## Start Is Made To Get Welfare To Working

SPECIAL COMMITTEE OF FIVE HAS MANY PROPOSALS—SOME ARE REJECTED

The action on these projects that were passed is not final but prospective projects and the amounts must be filed with the U. S. Government.

The final matter to come up at a long session of the common council, lasting from 7:30 to 10:30, was the work of the committee of five appointed by Mayor Bosch to propose projects that will fit in with the NRA plan to put people to work.

The committee is composed of Chairman James De Young, Henry Geerds, Arthur W. Wrieden, Alderman Bert Habing and Alderman Al Van Zoeren.

James De Young, the chairman of the committee, had all three projects well defined and told honestly and clearly what he knew and what he did not know about each individual project and what effect it would have to alleviate welfare labor.

The first project is an extension of the water supply at the Nineteenth street station at an estimated cost of \$20,000. This project, Mr. De Young stated, was for the purpose of producing more water in our watersheds so Holland could continue on with its fine brand of water. Mr. De Young stated that the board of public works had had this in mind for some time but deferred action until a more auspicious time.

The erection of an elevated water storage tank in the western end of the city, estimated at \$35,000. The capacity of the tank would be 500,000 gallons and while this is not an immediate necessity it would come in very well under the 30-70 basis as offered by the United States government. Within a short time such a tank will be necessary, Mr. De Young says. He says at certain times of the day in the summer there is a tremendous draw on our water supply, especially in midday.

In case of a breakdown during a fire this extra tank could keep five large streams going for four hours straight. The tank can hold about twice as much as the present standpipe and while some labor would be created it would not require nearly as much as other projects. However, the project would be self-liquidating, Mr. De Young says, and that means much to Uncle Sam. Thirty percent of the expense would be borne by the government and we would have thirty years to pay the balance on all these projects.

Extension of water service within the city at an estimated cost of \$10,000. Mr. De Young stated that extension of water mains is necessary on Michigan avenue to prepare for the street paving as part of the US-31 project south. Other extensions are to be made on Washington boulevard, and Lincoln avenue. This would require a great deal of hand labor. Mr. De Young contended, especially in digging and handling pipes.

The erection of suitable warehouses at the lighting plant was an estimated cost of \$50,000. This warehouse proposal, Mr. De Young said, would be located near the Fifth street station. It would be used for storing all materials and he gave a whole list of them, costing thousands upon thousands of dollars, and these could be kept out of the weather—meters, pipes, poles, faucets and an endless variety of stock used by the board of public works in its utility were mentioned. It would be highly profitable for the city if it could buy in large quantities at lower figures and railroad trains could be shunted right into the warehouse.

Extensive additions and construction on the sewage disposal plant to eliminate the unfavorable and obnoxious odors at north end at estimated cost of \$65,000. Miscellaneous items, \$24,000. Total under board public works, \$200,000.

This project, if the money is available, would complete our sewage disposal plant. The main reason for this is to collect the gases and burn them, doing away with that terrible offensive odor which has made it a very undesirable neighborhood to live in and makes all the tourists who pass through wonder if the whole town and all the resorts are like that. A small warehouse is also in this proposal and must be of steel and glass.

It appears that this proposal is feasible and parts of it may be eliminated temporarily. The stench of the problem that we must now solve with.

The above named proposals were all tentatively passed. There were two others, however, the first on extension with improvements of the cemetery property of the city at an estimated cost of \$50,000.

There was considerable discussion and while Mr. De Young's project called for an appropriation of \$50,000, Park Commissioner Van Bragt stated that the entire fairgrounds put into A-1 shape complete would mean at least \$100,000. There were an endless lot of figures showing where the expense comes in. For instance, 35 acres of underground sprinkling system at \$1,000 an acre would mean \$35,000. The landscaping, the planting of trees and an endless lot of other ground construction such as roads and paths would cost considerably more, but the favorable feature was the fact that

## THE POWER OF EGGS

Hamilton experienced quite a contest during their Labor Day celebration when John Brink of East Saugatuck entered the egg-eating contest. John got away with 39 raw eggs in two minutes—that was at the rate of 19½ eggs per minute. "What a man!"

The taking in of all that hen fruit gave him sustenance enough to win in the smoking contest. Spurred on by a second winning John entered the cow-calling contest and won that.

It is not related whether John ate the cows that responded to his call.

## COUNCIL NOTES

Dr. Thomas W. Davidson, pastor of Hope church, opened the meeting with prayer and asked the aldermen and the audience to repeat the "Lord's Prayer" with him. It was a thoughtful and impressive moment.

The Michigan Municipal league sent in a communication that the state convention will be held in Traverse City September 14, 15 and 16, and at that time many problems will be discussed, taxation, welfare and delinquent taxes among them. Mayor Bosch said he was going at his own expense and the aldermen could do likewise if they saw fit. This is an organization in which the principal cities of the state are represented. Some years ago Mayor E. P. Stephan and later Mayor Earnest Brooks were honored as the heads of this organization. Cities bring their troubles to these meetings and there is a great deal of comparing of notes and the working out of difficult problems together.

The vexing Baker warehouse question on West Tenth street again came up. This time a petition was presented signed by all but one of the property owners, asking that Baker discontinue the business there. Mr. De Keyser, Mr. Jonkman, Mr. Steffens, Mr. Van Duren, Mr. Lokker, Mr. Kleis, Mr. De Cook, the mayor and others spoke on this question and the contention of many was that sleep was impossible and that people were getting sick because they were losing night sleep. As in previous councils it was explained that the constant roar of five or six trucks from midnight to early morn was not conducive to sleep. Mr. Kleis asked that the matter be postponed for two weeks, giving Mr. Baker time to appear. It is stated that Mr. Baker had promised to stop a great deal of the noise.

Mr. De Keyser stated that this might be a promise, but no one could prevent heavy trucks from making noise and the enterprise should find a different location in a business zone.

The Baker trucks brought out a great deal of droll comedy. Alderman De Cook said "one neighbor stood it for four nights and then went to the country to sleep."

Fritz Jonkman stated "Between radios and trucks Tenth street is on the sick list. Give them a rest."

Kleis says: "You better put a tent over the city and take it down every morning."

Van Lente stated that if we wanted to put men to work we should not interfere with the firm who is endeavoring to do just that thing. These are unusual times and this man Baker should be given a chance.

The aldermen unanimously voted to refund \$37,500 in special assessment bonds due August 1, 1933. The new bonds will fall due on August 1, 1943. They can be paid before that time if the city has the money.

There will be no Community Chest solicitation this year for the reason that those who have been participating are overloaded even now. Any cause for which funds are to be solicited will first come before the Chamber of Commerce committee and believe us the projects will have to be good or they will be turned down before they start. The council is backing the Chamber of Commerce in this. The communication was signed by Dr. A. Leenhouts.

Alderman Prins was light hearted last evening. He asked for a light on Thirteenth street between Lincoln and Fairbanks avenues in the center of the block. Also a light over a horseshoe court at Fifth street and Columbia avenue.

The harbor committee was rather a lonesome body, looking in on a project they had started to find that altogether a different committee was handling the proposal. Well, let's be lonesome as long as somebody starts something.

Complaint was made by neighbors that boys were playing ball on the Annis property on Thirteenth street near River. "Neighbors nerves were shattered they couldn't hear themselves talk, etc. etc." It seems that Holland cities generally are getting the "jitters." The council took no action, believing that going to school would change all of this. The committee on building and property and playground has been called upon to smooth out the ruffles.

Miss Esther Olin, daughter of Mr. and Mrs. Frank Olin, 19 East Nineteenth street, has accepted a position as private nurse of Dr. Earl Smith of Grand Rapids. Miss Olin is a Blodgett graduate.

## A Start Is Made To Have Bee-Line Paved

CONNELLY BOOSTS FOR ROAD VIA HAMILTON

William M. Connelly, Holland's industrial director and "greeter," made a hit in Hamilton on Labor Day before an audience of more than 5,000. Mr. Connelly dwelt largely on the outlook for the future, which he chose as his subject, stating that he was not a prophet, and he gave a word picture of the "drunken orgy" the world had been on for the past 15 years and since the war. He dwelt about thirty minutes upon the spending, gambling, wasting, speculation and drunkenness of the people in all walks of life along unbusinesslike lines in this United States, and when the mammoth structure became top heavy the temple of excesses crashed down upon the heads of the people of the world and the depression occasioned more suffering and misery than the war itself.

With the pyramiding of unstable business ventures taxes also began to pyramid until today a crushed people are held down still more by a mill stone of taxes about their necks.

Mr. Connelly gave a vivid picture of the bank defections and did not blame all the causes, therefore, to the bankers. He pointed out that the banking system had to be corrected and the purchasing power of at least 20 million Americans must again be brought into play through the NRA and through the strengthening and reopening of our banking structure.

Mr. Connelly injected several remedies in his speech, bringing at least a silver lining to the dark clouds of despond. He also spoke of local conditions, dwelling shortly on the building of M-40, the Bee Line, so-called.

Mr. Connelly said in part as follows:

"One thing the near future should bring to Hamilton is the paving of M-40. If you folks do your part, I believe with Allegen's and Holland's aid we can get it. I have gone carefully over the NRA rulings on direct grant requirements and I think M-40 will qualify."

"Our job is to convince the board at Lansing to that effect."

"This is the only unpaved stretch between Holland and the east side of the state. It connects with a federal aid trunk line at Holland, that is US-31. It will complete the link to US-131 at Plainwell. It will relieve us of dust and mud that belongs to another age. It will mean a new bond of neighborliness that isn't jeopardized every time we make the trip over the old gravel road. Hamilton is a picturesque village and Rabbit river is alluring, but few people know it as they all hurry by hoping to find a paved road just ahead. I want every person here to write to the state highway department at Lansing and state why you think M-40 should be paved. Of course, I know you won't all do it. Maybe a few of you will and that will help some. It's good for you to write letters to public officials; it helps them to know what the public wants. I'm not going to ask for a raising of hands; I'm going to believe that you want this road enough to spend 3 cents for a stamp. Just address your letter to State Highway Department, Lansing, and say what you have to say in your own way, but don't be abusive."

"Remember the slogan: 'M-Forty's one way to use the NRA.'"

CONFERENCE RECEIVERS TO PREVENT FORECLOSURE—ING SUGAR PLANT

A stockholders' committee of the Continental Sugar company, composed of William Arendshorst, Albert C. Keppel and Cornelius J. Dregman were in Toledo, Ohio, Wednesday to confer with the receiver of the company in an effort to prevent the foreclosure by bondholders.

First victory for the committee was charted up last Saturday when Judge Fred M. Raymond of the Grand Rapids federal court granted postponement of decision on foreclosure proceedings until Nov. 1, at the petition of Attorney Cross.

On September 12 the petition will be presented at the Ohio district court in Toledo.

WELFARE MORE THAN \$4,000

During the past three weeks the welfare has cost the city \$4,129.78, according to the chairman of the committee, Alderman Wolman of the second ward. Groceries are again the highest amounting to \$1,428.74; milk comes next, \$971.41; rents next, \$578.97; medicine, \$427.79. That is surely some milk bill, nearly \$1,000 in three weeks' time, if this report covers three weeks.

It appears that the welfare is dropping off some since August 1 there were 419 active cases and on September 1 there were 354 cases.

## 120 TRUCKS IN LINE

Holland saw quite a spectacular parade this morning. One hundred twenty Chevrolet trucks for the Webb Coal Co., passed through the city early this morning and the long motorcade was quite an imposing sight. It indicated more— if one company sees fit to put on so many trucks all at once the officials surely must have confidence in a returning prosperity.

Earl Doyle alias Harry Harris, Grand Haven Bank bandit taken when he was 25 years old at Leavenworth Federal Prison. He is ten years older now. In a recent issue the News published the picture of Doyle as he appears today.

## BANK ROBBER UNDER GRAND HAVEN GUARD

A heavy guard was placed around the Ottawa county jail on Thursday morning after state police authorities here had received a report a high-powered motorcar carrying four heavily-armed men were headed toward Grand Haven, where Earl Doyle, alias Harry Harris, is held awaiting trial next Monday on a bank robbery charge.

Lieut. Archie A. Downing, district commander of the state police, dispatched three cars and a dozen troopers here to augment the force of deputies that were placed on guard, while Lieut. Downing and another squad of officers patrolled the resort districts of Ottawa county in search of the car.

A deputy sheriff on guard at the jail reported he had seen a car an-

swering the description of the hunted vehicle pass the jail several times before he had received the report that caused the additional guard to be thrown about the jail. Later reports were to the effect the car seen here was a local machine.

