Think of CARL MAPES in His Home Town

MAPES' REPLY

(Grand Rapids Press)

Representative Carl E. Mapes, lifelong hater of the liquor traffic, has spoken without equivocation against repeal of the eighteenth amendment. He has declared that he will have to see something better before he will abandon the only safeguard now in the Constitution. He has sensibly admitted the right of the public to be counted on the question of a change, but has insisted that even this right be safeguarded by submission of the issue on the basis of the Republican platform substitute amendment which would prevent return of the saloon and protect dry states.

Mr. Mapes' position is sound. But even more interesting than his statement on prohibition is his reaction to the attack of those who are insisting that any man in congress, however useful and capable he has been, shall be discarded unless he comes out for repeal while any man willing to pay lip service to the repeal cause shall be supported no matter how incompetent. Carl Mapes has defied and condemned this attitude, as he should. It is hard to believe that in the present economic crisis business men whose ever intense demands the election of thoughtful and capable representatives to a congress already too near the radical brink would jeopardize their own welfare by staking all on the ridiculous side issue of legal drinks.

That resolution, however, must not be a mere question of bare repeal which, if adopted, would leave the entire liquor question without restriction of any sort, and lay the

Comment About Their Home Man

CONG. MAPES' STAND

(Grand Rapids Herald)

Carl E. Mapes, Congressman from the Fifth district of Michigan and candidate to succeed himself, has made plain his position on the much discussed question of prohibition repeal. His statement is just what those who know him best and have returned him to Congress term after term, would expect of him. His is a stand for giving to the people an opportunity to express themselves, but it is likewise a stand for temperance, and control, and protection to dry communities against the encroachment of those who would not respect the rights and desires of those communities.

Mr. Mapes uses the language of the Republican platform in expressing his position. Amplified somewhat, this is what he really stands for:

Mr. Mapes will vote for a resolution submitting to the several states the question of modification or repeal of the 18th Amendment. That resolution, however, must not be a mere question of bare repeal which, if adopted, would leave the entire liquor question without restriction of any sort, and lay the

nation open to the wildest sort of traffic in liquors of any and all sorts.

The resolution must provide that, while each state may determine its own status as to wet or dry, the Federal Government will use all its powers to prevent the importation of liquor into those states which choose to be dry.

Finally, the resolution must provide that Congress shall have the power to enact legislation to prevent the return of the saloon and such other evils of the liquor traffic as it may be possible for the Federal Government to control.

Mr. Mapes' position is in accord with all the elements of temperance, and yet it will give to the people of the United States an opportunity to say whether or not the 18th Amendment, as it stands, shall be repealed.

Mr. Mapes is personally dry, does not use liquor in any form and he does not believe in its use. But Mr. Mapes always has been, and by nature is, one of those who believe that the duty of a public servant is to reflect the desires of his constituents, and to give to them the opportunity of expression whenever they so desire. The statement of the Congressman is clean and frank, just as everybody knows Carl Mapes, personally, to be.

WHY I AM A CANDIDATE

It is generally known thru-out the county that I am unable to do hard manual labor on account of Infantile Paralysis in early life. However, due to my education—A. B. degree of U. of Mich.; 2 years law at U. of Mich. Law School—I am qualified for this office, and I am capable of performing the duties and obligations connected therewith.

To be nominated and elected to this position would give me an opportunity to put my education to work and make a living for myself, as I have no job or business.

If it is your desire to elect someone who is qualified and who is willing and capable of filling this office in the manner in which the people have a right to expect, I would greatly appreciate your support.

Thank You.

MARVIN DEN HERDER

Candidate for Sheriff on Republican Ticket

I am in the race for the office of sheriff on the Republican ticket. I have had eleven and one half years of actual experience in the sheriffs office of this county. Starting as a deputy in 1921 under Sheriff Fortney, I was retained and appointed chief deputy by Sheriff Kamferbeek when he took office in 1925. When Sheriff Steketee took office in 1929, he in turn retained and appointed me undersheriff, which position I have held until June of this year. I have taken an active part in the work in all departments of this office, including the finger-print, records, clerical and civil work, as well as the criminal division. I am adapted to this work and interested in it, and for several years it has been my ambition to some day be sheriff.

If from my eleven and one half years of service and experience finished this past June by an official unbroken record, you feel that I am entitled to and worthy of promotion to the position of sheriff, I will appreciate your support at the primary election Tuesday, September 13th.