The state police headquarters at East Lansing received a report early Thursday morning that a tan Cadillac sedan, license number unknown, had stopped at a filling station at a tourist camp at St. Joseph. Riding in the car were four men. The man seated beside the driver carried a submachine gun and the two men in the rear seat were reported heavily armed with pistols.

The car headed north from St. Joseph and state police officers believed it was bound for Grand Haven.

Later—a telephone call to "Turn-key" Bovee at 6:30 this evening gave the information that a second car with guns had reported at Grand Rapids and a half dozen extra members stationed in and around the jail by Ben Rozema, the Sheriff. The officers are well armed.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

Rev. J. A. De Bruyn of the Netherlands, the minister who has been called by the Holland Christian Reformed Church of this city, is expected to arrive by boat in New York shortly. Note:—Surely by boat for "Lindy" wasn't born yet.

Boot and Kramer, the local grocers, have on exhibit a hen's egg that weighs 3½ ounces and measures the long way 7½ inches and 6¼ inches in circumference. The egg was laid by a black Spanish hen owned by M. N. Hanson of Holland.

The most important social event at Zeeland was the reception given by Mr. and Mrs. Benjamin at the marriage of their daughter, Miss Dora, and Mr. Peter Brusse. Mr. and Mrs. Brusse were the recipients of many elegant and valuable presents. Note:—The Brusse family have lived in Holland for a great many years, their home now being at 13 East 13th Street. Surely the Holland folks are not superstitious. Mr. Brusse was at one time Register of Deeds at Grand Haven and later bookkeeper at the Board of Public Works. Their only child, Miss Mae L. Brusse, is on the faculty of Hope College. There is a golden wedding due in the Brusse family it appears.

School opens next week and the teachers will be given the following salaries for 1933-34. Geo. P. Hummer, superintendent, \$700; Miss Nellie Walker, \$325; Mrs. S. J. Higgins, \$325; Miss Zwermer, \$325; Miss E. C. Allen, 4th Ward School, \$275; Miss Helene Gantstiel, \$325; Miss Minnie Le Fabre, \$275; Mrs. Emeline Dutton, \$275; Miss Nellie Zwermer, \$250; Miss "Chris" Pfantstiel, \$250; Miss P. M. Westervelt, \$250; Miss Anna Breyman, \$225. Total annual salaries for our public schools, \$3,800. Note:—Today this amount is expended in about a week instead of during forty weeks.

Holland's post office is third class and the post master gets a salary of \$1,600.

It was fifty years ago that the C and W M freight depot was built. Mayor W. H. Beach submitted the proposal to the common council. It was to be located on Seventh St., east of Fish St., now Columbia Ave. The road then was the Chicago and West Michigan R. R. Wm. Baning-artel was agent of the company.

Twenty five years ago today

Jack Bolhuis has sold his Hotel Barbershop to Edward Fredericks. Bolhuis will go out west and locate. Note:—Ed is still barbering in Holland. Bolhuis is the brother of the local contractor.

At a recent meeting held by the congregation of the Prospect Park Christian Reformed Church it was decided to hold the Sunday evening services in English. The older members insisted that the church pastor continue to preach Dutch. So a test was held with both English and Dutch service alternating over a period of Sundays. The outcome was that the young folks went out, the English services being attended in much larger numbers than the Dutch service. Note:—This evolution, if you can call it such, has been going on throughout the city during these many years until now there is only one, namely the Central Avenue Christian Reformed Church, left where Dutch services are being held. This was inevitable—immigration stopped during the war and the offspring of the Hol-

land speaking people here are all English speaking in fact, few know a word of Dutch. Your editor can still read and write his Dutch, but in the Mulder family this was compulsory. Father Mulder undoubtedly wanted to make a Dutch editor out of me. I was compelled to study under the tutelage of the old gentleman Doersburg at Dutch school, then located on East Ninth St., and later was given in charge of the late editor of De Grondwet, Isaac Verwey, who gave me for my first lesson the translation of Dickens' "Old Curiosity Shop." Rather a difficult task considering the rhetorical oddities in the noted English author's works. The crude Dutch translation is still somewhere in the attic and is 47 years old. It is far from perfect, judging from the proof sheet, and might fill a place in the above named shop as exhibit A.

Prof. J. B. Nykerk of Hope College, who is studying for a year at Oxford, England, writes that he has been attending the Olympic games being held in that country, in which American athletes participated.

Neil Ball, the celebrated Holland horse, was sold by Boone Bros. to Dan Riley of Grand Haven. The horse has a record of 2:12½.

FIFTEEN YEARS AGO TODAY

John J. Cappon, who some three months ago was elected as chairman of the Holland War Board, which is under Government control, has resigned, and Attorney Thomas N. Robinson, who has been very active in all war drives, was unanimously elected to fill the position.

The Hon. G. J. Daykema, at a public meeting, suggested Mr. Bolhuis because of the unselfish activity he has put forth in every activity, having to do with the World War.

Mr. and Mrs. Frank Hadden and Mr. and Mrs. John J. Cappon are motoring to California to stay for the winter.

Congressman Carl Mapes is in Holland looking up old friends.

Ald. Erie Vander Hill has received a card from his son announcing his safe arrival "overseas."

Charles Ash of Holland, who has been across to France for the fifth time assisting on troop ships, is home on a ten days furlough. Note:—Charles is still in Holland with the Bell Telephone Co., still looking for trouble. He has been very active here in Sea Scout work. Charles is a good soldier and a good scout.

Word has been received of the safe arrival in France of "Benny" Batema. The young man is a star player in the Holland Independents. Note:—"Benny," 15 years later, is still a star, judging from his performance against the "Flying Rollers" a few days ago at the night game.

Nelson Pyle, the congenial pharmacist at Walsh Drug Store, is tired of handing out "pink pills for pale people" and is to study law at the U. of M. Note:—He has long since graduated with honor and is doing well as an attorney in the city of Detroit.

The boiler of the threshing outfit of Mr. Gates of Diamond Springs was condemned while at a farm at Drenthe threshing. The state inspector forbade the man from using the boiler, but to be sure he took up a sledge and knocked a hole in the machine.

Letters from camps and from the front were received from Marshall

## Holland Police Listed In Telephone Directory

ALL CHIEFS, SHERIFFS AND STATE DEPUTIES EASY TO LOCATE THROUGH BOOK

Continuing its cooperation with law enforcement agencies, the Michigan Bell Telephone Company has just issued the third annual Police Telephone Directory, containing the residence and office telephone numbers of law enforcement officials throughout the state, including those of Holland and Ottawa county. The directory is designed primarily as a telephone reference list for use of the authorities in getting into touch with each other quickly at any hour of the day or night, either at nearby or distant points. It is being distributed free through the local offices of the company, to state, county and municipal police organizations.

The first section of the directory lists the location, commander in charge and telephone number of all state police detachments. The second contains an alphabetical list of Michigan's 83 counties, the names of the sheriffs, and their home and office telephone numbers. The third section lists cities and villages, alphabetically, giving the names of the police chiefs and their residence and office telephone numbers. By telephone it is possible to reach any police official listed in the directory within a few moments.

There also are pages of long distance telephone rates between 36 representative Michigan points, references to police use of the teletypewriter and the long distance telephone conference plan, and also sheets for listing frequently used telephone numbers. Rapid telephone communication is one of the greatest factors in the apprehension of criminal suspects. Holland's police department is also chronicled in this convenient booklet and Chief Lieveens' name also appears.

Grand Haven's chief, according to the book, is Lawrence De Wit, a former Holland fire team driver. Zeeland has Fred Bosma and Allegan Oscar Lemon.

State Police heads and sheriffs of Michigan are all listed, all their telephone numbers are well defined, as are those of the Chiefs of Police. Its an interesting little volume and the Holland City News has been provided with one.

## Boosts Holland Payroll

The H. J. Heinz Company, food preservers and manufacturers, has substantially increased employment at its various plants throughout the country since May 1, including the payroll of the plant at Holland, Mich. — Michigan Manufacturers and Financial Record.

## BLUE RACER SNAKES OFTEN FIVE FEET LONG

A blue racer snake, 63 inches long, was killed by a Carson City, Mich., resident last week. This is not an exceptional length for these reptiles to attain. They are perfectly harmless and one this size destroys a tremendous amount of vermin that otherwise would be injurious to food crops.

Maridale Risto, the 13-month-old daughter of Mr. and Mrs. Leslie L. Risto, 16 East Twenty-third street, is recovering from a fractured collar bone suffered in a fall at her home on Labor Day.

## HYMA'S HIGHLIGHTS

CURRENT EVENTS

William Randolph Hearst said the secretary of war's speech on racketeering was a lot of "DERN" nonsense.

My brother Dixie was bitten by a cinnamon bear coming from the world's fair. (He didn't mind the bite of the bear so much but he hates cinnamon.)

The results of the NRA campaign here are being checked by Klompereens, Kraker and Kramer. (Sounds like a KKK movement.)

The secretary of state ordered warships to Cuba. (I guess he expects a "HULL" of a lot of trouble.)

Vermont is the twenty-fifth state to vote wet. A Hebrew, noticing the headline "Vermont Voters Varily Vanquish Volstead," "Vell, Vell, Vell! Vermont Vent."

And Now That School Has Started

Prof. Nykerk: "What is the object of this sentence? 'I caught a burglar trying to get into my house.'"

Freshman: "No, that's the object of the burglar."

## HOLLAND RESIDENTS

### HURT IN ACCIDENT

Mrs. Frank Lieveens of Holland suffered a fracture of the left arm and cuts and bruises early yesterday when the automobile driven by her husband was crowded into a ditch by a hit-and-run driver three miles west of Sparta. She was taken to St. Mary's hospital.

Mr. Lieveens and two children were lacerated in the accident, and a fifth person in the car was unhurt.

## EDITORIAL

### THE DEAD PAYING FOR THE LIVING

Holland's committee of five suggested in one of their projects—to bring work to idle hands—the transformation of the old fairgrounds into a tremendous cemetery. Such a project would bring a large amount of hand labor in the way of grading, road building, the making of side paths, the planting of trees and shrubbery, flower beds, etc.

At the council meeting a landscape artist, John Vanderploeg, has well said that "if we start on a new cemetery it should be worked out in a large unit and not piecemeal." He said a cemetery could be built with small units at a time but it never could be a perfect picture. The plans should be made for a complete cemetery with all the trees planted at the same time so these could grow up together—while building it in small units, a few steps ahead of the dead to be buried there—would make this impossible.

The News believes that the landscape artist is correct, but is not ready to contend that the whole 35-acre fair grounds should be devoted entirely to cemetery purposes. The present cemeteries with those tremendously wide paths, not to be found in modern cemeteries, can still accommodate a large number of graves. These cemeteries, constituting 12 acres, have been adequate as a "city of the dead" for nearly 100 years, with enough grave space left for five more years.

If we are to receive this appropriation why not cut the unit down to one-half of the fairgrounds property and start a complete cemetery project on that area. The other half could be used for reforestation, which in time could be converted into a park.

The committee should also not lose sight of the fact that a great deal can be done to beautify the grim Home cemetery, a sacred spot that has been terribly neglected for lack of funds and proper co-operation. The foundation of our spiritual well-being was born in a long church on that spot. The founder of this colony lies buried there. The leaders and builders of our community find their last resting place there, and the wreaths of glory are placed annually upon the graves of those who helped to preserve the nation in times of bloody conflict.

It is a crime to allow this spot to deteriorate and it should and will undoubtedly figure in the plans of the committee of five.

## MICHIGAN GAS & ELECTRIC MOVES OFFICES TO HOLLAND

The Michigan Gas & Electric Co. has moved its general offices from Lansing to Holland, occupying the second floor of the Sentinel block at 54-56 Eighth street, west. The offices combine the properties of the Michigan Public Service, Michigan Gas & Electric Co. and the Albion Gas & Light Co.

Officers are: President and general manager, George A. Mills; treasurer, W. L. Campbell; secretary and auditor, C. F. Cook; purchasing agent, H. P. Lynn.

The office force will number about 25, mostly brought here from Lansing. About four local persons will be employed.

The offices combine the properties of three companies, the Michigan Gas and Electric, located in the southwestern section of the state; the Michigan Public Service company, including the territory of the lake territory from Holland to Mackinaw City, and the Albion Gas and Light Company.

Holland was chosen as the new location for the offices. Mr. Campbell stated to afford a more central location for the properties which the company is managing. Negotiations have been going on for some months and the staff is much taken up with Holland and its resorts.

The local offices will continue to be in the Kraker hotel on River avenue and Ninth street, and M. W. Burg, the able and congenial local manager, will remain on the job at the old stand.

Holland welcomes the Michigan Gas & Electric Company staff and feels that these men will soon become favorably acquainted with the ways and people of this city with a Dutch complex. We invite them to take part in our civic activities. Some new blood and new ideas cannot help but stimulate a stronger community spirit.

## ALLEGAN COUNTY TEACHER KILLED IN COLLISION

Warren Johnson, aged 21, Martin school teacher, was killed last night when the motorcycle he was riding collided with a wagon operated by Frank Stearns, a neighbor, on the highway west of town. County authorities asserted death was accidental and will hold no inquest.

Johnson, son of Mr. and Mrs. Eugene Johnson of Watson, was a graduate of the Martin high school of Allegan county.

Funeral services will be held at the Martin funeral home Friday at 10 a. m.

## "County Seat" To Have Sunday School Meet

PRESIDENT GEO. SCHULING OF HOLLAND SETS DATE FOR OCTOBER THIRD

Holland will be well represented at the Ottawa County Sunday School convention of which George Schuling is president and Anthony Nienhuis is secretary and treasurer. These Holland men have been holding these respective positions for several years with honor and credit to the organization.

Mr. Schuling states that the convention has been called for Tuesday, October 3, at Grand Haven at the First Reformed church. Five districts will be represented in Holland, Zeeland, Grand Haven, Hudsonville and Coopersville.

The program will feature department work in charge of county leaders, a public evening service with music in charge of John Vanderluis of Holland, devotional period, routine work, election of officers and addresses by three prominent outside speakers.

George Schuling and Anthony A. Nienhuis, both of Holland, have held their respective offices of president and secretary—treasurer 12 years. Schuling is the oldest county president in consecutive years of service in the state.

The Grand Haven Tribune states as follows:

"The annual convention of the Ottawa County Sunday School Association will be held at the First Reformed church in this city and at the high school here Tuesday, Oct. 3, it was announced today by John W. Verhoeks, president of this district of the association and for many years superintendent of the First Reformed Sunday School here."

Want to Argue?

The steady progress of the Prohibition Repeal Amendment toward ratification raises a question for those who like puzzles. If adopted within the next few months, the Amendment in question will be the twenty-first added to the Constitution. Will it, then, be the Twenty-first Amendment? Since its enactment will automatically erase the Eighteenth Amendment from the book of living laws, after the thirty-sixth State ratifies there will be no more than 20 amendments in force, as there are now. Or it might even be said that since the Eighteenth and the Repeal Amendments nullify each other, there will be no more than 19 in effect.

Argument on the question can be made perennial. It is one of those pointless things which linger on and on, just like the question of whether President Franklin Roosevelt is the thirty-first or the thirty-second to hold office, since Grover Cleveland served two terms with Benjamin Harrison in between. When Cleveland first took office he became the twenty-second President. Four years later Harrison became the twenty-third. Did Cleveland when he went back to the White House become the twenty-fourth, or should that number be reserved for McKinley, who followed?

For 40 years Americans have been arguing that question, off and on, and now the problem of whether the Repeal Amendment is going to be the Twentieth or the Twenty-first bobs up to complement it.

**FORMER HOPE FACULTY MEMBER IS FETED**

Honoring Prof. Albert Raap of Miami, Florida, member of the faculty of Hope college from 1903 to 1925 and now assistant pastor of White Temple church at Miami. Trinity Reformed church held a congregational social Wednesday evening. Mr. Raap was one of the organizers of the local church in 1911.

The program was featured with addresses by Mr. Raap, Rev. John VanPeursem of Zeeland and Rev. Clarence P. Dame of Muskegon, former pastors, and Rev. Henry D. TerKeurst, present pastor.

Mr. Raap has been with the White Temple church for six years.

**POLICE BOARD APPROVES INSTALLATION OF NEW FLASHES**

At the meeting of the board of police and fire commissioners on Tuesday evening the recommendation of the state highway department that amber flashes be placed in all trunk line traffic signals to be working when the red and green lights are not in operation was approved. The amber lights will be installed at once with the city and state sharing the expense of installation and operation.

Upon motion of Commissioner John P. Luidens, it was also decided that the traffic light at the corner of Columbia avenue and Eighth street be darkened for a week at the request of the state department so that a survey of the value of the light can be made.

It was also decided to install stop signals at the intersection of Columbia avenue and Sixteenth streets. These stop signs can be placed there at little expense. They will also be installed at the corner of College avenue and Fourteenth street.

The police board also authorized the purchase of a camera to be used in photographing criminals, which will increase the strength of the local identification bureau.

Members of the police department were voted the privilege to take one week leave of absence for vacation trips. This action taken by the board gives the officers their winter vacations, except for the fact that the time will have to be made up.

Chief Lievens gave a report of the state convention of police chiefs held in Marquette last week.

**Tax Payers League Head Stirring Talks**

DIVINE LIKENS CONDITIONS TO A FALLING BABYLON

The meeting of the Property Owners' league, held last night in the city hall, heard addresses on the NRA by Mr. Arthur Wrieden and Rev. H. D. TerKeurst of Trinity church. A lively discussion followed the addresses and a number of questions were answered by Mr. TerKeurst.

"When only one-third of the taxes are being paid and the cost of relief is mounting by leaps and bounds, the government under the NRA program is doing all in its power to get people back to work," said Mr. Wrieden, and added "that if this program is to succeed it must have the support of every citizen."

Mr. TerKeurst, in the course of his address, said that by a charter greater than that was won on Runnymede, but what was decreed in heaven, everyone born had a right to live and the right to live is the right to work.

"Business," he said, "cries, See this great Babylon that I have built, but the people are prostrate within its walls because the blood of purchasing power has been drained from its veins. The Babylon of business without consumers cannot stand. And as business finds the masses on the way to the porthouse so she finds taxes over-throwing her Babylon."

"Our economic and industrial leaders transgressed natural laws. When clover takes from the soil it also returns an enrichment to the soil. Modern business took but did not make returns.

"The stream of modern business has ended in the Dead Sea. Through the NRA, the government would direct it to the ocean that not only loves all shores, but sends back its waters by way of the clouds to the fountain springs. So wealth should travel the circuit from consumer to producer and back again, enriching every point it touches."

Mr. Sears McLean acted as the chairman of the meeting.

Mr. Weller of the Weller Nurseries said in the course of asking some questions: "We do not have our blue eagle yet, but we want one, and when we get one we want to be worthy of one and not 'cheat' by shortening hours or reducing the number of employees as we are doing behind the blue eagle. Public opinion down South took a Negro out of jail and burned him. No one would dare to buck the public opinion of 120 million Americans behind the blue eagle."

**Ottawa Farmers Will Hold Wheat Rally Saturday**

Tillers to Sign Allotment Contracts Under Direction of District Committees

Sign-up day for wheat allotment contracts in Ottawa county, according to County Farm Agent C. P. Milham, is set for Saturday when members of the permanent community committees will meet to assist growers in their district in filling out papers, explaining the details of the plan, and accepting applications. District chairmen will elect an allotment committee and will make the final

check on the application before forwarding them to Washington. The following will make up the board of directors of the County Wheat Production Control association: Charles Lowing, Jensen; Henry Baron, Zealand; John Kemme, Oliver; William B. Easton, Allendale; Al Reisbig, Robinson; Sam Rymer, Spring Lake; John Potts, Coopersville; and Everett Collar, Wright township.

Committee members will be at the following places on Saturday from 9 a. m. until 5 p. m. to accept applications: Hudsonville Cooperative Elevator, Jamestown Cooperative Elevator, Zealand Farmers' Elevator, Beaver Dam Creamery, Holland Co-operative Elevator, Wolbrink's Grocery, Allendale; Tallmadge town hall, Robinson town hall, Grand Haven farm bureau, Nunica town hall.

Wheat growers will agree to reduce acreage this year 15 per cent below their average acreage for the base period of three to five years. For two years acreage reduction wheat growers will receive three years' payments sufficient to pay the grower enough so a bushel of wheat will buy as much manufactured goods as it should. This payment in Ottawa county will be about 27 cents a bushel on approximately half of the average yield for the past three to five year base period. With the large surplus of wheat in this country and the foreign market dead unless farmers reduce acreage, lower prices will be the result. Those who stay out of the plan and grow more wheat will only receive world market price for their crops, which will be too low to make wheat a paying crop. Co-operators are promised profitable returns.

## Buying Power of Wheat

Articles Farmers Buy

Cost in Terms of Wheat  
(Each sack holds 3 bushels)

GIVING wheat the same buying power that it had in the period before the World War is the goal of the Agricultural Adjustment Administration. This chart shows how big the problem is. In 1914 8 sacks of wheat would buy a pair of shoes, a barrel of flour, a chair, and a plow.

In 1925 it took 9 sacks of wheat to buy the same set of articles. In 1930 it took 19 sacks of wheat and early in 1933 it took 22 sacks of wheat. The cause of the low buying power is too great a supply. To remedy the situation, the Agricultural Adjustment Administration has begun a campaign asking farmers to reduce

their acreage for the 1934 and 1935 crops so that the return from a bushel of wheat will be once more what it was in the pre-war period, in its power to buy the goods which farmers need. The goal of the wheat administration is the 1914 basis, on which 8 sacks of wheat would buy the bill of goods pictured here.

**World Wheat Supplies and Price**

THIS representation of what the world will offer the wheat farmer for his wheat shows clearly the relationship between supply and price. Since 1925, when the world supplies of wheat first became burdensome, the price has been low for the most part. The pictures at the top of the

chart show that when the supply is low, the world will pay a good price for wheat, but when supplies are too big, the world won't pay as much. As the supplies (shown by the black bars) have climbed, the price (represented by the shaded parts) has sunk lower. The wheat administration seeks to bring the wheat supply of

the United States into line with demand by reducing acreage, and thus to make the price nearer parity, that is, the point at which the return from a bushel of wheat will buy as much as it did in the pre-war period, 1909-1914. The 1933 crop year is not far enough advanced to show definitely what prices will be.

Mrs. Ernest Penna, 79 East Twenty-fourth street, entertained with a miscellaneous shower Tuesday evening in honor of Miss Ruth Winstrom of Zeeland. The hostess was assisted by Miss Janice Van Koeveing of Zeeland. Bridge was played and the prize was awarded to Miss Cathryn Janssen. Dainty refreshments were served. Eleven guests were present.

Miss Anna Geerts, a bride-to-be, was honored with a miscellaneous shower recently at the home of Mrs. Joe Diekema in Beaverdam. A social evening was enjoyed and refreshments were served. About thirty-two guests were present.

**ZEELAND COUPLE WERE MARRIED WEDNESDAY NITE**  
(Zeeland Record)

Mr. Bernard Bouma and Miss Kathryn Boes were united in marriage Wednesday evening at the Third Christian Reformed church by Rev. A. Jabaay, Wednesday evening, September 6.

The bride wore a beautiful silk orchid taffeta dress and carried a bridal bouquet. She was attended by her sister, Miss Mary Ann Boes, who wore an apple green crepe dress and carried a bouquet. The groom was attended by his brother, Gerard Bouma.

After the ceremony a reception was given at the home of the groom's parents on North Street with about ninety relatives and intimate friends present.

The rooms were beautifully decorated for the occasion and a delicious two-course lunch was served.

Both Mr. and Mrs. Bernard Bouma are well known and highly respected here. The bride is the elder daughter of Mr. and Mrs. Egbert J. Boes of East Central avenue, and the groom is a son of Mr. and Mrs. John Bouma of North Street. They will make their home in Muskegon.

**ZEELAND SCHOOLS OPEN WITH BIG ENROLLMENT**

The Zeeland public schools again opened on schedule time for a full school year with an increased enrollment of 58 over any previous school year, nearly every grade showing an increase, only the second and fifth falling below the 1932-1933 figures.

Although physical training was dropped as a subject, the high school boys are determined to keep the H. S. Athletic club functioning and will put on a regular football team this year. They are asking the local townspeople to assist them in their efforts by lending both moral and financial support, and they intend to operate under the supervision of the school officials and faculty. They should get the support.

**LOCAL MERCHANT CRACKED UP WHEN HIT BY TRUCK**

While returning from Chicago last Friday, Richard Nies of this city suffered a fractured rib as the result of an automobile collision in which his car figured.

Mr. Nies was still in Chicago driving one of the busy streets when a truck driver failed to observe traffic signals at the intersection of Ogden and Lake street and crashed into Nies' car.

The other occupants of the Nies car were badly shaken but not seriously injured, but the car was badly wrecked. Mr. Nies was taken to Dr. Corbett Emergency hospital where his injury was reduced and he was released.

They were compelled to remain in Chicago until Monday to have their car repaired. The driver of the truck assumed responsibility and paid the cost of the repairs and injuries.

Miss Anne Hamburg, Miss Henrietta Van Liere and Miss Jean Dekker have returned to Holland after spending several days in Chicago where they visited friends and relatives. They also attended the world's fair.

A chest clinic under the direction of Dr. Bartlett of Muskegon will be held Tuesday afternoon, September 12, from 1 to 5 o'clock in the old hospital annex.

Approximately 300 attended the annual Christian Fellowship gathering which was held on Labor Day in Ebelink's grove on the Park road. The program included several talks and singing.

Mr. and Mrs. Gene Denning and Mrs. August Jeske of Grand Haven and Mr. and Mrs. Robert Adams of Holland have returned from Chicago where they attended the exposition—Grand Haven Tribune.

**STARTS CLOTHING COMPANY**

Russell J. Rutgers, for many years connected with the John J. Rutgers Company, has opened up an establishment at 219 College avenue, Holland, and will sell exclusively tailored goods. He is connected with the Kahn lines, an establishment that has done business with the Rutgers Company for eighteen years.

**GRAND RAPIDS MAN, BORN IN THIS CITY, DIES**

Gerrit H. Elferdink, born in this city sixty years ago and who spent his boyhood days in Holland, passed away at his home, 630 London street, Grand Rapids, last Saturday.

Mr. Elferdink had moved to Grand Rapids from this city, at least thirty years ago and was the founder of the Grand Rapids Art Glass and Mirror company, established on June 12, 1912. He acted as president and general manager of that company for a number of years and was vice-president at the time of his death.

Mr. Elferdink was born at the old Elferdink homestead at Pine avenue and Tenth street now the home of Mr. and Mrs. Joe Hume and family, and is one of eleven children born to the parents, John and Eliza Elferdink, an early pioneer couple who settled in Holland.

Funeral services were conducted at the home in Grand Rapids on Monday when the remains were taken to Holland and services were said at the old Elferdink home on West Tenth street Tuesday, P. M. Kersting of Grand Rapids officiating.

The survivors are the widow; a son, John W. Elferdink of Grand Rapids; a sister, Mrs. Joseph R. Hume, and two brothers, John G. Elferdink of Grand Rapids, and Daniel W. Elferdink of Detroit.

During the funeral services La Verne Smith sang "The City Four Square." The pallbearers were Julius Brattinga, Benjamin Dykhuus, Otto Rinmer, Anthony Panfil, and Todd Maleschski, all of Grand Rapids and business partners in the Art Glass Company, and John Borgman of Holland. Interment took place in the family plot in Holland township cemetery.

Mr. Elferdink was held in high esteem in Grand Rapids business circles and made frequent visits to Holland, renewing acquaintances of boyhood days.

The floral tributes were many and beautiful.

**BLACK SQUIRRELS ARE COMING BACK**

Black squirrels are apparently coming back to many sections of Michigan where they have been unknown for years. The woods adjacent to Caro attest to this. Here the black squirrel used to hold sway in good numbers but for many years past none have been sighted. This year, however, Conservation Officer Hall has found several colonies in the oak hills.

**LONG WINDPIPE MAKES THE CRANE'S WHOOPIE CALL**

The loud, trumpet-like call uttered by the whooping crane is possible because of the bird's unusual long windpipe, a large portion of which lies coiled in the hollow of the breastbone.

**WORLD'S SMALLEST OWL IN TERRA DEL FUEGO**

A bird believed to be the world's smallest owl makes its home in the forests of Terra del Fuego. This owl, known as the dwarf owl, is no larger than the English sparrow. It may be recognized among other birds by a peculiarly penetrating whistle. It feeds almost entirely upon insects.

Harold Boerema of Grand Rapids was arrested Sunday for speeding on East Eighth street between Columbia and College avenue.

The Holland fire department was called out Monday evening at 6:30 o'clock to extinguish a grass fire in the yard of Trinity Reformed church.

**WINDSTORM DAMAGE PAID FOR IN 36 HOURS**

The policy of prompt attention to business exercised by the Michigan Mutual Windstorm Insurance Company of Hastings, is well illustrated in an instance which took place in Clinton county recently. July 23, this year, a cyclone struck St. Johns, wrecking the floral hall located on the fair grounds, also a big barn belonging to W. E. Geger, one and one-half miles south of the city. The next day adjusters from the above company were on the scene, settlement of the losses was equitably made and checks were mailed the insured Tuesday morning, about 36 hours after the damage was done.

This is only one instance of the promptness of this big company wherever possible. The Michigan Mutual is by far the largest company of its kind carrying windstorm risks in this section of the country.

**OLIVE CENTER**

Mr. and Mrs. Harm Looman attended the Looman reunion at the home of Mrs. Dena Looman at North Holland Labor Day.

The local committee is made up of the active heads of the leading business and civic organizations, and includes also the mayor. These committees in the thousands of cities and towns throughout the country were formed following telegrams and letters sent by General Johnson to the presidents of Chambers of Commerce or similar trade bodies in every section of the United States. These local committees elect a general to have charge of the city campaign and a lieutenant general who is a woman. The general selects three colonels, each of whom is to take over a certain part of the campaign work. For example, Colonel No. 1 has charge of the "man-power" or organization department. Under his direction block-to-block canvasses will be made to check up on compliance with the President's Agreement, and to make a survey of the unemployed, as to adaptability by experience as to trades and industries and thus be able more readily to help in the processes of assimilation of labor by expanding industries. Colonel No. 2, briefly, has charge of newspaper publicity and kindred activities; and Colonel No. 3 has the training and direction of public speakers under his charge.

Each of these three colonels has seven or more majors on his staff, and each major has about the same number of captains. Each captain has seven or more field workers. All of the local organizations are, of course, constantly supplied with educational and inspirational material of all kinds from the National Recovery Administration in Washington. Literally tons and tons of printed matter has been shipped to every nook and corner of the country.

The N.R.A. emblem, known popularly as the Blue Eagle, is one of the most interesting and vital features of the campaign. All employers who sign the President's Agreement are entitled to display the Blue Eagle with the initials N.R.A. and the words "We Do Our Part." Merchants, manufacturers and all others who have the right to display the insignia by reason of their having complied with the President's Agreement, are permitted to hang it on their walls, or in their windows, or on trucks and cars, and, if they so desire, to stamp it on their products or merchandise. It is, in fact, the desire of the Recovery Administration that all make liberal use of this badge of patriotism.

Any person in the United States who wishes to cooperate in the President's Emergency Re-employment Campaign and be considered as a member of the N.R.A. may go to the authorized establishment in his locality and sign a statement of cooperation as follows:

"I will cooperate in re-employment by supporting and patronizing employers and workers who are members of N.R.A."

Any such signer will then be given and may thereafter use the insignia of consumer membership in N.R.A.

Every phase of the progress of this mighty campaign will be flashed in the newspapers of the country and announced constantly over the radio. In this way everyone will be in a position to know just what the campaign is doing from day to day in actually putting people back on the payrolls and adding to the mass purchasing power of the country.

While, as has been stated, it is desired that liberal use of the insignia be made by employer and consumers, it is to be remembered that the official N.R.A. emblem is the property of the United States Government and may not be used or reproduced without authority of the National Recovery Administration.

The lists of all employers who sign the President's Agreement are displayed in local post-offices and it is urged that all employers who have not yet signed the agreement do so immediately and deliver them to their local post-master.

With some minor exceptions, the terms of the President's Agreement with employers is, briefly, as follows: Any employer of a factory or mechanical worker or artisan must not pay him less than 40 cents an hour or work him more than 35 hours a week, except that if the employer were paying less than 40 cents for that kind of work on July 15 the employer can pay that rate now, but not less than 30 cents an hour. As to all other employees—those on a weekly rate—the employer will pay not less than \$15 a week in a city of over 500,000 population; or \$14.50 a week in cities of between 250,000 and 500,000; or \$14 a week in cities between 25,000 and 250,000 population; or \$12.00 a week in cities of less than 25,000 population, and the employer agrees not to work this class of workers more than 40 hours a week. As to employees who are getting a higher wage, the employer must not reduce their wages because of a reduction in their hours and he should generally keep the usual pay differences as between the lower and the higher paid employees. And after August 31, he must not work children under 16 years of age. There are, of course, some other rules which apply to special cases, but the terms of the agreement as here outlined cover the large bulk of cases.

It is from these wild grapes that our popular table varieties have been developed. Varieties such as the Concord, Thompson Seedless, Catawba and Niagara. These distinctly American grapes enjoy a great popularity as a dessert fruit. Right now the Thompson Seedless variety is ripe. They are fine in fruit cups, in salads, and in sparkling gelatin desserts.

## Food Topics

By Judson Strong (A&P Food News Reporter)

Although tastes and eating customs have undergone the most amazing changes through the ages, grapes hold as high a place in popular esteem today as they did in Noah's time. Down through the Egyptian, Greek and Roman civilizations right up to 1933 the grape has been cultivated and prized as a food. Although grapes are naturally associated with wine making, nevertheless, they have always

been prized as a fruit to eat out of hand. In this country we have both the European and American types of grapes. Early settlers found grape vines growing in profusion and repeatedly called the new continent Vineland.

BOSTON RESTAURANT TO DISCONTINUE BUSINESS

The Boston restaurant, located at 32 West Eighth street and conducted by Nicholas Hoffman for 25 years, will discontinue operations next Monday.

Mr. Hoffman started the restaurant with his brother, John, buying the business previously known as the Boston bakery, which was owned by John Vander Veen. Later Cornelius Hoffman was in the business with the present owner, but a number of years ago Nicholas Hoffman became the sole proprietor.

The Boston restaurant had served for many years as headquarters of the Koffie Klets, a group of business men who gather in the morning to drink coffee, and members of the club will honor Mr. Hoffman at a banquet tonight, Friday, in the restaurant. E. P. Stephan and Dick Boter are in charge of the arrangements.

Mr. Hoffman, who recently recuperated from an operation, intends to go into temporary retirement. Mr. Hoffman has been a staunch Democrat all his life and has been a prominent figure in political life. He served as justice of the peace of Holland township for 25 years. At present his son, Nicholas Hoffman, Jr., is justice of the peace in Holland.

SPEED BOAT BURNS AT MACATAWA

The speedboat Patricia, owned by George Eddy and valued at about \$6,000, was destroyed by fire on Macatawa bay near the Jesiek Bros. boat works at Jenison Park. The craft caught fire from a gas leak and was shoved out of the boat works to save the building. Eddy was scorched about his hands and face, but escaped serious burns.

HOLLAND CHRISTIAN ENROLLMENT GAINS

An increase of 40 students over the total of a year ago in the enrollment in the Christian school system was reported by Garrett Heyns, superintendent. More than 750 students attended the opening school exercises Tuesday. The present enrollment is 22 higher than at the close of the spring term last June.

Of the total 414 are registered in the elementary department, 122 in the junior high school and 218 in the senior high school, Mr. Heyns stated.

Sharks Have 6,000 Teeth

There are some species of sharks that might well be objects of envy to human beings for they have reserve sets of teeth to take the place of others as soon as they wear out. Some of these possess as many as 6,000 teeth set in rows, only one row being used at a time, however. When one set wears out, another set already developed, moves forward to take its place.

Nature Takes Care of the Dandelions

The dandelion, despised by those who are ever trying to eliminate this plant pest from their lawns and gardens, appears to be one of Nature's favorites, for she has made very careful provision for its propagation. After blossoming, the flower's head lowers itself somewhat and takes on a bud-like form during the time that its seeds take to mature. But this accomplished, its new crown of feathery whiteness raises much higher in the air than had the yellow blossom, so that the passing breeze may scatter its seed-bearing silk far and wide. And should the top be cut from the dandelion before this process takes place, the roots take care of the plant's propagation. Several new plants are likely to spring from the roots of one that has been cut down.

GIRL AND BOY WIN BICYCLES IN A. & P. CONTEST

This morning the Atlantic and Pacific Tea company of Holland gave to the two winners in the bicycle contest their wheels. The first wheel went to Miss Ruth Homfeld, 196 West Thirteenth street, who had the tremendous vote of \$4,748 in coupons to show. LaVerne King, 331 West Twentieth street, was given the second bicycle and his vote also indicates his popularity.

The contest was conducted through the coupon system tied up with purchases at the store, much along the lines of the recent world's fair contest, when three young men from Holland were given a wonderful outing for ten days seeing Chicago and the Century of Progress exposition at the expense of the company.

The bicycles are the most approved type and since wheel riding is again becoming quite a great fad the prizes are timely and very worthwhile.

CONGENIAL HOST PETES 400 GUESTS

As was stated last week, George F. Getz and his sons were hosts to more than 400 members of the American Bar association. Long tables were placed on the spacious lawn overlooking Lake Michigan and a chicken dinner and all the trimmings constituted the menu. The Zealand American Legion band furnished the music. The guests surely showed their appreciation after the repast.

Former Judge Orien S. Cross and Mr. William D. Connelly were high in their praises of the Getz hospitality. "Mr. Getz can be re-

garded as Holland's great benefactor," Mr. Connelly said, "and there are few cities that have institutions such as the Getz zoo, or have interested persons who get pleasure out of seeing others have a good time."

The entertainment concluded the American Bar held in Grand Rapids. Mr. Cross, the chairman, was a busy man during the banquet. Many Holland guests were also invited and were present.

HOPE GRADUATE TELLS OF HIS AMERICAN GARDEN IN ORIENT

A recent letter received from Dr. W. Moerdyk, a missionary in Amarah, Mesopotamia, relates interesting incidents of conditions there. Hospital work, he says, is flourishing and about 200 or 250 patients are treated in one day. Lepers in the quarantine camp have increased to eighteen men, eleven women and one child, and several youngsters who are getting prophylactic treatment.

Evangelistic work among the lepers is carried on, many are taught to read. Many of these patients are pitiable looking people but they are showing improvement under treatment. It is however a long and slow process and some frequently show impatience and complain.

Dr. Moerdyk speaks of Amarah as a town seething with bribery, pettiness and religious opposition to missionary work on the part of government officials. There is news of threatening insurrection near Nasarijeh, which is the headquarters of one of the two sects of Moslems in Iraq, and the Assyrians there are giving the government much trouble and refuse to give up the arms that they received from the English as a reward for their military service in the English army.

Amarah, in July and August, he writes, is a very hot place which causes much sickness. Typhoid fever is always prevalent, but it is worse in summer. Infant mortality is high especially among the ignorant classes.

Dr. Moerdyk writes about their garden which produces tomatoes from good American seed, and Iraq beans which are something like green beans in this country. Pumpkins, sweet corn, cabbage and other common vegetables and varieties of flowers, and other garden products. Dr. and Mrs. Moerdyk are supported in their missionary work by Second Reformed Church of Zealand. They spent their furlough in Zealand and Holland a few years ago. Two of their children, John William and Betty, are attending school in Kodakanal India. Margaret Jean and Dorothy are in Amarah with their parents.

DUTCH QUEEN REIGNS 43 YEARS; CROWNED 35 YEARS

Queen Wilhelmina of the Netherlands ascended the Dutch throne when she was 10 years old, has reigned for 43 years and was crowned 35 years ago when she became of age.

When not yet 21 Wilhelmina married 24-year-old Duke Henry Vladimir Mecklenburg-Schwerin, who became the prince of the Netherlands.

Queen Wilhelmina, now the only woman ruler in the civilized world, has had a highly successful reign. Her small country was one of the few in Europe that did not become involved in the World war in one way or another. The strictest kind of neutrality was maintained throughout.

THUNDER PUMPER IS MYSTERY OF STATE'S MARSH COUNTRY

There is a strange bird in Michigan's marshes which has an irresistible appeal to old and young alike because of its queer utterances often called "thunderpumpings," and its rare ability to hide among the rushes in such fashion as to be almost invisible. This bird is properly called the American bittern, but folklore has given it such names as stake driver, thunder-pump, poke, marsh hen, Indian hen, and bog bull. It is one of Michigan's most abundant wading birds, but one of the most elusive.

There is a certain fascination in searching out the swamp dwellers, and this is especially true in seeking the American bittern. In the early spring, you may hear his queer cry which can hardly be called a song. In the quiet of the morning, it sounds like an old-fashioned wooden-pump-pump-lunk, pump-er-lunk, from two to seven times in succession. Again it may sound like driving a wooden stake with an axe. Or it may sound like the wheels of a pump. During the breeding season, the bittern indulges in these performances at all hours of the day, but the sounds become less frequent during the summer, and toward fall, they cease altogether.

About the bird's protective coloration, Walter B. Barrows gives this interesting account: "An adult bittern was in characteristic erect and rigid attitude, and so near us that the yellow iris was distinctly visible. Then, as we stood admiring the

Sewer System

Allegan Gazette:—Some day Allegan will have to go to great expense in construction of a sewerage reducing plant and quit dumping its sewage into Kalamazoo river. We have been officially ordered to do so but no movement was made to compel us to comply. Heretofore the state has acted arbitrarily in the matter but the new commission announces that it will simply offer financial help to cities when they are able to provide a part of the cost themselves. Therefore a large number of towns have been offered thousands of dollars as aid to such enterprises. So when we get ready we shall have help. As Allegan is situated the cost will be greater than is necessary to many towns, because it is not likely we can get along with one plant for it would necessitate taking the sewage under the river at least once. Two plants doubtless will be necessary; and it would involve much change in the present sewer system.

Taxes Without End

"Paying taxes" means meeting the real estate levy so far as most property owners are concerned; other men think of income taxes when the work is mentioned. Lately we all have become acquainted with the sales tax. But few persons ever stop to think how many other taxes there are.

There is the gasoline tax, of course. And there also are taxes on furs, chewing gum, wort, telephones, deposit boxes, checks, dividends, boats, club dues, beer (oh sure, everyone knows about beer), playing cards, initiations, amusements, and cigarettes (six cents on every package). Likewise there are taxes on tooth paste, watches, photograph records, matches, tires, cameras, malt, telegrams, leased wires, cables, cosmetics, sporting goods, mechanical refrigerators, inner tubes and automobiles.

The total list of articles taxed is longer still, far too long to print in this space.

Start Is Made To Get Welfare To Working

(Continued from Page One)

it brought a great deal of hand labor.

There was considerable discussion on the matter. Alderman Prins wanted it understood that Pilgrim Home cemetery should also be given attention. Some aldermen wanted to develop four acres at a time as we needed it but Landscape Artist John Vander Ploeg, who was given the floor by Mayor Bosch, stated that if we were to develop a cemetery the plans and designs should be made for the entire plot, to present a model of the entire project. Plant all the trees at once so they could grow up together and not a few every five years which would bring about a real irregular landscape far from being artistic.

He stated that the present cemetery is hopeless and depressive. The new one should be made more like a park, restful and beautiful. Mr. Simeon Henkle approved of Mr. Vander Ploeg's picture of a cemetery and added that it would bring a great deal of labor at once. He stated that you could not build a graveyard on a plan of having enough bodies to fill it before you build. We must build for the future, he says.

Alderman Kleis and Alderman Prins asked to have the vote deferred until two weeks from now and a concrete plan of what is to be done submitted.

According to the vote, this is to be done. The vote stood 6 to 5 to pass the project last night but City Attorney Lokker stated that since this was not the majority of the vote of the aldermen elected the proposal did not pass. Alderman Van Zoeren was absent. Had Alderman Van Zoeren been present and voted no then it would have been up to the mayor to break the tie, but apparently this was not necessary last night and this matter will be deferred.

Alderman Kleis stated: "I am for the project, but I want the plans first."

Included in the contemplated projects here are the improving of the park at the large bridge north of the city; also fixing up the hospital grounds and putting in a retaining wall at Kollen's Park to protect our bathing beach and bath water.

The improvement of the water front and the construction of a municipal dock, according to detailed drawing at an estimated cost of \$350,000.

Both Mr. Connelly and Engineer Zuidema gave some valuable information on this dock project. Mr. Connelly said it would take about 35 per cent hand labor. The project would extend from the West Michigan Furniture factory to the east of Kollen's Park on the west, and the shipyards to take care of large and small boats would be located near Montello Park.

Mr. Zuidema had maps of the entire project and stated that if the docks were built that the sheet piling of steel would extend about 15 feet further from the shore line than the docks are now, making a regular frontage of the entire dock proposition which is now irregular and unsightly.

Mayor Bosch, when the proposal was explained, stated that he wished to say before hand that he was against the last proposal. First, because in the plans his property was included and it would be construed that he favored for personal reasons. He said, however, that his main reason was that he did not think it was feasible and self-sustaining at this time and that the expense was too heavy and it would require very little hand labor, which is the intent of all projects.

Mr. Connelly stated that he himself did not know whether the United States government would favor such a project. Their engineers would go over the matter finally to see whether it was self-supporting and whether the project merited a grant of 30 per cent and a loan of 70 per cent. A vote indicated that the project failed to carry.

PITCHFORK FOR OTHER USES THAN HAY

A pitchfork may sound like a crude sort of spear but Andrew and Wilbur Wilson, Marshall, were having plenty of luck before a conservation officer caught them. An attractive string of bluegills, bass, sunfish and suckers had been caught. Both men were sentenced to 10 days in jail for spearing out of season.

Gets Glimpse of Son, Then Loses Him Again

J. C. Street, civil engineer of Welland, Ont., is going back home today, bearing a bitter disappointment.

He had seen his 14-year-old son, for whom he had come to Ohio to search, but the boy again vanished. The boy, Douglas, the father said, ran away from home because of fancied difficulties at school six weeks ago. Eventually Street said he traced the lad to a farm near Valley City, O., and drove there to see if his son would return and to investigate his living conditions.

Just as he approached the farm, Street said, he glimpsed his son in an automobile traveling in the opposite direction. By the time the father had retraced his route and found the other car, the son was not in it. The father informed Cleveland newspapers of the incident today, before leaving for home.

SUGGESTIONS**

By ANN PAGE

The severe storms which wrecked gardens and destroyed the home-grown produce of the eastern seaboard will not seriously affect this district where home grown fruits and vegetables share the markets with such far western specialties as peas and lettuce. The lettuce and tomato salad is a favorite of which we do not easily tire, but for variation, fruit or combination fruit and vegetable salads are much appreciated. That old favorite, Waldorf salad, combining apples, celery, and walnuts with salad dressing, can be pleasantly varied at this season when nuts are scarce by substituting sliced plain or stuffed olives for the nuts. The salad should always be marinated in French dressing or slightly sweetened lemon juice.

A popular fall vegetable in the markets is cauliflower and it is very welcome as the weather grows cooler.

Here are the usual menus from the Quaker Maid Kitchen.

**Two Held For  
Murder Will  
Have Counsel****McCAFFERTY SIGNS AN AFFIDAVIT CLAIMING NO PART IN BEATING OF WALLERT**

(Grand Haven Tribune)  
Wallace McCafferty and William Wildorf, held at the Ottawa county jail for the murder of Frank Wallert last Sunday night, told the sheriff's officers that they would be represented by legal counsel at the examination set for today, Sept. 7. Relatives of McCafferty's, from Chicago, were in the city to give assistance to the local men, they stated.

McCafferty has signed an affidavit declaring that he did not have a part in the beating of Wallert. He blames Wildorf and says he saw Wildorf swing the club at Wallert and later pulled the two men apart as they grappled on the trestle leading to the Grand Trunk bridge. The statement begins with the whereabouts of McCafferty on Sunday at 9:00 a.m. He tells of being with various friends through the day and drinking with them. He states he was at home for supper, then went out again with Wildorf and others. They went to a tailors where McCafferty got a pair of pants which he said he gave to Wildorf and which were found by the officers near to where the fight took place.

He goes to Station  
He admits going to the Johnson oil station for the two-by-four which was about seven or eight feet long, and going towards Emil Klumpel's house at which time he claims, Wildorf said, "I wish I had a saw."

"I thought he wanted to take the wood home with him and suggested going to Joe Page's home for a saw. He did not succeed there so went to Julius Ott and he sawed it in two."

McCafferty states that Wildorf made threats against someone. "I said, 'Bill, this is your trouble. I'm going home, and I threw down the stick which I carried as a cane, and said, wait Bill until you are sober. Wildorf picked up the stick and carried both of them," McCafferty states.

The statement goes on to say that after the conversation both men advanced toward the trestle and saw Wallert come up. McCafferty said he went back and watched. "Bill took a crack at him with his fist and Wallert swung his lantern. Then Wildorf picked up the two-by-four and hit him twice. Wallert went down and I jumped up and asked Wildorf what he was trying to do."

"When I got there Wildorf was on top of Wallert. I grabbed hold of Wildorf and tried to pull him off and we all went down in a heap. One of them handed me a pocket book and watch and said 'hold this!'"

Going Home, Claim  
"Bill I'm going home," McCafferty says he said to his partner. McCafferty says he went down the tracks and left both men standing up.

"I was sober enough so I knew where I was at all times and what I was doing," the affidavit concluded.

Wildorf has stated on affidavit, that he did not take part in the fight but got "cold feet" and hid in the weeds near the Duke engine company, when McCafferty attacked Wallert. He admitted that both he and McCafferty planned to give Wallert a beating.

**ALLEGAN JAIL PRISONER  
WINS WAITING GAME,  
GETS RELEASE**

G. R. Press:—Convinced that Walter Ridgley can keep a secret, Judge Fred T. Miles of the Allegan circuit court Friday released Ridgley from his jail cell where he had spent the last 16 months for contempt of court in refusing to tell the whereabouts of \$7,300 rightfully belonging to the widow of his deceased brother.

Ridgley was sentenced on the charge Feb. 10, 1932, when he stubbornly refused to divulge what had become of the money which he and his brother had drawn from the accounts of the latter in two Battle Creek banks a short period before George Ridgley became critically ill and died soon afterward without being able to tell what had been done with the funds.

Judge Miles, after a long talk with the prisoner Friday, expressed the opinion that Ridgley had knowledge of what had become of the money, but that it was no longer in his control, and said he had released the man because he thought it hopeless to attempt further to wrest the secret from him. The judge also stated that it was of no use, therefore, to continue to support the man in jail at public expense.

Ridgley's case had been appealed to the state supreme court, after seven months of imprisonment, by the late Attorney William J. Barnard and the local court's action was sustained.

Trout season was over after Labor Day in most Michigan counties, but the most of us will be satisfied with perch or some other common breed from now on.

**Time to Come Back****NEW PHOTOS TAKEN OF THE  
CAPTURED BANK BANDIT**

G. H. Tribune:—Pictures of Earl Doyle, alias Harry Harris, captured bank bandit, held at the county jail, were taken by the officers yesterday showing him to have recovered to such an extent that a picture at this time is of more value than the one taken just after his arrest.

Doyle is walking about on his crutches. The wounds in his head are nearly healed but the one in his hand still requires dressings.

He remains silent on all details of the bank holdup here and will make no statement regarding any of the other charges for bank robbery which have come in since the fingerprint identifications were received. He claimed to the officers, previous to the identification, that this was the first holdup he had ever been in.

**MUSKEGON BOY SCRATCHES  
FOOT, DIES OF LOCKJAW**

Lockjaw today cost the life of Charles William Buwalda, 8, son of Mr. and Mrs. Gerrit Buwalda, 2121 Ruddiman Ave., North Muskegon, in Hackley Hospital. The child had scratched his foot a few days ago on a cotter pin, tetanus resulting afterwards. His father is one of the partners in Buwalda Bros. store, North Muskegon.

**G. R. MAN, ONE OF PAIR HELD  
FOR OTTAWA COUNTY JOBS**

Leonard Fisk, 38, and Joseph Resmus, 22, Grand Rapids, were arrested by Trooper Kenneth White, and Gary Klouw, Spring Lake, and are being held in the county jail on a charge of entering several homes including those of Gary Klouw, Vernon Verplank, Russell Verplank, James McNamara and E. H. Nixon. They will be arraigned tomorrow on breaking and entering charges.

**MISUNDERSTANDING AMONG  
ALLEGAN FARMERS**

Due to the misunderstanding of the farmers as to what the Wheat Allotment Adjustment Plan is, A. D. Morley, Allegan Farm Agent, has been directed to hold another series of meetings. So far many people think we are asking for an increase in the acreage, Mr. Morley states. What we really want is a decreased acreage. The acreage cut will be 15% of the three year average according to information just received. Bring your application and other papers if you are having trouble filling them out. Meetings are to be held as follows: Friday, Sept. 8, at 8:00 P.M. — Overisel Town Hall; Friday, Sept. 8 at 8:00 P.M. — Fillmore Town Hall.

**PRIZES FOR SCHOOL DIS-  
PLAYS OFFERED AT THE  
ALLEGAN FAIR**

A prize of \$25 is going to be awarded the Allegan county rural school which has the best display at Allegan county's 81st annual fair. This exhibit is open to rural schools having only eight grades. The basis for the award will be 25 per cent for artistic arrangement of the exhibit, and 75 per cent for the quality of the work shown and its educational value.

A. D. Morley, county agricultural agent, is in charge.

In addition to the first prize a second of \$15, and a third of \$10 will be awarded. Space is to be allotted for schools from each township.

**WEST OLIVE BOY COMES  
UP WITH TRUE FISH STORY**

Little Irvin Davis, son of Mr. and Mrs. T. Davis of West Olive, only 12 years old, and small for his age at that, told what is reported to be a "true" fish story. With many a squinty wrinkle in his possession recently little Irvin started off to the Pigeon, near West Olive, to go fishing.

It wasn't long before the lad had his hook, line and sinker under water and he got a mammoth bite. Three guesses as to what it was! A great big German brown trout, weighing one and three-quarters pounds and 17½ inches long.

**ZEELAND CHURCH PLANS  
YEAR'S PROGRAM**

Under the direction of a committee appointed at a recent consistory meeting, Second Reformed Church of Zeeland is laying plans for the fall and winter work of the church. As one of these plans calls for re-consecration Sunday, probably in the latter part of September, it is planned to have special services in Church and Sunday School on that day. All the Christian Endeavor societies will also open their new year's work at that time.

The midweek meetings of all organizations, including the regular prayer meeting, are scheduled for the following week.

Recently a meeting was held in the church, at which the presidents, secretaries and sponsors of the different organizations were present, including the following: Sunday School, Senior, Junior and Intermediate C. E. Ladies', Young Ladies', Men's and Young Men's adult classes, Mubesharat, Ladies' Aid and Brotherhood. The plan was explained and cooperation of the various groups was solicited.

Rev. Richard J. Vandenberg, pastor of the church, presided at the recent meeting, and the committee in charge consists of Rev. Vandenberg, Jas. C. De Pree, P. T. Moerdijk, Dr. H. Kuit, and Geo. N. Meengs.

Dr. van Royen was 61 years old. Before accepting the Washington post he was Minister to Spain, Italy and Japan.

**FAMILY REUNION OF VANDER  
PLOEGS IN CHICAGO**

A happy family reunion was held Thursday evening at the home of Mr. and Mrs. Henry Vander Ploeg, 421 West 102nd Place, Fernwood, Ill. The brothers and sisters present were Robert Vander Ploeg of Grand Rapids, Mich.; Mrs. J. Barkema of Holland, Mich.; Mrs. Dora Scholten and Edward Vander Ploeg of Chicago. Besides these, the following other relatives also attended the reunion: Mrs. Edward Vander Ploeg, Chicago; Rev. Mannes Stegeman, Ruth and Nathan, of Hesperia, Iowa; Mrs. Miles Bowersox, Clarence and Clifford, Detroit, Mich.; Martha Barkema Mook, Rochester, N.Y.; Henry Barkema, Holland, Mich.; Frank Barkema, Muskegon, Mich.; Mr. and Mrs. A. Kempe and daughter, Ruth, of Englewood; Mr. P. Pierama, Roseland; Mrs. Ray Toppman and Mrs. Wm. Tietema, Mt. Greenwood, Ill.; Mrs. Kate Grestman and Mr. and Mrs. Ed De Jonge, of Englewood, Cal. H. Vander Ploeg of San Jose, Cal., and Mrs. James Cook, of Zeeland, Mich., were unable to be present.

**1.00 PER  
New hunting licenses will go on  
sale within a week unless conserva-  
tion department plans are upset.**

Hunters will find something to cheer about when they buy their shooting licenses this year. Instead of \$1.75, the fee charged during recent years for small game hunting, the nimrod will be asked this year to fork over only \$1. Instead of \$10 for a non-resident license, only \$5 will be asked. It is expected that this will result in a considerable increase over the 240,000 who took out small game licenses last year. In Holland the license will be in charge of Conservation Officer Maurice Kuite and Olie's Sport Shop.

**MANY COOPERATING IN THE  
WHEAT REDUCTION PLAN**

Great interest is being shown by the Ottawa county wheat growers in signing up for reduction of acreage this fall. Those who have not filled out the applications as soon as was expected have usually been those who did not understand the application, C. P. Milham, county agriculturalist, reports.

At the Zeeland meeting the following were elected to represent the district: Ed. Baron, Zeeland township, chairman; Fred Berens and Henry Geertlings, committeemen. At the Allendale meeting, Chairman Wm. B. Easton, Allendale, and John W. Roberts, Allendale, and Richard Kiersma, Tallmadge, committeemen. At the Conklin meeting last night Everett Collar was elected chairman, and Lester Martin and J. C. Wiltenburg, committeemen. Mr. Wiltenburg is from Chester, the others from Wright.

Attendance at meetings: Zeeland 60, of whom 25 had already signed applications; Allendale 55 present with 25 signing applications; Conklin 225 present and 51 already signing applications.

**98,905 PASSENGERS ARE CAR-  
RIED ON GRAND RAPIDS**

G. H. Tribune:—Capt. B. J. Gylleck reports that the list of passengers for the month of August traveling on the steamer Grand Rapids, is the largest ever to be turned into the local federal office. There were 98,905 passengers carried on the Chicago and Milwaukee run.

There were 34,701 passengers on the City of Holland running between Benton Harbor, Chicago and South Haven. These two boats have been leased by Nathaniel Robbins and his son, H. S. Robbins.

**Holland Girl Graduates  
from Butterworth**

Last evening 31 young ladies graduated from Butterworth Hospital, Grand Rapids. Among them was Miss Louise Bosman, popular daughter of Mr. and Mrs. Geo. Bosman of Holland, who is also a graduate of Holland public schools.

Bishop John N. McCormick of the Episcopal diocese of Western Michigan gave the commencement address.

Miss Ruth Way and Miss Helen French of Coopersville and Miss Marie Howard of Nunica are the other Ottawa county girls to graduate at the exercises held at St. Mark's pro-cathedral. Harold Torres, well known organist, presided at the pipe organ.

During the program the Butterworth Nurses club, directed by Verne R. Stilwell, sang two numbers, "Consider the Lilies" by Bliss and "Bless the Lord, O My Soul" by Impellitteri.

Presentation of diplomas and pins followed the address and a closing hymn by the school and audience, "Those Eternal Bowers" by Morley.

Tuesday the graduates and Miss Erickson were guests at a luncheon at Kent Country club given by the women's board. This Thursday evening the hospital will give its annual dinner for the graduates. The junior class of the training school will entertain the graduates with a theater party following the dinner.

**ANOTHER SEA SERPENT RE-  
PORTED IN ENGLAND**

The sighting of a huge sea serpent near Aden was reported by persons aboard the Aberdeen and Commonwealth liner, Larga Bay, when it came into port in Southampton, England, recently. The serpent, they said, jumped partly out of the water about a cable's length from the ship. It was described as resembling an elongated fish, the head of which was larger in circumference than its body and provided with a snout from which protruded a long spike or tongue. The length of the monster was not ascertained but eye witnesses declared they saw about 20 feet of it.

**BOY, 5, FATALY SHOTS  
SELF AT GRAND HAVEN**

Leonard Tufo, Jr., 5, died in Hatton hospital at Grand Haven last night from a bullet wound in the head, inflicted this morning when he pulled the trigger on a pistol he found in a cottage.

Leonard, who accompanied his mother here from their home in Chicago, was visiting at the home of Mrs. Harold Moore. M. Tufo and Mrs. Moore went to the Harry Ewing cottage. The boy sauntered into a bedroom, found the gun and fired it before adults were aware he had possession of the gun. The weapon, owned by Ewing, was purchased following the recent holdup at the cottage.

**DOYLE TRIAL ON  
SEPT. 11; JURY  
RIGHT WAIVED**

Earl Doyle, alias Harry Harris, captured bank bandit who was one of the party that robbed the Peoples Savings bank, waived his right to a jury trial and will abide by the opinion of Judge Fred T. Miles when his case is brought to trial on Monday afternoon, Sept. 11.

Prosecutor John R. Dethmers secured his signature waiving the regular jury trial this afternoon, after he knew Doyle would not plead guilty to the charge of armed robbery of the bank and assault upon F. C. Bolt, cashier.

Doyle pleaded not guilty when arraigned before Judge Miles in circuit court stating that he intended to change his plea when his records were filed showing him to have been previously arrested for running and conspiracy.

Yesterday when it was believed by the officers that he might change his plea and be sentenced, he refused and demanded a trial. The officers do not believe that he has had an communication with an outside attorney although he did have a talk with a local attorney. Judge Miles was prepared to sentence him today and Doyle would have been taken immediately to state's prison. Since he has been in the county jail extra guards have surrounded him night and day.

**SKUNK OIL IS USED AS  
DANGER SIGNAL**

Essence of skunk oil has been found more effective as a danger signal in Canadian mines than light signals, bells, hooters and other devices, according to Dr. E. E. Free. When fire or explosion threatens the workers all that is necessary to rout them from dangerous areas is to open a small vial of this evil smelling substance. It quickly permeates through all passages of the mines through which air circulates and drives out even the most hardened of miners in short order, Dr. Free says.

**TAKES HOLLAND PULPIT**

Richard A. Elve of Grand Rapids has accepted a call to become pastor of First Baptist Church of Holland. The family residence will be at 1 W. Nineteenth St., Holland.

**MOUSE, SERVED FOR MEAL  
FEASTS UPON BLUE RACERS**

E. E. Hansen, teacher in Ottawa High School at Grand Rapids, has decided that the phrase "meek as a mouse" is out of date. Hansen recently placed a small deer mouse in a cage in which he was keeping two large blue racers. He intended that the mouse would serve as food for one of the snakes.

But the mouse had its own ideas. Showing no fear of its two cage mates, it proceeded to make a meal on the tails of the two.

Hansen removed the mouse from the cage unharmed and then killed the two injured snakes.

Mrs. C. Spychoven of West Eighteenth street entertained with a surprise party Tuesday evening in honor of her daughter, Miss Mary Spychoven, the occasion being her sixteenth birthday. Games were played, after which refreshments were served. Those present were Miss Marian Bliss, Miss Ella Bess Wynne, Miss Edith Sanford, the Misses Mary, Jeanette, Harriet and Arlene Spychoven, Miss Mary Welling, the Misses Florence and Marian Dalman, Miss Gertrude Ortmann, Miss Faye Van Langevelde, Miss Marie Looman, Mrs. J. Van Dam, Miss Jeanette Hoefakker and Miss Christine Spychoven.

Miss Jesse Brost, daughter of Mr. and Mrs. V. E. Brost of Spring Lake, and Walter Wyrick of Holland were united in marriage on Labor Day at South Bend, Indiana, by Rev. E. E. Barclay. The couple was attended by Mr. and Mrs. Henry Stoepker of Holland. The newlyweds will make their home in Holland.

Mrs. E. Boone and Miss Ada C. Boone entertained with a shower at their home on Holland road 3 recently in honor of Miss Ruth Eileen Winstrom of Zeeland, who is soon to be a bride. Sixteen guests were present.

Nowadays a girl is still a flapper until she has to put on spectacles which contain bi-focal lenses, and even then she doesn't always give up.

**Allegan County  
Area Included in  
New Fire Zone****SAND PLAIN REGION OF 70,000  
ACRES TO HAVE FOREST TOW-  
ER AND WORKING CREW**

A fire hazard zone, located in the center of some of the finest fruit and agricultural territory of the state and but 15 miles away from a center of population, has been discovered by the conservation department, which is taking steps to place the zone under protection.

The new fire zone is an island of "sand plains" country in Allegan county just west and north of the city of Allegan. It includes about 70,000 acres, and so far this year has had some of the most stubborn forest fires reported in the state. One fire alone burned over 1,000 acres and it is estimated that 2,500 acres have been burned over so far this season. This area has long been known to western Michigan sportsmen.

With numerous fires reported something like 60 miles south of the recognized "fire zone" of the state, A. C. Elmer, assistant chief field administrator, and E. J. Miller, inspector of the division, studied the area and recommended complete forest fire protection of the kind given the northern part of the state. The area is almost devoid of habitation except along the main highways. It is typical northern Michigan sand plains country, with cut-over pine lands, but it still has some valuable merchantable timber.

The area to be under forest fire protection includes all of Heath and Valley townships and parts of Manlius, Clyde, Cheshire, Monterey and Allegan townships.

Harry Potts, Allegan conservation officer, will be in charge of the forest fire protection. An open fire tower will be erected about 5 miles northwest of Allegan and two "key-men" trained to direct fire-fighting crews will be appointed, one to have charge of the fire zone on either side of the Kalamazoo river. Power and hand pumps, shovels and other fire fighting equipment will be made available.

**TRUCK HITS TROLLEY, SPILL-  
ING DRIVER**

G. R. Press:—Warren Frary, 30, 242 Brown St., S.W., a driver for the Star Transfer Co., was taken to St. Mary's hospital late Thursday afternoon, after the truck he was driving collided with a street car at the end of the West Fulton car line. Frary struck the street car, while attempting to avoid another automobile. He suffered chiefly from shock, and was placed under observation.

The truck, loaded with 10 tons of sugar, overturned, and the sugar was spilled on the pavement.

Peter Peterham, street car operator, was standing beside his car when he saw the impending crash and leaped to safety.

**SCALDING INFECTION  
IS FATAL TO WOMAN**

Mrs. Ann Sessions, 74, died at her home at Fennville, Thursday. She was scalded severely a few weeks ago and infection followed.

She leaves two children, Lee of Fennville and Mrs. Hugh Chenoweth in Pennsylvania. She was the widow of Dr. E. D. Sessions, who practiced medicine here and in Lake City fifty years.

**APPEALED A THIRD TIME**

The malpractice case of Edward DeHaan of Fillmore against Dr. William G. Winter of Holland has been appealed to the supreme court from the Allegan-Ottawa circuit court. DeHaan claims that the doctor did not properly set a broken limb. In the first trial the jury gave damages of \$8,000, in the second \$6,458, and in the third \$10,000.

**20 EGGS PRODUCE  
19 BLUE RACERS**

Watching snakes hatch from eggs is an experience enjoyed by comparatively few people.

Gerrit Kremer discovered 20 eggs, about the size of pigeon eggs, when he was plowing a field on the family farm on Alpine rd. not far from Comstock Park. These eggs were buried in the ground about 7 inches below the surface. Uncertain as to what species of beast, bird or reptile would come out of the shells, Gerrit collected the lot and waited. Soon a snake, 11 inches long, emerged from one of the eggs. Shortly after another followed.

The remaining eggs were brought to the Kent Scientific museum last week by Kremer. All but one hatched. There were 19 young snakes, crawling around in the crate set aside for them. Although the young are spotted, Director Frank DeMund identified them as blue racers. They are now on display at the museum.

**YEAR'S BEST FISH STORY**

The year's best fish story, according to a recently published U. P. item, is that told by John Marple of Taft, Oregon, who claims to have had a 15-pound blueback salmon delivered to him in the air by an ordinary sea gull. According to Marple he was fishing in Siletta Bay when he noticed two gulls fighting over the big fish. The one that finally came out victorious, he declares, seized the prize and flew over his boat so low that he was able to reach up and take the fish away from the bird.

The fact that eight pounds is considered a maximum load for a full-grown American eagle makes this an even better story than it appears at first sight.

Mr. and Mrs. H. Guigelaar and J. Van Wyk of Prairie View, Kansas, are visiting friends in Holland for a few weeks.

### FOUND DEAD AT ROADSIDE

Harry D. Proctor was found dead by the roadside east of Pullman, Allegan county, Friday by Mr. and Mrs. Tom Litts. He evidently died of heart trouble. He lived north-east of town and leaves to mourn two nephews and one cousin. He was buried from the chapel on Monday afternoon in the Lee cemetery.

### Allegan County News

E. S. Wadsworth, 65, a well-known fruit grower and farmer, died last week, Thursday, at his farm home three miles southwest of Fennville. Surviving are the widow; two daughters, Miss Lucille Wadsworth, and Mrs. Ival Wade; two brothers, Charles of Fennville and Alton of Otsego; and two sisters, Mrs. Edith Betzer of Kenosha, Wisconsin, and Mrs. Inez A. Tucker of Fennville.

Supt. Arthur Dostie reported that roads in Allegan county are in excellent condition. The final dust layer for this fall has been placed on the state gravel roads by a force of employees under Supt. Dostie.

Walter Ridgley, Cheshire township farmer, was released from the Allegan county jail Friday. Ridgley completed a 16 months' imprisonment on a contempt of court charge, a circuit court jury finding that he knew the whereabouts of \$8,000 belonging to his sister-in-law, Rose Ridgley, and he refused to reveal the hiding place.

Supt. Arthur Dostie announces that his force of employees this week has placed the last dust layer on the state gravel roads in Allegan county for this fall. The roads, in the states, are in excellent condition.

The Gibson schoolhouse, located several miles southwest of Holland, was destroyed by fire Thursday while the caretaker was busy preparing the building for the fall opening. The library, furniture and fixtures were a total loss, damage being estimated at \$3,000, partly covered by insurance. The blaze was discovered by the caretaker who, having placed a boiler of water to heat on an oil stove and left the building temporarily, returned to find the place in flames and beyond control. Although the cause was not to be determined directly, it is believed that an explosion occurred.

Sons of Union Veterans will hold a state regional meeting in Allegan Saturday, Oct. 7, instead of Sept. 7, as previously announced. The state officers will fill the chairs and do the work. Two of the state officers are Perle L. Fouch and Charles Culver of Allegan.

F. Heinz of Heinz & Co. of Chicago (pickles) was the guest of H. A. Goodrich. (Fennville Herald 40 years ago.)

Seventy boys from the county spent the week at the W. K. Kellogg camp at Pine Lake, near Gan- gues. Between 700 and 800 boys and girls from Allegan, Barry and Eaton counties have enjoyed an outing and the camp this summer. Last week closed the camping period.

Fennville was well represented at A Century of Progress recently, among those attending being Mrs. Luella Hutchins and daughter, Mrs. Clois Duell, Mr. and Mrs. Earl Gretzinger, Mr. and Mrs. Jos. Skinner, Mr. and Mrs. Harold Watts, Mr. and Mrs. Ernest Shumaker, Mr. and Mrs. Will Fisher and family, and Mrs. C. C. Corkill.

William Newton, 38, a Martin township farmer, was arraigned before Justice Fidus E. Fish Thursday on a charge of possession of liquor and beer. He demanded examination. Bond of \$500 was given.

Among those from Ganges who have been at the Chicago fair recently are Mr. and Mrs. Roy Nye and Miss Doris Cronkrite, Mr. and Mrs. Glenn Stuller and family, Mrs. Merritt St. John, Mr. and Mrs. Mack Tourtelotte, sons Donald and Allen, and Mr. and Mrs. Thomas Gooding and family; Mr. and Mrs. Fred Thorsen and Frederick; Mr. and Mrs. Rasty Warner.

Mrs. Marsh of St. Louis, Mo., who has been at Douglas Hospital several weeks, hopes to be able to take the journey to her home the last of this week.

If any person has any old newspapers they would like to get rid of, the hospital at Douglas would be glad to have them.

John Nygren and daughters are spending a two weeks vacation at Rest-U-Well resort at Gibson.

The Gibson school opened Sept. 5. We are glad to state that Miss Irene Bauhahn of Holland is again the teacher.

Mr. and Mrs. Frank Branzberger and son, Edward, of Gibson, motored to Chicago to attend the wedding of their son, Frank, Jr.

Mr. and Mrs. Geo. Hemwall and Mr. and Mrs. Eric Hall and daughter, Phyllis, of Gibson, visited the Century of Progress exposition for a few days last week. Mrs. Josephine Hemwall and son, Harry, who have been visiting relatives here for some time, returned to Chicago with them.

An Allegan report in the Grand Rapids Press Saturday said that the sum of \$55,000 is to be spent on relocation and paving of one and a tenth miles on U.S.-31 in Ganges township, work to be started this week. The county park road has been surfaced with tarmac, and it is a big improvement, but the hundreds who visit the park every week, particularly on Sundays, wonder why it couldn't be extended to the park entrances, eliminating the narrow and dangerous sandy strip that causes so much annoyance to motorists.

A delicious luncheon was given by Mrs. John Frohm Tuesday afternoon in honor of the 71st birthday anniversary of Mrs. Frohm, Sr., of Gibson. About 15 ladies were present. The table was laid on the front porch and decorated with lovely flowers. Mrs.

las Nykamp of Zeeland; secretary, Frank Kooyers of Holland. The following officers were elected at the Jan. DeJongre reunion: President, F. DeJongre of Muskegon Heights; secretary, Mrs. Maggie Vankoeveering of Zeeland; treasurer, Edward Van-Eyck of Zeeland; historian, A. Van-Koeveering of Zeeland. With the opening of the local public schools Tuesday, a record enrollment was set. Principal T. A. Dewey already has 280 pupils enrolled in the high school, the largest in history. The freshman class will be the largest in history with 88 entered. The senior class has 50 members. The Zeeland council will have several problems to consider at its meeting this week. The one big problem is the building of a new city hall. As the present city hall has been sold to make room for the new federal building, a site must be found for the new building and finances must be raised to pay for its erection. The city fathers must consider to what extent the obtaining of federal aid money would help in welfare and construction work. If federal aid is not had additional tax revenue must be obtained. Mrs. Dena Komeyn of Hollywood, California, who has been visiting relatives and friends in Zeeland and Holland for some time, returned to her home last Monday. Many from Zeeland took in the Hamilton or Jamestown Labor Day celebration, our city having no program on that day. Labor Day was as quiet as a Sunday, but for the main drag—U.S.-21.

Mr. and Mrs. B. A. Mulder and daughter, Miss Lucile, were the guests of Mrs. Jessie Galentine of Rockford, Mich., over the week-end.

Rev. Albert Oltmans, veteran foreign missionary, plans to sail from San Francisco, Sept. 11 for Japan to resume his work as secretary for Japan of the American mission to lepers. Dr. Oltmans several months ago came here on special furlough to bring his daughter, Evelyn, to this country for treatment. She has shown some improvement. He has been connected with missionary and educational work in Japan 47 years.

The first meeting of the Property Owners' league to open the fall and winter season was held Tuesday evening in the city hall, Sears R. McLean, president of the organization, calling the meeting. Rev. H. D. Ter Keurst, pastor of Trinity Reformed Church and chairman of the speakers' committee in the NRA educational campaign, gave the address at this session.

Between 300 and 400 men will be employed by the Lake Shore Sugar Company when it begins operations in about a month, John D. Kelly, field manager, reported. Production of the plant will continue for 75 to 100 days, it is estimated, during which time the employment will be increased, and nearly 50 men will be on the year-round maintenance crew.

You need enemies. Friends furnish the praise to ruin you and enemies furnish the criticism to save you.

Life memberships in the women's board of domestic missions in the Reformed Church in America have been awarded to Miss Ida Tanis of Muskegon and Mrs. John Wearanga of Grand Rapids. The donors are: Mrs. Gertrude Tanis of Muskegon and the Women's Missionary society of Garfield Park Reformed Church of Grand Rapids, respectively.

Ottawa county crop club boys placed high enough in the state judging contest to win a trip to Lansing some time after Oct. 15. Those who finished highest in Ottawa county were Merton Henry, Marne; Allen Hambleton, Coopersville; and Elwood McMillan, Alendale.

Beginning Sept. 1, Coopersville business men have adopted new hours for opening and closing. They will open at 7 in the morning and close at 5 in the afternoon, except Saturdays, when they will stay open until 10 in the evening. They will close Thursday afternoons and will not open Wednesday evenings as they have been doing. This is in accordance with the new NRA schedule.

John Jackson, the oldest resident of Polkton township, celebrated his 90th birthday anniversary Thursday quietly at his home. Mr. Jackson is totally blind, but keeps an optimistic outlook on life. He is one of the few Civil war veterans. He came to Polkton township with his parents in 1846.

Two cottages and their contents, belonging to George Johnson, Max Metzler and Edward Kinkema, on Pettawatomie bayou, near Grand Haven, were burned to the ground tonight. A gasoline lamp exploded. The loss is estimated at about \$3,500. The Grand Haven fire department responded and confined the fire to the two frame buildings.

Ben Hesselink of Holland was arraigned before Justice F. J. Van Dyk on a charge of larceny. He pleaded guilty and was assessed fine and costs of \$20.55 or 20 days in jail. He did not pay.

But why reduce the dollar 50 per cent for the sake of debtors when you could reduce the debts 50 per cent without ruining everybody else.

Mrs. Charles Kirchen of Holland was hostess at dinner last evening in her cottage to Mr. and Mrs. C. L. Lockwood, Mr. and Mrs. Chester Idema, Mr. and Mrs. Walter Idema, Mr. and Mrs. Tom Thoit, Mr. and Mrs. Hollis S. Baker, Mr. and Mrs. Irving Bissell, Mr. and Mrs. George Warty, and Mr. and Mrs. Edward Heath. Mrs. Stuart E. Knappen is arriving from Grand Rapids to be the guest for a few days of Mrs. Walter Idema, who will entertain for her with a morning bridge, followed by luncheon. Mrs. Edward Idema and Mrs. C. L. Lockwood will be the other guests. — G. R. Herald.

The following Holland men are giving five-minute talks this week at the Holland theatres on the NRA campaign: Fred Beeuwkes, Dr. A. Leenhouts, W. R. Pemberton, Vernon TenCate, C. H. Landwehr, Wm. G. Mr. and Mrs. Hale Bartlett and daughters, Katherine and Louise, formerly of Allegan but now residents of Holland; Misses Gertrude and Margaret Slaghuys of Holland, and Mrs. Bartlett's sister, Miss Hattie Cook of Hibbing, Minn., who has been spending a part of the summer in Holland with her sisters and mother, Mrs. Fannie Cook, were in Allegan Sunday, coming particularly to listen to Rev. George Barnes who delivered a sermon in the Presbyterian church. In their earlier years, when residents of Allegan, the Cook and Barnes families were neighbors, the children classmates and companions, and all attended the local Presbyterian church of which Rev. Barnes' father was then pastor.—Allegan Gazette.

The Saugatuck woman's club will hold a post-season card party at the big pavilion this Friday afternoon, to help current expense fund. The club has 150 members. Labor day brought the season's largest crowd to Saugatuck, and Saturday night registered the largest number of patrons at the big pavilion.

Miss Dorothy Hussard of Kendallville, Indiana, was injured in an accident Tuesday morning on West Seventeenth street near Van Raaie avenue. She was taken to Holland hospital where the cuts about her head and face were treated.

The Hussard car, driven by Miss Margaret Wright, also of Kendallville, struck the parked car belonging to Martin Dyke, of 64 East Twenty-second street. Mr. Dyke and Lester Venhuizen were both sitting in the car at the time. Mr. Dyke suffered from severe shock and was slightly injured but Venhuizen escaped without injuries.

ZEELAND

The stork has recently had a busy time in this community, making a trip to average at least once a day. Among those on whom he fortunately called were the following: Mr. and Mrs. George Tickle, E. Central Ave., a daughter, Greta Lea; Mr. and Mrs. Harold Kragt, at New Groningen, a son, Kenneth Dale; Mr. and Mrs. Russel Smither, West McKinley St., a daughter; Mr. and Mrs. H. Miss Ruth Irene Volkens and Harvey L. Duiven, both of Grand Rapids, were united in marriage at 8 o'clock Saturday evening by Rev. F. J. Van Dyk at the parsonage of the Central Park Reformed church. The couple was attended by Miss Muriel Hoedeman of Grand Rapids and James Hoeksema of Holland. A group of friends witnessed the ceremony. Following the ceremony the group enjoyed a reception at Warm Friend Tavern.

Miss Lillian Hawthorn, daughter of Mr. and Mrs. John Hawthorn of Central Park, and Jacob Beverwyk, son of Mr. and Mrs. Albert Beverwyk, were united in marriage Monday afternoon at the home of the bride's parents, Rev. F. J. Van Dyk, pastor of Central Park Reformed church, performed the ceremony at 4 o'clock in the presence of the immediate relatives. The wedding march was played by Miss Hilda Beverwyk, sister of the bridegroom. Following the ceremony a wedding lunch was served. The newlyweds will make their home in Zeeland.

ZUTPHEN

On Thursday evening Miss Rena Pater was most pleasantly surprised when a group of her friends took possession of her home in the form of a farewell party. Miss Pater is leaving Wednesday for Chicago to take up a course at the Moody Bible Institute. Mr. and Mrs. John Diepenhorst visited with Mr. and Mrs. Gerrit Van Der Veer Sunday evening.

Miss Janet Van Dyk visited with Miss Mildred Kuylers last Tuesday.

HAMILTON

The Labor Day celebration held here Monday drew a larger crowd than ever before. In the morning two ball games were played. The local Merchants in a well-played and interesting game, defeated the Phillips 66 of Holland by a 5-to-4 score. Bob Freeman and John Haakma formed the battery for the locals, while Kruihof, De Neff and L. Wentzel were the leaders of the Hollanders. Hamilton obtained its scores in the first two frames. S. Kempker and Grass singled to start the game and Kronmeyer hit a home run after Nyhof had gone out on a grounder to short. In the second inning Freeman drew a pass, Roggen was called out on strikes, S. Kempker grounded out, Grass got a walk, Freeman going to second. There was a double steal and both men came home on an error. The Hollanders obtained one run in the third and fourth and two in the seventh. Bob Freeman held the visitors to 3 hits, struck out 10 men and gave 2 passes. De Neff of Holland pitched a splendid game as a relief for Kruihof. Kronmeyer and Grass led the local offense, the first securing a home run, while the latter had a single and double to his credit. In the second game the Independents were given a trouncing by the Allegan Base Line team, 12 to 8. Lugten, who was the opening pitcher for the locals, lost his control in the third inning after he held the visitors scoreless in the first two frames. He passed two men and then was hammered for three hits and 4 runs. He was replaced by Callahan who had the same trouble, giving three passes and before three men were retired the score stood 11 to 0. However, Wentzel on the mound the locals picked up new life. In the fifth 4 runs counted. In the seventh 2 more and 2 scores were obtained in the ninth. Roy Ashley and Duff Dangremont led at bat

for the locals with three single each. Kronmeyer singled and tripled. Fosdick allowed 12 hits but good defense playing kept the score down. Allegan obtained 11 hits, but 9 of these were bunched in the second and third innings. Wentzel held the opponents to 2 hits during the six innings, while his teammates hammered Fosdick for 10 hits and 8 runs. A large crowd witnessed these games and also enjoyed the music by "Heinrich's" band of Holland. The afternoon program at the grove was presented before one of the largest afternoon audiences at these celebrations. A band concert by the Tulip City band of Holland was the opening number. This was followed by selections by the Jackson prison male quartet. Dr. Paul Voelker, state superintendent of public instruction, then gave a stirring address in which he stressed as among the forces for recovery of community and national welfare, the home, school and church. This address was followed by instrumental selections by Mr. and Mrs. Torrey of Allegan. Music by the band closed the afternoon program. The crowd then was entertained with numerous contests and races.

In the evening the large grove was packed with thousands of visitors. A band concert began at 7 o'clock. The prison quartet then entertained with several selections. The speaker of the evening, William M. Connelly, managing director of the Holland Chamber of Commerce of Holland, was heard by the largest crowd that ever gathered at the grove. In an interesting and forceful way he boosted the NRA and the paving of M-40 from Allegan to Holland. A great many prizes were given to the people with lucky numbers. A new feature of the evening program was the queen contest, an elimination contest to choose Miss Hamilton and three escorts for the Allegan county fair queen contest. Seventeen entrants vied for the honors. The victors were Helen Kasten, Lillian Brank, Aileen Dangremont and Edna Dangremont.

The day was ideal. The various stands were kept busy through the day and although it is not definitely known what the proceeds amounted to, there is no doubt that a good balance will be on hand after all bills have been paid.

It is expected that a meeting will be held next week when the reports of the various committees will be heard and the treasurer will present a complete statement. The proceeds as usual will go for community welfare. The celebration also was a big success in revealing a splendid spirit of co-operation within the community which, if anything in the whole celebration, was "better than ever."

Mr. and Mrs. Charles Ash and family, and Mr. and Mrs. Mason attended the Swan family reunion at Coldwater last week.

The Ted Kuick family of Grand Rapids were guests of Henry Schutmaat Labor Day.

The Hamilton milkman, Ben Kooiker, informed his customers Monday that the price of milk was raised to 8 cents per quart. Ben did not give any reasons, but we suppose that he is feeling the effect of the rise in price of everything which he is compelled to use in his business.

Genevieve Kooiker is among the local young folks to start the work as schoolmaam this week, beginning her fourth year as teacher at the Laketown school near Holland.

Mr. and Mrs. Oscar Dykstra and family of East Detroit visited at the home of John Brink, Sr., Sunday.

Martin Timmerman of Grand Haven and Josephine Timmerman of Grand Rapids spent the week-end and Labor Day with their parents, Mr. and Mrs. George Timmerman.

Mr. and Mrs. Peter Blyasma of Grand Rapids were with their mother, Mrs. Van den Berge, Monday.

John Haakma, Morris Nienhuis, Genevieve Kooiker and Josephine Kaper were present at a beach party at Eureka park last week, Friday evening.

Schools in Hamilton will open next Monday. Two new members will be on the faculty, T. T. Gorder as principal will be succeeded by Mr. Mosier of Ganges; Miss Anne Koeman of Grand Rapids will take the place of Mrs. H. Teusink, formerly Grace Brink. The school board has also two new members, Ray Maatman and Henry Nyhuis replacing George Schutmaat and Henry D. Strabbing.

Walter Roblyer of Ganges was at the home of his grandfather, Walter B. Monroe, during the past week-end.
